**PART XI
HUMAN SERVICES
SUPPLEMENTAL**

Sec. 1101. 2020 c 357 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2020))~~ 2021, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year ~~((2020))~~ 2021 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2020))~~ 2021 in response to the COVID-19 pandemic or caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer

appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year ~~((2020))~~ 2021.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

However, after May 1, ~~((2020))~~ 2021, unless prohibited by this act, the authority may transfer general fund—state appropriations for fiscal year ~~((2020))~~ 2021 among programs after approval by the director of the office of financial management. To the extent that appropriations in sections 211 through 215 are insufficient to fund actual expenditures in excess of caseload forecast and utilization assumptions or for expenses in response to the COVID-19 pandemic, the authority may transfer general fund—state appropriations for fiscal year ~~((2020))~~ 2021 that are provided solely for a specified purpose. The authority may also transfer general fund—state appropriations for fiscal year 2020 that are provided solely for a specified purpose within section 215 of this act to cover any deficits in section 215 of this act resulting from assumptions related to the return of \$35,000,000 in general fund—state behavioral health organization reserves in fiscal year 2020 or for expenses in response to the COVID-19 pandemic in fiscal year 2021. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The appropriations in this section are subject to the following conditions and limitations:

(1) The authority shall not accept or expend any federal funds received under a medicaid transformation waiver under healthier Washington except as described in subsections (2) and (3) of this section until specifically approved and appropriated by the legislature. To ensure compliance with legislative directive budget requirements and terms and conditions of the waiver, the authority shall implement the waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness, accuracy, and lack of redundancy with other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (a) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonduplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (b) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (c) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (d) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. By federal standard, the medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for medicare and medicaid services and any programs created or funded by this waiver do not create an entitlement. Beginning May 15, 2019, and continuing through December 15, 2019, by the 15th of each month, the director in consultation with the secretary shall report to the fiscal chair of the appropriate committees of the legislature in the manner and form requested the status of the medicaid transformation waiver, including any anticipated or proposed changes to accruals or expenditures.

(2) No more than ~~((\$153,357,000))~~ \$165,082,000 of the general fund—federal appropriation and no more than ~~((\$86,190,000))~~ \$112,949,000 of the general fund—local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the medicaid transformation demonstration wavier under healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund—state expenditures under this initiative. The director shall also report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the

demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services.

(3)(a) No more than (~~(\$79,829,000)~~) \$67,896,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third party administrator. The authority and the department in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(b) No more than (~~(\$89,476,000)~~) \$105,283,000 of the general fund—federal appropriation and no more than (~~(\$36,548,000)~~) \$43,004,000 of the general fund—local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund—state, federal, or local expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(10) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(11) \$4,261,000 of the general fund—state appropriation for fiscal year 2020, \$4,261,000 of the general fund—state appropriation for fiscal year 2021, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(12) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(13)(a) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal

2021 REGULAR SESSION

rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement the recommendations of the group within the amounts provided in (a) of this subsection, the authority must submit a state plan amendment, if necessary, and submit a report to the fiscal committees of the legislature no later than September 30, 2020.

(c) \$193,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and

distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$759,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$715,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for state grants for the participating hospitals.

(16) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(18) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(26) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

(27) Beginning no later than January 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. At no time will a managed care organization be at risk for or have any right to the supplemental portion of the claim. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

~~(28) ((Sufficient funds are provided for the authority to remove payment and billing limitations identified during the review process required for implementation of chapter 226, Laws of 2017 (behavioral health care—primary care integration) for health and behavior codes, psychotherapy codes, and to continue to offer face to face tobacco cessation counseling only for pregnant individuals. The authority shall not recover the state portion of rural health reconciliations for calendar years 2011-2013 for which no general fund state accrual was made. The authority shall not pursue recoveries for calendar years 2014-2017 until after the legislature has an opportunity to take action during the 2020 legislative

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$15,605,000 of the general fund—state appropriation for fiscal year 2020, \$15,754,000 of the general fund—state appropriation for fiscal year 2021, and \$4,789,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

(4) \$7,657,000 of the general fund—state appropriation for fiscal year 2020, \$11,544,000 of the general fund—state appropriation for fiscal year 2021, and \$20,197,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health entities to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health entities with PACT teams, the authority shall consider the differences between behavioral health entities in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health entities which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under subsection (7) of this section. The authority and behavioral health entities shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(5) From the general fund—state appropriations in this section, the authority shall assure that behavioral health entities reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health entity consumers use because of their psychiatric disability.

(6) \$3,520,000 of the general fund—federal appropriation is provided solely for the authority to maintain a pilot project to incorporate peer bridging staff into behavioral health regional teams that provide transitional services to individuals returning to their communities.

(7) \$81,930,000 of the general fund—state appropriation for fiscal year 2020 and \$85,122,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health entity spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health entities as follows:

(a) Of the amount provided for fiscal year 2020, seventy percent must be distributed to behavioral health administrative service organizations and thirty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2019 regional allocation of flexible nonmedicaid funds.

(b) \$3,939,000 of the fiscal year 2021 amounts must be distributed to behavioral health administrative service organizations. Of the remaining amount for fiscal year 2021, eighty percent must be distributed to behavioral health administrative service organizations and twenty percent to managed care organizations. The percentage of funding provided to each behavioral health administrative services organization must be proportionate to the fiscal year 2020 regional allocation of flexible nonmedicaid funds.

(c) The authority must include the following language in medicaid contracts with behavioral health entities unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included

when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(8) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health entities for children's long-term inpatient facility services.

(9) \$1,204,000 of the general fund—state appropriation for fiscal year 2020 and \$1,204,000 of the general fund—state appropriation for fiscal year 2021 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2020 and \$2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted

directly between the authority and providers rather than through contracts with behavioral health organizations.

(15) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (a) Service and other outcome data must be provided to the authority by request; and (b) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(16) \$3,500,000 of the general fund—federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2019.

(19) No more than \$27,844,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of

The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year 2020, they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

Twenty percent of the general fund—state appropriation amounts for each regional service area must be contracted to the behavioral health administrative services organizations and used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates above FY 2018 levels. Effective January 2020, the medicaid funding is intended to increase rates for behavioral health services provided by licensed and certified community behavioral health agencies as defined by the department of health. This funding must be allocated to the managed care organizations proportionate to their medicaid enrollees. The authority must require the managed care organizations to provide a report on their implementation of this funding. The authority must submit a report to the legislature by December 1, 2020, summarizing how this funding was used and provide information for future options of increasing behavioral health provider rates through directed payments. The report must identify different mechanisms for implementing directed payment for behavioral health providers including but not limited to minimum fee schedules, across the board percentage increases, and value-based payments. The report must provide a description of each of the mechanisms considered, the timeline that would be required for implementing the mechanism, and whether and how the mechanism is expected

to have a differential impact on different providers. The report must also summarize the information provided by managed care organizations in implementing the funding provided under this section.

(24) \$27,917,000 of the general fund—state appropriation for fiscal year 2020, (~~(\$36,095,000)~~) \$27,274,000 of the general fund—state appropriation for fiscal year 2021, and (~~(\$46,889,000)~~) \$41,046,000 of the general fund—federal appropriation are provided solely for the department to contract with community hospitals or freestanding evaluation and treatment centers to provide long-term inpatient care beds as defined in RCW 71.24.025. (a) Sufficient amounts are provided in fiscal year 2020 for the authority to reimburse community hospitals serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the hospital's current psychiatric inpatient per diem rate, whichever is higher. In fiscal year 2020, the rate paid to hospitals in this subsection cannot exceed one-hundred percent of the hospitals eligible costs based on their most recently completed medicare cost report.

(b) Sufficient amounts are provided in fiscal year 2021 for the authority to reimburse providers serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025 as follows: (i) Community hospitals whose costs exceed their current rates based on their most recently filed medicare cost report at one hundred percent of the hospital's eligible costs documented in the most recently filed medicare cost report; (ii) community hospitals that do not have a filed medicare cost report on file with the authority at the statewide average rate based on the average of provider specific long-term inpatient care rates or the provider's current per diem rate, whichever is higher; (iii) community hospitals whose costs do not exceed their current rates based on their most recently filed medicare cost report at a rate of \$940 per day; and (iv) nonhospital residential treatment centers certified to provide long-term inpatient care beds as defined in RCW 71.24.025 at a rate that reflects a five percent increase from their fiscal year 2020 rate for serving medicaid clients in long-term inpatient care beds as defined in RCW 71.24.025.

The authority must provide a report to the appropriate committees of the legislature by December 1, 2020. The report must include options for incorporating additional factors into future rate adjustments and identify where there may be overlap within the different options. The report must include the following areas and provide a description of the option and the methodology and implementation costs associated with each option:

If the nonfederal share of reserves returned during fiscal year 2020 exceeds \$35,000,000, the authority shall use some of the amounts in excess of \$35,000,000 to support the final regions transitioning to full integration of physical and behavioral health care. These amounts must be distributed proportionate to the population of each regional area covered. The maximum amount allowed per region is \$3,175 per 1,000 residents. Senator Rolfes: "Yes."

Senator Nguyen: "Senator Rolfes, Section 120 of the operating budget addresses the Public Disclosure Commission. Subsection 2 prohibits the commission from establishing an electronic directory, archive, or other compilation of political advertising. Am I correct to understand that this limitation is only related to ones established and maintained by the commission itself and that it does not prohibit the commission from providing assistance to commercial advertisers who establish their own directory, archive, or compilation in order to comply with state disclosure requirements?"

Senator Rolfes: "Why Senator Nguyen, what an excellent question. Our staff, here at the Legislature, believes in our state and in our democracy so strongly that they make incredible sacrifices to ensure that we complete the people's work on time, even during a global pandemic. Whoops, that is the wrong thing. Sorry. Senator Nguyen, here's the right answer. Yes.

Yes, Senator Hunt worked with me on this provision, and we are in agreement that this provision does not limit the commission in assisting or collaborating with commercial advertisers on directories, archives, or compilations managed by those commercial advertisers in accordance with existing state disclosure requirements."

For this budget, it's almost a thousand-page budget, and then the staff wrote 680 or so page budget twice for the Republicans, so they have done a ton of work this year. I want to really call out Liza Weeks, Mary Cho and Brenna Price who folks know, folks on the committee, you know keep the committees running on track. And also, I'd like to shout out, I'd like to call out the names of the Ways & Means staff and thank them personally and I think that the members of this group would probably agree. And before we conclude, I'd also really like to welcome Senator Robinson to the Senate and thank her in particular for being an awesome vice chair thus far. We, she and I, have a ton of work to do, but she has been an incredible addition to the Senate and the committee and we're really really lucky that she joined us. And then finally, I want to thank Senators Brown and Wilson for the collegiality which they bring to their jobs. And I guess I'd like to ask the few of us who are here to do a round of applause for the committee staff and. Partisan staff Matt bridges and Ryan Brown as well can we do that”.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1108, by House Committee on Civil Rights & Judiciary (originally sponsored by Orwall, Ortiz-Self, Kloba, Hackney, Chopp, Santos, Macri, Pollet and Harris-Talley)

Maintaining funding and assistance for homeowners navigating the foreclosure process.

The measure was read the second time.

MOTION

Senator Mullet moved that the following committee striking amendment by the Committee on Business, Financial Services & Trade be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that whether mediation, reporting, and payment provisions of the foreclosure fairness act apply to any particular beneficiary in a

given year is tied to the number of trustee's sales and number of notices of trustee's sale recorded in the preceding year. The legislature further finds that, due to the federal foreclosure moratorium in place from at least March of 2020 through December of 2020 and into the year 2021, it is likely that, absent legislative action, the mediation, reporting, and payment provisions of the foreclosure fairness act will apply to very few if any beneficiaries in calendar year 2021 or 2022 because the threshold numbers that trigger application of these provisions will not be met. The legislature therefore intends to put in place a temporary stopgap remedy so that vital assistance provisions of the foreclosure fairness act are not lost at the very time that foreclosure activity is likely to be increasing.

Sec. 2. RCW 61.24.005 and 2014 c 164 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affiliate of beneficiary" means any entity which controls, is controlled by, or is under common control with a beneficiary.

(2) "Beneficiary" means the holder of the instrument or document evidencing the obligations secured by the deed of trust, excluding persons holding the same as security for a different obligation.

(3) "Borrower" means a person or a general partner in a partnership, including a joint venture, that is liable for all or part of the obligations secured by the deed of trust under the instrument or other document that is the principal evidence of such obligations, or the person's successors if they are liable for those obligations under a written agreement with the beneficiary.

(4) "Commercial loan" means a loan that is not made primarily for personal, family, or household purposes.

(5) "Department" means the department of commerce or its designee.

(6) "Fair value" means the value of the property encumbered by a deed of trust that is sold pursuant to a trustee's sale. This value shall be determined by the court or other appropriate adjudicator by reference to the most probable price, as of the date of the trustee's sale, which would be paid in cash or other immediately available funds, after deduction of prior liens and encumbrances with interest to the date of the trustee's sale, for which the property would sell on such date after reasonable exposure in the market under conditions requisite to a fair sale, with the buyer and seller each acting prudently, knowledgeably, and for self-interest, and assuming that neither is under duress.

(7) "Grantor" means a person, or its successors, who executes a deed of trust to encumber the person's interest in property as security for the performance of all or part of the borrower's obligations.

(8) "Guarantor" means any person and its successors who is not a borrower and who guarantees any of the obligations secured by a deed of trust in any written agreement other than the deed of trust.

(9) "Housing counselor" means a housing counselor that has been approved by the United States department of housing and urban development or approved by the Washington state housing finance commission.

(10) "Owner-occupied" means property that is the principal residence of the borrower.

(11) "Person" means any natural person, or legal or governmental entity.

(12) "Record" and "recorded" includes the appropriate registration proceedings, in the instance of registered land.

(13) "Residential real property" means property consisting solely of a single-family residence, a residential condominium unit, or a residential cooperative unit. For the purposes of the application of RCW 61.24.163, ((owner-occupied)) residential real property includes residential real property of up to four units.

(14) "Senior beneficiary" means the beneficiary of a deed of trust that has priority over any other deeds of trust encumbering the same residential real property.

(15) "Tenant-occupied property" means property consisting solely of residential real property that is the principal residence of a tenant subject to chapter 59.18 RCW or other building with four or fewer residential units that is the principal residence of a tenant subject to chapter 59.18 RCW.

(16) "Trustee" means the person designated as the trustee in the deed of trust or appointed under RCW 61.24.010(2).

(17) "Trustee's sale" means a nonjudicial sale under a deed of trust undertaken pursuant to this chapter.

Sec. 3. RCW 61.24.030 and 2018 c 306 s 1 are each amended to read as follows:

It shall be requisite to a trustee's sale:

- (1) That the deed of trust contains a power of sale;
- (2) That the deed of trust contains a statement that the real property conveyed is not used principally for agricultural purposes; provided, if the statement is false on the date the deed of trust was granted or amended to include that statement, and false on the date of the trustee's sale, then the deed of trust must be foreclosed judicially. Real property is used for agricultural purposes if it is used in an operation that produces crops, livestock, or aquatic goods;
- (3) That a default has occurred in the obligation secured or a covenant of the grantor, which by the terms of the deed of trust makes operative the power to sell;
- (4) That no action commenced by the beneficiary of the deed of trust is now pending to seek satisfaction of an obligation secured by the deed of trust in any court by reason of the grantor's default on the obligation secured: PROVIDED, That (a) the seeking of the appointment of a receiver, or the filing of a civil case to obtain court approval to access, secure, maintain, and preserve property from waste or nuisance, shall not constitute an action for purposes of this chapter; and (b) if a receiver is appointed, the grantor shall be entitled to any rents or profits derived from property subject to a homestead as defined in RCW 6.13.010. If the deed of trust was granted to secure a commercial loan, this subsection shall not apply to actions brought to enforce any other lien or security interest granted to secure the obligation secured by the deed of trust being foreclosed;
- (5) That the deed of trust has been recorded in each county in which the land or some part thereof is situated;

A declaration by the beneficiary made under the penalty of perjury stating that the beneficiary is the holder of any promissory note or other obligation secured by the deed of trust shall be sufficient proof as required under this subsection.
- (b) Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely on the beneficiary's declaration as evidence of proof required under this subsection.

(c) This subsection (7) does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW;

(8) That at least thirty days before notice of sale shall be recorded, transmitted or served, written notice of default and, for residential real property of up to four units, the beneficiary declaration specified in subsection (7)(a) of this section shall be transmitted by the beneficiary or trustee to the borrower and grantor at their last known addresses by both first-class and either registered or certified mail, return receipt requested, and the beneficiary or trustee shall cause to be posted in a conspicuous place on the premises, a copy of the notice, or personally served on the borrower and grantor. (h) A statement that the effect of the recordation, transmittal, and publication of a notice of sale will be to (i) increase the costs and fees and (ii) publicize the default and advertise the grantor's property for sale;

(i) A statement that the effect of the sale of the grantor's property by the trustee will be to deprive the grantor of all their interest in the property described in (a) of this subsection;

(j) A statement that the borrower, grantor, and any guarantor has recourse to the courts pursuant to RCW 61.24.130 to contest the alleged default on any proper ground;

The beneficiary or trustee shall obtain the toll-free numbers and website information from the department for inclusion in the notice;

(l) In the event the property secured by the deed of trust is residential real property of up to four units, the name and address of the holder of any promissory note or other obligation secured by the deed of trust and the name, address, and telephone number of a party acting as a servicer of the obligations secured by the deed of trust;

(m) For notices issued after June 30, 2018, on the top of the first page of the notice:

- (i) The current beneficiary of the deed of trust;
- (ii) The current mortgage servicer for the deed of trust; and
- (iii) The current trustee for the deed of trust;

(9) That, for ((owner-occupied)) residential real property of up to four units, before the notice of the trustee's sale is recorded, transmitted, or served, the beneficiary has complied with RCW 61.24.031 and, if applicable, RCW 61.24.163;

(10) That, in the case where the borrower or grantor is known to the mortgage servicer or trustee to be deceased, the notice required under subsection (8) of this section must be sent to any spouse, child, or parent of the borrower or grantor known to the trustee or mortgage servicer, and to any owner of record of the property, at any address provided to the trustee or mortgage servicer, and to the property addressed to the heirs and devisees of the borrower.

(a) If the name or address of any spouse, child, or parent of such deceased borrower or grantor cannot be ascertained with use of reasonable diligence, the trustee must execute and record with the notice of sale a declaration attesting to the same.

(b) Reasonable diligence for the purposes of this subsection (10) means the trustee shall search in the county where the property is located, the public records and information for any obituary, will, death certificate, or case in probate within the county for the borrower and grantor;

(11) Upon written notice identifying the property address and the name of the borrower to the servicer or trustee by someone claiming to be a successor in interest to the borrower's or grantor's property rights, but who is not a party to the loan or promissory note or other obligation secured by the deed of trust, a trustee shall

not record a notice of sale pursuant to RCW 61.24.040 until the trustee or mortgage servicer completes the following:

(a) Acknowledges the notice in writing and requests reasonable documentation of the death of the borrower or grantor from the claimant including, but not limited to, a death certificate or other written evidence of the death of the borrower or grantor. The claimant must be allowed thirty days from the date of this request to present this documentation. If the trustee or mortgage servicer has already obtained sufficient proof of the borrower's death, it may proceed by acknowledging the claimant's notice in writing and issuing a request under (b) of this subsection.

(b) If the mortgage servicer or trustee obtains or receives written documentation of the death of the borrower or grantor from the claimant, or otherwise independently confirms the death of the borrower or grantor, then the servicer or trustee must request in writing documentation from the claimant demonstrating the ownership interest of the claimant in the real property. A claimant has sixty days from the date of the request to present this documentation.

(c) If the mortgage servicer or trustee receives written documentation demonstrating the ownership interest of the claimant prior to the expiration of the sixty days provided in (b) of this subsection, then the servicer or trustee must, within twenty days of receipt of proof of ownership interest, provide the claimant with, at a minimum, the loan balance, interest rate and interest reset dates and amounts, balloon payments if any, prepayment penalties if any, the basis for the default, the monthly payment amount, reinstatement amounts or conditions, payoff amounts, and information on how and where payments should be made. The mortgage servicers shall also provide the claimant application materials and information, or a description of the process, necessary to request a loan assumption and modification.

(d) Upon receipt by the trustee or the mortgage servicer of the documentation establishing claimant's ownership interest in the real property, that claimant shall be deemed a "successor in interest" for the purposes of this section.

(e) There may be more than one successor in interest to the borrower's property rights. The trustee and mortgage servicer shall apply the provisions of this section to each successor in interest. In the case of multiple successors in interest, where one or more do not wish to assume the loan as coborrowers or coapplicants, a mortgage servicer may require any nonapplicant successor in interest to consent in writing to the application for loan assumption.

(f) The existence of a successor in interest under this section does not impose an affirmative duty on a mortgage servicer or alter any obligation the mortgage servicer has to provide a loan modification to the successor in interest. If a successor in interest assumes the loan, he or she may be required to otherwise qualify for available foreclosure prevention alternatives offered by the mortgage servicer.

(g) (c), (e), and (f) of this subsection (11) do not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW; and

(12) Nothing in this section shall prejudice the right of the mortgage servicer or beneficiary from discontinuing any foreclosure action initiated under the deed of trust act in favor of other allowed methods for pursuit of foreclosure of the security interest or deed of trust security interest.

Sec. 4. RCW 61.24.031 and 2014 c 164 s 2 are each amended to read as follows:

(1)(a) A trustee, beneficiary, or authorized agent may not issue a notice of default under RCW 61.24.030(8) until: (i) Thirty days after satisfying the due diligence requirements as described in subsection (5) of this section and the borrower has not responded;

or (ii) if the borrower responds to the initial contact, ninety days after the initial contact with the borrower was initiated.

(b) A beneficiary or authorized agent shall make initial contact with the borrower by letter to provide the borrower with information required under (c) of this subsection and by telephone as required under subsection (5) of this section. The letter required under this subsection must be mailed in accordance with subsection (5)(a) of this section and must include the information described in (c) of this subsection and subsection (5)(e)(i) through (iv) of this section.

(c) The letter required under this subsection, developed by the department pursuant to RCW 61.24.033, at a minimum shall include:

(i) A paragraph printed in no less than twelve-point font and bolded that reads:

"You must respond within thirty days of the date of this letter. IF YOU DO NOT RESPOND within thirty days, a notice of default may be issued and you may lose your home in foreclosure.

IF YOU DO RESPOND within thirty days of the date of this letter, you will have an additional sixty days to meet with your lender before a notice of default may be issued.

You should contact a housing counselor or attorney as soon as possible. Failure to contact a housing counselor or attorney may result in your losing certain opportunities, such as meeting with your lender or participating in mediation in front of a neutral third party. A housing counselor or attorney can help you work with your lender to avoid foreclosure.

If you filed bankruptcy or have been discharged in bankruptcy, this communication is not intended as an attempt to collect a debt from you personally, but is notice of enforcement of the deed of trust lien against the property. If you wish to avoid foreclosure and keep your property, this notice sets forth your rights and options.";

(ii) The toll-free telephone number from the United States department of housing and urban development to find a department-approved housing counseling agency, the toll-free numbers for the statewide foreclosure hotline recommended by the housing finance commission, and the statewide civil legal aid hotline for assistance and referrals to other housing counselors and attorneys;

(iii) A paragraph stating that a housing counselor may be available at little or no cost to the borrower and that whether or not the borrower contacts a housing counselor or attorney, the borrower has the right to request a meeting with the beneficiary; and

(iv) A paragraph explaining how the borrower may respond to the letter and stating that after responding the borrower will have an opportunity to meet with his or her beneficiary in an attempt to resolve and try to work out an alternative to the foreclosure and that, after ninety days from the date of the letter, a notice of default may be issued, which starts the foreclosure process.

(d) If the beneficiary has exercised due diligence as required under subsection (5) of this section and the borrower does not respond by contacting the beneficiary within thirty days of the initial contact, the notice of default may be issued. "Initial contact" with the borrower is considered made three days after the date the letter required in (b) of this subsection is sent.

(e) If a meeting is requested by the borrower or the borrower's housing counselor or attorney, the beneficiary or authorized agent shall schedule the meeting to occur before the notice of default is issued. An assessment of the borrower's financial ability to modify or restructure the loan obligation and a discussion of options must occur during the meeting scheduled for that purpose.

(f) The meeting scheduled to assess the borrower's financial ability to modify or restructure the loan obligation and discuss options to avoid foreclosure may be held telephonically, unless

the borrower or borrower's representative requests in writing that a meeting be held in person. The written request for an in-person meeting must be made within thirty days of the initial contact with the borrower. If the meeting is requested to be held in person, the meeting must be held in the county where the property is located unless the parties agree otherwise. A person who is authorized to agree to a resolution, including modifying or restructuring the loan obligation or other alternative resolution to foreclosure on behalf of the beneficiary, must be present either in person or on the telephone or videoconference during the meeting.

(2) A notice of default issued under RCW 61.24.030(8) must include a declaration, as provided in subsection (9) of this section, from the beneficiary or authorized agent that it has contacted the borrower as provided in subsection (1) of this section, it has tried with due diligence to contact the borrower under subsection (5) of this section, or the borrower has surrendered the property to the trustee, beneficiary, or authorized agent. Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely on the declaration as evidence that the requirements of this section have been satisfied, and the trustee is not liable for the beneficiary's or its authorized agent's failure to comply with the requirements of this section.

(3) If, after the initial contact under subsection (1) of this section, a borrower has designated a housing counseling agency, housing counselor, or attorney to discuss with the beneficiary or authorized agent, on the borrower's behalf, options for the borrower to avoid foreclosure, the borrower shall inform the beneficiary or authorized agent and provide the contact information to the beneficiary or authorized agent. The beneficiary or authorized agent shall contact the designated representative for the borrower to meet.

(4) The beneficiary or authorized agent and the borrower or the borrower's representative shall attempt to reach a resolution for the borrower within the ninety days from the time the initial contact is sent and the notice of default is issued. A resolution may include, but is not limited to, a loan modification, an agreement to conduct a short sale, or a deed in lieu of foreclosure transaction, or some other workout plan. Any modification or workout plan offered at the meeting with the borrower's designated representative by the beneficiary or authorized agent is subject to approval by the borrower.

(5) A notice of default may be issued under RCW 61.24.030(8) if a beneficiary or authorized agent has initiated contact with the borrower as required under subsection (1)(b) of this section and the failure to meet with the borrower occurred despite the due diligence of the beneficiary or authorized agent. Due diligence requires the following:

(a) A beneficiary or authorized agent shall first attempt to contact a borrower by sending, by both first-class and either registered or certified mail, return receipt requested, a letter to the address in the beneficiary's records for sending account statements to the borrower and to the address of the property encumbered by the deed of trust. The letter must be the letter described in subsection (1)(c) of this section.

(b)(i) After the letter has been sent, the beneficiary or authorized agent shall attempt to contact the borrower by telephone at least three times at different hours and on different days. Telephone calls must be made to the primary and secondary telephone numbers on file with the beneficiary or authorized agent.

(ii) A beneficiary or authorized agent may attempt to contact a borrower using an automated system to dial borrowers if the telephone call, when answered, is connected to a live representative of the beneficiary or authorized agent.

(iii) A beneficiary or authorized agent satisfies the telephone contact requirements of this subsection (5)(b) if the beneficiary or

2021 REGULAR SESSION

authorized agent determines, after attempting contact under this subsection (5)(b), that the borrower's primary telephone number and secondary telephone number or numbers on file, if any, have been disconnected or are not good contact numbers for the borrower.

(iv) The telephonic contact under this subsection (5)(b) does not constitute the meeting under subsection (1)(f) of this section.

(c) If the borrower does not respond within fourteen days after the telephone call requirements of (b) of this subsection have been satisfied, the beneficiary or authorized agent shall send a certified letter, with return receipt requested, to the borrower at the address in the beneficiary's records for sending account statements to the borrower and to the address of the property encumbered by the deed of trust. The letter must include the information described in (e)(i) through (iv) of this subsection. The letter must also include a paragraph stating: "Your failure to contact a housing counselor or attorney may result in your losing certain opportunities, such as meeting with your lender or participating in mediation in front of a neutral third party."

(d) The beneficiary or authorized agent shall provide a means for the borrower to contact the beneficiary or authorized agent in a timely manner, including a toll-free telephone number or charge-free equivalent that will provide access to a live representative during business hours for the purpose of initiating and scheduling the meeting under subsection (1)(f) of this section.

(e) The beneficiary or authorized agent shall post a link on the home page of the beneficiary's or authorized agent's internet website, if any, to the following information:

(i) Options that may be available to borrowers who are unable to afford their mortgage payments and who wish to avoid foreclosure, and instructions to borrowers advising them on steps to take to explore those options;

(ii) A list of financial documents borrowers should collect and be prepared to present to the beneficiary or authorized agent when discussing options for avoiding foreclosure;

(iii) A toll-free telephone number or charge-free equivalent for borrowers who wish to discuss options for avoiding foreclosure with their beneficiary or authorized agent; and

(iv) The toll-free telephone number or charge-free equivalent made available by the department to find a department-approved housing counseling agency.

(6) Subsections (1) and (5) of this section do not apply if the borrower has surrendered the property as evidenced by either a letter confirming the surrender or delivery of the keys to the property to the trustee, beneficiary, or authorized agent.

(7)(a) This section applies only to deeds of trust that are recorded against ((owner-occupied)) residential real property of up to four units. This section does not apply to deeds of trust: (i) Securing a commercial loan; (ii) securing obligations of a grantor who is not the borrower or a guarantor; or (iii) securing a purchaser's obligations under a seller-financed sale.

(b) This section does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW.

(8) As used in this section:

(a) "Department" means the United States department of housing and urban development.

(b) "Seller-financed sale" means a residential real property transaction where the seller finances all or part of the purchase price, and that financed amount is secured by a deed of trust against the subject residential real property.

(9) The form of declaration to be provided by the beneficiary or authorized agent as required under subsection (2) of this section must be in substantially the following form:

"FORECLOSURE LOSS MITIGATION FORM

The trustee may decline to complete a sale or deliver the trustee's deed and refund the purchase price, if it appears that the bidding has been collusive or defective, or that the sale might have been void. However, it is not an unfair or deceptive act or practice for any person, including a trustee, to state that a property subject to a recorded notice of trustee's sale or subject to a sale conducted pursuant to this chapter is being sold in an "as-is" condition, or for the beneficiary to arrange to provide financing for a particular bidder or to reach any good faith agreement with the borrower, grantor, any guarantor, or any junior lienholder.

(2) It is an unfair or deceptive act in trade or commerce and an unfair method of competition in violation of the consumer protection act, chapter 19.86 RCW, for any person or entity to: (a) Violate the duty of good faith under RCW 61.24.163; (b) fail to comply with the requirements of RCW 61.24.174, as it existed prior to July 1, 2016, ((or)) RCW 61.24.173, or section 11 of this act; or (c) fail to initiate contact with a borrower and exercise due diligence as required under RCW 61.24.031.

((5)) (4) For purposes of referral and mediation under RCW 61.24.163, a person may be referred to mediation if the borrower is deceased and the person is a successor in interest of the deceased borrower who occupies the property as his or her primary residence. The referring counselor or attorney must determine a person's eligibility under this section and indicate the grounds for eligibility on the referral to mediation submitted to the department. MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that students in Washington's secure facilities have been unable to access the education and supports they need to make life-changing academic progress. As a result, these students have experienced dismal graduation and recidivism rates, and have lost invaluable opportunities for hope and transformation.

(2) In 2020, the legislature enacted chapter 226, Laws of 2020, and established the task force on improving institutional education programs and outcomes. The task force efforts resulted in a series of well-considered recommendations that inform this act and, perhaps more importantly, offer a new opportunity to make critical policy advances for students and dedicated staff that are too often overlooked.

(3) The legislature acknowledges that institutional education facilities are part of the public school system and that the students

in secure facilities deserve full access to the state's basic education program and its promise of an opportunity to graduate with a meaningful diploma that prepares them for postsecondary education, gainful employment, and citizenship.

(4) The legislature finds that key reforms are needed to the institutional education system, including the development of an education program that is both student-centered and anchored in the principle that student improvement through education must be the system's primary objective. The legislature further finds that an effective institutional education system must have sufficient funding and proper administrative structures to assure effective functionality, oversight, and accountability.

(5) Although the task of making meaningful reforms to the institutional education system cannot be accomplished through a single legislative act, the legislature intends for this act to be a significant step of progress in better meeting the needs of students who are in or have been involved with the traditional components of the juvenile justice system, with subsequent legislative efforts to be focused on the education of students in other institutional settings, including those in long-term inpatient programs and those with exceptional mental or physical needs.

(6) The legislature, therefore, intends to establish new and modified requirements for the institutional education system that promote student success through improved agency and education provider practices, updated credit-awarding practices, new data collection and reporting requirements, and the development of expert recommendations that will create an implementable blueprint for successfully meeting complex student needs and improving education and postrelease outcomes.

Sec. 2. RCW 28A.150.200 and 2017 3rd sp.s. c 13 s 401 are each amended to read as follows:

(1) The program of basic education established under this chapter is deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution, which states that "It is the paramount duty of the state to make ample provision for the education of all children residing within its borders, without distinction or preference on account of race, color, caste, or sex," and is adopted pursuant to Article IX, section 2 of the state Constitution, which states that "The legislature shall provide for a general and uniform system of public schools."

(2) The legislature defines the program of basic education under this chapter as that which is necessary to provide the opportunity to develop the knowledge and skills necessary to meet the state-established high school graduation requirements that are intended to allow students to have the opportunity to graduate with a meaningful diploma that prepares them for postsecondary education, gainful employment, and citizenship. Basic education by necessity is an evolving program of instruction intended to reflect the changing educational opportunities that are needed to equip students for their role as productive citizens and includes the following:

(a) The instructional program of basic education the minimum components of which are described in RCW 28A.150.220;

(b) The program of education provided by chapter 28A.190 RCW for students in residential schools as defined by ((RCW 28A.190.020)) section 3 of this act and for juveniles in detention facilities as identified by RCW 28A.190.010;

(c) The program of education provided by chapter 28A.193 RCW for individuals under the age of eighteen who are incarcerated in adult correctional facilities;

(d) Transportation and transportation services to and from school for eligible students as provided under RCW 28A.160.150 through 28A.160.180; and

(e) Statewide salary allocations necessary to hire and retain qualified staff for the state's statutory program of basic education.

(2) School districts must waive specific courses required for graduation if similar coursework has been satisfactorily completed in another school district or must provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school district, the receiving school district must provide an alternative

means of acquiring required coursework so that graduation may occur on time.

(3) School districts must consolidate partial credit, unresolved, or incomplete coursework and provide opportunities for credit accrual in a manner that eliminates academic and nonacademic barriers for the student.

(4) For students in or released from an institutional education facility, school districts must provide students with access to world language proficiency tests, American sign language proficiency tests, and general education development tests. Access to the tests may not be conditioned or otherwise dependent upon a student's request. School districts must award at least one high school credit to students upon meeting the standard established by the state board of education under subsection (9) of this section on a world language or American sign language proficiency test or a general education development test. Additional credits may be awarded by the district if a student has completed a course or courses of study to prepare for the test. If the school district has a local policy for awarding mastery-based credit on state or local assessments, the school district must apply this policy for students in or released from an institutional education facility.

(5) For students who have been unable to complete an academic course and receive full credit due to withdrawal or transfer, school districts must grant partial credit for coursework completed before the date of withdrawal or transfer and the receiving school must accept those credits, apply them to the student's academic progress or graduation or both, and allow the student to earn credits regardless of the student's date of enrollment in the receiving school.

~~((5))~~ (6) Should a student who is transferring at the beginning or during the student's junior or senior year be ineligible to graduate from the receiving school district after all alternatives have been considered, the sending and receiving districts must ensure the receipt of a diploma from the sending district if the student meets the graduation requirements of the sending district.

~~((6))~~ (7) The superintendent of public instruction shall adopt and distribute to all school districts lawful and reasonable rules prescribing the substantive and procedural obligations of school districts to implement these provisions.

~~((7))~~ (8) Should a student have enrolled in three or more school districts as a high school student and have met state requirements but be ineligible to graduate from the receiving school district after all alternatives have been considered, the receiving school district must waive its local requirements and ensure the receipt of a diploma.

(9) The state board of education, in consultation with the office of the superintendent of public instruction, shall identify the scores students must achieve in order to meet the standard on world language or American sign language proficiency tests and general education development tests in accordance with subsection (4) of this section.

The purpose of the examination is to recommend new or modified dropout reengagement requirements and practices that will promote credit earning and high school completion by youth and postresident youth.

(2) Findings and recommendations resulting from the examination required by this section must be submitted by

November 1, 2021, to the governor and the appropriate committees of the house of representatives and the senate in accordance with RCW 43.01.036.

State funding for enrollments in dropout reengagement programs in addition to institutional education facility enrollments must be allocated pursuant to RCW 28A.175.110 excluding administrative fees. The office of the superintendent of public instruction shall develop procedures for school districts to report student enrollment in institutional education facilities and dropout reengagement programs.

Sec. 7. RCW 28A.175.105 and 2013 c 39 s 5 are each amended to read as follows:

The definitions in this section apply throughout RCW 28A.175.100 through 28A.175.110 unless the context clearly requires otherwise:

(1) "Dropout reengagement program" means an educational program that offers at least the following instruction and services:

(a) Academic instruction, including but not limited to preparation to earn a high school equivalency certificate as provided in RCW 28B.50.536 in accordance with rules adopted under RCW 28A.305.190, academic skills instruction, and college and work readiness preparation, that generates credits that can be applied to a high school diploma from the student's school district or from a community or technical college under RCW 28B.50.535 and has the goal of enabling the student to obtain the academic and work readiness skills necessary for employment or postsecondary study. A dropout reengagement program is not required to offer instruction in only those subject areas where a student is deficient in accumulated credits. Academic instruction must be provided by teachers certified by the Washington professional educator standards board or by instructors employed by a community or technical college whose required credentials are established by the college;

This data must include attendance, discipline rates, course and certificate completion rates, and other educational metrics;

(2) Analyze, and make a plan to resolve, department and institutional education facilities policies and practices that suspend the provision of educational services to a student as a disciplinary action, so that students are never denied the opportunity to engage in educational activities; and

(3) Review and resolve department and institutional education facility policies and practices that create barriers to students participating in meaningful learning opportunities, for example, career and technical education and postsecondary opportunities, in whatever location and format those opportunities are provided.

(4) In meeting the requirements of this section, the department of children, youth, and families must seek input from institutional education providers.

NEW SECTION. Sec. 10. A new section is added to chapter 28A.300 RCW to read as follows:

(2) The office of the superintendent of public instruction shall modify or establish requirements and supports for the provision of public education to youth and postresident youth. In meeting the requirements of this section, the office of the superintendent of public instruction shall:

(a) Adopt rules requiring institutional education providers at state long-term juvenile institutions and state-operated community facilities to conduct an individualized education program review for each newly admitted youth who either does not have an individualized education program or does not have an individualized education program that has been reviewed in a meeting with the youth, parent or guardian, and applicable school personnel in the previous 12 months;

(b) Adopt rules requiring institutional education providers to, upon admission of a youth to an institutional education facility, conduct a review and assessment of needed services for each facility transition the youth experiences within the juvenile justice system. MOTION

Senator Liias moved that the following striking floor amendment no. 547 by Senator Liias be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that higher education is pivotal in delivering training to Washington citizens

at all stages of their careers and ages. A skilled workforce increases productivity, boosts outputs, and propels growth in Washington's economy. The legislature further finds that a well-trained, highly skilled workforce provides Washington citizens with greater opportunities and skill sets to efficiently and confidently meet the changing demands of a transforming economy. Furthermore, a STEM-based education provides Washington's citizens with real-world applications to develop a variety of skill sets needed in today's global economy.

The legislature further finds that the Washington state opportunity scholarship is an innovative public private partnership that has been successful building a qualified workforce to fill Washington's high-demand STEM, health care, and trade industries. The Washington state opportunity scholarship has successfully created opportunities for communities historically left out of higher education and STEM, including women, students of color, and first-generation college students. In addition, the Washington state opportunity scholarship has been shown to change communities by breaking the cycle of intergenerational poverty.

The legislature also finds that higher education is a key driver of individual growth and prosperity, and is an effective way to bridge societal inequities that disproportionately afflict low-income communities and communities of color. The legislature further finds that these gaps will be further widened in the current global pandemic, which will exacerbate long-term impacts on these communities in intergenerational poverty, job attainment, job stability, and wage growth.

Therefore, it is the intent of the legislature to amend the existing Washington state opportunity scholarship program to eliminate false barriers for students eligible for the scholarship and provide additional educational opportunities for Washington's citizens. This legislative intent is particularly urgent during the global pandemic where additional skills and opportunities will be vital for Washington citizens as the state moves toward recovery from the current global pandemic.

(11) The association upon written request must furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments or the priority amount against that unit, or both. The statement must be furnished within fifteen days after receipt of the request and is binding on the association, the board, and every unit owner unless, and to the extent, known by the recipient to be false. The association or its authorized representative may purchase the unit at the foreclosure sale and acquire, hold, lease, mortgage, or convey the unit. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption is eight months.

(c) In a cooperative in which the unit owners' interests in the units are real estate, the association's lien must be foreclosed in like manner as a mortgage on real estate or by power of sale under (b) of this subsection.

(d) In a cooperative in which the unit owners' interests in the units are personal property, the association's lien must be foreclosed in like manner as a security interest under chapter 62A.9A RCW.

(14) If the unit owner's interest in a unit in a cooperative is real estate, the following requirements apply:

(a) The association, upon nonpayment of assessments and compliance with this subsection, may sell that unit at a public sale or by private negotiation, and at any time and place. The association must give to the unit owner and any lessee of the unit owner reasonable notice in a record of the time, date, and place of any public sale or, if a private sale is intended, of the intention of entering into a contract to sell and of the time and date after which a private conveyance may be made. Such notice must also be sent to any other person that has a recorded interest in the unit that would be cut off by the sale, but only if the recorded interest was on record seven weeks before the date specified in the notice as the date of any public sale or seven weeks before the date specified in the notice as the date after which a private sale may be made. The notices required under this subsection may be sent to any address reasonable in the circumstances. A sale may not be held until five weeks after the sending of the notice. The association may buy at any public sale and, if the sale is conducted by a fiduciary or other person not related to the association, at a private sale.

(b) Unless otherwise agreed to or as stated in this section, the unit owner is liable for any deficiency in a foreclosure sale.

(c) The proceeds of a foreclosure sale must be applied in the following order:

(i) The reasonable expenses of sale;

(ii) The reasonable expenses of securing possession before sale; the reasonable expenses of holding, maintaining, and preparing the unit for sale, including payment of taxes and other governmental charges and premiums on insurance; and, to the

2021 REGULAR SESSION

extent provided for by agreement between the association and the unit owner, reasonable attorneys' fees, costs, and other legal expenses incurred by the association;

- (iii) Satisfaction of the association's lien;
- (iv) Satisfaction in the order of priority of any subordinate claim of record; and
- (v) Remittance of any excess to the unit owner.

(d) A good-faith purchaser for value acquires the unit free of the association's debt that gave rise to the lien under which the foreclosure sale occurred and any subordinate interest, even though the association or other person conducting the sale failed to comply with this section. The person conducting the sale must execute a conveyance to the purchaser sufficient to convey the unit and stating that it is executed by the person after a foreclosure of the association's lien by power of sale and that the person was empowered to make the sale. Signature and title or authority of the person signing the conveyance as grantor and a recital of the facts of nonpayment of the assessment and of the giving of the notices required under this subsection are sufficient proof of the facts recited and of the authority to sign. Further proof of authority is not required even though the association is named as grantee in the conveyance.

(e) At any time before the association has conveyed a unit in a cooperative or entered into a contract for its conveyance under the power of sale, the unit owners or the holder of any subordinate security interest may cure the unit owner's default and prevent sale or other conveyance by tendering the performance due under the security agreement, including any amounts due because of exercise of a right to accelerate, plus the reasonable expenses of proceeding to foreclosure incurred to the time of tender, including reasonable attorneys' fees and costs of the creditor.

(15) In an action by an association to collect assessments or to foreclose a lien on a unit under this section, the court may appoint a receiver to collect all sums alleged to be due and owing to a unit owner before commencement or during pendency of the action. The receivership is governed under chapter 7.60 RCW. During pendency of the action, the court may order the receiver to pay sums held by the receiver to the association for any assessments against the unit. The exercise of rights under this subsection by the association does not affect the priority of preexisting liens on the unit.

(16) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure is not liable for assessments or installments of assessments that became due prior to such right of possession. Such unpaid assessments are deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior unit owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(17) In addition to constituting a lien on the unit, each assessment is the joint and several obligation of the unit owner of the unit to which the same are assessed as of the time the assessment is due. A unit owner may not exempt himself or herself from liability for assessments. In a voluntary conveyance other than by foreclosure, the grantee of a unit is jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee. Suit to recover a personal judgment for any delinquent assessment is maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(18) The association may from time to time establish reasonable late charges and a rate of interest to be charged, not to exceed the maximum rate calculated under RCW 19.52.020, on all subsequent delinquent assessments or installments of assessments. If the association does not establish such a rate, delinquent assessments bear interest from the date of delinquency at the maximum rate calculated under RCW 19.52.020 on the date on which the assessments became delinquent.

(19) The association is entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in a suit being commenced or prosecuted to judgment. The prevailing party is also entitled to recover costs and reasonable attorneys' fees in such suits, including any appeals, if it prevails on appeal and in the enforcement of a judgment.

(20) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law.

(21) An association may not commence an action to foreclose a lien on a unit under this section unless:

(a) The unit owner, at the time the action is commenced, owes at least a sum equal to ((at least three months of common expense assessments)) the greater of:

(i) Three months or more of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account; or

(ii) \$200 of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account;

(b) At or after the date that assessments have become past due for at least 90 days, the association has mailed, by first-class mail, to the owner, at the unit address and to any other address which the owner has provided to the association, a notice of delinquency, which shall state as follows:

(c) At least 180 days have elapsed from the date the minimum amount required in (a) of this subsection has accrued; and

~~((b))~~ (d) The board approves commencement of a foreclosure action specifically against that unit.

(22) Every aspect of a collection, foreclosure, sale, or other conveyance under this section, including the method, advertising, time, date, place, and terms, must be commercially reasonable.

Sec. 2. RCW 64.90.485 and 2021 c ... s 1 (section 1 of this act) are each amended to read as follows:

(1) The association has a statutory lien on each unit for any unpaid assessment against the unit from the time such assessment is due.

(2) A lien under this section has priority over all other liens and encumbrances on a unit except:

(a) Liens and encumbrances recorded before the recordation of the declaration and, in a cooperative, liens and encumbrances that the association creates, assumes, or takes subject to;

(b) Except as otherwise provided in subsection (3) of this section, a security interest on the unit recorded before the date on which the unpaid assessment became due or, in a cooperative, a security interest encumbering only the unit owner's interest and perfected before the date on which the unpaid assessment became due; and

(c) Liens for real estate taxes and other state or local governmental assessments or charges against the unit or cooperative.

(3)(a) A lien under this section also has priority over the security interests described in subsection (2)(b) of this section to the extent of an amount equal to the following:

(i) The common expense assessments, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to RCW 64.90.480(1), along with any specially allocated assessments that are properly assessable against the unit under such periodic budget, which would have become due in the absence of acceleration during the six months immediately preceding the institution of proceedings to foreclose either the association's lien or a security interest described in subsection (2)(b) of this section;

(ii) The association's actual costs and reasonable attorneys' fees incurred in foreclosing its lien but incurred after the giving of the notice described in (a)(iii) of this subsection; provided, however, that the costs and reasonable attorneys' fees that will have priority under this subsection (3)(a)(ii) shall not exceed two thousand dollars or an amount equal to the amounts described in (a)(i) of this subsection, whichever is less;

(iii) The amounts described in (a)(ii) of this subsection shall be prior only to the security interest of the holder of a security interest on the unit recorded before the date on which the unpaid assessment became due and only if the association has given that holder not less than sixty days' prior written notice that the owner of the unit is in default in payment of an assessment. The notice shall contain:

(A) Name of the borrower;

(B) Recording date of the trust deed or mortgage;

(C) Recording information;

(D) Name of condominium, unit owner, and unit designation stated in the declaration or applicable supplemental declaration;

(E) Amount of unpaid assessment; and

(F) A statement that failure to, within sixty days of the written notice, submit the association payment of six months of assessments as described in (a)(i) of this subsection will result in

the priority of the amounts described in (a)(ii) of this subsection; and

(iv) Upon payment of the amounts described in (a)(i) and (ii) of this subsection by the holder of a security interest, the association's lien described in this subsection (3)(a) shall thereafter be fully subordinated to the lien of such holder's security interest on the unit.

(b) For the purposes of this subsection:

(i) "Institution of proceedings" means either:

(A) The date of recording of a notice of trustee's sale by a deed of trust beneficiary;

(B) The date of commencement, pursuant to applicable court rules, of an action for judicial foreclosure either by the association or by the holder of a recorded security interest; or

(C) The date of recording of a notice of intention to forfeit in a real estate contract forfeiture proceeding by the vendor under a real estate contract.

(ii) "Capital improvements" does not include making, in the ordinary course of management, repairs to common elements or replacements of the common elements with substantially similar items, subject to: (A) Availability of materials and products, (B) prevailing law, or (C) sound engineering and construction standards then prevailing.

(c) The adoption of a periodic budget that purports to allocate to a unit any fines, late charges, interest, attorneys' fees and costs incurred for services unrelated to the foreclosure of the association's lien, other collection charges, or specially allocated assessments assessed under RCW 64.90.480 (6) or (7) does not cause any such items to be included in the priority amount affecting such unit.

(4) Subsections (2) and (3) of this section do not affect the priority of mechanics' or material suppliers' liens to the extent that law of this state other than chapter 277, Laws of 2018 gives priority to such liens, or the priority of liens for other assessments made by the association.

(5) A lien under this section is not subject to chapter 6.13 RCW.

(6) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided under subsection (13) of this section, the association is not entitled to the lien priority provided for under subsection (3) of this section, and is subject to the limitations on deficiency judgments as provided in chapter 61.24 RCW.

(7) Unless the declaration provides otherwise, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority as to each other, and any foreclosure of one such lien shall not affect the lien of the other.

(8) Recording of the declaration constitutes record notice and perfection of the statutory lien created under this section. Further notice or recordation of any claim of lien for assessment under this section is not required, but is not prohibited.

(9) A lien for unpaid assessments and the personal liability for payment of those assessments are extinguished unless proceedings to enforce the lien or collect the debt are instituted within six years after the full amount of the assessments sought to be recovered becomes due.

(10) This section does not prohibit actions against unit owners to recover sums for which subsection (1) of this section creates a lien or prohibit an association from taking a deed in lieu of foreclosure.

(11) The association upon written request must furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments or the priority amount against that unit, or both. The statement must be furnished within fifteen days after receipt of the request and is binding on the association, the board,

and every unit owner unless, and to the extent, known by the recipient to be false. The liability of a recipient who reasonably relies upon the statement must not exceed the amount set forth in any statement furnished pursuant to this section or RCW 64.90.640(1)(b).

(12) In a cooperative, upon nonpayment of an assessment on a unit, the unit owner may be evicted in the same manner as provided by law in the case of an unlawful holdover by a commercial tenant, and the lien may be foreclosed as provided under this section.

(13) The association's lien may be foreclosed in accordance with (a) and (b) of this subsection.

(a) In a common interest community other than a cooperative, the association's lien may be foreclosed judicially in accordance with chapter 61.12 RCW, subject to any rights of redemption under chapter 6.23 RCW.

(b) The lien may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration: Contains a grant of the common interest community in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, contains a power of sale, provides in its terms that the units are not used principally for agricultural purposes, and provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative may purchase the unit at the foreclosure sale and acquire, hold, lease, mortgage, or convey the unit. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption is eight months.

(c) In a cooperative in which the unit owners' interests in the units are real estate, the association's lien must be foreclosed in like manner as a mortgage on real estate or by power of sale under (b) of this subsection.

(d) In a cooperative in which the unit owners' interests in the units are personal property, the association's lien must be foreclosed in like manner as a security interest under chapter 62A.9A RCW.

(14) If the unit owner's interest in a unit in a cooperative is real estate, the following requirements apply:

(a) The association, upon nonpayment of assessments and compliance with this subsection, may sell that unit at a public sale or by private negotiation, and at any time and place. The association must give to the unit owner and any lessee of the unit owner reasonable notice in a record of the time, date, and place of any public sale or, if a private sale is intended, of the intention of entering into a contract to sell and of the time and date after which a private conveyance may be made. Such notice must also be sent to any other person that has a recorded interest in the unit that would be cut off by the sale, but only if the recorded interest was on record seven weeks before the date specified in the notice as the date of any public sale or seven weeks before the date specified in the notice as the date after which a private sale may be made. The notices required under this subsection may be sent to any address reasonable in the circumstances. A sale may not be held until five weeks after the sending of the notice. The association may buy at any public sale and, if the sale is conducted by a fiduciary or other person not related to the association, at a private sale.

(b) Unless otherwise agreed to or as stated in this section, the unit owner is liable for any deficiency in a foreclosure sale.

(c) The proceeds of a foreclosure sale must be applied in the following order:

(i) The reasonable expenses of sale;

(ii) The reasonable expenses of securing possession before sale; the reasonable expenses of holding, maintaining, and preparing the unit for sale, including payment of taxes and other governmental charges and premiums on insurance; and, to the extent provided for by agreement between the association and the unit owner, reasonable attorneys' fees, costs, and other legal expenses incurred by the association;

(iii) Satisfaction of the association's lien;

(iv) Satisfaction in the order of priority of any subordinate claim of record; and

(v) Remittance of any excess to the unit owner.

(d) A good-faith purchaser for value acquires the unit free of the association's debt that gave rise to the lien under which the foreclosure sale occurred and any subordinate interest, even though the association or other person conducting the sale failed to comply with this section. The person conducting the sale must execute a conveyance to the purchaser sufficient to convey the unit and stating that it is executed by the person after a foreclosure of the association's lien by power of sale and that the person was empowered to make the sale. Signature and title or authority of the person signing the conveyance as grantor and a recital of the facts of nonpayment of the assessment and of the giving of the notices required under this subsection are sufficient proof of the facts recited and of the authority to sign. Further proof of authority is not required even though the association is named as grantee in the conveyance.

(e) At any time before the association has conveyed a unit in a cooperative or entered into a contract for its conveyance under the power of sale, the unit owners or the holder of any subordinate security interest may cure the unit owner's default and prevent sale or other conveyance by tendering the performance due under the security agreement, including any amounts due because of exercise of a right to accelerate, plus the reasonable expenses of proceeding to foreclosure incurred to the time of tender, including reasonable attorneys' fees and costs of the creditor.

(15) In an action by an association to collect assessments or to foreclose a lien on a unit under this section, the court may appoint a receiver to collect all sums alleged to be due and owing to a unit owner before commencement or during pendency of the action. The receivership is governed under chapter 7.60 RCW. During pendency of the action, the court may order the receiver to pay sums held by the receiver to the association for any assessments against the unit. The exercise of rights under this subsection by the association does not affect the priority of preexisting liens on the unit.

(16) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure is not liable for assessments or installments of assessments that became due prior to such right of possession. Such unpaid assessments are deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior unit owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(17) In addition to constituting a lien on the unit, each assessment is the joint and several obligation of the unit owner of the unit to which the same are assessed as of the time the assessment is due. A unit owner may not exempt himself or herself from liability for assessments. In a voluntary conveyance other than by foreclosure, the grantee of a unit is jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee. Suit to recover a personal judgment

for any delinquent assessment is maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(18) The association may from time to time establish reasonable late charges and a rate of interest to be charged, not to exceed the maximum rate calculated under RCW 19.52.020, on all subsequent delinquent assessments or installments of assessments. If the association does not establish such a rate, delinquent assessments bear interest from the date of delinquency at the maximum rate calculated under RCW 19.52.020 on the date on which the assessments became delinquent.

(19) The association is entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in a suit being commenced or prosecuted to judgment. The prevailing party is also entitled to recover costs and reasonable attorneys' fees in such suits, including any appeals, if it prevails on appeal and in the enforcement of a judgment.

(20) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law.

(21) An association may not commence an action to foreclose a lien on a unit under this section unless:

(a) The unit owner, at the time the action is commenced, owes at least a sum equal to the greater of:

(i) Three months or more of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account; or

(ii) \$200 of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account;

(b) At or after the date that assessments have become past due for at least 90 days, the association has mailed, by first-class mail, to the owner, at the unit address and to any other address which the owner has provided to the association, a notice of delinquency, which shall state as follows:

Sec. 3. RCW 64.32.200 and 2012 c 117 s 201 are each amended to read as follows:

(1) The declaration may provide for the collection of all sums assessed by the association of apartment owners for the share of the common expenses chargeable to any apartment and the collection may be enforced in any manner provided in the declaration including, but not limited to, (a) ten days notice shall be given the delinquent apartment owner to the effect that unless such assessment is paid within ten days any or all utility services will be forthwith severed and shall remain severed until such assessment is paid, or (b) collection of such assessment may be made by such lawful method of enforcement, judicial or extra-judicial, as may be provided in the declaration and/or bylaws.

(2) All sums assessed by the association of apartment owners but unpaid for the share of the common expenses chargeable to any apartment shall constitute a lien on such apartment prior to all other liens except only (a) tax liens on the apartment in favor of any assessing unit and/or special district, and (b) all sums unpaid on all mortgages of record. Such lien is not subject to the ban against execution or forced sales of homesteads under RCW 6.13.080 and, subject to the provisions in subsection (4) of this section, may be foreclosed by suit by the manager or board of directors, acting on behalf of the apartment owners, in like manner as a mortgage of real property. In any such foreclosure the apartment owner shall be required to pay a reasonable rental for the apartment, if so provided in the bylaws, and the plaintiff in such foreclosures shall be entitled to the appointment of a receiver to collect the same. The manager or board of directors, acting on behalf of the apartment owners, shall have power, unless prohibited by the declaration, to bid on the apartment at foreclosure sale, and to acquire and hold, lease, mortgage, and convey the same. Upon an express waiver in the complaint of any right to a deficiency judgment, the period of redemption shall be eight months after the sale. Suit to recover any judgment for any unpaid common expenses shall be maintainable without foreclosing or waiving the liens securing the same.

(3) Where the mortgagee of a mortgage of record or other purchaser of an apartment obtains possession of the apartment as a result of foreclosure of the mortgage, such possessor, his or her successors and assigns shall not be liable for the share of the common expenses or assessments by the association of apartment owners chargeable to such apartment which became due prior to such possession. Such unpaid share of common expenses of assessments shall be deemed to be common expenses collectible from all of the apartment owners including such possessor, his or her successors and assigns.

(4) An association, or the manager or board of directors on its behalf, may not commence an action to foreclose a lien on an apartment under this section unless:

Sec. 4. RCW 64.32.200 and 2021 c ... s 3 (section 3 of this act) are each amended to read as follows:

(1) The declaration may provide for the collection of all sums assessed by the association of apartment owners for the share of the common expenses chargeable to any apartment and the collection may be enforced in any manner provided in the declaration including, but not limited to, (a) ten days notice shall be given the delinquent apartment owner to the effect that unless such assessment is paid within ten days any or all utility services will be forthwith severed and shall remain severed until such assessment is paid, or (b) collection of such assessment may be made by such lawful method of enforcement, judicial or extra-judicial, as may be provided in the declaration and/or bylaws.

(3) Where the mortgagee of a mortgage of record or other purchaser of an apartment obtains possession of the apartment as a result of foreclosure of the mortgage, such possessor, his or her successors and assigns shall not be liable for the share of the common expenses or assessments by the association of apartment owners chargeable to such apartment which became due prior to such possession. Such unpaid share of common expenses of assessments shall be deemed to be common expenses collectible from all of the apartment owners including such possessor, his or her successors and assigns.

(4) An association, or the manager or board of directors on its behalf, may not commence an action to foreclose a lien on an apartment under this section unless:

(a) The apartment owner, at the time the action is commenced, owes at least a sum equal to the greater of:

The association shall obtain the toll-free numbers and website information from the department of commerce for inclusion in the notice;

(c) At least ~~((180))~~ 90 days have elapsed from the date the minimum amount required in (a) of this subsection has accrued; and

(d) The board approves commencement of a foreclosure action specifically against that apartment.

(5) Every aspect of a collection, foreclosure, sale, or other conveyance under this section, including the method, advertising, time, date, place, and terms, must be commercially reasonable.

Sec. 5. RCW 64.34.364 and 2013 c 23 s 175 are each amended to read as follows:

(1) The association has a lien on a unit for any unpaid assessments levied against a unit from the time the assessment is due.

(2) A lien under this section shall be prior to all other liens and encumbrances on a unit except: (a) Liens and encumbrances recorded before the recording of the declaration; (b) a mortgage on the unit recorded before the date on which the assessment sought to be enforced became delinquent; and (c) liens for real property taxes and other governmental assessments or charges against the unit. A lien under this section is not subject to the provisions of chapter 6.13 RCW.

(3) Except as provided in subsections (4) and (5) of this section, the lien shall also be prior to the mortgages described in subsection (2)(b) of this section to the extent of assessments for common expenses, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to RCW 64.34.360(1) which would have become due during the six months immediately preceding the date of a sheriff's sale in an action for judicial foreclosure by either the association or a mortgagee, the date of a trustee's sale in a nonjudicial foreclosure by a mortgagee, or the date of recording of the declaration of forfeiture in a proceeding by the vendor under a real estate contract.

(4) The priority of the association's lien against units encumbered by a mortgage held by an eligible mortgagee or by a mortgagee which has given the association a written request for a notice of delinquent assessments shall be reduced by up to three months if and to the extent that the lien priority under subsection (3) of this section includes delinquencies which relate to a period after such holder becomes an eligible mortgagee or has given such notice and before the association gives the holder a written notice of the delinquency. This subsection does not affect the priority of mechanics' or material suppliers' liens, or the priority of liens for other assessments made by the association.

(5) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided by subsection (9) of this section, the association shall not be entitled

to the lien priority provided for under subsection (3) of this section.

(6) Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same real estate, those liens have equal priority.

(7) Recording of the declaration constitutes record notice and perfection of the lien for assessments. While no further recording of any claim of lien for assessment under this section shall be required to perfect the association's lien, the association may record a notice of claim of lien for assessments under this section in the real property records of any county in which the condominium is located. Such recording shall not constitute the written notice of delinquency to a mortgagee referred to in subsection (2) of this section.

(8) A lien for unpaid assessments and the personal liability for payment of assessments is extinguished unless proceedings to enforce the lien or collect the debt are instituted within three years after the amount of the assessments sought to be recovered becomes due.

(9) The lien arising under this section may be enforced judicially by the association or its authorized representative in the manner set forth in chapter 61.12 RCW. The lien arising under this section may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration (a) contains a grant of the condominium in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, (b) contains a power of sale, (c) provides in its terms that the units are not used principally for agricultural or farming purposes, and (d) provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative shall have the power, unless prohibited by the declaration, to purchase the unit at the foreclosure sale and to acquire, hold, lease, mortgage, or convey the same. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption shall be eight months. Nothing in this section shall prohibit an association from taking a deed in lieu of foreclosure.

(10) From the time of commencement of an action by the association to foreclose a lien for nonpayment of delinquent assessments against a unit that is not occupied by the owner thereof, the association shall be entitled to the appointment of a receiver to collect from the lessee thereof the rent for the unit as and when due. If the rental is not paid, the receiver may obtain possession of the unit, refurbish it for rental up to a reasonable standard for rental units in this type of condominium, rent the unit or permit its rental to others, and apply the rents first to the cost of the receivership and attorneys' fees thereof, then to the cost of refurbishing the unit, then to applicable charges, then to costs, fees, and charges of the foreclosure action, and then to the payment of the delinquent assessments. Only a receiver may take possession and collect rents under this subsection, and a receiver shall not be appointed less than ninety days after the delinquency. The exercise by the association of the foregoing rights shall not affect the priority of preexisting liens on the unit.

(11) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure shall not be liable for assessments or installments thereof that became due prior to such right of possession. Such unpaid assessments shall be deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

EIGHTY FIFTH DAY, APRIL 5, 2021

2021 REGULAR SESSION

(12) In addition to constituting a lien on the unit, each assessment shall be the joint and several obligation of the owner or owners of the unit to which the same are assessed as of the time the assessment is due. In a voluntary conveyance, the grantee of a unit shall be jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee therefor. Suit to recover a personal judgment for any delinquent assessment shall be maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(13) The association may from time to time establish reasonable late charges and a rate of interest to be charged on all subsequent delinquent assessments or installments thereof. In the absence of another established nonusurious rate, delinquent assessments shall bear interest from the date of delinquency at the maximum rate permitted under RCW 19.52.020 on the date on which the assessments became delinquent.

(14) The association shall be entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in suit being commenced or prosecuted to judgment. In addition, the association shall be entitled to recover costs and reasonable attorneys' fees if it prevails on appeal and in the enforcement of a judgment.

(15) The association upon written request shall furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments against that unit. The statement shall be furnished within fifteen days after receipt of the request and is binding on the association, the board of directors, and every unit owner, unless and to the extent known by the recipient to be false.

(16) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law.

(17) An association may not commence an action to foreclose a lien on a unit under this section unless:

(a) The unit owner, at the time the action is commenced, owes at least a sum equal to the greater of:

(i) Three months or more of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account; or

(ii) \$200 of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account;

(b) At or after the date that assessments have become past due for at least 90 days, the association has mailed, by first-class mail, to the owner, at the unit address and to any other address which the owner has provided to the association, a notice of delinquency, which shall state as follows:

(c) At least 180 days have elapsed from the date the minimum amount required in (a) of this subsection has accrued; and

(d) The board approves commencement of a foreclosure action specifically against that unit.

(18) Every aspect of a collection, foreclosure, sale, or other conveyance under this section, including the method, advertising, time, date, place, and terms, must be commercially reasonable.

Sec. 6. RCW 64.34.364 and 2021 c ... s 5 (section 5 of this act) are each amended to read as follows:

(1) The association has a lien on a unit for any unpaid assessments levied against a unit from the time the assessment is due.

(2) A lien under this section shall be prior to all other liens and encumbrances on a unit except: (a) Liens and encumbrances recorded before the recording of the declaration; (b) a mortgage on the unit recorded before the date on which the assessment sought to be enforced became delinquent; and (c) liens for real property taxes and other governmental assessments or charges against the unit. A lien under this section is not subject to the provisions of chapter 6.13 RCW.

(3) Except as provided in subsections (4) and (5) of this section, the lien shall also be prior to the mortgages described in subsection (2)(b) of this section to the extent of assessments for common expenses, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to RCW 64.34.360(1) which would have become due during the six months immediately preceding the date of a sheriff's sale in an action for judicial foreclosure by either the association or a mortgagee, the date of a trustee's sale in a nonjudicial foreclosure by a mortgagee, or the date of recording of the declaration of forfeiture in a proceeding by the vendor under a real estate contract.

(4) The priority of the association's lien against units encumbered by a mortgage held by an eligible mortgagee or by a mortgagee which has given the association a written request for a notice of delinquent assessments shall be reduced by up to three months if and to the extent that the lien priority under subsection (3) of this section includes delinquencies which relate to a period after such holder becomes an eligible mortgagee or has given such notice and before the association gives the holder a written notice of the delinquency. This subsection does not affect the priority of mechanics' or material suppliers' liens, or the priority of liens for other assessments made by the association.

(5) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided by

subsection (9) of this section, the association shall not be entitled to the lien priority provided for under subsection (3) of this section.

(6) Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same real estate, those liens have equal priority.

(7) Recording of the declaration constitutes record notice and perfection of the lien for assessments. While no further recording of any claim of lien for assessment under this section shall be required to perfect the association's lien, the association may record a notice of claim of lien for assessments under this section in the real property records of any county in which the condominium is located. Such recording shall not constitute the written notice of delinquency to a mortgagee referred to in subsection (2) of this section.

(8) A lien for unpaid assessments and the personal liability for payment of assessments is extinguished unless proceedings to enforce the lien or collect the debt are instituted within three years after the amount of the assessments sought to be recovered becomes due.

(9) The lien arising under this section may be enforced judicially by the association or its authorized representative in the manner set forth in chapter 61.12 RCW. The lien arising under this section may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration (a) contains a grant of the condominium in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, (b) contains a power of sale, (c) provides in its terms that the units are not used principally for agricultural or farming purposes, and (d) provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative shall have the power, unless prohibited by the declaration, to purchase the unit at the foreclosure sale and to acquire, hold, lease, mortgage, or convey the same. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption shall be eight months. Nothing in this section shall prohibit an association from taking a deed in lieu of foreclosure.

(10) From the time of commencement of an action by the association to foreclose a lien for nonpayment of delinquent assessments against a unit that is not occupied by the owner thereof, the association shall be entitled to the appointment of a receiver to collect from the lessee thereof the rent for the unit as and when due. If the rental is not paid, the receiver may obtain possession of the unit, refurbish it for rental up to a reasonable standard for rental units in this type of condominium, rent the unit or permit its rental to others, and apply the rents first to the cost of the receivership and attorneys' fees thereof, then to the cost of refurbishing the unit, then to applicable charges, then to costs, fees, and charges of the foreclosure action, and then to the payment of the delinquent assessments. Only a receiver may take possession and collect rents under this subsection, and a receiver shall not be appointed less than ninety days after the delinquency. The exercise by the association of the foregoing rights shall not affect the priority of preexisting liens on the unit.

(11) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure shall not be liable for assessments or installments thereof that became due prior to such right of possession. Such unpaid assessments shall be deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior owner of

personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(12) In addition to constituting a lien on the unit, each assessment shall be the joint and several obligation of the owner or owners of the unit to which the same are assessed as of the time the assessment is due. In a voluntary conveyance, the grantee of a unit shall be jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee therefor. Suit to recover a personal judgment for any delinquent assessment shall be maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(13) The association may from time to time establish reasonable late charges and a rate of interest to be charged on all subsequent delinquent assessments or installments thereof. In the absence of another established nonusurious rate, delinquent assessments shall bear interest from the date of delinquency at the maximum rate permitted under RCW 19.52.020 on the date on which the assessments became delinquent.

(14) The association shall be entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in suit being commenced or prosecuted to judgment. In addition, the association shall be entitled to recover costs and reasonable attorneys' fees if it prevails on appeal and in the enforcement of a judgment.

(15) The association upon written request shall furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments against that unit. The statement shall be furnished within fifteen days after receipt of the request and is binding on the association, the board of directors, and every unit owner, unless and to the extent known by the recipient to be false.

(16) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law.

(17) An association may not commence an action to foreclose a lien on a unit under this section unless:

(a) The unit owner, at the time the action is commenced, owes at least a sum equal to the greater of:

(i) Three months or more of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account; or

(ii) \$200 of assessments, not including fines, late charges, interest, attorneys' fees, or costs incurred by the association in connection with the collection of a delinquent owner's account;

(b) At or after the date that assessments have become past due for at least 90 days, the association has mailed, by first-class mail, to the owner, at the unit address and to any other address which the owner has provided to the association, a notice of delinquency, which shall state as follows:

(b) The local government may not designate increment area boundaries such that the entirety of its territory falls within an increment area;

(c) The increment area may not have an assessed valuation of more than \$200,000,000 or more than 20 percent of the sponsoring jurisdiction's total assessed valuation, whichever is less, when the ordinance is passed. If a sponsoring jurisdiction creates two increment areas, the total combined assessed valuation in both of the two increment areas may not equal more than \$200,000,000 or more than 20 percent of the sponsoring jurisdiction's total assessed valuation, whichever is less, when the ordinances are passed creating the increment areas;

(d) A local government can create no more than two active increment areas at any given time and they may not physically overlap by including the same land in more than one increment area at any time;

(e) The ordinance must set a sunset date for the increment area, which may be no more than 25 years after the first year in which tax allocation revenues are collected from the increment area;

(f) The ordinance must identify the public improvements to be financed and indicate whether the local government intends to issue bonds or other obligations, payable in whole or in part, from tax allocation revenues to finance the public improvement costs, and must estimate the maximum amount of obligations contemplated;

(g) The ordinance must provide that the increment takes effect on June 1st following the adoption of the ordinance in (a) of this subsection;

(h) The sponsoring jurisdiction may not add additional public improvements to the project after adoption of the ordinance creating the increment area or change the boundaries of the increment area. The sponsoring jurisdiction may expand, alter, or add to the original public improvements when doing so is necessary to assure the originally approved improvements can be constructed or operated;

(i) The ordinance must impose a deadline by which commencement of construction of the public improvements shall begin, which deadline must be at least five years into the future and for which extensions shall be made available for good cause; and

(j) The local government must make a finding that:

(ii) Private development that is anticipated to occur within the increment area as a result of the proposed public improvements will be permitted consistent with the permitting jurisdiction's applicable zoning and development standards;

(iii) The private development would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future without the proposed public improvements; and

(iv) The increased assessed value within the increment area that could reasonably be expected to occur without the proposed

public improvements would be less than the increase in the assessed value estimated to result from the proposed development with the proposed public improvements.

(2) In considering whether to designate an increment area, the legislative body of the local government must prepare a project analysis that shall include, but need not be limited to, the following:

- (a) A statement of objectives of the local government for the designated increment area;
 - (b) A statement as to the property within the increment area, if any, that the local government may intend to acquire;
 - (c) The duration of the increment area;
 - (d) Identification of all parcels to be included in the area;
 - (e) A description of the expected private development within the increment area, including a comparison of scenarios with the proposed public improvements and without the proposed public improvements;

 - (g) The assessed value of real property listed on the tax roll as certified by the county assessor under RCW 84.52.080 from within the increment area and an estimate of the increment value and tax allocation revenues expected to be generated;
 - (h) An estimate of the job creation reasonably expected to result from the public improvements and the private development expected to occur in the increment area; and
 - (i) An assessment of any impacts and any necessary mitigation to address the impacts identified on the following:
 - (i) Affordable and low-income housing;
 - (ii) The local business community;
 - (iii) The local school districts; and
 - (iv) The local fire service.
- (3) The local government may charge a private developer, who agrees to participate in creating the increment area, a fee sufficient to cover the cost of the project analysis and establishing the increment area, including staff time, professionals and consultants, and other administrative costs related to establishing the increment area.
- (4) Nothing in this section prohibits a local government from entering into an agreement under chapter 39.34 RCW with another local government for the administration or other activities related to tax increment financing authorized under this section.
- (5) If the project analysis indicates that an increment area will impact at least 20 percent of the assessed value in a fire district, the local government must negotiate a mitigation plan with the fire district prior to implementing the increment area.
- (6) The local government may reimburse the assessor and treasurer for their costs as provided in section 1(6)(e) of this act.
- (7) Prior to the adoption of an ordinance authorizing creation of an increment area, the local government must:
- (a) Hold at least two public briefings for the community solely on the tax increment project that include the description of the increment area, the public improvements proposed to be financed with the tax allocation revenues, and a detailed estimate of tax revenues for the participating local governments and taxing districts, including the amounts allocated to the increment public improvements. The briefings must be announced at least two weeks prior to the date being held, including publishing in a legal newspaper of general circulation and posting information on the local government website and all local government social media sites; and
 - (b) Submit the project analysis to the office of the treasurer for review and consider any comments that the treasurer may provide

upon completion of their review of the project analysis as provided under this subsection. The treasurer must complete the review within 90 days of receipt of the project analysis and may consult with other agencies and outside experts as necessary. Upon completing their review, the treasurer must promptly provide to the local government any comments regarding suggested revisions or enhancements to the project analysis that the treasurer deems appropriate based on the requirements in subsection (2) of this section.

NEW SECTION. Sec. 3. (1) Public improvements that are financed under this chapter may be undertaken and coordinated with other programs or efforts undertaken by the local government and other taxing districts and may be funded in part from revenue sources other than tax allocation revenues.

(2) Public improvements that are constructed by a private developer must meet all applicable state and local laws.

NEW SECTION. Sec. 4. The local government designating the increment area must:

(1) Publish notice in a legal newspaper of general circulation within the jurisdiction of the local government that describes the public improvements, describes the boundaries of the increment area, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

(2) Deliver a certified copy of the ordinance to the county treasurer, the county assessor, and the governing body of each taxing district within which the increment area is located.

NEW SECTION. Sec. 5. Apportionment of taxes shall be as follows:

(1) Commencing in the calendar year following the passage of the ordinance, the county treasurer shall distribute receipts from regular property taxes imposed on real property located in the increment area as follows:

(a) Each taxing district shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the tax allocation base value for that increment area;

(b) The local government that designated the increment area shall be entitled to receive an additional amount equal to the amount derived from the regular property taxes levied by or for each taxing district upon the increment value within the increment area. The local government that designated the increment area shall receive no more than is needed to pay or repay costs directly associated with the public improvements identified in the approved ordinance and may agree to receive less than the full amount of this portion, as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the taxing districts that imposed regular property taxes, or have regular property taxes imposed for them, in the increment area for collection that year in proportion to their regular tax levy rates for collection that year. The local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by tax increment financing; and

(c) This section shall not apply to any receipts from the regular property taxes levied by:

(i) The state for the support of the common schools under RCW 84.52.065;

(ii) Local school district excess levies; and

(iii) Port districts or public utility districts specifically for the purpose of making required payments of principal and interest or general indebtedness.

(2) The apportionment of tax allocation revenues must cease when the taxing district certifies to the county assessor in writing that tax allocation revenues are no longer necessary or obligated to pay public improvement costs, but in no event shall the apportionment of tax allocation revenues continue beyond the sunset date established pursuant to section 2(1)(e) of this act. Any excess tax allocation revenues and earnings on the tax allocation revenues remaining at the time the apportionment of tax receipts terminates must be returned to the county treasurer and distributed to the taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the increment area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(3) The apportionment and distribution of portions of the regular property taxes levied by or for each taxing district upon the increment value within the increment area pursuant to and subject to the requirements of this chapter is declared to be a public purpose of and benefit each such taxing district.

(4) The apportionment and distribution of portions of the regular property taxes levied by or for each taxing district upon the increment value within the increment area pursuant to this section shall not affect or be deemed to affect the rate of taxes levied by or within any such taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

NEW SECTION. Sec. 6. (1) A local government designating an increment area may incur general indebtedness, and issue general obligation bonds or notes to finance the public improvements and retire the indebtedness, in whole or in part, from tax allocation revenues it receives.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from tax allocation revenues and any other sources available to the local government for payment of the public improvement costs, including without limitation: Other tax revenues; the full faith and credit of the local government; nontax income, revenues, fees, and rents from the public improvements; and contributions, grants, and nontax resources.

(3) In addition to the requirements in subsection (1) of this section, a local government designating an increment area and authorizing the use of tax increment financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the increment area.

NEW SECTION. Sec. 7. A direct or collateral attack on the designation of the increment area or the allocation of regular property tax revenues in conformance with applicable legal requirements, including this chapter, may not be commenced more than 30 days after adoption of the ordinance as required by section 2 of this act.

NEW SECTION. Sec. 8. (1) A local government may issue revenue bonds to fund revenue-generating public improvements, or portions of public improvements, that are located within an increment area and that it is authorized to provide or operate. Whenever revenue bonds are to be issued, the legislative authority of the local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable. The legislative authority of the local government may obligate the local government to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements that are funded by the revenue bonds. This amount or proportion is a lien and charge against these revenues, subject only to operating and

maintenance expenses. The local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued under this section are not an indebtedness of the local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued under this section shall not have any claim against the local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued under this section.

(3) Revenue bonds with a maturity in excess of 25 years shall not be issued under this section.

(4) The legislative authority of the local government shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued.

(5) The authority to issue revenue bonds under this section is supplementary and in addition to any authority otherwise existing. Nothing in this section limits a local government in the issuance of revenue bonds that are otherwise authorized by law for the construction of additions, betterments, or extensions of utilities within the increment area.

(6) Notwithstanding anything to the contrary in this section, revenue bonds issued to finance public improvements may be issued in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 9. This chapter supplements and neither restricts nor limits any powers that the state or any local government might otherwise have under any laws of this state.

Sec. 10. RCW 84.55.010 and 2017 3rd sp.s. c 13 s 302 are each amended to read as follows:

(1) Except as provided in this chapter, the levy for a taxing district in any year must be set so that the regular property taxes payable in the following year do not exceed the limit factor multiplied by the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district, excluding any increase due to (e) of this subsection, unless the highest levy was the statutory maximum rate amount, plus an additional dollar amount calculated by multiplying the regular property tax levy rate of that district for the preceding year by the increase in assessed value in that district resulting from:

(a) New construction;

(b) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of providing an additional dollar amount. The property may be classified as real or personal property;

(c) Improvements to property; ((and))

(d) Any increase in the assessed value of state-assessed property; and

(e) Any increase in the assessed value of real property, as that term is defined in section 1 of this act, within an increment area as designated by any local government in section 2 of this act provided that such increase is not included elsewhere under this section. This subsection (1)(e) does not apply to levies by the state or by port districts and public utility districts for the purpose of making required payments of principal and interest on general indebtedness.

(2) The requirements of this section do not apply to:

(a) State property taxes levied under RCW 84.52.065(1) for collection in calendar years 2019 through 2021; and

(b) State property taxes levied under RCW 84.52.065(2) for collection in calendar years 2018 through 2021.

Sec. 11. RCW 84.55.120 and 2014 c 4 s 5 are each amended to read as follows:

(1) A taxing district, other than the state, that collects regular levies must hold a public hearing on revenue sources for the district's following year's current expense budget. The hearing must include consideration of possible increases in property tax revenues and must be held prior to the time the taxing district levies the taxes or makes the request to have the taxes levied. The county legislative authority, or the taxing district's governing body if the district is a city, town, or other type of district, must hold the hearing. For purposes of this section, "current expense budget" means that budget which is primarily funded by taxes and charges and reflects the provision of ongoing services. It does not mean the capital, enterprise, or special assessment budgets of cities, towns, counties, or special purpose districts.

(2) If the taxing district is otherwise required to hold a public hearing on its proposed regular tax levy, a single public hearing may be held on this matter.

(3)(a) Except as provided in (b) of this subsection (3), no increase in property tax revenue may be authorized by a taxing district, other than the state, except by adoption of a separate ordinance or resolution, pursuant to notice, specifically authorizing the increase in terms of both dollars and percentage. The ordinance or resolution may cover a period of up to two years, but the ordinance must specifically state for each year the dollar increase and percentage change in the levy from the previous year.

(b) Exempt from the requirements of (a) of this subsection are increases in revenue resulting from the addition of:

(i) New construction;

(ii) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of providing an additional dollar amount. The property may be classified as real or personal property;

(iii) Improvements to property; ((and))

(iv) Any increase in the value of state-assessed property; and

(v) Any increase in the assessed value of real property, as that term is defined in section 1 of this act, within an increment area as designated by any local government in section 2 of this act provided that such increase is not included elsewhere under this section. This subsection (3)(b)(v) does not apply to levies by the state or by port districts and public utility districts for the purpose of making required payments of principal and interest on general indebtedness.

NEW SECTION. Sec. 12. Sections 1 through 9 of this act constitute a new chapter in Title 39 RCW.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "financing;" strike the remainder of the title and insert "amending RCW 84.55.010 and 84.55.120; and adding a new chapter to Title 39 RCW."

And those of us who had the privilege to know him and work with him and call him friend can count ourselves lucky for the rest of our lives. As I have said before, that glorious day when that statue is erected in Statuary Hall, a place where for nearly a decade, I walk several times a day. I know for a fact that when citizens, especially those from our state, walk through they will stand taller and prouder. Billy began his life as what he self-described as a getting arrested guy. He spent the last thirty years of his life being the greatest reconciler imaginable. Dealing with unbelievably difficult and contentious issues relating to fish in particular, but natural resources in the altogether. Everything said about him today times ten is true. It is not an accident that he won the Presidential Medal of Freedom or that he was nominated for the Nobel Peace Prize. He was not just a leader in Washington state. The truth was,

indigenous peoples throughout the world asked Billy to come and share his wisdom. He had a particular refrain that I think is applicable to each of us who have the privilege to serve in this chamber. When it comes to the issue of advocacy, he will be asked countless times by younger tribal members 'How do you do it?'; 'How is it that you walk these halls of Congress as regularly as you do and advocate on behalf of us?'; 'What is it that enables you to do that?' And he would all tell them the same thing: 'Tell your story.' It is eternal wisdom that he used for decades. Thank you for the privilege to be able to do that."

the program is intended for tenants in need of time to complete and transition from educational or training or service programs.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

(1)(a) A landlord may not evict a tenant, refuse to continue a tenancy, or terminate a periodic tenancy except for the causes enumerated in subsection (2) of this section and as otherwise provided in this subsection.

(b) A landlord may terminate a tenancy without cause at the end of an initial lease term that is between three to 12 months upon at least 60 days' prior written notice, served in a manner consistent with RCW 59.12.040. If a landlord does not provide at least 60 days' notice, the tenancy becomes a month-to-month tenancy until further agreement of the landlord and tenant, and may only be terminated for the causes enumerated in subsection (2) of this section.

(c) For all other tenancies of a specified period, and for tenancies of an indefinite period on a month-to-month or periodic basis, a landlord may not terminate the tenancy except for the causes enumerated in subsection (2) of this section. Upon the end date of the tenancy of a specified period, the tenancy becomes a month-to-month tenancy.

(d) Nothing prohibits a landlord and tenant from entering into subsequent lease agreements that are in compliance with the termination requirements in subsection (2) of this section.

(e) A tenant may terminate a tenancy for a specified time by providing notice in writing not less than 20 days prior to the ending date of the specified time.

(2) The following reasons listed in this subsection, and no others, constitute cause to evict a tenant, refuse to continue a tenancy, or terminate a periodic tenancy:

(a) The tenant continues in possession in person or by subtenant after a default in the payment of rent, and after written notice requiring, in the alternative, the payment of the rent or the surrender of the detained premises has remained uncomplied with for the period set forth in RCW 59.12.030(3) for tenants subject to this chapter. The written notice may be served at any time after the rent becomes due, provided the unpaid rent did not accrue between March 1, 2020, and the end of a declared federal or state public health emergency related to the COVID-19 pandemic. If the tenant accrues unpaid rent between March 1, 2020, and the end of a declared federal or state public health emergency related to the COVID-19 pandemic, the landlord shall have offered a reasonable schedule for the repayment of unpaid rent that does not exceed monthly payments equal to one-third of the monthly rental charges during the period of accrued debt. If a tenant fails to accept the terms of a reasonable repayment plan within 14 days of the landlord's offer or defaults on any rent owed under a repayment plan, the landlord may proceed with an unlawful detainer action as set forth in RCW 59.12.030(3). The court shall consider the tenant's circumstances, including decreased income or increased expenses due to COVID-19, and the repayment plan terms offered during any unlawful detainer proceeding;

(b) The tenant continues in possession after substantial breach of a material program requirement of subsidized housing, material term subscribed to by the tenant within the lease or rental agreement, or a tenant obligation imposed by law, other than one for monetary damages, and after the landlord has served written notice specifying the acts or omissions constituting the breach and requiring, in the alternative, that the breach be remedied or the rental agreement will terminate, and the breach has not been adequately remedied by the date specified in the notice, which date must be at least 10 days after service of the notice;

(c) The tenant continues in possession after having received at least three days' written notice to quit after he or she commits or

permits waste or nuisance upon the premises, unlawful activity that affects the use and enjoyment of the premises, or other substantial or repeated and unreasonable interference with the use and enjoyment of the premises by the landlord or neighbors of the tenant;

(d) The tenant continues in possession after the landlord of a dwelling unit in good faith seeks possession so that the owner or his or her immediate family may occupy the unit as that person's principal residence and no substantially equivalent unit is vacant and available to house the owner or his or her immediate family in the same building, and the owner has provided at least 90 days' advance written notice of the date the tenant's possession is to end. There is a rebuttable presumption that the owner did not act in good faith if the owner or immediate family fails to occupy the unit as a principal residence for at least 60 consecutive days during the 90 days immediately after the tenant vacated the unit pursuant to a notice of termination using this subsection (2)(d) as the cause for termination;

(e) The tenant continues in possession after the owner elects to sell a single-family residence and the landlord has provided at least 90 days' advance written notice of the date the tenant's possession is to end. For the purposes of this subsection (2)(e), an owner "elects to sell" when the owner makes reasonable attempts to sell the dwelling within 30 days after the tenant has vacated, including, at a minimum, listing it for sale at a reasonable price with a realty agency or advertising it for sale at a reasonable price by listing it on the real estate multiple listing service. There shall be a rebuttable presumption that the owner did not intend to sell the unit if:

(i) Within 30 days after the tenant has vacated, the owner does not list the single-family dwelling unit for sale at a reasonable price with a realty agency or advertise it for sale at a reasonable price by listing it on the real estate multiple listing service; or

(ii) Within 90 days after the date the tenant vacated or the date the property was listed for sale, whichever is later, the owner withdraws the rental unit from the market, the landlord rents the unit to someone other than the former tenant, or the landlord otherwise indicates that the owner does not intend to sell the unit;

(f) The tenant continues in possession of the premises after the landlord serves the tenant with advance written notice pursuant to RCW 59.18.200(2)(c);

(g) The tenant continues in possession after the owner elects to withdraw the premises to pursue a conversion pursuant to RCW 64.34.440 or 64.90.655;

(h) The tenant continues in possession, after the landlord has provided 30 days' prior written notice that: (i) The premises has been certified or condemned as uninhabitable by a local agency charged with the authority to issue such an order; and (ii) continued habitation of the premises would subject the landlord to civil or criminal penalties. However, if the terms of the local agency's order do not allow the landlord to provide 30 days' advance written notice, the landlord must provide as much advance written notice as is possible and still comply with the order;

(i) The tenant continues in possession after an owner or lessor, with whom the tenant shares the dwelling unit or access to a common kitchen or bathroom area, has served a 20-day notice to vacate prior to the end of the rental term or, if a periodic tenancy, the end of the rental period;

(j) The tenant continues in possession of a dwelling unit in transitional housing after having received a 30-day notice to vacate in advance of the expiration of the transitional housing program, the tenant has aged out of the transitional housing program, or the tenant has completed an educational or training or service program and is no longer eligible to participate in the transitional housing program. Nothing in this subsection (2)(j)

prohibits the termination of a tenancy in transitional housing for any of the other causes specified in this subsection;

(k) The tenant continues in possession of a dwelling unit in subsidized housing after the expiration of a rental agreement without signing a proposed new rental agreement proffered by the landlord; provided, that the landlord proffered the proposed new rental agreement at least 30 days and no more than 90 days prior to the expiration of the current rental agreement and that any new terms and conditions of the proposed new rental agreement are reasonable. This subsection (2)(k) does not apply to tenants whose tenancies are or have become periodic;

(l) The tenant continues in possession after having received a 30-day notice to vacate due to intentional, knowing, and material misrepresentations or omissions made on the tenant's application at the inception of the tenancy that, had these misrepresentations or omissions not been made, would have resulted in the landlord requesting additional information or taking an adverse action;

(m) The tenant continues in possession after having received a 60-day notice to vacate for other good cause prior to the termination of the period or rental agreement and such cause constitutes a legitimate economic or business reason not covered or related to a basis for termination enumerated under this subsection (2). When the landlord relies on this basis for termination of the tenancy, the court may stay any writ of restitution for up to 60 additional days for good cause shown, including difficulty procuring alternative housing. The court must condition such a stay upon the tenant's continued payment of rent during the stay period. Upon granting such a stay, the court must award court costs and fees as allowed under this chapter;

(n)(i) The tenant continues in possession after having received a notice to vacate at least 60 days prior to the termination of the period or rental agreement and the tenant has committed four or more of the following violations, other than ones for monetary damages, within the preceding 12-month period, the tenant has remedied or cured the violation, and the landlord has provided the tenant a written warning notice at the time of each violation: A substantial breach of a material program requirement of subsidized housing, a substantial breach of a material term subscribed to by the tenant within the lease or rental agreement, or a substantial breach of a tenant obligation imposed by law;

(ii) Each written warning notice must:

(A) Specify the violation;

(B) Provide the tenant an opportunity to cure the violation;

(C) State that the landlord may choose to terminate the tenancy at the end of the rental term if there are four violations within a 12-month period preceding the end of the term; and

(D) State that correcting the fourth or subsequent violation is not a defense to termination under this subsection;

(iii) The 60-day notice of termination must:

(A) State that the rental agreement will terminate upon the specified ending date for the rental term or upon a designated date not less than 60 days after the delivery of the notice, whichever is later;

(B) Specify the reason for the termination and supporting facts; and

(C) Be served to the tenant concurrent with or after the fourth or subsequent written warning notice;

(iv) The notice under this subsection must include all notices supporting the basis of termination;

(v) Any notices asserted under this subsection must pertain to four or more separate incidents or occurrences; and

(vi) This subsection (2)(n) does not absolve a landlord from demonstrating by admissible evidence that the four or more violations constituted breaches under (b) of this subsection at the time of the violation had the tenant not remedied or cured the violation;

EIGHTY FIFTH DAY, APRIL 5, 2021

2021 REGULAR SESSION

(o) The tenant continues in possession after having received a 60-day notice to vacate prior to the termination of the rental period or rental agreement if the tenant has been required to register as a sex offender during the tenancy, or prior to the tenancy if not disclosed when required in the rental application or otherwise known to the property owner at the beginning of the tenancy;

(p) The tenant continues in possession after having received a 20-day notice to vacate prior to the termination of the rental period or rental agreement if the tenant has made unwanted sexual advances or other acts of sexual harassment directed at the property owner, property manager, property employee, or another tenant based on the person's race, gender, or other protected status in violation of any covenant or term in the lease.

(3) When a tenant has permanently vacated due to voluntary or involuntary events, other than by termination of the tenancy by the landlord, any remaining occupants who had coresided with the tenant prior to and up to the time the tenant permanently vacated must immediately apply or reapply as a prospective tenant to continue to reside in the dwelling unit and must meet the same screening, background, and financial criteria as would any other prospective tenant to continue the tenancy on the same terms and conditions as the vacating tenant. If the occupant fails to apply within 90 days of when the primary tenant vacates or the application is denied for failure to meet the criteria, the landlord may commence an unlawful detainer action under this chapter. If an occupant succeeds to the tenancy pursuant to this subsection, a landlord may not terminate the tenancy except as provided under subsection (2) of this section. This subsection does not apply to tenants residing in subsidized housing.

(4) A landlord who removes a tenant or causes a tenant to be removed from a dwelling in any way in violation of this section is liable to the tenant for wrongful eviction, and the tenant prevailing in such an action is entitled to the greater of their economic and noneconomic damages or three times the monthly rent of the dwelling at issue, and reasonable attorneys' fees and court costs.

(5) Nothing in subsection (2)(d), (e), or (f) of this section permits a landlord to terminate a tenancy for a specified period before the completion of the term unless the landlord and the tenant mutually consent, in writing, to early termination and the tenant is afforded at least 60 days to vacate.

(6) All written notices required under subsection (2) of this section must:

(a) Be served in a manner consistent with RCW 59.12.040; and

(b) Identify the facts and circumstances known and available to the landlord at the time of the issuance of the notice that support the cause or causes with enough specificity so as to enable the tenant to respond and prepare a defense to any incidents alleged. The landlord may present additional facts and circumstances regarding the allegations within the notice if such evidence was unknown or unavailable at the time of the issuance of the notice.

Sec. 3. RCW 59.18.200 and 2019 c 339 s 1 and 2019 c 23 s 2 are each reenacted and amended to read as follows:

(1)(a) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. (b) A landlord may not threaten a tenant with eviction for failure to pay nonpossessory charges limited under RCW 59.18.283.

(2) No rental agreement may provide that the tenant:

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

(1)(a) A landlord may not evict a tenant, refuse to continue a tenancy, or terminate a periodic tenancy except for the causes enumerated in subsection (2) of this section and as otherwise provided in this subsection.

(b) If a landlord and tenant enter into a rental agreement that provides for the tenancy to continue for an indefinite period on a month-to-month or periodic basis after the agreement expires, the landlord may not terminate the tenancy except for the causes enumerated in subsection (2) of this section; however, a landlord may terminate such a tenancy at the end of the initial period of the rental agreement without cause only if:

(i) At the inception of the tenancy, the landlord and tenant entered into a rental agreement between six and 12 months; and

(ii) The landlord has provided the tenant before the end of the initial lease period at least 60 days' advance written notice terminating the tenancy, served in a manner consistent with RCW 59.12.040.

(c) If a landlord and tenant enter into a rental agreement for a specified period in which the tenancy by the terms of the rental agreement does not continue for an indefinite period on a month-to-month or periodic basis after the end of the specified period, the landlord may terminate such a tenancy without cause upon expiration of the specified period only if:

(i) At the inception of the tenancy, the landlord and tenant entered into a rental agreement of 12 months or more for a specified period, or the landlord and tenant have continuously and without interruption entered into successive rental agreements of 12 months or more for a specified period since the inception of the tenancy;

(ii) The landlord has provided the tenant before the end of the specified period at least 60 days' advance written notice that the tenancy will be deemed terminated at the end of such specified period, served in a manner consistent with RCW 59.12.040; and

(iii) The tenancy has not been for an indefinite period on a month-to-month or periodic basis at any point since the inception of the tenancy.

(d) For all other tenancies of a specified period not covered under (b) or (c) of this subsection, and for tenancies of an indefinite period on a month-to-month or periodic basis, a landlord may not terminate the tenancy except for the causes enumerated in subsection (2) of this section. Upon the end date of the tenancy of a specified period, the tenancy becomes a month-to-month tenancy.

(e) Nothing prohibits a landlord and tenant from entering into subsequent lease agreements that are in compliance with the termination requirements in subsection (2) of this section.

(f) A tenant may terminate a tenancy for a specified time by providing notice in writing not less than 20 days prior to the ending date of the specified time.

(2) The following reasons listed in this subsection constitute cause pursuant to subsection (1) of this section:

(a) The tenant continues in possession in person or by subtenant after a default in the payment of rent, and after written notice requiring, in the alternative, the payment of the rent or the surrender of the detained premises has remained uncomplied with for the period set forth in RCW 59.12.030(3) for tenants subject to this chapter. The written notice may be served at any time after the rent becomes due;

(b) The tenant continues in possession after substantial breach of a material program requirement of subsidized housing, material term subscribed to by the tenant within the lease or rental agreement, or a tenant obligation imposed by law, other than one for monetary damages, and after the landlord has served written notice specifying the acts or omissions constituting the breach and requiring, in the alternative, that the breach be remedied or the rental agreement will terminate, and the breach has not been adequately remedied by the date specified in the notice, which date must be at least 10 days after service of the notice;

(c) The tenant continues in possession after having received at least three days' advance written notice to quit after he or she commits or permits waste or nuisance upon the premises, unlawful activity that affects the use and enjoyment of the premises, or other substantial or repeated and unreasonable interference with the use and enjoyment of the premises by the landlord or neighbors of the tenant;

(d) The tenant continues in possession after the landlord of a dwelling unit in good faith seeks possession so that the owner or his or her immediate family may occupy the unit as that person's principal residence and no substantially equivalent unit is vacant and available to house the owner or his or her immediate family in the same building, and the owner has provided at least 90 days' advance written notice of the date the tenant's possession is to end. There is a rebuttable presumption that the owner did not act in good faith if the owner or immediate family fails to occupy the unit as a principal residence for at least 60 consecutive days during the 90 days immediately after the tenant vacated the unit pursuant to a notice of termination using this subsection (2)(d) as the cause for termination;

(e) The tenant continues in possession after the owner elects to sell a single-family residence and the landlord has provided at least 90 days' advance written notice of the date the tenant's possession is to end. For the purposes of this subsection (2)(e), an owner "elects to sell" when the owner makes reasonable attempts to sell the dwelling within 30 days after the tenant has vacated, including, at a minimum, listing it for sale at a reasonable price with a realty agency or advertising it for sale at a reasonable price by listing it on the real estate multiple listing service. There shall be a rebuttable presumption that the owner did not intend to sell the unit if:

(i) Within 30 days after the tenant has vacated, the owner does not list the single-family dwelling unit for sale at a reasonable

price with a realty agency or advertise it for sale at a reasonable price by listing it on the real estate multiple listing service; or

(ii) Within 90 days after the date the tenant vacated or the date the property was listed for sale, whichever is later, the owner withdraws the rental unit from the market, the landlord rents the unit to someone other than the former tenant, or the landlord otherwise indicates that the owner does not intend to sell the unit;

(f) The tenant continues in possession of the premises after the landlord serves the tenant with advance written notice pursuant to RCW 59.18.200(2)(c);

(g) The tenant continues in possession after the owner elects to withdraw the premises to pursue a conversion pursuant to RCW 64.34.440 or 64.90.655;

(h) The tenant continues in possession, after the landlord has provided at least 30 days' advance written notice to vacate that:

(i) The premises has been certified or condemned as uninhabitable by a local agency charged with the authority to issue such an order; and (ii) continued habitation of the premises would subject the landlord to civil or criminal penalties. However, if the terms of the local agency's order do not allow the landlord to provide at least 30 days' advance written notice, the landlord must provide as much advance written notice as is possible and still comply with the order;

(i) The tenant continues in possession after an owner or lessor, with whom the tenant shares the dwelling unit or access to a common kitchen or bathroom area, has served at least 20 days' advance written notice to vacate prior to the end of the rental term or, if a periodic tenancy, the end of the rental period;

(j) The tenant continues in possession of a dwelling unit in transitional housing after having received at least 30 days' advance written notice to vacate in advance of the expiration of the transitional housing program, the tenant has aged out of the transitional housing program, or the tenant has completed an educational or training or service program and is no longer eligible to participate in the transitional housing program. Nothing in this subsection (2)(j) prohibits the termination of a tenancy in transitional housing for any of the other causes specified in this subsection;

(k) The tenant continues in possession of a dwelling unit after the expiration of a rental agreement without signing a proposed new rental agreement proffered by the landlord; provided, that the landlord proffered the proposed new rental agreement at least 30 days prior to the expiration of the current rental agreement and that any new terms and conditions of the proposed new rental agreement are reasonable. This subsection (2)(k) does not apply to tenants whose tenancies are or have become periodic;

(l) The tenant continues in possession after having received at least 30 days' advance written notice to vacate due to intentional, knowing, and material misrepresentations or omissions made on the tenant's application at the inception of the tenancy that, had these misrepresentations or omissions not been made, would have resulted in the landlord requesting additional information or taking an adverse action;

(m) The tenant continues in possession after having received at least 60 days' advance written notice to vacate for other good cause prior to the termination of the period or rental agreement and such cause constitutes a legitimate economic or business reason not covered or related to a basis for termination enumerated under this subsection (2). When the landlord relies on this basis for termination of the tenancy, the court may stay any writ of restitution for up to 60 additional days for good cause shown, including difficulty procuring alternative housing. The court must condition such a stay upon the tenant's continued payment of rent during the stay period. Upon granting such a stay, the court must award court costs and fees as allowed under this chapter;

(n)(i) The tenant continues in possession after having received at least 60 days' written notice to vacate prior to the termination of the period or rental agreement and the tenant has committed four or more of the following violations, other than ones for monetary damages, within the preceding 12-month period, the tenant has remedied or cured the violation, and the landlord has provided the tenant a written warning notice at the time of each violation: A substantial breach of a material program requirement of subsidized housing, a substantial breach of a material term subscribed to by the tenant within the lease or rental agreement, or a substantial breach of a tenant obligation imposed by law;

(ii) Each written warning notice must:

(A) Specify the violation;

(B) Provide the tenant an opportunity to cure the violation;

(C) State that the landlord may choose to terminate the tenancy at the end of the rental term if there are four violations within a 12-month period preceding the end of the term; and

(D) State that correcting the fourth or subsequent violation is not a defense to termination under this subsection;

(iii) The 60-day notice of termination must:

(A) State that the rental agreement will terminate upon the specified ending date for the rental term or upon a designated date not less than 60 days after the delivery of the notice, whichever is later;

(B) Specify the reason for the termination and supporting facts; and

(C) Be served to the tenant concurrent with or after the fourth or subsequent written warning notice;

(iv) The notice under this subsection must include all notices supporting the basis of termination;

(v) Any notices asserted under this subsection must pertain to four or more separate incidents or occurrences; and

(vi) This subsection (2)(n) does not absolve a landlord from demonstrating by admissible evidence that the four or more violations constituted breaches under (b) of this subsection at the time of the violation had the tenant not remedied or cured the violation;

(o) The tenant continues in possession after having received at least 60 days' advance written notice to vacate prior to the termination of the rental period or rental agreement if the tenant is required to register as a sex offender during the tenancy, or failed to disclose a requirement to register as a sex offender when required in the rental application or otherwise known to the property owner at the beginning of the tenancy;

(p) The tenant continues in possession after having received at least 20 days' advance written notice to vacate prior to the termination of the rental period or rental agreement if the tenant has made unwanted sexual advances or other acts of sexual harassment directed at the property owner, property manager, property employee, or another tenant based on the person's race, gender, or other protected status in violation of any covenant or term in the lease.

(3) When a tenant has permanently vacated due to voluntary or involuntary events, other than by termination of the tenancy by the landlord, a landlord must serve a notice to any remaining occupants who had coresided with the tenant at least six months prior to and up to the time the tenant permanently vacated, requiring the occupants to either apply to become a party to the rental agreement or vacate within 30 days of service of such notice. In processing any application from a remaining occupant under this subsection, the landlord may require the occupant to meet the same screening, background, and financial criteria as would any other prospective tenant to continue the tenancy. If the occupant fails to apply within 30 days of receipt of the notice in this subsection, or the application is denied for failure to meet the criteria, the landlord may commence an unlawful detainer action

under this chapter. If an occupant becomes a party to the tenancy pursuant to this subsection, a landlord may not terminate the tenancy except as provided under subsection (2) of this section. This subsection does not apply to tenants residing in subsidized housing.

(4) A landlord who removes a tenant or causes a tenant to be removed from a dwelling in any way in violation of this section is liable to the tenant for wrongful eviction, and the tenant prevailing in such an action is entitled to the greater of their economic and noneconomic damages or three times the monthly rent of the dwelling at issue, and reasonable attorneys' fees and court costs.

(5) Nothing in subsection (2)(d), (e), or (f) of this section permits a landlord to terminate a tenancy for a specified period before the completion of the term unless the landlord and the tenant mutually consent, in writing, to early termination and the tenant is afforded at least 60 days to vacate.

(6) All written notices required under subsection (2) of this section must:

(a) Be served in a manner consistent with RCW 59.12.040; and

(b) Identify the facts and circumstances known and available to the landlord at the time of the issuance of the notice that support the cause or causes with enough specificity so as to enable the tenant to respond and prepare a defense to any incidents alleged. The landlord may present additional facts and circumstances regarding the allegations within the notice if such evidence was unknown or unavailable at the time of the issuance of the notice.

(1) The department is authorized to ~~((deny, suspend, revoke, or modify a))~~ take any of the actions identified in this section against a hospital's license or provisional license in any case in which it finds that there has been a failure or refusal to comply with the requirements of this chapter or the standards or rules adopted under this chapter or the requirements of RCW 71.34.375.

(a) When the department determines the hospital has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule, or has been given any previous statement of deficiency that included the same or similar type of violation of the same or similar statute or rule, or when the hospital failed to correct noncompliance with a statute or rule by a date established or agreed to by the department, the department may impose reasonable conditions on a license. Conditions may include correction within a specified amount of time, training, or hiring a department-approved consultant if the hospital cannot demonstrate to the department that it has access to sufficient internal expertise. If the department determines that the violations constitute immediate jeopardy, the conditions may be imposed immediately in accordance with subsection (3) of this section.

(b)(i) In accordance with the authority the department has under RCW 43.70.095, the department may assess a civil fine of up to \$10,000 per violation, not to exceed a total fine of \$1,000,000, on a hospital licensed under this chapter when the department determines the hospital has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule, or has been given any previous statement of deficiency that included the same or similar type of violation of the same or similar statute or rule, or when the hospital failed to correct noncompliance with a statute or rule by a date established or agreed to by the department.

(ii) Proceeds from these fines may only be used by the department to offset costs associated with licensing hospitals.

(iii) The department shall adopt in rules under this chapter specific fine amounts in relation to:

(A) The severity of the noncompliance and at an adequate level to be a deterrent to future noncompliance; and

(B) The number of licensed beds and the operation size of the hospital. The licensed hospital beds will be categorized as:

(I) Up to 25 beds;

(II) 26 to 99 beds;

(III) 100 to 299 beds; and

(IV) 300 beds or greater.

(iv) If a licensee is aggrieved by the department's action of assessing civil fines, the licensee has the right to appeal under RCW 43.70.095.

(c) The department may suspend a specific category or categories of services or care or recovery units within the hospital as related to the violation by imposing a limited stop service. This may only be done if the department finds that noncompliance results in immediate jeopardy.

(i) Prior to imposing a limited stop service, the department shall provide a hospital written notification upon identifying deficient practices or conditions that constitute an immediate jeopardy, and

2021 REGULAR SESSION

upon the review and approval of the notification by the secretary or the secretary's designee. The hospital shall have 24 hours from notification to develop and implement a department-approved plan to correct the deficient practices or conditions that constitute an immediate jeopardy. If the deficient practice or conditions that constitute immediate jeopardy are not verified by the department as having been corrected within the same 24 hour period, the department may issue the limited stop service.

(ii) When the department imposes a limited stop service, the hospital may not admit any new patients to the units in the category or categories subject to the limited stop service until the limited stop service order is terminated.

(iii) The department shall conduct a follow-up inspection within five business days or within the time period requested by the hospital if more than five business days is needed to verify the violation necessitating the limited stop service has been corrected.

(iv) The limited stop service shall be terminated when:

(A) The department verifies the violation necessitating the limited stop service has been corrected or the department determines that the hospital has taken intermediate action to address the immediate jeopardy; and

(B) The hospital establishes the ability to maintain correction of the violation previously found deficient.

(d) The department may suspend new admissions to the hospital by imposing a stop placement. This may only be done if the department finds that noncompliance results in immediate jeopardy and is not confined to a specific category or categories of patients or a specific area of the hospital.

(i) Prior to imposing a stop placement, the department shall provide a hospital written notification upon identifying deficient practices or conditions that constitute an immediate jeopardy, and upon the review and approval of the notification by the secretary or the secretary's designee. The hospital shall have 24 hours from notification to develop and implement a department-approved plan to correct the deficient practices or conditions that constitute an immediate jeopardy. If the deficient practice or conditions that constitute immediate jeopardy are not verified by the department as having been corrected within the same 24 hour period, the department may issue the stop placement.

(ii) When the department imposes a stop placement, the hospital may not admit any new patients until the stop placement order is terminated.

(iii) The department shall conduct a follow-up inspection within five business days or within the time period requested by the hospital if more than five business days is needed to verify the violation necessitating the stop placement has been corrected.

(iv) The stop placement order shall be terminated when:

(A) The department verifies the violation necessitating the stop placement has been corrected or the department determines that the hospital has taken intermediate action to address the immediate jeopardy; and

(B) The hospital establishes the ability to maintain correction of the violation previously found deficient.

(e) The department may deny an application for a license or suspend, revoke, or refuse to renew a license.

(2) The department shall adopt in rules under this chapter a fee methodology that includes funding expenditures to implement subsection (1) of this section. The fee methodology must consider:

(a) The operational size of the hospital; and

(b) The number of licensed beds of the hospital.

(3)(a) Except as otherwise provided, RCW 43.70.115 governs notice of ~~((a license denial, revocation, suspension, or modification))~~ actions taken by the department under subsection (1) of this section and provides the right to an adjudicative

proceeding. Adjudicative proceedings and hearings under this section are governed by the administrative procedure act, chapter 34.05 RCW. The application for an adjudicative proceeding must be in writing, state the basis for contesting the adverse action, including a copy of the department's notice, be served on and received by the department within 28 days of the licensee's receipt of the adverse notice, and be served in a manner that shows proof of receipt. A hospital that prevails in an adjudicative proceeding, hearing, or appeal under this section is entitled to recover costs of litigation and reasonable attorneys' fees.

(b) When the department determines a licensee's noncompliance results in immediate jeopardy, the department may make the imposition of conditions on a licensee, a limited stop placement, stop placement, or the suspension of a license effective immediately upon receipt of the notice by the licensee, pending any adjudicative proceeding.

(i) When the department makes the suspension of a license or imposition of conditions on a license effective immediately, a licensee is entitled to a show cause hearing before a presiding officer within 14 days of making the request. The licensee must request the show cause hearing within 28 days of receipt of the notice of immediate suspension or immediate imposition of conditions. At the show cause hearing the department has the burden of demonstrating that more probably than not there is an immediate jeopardy.

(ii) At the show cause hearing, the presiding officer may consider the notice and documents supporting the immediate suspension or immediate imposition of conditions and the licensee's response and must provide the parties with an opportunity to provide documentary evidence and written testimony, and to be represented by counsel. Prior to the show cause hearing, the department must provide the licensee with all documentation that supports the department's immediate suspension or imposition of conditions.

(iii) If the presiding officer determines there is no immediate jeopardy, the presiding officer may overturn the immediate suspension or immediate imposition of conditions.

(iv) If the presiding officer determines there is immediate jeopardy, the immediate suspension or immediate imposition of conditions shall remain in effect pending a full hearing.

(v) If the presiding officer sustains the immediate suspension or immediate imposition of conditions, the licensee may request an expedited full hearing on the merits of the department's action. A full hearing must be provided within 90 days of the licensee's request."

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1207, by House Committee on Transportation (originally sponsored by Ramel, Boehnke, Lekanoff, Lovick, Ortiz-Self, Eslick, Bergquist and Leavitt)

Improving access to department of licensing issued documents by extending the issuance period of driver licenses and identicards to eight years, allowing online issuance and renewal of instruction permits, and expanding online renewal of driver licenses and identicards.

The measure was read the second time.

MOTION

Senator Hobbs moved that the following committee striking amendment by the Committee on Transportation be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a driver's license or identicard is a fundamental document that Washingtonians need to live, work, drive, and access essential needs. The COVID-19 pandemic has significantly reduced the department of licensing's ability to provide in-person driver licensing services, resulting in a growing backlog of customers that cannot access the agency's critical services. This act is intended to address that backlog by expanding online renewals, extending driver's license and identicard issuance up to eight years, and providing more online options for instruction permits. The legislature recognizes the critical role of the department of licensing's front line staff during the pandemic and does not intend that this act will result in staffing reductions at the department of licensing now or in the future. To ensure that a driver's license and identicard remain affordable for Washington residents, the legislature intends for the department of licensing to continue to offer a six-year issuance option. The legislature further recognizes the potential of remote photo capture to enable expanded online renewals while ensuring that customer information remains updated. In implementing remote photo capture, the legislature intends that the department of licensing will prioritize data security and antifraud features as well as closely monitor its usage. The legislature also intends that within a year of initial implementation of remote photo capture, driver's license and identicard photos should be updated with each renewal whenever possible, recognizing that technology limitations and other challenges will prevent some customers from using remote photo capture.

Sec. 2. RCW 46.20.049 and 2012 c 80 s 11 are each amended to read as follows:

There shall be an additional fee for issuing any class of commercial driver's license in addition to the prescribed fee required for the issuance of the original driver's license. (8) Identicard photos must be updated in the same manner as driver's license photos under RCW 46.20.120(5).

Sec. 6. RCW 46.20.120 and 2012 c 80 s 7 are each amended to read as follows:

An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department must ensure that examinations are given at places and times reasonably available to the people of this state. If the department does not administer driver licensing examinations as a routine part of its licensing services within a department region because adequate testing sites are provided by driver training schools or school districts within that region, the department shall, at a minimum, administer driver licensing examinations by appointment to applicants eighteen years of age and older in at least one licensing office within that region.

(1) **Waiver.** The department may waive:

(4) A person whose license expired or will expire while ~~((he or she))~~ the licensee is living outside the state, may:

(a) Apply to the department to extend the validity of ~~((his or her))~~ the license for no more than twelve months. If the person establishes to the department's satisfaction that ~~((he or she))~~ the licensee is unable to return to Washington before the date ~~((his or her))~~ the license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew ~~((his or her))~~ the license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. (ii) Beginning January 1, 2023, persons renewing through electronic commerce must provide an updated photograph in a form and manner approved by the department with each renewal unless they are unable to provide a photograph that meets the department's requirements and the most recent photograph on file with the department is not more than 10 years old at the time of renewal.

(b) Any member of the public can obtain vehicular access to electric vehicle supply equipment and associated parking spaces located in a parking garage or gated facility for free or through payment of a fee; or

(c) The electric vehicle supply equipment and associated parking spaces are made available to the public for only limited time periods, then the electric vehicle supply equipment and associated parking spaces are considered publicly available electric vehicle supply equipment during those limited time periods only.

(2) The director may by rule subject additional types of electric vehicle supply equipment to the requirements of this chapter to benefit the public and provide protections to consumers.

NEW SECTION. Sec. 3. A new section is added to chapter 19.94 RCW to read as follows:

(1) Publicly available electric vehicle supply equipment is exempt from compliance with the requirements of sections 4 through 6 of this act if:

(a) Members of the public may use the electric vehicle supply equipment at no cost, including no charges, fees, memberships, minimum balance on an account, and other cost at all times; and

(b) It is clearly marked that the electric vehicle supply equipment is available for use at no cost at all times.

(2) This chapter does not apply to:

(a) Workplace electric vehicle supply equipment and its associated parking spaces if it is clearly marked and operated as

available exclusively to employees or contracted drivers, regardless of the physical accessibility of the electric vehicle supply equipment to the public, and that is available for use at no cost;

(b) Electric vehicle supply equipment and associated parking spaces reserved exclusively and available for use at no cost for residents, tenants, visitors, or employees of a private residence or common interest community; or a residential building adjacent to a private residence;

(c) Level 2 electric vehicle supply equipment located on or near the curb of a residential electric utility customer's property, directly connected to that residential electric utility customer's meter, and intended to serve only that residential electric utility customer;

(d) Electric vehicle supply equipment and associated parking spaces provided by a vehicle dealer licensed under chapter 46.70 RCW at its established place of business that meets the requirements of subsection (1) of this section.

(3) The director may by rule provide exemptions from compliance with some or all requirements of this chapter to benefit the public and provide protections to consumers, including electric vehicle supply equipment that is not available or intended for use by the public but where charges, fees, or other costs are required to initiate a charging session.

NEW SECTION. Sec. 4. A new section is added to chapter 19.94 RCW to read as follows:

(1) By January 1, 2023, the electric vehicle service provider must ensure all publicly available electric vehicle supply equipment is clearly marked and discloses all charges, fees, and costs associated with a charging session at the point of sale and prior to a user or a vehicle initiating a charging session. At a minimum, the electric vehicle service provider must disclose to the user the following information at the point of sale, if applicable:

(a) A fee for use of the parking space;

(b) A nonmember plug-in fee from the electric vehicle service provider;

(c) Price to refuel in United States dollars per kilowatt-hour or megajoule;

(d) Any potential changes in the price to refuel, in United States dollars per kilowatt-hour or megajoule, due to variable pricing; and

(e) Any other fees charged for a charging session.

(2) If the charging session or portion of a charging session is offered at no cost, it must be disclosed at the location where the charging session is initiated and prior to a user or a vehicle initiating a charging session.

(3) For the purpose of this section, "point of sale" means the location where the charging session and associated commercial transaction is initiated including, but not limited to, electric vehicle supply equipment or kiosk used to service that electric vehicle supply equipment.

NEW SECTION. Sec. 5. A new section is added to chapter 19.94 RCW to read as follows:

(1) By July 1, 2022, the department, in consultation with the department of commerce and the Washington utilities and transportation commission, must adopt rules requiring all electric vehicle service providers make available multiple payment methods at all publicly available level 2 electric vehicle supply equipment or direct current fast charger electric vehicle supply equipment installed in Washington and may review and, if necessary, amend the rules every two years, to maintain consistency with evolving technology. At a minimum, the rules must include:

(a) Deadlines for electric vehicle service provider compliance for publicly available level 2 electric vehicle supply equipment

(3) For the purpose of this section, "mobile payment" means an electronic fund transfer initiated through a mobile phone or device.

NEW SECTION. Sec. 6. A new section is added to chapter 19.94 RCW to read as follows:

(1) Interoperability standards provide safeguards to consumers and support access to electric vehicle supply equipment. In order for Washington to have reliable, accessible, and competitive markets for electric vehicle supply equipment that are necessary for the movement of goods and people by electric vehicles, interoperability standards that align with national and international best practices or standards are necessary.

(2) By July 1, 2022, the department, in consultation with the department of commerce and the Washington utilities and transportation commission, must adopt rules establishing requirements for all electric vehicle service providers to, at a minimum, meet and maintain nonproprietary interoperability standards for publicly available level 2 electric vehicle supply equipment and direct current fast charger electric vehicle supply equipment and may review and, if necessary, amend the rules every two years, to maintain consistency with evolving technology. The requirements shall not provide that any charging provider must purchase or license proprietary technology or software from any other company, and shall not require that companies maintain interoperability agreements with other companies.

(3) For the purpose of this section, "interoperability" means the ability of hardware, software, or a communications network provided by one party, vendor, or service provider to interact with or exchange and make use of information, including payment information, between hardware, software, or a communications network provided by a different party, vendor, or service provider.

(4) The requirements of this section shall not apply to publicly available electric vehicle supply equipment provided by a manufacturer of electric vehicles for the exclusive use by vehicles it manufactures.

(h) Specifications, tolerances, and other technical requirements for commercial weighing and measuring instruments or devices that must be consistent with the most recent edition of the national institute of standards and technology handbook 44 except where modified to achieve state objectives; and

(i) Packaging, labeling, and method of sale of commodities that must be consistent with the most recent edition of the national institute of standards and technology handbook 44 and 130 (for legal metrology and engine fuel quality) except where modified to achieve state objectives.

(5) Rules adopted under this section must also include specifications and tolerances for the acceptable range of accuracy required of weighing or measuring instruments or devices and must be designed to eliminate from use, without prejudice to weighing or measuring instruments or devices that conform as closely as practicable to official specifications and tolerances, those that: (a) Are of such construction that they are faulty, that is, that are not reasonably permanent in their adjustment or will not repeat their indications correctly; or (b) facilitate the perpetration of fraud.

(6) Rules adopted by the director related to the sale of electricity sold as a vehicle fuel and electric vehicle fueling systems may be modified to achieve state objectives, reviewed, and, if necessary, amended, to maintain consistency with evolving technology. These rules may take effect no earlier than January 1, 2024. To ensure existing infrastructure may continue operating without substantial equipment replacement or alteration, electric vehicle supply equipment installed and placed into service before January 1, 2024, is exempt from the rules of this section until January 1, 2034. Electric vehicle supply equipment that is replaced or retrofitted with new hardware after January 1, 2024, must be considered as having been installed and placed into service after January 1, 2024.

Sec. 10. RCW 19.94.517 and 2019 c 96 s 19 are each amended to read as follows:

(1) Whenever the department or a city sealer tests or inspects a weighing or measuring instrument or device and finds the instrument or device to be incorrect to the economic benefit of the owner/operator of the weighing or measuring instrument or device and to the economic detriment of the customer, the owner of the weighing or measuring instrument or device is subject to the following civil penalties:

(1) An electric vehicle service provider that fails to meet the requirements established under sections 4 through 6 of this act, or any rule adopted pursuant to the authority granted to the department under sections 4 through 6 of this act, is subject to a civil penalty of \$200 per electric vehicle supply equipment for the first violation and \$500 per electric vehicle supply equipment for each subsequent violation within one year of the first violation.

(2) Moneys collected under this section must first be used to cover the department's costs to enforce this section. Any remaining moneys must be deposited into the electric vehicle account created in RCW 82.44.200.

Sec. 12. RCW 46.08.185 and 2013 c 60 s 1 are each amended to read as follows:

(1) ~~((An))~~ Publicly available electric vehicle ~~((charging station))~~ supply equipment must be indicated by vertical signage identifying the station as ~~((an))~~ publicly available electric vehicle ~~((charging station))~~ supply equipment and indicating that it is only for electric vehicle charging. The signage must be consistent with the manual on uniform traffic control devices, as adopted by the department of transportation under RCW 47.36.030, and contain the information required in section 4 of this act. ~~((Additionally, the electric vehicle charging station must be indicated by green pavement markings.))~~ Supplementary signage may be posted to provide additional information including, but not limited to, the amount of the monetary penalty under subsection (2) of this section for parking in the station while not connected to the charging equipment.

(a) The contents and requirements for satisfactory completion of the continuing education course shall be determined by the director and approved by the board.

(b) The department shall accept proof of a certificate holder's satisfactory completion of a continuing education course offered in another state as meeting the requirements for maintaining a current Washington state certificate of competency if the department is satisfied the course is comparable in nature to that required in Washington state for maintaining a current certificate of competency.

(3) If the certificate is not renewed before the expiration date, the individual shall pay twice the usual fee. The department shall set the fees by rule for issuance and renewal of a certificate of competency. The fees shall cover but not exceed the costs of issuing the certificates and of administering and enforcing the electrician certification requirements of this chapter.

(4) ~~((The))~~ Except for electric vehicle infrastructure training program certification requirements specified in section 14 of this act, the certificates of competency and temporary permits provided for in this chapter grant the holder the right to work in the electrical construction trade as a master electrician, journey level electrician, or specialty electrician in accordance with their provisions throughout the state and within any of its political subdivisions without additional proof of competency or any other license, permit, or fee to engage in such work.

NEW SECTION. Sec. 4. Prior to deploying tear gas, the officer or employee shall:

(a) Exhaust alternatives to the use of tear gas that are available and appropriate under the circumstances;

(2)(a) Each law enforcement agency shall compile an inventory of military equipment possessed by the agency, including the proposed use of the equipment, estimated number of times the equipment has been used in the prior year, and whether such use is necessary for the operation and safety of the agency or some other public safety purpose. The agency shall provide the inventory to the Washington association of sheriffs and police chiefs no later than November 1, 2021.

(b) The Washington association of sheriffs and police chiefs shall summarize the inventory information from each law enforcement agency and provide a report to the governor and the appropriate committees of the legislature no later than December 31, 2021.

NEW SECTION. Sec. 7. (1) A peace officer may not engage in a vehicular pursuit, unless:

The officer must consider alternatives to the vehicular pursuit, the justification for the vehicular pursuit, and other safety considerations, including but not limited to speed, weather, traffic, road conditions, and the known presence of minors in the vehicle. The officer must terminate the vehicular pursuit if any of the requirements of this subsection are not met.

(2) A pursuing officer shall comply with any agency procedures for designating the primary pursuit vehicle and determining the appropriate number of vehicles permitted to participate in the vehicular pursuit and comply with any agency procedures for coordinating operations with other jurisdictions, including available tribal police departments when applicable.

(3) A peace officer may not fire a weapon upon a moving vehicle unless necessary to protect against an imminent threat of serious physical harm resulting from the operator's or a passenger's use of a deadly weapon. For the purposes of this subsection, a vehicle is not considered a deadly weapon unless the operator is using the vehicle as a deadly weapon and no other reasonable means to avoid potential serious harm are immediately available to the officer.

(4) For purposes of this section, "vehicular pursuit" means an attempt by a uniformed law enforcement officer in a vehicle equipped with emergency lights and a siren to stop a moving vehicle where the operator of the moving vehicle appears to be aware that the officer is signaling the operator to stop the vehicle and the operator of the moving vehicle appears to be willfully resisting or ignoring the officer's attempt to stop the vehicle by increasing vehicle speed, making evasive maneuvers, or operating the vehicle in a reckless manner that endangers the safety of the community or the officer.

Sec. 8. RCW 10.31.040 and 2010 c 8 s 1030 are each amended to read as follows:

(1) To make an arrest in criminal actions, the officer may break open any outer or inner door, or windows of a dwelling house or other building, or any other ((inclosure [enclosure] found)) enclosure, if, after notice of his or her office and purpose, he or she be refused admittance.

(2) An officer may not seek and a court may not issue a search or arrest warrant granting an express exception to the requirement for the officer to provide notice of his or her office and purpose when executing the warrant.

EIGHTY SIXTH DAY, APRIL 6, 2021

2021 REGULAR SESSION

Prohibiting the inappropriate use of Native American names, symbols, or images as public school mascots, logos, or team names.

The measure was read the second time.

MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that the use of racially derogatory or discriminatory school mascots, logos, or team names in public schools is antithetical to their mission of providing an equal education to all, and contrary to the goal of making schools safe and respectful learning environments.

(2) The legislature finds also that certain mascots, logos, or team names that are or have been used by schools and other entities are uniquely discriminatory in singling out the Native American community for derision and cultural appropriation.

(3) Although the inappropriate use of Native American names, symbols, or images may be premised on the promotion of unity or school spirit, their use fails to respect the cultural heritage of Native Americans and promote productive relationships between sovereign governments. Furthermore, numerous individuals and organizations, including the United States commission on civil rights, have concluded that the use of Native American images and names in school sports is a barrier to equality and understanding, and that all residents of the United States would benefit from the discontinuance of their use.

(4) The legislature therefore, recognizing that no school has a cognizable interest in retaining a racially derogatory or discriminatory school mascot, logo, or team name, intends to prohibit the inappropriate use of Native American names, symbols, or images for those purposes.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Except as provided otherwise by this section, beginning January 1, 2022, public schools may not use Native American names, symbols, or images as school mascots, logos, or team names.

(2) Subsection (1) of this section does not apply to public schools located within, or with enrollment boundaries that include a portion of, "Indian country," as defined in 18 U.S.C. Sec. 1151, or public schools in a county that contains all or part of a tribal reservation or tribal trust lands, if the tribe or tribes having regulatory jurisdiction over the territory within that boundary have:

(a) Been consulted by the appropriate school, district, or both. Consultations under this subsection (2)(a) must include summaries of completed and ongoing district and school actions required by RCW 28A.320.170; and

(b) Authorized the use of the name, symbol, or image as a mascot, logo, or team name through an appropriate enactment or resolution.

(3) A public school may use uniforms or other materials after January 1, 2022, bearing Native American names, symbols, or images as mascots, logos, or team names if the uniforms or materials were purchased before January 1, 2022, and if:

(a) The school selects a new mascot, logo, or team name by December 31, 2021, to take effect in the 2021-22 school year;

(b) Except as provided otherwise by this subsection (3)(b), the school does not purchase or acquire any uniforms or materials that include the discontinued Native American name, symbol, or image. However, a school using the discontinued Native American name, symbol, or image may, until January 1, 2023, purchase or acquire a number of uniforms equal to up to twenty percent of the total number of uniforms used by a team, band, or cheer squad at that school during the 2021-22 school year solely to replace damaged or lost uniforms;

(c) The school does not purchase, create, or acquire any yearbook, newspaper, program, or other similar material that includes or bears the discontinued Native American name, symbol, or image; and

(d) The school does not purchase, construct, or acquire a marquee, sign, or other new or replacement fixture that includes or bears the discontinued Native American name, symbol, or image.

(4) A public school that does not meet the geographic requirements in subsection (2) of this section is exempt from subsection (1) of this section if:

(a) The school is located in a county that is adjacent to a county that contains all or part of a tribal reservation or tribal trust lands; and

(b) The tribe that is consulted with and determines to authorize the use of the name, symbol, or image as a school mascot, logo, or team name as provided in subsection (2) of this section is the nearest federally recognized Indian tribe.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

(1) The office of the superintendent of public instruction shall create a grant program to provide transitional support grants to school districts to support schools that incur costs as a result of compliance with section 2 of this act.

(2) Costs eligible for use by grants provided under this section are costs resulting from the replacement or redesign of items and materials that display Native American names, symbols, or images, including, but not limited to:

(a) Uniforms and equipment used by a team, band, cheer squad, or other extracurricular activity;

(b) School signage, including reader boards and score boards;

(c) Floor designs in gymnasiums or other flooring or surfaces;

(d) School letterhead and other office supplies;

(e) School spirit store supplies and items; and

(f) School web pages.

(3) In administering grants under this section, the office of the superintendent of public instruction is encouraged to incentivize schools that use Native American names, symbols, or images as school mascots, logos, or team names to select a new mascot, logo, or team name by September 1, 2021.

(4) This section expires August 31, 2023.

NEW SECTION. Sec. 4. If specific funding for the purposes of section 3 of this act, referencing section 3 of this act by bill or chapter number and section number, is not provided by June 30, 2021, in the omnibus appropriations act, section 3 of this act is null and void."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.065 and 2019 c 172 s 11 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within ~~((seventy-two))~~ 72 hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within ~~((seventy-two))~~ 72 hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) If it is likely that the child will remain in shelter care longer than ~~((seventy-two))~~ 72 hours, the department shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter care longer than the ~~((seventy-two))~~ 72 hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parties, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care

hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or

eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. If such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, the fingerprint-based background check need not be completed before placement, but as soon as possible after placement. The court must also determine whether placement with the relative or other suitable person is in the child's best interests. The relative or other suitable person must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the department's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the department shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1). In determining placement, the court shall weigh the child's length of stay and attachment to the current provider in determining what is in the best interest of the child.

(d) If a relative or other suitable person is not available, the court shall order continued shelter care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(f) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within ~~((sixty))~~ 60 days of placement, hold a hearing to:

(i) Consider the assessment required under RCW 13.34.420 and submitted as part of the department's social study, and any related documentation;

(ii) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(iii) Approve or disapprove the child's placement in the qualified residential treatment program.

EIGHTY SEVENTH DAY, APRIL 7, 2021

2021 REGULAR SESSION

(g) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (b) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than ~~((thirty))~~ 30 days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a)(i) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(ii) If the court previously ordered that visitation between a parent and child be supervised or monitored, there shall be a presumption that such supervision or monitoring will no longer be necessary following a continued shelter care order under (a)(i) of this subsection. To overcome this presumption, a party must provide a report to the court including evidence establishing that removing visit supervision or monitoring would create a risk to the child's safety, and the court shall make a determination as to whether visit supervision or monitoring must continue.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

(9)(a) If a child is placed out of the home of a parent, guardian, or legal custodian following a shelter care hearing, the court shall order the petitioner to provide regular visitation with the parent, guardian, or legal custodian, and siblings. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and allowing family reunification. The court shall order a visitation plan individualized to the needs of the family with a goal of providing the maximum parent, child, and sibling contact possible.

(b) Visitation under this subsection shall not be limited as a sanction for a parent's failure to comply with recommended services during shelter care.

(c) Visitation under this subsection may only be limited where necessary to ensure the health, safety, or welfare of the child.

(d) The first visit must take place within 72 hours of the child being delivered into the custody of the department, unless the court finds that extraordinary circumstances require delay.

(e) If the first visit under (d) of this subsection occurs in an in-person format, this first visit must be supervised unless the department determines that visit supervision is not necessary.

Sec. 2. RCW 13.34.136 and 2020 c 312 s 117 are each amended to read as follows:

(1) Whenever a child is ordered to be removed from the home, a permanency plan shall be developed no later than ~~((sixty))~~ 60 days from the time the department assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(2) The department shall submit a written permanency plan to all parties and the court not less than ~~((fourteen))~~ 14 days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's proposed permanency plan must be provided to the department, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in RCW 13.38.040; guardianship pursuant to chapter 13.36 RCW; guardianship of a minor pursuant to RCW 11.130.215; long-term relative or foster care, if the child is between ages ~~((sixteen))~~ 16 and ~~((eighteen))~~ 18, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age ~~((sixteen))~~ 16 or older. Although a permanency plan of care may only identify long-term relative or foster care for children between ages ~~((sixteen))~~ 16 and ~~((eighteen))~~ 18, children under ~~((sixteen))~~ 16 may remain placed with relatives or in foster care. The department shall not discharge a child to an independent living situation before the child is ~~((eighteen))~~ 18 years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the department will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(A) If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(B) If a parent has a developmental disability according to the definition provided in RCW 71A.10.020, and that individual is eligible for services provided by the department of social and health services developmental disabilities administration, the department shall make reasonable efforts to consult with the department of social and health services developmental disabilities administration to create an appropriate plan for services. For individuals who meet the definition of developmental disability provided in RCW 71A.10.020 and who are eligible for services through the developmental disabilities administration, the plan for services must be tailored to correct the parental deficiency taking into consideration the parent's disability and the department shall also determine an appropriate method to offer those services based on the parent's disability.

(ii)(A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. Visitation must occur in the least restrictive setting and be unsupervised unless the presence of threats or danger to the child requires the constant presence of an adult to ensure the safety of the child. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(E) If the court previously ordered that visitation between a parent and child be supervised or monitored, there shall be a presumption that such supervision or monitoring will no longer be necessary when the permanency plan is entered. To overcome this presumption, a party must provide a report to the court including evidence establishing that removing visit supervision or monitoring would create a risk to the child's safety, and the court shall make a determination as to whether visit supervision or monitoring must continue.

(F) The court shall advise the petitioner that the failure to provide court-ordered visitation may result in a finding that the petitioner failed to make reasonable efforts to finalize the permanency plan. The lack of sufficient contracted visitation providers will not excuse the failure to provide court-ordered visitation.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The department shall provide all reasonable services that are available within the department, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(9), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for ~~((fifteen))~~ 15 of the most recent ~~((twenty-two))~~ 22 months, and the court has not made a good cause exception, the court shall require the department to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

EIGHTY SEVENTH DAY, APRIL 7, 2021

2021 REGULAR SESSION

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(7). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department or other agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning, "guardianship" means a guardianship pursuant to chapter 13.36 RCW or a guardianship of a minor pursuant to RCW 11.130.215, or equivalent laws of another state or a federally recognized Indian tribe.

Sec. 3. RCW 13.34.138 and 2019 c 172 s 13 are each amended to read as follows:

(1) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ~~((ninety))~~ 90 days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are

recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the department is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Within ~~((sixty))~~ 60 days of the placement of a child in a qualified residential treatment program as defined in this chapter, and at each review hearing thereafter if the child remains in such a program, the following:

(A) Whether ongoing assessment of the child's strengths and needs continues to support the determination that the child's needs cannot be met through placement in a foster family home;

(B) Whether the child's placement provides the most effective and appropriate level of care in the least restrictive environment;

(C) Whether the placement is consistent with the child's permanency plan;

(D) What specific treatment or service needs will be met in the placement, and how long the child is expected to need the treatment or services; and

(E) What efforts the department has made to prepare the child to return home or be placed with a fit and willing relative as defined in RCW 13.34.030, a Title 13 RCW legal guardian, an adoptive parent, or in a foster family home.

(vii) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department;

(viii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(ix) Whether preference has been given to placement with the child's relatives if such placement is in the child's best interests;

(x) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(xi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(xii) Whether terms of visitation need to be modified. If the court previously ordered that visitation between a parent and child must be supervised or monitored, there shall be a presumption that such supervision or monitoring will no longer be necessary after the review hearing. To overcome this presumption, a party must provide a report to the court including evidence establishing that removing visit supervision or monitoring would create a risk to the child's safety, and the court shall make a determination as to whether visit supervision or monitoring must continue;

(xiii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xiv) Whether any additional court orders need to be made to move the case toward permanency; and

(xv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with the department's case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the department's case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's authority to order housing assistance under this chapter is: (a) Limited to cases in which a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(~~(6)~~) (7).

(6) The court shall advise the petitioner that the failure to provide court-ordered visitation may result in a finding that the petitioner failed to make reasonable efforts to finalize the permanency plan. The lack of sufficient contracted visitation providers will not excuse the failure to provide court-ordered visitation.

The legislature finds that as a result of the economic impacts of the COVID-19 pandemic, certain businesses that made contributions to a Washington main street community or to the main street trust fund in 2020, and qualified for a credit against the business and occupation tax or public utility tax, have received insufficient revenues, and have insufficient tax liabilities, to allow them to use the full amount of the credit for which they have qualified. With this act, the legislature intends to address this finding by allowing credits earned as result of contributions made in calendar year 2020 to be carried over for an additional two years, and by providing an additional credit against the business and occupation tax or public utility tax.

Sec. 2. RCW 82.73.030 and 2017 3rd sp.s. c 37 s 103 are each amended to read as follows:

(1) Subject to the limitations in this chapter, a credit is allowed against the tax imposed by chapters 82.04 and 82.16 RCW for approved contributions that are made by a person to a program or the main street trust fund.

(2) ((The)) (a) Except as provided in (b) of this subsection, the credit allowed under this section is limited to an amount equal to:

(b) Beginning with contributions made in calendar year 2021, an additional credit is allowed equal to 25 percent of the approved contribution made by a person to the main street trust fund.

(4) The department must keep a running total of all credits approved under this chapter for each calendar year. The department may not approve any credits under this section that would cause the total amount of approved credits statewide to exceed ((two million five hundred thousand dollars)) \$5,000,000 in any calendar year.

(5)(a)(i) The total credits allowed under this chapter for contributions made to each program may not exceed ((one hundred thousand dollars)) \$160,000 in a calendar year.

(ii) Between 8:00 a.m., Pacific standard time, on the second Monday in January and ((March 31st)) 8:00 a.m., Pacific daylight time, on April 1st of the same calendar year, the department must evenly allocate the amount of statewide credits allowed under subsection (4) of this section based on the total number of programs and the main street trust fund as of January 1st in the same calendar year. The department may not approve contributions for a program or the main street trust fund that would cause the total amount of approved credits for a program or the main street trust fund to exceed the allocated amount.

(b) The total credits allowed under this chapter for a person may not exceed two hundred fifty thousand dollars in a calendar year.

(6) ((The)) Except as provided in subsection (8) of this section, the credit may be claimed against any tax due under chapters 82.04 and 82.16 RCW only in the calendar year immediately following the calendar year in which the credit was approved by the department and the contribution was made to the program or the main street trust fund. Credits may not be carried over to subsequent years. No refunds may be granted for credits under this chapter.

This chapter expires January 1, 2032.

NEW SECTION. Sec. 4. Sections 2 and 3 of this act take effect October 1, 2021.

Expanding coverage of the paid family and medical leave program.

The measure was read the second time.

MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that many Washington workers have suffered direct effects from the COVID-19 pandemic. Due to the unprecedented global shutdown in response to COVID-19, many Washington workers who have paid into the paid family and medical leave insurance program are unable to access their benefits through no fault of their own. Workers recovering from COVID-19 or caring for an individual who is severely ill due to COVID-19 are unable to access their benefits.

(2) Therefore, the legislature intends to provide financial assistance to workers who are not otherwise eligible for paid family and medical leave due to COVID-19's impact on their ability to meet the hours worked threshold. The legislature intends to provide a pandemic leave assistance employee grant to provide an equivalent benefit to what the worker would otherwise be eligible to receive under the paid family and medical leave insurance program. Additionally, the legislature intends to provide a pandemic leave assistance employer grant to help offset small business employers' costs related to employees on leave who are receiving a pandemic leave assistance employee grant.

(3) The legislature intends to utilize federal funding from the America rescue plan act to provide financial assistance to COVID-19 impacted workers. The legislature does not intend for this worker assistance to affect the state's paid family and medical leave insurance account.

NEW SECTION. Sec. 2. A new section is added to chapter 50A.15 RCW to read as follows:

(1) Employees who do not meet the hours worked threshold for eligibility under RCW 50A.15.010 or 50A.30.020(1), and are otherwise eligible under Title 50A RCW for a claim with an effective start date in 2021 through March 31, 2022, are eligible for a pandemic leave assistance employee grant as provided under this section if they meet any of the following hours thresholds:

(a) Worked 820 hours in employment during the first through fourth calendar quarters of 2019; or

(b) Worked 820 hours in employment during the second through fourth calendar quarters of 2019 and first calendar quarter of 2020.

(2)(a) Subsection (1) of this section does not apply to an employee who does not meet the hours worked threshold for eligibility under RCW 50A.15.010 or 50A.30.020(1) because of an employment separation due to misconduct or a voluntary separation unrelated to the COVID-19 pandemic.

(b) An employee seeking eligibility under this section must attest, in a manner prescribed by the department, that their failure to meet the hours worked threshold for eligibility under RCW 50A.15.010 or 50A.30.020(1) is not due to the reasons specified in (a) of this subsection.

(3) Employees may file a claim with the department for a pandemic leave assistance employee grant beginning August 1, 2021.

EIGHTY SEVENTH DAY, APRIL 7, 2021

2021 REGULAR SESSION

(4) The amount of the pandemic leave assistance employee grant to each eligible employee must be equal to the weekly benefit amount calculated in Title 50A RCW and any rules promulgated thereunder. In calculating the weekly benefit amount for nonsalaried employees eligible under subsection (1) of this section, the typical workweek hours are the quotient derived by dividing the sum of the employee's hours reported by the sum of the number of weeks for which the employer reported hours.

(5) An employee is not eligible for a pandemic leave assistance employee grant under this section for any week in which the employee has received, is receiving, or will receive unemployment compensation under Title 50 RCW, workers' compensation under Title 51 RCW, or any other applicable federal unemployment compensation, industrial insurance, or disability insurance laws.

(6) Employers with 150 or fewer employees may be eligible for a pandemic leave assistance employer grant to assist with the costs of an employee on leave, as provided in section 3 of this act.

(7) Grants under this section are available only until funding provided by the legislature solely for these purposes is exhausted.

NEW SECTION. Sec. 3. A new section is added to chapter 50A.24 RCW to read as follows:

(1) The legislature recognizes that costs associated with employees on leave who have received or will receive a pandemic leave assistance employee grant under section 2 of this act may disproportionately impact small businesses. Therefore, the legislature intends to assist small businesses with the costs of such employees on leave.

(2) Employers with 150 or fewer employees and employers with 50 or fewer employees who are assessed all premiums under RCW 50A.10.030(5)(b) may apply to the department for a pandemic leave assistance employer grant under this section.

(3)(a) An employer may receive a pandemic leave assistance employer grant of \$3,000 if the employer hires a temporary worker to replace an employee on leave who has received or will receive a pandemic leave assistance employee grant under section 2 of this act.

(b) For an employee on leave who has received or will receive a pandemic leave assistance employee grant under section 2 of this act, an employer may receive a grant of up to \$1,000 as reimbursement for significant wage-related costs due to the employee's leave.

(c) An employer may receive a grant under (a) or (b) of this subsection, but not both, except that an employer who received a grant under (b) of this subsection may receive a grant of the difference between the grant awarded under (b) of this subsection and \$3,000 if the employee on leave who has received or will receive a pandemic leave assistance grant under section 2 of this act extended the leave beyond the leave initially planned and the employer hired a temporary worker for the employee on leave.

(4) An employer may apply for a pandemic leave assistance employer grant no more than once.

(5) To be eligible for a pandemic leave assistance employer grant under this section, the employer must provide the department written documentation showing the temporary worker hired or significant wage-related costs incurred are due to an employee on leave who has received or will receive a pandemic leave assistance employee grant under section 2 of this act.

(6) The department must assess an employer with fewer than 50 employees who receives a pandemic leave assistance employer grant under this section for all premiums for three years from the date of receipt of the grant.

(7) Pandemic leave assistance employer grants shall not be funded from the family and medical leave insurance account.

(8) For the purposes of this section, the number of employees must be calculated as provided in RCW 50A.10.030.

(9) An employer who has an approved voluntary plan is not eligible to receive a pandemic leave assistance employer grant under this section.

(10) Grants under this section are available only until funding provided by the legislature solely for these purposes is exhausted.

NEW SECTION. Sec. 4. Nothing in this act shall be construed to limit or interfere with the requirements, rights, and responsibilities of employers and employees under Title 50A RCW, except as provided in this act. Employees and employers receiving a grant under section 2 or 3 of this act must comply with all provisions of Title 50A RCW and any rules promulgated thereunder.

NEW SECTION. Sec. 5. The employment security department may adopt rules to implement this act.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act expire June 30, 2023.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "adding a new section to chapter 50A.15 RCW; adding a new section to chapter 50A.24 RCW; creating new sections; providing an expiration date; and declaring an emergency."

Reducing greenhouse gas emissions from fluorinated gases.

The measure was read the second time.

MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that hydrofluorocarbons are air pollutants that pose significant threats to our environment. Although hydrofluorocarbons currently represent a small proportion of the state's greenhouse gas emissions, emissions of hydrofluorocarbons have been rapidly increasing in the United States and worldwide, and they are hundreds to thousands of times more potent than carbon dioxide. In 2019, the legislature took a significant step towards reducing greenhouse gas emissions from hydrofluorocarbons by transitioning to the use of less damaging hydrofluorocarbons or

2021 REGULAR SESSION

suitable substitutes in certain new foam, aerosol, and refrigerant uses. However, significant sources of hydrofluorocarbon emissions in Washington remain unaddressed by the 2019 legislation, including legacy uses of hydrofluorocarbons as a refrigerant in infrastructure that was installed prior to the effective dates of the restrictions in the 2019 law, and from sources like stationary air conditioners and heat pumps that were not covered by the 2019 law.

(2) Therefore, it is the intent of the legislature to reduce hydrofluorocarbon emissions, including by:

(a) Authorizing the establishment of a maximum global warming potential threshold for hydrofluorocarbons used as a refrigerant;

(b) Authorizing the regulation of hydrofluorocarbons in air conditioning and heat pumps;

(c) Applying the same basic emission control requirements to hydrofluorocarbons that have long applied to ozone-depleting substances used as refrigerants;

(d) Establishing a program to reduce leaks and encourage refrigerant recovery from large refrigeration and air conditioning systems;

(e) Directing the state building code council to adopt codes that are consistent with the goal of reducing greenhouse gas emissions associated with hydrofluorocarbons;

(f) Establishing a state procurement preference for recycled refrigerants; and

(g) Allowing consideration of the global warming potential of refrigerants used in equipment incentivized under utility conservation programs.

(3) Furthermore, it is the intent of the legislature that the ice rink used by Seattle's newest hockey franchise, the Seattle Kraken, should be as cold as possible, but also should be refrigerated using climate-friendly refrigerants, so that on opening night of the 2021-2022 National Hockey League season, as many fans as possible can simultaneously yell the Pacific Northwest's favorite new phrase: 'Release the Kraken!'

That disclosure must take the form of:~~

(a) A label on the equipment or product. The label must meet requirements designated by the department by rule. To the extent feasible, the department must recognize existing labeling that provides sufficient disclosure of the use of substitutes in the product or equipment or of the compliance status of the products or equipment.

(i) The department must consider labels required by state building codes and other safety standards in its rule making; and

(ii) The department may not require labeling of aircraft and aircraft components subject to certification requirements of the federal aviation administration.

(b) Submitting information about the use of substitutes to the department, upon request.

(i) By December 31, 2019, all manufacturers must notify the department of the status of each product class utilizing hydrofluorocarbons or other substitutes restricted under subsection (1) of this section that the manufacturer sells, offers for sale, leases, installs, or rents in Washington state. This status notification must identify the substitutes used by products or equipment in each product or equipment class in a manner determined by rule by the department.

(ii) Within one hundred twenty days after the date of a restriction put in place under this section, any manufacturer

affected by the restriction must provide an updated status notification. This notification must indicate whether the manufacturer has ceased the use of hydrofluorocarbons or substitutes restricted under this section within each product class and, if not, what hydrofluorocarbons or other restricted substitutes remain in use.

(iii) After the effective date of a restriction put in place under this section, any manufacturer must provide an updated status notification when the manufacturer introduces a new or modified product or piece of equipment that uses hydrofluorocarbons or changes the type of hydrofluorocarbons utilized within a product class affected by a restriction. Such a notification must occur within one hundred twenty days of the introduction into commerce in Washington of the product or equipment triggering this notification requirement.

~~((6)) (c) Alternative disclosure requirements to (a) of this subsection, if the department determines that the inclusion of a label denoting substitutes used or compliance status is not feasible for a particular product or equipment.~~

(5) The department may adopt rules to administer, implement, and enforce this section. If the department elects to adopt rules, the department must seek, where feasible and appropriate, to adopt rules, including rules under subsection (4) of this section, that are the same or consistent with the regulatory standards, exemptions, reporting obligations, disclosure requirements, and other compliance requirements of other states or the federal government that have adopted restrictions on the use of hydrofluorocarbons and other substitutes. Prior to the adoption or update of a rule under this section, the department must identify the sources of information it relied upon, including peer-reviewed science.

~~((7)) (6) For the purposes of implementing the restrictions specified in appendix U of Subpart G of 40 C.F.R. Part 82, as it read on January 3, 2017, consistent with this section, the department must interpret the term "aircraft maintenance" to mean activities to support the production, fabrication, manufacture, rework, inspection, maintenance, overhaul, or repair of commercial, civil, or military aircraft, aircraft parts, aerospace vehicles, or aerospace components.~~

~~((8) The authority granted by this section to the department for restricting the use of substitutes is supplementary to the department's authority to control air pollution pursuant to chapter 70A.15 RCW. Nothing in this section limits the authority of the department under chapter 70A.15 RCW.~~

~~(9)) (7) Except where existing equipment is retrofit, the restrictions of this section do not apply to or limit any use of commercial refrigeration equipment that was installed or in use prior to the effective date of the restrictions established in this section.~~

NEW SECTION. Sec. 8. (1) Within 12 months of another state's enactment or adoption of restrictions on substitutes applicable to new light-duty vehicles, the department may adopt restrictions applicable to the sale, lease, rental, or other introduction into commerce by a manufacturer of new light-duty vehicles consistent with the restrictions identified in appendix B, Subpart G of 40 C.F.R. Part 82, as of January 3, 2017. The department may apply an effective date to the restrictions adopted under this subsection that differs from the effective date of the restrictions adopted by another state, but the department may not adopt restrictions that take effect prior to the effective date of restrictions adopted or enacted in at least one other state.

(2) The department may adopt rules that establish a maximum global warming potential of 750 for substitutes used in new stationary air conditioning. Rules adopted under this subsection may not take effect prior to:

(a) January 1, 2023, for dehumidifiers and room air conditioners;

(b)(i) January 1, 2025, for other types of stationary air conditioning equipment, but only if before January 1, 2023, the state building code council adopts the following safety standards into the state building code as these standards existed as of the effective date of this section:

(A) American society of heating, refrigerating, and air-conditioning engineers standard 15;

(B) American society of heating, refrigerating, and air-conditioning engineers standard 15.2;

(C) American society of heating, refrigerating, and air-conditioning engineers standard 34; and

(D) Underwriters laboratories standard UL 60335-2-40 edition 4;

(ii) If the state building code council adopts the safety standards referenced in (b)(i) of this subsection after January 1, 2023, the restrictions of this subsection may apply to refrigeration equipment manufactured no earlier than 24 months after the adoption of the safety standards; and

(c) January 1, 2026, for systems with variable refrigerant flow or volume.

(3)(a) Consistent with the timeline established in (b) of this subsection, the department may adopt rules to prohibit the use of refrigerant substitutes that have a global warming potential of greater than 150 for use in refrigeration equipment containing more than 50 pounds of refrigerant;

(b)(i) The restrictions in (a) of this subsection must apply to new refrigeration equipment manufactured after December 31, 2024, but only if before January 1, 2023, the state building code council adopts the following safety standards into the state building code, as these standards existed as of the effective date of this section:

(A) American society of heating, refrigerating, and air-conditioning engineers standard 15;

(B) American society of heating, refrigerating, and air-conditioning engineers standard 34; and

(C) Underwriters laboratories standard UL 60335-2-89 edition 2;

(ii) If the state building code council adopts the safety standards referenced in (b)(i) of this subsection after January 1, 2023, the restrictions of (a) of this subsection may apply to refrigeration equipment manufactured no earlier than 24 months after the adoption of the safety standards.

(4) The department shall prohibit the use of refrigerant substitutes that have a global warming potential of greater than:

(a) One hundred fifty for use in new equipment manufactured after December 31, 2023, for installation in new ice rinks; and

(b) Seven hundred fifty for use in new equipment manufactured after December 31, 2023, for installation in existing ice rinks.

(5)(a) The department, in rules adopted to implement this section, may establish reporting, labeling, and recordkeeping requirements applicable to regulated facilities and persons. To the extent practicable, rules adopted under this section must be harmonized with reporting, labeling, or recordkeeping requirements established under section 9 of this act.

(b) To the extent practicable, the department must adopt rules to implement this section that are consistent with similar programs in other states that reduce emissions from refrigerants.

(c) The department may adopt rules to grant variances from the requirements of this section.

(d) Restrictions adopted by the department under this section are additional to specific restrictions on applications and end uses established in RCW 70A.45.080 (as recodified by this act).

(6)(a) Prior to adopting final rules to implement restrictions under subsection (2) or (3) of this section, the department must review the availability and affordability of:

(i) Equipment that meets applicable global warming potential requirements;

(ii) Refrigerants that meet applicable global warming potential requirements; and

(iii) Appropriate training to utilize equipment that meets applicable global warming potential requirements.

(b) After the review required under (a) of this subsection, the department is encouraged to consider delaying the effective date of restrictions under this section in the event that the department determines that significant training or compliant equipment or refrigerant availability and affordability limitations are expected to occur.

NEW SECTION. Sec. 9. (1) The department shall establish a refrigerant management program designed to reduce emissions of refrigerants, including regulated substances and their substitutes, from activities or equipment responsible for significant volumes of such emissions. The program must include, at minimum, larger stationary refrigeration systems and larger commercial air conditioning systems. The department must adopt rules to implement and enforce the requirements of this section. The department may require compliance with refrigerant management program requirements beginning no earlier than January 1, 2024, and no earlier than the adjournment of the regular legislative session following the submission of a report to the appropriate committees of the legislature by the department estimating leakage of refrigerants from existing systems in Washington, and estimating a statewide rate of leakage from the categories of systems that are subject to the refrigerant management program rules adopted by the department under this section.

(2)(a) The department shall exempt refrigeration and air conditioning equipment operations associated with de minimis emissions or with a de minimis charging capacity of less than 50 pounds in a single system from registration, reporting, and leak detection requirements established in this section. The department shall exempt from the requirements established in this section equipment that uses refrigerants with a global warming potential of less than 150 and that are not class I or class II substances.

(b) The department may scale the requirements adopted under this section based on the size of the equipment, the facility containing the equipment, or the business operations of a person responsible for such emissions. The department may establish delayed effective dates of requirements applicable to persons and systems associated with lower emissions of refrigerants than other persons and systems regulated under this section.

(3) Each year, the owner or operator of a stationary refrigeration system or air conditioning system that exceeds a de minimis charge capacity of 50 pounds must register with the department. The department must phase in system registration requirements under this subsection in order to prioritize systems with the largest charge capacity or greatest potential for refrigerant emissions. Registration with the department must, consistent with rules adopted by the department, include the submission of information about the refrigeration system, including equipment type, refrigerant charge capacity, and the type of refrigerant used.

(4) Prior to the sale of a registered refrigeration or air conditioning system, the owners or operators of the system must provide leak rate documentation to the prospective purchaser.

(5) The owner or operator of a registered stationary refrigeration system or air conditioning system must conduct periodic leak-detection inspections of the system. The department may require inspections to be conducted with relatively greater

2021 REGULAR SESSION

frequency for systems with larger volumes of refrigerants. The department may exempt systems that use refrigerants with low global warming potential or that have automatic leak-detection systems from the requirements of this subsection.

(6) The owner or operator of a registered stationary refrigeration or air conditioning system must inspect for leaks each time significant amounts of refrigerant are added to the system.

(7) The department must adopt rules that:

(a) Require refrigeration or air conditioning systems found to be leaking to be repaired within a specified amount of time;

(b) Require the retrofit, replacement, or retirement of a refrigeration or air conditioning system with a leak that is not capable of being repaired;

(c) Establish annual reporting requirements for owners or operators of refrigeration systems or air conditioning systems that include information about the system, including system service and leak repair conducted on the system over the preceding year, and information on the purchase and use of refrigerants in the covered system during the preceding year;

(d) Establish annual reporting requirement for refrigerant wholesalers, distributors, and reclaimers;

(e) Establish record retention requirements for operators of facilities and wholesalers, distributors, and reclaimers of refrigerants and substitutes;

(f) Apply leak rates and other regulatory thresholds that achieve greater emission reductions than the federal regulations adopted by the United States environmental protection agency, and that reflect levels of achievable superior performance established for the greenchill voluntary program implemented by the United States environmental protection agency; and

(g) To the maximum extent practicable while giving consideration to the goals of this chapter, establish recordkeeping and reporting requirements that are consistent with programs implemented by the federal environmental protection agency or in other states, and that minimize compliance costs and regulatory burdens for regulated parties.

(8) The department may adopt rules to establish:

(a) Service practices for stationary appliances, including both stationary refrigeration systems and air conditioning systems. Service practices established by the department may include requiring technicians certified under United States environmental protection agency standards to service refrigerant systems, requiring reporting and recordkeeping that identifies the technicians that have serviced appliances, prohibiting practices likely to result in releases to the environment, requiring all practicable efforts to recover refrigerants from covered systems, and prohibiting the addition of refrigerants to systems known to have a leak; and

(b) A process for wholesalers, distributors, reclaimers, and refrigeration and air conditioning equipment operators to apply to the department for an exemption from some or all of the requirements of this section. Exemptions may be granted by the department on the basis of economic hardship, natural disaster, or after considering a calculation of lifecycle greenhouse gas emissions associated with the granting of an exemption that will allow an identified leak to go unrepaired for a finite period of time.

(9) The department may determine, assess, and collect annual fees from the owners or operators of refrigeration and air conditioning systems regulated under this section in an amount sufficient to cover the direct and indirect costs of administering and enforcing the provisions of this section. All fees collected under this subsection must be deposited in the refrigerant emission management account created in section 12 of this act.

(10) By December 1, 2029, and every five years thereafter, the department must consider the greenhouse gas emissions reductions achieved under the program created in this section and the criteria of section 11(3) of this act, and make a determination whether to continue to implement the program for the following five years. The department must notify the appropriate committees of the house of representatives and the senate of its determination.

Sec. 10. RCW 19.27.580 and 2019 c 284 s 7 are each amended to read as follows:

(1) The building code council shall adopt rules, including by amending existing rules as necessary, that permit the use of substitutes approved under RCW ((70.235.080)) 70A.45.080 (as recodified by this act) and that do not require the use of substitutes that are restricted under RCW ((70.235.080)) 70A.45.080 (as recodified by this act). The building code council may not prohibit the use of a substitute refrigerant allowed pursuant to the United States environmental protection agency's significant new alternatives policy to implement 42 U.S.C. Sec. 7671k.

(2) The building code council shall adopt rules that allow the use of substitutes, as defined in section 2 of this act, with a lower global warming potential than alternative substances, in accordance with nationally recognized, published standards that protect building occupant safety and reduce fire risks.

(3) The building code council may adopt rules that allow the use of substitutes, as defined in section 2 of this act, that are under review but have not yet been approved by the United States environmental protection agency's significant new alternatives policy to implement 42 U.S.C. Sec. 7671k, if the substitutes have a lower global warming potential than alternative substances and meet nationally recognized, published standards that protect building occupant safety and reduce fire risks.

(4) Any rules adopted by the building code council that affect the design or installation of refrigeration or air conditioning systems must be consistent with a goal of minimizing system leakage of refrigerants.

(5) Prior to the adoption of any rules by the building code council that affect the design or installation of refrigeration or air conditioning systems that facilitate the use of substitutes with a low global warming potential in air conditioning systems or equipment, the building code council must solicit input from organizations representing affected parties and parties with expertise in the substitutes or affected types of systems or equipment including, but not limited to:

(a) Manufacturers, distributors, and installers of refrigeration and air conditioning systems; and

(b) Refrigeration and air conditioning system contractors that are small businesses or that primarily serve rural areas.

NEW SECTION. Sec. 11. (1) The authority granted by this chapter to the department for restricting the use of substitutes is supplementary to the department's authority to control air pollution pursuant to chapter 70A.15 RCW. Nothing in this chapter limits the authority of the department under chapter 70A.15 RCW.

(2) The department, in enforcing the requirements of this chapter, must adhere to the provisions applicable to the department under chapter 43.05 RCW regarding site inspections, technical assistance visits, notices of correction, and the issuance of civil penalties, to the extent that these provisions are not in conflict with federal requirements described in RCW 43.05.901.

(3) The department may elect to refrain from or cease administering or enforcing a requirement of this chapter if the United States environmental protection agency adopts requirements that:

(a) Are substantially duplicative of the requirements of this chapter and that negate the additional emission reduction benefits of state implementation of any requirement of this chapter; or

(b) Preempt state authority under this chapter.

NEW SECTION. Sec. 12. The refrigerant emission management account is created in the state treasury. All receipts received by the state from the fees imposed under section 9 of this act must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of section 9 of this act.

Sec. 13. RCW 70A.15.1010 and 2020 c 20 s 1080 are each amended to read as follows:

(1) The air pollution control account is established in the state treasury. All receipts collected by or on behalf of the department from RCW 70A.15.2200(2), and receipts from nonpermit program sources under RCW 70A.15.2210(1) and 70A.15.2230(7), and all receipts from RCW 70A.15.5090 and 70A.15.5120 shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of this chapter, chapter 70A.25 RCW, and RCW 70A.45.080 (as recodified by this act).

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts collected by or on behalf of the department from permit program sources under RCW 70A.15.2210(1), 70A.15.2260, 70A.15.2270, and 70A.15.2230(7) shall be deposited into the account. Expenditures from the account may be used only for the activities described in RCW 70A.15.2210(1), 70A.15.2260, 70A.15.2270, and 70A.15.2230(7). Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 14. (1) By December 1, 2021, the department of ecology must provide recommendations to the appropriate committees of the house of representatives and the senate regarding the optimal design of a program to address the end-of-life management and disposal of refrigerants including, but not limited to, ozone-depleting substances and hydrofluorocarbons. In developing the recommendations, the department must solicit feedback from potentially impacted parties and the public, and must consider actions taken by other jurisdictions to incentivize refrigerant reuse or reclamation. The recommendations may come in the form of draft legislation.

(2) The recommendations must specifically include, at minimum, the following program design considerations:

(a) The legal and financial obligations to support or participate in the program applicable to refrigerant manufacturers, importers, distributors, and retailers, and to refrigerant-using equipment owner-operators and service technicians;

(b) A funding mechanism for refrigerant recovery and disposal activities carried out by the program that will also provide a financial incentive for the recovery and emission-reducing

management of refrigerants that are no longer of utility to a consumer; and

(c) Performance goals and operational standards for activities carried out by the program to collect, transport, and recycle, reuse, or dispose of refrigerants.

Sec. 15. RCW 70A.15.3150 and 2020 c 20 s 1111 are each amended to read as follows:

(1) Any person who knowingly violates any of the provisions of this chapter or ~~((chapter 70A.25 RCW, RCW 70A.45.080))~~ chapters 70A.25 and 70A.--- (the new chapter created in section 20 of this act) RCW, or any ordinance, resolution, or regulation in force pursuant thereto is guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars, or by imprisonment in the county jail for up to three hundred sixty-four days, or by both for each separate violation.

(2) Any person who negligently releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who at the time negligently places another person in imminent danger of death or substantial bodily harm is guilty of a gross misdemeanor and shall, upon conviction, be punished by a fine of not more than ten thousand dollars, or by imprisonment for up to three hundred sixty-four days, or both.

(3) Any person who knowingly releases into the ambient air any substance listed by the department of ecology as a hazardous air pollutant, other than in compliance with the terms of an applicable permit or emission limit, and who knows at the time that he or she thereby places another person in imminent danger of death or substantial bodily harm, is guilty of a class C felony and shall, upon conviction, be punished by a fine of not less than fifty thousand dollars, or by imprisonment for not more than five years, or both.

(4) Any person who knowingly fails to disclose a potential conflict of interest under RCW 70A.15.2000 is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five thousand dollars.

Sec. 16. RCW 70A.15.3160 and 2020 c 20 s 1112 are each amended to read as follows:

(1)(a) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of this chapter, chapter 70A.25 ~~((¶))~~, 70A.450, or 70A.--- (the new chapter created in section 20 of this act) RCW, ~~((RCW 70A.45.080,))~~ or any of the rules in force under such chapters or section may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

(b) Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2)(a) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

(b) The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

EIGHTY SEVENTH DAY, APRIL 7, 2021

2021 REGULAR SESSION

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) ~~(AH)~~ (a) Except as provided in (b) of this subsection, all penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70A.15.1010 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(b) All penalties recovered for violations of chapter 70A--- (the new chapter created in section 20 of this act) RCW must be paid into the state treasury and credited to the refrigerant emission management account created in section 12 of this act.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) The department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

Sec. 17. RCW 19.285.040 and 2019 c 288 s 29 are each amended to read as follows:

(1) Each qualifying utility shall pursue all available conservation that is cost-effective, reliable, and feasible.

(a) By January 1, 2010, using methodologies consistent with those used by the Pacific Northwest electric power and conservation planning council in the most recently published regional power plan as it existed on June 12, 2014, or a subsequent date as may be provided by the department or the commission by rule, each qualifying utility shall identify its achievable cost-effective conservation potential through 2019. Nothing in the rule adopted under this subsection precludes a qualifying utility from using its utility specific conservation measures, values, and assumptions in identifying its achievable cost-effective conservation potential. At least every two years thereafter, the qualifying utility shall review and update this assessment for the subsequent ten-year period.

(b) Beginning January 2010, each qualifying utility shall establish and make publicly available a biennial acquisition target for cost-effective conservation consistent with its identification of achievable opportunities in (a) of this subsection, and meet that target during the subsequent two-year period. At a minimum, each biennial target must be no lower than the qualifying utility's pro rata share for that two-year period of its cost-effective conservation potential for the subsequent ten-year period.

(c)(i) Except as provided in (c)(ii) and (iii) of this subsection, beginning on January 1, 2014, cost-effective conservation achieved by a qualifying utility in excess of its biennial acquisition target may be used to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty percent of any biennial target may be met with excess conservation savings.

(ii) Beginning January 1, 2014, a qualifying utility may use single large facility conservation savings in excess of its biennial target to meet up to an additional five percent of the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined. For the purposes of this subsection (1)(c)(ii), "single large facility conservation savings" means cost-effective conservation savings achieved in a single biennial period at the premises of a single customer of a qualifying utility whose annual electricity consumption prior to the conservation savings exceeded five average megawatts.

(iii) Beginning January 1, 2012, and until December 31, 2017, a qualifying utility with an industrial facility located in a county with a population between ninety-five thousand and one hundred fifteen thousand that is directly interconnected with electricity facilities that are capable of carrying electricity at transmission voltage may use cost-effective conservation from that industrial facility in excess of its biennial acquisition target to help meet the immediately subsequent two biennial acquisition targets, such that no more than twenty-five percent of any biennial target may be met with excess conservation savings allowed under all of the provisions of this section combined.

(d) In meeting its conservation targets, a qualifying utility may count high-efficiency cogeneration owned and used by a retail electric customer to meet its own needs. High-efficiency cogeneration is the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output. The reduction in load due to high-efficiency cogeneration shall be: (i) Calculated as the ratio of the fuel chargeable to power heat rate of the cogeneration facility compared to the heat rate on a new and clean basis of a best-commercially available technology combined-cycle natural gas-fired combustion turbine; and (ii) counted towards meeting the biennial conservation target in the same manner as other conservation savings.

(e) The commission may determine if a conservation program implemented by an investor-owned utility is cost-effective based on the commission's policies and practice.

(f) In addition to the requirements of RCW 19.280.030(3), in assessing the cost-effective conservation required under this section, a qualifying utility is encouraged to promote the adoption of air conditioning, as defined in section 2 of this act, with refrigerants not exceeding a global warming potential of 750 and the replacement of stationary refrigeration systems that contain ozone-depleting substances or hydrofluorocarbon refrigerants with a high global warming potential.

(g) The commission may rely on its standard practice for review and approval of investor-owned utility conservation targets.

(2)(a) Except as provided in (j) of this subsection, each qualifying utility shall use eligible renewable resources or acquire equivalent renewable energy credits, or any combination of them, to meet the following annual targets:

(i) At least three percent of its load by January 1, 2012, and each year thereafter through December 31, 2015;

(ii) At least nine percent of its load by January 1, 2016, and each year thereafter through December 31, 2019; and

(iii) At least fifteen percent of its load by January 1, 2020, and each year thereafter.

(b) A qualifying utility may count distributed generation at double the facility's electrical output if the utility: (i) Owns or has contracted for the distributed generation and the associated renewable energy credits; or (ii) has contracted to purchase the associated renewable energy credits.

(c) In meeting the annual targets in (a) of this subsection, a qualifying utility shall calculate its annual load based on the average of the utility's load for the previous two years.

(d) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if: (i) The utility's weather-adjusted load for the previous three years on average did not increase over that time period; (ii) after December 7, 2006, the utility did not commence or renew ownership or incremental purchases of electricity from resources other than coal transition power or renewable resources other than on a daily spot price basis and the electricity is not offset by equivalent renewable energy credits; and (iii) the utility invested at least one percent of its total annual retail revenue requirement that year on eligible renewable resources, renewable energy credits, or a combination of both.

(e) A qualifying utility may use renewable energy credits to meet the requirements of this section, subject to the limitations of this subsection.

(i) A renewable energy credit from electricity generated by a resource other than freshwater may be used to meet a requirement applicable to the year in which the credit was created, the year before the year in which the credit was created, or the year after the year in which the credit was created.

(ii) A renewable energy credit from electricity generated by freshwater:

(A) May only be used to meet a requirement applicable to the year in which the credit was created; and

(B) Must be acquired by the qualifying utility through ownership of the generation facility or through a transaction that conveyed both the electricity and the nonpower attributes of the electricity.

(iii) A renewable energy credit transferred to an investor-owned utility pursuant to the Bonneville power administration's residential exchange program may not be used by any utility other than the utility receiving the credit from the Bonneville power administration.

(iv) Each renewable energy credit may only be used once to meet the requirements of this section and must be retired using procedures of the renewable energy credit tracking system.

(f) In complying with the targets established in (a) of this subsection, a qualifying utility may not count:

(i) Eligible renewable resources or distributed generation where the associated renewable energy credits are owned by a separate entity; or

(ii) Eligible renewable resources or renewable energy credits obtained for and used in an optional pricing program such as the program established in RCW 19.29A.090.

(g) Where fossil and combustible renewable resources are cofired in one generating unit located in the Pacific Northwest where the cofiring commenced after March 31, 1999, the unit shall be considered to produce eligible renewable resources in direct proportion to the percentage of the total heat value represented by the heat value of the renewable resources.

(h)(i) A qualifying utility that acquires an eligible renewable resource or renewable energy credit may count that acquisition at one and two-tenths times its base value:

(A) Where the eligible renewable resource comes from a facility that commenced operation after December 31, 2005; and

(B) Where the developer of the facility used apprenticeship programs approved by the council during facility construction.

(ii) The council shall establish minimum levels of labor hours to be met through apprenticeship programs to qualify for this extra credit.

(i) A qualifying utility shall be considered in compliance with an annual target in (a) of this subsection if events beyond the reasonable control of the utility that could not have been reasonably anticipated or ameliorated prevented it from meeting the renewable energy target. Such events include weather-related damage, mechanical failure, strikes, lockouts, and actions of a governmental authority that adversely affect the generation, transmission, or distribution of an eligible renewable resource under contract to a qualifying utility.

(j)(i) Beginning January 1, 2016, only a qualifying utility that owns or is directly interconnected to a qualified biomass energy facility may use qualified biomass energy to meet its compliance obligation under this subsection.

(ii) A qualifying utility may no longer use electricity and associated renewable energy credits from a qualified biomass energy facility if the associated industrial pulping or wood manufacturing facility ceases operation other than for purposes of maintenance or upgrade.

(k) An industrial facility that hosts a qualified biomass energy facility may only transfer or sell renewable energy credits associated with qualified biomass energy generated at its facility to the qualifying utility with which it is directly interconnected with facilities owned by such a qualifying utility and that are capable of carrying electricity at transmission voltage. The qualifying utility may only use an amount of renewable energy credits associated with qualified biomass energy that are equivalent to the proportionate amount of its annual targets under (a)(ii) and (iii) of this subsection that was created by the load of the industrial facility. A qualifying utility that owns a qualified biomass energy facility may not transfer or sell renewable energy credits associated with qualified biomass energy to another person, entity, or qualifying utility.

(l) Beginning January 1, 2020, a qualifying utility may use eligible renewable resources as identified under RCW 19.285.030(12) (g) and (h) to meet its compliance obligation under this subsection (2). A qualifying utility may not transfer or sell these eligible renewable resources to another utility for compliance purposes under this chapter.

(m) Beginning January 1, 2030, a qualifying utility is considered to be in compliance with an annual target in (a) of this subsection if the utility uses electricity from: (i) Renewable resources and renewable energy credits as defined in RCW 19.285.030; and (ii) nonemitting electric generation as defined in RCW 19.405.020, in an amount equal to one hundred percent of the utility's average annual retail electric load. Nothing in this subsection relieves the requirements of a qualifying utility to comply with subsection (1) of this section.

(3) Utilities that become qualifying utilities after December 31, 2006, shall meet the requirements in this section on a time frame comparable in length to that provided for qualifying utilities as of December 7, 2006.

(4) An eligible building owner may receive an incentive payment in the amounts specified in subsection (6) of this section only if the following requirements are met:

(a) The building is either: (i) A covered commercial building subject to the requirements of the standard established under RCW 19.27A.210; or (ii) a multifamily residential building where the floor area exceeds fifty thousand gross square feet, excluding the parking garage area;

If the department certifies an application, it must provide verification to the building owner and each entity participating as provided in RCW 19.27A.240 and providing service to the building owner.

(6) An eligible building owner that demonstrates early compliance with the applicable energy use intensity target under the standard established under RCW 19.27A.210 may receive a base incentive payment of eighty-five cents per gross square foot of floor area, excluding parking, unconditioned, or semiconditioned spaces.

(7) The incentives provided in subsection (6) of this section are subject to the limitations and requirements of this section, including any rules or procedures implementing this section.

(8) The department must establish requirements for the verification of energy consumption by the building owner and each participating electric utility, gas company, and thermal energy company.

(9) The department must provide an administrative process for an eligible building owner to appeal a determination of an incentive eligibility or amount.

(10) By September 30, 2025, and every two years thereafter, the department must report to the appropriate committees of the legislature on the results of the incentive program under this section and may provide recommendations to improve the effectiveness of the program. Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as the keeping families together act.

NEW SECTION. Sec. 2. (1) The legislature recognizes that children and families are better served when the state provides support to allow children to be cared for by their loved ones and in their communities. The legislature finds that decades of research show that Black and Indigenous children are still disproportionately removed from their families and communities despite reform efforts.

(2) For these reasons, it is the intent of the legislature to safely reduce the number of children in foster care and reduce racial bias in the system by applying a standard criteria for determining whether to remove a child from a parent when necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect.

Sec. 3. RCW 13.34.040 and 2018 c 17 s 1 are each amended to read as follows:

(1) Any person may file with the clerk of the superior court a petition showing that there is within the county, or residing within the county, a dependent child and requesting that the superior court deal with such child as provided in this chapter. There shall be no fee for filing such petitions.

(2) Except where the department is the petitioner, in counties having paid probation officers, these officers shall, to the extent possible, first determine if a petition is reasonably justifiable. ((Each petition shall be verified and contain a statement of facts constituting a dependency, and the names and residence, if known to the petitioner, of the parents, guardian, or custodian of the alleged dependent child.))

EIGHTY SEVENTH DAY, APRIL 7, 2021

2021 REGULAR SESSION

(3) Every petition filed in proceedings under this chapter shall contain a statement alleging whether there is a reason to know that the child is or may be an Indian child as defined in RCW 13.38.040. If there is a reason to know that the child is or may be an Indian child chapter 13.38 RCW shall apply.

(4) Every order or decree entered under this chapter shall contain a finding that the federal Indian child welfare act or chapter 13.38 RCW does or does not apply. Where there is a finding that the federal Indian child welfare act or chapter 13.38 RCW does apply, the decree or order must also contain a finding that all notice requirements and evidentiary requirements under the federal Indian child welfare act and chapter 13.38 RCW have been satisfied.

(5) Each petition shall be verified and contain a statement constituting a dependency, including the names, residence, and contact information, if known to the petitioner, of each parent, guardian, or custodian of the alleged dependent child. If the petitioner is seeking removal of the child from a parent, guardian, or custodian the petition shall contain a clear and specific statement as to the harm that will occur if the child remains in the care of the parent, guardian, or custodian, and the facts that support that conclusion.

Sec. 4. RCW 26.44.056 and 1983 c 246 s 3 are each amended to read as follows:

(1) An administrator of a hospital or similar institution or any physician, licensed pursuant to chapters 18.71 or 18.57 RCW, may detain a child without consent of a person legally responsible for the child whether or not medical treatment is required, if ((the circumstances or conditions of the child are such that the detaining individual has reasonable cause to believe that permitting the child to continue in his or her place of residence or in the care and custody of the parent, guardian, custodian or other person legally responsible for the child's care would present an imminent danger to that child's safety)) there is probable cause to believe that detaining the child is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect, and the child would be seriously injured or could not be taken into custody if it were necessary to first obtain a court order under RCW 13.34.050; PROVIDED, That such administrator or physician shall notify or cause to be notified the appropriate law enforcement agency or child protective services pursuant to RCW 26.44.040. Such notification shall be made as soon as possible and in no case longer than seventy-two hours. Such temporary protective custody by an administrator or doctor shall not be deemed an arrest. Child protective services may detain the child until the court assumes custody, but in no case longer than seventy-two hours, excluding Saturdays, Sundays, and holidays.

(2) ((Whenever an administrator or physician has reasonable cause to believe that a child would be in imminent danger if released to a parent, guardian, custodian, or other person or is in imminent danger if left in the custody of a parent, guardian, custodian, or other person, the administrator or physician may notify a law enforcement agency and the law enforcement agency shall take the child into custody or cause the child to be taken into custody. The law enforcement agency shall release the child to the custody of child protective services. Child protective services shall detain the child until the court assumes custody or upon a documented and substantiated record that in the professional judgment of the child protective services the child's safety will not be endangered if the child is returned. If the child is returned, the department shall establish a six-month plan to monitor and assure the continued safety of the child's life or health. The monitoring period may be extended for good cause.

(3)) A child protective services employee, an administrator, doctor, or law enforcement officer shall not be held liable in any civil action for the decision for taking the child into custody, if done in good faith under this section.

Sec. 5. RCW 26.44.050 and 2020 c 71 s 1 are each amended to read as follows:

Except as provided in RCW 26.44.030(((11))) (12), upon the receipt of a report alleging that abuse or neglect has occurred, the law enforcement agency or the department must investigate and provide the protective services section with a report in accordance with chapter 74.13 RCW, and where necessary to refer such report to the court.

A law enforcement officer may take, or cause to be taken, a child into custody without a court order if there is probable cause to believe that ((the child is abused or neglected and that the child would be)) taking the child into custody is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect, and the child would be seriously injured or could not be taken into custody if it were necessary to first obtain a court order pursuant to RCW 13.34.050. The law enforcement agency or the department investigating such a report is hereby authorized to photograph such a child for the purpose of providing documentary evidence of the physical condition of the child.

Sec. 6. RCW 13.34.050 and 2005 c 512 s 9 are each amended to read as follows:

(1) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: (a) A petition is filed with the juvenile court ((alleging)) with sufficient corroborating evidence to establish that the child is dependent ((and that the child's health, safety, and welfare will be seriously endangered if not taken into custody)); (b) the allegations contained in the petition, if true, establish that there are reasonable grounds to believe that removal is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect; and (c) an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing ((reasonable grounds that the child's health, safety, and welfare will be seriously endangered if not taken into custody and at least one of the grounds set forth demonstrates a risk of imminent harm to the child. "Imminent harm" for purposes of this section shall include, but not be limited to, circumstances of sexual abuse, sexual exploitation as defined in RCW 26.44.020, and a parent's failure to perform basic parental functions, obligations, and duties as the result of substance abuse; and (c) the court finds reasonable grounds to believe the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody)) insufficient time to serve a parent with a dependency petition and hold a hearing prior to removal.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. If the court orders that a child be taken into custody under subsection (1) of this section, the petition and supporting documentation must be served on the parent at the time of the child's removal unless, after diligent efforts, the parents cannot be located at the time of removal. If the parent is not served at the time of removal, the department shall make diligent efforts to personally serve the

parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

Sec. 7. RCW 13.34.062 and 2020 c 312 s 115 are each amended to read as follows:

(1)(a) Whenever a child is taken into custody by child protective services pursuant to a court order issued under RCW 13.34.050 or when child protective services is notified that a child has been taken into custody pursuant to RCW 26.44.050 or 26.44.056, child protective services shall make ((reasonable)) diligent efforts to inform the parent, guardian, or legal custodian of the fact that the child has been taken into custody, the reasons why the child was taken into custody, and their legal rights under this title, including the right to a shelter care hearing, as soon as possible. Notice must be provided in an understandable manner and take into consideration the parent's, guardian's, or legal custodian's primary language, level of education, and cultural issues.

(b) In no event shall the notice required by this section be provided to the parent, guardian, or legal custodian more than twenty-four hours after the child has been taken into custody or twenty-four hours after child protective services has been notified that the child has been taken into custody.

(2)(a) The notice of custody and rights may be given by any means reasonably certain of notifying the parents including, but not limited to, written, telephone, or in person oral notification. If the initial notification is provided by a means other than writing, child protective services shall make reasonable efforts to also provide written notification.

(b) The written notice of custody and rights required by this section shall be in substantially the following form:

"NOTICE

Your child has been placed in temporary custody under the supervision of Child Protective Services (or other person or agency). You have important legal rights and you must take steps to protect your interests.

1. A court hearing will be held before a judge within 72 hours of the time your child is taken into custody excluding Saturdays, Sundays, and holidays. You should call the court at ... (insert appropriate phone number here) for specific information about the date, time, and location of the court hearing.

2. You have the right to have a lawyer represent you at the hearing. Your right to representation continues after the shelter care hearing. You have the right to records the department intends to rely upon. A lawyer can look at the files in your case, talk to child protective services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: ... (explain local procedure).

3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

4. If your hearing occurs before a court commissioner, you have the right to have the decision of the court commissioner reviewed by a superior court judge. To obtain that review, you must, within ten days after the entry of the decision of the court commissioner, file with the court a motion for revision of the decision, as provided in RCW 2.24.050.

You should be present at any shelter care hearing. If you do not come, the judge will not hear what you have to say.

You may call the Child Protective Services' caseworker for more information about your child. The caseworker's name and telephone number are: ... (insert name and telephone number).

5. You have a right to a case conference to develop a written service agreement following the shelter care hearing. The service

agreement may not conflict with the court's order of shelter care. You may request that a multidisciplinary team, family group conference, or prognostic staffing be convened for your child's case. You may participate in these processes with your counsel present.

6. If your child is placed in the custody of the department of children, youth, and families or other ((supervising)) agency, immediately following the shelter care hearing, the court will enter an order granting the department or other ((supervising)) agency the right to inspect and copy all health, medical, mental health, and education records of the child, directing health care providers to release such information without your further consent, and granting the department or ((supervising)) agency or its designee the authority and responsibility, where applicable, to:

(1) Notify the child's school that the child is in out-of-home placement;

(2) Enroll the child in school;

(3) Request the school transfer records;

(4) Request and authorize evaluation of special needs;

(5) Attend parent or teacher conferences;

(6) Excuse absences;

(7) Grant permission for extracurricular activities;

(8) Authorize medications which need to be administered during school hours and sign for medical needs that arise during school hours; and

(9) Complete or update school emergency records.

7. If the court decides to place your child in the custody of the department of children, youth, and families or other ((supervising)) agency, the department or agency will create a permanency plan for your child, including a primary placement goal and secondary placement goal. The department or agency also will recommend that the court order services for your child and for you, if needed. The department or agency is required to make reasonable efforts to provide you with services to address your parenting problems, and to provide you with visitation with your child according to court orders. Failure to promptly engage in services or to maintain contact with your child may lead to the filing of a petition to terminate your parental rights.

8. Primary and secondary permanency plans are intended to run at the same time so that your child will have a permanent home as quickly as possible. Absent good cause, and when appropriate, the department or other ((supervising)) agency must follow the wishes of a natural parent regarding placement of a child. You should tell your lawyer and the court where you wish your child placed immediately, including whether you want your child placed with you, with a relative, or with another suitable person. You also should tell your lawyer and the court what services you feel are necessary and your wishes regarding visitation with your child. Even if you want another parent or person to be the primary placement choice for your child, you should tell your lawyer, the department or other ((supervising)) agency, and the court if you want to be a secondary placement option, and you should comply with court orders for services and participate in visitation with your child. Early and consistent involvement in your child's case plan is important for the well-being of your child.

9. A dependency petition begins a judicial process, which, if the court finds your child dependent, could result in substantial restrictions including, the entry or modification of a parenting plan or residential schedule, previously existing nonparental custody order or decree, guardianship order, or permanent loss of your parental rights."

Upon receipt of the written notice, the parent, guardian, or legal custodian shall acknowledge such notice by signing a receipt prepared by child protective services. If the parent, guardian, or legal custodian does not sign the receipt, the reason for lack of a

signature shall be written on the receipt. The receipt shall be made a part of the court's file in the dependency action.

If after making reasonable efforts to provide notification, child protective services is unable to determine the whereabouts of the parents, guardian, or legal custodian, the notice shall be delivered or sent to the last known address of the parent, guardian, or legal custodian.

(3) If child protective services is not required to give notice under this section, the juvenile court counselor assigned to the matter shall make all ((reasonable)) diligent efforts to advise the parents, guardian, or legal custodian of the time and place of any shelter care hearing, request that they be present, and inform them of their basic rights as provided in RCW 13.34.090.

(4) ((Reasonable)) Diligent efforts to advise and to give notice, as required in this section, shall include, at a minimum, investigation of the whereabouts of the parent, guardian, or legal custodian. If such ((reasonable)) diligent efforts are not successful, or the parent, guardian, or legal custodian does not appear at the shelter care hearing, the petitioner shall testify at the hearing or state in a declaration:

(a) The efforts made to investigate the whereabouts of, and to advise, the parent, guardian, or custodian; and

(b) Whether actual advice of rights was made, to whom it was made, and how it was made, including the substance of any oral communication or copies of written materials used.

Sec. 8. RCW 13.34.060 and 2007 c 413 s 3 are each amended to read as follows:

(1) A child taken into custody pursuant to RCW 13.34.050 or 26.44.050 shall be immediately placed in shelter care. A child taken by a relative of the child in violation of RCW 9A.40.060 or 9A.40.070 shall be placed in shelter care only when permitted under RCW 13.34.055. No child may be held longer than seventy-two hours, excluding Saturdays, Sundays, and holidays, after such child is taken into custody unless a court order has been entered for continued shelter care. In no case may a child who is taken into custody pursuant to RCW 13.34.055, 13.34.050, or 26.44.050 be detained in a secure detention facility.

(2) Unless there is reasonable cause based on specific evidence to believe that the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered, priority placement for a child in shelter care, pending a court hearing, shall be with any person described in RCW 74.15.020(2)(a) or 13.34.130(1)(b). The person must be willing and available to care for the child and be able to meet any special needs of the child and the court must ((find that such placement is in the best interests of the child)) complete the inquiry required under RCW 13.34.065 to establish whether continued placement with the relative is appropriate. The person must be willing to facilitate the child's visitation with siblings, if such visitation is part of the ((supervising agency's)) department's plan or is ordered by the court. If a child is not initially placed with a relative or other suitable person requested by the parent pursuant to this section, the ((supervising agency)) department shall make ((an effort within available resources)) continuing efforts to place the child with a relative or other suitable person requested by the parent on the next business day after the child is taken into custody. The ((supervising agency)) department shall document its effort to place the child with a relative or other suitable person requested by the parent pursuant to this section. Nothing within this subsection (2) establishes an entitlement to services or a right to a particular placement.

(3) Whenever a child is taken into custody pursuant to this section, the ((supervising agency)) department may authorize evaluations of the child's physical or emotional condition, routine medical and dental examination and care, and all necessary

emergency care, after informing the child's parent, guardian, or legal custodian, unless the parent, guardian, or legal custodian cannot be reached. The child's parent, guardian, or legal custodian must be provided the opportunity to attend any appointments authorized under this subsection, unless prohibited by court order.

Sec. 9. RCW 13.34.065 and 2019 c 172 s 11 are each amended to read as follows:

(1)(a) When a child is ((taken into custody)) removed or when the petitioner is seeking the removal of a child from the child's parent, guardian, or legal custodian, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending. The court shall hold an additional shelter care hearing within 72 hours, excluding Saturdays, Sundays, and holidays if the child is removed from the care of a parent, guardian, or legal custodian at any time after an initial shelter care hearing under this section.

(b) Any child's attorney, parent, guardian, or legal custodian who for good cause is unable to attend or adequately prepare for the shelter care hearing may request that the initial shelter care hearing be continued or that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the child's attorney, parent, guardian, or legal custodian, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means. If the parent, guardian, or legal custodian is not represented by counsel, the clerk shall provide information to the parent, guardian, or legal custodian regarding how to obtain counsel.

(2)(a) If it is likely that the child will remain in shelter care longer than seventy-two hours, the department shall submit a recommendation to the court as to the further need for shelter care in all cases in which the child will remain in shelter care longer than the seventy-two hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court, in person, or by remote means, and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of

this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make ((reasonable)) diligent efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in RCW 13.38.040, whether the provisions of the federal Indian child welfare act or chapter 13.38 RCW apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.38 RCW, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or

eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) ((The release of such child would present a serious threat of substantial harm to such child)) (I) Removal of the child is necessary to prevent imminent physical harm due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect, notwithstanding an order entered pursuant to RCW 26.44.063. The evidence must show a causal relationship between the particular conditions in the home and imminent physical harm to the child. The existence of community or family poverty, isolation, single parenthood, age of the parent, crowded or inadequate housing, substance abuse, prenatal drug or alcohol exposure, mental illness, disability or special needs of the parent or child, or nonconforming social behavior does not by itself constitute imminent physical harm;

(II) It is contrary to the welfare of the child to be returned home; and

(III) After considering the particular circumstances of the child, any imminent physical harm to the child outweighs the harm the child will experience as a result of removal; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court finds that the elements of (a)(ii)(B) of this subsection require removal of the child, the court shall further consider:

(i) Whether participation by the parents, guardians, or legal custodians in any prevention services would prevent or eliminate the need for removal and, if so, shall inquire of the parent whether they are willing to participate in such services. If the parent agrees to participate in the prevention services identified by the court that would prevent or eliminate the need for removal, the court shall place the child with the parent. The court shall not order a parent to participate in prevention services over the objection of the parent, however, parents shall have the opportunity to consult with counsel prior to deciding whether to agree to proposed prevention services as a condition of having the child return to or remain in the care of the parent; and

(ii) Whether the issuance of a temporary order of protection directing the removal of a person or persons from the child's residence would prevent the need for removal of the child.

(c)(i) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless ((there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the)) the petitioner establishes that there is reasonable cause to believe that:

(A) Placement in licensed foster care is necessary to prevent imminent physical harm to the child due to child abuse or neglect, including that which results from sexual abuse, sexual exploitation, or a pattern of severe neglect, because no relative or other suitable person is capable of ensuring the basic safety of the child; or

(B) The efforts to reunite the parent and child will be hindered. ((If such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, the fingerprint-based background check need not be completed before placement, but as soon as possible after placement. The court must also determine whether placement with the relative or other suitable person is in the child's best interests. The relative or other suitable person must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

2021 REGULAR SESSION

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the department's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c)) (ii) In making the determination in (c)(i) of this subsection, the court shall:

(A) Inquire of the petitioner and any other person present at the hearing for the child whether there are any relatives or other suitable persons who are willing to care for the child. This inquiry must include whether any relative or other suitable person:

(I) Has expressed an interest in becoming a caregiver for the child;

(II) Is able to meet any special needs of the child;

(III) Is willing to facilitate the child's sibling and parent visitation if such visitation is ordered by the court; and

(IV) Supports reunification of the parent and child once reunification can safely occur; and

(B) Give great weight to the stated preference of the parent, guardian, or legal custodian, and the child.

(iii) If a relative or other suitable person expressed an interest in caring for the child, can meet the child's special needs, can support parent-child reunification, and will facilitate court-ordered sibling or parent visitation, the following must not prevent the child's placement with such relative or other suitable person:

(A) An incomplete department or fingerprint-based background check, if such relative or other suitable person appears otherwise suitable and competent to provide care and treatment, but the background checks must be completed as soon as possible after placement;

(B) Uncertainty on the part of the relative or other suitable person regarding potential adoption of the child;

(C) Disbelief on the part of the relative or other suitable person that the parent, guardian, or legal custodian presents a danger to the child, provided the caregiver will protect the safety of the child and comply with court orders regarding contact with a parent, guardian, or legal custodian; or

(D) The conditions of the relative or other suitable person's home are not sufficient to satisfy the requirements of a licensed foster home. The court may order the department to provide financial or other support to the relative or other suitable person necessary to ensure safe conditions in the home.

(d) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the department shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1). ((In determining placement, the court shall weigh the child's length of stay and attachment to the current provider in determining what is in the best interest of the child.

(d) If a relative or other suitable person is not available, the court shall order continued shelter care)) (e) If the court does not order placement with a relative or other suitable person, the court shall place the child in licensed foster care and shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

((e)) (f) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other

conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

((f)) (g) If the child is placed in a qualified residential treatment program as defined in this chapter, the court shall, within sixty days of placement, hold a hearing to:

(i) Consider the assessment required under RCW 13.34.420 and submitted as part of the department's social study, and any related documentation;

(ii) Determine whether placement in foster care can meet the child's needs or if placement in another available placement setting best meets the child's needs in the least restrictive environment; and

(iii) Approve or disapprove the child's placement in the qualified residential treatment program.

((g)) (h) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under ((b)) (c) of this subsection.

(i) If the court places with a relative or other suitable person, and that person has indicated a desire to become a licensed foster parent, the court shall order the department to commence an assessment of the home of such relative or other suitable person within 10 days and thereafter issue an initial license as provided under RCW 74.15.120 for such relative or other suitable person, if qualified, as a foster parent. The relative or other suitable person shall receive a foster care maintenance payment, starting on the date the department approves the initial license. If such home is found to be unqualified for licensure, the department shall report such fact to the court within one week of that determination. The department shall report on the status of the licensure process during the entry of any dispositional orders in the case.

(j) If the court places the child in licensed foster care:

(i) The petitioner shall report to the court, at the shelter care hearing, the location of the licensed foster placement the petitioner has identified for the child and the court shall inquire as to whether:

(A) The identified placement is the least restrictive placement necessary to meet the needs of the child;

(B) The child will be able to remain in the same school and whether any orders of the court are necessary to ensure educational stability for the child;

(C) The child will be placed with a sibling or siblings, and whether court-ordered sibling contact would promote the well-being of the child;

(D) The licensed foster placement is able to meet the special needs of the child;

(E) The location of the proposed foster placement will impede visitation with the child's parent or parents;

(ii) The court may order the department to:

(A) Place the child in a less restrictive placement;

(B) Place the child in a location in closer proximity to the child's parent, home, or school;

(C) Place the child with the child's sibling or siblings;

(D) Take any other necessary steps to ensure the child's health, safety, and well-being;

(iii) The court shall advise the petitioner that:

(A) Failure to comply with court orders while a child is in shelter care will be considered when determining whether reasonable efforts have been made by the department during a hearing under RCW 13.34.110; and

(B) Placement moves while a child is in shelter care will be considered when determining whether reasonable efforts have been made by the department during a hearing under RCW 13.34.110.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

((8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.)

Sec. 10. RCW 13.34.090 and 2017 3rd sp.s. c 6 s 303 are each amended to read as follows:

(1) Any party has a right to be represented by an attorney in all proceedings under this chapter, to introduce evidence, to be heard in his or her own behalf, to examine witnesses, to receive a decision based solely on the evidence adduced at the hearing, and to an unbiased fact finder.

(2) At all stages of a proceeding in which a child is alleged to be dependent, the child's parent, guardian, or legal custodian has the right to be represented by counsel, and if indigent, to have counsel appointed for him or her by the court. Unless waived in court, counsel shall be provided to the child's parent, guardian, or legal custodian, if such person (a) has appeared in the proceeding or requested the court to appoint counsel and (b) is financially unable to obtain counsel because of indigency.

MOTION

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1227, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Senator Mullet moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

SECOND READING

Strike everything after the enacting clause and insert the following:

SUBSTITUTE HOUSE BILL NO. 1225, by House Committee on Health Care & Wellness (originally sponsored by Stonier, Bateman, Lekanoff, J. Johnson, Davis, Cody, Santos, Thai, Ortiz-Self, Ormsby, Valdez, Riccelli and Tharinger)

"NEW SECTION. Sec. 1. The legislature finds that the existence of racial, religious, or ethnic-based property restrictions or covenants on a deed or chain of title for real property is like having a monument to racism on that property and is repugnant to the tenets of equality. Furthermore, such restrictions and covenants may cause mental anguish and tarnish a property owner's sense of ownership in the property because the owner feels as though they have participated in a racist act themselves.

Concerning school-based health centers.

It is the intent of the legislature that the owner, occupant, or tenant or homeowners' association board of the property which is subject to an unlawful deed restriction or covenant pursuant to RCW 49.60.224 is entitled to have discriminatory covenants and restrictions that are contrary to public policy struck from their chain of title. The legislature has presented two ways this can be accomplished through RCW 49.60.227(1) (a) and (b). If the owner, occupant, or tenant or homeowners' association board of the property elects to pursue a judicial remedy, the legislature intends that the court issue a declaratory judgment ordering the county auditor, or in charter counties the county official charged with the responsibility for recording instruments in the county records, to entirely strike the racist or otherwise discriminatory covenants from the chain of title. Striking the language does not prevent preservation of the original record, outside of the chain of title, for historical or archival purposes.

The measure was read the second time.

MOTION

On motion of Senator Cleveland, the rules were suspended, Substitute House Bill No. 1225 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Cleveland, Wellman, Randall and Conway spoke in favor of passage of the bill.

Senators Muzzall, Wagoner and Padden spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 1225.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1225 and the bill passed the Senate by the following vote: Yeas, 29; Nays, 20; Absent, 0; Excused, 0.

Voting yea: Senators Billig, Carlyle, Cleveland, Conway, Darneille, Das, Dhingra, Frockt, Hasegawa, Hobbs, Hunt, Keiser, Kuderer, Liias, Lovelett, Mullet, Nguyen, Nobles, Pedersen, Randall, Robinson, Rolfes, Saldaña, Salomon, Sheldon, Stanford, Van De Wege, Wellman and Wilson, C.

The legislature finds that striking racist, religious, and ethnic restrictions or covenants from the chain of title is no different than having an offensive statutory monument which the owner may entirely remove. So too should the owner be able to entirely remove the offensive written monument to racism or other unconstitutional discrimination.

NEW SECTION. Sec. 2. A new section is added to chapter 49.60 RCW to read as follows:

Voting nay: Senators Braun, Brown, Dozier, Ericksen, Fortunato, Gildon, Hawkins, Holy, Honeyford, King, McCune, Muzzall, Padden, Rivers, Schoesler, Short, Wagoner, Warnick, Wilson, J. and Wilson, L.
