outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the chief information officer must report on July 1 and December 1 each calendar year any suspension or termination of a project in the previous six month period to the legislative fiscal committees.

(12) The office of the chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the chief information officer must report on July 1 and December 1 each calendar year any additional projects to be subjected to this section that were identified in the previous six month period to the legislative fiscal committees.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

(14) The following information technology projects are subject to the conditions, limitations, and review in this section:

(a) The unclaimed property system project of the department of revenue;

(b) The one Washington procurement project of the department of enterprise services;

(c) The security systems on campus project of the department of enterprise services;

(d) The network core equipment project of the consolidated technology services agency; and

(e) The data center switching equipment project of the consolidated technology services agency.

(1) The appropriations are provided solely for expenditure into the state health care affordability account created in (~~Engrossed Second Substitute Senate Bill No. 5377 (standardized health plans)~~) RCW 43.71.130. (~~If the bill is not enacted by June 30, 2021, the amounts appropriated in this section shall lapse.~~)

(2) It is the intent of the legislature to continue the policy of expending \$5,000,000 into the account each fiscal year in future biennia for the purpose of funding premium assistance for customers ineligible for federal premium tax credits who meet the eligibility criteria established in section 214(11)(a) of this act. Future expenditures into the account are contingent upon approval of the applicable waiver described in section 214(12)(b) of this act.

Sec. 713. 2021 c 334 s 753 (uncodified) is amended to read as follows:

FOR THE OFFICE OF FINANCIAL MANAGEMENT-CORONAVIRUS RELIEF FUNDS

General Fund-Federal Appropriation
 (~~(\$280,000,000)~~)
\$5,711,000
 TOTAL APPROPRIATION
 (~~(\$280,000,000)~~)
\$5,711,000

The appropriation in this section is subject to the following conditions and limitations: The entire general fund-federal appropriation (CRF) is provided solely to the office of financial management for (~~allotment~~) allocation to state agencies for costs eligible to be paid from the coronavirus relief fund created by section 5001, the coronavirus aid, relief, and economic security act, P.L. 116-136, division A and where funding is provided elsewhere in this act for those costs using a funding source other than the coronavirus relief fund. For any agency receiving an (~~allotment~~) allocation under this section, the office must place an equal amount of the agency's state or other federal source appropriation authority in unallotted reserve status, and those amounts may not be expended. In determining the use of amounts appropriated in this section, the office of financial management shall prioritize the preservation of state general fund moneys and federal state fiscal recovery fund moneys. The office must report on the use of the amounts appropriated in this section to the fiscal committees of the legislature monthly until all coronavirus relief fund moneys are expended or the unexpended moneys returned to the federal government, whichever is earlier.

NEW SECTION. Sec. 714. A new section is added to 2021 c 334 (uncodified) to read as follows: **FOR SUNDRY CLAIMS**

General Fund—Private/Local Appropriation \$808,000

Salary and Insurance Contributions Increase

Revolving Account—State Appropriation \$22,554,000

TOTAL APPROPRIATION \$84,340,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding is provided solely for implementation of classification-based salary adjustments for state employees whose jobs are difficult for the state to recruit and retain a competitive workforce. The office of financial management is directed to develop a plan to make appropriate adjustments based upon the results of the 2020 state salary survey conducted according to RCW 41.06.160, and make adjustments to the results of the study as the director determines to be well-documented by agency experience due to the SARS-CoV2 (COVID-19) pandemic, including resulting changes in the labor market. Before determining any adjustments, the director must seek input from the exclusive bargaining representatives for any potentially impacted bargaining units. The classification adjustments must uniformly take effect July 1, 2022.

(2) Adjustments are to be made across the state workforce, including both represented and non-represented employees with a goal of addressing those jobs that fall the farthest below market rates, or where the documented agency experience recruiting or retaining employees is the most severe. Adjustments will not be made to job classifications that are exclusive to higher education institutions. In making the adjustments, the director may also include increases to address issues of compression and inversion.

(3) Upon completion of the plan, the director must transmit the plan to the legislative fiscal committees and the joint committee on employment relations.

This transmission must identify the job classes, by agency and number of employees, that are impacted by the plan. The transmission also must indicate the proposed increase for each impacted job class.

(4) Where the adjustments affect represented employees, expenditure of the amounts provided for this purpose is contingent upon execution of an appropriate memorandum of understanding between the governor or the governor's designee and the exclusive bargaining representative, consistent with the terms of this section.

(5) The office of financial management shall allocate the moneys appropriated in this section to individual agencies in the amounts necessary to fulfill the plan but may not exceed amounts provided in this section.

(6) To facilitate the transfer of moneys from dedicated funds and accounts, the state treasurer is directed to transfer sufficient moneys from each dedicated fund or account to the special fund salary and insurance contribution increase revolving fund in accordance with schedules provided by the office of financial management.

NEW SECTION. Sec. 737. A new section is added to 2021 c 334 (uncodified) to read as follows: **FOR THE OFFICE OF FINANCIAL MANAGEMENT-WASHINGTON STUDENT LOAN ACCOUNT**

**COMPENSATION—REPRESENTED EMPLOYEES—
HEALTH CARE COALITION—INSURANCE BENEFITS**

An agreement was reached for the 2021-2023 biennium between the governor and the health care coalition under the provisions of chapter 41.80 RCW. Appropriations in this act for state agencies, including institutions of higher education, are sufficient to implement the provisions of the 2021-2023 collective bargaining agreement, which maintains the provisions of the prior agreement, other than provision of gift cards through the wellness program, and are subject to the following conditions and limitations:

The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$936 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding rate shall not exceed (~~(\$1,091)~~) \$1,130 per eligible employee.

The board shall collect a twenty-five dollar per month surcharge payment from members who use tobacco products and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than ninety-five percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment if directed by the legislature.

Sec. 933. 2021 c 334 s 941 (uncodified) is amended to read as follows:

**COMPENSATION—REPRESENTED EMPLOYEES
OUTSIDE HEALTH CARE COALITION—INSURANCE
BENEFITS**

Appropriations for state agencies in this act are sufficient for represented employees outside the coalition for health benefits, and are subject to the following conditions and limitations: The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, may not exceed \$936 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding

rate may not exceed (~~(\$1,091)~~) \$1,130 per eligible employee.

Sec. 934. 2021 c 334 s 942 (uncodified) is amended to read as follows:

**COMPENSATION—SCHOOL EMPLOYEES—
INSURANCE BENEFITS**

An agreement was reached for the 2021-2023 biennium between the governor and the school employee coalition under the provisions of chapters 41.56 and 41.59 RCW. Appropriations in this act for allocations to school districts are sufficient to implement the provisions of the 2021-2023 collective bargaining agreement, which maintains the provisions of the prior agreement, and are subject to the following conditions and limitations:

(1) The monthly employer funding rate for insurance benefit premiums, school employees' benefits board administration, retiree remittance, and the uniform medical plan, shall not exceed \$968 per eligible employee in the 2021-22 school year. For the 2022-23 school year, the monthly employer funding rate shall not exceed (~~(\$1,032)~~) \$1,026 per eligible employee. Employers will contribute one hundred percent of the retiree remittance defined in (~~section 943 of this act~~) section 935 of this act, which is included as part of the above monthly employer funding rate. These rates are sufficient to cover the cost to provide virtual access to behavioral health resources and interventions and case management.

(2) For the purposes of distributing insurance benefits, certificated staff units as determined in section 504 of this act will be multiplied by 1.02 and classified staff units as determined in section 504 of this act will be multiplied by 1.43.

(3) Except as provided by the parties' health care agreement, in order to achieve the level of funding provided for health benefits, the school employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or other changes to benefits consistent with RCW 41.05.740. The board shall collect a twenty-five dollar per month surcharge payment from members who use tobacco products and a surcharge payment of not less than fifty dollars per month from

members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than ninety-five percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment if directed by the legislature.

(4) The health care authority shall deposit any moneys received on behalf of the school employees' medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the school employees' and retirees' insurance account to be used for insurance benefits. Such receipts may not be used for administrative expenditures.

Sec. 935. 2021 c 334 s 943 (uncodified) is amended to read as follows:

**COMPENSATION—NONREPRESENTED
EMPLOYEES—INSURANCE BENEFITS**

Appropriations for state agencies in this act are sufficient for nonrepresented state employee health benefits for state agencies, including institutions of higher education, and are subject to the following conditions and limitations:

(1) The employer monthly funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$936 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding rate shall not exceed (~~(\$1,091)~~) \$1,130 per eligible employee. These rates assume the use of plan surplus from the 2019-2021 fiscal biennium in fiscal year 2022.

(2) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. For calendar years 2022 and 2023, the subsidy shall be up to \$183 per month. Funds from reserves accumulated for future adverse claims experience, from past favorable claims experience, or otherwise, may not be used to increase

this retiree subsidy beyond what is authorized by the legislature in this subsection.

(3) School districts and educational service districts shall remit to the health care authority for deposit into the public employees' and retirees' insurance account established in RCW 41.05.120 the following amounts:

(a) For each full-time employee, \$72.08 per month beginning September 1, 2021, and \$80.04 beginning September 1, 2022;

(b) For each part-time employee, who at the time of the remittance is employed in an eligible position as defined in RCW 41.32.010 or 41.40.010 and is eligible for employer fringe benefit contributions for basic benefits, \$72.08 each month beginning September 1, 2021, and \$80.04 beginning September 1, 2022, prorated by the proportion of employer fringe benefit contributions for a full-time employee that the part-time employee receives. The remittance requirements specified in this subsection do not apply to employees of a technical college, school district, or educational service district who purchase insurance benefits through contracts with the health care authority.

NEW SECTION. Sec. 936. A new section is added to 2021 c 334 (uncodified) to read as follows: **INITIATIVE 732 COST-OF-LIVING INCREASES**

Part 6 of this act includes funding for a cost of living adjustment for state employees pursuant to Initiative Measure No. 732 for a total increase of 4.743 percent, effective July 1, 2022.

NEW SECTION. Sec. 937. A new section is added to 2021 c 334 (uncodified) to read as follows: **GENERAL WAGE INCREASES**

(1) Appropriations for state agency employee compensation in this act are sufficient to provide general wage increases to state agency employees and employees of institutions of higher education, who are not represented or who bargain under statutory authority other than chapter 41.80 or 47.64 RCW or RCW 41.56.473 or 41.56.475.

(2) Funding is provided for a 3.25 percent salary increase effective July 1, 2022, for all classified employees as specified in subsection (1) of this section, employees in the Washington management service, and exempt employees

under the jurisdiction of the office of financial management. The appropriations are also sufficient to fund a 3.25 percent salary increase effective July 1, 2022, for executive, legislative, and judicial branch employees exempt from merit system rules whose maximum salaries are not set by the commission on salaries of elected officials.

Sec. 938. 2021 c 334 s 945 (uncodified) is amended to read as follows:

COLLECTIVE BARGAINING AGREEMENT FOR NONSTATE EMPLOYEES—WFSE LANGUAGE ACCESS PROVIDERS

(1) An agreement has been reached between the governor and the Washington federation of state employees for the language access providers under the provisions of chapter 41.56 RCW for the 2021-2023 fiscal biennium. Funding is provided for an in-person interpreting rate increase of \$0.12 per hour for each of fiscal year 2022 and fiscal year 2023. In addition, other terms of the agreement that are funded include a continuation of the social service mileage premium.

(2) An agreement has been reached between the governor and the Washington federation of state employees for the language access providers under the provisions of chapter 41.56 RCW for fiscal year 2023. The agreement includes and funding is provided for an hourly rate increase of \$1.04 for fiscal year 2023.

(i) One member representing the Seattle Indian health board;

(ii) One member representing the NATIVE project;

(iii) One member representing Northwest Portland area Indian health board;

(iv) One member representing the American Indian health commission;

(v) Two indigenous women or family members of indigenous women that have experienced gender-based violence;

(vi) One member representing the governor's office of Indian affairs;

(vii) The chief of the Washington state patrol or his or her representative;

(viii) One member representing the Washington state office of the attorney general;

(ix) One member representing the Washington association of sheriffs and police chiefs;

(x) One member representing the Washington state association of counties;

(xi) One member representing the association of Washington cities;

(xii) One member representing the Washington association of prosecuting attorneys; and

(xiii) One representative of the Washington association of criminal defense lawyers.

(e) Where feasible, the task force may invite and consult with:

(i) An agent representing the federal bureau of investigation;

(ii) An agent representing the office of the United States attorneys;

(iii) Federally recognized tribes located in a state adjacent to Washington state; and

(iv) Any experts or professionals involved and having expertise in the topic of missing and murdered indigenous women and people.

(2) The legislative members shall convene the initial meeting of the task force no later than the end of 2021 and thereafter convene:

(a) A minimum of two subsequent meetings annually. The membership shall select the task force's cochairs, which must include one legislator and one nonlegislative member; and

(b) One summit annually with the state agencies involved with the task force under subsection (1) of this section, federally recognized Indian tribes in Washington state, federally recognized tribes located in a state adjacent to Washington state, and urban Indian organizations.

(3) The task force shall review the laws and policies relating to missing and murdered American Indian and Alaska Native people. The task force shall

review current policies and develop recommendations for the purpose of:

(a) Assessing systemic causes behind gender-based violence including patterns and underlying historical, social and economic, institutional, and cultural factors which may contribute to disproportionately high levels of gender-based violence that occur against American Indian and Alaska Native people and ways to improve cross-border coordination between law enforcement and federally recognized tribes that share a state border with Washington state;

(b) Assessing data tracking and reporting practices relating to gender-based violence against American Indian and Alaska Native people in Washington state;

(c) Making recommendations and best practices for improving:

(i) The collection and reporting of data by tribal, local, and state law enforcement agencies to more effectively understand and address issues of gender-based violence facing American Indian and Alaska Native people; and

(ii) Jurisdictional and data sharing issues on tribal reservation land and urban areas that impact gender-based violence against American Indian and Alaska Native people;

(d) Reviewing prosecutorial trends and practices relating to crimes of gender-based violence against American Indian and Alaska Native people in Washington state;

(e) Identifying barriers to providing more state resources in tracking gender-based violence against American Indian and Alaska Native people and reducing the incidences of gender-based violence;

(f) Assessing and identifying state resources to support programs and services for survivors, families of survivors, and tribal and urban Indian service providers working with American Indian and Alaska Native people that have experienced gender-based violence; and

(g) Identifying and making recommendations for increasing state resources for trainings on culturally attuned best practices for working with American Indian and Alaska Native communities for tribal, local, and state law enforcement personnel in Washington state.

(4) The task force, with the assistance of the Washington state office of the attorney general, must consult with federally recognized tribes in Washington state and in states bordering Washington state, and engage with urban Indian organizations to submit a status report including any initial findings, recommendations, and progress updates to the governor and the appropriate committees of the legislature by August 1, 2022, and a final report by June 1, 2023.

(5)(a) The office of the attorney general administers and provides staff support to the task force, organizes the summit, and oversees the development of the two task force reports. The office of the attorney general may contract for the summit.

(b) The Washington state office of the attorney general may, when deemed necessary by the task force, retain consultants to provide data analysis, research, recommendations, and other services to the task force for the purposes provided in subsection (3) of this section.

(c) The Washington state office of the attorney general may share and exchange information received or created on behalf of the task force with other states, federally recognized Indian tribes, urban Indian organizations, and other national groups working on missing and murdered indigenous women and people issues.

(6) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7) To ensure that the task force has diverse and inclusive representation of those affected by its work, task force members whose participation in the task force may be hampered by financial hardship may apply for a stipend in an amount not to exceed \$100 for each day during which the member attends an official meeting of the task force or performs statutorily prescribed duties approved by the office of the attorney general. A person shall not receive

compensation for a day of service under this section if the person:

(a) Occupies a position, normally regarded as full-time in nature, in any agency of the federal government, Washington state government, or Washington state local government; and

(b) Receives any compensation from such government for working that day. The office of the attorney general, by staffing the task force, is authorized to assess eligibility for the stipend as limited by available financial resources.

Sec. 944. 2021 c 334 s 1002 (uncodified) is amended to read as follows:

(1) The Washington state criminal sentencing task force is established.

(2) The task force is composed of members as provided in this subsection.

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The president of the senate and the speaker of the house of representatives jointly shall appoint members representing the following:

(i) The office of the governor;

(ii) Caseload forecast council;

(iii) Department of corrections;

(iv) Sentencing guidelines commission;

(v) Statewide family council administered by the department of corrections;

(vi) Statewide reentry council;

(vii) Superior court judges' association;

(viii) Washington association of criminal defense attorneys or the Washington defender association;

(ix) Washington association of prosecuting attorneys;

(x) Washington association of sheriffs and police chiefs;

(xi) Washington state association of counties;

(xii) Washington state minority and justice commission;

(xiii) A labor organization representing active law enforcement officers in Washington state;

(xiv) Two different community organizations representing the interests of incarcerated persons; and

(xv) Two different community organizations or other entities representing the interests of crime victims.

(3) The legislative membership shall convene the initial meeting of the task force no later than September 1, 2019. The membership shall select the task force's cochairs, which must include one legislator and one nonlegislative member.

(4) The task force shall review state sentencing laws, including a consideration of the report of the sentencing guidelines commission required by section 129, chapter 299, Laws of 2018. The task force shall develop recommendations for the purpose of:

(a) Reducing sentencing implementation complexities and errors;

(b) Improving the effectiveness of the sentencing system; and

(c) Promoting and improving public safety.

(5) The task force shall submit an initial report, including findings and recommendations, to the governor and the appropriate committees of the legislature by December 31, 2019. The task force shall submit a final report by December 31, (~~2020~~) 2022.

(6)(a) The William D. Ruckelshaus center shall administer and provide staff support and facilitation services to the task force. The center may, when deemed necessary by the task force, contract with one or more appropriate consultants to provide data analysis, research, and other services to the task force for the purposes provided in subsection (4) of this section.

(b) The caseload forecast council shall provide information, data analysis, and other necessary assistance upon the request of the task force.

(7) Legislative members of the task force are reimbursed for travel expenses

in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(8) This section expires June 30, (~~2022~~) 2023.

NEW SECTION. Sec. 945. A new section is added to 2021 c 334 (uncodified) to read as follows:

(1) The joint legislative task force on best practices for broadband deployment is created.

(2) The task force membership is composed of:

(a) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(b) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(c) The director of the department of commerce or the director's designee;

(d) The director of the department of transportation or the director's designee; and

(e) The secretary of the utilities and transportation commission or the secretary's designee; and

(f) Additional members to be appointed by the president of the senate and the speaker of the house of representatives, as follows:

(i) A representative from the association of Washington cities;

(ii) A representative from the Washington state association of counties;

(iii) A representative from a telecommunications infrastructure provider; and

(iv) A representative from an organization providing rural telecommunications services.

(3) The task force must conduct the following activities:

(a) Review existing state and local permitting processes for broadband infrastructure in Washington state;

(b) Review relevant best practices in other states for the deployment of broadband and their potential application in Washington state;

(c) Examine any state or federal laws that limit the deployment of broadband and develop recommendations for modifications; and

(d) By December 1, 2022, submit a report of the task force's findings and recommendations to the appropriate committees of the legislature.

(4) The task force must choose cochairs from among its legislative membership. The legislative members must convene the initial meeting of the task force. All meetings of the task force must be scheduled and conducted in accordance with the requirements of both the senate and the house of representatives.

(5) Staff support for the task force is provided by the facilitator contracted by the department of commerce.

(6) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7) Except for the costs of the contracted facilitator, the expenses of the task force must be paid jointly by the senate and the house of representatives, and task force expenditures and meetings are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

NEW SECTION. Sec. 946. A new section is added to chapter 43.79 RCW to read as follows:

The capital community assistance account is created in the state treasury. Revenues to the account shall consist of appropriations and transfers by the legislature and all other moneys directed for deposit into the account. Moneys in the account may be spent only after appropriation. Moneys in the account may be used for capital costs to provide

community support services, and for infrastructure and other capital expenditures to support the well-being of communities.

NEW SECTION. Sec. 947. A new section is added to chapter 43.79 RCW to read as follows:

(1) The community reinvestment account is created in the state treasury. Revenues to the account shall consist of appropriations and transfers by the legislature and all other moneys directed for deposit into the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may be used by the department of commerce for:

(a) Economic development, which includes addressing wealth disparities to promote asset building such as home ownership and expanding access to financial resources including, but not limited to, grants and loans for small businesses and entrepreneurs, financial literacy training, and other small business training and support activities;

(b) Civil and criminal legal assistance to provide postconviction relief and case assistance, including the expungement of criminal records and vacation of criminal convictions;

(c) Community-based violence intervention and prevention services, which may include after-school programs focused on providing education and mentorship to youths; and

(d) Reentry services to facilitate successful transitions for persons formerly incarcerated in an adult correctional facility or juvenile residential facility in Washington.

(3) The distribution of the grants under this section must be done in collaboration with the governor's office of Indian affairs and "by and for community organizations" as defined by the department of commerce and the office of equity.

NEW SECTION. Sec. 948. A new section is added to chapter 43.330 RCW to read as follows:

The electric vehicle incentive account is created in the state treasury. Revenues to the account shall consist of appropriations and transfers by the

legislature and all other moneys directed for deposit into the account. Moneys in the account may only be spent after appropriation. Expenditures from the account may be used for programs and incentives that promote the purchase or conversion to alternative fuel vehicles to further state climate goals under RCW 70A.45.020 and environmental justice goals under 70A.02 RCW, including but not limited to:

(1) Income-qualified grant programs to retire vehicles and replace them with alternative fuel vehicles;

(2) Programs to provide grants for the installation of electric vehicle infrastructure to support electric vehicle adoption; and

(3) Programs to conduct research and public outreach regarding adoption of alternative fuel vehicles.

Sec. 949. RCW 28B.92.205 and 2019 c 406 s 20 are each amended to read as follows:

In addition to other eligibility requirements outlined in this chapter, students who demonstrate financial need are eligible to receive the Washington college grant. Financial need is as follows:

(1) Until academic year 2020-21, students with family incomes between zero and fifty percent of the state median family income, adjusted for family size, shall receive the maximum Washington college grant as defined in RCW 28B.92.030. Grants for students with incomes between fifty-one and seventy percent of the state median family income, adjusted for family size, shall be prorated at the following percentages of the maximum Washington college grant amount:

(a) Seventy percent for students with family incomes between fifty-one and fifty-five percent of the state median family income;

(b) Sixty-five percent for students with family incomes between fifty-six and sixty percent of the state median family income;

(c) Sixty percent for students with family incomes between sixty-one and sixty-five percent of the state median family income; and

(d) Fifty percent for students with family incomes between sixty-six and

seventy percent of the state median family income.

(2) Beginning with academic year 2020-21, except during the 2022-23 academic year, students with family incomes between zero and fifty-five percent of the state median family income, adjusted for family size, shall receive the maximum Washington college grant as defined in RCW 28B.92.030. During the 2022-23 academic year, students with family incomes between zero and 60 percent of the state median family income, adjusted for family size, shall receive the maximum Washington college grant. Grants for students with incomes between fifty-six and one hundred percent of the state median family income, adjusted for family size, shall be prorated at the following percentages of the maximum Washington college grant amount:

(a) Seventy percent for students with family incomes between fifty-six and sixty percent of the state median family income, except during the 2022-23 academic year;

(b) Sixty percent for students with family incomes between sixty-one and sixty-five percent of the state median family income;

(c) Fifty percent for students with family incomes between sixty-six and seventy percent of the state median family income;

(d) Twenty-four and one-half percent for students with family incomes between seventy-one and seventy-five percent of the state median family income; and

(e) Ten percent for students with family incomes between seventy-six and one hundred percent of the state median family income.

Sec. 950. RCW 41.60.050 and 2021 c 334 s 967 are each amended to read as follows:

The legislature shall appropriate from the personnel service fund for the payment of administrative costs of the productivity board. However, during the 2015-2017, 2017-2019, and 2019-2021(~~(- and 2021-2023))~~ fiscal biennia, and during fiscal year 2022, the operations of the productivity board shall be suspended.

Sec. 951. RCW 41.80.010 and 2021 c 334 s 968 are each amended to read as follows:

(1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee, except as provided for institutions of higher education in subsection (4) of this section.

(2)(a)(i) Except as otherwise provided, if an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents.

(ii) For those exclusive bargaining representatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. Exclusive bargaining representatives that represent employees covered under chapter 41.06 RCW and exclusive bargaining representatives that represent employees exempt under chapter 41.06 RCW shall constitute separate coalitions and must negotiate separate master collective bargaining agreements. This subsection does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor's designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(d) For assistant attorneys general, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its

negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection

(3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial

or supplemental operating budget by the sitting legislature.

(5) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(6) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(7)(a) For the 2019-2021 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated by a higher education institution and the Washington federation of state employees and ratified by the exclusive bargaining representative before final legislative action on the omnibus appropriations act by the sitting legislature.

(b) Subsection (3)(a) and (b) of this section do not apply to requests for funding made pursuant to this subsection.

(8)(a) For the 2021-2023 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated by the governor or governor's designee and the Washington public employees association community college coalition and the general government agencies and ratified by the exclusive bargaining representative before final legislative action on the omnibus appropriations act by the sitting legislature.

(b) For the 2021-2023 fiscal biennium, the legislature may approve funding for a collective bargaining agreement negotiated between Highline Community College and the Washington public employees association and ratified by the exclusive bargaining representative before final legislative action on the omnibus appropriations act by the sitting legislature.

(c) For the 2021-2023 fiscal biennium, the legislature may approve funding for collective bargaining agreements negotiated between Eastern Washington University and bargaining units of the Washington federation of state employees and the public school employees association, and between Yakima Valley College and the Washington public employees association, and ratified by the exclusive bargaining representatives before final legislative action on the omnibus appropriations act by the sitting legislature.

(d) Subsection (3)(a) and (b) of this section does not apply to requests for funding made pursuant to this subsection.

Sec. 952. RCW 43.31.605 and 2021 c 115 s 5 are each amended to read as follows:

(1)(a) Subject to the availability of funds for this purpose, the landlord mitigation program is created and administered by the department. The department shall have such rule-making authority as the department deems necessary to administer the program.

(b) The following types of claims related to landlord mitigation for renting private market rental units to low-income tenants using a housing subsidy program are eligible for reimbursement from the landlord mitigation program account:

(i) Up to one thousand dollars for improvements identified in RCW 59.18.255(1)(a). In order to be eligible for reimbursement under this subsection (1)(b)(i), the landlord must pay for the first five hundred dollars for improvements, and rent to the tenant whose housing subsidy program was conditioned on the real property passing inspection. Reimbursement under this subsection (1)(b)(i) may also include up to fourteen days of lost rental income from the date of offer of housing to the applicant whose housing subsidy program was conditioned on the real property passing inspection until move in by that applicant;

(ii) Reimbursement for damages as reflected in a judgment obtained against the tenant through either an unlawful detainer proceeding, or through a civil action in a court of competent jurisdiction after a hearing;

(iii) Reimbursement for damages established pursuant to subsection (2) of this section; and

(iv) Reimbursement for unpaid rent and unpaid utilities, provided that the landlord can evidence it to the department's satisfaction.

(c) Claims related to landlord mitigation for an unpaid judgment for rent, unpaid judgments resulting from the tenant's failure to comply with an installment payment agreement identified in RCW 59.18.610, late fees, attorneys' fees, and costs after a court order pursuant to RCW 59.18.410(3), including any unpaid portion of the judgment after the tenant defaults on the payment plan pursuant to RCW 59.18.410(3)(c), are eligible for reimbursement from the landlord mitigation program account and are exempt from any postjudgment interest required under RCW 4.56.110. Any claim for reimbursement made pursuant to RCW 59.18.410(3)(e)(ii) must be accompanied by a court order staying the writ of restitution pursuant to RCW 59.18.410(3). Any claim for reimbursement under this subsection (1)(c) is not an entitlement.

(i) The department shall provide for a form on its website for tenants and landlords to apply for reimbursement funds for the landlord pursuant to this subsection (1)(c).

(ii) The form must include: (A) Space for the landlord and tenant to provide names, mailing addresses, phone numbers, date of birth for the tenant, and any other identifying information necessary for the department to process payment; (B) the landlord's statewide vendor identification number and how to obtain one; (C) name and address to whom payment must be made; (D) the amount of the judgment with instructions to include any other supporting documentation the department may need to process payment; (E) instructions for how the tenant is to reimburse the department under (c)(iii) of this subsection; (F) a description of the consequences if the tenant does not reimburse the department as provided in this subsection (1)(c); (G) a signature line for the landlord and tenant to confirm that they have read and understood the contents of the form and program; and (H) any other information necessary for the operation of the program. If the tenant has not signed the form after the landlord has made good faith efforts to obtain the tenant's

signature, the landlord may solely submit the form but must attest to the amount of money owed and sign the form under penalty of perjury.

(iii) When a landlord has been reimbursed pursuant to this subsection (1)(c), the tenant for whom payment was made shall reimburse the department by depositing the amount disbursed from the landlord mitigation program account into the court registry of the superior court in which the judgment was entered. The tenant or other interested party may seek an ex parte order of the court under the unlawful detainer action to order such funds to be disbursed by the court. Upon entry of the order, the court clerk shall disburse the funds and include a case number with any payment issued to the department. If directed by the court, a clerk shall issue any payments made by a tenant to the department without further court order.

(iv) The department may deny an application made by a tenant who has failed to reimburse the department for prior payments issued pursuant to this subsection (1)(c).

(v) With any disbursement from the account to the landlord, the department shall notify the tenant at the address provided within the application that a disbursement has been made to the landlord on the tenant's behalf and that failure to reimburse the account for the payment through the court registry may result in a denial of a future application to the account pursuant to this subsection (1)(c). The department may include any other additional information about how to reimburse the account it deems necessary to fully inform the tenant.

(vi) The department's duties with respect to obtaining reimbursement from the tenant to the account are limited to those specified within this subsection (1)(c).

(vii) If at any time funds do not exist in the landlord mitigation program account to reimburse claims submitted under this subsection (1)(c), the department must create and maintain a waitlist and distribute funds in the order the claims are received pursuant to subsection (6) of this section. Payment of any claims on the waitlist shall be made only from the landlord mitigation program account. The department shall not be civilly or criminally liable and may

not have any penalty or cause of action of any nature arise against it regarding the provision or lack of provision of funds for reimbursement.

(d)(i) Claims related to landlord mitigation for:

(A) Up to \$15,000 in unpaid rent that accrued between March 1, 2020, and six months following the expiration of the eviction moratorium and the tenant being low-income, limited resourced or experiencing hardship, voluntarily vacated or abandoned the tenancy; or

(B) Up to \$15,000 in remaining unpaid rent if a tenant defaults on a repayment plan entered into under RCW 59.18.630 are eligible for reimbursement from the landlord mitigation program account subject to the program requirements under this section, provided the tenancy has not been terminated at the time of reimbursement.

(ii) A landlord is ineligible for reimbursement under this subsection (1)(d) where the tenant vacated the tenancy because of an unlawful detainer action under RCW 59.12.030(3).

(iii) A landlord in receipt of reimbursement from the program pursuant to this subsection (1)(d) is prohibited from:

(A) Taking legal action against the tenant for damages or any remaining unpaid rent accrued between March 1, 2020, and six months following the expiration of the eviction moratorium attributable to the same tenancy; or

(B) Pursuing collection, or authorizing another entity to pursue collection on the landlord's behalf, of a judgment against the tenant for damages or any remaining unpaid rent accrued between March 1, 2020, and six months following the expiration of the eviction moratorium attributable to the same tenancy.

(2) In order for a claim under subsection (1)(b)(iii) of this section to be eligible for reimbursement from the landlord mitigation program account, a landlord must:

(a) Have ensured that the rental property was inspected at the commencement of the tenancy by both the tenant and the landlord or landlord's agent and that a detailed written move-in property inspection report, as required in RCW 59.18.260, was prepared

and signed by both the tenant and the landlord or landlord's agent;

(b) Make repairs and then apply for reimbursement to the department;

(c) Submit a claim on a form to be determined by the department, signed under penalty of perjury; and

(d) Submit to the department copies of the move-in property inspection report specified in (a) of this subsection and supporting materials including, but not limited to, before repair and after repair photographs, videos, copies of repair receipts for labor and materials, and such other documentation or information as the department may request.

(3) The department shall make reasonable efforts to review a claim within ten business days from the date it received properly submitted and complete claims to the satisfaction of the department. In reviewing a claim pursuant to subsection (1)(b) of this section, and determining eligibility for reimbursement, the department must receive documentation, acceptable to the department in its sole discretion, that the claim involves a private market rental unit rented to a low-income tenant who is using a housing subsidy program.

(4) Claims pursuant to subsection (1)(b) of this section related to a tenancy must total at least five hundred dollars in order for a claim to be eligible for reimbursement from the program. While claims or damages may exceed five thousand dollars, total reimbursement from the program may not exceed five thousand dollars per tenancy. For the 2021-2023 fiscal biennium, while claims or damages may exceed \$10,000, total reimbursement from the program may not exceed \$10,000 per tenancy.

(5) Damages, beyond wear and tear, that are eligible for reimbursement include, but are not limited to: Interior wall gouges and holes; damage to doors and cabinets, including hardware; carpet stains or burns; cracked tiles or hard surfaces; broken windows; damage to household fixtures such as disposal, toilet, sink, sink handle, ceiling fan, and lighting. Other property damages beyond normal wear and tear may also be eligible for reimbursement at the department's discretion.

(6) All reimbursements for eligible claims shall be made on a first-come,

first-served basis, to the extent of available funds. The department shall use best efforts to notify the tenant of the amount and the reasons for any reimbursements made.

(7) The department, in its sole discretion, may inspect the property and the landlord's records related to a claim, including the use of a third-party inspector as needed to investigate fraud, to assist in making its claim review and determination of eligibility.

(8) A landlord in receipt of reimbursement from the program pursuant to subsection (1)(b) of this section is prohibited from:

(a) Taking legal action against the tenant for damages attributable to the same tenancy; or

(b) Pursuing collection, or authorizing another entity to pursue collection on the landlord's behalf, of a judgment against the tenant for damages attributable to the same tenancy.

(9) A landlord denied reimbursement under subsection (1)(b)(iii) of this section may seek to obtain a judgment from a court of competent jurisdiction and, if successful, may resubmit a claim for damages supported by the judgment, along with a certified copy of the judgment. The department may reimburse the landlord for that portion of such judgment that is based on damages reimbursable under the landlord mitigation program, subject to the limitations set forth in this section.

(10) Determinations regarding reimbursements shall be made by the department in its sole discretion.

(11) The department must establish a website that advertises the landlord mitigation program, the availability of reimbursement from the landlord mitigation program account, and maintains or links to the agency rules and policies established pursuant to this section.

(12) Neither the state, the department, or persons acting on behalf of the department, while acting within the scope of their employment or agency, is liable to any person for any loss, damage, harm, or other consequence resulting directly or indirectly from the department's administration of the landlord mitigation program or determinations under this section.

(13)(a) A report to the appropriate committees of the legislature on the effectiveness of the program and recommended modifications shall be submitted to the governor and the appropriate committees of the legislature by January 1, 2021. In preparing the report, the department shall convene and solicit input from a group of stakeholders to include representatives of large multifamily housing property owners or managers, small rental housing owners in both rural and urban markets, a representative of tenant advocates, and a representative of the housing authorities.

(b) The report shall include discussion of the effectiveness of the program as well as the department's recommendations to improve the program, and shall include the following:

(i) The number of total claims and total amount reimbursed to landlords by the fund;

(ii) Any indices of fraud identified by the department;

(iii) Any reports by the department regarding inspections authorized by and conducted on behalf of the department;

(iv) An outline of the process to obtain reimbursement for improvements and for damages from the fund;

(v) An outline of the process to obtain reimbursement for lost rent due to the rental inspection and tenant screening process, together with the total amount reimbursed for such damages;

(vi) An evaluation of the feasibility for expanding the use of the mitigation fund to provide up to ninety-day no interest loans to landlords who have not received timely rental payments from a housing authority that is administering section 8 rental assistance;

(vii) Any other modifications and recommendations made by stakeholders to improve the effectiveness and applicability of the program.

(14) As used in this section:

(a) "Housing subsidy program" means a housing voucher as established under 42 U.S.C. Sec. 1437 as of January 1, 2018, or other housing subsidy program including, but not limited to, valid short-term or long-term federal, state, or local government, private nonprofit, or other assistance program in which the

tenant's rent is paid either partially by the program and partially by the tenant, or completely by the program directly to the landlord;

(b) "Low-income" means income that does not exceed eighty percent of the median income for the standard metropolitan statistical area in which the private market rental unit is located; and

(c) "Private market rental unit" means any unit available for rent that is owned by an individual, corporation, limited liability company, nonprofit housing provider, or other entity structure, but does not include housing acquired, or constructed by a public housing agency under 42 U.S.C. Sec. 1437 as it existed on January 1, 2018.

Sec. 953. RCW 43.41.450 and 2017 3rd sp.s. c 1 s 968 are each amended to read as follows:

The office of financial management central service account is created in the state treasury. The account is to be used by the office as a revolving fund for the payment of salaries, wages, and other costs required for the operation and maintenance of statewide budgeting, accounting, forecasting, and functions and activities in the office. All receipts from agency fees and charges for services collected from public agencies must be deposited into the account. The director shall fix the terms and charges to agencies based on each agency's share of the office statewide cost allocation plan for federal funds. Moneys in the account may be spent only after appropriation. During the 2017-2019 and 2021-2023 fiscal (~~biennium~~) biennia, the account may be used as a revolving fund for the payment of salaries, wages, and other costs related to policy activities in the office. The legislature intends to continue the use of the revolving fund for policy activities during the 2019-2021 biennium.

Sec. 954. RCW 43.43.837 and 2021 c 203 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, in order to determine the character, competence, and suitability of any applicant or service provider to have unsupervised access, the secretary of the department of social and health services and the secretary of the department of children, youth, and families may require a fingerprint-based

background check through both the Washington state patrol and the federal bureau of investigation at any time, but shall require a fingerprint-based background check when the applicant or service provider has resided in the state less than three consecutive years before application, and:

(a) Is an applicant or service provider providing services to children or people with developmental disabilities under RCW 74.15.030;

(b) Is an individual sixteen years of age or older who: (i) Is not under the placement and care authority of the department of children, youth, and families; and (ii) resides in an applicant or service provider's home, facility, entity, agency, or business or who is authorized by the department of children, youth, and families to provide services to children under RCW 74.15.030;

(c) Is an individual who is authorized by the department of social and health services to provide services to people with developmental disabilities under RCW 74.15.030; or

(d) Is an applicant or service provider providing in-home services funded by:

(i) Medicaid personal care under RCW 74.09.520;

(ii) Community options program entry system waiver services under RCW 74.39A.030;

(iii) Chore services under RCW 74.39A.110; or

(iv) Other home and community long-term care programs, established pursuant to chapters 74.39 and 74.39A RCW, administered by the department of social and health services.

(2) Long-term care workers, as defined in RCW 74.39A.009, who are hired after January 7, 2012, are subject to background checks under RCW 74.39A.056.

(3) To satisfy the shared background check requirements provided for in RCW 43.216.270 and 43.20A.710, the department of children, youth, and families and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of

checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person.

(4) The secretary of the department of children, youth, and families shall require a fingerprint-based background check through the Washington state patrol identification and criminal history section and the federal bureau of investigation when the department seeks to approve an applicant or service provider for a foster or adoptive placement of children in accordance with federal and state law. Fees charged by the Washington state patrol and the federal bureau of investigation for fingerprint-based background checks shall be paid by the department of children, youth, and families for applicant and service providers providing foster care as required in RCW 74.15.030.

(5) Any secure facility operated by the department of social and health services or the department of children, youth, and families under chapter 71.09 RCW shall require applicants and service providers to undergo a fingerprint-based background check through the Washington state patrol identification and criminal history section and the federal bureau of investigation.

(6) Service providers and service provider applicants, except for those long-term care workers exempted in subsection (2) of this section, who are required to complete a fingerprint-based background check may be hired for a one hundred twenty-day provisional period as allowed under law or program rules when:

(a) A fingerprint-based background check is pending; and

(b) The applicant or service provider is not disqualified based on the immediate result of the background check.

(7) Fees charged by the Washington state patrol and the federal bureau of investigation for fingerprint-based background checks shall be paid by the applicable department for applicants or service providers providing:

(a) Services to people with a developmental disability under RCW 74.15.030;

(b) In-home services funded by medicaid personal care under RCW 74.09.520;

(c) Community options program entry system waiver services under RCW 74.39A.030;

(d) Chore services under RCW 74.39A.110;

(e) Services under other home and community long-term care programs, established pursuant to chapters 74.39 and 74.39A RCW, administered by the department of social and health services or the department of children, youth, and families; (~~and~~)

(f) Services in, or to residents of, a secure facility under RCW 71.09.115; and

(g) For fiscal year 2023, applicants for child care and early learning services to children under RCW 43.216.270.

(8) Service providers licensed under RCW 74.15.030 must pay fees charged by the Washington state patrol and the federal bureau of investigation for conducting fingerprint-based background checks.

(9) Department of children, youth, and families service providers licensed under RCW 74.15.030 may not pass on the cost of the background check fees to their applicants unless the individual is determined to be disqualified due to the background information.

(10) The department of social and health services and the department of children, youth, and families shall develop rules identifying the financial responsibility of service providers, applicants, and the department for paying the fees charged by law enforcement to roll, print, or scan fingerprints-based for the purpose of a Washington state patrol or federal bureau of investigation fingerprint-based background check.

(11) For purposes of this section, unless the context plainly indicates otherwise:

(a) "Applicant" means a current or prospective department of social and health services, department of children, youth, and families, or service provider employee, volunteer, student, intern, researcher, contractor, or any other individual who will or may have unsupervised access because of the nature of the work or services he or she

provides. "Applicant" includes but is not limited to any individual who will or may have unsupervised access and is:

(i) Applying for a license or certification from the department of social and health services or the department of children, youth, and families;

(ii) Seeking a contract with the department of social and health services, the department of children, youth, and families, or a service provider;

(iii) Applying for employment, promotion, reallocation, or transfer;

(iv) An individual that a department of social and health services or department of children, youth, and families client or guardian of a department of social and health services or department of children, youth, and families client chooses to hire or engage to provide services to himself or herself or another vulnerable adult, juvenile, or child and who might be eligible to receive payment from the department of social and health services or the department of children, youth, and families for services rendered; or

(v) A department of social and health services or department of children, youth, and families applicant who will or may work in a department-covered position.

(b) "Authorized" means the department of social and health services or the department of children, youth, and families grants an applicant, home, or facility permission to:

(i) Conduct licensing, certification, or contracting activities;

(ii) Have unsupervised access to vulnerable adults, juveniles, and children;

(iii) Receive payments from a department of social and health services or department of children, youth, and families program; or

(iv) Work or serve in a department of social and health services or department of children, youth, and families-covered position.

(c) "Secretary" means the secretary of the department of social and health services.

(d) "Secure facility" has the meaning provided in RCW 71.09.020.

(e) "Service provider" means entities, facilities, agencies, businesses, or individuals who are licensed, certified, authorized, or regulated by, receive payment from, or have contracts or agreements with the department of social and health services or the department of children, youth, and families to provide services to vulnerable adults, juveniles, or children. "Service provider" includes individuals whom a department of social and health services or department of children, youth, and families client or guardian of a department of social and health services or department of children, youth, and families client may choose to hire or engage to provide services to himself or herself or another vulnerable adult, juvenile, or child and who might be eligible to receive payment from the department of social and health services or the department of children, youth, and families for services rendered.

Sec. 955. RCW 43.70.715 and 2021 c 334 s 1004 are each amended to read as follows:

(1) The COVID-19 public health response account is created in the custody of the state treasurer. The account shall consist of funds appropriated by the legislature and grants received by the department of health for activities in response to the coronavirus pandemic (COVID-19). Only the secretary, or the secretary's designee, may authorize expenditures from the account for costs related to the public health response to COVID-19, subject to any limitations imposed by grant funding deposited into the account. The COVID-19 public health response account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2)(a) The legislature finds that a safe, efficient, and effective delivery of vaccinations is of the utmost importance for restoring societal and economic functions. As we learn more about the virus, the vaccine, and challenges to vaccine allocation and distribution, it is anticipated that the state's COVID-19 vaccination distribution plan will evolve. To that end, the legislature has provided flexibility by funding expenditures for testing, contact tracing, mitigation activities, vaccine administration and distribution, and other allowable uses

for the state, local health jurisdictions, and tribes at the discretion of the secretary and without an appropriation. However, to maintain fiscal control and to ensure spending priorities align, the department is required to collaborate and communicate with the chairs and ranking members of the health care and fiscal committees of the legislature and local health jurisdictions in advance of any significant revision of the state's COVID-19 vaccination plan and to provide regular updates on its implementation and spending.

(b) As part of the public health response to COVID-19, the expenditures from the account must be used to effectively administer the vaccine for COVID-19 and conduct testing and contact tracing. The department must ensure that COVID-19 outreach is accessible, culturally and linguistically appropriate, and that it includes community-driven partnerships and strategies.

(c) When making expenditures for administering the vaccine for COVID-19, the department must focus on identifying persons for vaccination, prioritizing underserved, underrepresented, and hard-to-reach communities, making the vaccine accessible, and providing support to schools for safe reopening. Strategies for vaccine distribution shall include the establishment and expansion of community vaccination centers, mobile vaccination units, reporting enhancements, in-home visits for vaccinations for the elderly, and transportation of individuals to vaccination sites.

(d) When making expenditures regarding testing and contact tracing, the department must provide equitable access, prioritize underserved, underrepresented, and hard-to-reach communities, and provide support and resources to facilitate the safe reopening of schools while minimizing community spread of the virus.

(e) The department may also make expenditures from the account related to developing the public health workforce using funds granted by the federal government for that purpose in section 2501, the American rescue plan act of 2021, P.L. 117-2.

(3) When making expenditures from the account, the department must include an

emphasis on public communication regarding the availability and accessibility of the vaccine and testing, and the importance of vaccine and testing availability to the safe reopening of the state.

(4)(a) The department must report to the fiscal and health care committees of the legislature on a monthly basis regarding its COVID-19 response.

~~((b))~~ To the extent that it is available, the report must include data regarding vaccine distribution, testing, and contact tracing, as follows:

(i) The number of vaccines administered per day, including regional data regarding the location and age groups of persons receiving the vaccine, specifically identifying hard-to-reach communities in which vaccines were administered; and

(ii) The number of tests conducted per week, including data specifically addressing testing conducted in hard-to-reach communities.

(b)(i) Beginning with the quarter ending March 31, 2022, the department must report to the fiscal and health care committees of the legislature on a quarterly basis regarding revenues and expenditures related to the COVID-19 response. The reports must include:

(A) Quarterly expenditures of funds, by fund source, including the appropriated amounts pursuant to section 222(76) and (77) of this act for:

(I) Diagnostic testing;

(II) Case investigation and contact tracing;

(III) Outbreak response;

(IV) Care coordination;

(V) Community outreach;

(VI) Information and technology operations;

(VII) Surveillance;

(VIII) Vaccines;

(IX) Client services;

(X) Local health jurisdictions; and

(XI) Tribes; and

(B) Grant amounts received during the reporting quarter that may be used in the COVID-19 response.

(ii) The quarterly reports must reflect the previous quarter, a projection of expected expenditures and revenue for the next quarter, and an accounting of the expenditures and revenue for the 2021-2023 fiscal biennium to date. The quarterly reports are due no later than 30 days after the end of the applicable quarter.

(c) The first monthly report pursuant to (a) of this subsection is due no later than one month from February 19, 2021. Monthly reports are no longer required upon the department's determination that the remaining balance of the COVID-19 (~~[[public health]]~~) public health response account is less than \$100,000.

Sec. 956. RCW 43.79.505 and 2019 c 251 s 9 are each amended to read as follows:

The judicial stabilization trust account is created within the state treasury, subject to appropriation. All receipts from the surcharges authorized by RCW 3.62.060(2), 12.40.020, 36.18.018(4), and 36.18.020(5) shall be deposited in this account. Moneys in the account may be spent only after appropriation.

Expenditures from the account may be used only for the support of judicial branch agencies and, for the 2021-2023 fiscal biennium, for expenditures to address state and local costs related to the State v. Blake decision.

Sec. 957. RCW 43.83B.430 and 2020 c 168 s 6 are each amended to read as follows:

The state drought preparedness and response account is created in the state treasury. All receipts from appropriated funds designated for the account and all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought preparedness and response activities under this chapter, including grants issued under RCW 43.83B.415. During the 2021-2023 fiscal biennium, moneys in the account may be used for water banking pilot projects. Moneys in the account may be spent only after appropriation.

Sec. 958. RCW 43.101.435 and 2019 c 415 s 971 are each amended to read as follows:

The Washington internet crimes against children account is created in the

custody of the state treasurer. All receipts from legislative appropriations, donations, gifts, grants, and funds from federal or private sources must be deposited into the account. Expenditures from the account must be used exclusively by the Washington internet crimes against children task force and its affiliate agencies for combating internet-facilitated crimes against children, promoting education on internet safety to the public and to minors, and rescuing child victims from abuse and exploitation. Only the criminal justice training commission or the commission's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The commission may enter into agreements with the Washington association of sheriffs and police chiefs to administer grants and other activities funded by the account and be paid an administrative fee not to exceed three percent of expenditures. During the 2019-2021 and 2021-2023 fiscal ((biennium)) biennia, moneys in the account may be used by the Washington state patrol for activities related to the missing and exploited children task force.

Sec. 959. RCW 43.216.1368 and 2021 c 199 s 201 are each amended to read as follows:

(1) It is the intent of the legislature to increase working families' access to affordable, high quality child care and to support the expansion of the workforce to support businesses and the statewide economy.

(2) Beginning October 1, 2021, a family is eligible for working connections child care when the household's annual income is at or below 60 percent of the state median income adjusted for family size and:

(a) The child receiving care is: (i) Less than 13 years of age; or (ii) less than 19 years of age and has a verified special need according to department rule or is under court supervision; and

(b) The household meets all other program eligibility requirements.

(3) Beginning July 1, 2025, a family is eligible for working connections child care when the household's annual income is above 60 percent and at or below 75 percent of the state median income adjusted for family size and:

(a) The child receiving care is: (i) Less than 13 years of age; or (ii) less than 19 years of age and has a verified special need according to department rule or is under court supervision; and

(b) The household meets all other program eligibility requirements.

(4) Beginning July 1, 2027, and subject to the availability of amounts appropriated for this specific purpose, a family is eligible for working connections child care when the household's annual income is above 75 percent of the state median income and is at or below 85 percent of the state median income adjusted for family size and:

(a) The child receiving care is: (i) Less than 13 years of age; or (ii) less than 19 years of age and has a verified special need according to department rule or is under court supervision; and

(b) The household meets all other program eligibility requirements.

(5)(a) Beginning ((~~July~~) October 1, 2021, through June 30, 2023, the department must calculate a monthly copayment according to the following schedule:

If the household's income is:	Then the household's maximum monthly copayment is:
At or below 20 percent of the state median income	Waived to the extent allowable under federal law; otherwise, a maximum of \$15
Above 20 percent and at or below 36 percent of the state median income	\$65
Above 36 percent and at or below 50 percent of the state median income	\$115 until December 31, 2021, and \$90 beginning January 1, 2022
Above 50 percent and at or below 60 percent of the state median income	\$115

percent of the state median income	

(b) Beginning July 1, 2023, the department must calculate a monthly copayment according to the following schedule:

If the household's income is:	Then the household's maximum monthly copayment is:
At or below 20 percent of the state median income	Waived to the extent allowable under federal law; otherwise, a maximum of \$15
Above 20 percent and at or below 36 percent of the state median income	\$65
Above 36 percent and at or below 50 percent of the state median income	\$90
Above 50 percent and at or below 60 percent of the state median income	\$165

(c) Beginning July 1, 2025, the department must calculate a maximum monthly copayment of \$215 for households with incomes above 60 percent and at or below 75 percent of the state median income.

(d) Subject to the availability of amounts appropriated for this specific purpose, the department shall adopt a copayment model for households with annual incomes above 75 percent of the state median income and at or below 85 percent of the state median income. The model must calculate a copayment for each household that is no greater than seven percent of the household's countable income within this income range.

(e) The department may adjust the copayment schedule to comply with federal law.

(6) The department must adopt rules to implement this section, including an income phase-out eligibility period.

Sec. 960. RCW 43.216.270 and 2020 c 270 s 9 are each amended to read as follows:

(1)(a) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(b) The department may not deny or delay a license to provide child care and early learning services under this chapter to an individual solely because of a founded finding of physical abuse or negligent treatment or maltreatment involving the individual revealed in the background check process or solely because the individual's child was found by a court to be dependent as a result of a finding that the individual abused or neglected their child pursuant to RCW 13.34.030(6)(b) when that founded finding or court finding is accompanied by a certificate of parental improvement as defined in chapter 74.13 RCW related to the same incident.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in child care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) All individuals applying for first-time agency licenses, all new employees, and other persons who have not

been previously qualified by the department to have unsupervised access to children in child care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) (~~Persons~~) Except during fiscal year 2023, persons required to be fingerprinted and obtain a criminal history record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The secretary shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in child care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these

costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in child care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter. For purposes of renewal of the background clearance card or certificate, all agency licensees holding a license, persons who are employees, and persons who have been previously qualified by the department, must submit a new background application to the department on a date to be determined by the department. ~~((The))~~ Except during fiscal year 2023, fee requirements applicable to this section also apply to background clearance renewal applications.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in child care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The payment requirements applicable to (a) through (g) of this subsection do not apply to persons who:

(i) Provide regularly scheduled care for a child or children in the home of the provider or in the home of the child or children for periods of less than twenty-four hours or, if necessary due to the nature of the parent's work, for periods equal to or greater than twenty-four hours;

(ii) Receive child care subsidies; and

(iii) Are exempt from licensing under this chapter.

(i) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(j) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(k) The department shall investigate and conduct a redetermination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.216.325 and 43.216.327 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of children, youth, and families, the office of the superintendent of public instruction, and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow these departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. These departments may not share the federal background check results with any other state agency or person.

(4) Individuals who have completed a fingerprint background check as required by the office of the superintendent of public instruction, consistent with RCW 28A.400.303, and have been continuously employed by the same school district or educational service district, can meet the requirements in subsection (2) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background check report results to the department or if the school district or the educational service district provides an affidavit to the department that the individual has been authorized to work by the school district or educational service district

after completing a record check consistent with RCW 28A.400.303. The department may require that additional background checks be completed that do not require additional fingerprinting and, except during fiscal year 2023, may charge a fee for these additional background checks.

Sec. 961. RCW 43.348.080 and 2019 c 445 s 403 are each amended to read as follows:

(1) The Andy Hill cancer research endowment fund match transfer account is created in the custody of the state treasury to be used solely and exclusively for the program created in RCW 43.348.040. Moneys in the account may be spent only after appropriation. The purpose of the account is to provide matching funds for the fund and administrative costs. Expenditures to fund or reimburse the program administrator are not subject to the requirements of subsection (4) of this section.

(2) The legislature must appropriate a state match, up to a maximum of ten million dollars annually, beginning July 1, 2016, and each July 1st following the end of the fiscal year from tax collections and penalties generated from enforcement of state taxes on cigarettes and other tobacco products by the state liquor and cannabis board or other federal, state or local law or tax enforcement agency, as determined by the department of revenue. Tax collections include any cigarette tax, other tobacco product tax, and retail sales and use tax. Any amounts deposited into this account from the tax imposed under RCW 82.25.010 in excess of the cap provided in this subsection must be deposited into the foundational public health services account created in RCW 82.25.015.

(3) Revenues to the account must consist of deposits into the account, taxes imposed on vapor products under RCW 82.25.010, legislative appropriations, and any gifts, grants, or donations received by the department for this purpose.

(4) Each fiscal biennium, the legislature must appropriate to the department of commerce such amounts as estimated to be the balance of the account to provide state matching funds.

(5) Expenditures, in the form of matching funds, from the account may be made only upon receipt of proof from the

program administrator of nonstate or private contributions to the fund for the program. Expenditures, in the form of matching funds, may not exceed the total amount of nonstate or private contributions.

(6) The department must enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds.

(7) Moneys expended into the account in fiscal year 2023 pursuant to section 706 of this act are not subject to the requirements of subsections (5) and (6) of this section.

Sec. 962. RCW 50A.10.030 and 2019 c 13 s 21 are each amended to read as follows:

(1)(a) Beginning January 1, 2019, the department shall assess for each individual in employment with an employer and for each individual electing coverage a premium based on the amount of the individual's wages subject to subsection (4) of this section.

(b) The premium rate for family leave benefits shall be equal to one-third of the total premium rate.

(c) The premium rate for medical leave benefits shall be equal to two-thirds of the total premium rate.

(2) For calendar year 2022 and thereafter, the commissioner shall determine the percentage of paid claims related to family leave benefits and the percentage of paid claims related to medical leave benefits and adjust the premium rates set in subsection (1)(b) and (c) of this section by the proportional share of paid claims.

(3)(a) Beginning January 1, 2019, and ending December 31, 2020, the total premium rate shall be four-tenths of one percent of the individual's wages subject to subsection (4) of this section.

(b) For family leave premiums, an employer may deduct from the wages of each employee up to the full amount of the premium required.

(c) For medical leave premiums, an employer may deduct from the wages of each employee up to forty-five percent of the full amount of the premium required.

(d) An employer may elect to pay all or any portion of the employee's share of the premium for family leave or medical leave benefits, or both.

(4) The commissioner must annually set a maximum limit on the amount of wages that is subject to a premium assessment under this section that is equal to the maximum wages subject to taxation for social security as determined by the social security administration.

(5)(a) Employers with fewer than fifty employees employed in the state are not required to pay the employer portion of premiums for family and medical leave.

(b) If an employer with fewer than fifty employees elects to pay the premiums, the employer is then eligible for assistance under RCW 50A.24.010.

(6) For calendar year 2021 and thereafter, the total premium rate shall be based on the family and medical leave insurance account balance ratio as of September 30th of the previous year. The commissioner shall calculate the account balance ratio by dividing the balance of the family and medical leave insurance account by total covered wages paid by employers and those electing coverage. The division shall be carried to the fourth decimal place with the remaining fraction disregarded unless it amounts to five hundred-thousandths or more, in which case the fourth decimal place shall be rounded to the next higher digit. If the account balance ratio is:

(a) Zero to nine hundredths of one percent, the premium is six tenths of one percent of the individual's wages;

(b) One tenth of one percent to nineteen hundredths of one percent, the premium is five tenths of one percent of the individual's wages;

(c) Two tenths of one percent to twenty-nine hundredths of one percent, the premium is four tenths of one percent of the individual's wages;

(d) Three tenths of one percent to thirty-nine hundredths of one percent, the premium is three tenths of one percent of the individual's wages;

(e) Four tenths of one percent to forty-nine hundredths of one percent, the premium is two tenths of one percent of the individual's wages; or

(f) Five tenths of one percent or greater, the premium is one tenth of one percent of the individual's wages.

(7) Beginning January 1, 2021, if the account balance ratio calculated in subsection (6) of this section is below

five hundredths of one percent, the commissioner must assess a solvency surcharge at the lowest rate necessary to provide revenue to pay for the administrative and benefit costs of family and medical leave, for the calendar year, as determined by the commissioner. The solvency surcharge shall be at least one-tenth of one percent and no more than six-tenths of one percent and be added to the total premium rate for family and medical leave benefits. Any projected expenditures of general fund moneys into the family and medical leave insurance account pursuant to section 723 of this act must be excluded from the commissioner's determination of the necessary revenue to pay the administrative and benefit costs of family and medical leave for the calendar year.

(8)(a) The employer must collect from the employees the premiums and any surcharges provided under this section through payroll deductions and remit the amounts collected to the department.

(b) In collecting employee premiums through payroll deductions, the employer shall act as the agent of the employees and shall remit the amounts to the department as required by this title.

(c) On September 30th of each year, the department shall average the number of employees reported by an employer over the last four completed calendar quarters to determine the size of the employer for the next calendar year for the purposes of this section and RCW 50A.24.010.

(9) Premiums shall be collected in the manner and at such intervals as provided in this title and directed by the department.

(10) Premiums collected under this section are placed in trust for the employees and employers that the program is intended to assist.

(11) A city, code city, town, county, or political subdivision may not enact a charter, ordinance, regulation, rule, or resolution:

(a) Creating a paid family or medical leave insurance program that alters or amends the requirements of this title for any private employer;

(b) Providing for local enforcement of the provisions of this title; or

(c) Requiring private employers to supplement duration of leave or amount of

wage replacement benefits provided under this title.

Sec. 963. RCW 70A.200.140 and 2021 c 334 s 987 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the waste reduction, recycling, and litter control account. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Forty percent to the department of ecology, primarily for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for litter collection programs under RCW 70A.200.170. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide; to support employment of youth in litter cleanup as intended in RCW 70A.200.020, and for litter pick up using other authorized agencies; and for statewide public awareness programs under RCW 70A.200.150(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, recycling, and composting so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b)(i) Twenty percent to the department for local government funding programs for waste reduction, litter control, recycling activities, and composting activities by cities and counties under RCW 70A.200.190, to be administered by the department of ecology; (ii) any unspent funds under (b)(i) of this subsection may be used to create and pay for a matching fund competitive grant program to be used by local governments for the development and implementation of contamination reduction and outreach plans for inclusion in comprehensive solid waste management plans or by local governments and nonprofit organizations for local or statewide education programs designed to help the public with litter control, waste reduction, recycling, and composting of primarily the products

taxed under chapter 82.19 RCW. Recipients under this subsection include programs to reduce wasted food and food waste that are designed to achieve the goals established in RCW 70A.205.715(1) and that are consistent with the plan developed in RCW 70A.205.715(3). Grants must adhere to the following requirements: (A) No grant may exceed sixty thousand dollars; (B) grant recipients shall match the grant funding allocated by the department by an amount equal to twenty-five percent of eligible expenses. A local government's share of these costs may be met by cash or contributed services; (C) the obligation of the department to make grant payments is contingent upon the availability of the amount of money appropriated for this subsection (1)(b); and (D) grants are managed under the guidelines for existing grant programs; and

(c) Forty percent to the department of ecology to: (i) Implement activities under RCW 70A.200.150 for waste reduction, recycling, and composting efforts; (ii) provide technical assistance to local governments and commercial businesses to increase recycling markets and recycling and composting programs primarily for the products taxed under chapter 82.19 RCW designed to educate citizens about waste reduction, litter control, and recyclable and compostable products and programs; (iii) increase access to waste reduction, composting, and recycling programs, particularly for food packaging and plastic bags and appropriate composting techniques; and (iv) for programs to reduce wasted food and food waste that are designed to achieve the goals established in RCW 70A.205.715(1) and that are consistent with the plan developed in RCW 70A.205.715(3).

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste.

Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70A.200.170 for the remainder of the funds, so that the most effective waste reduction, litter control, recycling, and composting programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) Funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling, composting, and litter collection, reduction, and control programs.

(5) During the 2021-2023 fiscal biennium, Washington State University may use funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, to conduct an organic waste study.

(6) During the 2021-2023 fiscal biennium, and as an exception to the distribution of expenditures otherwise required in this section, the department of ecology may use funds in the waste reduction, recycling, and litter control account to continue a series of food waste reduction campaigns, to continue to invest in litter prevention campaigns, to conduct a recycling study, and to increase litter control on state highways.

Sec. 964. RCW 71.24.580 and 2021 c 334 s 989 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program and, during the 2021-23 fiscal biennium, for 180 days following graduation from the drug court program; and (c) the administrative and overhead costs associated with the operation of a

drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2019-2021 and 2021-2023 fiscal biennia, funding from the criminal justice treatment account may be used to provide treatment and support services through the conclusion of an individual's treatment plan to individuals participating in a drug court program as of February 24, 2021, if that individual wishes to continue treatment following dismissal of charges they were facing under RCW 69.50.4013(1). Such participation is voluntary and contingent upon substantial compliance with drug court program requirements. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may appropriate from the account for municipal drug courts and increased treatment options. During the 2019-2021 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the home security fund account created in RCW 43.185C.060. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly

payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal

defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for

assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

Sec. 965. RCW 74.13.802 and 2020 c 33 s 7 are each amended to read as follows:

(1) Beginning July 1, 2020, the department shall establish a child welfare housing assistance pilot program, which provides housing vouchers, rental assistance, navigation, and other support services to eligible families.

(a) The department shall operate or contract for the operation of the child welfare housing assistance pilot program under subsection (3) of this section in one county west of the crest of the Cascade mountain range and one county east of the crest of the Cascade mountain range.

(b) The child welfare housing assistance pilot program is intended to shorten the time that children remain in out-of-home care.

(2) A parent with a child who is dependent pursuant to chapter 13.34 RCW and whose primary remaining barrier to reunification is the lack of appropriate housing is eligible for the child welfare housing assistance pilot program.

(3) The department shall contract with an outside entity or entities to operate the child welfare housing assistance pilot program. If no outside entity or entities are available to operate the program or specific parts of the program, the department may operate the program or the specific parts that are not operated by an outside entity.

(4) Families may be referred to the child welfare housing assistance pilot program by a caseworker, an attorney, a guardian ad litem as defined in chapter 13.34 RCW, a parent ally as defined in RCW 2.70.060, an office of public defense social worker, or the court.

(5) The department shall consult with a stakeholder group that must include, but is not limited to, the following:

(a) Parent allies;

(b) Parent attorneys and social workers managed by the office of public defense parent representation program;

(c) The department of commerce;

(d) Housing experts;

(e) Community-based organizations;

(f) Advocates; and

(g) Behavioral health providers.

(6) The stakeholder group established in subsection (5) of this section shall begin meeting after July 28, 2019, and assist the department in design of the child welfare housing assistance pilot program in areas including, but not limited to:

(a) Equitable racial, geographic, ethnic, and gender distribution of program support;

(b) Eligibility criteria;

(c) Creating a definition of homeless for purposes of eligibility for the program; and

(d) Options for program design that include outside entities operating the entire program or specific parts of the program.

(7) By December 1, 2021, the department shall report outcomes for the child welfare housing assistance pilot program to the oversight board for children, youth, and families established pursuant to RCW 43.216.015. The report must include racial, geographic, ethnic, and gender distribution of program support.

(8) The child welfare housing assistance pilot program established in this section is subject to the availability of funds appropriated for this purpose.

(9) This section expires June 30, (~~2022~~) 2023.

Sec. 966. RCW 74.46.561 and 2021 c 334 s 993 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services

provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but for fiscal year 2023 shall be capped so that a nursing home provider's direct care rate does not exceed (~~one hundred thirty~~) 165 percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). The legislature intends to remove the cap on direct care rates by June 30, 2027. Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using countywide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care, except during fiscal year 2023 when the minimum occupancy assumption must be 75 percent. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price

per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMeans construction index value per square foot. The department may use updated RSMeans construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted

average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four

quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the centers for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the

overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for

medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in

fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

Sec. 967. RCW 76.04.516 and 2021 c 298 s 3 are each amended to read as follows:

(1) By December 1st of each even-numbered year, and in compliance with RCW 43.01.036, the department must report to the governor and legislature on the following:

(a) The type and amount of the expenditures made, by fiscal year, and for what purpose, from the wildfire response, forest restoration, and community resilience account created in RCW 76.04.511 and from expenditures made

from the general fund for implementation of this act;

(b) The amount of unexpended and unobligated funds in the wildfire response, forest restoration, and community resilience account and recommendations for the disbursement to local districts;

(c) Progress on implementation of the wildland fire protection 10-year strategic plan including, but not limited to, how investments are reducing human-caused wildfire starts, lowering the size and scale and geography of catastrophic wildfires, reducing the communities, landscapes, and population at risk, and creating resilient landscapes and communities;

(d) Progress on implementation of the 20-year forest health strategic plan as established through the forest health assessment and treatment framework pursuant to RCW 76.06.200 including, but not limited to: Assessment of fire prone lands and communities that are in need of forest health treatments; forest health treatments prioritized and conducted by landowner type, geography, and risk level; estimated value of any merchantable materials from forest health treatments; and number of acres treated by treatment type, including the use of prescribed fire;

(e) Progress on developing markets for forest residuals and biomass generated from forest health treatments.

(2) The department must include recommendations on any adjustments that may be necessary or advisable to the mechanism of funding dispensation as created under chapter 298, Laws of 2021.

(3) The report required in this section should support existing department assessments pursuant to RCW 79.10.530 and 76.06.200.

(4)(a)(i) Prior to the determination of the 2025-2034 sustainable harvest calculation as required by RCW 79.10.320, the department must hire an independent third-party contractor to assist it in updating its forest inventory by increasing the intensity of forest sample plots on all forestlands over the next two biennium. The department's sustainable harvest calculation technical advisory committee must be involved in the design, development, and implementation of this forest inventory update.

(ii) For purposes of this subsection, "forest inventory" means the collection of sample data to estimate a range of forest attributes including, but not limited to, standing volume, stored carbon, habitat attributes, age classes, tree species, and other inventory attributes, including information needed to estimate rates of tree growth and associated carbon sequestration on department lands.

(iii) The department's sustainable harvest calculation technical advisory committee must bring forward recommendations for regular maintenance and updates to the forest inventory on a ten-year basis.

(b) Prior to the determination of the 2025-2034 sustainable harvest calculation as required by RCW 79.10.320, the department must hire a third-party contractor to review, analyze, and advise the department's forest growth and yield modeling, specific to all types of forested acres managed by the department. The department's sustainable harvest calculation technical advisory committee must be involved in the design, review, and analysis of the department's forest growth and yield modeling.

(c) Prior to the determination of the 2025-2034 sustainable harvest calculation as required by RCW 79.10.320 and in the absence of any litigation, pending or in progress, against the department's sustainable harvest calculation, the joint legislative audit and review committee established in chapter 44.28 RCW must oversee and conduct an independent review of the methodologies and data being utilized by the department in the development of the sustainable harvest calculation, including the associated forest inventory, forest growth, harvest and yield data, and modeling techniques that impact harvest levels. In carrying out the review, the joint legislative audit and review committee shall:

(i) Retain one or more contractors with expertise in forest inventories, forest growth and yield modeling, and operational research modeling in forest harvest scheduling to conduct the technical review;

(ii) Be a member of department's sustainable harvest calculation technical advisory committee, along with one of its contractors selected in (c)(i) of this subsection; and

(iii) Prior to the department's determination of the sustainable harvest calculation under RCW 79.10.320, ensure that a completed independent review and report with findings and recommendations is submitted to the board of natural resources and the legislature.

(d) Upon receiving the report from the joint legislative audit and review committee required under (c)(iii) of this subsection, the board of natural resources shall determine whether modifications are necessary to the sustainable harvest calculation prior to approving harvest level under RCW 79.10.320.

NEW SECTION. Sec. 968. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 969. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

THIRD READING**MESSAGE FROM THE SENATE**

March 10, 2022

Madame Speaker:

The Senate receded from its amendment(s) to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1736, and under suspension of the rules returned ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1736 to second reading for purpose of amendment(s). The Senate further adopted amendment 1736-S2.E AMS ENGR S5455.E and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that college students continue to borrow in order to fund their higher education, despite an increase in access to state financial aid. In Washington state, estimates for the

number of borrowers carrying student loan debt are around 800,000 with an average balance around \$33,500, resulting in a total outstanding balance of \$29.4 billion. Student loan debt outpaces other sources of consumer debt, such as credit card and vehicle debt. While research shows that earning a postsecondary credential positively impacts a person's earning potential, high student loan debt erodes much of this benefit.

(2) The legislature recognizes that people with student loan debt are less likely to get married and start a family, establish small businesses, and buy homes. High student loan debt negatively impacts a person's credit score and their debt-to-income ratio, which impacts their ability to qualify for a mortgage. However, student loan debt does not impact all borrowers the same.

(3) Student loan borrowers who struggle the most are typically lower income, first generation, and students of color. Data from the national center for education statistics of a 12-year longitudinal study based on students who began their education in the 2003-04 academic year found the following for students who defaulted: Almost 90 percent had received a Pell grant at one point; 70 percent were first generation college students; 40 percent were in the bottom quarter of income distribution; and 30 percent were African American.

(4) The legislature recognizes though that student loans are beneficial for students who have no other way to pay for college or have expenses beyond tuition and fees. Student loans can open up postsecondary education opportunities for many and help boost the state's economy by increasing the number of qualified graduates to fulfill workforce shortages. However, the legislature finds that high interest rates that accumulate while the student is in college negatively impact the student's ability to prosper financially and contribute to the state's economy after graduation. The legislature also recognizes that there is very little financial aid available to assist students pursuing graduate studies, despite the state's high demand for qualified professionals in fields with workforce shortages such as behavioral health, nursing, software development, teaching, and more. Therefore, the legislature intends to support students pursuing higher education by

establishing a state student loan program that is more affordable than direct federal student loans and private loans. The legislature intends to offer student loans to state residents with financial need who are pursuing undergraduate and high-demand graduate studies at a subsidized, one percent interest rate. The legislature intends for the Washington state student loan program to align with the Washington college grant program, recognizing that student loans are secondary forms of financial aid that often cover expenses beyond tuition. Based on the feasibility of the state student loan program recommendations developed by the Washington student achievement council, in consultation with the Washington state investment board, and the office of the state treasurer, the legislature intends to finance the Washington state student loan program with a one-time \$150,000,000 appropriation to cover annual student loan originations and expenses until repayments are substantial enough to support the program on an ongoing basis.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Borrower" means an eligible student who has received a student loan under the Washington student loan program.

(2) "Eligible expenses" means reasonable expenses associated with the costs of acquiring a postsecondary education such as tuition, fees, books, equipment, room and board, and other expenses as determined by the office.

(3) "Eligible graduate program" means an advanced academic degree in a specialized field of study that has a workforce shortage or is considered high demand, as determined by the office.

(4) "Eligible student" means a student who:

(a) Meets the definition of "resident student" under RCW 28B.15.012(2) (a) through (e);

(b) Has a median family income of 100 percent or less of the state median family income;

(c) Is enrolled in an institution of higher education in an eligible undergraduate or graduate program on at least a half-time basis; and

(d) Has completed an annual application for financial aid as approved by the office.

(5) "Eligible undergraduate program" means a postsecondary education program that leads to a certificate, associate's degree, or bachelor's degree.

(6) "Gift aid" means federal, state, institutional, or private financial aid provided for educational purposes with no obligation of repayment. "Gift aid" does not include student loans or work-study programs.

(7) "Institutions of higher education" includes institutions of higher education authorized to participate in state financial aid programs in accordance with chapter 28B.92 RCW.

(8) "Office" means the office of student financial assistance established under chapter 28B.76 RCW.

(9) "Program" means the Washington student loan program.

(10) "Student loan" means a loan that is approved by the office and awarded to an eligible student to pay for eligible expenses.

NEW SECTION. Sec. 3. (1) The Washington student achievement council, in consultation with the office of the state treasurer and the state investment board shall design a student loan program to assist students who need additional financial support to obtain postsecondary education.

(2) At a minimum, the program design must make recommendations about the following features of a state student loan program and implementation plan:

(a) A low interest rate that is below current federal subsidized student loan interest rates, with one option being a one percent interest rate;

(b) The distribution of loans between graduate students and undergraduate students;

(c) The terms of the loans, including:

(i) Loan limits;

(ii) Grace periods, including grace periods for active duty members of the national guard who may lose eligibility when being called up for active duty; and

(iii) Minimum postsecondary enrollment standards;

(d) The terms and administration of a repayment program, including:

(i) Repayment options such as standard loan repayment contracts and the length of the repayment contracts;

(ii) Income-based repayment plans; and

(iii) Terms of loan forgiveness;

(e) The types and characteristics of borrowers permitted to participate in the program including family income, degree and credential types, and other borrower characteristics. The program must prioritize low-income borrowers; and

(f) The design and administration of an appeals process.

(3) In the design of the program, the Washington student achievement council may recommend contracting with one or more state-based financial institutions regulated by either chapter 31.12 or 30A.04 RCW to provide loan origination and may contract with a third-party entity to provide loan servicing for the program. The Washington student achievement council must use an open and competitive bid process in the selection of one or more state-based financial institutions for loan origination and servicing for the program. A third-party entity providing loan servicing shall comply with all of the requirements for student education loan servicers under chapter 31.04 RCW.

(4) The Washington student achievement council shall contract with an independent actuary to conduct an analysis on the sustainability of the program design, including the ability of the program to operate as self-sustaining if issuing one percent interest rate loans.

(5) The Washington student achievement council shall provide a report on the design, sustainability, and implementation plan for the program to the governor and the higher education committees of the legislature by December 1, 2022, in accordance with RCW 43.01.036.

NEW SECTION. Sec. 4. (1) The Washington student loan program is created to assist students who need additional financial support to obtain postsecondary education. Beginning in the 2024-25 academic year, the office may award student loans under the program to eligible students from the funds available in section 7 of this act.

(2) The program shall be administered by the office. To the extent practicable, the program design must include the recommendations for program design as provided in the report required under section 3 of this act. Student loans shall not be issued unless the program design recommended in section 3 of this act is forecasted by an independent actuary to be self-sustaining and the interest rates for the loans issued under the program do not exceed one percent.

(3) The office is responsible for providing administrative support to execute the duties and responsibilities provided in this chapter. The duties and responsibilities include:

(a) Ensure institutions of higher education have a policy for awarding student loans under the program that prioritizes funding for eligible students who have greater unmet financial need, are lowest income, are first generation college students, and who have received loans under the program in prior years;

(b) Issue low-interest student loans;

(c) Define the terms of repayment;

(d) Collect and manage repayments from borrowers;

(e) Establish an appeals process;

(f) Exercise discretion to revise repayment obligations in certain cases, such as economic hardship or disability;

(g) Publicize the program; and

(h) Adopt necessary rules.

(4) The office is responsible for establishing and administering an appeals process that resolves appeals from borrowers within ninety days of receipt.

NEW SECTION. Sec. 5. The office shall contract with one or more state-based financial institutions regulated by either chapter 31.12 RCW or chapter 30A.04 RCW to provide loan origination and may contract with a third-party entity to provide loan servicing for the program. A third-party entity providing loan servicing shall comply with all of the requirements for student education loan servicers under chapter 31.04 RCW.

NEW SECTION. Sec. 6. (1) The office shall collect data on the program in collaboration with the institutions of

higher education. The data must include, but is not limited to:

(a) The number of eligible students who were awarded a student loan;

(b) The number of borrowers;

(c) The average borrowed annual and total balances;

(d) Borrower demographics;

(e) The institutions of higher education and educational fields of borrowers; and

(f) Repayment statistics, including:

(i) The number of borrowers in active repayment, deferment, delinquency, forbearance, and default;

(ii) The average time it took for borrowers to enter delinquency and default;

(iii) Demographic and educational data of borrowers enrolled in the income-based repayment plan option;

(iv) Demographic and educational data of borrowers in different repayment statuses, including delinquency and default; and

(v) Information about what happened to borrowers who defaulted.

(2) Beginning December 1, 2026, and in compliance with RCW 43.01.036, the office must submit an annual report on the data collected under subsection (1) of this section and any other relevant information regarding the program to the higher education committees of the legislature.

NEW SECTION. Sec. 7. The Washington student loan account is created in the custody of the state treasurer. All receipts from the Washington student loan program must be deposited in the account. Expenditures from the account may be used only for administration and the issuance of new student loans. Only the executive director of the Washington student achievement council or the executive director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, moneys in the account may be spent only after appropriation.

Sec. 8. RCW 43.79A.040 and 2021 c 175 s 10 and 2021 c 108 s 5 are each reenacted and amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury, and may be commingled with moneys in the state treasury for cash management and cash balance purposes.

(2) All income received from investment of the treasurer's trust fund must be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments must occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer must distribute the earnings credited to the investment income account to the state general fund except under (b), (c), and (d) of this subsection.

(b) The following accounts and funds must receive their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The 24/7 sobriety account, the Washington promise scholarship account, the Gina Grant Bull memorial legislative page scholarship account, the Rosa Franklin legislative internship program scholarship (~~((account))~~) account, the Washington advanced college tuition payment program account, the Washington college savings program account, the accessible communities account, the Washington achieving a better life experience program account, the community and technical college innovation account, the agricultural local fund, the American Indian scholarship endowment fund, the foster care scholarship endowment fund, the foster care endowed scholarship trust fund, the contract harvesting revolving account, the Washington state combined fund drive account, the commemorative works account, the county enhanced 911 excise tax account, the county road administration board emergency loan

recovery trust fund, the student achievement council tuition recovery trust fund, the tuition recovery trust fund, the Washington student loan account, the industrial insurance premium refund account, the mobile home park relocation fund, the natural resources deposit fund, the Washington state health insurance pool account, the federal forest revolving account, and the library operations account.

(c) The following accounts and funds must receive eighty percent of their proportionate share of earnings based upon each account's or fund's average daily balance for the period: The advance right-of-way revolving fund, the advanced environmental mitigation revolving account, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.

(d) Any state agency that has independent authority over accounts or funds not statutorily required to be held in the custody of the state treasurer that deposits funds into a fund or account in the custody of the state treasurer pursuant to an agreement with the office of the state treasurer shall receive its proportionate share of earnings based upon each account's or fund's average daily balance for the period.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

Sarah Bannister, Secretary

SIGNED BY THE SPEAKER

The Speaker signed the following bill:

ENGROSSED SUBSTITUTE SENATE BILL NO.
5693

The Speaker called upon Representatives J. Johnson and Kirby to preside.

RESOLUTION

HOUSE RESOLUTION NO. 2022-4667, by Representatives Sullivan and Kretz

WHEREAS, It is necessary to provide for the continuation of the work of the House of Representatives after its adjournment and during the interim periods between legislative sessions;

NOW, THEREFORE, BE IT RESOLVED, That the Executive Rules Committee may assign subject matters, bills, memorials, and resolutions to authorized committees of the House of Representatives for study during the interim, and the Speaker of the House of Representatives may create special and select committees as may be necessary to carry out the functions, including interim studies, of the House of Representatives in an orderly manner and shall appoint members to such committees with the approval of the Executive Rules Committee; and

BE IT FURTHER RESOLVED, That, during the interim, the schedules, agendas, locations, and formats for all meetings of any legislative task force, committee, or subcommittee shall be approved by the Executive Rules Committee, and those task forces, committees, or subcommittees may conduct hearings and scheduling without a quorum being present; and

BE IT FURTHER RESOLVED, That, during the interim, the Executive Rules Committee may authorize committee meetings to be conducted in person or in remote or hybrid formats. When participating remotely in any committee meeting, members shall be considered present for purposes of a quorum and voting; and

BE IT FURTHER RESOLVED, That, during the interim, authorized committees have the power of subpoena, the power to administer oaths, and the power to issue commissions for the examination of witnesses in accordance with chapter 44.16 RCW if and when specifically authorized by the Executive Rules Committee for specific purposes and specific subjects; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives shall complete the work of the 2022 Regular Session of the Sixty-Seventh Legislature during interim periods, and all details that arise therefrom, including the editing, indexing, and publishing of the journal of the House of Representatives; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives shall make the necessary inventory of furnishings, fixtures, and supplies; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives may approve vouchers of the members of the House of Representatives, covering expenses incurred during the interim for official business of the Legislature in accordance with policies set by the Executive Rules Committee, at the per diem rate provided by law and established by the Executive Rules Committee, for each day or major portion of a day, plus mileage at the rate provided by law and established by the Executive Rules Committee; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives shall, during the interim, and as authorized by the Speaker of the House of Representatives, retain or hire any necessary employees and order necessary supplies, equipment, and printing to enable the House of Representatives to carry out its work promptly and efficiently, and accept committee reports, committee bills, prefiled bills, memorials, and resolutions as directed by the Rules of the House of Representatives; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives shall have authority to execute personal services contracts relating to workplace investigations, and with approval of the Executive Rules Committee, may execute other types of personal services contracts that necessitate the expenditure of House of Representatives appropriations; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives shall execute the necessary vouchers upon which warrants are drawn for all legislative expenses and expenditures of the House of Representatives; and

BE IT FURTHER RESOLVED, That members and employees of the Legislature be reimbursed for expenses incurred in attending authorized conferences and meetings at the rate provided by law and established by the Executive Rules Committee, plus mileage to and from the conferences and meetings at the rate provided by law and established by the Executive Rules Committee, which reimbursement shall be paid on vouchers from any appropriation made to the House of Representatives for legislative expenses; and

BE IT FURTHER RESOLVED, That, during the interim, the use of the House of Representatives Chamber, any of its committee rooms, or any of the furniture or furnishings in them is permitted upon such terms and conditions as the Chief Clerk of the House of Representatives shall deem appropriate; and

BE IT FURTHER RESOLVED, That the Chief Clerk of the House of Representatives may express the sympathy of the House of Representatives by sending flowers and correspondence when the necessity arises; and

BE IT FURTHER RESOLVED, That this Resolution applies throughout the interim between sessions of the Sixty-Seventh Legislature, as well as any committee assembly.

Representatives Sullivan and Kretz spoke in favor of the adoption of the resolution.

There being no objection, HOUSE RESOLUTION NO. 4667 was adopted.

There being no objection, the House advanced to the fourth order of business.

March 31, 2022

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill No. 1122 entitled:

“AN ACT Relating to the retirement age for state guard members.”

Section 1 of House Bill 1122 updates the retirement age for Washington state guard members. Current law allows volunteer guard members to serve until age 64, with possible one-year extensions until age 68. This bill retains the retirement age of 64 but now allows for unlimited two-year extensions if the member is physically and mentally capable of completing assigned mission tasks and if the extension is approved by leadership. Section 2 is an emergency clause that would make this change effective immediately. I agree that allowing volunteers to serve for as long as they can complete their tasks is beneficial to our entire community. However, as important as this bill is, modifying the retirement age of volunteer state guard members is not an emergency.

For these reasons I have vetoed Section 2 of House Bill No. 1122.

With the exception of Section 2, House Bill No. 1122 is approved.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 15, Engrossed Second Substitute House Bill No. 1153 entitled:

“AN ACT Relating to language access in public schools.”

Engrossed Second Substitute House Bill 1153 provides for expanded language access programs in public schools. Funding was provided for the work at the Office of Superintendent of Public Instruction, the School for the Blind, and the Center for Deaf and Hard of Hearing Youth, but funding was not explicitly provided for the Office of Equity. Section 15 is a null and void clause, which may operate to nullify the entire bill because funding was not explicitly provided for the Office of Equity. Therefore, I am vetoing Section 15 of this bill in order to ensure that this important work occurs.

For these reasons I have vetoed Section 15 of Engrossed Second Substitute House Bill No. 1153.

With the exception of Section 15, Engrossed Second Substitute House Bill No. 1153 is approved.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Jay Inslee".

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 1623 entitled:

“AN ACT Relating to addressing the extent to which Washington residents are at risk of rolling blackouts and power supply inadequacy events.”

I would first like to thank Representative Mosbrucker for her continued focus on meeting our state's energy needs. Ensuring that our electricity grid continues to reliably provide power to Washingtonians is a priority for me as well, which is why we have multiple state agencies already working on this issue. For example, the Department of Commerce and the Utilities and Transportation Commission already convene annual meetings to review resource adequacy needs. And, under the Clean Energy Transformation Act, the Department of Commerce is required to provide a report to the Legislature every four years on this issue. All of this work is in addition to the annual resource adequacy assessment conducted by the Northwest Power and Conservation Council. In light of these ongoing efforts, the work outlined in the bill is redundant to, and its requirements do not align with, existing state government efforts on this important issue.

For these reasons I have vetoed Substitute House Bill No. 1623 in its entirety.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Jay Inslee".

The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 1648 entitled:

“AN ACT Relating to replacing an inactive certificate status with an inactive license designation.”

House Bill 1648 is identical to Senate Bill 5519, which was already signed into law at the close of this session.

For these reasons I have vetoed House Bill No. 1648 in its entirety.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute House Bill No. 1655 entitled:

“AN ACT Relating to having safety rest areas open to the public as soon as possible.”

Section 1 describes the important role that rest stops provide to help truck drivers rest and operate safely. However, it overlooks that the rest stop closures were due to a variety of reasons, including the lack of security and safety for truckers, the public, and the employees at those rest stops. A similar budget proviso in Engrossed Substitute Senate Bill 5689 properly reflects the need to address security at certain rest stops in order for them to ensure the safety of these facilities. In addition, Section 1 is not necessary to implement the policies set forth in the bill.

For these reasons I have vetoed Section 1 of Substitute House Bill No. 1655.

With the exception of Section 1, Substitute House Bill No. 1655 is approved.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 4 and 5, Engrossed Substitute House Bill No. 1694 entitled:

“AN ACT Relating to logistical processes for the regulation of priority chemicals in consumer products.”

Sections 4 and 5 of this bill are existing statutes related to two different reports that must be provided to the Legislature regarding priority chemicals. However, the proposed changes that were made to these statutes in the original bill were removed as this bill moved through the legislative process, leaving the current statutes unchanged. I am vetoing sections 4 and 5 of this bill because they do not make any amendments to the underlying statutes in question.

For these reasons I have vetoed Sections 4 and 5 of Engrossed Substitute House Bill No. 1694.

With the exception of Sections 4 and 5, Engrossed Substitute House Bill No. 1694 is approved.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 1704 entitled:

“AN ACT Relating to the regulation of service contracts and protection product guarantees.”

House Bill 1704 undermines existing law which passed unanimously in in 1999, at the request of the Attorney General, after the default of several companies that sold product protection guarantees, or warranties, leaving consumers without means to access the benefits they paid for. The state Insurance Commissioner expressed great concern that this bill erodes consumer protections by allowing default reimbursement insurance policies and removing the "first dollar" standard that currently protects consumers with a full reimbursement of purchased services or product protections, without delays or confusing and complex transactions. Washington state's customers are best served by maintaining current law.

For these reasons I have vetoed House Bill No. 1704 in its entirety.

Respectfully submitted,

March 25, 2022

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 19, 20, 21, and 22, Engrossed Second Substitute House Bill No. 1812 entitled:

“AN ACT Relating to modernizing the energy facility site evaluation council to meet the state's clean energy goals.”

Section 19 of Engrossed Second Substitute House Bill 1812 directs the Department of Commerce to conduct a study and stakeholder engagement around rural energy issues; however, the Legislature did not provide funding for this work. Fortunately, there is important study and stakeholder engagement work directed by the Legislature that is underway now, including a stakeholder process looking at how to effectively and responsibly site low-carbon energy. Recommendations from these efforts are due by the end of the year. In addition, the WSU Energy Program is launching a study and stakeholder process for how to site solar energy generation with the least conflicts.

There are significant economic development and job opportunities in clean energy in rural Washington and throughout the state. On our shared path to clean energy and a safe climate, I am committed to learning from and having dialogue with rural communities across the state about clean energy, including project siting, and about how we can support vibrant rural communities as we transition to a clean energy economy. Doing this well will require deep engagement with rural communities. Therefore, I am directing the Department of Commerce to bring forward a proposal for funding in the 2023-25 biennium to conduct a study and stakeholder engagement process for key issues around clean energy and rural communities.

In addition, Sections 20, 21, and 22 amend statutes of an existing joint legislative committee and give it a new charge related to examining energy facility siting. That new charge is intended to be informed by the results of the Department of Commerce study in Section 19. Because that study was not funded, the committee would lack a key information source for their work.

For these reasons I have vetoed Sections 19, 20, 21, and 22 of Engrossed Second Substitute House Bill No. 1812.

With the exception of Sections 19, 20, 21, and 22, Engrossed Second Substitute House Bill No. 1812 is approved.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 8 and 9, Engrossed Substitute House Bill No. 1846 entitled:

“AN ACT Relating to providing a tax preference for rural and nonrural data centers.”

Section 8 of Engrossed Substitute House Bill 1846 directs the Department of Commerce to contract with the Pacific Northwest National Laboratory to evaluate Washington's current and future grid resilience and reliability. Ensuring that our electricity grid continues to reliably provide power to Washingtonians is a priority, which is why we have multiple state agencies already working on this issue. The requirements established in Section 8 are redundant to resource adequacy planning efforts already underway at the Utilities and Transportation Commission, the Department of Commerce, and the Northwest Power and Conservation Council. And while we welcome additional resources for scenario planning and modeling, that work should be undertaken by the Northwest Power and Conservation Council, as it aligns with their existing forecasting and modeling work.

Section 9 of this bill is a null and void clause that would nullify Section 8 if no funding is provided for the purposes of Section 8. Although no funding was provided for Section 8, Section 9 is no longer relevant or necessary because I am vetoing Section 8.

For these reasons I have vetoed Sections 8 and 9 of Engrossed Substitute House Bill No. 1846.

With the exception of Sections 8 and 9, Engrossed Substitute House Bill No. 1846 is approved.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Second Substitute House Bill No. 2075 entitled:

“AN ACT Relating to establishing service requirements for the department of social and health services.”

During the pandemic, it was necessary and proper to close in-person services within our state agencies to protect the lives of workers and clients. Once we achieved the proper level of vaccination and safety measures, I directed agencies to restore in-person services, and these services have been restored. I agree that closed offices, long wait times and dropped phone calls are frustrating to clients and may result in a delay in receiving benefits. Reopening offices only partially addressed these issues, and more progress will require changes to the system and further investments.

The executive branch always strives to manage state programs in the best manner possible, within the authorization and resources provided by the legislative branch. Identifying specific performance metrics, in particular without the necessary resources, is an overreach in our respective roles. The Secretary and I remain committed to improving the delivery of state services, and I am directing her to develop a service improvement proposal for consideration in my next biennial budget request.

For these reasons I have vetoed Engrossed Second Substitute House Bill No. 2075 in its entirety.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 16, Engrossed Substitute House Bill No. 2076 entitled:

“AN ACT Relating to rights and obligations of transportation network company drivers and transportation network companies.”

Engrossed Substitute House Bill 2076 focuses on matters specific to the driver of a Transportation Network Company and the nature of the employment relationship with the company. Section 16 exempts transportation network companies and drivers from the "common carrier" statutes. However, more work needs to be done in this sector focused on consumer protections, and Section 16 adds ambiguity without adequate additional consumer protections in place. It is critical that we respond to this concern in future legislation before putting this exemption into law. I am confident this is a matter that the legislature will address.

For these reasons I have vetoed Section 16 of Engrossed Substitute House Bill No. 2076.

With the exception of Section 16, Engrossed Substitute House Bill No. 2076 is approved.

Respectfully submitted,
