Modifying the workforce education investment act.

The measure was read the second time.

MOTION

Senator Randall moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is a compelling and urgent need for coordinated investments in the state's behavioral health workforce. The demand for a qualified behavioral health workforce continues to grow as the availability of services throughout the state does not meet the need. According to the workforce training and education coordinating board's "behavioral health workforce: Barriers and solutions report," Washington ranks 31 out of the 50 states when comparing prevalence of mental illness to access to care. In addition, behavioral health needs have increased since the COVID-19 pandemic began and the need is expected to rise as economic and

social hardships continue. Despite increased demand, the legislature finds that there continues to be difficulties in recruiting and retaining professionals who are adequately trained to meet behavioral health needs. Many of these professions require years of training, ranging from some postsecondary education to medical degrees. In addition, the legislature finds that there is significant variation in the geographic distribution of behavioral health providers across the state. Rural and underserved areas face disparities in access to care. High student loan debt loads, better pay, and lighter caseloads can drive behavioral health professionals into private practice or hospital-based settings rather than community-based settings which typically have a higher percentage of medicaid-funded services and higher caseloads.

The legislature finds that there are professions and areas within the behavioral health workforce that are most in need of state investment. The legislature intends to focus coordinated efforts and investments on these areas of greatest need including, but not limited to:

- (1) Behavioral health apprenticeships;
- (2) Children's mental health professionals;
- (3) Peer counselors;
- (4) Crisis hotline agents;
- (5) Behavioral health residencies for professionals such as psychiatrists, advanced registered nurse practitioners, physician assistants, and pharmacists;
- (6) Substance use disorder professionals;
- (7) Community mental health workers;
- (8) Clinical social workers;
- (9) Licensed mental health counselors;
- (10) Licensed marriage and family therapists; and
- (11) Clinical psychologists.

The legislature also recognizes existing programs that have helped recruit, retain, and grow the behavioral health workforce, such as the Washington health corps, which provides loan repayment to behavioral health professionals, and the Washington state opportunity scholarship, which utilizes a public-private match to fund scholarships for students pursuing health fields. Therefore, the legislature intends to increase the behavioral health workforce by expanding on successful existing programs, establishing new ones, and by focusing the efforts of the workforce education investment act.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.115 RCW to read as follows:

The office and the department of health shall prioritize a portion of any nonfederal balances in the health professional loan repayment and scholarship program fund for conditional loan repayment contracts for applications that reflect demographically underrepresented populations. Loan repayment contracts may include services provided in the community or at a designated site.

NEW SECTION. Sec. 3. A new section is added to chapter 71.24 RCW to read as follows:

Subject to the availability of amounts appropriated for this specific purpose, the authority shall establish a behavioral health workforce pilot program and training support grants for community mental health providers including, but not limited to, clinical social workers, licensed mental health counselors, licensed marriage and family therapists, clinical psychologists, and substance abuse treatment providers. The authority must implement these services in partnership with and through the regional accountable communities of health or the University of Washington behavioral health institute.

(1)(a) The intent of the pilot program is to provide incentive pay for individuals serving as clinical supervisors within community behavioral health agencies, state hospitals, and other

facilities operated by the department of social and health services. The desired outcomes of the pilot program include increased internships and entry opportunities for new clinicians through recruitment and retention of supervisors. The authority must ensure the pilot program covers three sites serving primarily medicaid clients in both eastern and western Washington. One of the sites must specialize in the delivery of behavioral health services for medicaid enrolled children. Of the remaining two sites, one must offer substance use disorder treatment services.

(b) The authority must provide a report to the office of financial management and the appropriate committees of the legislature by September 30, 2023, on the outcomes of the pilot program. The report must include:

- (i) A description of the mechanism for incentivizing supervisor pay and other strategies used at each of the sites;
- (ii) The number of supervisors that received bonus pay at each site;
- (iii) The number of students or prelicensure clinicians that received supervision at each site;
- (iv) The number of supervision hours provided at each site;
- (v) Initial reporting on the number of students or prelicensure clinicians who received supervision through the pilot programs that moved into a permanent position with the pilot program or another community behavioral health program in Washington state at the end of their supervision;
- (vi) Identification of options for establishing enhancement of supervisor pay through managed care organization payments to behavioral health providers; and
- (vii) Recommendations of individual site policy and practice implications for statewide implementation.

(2) The authority shall establish a grant program to mental health and substance use disorder providers that provides flexible funding for training and mentoring of clinicians serving children and youth. The authority must consult with stakeholders, including but not limited to behavioral health experts in services for children and youth, providers, and consumers, to develop guidelines for how the funding could be used, with a focus on evidence-based and promising practices, continuing education requirements, and quality monitoring infrastructure.

(1) The program administrator shall provide administrative support to execute the duties and responsibilities provided in this chapter, including but not limited to publicizing the program, selecting participants for the opportunity scholarship award, distributing opportunity scholarship awards, and achieving the maximum possible rate of return on investment of the accounts in subsection (2) of this section, while ensuring transparency in the investment decisions and processes. Duties, exercised jointly with the board, include soliciting funds and setting annual fund-raising goals. The program administrator shall be paid an administrative fee as determined by the board.

(2) With respect to the opportunity scholarship program, the program administrator shall:

(a) Establish and manage the specified accounts created in (b) of this subsection, into which to receive grants and contributions from private sources as well as state matching funds, and from which to disburse scholarship funds to participants;

(b) Solicit and accept grants and contributions from private sources, via direct payment, pledge agreement, or escrow account, of private sources for deposit into any of the specified accounts created in this subsection (2)(b) upon the direction of the donor and in accordance with this subsection (2)(b):

(i) The "scholarship account," whose principal may be invaded, and from which scholarships must be disbursed for baccalaureate programs beginning no later than December 1, 2011, if, by that date, state matching funds in the amount of five million dollars or more have been received. Thereafter, scholarships shall be disbursed on an annual basis beginning no later than May 1, 2012, and every October 1st thereafter;

(ii) The "student support pathways account," whose principal may be invaded, and from which scholarships may be disbursed for professional-technical certificate or degree programs in the fiscal year following appropriations of state matching funds. (A) The state match has been made into both the scholarship and the endowment account; and

(v) An amount equal to at least fifty percent of all grants and contributions must be deposited into the scholarship account until such time as twenty million dollars have been deposited into the scholarship account, after which time the private donors may designate whether their contributions must be deposited to the scholarship account, the student support pathways account, the advanced degrees pathways account, or the endowment account. The board and the program administrator must work to maximize private sector contributions to these accounts to maintain a robust scholarship program while simultaneously building the endowment, and to determine the division between the accounts in the case of undesignated grants and contributions, taking into account the need for a long-term funding mechanism and the short-term needs of families and students in Washington. The first five million dollars in state match, as provided in RCW 28B.145.040, shall be deposited into the scholarship account and thereafter the state match shall be deposited into the specified accounts created in this subsection (2)(b) in equal proportion to the private funds deposited in each account, except that no more than ~~((one million dollars))~~ \$5,000,000 in state match shall be deposited into the advanced degrees pathways account in a single fiscal biennium; and

is awarded to participants within that federally recognized Indian tribe, municipality, or county according to the federally recognized Indian tribe's, municipality's, or county's program rules;

(h) Determine the annual amount of the opportunity scholarship for each selected participant. The annual amount shall be at least one thousand dollars or the amount determined under (e) of this subsection, but may be increased on an income-based, sliding scale basis up to the amount necessary to cover all reasonable annual eligible expenses as assessed pursuant to (d) of this subsection, or to encourage participation in professional-technical certificate programs, professional-technical degree programs, baccalaureate degree programs, or eligible advanced degree programs identified by the board;

(i) Distribute scholarship funds to selected participants. Once awarded, and to the extent funds are available for distribution, an opportunity scholarship shall be automatically renewed as long as the participant annually submits documentation of filing both a free application for federal student aid (FAFSA) and for available federal education tax credits including, but not limited to, the American opportunity tax credit, or if ineligible to apply for federal student aid, the participant annually submits documentation of filing a state financial aid application as approved by the office of student financial assistance; and until the participant withdraws from or is no longer attending the program, completes the program, or has taken the credit or clock hour equivalent of one hundred twenty-five percent of the published length of time of the participant's program, whichever occurs first;

(j) Notify institutions of scholarship recipients who will attend their institutions and inform them of the terms of the students' eligibility; and

(k) For participants enrolled in an eligible advanced degree program, document each participant's employment following graduation.

(3) With respect to the opportunity expansion program, the program administrator shall:

(a) Assist the board in developing and implementing an application, selection, and notification process for making opportunity expansion awards; and

(2) At the time of purchase, the new motor vehicle dealer shall provide the consumer with a written statement that explains the consumer's rights under this chapter. The written statement shall be prepared and supplied by the attorney general and shall contain a toll-free number that the consumer can contact for information regarding the procedures and remedies under this chapter, and may be presented to the consumer in paper or electronic form. In the event a consumer requests modification of the new motor vehicle in a manner which may partially or completely void the manufacturer's implied or express warranty, and which becomes part of the basis of the bargain of the initial retail sale or lease of the vehicle, a new motor vehicle dealer shall provide a clear and conspicuous written disclosure, independently signed and dated by the consumer, stating "Your requested modification may void all or part of a manufacturer warranty and a resulting defect or condition may not be subject to remedies afforded by the motor vehicle warranties act, chapter 19.118 RCW." A dealer who obtains a signed written disclosure under circumstances where the warranty may be void is not subject to this chapter as a manufacturer to the extent the modification affects the use, value, or safety of a new motor vehicle. Failure to provide the disclosure specified in this subsection does not constitute a violation of chapter 19.86 RCW.

(3) For the purposes of this chapter, if a new motor vehicle does not conform to the warranty and the consumer reports the nonconformity during the term of the eligibility period or the period of coverage of the applicable manufacturer's written warranty, whichever is less, to the manufacturer, its agent, or the new motor vehicle dealer who sold the new motor vehicle, the manufacturer, its agent, or the new motor vehicle dealer shall make repairs as are necessary to conform the vehicle to the warranty, regardless of whether such repairs are made after the expiration of the eligibility period. Any corrections or attempted repairs undertaken by a new motor vehicle dealer under this chapter shall be treated as warranty work and billed by the dealer to the manufacturer in the same manner as other work under the manufacturer's written warranty is billed. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

(4) Upon request from the consumer, the manufacturer or new motor vehicle dealer shall provide a copy of any report or computer reading compiled by the manufacturer's field or zone representative regarding inspection, diagnosis, or test-drive of the consumer's new motor vehicle, or shall provide a copy of any technical service bulletin issued by the manufacturer regarding the year and model of the consumer's new motor vehicle as it pertains to any material, feature, component, or the performance thereof.

(5) The new motor vehicle dealer shall provide to the consumer each time the consumer's vehicle is returned from being diagnosed or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the vehicle including but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the vehicle was submitted for repair, and the date when the vehicle was made available to the consumer.

(6) No manufacturer, its agent, or the new motor vehicle dealer may refuse to diagnose or repair any nonconformity covered by the warranty for the purpose of avoiding liability under this chapter.

(7) For purposes of this chapter, consumers shall have the rights and remedies, including a cause of action, against manufacturers as provided in this chapter.

(8) The eligibility period and thirty-day out-of-service period, and sixty-day out-of-service period in the case of a motor home, shall be extended by any time that repair services are not available to the consumer as a direct result of a strike, war, invasion, fire, flood, or other natural disaster.

(b) You are entitled to a copy of this contract at the time you sign it.

If you choose to cancel this contract, you must return or make available to the seller at the place of delivery any merchandise, in its original condition, received by you under this contract."

Subsection (2)(e) of this section is effective and needs to be included in the notice only if the contract is solicited in person by the seller or his or her representative, and the buyer signs it, at a place other than the seller's business address shown on the contract, but does not apply to a retail installment contract used for the sale of a motor vehicle by a licensed vehicle dealer.

Sec. 3. RCW 63.14.154 and 2012 c 117 s 174 are each amended to read as follows:

(1) In addition to any other rights he or she may have, the buyer shall have the right to cancel a retail installment transaction for other than the seller's breach by sending notice of such cancellation to the seller at his or her place of business as set forth in the contract or charge agreement by certified mail, return receipt requested, which shall be posted not later than midnight of the third day (excluding Sundays and holidays) following the date the buyer signs the contract or charge agreement:

(b) The seller shall be entitled to reclaim and the buyer shall return or make available to the seller at the place of delivery in its original condition any goods received by the buyer under the contract or charge agreement;

(c) The buyer shall incur no additional liability for such cancellation.

(3) This section does not apply to a retail installment transaction for the purchase of a motor vehicle. If a retail installment sale contract is used for the sale of a vehicle by a motor vehicle dealer at a place other than the dealer's address, the dealer must disclose to the purchaser or lessee in writing that there is no right to cancel the contract under RCW 63.14.154.

"**Sec. 1.** RCW 84.56.020 and 2019 c 332 s 1 are each amended to read as follows:

Treasurers' tax collection duties.

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All real and personal property taxes and assessments made payable by the provisions of this title are due and payable to the county treasurer on or before the thirtieth day of April and, except as provided in this section, are delinquent after that date.

Tax statements.

(2)(a) Tax statements for the current year's collection must be distributed to each taxpayer on or before March 15th provided that:

(i) All city and other taxing district budgets have been submitted to county legislative authorities by November 30th per RCW 84.52.020;

(ii) The county legislative authority in turn has certified taxes levied to the county assessor by November 30th per RCW 84.52.070; and

(iii) The county assessor has delivered the tax roll to the county treasurer by January 15th per RCW 84.52.080.

(b) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(c) Each tax statement distributed to an address must include a notice with information describing the:

(i) Property tax exemption program pursuant to RCW 84.36.379 through 84.36.389; and

(ii) Property tax deferral program pursuant to chapter 84.38 RCW.

Tax payment due dates.

On-time tax payments: First-half taxes paid by April 30th and second-half taxes paid by October 31st.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax is paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the following thirty-first day of October and is delinquent after that date.

Delinquent tax payments for current year: First-half taxes paid after April 30th.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax is paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the following thirty-first day of October and is delinquent after that date.

Delinquent tax payments: Interest, penalties, and treasurer duties.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the amount of tax delinquent from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of the tax payment, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the amount of tax delinquent is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the delinquent tax amount on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (15)(b) of this section or a partial payment program pursuant to subsection (15)(c) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6) A county treasurer must provide notification to each taxpayer whose taxes have become delinquent under subsections (4) and (5) of this section. The delinquency notice must specify where the taxpayer can obtain information regarding:

(a) Any current tax or special assessments due as of the date of the notice;

(b) Any delinquent tax or special assessments due, including any penalties and interest, as of the date of the notice; and

(c) Where the taxpayer can pay his or her property taxes directly and contact information, including but not limited to the phone number, for the statewide foreclosure hotline recommended by the Washington state housing finance commission.

(7) Within ninety days after the expiration of two years from the date of delinquency (when a taxpayer's taxes have become delinquent), the county treasurer must provide the name and

property address of the delinquent taxpayer to a homeownership resource center or any other designated local or state entity recommended by the Washington state housing finance commission.

Collection of foreclosure costs.

(8)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) When tax foreclosure avoidance costs are collected, such costs must be credited to the county treasurer service fund account, except as otherwise directed.

(c) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

Periods of armed conflict.

(9) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict regarding delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

State of emergency.

(10) ~~(During)~~ (a) Except as provided in (b) of this subsection, during a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

(b)(i) Due to the state of emergency declared under RCW 43.06.010(12) related to the novel coronavirus, the county treasurer must grant an extension of the due date of any unpaid, nondelinquent taxes payable in 2021, if an eligible taxpayer demonstrates to the county treasurer's satisfaction a loss of at least 25 percent of its revenue attributable to that real property for calendar year 2020 compared to calendar year 2019.

(ii)(A) Eligible taxpayers must request an extension under this subsection from the county treasurer solely upon forms developed or approved by the department. The county treasurer must deny any extension request that is not filed with the county treasurer by April 30, 2021.

(B) An eligible taxpayer requesting an extension under this subsection (10)(b) must certify under penalty of perjury in accordance with chapter 5.50 RCW that the information contained in the extension request is true and correct.

(C) County treasurers may grant an extension under this subsection (10)(b) based solely on the information provided in a person's request for extension. County treasurers may, but are not required to, independently verify the information submitted in a request for extension.

(iii) A county treasurer granting an extension under this subsection (10)(b) must establish a payment plan for the taxes subject to the extension. The county treasurer may determine the payment schedule and other terms of the payment plan.

(A) In setting terms for the payment plan, the county treasurer must consider cash flow and other impacts on all relevant taxing jurisdictions. The county treasurer must prioritize payment plan expenditures to protect scheduled bond payments, and otherwise has discretion as to how payments made under the payment plan are expended.

(B) A taxing jurisdiction must report to the county treasurer its current fund balance by April 30, 2021. If granting the extension under this subsection (10)(b) results in any taxing jurisdiction

being unable to make scheduled bond payments, then the county treasurer may choose not to grant extensions under this subsection (10)(b).

(C) Penalties and interest do not apply to the taxes due under the payment plan so long as the eligible taxpayer fully complies with all the terms of the payment plan.

(iv) The county treasurer must process all requests for extension under this subsection (10)(b) by June 30, 2021.

(v) The department may, to the extent feasible, considering available resources and data limitations, assist the county treasurer, upon request, in determining whether a person requesting an extension under this subsection (10)(b) is an eligible taxpayer.

(vi) The department may, in its sole discretion, at the request of a county treasurer or on its own initiative, audit any person receiving an extension under this subsection (10)(b) to determine if the person was eligible for such extension. The powers of the department under chapter 84.08 RCW apply to these audits.

(vii) Any owner of real property receiving an extension under this subsection (10)(b) must pass the entire benefit of the extension to any tenant, and such tenant to any sublessee, if the tenant or sublessee is required by the lease or other contract to pay the property tax expense of the owner. Neither county treasurers nor the department have any responsibility for enforcing this subsection (10)(b)(vii).

(viii) The department may adopt rules it deems necessary to administer this subsection (10)(b).

(ix) The department is authorized to provide its opinion, if any, to a county treasurer as to whether a person meets the qualifications for an extension under this subsection (10)(b). However, nothing in this subsection (10)(b) requires the department to disclose to a county treasurer details of the revenues of a person requesting or receiving an extension under this subsection (10)(b).

(x) For purposes of this subsection (10)(b), the following definitions apply:

(A) "Attributable" means generated from the leasing or renting of real property or from a person's business activities conducted in, or directed or managed from, real property.

(B) "Eligible taxpayer" means an owner or person responsible for payment of tax on any real property primarily used for business purposes who has experienced a loss of at least 25 percent of its revenue attributable to that real property for calendar year 2020 compared to calendar year 2019.

(C) "Revenue" means gross revenue, including gross income of the business as defined in RCW 82.04.080 and gross income as defined in RCW 82.16.010.

Retention of funds from interest.

(11) All collections of interest on delinquent taxes must be credited to the county current expense fund.

(12) For purposes of this chapter, "interest" means both interest and penalties.

Retention of funds from property foreclosures and sales.

(13) The direct cost of foreclosure and sale of real property, and the direct fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint, and sale because of delinquent taxes without regard to budget limitations and not subject to indirect costs of other charges.

Tax due dates and options for tax payment collections.

Electronic billings and payments.

(14) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic billing and payment. Electronic billing and payment may be used as an option by the taxpayer, but the treasurer may not require the use of electronic billing and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for:

- (a) Delinquent tax year payments; and
- (b) Prepayments of current tax.

Tax payments.

Prepayment for current taxes.

(15)(a) The treasurer may accept prepayments for current year taxes by any means authorized. All prepayments must be paid in full by the due date specified in subsection (16) of this section.

Payment agreements for current year taxes.

(b)(i) The treasurer may provide, by electronic means or otherwise, a payment agreement that provides for payment of current year taxes, inclusive of prepayment collection charges. The payment agreement must be signed by the taxpayer and treasurer or the treasurer's deputy prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes.

Payment agreements for delinquent year taxes.

(ii)(A) The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies. The payment agreement must be signed by the taxpayer and treasurer or the treasurer's deputy prior to the sending of an electronic or alternative bill, which includes a payment plan for past due delinquent taxes and charges.

(B) Tax payments received by a treasurer for delinquent year taxes from a taxpayer participating on a payment agreement must be applied first to the oldest delinquent year unless such taxpayer requests otherwise.

(c)(i) In addition to the payment agreement program in (b) of this subsection, the treasurer may accept partial payment of any current and delinquent taxes including interest and penalties by any means authorized including electronic bill presentment and payments.

(ii) All tax payments received by a treasurer for delinquent year taxes from a taxpayer paying a partial payment must be applied first to the oldest delinquent year unless such taxpayer requests otherwise.

Payment for delinquent taxes.

(d) Payments on past due taxes must include collection of the oldest delinquent year, which includes interest, penalties, and taxes within an eighteen-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

The programs must attempt to notify each person who meets the requirements of this subsection of the recommendation.

(2) This section expires September 1, 2022.

Sec. 2. RCW 28A.410.280 and 2010 c 235 s 501 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, all professional educator standards board-approved teacher preparation programs must administer to all preservice candidates the evidence-based assessment of teaching effectiveness adopted by the professional educator standards board. ~~((The professional educator standards board shall adopt rules that establish a date during the 2012-13 school year after which candidates completing teacher preparation programs must successfully pass this assessment.))~~ Assessment results from persons completing each preparation program must be reported annually by the professional educator standards board to the governor and the education and fiscal committees of the legislature by December 1st.

(2) The professional educator standards board and the superintendent of public instruction, as determined by the board, may contract with one or more third parties for:

(a) The administration, scoring, and reporting of scores of the assessment under this section;

(b) Related clerical and administrative activities; or

(c) Any combination of the purposes of this subsection (2).

(3) Candidates for residency certification who are required to successfully complete the assessment under this section, and who are charged a fee for the assessment by a third party contracted with under this section, shall pay the fee charged by the contractor directly to the contractor. Such fees shall be reasonably related to the actual costs of the contractor in providing the assessment.

(4)(a) Beginning September 1, 2022, candidates who do not achieve a passing score under subsection (1) of this section but obtain an alternative score, as set by the professional educator standards board, may be recommended for certification if, upon review of one or more multiple measures, the teacher preparation program determines the candidate has demonstrated the requisite knowledge and skills.

(b) Teacher preparation programs may use one or more of the following multiple measures as a basis for their review:

(i) Observation of practice in the role as documented by a mentor teacher or the preparation program;

(ii) Evidence submitted by the candidate to the program provider in the areas of planning, instruction, or student assessment;

(iii) Coursework; or

(iv) Other measures as determined by the teacher preparation program.

Sec. 3. RCW 28A.410.270 and 2019 c 386 s 3 are each amended to read as follows:

The standards shall be calibrated for each level along the entire career continuum. For candidates recommended for residency teacher certification by a board-approved preparation program, the standards adopted by the board must be the most recent teaching standards published by a consortium of state and national education organizations dedicated to the reform of the preparation, licensing, and ongoing professional development of teachers since 1987.

(b) In developing the standards, the board shall, to the extent possible, incorporate standards for cultural competency, as defined in RCW 28A.410.260, along the entire continuum. ~~((For the purposes of this subsection, "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students' experiences and identifying cultural contexts for individual students.))~~

In incorporating the social-emotional learning standards and benchmarks, the ~~((Washington professional educator standards))~~ board must include related competencies, such as trauma-informed practices, consideration of adverse childhood experiences, mental health literacy, antibullying strategies, and culturally sustaining practices.

(2) The ~~((Washington professional educator standards))~~ board shall adopt a definition of master teacher, with a comparable level of increased competency between professional certification level and master level as between professional certification level and national board certification. Within the definition established by the ~~((Washington professional educator standards))~~ board, teachers certified through the national board for professional teaching standards shall be considered master teachers.

~~(3) ((The Washington professional educator standards board shall maintain a uniform, statewide, valid, and reliable classroom-based means of evaluating teacher effectiveness as a culminating measure at the preservice level that is to be used during the student teaching field experience. This assessment shall include multiple measures of teacher performance in classrooms, evidence of positive impact on student learning, and shall include review of artifacts, such as use of a variety of assessment and instructional strategies, and student work.~~

~~(4))~~ Award of a professional certificate shall be based on a minimum of two years of successful teaching experience as

defined by the board, and may not require candidates to enroll in a professional certification program.

~~((5))~~ (4) Educator preparation programs approved to offer the residency teaching certificate shall be required to demonstrate how the program produces effective teachers as evidenced by ~~((the))~~ multiple measures ~~((established under this section))~~ of the knowledge, skills, performance, and competencies described in subsection (1) of this section and other criteria established by the ~~((Washington professional educator standards))~~ board.

(5) Each board-approved teacher preparation program must publish, and provide to candidates prior to admission, a list of program completion requirements.

With this act and in the operating budget, the legislature intends to provide

A lien under this section has priority to, and must be fully paid and

satisfied before, a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the property may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent property taxes.

(4) If, after a certificate of tax exemption has been filed with the county assessor, the city discovers that the facility maintains fewer than 25 family living wage jobs, the owner is considered ineligible for the exemption under this chapter, and the following must occur:

(a) The tax exemption must be canceled; and

(b) Additional real property tax must be imposed in the amount that would be imposed if an exemption had not been available under this chapter, dated back to the date that the facility last maintained a minimum of 25 family living wage jobs.

(5) Upon a determination that a tax exemption is to be terminated for a reason stated in this section, the city's governing authority must notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to terminate the exemption. The owner may appeal the determination to the city, within ~~(thirty)~~ 30 days by filing a notice of appeal with the city, which notice must specify the factual and legal basis on which the determination of termination is alleged to be erroneous. At an appeal hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer must either affirm, modify, or repeal the decision of termination of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court as provided in RCW 34.05.10 through 34.05.598.

~~((§))~~ (6) Upon determination by the city to terminate an exemption, the county officials having possession of the assessment and tax rolls must correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor must make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The value of the new industrial/manufacturing facilities added to the rolls is considered new construction for the purposes of chapter 84.40 RCW. The owner may appeal the valuation to the county board of equalization as provided in chapter 84.40 RCW. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1st of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.020 and 2002 c 154 s 1 are each amended to read as follows:

The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

(4) Housing. (~~Encourage the availability of affordable~~) Plan for and accommodate housing affordable to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forestlands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Retain open space, enhance recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks and recreation facilities.

(10) Environment. Protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance.

Sec. 2. RCW 36.70A.070 and 2017 3rd sp.s. c 18 s 4 and 2017 3rd sp.s. c 16 s 4 are each reenacted and amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding,

and stormwater runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that:

(a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth, as provided by the department of commerce, including:

(i) Units for moderate, low, very low, and extremely low-income households; and

(ii) Emergency housing, emergency shelters, and permanent supportive housing;

~~(b) ((includes))~~ Includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences and moderate density housing options;

~~(c) ((identifies))~~ Identifies sufficient land and zoning capacities for housing, including, but not limited to, government-assisted housing, housing for ~~((low income families))~~ moderate, low, very low, and extremely low-income households, manufactured housing, multifamily housing, ~~((and))~~ group homes ~~((and))~~, foster care facilities, emergency housing, emergency shelters, and permanent supportive housing; ~~((and))~~

~~(d) ((makes))~~ Makes adequate provisions for existing and projected needs of all economic segments of the community, including:

(i) Incorporating consideration for low, very low, extremely low, and moderate-income households;

(ii) Documenting programs and actions needed to achieve housing availability including gaps in local funding, barriers such as development regulations, and other limitations;

(iii) Consideration of housing locations in relation to employment location; and

(iv) Consideration of the role of accessory dwelling units in meeting housing needs;

(e) Identifies local policies and regulations that result in racially disparate impacts, displacement, and exclusion in housing, including:

(i) Zoning that may have a discriminatory effect;

(ii) Disinvestment; and

(iii) Infrastructure availability;

(f) Identifies and implements policies and regulations to address and begin to undo racially disparate impacts, displacement, and exclusion in housing caused by local policies, plans, and actions;

(g) Identifies areas that may be at higher risk of displacement from market forces that occur with changes to zoning development regulations and capital investments; and

(h) Establishes antidisplacement policies, with consideration given to the preservation of historical and cultural communities as well as investments in low, very low, extremely low, and moderate-income housing; equitable development initiatives; inclusionary zoning; community planning requirements; tenant protections; land disposition policies; and consideration of land that may be used for affordable housing. In counties and cities subject to the review and evaluation requirements of RCW 36.70A.215, any revision to the housing element shall include consideration of prior review and evaluation reports and any reasonable measures identified.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital

facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial

2021 REGULAR SESSION

area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((46))~~) (23). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((46))~~) (23). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land

use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.21 RCW to read as follows:

A code city may not prohibit emergency housing, transitional housing, or permanent supportive housing in any zones in which residential dwelling units, hotels, or short-term rentals are allowed, and may not prohibit emergency shelters in any zone in which hotels are allowed. Reasonable occupancy, spacing, intensity of use, and operational restrictions may be imposed on indoor emergency housing and indoor emergency shelters. Any

such restrictions on occupancy, spacing, and intensity of use may not prevent the siting of sufficient indoor emergency housing or indoor emergency shelters necessary to accommodate each code city's projected need for such housing and shelter. For purposes of this section, "dwelling unit" has the same meaning as defined in RCW 36.70A.696, "hotel" has the same meaning as defined in RCW 19.48.010, and "short-term rental" has the same meaning as defined in RCW 64.37.010.

NEW SECTION. Sec. 4. A new section is added to chapter 35.21 RCW to read as follows:

A city may not prohibit emergency housing, transitional housing, or permanent supportive housing in any zones in which residential dwelling units, hotels, or short-term rentals are allowed, and may not prohibit emergency shelters in any zone in which hotels are allowed. Reasonable occupancy, spacing, intensity of use, and operational restrictions may be imposed on indoor emergency housing and indoor emergency shelters. Any such restrictions on occupancy, spacing, and intensity of use may not prevent the siting of sufficient indoor emergency housing or indoor emergency shelters necessary to accommodate each city's projected need for such housing and shelter. For purposes of this section, "dwelling unit" has the same meaning as defined in RCW 36.70A.696, "hotel" has the same meaning as defined in RCW 19.48.010, and "short-term rental" has the same meaning as defined in RCW 64.37.010.

Sec. 5. RCW 36.70A.030 and 2020 c 173 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(3) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(4) "City" means any city or town, including a code city.

(5) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(6) "Critical areas" include the following areas and ecosystems:

(a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(7) "Department" means the department of commerce.

(8) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(9) "Emergency housing" means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or an occupancy agreement.

Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.

(11) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((40))~~ (12) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

~~((41))~~ (13) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

~~((42))~~ (14) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((43))~~ (15) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((44))~~ (16) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((45))~~ (17) "Minerals" include gravel, sand, and valuable metallic substances.

~~((46))~~ (18) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 120 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(19) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

~~((47))~~ (20) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((48))~~ (21) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((49))~~ (22) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

~~((20))~~ (23) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

- (a) In which open space, the natural landscape, and vegetation predominate over the built environment;
- (b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;
- (c) That provide visual landscapes that are traditionally found in rural areas and communities;
- (d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;
- (e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;
- (f) That generally do not require the extension of urban governmental services; and
- (g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

~~((21))~~ (24) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and

mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

~~((22))~~ (25) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

~~((23))~~ (26) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

~~((24))~~ (27) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

~~((25))~~ (28) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((26))~~ (29) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((27))~~ (30) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((28))~~ (31) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

In addition to ordinances, development regulations, and other official controls adopted or amended, a city or county should consider policies to encourage the construction of accessory dwelling units as a way to meet affordable housing goals. These policies could include, but are not limited to:

(1) The city or county may not require the owner of a lot on which there is an accessory dwelling unit to reside in or occupy the accessory dwelling unit or another housing unit on the same lot;

(2) The city or county may require the owner not to use the accessory dwelling unit for short-term rentals;

(3) The city or county may not count residents of accessory dwelling units against existing limits on the number of unrelated residents on a lot;

(4) The city or county may not establish a minimum gross floor area for accessory dwelling units that exceeds the state building code;

(5) The city or county must make the same allowances for accessory dwelling units' roof decks, balconies, and porches to encroach on setbacks as are allowed for the principal unit;

(6) The city or county must apply abutting lot setbacks to accessory dwelling units on lots abutting zones with lower setback requirements;

(7) The city or county must establish an amnesty program to help owners of unpermitted accessory dwelling units to obtain a permit;

(8) The city or county must permit accessory dwelling units in structures detached from the principal unit, must allow an accessory dwelling unit on any lot that meets the minimum lot size required for the principal unit, and must allow attached accessory dwelling units on any lot with a principal unit that is nonconforming solely because the lot is smaller than the minimum size, as long as the accessory dwelling unit would not increase nonconformity of the residential use with respect to building height, bulk, or lot coverage;

(9) The city or county may not establish a maximum gross floor area requirement for accessory dwelling units that are less than 1,000 square feet or 60 percent of the principal unit, whichever is greater, or that exceeds 1,200 square feet;

(10) A city or county must allow accessory dwelling units to be converted from existing structures, including but not limited to detached garages, even if they violate current code requirements for setbacks or lot coverage;

(11) A city or county may not require public street improvements as a condition of permitting accessory dwelling units; and

(12) A city or county may require a new or separate utility connection between an accessory dwelling unit and a utility only when necessary to be consistent with water availability requirements, water system plans, small water system management plans, or established policies adopted by the water or sewer utility provider. If such a connection is necessary, the connection fees and capacity charges must:

(a) Be proportionate to the burden of the proposed accessory dwelling unit upon the water or sewer system; and

(b) Not exceed the reasonable cost of providing the service."

On page 1, line 2 of the title, after "regulations;" strike the remainder of the title and insert "amending RCW 36.70A.020 and 36.70A.030; reenacting and amending RCW 36.70A.070; adding a new section to chapter 35A.21 RCW; adding a new section to chapter 35.21 RCW; and adding a new section to chapter 36.70A RCW."

The President declared the question before the Senate to be to not adopt the committee striking amendment by the Committee

NINETIETH DAY, APRIL 10, 2021

2021 REGULAR SESSION

on Housing & Local Government to Engrossed Second Substitute House Bill No. 1220.

The motion by Senator Kuderer carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Kuderer moved that the following striking floor amendment no. 675 by Senator Kuderer be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.70A.020 and 2002 c 154 s 1 are each amended to read as follows:

The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

(4) Housing. ~~(Encourage the availability of affordable)~~ Plan for and accommodate housing affordable to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forestlands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Retain open space, enhance recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks and recreation facilities.

(10) Environment. Protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure

coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance.

Sec. 2. RCW 36.70A.070 and 2017 3rd sp.s. c 18 s 4 and 2017 3rd sp.s. c 16 s 4 are each reenacted and amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and stormwater runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that:

(a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth, as provided by the department of commerce, including:

(i) Units for moderate, low, very low, and extremely low-income households; and

(ii) Emergency housing, emergency shelters, and permanent supportive housing;

(b) ~~((includes))~~ Includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences, and within an urban growth area boundary, moderate density housing options including but not limited to, duplexes, triplexes, and townhomes;

(c) ~~((identifies))~~ Identifies sufficient capacity of land for housing~~((s))~~ including, but not limited to, government-assisted housing, housing for ~~((low-income families))~~ moderate, low, very low, and extremely low-income households, manufactured housing, multifamily housing, ~~((and))~~ group homes ~~((and))~~, foster care facilities, emergency housing, emergency shelters, permanent supportive housing, and within an urban growth area boundary, consideration of duplexes, triplexes, and townhomes; ~~((and))~~

(d) ~~(makes)~~ Makes adequate provisions for existing and projected needs of all economic segments of the community, including:

(i) Incorporating consideration for low, very low, extremely low, and moderate-income households;

(ii) Documenting programs and actions needed to achieve housing availability including gaps in local funding, barriers such as development regulations, and other limitations;

(iii) Consideration of housing locations in relation to employment location; and

(iv) Consideration of the role of accessory dwelling units in meeting housing needs;

(e) Identifies local policies and regulations that result in racially disparate impacts, displacement, and exclusion in housing, including:

(i) Zoning that may have a discriminatory effect;

(ii) Disinvestment; and

(iii) Infrastructure availability;

(f) Identifies and implements policies and regulations to address and begin to undo racially disparate impacts, displacement, and exclusion in housing caused by local policies, plans, and actions;

(g) Identifies areas that may be at higher risk of displacement from market forces that occur with changes to zoning development regulations and capital investments; and

(h) Establishes antidisplacement policies, with consideration given to the preservation of historical and cultural communities as well as investments in low, very low, extremely low, and moderate-income housing; equitable development initiatives; inclusionary zoning; community planning requirements; tenant protections; land disposition policies; and consideration of land that may be used for affordable housing.

In counties and cities subject to the review and evaluation requirements of RCW 36.70A.215, any revision to the housing element shall include consideration of prior review and evaluation reports and any reasonable measures identified. The housing element should link jurisdictional goals with overall county goals to ensure that the housing element goals are met.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural economic advancement, densities, and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the

NINETIETH DAY, APRIL 10, 2021

2021 REGULAR SESSION

expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((46))~~) (23). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(~~((46))~~) (23). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a

financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.21 RCW to read as follows:

A code city shall not prohibit transitional housing or permanent supportive housing in any zones in which residential dwelling units or hotels are allowed. Effective September 30, 2021, a code city shall not prohibit indoor emergency shelters and indoor emergency housing in any zones in which hotels are allowed, except in such cities that have adopted an ordinance authorizing indoor emergency shelters and indoor emergency housing in a majority of zones within a one-mile proximity to transit. Reasonable occupancy, spacing, and intensity of use requirements may be imposed by ordinance on permanent supportive housing, transitional housing, indoor emergency housing, and indoor emergency shelters to protect public health and safety. Any such requirements on occupancy, spacing, and intensity of use may not prevent the siting of a sufficient number of permanent supportive housing, transitional housing, indoor emergency housing, or indoor emergency shelters necessary to accommodate each code city's projected need for such housing and shelter under RCW 36.70A.070(2)(a)(ii).

NEW SECTION. Sec. 4. A new section is added to chapter 35.21 RCW to read as follows:

A city shall not prohibit transitional housing or permanent supportive housing in any zones in which residential dwelling units or hotels are allowed. Effective September 30, 2021, a city shall not prohibit indoor emergency shelters and indoor emergency housing in any zones in which hotels are allowed, except in such cities that have adopted an ordinance authorizing indoor emergency shelters and indoor emergency housing in a majority of zones within a one-mile proximity to transit. Reasonable occupancy, spacing, and intensity of use requirements may be imposed by ordinance on permanent supportive housing, transitional housing, indoor emergency housing, and indoor emergency shelters to protect public health and safety. Any such requirements on occupancy, spacing, and

intensity of use may not prevent the siting of a sufficient number of permanent supportive housing, transitional housing, indoor emergency housing, or indoor emergency shelters necessary to accommodate each city's projected need for such housing and shelter under RCW 36.70A.070(2)(a)(ii).

Sec. 5. RCW 36.70A.390 and 1992 c 207 s 6 are each amended to read as follows:

A county or city governing body that adopts a moratorium, interim zoning map, interim zoning ordinance, or interim official control without holding a public hearing on the proposed moratorium, interim zoning map, interim zoning ordinance, or interim official control, shall hold a public hearing on the adopted moratorium, interim zoning map, interim zoning ordinance, or interim official control within at least sixty days of its adoption, whether or not the governing body received a recommendation on the matter from the planning commission or department. If the governing body does not adopt findings of fact justifying its action before this hearing, then the governing body shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal.

This section does not apply to the designation of critical areas, agricultural lands, forestlands, and mineral resource lands, under RCW 36.70A.170, and the conservation of these lands and protection of these areas under RCW 36.70A.060, prior to such actions being taken in a comprehensive plan adopted under RCW 36.70A.070 and implementing development regulations adopted under RCW 36.70A.120, if a public hearing is held on such proposed actions. This section does not apply to ordinances or development regulations adopted by a city that prohibit building permit applications for or the construction of transitional housing or permanent supportive housing in any zones in which residential dwelling units or hotels are allowed or prohibit building permit applications for or the construction of indoor emergency shelters and indoor emergency housing in any zones in which hotels are allowed.

Sec. 6. RCW 36.70A.030 and 2020 c 173 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(3) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland

hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(4) "City" means any city or town, including a code city.

(5) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(6) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(7) "Department" means the department of commerce.

(8) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(9) "Emergency housing" means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or an occupancy agreement.

(10) "Emergency shelter" means a facility that provides a temporary shelter for individuals or families who are currently homeless. Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.

(11) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((40))~~ (12) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

~~((44))~~ (13) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing,

storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

~~((42))~~ (14) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((43))~~ (15) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((44))~~ (16) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((45))~~ (17) "Minerals" include gravel, sand, and valuable metallic substances.

~~((46))~~ (18) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 120 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

(19) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

~~((47))~~ (20) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((48))~~ (21) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((49))~~ (22) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

~~((20))~~ (23) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

~~((21))~~ (24) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

~~((22))~~ (25) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

~~((23))~~ (26) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

~~((24))~~ (27) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

~~((25))~~ (28) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((26))~~ (29) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((27))~~ (30) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((28))~~ (31) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

NEW SECTION. Sec. 7. A new section is added to chapter 36.70A RCW to read as follows:

In addition to ordinances, development regulations, and other official controls adopted or amended, a city or county should consider policies to encourage the construction of accessory dwelling units as a way to meet affordable housing goals. These policies could include, but are not limited to:

(1) The city or county may not require the owner of a lot on which there is an accessory dwelling unit to reside in or occupy the accessory dwelling unit or another housing unit on the same lot;

(2) The city or county may require the owner not to use the accessory dwelling unit for short-term rentals;

(3) The city or county may not count residents of accessory dwelling units against existing limits on the number of unrelated residents on a lot;

(4) The city or county may not establish a minimum gross floor area for accessory dwelling units that exceeds the state building code;

(5) The city or county must make the same allowances for accessory dwelling units' roof decks, balconies, and porches to encroach on setbacks as are allowed for the principal unit;

(6) The city or county must apply abutting lot setbacks to accessory dwelling units on lots abutting zones with lower setback requirements;

(7) The city or county must establish an amnesty program to help owners of unpermitted accessory dwelling units to obtain a permit;

(8) The city or county must permit accessory dwelling units in structures detached from the principal unit, must allow an accessory dwelling unit on any lot that meets the minimum lot size required for the principal unit, and must allow attached accessory dwelling units on any lot with a principal unit that is nonconforming solely because the lot is smaller than the minimum size, as long as the accessory dwelling unit would not increase nonconformity of the residential use with respect to building height, bulk, or lot coverage;

(9) The city or county may not establish a maximum gross floor area requirement for accessory dwelling units that are less than 1,000 square feet or 60 percent of the principal unit, whichever is greater, or that exceeds 1,200 square feet;

(10) A city or county must allow accessory dwelling units to be converted from existing structures, including but not limited to detached garages, even if they violate current code requirements for setbacks or lot coverage;

(11) A city or county may not require public street improvements as a condition of permitting accessory dwelling units; and

(12) A city or county may require a new or separate utility connection between an accessory dwelling unit and a utility only when necessary to be consistent with water availability

requirements, water system plans, small water system management plans, or established policies adopted by the water or sewer utility provider. If such a connection is necessary, the connection fees and capacity charges must:

- (a) Be proportionate to the burden of the proposed accessory dwelling unit upon the water or sewer system; and
- (b) Not exceed the reasonable cost of providing the service."

On page 18, line 28, insert the following:

"Sec. 7. RCW 36.70A.130 and 2020 c 113 s 1 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations

comply with the requirements of this chapter according to the deadlines in subsections (4) and (5) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the deadlines in subsections (4) and (5) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(e) The review and evaluation required under this subsection must include consideration of available housing and buildable lands, not including open space dedicated to recreation, public or private, or school property, and critical areas.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the deadlines in subsections (4) and (5) of this section or in accordance with the provisions of subsection (6) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan. Subarea plans adopted under this subsection (2)(a)(i) must clarify, supplement, or implement jurisdiction-wide comprehensive plan policies, and may only be adopted if the cumulative impacts of the proposed plan are addressed by appropriate environmental review under chapter 43.21C RCW;

(ii) The development of an initial subarea plan for economic development located outside of the one hundred year floodplain in a county that has completed a state-funded pilot project that is based on watershed characterization and local habitat assessment;

(iii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iv) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget; or

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.440, provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a

county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, according to the schedules established in subsections (4) and (5) of this section, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) Except as otherwise provided in subsections (6) and (8) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

(b) On or before June 30, 2016, for Clallam, Clark, Island, Jefferson, Kitsap, Mason, San Juan, Skagit, Thurston, and Whatcom counties and the cities within those counties;

(c) On or before June 30, 2017, for Benton, Chelan, Cowlitz, Douglas, Kittitas, Lewis, Skamania, Spokane, and Yakima counties and the cities within those counties; and

(5) Except as otherwise provided in subsections (6) and (8) of this section, following the review of comprehensive plans and development regulations required by subsection (4) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

(a) On or before June 30, 2024, and every eight years thereafter, for King, Kitsap, Pierce, and Snohomish counties and the cities within those counties;

(b) On or before June 30, 2025, and every eight years thereafter, for Clallam, Clark, Island, Jefferson, Lewis, Mason, San Juan, Skagit, Thurston, and Whatcom counties and the cities within those counties;

(6)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the deadlines established in subsections (4) and (5) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a deadline established in subsection (5)(a)(ii) through (iv) [(b) through (d)] of this section and meets the following criteria may comply with the requirements of this section at any time within the twenty-four months following the deadline established in subsection (5) of this section: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the deadline established in subsection (5) of this section as of that date.

(c) A city that is subject to a deadline established in subsection (5)(a)(ii) through (iv) [(b) through (d)] of this section and meets the following criteria may comply with the requirements of this section at any time within the twenty-four months following the deadline established in subsection (5) of this section: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the deadline established in subsection (5) of this section as of that date.

(d) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(7)(a) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). (ii) Demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas.

(b) A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8)(a) Except as otherwise provided in (c) of this subsection, if a participating watershed is achieving benchmarks and goals for the protection of critical areas functions and values, the county is not required to update development regulations to protect critical areas as they specifically apply to agricultural activities in that watershed.

(b) A county that has made the election under RCW 36.70A.710(1) may only adopt or amend development regulations to protect critical areas as they specifically apply to agricultural activities in a participating watershed if:

(i) A work plan has been approved for that watershed in accordance with RCW 36.70A.725;

(ii) The local watershed group for that watershed has requested the county to adopt or amend development regulations as part of a work plan developed under RCW 36.70A.720;

(iii) The adoption or amendment of the development regulations is necessary to enable the county to respond to an order of the growth management hearings board or court;

REMARKS BY SENATOR LIAS

Senator Lias: "Thank you Mr. President, before I make the motion to adjourn, I did just want to not a holiday. Twenty-six years ago, on April 10, 1995, something really momentous happened. And I know you are thinking, Bob Dole announced his campaign for President, but Mr. President, that is not what happened twenty-six years ago. TVW was founded. And this session, more than ever before, the people of Washington benefited from the great founders of that television network that have given transparency in our process and so on this 26th birthday of TVW I think we should all celebrate."

MOTION

At 11:18 p.m., on motion of Senator Lias, the Senate adjourned until 12:00 o'clock noon Sunday, April 11, 2021.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 13.40 RCW to read as follows:

(1) Except as provided in subsection (4) of this section, law enforcement shall provide a juvenile with access to an attorney for consultation, which may be provided in person, by telephone, or by video conference, before the juvenile waives any constitutional rights if a law enforcement officer:

(a) Questions a juvenile during a custodial interrogation;

(b) Detains a juvenile based on probable cause of involvement in criminal activity; or

(c) Requests that the juvenile provide consent to an evidentiary search of the juvenile or the juvenile's property, dwellings, or vehicles under the juvenile's control.

(2) The consultation required by subsection (1) of this section may not be waived.

(3) Statements made by a juvenile after the juvenile is contacted by a law enforcement officer in a manner described under subsection (1) of this section are not admissible in a juvenile offender or adult criminal court proceeding, unless:

(a) The juvenile has been provided with access to an attorney for consultation; and the juvenile provides an express waiver knowingly, intelligently, and voluntarily made by the juvenile after the juvenile has been fully informed of the rights being waived as required under RCW 13.40.140;

(b) The statement is for impeachment purposes; or

(c) The statement was made spontaneously.

(4) A law enforcement officer may question a juvenile without following the requirement in subsection (1) of this section if:

(a) The law enforcement officer believes the juvenile is a victim of trafficking as defined in RCW 9A.40.100; however, any information obtained from the juvenile by law enforcement pursuant to this subsection cannot be used in any prosecution of that juvenile; or

(b)(i) The law enforcement officer believes that the information sought is necessary to protect an individual's life from an imminent threat;

(ii) A delay to allow legal consultation would impede the protection of an individual's life from an imminent threat; and

(iii) Questioning by the law enforcement officer is limited to matters reasonably expected to obtain information necessary to protect an individual's life from an imminent threat.

(5) After the juvenile has consulted with legal counsel, the juvenile may advise, direct a parent or guardian to advise, or direct legal counsel to advise the law enforcement officer that the juvenile chooses to assert a constitutional right. Any assertion of constitutional rights by the juvenile through legal counsel must be treated by a law enforcement officer as though it came from the juvenile. The waiver of any constitutional rights of the juvenile may only be made according to the requirements of RCW 13.40.140.

(6) For purposes of this section, the following definitions apply:

(a) "Juvenile" means any individual who is under the chronological age of 18 years; and

(b) "Law enforcement officer" means any general authority, limited authority, or specially commissioned Washington peace officer or federal peace officer as those terms are defined in RCW 10.93.020, including school resource officers as defined in RCW 28A.320.124 and other public officers who are responsible for enforcement of fire, building, zoning, and life and safety codes.

Sec. 2. RCW 13.40.140 and 2014 c 110 s 2 are each amended to read as follows:

(1) A juvenile shall be advised of (~~his or her~~) the juvenile's rights when appearing before the court.

(2) A juvenile and (~~his or her~~) the juvenile's parent, guardian, or custodian shall be advised by the court or its representative that the juvenile has a right to be represented by counsel at all critical stages of the proceedings. Unless waived, counsel shall be provided to a juvenile who is financially unable to obtain counsel without causing substantial hardship to himself or herself or the juvenile's family, in any proceeding where the juvenile may be subject to transfer for criminal prosecution, or in any proceeding where the juvenile may be in danger of confinement. The ability to pay part of the cost of counsel does not preclude assignment.

NINETY FIRST DAY, APRIL 11, 2021

2021 REGULAR SESSION

In no case may a juvenile be deprived of counsel because of a parent, guardian, or custodian refusing to pay therefor. The juvenile shall be fully advised of ~~((his or her))~~ the juvenile's right to an attorney and of the relevant services an attorney can provide.

(3) The right to counsel includes the right to the appointment of experts necessary, and the experts shall be required pursuant to the procedures and requirements established by the supreme court.

(4) Upon application of a party, the clerk of the court shall issue, and the court on its own motion may issue, subpoenas requiring attendance and testimony of witnesses and production of records, documents, or other tangible objects at any hearing, or such subpoenas may be issued by an attorney of record.

(5) All proceedings shall be transcribed verbatim by means which will provide an accurate record.

(6) The general public and press shall be permitted to attend any hearing unless the court, for good cause, orders a particular hearing to be closed. The presumption shall be that all such hearings will be open.

(7) In all adjudicatory proceedings before the court, all parties shall have the right to adequate notice, discovery as provided in criminal cases, opportunity to be heard, confrontation of witnesses except in such cases as this chapter expressly permits the use of hearsay testimony, findings based solely upon the evidence adduced at the hearing, and an unbiased fact finder.

(8) A juvenile shall be accorded the same privilege against self-incrimination as an adult and the protections provided in section 1 of this act. An extrajudicial statement which would be constitutionally inadmissible in a criminal proceeding may not be received in evidence at an adjudicatory hearing over objection. Evidence illegally seized or obtained, including evidence obtained in violation of section 1 of this act, may not be received in evidence over objection at an adjudicatory hearing to prove the allegations against the juvenile if the evidence would be inadmissible in an adult criminal proceeding. An extrajudicial admission or confession made by the juvenile out of court is insufficient to support a finding that the juvenile committed the acts alleged in the information unless evidence of a corpus delicti is first independently established in the same manner as required in an adult criminal proceeding.

(9) Statements, admissions, or confessions made by a juvenile in the course of a mental health or chemical dependency screening or assessment, whether or not the screening or assessment was ordered by the court, shall not be admissible into evidence against the juvenile on the issue of guilt in any juvenile offense matter or adult criminal proceeding, unless the juvenile has placed ~~((his or her))~~ the juvenile's mental health at issue. The statement is admissible for any other purpose or proceeding allowed by law. This prohibition does not apply to statements, admissions, or confessions made to law enforcement, and may not be used to argue for derivative suppression of other evidence lawfully obtained as a result of an otherwise inadmissible statement, admission, or confession.

(10) Waiver of any right which a juvenile has under this chapter must be an express waiver intelligently made by the juvenile after the juvenile has been fully informed of the right being waived, including having access to an attorney for consultation if required under section 1 of this act.

(11) Whenever this chapter refers to waiver or objection by a juvenile, the word juvenile shall be construed to refer to a juvenile who is at least ~~((twelve))~~ 12 years of age. If a juvenile is under ~~((twelve))~~ 12 years of age, the juvenile's parent, guardian, or custodian shall give any waiver or offer any objection contemplated by this chapter.

Sec. 3. RCW 2.70.020 and 2012 c 257 s 1 are each amended to read as follows:

The director shall:

(1) Administer all state-funded services in the following program areas:

(1) Whenever legal custody of a child is vested in someone other than his or her parents, under this chapter, and not vested in the department, after due notice to the parents or other persons legally obligated to care for and support the child, and after a hearing, the court may order and decree that the parent or other legally obligated person shall pay in such a manner as the court may direct a reasonable sum representing in whole or in part the costs of support, treatment, and confinement of the child after the decree is entered.

(2) If the parent or other legally obligated person willfully fails or refuses to pay such sum, the court may proceed against such person for contempt.

(3) Whenever legal custody of a child is vested in the department under this chapter, the parents or other persons legally obligated to care for and support the child shall be liable for the costs of support, treatment, and confinement of the child, in accordance with the department's reimbursement of cost schedule. The department shall adopt a reimbursement of cost schedule based on the costs of providing such services, and shall determine an obligation based on the responsible parents' or other legally obligated person's ability to pay. The department is authorized to adopt additional rules as appropriate to enforce this section.

(4) To enforce subsection (3) of this section, the department shall serve on the parents or other person legally obligated to care for and support the child a notice and finding of financial responsibility requiring the parents or other legally obligated person to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect and should not be ordered. This notice and finding shall relate to the costs of support, treatment, and confinement of the child in accordance with the department's reimbursement of cost schedule adopted under this section, including periodic payments to be made in the future. The hearing shall be held pursuant to chapter 34.05 RCW, the administrative procedure act, and the rules of the department.

The receipt shall be prima facie evidence of service.

(6) If the parents or other legally obligated person objects to the notice and finding of financial responsibility, then an application for an adjudicative hearing may be filed within twenty days of the date of service of the notice. If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the parents or other legally obligated person and shall also determine the amount of periodic payments to be made in the future. If the parents or other legally responsible person fails to file an application within twenty days, the notice and finding of financial responsibility shall become a final administrative order.

(7) Debts determined pursuant to this section are subject to collection action without further necessity of action by a presiding or reviewing officer. The department may collect the debt in accordance with RCW 43.20B.635, 43.20B.640, 74.20A.060, and 74.20A.070. The department shall exempt from payment parents receiving adoption support under RCW 74.13A.005 through 74.13A.080, parents eligible to receive adoption support under RCW 74.13A.085, and a parent or other legally obligated person when the parent or other legally obligated person, or such person's child, spouse, or spouse's child, was the victim of the offense for which the child was committed.

(8) An administrative order entered pursuant to this section shall supersede any court order entered prior to June 13, 1994.

(9) The department shall be subrogated to the right of the child and his or her parents or other legally responsible person to receive support payments for the benefit of the child from any parent or legally obligated person pursuant to a support order established by a superior court or pursuant to RCW 74.20A.055. The department's right of subrogation under this section is limited to the liability established in accordance with its cost schedule for support, treatment, and confinement, except as addressed in subsection (10) of this section.

(10) Nothing in this section precludes the department from recouping such additional support payments from the child's parents or other legally obligated person as required to qualify for receipt of federal funds. The department may adopt such rules dealing with liability for recoupment of support, treatment, or confinement costs as may become necessary to entitle the state to participate in federal funds unless such rules would be expressly prohibited by law. If any law dealing with liability for recoupment of support, treatment, or confinement costs is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is declared to be inoperative solely to the extent of the conflict.

(11) This section does not apply to juveniles or young adults in a community transition services program.

NEW SECTION. **Sec. 7.** The department of children, youth, and families shall adopt rules, policies, and procedures as may be needed to implement a community transition services program required by this act, to include the following:

Taking action to address lead in drinking water.

The measure was read the second time.

MOTION

Senator Wellman moved that the following striking floor amendment no. 745 by Senator Wellman be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that the United States environmental protection agency and centers for disease control and prevention acknowledge that there is no known safe level of lead in a child's blood. Even low levels of lead exposure can cause permanent cognitive, academic, and behavioral difficulties in children. The American academy of pediatrics recommends government action to ensure that the lead concentration in drinking water at schools does not exceed one part per billion.

(2) The legislature finds that the department of health sampled and tested drinking water outlets in 551 elementary schools between 2017 and 2020. 82 percent of these schools had lead contamination of five or more parts per billion in one or more drinking water outlets and 49 percent of these schools had lead contamination of 15 or more parts per billion in one or more drinking water outlets.

(3) The legislature acknowledges that the department of health was appropriated \$1,000,000 in the 2019-2021 fiscal biennium to continue the testing for lead contamination in school drinking water. The legislature also finds that the office of the superintendent of public instruction was appropriated funds in the 2019-2021 fiscal biennium for the healthy kids/healthy schools

NINETY FIRST DAY, APRIL 11, 2021

2021 REGULAR SESSION

initiative. Part of these funds are for the purpose of distributing grants to school districts for remediation of elevated lead levels in drinking water. The legislature encourages districts to apply for these grants when lead test results reveal elevated lead levels, which are lead levels above five parts per billion.

(4) The legislature acknowledges the historically inequitable distribution of lead exposure for communities of color and of low socioeconomic status and plans to make a priority the protection of children from the dangers of lead exposure through school drinking water. The legislature, therefore, intends to require that drinking water outlets in elementary and secondary school buildings built, or with all plumbing replaced, before 2016 be tested for the presence and level of lead contamination by June 30, 2026, and every five years thereafter. The legislature also intends to require that schools notify the school community of lead test results and develop action plans for remediation if test results exceed the health-based standard of five parts per billion.

(5) The legislature recognizes that the youngest children are the most vulnerable to lead exposure and that many of these children spend significant amounts of time at child care facilities.

(6) This act is named for the director of the Washington public interest research group who developed and advocated for this legislation before dying of cancer in 2019 and may be known as the Bruce Speight protect children from being exposed to lead in school drinking water act.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.210 RCW to read as follows:

(1) This section applies to schools with buildings built, or with all plumbing replaced, before 2016.

(2) With respect to sampling and testing for lead contamination at drinking water outlets, a school shall either:

(a) Cooperate with the department so that the department can conduct sampling and testing as required under section 3 of this act; or

(b) Contract for sampling and testing that meets the requirements of section 3 of this act and submit the test results to the department according to a procedure and deadlines determined by the department.

(3)(a) Except as provided in (b) of this subsection, a school shall communicate annually with students' families and staff about lead contamination in drinking water. The school shall consult with the department or a local health agency on the contents of the communication, which must include: The health effects of lead exposure; the website address of the most recent lead test results; and information about the school's plan for remedial action to reduce lead contamination in drinking water. Schools are encouraged to provide the communication as early in the school year as possible.

(b) The annual communication described under (a) of this subsection is not required if initial testing, or once postremediation testing, does not detect an elevated lead level at any drinking water outlet.

(4) As soon as practicable after receiving a lead test result that reveals a lead concentration that exceeds 15 parts per billion at a drinking water outlet, and until a lead contamination mitigation measure, such as use of a filter, is implemented, the school must shut off the water to the outlet.

(5)(a) For a lead test result that reveals an elevated lead level, as defined in subsection (7) of this section, at one or more drinking water outlets, the school's governing body shall adopt a school action plan in compliance with the requirements of this subsection.

(b) The school action plan must:

(i) Be developed in consultation with the department or a local health agency regarding the technical guidance, and with the

office of the superintendent of public instruction regarding funding for remediation activities;

(ii) Describe mitigation measures implemented since the lead test result was received;

(iii) Include a schedule of remediation activities, including use of filters, that adhere to the technical guidance. The schedule may be based on the availability of state or federal funding for remediation activities; and

(iv) Include postremediation retesting to confirm that remediation activities have reduced lead concentrations at drinking water outlets to below the elevated lead level.

(c) The school action plan may include sampling and testing of the drinking water entering the school when the results of testing for lead contamination at drinking water outlets within the school indicate that the infrastructure of the public water system is a documented significant contributor to the elevated lead levels.

(d) The school must provide the public with notice and opportunity to comment on the school action plan before it is adopted.

(e) If testing reveals that a significant contributor to lead contamination in school drinking water is the infrastructure operated by a public water system that is not a school water system, the school: (i) Is not financially responsible for remediating elevated lead levels in drinking water that passes through that infrastructure; (ii) must communicate with the public water system regarding its documented significant contribution to lead contamination in school drinking water and request from the public water system a plan for reducing the lead contamination; and (iii) may defer its remediation activities under (b) of this subsection until after the elevated lead level in the public water system's infrastructure is remediated and postremediation retesting does not detect an elevated lead level in the drinking water that passes through that infrastructure.

(f) The school action plan adoption deadlines are as follows:

(i) For lead test results received between July 1, 2014, and the effective date of this section, for which a school did not take remedial action or for which postremediation retesting has not confirmed that the elevated lead level has been reduced to five or fewer parts per billion, the school shall provide notice of elevated lead levels in the communication required under subsection (3) of this section and the school's governing body shall adopt an action plan by March 31, 2022; and

(ii) For lead test results received after the effective date of this section, the school's governing body shall adopt an action plan within six months of receipt.

(g) A school's governing body may adopt an update to an existing school action plan, rather than adopting a new school action plan, in order to address additional lead test results that reveal elevated lead levels at drinking water outlets, coordinate remediation activities at multiple buildings, or adjust the schedule of remediation activities.

(6) A school must post on a public website the most recent results of testing for lead contamination at drinking water outlets, no later than the time that the proposed school action plan is made publicly available, under subsection (5)(d) of this section.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Department" means the department of health.

(b) "Drinking water" means any water that students have access to where it is reasonably foreseeable that the water may be used for drinking, cooking, or food preparation.

(c) "Drinking water outlet" or "outlet" means any end point for delivery of drinking water, for example a tap, faucet, or fountain.

(d) "Elevated lead level" means a lead concentration in drinking water that exceeds five parts per billion, unless a lower

concentration is specified by the state board of health in rule in accordance with section 6 of this act.

(e) "Public water system" has the same meaning as in RCW 70A.120.020.

(f) "School" means a school district and the common schools, as defined in RCW 28A.150.020, within the district; a charter school established under chapter 28A.710 RCW; or the state school for the blind or the state school for the deaf established under RCW 72.40.010.

(g) "Technical guidance" means the technical guidance for reducing lead in drinking water at schools issued by the United States environmental protection agency until the department complies with section 5 of this act when the term means the technical guidance developed by the department.

NEW SECTION. Sec. 3. A new section is added to chapter 43.70 RCW to read as follows:

(1) The department shall conduct sampling and testing for lead contamination at drinking water outlets in school buildings built, or with all plumbing replaced, before 2016 as specified in this section. The department meets the requirements of this section when a school contracts for sampling and testing that meets the requirements of this section and submits the test results to the department according to a procedure and deadlines determined by the department.

(2) Sampling and testing for the presence and level of lead in drinking water must meet the technical requirements described in the technical guidance.

(3)(a) Initial testing for lead contamination in drinking water must be conducted between July 1, 2014, and June 30, 2026.

(b) Retesting for lead contamination in drinking water must be conducted no less than every five years beginning July 1, 2026.

(4)(a) The department shall develop and publish a two-year plan for sampling and testing. The plan must be updated at least annually. Prior to adding a school to the plan, the department must contact the school to determine whether the school has contracted, or is planning to contract, for sampling and testing.

(b) Beginning July 1, 2026, in developing the two-year plan for sampling and testing, the department must group school buildings by governing body and then prioritize the groups based on the combined length of time since each school building built, or with all plumbing replaced, before 2016 was sampled and tested.

(5) The department shall enter a data-sharing agreement with the office of the superintendent of public instruction for the purpose of compiling a list of school buildings built, or with all plumbing replaced, before 2016.

(6) The definitions in section 2 of this act apply throughout this section unless the context clearly requires otherwise.

NEW SECTION. Sec. 4. A new section is added to chapter 43.70 RCW to read as follows:

The department shall allow state-tribal compact schools established under chapter 28A.715 RCW to opt into sampling and testing for lead contamination at drinking water outlets in school buildings built, or with all plumbing replaced, before 2016 pursuant to section 3 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 43.70 RCW to read as follows:

The department shall develop and make available technical guidance for reducing lead contamination in drinking water at schools that is at least as protective of student health as any technical guidance on this topic issued by the United States environmental protection agency. The technical guidance must include the technical requirements for sampling, processing, and analysis, including that analysis must be conducted by a laboratory accredited by the department of ecology. The technical guidance must describe best practices for remediating elevated lead levels at drinking water outlets in schools. Best practices

must include installing and maintaining filters certified by a body accredited by the American national standards institute. Provisions of the technical guidance related to testing for the presence and level of lead in drinking water, as opposed to testing to identify sources of lead for remediation, must be designed to maximize detection of lead in water, and therefore must prohibit sampling or analytical methods that tend to mask lead contamination, including prestagnation flushing and removal of aerators prior to sampling.

NEW SECTION. Sec. 6. A new section is added to chapter 43.20 RCW to read as follows:

After July 1, 2030, the state board may, by rule, define "elevated lead level" at a concentration of five or fewer parts per billion if scientific evidence supports a lower concentration as having the potential for further reducing the health effects of lead contamination in drinking water.

NEW SECTION. Sec. 7. A new section is added to chapter 43.70 RCW to read as follows:

(1) To the fullest extent permitted by federal law, the department, rather than community water systems, is designated as the lead or principal agency in regard to lead in drinking water sampling, testing, notification, remediation, public education, and other actions at public and private elementary and secondary schools as required by the federal lead and copper rule, 40 C.F.R. Part 141.

(2) The department must issue a written waiver that exempts community water systems that serve schools from the sampling and testing requirements of 40 C.F.R. Part 141.92 related to schools if the department determines that the mandatory requirements for sampling and testing for, and remediation of, lead contamination in drinking water outlets at elementary and secondary schools under this act are consistent with the requirements in 40 C.F.R. Part 141.92 of the federal lead and copper rule.

NEW SECTION. Sec. 8. This act may be known and cited as the Bruce Speight protect children from being exposed to lead in school drinking water act.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2021, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "water;" strike the remainder of the title and insert "adding a new section to chapter 28A.210 RCW; adding new sections to chapter 43.70 RCW; adding a new section to chapter 43.20 RCW; and creating new sections."

"NEW SECTION. Sec. 1. The legislature finds that everyone in Washington state, no matter what community they live in, should be able to rely on a public health system that is able to support a standard level of public health service. Like public safety, there is a foundational level of public health delivery that must exist everywhere for services to work. A strong public health system is only possible with intentional investments into our state's public health system. Services should be delivered efficiently, equitably, and effectively, in ways that make the best use of technology, science, expertise, and leveraged resources and in a manner that is responsive to local communities.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) Many Washington families do not earn enough annually to keep pace with increasing health care, child care, housing, and other essential expenses.

(2) Amidst rising cost of living across the state, the regressive nature of Washington's tax code puts an additional strain on households already struggling to meet their basic needs. Washington's tax system is the most upside down and regressive in the nation, allowing those who earn the most to pay the least percentage of their income in taxes. As a percentage of household income, low-income Washingtonians, who are disproportionately Black, American Indian and Alaska Native, Latinx, Native Hawaiian and Pacific Islander, and multiracial Washingtonians, pay six times more in taxes than our wealthiest residents.

(3) Eligibility for the working families tax exemption is based on eligibility for the federal earned income tax credit, a refundable tax credit for working individuals and families whose earnings are below an income threshold. Since its establishment in 1975, the earned income tax credit has increased family

income, reduced child poverty, and improved health, educational, and career outcomes for children in low-income families. Taxpayers filing with an individual tax identification number and their families, however, are excluded from receiving the federal credit and its corollary benefits to health and well-being, despite paying local, state, and federal taxes.

(4) Since its establishment in 1975, the earned income tax credit has also had a positive impact on local businesses because it puts more money in the hands of low-income working people who spend the money on immediate needs, such as groceries, transportation, rent, and health care. The credit has been shown to have a multiplier effect to support local businesses, generating an estimated \$1.50 to \$2.00 in local economic activity for every dollar received by beneficiaries.

(5) Therefore, it is the public policy objective of the legislature to stimulate local economic activity, advance racial equity, and promote economic stability and well-being for lower-income working people, including individual tax identification number filers, by updating and simplifying the structure of the working families tax exemption.

Sec. 2. RCW 82.08.0206 and 2008 c 325 s 2 are each amended to read as follows:

(1) A working families' tax exemption, in the form of a remittance of tax due under this chapter and chapter 82.12 RCW, is provided to eligible low-income persons for sales taxes paid under this chapter after January 1, ~~((2008))~~ 2022.

(2) For purposes of the exemption in this section, ~~((an eligible low-income person is))~~ the following definitions apply:

(b) "Income" means earned income as defined by Title 26 U.S.C. Sec. 32.

(c) "Individual" means an individual and that individual's spouse if they file a federal joint income tax return.

(d) "Qualifying child" means a qualifying child as defined by Title 26 U.S.C. Sec. 32.

(3) ~~((For remittances made in 2009 and 2010, the working families' tax exemption for the prior year is a retail sales tax exemption equal to the greater of five percent of the credit granted as a result of Title 26 U.S.C. Sec. 32 in the most recent year for which data is available or twenty five dollars. For 2011))~~ (a) Except as provided in (b) and (c) of this subsection, for 2023 and thereafter, the working families' tax ~~((exemption))~~ remittance amount for the prior year is ~~((equal to the greater of ten percent of the credit granted as a result of Title 26 U.S.C. (iii) For eligible persons with two qualifying children, beginning at \$5,000 of income below the federal phase-out income for the prior federal tax year, by 15 percent per additional dollar of income until the minimum credit amount as specified in (c) of this subsection is reached.

(iv) For eligible persons with three or more qualifying children, beginning at \$5,000 of income below the federal phase-out income for the prior federal tax year, by 18 percent per additional dollar of income until the minimum credit amount as specified in (c) of this subsection is reached.

(c) If the remittance for an eligible person as calculated in this section is greater than one cent, but less than \$50, the remittance amount is \$50.

(d) The remittance amounts in this section shall be adjusted for inflation every year beginning January 1, 2024, based upon changes in the consumer price index during the previous calendar year.

(e) For purposes of this section, "consumer price index" means, for any calendar year, that year's average consumer price index for the Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

(4) For any fiscal period, the working families' tax exemption authorized under this section shall be approved by the legislature in the state omnibus appropriations act before persons may claim the exemption during the fiscal period.

(5) The working families' tax exemption shall be administered as provided in this subsection.

(a) The remittance paid under this section will be paid to eligible filers who apply pursuant to this subsection.

(i) Application must be made to the department in a form and manner determined by the department. If the application process is initially done electronically, the department must provide a paper application upon request. The application must include any information and documentation as required by the department.

(ii) Application for the remittance under this section must be made in the year following the year for which the federal return was filed, but in no case may any remittance be provided for any period before January 1, 2022. The department must use the eligible person's most recent federal tax filing to process the remittance.

(iii) A person may not claim an exemption on behalf of a deceased individual. No individual may claim an exemption under this section for any year in a disallowance period under Title 26 U.S.C. Sec. 32(k)(1) or for any year for which the individual is ineligible to claim the credit in Title 26 U.S.C. Sec. 32 by reason of Title 26 U.S.C. Sec. 32(k)(2).

(b) The department shall protect the privacy and confidentiality of personal data of remittance recipients in accordance with chapter 82.32 RCW.

2021 REGULAR SESSION

(c) The department shall, in conjunction with other agencies or organizations, design and implement a public information campaign to inform potentially eligible persons of the existence of, and requirements for, this section.

(d) The department must work with the internal revenue service to administer the exemption on an automatic basis as soon as practicable.

(6) Receipt of the remittance under this section may not be used in eligibility determinations for any state income support programs or in making public charge determinations.

(7) The department may adopt rules necessary to implement this section. This includes establishing a date by which applications will be accepted, with the aim of accepting applications as soon as possible. The department may gather necessary data through audit and other administrative records, including verification through internal revenue service data.

(8) The department must review the application and determine eligibility for the working families' tax exemption based on information provided by the applicant and through audit and other administrative records, including, when it deems it necessary, verification through internal revenue service data.

(9) If, upon review of internal revenue service data or other information obtained by the department, it appears that an individual received a remittance that the individual was not entitled to, or received a larger remittance than the individual was entitled to, the department may assess against the individual the overpaid amount. The department may also assess such overpaid amount against the individual's spouse if the remittance in question was based on both spouses filing a joint federal income tax return for the year for which the remittance was claimed.

(a) Interest as provided under RCW 82.32.050 applies to assessments authorized under this subsection (9) starting six months after the date the department issued the assessment until the amount due under this subsection (9) is paid in full to the department. Except as otherwise provided in this subsection, penalties may not be assessed on amounts due under this subsection.

(b) If an amount due under this subsection is not paid in full by the date due, or the department issues a warrant for the collection of amounts due under this subsection, the department may assess the applicable penalties under RCW 82.32.090. Penalties under this subsection may not be made due until six months after their assessment.

(c) If the department finds by clear, cogent, and convincing evidence that an individual knowingly submitted, caused to be submitted, or consented to the submission of, a fraudulent claim for remittance under this section, the department must assess a penalty of 50 percent of the overpaid amount. This penalty is in addition to any other applicable penalties assessed in accordance with (b) of this subsection (9).

(10) If, within the period allowed for refunds under RCW 82.32.060, the department finds that an individual received a lesser remittance than the individual was entitled to, the department must remit the additional amount due under this section to the individual.

(11) Interest does not apply to remittances provided under this act.

(12) Chapter 82.32 RCW applies to the administration of this section.

~~((a) An eligible low income person claiming an exemption under this section must pay the tax imposed under chapters 82.08, 82.12, and 82.14 RCW in the year for which the exemption is claimed. The eligible low income person may then apply to the department for the remittance as calculated under subsection (3) of this section.~~

~~(b) Application shall be made to the department in a form and manner determined by the department, but the department must provide alternative filing methods for applicants who do not have access to electronic filing.~~

~~(e) Application for the exemption remittance under this section must be made in the year following the year for which the federal return was filed, but in no case may any remittance be provided for any period before January 1, 2008. The department may use the best available data to process the exemption remittance. The department shall begin accepting applications October 1, 2009.~~

~~(d) The department shall review the application and determine eligibility for the working families' tax exemption based on information provided by the applicant and through audit and other administrative records, including, when it deems it necessary, verification through internal revenue service data.~~

~~(e) The department shall remit the exempted amounts to eligible low income persons who submitted applications. Remittances may be made by electronic funds transfer or other means.~~

~~(f) The department may, in conjunction with other agencies or organizations, design and implement a public information campaign to inform potentially eligible persons of the existence of and requirements for this exemption.~~

~~(g) The department may contact persons who appear to be eligible low income persons as a result of information received from the internal revenue service under such conditions and requirements as the internal revenue service may by law require.~~

~~(6) The provisions of chapter 82.32 RCW apply to the exemption in this section.~~

~~(7) The department may adopt rules necessary to implement this section.~~

~~(8) The department shall limit its costs for the exemption program to the initial start up costs to implement the program. The state omnibus appropriations act shall specify funding to be used for the ongoing administrative costs of the program. These ongoing administrative costs include, but are not limited to, costs for: The processing of internet and mail applications, verification of application claims, compliance and collections, additional full-time employees at the department's call center, processing warrants, updating printed materials and web information, media advertising, and support and maintenance of computer systems.)~~

conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a public utility district offering rates, terms, and conditions to an entity for wholesale or retail telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) A public utility district providing wholesale or retail telecommunications services shall not be required to, but may, establish a separate utility system or function for such purpose. In either case, a public utility district providing wholesale or retail telecommunications services shall separately account for any revenues and expenditures for those services according to standards established by the state auditor pursuant to its authority in chapter 43.09 RCW and consistent with the provisions of this title. Any revenues received from the provision of wholesale or retail telecommunications services must be dedicated to costs incurred to build and maintain any telecommunications facilities constructed, installed, or acquired to provide such services, including payments on debt issued to finance such services, until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance such telecommunications facilities are discharged or retired.

(4) When a public utility district provides wholesale or retail telecommunications services, all telecommunications services rendered to the district for the district's internal telecommunications needs shall be allocated or charged at its true and full value. A public utility district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale or retail telecommunications services.

(5) If a person or entity receiving retail telecommunications services from a public utility district under this section has a complaint regarding the reasonableness of the rates, terms, conditions, or services provided, the person or entity may file a complaint with the district commission.

(6) A public utility district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(7) Except as otherwise specifically provided, a public utility district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a public utility district under this title.

~~((8)(a) If an internet service provider operating on telecommunications facilities of a public utility district that provides wholesale telecommunications services but does not provide retail telecommunications services, ceases to provide access to the internet to its end use customers, and no other retail service providers are willing to provide service, the public utility district may provide retail telecommunications services to the end use customers of the defunct internet service provider in order for end use customers to maintain access to the internet until a replacement internet service provider is, or providers are, in operation.~~

~~(b) Within thirty days of an internet service provider ceasing to provide access to the internet, the public utility district must initiate a process to find a replacement internet service provider or providers to resume providing access to the internet using telecommunications facilities of a public utility district.~~

~~(c) For a maximum period of five months, following initiation of the process begun in (b) of this section, or, if earlier than five months, until a replacement internet service provider is, or providers are, in operation, the district commission may establish~~

~~a rate for providing access to the internet and charge customers to cover expenses necessary to provide access to the internet.~~

~~(9) The tax treatment of the retail telecommunications services provided by a public utility district to the end use customers during the period specified in subsection (8) of this section must be the same as if those retail telecommunications services were provided by the defunct internet service provider.)~~

NEW SECTION. Sec. 3. A new section is added to chapter 54.16 RCW to read as follows:

(1) Before providing retail telecommunications services, a public utility district is encouraged to examine and report to its governing body the following about the area to be served by the public utility district:

(a) An assessment of the current availability of broadband infrastructure and its adequacy to provide high-speed internet access and other advanced telecommunications services to end users;

(b) The location of where retail telecommunications services will be provided;

(c) Evidence relating to the unserved or underserved nature of the community in which retail telecommunications services will be provided;

(d) Expected costs of providing retail telecommunications services to customers to be served by the public utility district; and

(e) Evidence that proposed telecommunications infrastructure will be capable of scaling to greater download and upload speeds to meet state broadband goals under RCW 43.330.536.

(2) For purposes of this section, "unserved" means a census block in which no provider has the capacity to deliver internet access service at speeds of a minimum of twenty-five megabits download and three megabits upload.

Sec. 4. RCW 54.16.425 and 2018 c 186 s 3 are each amended to read as follows:

(1) Property owned by a public utility district that is exempt from property tax under RCW 84.36.010 is subject to an annual payment in lieu of property taxes if the property consists of a broadband ~~((network))~~ infrastructure used in providing retail ~~((internet service))~~ telecommunications services.

(2)(a) The amount of the payment must be determined jointly and in good faith negotiation between the public utility district that owns the property and the county or counties in which the property is located.

(b) The amount agreed upon may not exceed the property tax amount that would be owed on the property comprising the broadband ~~((network))~~ infrastructure used in providing retail ~~((internet service))~~ telecommunications services as calculated by the department of revenue. The public utility district must provide information necessary for the department of revenue to make the required valuation under this subsection. The department of revenue must provide the amount of property tax that would be owed on the property to the county or counties in which the broadband ~~((network))~~ infrastructure is located on an annual basis.

(c) If the public utility district and a county cannot agree on the amount of the payment in lieu of taxes, either party may invoke binding arbitration by providing written notice to the other party. In the event that the amount of payment in lieu of taxes is submitted to binding arbitration, the arbitrators must consider the government services available to the public utility district's broadband ~~((network))~~ infrastructure used in providing retail ~~((internet service))~~ telecommunications services. The public utility district and county must each select one arbitrator, the two of whom must pick a third arbitrator. Costs of the arbitration, including compensation for the arbitrators' services, must be borne equally by the parties participating in the arbitration.

NINETY FIRST DAY, APRIL 11, 2021

2021 REGULAR SESSION

(3) By April 30th of each year, a public utility district must remit the annual payment to the county treasurer of each county in which the public utility district's broadband (~~(network)~~) infrastructure used in providing retail (~~(internet service)~~) telecommunications services is located in a form and manner required by the county treasurer.

(4) The county must distribute the amounts received under this section to all property taxing districts, including the state, in appropriate tax code areas in the same proportion as it would distribute property taxes from taxable property.

(5) By December 1, 2019, and annually thereafter, the department of revenue must submit a report to the appropriate legislative committees detailing the amount of payments made under this section and the amount of property tax that would be owed on the property comprising the broadband (~~(network)~~) infrastructure used in providing retail (~~(internet service)~~) telecommunications services.

~~((6) The definitions in RCW 54.16.420 apply to this section.)~~

NEW SECTION. Sec. 5. A new section is added to chapter 35.27 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington utilities and transportation commission.

(2) "Retail telecommunications services" means the sale, lease, license, or indivisible right of use of telecommunications services or telecommunications facilities directly to end users.

(3) "Telecommunications" has the same meaning as contained in RCW 80.04.010.

Sec. 9. RCW 53.08.370 and 2019 c 365 s 10 are each amended to read as follows:

(1) A port district in existence on June 8, 2000, may construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or (~~(without)~~) outside the district's limits for any or all of the following purposes:

(a) For the district's own use; (~~(and)~~)

(b) For the provision of wholesale telecommunications services within or (~~(without)~~) outside the district's limits (~~(Nothing in this subsection shall be construed to authorize port districts to provide telecommunications services to end users)~~); or

(2) Except as provided in subsection (~~((9))~~) (8) of this section, a port district providing wholesale or retail telecommunications services under this section shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a port district offering such rates, terms, and conditions to an entity for wholesale or retail telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) When a port district establishes a separate utility function for the provision of wholesale or retail telecommunications services, it shall account for any and all revenues and expenditures related to its wholesale or retail telecommunications facilities and services separately from revenues and expenditures related to its internal telecommunications operations. Any revenues received from the provision of wholesale or retail telecommunications services must be dedicated to the utility function that includes the provision of wholesale or retail telecommunications services for costs incurred to build and maintain the telecommunications facilities until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance the telecommunications facilities are discharged or retired.

(4) When a port district establishes a separate utility function for the provision of wholesale or retail telecommunications services, all telecommunications services rendered by the separate function to the district for the district's internal telecommunications needs shall be charged at its true and full value. (5) A port district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(6) Except as otherwise specifically provided, a port district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under

~~(7) ((A port district that has not exercised the authorities provided in this section prior to June 7, 2018, must develop a business case plan before exercising the authorities provided in this section. The port district must procure an independent qualified consultant to review the business case plan, including the use of public funds in the provision of wholesale telecommunications services. Any recommendations or adjustments to the business case plan made during third-party review must be received and either rejected or accepted by the port commission in an open meeting.~~

(2) Except where necessary to address a public health need or substantial environmental degradation, or increase access to broadband, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require

any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4)(a) The board must develop a process to prioritize applications and funding of loans and grants for public works projects submitted by local governments. The board must consider, at a minimum and in any order, the following factors in prioritizing projects:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages other funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality, as applicable;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(viii) Whether the system is being well-managed in the present and for long-term sustainability;

(ix) Achieving equitable distribution of funds by geography and population;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family-wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services and transportation; and

(G) Reduction of the overall cost of public infrastructure;

(xi) Whether the applicant sought or is seeking funding for the project from other sources; and

(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before September 1, 2018, and each year thereafter, the board must develop and submit a report regarding the construction loans and grants to the office of financial management and appropriate fiscal committees of the senate and house of representatives. The report must include:

(c) The maximum amount of funding that the board may provide for any jurisdiction is ten million dollars per biennium.

(5) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(9) After January 1, 2010, any project designed to address the effects of stormwater or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(10) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan or grant.

(11) The board must implement policies and procedures designed to maximize local government consideration of other funds to finance local infrastructure.

(12) The relevant sections of the Washington Administrative Code must be amended by January 1, 2022, in accordance with the provisions of this section.

Concerning the reporting of debt information by insurers to enhance the collection of past-due child support.

MOTION

Senator Pedersen moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that it is in the interests of the citizens of the state of Washington to enhance and increase the efficiency of the processes for collecting child support debts owed to the state or owed to a custodial parent.

(2) The legislature further finds that liens filed in the state of Washington are filed on a county-by-county basis, and there is no statewide registry or clearinghouse where a comprehensive collection of liens may be checked by a party or other entity before funds are disbursed to the debtor.

(3) The legislature further finds that it would enhance the collection opportunities for child support to require insurance companies doing business in the state of Washington to participate in a reporting scheme that would allow a data match with child support debts.

NEW SECTION. Sec. 2. A new section is added to chapter 26.23 RCW to read as follows:

(1)(a) Except as otherwise provided in subsection (8) of this section, each insurer shall, not later than 10 days after opening a tort liability claim for bodily injury or wrongful death, a workers' compensation claim, or a claim under a policy of life insurance, exchange information with the division of child support in the manner prescribed by the department to verify whether the claimant owes debt for the support of one or more children to the department or to a person receiving services from the division of child support. To the extent feasible, the division of child support shall facilitate a secure electronic process to exchange information with insurers pursuant to this subsection. The obligation of an insurer to exchange information with the division of child support is discharged upon complying with the requirements of this subsection.

(b) The exchange of information pursuant to this act must comply with privacy protections under applicable state and federal laws and regulations, including the federal health insurance portability and accountability act.

(2) In order to determine whether a claimant owes a debt being enforced by the division of child support, all insurance companies doing business in the state of Washington that issue qualifying payments to claimants must provide minimum identifying information about the claimant to:

- (a) An insurance claim data collection organization;
- (b) The federal office of child support enforcement or the child support lien network; or
- (c) The division of child support in a manner satisfactory to the department.

(3) Insurers must take the steps necessary to authorize an insurance claim data collection organization to share minimum identifying information with the federal office of child support enforcement and the child support claim lien network.

(4) Except as otherwise provided in subsections (5) and (7) of this section, if an insurer is notified by the division of child

support that a claimant owes debt for the support of one or more children to the department or to a person receiving services from the division of child support, the insurer shall, upon the receipt of a notice issued by the department identifying the amount of debt owed pursuant to chapter 74.20A RCW:

(a) Withhold from payment on the claim the amount specified in the notice; and

(b) Remit the amount withheld from payment to the department within 20 days.

(5) The department shall give any lien, claim, or demand for reasonable claim-related attorneys' fees, property damage, and medical costs priority over any withholding of payment pursuant to subsection (4) of this section.

(6) Any information obtained pursuant to this act must be used only for the purpose of carrying out the provisions of this act. An insurer or other entity described in subsection (2) of this section may not be held liable in any civil or criminal action for any act made in good faith pursuant to this section including, but not limited to:

(a) Any disclosure of information to the department or the division of child support; or

(b) The withholding of any money from payment on a claim or the remittance of such money to the department.

(7) An insurer may not delay the disbursement of a payment on a claim to comply with the requirements of this section. An insurer is not required to comply with subsection (4) of this section if the notice issued by the department is received by the insurer after the insurer has disbursed the payment on the claim. In the case of a claim that will be paid through periodic payments, the insurer:

(a) Is not required to comply with the provisions of subsection (4) of this section with regard to any payments on the claim disbursed to the claimant before the notice was received by the insurer; and

(b) Must comply with the provisions of subsection (4) of this section with regard to any payments on the claim scheduled to be made after the receipt of the notice.

(8) If periodic payment will be made to a claimant, an insurer is only required to engage in the exchange of information pursuant to subsection (1) of this section before issuing the initial payment.

(9) An insurance company's failure to comply with the reporting requirements of this act does not amount to noncompliance with a requirement of the division of child support as described in RCW 74.20A.350.

(10) For the purposes of this section, the following definitions apply:

(a) "Claimant" means any person who: (i) Brings a tort liability claim for bodily injury or wrongful death; (ii) is receiving workers' compensation benefits; or (iii) is a beneficiary under a life insurance policy. "Claim for bodily injury" does not include a claim for uninsured or underinsured vehicle coverage or medical payments coverage under a motor vehicle liability policy.

(b) "Insurance claim data collection organization" means an organization that maintains a centralized database of information concerning insurance claims to assist insurers that subscribe to the database in processing claims and detecting and preventing fraud, and also cooperates and coordinates with the federal or state child support entities to share relevant information for insurance intercept purposes.

(c) "Insurer" means: (i) A person who holds a certificate of authority to transact insurance in the state; or (ii) a chapter 48.15 RCW unauthorized insurer.

made for the purpose of satisfying, compromising, or settling, a tort or insurance claim where the payment is in excess of \$500 and is intended to go directly to the claimant and not to a third party, such as a health care provider.

(e) "Tort or insurance claim" means: (i) A claim for general damages, which are also called noneconomic damages; or (ii) a claim for lost wages. "Tort or insurance claim" does not include claims for property damage under either liability insurance or uninsured motorist insurance.

NEW SECTION. Sec. 3. A new section is added to chapter 26.23 RCW to read as follows:

An insurance company may comply with the obligation to exchange information with the division of child support described in section 2(1) of this act by using an insurance claim data collection organization as described in section 2(2) of this act.

Sec. 4. RCW 26.23.070 and 1991 c 367 s 41 are each amended to read as follows:

(1) The employer or the employment security department may combine amounts withheld from the earnings of more than one responsible parent in a single payment to the Washington state support registry, listing separately the amount of the payment which is attributable to each individual.

(2) No employer nor employment security department that complies with a notice of payroll deduction under this chapter shall be civilly liable to the responsible parent for complying with a notice of payroll deduction under this chapter.

(3) No insurance company shall be civilly liable to the responsible parent for complying with:

(a) An order to withhold and deliver issued under RCW 74.20A.080 or with any other withholding order issued under chapter 26.23 RCW;

(b) A lien filed by the department under chapter 74.20A RCW;
or

(c) A combined lien and withholding order developed by the department to implement this act.

(4) An insurance company complying with a withholding order issued by the department or with a lien filed by the department may not be considered to be committing a violation of the insurance fair conduct act under chapter 48.30 RCW.

NEW SECTION. Sec. 5. The department may enact rules necessary to implement and administer this act.

NEW SECTION. Sec. 6. This act takes effect January 1, 2022."

On page 1, line 2 of the title, after "support;" strike the remainder of the title and insert "amending RCW 26.23.070; adding new sections to chapter 26.23 RCW; creating new sections; and providing an effective date."

(3) Except as otherwise provided in subsections (5), (6), and (7) of this section, if a party appeals from an order ruling on a motion under section 3 of this act, all proceedings between all parties in the action are stayed. The stay remains in effect until the conclusion of the appeal.

(4) During a stay under subsection (1) of this section, the court may allow limited discovery if a party shows that specific information is necessary to establish whether a party has satisfied or failed to satisfy a burden under section 7(1) of this act and the information is not reasonably available unless discovery is allowed.

(5) A motion under section 10 of this act for costs, attorneys' fees, and expenses is not subject to a stay under this section.

(6) A stay under this section does not affect a party's ability voluntarily to dismiss a cause of action or part of a cause of action or move to sever a cause of action.

(7) During a stay under this section, the court for good cause may hear and rule on:

(a) A motion unrelated to the motion under section 3 of this act; and

NEW SECTION. Sec. 6. PROOF. In ruling on a motion under section 3 of this act, the court shall consider the pleadings, the motion, any reply or response to the motion, and any evidence that could be considered in ruling on a motion for summary judgment under superior court civil rule 56.

NEW SECTION. Sec. 7. DISMISSAL OF CAUSE OF ACTION IN WHOLE OR PART. (1) In ruling on a motion under section 3 of this act, the court shall dismiss with prejudice a cause of action, or part of a cause of action, if:

(a) The moving party establishes under section 2(2) of this act that this chapter applies;

(b) The responding party fails to establish under section 2(3) of this act that this chapter does not apply; and

(c) Either:

(i) The responding party fails to establish a prima facie case as to each essential element of the cause of action; or

(ii) The moving party establishes that:

(A) The responding party failed to state a cause of action upon which relief can be granted; or

(B) There is no genuine issue as to any material fact and the moving party is entitled to judgment as a matter of law on the cause of action or part of the cause of action.

(2) A voluntary dismissal without prejudice of a responding party's cause of action, or part of a cause of action, that is the subject of a motion under section 3 of this act does not affect a moving party's right to obtain a ruling on the motion and seek costs, attorneys' fees, and expenses under section 10 of this act.

(3) A voluntary dismissal with prejudice of a responding party's cause of action, or part of a cause of action, that is the subject of a motion under section 3 of this act establishes for the purpose of section 10 of this act that the moving party prevailed on the motion.

NEW SECTION. Sec. 8. RULING. The court shall rule on a motion under section 3 of this act not later than sixty days after a hearing under section 5 of this act.

NEW SECTION. Sec. 9. APPEAL. A moving party may appeal as a matter of right from an order denying, in whole or in part, a motion under section 3 of this act. The appeal must be filed not later than twenty-one days after entry of the order.

NEW SECTION. Sec. 10. COSTS, ATTORNEYS' FEES, AND EXPENSES. On a motion under section 3 of this act, the court shall award court costs, reasonable attorneys' fees, and reasonable litigation expenses related to the motion:

(1) To the moving party if the moving party prevails on the motion; or

(2) To the responding party if the responding party prevails on the motion and the court finds that the motion was not substantially justified or filed solely with intent to delay the proceeding.

NEW SECTION. **Sec. 11.** CONSTRUCTION. This chapter must be broadly construed and applied to protect the exercise of the right of freedom of speech and of the press, the right to assemble and petition, and the right of association, guaranteed by the United States Constitution or the Washington state Constitution.

NEW SECTION. **Sec. 12.** UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. **Sec. 13.** TRANSITIONAL PROVISION. This chapter applies to a civil action filed or cause of action asserted in a civil action on or after the effective date of this section.

NEW SECTION. **Sec. 14.** SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 15.** RCW 4.24.525 (Public participation lawsuits—Special motion to strike claim—Damages, costs, attorneys' fees, other relief—Definitions) and 2010 c 118 s 2 are each repealed.

(5) The ineffectiveness of a good faith effort to deliver notice by an authorized means does not invalidate action taken at or without a meeting.

(6) This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede 15 U.S.C. Sec. 7001(c) or authorize electronic delivery of any of the notices described in 15 U.S.C. Sec. 7003(b).

NEW SECTION. Sec. 3. A new section is added to chapter 64.32 RCW to read as follows:

(1) Apartment owners may vote at a meeting in person, by absentee ballot pursuant to subsection (3)(d) of this section, or by a proxy pursuant to subsection (5) of this section.

(2) When a vote is conducted without a meeting, apartment owners may vote by ballot pursuant to subsection (6) of this section.

(3) At a meeting of apartment owners the following requirements apply:

(a) Apartment owners or their proxies who are present in person may vote by voice vote, show of hands, standing, written ballot, or any other method for determining the votes of apartment owners, as designated by the person presiding at the meeting.

(b) If only one of several apartment owners of an apartment is present, that apartment owner is entitled to cast all the votes allocated to that apartment. If more than one of the apartment owners are present, the votes allocated to that apartment may be cast only in accordance with the agreement of a majority in interest of the apartment owners, unless the declaration expressly provides otherwise. There is a majority agreement if any one of the apartment owners casts the votes allocated to the apartment without protest being made promptly to the person presiding over the meeting by any of the other apartment owners of the apartment.

(c) Unless a greater number or fraction of the votes in the association is required under this chapter or the declaration or organizational documents, a majority of the votes cast determines the outcome of any action of the association.

(d) Whenever proposals or board members are to be voted upon at a meeting, an apartment owner may vote by duly executed absentee ballot if:

(i) The name of each candidate and the text of each proposal to be voted upon are set forth in a writing accompanying or contained in the notice of meeting; and

(ii) A ballot is provided by the association for such purpose.

(4) When an apartment owner votes by absentee ballot, the association must be able to verify that the ballot is cast by the apartment owner having the right to do so.

(5) Except as provided otherwise in the declaration or organizational documents, the following requirements apply with respect to proxy voting:

(a) Votes allocated to an apartment may be cast pursuant to a directed or undirected proxy duly executed by an apartment owner in the same manner as provided in RCW 24.06.110.

(b) If an apartment is owned by more than one person, each apartment owner of the apartment may vote or register protest to the casting of votes by the other apartment owners of the apartment through a duly executed proxy.

(c) An apartment owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the secretary or the person presiding over a meeting of the association or by delivery of a subsequent proxy. The death or disability of an apartment owner does not revoke a proxy given by the apartment owner unless the person presiding over the meeting has actual notice of the death or disability.

(d) A proxy is void if it is not dated or purports to be revocable without notice.

(e) Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

(6) Unless prohibited or limited by the declaration or organizational documents, an association may conduct a vote without a meeting. In that event, the following requirements apply:

(a) The association must notify the apartment owners that the vote will be taken by ballot.

(b) The notice must state:

(i) The time and date by which a ballot must be delivered to the association to be counted, which may not be fewer than fourteen days after the date of the notice, and which deadline may be extended in accordance with (g) of this subsection;

(ii) The percent of votes necessary to meet the quorum requirements;

(iii) The percent of votes necessary to approve each matter other than election of board members; and

(iv) The time, date, and manner by which apartment owners wishing to deliver information to all apartment owners regarding the subject of the vote may do so.

(c) The association must deliver a ballot to every apartment owner with the notice.

(d) The ballot must set forth each proposed action and provide an opportunity to vote for or against the action.

(e) A ballot cast pursuant to this section may be revoked only by actual notice to the association of revocation. The death or disability of an apartment owner does not revoke a ballot unless the association has actual notice of the death or disability prior to the date set forth in (b)(i) of this subsection.

(f) Approval by ballot pursuant to this subsection is valid only if the number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action.

(g) If the association does not receive a sufficient number of votes to constitute a quorum or to approve the proposal by the date and time established for return of ballots, the board of directors may extend the deadline for a reasonable period not to exceed eleven months upon further notice to all members in accordance with (b) of this subsection. In that event, all votes previously cast on the proposal must be counted unless subsequently revoked as provided in this section.

(h) A ballot or revocation is not effective until received by the association.

(i) The association must give notice to apartment owners of any action taken pursuant to this subsection within a reasonable time after the action is taken.

(j) When an action is taken pursuant to this subsection, a record of the action, including the ballots or a report of the persons appointed to tabulate such ballots, must be kept with the minutes of meetings of the association.

(7) If the governing documents require that votes on specified matters affecting the common interest community be cast by lessees rather than apartment owners of leased apartments:

(a) This section applies to lessees as if they were apartment owners;

(b) Apartment owners that have leased their apartments to other persons may not cast votes on those specified matters; and

2021 REGULAR SESSION

(c) Lessees are entitled to notice of meetings, access to records, and other rights respecting those matters as if they were apartment owners.

(8) Apartment owners must also be given notice, in the manner provided in section 2 of this act, of all meetings at which lessees may be entitled to vote.

(9) In any vote of the apartment owners, votes allocated to an apartment owned by the association must be cast in the same proportion as the votes cast on the matter by apartment owners other than the association.

(10) Except as otherwise restricted by the declaration, bylaws, or articles of incorporation, meetings of apartment owners may be conducted by telephonic, video, or other conferencing process, if: (a) The meeting notice states the conferencing process to be used and provides information explaining how apartment owners may participate in the conference directly or by meeting at a central location or conference connection; and (b) the process provides all apartment owners the opportunity to hear or perceive the discussion and to comment.

Sec. 4. RCW 64.34.020 and 2011 c 189 s 1 are each reenacted and amended to read as follows:

In the declaration and bylaws, unless specifically provided otherwise or the context requires otherwise, and in this chapter:

(1) "Affiliate" means any person who controls, is controlled by, or is under common control with the referenced person. A person "controls" another person if the person: (a) Is a general partner, officer, director, or employer of the referenced person; (b) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the referenced person; (c) controls in any manner the election of a majority of the directors of the referenced person; or (d) has contributed more than twenty percent of the capital of the referenced person. A person "is controlled by" another person if the other person: (i) Is a general partner, officer, director, or employer of the person; (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the person; (iii) controls in any manner the election of a majority of the directors of the person; or (iv) has contributed more than twenty percent of the capital of the person. Control does not exist if the powers described in this subsection are held solely as security for an obligation and are not exercised.

(2) "Allocated interests" means the undivided interest in the common elements, the common expense liability, and votes in the association allocated to each unit.

(3) "Assessment" means all sums chargeable by the association against a unit including, without limitation: (a) Regular and special assessments for common expenses, charges, and fines imposed by the association; (b) interest and late charges on any delinquent account; and (c) costs of collection, including reasonable attorneys' fees, incurred by the association in connection with the collection of a delinquent owner's account.

(4) "Association" or "unit owners' association" means the unit owners' association organized under RCW 64.34.300.

(10) "Condominium" means real property, portions of which are designated for separate ownership and the remainder of which is designated for common ownership solely by the owners of those portions. (11) "Contribution rate" means, in a reserve study as described in RCW 64.34.380, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(12) "Conversion condominium" means a condominium (a) that at any time before creation of the condominium was lawfully occupied wholly or partially by a tenant or subtenant for residential purposes pursuant to a rental agreement, oral or written, express or implied, for which the tenant or subtenant had not received the notice described in (b) of this subsection; or (b) that, at any time within twelve months before the conveyance of, or acceptance of an agreement to convey, any unit therein other than to a declarant or any affiliate of a declarant, was lawfully occupied wholly or partially by a residential tenant of a declarant or an affiliate of a declarant and such tenant was not notified in writing, prior to lawfully occupying a unit or executing a rental agreement, whichever event first occurs, that the unit was part of a condominium and subject to sale. "Conversion condominium" shall not include a condominium in which, before July 1, 1990, any unit therein had been conveyed or been made subject to an agreement to convey to any transferee other than a declarant or an affiliate of a declarant.

(13) "Conveyance" means any transfer of the ownership of a unit, including a transfer by deed or by real estate contract and, with respect to a unit in a leasehold condominium, a transfer by lease or assignment thereof, but shall not include a transfer solely for security.

(15) "Declarant" means:

(a) Any person who executes as declarant a declaration as defined in subsection (17) of this section; or

(b) Any person who reserves any special declarant right in the declaration; or

(c) Any person who exercises special declarant rights or to whom special declarant rights are transferred; or

(d) Any person who is the owner of a fee interest in the real property which is subjected to the declaration at the time of the recording of an instrument pursuant to RCW 64.34.316 and who directly or through one or more affiliates is materially involved in the construction, marketing, or sale of units in the condominium created by the recording of the instrument.

(16) "Declarant control" means the right of the declarant or persons designated by the declarant to appoint and remove officers and members of the board of directors, or to veto or approve a proposed action of the board or association, pursuant to RCW 64.34.308 (5) or (6).

(20) "Effective age" means the difference between the estimated useful life and remaining useful life.

(21) "Eligible mortgagee" means the holder of a mortgage on a unit that has filed with the secretary of the association a written request that it be given copies of notices of any action by the association that requires the consent of mortgagees.

(22) "Foreclosure" means a forfeiture or judicial or nonjudicial foreclosure of a mortgage or a deed in lieu thereof.

(23) "Full funding plan" means setting a reserve funding goal of achieving one hundred percent fully funded reserves by the end of the thirty-year study period described under RCW 64.34.380, in which the reserve account balance equals the sum of the deteriorated portion of all reserve components.

(24) "Fully funded balance" means the current value of the deteriorated portion, not the total replacement value, of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of that reserve component by its effective age, then dividing the result by that reserve component's useful life. The sum total of all reserve components' fully funded balances is the association's fully funded balance.

(25) "Identifying number" means the designation of each unit in a condominium.

(26) "Leasehold condominium" means a condominium in which all or a portion of the real property is subject to a lease, the expiration or termination of which will terminate the condominium or reduce its size.

(27) "Limited common element" means a portion of the common elements allocated by the declaration or by operation of RCW 64.34.204 (2) or (4) for the exclusive use of one or more but fewer than all of the units.

(32) "Real property" means any fee, leasehold or other estate or interest in, over, or under land, including structures, fixtures, and other improvements thereon and easements, rights and interests appurtenant thereto which by custom, usage, or law pass with a conveyance of land although not described in the contract of sale or instrument of conveyance. "Real property" includes

parcels, with or without upper or lower boundaries, and spaces that may be filled with air or water.

(34) "Replacement cost" means the current cost of replacing, repairing, or restoring a reserve component to its original functional condition.

(35) "Reserve component" means a common element whose cost of maintenance, repair, or replacement is infrequent, significant, and impractical to include in an annual budget.

(36) "Reserve study professional" means an independent person who is suitably qualified by knowledge, skill, experience, training, or education to prepare a reserve study in accordance with RCW 64.34.380 and 64.34.382.

(40) "Timeshare" shall have the meaning specified in the timeshare act, RCW 64.36.010(11).

(41) "Unit" means a physical portion of the condominium designated for separate ownership, the boundaries of which are described pursuant to RCW 64.34.216(1)(d). "Separate ownership" includes leasing a unit in a leasehold condominium under a lease that expires contemporaneously with any lease, the expiration or termination of which will remove the unit from the condominium.

(42) "Unit owner" means a declarant or other person who owns a unit or leases a unit in a leasehold condominium under a lease that expires simultaneously with any lease, the expiration or termination of which will remove the unit from the condominium, but does not include a person who has an interest in a unit solely as security for an obligation. NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

Sec. 5. RCW 64.34.332 and 1989 c 43 s 3-109 are each amended to read as follows:

(1) A meeting of the association must be held at least once each year. Special meetings of the association may be called by the president, a majority of the board of directors, or by unit owners having twenty percent or any lower percentage specified in the declaration or bylaws of the votes in the association. Not less than ~~((ten))~~ fourteen nor more than ~~((sixty))~~ fifty days in advance of any meeting, the secretary or other officer specified in the bylaws shall cause notice to be ~~((hand delivered or sent prepaid by first-class United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit owner))~~ provided in accordance with this chapter. The notice of any meeting shall state the time and place of the meeting and the items on the agenda to be voted on by the members, including the general nature of any proposed amendment to the declaration or bylaws, changes in the previously approved budget that result in a change in assessment obligations, and any proposal to remove a director or officer.

(2) Except as otherwise restricted by the declaration, bylaws, or articles of incorporation, meetings of unit owners may be conducted by telephonic, video, or other conferencing process, if:
(a) The meeting notice states the conferencing process to be used and provides information explaining how unit owners may participate in the conference directly or by meeting at a central location or conference connection; and
(b) the process provides all unit owners the opportunity to hear or perceive the discussion and to comment.

Sec. 6. RCW 64.34.340 and 1992 c 220 s 17 are each amended to read as follows:

~~((1))~~ If only one of the multiple owners of a unit is present at a meeting of the association or has delivered a written ballot or proxy to the association secretary, the owner is entitled to cast all the votes allocated to that unit. If more than one of the multiple owners are present or has delivered a written ballot or proxy to the association secretary, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the multiple owners, unless the declaration expressly provides otherwise. There is majority agreement if any one of the multiple owners casts the votes allocated to that unit without protest being made promptly to the person presiding over the meeting by any of the other owners of the unit.

(2) Votes allocated to a unit may be cast pursuant to a proxy duly executed by a unit owner. If a unit is owned by more than one person, each owner of the unit may vote or register protest to the casting of votes by the other owners of the unit through a duly executed proxy. A unit owner may not revoke a proxy given pursuant to this section except by actual notice of revocation to the person presiding over a meeting of the association. A proxy is void if it is not dated or purports to be revocable without notice. Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

(3) If the declaration requires that votes on specified matters affecting the condominium be cast by lessees rather than unit owners of leased units: (a) The provisions of subsections (1) and (2) of this section apply to lessees as if they were unit owners; (b) unit owners who have leased their units to other persons may not cast votes on those specified matters; and (c) lessees are entitled to notice of meetings, access to records, and other rights respecting those matters as if they were unit owners. Unit owners must also be given notice, in the manner provided in RCW 64.34.332, of all meetings at which lessees may be entitled to vote.

(4) No votes allocated to a unit owned by the association may be cast, and in determining the percentage of votes required to act

~~on any matter, the votes allocated to units owned by the association shall be disregarded-))~~ (1) Unit owners may vote at a meeting in person, by absentee ballot pursuant to subsection (3)(d) of this section, or by a proxy pursuant to subsection (5) of this section.

(2) When a vote is conducted without a meeting, unit owners may vote by ballot pursuant to subsection (6) of this section.

(3) At a meeting of unit owners the following requirements apply:

(a) Unit owners or their proxies who are present in person may vote by voice vote, show of hands, standing, written ballot, or any other method for determining the votes of unit owners, as designated by the person presiding at the meeting.

(b) If only one of several unit owners of a unit is present, that unit owner is entitled to cast all the votes allocated to that unit. If more than one of the unit owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the unit owners, unless the declaration expressly provides otherwise. There is a majority agreement if any one of the unit owners casts the votes allocated to the unit without protest being made promptly to the person presiding over the meeting by any of the other unit owners of the unit.

(c) Unless a greater number or fraction of the votes in the association is required under this chapter or the declaration or organizational documents, a majority of the votes cast determines the outcome of any action of the association.

(d) Whenever proposals or board members are to be voted upon at a meeting, a unit owner may vote by duly executed absentee ballot if:

(i) The name of each candidate and the text of each proposal to be voted upon are set forth in a writing accompanying or contained in the notice of meeting; and

(ii) A ballot is provided by the association for such purpose.

(4) When a unit owner votes by absentee ballot, the association must be able to verify that the ballot is cast by the unit owner having the right to do so.

(5) Except as provided otherwise in the declaration or organizational documents, the following requirements apply with respect to proxy voting:

(a) Votes allocated to a unit may be cast pursuant to a directed or undirected proxy duly executed by a unit owner in the same manner as provided in RCW 24.06.110.

(b) If a unit is owned by more than one person, each unit owner of the unit may vote or register protest to the casting of votes by the other unit owners of the unit through a duly executed proxy.

(c) A unit owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the secretary or the person presiding over a meeting of the association or by delivery of a subsequent proxy. The death or disability of a unit owner does not revoke a proxy given by the unit owner unless the person presiding over the meeting has actual notice of the death or disability.

(d) A proxy is void if it is not dated or purports to be revocable without notice.

(e) Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

(6) Unless prohibited or limited by the declaration or organizational documents, an association may conduct a vote without a meeting. In that event, the following requirements apply:

(a) The association must notify the unit owners that the vote will be taken by ballot.

(b) The notice must state:

(i) The time and date by which a ballot must be delivered to the association to be counted, which may not be fewer than fourteen

days after the date of the notice, and which deadline may be extended in accordance with (g) of this subsection;

(ii) The percent of votes necessary to meet the quorum requirements;

(iii) The percent of votes necessary to approve each matter other than election of board members; and

(iv) The time, date, and manner by which unit owners wishing to deliver information to all unit owners regarding the subject of the vote may do so.

(c) The association must deliver a ballot to every unit owner with the notice.

(d) The ballot must set forth each proposed action and provide an opportunity to vote for or against the action.

(e) A ballot cast pursuant to this section may be revoked only by actual notice to the association of revocation. The death or disability of a unit owner does not revoke a ballot unless the association has actual notice of the death or disability prior to the date set forth in (b)(i) of this subsection.

(f) Approval by ballot pursuant to this subsection is valid only if the number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action.

(g) If the association does not receive a sufficient number of votes to constitute a quorum or to approve the proposal by the date and time established for return of ballots, the board of directors may extend the deadline for a reasonable period not to exceed eleven months upon further notice to all members in accordance with (b) of this subsection. In that event, all votes previously cast on the proposal must be counted unless subsequently revoked as provided in this section.

(h) A ballot or revocation is not effective until received by the association.

(i) The association must give notice to unit owners of any action taken pursuant to this subsection within a reasonable time after the action is taken.

(j) When an action is taken pursuant to this subsection, a record of the action, including the ballots or a report of the persons appointed to tabulate such ballots, must be kept with the minutes of meetings of the association.

(7) If the governing documents require that votes on specified matters affecting the common interest community be cast by lessees rather than unit owners of leased units:

(a) This section applies to lessees as if they were unit owners;

(b) Unit owners that have leased their units to other persons may not cast votes on those specified matters; and

(c) Lessees are entitled to notice of meetings, access to records, and other rights respecting those matters as if they were unit owners.

(8) Unit owners must also be given notice, in the manner provided in section 8 of this act, of all meetings at which lessees may be entitled to vote.

(9) In any vote of the unit owners, votes allocated to a unit owned by the association must be cast in the same proportion as the votes cast on the matter by unit owners other than the association.

Sec. 7. RCW 64.34.352 and 1992 c 220 s 18 are each amended to read as follows:

(1) Commencing not later than the time of the first conveyance of a unit to a person other than a declarant, the association shall maintain, to the extent reasonably available:

(a) Property insurance on the condominium, which may, but need not, include equipment, improvements, and betterments in a unit installed by the declarant or the unit owners, insuring against all risks of direct physical loss commonly insured against. The total amount of insurance after application of any deductibles shall be not less than eighty percent, or such greater amount specified in the declaration, of the actual cash value of the insured

property at the time the insurance is purchased and at each renewal date, exclusive of land, excavations, foundations, and other items normally excluded from property policies; and

(b) Liability insurance, including medical payments insurance, in an amount determined by the board of directors but not less than the amount specified in the declaration, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements.

(2) If the insurance described in subsection (1) of this section is not reasonably available, or is modified, canceled, or not renewed, the association promptly shall cause notice of that fact to be provided to each unit owner in accordance with this chapter and hand-delivered or sent prepaid by first-class United States mail ~~((to all unit owners,))~~ to each eligible mortgagee~~((s))~~ and to each mortgagee to whom a certificate or memorandum of insurance has been issued at their respective last known addresses. The declaration may require the association to carry any other insurance, and the association in any event may carry any other insurance it deems appropriate to protect the association or the unit owners.

(3) Insurance policies carried pursuant to subsection (1) of this section shall provide that:

(a) Each unit owner is an insured person under the policy with respect to liability arising out of the owner's interest in the common elements or membership in the association;

(b) The insurer waives its right to subrogation under the policy against any unit owner, member of the owner's household, and lessee of the owner;

(c) No act or omission by any unit owner, unless acting within the scope of the owner's authority on behalf of the association, will void the policy or be a condition to recovery under the policy; and

(d) If, at the time of a loss under the policy, there is other insurance in the name of a unit owner covering the same risk covered by the policy, the association's policy provides primary insurance.

(4) Any loss covered by the property insurance under subsection (1)(a) of this section must be adjusted with the association, but the insurance proceeds for that loss are payable to any insurance trustee designated for that purpose, or otherwise to the association, and not to any holder of a mortgage. The insurance trustee or the association shall hold any insurance proceeds in trust for unit owners and lienholders as their interests may appear. Subject to the provisions of subsection (7) of this section, the proceeds must be disbursed first for the repair or restoration of the damaged property, and unit owners and lienholders are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the property has been completely repaired or restored or the condominium is terminated.

(5) An insurance policy issued to the association does not prevent a unit owner from obtaining insurance for the owner's own benefit.

(6) An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance to the association and, upon written request, to any unit owner or holder of a mortgage. The insurer issuing the policy may not modify the amount or the extent of the coverage of the policy or cancel or refuse to renew the policy unless the insurer has complied with all applicable provisions of chapter 48.18 RCW pertaining to the cancellation or nonrenewal of contracts of insurance. The insurer shall not modify the amount or the extent of the coverage of the policy, or cancel or refuse to renew the policy without complying with this section.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(7) Any portion of the condominium for which insurance is required under this section which is damaged or destroyed shall be repaired or replaced promptly by the association unless: (a) The condominium is terminated; (b) repair or replacement would be illegal under any state or local health or safety statute or ordinance; or (c) eighty percent of the unit owners, including every owner of a unit or assigned limited common element which will not be rebuilt, vote not to rebuild. The cost of repair or replacement in excess of insurance proceeds and reserves is a common expense. If all of the damaged or destroyed portions of the condominium are not repaired or replaced: (i) The insurance proceeds attributable to the damaged common elements shall be used to restore the damaged area to a condition compatible with the remainder of the condominium; (ii) the insurance proceeds attributable to units and limited common elements which are not rebuilt shall be distributed to the owners of those units and the owners of the units to which those limited common elements were allocated, or to lienholders, as their interests may appear; and (iii) the remainder of the proceeds shall be distributed to all the unit owners or lienholders, as their interests may appear, in proportion to the common element interests of all the units. If the unit owners vote not to rebuild any unit, that unit's allocated interests are automatically reallocated upon the vote as if the unit had been condemned under RCW 64.34.060(1), and the association promptly shall prepare, execute, and record an amendment to the declaration reflecting the reallocations. Notwithstanding the provisions of this subsection, RCW 64.34.268 governs the distribution of insurance proceeds if the condominium is terminated.

(8) The provisions of this section may be varied or waived as provided in the declaration if all units of a condominium are restricted to nonresidential use.

NEW SECTION. Sec. 8. A new section is added to chapter 64.34 RCW to read as follows:

(1) Notwithstanding any inconsistent provision in the governing documents, notice to the association, board of directors, or any owner or occupant of a unit under this chapter shall be in writing and shall be provided to the recipient by personal delivery, public or private mail or delivery service, or by electronic transmission as provided in this section: PROVIDED, That if this chapter requires different or additional notice requirements for particular circumstances, those requirements shall apply.

(2) Notice in a tangible medium shall be provided as follows:

(a) Notice to the association or board of directors shall be addressed to the association's registered agent at its registered office, to the association at its principal office shown in its most recent annual report, or to an address provided by the association to the unit owners.

(b) Notice to a unit owner or occupant shall be addressed to the unit address unless the unit owner has requested, in a writing delivered to the association, that notices be sent to an alternate address.

(3) Notice in an electronic transmission shall be provided as follows:

(a) Notice to the association, the board of directors, or unit owners by electronic transmission is effective only upon those who have consented, in writing, to receive electronically transmitted notices under this chapter and have designated the address, location, or system to which such notices may be electronically transmitted, provided that such notice otherwise complies with any other requirements of this chapter and applicable law.

(b) Notice under this subsection includes any materials that accompany the notice.

(c) Owners who have consented to receipt of electronically transmitted notices may revoke this consent by delivering a revocation to the association in writing.

(d) The consent of any owner is revoked if the association is unable to electronically transmit two consecutive notices and this inability becomes known to the secretary of the association or any other person responsible for giving the notice. The inadvertent failure by the association to treat this inability as a revocation does not invalidate any meeting or other action.

(e) Notice to unit owners who have consented to receipt of electronically transmitted notices may be provided by posting the notice on an electronic network and delivering to the unit owner separate notice of the posting, together with comprehensible instructions regarding how to obtain access to the posting on the electronic network.

(4) Notice is effective as follows:

(a) Notice provided in a tangible medium is effective as of the date of hand delivery, deposit with the carrier, or when sent by fax.

(b) Notice provided in an electronic transmission is effective as of the date it:

(i) Is electronically transmitted to an address, location, or system designated by the recipient for that purpose; or

(ii) Has been posted on an electronic network and separate notice of the posting has been sent to the recipient containing instructions regarding how to obtain access to the posting on the electronic network.

(5) The ineffectiveness of a good faith effort to deliver notice by an authorized means does not invalidate action taken at or without a meeting.

(6) This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede 15 U.S.C. Sec. 7001(c) or authorize electronic delivery of any of the notices described in 15 U.S.C. Sec. 7003(b).

Sec. 9. RCW 64.38.010 and 2011 c 189 s 7 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Assessment" means all sums chargeable to an owner by an association in accordance with RCW 64.38.020.

(2) "Baseline funding plan" means establishing a reserve funding goal of maintaining a reserve account balance above zero dollars throughout the thirty-year study period described under RCW 64.38.065.

(3) "Board of directors" or "board" means the body, regardless of name, with primary authority to manage the affairs of the association.

(4) "Common areas" means property owned, or otherwise maintained, repaired or administered by the association.

(5) "Common expense" means the costs incurred by the association to exercise any of the powers provided for in this chapter.

(6) "Contribution rate" means, in a reserve study as described in RCW ~~((64.34.380))~~ 64.38.065, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(7) "Effective age" means the difference between the estimated useful life and remaining useful life.

(8) "Full funding plan" means setting a reserve funding goal of achieving one hundred percent fully funded reserves by the end of the thirty-year study period described under RCW 64.38.065, in which the reserve account balance equals the sum of the deteriorated portion of all reserve components.

(9) "Fully funded balance" means the current value of the deteriorated portion, not the total replacement value, of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of the reserve component by its effective age, then dividing the result by the reserve component's useful life. The sum total of all reserve components' fully funded balances is the association's fully funded balance.

(10) "Governing documents" means the articles of incorporation, bylaws, plat, declaration of covenants, conditions, and restrictions, rules and regulations of the association, or other written instrument by which the association has the authority to exercise any of the powers provided for in this chapter or to manage, maintain, or otherwise affect the property under its jurisdiction.

(11) "Homeowners' association" or "association" means a corporation, unincorporated association, or other legal entity, each member of which is an owner of residential real property located within the association's jurisdiction, as described in the governing documents, and by virtue of membership or ownership of property is obligated to pay real property taxes, insurance premiums, maintenance costs, or for improvement of real property other than that which is owned by the member. "Homeowners' association" does not mean an association created under chapter 64.32 or 64.34 RCW.

(12) "Lot" means a physical portion of the real property located within an association's jurisdiction designated for separate ownership.

(13) "Owner" means the owner of a lot, but does not include a person who has an interest in a lot solely as security for an obligation. "Owner" also means the vendee, not the vendor, of a lot under a real estate contract.

(14) "Remaining useful life" means the estimated time, in years, before a reserve component will require major maintenance, repair, or replacement to perform its intended function.

(15) "Replacement cost" means the current cost of replacing, repairing, or restoring a reserve component to its original functional condition.

(16) "Reserve component" means a common element whose cost of maintenance, repair, or replacement is infrequent, significant, and impractical to include in an annual budget.

(17) "Reserve study professional" means an independent person who is suitably qualified by knowledge, skill, experience, training, or education to prepare a reserve study in accordance with RCW ~~((64.34.380))~~ 64.38.065 and ~~((64.34.382))~~ 64.38.070.

(18) "Residential real property" means any real property, the use of which is limited by law, covenant or otherwise to primarily residential or recreational purposes.

(19) "Significant assets" means that the current replacement value of the major reserve components is seventy-five percent or more of the gross budget of the association, excluding the association's reserve account funds.

(20) "Useful life" means the estimated time, between years, that major maintenance, repair, or replacement is estimated to occur.

(21) "Electronic transmission" or "electronically transmitted" means any electronic communication not directly involving the physical transfer of a writing in a tangible medium, but that may be retained, retrieved, and reviewed by the sender and the recipient of the communication, and that may be directly reproduced in a tangible medium by a sender and recipient.

(22) "Tangible medium" means a writing, copy of a writing, facsimile, or a physical reproduction, each on paper or on other tangible material.

Sec. 10. RCW 64.38.035 and 2014 c 20 s 1 are each amended to read as follows:

(1) A meeting of the association must be held at least once each year. Special meetings of the association may be called by the president, a majority of the board of directors, or by owners having ten percent of the votes in the association. The association must make available to each owner of record for examination and copying minutes from the previous association meeting not more than sixty days after the meeting. Minutes of the previous association meeting must be approved at the next association meeting in accordance with the association's governing documents.

(2) Not less than fourteen nor more than ~~((sixty))~~ fifty days in advance of any meeting of the association, the secretary or other officers specified in the bylaws shall ~~((provide written))~~ cause notice of the meeting to be provided to each owner ~~((of record by:~~

~~(a) Hand delivery to the mailing address of the owner or other address designated in writing by the owner;~~

~~(b) Prepaid first class United States mail to the mailing address of the owner or to any other mailing address designated in writing by the owner; or~~

~~(c) Electronic transmission to an address, location, or system designated in writing by the owner. Notice to owners by an electronic transmission complies with this section only with respect to those owners who have delivered to the secretary or other officers specified in the bylaws a written record consenting to receive electronically transmitted notices. An owner who has consented to receipt of electronically transmitted notices may revoke the consent at any time by delivering a written record of the revocation to the secretary or other officer specified in the bylaws. Consent is deemed revoked if the secretary or other officer specified in the bylaws is unable to electronically transmit two consecutive notices given in accordance with the consent)) in accordance with this chapter.~~

(3) The notice of any meeting shall state the time and place of the meeting and the business to be placed on the agenda by the board of directors for a vote by the owners, including the general nature of any proposed amendment to the articles of incorporation, bylaws, any budget or changes in the previously approved budget that result in a change in assessment obligation, and any proposal to remove a director.

(4) Except as provided in this subsection, all meetings of the board of directors shall be open for observation by all owners of record and their authorized agents. The board of directors shall keep minutes of all actions taken by the board, which shall be available to all owners. Upon the affirmative vote in open meeting to assemble in closed session, the board of directors may convene in closed executive session to consider personnel matters; consult with legal counsel or consider communications with legal counsel; and discuss likely or pending litigation, matters involving possible violations of the governing documents of the association, and matters involving the possible liability of an owner to the association. The motion shall state specifically the purpose for the closed session. Reference to the motion and the stated purpose for the closed session shall be included in the minutes. The board of directors shall restrict the consideration of matters during the closed portions of meetings only to those purposes specifically exempted and stated in the motion. No motion, or other action adopted, passed, or agreed to in closed session may become effective unless the board of directors, following the closed session, reconvenes in open meeting and votes in the open meeting on such motion, or other action which is reasonably identified. The requirements of this subsection shall not require the disclosure of information in violation of law or which is otherwise exempt from disclosure.

(5) Except as otherwise restricted by the governing documents, meetings of the association may be conducted by telephonic, video, or other conferencing process, if: (a) The meeting notice

2021 REGULAR SESSION

states the conferencing process to be used and provides information explaining how owners may participate in the conference directly or by meeting at a central location or conference connection; and (b) the process provides all owners the opportunity to hear or perceive the discussion and to comment.

NEW SECTION. Sec. 11. A new section is added to chapter 64.38 RCW to read as follows:

(1) Notwithstanding any inconsistent provision in the governing documents, notice to the association of apartment owners, board, or any apartment owner or occupant of an apartment under this chapter shall be in writing and shall be provided to the recipient by personal delivery, public or private mail or delivery service, or by electronic transmission as provided in this section: PROVIDED, That if this chapter requires different or additional notice requirements for particular circumstances, those requirements shall apply.

(2) Notice in a tangible medium shall be provided as follows:

(a) Notice to the association or board shall be addressed to the association's registered agent at its registered office, to the association at its principal office shown in its most recent annual report, or to an address provided by the association to the apartment owners.

(b) Notice to a lot owner or occupant shall be addressed to the lot address unless the owner has requested, in a writing delivered to the association, that notices be sent to an alternate address.

(3) Notice in an electronic transmission shall be provided as follows:

(a) Notice to the association, the board, or lot owners by electronic transmission is effective only upon those who have consented, in writing, to receive electronically transmitted notices under this chapter and have designated the address, location, or system to which such notices may be electronically transmitted, provided that such notice otherwise complies with any other requirements of this chapter and applicable law.

(b) Notice under this subsection includes any materials that accompany the notice.

(c) Owners who have consented to receipt of electronically transmitted notices may revoke this consent by delivering a revocation to the association in writing.

(d) The consent of any lot owner is revoked if the association is unable to electronically transmit two consecutive notices and this inability becomes known to the secretary of the association of apartment owners or any other person responsible for giving the notice. The inadvertent failure by the association of apartment owners to treat this inability as a revocation does not invalidate any meeting or other action.

(e) Notice to lot owners who have consented to receipt of electronically transmitted notices may be provided by posting the notice on an electronic network and delivering to the owner separate notice of the posting, together with comprehensible instructions regarding how to obtain access to the posting on the electronic network.

(4) Notice is effective as follows:

(a) Notice provided in a tangible medium is effective as of the date of hand delivery, deposit with the carrier, or when sent by fax.

(b) Notice provided in an electronic transmission is effective as of the date it:

(i) Is electronically transmitted to an address, location, or system designated by the recipient for that purpose; or

(ii) Has been posted on an electronic network and separate notice of the posting has been sent to the recipient containing instructions regarding how to obtain access to the posting on the electronic network.

(5) The ineffectiveness of a good faith effort to deliver notice by an authorized means does not invalidate action taken at or without a meeting.

(6) This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede 15 U.S.C. Sec. 7001(c) or authorize electronic delivery of any of the notices described in 15 U.S.C. Sec. 7003(b).

NEW SECTION. Sec. 12. A new section is added to chapter 64.38 RCW to read as follows:

(1) Owners may vote at a meeting in person, by absentee ballot pursuant to subsection (3)(d) of this section, or by a proxy pursuant to subsection (5) of this section.

(2) When a vote is conducted without a meeting, owners may vote by ballot pursuant to subsection (6) of this section.

(3) At a meeting of owners the following requirements apply:

(a) Owners or their proxies who are present in person may vote by voice vote, show of hands, standing, written ballot, or any other method for determining the votes of owners, as designated by the person presiding at the meeting.

(b) If only one of several owners of a lot is present, that lot owner is entitled to cast all the votes allocated to that lot. If more than one of the lot owners are present, the votes allocated to that lot may be cast only in accordance with the agreement of a majority in interest of the lot owners, unless the declaration expressly provides otherwise. There is a majority agreement if any one of the lot owners casts the votes allocated to the lot without protest being made promptly to the person presiding over the meeting by any of the other lot owners of the lot.

(c) Unless a greater number or fraction of the votes in the association is required under this chapter or the declaration or organizational documents, a majority of the votes cast determines the outcome of any action of the association.

(d) Whenever proposals or board members are to be voted upon at a meeting, an owner may vote by duly executed absentee ballot if:

(i) The name of each candidate and the text of each proposal to be voted upon are set forth in a writing accompanying or contained in the notice of meeting; and

(ii) A ballot is provided by the association for such purpose.

(4) When an owner votes by absentee ballot, the association must be able to verify that the ballot is cast by the owner having the right to do so.

(5) Except as provided otherwise in the declaration or organizational documents, the following requirements apply with respect to proxy voting:

(a) Votes allocated to a lot may be cast pursuant to a directed or undirected proxy duly executed by a lot owner in the same manner as provided in RCW 24.06.110.

(b) If a lot is owned by more than one person, each lot owner of the lot may vote or register protest to the casting of votes by the other lot owners of the lot through a duly executed proxy.

(c) An owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the secretary or the person presiding over a meeting of the association or by delivery of a subsequent proxy. The death or disability of an owner does not revoke a proxy given by the owner unless the person presiding over the meeting has actual notice of the death or disability.

(d) A proxy is void if it is not dated or purports to be revocable without notice.

(e) Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

(6) Unless prohibited or limited by the declaration or organizational documents, an association may conduct a vote

without a meeting. In that event, the following requirements apply:

(a) The association must notify the owners that the vote will be taken by ballot.

(b) The notice must state:

(i) The time and date by which a ballot must be delivered to the association to be counted, which may not be fewer than fourteen days after the date of the notice, and which deadline may be extended in accordance with (g) of this subsection;

(ii) The percent of votes necessary to meet the quorum requirements;

(iii) The percent of votes necessary to approve each matter other than election of board members; and

(iv) The time, date, and manner by which owners wishing to deliver information to all owners regarding the subject of the vote may do so.

(c) The association must deliver a ballot to every owner with the notice.

(d) The ballot must set forth each proposed action and provide an opportunity to vote for or against the action.

(e) A ballot cast pursuant to this section may be revoked only by actual notice to the association of revocation. The death or disability of an owner does not revoke a ballot unless the association has actual notice of the death or disability prior to the date set forth in (b)(i) of this subsection.

(f) Approval by ballot pursuant to this subsection is valid only if the number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action.

(g) If the association does not receive a sufficient number of votes to constitute a quorum or to approve the proposal by the date and time established for return of ballots, the board may extend the deadline for a reasonable period not to exceed eleven months upon further notice to all members in accordance with (b) of this subsection. In that event, all votes previously cast on the proposal must be counted unless subsequently revoked as provided in this section.

(h) A ballot or revocation is not effective until received by the association.

(i) The association must give notice to owners of any action taken pursuant to this subsection within a reasonable time after the action is taken.

(j) When an action is taken pursuant to this subsection, a record of the action, including the ballots or a report of the persons appointed to tabulate such ballots, must be kept with the minutes of meetings of the association.

(7) If the governing documents require that votes on specified matters affecting the common interest community be cast by lessees rather than owners of leased lots:

(a) This section applies to lessees as if they were owners;

(b) Owners that have leased their lots to other persons may not cast votes on those specified matters; and

(c) Lessees are entitled to notice of meetings, access to records, and other rights respecting those matters as if they were owners.

(8) Owners must also be given notice, in the manner provided in section 11 of this act, of all meetings at which lessees may be entitled to vote.

(9) In any vote of the lot owners, votes allocated to a lot owned by the association must be cast in the same proportion as the votes cast on the matter by lot owners other than the association.

Sec. 13. RCW 64.90.445 and 2019 c 238 s 210 are each amended to read as follows:

(1) The following requirements apply to unit owner meetings:

(a) A meeting of the association must be held at least once each year. Failure to hold an annual meeting does not cause a forfeiture or give cause for dissolution of the association and does not affect otherwise valid association acts.

(b)(i) An association must hold a special meeting of unit owners to address any matter affecting the common interest community or the association if its president, a majority of the board, or unit owners having at least twenty percent, or any lower percentage specified in the organizational documents, of the votes in the association request that the secretary call the meeting.

(ii) If the association does not provide notice to unit owners of a special meeting within thirty days after the requisite number or percentage of unit owners request the secretary to do so, the requesting members may directly provide notice to all the unit owners of the meeting. Only matters described in the meeting notice required in (c) of this subsection may be considered at a special meeting.

(c) An association must provide notice to unit owners of the time, date, and place of each annual and special unit owners meeting not less than fourteen days and not more than fifty days before the meeting date. Notice may be by any means described in RCW 64.90.515. The notice of any meeting must state the time, date, and place of the meeting and the items on the agenda, including:

(i) The text of any proposed amendment to the declaration or organizational documents;

(ii) Any changes in the previously approved budget that result in a change in the assessment obligations; and

(iii) Any proposal to remove a board member or officer.

(d) The minimum time to provide notice required in (c) of this subsection may be reduced or waived for a meeting called to deal with an emergency.

(e) Unit owners must be given a reasonable opportunity at any meeting to comment regarding any matter affecting the common interest community or the association.

(f) ~~((The))~~ Except as otherwise restricted by the declaration or organizational documents ((may allow for)), meetings of unit owners ~~((to))~~ may be conducted by telephonic, video, or other conferencing process, if the process is consistent with subsection (2)(i) of this section.

(2) The following requirements apply to meetings of the board and committees authorized to act for the board:

(a) Meetings must be open to the unit owners except during executive sessions, but the board may expel or prohibit attendance by any person who, after warning by the chair of the meeting, disrupts the meeting. The board and those committees may hold an executive session only during a regular or special meeting of the board or a committee. A final vote or action may not be taken during an executive session.

(b) An executive session may be held only to:

(i) Consult with the association's attorney concerning legal matters;

(ii) Discuss existing or potential litigation or mediation, arbitration, or administrative proceedings;

(iii) Discuss labor or personnel matters;

(iv) Discuss contracts, leases, and other commercial transactions to purchase or provide goods or services currently being negotiated, including the review of bids or proposals, if premature general knowledge of those matters would place the association at a disadvantage; or

(v) Prevent public knowledge of the matter to be discussed if the board or committee determines that public knowledge would violate the privacy of any person.

(c) For purposes of this subsection, a gathering of members of the board or committees at which the board or committee members do not conduct association business is not a meeting of the board or committee. Board members and committee members may not use incidental or social gatherings to evade the open meeting requirements of this subsection.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(d) During the period of declarant control, the board must meet at least four times a year. At least one of those meetings must be held at the common interest community or at a place convenient to the community. After the transition meeting, all board meetings must be at the common interest community or at a place convenient to the common interest community unless the unit owners amend the bylaws to vary the location of those meetings.

(e) At each board meeting, the board must provide a reasonable opportunity for unit owners to comment regarding matters affecting the common interest community and the association.

(f) Unless the meeting is included in a schedule given to the unit owners or the meeting is called to deal with an emergency, the secretary or other officer specified in the organizational documents must provide notice of each board meeting to each board member and to the unit owners. The notice must be given at least fourteen days before the meeting and must state the time, date, place, and agenda of the meeting.

(g) If any materials are distributed to the board before the meeting, the board must make copies of those materials reasonably available to the unit owners, except that the board need not make available copies of unapproved minutes or materials that are to be considered in executive session.

(h) Unless the organizational documents provide otherwise, fewer than all board members may participate in a regular or special meeting by or conduct a meeting through the use of any means of communication by which all board members participating can hear each other during the meeting. A board member participating in a meeting by these means is deemed to be present in person at the meeting.

(i) Unless the organizational documents provide otherwise, the board may meet by participation of all board members by telephonic, video, or other conferencing process if:

(i) The meeting notice states the conferencing process to be used and provides information explaining how unit owners may participate in the conference directly or by meeting at a central location or conference connection; and

(ii) The process provides all unit owners the opportunity to hear or perceive the discussion and to comment as provided in (e) of this subsection.

(j) After the transition meeting, unit owners may amend the organizational documents to vary the procedures for meetings described in (i) of this subsection.

(k) Instead of meeting, the board may act by unanimous consent as documented in a record by all its members. Actions taken by unanimous consent must be kept as a record of the association with the meeting minutes. After the transition meeting, the board may act by unanimous consent only to undertake ministerial actions, actions subject to ratification by the unit owners, or to implement actions previously taken at a meeting of the board.

(l) A board member who is present at a board meeting at which any action is taken is presumed to have assented to the action taken unless the board member's dissent or abstention to such action is lodged with the person acting as the secretary of the meeting before adjournment of the meeting or provided in a record to the secretary of the association immediately after adjournment of the meeting. The right to dissent or abstain does not apply to a board member who voted in favor of such action at the meeting.

(m) A board member may not vote by proxy or absentee ballot.

(n) Even if an action by the board is not in compliance with this section, it is valid unless set aside by a court. A challenge to the validity of an action of the board for failure to comply with this section may not be brought more than ninety days after the minutes of the board of the meeting at which the action was taken

are approved or the record of that action is distributed to unit owners, whichever is later.

(3) Minutes of all unit owner meetings and board meetings, excluding executive sessions, must be maintained in a record. The decision on each matter voted upon at a board meeting or unit owner meeting must be recorded in the minutes."

Correct the title.

and the same are herewith transmitted.

March 24, 2021

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5013 with the following amendment(s): 5013-S AMH SGOV H1202.3

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 29A.76.010 and 2018 c 301 s 8 are each amended to read as follows:

(1) It is the responsibility of each county, municipal corporation, and special purpose district with a governing body comprised of internal director, council, or commissioner districts not based on statutorily required land ownership criteria to periodically redistrict its governmental unit, based on population information from the most recent federal decennial census.

(2) Within forty-five days after receipt of federal decennial census information applicable to a specific local area, the commission established in RCW 44.05.030 shall forward the census information to each municipal corporation, county, and district charged with redistricting under this section.

(3) Except as otherwise provided in chapter 301, Laws of 2018, ~~((no later than eight months after its receipt of federal decennial census data))~~ the governing body of the municipal corporation, county, or district shall prepare a plan for redistricting its internal or director districts:

(a) By December 31, 2021, if the jurisdiction is scheduled to elect members to its governing body in 2022; or

(b) By November 15, 2022, if the jurisdiction is not scheduled to elect members to its governing body in 2022.

(4) The plan shall be consistent with the following criteria:

(a) Each internal director, council, or commissioner district shall be as nearly equal in population as possible to each and every other such district comprising the municipal corporation, county, or special purpose district.

(b) Each district shall be as compact as possible.

(c) Each district shall consist of geographically contiguous area.

(d) Population data may not be used for purposes of favoring or disfavoring any racial group or political party.

(e) To the extent feasible and if not inconsistent with the basic enabling legislation for the municipal corporation, county, or district, the district boundaries shall coincide with existing recognized natural boundaries and shall, to the extent possible, preserve existing communities of related and mutual interest.

(5) During the adoption of its plan, the municipal corporation, county, or district shall ensure that full and reasonable public notice of its actions is provided. Before adopting the plan, the municipal corporation, county, or district must:

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5030 with the following amendment(s): 5030-S AMH ENGR H1312.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that certificated school counselors are uniquely qualified to address the developmental needs of all students through a comprehensive school counseling program. School counselors play a critical role in maximizing K-12 student outcomes, including those related to attendance, academic achievement, high school graduation, postsecondary readiness, and social-emotional development. The legislature finds that school counselors play an especially unique role in the lives of students from underserved backgrounds, particularly students of color, students with disabilities, English language learners, and students living in poverty, who, according to research, are more likely to seek out their school counselor for academic, mental health, or postsecondary planning needs.

(2) The legislature also recognizes research indicating that lower counselor to student ratios enable counselors to work more closely with students and address their unique needs, and that school counselors should be able to use their time to provide direct and indirect services to students as described in a comprehensive school counseling program grounded in research.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.320 RCW to read as follows:

By the beginning of the 2022-23 school year each school district shall develop and implement a written plan for a comprehensive school counseling program that is based on regularly updated standards developed by a national organization representing school counselors. The written plan must:

(1) Establish a comprehensive school counseling program that uses state and nationally recognized counselor frameworks and is systemically aligned to state learning standards;

(2) Provide a process for identifying student needs through a multilevel school data review and analysis that includes, at a minimum, use-of-time data, program results data, and data regarding communication with administrators, parents, students, and stakeholders;

(3) Explain how direct and indirect services will be delivered through the comprehensive school counseling program; and

(4) Establish an annual review and assessment process for the comprehensive school counseling program that includes building administrators and stakeholders.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

(1) The comprehensive school counseling program required by section 2 of this act must be implemented by school counselors or other educational staff associates for the purpose of guiding students in academic pursuits, career planning, and social-emotional learning.

(2) School counselors or other educational staff associates assigned to implement comprehensive school counseling programs must allocate at least 80 percent of their work time providing direct and indirect services to benefit students, as aligned with standards developed by a national organization representing school counselors. Tasks such as coordinating and monitoring student testing, supervising students at lunch and recess, and assuming the duties of other noncounseling staff are not direct or indirect services.

(3) For purposes of this section:

(a) "Direct services" are in-person interactions between school counselors or other educational staff associates assigned to implement comprehensive school counseling programs and students that help students improve achievement, attendance, and discipline. Examples include, but are not limited to, instruction, appraisal, advisement, and counseling.

(b) "Indirect services" are provided on behalf of students as a result of interactions with others by school counselors or educational staff associates assigned to implement

2021 REGULAR SESSION

comprehensive school counseling programs that allow school counselors or educational staff associates to enhance student achievement and promote equity and access for all students. Examples include, but are not limited to, collaboration, consultation, and referrals.

(c) "Work time" means the portion of an employee's contracted hours for which they are contracted to perform the duties of a school counselor or other educational staff associate assignment.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.320 RCW to read as follows:

(1) By December 1, 2021, the office of the superintendent of public instruction must develop and distribute to school districts guidance for the implementation of sections 2 and 3 of this act. In meeting the requirements of this subsection (1), the office of the superintendent of public instruction shall consult with small school districts and develop guidance for small districts that is appropriate for the staffing resources, school counselor to student ratios, and range of duties performed by school counselors and educational staff associates in small school districts.

(2) Prior to the 2022-23 school year, each school district board of directors must, within existing funds, adopt a transition plan for developing and implementing a comprehensive school counseling program plan.

(3) This section expires June 30, 2023."

(4) Any member of the committee directly or indirectly affiliated with a submittal before the committee must recuse himself or herself from the committee consideration of that submittal.

(5) Any person who sits on the committee or panel is not precluded from subsequently bidding on or participating in projects that have been reviewed by the committee.

(6) The committee shall meet as often as necessary to ensure that certification and approvals are completed in a timely manner.

Sec. 5. RCW 39.10.250 and 2019 c 212 s 2 are each amended to read as follows:

The committee shall:

(1) Certify, or renew certification for, public bodies to use design-build or general contractor/construction manager contracting procedures, or both;

(2) Review and approve the use of the design-build or general contractor/construction manager contracting procedures on a project by project basis for public bodies that are not certified under RCW 39.10.270;

(3) Review and approve the use of alternative subcontractor selection under RCW 39.10.385 on a project-by-project basis for public bodies that are not certified under RCW 39.10.270, which review and approval may be concurrent with project approval; and

(4) Review and approve not more than two design-build demonstration projects that include procurement of operations and maintenance services for a period longer than three years.

Sec. 6. RCW 39.10.300 and 2019 c 212 s 4 are each amended to read as follows:

(1) Subject to the requirements in RCW 39.10.250, 39.10.270, or 39.10.280, public bodies may utilize the design-build procedure, including progressive design-build, for public works projects in which the total project cost is over ~~((two million dollars))~~ \$2,000,000 and where:

(a) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(b) The projects selected provide opportunity for greater innovation or efficiencies between the designer and the builder; or

(c) Significant savings in project delivery time would be realized.

(2) Subject to the process in RCW 39.10.270 or 39.10.280, public bodies may use the design-build procedure, including progressive design-build, for parking garages and preengineered metal buildings, regardless of cost.

(3) The design-build procedure may be used for the construction or erection of portable facilities as defined in WAC 392-343-018, ~~((preengineered metal buildings,))~~ or not more than ~~((ten))~~ 10 prefabricated modular buildings per installation site, regardless of cost and is not subject to approval by the committee.

(4) Except for utility projects and approved demonstration projects, the design-build procedure may not be used to procure operations and maintenance services for a period longer than three years. (6) Washington State University may perform design-build demonstration projects with a total project cost under \$2,000,000 to develop best practices in encouraging participation of small business entities and of minority, women, and veteran-owned businesses, and in managing capital projects under \$2,000,000. Washington State University shall provide reports to the board every other year, starting with two years after the effective date of this section. Such reports shall include information on the type

of projects performed, the initial and final project cost and schedule of the projects, participation of small business entities and of minority, women, and veteran-owned businesses, and the best practices derived from the projects. The report shall include outreach measures developed in concert with the office of minority and women's business enterprises.

Sec. 7. RCW 39.10.330 and 2019 c 212 s 6 are each amended to read as follows:

The public body is encouraged to post the design-build opportunity in additional areas, such as websites for business associations or the office of minority and women's business enterprises, to further publicize the opportunity for qualified design-build teams. The request for qualifications documents shall include:

(a) A description of the project including the estimated design-build contract value and the intended use of the project;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer;

(d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;

(i) Evaluation factors for qualifications shall include technical qualifications, such as specialized experience and technical competence of the firms and the key design and construction personnel; capacity to perform; the proposer's past performance in utilization of ~~((the office of minority and women's business enterprises certified businesses))~~ disadvantaged business enterprises, to the extent permitted by law; ability to provide a performance and payment bond for the project; and other appropriate factors. Evaluation factors ~~((may))~~ must also include, but are not limited to, the proposer's past performance in utilization of small business entities. Cost or price-related factors are not permitted in the request for qualifications phase;

(ii) Evaluation factors for finalists' proposals shall include the management plan to meet time and budget requirements and one or more price-related factors. Evaluation factors must include a proposer's inclusion plan for small business entities and disadvantaged business enterprises as subconsultants, subcontractors, and suppliers for the project, to the extent permitted by law. Evaluation factors may also include, but not be limited to, the technical approach ~~((, design concept, and the outreach plan to include small business entities and disadvantaged business enterprises as subconsultants, subcontractors, and suppliers for the project))~~ or the design concept;

(e) Protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(f) The proposed contract;

(g) The honorarium to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;

(h) The schedule for the procurement process and the project; and

(i) Other information relevant to the project.

(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based solely on the factors, weighting, and process identified in the request for qualifications and any addenda issued by the public body. Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

(3) The public body must notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer not selected as a finalist, the public body must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the finalists must file the protest in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision is transmitted to the protestor.

(4) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists. The request for proposal documents shall include:

The finalists' proposals shall be evaluated and scored based solely on the factors, weighting, and process identified in the request for qualifications, the request for proposals, and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with the finalist submitting the highest scored proposal. If the public body is unable to execute a contract with the finalist submitting the highest scored proposal, negotiations with that finalist may be suspended or terminated and the public body may proceed to negotiate with the next highest scored finalist. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(6) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a finalist firm, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(7) The firm awarded the contract shall provide a performance and payment bond for the contracted amount.

Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects. In determining the amount of the honorarium, the public body shall recognize the level of effort required to meet the selection criteria.

Sec. 8. RCW 39.10.350 and 2014 c 42 s 4 are each amended to read as follows:

At a minimum, the public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be performed, a notice of its request for qualifications from proposers for general contractor/construction manager services, and the availability and location of the request for proposal documents. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the general contractor/construction manager procedure ~~((including, if applicable, a clear statement that the public body is electing to procure the project as a heavy civil construction project, in which case the solicitation must additionally:~~

(i) ~~Indicate the minimum percentage of the cost of the work to construct the project that will constitute the negotiated self-perform portion of the project;~~

(ii) ~~Indicate whether the public body will allow the price to be paid for the negotiated self-perform portion of the project to be deemed a cost of the work to which the general contractor/construction manager's percent fee applies; and~~

(iii) ~~Require proposals to indicate the proposer's fee for the negotiated self-perform portion of the project);~~

(c) A description of the qualifications to be required of the firm, including submission of the firm's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors, the relative weight of factors, and protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

After the committee has selected the most qualified finalists, at the time specified by the public body, these finalists shall submit final proposals, ~~((including))~~ which must include sealed bids for the percent fee on the estimated maximum allowable construction cost and ~~((the fixed amount for the general conditions work specified))~~ which may include other price-related factors identified in the request for proposal. In no event shall a price-related factor include a request for overall project budget, estimate, or bid. The public body shall establish a time and place for the opening of sealed bids ~~((for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal))~~. (1) The maximum allowable construction cost shall be used to establish a total contract cost for which the general contractor/construction manager shall provide a performance and payment bond. The maximum allowable construction cost shall be negotiated between the public body and the selected firm when the construction documents and specifications are at least ninety percent complete.

(2) Major bid packages may be bid in accordance with RCW 39.10.380 before agreement on the maximum allowable construction cost between the public body and the selected general contractor/construction manager. The general contractor/construction manager may issue an intent to award to the responsible bidder submitting the lowest responsive bid.

(3) The public body may, at its option, authorize the general contractor/construction manager to proceed with the bidding and

award of bid packages and construction before receipt of complete project plans and specifications. Any contracts awarded under this subsection shall be incorporated in the negotiated maximum allowable construction cost.

(4) The total contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the negotiated support services, and the percent fee on the negotiated maximum allowable construction cost. ~~((Negotiated support services may be included in the specified general conditions at the discretion of the public body.))~~ Unless portions or all are converted to lump sum, negotiated support services shall be treated as a contractual allowance, subject to reconciliation at the conclusion of work.

(5) If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated.

(6) If the maximum allowable construction cost varies more than ~~((fifteen))~~ 15 percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

~~((7) As part of the negotiation of the maximum allowable construction cost under subsection (1) of this section, on a project that the public body has elected to procure as a heavy civil construction project:~~

~~(a) The general contractor/construction manager shall submit a proposed construction management and contracting plan, which must include, at a minimum:~~

~~(i) The scope of work and cost estimates for each bid package;~~

~~(b) The public body and general contractor/construction manager may negotiate the scopes of work to be procured by bid and the price and scope of work for the negotiated self-perform portion of the project, if any;~~

~~(c) The negotiated self-perform portion of the project must not exceed fifty percent of the cost of the work to construct the project;~~

~~(d) Subject to the limitation of RCW 39.10.390(4), the public body may additionally negotiate with the general contractor/construction manager to determine on which scopes of work the general contractor/construction manager will be permitted to bid, if any;~~

~~(e) The public body and general contractor/construction manager shall negotiate, to the public body's satisfaction, a fair and reasonable outreach plan;~~

Sec. 11. RCW 39.10.380 and 2013 c 222 s 14 are each amended to read as follows:

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

At a minimum, the general contractor/construction manager shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the subcontract work will be performed, a notice of its request for bid, and the availability and location of the bid documents. The general contractor/construction manager is encouraged to post the subcontract opportunity in additional areas beyond the legal newspaper as required by this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the opportunity for qualified subcontractors. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement. Individual bid packages are to be prepared with trades separated in the manner consistent with industry practice to maximize participation and competition across all trades. Bundling of trades not normally combined into one bid package is not allowed without justification and specific approval by the public body. Bid packages must be prepared to reduce barriers for and increase participation by disadvantaged business enterprises.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over ~~((three hundred thousand dollars))~~ \$300,000 shall post a bid bond. All subcontractors who are awarded a contract over ~~((three hundred thousand dollars))~~ \$300,000 shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days' written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price to reduce cost based

upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the ~~((available funds))~~ published bid package estimates; and

(b) The apparent low responsive bid or proposal does not exceed the ~~((available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and~~

~~(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds))~~ published bid package estimates by more than 10 percent.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation to the public body if all bids are rejected.

Sec. 12. RCW 39.10.385 and 2013 c 222 s 15 are each amended to read as follows:

As an alternative to the subcontractor selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select ~~((mechanical subcontractors, electrical))~~ one or more subcontractors~~((, or both,))~~ using the process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

(1) In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in ~~((a))~~ the same legal newspaper where the public solicitation of proposals is published ~~((in or as near as possible to that part of the county where the public work will be constructed))~~. The general contractor/construction manager and public body are encouraged to post the notice in additional areas beyond the legal newspaper as required under this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the intent to use this alternative selection process. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; how interested parties may, prior to the hearing, obtain the following: (i) The evaluation criteria and applicable weight given to each criteria that will be used for evaluation, including clear definitions of what should be considered specified general conditions work and what should be considered the fee; and (ii) protest procedures including time limits for filing a protest, which may, in no event, limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision. The evaluation criteria, weights assigned to each criteria, and justification for using this selection process must be made available upon request at least seven calendar days before the public hearing;

(b) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding

the justification for using this selection process, the evaluation criteria, weights for each criteria, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. ~~((All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination.))~~ The final determination shall state the reasons the alternative selection process is determined to be in the best interests of the public and shall reasonably address the comments received regarding the criteria and weights for each criterion. Any modifications to the criteria, weights, and protest procedures based on comments received during the public hearing process must be included in the final determination. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. The public body shall not proceed with the selection process until after responding in writing to the protest.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of proposals must be provided to the office of minority and women's business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available, along with a description of the project's unique aspects, complexities, and challenges;

(b) The reasons for using the alternative selection process;

(c) A description of the minimum qualifications required of the firm;

(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(f) The form of the contract, including any contract for preconstruction services, to be awarded;

(g) The estimated maximum allowable subcontract cost; and

(h) The bid instructions to be used by the finalists.

(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:

(a) Ability of the firm's professional personnel to deliver projects similar in size, scope, or complexity;

(b) The firm's past performance on ~~((similar))~~ projects similar in size, scope, or complexity;

(c) The firm's ability to meet time and budget requirements on projects similar in size, scope, or complexity;

(d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;

(e) The firm's plan for ~~((outreach to minority and women-owned businesses))~~ inclusion of disadvantaged business enterprises, to the extent permitted by law;

(f) The firm's proximity to the project location;

(g) ~~((The firm's capacity to successfully complete the project;~~

~~((h)))~~ The firm's approach to executing the project based on its delivery of other projects similar in size, scope, or complexity;

~~((i)))~~ (h) The firm's approach to safety on the project;

~~((j)))~~ (i) The firm's safety history;

(j) If interviews are part of the selection process, the solicitation shall describe how interviews will be scored or evaluated, and evaluations shall be included in the written selection summary; and

(k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the committee. Final proposals, including sealed bids for the percent fee on the estimated maximum allowable subcontract cost, and the fixed amount for the subcontract general conditions work specified in the request for proposal, will be requested from the most qualified firms.

(5) The general contractor/construction manager must notify all proposers of the most qualified firms that will move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer, the general contractor/construction manager must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the most qualified finalists must file the protest with the public body in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision issued by the public body is transmitted to the protestor.

(6) The general contractor/construction manager and the public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors identified in the solicitation of proposals. Scoring of the nonprice factors shall be added to the scoring of the fee and cost proposals to determine the highest scored firm. The scoring of the nonprice factors must be made available at the public opening of the fee and cost proposals. The general contractor/construction manager shall notify all proposers of the selection decision and make a selection summary of the final proposals, which shall be available to all proposers within two business days of such notification. The general contractor/construction manager may not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(7) If the public body receives a timely written protest from a "most qualified firm," the general contractor/construction manager may not execute a contract for the protested subcontract work until two business days after the final protest decision issued by the public body is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(8) If the general contractor/construction manager is unable to negotiate a satisfactory maximum allowable subcontract cost with the firm selected deemed by public body and the general contractor/construction manager to be fair, reasonable, and within the available funds, negotiations with that firm must be formally terminated and the general contractor/construction manager may negotiate with the next highest scored firm until an agreement is reached or the process is terminated.

(9) With the approval of the public body, the general contractor/construction manager may contract with the selected firm to provide preconstruction services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work; and to act as the ~~((mechanical or electrical))~~ subcontractor during the construction phase.

(10) The maximum allowable subcontract cost must be used to establish a total subcontract cost for purposes of a performance and payment bond. Total subcontract cost means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable subcontract cost, and the percent fee on the negotiated maximum allowable subcontract cost. Maximum allowable subcontract cost means the maximum cost to complete the work specified for the subcontract, including the estimated

cost of work to be performed by the subcontractor's own forces, a percentage for risk contingency, negotiated support services, and approved change orders. The maximum allowable subcontract cost must be negotiated between the general contractor/construction manager and the selected firm when the construction documents and specifications are at least ninety percent complete. Final agreement on the maximum allowable subcontract cost is subject to the approval of the public body.

(11) If the work of the ~~((mechanical contractor or electrical contractor))~~ subcontractor is completed for less than the maximum allowable subcontract cost, any savings not otherwise negotiated as part of an incentive clause becomes part of the risk contingency included in the general contractor/construction manager's maximum allowable construction cost. If the work of the ~~((mechanical contractor or the electrical contractor))~~ subcontractor is completed for more than the maximum allowable subcontract cost, the additional cost is the responsibility of that subcontractor. An independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs ~~((as outlined in the contract))~~. The public body or general contractor/construction manager shall define the scope of the audit in the contract.

(12) A ~~((mechanical or electrical contractor))~~ subcontractor selected under this section may perform work with its own forces. In the event it elects to subcontract some of its work, it must select a subcontractor utilizing the procedure outlined in RCW 39.10.380.

Sec. 13. RCW 39.10.390 and 2014 c 42 s 7 are each amended to read as follows:

(1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries assign warranty responsibility or the terms of its contract or purchase order with vendors for equipment or material purchases to subcontract bid package bidders or subcontractors who have been awarded a contract. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed ~~((thirty))~~ 30 percent of the negotiated maximum allowable construction cost, unless procured as a heavy civil construction project under this chapter. Negotiated support services performed by the general contractor/construction manager shall not be considered subcontract work for purposes of this subsection.

~~((4) Notwithstanding any contrary provision of this chapter, for a project that a public body has elected to procure as a heavy civil construction project under this chapter, at least thirty percent of the cost of the work to construct the project included in the negotiated maximum allowable construction cost must be procured through competitive sealed bidding in which bidding by the general contractor/construction manager or its subsidiaries is prohibited.))~~

Sec. 14. RCW 39.10.400 and 2013 c 222 s 17 are each amended to read as follows:

(1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least ~~((fourteen))~~ 14 calendar days before conducting a public hearing. The general contractor/construction manager and public body are encouraged to post the notice in additional areas beyond the legal newspaper as required under this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the intent to use subcontractor eligibility prior to seeking bids;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and how interested parties may, at least five days before the hearing, obtain the specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for each criteria established in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded one opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section.

After the committee has selected the most qualified finalists, the finalists shall submit ~~((final proposals, including sealed bids based upon the identified unit price book))~~ a sealed bid including, but not limited to, coefficient(s). Such bids may be in the form of coefficient ~~((markups from))~~ adjustments to the listed unit price book ((costs)). (1) The maximum total dollar amount that may be awarded under a job order contract is ~~((four million dollars))~~ \$4,000,000 per year for a maximum of three years. Any unused capacity from

the previous year may be carried over for one year and added to the immediate following year's limit. The maximum annual volume including unused capacity shall not exceed the limit of two years. The maximum total dollar amount that may be awarded under a job order contract for the department of enterprise services, counties with a population of more than ~~((one million))~~ 1,000,000, and cities with a population of more than ~~((four hundred thousand))~~ 400,000 is ~~((six million dollars))~~ \$6,000,000 per year for a maximum of three years. The maximum total dollar amounts are exclusive of Washington state sales and use tax.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than three job order contracts in effect at any one time, with the exception of the department of enterprise services, which may have six job order contracts in effect at any one time.

(4) At least ~~((ninety))~~ 90 percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including certified minority and woman-owned subcontractors to the extent permitted by law as demonstrated on the subcontractor and supplier project submission, and shall limit subcontractor bonding requirements to the greatest extent possible.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated. (6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, ~~((2024))~~ 2031; however the job order contract may be extended or renewed as provided for in this section.

~~((9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter.)~~

NEW SECTION. Sec. 19. A new section is added to chapter 39.10 RCW to read as follows:

In addition to the general contractor/construction manager requirements established in this chapter, public bodies utilizing the general contractor/construction manager method for a heavy civil construction project must also comply with the following requirements:

(a) Provide the reasons for using the general contractor/construction manager procedure, including a clear statement that the public body is electing to procure the project as a heavy civil construction project;

(b) Indicate the minimum percentage of the cost of the work to construct the project that will constitute the negotiated self-perform portion of the project;

(c) Indicate whether the public body will allow the price to be paid for the negotiated self-perform portion of the project to be deemed a cost of the work to which the general contractor/construction manager's percent fee applies; and

(d) Require proposals to indicate the proposer's fee for the negotiated self-perform portion of the project;

(4) The negotiated self-perform portion of the project must not exceed 50 percent of the cost of the work to construct the project;

(5) Notwithstanding any contrary provision of this chapter, for a project that a public body has elected to procure as a heavy civil construction project under this chapter, at least 30 percent of the cost of the work to construct the project included in the negotiated

maximum allowable construction cost must be procured through competitive sealed bidding in which bidding by the general contractor/construction manager or its subsidiaries is prohibited;

(6) Subject to the limitation of subsection (5) of this section, the public body may additionally negotiate with the general contractor/construction manager to determine on which scopes of work the general contractor/construction manager will be permitted to bid, if any;

(7) The public body and general contractor/construction manager shall negotiate, to the public body's satisfaction, a fair and reasonable inclusion plan;

(9) For a project procured as a heavy civil construction project, an independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract. The public body shall define the scope of the audit in the contract.

NEW SECTION. Sec. 20. (1) The capital projects advisory review board shall coordinate and consult with the office of minority and women's business enterprises, the department of enterprise services, the office of equity, community stakeholders and advocates, and subject matter experts to create best practices guidelines for increasing and sustaining access to contracting opportunities in alternative public works for minority, women, and veteran-owned businesses, and small businesses. In creating the guidelines, the board shall take into consideration the barriers to participation identified in the local government contracting report produced pursuant to section 16, chapter 434, Laws of 2019, information and recommendations from the 2019 Washington state disparity study and disparity studies of any other public body in Washington state, and successful diversity and inclusion policies being implemented by state and local governmental agencies. ARTICLE 5 GIFT RESTRICTIONS

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

NEW SECTION. Sec. 1501. UNRESTRICTED GIFTS. Giving a gift to a nonprofit corporation, including a charitable corporation, without a gift instrument transfers complete ownership of the gift to the nonprofit corporation. A restricted gift to a nonprofit corporation is created only by a gift instrument.

NEW SECTION. Sec. 1502. RESTRICTED GIFTS. (1) This section distinguishes between:

(a) Enforceable trusts held by a nonprofit corporation, including a charitable corporation, governed under chapter 11.110 RCW; and

(b) Gift restrictions whose terms may be enforced and are subject to modification under this chapter or other applicable law.

(2) A gift to a nonprofit corporation, including a charitable corporation, does not create a charitable trust unless:

(a) The donor expresses an intent to create a charitable trust; and

(b) The trustee, which may be a charitable corporation, agrees in the form of a record to act as trustee of that trust according to its terms.

(3) Giving a gift to a nonprofit corporation, including a charitable corporation, that is: (a) Accepted by the corporation; (b) not in trust; and (c) subject to material restrictions or requirements contained in a gift instrument transfers complete ownership to the nonprofit corporation. The nonprofit corporation is bound by the material restrictions or requirements contained in the gift instrument.

(4) A nonprofit corporation complies with a term contained in a gift instrument if the nonprofit corporation reasonably complies with all material restrictions or requirements contained in the term, or, when appropriate under the facts and circumstances, seeks modification in accordance with section 1503 of this act.

(5) If the nonprofit corporation fails to comply with any material restriction or requirement contained in a gift instrument and fails to seek a modification in accordance with section 1503 of this act, then the attorney general may bring a proceeding to enforce the terms of the gift instrument.

NEW SECTION. Sec. 1503. MODIFICATION OR RELEASE OF GIFT RESTRICTIONS. (1) A term of a gift instrument that binds a nonprofit corporation may be modified or released, in whole or in part:

(a) If the donor consents in a record;

(b) As set forth in subsection (2) of this section, if the term is unlawful, impracticable, impossible to achieve, or wasteful;

(c) For gift instruments limiting the use of property to one or more charitable purposes, through a binding agreement executed by the nonprofit corporation, the attorney general, and other interested parties, and filed with or approved by the court in accordance with section 1504 of this act;

(d) By approval of the court in accordance with section 1505 of this act; or

(e) As provided by other applicable law including, but not limited to, chapter 24.55 RCW.

(2) If a nonprofit corporation, including a charitable corporation, determines that a restriction contained in a gift instrument on the management, investment, or purpose of a gift is unlawful, impracticable, impossible to achieve, or wasteful, then the nonprofit corporation, sixty days after notification to the attorney general, may modify the restriction, in whole or part, if:

(a) The gift subject to the restriction has a total value consistent with RCW 24.55.045(4)(a) or any successor provision;

(b) More than twenty years have elapsed since the gift was given; and

(c) The nonprofit corporation uses the gift in a manner consistent with any charitable purposes expressed in the gift instrument.

(3) Application of sections 1501 through 1506 of this act to existing gifts:

(a) Before January 1, 2023, sections 1501 through 1506 of this act apply to gifts existing on December 31, 2021, only if the nonprofit corporation's board elects to apply sections 1501 through 1506 of this act to existing gifts before January 1, 2023.

(b) On or after January 1, 2023, sections 1501 through 1506 of this act apply to all gifts.

(c) As applied to gifts existing on December 31, 2021, sections 1501 through 1506 of this act govern only decisions made or actions taken on or after January 1, 2023, except that in the case of a nonprofit corporation that makes the election under (a) of this subsection sections 1501 through 1506 of this act govern decisions made or actions taken on or after the date the nonprofit corporation elects to be covered by sections 1501 through 1506 of this act.

NEW SECTION. Sec. 1504. BINDING AGREEMENT TO MODIFY OR RELEASE RESTRICTIONS. (1) If a gift instrument limits the use of the gift to one or more charitable purposes, and the conditions set forth in subsection (3) or (4) of this section are satisfied, then the gift instrument may be modified by agreement of the nonprofit corporation, the attorney general, and all other interested parties.

(2) For purposes of this section, an "interested party" does not include:

(a) The donor; or

(b) Any member of any charitable class that the gift would benefit, either before or after the modifications to be made by the agreement.

(3) A restriction related to a gift's management or investment may be modified by an agreement described in subsection (1) of this section if:

(a) Because of circumstances not anticipated by the donor, modification will further the charitable purpose of the gift;

(b) Enforcement of the restriction has become impracticable or wasteful; or

(c) Enforcement of the restriction impairs the management or investment of the gift.

(4) A restriction on the use of a gift relating to the gift's charitable purpose, rather than its management or investment, may be modified by an agreement described in subsection (1) of this section if the purpose becomes unlawful, impracticable, impossible to achieve, or wasteful.

(5) An agreement described in subsection (1) of this section must:

(a) Be in writing and executed by all of the parties;

(b) Be binding and conclusive on the nonprofit corporation and all other parties with a beneficial interest in the gift;

(c) Identify the gift instrument and the term or terms of the gift instrument that it modifies;

(d) Describe completely the modifications that it would make;

(e) Set forth the reasons why the modifications would comply with subsection (3) or (4) of this section; and

(f) State changes to the charitable purposes to which the use of the gift is limited, if any, resulting from the modifications.

(6) The nonprofit corporation or its legal representative may file the executed agreement with the court within thirty days of the agreement's execution by all parties. Upon filing of the executed agreement with the court:

(a) The agreement becomes effective and equivalent to a final court order binding on the nonprofit corporation and all other parties with a beneficial interest in the use of the gift, and

(b) The modifications are deemed approved by the court, and have the same effect as if the court ordered them pursuant to section 1505 of this act.

(7) The nonprofit corporation or its legal representative may, as an alternative to the procedure described in subsection (6) of this section, petition the court for a hearing for presentation of an agreement entered under this section to the court within twenty-one days of the agreement's execution by all parties. The nonprofit corporation shall (a) provide notice of the time and date of the hearing to each party to the agreement unless that party has waived notice in the form of a record, and (b) file proof of mailing or delivery of the notice or waiver with the court. At the hearing, the court shall review the agreement on behalf of all the parties. The court shall determine whether the agreement adequately represents and protects the interests of the parties and the public interest, and enter an order declaring its determination. If the court determines that the agreement does not adequately represent and protect those interests, then the agreement is void.

NEW SECTION. Sec. 1505. JUDICIAL MODIFICATION OR RELEASE OF RESTRICTIONS. (1) Upon application by a corporation subject to a restriction related to a gift's management or investment, rather than to its charitable purpose, the court may modify the restriction if:

(a) Because of circumstances not anticipated by the donor, modification will further the charitable purpose of the gift;

(b) Enforcement of the restriction has become impracticable or wasteful; or

(c) Enforcement of the restriction impairs the management or investment of the gift.

(2) Upon application by a corporation subject to a restriction on the use of a gift relating to the charitable purpose of the gift, rather than its management or investment, the court may modify the restriction if the purpose becomes unlawful, impracticable, impossible to achieve, or wasteful.

(3) If the gift instrument provides for a forfeiture or gift-over to an alternative beneficiary, then the court may modify one or more restrictions under the procedure set out in subsection (1) of this section if a management or investment provision fails. The court may not, however, modify any restriction under the procedure set out in subsection (2) of this section to defeat the interest of an alternate beneficiary unless the beneficiary would also be subject to, and unable to perform, the term requiring modification. The alternative beneficiary is entitled to notice and may participate in the determination of whether to grant modification.

(4) Any modification made by the court must, to the extent possible, be made in a manner consistent with the charitable purposes as expressed in the gift instrument.

(5) A nonprofit corporation shall notify the attorney general whenever it seeks to modify a charitable gift restriction under this section and the court shall offer the attorney general an opportunity to be heard.

NEW SECTION. Sec. 1506. CHARITABLE PURPOSE SURVIVES. Modification or release of a gift restriction shall not allow a gift to be used for a purpose other than a charitable purpose.

(2) The right to copy records under section 1602 of this act includes, if reasonable, the right to receive copies. Copies may be provided through electronic transmission unless the member requests otherwise in the form of a record.

(3) The nonprofit corporation may comply with a member's demand to inspect and copy the list of members under section 1602(2)(c) of this act by providing the member for a reasonable charge as described in subsection (4) of this section with a list of members that was compiled no earlier than the date of the member's demand.

(4) The nonprofit corporation shall provide a copy of its articles and bylaws at no cost to a member on request. The nonprofit corporation may impose a reasonable charge, covering the costs of labor and material, for copies of any other documents provided to the member. The charge may not exceed the estimated cost of production, reproduction, or transmission of the records.

NEW SECTION. Sec. 1604. FINANCIAL STATEMENTS FOR MEMBERS. (1) Except as provided in the articles or bylaws of a nonprofit corporation engaged in religious activity, upon a demand in the form of a record from a member, a corporation shall furnish that member with its latest annual financial statements, which may be consolidated or combined statements of the corporation and one or more of its subsidiaries, as appropriate, that include a balance sheet as of the end of the fiscal year and a statement of operations for the year. If financial statements are prepared for the corporation on the basis of generally accepted accounting principles, then the annual financial statements must also be prepared on that basis.

(2) If the annual financial statements are reported upon by a certified public accountant, then the accountant's report shall accompany them. If not, then the statements must be accompanied by a statement of the president or the person responsible for the nonprofit corporation's accounting records:

(a) Stating the reasonable belief of the president or other person as to whether the statements were prepared on the basis of generally accepted accounting principles and, if not, describing the basis of preparation; and

(b) Describing any respects in which the statements were not prepared on a basis of accounting consistent with the statements prepared for the preceding year.

NEW SECTION. Sec. 1605. COURT-ORDERED INSPECTION. (1) If a nonprofit corporation does not allow a member who complies with section 1602(1) of this act to inspect and copy any records required by that subsection to be available for inspection, then the court may summarily order inspection and

copying of the records demanded at the corporation's expense upon application of the member.

(2) If a nonprofit corporation does not within a reasonable time allow a member to inspect and copy any other record to which the member is entitled under section 1602(2) of this act, then the member who complies with section 1602 (3) and (4) of this act may apply to the court for an order to permit inspection and copying of the records demanded. The court may inspect the records in question *in camera* and determine the extent of required disclosure, if any, in light of section 1602 of this act. In making that determination, the court shall consider the probability and extent of potential harm to the corporation or any third party that may result from inspection, and the probability and extent of benefit to the corporation or the member.

(3) If the court orders inspection and copying of the records demanded, then it shall also order the nonprofit corporation to pay the member's costs, including reasonable attorneys' fees, incurred to obtain the order, unless the corporation proves that it refused inspection in good faith because it had a reasonable basis for doubt about the right of the member to inspect the records demanded. If the court denies the majority of the request for inspection and copying, it may order the member to pay part or all of the nonprofit corporation's costs, including reasonable attorneys' fees.

(4) If the court orders inspection and copying of the records demanded, then it may impose reasonable restrictions on the use or distribution of the records by the demanding member.

NEW SECTION. Sec. 1606. INSPECTION BY DIRECTORS. (1) A director of a nonprofit corporation may inspect and copy the books, records, and documents of the corporation at any reasonable time to the extent reasonably related to the performance of the director's duties as a director, including duties as a member of a committee, but not for any other purpose or in any manner that would violate any duty to the corporation or law other than this chapter.

(2) The court may order inspection and copying of the books, records, and documents at the corporation's expense, upon application of a director who has been refused the inspection rights set out in subsection (1) of this section, unless the corporation establishes that the director is not entitled to those inspection rights.

(3) If an order is issued, then the court may include provisions protecting the nonprofit corporation from undue burden or expense, and prohibiting the director from using information obtained upon exercise of the inspection rights in a manner that would violate a duty to the corporation, and may also order the corporation to reimburse the director for the director's costs, including reasonable attorneys' fees, incurred in connection with the application.

NEW SECTION. Sec. 1607. USE OF MEMBERSHIP LIST. (1) Without the consent of the board, a membership list or any part thereof may not be obtained or used by any person for any purpose unrelated to a member's interest as a member. Without limiting the generality of the foregoing, without the consent of the board, a membership list or any part thereof may not be:

(a) Used to solicit cash or other property unless the cash or other property will be used solely to solicit the votes of the members in an election to be held by the nonprofit corporation;

(b) Used for any commercial purpose; or

(c) Sold to or purchased by any person.

(2) Instead of making a membership list available for inspection and copying under sections 1601 through 1607 of this act, a nonprofit corporation may elect to proceed under the procedures set forth in section 2304(6) of this act.

ARTICLE 7**PUBLIC BENEFIT CORPORATIONS**

NEW SECTION. Sec. 1701. PUBLIC BENEFIT DESIGNATION. (1) There is hereby established the special designation of "public benefit nonprofit corporation." A corporation may be designated as a public benefit nonprofit corporation if it meets the following requirements:

(a) The corporation complies with this chapter; and
 (b) The corporation is currently recognized by the internal revenue service as an organization described in section 501(c)(3) of the Internal Revenue Code or is exempt from applying for that recognition under section 508(c) of the Internal Revenue Code.

(2) A temporary designation as a public benefit nonprofit corporation may be provided to a corporation that has applied to the internal revenue service for recognition of its status as an organization described in section 501(c)(3) of the Internal Revenue Code. The temporary designation is valid for up to one year and may be renewed at the discretion of the secretary of state.

(3) Designation of a corporation as a public benefit nonprofit corporation does not alter the applicability to the corporation of any other provision of this chapter.

NEW SECTION. Sec. 1702. APPLICATION AND RENEWAL. (1) The secretary of state shall develop an application process for new and existing corporations to apply for public benefit nonprofit corporation status.

(2) Public benefit nonprofit corporation status must be renewed annually. The secretary of state may schedule renewals in conjunction with the corporation's annual report.

NEW SECTION. Sec. 1703. REMOVAL OF STATUS. The secretary of state may remove a corporation's public benefit nonprofit corporation designation if the corporation does not comply with this chapter or the internal revenue service revokes recognition of the corporation's status as an organization described in section 501(c)(3) of the Internal Revenue Code.

ARTICLE 8**FOREIGN CORPORATIONS**

NEW SECTION. Sec. 1801. REGISTRATION TO DO BUSINESS. A foreign nonprofit corporation may not do business in this state until it registers with the secretary of state pursuant to chapter 23.95 RCW.

NEW SECTION. Sec. 1802. EFFECT OF REGISTRATION. (1) A foreign nonprofit corporation with a valid foreign registration statement has the same but no greater rights and has the same but no greater privileges as, and except as provided by this chapter is subject to the same duties, restrictions, penalties, and liabilities now or later imposed on, a domestic nonprofit corporation of like character.

(2) This chapter does not authorize this state to regulate the organization or internal affairs of a registered foreign nonprofit corporation.

(3) For those corporations that have a certificate of authority, are applying for, or intend to apply for a certificate of authority from the insurance commissioner as an insurance company under chapter 48.05 RCW, whenever under this chapter corporate records are required to be delivered to the secretary of state for filing, the records must be delivered to the insurance commissioner rather than the secretary of state.

NEW SECTION. Sec. 1803. NAME OF FOREIGN CORPORATION. (1) The name of a registered foreign nonprofit corporation, any name reserved by a registered foreign nonprofit corporation, or any alternate name adopted under RCW 23.95.525 is governed by chapter 23.95 RCW.

(2) A foreign nonprofit corporation not registered to do business in this state may register its name, or an alternate name adopted pursuant to RCW 23.95.525, under RCW 23.95.315.

NEW SECTION. Sec. 1804. REGISTERED AGENT OF FOREIGN CORPORATION. (1) Each registered foreign nonprofit corporation in this state shall designate and maintain a registered agent in this state.

(2) The designation and maintenance of a foreign nonprofit corporation's registered agent are governed by chapter 23.95 RCW.

NEW SECTION. Sec. 1805. SERVICE ON FOREIGN CORPORATION. (1) A registered foreign nonprofit corporation may be served with any process, notice, or demand required or permitted by law by serving its registered agent.

(2) Service upon a registered foreign nonprofit corporation made by serving its registered agent, or service on the registered foreign nonprofit corporation in the absence of a registered agent, is governed by chapter 23.95 RCW.

NEW SECTION. Sec. 1806. WITHDRAWAL OF REGISTRATION. A registered foreign nonprofit corporation may withdraw its registration by delivering a statement of withdrawal to the secretary of state for filing under RCW 23.95.530.

NEW SECTION. Sec. 1807. WITHDRAWAL UPON CONVERSION OR DISSOLUTION. (1) A registered foreign nonprofit corporation that converts to any type of domestic entity automatically is deemed to have withdrawn its registration on the effective date of the conversion.

(2) A registered foreign nonprofit corporation that has dissolved and completed winding up or has converted to a domestic or foreign entity not required to register under chapter 23.95 RCW or other law of this state shall deliver a statement of withdrawal to the secretary of state for filing under RCW 23.95.540.

(3) After the withdrawal of a foreign nonprofit corporation under this section is effective, service of process in any action or proceeding based on a cause of action arising during the time the foreign nonprofit corporation was registered to do business in this state may be made pursuant to RCW 23.95.450.

NEW SECTION. Sec. 1808. AMENDMENT TO REGISTRATION UPON CONVERSION. A registered foreign nonprofit corporation that converts to a foreign for-profit corporation or to any form of foreign unincorporated entity that is required to register with the secretary of state to do business in this state shall deliver to the secretary of state for filing an amendment to its foreign registration statement under RCW 23.95.515.

NEW SECTION. Sec. 1809. TRANSFER OF REGISTRATION. (1) If a registered foreign nonprofit corporation merges into a nonregistered foreign entity or converts to a different type of foreign entity required to register to do business in this state, the foreign entity shall deliver to the secretary of state for filing an application for transfer of registration under RCW 23.95.545.

(2) If a registered foreign nonprofit corporation is a party to a statutory merger permitted by the laws of the jurisdiction where it is incorporated, and the corporation is the surviving corporation, it is not necessary for the corporation to register to do business or to amend its registration unless the corporation's name is changed.

NEW SECTION. Sec. 1810. TERMINATION OF REGISTRATION. The secretary of state may terminate the registration of a registered foreign nonprofit corporation under RCW 23.95.550:

(1) For any reason set forth in RCW 23.95.550(1);

(2) If the secretary of state receives a duly authenticated certificate from the secretary of state or other official having custody of corporate records in the state or country under whose

(3) If the corporation has continued to exceed or abuse the authority conferred upon it by this chapter.

NEW SECTION. Sec. 1811. JUDICIAL REVIEW OF TERMINATION. (1) A foreign nonprofit corporation may appeal the secretary of state's termination of its registration to the superior court of Thurston county within ninety days after service of the statement of termination is perfected. The foreign nonprofit corporation shall appeal by petitioning the court to set aside the termination and attaching to the petition copies of its statement of registration and the secretary of state's statement of termination.

(2) The court may summarily order the secretary of state to reinstate the registration or may take any other action the court considers appropriate.

(3) The court's final decision may be appealed as in other civil proceedings.

**PART II
GOVERNANCE
ARTICLE 1**

MEMBERS AND MEMBERSHIPS

NEW SECTION. Sec. 2101. MEMBERS. (1) A nonprofit corporation may have one or more classes of members or may have no members.

(2) For corporations formed on or after January 1, 2022, notwithstanding anything to the contrary in the bylaws, where the articles of a nonprofit corporation do not provide that it has members, the nonprofit corporation does not have members.

(3) For organizations formed before January 1, 2022, where the articles of a nonprofit corporation do not provide that it has members, the corporation has members only if the bylaws:

(a) Provide that the corporation has members; and

(b) Provide that members of at least one class have the right to select or vote for the election of directors or delegates or to vote on at least one type of fundamental transaction.

(4) Where a nonprofit corporation does not have members under this section, or where a corporation has no members entitled to vote on a given matter, any provision of this chapter or any other provision of law requiring notice to, the presence of, or the vote, consent, or other action by members in connection with that matter is satisfied by notice to, the presence of, or the vote, consent, or other action by the board.

NEW SECTION. Sec. 2102. SCOPE OF MEMBERSHIP. A person is not a member of a nonprofit corporation for purposes of any provision of this chapter unless the person meets the definition of "member" in section 1102 of this act, regardless of whether the corporation refers to or designates the person as a member.

NEW SECTION. Sec. 2103. ADMISSION OF MEMBERS. (1) The articles or bylaws of a membership corporation may establish criteria or procedures for admission of members.

(2) A person may not be admitted as a member without the person's consent. Consent may be express or implied and need not be in the form of a record.

(3) If a membership corporation provides certificates of membership to the members, then the certificates shall not be registered or transferable except as provided in the articles or bylaws or by resolution of the board.

NEW SECTION. Sec. 2104. CONSIDERATION FOR ADMISSION. Except as provided in its articles or bylaws, a membership corporation may admit members for no consideration or for consideration determined by the board, which may take any form, including promissory notes, intangible property, or past or future services. Payment of the consideration

may be made at those times and upon those terms as are set forth in or authorized by the articles, bylaws, or a resolution of the board.

NEW SECTION. Sec. 2105. CAPITAL CONTRIBUTIONS. (1) A membership corporation that is not a charitable corporation may provide in its articles or bylaws that members, upon or after admission, shall make capital contributions. Except as provided in the articles or bylaws, the board shall fix the amount. The requirement of a capital contribution may apply to all members, or to the members of a single class, or to members of different classes in different amounts or proportions.

(2) The adoption or amendment of a capital contribution requirement, whether or not approved by the members, shall not apply to, or be an obligation of, a member who did not vote in favor of the adoption or amendment until thirty days after the member has been given notice of the adoption or amendment.

NEW SECTION. Sec. 2106. RIGHTS AND OBLIGATIONS. (1) The members of a membership corporation have only those rights, privileges, powers, or obligations specifically given or assigned to members in the articles, the bylaws, or section 2313 of this act.

(2) A member shall not have the right to vote on any matter unless the articles, the bylaws, or section 2313(1) of this act provides expressly that the class of members to which that member belongs has the right to vote on that particular matter.

NEW SECTION. Sec. 2107. DIFFERENCES IN RIGHTS AND OBLIGATIONS. (1) Except as provided in the articles or bylaws, each member of a membership corporation has the same rights and obligations as every other member with respect to voting, dissolution, membership transfer, and other matters.

(2) If the corporation has one or more classes of members, then the designation of the class or classes, the articles, or the bylaws shall set forth the manner of election or appointment and the qualifications and rights of the members of each class.

NEW SECTION. Sec. 2108. TRANSFERS OF MEMBERSHIP. (1) Except as provided in the articles or bylaws or by resolution of the board, a member of a membership corporation may not transfer a membership or any right arising therefrom.

(2) Where the right to transfer a membership has been provided, a restriction on that right shall not be binding with respect to a member holding a membership issued before the adoption of the restriction unless the affected member consents to the restriction in the form of a record.

NEW SECTION. Sec. 2109. MEMBER'S LIABILITY FOR CORPORATE OBLIGATIONS. A member of a membership corporation is not personally liable for the acts, debts, liabilities, or obligations of the corporation.

NEW SECTION. Sec. 2110. MEMBER'S LIABILITY FOR DUES, FEES, AND ASSESSMENTS. (1) A membership corporation may levy dues, assessments, and fees on its members to the extent authorized in the articles or bylaws. Particular dues, assessments, and fees may be imposed in the articles or bylaws or by resolution of the board, subject to any membership approval required under section 3112(1) of this act, on members of the same class either alike or in different amounts or proportions, and may be imposed on a different basis on different classes of members. Members of a class may be made exempt from dues, assessments, and fees to the extent provided in the articles or bylaws or by resolution of the board.

(2) The amount and method of collection of dues, assessments, and fees may be fixed in the articles or bylaws, or the articles or bylaws may authorize the board or members to fix the amount and

method of collection, with or without approval of the class or classes of members affected.

(3) The articles or bylaws may provide reasonable means, such as termination and reinstatement of membership, to enforce the collection of dues, assessments, and fees.

NEW SECTION. Sec. 2111. CREDITOR'S ACTION AGAINST MEMBER. (1) A proceeding may not be brought by a creditor of a membership corporation to reach the liability, if any, of a member to the corporation unless final judgment has been rendered in favor of the creditor against the corporation and execution has been returned unsatisfied in whole or in part.

(2) All creditors of a membership corporation, with or without reducing their claims to judgment, may intervene in any creditor's proceeding brought under subsection (1) of this section to reach and apply unpaid amounts due the corporation. Any or all members who owe amounts to the corporation may be joined in the proceeding.

NEW SECTION. Sec. 2112. RESIGNATION OF MEMBER. (1) A member of a membership corporation may resign at any time.

(2) The resignation of a member does not relieve the member from any obligations incurred or commitments made before resignation.

NEW SECTION. Sec. 2113. TERMINATION AND SUSPENSION OF MEMBER. (1) A membership in a membership corporation may be terminated or suspended for the reasons and in the manner provided in the articles or bylaws.

(2) A membership in a membership corporation may also be terminated, regardless of the procedure set forth in the articles or bylaws, if:

(a) The corporation has had no contact from the member for at least three years; and

(b) Either:

(i) The member fails to respond within ninety days to a request from the corporation to update the member's contact information that includes a statement that failure to respond could result in termination of membership, delivered to that member by means reasonably likely to reach that member; or

(ii) A request from the corporation to update the member's contact information that includes a statement that failure to respond could result in termination of membership, sent to that member by first-class forwardable mail, with postage prepaid, is returned as undeliverable; or

(iii) If members, or a class of members, are not identified individually on the records of the corporation, a request from the corporation for members to provide contact information that includes a statement that failure to respond could result in termination of membership is published once a week for six consecutive weeks in a newspaper of general circulation in the county in which the corporation's principal office is located.

(3) Unless otherwise provided in the articles or bylaws, if the articles or bylaws allow the board or any other body to admit members, the affirmative vote of two-thirds of that body may terminate a member.

(4) Irrespective of anything to the contrary in the articles or bylaws, in any proceeding involving a corporation or upon application from the corporation, the court may order termination of a member of the corporation in the best interests of the corporation.

(5) A proceeding challenging a termination or suspension for any reason must be commenced within one year after the effective date of the termination or suspension.

(6) The termination or suspension of a member does not relieve the member from any obligations incurred or commitments made before the termination or suspension.

NEW SECTION. Sec. 2114. REPURCHASE OF MEMBERSHIPS. A membership corporation that is not a charitable corporation may repurchase any of its memberships or any right arising therefrom only if it is so provided in the articles or bylaws. A membership corporation that is a charitable corporation may not repurchase any of its memberships or any right arising therefrom.

ARTICLE 2 DELEGATES

NEW SECTION. Sec. 2201. DELEGATES. (1) A membership corporation may provide in its articles or bylaws for delegates.

(2) The articles or bylaws may set forth provisions relating to:

(a) The characteristics, qualifications, rights, limitations, and obligations of delegates including their selection and removal;

(b) Calling, noticing, holding, and conducting meetings of delegates; and

(c) Carrying on activities during and between meetings of delegates.

(3) If the articles or bylaws provide for delegates, then, unless otherwise provided in the articles or bylaws:

(a) The power to appoint, remove, or modify any provision of the articles or bylaws governing the appointment or removal of delegates is reserved to the members.

(b) All other powers of members including, but not limited to, the right to vote on other amendments to articles or bylaws, may be exercised by delegates.

ARTICLE 3 MEMBERSHIP MEETINGS AND VOTING

NEW SECTION. Sec. 2301. ANNUAL AND REGULAR MEETINGS. (1) A membership corporation shall hold an annual meeting of members once during each fiscal year at a time stated in or fixed in accordance with the articles or bylaws.

(2) A membership corporation may hold regular meetings on a regional or other basis at times stated in or fixed in accordance with the articles or bylaws.

(3) Except as provided in subsection (5) of this section, annual and regular meetings of the members may be held in or out of this state at the place stated in or fixed in accordance with the articles or bylaws. If no place is stated in or fixed in accordance with the articles or bylaws, then annual and regular meetings shall be held at the membership corporation's principal office.

(4) The failure to hold an annual or regular meeting at the time stated in or fixed in accordance with the articles or bylaws does not affect the validity of any corporate action.

(5) The articles or bylaws may provide that an annual or regular meeting of members may be held in a specified location and, if so provided under the articles or bylaws, through one or more means of remote communication through which members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments. For any meeting at which one or more members may participate by means of remote communication, the corporation shall deliver notice of the meeting to each member by a means which the member has authorized and provide complete instructions for participating in the meeting by remote communication.

NEW SECTION. Sec. 2302. SPECIAL MEETINGS. (1) A membership corporation shall hold a special meeting of members:

(a) At the call of its board of directors, the president, or the persons authorized to do so by the articles or bylaws; or

(b) Upon the execution and delivery to the corporation of one or more demands for a special meeting, in the form of a record, describing the purpose for which the meeting is to be held, by either:

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(i) The number or proportion of members entitled under the articles or bylaws to call a meeting on the subject matter proposed to be considered at the proposed special meeting, which shall not represent more than twenty-five percent of all the votes entitled to be cast on that subject matter; or

(ii) In the absence of a provision fixing the number or proportion of members entitled to call a meeting, the number or proportion of members representing five percent of all the votes entitled to be cast on the subject matter proposed to be considered at the proposed special meeting.

(2) Unless otherwise provided in the articles or bylaws, a demand for a special meeting may be revoked by notice to that effect received by the membership corporation from the members calling the meeting before the receipt by the corporation of demands sufficient in number to require the holding of a special meeting.

(3) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to demand a special meeting is the date the first member executes a demand.

(4) Only business within the purpose or purposes described in the meeting notice required by section 2305(3) of this act may be conducted at a special meeting of the members.

(5) Except as provided in subsection (6) of this section, special meetings of the members may be held in or out of this state at the place stated in or fixed in accordance with the articles or bylaws. If no place is stated or fixed in accordance with the articles or bylaws, then special meetings shall be held at the corporation's principal office.

(6) The articles or bylaws may provide that a special meeting of members be held at a specified location and, unless otherwise provided under the articles or bylaws, through means of remote communication through which members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments. Notice of meetings at which one or more members may participate by means of remote communication must be delivered by a means which the member has authorized and provide complete instructions for participating in the meeting from a remote location.

NEW SECTION. Sec. 2303. COURT-ORDERED MEETING. (1) The court may summarily order a meeting to be held:

(a) On application of any member entitled to participate in an annual or regular meeting if an annual meeting was not held within eighteen months after the last annual meeting; or

(b) On application of a member who executed a demand for a special meeting under section 2302 of this act that was executed by a sufficient number of members to call a meeting, if:

(i) Notice of the special meeting was not given within thirty days after the date the demand was delivered to the corporation's secretary; or

(ii) The special meeting was not held in accordance with the notice.

(2) The court may fix the time and place of a court-ordered meeting, determine the members entitled to participate in the meeting, specify a record date for determining members entitled to notice of and to vote at the meeting, prescribe the form and content of the meeting notice, fix the quorum required for specific matters to be considered at the meeting or direct that the votes represented at the meeting constitute a quorum for action on those matters, and enter other orders necessary to accomplish the purpose or purposes of the court-ordered meeting.

NEW SECTION. Sec. 2304. LIST OF MEMBERS FOR MEETING. (1) After fixing a record date for a meeting, a membership corporation shall prepare an alphabetical list of the

names of all its members who are entitled to notice of that meeting of the members. The list of members shall show the address of and number of votes each member is entitled to cast at the meeting, except that the address of any member who is known to the corporation to be a participant in the address confidentiality program described in chapter 40.24 RCW or any similar law may be omitted.

(2) The list of members must be available for inspection by any member, beginning two business days after notice of the meeting is given for which the list was prepared and continuing through the meeting, at the membership corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held. A member or the member's agent, on demand in the form of a record, may inspect and, subject to the requirements of section 1602(4) of this act, copy the list, during regular business hours and at the member's expense, during the period it is available for inspection.

(3) The membership corporation shall make the list of members available at the meeting, and a member or the member's agent may inspect the list at any time during the meeting or any adjournment.

(4) If a membership corporation refuses to allow a member or the member's agent to inspect the list of members before or at the meeting or copy the list as permitted by subsection (2) of this section, then the court, on application of the member, may:

(a) Summarily order the inspection or copying at the corporation's expense;

(b) Postpone the meeting for which the list was prepared until the inspection or copying is complete;

(c) Order the corporation to pay the member's costs including reasonable attorneys' fees incurred to obtain the order; and

(d) Order other appropriate relief.

(5) Refusal or failure to prepare or make available the list of members does not affect the validity of action taken at the meeting.

(6) Instead of making the list of members available as provided in subsection (2) of this section, a membership corporation may state in a notice of meeting that the corporation has elected to proceed under this subsection. A member of a corporation that has elected to proceed under this subsection shall state in the member's demand for inspection a proper purpose for inspection. Within ten business days after receiving a demand under this subsection, the corporation shall deliver to the member making the demand an offer of a reasonable alternative method of achieving the purpose identified in the demand without providing access to or a copy of the list of members. An alternative method that reasonably and in a timely manner accomplishes the proper purpose set forth in the demand relieves the corporation from making the list of members available under subsection (4)(b) of this section, unless within a reasonable time after acceptance of the offer the corporation fails to do the things it offered to do. Any rejection of the corporation's offer must be in the form of a record and indicate the reasons the alternative proposed by the corporation does not meet the proper purpose of the demand.

NEW SECTION. Sec. 2305. NOTICE OF MEMBERSHIP MEETING. (1) A membership corporation shall give notice to the members of the date, time, and place of each annual, regular, or special meeting of the members. Except as provided under subsection (6) of this section, the notice must be given in the form of a record no fewer than ten nor more than sixty days before the meeting date. Except as provided in this chapter, the articles, or the bylaws, the corporation is only required to give notice to members entitled to vote at the meeting.

(2) Unless this chapter, the articles, or the bylaws require otherwise, notice of an annual or regular meeting need not include a description of the purpose for which the meeting is called.

(3) Notice of a special meeting shall include a description of the purpose for which the meeting is called.

(4) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to notice of and to vote at an annual or special meeting of the members is the day before the first notice is given to members.

(5) Unless the articles or bylaws require otherwise, if an annual, regular, or special meeting of the members is adjourned to a different date, time, or place, notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before adjournment. If a new record date for the adjourned meeting is or is required to be fixed under section 2307 of this act, then the corporation shall give notice of the adjourned meeting to the members entitled to vote on the new record date.

(6) Notice of regular meetings other than the annual meeting may be made by providing each member with the adopted schedule of regular meetings for the ensuing year in the form of a record at any time after the annual meeting and ten days before the next succeeding regular meeting and at any time requested by a member or by any other notice prescribed by the bylaws.

(7) Whenever notice would otherwise be required to be given under any provision of this chapter to a member, the notice need not be given if notice of two consecutive annual meetings, and all notices of meetings during the period between those two consecutive annual meetings, have been returned undeliverable or could not be delivered. If a member delivers to the nonprofit corporation a notice setting forth the member's then current address, then the requirement that notice be given to that member is reinstated.

NEW SECTION. Sec. 2306. WAIVER OF NOTICE. (1) A member may waive any notice required by this chapter, the articles, or the bylaws no more than sixty days before or sixty days after the date and time stated in the notice or of the meeting or action. The waiver must be in the form of a record, be executed by the member entitled to the notice, and be delivered to the membership corporation for inclusion in the minutes or filing with the corporate records.

(2) The attendance of a member at a meeting:

(a) Waives objection to lack of notice or defective notice of the meeting, unless the member at the beginning of the meeting or immediately upon arrival at the meeting objects to holding the meeting or transacting business at the meeting; and

(b) Waives objection to consideration of a particular matter at the meeting that is not within the purpose described in the meeting notice, unless the member objects at the meeting to considering the matter.

NEW SECTION. Sec. 2307. RECORD DATE. (1) The articles or bylaws may fix or provide the manner of fixing the record date to determine the members entitled to notice of a meeting of the members, to demand a special meeting, to vote, or to take any other action. If the articles or bylaws do not fix or provide for fixing a record date, then the board of the membership corporation may fix a future date as the record date.

(2) A record date fixed under this section may not be more than seventy days before the meeting or action requiring a determination of members.

(3) A determination of members entitled to notice of or to vote at a meeting of the members is effective for any adjournment of the meeting unless the board fixes a new record date, which it shall do if the meeting is adjourned to a date more than one hundred twenty days after the date fixed for the original meeting.

(4) If the court orders a meeting adjourned to a date more than one hundred twenty days after the date fixed for the original

meeting, then it may provide that the original record date continues in effect or it may fix a new record date.

NEW SECTION. Sec. 2308. CONDUCT OF MEETING. (1) At each meeting of members, an individual shall preside as chair. The chair is appointed and may be removed:

(a) As provided in the articles or bylaws;

(b) In the absence of a provision in the articles or bylaws, by the board; or

(c) In the absence of both a provision in the articles or bylaws and an appointment by the board, by the members at the meeting.

(2) Except as provided in the articles or bylaws or by resolution of the board, the chair determines the order of business and has the authority to establish rules for the order and conduct of the meeting.

(3) Any rules established for the order and conduct of the meeting pursuant to subsection (2) of this section must be fair to the members.

(4) Except as provided in the articles or bylaws or by resolution of the board:

(a) The chair of the meeting shall announce at the meeting when the polls close for each matter voted upon.

(b) If no announcement is made, then the polls are deemed to have closed upon the final adjournment of the meeting.

(c) After the polls close, no ballots, proxies, or votes, nor any otherwise permissible revocations or changes thereto may be accepted.

NEW SECTION. Sec. 2309. PROXIES. (1) Except as provided in the articles or bylaws, a member may not vote by proxy.

(2) If the articles or bylaws allow members to vote by proxy, then the following procedure applies unless the articles or bylaws provide otherwise:

(a) A member or the member's agent or attorney-in-fact may appoint a proxy to vote or otherwise act for the member by executing an appointment form in the form of a record. An appointment form must contain or be accompanied by information from which it can be determined that the member or the member's agent or attorney-in-fact authorized the appointment of the proxy.

(b) An appointment of a proxy is effective when an executed appointment in the form of a record is received by the inspectors of election, the officer or agent of the membership corporation authorized to tabulate votes, or the secretary. An appointment is valid for eleven months unless a shorter or longer period is expressly provided in the appointment form.

(c) The death or incapacity of the member appointing a proxy does not affect the right of the membership corporation to accept the proxy's authority unless notice of the death or incapacity is received by the inspectors of election, the officer or agent authorized to tabulate votes, or the secretary before the proxy exercises his or her authority under the appointment.

(d) A membership corporation may accept the proxy's vote or other action as that of the member making the appointment, subject to section 2314 of this act and to any express limitation on the proxy's authority stated in the appointment form.

(e) A proxy may be revoked by a member by delivering notice in the form of a record to the corporation before the corporation has relied upon the proxy.

NEW SECTION. Sec. 2310. VOTING ENTITLEMENT OF MEMBERS. Except as provided in the articles or bylaws, each member is entitled to one vote on each matter on which the articles or bylaws entitle the members of the class of members to which the member belongs to vote.

NEW SECTION. Sec. 2311. MEMBERSHIP QUORUM AND VOTING REQUIREMENTS. (1) Members may take action at a meeting on matters with respect to which all of the

NINETY FOURTH DAY, APRIL 14, 2021

members are entitled to vote only if a quorum of the members is present. Except as provided in the articles or the bylaws, ten percent of the votes entitled to be cast at a meeting of the members constitutes a quorum with respect to those matters.

(2) Members entitled to vote as a separate voting group may take action on a matter at a meeting only if a quorum of those members is present with respect to that matter. Except as provided in the articles or bylaws, ten percent of the votes entitled to be cast on the matter by the voting group constitutes a quorum of that voting group for action on that matter.

(3) Once a member is represented for any purpose at a meeting, the member is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless a new record date is or is required to be set for that adjourned meeting.

(4) If a quorum is present, then action on a matter other than the election of directors by a voting group is approved if the votes cast within the voting group favoring the action exceed the votes cast opposing the action, unless the articles, bylaws, or applicable law require a greater number of affirmative votes.

(5) An amendment of the articles or bylaws adding, changing, or deleting a quorum or voting requirement for a voting group greater than specified in subsection (2) or (4) of this section is governed by section 2312 of this act.

(6) If a meeting cannot be organized because a quorum of members entitled to vote is not present, then those members present may adjourn the meeting to such a time and place as they may determine. When a meeting that has been adjourned for lack of a quorum is reconvened, those members present, although less than a quorum as fixed in this section, the articles, or the bylaws, nonetheless constitute a quorum, if notice of the time and place of the reconvened meeting is provided by electronic transmission or in person to the members entitled to vote at least twenty-four hours before the reconvened meeting, or by other methods pursuant to the requirements and procedures set forth in section 2305 of this act. The articles or the bylaws may, however, permit the reconvening of a meeting without notice, by means of a provision that makes explicit reference to elimination of the notice requirement that would otherwise apply under this section.

(7) The election of directors is governed by section 2313 of this act.

NEW SECTION. Sec. 2312. DIFFERING QUORUM AND VOTING REQUIREMENTS. (1) The articles or bylaws may provide for a higher or lower quorum or higher voting requirement for members or voting groups of members than is provided for by this chapter, either generally or with respect to specific matters.

(2) An amendment to the articles or bylaws that adds, changes, or deletes a greater quorum or voting requirement must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect.

NEW SECTION. Sec. 2313. VOTING FOR DIRECTORS. (1) Except as provided in the articles or bylaws, directors of a membership corporation are elected by a plurality of the votes cast by the members entitled to vote in the election at a meeting at which a quorum is present.

(2) Except as provided in the articles or bylaws, or under subsection (3) of this section, members do not have a right to cumulate their votes for directors.

(3) Members of a nonprofit corporation who were entitled to cumulate their votes for the election of directors on the effective date of this chapter continue to be entitled to cumulate their votes for the election of directors until otherwise provided in the articles or bylaws of the corporation.

2021 REGULAR SESSION

NEW SECTION. Sec. 2314. ACCEPTANCE OF BALLOTS, CONSENTS, WAIVERS, OR PROXIES. (1) If the name signed on a ballot, consent, waiver, or proxy appointment corresponds to the name of a member, then the membership corporation if acting in good faith may accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member.

(2) If the name signed on a ballot, consent, waiver, or proxy appointment does not correspond to the name of its member, then the membership corporation if acting in good faith is nevertheless entitled to accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member if:

(a) The member is an entity and the name signed purports to be that of an officer or agent of the entity;

(b) The name signed purports to be that of an administrator, executor, guardian, or conservator representing the member and, if the corporation requests, evidence of fiduciary status acceptable to the corporation has been presented with respect to the ballot, consent, waiver, or proxy appointment;

(c) The name signed purports to be that of a receiver or trustee in bankruptcy of the member and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the ballot, consent, waiver, or proxy appointment;

(d) The name signed purports to be that of a beneficial owner or attorney-in-fact of the member and, if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the member has been presented with respect to the ballot, consent, waiver, or proxy appointment; and

(e) Two or more persons are the member as cotenants or fiduciaries and the name signed purports to be the name of at least one of the co-owners and the person signing appears to be acting on behalf of all the co-owners.

(3) The membership corporation may reject a ballot, consent, waiver, or proxy appointment if the secretary or other officer or agent authorized to tabulate votes, acting in good faith, has reasonable basis for doubt about the validity of the signature on it or about the signatory's authority to sign for the member.

(4) The membership corporation and its officer or agent who accepts or rejects a ballot, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section or section 2309(2) of this act are not liable in damages to the member for the consequences of the acceptance or rejection.

(5) Corporate action based on the acceptance or rejection of a ballot, consent, waiver, or proxy appointment under this section is valid unless the court determines otherwise.

NEW SECTION. Sec. 2315. INSPECTORS OF ELECTION. (1) A membership corporation may appoint one or more inspectors to act at a meeting of members and make a report in the form of a record of the inspectors' determinations. Each inspector shall execute the duties of inspector impartially and according to the best of the inspector's ability.

(2) The inspectors must:

(a) Ascertain the number of members and delegates, and their voting power;

(b) Determine the members and delegates present at a meeting;

(c) Determine the validity of proxies and ballots;

(d) Count all votes; and

(e) Determine the result.

(3) An inspector may, but need not, be a director, member, officer, or employee of the membership corporation. A person who is a candidate for office to be filled at the meeting may not be an inspector.

NEW SECTION. Sec. 2316. ACTION BY VOTING GROUPS. (1) If this chapter, the articles, or the bylaws provide

for voting by a single voting group on a matter, then action on that matter is taken when voted upon by that voting group as provided in section 2311 or 2318 of this act.

(2) If this chapter, the articles, or the bylaws provide for voting by two or more voting groups on a matter, then action on that matter is taken only when voted upon by each of those voting groups counted separately as provided in section 2311 or 2318 of this act.

NEW SECTION. Sec. 2317. VOTING AGREEMENTS.

(1) If the articles or bylaws allow voting agreements, then two or more members may provide for the manner in which they will vote by executing an agreement in the form of a record for that purpose, to the extent allowed under the articles or bylaws.

(2) A voting agreement is specifically enforceable if:

(a) The voting agreement is allowed under the articles or bylaws; or

(b) The effective date of the voting agreement is before the effective date of this section.

(3) Notwithstanding subsection (2) of this section, no voting agreement is enforceable to the extent that enforcement of the agreement would violate the purposes of the membership corporation.

NEW SECTION. Sec. 2318. ACTION WITHOUT MEETING BY UNANIMOUS WRITTEN CONSENT.

(1) Except as provided in the articles or bylaws, action required or permitted by this chapter to be taken at a meeting of the members may be taken without a meeting if the action is taken by all the members entitled to vote on the action. The action must be evidenced by one or more consents in the form of a record bearing the date of execution and describing the action taken, executed by all the members entitled to vote on the action, and delivered to the membership corporation for inclusion in the minutes or filing with the corporate records.

(2) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to take action without a meeting is the date the first member executes the consent under subsection (1) of this section. A consent shall not be effective to take the corporate action referred to therein unless, within sixty days after the earliest date appearing on a consent delivered to the membership corporation in the manner required by this section, consents executed by all members entitled to vote on the action are received by the corporation. A consent may be revoked by an executed notice in the form of a record to that effect received by the corporation before receipt by the corporation of unrevoked consents sufficient in number to take corporate action.

(3) A consent executed under this section has the same force and effect as a unanimous vote at a meeting duly called and held, and may be described as such.

(4) If this chapter, the articles, or the bylaws require that prior notice of any proposed action be given to members not entitled to vote on the action and the action is to be taken by consent of the members entitled to vote, then the membership corporation shall deliver to the members not entitled to vote notice of the proposed action at least ten days before taking the action by consent. The notice must contain or be accompanied by the same material that would have been required to be delivered to members not entitled to vote in a notice of meeting at which the proposed action would have been submitted to the members for action.

NEW SECTION. Sec. 2319. ACTION WITHOUT MEETING BY BALLOT.

(1) Except as otherwise restricted by the articles or bylaws, any action that may be taken at any annual, regular, or special meeting of members may be taken without a meeting if the membership corporation delivers a ballot to every member entitled to vote on the matter.

(2) A ballot must:

(a) Be in the form of a record;

(b) Set forth each proposed action;

(c) Provide an opportunity to vote, or withhold a vote, separately for each candidate for a director position; and

(d) Provide an opportunity to vote for or against each other proposed action.

(3) Approval by ballot pursuant to this section of action other than election of directors is valid only when the number of ballots returned equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve the matter at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.

(4) All requests for votes by ballot must:

(a) Indicate the number of responses needed to meet the quorum requirements;

(b) State the percentage of approvals necessary to approve each matter other than election of directors; and

(c) Specify the time by which a ballot must be received by the membership corporation to be counted, which shall not be less than ten days after the ballot is delivered to the member.

(5) Except as provided in the articles or bylaws, a ballot may not be revoked.

NEW SECTION. Sec. 2320. PROCEDURE FOR REMOTE MEETINGS.

When provided for in the articles or bylaws, meetings of the members held by remote communication must follow the provisions of sections 2301 through 2319 of this act to the greatest practicable extent.

ARTICLE 4

BOARD OF DIRECTORS

NEW SECTION. Sec. 2401. BOARD OF DIRECTORS—AUTHORITY. (1) A nonprofit corporation shall have a board of directors.

(2) All corporate powers shall be exercised by or under the authority of the board of directors, and the activities and affairs of the corporation shall be managed by or under the direction, and subject to the oversight, of the board of directors, subject only to any powers expressly reserved to the corporation's membership or other persons in the articles or bylaws.

NEW SECTION. Sec. 2402. STANDARDS OF CONDUCT FOR DIRECTORS. (1) Each director, when discharging the duties of a director, shall act:

(a) In good faith;

(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(c) In a manner the director reasonably believes to be in the best interests of the nonprofit corporation.

(2) In discharging board or committee duties a director shall disclose, or cause to be disclosed, to the other board or committee members information not already known by them but known by the director to be material to the discharge of their decision-making or oversight functions, except that disclosure is not required to the extent that the director reasonably believes that doing so would violate a duty imposed by law, a legally enforceable obligation of confidentiality, or a professional ethics rule.

(3) In discharging the duties of a director, a director may rely on information, opinions, reports, or statements, including financial statements or other financial data, if prepared or presented by:

(a) One or more officers, employees, or volunteers of the nonprofit corporation whom the director reasonably believes to be reliable and competent in the functions performed or the matters presented;

(b) Legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the director reasonably believes are matters:

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(i) Within the particular person's professional or expert competence; or

(ii) As to which the particular person merits confidence; or

(c) A committee of the board of which the director is not a member, designated in accordance with provisions of the articles or bylaws, as to matters within its designated authority, if the director reasonably believes the committee merits confidence.

(4) A director is not a trustee with respect to the nonprofit corporation or with respect to any property held or administered by the corporation, including property that may be subject to restrictions imposed by the donor or transferor of the property.

NEW SECTION. Sec. 2403. QUALIFICATION OF DIRECTORS. A director of a nonprofit corporation must be an individual. The articles or bylaws may prescribe other qualifications for directors. A director need not be a resident of this state or a member of the corporation unless the articles or bylaws so prescribe.

NEW SECTION. Sec. 2404. NUMBER OF DIRECTORS. (1) A board of directors shall consist of one or more directors, with the number specified in or fixed in accordance with the articles or bylaws.

(2) The board of directors of any corporation shall consist of three or more directors if:

(a) The internal revenue service has determined the corporation to be a public charity described in section 509(a)(1) through (4) of the Internal Revenue Code;

(b) The corporation has applied to the internal revenue service for a determination of exempt status through an application representing that the corporation is described in section 509(a)(1) through (4) of the Internal Revenue Code; or

(c) The corporation has applied to the internal revenue service for classification as an organization described in section 509(a)(1) through (4) of the Internal Revenue Code.

(3) The number of directors on a board of directors who are under 18 years of age may not exceed three or one-third of the total number of directors then in office, whichever is fewer.

(4) A corporation described in subsection (2) of this section may have fewer than three directors if the death, incapacity, resignation, or removal of a director causes the corporation to have fewer than three directors, provided that the entity, body, or person with the power to elect or appoint directors makes reasonable and prompt efforts to elect or appoint additional directors.

(5) The number of directors may be increased or decreased but to no fewer than one from time to time by amendment to, or in the manner provided in, the articles or bylaws.

(6) A decrease in the number of directors may not shorten an incumbent director's term.

NEW SECTION. Sec. 2405. SELECTION OF DIRECTORS. (1) The members of a membership corporation shall elect the directors, other than the initial directors named in the articles, at the annual meetings of members, unless the articles or bylaws provide some other time or method of election, or provide that some other person or persons shall appoint some or all of the directors, or designate some other manner of appointment, for example, ex officio directors.

(2) The directors of a nonmembership corporation shall elect the directors, other than the initial directors named in the articles, at the annual meeting of directors, unless the articles or bylaws provide some other time or method of election, or provide that some other person or persons shall appoint some or all of the directors, or designate some other manner of appointment, for example, ex officio directors.

NEW SECTION. Sec. 2406. TERMS OF DIRECTORS, GENERALLY. (1) The articles or bylaws may specify the terms

of directors. If a term is not specified in the articles or bylaws, then the term of a director is one year. Each term of a director elected by the members or directors, or by some other method provided in the articles or bylaws, may not exceed five years except as provided in subsection (2) of this section. Terms of directors appointed by some other person or persons, or designated in some other manner, may be of any length.

(2) For a corporation formed before the effective date of this section, if the articles or bylaws current as of the effective date of this section provided for terms of elected directors longer than five years, then the terms for elected directors provided in those articles or bylaws may continue in effect until and unless the articles or bylaws are amended to shorten those terms.

(3) The initial directors named in the articles hold office until the first annual election of directors or for any other period specified in the articles.

(4) A reduction in directors' terms of office does not shorten an incumbent director's term.

(5) Except as provided in the articles or bylaws, the term of a director elected to fill a vacancy expires at the end of the unexpired term that the director is filling.

(6) Despite the expiration of a director's term, the director continues to serve until the director's successor is elected, appointed, or designated and until the director's successor takes office, unless otherwise provided in the articles or bylaws.

NEW SECTION. Sec. 2407. STAGGERED TERMS FOR DIRECTORS. The articles or bylaws may provide for staggering the terms of directors by dividing the total number of directors into groups of one or more directors. The terms of office and number of directors in each group do not need to be uniform.

NEW SECTION. Sec. 2408. RESIGNATION OF DIRECTOR. (1) A director may resign at any time by delivering an executed notice in the form of a record to the president, the secretary of the corporation, or another officer designated for that purpose in the articles or bylaws. A director may also resign by giving oral notice to the board at a meeting of the board.

(2) A resignation is effective when the notice is delivered unless the notice specifies a later effective time.

(3) If the resignation of a director of a charitable corporation results in the charitable corporation having no directors in office, then the resigning director shall notify the attorney general that the charitable corporation has no directors in office. Such notice must be in the form of a record delivered to the attorney general within ten calendar days after the effective date of the director's resignation.

NEW SECTION. Sec. 2409. REMOVAL OF DIRECTORS. (1) Removal of directors of a membership corporation is subject to the following provisions:

(a) The members may remove, with or without cause, one or more directors who have been elected by the members, unless the articles or bylaws provide that directors may be removed only for cause. The articles or bylaws may specify what constitutes cause for removal.

(b) The board of a membership corporation may not remove a director who has been elected by the members except as provided in subsection (5) of this section or in the articles or bylaws.

(c) The directors may remove, with or without cause, one or more directors who have been elected by the directors, unless the articles or bylaws provide that directors may be removed only for cause. The articles or bylaws may specify what constitutes cause for removal.

(d) Except as provided in the articles or bylaws, if a director is elected by a voting group of members, or by a chapter or other organizational unit, or by a region or other geographic grouping, then only the members of that voting group or chapter, unit,

region, or grouping may participate in the vote to remove the director.

(e) The notice of a meeting of members at which removal of a director is to be considered shall state that the purpose, or one of the purposes, of the meeting is removal of the director.

(2) The board may remove a director of a nonmembership corporation who was elected by the directors:

(a) With or without cause, unless the articles or bylaws provide that directors may be removed only for cause. The articles or bylaws may specify what constitutes cause for removal.

(b) A nonprofit corporation shall give notice of any meeting of directors at which removal of a director is to be considered in accordance with the articles or bylaws governing notice for special meetings, but in no event less than forty-eight hours before the meeting. Such notice shall state that the purpose, or one of the purposes, of the meeting is removal of a director.

(c) As provided in subsection (5) of this section.

(3) A director who is designated by name in the articles or bylaws may be removed by an amendment to the articles or bylaws deleting or changing the designation.

(4) Except as provided in the articles or bylaws, a director who is appointed by persons other than the members or the directors may be removed with or without cause only by those persons.

(5) Notwithstanding anything else to the contrary in this section or the articles or bylaws, the board of a membership corporation or nonmembership corporation may remove a director:

(a) Who has been appointed a guardian under RCW 11.130.185 or 11.130.265;

(b) Who has been appointed a conservator under RCW 11.130.360;

(c) Who is subject to a written certification by his or her attending physician that in the physician's opinion the director is substantially unable to manage his or her financial resources or resist fraud or undue influence;

(d) Who has been convicted of a felony;

(e) Who has been found by a final order of any court of competent jurisdiction to have breached a duty as a director under section 2402 of this act;

(f) Who has missed the number of board meetings specified in the articles or bylaws, if the articles or bylaws at the beginning of the director's current term provided that a director may be removed for missing the specified number of board meetings; or

(g) Who does not satisfy any of the qualifications for directors set forth in the articles or bylaws at the beginning of the director's current term, if the decision that the director fails to satisfy a qualification is made by the vote of a majority of the directors who meet all of the required qualifications.

(6) Notwithstanding anything else to the contrary in this section or the articles or bylaws, the board of a charitable corporation that is a membership corporation or a nonmembership corporation may remove a director if the director's continued service would cause the charitable corporation to be prohibited from soliciting charitable funds under RCW 19.09.100(13).

NEW SECTION. Sec. 2410. VACANCY ON BOARD OF DIRECTORS. (1) Except as provided in subsection (2) of this section, the articles, or the bylaws, if a vacancy occurs on the board, including a vacancy resulting from an increase in the number of directors, then the vacancy may be filled by a majority of the directors remaining in office even if they constitute less than a quorum. For purposes of section 2409 of this act, any director so elected is deemed to have been elected by the members, voting group, or persons who would elect that director at a regular election.

(2) Except as provided in the articles or bylaws, a vacancy in the position of a director who is:

(a) Appointed by persons other than the members, may be filled only by those persons; or

(b) Designated by name in the articles or bylaws, may not be filled by action of the board.

(3) A vacancy that will occur at a specific later time, by reason of a resignation effective at a later time under section 2408(2) of this act, or otherwise, may be filled before the vacancy occurs but the new director may not take office until the vacancy occurs.

(4) If no directors remain in office, and there are no members with the right to elect directors, then the attorney general has the power to appoint one or more directors selected for their interest and ability to carry out the purposes of the corporation, unless the articles or bylaws provide a different method for electing, appointing, or designating at least one director.

NEW SECTION. Sec. 2411. LIABILITY OF DIRECTORS. (1) A director of a nonprofit corporation is not liable to the nonprofit corporation for any action taken, or any failure to take any action, as a director, except as provided in subsection (2) or (3) of this section or in the articles or bylaws.

(2) Notwithstanding any provision to the contrary in the articles or bylaws, a director is liable to the corporation for:

(a) The value of any benefit in cash, other property, or services received by the director to which the director is not legally entitled; or

(b) Intentional misconduct or a knowing violation of law, including but not limited to criminal law or this chapter, by the director.

(3) A director is liable to the corporation for a violation of any additional standard of conduct specified in the nonprofit corporation's articles as an exception to the limitation on director's liability.

(4) A director of a nonprofit corporation is not liable to any member of the nonprofit corporation for any action taken, or any failure to take action, as a director, except as provided in subsection (5) of this section.

(5) A director is liable to a member of the corporation only for:

(a) A knowing infliction of harm upon the member; or

(b) An intentional violation of criminal law or this chapter that results in harm or loss to the member.

(6) The party seeking to establish the director's liability to the corporation or any member of the corporation:

(a) For money damages, also has the burden of establishing that:

(i) Harm to the nonprofit corporation or its members has been suffered; and

(ii) The harm suffered was proximately caused by the director's challenged conduct; or

(b) For other money payment under a legal remedy, such as compensation for the unauthorized use of corporate assets, also has whatever burden of persuasion may be called for to establish that the payment sought is appropriate in the circumstances; or

(c) For other money payment under an equitable remedy, such as profit recovery by or disgorgement to the corporation, also has whatever burden of persuasion may be called for to establish that the equitable remedy sought is appropriate in the circumstances.

(7) Nothing contained in this section:

(a) In any instance where fairness is at issue, such as consideration of the fairness of a transaction to the nonprofit corporation under section 2703(1)(c) of this act, alters the burden of proving the fact or lack of fairness otherwise applicable;

(b) Alters the fact or lack of liability of a director to the nonprofit corporation under another section of this chapter, such as the provisions governing the consequences of an unlawful distribution under section 2702 of this act, a conflicting interest transaction under section 2703 of this act, or taking advantage of a business opportunity under section 2704 of this act;

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(c) Affects any rights to which the corporation or a director or member may be entitled under another statute of this state or the United States; or

(d) Affects the authority of the attorney general to take any action against a director under this chapter or other applicable Washington state law.

NEW SECTION. **Sec. 2412.** COMPENSATION OF DIRECTORS. Unless the articles or bylaws provide otherwise, the board may fix the compensation of directors.

ARTICLE 5

MEETINGS AND ACTION OF THE BOARD

NEW SECTION. **Sec. 2501.** MEETINGS OF THE BOARD. (1) The board may hold regular or special meetings in or out of this state.

(2) Unless the articles or bylaws provide otherwise, the board may permit any or all directors to participate in a regular or special meeting by, or conduct the meeting through the use of, one or more means of remote communication through which all of the directors may simultaneously participate with each other during the meeting. A director participating in a meeting by this means is considered present in person at the meeting. For any meeting at which one or more directors may participate by means of remote communication, notice of the meeting must be delivered to each director by a means which the director has authorized and provide complete instructions for participating in the meeting by remote communication.

NEW SECTION. **Sec. 2502.** NOTICE OF BOARD MEETINGS. (1) Regular meetings of the board may be held with or without notice as prescribed in the articles or bylaws, unless notice is required by section 2409(2) of this act or other provisions of this chapter.

(2) Unless the articles or bylaws provide for a longer or shorter period, special meetings of the board must be preceded by at least forty-eight hours' notice of the date, time, and place of the meeting. The notice need not describe the purpose of the special meeting, except as required by section 2409(2) of this act, other provisions of this chapter, or the articles or bylaws.

(3) Unless the articles or bylaws provide otherwise, the president, the secretary, or twenty percent of the directors then in office may call and give, or cause to be given, notice of a meeting of the board.

(4) Oral notice of meetings of the board may be given, unless oral notice is not permitted by a corporation's articles or bylaws.

NEW SECTION. **Sec. 2503.** WAIVER OF NOTICE. (1) A director may waive any notice required by this chapter, the articles, or the bylaws before or after the date and time stated in the notice. Except as provided by subsection (2) of this section, the waiver must be in the form of a record, executed by the director entitled to the notice, and filed with the minutes or corporate records.

(2) A director's attendance at or participation in a meeting waives any required notice to the director of the meeting, unless the director at the beginning of the meeting or promptly upon arrival objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

NEW SECTION. **Sec. 2504.** BOARD QUORUM AND VOTING REQUIREMENTS. (1) Except as provided in subsection (2) or (3) of this section, the articles, or the bylaws, a quorum of the board consists of a majority of the directors in office before a meeting begins.

(2) The articles or bylaws may authorize a quorum of the board to consist of no fewer than one-third of the number of directors in office.

(3) A quorum shall not be present at any time during a meeting unless a majority of the directors present are at least 18 years of age.

(4) If a quorum is present when a vote is taken, then the affirmative vote of a majority of directors present is the act of the board unless a greater vote is required by the articles or bylaws or this chapter.

(5) No proxy for a director, however appointed, may:

(a) Participate in any vote of the board or of any board committee;

(b) Be counted for the purpose of determining whether a quorum is present at a meeting; or

(c) Execute any written consent on behalf of the director.

(6) A director who is present at a meeting of the board when corporate action is taken is considered to have assented to the action taken unless:

(a) The director objects at the beginning of the meeting or promptly upon arrival to holding it or transacting business at the meeting;

(b) The director dissents or abstains from the action; or

(c) The director delivers notice in the form of a record of the director's dissent or abstention to the president or secretary of the corporation or another officer of the corporation designated in the bylaws before or during the meeting or before the approval of the minutes of the meeting.

(7) The right of dissent or abstention is not available to a director who votes in favor of the action taken.

NEW SECTION. **Sec. 2505.** ACTION WITHOUT MEETING BY UNANIMOUS WRITTEN CONSENT. (1) Unless the articles or bylaws prohibit action without a meeting, action required or permitted by this chapter to be taken by the board may be taken without a meeting if each director entitled to vote with respect to the subject matter thereof executes a consent in the form of a record describing the action to be taken and delivers it to the nonprofit corporation.

(2) For purposes of this section only, "each director entitled to vote" does not include an "interested director" who abstains in writing from providing consent, where:

(a) The board has determined that:

(i) The corporation is entering into the transaction for its own benefit; and

(ii) The transaction is fair and reasonable to the corporation when it enters into the transaction or the noninterested directors determine in good faith after reasonable investigation that the corporation cannot obtain a more advantageous arrangement with reasonable effort under the circumstances, at or before execution of the written consent;

(b) That determination of the board is included in the written consent executed by the noninterested directors or in other records of the corporation; and

(c) All of the noninterested directors approve the action.

(3) Action taken under this section is the act of the board when one or more consents executed by all the directors entitled to vote are delivered to the nonprofit corporation. In no event may the period between the date of the first signature by a director on such a consent and the date on which all directors have executed the consent be more than sixty days. The consent may specify the time at which the action taken in the consent is to be effective. A director's consent may be withdrawn by a revocation in the form of a record executed by the director and delivered to the president, secretary, or other officer of the corporation specified by the board for that purpose before delivery to the corporation of unrevoked consents executed by all the directors.

(4) A written consent executed under this section has the effect of action taken at a meeting of the board and may be described as such in any document.

NEW SECTION. Sec. 2506. BOARD AND ADVISORY COMMITTEES. (1) Unless this chapter, the articles, or the bylaws provide otherwise, a board may create one or more committees of the board that consist of two or more directors. A committee of the board shall not include as voting members persons who are not directors, except:

(a) As provided in Title 48 RCW or the regulations promulgated thereunder;

(b) If the only powers delegated to the committee are those necessary for the committee to serve in any fiduciary capacity with respect to one or more employee benefit plans established under the federal employee retirement income security act of 1974, or any successor statute; or

(c) Unless without the inclusion of persons who are not directors it is impossible or impracticable for the corporation to comply with applicable law other than this chapter.

(2) Unless this chapter otherwise provides, the creation of a committee of the board and appointment of directors to it shall be approved by the greater of:

(a) A majority of all the directors in office when the action is taken; or

(b) The number of directors required by the articles or bylaws to take action under section 2504 of this act.

(3) Sections 2501 through 2505 of this act apply to both committees of the board and their members to the greatest practicable extent.

(4) To the extent specified by the board or in the articles or bylaws, each committee of the board may exercise the powers of the board granted through section 2401(2) of this act, except as limited by subsection (5) of this section.

(5) A committee of the board may not:

(a) Authorize distributions;

(b) Adopt, amend, alter, or repeal bylaws;

(c) In the case of a membership corporation, approve or propose to members action that must be approved by members under the articles or bylaws;

(d) Elect, appoint or remove any member of any committee of the board or any director or officer of the corporation;

(e) Amend the articles;

(f) Adopt a plan of merger with another corporation;

(g) Adopt a plan of domestication, for-profit conversion, or entity conversion;

(h) Authorize the sale, lease, or exchange of all or substantially all of the property and assets of the corporation not in the ordinary course of business;

(i) Authorize the voluntary dissolution of the corporation or revoke proceedings therefor;

(j) Adopt a plan for the distribution of the assets of the corporation; or

(k) Amend, alter, or repeal any resolution of the board, unless the resolution provides by its terms that it may be amended, altered, or repealed by a committee.

(6) The creation of, delegation of authority to, or action by a committee of the board does not alone constitute compliance by a director with the standards of conduct described in section 2402 of this act.

(7) A nonprofit corporation may create or authorize the creation of one or more advisory committees whose members need not be directors or meet the qualification requirements for directors. The board shall not delegate any of its authority to an advisory committee. An advisory committee:

(a) Is not a committee of the board; and

(b) May not exercise any of the powers of the board.

NEW SECTION. Sec. 2507. PROCEDURE FOR REMOTE MEETINGS. Unless otherwise provided in the articles or bylaws, meetings of the board or any committee held by remote communication must follow the provisions of sections 2501 through 2506 of this act to the greatest practicable extent.

ARTICLE 6 OFFICERS

NEW SECTION. Sec. 2601. OFFICERS—DUTIES. (1) The officers of a nonprofit corporation consist of a president, secretary, and treasurer, and other officers as may be authorized by the articles, the bylaws, or the board.

(2) Unless the articles or bylaws provide otherwise, the board shall elect or appoint all officers annually, and officers shall serve until their respective successors have been elected or appointed or until their earlier removal or resignation.

(3) The same individual may simultaneously hold more than one office in a nonprofit corporation, except that the same individual may not hold the offices of president and secretary.

(4) Each officer has the authority and shall perform the duties set forth in the articles or bylaws or, to the extent consistent with the articles and bylaws, the duties prescribed by the board or by direction of an officer authorized by the board to prescribe the duties of other officers.

NEW SECTION. Sec. 2602. STANDARDS OF CONDUCT FOR OFFICERS. (1) An officer with discretionary authority shall discharge his or her duties under that authority:

(a) In good faith;

(b) With the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(c) In a manner the officer reasonably believes to be in the best interests of the corporation.

(2) The duty of an officer includes the obligation to convey to his or her superior officer, the board, a board committee, or another appropriate person within the nonprofit corporation:

(a) Information about the affairs of the nonprofit corporation within the scope of the officer's functions, and known to the officer to be material to the superior officer, board, or committee thereof; and

(b) Information regarding any actual or probable material violation of law involving the corporation or material breach of duty to the corporation by an officer, director, employee, agent, or vendor of the corporation, that the officer believes has occurred or is likely to occur.

(3) In discharging his or her duties, an officer who does not have knowledge that makes reliance unwarranted may rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(a) One or more officers or employees of the nonprofit corporation whom the officer reasonably believes to be reliable and competent in the functions performed or the information, opinions, reports, or statements provided;

(b) Legal counsel, public accountants, or other persons retained by the corporation as to matters involving skills or expertise the officer reasonably believes are matters:

(i) Within the particular person's professional or expert competence; or

(ii) As to which the particular person merits confidence.

(4) An officer is not a trustee with respect to the nonprofit corporation or with respect to any property held or administered by the corporation, including property that may be subject to restrictions imposed by the donor or transferor of the property.

NEW SECTION. Sec. 2603. RESIGNATION AND REMOVAL OF OFFICERS. (1) An officer may resign at any time by delivering notice to the nonprofit corporation. A resignation is effective when the notice is delivered unless the notice specifies a later effective time. If a resignation is made

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

effective at a later time and the board or the appointing officer accepts the future effective time, then the board or the appointing officer may designate a successor before the effective time if the board or the appointing officer provides that the successor does not take office until the effective time.

(2) Except as provided in the articles or bylaws, an officer may be removed at any time with or without cause by:

- (a) The board;
- (b) The officer who appointed the officer being removed, unless the board provides otherwise; or
- (c) Any other officer authorized by the articles, the bylaws, or the board to remove the officer being removed.

(3) In this section, "appointing officer" means the officer, including any successor to that officer who appointed the officer resigning or being removed.

NEW SECTION. Sec. 2604. CONTRACT RIGHTS OF OFFICERS. (1) The appointment or election of an officer does not itself create contract rights.

(2) An officer's removal does not affect the officer's contract rights, if any, with the nonprofit corporation. An officer's resignation does not affect the corporation's contract rights, if any, with the officer.

ARTICLE 7 PROVISIONS COMMON TO DIRECTORS AND OFFICERS

NEW SECTION. Sec. 2701. LOANS OR GUARANTEES. (1) A nonprofit corporation may not lend money to, advance credit to, or guarantee the obligation of a director or officer of the corporation.

(2) Subsection (1) of this section does not apply to:

- (a) An advance to pay reimbursable expenses reasonably expected to be incurred within a time period that is reasonable under the circumstances by a director or officer;
- (b) Advances pursuant to section 2706 of this act;
- (c) Loans or advances pursuant to employee benefit plans; or
- (d) A loan to pay reasonable relocation expenses of an officer.

(3) The fact that a loan or guarantee is made in violation of this section does not affect the borrower's liability on the loan.

(4) The directors who vote for or assent to any loan, advance, or guarantee in violation of subsection (1) of this section, and any officer materially participating in the making of such a loan, advance, or guarantee, are personally liable on a joint and several basis to the nonprofit corporation on the loan, advance, or guarantee. Liability under this subsection terminates upon the repayment of any funds advanced by the nonprofit corporation in violation of subsection (1) of this section or, if no funds have been advanced under a guarantee, upon the termination of the guarantee.

(5) A director or officer held liable under subsection (4) of this section for any unlawful loan or guarantee is entitled to contribution from every other director or officer who could be held liable under subsection (4) of this section for the unlawful loan or guarantee.

(6) A proceeding to enforce contribution or recoupment under subsection (5) of this section is barred unless it is commenced within one year after the liability of the claimant has been finally adjudicated under subsection (4) of this section.

NEW SECTION. Sec. 2702. LIABILITY FOR UNLAWFUL DISTRIBUTIONS. (1) A director or officer is personally liable to the nonprofit corporation for the amount of any distribution that exceeds the amount the corporation could have distributed without violating section 1406 of this act if:

(a) The nature or amount of the distribution was material to the interests of the corporation for any reason under all of the facts and circumstances including, but not limited to, federal excise tax

liability or federal tax penalties imposed on the corporation as a result of the distribution;

(b) The director or officer voted for or assented to that distribution as a director, or participated beyond the level of a ministerial function in making that distribution as an officer; and

(c) The party asserting liability establishes that, when taking the action, the director or officer violated the standard of conduct set forth in subsection (2) of this section.

(2) A director or officer may be held liable under this section:

(a) For a distribution by a charitable corporation, or a distribution of assets held for charitable purposes, if the director did not comply with section 2402 of this act or the officer did not comply with section 2602 of this act; or

(b) If the conduct of the director or officer with respect to the distribution constitutes gross negligence.

(3) A director or officer held liable under this section for an unlawful distribution is entitled to:

(a) Contribution from every other director or officer who could be held liable under this section for the unlawful distribution; and

(b) Recoupment from each person of the pro rata portion of the amount of the unlawful distribution the person received:

(i) Whether or not the person knew the distribution was made in violation of this chapter, for a distribution by a charitable corporation or of property held for charitable purposes; or

(ii) Knowing the distribution was made in violation of this chapter, for a distribution of property not held for charitable purposes.

(4) A proceeding to enforce:

(a) The liability of a director or officer under this section is barred, unless it is commenced within three years after the date on which the distribution was made; or

(b) Contribution or recoupment under subsection (3) of this section is barred, unless it is commenced within one year after the liability of the claimant under this section has been finally adjudicated.

NEW SECTION. Sec. 2703. CONFLICTING INTEREST TRANSACTIONS—VOIDABILITY. (1) A contract or transaction between a nonprofit corporation and one or more of its members, directors, or officers; or between a nonprofit corporation and any other entity in which one or more of its directors or officers are directors or officers, hold a similar position, or have a financial interest is not void or voidable solely for that reason, or solely because the member, director, or officer is present at or participates in the meeting of the board that authorizes the contract or transaction or solely because his or her or their votes are counted for that purpose, if:

(a) The material facts as to the relationship or interest and as to the contract or transaction are disclosed or are known to the board and the board in good faith authorizes the contract or transaction by the affirmative vote of a majority of the disinterested directors even though the disinterested directors are less than a quorum;

(b) The material facts as to the relationship or interest of the member, director, or officer and as to the contract or transaction are disclosed or are known to the members entitled to vote thereon, if any, and the contract or transaction is specifically approved in good faith by vote of those members; or

(c) The contract or transaction is fair as to the corporation as of the time the board or the members authorize, approve, or ratify the transaction.

(2) Interested directors or directors holding a similar position in the other entity involved in a contract or transaction specified in subsection (1) of this section may be counted in determining the presence of a quorum at a meeting of the board that authorizes the contract or transaction.

(3) This section is applicable except as provided in the articles or bylaws.

NEW SECTION. Sec. 2704. BUSINESS OPPORTUNITIES. (1) The taking advantage, directly or indirectly, by a director or officer of a business opportunity may not be the subject of equitable relief, or give rise to an award of damages or other sanctions against the director or officer, in a proceeding by or in the right of the nonprofit corporation on the ground that the opportunity should have first been offered to the corporation, if before becoming legally obligated or entitled respecting the opportunity the director or officer brings it to the attention of the corporation and action by the members or the directors disclaiming the corporation's interest in the opportunity is taken in compliance with the procedures set forth in section 2703 of this act, as if the decision being made concerned a conflicting interest transaction.

(2) In any proceeding seeking equitable relief or other remedies, based upon an alleged improper taking advantage of a business opportunity by a director or officer, the fact that the director or officer did not employ the procedure described in subsection (1) of this section before taking advantage of the opportunity does not support an inference that the opportunity should have been first presented to the nonprofit corporation or alter the burden of proof otherwise applicable to establish that the director or officer breached a duty to the corporation in the circumstances.

NEW SECTION. Sec. 2705. REMOVAL BY JUDICIAL PROCEEDING. (1) The court may remove a director or officer from office in a proceeding commenced by or in the right of the corporation if the court finds that:

(a) The director or officer engaged in fraudulent conduct with respect to the corporation or its members, knowingly inflicted harm on the corporation, or engaged in acts or omissions constituting gross negligence with respect to the director's or officer's duties; and

(b) Considering the course of conduct of the director or officer and the inadequacy of other available remedies, removal would be in the best interest of the corporation.

(2) An action under this section may be commenced by a member, individual director, or delegate. The attorney general may also commence an action under this section if the corporation holds property for charitable purposes.

(3) The court, in addition to removing the director or officer, may bar the director or officer from being reelected, redesignated, or reappointed as a director, an officer, or both for a period prescribed by the court.

(4) Nothing in this section limits the equitable powers of the court to order other relief.

(5) If a proceeding is commenced under this section to remove a director or officer of a charitable corporation, then the plaintiff shall give the attorney general notice in the form of a record of the commencement of the proceeding.

NEW SECTION. Sec. 2706. INDEMNIFICATION AND ADVANCE FOR EXPENSES. The provisions of RCW 23B.08.500 through 23B.08.603, or their successors, apply to any corporation to which this chapter applies. For purposes of this chapter:

(1) All references in those provisions to shares of a corporation are deemed to refer to membership interests in the nonprofit corporation.

(2) All references in those provisions to shareholders are deemed to refer to members of the nonprofit corporation.

(3) All references in those provisions to a shareholders meeting are deemed to refer to a meeting of the members of the nonprofit corporation.

(4) All references in those provisions to transactions from which directors or officers will personally receive a benefit to which they are not entitled are deemed to include transactions approved or implemented by a director or officer knowing them to be in violation of section 1406 of this act.

(5) This section does not limit a nonprofit corporation's power to indemnify, advance expenses to, or provide or maintain insurance on behalf of an employee, agent, or volunteer.

NEW SECTION. Sec. 2707. DIRECTORS AND OFFICERS UNDER 18 YEARS OF AGE. No director or officer of a corporation who is under 18 years of age shall have authority to execute any document on behalf of the corporation, or otherwise to bind the corporation with respect to any other party, without the written concurrence of one or more other directors or officers of the corporation who are at least 18 years of age and would, between them, have independent authority to execute the same document or to bind the corporation in the same way.

PART III FUNDAMENTAL TRANSACTIONS ARTICLE 1

AMENDMENT OF ARTICLES OR BYLAWS

NEW SECTION. Sec. 3101. AUTHORITY TO AMEND.

(1) A nonprofit corporation may amend its articles of incorporation, from time to time, so long as its articles as amended contain only provisions that are lawful under this chapter.

(2) Amendments to the articles of a charitable corporation to include one or more purposes of the corporation substantially different from the corporation's purposes before the amendment are subject to the reporting requirement set out in section 1205 of this act.

NEW SECTION. Sec. 3102. AMENDMENT OF ARTICLES BY NONMEMBERSHIP CORPORATION. (1) Except as provided in the articles, the board of a nonmembership corporation may adopt amendments to the corporation's articles by the vote of a majority of the directors in office.

(2) Except as provided in subsection (3) of this section, an amendment adopted by the board under this subsection must also be approved, if the amendment changes or deletes a provision regarding the appointment of a director by persons other than the board, by those persons as if they constituted a voting group.

(3) Unless the articles provide otherwise, the board of a nonmembership corporation may adopt amendments to the corporation's articles without approval of any of the other persons identified in subsection (2) of this section to:

(a) Extend the duration of the corporation if it was incorporated at a time when limited duration was required by law;

(b) Delete the names and addresses of the initial directors;

(c) Notwithstanding section 1303(1) of this act, delete the name of each incorporator and the name and address of the initial registered agent or registered office, if a statement of change is on file with the secretary of state; and

(d) Restate without change all of the then operative provisions of the articles.

NEW SECTION. Sec. 3103. AMENDMENT BEFORE ADMISSION OF MEMBERS. If a membership corporation has not yet admitted members, then its board may adopt one or more amendments to the articles.

NEW SECTION. Sec. 3104. AMENDMENT AFTER ADMISSION OF MEMBERS. (1) An amendment to the articles of a membership corporation must be adopted in the following manner:

(a) Except as provided in (e) of this subsection, a proposed amendment must be adopted by the board.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(b) Except as provided in sections 3107 and 3108 of this act, a proposed amendment must be submitted to the members entitled to vote on the amendment, if any, for their approval.

(c) The board shall deliver to all members a recommendation that the members approve an amendment, unless the board makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board shall deliver to the members the basis for that determination.

(d) The board may condition its submission of an amendment to the members on any basis. Such a condition is in addition to any approval requirements set forth in the corporation's articles or bylaws or in this chapter.

(e) If the articles or bylaws so permit, an amendment may be proposed by ten percent or more of the members entitled to vote on the amendment, or by a greater number of members if the articles or bylaws so specify. The provisions of (a), (c), and (d) of this subsection do not apply to an amendment proposed by the members under this subsection.

(f) If an amendment is required to be approved by the members, including under (e) of this subsection, and the approval is to be given at a meeting, then the corporation shall give notice to each member, whether or not entitled to vote on the amendment, of the meeting of members at which the amendment is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the amendment and must contain or be accompanied by a copy or summary of the amendment. If a summary is provided in lieu of a copy of the amendment, then a copy must be available to members upon request and the notice shall state that fact.

(g) At a meeting described in (f) of this subsection, those members entitled to vote on the amendment may:

(i) Approve or reject the amendment exactly as provided or summarized in the notice of the meeting; or

(ii) Approve revisions to the amendment at the meeting, if the subject matter of the revisions is within the scope of the subject matter of the amendment as provided or summarized in the notice of the meeting.

(h) The board shall determine whether the subject matter of any revisions approved by members remains within the scope of the subject matter of the amendment as provided or summarized in the notice of the meeting. If the board determines that the revisions approved by the members are not within that scope, then the amendment is deemed rejected by the membership. If the board determines that the revisions by members are within scope, then the board may:

(i) Accept the amendment incorporating the revisions approved by the members; or

(ii) Propose a further revised amendment to the members for approval.

This process may continue until an amendment acceptable to the board has been approved by the members. If successive votes take place at the same meeting of members, then no further notices or meetings are required.

(i) Unless the articles or bylaws, or the board acting pursuant to (d) of this subsection, requires a greater vote or a greater number of votes to be present, the approval of an amendment by the members entitled to vote thereon requires the approval of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the amendment, the approval of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(j) Except as provided in subsection (2) of this section, an amendment adopted by the board under this subsection must also

be approved, if the amendment changes or deletes a provision regarding the appointment of a director by persons other than the board, by those persons as if they constituted a voting group.

(k) If a membership corporation has no members entitled to vote on the amendment, then the corporation shall deliver notice of the approval of the amendment by the board to all members of the corporation at least five days before filing articles of amendment or restated articles of incorporation with the secretary of state.

(2) Unless the articles provide otherwise, the board of a membership corporation may adopt amendments to the corporation's articles without approval of the members to:

(a) Delete the names and addresses of the initial directors;

(b) Notwithstanding section 1303(2) of this act, delete the name of each incorporator and the name and address of the initial registered agent or registered office, if a statement of change is on file with the secretary of state; or

(c) Restate without change all of the then operative provisions of the articles.

NEW SECTION. Sec. 3105. VOTING ON AMENDMENTS BY VOTING GROUPS. (1) If a nonprofit corporation has more than one class of members entitled to vote on an amendment to the articles, then the articles or bylaws may provide that the members of each class entitled to vote on the amendment are entitled to vote as a separate voting group if the amendment would change the rights, powers, preferences, or limitations of the class.

(2) If a class of members will be divided into two or more classes by an amendment to the articles, then the amendment must be approved by a majority of the members of each class that will be created.

NEW SECTION. Sec. 3106. ARTICLES OF AMENDMENT. After an amendment to the articles has been adopted and approved in the manner required by sections 3101 through 3114 of this act and by the articles, the nonprofit corporation shall deliver to the secretary of state for filing articles of amendment, which must be executed by an officer or other authorized representative and set forth:

(1) The name of the corporation;

(2) The text of the amendment adopted;

(3) The date of the amendment's adoption; and

(4) If the amendment:

(a) Was adopted by the board without member approval, a statement that the amendment was adopted by the board of directors, and that member approval was not required; or

(b) Required approval by the members, a statement that the amendment was approved by the members in the manner required by this chapter and by the articles and bylaws.

NEW SECTION. Sec. 3107. RESTATED ARTICLES OF INCORPORATION. (1) The board of a nonprofit corporation may restate its articles of incorporation at any time, without approval by the members or any other person, to consolidate all amendments into a single document without substantive change.

(2) A restatement of the articles may include one or more amendments to the articles. If restated articles of incorporation of a nonmembership corporation include one or more new amendments, then these amendments must have been adopted and approved as provided in section 3102 of this act. If restated articles of incorporation of a membership corporation include one or more new amendments that require member approval, then the amendments must have been adopted and approved as provided in section 3103 or 3104 of this act, as appropriate.

(3) A nonprofit corporation that restates its articles of incorporation shall deliver to the secretary of state for filing articles of restatement setting forth the name of the nonprofit

corporation and the text of the restated articles of incorporation together with a certificate setting forth:

(a) If the restatement does not include any amendments to the articles, a statement of that fact;

(b) If the restatement contains one or more amendments to the articles, the information required by section 3106 (1) through (4) of this act.

(4) The articles of restatement and the certificate must be executed by an officer or other authorized representative.

(5) Duly adopted restated articles of incorporation supersede the original articles and all amendments thereto.

(6) The secretary of state shall certify restated articles of incorporation as the articles currently in effect.

NEW SECTION. Sec. 3108. AMENDMENT OF ARTICLES PURSUANT TO REORGANIZATION. (1) A nonprofit corporation's articles of incorporation may be amended without action by the board or the members to carry out a plan of reorganization ordered or decreed by any court of competent jurisdiction in a proceeding relating to the corporation.

(2) An individual designated by the court shall deliver to the secretary of state for filing articles of amendment setting forth:

(a) The name of the corporation;

(b) The text of each amendment approved by the court;

(c) The date of the court's order or decree approving the articles of amendment;

(d) The title of the reorganization proceeding in which the order or decree was entered; and

(e) A statement that the court had jurisdiction of the proceeding.

(3) This section does not apply after entry of a final decree in the reorganization proceeding even though the court retains jurisdiction of the proceeding for limited purposes unrelated to consummation of the reorganization plan.

NEW SECTION. Sec. 3109. EFFECTIVE DATE. Unless a delayed effective date is specified, articles of amendment or restated articles of incorporation become effective on the date the articles of amendment or restated articles of incorporation are filed by the secretary of state.

NEW SECTION. Sec. 3110. EFFECT OF ARTICLES OF AMENDMENT. (1) Except as provided in subsection (2) of this section, an amendment to the articles does not affect a cause of action existing against or in favor of the nonprofit corporation, a proceeding to which the corporation is a party, or the existing rights of persons other than members of the corporation or persons referred to in the articles. An amendment changing a corporation's name does not abate a proceeding brought by or against the corporation in its former name.

(2) No amendment to the articles shall modify any restriction imposed through any means upon property held for charitable purposes unless, before the delivery of the amendment to the secretary of state for filing, the restriction is modified:

(a) In the case of a restriction imposed pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary, through an appropriate order of the court or the agreement of all interested parties, including the attorney general, under chapter 11.96A RCW; or

(b) In the case of any other restriction, pursuant to section 1503 of this act.

(3) A person who is a member or otherwise affiliated with a charitable corporation may not receive a direct or indirect financial benefit in connection with an amendment of the articles unless the person is itself a charitable corporation, the federal government, a state, a governmental subdivision, or an unincorporated entity that has charitable purposes. This

subsection does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3111. POWER TO AMEND BYLAWS. The power to alter, amend, or repeal the bylaws or adopt new bylaws is vested in the board unless otherwise provided in the articles, the bylaws, or this chapter.

NEW SECTION. Sec. 3112. BYLAW AMENDMENTS REQUIRING MEMBER APPROVAL. (1) Except as provided in the articles or bylaws, the board of a membership corporation that has one or more members may not, without approval of the class or classes of members affected, adopt or amend a provision of the bylaws:

(a) That would eliminate any existing right, power, or privilege of membership contained in the bylaws;

(b) Under section 2107 of this act, providing that some of the members have different rights or obligations than other members with respect to voting, dissolution, transfer of memberships or other matters;

(c) Under section 2110 of this act, levying dues, assessments, or fees on some or all of the members;

(d) Under section 2113 of this act, relating to the termination or suspension of members; or

(e) Under section 2114 of this act, authorizing the purchase of memberships.

(2) The board of a membership corporation that has members may not amend the articles or bylaws without approval of every class or classes of members affected to vary the application of subsection (1) of this section to the corporation.

(3) If a nonprofit corporation has more than one class of members, then the members of a class are entitled to vote as a separate voting group on an amendment to the bylaws that:

(a) Is described in subsection (1) of this section, if the amendment would affect the members of that class differently than the members of another class; or

(b) Has any of the effects described in section 3104(1)(j) of this act.

(4) If a class of members will be divided into two or more classes by an amendment to the bylaws, then the amendment must be approved by a majority of the members of each class that will be created.

NEW SECTION. Sec. 3113. EFFECT OF BYLAW AMENDMENT. (1) No amendment to the bylaws shall modify any restriction imposed through any means upon property held for charitable purposes unless, before or simultaneously with the adoption of the bylaws amendment, the restriction is modified:

(a) In the case of a restriction imposed pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary, through an appropriate order of the court or the agreement of all interested parties, including the attorney general, under chapter 11.96A RCW; or

(b) In the case of any other restriction, pursuant to section 1503 of this act.

 - (a) The right to receive distributions from the entity either in the ordinary course or upon liquidation; or
 - (b) The right to receive notice or vote on issues involving its internal affairs, other than as an agent, assignee, proxy, or person responsible for managing its business, activities, or affairs.

- (6) "Survivor" in a merger means the corporation or eligible entity into which one or more other corporations or eligible entities are merged. A survivor of a merger may preexist the merger or be created by the merger.

NEW SECTION. **Sec. 3202.** PROPERTY HELD FOR CHARITABLE PURPOSES. (1) In a merger under sections 3201 through 3209 of this act, property held for charitable purposes by a nonprofit corporation may not be diverted from charitable purposes.

(2) The survivor of any merger under sections 3201 through 3209 of this act remains bound by any restriction imposed through any means upon property held for charitable purposes by any party to the merger including, but not limited to, any restriction that affects existing rights of persons other than members, shareholders, or interest holders of the other party, unless the restriction is modified:

- (a) In the case of a restriction imposed pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary, through an appropriate order of the court or the agreement of all interested parties, including the attorney general, under chapter 11.96A RCW; or

(4) A corporation that is not a charitable corporation but holds property for charitable purposes shall deliver to the attorney general notice of its intent to consummate a merger, unless the survivor of the merger is a charitable corporation. The notice must be delivered to the attorney general in the form of a record at least twenty days before the meeting at which the proposed transaction is to be approved. Such a merger may not be implemented without

the approval of the attorney general, or the approval of the court in a proceeding to which the attorney general is made a party. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the transaction, approval of the transaction is deemed to have been given.

(5) The notice described in subsection (4) of this section shall include:

- (a) A statement specifying how the merger will comply with subsections (1) through (3) of this section; and
- (b) A brief description of:
 - (i) Real property held by the corporation for charitable purposes, and its nature and location;

NEW SECTION. **Sec. 3203.** PROHIBITION OF FINANCIAL BENEFIT. A person who is a member, director, officer, interest holder, or otherwise affiliated with a charitable corporation or any other eligible entity with a charitable purpose may not receive a direct or indirect financial benefit in connection with a merger governed by sections 3201 through 3209 of this act to which the charitable corporation or unincorporated entity is a party unless the person is itself a charitable corporation, the federal government, a tribal government, a state or local government, a governmental subdivision, or an eligible entity that is organized exclusively for charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. **Sec. 3204.** LIMITATIONS ON CHARITABLE CORPORATIONS. (1) A charitable corporation may merge only with:

- (a) Another charitable corporation;
- (b) A foreign corporation that, if it were a domestic corporation, would qualify under this chapter as a charitable corporation; or
- (c) A foreign or domestic for-profit or nonprofit corporation, or unincorporated entity, only if the charitable corporation is the surviving corporation and continues to qualify as a charitable corporation after the merger.

(2) No member of a charitable corporation may receive or keep anything as a result of a merger other than a membership in the surviving charitable corporation, unless:

- (a) The attorney general, or the court in a proceeding in which the attorney general has been given notice, has provided prior written consent; or
- (b) The member is a charitable corporation, another entity that is organized and operated exclusively for one or more charitable purposes, the federal government, or a tribal, state, or local government.

NEW SECTION. **Sec. 3205.** MERGER. (1) Subject to the restrictions in sections 3202 through 3204 of this act, one or more domestic nonprofit corporations may merge with one or more domestic or foreign nonprofit corporations or eligible entities pursuant to a plan of merger or two or more foreign nonprofit corporations or domestic or foreign eligible entities may merge into a new domestic nonprofit corporation to be created in

the merger in the manner provided in sections 3201 through 3209 of this act.

(2) A foreign nonprofit corporation, or a foreign eligible entity, may be a party to a merger with a domestic nonprofit corporation, or may be created by the terms of the plan of merger, only if the merger is permitted by the organic law of the corporation or eligible entity.

(3) If the law of this state, other than this chapter, permits the merger of a domestic eligible entity with a nonprofit corporation but does not provide procedures for the approval of such a merger, then a plan of merger may be adopted and approved, and the merger may be effectuated, in accordance with the procedures in sections 3201 through 3209 of this act. For the purposes of applying sections 3201 through 3209 of this act, as the context may require:

(a) The eligible entity is treated as a domestic nonprofit corporation, its interest holders are treated as members, eligible interests are treated as memberships, and organic records are treated as articles and bylaws; and

(b) If there is no board of directors and the business and affairs of the eligible entity are managed by a team or body of persons that is not identical to the interest holders, that team or body is deemed to be the board of directors.

(4) The plan of merger must be in the form of a record and include:

(a) The name of each domestic or foreign nonprofit corporation or eligible entity that will merge and the name of the domestic or foreign nonprofit corporation or eligible entity that will be the survivor of the merger;

(b) The terms and conditions of the merger;

(c) The manner and basis of converting the memberships of each merging domestic or foreign nonprofit membership corporation and the eligible interests of each merging domestic or foreign eligible entity into memberships, eligible interests, securities, or obligations; rights to acquire memberships, eligible interests, securities, or obligations; cash; other property or other consideration; or any combination of the foregoing;

(d) The articles and bylaws of any corporation, or the organic records of any eligible entity, to be created by the merger; or if a new corporation or eligible entity is not to be created by the merger, any changes to the survivor's articles or bylaws or organic records;

(e) Whether the corporation is a charitable corporation or is holding assets for charitable purposes;

(f) If the corporation is a charitable corporation or is holding assets for charitable purposes, a plan setting forth how the merging entities will comply with sections 3202 and 3204 of this act; and

(g) Any other provisions relating to the merger that the parties desire be included in the plan of merger.

(5) The plan of merger may also include a provision that the plan may be amended before filing articles of merger, but if the members of a domestic corporation that is a party to the merger are required or entitled to vote on the plan, then the plan shall provide that after approval of the plan by those members the plan may not be amended to change:

(a) The amount or kind of memberships, eligible interests, securities, or obligations; rights to acquire memberships, eligible interests, securities, or obligations; cash; or other property or other consideration to be received by the members of or owners of eligible interests in any party to the merger;

(b) The articles or bylaws of any corporation, or the organic records of any unincorporated entity, that will survive or be created as a result of the merger, except for changes permitted by section 3104(2) of this act or by comparable provisions of the

organic law of a foreign nonprofit or for-profit corporation or domestic or foreign unincorporated entity; or

(c) Any of the other terms or conditions of the plan, if the change would adversely affect those members in any material respect.

(6) Terms of a plan of merger may be made dependent on facts objectively ascertainable outside the plan in accordance with section 1202(3) of this act.

NEW SECTION. Sec. 3206. ADOPTION OF PLAN OF MERGER. In the case of a nonprofit corporation that is a party to a merger:

(1) The plan of merger must be adopted by the board.

(2) Except as provided in subsection (9) of this section, section 3205 of this act, or the articles or bylaws, after adopting the plan of merger, the board shall submit the plan to those members entitled to vote on the plan for their approval. The board shall also deliver to the members a recommendation that the members approve the plan, unless the board makes a determination that because of conflicts of interest or other special circumstances it should not make such a recommendation, in which case the board shall deliver to the members the basis for that determination.

(3) The board may condition its submission of the plan of merger to the members on any basis.

(4) If the plan of merger is required to be approved by the members, and if the approval is to be given at a meeting, then the nonprofit corporation shall give notice to each member, whether or not entitled to vote on the merger, of the meeting of members at which the plan is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. If the corporation is to be merged into an existing corporation or eligible entity, then the notice shall also include a copy or summary of the articles and bylaws or organic records of that corporation or eligible entity. If the corporation is to be merged into a corporation or eligible entity that is to be created pursuant to the merger, then the notice shall include a copy or a summary of the articles and bylaws or organic records of the new corporation or eligible entity. If a summary is provided in lieu of a copy of the plan or of the articles and bylaws, then a copy of the plan and articles and bylaws, as applicable, must be available to members upon request and this fact must be stated in the notice. Such copy of the plan and articles and bylaws, as applicable, may be made available in electronic format.

(5) Unless the articles or bylaws, or the board acting pursuant to subsection (3) of this section, requires a greater vote or a greater number of votes to be present, the approval of the plan of merger by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan of merger, the approval of a majority of the members of each voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(6) Separate voting on a plan of merger is required:

(a) By each class of members:

(i) Whose memberships are to be converted into eligible interests, securities, or obligations; rights to acquire eligible interests, securities, or obligations; cash; other property or other consideration; or any combination of the foregoing;

(ii) Which is to experience a change in the rights, powers, preferences, or limitations of the class as a result of the merger; or

(iii) That would be entitled to vote as a separate group on a provision in the plan that, if contained in a proposed amendment to articles of incorporation, would require action by separate voting groups under the articles or bylaws.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(b) By a voting group, if the voting group is entitled under the articles or bylaws to vote as a voting group to approve a plan of merger.

(7) If a plan of merger would affect in the same or a substantially similar way two or more classes of members entitled to vote separately on the plan of merger under subsection (6)(a) of this section, then, instead of voting separately, all similarly affected classes of members shall vote together as a single voting group on the plan of merger, unless otherwise provided in the articles or as a condition imposed by the board under subsection (3) of this section.

(8) If as a result of a merger one or more members of a domestic nonprofit corporation would become subject to owner liability for the debts, obligations or liabilities of any other person or entity, then approval of the plan of merger requires the execution, by each member who would become subject to owner liability, of a separate record consenting to become subject to owner liability.

(9) If a domestic nonprofit corporation that is a party to a merger does not have any members entitled to vote on the merger, then a plan of merger is deemed adopted by the corporation when it has been adopted by the board pursuant to subsection (1) of this section. If a membership corporation has no members entitled to vote on the merger, then the corporation shall deliver notice of the proposed merger to all members of the corporation at least five days before the meeting at which the board is to adopt the plan of merger.

(10) In addition to the adoption and approval of the plan of merger by the board and members as required by this section, the plan of merger must also be approved in the form of a record by any person or group of persons whose approval is required under section 3114 of this act to amend the articles or bylaws.

(11) Adoption and approval of a plan of merger by all required persons under the procedures set forth in this section constitutes adoption and approval of all changes to the approving party's articles, bylaws, or other organic documents contained within the plan of merger.

NEW SECTION. Sec. 3207. ARTICLES OF MERGER. (1) After a plan of merger has been adopted and approved as required by sections 3201 through 3209 of this act, articles of merger must be executed on behalf of each party to the merger by an officer or other authorized representative of the party. The articles of merger shall set forth:

- (a) The names of the parties to the merger;
- (b) If the articles of the surviving domestic nonprofit corporation are being changed, or if a new domestic nonprofit corporation is created as a result of a merger, the changes to the articles of the surviving corporation or the articles of the new corporation;
- (c) If the plan of merger required approval by the members of a domestic nonprofit corporation that was a party to the merger, a statement that the plan was approved by the members and, if voting by any separate voting group was required, by each separate voting group entitled to vote, in the manner required by this chapter and the articles or bylaws;
- (d) If the plan of merger did not require approval by the members of a domestic nonprofit corporation that was a party to the merger, a statement to that effect;
- (e) If a party to the merger is a noncharitable corporation holding property for charitable purposes, and the survivor is not a charitable corporation, a statement that the attorney general has approved, or is deemed to have approved, the merger pursuant to section 3202 of this act; and
- (f) As to each foreign nonprofit corporation or eligible entity that was a party to the merger, a statement that the participation

of the foreign corporation or eligible entity was authorized as required by the organic law of the corporation or eligible entity.

(2) Terms of articles of merger may be made dependent on facts objectively ascertainable outside the articles in accordance with section 1202(3) of this act.

(3) Articles of merger must be delivered to the secretary of state for filing by the surviving entity of the merger and shall take effect at the effective time provided in RCW 23.95.210. Articles of merger filed under this section may be combined with any filing required under the organic law of any domestic eligible entity involved in the transaction if the combined filing satisfies the requirements of both this section and the other organic law.

NEW SECTION. Sec. 3208. EFFECT OF MERGER. (1) Subject to sections 3202 and 3203 of this act, if the surviving entity is a domestic nonprofit corporation when a merger becomes effective:

(a) The domestic nonprofit corporation that is designated in the plan of merger as the surviving corporation continues or comes into existence, as the case may be;

(b) The separate existence of every domestic or foreign nonprofit corporation or eligible entity that is merged into the survivor ceases;

(c) All property owned by, and every contract and other right possessed by, each domestic or foreign nonprofit corporation or eligible entity that merges into the surviving corporation is vested in the surviving corporation without reversion or impairment;

(d) All liabilities of each domestic or foreign nonprofit corporation or eligible entity that is merged into the survivor are vested in the surviving corporation;

(e) The name of the surviving corporation may, but need not be, substituted in any pending proceeding for the name of any party to the merger whose separate existence ceased in the merger;

(f) The articles and bylaws or organic records of the surviving corporation are amended to the extent of the changes provided in the plan of merger;

(g) The articles and bylaws of a surviving corporation that is created by the merger become effective; and

(h) The memberships of each corporation that is a party to the merger, and the eligible interests in an eligible entity that is a party to a merger, that are to be converted under the plan of merger into memberships, eligible interests, securities, or obligations; rights to acquire memberships, eligible interests, securities, or obligations; cash; other property or other consideration; or any combination of the foregoing; are converted.

(2) A person who becomes subject to owner liability for some or all of the debts, obligations, or liabilities of any entity as a result of a merger has owner liability only to the extent provided in the organic law of the entity and only for those debts, obligations, and liabilities that arise after the effective time of the articles of merger, except to the extent that the person consented to become subject to liability under section 3206(8) of this act.

(3) The effect of a merger on the owner liability of a person who had owner liability for some or all of the debts, obligations, or liabilities of a party to the merger is as follows:

(a) The merger does not discharge any owner liability under the organic law of the entity in which the person was a member, shareholder, or interest holder to the extent that owner liability arose before the effective time of the articles of merger.

(b) The person does not have owner liability under the organic law of the entity in which the person was a member, shareholder, or interest holder before the merger for any debt, obligation, or liability that arises after the effective time of the articles of merger.

(c) The provisions of the organic law of any entity for which the person had owner liability before the merger continue to apply to the collection or discharge of any owner liability preserved by subsection (1) of this section, as if the merger had not occurred.

(d) The person has whatever rights of contribution from other persons are provided by the organic law of the entity for which the person had owner liability with respect to any owner liability preserved by (a) of this subsection, as if the merger had not occurred.

(4) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made before or after a merger, to or for any of the parties to the merger, inures to the survivor, subject to the express terms of the will or other instrument.

NEW SECTION. Sec. 3209. ABANDONMENT OF MERGER. (1) Unless otherwise provided in a plan of merger or in the organic law of a foreign nonprofit corporation or a domestic or foreign eligible entity that is a party to a merger, after the plan has been adopted and approved as required by sections 3201 through 3209 of this act, and at any time before the merger has become effective, it may be abandoned by a domestic nonprofit corporation that is a party thereto without action by its members, in accordance with any procedures set forth in the plan of merger or, if no procedures are set forth in the plan, in the manner determined by the board, subject to any contractual rights of other parties to the merger.

(2) If a merger is abandoned under subsection (1) of this section after articles of merger have been filed by the secretary of state but before the merger has become effective, then a statement that the merger has been abandoned in accordance with this section, executed on behalf of a party to the merger by an officer or other authorized representative, must be delivered to the secretary of state for filing before the effective date of the merger. Upon filing by the secretary of state, the statement takes effect and the merger is deemed abandoned and shall not become effective.

NEW SECTION. Sec. 3305. PROHIBITION ON FINANCIAL BENEFIT. A person who is a member, interest holder, or otherwise affiliated with a charitable corporation or an unincorporated entity with charitable purposes may not receive a direct or indirect financial benefit in connection with a transaction governed by sections 3301 through 3326 of this act to which the charitable corporation or unincorporated entity is a party unless the person is itself a charitable corporation, the federal government, a tribal, state, or local government, a governmental subdivision, or an unincorporated entity that has charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3306. VOTING RIGHTS IN EXISTING CORPORATIONS. For any corporation formed before January 1, 2022, any member or other person who is entitled under the articles or bylaws to vote on or approve a merger transaction involving the corporation is deemed entitled, to the same extent, to vote on or approve any transaction under sections 3301 through 3326 of this act involving the corporation.

(3) After adopting the plan of domestication, the board shall submit the plan to the members for their approval, if there are members entitled to vote on the plan. The board shall also transmit to the members a recommendation that the members approve the plan, unless the board determines that, because of conflicts of interest or other special circumstances, it should not make such a recommendation, in which case the board shall transmit to the members the basis for that determination.

(4) The board may condition its submission of the plan of domestication to the members on any basis.

(5) If the approval of the members is to be given at a meeting, then the corporation shall notify each member, whether or not entitled to vote, of the meeting of members at which the plan of domestication is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. If a summary is provided in lieu of a copy of the plan, then a copy of the plan must be available to members upon request and this fact must be stated in the notice.

(6) Unless the articles or bylaws, or the board acting pursuant to subsection (4) of this section, requires a greater vote or a greater number of votes to be present, the approval of the plan of domestication by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan, the approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(c) Is entitled under the articles or bylaws to vote as a voting group to approve an amendment of the articles.

(8) If any provision of the articles, bylaws, or an agreement to which any of the directors or members are parties, adopted or entered into before January 1, 2022, applies to a merger of the corporation and that document does not refer to a domestication of the corporation, then the provision is deemed to apply to a domestication of the corporation until the provision is later amended.

NEW SECTION. Sec. 3309. ARTICLES OF DOMESTICATION. (1) Articles of domestication must be executed on behalf of the domesticating corporation by an officer or other authorized representative. The articles shall set forth:

(ii) The same corporation without interruption as the domesticating corporation.

(2) The interest holder liability of a member in a foreign nonprofit corporation that is domesticated in the state of Washington is as follows:

(b) The member does not have interest holder liability under the laws of the foreign jurisdiction for any debt, obligation, or liability of the corporation that arises after the effective time of the articles of domestication.

(c) The provisions of the laws of the foreign jurisdiction continue to apply to the collection or discharge of any interest holder liability preserved by (a) of this subsection, as if the domestication had not occurred.

(d) The domestication has no effect on any member's rights of contribution from other members provided by the laws of the foreign jurisdiction with respect to any interest holder liability preserved by (a) of this subsection.

NEW SECTION. Sec. 3311. ABANDONMENT OF DOMESTICATION. (1) Unless otherwise provided in a plan of domestication of a domestic nonprofit corporation, after the plan has been adopted and approved as required by sections 3301 through 3326 of this act, and at any time before the domestication has become effective, it may be abandoned by the members if there are members entitled to vote on the plan of domestication, or by the board without action by members.

(2) If a domestication is abandoned under subsection (1) of this section after articles of domestication have been filed by the secretary of state but before the domestication has become effective, then a statement that the domestication has been abandoned in accordance with this section, executed by an officer or other authorized representative, must be delivered to the secretary of state for filing before the effective date of the domestication. The statement takes effect upon filing and the domestication is abandoned and does not become effective.

- (4) The board may condition its submission of the plan of for-profit conversion to the members on any basis.

(5) If the approval of the members is to be given at a meeting, then the corporation shall notify each member of the meeting of members at which the plan of for-profit conversion is to be submitted for approval. (6) Unless the articles or bylaws, or the board acting pursuant to subsection (4) of this section, require a greater vote or a greater number of votes to be present, the approval of the plan of for-profit conversion by the members entitled to vote thereon requires approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan of for-profit conversion, the approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

by the members if there are members entitled to vote on the for-profit conversion, or by the board without action by members.

(2) If a for-profit conversion is abandoned under subsection (1) of this section after articles of for-profit conversion have been filed by the secretary of state but before the for-profit conversion has become effective, then a statement that the for-profit conversion has been abandoned in accordance with this section, executed by an officer of the corporation, must be delivered to the secretary of state for filing before the effective date of the for-profit conversion. The statement takes effect upon filing and the for-profit conversion is abandoned and does not become effective.

NEW SECTION. Sec. 3317. FOR-PROFIT DOMESTICATION AND CONVERSION. A foreign for-profit corporation may become a domestic nonprofit corporation if the domestication and conversion is permitted by the law of the foreign jurisdiction.

NEW SECTION. Sec. 3320. ABANDONMENT OF FOR-PROFIT DOMESTICATION AND CONVERSION. If the domestication and conversion of a foreign for-profit corporation to a domestic nonprofit corporation is abandoned in accordance with the laws of the foreign jurisdiction after articles of domestication and conversion have been filed by the secretary of state, then a statement that the domestication and conversion has been abandoned, executed by an officer or other authorized representative, must be delivered to the secretary of state for filing. (2) A domestic nonprofit corporation, other than a charitable corporation, may become a foreign unincorporated entity if the entity conversion is permitted by the laws of the foreign jurisdiction.

(3) A domestic unincorporated entity may be converted into a domestic nonprofit corporation only if applicable Washington state law provides procedures for the approval of an entity conversion into a domestic nonprofit corporation.

(4) A foreign unincorporated entity may become a domestic nonprofit corporation if the law of the foreign jurisdiction authorizes it to become a nonprofit corporation in another jurisdiction.

(5) If any provision of a debt security, note, or similar evidence of indebtedness for money borrowed, whether secured or unsecured, or a contract of any kind, issued, incurred, or executed by a domestic nonprofit corporation before January 1, 2022, applies to a merger of the corporation and the document does not refer to an entity conversion of the corporation, then the provision is deemed to apply to an entity conversion of the corporation until the provision is later amended.

NEW SECTION. Sec. 3322. PLAN OF ENTITY CONVERSION. (1) A plan of entity conversion shall include:

(a) A statement of the type of unincorporated entity the surviving entity will be and, if it will be a foreign unincorporated entity, its jurisdiction of organization;

(3) Terms of a plan of entity conversion may be made dependent upon facts objectively ascertainable outside the plan in accordance with section 1202(3) of this act.

NEW SECTION. Sec. 3323. ACTION ON A PLAN OF ENTITY CONVERSION. In the case of an entity conversion of a domestic nonprofit corporation to a domestic or foreign unincorporated entity:

(1) The plan of entity conversion must be adopted by a vote of the majority of the directors in office.

If a membership corporation has no members entitled to vote on the plan, then the corporation shall deliver notice of the proposed entity conversion to all members of the corporation at least ten days before the meeting at which the board is to adopt the plan.

(3) After adopting the plan of entity conversion, the board shall submit the plan to the members for their approval if there are members entitled to vote on the plan. Such copy of the plan may be made available to members electronically.

(6) Unless the articles, or the board acting pursuant to subsection (3) of this section, requires a greater vote or a greater number of votes to be present, the approval of the plan of entity conversion by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan of entity conversion, the approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(7) If any provision of the articles, bylaws, or an agreement to which any of the directors or members are parties, adopted or entered into before January 1, 2022, applies to a merger of the corporation and the document does not refer to an entity conversion of the corporation, then the provision is deemed to apply to an entity conversion of the corporation until the provision is later amended.

(8) If, as a result of the conversion, one or more members of the corporation would become subject to interest holder liability for the debts, obligations, or liabilities of any other person or entity, then approval of the plan of conversion requires the execution, by each affected member, of a separate written consent to become subject to interest holder liability.

(4) The articles of entity conversion and articles of incorporation must be simultaneously delivered to the secretary of state for filing. The articles of entity conversion and articles of incorporation take effect at the effective time provided in RCW 23.95.210. Articles of entity conversion filed under subsection (1)

(5) If the converting entity is a foreign unincorporated entity that is registered to do business in this state under chapter 23.95 RCW, then its registration statement is canceled automatically on the effective date of its conversion.

(b) The liabilities of the converting entity remain the liabilities of the surviving entity;

(d) In the case of a surviving entity that is a filing entity, its articles or public organic record and its private organic rules become effective;

(e) In the case of a surviving entity that is a nonfiling entity, its private organic rules become effective;

(f) The memberships or interests of the converting entity are reclassified into memberships, interests, other securities, obligations, rights to acquire memberships, interests, or securities, or into cash or other property in accordance with the plan of conversion; and the members or interest holders of the converting entity are entitled only to the rights provided to them under the terms of the conversion and to any appraisal rights they may have under the organic law of the converting entity;

(g) A devise, bequest, gift, grant, or promise contained in a will or other instrument, in trust or otherwise, made to or for the converting entity before or after the conversion, inures to the surviving entity, subject to the express terms of the will or other instrument; and

(h) The surviving entity is deemed to be:

(i) Incorporated or organized under and subject to the organic law of the converting entity for all purposes; and

(ii) The same nonprofit corporation or unincorporated entity without interruption as the converting entity.

(2) A member who becomes subject to interest holder liability for some or all of the debts, obligations, or liabilities of the surviving entity has interest holder liability only for those debts, obligations, or liabilities of the surviving entity that arise after the effective time of the articles of entity conversion.

(3) The interest holder liability of an interest holder in an unincorporated entity that converts to a domestic nonprofit corporation is as follows:

(1) Unless otherwise provided in a plan of entity conversion of a domestic nonprofit corporation, after the plan has been adopted and approved as required by sections 3301 through 3326 of this act, and at any time before the entity conversion has become effective, it may be abandoned by the members if there are members entitled to vote, or by the board without action by the members.

(2) If an entity conversion is abandoned after articles of entity conversion have been filed by the secretary of state but before the entity conversion has become effective, then a statement that the entity conversion has been abandoned in accordance with this section, executed by an officer of the corporation, must be delivered to the secretary of state for filing before the effective date of the entity conversion. Upon filing, the statement takes effect and the entity conversion is abandoned and does not become effective.

ARTICLE 4

DISPOSITION OF ASSETS

NEW SECTION. Sec. 3401. DISPOSITIONS NOT REQUIRING MEMBER APPROVAL. Unless the articles or bylaws otherwise provide, approval of the members of a nonprofit corporation is not required:

(1) To sell, lease, exchange, or otherwise dispose of any or all of the corporation's assets:

(a) In the usual and regular course of its activities; or

(b) If the assets disposed of represent less than fifty percent of the total assets of the corporation and its consolidated subsidiaries, determined as of the end of the most recently completed fiscal year;

(2) To mortgage, pledge, dedicate to the repayment of indebtedness whether with or without recourse, or otherwise encumber any or all of the corporation's assets, whether or not in the usual and regular course of business its activities; or

(3) To transfer any or all of the corporation's assets to one or more corporations or other entities all of the memberships or interests of which are owned by the corporation.

NEW SECTION. Sec. 3402. DISPOSITIONS REQUIRING MEMBER APPROVAL. (1) A sale, lease, exchange, or other disposition of assets, other than a disposition described in section 3401 of this act, requires approval of the corporation's members that are entitled to vote on the disposition, unless the articles or bylaws otherwise provide.

(2) A disposition that requires approval of the members must be initiated by a resolution by the board authorizing the disposition. After adoption of the resolution, the board shall submit the proposed disposition to the members for their approval. The board shall also deliver to the members a recommendation that the members approve the proposed disposition, unless the board makes a determination that because of conflicts of interest or other special circumstances it should not make a recommendation, in which case the board shall deliver to the members the basis for that determination.

(3) The board may condition its submission of a disposition to the members under subsection (2) of this section on any basis.

(4) If a disposition is required to be approved by the members, and if the approval is to be given at a meeting, then the nonprofit corporation shall give notice to each member, whether or not entitled to vote, of the meeting of members at which the disposition is to be submitted for approval. The notice shall state that the purpose, or one of the purposes, of the meeting is to consider the disposition and must contain a description of the

disposition, including the terms and conditions thereof and the consideration to be received by the corporation.

(5) Unless the articles, bylaws, or the board acting pursuant to subsection (3) of this section requires a greater vote, or a greater number of votes to be present, the approval of a disposition by the members entitled to vote thereon requires the approval of a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the disposition, the approval of a majority of the members of each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

(6) If a membership corporation has no members entitled to vote on a disposition, then the corporation shall deliver notice of a proposed disposition to all members of the corporation at least ten days before the meeting at which the board is to act upon the disposition.

(7) After a disposition has been approved by the members under subsection (5) of this section, and at any time before the disposition has been consummated, it may be abandoned by the nonprofit corporation without action by the members, subject to any contractual rights of other parties to the disposition.

(8) In addition to the approval of a disposition of assets by the board and members as required by this section, the disposition must also be approved in the form of a record by any person or group of persons whose approval is required under section 3114 of this act to amend the articles or bylaws.

(9) The assets of a direct or indirect consolidated subsidiary are deemed the assets of the parent nonprofit corporation for the purposes of this section.

(10) A disposition of assets in the course of a dissolution governed by sections 3501 through 3512 of this act is not governed by sections 3401 through 3405 of this act.

NEW SECTION. Sec. 3403. EFFECT OF DISPOSITIONS. Unless a domestic entity that is a party to a disposition of assets obtains an appropriate order of the court or approval from the attorney general under the law of this state, a disposition of assets under sections 3401 through 3405 of this act may not affect:

(1) Any restriction imposed upon the entity by its organic documents or other governing authority that may not be amended by its directors, members, or interest holders; or

(2) The existing rights of persons other than members, shareholders, or interest holders of the entity.

NEW SECTION. Sec. 3404. PROPERTY HELD FOR CHARITABLE PURPOSES. (1) In a disposition of assets under sections 3401 through 3405 of this act, property held for charitable purposes by a nonprofit corporation may not be diverted from charitable purposes.

(2) Property held by a nonprofit corporation and restricted to charitable purposes by a gift instrument may not be diverted from the restricted charitable purpose by a disposition of assets under sections 3401 through 3405 of this act unless modified in accordance with section 1503 of this act.

(3) Property held for charitable purposes pursuant to a trust instrument governed by chapter 11.110 RCW in which the nonprofit corporation is a trustee or a beneficiary may not be diverted from the charitable purposes specified in the trust instrument unless those purposes are modified by the court or pursuant to an agreement between all interested parties, including the attorney general, under chapter 11.96A RCW.

(4) Property held by a nonprofit corporation for charitable purposes upon condition requiring return, transfer, or conveyance, which condition occurs by reason of a disposition of assets under sections 3401 through 3405 of this act, must be returned, transferred, or conveyed in accordance with that condition.

(5) A charitable corporation or a corporation holding property for charitable purposes shall deliver to the attorney general of its intent to consummate a disposition, other than a disposition described in section 3401 of this act. The notice must be delivered to the attorney general in the form of a record at least twenty days before the meeting at which the proposed disposition is to be approved. Such a disposition may not be implemented without the approval of the attorney general, or the approval of the court in a proceeding to which the attorney general is made a party. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the disposition, approval of the disposition is deemed to have been given.

(6) The notice described in subsection (5) of this section shall include:

(a) A statement specifying how the disposition will comply with subsections (1) through (4) of this section; and

(b) A brief description of:

(i) Real property held for charitable purposes that will be included in the disposition, and its nature and location;

(ii) Cash, bank deposits, brokerage accounts, or other financial assets held for charitable purposes that will be included in the disposition in full or in part, and their approximate total fair market value;

(iii) Other personal property held for charitable purposes that will be included in the disposition, and its nature and approximate total fair market value; and

(iv) Any gift restrictions applicable to any property described in (b)(i) through (iii) of this subsection, and the nature of those restrictions.

NEW SECTION. Sec. 3405. PROHIBITION OF FINANCIAL BENEFIT. A person who is a member or otherwise affiliated with a charitable corporation may not receive a direct or indirect financial benefit in connection with a disposition of assets governed by sections 3401 through 3405 of this act unless the person is a charitable corporation, the federal government, a tribal government, a state or local government, a governmental subdivision, or an unincorporated entity that has charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

ARTICLE 5

VOLUNTARY DISSOLUTION

NEW SECTION. Sec. 3501. AUTHORIZATION OF VOLUNTARY DISSOLUTION. (1) Unless the articles or bylaws require a greater vote, a majority of the directors in office of a nonprofit corporation may authorize the dissolution of any nonprofit corporation that is not a membership corporation or is a membership corporation but has no members entitled to vote on its dissolution.

(2) If a membership corporation has no members entitled to vote on dissolution, then the corporation shall deliver notice of the proposed dissolution to all members of the corporation at least ten days before the meeting at which the board is to authorize the dissolution.

(3) For a membership corporation that has members that are entitled to vote on its dissolution:

(a) The board may propose dissolution for submission to the members entitled to vote, and for such a proposal to dissolve to be authorized:

(i) The board shall recommend dissolution to the members entitled to vote on the dissolution, unless the board determines that because of conflict of interest or other special circumstances it should make no recommendation and communicates the basis for its determination to the members entitled to vote on the dissolution;

2021 REGULAR SESSION

(B) How the assets of the corporation will be distributed after all creditors have been paid or how the distribution of assets will be determined; and

(iv) The members entitled to vote on the dissolution shall approve the proposal to dissolve as provided in (b) of this subsection.

(b) Unless the articles, the bylaws, or the board acting pursuant to (a)(ii) of this subsection requires a greater vote or a greater number of members to be present, the adoption of the proposal to dissolve by the members entitled to vote thereon requires the approval of at least a majority of those members at a meeting at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the proposal, the approval by a majority of the members in each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present.

NEW SECTION. Sec. 3502. DISTRIBUTION OF ASSETS ON DISSOLUTION. The assets of a corporation in the process of dissolution shall be applied and distributed in the following order:

(1) All known liabilities and obligations of the corporation must be paid, satisfied, and discharged, or adequate provision must be made to pay, satisfy, and discharge those liabilities.

(2) All property held for charitable purposes by the corporation, including all assets of a charitable corporation remaining after satisfaction of subsection (1) of this section, must be applied and distributed consistently with the corporation's articles, such that property is not diverted from charitable purposes, and as follows:

(a) Property held for charitable purposes pursuant to a trust instrument in which the nonprofit corporation is a trustee or a beneficiary must be governed by and distributed in accordance with the trust instrument and chapter 11.110 RCW, and any modification of restrictions imposed through the trust instrument accomplished through an appropriate order of the court or the agreement of all interested parties, including the attorney general, pursuant to chapter 11.96A RCW.

(b) Property owned outright and held for charitable purposes, but not held upon a condition requiring return, transfer, or conveyance by reason of the dissolution and not subject to any gift restriction, must be transferred or conveyed:

(i) To one or more entities operated exclusively for one or more charitable purposes;

(ii) To the federal government, a tribal government, or a state or local government for a public purpose; or

(iii) Subject to one or more gift restrictions requiring the property to be used exclusively for the same charitable purposes for which the dissolving corporation holds the property.

(c) Property that is subject to charitable purpose or management or investment restrictions that do not require modification at the time of dissolution and is not held upon a condition requiring return, transfer, or conveyance by reason of the dissolution must be transferred or conveyed subject to all restrictions applicable to the property, except to the extent restrictions are modified pursuant to section 1503 of this act before distribution, pursuant to a plan of distribution adopted by the board and as provided by sections 3501 through 3512 of this act.

(d) Property subject to charitable purpose or management or investment restrictions that require modification at the time of dissolution and are not held upon a condition requiring return, transfer, or conveyance by reason of dissolution, must be modified pursuant to section 1503 of this act before the gifts can be distributed, pursuant to a plan of distribution adopted by the board and as provided by sections 3501 through 3512 of this act.

(e) Property held for charitable purposes by the nonprofit corporation upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the dissolution, must be returned, transferred, or conveyed in accordance with those requirements.

(3) Property held by a corporation upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the dissolution, must be returned, transferred, or conveyed in accordance with the requirements of the condition.

(4) Other assets of a corporation other than a charitable corporation, if any, must be distributed:

(a) To members or other persons in accordance with the articles or bylaws, to the extent that the articles or bylaws determine the rights of members to distributions upon dissolution, or provide for distribution to other persons or classes of persons; and

(b) To the extent that the articles or bylaws do not govern distribution of assets on dissolution, to any persons the board may select.

NEW SECTION. Sec. 3503. CORPORATIONS HOLDING PROPERTY FOR CHARITABLE PURPOSES. (1) A nonprofit corporation holding property for charitable purposes, including any charitable corporation, may not deliver articles of dissolution to the secretary of state for filing pursuant to section 3504 of this act until it has complied with all of the requirements of this section.

(2) A nonprofit corporation described in subsection (1) of this section shall adopt a plan for the distribution of assets for the purpose of authorizing any transfer or conveyance of property held for charitable purposes, which shall:

(a) Be consistent with sections 3502 and 3506 of this act; and

(b) Include a brief description of the following:

(i) Real property held for charitable purposes, and its nature and location;

(ii) Cash, bank deposits, brokerage accounts, or other financial assets held for charitable purposes, and their approximate total fair market value;

(iii) Other personal property held for charitable purposes, and its nature and approximate total fair market value; and

(iv) Any gift restrictions applicable to any property described in (b)(i) through (iii) of this subsection, and the nature of those restrictions.

(3) A plan of distribution shall be adopted in the following manner:

(a) Where there are no members, or no members having voting rights, a plan of distribution is adopted at a meeting of the board upon receiving a vote of a majority of the directors in office.

(b) Where there are members having voting rights, the board shall adopt a resolution recommending a plan of distribution and directing the submission thereof to a vote at a meeting of members having voting rights. Such vote may take place at the same meeting during which members having voting rights vote upon dissolution of the nonprofit corporation. Notice in the form of a record setting forth the proposed plan of distribution or a summary thereof must be given to each member, whether or not entitled to vote at the meeting, within the time and in the manner provided in this chapter for the giving of notice of meetings of members. Such plan of distribution is adopted upon receiving votes from a majority of the members entitled to vote at a meeting

at which a quorum is present, and, if any class of members is entitled to vote as a separate group on the plan, the approval by a majority of the members in each separate voting group entitled to vote at a meeting at which a quorum of the voting group is present. If the members entitled to vote on the dissolution approve the proposal to dissolve but do not approve the proposed plan of distribution in all material respects, then the board may either accept the plan of distribution, as approved by the members, or propose a new plan of distribution to the members for approval. This process shall continue until a plan of distribution acceptable to the board has been approved by the members. If successive votes take place at the same meeting of members, then no further notices or meetings are required.

(4) A nonprofit corporation described in subsection (1) of this section shall give the attorney general notice that it intends to dissolve. The notice shall include:

(a) A copy of the plan of distribution proposed to be adopted in accordance with subsection (3) of this section; and

(b) The names and phone numbers of individuals available to answer questions regarding the dissolution and proposed plan of distribution.

(5) Notice required under subsection (4) of this section must be delivered to the attorney general in the form of a record at least twenty days before the meeting at which the proposed plan is to be adopted. No plan of distribution for a corporation described in subsection (1) of this section may be implemented without the approval of the attorney general, or the approval of the court in a proceeding to which the attorney general is made a party. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the plan, approval of the plan is deemed to have been given.

NEW SECTION. Sec. 3504. ARTICLES OF DISSOLUTION. (1) At any time after dissolution is authorized, the nonprofit corporation may dissolve by filing with the secretary of state articles of dissolution, accompanied by a revenue clearance certificate issued pursuant to RCW 82.32.260. The articles of dissolution shall set forth:

(a) The name of the corporation;

(b) The date of its incorporation;

(c) The effective date of the dissolution, which may be the date on which the articles of dissolution are filed or any date and time up to thirty days thereafter;

(e) If the corporation is not a membership corporation or has no members that have a right to vote on its dissolution, that the dissolution was authorized by the requisite number of directors;

(f) If the corporation is a membership corporation that has members that have a right to vote on its dissolution, that the requisite number of members has approved the proposal to dissolve;

(g) Whether the corporation is a charitable corporation or is holding property for charitable purposes;

(h) If the corporation is a charitable corporation or is holding property for charitable purposes, that the attorney general has approved, or is deemed to have approved, the corporation's plan of distribution pursuant to section 3503 of this act; and

(i) That the net assets of the corporation remaining after winding up have been, or will be, distributed in accordance with the corporation's articles and bylaws and the corporation's adopted plan of distribution.

(2) A nonprofit corporation is dissolved upon the effective date of its articles of dissolution.

(3) For purposes of sections 3501 through 3512 of this act, "dissolved corporation" means a nonprofit corporation whose articles of dissolution have become effective and includes a liquidating trust, if any, or other acquirer entity to which the remaining assets of the corporation are transferred subject to its liabilities for purposes of liquidation.

NEW SECTION. Sec. 3505. REVOCATION OF DISSOLUTION. (1) A nonprofit corporation may revoke its dissolution within one hundred twenty days of the effective date of the dissolution.

(2) Revocation of dissolution must be authorized in the same manner as the dissolution was authorized unless that authorization permitted revocation by action of the board alone, in which event the board may revoke the dissolution without action by the members.

(3) Except as provided in subsection (4) of this section, after the revocation of dissolution is authorized, the nonprofit corporation may revoke the dissolution by delivering to the secretary of state for filing articles of revocation of dissolution, together with a copy of its articles of dissolution, that set forth:

(a) The name of the corporation;

(b) The effective date of the dissolution that was revoked;

(c) The date that the revocation of dissolution was authorized; and

(d) That the revocation of dissolution was approved in the manner required by this chapter and by the articles and bylaws.

(4) A charitable corporation or a nonprofit corporation holding property restricted to charitable purposes shall not deliver articles of revocation of dissolution to the secretary of state for filing without the approval of the attorney general. Such a corporation shall give the attorney general notice in the form of a record that it intends to revoke its dissolution, to which notice a copy of the articles of revocation of dissolution adopted in accordance with subsection (2) of this section must be attached. In the event that the attorney general does not deliver a notice of objection in the form of a record to the corporation within twenty days after the delivery to the attorney general of notice of the revocation of dissolution, approval of the revocation of dissolution is deemed to have been given.

(5) Revocation of dissolution is effective upon the effective date of the articles of revocation of dissolution.

(6) When the revocation of dissolution is effective, it relates back to and takes effect as of the effective date of the dissolution and the nonprofit corporation resumes carrying on its activities as if dissolution had never occurred.

NEW SECTION. Sec. 3506. EFFECT OF DISSOLUTION. (1) A nonprofit corporation, the dissolution of which has been authorized, continues its corporate existence but may not carry on any activities except those appropriate to wind up and liquidate its affairs, including:

(a) Collecting its assets;

(b) Disposing of its properties that will not be distributed in kind;

(c) Discharging or making provision for discharging its liabilities;

(d) Distributing its remaining property as required by the plan of distribution; and

(e) Doing every other act necessary to wind up and liquidate its activities and affairs.

(2) Dissolution of or authorization to dissolve a nonprofit corporation does not:

(a) Transfer title to the corporation's property;

(b) Subject its directors or officers to standards of conduct different from those prescribed in sections 2402 and 2602 of this act;

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(c) Change quorum or voting requirements for its board or members; change provisions for selection, resignation, or removal of its directors or officers or both; or change provisions for amending its bylaws;

(d) Prevent commencement of a proceeding by or against the corporation in its corporate name;

(e) Abate or suspend a proceeding pending by or against the corporation on the effective date of dissolution;

(f) Terminate the authority of the registered agent of the corporation; or

(g) Modify any gift restriction, unless the restriction is modified in accordance with section 1503 of this act.

NEW SECTION. Sec. 3507. PROHIBITION OF FINANCIAL BENEFIT. No person may receive a direct or indirect financial benefit in connection with the dissolution of a charitable corporation unless the person is an entity operated exclusively for one or more charitable purposes, the federal government, a tribal government, a state or local government, or an unincorporated entity that has charitable purposes. This section does not apply to the receipt of reasonable compensation for services rendered.

NEW SECTION. Sec. 3508. KNOWN CLAIMS AGAINST DISSOLVED CORPORATION. (1) A dissolved nonprofit corporation shall deliver notice of the dissolution in the form of a record to all of the corporation's known claimants within thirty days of the date when the corporation delivered articles of dissolution to the secretary of state for filing.

(2) A dissolved nonprofit corporation may dispose of the known claims against it by delivering a notice in the form of a record that meets the requirements listed in subsection (3) of this section to its known claimants at any time after the date when the corporation delivered articles of dissolution to the secretary of state for filing. Delivery of a notice under this subsection shall satisfy the requirement of subsection (1) of this section if the notice is delivered to all known claimants within thirty days of the date when the corporation delivered articles of dissolution to the secretary of state for filing.

(3) A notice to claimants under subsection (2) of this section must:

(a) Describe information that must be included in a claim;

(b) Provide a mailing address where a claim may be sent;

(c) State the deadline, which may not be fewer than one hundred twenty days from the effective date of the notice, by which the dissolved nonprofit corporation must receive the claim; and

(d) State that the claim will be barred if not received by the deadline.

(4) A claim against the dissolved nonprofit corporation is barred:

(a) If a claimant who was given notice under subsection (2) of this section does not deliver the claim to the dissolved corporation by the deadline; or

(b) If a claimant whose claim was rejected by the dissolved corporation does not commence a proceeding to enforce the claim within ninety days from the effective date of the rejection notice.

(5) For purposes of this section, "claim" does not include a contingent liability or a claim based on an event occurring after the effective date of dissolution.

NEW SECTION. Sec. 3509. OTHER CLAIMS AGAINST DISSOLVED CORPORATION. (1) A dissolved nonprofit corporation may publish notice of its dissolution and request that persons with claims against the dissolved corporation present them in accordance with the notice.

(2) The notice must:

(a) Be published three times during three successive weeks in a newspaper of general circulation in the county where the principal office of the dissolved nonprofit corporation or, if none in this state, its registered office is or was last located;

(b) Describe the information that must be included in a claim and provide a mailing address where the claim shall be sent; and

(c) State that a claim against the dissolved corporation will be barred unless a proceeding to enforce the claim is commenced within three years after the last publication of the notice.

(3) If the dissolved nonprofit corporation publishes a newspaper notice in accordance with subsection (2) of this section, then the claim of each of the following claimants is barred unless the claimant commences a proceeding to enforce the claim against the dissolved corporation within three years after the last publication date of the newspaper notice:

(a) A claimant who was not given notice under section 3508 of this act;

(b) A claimant whose claim was timely sent to the dissolved corporation but not acted on; or

(c) A claimant whose claim is contingent or based on an event occurring after the effective date of dissolution.

NEW SECTION. Sec. 3510. ENFORCEMENT OF CLAIMS. A claim that is not barred by section 3508(4) or 3509(3) of this act may be enforced:

(1) Against the dissolved nonprofit corporation, to the extent of its undistributed assets; or

(2) Except as provided in section 3511(4) of this act, if the assets have been distributed in liquidation, against any person, other than a creditor of the dissolved corporation, to whom the corporation distributed its property, subject to the following restrictions:

(a) Recovery is limited to the amount of the distributee's pro rata share of the claim or the corporate assets distributed to the distributee in liquidation, whichever is less;

(b) A distributee's total liability for all claims under this section may not exceed the total amount of assets distributed to the distributee; and

(c) A distributee is only liable to the extent permitted by existing common law or statutory remedies, and nothing in this section creates a separate cause of action against a distributee.

NEW SECTION. Sec. 3511. COURT PROCEEDINGS.

(1) A dissolved nonprofit corporation that has published a notice under section 3508 of this act may file an application with the court for a determination of the amount and form of security to be provided for payment of claims that are contingent or have not been made known to the dissolved corporation or that are based on an event occurring after the effective date of dissolution but that, based on the facts known to the dissolved corporation, are reasonably estimated to be presented after the effective date of dissolution. Provision need not be made for any claim that is or is reasonably anticipated to be barred under section 3508(3) of this act.

(2) Within ten days after the filing of the application, the dissolved corporation shall give notice of the proceeding to each claimant holding a contingent claim whose contingent claim is shown on the records of the dissolved corporation.

(3) The court may appoint a special representative to represent the interests of all claimants whose identities are unknown in any proceeding brought under this section. The dissolved corporation shall pay reasonable fees and expenses of the special representative, including all reasonable expert witness fees.

(4) Provision by the dissolved nonprofit corporation for security in the amount and the form ordered by the court under this section satisfies the dissolved corporation's obligations with respect to claims that are contingent, have not been made known

to the dissolved corporation, or are based on an event occurring after the effective date of dissolution. Such claims may not be enforced against a person who received assets in liquidation.

NEW SECTION. Sec. 3512. DIRECTORS' DUTIES. (1) Directors shall cause the dissolved corporation to discharge or make reasonable provision for the payment of claims and make distributions of assets in accordance with the plan of distribution after payment or provision for claims.

(2) Directors of a dissolved corporation that has disposed of claims under section 3508, 3509, or 3511 of this act are not liable for breach of subsection (1) of this section with respect to claims against the dissolved corporation that are barred or satisfied under section 3508, 3509, or 3511 of this act.

(3) Failure to dispose of claims under section 3508, 3509, or 3511 of this act is not, in and of itself, a violation of this section.

ARTICLE 6

(1) Ensure compliance by a nonprofit corporation, or its members, directors, officers, employees, or agents, with any provision of this chapter that governs the distribution, disposition, management, or expenditure of, or reporting obligations relating to, any property held for charitable purposes;

(2) Secure the proper administration of a charitable corporation, or of property held for charitable purposes by a nonprofit corporation, when reasonably necessary to protect property held for charitable purposes; and

2021 REGULAR SESSION

NEW SECTION. Sec. 4105. CIVIL INVESTIGATIVE DEMANDS. (1) The attorney general may, before the institution of a civil proceeding arising from an investigation instituted under section 4104 of this act, execute in writing and cause to be served upon a person a civil investigative demand requiring the person to produce documentary material and permit inspection and copying, to answer in writing written interrogatories, to give oral testimony, or any combination of those demands, whenever the attorney general believes that the person:

(a) May be in possession, custody, or control of any original or copy of any record, report, memorandum, paper, communication, tabulation, map, chart, photograph, mechanical transcription, or other document or recording, wherever situated, which the attorney general reasonably believes to be relevant to the subject matter of any investigation instituted under section 4104 of this act; or

(b) May have knowledge of any information which the attorney general reasonably believes to be relevant to the subject matter of any such investigation.

(2) The provisions of RCW 19.86.110 (2) through (9) except for RCW 19.86.110(7) (b) and (c), shall apply to every civil investigative demand issued under this section.

(3) With respect to a civil investigative demand issued under this section, the venue for filing a petition to extend a return date under RCW 19.86.110(8) or a petition for an order of enforcement under RCW 19.86.110(9) shall include any court described in section 1105 of this act.

(4) The attorney general may provide copies of documentary material, answers to written interrogatories, or transcripts of oral testimony provided under this section to an official of this state, another state, or the federal government who is charged with the enforcement of state or federal laws related to the protection or regulation of property held for charitable purposes, provided that before the disclosure the receiving official agrees in the form of a record that the information may not be disclosed to anyone other than that official or the official's authorized employees or agents. Material provided under this subsection is subject to the limitations on disclosure contained in RCW 19.86.110(7)(a), and, where applicable, Title 5 U.S.C. Sec. 552, and may not be introduced as evidence in a criminal prosecution.

(5) The attorney general may use such copies of documentary material, answers to written interrogatories, or transcripts of oral testimony as the attorney general determines necessary in the enforcement of any provision of this chapter that governs the distribution, disposition, management, or expenditure of, or reporting obligations relating to, any property held for charitable purposes, including presentation before any court, provided, however, that any such material, answers to written interrogatories, or transcripts of oral testimony which contain trade secrets shall not be presented except with the approval of the court in which the action is pending after adequate notice to the person furnishing such material, answers to written interrogatories, or oral testimony.

NEW SECTION. Sec. 4106. RELIGIOUS CORPORATIONS. The attorney general shall not commence any action under section 4102 of this act against a religious corporation; intervene in any action under section 4103 of this act involving a religious corporation; institute any investigation under section 4104 of this act, the subject of which is a religious corporation; or serve any civil investigative demand under section 4105 of this act on a religious corporation, unless for the purposes of this section only:

(1) The basis for the action, investigation, or civil investigative demand is the attorney general's knowledge of facts,

circumstances, or results that property held by the religious corporation for charitable purposes has been, is threatened to be, or is about to be distributed in violation of section 1406 of this act;

(2) The board of directors of the religious corporation has adopted a resolution in the form of a record requesting the attorney general's involvement in the action or investigation; or

(3) The attorney general has knowledge of facts, circumstances, or results indicating that the religious corporation has no directors in office, in which case the attorney general may investigate the issue of whether the religious corporation has directors in office, and, if necessary, appoint one or more directors of the religious corporation following the procedure set out in section 2410(4) of this act.

NEW SECTION. Sec. 4107. ASSURANCES OF DISCONTINUANCE. In the enforcement of the provisions of this chapter that govern the distribution, disposition, or expenditure of, or reporting obligations relating to, property held for charitable purposes, the attorney general may accept an assurance of discontinuance of any act or practice deemed in violation of such provision, from any person engaging in, or who has engaged in, such act or practice. Any such assurance must be in writing and be filed with and subject to the approval of the court. Such assurance of discontinuance is not an admission of a violation for any purpose, but proof of failure to comply with the assurance of discontinuance is prima facie evidence of a violation of this chapter.

NEW SECTION. Sec. 4108. CIVIL PENALTIES, COSTS, AND FEES. (1) Pursuant to an action by the attorney general, a person shall forfeit and pay a civil penalty of not more than five thousand dollars for each violation if such person:

(2) Any person who shall violate the terms of any injunction issued pursuant to an action by the attorney general under section 4102 of this act shall forfeit and pay a civil penalty of not more than twenty-five thousand dollars for each violation.

(3) At the discretion of the court, the attorney general is entitled to recovery of its costs and fees incurred in securing compliance with the provisions of this chapter governing the distribution, disposition, management, or expenditure of, or reporting obligations relating to, property held for charitable purposes.

NEW SECTION. Sec. 4109. CHARITABLE ASSET PROTECTION ACCOUNT. (1) The Washington state attorney general charitable asset protection account is created in the custody of the state treasurer. Only the attorney general or the attorney general's designee may authorize expenditures from the account. Moneys in the account shall be used exclusively for:

(b) The costs associated with the attorney general's review and handling of notices and requests submitted to the attorney general under the provisions of this chapter including, but not limited to,

binding agreements described in section 1504 of this act, major changes in purposes or programs reported under section 1205 of this act, and notices of proposed transactions under sections 3101 through 3608 of this act;

(c) The costs associated with the attorney general's review and handling of notices and requests submitted to the attorney general in connection with the release or modification under RCW 24.55.045 of restrictions applicable to institutional funds;

(d) The costs associated with the attorney general's supervision of charitable trusts under the authority granted in chapter 11.110 RCW, including review and handling of binding agreements under chapter 11.96A RCW, involving assets held in charitable trust; and

(e) The charitable solicitation education program.

An appropriation is not required for expenditures, but the account is subject to allotment procedures under chapter 43.88 RCW.

(2)(a) The secretary of state shall collect a charitable asset protection fee, in addition to fees that the secretary of state may set under section 1207 of this act, for filing:

(i) Annual reports under section 1204 of this act;

(ii) Articles of incorporation of newly formed corporations under section 1303 of this act;

(iii) Articles of domestication under section 3309 of this act; and

(iv) Articles of domestication and conversion under section 3318 of this act.

(b) The charitable asset protection fee is fifty dollars per year, reduced to ten dollars if the corporation certifies that its total gross revenue in the most recent fiscal year was less than five hundred thousand dollars.

(c) Revenue generated from the charitable asset protection fee must be distributed as follows:

(i) Ninety-five percent of the revenue must be deposited into the Washington state attorney general charitable asset protection account created in subsection (1) of this section; and

(ii) Five percent of the revenue must be deposited into the secretary of state's revolving fund to cover the administrative costs of assessing the fee.

ARTICLE 2

If the order appointing a receiver does not expressly limit the receiver's authority to designated property or categories of property of the owner, the receiver is a general receiver with the authority to take charge over all of the owner's property, wherever located.

(5) The court may condition the appointment of a receiver upon the giving of security by the person seeking the receiver's appointment, in such amount as the court may specify, for the payment of costs and damages incurred or suffered by any person should it later be determined that the appointment of the receiver was wrongfully obtained.

No person or other entity may receive compensation in any form from the group for services rendered in support of this purpose;

(3) For the purposes of RCW 9.46.0277, a bona fide nonprofit organization also includes a county, city, or town, provided that all revenue less prizes and expenses from raffles conducted by the county, city, or town must be used for community activities or tourism promotion activities.

(c) An educational seminar or program, or series of such programs, offered by the organization to the general public on an artistic, cultural, or historical subject.

Sec. 5248. RCW 82.08.0203 and 2008 c 260 s 1 are each amended to read as follows:

The tax levied by RCW 82.08.020 does not apply to sales of trail grooming services to the state of Washington or nonprofit corporations organized under chapter ~~((24.03 RCW))~~ 24.-- RCW (the new chapter created in section 6101 of this act). For the purposes of this section, "trail grooming" means the activity of snow compacting, snow redistribution, or snow removal on state-owned or privately owned trails.

Sec. 5249. RCW 82.08.0293 and 2019 c 8 s 401 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of food and food ingredients. "Food and food ingredients" means substances, whether in liquid, concentrated, solid, frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are consumed for their taste or nutritional value. "Food and food ingredients" does not include:

(a) "Alcoholic beverages," which means beverages that are suitable for human consumption and contain one-half of one percent or more of alcohol by volume;

(b) "Tobacco," which means cigarettes, cigars, chewing or pipe tobacco, or any other item that contains tobacco; and

(c) Marijuana, useable marijuana, or marijuana-infused products.

(2) The exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, bottled water, or dietary supplements. The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Bottled water" means water that is placed in a safety sealed container or package for human consumption. Bottled water is

calorie free and does not contain sweeteners or other additives except that it may contain: (i) Antimicrobial agents; (ii) fluoride; (iii) carbonation; (iv) vitamins, minerals, and electrolytes; (v) oxygen; (vi) preservatives; and (vii) only those flavors, extracts, or essences derived from a spice or fruit. "Bottled water" includes water that is delivered to the buyer in a reusable container that is not sold with the water.

(b) "Dietary supplement" means any product, other than tobacco, intended to supplement the diet that:

(i) Contains one or more of the following dietary ingredients:

(A) A vitamin;

(B) A mineral;

(C) An herb or other botanical;

(D) An amino acid;

(E) A dietary substance for use by humans to supplement the diet by increasing the total dietary intake; or

(F) A concentrate, metabolite, constituent, extract, or combination of any ingredient described in this subsection;

(ii) Is intended for ingestion in tablet, capsule, powder, softgel, gelcap, or liquid form, or if not intended for ingestion in such form, is not represented as conventional food and is not represented for use as a sole item of a meal or of the diet; and

(iii) Is required to be labeled as a dietary supplement, identifiable by the "supplement facts" box found on the label as required pursuant to 21 C.F.R. Sec. 101.36, as amended or renumbered as of January 1, 2003.

(c)(i) "Prepared food" means:

(A) Food sold in a heated state or heated by the seller;

(B) Food sold with eating utensils provided by the seller, including plates, knives, forks, spoons, glasses, cups, napkins, or straws. A plate does not include a container or packaging used to transport the food; or

(C) Two or more food ingredients mixed or combined by the seller for sale as a single item, except:

(I) Food that is only cut, repackaged, or pasteurized by the seller; or

(II) Raw eggs, fish, meat, poultry, and foods containing these raw animal foods requiring cooking by the consumer as recommended by the federal food and drug administration in chapter 3, part 401.11 of The Food Code, published by the food and drug administration, as amended or renumbered as of January 1, 2003, so as to prevent foodborne illness.

(ii) Food is "sold with eating utensils provided by the seller" if:

(A) The seller's customary practice for that item is to physically deliver or hand a utensil to the customer with the food or food ingredient as part of the sales transaction. If the food or food ingredient is prepackaged with a utensil, the seller is considered to have physically delivered a utensil to the customer unless the food and utensil are prepackaged together by a food manufacturer classified under sector 311 of the North American industry classification system (NAICS);

(B) A plate, glass, cup, or bowl is necessary to receive the food or food ingredient, and the seller makes those utensils available to its customers; or

(C)(I) The seller makes utensils available to its customers, and the seller has more than seventy-five percent prepared food sales. For purposes of this subsection (2)(c)(ii)(C), a seller has more than seventy-five percent prepared food sales if the seller's gross retail sales of prepared food under (c)(i)(A), (c)(i)(C), and (c)(ii)(B) of this subsection equal more than seventy-five percent of the seller's gross retail sales of all food and food ingredients, including prepared food, soft drinks, and dietary supplements.

(II) However, even if a seller has more than seventy-five percent prepared food sales, four servings or more of food or food ingredients packaged for sale as a single item and sold for a single price are not "sold with utensils provided by the seller" unless the

seller's customary practice for the package is to physically hand or otherwise deliver a utensil to the customer as part of the sales transaction. Whenever available, the number of servings included in a package of food or food ingredients must be determined based on the manufacturer's product label. If no label is available, the seller must reasonably determine the number of servings.

(III) The seller must determine a single prepared food sales percentage annually for all the seller's establishments in the state based on the prior year of sales. The seller may elect to determine its prepared food sales percentage based either on the prior calendar year or on the prior fiscal year. A seller may not change its elected method for determining its prepared food percentage without the written consent of the department. The seller must determine its annual prepared food sales percentage as soon as possible after accounting records are available, but in no event later than ninety days after the beginning of the seller's calendar or fiscal year. A seller may make a good faith estimate of its first annual prepared food sales percentage if the seller's records for the prior year are not sufficient to allow the seller to calculate the prepared food sales percentage. The seller must adjust its good faith estimate prospectively if its relative sales of prepared foods in the first ninety days of operation materially depart from the seller's estimate.

(iii) "Prepared food" does not include the following items, if sold without eating utensils provided by the seller:

(A) Food sold by a seller whose proper primary NAICS classification is manufacturing in sector 311, except subsector 3118 (bakeries), as provided in the "North American industry classification system—United States, 2002";

(B) Food sold in an unheated state by weight or volume as a single item; or

(C) Bakery items. The term "bakery items" includes bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, Danish, cakes, tortes, pies, tarts, muffins, bars, cookies, or tortillas.

(d) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. Soft drinks do not include beverages that contain: Milk or milk products; soy, rice, or similar milk substitutes; or greater than fifty percent of vegetable or fruit juice by volume.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section applies to food and food ingredients that are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) That are provided to senior citizens, individuals with disabilities, or low-income persons by a ~~((not for profit)) nonprofit~~ organization organized under chapter ~~((24.03)) 24.03~~ (the new chapter created in section 6101 of this act) or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" means a facility:

(i) That meets the definition of a qualified low-income housing project under 26 U.S.C. Sec. 42 of the federal internal revenue code, as existing on August 1, 2009;

(ii) That has been partially funded under 42 U.S.C. Sec. 1485; and

(iii) For which the lessor or operator has at any time been entitled to claim a federal income tax credit under 26 U.S.C. Sec. 42 of the federal internal revenue code.

(4)(a) Subsection (1) of this section notwithstanding, the retail sale of food and food ingredients is subject to sales tax under RCW 82.08.020 if the food and food ingredients are sold through a vending machine. Except as provided in (b) of this subsection, the selling price of food and food ingredients sold through a vending machine for purposes of RCW 82.08.020 is fifty-seven percent of the gross receipts.

(b) For soft drinks, bottled water, and hot prepared food and food ingredients, other than food and food ingredients which are heated after they have been dispensed from the vending machine, the selling price is the total gross receipts of such sales divided by the sum of one plus the sales tax rate expressed as a decimal.

(c) For tax collected under this subsection (4), the requirements that the tax be collected from the buyer and that the amount of tax be stated as a separate item are waived.

Sec. 5250. RCW 82.12.0293 and 2017 3rd sp.s. c 28 s 102 are each amended to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of food and food ingredients for human consumption. "Food and food ingredients" has the same meaning as in RCW 82.08.0293.

(2) The exemption of "food and food ingredients" provided for in subsection (1) of this section does not apply to prepared food, soft drinks, bottled water, or dietary supplements. "Prepared food," "soft drinks," "bottled water," and "dietary supplements" have the same meanings as in RCW 82.08.0293.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section applies to food and food ingredients which are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) Which are provided to senior citizens, individuals with disabilities, or low-income persons by a ~~((not for profit)) nonprofit~~ organization organized under chapter ~~((24.03)) 24.03~~ (the new chapter created in section 6101 of this act) or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" has the same meaning as in RCW 82.08.0293.

Sec. 5251. RCW 88.46.065 and 1994 sp.s. c 9 s 853 are each amended to read as follows:

A nonprofit corporation established for the sole purpose of providing contingency plan coverage for any vessel in compliance with RCW 88.46.060 is entitled to liability protection as provided in this section. Obligations incurred by the corporation and any other liabilities or claims against the corporation may be enforced only against the assets of the corporation, and no liability for the debts or actions of the corporation exists against a director, officer, member, employee, incident commander, agent, contractor, or subcontractor of the corporation in his or her individual or representative capacity. Except as otherwise provided in this chapter, neither the directors, officers, members, employees, incident ~~((commander-[s]))~~ commanders, or agents of the corporation, nor the business

entities by whom they are regularly employed may be held individually responsible for discretionary decisions, errors in judgment, mistakes, or other acts, either of commission or omission, that are directly related to the operation or implementation of contingency plans, other than for acts of gross negligence or willful or wanton misconduct. The corporation may insure and defend and indemnify the directors, officers, members, employees, incident commanders, and agents to the extent permitted by chapters 23B.08 and ~~((24.03))~~ 24.-- (the new chapter created in section 6101 of this act) RCW. This section does not alter or limit the responsibility or liability of any person for the operation of a motor vehicle.

Sec. 5252. RCW 89.08.405 and 2015 c 88 s 1 are each amended to read as follows:

(1) Any county legislative authority may approve by resolution revenues to a conservation district by fixing rates and charges. The county legislative authority may provide for this system of rates and charges as an alternative to, but not in addition to, a special assessment provided by RCW 89.08.400. In fixing rates and charges, the county legislative authority may in its discretion consider the information proposed to the county legislative authority by a conservation district consistent with this section.

(2) A conservation district, in proposing a system of rates and charges, may consider:

(a) Services furnished, to be furnished, or available to the landowner;

(b) Benefits received, to be received, or available to the property;

(c) The character and use of land;

(d) The ~~((nonprofit))~~ public benefit nonprofit corporation status, as defined in ~~((RCW 24.03.490))~~ section 1701 of this act, of the land user;

(e) The income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons; or

(f) Any other matters that present a reasonable difference as a ground for distinction, including the natural resource needs within the district and the capacity of the district to provide either services or improvements, or both.

(3)(a) The system of rates and charges may include an annual per acre amount, an annual per parcel amount, or an annual per parcel amount plus an annual per acre amount. If included in the system of rates and charges, the maximum annual per acre rate or charge shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars, except that for counties with a population of over four hundred eighty thousand persons, the maximum annual per parcel rate shall not exceed ten dollars, and for counties with a population of over one million five hundred thousand persons, the maximum annual per parcel rate shall not exceed fifteen dollars.

(b) Public land, including lands owned or held by the state, shall be subject to rates and charges to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the rates and charges of a conservation district.

(c) Forestlands used solely for the planting, growing, or harvesting of trees may be subject to rates and charges if such lands are served by the activities of the conservation district. However, if the system of rates and charges includes an annual per acre amount or an annual per parcel amount plus an annual per acre amount, the per acre rate or charge on such forestlands shall not exceed one-tenth of the weighted average per acre rate or charge on all other lands within the conservation district that are subject to rates and charges. The calculation of the weighted average per acre shall be a ratio calculated as follows: (i) The numerator shall be the total amount of money estimated to be

derived from the per acre special rates and charges on the nonforestlands in the conservation district; and (ii) the denominator shall be the total number of nonforestland acres in the conservation district that are served by the activities of the conservation district and that are subject to the rates or charges of the conservation district. No more than ten thousand acres of such forestlands that is both owned by the same person or entity and is located in the same conservation district may be subject to the rates and charges that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forestland parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forestland owner may be imposed on each owner of forestlands whose forestlands are subject to a per acre rate or charge.

(4) The consideration, development, adoption, and implementation of a system of rates and charges shall follow the same public notice and hearing process and be subject to the same procedure and authority of RCW 89.08.400(2).

(5)(a) Following the adoption of a system of rates and charges, the conservation district board of supervisors shall establish by resolution a process providing for landowner appeals of the individual rates and charges as applicable to a parcel or parcels.

(b) Any appeal must be filed by the landowner with the conservation district no later than twenty-one days after the date property taxes are due. The decision of the board of supervisors regarding any appeal shall be final and conclusive.

(c) Any appeal of the decision of the board shall be to the superior court of the county in which the district is located, and served and filed within twenty-one days of the date of the board's written decision.

(6) A conservation district shall prepare a roll that implements the system of rates and charges approved by the county legislative authority. The rates and charges from the roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of the rates and charges shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, and collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected rates and charges, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the rates and charges, but not to exceed the actual costs of such work. All remaining funds collected under this section shall be transferred to the conservation district and used by the conservation district in accordance with this section.

(7) The rates and charges for a conservation district shall not be spread on the tax rolls and shall not be allocated with property tax collections in the following year if, after the system of rates and charges has been approved by the county legislative authority but before the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such rates and charges, which petition has been signed by at least twenty percent of the owners of land that would be subject to the rate or charge to be imposed for a conservation district.

MESSAGE FROM THE HOUSE

April 11, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5071 with the following amendment(s): 5071-S2.E AMH CRJ H1402.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 10.77.150 and 2010 c 263 s 5 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the ~~((patient))~~ person examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally to less restrictive alternative treatment under the supervision of a multidisciplinary transition team under conditions imposed by the court, including access to services under section 4 of this act without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) ~~((The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so))~~ In cases that come before the court under subsection (1) or (2) of this section, the court may deny conditional release to a less restrictive alternative only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary.

(4) If the order of conditional release ~~((includes a))~~ provides for the conditional release of the person to a less restrictive alternative, including residential treatment or treatment in the community, the conditional release order must also include:

(a) A requirement for the committed person to ((report to a)) be supervised by a multidisciplinary transition team, including a specially trained community corrections officer, ((the order shall

~~also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including~~) a representative of the department of social and health services, and a representative of the community behavioral health agency providing treatment to the person under section 4 of this act.

(i) The court may omit appointment of the representative of the community behavioral health agency if the conditional release order does not require participation in behavioral health treatment;

(ii) The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community;

(b) A requirement for the person to comply with conditions of supervision established by the court which shall include at a minimum reporting as directed to a ((community corrections officer)) designated member of the transition team, remaining within prescribed geographical boundaries, and notifying the ((community corrections officer)) transition team prior to making any change in the ((offender's)) person's address or employment. If the ((order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the)) person is not in compliance with the court-ordered conditions of release(-), the community corrections officer or another designated transition team member shall notify the secretary or the secretary's designee; and

~~((4)) (c) If the court ((determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the)) requires participation in behavioral health treatment, the name of the licensed or certified behavioral health agency responsible for identifying the services the person will receive under section 4 of this act, and a requirement that the person cooperate with the services planned by the licensed or certified behavioral health agency. The licensed or certified behavioral health agency must comply with the reporting requirements of RCW 10.77.160, and must immediately report to the court, prosecutor, and defense counsel any substantial withdrawal or disengagement from medication or treatment, or ((upon a)) any change in the person's mental health condition that renders ((the patient)) him or her a potential risk to the public ((report to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer)).~~

(5) The role of the transition team appointed under subsection (4) of this section shall be to facilitate the success of the person on the conditional release order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances that may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan that may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(6) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a conditional release order. Another community corrections officer may be appointed if no specially trained officer is available.

(7) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial, or sooner with the support of the department.

(8) A person examined under RCW 10.77.140 or the department may make a motion for limited conditional release under this section, on the grounds that there is insufficient evidence that the person may be released conditionally to less restrictive alternative treatment under subsection (3)(c) of this section, but the person would benefit from the opportunity to exercise increased privileges while remaining under the custody and supervision of the department and with the supervision of the department these increased privileges can be exercised without substantial danger to other persons or substantial likelihood of committing criminal acts jeopardizing public safety or security. The department may respond to a person's application for conditional release by instead supporting limited conditional release.

Sec. 2. RCW 71.05.320 and 2020 c 302 s 45 are each amended to read as follows:

(1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court has made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team as provided in subsection (6)(a)(i) of this section. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's

order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(i) In cases where the court has ordered less restrictive alternative treatment and has previously made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team to supervise and assist the person on the order for less restrictive treatment, which shall include a representative of the community behavioral health agency providing treatment under RCW 71.05.585, and a specially trained supervising community corrections officer. The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community under (a)(ii) of this subsection.

(ii) The role of the transition team shall be to facilitate the success of the person on the less restrictive alternative order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances which may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan which may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(iii) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a less restrictive alternative order.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 3. RCW 71.05.320 and 2020 c 302 s 46 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department

for a further period of intensive treatment not to exceed ninety days from the date of judgment.

If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court has made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team as provided in subsection (6)(a)(i) of this section. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so

changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(i) In cases where the court has ordered less restrictive alternative treatment and has previously made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team to supervise and assist the person on the order for less restrictive treatment, which shall include a representative of the community behavioral health agency providing treatment under RCW 71.05.585, and a specially trained supervising community corrections officer. The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community under (a)(ii) of this subsection.

(ii) The role of the transition team shall be to facilitate the success of the person on the less restrictive alternative order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances which may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan which may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(iii) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a less restrictive alternative order.

2021 REGULAR SESSION

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 10.77 RCW to read as follows:

(1) Conditional release planning should start at admission and proceed in coordination between the department and the person's managed care organization, or behavioral health administrative services organization if the person is not eligible for medical assistance under chapter 74.09 RCW. If needed, the department shall assist the person to enroll in medical assistance in suspense status under RCW 74.09.670. The state hospital liaison for the managed care organization or behavioral health administrative services organization shall facilitate conditional release planning in collaboration with the department.

(2) Less restrictive alternative treatment pursuant to a conditional release order, at a minimum, includes the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the conditional treatment;
- (c) A psychiatric evaluation or a substance use disorder evaluation, or both;
- (d) A schedule of regular contacts with the provider of the less restrictive alternative treatment services for the duration of the order;
- (e) A transition plan addressing access to continued services at the expiration of the order;
- (f) An individual crisis plan;
- (g) Consultation about the formation of a mental health advance directive under chapter 71.32 RCW; and
- (h) Appointment of a transition team under RCW 10.77.150;
- (i) Notification to the care coordinator assigned in (a) of this subsection and to the transition team as provided in RCW 10.77.150 if reasonable efforts to engage the client fail to produce substantial compliance with court-ordered treatment conditions.

(3) Less restrictive alternative treatment pursuant to a conditional release order may additionally include requirements to participate in the following services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance use disorder counseling;
- (e) Residential treatment;
- (f) Support for housing, benefits, education, and employment; and
- (g) Periodic court review.

(4) Nothing in this section prohibits items in subsection (2) of this section from beginning before the conditional release of the individual.

(5) If the person was provided with involuntary medication under RCW 10.77.094 or pursuant to a judicial order during the involuntary commitment period, the less restrictive alternative treatment pursuant to the conditional release order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

(6) Less restrictive alternative treatment pursuant to a conditional release order must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

(7) The care coordinator assigned to a person ordered to less restrictive alternative treatment pursuant to a conditional release order must submit an individualized plan for the person's treatment services to the court that entered the order. An initial plan must be submitted as soon as possible following the intake evaluation and a revised plan must be submitted upon any subsequent modification in which a type of service is removed from or added to the treatment plan.

(8) A care coordinator may disclose information and records related to mental health treatment under RCW 70.02.230(2)(k) for purposes of implementing less restrictive alternative treatment pursuant to a conditional release order.

(9) For the purpose of this section, "care coordinator" means a representative from the department of social and health services who coordinates the activities of less restrictive alternative treatment pursuant to a conditional release order. The care coordinator coordinates activities with the person's transition team that are necessary for enforcement and continuation of the conditional release order and is responsible for coordinating service activities with other agencies and establishing and maintaining a therapeutic relationship with the individual on a continuing basis.

Sec. 5. RCW 10.77.060 and 2016 sp.s. c 29 s 408 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of

admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be ~~((committed for inpatient evaluation))~~ evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

- (a) A description of the nature of the evaluation;
- (b) A diagnosis or description of the current mental status of the defendant;
- (c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;
- (d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

Sec. 6. RCW 70.02.230 and 2020 c 256 s 402 are each amended to read as follows:

(1) ~~((Except as provided in this section, RCW 70.02.050, 71.05.445, 74.09.295, 70.02.210, 70.02.240, 70.02.250, 70.02.260, and 70.02.265, or pursuant to a valid authorization under RCW 70.02.030, the))~~ The fact of admission to a provider for mental health services and all information and records compiled, obtained, or maintained in the course of providing mental health services to either voluntary or involuntary recipients of services at public or private agencies ((must be confidential)) may not be disclosed except as provided in this section, RCW 70.02.050, 71.05.445, 74.09.295, 70.02.210, 70.02.240, 70.02.250, 70.02.260, and 70.02.265, or pursuant to a valid authorization under RCW 70.02.030.

(1) When a designated crisis responder receives information alleging that a person, as a result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, or that a person is in need of assisted outpatient behavioral health treatment; the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention or involuntary outpatient treatment, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention under this section or a petition for involuntary outpatient behavioral health treatment under RCW 71.05.148. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at an evaluation and treatment facility, crisis stabilization unit, triage facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program. (d) A court may not issue an order to detain a person to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is an available secure withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the person.

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a substance use disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to one hundred twenty hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for one hundred twenty hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, ~~((after))~~ at any time during the involuntary treatment hold and following the initial examination and evaluation, the mental health professional or substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement for the remainder of the current commitment period without any need for further court review; however, a person may only be referred to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an

available secure withdrawal management and stabilization facility or approved substance use disorder treatment program with adequate space for the person.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 7. RCW 71.05.210 and 2020 c 302 s 27 are each amended to read as follows:

(1) Each person involuntarily detained and accepted or admitted at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program:

(a) Shall, within twenty-four hours of his or her admission or acceptance at the facility, not counting time periods prior to medical clearance, be examined and evaluated by:

(i) One physician, physician assistant, or advanced registered nurse practitioner; and

(ii) One mental health professional. If the person is detained for substance use disorder evaluation and treatment, the person may be examined by a substance use disorder professional instead of a mental health professional; and

(b) Shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a trial or hearing pursuant to RCW 71.05.215, 71.05.240, 71.05.310, 71.05.320, 71.05.590, or 71.05.217, the individual may refuse psychiatric medications, but may not refuse: (i) Any other medication previously prescribed by a person licensed under Title 18 RCW; or (ii) emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his or her right of such refusal. The person shall be detained up to one hundred twenty hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm, or is gravely disabled. A person who has been detained for one hundred twenty hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

(2) If, ~~((after))~~ at any time during the involuntary treatment hold and following the initial examination and evaluation, the mental health professional or substance use disorder professional and licensed physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the person, if detained to an evaluation and treatment facility, would be better served by placement in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, or, if detained to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility then the person shall be referred to the more appropriate placement for the remainder of the current commitment period without any need for further court review.

(3) An evaluation and treatment center, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program admitting or accepting any person

pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for evaluation or admission for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated crisis responder and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 8. RCW 71.05.240 and 2020 c 302 s 39 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within one hundred twenty hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148.

(2) If the petition is for mental health treatment, the court or the prosecutor at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) If the person or his or her attorney alleges, prior to the commencement of the hearing, that the person has in good faith volunteered for treatment, the petitioner must show, by preponderance of the evidence, that the person has not in good faith volunteered for appropriate treatment. In order to qualify as a good faith volunteer, the person must abide by procedures and a treatment plan as prescribed by a treatment facility and professional staff.

(4)(a) Subject to (b) of this subsection, at the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department or under RCW 71.05.745.

(b) A court may only order commitment to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program if there is an available facility with adequate space for the person.

(c) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(d) If the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm and is not gravely disabled, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(5) An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the treatment recommendations of the behavioral health service provider.

(6) The court shall notify the person orally and in writing that if involuntary treatment is sought beyond the fourteen-day inpatient or ninety-day less restrictive treatment period, the person has the right to a full hearing or jury trial under RCW 71.05.310. If the commitment is for mental health treatment, the court shall also notify the person orally and in writing that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(7) If the court does not issue an order to detain a person under this section, the court shall issue an order to dismiss the petition.

(8) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 9. RCW 71.05.240 and 2020 c 302 s 40 are each amended to read as follows:

(1) If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within one hundred twenty hours of the initial detention of such person as determined in RCW 71.05.180, or at a time determined under RCW 71.05.148.

(2) If the petition is for mental health treatment, the court or the prosecutor at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) If the person or his or her attorney alleges, prior to the commencement of the hearing, that the person has in good faith volunteered for treatment, the petitioner must show, by preponderance of the evidence, that the person has not in good faith volunteered for appropriate treatment. In order to qualify as a good faith volunteer, the person must abide by procedures and a treatment plan as prescribed by a treatment facility and professional staff.

(4)(a) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility licensed or certified to provide treatment by the department or under RCW 71.05.745.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(c) If the court finds by a preponderance of the evidence that such person, as the result of a behavioral health disorder, is in need of assisted outpatient behavioral health treatment, and that the person does not present a likelihood of serious harm and is not gravely disabled, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(5) An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the treatment recommendations of the behavioral health service provider.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(6) The court shall notify the person orally and in writing that if involuntary treatment is sought beyond the fourteen-day inpatient or ninety-day less restrictive treatment period, such person has the right to a full hearing or jury trial under RCW 71.05.310. If the commitment is for mental health treatment, the court shall also notify the person orally and in writing that the person is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(7) If the court does not issue an order to detain a person under this section, the court shall issue an order to dismiss the petition.

(8) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 10. RCW 71.05.320 and 2020 c 302 s 45 are each amended to read as follows:

(1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released

unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

(9) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 11. RCW 71.05.320 and 2020 c 302 s 46 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person

of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c)(i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

(9) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 12. RCW 71.05.340 and 2018 c 201 s 3017 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when ~~((added to the))~~ combined with the number of days the person has spent in inpatient treatment ((period)), shall not exceed ((the period of commitment)) 90 days if the underlying commitment was for a period of 14 or 90 days, or 180 days if the underlying commitment was for a period of 180 days. If the facility or agency designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the designated crisis responder in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320(4)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the

conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The facility or agency designated to provide outpatient care or the secretary of the department of social and health services may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions. Enforcement or revocation proceedings related to a conditional release ~~((order))~~ may occur as provided under RCW 71.05.590.

Sec. 13. RCW 71.05.585 and 2020 c 302 s 53 are each amended to read as follows:

(1) Less restrictive alternative treatment, at a minimum, includes the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the less restrictive alternative treatment;
- (c) A psychiatric evaluation, a substance use disorder evaluation, or both;
- (d) A schedule of regular contacts with the provider of the ~~((less restrictive alternative))~~ treatment services for the duration of the order;
- (e) A transition plan addressing access to continued services at the expiration of the order;
- (f) An individual crisis plan; ~~((and))~~
- (g) Consultation about the formation of a mental health advance directive under chapter 71.32 RCW; and
- (h) Notification to the care coordinator assigned in (a) of this subsection if reasonable efforts to engage the client fail to produce substantial compliance with court-ordered treatment conditions.

(2) Less restrictive alternative treatment may additionally include requirements to participate in the following services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance ~~((abuse))~~ use disorder counseling;
- (e) Residential treatment; ~~((and))~~
- (f) Support for housing, benefits, education, and employment; and
- (g) Periodic court review.

(3) If the person was provided with involuntary medication under RCW 71.05.215 or pursuant to a judicial order during the involuntary commitment period, the less restrictive alternative treatment order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

(4) Less restrictive alternative treatment must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

(5) The care coordinator assigned to a person ordered to less restrictive alternative treatment must submit an individualized

plan for the person's treatment services to the court that entered the order. An initial plan must be submitted as soon as possible following the intake evaluation and a revised plan must be submitted upon any subsequent modification in which a type of service is removed from or added to the treatment plan.

(6) A care coordinator may disclose information and records related to mental health services pursuant to RCW 70.02.230(2)(k) for purposes of implementing less restrictive alternative treatment.

(7) For the purpose of this section, "care coordinator" means a clinical practitioner who coordinates the activities of less restrictive alternative treatment. The care coordinator coordinates activities with the designated crisis responders that are necessary for enforcement and continuation of less restrictive alternative orders and is responsible for coordinating service activities with other agencies and establishing and maintaining a therapeutic relationship with the individual on a continuing basis.

Sec. 14. RCW 71.05.590 and 2020 c 302 s 55 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release (~~(order)~~), or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release (~~(order)~~). The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to or by the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility with available space, or an approved substance use disorder treatment program with available space. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine

whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection ~~((4))~~ (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection ~~((4))~~ (5) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initiate initial inpatient detention procedures under subsection ~~((6))~~ (7) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

~~((4))~~ (5)(a) Except as provided in subsection ~~((6))~~ (7) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility, an available secure withdrawal management and stabilization facility with adequate space, or an available approved substance use disorder treatment program with adequate space, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection ~~((4))~~ (5) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection ~~((6))~~ (7) of this section, a person detained under this subsection ~~((4))~~ (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the

filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection ~~((6))~~ (7) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release ~~((order))~~ or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for fourteen days from the revocation hearing if the outpatient order was based on a petition under RCW 71.05.160 or 71.05.230. If the court orders detention for inpatient treatment and the outpatient order was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the outpatient order must be converted to days of inpatient treatment authorized in the original court order. A court may not issue an order to detain a person for inpatient treatment in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program under this subsection unless there is a secure withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

~~((5))~~ (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

~~((6))~~ (7)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or in an approved substance use disorder treatment program, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to one hundred twenty hours, excluding weekends and holidays, pending a court hearing. If the person is not detained, the hearing must be scheduled within one hundred twenty hours of service on the person. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient

treatment. To continue detention after the one hundred twenty hour period, the court must find that the person, as a result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

(d) A court may not issue an order to detain a person for inpatient treatment in a secure withdrawal management and stabilization facility or approved substance use disorder program under this subsection unless there is a secure withdrawal management and stabilization facility or approved substance use disorder treatment program available and with adequate space for the person.

Sec. 15. RCW 71.05.590 and 2020 c 302 s 56 are each amended to read as follows:

(1) Either an agency or facility designated to monitor or provide services under a less restrictive alternative order or conditional release ~~((order))~~, or a designated crisis responder, may take action to enforce, modify, or revoke a less restrictive alternative or conditional release ~~((order))~~. The agency, facility, or designated crisis responder must determine that:

(a) The person is failing to adhere to the terms and conditions of the court order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer appropriate incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be made to or by the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the agency or facility in requesting this hearing and issuing an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To cause the person to be transported by a peace officer, designated crisis responder, or other means to the agency or facility monitoring or providing services under the court order, or to a triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program. The person may be detained at the facility for up to twelve hours for the purpose of an evaluation to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is

intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when in the clinical judgment of a designated crisis responder or the professional person in charge of an agency or facility designated to monitor less restrictive alternative services temporary detention is appropriate. This subsection does not limit the ability or obligation to pursue revocation procedures under subsection ~~((4))~~ (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection ~~((4))~~ (5) of this section or, if the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, initial inpatient detention procedures under subsection ~~((6))~~ (7) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and
(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

~~((4))~~ (5)(a) Except as provided in subsection ~~((6))~~ (7) of this section, a designated crisis responder or the secretary of the department of social and health services may upon their own motion or notification by the facility or agency designated to provide outpatient care order a person subject to a court order under this chapter to be apprehended and taken into custody and temporary detention in an evaluation and treatment facility, in a secure withdrawal management and stabilization facility, or in an approved substance use disorder treatment program, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection ~~((4))~~ (5) may be initiated without ordering the apprehension and detention of the person.

(b) Except as provided in subsection ~~((6))~~ (7) of this section, a person detained under this subsection ~~((4))~~ (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been released. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The designated crisis responder or secretary of the department of social and health services shall file a revocation petition and order of apprehension and detention with the court of the county where the person is currently located or being detained. The designated crisis responder shall serve the person and their attorney, guardian, and conservator, if any. The person has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) Except as provided in subsection ~~((6))~~ (7) of this section, the issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the court order; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether the court should reinstate or modify the person's less restrictive alternative or conditional release ~~((order))~~ or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for fourteen days from the revocation hearing if the outpatient order was based on a petition under RCW 71.05.160 or 71.05.230. If the court orders detention for inpatient treatment and the outpatient order was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the outpatient order must be converted to days of inpatient treatment authorized in the original court order.

~~((5))~~ (6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

~~((6))~~ (7)(a) If the current commitment is solely based on the person being in need of assisted outpatient behavioral health treatment as defined in RCW 71.05.020, a designated crisis responder may initiate inpatient detention procedures under RCW 71.05.150 or 71.05.153 when appropriate. A designated crisis responder or the secretary may, upon their own motion or notification by the facility or agency designated to provide outpatient care to a person subject to a less restrictive alternative treatment order under RCW 71.05.320 subsequent to an order for assisted outpatient behavioral health treatment entered under RCW 71.05.148, order the person to be apprehended and taken into custody and temporary detention for inpatient evaluation in an evaluation and treatment facility, in a secure withdrawal management and stabilization facility, or in an approved substance use disorder treatment program, in or near the county in which he or she is receiving outpatient treatment. Proceedings under this subsection may be initiated without ordering the apprehension and detention of the person.

(b) A person detained under this subsection may be held for evaluation for up to one hundred twenty hours, excluding weekends and holidays, pending a court hearing. The designated crisis responder or the secretary may modify or rescind the order at any time prior to commencement of the court hearing.

(c) The issues for the court to determine are whether to continue the detention of the person for inpatient treatment or whether the court should reinstate or modify the person's less restrictive alternative order or order the person's detention for inpatient treatment. To continue detention after the one hundred twenty hour period, the court must find that the person, as a result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, that no such alternatives are in the best interest of the person or others.

Sec. 16. RCW 71.34.755 and 2020 c 302 s 96 are each amended to read as follows:

(1) Less restrictive alternative treatment, at a minimum, must include the following services:

(a) Assignment of a care coordinator;

(b) An intake evaluation with the provider of the less restrictive alternative treatment;

(4) Less restrictive alternative treatment must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

(5) The care coordinator assigned to a minor ordered to less restrictive alternative treatment must submit an individualized plan for the minor's treatment services to the court that entered the order. An initial plan must be submitted as soon as possible following the intake evaluation and a revised plan must be submitted upon any subsequent modification in which a type of service is removed from or added to the treatment plan.

A secure withdrawal management and stabilization facility or approved substance use disorder treatment program must be available and have adequate space for the adolescent.

(b) If a designated crisis responder decides not to detain an adolescent for evaluation and treatment under RCW 71.34.700(2), or forty-eight hours have elapsed since a designated crisis responder received a request for investigation and the designated crisis responder has not taken action to have the adolescent detained, an immediate family member or guardian or conservator of the adolescent, or a federally recognized Indian tribe if the person is a member of such tribe, may petition the superior court for the adolescent's detention using the procedures under RCW 71.05.201 and 71.05.203; however, when the court enters an order of initial detention, except as otherwise expressly stated in this chapter, all procedures must be followed as if the order has been entered under (a) of this subsection.

(c) The interview performed by the designated crisis responder may be conducted by video provided that a licensed health care professional or professional person who can adequately and accurately assist with obtaining any necessary information is present with the person at the time of the interview.

The designated crisis responder shall file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The designated crisis responder shall commence service of the petition for initial detention and notice of the initial detention on the adolescent's parent and the adolescent's attorney as soon as possible following the initial detention.

~~(b) (If the adolescent is involuntarily detained at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program in a different county from where the adolescent was initially detained, the)~~ The facility or program may serve the adolescent, notify the adolescent's parents and the adolescent's attorney, and file with the court on the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service when filing with the court at the request of the designated crisis responder.

(3)(a) At the time of initial detention, the designated crisis responder shall advise the adolescent both orally and in writing that if admitted to the evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program for inpatient treatment, a commitment hearing shall be held within one hundred twenty hours of the adolescent's provisional acceptance to determine

(6) If an adolescent is not approved for admission by the inpatient evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program, the facility shall make such recommendations and referrals for further care and treatment of the adolescent as necessary.

(7) Dismissal of a commitment petition is not the appropriate remedy for a violation of the timeliness requirements of this section, based on the purpose of this chapter under RCW 71.34.010, except in the few cases where the facility staff or the designated crisis responder have totally disregarded the requirements of this section.

(8) Tribal court orders for involuntary commitment shall be recognized and enforced in accordance with superior court civil rule 82.5.

(b) The adolescent shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the adolescent is indigent.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5115 with the following amendment(s): 5115-S.E AMH ENGR H1304.E

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** A new section is added to chapter 51.32 RCW to read as follows:

(1) For frontline employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases that are transmitted through respiratory droplets or aerosols, or through contact with contaminated surfaces and are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The frontline employee must provide verification, as required by the department by rule, to the department and the self-insured employer that the employee has contracted the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by a preponderance of the evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home, on leave from the employee's employment, or some combination thereof, for the period of quarantine consistent with recommended guidance from state and federal health officials for the disease immediately prior to the employee's injury, occupational disease, or period of incapacity that resulted from exposure to the disease which is the subject of the public health emergency.

(4)(a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the frontline employee as part of a federal or state program for these employees during the public health emergency, temporary total disability benefits are not payable for the same period of time covered by the federal or state program.

(5) When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(6) Costs of the payments under this section shall not affect the experience rating of employers insured by the state fund.

MESSAGE FROM THE HOUSE

April 6, 2021

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5180 with the following amendment(s): 5180-S.E AMH PS H1362.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.030 and 2020 c 296 s 2, 2020 c 252 s 4, and 2020 c 137 s 1 are each reenacted and amended to read as follows:

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(8) "Confinement" means total or partial confinement.

(9) "Conviction" means an adjudication of guilt pursuant to Title 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere, and any issued certificates of restoration of opportunity pursuant to RCW 9.97.020.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in RCW 9.94A.640(~~(3)~~) (4)(b) and 9.96.060(~~(6)~~) (7)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(13) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

(14) "Criminal street gang-related offense" means any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with any criminal street gang, or is committed with the intent to promote, further, or assist in any criminal conduct by the gang, or is committed for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;

(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW); arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); promoting commercial sexual abuse of a minor (RCW 9.68A.101); or promoting pornography (chapter 9.68 RCW).

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from

garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(20) "Domestic violence" has the same meaning as defined in RCW 10.99.020 and 26.50.010.

(a) Radio frequency signaling technology, which detects if the monitored individual is or is not at an approved location and notifies the monitoring agency of the time that the monitored individual either leaves the approved location or tampers with or removes the monitoring device; or

(b) Active or passive global positioning system technology, which detects the location of the monitored individual and notifies the monitoring agency of the monitored individual's location and which may also include electronic monitoring with victim notification technology that is capable of notifying a victim or protected party, either directly or through a monitoring agency, if the monitored individual enters within the restricted distance of a victim or protected party, or within the restricted distance of a designated location.

10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has two or more domestic violence convictions stemming from different incidents. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(g) For any offense other than those described in (f) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(h) The offender has been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application; or

(i) The applicant is currently restrained by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party or was previously restrained by such an order and was found to have committed one or more violations of the order in the five years prior to the vacation application.

~~(3) ((Subject to RCW 9.96.070, every person convicted of prostitution under RCW 9A.88.030 who committed the offense as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq. may apply to the sentencing court for vacation of the applicant's record of conviction for the prostitution offense. An applicant may not have the record of conviction for prostitution vacated if any one of the following is present:~~

~~(a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court, for any crime other than prostitution; or~~

~~(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction. The limitation in this subsection (3)(b) does not apply to convictions where the offender proves by a preponderance of the evidence that he or she committed the crime as a result of being a victim of trafficking, RCW 9A.40.100, promoting prostitution in the first degree, RCW 9A.88.070, promoting commercial sexual abuse of a minor, RCW 9.68A.101, or trafficking in persons under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq., according to the requirements provided in RCW 9.96.070 for each respective conviction.)~~ If the applicant is a victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence as defined in RCW 9.94A.030, or the prosecutor applies on behalf of the state, the sentencing court may vacate the record of conviction if the application satisfies the

2021 REGULAR SESSION

requirements of section 5 of this act. When preparing or filing the petition, the prosecutor is not deemed to be providing legal advice or legal assistance on behalf of the victim, but is fulfilling an administrative function on behalf of the state in order to further their responsibility to seek to reform and improve the administration of criminal justice. A record of conviction vacated using the process in section 5 of this act is subject to subsections (6) and (7) of this section.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Every person convicted of a misdemeanor marijuana offense, who was twenty-one years of age or older at the time of the offense, may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. A misdemeanor marijuana offense includes, but is not limited to: Any offense under RCW 69.50.4014, from July 1, 2004, onward, and its predecessor statutes, including RCW 69.50.401(e), from March 21, 1979, to July 1, 2004, and RCW 69.50.401(d), from May 21, 1971, to March 21, 1979, and any offense under an equivalent municipal ordinance. If an applicant qualifies under this subsection, the court shall vacate the record of conviction.

(6) A person who is a family member of a homicide victim may apply to the sentencing court on the behalf of the victim for vacation of the victim's record of conviction for prostitution under RCW 9A.88.030. If an applicant qualifies under this subsection, the court shall vacate the victim's record of conviction.

(7)(a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining

order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, ~~((26.10.220,))~~ 26.26B.050, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(c) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a present recidivist offense as defined in RCW 9.94A.030 occurring on or after July 28, 2019.

~~((7))~~ (8) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

NEW SECTION. Sec. 5. A new section is added to chapter 9.96 RCW to read as follows:

(1)(a) A victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence, as defined in RCW 9.94A.030 may apply to the sentencing court or the sentencing court's successor to vacate the applicant's record of conviction for the offense; or

(b) The prosecutor of a county or municipality in which a victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence was sentenced for a misdemeanor or gross misdemeanor offense may exercise discretion to apply to the court on behalf of the state recommending that the court vacate the victim's record of conviction by submitting the information required in subsection (2) of this section. If the court finds the application meets the requirements of subsection (2) of this section, the court may decide whether to grant the application to vacate the record.

(2) In order to vacate a record of conviction for a gross misdemeanor or misdemeanor offense committed as a result of being a victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence as defined in RCW 9.94A.030, the applicant must meet the following requirements:

(a) Provide an affidavit, under penalty of perjury, stating the specific facts and circumstances proving, by a preponderance of evidence that the offense was committed as a result of being a victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence as defined in RCW 9.94A.030;

(b) There are no criminal charges against the applicant pending in any court of this state or another state, or in any federal court for any crime other than prostitution;

(c) If the offense is a misdemeanor, the offender has not been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application;

(d) Except where the conviction to be vacated is for the crime of prostitution, prostitution loitering, or stay out of area of prostitution, provide proof that the crime victim penalty assessment, RCW 7.68.035, has been paid in full;

(e) If applicable, restitution owed to any victim, excluding restitution owed to any insurance provider under Title 48 RCW, has been paid in full.

(3) An applicant may not have a record of conviction for a gross misdemeanor or misdemeanor offense vacated if:

(a) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses), except for failure to register as a sex offender under RCW 9A.44.132;

(b) The offense was a conviction as described in RCW 46.61.5055; or

(c) The offense was patronizing a prostitute as described in RCW 9A.88.110.

NEW SECTION. Sec. 6. RCW 9.96.070 (Vacating records of conviction—Prostitution offenses) and 2017 c 128 s 2 & 2014 c 109 s 2 are each repealed."

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5235 with the following amendment(s): 5235-S.E AMH SHEW H1484.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that local zoning laws can contribute to limiting the housing available for Washingtonians. The legislature finds that reducing these barriers can increase affordable housing options. The legislature finds that accessory dwelling units can be one way to add affordable long-term housing and to provide a needed increase in housing density. However, the legislature finds that research from several cities shows that when accessory dwelling units are built and offered for short-term rental for tourists and business visitors, they may not improve housing affordability. Therefore, it is the intent of the legislature to encourage reducing barriers to accessory dwelling units when local governments have programs to incentivize or assure that they will be utilized for long-term housing. The legislature finds that owner occupancy requirements may provide an appropriate means for local governments to ensure community impacts of accessory dwelling units are mitigated and allow for relaxation of other requirements, when they are an element of a program to reduce short-term rental of accessory dwelling units. The legislature also intends to remove barriers and restrictions on the number of unrelated occupants permitted to live together, which will provide additional affordable housing options.

Sec. 2. RCW 36.70A.696 and 2020 c 217 s 2 are each amended to read as follows:

The definitions in this section apply throughout RCW 36.70A.697 and 36.70A.698 unless the context clearly requires otherwise.

(1) "Accessory dwelling unit" means a dwelling unit located on the same lot as a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(2) "Attached accessory dwelling unit" means an accessory dwelling unit located within or attached to a single-family housing unit, duplex, triplex, townhome, or other housing unit.

(3) "City" means any city, code city, and town located in a county planning under RCW 36.70A.040.

(4) "County" means any county planning under RCW 36.70A.040.

(5) "Detached accessory dwelling unit" means an accessory dwelling unit that consists partly or entirely of a building that is separate and detached from a single-family housing unit, duplex, triplex, townhome, or other housing unit and is on the same property.

~~((5))~~ (6) "Dwelling unit" means a residential living unit that provides complete independent living facilities for one or more persons and that includes permanent provisions for living, sleeping, eating, cooking, and sanitation.

~~((6))~~ (7) "Major transit stop" means:

(a) A stop on a high capacity transportation system funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing actual fixed route service at intervals of at least fifteen minutes for at least five hours during the peak hours of operation on weekdays.

(8) "Owner" means any person who has at least 50 percent ownership in a property on which an accessory dwelling unit is located.

(9) "Short-term rental" means a lodging use, that is not a hotel or motel or bed and breakfast, in which a dwelling unit, or portion thereof, is offered or provided to a guest by a short-term rental operator for a fee for fewer than 30 consecutive nights.

Sec. 3. RCW 36.70A.697 and 2020 c 217 s 3 are each amended to read as follows:

(1)(a) Cities must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of RCW 36.70A.698(1) to take effect by July 1, 2021.

~~((2))~~ (b) Beginning July 1, 2021, the requirements of RCW 36.70A.698(1):

~~((a))~~ (i) Apply and take effect in any city that has not adopted or amended ordinances, regulations, or other official controls as required under this section; and

~~((b))~~ (ii) Supersede, preempt, and invalidate any local development regulations that conflict with RCW 36.70A.698(1).

(2)(a) Cities and counties must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of RCW 36.70A.698(2) within two years of the next applicable deadline for its comprehensive plan to be reviewed under RCW 36.70A.130 after July 1, 2021.

(b) Beginning two years after the next applicable deadline for the review of a county's or city's comprehensive plan under RCW 36.70A.130 after July 1, 2021, the requirements of RCW 36.70A.698(2) apply and take effect in any city or county that has not adopted or amended ordinances, regulations, or other official controls as required under this section, and preempt any conflicting development regulations.

Sec. 4. RCW 36.70A.698 and 2020 c 217 s 4 are each amended to read as follows:

(1)(a) Except as provided in ~~((subsection[s] (2) and (3) of this section))~~ (b) and (c) of this subsection, through ordinances, development regulations, zoning regulations, and other official controls as required under RCW 36.70A.697(1)(a), cities may not require the provision of off-street parking for accessory dwelling units within one-quarter mile of a major transit stop.

~~((2))~~ (b) A city may require the provision of off-street parking for an accessory dwelling unit located within one-quarter mile of a major transit stop if the city has determined that the accessory dwelling unit is in an area with a lack of access to street parking capacity, physical space impediments, or other reasons supported by evidence that would make on-street parking infeasible for the accessory dwelling unit.

~~((3))~~ (c) A city that has adopted or substantively amended accessory dwelling unit regulations within the four years previous to June 11, 2020, is not subject to the requirements of this ~~((section))~~ subsection (1).

(2) Through ordinances, development regulations, and other official controls adopted or amended as required under RCW 36.70A.697(2):

(a) Cities and counties may not impose or enforce an owner occupancy requirement on any housing or dwelling unit on a lot containing an accessory dwelling unit, unless an accessory dwelling unit on the lot is being offered or used for short-term rental, except that:

(i) Cities and counties may impose and enforce an owner occupancy requirement for the first year after initial occupation of the unit or primary residence following permitting; and

(ii) Cities and counties may impose an owner occupancy requirement for an additional period if such a requirement is supported by findings of the need for such an increased requirement adopted by the city or county after at least two public hearings are held on the proposal, and any ordinance,

development regulations, and other official controls finally adopted directly address feedback from the community. Such an additional period of owner occupancy restrictions must be geographically limited, and may not apply to all of the residential zones within the city or county.

(b) Cities and counties may adopt ordinances, development regulations, and other official controls, including the imposition of fees, impact fees, or taxes, or the waiver of taxes, fees, or specific regulations, to encourage use of accessory dwelling units for long-term housing. Cities and counties may only offer such reduced impact fees, deferral of taxes, or other incentives for the development or construction of accessory dwelling units if such units are subject to effective binding commitments or covenants that the units will not be regularly offered for short-term rental and the city or county has a program to audit compliance with such commitments or covenants.

(c) Cities and counties that impose owner occupancy requirements on lots containing accessory dwelling units must provide for a hardship exemption from any owner occupancy requirements applicable to a housing or dwelling unit on the same lot as an accessory dwelling unit. Such an exemption must allow an owner to offer for rental for periods of 30 days or longer a dwelling unit or housing unit as if a dwelling or housing unit on the property was owner occupied, when the owner no longer occupies the primary residence due to age, illness, financial hardship due to the death of a spouse, domestic partner, or co-owner of the property, disability status, the deployment, activation, mobilization, or temporary duty, as those terms are defined in RCW 26.09.004, of a service member of the armed forces, or other such reason that would make the owner occupancy requirement an undue hardship on the owner. A city or county shall develop and implement a process for the review of hardship applications. Any city or county that imposes an owner occupancy requirement on lots containing accessory dwelling units and has not provided a hardship exemption from the requirement through ordinances, development regulations, or other official controls as required by this subsection may not impose or enforce an owner occupancy requirement on any lot containing an accessory dwelling unit until such time as the city or county has adopted the required hardship exemption, except that an owner-occupancy requirement pursuant to (a) of this subsection (2) may be imposed and enforced if the owner of the lot offers an accessory dwelling unit for short-term rental within the county or if the owner of the lot owns more than three accessory dwelling units within the county.

NEW SECTION. Sec. 5. A new section is added to chapter 35.21 RCW to read as follows:

Except for occupant limits on group living arrangements regulated under state law or on short-term rentals as defined in RCW 64.37.010 and any lawful limits on occupant load per square foot or generally applicable health and safety provisions as established by applicable building code or city ordinance, a city or town may not regulate or limit the number of unrelated persons that may occupy a household or dwelling unit.

NEW SECTION. Sec. 6. A new section is added to chapter 35A.21 RCW to read as follows:

Except for occupant limits on group living arrangements regulated under state law or on short-term rentals as defined in RCW 64.37.010 and any lawful limits on occupant load per square foot or generally applicable health and safety provisions as established by applicable building code or city ordinance, a code city may not regulate or limit the number of unrelated persons that may occupy a household or dwelling unit.

NEW SECTION. Sec. 7. A new section is added to chapter 36.01 RCW to read as follows:

Except for occupant limits on group living arrangements regulated under state law or on short-term rentals as defined in RCW 64.37.010 and any lawful limits on occupant load per square foot or generally applicable health and safety provisions as established by applicable building code or county ordinance, a county may not regulate or limit the number of unrelated persons that may occupy a household or dwelling unit."

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5157 with the following amendment(s): 5157-S AMH ENGR H1392.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in 2013 the legislature adopted outcome expectations for entities that contract with the state to provide health services in order to guide purchasing strategies by the health care authority and department of social and health services. Since then, the health care authority has established a performance measures coordinating committee

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

and implemented performance terms in managed care contracts including, but not limited to, performance measurement requirements, mandatory performance improvement projects, and value-based purchasing terms.

The legislature finds that two outcomes established by chapter 320, Laws of 2013 (Engrossed Substitute House Bill No. 1519) and chapter 338, Laws of 2013 (Second Substitute Senate Bill No. 5732) which are key to the integration of behavioral health into primary health networks are (1) reduction in client involvement with the criminal justice system; and (2) reduction in avoidable costs in jails and prisons. These outcomes reflect Washington's priorities to incentivize cross-system collaboration between health networks, government entities, and the criminal justice system; to emphasize prevention over crisis response; and to remove individuals whose offending is driven primarily by health status instead of criminality from the criminal justice system.

The legislature further finds that indicators since 2013 show worsening trends for interaction between persons with behavioral health disorders and the criminal justice system. According to data presented in October 2018 by the research and data administration of the department of social and health services, arrests of persons enrolled in public health with an identified mental health or substance use disorder condition increased by 67 percent during this five-year period, while the overall rate of arrest declined by 11 percent. According to the same data source, referrals for state mental health services related to competency to stand trial have increased by 64 percent, incurring substantial liability for the state in the case of *Trueblood v. Department of Social and Health Services*. The purpose of this act is to focus the health care authority's purchasing efforts on providing incentives to its contractors to reverse these trends and achieve the outcome of reduced criminal justice system involvement for public health system clients with behavioral health disorders.

Sec. 2. RCW 70.320.020 and 2017 c 226 s 8 are each amended to read as follows:

(1) The authority and the department shall base contract performance measures developed under RCW 70.320.030 on the following outcomes when contracting with service contracting entities: Improvements in client health status and wellness; increases in client participation in meaningful activities; reductions in client involvement with criminal justice systems; reductions in avoidable costs in hospitals, emergency rooms, crisis services, and jails and prisons; increases in stable housing in the community; improvements in client satisfaction with quality of life; and reductions in population-level health disparities.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under RCW 70.320.030, the authority and the department shall consider

expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5)(a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data has been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

(6)(a) The ((authority and department)) performance measures coordinating committee must establish ((#)): (i) A performance measure to be integrated into the statewide common measure set which tracks effective integration practices of behavioral health services in primary care settings; and (ii) performance measures which track rates of criminal justice system involvement among public health system clients with an identified behavioral health need including, but not limited to, rates of arrest and incarceration. The authority must set improvement targets related to these measures.

(b) The performance measures coordinating committee must report to the governor and appropriate committees of the legislature regarding the implementation of this subsection by July 1, 2022.

(c) For purposes of establishing performance measures as specified in (a)(ii) of this subsection, the performance measures coordinating committee shall convene a work group of stakeholders including the authority, medicaid managed care organizations, the department of corrections, and others with expertise in criminal justice and behavioral health. The work group shall review current performance measures that have been adopted in other states or nationally to inform this effort.

MESSAGE FROM THE HOUSE

April 7, 2021

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5253 with the following amendment(s): 5253-S2 AMH RDAN H1354.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this act is to implement the recommendations of the pollinator health task force created by section 3, chapter 353, Laws of 2019, entitled "Recommendations of the Pollinator Health Task Force - for Pollinator Health in Washington" (November 2020).

(2) The task force provided recommendations to help prioritize and enact policy changes for pollinators in Washington. The recommendations are organized under five broad categories: (a) Habitat; (b) pesticides; (c) education; (d) managed pollinators; and (e) research.

(3) The task force met for the first time the same week that the Asian giant hornet was first discovered in Washington and the week after the Houdini fly was also reported for the first time in Washington. Asian giant hornets primarily hunt honey bees and

destroy entire honey bee hives. The Houdini fly threatens native mason bee populations as well as managed mason bees. Washington is home to over 400 different species of native bees, 65 species of butterflies, as well as moths, wasps, beetles, flies, and hummingbirds. The loss of pollinators, managed and unmanaged, can lead to decreased yields of many fruits, nuts, and vegetables. Washington is currently the top producer in the United States of apples, sweet cherries, alfalfa, blueberries, and pears. In Washington state, honey bees and other pollinators are responsible for the production of tree fruits, small fruits, and other crops.

(4) The legislature intends by this act to implement various recommendations from the pollinator health task force to protect and expand the habitat upon which pollinators depend, by providing technical and financial assistance to public and private landowners, and by coordinating with state agencies and local governments in promoting practices to ensure sustainable, healthy populations of managed and native pollinators.

NEW SECTION. Sec. 2. A new section is added to chapter 43.23 RCW to read as follows:

(1) The department shall create and chair a pollinator health task force. The department shall appoint the members of the task force, which must include, but is not limited to, representatives of the following interests, organizations, and state agencies:

- (a) The conservation commission;
- (b) The department of natural resources;
- (c) The department of fish and wildlife;
- (d) The state parks and recreation commission;
- (e) The Washington state department of transportation;
- (f) The state noxious weed control board;
- (g) The tree fruit industry;
- (h) The seed industry;
- (i) The berry industry;
- (j) Other agricultural industries dependent upon pollinators;
- (k) Washington State University;
- (l) Pesticide distributors and applicators;
- (m) Conservation organizations;
- (n) Organizations representing beekeepers or apiarists;
- (o) A member of the public from west of the crest of the Cascade mountains; and
- (p) A member of the public from east of the crest of the Cascade mountains.

(2) One or more representatives of Washington tribes must also be invited to participate on the task force.

(3) One youth representative from an organization that encourages students to engage in agricultural education must also be invited to participate on the task force when available.

(4) The task force shall build upon existing pollinator research and pollinator habitat plans at the national and state level including, but not limited to, the state-managed pollinator plan, to assist with the development of an implementation plan to implement the state pollinator health strategy.

(5) The task force shall assist, as practicable, with implementation of the recommendations of the task force submitted to the legislature in November 2020.

(6) The department shall provide the implementation plan to the appropriate committees of the senate and house of representatives by December 31, 2021, in compliance with RCW 43.01.036. The implementation plan must include the task force's evaluation and development of protocols that would increase communications between beekeepers, farmers and growers, and pesticide applicators including, but not limited to, education and outreach to beekeepers, farmers and growers, and pesticide applicators.

(7) The department shall provide information related to implementation of the state pollinator health strategy and a

recommendation of whether to extend the task force beyond January 1, 2024, to the appropriate committees of the senate and house of representatives by December 1, 2022, in compliance with RCW 43.01.036.

(8) This section expires January 1, 2024.

Sec. 3. RCW 43.23.300 and 2019 c 353 s 2 are each amended to read as follows:

(1) The department shall establish a program to promote and protect pollinator habitat and the health and sustainability of pollinator species. As funds are made available, the program must provide technical and financial assistance to state agencies, local governments, and private landowners to implement practices that promote habitat for ~~((managed))~~ all pollinators, including native species, as well as beekeeper and grower best management practices. The program must be administered in coordination with the apiary program established in chapter 15.60 RCW, the honey bee commission authorized in chapter 15.62 RCW, and programs administered by the conservation commission and conservation districts.

(2) Subject to the availability of funds appropriated for this specific purpose, and in consultation with the department of fish and wildlife, the department must:

(a) Review, in consultation with Washington State University, education needs related to pollinator education and develop a plan that outlines the goals related to pollinator education and the necessary partners, personnel, and other resources;

(b) Evaluate and complete an analysis of critical impacts and needed best management practices for managed and wild pollinators. The department shall lead this effort in partnership with Washington State University, and in collaboration with the department of fish and wildlife and the state conservation commission. The effort must utilize the framework established in the state's managed pollinator protection plan as a guide for formal recommendations and education opportunities. The analysis must address food insecurities, habitat loss, virus and disease, pests, and pesticides, which may play a role in pollinator health decline. The department shall make the resources produced pursuant to this subsection available to the public on the department's website, as well as through Washington State University and the state's conservation districts;

(c) Document, in consultation with Washington State University, the bee species within the state and map their distributions as practicable;

(d) Provide economic and environmental impacts of weed listing and categorization on pollinator health to county noxious weed control boards in consultation with the state noxious weed control board and annually submit a report to the noxious weed control board describing pollinator health issues;

(e) Provide materials, where practicable and in consultation with Washington State University, about certification programs that support pollinator health, biodiversity, and low-impact pesticide application to the public;

(f) Educate the public through plant nurseries about the necessity for blooming nectar plants to be available to wild and managed pollinators throughout their respective active seasons;

(g) Survey registered beekeepers to determine whether the current apiary program should be expanded to include apiary inspections or registration of apiary yards;

(h) Continue and maintain partnership with federal agencies and neighboring states to promote and enhance the implementation of the national strategy to promote the health of honey bees and improve pollinator health;

(i) Increase the availability of pollinator-related resources on the department's website, as practicable, and other state agencies' websites as appropriate;

(j) Review guidelines on state-managed lands to protect native pollinators and improve transparency for state-managed land areas which may permit managed honey bees so that impacts to wild pollinators from honey bees may be minimized; and

(k) In consultation with the department of revenue, review the open space taxation act and provide recommendations to the legislature, in compliance with RCW 43.01.036, on options to include pollinator habitat in the current open space property tax classification.

NEW SECTION. Sec. 4. A new section is added to chapter 17.21 RCW to read as follows:

(1) The department shall continue to evaluate and update, as necessary, pesticide regulatory and education programs focused on measures to protect pollinator health. This work by the department, when appropriate, must be coordinated with Washington State University pesticide education programs to limit duplication and ensure consistent information sharing.

(2) Subject to the availability of amounts appropriated for this specific purpose, and in consultation with the department of fish and wildlife with regard to considerations for native pollinator species, the department must:

(a) Evaluate and adapt pesticide training and drift reduction technical assistance programs to include up-to-date protection measures for pollinators;

(b) Support Washington State University's pesticide education programs continued incorporation of pollinator protection measures during their training and certification classes, and coordinate on presented research, new protection measures, technological advancements, and any other significant science-based information;

(c) Coordinate with pollinator health staff in the department and at Washington State University to conduct investigations and share annual findings from pesticide-related investigations with the pollinator health task force;

(d) Evaluate and, if necessary, update the pesticide civil penalty matrix related to pollinator death or damage due to the misuse of pesticides and ensure pollinator health protections are included;

(e) When possible, the department must provide credits for pesticide courses focused on pollinator protection measures.

(3) By December 31, 2021, the department shall provide a report to the appropriate committees of the senate and house of representatives, in compliance with RCW 43.01.036, that includes recommendations for measures to mitigate the risks of harm to bees and other pollinators from the use of neonicotinoid pesticides and treated seeds. The department shall evaluate and incorporate the reviews scheduled for completion by the United States environmental protection agency during 2021, including recommended mitigation measures from that agency. The department shall also review neonicotinoid pesticide use restrictions and labeling requirements adopted in other states and include in the report any recommendations for adoption of similar requirements in this state.

Sec. 5. RCW 17.24.081 and 1991 c 257 s 12 are each amended to read as follows:

It shall be unlawful for a person to:

(1) Sell, offer for sale, or distribute a noxious weed or a plant or plant product or regulated article infested or infected with a plant pest declared by rule to be a threat to the state's forest, agricultural, horticultural, floricultural, or beekeeping industries or environment;

(2) Knowingly receive a noxious weed, or a plant, plant product, bees, bee hive or appliances, or regulated article sold, given away, carried, shipped, or delivered for carriage or shipment within this state, in violation of the provisions of this chapter or the rules adopted under this chapter;

(3) Fail to immediately notify the department and isolate and hold the noxious weed, bees, bee hives or appliances, plants or plant products, or other thing unopened or unused subject to inspection or other disposition as may be provided by the department, where the item has been received without knowledge of the violation and the receiver has become subsequently aware of the potential problem;

(4) Knowingly conceal or willfully withhold available information regarding an infected or infested plant, plant product, regulated article, or noxious weed;

(5) Introduce or move into this state, or to move or dispose of in this state, a plant, plant product, or other item included in a quarantine, except under rules as may be prescribed by the department, after a quarantine order has been adopted under this chapter against a place, nursery, orchard, vineyard, apiary, other agricultural establishment, county of this state, another state, territory, or a foreign country as to a plant pest, bee pest, or noxious weed or genetically engineered plant or plant pest organism, until such quarantine is removed;

(6) Introduce or move nonnative managed bumble bees into this state to be used in open-field agricultural use.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.30 RCW to read as follows:

The Washington State University extension program must develop a pollinator extension education and outreach program and develop a statewide, science-based, pollinator education plan to educate beekeepers, agricultural producers, land managers, licensed pesticide applicators, other professionals, and the public. The plan should emphasize pollinator best management practices for both native and managed species.

NEW SECTION. Sec. 7. A new section is added to chapter 39.04 RCW to read as follows:

If a public works project includes landscaping, at least 25 percent of the planted area must be pollinator habitat to the extent practicable. For purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees. The department of agriculture, in consultation with the conservation commission and the department of fish and wildlife, must develop a list of native forage plants that are pollen-rich or nectar-rich and beneficial for all pollinators, including honey bees.

Sec. 8. RCW 77.12.058 and 2019 c 353 s 8 are each amended to read as follows:

(2) The department must evaluate various restoration techniques with the goal of improving habitat for native pollinators. The department must update its riparian habitat recommendations to encourage development of pollinator habitat where practicable when making habitat improvements or for riparian restoration.

(3) For the purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department.

Sec. 9. RCW 89.08.620 and 2020 c 351 s 4 are each amended to read as follows:

(1) When prioritizing grant recipients, the commission, in consultation with the department of agriculture, Washington State University, the department of fish and wildlife, and the United

States department of agriculture natural resources conservation service, shall seek to maximize the benefits of the grant program by leveraging other state, nonstate, public, and private sources of money. The primary metrics used to rank grant applications must be made public by the commission.

(2) The grant program must prioritize or weight projects based on consideration of the individual project's ability to:

(a) Increase the quantity of organic carbon in topsoil through practices including, but not limited to, cover cropping, no-till and minimum tillage conservation practices, crop rotations, manure application, biochar application, compost application, and changes in grazing management;

(b) Increase the quantity of organic carbon in aquatic soils;

(c) Intentionally integrate trees, shrubs, seaweed, or other vegetation into management of agricultural and aquacultural lands, with preference for native vegetation where practicable and appropriate;

(d) Reduce or avoid carbon dioxide equivalent emissions in or from soils;

(e) Reduce nitrous oxide and methane emissions through changes to livestock or soil management; and

(f) Increase usage of precision agricultural practices.

(3) The commission shall develop and approve a prioritization metric to guide the distribution of funds appropriated by the legislature for this purpose, with the goal of producing cost-effective carbon dioxide equivalent impact benefits.

(4) Applicants that create riparian buffers along waterways, or otherwise benefit fish habitat, must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(5)(a) Applicants that create or maintain pollinator habitat must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(b) For the purposes of this subsection, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department of agriculture.

(6) The commission shall downgrade a specific grant proposal within its prioritization metric if the proposal is expected to cause significant environmental damage to fish and wildlife habitat.

NEW SECTION. Sec. 10. A new section is added to chapter 89.08 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the commission is authorized to develop an ongoing small grants program to provide funding to the conservation districts to educate residents and community groups in urban, suburban, and rural nonfarm areas about the value of habitat for both managed and native pollinators, and to provide the necessary technical and financial assistance and materials to create it.

(2) Educational efforts should include the benefits of habitat diversity, especially pollen-rich and nectar-rich flowering forbs and shrubs. Preference for pollinator plants should be given to native plants or noninvasive, nonnative plants.

(3) Planting projects should provide diverse native or nonnative, noninvasive plants of high quality for pollinator foraging, nesting, and overwintering, as determined by site suitability. Options may include, but are not limited to, bee or eco-lawns, flowering meadow gardens, xeriscaping, shrub plantings, tree plantings, rain gardens, riparian restoration, and other pollinator-friendly landscaping.

April 6, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5259 with the following amendment(s): 5259-S2.E AMH ENGR H1488.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that law enforcement transparency and accountability are vital in maintaining public trust. Data collection is one essential tool to allow the public, law enforcement, and policymakers to analyze the effectiveness of existing police practices, determine which policies and training work and do not work, and avoid unintended consequences by supporting policy decisions with clear and relevant data.

The legislature finds that creating a statewide data collection program that creates a publicly accessible database to track metrics will help to promote openness, transparency, and accountability, build stronger police-community relations, improve trust and confidence in policing services, evaluate specific areas of concern such as biased policing and excessive force, and ultimately improve the quality of policing services.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

(1) "Contractor" means the institution of higher education contracted with the office of the attorney general to implement the statewide use of force data program as provided in this chapter.

(5) "Substantial bodily harm" has the same meaning as in RCW 9A.04.110.

NEW SECTION. Sec. 3. (ii) At least three representatives from law enforcement agencies or organizations representing the interests of law enforcement in interacting and utilizing this data; and

(iii) At least one representative from the private sector or the public sector with experience in data collection programs, preferably law enforcement data collection.

(b) To ensure the advisory group has diverse and inclusive representation of those affected by its work, advisory group members whose participation in the advisory group may be hampered by financial hardship may apply for a stipend in an amount not to exceed \$100 for each day during which the member attends an official meeting of the advisory group or performs prescribed duties approved by the attorney general's office.

(2) By April 1, 2022, the advisory group shall submit to the attorney general its recommendations on the following elements:

(a) How to prioritize the implementation of the reporting, collection, and publication of the use of force data reports required in section 4(2) of this act;

(b) Additional incidents and data to be collected from law enforcement agencies on interactions between officers and the public, such as traffic stops, pedestrian stops, calls for services, arrests, vehicle pursuits, and disciplinary actions, as well as demographic information including race, ethnicity, and gender of a crime victim or victims. This recommendation should consider phased implementation, if necessary, based on current practices and available data as compared to additional practices and new data that would need to be implemented by law enforcement agencies;

(c) Recommend practices for law enforcement agencies to collect and report data to the contractor. To the greatest extent feasible, the reporting mechanisms for the program must include the opportunity for law enforcement agencies to submit the required data elements through incident reports or any other electronic means. The advisory group may also work to develop a standardized incident report that meets the data and reporting requirements of the statewide use of force data program for voluntary use by law enforcement agencies;

(d) Recommend practices for the public to report relevant information to the contractor directly, or its successor, including correcting misreported and otherwise incorrect data;

(e) Recommend practices for public, law enforcement, and academic access and use of program data that must include, at a minimum:

(i) Public access to deidentified raw and/or refined incident based data using an established open data standard, available online at no cost in a downloadable, machine-readable, nonproprietary format, redacted only as necessary to comply with the public records act (chapter 42.56 RCW) and the Washington state criminal records privacy act (chapter 10.97 RCW);

(ii) Publicly accessible online data dashboards that summarize and analyze the data, excluding personally identifiable information;

(iii) Interactive data visualization tools designed for law enforcement agencies and other entities to use the data for research, professional development, training, and management;

(iv) The ability to extract data from incident reports, or other electronic means, and officer narratives in order to standardize data across multiple agencies;

(v) Ensure protection and removal of all personally identifiable information of officers, subjects, and victims in any data or analyses that are publicly released; and

(vi) Semiannual reports, summarizing the data collected and any related analysis, published on the website and submitted to the legislature and governor by June 1st and December 1st of each year;

(f) Recommend practices for quality improvement, including periodically obtaining input from stakeholders about how the program can better meet the needs of the public and law enforcement;

(g) Recommend practices in the following areas:

(i) Analytical dashboards with individual officer details for use by law enforcement agencies as a risk management tool;

(ii) Agency level comparative dashboards for all law enforcement agencies in the state;

(iii) Incorporating available historical data to identify long-term trends and patterns; and

(iv) Analysis of data, using methodologies based in best practices or tested and validated in other jurisdictions, if possible, including, but not limited to, analysis of the data using legal algorithms based on available and applicable legal standards.

(3)(a) The office of the attorney general shall review the recommendations of the advisory group and approve or reject, in whole or in part, the recommendations. In reviewing the program recommendations, the office of the attorney general shall consider:

(i) Available funding to achieve the recommendations;

(ii) Prioritizing the implementation of the reporting, collection, and publication of the use of force data reports in section 4(2) of this act;

(iii) The interests of the public in accessing information in a transparent and expedient manner. In considering the interests of the public, the advisory board shall accept and consider comments from impacted family members or their designees;

(iv) The institutional operations and demands of law enforcement agencies through input and comments from the criminal justice training center and local law enforcement agencies.

(b) For any recommendation that was rejected, in part or in full, the advisory group may submit revised recommendations for consideration by the office of the attorney general in accordance with any deadlines established by the office. The office of the attorney general may also approve recommendations subject to the legislature appropriating the funding necessary for their implementation.

(c) The office of the attorney general may not approve any recommendation that requires any law enforcement agency to disclose information that would jeopardize an active criminal investigation, confidential informant, or intelligence information.

(4) The approved recommendations and the requirements contained in section 4 of this act constitute the statewide use of force data program.

(5) This section expires January 1, 2023.

MESSAGE FROM THE HOUSE

April 10, 2021

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5287 with the following amendment(s): 5287-S2.E AMH ENGR H1430.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.14.005 and 2007 c 430 s 1 are each amended to read as follows:

(1) The legislature finds:

((1)) (a) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units, including affordable housing units, to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, affordable, and livable places to live were available;

((2)) (b) That the development of additional and desirable residential units, including affordable housing units, in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable mixed income residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

((3)) (c) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking a sufficient variety of residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities, including affordable housing

opportunities, within urban centers through a tax incentive as provided by this chapter.

(2) Therefore, the legislature intends to achieve multiple goals by incentivizing the development of multiple-unit housing including creating additional affordable housing, encouraging urban development and density, increasing market rate workforce housing, developing permanently affordable housing opportunities, promoting economic investment and recovery, and creating family-wage jobs.

Sec. 2. RCW 84.14.010 and 2017 c 52 s 16 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means residential housing that is rented by a person or household whose monthly housing costs, including utilities other than telephone, do not exceed thirty percent of the household's monthly income. For the purposes of housing intended for owner occupancy, "affordable housing" means residential housing that is within the means of low or moderate-income households.

(2) "Campus facilities master plan" means the area that is defined by the University of Washington as necessary for the future growth and development of its campus facilities for campuses authorized under RCW 28B.45.020.

~~((9))~~ (8) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development. ~~((For cities located in high cost areas, "low income household" means a household that has an income at or below one hundred percent of the median family income adjusted for family size, for the county where the project is located.~~

~~((10))~~ (9) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than eighty percent but is at or below one hundred fifteen percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development. ~~((For cities~~

~~located in high-cost areas, "moderate-income household" means a household that has an income that is more than one hundred percent, but at or below one hundred fifty percent, of the median family income adjusted for family size, for the county where the project is located.~~

~~((14))~~ (10) "Multiple-unit housing" means a building or a group of buildings having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. ~~((17))~~ (16) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

~~((18))~~ (17) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

Sec. 3. RCW 84.14.020 and 2020 c 237 s 2 are each amended to read as follows:

(1)(a) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows:

(i) For properties for which applications for certificates of tax exemption eligibility are submitted under this chapter before July 22, 2007, the value is exempt for ten successive years beginning January 1 of the year immediately following the calendar year of issuance of the certificate; ~~((and))~~

(ii) For properties for which applications for certificates of tax exemption eligibility are submitted under this chapter on or after July 22, 2007, the value is exempt:

(A) For eight successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate; ~~((or))~~

(B) For twelve successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption

under this chapter and meets the conditions in this subsection (1)(a)(ii)(B). For the property to qualify for the twelve-year exemption under this subsection, the applicant must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households, and the property must satisfy that commitment and any additional affordability and income eligibility conditions adopted by the local government under this chapter. In the case of projects intended exclusively for owner occupancy, the minimum requirement of this subsection (1)(a)(ii)(B) may be satisfied solely through housing affordable to moderate-income households; or

(C) For 20 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(ii)(C). For the property to qualify for the 20-year exemption under this subsection, the project must be located within one mile of high capacity transit of at least 15 minute scheduled frequency, in a city that has implemented, as of the effective date of this section, a mandatory inclusionary zoning requirement for affordable housing that ensures affordability of housing units for a period of at least 99 years and that has a population of no more than 65,000 as measured on the effective date of this section. To qualify for the exemption provided in this subsection (1)(a)(ii)(C), the applicant must commit to renting at least 20 percent of the dwelling units as affordable to low-income households for a term of at least 99 years, and the property must satisfy that commitment and all required affordability and income eligibility conditions adopted by the local government under this chapter. A city must require the applicant to record a covenant or deed restriction that ensures the continuing rental of units subject to these affordability requirements consistent with the conditions in this subsection (1)(a)(ii)(C) for a period of no less than 99 years. The covenant or deed restriction must also address criteria and policies to maintain public benefit if the property is converted to a use other than which continues to provide for permanently affordable low-income housing consistent with this subsection (1)(a)(ii)(C); and

(iii) Until December 31, 2026, for a city as defined in RCW 84.14.010(3)(d), for 12 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(iii). For the property to qualify for the 12-year exemption under this subsection, the applicant must commit to renting or selling at least 20 percent of the multifamily housing units as affordable housing units to low and moderate-income households, the property must satisfy that commitment and any additional affordability and income eligibility conditions adopted by the local government under this chapter, and the area must be zoned to have an average minimum density equivalent to 15 dwelling units or more per gross acre, or for cities with a population over 20,000, the area must be zoned to have an average minimum density equivalent to 25 dwelling units or more per gross acre. In the case of projects intended exclusively for owner occupancy, the minimum requirement of this subsection (1)(a)(iii) may be satisfied solely through housing affordable to low-income or moderate-income households.

(b) The exemptions provided in (a)(i) ~~((and (ii)))~~ through (iii) of this subsection do not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(c) For properties receiving an exemption as provided in (a)(ii)(B) of this subsection that are in compliance with existing contracts and where the certificate of tax exemption is set to expire after June 11, 2020, but before December 31, 2021, the

NINETY FOURTH DAY, APRIL 14, 2021

2021 REGULAR SESSION

exemption is extended until December 31, 2021, provided that the property must satisfy any eligibility criteria or limitations provided in this chapter as a condition to the existing exemption for a given property continue to be met. For all properties eligible to receive an extension pursuant to this subsection (1)(c), the city or county that issued the initial certificate of tax exemption, as required in RCW 84.14.090, must notify the county assessor and the applicant of the extension of the certificate of tax exemption.

(2) When a local government adopts guidelines pursuant to RCW 84.14.030(2) and includes conditions that must be satisfied with respect to individual dwelling units, rather than with respect to the multiple-unit housing as a whole or some minimum portion thereof, the exemption may, at the local government's discretion, be limited to the value of the qualifying improvements allocable to those dwelling units that meet the local guidelines.

(3) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(4) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(5) At the conclusion of the exemption period, the ~~((new or rehabilitated housing cost shall))~~ value of the new housing construction, conversion, or rehabilitation improvements must be considered as new construction for the purposes of ~~((chapter 84.55 RCW))~~ chapters 84.55 and 36.21 RCW as though the property was not exempt under this chapter.
