POINT OF INQUIRY

Senator Saldaña: "Well I mean I think we have to look at the definitions and the and the specificity I mean the jobs for instance overburden community means a geographic area we're vulnerable populations face combined multiple environmental harms and health impacts and my apologies Mr. President for not asking first to be able to read the definitions in the underlying bill. May I proceed?"

President Heck: "Please proceed."

Senator Saldaña: "Thank you. And so, it's so vulnerable populations face combined multiple environmental harms and health impacts and includes but is not limited to highly impacted communities as defined in RCW 19.405.020. I think it's important for the benefit to be considered in terms of does it add more environmental health impacts and does it add communal impacts and so that would be part of the conversation as they are setting up criteria for that benefit so I'm not sure because we've pushed this out and they will report back to us about specifics around significant agency actions about which programs will be included I think it's a little premature for me to be able to definitively answer Senator Short's question but I do hope that it's clear that if it's identified benefit from that community that that is something that would take precedent in how they think about the programs and policies."

PERSONAL PRIVILEGE

I would just like to recognize for the body that today is the anniversary of the first Covid death in our state and the date that we declared an emergency a year ago and just take a couple moments to think back on the challenges we have faced over the course of the last year. Of course, the tragic death of many of our fellow citizens and residents, but also some of the successes. I mean we started this knowing very little about the Covid virus and even once we started to get more data there were certainly different interpretations of how best to use that data. But, nonetheless, Mr. President, I think we should be proud of the people of the state of Washington, that broadly they have made good choices to protect their families and their neighbors, their employees and their customers, and while we certainly have challenges ahead of us Mr. President and in particular, I think we have a big challenge in getting our children back into school, in the classroom, and catch up on the learning loss. Nonetheless, I, I think we have done well overall, and we should, we should celebrate that success, recognize where we have got it wrong, and take action to learn from that. Cause I think you know if anyone was to take, no one would take the bet that we won't have something that this happen in the future, and we should prepare. I just want to take a moment to remind folks where we've been over the last year and a and help us think about where it might take us in the future. Thank you, Mr. President."

REMARKS BY THE PRESIDENT

President Heck: "Senator, the President would also like to remind the members of the body that today is both officially and unofficially recognized as national "x" day, fill in the "x" for about eight different categories. (2)(a) Beginning in 2024, and every other year thereafter, or at the petition of a producer or the plastic packaging industry but not more than annually, the department shall consider whether the minimum postconsumer recycled content requirements established under subsection (1) of this section should be reduced. The department must consider a petition from the plastic packaging industry within 60 days of receipt and must issue a written response. A denial in part or whole of the petition must be accompanied by a written explanation and findings to each of the petition's claims. The department may consider all petitions received as part of the same agency action or proceeding.

(b) If the department determines that a minimum postconsumer recycled content requirement should be adjusted, the adjusted rate must be in effect until a new determination is made or upon the expiration of the minimum postconsumer recycled content requirement's effective period, whichever occurs first. The department may not adjust the minimum postconsumer recycled content requirements above the applicable minimum postconsumer recycled content percentage for the applicable compliance period, as established in subsection (1) of this section. The department may not adjust the minimum postconsumer recycled content requirements below the lowest applicable material compliance level set in subsection (1) of this section. In making a determination to adjust the minimum postconsumer recycled content requirements, the department must at least consider the following:

(i) Changes in market conditions, including supply and demand for postconsumer recycled plastics, collection rates, and bale availability;

(ii) Recycling rates;

(iii) The availability of recycled plastic suitable to meet the minimum postconsumer recycled content requirements;

(iv) The capacity of recycling or processing infrastructure;

(v) The progress made by plastic packaging manufacturers in meeting the requirements of this section; and

2021 REGULAR SESSION

(vi) The carbon footprint of the recycled resin.

(3) A producer, the plastic packaging industry, or a plastic packaging manufacturer may appeal adjustments to the requirement for minimum postconsumer recycled content as determined under subsections (1) and (2) of this section to the pollution control hearings board within 30 days of the department's determination.

(4) A producer that does not meet the minimum postconsumer recycled content requirements established in subsection (1) of this section is subject to a fee established in section 5 of this act.

(5) The department may grant a reduction in fees to a producer of plastic packaging. In determining whether to grant the reduction, the department shall consider, at a minimum, all of the following factors:

- (a) Anomalous market conditions;
- (b) Disruption in, or lack of supply of, recycled plastics;
- (c) Other factors that have prevented a producer from meeting the requirements; and
- (d) Other factors that have prevented a producer from meeting the requirement including, but not limited to, state or federal laws, rules, or regulations.

(6)(a) In order to receive a reduction of the fee, a producer shall submit to the department a corrective action plan detailing the reasons why the producer will fail to meet or has failed to meet the minimum postconsumer recycled content standard and the steps the producer will take to comply with the minimum postconsumer recycled content standard within the next reporting year. The department may approve the corrective action plan and must reduce fees on a producer once it approves the corrective action plan and the producer implements the plan.

(b) The department must provide a written explanation for a decision to approve or deny a corrective action plan, including:

- (i) Factors or standards used by the department in reviewing a corrective action plan;
- (ii) An explanation of how the department applied standards or factors under (b)(i) of this subsection to the corrective action plan;
- (iii) An explanation of actions a producer can take in a future corrective action plan to reduce fees or other compliance requirements; and
- (iv) An explanation of the methodology used by the department to determine the fee.

(c) The department shall provide technical assistance and an opportunity for a plastic packaging producer to update a corrective action plan before issuing fees.

(d) Fees accrue from the point of noncompliance with the minimum postconsumer recycled content standard if the department disapproves the corrective action plan or if the producer fails to implement the plan.

NEW SECTION. Sec. 4. (1)(a) By March 1, 2022, and annually thereafter, a producer must report to the department, in pounds and by resin type, the amount of virgin plastic and postconsumer recycled plastic used for plastic packaging subject to postconsumer recycled content requirements under section 3 of this act that is sold, offered for sale, or distributed in Washington state in the previous calendar year.

(b) The department must post aggregated information for all producers reported under this subsection on its website.

(c) A producer may submit national data allocated on a per capita basis for Washington to approximate the information required in this subsection if the producer demonstrates to the department that state level data is not available or feasible to generate.

(2) The department may: (a) Conduct audits and investigations for the purpose of ensuring compliance with this section based on the information reported under subsection (1) of this section; and

(b) adopt rules to implement, administer, and enforce the requirements of this chapter.

(3) The department shall keep confidential all business trade secrets and proprietary information about manufacturing processes and equipment that the department gathers or becomes aware of through the course of conducting audits or investigations pursuant to this chapter.

NEW SECTION. Sec. 5. (1) Beginning July 1, 2023, a producer that does not meet the minimum postconsumer recycled content requirements across a producer's entire product line for plastic packaging sold, offered for sale, or distributed in Washington as established under section 3 of this act, based upon the amount in pounds and in the aggregate, is subject to an annual fee.

(2) Beginning July 1, 2023, the department may assess fees for violations.

(3)(a)(i) The annual administrative fee amount assessed to a producer must equal the product of both of the following: The total pounds of plastic used multiplied by the relevant minimum postconsumer recycled plastic target percentage, less the pounds of total plastic multiplied by the percent of postconsumer recycled plastic used; multiplied by 20 cents.

(ii) Example: [(Total pounds of plastic used x minimum postconsumer recycled plastic target percentage) – (Total pounds of plastic used x postconsumer recycled plastic percentage used)] x 20 cents.

(iii) The department may structure fees to result in lower fees for producers that achieve partial compliance or as prescribed under section 3 (5) or (6) of this act.

(b) The fee structure implemented must be estimated to raise no less than \$5,000,000 per biennium and no more than \$10,000,000 per biennium.

(c) If the department estimates that fee revenue will fall below the range established in (b) of this subsection, the department must implement a base fee of 20 cents per pound and publish an estimate of revenue expected to be raised by the fee in the report required by subsection (4) of this section. The department may lower fees for individual producers under section 3 (5) or (6) of this act.

(4) Beginning January 1, 2023, the department must publish an annual report containing an annual estimate of the revenue estimated to be raised by the fee, the amounts and quantities of plastic packaging subject to the fee, and the number of producers currently and expected to be in compliance with section 3 of this act.

(5) A producer must:

- (a) Pay to the department assessed fees in quarterly installments; or
- (b) Arrange an alternative payment schedule subject to the approval of the department.

(6) A producer may appeal fees assessed under this section to the pollution control hearings board within 30 days of assessment.

(7) A producer shall pay the fees assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 4 of this act in the form and manner prescribed by the department.

(8) The department shall not spend more than 10 percent of the collected fees on administration or enforcement of this chapter.

NEW SECTION. Sec. 6. (1) The recycling improvement account is created in the state treasury. All receipts from the fee imposed on plastic packaging in section 5 of this act must be deposited in the account. However, until June 30, 2024, \$1,000,000 from the fee imposed on plastic packaging in section 5 of this act must be deposited in the waste reduction, recycling, and litter control account created in RCW 70A.200.140, with the

remainder deposited in the recycling improvement account. Moneys in the account may be spent only after appropriation.

(2)(a) One hundred percent of the expenditures from the account must be used for distributions by the department to cities and counties that are eligible for financial assistance under RCW 70A.205.080 for the purposes specified in (b) of this subsection, and for the department's administration of this chapter.

(b)(i) Cities and counties must use all funds received under this section for the development and implementation of:

(A) Actions or investments to improve recycling infrastructure and the recyclability of plastic packaging through curbside recycling programs;

(B) Depots or collection points for plastics not effectively collected or processed through curbside programs; and

(C) Solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70A.205 RCW.

(ii) In adopting rules governing the distribution of funds under this subsection, the department may incorporate the fund prioritization criteria and process adopted by the department under RCW 70A.205.080. The rules adopted by the department must distribute funds to counties based on the population of the county, after distributing a set minimum amount to each county.

(iii) The department shall develop rules governing the distribution of funds under this section in conjunction with an advisory committee convened by the department that includes five members appointed by the Washington association of county solid waste managers and five members appointed by the Washington state association of local public health officials. These rules must include a requirement that local governments annually report to the department on how the funds are used to improve plastics recycling infrastructure and the recyclability of plastic packaging. These reports must be posted on the department's public website.

NEW SECTION. Sec. 7. (1) Until January 1, 2032, the department shall exempt the following plastic packaging from the provisions of sections 3 through 5 and 12 through 14 of this act:

(a) Plastic packaging and food serviceware provided for the purpose of serving prepared food: (i) Via a drive through; (ii) in a packaged form for takeout or takeaway; or (iii) from food trucks, stands, delis, or kiosks that may or may not provide shelter or seating for consumers;

(f) Plastic packaging containers that are manufactured for use in the shipment of hazardous materials and are prohibited from

being manufactured with used material by federal packaging material specifications and testing standards set forth in 49 C.F.R. Secs. 178.509 and 178.522, or are subject to testing standards set forth in 49 C.F.R. Secs. 178.600 through 178.609, inclusive, or to which recommendations of the United Nations on the transport of dangerous goods are applicable;

(3) By January 1, 2030, the department shall convene a stakeholder work group that includes representation from all relevant stakeholders to reevaluate exemptions included in this section. The work group shall make recommendations and the department may adopt exemptions by rule.

NEW SECTION. Sec. 8. (1) A city, town, county, or municipal corporation may not implement local recycled content requirements for plastic packaging that are inconsistent with minimum postconsumer recycled content as required under section 3 of this act.

(b) A beverage manufacturer that is assessed a penalty pursuant to this section may pay the penalty to the department in quarterly installments or arrange an alternative payment schedule subject to the approval of the department, not to exceed a 12-month payment plan unless an extension is needed due to unforeseen circumstances, such as a public health emergency, state of emergency, or natural disaster.

(2) Beginning June 1, 2024, and annually thereafter, the department shall invoice any assessed penalty for the previous calendar year based on the postconsumer recycled content requirement of the previous calendar year. The department shall calculate the amount of the penalty based upon the amounts in pounds in the aggregate of virgin plastic, postconsumer recycled content plastic, and any other plastic used by the beverage manufacturer to produce beverage containers sold or offered for sale in the state, in accordance with the following:

(a)(i) The annual penalty amount assessed to a beverage manufacturer must equal the product of both of the following: The total pounds of plastic used multiplied by the relevant minimum postconsumer recycled plastic target percentage, less the pounds of total plastic multiplied by the percent of postconsumer recycled plastic used; multiplied by 20 cents.

(A) Anomalous market conditions;

(B) Disruption in, or lack of supply of, recycled plastics; and

(C) Other factors that have prevented a beverage manufacturer from meeting the requirements.

(b) In lieu of or in addition to assessing a penalty under this section, the department may require a beverage manufacturer to submit a corrective action plan detailing how the beverage manufacturer plans to come into compliance with section 3 of this act.

(4) A beverage manufacturer shall pay the penalty assessed pursuant to this section, as applicable, based on the information reported to the department as required under section 4 of this act in the form and manner prescribed by the department.

(5) A beverage manufacturer may appeal the penalty assessed under this section to the pollution control hearings board within 30 days of assessment.

(10) "Family leave" means any leave taken by an employee from work:

(a) To participate in providing care, including physical or psychological care, for a family member of the employee made necessary by a serious health condition of the family member;

(b) To bond with the employee's child during the first twelve months after the child's birth, or the first twelve months after the placement of a child under the age of eighteen with the employee; or

(c) Because of any qualifying exigency as permitted under the federal family and medical leave act, 29 U.S.C. Sec. 2612(a)(1)(E) and 29 C.F.R. Sec. 825.126(b)(1) through (9), as they existed on October 19, 2017, for family members as defined in subsection ~~((40))~~ (11) of this section.

(11) "Family member" means a child, grandchild, grandparent, parent, sibling, or spouse of an employee, and also includes any individual who regularly resides in the employee's home or where the relationship creates an expectation that the employee care for the person, and that individual depends on the employee for care.

(12) "Grandchild" means a child of the employee's child.

(13) "Grandparent" means a parent of the employee's parent.

(14) "Health care provider" means: (a) A person licensed as a physician under chapter 18.71 RCW or an osteopathic physician and surgeon under chapter 18.57 RCW; (b) a person licensed as an advanced registered nurse practitioner under chapter 18.79 RCW; or (c) any other person determined by the commissioner to be capable of providing health care services.

(17) "Parent" means the biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse, or an individual who stood in loco parentis to an employee when the employee was a child.

serious health condition, treatment of that condition or recovery from it, or subsequent treatment in connection with such inpatient care.

(19) "Premium" or "premiums" means the payments required by RCW 50A.10.030 and paid to the department for deposit in the family and medical leave insurance account under RCW 50A.05.070.

(20) "Qualifying period" means the first four of the last five completed calendar quarters or, if eligibility is not established, the last four completed calendar quarters immediately preceding the application for leave.

(21)(a) "Remuneration" means all compensation paid for personal services including commissions and bonuses and the cash value of all compensation paid in any medium other than cash.

(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, is considered remuneration for the period to which it is assigned. Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Remuneration also includes settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an individual written employment contract prior to its expiration date. The proceeds are deemed assigned in the same intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Remuneration does not include:

(i) The payment of tips;

(ii) Supplemental benefit payments made by an employer to an employee in addition to any paid family or medical leave benefits received by the employee; or

(iii) Payments to members of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.

(22)(a) "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:

(i) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

(ii) Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes any one or more of the following:

(A) A period of incapacity of more than three consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:

(I) Treatment two or more times, within thirty days of the first day of incapacity, unless extenuating circumstances exist, by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services, such as a physical therapist, under orders of, or on referral by, a health care provider; or

(II) Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider;

(B) Any period of incapacity due to pregnancy, or for prenatal care;

(C) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:

(I) Requires periodic visits, defined as at least twice a year, for treatment by a health care provider, or by a nurse under direct supervision of a health care provider;

(II) Continues over an extended period of time, including recurring episodes of a single underlying condition; and

(III) May cause episodic rather than a continuing period of incapacity, including asthma, diabetes, and epilepsy;

(D) A period of incapacity which is permanent or long term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider, including Alzheimer's, a severe stroke, or the terminal stages of a disease; or

(E) Any period of absence to receive multiple treatments, including any period of recovery from the treatments, by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for: (I) Restorative surgery after an accident or other injury; or (II) a condition that would likely result in a period of incapacity of more than three consecutive, full calendar days in the absence of medical intervention or treatment, such as cancer, severe arthritis, or kidney disease.

(b) The requirement in (a)(i) and (ii) of this subsection for treatment by a health care provider means an in-person visit to a health care provider. The first, or only, in-person treatment visit must take place within seven days of the first day of incapacity.

(c) Whether additional treatment visits or a regimen of continuing treatment is necessary within the thirty-day period shall be determined by the health care provider.

(d) The term extenuating circumstances in (a)(ii)(A)(I) of this subsection means circumstances beyond the employee's control that prevent the follow-up visit from occurring as planned by the health care provider. Whether a given set of circumstances are extenuating depends on the facts. For example, extenuating circumstances exist if a health care provider determines that a second in-person visit is needed within the thirty-day period, but the health care provider does not have any available appointments during that time period.

(e) Treatment for purposes of (a) of this subsection includes, but is not limited to, examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not include routine physical examinations, eye examinations, or dental examinations. Under (a)(ii)(A)(II) of this subsection, a regimen of continuing treatment includes, but is not limited to, a course of prescription medication, such as an antibiotic, or therapy requiring special equipment to resolve or alleviate the health condition, such as oxygen. A regimen of continuing treatment that includes taking over-the-counter medications, such as aspirin, antihistamines, or salves, or bed rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of this title.

(f) Conditions for which cosmetic treatments are administered, such as most treatments for acne or plastic surgery, are not serious health conditions unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, and periodontal disease are examples of conditions that are not serious health conditions and do not qualify for leave under this title. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this section are met. Mental illness resulting from stress or allergies

may be serious health conditions, but only if all the conditions of this section are met.

(g)(i) Substance abuse may be a serious health condition if the conditions of this section are met. However, leave may only be taken for treatment for substance abuse by a health care provider or by a licensed substance abuse treatment provider. Absence because of the employee's use of the substance, rather than for treatment, does not qualify for leave under this title.

(ii) Treatment for substance abuse does not prevent an employer from taking employment action against an employee. The employer may not take action against the employee because the employee has exercised his or her right to take medical leave for treatment. However, if the employer has an established policy, applied in a nondiscriminatory manner that has been communicated to all employees, that provides under certain circumstances an employee may be terminated for substance abuse, pursuant to that policy the employee may be terminated whether or not the employee is presently taking medical leave. An employee may also take family leave to care for a covered family member who is receiving treatment for substance abuse. The employer may not take action against an employee who is providing care for a covered family member receiving treatment for substance abuse.

(h) Absences attributable to incapacity under (a)(ii)(B) or (C) of this subsection qualify for leave under this title even though the employee or the family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three consecutive, full calendar days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

(26) "Supplemental benefit payments" means payments made by an employer to an employee as salary continuation or as paid time off. Such payments must be in addition to any paid family or medical leave benefits the employee is receiving.

(27) "Typical workweek hours" means:

(a) For an hourly employee, the average number of hours worked per week by an employee within the qualifying period; and

(b) Forty hours for a salaried employee, regardless of the number of hours the salaried employee typically works.

(28) "Wage" or "wages" means:

(a) For the purpose of premium assessment, the remuneration paid by an employer to an employee. The maximum wages subject to a premium assessment are those wages as set by the commissioner under RCW 50A.10.030;

(b) For the purpose of payment of benefits, the remuneration paid by one or more employers to an employee for employment during the employee's qualifying period. At the request of an employee, wages may be calculated on the basis of remuneration payable. The department shall notify each employee that wages are calculated on the basis of remuneration paid, but at the employee's request a redetermination may be performed and based on remuneration payable; and

(c) For the purpose of a self-employed person electing coverage under RCW 50A.10.010, the meaning is defined by rule.

NEW SECTION. **Sec. 3.** (1) The employment security department must collaborate with the paid family and medical leave advisory committee to collect and analyze disaggregated data relating to employment protections under Title 50A RCW.

It will also include available employee demographic information, including data broken out by race and gender; and

(d) The lengths of leave employees took for different purposes, broken out between employers with 50 or more employees and employers with fewer than 50 employees, whether the employee appeared on subsequent quarterly premium reports after leave had been completed, by employment sector, and by employee earnings level. SENATE BILL NO. 5328, by Senators Lovelett, Dhingra, Darneille, Das, Frockt, Nguyen, Nobles, and Wilson, C.

Concerning clubhouses for persons with mental illness.

The measure was read the second time.

MOTION

Senator Lovelett moved that the following striking floor amendment no. 352 by Senator Lovelett be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) A clubhouse is a member organization where people living with mental illness can find fellowship, hope, opportunity, and recovery. Clubhouse programs offer vocational training, wellness programs, employment opportunities, participative community, and an end to isolation for persons whose lives have been severely disrupted by mental illness.

(2) Strong evidence supports the clubhouse model when implemented with fidelity. The most effective clubhouses obtain development training, support, and accreditation through clubhouse international.

(3) Washington state supports several clubhouse programs using general fund dollars, but can go farther to help clubhouses gain access to medicaid funds while allowing them to maintain fidelity to evidence-based models. As a result, clubhouse programs receive insufficient funding and support, which prevents these programs from spreading widely throughout the state or reaching their full potential to assist persons with mental illness to find community and new purpose in recovery. Similar issues are confronted in Washington state by other peer-run organizations.

(4) Assisting clubhouses and peer-run organizations to access sustainable medicaid and nonmedicaid funding while remaining true to their evidence-based models and essential character as clubhouses and peer-run organizations requires careful attention to detail, ranging from the level of the design of the state medicaid plan to the design and enforcement of regulations for the licensure and operations of clubhouses and peer-run organizations by the department of health. The state must provide a streamlined behavioral health agency licensing process which is tailored for clubhouses and other peer-run organizations. Regulations for medicaid services provided in a clubhouse or peer-run organization should be adapted to allow these entities to leverage federal funding to the extent possible while allowing them to maintain fidelity to their evidence-based models and essential character as clubhouses and peer-run organizations. In the case of clubhouses, funding should be structured to provide incentives and support for the clubhouses to move towards accreditation by clubhouse international.

NEW SECTION. Sec. 2. A new section is added to chapter 71.24 RCW to read as follows:

Subject to the availability of amounts provided for this specific purpose, the authority shall:

(1) Make sufficient funding available to establish clubhouse services in every region of the state provided by a clubhouse which is accredited by clubhouse international or in the process of pursuing accreditation by that body;

(2) Establish a learning collaborative to assist clubhouses and peer-run organizations to achieve fidelity to appropriate evidence-based models;

REMARKS BY THE PRESIDENT

President Heck: "Before we get into this debate, the President would like to note that the content of this bill is similar to that of one we dealt with last week. That was very challenging and difficult and shouldn't really surprise anybody when you consider the fact that this is a difficult and challenging subject matter and discussion in this country. We're emblematic of that. Concentrated form of it. But here's what's different, here are we, here we are guided by precedent, rulings, rules in Reeds. It is timely to note a couple. Reeds Rule no. 216 says that all debate should be relevant confined to the subject to debate. It goes on however to say the patient presiding officer and a good-natured assembly can do much to confine debate to its proper channels. The best course for a presiding officer in most cases is to interfere only when the irrelevancy is very great and is leading to confusion. Latitude will be granted. At the same time our own rules, adopted by this body, provide that debate shall be courteous. A good word for courteous is respectful. A good rule of thumb is if you have to ask yourself this if is this courteous or not is it probably isn't. The presiding officer could have done a better job last week. I will try harder. I respectfully request that each of you do as well."

PERSONAL PRIVILEGE

Senator Padden: "Thank you Mr. President and having participated in this last debate something became very apparent to me and I want to thank, Mr. President, the work of LEG-TECH, our leaders in both caucus for their work and trying to handle a virtual session. But Mr. President, a hundred and fifty, hundred and sixty thousand residents of the 42nd District were disenfranchised during this debate due to technical problems and the inability of the good senator, Senator Doug Erickson, from being able to participate in the debate. Earlier in the session the good lady from the 27th District, Senator Darneille, was unable to participate and also today we ended up with a thumbs up rather than a verbal vote by our friend Senator Sam Hunt from the 22nd District. In addition to all that, virtually, I wouldn't say every talk, but maybe every third talk there is at least a slight audio interruption and that's even happened sometimes Mr. President when you were speaking. Now I thank LEG-TECH for all the work they've done but I really believe Mr. President the time has come, our caseload is cratering downward, the vaccination rate is going up, other states are..."

REMARKS BY THE PRESIDENT

President Heck: "Senator Padden, the President has allowed you considerable latitude here for what is not, in the President's opinion, a point of personal privilege. Your point nonetheless about the challenges and difficulties that beset us through this mechanism of conducting a legislative session are well taken. We will double down, if that were possible, on our efforts to assure that they are absolutely minimized. I do thank you for your remarks sir."

MOTION

Senator Kuderer moved that the following floor amendment no. 235 by Senator Kuderer be adopted:

On page 21, after line 12, insert the following:

"Sec. 15. RCW 59.18.410 and 2020 c 315 s 5 are each amended to read as follows:

(1) If at trial the verdict of the jury or, if the case is tried without a jury, the finding of the court is in favor of the landlord and against the tenant, judgment shall be entered for the restitution of the premises; and if the proceeding is for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement, or tenancy. The jury, or the court, if the proceedings are tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the landlord by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved at trial, and, if the alleged unlawful detainer is based on default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the tenant liable for the forcible entry, forcible detainer, or unlawful detainer for the amount of damages thus assessed, for the rent, if any, found due, and late fees if such fees are due under the lease and do not exceed seventy-five dollars in total. The court may award statutory costs. The court may also award reasonable attorneys' fees as provided in RCW 59.18.290.

(2) When the tenant is liable for unlawful detainer after a default in the payment of rent, execution upon the judgment shall not occur until the expiration of five court days after the entry of the judgment. Before entry of a judgment or until five court days have expired after entry of the judgment, the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court or to the landlord the amount of the rent due, any court costs incurred at the time of payment, late fees if such fees are due under the lease

and do not exceed seventy-five dollars in total, and attorneys' fees if awarded, in which event any judgment entered shall be satisfied and the tenant restored to his or her tenancy. If the tenant seeks to restore his or her tenancy after entry of a judgment, the tenant may tender the amount stated within the judgment as long as that amount does not exceed the amount authorized under subsection (1) of this section. If a tenant seeks to restore his or her tenancy and pay the amount set forth in this subsection with funds acquired through an emergency rental assistance program provided by a governmental or nonprofit entity, the tenant shall provide a copy of the pledge of emergency rental assistance provided from the appropriate governmental or nonprofit entity and have an opportunity to exercise such rights under this subsection, which may include a stay of judgment and provision by the landlord of documentation necessary for processing the assistance. The landlord shall accept any pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity before the expiration of any pay or vacate notice for nonpayment of rent for the full amount of the rent owing under the rental agreement. The landlord shall accept any written pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity after the expiration of the pay or vacate notice if the pledge will contribute to the total payment of both the amount of rent due, including any current rent, and other amounts if required under this subsection. The landlord shall suspend any court action for seven court days after providing necessary payment information to the nonprofit or governmental entity to allow for payment of the emergency rental assistance funds. By accepting such pledge of emergency rental assistance, the landlord is not required to enter into any additional conditions not related to the provision of necessary payment information and documentation. If a judgment has been satisfied, the landlord shall file a satisfaction of judgment with the court. A tenant seeking to exercise rights under this subsection shall pay an additional fifty dollars for each time the tenant was reinstated after judgment pursuant to this subsection within the previous twelve months prior to payment. If payment of the amount specified in this subsection is not made within five court days after the entry of the judgment, the judgment may be enforced for its full amount and for the possession of the premises.

(3)(a) Following the entry of a judgment in favor of the landlord and against the tenant for the restitution of the premises and forfeiture of the tenancy due to nonpayment of rent, the court, at the time of the show cause hearing or trial, or upon subsequent motion of the tenant but before the execution of the writ of restitution, may stay the writ of restitution upon good cause and on such terms that the court deems fair and just for both parties. In making this decision, the court shall consider evidence of the following factors:

- (i) The tenant's willful or intentional default or intentional failure to pay rent;
- (ii) Whether nonpayment of the rent was caused by exigent circumstances that were beyond the tenant's control and that are not likely to recur;
- (iii) The tenant's ability to timely pay the judgment;
- (iv) The tenant's payment history;
- (v) Whether the tenant is otherwise in substantial compliance with the rental agreement;
- (vi) Hardship on the tenant if evicted; and
- (vii) Conduct related to other notices served within the last six months.

(b) The burden of proof for such relief under this subsection (3) shall be on the tenant. If the tenant seeks relief pursuant to this subsection (3) at the time of the show cause hearing, the court shall hear the matter at the time of the show cause hearing or as

expeditiously as possible so as to avoid unnecessary delay or hardship on the parties.

(c) In any order issued pursuant to this subsection (3):

(i) The court shall not stay the writ of restitution more than ninety days from the date of order, but may order repayment of the judgment balance within such time. If the payment plan is to exceed thirty days, the total cumulative payments for each thirty-day period following the order shall be no less than one month of the tenant's share of the rent, and the total amount of the judgment and all additional rent that is due shall be paid within ninety days.

(ii) Within any payment plan ordered by the court, the court shall require the tenant to pay to the landlord or to the court one month's rent within five court days of issuance of the order. If the date of the order is on or before the fifteenth of the month, the tenant shall remain current with ongoing rental payments as they become due for the duration of the payment plan; if the date of the order is after the fifteenth of the month, the tenant shall have the option to apportion the following month's rental payment within the payment plan, but monthly rental payments thereafter shall be paid according to the rental agreement.

(iii) The sheriff may serve the writ of restitution upon the tenant before the expiration of the five court days of issuance of the order; however, the sheriff shall not execute the writ of restitution until after expiration of the five court days in order for payment to be made of one month's rent as required by (c)(ii) of this subsection. In the event payment is made as provided in (c)(ii) of this subsection for one month's rent, the court shall stay the writ of restitution ex parte without prior notice to the landlord upon the tenant filing and presenting a motion to stay with a declaration of proof of payment demonstrating full compliance with the required payment of one month's rent. Any order staying the writ of restitution under this subsection (3)(c)(iii) shall require the tenant to serve a copy of the order on the landlord by personal delivery, first-class mail, facsimile, or email if agreed to by the parties.

(A) If the tenant has satisfied (c)(ii) of this subsection by paying one month's rent within five court days, but defaults on a subsequent payment required by the court pursuant to this subsection (3)(c), the landlord may enforce the writ of restitution after serving a notice of default in accordance with RCW 59.12.040 informing the tenant that he or she has defaulted on rent due under the lease agreement or payment plan entered by the court. Upon service of the notice of default, the tenant shall have three calendar days from the date of service to vacate the premises before the sheriff may execute the writ of restitution.

(B) If the landlord serves the notice of default described under this subsection (3)(c)(iii), an additional day is not included in calculating the time before the sheriff may execute the writ of restitution. The notice of default must be in substantially the following form:

(iv) If a tenant seeks to satisfy a condition of this subsection (3)(c) by relying on an emergency rental assistance program provided by a government or nonprofit entity and provides an offer of proof, the court shall stay the writ of restitution as necessary to afford the tenant an equal opportunity to comply.

(v) The court shall extend the writ of restitution as necessary to enforce the order issued pursuant to this subsection (3)(c) in the event of default.

(d) ((A)) Beginning July 1, 2023, a tenant who has been served with three or more notices to pay or vacate for failure to pay rent as set forth in RCW 59.12.040 within twelve months prior to the notice to pay or vacate upon which the proceeding is based may not seek relief under this subsection (3).

(e)(i) In any application seeking relief pursuant to this subsection (3) by either the tenant or landlord, the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the parties would be eligible for disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(ii) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order: (A) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (B) directing the clerk to remit, without further order of the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(c)(iii). In accordance with RCW 43.31.605(1)(c), such an order must be accompanied by a copy of the order staying the writ of restitution. Nothing in this subsection (3)(e) shall be deemed to obligate the department of commerce to provide assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(iii) If the department of commerce fails to disburse payment to the landlord for the judgment pursuant to this subsection (3)(e) within thirty days from submission of the application, the landlord may renew an application for a writ of restitution pursuant to RCW 59.18.370 and for other rent owed by the tenant since the time of entry of the prior judgment. In such event, the tenant may exercise rights afforded under this section.

(iv) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as

applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

(v) Nothing in this subsection (3)(e) prohibits the landlord from otherwise applying for reimbursement for an unpaid judgment pursuant to RCW 43.31.605(1)(c) after the tenant defaults on a payment plan ordered pursuant to (c) of this subsection.

(4) If a tenant seeks to stay a writ of restitution issued pursuant to this chapter, the court may issue an ex parte stay of the writ of restitution provided the tenant or tenant's attorney submits a declaration indicating good faith efforts were made to notify the other party or, if no efforts were made, why notice could not be provided prior to the application for an ex parte stay, and describing the immediate or irreparable harm that may result if an immediate stay is not granted. The court shall require service of the order and motion to stay the writ of restitution by personal delivery, mail, facsimile, or other means most likely to afford all parties notice of the court date.

(5) In all other cases the judgment may be enforced immediately. If a writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required.

(6) This section also applies if the writ of restitution is issued pursuant to a final judgment entered after a show cause hearing conducted in accordance with RCW 59.18.380."

SECOND READING

SENATE BILL NO. 5122, by Senators Darneille, Das, Hasegawa, Kuderer, Nguyen, Pedersen, Robinson, Saldaña, and Wilson, C.

Concerning the jurisdiction of juvenile court.

MOTIONS

On motion of Senator Darneille, Substitute Senate Bill No. 5122 was substituted for Senate Bill No. 5122 and the substitute bill was placed on the second reading and read the second time.

Senator Darneille moved that the following striking floor amendment no. 245 by Senator Darneille be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the goal of the juvenile justice system should be to protect public safety, connect youth with age-appropriate services that reduce the risk of recidivism, and provide meaningful rehabilitation so all youth can have the opportunity for success in life. The legislature declares that responses to problematic behaviors of youth should be guided by evidence-based practices and that policy changes to the system should be strongly rooted in eliminating racial inequities.

The legislature recognizes that a scientific consensus has developed that demonstrates that youth continue to develop neurologically until age 26. The legislature finds that youth ages eight through 12 are less capable of making fully informed decisions and youth ages 18 and 19 are particularly susceptible to outside factors influencing their decision making.

The legislature recognizes that on January 18, 2021, the Washington state board of health released a review regarding the health impacts of raising the age of the juvenile court's jurisdiction to likely decrease the juvenile criminal legal system's involvement for some youth ages eight through 12 and to likely decrease the adult criminal legal system's involvement for some emerging adults ages 18 and 19. The board further found very strong evidence that this would decrease juvenile recidivism and improve health outcomes, access to employment opportunities, housing access, and economic stability.

The legislature intends to amend jurisdiction of juvenile court to include youth ages 13 through 19, with certain exceptions. The legislature recognizes the important role that local governments play in ensuring access to justice in the juvenile court system. The legislature recognizes that amended jurisdiction in juvenile court may increase expenses for juvenile court systems despite significant offset savings in the adult system through reduced adult caseloads. The legislature intends to partner with local governments, courts, and other stakeholders to ensure successful

expansion of juvenile court jurisdiction. The legislature therefore resolves to convene the raise the age juvenile justice task force to examine and plan for implementation of expanded juvenile court jurisdiction.

NEW SECTION. Sec. 2. A new section is added to chapter 43.216 RCW to read as follows:

(1) The raise the age juvenile justice task force is established, with members as provided in this subsection.

For purposes of (a) and (b) of this subsection, the sale of prewritten computer software includes the sale of or charge made for a key or an enabling or activation code, where the key or code is required to activate prewritten computer software and put the software into use. There is no separate sale of the key or code from the prewritten computer software, regardless of how the sale may be characterized by the vendor or by the purchaser.

(b) The term "retail sale" does not include the sale of or charge made for:

(i) Custom software; or

(ii) The customization of prewritten computer software.

(c)(i) The term also includes the charge made to consumers for the right to access and use prewritten computer software, where possession of the software is maintained by the seller or a third party, regardless of whether the charge for the service is on a per use, per user, per license, subscription, or some other basis.

For purposes of this subsection, "extended warranty" means an agreement for a specified duration to perform the replacement or repair of tangible personal property at no additional charge or a reduced charge for tangible personal property, labor, or both, or to provide indemnification for the replacement or repair of tangible personal property, based on the occurrence of specified events. The term "extended warranty" does not include an agreement, otherwise meeting the definition of extended warranty in this subsection, if no separate charge is made for the agreement and the value of the agreement is included in the sales price of the tangible personal property covered by the agreement. A right of permanent use is presumed to have been granted unless the agreement between the seller and the purchaser specifies or the circumstances surrounding the transaction suggest or indicate that the right to use terminates on the occurrence of a condition subsequent.

(9) The term also includes the charge made for providing tangible personal property along with an operator for a fixed or indeterminate period of time. A consideration of this is that the operator is necessary for the tangible personal property to perform as designed. For the purpose of this subsection (9), an operator must do more than maintain, inspect, or set up the tangible personal property.

(10) The term does not include the sale of or charge made for labor and services rendered in respect to the building, repairing, or improving of any street, place, road, highway, easement, right-of-way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used primarily for foot or vehicular traffic including mass transportation vehicles of any kind.

(12) The term does not include the sale of or charge made for labor and services rendered in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing, or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation. Nor does the term include the sale of services or charges made for the

clearing of land and the moving of earth of or for the United States, any instrumentality thereof, or a county or city housing authority. Nor does the term include the sale of services or charges made for cleaning up for the United States, or its instrumentalities, radioactive waste and other by-products of weapons production and nuclear research and development.

(13) The term does not include the sale of or charge made for labor, services, or tangible personal property pursuant to agreements providing maintenance services for bus, rail, or rail fixed guideway equipment when a regional transit authority is the recipient of the labor, services, or tangible personal property, and a transit agency, as defined in RCW 81.104.015, performs the labor or services.

(14) The term does not include the sale for resale of any service described in this section if the sale would otherwise constitute a "sale at retail" and "retail sale" under this section.

(B) Notwithstanding (a)(i)(A) of this subsection (15) and except as otherwise provided in this subsection (15)(a)(i)(B), the term "sale at retail" or "retail sale" does not include amounts charged to participate in, or conduct, a golf tournament or other competitive event. However, amounts paid by event participants to the golf facility operator are retail sales under this subsection (15)(a)(i). And, you know, they've worked for months and months to create a system so that we can do the work that we do on behalf of the people of Washington state and you know we often think about the troubleshooting that they do for us when we have a problem but and that's significant but even more so is the work that they did to prepare this system for us on the floor and in committee and for all of the other meetings that we have and there's so much ingenuity and what they did you know I just know from the part that I was involved in we would practice and somebody say oh we need a button so we can sustain a roll call oh nobody thought of that Ok boom they did it oh we need a point of inquiry button boom it's done over and over and over and then after they got it done they had to help us all learn it and their patience is incredible and I have no doubt Mr. President that we are a terrific group of people but we're probably are not our best selves when we call LEG-TECH because typically we're frustrated confused panicked as maybe we are about to miss a vote and yet they just solve the problems. Senator Cleveland: "Thank you Mr. President. Well, I think that one thing we can all agree on is that this has been a very challenging past year and the past through this pandemic has been arduous. But today, our state has achieved a milestone. And I think it's a milestone worth noting. Today, Washington is the sixth U.S. state, and the most populous state yet, to have more people vaccinated against Covid-19 than infected with Covid-19. So, we are vaccinating far more people on a daily basis than are being infected on a daily basis and I think that this is a bright spot that should give us great hope for the future and it's a testament

to the hard work of so many in our state over this past year. Thank you.”

PERSONAL PRIVILEGE

Senator Rivers: “Thank you Mr. President. It is indeed very exciting how many vaccinations this state has been able to disseminate. And while we still have some work to do here in southwest, we know that our state's getting better. And that is so exciting. And that is why, Mr. President, it's time for us to reopen this state. And it's time for people to get back together. And it's time for us to be able to do the work of the people unfettered. Thank you, Mr. President.”

REMARKS BY SENATOR LIAS

Senator Lias: “Thank you Mr. President. I wanted to add my happy birthday congratulations to Senator Muzzall. I didn't get a chance to do that earlier and also note that our session aide's birthday is today. Based on their photos, I think there's a couple of decades of difference but wishing happy birthday to Senator Muzzall and to Jeremy from our office.”

SECOND READING

SENATE BILL NO. 5128, by Senators Wellman, Wilson, C., Conway, Dhingra, Hunt, Keiser, Lovelett, Nguyen and Saldaña

Concerning student transportation funding during a local, state, or national emergency.

MOTIONS

On motion of Senator Wellman, Second Substitute Senate Bill No. 5128 was substituted for Senate Bill No. 5128 and the substitute bill was placed on the second reading and read the second time.

Senator Wellman moved that the following striking floor amendment no. 344 by Senator Wellman be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that the COVID-19 pandemic has significantly changed the delivery of education across the state, as school districts transition to remote learning environments to protect the health of students and staff. The legislature also recognizes that the role of transportation services has evolved alongside remote learning programs to help students equitably access the instructional program of basic education. As permitted by emergency proclamation, many school districts have adapted to remote learning by transporting meals, learning materials, and technology supports directly to students' homes or neighborhoods. Other school districts have

used transportation resources to bring students to learning centers or other agencies where support services are provided.

This flexibility has allowed school districts to creatively use the resources at their disposal to equitably address the needs of students during an ongoing emergency.

With this act, the legislature intends to temporarily suspend rider eligibility criteria for an expanded list of qualifying transportation services, so that all students can access necessary supports during the COVID-19 emergency. The legislature also intends to provide a mechanism for calculating student transportation funding immediately following the COVID-19 emergency, so that the temporary drop in student ridership does not impact future transportation allocations. Finally, the legislature intends to appropriate additional relief funds to backfill reductions in state funding allocations resulting from transportation declines caused by the COVID-19 emergency.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.160 RCW to read as follows:

(1) If a school or school district is providing full remote or partial remote instruction under the authority of RCW 28A.150.290 due to a local, state, or national emergency that causes a substantial disruption to full in-person instruction then, in addition to the transportation services allowed under this chapter, the district may use student transportation allocations to provide the following expanded services to students, regardless of whether those students would qualify as eligible students under RCW 28A.160.160:

(a) Delivery of educational services necessary to provide students with the opportunity to equitably access educational services during the period of remote instruction. Delivery of educational services include the transportation of materials, hardware, and other supports that assist students in accessing remote instruction, internet connectivity, or the curriculum;

(b) Delivery of meals to students; and

(c) Providing for the transportation of students to and from learning centers or other public or private agencies where educational and support services are being provided to students during the period of remote instruction. "Providing for" includes the provision of payments to allow students to use public transit to access the educational and support services.

(2) Nothing in this section is intended to limit a district's ability to use transportation allocations to pay for fixed transportation costs, such as school bus maintenance and basic administrative, regulatory, safety, or operational expenses.

(3) If a district provides expanded services under subsection (1) of this section, the district must track by a separate accounting code the expenditures incurred by the district in providing such services. This data must be included in the report required under RCW 28A.160.170(2).

Sec. 3. RCW 28A.160.170 and 2009 c 548 s 306 are each amended to read as follows:

Each district shall submit three times each year to the superintendent of public instruction during October, February, and May of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.160.150, along with identification of stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.160.150 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district. The superintendent shall require that districts separate the costs of operating the program for the transportation of eligible students to and from school as defined by RCW 28A.160.160(3) ~~((from))~~, non-to-and-from-school pupil transportation costs, and costs to provide expanded services under section 2(1) of this act

in the annual financial statement. The cost, quantity, and type of all fuel purchased by school districts for use in to-and-from-school transportation shall be included in the annual financial statement.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys.

Sec. 4. RCW 28A.160.192 and 2011 1st sp.s. c 27 s 3 are each amended to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall begin no later than the 2011-2013 biennium and be fully implemented by the 2013-2015 biennium.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis. Only factors that are statistically significant shall be used in the regression analysis. Employee compensation costs included in the allowable transportation expenditures used for the purpose of establishing each school district's independent variable in the regression analysis shall be limited to the base salary or hourly wage rates, fringe benefit rates, and applicable health care rates provided in the omnibus appropriations act.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the federal restricted indirect rate as calculated in the district annual financial report;

(b) Annually, the amount identified in (a) of this subsection shall be adjusted for any budgeted increases provided in the omnibus appropriations act for salaries or fringe benefits;

(c) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) adjusted by (b) of this subsection and the amount determined under the formula in RCW 28A.160.180; and

(d) Allocations provided to recognize the cost of depreciation to districts contracting with private carriers for student transportation shall be deducted from the allowable transportation expenditures in (a) of this subsection.

(3) If a school or school district provided full remote or partial remote instruction under the authority of RCW 28A.150.290 due to a local, state, or national emergency that caused a substantial disruption to full in-person instruction, the superintendent of public instruction may use the student transportation data from the last reporting period in which the school district provided full in-person instruction to calculate transportation allocations. Such data may only be used until the subsequent reporting period when updated ridership data is available.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.710 RCW to read as follows:

Sections 2 and 4(3) of this act govern school operation and management under RCW 28A.710.040 and apply to charter schools established under this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.715 RCW to read as follows:

Sections 2 and 4(3) of this act govern school operation and management under RCW 28A.715.020 and apply to state-tribal compact schools established under this chapter.

NEW SECTION. Sec. 7. The public schools emergency transportation relief account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may only be used to backfill reductions in state funding allocations resulting from transportation declines caused by a declared statewide emergency, provided that such reductions have not been backfilled through receipt of federal emergency relief funds, and must be attributable to documented allowable uses for transportation-related services as established under section 2 of this act.

NEW SECTION. Sec. 8. The sum of \$100,000,000 is appropriated for fiscal year 2021, from the general fund account—state to the public schools emergency transportation relief account created in section 7 of this act for the purposes of backfilling reductions in state funding allocations resulting from transportation declines caused by a declared statewide emergency, provided that such reductions have not been backfilled through receipt of federal emergency relief funds, and must be attributable to documented allowable uses for transportation-related services as established under section 2 of this act.

SECOND READING

SENATE BILL NO. 5295, by Senators Carlyle and Short

Transforming the regulation of gas and electrical companies toward multiyear rate plans and performance-based rate making.

MOTIONS

On motion of Senator Carlyle, Substitute Senate Bill No. 5295 was substituted for Senate Bill No. 5295 and the substitute bill was placed on the second reading and read the second time.

Senator Carlyle moved that the following striking floor amendment no. 359 by Senator Carlyle be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) To provide clarity and certainty to stakeholders on the details of performance-based regulation, the utilities and transportation commission is directed to conduct a proceeding to develop a policy statement addressing alternatives to traditional cost of service rate making, including performance measures or goals, targets, performance incentives, and penalty mechanisms. As part of such a proceeding, the utilities and transportation commission must consider factors including, but not limited to, lowest reasonable cost planning, affordability, increases in energy burden, cost of service, customer satisfaction and engagement, service reliability, clean energy or renewable procurement, conservation acquisition, demand side management expansion, rate stability, timely execution of competitive procurement practices, attainment of state energy and emissions reduction policies, rapid integration of renewable energy resources, and fair compensation of utility employees.

(2) In developing its policy statement, the utilities and transportation commission must in its proceeding allow for participation and consultation with regulated utilities, the attorney general's office, and other interested stakeholders including, but not limited to, residential, industrial, commercial, and low-income customers and organizations, as well as environmental or community organizations and stakeholders.

(3) By January 1, 2022, the utilities and transportation commission shall notify the chairs and ranking members of the appropriate committees of the legislature of the process to date, the expected duration of, and work plan associated with this proceeding.

NEW SECTION. Sec. 2. A new section is added to chapter 80.28 RCW to read as follows:

(1) Beginning January 1, 2022, every general rate case filing of a gas or electrical company must include a proposal for a multiyear rate plan as provided in this chapter. The commission may, by order after an adjudicative proceeding as provided by chapter 34.05 RCW, approve, approve with conditions, or reject, a multiyear rate plan proposal made by a gas or electrical company or an alternative proposal made by one or more parties, or any combination thereof. The commission's consideration of a proposal for a multiyear rate plan is subject to the same standards applicable to other rate filings made under this title, including the public interest and fair, just, reasonable, and sufficient rates. In determining the public interest, the commission may consider

2021 REGULAR SESSION

such factors including, but not limited to, environmental health and greenhouse gas emissions reductions, health and safety concerns, economic development, and equity, to the extent such factors affect the rates, services, and practices of a gas or electrical company regulated by the commission.

(2) The commission may approve, disapprove, or approve with modifications any proposal to recover from ratepayers up to five percent of the total revenue requirement approved by the commission for each year of a multiyear rate plan for tariffs that reduce the energy burden of low-income residential customers including, but not limited to: (a) Bill assistance programs; or (b) one or more special rates. For any multiyear rate plan approved under this section resulting in a rate increase, the commission must approve an increase in the amount of low-income bill assistance to take effect in each year of the rate plan where there is a rate increase. At a minimum, the amount of such low-income assistance increase must be equal to double the percentage increase, if any, in the residential base rates approved for each year of the rate plan. The commission may approve a larger increase to low-income bill assistance based on an appropriate record.

(3)(a) If it approves a multiyear rate plan, the commission shall separately approve rates for each of the initial rate year, the second rate year and, if applicable, the third rate year, and the fourth rate year.

(b) The commission shall ascertain and determine the fair value for rate-making purposes of the property of any gas or electrical company that is or will be used and useful under RCW 80.04.250 for service in this state by or during each rate year of the multiyear rate plan. For the initial rate year, the commission shall, at a minimum, ascertain and determine the fair value for rate-making purposes of the property of any gas or electrical company that is used and useful for service in this state as of the rate effective date. The commission may order refunds to customers if property expected to be used and useful by the rate effective date when the commission approves a multiyear rate plan is in fact not used and useful by such a date.

(c) The commission shall ascertain and determine the revenues and operating expenses for rate-making purposes of any gas or electrical company for each rate year of the multiyear rate plan.

(d) In ascertaining and determining the fair value of property of a gas or electrical company pursuant to (b) of this subsection and projecting the revenues and operating expenses of a gas or electrical company pursuant to (c) of this subsection, the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at fair, just, reasonable, and sufficient rates.

(e) If the commission approves a multiyear rate plan with a duration of three or four years, then the electrical company must update its power costs as of the rate effective date of the third rate year. The proceeding to update the electrical company's power costs is subject to the same standards that apply to other rate filings made under this title.

(4) Subject to subsection (5) of this section, the commission may by order establish terms, conditions, and procedures for a multiyear rate plan and ensure that rates remain fair, just, reasonable, and sufficient during the course of the plan.

(5) Notwithstanding subsection (4) of this section, a gas or electrical company is bound by the terms of the multiyear rate plan approved by the commission for each of the initial rate year and the second rate year. A gas or electrical company may file a new multiyear rate plan in accordance with this section for the third rate year and fourth rate year, if any, of a multiyear rate plan.

(6) If the annual commission basis report for a gas or electrical company demonstrates that the reported rate of return on rate base

of the company for the 12-month period ending as of the end of the period for which the annual commission basis report is filed is more than .5 percent higher than the rate of return authorized by the commission in the multiyear rate plan for such a company, the company shall defer all revenues that are in excess of .5 percent higher than the rate of return authorized by the commission for further determination by the commission in a subsequent adjudicative proceeding. If a multistate electrical company with fewer than 250,000 customers in Washington files a multiyear rate plan that provides for no increases in base rates in consecutive years beyond the initial rate year, the commission shall waive the requirements of this subsection provided that such a waiver results in just and reasonable rates.

(7) The commission must, in approving a multiyear rate plan, determine a set of performance measures that will be used to assess a gas or electrical company operating under a multiyear rate plan. These performance measures may be based on proposals made by the gas or electrical company in its initial application, by any other party to the proceeding in its response to the company's filing, or in the testimony and evidence admitted in the proceeding. In developing performance measures, incentives, and penalty mechanisms, the commission may consider factors including, but not limited to, lowest reasonable cost planning, affordability, increases in energy burden, cost of service, customer satisfaction and engagement, service reliability, clean energy or renewable procurement, conservation acquisition, demand side management expansion, rate stability, timely execution of competitive procurement practices, attainment of state energy and emissions reduction policies, rapid integration of renewable energy resources, and fair compensation of utility employees.

(8) Nothing in this section precludes any gas or electrical company from making filings required or permitted by the commission.

(9) The commission shall align, to the extent practical, the timing of approval of a multiyear rate plan of an electrical company submitted pursuant to this section with the clean energy implementation plan of the electrical company filed pursuant to RCW 19.405.060.

(10) The provisions of this section may not be construed to limit the existing rate-making authority of the commission.

Sec. 3. RCW 80.28.068 and 2009 c 32 s 1 are each amended to read as follows:

~~((Upon))~~ (1) Upon its own motion, or upon request by an electrical or gas company, or other party to a general rate case hearing, or other proceeding to set rates, the commission may approve rates, charges, services, and/or physical facilities at a discount, or through grants, for low-income senior customers and low-income customers. Expenses and lost revenues as a result of these discounts or grants shall be included in the company's cost of service and recovered in rates to other customers. The gas or electrical company must use reasonable and good faith efforts to seek approval for low-income program design, eligibility, operation, outreach, and funding proposals from its low-income and equity advisory groups in advance of filing such proposals with the commission. In order to remove barriers and to expedite assistance, low-income discounts or grants approved under this section must be provided in coordination with community-based organizations in the gas or electrical company's service territory including, but not limited to, grantees of the department of commerce, community action agencies, and community-based nonprofit organizations. Nothing in this section may be construed as limiting the commission's authority to approve or modify tariffs authorizing low-income discounts or grants.

(2) Eligibility for a low-income discount rate or grant established in this section may be established upon verification of a low-income customer's receipt of any means-tested public benefit, or verification of eligibility for the low-income home energy assistance program, or its successor program, for which eligibility does not exceed the low-income definition set by the commission pursuant to RCW 19.405.020. The public benefits may include, but are not limited to, assistance that provides cash, housing, food, or medical care including, but not limited to, temporary assistance for needy families, supplemental security income, emergency assistance to elders, disabled, and children, supplemental nutrition assistance program benefits, public housing, federally subsidized or state-subsidized housing, the low-income home energy assistance program, veterans' benefits, and similar benefits.

(3) Each gas or electrical company shall conduct substantial outreach efforts to make the low-income discounts or grants available to eligible customers and must provide annual reports to the commission as to the gas or electrical company's outreach activities and results. The agreement must govern the manner in which financial assistance may be provided to the organization. More than one gas company, electrical company, or organization representing customer interests may join in a single agreement. Any agreement entered into under this section must be approved by the commission before any financial assistance is provided under the agreement, provided that the commission must consider

whether the agreement is consistent with a reasonable allocation of financial assistance provided to organizations pursuant to this section among classes of customers of the gas or electrical company. Nothing in this subsection may be interpreted to prevent organizations representing vulnerable populations or highly impacted communities from qualifying as organizations that represent broad customer interests.

(2) Financial assistance made to an organization pursuant to this section is limited to funds contributed by the customer class or classes represented by such an organization. If an organization receiving funds pursuant to this section represents more than one class of customers of a gas or electrical company, then the funding available to such an organization must be equitably apportioned between or among the customer classes so represented.

(3) In administering an agreement entered into under subsection (1) of this section, the commission by rule or order may determine:

(a) The amount of financial assistance, if any, that may be provided to any organization;

(b) The manner in which the financial assistance is distributed;

(c) The manner in which the financial assistance is recovered in the rates of the gas company or electrical company under subsection (4) of this section; and

(4) The commission shall allow a gas company or electrical company that provides financial assistance under this section to recover the amounts provided in rates. The commission shall allow a gas company or electrical company to defer inclusion of those amounts in rates if the gas company or electrical company so elects. An agreement under this section may not provide for payment of any amounts to the commission.

(5) Organizations representing vulnerable populations or highly impacted communities must be prioritized for funding under this section.

PERSONAL PRIVILEGE

Senator Braun: “Thank you. So, this one snuck up on us Mr. President. But our last bill, by all reports was Senator McCune’s first bill in this chamber. So, our practice has been to provide him some feedback on the bill, we were so doggedly focused on the task before us we didn’t have an opportunity to do that. So, I’ll simply stand and welcome Senator McCune to the Senate. He has a long history of service in the State House, on the Pierce County Council and now he starts his service in the Washington state Senate. So, welcome to the Senate. We are glad to have you here Senator McCune. We look forward to years of working together. Thank you, Mr. President.”

PERSONAL PRIVILEGE

Senator Liias: “Thank you Mr. President. I had the opportunity to serve with Senator McCune in the House, so it is especially a high honor to welcome him to the Senate and appreciate Senator Braun’s comments on constructive feedback. I would say that Senator McCune read us a very wonderful speech on his first bill, and we look forward to more speeches from him in the future.”

PERSONAL PRIVILEGE

Senator Padden: “Thank you Mr. President. I also want to welcome the gentleman from the 2nd District who is assistant ranking member here on Law & Justice. Worked closely with myself and I think has been a good contributing member to the committee and really appreciate how he’s been received by the chair. And he also, people might not know this, but was not only one point represented the, as Representative of the 2nd District in our Legislature and been on The Pierce County Council, but way back when for a brief time was a Representative, I believe it was the 33rd District and South King County, so he does have a wealth of experience. Very interested in criminal justice issues and as you mentioned Mr. President we’re looking forward to that gift and hopefully not to cast any aspersions on our leader, but I remembered the gift from him was a glass full of mud from the Chehalis River so I’m hoping for something a little better from Senator McCune. Thank you, Mr. President.”

REMARKS BY THE PRESIDENT

President Heck: “That was a clear violation of Rule 29: Impeaching the motives of Senator Braun. And it will not be tolerated.”

PERSONAL PRIVILEGE

Senator Saldaña: “I also would like to welcome the gentleman from the 2nd Legislative District. While this particular session has been difficult for us to have a chance to really get to know each other and I do miss the gentlelady that used to serve in the 2nd, she was a gem, always sharing her rocks that she would find and invited me into her chambers to be able to engage and after floor session so but I do appreciate that Senator McCune has always consistent with his background image out fishing. I believe outside of Alaska and do appreciate that he is knowledgeable of one of my constituents who is also a fisherman as well and has been, has wanted to make sure that I always am informed about the impact to our fishing community and I think it is really important that we think about maritime as a future career and I’ll look forward to opportunities to figure out ways for us to collaborate in supporting food jobs in the maritime industry.”

PERSONAL PRIVILEGE

Senator Schoesler: “Thank you Mr. President. Wanted to bring out a couple of points about the gentleman from the 2nd District. I will accept a certain amount of blame for him joining us. Many, many years ago I actually doorbelled the 33rd District with him, so I am somewhat to blame. I will point out to the good gentleman that the new senator from the 16th set the bar fairly high for the gift and he should look no farther than the lead of the gentleman from the 16th District in gift giving.”

PERSONAL PRIVILEGE

Senator Wagoner: “Thank you Mr. President. I too want to welcome Senator McCune to our body and I want to proffer a compliment that he well deserves and hopefully other members will be listening and be led by his example so as the whip I have a difficult task of keeping track of where people are and when they need to be excused and I have to say Senator McCune is the most dedicated he keeps me informed lets me know and I so appreciate that and I hope everybody else is listening.”

PERSONAL PRIVILEGE

Senator Keiser: “Thank you Mr. President and I am so pleased to welcome Senator McCune to the Senate. We go back a long way. As was said, my district, the 33rd District, used to also be Senator McCune’s before he was a Senator, and when he was there, he was with me. Now we’re together again. Welcome to the Senate.”

REMARKS BY SENATOR LIAS

Senator Liias: “I was going to make a motion that we go at ease for lunch, but I was hoping that Senator McCune had a point of personal privilege and I just want to reserve a moment for him if you would like to ring in.”

REMARKS BY THE PRESIDENT

President Heck: “I think the exciting announcement about the nature of the gift is probably forthcoming. And it appears that he has now indicated a willingness to share.”

PERSONAL PRIVILEGE

Senator McCune: “Thank you Mr. President. Well, I understand that there is gift giving for a new member to all the

members, I have not picked out that gift Mr. President, as of yet. I'm still researching that it might be something from my district or something from Alaska. I'm not exactly sure yet and I really appreciate the comments from the good senators, and I appreciate being in the Senate. Thank you, Mr. President."

PERSONAL PRIVILEGE

Senator Sheldon: "Mr. President, Senator Saldaña and others have noted Senator McCune's background that he's using on our electronic sessions here and that of course is a beautiful view of probably Bristol Bay with the mountains in the background and I'm sure that Senator Salomon you know we have to endure his fishing stories over and over he's a big time recreational fishers, fisher. But I gotta say that the Senator McCune catches those fish by the boatload so that should kind of silence the one of our members with his fishing stories because quantity is where it counts so Senator McCune welcome to the Senate."

REMARKS BY SENATOR SALOMON

Senator Salomon: "Senator Sheldon, I will not be silenced."

REMARKS BY SENATOR LIAS

Senator Liias: "Thank you Mr. President. Perhaps it's because I'm about ready to announce that we are going to take a lunch break, but I would suggest to Senator McCune that there is one thing that unites our state and Alaska, and it is salmon. So, you know, a few pounds of that beautiful salmon, maybe smoked. Those are some suggestions you might bear in mind as you think about what gift to bring us."

(1) The offender reentry community safety program is established to provide intensive services to offenders identified under this subsection and to thereby promote successful reentry, public safety, and recovery. The secretary shall identify offenders in confinement or partial confinement who: (a) Are reasonably believed to ~~((be dangerous))~~ present a danger to themselves or others if released to the community without supportive services; and (b) have a mental disorder. In ~~((determining an offender's dangerousness))~~ evaluating these criteria, the secretary shall consider behavior known to the department and factors, based on research, that are linked to ~~((an increased))~~ risk ~~((for))~~ of dangerousness of offenders with mental illnesses within the

criminal justice system and shall include consideration of an offender's history of substance use disorder or abuse.

(2) Prior to release of an offender identified under this section, a team consisting of representatives of the department of corrections, the health care authority, and, as necessary, the indeterminate sentence review board, divisions or administrations within the department of social and health services, specifically including the division of developmental disabilities, the appropriate managed care organization (~~(contracted with the health care authority, the appropriate)~~) or behavioral health administrative services organization, and the providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the offender upon release. In developing the plan, the offender shall be offered assistance in executing a mental health advance directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such directive. The team may include a school district representative for offenders under the age of (~~twenty-one~~) 21. The team shall consult with the offender's counsel, if any, and, as appropriate, the offender's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific offender. The team may recommend: (a) That the offender be evaluated by (~~the~~) a designated crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or substance use disorder or abuse treatment.

(3) Prior to release of an offender identified under this section, the team shall determine whether or not an evaluation by a designated crisis responder is needed. The supporting documentation shall include the offender's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the offender's mental condition, and the initial evaluation did not result in an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the department shall release the offender only to a state hospital or to a consenting evaluation and treatment facility or secure withdrawal management and stabilization facility. The department shall arrange transportation of the offender to the hospital or facility.

(7) If the designated crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the offender to appear at an evaluation and treatment facility or secure withdrawal management and stabilization facility. If a summons is issued, the offender shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified (~~evaluation and treatment~~) facility.

Concerning an excise tax on gains from the sale or exchange of certain capital assets.

MOTIONS

On motion of Senator Robinson, Substitute Senate Bill No. 5096 was substituted for Senate Bill No. 5096 and the substitute bill was placed on the second reading and read the second time.

Revised for 1st Substitute: Enacting an excise tax on gains from the sale or exchange of certain capital assets.

Senator Robinson moved that the following striking floor amendment no. 363 by Senator Robinson be adopted:

Strike everything after the enacting clause and insert the following:

"Part I Capital Gains Tax

NEW SECTION. Sec. 101. (1) The legislature recognizes that a tax system that is fair, balanced, and works for everyone is essential to help all Washingtonians grow and thrive. But Washington's tax system today is the most regressive in the nation because it asks those making the least to pay the most as a percentage of their income. Middle-income families in Washington pay two to four times more in taxes, as a percentage of household income, as compared to top earners in the state. Low-income Washingtonians pay at least six times more than do our wealthiest residents. To begin to rebalance the tax code, the legislature intends to enact an excise tax on the sale of certain capital assets.

(2) The excise tax on capital gains is a tax on the one-time, voluntary sale or exchange of a capital asset, not a tax on

FIFTY FIFTH DAY, MARCH 6, 2021

2021 REGULAR SESSION

ownership of the asset itself. This excise tax is paid only by those individuals who engage in voluntary sales or exchanges of Washington capital assets, either directly or indirectly through their ownership interest in an entity that engages in voluntary sales or exchanges of Washington capital assets, and is measured by the realization of significant net gain on the aggregate of such transactions during the taxable year. In order to protect against further regressive impacts of the tax system, encourage the everyday investments that Washingtonians of all income levels strive for, and support our economy, this excise tax will not apply to capital gains realized by certain sales and transfers. The legislature specifically finds and declares that the excise tax on the voluntary sale or exchange of capital assets is necessary for the support of state government and its existing institutions.

(3) To help meet the state's obligations to its people, the legislature dedicates the first \$350,000,000 in revenue collected from this excise tax to the state's education legacy trust account. This funding is critically needed to provide support for education, especially early learning and child care, and to provide for the economic security of low-income households who are struggling to afford quality child care and preschool. Furthermore, the legislature finds that increasing taxes on the wealthiest residents is only one-half of the effort to rebalance the tax code. In an effort to both reduce the tax burden on those earning the least and to account for anticipated volatility in revenue collections from the capital gains excise tax, revenue received above base levels will be deposited into the taxpayer fairness account. Revenues deposited in this account will be used to offset existing tax burdens via policies such as funding of the working families' tax exemption.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adjusted capital gain" means federal net long-term capital gain:

(a) Plus any amount of long-term capital loss from a sale or exchange that is exempt from the tax imposed in this chapter, to the extent such loss was included in calculating federal net long-term capital gain;

(b) Plus any amount of long-term capital loss from a sale or exchange that is not allocated to Washington under section 108 of this act, to the extent such loss was included in calculating federal net long-term capital gain;

(c) Plus any amount of loss carryforward from a sale or exchange that is not allocated to Washington under section 108 of this act, to the extent such loss was included in calculating federal net long-term capital gain;

(d) Less any amount of long-term capital gain from a sale or exchange that is not allocated to Washington under section 108 of this act, to the extent such gain was included in calculating federal net long-term capital gain; and

(e) Less any amount of long-term capital gain from a sale or exchange that is exempt from the tax imposed in this chapter, to the extent such gain was included in calculating federal net long-term capital gain.

(2) "Capital asset" has the same meaning as provided by Title 26 U.S.C. Sec. 1221 of the internal revenue code and also includes any other property if the sale or exchange of the property results in a gain that is treated as a long-term capital gain under Title 26 U.S.C. Sec. 1231 or any other provision of the internal revenue code.

(3) "Federal net long-term capital gain" means the net long-term capital gain reportable for federal income tax purposes determined as if Title 26 U.S.C. Secs. 55 through 59, 1400Z-1, and 1400Z-2 of the internal revenue code did not exist.

(4) "Individual" means a natural person.

(5) "Internal revenue code" means the United States internal revenue code of 1986, as amended, as of the effective date of this section, or such subsequent date as the department may provide by rule consistent with the purpose of this chapter.

(6) "Long-term capital asset" means a capital asset that is held for more than one year.

(7) "Long-term capital gain" means gain from the sale or exchange of a long-term capital asset.

(8) "Long-term capital loss" means a loss from the sale or exchange of a long-term capital asset.

(9) "Real estate" has the same meaning as in RCW 82.45.032, except that real estate does not include an individual's ownership interest or beneficial interest in an entity which itself owns an interest in real property located in this state for the purposes of this chapter.

(10)(a) "Resident" means an individual:

(i) Who is domiciled in this state during the taxable year, unless the individual (A) maintained no permanent place of abode in this state during the entire taxable year, (B) maintained a permanent place of abode outside of this state during the entire taxable year, and (C) spent in the aggregate not more than 30 days of the taxable year in this state; or

(ii) Who is not domiciled in this state during the taxable year, but maintained a place of abode and was physically present in this state for more than 183 days during the taxable year.

(b) For purposes of this subsection, "day" means a calendar day or any portion of a calendar day.

(c) An individual who is a resident under (a) of this subsection is a resident for that portion of a taxable year in which the individual was domiciled in this state or maintained a place of abode in this state.

(11) "Taxable year" means the taxpayer's taxable year as determined under the internal revenue code.

(12) "Taxpayer" means an individual subject to tax under this chapter.

(13) "Washington capital gains" means an individual's adjusted capital gain less \$250,000, as adjusted annually under section 115 of this act, for each return filed under this chapter.

NEW SECTION. Sec. 103. (1) Beginning January 1, 2022, an excise tax is imposed on the sale or exchange of long-term capital assets. Only individuals are subject to payment of the tax, which equals seven percent multiplied by an individual's Washington capital gains.

(2) If an individual's Washington capital gains are less than zero for a taxable year, no tax is due under this section and no such amount is allowed as a carryover for use in the calculation of that individual's adjusted capital gain, as defined in section 102(1) of this act, for any taxable year. To the extent that a loss carryforward is included in the calculation of an individual's federal net long-term capital gain and that loss carryforward is directly attributable to losses from sales or exchanges allocated to this state under section 108 of this act, the loss carryforward is included in the calculation of that individual's adjusted capital gain for the purposes of this chapter. An individual may not include any losses carried back for federal income tax purposes in the calculation of that individual's adjusted capital gain for any taxable year.

(3)(a) The tax imposed in this section applies to the sale or exchange of long-term capital assets owned by the taxpayer, whether the taxpayer was the legal or beneficial owner of such assets at the time of the sale or exchange. The tax applies when the Washington capital gains are recognized by the taxpayer in accordance with this chapter.

(b) For purposes of this chapter:

(i) An individual is considered to be a beneficial owner of long-term capital assets held by an entity that is a pass-through or disregarded entity for federal tax purposes, such as a partnership, limited liability company, S corporation, or grantor trust, to the extent of the individual's ownership interest in the entity as reported for federal income tax purposes.

(ii) A nongrantor trust is deemed to be a grantor trust if the trust does not qualify as a grantor trust for federal tax purposes, and the grantor's transfer of assets to the trust is treated as an incomplete gift under Title 26 U.S.C. Sec. 2511 of the internal revenue code and its accompanying regulations. A grantor of such trust is considered the beneficial owner of the capital assets of the trust for purposes of the tax imposed in this section and must include any long-term capital gain or loss from the sale or exchange of a capital asset by the trust in the calculation of that individual's adjusted capital gain, if such gain or loss is allocated to this state under section 108 of this act.

NEW SECTION. Sec. 104. This chapter does not apply to the sale or exchange of:

- (1) All real estate;
- (2) Assets held under a retirement savings account under Title 26 U.S.C. Sec. 401(k) of the internal revenue code, a tax-sheltered annuity or custodial account described in Title 26 U.S.C. Sec. 403(b) of the internal revenue code, a deferred compensation plan under Title 26 U.S.C. Sec. 457(b) of the internal revenue code, an individual retirement account or individual retirement annuity described in Title 26 U.S.C. Sec. 408 of the internal revenue code, a Roth individual retirement account described in Title 26 U.S.C. Sec. 408A of the internal revenue code, an employee defined contribution program, an employee defined benefit plan, or a similar retirement savings vehicle;
- (3) Assets pursuant to, or under imminent threat of, condemnation proceedings by the United States, the state or any of its political subdivisions, or a municipal corporation;
- (4) Cattle, horses, or breeding livestock if for the taxable year of the sale or exchange, more than 50 percent of the taxpayer's gross income for the taxable year, including from the sale or exchange of capital assets, is from farming or ranching;
- (5) Property depreciable under Title 26 U.S.C. Sec. 167(a)(1) of the internal revenue code, or that qualifies for expensing under Title 26 U.S.C. Sec. 179 of the internal revenue code;
- (6) Timber, timberland, or the receipt of Washington capital gains as dividends and distributions from real estate investment trusts derived from gains from the sale or exchange of timber and timberland. "Timber" means forest trees, standing or down, on privately or publicly owned land, and includes Christmas trees and short-rotation hardwoods. The sale or exchange of timber includes the cutting or disposal of timber qualifying for capital gains treatment under Title 26 U.S.C. Sec. 631(a) or (b) of the internal revenue code; and
- (7) Goodwill received from the sale of an auto dealership licensed under chapter 46.70 RCW whose activities are subject to chapter 46.96 RCW.

NEW SECTION. Sec. 105. The tax imposed under this chapter is in addition to any other taxes imposed by the state or any of its political subdivisions, or a municipal corporation, with respect to the same sale or exchange, including the taxes imposed in, or under the authority of, chapter 82.04, 82.08, 82.12, 82.14, 82.45, or 82.46 RCW.

NEW SECTION. Sec. 107. (1) In computing tax under this chapter for a taxable year, a taxpayer may deduct from the measure of tax the amount of adjusted capital gain derived in the

taxable year from the sale of substantially all of the fair market value of the assets of, or the transfer of substantially all of the taxpayer's interest in, a qualified family-owned small business, to the extent that such adjusted capital gain would otherwise be included in the taxpayer's Washington capital gains.

(2) For purposes of this section, the following definitions apply:

(a) "Assets" means real property and personal property, including tangible personal property and intangible property.

(ii) The term "materially participated" must be interpreted consistently with the applicable treasury regulations for Title 26 U.S.C. Sec. 469 of the internal revenue code, to the extent that such interpretation does not conflict with any provision of this section.

(d) "Qualified family-owned small business" means a business:

(i) In which the taxpayer held a qualifying interest for at least eight years immediately preceding the sale or transfer described in subsection (1) of this section;

(ii) In which either the taxpayer or members of the taxpayer's family, or both, materially participated in operating the business for at least five of the eight years immediately preceding the sale or transfer described in subsection (1) of this section, unless such sale or transfer was to a qualified heir; and

(e) "Qualified heir" means a member of the taxpayer's family.

(f) "Qualifying interest" means:

(i) An interest as a proprietor in a business carried on as a sole proprietorship; or

(ii) An interest in a business if at least:

(B) Thirty percent of the business is owned, directly or indirectly, by any combination of the taxpayer or members of the taxpayer's family, or both, and at least:

(I) Seventy percent of the business is owned, directly or indirectly, by members of two families; or

(II) Ninety percent of the business is owned, directly or indirectly, by members of three families.

(g) "Substantially all" means at least 90 percent.

NEW SECTION. Sec. 108. (1) For purposes of the tax imposed under this chapter, long-term capital gains and losses are allocated to Washington as follows:

(a) Long-term capital gains or losses from the sale or exchange of tangible personal property are allocated to this state if the property was located in this state at the time of the sale or exchange. Long-term capital gains or losses from the sale or exchange of tangible personal property are also allocated to this state even though the property was not located in this state at the time of the sale or exchange if:

(i) The property was located in the state at any time during the taxable year in which the sale or exchange occurred or the immediately preceding taxable year;

(ii) The taxpayer was a resident at the time the sale or exchange occurred; and

FIFTY FIFTH DAY, MARCH 6, 2021

2021 REGULAR SESSION

(iii) The taxpayer is not subject to the payment of an income or excise tax legally imposed on the long-term capital gains or losses by another taxing jurisdiction.

(b) Long-term capital gains or losses derived from intangible personal property are allocated to this state if the taxpayer was domiciled in this state at the time the sale or exchange occurred.

(2)(a) A credit is allowed against the tax imposed in section 103 of this act equal to the amount of any legally imposed income or excise tax paid by the taxpayer to another taxing jurisdiction on capital gains derived from capital assets within the other taxing jurisdiction to the extent such capital gains are included in the taxpayer's Washington capital gains. The amount of credit under this subsection may not exceed the total amount of tax due under this chapter, and there is no carryback or carryforward of any unused credits.

(b) As used in this section, "taxing jurisdiction" means a state of the United States other than the state of Washington, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any foreign country or political subdivision of a foreign country.

NEW SECTION. Sec. 109. (1)(a) Except as otherwise provided in this section or RCW 82.32.080, taxpayers owing tax under this chapter must file, on forms prescribed by the department, a return with the department on or before the date the taxpayer's federal income tax return for the taxable year is required to be filed.

(b)(i) Except as provided in (b)(ii) of this subsection (1), returns and all supporting documents must be filed electronically using the department's online tax filing service or other method of electronic reporting as the department may authorize.

(ii) The department may waive the electronic filing requirement in this subsection for good cause as provided in RCW 82.32.080.

(2) In addition to the Washington return required to be filed under subsection (1) of this section, taxpayers owing tax under this chapter must file with the department on or before the date the federal return is required to be filed a copy of the federal income tax return along with all schedules and supporting documentation.

(3) Each taxpayer required to file a return under this section must, without assessment, notice, or demand, pay any tax due thereon to the department on or before the date fixed for the filing of the return, regardless of any filing extension. The tax must be paid by electronic funds transfer as defined in RCW 82.32.085 or by other forms of electronic payment as may be authorized by the department. The department may waive the electronic payment requirement for good cause as provided in RCW 82.32.080. If any tax due under this chapter is not paid by the due date, interest and penalties as provided in chapter 82.32 RCW apply to the deficiency.

(4) The department may by rule require that certain individuals and other persons file, at times and on forms prescribed by the department, informational returns for any period.

(5) If a taxpayer has obtained an extension of time for filing the federal income tax return for the taxable year, the taxpayer is entitled to the same extension of time for filing the return required under this section if the taxpayer provides the department, before the due date provided in subsection (1) of this section, the extension confirmation number or other evidence satisfactory to the department confirming the federal extension. An extension under this subsection for the filing of a return under this chapter is not an extension of time to pay the tax due under this chapter.

(6)(a) If any return due under subsection (1) of this section, along with a copy of the federal income tax return, is not filed with the department by the due date or any extension granted by

the department, the department must assess a penalty in the amount of five percent of the tax due for the taxable year covered by the return for each month or portion of a month that the return remains unfiled. The total penalty assessed under this subsection may not exceed 25 percent of the tax due for the taxable year covered by the delinquent return. The penalty under this subsection is in addition to any penalties assessed for the late payment of any tax due on the return.

(b) The department must waive or cancel the penalty imposed under this subsection if:

(i) The department is persuaded that the taxpayer's failure to file the return by the due date was due to circumstances beyond the taxpayer's control; or

(ii) The taxpayer has not been delinquent in filing any return due under this section during the preceding five calendar years.

NEW SECTION. Sec. 110. (1) If the federal income tax liabilities of both spouses are determined on a joint federal return for the taxable year, they must file a joint return under this chapter.

(2) Except as otherwise provided in this subsection, if the federal income tax liability of either spouse is determined on a separate federal return for the taxable year, they must file separate returns under this chapter. State registered domestic partners may file a joint return under this chapter even if they filed separate federal returns for the taxable year.

(3) In any case in which a joint return is filed under this section, the liability of each spouse or state registered domestic partner is joint and several, unless:

(a) The spouse is relieved of liability for federal tax purposes as provided under Title 26 U.S.C. Sec. 6015 of the internal revenue code; or

(b) The department determines that the domestic partner qualifies for relief as provided by rule of the department. Such rule, to the extent possible without being inconsistent with this chapter, must follow Title 26 U.S.C. Sec. 6015.

NEW SECTION. Sec. 111. Except as otherwise provided by law and to the extent not inconsistent with the provisions of this chapter, chapter 82.32 RCW applies to the administration of taxes imposed under this chapter.

NEW SECTION. Sec. 112. (1) Any taxpayer who knowingly attempts to evade payment of the tax imposed under this chapter is guilty of a class C felony as provided in chapter 9A.20 RCW.

(2) Any taxpayer who knowingly fails to pay tax, make returns, keep records, or supply information, as required under this title, is guilty of a gross misdemeanor as provided in chapter 9A.20 RCW.

NEW SECTION. Sec. 113. A new section is added to chapter 82.04 RCW to read as follows:

(1) To avoid taxing the same sale or exchange under both the business and occupation tax and capital gains tax, a credit is allowed against taxes due under this chapter on a sale or exchange that is also subject to the tax imposed under section 103 of this act. The credit is equal to the amount of tax imposed under this chapter on such sale or exchange.

(2) The credit may be used against any tax due under this chapter.

(3) The credit under this section is earned in regards to a sale or exchange, and may be claimed against taxes due under this chapter, for the tax reporting period in which the sale or exchange occurred. The credit claimed for a tax reporting period may not exceed the tax otherwise due under this chapter for that tax reporting period. Unused credit may not be carried forward or backward to another tax reporting period. No refunds may be granted for unused credit under this section.

(4) The department must apply the credit first to taxes deposited into the general fund. If any remaining credit reduces the amount of taxes deposited into the workforce education investment account established in RCW 43.79.195, the department must notify the state treasurer of such amounts monthly, and the state treasurer must transfer those amounts from the general fund to the workforce education investment account.

NEW SECTION. Sec. 114. (1) All taxes, interest, and penalties collected under this chapter shall be distributed as follows:

(a) The first \$350,000,000 collected each fiscal year shall be deposited into the education legacy trust account created in RCW 83.100.230;

(b) The next \$100,000,000 collected each fiscal year shall be deposited into the general fund; and

(c) Any remainder collected each fiscal year shall be deposited into the taxpayer fairness account hereby created in the state treasury.

(2) The amounts specified under subsection (1)(a) and (b) of this section shall be adjusted annually as provided under section 115 of this act.

NEW SECTION. Sec. 115. (1) Beginning December 2023 and each December thereafter, the department must adjust the applicable amounts by multiplying the current applicable amounts by one plus the percentage by which the most current consumer price index available on December 1st of the current year exceeds the consumer price index for the prior 12-month period, and rounding the result to the nearest \$1,000. If an adjustment under this subsection (1) would reduce the applicable amounts, the department must not adjust the applicable amounts for use in the following year. The department must publish the adjusted applicable amounts on its public website by December 31st. The adjusted applicable amounts calculated under this subsection (1) take effect for taxes due and distributions made, as the case may be, in the following calendar year.

(2) For purposes of this section, the following definitions apply:

(a) "Applicable amounts" means:

(i) The threshold exclusion under section 102(13) of this act;

(ii) The worldwide gross revenue amount under section 107 of this act; and

(iii) The distribution amounts provided in section 114 of this act.

(b) "Consumer price index" means the consumer price index for all urban consumers, all items, for the Seattle area as calculated by the United States bureau of labor statistics or its successor agency.

(c) "Seattle area" means the geographic area sample that includes Seattle and surrounding areas.

 (A) The seller's customary practice for that item is to physically deliver or hand a utensil to the customer with the food or food ingredient as part of the sales transaction. If the food or food ingredient is prepackaged with a utensil, the seller is considered to have physically delivered a utensil to the customer unless the food and utensil are prepackaged together by a food manufacturer classified under sector 311 of the North American industry classification system (NAICS);
 (B) A plate, glass, cup, or bowl is necessary to receive the food or food ingredient, and the seller makes those utensils available to its customers; or
 (C)(I) The seller makes utensils available to its customers, and the seller has more than seventy-five percent prepared food sales. For purposes of this subsection (2)(c)(ii)(C), a seller has more than seventy-five percent prepared food sales if the seller's gross retail sales of prepared food under (c)(i)(A), (c)(i)(C), and (c)(ii)(B) of this subsection equal more than seventy-five percent of the seller's gross retail sales of all food and food ingredients, including prepared food, soft drinks, and dietary supplements.
 (II) However, even if a seller has more than seventy-five percent prepared food sales, four servings or more of food or food ingredients packaged for sale as a single item and sold for a single price are not "sold with utensils provided by the seller" unless the seller's customary practice for the package is to physically hand or otherwise deliver a utensil to the customer as part of the sales transaction. Whenever available, the number of servings included in a package of food or food ingredients must be determined based on the manufacturer's product label. If no label is available, the seller must reasonably determine the number of servings.
 (III) The seller must determine a single prepared food sales percentage annually for all the seller's establishments in the state based on the prior year of sales. The seller may elect to determine its prepared food sales percentage based either on the prior calendar year or on the prior fiscal year. A seller may not change its elected method for determining its prepared food percentage

without the written consent of the department. The seller must determine its annual prepared food sales percentage as soon as possible after accounting records are available, but in no event later than ninety days after the beginning of the seller's calendar or fiscal year. A seller may make a good faith estimate of its first annual prepared food sales percentage if the seller's records for the prior year are not sufficient to allow the seller to calculate the prepared food sales percentage. The seller must adjust its good faith estimate prospectively if its relative sales of prepared foods in the first ninety days of operation materially depart from the seller's estimate.

(iii) "Prepared food" (~~does not include~~) includes the following items, if sold without eating utensils provided by the seller:

(A) Food sold by a seller whose proper primary NAICS classification is manufacturing in sector 311, except subsector 3118 (bakeries), as provided in the "North American industry classification system—United States, 2002";

(B) Food sold in an unheated state by weight or volume as a single item; or

(C) Bakery items. The term "bakery items" includes bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts, Danish, cakes, tortes, pies, tarts, muffins, bars, cookies, or tortillas.

(d) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. Soft drinks do not include beverages that contain: Milk or milk products; soy, rice, or similar milk substitutes; or greater than fifty percent of vegetable or fruit juice by volume.

(3) Notwithstanding anything in this section to the contrary, the exemption of "food and food ingredients" provided in this section applies to food and food ingredients that are furnished, prepared, or served as meals:

(a) Under a state administered nutrition program for the aged as provided for in the older Americans act (P.L. 95-478 Title III) and RCW 74.38.040(6);

(b) That are provided to senior citizens, individuals with disabilities, or low-income persons by a not-for-profit organization organized under chapter 24.03 or 24.12 RCW; or

(c) That are provided to residents, sixty-two years of age or older, of a qualified low-income senior housing facility by the lessor or operator of the facility. The sale of a meal that is billed to both spouses of a marital community or both domestic partners of a domestic partnership meets the age requirement in this subsection (3)(c) if at least one of the spouses or domestic partners is at least sixty-two years of age. For purposes of this subsection, "qualified low-income senior housing facility" means a facility:

(i) That meets the definition of a qualified low-income housing project under 26 U.S.C. Sec. 42 of the federal internal revenue code, as existing on August 1, 2009;

(ii) That has been partially funded under 42 U.S.C. Sec. 1485; and

(iii) For which the lessor or operator has at any time been entitled to claim a federal income tax credit under 26 U.S.C. Sec. 42 of the federal internal revenue code.

(4)(a) Subsection (1) of this section notwithstanding, the retail sale of food and food ingredients is subject to sales tax under RCW 82.08.020 if the food and food ingredients are sold through a vending machine. Except as provided in (b) of this subsection, the selling price of food and food ingredients sold through a vending machine for purposes of RCW 82.08.020 is fifty-seven percent of the gross receipts.

(b) For soft drinks, bottled water, and hot prepared food and food ingredients, other than food and food ingredients which are heated after they have been dispensed from the vending machine, the selling price is the total gross receipts of such sales divided by the sum of one plus the sales tax rate expressed as a decimal.

REMARKS BY THE PRESIDENT

President Heck: "So before we go there. Before we go there. Having no idea what you're about to say. It is none the less timely given the conversations that occurred on the weekend and before, for me just to remind the members what the rule is, and this is not directed at you Senator Wagoner. It's Rule 33 of the rules you adopted. And it says any senator may rise to a question of privilege and explain a personal matter by leave of the president but shall not discuss any pending question in such explanations in other words can't talk about the bill across, a question of privilege shall only involve subject matter which affects the particular senator personally in a manner unique and peculiar to that senator very grateful for your allowing me the opportunity to clarify this sir but please proceed."

PERSONAL PRIVILEGE

Senator Wagoner: "Thank you Mr. President and I think that I fall within the narrow scope of that. I rise with good news, to inform the body. I have it on good authority that our good Senator Hobbs, also known as Lieutenant Colonel Hobbs in another life, was this morning awarded the Armed Forces Service Medal for his service to the state during the covid crisis. Now, I have not read the citation, but I did see the good Colonel in action in my district all summer long, urging his soldiers on to important work that they did. In my case, and in my district with food banks. Now I know his task was much larger than food banks because he was working on all elements of the covid crisis, but it made such a great difference in my district. And I know Colonel Hobbs is going to say, 'It was the soldiers that made me look good,' and that's true, it was. But they make you look good when you exercise excellent leadership and that's what Colonel Hobbs did. So, I just want to bring that to our attention."

SECOND READING

SENATE BILL NO. 5370, by Senators Keiser, Dhingra, Saldaña, and Wilson, C.

Updating mental health advance directive laws.

MOTIONS

On motion of Senator Keiser, Substitute Senate Bill No. 5370 was substituted for Senate Bill No. 5370 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Dhingra moved that the following striking floor amendment no. 315 by Senator Dhingra be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.32.010 and 2003 c 283 s 1 are each amended to read as follows:

(1) The legislature declares that an individual with capacity has the ability to control decisions relating to his or her own (~~mental~~) behavioral health care. The legislature finds that:

(a) Some (~~mental illnesses~~) behavioral health disorders cause individuals to fluctuate between capacity and incapacity;

(b) During periods when an individual's capacity is unclear, the individual may be unable to access needed treatment because the individual may be unable to give informed consent;

(c) Early treatment may prevent an individual from becoming so ill that involuntary treatment is necessary; and

(d) (~~Mentally ill individuals~~) Individuals with behavioral health disorders need some method of expressing their instructions and preferences for treatment and providing advance consent to or refusal of treatment.

(2) The legislature recognizes that a mental health advance directive can be an essential tool for an individual to express his or her choices at a time when the effects of (~~mental illness~~) a behavioral health disorder have not deprived him or her of the power to express his or her instructions or preferences.

(~~(2)~~) (3) The legislature further finds that:

(a) A mental health advance directive must provide the individual with a full range of choices;

(b) (~~Mentally ill individuals~~) Individuals with behavioral health disorders have varying perspectives on whether they want to be able to revoke a directive during periods of incapacity;

FIFTY SEVENTH DAY, MARCH 8, 2021

2021 REGULAR SESSION

(c) For a mental health advance directive to be an effective tool, individuals must be able to choose how they want their directives treated during periods of incapacity; and

(d) There must be clear standards so that treatment providers can readily discern an individual's treatment choices.

Consequently, the legislature affirms that, pursuant to other provisions of law, a validly executed mental health advance directive is to be respected by agents, guardians, and other surrogate decision makers, health care providers, professional persons, and health care facilities.

(5) If, at the end of the period of time that the principal or the principal's agent, if any, has consented to voluntary inpatient treatment, but no more than ~~((fourteen))~~ 14 days after admission, the principal has not regained capacity or has regained capacity but refuses to consent to remain for additional treatment, the principal must be released during reasonable daylight hours, unless detained under chapter 71.05 or 71.34 RCW.

(6)(a) Except as provided in (b) of this subsection, any principal who is voluntarily admitted to inpatient ~~((mental))~~ behavioral health treatment under this chapter shall have all the rights provided to individuals who are voluntarily admitted to inpatient treatment under chapter 71.05, 71.34, or 72.23 RCW.

(b) Notwithstanding RCW 71.05.050 regarding consent to inpatient treatment for a specified length of time, the choices an incapacitated principal expressed in his or her directive shall control, provided, however, that a principal who takes action demonstrating a desire to be discharged, in addition to making statements requesting to be discharged, shall be discharged, and no principal shall be restrained in any way in order to prevent his or her discharge. Nothing in this subsection shall be construed to prevent detention and evaluation for civil commitment under chapter 71.05 RCW.

(7) Consent to inpatient admission in a directive is effective only while the professional person, health care provider, and health care facility are in substantial compliance with the material provisions of the directive related to inpatient treatment.

Sec. 14. RCW 71.32.170 and 2003 c 283 s 17 are each amended to read as follows:

(1) For the purposes of this section, "provider" means a private or public agency, government entity, health care provider, professional person, health care facility, or person acting under the direction of a health care provider or professional person, health care facility, or long-term care facility.

(b) A health care provider or mental health professional determines that the principal is or is not incapacitated for the purpose of deciding whether to proceed according to a directive, and acts upon that determination;

(c) The provider administers or does not administer ~~((mental))~~ behavioral health treatment according to the principal's directive in good faith reliance upon the validity of the directive and the directive is subsequently found to be invalid;

(d) The provider does not provide treatment according to the directive for one of the reasons authorized under RCW 71.32.150; or

(e) The provider provides treatment according to the principal's directive.

Sec. 15. RCW 71.32.180 and 2016 c 209 s 411 are each amended to read as follows:

(1) Where an incapacitated principal has executed more than one valid directive and has not revoked any of the directives:

(a) The directive most recently created shall be treated as the principal's ~~((mental))~~ behavioral health treatment preferences and instructions as to any inconsistent or conflicting provisions, unless provided otherwise in either document.

(b) Where a directive executed under this chapter is inconsistent with a directive executed under any other chapter, the most recently created directive controls as to the inconsistent provisions.

(2) Where an incapacitated principal has appointed more than one agent under chapter 11.125 RCW with authority to make ~~((mental))~~ behavioral health treatment decisions, RCW 11.125.400 controls.

(3) The treatment provider shall inquire of a principal whether the principal is subject to any court orders that would affect the implementation of his or her directive.

Sec. 16. RCW 71.32.210 and 2003 c 283 s 21 are each amended to read as follows:

The fact that a person has executed a directive does not constitute an indication of ~~((mental))~~ behavioral health disorder or that the person is not capable of providing informed consent.

Sec. 17. RCW 71.32.220 and 2003 c 283 s 22 are each amended to read as follows:

A person shall not be required to execute or to refrain from executing a directive, nor shall the existence of a directive be used as a criterion for insurance, as a condition for receiving ~~((mental))~~ behavioral or physical health services, or as a condition of admission to or discharge from a health care facility or long-term care facility.

Sec. 18. RCW 71.32.250 and 2016 c 155 s 15 are each amended to read as follows:

(1) If a principal who is a resident of a long-term care facility is admitted to inpatient ~~((mental))~~ behavioral health treatment pursuant to his or her directive, the principal shall be allowed to be readmitted to the same long-term care facility as if his or her inpatient admission had been for a physical condition on the same basis that the principal would be readmitted under state or federal statute or rule when:

(a) The treating facility's professional staff determine that inpatient ~~((mental))~~ behavioral health treatment is no longer medically necessary for the resident. The determination shall be made in writing by a psychiatrist, physician assistant working with a supervising psychiatrist, or a psychiatric advanced registered nurse practitioner, or (i) one physician and a mental health professional or substance use disorder professional; (ii) one physician assistant and a mental health professional or substance use disorder professional; or (iii) one psychiatric advanced registered nurse practitioner and a mental health professional or substance use disorder professional; or

(b) The person's consent to admission in his or her directive has expired.

(2)(a) If the long-term care facility does not have a bed available at the time of discharge, the treating facility may discharge the resident, in consultation with the resident and agent if any, and in accordance with a medically appropriate discharge plan, to another long-term care facility.

(b) This section shall apply to inpatient ~~((mental))~~ behavioral health treatment admission of long-term care facility residents, regardless of whether the admission is directly from a facility, hospital emergency room, or other location.

(c) This section does not restrict the right of the resident to an earlier release from the inpatient treatment facility. This section does not restrict the right of a long-term care facility to initiate transfer or discharge of a resident who is readmitted pursuant to this section, provided that the facility has complied with the laws governing the transfer or discharge of a resident.

(3) The joint legislative audit and review committee shall conduct an evaluation of the operation and impact of this section. The committee shall report its findings to the appropriate committees of the legislature by December 1, 2004.

Sec. 19. RCW 71.32.260 and 2016 c 209 s 413 and 2016 c 155 s 16 are each reenacted and amended to read as follows:

The directive shall be in substantially the following form:

((Mental Health Advance Directive

**NOTICE TO PERSONS
CREATING A MENTAL HEALTH ADVANCE-
DIRECTIVE**

This is an important legal document. It creates an advance directive for mental health treatment. Before signing this document you should know these important facts:

(1) This document is called an advance directive and allows you to make decisions in advance about your mental health treatment, including medications, short term admission to inpatient treatment and electroconvulsive therapy.

YOU DO NOT HAVE TO FILL OUT OR SIGN THIS FORM.

IF YOU DO NOT SIGN THIS FORM, IT WILL NOT TAKE EFFECT.

If you choose to complete and sign this document, you may still decide to leave some items blank.

(2) You have the right to appoint a person as your agent to make treatment decisions for you. You must notify your agent that you have appointed him or her as an agent. The person you appoint has a duty to act consistently with your wishes made known by you. If your agent does not know what your wishes are, he or she has a duty to act in your best interest. Your agent has the right to withdraw from the appointment at any time.

(3) The instructions you include with this advance directive and the authority you give your agent to act will only become effective under the conditions you select in this document. You may choose to limit this directive and your agent's authority to times when you are incapacitated or to times when you are exhibiting symptoms or behavior that you specify. You may also make this directive effective immediately. No matter when you choose to make this directive effective, your treatment providers must still seek your informed consent at all times that you have capacity to give informed consent.

(4) You have the right to revoke this document in writing at any time you have capacity.

YOU MAY NOT REVOKE THIS DIRECTIVE WHEN YOU HAVE BEEN FOUND TO BE INCAPACITATED UNLESS YOU HAVE SPECIFICALLY STATED IN THIS DIRECTIVE THAT YOU WANT IT TO BE REVOCABLE WHEN YOU ARE INCAPACITATED.

(5) This directive will stay in effect until you revoke it unless you specify an expiration date. If you specify an expiration date and you are incapacitated at the time it expires, it will remain in effect until you have capacity to make treatment decisions again unless you chose to be able to revoke it while you are incapacitated and you revoke the directive.

(6) You cannot use your advance directive to consent to civil commitment. The procedures that apply to your advance directive are different than those provided for in the Involuntary Treatment Act. Involuntary treatment is a different process.

~~(7) If there is anything in this directive that you do not understand, you should ask a lawyer to explain it to you.~~

~~(8) You should be aware that there are some circumstances where your provider may not have to follow your directive.~~

~~(9) You should discuss any treatment decisions in your directive with your provider.~~

~~(10) You may ask the court to rule on the validity of your directive.~~

**PART I.
STATEMENT OF INTENT TO CREATE A
MENTAL HEALTH ADVANCE DIRECTIVE**

I, being a person with capacity, willfully and voluntarily execute this mental health advance directive so that my choices regarding my mental health care will be carried out in circumstances when I am unable to express my instructions and preferences regarding my mental health care. If a guardian is appointed by a court to make mental health decisions for me, I intend this document to take precedence over all other means of ascertaining my intent.

The fact that I may have left blanks in this directive does not affect its validity in any way. I intend that all completed sections be followed. If I have not expressed a choice, my agent should make the decision that he or she determines is in my best interest. I intend this directive to take precedence over any other directives I have previously executed, to the extent that they are inconsistent with this document, or unless I expressly state otherwise in either document.

I understand that I may revoke this directive in whole or in part if I am a person with capacity. I understand that I cannot revoke this directive if a court, two health care providers, or one mental health professional and one health care provider find that I am an incapacitated person, unless, when I executed this directive, I chose to be able to revoke this directive while incapacitated.

I understand that, except as otherwise provided in law, revocation must be in writing. I understand that nothing in this directive, or in my refusal of treatment to which I consent in this directive, authorizes any health care provider, professional person, health care facility, or agent appointed in this directive to use or threaten to use abuse, neglect, financial exploitation, or abandonment to carry out my directive.

I understand that there are some circumstances where my provider may not have to follow my directive.

**PART II.

YOU MUST COMPLETE THIS PART FOR YOUR DIRECTIVE TO BE VALID.

I intend that this directive become effective (**YOU MUST CHOOSE ONLY ONE**):

PART IV.
WHEN I MAY REVOKE THIS DIRECTIVE
YOU MUST COMPLETE THIS PART FOR THIS DIRECTIVE TO BE VALID.

I intend that I be able to revoke this directive (YOU MUST CHOOSE ONLY ONE):

..... Only when I have capacity.
I understand that choosing this option means I may only revoke this directive if I have capacity. I further understand that if I choose this option and become incapacitated while this directive is in effect, I may receive treatment that I specify in this directive, even if I object at the time.

..... Even if I am incapacitated.
I understand that choosing this option means that I may revoke this directive even if I am incapacitated. I further understand that if I choose this option and revoke this directive while I am incapacitated I may not receive treatment that I specify in this directive, even if I want the treatment.

(1)(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines(~~(, in its discretion,)~~) that a person is not able to pay a monetary obligation in full(~~(, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable)~~), the court shall enter into a payment plan with the person(~~(, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.~~

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of ~~((twenty dollars))~~ \$24. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) ~~((Eight dollars and fifty cents))~~ \$12.50 of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as follows: \$8.50 in the state general fund and \$4 in the driver licensing technology support account created under section 15 of this act. The moneys deposited into the driver licensing technology support account must be used to support information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the ~~((court may, at its discretion, enter into))~~ person may request a payment plan pursuant to section 4 of this act.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

(11) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(13) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

NEW SECTION. **Sec. 4.** A new section is added to chapter 46.63 RCW to read as follows:

(1)(a) A person may request a payment plan at any time for the payment of any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction. If the person does not have the ability to pay the monetary obligation in full and the person has not previously been granted a payment plan for the same monetary obligation, the court shall enter into a payment plan with the individual.

(b) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(2) The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(3) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations have been paid and court authorized community restitution has been completed, or until the court has entered into a new payment plan or community restitution agreement with the person.

(4)(a) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full, no sooner than 120 days from the date of the infraction the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid or until the person has entered into a payment plan under this section.

(b) If a person responded to a traffic infraction for a moving violation attesting that the person did not have the ability to pay the infraction in full, the court must attempt to enter into a payment plan with the person prior to referring the monetary obligation to a collections agency.

(5) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed \$10 per infraction or \$25 per payment plan, whichever is less.

(6) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(7) The court may modify a payment plan at any time.

(8) For the purposes of this section, "payment plan" means a plan that requires reasonable payments based on the financial ability of the person to pay as determined by court rule.

Sec. 5. RCW 46.20.289 and 2019 c 467 s 2 are each amended to read as follows:

(1) Except for traffic violations committed under RCW 46.61.165, the department shall suspend all driving privileges of a person when the department receives notice from a court under RCW 46.63.070(6), 46.63.110(6), or 46.64.025 that the person has failed to respond to a notice of traffic infraction for a moving

violation, failed to appear at a requested hearing for a moving violation, ~~((violated a written promise to appear in court for a notice of infraction for a moving violation, or has))~~ or failed to comply with the terms of a ~~((notice of traffic infraction,))~~ criminal complaint~~((;))~~ or criminal citation for a moving violation~~((; or))~~.

(2) The department shall suspend all driving privileges of a person when the department receives notice from another state under Article IV of the nonresident violator compact under RCW 46.23.010 or from a jurisdiction that has entered into an agreement with the department under RCW 46.23.020, other than for a standing, stopping, or parking violation, provided that the traffic infraction or traffic offense is committed on or after July 1, 2005.

(3) A suspension under this section takes effect pursuant to the provisions of RCW 46.20.245, and remains in effect until the department has received a certificate from the court showing that the case has been adjudicated, and until the person meets the requirements of RCW 46.20.311. ~~((In the case of failure to respond to a traffic infraction issued under RCW 46.55.105, the department shall suspend all driving privileges until the person provides evidence from the court that all penalties and restitution have been paid.))~~

(4) A suspension under this section does not take effect if, prior to the effective date of the suspension, the department receives a certificate from the court showing that the case ~~((has))~~ or cases have been adjudicated.

Sec. 6. RCW 46.20.291 and 2016 c 203 s 5 are each amended to read as follows:

The department is authorized to suspend the license of a driver upon a showing by its records or other sufficient evidence that the licensee:

(1) Has committed an offense for which mandatory revocation or suspension of license is provided by law;

(2) Has, by reckless or unlawful operation of a motor vehicle, caused or contributed to an accident resulting in death or injury to any person or serious property damage;

(3) Has been convicted of offenses against traffic regulations governing the movement of vehicles, or found to have committed traffic infractions, with such frequency as to indicate a disrespect for traffic laws or a disregard for the safety of other persons on the highways;

(4) Is incompetent to drive a motor vehicle under RCW 46.20.031(3);

(5) Has failed to respond to a notice of traffic infraction, failed to appear at a requested hearing, ~~((violated a written promise to appear in court,))~~ or has failed to comply with the terms of a ~~((notice of traffic infraction,))~~ criminal complaint~~((;))~~ or criminal citation for a moving violation, as provided in RCW 46.20.289;

(6) Is subject to suspension under RCW 46.20.305 or 9A.56.078;

(7) Has committed one of the prohibited practices relating to drivers' licenses defined in RCW 46.20.0921; or

(8) Has been certified by the department of social and health services as a person who is not in compliance with a child support order or a residential or visitation order as provided in RCW 74.20A.320.

NEW SECTION. Sec. 7. A new section is added to chapter 46.20 RCW to read as follows:

(1) Whenever the official records of the department show that a person has committed a traffic infraction for a moving violation on three or more occasions within a one-year period, or on four or more occasions within a two-year period, the department must suspend the license of the driver for a period of 60 days and establish a period of probation for one calendar year to begin when the suspension ends. Prior to reinstatement of a license, the person must complete a safe driving course as recommended by

the department. During the period of probation, the person must not be convicted of any additional traffic infractions for moving violations. Any traffic infraction for a moving violation committed during the period of probation shall result in an additional 30-day suspension to run consecutively with any suspension already being served.

(2) When a person has committed a traffic infraction for a moving violation on two occasions within a one-year period or three occasions within a two-year period, the department shall send the person a notice that an additional infraction will result in suspension of the person's license for a period of 60 days.

(3) The department may not charge a reissue fee at the end of the term of suspension under this section.

(4) For purposes of this section, multiple traffic infractions issued during or as the result of a single traffic stop constitute one occasion.

Sec. 8. RCW 46.20.311 and 2020 c 330 s 7 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle

owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) ~~(The)~~ Except as provided in section 7(3) of this act, the department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred seventy dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) Except as provided in subsection (4) of this section, if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred seventy dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the substance use disorder agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received

written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) Except as provided in subsection (4) of this section, if the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred seventy dollars.

(4) When the department reinstates a person's driver's license following a suspension, revocation, or denial under RCW 46.20.3101 or 46.61.5055, and the person is entitled to full day-for-day credit under RCW 46.20.3101(4) or 46.61.5055(9)(b)(ii) for an additional restriction arising from the same incident, the department shall impose no additional reissue fees under subsection (1)(e)(ii), (2)(b)(ii), or (3)(b) of this section associated with the additional restriction.

Sec. 9. RCW 46.20.342 and 2015 c 149 s 1 are each amended to read as follows:

(1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(a) A person found to be a habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. Upon the first such conviction, the person shall be punished by imprisonment for not less than ten days. Upon the second conviction, the person shall be punished by imprisonment for not less than ninety days. Upon the third or subsequent conviction, the person shall be punished by imprisonment for not less than one hundred eighty days. The minimum sentence of confinement required shall not be suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. For the purposes of this subsection, a person is not

considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license. This subsection applies when a person's driver's license or driving privilege has been suspended or revoked by reason of:

(i) A conviction of a felony in the commission of which a motor vehicle was used;

(ii) A previous conviction under this section;

(iii) A notice received by the department from a court or diversion unit as provided by RCW 46.20.265, relating to a minor who has committed, or who has entered a diversion unit concerning an offense relating to alcohol, legend drugs, controlled substances, or imitation controlled substances;

(ix) A conviction of RCW 46.61.500, relating to reckless driving;

(x) A conviction of RCW 46.61.502 or 46.61.504, relating to a person under the influence of intoxicating liquor or drugs;

(xi) A conviction of RCW 46.61.520, relating to vehicular homicide;

(1) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor or the county legislative authority and has been reduced in value by more than twenty percent as a result of a natural disaster, the true and fair value of such property shall be reduced for that assessment year by an amount determined by taking the true and fair value of such taxable property before destruction or reduction in value and deduct therefrom the true and fair value of the remaining property after destruction or reduction in value.

(2) Taxes levied for collection in the year in which the true and fair value has been reduced under subsection (1) of this section shall be abated in whole or in part as provided in this subsection. The amount of taxes to be abated shall be determined by first multiplying the amount deducted from the true and fair value under subsection (1) of this section by the rate of levy applicable to the property in the tax year. Then divide the product by the number of days in the year and multiply the quotient by the number of days remaining in the calendar year after the date of the destruction or reduction in value of the property. If taxes abated under this section have been paid, the amount paid shall be refunded under RCW 84.69.020. The tax relief provided for in this section for the tax year in which the damage or destruction occurred does not apply to property damaged or destroyed voluntarily.

(3) No reduction in the true and fair value or abatements shall be made more than three years after the date of destruction or reduction in value.

(4) The assessor shall make such reduction on his or her own motion; however, the taxpayer may make application for reduction on forms prepared by the department and provided by the assessor. The assessor shall notify the taxpayer of the amount of reduction.

(5) If destroyed property is replaced prior to the valuation dates contained in RCW 36.21.080 and 36.21.090, the total taxable value for that assessment year shall not exceed the value as of the

appropriate valuation date in RCW 36.21.080 or 36.21.090, whichever is appropriate.

(6) The taxpayer may appeal the amount of reduction to the county board of equalization in accordance with the provisions of RCW 84.40.038. The board shall reconvene, if necessary, to hear the appeal.

(7)(a) Physical improvements to qualifying single-family dwellings are exempt from taxation for three assessment years subsequent to the completion of the improvement, subject to the conditions and limitations in this subsection (7).

(b) The amount of the exemption provided in this subsection (7) is limited to the amount of the reduction in value determined in subsection (1) of this section with respect to the qualifying single-family dwelling.

(c)(i) A taxpayer desiring to obtain the exemption provided in this subsection (7) must file an application with the county assessor on forms prescribed or approved by the department and made available to the taxpayer by the county assessor. Except as provided in (c)(ii) of this subsection (7), the application must be submitted by the taxpayer before initiating construction of the improvement. County assessors may not approve any application for exemption received after June 30, 2026.

(ii) If a taxpayer has, before the effective date of this section, initiated construction of physical improvements to a qualifying single-family dwelling, the taxpayer may apply for the exemption under this subsection (7) by October 1, 2021.

(d) The value of the improvements must be considered as new construction for the purposes of chapters 36.21 and 84.55 RCW as though the property was not exempt under this chapter.

(e) The department may adopt any rules necessary to administer this section.

(f) For purposes of this subsection (7), the following definitions apply:

(i) "Improvement" means any actual, material, and permanent change to a qualifying single-family dwelling damaged as a result of a natural disaster that increases the value of the dwelling. "Improvement" also includes the construction of a new single-family dwelling that replaces a qualifying single-family dwelling totally destroyed as a result of a natural disaster.

(ii) "Qualifying single-family dwelling" means a single-family dwelling:

(A) Upon real property located in an area that has been declared a disaster area by the governor or the county legislative authority and has been reduced in value by more than 20 percent as a result of a natural disaster that occurred on or after August 31, 2020;

(B) That has received a reduction in the true and fair value under subsection (1) of this section; and

(C) In which the legal or beneficial ownership is held by the same individual or individuals who owned the property at the time that it was reduced in value as a result of a natural disaster, or their relatives. For the purpose of this subsection (7)(f)(ii), "relative" means any individual related to another individual by blood, marriage, or adoption.

(8) For purposes of this section, an area that has been declared a disaster area by the governor includes areas within the scope of the governor's request to the president of the United States for a major disaster declaration.

NEW SECTION. Sec. 2. The provisions of RCW 82.32.805 and 82.32.808 do not apply to this act.

NEW SECTION. Sec. 3. This act applies for taxes levied for collection in 2022 and thereafter."

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "creating a property tax exemption for homes damaged by natural disasters; amending RCW 84.70.010; and creating new sections."

(1)(a) Each county prosecutor shall develop and adopt a written protocol addressing potential impeachment disclosures pursuant to *Brady v. Maryland*, 373 U.S. 83 (1963), and subsequent case law. The protocol must provide guidance for: (i) The types of conduct that should be recognized as potentially exculpatory or as creating potential impeachment material; (ii) how information about an officer or officer conduct should be shared and maintained; and (iii) under what circumstances an officer's information or name may be removed from any list of potential impeachment disclosures.

(b) The protocol shall be developed by the prosecuting attorney with consultation of agencies representing law enforcement officers and local departments that will be impacted by the protocol.

The measure was read the second time.

MOTION

Senator Keiser moved that the following striking floor amendment no. 459 by Senator Keiser be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In order to stabilize, strengthen, and protect our state's agricultural workforce and economy, it is the intent of the legislature to pass the laws necessary to protect farmworkers and to provide agricultural employers with certainty and predictability.

The legislature intends to address the historical exceptions of agricultural work from overtime standards from both the federal fair labor standards act and the state minimum wage act when they were enacted over 70 years ago. Excluded from the opportunity to earn overtime pay, farmworkers across our state remain among our state's poorest workers. A United States department of labor study in 2016 found that nationally, 30 percent of farmworker families live below the poverty line, almost double the poverty rate of American families overall. The state department of health found that the current novel coronavirus pandemic has had a significant and disproportionate impact on farmworkers. The virus' risks to essential farmworkers from potential workplace exposures are compounded by systemic barriers to testing, prevention measures, and medical care.

The legislature also intends to avoid disruptions within the state's vital agricultural sector. While Washington is well known as the national leader in apple production, the state's agricultural sector is incredibly diverse: Over 300 crops are harvested, and a variety of livestock are raised on over 35,000 farms across the state. The robust size of our agricultural sector means our state overall ranks in the top 10 nationally in the size of our farm labor force. Agriculture is a cornerstone of our state economy. Uncertainty from recent legal decisions regarding overtime standards are compounding the pandemic's disruptions to the food chain and the safety challenges of operating during a public health crisis.

The legislature intends to provide clear overtime standards to reduce litigation between parties in this key sector of the state's economy during the challenges and additional costs brought on by the novel coronavirus and to protect the security of our food supply chain. This act's transitional approach is reasonable to achieve the legislature's purpose of increasing the safety of an at risk and essential workforce, increasing the public welfare of low-income individuals by removing a historical barrier to their earning potential, and maintaining the food security and economic security provided by a stable agricultural sector.

Sec. 2. RCW 49.46.130 and 2013 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this section and section 4 of this act, no employer shall employ any of his or her employees for a workweek longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

(e) Any individual employed as a motion picture projectionist if that employee is covered by a contract or collective bargaining agreement which regulates hours of work and overtime pay;

(f) An individual employed as a truck or bus driver who is subject to the provisions of the Federal Motor Carrier Act (49 U.S.C. Sec. 3101 et seq. and 49 U.S.C. Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

(g) ~~((Any)) Except as otherwise provided in section 4 of this act, any~~ individual employed (i) on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and furbearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; or (ii) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; or (iii) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption;

However, the provisions of the federal law regarding overtime payment based on a workweek other than forty hours shall nevertheless apply to employees covered by this section without regard to the existence of actual federal jurisdiction over the industrial activity of the particular employer within this state. For the purposes of this subsection, "industry" means a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (section 3(h) of the Fair Labor Standards Act of 1938, as amended (Public Law 93-259));

(3) No employer shall be deemed to have violated subsection (1) of this section by employing any employee of a retail or service establishment for a workweek in excess of the applicable workweek specified in subsection (1) of this section if:

(a) The regular rate of pay of the employee is in excess of one and one-half times the minimum hourly rate required under RCW 49.46.020; and

(b) More than half of the employee's compensation for a representative period, of not less than one month, represents commissions on goods or services.

In determining the proportion of compensation representing commissions, all earnings resulting from the application of a bona fide commission rate is to be deemed commissions on goods or

services without regard to whether the computed commissions exceed the draw or guarantee.

(4) No employer of commissioned salespeople primarily engaged in the business of selling automobiles, trucks, recreational vessels, recreational vessel trailers, recreational vehicle trailers, recreational campers, manufactured housing, or farm implements to ultimate purchasers shall violate subsection (1) of this section with respect to such commissioned salespeople if the commissioned salespeople are paid the greater of:

(a) Compensation at the hourly rate, which may not be less than the rate required under RCW 49.46.020, for each hour worked up to forty hours per week, and compensation of one and one-half times that hourly rate for all hours worked over forty hours in one week; or

(b) A straight commission, a salary plus commission, or a salary plus bonus applied to gross salary.

Sec. 3. RCW 49.46.130 and 2013 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided in this section, no employer shall employ any of his or her employees for a workweek longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

MESSAGE FROM THE HOUSE

March 17, 2021

MR. PRESIDENT:

The House has passed:

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1477,

and the same are herewith transmitted.

BERNARD DEAN, Chief Clerk

PERSONAL PRIVILEGE

Senator Liias: “Thank you, Madam President. I just want to take a moment to speak out against the rise in anti-Asian hate we are seeing in communities across this country. As you know, my predecessor in the Senate, Paul Shin, was one of Washington’s first Asian-American lawmakers. First Korean American elected to the Legislature. And I can recall Senator Shin, both in public and private conversations, sharing some of the hateful experiences he had experienced in our country decades ago and it is horrifying to see that here in 2021, Asian-Americans in my district, across our state, across the country continue to experience hate and violence and marginalization. And I know we’ve got some Senators working on a more formal statement of the Senate’s condemnation of this violence, but I just want to say today, as we continue to reflect on this issue that there is no space for this kind of hateful conduct in our state and each of us has an obligation to seek out and protect vulnerable members of our community and stand in solidarity with Asian-Americans across our communities and across the state in this difficult moment.”

MOTION

At 12:32 p.m., on motion of Senator Liias, the Senate adjourned until 11:45 a.m. Monday, March 22, 2021.

POINT OF ORDER

Senator Liias: "Mr. President, I believe that amendment no. 480 impermissibly expands the scope and object of the underlying bill under discussion, and I'd like to make some remarks."

President Heck: "Please proceed."

Senator Liias: "Thank you Mr. President. I believe that amendment no. 480 expands both the scope and the object of the underlying bill for two reasons. First of all, the net effect of the amendment, if adopted, would be to actually take voting rights away from some portion of this population that currently has them. Clearly, the purpose of this bill is to expand voting rights so allowing an amendment that would actually restrict and strip folks of their voting rights is outside the scope and object of the current bill. The second reason I think that this amendment exceeds the object of the bill, and I'll just remind you that in the state constitution and in Rule 66 of our Senate rules we say clearly that amendments can't exceed expand the scope and object of the bill the purpose of this bill is to make it clear and you can read it throughout the bill that all people who are no longer in total confinement of the Department of Corrections would have their voting rights automatically restored and so by carving out small subsets of that it exceeds and expands and violates the purpose of the bill which is to look at all of these folks when they've left total

confinement creating an automatic process for them to get their voting rights back so both because it strips some of their voting rights and because it impermissibly expands the object or changes the object of the bill I believe that this is in violation of our Senate rules and I'd ask you to rule it out of order."

President Heck: "Senator Rivers, do you wish to speak before the president takes us under advisement?"

Senator Rivers: "Well, Mr. President, thank you for this opportunity. You know I guess we've seen today how our rules are merely a guideline and I would say that in this instance there are a guideline as well. We are here today making a determination about the ability for individuals to be allowed to vote and that's what this amendment does. So, I, I think it's a good amendment. I think it's an important amendment for victims, for people of this state, for those who fear sexually violent predators and I feel like it should be, we should have debate and vote on it. Thank you, Mr. President."

MOTION

On motion of Senator Liias, further consideration of Engrossed Substitute House Bill No. 1078 was deferred, and the bill held its place on the second reading calendar.

Senator Hasegawa announced a meeting of the Democratic Caucus.

Senator Rivers announced the Republican Caucus would wait for session to reconvene.

PARLIAMENTARY INQUIRY

Senator Braun: "I just want to know if the motion presented by Senator Liias is debatable?"

President Heck: "To go at ease?"

Senator Braun: "No, no, no. I'm sorry. The earlier, the challenge of scope of the bill. If that's debatable? I've asked that, I've been constantly pushing the point of inquiry for a while here."

REPLY BY THE PRESIDENT

President Heck: "Traditionally Senator Braun, the practice has been that there is an argument made, one each, on the respective sides."

Senator Braun: "Thank you, Mr. President."

MOTION

At 3:31 p.m., on motion of Senator Liias, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 4:38 p.m. by President Heck.

The Senate resumed consideration of Engrossed Substitute House Bill No. 1078 which it had deferred earlier in the day.

The question before the Senate was the Point of Order by Senator Liias.

RULING BY THE PRESIDENT

President Heck: "In considering the Point of Order raised by Senator Liias as to whether Amendment 480 by Senator Rivers impermissibly seeks to expand the Scope and Object of Engrossed Substitute House Bill No. 1078, the President finds, and rules follows:

The scope of Engrossed Substitute House Bill No. 1078 broadly relates to voting eligibility for persons convicted of a felony. It automatically restores the right to vote for a person convicted of a felony once they are no longer serving a sentence of total confinement under the jurisdiction of the Department of Corrections.

Amendment 480 before us seeks to prohibit sexually violent predators conditionally released to less restrictive alternatives from being registered to vote before their release from the Department of Correction's authority. First, the President notes that sexually violent predators conditionally released to less restrictive alternatives are not in the jurisdiction of the Department of Corrections; rather, they are under the jurisdiction of the Department of Social and Health Services. Many sexually violent predators who are conditionally released to less restrictive alternatives currently have their voting rights restored as part of their terms of release. The effect of Amendment 480 would therefore be to both restrict the restoration of voting rights for some of these individuals, while taking away the existing voting rights of others.

As Senator Liias noted in his argument, Rule 66 requires that an amendment be within both the scope and the object of the underlying bill. Here, the object of the bill is much narrower than its scope and concerns the expansion of voting rights. Because Amendment 480 seeks to take away the existing right to vote from some sexually violent predators conditionally released to lesser restrictive alternative, the President finds the Amendment beyond the scope and object of the underlying bill.

The President also wishes to address the second part of Senator Liias' argument, relating to the carving out of the restoration of voting rights for certain individuals no longer serving total confinement. While not germane to the consideration of Amendment 480, the President wishes to provide the body with a better understanding of the President's approach to scope and object. Again, the object of the bill before us is to expand the group of individuals for whom voting rights will be restored. The President finds and rules it is proper to offer an amendment seeking to further define and qualify that class of individuals.

Based on the first issue, the President finds and rules that Amendment 480 is beyond the scope and object of Engrossed Substitute House Bill No. 1078. As reference was generally made to amendments not currently before the body, the President suggests that consideration of this ruling be made before raising any further objections."

REMARKS BY SENATOR RIVERS

Senator Rivers: "Thank you Mr. President. I just wanted to express my appreciation for your thoughtful consideration of the scope and object objection of Senator Liias and I agree with your decision. Thank you."

MOTION

Senator Short moved that the following floor amendment no. 481 by Senator Short be adopted:

On page 3, at the beginning of line 16, insert "includes community custody as directed under RCW 9.94A.507(1)(a)(i) as a result of a conviction for a sex offense upon a child, but"

MOTION

On motion of Senator Liias, the Senate advanced to the eighth order of business.

MOTION

Senator Dhingra moved adoption of the following resolution:

SENATE RESOLUTION
8610

By Senators Dhingra

WHEREAS, The pandemic saw a large rise in violence and animus targeting Asian American people across Washington and across this country; and

WHEREAS, It is clear that this violence has been founded on anti-Asian xenophobia and specifically targeted towards Asian and Pacific Islander individuals because of their race, affiliation, or appearance; and

WHEREAS, There have been 3,800 instances of reported hate incidents against Asian Americans and Pacific Islanders, AAPI, people across the country within the last year, a 150 percent increase and a trend which is reflected in our own state; and

WHEREAS, We recognize Noriko Nasu, a Japanese American high school teacher who is still recovering from an attack in the Chinatown International District during which an assailant used a rock to render her unconscious, fracture her nose, and break her teeth; and

WHEREAS, We recognize the 25 year old Asian American woman in Seattle who was pushed and told Asian people "need to be put in their place," and the Asian American couple who were threatened with an airsoft gun and told to "Go back to [their] country"; and

WHEREAS, We recognize William Barreto, a Filipino Chinese American, who recently experienced a stranger spitting in his face while being told the pandemic is "his fault"; and

WHEREAS, We recognize the numerous targeted vandalisms of Asian American homes, businesses, and places of worship—places where people are meant to feel safe and welcomed; and

WHEREAS, We understand that many members of the Asian American community have expressed feeling so unsafe in their communities that they feel the need to be accompanied in public so as to avoid assault or threat; and

WHEREAS, We acknowledge the ongoing grief and fear of the AAPI community as they grapple with these continued acts of hate and confront the fact that they are rooted in a long, detailed past of violent and discriminatory practices against people of Asian descent; and

WHEREAS, When we, as a state, acknowledge how we arrived at this painful moment, we must include Washington's significant, documented history of segregating Asian Americans from our cities and communities; and

WHEREAS, We must remember the history of brutal assaults on Asian Americans and abhorrent policies instituted against them in Washington, such as the Chinese Exclusion Act of 1882, the 1885 Squak Valley attack on Chinese laborers, the Seattle riots of 1886 which lead to the expulsion of 350 Chinese residents from Seattle, the 1886 Washington constitutional provision which barred Asian immigrants from applying for citizenship or owning property, the internment of Japanese Americans during the Second World War, and the Wah Mee Massacre of 1983 that claimed 13 Asian American lives; and

WHEREAS, Today, Washington is home to over 870,000 members of the AAPI community; and

WHEREAS, In spite of this traumatic history, the AAPI community has contributed invaluable accomplishments to the state of Washington; and

WHEREAS, In 1962, Wing Luke was the first Asian American to hold elected office in Washington state, with many following after him, including Governor Gary Locke and some of the members of this body today; and

WHEREAS, Washington's AAPI community is an integral part of our state, comprising accomplished individuals of all trades and talents, as evinced by our education system, art scene, thriving international districts, local businesses, and vibrant festivals; and

WHEREAS, Nobody who calls Washington home should live in fear because of who they are, how they are perceived, or what part of the world they or their families came from;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate stand in solidarity with the AAPI community against the acts of violence, hate speech, and displays of intolerance that they have experienced as a result of rampant anti-AAPI rhetoric; and

BE IT FURTHER RESOLVED, That Washington State Senate honor, respect, and value the contributions of our AAPI residents, seek to reduce the risk of harm or threat, stand in support of our communities as they heal, and express compassion and kindness for our residents, and to protect their right to justice.

Senators Dhingra, Wagoner, Salomon, Kuderer, Short and Liias spoke in favor of adoption of the resolution.

The President declared the question before the Senate to be the adoption of Senate Resolution No. 8610.

The motion by Senator Dhingra carried and the resolution was adopted by voice vote.

(c) Where avoidance and minimization are not reasonably attainable, compensating for impacts by providing net ecological benefits to fish and related aquatic resources in the water resource inventory area through in-kind or out-of-kind mitigation or a combination thereof, that improves the function and productivity of affected fish populations and related aquatic habitat. Out-of-kind mitigation may include instream or out-of-stream measures that improve or enhance existing water quality, riparian habitat, or other instream functions and values for which minimum instream flows or closures were established in that watershed.

(10) The department must monitor the implementation of the pilot projects, including all mitigation associated with each pilot project, approved under this section at least annually through December 31, 2028.

RULING BY THE PRESIDENT

President Heck: "Senator McCune, the procedure by which one is to state an objection in an instance like this is to indicate a point of inquiry button which is also to serve as a point of order button and the President made a particular effort to pause, and no such point of order was timely raised. I hesitate, and will not establish the precedent now, but I will commit to you all that in similar circumstances I will adequately pause so that you will have an opportunity to press the point of inquiry or point of order button. Senator McCune, do you have a point of inquiry or point of order?"

PARLIAMENTARY INQUIRY

Senator McCune: "I do. I didn't know the amendment, Mr. President, was gonna be put down. If I would have known, I would have run it myself. It's an important amendment to the budget.

RULING BY THE PRESIDENT

President Heck: "If I understood the point of inquiry correctly Senator Van De Wege, and I am not entirely convinced I did, it had multiple parts. First of all, the amendment before us is in order. NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as

long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. The office of the chief information officer shall maintain a statewide perspective when

To ensure compliance with legislative directive budget requirements and terms and conditions of the waiver, the authority shall implement the waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness, accuracy, and lack of redundancy with other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (a) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonpunitive of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (b) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (c) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (d) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than \$243,047,000 of the general fund—federal appropriation and no more than \$99,274,000 of the general fund—private/local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against the medicaid transformation demonstration waiver spending limits and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(6) The authority shall submit a plan to preserve the waiver allowing for full federal financial participation for medical clients in mental health facilities classified as institutions for mental

(8) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(9) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(10) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(11) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(12) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(14) \$4,261,000 of the general fund—state appropriation for fiscal year 2022, \$4,261,000 of the general fund—state appropriation for fiscal year 2023, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(15) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(16) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the

EIGHTY FIRST DAY, APRIL 1, 2021

2021 REGULAR SESSION

nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(17) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2021-2023 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2021, and by November 1, 2022, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2022 and fiscal year 2023, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2021-2023 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$691,000 of the general fund—state appropriation for fiscal year 2022 and \$686,000 of the general fund—state appropriation for fiscal year 2023 are provided solely for state grants for the participating hospitals.

(18) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(19) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(20) The authority shall submit reports to the governor and the legislature by September 15, 2021, and no later than September 15, 2022, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(21) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(22) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

(23) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(24) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

(25) \$90,000 of the general fund—state appropriation for fiscal year 2022, \$90,000 of the general fund—state appropriation for fiscal year 2023, and \$180,000 of the general fund—federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(28) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

(29) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(30) Beginning no later than January 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. At no time will a managed care organization be at risk for or have any right to the supplemental portion of the claim. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

(31) Sufficient amounts are appropriated in this section for the authority to provide a medicaid equivalent adult dental benefit to clients enrolled in the medical care service program.

(32) During the 2021-2023 fiscal biennium, sufficient amounts are provided in this section for the authority to provide services identical to those services covered by the Washington state family planning waiver program as of August 2018 to individuals who:

The authority is directed to:

(a) Contract with an external quality improvement organization to annually analyze the performance of managed care organizations providing services to clients under this chapter based on seven performance measures. The analysis required under this subsection must:

(i) Measure managed care performance in four common measures across each managed care organization, including:

- (A) At least one common measure must be weighted towards having the potential to impact managed care costs; and
- (B) At least one common measure must be weighted towards population health management, as defined by the measure; and

(ii) Measure managed care performance in an additional three quality focus performance measures specific to a managed care organization. Quality focus performance measures chosen by the authority must:

- (A) Be chosen from the statewide common measure set;
- (B) Reflect specific measures where a managed care organization has poor performance; and
- (C) Be substantive and clinically meaningful in promoting health status.

(b) The authority shall set the four common measures to be analyzed across all managed care organizations.

TOTAL APPROPRIATION	\$4,192,788,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$23,231,000 of the general fund—state appropriation for fiscal year 2022, \$27,679,000 of the general fund—state appropriation for fiscal year 2023, and \$9,072,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(4) \$10,424,000 of the general fund—state appropriation for fiscal year 2022, \$10,424,000 of the general fund—state appropriation for fiscal year 2023, and \$23,444,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (6) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT

evidence-based practice model in programs funded under this section.

(5) From the general fund—state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long-term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) \$107,991,000 of the general fund—state appropriation for fiscal year 2022 and \$108,891,000 of the general fund—state appropriation for fiscal year 2023 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) \$3,939,000 of each fiscal year amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount per fiscal year, 80 percent must be distributed to behavioral health administrative service organizations and 20 percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2021 regional allocation of flexible nonmedicaid funds.

(b) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(7) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(8) \$1,204,000 of the general fund—state appropriation for fiscal year 2022 and \$1,204,000 of the general fund—state appropriation for fiscal year 2023 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(9) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (6) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(10) \$2,291,000 of the general fund—state appropriation for fiscal year 2022 and \$2,291,000 of the general fund—state appropriation for fiscal year 2023 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit

a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(11) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(12) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(13) During the 2021-2023 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health administrative services organizations.

(14) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(15) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(16) No more than \$1,535,000 of the general fund—federal appropriation and \$810,000 of the general fund—local

appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(17) \$6,858,000 of the general fund—state appropriation for fiscal year 2022, \$6,858,000 of the general fund—state appropriation for fiscal year 2023, and \$8,046,000 of the general fund—federal appropriation are provided solely to maintain new crisis triage or stabilization centers. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(18) \$1,125,000 of the general fund—federal appropriation, from the substance abuse prevention and treatment federal block grant amount, is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (opioid treatment programs). The authority must use these amounts to reimburse the department of health for costs incurred through the implementation of the bill.

(19) \$9,795,000 of the general fund—state appropriation for fiscal year 2022, \$10,015,000 of the general fund—state appropriation for fiscal year 2023, and \$15,025,000 of the general fund—federal appropriation are provided solely for the operation of secure withdrawal management and stabilization facilities. The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

(20) \$23,090,000 of the general fund—state appropriation for fiscal year 2022, \$23,090,000 of the general fund—state appropriation for fiscal year 2023, and \$92,444,000 of the general fund—federal appropriation are provided solely to maintain the enhancement of community-based behavioral health services that were initially funded in fiscal year 2019. 20 percent of the general fund—state appropriation amounts must be provided to behavioral health administrative services organizations to increase their nonmedicaid regional funding allocations and the remainder must be provided to the medicaid managed care organizations providing apple health integrated managed care.

The medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. For the behavioral health administrative services organizations, this funding must be allocated to each region based upon the population of the region. For managed care organizations, this funding must be provided through the behavioral health portion of the medicaid integrated managed care capitation rates. The authority must require managed care organizations to provide a report that details the methodology the managed care organization used to distribute this funding to their contracted behavioral health providers. The report submitted by behavioral health administrative service organizations and managed care organizations must include mechanisms employed to disperse the funding as well as estimated impacts to behavioral health providers in the community. The authority must submit a report to the legislature by December annually, summarizing the information provided by the managed care organizations regarding the distribution of the funding provided under this section.

(21) \$58,832,000 of the general fund—state appropriation for fiscal year 2022, \$78,832,000 of the general fund—state appropriation for fiscal year 2023, and \$199,641,000 of the general fund—federal appropriation are provided solely for the department to contract with community hospitals or freestanding evaluation and treatment centers to provide long-term inpatient care beds as defined in RCW 71.24.025.
