**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund

moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise

impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in ((section 719 of this act)) section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2020, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2020 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2020 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year 2020.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

The authority shall not increase general fund—state expenditures under this initiative. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services.

(b) No more than \$89,476,000 of the general fund—federal appropriation and no more than \$36,548,000 of the general fund—local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund—state, federal, or local expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. (5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical

utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$522,000)~~) \$740,000 of the general fund—state

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(5) From the general fund—state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) \$3,520,000 of the general fund—federal appropriation is provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency

housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) Of the amount provided for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) \$3,939,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.

(c) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund—state appropriation for fiscal year 2020 and \$1,204,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2020 and \$2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in

administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than \$27,844,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year 2020, they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. Districts shall annually provide a summary of professional development activities to the office of the superintendent of public instruction.

Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. (5)(a) Each project must have an investment plan that includes:

- (b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(9) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

- (a) Quality assurance for the project must report independently to the office of the chief information officer;
- (b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

**Sec. 918.** RCW 74.46.561 and 2019 c 301 s 1 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but shall be set so that a nursing home provider's direct care rate does not exceed one hundred eighteen percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using county wide wage index information available through the United States department of

labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMean rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMean construction index value per square foot. The department may use updated RSMean construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMean" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the center for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b).

Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

**Sec. 919.** RCW 82.08.170 and 2015 3rd sp.s. c 4 s 976 are each amended to read as follows:

(1) Except as provided in subsections (4) and (5) of this section, during the months of January, April, July, and October of each year, the state treasurer must make the transfers required under subsections (2) and (3) of this section from the liquor excise tax fund and then the apportionment and distribution of all remaining moneys in the liquor excise tax fund to the counties, cities, and towns in the following proportions: (a) Twenty percent of the moneys in the liquor excise tax fund must be divided among and distributed to the counties of the state in accordance with the provisions of RCW 66.08.200; and (b) eighty percent of the moneys in the liquor excise tax fund must be divided among and distributed to the cities and towns of the state in accordance with the provisions of RCW 66.08.210.

Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than nine million dollars and the balance of the oil spill prevention account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. Senator Rolfes: "My point is, there are, as you know, a lot of really smart people that work with us to develop a budget, the Ways and Means Committee staff. And, I would like to personally thank them, and I want everyone to know they were already here for the capital budget and they literally said 'Senator Rolfes, will you be offended if we don't come back?' So, hopefully they're paying attention and I hope that we can all show some deep gratitude, oh James is here, if you guys are here please come forward so we can recognize you. I'd like to recognize and sincerely thank James Kettel, Michael Bezanson, Jeffrey Mitchell, Julie Murray, Sandy Stith, Richard Ramsey, Michele Alishahi, Amanda Cecil, Sarah Emmans, Kayla Hammer, Jed Herman, Maria Hovde, Alia Kennedy, Jeffrey Naas, Corban Nemeth, Sarian Scott, Travis Sugarman, Liza Weeks, Lindsay Trant and Megan Tudor. Will you all join me in a round of applause? They are brilliant at keeping the train on schedule and running on time and getting us out of here on time. Of course, I also want to thank Matt Bridges and Ryan Moore, who are caucus staff, who sit through a lot of meetings listening to all of us. Ryan, and I'm sure Matt's over there. And then, I'm hoping that you all will also recognize my legislative staff who patiently received budget request forms for the last, I'm going to go with four months. Met with lobbyists. Helped your legislative assistants know how to fill out the budget request forms and really just helped keep things organized and on track. That's Linda Owens Haylee Anderson and our intern Sabrina Saenz. Linda, can you come forward? And finally, I need to really thank Senators Frockt, Braun and Brown for, I think we're really good team and I hope we all get to work together again next year."

system works. They are absolutely committed to the process and making sure it runs well and we get the best advice we can get without overstepping. I want to just reinforce that they, we were absolutely blessed in the state of Washington, to have such a great team. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Brown: "Thank you, Mr. President. It really has truly been an honor to work with this team. You know, we come here in the public unfortunately sees us squabbling here on the floor. They see a lot of the fights. What they don't see is how the sausage is made. And although we just couldn't get there with regards to the policy, the respect and candor, the honesty that has been shown to us even in the minority, I really appreciated feeling like I truly was a part of the process. And to the staff who answered all of our questions and followed up repeatedly even though maybe I didn't understand something they would keep coming back and keep coming back until they really felt like I understood the issue. And I really want to reiterate what's been said by the prior two speakers: we truly have just a wonderful staff here in the state of Washington."

On page 2, after line 22, insert the following:

**NEW SECTION. Sec. 3.** The sum of twenty-five million dollars is appropriated from the budget stabilization account for the fiscal year ending June 30, 2020, and is provided solely for expenditure into the COVID-19 unemployment account for the purposes described in section 5 of this act. For purposes of RCW 43.88.055(4), the appropriation in this section does not alter the requirement to balance in the ensuing biennium.

**NEW SECTION. Sec. 4.** A new section is added to chapter 50.16 RCW to read as follows:

(1) The COVID-19 unemployment account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations and transfers by the legislature and all other funding directed for deposit into the account. Only the commissioner of the employment security department or the commissioner's designee may authorize expenditures from the account. Expenditures from the account may be used only for reimbursing the unemployment trust fund account for unemployment benefits paid to the approved employees of employers approved for such reimbursement pursuant to section 5 of this act. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Any federal funding or relief for novel coronavirus that could be used for the purposes of section 5 of this act must be used first before spending from the account. Additionally, if the employment security department subsequently receives reimbursements from federal sources for amounts spent from the account, the department must remit the federal funding to the state treasurer for reimbursement to the budget stabilization account. If federal law or rules would prevent such remittance, the department must notify the office of financial management and the fiscal committees of the legislature within thirty days of receipt of the reimbursement.

(3) By July 1, 2021, the commissioner must certify to the state treasurer the amount of any unobligated moneys in the COVID-19 unemployment account that are attributable to the budget stabilization account appropriation in section 3 of this act, and the treasurer must transfer those moneys back to the budget stabilization account.

**NEW SECTION. Sec. 5.** A new section is added to chapter 50.29 RCW to read as follows:

(1) By September 30, 2020, a contribution paying employer may submit an application to the employment security department to have the approved benefits paid to approved employees be reimbursed by the COVID-19 unemployment account instead of charged to the employer's experience rating account. The application must be submitted in a form and manner approved by the department through rule.

(2) The department should not approve an application if the benefits paid will not otherwise be charged to the employer's

experience rating account or if the employer was otherwise eligible to receive relief of benefit charges.

(3) If the department approves an employer's application, the department will not charge the forgiven benefits to the employer's experience rating account. The commissioner shall instead transfer from the COVID-19 unemployment account to the unemployment trust fund account an amount equal to the forgiven benefits.

(4) If the department rejects an employer's application, the department shall present the employer with the reasons why the application was rejected. The reasons for the rejection are final and nonappealable.

(5) For purposes of this section, the following definitions apply:

- (a) "Approved employee" means an employee who:
  - (i) Was temporarily laid off as a direct or indirect consequence of an outbreak of COVID-19;
  - (ii) Was approved by the department to be on standby pursuant to rules adopted by the department;

  - (iv) Meets other criteria the department may establish by rule.
- (b) "Approved benefits" means benefits paid to an approved employee while the approved employee was on standby pursuant to rules adopted by the department.
- (c) "Total approved benefits" means the sum total of all approved benefits paid to all approved employees.
- (d) "Forgiveness ratio" is computed by dividing the amount of money in the COVID-19 unemployment account by the total approved benefits. The forgiveness ratio cannot be more than 1.
- (e) "Forgiven benefits" means the approved benefits for an individual employer multiplied by the forgiveness ratio.
- (6) The department shall adopt such rules as are necessary to carry out the purposes of this section.
- (7) This section expires July 30, 2021."

(b) Consistent with the intent of the emergency waiver program, the state board of education may adopt rules to allow:

(i) School districts, charter schools established under chapter 28A.710 RCW, and tribal compact schools operated according to the terms of state-tribal education compacts authorized under chapter 28A.715 RCW to apply to the state board of education for a waiver of high school graduation requirements or equivalencies established under RCW 28A.230.090 for students in the graduating class of 2020 or earlier who cannot meet the statewide minimum credit and subject area graduation requirements due to school closures related to the novel coronavirus (COVID-19). The state board of education may approve waivers that meet criteria including demonstration of a good faith effort to address core course requirements and credit deficiencies through other mechanisms; and

(ii) The state board of education to waive provisions relating to the number of instructional hours, the number of school days, credit-based graduation requirements, and other provisions for the 2019-20 school year for private schools established under chapter 28A.195 RCW that close due to the novel coronavirus (COVID-19).

**Sec. 6.** RCW 28A.230.090 and 2019 c 252 s 103 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school

graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program;

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for

graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal. The limitations on the ability of a school district to grant waivers under this subsection (1)(e)(i) shall not apply in circumstances where a district is granted flexibility from state requirements under an emergency waiver program established in section 5 of this act.

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as

identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6515, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

March 12, 2020

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6534 with the following amendment(s): 6534-S.E AMH RICC H5411.2

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature finds that the payments to private emergency ambulance service providers for transports for medicaid recipients have not been increased since 2004, resulting in a loss for carriers who provide this service. This has resulted in the shifting of cost of medicaid transports to other payers.

The purpose of this chapter is to provide for a quality assurance fee for specified providers of emergency ambulance services as referenced in 42 C.F.R. Sec. 433.56, which will be used to add on to base funding from all other sources, thereby supporting additional medicaid payments to nonpublic and nonfederal providers of emergency ambulance services as specified in this chapter.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aggregate fee schedule amount" means the product of the add-on calculated pursuant to section 6(1) of this act multiplied by the number of emergency ambulance transports for the state fiscal year.

(2) "Ambulance transport provider" means an ambulance transport provider that is licensed under RCW 18.73.140 that bills and receives patient care revenue from the provision of ground emergency ambulance transports. "Ambulance transport provider" does not include a provider that is owned or operated by the state, cities, counties, fire protection districts, regional fire protection service authorities, port districts, public hospital districts, community services districts, health care districts, federally recognized Indian tribes, or any unit of government as defined in 42 C.F.R. Sec. 433.50.

(3) "Annual quality assurance fee rate" means the quality assurance fee per emergency ambulance transport during each applicable state fiscal year assessed on each ambulance transport provider.

(4) "Authority" means the Washington state health care authority.

(5) "Available fee amount" means the sum of the following:

(a) The amount deposited in the ambulance transport fund established under section 3 of this act during the applicable state fiscal year, less the amounts described in section 3(3)(a) of this act; and

(b) Any federal financial participation obtained as a result of the deposit of the amount described in this subsection, for the applicable state fiscal year.

(6) "Effective state medical assistance percentage" means a ratio of the aggregate expenditures from state-only sources for medicaid divided by the aggregate expenditures from state and federal sources for medicaid for a state fiscal year.

(7) "Emergency ambulance transport" means the act of transporting an individual by use of an ambulance during which a client receives needed emergency medical services en route to an appropriate medical facility. "Emergency ambulance transport" does not include transportation of beneficiaries by passenger cars, taxicabs, litter vans, wheelchair vans, or other forms of public or private conveyances, nor does it include transportation by an air ambulance provider. An "emergency ambulance transport" does not occur when, following evaluation of a patient, a transport is not provided.

(8) "Fee-for-service payment schedule" means the payment rates to ambulance transport providers for emergency ambulance transports by the authority without the inclusion of the add-on described in section 6 of this act.

(9) "Gross receipts" means the total amount of payments received as patient care revenue for emergency ambulance transports, determined on a cash basis of accounting. "Gross receipts" includes all payments received as patient care revenue for emergency ambulance transports from medicaid, medicare, commercial insurance, and all other payers as payment for services rendered.

(10) "Medicaid" means the medical assistance program and the state children's health insurance program as established in Title XIX and Title XXI of the social security act, respectively, and administered in the state of Washington by the authority.

(11) "Program" means the ambulance quality assurance fee program established in this chapter.

**NEW SECTION. Sec. 3.** (1) A dedicated fund is hereby established within the state treasury to be known as the ambulance transport fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the authority on audit or otherwise shall be returned to the fund. Moneys in the account may be spent only after appropriation.

(2) The quality assurance fees collected by the authority pursuant to section 5 of this act must be deposited in the ambulance transport fund.

(3) The moneys in the ambulance transport fund, including any interest and dividends earned on money in the fund, shall be available exclusively for the following purposes in the following order of priority:

(a) To provide funding in an amount not to exceed ten percent of the annual quality assurance fee rate collection amount, exclusive of any federal matching funds, for health care coverage for Washingtonians and for the authority's staffing and administrative costs directly attributable to administering this chapter; and

(b) To make increased payments to ambulance transport providers pursuant to section 6 of this act.

**NEW SECTION. Sec. 4.** (1) Each ambulance transport provider must report to the authority the number of emergency ambulance transports by payer type and the annual gross receipts for the state fiscal year ending June 30, 2020, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after August 15, 2020.

(2) Each ambulance transport provider must report to the authority the number of emergency ambulance transports by payer type for each state fiscal quarter commencing with the state fiscal quarter ending September 30, 2020, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after the forty-fifth day after the end of each applicable state fiscal quarter.

(3) Each ambulance transport provider must report to the authority the annual gross receipts for each state fiscal year commencing with the state fiscal year ending June 30, 2021, pursuant to form and timing required by the authority. The authority shall establish the timing for such reporting to occur on or after the forty-fifth day after the end of each applicable state fiscal year.

(4) The authority may require a certification by each ambulance transport provider under penalty of perjury of the truth of the reports required under this section. Upon written notice to an ambulance transport provider, the authority may impose a civil penalty of one hundred dollars per day against an ambulance transport provider for every day that an ambulance transport provider fails to make a report required by this section within five days of the date upon which the report was due. Any funds resulting from a penalty imposed pursuant to this subsection shall be deposited in the ambulance transport fund established in section 3 of this act.

**NEW SECTION. Sec. 5.** (1) Beginning July 1, 2021, and annually thereafter, the authority shall assess each ambulance transport provider a quality assurance fee. Each ambulance transport provider must pay the quality assurance fee on a quarterly basis. The quarterly quality assurance fee payment shall be based on the annual quality assurance fee rate for the applicable state fiscal year multiplied by the number of emergency ambulance transports provided by the ambulance transport provider in the second quarter preceding the state fiscal quarter for which the fee is assessed.

(2)(a) For the state fiscal year beginning July 1, 2021, the annual quality assurance fee rate shall be calculated by multiplying the projected total annual gross receipts for all ambulance transport providers by five and one-half percent, which resulting product shall be divided by the projected total annual emergency ambulance transports by all ambulance transport providers for the state fiscal year.

(b) For state fiscal years beginning July 1, 2022, and continuing each state fiscal year thereafter, the quality assurance fee rate shall be calculated by a ratio, the numerator of which shall be the product of the projected aggregate fee schedule amount, and the denominator of which shall be ninety percent of the projected total annual emergency ambulance transports by all ambulance transport providers.

(c) If, during a state fiscal year, the actual or projected available fee amount exceeds or is less than the actual or projected aggregate fee schedule amount by more than one percent, the authority shall adjust the annual quality assurance fee rate so that the available fee amount for the state fiscal year is approximately equal to the aggregate fee schedule amount for the state fiscal year. The available fee amount for a state fiscal year shall be considered to equal the aggregate fee schedule amount for the state fiscal year if the difference between the available fee amount for the state fiscal year and the aggregate fee schedule amount for the state fiscal year constitutes less than one percent of the aggregate fee schedule amount for the state fiscal year.

(3) For each state fiscal year for which the quality assurance fee is assessed, the authority shall send each ambulance transport provider an assessment notice no later than thirty days prior to the beginning of the applicable state fiscal quarter. For each state fiscal quarter for which the quality assurance fee is assessed, the

authority shall send to each ambulance transport provider an invoice of the quarterly quality assurance fee payment due for the quarter no later than thirty days before the payment is due. For each state fiscal quarter for which the quality assurance fee is assessed, the ambulance transport provider shall remit payment to the authority by the date established by the authority, which shall be no earlier than fifteen days after the beginning of the applicable state fiscal quarter.

(4)(a) Interest shall be assessed on quality assurance fees not paid on the date due at the rate and in the manner provided in RCW 43.20B.695. Interest shall be deposited in the ambulance transport fund established in section 3 of this act.

(b) In the event that any fee payment is more than sixty days overdue, the authority may deduct the unpaid fee and interest owed from any medicaid reimbursement payments owed to the ambulance transport provider until the full amount of the fee, interest, and any penalties assessed under this chapter are recovered. Any deduction made pursuant to this subsection shall be made only after the authority gives the ambulance transport provider written notification. Any deduction made pursuant to this subsection may be deducted over a period of time that takes into account the financial condition of the ambulance transport provider.

(c) In the event that any fee payment is more than sixty days overdue, a penalty equal to the interest charge described in (a) of this subsection shall be assessed and due for each month for which the payment is not received after sixty days. Any funds resulting from a penalty imposed pursuant to this subsection shall be deposited into the ambulance transport fund established in section 3 of this act.

(d) The authority may waive a portion or all of either the interest or penalties, or both, assessed under this chapter in the event the authority determines, in its sole discretion, that the ambulance transport provider has demonstrated that imposition of the full amount of the quality assurance fee pursuant to the timelines applicable under this chapter has a high likelihood of creating an undue financial hardship for the provider. Waiver of some or all of the interest or penalties pursuant to this subsection shall be conditioned on the ambulance transport provider's agreement to make fee payments on an alternative schedule developed by the authority.

(5) The authority shall accept an ambulance transport provider's payment even if the payment is submitted in a rate year subsequent to the rate year in which the fee was assessed.

(6) In the event of a merger, acquisition, or similar transaction involving an ambulance transport provider that has outstanding quality assurance fee payment obligations pursuant to this chapter, including any interest and penalty amounts owed, the resultant or successor ambulance transport provider shall be responsible for paying to the authority the full amount of outstanding quality assurance fee payments, including any applicable interest and penalties, attributable to the ambulance transport provider for which it was assessed, upon the effective date of such transaction. An entity considering a merger, acquisition, or similar transaction involving an ambulance transport provider may submit a request to the authority to ascertain the outstanding quality assurance fee payment obligations of the ambulance transport provider pursuant to this chapter as of the date of the authority's response to that request.

**NEW SECTION. Sec. 6.** (1) Beginning July 1, 2021, and for each state fiscal year thereafter, reimbursement for emergency ambulance transports provided by ambulance transport providers shall be increased by application of an add-on to the associated medicaid fee-for-service payment schedule. The add-on increase to the fee-for-service payment schedule under this section shall be calculated by June 15, 2021, and shall remain the same for later

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

state fiscal years, to the extent the authority determines federal financial participation is available. The authority shall calculate the projections required by this subsection based on the number of emergency ambulance transports and gross revenue data submitted pursuant to section 4 of this act. The fee-for-service add-on shall be equal to the quotient of the available fee amount projected by the authority on or before June 15, 2021, for the 2021–22 state fiscal year, divided by the total medicaid emergency ambulance transports, projected by the authority on or before June 15, 2021, for the 2021–22 state fiscal year. The resulting fee-for-service payment schedule amounts after the application of this section shall be equal to the sum of the medicaid fee-for-service payment schedule amount and the add-on increase.

(2) The increased payments required by this section shall be funded solely from the following:

(a) The quality assurance fee set forth in section 5 of this act, along with any interest or other investment income earned on those funds; and

(b) Federal reimbursement and any other related federal funds.

(3) The proceeds of the quality assurance fee set forth in section 5 of this act, the matching amount provided by the federal government, and any interest earned on those proceeds shall be used to supplement, and not to supplant, existing funding for emergency ambulance transports provided by ambulance transport providers.

(4) Notwithstanding any provision of this chapter, the authority may seek federal approval to implement any add-on increase to the fee-for-service payment schedule pursuant to this section for any state fiscal year or years, as applicable, on a time-limited basis for a fixed program period, as determined by the authority.

**NEW SECTION. Sec. 7.** The authority may adopt rules to implement this chapter.

**NEW SECTION. Sec. 8.** (1)(a) The authority shall request any approval from the federal centers for medicare and medicaid services it determines are necessary for the use of fees pursuant to this chapter and for the purpose of receiving associated federal matching funds.

(b) This chapter shall be implemented only to the extent that any necessary federal approvals are obtained and federal financial participation is available. The quality assurance fee pursuant to section 5 of this act shall only be assessed and collected for quarters in which the add-on pursuant to section 6 of this act is paid.

(2) The authority may modify or make adjustments to any methodology, fee amount, or other provision specified in this chapter to the minimum extent necessary to meet the requirements of federal law or regulations or to obtain federal approval. If the authority, after consulting with ambulance transport providers, determines that a modification is needed, the authority shall execute a declaration stating that this determination has been made and that the actual or projected available fee amount for a state fiscal year remains approximately equal to the actual or projected aggregate fee schedule amount for each applicable state fiscal year, as defined by section 5(2)(c) of this act. The authority shall retain the declaration and provide a copy, within ten working days of the execution of the declaration, to the appropriate fiscal and policy committees of the legislature.

**NEW SECTION. Sec. 9.** If there is a delay in the implementation of this chapter for any reason, including a delay in any required approval of the quality assurance fee and reimbursement methodology specified by the federal centers for medicare and medicaid services, the following shall apply:

(1) An ambulance transport provider may be assessed the amount the provider would be required to pay to the authority if

the add-on increase to the fee-for-service payment schedule described in section 5(2)(c) of this act were already approved, but shall not be required to pay the fee until the add-on increase to the fee-for-service payment schedule described in section 6 of this act is approved. The authority shall establish a schedule for payment of retroactive fees pursuant to this subsection in consultation with ambulance transport providers to minimize the disruption to the cash flow of ambulance transport providers.

(2) The authority may retroactively implement the add-on increase to the fee-for-service payment schedule pursuant to section 6 of this act to the extent the authority determines that federal financial participation is available.

**NEW SECTION. Sec. 10.** (1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) The federal centers for medicare and medicaid services not determining that the quality assurance fee revenues may not be used for the purposes set forth in this chapter;

(b) The state not reducing its fee-for-service payment schedule for emergency ambulance transports provided by ambulance transport providers;

(c) The state not delegating responsibility to pay for emergency ambulance transports to a managed care organization, prepaid inpatient health plan, or prepaid ambulatory health plan, as those terms are defined in 42 C.F.R. Sec. 438.2;

(d) Federal financial participation being available and not otherwise jeopardized;

(e) The program not prohibiting, diminishing, or harming the ground emergency medical transportation services reimbursement program described in RCW 41.05.730; and

(f) Consistent with section 6(3) of this act, the state continuing its maintenance of effort for the level of state funding not derived from the quality assurance fee of emergency ambulance transports reimbursement for the 2021–22 rate year, and for each applicable rate year thereafter, in an amount not less than the amount that the state would have paid for the same number of emergency ambulance transports under the rate methodology that was in effect on July 1, 2019.

(2) This chapter ceases to be operative on the first day of the state fiscal year beginning on or after the date one or more of the following conditions is satisfied:

(a) The federal centers for medicare and medicaid services no longer allows the collection or use of the ambulance transport provider assessment provided in this chapter;

(b) The increase to the medicaid payments described in section 6 of this act no longer remains in effect;

(c) The quality assurance fee assessed and collected pursuant to this chapter is no longer available for the purposes specified in this chapter;

(d) A final judicial determination made by any state or federal court that is not appealed, or by a court of appellate jurisdiction that is not further appealed, in any action by any party, or a final determination by the administrator of the federal centers for medicare and medicaid services that is not appealed, that federal financial participation is not available with respect to any payment made under the methodology implemented pursuant to this chapter;

(e) The state reduces its fee-for-service payment schedule for emergency ambulance transports provided by ambulance transport providers;

(f) The state delegates responsibility to pay for emergency ambulance transports to a managed care organization, prepaid inpatient health plan, or prepaid ambulatory health plan, as those terms are defined in 42 C.F.R. Sec. 438.2; and

(g) The program not prohibiting, diminishing, or harming the ground emergency medical transportation services reimbursement program described in RCW 41.05.730.

(3) In the event one or more of the conditions listed in subsection (2) of this section is satisfied, the authority shall notify, in writing and as soon as practicable, the secretary of state, the secretary of the senate, the chief clerk of the house of representatives, the appropriate fiscal and policy committees of the legislature, and the code reviser's office of the condition and the approximate date or dates that it occurred. The authority shall post the notice on the authority's web site.

(4)(a) Notwithstanding any other law, in the event this chapter becomes inoperative pursuant to subsection (2) of this section, the authority shall be authorized to conduct all appropriate close-out activities and implement applicable provisions of this chapter for prior state fiscal years during which this chapter was operative including, but not limited to, the collection of outstanding quality assurance fees pursuant to section 5 of this act and payments associated with any add-on increase to the medicaid fee-for-service payment schedule pursuant to section 6 of this act. In implementing these close-out activities, the authority shall ensure that the actual or projected available fee amount for each applicable state fiscal year remains approximately equal to the aggregate fee schedule amount for the state fiscal year, as defined by section 5(2)(c) of this act. During this close-out period, the full amount of the quality assurance fee assessed and collected remains available only for the purposes specified in this chapter.

## REPORT OF THE CONFERENCE COMMITTEE

Engrossed Substitute Senate Bill No. 6280

March 12, 2020

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 6280, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that:

(1) Unconstrained use of facial recognition services by state and local government agencies poses broad social ramifications that should be considered and addressed. Accordingly, legislation is required to establish safeguards that will allow state and local government agencies to use facial recognition services in a manner that benefits society while prohibiting uses that threaten our democratic freedoms and put our civil liberties at risk.

(2) However, state and local government agencies may use facial recognition services to locate or identify missing persons, and identify deceased persons, including missing or murdered indigenous women, subjects of Amber alerts and silver alerts, and other possible crime victims, for the purposes of keeping the public safe.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accountability report" means a report developed in accordance with section 3 of this act.

(2) "Enroll," "enrolled," or "enrolling" means the process by which a facial recognition service creates a facial template from one or more images of an individual and adds the facial template to a gallery used by the facial recognition service for recognition or persistent tracking of individuals. It also includes the act of adding an existing facial template directly into a gallery used by a facial recognition service.

(3)(a) "Facial recognition service" means technology that analyzes facial features and is used by a state or local government agency for the identification, verification, or persistent tracking of individuals in still or video images.

(b) "Facial recognition service" does not include: (i) The analysis of facial features to grant or deny access to an electronic device; or (ii) the use of an automated or semiautomated process for the purpose of redacting a recording for release or disclosure outside the law enforcement agency to protect the privacy of a subject depicted in the recording, if the process does not generate or result in the retention of any biometric data or surveillance information.

(4) "Facial template" means the machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.

(5) "Identification" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches any individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

(6) "Legislative authority" means the respective city, county, or other local governmental agency's council, commission, or other body in which legislative powers are vested. For a port district, the legislative authority refers to the port district's port commission. For an airport established pursuant to chapter 14.08 RCW and operated by a board, the legislative authority refers to the airport's board. For a state agency, "legislative authority" refers to the technology services board created in RCW 43.105.285.

(7) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 7 of this act and who have the authority to alter the decision under review.

(8) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual, and includes, at a minimum, information about gender, race or ethnicity, age, and location.

(9) "Ongoing surveillance" means using a facial recognition service to track the physical movements of a specified individual through one or more public places over time, whether in real time or through application of a facial recognition service to historical records. It does not include a single recognition or attempted recognition of an individual, if no attempt is made to subsequently track that individual's movement over time after they have been recognized.

(10) "Persistent tracking" means the use of a facial recognition service by a state or local government agency to track the movements of an individual on a persistent basis without identification or verification of that individual. Such tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

SIXTIETH DAY, MARCH 12, 2020

2020 REGULAR SESSION

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(11) "Recognition" means the use of a facial recognition service by a state or local government agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(12) "Verification" means the use of a facial recognition service by a state or local government agency to determine whether an individual is a specific individual whose identity is known to the state or local government agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

**NEW SECTION. Sec. 3.** (1) A state or local government agency using or intending to develop, procure, or use a facial recognition service must file with a legislative authority a notice of intent to develop, procure, or use a facial recognition service and specify a purpose for which the technology is to be used. A state or local government agency may commence the accountability report once it files the notice of intent by the legislative authority.

(2) Prior to developing, procuring, or using a facial recognition service, a state or local government agency must produce an accountability report for that service. Each accountability report must include, at minimum, clear and understandable statements of the following:

(a)(i) The name of the facial recognition service, vendor, and version; and (ii) a description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the proposed use of the agency;

(b)(i) The type or types of data inputs that the technology uses; (ii) how that data is generated, collected, and processed; and (iii) the type or types of data the system is reasonably likely to generate;

(c)(i) A description of the purpose and proposed use of the facial recognition service, including what decision or decisions will be used to make or support it; (ii) whether it is a final or support decision system; and (iii) its intended benefits, including any data or research demonstrating those benefits;

(d) A clear use and data management policy, including protocols for the following:

(i) How and when the facial recognition service will be deployed or used and by whom including, but not limited to, the factors that will be used to determine where, when, and how the technology is deployed, and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances. If the facial recognition service will be operated or used by another entity on the agency's behalf, the facial recognition service accountability report must explicitly include a description of the other entity's access and any applicable protocols;

(ii) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose or purposes for which the facial recognition service will be used;

(iii) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;

(iv) Any additional rules that will govern use of the facial recognition service and what processes will be required prior to each use of the facial recognition service;

(v) Data security measures applicable to the facial recognition service including how data collected using the facial recognition service will be securely stored and accessed, if and why an agency intends to share access to the facial recognition service or the data from that facial recognition service with any other entity, and the rules and procedures by which an agency sharing data with any other entity will ensure that such entities comply with the sharing agency's use and data management policy as part of the data sharing agreement;

(vi) How the facial recognition service provider intends to fulfill security breach notification requirements pursuant to chapter 19.255 RCW and how the agency intends to fulfill security breach notification requirements pursuant to RCW 42.56.590; and

(vii) The agency's training procedures, including those implemented in accordance with section 7 of this act, and how the agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy prior to use of the facial recognition service;

(e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with section 5 of this act;

(f) Information on the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates, determined independently, greater than one percent;

(g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, and the specific steps the agency will take to mitigate the potential impacts and prevent unauthorized use of the facial recognition service; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing the accountability report, the agency must:

(a) Allow for a public review and comment period;

(b) Hold at least three community consultation meetings; and

(c) Consider the issues raised by the public through the public review and comment period and the community consultation meetings.

(4) The final accountability report must be updated every two years and submitted to a legislative authority.

(5) The final adopted accountability report must be clearly communicated to the public at least ninety days prior to the agency putting the facial recognition service into operational use, posted on the agency's public web site, and submitted to a legislative authority. The legislative authority must post each submitted accountability report on its public web site.

(6) A state or local government agency seeking to procure a facial recognition service must require vendors to disclose any complaints or reports of bias regarding the service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must first seek public comment and community consultation on the proposed new use and adopt an updated accountability report pursuant to the requirements contained in this section.

(8) This section does not apply to a facial recognition service under contract as of the effective date of this section. An agency must fulfill the requirements of this section upon renewal or extension of the contract.

**NEW SECTION. Sec. 4.** A state or local government agency using a facial recognition service to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals must ensure that those decisions are subject to meaningful human review. Decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals means decisions that result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health care services, or access to basic necessities such as food and water, or that impact civil rights of individuals.

**NEW SECTION. Sec. 5.** Prior to deploying a facial recognition service in the context in which it will be used, a state or local government agency using a facial recognition service to make decisions that produce legal effects on individuals or similarly significant effects on individuals must test the facial recognition service in operational conditions. An agency must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service.

**NEW SECTION. Sec. 6.** (1)(a) A state or local government agency that deploys a facial recognition service must require a facial recognition service provider to make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of those facial recognition services for accuracy and unfair performance differences across distinct subpopulations. Such subpopulations are defined by visually detectable characteristics such as: (i) Race, skin tone, ethnicity, gender, age, or disability status; or (ii) other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset. If the results of the independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences within ninety days of receipt of such results. For purposes of mitigating the identified performance differences, the methodology and data used in the independent testing must be disclosed to the provider in a manner that allows full reproduction.

(b) Making an application programming interface or other technical capability does not require providers to do so in a manner that would increase the risk of cyberattacks or to disclose proprietary data. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing.

(2) Nothing in this section requires a state or local government agency to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section.

**NEW SECTION. Sec. 7.** A state or local government agency using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service. The training must include, but not be limited to, coverage of:

- (1) The capabilities and limitations of the facial recognition service;

(2) A state or local government agency using a facial recognition service shall maintain records of its use of the service that are sufficient to facilitate public reporting and auditing of compliance with the agency's facial recognition policies.

(3) In January of each year, any judge who has issued a warrant for the use of a facial recognition service to engage in any surveillance, or an extension thereof, as described in section 11 of this act, that expired during the preceding year, or who has denied approval of such a warrant during that year shall report to the administrator for the courts:

- (a) The fact that a warrant or extension was applied for;
- (b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;

The Washington State Legislative Internship Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 43 Senate interns in 2020 represented 15 college campuses, a wide range of majors, and communities all over Washington.

The Senate Page Program allows young students throughout Washington State the opportunity each year to take part in the legislative process and observe the Legislature and other branches of state government during the legislative session. The students also participate in the Page School learning about the legislative process, listening to guest speakers and developing their own legislation. The Program had 204 participants during the 2020 Regular Session.

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 6038 entitled:

"AN ACT Relating to acupuncture and Eastern medicine."

A technical bill drafting mistake resulted in the removal of the word "diagnosis" from acupuncturists' and Eastern Medicine practitioners' scope of practice, which would unintentionally limit their practices to therapeutic treatment. Acupuncturists and Eastern Medicine practitioners have long been authorized to diagnose individuals and removing this from statute could result in insurance companies denying claims.

For these reasons I have vetoed Senate Bill No. 6038 in its entirety.

Respectfully submitted,

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 21, Engrossed Senate Bill No. 5402 entitled:

"AN ACT Relating to improving tax and licensing laws administered by the department of revenue, but not including changes to tax laws that are estimated to affect state or local tax collections as reflected in any fiscal note prepared and approved under the process established in chapter 43.88A RCW."

This bill makes technical corrections to a variety of tax laws with the intent to correct errors and simplify the statutes wherever possible, without having any substantive effect on tax policy or revenue collections.

Section 21 updates an out of date reference to the definition of "hog fuel." This section is being vetoed because it duplicates the change to RCW 82.12.956 made in section 3 of House Bill 2848.

For these reasons I have vetoed Section 21 of Engrossed Senate Bill No. 5402.

With the exception of Section 21, Engrossed Senate Bill No. 5402 is approved.

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 21, Second Substitute Senate Bill No. 5601 entitled:

"AN ACT Relating to health care benefit managers."

This bill requires health care managers to register with the Insurance Commissioner, and it also imposes requirements on health care benefit managers and pharmacy benefit managers. Section 21 of the bill establishes a work group on pharmacy contracts to review fee structures and the use of performance-based contracts. This section was made subject to an appropriation. However, no funding was provided in the budget for this work group.

For these reasons I have vetoed Section 21 of Second Substitute Senate Bill No. 5601.

With the exception of Section 21, Second Substitute Senate Bill No. 5601 is approved.

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Substitute Senate Bill No. 5759 entitled:

"AN ACT Relating to the use of remote technology in corrective lens prescriptions."

Section 6 of this bill limits the Department of Health's current discipline authority under the Uniform Discipline Act and is estimated to cost \$584,000 to implement, which is not included in the budget.

For these reasons I have vetoed Section 6 of Engrossed Substitute Senate Bill No. 5759.

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 10, Engrossed Substitute Senate Bill No. 6280 entitled:

"AN ACT Relating to the use of facial recognition services."

Section 10 establishes a legislative task force on facial recognition services with the purpose of:

- providing recommendations addressing the potential abuses and threats posed by the use of facial recognition services, while also addressing how to facilitate and encourage the continued development of these services;
- providing recommendations regarding the adequacy and effectiveness of applicable Washington state laws; and
- conducting a study on the quality, accuracy, and efficacy of a service.

While the purpose of this task force is very important, it was not funded in the budget. I recommend that the Legislature engage the Ruckelshaus Center in preparing a situation assessment that would inform policy recommendations on facial recognition technologies. Such an assessment would answer many questions about how best to proceed, and could better inform the creation of a task force in a subsequent legislative session.

For these reasons I have vetoed Section 10 of Engrossed Substitute Senate Bill No. 6280.

With the exception of Section 10, Engrossed Substitute Senate Bill No. 6280 is approved.

Respectfully submitted,

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 6 and 7, Second Substitute Senate Bill No. 6528 entitled:

"AN ACT Relating to the prevention of derelict vessels."

Section 6 creates a new grant program for enforcing vessel registration, and Section 7 creates a new pilot program for vessel disposal. Unfortunately, neither of these new programs are sustainable due to the rapidly changing budget outlook as a result of our state's efforts to respond to the Coronavirus outbreak.

For these reasons I have vetoed Sections 6 and 7 of Second Substitute Senate Bill No. 6528.

With the exception of Sections 6 and 7, Second Substitute Senate Bill No. 6528 is approved.

"AN ACT Relating to law enforcement officer mental health and wellness."

Section 3 of this bill directs the Washington Association of Sheriffs and Police Chiefs to establish three pilot projects, subject to amounts appropriated for this purpose, to support behavioral health and other improvement efforts for law enforcement officers. With the rapidly changing environment related to the state's response to COVID-19 and the new economic realities the state faces, I made the difficult choice to veto the funding provided to support this pilot project in Sec 218 (17) and Sec 221 (65) of Engrossed Substitute Senate Bill 6168.

For these reasons I have vetoed Section Sec 3 of Substitute Senate Bill No. 6570.

With the exception of Section Sec 3, Substitute Senate Bill No. 6570 is approved.

Respectfully submitted,

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 101(2); 102(3); 11 (19); 116(9); 127(28); 127(79); 127(81); 127(87); 127(97); 127(99) ; 127(101); 127(112); 129(15); 129(17); 129(19);202(1)(0); 204(28); 204(34); 204(37); 204(38); 205(14); 211(60); 211(68); 211(74); 211(76); 211(78); 211(79); 211(81); 211(84); 211(86); 212(7); 214(9); 215(24)(c )d); 215(56); 215(69); 218(17); 221(55); 221(56); 221(58); 221(59); 221(61); 221(63); 221(68); 222(2)(i); 225(2)(u); 225(2)(ft); 225(2)(gg); 225(2)(jj); 225(2)(11); 225(4)(a)(ii); 225(4)(d)(viii); 225(4)(cc); 302(24); 302(30);302(31); 302(32); 302(33); 302(42); 304(7); 304(10); 306(5); 306(10); 307, page 334, lines 22-23 ;307(22); 307(25); 307(26); 307(27); 307(28); 307(36); 308(25); 308(28); 308(32); 309(23); 309 (27); 501(3)(h); 501(3)(k); 501(4)(aa); 501(4)(dd); 501(4)(ee); 501(4)(gg); 501(4)(jj); 501(4)(kk); 501(4)(v); 501(4)(w); 501(4)(x); 502(3); 503(2)(d); 506(10); 520(2); 520(15); 520(24); 520(26); 520(27); 520(28); 520(34); 601(9); 602(27); 602(28); 602(29); 602(31); 602(32); 603(42); 603(43); 603(44); 603(46); 603(49); 603(50); 603(53); 603(54); 603(55); 603(56); 603(57); 604(24); 604(25);604(26); 604(29); 604(30); 604(31); 604(32); 604(33); 604(34); 604(35); 605(9); 605(11); 605(12);606(7); 606(8); 606(9); 606(10); 607(5)(f); 607(5)(g); 607(5)(h); 607(7); 607(8); 608(9); 608(12);608(13); 609(4); 609(5); 609(7); 609(9); 609(10); 609(11); 710; 715; 722; 801, page 529, line 34;804, page 535, lines 32-34; and 923, Engrossed Substitute Senate Bill No. 6168 entitled: "AN ACT Relating to fiscal matters."

**Section 101(2), House of Representatives, page 2; Section 102(3), Senate, page 3; and Section 923, pages 562-564, Business Plan for Establishment of Publicly Owned Depository/State Bank**

These sections fund the creation of a joint legislative task force to develop a business plan for establishing a publicly owned depository/state bank in Washington. This issue has already been studied at length during the past three years. For this reason, I have vetoed Section 101(2), Section 102(3) and Section 923.

**Section 113(19), page 12, Administrator for the Courts, Clark County CASA Program**

This section provides an additional appropriation solely for the Clark County YWCA Court Appointed Special Advocate (CASA) program. Adding a single appropriation for one CASA program jeopardizes the current equitable allocation approach established by the Washington Association of Juvenile Court Administrators. For this reason, I have vetoed Section 113(19).

**Section 127(112), page 67, Department of Commerce, Commercial Property/Clean Energy**

provide the necessary funding to support the new collaborative. For this reason, I have vetoed Section 211(76).

**Section 211(81), pages 196-197, Health Care Authority- Medical Assistance, Prior Authorization for Antiviral Drugs**

The Health Care Authority, in coordination with the Department of Health, is directed to develop a strategy to deliver HIV antiviral drugs to enrollees without requiring a prior authorization for these prescriptions. This policy would jeopardize the state's ability to participate in the federal drug rebate program and would substantially increase costs to the state. For this reason, I have vetoed Section 211(81).

**Section 212(7), page 200, Health Care Authority, Medicare-eligible Retiree Stakeholder Group**

This section directs the Health Care Authority to convene a stakeholder group to provide feedback to the Office of the State Actuary. While the interest in this topic is welcome, work has been underway for some time. The Health Care Authority has already completed a report on this topic and provision of the first new option for Medicare-eligible retiree medical coverage begins on January 1, 2021. Further, the new workgroup overlaps the work of the Public Employees' Benefits Board, which includes retiree representatives and can solicit stakeholder feedback and provide information to the Legislature. I will ask the Board to include this topic on its agenda, invite the Office of State Actuary to the discussion on this issue, and report to the Legislature and me on stakeholder preferences and any additional recommendations. For these reasons, I have vetoed Section 212(7).

**Section 215(24)(c) and Section 215(24)(d), pages 213-214, Health Care Authority- Community Behavioral Health, Long-term Psychiatric Inpatient Report**

This proviso directs the Health Care Authority report to the Legislature on the impact of rate increases provided to long-term psychiatric inpatient providers on their capacity to serve clients and client utilization of this service. The agency indicates that there will be insufficient data to write a report by December 1, 2020. For this reason, I have vetoed Section 215(24)(c) and Section 215(24)(d).

**Section 221(59), pages 265-266, Department of Health, Telemedicine Work Group**

This section directs the Department of Health, within existing resources, to convene a work group to collect information and establish guidelines and recommendations for how the Office of the Insurance Commissioner can include telemedicine services in network adequacy requirements. The staff and stakeholders necessary to convene this work group are the same individuals working to address the COVID-19 outbreak. This work group requirement would divert critical resources from the pandemic response. For these reasons I have vetoed Section 221(59) and am directing the Department of Health to perform as much of the activity as feasible within available resources, given that this is important work in the current environment.

**Section 221(61), page 266, Department of Health, Vapor Product Labeling**

This section provides funding to implement Engrossed Second Substitute Senate Bill 6254. However, this bill did not pass the Legislature. For this reason, I have vetoed Section 221(61).

**Section 222(2)(i), pages 273-274, Department of Corrections, Body Scanner Pilot Expansion**

data for the previous fiscal year on an annual basis to the Education Research and Data Center (ERDC) by October 1. Section 129(21) directs the ERDC to update and expand its higher education finance report website. I am directing the higher education institutions to cooperate with the ERDC to provide the budget, expenditure and revenue data in a timely fashion and to provide the state-funded full-time equivalent student enrollment data as soon as it is feasible. The required fiscal year data is not audited or prepared by October 1; however, it could be available annually in March or April. For these reasons, I have vetoed Section 601(9).

**Section 602(32), pages 461-462, State Board for Community and Technical Colleges, Running Start Data**

This section directs but does not provide funding for the State Board for Community and Technical Colleges (SBCTC) to collect Running Start data for fiscal year 2018, fiscal year 2019, and fiscal year 2020 for the 34 community and technical colleges for a task force created in Section 609(11). The data is requested at a level of granularity that does not currently exist in college financial systems. This would require time-consuming and manual processes to create these data elements. The SBCTC is willing to provide data on dual credit student demographics and outcomes, but does not have the resources to manually create financial data. For these reasons, I have vetoed Section 602(32).

**Section 603(53), page 474, University of Washington, Adoption of Common Application****Section 604(31), pages 482-483, Washington State University, Adoption of Common Application****Section 605(11), page 485, Eastern Washington University, Adoption of Common Application Section 606(9), page 487, Central Washington University, Adoption of Common Application Section 608(12), page 493, Western Washington University, Adoption of Common Application**

These sections provide funding solely for implementation of Substitute Senate Bill 6142. I have vetoed Substitute Senate Bill 6142; therefore, this funding is not necessary. For this reason, I have vetoed Section 603(53), Section 604(31), Section 605(11), Section 606(9), and Section 608(12).

**Section 722, page 528, Special Appropriations, Forest and Forest Products Carbon Account**

Engrossed Second Substitute House Bill 2528 did not create the Forest and Forest Products Carbon Account, so funds cannot be transferred into this account. For this reason, I have vetoed Section 722.  
Section 801, page 529, line 34, For the State Treasurer, Manufacturing and Warehouse Jobs Centers Account

This section provides funding to implement Engrossed House Bill 1948. I have vetoed Engrossed House Bill 1948; therefore, this appropriation is not necessary. For this reason, I have vetoed Section 801.

Circumstances have changed dramatically since the 2020 supplemental operating budget was approved by the Legislature last month. The COVID-19 pandemic is having catastrophic effects on the health and welfare of Washingtonians. It will also have a major impact on the economic health of our state. My staff and I have conferred with Democratic and Republican leaders in both the

**GUBERNATORIAL PROCLAMATIONS REGARDING COVID-19 PANDEMIC**

In February of 2020, state health officials noticed a large increase in the disease that came to be known as Covid-19 and the ease in which the disease was spreading. The World Health Organization identified the virus responsible as Severe Acute Respiratory Syndrome COronaVirus 2 (SARS-CoV-2) and named the disease COVID-19 (CoronaVirus Disease, 2019). It had been previously referred to as “2019 novel coronavirus” and the names were used interchangeably. Washington State was generally credited with having the first coronavirus case in the United States in January 2020.

Governor Jay Inslee issued Proclamation 20-05, proclaiming a state of emergency for all counties as a result of the Covid-19 outbreak and person-to-person spread of COVID-19 in Washington State. On March 11, 2020, Governor Inslee further limited gatherings of two hundred and fifty people or more, in certain counties, for social, spiritual and recreational activities including, but not limited to, community, civic, public, leisure, faith-based, or sporting events; parades; concerts; festivals; conventions; fundraisers; and similar activities. Subsequent proclamations expanded the scope and areas of these restrictions as well as sanitizing requirements for places that were used. Eventually the entire state was under some restrictions.

Efforts to combat the pandemic resulted in the closure of childcare facilities, public schools, colleges, universities, places of worship, government offices, and businesses. The use of personal protective equipment (PPE), such as, wearing of facemasks and use of hand sanitizers, as well as gatherings of fewer than ten people but only if separated by at least six feet of space, "social distancing," became common place over the Spring and Summer. Places of learning, worship, government offices and businesses moved as much of their operations online, moving to tele-commuting and video conferencing to maintain some of their operations as they could.

After June 2020, a phased approach to reopening the state began to be implemented. However, an increase in the infection rate caused a halt to the incremental approach to reopening and, in some cases, restrictions were reimposed. Many schools, churches, government offices and businesses expected to remain closed through the end of the calendar year.

**PROCLAMATION BY THE GOVERNOR****20-05**

**WHEREAS**, On January 21, 2020, the Washington State Department of Health confirmed the first case of the novel coronavirus (COVID-19) in the United States in Snohomish County, Washington, and local health departments and the Washington State Department of Health have since that time worked to identify, contact, and test others in Washington State potentially exposed to COVID-19 in coordination with the United States Centers for Disease Control and Prevention (CDC); and

**WHEREAS**, COVID-19, a respiratory disease that can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been previously identified in humans and can easily spread from person to person; and

**WHEREAS**, The CDC identifies the potential public health threat posed by COVID-19 both globally and in the United States as “high”, and has advised that person-to-person spread of COVID-19 will continue to occur globally, including within the United States; and

**WHEREAS**, On January 31, 2020, the United States Department of Health and Human Services Secretary Alex Azar declared a public health emergency for COVID-19, beginning on January 27, 2020; and

**WHEREAS**, The CDC currently indicates there are 85,688 confirmed cases of COVID-19 worldwide with 66 of those cases in the United States, and the Washington State Department of Health has now confirmed localized person-to-person spread of COVID-19 in Washington State, significantly increasing the risk of exposure and infection to Washington State’s general public and creating an extreme public health risk that may spread quickly; and

**WHEREAS**, The Washington State Department of Health has instituted a Public Health Incident Management Team to manage the public health aspects of the incident; and

**WHEREAS**, The Washington State Military Department, State Emergency Operations Center, is coordinating resources across state government to support the Department of Health and local officials in alleviating the impacts to people, property, and infrastructure, and is assessing the magnitude and long-term effects of the incident with the Washington State Department of Health; and

**WHEREAS**, The worldwide outbreak of COVID-19 and the effects of its extreme risk of person-to-person transmission throughout the United States and Washington State significantly impacts the life and health of our people, as well as the economy of Washington State, and is a public disaster that affects life, health, property or the public peace.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency exists in all counties in the state of Washington, and direct the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented. State agencies and departments are directed to utilize state resources and to do everything reasonably possible to assist affected political subdivisions in an effort to respond to and recover from the outbreak.

As a result of this event, I also hereby order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**PROCLAMATION BY THE GOVERNOR  
AMENDING 20-05**

**20-06**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, since the initial confirmed case of COVID-19 in the United States, in Snohomish County, Washington, on January 21, 2020, it has spread to eight counties of Washington State resulting in 23 deaths; and

**WHEREAS**, the risk of severe illness and death from COVID-19 appears to be higher in those members of our population who are 60 years of age and older and those with chronic health conditions; and

**WHEREAS**, there is an increased risk of rapid spread of COVID-19 among persons who are living in congregate settings, such as long-term care facilities, and most residents of long-term care facilities are at increased risk for severe COVID-19; and

**WHEREAS**, infected facility staff and visitors can introduce a virus into the population and start an outbreak; and

**WHEREAS**, the worldwide outbreak of COVID-19 and the resulting epidemic in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property, and the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department, Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Washington State Department of Health in assessing the magnitude and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that Proclamation 20-05 remains in effect and is amended as provided herein, and that a State of Emergency continues to exist in all counties of Washington State. I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented. State agencies and departments

are directed to continue utilizing state resources and doing everything reasonably possible to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 epidemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h) to help preserve and maintain life, health, property or the public peace, I hereby prohibit the following activities in all counties of Washington State related to the operation of nursing homes licensed under RCW 18.51 and assisted living facilities licensed under RCW 18.20, which restrictions shall remain in effect until midnight on April 9, 2020:

1. Owners, administrators, operators, staff, contractors, and volunteers of nursing homes licensed under RCW 18.51 and assisted living facilities licensed under RCW 18.20 are prohibited from allowing a person to enter the facility and visit a resident unless that person is an adult, the resident has not already had a visitor that day, and the visit takes place in the resident's room. This prohibition does not apply in end of life situations.
2. No person is allowed to visit a resident of a nursing home licensed under RCW 18.51 or an assisted living facility licensed under RCW 18.20 unless they have been screened prior to entry for signs or symptoms of COVID-19, including fever of 100.4 or higher, cough, or difficulty breathing, or contact with a person with a confirmed diagnosis of COVID-19 in the last 14 days, or are under investigation for COVID-19. Precautionary measures may include, but are not limited to, wearing personal protective equipment, social distancing, or visiting in designated locations.
3. No person is allowed to visit a resident of a nursing home licensed under RCW 18.51 or an assisted living facility licensed under RCW 18.20 unless they show identification, sign into a visitor's log that includes date, time in and time out, and provide their name and contact information, including phone number and email address if available.
4. Operators and staff of nursing homes licensed under RCW 18.51 and assisted living facilities licensed under RCW 18.20 are prohibited from destroying each day's visitor log for 30 days.
5. Owners, administrators, and operators of nursing homes licensed under RCW 18.51 and assisted living facilities licensed under RCW 18.20 are prohibited from allowing a person to work or volunteer in the facility unless the person has been screened at the start of every shift and does not show any symptoms associated with COVID-19, including fever of 100.4 or higher, cough, or difficulty breathing.
6. Residents of nursing homes licensed under RCW 18.51 and assisted living facilities licensed under RCW 18.20 that have one or more residents, staff, contractors or volunteers subject to a Washington State Department of Health or local health department recommendation or order of isolation or quarantine for COVID-19 need to be isolated in their rooms away from other people. A resident can choose to discharge from a facility at any time.
7. Owners, administrators, operators, staff, and volunteers of nursing homes licensed under RCW 18.51 and assisted living facilities licensed under RCW 18.20 are prohibited from disclosing protected and confidential health information except as otherwise provided by law or with consent from the resident.

Nursing homes and assisted living facilities subject to these prohibitions are strongly encouraged to explore, adopt and implement reasonable alternative methods to provide access for residents to mitigate the impacts of these prohibitions.

**ADDITIONALLY**, based on the above situation, and to support implementation of the activities prohibited above, I also hereby find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action in coping with the COVID-19 State of Emergency under Proclamation 20-05, and that the language of each statutory and regulatory provision specified below is hereby waived and suspended until midnight on April 9, 2020:

1. RCW 70.129.090(1)(f), in its entirety:

(e) When a resident or family group exists, the facility must listen to the views and act upon the grievances and recommendations of residents and families concerning proposed policy and operational decisions affecting resident care and life in the facility.

(f) The resident has the right to refuse to perform services for the facility except as voluntarily agreed by the resident and the facility in the resident's service plan.”

5. RCW 70.129.140(4), in its entirety:

“(4) A resident has the right to participate in social, religious, and community activities that do not interfere with the rights of other residents in the facility.”

6. RCW 70.129.140(5), in its entirety: “(5) A resident has the right to:

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, on March 10, 2020, as a result of significant risks from COVID-19 to persons living in congregate care settings, I issued Proclamation 20-06 amending Proclamation 20-05 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, while implementation of restrictions on large social, spiritual, and recreational gatherings in King, Pierce and Snohomish counties is one necessary piece of a successful strategy for limiting transmission and spread of COVID-19, it must be supplemented by additional measures to help prevent initial exposure and secondary transmission; and

**WHEREAS**, COVID-19 continues to spread throughout Washington State with no expectation of ending soon, and is currently expected to result in the confirmed number of cases doubling in the Puget Sound region every five to seven days; and

**WHEREAS**, the World Health Organization has classified the global spread of COVID-19 as a pandemic and urges immediate action to stem the spread of the disease; and

**WHEREAS**, the threat of COVID-19 to our most vulnerable populations is significant, especially for those receiving long-term care services in their homes and congregate settings, such as long term care facilities; and

**WHEREAS**, an adequate number of long-term care workers is necessary to provide essential services to some of Washington's most vulnerable adults and the outbreak of COVID-19 has significantly reduced the availability of long-term care workers in the state in recent weeks; and

**WHEREAS**, long-term care workers, who provide essential care to our most vulnerable populations, are required to complete specific training, testing and certification requirements by dates certain, yet necessary class offerings and testing have been disrupted and cancelled because of the COVID-19 pandemic, exacerbating the long-term care worker shortage throughout Washington State; and

**WHEREAS**, residents of adult family homes throughout the State are now experiencing similar issues as those in the long term care facilities subject to Proclamation 20-06 regarding significant increased risk of COVID-19 exposure and infection; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a state of emergency continues to exist in all counties of Washington State, that Proclamations 20-05, 20-06, 20-07, 20-08, and 20-09 remain in effect, that Proclamation 20-05 is amended to waive and suspend specified statutes that prevent, hinder or delay necessary action in coping with the long-term care worker shortage, and that Proclamation 20-06 is amended to expand the application of its prohibitions to include adult family homes licensed under RCW 70.128. I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. **FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay action in providing

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06, 20-07, 20-08, 20-09, 20-10, 20-11, 20-12, 20-13, 20-14, 20-15, 20-16, 20-17, and 20-18, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, the COVID-19 pandemic is expected to cause a sustained global economic slowdown, which is anticipated to cause an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our state's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, many in our workforce expect to be impacted by these layoffs and substantially reduced work hours are anticipated to suffer economic hardship that will disproportionately affect low and moderate income workers resulting in lost wages and potentially the inability to pay for basic household expenses, including rent; and

**WHEREAS**, the inability to pay rent by these members of our workforce increases the likelihood of eviction from their homes,

increasing the life, health, and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, under RCW 59.12 (Unlawful Detainer) and RCW 59.18 (Residential Landlord Tenant Act) tenants seeking to avoid default judgment in eviction hearings need to appear in court in order to avoid losing substantial rights to assert defenses or access legal and economic assistance; and

**WHEREAS**, the Washington State Legislature has established a housing assistance program in Chapter 43.185 RCW pursuant to its findings in RCW 43.185.010 “that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs”; and

**WHEREAS**, a temporary moratorium on evictions throughout Washington State at this time will help reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay rent as a result of the COVID-19 pandemic; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the DOH and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the DOH in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a state of emergency continues to exist in all counties of Washington State, that Proclamations 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to temporarily prohibit residential evictions statewide until April 17, 2020, as provide herein.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the DOH, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, effective immediately and until April 17, 2020, I hereby prohibit the following activities related to residential evictions by all residential landlords operating residential rental property in Washington State:

1. Residential landlords are prohibited from serving a notice of unlawful detainer for default payment of rent related to such property under RCW 59.12.030(3).
2. Residential landlords are prohibited from issuing a 20-day notice for unlawful detainer related to such property under RCW 59.12.030(2), unless the landlord attaches an affidavit attesting that the action is believed necessary to ensure the health and safety of the tenant or other individuals.
3. Residential landlords are prohibited from initiating judicial action seeking a writ of restitution involving a dwelling unit if the alleged basis for the writ is the failure of the tenant or tenants to timely pay rent. This prohibition includes, but is not limited to, an action under Chapters 59.12 or RCW 59.18 RCW.
4. Local law enforcement is prohibited from serving or otherwise acting on eviction orders that are issued solely for default payment of rent related to such property. Nothing in this Proclamation is intended to prohibit local law enforcement from acting on orders of eviction issued for other reasons, including but not limited to waste, nuisance or commission of a crime on the premises.

Terminology used in these prohibitions shall have the meaning attributed in Chapter 59.18 RCW. Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06, 20-07, 20-08, 20-09, 20-10, 20-11, 20-12, 20-13, 20-14, 20-15, 20-16, 20-17, 20-18, 20-19, 20-20, 20-21, 20-22, 20-23, 20-24, and 20-25, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is expected to cause a sustained global economic slowdown, which is anticipated to cause an economic downturn in Washington State resulting in layoffs and reduced work hours for a significant percentage of our workforce and reductions in business activity impacting our commercial sectors that support our state's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, the Washington State Liquor and Cannabis Board (WSLCB) administers licensing and enforcement services, including the collection of taxes and fees, for establishments selling alcohol for on and off premises consumption; marijuana production, processing, and retail establishments; and vapor and tobacco products; and

**WHEREAS**, establishments licensed under the WSLCB are required to timely remit various taxes and fees by a date certain, or a mandatory late payment penalty will be imposed; and

**WHEREAS**, as a result of the global COVID-19 pandemic, many establishments licensed by the WSLCB are suffering significant economic hardship and in some cases their financial resources are becoming severely limited; and

**WHEREAS**, while the WSLCB possesses authority to waive penalties for late payment of taxes by specific types of establishments it licenses, it lacks authority to offer similar financial relief for licensed microbreweries, domestic breweries, and beer distributors, as well as wineries and wine distributors, which may adversely affect the economic viability of these taxpayers to continue operating after the COVID-19 crisis ends; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the DOH and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the DOH in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under

Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to waive or suspend specified statutes that prevent, hinder or delay necessary action in coping with economic impacts to certain licensees of the WSLCB resulting from the COVID-19 State of Emergency and to prohibit certain activities by the WSLCB regarding imposition of penalties against certain licensees to help preserve and maintain life, health, property or the public peace.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the DOH, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory obligations or limitations will prevent, hinder or delay action in providing relief to certain businesses licensed under RCW 66.24 from specific statutorily imposed penalties by the WSLCB, which relief is necessary for coping with the COVID-19 State of Emergency under Proclamation 20-05, and that the specific provisions of each statute listed below addressing imposition of penalties for failure to timely remit tax payments to the WSLCB are hereby waived and suspended until midnight on April 22, 2020:

1. RCW 66.24.210(1)(b) (late filing penalty provisions only), and
2. RCW 66.24.290(1)(b) (late filing penalty provisions only).

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, I hereby prohibit the WSLCB from enforcing the specific statutory provisions waived above from February 29, 2020, until midnight on April 22, 2020.

This Proclamation shall not be construed as relieving any WSLCB licensee from its statutory obligations for remitting taxes to the WSLCB.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person-to-person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic has resulted in unprecedented demands on our health care system, and the use of telemedicine is becoming an important and necessary means of relieving some of this demand by facilitating implementation of social distancing, reducing risk of infection to patients and health care providers, and increasing patient access to necessary treatment; and

**WHEREAS**, to encourage increased use of telemedicine by health care providers, the 2020 Legislature enacted ESSB 5385, requiring providers to be paid at the same rate when providing services via telemedicine as they are paid for providing the same services in-person (payment parity), but this requirement does not become effective until January 1, 2021; and

**WHEREAS**, the immediate implementation of payment parity in the use of telemedicine is expected to increase the likelihood of medical providers using telemedicine to relieve demand on our health care system, assist with medical social distancing, reduce risk of infection to patients and providers, and increase patient access to necessary treatment during the COVID-19 pandemic; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to waive or suspend specified statutes that prevent, hinder or delay necessary action in coping with the unprecedented demands being placed on our health care system by the COVID-19 pandemic and to prohibit certain activities to assist in relieving these demands on our health care system, and to help preserve and maintain life, health, property or the public peace by prohibiting insurance carriers from certain activities related to the use of telemedicine services by medical providers.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory obligations or limitations will prevent, hinder or delay necessary action in addressing the unprecedented demands the COVID-19 pandemic is placing on our health care system by removing certain implementation date language in Engrossed Substitute Senate Bill (ESSB) 5385, Section 1 (Chapter 92, Laws of 2020), that will allow for immediate implementation of its provisions addressing health care provider payment parity in providing telemedicine services, and that the following specific language of ESSB 5385, Section 1 is hereby waived and suspended until midnight on April 24, 2020:

ESSB 5385, Section 1 (Chapter 92, Laws of 2020), specifically amending RCW 48.43.735(1)(b)(i), the following language only: “for health plans issued or renewed on or after January 1, 2021.”

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace in addressing the COVID-19 State of Emergency, and for services provided during the period for which the above statutory waiver is in effect, I also prohibit the following activities by health carriers to encourage health

care providers to provide telemedicine services by providing for payment parity between telemedicine and in-person medical services:

1. Reimbursing in-network providers for telemedicine claims for medically necessary covered services at a rate lower than the contracted rate that would be paid if the services had been delivered through traditional (in-person) methods.
2. Denying a telemedicine claim from an in-network provider for a medically necessary covered service due to an existing provider contract term with that provider that denies reimbursement for services provided through telemedicine.
3. Establishing requirements for the payment of telemedicine services that are inconsistent with the emergency orders, rules or technical advisories to carriers issued by the Office of the Insurance Commissioner.

AMENDING PROCLAMATIONS 20-05****20-31****Department of Children, Youth, and Families - Child Care and Background Checks**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06, 20-07, 20-08, 20-09, 20-10, 20-11, 20-12, 20-13, 20-14, 20-15, 20-16, 20-17, 20-18, 20-19, 20-20, 20-21, 20-22, 20-23, 20-24, 20-25, 20-26, 20-27, 20-28, 20-29, and 20-30, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, to curtail the spread of the COVID-19 pandemic in Washington State and to protect our most vulnerable populations, it is critical to limit person to person contact through social distancing and other appropriate measures; and

**WHEREAS**, the Department of Children, Youth, and Families (DCYF) is the agency responsible for administering Early Learning Programs that provide subsidized child care to low income families, including the Working Connections Child Care Program and the Early Childhood Education and Assistance Program; and

**WHEREAS**, subsidized child care is regulated by DCYF to ensure the availability of stable and quality child care for children of low-income households; and

**WHEREAS**, many of the essential workers providing essential services during the COVID-19 pandemic are from low-income households and require subsidized child care to continue working; and

**WHEREAS**, as a part of child care licensing child care workers must submit to a background check including out of state checks requiring the submission of fingerprints and the private businesses that provide such services are currently closed and law enforcement agencies are unavailable to provide fingerprint services due to the COVID-19 pandemic response; and

**WHEREAS**, it is anticipated that some child care providers may avoid or decide to not provide subsidized child care or may withdraw their services if they cannot meet all the Early Achievers Quality Rating and Improvement System's regulatory requirements to submit reports and meet specific rating levels; and

**WHEREAS**, in order to approve foster and adoptive parents, and group care staff to have unsupervised access to children, DCYF must conduct fingerprint-based background checks on these individuals; and

**WHEREAS**, individuals who submit fingerprints in order to be approved to have unsupervised access to children would be at risk of being exposed to COVID-19 resulting from face to face contact in submitting their fingerprints; and

**WHEREAS**, the entities that receive and process fingerprints for fingerprint-based background checks have already or are anticipated to limit or suspend these operations in order to limit exposure to COVID-19; and

**WHEREAS**, it is anticipated that DCYF will have a reduced ability to approve individuals to have unsupervised access to children, and will therefore have a decreasing capacity to provide for the care of children in its care and to provide child care while it cannot process fingerprint-based background checks; and

**WHEREAS**, it is necessary to immediately waive and suspend statutes and rules that require fingerprint-based background checks before a person may be approved to have unsupervised access to children during the COVID-19 pandemic; and

**WHEREAS**, it is necessary to immediately waive and suspend some of the statutory and regulatory Early Achievers Quality Rating and Improvement System requirements that delay child care providers from making child care available to the children of essential staff who are from low income families who require child care services during the COVID-19 pandemic; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the DOH and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the DOH in assessing the impacts and long-term effects of the incident on Washington State and its people.

State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

Additionally, I continue to direct the DOH, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will risk destabilizing the state’s subsidized child care programs and prevent, hinder, or delay the response by the Department of Children, Youth, and Families to the COVID-19 pandemic State of Emergency under Proclamation 20-05, and that the language of each statutory and regulatory provision specified below is hereby waived and suspended in its entirety, except as otherwise provided herein, until midnight on April 25, 2020:

**Department of Children, Youth, and Families - Child Visitation and Remedial Services**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington state as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06, 20-07, 20-08, 20-09, 20-10, 20-11, 20-12, 20-13, 20-14, 20-15, 20-16, 20-17, 20-18, 20-19, 20-20, 20-21, 20-22, 20-23, 20-24, 20-25, 20-26, 20-27, 20-28, 20-29, 20-30, 20-31, and 20-32, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, to curtail the spread of the COVID-19 pandemic in Washington State and to protect our most vulnerable populations, it is critical to limit person to person contact through social distancing and limiting person to person contact; and

**WHEREAS**, many of the children and youth who are found to be dependent by superior courts are ordered into the custody of the Department of Children, Youth, and Families, resulting in the placement of many children into the care of foster parents, relatives, group homes, and other suitable persons approved by the court with statutorily required visitation between the children and their families, as well as statutorily required fact-to-face visits between the children and Department of Children, Youth, and Families case workers; and

**WHEREAS**, an adequate number of relative caregivers, other suitable persons, foster parents, and group homes is necessary to provide essential services to dependent children, and the COVID-19 pandemic is anticipated to significantly reduce the availability of relative, other suitable person, foster care, and group care beds if dependent children are exposed to people outside of the foster or group home through in-person visits with parents, siblings, or other family members; and

**WHEREAS**, relatives, other suitable persons, foster families, and group home operators are anticipated to withdraw their services and homes for placement if there is a risk that COVID-19 will spread within the home; and

**WHEREAS**, it is necessary to immediately waive and suspend in-person visitation requirements under RCW 13.34 and RCW 74.13 that require in-person visitation of children in the custody of the Department of Children, Youth, and Families by parents or other family members and by Department of Children, Youth, and Families case workers; and

**WHEREAS**, the Department of Children, Youth, and Families is required by RCW 13.34.025 to provide remedial services to parents of dependent children, and to report to the court when these services are not available; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington has resulted in many providers of remedial services to parents of dependent children temporarily shutting down; and

**WHEREAS**, the state's juvenile and superior courts are operating on a limited basis, only hearing emergent civil matters, and are not fully available to respond to statutorily required reports under RCW 13.34.25 by the Department of Children, Youth, and Families when remedial services are not available, and as a result these reports and any related hearings are an unnecessary burden

on currently overtaxed systems; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 as amended remains in effect, and that Proclamation 20-05 is amended to waive and suspend specified statutes that prevent, hinder or delay action in coping with the COVID-19 State of Emergency that is necessary to prevent a destabilization of the foster care system.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will risk destabilizing the state’s foster and group home system and prevent, hinder, or delay the response by the Department of Children, Youth, and Families necessary to cope with the COVID-19 pandemic State of Emergency under Proclamation 20-05, and that the language of each statutory and regulatory provision specified below is hereby waived and suspended in its entirety, except as otherwise provided herein, until midnight on April 25, 2020:

Nothing in this Order is intended to prevent compliance with a private parenting plan.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**Department of Social & Health Services – NAR Waiver**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06, 20-07, 20-08, 20-09, 20-10, 20-11, 20-12, 20-13, 20-14, 20-15, 20-16, 20-17, 20-18, 20-19, 20-20, 20-21, 20-22, 20-23, 20-24, 20-25, 20-26, 20-27, 20-28, 20-29, 20-30, 20-31, 20-32, 20-33, 20-34, 20-35, and 20-36, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, seriously increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the threat of COVID-19 to our most vulnerable populations is significant, especially for those receiving long-term care services in congregate settings such as nursing homes; and

**WHEREAS**, the COVID-19 pandemic has resulted in unprecedented demands on our health care system, and is expected to significantly reduce the availability of registered nursing assistants (NAR) who are necessary to provide essential care services to some of Washington State’s most vulnerable adults in nursing home facilities; and

**WHEREAS**, nursing homes in Washington State are currently permitted by statute to utilize NARs for four months prior to the NAR being required to complete mandated training and testing to become a certified nursing assistant; and

**WHEREAS**, because of the current COVID-19 crisis, NAR training programs have been significantly reduced and testing operations suspended, making it impossible at this time for NARs to complete mandatory training and testing to become certified nursing assistants in the four-month period during which nursing home facilities are allowed to utilize their services, resulting in nursing homes being required to terminate the employment of NARs after four months and lose valuable staff; and

**WHEREAS**, to prevent nursing home facilities from being required to terminate NARs after four months, it is necessary to temporarily waive and suspend statutes and regulations requiring completion of nursing assistant training and testing to become certified nursing assistants within four months of nursing home employment; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a state of emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-05 is amended to waive and suspend specified statutes and regulations that prevent, hinder or delay action that is necessary to cope with the COVID-19 crisis by temporarily maintaining availability of registered nursing assistants to provide essential care services for vulnerable adults in nursing home facilities.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay the provision of necessary essential care services for vulnerable adults in nursing home facilities by requiring registered nursing assistants to complete training and testing to become certified nursing assistants within four months of employment with a nursing home, and that the language of each statutory and regulatory provision specified below is hereby waived and suspended, in its entirety, until midnight on April 29, 2020:

1. RCW 18.88A.030(2)(a)
2. WAC 388-97-1660(3)(a)(i)

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, prior to amendments to the State Building Code becoming effective, the SBCC and other entities and associations that perform work subject to the Washington State Building Codes or who provide training related to the Washington State Building Code must conduct outreach, training, and otherwise prepare for implementation of the amendments; and

**WHEREAS**, due to the COVID-19 pandemic, there are exceptional constraints to conducting necessary outreach, training, and preparation prior to the July 1, 2020, scheduled effective date of the orders adopting amendments to the State Building Code; and

**WHEREAS**, a delay in implementation of the orders adopting amendments to the State Building Code from July 1, 2020, to November 1, 2020, will provide the SBCC and other entities and associations that perform work subject to the Washington State Building Code or who provide training related to the Washington State Building Code time for outreach, training, and other preparations; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long- term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended as provide herein.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, effective immediately and until November 1, 2020, I hereby prohibit the implementation of those orders enacted by the Washington State Building Code Council adopting amendments to the State Building Code with an effective date of July 1, 2020, until November 1, 2020, as set forth below.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), and to implement the above prohibition, I also find that strict compliance with the effective dates of the orders issued by the State Building Code Council adopting new portions of the State Building Code will prevent, hinder or delay necessary action in coping with the COVID-19 pandemic, by implementing new portions of the State Building Code at a time when necessary outreach, training, and preparation, cannot feasibly take place; the specific orders set forth below are therefore suspended from their current effective dates of July 1, 2020, until November 1, 2020, as follows:

1. Order WSR 20-01-090, adopted by the Washington State Building Code Council on July 26, 2019.
2. Order WSR 20-01-103, adopted by the Washington State Building Code Council on November 8, 2019.
3. Order WSR 19-24-058, adopted by the Washington State Building Code Council on July 26, 2019.
4. Order WSR 20-01-162, adopted by the Washington State Building Code Council on October 11, 2019.

5. Order WSR 19-24-040, adopted by the Washington State Building Code Council on July 26, 2019.
6. Order WSR 20-01-047, adopted by the Washington State Building Code Council on November 8, 2019.
7. Order WSR 20-03-041, adopted by the Washington State Building Code Council on November 8, 2019.
8. Order WSR 20-02-072, adopted by the Washington State Building Code Council on November 8, 2019.
9. Order WSR 20-03-023, adopted by the Washington State Building Code Council on November 8, 2019.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, to curtail the spread of COVID-19 in Washington State, protect our people from its effects, and reduce the impact on our health care system, it is necessary to continue stringent social distancing and sanitation requirements, restrictions on gatherings and personal interactions, and closure of our K-12 schools statewide; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-08 and 20-09 (Statewide K-12 School Closures) are amended to extend the prohibitions and expiration dates therein, unless modified herein, until 11:59 p.m. on June 19, 2020. All other provisions of Proclamations 20-08 and 20-09 shall remain in full force and effect. Although all prohibitions in 20-08 and 20-09 are extended by this order, the following prohibitions that apply in all counties of the state of Washington are repeated here as a convenience to the reader:

- Each public school district, charter school, and private school is prohibited from conducting in-person educational, recreational, and other K-12 school programs using their school facilities; and

**ADDITIONALLY**, although all other provisions of Proclamations 20-08 and 20-09 are extended by this order, the following provisions in 20-08 and 20-09 are repeated here as a convenience to the reader:

- Nothing in this order shall be construed as precluding a public school district, charter school, or private school from using their school facilities to provide childcare, nutrition programs, and other social services necessary to preserve and maintain life, health, property or the public peace.
- Further, nothing in this order shall be construed as precluding public school districts, charter schools, or private schools from providing supports to students necessary to meet course and credit requirements for high school graduation.

**FURTHERMORE**, if a public school or private school determines that the provision of in- person educational services on the premises of a school facility is essential and necessary under state or federal law, nothing in this order precludes the school from providing the services on site. However, schools are prohibited from providing these essential and necessary services unless state Department of Health guidelines for social distancing and proper hygiene practices are followed at all times.

**FURTHERMORE**, I strongly encourage all K-12 schools subject to this extension of Proclamations 20-08 and 20-09 to continue providing distance learning services through June 19, 2020, to the extent reasonably possible.

**ADDITIONALLY**, I encourage all K-12 schools subject to this extension of Proclamations 20-08 and 20-09 to immediately plan for the potential extension of these prohibitions into the summer and fall of 2020, should it be determined necessary to help preserve and maintain life, health, property or the public peace in response to the COVID-19 State of Emergency.

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATION 20-05**

**20-44**

**Nursing Home Transfer or Discharge for COVID-19 Cohorting Purposes**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06, 20-07, 20-08, 20-09, 20-10, 20-11, 20-12, 20-13, 20-14, 20-15, 20-16, 20-17, 20-18, 20-19, 20-20, 20-21, 20-22, 20-23, 20-24, 20-25, 20-26, 20-

27, 20-28, 20-29, 20-30, 20-31, 20-32, 20-33, 20-34, 20-35, 20-36, 20-37, 20-38, 20-39, 20-40, 20-41, 20-42, and 20-43, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, seriously increasing the threat of serious associated health risks statewide; and

**WHEREAS**, there are currently at least 7,984 cases of COVID-19 in Washington State with 338 associated deaths, and models predict that many hospitals and nursing homes throughout the state will reach capacity or become overwhelmed by the COVID-19 crisis within the next few weeks unless action is immediately taken to significantly slow its spread and address its impacts; and

**WHEREAS**, hospitalizations for COVID-19-like illnesses have been sharply increasing for the past month, and a large surge in the number of serious COVID-19 infections will compromise the ability of our health care system to deliver necessary health care services; and

**WHEREAS**, our most vulnerable populations are at greatest risk to their life, health and safety from the threat of COVID-19, especially for those receiving long-term care services in congregate settings such as nursing homes; and

**WHEREAS**, the COVID-19 pandemic has placed unprecedented demands on our health care system, requiring that certain transfers or discharges of nursing home residents be expedited to allow grouping or cohorting residents in other long-term care facilities to reduce the spread of COVID-19 and relieve stress on health care system capacity; and

**WHEREAS**, on March 31, 2020, the U.S. Centers for Medicare and Medicaid Services issued a retroactive addition to waivers granted under Section 1135 of the Social Security Act, waiving specific federal regulations that will allow nursing homes to transfer or discharge residents to another long-term care facility for certain COVID-19 related cohorting purposes; and

**WHEREAS**, to protect the life, health and safety of those members of our most vulnerable populations who are nursing home residents, it is immediately necessary to temporarily waive and suspend certain statutory and regulatory provisions limiting the ability to expedite their transfer or discharge to another long-term care facility for specific COVID-19 related cohorting purposes; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-05 is hereby amended to waive and suspend certain statutory and regulatory provisions that prevent, hinder, or delay action that is necessary to cope with the COVID-19 pandemic by temporarily expediting the ability to transfer or discharge nursing home residents to other long-term care facilities for specific COVID-19 related cohorting purposes, as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the

outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations and limitations will prevent, hinder, or delay certain transfers or discharges of nursing home residents to other long-term care facilities that are necessary to expedite the grouping or cohorting of residents to reduce the spread of COVID-19 among our most vulnerable populations and relieve stress on our health care system to meet the increased demand of addressing COVID-19 related illnesses, and that each statutory and regulatory provision or portion thereof as specified below is hereby waived and suspended until 11:59 p.m. on May 10, 2020:

1. RCW 74.42.450(6) in its entirety.
2. WAC 388-97-0140(1)(c)(ii) in its entirety.
3. WAC 388-97-0140(2) in its entirety.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATION 20-05**

**20-45  
Protection Orders and Personal Service**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-44, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, which is causing an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to the closure of nonessential businesses; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the federal Center for Disease Control, and the State of Washington Department of Health, the Governor has issued amendatory Proclamations 20-25 and 20-25.1 (“Stay Home, Stay Healthy”) restricting Washington residents’ movement outside their homes; and

**WHEREAS**, protection from harassment, violence, stalking, abuse, intimidation, and other forms of harm is a vital governmental function, as is protection from the COVID-19 pandemic, and public health agencies indicate that the COVID-19 pandemic and travel restrictions enacted in response to the COVID-19 pandemic will increase the need for various types of protection orders; and

**WHEREAS**, law enforcement agencies, advocates, and service providers nationally have reported an increase in domestic violence reports; and

**WHEREAS**, domestic violence survivors rely on protection orders for their immediate safety and peace of mind. Access to expedient court review, processing, and service of orders is essential to their safety, and perpetual litigation of protection orders creates additional danger for domestic violence survivors; and

**WHEREAS**, emergency protection orders mitigate the danger of domestic violence survivors' efforts to separate from their abusers and other situations with heightened risk of lethality, making access to emergency protection orders vital to public safety; and

**WHEREAS**, domestic violence survivors and other petitioners obtain emergency protection orders through the state's district, municipal, and superior civil court systems, making predictable, sustained, and consistent access to the court systems also vital to public safety; and

**WHEREAS**, current statutes limit court authority to issue initial or preliminary protection orders effective for more than a short time period, and require personal service of process and full court hearings to extend the effective time of the protection orders; and

**WHEREAS**, directives issued by the Governor, limited court access ordered by the judiciary, directives from public health authorities, and other restrictions enacted in response to the COVID-19 pandemic, make access to Washington State courts extremely limited, and

**WHEREAS**, Washington State residents who are threatened or are experiencing violence, harassment, stalking, or abuse face obstacles and restrictions that hinder their ability to safely access the courts and obtain protection orders during the COVID-19 pandemic; and

**WHEREAS**, we must take additional steps to preserve access to our courts, expeditious review and processing, particularly for emergency orders, timely service, and vigorous enforcement of civil protection orders for victims to preserve public safety; and

**WHEREAS**, on March 20, 2020, our Washington State Supreme Court directed courts to make use of available technology whenever possible to conduct judicial proceedings and court operations remotely, in order to continue to provide access to justice and to protect the health and safety of the public, court personnel, jurors, litigants, court personnel, and witnesses; and

**WHEREAS**, in order to support courts in conducting essential court functions, proceedings, preliminary hearings, and full hearings, while at the same time implementing the social-distancing measures necessary to limit the spread of COVID-19, it is necessary to suspend certain provisions of statutes related to protection orders to the extent they create barriers regarding the use of technology. In many cases, technology, including but not limited to video, audio and telephonic means, can be used to conduct judicial proceedings and court operations remotely, and to allow for remote appearances. Technology may also provide the means to e-file documents; to allow service of process by law enforcement through means such as text, email, or other social media; to enable the electronic exchange and authentication of documentary evidence; and to facilitate remote interpreting, remote reporting, and electronic recording to make the official records of actions or proceedings; and

**WHEREAS**, requiring personal service of process and in-person hearings for protection orders may pose a health risk and be impractical due to COVID-19; and

**WHEREAS**, with current technology, courts can modify operations to allow for telephonic and electronic filing of civil protection orders and telephonic and video participation in hearings to provide access without requiring in-person participation; and

**WHEREAS**, statutes currently require personal service of all pleadings and orders, except for service by mail or by publication under specific and very limited conditions, with prior court permission; and

**WHEREAS**, electronic means of service – by email or text message, or through social media applications – are readily available to law enforcement personnel and restrained parties. Electronic communications are instantaneous, inexpensive, and simple to document and preserve; and

**WHEREAS**, service by mail requires a petitioner to physically go to a post office and interact with another person to pay for and initiate a certified mailing, and service by publication is costly and time-consuming and is the least effective method of proving that a respondent had prior knowledge of an order for enforcement purposes; and

**WHEREAS**, personal service by law enforcement remains a priority for all protection orders (domestic violence, sexual assault,

stalking, extreme risk, and others), particularly when the restrained person has been ordered to surrender weapons, when the restrained person needs to be vacated from a shared residence, for child custody transfers, or in other cases where public safety demands it; and

**WHEREAS**, waiving certain statutory time restrictions or requirements relating to court-issued initial or preliminary protection orders will enable judges and magistrates to issue protection orders that remain effective for periods of time appropriate to the facts of the individual case; and

**WHEREAS**, waiving certain statutory requirements for personal service and certain statutory requirements for full and in-person hearings that may not be necessary or appropriate for the individual case will minimize personal contacts that could contribute to the spread of COVID-19; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended to waive and suspend specified statutes that limit the authority of courts to issue initial protection orders for more than a short period of time without full and/or in-person hearings; and to allow for use of alternative means of service, including electronic means of service, while continuing in-person service by law enforcement, when feasible, when courts have ordered firearms to be surrendered and there are concerns about increased risk of lethality, or other important public safety matters arise, including when a respondent is to be removed from a shared residence or child custody matter needs to be addressed.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will risk reducing the availability of essential services and prevent, hinder, or delay the response to the COVID-19 pandemic State of Emergency under Proclamation 20-05, and that the portion or language of each statutory and regulatory provision specified below is hereby waived and suspended in its entirety, except as otherwise provided herein with specific language stricken (for example, “~~personal~~”), until 11:59PM on May 10, 2020:

(4) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary. The court's order, entered after a hearing, need not be served on a respondent who fails to appear before the court, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court's satisfaction that the respondent has previously been personally served with the temporary order.

(6) Except in cases where the petitioner has fees waived under RCW 10.14.055 or is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATION 20-05**

**20-46**

**High-Risk Employees – Workers’ Rights**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in the state of Washington; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-45, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout the state of Washington, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the Centers for Disease Control and Prevention reports that groups at higher risk of severe illness or death from COVID-19 are those over 65 years of age, and people of any age who have certain chronic underlying health conditions; and

**WHEREAS**, the threat of severe illness and death from COVID-19 to Washington State’s public and private sector workers who are in these higher-risk groups is recognized, and action must be taken to protect them from working conditions that require them to be placed in situations where they may be exposed to infection by the virus that causes the COVID-19 disease; and

**WHEREAS**, during this critical period of virus spread throughout our state, public and private sector workers in these high-risk groups must have access to accommodations to prevent greater risk of contracting COVID-19, and these decisions cannot be left solely to the employer; and

**WHEREAS**, to protect our public and private sector workers in these high-risk categories from the significant life, health and safety risks of the COVID-19 disease, it is necessary that employers seek any and all options for alternative work arrangements and that these workers are protected from job displacement, loss of employment benefits, and any requirement that they use personal accrued leave before applying for any available unemployment benefits; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people, as well as the state economy, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in

coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues to coordinate resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues to coordinate with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim: that a State of Emergency continues to exist in all counties of Washington State; that Proclamation 20-05 and all amendments thereto remain in effect; and, that Proclamation 20-05 is amended, through the exercise of my prohibitory powers under RCW 43.06.220(1)(h), to prevent all employers, public or private, from failing to provide accommodation to high-risk workers, as defined by the Centers for Disease Control and Prevention, that protects them from risk of exposure to the COVID-19 disease on the job. If an employer determines that alternative work arrangements are not feasible, the employer is prohibited from failing to permit an employee to utilize all available accrued leave options free from risk of adverse employment action.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, I hereby prohibit all public and private employers in Washington State from taking any action that is inconsistent with the following practices related to high-risk employees, as that term is described or defined in guidance issued by the Centers for Disease Control and Prevention.

This prohibition shall remain in effect until 11:59 PM on June 12, 2020, unless extended beyond that date:

1. Employers are prohibited from failing to utilize all available options for alternative work assignments to protect high-risk employees, if requested, from exposure to the COVID-19 disease, including but not limited to telework, alternative or remote work locations, reassignment, and social distancing measures; and
2. Employers are prohibited from failing to permit any high-risk employee in a situation where an alternative work arrangement is not feasible to use any available employer- granted accrued leave or unemployment insurance in any sequence at the discretion of the employee; and
3. In the event the employee's paid time off exhausts during the period of leave, employers are prohibited from failing to fully maintain all employer-related health insurance benefits until the employee is deemed eligible to return to work; and
4. Employers are prohibited from taking adverse employment action against an employee for exercising their rights under this Proclamation that would result in loss of the employee's current employment position by permanent replacement.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace and to support implementation of the above prohibited activities by employers, I also hereby prohibit all public and private employers in Washington State and labor unions representing employees in Washington State from applying or enforcing any employment contract provisions that contradict or otherwise interfere with the above prohibitions and the intent of this Proclamation as described herein until 11:59 PM on June 12, 2020, unless extended beyond that date.

**To the greatest extent possible**, all prohibitions in this Proclamation shall be construed to protect the employee from loss of their position, loss of employment benefits, and retaliation for decisions made regarding whether and how to work for their employer pursuant to this Proclamation.

**This Proclamation shall not be construed** to prohibit employers from hiring temporary employees so long as it does not negatively impact the permanent employee's right under this Proclamation to return to their employment position without any negative ramifications to their employment status by the employer.

**This Proclamation also shall not be construed** to prohibit an employer from requiring an employee who does not report to work under this Proclamation to give up to five days’ advance notice to the employer of any decision to report to work or return to work under this Proclamation.

**This Proclamation also shall not be construed** to prohibit an employer from taking employment action when no work reasonably exists, such as in a circumstance of a reduction in force, for a high-risk employee during this Proclamation. However, in the case that no work exists, employers shall not take action that may adversely impact an employee’s eligibility for unemployment benefits.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 13th day of April, A.D., Two Thousand and Twenty at Olympia, Washington.

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, which is causing an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to the closure of nonessential businesses, and has also impacted the ability of essential functions, like our courts, to be fully accessible and operational; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the federal Center for Disease Control and Prevention, and the State of Washington Department of Health, the Governor has issued amendatory Proclamations 20-25 and 20-25.1 (“Stay Home, Stay Healthy”) restricting Washington residents’ movement outside their homes; and

**WHEREAS**, directives issued by the Governor, limited court access ordered by the judiciary, directives from public health authorities, and other restrictions enacted in response to the COVID-19 pandemic, make access to Washington State courts extremely limited and restrict court operations; and

**WHEREAS**, current statutes limit prosecutors’ and courts’ ability to file and process criminal cases during the COVID-19 pandemic, and temporarily waiving and suspending some statutes of limitation and other timelines will help courts maintain the criminal justice system during the COVID-19 pandemic; and

**WHEREAS**, preserving the rights of individuals to petition the court for post-conviction relief is essential to our system of justice, and current statutes also limit an individual’s right to seek such relief; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended to waive and suspend specified statutes that limit prosecutors’ and courts’ ability to file and process criminal cases, and is also amended to waive and suspend statutes that limit an individual’s right to seek post-conviction relief, during the COVID-19 pandemic.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

**Department of Licensing – CDL Health Certificates and Other Requirements**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-47, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the response to and impacts of the COVID-19 State of Emergency on many state and local government agencies and offices has significantly impacted their ability to adequately staff and supply various administrative and operational activities, resulting in many agencies, including the Washington State Department of Licensing, conducting limited operations; and

**WHEREAS**, commercial drivers are critical to the transportation of essential goods in the supply chain throughout Washington State and are subject to federal and state regulations in obtaining, renewing, and retaining commercial driver licenses and permits;

**WHEREAS**, the Federal Motor Carrier Safety Administration (FMCSA) requires Commercial Driver License (CDL) and Commercial Learner Permit (CLP) holders to carry proof of a current medical examination and certification, and provide such proof to the Washington State Department of Licensing, and the FMCSA waived that requirement through June 30, 2020, for holders who have proof of a valid medical certification that was issued for a period of 90 days or longer that expired on or after March 1, 2020; and

**WHEREAS**, most CDL/CLP holders must obtain a new medical certification every two years, and there are approximately 16,500 CDL/CLP holders in Washington State with medical certificates expiring through June 30, 2020; and

**WHEREAS**, the FMCSA requires a CDL holder to at all times be physically present in the vehicle with a CLP holder, and the FMCSA waived that requirement, through June 30, 2020; and

**WHEREAS**, the FMCSA states that a CLP holder must wait at least fourteen days after initial issuance of the person's CLP before taking a CDL skills examination, and the FMCSA has waived that requirement through June 30, 2020; and

**WHEREAS**, the FMCSA requires that a state not make the CLP valid for more than one year from the date of issuance without requiring the CLP holder to retake the general and endorsement knowledge tests and the FMCSA waives the requirement through June 30, 2020; and

**WHEREAS** the FMCSA mandates that a state require that, prior to renewal, a hazardous materials endorsements be subject to a Transportation Security Administration (TSA) security screening requirement, and the TSA granted an extension for those requirements from April 2, 2020, until July 1, 2020; and

**WHEREAS**, the Department of Licensing administers RCW 46.25, the Uniform Commercial Driver's License Act, including the requirements that commercial drivers maintain a current medical certification, skill testing, and other renewal requirements within specified time frames, the enforcement of which is anticipated to reduce the number of available commercial truck drivers operating in Washington State during the COVID-19 pandemic, and

**WHEREAS**, to assist the Department of Licensing in addressing these issues, it is necessary to waive and suspend the requirement to carry a valid medical certification and other skill testing and renewal requirements for CDL and CLP holders to conform to the FMCSA waiver and to ensure that essential commercial drivers are available to continue to transport commercial goods in the essential supply chain during the COVID-19 pandemic; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamations 20-05 and all amendments thereto remain in effect and is amended to waive and suspend specific statutory time limitations that if strictly applied may result in a significant reduction of commercial truck drivers.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I also find that, as a result of the COVID-19 pandemic, strict compliance with the following statutory obligations or limitations will prevent, hinder, or delay action that is necessary to retain essential commercial drivers to transport goods in the supply chain, and that the following language of each statutory provision specified below is hereby waived and suspended in their entirety, unless specified herein, until midnight on May 14, 2020:

Garnishments and Accrual of Interest**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-48 exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our state's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, many of our workforce who have been impacted by these layoffs and substantially reduced work hours are suffering economic hardship that disproportionately affects low and moderate income workers resulting in lost wages that reduces their ability to pay for basic household expenses, including groceries and rent; and

**WHEREAS**, garnishment of wages or other income, including CARES Act stimulus payments, to collect judgments for consumer debt, as authorized under RCW 6.27, and the mounting interest on that debt, as authorized under RCW 4.56.110(1) and (5), will further reduce the ability of people impacted by the economic downturn to pay for basic household expenses, thereby increasing life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, judgment creditors, directly or through others acting on their behalf, may initiate and pursue garnishment of wages and other income to collect judgments for consumer debt pursuant to RCW 6.27, and RCW 6.01.060(2) defines "consumer debt" as: "[A]ny obligation or alleged obligation of a consumer to pay money arising out of a transaction in which the money, property, insurance, or services which are the subject of the transaction are primarily for personal, family, or household purposes. Consumer debt includes medical debt"; and

**WHEREAS**, a temporary moratorium on garnishments of wages and other income to collect judgments for consumer debt throughout Washington State at this time will help reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay for basic household expenses as a result of the COVID-19 pandemic; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects

of the COVID-19 emergency; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a state of emergency continues to exist in all counties of Washington State, that Proclamations 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to temporarily prohibit certain garnishments statewide until 11:59 PM on May 14, 2020, as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that allowing garnishments to collect judgments for consumer debt and accrual of post- judgment interest on such judgments and that strict compliance with the following statutory provisions would risk the life, health and safety of people who are impacted by the economic downturn throughout Washington State and are unable to pay for basic household needs, and would prevent, hinder, or delay the response to the COVID-19 pandemic State of Emergency under Proclamation 20-05 and therefore, the following statutory provisions specified below are hereby waived and suspended in their entirety, until 11:59 PM on May 14, 2020:

1. RCW 6.27.020(1) and (2)
2. RCW 6.27.060
3. RCW 6.27.070(1)
4. RCW 6.27.080(2) and (3)
5. RCW 6.27.110(1) and (2)
6. RCW 6.27.120(1)
7. RCW 6.27.130(1) and (3)
8. RCW 4.56.110(1) and (5)

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, effective immediately and until 11:59 PM on May 14, 2020, I hereby prohibit the waivers and suspensions listed above from being applied to any judgment creditor, directly or through others acting on their behalf, except for the garnishment of wages and other income to collect judgments for consumer debt as defined in RCW 6.01.060(2), and for the accrual of post-judgment interest on judgments for consumer debt.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic has resulted in the requirement to practice safe distancing as described by the Centers for Disease Control and Prevention and the Washington State Department of Health to avoid contracting the virus; and

**WHEREAS**, although the Department of Corrections has taken aggressive action to mitigate the risk of COVID-19, current statutory barriers limit the Department's ability to respond swiftly to the COVID-19 emergency, including the ability to achieve safe distancing for individuals incarcerated in correctional facilities, by quickly reducing, where possible, the current population of incarcerated individuals at Washington State correctional facilities, a barrier that has become more challenging because there are currently correctional facility staff and incarcerated individuals who have become infected with COVID-19; and

**WHEREAS**, on March 30, 2020, to reduce the incarcerated population in Washington, I issued Emergency Proclamation 20-35, which removes a requirement to arrest and incarcerate certain individuals who have violated the terms of their community supervision. The Department of Corrections is also now using its administrative authority to release individuals incarcerated on past violations.

**WHEREAS**, the Centers for Disease Control and Prevention reports that groups at higher risk of severe illness or death from COVID-19 are those over 65 years of age, and people of any age who have certain chronic underlying health conditions; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to waive or suspend specified statutes that prevent, hinder or delay necessary action in coping with the unprecedented demands being placed on our health care system by the COVID-19 pandemic and to prohibit certain activities to assist in relieving these demands on our health care system, and to help preserve and maintain life, health, property or the public peace by granting the governor greater authority to more broadly and efficiently wield his clemency authority to reduce the prison population.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented

throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will risk reducing the availability of essential services and prevent, hinder, or delay the response to the COVID-19 pandemic State of Emergency under Proclamation 20-05, and that the portion or language of each statutory and regulatory provision specified below is hereby waived and suspended, except as otherwise provided herein, until 11:59 PM on May 15, 2020:

1. RCW 10.01.120 – only the following: “, upon the petition of the person convicted,”
2. RCW 9.94A.565(1) – only the following: “on an individual case-by-case basis”
3. RCW 9.94A.728(1)(d) – only the following: “, upon recommendation from the clemency and pardons board,”
4. RCW 72.09.710(1)

15. RCW 72.66.036
16. RCW 72.09.270(8)(a), (b), (c)

**FURTHERMORE**, though this emergency proclamation waives certain statutory notification requirement provisions, for individuals whose releases otherwise would have required the Department of Corrections to provide community or victim/witness notifications, the Department of Corrections must still make reasonable efforts to provide notification to the relevant parties at least 48 hours in advance of the individual’s release from custody.

**FURTHERMORE**, I direct the Department of Corrections to continue to explore actions to identify other incarcerated individuals for potential release through Rapid Reentry, furlough, commutation, or emergency medical release, as eligible and needed.

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-19 are amended to temporarily prohibit residential evictions and temporarily impose other related prohibitions statewide until June 4, 2020, as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, effective immediately and until June 4, 2020, I hereby prohibit the following activities related to residential dwellings and commercial rental properties in Washington State:

- Landlords, property owners, and property managers are prohibited from serving or enforcing, or threatening to serve or enforce, any notice requiring a resident to vacate any dwelling or parcel of land occupied as a dwelling, including but not limited to an eviction notice, notice to pay or vacate, notice of unlawful detainer, notice of termination of rental, or notice to comply or vacate. This prohibition applies to tenancies or other housing arrangements that have expired or that will expire during the effective period of this Proclamation. This prohibition applies unless the landlord, property owner, or property manager attaches an affidavit attesting that the action is necessary to respond to a significant and immediate risk to the health or safety of others created by the resident.
- Landlords, property owners, and property managers are prohibited from seeking or enforcing, or threatening to seek or enforce, judicial eviction orders or agreements to vacate involving any dwelling or parcel of land occupied as a dwelling, unless the landlord, property owner, or property manager attaches an affidavit attesting that the action is necessary to respond to a significant and immediate risk to the health or safety of others created by the resident.
- Local law enforcement are prohibited from serving, threatening to serve, or otherwise acting on eviction orders affecting any dwelling or parcel of land occupied as a dwelling, unless the eviction order clearly states that it was issued based on a court's finding that the individual(s) named in the eviction order is creating a significant and immediate risk to the health or safety of others.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, late fees for the non-payment or late payment of rent or other charges related to a dwelling or parcel of land occupied as a dwelling, and where such non-payment or late payment occurred on or after February 29, 2020, the date when a State of Emergency was proclaimed in all counties in Washington State.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, rent or other charges related to a dwelling or parcel of land occupied as a dwelling for any period during which the resident's access to, or occupancy of, such dwelling was prevented as a result of the COVID-19 outbreak.
- Except as provided in this paragraph, landlords, property owners, and property managers are prohibited from treating any

unpaid rent or other charges related to a dwelling or parcel of land occupied as a dwelling as an enforceable debt or obligation that is owing or collectable, where such non-payment was as a result of the COVID-19 outbreak and occurred on or after February 29, 2020, the date when a State of Emergency was proclaimed in all counties in Washington State. This includes attempts to collect, or threats to collect, through a collection agency, by filing an unlawful detainer or other judicial action, withholding any portion of a security deposit, billing or invoicing, reporting to credit bureaus, or by any other means. **This prohibition does not apply to a landlord, property owner, or property manager who demonstrates by a preponderance of the evidence to a court that the resident was offered, and refused or failed to comply with, a re-payment plan that was reasonable based on the individual financial, health, and other circumstances of that resident.**

- Landlords, property owners, and property managers are prohibited from increasing, or threatening to increase, the rate of rent or the amount of any deposit for any dwelling or parcel of land occupied as a dwelling. This prohibition also applies to commercial rental property if the commercial tenant has been materially impacted by the COVID-19, whether personally impacted and is unable to work or whether the business itself was not deemed essential pursuant to Proclamation 20-25 or otherwise lost staff or customers due to the COVID-19 outbreak.

Terminology used in these prohibitions shall be understood by reference to Washington law, including but not limited to RCW 49.60, RCW 59.12, RCW 59.18, and RCW 59.20. For purposes of this Proclamation, a “significant and immediate risk to the health or safety of others created by the resident” (a) is one that is described with particularity, and cannot be established on the basis of the resident’s own health condition or disability; and (b) excludes residents who may have been exposed to, or may have contracted, the COVID-19, or who are following Department of Health guidelines regarding isolation or quarantine.

**FURTHERMORE**, it is the intent of this order to prevent a potential new devastating impact of the COVID-19 outbreak – that is, a wave of statewide homelessness that will impact every community in our state. To that end, this order further acknowledges, applauds, and reflects gratitude for the immeasurable contribution to the health and well-being of our communities and families made by the landlords, property owners, and property managers subject to this order.

**ADDITIONALLY**, I strongly encourage every tenant to pay what they can, as soon as they can, to help support the landlords, property owners, and property managers who are supporting them through this crisis.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-51 exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, seriously increasing the threat of serious associated health risks statewide; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the Centers for Disease Control and Prevention, and the Washington State Department of Health, I issued Proclamations 20-25 and 20-25.1 (“Stay Home, Stay Healthy”) restricting Washington residents’ movement outside their homes; and

**WHEREAS**, the COVID-19 pandemic has caused a sustained economic slowdown for Washington State, resulting in layoffs and reduced work hours for a significant percentage of our workforce and reductions in business activity impacting our commercial sectors that support our State’s economic vitality, including severe impacts to the large number of small businesses that make Washington State’s economy thrive; and

**WHEREAS**, as a result of the global COVID-19 pandemic, a large percentage of Washington State businesses and members of our workforce are suffering significant economic hardship, and in many cases their financial resources are becoming limited; and

**WHEREAS**, Washington State has approximately 2.1 million homeowners living in community associations, with many suffering economically from the COVID-19 pandemic, resulting in late payment of association assessments and incurring late fees or interest charges; and

**WHEREAS**, community associations are required by law to hold an annual meeting, and the governing documents of many community associations require annual, quarterly or monthly board of directors meetings, without the ability to hold meetings remotely through electronic or other means; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-05 is amended to waive or suspend specified statutes, as provided herein, that prevent, hinder or delay action by community associations that is necessary to hold meetings remotely and provide relief to members from imposition of interest and late fees for late payment of association assessments in coping with the effects of the COVID-19 State of Emergency.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory obligations or limitations will prevent, hinder or delay necessary action in providing relief to members of community associations throughout Washington State in coping with the COVID-19 State of Emergency by limiting the ability of community associations to conduct remote meetings and to provide relief to members from the imposition of late fees and interest for late payment of association assessments, and that the specific provisions stricken (for example, “~~personal~~”) in each statute as identified below are hereby waived and suspended until 11:59 p.m. on May 17, 2020:

3. RCW 24.03.075 – the following stricken provisions only:

Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the board of directors or any committee designated by the board of directors need be specified in the notice or waiver of notice of such meeting unless required by the bylaws. **NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-29 is amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 4, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein to May 4, 2020.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.
