**WHEREAS**, there is an increased risk of rapid transmission and spread of COVID-19 among those living in congregate settings, such as long term care facilities, and most residents of long term care or treatment facilities are at increased risk for COVID-19; and

**WHEREAS**, infected facility staff and visitors can introduce a virus such as COVID-19 into the population of a long term care facility and start an outbreak threatening the life, health and safety of residents; and

**WHEREAS**, the threat of COVID-19 to our most vulnerable populations remains significant, especially for those receiving long-term care services in their homes and congregate settings such as long term care facilities; and

**WHEREAS**, there are currently at least 12,494 cases of COVID-19 in Washington State with 692 associated deaths, hospitalizations for COVID-19-like illnesses have sharply increased in the past month, and a large surge in the number of serious COVID-19 infections will compromise the ability of our health care system to deliver necessary health care services; and

**WHEREAS**, an adequate number of long term care workers is necessary to provide essential services to some of Washington's most vulnerable adults and the COVID-19 pandemic has significantly reduced the availability of long term care workers in the State, necessitating the waiver of certain fingerprint requirements to address delays resulting from interruptions in operations by third party vendors; and

**WHEREAS**, the COVID-19 pandemic has resulted other disruptions to our long term care system impacting adequate staffing, the ability to safely conduct inspections, and obtaining resident assessments prior to admission; and

**WHEREAS**, on March 10, 2020, I issued Proclamation 20-06 prohibiting visitors access to nursing homes and assisted living facilities and waiving related statutes; on March 13, 2020, I issued Proclamation 20-10 expanding the prohibitions and waivers of Proclamation 20-06 to adult family homes and addressing a long term care worker shortage; on March 16, 2020, I issued Proclamation 20-16 expanding the prohibitions and waivers of Proclamations 20-06 and 20-10 to additional long term care facilities and prohibiting all visitors; on March 17, 2020, I issued Proclamation 20-17 amending Proclamations 20-06, 20-10 and 20-16 further expanding their prohibitions and waivers to additional long term care facilities; and on March 18, 2020, I issued Proclamation 20-18 authorizing expansion of eligibility for the Family Emergency Assistance Program and waiving certain statutory provisions to address a long term care worker shortage and other disruptions to the long term care system.

**WHEREAS**, on April 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamations 20-06, 20-10, 20-16, 20-17 and 20-18 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 9, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05, 20-06, 20-10, 20-16, 20-17, and 20-18 are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 9, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein to May 9, 2020.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist

affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**MEMORANDUM BY THE GOVERNOR  
AMENDING PROCLAMATION 20-25**

**20-25.1  
Implementation of Phase 1 Construction Restart**

**TO:** Interested Stakeholders  
**FROM:** Governor Jay Inslee  
**DATE:** April 29, 2020  
**SUBJECT:** Implementation of Phase 1 Construction Restart – Proclamation 20-25

As an addendum to Proclamation 20-25, this memorandum serves as the criteria for a limited Phase 1 Construction Restart.

After working with representatives from the Construction Roundtable, we have developed the comprehensive Phase 1 Construction Restart COVID-19 Job Site Requirements and Frequently Asked Questions. These requirements apply to all previously and newly authorized construction activities in Washington as long as Gubernatorial Proclamation 20-25, or any extension thereof, is in effect or if adopted as rules by a federal, state or local regulatory agency.

*Authorized construction* now includes:

- Construction previously authorized under Proclamation 20-25 and Governor Inslee’s March 25, 2020, memo on construction.
- Construction not previously authorized under Proclamation 20-25 and the March 25, 2020, memo that was in existence on March 23, 2020. For purposes of this memo, *in existence* means construction activity that is a) needed to fulfill an obligation under a contract effective prior to March 23, 2020, or b) authorized by a government-issued permit obtained prior to March 23, 2020

Although Proclamation 20-25 and the Governor’s March 25, 2020, memo will still be used to determine whether a construction project was *previously authorized*, this memorandum sets aside all restrictions on construction activity in those documents. Specifically, this memorandum allows *authorized construction* that meets a low-risk threshold of six-foot distancing to operate.

In limited circumstances where six-foot distancing requirements cannot be maintained on a specific task on projects previously authorized under Proclamation 20-25, a hazard assessment and control plan must be implemented identifying appropriate PPE use in accordance with Department of Labor & Industries requirements (<https://www.lni.wa.gov/forms-publications/F414-164-000.pdf>). No newly authorized projects are permitted to break social distancing standards during phase 1.

**No jobsite may operate until the contractor can meet and maintain all requirements, including providing materials,**

**schedules and equipment required to comply. Currently operating projects must be in compliance by no later than Friday, May 1.**

- **All items minus numbers 28 and 30 are subject to enforcement action under L&I's Division of Occupational Safety and Health (DOSH). Workplace safety and health complaints** may be submitted to the L&I Call Center: (1-800-423-7233) or via e-mail to [adag235@lni.wa.gov](mailto:adag235@lni.wa.gov).
- **General questions about how to comply with construction safety practices** can be submitted to the state's Business Response Center at <https://app.smartsheet.com/b/form/2562f1caf5814c46a6bf163762263aa5>.
- **All other violations related to Proclamation 20-25** can be submitted at <https://bit.ly/covid>

AMENDING PROCLAMATIONS 20-05, 20-25 AND 20-25.1**

**20-25.2**

**Adjusting Stay Home – Stay Healthy to May 4, 2020**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-52, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamation 20-25, and 20-25.1 (Stay Home – Stay Healthy), prohibiting all people in Washington State from leaving their homes or participating in gatherings of any kind regardless of the number of participants, and all non-essential businesses in Washington State from conducting business, within the limitations therein; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and is a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, while there are currently at least 13,521 cases of COVID-19 in Washington State with 749 associated deaths, current models predict that we have started to slow its spread throughout the State; and

**WHEREAS**, Washington State is known for a high level of outdoor recreation on its many trails, parks, lakes, beaches and other outdoor recreational areas, and outdoor recreation is a fundamental part of maintaining physical, emotional and mental health, particularly in a time of great stress;

**WHEREAS**, these conditions now permit adjustment of some of the prohibitions in Proclamation 20-25 and 20-25.1 to allow for some recreational activities and related employment, while continuing to protect the health and safety of all Washingtonians by retaining the remainder of the prohibitions imposed in Proclamations 20-25 and 20-25.1; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency

Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim and order that a State of Emergency continues to exist in all counties of the state, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-25 and 20-25.1 (Stay Home – Stay Healthy) are amended to extend all of their provisions, except those specifically listed below and as specifically allowed in the requirements available [here](#), and each expiration date therein, to May 4, 2020:

As of April 27, 2020, in order to prepare for re-opening on May 5, 2020, all employees necessary to operate and maintain day-use activity and trails, including those in state parks and state public lands, state hunting and fishing operations, golf operations, and day-use activities and trails in other public parks and public lands are authorized to return to work; and

As of May 5, 2020, the following outdoor recreational activities, when and where permitted, are authorized to commence so long as participants fully comply with the social distancing and coronavirus related hygiene requirements found [here](#), such as:

- Recreational hunting, fishing, and boating
- Outdoor exercise, including hiking, running, walking and biking
- Golfing
- Day-use activities at public parks and public lands

All other provisions of Proclamation 20-25 and 20-25.1 shall remain in full force and effect.

**ADDITIONALLY**, except as exempted above, I continue to prohibit all other public and private gatherings and multi-person activities for social, spiritual and recreational purposes, regardless of the number of people involved. Such activity includes, but is not limited to, community, civic, public, leisure, faith-based, or sporting events; parades; concerts; festivals; conventions; fundraisers; team sports activities, and similar activities that involve a gathering of people other than a household unit. This prohibition continues to apply to planned wedding and funeral events.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of the Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing and coronavirus hygiene practices while engaging in outdoor recreation, or if the numbers of COVID-19 cases increase, I may be forced to reinstate the prohibition of recreational activities.

**20-25.3**

**Adjusting And Extending Stay Home – Stay Healthy To May 31, 2020  
Safe Start Washington: Phase I – Re-Opening Washington**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-52, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamations 20-25, 20-25.1, and 20-25.2 (Stay Home – Stay Healthy), prohibiting all people in Washington State from leaving their homes or participating in social, spiritual or recreational gatherings of any kind regardless of the number of participants, and all non-essential businesses in Washington State from conducting business, within the limitations therein; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, when I last amended the Stay Home – Stay Healthy order (Proclamation 20- 25.2) on April 27, 2020, there were 13,521 cases of COVID-19 in Washington State with 749 deaths; and, just five days later, through May 2, 2020, the Department of Health confirmed another 1,664 cases and 85 more deaths, for a total of 15,185 cases with 834 associated deaths, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, while there continues to be a significant number of cases of COVID-19 in Washington State with associated deaths, the data and epidemiological models predict that we have passed the peak of the virus' progression in the state; and, the health experts credit this decline to the mandatory social distancing practices and prohibitions we have put in place; and

**WHEREAS**, the health professionals and epidemiological modeling experts predict that we have passed the peak of the progression in the state, and the data suggests it is appropriate to continue a careful, phased, and science-based approach to slowly re-opening Washington State. In addition, modelers agree that fully relaxing social distancing measures will result in a sharp increase in the number of cases; and

**WHEREAS**, this unprecedented health crisis has caused extraordinary anxiety and a significant disruption of routine and important activities for every Washingtonian; and I recognize the extraordinary resiliency, strength, adaptability, and courage of every Washingtonian during this difficult time; and

**WHEREAS**, many people in Washington State attend religious services on a regular basis. Such services are a vital part of the spiritual and mental health of our community, and some of these services can be conducted in a manner similar to comparable secular activities to prevent prolonged exposure to individuals outside of their immediate household while ensuring safe social distancing and hygiene practices. And, to help inform future lifting of additional restrictions in phases, I have directed my staff to engage with a broad range of religious leaders beginning as soon as this week; and

**WHEREAS**, the science also suggests that some business activities can be conducted with limited exposure to customers while ensuring safe social distancing and hygiene practices. These business activities include landscaping, pet walking, car washing, vehicle and vessel sales, and retail limited to curb-side pickup, all of which are important to revitalizing Washington State's economy, restoring jobs and providing necessary goods and services; and

**WHEREAS**, counties in Washington State with lower population density generally are experiencing a lower transitory population which decreases the risk of virus spread and, under appropriate conditions, are able to control and absorb virus outbreaks within the capacity of existing local and regional health care systems without significant increased risk of being overwhelmed; and

**WHEREAS**, the Washington State Department of Health's data demonstrates that some less-populated counties with fewer than 75,000 residents have not identified a new COVID-19 case for the last three consecutive weeks, and this data supports providing those counties with an opportunity to lift additional restrictions, subject to certain conditions and requirements, an opportunity that

is not yet safe to offer to other counties; and

**WHEREAS**, based on the science and data, current COVID-19 pandemic conditions now permit further adjustment of the prohibitions in Proclamations 20-25, 20-25.1 and 20-25.2 to allow for resumption of some religious services and certain business activities, and the opportunity for less densely populated counties that have not identified a resident with COVID-19 in the last three weeks to seek additional exceptions to these prohibitions under certain limited circumstances, while retaining the remainder of the restrictions imposed in Proclamations 20-25, 20-25.1 and 20-25.2 to protect the health and safety of all Washingtonians; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-25, 20-25.1 and 20-25.2 (Stay Home – Stay Healthy) are amended to extend all of the prohibitions and each expiration date therein to May 31, 2020, except for those prohibitions regarding the specific activities listed below. All other provisions of Proclamations 20-25, 20-25.1, 20-25.2 shall remain in full force and effect.

**FURTHERMORE**, in collaboration with the Washington State Department of Health, and based on analysis of the data and epidemiological modeling, I have established a phased-in approach to re-opening Washington State, which can be found in the Safe Start Washington re-opening plan [here](#); and, while all counties are currently in Phase I, counties with a population of less than 75,000 that have not identified a resident with COVID-19 the three most recent consecutive weeks, may request an exemption from specific aspects of the remaining prohibitions of this Proclamation by submitting a variance application to the Secretary of the Washington State Department of Health in compliance with the requirements found in the Safe Start Washington re-opening plan.

**FURTHERMORE**, while I continue to permit remote spiritual and religious services, and while I continue to classify religious counseling as an essential activity that may be conducted in person if it is not possible to provide those counseling services remotely, I now hereby order that religious services may also be provided as a drive-in service, with one household per vehicle, but only so long as participants fully comply with requirements that will be issued as soon as possible, but no later than May 15, 2020, and with the social distancing requirements and coronavirus related hygiene recommended by the Washington State Department of Health.

**FURTHERMORE**, I continue to permit the low-risk activities previously permitted, including some outdoor recreation as reflected in Emergency Proclamation 20-25.2 and its accompanying guidance materials issued April 27, 2020, as well as the business activities reflected or clarified in formal guidance documents issued on March 25, 2020 (construction), March 27, 2020 (real estate and mortgage), March 31, 2020 (general guidance) and April 29, 2020 (construction).

**FURTHERMORE**, I hereby order that the data and science supports re-opening additional low-risk activities during Phase I, including the business activities listed below. Re-opening these low-risk activities may occur when participants are able to fully comply with the industry-specific requirements that will be issued as soon as possible but no later than May 15, 2020, which, at a minimum, will require compliance with the social distancing and hygiene requirements indicated by the Washington State Department of Health:

- Landscaping and lawn care
- Vehicle and vessel sales
- Pet walking
- Retail (curb-side pick-up orders only)

- Car washes

**FURTHERMORE**, in collaboration with the Washington State Department of Health, in furtherance of the physical, mental, and economic well-being of all Washingtonians, I will continue to analyze the data and epidemiological modeling and adjust the Safe Start Washington re-opening plan accordingly.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

All persons are again reminded that no credentialing program or requirement applies to any activities or operations under this Proclamation.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing while engaging in the phased modifications of the mandatory social distancing requirements, I may be forced to reinstate the prohibitions established in earlier proclamations.

Signed and sealed with the official seal of the state of Washington on this 4th day of May, A.D., Two Thousand and Twenty at Olympia, Washington.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**IT IS HEREBY RECOGNIZED** that, pursuant to RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives has extended my statutory waivers and suspensions of the following statutes in Proclamations 20-23, 20-23.1, and 20-23.2 to May 31, 2020:

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace in addressing the COVID-19 State of Emergency, I extend Proclamations 20-23, 20-23.1, and 20-23.2 prohibiting the Washington State Utilities and Transportation Commission from applying the waiver and suspension of RCW 80.04.110(1)(a) and RCW 80.28.068 for any purpose other than providing relief to members of the public affected directly or indirectly by the COVID-19 pandemic while this Proclamation remains in effect. **FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, and while the statutory waivers and suspensions of this Proclamation remain in effect, I hereby extend Proclamations 20-23, 20-23.1, and 20-23.2 prohibiting the Washington State Utilities and Transportation Commission or any other person or entity from using or otherwise relying upon the waiver or suspension of any statutory provisions identified herein for any purpose other than assisting utility customers throughout Washington State impacted by the economic

consequences of the COVID-19 pandemic and using surplus balances from electric and natural gas utility low income accounts to support community action agencies or otherwise provide services intended to address the consequences of the COVID-19 pandemic in Washington State.

**FURTHERMORE**, I make the following findings:

- (1) Many local governments have issued emergency declarations regarding the COVID-19 pandemic.
- (2) The following entities are authorized to provide essential utility services in Washington State:
  - a) Municipal utilities, public utility districts, and water and sewer districts authorized under Title 35 RCW, Title 54 RCW, and Title 57 RCW;
  - b) Electrical, natural gas, telecommunications, and water companies regulated by the Utilities and Transportation Commission under Title 80 RCW;
  - c) Cooperatives formed under Chapter 23.86 RCW; and
  - d) Mutual corporations or associations formed under Chapter 24.06 RCW.
  - e) Public water systems formed under Chapter 70.119A RCW.
- (3) Preserving and maintaining essential utility services to vulnerable populations during this crisis supports the fundamental public purpose of protecting public health and welfare.

**FURTHERMORE**, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities from March 23, 2020, the date Proclamation 20-25 was signed, until May 31, 2020: (1) disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment, except at the request of the customer; (2) refusing to reconnect any residential customer who has been disconnected due to nonpayment; and (3) charging fees for late payment or reconnection of energy, telecommunications, or water service.

**Additionally, I strongly encourage** all entities providing utility services in Washington State to take reasonable actions to mitigate the economic impacts of the COVID-19 pandemic on their utility customers caused by this crisis, including but not limited to: enacting flexible credit and collection procedures, such as using payment plans to fulfill customer outstanding balances; coordinating with the Department of Commerce to help eligible customers gain access to federal funding for energy bill assistance; employing internal processes and procedures to facilitate social distancing and proper hygiene practices; and closing facilities to the public. **I also strongly encourage** municipal and public utility boards and commissions to delegate authority to senior utility executives to take any and all actions necessary or appropriate to mitigate the economic impacts to their utility customers to address the COVID-19 crisis.

**Additionally**, these prohibitions do not relieve a utility customer from the obligation to pay for utility services.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**Protection Orders and Personal Service**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, which is causing an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to the closure of nonessential businesses; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the federal Center for Disease Control, and the State of Washington Department of Health, the Governor has issued amendatory Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (“Stay Home, Stay Healthy”) restricting Washington residents’ movement outside their homes; and

**WHEREAS**, protection from harassment, violence, stalking, abuse, intimidation, and other forms of harm is a vital governmental function, as is protection from the COVID-19 pandemic, and public health agencies indicate that the COVID-19 pandemic and travel restrictions enacted in response to the COVID-19 pandemic will increase the need for various types of protection orders; and

**WHEREAS**, law enforcement agencies, advocates, and service providers nationally have reported an increase in domestic violence reports; and

**WHEREAS**, domestic violence survivors rely on protection orders for their immediate safety and peace of mind. Access to expedient court review, processing, and service of orders is essential to their safety, and perpetual litigation of protection orders creates additional danger for domestic violence survivors; and

**WHEREAS**, emergency protection orders mitigate the danger of domestic violence survivors’ efforts to separate from their abusers and other situations with heightened risk of lethality, making access to emergency protection orders vital to public safety; and

**WHEREAS**, domestic violence survivors and other petitioners obtain emergency protection orders through the state’s district, municipal, and superior civil court systems, making predictable, sustained, and consistent access to the court systems also vital to public safety; and

**WHEREAS**, current statutes limit courts’ authority to utilize electronic alternatives to personal service of process; and

**WHEREAS**, changes to court access ordered by the judiciary based on proclamations issued by the Governor and public health authorities, and other restrictions enacted in response to the COVID-19 pandemic, make access to Washington State courts extremely limited; and

**WHEREAS**, Washington State residents who are threatened or are experiencing violence, harassment, stalking, or abuse face obstacles and restrictions that hinder their ability to safely access the courts and obtain and extend protection orders during the COVID-19 pandemic; and

**WHEREAS**, we must take additional steps to preserve access to our courts, expeditious review and processing, particularly for emergency orders, timely service, and vigorous enforcement of civil protection orders for victims to preserve public safety; and

**WHEREAS**, on March 20, 2020, our Washington State Supreme Court directed courts to make use of available technology whenever possible to conduct judicial proceedings and court operations remotely, in order to continue to provide access to justice and to protect the health and safety of the public, court personnel, jurors, litigants, and witnesses; and

**WHEREAS**, in order to support courts in conducting essential court functions, proceedings, preliminary hearings, and full hearings, while at the same time implementing the social- distancing measures necessary to limit the spread of COVID-19, it is necessary to suspend certain provisions of statutes related to protection orders to the extent they create barriers regarding the use of technology. In many cases, technology, including but not limited to video, audio and telephonic means, can be used to conduct judicial proceedings and court operations remotely, and to allow for remote appearances. Technology also provides the means to e-file documents; to allow service of process by law enforcement through text, email, or other social media; to enable the electronic exchange and authentication of documentary evidence; and to facilitate remote interpreting, remote reporting, and electronic recording to make the official records of actions or proceedings; and

**WHEREAS**, requiring personal service of process and in-person hearings for protection orders may pose a health risk and be impractical due to COVID-19; and

**WHEREAS**, with current technology, courts can modify operations to allow for telephonic and electronic filing of civil protection orders and telephonic and video participation in hearings to provide access without requiring in-person participation; and

**WHEREAS**, statutes currently require personal service of all pleadings and orders, except for service by mail or by publication under specific and very limited conditions, with prior court permission; and

**WHEREAS**, electronic means of service – by email or text message, or through social media applications – are readily available to law enforcement personnel and restrained parties. Electronic communications are instantaneous, inexpensive, and simple to document and preserve; and

**WHEREAS**, service by mail requires a petitioner to physically go to a post office and interact with another person to pay for and initiate a certified mailing, and service by publication is costly and time-consuming and is the least effective method of proving that a respondent had prior knowledge of an order for enforcement purposes; and

**WHEREAS**, personal service by law enforcement remains a priority for all protection orders (domestic violence, sexual assault, stalking, extreme risk, and others), particularly when the restrained person has been ordered to surrender weapons, when the restrained person needs to be vacated from a shared residence, for child custody transfers, or in other cases where public safety demands it; and

**WHEREAS**, waiving certain statutory requirements for personal service and certain statutory requirements for in-person hearings that may not be necessary or appropriate for the individual case will minimize personal contacts that could contribute to the spread of COVID-19; and

**WHEREAS**, there are currently at least 17,773 cases of COVID-19 in Washington State with 983 associated deaths, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, on April 10, 2020, I issued Proclamation 20-45, waiving and suspending certain statutes impeding or restricting efforts to reduce the prison population in Washington; and

**WHEREAS**, all of the four members who comprise the leadership of the Washington State Senate and House of Representatives who are required to agree to extension for certain emergency proclamations did not agree to extend all of the statutory waivers and suspensions set forth in Proclamation 20-45 as required by RCW 43.06.220(4), and the statutory waivers and extensions set forth in Proclamation 20-45 therefore expired at 11:59 p.m. on May 10, 2020; and

**WHEREAS**, on May 15, 2020, pursuant to the provisions of RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives agreed to amend, reinstate, and extend the statutory waivers and suspensions contained in Proclamation 20-45 as described herein until the termination of the COVID-19 State of Emergency or June 15, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended and Proclamation 20-45 is amended, reinstated, in part, and extended to waive and suspend specified statutes that limit the use of alternative methods of holding hearings and means of service, including electronic means of service, while continuing in-person service by law enforcement, when feasible, when courts have ordered firearms to be surrendered and there are concerns about increased risk of lethality, or other important public safety matters arise, including when a respondent is to be removed from a shared residence or child custody matter needs to be addressed.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

    - (d) ~~The court finds reasonable grounds exist to believe that the respondent is concealing himself or herself to avoid service, and that further attempts to personally serve the respondent would be futile or unduly burdensome;~~
    - (e) ~~The court shall reissue the temporary order of protection not to exceed another twenty-four days from the date of reissuing the ex parte protection order and order to provide service by publication; and~~
  - (8) ~~In circumstances justifying service by publication under subsection (7) of this section, if the serving party files an affidavit stating facts from which the court determines that service by mail is just as likely to give actual notice as service by publication and that the serving party is unable to afford the cost of service by publication, the court may order that service be made by mail. Such service shall be made by any person over eighteen years of age, who is competent to be a witness, other than a party, by mailing copies of the order and other process to the party to be served at his or her last known address or any other address determined by the court to be appropriate. Two copies shall be mailed, postage prepaid, one by ordinary first class mail and the other by a form of mail requiring a signed receipt showing when and to whom it was delivered. The envelopes must bear the return address of the sender.~~
    - (a) Proof of service under this section shall be consistent with court rules for civil proceedings.
    - (b) ~~Service under this section may be used in the same manner and shall have the same jurisdictional effect as service by publication for purposes of this chapter. Service shall be deemed complete upon the mailing of two copies as prescribed in this section.~~
25. RCW 7.94.040(1), (Extreme Risk Protection Orders: Hearings on petition et al), the following stricken language only:
- (1) Upon receipt of the petition, the court shall order a hearing to be held ~~not later than fourteen days from the date of the order~~ and issue a notice of hearing to the respondent for the same.
    - (a) The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from potential harm. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing.
    - (b) ~~The court clerk shall cause a copy of the notice of hearing and petition to be forwarded on or before the next judicial day to the appropriate law enforcement agency for service upon the respondent.~~
    - (c) ~~Personal service of the notice of hearing and petition shall be made upon the respondent by a law enforcement officer not less than five court days prior to the hearing. Service issued under this section takes precedence over the service of other documents, unless the other documents are of a similar emergency nature. If timely personal service cannot be made, the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication or mail as provided in RCW 7.94.070. The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or mail after two attempts at obtaining personal service unless the petitioner requests additional time to attempt personal service. If the court issues an order permitting service by publication or mail, the court shall set the hearing date not later than twenty-four days from the date the order issues.~~
    - (d) ~~The court may, as provided in RCW 7.94.050, issue an ex parte extreme risk protection order pending the hearing ordered under this subsection (1). Such ex parte order must be served concurrently with the notice of hearing and petition.~~
26. RCW 7.94.050(5), (Extreme Risk Protection Orders: Ex parte orders), the following language only:
- (5) In accordance with RCW 7.94.040(1), the court shall schedule a hearing ~~within fourteen days of the issuance of an ex parte extreme risk protection order~~ to determine if a one-year extreme risk protection order should be issued under this chapter.
27. RCW 7.94.060(1), (2) and (6), (Extreme Risk Protection Orders: Service of orders), the following stricken language only:

(1) An extreme risk protection order issued under RCW 7.94.040 must be ~~personally~~ served upon the respondent, except as otherwise provided in this chapter.

(2) The law enforcement agency with jurisdiction in the area in which the respondent resides shall serve the respondent ~~personally, unless the petitioner elects to have the respondent served by a private party.~~

~~(6) If the court previously entered an order allowing service of the notice of hearing and petition, or an ex parte extreme risk protection order, by publication or mail under RCW 7.94.070, or if the court finds there are now grounds to allow such alternate service, the court may permit service by publication or mail of the extreme risk protection order issued under this chapter as provided in RCW 7.94.070. The court order must state whether the court permitted service by publication or service by mail.~~

**ADDITIONALLY**, while the purposes of this order are to ensure access to justice for victims; to promote public safety and public health; and to relieve the severe strain on our judicial system and law enforcement officers during the COVID-19 crisis, nothing in this order or the amendment, reinstatement, and extension of this order prohibits the use of personal service, including in instances in which it is no longer required under statute. In matters where personal service is not employed, service must still be made, and should be made using electronic/ telephonic means of service with acknowledgement of receipt, such as by email, text message, facsimile or through social media applications. Furthermore, personal service is encouraged whenever possible, but in particular in all cases in which public safety demands personal service.

**ADDITIONALLY**, my Office again acknowledges the extraordinary steps already taken by our Supreme Court to encourage or require telephonic and other remote hearings, online filing, and other approaches in order to prevent further outbreak of the virus while maintaining consistent and equitable access to justice. This Order is intended to complement, support, and further those efforts.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

AMENDING AND EXTENDING PROCLAMATIONS 20-05 and 20-51**

**20-51.1  
Community Associations Meetings and Late Fees**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, seriously increasing the threat of serious associated health risks statewide; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the Center for Disease Control and Prevention, and the Washington State Department of Health, I issued Proclamations 20-25, 20-25.1, 20-25.2 and 20-25.3 (“Stay Home, Stay Healthy”) restricting Washington residents’ movement

outside their homes; and

**WHEREAS**, a large percentage of Washington State businesses and members of our workforce continue to suffer significant economic hardship from the global COVID-19 pandemic, and in many cases their financial resources are becoming limited; and

**WHEREAS**, Washington State has approximately 2.1 million homeowners living in community associations, with many suffering economically from the COVID-19 pandemic, resulting in late payment of association assessments and incurring late fees or interest charges; and

**WHEREAS**, community associations are required by law to hold an annual meeting, and the governing documents of many community associations require annual, quarterly or monthly board of directors meetings, without the ability to hold meetings remotely through electronic or other means; and

**WHEREAS**, on April 17, 2020, I issued Proclamation 20-51, suspending statutes to allow community associations to hold remote meetings and waiving deadlines for filing of annual assessments; and

**WHEREAS**, on May 14, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-48 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-51 is amended to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 PM on May 31, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**Protection Orders and Personal Service – Technical Corrections**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, which is causing an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to the closure of nonessential businesses; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the federal Center for Disease Control, and the State of Washington Department of Health, the Governor has issued amendatory Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (“Stay Home, Stay Healthy”) restricting Washington residents’ movement outside their homes; and

**WHEREAS**, protection from harassment, violence, stalking, abuse, intimidation, and other forms of harm is a vital governmental function, as is protection from the COVID-19 pandemic, and public health agencies indicate that the COVID-19 pandemic and travel restrictions enacted in response to the COVID-19 pandemic will increase the need for various types of protection orders; and

**WHEREAS**, law enforcement agencies, advocates, and service providers nationally have reported an increase in domestic violence reports; and

**WHEREAS**, domestic violence survivors rely on protection orders for their immediate safety and peace of mind. Access to expedient court review, processing, and service of orders is essential to their safety, and perpetual litigation of protection orders creates additional danger for domestic violence survivors; and

**WHEREAS**, emergency protection orders mitigate the danger of domestic violence survivors’ efforts to separate from their abusers and other situations with heightened risk of lethality, making access to emergency protection orders vital to public safety; and

**WHEREAS**, domestic violence survivors and other petitioners obtain emergency protection orders through the state’s district, municipal, and superior civil court systems, making predictable, sustained, and consistent access to the court systems also vital to public safety; and

**WHEREAS**, current statutes limit courts’ authority to utilize electronic alternatives to personal service of process; and

**WHEREAS**, changes to court access ordered by the judiciary based on proclamations issued by the Governor and directives from public health authorities, and other restrictions enacted in response to the COVID-19 pandemic, make access to Washington State courts extremely limited; and

**WHEREAS**, Washington State residents who are threatened or are experiencing violence, harassment, stalking, or abuse face

obstacles and restrictions that hinder their ability to safely access the courts and obtain and extend protection orders during the COVID-19 pandemic; and

**WHEREAS**, we must take additional steps to preserve access to our courts, expeditious review and processing, particularly for emergency orders, timely service, and vigorous enforcement of civil protection orders for victims to preserve public safety; and

**WHEREAS**, on March 20, 2020, our Washington State Supreme Court directed courts to make use of available technology whenever possible to conduct judicial proceedings and court operations remotely, in order to continue to provide access to justice and to protect the health and safety of the public, court personnel, jurors, litigants, and witnesses; and

**WHEREAS**, in order to support courts in conducting essential court functions, proceedings, preliminary hearings, and full hearings, while at the same time implementing the social- distancing measures necessary to limit the spread of COVID-19, it is necessary to suspend certain provisions of statutes related to protection orders to the extent they create barriers regarding the use of technology. In many cases, technology, including but not limited to video, audio and telephonic means, can be used to conduct judicial proceedings and court operations remotely, and to allow for remote appearances. Technology also provides the means to e-file documents; to allow service of process by law enforcement through text, email, or other social media; to enable the electronic exchange and authentication of documentary evidence; and to facilitate remote interpreting, remote reporting, and electronic recording to make the official records of actions or proceedings; and

**WHEREAS**, requiring personal service of process and in-person hearings for protection orders may pose a health risk and be impractical due to COVID-19; and

**WHEREAS**, with current technology, courts can modify operations to allow for telephonic and electronic filing of civil protection orders and telephonic and video participation in hearings to provide access without requiring in-person participation; and

**WHEREAS**, statutes currently require personal service of all pleadings and orders, except for service by mail or by publication under specific and very limited conditions, with prior court permission; and

**WHEREAS**, electronic means of service – by email or text message, or through social media applications – are readily available to law enforcement personnel and restrained parties. Electronic communications are instantaneous, inexpensive, and simple to document and preserve; and

**WHEREAS**, service by mail requires a petitioner to physically go to a post office and interact with another person to pay for and initiate a certified mailing, and service by publication is costly and time-consuming and is the least effective method of proving that a respondent had prior knowledge of an order for enforcement purposes; and

**WHEREAS**, personal service by law enforcement remains a priority for all protection orders (domestic violence, sexual assault, stalking, extreme risk, and others), particularly when the restrained person has been ordered to surrender weapons, when the restrained person needs to be vacated from a shared residence, for child custody transfers, or in other cases where public safety demands it; and

**WHEREAS**, waiving certain statutory requirements for personal service and certain statutory requirements for in-person hearings that may not be necessary or appropriate for the individual case will minimize personal contacts that could contribute to the spread of COVID-19; and

**WHEREAS**, there are currently at least 18,433 cases of COVID-19 in Washington State with 1,001 associated deaths, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, on April 10, 2020, I issued Proclamation 20-45, waiving and suspending certain statutes; and

**WHEREAS**, all of the four members who comprise the leadership of the Washington State Senate and House of Representatives who are required to agree to extensions for certain emergency proclamations did not agree to extend all of the statutory waivers and suspensions set forth in Proclamation 20-45 as required by RCW 43.06.220(4), and the statutory waivers and extensions set forth in Proclamation 20-45 therefore expired at 11:59 p.m. on May 10, 2020; and

**WHEREAS**, on May 15, 2020, pursuant to the provisions of RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives agreed to amend, reinstate, and extend the statutory waivers and suspensions contained in Proclamation 20-45 as described herein until the termination of the COVID-19 State of Emergency or June 15, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended and Proclamation 20-45 is amended, reinstated in part, and extended to waive and suspend specified statutes that limit the use of alternative methods of holding hearings and means of service, including electronic means of service, while continuing in-person service by law enforcement, when feasible, when courts have ordered firearms to be surrendered and there are concerns about increased risk of lethality, or other important public safety matters arise, including when a respondent is to be removed from a shared residence or child custody matter needs to be addressed.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I again find that strict compliance with the following statutory and regulatory obligations or limitations will risk reducing the availability of essential services and prevent, hinder, or delay the response to the COVID-19 pandemic State of Emergency under Proclamation 20-05, and that the portion or language of each statutory and regulatory provision specified below is hereby waived and suspended as provided herein with specific language stricken (for example, “~~personal~~”), until 11:59PM on June 15, 2020:

1. RCW 10.14.070, (Harassment, Hearing—Service), the following stricken language only:

Upon receipt of the petition alleging a prima facie case of harassment, other than a petition alleging a sex offense as defined in chapter 9A.44 RCW or a petition for a stalking protection order under chapter 7.92 RCW, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. If the petition alleges a sex offense as defined in chapter 9A.44 RCW, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. ~~Except as provided in RCW 10.14.085, personal~~ service shall be made upon the respondent not less than five court days before the hearing. If timely ~~personal~~ service cannot be made, the court shall set a new hearing date and shall ~~either~~ require additional attempts at obtaining ~~personal~~ service or permit service by publication as provided by RCW 10.14.085. ~~If the court permits service by publication, the court shall set the hearing date not later than twenty-four days from the date of the order.~~ The court may issue an ex parte order for protection pending the hearing as provided in RCW 10.14.080 and 10.14.085.

2. RCW 10.14.080(2), (Harassment: Antiharassment protection orders –Ex parte temporary--et al) the following stricken language only:

(2) An ex parte temporary antiharassment protection order shall be effective for a fixed period not to exceed fourteen days. ~~or twenty-four days if the court has permitted service by publication under RCW 10.14.085.~~ The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order ~~or not later than twenty-four days if service by publication is permitted.~~ Except as provided in RCW 10.14.070 and 10.14.085, the respondent shall be ~~personally~~ served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing. The ex parte order and notice of hearing shall include at a minimum the date and time of the hearing set by the court to determine if the temporary order should be made effective for one year or more, and notice

that if the respondent should fail to appear or otherwise not respond, an order for protection will be issued against the respondent pursuant to the provisions of this chapter, for a minimum of one year from the date of the hearing. The notice shall also include a brief statement of the provisions of the ex parte order and notify the respondent that a copy of the ex parte order and notice of hearing has been filed with the clerk of the court.

3. RCW 10.14.080(5), (Harassment: Antiharassment protection orders—Ex parte temporary—et al), the following stricken language only:

(5) At any time within the three months before the expiration of the order, the petitioner may apply for a renewal of the order by filing a petition for renewal. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal, the court shall order a hearing which shall be not later than fourteen days from the date of the order.

~~Except as provided in RCW 10.14.085, personal service shall be made upon the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided by RCW 10.14.085. If the court permits service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in this section. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume harassment of the petitioner when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in subsection (4) of this section.~~

4. RCW 10.14.085(1)(a) through (d), (Harassment: Hearing reset after ex parte order— Service by publication—et al):

(1) ~~If the respondent was not personally served with the petition, notice of hearing, and ex parte order before the hearing, the court shall reset the hearing for twenty-four days from the date of entry of the order and may order service by publication instead of personal service under the following circumstances:~~

(a) ~~The sheriff or municipal officer files an affidavit stating that the officer was unable to complete personal service upon the respondent. The affidavit must describe the number and types of attempts the officer made to complete service;~~

(b) ~~The petitioner files an affidavit stating that the petitioner believes that the respondent is hiding from the server to avoid service. The petitioner's affidavit must state the reasons for the belief that the respondent is avoiding service;~~

(c) ~~The server has deposited a copy of the summons, in substantially the form prescribed in subsection (3) of this section, notice of hearing, and the ex parte order of protection in the post office, directed to the respondent at the respondent's last known address, unless the server states that the server does not know the respondent's address; and~~

(d) ~~The court finds reasonable grounds exist to believe that the respondent is concealing himself or herself to avoid service, and that further attempts to personally serve the respondent would be futile or unduly burdensome.~~

5. RCW 10.14.100, (Harassment: Service of order.), the following stricken language only:

(1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsections (5) and (7) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party. If the order includes a requirement under RCW 9.41.800 for the immediate surrender of all firearms, dangerous weapons, and any concealed pistol license, the order must be served by a law enforcement officer.

(3) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner.

(4) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(5) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary. The court's order, entered after a hearing, need not be served on a respondent who fails to appear before the court, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court's satisfaction that the respondent has previously been personally served with the temporary order.

(6) Except in cases where the petitioner has fees waived under RCW

10.14.055 or is granted leave to proceed in forma pauperis, municipal police departments serving documents as required under this chapter may collect the same fees for service and mileage authorized by RCW 36.18.040 to be collected by sheriffs.

~~(7) If the court previously entered an order allowing service by publication of the notice of hearing and temporary order of protection pursuant to RCW 10.14.085, the court may permit service by publication of the order of protection issued under RCW 10.14.080. Service by publication must comply with the requirements of RCW 10.14.085.~~

6. RCW 26.50.050, (Domestic Violence Protection: Hearing—Service— Time): the following stricken language only:

The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further acts of domestic violence. The court shall require

assurances of the petitioner's identity before conducting a telephonic hearing. ~~Except as provided in RCW 26.50.085 and 26.50.123, personal service shall be made upon the respondent not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall either require an additional attempt at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or service by mail as provided in RCW 26.50.123. The court shall not require more than two attempts at obtaining personal service and shall permit service by publication or by mail unless the petitioner requests additional time to attempt personal service. If the court permits service by mail, the court shall set the hearing date not later than twenty-four days from the date of the order. The court may issue an ex parte order for protection pending the hearing as provided in RCW 26.50.070, 26.50.085, and 26.50.123.~~

7. RCW 26.50.060(2) and (6), (Domestic Violence Prevention: Relief et al): the following stricken language only:

(2) If a protection order restrains the respondent from contacting the respondent's minor children the restraint shall be for a fixed period ~~not to exceed one year. This limitation is not applicable to orders for protection issued under chapter 26.09, \*26.10, 26.26A, or 26.26B RCW.~~ With regard to other relief, if the petitioner has petitioned for relief on his or her own behalf or on behalf of the petitioner's family or household members or minor children, and the court finds that the respondent is likely to resume acts of domestic violence against the petitioner or the petitioner's family or household members or minor children when the order expires, the court may either grant relief for a fixed period or enter a permanent order of protection.

(6) The court order shall specify the date the order expires if any. The court order shall also state whether the court issued the protection order following ~~personal service, service by publication, or service by mail~~ and whether the court has approved service ~~by publication or mail of an order issued under this section.~~

8. RCW 26.50.070(5), (Domestic Violence Prevention: Ex parte temporary order for protection), the following stricken language only:

(5) An ex parte temporary order for protection shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by ~~publication under RCW 26.50.085 or by mail under RCW 26.50.123.~~ The ex parte temporary order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the ex parte temporary order ~~or not later than twenty-four days if service by publication or by mail is permitted. Except as provided in RCW 26.50.050, 26.50.085, and 26.50.123,~~ the respondent shall be personally served with a copy of the ex parte temporary order along with a copy of the petition and notice of the date set for the hearing.

9. RCW 26.50.085(1)(a) through (d), (Domestic Violence Prevention: Hearing reset after ex parte order et al), the following stricken language only:

(1) If the respondent was not ~~personally~~ served with the petition, notice of hearing, and ex parte order before the hearing, the court shall reset the hearing for twenty-four days from the date of entry of the order and ~~may order service by publication instead of personal service under the following circumstances:~~

**ADDITIONALLY**, while the purposes of this order are to ensure access to justice for victims; to promote public safety and public health; and to relieve the severe strain on our judicial system and law enforcement officers during the COVID-19 crisis, nothing in this order or the amendment, reinstatement, and extension of this order prohibits the use of personal service, including in instances in which it is no longer required under statute. In matters where personal service is not employed, service must still be made, and should be made using electronic/telephonic means of service with verification of receipt, such as by email, text message, facsimile

or through social media applications. Furthermore, personal service is encouraged whenever possible, but in particular in all cases in which public safety demands personal service.

**ADDITIONALLY**, my office again acknowledges the extraordinary steps already taken by our Supreme Court to encourage or require telephonic and other remote hearings, online filing, and other approaches in order to prevent further outbreak of the virus while maintaining consistent and equitable access to justice. This Order is intended to complement, support, and further those efforts.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**PROCLAMATION BY THE GOVERNOR  
AMENDING AND EXTENDING 20-05 AND 20-48**

**20-48.1**

**Department of Licensing – CDL Health Certificates and Other Requirements**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the response to and impacts of the COVID-19 State of Emergency on many state and local government agencies and offices has significantly impacted their ability to adequately staff and supply various administrative and operational activities, resulting in many agencies, including the Washington State Department of Licensing, conducting limited operations; and

**WHEREAS**, commercial drivers are critical to the transportation of essential goods in the supply chain throughout Washington State and are subject to federal and state regulations in obtaining, renewing, and retaining commercial driver licenses and permits;

**WHEREAS**, the Federal Motor Carrier Safety Administration (FMCSA) requires Commercial Driver License (CDL) and Commercial Learner Permit (CLP) holders to carry proof of a current medical examination and certification, and provide such proof to the Washington State Department of Licensing, and the FMCSA waived that requirement through June 30, 2020, for holders who have proof of a valid medical certification that was issued for a period of 90 days or longer that expired on or after March 1, 2020; and

**WHEREAS**, most CDL/CLP holders must obtain a new medical certification every two years, and there are approximately 16,500 CDL/CLP holders in Washington State with medical certificates expiring through June 30, 2020; and

**WHEREAS**, the FMCSA requires a CDL holder to at all times be physically present in the vehicle with a CLP holder, and the FMCSA waived that requirement, through June 30, 2020; and

**WHEREAS**, the FMCSA states that a CLP holder must wait at least fourteen days after initial issuance of the person's CLP before taking a CDL skills examination, and the FMCSA has waived that requirement through June 30, 2020; and

**WHEREAS**, the FMCSA requires that a state not make the CLP valid for more than one year from the date of issuance without requiring the CLP holder to retake the general and endorsement knowledge tests and the FMCSA waives the requirement through June 30, 2020; and

**WHEREAS** the FMCSA mandates that a state require that, prior to renewal, a hazardous materials endorsements be subject to a Transportation Security Administration (TSA) security screening requirement, and the TSA granted an extension for those requirements from April 2, 2020, until July 1, 2020; and

**WHEREAS**, the Department of Licensing administers RCW 46.25, the Uniform Commercial Driver's License Act, including the requirements that commercial drivers maintain a current medical certification, skill testing, and other renewal requirements within specified time frames, the enforcement of which is anticipated to reduce the number of available commercial truck drivers operating in Washington State during the COVID-19 pandemic, and

**WHEREAS**, to assist the Department of Licensing in addressing these issues, it is necessary to waive and suspend the requirement to carry a valid medical certification and other skill testing and renewal requirements for CDL and CLP holders to conform to the FMCSA waiver and to ensure that essential commercial drivers are available to continue to transport commercial goods in the essential supply chain during the COVID-19 pandemic; and

**WHEREAS**, there are currently at least 17,773 cases of COVID-19 in Washington State with 983 associated deaths, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, on April 14, 2020, I issued Proclamation 20-48, waiving and suspending statutes and prohibiting certain activities relating to CDL and CLP holders; and

**WHEREAS**, on May 14, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-48 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**PROCLAMATION BY THE GOVERNOR  
AMENDING AND EXTENDING 20-05 and 20-49**

**20-49.1  
Garnishments and Accrual of Interest**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our state’s economic vitality, including severe impacts to the large number of small businesses that make Washington State’s economy thrive; and

**WHEREAS**, many of our workforce who have been impacted by these layoffs and substantially reduced work hours are suffering economic hardship that disproportionately affects low and moderate income workers resulting in lost wages that reduces their ability to pay for basic household expenses, including groceries and rent; and

**WHEREAS**, garnishment of wages or other income, including CARES Act stimulus payments, to collect judgments for consumer debt, as authorized under RCW 6.27, and the mounting interest on that debt, as authorized under RCW 4.56.110(1) and (5), will further reduce the ability of people impacted by the economic downturn to pay for basic household expenses, thereby increasing life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, judgment creditors, directly or through others acting on their behalf, may initiate and pursue garnishment of wages and other income to collect judgments for consumer debt pursuant to RCW 6.27, and RCW 6.01.060(2) defines “consumer debt” as: “[A]ny obligation or alleged obligation of a consumer to pay money arising out of a transaction in which the money, property, insurance, or services which are the subject of the transaction are primarily for personal, family, or household purposes. Consumer debt includes medical debt”; and

**WHEREAS**, a temporary moratorium on garnishments of wages and other income to collect judgments for consumer debt throughout Washington State at this time will help reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay for basic household expenses as a result of the COVID-19 pandemic; and

**WHEREAS**, there are currently at least 17,773 cases of COVID-19 in Washington State with 983 associated deaths, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, on April 14, 2020, I issued Proclamation 20-49, waiving and suspending statutes and prohibiting certain activities relating to garnishments of wages and other income to collect judgments for consumer debt throughout Washington State; and

**WHEREAS**, on May 14, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 21, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the COVID-19 emergency; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long- term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05 and 20-49 are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 PM on May 21, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 PM on May 21, 2020.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

AMENDING AND EXTENDING PROCLAMATIONS 20-05 AND 20-24**

**20-24.1**

**Reducing Restrictions on, and Safe Expansion of, Non-Urgent Medical and Dental Procedures**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, and significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the health care personal protective equipment supply chain in Washington State has been severely disrupted by the significant increased use of such equipment worldwide, such that there are now critical shortages of this equipment for health care workers. To curtail the spread of the COVID- 19 pandemic in Washington State and to protect our health care workers as they provide health care services, it is necessary to prohibit all medical, dental and dental specialty facilities, practices, and practitioners in Washington State from providing non-urgent health care and dental services, procedures and surgeries unless specific procedures and criteria are met; and

**WHEREAS**, the extensive public-private collaboration between our state and local governments, and the state's hospitals, health systems, and other providers of clinical services in addressing the health care issues created for people and communities by the COVID-19 pandemic is commendable; and

**WHEREAS**, Washington State's collaborative approach has been effective in addressing the significant public health issues associated with the disease, while greatly expanding the clinical and operational capacity of the health system to effectively care

for COVID-19 patients and safely provide preventive, diagnostic, outpatient, ambulatory, acute, and post-acute care for all people in need of care via both in-person and virtual means. The professionalism, expertise, and compassion of Washington's clinicians, nurses, and other health care professionals during the COVID-19 pandemic has been exemplary; and

**WHEREAS** in the early days of the pandemic, I, in collaboration with the Washington State Department of Health and health care system partners, established a data-driven approach to addressing the health and safety of Washington's citizens and communities. The actions taken pursuant to this approach reduced the impact of the disease in the State. As the State moves into its Safe Start of the economy, it is important that the healthcare system move rapidly towards a more normal operating position and expand access to care for patients in a manner that is safe and equitable; and

**WHEREAS**, I support extending Proclamation 20-29, which requires telemedicine payment parity through year-end 2020, when the new parity law in SB 5385 will formally take effect. However, the extension must be approved by the Legislature.

**WHEREAS**, recognizing that health status is impacted both by social determinants of health and untreated health conditions, it is vital that public and private sector participants in the health care system work to enhance public health capabilities and capacity, such as testing, contact tracing and follow-up, and that access to appropriate care be expanded as safely as possible; and

**WHEREAS**, the exercise of clinical judgement by healthcare and dental professionals related to the care of patients is essential, and it is essential for all of our health and dental partners to follow the same procedures as outlined in this proclamation and work together to protect the health of all of our residents; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression throughout Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of this ongoing incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all Washington State counties, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-24 are amended to immediately prohibit certain medical and dental procedures, with exceptions, and as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Also, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**: based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, I hereby prohibit all medical, dental and dental specialty facilities, practices, and practitioners in Washington State from providing non-urgent health care and dental services, procedures, and surgeries unless they act in good faith and with reasonable clinical judgment to meet and follow the procedures and criteria provided below:

COVID Assessment:

Local health jurisdictions (LHJs) in collaboration with their health partners, should assess the COVID-19 status in the communities

they serve. This assessment should be updated on a regular basis. Important COVID-19 disease information relevant to this assessment is available at <https://www.doh.wa.gov/Emergencies/NovelCoronavirusOutbreak2020COVID19/DataDashboard>, and LHJs should have relevant information as well.

#### Expansion/Contraction of Care Plan

Each health care, dental or dental specialty facility, practice, or practitioner must develop an expansion/contraction of care plan that is both congruent with community COVID-19 assessment described above, consistent with the clinical and operational capabilities and capacities of the organization, and responsive to the criteria provided below.

Expansion/contraction of care plans should be operationalized based on the standards of care that are in effect in the health care facility, practice or practitioner's relevant geography as determined by that region's emergency health care coalition, as follows:

- Conventional Care Phase – All appropriate clinical care can be provided.
- Contingency Care Phase – All appropriate clinical care can be provided so long as there is sufficient access to PPE and, for hospitals, surge capacity is at least 20%.
- Crisis Care Phase – All emergent and urgent care shall be provided; elective care, that the postponement of which for more than 90 days would, in the judgement of the clinician, cause harm; the full suite of family planning services and procedures, newborn care, infant and pediatric vaccinations, and other preventive care, such as annual flu vaccinations, can continue.

#### Criteria for Resuming Non-Urgent Procedures

Until there is an effective vaccine, effective treatment, or herd immunity and until supply chains for PPE return to a more normal status, hospitals and LHJs will work together to maintain some level of surge capacity in our health care system and prudently use PPE so that we can keep health care workers safe and provide the needed health care to our communities. To this end, the following must be met by health care, dental and dental specialty facilities, practices, and practitioners:

- Exercise clinical judgment to determine the need to deliver a health care service, in the context of the broader health care and dental needs of patients and communities and in the context of the pandemic, and within the parameters of operation provided by the health care, dental or dental specialty facility, practice or practitioner setting in which they are providing services.
- Continuously monitor capacity in the system to ensure there are resources, including ventilators, beds, PPE, blood and blood products, pharmaceuticals, and trained staff available to combat any potential surges of COVID-19, participation, as required by Department of Health guidelines, with the WA HEALTH data reporting system to allow for a state-wide common operating perspective on resource availability.
- Follow Department of Health's current PPE conservation guidance, which will be regularly reviewed and updated by the Department of Health, as published on the Department of Health website at <https://www.doh.wa.gov/Emergencies/Coronavirus>. If the health care facility, practice or practitioner's PPE status deteriorates, adjustments to expansion of care will be required.
- Review infection prevention policies and procedures and update, as necessary, to reflect current best practice guidelines for universal precautions.
- Develop a formal employee feedback process to obtain direct input regarding care delivery processes, PPE, and technology availability related to expansion of care.
- Appropriately use telemedicine. Appropriate use of telemedicine will facilitate access to care while helping minimize the spread of the virus to other patients and/or health care workers.
- Use on-site fever screening and self-reporting of COVID-19 symptom screening for all patients, visitors and staff prior to (the preferred approach), or immediately upon, entering a facility or practice.
- For clinical procedures and surgeries, develop and implement setting-appropriate, pre- procedure COVID-19 testing protocols that are based on availability, Department of Health guidance, if any, and/or relevant and reputable professional clinical sources and research.
- Implement policies for non-punitive sick leave that adhere to U.S. Centers for Disease Control and Prevention (CDC) return-to-work guidance.
- Post signage that strongly encourages staff, visitors and patients to practice frequent hand hygiene with soap and water or hand sanitizer, avoid touching their face, and practice cough etiquette.
- Maintain strict social distancing in patient scheduling, check-in processes, positioning and movement within a facility. Set up waiting rooms and patient care areas to facilitate patients, visitors and staff to maintain  $\geq 6$  feet of distance between them whenever possible, consider rooming patients directly from cars or parking lots, space out appointments, and consider scheduling or spatially separating well visits from sick visits.
- Limit visitors to those essential for the patient's well-being and care. Visitors should be screened for symptoms prior to entering a health care facility and ideally telephonically prior to arriving. Visitors who are able should wear a mask or other appropriate face covering at all times while in the health care facility as part of universal source control.

- Ambulatory patients, who are able and when consistent with the care being received, should wear a mask or other appropriate face covering at all times while in the health care facility as part of universal source control.
- Frequently clean and disinfect high-touch surfaces regularly using an EPA-registered disinfectant.
- Identify and implement strategies for addressing employees who have had unprotected exposures to COVID-19 positive patients, are symptomatic, or ill, which should include requiring COVID-19 positive employees to stay at home while infectious, and potentially restricting employees who were directly exposed to the COVID-19 positive employee. Timely notification of employees with potential COVID-19 exposure and appropriate testing of employees who are symptomatic should be a component of these strategies. Follow CDC cleaning guidelines to deep clean after reports of an employee with suspected or confirmed COVID-19 illness. This may involve the closure of the business until the location can be properly disinfected.
- Educate patients about COVID-19 in a language they best understand. The education should include the signs, symptoms, and risk factors associated with COVID-19 and how to prevent its spread.
- Follow requirements in Governor Inslee’s Proclamation 20-46 - *High-Risk Employees – Workers’ Rights*.

**ADDITIONALLY**, for purposes of this Proclamation, evaluation of “harm” is the same as described in the May 7, 2020, Updated Interpretive Statement related to Proclamation 20-24, and is repeated here: The decision to perform any surgery or procedure in hospitals, ambulatory surgical facilities, dental, orthodontic, and endodontic offices, including examples of those that could be delayed should be weighed against the following criteria when considering potential harm to a patient’s health and well-being:

- Expected advancement of disease process
- Possibility that delay results in more complex future surgery or treatment
- Increased loss of function
- Continuing or worsening of significant or severe pain
- Deterioration of the patient’s condition or overall health
- Delay would be expected to result in a less-positive ultimate medical or surgical outcome
- Leaving a condition untreated could render the patient more vulnerable to COVID-19 contraction, or resultant disease morbidity and/or mortality
- Non-surgical alternatives are not available or appropriate per current standards of care
- Patient’s co-morbidities or risk factors for morbidity or mortality, if inflicted with COVID-19 after procedure is performed

Furthermore, diagnostic imaging, diagnostic procedures or testing should continue in all settings based on clinical judgement that uses the same definition of harm and criteria as listed above.

**ADDITIONALLY**, when making health system care capacity decisions, health care, dental and dental specialty facilities, practices, and practitioners must, in addition to the above, consider 1) the level and trending of COVID-19 infections in the relevant geography, 2) the availability of appropriate PPE, 3) collaborative activities with relevant emergency preparedness organizations and/or LHJ, 4) surge capacity of the hospital/care setting, and 5) the availability of appropriate post- discharge options addressing transitions of care.

**ADDITIONALLY**, given the geographic diversity of Washington, the variability in COVID-19 disease burden within the state, and health care system capabilities and capacity, no uniform approach to expanding access to care is possible nor would any such approach be effective or wise. It is essential that health care system participants act with good judgment within the context of their patients’ needs, their environment, and their capabilities and capacity.

This Proclamation is retroactive to 11:59 PM on May 17, 2020, and shall remain in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded, or until this order is amended or rescinded, whichever occurs first.

Violators of this order may be subject to penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 18th day of May, A.D., Two Thousand and Twenty at Olympia, Washington.

**NOW, THEREFORE,** I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-28, 20-28.1, 20-28.2, 20-28.3 are amended to recognize the extension of the statutory waiver and suspension of RCW 42.56.520(1) by the leadership of the Washington State Senate and House of Representatives until 11:59 p.m. on June 17, 2020 as described below.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE,** based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows:

Any public agency, subject to RCW 42.30, is prohibited from conducting any meeting, subject to RCW 42.30 unless (a) the meeting is not conducted in- person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time.

Remote meeting resources include the Department of Enterprise Services Master Contract for teleconferencing and web-based meeting platforms, which can be found here:

Other resources can be found online by searching for free conference call services and for other e-based meeting services. Additional guidance for remote meetings may be found on at the Municipal Research and Services Center (MRSC, [www.mrsc.org](http://www.mrsc.org)).

**FURTHERMORE,** based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on June 17, 2020:

- RCW 42.30.030 – the following words only:  
“and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this chapter”
- RCW 42.30.040 – in its entirety; however, agencies are strongly encouraged to utilize a remote meeting option that complies, to the greatest extent possible, with this statute

- RCW 42.30.070 – as to the following word only: the first usage of “site” - in the fourth sentence

“Notice of any change from such meeting schedule shall be published in the state register for distribution at least twenty days prior to the rescheduled meeting date.”
- RCW 42.30.080(2)(c) – as to the following words only:  
“Prominently displayed at the main entrance of the agency's principal location and the meeting site if it is not held at the agency's principal location.”

- RCW 42.30.090 – as to the following words only:  
“on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held.”

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I find that RCW 42.56, as applied to all public agencies statewide involves the conduct of state business and I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on June 17, 2020:

- RCW 42.56.080(2), as to the following words only:
  - “Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency.”
  - “in person during an agency’s normal office hours, or”
- RCW 42.56.090, as to the first sentence only

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-57, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, there are currently at least 20,764 cases of COVID-19 in Washington State with 1,106 associated deaths, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, the COVID-19 pandemic continues to cause a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our State's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, many of our workforce who have been impacted by these layoffs and substantially reduced work hours are suffering economic hardship that disproportionately affects low and moderate income workers resulting in lost wages that reduces their inability to pay for basic household expenses, including groceries and rent; and

**WHEREAS**, garnishment of CARES Act stimulus payments and unemployment payments to collect judgments for consumer debt, as authorized under RCW 6.27, would further reduce the ability of people impacted by the economic downturn to pay for basic household expenses, thereby increasing life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, state unemployment compensation and federal pandemic unemployment compensation payments under the CARES Act may be deposited directly into workers' bank accounts and are entitled to exemption from garnishment by statute and should remain protected from garnishment; and

**WHEREAS**, judgment creditors, directly or through others acting on their behalf, may initiate and pursue garnishments to collect judgments for consumer debt pursuant to RCW 6.27, and RCW 6.01.060(2) defines "consumer debt" as: "[A]ny obligation or alleged obligation of a consumer to pay money arising out of a transaction in which the money, property, insurance, or services which are the subject of the transaction are primarily for personal, family, or household purposes. Consumer debt includes medical debt"; and

**WHEREAS**, to prevent or reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay for basic household expenses as a result of the COVID-19 pandemic, I issued Proclamation 20-49 on April 14, 2020, to temporarily waive and suspend statutes and regulations related to the collection of judgments for consumer debt; and

**WHEREAS**, on May 14, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 21, 2020, whichever occurs first; and

**WHEREAS**, on May 21, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49.1 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 27, 2020, whichever occurs first; and

**WHEREAS**, on May 27, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49.1 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05, 20-49, 20-49.1, 20-49.2 and 20-49.3 are amended to (1) recognize the extension of statutory waivers and suspensions therein, as amended and indicated below, by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 PM on June 17, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 PM on June 17, 2020.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I amend Proclamations 20-49, 20-49.1, 20-49.2, and 20-49.3 to prevent garnishments of bank accounts to collect judgments for consumer debt and therefore, only the following statutory provisions specified below are hereby waived and suspended in their entirety, until 11:59 PM on June 17, 2020:

1. RCW 6.27.020(1) and (2)

5. RCW 6.27.110(1) and (2)
6. RCW 6.27.120(1)
7. RCW 6.27.130(1) and (3)

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, effective immediately and until 11:59 PM on June 17, 2020, I hereby amend Proclamations 20-49, 20-49.1, 20-49.2, and 20-49.3 to prohibit the waivers and suspensions listed above from being applied to any judgment creditor, directly or through others acting on their behalf, except for the garnishment of bank accounts to collect judgments for consumer debt as defined in RCW 6.01.060(2) only.

**WHEREAS**, on May 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, 20-52, and 20-52.1 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first; and

**WHEREAS**, on May 11, 2020, I issued Proclamation 20-52.1 acknowledging the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 9, 2020, whichever occurs first, and similarly extending the prohibitions and waivers and suspensions of rules therein; and

**WHEREAS**, on May 29, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, 20-52, and 20-52.1 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-06, 20-10, and 20-18, 20-52, and 20-52.1, it is also necessary for me to extend the waiver and suspension of rules therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05, 20-06, 20-10, 20-16, 20-17, 20-18, 20-52, and 20-52.1 are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on June 17, 2020, whichever occurs first, and (2) similarly extend the prohibitions and waiver and suspension of rules therein to 11:59 p.m. on June 17, 2020.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**20-25.4**

**Transition From “Stay Home – Stay Healthy” To “Safe Start – Stay Healthy” County-By-County Phased Reopening**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-57, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamations 20-25, 20-25.1, 20-25.2 and 20-25.3 (*Stay Home – Stay Healthy*), prohibiting all people in Washington State from leaving their homes except to participate in essential services or essential work and preventing all non-essential businesses in Washington State from conducting business, within the limitations therein; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, when I last amended the *Stay Home – Stay Healthy* order (Proclamation 20- 25.3) on May 4, 2020, there were approximately 15,462 cases of COVID-19 in Washington State with 841 deaths; and, now, as of May 31 2020, the Department of Health indicated that there have been 21,349 cases and 1,118 deaths, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, the health professionals and epidemiological modeling experts predict that although we have passed the peak of the first wave of COVID-19 in the State and we have made adequate progress as a state to modify some of the initial community mitigation efforts, the nature of COVID-19 viral transmission, including both asymptomatic and symptomatic spread as well as the relatively high infectious nature, suggests it is appropriate to slowly re-open Washington State only through a careful, phased, and science-based approach. Modelers continue to agree that fully relaxing social distancing measures will result in a sharp increase in the number of cases; and

**WHEREAS**, although the judicial system, an essential service, has undergone significant disruption and modification to operate safely during this crisis, and by order of the Supreme Court has delayed most jury trials in criminal and civil matters, in-person proceedings are necessary in many circumstances, and the judicial system is currently working with health officials to innovate and plan for the safe resumption of jury trials and other court services including at offsite facilities; and the efforts undertaken to innovate and plan are equally essential to the resumption of our judicial system, and should be conducted remotely if possible but otherwise may be conducted in person if appropriate physical distancing and protective measures are in place; and

**WHEREAS**, this unprecedented health crisis has caused extraordinary anxiety and a significant disruption of routine and important activities for every Washingtonian; and I recognize the extraordinary resiliency, strength, adaptability, and courage of every Washingtonian during this difficult time; and

**WHEREAS**, many people in Washington State attend religious services on a regular basis, making such services a vital part of the spiritual and mental health of our community, and previous guidance issued related to remote services, drive-in services, counseling, outdoor services, and Phase 2 indoor services, all subject to restrictions outlined in those guidance documents, remain in place and may be further expanded or modified as the science and data support; and

**WHEREAS**, the science also suggests that by ensuring safe social distancing and hygiene practices, many business activities can be conducted with limited exposure to customers, which is important to revitalizing Washington State’s economy, restoring jobs, and providing necessary goods and services; and

**WHEREAS**, in Proclamation 20-25.3 I established an initial four-phased approach to reopening Washington State; and, while all

counties started in Phase I on May 4, 2020, a total of 28 counties are now either in or eligible to apply for Phase 2; and

**WHEREAS**, the Washington State Department of Health’s data and modeling demonstrate that many counties have significantly reduced or eliminated the number of new COVID-19 cases sufficiently to enable those counties to control and respond to virus outbreaks within the capacity of existing local and regional health care systems without significant increased risk of being overwhelmed, and this data supports providing all counties with an opportunity to lift some restrictions, subject to certain conditions and requirements; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (*Stay Home – Stay Healthy*) are amended to extend all of the prohibitions and each expiration date therein to 11:59 p.m. on July 1, 2020, and are renamed (*Safe Start – Stay Healthy*), and that except as otherwise provided in this order or the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), all other provisions of Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 shall remain in full force and effect.

**FURTHERMORE**, in collaboration with the Washington State Department of Health, and based on analysis of the data and epidemiological modeling, I hereby order that, beginning on June 1, 2020, the *Safe Start Washington Phased Reopening Plan* will be applied on a county-by-county basis, and will allow any county that has been in Phase 1 or 2 for three weeks to apply to the Secretary of Health to move in whole or in part to the next phase; and further, the application process will include target metrics (intended to be applied as “targets” and not hard-line measures) set by the Secretary of Health, and the application must be submitted by the County Executive, or, in the absence of a County Executive, with the approval of the County Council or Commission, in accordance with the instructions provided by the Secretary of Health; and

**FURTHERMORE**, in evaluating any application to move forward, the Secretary of Health may approve a county moving in whole to the next phase, or may only approve certain activities moving to the next phase; and

**FURTHERMORE**, until there is an effective vaccine, effective treatment or herd immunity, it is crucial to maintain some level of community interventions to suppress the spread of COVID-19 throughout all phases of recovery; and, therefore, throughout all phases, individuals should continue to engage in personal protective behaviors including: practice physical distancing, staying at least six feet away from other people; wear cloth face coverings in public places when not eating or drinking; stay home if sick; avoid others who are sick; wash hands frequently; cover coughs and sneezes; avoid touching eyes, nose and mouth with unwashed hands; and disinfect surfaces and objects regularly; and

**FURTHERMORE**, I hereby order, in addition to other requirements detailed in the *Safe Start Washington Phased Reopening Plan*, that, beginning on June 8, 2020, when on the job, all employees must wear a facial covering except when working alone or when the job has no in-person interaction as detailed in the *Safe Start Washington Phased Reopening Plan*; and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection; and

**FURTHERMORE**, I continue to permit the low-risk activities previously permitted as reflected or clarified in formal guidance documents [here](#), and which may be updated or modified as the science and data supports; and

**FURTHERMORE**, in collaboration with the Washington State Department of Health, in furtherance of the physical, mental, and economic well-being of all Washingtonians, I will continue to analyze the data and epidemiological modeling and adjust the *Safe Start Washington Phased Reopening Plan* accordingly.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

All persons are again reminded that no credentialing program or requirement applies to any activities or operations under this Proclamation.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing and other protective measures while engaging in this phased reopening, I may be forced to reinstate the prohibitions established in earlier proclamations.

This order goes into effect on June 1, 2020, and expires at 11:59 pm on July 1, 2020.

Signed and sealed with the official seal of the state of Washington on this 31st day of May, A.D., Two Thousand and Twenty at Olympia, Washington.

**PROCLAMATION BY THE GOVERNOR  
EXTENDING AND AMENDING 20-05, 20-19, and 20-19.1**

**20-19.2  
Evictions and Related Housing Practices**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-57, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our state’s economic vitality, including severe impacts to the large number of small businesses that make Washington State’s economy thrive; and

**WHEREAS**, many of our workforce expected to be impacted by these layoffs and substantially reduced work hours are anticipated to suffer economic hardship that will disproportionately affect low and moderate income workers resulting in lost wages and potentially the inability to pay for basic household expenses, including rent; and

**WHEREAS**, the inability to pay rent by these members of our workforce increases the likelihood of eviction from their homes,

increasing the life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, tenants, residents, and renters who are not materially affected by COVID-19 should and must continue to pay rent, to avoid unnecessary and avoidable economic hardship to landlords, property owners, and property managers who are economically impacted by the COVID-19 pandemic; and

**WHEREAS**, under RCW 59.12 (Unlawful Detainer), RCW 59.18 (Residential Landlord Tenant Act), and RCW 59.20 (Manufactured/Mobile Home Landlord-Tenant Act) residents seeking to avoid default judgment in eviction hearings need to appear in court in order to avoid losing substantial rights to assert defenses or access legal and economic assistance; and

**WHEREAS**, on May 28, 2020, in response to the COVID-19 pandemic, the Washington Supreme Court issued Amended Order No. 25700-B-625 and ordered that courts should begin to hear non-emergency civil matters. While appropriate and essential to the operation of our state justice system, the reopening of courts could lead to a wave of new eviction filings, hearings, and trials that risk overwhelming courts and resulting in a surge in eviction orders and corresponding housing loss statewide; and

**WHEREAS**, the Washington State Legislature has established a housing assistance program in RCW 43.185 pursuant to its findings in RCW 43.185.010 “that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs;” and

**WHEREAS**, it is critical to protect tenants and residents of traditional dwellings from homelessness, as well as those who have lawfully occupied or resided in less traditional dwelling situations for 14 days or more, whether or not documented in a lease, including but not limited to roommates who share a home; long-term care facilities; transient housing in hotels and motels; “Airbnbs”; motor homes; RVs; and camping areas; and

**WHEREAS**, a temporary moratorium on evictions and related actions throughout Washington State at this time will help reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay rent as a result of the COVID-19 pandemic; and

**WHEREAS**, a temporary moratorium on evictions and related actions will reduce housing instability, enable residents to stay in their homes unless conducting essential activities or employment in essential business services, and promote public health and safety by reducing the progression of COVID-19 in Washington State; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05, 20-19, and 20-19.1 are amended to temporarily prohibit residential evictions and temporarily impose other related prohibitions statewide until 11:59 p.m. on August 1, 2020, as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, effective immediately and until 11:59 p.m. on August 1, 2020, I hereby prohibit the following activities related to residential dwellings and commercial rental properties in Washington State:

- Landlords, property owners, and property managers are prohibited from serving or enforcing, or threatening to serve or enforce, any notice requiring a resident to vacate any dwelling or parcel of land occupied as a dwelling, including but not limited to an eviction notice, notice to pay or vacate, notice of unlawful detainer, notice of termination of rental, or notice to comply or vacate. This prohibition applies to tenancies or other housing arrangements that have expired or that will expire during the effective period of this Proclamation. This prohibition applies unless the landlord, property owner, or property manager (a) attaches an affidavit attesting that the action is necessary to respond to a significant and immediate risk to the health, safety, or property of others created by the resident; or (b) provides at least 60 days' written notice of intent to (i) personally occupy the premises as a primary residence, or (ii) sell the property.
- Landlords, property owners, and property managers are prohibited from seeking or enforcing, or threatening to seek or enforce, judicial eviction orders involving any dwelling or parcel of land occupied as a dwelling, unless the landlord, property owner, or property manager (a) attaches an affidavit attesting that the action is necessary to respond to a significant and immediate risk to the health, safety, or property of others created by the resident; or (b) shows that at least 60 days' written notice were provided of intent to (i) personally occupy the premises as a primary residence, or (ii) sell the property.
- Local law enforcement are prohibited from serving, threatening to serve, or otherwise acting on eviction orders affecting any dwelling or parcel of land occupied as a dwelling, unless the

eviction order clearly states that it was issued based on a court's finding that (a) the individual(s) named in the eviction order is creating a significant and immediate risk to the health, safety, or property of others; or (b) at least 60 days' written notice were provided of intent to (i) personally occupy the premises as a primary residence, or (ii) sell the property.

- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, late fees for the non-payment or late payment of rent or other charges related to a dwelling or parcel of land occupied as a dwelling, and where such non-payment or late payment occurred on or after February 29, 2020, the date when a State of Emergency was proclaimed in all counties in Washington State.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, rent or other charges related to a dwelling or parcel of land occupied as a dwelling for any period during which the resident's access to, or occupancy of, such dwelling was prevented as a result of the COVID-19 outbreak.
- Except as provided in this paragraph, landlords, property owners, and property managers are prohibited from treating any unpaid rent or other charges related to a dwelling or parcel of land occupied as a dwelling as an enforceable debt or obligation that is owing or collectable, where such non-payment was as a result of the COVID-19 outbreak and occurred on or after February 29, 2020, and during the State of Emergency proclaimed in all counties in Washington State. This includes attempts to collect, or threats to collect, through a collection agency, by filing an unlawful detainer or other judicial action, withholding any portion of a security deposit, billing or invoicing, reporting to credit bureaus, or by any other means. **This prohibition does not apply to a landlord, property owner, or property manager who demonstrates by a preponderance of the evidence to a court that the resident was offered, and refused or failed to comply with, a re-payment plan that was reasonable based on the individual financial, health, and other circumstances of that resident; failure to provide a reasonable re-payment plan shall be a defense to any lawsuit or other attempts to collect.**
- Landlords, property owners, and property managers are prohibited from increasing, or threatening to increase, the rate of rent for any dwelling, parcel of land occupied as a dwelling. Except as provided below, this prohibition also applies to commercial rental property if the commercial tenant has been materially impacted by the COVID-19, whether personally impacted and is unable to work or whether the business itself was deemed non-essential pursuant to Proclamation 20-25 or otherwise lost staff or customers due to the COVID-19 outbreak. This prohibition does not apply to commercial rental property if rent increases were included in an existing lease agreement that was executed prior to February 29, 2020 (pre- COVID-19 state of emergency).
- Landlords, property owners, and property managers are prohibited from retaliating against individuals for invoking their rights or protections under Proclamations 20-19, 20-19.1, 20-19.2, or any other state or federal law providing rights or protections for residential dwellings. Nothing in this order prevents a landlord from seeking to engage in reasonable communications with tenants to explore re-payment plans in accordance with this order.

Terminology used in these prohibitions shall be understood by reference to Washington law, including but not limited to RCW

49.60, RCW 59.12, RCW 59.18, and RCW 59.20. For purposes of this Proclamation, a “significant and immediate risk to the health, safety, or property of others created by the resident” (a) is one that is described with particularity, and cannot be established on the basis of the resident’s own health condition or disability; (b) excludes the situation in which a resident who may have been exposed to, or contracted, the COVID-19, or is following Department of Health guidelines regarding isolation or quarantine; and (c) excludes circumstances that are not urgent in nature, such as conditions that were known or knowable to the landlord, property owner, or property manager pre-COVID-19 but regarding which that entity took no action.

**FURTHERMORE**, it is the intent of this order to prevent a potential new devastating impact of the COVID-19 outbreak – that is, a wave of statewide homelessness that will impact every community in our State. To that end, this order further acknowledges, applauds, and reflects gratitude to the immeasurable contribution to the health and well-being of our communities and families made by the landlords, property owners, and property managers subject to this order.

**ADDITIONALLY**, I want to thank the vast majority of tenants who have continued to pay what they can, as soon as they can, to help support the people and the system that are supporting them through this crisis. The intent of Proclamation 20-19, and all amendments and extensions thereto, is to provide relief to those individuals who have been impacted by the COVID-19 crisis. I strongly encourage landlords and tenants to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions that all parties will need in order to overcome the severe challenges that COVID-19 has imposed for landlords and tenants alike.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 2nd day of June, A.D., Two Thousand and Twenty at Olympia, Washington.

AMENDING PROCLAMATIONS 20-05 AND 20-46**

High-Risk Employees – Workers’ Rights**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in the state of Washington; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-57, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout the state of Washington, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the Centers for Disease Control and Prevention reports that groups at higher risk of severe illness or death from COVID-19 are those over 65 years of age, and people of any age who have certain chronic underlying health conditions; and

**WHEREAS**, the threat of severe illness and death from COVID-19 to Washington State’s public and private sector workers who are in these higher-risk groups is recognized, and action must be taken to protect them from working conditions that require them to be placed in situations where they may be exposed to infection by the virus that causes the COVID-19 disease; and

**WHEREAS**, during this critical period of virus spread throughout our state, public and private sector workers in these high-risk groups must have access to accommodations to prevent greater risk of contracting COVID-19, and these decisions cannot be left solely to the employer; and

**WHEREAS**, to protect our public and private sector workers in these high-risk categories from the significant life, health and safety risks of the COVID-19 disease, it is necessary that employers seek any and all options for alternative work arrangements and that these workers are protected from job displacement, loss of employment benefits, and any requirement that they use personal accrued leave before applying for any available unemployment benefits; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people, as well as the state economy, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues to coordinate resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues to coordinate with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim: that a State of Emergency continues to exist in all counties of Washington State; that Proclamation 20-05 and all amendments thereto remain in effect; and, that Proclamations 20-05 and 20-46 are amended, through the exercise of my prohibitory powers under RCW 43.06.220(1)(h), to continue to prevent all employers, public or private, from failing to provide accommodation to high-risk workers, as defined by the Centers for Disease Control and Prevention, that protects them from risk of exposure to the COVID-19 disease on the job. If an employer determines that alternative work arrangements are not feasible, the employer is prohibited from failing to permit an employee to utilize all available accrued leave options free from risk of adverse employment action.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, I hereby continue to prohibit all public and private employers in Washington State from taking any action that is inconsistent with practices related to high-risk employees, as described in Emergency Proclamation 20-46. This prohibition shall remain in effect until 11:59 PM on August 1, 2020, unless extended beyond that date.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace and to support implementation of the above prohibited activities by employers, I also hereby continue to prohibit all public and private employers in Washington State and labor unions representing employees in Washington State from applying or enforcing any employment contract provisions that contradict or otherwise interfere with the above prohibitions and the intent of this Proclamation as described herein until 11:59 PM on August 1, 2020, unless extended beyond that date.

**To the greatest extent possible**, all prohibitions in this Proclamation shall be construed to protect employees from loss of their positions, loss of employment benefits, and retaliation for decisions made regarding whether and how to work for their employers pursuant to this Proclamation.

**This Proclamation shall not be construed** to prohibit employers from hiring temporary employees so long as it does not negatively impact permanent employees' rights under this Proclamation to return to their employment positions without any negative ramifications to their employment status by their employer.

**This Proclamation also shall not be construed** to prohibit employers from requiring employees who do not report to work under this Proclamation to give up to five days’ advance notice to employers of any decision to report to work or return to work under this Proclamation.

**This Proclamation also shall not be construed** to prohibit employers from taking employment action when no work reasonably exists, such as in a circumstance of a reduction in force, for a high-risk employee during this Proclamation. However, in the case that no work exists, employers shall not take action that may adversely impact an employee’s eligibility for unemployment benefits.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATIONS 20-05, 20-08, 20-09, and 20-09.1**

**20-09.2**

**Phased Reopening of K-12 Schools**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-57, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamations 20-25, 20-25.1, 20-25.2 and 20-25.3 (Stay Home – Stay Healthy), and 20-25.4 (Safe Start WA), all of which limit people in Washington State from leaving their homes except to participate in certain permitted activities; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, during early stages of the COVID-19 pandemic, health professionals and epidemiological modeling experts indicated that the spread of COVID-19, if left unchecked, threatened to overwhelm portions of Washington’s public and private health-care system;

**WHEREAS**, health professionals and epidemiological modeling experts indicated that continued operation of schools could increase the spread of COVID-19 throughout Washington and would increase the threat to our residents and our health system; and

**WHEREAS**, to counter the threat of COVID-19 spread posed by continued operation of schools, in Proclamations 20-08, 20-09, and 20-09.1, I prohibited public school districts, charter schools, and private schools from conducting in-person educational, recreational, and other K-12 school programs using school facilities, and also prohibited the Washington Center for Deaf and Hard of Hearing Youth, the Washington School for the Deaf, and the Washington State School for the Blind from conducting student educational and outreach services; and

**WHEREAS**, schools are the foundation of Washington’s communities, and in addition to traditional classroom education, schools provide a variety of vital services to students, families and communities that play a vital role in students’ ability to succeed, including academic supports, special education supports, health therapies, mental/behavioral supports, access to nutritious food, and other community services; and

**WHEREAS**, closing our schools has been stressful for all Washingtonians, and has been particularly difficult for children with heightened social, physical, developmental, or emotional needs, and those who rely on our schools to provide services, structure, and positive social interactions; and

**WHEREAS**, although parents, students, school teachers, and administrators have made tremendous efforts to continue to function through distance learning, and I recognize their extraordinary resilience, strength, adaptability, and courage, all agree that re-opening our schools and restarting face-to-face learning as soon as can be safely accomplished will benefit our children, families and communities; and

**WHEREAS**, although the Department of Health indicates that on June 1, 2020, there were 21,977 cases of COVID-19 in Washington State with 1,124 associated deaths and as of June 11, 2020, there currently are 24,652 cases of COVID-19 with 1,190 associated deaths, demonstrating the ongoing, present threat of this lethal disease, health professionals and epidemiological modeling experts predict that we have passed the peak of the first wave of COVID-19 in the state and we have made adequate progress against COVID-19 as a state to modify statewide closure of K-12 school facilities; and

**WHEREAS**, the nature of COVID-19 viral transmission, including both asymptomatic and symptomatic spread as well as the relatively high infectious nature, suggests it is appropriate to re-open schools only through a careful, phased, flexible, and science-based approach; and

**WHEREAS**, the science suggests that by ensuring safe social distancing and hygiene practices, and modifying procedures and facilities, many school functions can be conducted with limited risk of exposure and spread of COVID-19; and

**WHEREAS**, school programs, activities, and services offered during the summer generally involve fewer students than school-year programs, activities, and services, and accordingly are well-suited to operate with the modified procedures and facilities necessary for a safe opening; and

**WHEREAS**, all schools must engage in planning for fall programs, activities, and services, and they must do so well in advance of the fall; and

**WHEREAS**, schools will continue to need to prepare to be flexible to pivot in whole or in part to distance learning if there is an outbreak of COVID-19 in their county or within their school community and to follow guidance from the Department of Health, the Department of Labor and Industries, and the Superintendent of Public Instruction to help mitigate risk to students, teachers, and the community; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-08, 20-09, and 20-09.1 are amended to extend all of the prohibitions and each expiration date therein until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded, except as amended to allow re-opening as provided in this order and subject to the requirements in the *K-12 Schools Summer 2020 Guidance* document found [here](#) and the *Re-opening K-12 Fall 2020-2021 Guidance* document found [here](#).

**FURTHERMORE**, until there is an effective vaccine, effective treatment or herd immunity, it is crucial, and therefore ordered, that schools implement and require all personal protective behaviors set forth in the *K-12 Summer 2020 Services During the COVID-19 Outbreak* and the *COVID-19 School Worksite K-12 Fall 2020 Services* guidance documents.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

This order goes into effect on June 20, 2020, and will remain in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded, or until this order is amended or rescinded, whichever occurs first.

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, on March 13, 2020, in response to a Presidential Emergency Declaration issued to address the nationwide COVID-19 pandemic and pursuant to 49 CFR 390.23(a)(1)(i), the Federal Motor Carrier Safety Administration issued Emergency Declaration 2020-002, granting relief to motor carriers and drivers providing direct assistance in support of relief efforts related to the COVID-19 outbreaks from 49 CFR Parts 390 through 399 until April 12, 2020, to include relief from 49 CFR § 395, which has been adopted in Washington State pursuant to RCW 46.32.020 and WAC 446-65-010; and

**WHEREAS**, on March 18, 2020, the Federal Motor Carrier Safety Administration expanded Emergency Declaration 2020-002, providing hours-of-service regulatory relief to commercial vehicle drivers transporting emergency relief in response to the nationwide coronavirus (COVID-19) outbreak, by adding fuel and raw materials needed to manufacture essential supplies to the list of direct assistance in support of relief efforts related to the COVID-19 outbreaks; and

**WHEREAS**, on April 8, 2020, the Federal Motor Carrier Safety Administration extended the exemptions granted in Emergency Declaration 2020-002 from 49 CFR Parts 390 through 399 through May 15, 2020, and expanded its application to include liquefied

gases to be used in refrigeration or cooling systems, while also placing specific restrictions and limitations on its application; and

**WHEREAS**, on May 13, 2020, the Federal Motor Carrier Safety Administration again extended the exemptions in Emergency Declaration 2020-002 from 49 CFR Parts 390 through 399 through June 14, 2020, including its expanded applications and limitations; and

**WHEREAS**, on June 8, 2020, the Federal Motor Carrier Safety Administration again extended the exemptions in Emergency Declaration 2020-002 from 49 CFR Parts 390 through 399 through July 14, 2020, while reducing the categories of transportation covered by the exemptions to livestock feed, medical and pharmaceutical supplies related to COVID-19, and community and personal protective equipment materials related to COVID-19; and

**WHEREAS**, maintaining a steady supply of livestock feed, medical and pharmaceutical supplies related to COVID-19, and community and personal protective equipment materials related to COVID-19 continues to be essential to COVID-19 emergency relief efforts and public health and safety throughout the State; and

**WHEREAS**, the transportation industry continues to experience driver shortages, related in varying degrees to the closure of schools, continued virus exposures and infections, and the unavailability of childcare, and the significant increase in the demand for and shortages of many essential services and supplies throughout Washington State; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting State agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across State government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-22, 20-22.1, and 20-22.2, to include those exemptions from and limitations on the driver hours of service rules set forth in 49 CFR § 395, adopted pursuant to RCW 46.32.020 and WAC 446-65-010, and as modified by the June 8, 2020 order of the Federal Motor Carrier Safety Administration, are extended until 11:59 p.m. on July 14, 2020.

**FURTHERMORE**, to clarify application of the June 8, 2020, order of the Federal Motor Carrier Safety Administration, motor carriers and drivers of commercial motor vehicles in Washington State collecting or delivering the following goods are providing emergency relief during an emergency under 49 CFR § 390.23 and are providing direct assistance under the June 8, 2020, order of the Federal Motor Carrier Safety Administration, and, therefore, are exempt from application of the driver hours of service rules in 49 CFR § 395, adopted pursuant to RCW 46.32.020 and WAC 446-65-010 until 11:59 p.m. on July 14, 2020:

1. Livestock and livestock feed;
2. Medical supplies and equipment related to the testing, diagnosis and treatment of COVID-19; and;
3. Supplies and equipment necessary for community safety, sanitation, and prevention of community transmission of COVID-19 such as masks, gloves, hand sanitizer, soap and disinfectants.

The exemptions contained in this proclamation do not apply to routine commercial deliveries or to mixed loads with a nominal quantity of qualifying emergency relief added for the purpose of qualifying for such exemptions.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. 20-45, 20-45.1, and 20-45.2**

**20-45.3  
Protection Orders and Personal Service**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-57, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, which is causing an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to the closure of nonessential businesses; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the federal Center for Disease Control, and the State of Washington Department of Health, the Governor has issued amendatory Proclamations 20-25, 20-25.1, 20-25.2, 20-25.3, and 20-25.4 (“*Stay Home, Stay Healthy*” and “*Safe Start, Stay Healthy*”) restricting Washington residents’ movement outside their homes; and

**WHEREAS**, protection from harassment, violence, stalking, abuse, intimidation, and other forms of harm is a vital governmental function, as is protection from the COVID-19 pandemic, and public health agencies indicate that the COVID-19 pandemic and travel restrictions enacted in response to the COVID-19 pandemic will increase the need for various types of protection orders; and

**WHEREAS**, law enforcement agencies, advocates, and service providers nationally have reported an increase in domestic violence reports; and

**WHEREAS**, domestic violence survivors rely on protection orders for their immediate safety and peace of mind. Access to expedient court review, processing, and service of orders is essential to their safety, and perpetual litigation of protection orders creates additional danger for domestic violence survivors; and

**WHEREAS**, emergency protection orders mitigate the danger of domestic violence survivors’ efforts to separate from their abusers

and other situations with heightened risk of lethality, making access to emergency protection orders vital to public safety; and

**WHEREAS**, domestic violence survivors and other petitioners obtain emergency protection orders through the state's district, municipal, and superior civil court systems, making predictable, sustained, and consistent access to the court systems also vital to public safety; and

**WHEREAS**, current statutes limit courts' authority to utilize electronic alternatives to personal service of process; and

**WHEREAS**, changes to court access ordered by the judiciary based on proclamations issued by the Governor and directives from public health authorities, and other restrictions enacted in response to the COVID-19 pandemic, make access to Washington State courts extremely limited; and

**WHEREAS**, Washington State residents who are threatened or are experiencing violence, harassment, stalking, or abuse face obstacles and restrictions that hinder their ability to safely access the courts and obtain and extend protection orders during the COVID-19 pandemic; and

**WHEREAS**, we must take additional steps to preserve access to our courts, expeditious review and processing, particularly for emergency orders, timely service, and vigorous enforcement of civil protection orders for victims to preserve public safety; and

**WHEREAS**, on March 20, 2020, our Washington State Supreme Court directed courts to make use of available technology whenever possible to conduct judicial proceedings and court operations remotely, in order to continue to provide access to justice and to protect the health and safety of the public, court personnel, jurors, litigants, and witnesses; and

**WHEREAS**, in order to support courts in conducting essential court functions, proceedings, preliminary hearings, and full hearings, while at the same time implementing the social distancing measures necessary to limit the spread of COVID-19, it is necessary to suspend certain provisions of statutes related to protection orders to the extent they create barriers regarding the use of technology. In many cases, technology, including but not limited to video, audio and telephonic means, can be used to conduct judicial proceedings and court operations remotely, and to allow for remote appearances. Technology also provides the means to e-file documents; to allow service of process by law enforcement through text, email, or other social media; to enable the electronic exchange and authentication of documentary evidence; and to facilitate remote interpreting, remote reporting, and electronic recording to make the official records of actions or proceedings; and

**WHEREAS**, requiring personal service of process and in-person hearings for protection orders may pose a health risk and be impractical due to COVID-19; and

**WHEREAS**, with current technology, courts can modify operations to allow for telephonic and electronic filing of civil protection orders and telephonic and video participation in hearings to provide access without requiring in-person participation; and

**WHEREAS**, statutes currently require personal service of all pleadings and orders, except for service by mail or by publication under specific and very limited conditions, with prior court permission; and

**WHEREAS**, electronic means of service—by email or text message, or through social media applications—are readily available to law enforcement personnel and restrained parties. Electronic communications are instantaneous, inexpensive, and simple to document and preserve; and

**WHEREAS**, service by mail requires a petitioner to physically go to a post office and interact with another person to pay for and initiate a certified mailing, and service by publication is costly and time-consuming and is the least effective method of proving that a respondent had prior knowledge of an order for enforcement purposes; and

**WHEREAS**, personal service by law enforcement remains a priority for all protection orders (domestic violence, sexual assault, stalking, extreme risk, and others), particularly when the restrained person has been ordered to surrender weapons, when the restrained person needs to be vacated from a shared residence, for child custody transfers, or in other cases where public safety demands it; and

**WHEREAS**, waiving certain statutory requirements for personal service and certain statutory requirements for in-person hearings that may not be necessary or appropriate for the individual case will minimize personal contacts that could contribute to the spread of COVID-19; and

**WHEREAS**, on April 10, 2020, I issued Proclamation 20-45, waiving and suspending certain statutes; and

**WHEREAS**, all of the four members who comprise the leadership of the Washington State Senate and House of Representatives who are required to agree to extensions for certain emergency proclamations did not agree to extend all of the statutory waivers and suspensions set forth in Proclamation 20-45 as required by RCW 43.06.220(4), and the statutory waivers and extensions set forth in Proclamation 20-45 therefore expired at 11:59 p.m. on May 10, 2020; and

**WHEREAS**, on May 15, 2020, pursuant to the provisions of RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives agreed to amend, reinstate, and extend the statutory waivers and suspensions contained in Proclamation 20-45 as described herein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on June 15, 2020, whichever occurs first; and

**WHEREAS**, on May 18, 2020, I issued Proclamation 20-45.2 acknowledging the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on June 15, 2020, whichever occurs first, and making technical corrections to Proclamation 20-45.1; and

**WHEREAS**, on June 15, 2020, pursuant to the provisions of RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives agreed to amend, reinstate, and extend the statutory waivers and suspensions contained in Proclamation 20-45.2 as described herein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on July 1, 2020, whichever occurs first; and

**WHEREAS**, there are currently at least 26,158 cases of COVID-19 in Washington State with 1,221 associated deaths, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended and Proclamations 20-45, 20-45.1, and 20-45.2 are amended to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on July 1, 2020, whichever occurs first

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ADDITIONALLY**, while the purposes of this order continue to be to ensure access to justice for victims; to promote public safety and public health; and to relieve the severe strain on our judicial system and law enforcement officers during the COVID-19 crisis, nothing in the extension of this order prohibits the use of personal service, including in instances in which it is no longer required under statute. In matters where personal service is not employed, service must still be made, and should be made using

electronic/telephonic means of service with verification of receipt, such as by email, text message, facsimile or through social media applications. Furthermore, personal service is encouraged whenever possible, but in particular in all cases in which public safety demands personal service.

**ADDITIONALLY**, my office again acknowledges the extraordinary steps already taken by our Supreme Court to encourage or require telephonic and other remote hearings, online filing, and other approaches in order to prevent further outbreak of the virus while maintaining consistent and equitable access to justice. The extension of this Order is intended to complement, support, and further those efforts.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 16th day of June, A.D., Two Thousand and Twenty at Olympia, Washington.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-28 et seq., are amended to recognize the extension of the statutory waiver and suspension of RCW 42.56.520(1) by the leadership of the Washington State Senate and House of Representatives until 11:59 p.m. on July 1, 2020, as described below.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows:

Any public agency, subject to RCW 42.30, is prohibited from conducting any meeting, subject to RCW 42.30 unless (a) the meeting is not conducted in- person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time.

Remote meeting resources include the Department of Enterprise Services Master Contract for teleconferencing and web-based meeting platforms, which can be found here:

Other resources can be found online by searching for free conference call services and for other e-based meeting services. Additional guidance for remote meetings may be found on at the Municipal Research and Services Center (MRSC), [www.mrsc.org](http://www.mrsc.org).

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on July 1, 2020:

- RCW 42.30.030 – the following words only:  
“and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this chapter”
- RCW 42.30.040 – in its entirety; however, agencies are strongly encouraged to utilize a remote meeting option that complies, to the greatest extent possible, with this statute

- RCW 42.30.080(2)(c) – as to the following words only:  
“Prominently displayed at the main entrance of the agency's principal location and the meeting site if it is not held at the agency's

principal location.”

- RCW 42.30.090 – as to the following words only:  
“on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held.”

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I find that RCW 42.56, as applied to all public agencies statewide involves the conduct of state business and I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on July 1, 2020:

- RCW 42.56.080(2), as to the following words only:
  - “Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency.”
  - “in person during an agency’s normal office hours, or”
- RCW 42.56.090, as to the first sentence only

**WHEREAS**, the number of cases of COVID-19 in Washington State and the associated deaths continue to increase, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, the COVID-19 pandemic continues to cause a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our State's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, many of our workforce who have been impacted by these layoffs and substantially reduced work hours are suffering economic hardship that disproportionately affects low and moderate income workers resulting in lost wages that reduces their inability to pay for basic household expenses, including groceries and rent; and

**WHEREAS**, garnishment of CARES Act stimulus payments and unemployment payments to collect judgments for consumer debt, as authorized under RCW 6.27, would further reduce the ability of people impacted by the economic downturn to pay for basic household expenses, thereby increasing life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

Consumer debt includes medical debt"; and

**WHEREAS**, to prevent or reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay for basic household expenses as a result of the COVID-19 pandemic, I issued Proclamation 20-49 on April 14, 2020, to temporarily waive and suspend statutes and regulations related to the collection of judgments for consumer debt; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20- 59, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamations 20- 25, et seq., prohibiting all people in Washington State from leaving their homes except to participate in certain permitted activities, within the limitations therein; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person, which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, during early stages of the COVID-19 pandemic, health professionals and epidemiological modeling experts indicated that the spread of COVID-19, if left unchecked, threatened to overwhelm portions of Washington’s public and private health-care system; and

**WHEREAS**, health professionals and epidemiological modeling experts indicated that continued normal operation of public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs could increase the spread of COVID-19 throughout Washington and would increase the threat to our residents and our health system; and

**WHEREAS**, many public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs recognized the risk of continued in-person classes and unilaterally moved to remote instruction or implemented alternative learning options to address physical distancing recommendations; and

**WHEREAS**, on March 13, 2020, I issued Proclamation 20-12 prohibiting public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs from conducting in-person classroom instruction and lectures related to all educational and apprenticeship related programs; and

**WHEREAS**, the prohibitions in Proclamation 20-12 expired on April 24, 2020, but public and private universities, colleges,

technical schools, apprenticeship programs, and similar schools and programs have remained in modified operation, including remote learning and certain programs for essential workers; and

**WHEREAS**, Washington's public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs are an important part of our economy and are vital to the educational, social, and economic needs of Washingtonians; and

**WHEREAS**, using remote learning to replace most classroom instruction creates challenges to access for many Washingtonians; and

**WHEREAS**, the progression of COVID-19 in Washington State shows racial disparities in health impacts which are likely to increase racial disparities in access and success in post- secondary education requiring the State and all of our campuses and programs to understand how these challenges affect our students and to work to minimize these impacts; and

**WHEREAS**, although public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs have made tremendous efforts to continue to function through remote learning, returning to campus and these facilities as soon as can be safely accomplished will benefit Washington; and

**WHEREAS**, although the Department of Health indicates that COVID-19 is an ongoing, present threat in Washington State, health professionals and epidemiological modeling experts predict that we have made adequate progress against COVID-19 to plan for a return to campus at our public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs in fall 2020; and

**WHEREAS**, the nature of COVID-19 viral transmission, including both asymptomatic and symptomatic spread as well as the relatively high infectious nature, suggests it is appropriate to physically return to campus and programs at public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs only through a science- based approach that incorporates safety, sanitation, and physical distancing guidelines; and

**WHEREAS**, public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs need sufficient time to prepare to restart in-person instruction and to provide information to students, family, faculty and employees regarding the measures taken to provide a safe learning environment; and

**WHEREAS**, public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs will continue to need to prepare to be flexible to pivot in whole or in part to remote learning if there is an outbreak of COVID-19 in their county or within their educational community;

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Department of Health indicates that cases of COVID-19 in Washington State and associated deaths continue to increase, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-05 and 20-25, et seq., (as otherwise amended) continue in effect except as amended herein, to allow for a physical return to campuses and programs at public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs in fall 2020 provided certain requirements are and continue to be satisfied.

**FURTHERMORE**, until there is an effective vaccine, effective treatment or herd immunity, it is crucial, and therefore ordered, that beginning on August 1, 2020, public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs may resume general instruction, to include in-person classroom instruction, lectures and similar educational gatherings, only if they implement, follow, and enforce the requirements specified below. **NOTE: These requirements are specific to general instruction at public or private higher education facilities regardless of what phase or county they are in. Higher education facilities in counties in Phase 1 or modified Phase 1 may need to implement additional precautions. The local health department shall determine, in consultation with the state health department, if or how the facilities in these counties can operate.**

#### CAMPUS SAFETY

- Adhere to all federal, state and local public health and workplace safety requirements;
- Develop comprehensive plans (“Safe Back to School Plan”) based on the [Campus Reopening Guide](#) prepared by the Higher Education Re-Opening Work Group. The plan must meet all standards for reopening in accordance with federal, state and local health requirements (to include *Safe Start* proclamations and guidance), and make available a copy of these plans at each location on campus;
- Follow state return to work guidance to include allowing work from home for operations able to be performed remotely;
- Maintain minimum physical distancing whenever possible of six feet between all on- campus personnel, including with visitors, and where physical distancing cannot be maintained, implement administrative or engineering controls to minimize exposure;
- Implement and maintain frequent and adequate hand washing policies and include adequate maintenance of supplies;
- Use disposable gloves and other Personal Protective Equipment (PPE) where safe and applicable to prevent transmission on shared items;
- Implement and maintain adequate sanitization of high-touch surfaces and shared resources (e.g., doorknobs, elevators, vending machines, points of sales);
- Implement and maintain a self-certification program through which students and personnel are asked to self-certify that they have experienced no COVID-19 symptoms since last visit to campus facility;
- Require that students and personnel stay home and seek medical or local public health guidance if they are experiencing any known symptoms and to remain isolated until diagnosis and next steps are clear;
- Require that students and personnel self-quarantine or isolate per local public health guidelines if they are confirmed to have COVID-19 or have been exposed to confirmed case;
- Refer to guidance from the Washington State Department of Health: <https://www.doh.wa.gov/Portals/1/Documents/1600/coronavirus/COVIDexposed.pdf>;
- Develop response protocols for students, personnel, and visitors reporting symptoms and/or are confirmed to have COVID-19;
- Avoid non-essential travel by school personnel and self-quarantine per local public health and worker safety guidelines after any high-risk travel as defined by the CDC (e.g., international travel);
- Follow state reopening guidelines for travel;
- Follow state guidelines for logging onsite personnel by, to the extent feasible, implementing a program to log students, personnel, and visitors;
- Provide contact information to all students/personnel to report concerns and/or potential violations of the Safe Back-to-School Plan;
- Regularly self-monitor and update the Safe Back-to-School Plan;
- Communicate the Safe Back-to-School Plan to all students and personnel including any future modifications; and
- Designate specific spaces for isolating campus personnel who live on campus and/or residential students as needed (e.g. specific building campus personnel and/or students can quarantine in).

#### STUDENT AND PERSONNEL SUPPORT

- Adhere to state and federal law for health and workplace safety during COVID-19 including state "Safe Start" guidance and State Department of Labor & Industries guidelines;
- Provide students and personnel with PPE such as gloves, goggles, face shields, and/or masks as appropriate or required for students/personnel not working alone (e.g. any public-facing job and/or those whose responsibility includes operating within physical distancing limits of six feet), and shut down or suspend any activity if PPE cannot be provided;
- Note: Follow WA Labor and Industries guidelines for masks: <https://www.lni.wa.gov/forms-publications/F414-168-000.pdf>;
- Identify available alternative arrangements for students and personnel upon requests or refusals to work due to concerns related

to campus safety. Priority should be given for students/personnel who are considered high-risk or vulnerable as defined by public health officials; following state guidelines (to include *Safe Start* guidance) for COVID-19 scenarios and benefits; and

- Educate students and personnel on symptom detection, sources of high risk to COVID- 19, prevention measures, and leave benefits/policies (e.g., UI for personnel that need to self-quarantine); following any education requirements for employers per state COVID- 19 *Safe Start* plan.

VISITOR EXPECTATIONS

- Limit or prohibit visitors; and
- Post visible entry point signage for students, personnel, and visitors describing shared on- campus responsibilities, to include guidance regarding proper hygiene and sanitization, physical distancing and PPE guidance, staying home if feeling sick, information on how and when to report concerns, and other information as appropriate or required.

FOOD SERVICES

- Follow Washington State reopening guidelines for restaurants;
- Enforce capacity limits (e.g., enforced at point of entry with clickers);
- Maintain physical distancing of six feet;
- Implement floor markings to promote physical distancing;
- Post signs to remind students/personnel of physical distancing, PPE requirements, and to use hand sanitizer;
- Complete routine sanitization of high-touch surfaces and shared resources (e.g., door handles, points of sales);
- Restrict cash payments; allow payments only by card or contactless; and
- Require all patrons to wear cloth face coverings except while eating.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**Department of Transportation – Annual Updates to Transportation Improvement Plans**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State of as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53, and 20-55 through 20-60, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamation 20-25 as amended, *Safe Start – Stay Healthy*; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person, which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, RCW 35.77.010 requires all cities and towns to adopt a comprehensive Transportation Improvement Plan (TIP) covering the ensuing six years, and requires cities and towns to adopt annual updates to their TIPs no later than July 1 of each year; and

**WHEREAS**, the process of adopting an update to a TIP requires public hearings, significant municipal staff time, and municipal resources, all of which are significantly impacted by the COVID-19 pandemic; and

**WHEREAS**, due to the COVID-19 pandemic, cities and towns are facing staffing shortages and unprecedented revenue shortfalls, requiring re-evaluation of revenue projections and planned transportation improvements; and

**WHEREAS**, the Department of Transportation is responsible for receiving and tracking annual updates to TIPs, requiring staff time and resources; and

**WHEREAS**, the Department of Health indicates that cases of COVID-19 in Washington State and associated deaths continue to increase, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended to waive and suspend specified statutes that prevent, hinder or delay necessary action by requiring annual updates to Transportation Improvement Plans by July 1 of each year.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with the following statutory and regulatory obligations or limitations will risk reducing the availability of essential services and prevent, hinder, or delay the response to the COVID-19 pandemic State of Emergency under Proclamation 20-05, and that the portion or language of each statutory and regulatory provision specified below is hereby waived and suspended in its

entirety, except as otherwise provided herein, until 11:59 p.m. on July 30, 2020:

RCW 35.77.010(1), only the following language as indicated by strikethrough (for example “annually”) –

(1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first-class city derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan. The program shall include any new or enhanced bicycle or pedestrian facilities identified pursuant to RCW 36.70A.070(6) or other applicable changes that promote nonmotorized transit.

The program shall be filed with the secretary of transportation not more than thirty days after its adoption. Annually thereafter the legislative body of each city and town shall review the work accomplished under the program and determine current city transportation needs. Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive transportation program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue

to direct the DOH, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 30th day of June, A.D., Two Thousand and Twenty at Olympia, Washington.

AMENDING PROCLAMATIONS 20-05 and 20-25 et seq.**

**20-25.5**

**“Safe Start – Stay Healthy” County-By-County Phased Reopening**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-61, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, I issued Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (*Stay Home – Stay Healthy*), and I subsequently issued Proclamation 20-25.4 (*“Safe Start – Stay Healthy” County-By-County Phased Reopening*), wherein I amended and transitioned the previous proclamations’ requirements to *“Safe Start – Stay Healthy”* requirements, prohibiting all people in Washington State from leaving their homes except under certain circumstances and limitations based on a phased reopening of counties as established in Proclamation 20-25.4 and according to the phase each county was subsequently assigned by the Secretary of Health; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, when I issued the *Safe Start– Stay Healthy* order (Proclamation 20-25.4) on May 31, 2020, there were approximately 21,349 cases of COVID-19 in Washington State with 1,118 deaths; and, now, as of July 1, 2020, the Department of Health indicated that there have been 32,824 cases and 1,332 deaths, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, the health professionals and epidemiological modeling experts predict that although Washington State has passed the peak of the first wave of COVID-19 and has made adequate progress to modify some of the initial community mitigation efforts, the nature of COVID-19 viral transmission, including both asymptomatic and symptomatic spread as well as the relatively high infectious nature, suggests it is appropriate to slowly re-open Washington State only through a careful, phased, and science-based approach. Modelers continue to agree that fully relaxing social distancing measures will result in a sharp increase in the number of cases; and

**WHEREAS**, the United States Centers for Disease Control and Prevention recommends that, in addition to its recommendation to maintain six-feet of physical distance from non-household members and frequent hand washing with soap and water or alcohol-based hand sanitizer, people wear cloth face coverings when they are in public settings where they cannot reliably maintain six feet of distance from others at all times, given the substantial increase in the numbers of cases of COVID-19 infection, these precautions must be mandatory; and

**WHEREAS**, the science also suggests that by ensuring safe social distancing hygiene practices, and the use of cloth face coverings, many business and recreational activities can be conducted with limited exposure to customers, which is important to revitalizing Washington State’s economy, restoring jobs, and providing necessary goods and services; and

**WHEREAS**, the Washington State Department of Health’s data and modeling demonstrate that many counties have significantly reduced or eliminated the number of new COVID-19 cases sufficiently to enable those counties to control and respond to virus outbreaks within the capacity of existing local and regional health care systems without significant increased risk of being overwhelmed, and this data continues to support providing all counties with an opportunity to lift some restrictions, subject to certain conditions and requirements, including the use of cloth face coverings; and

**WHEREAS**, on June 8, 2020, I ordered all employees to wear a face covering when working, except when working alone or when the job involves no in-person interaction, as detailed in the *Safe Start Washington Phased Reopening Plan*; and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection as described in the Department of Labor & Industries’ COVID-19 workplace safety and health requirements; and

**WHEREAS**, on June 24, 2020, the Secretary of Health issued Order 20-03, effective June 26, 2020, requiring every individual in Washington state to wear a face covering that covers their nose and mouth when in any indoor or outdoor public setting, except under certain circumstances, which provides a minimum level of protection for Washingtonians when they are not at work where the Department of Labor & Industries’ face covering requirements apply; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-25, et seq., are amended to extend all of the prohibitions and each expiration date therein to 11:59 p.m. on July 9, 2020, and that except as otherwise provided in this order, the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), the *Order of the Secretary of Health 20-03*, issued on June 24, 2020, found [here](#), and all other provisions of Proclamations 20-25, et seq., shall remain in full force and effect.

**FURTHERMORE**, until there is an effective vaccine, effective treatment or herd immunity, it is crucial to continue to maintain some level of community interventions to suppress the spread of COVID-19 throughout all phases of recovery; and, therefore, throughout all phases, individuals should (or must, as noted below) continue to engage in personal protective behaviors including:

- practicing physical distancing, staying at least six feet away from other people;
- wearing cloth face coverings in public settings (required, with some exceptions, pursuant to *Order of the Secretary of Health 20-03*);
- staying home if sick;
- avoiding others who are sick;
- washing hands frequently;
- covering coughs and sneezes;
- avoiding touching eyes, nose and mouth with unwashed hands; and
- disinfecting surfaces and objects regularly; and

**FURTHERMORE**, I hereby incorporate a reference to the previously issued order requiring face coverings in the work place and further order, in addition to other requirements detailed in the *Safe Start Washington Phased Reopening Plan*, that:

While at work:

- No employee may work unless that employee wears a face covering when working, except when working alone or when the job involves no in-person interaction, as detailed in the *Safe Start Washington Phased Reopening Plan*; and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection as described in the Department of Labor & Industries' COVID-19 Workplace Safety and Health Requirements. These face covering requirements supersede the face covering requirements in *Order of the Secretary of Health 20-03* to the extent that they would apply to employees when working.

When not at work:

- As required by *Order of the Secretary of Health 20-03*, or as I otherwise direct, no individual who is not expressly exempted may appear in any indoor or outdoor public setting, including but not limited to, a business, without wearing a face covering.

Employers:

- No employer may operate, allow a customer to enter a business, conduct business, or employ employees unless the employer (a) cooperates with public health authorities in the investigation of cases, suspected cases, outbreaks, and suspected outbreaks of COVID-19; (b) cooperates with the implementation of infection control measures, including but not limited to isolation and quarantine and following the cleaning guidelines set by the CDC to deep clean and sanitize; (c) complies with all public health authority orders and directives; and (d) complies with all Department of Labor & Industries interpretive guidance, regulations, and rules and Department of Labor & Industries-administered statutes. Cooperation and compliance requirements are listed in the Reopening Plan.

**FURTHERMORE**, I continue to permit the low-risk activities previously permitted as reflected or clarified in formal guidance documents [here](#), and which may be updated or modified as the science and data supports; and

**FURTHERMORE**, in collaboration with the Washington State Department of Health, in furtherance of the physical, mental, and economic well-being of all Washingtonians, I will continue to analyze the data and epidemiological modeling and adjust the *Safe Start Washington Phased Reopening Plan* accordingly. Such adjustments may include, if necessary based on the data and science, delaying progress of any or all counties to a subsequent phase, or returning any or all counties to a prior phase.

**ADDITIONALLY**, in furtherance of these prohibitions and for general awareness:

1. Employers must comply with all conditions for operation required by the state Department of Labor & Industries, including interpretive guidance, regulations and rules, such as [WAC 296- 800-14035](#), and Department of Labor & Industries-administered statutes.
2. Everyone is required to cooperate with public health authorities in the investigation of cases, suspected cases, outbreaks, and suspected outbreaks of COVID-19 and with the implementation of infection control measures pursuant to State Board of Health rule in WAC 246-101-425.
3. All mandatory guidelines for businesses and activities, which remain in effect except as modified by this Proclamation and the *Order of the Secretary of Health 20-03*, may be found at the Governor’s Office [website](#), [COVID-19 Resources and Information](#), and at [COVID-19 Reopening Guidance for Businesses and Workers](#).

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

All persons are reminded again that no credentialing program or requirement applies to any activities or operations under this Proclamation.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing and other protective measures while engaging in this phased reopening, I may be forced to reinstate the prohibitions established in earlier proclamations.

This order goes into effect immediately, and remains in effect until it expires at 11:59 p.m. on July 9, 2020, or until this order is amended or rescinded, whichever occurs first.

Signed and sealed with the official seal of the state of Washington on this 1st day of July, A.D., Two Thousand and Twenty at Olympia, Washington.

**WHEREAS**, on May 12, 2020, I issued Proclamation 20-28.3 acknowledging the extension of the statutory waiver and suspension therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first, and similarly extending its prohibitions to May 31, 2020, as authorized by the leadership of the Washington State Senate and House of Representatives; and

**WHEREAS** on May 29, 2020, under the provisions of RCW 43.06.220(4), the statutory waiver and suspensions in Proclamation 20-28 et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020; and

**WHEREAS**, on May 29, 2020, I issued Proclamation 20-28.4 acknowledging the extension of the statutory waiver and suspension therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first, and similarly extending its prohibitions until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first; and

**WHEREAS** on June 17, 2020, under the provisions of RCW 43.06.220(4), the statutory waiver and suspensions in Proclamation 20-28 et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on July 1, 2020, whichever occurs first, which I acknowledged and similarly extended the prohibitions therein to until the termination of the COVID-19 State of Emergency or July 1, 2020, whichever occurs first, in Proclamation 20-28.5; and

**WHEREAS** on July 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waiver and suspensions in Proclamation 20-28 et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on July 7, 2020, whichever occurs first; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in

coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-28 et seq., are amended to recognize the extension of the statutory waiver and suspension of RCW 42.56.520(1) by the leadership of the Washington State Senate and House of Representatives until 11:59 p.m. on July 7, 2020, as described below.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows: Any public agency subject to RCW 42.30 is prohibited from conducting a public meeting subject to RCW 42.30 unless (a) the meeting is not conducted in-person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time.

As an exception to the above prohibition, public agencies holding public meetings in counties currently in Phase 3 of the *Safe Start Washington Phased Reopening County-by-County Plan* may, at their option and in addition to hosting the remote meeting elements described above, include an in-person component to a public meeting if all of the following requirements are followed:

- a) Compliance with all provisions of the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), including but not limited to the requirements that in-person gatherings are limited to 50 persons, and that all attendees are required to be separated by six feet;
- b) Compliance with all provisions of Proclamation 20-25 et seq. *Safe Start-Stay Healthy*,
- c) Compliance with the *Order of the Secretary of Health* 20-03;
- d) Notice of the physical location shall be included as required by RCW Chapter 42.30;
- e) If an in-person component public meeting is offered, any person wishing to attend the public meeting in person must be able to do so at a physical location meeting all requirements herein, either in a primary meeting location or an overflow physical location that provides the ability for all persons attending the meeting to hear each other at the same time; and
- f) If at any time during the public meeting the in-person component cannot comply with each of the requirements herein, the public meeting (to include the telephonic/remote access portions) must be adjourned, continued, or otherwise terminated. When compliance is restored, the meeting may resume.

Remote meeting resources include the Department of Enterprise Services Master Contract for teleconferencing and web-based meeting platforms, which can be found here:

Software Resellers (06016): <https://apps.des.wa.gov/DESContracts/Home/ContractSummary/06016> Cloud Solutions (05116): <https://apps.des.wa.gov/DESContracts/Home/ContractSummary/05116>

Other resources can be found online by searching for free conference call services and for other e-based meeting services. Additional guidance for remote meetings may be found on at the Municipal Research and Services Center (MRSC, [www.mrsc.org](http://www.mrsc.org)).

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that

strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on July 7, 2020:

- RCW 42.30.030 – the following words only:  
“and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this chapter”
- RCW 42.30.040 – in its entirety; however, agencies are strongly encouraged to utilize a remote meeting option that complies, to the greatest extent possible, with this statute
- RCW 42.30.050 – as to the following word only: “room” in the first sentence
- RCW 42.30.070 – as to the following word only: the first usage of “site” - in the fourth sentence
- RCW 42.30.075 – as to the following words only:  
“Notice of any change from such meeting schedule shall be published in the state register for distribution at least twenty days prior to the rescheduled meeting date.”
- RCW 42.30.080(2)(c) – as to the following words only:  
“Prominently displayed at the main entrance of the agency's principal location and the meeting site if it is not held at the agency's principal location.”
- RCW 42.30.090 – as to the following words only:  
“on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held.”

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I find that RCW 42.56, as applied to all public agencies statewide involves the conduct of state business and I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on July 7, 2020:

- RCW 42.56.080(2), as to the following words only:
  - “Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency.”
  - “in person during an agency's normal office hours, or”
- RCW 42.56.090, as to the first sentence only
- RCW 42.56.100, as to the following word only in the first sentence: “full”
- RCW 42.56.520(1), as to the following words only in the second sentence:
  - “Within five business days of receiving a public records request,”
  - This statutory suspension at 42.56.520(1) does not apply to requests for public records received by an agency electronically.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, the response to and impacts of the COVID-19 State of Emergency on many state agencies continues to significantly impact their ability to adequately staff and supply various administrative and operational activities, including the ability of the Washington State Department of Licensing to meet the demand for driver license and driver instruction permit renewal and application; and

**WHEREAS**, to reduce the risk of disease transmission to Department of Licensing employees and members of the public visiting its offices, on April 3, 2020, I issued Proclamation 20-41 waiving and suspending statutes necessary to temporarily extend the renewal date of personal and commercial driver licenses; and

**WHEREAS**, on April 30, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-41 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 9, 2020, whichever occurs first, and which I acknowledged in Proclamation 20-41.1; and

**WHEREAS**, on May 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-41 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first, and which I acknowledged in Proclamation 20-41.2; and

**WHEREAS**, on May 29, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-41 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first, and which I acknowledged in Proclamation 20-41.3; and

**WHEREAS**, on June 17, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-41 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or July 1, 2020, whichever occurs first, and which I acknowledged in Proclamation 20-41.4, which was amended to correct a technical error but otherwise unchanged in Proclamation 20-41.5; and

**WHEREAS**, on July 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-41 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or August 1, 2020, whichever occurs first; and

**WHEREAS**, approximately 21,500 driver instructional permits will expire in the next 90-day period and many will need to be renewed or extended, placing significant demand on the limited available resources of the Department of Licensing; and

**WHEREAS**, to assist the Department of Licensing to serve persons with or needing drivers instructional permits while reducing the risk of disease transmission to its employees and members of the public visiting its offices, it is necessary to waive and suspend certain statutory provisions that will allow it to temporarily extend the expiration of driver instructional permits; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public

peace; and

**WHEREAS**, the Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamations 20-05 and all amendments thereto remain in effect, and that Proclamations 20-41 et seq., are amended to recognize the extension of the statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Protection Orders and Personal Service**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-61, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, which is causing an economic downturn throughout Washington State with layoffs and reduced work hours for a significant percentage of our workforce due to the closure of nonessential businesses; and

**WHEREAS**, in response to the COVID-19 pandemic and consistent with directives from public health agencies such as the World Health Organization, the federal Center for Disease Control, and the State of Washington Department of Health, the Governor has issued amendatory Proclamations 20-25 et seq., *Safe Start, Stay Healthy* restricting Washington residents’ movement outside their homes; and

**WHEREAS**, protection from harassment, violence, stalking, abuse, intimidation, and other forms of harm is a vital governmental function, as is protection from the COVID-19 pandemic, and public health agencies indicate that the COVID-19 pandemic and travel restrictions enacted in response to the COVID-19 pandemic will increase the need for various types of protection orders; and

**WHEREAS**, law enforcement agencies, advocates, and service providers nationally have reported an increase in domestic violence reports; and

**WHEREAS**, domestic violence survivors rely on protection orders for their immediate safety and peace of mind. Access to expedient court review, processing, and service of orders is essential to their safety, and perpetual litigation of protection orders creates additional danger for domestic violence survivors; and

**WHEREAS**, emergency protection orders mitigate the danger of domestic violence survivors' efforts to separate from their abusers and other situations with heightened risk of lethality, making access to emergency protection orders vital to public safety; and

**WHEREAS**, domestic violence survivors and other petitioners obtain emergency protection orders through the state's district, municipal, and superior civil court systems, making predictable, sustained, and consistent access to the court systems also vital to public safety; and

**WHEREAS**, current statutes limit courts' authority to utilize electronic alternatives to personal service of process; and

**WHEREAS**, changes to court access ordered by the judiciary based on proclamations issued by the Governor and directives from public health authorities, and other restrictions enacted in response to the COVID-19 pandemic, make access to Washington State courts extremely limited; and

**WHEREAS**, Washington State residents who are threatened or are experiencing violence, harassment, stalking, or abuse face obstacles and restrictions that hinder their ability to safely access the courts and obtain and extend protection orders during the COVID-19 pandemic; and

**WHEREAS**, we must take additional steps to preserve access to our courts, expeditious review and processing, particularly for emergency orders, timely service, and vigorous enforcement of civil protection orders for victims to preserve public safety; and

**WHEREAS**, on March 20, 2020, our Washington State Supreme Court directed courts to make use of available technology whenever possible to conduct judicial proceedings and court operations remotely, in order to continue to provide access to justice and to protect the health and safety of the public, court personnel, jurors, litigants, and witnesses; and

**WHEREAS**, in order to support courts in conducting essential court functions, proceedings, preliminary hearings, and full hearings, while at the same time implementing the social distancing measures necessary to limit the spread of COVID-19, it is necessary to suspend certain provisions of statutes related to protection orders to the extent they create barriers regarding the use of technology. In many cases, technology, including but not limited to video, audio and telephonic means, can be used to conduct judicial proceedings and court operations remotely, and to allow for remote appearances. Technology also provides the means to e-file documents; to allow service of process by law enforcement through text, email, or other social media; to enable the electronic exchange and authentication of documentary evidence; and to facilitate remote interpreting, remote reporting, and electronic recording to make the official records of actions or proceedings; and

**WHEREAS**, requiring personal service of process and in-person hearings for protection orders may pose a health risk and be impractical due to COVID-19; and

**WHEREAS**, with current technology, courts can modify operations to allow for telephonic and electronic filing of civil protection orders and telephonic and video participation in hearings to provide access without requiring in-person participation; and

**WHEREAS**, statutes currently require personal service of all pleadings and orders, except for service by mail or by publication under specific and very limited conditions, with prior court permission; and

**WHEREAS**, electronic means of service—by email or text message, or through social media applications—are readily available to law enforcement personnel and restrained parties. Electronic communications are instantaneous, inexpensive, and simple to document and preserve; and

**WHEREAS**, service by mail requires a petitioner to physically go to a post office and interact with another person to pay for and initiate a certified mailing, and service by publication is costly and time consuming and is the least effective method of proving that a respondent had prior knowledge of an order for enforcement purposes; and

**WHEREAS**, personal service by law enforcement remains a priority for all protection orders (domestic violence, sexual assault, stalking, extreme risk, and others), particularly when the restrained person has been ordered to surrender weapons, when the restrained person needs to be vacated from a shared residence, for child custody transfers, or in other cases where public safety demands it; and

**WHEREAS**, waiving certain statutory requirements for personal service and certain statutory requirements for in-person hearings that may not be necessary or appropriate for the individual case will minimize personal contacts that could contribute to the spread of COVID-19; and

**WHEREAS**, on April 10, 2020, I issued Proclamation 20-45, waiving and suspending certain statutes; and

**WHEREAS**, all of the four members who comprise the leadership of the Washington State Senate and House of Representatives who are required to agree to extensions for certain emergency proclamations did not agree to extend all of the statutory waivers and suspensions set forth in Proclamation 20-45 as required by RCW 43.06.220(4), and the statutory waivers and extensions set forth in Proclamation 20-45 therefore expired at 11:59 p.m. on May 10, 2020; and

**WHEREAS**, on May 15, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-45 were reinstated and extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 15, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein until the termination of the COVID-19 State of Emergency or June 15, 2020 in Proclamation 20-45.1, which was restated to correct a technical issues but otherwise unchanged by Proclamation 20-45.2; and

**WHEREAS**, on June 15, 2020, pursuant to the provisions of RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives agreed to amend, reinstate, and extend the statutory waivers and suspensions contained in Proclamation 20-45 et seq. as described herein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on July 1, 2020, whichever occurs first; and

**WHEREAS**, on July 1, 2020, pursuant to the provisions of RCW 43.06.220(4), the leadership of the Washington State Senate and House of Representatives agreed to amend, reinstate, and extend the statutory waivers and suspensions contained in Proclamation 20-45 et seq. as described herein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05, as amended, remains in effect, and that Proclamation 20-05 is amended and Proclamations 20-45 et seq. are amended to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ADDITIONALLY**, while the purposes of this order continue to be to ensure access to justice for victims; to promote public safety and public health; and to relieve the severe strain on our judicial system and law enforcement officers during the COVID-19 crisis, nothing in the extension of this order prohibits the use of personal service, including in instances in which it is no longer required under statute. In matters where personal service is not employed, service must still be made, and should be made using electronic/telephonic means of service with verification of receipt, such as by email, text message, facsimile or through social media applications. Furthermore, personal service is encouraged whenever possible, but in particular in all cases in which public

safety demands personal service.

**ADDITIONALLY**, my office again acknowledges the extraordinary steps already taken by our Supreme Court to encourage or require telephonic and other remote hearings, online filing, and other approaches in order to prevent further outbreak of the virus while maintaining consistent and equitable access to justice. The extension of this Order is intended to complement, support, and further those efforts.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-61, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the response to and impacts of the COVID-19 State of Emergency on many state and local government agencies and offices has significantly impacted their ability to adequately staff and supply various administrative and operational activities, resulting in many agencies, including the Washington State Department of Licensing, conducting limited operations; and

**WHEREAS**, commercial drivers are critical to the transportation of essential goods in the supply chain throughout Washington State and are subject to federal and state regulations in obtaining, renewing, and retaining commercial driver licenses and permits;

**WHEREAS**, the Federal Motor Carrier Safety Administration (FMCSA) requires Commercial Driver License (CDL) and Commercial Learner Permit (CLP) holders to carry proof of a current medical examination and certification, and provide such proof to the Washington State Department of Licensing, and the FMCSA waived that requirement through September 30, 2020, for holders who have proof of a valid medical certification that was issued for a period of 90 days or longer that expired on or after March 1, 2020; and

**WHEREAS**, most CDL/CLP holders must obtain a new medical certification every two years, and there are approximately 16,500 CDL/CLP holders in Washington State with medical certificates expiring through June 30, 2020; and

**WHEREAS**, the FMCSA requires a CDL holder to at all times be physically present in the vehicle with a CLP holder, and the FMCSA waived that requirement, through September 30, 2020; and

**WHEREAS**, the FMCSA states that a CLP holder must wait at least fourteen days after initial issuance of the person's CLP before

taking a CDL skills examination, and the FMCSA has waived that requirement through September 30, 2020; and

**WHEREAS**, the FMCSA requires that a state not make the CLP valid for more than one year from the date of issuance without requiring the CLP holder to retake the general and endorsement knowledge tests and the FMCSA waives the requirement through September 30, 2020; and

**WHEREAS** the FMCSA mandates that a state require that, prior to renewal, a hazardous materials endorsements be subject to a Transportation Security Administration (TSA) security screening requirement, and the TSA granted an extension for those requirements from April 2, 2020, until July 1, 2020, which was recently extended to September 30, 2020; and

**WHEREAS**, the Department of Licensing administers RCW 46.25, the Uniform Commercial Driver's License Act, including the requirements that commercial drivers maintain a current medical certification, skill testing, and other renewal requirements within specified time frames, the enforcement of which is anticipated to reduce the number of available commercial truck drivers operating in Washington State during the COVID-19 pandemic, and

**WHEREAS**, to assist the Department of Licensing in addressing these issues, it is necessary to waive and suspend the requirement to carry a valid medical certification and other skill testing and renewal requirements for CDL and CLP holders to conform to the FMCSA waiver and to ensure that essential commercial drivers are available to continue to transport commercial goods in the essential supply chain during the COVID-19 pandemic; and

**WHEREAS**, the number of cases of COVID-19 and associated deaths continues to increase, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, on April 14, 2020, I issued Proclamation 20-48, waiving and suspending statutes and prohibiting certain activities relating to CDL and CLP holders; and

**WHEREAS**, on May 14, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-48 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first and which I acknowledged and similarly extended the prohibitions therein until the termination of the COVID-19 State of Emergency or May 31, 2020, in Proclamation 20-48.1; and

**WHEREAS**, on May 29, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamations 20-48 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first and similarly extending the prohibitions therein, and which I acknowledged and similarly extended the prohibitions therein to until the termination of the COVID- 19 State of Emergency or June 17, 2020, in Proclamation 20-48.2; and

**WHEREAS**, on June 17, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamations 20-48 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or July 1, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein to until the termination of the COVID-19 State of Emergency or July 1, 2020, in Proclamation 20-48.3; and

**WHEREAS**, on July 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamations 20-48 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or August 1, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-48 et seq., it is also necessary for me to extend the prohibitions therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health

in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a state of emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05, 20-48 et seq., are amended to (1) recognize the extension of statutory waiver and suspension therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first.

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20- 61, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, the number of cases of COVID-19 in Washington State and the associated deaths continue to increase, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, the COVID-19 pandemic continues to cause a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our

**WHEREAS**, many of our workforce who have been impacted by these layoffs and substantially reduced work hours are suffering economic hardship that disproportionately affects low and moderate income workers resulting in lost wages that reduces their inability to pay for basic household expenses, including groceries and rent; and

**WHEREAS**, garnishment of CARES Act stimulus payments and unemployment payments to collect judgments for consumer debt, as authorized under RCW 6.27, would further reduce the ability of people impacted by the economic downturn to pay for basic household expenses, thereby increasing life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, state unemployment compensation and federal pandemic unemployment compensation payments under the CARES Act may be deposited directly into workers' bank accounts and are entitled to exemption from garnishment by statute and should remain protected from garnishment; and

**WHEREAS**, judgment creditors, directly or through others acting on their behalf, may initiate and pursue garnishments to collect judgments for consumer debt pursuant to RCW 6.27, and RCW 6.01.060(2) defines "consumer debt" as: "[A]ny obligation or alleged obligation of a consumer to pay money arising out of a transaction in which the money, property, insurance, or services which are the subject of the transaction are primarily for personal, family, or household purposes. Consumer debt includes medical debt"; and

**WHEREAS**, to prevent or reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay for basic household expenses as a result of the COVID-19 pandemic, I issued Proclamation 20-49 on April 14, 2020, to temporarily waive and suspend statutes and regulations related to the collection of judgments for consumer debt; and

**WHEREAS**, on May 14, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 21, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein until the termination of the COVID-19 State of Emergency or May 21, 2020, in Proclamation 20-49.1; and

**WHEREAS**, on May 21, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 27, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein until the termination of the COVID-19 State of Emergency or May 27, 2020 in Proclamation 20-49.2; and

**WHEREAS**, on June 17, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or July 1, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein until the termination of the COVID-19 State of Emergency or July 1, 2020 in Proclamation 20-49.5; and

**WHEREAS**, on July 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or August 1, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-49 et seq., it is also necessary for me to extend the prohibitions therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health

of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-49, et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein, by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first.

**WHEREAS**, to fully extend Proclamations 20-06, 20-10, and 20-18, and 20-52 et seq. it is also necessary for me to extend the prohibitions and waivers and suspensions of rules therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency

Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05, 20-06, 20-10, 20-16, 20-17, 20-18, and 20-52 et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions and waiver and suspension of rules therein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on August 1, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. **WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-61, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic has caused a global economic slowdown and an economic downturn resulting in significant reductions in business activities and affecting the sources of revenue of Indian tribes with reservations located in Washington State;

and

**WHEREAS**, acting pursuant to authority granted by RCW 82.38.310(1), current and prior governors have entered into agreements with Indian tribes relating to refunds by the state of a percentage of fuel taxes collected by tribes and remitted to the state; and

**WHEREAS**, pursuant to RCW 82.38.310(3)(b), agreements between the governor and tribes related to fuel tax refunds are required to contain, and do contain, provisions restricting tribes' use of fuel tax refunds to highway- and transportation-related purposes; and

**WHEREAS**, tribes have informed the Governor's Office that such provisions are preventing, hindering, and delaying tribes' ability to use fuel tax refund money as tribes determine is most appropriate to respond to the COVID-19 pandemic, and have requested a waiver of provisions contained in agreements between the tribes and the Governor's Office restricting tribes' use of fuel tax refunds to specified transportation-related purposes; and

**WHEREAS**, to assist tribes' ability to use fuel tax refunds as each has determined is most effective to respond to the COVID-19 pandemic, I issued Proclamation 20-56 to waive or suspend statutory requirements that agreements between tribes and the Governor's Office contain restrictions on tribes' use of fuel tax refunds and to waive or suspend any such contractual restrictions; and

**WHEREAS**, on June 26, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-56 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or July 1, 2020, whichever occurs first and which I acknowledged and similarly extended the waivers and suspensions of provisions in contracts Office therein until the termination of the COVID-19 State of Emergency or July 1, 2020, in Proclamation 20-56.1; and

**WHEREAS**, on July 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-56 et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or August 1, 2020, whichever occurs first; and

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATIONS 20-05 and 20-25 et seq.**

**20-25.6**

**“Safe Start – Stay Healthy” County-By-County Phased Reopening**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-61, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, I issued Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (*Stay Home – Stay Healthy*), and I subsequently issued Proclamation 20-25.4 (“*Safe Start – Stay Healthy*” *County-By-County Phased Reopening*), wherein I amended and transitioned the previous proclamations’ prohibitions to the “*Safe Start – Stay Healthy*” prohibitions, prohibiting all people in Washington State from leaving their homes except under certain circumstances and limitations based on a phased reopening of counties as established in Proclamation 20-25.4 and according to the phase each county was subsequently assigned by the Secretary of Health; and on July 1, 2020, I issued Proclamation 20-25.5 (“*Safe Start – Stay Healthy*” *County-By-County Phased Reopening*) wherein I amended the previous proclamations, and incorporated the prohibitions involving statewide face coverings in *Order of the Secretary of Health 20-03*; and prohibited, among other things, employers from failing to cooperate with public health authorities; and updated the Reopening Plan; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, when I issued the *Safe Start– Stay Healthy* order (Proclamation 20-25.4) on May 31, 2020, there were approximately 21,349 cases of COVID-19 in Washington State with 1,118 deaths; when I issued the *Safe Start-Stay Healthy* order (Proclamation 20-25.5) on July 1, 2020, there were approximately 32,824 cases and 1,332 deaths; and, now, as of July 7, 2020, the Department of Health indicated that there have been 37,420 cases and 1,384 deaths, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, health professionals and epidemiological modeling experts predict that although Washington State has passed the peak of the first wave of COVID-19 and has made adequate progress to modify some of the initial community mitigation efforts, the nature of COVID-19 viral transmission, including both asymptomatic and symptomatic spread as well as the relatively high infectious nature, suggests it is appropriate to slowly re-open Washington State only through a careful, phased, and science-based

approach. Modelers continue to agree that fully relaxing social distancing measures will result in a sharp increase in the number of cases, which the country is currently experiencing in many states; and

**WHEREAS**, the United States Centers for Disease Control and Prevention recommends that, in addition to its recommendation to maintain six-feet of physical distance from non-household members and frequent hand washing with soap and water or alcohol-based hand sanitizer, people wear cloth face coverings when they are in public settings where they cannot reliably maintain six feet of distance from others at all times, given the substantial increase in the numbers of cases of COVID-19 infection, these precautions must be mandatory; and

**WHEREAS**, the science also suggests that by ensuring safe social distancing hygiene practices, and the use of cloth face coverings, many business and recreational activities can be conducted with limited exposure to customers, which is important to revitalizing Washington State's economy, restoring jobs, and providing necessary goods and services; and

**WHEREAS**, the Washington State Department of Health's data and modeling demonstrate that many counties have significantly reduced or eliminated the number of new COVID-19 cases sufficiently to enable those counties to control and respond to virus outbreaks within the capacity of existing local and regional health care systems without significant increased risk of being overwhelmed, and this data continues to support providing all counties with an opportunity to lift some restrictions, subject to certain conditions and requirements, including the use of cloth face coverings; and

**WHEREAS**, on June 8, 2020, I ordered all employees to wear a face covering when working, except when working alone or when the job involves no in-person interaction, as detailed in the *Safe Start Washington Phased Reopening Plan*; and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection as described in the Department of Labor & Industries' COVID-19 workplace safety and health requirements; and

**WHEREAS**, on June 24, 2020, the Secretary of Health issued Order 20-03, effective June 26, 2020, requiring all individuals in Washington state to wear a face covering that covers their nose and mouth when in any indoor or outdoor public setting, except under certain circumstances, which provides a minimum level of protection for Washingtonians when they are not at work where the Department of Labor & Industries' face covering requirements apply; and

**WHEREAS**, due to a surge in COVID-19 infections in Yakima County, on June 24, 2020, I issued Proclamation 20-60, wherein I prohibited all employers in Yakima County from operating, allowing a customer to enter a business, or conducting in-person business with a customer unless the customer wore a face covering in compliance with Order of the Secretary of Health 20-03;

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-25, et seq., are amended to extend all of the prohibitions and each expiration date therein to 11:59 p.m. on August 6, 2020, and that except as otherwise provided in this order, the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), the *Order of the Secretary of Health 20-03*, issued on June 24, 2020, found [here](#), and all other provisions of Proclamations 20-25, et seq., shall remain in full force and effect.

**FURTHERMORE**, in addition to new prohibitions established in this Order and Reopening Plan, for the convenience of the reader, I repeat the language in Proclamation 20-25.5 below; and

**FURTHERMORE**, until there is an effective vaccine, effective treatment or herd immunity, it is crucial to continue to maintain some level of community interventions to suppress the spread of COVID-19 throughout all phases of recovery; and, therefore,

throughout all phases, individuals should (or must, as noted below) continue to engage in personal protective behaviors including:

- practicing physical distancing, staying at least six feet away from other people;
- wearing cloth face coverings in public settings (required, with some exceptions, pursuant to *Order of the Secretary of Health 20-03*);
- staying home if sick;
- avoiding others who are sick;
- washing hands frequently;
- covering coughs and sneezes;
- avoiding touching eyes, nose and mouth with unwashed hands; and
- disinfecting surfaces and objects regularly; and

**FURTHERMORE**, I hereby incorporate a reference to the previously issued order requiring face coverings in the work place and further order, in addition to other requirements detailed in the *Safe Start Washington Phased Reopening Plan*, that:

While at work:

- No employee may work unless that employee wears a face covering when working, except when working alone or when the job involves no in-person interaction, as detailed in the *Safe Start Washington Phased Reopening Plan*; and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection as described in the Department of Labor & Industries' COVID-19 Workplace Safety and Health Requirements. These prohibitions involving the use of face coverings supersede the prohibitions involving the use of face coverings in *Order of the Secretary of Health 20-03* to the extent that they would apply to employees when working.

When not at work:

- As required by *Order of the Secretary of Health 20-03*, or as I otherwise direct, no individual who is not expressly exempted may appear in any indoor or outdoor public setting, including but not limited to, a business, without wearing a face covering.

Employers:

- No employer may operate, allow a customer to enter a business, conduct business, or employ employees unless the employer (a) cooperates with public health authorities in the investigation of cases, suspected cases, outbreaks, and suspected outbreaks of COVID-19; (b) cooperates with the implementation of infection control measures, including but not limited to isolation and quarantine and following the cleaning guidelines set by the CDC to deep clean and sanitize; (c) complies with all public health authority orders and directives; and (d) complies with all Department of Labor & Industries interpretive guidance, regulations, and rules and Department of Labor & Industries-administered statutes. Cooperation and compliance requirements are listed in the Reopening Plan.
- No business may operate, allow a customer to enter a business, or conduct business with a customer inside any building that is open to the public or outdoors in a public place unless the customer is wearing a face covering, as required by *Order of the Secretary of Health 20-03*.
- No employer may operate, unless it notifies the employer's local health jurisdiction within 24 hours if the employer suspects COVID-19 is spreading in the employer's workplace, or if the employer is aware of 2 or more employees who develop confirmed or suspected COVID-19 within a 14-day period; and

**FURTHERMORE**, I continue to permit the low-risk activities previously permitted as reflected or clarified in formal guidance documents [here](#), and which may be updated or modified as the science and data support; and

**FURTHERMORE**, in collaboration with the Washington State Department of Health, in furtherance of the physical, mental, and economic well-being of all Washingtonians, I will continue to analyze the data and epidemiological modeling and adjust the *Safe Start Washington Phased Reopening Plan* accordingly. Such adjustments may include, if necessary based on the data and science, delaying progress of any or all counties to a subsequent phase, or returning any or all counties to a prior phase.

**ADDITIONALLY**, in furtherance of these prohibitions and for general awareness:

1. Employers must comply with all conditions for operation required by the state Department of Labor & Industries, including interpretive guidance, regulations and rules, such as [WAC 296- 800-14035](#), and Department of Labor &

- Industries-administered statutes.
2. Everyone is required to cooperate with public health authorities in the investigation of cases, suspected cases, outbreaks, and suspected outbreaks of COVID-19 and with the implementation of infection control measures pursuant to State Board of Health rule in WAC 246-101-425.
  3. All mandatory guidelines for businesses and activities, which remain in effect except as modified by this Proclamation and the *Order of the Secretary of Health 20-03*, may be found at the Governor’s Office [website, COVID-19 Resources and Information](#), and at [COVID-19 Reopening Guidance for Businesses and Workers](#).

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

All persons are reminded again that no credentialing program or requirement applies to any activities or operations under this Proclamation.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing and other protective measures while engaging in this phased reopening, I may be forced to reinstate the prohibitions established in earlier proclamations.

This order goes into effect immediately, and remains in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded, or until 11:59 p.m. on August 6, 2020, whichever occurs first.

Signed and sealed with the official seal of the state of Washington on this 7th day of July, A.D., Two Thousand and Twenty at Olympia, Washington.

EXTENDING AND AMENDING PROCLAMATIONS 20-05 AND 20-19, et seq.**

**20-19.3  
Evictions and Related Housing Practices**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-63, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our state’s economic vitality, including severe impacts to the large number of small businesses that make Washington State’s economy thrive; and

**WHEREAS**, many of our workforce expected to be impacted by these layoffs and substantially reduced work hours are anticipated to suffer economic hardship that will disproportionately affect low and moderate income workers resulting in lost wages and potentially the inability to pay for basic household expenses, including rent; and

**WHEREAS**, the inability to pay rent by these members of our workforce increases the likelihood of eviction from their homes, increasing the life, health and safety risks to a significant percentage of our people from the COVID-19 pandemic; and

**WHEREAS**, tenants, residents, and renters who are not materially affected by COVID-19 should and must continue to pay rent, to avoid unnecessary and avoidable economic hardship to landlords, property owners, and property managers who are economically impacted by the COVID-19 pandemic; and

**WHEREAS**, under RCW 59.12 (Unlawful Detainer), RCW 59.18 (Residential Landlord-Tenant Act), and RCW 59.20 (Manufactured/Mobile Home Landlord-Tenant Act) residents seeking to avoid default judgment in eviction hearings need to appear in court in order to avoid losing substantial rights to assert defenses or access legal and economic assistance; and

**WHEREAS**, on May 29, 2020, in response to the COVID-19 pandemic, the Washington Supreme Court issued Amended Order No. 25700-B-626, and ordered that courts should begin to hear non-emergency civil matters. While appropriate and essential to the operation of our state justice system, the reopening of courts could lead to a wave of new eviction filings, hearings, and trials that

risk overwhelming courts and resulting in a surge in eviction orders and corresponding housing loss statewide; and

**WHEREAS**, the Washington State Legislature has established a housing assistance program in RCW 43.185 pursuant to its findings in RCW 43.185.010 “that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs;” and

**WHEREAS**, it is critical to protect tenants and residents of traditional dwellings from homelessness, as well as those who have lawfully occupied or resided in less traditional dwelling situations for 14 days or more, whether or not documented in a lease, including but not limited to roommates who share a home; long-term care facilities; transient housing in hotels and motels; “Airbnbs”; motor homes; RVs; and camping areas; and

**WHEREAS**, a temporary moratorium on evictions and related actions throughout Washington State at this time will help reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay rent as a result of the COVID-19 pandemic; and

**WHEREAS**, a temporary moratorium on evictions and related actions will reduce housing instability, enable residents to stay in their homes unless conducting essential activities, employment in essential business services, or otherwise engaged in permissible activities, and will promote public health and safety by reducing the progression of COVID-19 in Washington State; and

**WHEREAS**, when I issued Proclamation 20-19.2 on June 2, 2020, the Department of Health indicated there were approximately 22,157 cases of COVID-19 in Washington State with 1,129 deaths; and now, as of July 23, 2020, there are 50,009 cases and 1,482 deaths, demonstrating the ongoing, present threat of this lethal disease; and

**WHEREAS**, I issued Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (Stay Home – Stay Healthy), and I subsequently issued Proclamation 20-25.4 (“Safe Start – Stay Healthy” County- By-County Phased Reopening), wherein I amended and transitioned the previous proclamations’ “Stay Home – Stay Healthy” requirements to “Safe Start – Stay Healthy” requirements, prohibiting all people in Washington State from leaving their homes except under certain circumstances and limitations based on a phased reopening of counties as established in Proclamation 20-25.4, et seq., and according to the phase each county was subsequently assigned by the Secretary of Health; and

**WHEREAS**, when I issued Proclamation 20-25.4 on May 31, 2020, I ordered that, beginning on June 1, 2020, counties would be allowed to apply to the Department of Health to move forward to the next phase of reopening more business and other activities; and by July 2, 2020, a total of five counties were approved to move to a modified version of Phase 1, 17 counties were in Phase 2, and 17 counties were in Phase 3; and

**WHEREAS**, on July 2, 2020, due to increased COVID-19 infection rates across the state, I ordered a freeze on all counties moving forward to a subsequent phase, and that freeze remains in place while I work with the Department of Health and other epidemiological experts to determine appropriate strategies to mitigate the recent increased spread of the virus, and those strategies may include dialing back business and other activities; and

**WHEREAS**, on July 23, 2020, in response to the statewide increased rates of infection, hospitalizations, and deaths, I announced an expansion of the Department of Health’s face covering requirements and several restrictions on activities where people tend to congregate; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-19,

et seq., are amended to temporarily prohibit residential evictions and temporarily impose other related prohibitions statewide until 11:59 p.m. on October 15, 2020, as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, except where federal law requires otherwise, effective immediately and until 11:59 p.m. on October 15, 2020, I hereby prohibit the following activities related to residential dwellings and commercial rental properties in Washington State:

- Landlords, property owners, and property managers are prohibited from serving or enforcing, or threatening to serve or enforce, any notice requiring a resident to vacate any dwelling or parcel of land occupied as a dwelling, including but not limited to an eviction notice, notice to pay or vacate, notice of unlawful detainer, notice of termination of rental, or notice to comply or vacate. This prohibition applies to tenancies or other housing arrangements that have expired or that will expire during the effective period of this Proclamation. This prohibition applies unless the landlord, property owner, or property manager (a) attaches an affidavit attesting that the action is necessary to respond to a significant and immediate risk to the health, safety, or property of others created by the resident; or (b) provides at least 60 days' written notice of intent to (i) personally occupy the premises as a primary residence, or (ii) sell the property.
- Landlords, property owners, and property managers are prohibited from seeking or enforcing, or threatening to seek or enforce, judicial eviction orders involving any dwelling or parcel of land occupied as a dwelling, unless the landlord, property owner, or property manager (a) attaches an affidavit attesting that the action is necessary to respond

to a significant and immediate risk to the health, safety, or property of others created by the resident; or (b) shows that at least 60 days' written notice were provided of intent to

(i) personally occupy the premises as a primary residence, or (ii) sell the property.

- Local law enforcement are prohibited from serving, threatening to serve, or otherwise acting on eviction orders affecting any dwelling or parcel of land occupied as a dwelling, unless the eviction order clearly states that it was issued based on a court's finding that
  - (a) the individual(s) named in the eviction order is creating a significant and immediate risk to the health, safety, or property of others; or (b) at least 60 days' written notice were provided of intent to (i) personally occupy the premises as a primary residence, or (ii) sell the property. Local law enforcement may serve or otherwise act on eviction orders, including writs of restitution, that contain the findings required by this paragraph.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, late fees for the non-payment or late payment of rent or other charges related to a dwelling or parcel of land occupied as a dwelling, and where such non-payment or late payment occurred on or after February 29, 2020, the date when a State of Emergency was proclaimed in all counties in Washington State.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, rent or other charges related to a dwelling or parcel of land occupied as a dwelling for any period during which the resident's access to, or occupancy of, such dwelling was prevented as a result of the COVID-19 outbreak.
- Except as provided in this paragraph, landlords, property owners, and property managers are prohibited from treating any unpaid rent or other charges related to a dwelling or parcel of land occupied as a dwelling as an enforceable debt or obligation that is owing or collectable, where such non-payment was as a result of the COVID-19 outbreak and occurred on or after February 29, 2020, and during the State of Emergency proclaimed in all counties in Washington State. This

includes attempts to collect, or threats to collect, through a collection agency, by filing an unlawful detainer or other judicial action, withholding any portion of a security deposit, billing or invoicing, reporting to credit bureaus, or by any other means. **This prohibition does not apply to a landlord, property owner, or property manager who demonstrates by a preponderance of the evidence to a court that the resident was offered, and refused or failed to comply with, a repayment plan that was reasonable based on the individual financial, health, and other circumstances of that resident; failure to provide a reasonable re-payment plan shall be a defense to any lawsuit or other attempts to collect.**

- Landlords, property owners, and property managers are prohibited from increasing, or threatening to increase, the rate of rent for any dwelling or parcel of land occupied as a dwelling. Except as provided below, this prohibition also applies to commercial rental property if the commercial tenant has been materially impacted by the COVID-19, whether personally impacted and is unable to work or whether the business itself was deemed non-essential pursuant to Proclamation 20-25 or otherwise lost staff or customers

due to the COVID-19 outbreak. This prohibition does not apply to commercial rental property if rent increases were included in an existing lease agreement that was executed prior to February 29, 2020 (pre-COVID-19 state of emergency).

- Landlords, property owners, and property managers are prohibited from retaliating against individuals for invoking their rights or protections under Proclamations 20-19 et seq., or any other state or federal law providing rights or protections for residential dwellings. Nothing in this order prevents a landlord from seeking to engage in reasonable communications with tenants to explore re-payment plans in accordance with this order.
- The preceding prohibitions do not apply to operators of facilities licensed or certified by the Department of Social and Health Services to prevent them from taking action to transfer or discharge a resident for health or safety reasons in accordance with the laws and rules that apply to those facilities.

Terminology used in these prohibitions shall be understood by reference to Washington law, including but not limited to RCW 49.60, RCW 59.12, RCW 59.18, and RCW 59.20. For purposes of this Proclamation, a “significant and immediate risk to the health, safety, or property of others created by the resident” (a) is one that is described with particularity, and cannot be established on the basis of the resident’s own health condition or disability; (b) excludes the situation in which a resident who may have been exposed to, or contracted, the COVID-19, or is following Department of Health guidelines regarding isolation or quarantine; and (c) excludes circumstances that are not urgent in nature, such as conditions that were known or knowable to the landlord, property owner, or property manager pre-COVID-19 but regarding which that entity took no action.

**FURTHERMORE**, it is the intent of this order to prevent a potential new devastating impact of the COVID-19 outbreak – that is, a wave of statewide homelessness that will impact every community in our state. To that end, this order further acknowledges, applauds, and reflects gratitude to the immeasurable contribution to the health and well-being of our communities and families made by the landlords, property owners, and property managers subject to this order.

**ADDITIONALLY**, I want to thank the vast majority of tenants who have continued to pay what they can, as soon as they can, to help support the people and the system that are supporting them through this crisis. The intent of Proclamation 20-19, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. Landlords and tenants are expected to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions that all parties will need in order to overcome the severe challenges that COVID-19 has imposed for landlords and tenants alike. I strongly encourage landlords and tenants to avail themselves of the services offered at existing dispute resolution centers to come to agreement on payment and repayment solutions.

**ADDITIONALLY**, to inform any future changes to this order in the short-term and the long-term, if an additional extension is necessary, I direct my executive senior policy advisors who have expertise in housing issues to convene an informal workgroup with stakeholders and legislators no later than September 15, 2020. The workgroup will discuss a broad range of issues, including, but not limited to, potentially authorizing rent rate increases.

**MOREOVER**, as Washington State begins to emerge from the current public health and economic crises, I recognize that courts, tenants, landlords, property owners, and property managers may desire additional direction concerning the specific parameters for reasonable re-payment plans related to outstanding rent or fees. This is best addressed by legislation, and I invite the state Legislature to produce legislation as early as possible during their next session to address this issue. I stand ready to partner with our legislators as necessary and appropriate to ensure that the needed framework is passed into law.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, I issued Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (*Stay Home – Stay Healthy*), and I subsequently issued Proclamation 20-25.4 on May 31, 2020, (“*Safe Start – Stay Healthy” County-By-County Phased Reopening*), wherein I amended and transitioned the previous proclamations’ prohibitions to the “*Safe Start – Stay Healthy*” framework, prohibiting all people in Washington State from leaving their homes except under certain circumstances and limitations based on a phased reopening of counties as established in Proclamation 20-25.4, et seq., and according to the phase each county was subsequently assigned by the Secretary of Health; and

**WHEREAS**, when I issued Proclamation 20-25.4 on May 31, 2020, I ordered that, beginning on June 1, 2020, counties would be allowed to apply to the Department of Health to move forward to the next phase of reopening more business and other activities; and by July 2, 2020, a total of five counties were approved to move to a modified version of Phase 1, 17 counties were in Phase 2, and 17 counties were in Phase 3; and

**WHEREAS**, when I issued the *Safe Start– Stay Healthy* order (Proclamation 20-25.4) on May 31, 2020, there were approximately 21,349 cases of COVID-19 in Washington State with 1,118 deaths ; and when I issued the *Safe Start-Stay Healthy* order (Proclamation 20-25.5) on July 1, 2020, there were approximately 32,824 cases and 1,332 deaths; and

**WHEREAS**, on July 1, 2020, when I issued Proclamation 20-25.5 (“*Safe Start – Stay Healthy” County-By-County Phased Reopening*), I amended the previous proclamations, and incorporated the prohibitions involving statewide face coverings in *Order of the Secretary of Health 20-03*; and prohibited, among other things, employers from failing to cooperate with public health authorities; and updated the Reopening Plan; and

**WHEREAS**, on July 2, 2020, due to the increased COVID-19 infection rates across the state, I ordered a freeze on all counties moving forward to a subsequent phase, and that freeze remains in place today while I work with the Department of Health and other epidemiological experts to determine appropriate strategies to mitigate the recent increased spread of the virus and increased hospitalizations and deaths, and those strategies may include restricting some business and other activities; and

**WHEREAS**, when I last issued an extension of the *Safe Start– Stay Healthy* order (Proclamation 20- 25.6) on July 7, 2020, the Department of Health reported that there were 37,420 cases, 4,723 hospitalizations and 1,384 deaths; and just over 2 weeks later (16 days), on July 23, 2020, there were 50,009 cases, 5,276 hospitalizations and 1,482 deaths, demonstrating the ongoing present threat and a dangerous upward spread of this lethal disease, and an apparent disregard by many individuals for the health and safety measures recommended by the Washington State Department of Health and the Centers for Disease Control and Prevention to control its spread; and

**WHEREAS**, on July 7, 2020, I issued Proclamation 20-25.6 (“*Safe Start – Stay Healthy” County-By- County Phased Reopening*), wherein I amended the previous proclamations, and, among other things, prohibited all employers in Washington from operating,

allowing a customer to enter a business, or conducting business with a customer inside any building that is open to the public or outdoors in a public place unless the customer is wearing a face covering as required by *Order of the Secretary of Health 20-03*; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, health professionals and epidemiological modeling experts advise that Washington is still in a state of COVID-19 outbreak, and pauses in phase reopening, restrictions on gathering size, and increased mask use may help prevent Washington from experiencing the crisis situation in Florida and Arizona; and

**WHEREAS**, the United States Centers for Disease Control and Prevention recommends that, in addition to its recommendation to maintain six-feet of physical distance from non-household members and frequent hand washing with soap and water or alcohol-based hand sanitizer, people wear cloth face coverings when they are in public settings where they cannot reliably maintain six feet of distance from others at all times, given the substantial increase in the numbers of cases of COVID-19 infection, these precautions must be mandatory; and

**WHEREAS**, the science also suggests that by ensuring safe social distancing hygiene practices, and the use of cloth face coverings, many business and recreational activities can be conducted with limited exposure to customers, which is important to revitalizing Washington State's economy, restoring jobs, and providing necessary goods and services; and

**WHEREAS**, on June 8, 2020, I ordered all employees to wear a face covering when working, except when working alone or when the job involves no in-person interaction, as detailed in the *Safe Start Washington Phased Reopening Plan*, and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection as described in the Department of Labor & Industries' COVID-19 workplace safety and health requirements; and

**WHEREAS**, on June 24, 2020, the Secretary of Health issued Order 20-03, effective June 26, 2020, requiring all individuals in Washington State to wear a face covering that covers their nose and mouth when in any indoor or outdoor public setting, except under certain circumstances, which provides a minimum level of protection for Washingtonians when they are not at work where the Department of Labor & Industries' face covering requirements apply; and

**WHEREAS**, due to a surge in COVID-19 infections in Yakima County, on June 24, 2020, I issued Proclamation 20-60, wherein I prohibited all employers in Yakima County from operating, allowing a customer to enter a business, or conducting in-person business with a customer unless the customer wore a face covering in compliance with *Order of the Secretary of Health 20-03*; and

**WHEREAS**, on July 24, 2020, the Secretary of Health issued Order 20-03.1, effective July 25, 2020, which expands the Secretary's prior face covering mandate to require all people in Washington State to wear a face covering when they are outside of their house, mobile home, apartment, condominium, hotel or motel room, bedroom in a congregate living setting, or other dwelling unit; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-25, et seq., are amended to extend all of the prohibitions described herein until this order is amended or rescinded. And except as otherwise provided in this order, the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), the *Order of the Secretary*

of Health 20-03.1, issued on July 24, 2020, found [here](#), and all other provisions of Proclamations 20-25, et seq., shall remain in full force and effect.

**FURTHERMORE**, in addition to new prohibitions established in this Order and Reopening Plan, for the convenience of the reader, I repeat the language in Proclamation 20-25.6 below; and

**FURTHERMORE**, until there is an effective vaccine, effective treatment or herd immunity, it is crucial to continue to maintain some level of community interventions to suppress the spread of COVID-19 throughout all phases of recovery; and, therefore, throughout all phases, individuals should (or must, as noted below) continue to engage in personal protective behaviors including:

- practicing physical distancing, staying at least six feet away from other people;
- wearing face coverings in public settings (required, with some exceptions, pursuant to *Order of the Secretary of Health 20-03.1*);
- staying home if sick;
- avoiding others who are sick;
- washing hands frequently;
- covering coughs and sneezes;
- avoiding touching eyes, nose and mouth with unwashed hands; and
- disinfecting surfaces and objects regularly; and

**FURTHERMORE**, I hereby incorporate by reference the previously-issued order requiring face coverings in the work place and further order, in addition to other requirements detailed in the *Safe Start Washington Phased Reopening Plan*, that:

While at work:

- No employee may work unless that employee wears a face covering when working, except when working alone or when the job involves no in-person interaction, as detailed in the *Safe Start Washington Phased Reopening Plan*; and, further, that employers must provide cloth facial coverings to employees, unless their exposure dictates a higher level of protection as described in the Department of Labor & Industries' COVID-19 Workplace Safety and Health Requirements. These prohibitions involving the use of face coverings supersede the prohibitions involving the use of face coverings in *Order of the Secretary of Health 20-03.1* to the extent that they would apply to employees when working.

When not at work:

- As required by *Order of the Secretary of Health 20-03.1*, or as I otherwise direct, no individual may appear in any indoor or outdoor public or non-public setting outside of their house, mobile home, apartment, condominium, hotel or motel room, or other dwelling unit without wearing a face covering, unless the individual or activity is specifically exempted. Among other exemptions, an individual does not have to wear a face covering while in an outdoor area if they maintain a distance of at least six feet from non-household members.

Employers:

- No employer may operate, allow a customer to enter a business, conduct business, or employ employees unless the employer (a) cooperates with public health authorities in the investigation of cases, suspected cases, outbreaks, and suspected outbreaks of COVID-19;
- (b) cooperates with the implementation of infection control measures, including but not limited to isolation and quarantine and following the cleaning guidelines set by the CDC to deep clean and sanitize; (c) complies with all public health authority orders and directives; and
- (d) complies with all Department of Labor & Industries interpretive guidance, regulations, and rules and Department of Labor & Industries-administered statutes. Cooperation and compliance requirements are listed in the Reopening Plan.
- No business may operate, allow a customer to enter a business, or conduct business with a customer inside any building that is open to the public or outdoors in a public place unless the customer is wearing a face covering, as required by *Order of the Secretary of Health 20-03.1*.
  - No employer may operate, unless it notifies the employer's local health jurisdiction within 24 hours if the employer suspects COVID-19 is spreading in the employer's workplace, or if the employer is aware of 2 or more employees who develop confirmed or suspected COVID-19 within a 14-day period; and

**FURTHERMORE**, I continue to permit the low-risk activities previously permitted as reflected or clarified in formal guidance

documents [here](#), and which may be updated or modified as the science and data support; and

**FURTHERMORE**, in collaboration with the Washington State Department of Health, in furtherance of the physical, mental, and economic well-being of all Washingtonians, I will continue to analyze the data and epidemiological modeling and adjust the *Safe Start Washington Phased Reopening Plan* accordingly. Such adjustments may include, if necessary based on the data and science, delaying progress of any or all counties to a subsequent phase, or returning any or all counties to a prior phase.

**ADDITIONALLY**, in furtherance of these prohibitions and for general awareness:

1. *Order of the Secretary of Health 20-03.1*, issued on July 24, 2020, is incorporated by reference, may be amended as is necessary, and all such amendments are also incorporated by reference.
2. Employers must comply with all conditions for operation required by the state Department of Labor & Industries, including interpretive guidance, regulations and rules, such as [WAC 296- 800-14035](#), and Department of Labor & Industries-administered statutes.
3. Everyone is required to cooperate with public health authorities in the investigation of cases, suspected cases, outbreaks, and suspected outbreaks of COVID-19 and with the implementation of infection control measures pursuant to State Board of Health rule in WAC 246-101-425.
4. All mandatory guidelines for businesses and activities, which remain in effect except as modified by this Proclamation and the *Order of the Secretary of Health 20-03.1*, may be found at the Governor's Office [website](#), [COVID-19 Resources and Information](#), and at [COVID-19 Reopening Guidance for Businesses and Workers](#).

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

All persons are reminded again that no credentialing program or requirement applies to any activities or operations under this Proclamation.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing and other protective measures while engaging in this phased reopening, I may be forced to reinstate the prohibitions established in earlier proclamations.

This order goes into effect immediately, and remains in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded or until this order is amended or rescinded.

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATION 20-05**

**20-64**

**Public Records Act – Contact Tracing -- Personal Information**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-63, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, an effective response to the COVID-19 epidemic requires public health professionals and others working with them to interview those infected with COVID-19 and trace their close contacts in order to provide guidance to, quarantine, and test those individuals for infection to prevent further spread of the COVID-19 disease, and this must be done by collecting the names and personal information of these individuals; and

**WHEREAS**, the success of the response to the COVID-19 epidemic depends in large part on the free flow of information and individuals' willingness to share information and cooperate with public health authorities, which would be significantly hindered if this personal information was required to be disclosed to the general public; and

**WHEREAS**, under RCW 42.56.360(2) and RCW 70.02.050(2)(a), any health care information that health care providers are required to report to the government, including information about individuals with confirmed or suspected COVID-19, is plainly exempt from disclosure; and

**WHEREAS**, while there are specific express exemptions for other case investigation and contact tracing information, including RCW 70.02.220(7) and RCW 70.24.022(3), which specifically, and broadly, exempt all information gathered in the course of a contact investigation related to sexually transmitted diseases that are reported to public health agencies, there is no express exemption from disclosure for case investigation and contact tracing information generally; and

**WHEREAS**, while RCW 42.56.230(1) provides reasonable grounds for withholding from disclosure case investigation, contact tracing, and visitor and customer log information as personal information in files maintained for "patients or clients" of "public health agencies," the courts have not interpreted the meaning of the term "client" or ruled on the application of this exemption to case investigation, contact tracing, or visitor, customer log, and employee log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

**WHEREAS**, RCW 42.56.270(1), and, as an “other statute” in RCW 42.56.070(1), chapter 19.108 RCW, the Uniform Trade Secrets Act, provide reasonable grounds for withholding from disclosure visitor and customer log information that is collected by businesses and provided to a public health agency for contact tracing following a new case of infection as proprietary information and research data, the courts have not ruled on the application of these exemptions to visitor and customer log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

**WHEREAS**, although the Public Records Act and related “other statutes” strongly suggest the intent to exempt the personally identifying information of persons contacted by COVID-19 case investigators and contact tracers, and also exempt visitor or customer log information that a business might share with contact tracers, whether this information is exempt remains uncertain in the absence of specific statutory definitions or exemptions; and

**WHEREAS**, while there are arguments that support the position that COVID-19 case investigation and contact tracing information, and the personally identifiable information that is gathered as a part of that work, is already exempt under the Public Records Act, ensuring the protection of a person’s personally identifiable information may determine whether that person will fully cooperate with COVID-19 case investigators and contact tracers; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-05, is amended to waive and suspend RCW 42.56.070(1) until 11:59 p.m. on August 29, 2020, as described below.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h) and 43.06.220(2)(g), I find that (a) chapter 42.56 RCW, as applied to all public agencies statewide, involves the conduct of state business; and (b) strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by preventing and hindering the collection of information to assist in the response to the COVID-19 State of Emergency. Accordingly, I hereby waive and suspend RCW 42.56.070(1) in its entirety, except as otherwise provided herein, pursuant to RCW 43.06.220(2)(g), until 11:59 p.m. on August 29, 2020.

**ADDITIONALLY**, pursuant to RCW 43.06.220(1)(h), I prohibit any public agency from applying this waiver and suspension to any record requested except to the records listed below and from disclosing any of the records below for any discretionary purposes not related to public health:

- The names, month, day, and year of birth, photographs, all telephone numbers, all street or mailing addresses or other location information, all email addresses, and any other contact information of any individual, including, but not limited to, any such information found in any customer, visitor, or employee log, that is used or intended to be used for contact tracing, case investigation, or other public health purposes related to the COVID-19 emergency; and,
- Any information that identifies or could be used to identify individuals that is obtained by public agencies and their employees and volunteers while doing contact tracing, case investigations, or related public health outreach in response to the COVID-19 emergency, including, but not limited to, names, month, day, and year of birth, photographs, all telephone numbers, all street or mailing addresses or other location information, all email addresses, any other contact information, and any information about physical characteristics.

**ADDITIONALLY**, nothing in this proclamation exempts from disclosure the name or location of a business or entity that is part of a contact tracing investigation.

**ADDITIONALLY**, in furtherance of these prohibitions and for general awareness:

- It is a crime to intimidate a public servant and violators may be subject to criminal penalties pursuant to RCW 9A.76.180.
- Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, as described below.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**WHEREAS**, many utilities have endeavored to adopt COVID-19 Customer Support Programs consistent with the attached guidance document, and they have posted information about their available programs on a public website. Additionally, the Utilities and Transportation Commission is taking steps to address COVID-19 Customer Support Programs for utilities under its jurisdiction. Further, several utilities have voluntarily extended commitments to suspend utility shut-offs for nonpayment.

**ACCORDINGLY**, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities:

- (1) Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer.
- (2) Refusing to reconnect any residential customer who has been disconnected due to nonpayment;
- (3) Charging fees for late payment or reconnection of energy, telecommunications, or water service; and
- (4) Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility’s COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on October 15, 2020, whichever comes first.

**FURTHERMORE**, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

**ADDITIONALLY**, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and collections issues.

**MOREOVER**, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**20-28.8  
Open Public Meetings Act and Public Records Act**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-64, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness

**WHEREAS** on May 29, 2020, under the provisions of RCW 43.06.220(4), the statutory waiver and suspensions in Proclamation 20-28, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020, and which I acknowledged and similarly extended the prohibitions therein to until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first, in Proclamation 20-28.4; and

**WHEREAS** on July 30, 2020, under the provisions of RCW 43.06.220(4), the statutory waiver and suspensions in Proclamation 20-28, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-28, et seq., it is also necessary for me to extend the prohibitions provided therein; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52, and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-28, et seq., are amended to (1) recognize the extension of the statutory waivers and suspensions of RCW 42.56 and RCW 42.30 by the leadership of the Washington State Senate and House of Representatives until 11:59 p.m. on September 1, 2020, and (2) similarly extend the prohibitions therein to 11:59 p.m. on September 1, 2020, as described below.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows:

Any public agency subject to RCW 42.30 is prohibited from conducting a public meeting subject to RCW 42.30 unless (a) the meeting is not conducted in-person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time.

As an exception to the above prohibition, public agencies holding public meetings in counties currently in Phase 3 of the *Safe Start Washington Phased Reopening County-by-County Plan* may, at their option and in addition to hosting the remote meeting elements described above, include an in-person component to a public meeting if all of the following requirements are met:

- a) Compliance with all provisions of the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), including but not limited to adherence to the requirements that in-person gatherings are limited to the maximum number of persons allowed per the Phase of the county in which the public meeting is being held, and that all attendees are required to be separated by at least six feet and wear a face covering;
- b) Compliance with all provisions of Proclamation 20-25 et seq. *Safe Start- Stay Healthy*,
- c) Compliance with the *Order of the Secretary of Health* 20-03;
- d) Notice of the physical location shall be included as required by RCW Chapter 42.30;
- e) If an in-person component public meeting is offered, any person wishing to attend the public meeting in person must be able to do so at a physical location meeting all requirements herein, either in a primary meeting location or an overflow physical location that provides the ability for all persons attending the meeting to hear each other at the same time; and If at any time during the public meeting the in-person component cannot comply with each of the requirements herein, the public meeting (to include the telephonic/remote access portions) must be recessed until compliance is restored or if compliance cannot be restored then it must be adjourned, continued, or otherwise terminated.

Remote meeting resources include the Department of Enterprise Services Master Contract for teleconferencing and web-based meeting platforms, which can be found here:

Software Resellers (06016): <https://apps.des.wa.gov/DESContracts/Home/ContractSummary/06016> Cloud Solutions (05116): <https://apps.des.wa.gov/DESContracts/Home/ContractSummary/05116>

Other resources can be found online by searching for free conference call services and for other e-based meeting services. Additional guidance for remote meetings may be found on at the Municipal Research and Services Center (MRSC, [www.mrsc.org](http://www.mrsc.org)).

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on September 1, 2020:

- RCW 42.30.030 – the following words only:  
“and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this chapter”
- RCW 42.30.040 – in its entirety; however, agencies are strongly encouraged to utilize a remote meeting option that complies, to the greatest extent possible, with this statute
- RCW 42.30.050 – as to the following word only: “room” in the first sentence
- RCW 42.30.070 – as to the following word only: the first usage of “site” - in the fourth sentence
- RCW 42.30.075 – as to the following words only:  
“Notice of any change from such meeting schedule shall be published in the state register for distribution at least twenty days prior to the rescheduled meeting date.”
- RCW 42.30.080(2)(c) – as to the following words only:  
“Prominently displayed at the main entrance of the agency's principal location and the meeting site if it is not held at the agency's principal location.”
- RCW 42.30.090 – as to the following words only:  
“on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held.”

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I find that RCW 42.56, as applied to all public agencies statewide involves the conduct of state business and I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until 11:59 p.m. on September 1, 2020:

- RCW 42.56.080(2), as to the following words only:
  - “Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency.”
  - “in person during an agency's normal office hours, or”
- RCW 42.56.090, as to the first sentence only
- RCW 42.56.100, as to the following word only in the first sentence: “full”
- RCW 42.56.520(1), as to the following words only in the second sentence:
  - “Within five business days of receiving a public records request,”
  - This statutory suspension at 42.56.520(1) does not apply to requests for public records received by an agency electronically.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-63 are amended to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first.

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State; and

**WHEREAS**, the number of cases of COVID-19 in Washington State and the associated deaths continue to increase, demonstrating the ongoing, present, and persistent threat of this lethal disease; and

**WHEREAS**, the COVID-19 pandemic continues to cause a sustained global economic slowdown, and an economic downturn throughout Washington State with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce due to substantial reductions in business activity impacting our commercial sectors that support our State's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, on May 27, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49, et seq., were extended as to the garnishment of bank accounts only by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or May 31, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein in Proclamation 20-49.3; and

**WHEREAS**, on May 29, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49, et seq., were extended as to the garnishment of bank accounts only by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or June 17, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein in Proclamation 20-49.4; and

**WHEREAS**, on June 17, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-49, et seq., were extended as to the garnishment of bank accounts only by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or July 1, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions therein in Proclamation 20-49.5; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52, and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-49, et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein as to the garnishment of bank accounts only and as further limited below, by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, except as otherwise prohibited or limited by state or federal law, the statutory waivers and suspensions of Proclamations 20-49, et seq., which operate to prohibit garnishments for consumer debt in certain circumstances, (a) are not applicable to bank account funds other than CARES Act stimulus payments and state and federal unemployment payments; and (b) are not applicable to garnishments for continuing liens on earnings (wages), and have not been applicable to garnishments for continuing liens on earning since May 27, 2020.

**ADDITIONALLY**, whereas state law provides specific exemptions from execution, attachment and garnishment for certain personal property, including an exemption of \$2,000 in bank accounts from consumer debt garnishment, nothing in this proclamation may be construed to limit a consumer's right to claim those exemptions or to challenge any garnishment proceeding.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52, and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-59, et seq., are amended to (1) continue to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first, and (2) similarly extend and amend the prohibitions and the waiver and suspension of rules therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the DOH, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, and repeated from Proclamation 20-59 for ease of reference, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I find that strict compliance with the following statutory and regulatory obligations or limitations will prevent the Washington State healthcare system from meeting the demand for healthcare staffing to meet the demands of the COVID-19 State of Emergency under Proclamation 20-05, and that the portion or language of each statutory and regulatory provision specified below is hereby waived and suspended in its entirety, except as otherwise provided herein with specific language stricken (for example, “licensed”), until 11:59 p.m. on September 1, 2020:

1. RCW 18.130.075 (Temporary practice permits—Penalties), the following stricken language only:

The temporary permit may reflect statutory limitations on the scope of practice. The permit shall be issued only upon the disciplining authority receiving verification from the states in which the applicant is licensed that the applicant is currently licensed and is not subject to charges or disciplinary action for unprofessional conduct or impairment. Notwithstanding RCW 34.05.422(3), the disciplining authority shall establish, by rule, the duration of the temporary practice permits.
  - (2) Failure to surrender the temporary practice permit is a misdemeanor under RCW 9A.20.010 and shall be unprofessional conduct under this chapter.
  - (3) The issuance of temporary permits is subject to the provisions of this chapter, including summary suspensions.
2. WAC 246-12-050
3. WAC 246-817-185
4. WAC 246-817-186

**FURTHERMORE**, and repeated with modifications from Proclamation 20-59 for ease of reference, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, I hereby prohibit the waivers and suspensions listed above from applying except as follows:

1. Eligibility. The waivers set forth above shall be only for persons applying for Temporary Practice Permits to practice as dentists, pharmacists, dental hygienists, and denturists who meet all of the following eligibility criteria:

- a. The declared end of the COVID-19 Emergency (Proclamation 20-05);
  - b. The Temporary Practice Permit holder fails to take the first examination available within a reasonable travel distance, unless unable to do so due to illness or other extenuating circumstances beyond their control;

**Long Term Care – Workers, Facilities, and Resources**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-64, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, there is an increased risk of rapid spread of COVID-19 among persons who live and work in congregate settings, and many residents and workers at long-term care facilities are at increased risk for severe COVID-19; and

**WHEREAS**, to mitigate the increased risk of rapid spread of COVID-19 among residents and workers, congregate living facilities have increased physical distancing protocols, heightened screening upon entrance and exit, instituted more intensive cleaning protocols, and taken a variety of other measures; and

**WHEREAS**, the measures taken in congregate settings to respond to the COVID-19 pandemic have resulted in unprecedented demands on the resources and caregivers necessary to provide essential services in Washington State's congregate living facilities; and

**WHEREAS**, as an added challenge to meeting the resource and workforce needs of our congregate living facilities, the outbreak of COVID-19 has significantly reduced the availability of long-term care workers in the state in recent weeks; and

**WHEREAS**, long-term care workers are required to complete specific training, testing and certification requirements by dates certain, yet necessary class offerings, testing opportunities, and certification processing have been disrupted and cancelled because of the COVID-19 pandemic, exacerbating the long-term care worker shortage throughout Washington State; and

**WHEREAS**, due to physical distancing and group size requirements, training class sizes held during early phases of reopening must be smaller, and it will take significant time for workers to receive training and testing to fully meet licensing and certification requirements and resume their positions with long-term care facilities or as individual providers to clients in the community; and

**WHEREAS**, if the existing waivers for fingerprint background check requirements for Adult Family Homes, Assisted Living Facilities, Enhanced Services Facilities, and in-home providers are not extended, staff who have been or are unable to obtain fingerprint background checks as a result of the COVID-19 pandemic cannot provide services while they wait for fingerprint test sites to become fully operational and address the backlog of customers; and

**WHEREAS**, long-term care facilities are required to meet specific construction reviews, at times, certificate of need requirements, and inspections by dates certain or at specified intervals, yet necessary personnel and resources to process those requirements are unavailable or cannot be utilized due to restrictions implemented in response to the COVID-19 pandemic; and

**WHEREAS**, restrictions and staff shortages related to the COVID-19 pandemic, to include possible quarantine of residential long-term care facilities such as nursing homes, may hinder safe reviews, certificate issuance, and inspection and survey activities; and

**WHEREAS**, to maintain availability of facilities, staffing, and resources in our congregate living system at levels necessary to safely provide essential services during the current COVID-19 pandemic, agencies and other entities operating congregate living facilities have utilized a variety of interim licenses, waiver of certain certification, inspection, administrative requirements, and other programs that are temporary in nature; and

**WHEREAS**, to prevent expiration of these temporary programs and the resulting loss of necessary facilities, staffing, and resources, I previously issued Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., waiving and suspending specified statutes and rules relating to facilities, staffing, and resources at congregate living and care facilities and other related subjects; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamations 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., were extended with certain modifications by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or September 1, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein with certain modifications in subsequent proclamations; and

**WHEREAS**, because the waivers, suspensions and prohibitions contained in Proclamations 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., address a variety of topics some of which are also addressed by other proclamations, orders and guidance documents, issuing new proclamations that divide the waivers, suspensions and prohibitions into their topical areas and cross-reference applicable orders and guidance documents will assist in the understanding, administration and implementation of those waivers, suspensions and prohibitions; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public

peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-06, 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., are amended to (1) recognize the prior extensions of statutory waivers and suspensions listed below by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first, and (2) similarly extend the prior prohibitions and waiver and suspension of rules listed below until the termination of the COVID-19 State of Emergency or 11:59 p.m. on September 1, 2020, whichever occurs first.

**FURTHERMORE**, , the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#), the *Order of the Secretary of Health* 20-03, issued on June 24, 2020, found [here](#), and all provisions of Proclamations 20-25 et seq., shall remain in full force and effect.

**FURTHERMORE**, the recognition and extension of waivers, suspensions, and prohibitions related to long term care contained herein supersede the recognition and extension of waivers, suspensions, and prohibitions contained in Proclamations 20-06, 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq. The recognition and extension of waivers, suspensions, and prohibitions contained in Proclamations 20-10, 20-18, 20-37 et seq., 20-38 et. seq., and 20-52 et seq., remain in effect as stated in those enumerated proclamations or as otherwise extended.

**ADDITIONALLY**, based on the above situation, I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action in coping with the COVID-19 State of Emergency under Proclamation 20-05, and that the language of each statutory and regulatory provision specified below continues to be waived and suspended, in its entirety unless otherwise indicated:

Long-Term Care – Operations and Visitation**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53 and 20-55 through 20-65, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the risk of severe illness and death from COVID-19 appears to be higher in those members of our population who are 60 years of age and older and those with chronic health conditions; and

**WHEREAS**, there is an increased risk of rapid spread of COVID-19 among persons who live and work in congregate settings, and many residents of long-term care facilities are at increased risk for severe COVID-19; and

**WHEREAS**, facility residents, staff, vendors, and visitors can introduce COVID-19 into the facility and start an outbreak or spread an existing outbreak into a new population; and

**WHEREAS**, congregate settings have experienced both the earliest and some of the most severe outbreaks of COVID-19 in Washington State; and

**WHEREAS**, I previously issued Proclamations 20-06, 20-10, 20-16, 20-17, and 20-18 waiving and suspending specified statutes and rules and prohibiting specified activities related to congregate living and care facilities and other subjects; and

**WHEREAS**, I previously issued Proclamation 20-25 et seq., which during the early stages of the COVID-19 pandemic prohibited all people in Washington State from leaving their homes except under certain circumstances and limitations, and then transitioned to a phased reopening of counties in accordance with specific guidance issued by my office and by the Washington State Department of Health; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, and 20-52 et. seq., were extended with certain modifications by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or September 1, 2020, whichever occurs first, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein with certain modification in Proclamation 20-52 et seq.; and

**WHEREAS**, the waivers, suspensions and prohibitions contained in Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, and 20-52 et seq., address a variety of topics some of which are also addressed by other proclamations, orders and guidance documents, and issuing new proclamations that divide the waivers, suspensions and prohibitions into their topical areas and cross reference applicable orders and guidance documents will assist in the understanding, administration and implementation of those waivers, suspensions and prohibitions; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, tens of thousands of Washingtonians work outdoors tending and harvesting crops and are joined by tens of thousands of other individuals who travel to Washington State to assist, and tens of thousands more work indoors packing and shipping the crops; and

**WHEREAS**, immigrants make up a significant majority of the agricultural workforce, many of whom labor, live, and travel together, and without proper precautions, are vulnerable to increased exposure to COVID-19, jeopardizing their health, the health of their families and communities, and Washingtonians' access to an abundant supply of nutritious, locally grown foods; and

**WHEREAS**, Washington's agricultural communities now comprise a disproportionate number of new cases of COVID-19, and an effective testing strategy is essential to combating an unchecked spread of the virus amongst the workers; and

**WHEREAS**, isolating agricultural workers at employer-owned or contracted housing units presents unique challenges for adequately ensuring the well-being of COVID-19-positive workers, requiring a higher level of care than that provided to healthy workers; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person, which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and is a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, on July 17, 2020, there were at least 45,067 cases of COVID-19 in Washington State, with 1,434 associated deaths; on August 1, 2020, there were at least 57,541 cases, with 1,592 associated deaths; and now, as of August 18, 2020, there are currently at least 68,264 cases of COVID-19 in Washington State with 1,809 associated deaths; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, and that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), all provisions of Proclamations 20-25 et seq. shall remain in full force and effect, except for the specific conditions to such prohibitions set forth below.

**FURTHERMORE**, I hereby modify those provisions of Proclamation 20-25 et seq. applicable to essential workers and workplaces to prohibit any agricultural employer from continuing to operate beyond August 21, 2020, unless the employer complies with all provisions, including the amendments set forth by this Proclamation, of the Agriculture COVID-19 Requirements – Provisions for All Worksites and Work-Related Functions, that are incorporated by reference and [linked here](#), which prohibition shall remain in effect throughout the duration of the State of Emergency.

**FURTHERMORE**, all agricultural employers are prohibited from failing to comply with any additional orders issued by the Washington State Secretary of Health.

For purposes of this Proclamation, agricultural employers include orchards, fields, dairies, and all other operations expressly identified in WAC 296-307-006; all fruit- and vegetable-packing warehouses whether owned by the grower or producer or not; and employer- or operator-provided transportation and housing. These requirements do not apply to meat or other food processing operations.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5) in addition to enforcement actions taken by the Washington State Department of Health and the Washington State Department of Labor & Industries' Division of Occupational Health and Safety.

**WHEREAS**, the available financial resources of many of our people and businesses are becoming limited with many of them

suffering considerable economic hardship as a result of the economic impacts of the COVID-19 pandemic on our economy, resulting in a significant threat of utility services being disconnected and late payment fees being imposed; and

**WHEREAS**, maintaining provision of utility services during this crisis is an essential tool in sustaining and protecting the health and welfare of our people and businesses as a critical part of the overall response to the COVID-19 pandemic; and

**WHEREAS**, the Washington State Utilities and Transportation Commission regulates the rates and services of investor-owned utilities in Washington State and is coordinating with utilities throughout the State to protect the availability and affordability of essential utility services for those economically impacted by the COVID-19 pandemic through a variety of measures, including: suspending disconnection of utilities for nonpayment, waiving late fees, working with affected utility customers to establish payment arrangements, and improving access to energy assistance for affected customers; and

**WHEREAS**, on March 18, 2020, I issued Proclamation 20-23, waiving and suspending statutes and prohibiting certain activities relating to utility services; and

**WHEREAS**, on March 24, 2020, I issued Proclamation 20-23.1, amending and continuing the waivers and suspension of statutes and the prohibitions of certain activities relating to utility services; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamations 20-23, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I acknowledged and similarly extended the prohibitions therein

**WHEREAS**, on August 31, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-23, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on October 1, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-23, et seq., it is also necessary for me to extend the prohibitions therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression throughout Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on October 1, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on October 1, 2020, as described below.

I again direct that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the Washington State Comprehensive Emergency Management Plan and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities:

- (1) Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer.
- (2) Refusing to reconnect any residential customer who has been disconnected due to nonpayment;
- (3) Charging fees for late payment or reconnection of energy, telecommunications, or water service; and
- (4) Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility’s COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on October 15, 2020, whichever comes first.

**FURTHERMORE**, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

**ADDITIONALLY**, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and collections issues.

**MOREOVER**, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, acting pursuant to authority granted by RCW 82.38.310(1), current and prior governors have entered into agreements with Indian tribes relating to refunds by the state of a percentage of fuel taxes collected by tribes and remitted to the state; and

**WHEREAS**, pursuant to RCW 82.38.310(3)(b), agreements between the governor and tribes related to fuel tax refunds are required to contain, and do contain, provisions restricting tribes’ use of fuel tax refunds to highway- and transportation-related purposes; and

**WHEREAS**, tribes have informed the Governor’s Office that such provisions are preventing, hindering, and delaying tribes’ ability to use fuel tax refund money as tribes determine is most appropriate to respond to the COVID-19 pandemic, and have requested a waiver of provisions contained in agreements between the tribes and the Governor’s Office restricting tribes’ use of fuel tax refunds to specified transportation-related purposes; and

**WHEREAS**, to assist tribes’ ability to use fuel tax refunds as each has determined is most effective to respond to the COVID-19 pandemic, I issued Proclamation 20-56 to waive or suspend statutory requirements that agreements between tribes and the Governor’s Office contain restrictions on tribes’ use of fuel tax refunds and to waive or suspend any such contractual restrictions; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-56 have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged and similarly extended the waivers and suspensions of provisions in contracts in subsequent sequentially numbered proclamations; and

**WHEREAS**, on August 31, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-56, et seq., were extended by the leadership of the Washington State Senate and House of Representatives until

**Public Records Act – Contact Tracing -- Personal Information**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53, 20-55 through 20-67, and 20-69 through 20-70, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, an effective response to the COVID-19 epidemic requires public health professionals and others working with them to interview those infected with COVID-19 and trace their close contacts in order to provide guidance to, quarantine, and test those individuals for infection to prevent further spread of the COVID-19 disease, and this must be done by collecting the names and

personal information of these individuals; and

**WHEREAS**, the success of the response to the COVID-19 epidemic depends in large part on the free flow of information and individuals' willingness to share information and cooperate with public health authorities, which would be significantly hindered if this personal information was required to be disclosed to the general public; and

**WHEREAS**, under RCW 42.56.360(2) and RCW 70.02.050(2)(a), any health care information that health care providers are required to report to the government, including information about individuals with confirmed or suspected COVID-19, is plainly exempt from disclosure; and

**WHEREAS**, while there are specific express exemptions for other case investigation and contact tracing information, including RCW 70.02.220(7) and RCW 70.24.022(3), which specifically, and broadly, exempt all information gathered in the course of a contact investigation related to sexually transmitted diseases that are reported to public health agencies, there is no express exemption from disclosure for case investigation and contact tracing information generally; and

**WHEREAS**, while RCW 42.56.230(1) provides reasonable grounds for withholding from disclosure case investigation, contact tracing, and visitor and customer log information as personal information in files maintained for "patients or clients" of "public health agencies," the courts have not interpreted the meaning of the term "client" or ruled on the application of this exemption to case investigation, contact tracing, or visitor, customer log, and employee log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

**WHEREAS**, RCW 42.56.270(1), and, as an "other statute" in RCW 42.56.070(1), chapter 19.108 RCW, the Uniform Trade Secrets Act, provide reasonable grounds for withholding from disclosure visitor and customer log information that is collected by businesses and provided to a public health agency for contact tracing following a new case of infection as proprietary information and research data, the courts have not ruled on the application of these exemptions to visitor and customer log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

**WHEREAS**, although the Public Records Act and related "other statutes" strongly suggest the intent to exempt the personally identifying information of persons contacted by COVID-19 case investigators and contact tracers, and also exempt visitor or customer log information that a business might share with contact tracers, whether this information is exempt remains uncertain in the absence of specific statutory definitions or exemptions; and

**WHEREAS**, while there are arguments that support the position that COVID-19 case investigation and contact tracing information, and the personally identifiable information that is gathered as a part of that work, is already exempt under the Public Records Act, ensuring the protection of a person's personally identifiable information may determine whether that person will fully cooperate with COVID-19 case investigators and contact tracers; and

**WHEREAS**, on August 27, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-64 were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or October 1, 2020; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05 and 20-64 are amended to (1) continue to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m.

**Long Term Care – Workers, Facilities, and Resources**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53, 20-55 through 20-67, and 20-69 through 20-70, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, there is an increased risk of rapid spread of COVID-19 among persons who live and work in congregate settings, and many residents and workers at long-term care facilities are at increased risk for severe COVID-19; and

**WHEREAS**, to mitigate the increased risk of rapid spread of COVID-19 among residents and workers, congregate living facilities have increased physical distancing protocols, heightened screening upon entrance and exit, instituted more intensive cleaning protocols, and taken a variety of other measures; and

**WHEREAS**, the measures taken in congregate settings to respond to the COVID-19 pandemic have resulted in unprecedented demands on the resources and caregivers necessary to provide essential services in Washington State's congregate living facilities; and

**WHEREAS**, as an added challenge to meeting the resource and workforce needs of our congregate living facilities, the outbreak of COVID-19 has significantly reduced the availability of long-term care workers in the state in recent weeks; and

**WHEREAS**, long-term care workers are required to complete specific training, testing and certification requirements by dates certain, yet necessary class offerings, testing opportunities, and certification processing have been disrupted and cancelled because of the COVID-19 pandemic, exacerbating the long-term care worker shortage throughout Washington State; and

**WHEREAS**, due to physical distancing and group size requirements, training class sizes held during early phases of reopening must be smaller, and it will take significant time for workers to receive training and testing to fully meet licensing and certification requirements and resume their positions with long-term care facilities or as individual providers to clients in the community; and

**WHEREAS**, if the existing waivers for fingerprint background check requirements for Adult Family Homes, Assisted Living Facilities, Enhanced Services Facilities, and in-home providers are not extended, staff who have been or are unable to obtain fingerprint background checks as a result of the COVID-19 pandemic cannot provide services while they wait for fingerprint test sites to become fully operational and address the backlog of customers; and

**WHEREAS**, long-term care facilities are required to meet specific construction reviews, at times, certificate of need requirements, and inspections by dates certain or at specified intervals, yet necessary personnel and resources to process those requirements are unavailable or cannot be utilized due to restrictions implemented in response to the COVID-19 pandemic; and

**WHEREAS**, restrictions and staff shortages related to the COVID-19 pandemic, to include possible quarantine of residential long-term care facilities such as nursing homes, may hinder safe reviews, certificate issuance, and inspection and survey activities; and

**WHEREAS**, to maintain availability of facilities, staffing, and resources in our congregate living system at levels necessary to safely provide essential services during the current COVID-19 pandemic, agencies and other entities operating congregate living facilities have utilized a variety of interim licenses, waiver of certain certification, inspection, administrative requirements, and other programs that are temporary in nature; and

**WHEREAS**, to prevent expiration of these temporary programs and the resulting loss of necessary facilities, staffing, and resources, I previously issued Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, 20-37, et. seq., 20-38, et seq., and 20-52, et seq., waiving and suspending specified statutes and rules relating to facilities, staffing, and resources at congregate living and care facilities and other related subjects; and

**WHEREAS**, because the waivers, suspensions and prohibitions contained in Proclamations 20-10, 20-18, 20-37, et seq., 20-38, et seq., and 20-52, et seq., address a variety of topics some of which are also addressed by other proclamations, orders and guidance documents, I issued Proclamations 20-65 and 20-66, dividing some of the waivers, suspensions and prohibitions into their topical areas and cross-reference applicable orders and guidance documents, to assist in the understanding, administration and implementation of those waivers, suspensions and prohibitions; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions contained in Proclamations 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., had been periodically extended with certain modifications, by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein with certain modifications in subsequent proclamations; and

**WHEREAS**, on August 31, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-65, including all of the prior proclamations' statutory waivers and suspensions contained therein, except numbered paragraph 30 (at my request), were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or October 1, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamation 20-65, it is also necessary for me to extend the prohibitions and the waiver and suspension of rules provided therein; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-65, which incorporates all or portions of Proclamations 20-10, 20-18, 20-37, et seq., 20-38, et seq., and 20-52, et seq., remains in effect and is amended to (1) recognize the extensions of statutory waivers and suspensions by the leadership of the Washington State Senate and House of Representatives until the earlier of the termination of the COVID-19 State of Emergency or 11:59 p.m. on October 1, 2020, unless this date is further extended, and (2) similarly extend the prohibitions and waiver and suspension of rules until the termination of the COVID-19 State of Emergency or 11:59 p.m. on October 1, 2020, whichever occurs first.

**FURTHERMORE**, by way of clarification, numbered paragraph 30 of Proclamation 20-65 waives and suspends only that specific language of RCW 43.43.837(1) indicated by strikethrough; numbered paragraph 31 of Proclamation 20-65 contains a separate waiver and suspension of RCW 43.43.837(1) subsections (a), (b), (c), and (d), rendering the extension of paragraph 30 duplicative and unnecessary.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State, seriously increasing the threat of serious associated health risks statewide; and

**FURTHERMORE**, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended as provided herein until the end of the emergency or 11:59 p.m. on October 4, 2020, whichever is first:

- f) If at any time during the public meeting the in-person component cannot comply with each of the requirements herein, the public meeting (to include the telephonic/remote access portions) must be recessed until compliance is restored or if compliance cannot be restored then it must be adjourned, continued, or otherwise terminated.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**PROCLAMATION BY THE GOVERNOR  
AMENDING AND EXTENDING PROCLAMATIONS 20-05, 20-68, and 20-28, et seq.**

**20-28.10**

**Wildfire-Related Exemptions to Open Public Meetings Act Proclamations**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the continued high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53, 20-55 through 20-64 and 20-69 through 20-71, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, to curtail the spread of the COVID-19 pandemic in Washington State by limiting person-to-person contact through social distancing and limiting in-person interactions, I issued Proclamation 20-25, et seq., which during the early stages of the COVID-19 pandemic prohibited all people in Washington State from leaving their homes except under certain circumstances and limitations, and then transitioned to a phased reopening of counties in accordance with specific guidance issued by my office and by the Washington State Department of Health; and

**WHEREAS**, to enable public meetings to occur while maintaining the social distancing and limitations on in-person interactions necessary to curtail the spread of COVID-19, on March 24, 2020, I issued Proclamation 20-28, prohibiting in-person meetings and waiving and suspending laws and rules concerning RCW 42.56, the Public Records Act, and RCW 42.30, the Open Public Meetings Act that hindered conducting public meetings remotely; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-28, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged and similarly extended the prohibitions therein in subsequent sequentially numbered proclamations, which proclamations also contained modifications and guidance regarding the waivers, suspensions, and prohibitions, the most recent of which is Proclamation 20-28.9, issued on September 2, 2020; and

**WHEREAS**, as a result of multiple large on-going wildfires, abnormally dry weather conditions, and periods of exceptionally high temperatures throughout the state of Washington creating widespread high-risk fuel conditions, on August 19, 2020, I issued Proclamation 20-68, proclaiming a State of Emergency for all counties throughout the state of Washington; and

**WHEREAS**, since I issued Proclamation 20-68, Washington State has experienced new wildfires which were caused or exacerbated by an historic wind event that brought high winds and low humidity from the east to the west, and conditions that will increase the difficulty in containing current wildfires and the risk of new wildfires starting and spreading are predicted to continue through September 2020; and

**WHEREAS**, in addition to being a fundamental part of open government, open public meetings are essential to provide the people of Washington with timely and accurate information regarding wildfires and COVID-19, to provide them with answers to their questions, to enable public bodies to conduct business in response to the ongoing emergencies, and to dispel misinformation that may be spread through social media or otherwise; and

**WHEREAS**, in addition to damaging homes, public facilities, businesses, public utilities, infrastructure, agriculture, and natural resources, ongoing wildfires have also interrupted or degraded telecommunications (to include internet) services necessary to hold public meetings remotely as envisioned in Proclamation 20-28, et. seq.; and

**WHEREAS**, to enable necessary public meetings in areas where telecommunications services have been interrupted or degraded, a modification of the prohibitions and guidance set forth in Proclamations 20-28, et seq. (most recently restated in Proclamation 20-28.8), is necessary; and

**WHEREAS**, the ongoing wildfires and the COVID-19 pandemic are emergencies that continue to impact the life and health of our citizens, as well as the property and transportation infrastructure of Washington State, and are therefore public disasters that affects life, health, property, or the public peace; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to address the impacts and long-term effects of the

emergencies on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situations, and under RCW 38.08, 38.52, and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments, and Proclamation 20-68 and all amendments, remain in effect, and that the prohibitions in Proclamations 20-28, et seq., are amended as described below to allow, with conditions, in-person public meetings to take place in communities where the ongoing wildfires have interrupted or degraded telecommunications services to a degree that remote meetings as envisioned by Proclamation 20-28, et. seq., are not feasible.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic and the ongoing wildfires.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**FURTHERMORE**, based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows:

The prohibitions contained in Proclamations 20-28, et. seq., relating to public meetings held in areas where telecommunications services (to include internet services) have been interrupted or degraded by wildfires occurring in the summer and fall of 2020, are modified as set forth in the exceptions below (*Note: This Proclamation 20-28.10 is excluded from references herein to "Proclamations 20-28, et. seq."*):

Applies only When Telecommunications Services are Interrupted or Degraded and No Alternative Meeting Site is Available.

The exceptions to the prohibitions of Proclamations 20-28, et. seq., contained herein are applicable only if the following conditions are met:

1. Telecommunications services in the area where the public meeting takes place and/or the area where the substantial majority of the persons affected by the public meeting live have been substantially interrupted or degraded to the extent it is impractical to hold the public meeting consistent with the provisions of Proclamation 20-28, et seq.
2. No alternative meeting site is available, in or outside of the jurisdiction, that: (a) is reasonably accessible to persons affected by the actions to be considered at the public meeting, (b) meets the social distancing requirements in Proclamation 20-28, et seq., and attached guidance for those physically at the alternative meeting location, and (c) has sufficient telecommunications service to conduct a remote meeting in accordance with Proclamation 20-28, et. seq., and attached guidance.
3. The presiding official of the public meeting certifies on the record or in writing that the conditions of paragraphs 1 and 2, above, have been met.
- 4.

Applies only to Emergency Actions and Necessary and Routine Actions.

The exemptions contained herein apply only to those "actions," as defined in RCW 42.30.020, that are necessary and routine, or are matters necessary to respond to impacts (direct or indirect) from or related to the COVID-19 outbreak and/or wildfires occurring in the summer and fall of 2020. All other "actions" must be taken at meetings that comply with the requirements of Proclamation 20-28, et seq.

Exemptions from Prohibitions.

In circumstances in which this Proclamation 20-28.10 applies, public meetings are exempt from all prohibitions and restrictions on in-person public meetings contained in Proclamations 20-28, et seq., and accompanying guidance documents, subject to the following conditions:

1. To the extent practicable, the public meeting shall comply with all provisions of Proclamation 20-25, et seq., and the *Safe Start Washington Phased Reopening County-by-County Plan* found here, including but not limited to adherence to the requirements that in-person gatherings are limited to the maximum number of persons allowed per the Phase of the county in which the public meeting is being held, and that all attendees are required to be separated by at least six feet and wear a

face covering (*Note: If no indoor space is available that meets applicable distancing requirements, the public meeting can and should be held outdoors*);

2. To the extent practicable, notice of the meeting shall comply with the requirements of Proclamation 20-28 et seq., and shall, in all cases, be given in such a way as to provide as much actual notice as reasonably possible given the circumstances to those affected by the action(s) to be considered at the public meeting. (*Note: RCW 42.30.080 (4) waives notice requirements “in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.”*); and
3. To the extent practicable, those wishing to participate and/or attend the public meeting (to include the press) shall be allowed to do so, to include allowing persons to attend the meeting by listening and speaking through operable telecommunications devices (examples include using an attendee’s cell phone with service to connect to a conference calling service, or allowing persons to call in using the cell phone of an audience member whose phone has service).
4. A recording or transcript of the meeting shall be made available, as soon as is practicable, through the public agency’s website or through other means readily available to the public.

**Ratification of Actions.** All “actions” taken by a public agency under the exemptions granted herein that do not comply with the provisions of Proclamation 20-28, et. seq., with attached guidance, must be ratified by the public agency at its first regularly-scheduled meeting occurring after the expiration of this Proclamation 20-28.10, using procedures that comply with the provisions of Proclamation 20-28, et. seq.

**Expiration.** The exemptions contained herein shall expire on the earlier of (1) the date when telecommunications services have resumed to a degree that holding public meetings consistent with the prohibitions set forth in Proclamation 20-28, et seq. (excepting this Proclamation 20-28.10), is no longer impractical; or (2) rescission of this Proclamation 20-28.10; or (3) 11:59 p.m. on October 1, 2020, unless extended by subsequent proclamation.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State of as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic has caused a global economic slowdown and an economic downturn in Washington State, resulting in layoffs and reduced work hours for a significant percentage of our workforce and significant reductions in business activity impacting our commercial sectors that support our state's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, the available financial resources of many of our people and businesses are becoming limited with many of them suffering considerable economic hardship as a result of the economic impacts of the COVID-19 pandemic on our economy, resulting in a significant threat of utility services being disconnected and late payment fees being imposed; and

**WHEREAS**, maintaining provision of utility services during this crisis is an essential tool in sustaining and protecting the health and welfare of our people and businesses as a critical part of the overall response to the COVID-19 pandemic; and

**WHEREAS**, the Washington State Utilities and Transportation Commission regulates the rates and services of investor-owned utilities in Washington State and is coordinating with utilities throughout the State to protect the availability and affordability of essential utility services for those economically impacted by the COVID-19 pandemic through a variety of measures, including: suspending disconnection of utilities for nonpayment, waiving late fees, working with affected utility customers to establish payment arrangements, and improving access to energy assistance for affected customers; and

**WHEREAS**, on March 18, 2020, I issued Proclamation 20-23, waiving and suspending statutes and prohibiting certain activities relating to utility services; and

**WHEREAS**, on March 24, 2020, I issued Proclamation 20-23.1, amending and continuing the waivers and suspension of statutes and the prohibitions of certain activities relating to utility services; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamations 20-23, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I acknowledged and similarly extended the prohibitions therein

**WHEREAS**, on October 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-23, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-23, et seq., it is also necessary for me to extend the prohibitions therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression throughout Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, as described below.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented

throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities:

- (1) Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer.
- (2) Refusing to reconnect any residential customer who has been disconnected due to nonpayment;
- (3) Charging fees for late payment or reconnection of energy, telecommunications, or water service; and
- (4) Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility’s COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on October 15, 2020, whichever comes first.

**FURTHERMORE**, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

**ADDITIONALLY**, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and collections issues.

**MOREOVER**, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 2nd day of October, A.D., Two Thousand and Twenty at Olympia, Washington.

AMENDING AND EXTENDING PROCLAMATIONS 20-05, 20-68, and 20-28, et seq.**

**20-28.11**

**Open Public Meetings Act and Public Records Act Proclamations**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the continued high risk it poses to our most vulnerable populations, I have subsequently issued amendatory Proclamations 20-06 through 20-53, 20-55 through 20-67, and 20-69 through 20-71, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, to curtail the spread of the COVID-19 pandemic in Washington State by limiting person-to-person contact through social distancing and limiting in-person interactions, I issued Proclamation 20-25, et seq., which during the early stages of the COVID-19 pandemic prohibited all people in Washington State from leaving their homes except under certain circumstances and limitations, and then transitioned to a phased reopening of counties in accordance with specific guidance issued by my office and by the Washington State Department of Health; and

**WHEREAS**, to enable public meetings to occur while maintaining the social distancing and limitations on in-person interactions necessary to curtail the spread of COVID-19, on March 24, 2020, I issued Proclamation 20-28, prohibiting in-person meetings and waiving and suspending laws and rules concerning RCW 42.56, the Public Records Act, and RCW 42.30, the Open Public Meetings Act that hindered conducting public meetings remotely; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-28, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged and similarly extended the prohibitions therein in subsequent sequentially numbered proclamations, which proclamations also contained modifications and guidance regarding the waivers, suspensions, and prohibitions; and

**WHEREAS**, open public meetings are a fundamental part of open government and are essential to provide the people of Washington with timely and accurate information regarding wildfires and COVID-19, to provide them with answers to their questions, to enable public bodies to conduct business in response to the ongoing emergencies, and to dispel misinformation that may be spread through social media or otherwise; and

**WHEREAS**, to enable necessary public meetings in areas where telecommunications services were interrupted or degraded due to wildfires, on September 16, 2020, I issued Proclamation 20-28.10 modifying the prohibitions and guidance set forth in Proclamations 20-28 and prior amendments; but today, those telecommunication interruptions due to wildfires are no longer present, so those modifications to 20-28 initially outlined in 20-28.10 are not necessary at this time and are not further extended here; and

**WHEREAS** on October 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-28, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-28, et seq., it is also necessary for me to extend the prohibitions provided therein; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to address the impacts and long-term effects of the emergencies on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situations, and under RCW 38.08, 38.52, and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments remain in effect, and that the prohibitions in Proclamations 20-28, et seq., are amended to (1) recognize the extension of the statutory waivers and suspensions of RCW 42.56 and RCW 42.30 by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein, with the exception of the new prohibitions included in 20-28.10 as a result of telecommunication disruptions caused by wildfires, until the termination of the

COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic and wildfires.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

**Public Records Act – Contact Tracing -- Personal Information**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, an effective response to the COVID-19 epidemic requires public health professionals and others working with them to interview those infected with COVID-19 and trace their close contacts in order to provide guidance to, quarantine, and test those individuals for infection to prevent further spread of the COVID-19 disease, and this must be done by collecting the names and personal information of these individuals; and

**WHEREAS**, the success of the response to the COVID-19 epidemic depends in large part on the free flow of information and individuals' willingness to share information and cooperate with public health authorities, which would be significantly hindered if this personal information was required to be disclosed to the general public; and

**WHEREAS**, under RCW 42.56.360(2) and RCW 70.02.050(2)(a), any health care information that health care providers are required to report to the government, including information about individuals with confirmed or suspected COVID-19, is plainly exempt from disclosure; and

**WHEREAS**, while there are specific express exemptions for other case investigation and contact tracing information, including RCW 70.02.220(7) and RCW 70.24.022(3), which specifically, and broadly, exempt all information gathered in the course of a contact investigation related to sexually transmitted diseases that are reported to public health agencies, there is no express

exemption from disclosure for case investigation and contact tracing information generally; and

**WHEREAS**, while RCW 42.56.230(1) provides reasonable grounds for withholding from disclosure case investigation, contact tracing, and visitor and customer log information as personal information in files maintained for “patients or clients” of “public health agencies,” the courts have not interpreted the meaning of the term “client” or ruled on the application of this exemption to case investigation, contact tracing, or visitor, customer log, and employee log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

**WHEREAS**, RCW 42.56.270(1), and, as an “other statute” in RCW 42.56.070(1), chapter 19.108 RCW, the Uniform Trade Secrets Act, provide reasonable grounds for withholding from disclosure visitor and customer log information that is collected by businesses and provided to a public health agency for contact tracing following a new case of infection as proprietary information and research data, the courts have not ruled on the application of these exemptions to visitor and customer log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

**WHEREAS**, although the Public Records Act and related “other statutes” strongly suggest the intent to exempt the personally identifying information of persons contacted by COVID-19 case investigators and contact tracers, and also exempt visitor or customer log information that a business might share with contact tracers, whether this information is exempt remains uncertain in the absence of specific statutory definitions or exemptions; and

**WHEREAS**, while there are arguments that support the position that COVID-19 case investigation and contact tracing information, and the personally identifiable information that is gathered as a part of that work, is already exempt under the Public Records Act, ensuring the protection of a person’s personally identifiable information may determine whether that person will fully cooperate with COVID-19 case investigators and contact tracers; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-64, et seq., were extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged and similarly extended the prohibitions therein in subsequent sequentially-numbered proclamations; and

**WHEREAS**, on October 1, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-64, et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or November 9, 2020; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05 and 20-64, et seq., are amended to (1) continue to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, there is an increased risk of rapid spread of COVID-19 among persons who live and work in congregate settings, and many residents and workers at long-term care facilities are at increased risk for severe COVID-19; and

**WHEREAS**, to mitigate the increased risk of rapid spread of COVID-19 among residents and workers, congregate living facilities have increased physical distancing protocols, heightened screening upon entrance and exit, instituted more intensive cleaning protocols, and taken a variety of other measures; and

**WHEREAS**, the measures taken in congregate settings to respond to the COVID-19 pandemic have resulted in unprecedented demands on the resources and caregivers necessary to provide essential services in Washington State’s congregate living facilities; and

**WHEREAS**, as an added challenge to meeting the resource and workforce needs of our congregate living facilities, the outbreak of COVID-19 has significantly reduced the availability of long-term care workers in the state in recent weeks; and

**WHEREAS**, long-term care workers are required to complete specific training, testing and certification requirements by dates certain, yet necessary class offerings, testing opportunities, and certification processing have been disrupted and cancelled because of the COVID-19 pandemic, exacerbating the long-term care worker shortage throughout Washington State; and

**WHEREAS**, due to physical distancing and group size requirements, training class sizes held during early phases of reopening must be smaller, and it will take significant time for workers to receive training and testing to fully meet licensing and certification requirements and resume their positions with long-term care facilities or as individual providers to clients in the community; and

**WHEREAS**, if the existing waivers for fingerprint background check requirements for Adult Family Homes, Assisted Living Facilities, Enhanced Services Facilities, and in-home providers are not extended, staff who have been or are unable to obtain fingerprint background checks as a result of the COVID-19 pandemic cannot provide services while they wait for fingerprint test sites to become fully operational and address the backlog of customers; and

**WHEREAS**, long-term care facilities are required to meet specific construction reviews, at times, certificate of need requirements, and inspections by dates certain or at specified intervals, yet necessary personnel and resources to process those requirements are unavailable or cannot be utilized due to restrictions implemented in response to the COVID-19 pandemic; and

**WHEREAS**, restrictions and staff shortages related to the COVID-19 pandemic, to include possible quarantine of residential long-term care facilities such as nursing homes, may hinder safe reviews, certificate issuance, and inspection and survey activities; and

**WHEREAS**, to maintain availability of facilities, staffing, and resources in our congregate living system at levels necessary to safely provide essential services during the current COVID-19 pandemic, agencies and other entities operating congregate living facilities have utilized a variety of interim licenses, waiver of certain certification, inspection, administrative requirements, and other programs that are temporary in nature; and

**WHEREAS**, to prevent expiration of these temporary programs and the resulting loss of necessary facilities, staffing, and resources, I previously issued Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, 20-37, et seq., 20-38, et seq., and 20-52, et seq., waiving and suspending specified statutes and rules relating to facilities, staffing, and resources at congregate living and care facilities and other related subjects; and

**WHEREAS**, because the waivers, suspensions and prohibitions contained in Proclamations 20-10, 20-18, 20-37, et seq., 20-38, et seq., and 20-52, et seq., address a variety of topics some of which are also addressed by other proclamations, orders and guidance documents, I issued Proclamations 20-65 and 20-66, dividing some of the waivers, suspensions and prohibitions into their topical areas and cross-reference applicable orders and guidance documents, to assist in the understanding, administration and implementation of those waivers, suspensions and prohibitions; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions contained in Proclamations 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., had been periodically extended with certain modifications, by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein with certain modifications in subsequent proclamations; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-65, et seq., including all of the prior proclamations' statutory waivers and suspensions contained therein, except numbered paragraph 30 (at my request), were extended by the leadership of the Washington State Senate and House of Representatives, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein in subsequent proclamations; and

**WHEREAS**, on October 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-65, et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or November 9, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamation 20-65, et seq., it is also necessary for me to extend the prohibitions and the waiver and suspension of rules provided therein; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamation 20-65, et seq., is amended to (1) recognize the extensions of statutory waivers and suspensions by the leadership of the Washington State Senate and House of Representatives until the earlier of the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, unless this date is further extended, and (2) similarly extend the prohibitions and waiver and suspension of rules until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first.

**FURTHERMORE**, by way of clarification, numbered paragraph 30 of Proclamation 20-65 waives and suspends only that specific language of RCW 43.43.837(1) indicated by strikethrough; numbered paragraph 31 of Proclamation 20-65 contains a separate waiver and suspension of RCW 43.43.837(1) subsections (a), (b), (c), and (d), rendering the extension of paragraph 30 duplicative and unnecessary.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic. **NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. **FURTHERMORE**, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

**ADDITIONALLY**, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and collections issues.

**MOREOVER**, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**WHEREAS**, under RCW 59.12 (Unlawful Detainer), RCW 59.18 (Residential Landlord-Tenant Act), and RCW 59.20 (Manufactured/Mobile Home Landlord-Tenant Act) residents seeking to avoid default judgment in eviction hearings need to appear in court in order to avoid losing substantial rights to assert defenses or access legal and economic assistance; and

**WHEREAS**, on May 29, 2020, in response to the COVID-19 pandemic, the Washington Supreme Court issued Amended Order No. 25700-B-626, and ordered that courts should begin to hear non-emergency civil matters. While appropriate and essential to the operation of our state justice system, the reopening of courts could lead to a wave of new eviction filings, hearings, and trials that risk overwhelming courts and resulting in a surge in eviction orders and corresponding housing loss statewide; and

**WHEREAS**, the Washington State Legislature has established a housing assistance program in RCW 43.185 pursuant to its findings in RCW 43.185.010 “that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs;” and

**WHEREAS**, it is critical to protect tenants and residents of traditional dwellings from homelessness, as well as those who have lawfully occupied or resided in less traditional dwelling situations for 14 days or more, whether or not documented in a lease, including but not limited to roommates who share a home; long-term care facilities; transient housing in hotels and motels; “Airbnbs”; motor homes; RVs; and camping areas; and

**WHEREAS**, due to the impacts of the pandemic, individuals and families have had to move in with friends or family, and college students have had to return to their parents’ home, for example, and such residents should be protected from eviction even though they are not documented in a lease. However, this order is not intended to permit occupants introduced into a dwelling who are not listed on the lease to remain or hold over after the tenant(s) of record permanently vacate the dwelling (“holdover occupant”), unless the landlord, property owner, or property manager (collectively, “landlord”) has accepted partial or full payment of rent, including payment in the form of labor, from the holdover occupant, or has formally or informally acknowledged the existence of a landlord-tenant relationship with the holdover occupant; and

**WHEREAS**, a temporary moratorium on evictions and related actions throughout Washington State at this time will help reduce economic hardship and related life, health, and safety risks to those members of our workforce impacted by layoffs and substantially reduced work hours or who are otherwise unable to pay rent as a result of the COVID-19 pandemic; and

**WHEREAS**, hundreds of thousands of tenants in Washington are unable to pay their rent, reflecting the continued financial precariousness of many in the state. According to the unemployment information from the Washington State Employment Security Department website as of October 7, 2020, current data show there are more than six times as many people claiming unemployment benefits in Washington than there were a year ago, and almost 100,000 more people claiming unemployment benefits than at the peak of the Great Recession; and

**WHEREAS**, a temporary moratorium on evictions and related actions will reduce housing instability, enable residents to stay in their homes unless conducting essential activities, employment in essential business services, or otherwise engaged in permissible activities, and will promote public health and safety by reducing the progression of COVID-19 in Washington State; and

**WHEREAS**, I issued Proclamations 20-25, 20-25.1, 20-25.2, and 20-25.3 (Stay Home – Stay Healthy), and I subsequently issued Proclamation 20-25.4 (“Safe Start – Stay Healthy” County- By-County Phased Reopening), wherein I amended and transitioned the previous proclamations’ “Stay Home – Stay Healthy” requirements to “Safe Start – Stay Healthy” requirements, prohibiting all people in Washington State from leaving their homes except under certain circumstances and limitations based on a phased reopening of counties as established in Proclamation 20-25.4, et seq., and according to the phase each county was subsequently assigned by the Secretary of Health; and

**WHEREAS**, when I issued Proclamation 20-25.4 on May 31, 2020, I ordered that, beginning on June 1, 2020, counties would be allowed to apply to the Department of Health to move forward to the next phase of reopening more business and other activities; and by July 2, 2020, a total of five counties were approved to move to a modified version of Phase 1, 17 counties were in Phase 2, and 17 counties were in Phase 3; and

**WHEREAS**, on July 2, 2020, due to the increased COVID-19 infection rates across the state, I ordered a freeze on all counties moving forward to a subsequent phase, and that freeze remains in place while I work with the Department of Health and other epidemiological experts to determine appropriate strategies to mitigate the recent increased spread of the virus, and those strategies

may include dialing back business and other activities; and

**WHEREAS**, on July 23, 2020, in response to the statewide increased rates of infection, hospitalizations, and deaths, I announced an expansion of the Department of Health's face covering requirements and several restrictions on activities where people tend to congregate; and

**WHEREAS**, when I issued Proclamation 20-19.3 on July 24, 2020, the Washington State Department of Health reported at least 51,849 confirmed cases of COVID-19 with 1,494 associated deaths; and today, as of October 11, 2020, there are at least 93,862 confirmed cases with 2,190 associated deaths; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health (DOH) continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-19, et seq., are amended to temporarily prohibit residential evictions and temporarily impose other related prohibitions statewide until 11:59 p.m. on December 31, 2020, as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout State government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, based on the above noted situation and under the provisions of RCW 43.06.220(1)(h), and to help preserve and maintain life, health, property or the public peace, except where federal law requires otherwise, effective immediately and until 11:59 p.m. on December 31, 2020, I hereby prohibit the following activities related to residential dwellings and commercial rental properties in Washington State:

- Landlords, property owners, and property managers are prohibited from serving or enforcing, or threatening to serve or enforce, any notice requiring a resident to vacate any dwelling or parcel of land occupied as a dwelling, including but not limited to an eviction notice, notice to pay or vacate, notice of unlawful detainer, notice of termination of rental, or notice to comply or vacate. This prohibition applies to tenancies or other housing arrangements that have expired or that will expire during the effective period of this Proclamation. This prohibition applies unless the landlord, property owner, or property manager (a) attaches an affidavit to the eviction or termination of tenancy notice attesting that the action is necessary to respond to a significant and immediate risk to the health, safety, or property of others created by the resident; or (b) provides at least 60 days' written notice of the property owner's intent to (i) personally occupy the premises as the owner's primary residence, or (ii) sell the property. Such a 60-day notice of intent to sell or personally occupy shall be in the form of an affidavit signed under penalty of perjury, and does not dispense landlords, property owners, or property managers from their notice obligations prior to entering the property, or from wearing face coverings, social distancing, and complying with all other COVID-19 safety measures upon entry, together with their guests and agents. Any eviction or termination of tenancy notice served under one of the above exceptions must independently comply with all applicable requirements under Washington law, and nothing in this paragraph waives those requirements.

- Landlords, property owners, and property managers are prohibited from seeking or enforcing, or threatening to seek or enforce, judicial eviction orders involving any dwelling or parcel of land occupied as a dwelling, unless the landlord, property owner, or property manager (a) attaches an affidavit to the eviction or termination of tenancy notice attesting that the action is necessary to respond to a significant and immediate risk to the health, safety, or property of others created by the resident; or (b) shows that at least 60 days' written notice were provided of the property owner's intent to (i) personally occupy the premises as the owner's primary residence, or (ii) sell the property. Such a 60-day notice of intent to sell or personally occupy shall be in the form of an affidavit signed under penalty of perjury.
- (a) Local law enforcement are prohibited from serving, threatening to serve, or otherwise acting on eviction orders affecting any dwelling or parcel of land occupied as a dwelling, unless the eviction order clearly states that it was issued based on a court's finding that (a) the individual(s) named in the eviction order is creating a significant and immediate risk to the health, safety, or property of others; or (b) at least 60 days' written notice were provided of the property owner's intent to (i) personally occupy the premises as the owner's primary residence, or (ii) sell the property. Local law enforcement may serve or otherwise act on eviction orders, including writs of restitution, that contain the findings required by this paragraph.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, late fees for the non-payment or late payment of rent or other charges related to a dwelling or parcel of land occupied as a dwelling, and where such non-payment or late payment occurred on or after February 29, 2020, the date when a State of Emergency was proclaimed in all counties in Washington State.
- Landlords, property owners, and property managers are prohibited from assessing, or threatening to assess, rent or other charges related to a dwelling or parcel of land occupied as a dwelling for any period during which the resident's access to, or occupancy of, such dwelling was prevented as a result of the COVID-19 outbreak.
- Except as provided in this paragraph, landlords, property owners, and property managers are prohibited from treating any unpaid rent or other charges related to a dwelling or parcel of land occupied as a dwelling as an enforceable debt or obligation that is owing or collectable, where such non-payment was as a result of the COVID-19 outbreak and occurred on or after February 29, 2020, and during the State of Emergency proclaimed in all counties in Washington State. This includes attempts to collect, or threats to collect, through a collection agency, by filing an unlawful detainer or other judicial action, withholding any portion of a security deposit, billing or invoicing, reporting to credit bureaus, or by any other means. **This prohibition does not apply to a landlord, property owner, or property manager who demonstrates by a preponderance of the evidence to a court that the resident was offered, and refused or failed to comply with, a repayment plan that was reasonable based on the individual financial, health, and other circumstances of that resident; failure to provide a reasonable re- payment plan shall be a defense to any lawsuit or other attempts to collect.**
- Nothing in this order precludes a landlord, property owner, or property manager from engaging in customary and routine communications with residents of a dwelling or parcel of land occupied as a dwelling. "Customary and routine" means communication practices that were in place prior to the issuance of Proclamation 20-19 on March 18, 2020, but only to the extent that those communications reasonably notify a resident of upcoming rent that is due; provide notice of community events, news, or updates; document a lease violation without threatening eviction; or are otherwise consistent with this order. Within these communications and parameters, it is permissible for landlords, property owners and property managers to provide information to residents regarding financial resources, and to provide residents with information on how to engage with them in discussions regarding reasonable repayment plans as described in this order.
- Except as provided in this paragraph, landlords, property owners, and property managers are prohibited from increasing, or threatening to increase, the rate of rent for any dwelling or parcel of land occupied as a dwelling. This prohibition does not apply to a landlord, property owner, or property manager who provides (a) advance notice of a rent increase required by RCW 59.20.090(2) (Manufactured/Mobile Home Landlord-Tenant Act), or (b) notice of a rent increase specified by the terms of the existing lease, provided that (i) the noticed rent increase does not take effect until after the expiration of Proclamation 20- 19.4, and any modification or extension thereof, and (ii) the notice is restricted to its limited purpose and does not contain any threatening or coercive language, including any language threatening eviction or describing unpaid rent or other charges. Unless expressly permitted in this or a subsequent order, under no circumstances may a rent increase go into effect while this Proclamation, or any extension thereof, is in effect. Except as provided below, this prohibition also applies to commercial rental property if the commercial tenant has been materially impacted by the COVID-19, whether personally impacted and is unable to work or whether the business itself was deemed non-essential pursuant to Proclamation 20-25 or otherwise lost staff or customers due to the COVID-19 outbreak. This prohibition does not apply to commercial rental property if rent increases were included in an existing lease agreement that was executed prior to February 29, 2020 (pre-COVID-19 state of emergency).

- Landlords, property owners, and property managers are prohibited from retaliating against individuals for invoking their rights or protections under Proclamations 20-19 et seq., or any other state or federal law providing rights or protections for residential dwellings. Nothing in this order prevents a landlord from seeking to engage in reasonable communications with tenants to explore re-payment plans in accordance with this order.
- The preceding prohibitions do not apply to operators of long-term care facilities licensed or certified by the Department of Social and Health Services to prevent them from taking action to appropriately, safely, and lawfully transfer or discharge a resident for health or safety reasons, or a change in payer source that the facility is unable to accept, in accordance with the laws and rules that apply to those facilities. Additionally, the above prohibition against increasing, or threatening to increase, the rate of rent for any dwelling does not apply to customary changes in the charges or fees for cost of care (such as charges for personal care, utilities, and other reasonable and customary operating expenses), or reasonable charges or fees related to COVID-19 (such as the costs of PPE and testing), as long as these charges or fees are outlined in the long-term care facility’s notice of services and are applied in accordance with the laws and rules that apply to those facilities, including any advance notice requirement.

Terminology used in these prohibitions shall be understood by reference to Washington law, including but not limited to RCW 49.60, RCW 59.12, RCW 59.18, and RCW 59.20. For purposes of this Proclamation, a “significant and immediate risk to the health, safety, or property of others created by the resident” (a) is one that is described with particularity; (b) as it relates to “significant and immediate” risk to the health and safety of others, includes any behavior by a resident which is imminently hazardous to the physical safety of other persons on the premises (RCW 59.18.130 (8)(a)); (c) cannot be established on the basis of the resident’s own health condition or disability; (d) excludes the situation in which a resident who may have been exposed to, or contracted, the COVID-19, or is following Department of Health guidelines regarding isolation or quarantine; and (e) excludes circumstances that are not urgent in nature, such as conditions that were known or knowable to the landlord, property owner, or property manager pre-COVID-19 but regarding which that entity took no action.

**FURTHERMORE**, it is the intent of this order to prevent a potential new devastating impact of the COVID-19 outbreak – that is, a wave of statewide homelessness that will impact every community in our state. To that end, this order further acknowledges, applauds, and reflects gratitude to the immeasurable contribution to the health and well-being of our communities and families made by the landlords, property owners, and property managers subject to this order.

**ADDITIONALLY**, I want to thank the vast majority of tenants who have continued to pay what they can, as soon as they can, to help support the people and the system that are supporting them through this crisis. The intent of Proclamation 20-19, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. Landlords and tenants are expected to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions that all parties will need in order to overcome the severe challenges that COVID-19 has imposed for landlords and tenants alike. I strongly encourage landlords and tenants to avail themselves of the services offered at existing dispute resolution centers to come to agreement on payment and repayment solutions.

**ADDITIONALLY**, I want to thank the stakeholders and legislators who participated in the eviction moratorium workgroup with my executive senior policy advisors. The workgroup discussed a broad range of issues, and that discussion informed the modifications reflected in this order. I am directing my policy advisors to continue to work with stakeholders over the next 30 days to consider additional amendments to the moratorium to ensure that the moratorium’s protections for non-payment of rent apply narrowly to those persons whose ability to pay has been directly or indirectly materially impacted by the COVID-19 virus.

**MOREOVER**, as Washington State begins to emerge from the current public health and economic crises, I recognize that courts, tenants, landlords, property owners, and property managers may desire additional direction concerning the specific parameters for reasonable re- payment plans related to outstanding rent or fees. This is best addressed by legislation, and I invite the state Legislature to produce legislation as early as possible during their next session to address this issue. I stand ready to partner with our legislators as necessary and appropriate to ensure that the needed framework is passed into law.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 14th day of October, A.D., Two Thousand and Twenty at Olympia, Washington.

Secretary of State

**PROCLAMATION BY THE GOVERNOR  
AMENDING AND EXTENDING EMERGENCY PROCLAMATIONS 20-05 AND 20-23, et seq.**

**20-23.11**

**Ratepayer Assistance and Preservation of Essential Services**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State of as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, continues to broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

**WHEREAS**, the COVID-19 pandemic has caused a global economic slowdown and an economic downturn in Washington State, resulting in layoffs and reduced work hours for a significant percentage of our workforce and significant reductions in business activity impacting our commercial sectors that support our state's economic vitality, including severe impacts to the large number of small businesses that make Washington State's economy thrive; and

**WHEREAS**, the available financial resources of many of our people and businesses are becoming limited with many of them suffering considerable economic hardship as a result of the economic impacts of the COVID-19 pandemic on our economy, resulting in a significant threat of utility services being disconnected and late payment fees being imposed; and

**WHEREAS**, maintaining provision of utility services during this crisis is an essential tool in sustaining and protecting the health and welfare of our people and businesses as a critical part of the overall response to the COVID-19 pandemic; and

**WHEREAS**, the Washington State Utilities and Transportation Commission regulates the rates and services of investor-owned utilities in Washington State and is coordinating with utilities throughout the State to protect the availability and affordability of essential utility services for those economically impacted by the COVID-19 pandemic through a variety of measures, including: suspending disconnection of utilities for nonpayment, waiving late fees, working with affected utility customers to establish payment arrangements, and improving access to energy assistance for affected customers; and

**WHEREAS**, on March 18, 2020, I issued Proclamation 20-23, waiving and suspending statutes and prohibiting certain activities relating to utility services; and

**WHEREAS**, on March 24, 2020, I issued Proclamation 20-23.1, amending and continuing the waivers and suspension of statutes and the prohibitions of certain activities relating to utility services; and

**WHEREAS**, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamations 20-23, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I acknowledged and similarly extended the prohibitions therein

**WHEREAS**, on October 1, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-23, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first; and

**WHEREAS**, to fully extend Proclamations 20-23, et seq., it is also necessary for me to extend the prohibitions therein; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression throughout Washington State continues to threaten the life and health of our people as well as the economy of Washington State, and remains a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, hundreds of thousands of Washingtonians are struggling to pay for necessities, reflecting the continued financial precariousness of many in the state. According to unemployment information from the Washington State Employment Security Department website as of October 7, 2020, current data show there are more than six times as many people claiming unemployment benefits in Washington than there were a year ago, and almost 100,000 more people claiming unemployment benefits than at the peak of the Great Recession; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Washington State Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on November 9, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

**ACCORDINGLY**, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities:

- (1) Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer.
- (2) Refusing to reconnect any residential customer who has been disconnected due to nonpayment;
- (3) Charging fees for late payment or reconnection of energy, telecommunications, or water service; and
- (4) Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility's COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on December 31, 2020, whichever comes first.

**FURTHERMORE**, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

**ADDITIONALLY**, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and

collections issues.

**MOREOVER**, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 14th day of October, A.D., Two Thousand and Twenty at Olympia, Washington.

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATIONS 20-05 AND 20-12**

**20-12.2  
Higher Education**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamations 20-25, et seq., which prohibited all people in Washington State from leaving their homes except to participate in certain permitted activities, within the limitations therein; and

**WHEREAS**, the COVID-19 disease, caused by a virus that spreads easily from person to person, which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

**WHEREAS**, during early stages of the COVID-19 pandemic, health professionals and epidemiological modeling experts indicated that the spread of COVID-19, if left unchecked, threatened to overwhelm portions of Washington’s public and private health-care system; and

**WHEREAS**, health professionals and epidemiological modeling experts indicated that continued normal operation of public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs could increase the spread of COVID-19 throughout Washington and would increase the threat to our residents and our health system; and

**WHEREAS**, many public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs recognized the risk of continued in-person classes and unilaterally moved to remote instruction or implemented alternative learning options to address physical distancing recommendations; and

**WHEREAS**, on March 13, 2020, I issued Proclamation 20-12 prohibiting public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs from conducting in-person classroom instruction and lectures related to all educational and apprenticeship related programs; and

**WHEREAS**, the prohibitions in Proclamation 20-12 expired on April 24, 2020, but public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs have remained in modified operation, including remote learning and certain programs for essential workers; and

**WHEREAS**, Washington's public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs are an important part of our economy and are vital to the educational, social, and economic needs of Washingtonians; and

**WHEREAS**, using remote learning to replace most classroom instruction creates challenges to access for many Washingtonians; and

**WHEREAS**, the progression of COVID-19 in Washington State shows ethnic disparities in health impacts which are likely to increase ethnic disparities in access and success in post-secondary education requiring the State and all of our campuses and programs to understand how these challenges affect our students and to work to minimize these impacts; and

**WHEREAS**, although public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs have made tremendous efforts to continue to function through remote learning, returning to campus and these facilities as soon as can be safely accomplished will benefit Washington; and

**WHEREAS**, although the Department of Health indicates that COVID-19 is an ongoing, present threat in Washington State, health professionals predict that we can safely return to campus at our public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs in fall 2020 if appropriate safety measure are in place and if both students and personnel adhere to those measures; and

**WHEREAS**, the nature of COVID-19 viral transmission, including both asymptomatic and symptomatic spread as well as the relatively high infectious nature, suggests it is appropriate to physically return to campus and programs at public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs only through a science-based approach that incorporates safety, sanitation, and physical distancing guidelines; and

**WHEREAS**, during the initial return to campus in the fall of 2020, there have been more than 35 COVID-19 outbreaks linked to public and private institutions of higher education, and some higher education institutions have seen a substantial increase in COVID-19 positive cases that are tied to both congregate living arrangements, including fraternities and sororities, and also large social gatherings of students, thereby triggering the need to increase safety measures to address these outbreaks; and

**WHEREAS**, public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs will continue to need to prepare to be flexible to pivot in whole or in part to remote learning if there is an increase of COVID-19 in their county or within their educational community, or to impose or enforce additional safety measures when causes of outbreaks are identified; and

**WHEREAS**, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as amended, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), Proclamations 20-05 and 20- 25, et seq., continue in effect except as amended herein, to allow for a physical return in fall 2020 to campuses and programs at public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs and continued housing in fraternities, sororities, and similar congregate student housing provided certain requirements are and continue to be satisfied.

**FURTHERMORE**, public and private universities, colleges, technical schools, apprenticeship programs, and similar schools and programs, in all phases of reopening, are prohibited from providing general instruction, to include in-person classroom instruction, lectures and similar educational gatherings, except when they implement, follow, and enforce the requirements specified below, subject to any directions, requirements, or exceptions issued by, in order of precedence, the Governor, the Secretary of Health, a

local health officer, or a delegate of thereof. **Higher education facilities in counties in Phase 1 or modified Phase 1 are further prohibited from operating except as allowed by local health departments in consultation with the state health department.**

#### CAMPUS SAFETY

- Adhere to all federal, state and local public health and workplace safety requirements;
- Develop comprehensive plans (“Safe Back to School Plan”) based on the [Campus Reopening Guide](#) prepared by the Higher Education Re-Opening Work Group. The plan must meet all standards for reopening in accordance with federal, state and local health requirements (to include *Safe Start* proclamations and guidance), and make available a copy of these plans at each location on campus;
- Follow state return to work guidance to include allowing work from home for operations able to be performed remotely;
- Maintain minimum physical distancing whenever possible of six feet between all on-campus personnel, including with visitors, and where physical distancing cannot be maintained, implement administrative or engineering controls to minimize exposure;
- Implement and maintain frequent and adequate hand washing policies and include adequate maintenance of supplies;
- Use disposable gloves and other Personal Protective Equipment (PPE) where safe and applicable to prevent transmission on shared items;
- Implement and maintain adequate sanitization of high-touch surfaces and shared resources (e.g., doorknobs, elevators, vending machines, points of sales);
- Implement and maintain a self-certification program through which students and personnel are asked to self-certify that they have experienced no COVID-19 symptoms since last visit to campus facility;
- If students or personnel are experiencing any known COVID-19 symptoms, require that they stay home in isolation or, as provided below, in isolation or quarantine housing provided by the institution, and safely seek COVID-19 testing or medical assessment, being careful to wear a face covering while seeking medical care and minimizing close contact with others;
- Require that students and personnel self-quarantine or isolate per local public health guidelines if they are confirmed to have COVID-19 or have been exposed to a confirmed case;
  - Refer to guidance from the Washington State Department of Health (DOH): <https://www.doh.wa.gov/Portals/1/Documents/1600/coronavirus/COVIDexposed.pdf>;
- Develop response protocols for students, personnel, and visitors reporting symptoms and/or confirmed to have COVID-19;
- Avoid non-essential travel by school personnel and require school personnel to self-quarantine per local public health and worker safety guidelines after any high-risk travel as defined by the Centers for Disease Control and Prevention (CDC) or DOH (e.g., international travel);
- Follow state reopening guidelines for travel;
- Follow state guidelines for logging onsite personnel by, to the extent feasible, implementing a program to log students, personnel, and visitors;
- Provide contact information to all students/personnel to report concerns and/or potential violations of the Safe Back-to-School Plan;
- Regularly self-monitor and update the Safe Back-to-School Plan;
- Communicate the Safe Back-to-School Plan to all students and personnel including any future modifications;
- For institutions that operate residential facilities:
  - Limit the occupancy of bedrooms to no more than two residents. This limit does not apply to family members residing together. For purposes of this proclamation, “family member” means an aunt, child, cousin, domestic partner, grandchild, grandparent, parent, sibling, spouse, or uncle, whether biological, adoptive, step, foster, de facto, in loco parentis, or by guardianship. Those sharing a bedroom are not required to wear face coverings when they are in their bedroom, unless a visitor is present, and they are not required to maintain physical distancing from one another in or out of their bedroom;
  - Limit gatherings in residential facilities as follows:
    - A gathering in a bedroom must be limited to the two people who reside in the room and one visitor at a time;
    - A gathering in a residential unit, outside of a bedroom, must be limited to five people at a time, and only one such gathering may occur in a residential unit at a time;
    - A gathering in a residential facility, outside of a residential unit, must be limited to five people at a time in any

- one room;
- A gathering in a residential facility, outside of a residential unit, may exceed the limit above if it is for educational purposes and is authorized by the institution, subject to any requirements imposed by the local health officer or DOH;
- All people gathered must wear face coverings and maintain physical distancing of at least six feet, except as otherwise provided herein or in [Order of the Secretary of Health 20-03.1, and any subsequent amendments thereto](#);
- Furniture must be moved, gathering spaces must be modified, and attendance must be limited to accommodate the required physical distancing of those gathered. If a gathering space cannot accommodate physical distancing, it must not be used;
- Family members who reside together are exempt from the above limits on gatherings in bedrooms, residential units, and residential facilities. Family members who reside together may gather anywhere in a residential facility with up to two visitors. Family members who reside together must maintain physical distancing of at least six feet from visitors, but not from one another, when gathered. They must also wear face coverings when gathered with visitors anywhere in a residential facility and when gathered outside the residential unit with or without visitors, except as otherwise provided in [Order of the Secretary of Health 20-03.1, and any subsequent amendments thereto](#);
- Provide isolation and quarantine housing and support services as follows:
  - The institution must provide isolation and quarantine housing and support services to any campus personnel who live in institution-provided housing, any residential student, and any non-residential student who lives in shared housing in proximity to campus who needs to be isolated or quarantined pursuant to this proclamation and cannot be safely isolated or quarantined in their usual place of residence;
  - The institution must provide prompt access to isolation or quarantine housing and support services when informed by personnel or a student that they meet the above criteria for such housing;
  - The institution may charge students and personnel for the costs of providing housing and support services consistent with its policies on institutional aid for students demonstrating financial need and policies on fee waivers;
  - Isolation housing must be sufficiently separated from quarantine housing so that isolated individuals and quarantined individuals can avoid coming into close contact or using the same spaces or facilities in the housing. Isolation housing must not share a ventilation system with quarantine housing;
  - Support services are those services required to meet the individual’s daily needs, including, but not limited to, food and drink, basic supplies, health monitoring, and internet access and other appropriate means of communication;
  - The institution must inform all personnel and students of the availability of and directions for obtaining needed access to isolation and quarantine housing;
- Make diligent efforts to monitor and enforce compliance with the requirements of this proclamation by students and personnel within the institution’s disciplinary authority and procedures and any other applicable authority;
- Make diligent efforts to arrange for local law enforcement agencies with appropriate jurisdiction to patrol the areas surrounding the campus and enforce the legal requirements imposed by state and local officials limiting the size of gatherings, requiring the wearing of face coverings, requiring physical distancing, and imposing other obligations intended to control and prevent the spread of COVID-19;
- For institutions with police forces, undertake the patrol and enforcement activities described above in areas within the police force’s jurisdiction; and
- For institutions that do not operate residential facilities, develop a plan with the relevant local health jurisdiction to address the isolation and quarantine needs of any personnel and students who have confirmed or suspected COVID-19 or exposure to an individual confirmed to have COVID-19 and are unable to isolate or quarantine in their usual place of residence.

**STUDENT AND PERSONNEL SUPPORT**

- Adhere to state and federal law for health and workplace safety during COVID-19 including state "Safe Start" guidance and State Department of Labor & Industries guidelines;
- Provide students and personnel with PPE such as gloves, goggles, face shields, and/or masks as appropriate or required for students/personnel not working alone (e.g. any public-facing job and/or those whose responsibility includes operating within physical distancing limits of six feet), and shut down or suspend any activity if PPE cannot be provided;
- Follow Washington State Department of Labor and Industries guidelines for masks: <https://www.lni.wa.gov/forms-publications/F414-168-000.pdf>;
- Require students, visitors, and other non-employees to wear face coverings on institution property as required by [Order of](#)

[the Secretary of Health 20-03.1](#) and any subsequent amendments thereto;

- Identify available alternative arrangements for students and personnel upon requests or refusals to work due to concerns related to campus safety. Priority should be given for students/personnel who are considered high-risk or vulnerable as defined by public health officials; following state guidelines (to include *Safe Start* guidance) for COVID-19 scenarios and benefits; and
- Educate students and personnel on symptom detection, sources of high risk to COVID-19, prevention measures, and leave benefits/policies (e.g., UI for personnel that need to self- quarantine); following any education requirements for employers per state COVID-19 *Safe Start* plan.

#### VISITOR EXPECTATIONS

- Limit or prohibit visitors; and
- Post visible entry point signage for students, personnel, and visitors describing shared on- campus responsibilities, to include guidance regarding proper hygiene and sanitization, physical distancing and PPE guidance, staying home if feeling sick, information on how and when to report concerns, and other information as appropriate or required.

#### FOOD SERVICES

- Follow Washington State reopening guidelines for restaurants, except as provided below;
- Limit capacity of the dining area to no more than fifty percent and enforce such limit (e.g., enforced at point of entry with clickers);
- Allow only those who share a bedroom and family members who reside together to be within six feet of one another while dining. For purposes of this proclamation, “family member” means an aunt, child, cousin, domestic partner, grandchild, grandparent, parent, sibling, spouse, or uncle, whether biological, adoptive, step, foster, de facto, in loco parentis, or by guardianship. For purposes of this proclamation, members of a fraternity, sorority, or similar organization are not family members by virtue of their membership in the organization. An institution may provide authorization to the members of a university-sanctioned cohort of up to five persons to be within six feet of one another while dining, provided that the members are separated by physical barriers to prevent droplet spread. Those who share a bedroom and family members who reside together are not required to be separated by physical barriers;
- Implement floor markings to promote physical distancing;
- Post signs to remind students/personnel of physical distancing, PPE requirements, and to use hand sanitizer;
- Complete routine sanitization of high-touch surfaces and shared resources (e.g., door handles, points of sales);
- Restrict cash payments; allow payments only by card or contactless payment; and
- Require all patrons to wear cloth face coverings except while eating.

**FURTHERMORE**, because higher education student congregate living settings have experienced multiple outbreaks of COVID-19 and present an ongoing serious risk of subsequent outbreaks, fraternities, sororities, and other organizations that provide higher education student congregate housing that is similarly organized and administered are prohibited from providing housing to higher education students or any other individuals unless they implement, follow, and enforce the requirements specified below inside their houses and, for fraternities and sororities, require any members who live together in live-out, annex, or alternate properties outside of their main houses to implement, follow, and enforce such requirements in such properties, subject to any directions, requirements, or exceptions issued by, in order of precedence, the Governor, the Secretary of Health, a local health officer, or a delegate of thereof. Fraternities, sororities, and other organizations that provide higher education student congregate housing that is similarly organized and administered are exempt from the prohibition set out in Proclamation 20-19, et seq., including 20-19.4 *Evictions and Related Housing Practices*, to the extent it would preclude discontinuing providing housing to residents due to a violation of the requirements of this proclamation.

- Residents must always wear face coverings inside the house when they are outside their bedrooms and otherwise comply with *Order of the Secretary of Health 20-03.1*, and any subsequent amendments thereto;
- No more than five visitors may be on the premises, including in the house or on the outside grounds, at any given time, regardless of the Safe Start Phase of the county in which the residents are located. Subject to this limit of five visitors on the premises at a time, residents may gather with only the number of people per week authorized in the Safe Start Phase of the county in which they are located (currently five non-household members in Phase 2 and ten non-household members in Phase 3). A record of those visiting, including name, date, time in and out, and mobile phone number, must be maintained for 30 days from the date of visit, and is to be made available upon demand to public health officials for purposes of conducting outbreak investigations or case investigation and contact tracing. While on the premises, visitors must be required to wear face coverings in compliance with *Order of the Secretary of Health 20-03.1*, and any subsequent amendments thereto;
- Bedrooms or other sleeping quarters must be limited to an occupancy of no more than two residents of the house. Those sharing a bedroom or other sleeping quarters are not required to wear face coverings in their bedroom or other sleeping quarters, unless a visitor is present, and they are not required to maintain physical distancing from one another in or out of

- their bedroom or other sleeping quarters, but are required to wear a face covering, unless eating;
- No more than five people, whether residents, visitors, or a combination thereof, may gather in any one room in a house at a time. Groups of up to five people may gather in different rooms within a house. Gatherings in bedrooms or other sleeping quarters must be limited to the two people who reside in the room and one visitor. Those gathered must wear face coverings and maintain physical distancing of at least six feet;
  - Sanitization of high-touch surfaces and shared resources must be completed daily;
  - A person must always be on the premises who is responsible for actively monitoring compliance with and enforcing the requirements of this proclamation. The identity and contact information of this individual must be promptly and regularly reported to the associated higher education institution. The fraternity, sorority, organization, and higher education institution must promptly provide this person’s information to public health officials upon demand;
  - A disciplinary process must be implemented for those who refuse to comply or are repeat offenders; and
  - Residents who are confirmed or suspected of being infected with COVID-19 or are close contacts of someone who is infected with COVID-19 must not be automatically required to leave the house. Plans must be made and implemented to safely quarantine those who are close contacts and safely isolate those who are confirmed or suspected of being infected with COVID-19. Residents must be isolated or quarantined in the house, unless it would be unsafe to do so. If safe quarantine or isolation is not possible in the house, the fraternity, sorority, or organization must make arrangements with the higher education institution with which it is associated to provide isolation and quarantine facilities and wraparound services for their residents.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

As a result of this event, I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). A fraternity, sorority, or other organization that provides higher education student congregate housing that is similarly organized and administered that violates the requirements of this proclamation may be subject to adverse action by their governing body or associated higher education institution and may be ordered by a local health officer or the Secretary of Health to take corrective action or to close their house.

**PROCLAMATION BY THE GOVERNOR  
AMENDING AND EXTENDING PROCLAMATION 20-05**

**20-75  
Stay Safe – Vote Safe**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and

regulations; and

**WHEREAS**, to curtail the spread of the COVID-19 pandemic in Washington State by limiting person-to-person contact through social distancing and limiting in-person interactions. I issued Proclamation 20-25, et seq., which during the early stages of the COVID-19 pandemic prohibited all people in Washington State from leaving their homes except under certain circumstances and limitations, and then transitioned to a phased, metrics-based reopening in accordance with guidance issued by my office and by the Washington State Department of Health; and

**WHEREAS**, to curtail the spread of the COVID-19 pandemic on the campuses and facilities of colleges, universities, technical schools, apprenticeship and similar programs, I issued Proclamation 20-12, et seq., which established guidance for remote and in-person learning and residential housing at educational facilities; and

**WHEREAS**, the right to vote is fundamental to democracy; and

**WHEREAS**, under Washington's safe, secure, and successful voting system, eligible Washington residents may register to vote using either mail or the internet up to eight days before an election, and also may register to vote, obtain a ballot, and/or drop off a completed ballot in-person at county elections offices or voting centers and at student engagement HUBS throughout the state (collectively "voting centers") through 8:00 p.m. on an election day; and

**WHEREAS**, in order to access in-person registration and voting services for the upcoming general election, Washington voters will be visiting voting centers throughout the state through 8:00 p.m. on Election Day, November 3, 2020, to register, receive a ballot, and vote; and

**WHEREAS**, voting centers have been enhancing their facilities and operations to provide for safe, accessible services for those who choose to register to vote and/or return their ballot in-person, but many voting centers are located within buildings that are closed or have restricted access due to restrictions imposed in response to the COVID-19 pandemic; and

**WHEREAS**, Washington election officials are projecting up to 90 percent turnout for the general election and are anticipating a significant increase of in-person registration and voting; and

**WHEREAS**, to ensure that restrictions due to the COVID-19 pandemic on access to voting center locations, on public meetings, or on any other activity affecting in-person voter registration or voting do not deter Washingtonians from accessing and utilizing in-person voter registration and voting services, it is necessary to issue clarification, conditions, and exceptions to prohibitions potentially affecting such access and activities; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to address the impacts and long-term effects of the emergencies on Washington State and its people.

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situations, and under RCW 38.08, 38.52, and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments remain in effect, and that the prohibitions in Proclamations 20-25, et seq., 20-12, et seq., and any other proclamation affecting the right to utilize in person voter registration and voting services are amended as follows: Under RCW 43.06.220(3), for the period from October 27, 2020, through 11:59 p.m. on November 4, 2020, I suspend any prohibition imposed by proclamation or by a government entity under my authority that restricts access to voting centers and student engagement HUBS by persons intending to register to vote, obtain a ballot, receive assistance with a ballot, deposit a ballot, or use other voting-related services, and that restricts access to voting centers and student engagement HUBS or election facilities by election officials. All voting centers, student engagement HUBS, and persons engaged in voting activities should practice physical distancing requirements (six-feet between persons) and use personal protective equipment, including facial coverings, as recommending by the Department of Health and the U.S. Centers for Disease Control and Prevention.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic and wildfires.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency

Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**MEMORANDUM BY THE GOVERNOR  
PROCLAMATIONS 20-12 & 20-25**

**TO:** Interested Stakeholders

**FROM:** Governor Jay Inslee

**DATE:** October 27, 2020

**SUBJECT:** Elections, Voting Center, and Student Engagement HUB Operations Clarifications – Proclamation 20-25, “Stay Home – Stay Healthy” et seq. and Proclamation 20-12, “Higher Education” et seq.

This memorandum serves to clarify application of COVID-19 requirements for voters and for voting service operations, including county elections offices, county voting centers, and student engagement HUBs throughout the state.

**Essential Workers, Services and Activities**

Elections personnel, including volunteers, are essential workers. In addition, all county elections offices, county voting centers and student engagement HUBs, wherever located in the State, are essential services and businesses. Voting, whether by mail or in person, is an essential activity. Nothing in Proclamation 20-25, et seq., Proclamation 20-12, et seq., or in any order issued by other government entity under my authority, may be interpreted to limit the operations of, or access to, any voting office, voting center or student engagement HUB, or to hinder the ability of any voter to register to vote or to cast his or her vote by mail, ballot drop box, or in person delivery. All voting centers, student engagement HUBS, and persons engaged in voting activities should practice physical distancing requirements (six feet between persons) and use personal protective equipment, including facial coverings, as recommended by the Department of Health and the U.S. Centers for Disease Control and Prevention.

**Gatherings**

Voters who are in attendance at, or outside of, any voting office, voting center, or student HUB, and who are there for the purpose of registering to vote, casting their vote, or otherwise seeking the assistance of elections personnel, are not engaged in “gathering” for the purpose of *Safe Start* gathering restrictions. Each such voter is deemed to be engaged in an essential activity, regardless of the number of other voters and elections personnel present; as a result, gathering restrictions are not applicable, regardless of the *Safe Start* Phase in which the voter is located.

However, all face coverings and social distancing safety measure requirements are applicable and must be adhered to.

**In-Person Voter Registration and Voting Shall Not be Impaired**

The intent of this memorandum is to clarify that no proclamation or amendment issued under Proclamation 20-05 shall be interpreted or applied in such a way as to prevent or impair operations or staffing of election facilities or access to in-person voter registration, ballot issuance, and ballot deposit..

**General questions about how to comply with Proclamations 20-25 et seq.,** can be submitted [here](#).

**Violations related to Proclamations 20-25 et seq.,** can be reported [here](#).
