(1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted

under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;

if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and

(ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8) A rural hospital determined to no longer meet critical access hospital status for state law purposes as a result of participation in the Washington rural health access preservation pilot identified by the state office of rural health and formerly licensed as a hospital under chapter 70.41 RCW may apply to the department to renew its hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW. If all or part of a formerly licensed rural hospital is sold, purchased, or leased during the period the rural hospital does not meet critical access hospital status as a result of participation in the Washington rural health access preservation pilot and the new owner or lessor applies to renew the rural hospital's license, then the sale, purchase, or lease of part or all of the rural hospital is subject to the provisions of this chapter.

(9)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in

continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(10)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(iii) The hospice agency commits to coordinating with existing hospice programs in its community when appropriate;

(iv) The hospice agency has a census of no more than forty patients;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (10) in its calculations for future certificate of need applications.

(11) To alleviate the need to board psychiatric patients in emergency departments and increase capacity of hospitals to serve individuals on ninety-day or one hundred eighty-day commitment orders, for the period of time from May 5, 2017, through June 30, 2021:

(a) The department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this subsection (11)(a) shall be valid for two years.

(b) The department may not require a certificate of need for:

(i) The addition of beds as described in RCW 70.38.260 (2) and (3); or

(ii) The construction, development, or establishment of a psychiatric hospital licensed as an establishment under chapter 71.12 RCW that will have no more than sixteen beds and provide treatment to adults on ninety or one hundred eighty-day involuntary commitment orders, as described in RCW 70.38.260(4).

(12)(a) An ambulatory surgical facility is exempt from all certificate of need requirements if the facility:

(i) Is an individual or group practice and, if the facility is a group practice, the privilege of using the facility is not extended to physicians outside the group practice;

(ii) Operated or received approval to operate, prior to January 19, 2018; and

(iii) Was exempt from certificate of need requirements prior to January 19, 2018, because the facility either:

(A) Was determined to be exempt from certificate of need requirements pursuant to a determination of reviewability issued by the department; or

(B) Was a single-specialty endoscopy center in existence prior to January 14, 2003, when the department determined that endoscopy procedures were surgeries for purposes of certificate of need.

(b) The exemption under this subsection:

(i) Applies regardless of future changes of ownership, corporate structure, or affiliations of the individual or group practice as long as the use of the facility remains limited to physicians in the group practice; and

(ii) Does not apply to changes in services, specialties, or number of operating rooms.

(13) A rural health clinic providing health services in a home health shortage area as declared by the department pursuant to 42 C.F.R. Sec. 405.2416 is not subject to certificate of need review under this chapter.

**Sec. 2.** RCW 70.127.040 and 2012 c 10 s 54 are each amended to read as follows:

**SSB 6408** Prime Sponsor, Committee on Financial Institutions, Economic Development & Trade: Concerning agency responsibilities to regulated businesses and professions. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

3.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 4.** The legislature reaffirms its findings that the licensing and regulation of businesses and professions requires periodic inspections, audits, interviews, site visits, or other oversight measures to verify that licensing, permit, and other regulatory requirements are met, and that unnecessary costs and delays may occur when business owners, particularly small business owners, must seek outside counsel or other professional assistance to prepare for and participate in review and enforcement actions such as audits, inspections, or examinations of their records, facilities, or job sites.

The legislature finds that agencies have a responsibility to provide a clear description of their audit, inspection, or examination processes to businesses and professions they regulate. This information must be clear, concise, and sufficient to provide regulated businesses and professions with an understanding of what they may expect before, during, and after an audit, inspection, or examination.

The legislature intends to improve and enhance communications between agencies and regulated businesses during audits, inspections, and examinations, but it does not intend to alter or limit existing regulatory requirements, obligations, or responsibilities of businesses.

**NEW SECTION. Sec. 5.** (1) By December 31, 2020, each state regulatory agency that conducts audits, inspections, or examinations within its regulatory authority over businesses and professions must provide, or provide references to, the following information at each audit, inspection, or examination:

(a) The purpose and legal authority for conducting the audit, inspection, or examination;

(b) If advance notice for an audit, inspection, or examination will not be provided, the basis for not providing advance notice;

(c) The auditor, inspector, or examiner must present identification at the start of an audit, inspection, or examination;

(d) The auditor, inspector, or examiner must provide contact information for a staff person who is available to answer questions regarding the audit, inspection, or examination;

(e) If existing procedures provide for a cure or correction, how the business may cure or correct a potential or actual violation during or after an audit, inspection, or

examination to avoid or mitigate an administrative sanction, if any;

(f) How the business may provide past written agency advice or interpretations it relied upon for consideration in agency decisions;

(g) Whether the business may designate one or more individuals as official company representatives and have legal, accounting, safety, or other technical professionals participate in any audit, inspection, or examination; and

(h) What the next steps are in the process and a good faith estimate for future communication. Outcomes could include agency reports, findings, orders, or other documentation about the audit, inspection, or examination.

(2) The requirements specified in subsection (1) of this section do not apply:

(a) In emergency situations where environmental quality or worker or public safety, health, or welfare are in imminent danger;

(b) In emergency situations where there is imminent financial harm to a consumer or the public;

(c) In any criminal investigations or proceedings, including when a criminal justice agency as defined in RCW 10.97.030 exercises its law enforcement authority, or to an agency's undercover, surveillance, or seizure activities;

(d) To site visits conducted by employees, vendors, or contractors of a state regulatory agency if the purpose of the site visit is not related to verifying compliance with licensing or other regulatory requirements; or

(e) If they would create a conflict with federal or state law or unreasonably limit, delay, or prevent an agency from performing its statutorily authorized duties.

**NEW SECTION. Sec. 6.** For the purposes of this chapter, "regulatory agency" means one of the agencies listed in RCW 19.02.050 (1) through (24).

**NEW SECTION. Sec. 7.** Nothing contained in this chapter shall be construed to affect the validity of any report, finding, order, or any other lawful agency action taken in connection with an audit, inspection, or examination. Nothing contained in this chapter shall constitute a defense to a prosecution of, or preclude an agency enforcement action against, a business for a violation of law or rule related to an audit, inspection, or examination.

**NEW SECTION. Sec. 8.** State regulatory agencies must post a general description about the responsibilities specified in section 2 of this act on their web site. The posting does not have to include specifics for each audit, inspection, or examination program, but must indicate that the information will be provided at an audit, inspection, or examination.

**NEW SECTION. Sec. 9.** (1) The joint legislative audit and review committee shall review agencies' performance and compliance with this act by December 31, 2023. The review must include surveying regulated businesses to obtain their views on agency implementation

and identifying how views compare for small and large businesses.

(2) This section expires July 1, 2024.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 11. LEGISLATIVE FINDINGS. (1) The legislature finds that all people confined in prisons in Washington deserve basic health care, nutrition, and safety. As held in *United States v. California*, 921 F.3d 865, 886 (9th Cir. 2019), states possess "the general authority to ensure the health and welfare of inmates and detainees in facilities within its borders."

(2) The legislature finds that profit motives lead private prisons to cut operational costs, including the provision of food, health care, and rehabilitative services, because their primary fiduciary duty is to maximize shareholder profits. The legislature finds that this is in stark contrast to the interests of the state to ensure the health, safety, and welfare of Washingtonians.

(3) The legislature finds that people confined in for-profit prisons have experienced abuses and have been confined in dangerous and unsanitary conditions. Safety risks and abuses in private prisons at the local, state, and federal level have been consistently and repeatedly documented. The United States department of justice office of the inspector general found in 2016 that privately operated prisons "incurred more safety and security incidents per capita than comparable BOP (federal bureau of prisons) institutions." The office of inspector general additionally found that privately operated prisons had "higher rates of inmate-on-inmate and inmate-on-staff assaults, as well as higher rates of staff uses of force."

(4) The legislature finds that private prison operators have cut costs by reducing essential security and health care staffing. The sentencing project, a national research and advocacy organization, found in 2012 that private prison staff earn an average of five thousand dollars less than staff at publicly run facilities and receive almost sixty hours less training. The office of inspector general also found that people confined in private facilities often failed to receive necessary medical care and that one private prison went without a full-time physician for eight months.

(5) The legislature finds that private prisons are less accountable for what happens inside those facilities than state-run facilities, as they are not subject to the freedom of information act under 5 U.S.C. Sec. 552 or the Washington public records act under chapter 42.56 RCW.

(6) The legislature finds that at least twenty-two other states have stopped confining people in private for-profit facilities.

(7) Therefore, it is the intent of the legislature to prohibit the use of private prisons in Washington state.

NEW SECTION. Sec. 12. A new section is added to chapter 72.68 RCW to read as follows:

#### PROHIBITION ON PRIVATE INCARCERATION.

(1) Except as provided in subsection (2) of this section and RCW 72.68.010(2), the secretary is prohibited from utilizing a contract with a private correctional entity for the transfer or placement of offenders.

(2) This section does not apply to:

(a) State work release centers, juvenile residential facilities, nonprofit community-based alternative juvenile detention facilities, or nonprofit community-based alternative adult detention facilities that provide separate care or special treatment, operated in whole or in part by for-profit contractors;

(b) Contracts for ancillary services including, but not limited to, medical services, educational services, repair and maintenance contracts, behavioral health services, or other services not directly related to the ownership, management, or operation of security services in a correctional facility; or

(c) Tribal entities.

**Sec. 13.** RCW 72.68.040 and 2012 c 117 s 500 are each amended to read as follows:

(1) The secretary may contract with the authorities of the federal government, or the authorities of any state of the United States, ~~((private companies in other states,))~~ or any county or city in this state providing for the detention in an institution or jail operated by such entity, for prisoners convicted of a felony in the courts of this state and sentenced to a term of imprisonment therefor in a state correctional institution for convicted felons under the jurisdiction of the department. ~~((After))~~ Except as provided in subsection (2) of this section, after the making of a contract under this section, prisoners sentenced to a term of imprisonment in a state correctional institution for convicted felons may be conveyed by the superintendent or his or her assistants to the institution or jail named in the contract. The prisoners shall be delivered to the authorities of the institution or jail, there to be confined until their sentences have expired or they are otherwise discharged by law, paroled, or until they are returned to a state correctional institution for convicted felons for further confinement.

(2) A prisoner may not be conveyed to a private correctional entity except under the circumstances identified in RCW 72.68.010(2) or section 2(2) of this act.

**Sec. 14.** RCW 72.68.010 and 2000 c 62 s 2 are each amended to read as follows:

(1) Whenever in its judgment the best interests of the state or the welfare of any prisoner confined in any penal institution will be better served by his or her transfer to another institution or to a foreign country of which the prisoner is a citizen or national, the secretary may effect such transfer consistent with applicable federal laws and treaties. The secretary has the authority to transfer offenders between in-state correctional facilities or to out-of-state ~~((to private or))~~ governmental institutions if the secretary determines that transfer is in the best interest of the state or the offender. The determination of what is in the best interest of the state or offender may include but is not limited to considerations of overcrowding, emergency conditions, or hardship to the offender. In determining whether the transfer will impose a hardship on the offender, the secretary shall consider: (a) The location of the offender's family and whether the offender has maintained contact with members of his or her family; (b) whether, if the offender has maintained contact, the contact will be significantly disrupted by the transfer due to the family's inability to maintain the contact as a result of

the transfer; and (c) whether the offender is enrolled in a vocational or educational program that cannot reasonably be resumed if the offender is returned to the state.

(2)(a) The secretary has the authority to transfer offenders to an out-of-state private correctional entity only if:

(i) The governor finds that an emergency exists such that the population of a state correctional facility exceeds its reasonable, maximum capacity, resulting in safety and security concerns;

(ii) The governor has considered all other legal options to address capacity, including those pursuant to RCW 9.94A.870;

(iii) The secretary determines that transfer is in the best interest of the state or the offender; and

(iv) The contract with the out-of-state private correctional entity includes requirements for access to public records to the same extent as if the facility were operated by the department, inmate access to the office of the corrections ombuds, and inspections and visits without notice.

(b) Should any of these requirements in this subsection not be met, the contract with the private correctional entity shall be terminated.

(3) If directed by the governor, the secretary shall, in carrying out this section and RCW 43.06.350, adopt rules under chapter 34.05 RCW to effect the transfer of prisoners requesting transfer to foreign countries.

**Sec. 15.** RCW 72.09.050 and 1999 c 309 s 1902 and 1999 c 309 s 924 are each reenacted and amended to read as follows:

The secretary shall manage the department of corrections and shall be responsible for the administration of adult correctional programs, including but not limited to the operation of all state correctional institutions or facilities used for the confinement of convicted felons. In addition, the secretary shall have broad powers to enter into agreements with any federal agency, or any other state, or any Washington state agency or local government providing for the operation of any correctional facility or program for persons convicted of felonies or misdemeanors or for juvenile offenders. Such agreements for counties with local law and justice councils shall be required in the local law and justice plan pursuant to RCW 72.09.300. The agreements may provide for joint operation or operation by the department of corrections, alone, for by any of the other governmental entities, alone. ~~((Beginning February 1, 1999, the secretary may expend funds appropriated for the 1997-1999 biennium to enter into agreements with any local government or private organization in any other state, providing for the operation of any correctional facility or program for persons convicted of felonies. Between July 1, 1999, and June 30, 2001, the secretary may expend funds appropriated for the 1999-01 biennium to enter into agreements with any local government or private organization in any other state, providing for the operation of any correctional facility or program for persons convicted of felonies.))~~ The secretary may employ persons to aid in

performing the functions and duties of the department. The secretary may delegate any of his or her functions or duties to department employees, including the authority to certify and maintain custody of records and documents on file with the department. The secretary is authorized to promulgate standards for the department of corrections within appropriation levels authorized by the legislature.

Pursuant to the authority granted in chapter 34.05 RCW, the secretary shall adopt rules providing for inmate restitution when restitution is determined appropriate as a result of a disciplinary action.

**Sec. 16.** RCW 72.68.001 and 1981 c 136 s 114 are each amended to read as follows:

#### DEFINITIONS.

~~((As used in this chapter:))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of corrections~~(; and)~~.

(2) "Private correctional entity" means a for-profit contractor or for-profit vendor who provides services relating to the ownership, management, or administration of security services of a correctional facility for the incarceration of persons.

(3) "Secretary" means the secretary of corrections.

NEW SECTION. **Sec. 17.** REPEALER. RCW 72.68.012 (Transfer to private institutions—Intent—Authority) and 2000 c 62 s 1 are each repealed.

NEW SECTION. **Sec. 18.** LIBERAL CONSTRUCTION. This act shall be construed liberally for the accomplishment of the purposes thereof.

NEW SECTION. **Sec. 19.** EMERGENCY CLAUSE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

**SSB 6488** Prime Sponsor, Committee on Agriculture, Water, Natural Resources & Parks: Concerning aerial herbicides in forestlands. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Rural Development, Agriculture, & Natural Resources.  
20.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 21.** The legislature, through the enactment of Substitute Senate Bill No. 5597 (chapter 355, Laws of 2019), created the work group on aerial application of herbicides on state and private forestlands and directed a report back to the legislature with recommendations for any improvements to best management practices in herbicide application and nonchemical alternatives in vegetation management. The legislature intends by this act to adopt several of those recommendations.

**NEW SECTION. Sec. 22.** A new section is added to chapter 43.30 RCW under the subchapter heading "part 5 powers and duties - general" to read as follows:

(1) The department, subject to the availability of amounts appropriated for this specific purpose, must evaluate and conduct research trials of chemical and nonchemical forest vegetation management strategies, in a manner that does not disadvantage the trust beneficiaries, and collaborate with other forestland owners through coordination with leading forestry research cooperatives and universities in the Pacific Northwest.

(2) This section expires June 30, 2030.

**NEW SECTION. Sec. 23.** A new section is added to chapter 76.09 RCW to read as follows:

(1) The board shall develop interpretive guidance in the forest practices board manual to clarify the adjacent property buffer requirements in the forest practices rules, including provisions for the board manual that explain the buffer rules for the protection of private property, including adjacent residential and agricultural properties. The board must also use a stakeholder process to update the forest practices board manual, as provided in WAC 222-12-090 as it existed on January 1, 2020, to include best management practices and technical guidance related to the aerial application of herbicides consistent with forest practices rules including, but not limited to, equipment, weather conditions, communicating best management practices to neighbors, signage, and as appropriate, information about alternatives to herbicides. The forest practices board manual updates must be completed by November 1, 2021.

(2) The board must improve the aerial herbicide application signage information included in the forest practices board manual and provide a sign template that satisfies the legal posting requirements. The board must also

update the board manual to reflect that emergency contact information may be included on the signage. The department must add these elements to the forest practices illustrated guidance document.

(3) The board must integrate evaluation of forest practices aerial applications of herbicide into the 2021-2023 biennial forest practices compliance monitoring sampling conducted pursuant to WAC 222-08-160, as it existed on the effective date of this section.

(4) This section expires December 31, 2021.

**Sec. 24.** RCW 76.09.060 and 2012 1st sp.s. c 1 s 206 are each amended to read as follows:

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. Activities conducted by the department or a contractor under the direction of the department under the provisions of RCW 76.04.660, shall be exempt from the landowner signature requirement on any forest practices application required to be filed. The application or notification shall be delivered in person to the department, sent by first-class mail to the department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.56 RCW, including through electronic access in the form of a readily available link on the department's web site. The information required may include, but is not limited to:

(a) Name and address of the forestland owner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description and tax parcel identification numbers of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) For an application or notification submitted on or after July 10, 2012, that includes a forest practices hydraulic project, plans and specifications for the forest practices hydraulic project to ensure the proper protection of fish life;

(g) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;

(h) Soil, geological, and hydrological data with respect to forest practices;

(i) The expected dates of commencement and completion of all forest practices specified in the application;

(j) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources;

(k) An affirmation that the statements contained in the notification or application are true; and

(l) All necessary application or notification fees.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a forest practice is subject to the reforestation requirement of RCW 76.09.070.

(a) If the application states that any land will be or is intended to be converted:

(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.33 and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as well as the forest practices rules.

(b) Except as provided elsewhere in this section, if the landowner harvests without an approved application or notification or the landowner does not state that any land covered by the application or notification will be or is intended to be converted, and the department or the county, city, town, or regional governmental entity becomes aware of conversion activities to a use other than commercial timber operations, as that term is defined in RCW 76.09.020, then the department shall send to the department of ecology and the appropriate county, city, town, and regional governmental entities the following documents:

(i) A notice of a conversion to nonforestry use;

(ii) A copy of the applicable forest practices application or notification, if any; and

(iii) Copies of any applicable outstanding final orders or decisions issued by the department related to the forest practices application or notification.

(c) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes.

(d) Conversion to a use other than commercial forest product operations within six years after approval of the forest practices application or notification without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had stated an intent to convert.

(e) Land that is the subject of a notice of conversion to a nonforestry use produced by the department and sent to the department of ecology and a local government under this subsection is subject to the development prohibition and conditions provided in RCW 76.09.460.

(f) Landowners who have not stated an intent to convert the land covered by an application or notification and who decide to convert the land to a nonforestry use within six years of receiving an approved application or notification must do so in a manner consistent with RCW 76.09.470.

(g) The application or notification must include a statement requiring an acknowledgment by the forestland owner of his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6)(a) Except as provided in RCW 76.09.350(4), the notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of three years from the date of approval or notification.

(b) A notification or application may be renewed for an additional three-year term by the filing and approval of a notification or application, as applicable, prior to the expiration of the original application or notification. A renewal application or notification is subject to the forest practices rules in effect at the time the renewal application or notification is filed. Nothing in this section precludes the applicant from applying for a new application or notification after the renewal period has lapsed.

(c) At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more

than one forest practice may have an effective term of more than three years.

(d) The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than three years. Such rules shall include extended time periods for application or notification approval or disapproval. The department may require the applicant to provide advance notice before commencing operations on an approved application or notification.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice or as required by local regulations.

(8) Forest practices applications or notifications are not required for forest practices conducted to control exotic forest insect or disease outbreaks, when conducted by or under the direction of the department of agriculture in carrying out an order of the governor or director of the department of agriculture to implement pest control measures as authorized under chapter 17.24 RCW, and are not required when conducted by or under the direction of the department in carrying out emergency measures under a forest health emergency declaration by the commissioner of public lands as provided in RCW 76.06.130.

(a) For the purposes of this subsection, exotic forest insect or disease has the same meaning as defined in RCW 76.06.020.

(b) In order to minimize adverse impacts to public resources, control measures must be based on integrated pest management, as defined in RCW 17.15.010, and must follow forest practices rules relating to road construction and maintenance, timber harvest, and forest chemicals, to the extent possible without compromising control objectives.

(c) Agencies conducting or directing control efforts must provide advance notice to the appropriate regulatory staff of the department of the operations that would be subject to exemption from forest practices application or notification requirements.

(d) When the appropriate regulatory staff of the department are notified under (c) of this subsection, they must consult with the landowner, interested agencies, and affected tribes, and assist the notifying agencies in the development of integrated pest management plans that comply with forest practices rules as required under (b) of this subsection.

(e) Nothing under this subsection relieves agencies conducting or directing control efforts from requirements of the federal clean water act as administered by the department of ecology under RCW 90.48.260.

(f) Forestlands where trees have been cut as part of an exotic forest insect or disease control effort under this

subsection are subject to reforestation requirements under RCW 76.09.070.

(g) The exemption from obtaining approved forest practices applications or notifications does not apply to forest practices conducted after the governor, the director of the department of agriculture, or the commissioner of public lands have declared that an emergency no longer exists because control objectives have been met, that there is no longer an imminent threat, or that there is no longer a good likelihood of control.

**NEW SECTION. Sec. 25.** (1) Within existing resources, the department of agriculture must work with the departments of natural resources, labor and industries, health, and ecology, and consult with external stakeholders, to evaluate pesticide investigation rules, processes, and first responder outreach. By December 31, 2021, the work group must report back to the legislature with any recommended changes, including how complaints should be reported and ensuring that complaints are properly referred.

(2) This section expires December 31, 2021.

**NEW SECTION. Sec. 26.** (1) The department of natural resources must develop a proposal to be submitted to the governor and the legislature for inclusion in the 2021-2022 omnibus operating appropriations act to replace or upgrade the existing forest practices application review system. The department of natural resources must develop a proposed upgrade or replacement with an external steering group composed of users of the existing system. One outcome of an upgraded or replaced system must be an improved user interface for review of forest practices applications with aerial herbicide application as a component.

(2) This section expires June 30, 2022."

"**NEW SECTION. Sec. 27.** The legislature finds that scientific research has played an important role in informing and advancing public policy in many areas, including health, education, early childhood development, and environmental and wildlife protection.

(1) The legislature also finds that organophosphate pesticides, such as chlorpyrifos, above certain levels may harm aquatic habitats and aquatic organisms, including salmon.

(2) In addition, the legislature finds that scientific research has identified early childhood as a critical period of intervention during which children develop the foundation for educational achievement. Young children are especially vulnerable to environmental contaminants and toxic stress.

(3) Chlorpyrifos and other organophosphate pesticides affect the nervous system through inhibition of cholinesterase, an enzyme required for proper nerve functioning.

(4) Children experience greater exposure to chlorpyrifos pesticides because, relative to adults, they eat, drink, and breathe more in proportion to their body weight. Because of this concern, the federal food quality protection act requires a tenfold margin of safety in the registration of pesticides to protect infants and children.

**NEW SECTION. Sec. 28.** A new section is added to chapter 17.21 RCW to read as follows:

The director must adopt emergency rules that take effect by January 1, 2022, that include specific control measures for chlorpyrifos that are designed to reduce emissions sufficiently so the public is not subject to levels of exposure that may cause or contribute to significant adverse health effects.

**NEW SECTION. Sec. 29.** (1) Subject to the availability of amounts appropriated for this specific purpose, Washington State University shall provide the Washington state commission on pesticide registration with funding to work with agricultural grower groups presently using chlorpyrifos to research alternative pest control strategies.

(2) Additional funding must be provided to the department of agriculture for training and enforcement of the Washington pesticide application act.

**NEW SECTION. Sec. 30.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2020, in the omnibus appropriations act, this act is null and void."

2SSB 6561 Prime Sponsor, Committee on Ways & Means: Creating the undocumented student support loan program. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on College & Workforce Development. 30.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 31.** (1) The legislature recognizes that students seeking to attend an institution of higher education or to receive training at a technical college have a variety of ways to fund their education. Students who meet Washington state residency requirements have access to state-funded financial aid programs such as the Washington college grant, college bound, and running start. While state residents have access to these state-sponsored financial aid options, not all state residents are eligible to receive federal financial aid such as the Pell grant or subsidized and unsubsidized student loans. Students who rely solely on state financial aid or scholarships might have difficulty in affording the remaining cost of attendance that student loans could fund.

(2) Therefore, the legislature intends to increase access to those students who are ineligible for federal financial aid by creating a state-funded and state-administered student loan program. The legislature intends for the undocumented student support loan program to provide students loans that are competitive with federal student loans and offer multiple options for repayment including adjusted monthly payments based on income.

**NEW SECTION. Sec. 32.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Eligible student" means a student who:

(a) Is a resident student as defined in RCW 28B.15.012;

(b) Demonstrates financial need as defined in RCW 28B.92.030;

(c) Has indicated they will attend an institution of higher education or is making satisfactory progress in a program, as defined in rule by the office, at an institution of higher education;

(d) Fills out the Washington application for state financial aid; and

(e) Does not qualify for federally funded student financial aid because of their citizenship status.

(2) "Institution of higher education" has the same meaning as in RCW 28B.92.030.

(3) "Office" means the office of student financial assistance created in RCW 28B.76.090.

(4) "Participant" means an eligible student who has received an undocumented student support loan.

**NEW SECTION. Sec. 33.** (1) The undocumented student support loan program is established.

(2) The program shall be designed by the office, in consultation with financial aid professionals at institutions of higher education, state and nonprofit programs that work with eligible students, and relevant student associations and stakeholders in the development of the program.

(3) The program shall be administered by the office. In administering the program, the office has the following powers and duties:

(a) Screen and select, in coordination with representatives of institutions of higher education, eligible students to receive an undocumented student support loan;

(b) Consider an eligible student's financial inability to meet the total cost of the participant's educational program in the selection process;

(c) Issue low-interest student loans that are competitive with federal student loan programs;

(d) Establish annual and lifetime loan limits equal to the cost of attendance minus any other financial aid received as provided in subsection (6) of this section;

(e) Define the terms of repayment, including applicable interest rates, fees, and deferments;

(f) Collect and manage repayments from students who do not meet their obligations under this chapter;

(g) Consider income-based repayment options;

(h) Solicit and accept grants and donations from public and private sources for the program; and

(i) Adopt rules necessary to implement the program.

(4) The undocumented student support loan does not accrue interest while a participant is enrolled in an institution of higher education.

(5) The office may impose a loan origination fee up to, but not to exceed, the current rate imposed by the federal government on subsidized student loans.

(6) The maximum annual loan amount granted per student for the undocumented student support loan program is:

(a)(i) The cost of tuition and required fees at the public institution of higher education the student is attending; or

(ii) If the student is attending a private institution of higher education, the tuition and required fees at an equivalent public institution; and

(b) Less the value of any state-funded grant, scholarship, or waiver assistance the student receives, plus five hundred dollars for books and materials.

(7) Data collected by the program is private and confidential and must only be used for statistical analysis, research, and evaluation purposes. Data sharing by the office may be extended to include the office of financial management and other state governmental entities with oversight responsibility for the program, as long as personally identifiable student information is removed.

(8) The office shall provide information to the appropriate fiscal and relevant policy committees of the legislature by December 1, 2023, and every two years thereafter that includes the following:

(a) Dollar amount and number of private donations received;

(b) Number of applications received;

(c) Number of student loans provided to eligible students per year;

(d) Average student loan amount provided per participant;

(e) Level of degree program participants are pursuing;

(f) Number of student loans in active repayment, deferment, and default status; and

(g) Any other information the office deems relevant.

**NEW SECTION. Sec. 34.** (1) The undocumented student support loan match account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the program created in section 3 of this act. The purpose of the account is to provide state matching funds for the undocumented student support loan program.

(2) Revenues to the account consist of appropriations by the legislature into the account.

(3) The legislature must appropriate a state match, up to a maximum of two million dollars per fiscal biennium, beginning January 1, 2022, and each January 1st following the end of the fiscal year based on donations and pledges received by the office for the program as of the date each official state caseload forecast is submitted by the caseload forecast council to the legislative fiscal committees, as provided under RCW 43.88C.020. Nothing in this subsection expands or modifies the responsibilities of the caseload forecast council.

(4) Expenditures, in the form of matching funds, from the account may be made only upon receipt of proof from the office of private contributions to the program. Expenditures, in the form of matching funds, may not exceed the total amount of private contributions.

(5) Only the executive director of the office or the executive director's designee may authorize expenditures from the account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (4) of this section.

SSB 6570 Prime Sponsor, Committee on Behavioral Health Subcommittee to Health & Long Term Care: Concerning law enforcement officer mental health and wellness. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Health Care & Wellness.  
36.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 37.** (1) The legislature finds that law enforcement officers respond to and witness some of the most tragic events that happen in our communities. On-the-job stress can have a significant impact on their physical and mental well-being and can accumulate over the course of a career.

(2) Research indicates that law enforcement officers experience key risk factors for suicides, including exposure to trauma, alcohol use, availability of firearms, and the strains of shift work. Compared to the general population, law enforcement officers report much higher rates of depression, posttraumatic stress disorder, and other anxiety-related mental health conditions. These health conditions have a significant impact on the officers and their families.

(3) A 2019 report from the United States department of justice found that, nationally, law enforcement suicides are 28.2 per one hundred thousand for men and 12.2 per one hundred thousand for women. A 2018 report by the Ruderman family foundation found that law enforcement officers are one and one-half times more likely to die by suicide than the general population.

(4) Despite these significant risk factors, there is no central repository of comprehensive data regarding law enforcement officer suicides. As a result, there are no comprehensive tools available to law enforcement agencies to develop effective suicide prevention strategies, or to know whether those strategies are making a difference.

(5) Although Washington state has conducted significant work towards suicide prevention more broadly, there is not a current statewide program that provides comprehensive, evidence-based mental health and suicide prevention resources for law enforcement and their families.

(6) The legislature finds that there is an urgent need to develop resources and interventions specifically targeted at helping law enforcement and their family members manage their behavioral health needs.

**NEW SECTION. Sec. 38.** (1)(a) The department of health shall convene a task force on law enforcement officer mental health and wellness in Washington state with members as provided in this subsection:

(i) The secretary of health, or the secretary's designee;

(ii) The chief of the Washington state patrol, or the chief's designee;

(iii) The director of the health care authority, or the director's designee;

(iv) The secretary of the department of corrections, or the secretary's designee;

(v) A representative from the University of Washington's forefront suicide prevention program;

(vi) The executive director of the criminal justice training commission, or the director's designee;

(vii) A psychiatrist;

(viii) A representative of local public health;

(ix) One representative each from:

(A) The Washington council of police and sheriffs;

(B) The Washington state fraternal order of police;

(C) The council of metropolitan police and sheriffs;

(D) The Washington state patrol troopers association;

(E) The Washington state patrol lieutenants and captains association;

(F) Tribal law enforcement;

(G) The Washington association of sheriffs and police chiefs;

(H) An association representing community behavioral health agencies;

(I) An association representing mental health providers; and

(J) An association representing substance use disorder treatment providers.

(b) The representative from the department of health shall serve as the chair of the task force.

(c) At a minimum, the task force shall meet quarterly.

(2) The task force shall review the following issues and information:

(a) Data related to the behavioral health status of law enforcement officers, including suicide rates, substance abuse rates, posttraumatic stress disorder, depression, availability of behavioral health services, and utilization of behavioral health services;

(b) Factors unique to the law enforcement community that affect the behavioral health of persons working in law enforcement, including factors affecting suicide rates;

(c) Components that should be addressed in the behavioral health and suicide prevention pilot program established in section 3 of this act, including consideration of components that relate to similar programs funded or partially funded by the bureau of justice assistance and the national institute of justice;

(d) The recommendations of the Washington state department of health's suicide prevention plan and the applicability of the plan's recommendations to law enforcement mental health issues;

(e) The recommendations of the United States department of justice 2019 report to congress on law enforcement mental health and wellness; and

(f) Options to improve the behavioral health status of and reduce prevalent mental health issues and the suicide risk among law enforcement officers and their families.

(3) Staff support for the task force shall be provided by the department of health.

(4) The task force shall report its findings and recommendations to the governor and relevant committees of the legislature by December 1, 2021, including a summary of:

(a) The data to be reviewed described in subsection (2) of this section;

(b) The results of the pilot projects funded by this act and recommendations regarding the continuation of those programs;

(c) The best practices and policies for providing mental health services and preventing law enforcement suicides; and

(d) Recommendations on resources and technical assistance to support law enforcement agencies in preventing law enforcement suicides.

MAJORITY recommendation: Do pass as amended. 39.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 40.** (1) The legislature makes the following findings:

(a) Washington state is experiencing a housing affordability crisis. Many communities across the state are in need of more housing for renters, across the income spectrum. Accessory dwelling units are frequently rented at below market rate, providing additional affordable housing options for renters.

(b) Accessory dwelling units are often occupied by tenants who pay no rent at all; among these tenants are grandparents, adult children, family members with disabilities, friends going through life transitions, and community members in need. Accessory dwelling units meet the needs of these people who might otherwise require scarce subsidized housing space and resources.

(c) Accessory dwelling units can meet the needs of Washington's growing senior population, making it possible for this population to age in their communities by offering senior-friendly housing, which prioritizes physical accessibility, in walkable communities near amenities essential to successful aging in place, including transit and grocery stores, without requiring costly renovations of existing housing stock.

(d) Homeowners who add an accessory dwelling unit may benefit from added income and an increased sense of security.

(e) Siting accessory dwelling units near transit hubs and near public amenities can help to reduce greenhouse gas emissions by increasing walkability, shortening household commutes, and limiting sprawl.

(2) The legislature intends to promote and encourage the creation of accessory dwelling units as a means to address the need for additional affordable housing options.

**NEW SECTION. Sec. 41.** A new section is added to chapter 36.70A RCW to read as follows:

The definitions in this section apply throughout sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Accessory dwelling unit" means a dwelling unit located on the same lot as a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(2) "Attached accessory dwelling unit" means an accessory dwelling unit located within or attached to a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(3) "City" means any city, code city, and town located in a county planning under RCW 36.70A.040.

(4) "Detached accessory dwelling unit" means an accessory dwelling unit that consists partly or entirely of a building that is separate and detached from a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(5) "Dwelling unit" means a residential living unit that provides complete independent living facilities for one or more persons and that includes permanent provisions for living, sleeping, eating, cooking, and sanitation.

(6) "Major transit stop" means:

(a) A stop on a high capacity transportation system funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing fixed route service at intervals of at least fifteen minutes during the peak hours of operation.

**NEW SECTION. Sec. 42.** A new section is added to chapter 36.70A RCW to read as follows:

(1)(a) Cities must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of section 4(2) of this act to take effect by July 1, 2021.

(b) Beginning July 1, 2021, the requirements of section 4(2) of this act:

(i) Apply and take effect in any city that has not adopted or amended ordinances, regulations, or other official controls as required under this section; and

(ii) Supersede, preempt, and invalidate any local development regulations that conflict with section 4(2) of this act.

(2) Any action taken by a city that is authorized or required under section 4 of this act is not subject to legal challenge under this chapter or chapter 43.21C RCW, except that ordinances, regulations, and other official controls are subject to legal challenge if authorization is provided for the siting of accessory dwelling units on properties zoned such that single-family housing units are a nonconforming use.

**NEW SECTION. Sec. 43.** A new section is added to chapter 36.70A RCW to read as follows:

(1) Through the adoption or amendment of ordinances, development regulations, zoning regulations, and other official controls, cities:

(a) May allow up to two accessory dwelling units on all lots on which there is a single-family housing unit, duplex, triplex, fourplex, rowhouse, townhome, or apartment building, regardless of zoning district; the accessory dwelling units allowed under this subsection may be either attached accessory dwelling units or detached accessory dwelling units.

(b) May remove any requirement that the owner of a lot on which there is an accessory dwelling unit reside in or occupy the accessory dwelling unit or another housing unit on the same lot.

(2)(a) Except as provided in (b) of this subsection, through ordinances, development regulations, zoning regulations, and other official controls as required under section 3 of this act, cities may not require the provision of off-street parking for accessory dwelling units within one-quarter mile of a major transit stop.

(b) A city may require the provision of off-street parking for an accessory dwelling unit located within one-quarter mile of a major transit stop if the city has determined that the accessory dwelling unit is in an area with a lack of

access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the accessory dwelling unit.

**ESSB 6638** Prime Sponsor, Committee on Human Services, Reentry & Rehabilitation: Providing reentry services. Reported by Committee on Public Safety

MAJORITY recommendation: Do pass as amended. 45.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 46.** (1) The legislature finds that it is critical to successful community reintegration and recovery for persons who are being released from prison, jail, juvenile rehabilitation, or other state institutions to have access to supportive services and for those who have behavioral health services needs to receive targeted assistance. This act employs multiple strategies to improve reentry services for these individuals. It provides for suspension of medicaid benefits to end before a person's release from custody so that medical assistance benefits can be made available immediately upon the person's release and so that authorized medicaid services can be provided before the person's release if the state receives a medicaid waiver. It creates a reentry services modality within the community behavioral health services act and directs the Washington state health care authority to apply for a section 1115 medicaid waiver so that the state can leverage federal funding to provide reentry services before the person's release. It provides persons applying for a conditional

release under chapter 10.77 RCW with access to the same community support services available to persons receiving community services under a less restrictive alternative order under chapter 71.05 RCW. Finally, it removes stigmatizing language from the program created under RCW 72.09.370 and 71.24.470 and creates a work group to advise the state how to use strategies based on evidence-based, research-based, and promising practices to expand the provision of cost-effective reentry services to new populations.

(2) The legislature finds that the support for patients and communities act, H.R. 6 115th Cong. Sec. 271 (2018), provided federal recognition of the importance of providing transition services to persons who are soon to be former inmates of public institutions. This act requires the secretary of health and human services to issue a state medicaid director letter by October 2019 regarding opportunities for states to apply for a section 1115 waiver to improve care transitions by providing medicaid services up to thirty days before a person's expected release. This guidance has not yet been released. New York state and the District of Columbia have already submitted section 1115 waiver applications which remain pending in the year 2019 in anticipation of this opportunity.

**Sec. 47.** RCW 74.09.670 and 2016 c 154 s 2 are each amended to read as follows:

(1) The authority is directed to suspend, rather than terminate, medical assistance benefits by July 1, 2017, for persons who are incarcerated or committed to a state hospital or other institution or facility. This must include the ability for a person to apply for medical assistance in suspense status during incarceration or civil commitment, and may not depend upon knowledge of the release date of the person. The authority must provide a progress report describing program design and a detailed fiscal estimate to the governor and relevant committees of the legislature by December 1, 2016.

(2) When a release date is scheduled for an individual whose medical assistance benefits are suspended under this section, the medical assistance benefits of a person may be restored up to ninety days prior to the person's release to facilitate reentry services, provided that no federal funds may be expended during this period for purposes not permitted by the state's agreements with the federal government.

(3) Starting January 1, 2022, the medical assistance benefits of a person that have been suspended under this section must be restored up to ninety days and not less than seven days prior to the person's scheduled release to facilitate reentry services, provided that no federal funds may be expended during this period for purposes not permitted by the state's agreements with the federal government.

**NEW SECTION. Sec. 49.** (1) The health care authority shall, after the release of federal guidance, apply for a section 1115 medicaid waiver to provide reentry services as defined under RCW 71.24.025 through the state medicaid program to persons who are expecting to be released from a public institution and are otherwise eligible to receive medical assistance. The authority shall consult with the work group established under section 10 of this act about the details of the application and how to maximize support for Washington state reentry programs within the limitations of what the centers of medicare and medicaid services are likely to approve.

(2) In developing its application, the health care authority must explicitly consider how to best leverage the 1115 medicaid waiver application for the following purposes:

(a) To provide federal funding support for the state-only portions of the reentry community services program under RCW 72.09.370 and 71.24.470;

(b) To provide sustainable funding for cost-effective or cost-neutral reentry or diversion services provided by pilot programs funded by contempt fines in *Trueblood, et al., v. DSHS, et al.*, No. 15-35462; and

(c) To accommodate the special needs of persons in jail who tend to stay for short periods of time and not have access to a documented anticipated release date.

(3) The authority shall consider how evaluations of the reentry community services program created under RCW 72.09.370 and 71.24.470 conducted by the Washington state institute for public policy may be used to establish an evidence base for its waiver application demonstrating the potential for delivering cost-effective reentry services in the state of Washington.

(4) The health care authority shall update the governor and appropriate committees of the legislature in writing upon submission of its section 1115 medicaid waiver application, at the point at which such application obtains final approval or denial from the centers for medicaid and medicare services, and at other critical junctures at the discretion of the health care authority.

**Sec. 50.** RCW 71.24.385 and 2019 c 325 s 1023 and 2019 c 264 s 6 are each reenacted and amended to read as follows:

(1) Within funds appropriated by the legislature for this purpose, behavioral health administrative services organizations and managed care organizations, as applicable, shall develop the means to serve the needs of people:

(a) With mental disorders residing within the boundaries of their regional service area. Elements of the program may include:

(i) Crisis diversion services;

(ii) Evaluation and treatment and community hospital beds;

(iii) Residential treatment;

(iv) Programs for intensive community treatment;

(v) Outpatient services, including family support;

(vi) Peer support services;

(vii) Community support services;

(viii) Resource management services; ~~((and))~~

(ix) Reentry services; and

(x) Supported housing and supported employment services.

(b) With substance use disorders and their families, people incapacitated by alcohol or other psychoactive chemicals, and intoxicated people.

(i) Elements of the program shall include, but not necessarily be limited to, a continuum of substance use disorder treatment services that includes:

- (A) Withdrawal management;
- (B) Residential treatment; and
- (C) Outpatient treatment.

(ii) The program may include peer support, supported housing, supported employment, crisis diversion, recovery support services, reentry services, or technology-based recovery supports.

(iii) The authority may contract for the use of an approved substance use disorder treatment program or other individual or organization if the director considers this to be an effective and economical course to follow.

(2)(a) The managed care organization and the behavioral health administrative services organization shall have the flexibility, within the funds appropriated by the legislature for this purpose and the terms of their contract, to design the mix of services that will be most effective within their service area of meeting the needs of people with behavioral health disorders and avoiding placement of such individuals at the state mental hospital. Managed care organizations and behavioral health administrative services organizations are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.

(b) Managed care organizations and behavioral health administrative services organizations may allow reimbursement to providers for services delivered through a partial hospitalization or intensive outpatient program. Such payment and services are distinct from the state's delivery of wraparound with intensive services under the *T.R. v. Strange and Birch* settlement agreement.

(3)(a) Treatment provided under this chapter must be purchased primarily through managed care contracts.

(b) Consistent with RCW 71.24.580, services and funding provided through the criminal justice treatment account are intended to be exempted from managed care contracting.

**Sec. 51.** RCW 10.77.150 and 2010 c 263 s 5 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released.

Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer prior to making any change in the offender's address or employment. If the order of conditional release includes a requirement for the committed person to report to a

community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the person is not in compliance with the court-ordered conditions of release.

(4) If the court determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the medication or treatment or upon a change in mental health condition that renders the patient a potential risk to the public report to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer.

(5) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

(6) A licensed or certified behavioral health agency as defined under RCW 71.24.025 that provides community behavioral health services to a person placed on conditional release under this section or agrees to provide such services upon the person's conditional release shall provide equivalent services to the person as it would provide to a person who is court ordered to receive less restrictive alternative treatment under RCW 71.05.585. A licensed or certified behavioral health agency must participate in reentry planning when a person is recommended for conditional release under this section and may provide reentry services as defined in RCW 71.24.025 in coordination with state hospital staff and the person's managed care organization, behavioral health administrative services organization, or private insurance carrier.

**Sec. 52.** RCW 72.09.370 and 2019 c 325 s 5025 are each amended to read as follows:

(1) The ~~((offender))~~ reentry community ~~((safety))~~ services program is established to provide intensive services to ~~((offenders))~~ incarcerated persons identified under this subsection and to thereby promote successful reentry, public safety, and recovery. The secretary shall identify ~~((offenders))~~ persons in confinement or partial confinement who: (a) Are reasonably believed to ~~((be dangerous))~~ present a danger to themselves or others if released to the community without supportive services; and (b) have a mental disorder. In determining ~~((an offender's dangerousness))~~ whether an incarcerated person may meet these criteria, the secretary shall consider behavior known to the department and factors, based on research, that are linked to ~~((an increased))~~ risk ~~((for))~~ of dangerousness ((of offenders)) for persons with mental illnesses who are involved with the criminal justice system and shall include consideration of ((an offender's)) the person's substance use disorder or history of substance abuse.

(2) Prior to release of ~~((an offender))~~ a person identified under this section, a team consisting of representatives of the department of corrections, the health

care authority, and, as necessary, the indeterminate sentence review board, divisions or administrations within the department of social and health services, specifically including the division of developmental disabilities, the appropriate managed care organization ~~((contracted with the health care authority, the appropriate))~~ or behavioral health administrative services organization, and ~~((the))~~ reentry community services providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the ~~((offender))~~ incarcerated person upon release. In developing the plan, the ~~((offender))~~ person shall be offered assistance in executing a mental health advance directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such directive. The team may include a school district representative for ~~((offenders))~~ incarcerated persons under the age of twenty-one. The team shall consult with the ~~((offender's))~~ person's counsel, if any, and, as appropriate, the ~~((offender's))~~ person's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific ~~((offender))~~ incarcerated person. The team may recommend: (a) That the ~~((offender))~~ person be evaluated by ~~((the))~~ a designated crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or substance use disorder or abuse treatment.

(3) Prior to release of an ~~((offender))~~ incarcerated person identified under this section, the team shall determine whether or not an evaluation by a designated crisis responder is needed. If an evaluation is recommended, the supporting documentation shall be immediately forwarded to the appropriate designated crisis responder. The supporting documentation shall include the ~~((offender's))~~ person's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the ~~((offender's))~~ person's mental condition, and the initial evaluation did not result in an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the department shall release the ~~((offender))~~ person only to a state hospital or to a consenting evaluation and treatment facility or secure withdrawal management and stabilization facility. The department shall arrange transportation of the ~~((offender))~~ person to the hospital or facility.

(7) If the designated crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the ~~((offender))~~ person to appear at an evaluation and treatment facility or secure withdrawal management and stabilization facility. If a summons is issued, the ~~((offender))~~ person shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified ~~((evaluation and treatment))~~ facility.

(8) The secretary shall adopt rules to implement this section.

The contracts may be with any qualified and appropriate entities.

(2) The case manager has the authority to assist these ~~((offenders))~~ individuals in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, assistance obtaining substance use disorder treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, peer services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The ~~((offender))~~ reentry community ~~((safety))~~ services program was formerly known as the community integration assistance program.

**Sec. 54.** RCW 71.24.480 and 2019 c 325 s 1031 are each amended to read as follows:

(1) A licensed or certified behavioral health agency acting in the course of the ~~((provider's))~~ agency's duties under this chapter ~~((is))~~ and its individual employees are not liable for civil damages resulting from the injury or death of another caused by a participant in the ~~((offender))~~ reentry community ~~((safety))~~ services program who is a client of the ~~((provider or organization))~~ agency, unless the act or omission of the ~~((provider or organization))~~ agency or employee constitutes:

(3) A licensed or certified behavioral health agency's mere act of treating a participant in the ~~((offender))~~ reentry community ~~((safety))~~ services program is not negligence. Nothing in this subsection alters the licensed or certified behavioral health agency's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed or certified behavioral health agencies and their employees and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the ~~((offender))~~ reentry community ~~((safety))~~ services program" means a person who has been identified under RCW 72.09.370 as ~~((an offender))~~ a person who: (a) Is reasonably believed to ~~((be dangerous))~~ present a danger to himself or herself or others if released to the community without supportive services; and (b) has a mental disorder.

(i) A larger set of persons incarcerated in prison including up to all persons releasing from prison who are reasonably believed to present either a high risk of violent recidivism, a high risk of nonviolent recidivism, or both in combination with a mental disorder or a substance use disorder, or other subsets of persons at the discretion of the work group;

WHEREAS, The state of Washington and the  
province of British Columbia both have roles to play in

River Watershed; and

WHEREAS, That concurrently with the United States

these objectives; and

WHEREAS, The Skagit Environmental Endowment

WHEREAS, The company holding the mineral claims

pray that the province work with the city of Seattle, tribes

Strike everything after the enacting clause and insert the following:

"Sec. 1. 2017 3rd sp.s. c 37 s 501 (uncodified) is amended to read as follows:

(1) This section is the tax preference performance statement for the tax preferences contained in sections 502 and 503, chapter 37, Laws of 2017 3rd sp. sess. This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, improve industry competitiveness, and create or retain jobs, as indicated in RCW 82.32.808(2) (a) through (c).

(3) It is the legislature's specific public policy objective to maintain and expand business in the semiconductor cluster. It is the legislature's intent to extend by ten years the preferential tax rates for manufacturers and processors for hire of semiconductor materials in order to maintain and grow jobs in the semiconductor cluster.

(4) If a review finds that: (a) Since October 19, 2017, at least one project in the semiconductor cluster has located in Clark county, and that this project generates at least two thousand five hundred high-wage jobs, all of which pay twenty dollars per hour or more and at least eighty percent of which pay thirty-five dollars per hour or more; and (b) the number of jobs in the semiconductor cluster in Washington has increased since October 19, 2017, then the legislature intends to extend the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative

audit and review committee may refer to data from the department of revenue's annual survey ((data)) for tax years ending before January 1, 2020, and annual tax performance report for subsequent tax years.

**Sec. 2.** 2017 3rd sp.s. c 37 s 504 (uncodified) is amended to read as follows:

(1) This section is the tax preference performance statement for the tax preferences contained in sections 505 through 508, chapter 37, Laws of 2017 3rd sp. sess. This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, improve industry competitiveness, and create or retain jobs, as indicated in RCW 82.32.808(2) (a) through (c).

(3) It is the legislature's specific public policy objective to encourage significant construction projects; retain, expand, and attract semiconductor business; and encourage and expand family-wage jobs. It is the legislature's intent to extend by ten years the ~~((preferential tax rates))~~ exemptions for sales and use of gases and chemicals used in the production of semiconductor materials, in order to encourage the growth and retention of the semiconductor business in Washington, thereby strengthening Washington's competitiveness with other states for manufacturing investment.

(4) If a review finds that the number of construction projects in the industry has increased, and that ~~((H:\DATA\2020 JOURNAL\Journal2020\LegDay050\the.doc))~~ the number of people employed by the solar silicon, silicon manufacturing, and semiconductor fabrication industry in Washington is the same or more than in 2015, and that at least sixty percent of employees earn sixty thousand dollars a year, then the legislature intends to extend the expiration date of the tax preferences.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to data from the department of revenue's annual survey ((data)) for tax years ending before January 1, 2020, and annual tax performance report for subsequent tax years.

In either case, the market value must be determined as of January 1st of the year prior to the year for which the credit is claimed.

(iii) For purposes of calculating the credit under this subsection (1)(b):

(A) If a tax parcel does not have current assessed value in accordance with RCW 84.40.020, a market value appraisal performed by a Washington state-certified general real estate appraiser, as defined in RCW 18.140.010, is sufficient to establish the market value. If the underlying real property that is the subject of the leasehold interest consists of a part of one or more tax parcels, this appraisal must include the market value of the part of the parcel or parcels to which the leasehold interest applies; and

(B) The property tax that would otherwise apply to the real property that is the subject of the leasehold interest is calculated using the existing consolidated levy rate for the property's tax code area.

(iv) The definitions in this subsection apply throughout this subsection (1)(b) unless the context clearly requires otherwise.

(A) "Market value" means the true and fair value of the property as that term is used in RCW 84.40.030, based

on the property's highest and best use and determined by any reasonable means approved by the department.

(B) "Real property" has the same meaning as in RCW 84.04.090 and also includes all improvements upon the land the fee of which is still vested in the public owner.

(C) "State university" has the same meaning as "state universities" as provided in RCW 28B.10.016.

(v) The credit provided under this subsection (1)(b) may not be claimed for tax reporting periods beginning on or after January 1, 2032.

(2) ~~((This section expires))~~ No credit under subsection (1)(b) of this section may be claimed or approved on or after January 1, 2032.

**Sec. 38.** RCW 82.32.062 and 2002 c 57 s 1 are each amended to read as follows:

(1) In addition to the procedure set forth in RCW 82.32.060 and as an exception to the four-year period explicitly set forth in RCW 82.32.060, an offset for a tax that has been paid in excess of that properly due may be taken under the following conditions:

~~((1)) (a)~~ The tax paid in excess of that properly due was sales ((tax paid on the purchase of property acquired for leasing; (2))) or use tax paid on property purchased for the purpose of leasing;

~~((b))~~ The taxpayer was at the time of purchase entitled to purchase the property at wholesale under RCW 82.04.060; and

~~((3)) (c)~~ The taxpayer substantiates that ((sales tax was paid at the time of purchase)) the taxpayer paid sales or use tax on the purchase of the property and that there was no intervening use of the ((equipment)) property by the taxpayer.

(2) The offset under this section is applied to and reduced by the amount of retail sales tax otherwise due from the beginning of lease of the property until the offset is extinguished.

**Sec. 39.** RCW 82.32.300 and 2019 c 445 s 209 are each amended to read as follows:

(1) The ~~((administration of this and chapters 82.04 through 82.27 RCW of this title is vested in the department, which must))~~ department must administer this chapter and such other provisions of the Revised Code of Washington as specifically provided by law. To that end, the department may prescribe forms and rules of procedure for the determination of the taxable status of any person, for the making of returns and for the ascertainment, assessment, and collection of taxes and penalties imposed thereunder.

(2)(a) The department ~~((must))~~ may make and publish rules ~~((and regulations)),~~ not inconsistent therewith, necessary to enforce provisions of this chapter ~~((and chapters 82.02 through 82.23B and 82.27 RCW, and the liquor and cannabis board must))~~ and such other provisions of the Revised Code of Washington that the department is empowered by law to enforce. The liquor and cannabis board

may make and publish rules necessary to enforce chapters 82.24, 82.26, and 82.25 RCW~~((, which has)),~~

(b) Rules adopted by the department or liquor and cannabis board under the authority of this subsection have the same force and effect as if specifically included ((therein)) in law, unless declared invalid by the judgment of a court of record not appealed from.

(3) The department may employ such clerks, specialists, and other assistants as are necessary. Salaries and compensation of such employees must be fixed by the department and charged to the proper appropriation for the department.

(4) The department must exercise general supervision of the collection of taxes and, in the discharge of such duty, may institute and prosecute such suits or proceedings in the courts as may be necessary and proper.

**Sec. 40.** RCW 82.32.780 and 2010 c 112 s 2 are each amended to read as follows:

(1)(a) Taxpayers seeking to obtain a new reseller permit or to renew or reinstate a reseller permit, other than taxpayers subject to the provisions of RCW 82.32.783, must apply to the department in a form and manner prescribed by the department. The department must use its best efforts to rule on applications within sixty days of receiving a complete application. If the department fails to rule on an application within sixty days of receiving a complete application, the taxpayer may either request a review as provided in subsection (6) of this section or resubmit the application. Nothing in this subsection may be construed as preventing the department from ruling on an application more than sixty days after the department received the application.

(b) An application must be denied if:

(i) The department determines that, based on the nature of the applicant's business, the applicant is not entitled to make purchases at wholesale or is otherwise prohibited from using a reseller permit;

(ii) The application contains any material misstatement; or

(iii) The application is incomplete.

(c) The department may also deny an application if it determines that denial would be in the best interest of collecting taxes due under this title.

(d) The department's decision to approve or deny an application may be based on tax returns previously filed with the department by the applicant, a current or previous examination of the applicant's books and records by the department, information provided by the applicant in the master application and the reseller permit application, and other information available to the department.

(e) The department must refuse to accept an application to renew a reseller permit that is received more than ninety days before the expiration of the reseller permit.

(2) Notwithstanding subsection (1) of this section, the department may issue or renew a reseller permit for a

taxpayer that has not applied for the permit or renewal of the permit if it appears to the department's satisfaction, based on the nature of the taxpayer's business activities and any other information available to the department, that the taxpayer is entitled to make purchases at wholesale.

(3)(a) Except as otherwise provided in this section, reseller permits issued, renewed, or reinstated under this section will be valid for a period of forty-eight months from the date of issuance, renewal, or reinstatement.

(b)(i) A reseller permit is valid for a period of twenty-four months and may be renewed for the period prescribed in (a) of this subsection (3) if the permit is issued to a taxpayer who:

(A) Is not registered with the department under RCW 82.32.030;

(B) Has been registered with the department under RCW 82.32.030 for a continuous period of less than one year as of the date that the department received the taxpayer's application for a reseller permit;

(C) Was on nonreporting status as authorized under RCW 82.32.045~~((4))~~ (5) at the time that the department received the taxpayer's application for a reseller permit or to renew or reinstate a reseller permit;

(D) Has filed tax returns reporting no business activity for purposes of sales and business and occupation taxes for the twelve-month period immediately preceding the date that the department received the taxpayer's application for a reseller permit or to renew or reinstate a reseller permit; or

(E) Has failed to file tax returns covering any part of the twelve-month period immediately preceding the department's receipt of the taxpayer's application for a reseller permit or to renew or reinstate a reseller permit.

(ii) The provisions of this subsection (3)(b) do not apply to reseller permits issued to any business owned by a federally recognized Indian tribe or by an enrolled member of a federally recognized Indian tribe, if the business does not engage in any business activity that subjects the business to any tax imposed by the state under chapter 82.04 RCW. Permits issued to such businesses are valid for the period provided in (a) of this subsection (3).

(iii) Nothing in this subsection (3)(b) may be construed as affecting the department's right to deny a taxpayer's application for a reseller permit or to renew or reinstate a reseller permit as provided in subsection (1)(b) and (c) of this section.

(c) A reseller permit is no longer valid if the permit holder's certificate of registration is revoked, the permit holder's tax reporting account is closed by the department, or the permit holder otherwise ceases to engage in business.

(d) The department may provide by rule for a uniform expiration date for reseller permits issued, renewed, or reinstated under this section, if the department determines that a uniform expiration date for reseller permits will improve administrative efficiency for the department. If the department adopts a uniform expiration date by rule, the department may extend or shorten the twenty-four or forty-

eight month period provided in (a) and (b) of this subsection for a period not to exceed six months as necessary to conform the reseller permit to the uniform expiration date.

(4)(a) The department may revoke a taxpayer's reseller permit for any of the following reasons:

(i) The taxpayer used or allowed or caused its reseller permit to be used to purchase any item or service without payment of sales tax, but the taxpayer or other purchaser was not entitled to use the reseller permit for the purchase;

(ii) The department issued the reseller permit to the taxpayer in error;

(iii) The department determines that the taxpayer is no longer entitled to make purchases at wholesale; or

(iv) The department determines that revocation of the reseller permit would be in the best interest of collecting taxes due under this title.

(b) The notice of revocation must be in writing and is effective on the date specified in the revocation notice. The notice must also advise the taxpayer of its right to a review by the department.

(c) The department may refuse to reinstate a reseller permit revoked under (a)(i) of this subsection until all taxes, penalties, and interest due on any improperly purchased item or service have been paid in full. In the event a taxpayer whose reseller permit has been revoked under this subsection reorganizes, the new business resulting from the reorganization is not entitled to a reseller permit until all taxes, penalties, and interest due on any improperly purchased item or service have been paid in full.

(d) For purposes of this subsection, "reorganize" or "reorganization" means: (i) The transfer, however effected, of a majority of the assets of one business to another business where any of the persons having an interest in the ownership or management in the former business maintain an ownership or management interest in the new business, either directly or indirectly; (ii) a mere change in identity or form of ownership, however effected; or (iii) the new business is a mere continuation of the former business based on significant shared features such as owners, personnel, assets, or general business activity.

(5) The department may provide the public with access to reseller permit numbers on its web site, including the name of the permit holder, the status of the reseller permit, the expiration date of the permit, and any other information that is disclosable under RCW 82.32.330~~(3)((4))~~ (k).

(6) The department must provide by rule for the review of the department's decision to deny, revoke, or refuse to reinstate a reseller permit or the department's failure to rule on an application within the time prescribed in subsection (1)(a) of this section. Such review must be consistent with the requirements of chapter 34.05 RCW.

(7) As part of its continuing efforts to educate taxpayers on their sales and use tax responsibilities, the department will educate taxpayers on the appropriate use of a reseller permit or other documentation authorized under

RCW 82.04.470 and the consequences of misusing such permits or other documentation.

**Sec. 41.** RCW 82.60.025 and 2010 1st sp.s. c 16 s 4 are each amended to read as follows:

The lessor or owner of a qualified building is not eligible for a deferral unless:

(1) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or

(2)(a) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;

(b) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual ~~((survey))~~ tax performance report required under RCW 82.60.070; and

(c) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.

**Sec. 42.** RCW 82.60.063 and 2010 1st sp.s. c 16 s 10 are each amended to read as follows:

(1) Subject to the conditions in this section, a person is not liable for the amount of deferred taxes outstanding for an investment project when the person temporarily ceases to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities in a county with a population of less than twenty thousand persons for a period not to exceed twenty-four months from the date that the department sent its assessment for the amount of outstanding deferred taxes to the taxpayer.

(2) The relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the number of qualified employment positions employed at the investment project at the time the deferral was approved by the department. If a person has been approved for more than one deferral under this chapter, relief from repayment of deferred taxes under this section does not apply unless the number of qualified employment positions maintained at the investment project after manufacturing or research and development activities are temporarily ceased is at least ten percent of the highest number of qualified employment positions at the investment project at the time any of the deferrals were approved by the department. If, at any time during the twenty-four month period after the department has sent the taxpayer an assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities, the number of qualified employment positions falls below the ten percent threshold in this subsection, the amount of deferred taxes outstanding for the project is immediately due.

(3) The lessor of an investment project for which a deferral has been granted under this chapter who has passed the economic benefits of the deferral to the lessee is not eligible for relief from the payment of deferred taxes under this section.

(4) A person seeking relief from the payment of deferred taxes under this section must apply to the department in a form and manner prescribed by the department. The application required under this subsection must be received by the department within thirty days of the date that the department sent its assessment for outstanding deferred taxes resulting from the person temporarily ceasing to use its qualified buildings and qualified machinery and equipment for manufacturing or research and development activities. The department must approve applications that meet the requirements in this section for relief from the payment of deferred taxes.

(5) A person is entitled to relief under this section only once.

(6) A person whose application for relief from the payment of deferred taxes has been approved under this section must continue to file an annual ~~((survey))~~ tax performance report as required under RCW 82.60.070(1) or any successor statute. In addition, the person must file, in a form and manner prescribed by the department, a report on the status of the business and the outlook for commencing manufacturing or research and development activities.

(3) Compute the dollar tax rate for the county as if any deferrals provided by this chapter did not exist.

(4) As soon as possible notify the department of revenue and the county treasurer of the amount of real property taxes deferred for that year and notify the department of revenue and the respective treasurers of municipal corporations of the amount of special assessments deferred for each local improvement district within such unit.

**Sec. 54.** RCW 84.39.020 and 2005 c 253 s 2 are each amended to read as follows:

(1) Each claimant applying for assistance under RCW 84.39.010 ~~((shall))~~ must file a claim with the department, on forms prescribed by the department, no later than thirty days before the tax is due. The department may waive this requirement for good cause shown. If any person, firm, or corporation ~~((shall remove))~~ removes from one county to another in this state personal property ~~((which))~~ that has been assessed in the former county for a tax ~~((which))~~ that is unpaid at the time of such removal, the treasurer of the county from which the property is removed ~~((shall))~~ must certify to the treasurer of the county to which the property has been ~~((removed))~~ moved a statement of the tax together with all delinquencies and penalties.

**Sec. 57.** RCW 82.32.805 and 2013 2nd sp.s. c 13 s 1701 are each amended to read as follows:

(1)(a) Except as otherwise provided in this section, every new tax preference expires on the first day of the calendar year that is subsequent to the calendar year that is ten years from the effective date of the tax preference. With respect to any new property tax exemption, the exemption does not apply to taxes levied for collection beginning in the calendar year that is subsequent to the calendar year that is ten years from the effective date of the tax preference.

(b) A future amendment that expands a tax preference does not extend the tax preference beyond the period provided in this subsection unless an extension is expressly and unambiguously stated in the amendment.

(2) Subsection (1) of this section does not apply if legislation creating a new tax preference includes an expiration date for the new tax preference or an exemption from this section in its entirety or from the provisions of subsection (1) of this section, whether or not such exemption is codified.

(3) Subsection (1) of this section does not apply to any existing tax preference that is amended to clarify an ambiguity or correct a technical inconsistency. Future enacted legislation intended to make such clarifications or corrections must explicitly indicate this intent.

(4) For the purposes of this section, the following definitions apply:

(a) "New tax preference" means a tax preference that initially takes effect after August 1, 2013, or a tax preference in effect as of August 1, 2013, that is expanded or extended after August 1, 2013, even if the expanding or extending amendment includes any other change to the tax preference.

(b) "Tax preference" has the same meaning as in RCW 43.136.021 with respect to any state tax administered by the department, except does not include the Washington estate and transfer tax in chapter 83.100 RCW.

(5) The department must provide written notice to the office of the code reviser of a ten-year expiration date required under this section for a new tax preference.

**Sec. 58.** RCW 82.32.808 and 2017 c 135 s 8 are each amended to read as follows:

(1) As provided in this section, every bill enacting a new tax preference must include a tax preference performance statement, unless the legislation enacting the new tax preference contains an explicit exemption from the requirements of this section.

(2) A tax preference performance statement must state the legislative purpose for the new tax preference. The tax preference performance statement must indicate one or more of the following general categories, by reference to the applicable category specified in this subsection, as the legislative purpose of the new tax preference:

(a) Tax preferences intended to induce certain designated behavior by taxpayers;

(b) Tax preferences intended to improve industry competitiveness;

(c) Tax preferences intended to create or retain jobs;

(d) Tax preferences intended to reduce structural inefficiencies in the tax structure;

(e) Tax preferences intended to provide tax relief for certain businesses or individuals; or

(f) A general purpose not identified in (a) through (e) of this subsection.

(3) In addition to identifying the general legislative purpose of the tax preference under subsection (2) of this section, the tax preference performance statement must provide additional detailed information regarding the legislative purpose of the new tax preference.

(4) A new tax preference performance statement must specify clear, relevant, and ascertainable metrics and data requirements that allow the joint legislative audit and review committee and the legislature to measure the effectiveness of the new tax preference in achieving the purpose designated under subsection (2) of this section.

(5) If the tax preference performance statement for a new tax preference indicates a legislative purpose described in subsection (2)(b) or (c) of this section, any taxpayer claiming the new tax preference must file an annual tax performance report in accordance with RCW 82.32.534.

(6)(a) Taxpayers claiming a new tax preference must report the amount of the tax preference claimed by the taxpayer to the department as otherwise required by statute or determined by the department as part of the taxpayer's regular tax reporting responsibilities. For new tax preferences allowing certain types of gross income of the business to be excluded from business and occupation or public utility taxation, the tax return must explicitly report the amount of the exclusion, regardless of whether it is structured as an exemption or deduction, if the taxpayer is otherwise required to report taxes to the department on a monthly or quarterly basis. For a new sales and use tax

exemption, the total purchase price or value of the exempt product or service subject to the exemption claimed by the buyer must be reported on an addendum to the buyer's tax return if the buyer is otherwise required to report taxes to the department on a monthly or quarterly basis and the buyer is required to submit an exemption certificate, or similar document, to the seller.

(b) This subsection does not apply to:

- (i) Property tax exemptions;
- (ii) Tax preferences required by constitutional law;
- (iii) Tax preferences for which the tax benefit to the taxpayer is less than one thousand dollars per calendar year; or
- (iv) Taxpayers who are annual filers.

(c) The department may waive the filing requirements of this subsection for taxpayers who are not required to file electronically any return or report under this chapter.

(7)(a) Except as otherwise provided in this subsection, the amount claimed by a taxpayer for any new tax preference is subject to public disclosure and is not considered confidential tax information under RCW 82.32.330, if the reporting periods subject to disclosure ended at least twenty-four months prior to the date of disclosure and the taxpayer is required to report the amount of the tax preference claimed by the taxpayer to the department under subsection (6) of this section.

(b)(i) The department may waive the public disclosure requirement under (a) of this subsection (7) for good cause. Good cause may be demonstrated by a reasonable showing of economic harm to a taxpayer if the information specified under this subsection is disclosed. The waiver under this subsection (7)(b)(i) only applies to the new tax preferences provided in chapter 13, Laws of 2013 2nd sp. sess.

(ii) The amount of the tax preference claimed by a taxpayer during a calendar year is confidential under RCW 82.32.330 and may not be disclosed under this subsection if the amount for the calendar year is less than ten thousand dollars.

(c) In lieu of the disclosure and waiver requirements under this subsection, the requirements under RCW 82.32.534 apply to any tax preference that requires a tax performance report.

(8) If a new tax preference does not include the information required under subsections (2) through (4) of this section, the joint legislative audit and review committee is not required to perform a tax preference review under chapter 43.136 RCW, and it is legislatively presumed that it is the intent of the legislature to allow the new tax preference to expire upon its scheduled expiration date.

(9) For the purposes of this section, "tax preference" and "new tax preference" have the same meaning as provided in RCW 82.32.805.

(10) The provisions of this section do not apply to the extent that legislation creating a new tax preference provides

an exemption, in whole or in part, from this section, whether or not such exemption is codified.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 62.** (1) The legislature finds that growth in managed health care systems has shifted substantial authority over health care decisions from providers and patients to health carriers and health care benefit managers. Health care benefit managers acting as intermediaries between carriers, health care providers, and patients exercise broad discretion to affect health care services recommended and delivered by providers and the health care choices of patients. Regularly, these health care benefit managers are making health care decisions on behalf of carriers. However, unlike carriers, health care benefit managers are not currently regulated.

(2) Therefore, the legislature finds that it is in the best interest of the public to create a separate chapter in this title for health care benefit managers.

(3) The legislature intends to protect and promote the health, safety, and welfare of Washington residents by establishing standards for regulatory oversight of health care benefit managers.

**NEW SECTION. Sec. 63.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affiliate" or "affiliated employer" means a person who directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, another specified person.

The entity shall consider a reasonable request for an extension of time to submit documentation to contest the report or any findings in the report.

(2) If an audit results in the dispute or denial of a claim, the entity conducting the audit shall allow the pharmacy to resubmit the claim using any commercially reasonable method, including facsimile, mail, or ((electronic mail)) email.

(3) An entity must provide a pharmacy that is the subject of an audit with a final report of the audit no later than sixty days after the later of the date the preliminary report was received or the date the pharmacy contested the report using the appeals procedure established under RCW 19.340.040(1) (as recodified by this act). The final report

must include a final accounting of all moneys to be recovered by the entity.

(4) Recoupment of disputed funds from a pharmacy by an entity or repayment of funds to an entity by a pharmacy, unless otherwise agreed to by the entity and the pharmacy, shall occur after the audit and the appeals procedure established under RCW 19.340.040(1) (as recodified by this act) are final. If the identified discrepancy for an individual audit exceeds forty thousand dollars, any future payments to the pharmacy may be withheld by the entity until the audit and the appeals procedure established under RCW 19.340.040(1) (as recodified by this act) are final.

**Sec. 75.** RCW 19.340.090 and 2014 c 213 s 9 are each amended to read as follows:

RCW 19.340.020 and 19.340.040 through 19.340.090 (as recodified by this act) do not:

(1) Preclude an entity from instituting an action for fraud against a pharmacy;

(2) Apply to an audit of pharmacy records when fraud or other intentional and willful misrepresentation is indicated by physical review, review of claims data or statements, or other investigative methods; or

(3) Apply to a state agency that is conducting audits or a person that has contracted with a state agency to conduct audits of pharmacy records for prescription drugs paid for by the state medical assistance program.

**Sec. 76.** RCW 19.340.100 and 2016 c 210 s 4 are each amended to read as follows:

(1) ~~((As used in this section:))~~ The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "List" means the list of drugs for which predetermined reimbursement costs have been established, such as a maximum allowable cost or maximum allowable cost list or any other benchmark prices utilized by the pharmacy benefit manager and must include the basis of the methodology and sources utilized to determine multisource generic drug reimbursement amounts.

(b) "Multiple source drug" means a therapeutically equivalent drug that is available from at least two manufacturers.

(c) "Multisource generic drug" means any covered outpatient prescription drug for which there is at least one other drug product that is rated as therapeutically equivalent under the food and drug administration's most recent publication of "Approved Drug Products with Therapeutic Equivalence Evaluations;" is pharmaceutically equivalent or bioequivalent, as determined by the food and drug administration; and is sold or marketed in the state during the period.

(d) "Network pharmacy" means a retail drug outlet licensed as a pharmacy under RCW 18.64.043 that contracts with a pharmacy benefit manager.

(e) "Therapeutically equivalent" has the same meaning as in RCW 69.41.110.

(2) A pharmacy benefit manager:

(a) May not place a drug on a list unless there are at least two therapeutically equivalent multiple source drugs, or at least one generic drug available from only one manufacturer, generally available for purchase by network pharmacies from national or regional wholesalers;

(b) Shall ensure that all drugs on a list are readily available for purchase by pharmacies in this state from national or regional wholesalers that serve pharmacies in Washington;

(c) Shall ensure that all drugs on a list are not obsolete;

(d) Shall make available to each network pharmacy at the beginning of the term of a contract, and upon renewal of a contract, the sources utilized to determine the predetermined reimbursement costs for multisource generic drugs of the pharmacy benefit manager;

(e) Shall make a list available to a network pharmacy upon request in a format that is readily accessible to and usable by the network pharmacy;

(f) Shall update each list maintained by the pharmacy benefit manager every seven business days and make the updated lists, including all changes in the price of drugs, available to network pharmacies in a readily accessible and usable format;

(g) Shall ensure that dispensing fees are not included in the calculation of the predetermined reimbursement costs for multisource generic drugs;

(h) May not cause or knowingly permit the use of any advertisement, promotion, solicitation, representation, proposal, or offer that is untrue, deceptive, or misleading;

(i) May not charge a pharmacy a fee related to the adjudication of a claim, credentialing, participation, certification, accreditation, or enrollment in a network including, but not limited to, a fee for the receipt and processing of a pharmacy claim, for the development or management of claims processing services in a pharmacy benefit manager network, or for participating in a pharmacy benefit manager network;

(j) May not require accreditation standards inconsistent with or more stringent than accreditation standards established by a national accreditation organization;

(k) May not reimburse a pharmacy in the state an amount less than the amount the pharmacy benefit manager reimburses an affiliate for providing the same pharmacy services; and

(l) May not directly or indirectly retroactively deny or reduce a claim or aggregate of claims after the claim or aggregate of claims has been adjudicated, unless:

(i) The original claim was submitted fraudulently; or

(ii) The denial or reduction is the result of a pharmacy audit conducted in accordance with RCW 19.340.040 (as recodified by this act).

(3) A pharmacy benefit manager must establish a process by which a network pharmacy may appeal its reimbursement for a drug subject to predetermined reimbursement costs for multisource generic drugs. A network pharmacy may appeal a predetermined reimbursement cost for a multisource generic drug if the reimbursement for the drug is less than the net amount that the network pharmacy paid to the supplier of the drug. An appeal requested under this section must be completed within thirty calendar days of the pharmacy submitting the appeal. If after thirty days the network pharmacy has not received the decision on the appeal from the pharmacy benefit manager, then the appeal is considered denied.

The pharmacy benefit manager shall uphold the appeal of a pharmacy with fewer than fifteen retail outlets, within the state of Washington, under its corporate umbrella if the pharmacy or pharmacist can demonstrate that it is unable to purchase a therapeutically equivalent interchangeable product from a supplier doing business in Washington at the pharmacy benefit manager's list price.

(4) A pharmacy benefit manager must provide as part of the appeals process established under subsection (3) of this section:

(a) A telephone number at which a network pharmacy may contact the pharmacy benefit manager and speak with an individual who is responsible for processing appeals; and

(b) If the appeal is denied, the reason for the denial and the national drug code of a drug that has been purchased by other network pharmacies located in Washington at a price that is equal to or less than the predetermined reimbursement cost for the multisource generic drug. A pharmacy with fifteen or more retail outlets, within the state of Washington, under its corporate umbrella may submit information to the commissioner about an appeal under subsection (3) of this section for purposes of information collection and analysis.

(5)(a) If an appeal is upheld under this section, the pharmacy benefit manager shall make a reasonable adjustment on a date no later than one day after the date of determination.

(b) If the request for an adjustment has come from a critical access pharmacy, as defined by the state health care authority by rule for purposes related to the prescription drug purchasing consortium established under RCW 70.14.060, the adjustment approved under (a) of this subsection shall apply only to critical access pharmacies.

(6) Beginning July 1, 2017, if a network pharmacy appeal to the pharmacy benefit manager is denied, or if the network pharmacy is unsatisfied with the outcome of the appeal, the pharmacy or pharmacist may dispute the decision and request review by the commissioner within thirty calendar days of receiving the decision.

(a) All relevant information from the parties may be presented to the commissioner, and the commissioner may enter an order directing the pharmacy benefit manager to make an adjustment to the disputed claim, deny the pharmacy appeal, or take other actions deemed fair and

equitable. An appeal requested under this section must be completed within thirty calendar days of the request.

(b) Upon resolution of the dispute, the commissioner shall provide a copy of the decision to both parties within seven calendar days.

(c) The commissioner may authorize the office of administrative hearings, as provided in chapter 34.12 RCW, to conduct appeals under this subsection (6).

(d) A pharmacy benefit manager may not retaliate against a pharmacy for pursuing an appeal under this subsection (6).

(e) This subsection (6) applies only to a pharmacy with fewer than fifteen retail outlets, within the state of Washington, under its corporate umbrella.

(7) This section does not apply to the state medical assistance program.

~~((8) A pharmacy benefit manager shall comply with any requests for information from the commissioner for purposes of the study of the pharmacy chain of supply conducted under section 7, chapter 210, Laws of 2016.))~~

**Sec. 77.** RCW 19.340.110 and 2016 c 210 s 2 are each amended to read as follows:

(1) The commissioner shall have enforcement authority over this chapter and shall have authority to render a binding decision in any dispute between a pharmacy benefit manager, or third-party administrator of prescription drug benefits, and a pharmacy arising out of an appeal under RCW 19.340.100(6) (as recodified by this act) regarding drug pricing and reimbursement.

(2) Any person, corporation, third-party administrator of prescription drug benefits, pharmacy benefit manager, or business entity which violates any provision of this chapter shall be subject to a civil penalty in the amount of one thousand dollars for each act in violation of this chapter or, if the violation was knowing and willful, a civil penalty of five thousand dollars for each violation of this chapter.

**ESSB 5759** Prime Sponsor, Committee on Health & Long Term Care: Increasing opportunities for the use of remote technology in corrective lens prescriptions. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 85.** This act may be known and cited as the consumer protection in eye care act.

**NEW SECTION. Sec. 86. INTENT.** (1) The legislature recognizes the importance of allowing licensed practitioners to use their professional judgment, based on their education, training, and expertise, to determine the appropriate use of current and future technologies to enhance patient care. Guidelines for providing health care services through remote technology have been addressed by the medical community, and the legislature intends to complement and clarify those guidelines with respect to using remote technology to provide prescriptions for corrective lenses.

(2) The legislature also recognizes that health care consumers, including eye health care consumers, can benefit from developments in technology that offer advantages such as increased convenience or increased speed in delivery of services. However, the legislature recognizes that health care consumers can be misled or harmed by the use of developments in technology that are not properly supervised by qualified providers.

(3) The legislature recognizes that the use of technology that permits a consumer to submit data to an entity for the purposes of obtaining a prescription for corrective lenses, including contact lenses, may fail to detect serious eye health issues resulting in permanent vision loss if the patient is not also receiving comprehensive eye care according to standard of care.

(4) Therefore, the legislature concludes that consumers should be protected from improper or unsupervised use of technology for purposes of obtaining a prescription for corrective lenses, without unduly restricting the development and implementation of technology and without unduly restricting licensed practitioners from using such technology where appropriate.

**NEW SECTION. Sec. 87. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Contact lens" means any lens placed directly on the surface of the eye, regardless of whether or not it is intended to correct a visual defect. Contact lens includes, but is not limited to, cosmetic, therapeutic, and corrective lenses that are a federally regulated medical device.

(2) "Corrective lenses" means any lenses, including lenses in spectacles and contact lenses, that are manufactured in accordance with the specific terms of a valid prescription for an individual patient for the purpose of correcting the patient's refractive or binocular error.

(3) "Department" means the department of health.

(4) "Diagnostic information and data" mean any and all information and data, including but not limited to photographs and scans, generated by or through the use of any remote technology.

(5) "Patient-practitioner relationship" means the relationship between a provider of medical services, the practitioner, and a receiver of medical services, the patient, based on mutual understanding of their shared responsibility for the patient's health care.

(6) "Prescription" means the written or electronic directive from a qualified provider for corrective lenses and consists of the refractive power as well as contact lens parameters in the case of contact lens prescriptions.

(7) "Qualified provider" means a physician licensed under chapter 18.71 RCW or an osteopathic physician licensed under chapter 18.57 RCW practicing ophthalmology, or a person licensed under chapter 18.53 RCW to practice optometry.

(8) "Remote qualified provider" means any qualified provider who is not physically present at the time of the examination.

(9) "Remote technology" means any automated equipment or testing device and any application designed to be used on or with a phone, computer, or internet-based device that is used without the physical presence and participation of a qualified provider that generates data for purposes of determining an individual's refractive error. Remote technology does not include the use of telemedicine

as defined in RCW 48.43.735 for purposes other than determining an individual's refractive error.

(10) "Spectacles" means any device worn by an individual that has one or more lenses through which the wearer looks. Spectacles are commonly known and referred to as glasses, and may include cosmetic or corrective lenses.

(11) "Standard of care" means those standards developed and defined by the American academy of ophthalmology preferred practice pattern "Comprehensive Adult Medical Eye Evaluation" (Appendix 1), as the preferred practice pattern existed on the effective date of this act.

(12) "Standard of care for contact lenses" means the frequency of eye examinations as recommended for contact lens wearers in the American academy of ophthalmology publication "Refractive Errors & Refractive Surgery Preferred Practice Pattern" (Appendix 2), as the preferred practice pattern existed on the effective date of this act.

**NEW SECTION. Sec. 88. USE OF REMOTE TECHNOLOGY FOR CORRECTIVE LENS PRESCRIPTIONS.** A qualified provider may prepare a prescription for corrective lenses intended to correct an individual's refractive error by remote technology if:

(1) The prescribing qualified provider is held to the same standard of care applicable to qualified providers providing corrective lens prescriptions in traditional in-person clinical settings;

(2) A patient-practitioner relationship is clearly established by the qualified provider agreeing to provide a corrective lens prescription, whether or not there was an in-person encounter between the parties. The parameters of the patient-practitioner relationship for the use of remote technology must mirror those that would be expected for similar in-person encounters to provide corrective lens prescriptions;

(3) The remote technology is only offered to patients who meet appropriate screening criteria. A review of the patient's medical and ocular history that meets standard of care is required to determine who may or may not be safely treated with refraction without a concurrent comprehensive eye exam. Patients must also be informed that a refraction alone, whether utilizing remote technology or in person, does not substitute for a comprehensive eye exam;

(4) Continuity of care is maintained. Continuity of care requires but is not limited to:

(a) A qualified provider addressing an adverse event that occurs as a result of the prescription written by the qualified provider by:

(i) Being available to address the patient's vision or medical condition directly, either in-person or remotely, if it is possible to address the adverse event remotely;

(ii) Having an agreement with another qualified provider or licensed medical provider who is available to address the patient's vision or medical condition, either in-person or remotely; or

(iii) Referring the patient to a qualified provider or licensed medical provider who is capable of addressing the patient's condition;

(b) Retaining patient exam documentation for a minimum of ten years and retaining communication between the remote qualified provider who evaluated the patient and prescribed corrective lenses and any applicable providers as they normally would in an in-person setting; and

(5) When prescribing for contact lenses, the examination of the eyes is performed in accordance with the standard of care and standard of care for contact lenses. The components of the eye examination, if done remotely, must be to the same evaluation and standard of care the qualified provider would typically do in an in-person setting for the same condition. If the eye examination is performed by someone other than the prescribing qualified provider, the prescribing qualified provider must obtain written, faxed, or electronically communicated affirmative verification of the results of that eye examination from the provider who performed the examination. The absence of receipt of affirmative verification within any specified time period cannot be used as presumed affirmative verification.

**NEW SECTION. Sec. 89. REMOTE TECHNOLOGY STANDARDS FOR USE.** It is unlawful for any person to offer or otherwise make available to consumers in this state remote technology under this chapter without fully complying with the following:

(1) The remote technology must be approved by the United States food and drug administration when applicable;

(2) The remote technology must be designed and operated in a manner that provides any accommodation required by the Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. when applicable;

(3) The remote technology, when used for the collection and transmission of diagnostic information and data, must gather and transmit any protected health information in compliance with the federal health insurance portability and accountability act of 1996 and related regulations;

(4) The remote technology, when used for the collection and transmission of diagnostic information and data, may only transmit the diagnostic information and data to a qualified provider, their staff, contracted support staff, or another licensed health care provider for the purposes of collaboration in providing care to the patient. When diagnostic information and data are collected and transmitted through remote technology, that information must be read and interpreted by a qualified provider in order to release a corrective lens prescription to the patient or other entity. Contracted support staff must comply with all requirements of this chapter. Contract support staff and the supervising provider retain personal and professional responsibility for any violation of this chapter by the contracted support staff; and

(5) The owner, lessee, or operator of the remote technology must maintain liability insurance in an amount reasonably sufficient to cover claims which may be made by

individuals diagnosed or treated based on information and data by the automated equipment, including but not limited to photographs and scans.

**NEW SECTION. Sec. 90. ENFORCEMENT.** (1) The relevant disciplinary authority for the qualified provider shall review any written complaint alleging a violation, or attempted violation, of this chapter or rules adopted pursuant to this chapter, and conduct an investigation.

(2) If the disciplinary authority finds that a person has violated or attempted to violate this chapter, it may:

(a) Upon the first violation or attempted violation that did not result in significant harm to an individual's health, issue a written warning; or

(b) In all other cases, impose a civil penalty of not less than one thousand dollars and not more than ten thousand dollars for each violation.

(3) At the request of the department, the attorney general may file a civil action seeking an injunction or other appropriate relief to enforce this chapter and the rules adopted pursuant to this chapter.

(4) For the purposes of this section, "disciplinary authority" means the same as in RCW 18.130.020.

**NEW SECTION. Sec. 91. RULE MAKING.** The department shall adopt any rules necessary to implement this chapter.

**NEW SECTION. Sec. 92.** Sections 2 through 7 of this act constitute a new chapter in Title 18 RCW."

**2SSB 5947** Prime Sponsor, Committee on Ways & Means: Establishing the sustainable farms and fields grant program. Reported by Committee on Capital Budget

**MAJORITY recommendation:** Do pass as amended by Committee on Capital Budget and without amendment by Committee on Rural Development, Agriculture, & Natural Resources.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 93.** The legislature finds that Washington's working agricultural lands are essential to the economic and social well-being of our rural communities and to the state's overall environment and economy. The legislature further finds that different challenges and opportunities exist to expand the use of precision agriculture for different crops in the state by assisting farmers, ranchers, and aquaculturists to purchase equipment and receive technical assistance to reduce their operations' carbon footprint while ensuring that crops and soils receive exactly

what they need for optimum health and productivity. Moreover, the legislature finds that opportunities exist to enhance soil health through carbon farming and regenerative agriculture by increasing soil organic carbon levels while ensuring appropriate carbon to nitrogen ratios, and to store carbon in standing trees, seaweed, and other vegetation. Therefore, it is the intent of the legislature to provide cost-sharing competitive grant opportunities to enable farmers and ranchers to adopt practices that increase appropriate quantities of carbon stored in and above their soil and to initiate or expand the use of precision agriculture on their farms. This act seeks to leverage and enhance existing state and federal cost-sharing programs for farm, ranch, and aquaculture operations.

**NEW SECTION. Sec. 94.** The definitions in this section apply throughout this section and sections 3 through 7 of this act unless the context clearly requires otherwise.

(1) "Carbon dioxide equivalent emission" means a metric measure used to compare the emission impacts from various greenhouse gases based on their relative radiative forcing effect over a specified period of time compared to carbon dioxide emissions.

(2) "Carbon dioxide equivalent impact" means a metric measure of the cumulative radiative forcing impacts of both carbon dioxide equivalent emissions and the radiative forcing benefits of carbon storage.

(3) "Commission" means the Washington state conservation commission created in this chapter.

(4) "Conservation district" means one or a group of Washington state's conservation districts created in this chapter.

**NEW SECTION. Sec. 95.** (1) The commission shall develop a sustainable farms and fields grant program in consultation with the department of agriculture, Washington State University, and the United States department of agriculture natural resources conservation service.

(2) As funding allows, the commission shall distribute funds, as appropriate, to conservation districts and other public entities to help implement the projects approved by the commission.

(3) No more than fifteen percent of the funds may be used by the commission to develop, or to consult or contract with private or public entities, such as universities or conservation districts, to develop:

(a) An educational public awareness campaign and outreach about the sustainable farm and field program; or

(b) The grant program, including the production of analytical tools, measurement estimation and verification methods, cost-benefit measurements, and public reporting methods.

(4) No more than five percent of the funds may be used by the commission to cover the administrative costs of the program.

(5) No more than twenty percent of the funds may be awarded to any single grant applicant.

(6) Allowable uses of grant funds include:

(a) Annual payments to enrolled participants for successfully delivered carbon storage or reduction;

(b) Up-front payments for contracted carbon storage;

(c) Down payments on equipment;

(d) Purchases of equipment;

(e) Purchase of seed, seedlings, spores, animal feed, and amendments;

(f) Services to landowners, such as the development of site-specific conservation plans to increase soil organic levels or to increase usage of precision agricultural practices, or design and implementation of best management practices to reduce livestock emissions; and

(g) Other equipment purchases or financial assistance deemed appropriate by the commission to fulfill the intent of sections 2 through 7 of this act.

(7) Grant applications are eligible for costs associated with technical assistance.

(8) Conservation districts and other public entities may apply for a single grant from the commission that serves multiple farmers.

(9) Grant applicants may apply to share equipment purchased with grant funds. Applicants for equipment purchase grants issued under this grant program may be farm, ranch, or aquaculture operations coordinating as individual businesses or as formal cooperative ventures serving farm, ranch, or aquaculture operations. Conservation districts, separately or jointly, may also apply for grant funds to operate an equipment sharing program.

(10) No contract for carbon storage or changes to management practices may exceed twenty-five years. Grant contracts that include up-front payments for future benefits must be conditioned to include penalties for default due to negligence on the part of the recipient.

(11) The commission shall attempt to achieve a geographically fair distribution of funds across a broad group of crop types, soil management practices, and farm sizes.

(12) Any applications involving state lands leased from the department of natural resources must include the department's approval.

**NEW SECTION. Sec. 96.** (1) When prioritizing grant recipients, the commission, in consultation with the department of agriculture, Washington State University, and the United States department of agriculture natural resources conservation service, shall seek to maximize the benefits of the grant program by leveraging other state, nonstate, public, and private sources of money. The primary metrics used to rank grant applications must be made public by the commission.

(2) The grant program must prioritize or weight projects based on consideration of the individual project's ability to:

(a) Increase the quantity of organic carbon in topsoil through practices including, but not limited to, cover cropping, no-till and minimum tillage conservation practices, crop rotations, manure application, biochar application, compost application, and changes in grazing management;

(b) Increase the quantity of organic carbon in aquatic soils;

(c) Intentionally integrate trees, shrubs, seaweed, or other vegetation into management of agricultural and aquacultural lands;

(d) Reduce or avoid carbon dioxide equivalent emissions in or from soils;

(e) Reduce nitrous oxide and methane emissions through changes to livestock or soil management; and

(f) Increase usage of precision agricultural practices.

(3) The commission shall develop and approve a prioritization metric to guide the distribution of funds appropriated by the legislature for this purpose, with the goal of producing cost-effective carbon dioxide equivalent impact benefits.

(4) Applicants that create riparian buffers along waterways, or otherwise benefit fish habitat, must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(5) The commission shall downgrade a specific grant proposal within its prioritization metric if the proposal is expected to cause significant environmental damage to fish and wildlife habitat.

**NEW SECTION. Sec. 97.** (1) The commission shall determine methods for measuring, estimating, and verifying outcomes under the sustainable farms and fields grant program in consultation with Washington State University, the department of agriculture, and the United States department of agriculture natural resources conservation service.

(2) The commission may require that a grant recipient allow the commission, or contractors hired by the commission, including the Washington State University extension program, access to the grant recipient's property, with reasonable notice, to monitor the results of the project or projects funded by the grant program on the grant recipient's property.

**NEW SECTION. Sec. 98.** (1) By October 15, 2021, and every two years thereafter, the commission shall report to the legislature and the governor on the performance of the sustainable farms and fields grant program.

(2) The commission shall update at least annually a public list of projects and pertinent information including a summary of state and federal funds, private funds spent, landowner and other private cost-share matching expenditures, the total number of projects, and an estimate of carbon sequestered or carbon emissions reduced.

(3) By July 1, 2024, the commission, in consultation with Washington State University and the University of Washington, must evaluate and update the most appropriate carbon equivalency metric to apply to the sustainable farms and fields grant program. Until this equivalency is updated by the commission, or unless the commission identifies a better metric, the commission must initially use a one hundred year storage equivalency that can be linearly annualized to recognize the storage of carbon on an annual basis based on the storage of 3.67 tons of biogenic carbon for one hundred years being assigned a value equal to avoiding one ton of carbon dioxide equivalent emissions.

(4) The grant recipient and other private cost-sharing participants may at their own discretion allow their business or other name to be listed on the public report produced by the commission. All grant recipients must allow anonymized information about the full funding of their project to be made available for public reporting purposes.

**NEW SECTION. Sec. 99.** The sustainable farms and fields account is created in the state treasury. All receipts of money directed to the account must be deposited in the account. Expenditures from the account may be used only for purposes relating to the sustainable farms and fields grant program established in section 3 of this act. Moneys in the account may be spent only after appropriation.

**NEW SECTION. Sec. 100.** Sections 2 through 7 of this act are each added to chapter 89.08 RCW.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 110.** RCW 74.09.522 and 2019 c 325 s 4004 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter or other applicable law and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter or other applicable law whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of medicaid under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of programs as allowed for in the approved state plan amendment or federal waiver for Washington state's medicaid program;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the

authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223;

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs; and

(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting, promoting care that is integrated, collaborative, colocated, and preventive.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for

out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) Any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to mental health providers and substance use disorder treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in RCW 74.09.870.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter or other applicable law to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state if the managed health care system has made good faith efforts to contract with the nonparticipating provider.

(10) For services covered under this chapter or other applicable law to medical assistance or medical care services enrollees, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (9) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the

managed health care system contract to provide services under this section.

(11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(12) Payments under RCW 74.60.130 are exempt from this section.

~~((13) Subsections (9) through (11) of this section expire July 1, 2021.))"~~

"NEW SECTION. Sec. 111. A new section is added to chapter 51.08 RCW to read as follows:

"New medical issue" means a medical issue not covered by a previous medical examination requested by the department or the self-insurer such as an issue regarding medical causation, medical treatment, work restrictions, or evaluating permanent partial disability.

**Sec. 112.** RCW 51.32.110 and 1997 c 325 s 3 are each amended to read as follows:

(1) ~~((Any))~~ As required under RCW 51.36.070, any worker entitled to receive any benefits or claiming such under this title shall, if requested by the department or self-insurer, submit himself or herself for medical examination, ~~((at a time and from time to time,))~~ at a place reasonably convenient for the worker ~~((and as may be provided by the rules of the department))~~. An injured worker, whether an alien or other injured worker, who is not residing in the United States at the time that a medical examination is requested may be required to submit to an examination at any location in the United States determined by the department or self-insurer.

(2) If the worker refuses to submit to medical examination, or obstructs the same, or, if any injured worker shall persist in unsanitary or injurious practices which tend to imperil or retard his or her recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his or her recovery or refuse or obstruct evaluation or examination for the purpose of vocational rehabilitation or does not cooperate in reasonable efforts at such rehabilitation, the department or the self-insurer upon approval by the department, with notice to the worker may suspend any further action on any claim of such worker so long as such refusal, obstruction, noncooperation, or practice continues and reduce, suspend, or deny any compensation for such period: PROVIDED, That ~~((the))~~ (a) The department or the self-insurer shall not suspend any further action on any claim of a worker or reduce, suspend, or deny any compensation if a worker has good cause for refusing to submit to or to obstruct any examination, evaluation, treatment or practice requested by the department or required under this section and (b) the department may not assess a no-show fee against the worker if the worker gives at least five business days' notice of the worker's intent not to attend the examination.

(3) If the worker necessarily incurs traveling expenses in attending the examination pursuant to the request of the department, such traveling expenses shall be repaid to him or her out of the accident fund upon proper voucher and audit or shall be repaid by the self-insurer, as the case may be.

(4)(a) If the medical examination required by this section causes the worker to be absent from his or her work without pay:

(i) In the case of a worker insured by the department, the worker shall be paid compensation out of the accident fund in an amount equal to his or her usual wages for the time lost from work while attending the medical examination; or

(ii) In the case of a worker of a self-insurer, the self-insurer shall pay the worker an amount equal to his or her usual wages for the time lost from work while attending the medical examination.

(b) This subsection (4) shall apply prospectively to all claims regardless of the date of injury.

**Sec. 113.** RCW 51.36.070 and 2001 c 152 s 2 are each amended to read as follows:

(b) The examination must be at a place reasonably convenient to the injured worker, or alternatively utilize telemedicine if the department determines telemedicine is appropriate for the examination. For purposes of this subsection, "reasonably convenient" means at a place where residents in the injured worker's community would normally travel to seek medical care for the same specialty as the examiner. The department must address in rule how to accommodate the injured worker if no approved medical examiner in the specialty needed is available in that community.

(2) The department or self-insurer shall provide the physician performing an examination with all relevant medical records from the worker's claim file. The director, in his or her discretion, may charge the cost of such examination or examinations to the self-insurer or to the medical aid fund as the case may be. The cost of said examination shall include payment to the worker of reasonable expenses connected therewith.

(3) For purposes of this section, "examination" means a physical or mental examination by a medical care provider licensed to practice medicine, osteopathy, podiatry, chiropractic, dentistry, or psychiatry at the request of the department or self-insured employer or by order of the board of industrial insurance appeals.

(4) This section applies prospectively to all claims regardless of the date of injury.

(2) Except when otherwise provided by local ordinance, every vehicle stopped or parked upon a one-way roadway shall be so stopped or parked parallel to the curb or edge of the roadway, in the direction of authorized traffic movement, with its right-hand wheels within twelve inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder, or with its left-hand wheels within twelve inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder. This subsection does not apply to the parking of motorcycles, unless a local jurisdiction prohibits angle parking as permitted under subsection (3)(a)(i) of this section and does not otherwise specify the manner in which a motorcycle must park.

(3)(a)(i) Every motorcycle stopped or parked on a one-way or two-way highway shall be so stopped or parked parallel or at an angle to the curb or edge of the highway with at least one wheel or fender within twelve inches of the curb nearest to which the motorcycle is parked or as close as practicable to the edge of the shoulder nearest to which the motorcycle is parked. A motorcycle may not be parked in such a manner that it extends into the roadway.

(ii) A county, city, or town may by ordinance prohibit the angle stopping or parking of a motorcycle as specified in (a)(i) of this subsection, but must post visible signage in a location to provide notice of the prohibition on angle stopping or parking for the prohibition to apply to that location.

(b)(i) More than one motorcycle may occupy a parking space, provided that the parked motorcycles occupying the parking space do not exceed the boundaries of that parking space.

(ii) All motor vehicle parking laws and penalties for the unlawful parking of a motor vehicle apply to each motorcycle parked in a parking space when multiple motorcycles are parked in that space to the same extent that motor vehicle parking laws apply to a single motor vehicle when it is the sole motor vehicle parked in a parking space. When proof of payment is required to be displayed by each motor vehicle parking at a location, all motorcycles must display such proof of payment, even if more than one motorcycle is parked in the same parking space. However, parking spaces that are metered by the space may not require payment multiple times for the use of a single parking space by multiple motorcycles during the same period of time.

(4) Local authorities may by ordinance or resolution permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the secretary of transportation has determined by order that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic. The angle parking of motorcycles, which is governed under subsection (3) of this section, is not subject to this determination by the secretary of transportation.

((4)) (5) The secretary with respect to highways under his or her jurisdiction may place official traffic control devices prohibiting, limiting, or restricting the stopping, standing, or parking of vehicles on any highway where the secretary has determined by order, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. No person shall stop, stand, or park any vehicle in violation of the restrictions indicated by such devices."

### POINT OF PERSONAL PRIVILEGE

Representative Smith: “Madame Speaker, it is with a lot of emotion and a lot of excitement, a lot of sadness, but mostly a lot of looking forward today that I wanted you and my good colleagues on the floor to know that I will not be seeking reelection for the 10<sup>th</sup> District. I want you to know that working with you and every member on this floor has been an extraordinary honor over the last 13 years. Thirteen years is a long time and Madam Speaker, you know my heart on so many issues; we’ve talked about a lot of things, and one of the things that has been consistent in my life is the call to serve, and serving here, and working on sound public policy; working on behavioral and mental health; working on environmental policy; working on those things that we care so deeply about and we’ve joined forces together and we’ve passed some incredible legislation that makes a difference for the people we serve; that is an incredible way to serve. The work we do here, the work our staff helps us to do here is so incredibly important, but Madam Speaker, there’s another calling on my life that has been as consistent as well, that’s part of serving, and that is teaching and mentoring. From high school, it’s been a part of my life to share with others; to come alongside them in their journeys; to touch their lives and allow them to touch mine; to see people, and in that moment, to help them know their intrinsic value; that they are loved, that they are beloved, that their lives matter. And so Madam Speaker, as more and more of those opportunities have arisen over the last few years and I’ve had to say “no” because of this work that is so important, I want to be able to say “yes” to what I believe is the most important work. And Madam Speaker, we here can solve problems that touch many areas of people’s lives. We can help them with their physical challenges; we can help provide housing, we can help provide solutions that address the physical and the intellectual and the, perhaps even sometimes, emotional challenges of life. But Madam Speaker, here we can’t solve the deepest longings of the heart, the spiritual nature of who we are. To address those eternal issues; to know that we are loved and to know how to love. That, I believe, is my next calling because it’s been my calling for as long as I can remember and I look forward to being able to invest my heart more fully both in my own family, my community, in the faith community, wherever I am led in this next season of life and I want you to know that the experiences here will impact that effort, that calling, that work, and I want to say thank you for the journey we have been on here in this House together. Our journeys will continue in different ways. I want to be a, in any way that I can be, help to any of my colleagues on the floor; I want to be able to do that, but today, I want to say “Thank you” to you, to my colleagues, most of all to the people of the 10<sup>th</sup> Legislative district who gave me the great privilege and honor of giving myself fully to representing them here in the House of Representatives. I will be forever grateful. Thank you Madam Speaker.”

Speaker Jenkins: “Thank you Representative Smith. Norma, the loss that this body will feel and that the people of the state will feel, will only be a gain to those people in your community that you are going to be able to be in closer touch with and your grandchildren who you’ve talked to me a lot about and wanting to be with them, so we’ll have more opportunities, next week likely, to recognize and celebrate your service, but for now, I will just say “Thank you.”

There being no objection, the House advanced to the fourth order of business.

4.0. On page 2, after line 8, insert the following:

"The legislature also finds that the state has an interest in ensuring that Washington's students receive high quality uninterrupted educational services."

On page 3, after line 18, insert the following:

"Sec. 3. RCW 41.59.105 and 2017 3rd sp.s. c 13 s 818 are each amended to read as follows:

(1) All collective bargaining agreements entered into between a school district employer and school district employees under this chapter after June 10, 2010, as well as bargaining agreements existing on June 10, 2010, but renewed or extended after June 10, 2010, shall be consistent with RCW 28A.657.050.

(2) All collective bargaining agreements entered into between a school district employer and school district employees under this chapter shall be consistent with RCW 28A.400.280 and 28A.400.350.

(3) If a collective bargaining agreement between a school district employer and school district employees

prohibits its certificated employees from striking, the certificated employees may not strike for any reason for the entire time the collective bargaining agreement is in place. If a certificated employee strikes in violation of the collective bargaining agreement, the school district may take any appropriate action to remedy the situation, as provided in the collective bargaining agreement or, if not specified in the collective bargaining agreement, as allowed within the school district's discretion.

(4) Employee bargaining shall be initiated after July 1, 2018, over the dollar amount to be contributed beginning January 1, 2020, on behalf of each employee for health care benefits. Bargaining must subsequently be conducted in even-numbered years between the governor or governor's designee and one coalition of all the exclusive bargaining representatives impacted by benefit purchasing with the school employees' benefits board established in RCW 41.05.740, consistent with RCW 28A.400.280 and 28A.400.350. ~~((4))~~ (5) The governor shall submit a request for funds necessary to implement the collective bargaining agreement for the dollar amount to be expended for school employee health benefits, or for legislation necessary to implement the agreement. A request for funds shall not be submitted to the legislature by the governor unless such request:

(a) Has been submitted to the director of the office of financial management by October 1st prior to the legislative session at which the request is to be considered; and

(b) Has been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds. The legislature shall not consider a request for funds unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement. However, if the director of the office of financial management does not certify a request under this section as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the health care benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement."

## POINT OF ORDER

Representative Stonier requested a scope and object ruling on amendment (1852) to SB 6096.

## SPEAKER'S RULING

Madame Speaker: "The title of the bill is an act relating to preventing disruption of certain state financed and procured services due to labor unrest within contracted service providers.

The bill requires that certain contracts between the Department of Social and Health Services and private contractors must contain assurances that the contracted services will not be disrupted or delayed by economic or industrial action.

The amendment addresses labor unrest between different parties – school districts and their employees.

The Speaker therefore finds and rules that the amendment is outside the scope and object of the bill.

The point of order is well taken."

## REPORTS OF STANDING COMMITTEES

March 4, 2020 4.0.

ESSB 5323 Prime Sponsor, Committee on Environment, Energy & Technology: Reducing pollution from plastic bags by establishing minimum state standards for the use of bags at retail establishments. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended by Committee on Finance and without amendment by Committee on Environment & Energy.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 5. (1) State policy has long placed waste reduction as the highest priority in the collection, handling, and management of solid waste. Reducing plastic bag waste holds particular importance among state waste reduction efforts for a number of reasons:

(a) Single-use plastic carryout bags are made of nonrenewable resources and never biodegrade; instead, over time, they break down into tiny particles. Single-use plastic carryout bags, and the particles they break into, are carried into rivers, lakes, Puget Sound, and the world's oceans, posing a threat to animal life and the food chain;

(b) Plastic bags are one of the most commonly found items that litter state roads, beaches, and other public spaces; and

(c) Even when plastic bags avoid the common fate of becoming litter, they are a drain on public resources and a burden on environment and resource conservation goals. For example, if plastic bags are disposed of in commingled recycling systems rather than as garbage or in retailer drop-off programs, they clog processing and sorting machinery, resulting in missorted materials and costly inefficiencies that are ultimately borne by utility ratepayers. Likewise, when green or brown-tinted plastic bags confuse consumers into attempting to dispose of them as compost, the resultant plastic contamination undercuts the ability to use the compost in gardens, farms, landscaping, and surface water and transportation projects.

(2) Alternatives to single-use plastic carryout bags are convenient, functional, widely available, and measure as superior across most environmental performance metrics. Alternatives to single-use plastic carryout bags feature especially superior environmental performance with respect to litter and marine debris, since plastic bags do not biodegrade.

(3) As of 2020, many local governments in Washington have shown leadership in regulating the use of single-use plastic carryout bags. This local leadership has shown the value of establishing state standards that will streamline regulatory inconsistency and reduce burdens on covered retailers caused by a patchwork of inconsistent local requirements across the state.

(4) Data provided from grocery retailers has shown that requests for paper bags have skyrocketed where plastic bag bans have been implemented. To accommodate the anticipated consequences of a statewide plastic bag ban, it is rational to expect additional capacity will be needed in Washington state for manufacturing paper bags. The legislature intends to provide that capacity by prioritizing and expediting siting and permitting of expansions or reconfiguring for paper manufacturing.

(5) Therefore, in order to reduce waste, litter, and marine pollution, conserve resources, and protect fish and wildlife, it is the intent of the legislature to:

(a) Prohibit the use of single-use plastic carryout bags;

(b) Require a pass-through charge on recycled content paper carryout bags and reusable carryout bags made of film plastic, to encourage shoppers to bring their own reusable carryout bags;

(c) Require bags provided by a retail establishment contain recycled content; and

(d) Encourage the provision of reusable and recycled content paper carryout bags by retail establishments.

NEW SECTION. Sec. 6. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carryout bag" means any bag that is provided by a retail establishment at home delivery, the check stand, cash register, point of sale, or other point of departure to a customer for use to transport or carry away purchases.

(2) "Department" means the department of ecology.

(3) "Pass-through charge" means a charge to be collected and retained by retailers from their customers when providing recycled content paper carryout bags and reusable carryout bags made of film plastic.

(4) "Recycled content paper carryout bag" means a paper carryout bag provided by a store to a customer at the point of sale that meets the requirements in section 3(6)(a) of this act.

(5) "Retail establishment" means any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides food, merchandise, goods, or materials directly to a customer including home delivery, temporary stores, or vendors at farmers markets, street fairs, and festivals.

(6) "Reusable carryout bag" means a bag made of cloth or other durable material with handles that is specifically designed and manufactured for long-term multiple reuse and meets the requirements of section 3(6)(b) of this act.

(7) "Single-use plastic carryout bag" means any bag that is made from plastic that is designed and suitable only to be used once and disposed.

**NEW SECTION. Sec. 7.** (1) Beginning January 1, 2021, except as provided in this section and section 4 of this act, a retail establishment may not provide to a customer or a person at an event:

(a) A single-use plastic carryout bag; or

(b) A paper carryout bag or reusable carryout bag made of film plastic that does not meet recycled content requirements.

(2)(a) A retail establishment may provide a reusable carryout bag or a recycled content paper carryout bag of any size to a customer at the point of sale.

(b) A retail establishment must collect a pass-through charge of at least seven cents, but not more than ten cents for every recycled content paper carryout bag with a manufacturer's stated capacity of one-eighth barrel (eight hundred eighty-two cubic inches) or greater or reusable carryout bag made of film plastic it provides, except as provided in subsection (5) of this section and section 4 of this act. A retail establishment may make reusable carryout bags available to customers through sale.

(c) A retail establishment must keep all revenue from pass-through charges. The pass-through charge is a taxable retail sale. A retail establishment must show all pass-through charges on a receipt provided to the customer.

(3) Carryout bags provided by a retail establishment do not include:

(b) A retail establishment may not use or provide polyethylene or other noncompostable plastic bags for bagging of customer products in stores, as carryout bags, or for home delivery that do not meet the requirements for noncompostable products and film bags in chapter 70.360 RCW.

(5) Except as provided by local regulations enacted as of April 1, 2020, a retail establishment may provide a bag restricted under subsection (1) of this section from existing inventory until one year after the effective date of this section. The retail establishment, upon request by the department, must provide purchase invoices, distribution receipts, or other information documenting that the bag was acquired prior to the effective date of this section.

(6) For the purposes of this section:

(a) A recycled content paper carryout bag must:

(i) Contain a minimum of forty percent postconsumer recycled materials;

(ii) Be capable of composting, consistent with the timeline and specifications of the entire American society of testing materials D6868 and associated test methods that must be met, as it existed as of January 1, 2020; and

(iii) Display the minimum percentage of postconsumer content in print on the exterior of the paper bag.

(b) A reusable carryout bag must:

(C) Have a minimum thickness of no less than 2.25 mils; and

(D) Display wording that the bag is reusable.

(c) Except for the purposes of subsection (4) of this section, food banks and other food assistance programs are not retail establishments, but are encouraged to take actions to reduce the use of single-use plastic carryout bags.

**NEW SECTION. Sec. 8.** It is a violation of section 3 of this act for any retail establishment to pay or otherwise reimburse a customer for any portion of the pass-through charge; provided that retail establishments may not collect a pass-through charge from anyone using a voucher or electronic benefits card issued under the women, infants, and children (WIC) or temporary assistance for needy families (TANF) support programs, or the federal supplemental nutrition assistance program (SNAP, also known as basic food), or the Washington state food assistance program (FAP).

**NEW SECTION. Sec. 9.** (1) Until June 1, 2025, the department shall prioritize the expedited processing of applications for permits related to the expansion or reconfiguring of an existing pulp and paper mill for the purpose of manufacturing paper bags or raw materials used to manufacture paper bags.

(2) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(3) The enforcement of this chapter must be based primarily on complaints filed with the department and local jurisdictions. The department must establish a forum for the filing of complaints. Local jurisdictions and other persons may file complaints with the department using the forum and local jurisdictions may review complaints filed with the department via the forum for purposes of the local jurisdiction carrying out education and outreach to retail establishments. A forum established by the department may include a complaint form on the department's web site, a telephone hotline, or a public outreach strategy relying upon electronic social media to receive complaints that allege violations. The department, in collaboration with the local jurisdictions, must provide education and outreach activities to inform retail establishments, consumers, and other interested individuals about the requirements of this chapter.

(4) The department or local jurisdiction shall work with retail establishments, retail associations, unions, and other organizations to create educational elements regarding the ban and the benefits of reusable bags. Educational elements may include signage at store locations, informational literature, and employee training by October 1, 2020.

(5) Retail establishments are encouraged to educate their staff to promote reusable bags as the best option for carry-out bags and to post signs encouraging customers to use reusable bags.

(6) A violation of this chapter is subject to a civil penalty of up to two hundred fifty dollars. Each calendar day of operation or activity in violation of this chapter comprises a new violation. Penalties issued under this section are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(7) If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by July 1, 2020, from the waste reduction, recycling, and litter control account for purposes of implementing the

education and outreach activities required under this section, then this act is null and void.

**NEW SECTION. Sec. 10.** (1) Except as provided in subsection (2) of this section, a city, town, county, or municipal corporation may not implement a local carryout bag ordinance. Except as provided in subsection (2) of this section, any carryout bag ordinance that was enacted as of April 1, 2020, is preempted by this chapter.

(2)(a) A city, town, county, or municipal corporation ordinance enacted as of April 1, 2020, that has established a pass-through charge of ten cents is not preempted with respect to the amount of the pass-through charge.

(b) A city, town, county, or municipal corporation ordinance not specified in (a) of this subsection and enacted as of April 1 2020, is not preempted until January 1, 2021.

**NEW SECTION. Sec. 11.** (1) By October 31, 2023, the department must submit a report to the appropriate committees of the legislature. The report required under this section must include:

(a) An assessment of the effectiveness of the pass-through charge for reducing the total volume of bags purchased and encouraging the use of reusable bags;

(b) An assessment of the cost of the authorized bags to retail establishments versus the pass-through charge allowed under chapter 70.--- RCW (the new chapter created in section 11 of this act);

(c) An assessment of 2.25 mil plastic reusable bags, including their overall contribution to the reduction of the volume of plastic use; and

(d) Recommendations for revisions for this act, if needed.

(2) This section expires July 1, 2025.

**ESSB 6012** Prime Sponsor, Committee on Ways & Means: Promoting renewable energy through modifying tax incentives. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 18.** (1) The legislature finds that Washington, through implementation of the clean energy transformation act, is transforming its energy supply and modernizing its electricity system. In implementing this act, the state is prioritizing creation of family wage jobs and providing safeguards to ensure that the achievement of this policy does not impair the reliability of the electricity system or impose unreasonable costs on utility customers.

(2) The legislature finds that to accomplish the goals of chapter 288, Laws of 2019—promote energy independence; create high-quality jobs in the clean energy sector; maximize the value of hydropower, our principal renewable resource; maintain safe and reliable electricity to all customers at stable and affordable rates; and protect clean air and water in the Pacific Northwest—utilities will need to invest in new renewable energy sources and maximize the use of existing resources, especially renewable resources that can be called upon to produce electricity at all hours throughout the year.

(3) The legislature declares that the state has an important role to play in supporting the development of these new renewable energy resources, including the provision of incentives to support hydropower system investments that are specifically targeted to achieve the goals of this policy, provided said investments, and resulting operations maintain or enhance fish conservation mandates and responsibilities.

(4) It is the intent of the legislature to exempt from sales and use taxes hydropower system investments that directly support the goals of chapter 288, Laws of 2019. The total amount of exemption will be determined based on the prorated share of hydropower capacity owned by each utility in Washington state as of December 31, 2019.

**NEW SECTION. Sec. 19.** (1) This section is the tax preference performance statement for the sales and use tax exemptions contained in sections 3 and 4, chapter . . . , Laws of 2020 (sections 3 and 4 of this act). This performance statement is only intended to be used for subsequent evaluation of these tax preferences. It is not intended to

create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these sales and use tax exemptions as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) If a review finds that the exemptions provided in sections 3 and 4, chapter . . . , Laws of 2020 (sections 3 and 4 of this act) support the goals of chapter 288, Laws of 2019—to promote energy independence; create high-quality jobs in the clean energy sector; maximize the value of hydropower, our principal renewable resource; maintain safe and reliable electricity to all customers at stable and affordable rates; and protect clean air and water in the Pacific Northwest—then the legislature intends to extend the expiration date of these tax preferences.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may refer to any data collected by the state.

**NEW SECTION. Sec. 20.** A new section is added to chapter 82.08 RCW to read as follows:

(1) Beginning July 1, 2020, the tax imposed by RCW 82.08.020 does not apply to the following:

(a) The sale of or charge made for machinery and equipment, and labor and services, that will provide additional support for the transition to clean energy through incremental increases in production, capacity, flexibility, or efficiency of operation or performance from the refurbishment or replacement of existing machinery and equipment, or purchase of new machinery and equipment, for an existing hydroelectric generation facility; and

(b) The sale of or charge made for machinery and equipment, and labor and services, necessary for an existing hydroelectric generation facility to develop self-lubricating adjustable turbine blade hubs for further evaluation and testing.

(2) In order to qualify for the exemption provided in subsection (1) of this section:

(a) Machinery and equipment must be received by the purchaser after June 30, 2020, and before July 1, 2031; and

(b) Labor and services, as described in subsection (1) of this section, must be rendered after June 30, 2020, and before July 1, 2031.

(3)(a)(i) The total exemption from the state sales and use tax under this section and section 4 of this act is subject to the following biennial limits:

(A) For fiscal year 2021, two million five hundred thousand dollars; and

(B) For each biennium beginning on or after July 1, 2021, five million dollars.

(ii) Unclaimed exempted amounts from fiscal year 2021 or a given biennium must be carried over and added to the limit of the following biennium.

(b) Each generating utility in the state is eligible for a proportional amount of the total tax preference over eleven years. This figure will be based on the prorated share of total hydropower generator capacity owned by each generating utility in Washington state as of December 31, 2019. The department of commerce must calculate the prorated shares based on information provided by the utilities and provide this information to the department of revenue.

(c) A generating utility may claim an exemption at any time during the eleven-year period that this exemption is in effect, up to its prorated share and subject to the statutory time limitations in RCW 82.32.060. Applications for remittance will be processed on a first-in-time basis. If funds are not available in the biennium in which the application is submitted to the department, the generating utility will be eligible to claim funds the following biennium before any new applicants.

(4)(a) The exemption provided under this section is in the form of a remittance and applies only to the state portion of the tax. A generating utility claiming an exemption from the state portion of the sales tax for eligible projects under this section must pay all state and local sales and use taxes. The buyer may then apply to the department for remittance on an annual basis for one hundred percent of the state sales and use tax paid on qualifying purchases subject to the requirements of this section.

(b) The department must determine eligibility under this section based on information provided by the buyer and through audit and other administrative records. The buyer must submit an application, in a form and manner as required by the department, specifying the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The buyer must retain, in adequate detail to enable the department to determine whether the charges made for machinery and equipment, and labor and services, meet the criteria under this section: Invoices; proof of tax paid; documents describing the equipment; and construction invoices and documents.

(c) As part of the application for a remittance under this section, the generating utility must attest:

(i)(A) That the contractors on the project have a history of complying with federal and state wage and hour laws and regulations; or

(B) That the project is developed under a community workforce agreement or project labor agreement; or

(ii) That, if the contract for refurbishment or upgrade of a hydroelectric generation facility or machinery and equipment therein under subsection (1)(a) or (b) of this section was executed prior to July 1, 2020, and the remaining machinery and equipment, and labor and services, will be delivered or rendered on or after July 1, 2020, either of the conditions in (c)(i) of this subsection (4) is met and wages consistent with chapter 39.12 RCW are paid on the project.

(d) If the department determines that any of the facts attested to as required under (c) of this subsection are not true, the department must deny the application for remittance. However, nothing in this section requires the

department to endeavor to determine the veracity of the facts attested to as required under (c) of this subsection. Upon the department's request, state agencies must provide assistance to the department in reviewing the information submitted by a generating utility as required by (c) of this subsection.

(e) Upon approval of an application for remittance under this section, the department must remit exempted amounts to the generating utility. Remittances under this section are subject to repayment if the department subsequently determines, through audit or other information, that the generating utility was not eligible for the remittance.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible project" means a project meeting the requirements in subsection (1) of this section within a hydroelectric facility designed to generate at least one thousand kilowatts of electricity using the energy of falling or flowing fresh water.

(b)(i) "Generating utility" means public and private utilities regulated under the laws of Washington state that own and operate hydroelectric facilities located within the state.

(ii) "Generating utility" does not include hydroelectric facilities owned by the federal government.

(c) "Labor and services" means work associated with demolition, removal, and deconstruction of an existing turbine or generation machinery and equipment; and the construction, installation, alteration, replacement, repair, cleaning, conversion, or assembly of the self-lubricating adjustable turbine blade hub or other machinery and equipment that is acquired or used as part of an eligible project.

(d)(i) "Machinery and equipment" means fixtures, devices, control systems, and support facilities that are integral and necessary to the generation of electricity using the energy of falling or flowing fresh water.

(ii) "Machinery and equipment" does not include: (A) Hand-powered tools; (B) property with a useful life of less than one year; (C) repair parts required to restore machinery and equipment to normal working order; (D) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (E) buildings and other structures, such as dams, powerhouses, fish ladders, and transmission towers; and (F) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building.

(e) "Self-lubricating adjustable turbine blade hub" means a type of horizontal or vertical hydroelectric turbine with adjustable blades that use alternative technology to lubricate the internal components.

(6) This section expires July 1, 2031.

**NEW SECTION. Sec. 21.** A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of:

(a) Machinery and equipment, and labor and services, that will provide additional support for the transition to clean energy through incremental increases in production, capacity, flexibility, or efficiency of operation or performance from the refurbishment or replacement of existing machinery and equipment, or purchase of new machinery and equipment, for an existing hydroelectric generation facility; and

(b) Machinery and equipment, and labor and services, necessary for an existing hydroelectric generation facility to develop self-lubricating adjustable turbine blade hubs for further evaluation and testing.

(2) In order to qualify for the exemption provided in subsection (1) of this section:

(a) First use of the machinery and equipment, as described in subsection (1) of this section, must occur after June 30, 2020, and before July 1, 2031; and

(b) Labor and services, as described in subsection (1) of this section, must be rendered after June 30, 2020, and before July 1, 2031.

(3) The definitions, conditions, and requirements under section 3 of this act apply to this section.

(4) This section expires July 1, 2031.

(1) The long-term services and supports trust account is created in the custody of the state treasurer. All receipts from employers under RCW 50B.04.080 must be deposited in the account. Expenditures from the account may be used for the administrative activities of the department of social and health services, the health care authority, and the employment security department. Benefits associated with the program must be disbursed from the account by the department of social and health services. Only the secretary

of the department of social and health services or the secretary's designee may authorize disbursements from the account. The account is subject to the allotment procedures under chapter 43.88 RCW. An appropriation is required for administrative expenses, but not for benefit payments. The account must provide reimbursement of any amounts from other sources that may have been used for the initial establishment of the program.

(2) The revenue generated pursuant to this chapter shall be utilized to expand long-term care in the state. These funds may not be used either in whole or in part to supplant existing state or county funds for programs that meet the definition of approved services.

(3) The moneys deposited in the account must remain in the account until expended in accordance with the requirements of this chapter. If moneys are appropriated for any purpose other than supporting the long-term services and supports program, or for the purposes described in section 7 of this act, the legislature shall notify each qualified individual by mail that the person's premiums have been appropriated for an alternate use, describe the alternate use, and state its plan for restoring the funds so that premiums are not increased and benefits are not reduced.

**Sec. 2.** RCW 48.32A.025 and 2001 c 50 s 3 are each amended to read as follows:

(1) This chapter provides coverage for the policies and contracts specified in subsection (2) of this section as follows:

(a) To persons who, regardless of where they reside, except for nonresident certificate holders under group policies or contracts, are the beneficiaries, assignees, or payees of the persons covered under (b) of this subsection;

(b) To persons who are owners of or certificate holders under the policies or contracts, other than unallocated annuity contracts and structured settlement annuities, and in each case who:

(i) Are residents; or

(ii) Are not residents, but only under all of the following conditions:

(A) The insurer that issued the policies or contracts is domiciled in this state;

(B) The states in which the persons reside have associations similar to the association created by this chapter; and

(C) The persons are not eligible for coverage by an association in any other state due to the fact that the insurer was not licensed in the state at the time specified in the state's guaranty association law;

(c) For unallocated annuity contracts specified in subsection (2) of this section, (a) and (b) of this subsection do not apply, and this chapter, except as provided in (e) and (f) of this subsection, does provide coverage to:

(i) Persons who are the owners of the unallocated annuity contracts if the contracts are issued to or in

connection with a specific benefit plan whose plan sponsor has its principal place of business in this state; and

(ii) Persons who are owners of unallocated annuity contracts issued to or in connection with government lotteries if the owners are residents;

(d) For structured settlement annuities specified in subsection (2) of this section, (a) and (b) of this subsection do not apply, and this chapter, except as provided in (e) and (f) of this subsection, does provide coverage to a person who is a payee under a structured settlement annuity, or beneficiary of a payee if the payee is deceased, if the payee:

(e) This chapter does not provide coverage to:

(i) A person who is a payee, or beneficiary, of a contract owner resident of this state, if the payee, or beneficiary, is afforded any coverage by the association of another state; or

(ii) A person covered under (c) of this subsection, if any coverage is provided by the association of another state to the person; and

(f) This chapter is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this chapter is provided coverage under the laws of any other state, the person shall not be provided coverage under this chapter. In determining the application of this subsection (1)(f) in situations where a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, this chapter shall be construed in conjunction with other state laws to result in coverage by only one association.

(2)(a) This chapter provides coverage to the persons specified in subsection (1) of this section for direct, nongroup life, disability, or annuity policies or contracts and supplemental contracts to any of these, for certificates under direct group policies and contracts, and for unallocated annuity contracts issued by member insurers, except as limited by this chapter. (B) On and after the date on which the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier, exceeds the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available;

(iv) A portion of a policy or contract issued to a plan or program of an employer, association, or other person to provide life, disability, or annuity benefits to its employees, members, or others, to the extent that the plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or other person under:

(1) Upon retirement for service as prescribed in RCW 41.32.765 or retirement for disability under RCW 41.32.790, a member shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married and both the member and member's spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse as the beneficiary. Such benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) and (c) of this subsection.

(b) Written consent from a spouse or domestic partner is not required if a member who is married or a domestic partner selects a joint and survivor option under subsection (1)(b) of this section and names the member's spouse or domestic partner as the survivor beneficiary.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. (5)(a) The department shall add to adopted rules related to temporary assistance for needy families time limit extensions, the following criteria by which the department shall exempt a recipient and the recipient's family from the application of subsection (1) of this section:

(i) By reason of hardship, including ~~((if the recipient is a homeless person as described in RCW 43.185C.010))~~ when:

(A) The recipient's family includes a child or youth who is without a fixed, regular, and adequate nighttime residence as described in the federal McKinney-Vento homeless assistance act (Title 42 U.S.C., chapter 119, subchapter VI, part B) as it existed on January 1, 2020; or

(B) The recipient is in need of mental health or substance use disorder treatment; or

(ii) If the family includes an individual who meets the family violence options of section 402(A)(7) of Title IVA of the federal social security act as amended by P.L. 104-193.

(b) Policies related to circumstances under which a recipient will be exempted from the application of subsection (1) or (3) of this section shall treat adults receiving benefits on their own behalf, and parents receiving benefits on behalf of their child similarly, unless required otherwise under federal law.

(6) The department shall not exempt a recipient and his or her family from the application of subsection (1) or (3) of this section until after the recipient has received fifty-two months of assistance under this chapter.

(7) The department shall provide transitional food assistance for a period of five months to a household that ceases to receive temporary assistance for needy families assistance and is not in sanction status. If necessary, the department shall extend the household's basic food certification until the end of the transition period.

**NEW SECTION. Sec. 24.** A new section is added to chapter 74.08A RCW to read as follows:

families benefits were reduced or terminated during the preceding year due to:

(a) Sanction as described in RCW 74.08A.260; or

(b) Reaching the sixty-month time limit under RCW 74.08A.010.

(2) If the disaggregated data for terminated or sanctioned individuals shows a disproportionate representation of any racial group that has experienced historic disparities or discrimination, the department must describe steps it is taking to address and remedy the racial disproportionality.

Representative Entenman moved the adoption of the striking amendment (2120):

25.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 26.** The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services in a variety of beneficial ways, such as locating missing or incapacitated persons, identifying victims of crime, and keeping the public safe.

**NEW SECTION. Sec. 27.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with section 3 of this act.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any

individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 8 of this act and who have the authority to alter the decision under review.

(8) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual, and includes, at a minimum, information about gender, race or ethnicity, age, and location.

(9) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(10) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(11) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(12) "Serious criminal offense" means any offense defined under RCW 9.94A.030 (26), (33), (42), (43), (47), or (56).

(13) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual

whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 28.** (1) A state or local government agency using or intending to develop, procure, or use a facial recognition service must file with a legislative authority a notice of intent to develop, procure, or use a facial recognition service and specify a purpose for which the technology is to be used. A state or local government agency may commence the accountability report required in this section only upon the approval of the notice of intent by the legislative authority.

(2) Prior to developing, procuring, or using a facial recognition service, a state or local government agency must produce an accountability report for that service. Each accountability report must include, at minimum, clear and understandable statements of the following:

(a)(i) The name of the facial recognition service, vendor, and version; and (ii) a description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the proposed use of the agency;

(b)(i) The type or types of data inputs that the technology uses; (ii) how that data is generated, collected, and processed; and (iii) the type or types of data the system is reasonably likely to generate;

(c)(i) A description of the purpose and proposed use of the facial recognition service, including what decision or decisions will be used to make or support it; (ii) whether it is a final or support decision system; and (iii) its intended benefits, including any data or research demonstrating those benefits;

(d) A clear use and data management policy, including protocols for the following:

(i) How and when the facial recognition service will be deployed or used and by whom including, but not limited to, the factors that will be used to determine where, when, and how the technology is deployed, and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances. If the facial recognition service will be operated or used by another entity on the agency's behalf, the facial recognition service accountability report must explicitly include a description of the other entity's access and any applicable protocols;

(ii) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose or purposes for which the facial recognition service will be used;

(iii) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;

(iv) Any additional rules that will govern use of the facial recognition service and what processes will be required prior to each use of the facial recognition service;

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

(vii) The agency's training procedures, including those implemented in accordance with section 8 of this act, and how the agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy prior to use of the facial recognition service;

(e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with section 6 of this act;

(f) Information on the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates, determined independently, greater than one percent;

(g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, and the specific steps the agency will take to mitigate the potential impacts and prevent unauthorized use of the facial recognition service; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing the accountability report, the agency must:

(a) Allow for a public review and comment period;

(b) Hold at least three community consultation meetings; and

(c) Consider the issues raised by the public through the public review and comment period and the community consultation meetings.

(4) The final accountability report must be adopted by a legislative authority in a public meeting before the agency may develop, procure, or use a facial recognition service.

(5) The final adopted accountability report must be clearly communicated to the public at least ninety days prior to the agency putting the facial recognition service into operational use, posted on the agency's public web site, and submitted to the consolidated technology services agency established in RCW 43.105.006. The consolidated technology services agency must post each submitted accountability report on its public web site.

(6) A state or local government agency seeking to procure a facial recognition service must require vendors to disclose any complaints or reports of bias regarding the service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must first seek public comment and community consultation on the proposed new use and adopt an updated accountability report pursuant to the requirements contained in this section.

(8) A state or local government agency that is using a facial recognition service as of the effective date of this section must suspend its use of the service until it complies with the requirements of this chapter.

**NEW SECTION. Sec. 29.** (1) State and local government agencies using a facial recognition service are required to prepare and publish an annual report that discloses:

(a) The extent and effectiveness of their use of such services, including nonidentifying demographic data about individuals subjected to a facial recognition service;

(b) An assessment of compliance with the terms of their accountability report;

(c) Any known or reasonably suspected violations of their accountability report, including categories of complaints alleging violations; and

(d) Any revisions to the accountability report recommended by the agency during the next update of the policy.

(2) The annual report must be submitted to the office of privacy and data protection.

(3) All agencies must hold community meetings to review and discuss their annual report within sixty days of its adoption by a legislative authority and public release.

**NEW SECTION. Sec. 30.** State and local government agencies using a facial recognition service to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities,

health care services, or access to basic necessities such as food and water, or that impact civil rights of individuals.

**NEW SECTION. Sec. 31.** Prior to deploying a facial recognition service in the context in which it will be used, state and local government agencies using a facial recognition service to make decisions that produce legal effects on individuals or similarly significant effect on individuals must test the facial recognition service in operational conditions. State and local government agencies must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service.

**NEW SECTION. Sec. 32.** (1)(a) A facial recognition service provider that provides or intends to provide facial recognition services to state or local government agencies must make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Nothing in this section requires a state or local government to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section.

**NEW SECTION. Sec. 33.** State and local government agencies using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service. The training must include, but not be limited to, coverage of:

(1) The capabilities and limitations of the facial recognition service;

(2) Procedures to interpret and act on the output of the facial recognition service; and

(3) To the extent applicable to the deployment context, the meaningful human review requirement for decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals.

**NEW SECTION. Sec. 34.** (1) State and local government agencies must disclose their use of a facial

recognition service on a criminal defendant to that defendant in a timely manner prior to trial.

(2) State and local government agencies using a facial recognition service shall maintain records of their use of the service that are sufficient to facilitate public reporting and auditing of compliance with agencies' facial recognition policies.

(3) In January of each year, any judge who has issued a warrant for the use of a facial recognition service to engage in any surveillance, or an extension thereof, as described in section 13(1) of this act, that expired during the preceding year, or who has denied approval of such a warrant during that year shall report to the administrator for the courts:

(a) The fact that a warrant or extension was applied for;

(b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;

(c) The period of surveillance authorized by the warrant and the number and duration of any extensions of the warrant;

(d) The identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application; and

(e) The nature of the public spaces where the surveillance was conducted.

(4) In January of each year, any state or local government agency that has applied for a warrant, or an extension thereof, for the use of a facial recognition service to engage in any surveillance as described in section 13(1) of this act shall provide to a legislative authority a report summarizing nonidentifying demographic data of individuals named in warrant applications as subjects of surveillance with the use of a facial recognition service.

**NEW SECTION. Sec. 35.** This chapter does not apply to a state or local government agency that is mandated to use a specific facial recognition service pursuant to a federal regulation or order, or that are undertaken through partnership with a federal agency to fulfill a congressional mandate. A state or local government agency must report the mandated use of a facial recognition service to a legislative authority.

**NEW SECTION. Sec. 36.** (1) Any person who has been subjected to a facial recognition service in violation of this chapter or about whom information has been obtained, retained, accessed, or used in violation of this chapter, may institute proceedings for injunctive relief, declaratory relief, or writ of mandate in any court of competent jurisdiction to enforce this chapter.

(2) A court shall award costs and reasonable attorneys' fees to a prevailing plaintiff in an action brought under subsection (1) of this section.

**NEW SECTION. Sec. 37.** (1)(a) The William D. Ruckelshaus center must establish a facial recognition task force, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate;

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives;

(iii) Eight representatives from advocacy organizations that represent individuals or protected classes of communities historically impacted by surveillance technologies including, but not limited to, African American, Hispanic American, Native American, and Asian American communities, religious minorities, protest and activist groups, and other vulnerable communities;

(iv) Two members from law enforcement or other agencies of government;

(v) One representative from a retailer or other company who deploys facial recognition services in physical premises open to the public;

(vi) Two representatives from consumer protection organizations;

(vii) Two representatives from companies that develop and provide facial recognition services; and

(viii) Two representatives from universities or research institutions who are experts in either facial recognition services or their sociotechnical implications, or both.

(b) The task force shall choose two cochairs from among its legislative membership.

(2) The task force shall review the following issues:

(a) Provide recommendations addressing the potential abuses and threats posed by the use of a facial recognition service to civil liberties and freedoms, privacy and security, and discrimination against vulnerable communities, as well as other potential harm, while also addressing how to facilitate and encourage the continued development of a facial recognition service so that individuals, businesses, government, and other stakeholders in society continue to utilize its benefits;

(b) Provide recommendations regarding the adequacy and effectiveness of applicable Washington state laws; and

(c) Conduct a study on the quality, accuracy, and efficacy of a facial recognition service including, but not limited to, its quality, accuracy, and efficacy across different subpopulations.

(3) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(4) The task force shall report its findings and recommendations to the governor and the appropriate committees of the legislature by September 30, 2021.

(5) This section expires September 30, 2022.

**NEW SECTION. Sec. 38.** A new section is added to chapter 9.73 RCW to read as follows:

(1) State and local government agencies may not use a facial recognition service to engage in any surveillance including, but not limited to, engaging in ongoing surveillance, creating a facial template, conducting an identification, starting persistent surveillance, or performing a recognition, without a warrant, unless exigent circumstances exist.

(2) State and local government agencies must not apply a facial recognition service to any individual based on their religious, political, or social views or activities, participation in a particular noncriminal organization or lawful event, or actual or perceived race, ethnicity, citizenship, place of origin, immigration status, age, disability, gender, gender identity, sexual orientation, or other characteristic protected by law. This subsection does not condone profiling including, but not limited to, predictive law enforcement tools.

(3) State and local government agencies may not use a facial recognition service to create a record describing any individual's exercise of rights guaranteed by the First Amendment of the United States Constitution and by Article I, section 5 of the state Constitution.

(4) Law enforcement agencies that utilize body worn camera recordings shall comply with the provisions of RCW 42.56.240(14).

(5) State and local law enforcement agencies may not use the results of a facial recognition service as the sole basis to establish probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

**NEW SECTION. Sec. 39.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consumer" means a natural person who is a Washington resident.

(2) "Controller" means the natural or legal person which, alone or jointly with others, determines the purposes and means of the processing of personal data.

(3) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of a consumer and adds the facial template to a gallery used by the facial recognition service for identification, verification, or persistent tracking of consumers. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(4) "Facial recognition service" means technology that analyzes facial features and is used for the identification, verification, or persistent tracking of consumers in still or video images.

(5) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(6) "Identification" means the use of a facial recognition service by a controller to determine whether an unknown consumer matches any consumer whose identity is known to the controller and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 15(8) of this act and who have the authority to alter the decision under review.

(8) "Persistent tracking" means the use of a facial recognition service to track the movements of a consumer on a persistent basis without identification or verification of that consumer. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking uses a facial recognition service for more than forty-eight hours after the first enrolling of that template; or

(b) The data created by the facial recognition service in connection with the tracking of the movements of the consumer are linked to any other data such that the consumer who has been tracked is identified or identifiable.

(9) "Personal data" means any information that is linked or reasonably linkable to an identified or identifiable natural person. "Personal data" does not include deidentified data or publicly available information.

(10) "Processor" means a natural or legal person who processes personal data on behalf of a controller.

(11) "Recognition" means the use of a facial recognition service to determine whether:

(a) An unknown consumer matches any consumer who has been enrolled in a gallery used by the facial recognition service; or

(b) An unknown consumer matches a specific consumer who has been enrolled in a gallery used by the facial recognition service.

(12) "Verification" means the use of a facial recognition service by a controller to determine whether a consumer is a specific consumer whose identity is known to the controller and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 40.** (1)(a) Processors that provide facial recognition services must make available an application programming interface or other technical capability, chosen by the processor, to enable controllers or third parties to conduct legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics, such as (i) race, skin tone, ethnicity, gender, age, or disability status, or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing

dataset. If the results of that independent testing identify material unfair performance differences across subpopulations, the processor must develop and implement a plan to mitigate the identified performance differences. Nothing in this subsection prevents a processor from prohibiting the use of the processor's facial recognition service by a competitor for competitive purposes.

(b) Making an application programming interface or other technical capability does not require processors to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Processors bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Processors that provide facial recognition services must provide documentation that includes general information that:

(a) Explains the capabilities and limitations of the services in plain language; and

(b) Enables testing of the services in accordance with this section.

(3) Processors that provide facial recognition services must prohibit by contract the use of facial recognition services by controllers to unlawfully discriminate under federal or state law against individual consumers or groups of consumers.

(4) Controllers must provide a conspicuous and contextually appropriate notice whenever a facial recognition service is deployed in a physical premise open to the public that includes, at minimum, the following:

(a) The purpose or purposes for which the facial recognition service is deployed; and

(b) Information about where consumers can obtain additional information about the facial recognition service including, but not limited to, a link to any applicable online notice, terms, or policy that provides information about where and how consumers can exercise any rights that they have with respect to the facial recognition service.

(5) Controllers must obtain consent from a consumer prior to enrolling an image of that consumer in a facial recognition service used in a physical premise open to the public.

(6) Controllers using a facial recognition service to make decisions that produce legal effects on consumers or similarly significant effects on consumers must ensure that those decisions are subject to meaningful human review.

(7) Prior to deploying a facial recognition service in the context in which it will be used, controllers using a facial recognition service to make decisions that produce legal effects on consumers or similarly significant effects on consumers must test the facial recognition service in operational conditions. Controllers must take commercially reasonable steps to ensure best quality results by following all reasonable guidance provided by the developer of the facial recognition service.

(8) Controllers using a facial recognition service must conduct periodic training of all individuals that operate a facial recognition service or that process personal data obtained from the use of facial recognition services. Such training shall include, but not be limited to, coverage of:

(a) The capabilities and limitations of the facial recognition service;

(b) Procedures to interpret and act on the output of the facial recognition service; and

(c) The meaningful human review requirement for decisions that produce legal effects on consumers or similarly significant effects on consumers, to the extent applicable to the deployment context.

(9) Controllers shall not knowingly disclose personal data obtained from a facial recognition service to a law enforcement agency, except when such disclosure is:

(a) Pursuant to the consent of the consumer to whom the personal data relates;

(b) Required by federal, state, or local law in response to a warrant;

(c) Necessary to prevent or respond to an emergency involving danger of death or serious physical injury to any person, upon a good faith belief by the controller; or

(d) To the national center for missing and exploited children, in connection with a report submitted thereto under Title 18 U.S.C. Sec. 2258A.

(10) Voluntary facial recognition services used to verify an aviation passenger's identity in connection with services regulated by the secretary of transportation under Title 49 U.S.C. Sec. 41712 and exempt from state regulation under Title 49 U.S.C. Sec. 41713(b)(1) are exempt from this section. Images captured by an airline must not be retained for more than twenty-four hours and, upon request of the attorney general, airlines must certify that they do not retain the image for more than twenty-four hours. An airline facial recognition service must disclose and obtain consent from the customer prior to capturing an image.

**NEW SECTION. Sec. 41.** (1) Any person who has been subjected to a facial recognition service in violation of this chapter, or about whom information has been obtained, retained, accessed, or used in violation of this chapter, may institute proceedings in any court of competent jurisdiction to obtain injunctive relief or declaratory relief, or to recover actual damages, but not less than statutory damages of seven thousand five hundred dollars per violation, whichever is greater.

(2) A court shall award costs and reasonable attorneys' fees to a prevailing plaintiff in an action brought under subsection (1) of this section.

**NEW SECTION. Sec. 42.** Nothing in this act applies to the use of a facial recognition matching system by the department of licensing pursuant to RCW 46.20.037.

**NEW SECTION. Sec. 43.** (1) Sections 1 through 11 and 17 of this act constitute a new chapter in Title 43 RCW.

(2) Sections 14 through 16 of this act constitute a new chapter in Title 19 RCW."

**NEW SECTION. Sec. 3.** (1) At least ninety days prior to putting a facial recognition service into operational use for the first time after the effective date of this section, a state or local government agency must produce a facial recognition transparency report. The report must be clearly communicated to the public, posted on the agency's public web site, and submitted to the consolidated technology services agency established in RCW 43.105.006. The consolidated technology services agency must post each submitted transparency report on its public web site.

(2) Each facial recognition transparency report must include, at minimum, clear and understandable statements of the following:

(i) Make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. However, making such an application programming interface or other technical capability available does not require the disclosure of proprietary data, trade secrets, intellectual property, or other information, or if doing so would increase the risk of cyber attacks including, without limitation, cyber attacks related to unique methods of conducting business, data unique to the product or services, or determining prices or rates to be charged for services. Such subpopulations are defined by visually detectable characteristics such as: (A) Race, skin tone, ethnicity, gender, age, or disability status; or (B) other protected characteristics that are objectively determinable among the individuals portrayed in the testing data set: Provided, however, that such characteristics are characteristics that the facial recognition service provider claims the technology is capable of detecting, and are characteristics that the state or local government agency intends to detect with its facial recognition service; or

(ii) Submit the service to the national institute of standards and technology for review and testing.

(b) If the results of the independent testing identify material unfair performance differences across subpopulations, and the methodology, data, and results are disclosed in a manner that allows full reproduction directly to the provider who, acting reasonably, determines that the methodology and results of that testing are valid, then the provider must develop and implement a plan to mitigate the identified performance differences.

(2) This section does not apply to any facial recognition service in use as of the effective date of this section. Upon renewal or extension of any contract as of the effective date of this section, or upon entering into a new contract for facial recognition services, the state or local government agency must ensure that the facial recognition service provider fulfills the requirements of this section."

(2) State and local government agencies using a facial recognition service shall maintain records of their use of the

service that are sufficient to facilitate the annual reporting under section 4 of this act.

**NEW SECTION. Sec. 10.** This chapter does not apply to a state or local government agency that is mandated to use a specific facial recognition service pursuant to a federal regulation or order.

**NEW SECTION. Sec. 11.** A new section is added to chapter 9.73 RCW to read as follows:

(1) State and local government agencies may not use a facial recognition service:

(a) In a manner that disturbs a person's private affairs, or invades their home, without authority of law;

(b) Without a bona fide criminal justice purpose;

(c) Without reasonable suspicion that a criminal offense has been committed, is being committed, or is about to be committed; or

(d) To engage in ongoing surveillance unless the use is in support of law enforcement activities and there is reasonable suspicion to believe that an individual has committed, is engaged in, or is about to commit, a criminal offense or there is a need by law enforcement to invoke their community caretaking function, and either:

(i) A court order has been obtained to permit the use of the facial recognition service for ongoing surveillance; or

(ii) Where the agency reasonably determines that an exigent circumstance exists, and an appropriate court order is obtained as soon as reasonably practicable. In the absence of an authorizing order, such use must immediately terminate at the earliest of the following:

(A) The information sought is obtained;

(B) The application for the order is denied; or

(C) When forty-eight hours have lapsed since the beginning of the emergency surveillance for the purpose of ongoing surveillance.

(2) State and local government agencies must not apply a facial recognition service to any individual based on their religious, political, or social views or activities, participation in a particular noncriminal organization or lawful event, or actual or perceived race, ethnicity, citizenship, place of origin, age, disability, gender, gender identity, sexual orientation, or other characteristic protected by law. This subsection does not condone profiling. The prohibition in this subsection does not prohibit state and local government agencies from applying a facial recognition service to an individual who possesses one or more of these characteristics where an officer of that agency holds a reasonable suspicion that that individual has committed, is engaged in, or is about to commit a criminal offense or there is need to invoke their community caretaking function.

(3) State and local government agencies may not use a facial recognition service to create a record describing any individual's exercise of rights guaranteed by the First

Amendment of the United States Constitution and by Article I, section 5 of the state Constitution, unless:

(a) Such use is pertinent to and within the scope of an authorized law enforcement activity; and

(b) There is reasonable suspicion to believe the individual has committed, is engaged in, or is about to commit a criminal offense or there is need to invoke their community caretaking function.

(4) Law enforcement agencies that utilize body worn camera recordings shall comply with the provisions of RCW 42.56.240(14).

(5) State and local law enforcement agencies may not use the results of a facial recognition service as the sole basis to establish probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

(6) State and local law enforcement agencies may not use a facial recognition service to identify an individual based on a sketch or other manually produced image.

(7) State and local law enforcement agencies may not substantively manipulate an image for use in a facial recognition service in any manner not consistent with the facial recognition service provider's intended use and training.

12.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 13.** (1) The legislature makes the following findings:

(a) Washington state is experiencing a housing affordability crisis. Many communities across the state are in need of more housing for renters, across the income spectrum. Accessory dwelling units are frequently rented at below market rate, providing additional affordable housing options for renters.

(b) Accessory dwelling units are often occupied by tenants who pay no rent at all; among these tenants are grandparents, adult children, family members with disabilities, friends going through life transitions, and community members in need. Accessory dwelling units meet the needs of these people who might otherwise require scarce subsidized housing space and resources.

(c) Accessory dwelling units can meet the needs of Washington's growing senior population, making it possible for this population to age in their communities by offering senior-friendly housing, which prioritizes physical accessibility, in walkable communities near amenities essential to successful aging in place, including transit and grocery stores, without requiring costly renovations of existing housing stock.

(d) Homeowners who add an accessory dwelling unit may benefit from added income and an increased sense of security.

(e) Siting accessory dwelling units near transit hubs and near public amenities can help to reduce greenhouse gas emissions by increasing walkability, shortening household commutes, and limiting sprawl.

(2) The legislature intends to promote and encourage the creation of accessory dwelling units as a means to address the need for additional affordable housing options.

**NEW SECTION. Sec. 14.** A new section is added to chapter 36.70A RCW to read as follows:

The definitions in this section apply throughout sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Accessory dwelling unit" means a dwelling unit located on the same lot as a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(2) "Attached accessory dwelling unit" means an accessory dwelling unit located within or attached to a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(3) "City" means any city, code city, and town located in a county planning under RCW 36.70A.040.

(4) "Detached accessory dwelling unit" means an accessory dwelling unit that consists partly or entirely of a building that is separate and detached from a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(5) "Dwelling unit" means a residential living unit that provides complete independent living facilities for one or more persons and that includes permanent provisions for living, sleeping, eating, cooking, and sanitation.

(6) "Major transit stop" means:

(a) A stop on a high capacity transportation system funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing fixed route service at intervals of at least fifteen minutes during the peak hours of operation.

**NEW SECTION. Sec. 15.** A new section is added to chapter 36.70A RCW to read as follows:

(1) Cities must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of section 4 of this act to take effect by July 1, 2021.

(2) Beginning July 1, 2021, the requirements of section 4 of this act:

(a) Apply and take effect in any city that has not adopted or amended ordinances, regulations, or other official controls as required under this section; and

(b) Supersede, preempt, and invalidate any local development regulations that conflict with section 4 of this act.

**NEW SECTION. Sec. 16.** A new section is added to chapter 36.70A RCW to read as follows:

(1) Except as provided in subsection (2) and (3) of this section, through ordinances, development regulations, zoning regulations, and other official controls as required under section 3 of this act, cities may not require the provision of off-street parking for accessory dwelling units within one-quarter mile of a major transit stop.

(2) A city may require the provision of off-street parking for an accessory dwelling unit located within one-quarter mile of a major transit stop if the city has determined that the accessory dwelling unit is in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the accessory dwelling unit.

(3) A city that has adopted or substantively amended accessory dwelling unit regulations within the four years previous to the effective date of this section is not subject to the requirements of this section.

**NEW SECTION. Sec. 17.** A new section is added to chapter 36.70A RCW to read as follows:

Nothing in this act modifies or limits any rights or interests legally recorded in the governing documents of associations subject to chapter 64.32, 64.34, 64.38, or 64.90 RCW."

17.0.

On page 68, after line 31, insert the following:

"Sec. 59. RCW 82.32.050 and 2008 c 181 s 501 are each amended to read as follows:

(1) If upon examination of any returns or from other information obtained by the department it appears that a tax or penalty has been paid less than that properly due, the department shall assess against the taxpayer such additional amount found to be due and shall add thereto interest on the tax only. The department shall notify the taxpayer by mail, or electronically as provided in RCW 82.32.135, of the additional amount and the additional amount shall become due and shall be paid within thirty days from the date of the

notice, or within such further time as the department may provide.

(a) For tax liabilities arising before January 1, 1992, interest shall be computed at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until the earlier of December 31, 1998, or the date of payment. After December 31, 1998, the rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year for use in computing interest for that calendar year.

(b) For tax liabilities arising after December 31, 1991, the rate of interest shall be variable and computed as provided in subsection (2) of this section from the last day of the year in which the deficiency is incurred until the date of payment. The rate so computed shall be adjusted on the first day of January of each year for use in computing interest for that calendar year.

(c) ~~(Interest)~~ (i) Except as otherwise provided in (c)(ii) of this subsection (1), interest imposed after December 31, 1998, shall be computed from the last day of the month following each calendar year included in a notice, and the last day of the month following the final month included in a notice if not the end of a calendar year, until the due date of the notice.

(ii) For interest associated with annual tax reporting periods having a due date as prescribed in RCW 82.32.045(3), interest must be computed from the last day of April immediately following each such annual reporting period included in the notice, until the due date of the notice.

(iii) If payment in full is not made by the due date of the notice, additional interest shall be computed under this subsection (1)(c) until the date of payment. The rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year for use in computing interest for that calendar year.

(2) For the purposes of this section, the rate of interest to be charged to the taxpayer shall be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate set for each new year shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually. That average shall be calculated using the rates from four months: January, April, and July of the calendar year immediately preceding the new year, and October of the previous preceding year.

(3) During a state of emergency declared under RCW 43.06.010(12), the department, on its own motion or at the request of any taxpayer affected by the emergency, may extend the due date of any assessment or correction of an assessment for additional taxes, penalties, or interest as the department deems proper.

(4) No assessment or correction of an assessment for additional taxes, penalties, or interest due may be made by the department more than four years after the close of the tax year, except (a) against a taxpayer who has not registered as

required by this chapter, (b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (c) where a taxpayer has executed a written waiver of such limitation. The execution of a written waiver shall also extend the period for making a refund or credit as provided in RCW 82.32.060(2).

(5) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department of revenue and that has a statutorily defined due date.

**Sec. 60.** RCW 82.32.060 and 2009 c 176 s 4 are each amended to read as follows:

(1) If, upon receipt of an application by a taxpayer for a refund or for an audit of the taxpayer's records, or upon an examination of the returns or records of any taxpayer, it is determined by the department that within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050 any amount of tax, penalty, or interest has been paid in excess of that properly due, the excess amount paid within, or attributable to, such period must be credited to the taxpayer's account or must be refunded to the taxpayer, at the taxpayer's option. Except as provided in subsection (2) of this section, no refund or credit may be made for taxes, penalties, or interest paid more than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

(2)(a) The execution of a written waiver under RCW 82.32.050 or 82.32.100 will extend the time for making a refund or credit of any taxes paid during, or attributable to, the years covered by the waiver if, prior to the expiration of the waiver period, an application for refund of such taxes is made by the taxpayer or the department discovers a refund or credit is due.

(b) A refund or credit must be allowed for an excess payment resulting from the failure to claim a bad debt deduction, credit, or refund under RCW 82.04.4284, 82.08.037, 82.12.037, 82.14B.150, or 82.16.050(5) for debts that became bad debts under 26 U.S.C. Sec. 166, as amended or renumbered as of January 1, 2003, less than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

(3) Any such refunds must be made by means of vouchers approved by the department and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide. However, taxpayers who are required to pay taxes by electronic funds transfer under RCW 82.32.080 must have any refunds paid by electronic funds transfer if the department has the necessary account information to facilitate a refund by electronic funds transfer.

(4) Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer must be paid in the same manner, as provided in subsection (3) of this section, upon

the filing with the department of a certified copy of the order or judgment of the court.

(a) Interest at the rate of three percent per annum must be allowed by the department and by any court on the amount of any refund, credit, or other recovery allowed to a taxpayer for taxes, penalties, or interest paid by the taxpayer before January 1, 1992. This rate of interest applies for all interest allowed through December 31, 1998. Interest allowed after December 31, 1998, must be computed at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year.

(b) For refunds or credits of amounts paid or other recovery allowed to a taxpayer after December 31, 1991, the rate of interest must be the rate as computed for assessments under RCW 82.32.050(2) less one percent. This rate of interest applies for all interest allowed through December 31, 1998. Interest allowed after December 31, 1998, must be computed at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year.

(5) Interest allowed on a credit notice or refund issued after December 31, 2003, must be computed as follows:

(a) If all overpayments for each calendar year and all reporting periods ending with the final month included in a notice or refund were made on or before the due date of the final return for each calendar year or the final reporting period included in the notice or refund:

(i) Interest must be computed from January 31st following each calendar year included in a notice or refund; ~~((or))~~

(ii) Interest must be computed from the last day of the month following the final month included in a notice or refund; or

(iii) For interest associated with annual tax reporting periods having a due date as prescribed in RCW 82.32.045(3), interest must be computed from the last day of April following each such annual reporting period included in a notice or refund.

(b) If the taxpayer has not made all overpayments for each calendar year and all reporting periods ending with the final month included in a notice or refund on or before the dates specified by RCW 82.32.045 for the final return for each calendar year or the final month included in the notice or refund, interest must be computed from the last day of the month following the date on which payment in full of the liabilities was made for each calendar year included in a notice or refund, and the last day of the month following the date on which payment in full of the liabilities was made if the final month included in a notice or refund is not the end of a calendar year.

(c) Interest included in a credit notice must accrue up to the date the taxpayer could reasonably be expected to use the credit notice, as defined by the department's rules. If a credit notice is converted to a refund, interest must be recomputed to the date the refund is issued, but not to exceed

the amount of interest that would have been allowed with the credit notice.

(1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the

department in writing of its intent to do so at least ninety days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of thirty days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified

the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7) ((A)) (a) Except at provided in (b) of this subsection, a city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020.

(b) A city that receives at least one million nine hundred fifty thousand dollars in fiscal year 2020 for temporary streamlined sales tax mitigation under the 2019 omnibus appropriations act, section 722, chapter 415, Laws of 2019, may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in FileLocal as of July 1, 2021.

(c) For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, or July 1, 2021, in the case of a city eligible for the extension under (b) of this subsection, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

(8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the legislature. The report required by this subsection must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:

**"NEW SECTION. Sec. 63.** The legislature finds that the health and safety of the traveling public, law enforcement, and emergency medical service providers are enhanced by the voluntary sharing of information about medical conditions, including deafness and developmental disabilities. Licensed drivers and applicants who wish to

voluntarily include a medical alert designation on their driver's license may provide law enforcement and emergency medical service providers with the opportunity to know at the point of contact or shortly thereafter that there is a medical condition which could affect communication or account for a driver health emergency. By taking action in accordance with existing driver privacy protections, the legislature seeks to enhance health and public safety by the voluntary provision and careful use of this information.

**Sec. 64.** RCW 46.20.117 and 2018 c 157 s 2 are each amended to read as follows:

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

(b) Proves his or her identity as required by RCW 46.20.035; and

(c) Pays the required fee. Except as provided in subsection ~~((5))~~ (7) of this section, the fee is fifty-four dollars, unless an applicant is:

For those persons under (c)(i) through (iii) of this subsection, the fee must be the actual cost of production of the identicard.

(2)(a) **Design and term.** The identicard must:

(i) Be distinctly designed so that it will not be confused with the official driver's license; and

(ii) Except as provided in subsection ~~((5))~~ (7) of this section, expire on the sixth anniversary of the applicant's birthdate after issuance.

(b) The identicard may include the person's status as a veteran, consistent with RCW 46.20.161 ~~((2))~~ (4).

(c) If applicable, the identicard may include a medical alert designation as provided in subsection (5) of this section.

(3) **Renewal.** An application for identicard renewal may be submitted by means of:

(a) Personal appearance before the department; or

(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or

An identicard may not be renewed by mail or by electronic commerce unless the renewal issued by the department includes a photograph of the identicard holder.

(a) Shall not be disclosed; and

(b) Is for the confidential use of the director, the chief of the Washington state patrol, and law enforcement and emergency medical service providers as designated by law.

(7) **Alternative issuance/renewal/extension.** The department may issue or renew an identicard for a period other than six years, or may extend by mail or electronic commerce an identicard that has already been issued, in order to evenly distribute, as nearly as possible, the yearly renewal rate of identicard holders. The fee for an identicard issued or renewed for a period other than six years, or that has been extended by mail or electronic commerce, is nine dollars for each year that the identicard is issued, renewed, or extended. **SECOND READING**

**ENGROSSED SUBSTITUTE SENATE BILL NO. 5323, by Senate Committee on Environment, Energy & Technology (originally sponsored by Das, Carlyle, Kuderer, Palumbo, Hunt, Rolfes, Frockt, Keiser, Pedersen and Saldaña)**

**Reducing pollution from plastic bags by establishing minimum state standards for the use of bags at retail establishments.**

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Environment & Energy was not adopted. (For Committee amendment, see Journal, Day 47, February 28, 2020).

There being no objection, the committee amendment by the Committee on Finance was not adopted. (For Committee amendment, see Journal, Day 53, March 5, 2020).

Amendment (2132) to the Finance committee amendment was ruled out of order.

Representative Chapman moved the adoption of the striking amendment (2167):

66.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 67.** (1) State policy has long placed waste reduction as the highest priority in the collection, handling, and management of solid waste. Reducing plastic bag waste holds particular importance among state waste reduction efforts for a number of reasons:

(a) Single-use plastic carryout bags are made of nonrenewable resources and never biodegrade; instead, over time, they break down into tiny particles. Single-use plastic carryout bags, and the particles they break into, are carried into rivers, lakes, Puget Sound, and the world's oceans, posing a threat to animal life and the food chain;

(b) Plastic bags are one of the most commonly found items that litter state roads, beaches, and other public spaces; and

(c) Even when plastic bags avoid the common fate of becoming litter, they are a drain on public resources and a burden on environment and resource conservation goals. For example, if plastic bags are disposed of in commingled recycling systems rather than as garbage or in retailer drop-off programs, they clog processing and sorting machinery, resulting in missorted materials and costly inefficiencies that are ultimately borne by utility ratepayers. Likewise, when green or brown-tinted plastic bags confuse consumers into attempting to dispose of them as compost, the resultant plastic contamination undercuts the ability to use the compost in gardens, farms, landscaping, and surface water and transportation projects.

(2) Alternatives to single-use plastic carryout bags are convenient, functional, widely available, and measure as

superior across most environmental performance metrics. Alternatives to single-use plastic carryout bags feature especially superior environmental performance with respect to litter and marine debris, since plastic bags do not biodegrade.

(3) As of 2020, many local governments in Washington have shown leadership in regulating the use of single-use plastic carryout bags. This local leadership has shown the value of establishing state standards that will streamline regulatory inconsistency and reduce burdens on covered retailers caused by a patchwork of inconsistent local requirements across the state.

(4) Data provided from grocery retailers has shown that requests for paper bags have skyrocketed where plastic bag bans have been implemented. To accommodate the anticipated consequences of a statewide plastic bag ban, it is rational to expect additional capacity will be needed in Washington state for manufacturing paper bags. The legislature intends to provide that capacity by prioritizing and expediting siting and permitting of expansions or reconfiguring for paper manufacturing.

(5) Therefore, in order to reduce waste, litter, and marine pollution, conserve resources, and protect fish and wildlife, it is the intent of the legislature to:

(a) Prohibit the use of single-use plastic carryout bags;

(b) Require a pass-through charge on recycled content paper carryout bags and reusable carryout bags made of film plastic, to encourage shoppers to bring their own reusable carryout bags;

(c) Require that bags provided by a retail establishment contain recycled content; and

(d) Encourage the provision of reusable and recycled content paper carryout bags by retail establishments.

**NEW SECTION. Sec. 68.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Carryout bag" means any bag that is provided by a retail establishment at home delivery, the check stand, cash register, point of sale, or other point of departure to a customer for use to transport or carry away purchases.

(2) "Department" means the department of ecology.

(3) "Pass-through charge" means a charge to be collected and retained by retail establishments from their customers when providing recycled content paper carryout bags and reusable carryout bags made of film plastic.

(4) "Recycled content paper carryout bag" means a paper carryout bag provided by a retail establishment to a customer that meets the requirements in section 3(6)(a) of this act.

(5) "Retail establishment" means any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides food, merchandise, goods, or materials directly to a customer including home delivery, temporary stores, or vendors at farmers markets, street fairs, and festivals.

(6) "Reusable carryout bag" means a carryout bag made of cloth or other durable material with handles that is specifically designed and manufactured for long-term multiple reuse and meets the requirements of section 3(6)(b) of this act.

(7) "Single-use plastic carryout bag" means any carryout bag that is made from plastic that is designed and suitable only to be used once and disposed.

**NEW SECTION. Sec. 69.** (1) Beginning January 1, 2021, except as provided in this section and section 4 of this act, a retail establishment may not provide to a customer or a person at an event:

(a) A single-use plastic carryout bag;

(b) A paper carryout bag or reusable carryout bag made of film plastic that does not meet recycled content requirements; or

(c) Beginning January 1, 2026, a reusable carryout bag made of film plastic with a thickness of less than four mils, in the event that the 2025 legislature does not amend this section to reflect the recommendations to the legislature made consistent with section 7 of this act.

(2)(a) A retail establishment may provide a reusable carryout bag or a recycled content paper carryout bag of any size to a customer at the point of sale. A retail establishment may make reusable carryout bags available to customers through sale.

(b)(i) Until December 31, 2025, a retail establishment must collect a pass-through charge of eight cents for every recycled content paper carryout bag with a manufacturer's stated capacity of one-eighth barrel (eight hundred eighty-two cubic inches) or greater or reusable carryout bag made of film plastic it provides, except as provided in subsection (5) of this section and section 4 of this act.

(ii) Beginning January 1, 2026, a retail establishment must collect a pass-through charge of twelve cents for reusable carryout bags made of film plastic and eight cents for recycled content paper carryout bags, in the event that the 2025 legislature does not amend this section to reflect the recommendations to the legislature made consistent with section 7 of this act. It is the intent of the legislature for the 2025 legislature to reassess the amount of the pass-through charge authorized under this subsection (2)(b), taking into consideration the content of the report to the legislature under section 7 of this act.

(c) A retail establishment must keep all revenue from pass-through charges. The pass-through charge is a taxable retail sale. A retail establishment must show all pass-through charges on a receipt provided to the customer.

(3) Carryout bags provided by a retail establishment do not include:

(a) Bags used by consumers inside stores to:

(i) Package bulk items, such as fruit, vegetables, nuts, grains, candy, greeting cards, or small hardware items such as nails, bolts, or screws;

(ii) Contain or wrap items where dampness or sanitation might be a problem including, but not limited to:

(A) Frozen foods;

(B) Meat;

(C) Fish;

(D) Flowers; and

(E) Potted plants;

(iii) Contain unwrapped prepared foods or bakery goods;

(iv) Contain prescription drugs; or

(v) Protect a purchased item from damaging or contaminating other purchased items when placed in a recycled content paper carryout bag or reusable carryout bag; or

(b) Newspaper bags, mailing pouches, sealed envelopes, door hanger bags, laundry/dry cleaning bags, or bags sold in packages containing multiple bags for uses such as food storage, garbage, or pet waste.

(4)(a) Any compostable film bag that a retail establishment provides to customers for products, including for products bagged in stores prior to checkout, must meet the requirements for compostable products and film bags in chapter 70.360 RCW.

(b) A retail establishment may not use or provide polyethylene or other noncompostable plastic bags for bagging of customer products in stores, as carryout bags, or for home delivery that do not meet the requirements for noncompostable products and film bags in chapter 70.360 RCW.

(5) Except as provided by local regulations enacted as of April 1, 2020, a retail establishment may provide a bag restricted under subsection (1) of this section from existing inventory until one year after the effective date of this section. The retail establishment, upon request by the department, must provide purchase invoices, distribution receipts, or other information documenting that the bag was acquired prior to the effective date of this section.

(6) For the purposes of this section:

(a) A recycled content paper carryout bag must:

(i) Contain a minimum of forty percent postconsumer recycled materials;

(ii) Be capable of composting, consistent with the timeline and specifications of the entire American society of testing materials D6868 and associated test methods that must be met, as it existed as of January 1, 2020; and

(iii) Display in print on the exterior of the paper bag the minimum percentage of postconsumer content.

(b) A reusable carryout bag must:

(i) Have a minimum lifetime of one hundred twenty-five uses, which for purposes of this subsection means the capacity to carry a minimum of twenty-two pounds one

hundred twenty-five times over a distance of at least one hundred seventy-five feet;

(ii) Be machine washable or made from a durable material that may be cleaned or disinfected; and

(iii) If made of film plastic:

(A) Be made from a minimum of twenty percent postconsumer recycled content until July 1, 2022, and thereafter must be made from a minimum of forty percent postconsumer recycled content;

(B) Display in print on the exterior of the plastic bag the minimum percentage of postconsumer recycled content, the mil thickness, and that the bag is reusable; and

(C) Have a minimum thickness of no less than 2.25 mils until December 31, 2025, and beginning January 1, 2026, must have a minimum thickness of four mils.

(c) Except for the purposes of subsection (4) of this section, food banks and other food assistance programs are not retail establishments, but are encouraged to take actions to reduce the use of single-use plastic carryout bags.

**NEW SECTION. Sec. 70.** It is a violation of section 3 of this act for any retail establishment to pay or otherwise reimburse a customer for any portion of the pass-through charge; provided that retail establishments may not collect a pass-through charge from anyone using a voucher or electronic benefits card issued under the women, infants, and children (WIC) or temporary assistance for needy families (TANF) support programs, or the federal supplemental nutrition assistance program (SNAP, also known as basic food), or the Washington state food assistance program (FAP).

**NEW SECTION. Sec. 71.** (1) Until June 1, 2025, the department shall prioritize the expedited processing of applications for permits related to the expansion or reconfiguration of an existing pulp and paper mill for the purpose of manufacturing paper bags or raw materials used to manufacture paper bags.

(2) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(3) The enforcement of this chapter must be based primarily on complaints filed with the department and local governments. The department must establish a forum for the filing of complaints. Local governments and any person may file complaints with the department using the forum and local governments may review complaints filed with the department via the forum for purposes of the local government carrying out education and outreach to retail establishments. The forum established by the department may include a complaint form on the department's web site, a telephone hotline, or a public outreach strategy relying upon electronic social media to receive complaints that allege violations. The department, in collaboration with the local governments, must provide education and outreach activities to inform retail establishments, consumers, and other interested individuals about the requirements of this chapter.

(4) The department or local government shall work with retail establishments, retail associations, unions, and other organizations to create educational elements regarding the ban and the benefits of reusable carryout bags. Educational elements may include signage at store locations, informational literature, and employee training by October 1, 2020.

(5) Retail establishments are encouraged to educate their staff to promote reusable bags as the best option for carryout bags and to post signs encouraging customers to use reusable carryout bags.

(6) A violation of this chapter is subject to a civil penalty of up to two hundred fifty dollars. Each calendar day of operation or activity in violation of this chapter comprises a new violation. Penalties issued under this section are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(7) If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by July 1, 2020, from the waste reduction, recycling, and litter control account for purposes of implementing the education and outreach activities required under this section, then this act is null and void.

**NEW SECTION. Sec. 72.** (1) Except as provided in subsection (2) of this section, a city, town, county, or municipal corporation may not implement a local carryout bag ordinance. Except as provided in subsection (2) of this section, any carryout bag ordinance that was enacted as of April 1, 2020, is preempted by this chapter.

(2)(a) A city, town, county, or municipal corporation carryout bag ordinance enacted as of April 1, 2020, that has established a pass-through charge of ten cents is not preempted with respect to the amount of the pass-through charge until January 1, 2026.

(b) A city, town, county, or municipal corporation ordinance not specified in (a) of this subsection and enacted as of April 1 2020, is not preempted until January 1, 2021.

**NEW SECTION. Sec. 73.** (1) By December 1, 2024, the department of commerce, in consultation with the department, must submit a report to the appropriate committees of the legislature in order to allow an opportunity for the legislature to amend the mil thickness requirements for reusable carryout bags made of film plastic, the amount of the pass-through charges for bags, or to make other needed revisions to this chapter during the 2025 legislative session. The report required under this section must include:

(a) An assessment of the effectiveness of the pass-through charge for reducing the total volume of bags purchased and encouraging the use of reusable carryout bags;

(b) An assessment of the sufficiency of the amount of the pass-through charge allowed under chapter 70.--- RCW (the new chapter created in section 13 of this act) relative to the cost of the authorized bags to retail establishments and an assessment of the pricing and availability of various types of carryout bags. For purposes of conducting this

assessment, the department and the department of commerce may request, but not require, retail establishments and bag distributors to furnish information regarding the cost of various types of paper and plastic carryout bags provided to retail establishments; and

(c) Recommendations for revisions to chapter 70.--- RCW (the new chapter created in section 13 of this act), if needed.

(2) This section expires July 1, 2027.

**NEW SECTION. Sec. 74.** A new section is added to chapter 82.04 RCW to read as follows:

**MESSAGE FROM THE SENATE**

March 4, 2020

Mme. SPEAKER:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1182, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 82.** The legislature acknowledges that the learning assistance program was developed to provide supplemental services for public school students who are not meeting academic standards. Initially, school districts were allowed to use learning assistance program funds in a flexible manner to support participating students. Over time, the legislature has continued to reduce flexibility, create additional restrictions, and establish priorities for the use of learning assistance program funds to such an extent that the program may no longer be as effective in promoting student success or serving the original intent as it could be. The legislature finds that it is time to reexamine the learning assistance program requirements in a holistic manner with a goal of restoring flexibility to districts to use the funds in a way that promotes a coordinated system of academic and nonacademic supports that reduce barriers to academic achievement and best serve student success while also balancing local control with local accountability for improvement in student learning.

**NEW SECTION. Sec. 83.** (1) The office of the superintendent of public instruction shall review the requirements of the learning assistance program and shall make recommendations to the legislature by October 1, 2020, on how to modify the program requirements including, but not limited to, recommendations on:

(a) Appropriate monitoring and reporting requirements;

(b) The types of services and activities that can be supported by the learning assistance program funds, including whether support for all or portions of the

Washington integrated student supports protocol established under RCW 28A.300.139 should be included; and

(c) Whether use of a practice or strategy identified on the state menu as required by RCW 28A.165.035 should continue to be a criteria of the program.

(2) This section expires January 1, 2021.

**Sec. 84.** RCW 28A.165.035 and 2018 c 75 s 7 are each amended to read as follows:

(1) Use of best practices that have been demonstrated through research to be associated with increased student achievement magnifies the opportunities for student success. To the extent they are included as a best practice or strategy in one of the state menus or an approved alternative under this section or RCW 28A.655.235, the following are services and activities that may be supported by the learning assistance program:

(a) Extended learning time opportunities occurring:

(i) Before or after the regular school day;

(ii) On Saturday; and

(iii) Beyond the regular school year;

(b) Services under RCW 28A.320.190;

(c) Intensive reading and literacy improvement strategies under RCW 28A.655.235;

(d) Professional development for certificated and classified staff that focuses on:

(i) The needs of a diverse student population;

(ii) Specific literacy and mathematics content and instructional strategies; and

(iii) The use of student work to guide effective instruction and appropriate assistance;

~~((d))~~ (e) Consultant teachers to assist in implementing effective instructional practices by teachers serving participating students;

~~((e))~~ (f) Tutoring support for participating students;

~~((f))~~ (g) School-wide behavioral health system of supports and interventions for students including social workers, counselors, instructional aides, and other school-based health professionals;

(h) Screening and intervention requirements under RCW 28A.320.260, even if the student being screened or provided with supports is not eligible to participate in the learning assistance program, and any staff trainings necessary to implement RCW 28A.320.260;

(i) Outreach activities and support for parents of participating students, including employing parent and family engagement coordinators; and

~~((g))~~ (j) Up to ~~((five))~~ fifteen percent of a district's learning assistance program allocation may be used for development of partnerships with community-based organizations, educational service districts, and other local agencies to deliver academic and nonacademic supports to

participating students who are significantly at risk of not being successful in school to reduce barriers to learning, increase student engagement, and enhance students' readiness to learn. The school board must approve in an open meeting any community-based organization or local agency before learning assistance program funds may be expended.

(2) In addition to the state menu developed under RCW 28A.655.235, the office of the superintendent of public instruction shall convene a panel of experts, including the Washington state institute for public policy, to develop additional state menus of best practices and strategies for use in the learning assistance program to assist struggling students at all grade levels in English language arts and mathematics and reduce disruptive behaviors in the classroom. The office of the superintendent of public instruction shall publish the state menus by July 1<sup>st</sup> ~~((--2015, and update the state menus by each July 1st thereafter))~~ of each year.

(3)(a) ~~((Beginning in the 2016-17 school year, except))~~ Except as provided in (b) of this subsection, school districts must use a practice or strategy that is on a state menu developed under subsection (2) of this section or RCW 28A.655.235.

(b) ~~((Beginning in the 2016-17 school year, school))~~ School districts may use a practice or strategy that is not on a state menu developed under subsection (2) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction shall approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate increased improved outcomes for participating students.

(c) ~~((Beginning in the 2016-17 school year, school))~~ School districts may enter cooperative agreements with state agencies, local governments, or school districts for administrative or operational costs needed to provide services in accordance with the state menus developed under this section and RCW 28A.655.235.

~~((4))~~ School districts are encouraged to implement best practices and strategies from the state menus developed under this section and RCW 28A.655.235 before the use is required.

~~(5) School districts may use learning assistance program allocations to meet the screening and intervention requirements of RCW 28A.320.260, even if the student being screened or provided with supports is not eligible to participate in the learning assistance program. The learning assistance program allocations may also be used for school district staff trainings necessary to implement the provisions of RCW 28A.320.260.)~~

**Sec. 85.** RCW 28A.165.005 and 2017 3rd sp.s. c 13 s 403 are each amended to read as follows:

(1) This chapter is designed to: (a) Promote the use of data when developing programs to assist students who are not meeting academic standards and reduce disruptive behaviors in the classroom; and (b) guide school districts in providing the most effective and efficient practices when implementing supplemental instruction and services to assist students who are not meeting academic standards and reduce disruptive behaviors in the classroom.

(2) School districts implementing a learning assistance program shall ~~((focus first on addressing))~~ expend a portion of learning assistance program funding to address the needs of students in grades kindergarten through four who are deficient in reading or reading readiness skills to improve reading literacy."

On page 1, line 5 of the title, after "protocol;" strike the remainder of the title and insert "amending RCW 28A.165.035 and 28A.165.005; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

The auditor shall also apportion to the county, each city, town, or district, and to the state of Washington ~~((in the odd-numbered year))~~, its share of the expense of such primaries

and elections. This section does not apply to general or special elections for any city, town, or district that is not subject to RCW 29A.04.321 and 29A.04.330, but all such elections must be held and conducted at the time, in the manner, and by the officials (with such notice, requirements for filing for office, and certifications by local officers) as provided and required by the laws governing such elections. State and federal offices are to be considered one entity for purposes of election cost proration and reimbursement.

**Sec. 89.** RCW 29A.04.430 and 2003 c 111 s 148 are each amended to read as follows:

(1) For any reimbursement of election costs under RCW 29A.04.420, the secretary of state shall pay ~~((interest at an annual rate equal to two percentage points in excess of the discount rate on ninety day commercial paper in effect at the federal reserve bank in San Francisco on the fifteenth day of the month immediately preceding the payment for any period of time in excess of))~~ within thirty days after the receipt of a properly executed and documented voucher for such expenses and the entry of an allotment from specifically appropriated funds for this purpose until those funds are exhausted. #### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2456 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

March 3, 2020

Mme. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2632, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 95.** False reporting laws criminalize the knowingly false reporting of certain occurrences that are likely to cause unwarranted evacuations, public inconvenience, or alarm. Recently, however, false reporting and the 911 system have been weaponized, resulting in serious dangers and even lost lives. The term "swatting" describes the false reporting of an emergency with the goal of having a police unit or special weapons and tactics team deployed. The reckless act of swatting, often motivated by the perpetrator's bias towards protected classes, has caused death and trauma in some cases. As such, we find that a gross misdemeanor is insufficient as a legal response and here create felony false reporting punishments when the false reporting leads to injury or death.

**Sec. 96.** RCW 9A.84.040 and 2011 c 336 s 411 are each amended to read as follows:

(1) ~~((A))~~ (a) Except as provided in subsection (5) of this section and under circumstances not constituting false

reporting in the first or second degree, a person is guilty of false reporting in the third degree if with knowledge that the information reported, conveyed, or circulated is false, ~~((he or she))~~ that person initiates or circulates a false report or warning of an alleged occurrence or impending occurrence ~~((of a fire, explosion, crime, catastrophe, or emergency))~~ knowing that such false report is likely to cause ~~((evacuation of a building, place of assembly, or transportation facility, or to cause public inconvenience or alarm))~~ an emergency response.

~~((2))~~ (b) False reporting in the third degree is a gross misdemeanor.

(2)(a) Except as provided in subsection (5) of this section, a person is guilty of false reporting in the second degree if with knowledge that the information reported, conveyed, or circulated is false, that person initiates or circulates a false report or warning of an alleged occurrence or impending occurrence knowing that such false report is likely to cause an emergency response, the report was made with reckless disregard for the safety of others, and substantial bodily harm is sustained by any person as a proximate result of an emergency response.

(b) False reporting in the second degree is a class C felony.

(3)(a) Except as provided in subsection (5) of this section, a person is guilty of false reporting in the first degree if with knowledge that the information reported, conveyed, or circulated is false, that person initiates or circulates a false report or warning of an alleged occurrence or impending occurrence knowing that such false report is likely to cause an emergency response, the report was made with reckless disregard for the safety of others, and death is sustained by any person as a proximate result of an emergency response.

(b) False reporting in the first degree is a class B felony.

(4) Any person convicted of violating this section and that resulted in an emergency response may be liable to a public agency for the reasonable costs of the emergency response by, and at the discretion of, the public agency that incurred the costs.

(5) Where a case is legally sufficient to charge a person under the age of eighteen with the crime of false reporting and the alleged offense is the offender's first violation of this section, the prosecutor may divert the case.

(6) A violation or attempted violation of this section may be prosecuted in any jurisdiction where the defendant made the false report, the county where the false report was communicated to law enforcement, or the county where law enforcement responded to the false report.

(7)(a) An individual who is a victim of an offense under this section may bring a civil action against the person who committed the offense or against any person who knowingly benefits, financially or by receiving anything of value, from participation in a venture that the person knew or should have known has engaged in an act in violation of this chapter, and may recover damages and any other appropriate relief, including reasonable attorneys' fees.

(b) A person who is found liable under this subsection shall be jointly and severally liable with each other person, if any, who is found liable under this subsection for damages arising from the same violation of this section.

(8) As used in this section, "emergency response" means any action to protect life, health, or property by:

(a) A peace officer or law enforcement agency of the United States, the state, or a political subdivision of the state;

(b) An agency of the United States, the state, or a political subdivision of the state, or a private not-for-profit organization, that provides fire, rescue, or emergency medical services.

(9) Nothing in this section will be construed to:

(a) Impose liability on a person who contacts law enforcement for the purpose of, or in connection with, the reporting of unlawful conduct;

(b) Conflict with Title 47 U.S.C. Sec. 230 of the communication decency act; or

(c) Conflict with Title 42 U.S.C. Sec. 1983 of the civil rights act.

**Sec. 97.** RCW 9.94A.515 and 2019 c 271 s 7, 2019 c 243 s 5, 2019 c 64 s 3, and 2019 c 46 s 5009 are each reenacted and amended to read as follows:

#### SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 2632 and asked the Senate to recede therefrom.

#### MESSAGE FROM THE SENATE

March 5, 2020

Mme. SPEAKER:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2722, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 98.** (1) Sustainable and resilient markets for recycled materials are essential to any successful recycling system. For many years, Washington has depended on foreign markets to accept the recyclable materials that are collected for recycling in the state. Developing domestic markets for recycled materials benefits the environment and the state's economy and is critical due to the loss of foreign markets.

(2) China's 2018 national sword policy bans the importation of recycled mixed paper and certain types of recycled plastic and imposes a stringent one-half of one percent contamination limit on all other recycled material imports. Washington's recycling facilities are struggling to find markets for recycled materials, resulting in the stockpiling of these materials. Washington must reduce its reliance on unpredictable foreign markets for its recycled materials.

(3) Plastic bottles can be recycled and can contain recycled content in order to close the loop in the recycling stream. Many companies have already taken the initiative at closing the loop by using plastic bottles that contain one hundred percent recycled content. Since November 2010, one national juice company has been using bottles made with one hundred percent postconsumer recycled content for all of its juices and juice smoothies. In January 2018, an international beverage producer announced that it will make all its bottles from one hundred percent recycled plastic by 2025.

(4) The requirements imposed by this act are reasonable and are achievable at minimal cost relative to the burden imposed by the continued excessive use of virgin materials in beverage containers in Washington.

(5) The legislature encourages beverage manufacturers to use plastic beverage containers that exceed the standards set forth in this act.

**NEW SECTION. Sec. 99.** The definitions in this section apply throughout sections 3 through 7 of this act unless the context clearly requires otherwise.

(1) "Beverage manufacturer" means a manufacturer of one or more beverages described in section 3(1) of this act, that are sold, offered for sale, or distributed in Washington.

(2) "Beverage manufacturing industry" means an association that represents companies that manufacture beverages.

(3) "Department" means the department of ecology.

**NEW SECTION. Sec. 100.** (1) Beginning January 1, 2022, manufacturers of plastic beverage containers that offer for sale, sell, or distribute in Washington beverages, intended for human or animal consumption and in a quantity more than or equal to two fluid ounces and less than or equal

to one gallon, must meet minimum postconsumer recycled content as required under section 4 of this act, on average for the total number of plastic beverage containers for the following beverages:

(a) Water and flavored water;

(b) Beer or other malt beverages;

(c) Wine;

(d) Mineral waters, soda water, and similar carbonated soft drinks; and

(e) Any beverage other than those specified in subsection (2) of this section, except infant formula.

(2) The following containers are exempt from sections 3 through 6 of this act:

(a) Refillable plastic beverage containers;

(b) Rigid plastic containers or rigid plastic bottles that are medical devices, medical products that are required to be sterile, prescription medicine, and packaging used for those products; and

(c) Bladders or pouches that contain wine.

(3) The department may adopt rules to exempt beverages.

**NEW SECTION. Sec. 101.** (1) Every year, a beverage manufacturer must meet the following minimum postconsumer recycled plastic content on average for the total number of plastic beverage containers for beverages as established in section 3 of this act that are sold, offered for sale, or distributed in Washington effective:

(a) January 1, 2022, through December 31, 2024: No less than ten percent postconsumer recycled plastic;

(b) January 1, 2025, through December 31, 2029: No less than twenty-five percent postconsumer recycled plastic;

(c) On and after January 1, 2030: No less than fifty percent postconsumer recycled plastic.

(2)(a) Beginning in 2021, and every other year thereafter, or at the petition of the beverage manufacturing industry but not more than annually, the department shall consider whether the minimum postconsumer recycled content requirements established under subsection (1) of this section should be waived or reduced. The department must consider a petition from the beverage manufacturing industry within sixty days of receipt.

(b) If the department determines that a minimum postconsumer recycled content requirement should be adjusted, the adjusted rate must be in effect until a new determination is made or upon the expiration of the minimum postconsumer recycled content requirement's effective period, whichever occurs first. The department may not adjust the minimum postconsumer recycled content requirements above the minimum postconsumer recycled plastic content percentages, as established under subsection (1) of this section. In making a determination to adjust the minimum postconsumer recycled content requirements the department must at least consider the following:

(i) Changes in market conditions, including supply and demand for postconsumer recycled plastics, collection rates, and bale availability;

(ii) Recycling rates;

(iii) The availability of recycled plastic suitable to meet the minimum postconsumer recycled content requirements, including the availability of high quality recycled plastic, and food grade recycled plastic from beverage container recycling programs;

(iv) The capacity of recycling or processing infrastructure;

(v) The progress made by beverage manufacturers in meeting the requirements of this section; and

(vi) The carbon footprint of the transportation of the recycled resin.

(3) The beverage manufacturing industry or a beverage manufacturer may appeal adjustments to the requirement for minimum postconsumer recycled content as determined under subsection (1) of this section to the pollution control hearings board within thirty days of the department's determination.

(4) The department may grant extensions of time for beverage manufacturers to meet the minimum postconsumer recycled plastic content requirements established under subsection (1) of this section if the department determines that a beverage manufacturer has made a substantial effort but has failed to meet the minimum recycled plastic content requirements due to extenuating circumstances beyond the beverage manufacturer's control.

(5) A beverage manufacturer that does not meet the minimum postconsumer recycled plastic content requirements established in subsection (1) of this section is subject to a fee established in section 6 of this act.

**NEW SECTION. Sec. 102.** (1)(a) On or before March 1, 2022, and annually thereafter, a beverage manufacturer, under penalty of perjury, must report to the department, in pounds and by resin type, the amount of virgin plastic and postconsumer recycled plastic used for plastic beverage containers containing a beverage as established under section 3 of this act sold, offered for sale, or distributed in Washington in the previous calendar year.

(b) The department must post the information reported under this subsection on its web site.

(2) The department may: (a) Conduct audits and investigations for the purpose of ensuring compliance with this section based on the information reported under subsection (1) of this section; and (b) adopt rules to implement, administer, and enforce the requirements of this act.

(3) The department shall keep confidential all business trade secrets and proprietary information about manufacturing processes and equipment that the department gathers or becomes aware of through the course of conducting audits or investigations pursuant to this chapter.

**NEW SECTION. Sec. 103.** (1) Beginning January 1, 2023, a beverage manufacturer that does not meet the minimum postconsumer recycled plastic content requirements as established under section 4 of this act, based upon the amount in pounds and in the aggregate, is subject to an annual fee.

(2) The following violation levels are based on a beverage manufacturer's overall compliance rate of the minimum postconsumer recycled plastic content requirements.

(a) Level one violation: At least seventy-five percent but less than one hundred percent of the minimum recycled plastic content requirements;

(b) Level two violation: At least fifty percent but less than seventy-five percent of the minimum recycled plastic content requirements;

(c) Level three violation: At least twenty-five percent but less than fifty percent of the minimum recycled plastic content requirements;

(d) Level four violation: At least fifteen percent but less than twenty-five percent of the minimum recycled plastic content requirements; and

(e) Level five violation: Less than fifteen percent of the minimum recycled plastic content requirements.

(3) Beginning March 1, 2023, the department may assess fees for violations as follows:

(a) Level one violation, the fee range is five cents to fifteen cents per pound;

(b) Level two violation, the fee range is ten cents to twenty cents per pound;

(c) Level three violation, the fee range is fifteen cents to twenty-five cents per pound;

(d) Level four violation, the fee range is twenty cents to thirty cents per pound;

(e) Level five violation, the fee range is twenty-five cents to thirty cents per pound.

(4) In lieu of or in addition to assessing a fee under subsection (3) of this section, the department may require a beverage manufacturer to submit a corrective action plan detailing how the beverage manufacturer plans to come into compliance with section 4 of this act.

(5) The department shall consider equitable factors in determining whether to assess a fee under subsection (3) of this section and the amount of the fee including, but not limited to: The nature and circumstances of the violation; actions taken by the beverage manufacturer to correct the violation; the beverage manufacturer's history of compliance; the size and economic condition of the beverage manufacturer; and whether the violation or conditions giving rise to the violation were due to circumstances beyond the reasonable control of the beverage manufacturer or were otherwise unavoidable under the circumstances including, but not limited to, unforeseen changes in market conditions.

(6) A beverage manufacturer must:

(a) Pay to the department assessed fees in quarterly installments; or

(b) Arrange an alternative payment schedule subject to the approval of the department.

(7) A beverage manufacturer may appeal fees assessed under this section to the pollution control hearings board within thirty days of assessment.

(8)(a) The department shall consider waiving or reducing the fees or extending the time frame for assessing fees established under subsection (3) of this section for a beverage manufacturer that has demonstrated progress toward meeting the minimum postconsumer recycled content requirements, as established under section 4 of this act, if the beverage manufacturer:

(i) Has failed to meet the minimum postconsumer recycled content requirements; or

(ii) Anticipates it will not be able to meet the minimum postconsumer recycled content requirements.

(b) In determining whether to grant a waiver of, or reduce a fee, or extend the time frame for assessing a fee, the department shall consider, at a minimum, all of the following:

(i) Anomalous market conditions;

(ii) Disruption in, or lack of supply of, recycled plastics; and

(iii) Other factors that have prevented a beverage manufacturer from meeting the requirements.

(9) A beverage manufacturer shall pay the fees assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 5(1) of this act in the form and manner prescribed by the department.

**NEW SECTION. Sec. 104.** The recycling enhancement fee account is created in the state treasury. All fees collected by the department pursuant to section 6 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department only for providing funding to the recycling development center created in RCW 70.370.030 for the purpose of furthering the development of recycling infrastructure in this state.

### MESSAGE FROM THE SENATE

March 5, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1622 with the following amendment:

3.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 43.83B RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Drought condition" means that the water supply for a geographic area, or for a significant portion of a geographic area, is below seventy-five percent of normal and

the water shortage is likely to create undue hardships for water users or the environment.

(3) "Normal" water supply, for the purpose of determining drought conditions, means the median amount of water available to a geographical area, relative to the most recent thirty-year base period used to define climate normals.

**Sec. 2.** RCW 43.83B.400 and 1989 c 171 s 1 are each amended to read as follows:

~~((It is the intent of))~~ The legislature ~~((to provide emergency powers to the department of ecology to enable it to take actions, in a timely and expeditious manner, that are designed to alleviate hardships and reduce burdens on various water users and uses arising from drought conditions. As used in this chapter, "drought condition" means that the water supply for a geographical area or for a significant portion of a geographical area is below seventy-five percent of normal and the water shortage is likely to create undue hardships for various water uses and users.))~~ recognizes that drought and water shortages can place a significant hardship on Washington communities, farms, and the natural environment. Rising temperatures due to climate change may cause water supply shortages to be more frequent and severe in the future. Therefore, the ability to respond to drought and water shortage emergencies is critical to the long-term prosperity of our state. It is the intent of the legislature to provide the department with the authority to effectively and efficiently take actions when a drought emergency occurs to alleviate hardship on water users and our natural environment.

The legislature also recognizes that effective emergency drought response is predicated on building resiliency and preparedness before water shortages occur. Therefore, it is also the intent of the legislature that the department assist water users by supporting measures to strengthen the resiliency and preparedness of water users to drought conditions in the long term.

**Sec. 3.** RCW 43.83B.405 and 1989 c 171 s 2 are each amended to read as follows:

(1) Whenever it appears to the department, based on the definitions of drought condition and normal water supply set forth in section 1 of this act, that drought conditions may develop, the department may issue a drought advisory. The drought advisory should seek to increase the awareness and readiness of affected water users and may recommend voluntary actions to alleviate drought impacts.

(2)(a) Whenever it appears to the department ~~((of ecology))~~, based on the definitions of drought condition and normal water supply set forth in section 1 of this act, that a drought condition either exists or is forecast to occur within the state or portions thereof, the department ~~((of ecology))~~ is authorized to issue orders of drought emergency, pursuant to adopted rules ~~((previously adopted))~~, to implement the powers as set forth in RCW 43.83B.410 through 43.83B.420. ~~((The department shall, immediately upon the issuance of an order under this section, cause said order to be published in newspapers of general circulation in the areas of the state to which the order relates.))~~

(b) Prior to the issuance of an order of drought emergency, the department shall ~~((a))~~:

(i) Consult with ~~((and obtain the views of))~~ the federal and state government entities identified in the drought contingency plan periodically revised by the department pursuant to ~~((RCW 43.83B.410(4), and~~

~~((b)))~~ section 7 of this act and consult with affected federally recognized tribes;

(ii) Consider input from local water users, including nursery and landscape professionals, in the determination of undue hardship under section 1(2) of this act; and

(iii) Obtain the written approval of the governor.

(c) Upon issuance of an order of drought emergency, the department shall notify the public of the order consistent with rules adopted by the department.

(d) Orders of drought emergency issued under ~~((this section))~~ (a) of this subsection shall be deemed orders for the purposes of chapter 34.05 RCW.

(e) A person may petition the department to declare a drought emergency for the state or portions of the state. The department may review a petition, but any order of drought emergency issued after receipt of a petition must be based on the definitions of drought condition and normal water supply set forth in section 1 of this act, and must be issued according to the procedure set forth in this section. The department must not rely exclusively on information presented in a petition when determining whether to issue an order of drought emergency.

~~((2))~~ (3)(a) Any order issued under subsection ~~((4))~~ (2) of this section shall contain a termination date for the order. The termination date shall be not later than one calendar year from the date the order is issued. Although the department may, with the written approval of the governor, change the termination date by amending the order, no such amendment or series of amendments may have the effect of extending its termination to a date which is later than two calendar years after the issuance of the order.

~~((3))~~ (b) The provisions of ~~((subsection (2) of))~~ this section do not preclude the issuance of more than one order under subsection ~~((4))~~ (2) of this section for different areas of the state, or sequentially for the same area, as the need arises ~~((for such an order or orders)).~~

**Sec. 4.** RCW 43.83B.410 and 1989 c 171 s 3 are each amended to read as follows:

Upon the issuance of an order of drought emergency under RCW 43.83B.405(2), the department ~~((of ecology is empowered to))~~ may:

(1)(a) Authorize emergency withdrawal of public surface and ground waters, including dead storage within reservoirs, on a temporary basis and authorize temporary or permanent associated physical works ~~((which may be either temporary or permanent))~~. The department shall prioritize the approval of emergency withdrawal authorizations in order to address those most affected by the water deficit to

ensure the survival of irrigated crops, the state's fisheries, and the provision of water for small communities.

(b) The termination date for ~~((the authority to make such an))~~ emergency withdrawals may not be later than the termination date of the order issued under RCW 43.83B.405(2) ~~((under which the power to authorize the withdrawal is established)).~~

(c) The department ~~((of ecology))~~ may issue ~~((such))~~ emergency withdrawal authorizations only when, after investigation and after providing appropriate federal, state, and local governmental bodies and affected federally recognized tribes an opportunity to comment, the following are found:

(i) The waters proposed for withdrawal are to be used for a beneficial use involving a previously established activity or purpose;

(ii) The previously established activity or purpose was furnished water through rights applicable to the use of a public body of water that cannot be exercised due to the lack of water arising from natural drought conditions; and

(iii) The proposed withdrawal will not reduce flows or levels below essential minimums necessary ~~((A))~~ to ~~((assure))~~ ensure the maintenance of fisheries requirements~~((s))~~ and ~~((B))~~ to protect federal and state interests including, among others, power generation, navigation, and existing water rights~~((s))~~.

~~((B))~~ (d) All emergency withdrawal authorizations issued under this section shall contain provisions that allow for termination of withdrawals, in whole or in part, whenever withdrawals will conflict with flows and levels as provided in ~~((a))~~ (c)(iii) of this subsection. ~~((Domestic and irrigation uses of public surface and ground waters shall be given priority in determining "beneficial uses."))~~

(e) As to water withdrawal and associated works authorized under this subsection, the requirements of chapter 43.21C RCW and public bidding requirements as otherwise provided by law are waived and inapplicable. All state and local agencies with authority to issue permits or other authorizations for such works shall, to the extent possible, expedite the processing of the permits or authorizations in keeping with the emergency nature of the requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. All state departments or other agencies having jurisdiction over state or other public lands, if such lands are necessary to effectuate the withdrawal authorizations issued under this subsection, shall provide short-term easements or other appropriate property interest upon the payment of the fair market value. This mandate shall not apply to any lands of the state that are reserved for a special purpose or use that cannot properly be carried out if the property interest were conveyed;

(2) Approve a temporary change in purpose, place of use, ~~((or))~~ point of diversion, or point of withdrawal, consistent with existing state policy allowing transfer or lease of waters between willing parties, as provided for in RCW 90.03.380, 90.03.390, and 90.44.100. However, compliance with any requirements of ~~((a))~~ notice of

newspaper publication of these sections or ~~((b))~~ the state environmental policy act ~~((s))~~ under chapter 43.21C RCW, is not required when such changes are necessary to respond to drought conditions as determined by the department ~~((of ecology))~~. An approval of a temporary change of a water right as authorized under this subsection is not admissible as evidence in either supporting or contesting the validity of water claims in ~~((State of Washington, Department of Ecology v. Aquavella, Yakima county superior court number 77-2-01484-5))~~ a general adjudication under RCW 90.03.210 or any similar proceeding where the existence of a water right is at issue ~~((s))~~;

(3) Employ additional persons for specified terms of time, consistent with the term of a drought condition, as are necessary to ensure the successful performance of the activities associated with implementing the emergency drought program of this chapter ~~((s))~~;

(4) ~~((Revise the drought contingency plan previously developed by the department; and~~

~~((s)))~~ Acquire needed emergency drought-related equipment;

(5) Enter into agreements with applicants receiving emergency withdrawal authorizations established under this section to recover the costs, or a portion thereof, of mitigation for emergency withdrawal authorizations, provided that mitigation is done to protect instream flows, federally regulated flows, or senior water rights. The department may establish the specifics of cost recovery by rule, based on the amount of water used in the emergency withdrawal, which shall not exceed the cost of mitigation; and

(6) Enter into interagency agreements as authorized under chapter 39.34 RCW to partner in emergency drought response.

**Sec. 5.** RCW 43.83B.415 and 1989 c 171 s 4 are each amended to read as follows:

~~(1)(a) The department ((of ecology is authorized to make loans, grants, or combinations of loans and grants from emergency agricultural water supply funds when necessary to provide water to alleviate emergency drought conditions in order to ensure the survival of irrigated crops and the state's fisheries. For the purposes of this section, "emergency agricultural water supply funds" means funds appropriated from the state emergency water projects revolving account created under RCW 43.83B.360. The department of ecology may make the loans, grants, or combinations of loans and grants as matching funds in any case where federal, local, or other funds have been made available on a matching basis. The department may make a loan of up to ninety percent of the total eligible project cost or combination loan and grant up to one hundred percent of the total single project cost. The grant portion for any single project shall not exceed twenty percent of the total project cost except that, for activities forecast to have fifty percent or less of normal seasonal water supply, the grant portion for any single project or entity shall not exceed forty percent of the total project cost. No single entity shall receive more than ten percent of the total emergency agricultural water supply funds available for~~

~~drought relief. These funds shall not be used for nonagricultural drought relief purposes unless there are no other capital budget funds available for these purposes. In any biennium the total expenditures of emergency agricultural water supply funds for nonagricultural drought relief purposes may not exceed ten percent of the total of such funds available during that biennium.~~

~~(2)(a) Except as provided in (b) of this subsection, after June 30, 1989, emergency agricultural water supply funds, including the repayment of loans and any accrued interest, shall not be used for any purpose except during drought conditions as determined under RCW 43.83B.400 and 43.83B.405.~~

(b) Emergency agricultural water supply funds may be used on a one-time basis for the development of procedures to be used by state governmental entities to implement the state's drought contingency plan.) is authorized to issue grants to eligible public entities to reduce current or future hardship caused by water unavailability stemming from drought conditions. No single entity may receive more than twenty-five percent of the total funds available. The department is not obligated to fund projects that do not provide sufficient benefit to alleviating hardship caused by drought or water unavailability. Projects must show substantial benefit from securing water supply, availability, or reliability relative to project costs.

(b) Except for projects for public water systems serving economically disadvantaged communities, the department may only fund up to fifty percent of the total eligible cost of the project. Money used by applicants as a cash match may not originate from other state funds.

(c) For the purposes of this chapter, eligible public entities include only:

(i) Counties, cities, and towns;

(ii) Water and sewer districts formed under chapter 57.02 RCW;

(iii) Public utility districts formed under chapter 54.04 RCW;

(iv) Port districts formed under chapter 53.04 RCW;

(v) Conservation districts formed under chapter 89.08 RCW;

(vi) Irrigation districts formed under chapter 87.03 RCW;

(vii) Watershed management partnerships formed under RCW 39.34.200; and

(viii) Federally recognized tribes.

(2) Grants may be used to develop projects that enhance the ability of water users to effectively mitigate for the impacts of water unavailability arising from drought. Project applicants must demonstrate that the projects will increase their resiliency, preparedness, or ability to withstand drought conditions when they occur. Projects may include, but are not limited to:

(a) Creation of additional water storage;

(b) Implementation of source substitution projects;

(c) Development of alternative, backup, or emergency water supplies or interties;

(d) Installation of infrastructure or creation of educational programs that improve water conservation and efficiency or promote use of reclaimed water;

(e) Development or update of local drought contingency plans if not already required by state rules adopted under chapter 246-290 WAC;

(f) Mitigation of emergency withdrawals authorized under RCW 43.83B.410(1);

(g) Projects designed to mitigate for the impacts of water supply shortages on fish and wildlife; and

(h) Emergency construction or modification of water recreational facilities.

(3) During a drought emergency order pursuant to RCW 43.83B.405(2), the department shall prioritize funding for projects designed to relieve the immediate hardship caused by water unavailability.

**Sec. 6.** RCW 43.83B.430 and 2016 sp.s. c 36 s 933 are each amended to read as follows:

The state drought preparedness and response account is created in the state treasury. All receipts from appropriated funds designated for the account and ~~((funds transferred from the state emergency water projects revolving account))~~ all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought preparedness and response activities under this chapter, including grants issued under RCW 43.83B.415. Moneys in the account may be spent only after appropriation. ((Expenditures from the account may be used only for drought preparedness. During the 2009-2011 fiscal biennium, the legislature may transfer from the state drought preparedness account to the state general fund such amounts as reflect the excess fund balance of the account. For the 2015-2017 fiscal biennium, the account may also accept revenue collected from emergency drought well related water service contracts and may be used for drought response.))

**NEW SECTION. Sec. 7.** A new section is added to chapter 43.83B RCW to read as follows:

In collaboration with affected governments, the department may revise the existing drought contingency plan. The department shall notify interested parties of any updates to the drought contingency plan.

**NEW SECTION. Sec. 8.** A new section is added to chapter 43.83B RCW to read as follows:

(1) The department shall initiate a pilot program in a selected basin or basins to explore the cost, feasibility, and benefits of entering into long-term water right lease agreements. The purpose of the agreements is to alleviate water supply conditions that may affect public health and safety, drinking water supplies, agricultural activities, or fish and wildlife survival. Under this program, the department is

authorized to negotiate and enter into contractual agreements before a drought emergency is declared under RCW 43.83B.405(2) that identify projects, measures, sources of water, and other resources that may be accessed during times of water shortage. Water right changes executed under agreement under this section are subject to the requirements of RCW 90.03.380.

(2) The department shall submit a report to the legislature by December 31, 2024, on the results of the pilot program. The department shall include a summary of the contracts entered into pursuant to this section and recommendations to the legislature.

### MESSAGE FROM THE SENATE

March 3, 2020

Madame Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1694 with the following amendment:

10.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 11.** A new section is added to chapter 59.18 RCW to read as follows:

(1)(a) Except as provided in (b) of this subsection, upon receipt of a tenant's written request, a landlord must

permit the tenant to pay any deposits, nonrefundable fees, and last month's rent in installments.

(b) A landlord is not required to permit a tenant to pay in installments if the total amount of the deposits and nonrefundable fees do not exceed twenty-five percent of the first full month's rent and payment of the last month's rent is not required at the inception of the tenancy.

(2) In all cases where premises are rented for a specified time that is three months or longer, the tenant may elect to pay any deposits, nonrefundable fees, and last month's rent in three consecutive and equal monthly installments, beginning at the inception of the tenancy. In all other cases, the tenant may elect to pay any deposits, nonrefundable fees, and last month's rent in two consecutive and equal monthly installments, beginning at the inception of the tenancy.

(3) A landlord may not impose any fee, charge any interest, or otherwise impose a cost on a tenant because a tenant elects to pay in installments. Installment payments are due at the same time as rent is due. All installment schedules must be in writing and signed by the landlord and the tenant.

(4)(a) A fee or deposit to hold a dwelling unit or secure that the prospective tenant will move into a dwelling unit, as authorized under RCW 59.18.253, shall not be considered a deposit or nonrefundable fee for purposes of this section.

(b) A landlord may not request a fee or deposit to hold a dwelling unit or secure that the prospective tenant will move into a dwelling unit in excess of twenty-five percent of the first month's rent.

(5) Beginning January 1, 2021, any landlord who refuses to permit a tenant to pay any deposits, nonrefundable fees, and last month's rent in installments upon the tenant's written request as described in subsection (1) of this section is subject to a statutory penalty of one month's rent and reasonable attorneys' fees payable to the tenant.

(6)(a) In any application seeking relief pursuant RCW 59.18.283(3), the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the landlord would be eligible for reimbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(b) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order: (i) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (ii) directing the clerk to remit, without further order of the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(c)(iii). Nothing in this subsection shall be deemed to obligate the department of commerce to provide

assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(c) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

**Sec. 12.** RCW 43.31.605 and 2019 c 356 s 12 are each amended to read as follows:

(1)(a) Subject to the availability of funds for this purpose, the landlord mitigation program is created and administered by the department. The department shall have such rule-making authority as the department deems necessary to administer the program.

(b) The following types of claims related to landlord mitigation for renting private market rental units to low-income tenants using a housing subsidy program are eligible for reimbursement from the landlord mitigation program account:

(i) Up to one thousand dollars for improvements identified in RCW 59.18.255(1)(a). In order to be eligible for reimbursement under this subsection (1)(b)(i), the landlord must pay for the first five hundred dollars for improvements, and rent to the tenant whose housing subsidy program was conditioned on the real property passing inspection. Reimbursement under this subsection (1)(b)(i) may also include up to fourteen days of lost rental income from the date of offer of housing to the applicant whose housing subsidy program was conditioned on the real property passing inspection until move in by that applicant;

(ii) Reimbursement for damages as reflected in a judgment obtained against the tenant through either an unlawful detainer proceeding, or through a civil action in a court of competent jurisdiction after a hearing;

(iii) Reimbursement for damages established pursuant to subsection (2) of this section; and

(iv) Reimbursement for unpaid rent and unpaid utilities, provided that the landlord can evidence it to the department's satisfaction.

(c) Claims related to landlord mitigation for an unpaid judgment for rent, unpaid judgments resulting from the tenant's failure to comply with an installment payment agreement identified in section 1 of this act, late fees, attorneys' fees, and costs after a court order pursuant to RCW 59.18.410(3), including any unpaid portion of the judgment after the tenant defaults on the payment plan pursuant to RCW 59.18.410(3)(c), are eligible for reimbursement from the landlord mitigation program account and are exempt from any postjudgment interest required under RCW 4.56.110. Any claim for reimbursement under this subsection (1)(c) is not an entitlement.

(i) The department shall provide for a form on its web site for tenants and landlords to apply for reimbursement funds for the landlord pursuant to this subsection (1)(c).

(ii) The form must include: (A) Space for the landlord and tenant to provide names, mailing addresses, phone numbers, date of birth for the tenant, and any other

identifying information necessary for the department to process payment; (B) the landlord's statewide vendor identification number and how to obtain one; (C) name and address to whom payment must be made; (D) the amount of the judgment with instructions to include any other supporting documentation the department may need to process payment; (E) instructions for how the tenant is to reimburse the department under (c)(iii) of this subsection; (F) a description of the consequences if the tenant does not reimburse the department as provided in this subsection (1)(c); (G) a signature line for the landlord and tenant to confirm that they have read and understood the contents of the form and program; and (H) any other information necessary for the operation of the program. If the tenant has not signed the form after the landlord has made good faith efforts to obtain the tenant's signature, the landlord may solely submit the form but must attest to the amount of money owed and sign the form under penalty of perjury.

(iii) When a landlord has been reimbursed pursuant to this subsection (1)(c), the tenant for whom payment was made shall reimburse the department by depositing the amount disbursed from the landlord mitigation program account into the court registry of the superior court in which the judgment was entered. The tenant or other interested party may seek an ex parte order of the court under the unlawful detainer action to order such funds to be disbursed by the court. Upon entry of the order, the court clerk shall disburse the funds and include a case number with any payment issued to the department. If directed by the court, a clerk shall issue any payments made by a tenant to the department without further court order.

(iv) The department may deny an application made by a tenant who has failed to reimburse the department for prior payments issued pursuant to this subsection (1)(c).

(v) With any disbursement from the account to the landlord, the department shall notify the tenant at the address provided within the application that a disbursement has been made to the landlord on the tenant's behalf and that failure to reimburse the account for the payment through the court registry may result in a denial of a future application to the account pursuant to this subsection (1)(c). The department may include any other additional information about how to reimburse the account it deems necessary to fully inform the tenant.

(vi) The department's duties with respect to obtaining reimbursement from the tenant to the account are limited to those specified within this subsection (1)(c).

(vii) If at any time funds do not exist in the landlord mitigation program account to reimburse claims submitted under this subsection (1)(c), the department must create and maintain a waitlist and distribute funds in the order the claims are received pursuant to subsection (6) of this section. Payment of any claims on the waitlist shall be made only from the landlord mitigation program account. The department shall not be civilly or criminally liable and may not have any penalty or cause of action of any nature arise against it regarding the provision or lack of provision of funds for reimbursement.

(2) In order for a claim under subsection (1)(b)(iii) of this section to be eligible for reimbursement from the landlord mitigation program account, a landlord must:

(a) Have ensured that the rental property was inspected at the commencement of the tenancy by both the tenant and the landlord or landlord's agent and that a detailed written move-in property inspection report, as required in RCW 59.18.260, was prepared and signed by both the tenant and the landlord or landlord's agent;

(b) Make repairs and then apply for reimbursement to the department;

(c) Submit a claim on a form to be determined by the department, signed under penalty of perjury; and

(d) Submit to the department copies of the move-in property inspection report specified in (a) of this subsection and supporting materials including, but not limited to, before repair and after repair photographs, videos, copies of repair receipts for labor and materials, and such other documentation or information as the department may request.

(3) The department shall make reasonable efforts to review a claim within ten business days from the date it received properly submitted and complete claims to the satisfaction of the department. In reviewing a claim pursuant to subsection (1)(b) of this section, and determining eligibility for reimbursement, the department must receive documentation, acceptable to the department in its sole discretion, that the claim involves a private market rental unit rented to a low-income tenant who is using a housing subsidy program.

(4) Claims pursuant to subsection (1)(b) of this section related to a tenancy must total at least five hundred dollars in order for a claim to be eligible for reimbursement from the program. While claims or damages may exceed five thousand dollars, total reimbursement from the program may not exceed five thousand dollars per tenancy.

(5) Damages, beyond wear and tear, that are eligible for reimbursement include, but are not limited to: Interior wall gouges and holes; damage to doors and cabinets, including hardware; carpet stains or burns; cracked tiles or hard surfaces; broken windows; damage to household fixtures such as disposal, toilet, sink, sink handle, ceiling fan, and lighting. Other property damages beyond normal wear and tear may also be eligible for reimbursement at the department's discretion.

(6) All reimbursements for eligible claims shall be made on a first-come, first-served basis, to the extent of available funds. The department shall use best efforts to notify the tenant of the amount and the reasons for any reimbursements made.

(7) The department, in its sole discretion, may inspect the property and the landlord's records related to a claim, including the use of a third-party inspector as needed to investigate fraud, to assist in making its claim review and determination of eligibility.

(8) A landlord in receipt of reimbursement from the program pursuant to subsection (1)(b) of this section is prohibited from:

(a) Taking legal action against the tenant for damages attributable to the same tenancy; or

(b) Pursuing collection, or authorizing another entity to pursue collection on the landlord's behalf, of a judgment against the tenant for damages attributable to the same tenancy.

(9) A landlord denied reimbursement under subsection (1)(b)(iii) of this section may seek to obtain a judgment from a court of competent jurisdiction and, if successful, may resubmit a claim for damages supported by the judgment, along with a certified copy of the judgment. The department may reimburse the landlord for that portion of such judgment that is based on damages reimbursable under the landlord mitigation program, subject to the limitations set forth in this section.

(10) Determinations regarding reimbursements shall be made by the department in its sole discretion.

(11) The department must establish a web site that advertises the landlord mitigation program, the availability of reimbursement from the landlord mitigation program account, and maintains or links to the agency rules and policies established pursuant to this section.

(12) Neither the state, the department, or persons acting on behalf of the department, while acting within the scope of their employment or agency, is liable to any person for any loss, damage, harm, or other consequence resulting directly or indirectly from the department's administration of the landlord mitigation program or determinations under this section.

(13)(a) A report to the appropriate committees of the legislature on the effectiveness of the program and recommended modifications shall be submitted to the governor and the appropriate committees of the legislature by January 1, 2021. (3) A landlord may not request a fee or deposit to hold a dwelling or secure that the prospective tenant will move into the dwelling unit in excess of twenty-five percent of the first month's rent as described in section 1(4) of this act.

#### MESSAGE FROM THE SENATE

March 3, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1754 with the following amendment: 13.0.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature makes the following findings:

(a) Residents in temporary settings hosted by religious organizations are a particularly vulnerable population that do not have access to the same services as citizens with more stable housing.

(b) Residents in these settings, including outdoor uses such as outdoor encampments, indoor overnight shelters, temporary small houses on-site, and homeless-occupied vehicle resident safe parking, can be at increased risk of exploitation, theft, unsanitary living conditions, and physical harm.

(c) Furthermore, the legislature finds and declares that hosted outdoor encampments, indoor overnight shelters, temporary small houses on-site, and homeless-occupied vehicle resident safe parking serve as pathways for individuals experiencing homelessness to receive services and achieve financial stability, health, and permanent housing.

(2) The legislature intends that local municipalities have the discretion to protect the health and safety of both

residents in temporary settings that are hosted by religious organizations and the surrounding community. The legislature encourages local jurisdictions and religious organizations to work together collaboratively to protect the health and safety of residents and the surrounding community while allowing religious organizations to fulfill their mission to serve the homeless. The legislature further intends to monitor the implementation of this act and continue to refine it to achieve these goals.

**Sec. 2.** RCW 36.01.290 and 2010 c 175 s 2 are each amended to read as follows:

(1) A religious organization may host ~~((temporary encampments for))~~ the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) Except as provided in subsection (7) of this section, a county may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter, such as an outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking, for homeless persons on property owned or controlled by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; ~~((or))~~

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of ~~((the required))~~ permit applications. A county has discretion to reduce or waive permit fees for a religious organization that is hosting the homeless;

(d) Specifically limits a religious organization's availability to host an outdoor encampment on its property or property controlled by the religious organization to fewer than six months during any calendar year. However, a county may enact an ordinance or regulation that requires a separation of time of no more than three months between subsequent or established outdoor encampments at a particular site;

(e) Specifically limits a religious organization's outdoor encampment hosting term to fewer than four consecutive months;

(f) Limits the number of simultaneous religious organization outdoor encampment hostings within the same municipality during any given period of time. Simultaneous and adjacent hostings of outdoor encampments by religious organizations may be limited if located within one thousand feet of another outdoor encampment concurrently hosted by a religious organization;

(g) Limits a religious organization's availability to host safe parking efforts at its on-site parking lot, including limitations on any other congregationally sponsored uses and the parking available to support such uses during the hosting, except for limitations that are in accord with the following criteria that would govern if enacted by local ordinance or memorandum of understanding between the host religious organization and the jurisdiction:

(i) No less than one space may be devoted to safe parking per ten on-site parking spaces;

(ii) Restroom access must be provided either within the buildings on the property or through use of portable facilities, with the provision for proper disposal of waste if recreational vehicles are hosted; and

(iii) Religious organizations providing spaces for safe parking must continue to abide by any existing on-site parking minimum requirement so that the provision of safe parking spaces does not reduce the total number of available parking spaces below the minimum number of spaces required by the county, but a county may enter into a memorandum of understanding with a religious organization that reduces the minimum number of on-site parking spaces required;

(h) Limits a religious organization's availability to host an indoor overnight shelter in spaces with at least two accessible exits due to lack of sprinklers or other fire-related concerns, except that:

(i) If a county fire official finds that fire-related concerns associated with an indoor overnight shelter pose an imminent danger to persons within the shelter, the county may take action to limit the religious organization's availability to host the indoor overnight shelter; and

(ii) A county may require a host religious organization to enter into a memorandum of understanding for fire safety that includes local fire district inspections, an outline for appropriate emergency procedures, a determination of the most viable means to evacuate occupants from inside the host site with appropriate illuminated exit signage, panic bar exit doors, and a completed fire watch agreement indicating:

(A) Posted safe means of egress;

(B) Operable smoke detectors, carbon monoxide detectors as necessary, and fire extinguishers;

(C) A plan for monitors who spend the night awake and are familiar with emergency protocols, who have suitable communication devices, and who know how to contact the local fire department; or

(i) Limits a religious organization's ability to host temporary small houses on land owned or controlled by the religious organization, except for recommendations that are in accord with the following criteria:

(i) A renewable one-year duration agreed to by the host religious organization and local jurisdiction via a memorandum of understanding;

(ii) Maintaining a maximum unit square footage of one hundred twenty square feet, with units set at least six feet apart;

(iii) Electricity and heat, if provided, must be inspected by the local jurisdiction;

(iv) Space heaters, if provided, must be approved by the local fire authority;

(v) Doors and windows must be included and be lockable, with a recommendation that the managing agency and host religious organization also possess keys;

(vi) Each unit must have a fire extinguisher;

(vii) Adequate restrooms must be provided, including restrooms solely for families if present, along with handwashing and potable running water to be available if not provided within the individual units, including accommodating black water;

(viii) A recommendation for the host religious organization to partner with regional homeless service providers to develop pathways to permanent housing.

(3)(a) A county may enact an ordinance or regulation or take any other action that requires a host religious organization and a distinct managing agency using the religious organization's property, owned or controlled by the religious organization, for hostings to include outdoor encampments, temporary small houses on-site, indoor overnight shelters, or vehicle resident safe parking to enter into a memorandum of understanding to protect the public health and safety of both the residents of the particular hosting and the residents of the county.

(b) At a minimum, the agreement must include information regarding: The right of a resident in an outdoor encampment, vehicle resident safe parking, temporary small house on-site, or indoor overnight shelter to seek public health and safety assistance, the resident's ability to access social services on-site, and the resident's ability to directly interact with the host religious organization, including the ability to express any concerns regarding the managing agency to the religious organization; a written code of conduct agreed to by the managing agency, if any, host religious organization, and all volunteers working with residents of the outdoor encampment, temporary small house on-site, indoor overnight shelter, or vehicle resident safe parking; and when a publicly funded managing agency exists, the ability for the host religious organization to interact with residents of the outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking using a release of information.

(4) If required to do so by the county, any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, or indoor overnight shelter, or the host religious organization's managing agency, must ensure that the county or local law enforcement agency has completed sex offender checks of all adult residents and guests. The host religious organization retains the authority to allow such offenders to remain on the property. A host religious organization or host religious organization's managing agency performing any hosting of

vehicle resident safe parking must inform vehicle residents how to comply with laws regarding the legal status of vehicles and drivers, and provide a written code of conduct consistent with area standards.

(5) Any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, temporary small house on-site, or indoor overnight shelter, with a publicly funded managing agency, must work with the county to utilize Washington's homeless client management information system, as provided for in RCW 43.185C.180. When the religious organization does not partner with a managing agency, the religious organization is encouraged to partner with a local homeless services provider using the Washington homeless client managing information system. Any managing agency receiving any funding from local continuum of care programs must utilize the homeless client management information system. Temporary, overnight, extreme weather shelter provided in religious organization buildings does not need to meet this requirement.

(6) For the purposes of this section((7)):

(a) "Managing agency" means an organization such as a religious organization or other organized entity that has the capacity to organize and manage a homeless outdoor encampment, temporary small houses on-site, indoor overnight shelter, and a vehicle resident safe parking program.

(b) "Outdoor encampment" means any temporary tent or structure encampment, or both.

(c) "Religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(d) "Temporary" means not affixed to land permanently and not using underground utilities.

((4)) (7)(a) Subsection (2) of this section does not affect a county policy, ordinance, memorandum of understanding, or applicable consent decree that regulates religious organizations' hosting of the homeless if such policies, ordinances, memoranda of understanding, or consent decrees:

(i) Exist prior to the effective date of this section;

(ii) Do not categorically prohibit the hosting of the homeless by religious organizations; and

(iii) Have not been previously ruled by a court to violate the religious land use and institutionalized persons act, 42 U.S.C. Sec. 2000cc.

(b) If such policies, ordinances, memoranda of understanding, and consent decrees are amended after the effective date of this section, those amendments are not affected by subsection (2) of this section if those amendments satisfy (a)(ii) and (iii) of this subsection.

(8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the

homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

(9) A religious organization hosting outdoor encampments, vehicle resident safe parking, or indoor overnight shelters for the homeless that receives funds from any government agency may not refuse to host any resident or prospective resident because of age, sex, marital status, sexual orientation, race, creed, color, national origin, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability, as these terms are defined in RCW 49.60.040.

(10)(a) Prior to the opening of an outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking, a religious organization hosting the homeless on property owned or controlled by the religious organization must host a meeting open to the public for the purpose of providing a forum for discussion of related neighborhood concerns, unless the use is in response to a declared emergency. The religious organization must provide written notice of the meeting to the county legislative authority at least one week if possible but no later than ninety-six hours prior to the meeting. The notice must specify the time, place, and purpose of the meeting.

(b) A county must provide community notice of the meeting described in (a) of this subsection by taking at least two of the following actions at any time prior to the time of the meeting:

(i) Delivering to each local newspaper of general circulation and local radio or television station that has on file with the governing body a written request to be notified of special meetings;

(ii) Posting on the county's web site. A county is not required to post a special meeting notice on its web site if it: (A) Does not have a web site; (B) employs fewer than ten full-time equivalent employees; or (C) does not employ personnel whose duty, as defined by a job description or existing contract, is to maintain or update the web site;

(iii) Prominently displaying, on signage at least two feet in height and two feet in width, one or more meeting notices that can be placed on or adjacent to the main arterials in proximity to the location of the meeting; or

(iv) Prominently displaying the notice at the meeting site.

**Sec. 3.** RCW 35.21.915 and 2010 c 175 s 3 are each amended to read as follows:

(1) A religious organization may host ~~((temporary encampments for))~~ the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) Except as provided in subsection (7) of this section, a city or town may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter, such as an outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking, for homeless persons on property owned or controlled by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; ~~((e))~~

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of ~~((the required))~~ permit applications. A city or town has discretion to reduce or waive permit fees for a religious organization that is hosting the homeless;

(d) Specifically limits a religious organization's availability to host an outdoor encampment on its property or property controlled by the religious organization to fewer than six months during any calendar year. However, a city or town may enact an ordinance or regulation that requires a separation of time of no more than three months between subsequent or established outdoor encampments at a particular site;

(e) Specifically limits a religious organization's outdoor encampment hosting term to fewer than four consecutive months;

(f) Limits the number of simultaneous religious organization outdoor encampment hostings within the same municipality during any given period of time. Simultaneous and adjacent hostings of outdoor encampments by religious organizations may be limited if located within one thousand feet of another outdoor encampment concurrently hosted by a religious organization;

(g) Limits a religious organization's availability to host safe parking efforts at its on-site parking lot, including limitations on any other congregationally sponsored uses and the parking available to support such uses during the hosting, except for limitations that are in accord with the following criteria that would govern if enacted by local ordinance or memorandum of understanding between the host religious organization and the jurisdiction;

(i) No less than one space may be devoted to safe parking per ten on-site parking spaces;

(ii) Restroom access must be provided either within the buildings on the property or through use of portable facilities, with the provision for proper disposal of waste if recreational vehicles are hosted; and

(iii) Religious organizations providing spaces for safe parking must continue to abide by any existing on-site parking minimum requirement so that the provision of safe parking spaces does not reduce the total number of available parking spaces below the minimum number of spaces required by the city or town, but a city or town may enter

into a memorandum of understanding with a religious organization that reduces the minimum number of on-site parking spaces required;

(h) Limits a religious organization's availability to host an indoor overnight shelter in spaces with at least two accessible exits due to lack of sprinklers or other fire-related concerns, except that;

(i) If a city or town fire official finds that fire-related concerns associated with an indoor overnight shelter pose an imminent danger to persons within the shelter, the city or town may take action to limit the religious organization's availability to host the indoor overnight shelter; and

(ii) A city or town may require a host religious organization to enter into a memorandum of understanding for fire safety that includes local fire district inspections, an outline for appropriate emergency procedures, a determination of the most viable means to evacuate occupants from inside the host site with appropriate illuminated exit signage, panic bar exit doors, and a completed fire watch agreement indicating;

(A) Posted safe means of egress;

(B) Operable smoke detectors, carbon monoxide detectors as necessary, and fire extinguishers;

(C) A plan for monitors who spend the night awake and are familiar with emergency protocols, who have suitable communication devices, and who know how to contact the local fire department; or

(i) Limits a religious organization's ability to host temporary small houses on land owned or controlled by the religious organization, except for recommendations that are in accord with the following criteria:

(i) A renewable one-year duration agreed to by the host religious organization and local jurisdiction via a memorandum of understanding;

(ii) Maintaining a maximum unit square footage of one hundred twenty square feet, with units set at least six feet apart;

(iii) Electricity and heat, if provided, must be inspected by the local jurisdiction;

(iv) Space heaters, if provided, must be approved by the local fire authority;

(v) Doors and windows must be included and be lockable, with a recommendation that the managing agency and host religious organization also possess keys;

(vi) Each unit must have a fire extinguisher;

(vii) Adequate restrooms must be provided, including restrooms solely for families if present, along with handwashing and potable running water to be available if not provided within the individual units, including accommodating black water;

(b) At a minimum, the agreement must include information regarding: The right of a resident in an outdoor encampment, vehicle resident safe parking, temporary small house on-site, or indoor overnight shelter to seek public health and safety assistance, the resident's ability to access social services on-site, and the resident's ability to directly interact with the host religious organization, including the ability to express any concerns regarding the managing agency to the religious organization; a written code of conduct agreed to by the managing agency, if any, host religious organization, and all volunteers working with residents of the outdoor encampment, temporary small house on-site, indoor overnight shelter, or vehicle resident safe parking; and when a publicly funded managing agency exists, the ability for the host religious organization to interact with residents of the outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking using a release of information.

(4) If required to do so by a city or town, any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, or indoor overnight shelter, or the host religious organization's managing agency, must ensure that the city or town or local law enforcement agency has completed sex offender checks of all adult residents and guests. (5) Any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, temporary small house on-site, or indoor overnight shelter, with a publicly funded managing agency, must work with the city or town to utilize Washington's homeless client management information system, as provided for in RCW 43.185C.180. (g) Limits a religious organization's availability to host safe parking efforts at its on-site parking lot, including limitations on any other congregationally sponsored uses and the parking available to support such uses during the hosting, except for limitations that are in accord with the following criteria that would govern if enacted by local ordinance or memorandum of understanding between the host religious organization and the jurisdiction:

(i) No less than one space may be devoted to safe parking per ten on-site parking spaces;

(ii) Restroom access must be provided either within the buildings on the property or through use of portable facilities, with the provision for proper disposal of waste if recreational vehicles are hosted; and

(iii) Religious organizations providing spaces for safe parking must continue to abide by any existing on-site parking minimum requirement so that the provision of safe parking spaces does not reduce the total number of available parking spaces below the minimum number of spaces required by the code city, but a code city may enter into a memorandum of understanding with a religious organization that reduces the minimum number of on-site parking spaces required;

(h) Limits a religious organization's availability to host an indoor overnight shelter in spaces with at least two accessible exits due to lack of sprinklers or other fire-related concerns, except that:

(i) If a code city fire official finds that fire-related concerns associated with an indoor overnight shelter pose an imminent danger to persons within the shelter, the code city may take action to limit the religious organization's availability to host the indoor overnight shelter; and

(ii) A code city may require a host religious organization to enter into a memorandum of understanding for fire safety that includes local fire district inspections, an outline for appropriate emergency procedures, a determination of the most viable means to evacuate occupants from inside the host site with appropriate

illuminated exit signage, panic bar exit doors, and a completed fire watch agreement indicating:

(A) Posted safe means of egress;

(B) Operable smoke detectors, carbon monoxide detectors as necessary, and fire extinguishers;

(C) A plan for monitors who spend the night awake and are familiar with emergency protocols, who have suitable communication devices, and who know how to contact the local fire department; or

(i) Limits a religious organization's ability to host temporary small houses on land owned or controlled by the religious organization, except for recommendations that are in accord with the following criteria:

(viii) A recommendation for the host religious organization to partner with regional homeless service providers to develop pathways to permanent housing.

(3)(a) A code city may enact an ordinance or regulation or take any other action that requires a host religious organization and a distinct managing agency using the religious organization's property, owned or controlled by the religious organization, for hostings to include outdoor encampments, temporary small houses on-site, indoor overnight shelters, or vehicle resident safe parking to enter into a memorandum of understanding to protect the public health and safety of both the residents of the particular hosting and the residents of the code city.

(b) At a minimum, the agreement must include information regarding: The right of a resident in an outdoor encampment, vehicle resident safe parking, temporary small house on-site, or indoor overnight shelter to seek public health and safety assistance, the resident's ability to access social services on-site, and the resident's ability to directly interact with the host religious organization, including the ability to express any concerns regarding the managing agency to the religious organization; a written code of

conduct agreed to by the managing agency, if any, host religious organization, and all volunteers working with residents of the outdoor encampment, temporary small house on-site, indoor overnight shelter, or vehicle resident safe parking; and when a publicly funded managing agency exists, the ability for the host religious organization to interact with residents of the outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking using a release of information.

(4) If required to do so by a code city, any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, or indoor overnight shelter, or the host religious organization's managing agency, must ensure that the code city or local law enforcement agency has completed sex offender checks of all adult residents and guests. The host religious organization retains the authority to allow such offenders to remain on the property. A host religious organization or host religious organization's managing agency performing any hosting of vehicle resident safe parking must inform vehicle residents how to comply with laws regarding the legal status of vehicles and drivers, and provide a written code of conduct consistent with area standards.

(5) Any host religious organization performing any hosting of an outdoor encampment, vehicle resident safe parking, temporary small house on-site, or indoor overnight shelter, with a publicly funded managing agency, must work with the code city to utilize Washington's homeless client management information system, as provided for in RCW 43.185C.180. When the religious organization does not partner with a managing agency, the religious organization is encouraged to partner with a local homeless services provider using the Washington homeless client managing information system. Any managing agency receiving any funding from local continuum of care programs must utilize the homeless client management information system. Temporary, overnight, extreme weather shelter provided in religious organization buildings does not need to meet this requirement.

(6) For the purposes of this section((7)):

(a) "Managing agency" means an organization such as a religious organization or other organized entity that has the capacity to organize and manage a homeless outdoor encampment, temporary small houses on-site, indoor overnight shelter, and a vehicle resident safe parking program.

(b) "Outdoor encampment" means any temporary tent or structure encampment, or both.

(c) "Religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(d) "Temporary" means not affixed to land permanently and not using underground utilities.

((4)) (7)(a) Subsection (2) of this section does not affect a code city policy, ordinance, memorandum of understanding, or applicable consent decree that regulates religious organizations' hosting of the homeless if such

policies, ordinances, memoranda of understanding, or consent decrees:

(i) Exist prior to the effective date of this section;

(ii) Do not categorically prohibit the hosting of the homeless by religious organizations; and

(iii) Have not been previously ruled by a court to violate the religious land use and institutionalized persons act, 42 U.S.C. Sec. 2000cc.

(b) If such policies, ordinances, memoranda of understanding, and consent decrees are amended after the effective date of this section, those amendments are not affected by subsection (2) of this section if those amendments satisfy (a)(ii) and (iii) of this subsection.

(8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

(9) A religious organization hosting outdoor encampments, vehicle resident safe parking, or indoor overnight shelters for the homeless that receives funds from any government agency may not refuse to host any resident or prospective resident because of age, sex, marital status, sexual orientation, race, creed, color, national origin, honorably discharged veteran or military status, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability, as these terms are defined in RCW 49.60.040.

(10)(a) Prior to the opening of an outdoor encampment, indoor overnight shelter, temporary small house on-site, or vehicle resident safe parking, a religious organization hosting the homeless on property owned or controlled by the religious organization must host a meeting open to the public for the purpose of providing a forum for discussion of related neighborhood concerns, unless the use is in response to a declared emergency. The religious organization must provide written notice of the meeting to the code city legislative authority at least one week if possible but no later than ninety-six hours prior to the meeting. The notice must specify the time, place, and purpose of the meeting.

(b) A code city must provide community notice of the meeting described in (a) of this subsection by taking at least two of the following actions at any time prior to the time of the meeting:

(i) Delivering to each local newspaper of general circulation and local radio or television station that has on file with the governing body a written request to be notified of special meetings;

(ii) Posting on the code city's web site. A code city is not required to post a special meeting notice on its web site if it: (A) Does not have a web site; (B) employs fewer than ten full-time equivalent employees; or (C) does not employ

personnel whose duty, as defined by a job description or existing contract, is to maintain or update the web site;

(iii) Prominently displaying, on signage at least two feet in height and two feet in width, one or more meeting notices that can be placed on or adjacent to the main arterials in proximity to the location of the meeting; or

(iv) Prominently displaying the notice at the meeting site."

On page 1, line 2 of the title, after "organizations;" strike the remainder of the title and insert "amending RCW 36.01.290, 35.21.915, and 35A.21.360; and creating a new section."

(a) The enrichment levy rate per annual average full-time equivalent student levied upon the taxpayers of the high school district; or

(b) The enrichment levy rate per annual average full-time equivalent student levied upon the taxpayers of the nonhigh school district;

(4) If the nonhigh school district has not levied an enrichment levy during the current school year, then the amount due per annual average full-time equivalent student by the nonhigh school district is the enrichment levy rate per annual average full-time equivalent student levied upon the taxpayers of the high school district; and

(c) The result of the calculation provided for in subsection (1)(b) of this section shall be adjusted upward to the extent the estimated amount due by a nonhigh school district for the prior school year was less than the actual amount due based upon actual annual average full-time equivalent student enrollments during the previous school year and the actual per annual average full-time equivalent student enrichment levy rate for the current tax collection year, ~~((of the high school district,))~~ or adjusted downward to the extent the estimated amount due was greater than such actual amount due or greater than such lesser amount as a high school district may have elected to assess pursuant to RCW 28A.545.090.

(2) The amount arrived at pursuant to subsection (1)(c) of this subsection shall constitute the estimated amount due by a nonhigh school district to a high school district for the school year."

(d) A court may not issue an order to detain a person to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the person.

(3) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order together with a notice of rights, and a petition for initial detention. After service on such person the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, and the designated attorney. For the purposes of this chapter, in developing a remedial program, the port commission may utilize one or more of the following programs:

(1) Acquisition of property or property rights within the impacted area, which shall be deemed necessary to accomplish a port purpose. The port district may purchase such property or property rights by time payment notwithstanding the time limitations provided for in RCW 53.08.010. The port district may mortgage or otherwise pledge any such properties acquired to secure such transactions. The port district may assume any outstanding mortgages.

(2) Transaction assistance programs, including assistance with real estate fees and mortgage assistance, and other neighborhood remedial programs as compensation for impacts due to aircraft noise and noise associated conditions. Any such programs shall be in connection with properties located within an impacted area and shall be provided upon terms and conditions as the port district shall determine appropriate.

In this regard, the port district may establish reasonable regulations and may impose reasonable conditions and charges upon the granting of such mortgage insurance: PROVIDED, That such fees and charges shall at no time exceed fees established for federal mortgage insurance programs for like service.

(ii) Contains a soundproofing installation, structure, or other type of sound mitigation equipment product or benefit previously installed pursuant to the remedial program under this chapter by the port district that is determined through inspection to be in need of a repair or replacement.

(b) Port districts choosing to exercise the authority under (a)(ii) of this subsection are required to conduct inspections of homes where mitigation improvements are no longer working as intended. In those properties, port districts must work with a state certified building inspector to determine whether package failure resulted in additional hazards or structural damage to the property.

(6) Management of all lands, easements, or development rights acquired, including but not limited to the following:

(a) Rental of any or all lands or structures acquired;

(b) Redevelopment of any such lands for any economic use consistent with airport operations, local zoning and the state environmental policy;

(c) Sale of such properties for cash or for time payment and subjection of such property to mortgage or other security transaction: PROVIDED, That any such sale shall reserve to the port district by covenant an unconditional right of easement for the operation of all aircraft and for all noise or noise conditions associated therewith.

(b) Where a defendant has been convicted and sentenced under RCW 9.94A.507 in connection with the case, the DNA work product and investigatory reports and

records must be maintained for ninety-nine years or until the death of the defendant, whichever is sooner; and

(c) Where no conviction has been made in connection with the case, the DNA work product and investigatory reports and records must be maintained for ninety-nine years or throughout the period of the statute of limitations pursuant to RCW 9A.04.080, whichever is sooner.

(2) Notwithstanding subsection (1) of this section, in any felony case regardless of whether the identity of the offender is known and law enforcement has probable cause sufficient to believe the elements of a violent or sex offense as defined in RCW 9.94A.030 have been committed, a governmental entity shall preserve any DNA work product(~~including a sexual assault examination kit,~~) secured in connection with the criminal case and investigatory reports and records for ninety-nine years or throughout the period of the statute of limitations pursuant to RCW 9A.04.080, whichever is sooner.

(3) (~~For purposes of this section:~~

(a) "Amplified DNA" means DNA generated during scientific analysis using a polymerase chain reaction.

(b) "DNA work product" means (i) product generated during the process of scientific analysis of such material, except amplified DNA, material that had been subjected to DNA extraction, and DNA extracts from reference samples; or (ii) any material contained on a microscope slide, swab, in a sample tube, cutting, DNA extract, or some other similar retention method used to isolate potential biological evidence that has been collected by law enforcement as part of its investigation and prepared for scientific analysis, whether or not it is submitted for scientific analysis and derived from:

(A) The contents of a sexual assault examination kit;

(B) Blood;

(C) Semen;

(D) Hair;

(E) Saliva;

(F) Skin tissue;

(G) Fingerprints;

(H) Bones;

(I) Teeth; or

(J) Any other identifiable human biological material or physical evidence.

Notwithstanding the foregoing, "DNA work product" does not include a reference sample collected unless it has been shown through DNA comparison to associate the source of the sample with the criminal case for which it was collected.

(c) "Governmental entity" means any general law enforcement agency or any person or organization officially acting on behalf of the state or any political subdivision of the state involved in the collection, examination, tracking,

~~packaging, storing, or disposition of biological material collected in connection with a criminal investigation relating to a felony offense.~~

(d) "Reference sample" means a known sample collected from an individual by a governmental entity for the purpose of comparison to DNA profiles developed in a criminal case.

(4)) The failure of a law enforcement agency to preserve DNA work product does not constitute grounds in any criminal proceeding for challenging the admissibility of other DNA work product that was preserved in a case, and any evidence offered may not be excluded by a court on those grounds. The court may not set aside the conviction or sentence or order the reversal of a conviction under this section on the grounds that the DNA work product is no longer available. Unless the court finds that DNA work product was destroyed with malicious intent to violate this section, a person accused of committing a crime against a person has no cause of action against a law enforcement agency for failure to comply with the requirements of this section. If the court finds that DNA work product was destroyed with malicious intent to violate this section, the court may impose appropriate sanctions. Nothing in this section may be construed to create a private right of action on the part of any individual or entity against any law enforcement agency or any contractor of a law enforcement agency.

**NEW SECTION. Sec. 19.** A new section is added to chapter 5.70 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Amplified DNA" means DNA generated during scientific analysis using a polymerase chain reaction.

(2) "DNA work product" means (a) product generated during the process of scientific analysis of such material, except amplified DNA, material that had been subjected to DNA extraction, screening byproducts, and DNA extracts from reference samples; or (b) any material contained on a microscope slide, swab, in a sample tube, cutting, DNA extract, or some other similar retention method used to isolate potential biological evidence that has been collected by law enforcement or a forensic nurse as part of an investigation and prepared for scientific analysis, whether or not it is submitted for scientific analysis and derived from:

(i) The contents of a sexual assault examination kit;

(ii) Blood;

(iii) Semen;

(iv) Hair;

(v) Saliva;

(vi) Skin tissue;

(vii) Fingerprints;

(viii) Bones;

(ix) Teeth; or

(x) Any other identifiable human biological material or physical evidence.

Notwithstanding the foregoing, "DNA work product" does not include a reference sample collected unless it has been shown through DNA comparison to associate the source of the sample with the criminal case for which it was collected.

(3) "Governmental entity" means any general law enforcement agency or any person or organization officially acting on behalf of the state or any political subdivision of the state involved in the collection, examination, tracking, packaging, storing, or disposition of biological material collected in connection with a criminal investigation relating to a felony offense.

(4) "Reference sample" means a known sample collected from an individual by a governmental entity for the purpose of comparison to DNA profiles developed in a criminal case.

(5) "Screening byproduct" means a product or waste generated during examination of DNA evidence, or the screening process of such evidence, that is not intended for long-term storage.

(6) "Sexual assault kit" includes all evidence collected during a sexual assault medical forensic examination.

(7) "Unreported sexual assault kit" means a sexual assault kit where a law enforcement agency has not received a related report or complaint alleging a sexual assault or other crime has occurred.

**NEW SECTION. Sec. 20.** A new section is added to chapter 5.70 RCW to read as follows:

(1)(a) Any unreported sexual assault kit collected on or after the effective date of this section must be transported from the collecting entity to the applicable local law enforcement agency.

(b) By January 1, 2021, unreported sexual assault kits collected prior to the effective date of this section and stored according to the requirements of RCW 70.125.101 must be transported to the applicable local law enforcement agency.

(2)(a) The applicable local law enforcement agency is responsible for conducting the transport of the unreported sexual assault kit from the collecting entity to the agency as required under subsection (1) of this section.

(b) The applicable law enforcement agency shall store and preserve the unreported sexual assault kit for twenty years from the date of collection.

(3) The term "applicable local law enforcement agency" refers to the local law enforcement agency that would have jurisdiction to investigate any related criminal allegations if they were to be reported to law enforcement. The applicable local law enforcement agency is determined through consultation between the collecting entity or, in the case of unreported sexual assault kits stored according to the requirements of RCW 70.125.101, the Washington state patrol, and local law enforcement agencies.

**Sec. 21.** RCW 70.125.090 and 2019 c 93 s 6 are each amended to read as follows:

(1) When a law enforcement agency receives a sexual assault kit, the law enforcement agency must, within thirty days of its receipt, submit a request for laboratory examination to the Washington state patrol crime laboratory for prioritization for testing by it or another accredited laboratory that holds an outsourcing agreement with the Washington state patrol if:

(a) The law enforcement agency has received a related report or complaint alleging a sexual assault or other crime has occurred; and

(b)(i) Consent for laboratory examination has been given by the victim; or

(ii) The victim is a person under the age of eighteen who is not emancipated pursuant to chapter 13.64 RCW.

(2) Beginning May 1, 2022, when the Washington state patrol receives a request for laboratory examination of a sexual assault kit from a law enforcement agency, the Washington state patrol shall conduct the laboratory examination of the sexual assault kit, and when appropriate, enter relevant information into the combined DNA index system, within forty-five days of receipt of the request. The Washington state patrol crime laboratory must give priority to the laboratory examination of sexual assault kits at the request of a local law enforcement agency for:

(a) Active investigations and cases with impending court dates;

(b) Active investigations where public safety is an immediate concern;

(c) Violent crimes investigations, including active sexual assault investigations;

(d) Postconviction cases; and

(e) Other crimes' investigations and nonactive investigations, such as previously unsubmitted older sexual assault kits or recently collected sexual assault kits that the submitting agency has determined to be lower priority based on their initial investigation.

(3) The requirements to request and complete laboratory examination of sexual assault kits under subsections (1) and (2) of this section do not include forensic toxicological analysis. However, nothing in this section limits or modifies the authority of a law enforcement agency to request toxicological analysis of evidence collected in a sexual assault kit.

(4) The failure of a law enforcement agency to submit a request for laboratory examination, or the failure of the Washington state patrol to facilitate laboratory examination, within the time periods prescribed under this section does not constitute grounds in any criminal proceeding for challenging the validity of a DNA evidence association, and any evidence obtained from the sexual assault kit may not be excluded by a court on those grounds.

~~((4))~~ (5) A person accused or convicted of committing a crime against a victim has no standing to object

to any failure to comply with the requirements of this section, and the failure to comply with the requirements of this section is not grounds for setting aside the conviction or sentence.

~~((5))~~ (6) Nothing in this section may be construed to create a private right of action or claim on the part of any individual, entity, or agency against any law enforcement agency or any contractor of any law enforcement agency.

~~((6))~~ (7) This section applies ~~((prospectively only and not retroactively. It only applies))~~ to sexual assault examinations performed on or after July 24, 2015.

~~((7))~~ (8)(a) Until June 30, 2023, the Washington state patrol shall compile the following information related to the sexual assault kits identified in this section and RCW 70.125.100 (as recodified by this act):

(i) The number of requests for laboratory examination made for sexual assault kits and the law enforcement agencies that submitted the requests; and

(ii) The progress made towards testing the sexual assault kits, including the status of requests for laboratory examination made by each law enforcement agency.

(b) The Washington state patrol shall make recommendations for increasing the progress on testing any untested sexual assault kits.

(c) Beginning in 2015, the Washington state patrol shall report its findings and recommendations annually to the appropriate committees of the legislature and the governor by December 1st of each year.

**Sec. 22.** RCW 70.125.100 and 2019 c 93 s 7 are each amended to read as follows:

(1) Law enforcement agencies shall submit requests for forensic analysis of all sexual assault kits collected prior to July 24, 2015, and in the possession of the agencies to the Washington state patrol crime laboratory by October 1, 2019, except submission for forensic analysis is not required when: (a) Forensic analysis has previously been conducted; (b) there is documentation of an adult victim or emancipated minor victim expressing that he or she does not want his or her sexual assault kit submitted for forensic analysis; or (c) a sexual assault kit is noninvestigatory and held by a law enforcement agency pursuant to an agreement with a hospital or other medical provider. The requirements of this subsection apply regardless of the statute of limitations or the status of any related investigation.

(2) The Washington state patrol crime laboratory may consult with local law enforcement agencies to coordinate the efficient submission of requests for forensic analysis under this section in conjunction with the implementation of the statewide tracking system under RCW 43.43.545, provided that all requests are submitted and all required information is entered into the statewide sexual assault tracking system by October 1, 2019. The Washington state patrol crime laboratory shall facilitate the forensic analysis of all sexual assault kits submitted under this section by December 1, 2021. The analysis may be conducted by the Washington state patrol laboratory or an accredited

laboratory holding a contract or agreement with the Washington state patrol. The Washington state patrol shall process the forensic analysis of sexual assault kits in accordance with the priorities in RCW 70.125.090(2) (as recodified by this act).

(3) The requirements to request and complete laboratory examination of sexual assault kits under this section do not include forensic toxicological analysis. However, nothing in this section limits or modifies the authority of a law enforcement agency to request toxicological analysis of evidence collected in a sexual assault kit.

(4) The failure of a law enforcement agency to submit a request for laboratory examination within the time prescribed under this section does not constitute grounds in any criminal proceeding for challenging the validity of a DNA evidence association, and any evidence obtained from the sexual assault kit may not be excluded by a court on those grounds.

~~((4))~~ (5) A person accused or convicted of committing a crime against a victim has no standing to object to any failure to comply with the requirements of this section, and the failure to comply with the requirements of this section is not grounds for setting aside the conviction or sentence.

~~((5))~~ (6) Nothing in this section may be construed to create a private right of action or claim on the part of any individual, entity, or agency against any law enforcement agency or any contractor of any law enforcement agency.

**Sec. 23.** RCW 43.43.545 and 2019 c 93 s 4 are each amended to read as follows:

(1) The Washington state patrol shall create and operate a statewide sexual assault kit tracking system. The Washington state patrol may contract with state or nonstate entities including, but not limited to, private software and technology providers, for the creation, operation, and maintenance of the system.

(2) The statewide sexual assault kit tracking system must:

(a) Track the location and status of sexual assault kits throughout the criminal justice process, including the initial collection in examinations performed at medical facilities, receipt and storage at law enforcement agencies, receipt and analysis at forensic laboratories, and storage and any destruction after completion of analysis;

(b) Designate sexual assault kits as unreported or reported;

(c) Indicate whether a sexual assault kit contains biological materials collected for the purpose of forensic toxicological analysis;

(d) Allow medical facilities performing sexual assault forensic examinations, law enforcement agencies, prosecutors, the Washington state patrol bureau of forensic laboratory services, and other entities having custody of sexual assault kits to update and track the status and location of sexual assault kits;

~~((d))~~ (e) Allow victims of sexual assault to anonymously track or receive updates regarding the status of their sexual assault kits; and

~~((e))~~ (f) Use electronic technology or technologies allowing continuous access.

(3) The Washington state patrol may use a phased implementation process in order to launch the system and facilitate entry and use of the system for required participants. The Washington state patrol may phase initial participation according to region, volume, or other appropriate classifications. All entities having custody of sexual assault kits shall fully participate in the system no later than June 1, 2018. The Washington state patrol shall submit a report on the current status and plan for launching the system, including the plan for phased implementation, to the joint legislative task force on sexual assault forensic examination best practices, the appropriate committees of the legislature, and the governor no later than January 1, 2017.

(4) The Washington state patrol shall submit a semiannual report on the statewide sexual assault kit tracking system to the joint legislative task force on sexual assault forensic examination best practices, the appropriate committees of the legislature, and the governor. The Washington state patrol may publish the current report on its web site. The first report is due July 31, 2018, and subsequent reports are due January 31st and July 31st of each year. The report must include the following:

(a) The total number of sexual assault kits in the system statewide and by jurisdiction;

(b) The total and semiannual number of sexual assault kits where forensic analysis has been completed statewide and by jurisdiction;

(c) The number of sexual assault kits added to the system in the reporting period statewide and by jurisdiction;

(d) The total and semiannual number of sexual assault kits where forensic analysis has been requested but not completed statewide and by jurisdiction;

(e) The average and median length of time for sexual assault kits to be submitted for forensic analysis after being added to the system, including separate sets of data for all sexual assault kits in the system statewide and by jurisdiction and for sexual assault kits added to the system in the reporting period statewide and by jurisdiction;

(f) The average and median length of time for forensic analysis to be completed on sexual assault kits after being submitted for analysis, including separate sets of data for all sexual assault kits in the system statewide and by jurisdiction and for sexual assault kits added to the system in the reporting period statewide and by jurisdiction;

(g) The total and semiannual number of sexual assault kits destroyed or removed from the system statewide and by jurisdiction;

(h) The total number of sexual assault kits, statewide and by jurisdiction, where forensic analysis has not been

completed and six months or more have passed since those sexual assault kits were added to the system; and

(i) The total number of sexual assault kits, statewide and by jurisdiction, where forensic analysis has not been completed and one year or more has passed since those sexual assault kits were added to the system.

(5) For the purpose of reports under subsection (4) of this section, a sexual assault kit must be assigned to the jurisdiction associated with the law enforcement agency anticipated to receive the sexual assault kit or otherwise having custody of the sexual assault kit.

(6) Any public agency or entity, including its officials and employees, and any hospital and its employees providing services to victims of sexual assault may not be held civilly liable for damages arising from any release of information or the failure to release information related to the statewide sexual assault kit tracking system, so long as the release was without gross negligence.

(7) The Washington state patrol shall adopt rules as necessary to implement this section.

(8) For the purposes of this section ~~((an "unreported sexual assault kit" refers to a sexual assault kit collected from a victim who has consented to the collection of the sexual assault kit but who has not reported the alleged crime to law enforcement))~~;

(a) "Reported sexual assault kit" means a sexual assault kit where a law enforcement agency has received a related report or complaint alleging a sexual assault or other crime has occurred;

(b) "Sexual assault kit" includes all evidence collected during a sexual assault medical forensic examination; and

(c) "Unreported sexual assault kit" means a sexual assault kit where a law enforcement agency has not received a related report or complaint alleging a sexual assault or other crime has occurred.

**Sec. 24.** RCW 43.43.754 and 2019 c 443 s 3 are each amended to read as follows:

(1) A biological sample must be collected for purposes of DNA identification analysis from:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

(i) Assault in the fourth degree where domestic violence as defined in RCW 9.94A.030 was pleaded and proven (RCW 9A.36.041, 9.94A.030);

(ii) Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835);

(iii) Communication with a minor for immoral purposes (RCW 9.68A.090);

(iv) Custodial sexual misconduct in the second degree (RCW 9A.44.170);

(v) Failure to register (chapter 9A.44 RCW);

- (vi) Harassment (RCW 9A.46.020);
- (vii) Patronizing a prostitute (RCW 9A.88.110);
- (viii) Sexual misconduct with a minor in the second degree (RCW 9A.44.096);
- (ix) Stalking (RCW 9A.46.110);
- (x) Indecent exposure (RCW 9A.88.010);
- (xi) Violation of a sexual assault protection order granted under chapter 7.90 RCW; and
- (b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2)(a) A municipal jurisdiction may also submit any biological sample to the laboratory services bureau of the Washington state patrol for purposes of DNA identification analysis when:

(i) The sample was collected from a defendant upon conviction for a municipal offense where the underlying ordinance does not adopt the relevant state statute by reference but the offense is otherwise equivalent to an offense in subsection (1)(a) of this section;

(ii) The equivalent offense in subsection (1)(a) of this section was an offense for which collection of a biological sample was required under this section at the time of the conviction; and

(iii) The sample was collected on or after June 12, 2008, and before January 1, 2020.

(b) When submitting a biological sample under this subsection, the municipal jurisdiction must include a signed affidavit from the municipal prosecuting authority of the jurisdiction in which the conviction occurred specifying the state crime to which the municipal offense is equivalent.

(3) Law enforcement may submit to the forensic laboratory services bureau of the Washington state patrol, for purposes of DNA identification analysis, any lawfully obtained biological sample within its control from a deceased offender who was previously convicted of an offense under subsection (1)(a) of this section, regardless of the date of conviction.

(4) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

(5) Biological samples shall be collected in the following manner:

(a) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility or a department of children, youth, and families facility, and are serving a term of confinement in a city or county jail facility, the city or county jail facility shall be responsible for obtaining the biological samples.

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:

(i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility, department of children, youth, and families facility, or a city or county jail facility; and

If the facility did not collect the biological sample during the intake process, then the facility shall collect the biological sample as soon as is practicable. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

~~((6))~~ (d) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who will not serve a term of confinement, the court shall ~~((order))~~: Order the person to report to the local police department or sheriff's office as provided under subsection (5)(b)(i) of this section within a reasonable period of time established by the court in order to provide a biological sample; or if the local police department or sheriff's office has a protocol for collecting the biological sample in the courtroom, order the person to immediately provide the biological sample to the local police department or sheriff's office before leaving the presence of the court. The court must further inform the person that refusal to provide a biological sample is a gross misdemeanor under this section.

~~((7))~~ (6) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

~~((8))~~ (7) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under this section, to the extent allowed by funding available for this purpose. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

~~((9))~~ (8) This section applies to:

(a) All adults and juveniles to whom this section applied prior to June 12, 2008;

(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(i) Are convicted on or after June 12, 2008, of an offense listed in subsection (1)(a) of this section on the date of conviction; or

(ii) Were convicted prior to June 12, 2008, of an offense listed in subsection (1)(a) of this section and are still incarcerated on or after June 12, 2008;

(c) All adults and juveniles who are required to register under RCW 9A.44.130 on or after June 12, 2008, whether convicted before, on, or after June 12, 2008; and

(d) All samples submitted under subsections (2) and (3) of this section.

~~((49))~~ (9) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

~~((44))~~ (10) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. No cause of action may be brought against the state based upon the analysis of a biological sample authorized to be taken pursuant to a municipal ordinance if the conviction or adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including, but not limited to, posttrial or postfact-finding motions, appeals, or collateral attacks.

~~((42))~~ (11) A person commits the crime of refusal to provide DNA if the person willfully refuses to comply with a legal request for a DNA sample as required under this section. The refusal to provide DNA is a gross misdemeanor.

**NEW SECTION. Sec. 25.** A new section is added to chapter 43.101 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the commission shall develop a proposal for a case review program. The commission shall research, design, and develop case review strategies designed to optimize outcomes in sexual assault investigations through improved training and investigatory practices. The proposed program must evaluate whether current training and practices foster a trauma-informed, victim-centered approach to victim interviews that identifies best practices and current gaps in training and assesses the integration of the community resiliency model. The program will include a comparison of cases involving investigators and interviewers who have participated in training to cases involving investigators and interviewers who have not participated in training. The program will also include other randomly selected cases for a systematic review to assess whether current practices conform to national best practices for a multidisciplinary approach to investigating sexual assault cases and interacting with survivors.

(2) In designing the program, the commission shall consult and collaborate with experts in trauma-informed and victim-centered training, experts in sexual assault investigations and prosecutions, victim advocates, and other stakeholders identified by the commission. The commission may form a multidisciplinary working group for the purpose of carrying out the requirements of this section.

(3) The commission shall submit a report with a summary of its proposal to the governor and the appropriate committees of the legislature by December 1, 2020.

(4) This section expires July 1, 2021.

**NEW SECTION. Sec. 26.** The legislature recognizes that proper storage and preservation of evidence, including maintaining chain of custody requirements, are critical to any successful investigation and prosecution. Unreported sexual assault kits are, therefore, most appropriately stored and preserved by law enforcement agencies. The legislature further recognizes that some agencies are facing storage capacity constraints. Agencies are currently responsible for storing found property, regardless if the property is associated with a criminal investigation. Therefore, the legislature hereby intends to provide flexibility for local governments to designate an alternate entity to store found property in order to allow those agencies with capacity issues to prioritize storage space for evidence and potential evidence in criminal investigations.

**Sec. 27.** RCW 63.21.010 and 1997 c 237 s 1 are each amended to read as follows:

(1) Any person who finds property that is not unlawful to possess, the owner of which is unknown, and who wishes to claim the found property, shall:

(a) Within seven days of the finding acquire a signed statement setting forth an appraisal of the current market value of the property prepared by a qualified person engaged in buying or selling like items or by a district court judge, unless the found property is cash; and

(b) Within seven days report the find of property and surrender, if requested, the property and a copy of the evidence of the value of the property to the chief law enforcement officer, ~~((or))~~ his or her designated representative, or other designated entity under section 15 of this act, of the governmental entity where the property was found, and serve written notice upon the officer or designee of the finder's intent to claim the property if the owner does not make out his or her right to it under this chapter.

(2) Within thirty days of the report the governmental entity shall cause notice of the finding to be published at least once a week for two successive weeks in a newspaper of general circulation in the county where the property was found, unless the appraised value of the property is less than the cost of publishing notice. If the value is less than the cost of publishing notice, the governmental entity may cause notice to be posted or published in other media or formats that do not incur expense to the governmental entity.

**Sec. 28.** RCW 63.21.020 and 1979 ex.s. c 85 s 2 are each amended to read as follows:

The finder's claim to the property shall be extinguished:

(1) If the owner satisfactorily establishes, within sixty days after the find was reported to the appropriate officer or, if so designated under section 15 of this act, the appropriate entity, the owner's right to possession of the property; or

(2) If the chief law enforcement officer or designee determines and so informs the finder that the property is illegal for the finder to possess.

**Sec. 29.** RCW 63.21.030 and 1997 c 237 s 2 are each amended to read as follows:

(1) The found property shall be released to the finder and become the property of the finder sixty days after the find was reported to the appropriate officer or designee if no owner has been found, or sixty days after the final disposition of any judicial or other official proceeding involving the property, whichever is later. The property shall be released only after the finder has presented evidence of payment to the treasurer of the governmental entity handling the found property, the amount of ten dollars plus the amount of the cost of publication of notice incurred by the ~~((government—[governmental]))~~ governmental entity pursuant to RCW 63.21.010, which amount shall be deposited in the general fund of the governmental entity. If the appraised value of the property is less than the cost of publication of notice of the finding, then the finder is not required to pay any fee.

(2) When ninety days have passed after the found property was reported to the appropriate officer or designee, or ninety days after the final disposition of a judicial or other proceeding involving the found property, and the finder has not completed the requirements of this chapter, the finder's claim shall be deemed to have expired and the found property may be disposed of as unclaimed property under chapter 63.32 or 63.40 RCW. Such laws shall also apply whenever a finder states in writing that he or she has no intention of claiming the found property.

**Sec. 30.** RCW 63.21.050 and 2019 c 30 s 1 are each amended to read as follows:

(1) The chief law enforcement officer ~~((or))~~, his or her designated representative, or other designated entity under section 15 of this act to whom a finder surrenders property, must:

(a) Advise the finder if the found property is illegal for him or her to possess;

(b) Advise the finder if the found property is to be held as evidence in judicial or other official proceedings;

(c) Advise the finder in writing of the procedures to be followed in claiming the found property;

(d) If the property is valued at one hundred dollars or less adjusted for inflation under subsection (2) of this section, allow the finder to retain the property if it is determined there is no reason for the officer or designee to retain the property;

(e) If the property exceeds one hundred dollars adjusted for inflation under subsection (2) of this section in value and has been requested to be surrendered to the ~~((law enforcement agency))~~ governmental entity, retain the property for sixty days before it can be claimed by the finder under this chapter, unless the owner has recovered the property;

(f) If the property is held as evidence in judicial or other official proceedings, retain the property for sixty days after the final disposition of the judicial or other official proceeding, before it can be claimed by the finder or owner under the provisions of this chapter;

(g) After the required number of days have passed, and if no owner has been found, surrender the property to the finder according to the requirements of this chapter; or

(h) If neither the finder nor the owner claim the property retained by the officer or designee within thirty days of the time when the claim can be made, the property must be disposed of as unclaimed property under chapter 63.32 or 63.40 RCW.

(2)(a) The office of financial management must adjust the dollar thresholds established in subsection (1)(d) and (e) of this section for inflation every five years, beginning July 1, 2025, based upon changes in the Seattle consumer price index during that time period. The office of financial management must calculate the new dollar threshold and transmit the new dollar threshold, rounded up to the nearest dollar, to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(b) For the purposes of determining the thresholds in subsection (1)(d) and (e) of this section, the chief law enforcement officer ~~((or))~~, his or her designated representative, or other designated entity under section 15 of this act must use the latest thresholds published by the office of financial management in the Washington State Register under (a) of this subsection.

**Sec. 31.** RCW 63.21.060 and 1979 ex.s. c 85 s 6 are each amended to read as follows:

If the property is not returned to a person validly establishing ownership or right to possession of the property, the governmental entity shall forward the lost property within thirty days but not less than ten days after the time the governmental entity acquires the lost property to the chief law enforcement officer, ~~((or))~~ his or her designated representative, or other designated entity under section 16 of this act, of the county in which the property was found, except that if the property is found within the borders of a city or town the property shall be forwarded to the chief law enforcement officer of the city or town ~~((or))~~, his or her designated representative, or other entity of the city or town so designated under section 15 of this act. A governmental entity may elect to retain property which it acquires and dispose of the property as provided by chapter 63.32 or 63.40 RCW.

**NEW SECTION. Sec. 32.** A new section is added to chapter 63.21 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, a county, city, or town may designate an alternate department or governmental entity to accept, store, retain, and dispose of found property as required under this chapter, rather than the chief law enforcement officer or his or her designee, so long as the alternate department or governmental entity complies with the requirements and procedures under this chapter.

(2) Regardless of whether a county, city, or town designates an alternate department or governmental entity under subsection (1) of this section, the chief law enforcement officer or his or her designated representative is responsible for retaining any of the following types of property in accordance with the requirements of this chapter: A bank card; charge or credit card; cash; government-issued document, financial document, or legal document; firearm; evidence in a judicial or other official proceeding; or an item that is not legal for the finder to possess. A county, city, or town designating an alternate department or governmental entity under subsection (1) of this section shall establish procedures for ensuring these types of property are directed to the chief law enforcement officer or his or her designated representative.

**NEW SECTION. Sec. 33.** A new section is added to chapter 63.32 RCW to read as follows:

(1) This chapter does not modify the requirements for a police department to accept found property under chapter 63.21 RCW.

(2) If a city or town designates an alternate department or governmental entity to accept found property under section 15 of this act:

(a) The designated department or governmental entity shall comply with the retention and disposition requirements under this chapter in the same manner as would be required of a police department; and

(b) The police department is not required to accept found property from a finder of said property, unless the property is any of the following: A bank card; charge or credit card; cash; government-issued document, financial document, or legal document; firearm; evidence in a judicial or other official proceeding; or an item that is not legal for the finder to possess. Such found property accepted by a police department must be retained or disposed of in accordance with this chapter and other applicable state laws.

**NEW SECTION. Sec. 34.** A new section is added to chapter 63.40 RCW to read as follows:

(2) If a county designates an alternate department or governmental entity to accept found property under section 15 of this act:

(a) The designated department or governmental entity shall comply with the disposition requirements under this

chapter in the same manner as would be required of the sheriff; and

#### MESSAGE FROM THE SENATE

March 3, 2020

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2343 with the following amendment:

36.0.

Strike everything after the enacting clause and insert the following:

"**Sec. 37.** RCW 36.70A.600 and 2019 c 348 s 1 are each amended to read as follows:

(1) A city planning pursuant to RCW 36.70A.040 is encouraged to take the following actions in order to increase its residential building capacity:

(a) Authorize development in one or more areas of not fewer than five hundred acres that include at least one train station served by commuter rail or light rail with an average of at least fifty residential units per acre that require no more than an average of one on-site parking space per two bedrooms in the portions of multifamily zones that are located within the areas;

(b) Authorize development in one or more areas of not fewer than ~~((five))~~ two hundred acres in cities with a population greater than forty thousand or not fewer than ~~((two))~~ one hundred ~~((fifty))~~ acres in cities with a population less than forty thousand that include at least one bus stop served by scheduled bus service of at least four times per hour for twelve or more hours per day with an average of at least twenty-five residential units per acre that require no more than an average of one on-site parking space per two bedrooms in portions of the multifamily zones that are located within the areas;

(c) Authorize at least one duplex, triplex, quadplex, sixplex, stacked flat, townhouse, or courtyard apartment on each parcel in one or more zoning districts that permit single-

family residences unless a city documents a specific infrastructure of physical constraint that would make this requirement unfeasible for a particular parcel;

(d) Authorize a duplex, triplex, quadplex, sixplex, stacked flat, townhouse, or courtyard apartment on one or more parcels for which they are not currently authorized;

(e) Authorize cluster zoning or lot size averaging in all zoning districts that permit single-family residences;

~~((e) Authorize attached accessory dwelling units on all parcels containing single family homes where the lot is at least three thousand two hundred square feet in size, and permit both attached and detached accessory dwelling units on all parcels containing single family homes, provided lots are at least four thousand three hundred fifty six square feet in size. Qualifying city ordinances or regulations may not provide for on-site parking requirements, owner occupancy requirements, or square footage limitations below one thousand square feet for the accessory dwelling unit, and must not prohibit the separate rental or sale of accessory dwelling units and the primary residence. Cities must set applicable impact fees at no more than the projected impact of the accessory dwelling unit. To allow local flexibility, other than these factors, accessory dwelling units may be subject to such regulations, conditions, procedures, and limitations as determined by the local legislative authority, and must follow all applicable state and federal laws and local ordinances;))~~

(f) Adopt a subarea plan pursuant to RCW 43.21C.420;

(g) Adopt a planned action pursuant to RCW 43.21C.440(1)(b)(ii), except that an environmental impact statement pursuant to RCW 43.21C.030 is not required for such an action;

(h) Adopt increases in categorical exemptions pursuant to RCW 43.21C.229 for residential or mixed-use development;

(i) Adopt a form-based code in one or more zoning districts that permit residential uses. "Form-based code" means a land development regulation that uses physical form, rather than separation of use, as the organizing principle for the code;

(j) Authorize a duplex on each corner lot within all zoning districts that permit single-family residences;

(k) Allow for the division or redivision of land into the maximum number of lots through the short subdivision process provided in chapter 58.17 RCW; ~~((and))~~

(l) Authorize a minimum net density of six dwelling units per acre in all residential zones, where the residential development capacity will increase within the city. For purposes of this subsection, the calculation of net density does not include the square footage of areas that are otherwise prohibited from development, such as critical areas, the area of buffers around critical areas, and the area of roads and similar features;

(m) Create one or more zoning districts of medium density in which individual lots may be no larger than three

thousand five hundred square feet and single-family residences may be no larger than one thousand two hundred square feet;

(n) Authorize accessory dwelling units in one or more zoning districts in which they are currently prohibited;

(o) Remove minimum residential parking requirements related to accessory dwelling units;

(p) Remove owner occupancy requirements related to accessory dwelling units;

(q) Adopt new square footage requirements related to accessory dwelling units that are less restrictive than existing square footage requirements related to accessory dwelling units;

(r) Adopt maximum allowable exemption levels in WAC 197-11-800(1) as it existed on the effective date of this section, or such subsequent date as may be provided by the department of ecology by rule, consistent with the purposes of this section;

(s) Adopt standards for administrative approval of final plats pursuant to RCW 58.17.100;

(t) Adopt ordinances authorizing administrative review of preliminary plats pursuant to RCW 58.17.095;

(u) Adopt other permit process improvements where it is demonstrated that the code, development regulation, or ordinance changes will result in a more efficient permit process for customers;

(v) Update use matrices and allowable use tables that eliminate conditional use permits and administrative conditional use permits for all housing types, including single-family homes, townhomes, multifamily housing, low-income housing, and senior housing, but excluding essential public facilities;

(w) Allow off-street parking to compensate for lack of on-street parking when private roads are utilized or a parking demand study shows that less parking is required for the project;

(x) Develop a local program that offers homeowners a combination of financing, design, permitting, or construction support to build accessory dwelling units. A city may condition this program on a requirement to provide the unit for affordable home ownership or rent the accessory dwelling unit for a defined period of time to either tenants in a housing subsidy program as defined in RCW 43.31.605(14) or to tenants whose income is less than eighty percent of the city or county median family income. If the city includes an affordability requirement under the program, it must provide additional incentives, such as:

(i) Density bonuses;

(ii) Height and bulk bonuses;

(iii) Fee waivers or exemptions;

(iv) Parking reductions; or

(v) Expedited permitting; and

(y) Develop a local program that offers homeowners a combination of financing, design, permitting, or construction support to convert a single-family home into a duplex, triplex, or quadplex where those housing types are authorized. A local government may condition this program on a requirement to provide a certain number of units for affordable home ownership or to rent a certain number of the newly created units for a defined period of time to either tenants in a housing subsidy program as defined in RCW 43.31.605(14) or to tenants whose income is less than eighty percent of the city or county median family income. If the city includes an affordability requirement, it must provide additional incentives, such as:

(i) Density bonuses;

(ii) Height and bulk bonuses;

(iii) Fee waivers or exemptions;

(iv) Parking reductions; or

(v) Expedited permitting.

(2) A city planning pursuant to RCW 36.70A.040 may adopt a housing action plan as described in this subsection. The goal of any such housing plan must be to encourage construction of additional affordable and market rate housing in a greater variety of housing types and at prices that are accessible to a greater variety of incomes, including strategies aimed at the for-profit single-family home market. A housing action plan may utilize data compiled pursuant to RCW 36.70A.610. The housing action plan should:

(a) Quantify existing and projected housing needs for all income levels, including extremely low-income households, with documentation of housing and household characteristics, and cost-burdened households;

(b) Develop strategies to increase the supply of housing, and variety of housing types, needed to serve the housing needs identified in (a) of this subsection;

(c) Analyze population and employment trends, with documentation of projections;

(d) Consider strategies to minimize displacement of low-income residents resulting from redevelopment;

(e) Review and evaluate the current housing element adopted pursuant to RCW 36.70A.070, including an evaluation of success in attaining planned housing types and units, achievement of goals and policies, and implementation of the schedule of programs and actions;

(f) Provide for participation and input from community members, community groups, local builders, local realtors, nonprofit housing advocates, and local religious groups; and

(g) Include a schedule of programs and actions to implement the recommendations of the housing action plan.

(3) If adopted by April 1, ~~((2024))~~ 2023, ordinances, amendments to development regulations, and other nonproject actions taken by a city to implement the actions specified in subsection (1) of this section, with the exception of the action specified in subsection (1)(f) of this section, are

not subject to administrative or judicial appeal under chapter 43.21C RCW.

(4) Any action taken by a city prior to April 1, ~~((2021))~~ 2023, to amend their comprehensive plan, or adopt or amend ordinances or development regulations, solely to enact provisions under subsection (1) of this section is not subject to legal challenge under this chapter.

(5) In taking action under subsection (1) of this section, cities are encouraged to utilize strategies that increase residential building capacity in areas with frequent transit service and with the transportation and utility infrastructure that supports the additional residential building capacity.

(6) A city ~~((with a population over twenty thousand))~~ that is planning to take at least two actions under subsection (1) of this section, and that action will occur between July 28, 2019, and April 1, 2021, is eligible to apply to the department for planning grant assistance of up to one hundred thousand dollars, subject to the availability of funds appropriated for that purpose. The department shall develop grant criteria to ensure that grant funds awarded are proportionate to the level of effort proposed by a city, and the potential increase in housing supply or regulatory streamlining that could be achieved. Funding may be provided in advance of, and to support, adoption of policies or ordinances consistent with this section. A city can request, and the department may award, more than one hundred thousand dollars for applications that demonstrate extraordinary potential to increase housing supply or regulatory streamlining.

(7) A city seeking to develop a housing action plan under subsection (2) of this section is eligible to apply to the department for up to one hundred thousand dollars.

(8) The department shall establish grant award amounts under subsections (6) and (7) of this section based on the expected number of cities that will seek grant assistance, to ensure that all cities can receive some level of grant support. If funding capacity allows, the department may consider accepting and funding applications from cities with a population of less than twenty thousand if the actions proposed in the application will create a significant amount of housing capacity or regulatory streamlining and are consistent with the actions in this section.

(9) In implementing chapter 348, Laws of 2019, cities are encouraged to prioritize the creation of affordable, inclusive neighborhoods and to consider the risk of residential displacement, particularly in neighborhoods with communities at high risk of displacement.

**Sec. 38.** RCW 43.21C.495 and 2019 c 348 s 4 are each amended to read as follows:

If adopted by April 1, ~~((2021))~~ 2023, amendments to development regulations and other nonproject actions taken by a city to implement RCW 36.70A.600 (1) or (4), with the exception of the action specified in RCW 36.70A.600(1)(f), are not subject to administrative or judicial appeals under this chapter.

**Sec. 39.** RCW 36.70A.620 and 2019 c 348 s 5 are each amended to read as follows:

In counties and cities planning under RCW 36.70A.040, minimum residential parking requirements mandated by municipal zoning ordinances for housing units constructed after July 1, 2019, are subject to the following requirements:

(1) For housing units that are affordable to very low-income or extremely low-income individuals and that are located within one-quarter mile of a transit stop that receives transit service at least ~~((four))~~ two times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for very low-income or extremely low-income individuals. The covenant must address price restrictions and household income limits and policies if the property is converted to a use other than for low-income housing. A city may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit.

(2) For housing units that are specifically for seniors or people with disabilities, that are located within one-quarter mile of a transit stop that receives transit service at least four times per hour for twelve or more hours per day, a city may not impose minimum residential parking requirements for the residents of such housing units, subject to the exceptions provided in this subsection. A city may establish parking requirements for staff and visitors of such housing units. A city may establish a requirement for the provision of one or more parking space per bedroom if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit. A city may require a developer to record a covenant that prohibits the rental of a unit subject to this parking restriction for any purpose other than providing for housing for seniors or people with disabilities.

(3) For market rate multifamily housing units that are located within one-quarter mile of a transit stop that receives transit service from at least one route that provides service at least four times per hour for twelve or more hours per day, minimum residential parking requirements may be no greater than one parking space per bedroom or .75 space per unit. A city or county may establish a requirement for the provision of more than one parking space per bedroom or .75 space per unit if the jurisdiction has determined a particular housing unit to be in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the unit.

**Sec. 40.** RCW 36.70A.030 and 2019 c 348 s 2 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(3) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(4) "City" means any city or town, including a code city.

(5) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(6) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(7) "Department" means the department of commerce.

(8) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW

36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(9) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(10) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(11) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

(12) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(13) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(14) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(15) "Minerals" include gravel, sand, and valuable metallic substances.

(16) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay ~~((paired with on-site or off-site voluntary services designed to support a person living with a disability to be a successful tenant in a housing arrangement, improve the resident's health status, and connect residents of the housing with community-based health care, treatment, and employment services))~~ that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

(17) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(18) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(19) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(20) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(21) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(22) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(23) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

(24) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(25) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(26) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(27) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

### MESSAGE FROM THE SENATE

March 5, 2020

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2384 with the following amendment:

42.0.

Strike everything after the enacting clause and insert the following:

"**Sec. 43.** RCW 84.36.560 and 2019 c 390 s 11 are each amended to read as follows:

(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for ~~((very low income))~~ qualifying households or used to provide space for the placement of a mobile home for a ~~((very low income))~~ qualifying household within a mobile home park is exempt from taxation if:

(a) The benefit of the exemption inures to the nonprofit entity;

(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a ~~((very low income))~~ qualifying household; and

(c) The rental housing or lots in a mobile home park were insured, financed, or assisted in whole or in part through one or more of the following sources:

(i) A federal or state housing program administered by the department of commerce;

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105;

(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW; or

(v) The Washington state housing finance commission, provided that the financing is for a mobile home park cooperative or a manufactured housing cooperative, as defined in RCW 59.20.030, or a nonprofit entity.

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by ~~((very low income))~~ qualifying households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a

total exemption of the housing's or park's personal property as follows:

(a) A partial exemption is allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a ~~((very low income))~~ qualifying household.

(b) The amount of exemption must be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by ~~((very low income))~~ qualifying households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit ~~((in a facility with ten units or fewer))~~ or mobile home lot in a mobile home park ~~((with ten lots or fewer))~~ was occupied by a ~~((very low income))~~ qualifying household at the time the exemption was granted and the income of the household subsequently rises above ~~((fifty percent of the median income))~~ the threshold set in subsection (7)(e) of this section but remains at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements ~~((of a very low income housing program))~~ listed in subsection (1) of this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently rented, the income of the new household must be at or below ~~((fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located))~~ the threshold set in subsection (7)(e) of this section to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for ~~((very low income))~~ qualifying households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section;

(b) The nonprofit entity has manifested its intent in writing to construct, remodel, or otherwise convert the property to housing for ~~((very low income))~~ qualifying households; and

(c) Only the portion of property that will be used to provide housing or lots for ~~((very low income))~~ qualifying households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. However, these payments shall not exceed the amount last levied as the annual tax of the city, county, or political subdivision upon the property prior to exemption.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Group home" means a single-family dwelling financed, in whole or in part, by one or more of the sources listed in subsection (1)(c) of this section. The residents of a group home shall not be considered to jointly constitute a household, but each resident shall be considered to be a separate household occupying a separate dwelling unit. The individual incomes of the residents shall not be aggregated for purposes of this exemption;

(b) "Mobile home lot" or "mobile home park" means the same as these terms are defined in RCW 59.20.030;

(c) "Occupied dwelling unit" means a living unit that is occupied by an individual or household as of December 31st of the first assessment year the rental housing becomes operational or is occupied by an individual or household on January 1st of each subsequent assessment year in which the claim for exemption is submitted. If the housing facility is comprised of three or fewer dwelling units and there are any unoccupied units on January 1st, the department shall base the amount of the exemption upon the number of occupied dwelling units as of December 31st of the first assessment year the rental housing becomes operational and on May 1st of each subsequent assessment year in which the claim for exemption is submitted;

(d) "Rental housing" means a residential housing facility or group home that is occupied but not owned by ~~((very low income))~~ qualifying households;

(e)(i) ~~((Very low income))~~ Qualifying household means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located and in effect as of January 1st of the year the application for exemption is submitted; ~~((and))~~

(ii) Beginning July 1, 2021, "qualifying household" means a single person, family, or unrelated persons living together whose income is at or below sixty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located and in effect as of January 1st of the year the application for exemption is submitted; and

(f) "Nonprofit entity" means a:

(i) Nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code;

(ii) Limited partnership where a nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code, a public corporation established under RCW 35.21.660, 35.21.670, or 35.21.730, a housing authority created under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a general partner;

(iii) Limited liability company where a nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code, a public corporation established under RCW 35.21.660, 35.21.670, or 35.21.730, a housing authority established under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a managing member; or

(iv) Mobile home park cooperative or a manufactured housing cooperative, as defined in RCW 59.20.030.

**Sec. 44.** RCW 84.36.815 and 2016 c 217 s 4 are each amended to read as follows:

(1) In order to qualify for exempt status for any real or personal property under this chapter except personal property under RCW 84.36.600, all foreign national governments; cemeteries; nongovernmental nonprofit corporations, organizations, and associations; hospitals owned and operated by a public hospital district for purposes of exemption under RCW 84.36.040(2); and soil and water conservation districts must file an initial application on or before March 31st with the state department of revenue. The renewal declaration must be on forms prescribed by the department of revenue and must contain a statement certifying the exempt status of the real or personal property owned by the exempt organization. This renewal declaration may be submitted electronically in a format provided or approved by the department. Information may also be required with the renewal declaration to assist the

department in determining whether the property tax exemption should continue.

(b) In order to requalify for exempt status, nonprofits receiving the exemption under RCW 84.36.560 must file a renewal declaration on or before March 31st of every third year following initial qualification for the exemption. Except for the annual renewal requirement, all other requirements of (a) of this subsection apply.

(3) When an organization acquires real property qualified for exemption or converts real property to exempt status, the organization must file an initial application for the property within sixty days following the acquisition or conversion in accordance with all applicable provisions of subsection (1) of this section. If the application is filed after the expiration of the sixty-day period, a late filing penalty is imposed under RCW 84.36.825.

(4) When organizations acquire real property qualified for exemption or convert real property to an exempt use, the property, upon approval of the application for exemption, is entitled to a property tax exemption for property taxes due and payable the following year. If the owner has paid taxes for the year following the year the property qualified for exemption, the owner is entitled to a refund of the amount paid on the property so acquired or converted.

(5) The department must share approved initial applications for the tax preference provided in RCW 84.36.049 with the joint legislative audit and review committee, upon request by the committee, in order for the committee to complete its review of the tax preference provided in RCW 84.36.049.

and the same is herewith transmitted.

#### **MESSAGE FROM THE SENATE**

March 5, 2020

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2405 with the following amendment:

70.0.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 71. (1) The legislature finds that the efficiency and resiliency of buildings in Washington is essential for ensuring the health and safety of residents, employees, and tenants; for using water and energy more efficiently; and for economic development of our communities. Buildings in Washington have significant needs for resiliency retrofits, including seismic improvements, stormwater management, flood mitigation, wildfire and wind resistance, and for clean energy and energy efficiency improvements, but these improvements often have high up-front capital costs.

(2) This chapter authorizes the establishment of a commercial property assessed clean energy and resiliency ("C-PACER") program that jurisdictions can voluntarily implement to ensure that free and willing owners of agricultural, commercial, and industrial properties and of multifamily residential properties with five or more dwelling units can obtain low-cost, long-term financing for qualifying improvements, including energy efficiency, water conservation, renewable energy, and resiliency projects. These improvements are repaid by a voluntary assessment on the property, secured by a county lien, and assigned to a capital provider for all the administrative aspects of billing, collecting, and enforcing the lien and without the accumulation of cost to the county and without the creation of a personal debt obligation to the property owner. The obligation is instead carried by the property and remains

with the property until repaid, regardless of any potential transfer of property ownership. After the adoption of a C-PACER program, a county's role is limited to the approval of an assessment and recordation of a C-PACER lien, and administration of the C-PACER program which may be contracted out to a private third party.

(3) The legislature declares that the establishment and operation of a C-PACER program under this chapter serves important public health and safety interests. A qualified improvement as defined in section 2 of this act provides benefit to the public, either in the form of energy or water resource conservation, reduced public health risk, or reduced public emergency response risk. Accordingly, the governing body of a county is authorized to determine that it is convenient and advantageous to adopt a program under this chapter.

**NEW SECTION. Sec. 72.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assessment" means the voluntary agreement of a property owner to allow a county to place an annual assessment on their property to repay C-PACER financing.

(2) "Capital provider" means any private entity, their designee, successor, and assigns that makes or funds C-PACER financing under this chapter.

(3) "C-PACER financing" means an investment from a capital provider to a property owner to finance or refinance a qualified project as described under this chapter.

(4) "C-PACER lien" means the lien recorded at the county on the eligible property to secure the voluntary annual assessment, which remains on the property until paid in full.

(5) "Eligible property" means privately owned commercial, industrial, or agricultural real property or multifamily residential real property with five or more dwelling units. Eligible property may be owned by any type of business, corporation, individual, or nonprofit organization permitted by state law.

(6) "Financing agreement" means the contract under which a property owner agrees to repay a capital provider for the C-PACER financing including, but not limited to, details of any finance charges, fees, debt servicing, accrual of interest and penalties, and any terms relating to treatment of prepayment and partial payment of the C-PACER financing.

(7) "Program" means a C-PACER program established under this chapter.

(8) "Program administrator" means the party designated by a county or the department of commerce to administer a C-PACER program. This may be the department of commerce, the county itself, or a third party, provided that the administration procedures used conform to the requirements of this chapter.

(9) "Program guidebook" means a comprehensive document that illustrates the applicable region for a program and establishes any appropriate guidelines, specifications, underwriting and approval criteria, and any standard

application forms consistent with the administration of a program and not detailed in this chapter.

(10) "Project application" means an application submitted to a program to demonstrate that a proposed project qualifies for C-PACER financing and for a C-PACER lien.

(11) "Qualified improvement" means a permanent improvement affixed to real property and intended to: (a) Decrease energy consumption or demand through the use of efficiency technologies, products, or activities that reduce or support the reduction of energy consumption, allow for the reduction in demand, or support the production of clean, renewable energy, including but not limited to a product, device, or interacting group of products or devices on the customer's side of the meter that generates electricity, provides thermal energy, or regulates temperature; (b) decrease water consumption or demand and address safe drinking water through the use of efficiency technologies, products, or activities that reduce or support the reduction of water consumption, allow for the reduction in demand, or reduce or eliminate lead from water which may be used for drinking or cooking; or (c) increase resilience, including but not limited to seismic retrofits, flood mitigation, stormwater management, wildfire and wind resistance, energy storage, and microgrids.

(12) "Qualified project" means a project approved by the program administrator, involving the installation or modification of a qualified improvement, including new construction or the adaptive reuse of eligible property with a qualified improvement.

(13) "Region" means a geographical area as determined by a county pursuant to section 4 of this act.

**NEW SECTION. Sec. 73.** (1)(a) The department of commerce may establish a voluntary statewide C-PACER program that counties may choose to participate in. A county may establish a separate voluntary countywide C-PACER program, provided that it conforms to the requirements of this chapter.

(b) A C-PACER program shall be managed efficiently and transparently, including by:

(i) Making any services that the program may choose to offer to property owners, such as estimating energy savings, overseeing project development, or evaluating alternative equipment installations, priced separately and open to purchase by the property owner from qualified third-party providers;

(ii) Making any properties participating in the program available to receiving impartial terms from all interested and qualifying third-party capital providers;

(iii) Allowing financial underwriting and evaluation to be performed by capital providers; and

(iv) Working in a collaborative working group process with capital providers and other stakeholders to develop the program guidebook and any other relevant documents or forms.

(2) The program shall establish uniform criteria for which projects qualify due to their public benefit for participation in C-PACER programs including, but not limited to, criteria for measuring or determining if investments in energy will reduce greenhouse gas emissions; be effective for reducing energy demand or replacing nonrenewable energy with renewable energy; will be appropriate to meet seismic risks for each region of the state and type of structure; will reduce stormwater or pollution to be significant public benefit; or will reduce the risk of wildfire, flooding, or other natural or human-caused disaster, including how to determine if the public benefit in reduced public risk and emergency response qualifies for inclusion in C-PACER programs.

(3) The program must prepare a program guidebook that must include at minimum:

(a) A sample form bilateral or triparty agreement or agreements, as appropriate, between a county, the property owner, and the capital provider which details the agreement between the county and the property owner to have an assessment placed on the qualified property as repayment for C-PACER financing; an agreement by the county to place a lien on the property to secure the obligation to repay; the obligation of the property owner to repay the C-PACER financing to the capital provider; and an assignment of the C-PACER lien by the county to the capital provider;

(b) A statement that the period of the financing agreement will not exceed the useful life of the qualified project, or weighted average life if more than one qualified improvement is included in the qualified project, that is the basis for the financing agreement;

(c) A description of the application process and eligibility requirements for participation in the program;

(d) A statement explaining the lender consent requirement provided in section 8 of this act;

(e) A statement explaining the review requirement provided by section 4 of this act;

(f) A description of marketing and participant education services to be provided for the program;

(g) A statement specifying that the county has no liability as a result of the agreement; and

(h) A program guidebook need not be completed and adopted prior to accepting and approving applications by a program, so long as the program complies with the provisions of this chapter.

(4) The program administrator must make the program guidebook available for public inspection on the county's or department of commerce's web site.

(5) A county or the department of commerce may contract out the responsibilities of program administration, including the responsibilities of this section, to a public, quasi-public, or private third-party entity.

(6) Any county program guidebook established prior to a statewide program may subsequently include or incorporate by reference any aspect of a statewide program

guidebook; however, upon development of a statewide program guidebook with a form agreement or agreements developed pursuant to subsection (3)(a) of this section, the form agreement or agreements shall be required to be used by all county programs from the time that the first C-PACER lien is recorded under the statewide program, or the department of commerce may incorporate by reference any portion of any county program guidebooks, including a form agreement or agreements, as its program guidebook.

(7) The department of commerce may provide grants to counties to assist in the design and implementation of C-PACER programs under this chapter.

**NEW SECTION. Sec. 74.** (1) A program must establish a C-PACER application and review process to review and evaluate project applications for C-PACER financing, and prescribe the form and manner of the application. At a minimum, an applicant must demonstrate:

(a) That the project provides a benefit to the public, in the form of energy or water resource conservation, reduced public health risk, or reduced public emergency response risk;

(b) For an existing building: (i) Where energy or water usage improvements are proposed, certification by a licensed professional engineer, or other professional listed in the program guidebook, stating that the proposed qualified improvements will either result in more efficient use or conservation of energy or water, the reduction of greenhouse gas emissions, or the addition of renewable sources of energy or water, or (ii) where resilience improvements are proposed, certification by a licensed professional engineer stating that the qualified improvements will result in improved resilience;

(c) For new construction, certification by a licensed professional engineer stating that the proposed qualified improvements will enable the project to exceed the energy efficiency or water efficiency or renewable energy or renewable water or resilience requirements of the current building code.

(2) The program may charge an application fee to cover the costs of establishing and conducting the application review process.

(3) Upon the denial of an application, the program administrator must provide an opportunity for an adjudicative proceeding subject to the applicable provisions of chapter 34.05 RCW.

(4) After an approved project is completed, an applicant must provide the program written verification, as defined in the program guidebook, stating that the qualified project was properly completed and is operating as intended.

(5) No later than one year after the governing body of a county establishes a program under this chapter, it must begin accepting applications and approving applications.

(6) The department of commerce may adopt rules to implement the voluntary statewide program.

**NEW SECTION. Sec. 75.** (1) To adopt a program under this chapter, the governing body of a county must take the following actions:

- (a) Adopt a resolution or ordinance that includes:
  - (i) A statement that financing qualified projects, repaid by voluntary assessments on property benefited by C-PACER improvements, is in the public interest for safety, health, and other common good reasons;
  - (ii) A description of the region in which the program is offered, which:
    - (A) May include the entire county, which may include both unincorporated and incorporated territory; and
    - (B) Must be located wholly within the county's jurisdiction; and
    - (iii) A statement of the time and place for a public hearing on the proposed program; and
  - (b) Hold a public hearing at which the public may comment on the proposed program.
- (2) A county may designate more than one region. If multiple regions are designated, the regions may be separate, overlapping, or coterminous.
- (3) The resolution or ordinance adopted by a county under this section may incorporate the department of commerce program guidebook or any amended versions of that program guidebook, as appropriate, by reference.
- (4) A county adopting a C-PACER program pursuant to this chapter may narrow the definition of "qualified improvements" to be consistent with the county's climate goals.
- (5) Any combination of counties may agree to jointly implement a program under this chapter. If two or more counties implement a program jointly, a single public hearing held jointly by the cooperating counties is sufficient to satisfy the requirements of this chapter.
- (6) If a county elects to join the statewide program administered by the department of commerce, it may adopt a resolution or ordinance in accordance with the requirements of the department.
- (7) In lieu of establishing a voluntary statewide program, the department of commerce may produce a program guidebook for reference and use by county programs.

**NEW SECTION. Sec. 76.** (1) A county shall record each C-PACER lien in the real property records of the county in which the property is located. The lien and release shall be prepared in conformity with chapter 65.04 RCW.

- (2) The recording under subsection (1) of this section must contain:
  - (a) The legal description of the eligible property;
  - (b) The assessor's parcel number of the property;
  - (c) The grantor's name, which must be the same as the property owner on the assessment agreement;

- (d) The grantee's name, which must be the county in which the property is located;

- (e) The date on which the lien was created;
- (f) The principal amount of the lien;
- (g) The terms and length of the lien; and

- (h) A copy of the voluntary assessment agreement between the county and the property owner.

(3) The county shall also record the assignment of the C-PACER lien from the county to the appropriate capital provider.

(4) The lien holder or assignee will record a release upon discharge of the lien. The lien holder may also record a partial release.

**NEW SECTION. Sec. 77.** (1) The C-PACER lien amount plus any interest, penalties, and charges accrued or accruing on the C-PACER lien:

- (a) Takes precedence over all other liens or encumbrances except a lien for taxes imposed by the state, a local government, or a junior taxing district on real property, which liens for taxes shall have priority over such benefit C-PACER lien, provided existing mortgage holders, if any, have provided written consent described in section 8 of this act; and

- (b) Is a first and prior lien, second only to a lien for taxes imposed by the state, a local government, or a junior taxing district against the real property on which the C-PACER lien is imposed, from the date on which the notice of the C-PACER lien is recorded until the C-PACER lien, interest, penalties, and charges accrued or accruing are paid.

(2) The C-PACER lien runs with the land, and that portion of the C-PACER lien that has not yet become due is not accelerated or eliminated by foreclosure of the C-PACER lien or any lien for taxes imposed by the state, a local government, or junior taxing district against the real property on which the C-PACER lien is imposed.

(3) Delinquent installments due on a C-PACER lien incur interest and penalties as specified in the financing agreement.

(4) After the C-PACER lien is recorded as provided in this section, the voluntary assessment and the C-PACER lien may not be contested on the basis that the improvement is not a qualified improvement or that the project is not a qualified project.

(5) Collection and enforcement of delinquent C-PACER liens or C-PACER financing installment payments, including foreclosure, shall remain the responsibility of the capital provider.

(6) The C-PACER lien shall be enforced by the capital provider at any time after one year from the date of delinquency in the same manner that the collection of delinquent real property taxes is enforced by the county under chapter 84.64 RCW, including the provisions of RCW 84.64.040, excepting that a sworn declaration by the capital provider or assignee attesting to the assessment delinquency

of at least one year shall be used in lieu of the certificate required under RCW 84.64.050.

(7) The capital provider may sell or assign, for consideration, any and all liens received from the participating county. The capital provider or their assignee shall have and possess the same powers and rights at law or in equity to enforce the C-PACER lien in the same manner as described in subsection (6) of this section.

**NEW SECTION. Sec. 78.** (1) Before a capital provider may enter into a financing agreement to provide C-PACER financing of a qualified project to a record owner of any eligible property, the capital provider must receive written consent from any holder of a lien, mortgage, or security interest in the real property that the property may participate in the program and that the C-PACER lien will take precedence over all other liens except for a lien for taxes as described in section 7 of this act.

(2) Before a capital provider may enter into a financing agreement to provide C-PACER financing of a qualified project to the record owner of any multifamily residential real property with five or more dwelling units, the program administrator must also receive written consent from any and all holders of affordable housing covenants, restrictions, or regulatory agreements in the real property that the property may participate in the program and that the C-PACER lien will take precedence over all other liens except for a lien for taxes as described in section 7 of this act.

**NEW SECTION. Sec. 79.** The C-PACER financing through a program established under this chapter may include:

(1) The cost of materials and labor necessary for installation or modification of a qualified improvement;

(2) Permit fees;

(3) Inspection fees;

(4) Lender's fees;

(5) Program application and administrative fees;

(6) Project development and engineering fees;

(7) Third-party review fees, including verification review fees;

(9) Interest reserves;

(10) Escrow for prepaid property taxes and insurance;  
or

(11) Any other fees or costs that may be incurred by the property owner incident to the installation, modification, or improvement on a specific or pro rata basis.

**NEW SECTION. Sec. 80.** The proposed C-PACER financing for a qualified project may authorize the property owner to:

(1) Purchase directly the related equipment and materials for the installation or modification of a qualified improvement; and

(2) Contract directly, including through lease, power purchase agreement, or other service contract, for the installation or modification of a qualified improvement.

**NEW SECTION. Sec. 81.** A county that adopts a program and designates a program region under this chapter may not:

(1) Make the issuance of a permit, license, or other authorization from the county to a person who owns property in the region contingent on the person entering into a written contract to repay the financing of a qualified project under this chapter; or

(2) Otherwise compel a person who owns property in the region to enter into a written contract to repay the financing of a qualified project under this chapter.

**NEW SECTION. Sec. 82.** The members of the governing body of a county, employees of a county, and board members, executives, and employees under this chapter are not personally liable as a result of exercising any rights or responsibilities granted under this chapter.

**NEW SECTION. Sec. 83.** A county may not enforce any privately financed debt under this chapter. Neither the state nor any county may use public funds to fund or repay any loan between a capital provider and property owner. No section under this chapter shall be interpreted to pledge, offer, or encumber the full faith and credit of a local government, nor shall any local government pledge, offer, or encumber its full faith and credit for any lien amount through a program.

#### MESSAGE FROM THE SENATE

March 4, 2020

Madame Speaker:

The Senate has passed HOUSE BILL NO. 2449 with the following amendment:

84.0.

Strike everything after the enacting clause and insert the following:

"**Sec. 85.** RCW 35.61.150 and 2019 c 198 s 1 are each amended to read as follows:

(1) Metropolitan park commissioners selected by election according to RCW 35.61.050(2) shall perform their duties and may provide, by resolution passed by the commissioners, for the payment of compensation to each of its commissioners at a rate up to the daily compensation maximum amount provided in subsection (3) of this section for each day or portion of a day spent in actual attendance at official meetings or in performance of other official services or duties on behalf of the district. However, the compensation for each commissioner must not exceed the annual compensation maximum amount provided in subsection (3) of this section per year.

(2) Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the clerk of the board. The waiver, to be effective, must be filed any time after the commissioner's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

(3)(a) For purposes of the references in subsection (1) of this section, the daily compensation maximum amount is one hundred twenty-eight dollars and the annual compensation maximum amount is twelve thousand two hundred eighty-eight dollars. However, for any metropolitan park district with facilities including an aquarium, a wildlife park, and a zoo, accredited by a nationally recognized accrediting agency, the annual compensation maximum amount is twenty-four thousand five hundred seventy-six dollars.

(b) The dollar thresholds established in this subsection (3) must be adjusted for inflation by the office of financial management every five years, beginning (~~July 1, 2023~~) January 1, 2024, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(4) A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions.

**Sec. 86.** RCW 36.57A.050 and 2018 c 154 s 1 are each amended to read as follows:

Within sixty days of the establishment of the boundaries of the public transportation benefit area the members of the county legislative authority and the elected representative of each city within the area shall provide for the selection of the governing body of such area, the public transportation benefit area authority, which shall consist of elected officials selected by and serving at the pleasure of the governing bodies of component cities within the area and the county legislative authority of each county within the area. The members of the governing body of the public transportation benefit area, if the population of the county in which the public transportation benefit area is located is more than four hundred thousand and the county does not also contain a city with a population of seventy-five thousand or more operating a transit system pursuant to chapter 35.95 RCW, must be selected to assure proportional representation, based on population, of each of the component cities located within the public transportation benefit area and the unincorporated areas of the county located within the public transportation benefit area, to the

extent possible within the restrictions placed on the size of the governing body of a public transportation benefit area. If necessary to assure such proportional representation, multiple cities may be represented by a single elected official from one of the cities. A majority of the governing board may not be selected to represent a single component city. If at the time a public transportation benefit area authority assumes the public transportation functions previously provided under the interlocal cooperation act (chapter 39.34 RCW) there are citizen positions on the governing board of the transit system, those positions may be retained as positions on the governing board of the public transportation benefit area authority.

Within such sixty-day period, any city may by resolution of its legislative body withdraw from participation in the public transportation benefit area. The county legislative authority and each city remaining in the public transportation benefit area may disapprove and prevent the establishment of any governing body of a public transportation benefit area if the composition thereof does not meet its approval.

In no case shall the governing body of a single county public transportation benefit area be greater than nine voting members and in the case of a multicounty area, fifteen voting members. Those cities within the public transportation benefit area and excluded from direct membership on the authority are hereby authorized to designate a member of the authority who shall be entitled to represent the interests of such city which is excluded from direct membership on the authority. The legislative body of such city shall notify the authority as to the determination of its authorized representative on the authority.

There is one nonvoting member of the public transportation benefit area authority. The nonvoting member is recommended by the labor organization representing the public transportation employees within the local public transportation system. If the public transportation employees are represented by more than one labor organization, all such labor organizations shall select the nonvoting member by majority vote. The nonvoting member shall comply with all governing bylaws and policies of the authority. The chair or cochair of the authority shall exclude the nonvoting member from attending any executive session held for the purpose of discussing negotiations with labor organizations. The chair or cochair may exclude the nonvoting member from attending any other executive session. The requirement that a nonvoting member be appointed to the governing body of a public transportation benefit area authority does not apply to an authority that has no employees represented by a labor union.

Each member of the authority is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation, as set by the authority, in an amount not to exceed forty-four dollars for each day during which the member attends official meetings of the authority or performs prescribed duties approved by the chair of the authority. Except that the authority may, by resolution, increase the payment of per diem compensation to each member from forty-four dollars up to ninety dollars per day or portion of a day for actual

attendance at board meetings or for performance of other official services or duties on behalf of the authority. In no event may a member be compensated in any year for more than seventy-five days, except the chair who may be paid compensation for not more than one hundred days: PROVIDED, That compensation shall not be paid to an elected official or employee of federal, state, or local government who is receiving regular full-time compensation from such government for attending meetings and performing prescribed duties of the authority.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning (~~July 1, 2008~~) January 1, 2024, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The landlord shall agree to such a proposal if it is submitted in writing and the tenant can demonstrate that his or her primary source of income is a regular, monthly source of governmental assistance that is not received until after the date rent is due in the rental agreement. ENGROSSED SUBSTITUTE HOUSE BILL NO. 2535, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

March 5, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2565 with the following amendment:

9.0.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 10. The legislature finds that creating labeling standards for disposable wipes products will protect public health, the environment, water quality, and public infrastructure used for the collection, transport, and treatment of wastewater. It is not the intent of the legislature to address standards for flushability with this chapter.

NEW SECTION. Sec. 11. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Covered entity" means a manufacturer of a covered product and a wholesaler, supplier, or retailer that has contractually undertaken responsibility to the manufacturer for the "do not flush" labeling of a covered product.

(2) "Covered product" means a nonflushable nonwoven disposable wipe that is a premoistened wipe constructed from nonwoven sheets and designed and marketed for diapering, personal hygiene, or household hard surface cleaning purposes. A nonflushable nonwoven disposable wipe excludes any wipe product designed or marketed for cleaning or medicating the anorectal or vaginal areas on the human body and labeled "flushable," "sewer safe," "septic safe," or otherwise indicating that the product is appropriate for disposal in a toilet including, but not limited to, premoistened toilet tissue.

(3) "Label" means to represent by statement, word, picture, design, or emblem on a covered product package.

(4) "Principal display panel" means the side of a product package that is most likely to be displayed, presented, or shown under customary conditions of display for retail sale. The term is further defined as follows:

(a) In the case of a cylindrical or nearly cylindrical package, the surface area of the principal display panel constitutes forty percent of the product package, as measured by multiplying the height of the container times the circumference.

(b) In the case of a flexible film package, in which a rectangular prism or nearly rectangular prism stack of wipes is housed within the film, the surface area of the principal display panel constitutes the length times the width of the side of the package when the flexible packaging film is pressed flat against the stack of wipes on all sides of the stack.

**NEW SECTION. Sec. 12.** A covered entity must clearly and conspicuously label a covered product as "do not flush" as follows:

(1) Use the "do not flush" symbol, or a gender equivalent thereof, described in the INDA/EDANA code of practice 2 (COP2, as published in "Guidelines for Assessing the Flushability of Disposable Nonwoven Products," Edition 4, May 2018, by INDA/EDANA);

(2) Place the symbol on the principal display panel in a prominent and reasonably visible location on the package which, in the case of packaging intended to dispense individual wipes, is permanently affixed in a location that is visible to a person each time a wipe is dispensed from the package;

(3) Size the symbol to cover at least two percent of the surface area of the principal display panel on which the symbol is presented;

(4) Ensure the symbol is not obscured by packaging seams, folds, or other package design elements;

(5) Ensure the symbol has sufficiently high contrast with the immediate background of the packaging to render it likely to be read by the ordinary individual under customary

conditions of purchase and use. In the case of a printed symbol, "high contrast" is defined as follows:

(a) Provided with either a light symbol on a dark background or a dark symbol on a light background; and

(b) A minimum level or percentage of contrast between the symbol artwork and the background of at least seventy percent. Contrast in percent is determined by:

(i)  $\text{Contrast} = (B1 - B2) \times 100 / B1$ ; and

(ii) Where B1 = light reflectance value of the lighter area and B2 = light reflectance value of the darker area; and

(6) Beginning January 1, 2023, no package or box containing a covered product manufactured on or before the effective date of this section may be offered for distribution or sale in the state.

**NEW SECTION. Sec. 13.** Upon a request by a city or a county, a covered entity must submit to the requesting entity, within ninety days of the request, nonconfidential business information and documentation demonstrating compliance with this chapter, in a format that is easy to understand.

**NEW SECTION. Sec. 14.** (1) Cities and counties have concurrent and exclusive authority to enforce this chapter and to collect civil penalties for a violation of this chapter, subject to the conditions in this section. An enforcing government entity may impose a civil penalty in the amount of up to two thousand dollars for the first violation of this chapter, up to five thousand dollars for the second violation of this chapter, and up to ten thousand dollars for the third and any subsequent violation of this chapter. If a covered entity has paid a prior penalty for the same violation to a different government entity with enforcement authority under this subsection, the penalty imposed by a government entity is reduced by the amount of the payment.

(2) Any civil penalties collected pursuant to this section must be paid to the enforcing governmental entity that brought the action.

(3) The remedies provided by this section are not exclusive and are in addition to the remedies that may be available pursuant to chapter 19.86 RCW or other consumer protection laws, if applicable.

(4) In addition to penalties recovered under this section, the enforcing government entity may recover reasonable enforcement costs and attorneys' fees from the liable covered entity.

**NEW SECTION. Sec. 15.** Covered entities that violate the requirements of this chapter are subject to civil penalties described in section 5 of this act. A specific violation is deemed to have occurred upon the sale of a noncompliant product package. The repeated sale of the same noncompliant product package is considered part of the same, single violation. A city or county must send a written notice of an alleged violation and a copy of the requirements of this chapter to a noncompliant covered entity, which will have ninety days to become compliant. A city or county may assess a first penalty if the covered entity has not met the

requirements of this chapter ninety days following the date the notification was sent. A city or county may impose a second, third, and subsequent penalties on a covered entity that remains noncompliant with the requirements of this chapter for every month of noncompliance.

**NEW SECTION. Sec. 16.** Sections 1 through 6, 8, and 10 of this act constitute a new chapter in Title 70 RCW.

**NEW SECTION. Sec. 17.** This act takes effect July 1, 2022.

**NEW SECTION. Sec. 18.** For a covered product required to be registered by the United States environmental protection agency under the federal insecticide, fungicide, and rodenticide act (7 U.S.C. Sec. 136 et seq. (1996)), this act applies beginning July 1, 2023.

**NEW SECTION. Sec. 19.** This chapter preempts all existing or future laws enacted by a county, city, town, or other political subdivision of the state regarding the labeling of a covered product. Nothing in this section is intended to preempt the enforcement authority of a city or county as provided under sections 5 and 6 of this act.

**NEW SECTION. Sec. 20.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "products;" strike the remainder of the title and insert "adding a new chapter to Title 70 RCW; creating a new section; prescribing penalties; and providing an effective date."

and the same is herewith transmitted.

Sarah Bannister, Deputy, Secretary

Such reports shall be prepared, certified, and filed with the state auditor within one hundred fifty days after the close of each fiscal year.

**Sec. 3.** RCW 36.96.030 and 1979 ex.s. c 5 s 3 are each amended to read as follows:

(1) Upon receipt of notice from the county auditor as provided in RCW 36.96.020, the county legislative authority within whose boundaries all or the greatest portion of such special purpose district lies shall hold one or more public hearings on or before September 1st of the same year to determine whether or not such special purpose district or districts meet ~~((either))~~ any of the criteria for being "inactive" as provided in RCW 36.96.010 ~~((: PROVIDED, That if such a special purpose district is a public utility~~

~~district, the county legislative authority shall determine whether or not the public utility district meets both criteria of being "inactive" as provided in RCW 36.96.010)).~~ In addition, at any time a county legislative authority may hold hearings on the dissolution of any special purpose district that appears to meet the criteria of being "inactive" and dissolve such a district pursuant to the proceedings provided for in RCW 36.96.030 through 36.96.080.

(2) Notice of such public hearings shall be given by publication at least once each week for not less than three successive weeks in a newspaper that is in general circulation within the boundaries of the special purpose district or districts. Notice of such public hearings shall be posted in at least three conspicuous places within the boundaries of each special purpose district that is a subject of such hearings. In addition, whenever a special purpose district that lies in more than one county is a subject of such a public hearing, notice shall also be mailed to the legislative authorities of all other counties within whose boundaries the special purpose district lies. All notices shall state the purpose, time, and place of such hearings, and that all interested persons may appear and be heard.

**Sec. 4.** RCW 36.96.070 and 2001 c 299 s 13 are each amended to read as follows:

Any moneys or funds of the dissolved special purpose district and any moneys or funds received by the board of trustees from the sale or other disposition of any property of the dissolved special purpose district shall be used, to the extent necessary, for the payment or settlement of any outstanding obligations of the dissolved special purpose district. Any remaining moneys or funds shall be used to pay the county legislative authority for all costs and expenses incurred in the dissolution and liquidation of the dissolved special purpose district. Thereafter, any remaining moneys, funds, or property shall become that of the county in which the dissolved special purpose district was located. However, if the territory of the dissolved special purpose district was located within more than one county, the remaining moneys, funds, and personal property shall be apportioned and distributed to each county in the proportion that the geographical area of the dissolved special purpose district within the county bears to the total geographical area of the dissolved special purpose district, and any remaining real property or improvements to real property shall be transferred to the county within whose boundaries it lies. A county to which real property or improvements to real property are transferred under this section may, but does not have an obligation to, use the property or improvements for the purposes for which the dissolved special purpose district used the property or improvements and the county does not assume the obligations or liabilities of the dissolved special

(1) Except as provided in subsection (2) of this section, if a county dissolves a special purpose district under chapter 36.96 RCW, the county may impose a separate property tax levy or special assessment on the property lying within the former boundaries of the dissolved special purpose district beginning in the first calendar year following dissolution if:

(a) The county assumes responsibility of the services previously provided by the special purpose district; and

(b) The property tax levy or special assessment does not exceed any legally authorized property tax levy rate or special assessment for the dissolved special purpose district.

(2) If a county discontinues providing the services of a dissolved special purpose district for which the county imposed a separate property tax levy or special assessment as provided in subsection (1) of this section, the county must cease imposing that property tax levy or special assessment beginning in the first calendar year after the discontinuation of the provision of services by the county.

(3) For purposes of RCW 84.52.010 and 84.52.043, a property tax levy authorized by a county under this section is subject to the same provisions as the county's general property tax levy.

(4) The limitation in RCW 84.55.010 does not apply to the first property tax levy imposed under this section.

(5) For purposes of this section, "special assessment" means any special assessment, benefit assessment, or rates and charges imposed by a special purpose district."

On page 1, line 2 of the title, after "districts;" strike the remainder of the title and insert "amending RCW 43.09.230, 36.96.010, 36.96.030, and 36.96.070; adding a new section to chapter 36.96 RCW; and adding a new section to chapter 84.55 RCW."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2588, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

### MESSAGE FROM THE SENATE

March 5, 2020

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2638 with the following amendment:  
6.0.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 7.** It has long been the policy of this state to prohibit all forms and means of gambling except where carefully and specifically authorized and regulated. The legislature intends to further this policy by authorizing sports wagering on a very limited basis by restricting it to tribal casinos in the state of Washington. Tribes have more than twenty years' experience with, and a proven track record of, successfully operating and regulating gaming facilities in accordance with tribal gaming compacts. Tribal casinos can operate sports wagering pursuant to these

tribal gaming compacts, offering the benefits of the same highly regulated environment to sports wagering.

**NEW SECTION. Sec. 8.** A new section is added to chapter 9.46 RCW to read as follows:

(1) Upon the request of a federally recognized Indian tribe or tribes in the state of Washington, the tribe's class III gaming compact may be amended pursuant to the Indian gaming regulatory act, 25 U.S.C. Sec. 2701 et seq., and RCW 9.46.360 to authorize the tribe to conduct and operate sports wagering on its Indian lands, provided the amendment addresses: Licensing; fees associated with the gambling commission's regulation of sports wagering; how sports wagering will be conducted, operated, and regulated; issues related to criminal enforcement, including money laundering, sport integrity, and information sharing between the commission and the tribe related to such enforcement; and responsible and problem gambling. Sports wagering conducted pursuant to the gaming compact is a gambling activity authorized by this chapter.

(2) Sports wagering conducted pursuant to the provisions of a class III gaming compact entered into by a tribe and the state pursuant to RCW 9.46.360 is authorized bookmaking and is not subject to civil or criminal penalties pursuant to RCW 9.46.225.

**Sec. 9.** RCW 9.46.070 and 2012 c 116 s 1 are each amended to read as follows:

The commission shall have the following powers and duties:

(1) To authorize and issue licenses for a period not to exceed one year to bona fide charitable or nonprofit organizations approved by the commission meeting the requirements of this chapter and any rules and regulations adopted pursuant thereto permitting said organizations to conduct bingo games, raffles, amusement games, and social card games, to utilize punchboards and pull-tabs in accordance with the provisions of this chapter and any rules and regulations adopted pursuant thereto and to revoke or suspend said licenses for violation of any provisions of this chapter or any rules and regulations adopted pursuant thereto: **PROVIDED**, That the commission shall not deny a license to an otherwise qualified applicant in an effort to limit the number of licenses to be issued: **PROVIDED FURTHER**, That the commission or director shall not issue, deny, suspend, or revoke any license because of considerations of race, sex, creed, color, or national origin: **AND PROVIDED FURTHER**, That the commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(2) To authorize and issue licenses for a period not to exceed one year to any person, association, or organization operating a business primarily engaged in the selling of items of food or drink for consumption on the premises, approved by the commission meeting the requirements of this chapter and any rules and regulations adopted pursuant thereto permitting said person, association, or organization to utilize punchboards and pull-tabs and to conduct social card games as a commercial stimulant in accordance with the provisions of this chapter and any rules and regulations

adopted pursuant thereto and to revoke or suspend said licenses for violation of any provisions of this chapter and any rules and regulations adopted pursuant thereto: PROVIDED, That the commission shall not deny a license to an otherwise qualified applicant in an effort to limit the number of licenses to be issued: PROVIDED FURTHER, That the commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(3) To authorize and issue licenses for a period not to exceed one year to any person, association, or organization approved by the commission meeting the requirements of this chapter and meeting the requirements of any rules and regulations adopted by the commission pursuant to this chapter as now or hereafter amended, permitting said person, association, or organization to conduct or operate amusement games in such manner and at such locations as the commission may determine. The commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(4) To authorize, require, and issue, for a period not to exceed one year, such licenses as the commission may by rule provide, to any person, association, or organization to engage in the manufacturing, selling, distributing, or otherwise supplying (~~(or in the manufacturing)~~) of devices, equipment, software, hardware, or any gambling-related services for use within this state for those activities authorized by this chapter. The commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(5) To establish a schedule of annual license fees for carrying on specific gambling activities upon the premises, and for such other activities as may be licensed by the commission, which fees shall provide to the commission not less than an amount of money adequate to cover all costs incurred by the commission relative to licensing under this chapter and the enforcement by the commission of the provisions of this chapter and rules and regulations adopted pursuant thereto: PROVIDED, That all licensing fees shall be submitted with an application therefor and such portion of said fee as the commission may determine, based upon its cost of processing and investigation, shall be retained by the commission upon the withdrawal or denial of any such license application as its reasonable expense for processing the application and investigation into the granting thereof: PROVIDED FURTHER, That if in a particular case the basic license fee established by the commission for a particular class of license is less than the commission's actual expenses to investigate that particular application, the commission may at any time charge to that applicant such additional fees as are necessary to pay the commission for those costs. The commission may decline to proceed with its investigation and no license shall be issued until the commission has been fully paid therefor by the applicant: AND PROVIDED FURTHER, That the commission may establish fees for the furnishing by it to licensees of identification stamps to be affixed to such devices and equipment as required by the commission and for such other special services or programs required or offered by the commission, the amount of each of these fees to be not less

than is adequate to offset the cost to the commission of the stamps and of administering their dispersal to licensees or the cost of administering such other special services, requirements or programs;

(6) To prescribe the manner and method of payment of taxes, fees and penalties to be paid to or collected by the commission;

(7) To require that applications for all licenses contain such information as may be required by the commission: PROVIDED, That all persons (a) having a managerial or ownership interest in any gambling activity, or the building in which any gambling activity occurs, or the equipment to be used for any gambling activity, (~~(or)~~) (b) participating as an employee in the operation of any gambling activity, or (c) participating as an employee in the operation, management, or providing of gambling-related services for sports wagering, shall be listed on the application for the license and the applicant shall certify on the application, under oath, that the persons named on the application are all of the persons known to have an interest in any gambling activity, building, or equipment by the person making such application: PROVIDED FURTHER, That the commission shall require fingerprinting and national criminal history background checks on any persons seeking licenses, certifications, or permits under this chapter or of any person holding an interest in any gambling activity, building, or equipment to be used therefor, or of any person participating as an employee in the operation of any gambling activity. All national criminal history background checks shall be conducted using fingerprints submitted to the United States department of justice-federal bureau of investigation. The commission must establish rules to delineate which persons named on the application are subject to national criminal history background checks. In identifying these persons, the commission must take into consideration the nature, character, size, and scope of the gambling activities requested by the persons making such applications;

(8) To require that any license holder maintain records as directed by the commission and submit such reports as the commission may deem necessary;

(9) To require that all income from bingo games, raffles, and amusement games be recorded and reported as established by rule or regulation of the commission to the extent deemed necessary by considering the scope and character of the gambling activity in such a manner that will disclose gross income from any gambling activity, amounts received from each player, the nature and value of prizes, and the fact of distributions of such prizes to the winners thereof;

(10) To regulate and establish maximum limitations on income derived from bingo. The legislature finds that the water connection extension constructed by the Washington state patrol from the city of Shelton's water facilities to the Washington state patrol academy was necessary to meet the water supply needs of the academy. The legislature also finds that the water connection provides an ongoing water supply that is necessary to the operation of the training facility, that the state is making use of the water connection for these public activities, and that any future incidental use of the municipal infrastructure put in place to support these activities will not impede the Washington state patrol's ongoing use of the water connection extension. Therefore, the legislature determines that under the public policy of this state, reimbursement by any other entity is not required, notwithstanding any prior condition regarding contributions of other entities that Washington state patrol was required to satisfy prior to expenditure of the funds for construction of the extension, and that the Washington state patrol shall terminate the agreement.

(c) Total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane (i) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, on this segment of Interstate 405 prior to implementation of the express toll lanes and (ii) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, from month to month since implementation of the express toll lanes; and

(d) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(b) The department shall continue to work with the office of financial management, office of the chief information officer, and the transportation committees of the legislature on the project management plan that includes a provision for independent verification and validation of contract deliverables from the successful bidder and a provision for quality assurance that includes reporting independently to the office of the chief information officer on an ongoing basis during system implementation.

(4) The department shall make detailed quarterly reports to the transportation committees of the legislature and the public on the department's web site on the following:

(a) The use of consultants in the tolling program, including the name of the contractor, the scope of work, the type of contract, timelines, deliverables, any new task orders, and any extensions to existing consultant contracts;

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants, and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs;

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center, cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement;

(iv) Workload costs related to hearings;

(v) The cost and effectiveness of debt collection activities; and

(vi) Revenues generated from notices of civil penalty; and

(e) A summary of toll revenue by facility on all operating toll facilities and ~~((high-occupancy))~~ express toll lane systems, and an itemized depiction of the use of that revenue.

(5) ~~(((\$17,517,000))~~ \$24,734,000 of the Interstate 405 and state route number 167 express toll lanes ~~((operations))~~ account—state appropriation is provided solely for operational costs related to the express toll lane facility.

(6) In calendar year 2021, toll equipment on the Tacoma Narrows Bridge will have reached the end of its operational life. During the 2019-2021 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(7) ~~(((\$19,362,000))~~ \$18,840,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll

facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility commences and any previously incurred costs for start-up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.

(8) ~~(((\$256,000))~~ \$608,000 of the ~~((high-occupancy toll lanes operations account—state appropriation and \$352,000 of the))~~ Interstate 405 and state route number 167 express toll lanes ~~((operations))~~ account—state appropriation are provided solely for increased levels of service from the Washington state patrol for enforcement of toll lane violations on the state route number 167 high occupancy toll lanes and the Interstate 405 express toll lanes. The department shall compile monthly data on the number of Washington state patrol enforcement hours on each facility and the percentage of time during peak hours that speeds are at or above forty-five miles per hour on each facility. The department shall provide this data in a report to the transportation committees of the legislature on at least a calendar quarterly basis.

(9) The department shall develop an ongoing cost allocation method to assign appropriate costs to each of the toll funds for services provided by each Washington state department of transportation program and all relevant transportation agencies, including the Washington state patrol and the transportation commission. This method should update the toll cost allocation method used in the 2020 supplemental transportation appropriations act. By December 1, 2020, a report with the recommended method and any changes shall be submitted to the transportation committees of the legislature and the office of financial management.

(10) The legislature intends to allow owners of vehicles subject to a motor vehicle excise tax to pay renewal vehicle registration fees with a "Good to Go!" account beginning no later than 2024. Within existing resources, the department and the department of licensing must jointly report to the governor and chairs of the transportation committees of the legislature by June 30, 2021, with a detailed recommended approach to allow payment of renewal vehicle registration fees with a "Good to Go!" account for owners of vehicles subject to a motor vehicle excise tax.

\$59,851,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) \$1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2019-2021 fiscal biennium, when initiating, extending, or renewing any rent or lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.

(4)(a) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to:

(i) Determine the real property owned by the state of Washington and under the jurisdiction of the department in King county that is surplus property located in an area encompassing south of Dearborn Street in Seattle, south of Newcastle, west of SR 515, and north of South 216th to SR 515; and

(ii) Use any remaining funds after (a)(i) of this subsection is completed to identify additional real property across the state owned by the state of Washington and under the jurisdiction of the department that is surplus property.

(b) The department shall provide a report to the transportation committees of the legislature describing the properties it has identified as surplus property under (a) of this subsection by October 1, 2020.

The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost

enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2019-2021 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to organ transport vehicles transporting a time urgent organ for an organ procurement organization as defined in RCW 68.64.010. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, organ transport vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

~~((d))~~ (e) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for ~~((high occupancy))~~ express toll lanes.

(3) When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

(4) The department must make signage for low-height bridges a high priority.

(5) \$32,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation, \$53,000 of the state route number 520 corridor account—state appropriation, \$31,000 of the Tacoma Narrows toll bridge account—state appropriation, and \$26,000 of the Alaskan Way viaduct replacement project account—state appropriation are provided solely for the traffic operations program's proportional share of time spent supporting tolling operations for the respective tolling facilities.

The Whatcom county pilot media-based public information campaign must begin by September 1, 2020.
