loans to state residents with financial need who are pursuing undergraduate and high-demand graduate studies at a subsidized, one percent interest rate. The legislature intends for the Washington state student loan program to align with the Washington college grant program, recognizing that student loans are secondary forms of financial aid that often cover expenses beyond tuition.

NEW SECTION. **Sec. 2.** (1) The Washington student achievement council, in consultation with the office of the state treasurer and the state investment board shall design a student loan program to assist students who need additional financial support to obtain postsecondary education.

(2) At a minimum, the program design must make recommendations about the following features for a state student loan program and implementation plan:

(a) A low interest rate that is below current federal subsidized student loan interest rates, with one option being a one percent interest rate;

(b) The distribution of loans between graduate students and undergraduate students;

(c) The terms of the loans, including:

(i) Loan limits;

(ii) Grace periods; and

(iii) Minimum postsecondary enrollment standards;

(d) The terms and administration of a repayment program, including:

(i) Repayment options such as standard loan repayment contracts and the length of the repayment contracts;

(ii) Income-based repayment plans; and

(iii) Terms of loan forgiveness;

(e) The types and characteristics of borrowers permitted to participate in the program including family income, degree and credential types, and other borrower characteristics. The program must prioritize low-income borrowers; and

(f) The design and administration of an appeals process.

(3) In the design of the program, the office may recommend contracting with one or more state-based financial institutions regulated by either chapter 31.12 or 30A.04 RCW to provide loan

origination and may contract with a third-party entity to provide loan servicing for the program. A third-party entity providing loan servicing shall comply with all of the requirements for student education loan servicers under chapter 31.04 RCW.

(4) The student achievement council, in consultation with the office of the treasurer and the state investment board shall include an analysis on the sustainability of the program design.

(5) The student achievement council shall provide a report on the design and implementation plan for the state student loan program to the governor and the higher education committees of the legislature by December 1, 2022, in accordance with RCW 43.01.036.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act constitute a new chapter in Title 28B RCW."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 2, 2022

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1876 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the people have reserved for themselves the power to enact or reject legislation through the initiative and referendum process, as provided in Article II, section 1 of the state Constitution. The legislature finds that when exercising this right, the people are entitled to know the fiscal impact that their vote will have on public investments at the time they

cast their ballots. The legislature further finds that when a ballot measure will affect funding for public investments, a neutral, nonprejudicial disclosure of the public investments affected will provide greater transparency and necessary information for voters.

NEW SECTION. Sec. 2. A new section is added to chapter 29A.72 RCW to read as follows:

(1) The attorney general must prepare a public investment impact disclosure for any ballot measure that:

(a) Repeals, levies, or modifies any tax or fee, including changing the scope or application of an existing tax or fee; and

(b) Has a fiscal impact statement, as provided by RCW 29A.72.025, that shows that adoption of the measure would cause a net change in state revenue.

(2) The public investment impact disclosure must include a description of the investments that will be affected if the measure is adopted. The description must be sufficiently broad to reflect the subject of the investments that will be impacted by the change in revenue that will result from adoption of the measure, but also sufficiently precise to give notice of the subject matter of the investments that will be impacted by the change in revenue that will result from adoption of the measure. The description may not exceed 10 words, unless the fiscal impact is primarily to the state general fund, in which case the description must list the top three categories of state services funded by the general fund in the current state budget and may not exceed 15 words. The attorney general may consult with the office of financial management or any other state or local agencies as necessary to procure accurate information to draft the description.

(3) The format of the public investment impact disclosure, as it appears on the ballot, is:

"This measure would (increase or decrease) funding for (description of services)."

(4) In drafting the public investment impact disclosure, the attorney general must use neutral language that cannot reasonably be expected to create prejudice for or against the measure.

(5) The attorney general must file the public investment impact disclosure with the secretary of state no later than July 31st.

(6) The secretary of state must certify the public investment impact disclosure and timely transmit it to each county auditor for its inclusion on the ballot.

(7) Public investment impact disclosures are considered part of the ballot title under this chapter and are subject to the legal requirements for ballot titles.

Sec. 3. RCW 29A.72.050 and 2003 c 111 s 1806 are each amended to read as follows:

(1) The ballot title for an initiative to the people, an initiative to the legislature, a referendum bill, or a referendum measure consists of: (a) A statement of the subject of the measure; (b) a concise description of the measure; and (c) a question in the form prescribed in this section for the ballot measure in question. The statement of the subject of a measure must be sufficiently broad to reflect the subject of the measure, sufficiently precise to give notice of the measure's subject matter, and not exceed ten words. The concise description must contain no more than thirty words, be a true and impartial description of the measure's essential contents, clearly identify the proposition to be voted on, and not, to the extent reasonably possible, create prejudice either for or against the measure.

(2) If a public investment impact disclosure is required under section 2 of this act, the disclosure must appear in the middle of the ballot title, after the concise description and before the question. The disclosure is not, however, considered part of the ballot title and is not subject to any of the legal requirements for ballot titles under this chapter.

(3) For an initiative to the people, or for an initiative to the legislature for which the legislature has not proposed an alternative, the ballot title and public investment impact disclosure, if applicable, must be displayed on the ballot substantially as follows:

"Initiative Measure No. . . . concerns (statement of subject). This measure would (concise description). (Public investment impact disclosure, if

applicable). Should this measure be enacted into law?

Yes

No

~~((3))~~ (4) For an initiative to the legislature for which the legislature has proposed an alternative, the ballot title and public investment impact disclosure, if applicable, must be displayed on the ballot substantially as follows:

"Initiative Measure Nos. . . . and . . .B concern (statement of subject).

Initiative Measure No. . . . would (concise description). (Public investment impact disclosure, if applicable).

As an alternative, the legislature has proposed Initiative Measure No. . . .B, which would (concise description). (Public investment impact disclosure, if applicable).

1. Should either of these measures be enacted into law?

Yes

No

2. Regardless of whether you voted yes or no above, if one of these measures is enacted, which one should it be?

Measure No.

or

Measure No.

~~((4))~~ (5) For a referendum bill submitted to the people by the legislature, the ballot issue and public investment impact disclosure, if applicable, must be displayed on the ballot substantially as follows:

"The legislature has passed Bill No. . . . concerning (statement of subject). This bill would (concise description). (Public investment impact disclosure, if applicable). Should this bill be:

Approved

Rejected

~~((5))~~ (6) For a referendum measure by state voters on a bill the legislature has passed, the ballot issue and public investment impact disclosure, if applicable, must be displayed on the ballot substantially as follows:

"The legislature passed . . . Bill No. . . . concerning (statement of subject) and voters have filed a sufficient referendum petition on this bill. This bill would (concise description). (Public investment impact disclosure, if applicable). Should this bill be:

Approved

Rejected

~~((6))~~ (7) The legislature may specify the statement of subject or concise description, or both, in a referendum bill that it refers to the people. The legislature may specify the concise description for an alternative it submits for an initiative to the legislature. If the legislature fails to specify these matters, the attorney general shall prepare the material that was not specified. The statement of subject and concise description as so provided must be included as part of the ballot title unless changed on appeal.

The attorney general shall specify the statement of subject and concise description for an initiative to the people, an initiative to the legislature, and a referendum measure. The statement of subject and concise description as so provided must be included as part of the ballot title unless changed on appeal.

Sec. 4. RCW 29A.72.290 and 2013 c 11 s 76 are each amended to read as follows:

The county auditor of each county shall print on the official ballots for the election at which initiative and referendum measures and measures for an advisory vote of the people are to be submitted to the people for their approval or rejection, the serial numbers ~~((and))~~, ballot titles, and public investment impact disclosures certified by the secretary of state and the serial numbers and short descriptions of measures for an advisory vote of the people. They must appear under separate headings in the order of the serial numbers as follows:

- (1) Initiatives to the people;
- (2) Referendum measures;
- (3) Referendum bills;
- (4) Initiatives to the legislature;
- (5) Initiatives to the legislature and legislative alternatives;
- (6) Advisory votes;

(7) Proposed constitutional amendments.

Sec. 5. RCW 29A.72.025 and 2009 c 415 s 7 are each amended to read as follows:

The office of financial management, in consultation with the secretary of state, the attorney general, and any other appropriate state or local agency, shall prepare a fiscal impact statement for each of the following state ballot measures: (1) An initiative to the people that is certified to the ballot; (2) an initiative to the legislature that will appear on the ballot; (3) an alternative measure appearing on the ballot that the legislature proposes to an initiative to the legislature; (4) a referendum bill referred to voters by the legislature; and (5) a referendum measure appearing on the ballot. Fiscal impact statements must be written in clear and concise language, avoid legal and technical terms when possible, and be filed with the secretary of state no later than ~~((the tenth day of August))~~ July 31st. Fiscal impact statements may include easily understood graphics.

A fiscal impact statement must describe any projected increase or decrease in revenues, costs, expenditures, or indebtedness that the state or local governments will experience if the ballot measure were approved by state voters. Where appropriate, a fiscal impact statement may include both estimated dollar amounts and a description placing the estimated dollar amounts into context. A fiscal impact statement must include both a summary of not to exceed one hundred words and a more detailed statement that includes the assumptions that were made to develop the fiscal impacts.

Fiscal impact statements must be available online from the secretary of state's website and included in the state voters' pamphlet. Additional information may be posted on the website of the office of financial management."

On page 1, line 4 of the title, after "revenue;" strike the remainder of the title and insert "amending RCW 29A.72.050, 29A.72.290, and 29A.72.025; adding a new section to chapter 29A.72 RCW; and creating a new section."

and the same is herewith transmitted.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate Amendment to SUBSTITUTE HOUSE BILL NO. 1876 and asked the Senate for a conference thereon. The Speaker (Representative Bronoske presiding) appointed Representatives Gregerson, Valdez and Volz as conferees.

MESSAGE FROM THE SENATE

March 2, 2022

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1153 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) It is the policy of the state to welcome and encourage the presence of diverse cultures and the use of diverse languages and modalities of communication in business, government, and private affairs in this state. To this end, the state has developed interpreter credentialing programs for court, medical, and social service settings.

(b) According to a report from the United States department of education, 50 years of research has shown that family engagement has beneficial impacts on student grades, test scores, drop-out rates, students' sense of competence, and beliefs about the importance of education. In Washington, many students' family members have language access barriers because they prefer to communicate in a language other than English or require communication assistance services. Washington public schools' ability to effectively communicate with students and their family members who have language access barriers plays a vital role in reducing educational opportunity gaps. Failure to provide language access hinders communication between schools and families, which leads to long-term economic costs when a substantial fraction of the students in Washington are not able to realize their full potential.

(c) Effective two way communication between school staff and student's

families in educational settings outside the classroom is not taking place for a variety of reasons, including: (i) Some school districts do not consistently assess the language needs of their communities or consistently evaluate the effectiveness of their language access services; (ii) resources, including time and money, are often not prioritized to engage families with language access barriers; and even when language access is a priority, some districts do not know the best practices for engaging families with language access barriers; (iii) school staff are often not trained on how to engage families with language access barriers, how to engage and use interpreters in educational settings outside the classroom, or when to provide translated documents; and (iv) there are not enough interpreters qualified to work in educational settings outside the classroom.

(d) Providing meaningful, equitable language access to students and their family members who have language access barriers is not only a civil right, but will help students meet the state's basic education goals under RCW 28A.150.210 resulting in a decrease in the educational opportunity gap between learners with language access barriers and other students, because student outcomes improve when families are engaged in their student's education.

(2) Therefore, the legislature intends to require public schools to implement a language access plan and program for culturally responsive, systemic family engagement developed through meaningful stakeholder engagement. The legislature intends to provide training, tools, and other technical assistance to public schools to support the development, implementation, and evaluation of their language access plans and programs. In addition, the legislature intends to direct the development and implementation of credentialing for spoken and sign language interpreters for students' families in educational settings outside the classroom, with the goal of creating a professional interpreter workforce guided by a code of ethics and standards of practice. Finally, the legislature intends to establish an ongoing advisory committee to guide, monitor, and report on the implementation of these new policies.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this

chapter unless the context clearly requires otherwise.

(1) "Interpreter" means a spoken language or sign language interpreter working in a public school, as defined in RCW 28A.150.010, to interpret for students' families, students, and communities in educational settings outside the classroom.

(2) "Qualified interpreter" means an interpreter who is able to interpret effectively, accurately, and impartially, both receptively and expressively using any necessary specialized vocabulary until the office of the superintendent of public instruction and the Washington professional educator standards board establish a different definition in rule making.

(3) "2020 and 2021 reports of the language access work group" means the reports of the language access work group created by section 2, chapter 256, Laws of 2019, and reconvened and expanded by section 501(3)(g), chapter 334, Laws of 2021.

NEW SECTION. Sec. 3. The principles of an effective language access program for culturally responsive, systemic family engagement are as follows:

(1) Accessibility and equity. Schools provide access to all; two-way communication is a priority and is woven into the design of all programs and services;

(2) Accountability and transparency. The language access program and decision-making processes at all levels are: Open, accessible, and useable to families; proactive, not reactive; continuously improved based on ongoing feedback from families and staff; and regulated by a clear and just complaint process;

(3) Responsive culture. Schools are safe, compassionate places where each family's opinions are heard, needs are met, and contributions are valued. School staff are humble and empathetic towards families; and

(4) Focus on relationships. Schools seek to relate to families on an individual level, building trust through respectful relationships that recognize the unique strengths that each family and student possesses.

NEW SECTION. Sec. 4. (1) The center for the improvement of student learning

established in RCW 28A.300.130 must implement a language access technical assistance program for culturally responsive, systemic family engagement that meets the requirements of this section.

(2) Subject to the availability of amounts appropriated for this specific purpose, the language access technical assistance program must:

(a) Adhere to the principles of an effective language access program for culturally responsive, systemic family engagement established in section 3 of this act;

(b) Provide training and technical assistance to support the implementation of language access programs for culturally responsive, systemic family engagement required under sections 5 and 8 of this act;

(c) Develop and maintain training modules for interpreters on interpreting for students' families and students in educational settings outside the classroom;

(d) Develop, periodically update, and publish a language access toolkit that includes the following resources:

(i) A self-assessment for evaluating the provision of language access services;

(ii) A guide for the development, implementation, and evaluation of a language access policy, procedures, and plan that meets the specific needs of families and the community;

(iii) Best practices for using interpreter services provided by dual role staff and contract interpreters, for using remote interpretation, and for translating documents;

(iv) Language access service evaluation templates for spoken and sign languages;

(v) Information for students' families about their language access rights, translated into English, Spanish, and at least the next nine languages most commonly used by students and their families; and

(vi) Sample job description of school district language access coordinators and building points of contact for language access services;

(e) Develop, periodically update, and publish bilingual glossaries of education terminology;

(f) Analyze and publish language access and language access service information submitted as required under section 6 of this act. In addition to disaggregation by the student race and ethnicity categories and subcategories described in RCW 28A.300.042 (1) and (3), the published information must be disaggregated, to the extent possible, by language, school district and school, type of meeting, and other demographics or categories; and

(g) Provide staff support for the language access advisory committee established in section 10 of this act.

(3) The activities of and resources provided by the language access technical assistance program must take into consideration the recommendations in the 2020 and 2021 reports of the language access work group.

NEW SECTION. Sec. 5. (1) Each school district must designate a language access liaison to facilitate district compliance with state and federal laws related to family engagement, including the requirements under this section and section 6 of this act. If a school district has a language access coordinator with duties as described in subsection (4)(c) of this section, the language access coordinator may also be the language access liaison.

(2) By October 1, 2022, each school district must adopt a language access policy and procedures that adheres to the principles of an effective language access program for culturally responsive, systemic family engagement established in section 3 of this act and incorporates the model policy and procedures described in section 9 of this act.

(3) Beginning with the 2023-24 school year, each school district must implement a language access program for culturally responsive, systemic family engagement. Implementation of a language access program requires that a school district, at a minimum, complete the following activities:

(a) Adopt a language access plan that outlines how the school district identifies language access needs, allocates resources, establishes standards for providing language access

services, and monitors the effectiveness of the language access program;

(b) Administer the self-assessment for evaluating the provision of language access services, which is part of the toolkit described in section 4 of this act;

(c) Use the guide for the development, implementation, and evaluation of a language access policy, procedures, and plan, which is part of the toolkit described in section 4 of this act. The processes for developing and evaluating the language access policy, procedures, and plan must engage staff, students' families, and other community members in ways likely to result in timely and meaningful feedback, for example partnering with community based organizations and providing translation and interpretation in common languages understood by students' families;

(d) Review, periodically, the language access policy and procedures adopted as required under subsection (2) of this section to incorporate updates made to the model policy and procedures described in section 9 of this act;

(e) Collaborate with community-based organizations on how to work effectively with interpreters; and

(f) Review, update, and publish, at least annually, information about the school district's language access plan, policy and procedures, and language access services, including the need for, and spending on, language access services. The information must include notice to families about their right to free language access services and the contact information for any school district language access coordinator and any building points of contact for language access services. The information must be translated into common languages understood by students' families.

(4)(a) Except as required under (b) of this subsection, school districts are encouraged to have a language access coordinator with the duties described in (c) of this subsection.

(b) Beginning with the 2023-24 school year, school districts with at least 50 percent English learner enrollment or greater than 75 languages used by students or families must either: (i) Have a full-time language access coordinator with the duties described in

(c) of this subsection; or (ii) annually report to the office of the superintendent of public instruction the total number of hours school district staff spent performing the language access coordinator duties described in (c) of this subsection and other information as required by the office of the superintendent of public instruction.

(c) The duties of the school district language access coordinator are to: (i) Serve as the primary contact for families, community members, school district staff responsible for monitoring compliance with chapter 28A.642 RCW, the office of the superintendent of public instruction, and the office of the education ombuds on issues related to language access needs and language access services; (ii) collaborate with any building points of contact for language access services; (iii) receive training and technical assistance provided under section 4 of this act; and (iv) deliver language access training and support to school district staff.

(5) The requirements in this section do not apply to school districts with both fewer than 1,000 enrolled students and less than 10 percent English learner enrollment.

NEW SECTION. Sec. 6. (1) School districts must annually collect the following language access and language access service information for use by the school district:

(a) The language in which each student and student's family prefers to communicate;

(b) Whether a qualified interpreter for the student's family was requested for and provided at meetings reported in the longitudinal student data system established under RCW 28A.300.500; and

(c) Other data on provision of language access services.

(2) School districts must submit the information collected under subsection (1) of this section at the time and in the manner required by the office of the superintendent of public instruction.

(3) Beginning in the 2023-24 school year, school districts must provide an opportunity for participants in each interpreted meeting to provide feedback on the effectiveness of the

interpretation and the provision of language access services.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.710 RCW to read as follows:

Sections 5 and 6 of this act govern school operation and management under RCW 28A.710.040 and apply to charter schools established under this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 72.40 RCW to read as follows:

The center for deaf and hard of hearing youth and the state school for the blind must comply with the requirements in sections 5 and 6 of this act.

NEW SECTION. Sec. 9. (1) By August 1, 2022, and periodically thereafter, the Washington state school directors' association must collaborate with the office of the superintendent of public instruction to update a model policy and procedures for implementing a language access program for culturally responsive, systemic family engagement.

(a) When updating the model policy and procedures, the Washington state school directors' association must perform a racial equity impact analysis that involves the community.

(b) The model policy and procedure must include procedures for the school district board of directors to annually review the spending on and the need for language access services.

(c) The model policy and procedure must address procedures for effective communication with students' families who are deaf, deaf and blind, blind, hard of hearing, or need other communication assistance.

(d) The elements of the model policy and procedures must take into consideration the recommendations in the 2020 and 2021 reports of the language access work group.

(2) The office of the superintendent of public instruction and the Washington state school directors' association must maintain the model policy and procedures on each agency's website, at no cost to school districts.

NEW SECTION. Sec. 10. (1) The office of the superintendent of public instruction shall establish the language access advisory committee to guide and monitor the implementation of this act

and to recommend changes to requirements, policies, and procedures related to language access and language access services for students' families, students, and communities in educational settings outside the classroom.

(2) At a minimum, the advisory committee must guide, monitor, and make recommendations on the following topics:

(a) The effectiveness of language access policies, procedures, and programs;

(b) Family and community engagement, with a focus on multicultural families, families whose students have multiple barriers to student achievement, and families least engaged with their schools;

(c) The definition of "qualified interpreter";

(d) Supply of and demand for interpreters;

(e) Training for interpreters;

(f) Credentialing requirements for interpreters, including a code of professional conduct;

(g) Grants to cover nonstate controlled interpreter credentialing requirement costs;

(h) Language access and language access service data collection and analysis; and

(i) Evidence-based practices regarding language access, including best practice for using state and federal funding to provide language access services.

(3)(a) The members of the advisory committee must include representatives from spoken and sign language services users, community organizations that provide direct services to non-English speaking families, interpreters for students' families, interpreter preparation programs, advocacy organizations, schools, and school districts.

(b) Members of the advisory committee must be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. Subject to available funding and as determined by the office of the superintendent of public instruction, members of the advisory committee who do not receive compensation from their employer or contractor for attendance, either in person or virtually, at a

meeting of the advisory committee are eligible for a stipend.

(4) Staff support for the advisory committee must be provided by the language access technical assistance program described in section 4 of this act, except with respect to credentialing requirements for interpreters, for which staff support must also be provided by the Washington professional educator standards board.

(5) The advisory committee must collaborate with the Washington professional educator standards board, the Washington state office of equity established in RCW 43.06D.020, the educational opportunity gap oversight and accountability committee created in RCW 28A.300.136, and other office of the superintendent of public instruction committees that focus on ensuring equity in access to opportunities for all students.

(6) By November 1, 2024, and periodically thereafter, the advisory committee must submit, in compliance with RCW 43.01.036, a report on implementation of this chapter to the office of the superintendent of public instruction, the Washington professional educator standards board, the governor, and the appropriate committees of the legislature.

NEW SECTION. Sec. 11. (1) The office of the superintendent of public instruction and the Washington professional educator standards board shall collaborate to establish credentialing requirements for interpreters as described in this section.

(2) Prior to establishing new credentialing requirements for interpreters, the office of the superintendent of public instruction and the Washington professional educator standards board must consult with the language access advisory committee established in section 10 of this act.

(3) The credentialing requirements for interpreters must take into consideration the recommendations in the 2020 and 2021 reports of the language access work group.

(4) Credentialing requirements for interpreters, which must include minimum employment requirements, may be phased in as training and testing options become available and may be tiered based on the

structure and significance of the interaction between school staff and the student's family.

(5) The office of the superintendent of public instruction and the Washington professional educator standards board must establish, and periodically update, a definition of "qualified interpreter" for purposes of this chapter and for other purposes.

(6) Once a code of professional conduct for interpreters is established, the superintendent of public instruction has the power to issue, suspend, and revoke interpreter credentials to which the code applies and to take other disciplinary actions against interpreters to which the code applies.

(7) Any activities provided by the office of the superintendent of public instruction or the professional educator standards board that are required to meet credentialing requirements, including training, testing, and applications, must be made available at no cost to people who want to be interpreters.

(8) The electronic educator certification process must be adapted to include interpreter credentials.

NEW SECTION. Sec. 12. The office of the superintendent of public instruction and the Washington professional educator standards board may adopt rules under chapter 34.05 RCW that are necessary for the effective and efficient implementation of this chapter.

NEW SECTION. Sec. 13. RCW 28A.155.230 (Student language) and 2019 c 256 s 3 are each repealed.

NEW SECTION. Sec. 14. Sections 2 through 6 and 9 through 12 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION. Sec. 15. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2022, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "schools;" strike the remainder of the title and insert "adding a new section to chapter 28A.710 RCW; adding a new section to chapter 72.40 RCW; adding a new chapter to Title 28A RCW; creating new sections; and repealing RCW 28A.155.230."

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1673 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.155.160 and 2021 c 332 s 7040 are each amended to read as follows:

(1) The board, in collaboration with the office, shall establish a competitive grant and loan program to award funding to eligible applicants in order to promote the expansion of access to broadband service in unserved areas of the state.

(2)(a) Grants and loans may be awarded under this section to assist in funding acquisition, installation, and construction of middle mile and last mile infrastructure that supports broadband services and to assist in funding strategic planning for deploying broadband service in unserved areas.

(b) The board may choose to fund all or part of an application for funding, provided that the application meets the requirements of subsection ~~((4))~~ (11) of this section.

(3) Eligible applicants for grants and loans awarded under this section include:

- (a) Local governments;
- (b) Tribes;
- (c) Nonprofit organizations;
- (d) Cooperative associations;
- (e) Multiparty entities comprised of public entity members;
- (f) Limited liability corporations organized for the purpose of expanding broadband access; and

(g) Incorporated businesses or partnerships.

(4)(a) The board shall develop administrative procedures governing the ~~((application))~~ preapplication and award process. The board shall act as fiscal agent for the program and is responsible for receiving and reviewing applications and awarding funds under this section.

(b) At least sixty days prior to the first day ~~((applications))~~ preapplications may be submitted each fiscal year, the board must publish on its website the specific criteria and any quantitative weighting scheme or scoring system that the board will use to evaluate or rank applications and award funding.

(c) The board may maintain separate accounting in the statewide broadband account created in RCW 43.155.165 as the

board deems necessary to carry out the purposes of this section.

(d) The board must provide a method for the allocation of loans, grants, provision of technical assistance, and interest rates under this section.

(5) An applicant for a grant or loan under this section must provide the following information on the ~~((application))~~ preapplication:

(a) The location and description of the project;

(b) Evidence regarding the unserved nature of the community in which the project is to be located;

(c) Evidence that proposed infrastructure will be capable of scaling to greater download and upload speeds;

(d) The number of households passed that will gain access to broadband service as a result of the project or whose broadband service will be upgraded as a result of the project;

~~(e) ((The estimated cost of retail services to end users facilitated by a project;~~

~~(f) The proposed actual download and upload speeds experienced by end users;~~

~~(g) Evidence of significant community institutions that will benefit from the proposed project;~~

~~(h) Anticipated economic, educational, health care, or public safety benefits created by the project;~~

~~(i) Evidence of community support for the project;~~

~~(j) If available, a description of the applicant's user adoption assistance program and efforts to promote the use of newly available broadband services created by the project;~~

~~(k) The estimated total cost of the project;~~

~~(l) Other sources of funding for the project that will supplement any grant or loan award;~~

~~(m) A demonstration of the project's long term sustainability, including the applicant's financial soundness, organizational capacity, and technical expertise;~~

~~(n) A strategic plan to maintain long-term operation of the infrastructure;~~

~~(o)) Evidence that ((no later than six weeks)) before submission of the application, the applicant contacted, in writing, all entities providing broadband service near the proposed project area to ask each broadband service provider's plan to upgrade broadband service in the project area to speeds that meet or exceed the state's definition for broadband service as defined in RCW 43.330.530, within the time frame specified in the proposed grant or loan activities;~~

~~((p)) (f) If applicable, the broadband service providers' written responses to the inquiry made under ((o)) (e) of this subsection; ((and~~

~~(q)) (g) The proposed geographic broadband service area and the proposed broadband speeds in the form and manner prescribed by the board;~~

~~(h) Evidence of community support for the project; and~~

~~(i) Any additional information requested by the board.~~

~~(6) An applicant for a grant or loan under this section must provide the following information on the application:~~

~~(a) ((Within thirty days of the close of the grant and loan application process, the)) The final location and description of the project;~~

~~(b) Evidence that the proposed infrastructure will be capable of scaling to greater download and upload speeds;~~

~~(c) The number of households passed that will gain access to broadband service as a result of the project or whose broadband service will be upgraded as a result of the project;~~

~~(d) The estimated cost of retail services to end users facilitated by a project;~~

~~(e) The proposed actual download and upload speeds experienced by end users;~~

~~(f) Evidence of significant community institutions that will benefit from the proposed project;~~

~~(g) Anticipated economic, educational, health care, or public safety benefits created by the project;~~

~~(h) If available, a description of the applicant's user adoption assistance program and efforts to promote the use of~~

newly available broadband services created by the project;

(i) The estimated total cost of the project;

(j) Other sources of funding for the project that will supplement any grant or loan award;

(k) A demonstration of the project's long-term sustainability, including the applicant's financial soundness, organizational capacity, and technical expertise;

(l) A strategic plan to maintain long-term operation of the infrastructure;

(m) If applicable, documentation describing the outcome of the broadband service providers' written responses to the inquiry made prior to or during the preapplication phase; and

(n) Any additional information requested by the board.

(7)(a) The board shall publish on its website for at least 30 days the proposed geographic broadband service area and the proposed broadband speeds for each ((application)) proposed broadband project submitted in the preapplication period.

(b) The board shall, within three business days following the close of the preapplication cycle, publish on its website preapplications as described in subsection (5) of this section.

(c) The board shall set an objection period of at least 30 days.

((b)) (8)(a) Any existing broadband service provider near the proposed project area may(, within thirty days of publication of the information under (a) of this subsection,) submit in writing to the board an objection to ((an application)) a proposed broadband project. An objection must contain information demonstrating that:

(i) The project would result in overbuild, meaning that the objecting provider currently provides, or has begun construction to provide, broadband service to end users in the proposed project area at speeds equal to or greater than ((the state speed goals contained in RCW 43.330.536)) the speeds contained in the definition of broadband in RCW 43.330.530(2); or

(ii) The objecting provider commits to complete construction of broadband

infrastructure and provide broadband service to end users in the proposed project area at speeds equal to or greater than ((the state speed goals contained in RCW 43.330.536)) the speeds contained in the definition of broadband in RCW 43.330.530(2), no later than twenty-four months after the date awards are made under this section for the grant and loan cycle under which the ((application)) preapplication was submitted.

((e)) (b) Objections submitted to the board under this subsection must be certified by affidavit.

((d)) (c) The board may evaluate the information submitted under this section by the objecting provider and must consider it in making a determination on the ((application)) proposed broadband project objected to. The board may request clarification or additional information. The board may choose to not fund a project if the board determines that the objecting provider's commitment to provide broadband service that meets the requirements of ((b)) (a) of this subsection in the proposed project area is credible. In assessing the commitment, the board may consider whether the objecting provider has or will provide a bond, letter of credit, or other indicia of financial commitment guaranteeing the project's completion.

((e)) (d) If the board denies funding to an applicant as a result of a broadband service provider's objection made under this section, and the broadband service provider does not fulfill its commitment to provide broadband service in the project area, then for the following two grant and loan cycles, the board is prohibited from denying funding to an applicant on the basis of a challenge by the same broadband service provider, unless the board determines that the broadband service provider's failure to fulfill the provider's commitment was the result of factors beyond the broadband service provider's control. The board is not prohibited from denying funding to an applicant for reasons other than an objection by the same broadband service provider.

((f)) (e) An applicant or broadband service provider that objected to the application may request a debriefing conference regarding the board's decision on the application. Requests for debriefing must be coordinated by the

office and must be submitted in writing in accordance with procedures specified by the office.

~~((+g+))~~ (f) Confidential business and financial information submitted by an objecting provider under this subsection is exempt from disclosure under chapter 42.56 RCW.

~~((+7+))~~ (9)(a) In evaluating applications and awarding funds, the board shall give priority to applications that are constructed in areas identified as unserved.

(b) In evaluating applications and awarding funds, the board may give priority to applications that:

(i) Provide assistance to public-private partnerships deploying broadband infrastructure from areas currently served with broadband service to areas currently lacking access to broadband services;

(ii) Demonstrate project readiness to proceed;

(iii) Construct infrastructure that is open access, meaning that during the useful life of the infrastructure, service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employing accountable interconnection arrangements published and available publicly;

(iv) Are submitted by tribal governments whose reservations are in rural and remote areas where reliable and efficient broadband services are unavailable to many or most residents;

(v) Bring broadband service to tribal lands, particularly to rural and remote tribal lands or areas servicing rural and remote tribal entities;

(vi) Are submitted by tribal governments in rural and remote areas that have spent significant amounts of tribal funds to address the problem but cannot provide necessary broadband services without either additional state support, additional federal support, or both;

(vii) Serve economically distressed areas of the state as the term "distressed area" is defined in RCW 43.168.020;

(viii) Offer new or substantially upgraded broadband service to important

community anchor institutions including, but not limited to, libraries, educational institutions, public safety facilities, and health care facilities;

(ix) Facilitate the use of telemedicine and electronic health records, especially in deliverance of behavioral health services and services to veterans;

(x) Provide technical support and train residents, businesses, and institutions in the community served by the project to utilize broadband service;

(xi) Include a component to actively promote the adoption of newly available broadband services in the community;

(xii) Provide evidence of strong support for the project from citizens, government, businesses, and community institutions;

(xiii) Provide access to broadband service to a greater number of unserved households and businesses, including farms;

(xiv) Utilize equipment and technology demonstrating greater longevity of service;

(xv) Seek the lowest amount of state investment per new location served and leverage greater amounts of funding for the project from other private and public sources;

(xvi) Include evidence of a customer service plan;

(xvii) Consider leveraging existing broadband infrastructure and other unique solutions;

(xviii) Benefit public safety and fire preparedness; or

(xix) Demonstrate other priorities as the board, in collaboration with the office, may prescribe by rule.

(c) The board shall endeavor to award funds under this section to qualified applicants in all regions of the state.

(d) The board shall consider affordability and quality of service to end users in making a determination on any application.

(e) The board, in collaboration with the office, may develop additional rules for eligibility, project preapplications, project applications, the associated objection process, and funding priority, as provided under this

subsection and subsections (3), (5), ~~((and))~~ (6), (7), and (8) of this section.

(f) The board, in collaboration with the office, may adopt rules for a voluntary nonbinding mediation between incumbent providers and applicants to the grant and loan program created in this section.

~~((8))~~ (10) To ensure a grant or loan to a private entity under this section primarily serves the public interest and benefits the public, any such grant or loan must be conditioned on a guarantee that the asset or infrastructure to be developed will be maintained for public use for a period of at least fifteen years.

~~((9))~~ (11)(a) No funds awarded under this section may fund more than fifty percent of the total cost of the project, except as provided in (b) of this subsection.

(b) The board may choose to fund up to ninety percent of the total cost of a project in financially distressed areas as the term "distressed area" is defined in RCW 43.168.020, and in areas identified as Indian country as the term "Indian country" is defined in WAC 458-20-192.

(c) Funds awarded to a single project under this section must not exceed two million dollars, except that the board may choose to fund projects qualifying for the exception in (b) of this subsection up to, but not to exceed, five million dollars.

~~((10) Except for during the 2021-2023 fiscal biennium, prior to awarding funds under this section, the board must consult with the Washington utilities and transportation commission. The commission must provide to the board an assessment of the technical feasibility of a proposed application. The board must consider the commission's assessment as part of its evaluation of a proposed application.~~

~~((11))~~ (12) The board shall have such rights of recovery in the event of default in payment or other breach of financing agreement as may be provided in the agreement or otherwise by law.

~~((12))~~ (13) The community economic revitalization board shall facilitate the timely transmission of information and documents from its broadband program

to the board in order to effectuate an orderly transition.

~~((13))~~ (14)(a) Subject to rules promulgated by the board, the board may make low-interest or interest-free loans or grants to eligible applicants for emergency public works broadband projects. While developing rules, the board shall consider prioritizing broadband infrastructure projects that replace existing infrastructure impacted by an emergency, as described in (b) of this subsection.

(b) Emergency public works broadband projects include construction, repair, reconstruction, replacement, rehabilitation, or improvement to critical broadband infrastructure that has been made necessary by a natural disaster or damaged by unforeseen events. To ensure limited resources are provided as efficiently as possible, the board shall grant priority to emergency public works projects that replace existing infrastructure of the provider whose facilities were damaged by the unforeseen event and shall not provide funds to a new provider to overbuild the existing provider. The loans or grants may be used to help fund all or part of an emergency public works broadband infrastructure project less any reimbursement from any of the following sources: (i) Federal disaster or emergency funds, including funds from the federal emergency management agency; (ii) state disaster or emergency funds; (iii) insurance settlements; and (iv) litigation.

(c) Eligible applicants for grants and loans awarded under this subsection are the same as those described in subsection (3) of this section.

(15) The definitions in RCW 43.330.530 apply throughout this section unless the context clearly requires otherwise.

(16) For purposes of this section, a "proposed broadband project" means a project that has been submitted as a preapplication to the public works board.

Sec. 2. RCW 42.56.270 and 2021 c 308 s 4 are each amended to read as follows:

The following financial, commercial, and proprietary information is exempt from disclosure under this chapter:

(1) Valuable formulae, designs, drawings, computer source code or object code, and research data obtained by any agency within five years of the request

MESSAGE FROM THE SENATE

March 1, 2022

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1785 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.43.380 and 2018 c 140 s 1 are each amended to read as follows:

(1)(a) The minimum monthly salary paid to state patrol troopers and sergeants must be competitive with law enforcement agencies within the boundaries of the state of Washington, guided by the results of a survey undertaken in the collective bargaining process during each biennium. ~~((The salary levels must be guided by the average of compensation paid to the corresponding rank from the Seattle police department, King county sheriff's office, Tacoma police department, Snohomish county sheriff's office, Spokane police department, and Vancouver police department.))~~ Compensation must be calculated using base salary, premium pay (a pay received by more than a majority of employees), education pay, and longevity pay. The compensation comparison data is based on the Washington state patrol and the law enforcement agencies listed in this section. ~~Increases ((~~it~~)) for sergeants will be extended to the salary levels for~~

~~captains and lieutenants ((that are collectively bargained must be proportionate to the)) through the collective bargaining process to ensure proportionality of increases ((~~it~~ salaries for troopers and sergeants as a result of the survey described in this section)).~~

(b)(i) Until July 1, 2028, the comparisons for determining competitiveness with other law enforcement agency salary levels must be guided by the average of compensation paid to the corresponding rank from the Seattle police department, King county sheriff's office, Tacoma police department, Snohomish county sheriff's office, Spokane police department, and Vancouver police department.

(ii) Beginning July 1, 2028, the comparisons for determining competitiveness with other law enforcement agency salary levels must be guided by the average of compensation paid to the corresponding rank from the Seattle police department, King county sheriff's office, Tacoma police department, Snohomish county sheriff's office, Spokane police department, and Vancouver police department, unless the office of financial management determines that one or more agencies should be replaced in this comparison with another law enforcement agency pursuant to the periodic evaluation process specified in (b)(iii) of this subsection.

(iii) By January 1, 2028, and each decade thereafter, the office of financial management must conduct an evaluation of the six agencies that are relevant for comparison to ensure state patrol troopers and sergeant salary levels are competitive with other law enforcement agencies within the boundaries of the state of Washington. If the office of financial management determines that one or more agencies specified in (b)(ii) of this subsection should be replaced in this comparison with a different law enforcement agency that is more relevant to ensure salary competitiveness, the office of financial management may utilize that revised compensation comparison data in the survey undertaken in the collective bargaining process during each biennium.

(2) By December 1, 2024, as part of the salary survey required in this section, the office of financial management must report to the governor

and transportation committees of the legislature on the efficacy of Washington state patrol recruitment and retention efforts. Using the results of the 2016 salary survey as the baseline data, the report must include an analysis of voluntary resignations of state patrol troopers and sergeants and a comparison of state patrol academy class sizes and trooper graduations.

~~((3) This section expires June 30, 2025.))~~

Sec. 2. RCW 41.56.475 and 2008 c 149 s 1 are each amended to read as follows:

In addition to the classes of employees listed in RCW 41.56.030~~((+7))~~ (14), the provisions of RCW 41.56.430 through 41.56.452 and 41.56.470, 41.56.480, and 41.56.490 also apply to Washington state patrol officers appointed under RCW 43.43.020 as provided in this section, subject to the following:

(1) Within ~~((ten))~~ 10 working days after the first Monday in September of every odd-numbered year, the state's bargaining representative and the bargaining representative for the appropriate bargaining unit shall attempt to agree on an interest arbitration panel consisting of three members to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. Each party shall name one person to serve as its arbitrator on the arbitration panel. The two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, the two appointed members shall use one of the two following options in the appointment of the third member, who shall act as chair of the panel: (a) By mutual consent, the two appointed members may jointly request the commission to, and the commission shall, appoint a third member within two days of such a request. Costs of each party's appointee shall be borne by each party respectively; other costs of the arbitration proceedings shall be borne by the commission; or (b) either party may apply to the commission, the federal mediation and conciliation service, or the American arbitration association to provide a list of five qualified arbitrators from which the

neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties. Immediately upon selecting an interest arbitration panel, the parties shall cooperate to reserve dates with the arbitration panel for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the names of the members of the arbitration panel and the dates reserved for bargaining and arbitration. This subsection imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(2) The mediator or arbitration panel may consider only matters that are subject to bargaining under RCW 41.56.473.

(3) The decision of an arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to wages and wage-related matters of an arbitrated collective bargaining agreement, is not binding on the state or the Washington state patrol.

(4) In making its determination, the arbitration panel shall be mindful of the legislative purpose enumerated in RCW 41.56.430 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) The constitutional and statutory authority of the employer;

(b) Stipulations of the parties;

(c) Comparison of the hours and conditions of employment of personnel involved in the proceedings with the hours and conditions of employment of ~~((like personnel of))~~ like employers of similar size ~~((on the west coast of the United States))~~ identified in RCW 43.43.380;

(d) Changes in any of the foregoing circumstances during the pendency of the proceedings; and

(e) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under RCW 41.56.473."

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1881 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of health.

(2) "Birth doula" means a person that is a nonmedical birth coach or support person trained to provide physical, emotional, and informational support to birthing persons during pregnancy, antepartum, labor, birth, and the postpartum period. Birth doulas advocate for and support birthing people and families to self-advocate by helping them to know their rights and make informed decisions. Birth doulas do not provide medical care.

(3) "Postpartum period" means the 12-month period beginning on the last day of the pregnancy.

(4) "Secretary" means the secretary of health.

NEW SECTION. Sec. 2. (1) A birth doula may voluntarily apply for certification from the department under this section.

(2) The department shall issue a certification to any applicant who has met the following requirements:

(a) Submitted a completed application as required by the department;

(b) Satisfactorily completed competencies that meet the requirements established by the secretary;

(c) Has not engaged in unprofessional conduct as defined in RCW 18.130.180;

(d) Is not currently subject to any disciplinary proceedings; and

(e) Paid a certification fee established by the secretary in rule.

(3) The uniform disciplinary act, chapter 18.130 RCW, governs the issuance and denial of certifications and the discipline of certified birth doulas under this chapter.

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

NEW SECTION. **Sec. 3.** (1) The secretary shall:

(a) In collaboration with community partners who advance equitable access to improve perinatal outcomes and care through holistic services for black and brown communities, adopt rules establishing the competency-based requirements that a birth doula must meet to obtain certification. The rules must establish processes that allow for applicants to meet the competency-based requirements through the following pathways:

(i) Successful completion of training and education programs approved by the secretary; and

(ii) Submission of proof of successful completion of culturally congruent ancestral practices, training, and education that the secretary must review and determine whether the training and education meet the competency-based requirements;

(b) Establish certification and renewal fees, administrative procedures, continuing education, administrative requirements, and forms necessary to implement this chapter in accordance with RCW 43.70.250 and 43.70.280;

(c) Maintain a record of all applicants and certifications under this chapter; and

(d) Hire clerical, administrative, and investigative staff as needed to implement and administer this chapter.

(2) All fees collected under this chapter must be credited to the health professions account as required under RCW 43.70.320.

NEW SECTION. **Sec. 4.** (1) Nothing in this chapter prohibits a person from practicing as a birth doula without obtaining certification under this chapter.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1881, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 2, 2022

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1956 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 42.56 RCW to read as follows:

(1) The following information or records created or maintained by the department of corrections is exempt from public inspection and copying under this chapter:

(a) Body scanner images from any system designed to detect and visualize contraband hidden in body cavities or beneath clothing, including backscatter X-ray, millimeter wave, and transmission X-ray systems;

(b) The following information and records created or maintained pursuant to the federal prison rape elimination act, 34 U.S.C. Sec. 30301 et seq., and its regulations:

(i) Risk assessments, risk indicators, and monitoring plans;

(ii) Reports of sexual abuse or sexual harassment, as defined under 28 C.F.R. 115.6;

(iii) Records of open prison rape elimination act investigations; and

(iv) The identities of individuals other than department of corrections staff, contractors, and volunteers, in closed prison rape elimination act investigation reports and related investigative materials; however, the identity of an accused individual is not exempt if the allegation is determined to have been substantiated; and

(c) Health information in records other than an incarcerated individual's medical, mental health, or dental files.

(2) The exemption of information or records described under subsection (1)(b) and (c) of this section does not apply to requests by the incarcerated individual who is the subject of the information, a requestor with the written permission of the incarcerated individual who is the subject of the information, or a personal representative of an incarcerated individual who is the subject of the information. In response to such requests, the department of corrections may withhold information revealing the identity of other incarcerated individuals.

(3) An agency refusing, in whole or in part, inspection of a public record containing information listed in subsection (1)(c) of this section may cite to subsection (1)(c) of this section, without further explanation, when providing the brief explanation required by RCW 42.56.210(3), and shall also identify the number of pages withheld, if any pages are withheld in their entirety.

(4) For purposes of this section:

(a) "Health information" means any information that identifies or can readily be associated with the identity of an incarcerated individual and directly relates to the following: Medical, mental health, or dental diagnoses or conditions; medical, mental health, or dental services, treatments, or procedures, including requests for or complaints about such services, treatments, or procedures; transgender, intersex, nonbinary, or gender nonconforming status; sexual orientation; genital anatomy; or gender-affirming care or accommodations other than an incarcerated individual's preferred name, pronouns, and gender marker.

(b) The following information is not "health information" under this section: (i) Health care information subject to RCW 42.56.360(2) and chapter 70.02 RCW; and (ii) information related to injuries, other than injuries related to medical procedures or genital anatomy, contained in incident reports, infraction records, or use of force reports, prepared by department of corrections staff other than health care providers.

(c) "Incarcerated individual" has the same meaning as "inmate" under RCW

72.09.015 and includes currently or formerly incarcerated individuals.

NEW SECTION. Sec. 2. This act is remedial, curative, and retroactive, and the exemptions in section 1 of this act apply retroactively to any public records request made prior to the effective date of this section for which disclosure of records has not already occurred.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 3 of the title, after "safety;" strike the remainder of the title and insert "adding a new section to chapter 42.56 RCW; creating a new section; and declaring an emergency."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1956, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1015 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** This chapter may be known and cited as the Washington equitable access to credit act.

NEW SECTION. **Sec. 2.** A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limitations in this section, a credit is allowed against the tax imposed under this chapter for contributions made by a person to the equitable access to credit program created in chapter 43.--- RCW (the new chapter created in section 6 of this act).

(2)(a) The person must make the contribution before claiming a credit authorized under this section. The credit may be used against any tax due under this chapter. The amount of the credit claimed for a reporting period may not exceed the tax otherwise due under this chapter for that reporting period. No person may claim more than \$1,000,000 of credit in any calendar year, including credit carried over from a previous calendar year. No refunds may be granted for any unused credits.

(b) Any amount of tax credit otherwise allowable under this section not claimed by the person in any calendar year may be carried forward and claimed against a person's tax liability for the next

succeeding calendar year; and any credit not used in that next succeeding calendar year may be carried forward and claimed against the person's tax liability for the second succeeding calendar year, but may not be carried over for any calendar year thereafter.

(3) Credits are available on a first-in-time basis. The department must disallow any credits, or portions thereof, that would cause the total amount of credits claimed under this section for any calendar year to exceed \$8,000,000. If this limitation is reached, the department must notify the department of commerce that the annual statewide limit has been met. In addition, the department must provide written notice to any person who has claimed tax credits in excess of the limitation in this subsection. The notice must indicate the amount of tax due and provide the tax be paid within 30 days from the date of the notice. The department may not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(4) To claim a credit under this section, a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. Any return, form, or information required to be filed in an electronic format under this section is not filed until received by the department in electronic format. As used in this subsection, "returns" has the same meaning as "return" in RCW 82.32.050.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section.

(6) The equitable access to credit program must provide to the department, upon request, such information as may be needed to verify eligibility for credit under this section, including information regarding contributions received by the program.

(7) The maximum credit that may be earned for each calendar year under this section for a person is limited to the lesser of \$1,000,000 or an amount equal to 100 percent of the contributions made

by the person to the equitable access to credit program.

(8) No credit may be earned for contributions made on or after June 30, 2027. Credits may be claimed as provided in subsections (2) through (4) of this section; however, credits may not be claimed prior to January 1, 2023.

(9) For the purposes of this section, "equitable access to credit program" means a program established within the department of commerce pursuant to section 3 of this act.

(10) The provisions of chapter 82.32 RCW apply to the administration of this section.

(11) This section expires July 1, 2027.

NEW SECTION. Sec. 3. (1) Subject to appropriation, the department of commerce shall create and operate the equitable access to credit program. The purpose of the equitable access to credit program is to award grants to qualified lending institutions, using funds generated by business and occupation tax credits created in section 2 of this act, for the purpose of providing access to credit for historically underserved communities. The equitable access to credit program must be governed by the provisions of this chapter and by any guidelines developed and rules adopted by the department of commerce pursuant to this chapter.

(2) The following requirements apply to the operation of the equitable access to credit program:

(a) No more than 25 percent of all grants awarded in any calendar year may be awarded to the same grant recipient;

(b) Up to 20 percent of an individual grant award may be used by the grant recipient to fund a loan loss reserve, technical assistance, and/or small business training programs;

(c) At least 65 percent of the value of all grants awarded in any calendar year must be provided for native community development financial institution grantees or grantees to provide services or invest, or both, in rural counties as defined in RCW 82.14.370; and

(d) Beginning in fiscal year 2022, up to five percent of the program revenues may be used for all agencies' staffing

and other administrative costs related to the implementation of this act. In the event that the statewide limit in section 2(3) of this act is not reached, the percentage used for administration may be increased as necessary to maintain normal staffing operations, not to exceed 10 percent.

(3) In order to receive a grant award under the equitable access to credit program, a qualified lending institution must:

(a) Be recognized by the United States department of the treasury as:

(i) An emerging community development financial institution; or

(ii) A certified community development financial institution;

(b) Match any grant awarded by the equitable access to credit program on:

(i) At least a five percent basis, if the institution is recognized by the United States department of the treasury as an emerging community development financial institution;

(ii) At least a 10 percent basis, if the institution:

(A) Is recognized by the United States department of the treasury as a certified community development financial institution; and

(B) Has net assets of fewer than \$3,000,000 at the time of the grant application; or

(iii) At least a 25 percent basis, if the institution:

(A) Is recognized by the United States department of the treasury as a certified emerging community development financial institution; and

(B) Has net assets of \$3,000,000 or more at the time of the grant application;

(c) Be registered as a nonprofit organization exempt from taxation under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended, as of the effective date of this section; and

(d) Demonstrate a history of lending in Washington.

(4) The director must appoint members to an advisory board that will assist the department in ranking applications for

the grants. The department is encouraged to seek representation from members with relevant expertise, including those from the banking industry familiar with community development financial institutions, rural economic development professionals, local government representatives, and representatives from federally recognized Indian tribes. The department shall seek, to the greatest extent possible, a fair geographic balance.

(5)(a) The following criteria must be considered in ranking applications:

(i) The number and total value of loans and investments closed during the previous five-year period by the qualified lending institution in Washington and the percentage of those loans and investments that went to historically underserved communities;

(ii) Funds leveraged by the proposed grant award, which may be no less than 25 percent for certified community development financial institutions with net assets of \$3,000,000 or more at the time of the grant application;

(iii) Projected loan or investment production with the award over the performance period of the grant;

(iv) How the award supports the growth of the qualified lending institution;

(v) Past performance of loans and investments made by the qualified lending institution including, where applicable, past performance of loans and investments made using funds from the equitable access to credit program; and

(vi) Awards to a diversity of qualified lending institution awardees, including institutions of different sizes or with different target markets or products, access to historically underserved communities, or other differentiators that ensure a broad-base access to capital.

(b) The department may also include such additional criteria as it deems helpful in achieving the goal of ensuring access to credit to underserved communities across the state.

(6) Grants may be awarded from the equitable access to credit program beginning six months after the first tax credits are claimed pursuant to section 2 of this act. Grant awards must cease from the equitable access to credit

program upon the expiration of this chapter.

(7) No loan or investment made by a qualified lending institution using funds awarded from the equitable access to credit program may have an interest rate that exceeds 200 basis points above the Wall Street Journal prime rate when the loan or investment is made.

(8) Once a loan or investment made by a qualified lending institution using funds awarded from the equitable access to credit program has been repaid, the qualified lending institution must reloan the repaid funds consistent with the terms of this chapter.

(9) A qualified lending institution that receives funds from the equitable access to credit program must submit a report to the department of commerce by June 30th of each year that contains the following information:

(a) A list of loans and investments made using funds from the equitable access to credit program's grant and associated match, including, on a per-borrower or per-investee basis:

(i) The date the loan or investment was originated;

(ii) The amount of the loan or investment;

(iii) The total cost of the project, including owner equity and leverage;

(iv) The interest rate and interest type;

(v) The Wall Street Journal prime rate at the time the loan or investment is made;

(vi) The term;

(vii) The number of permanent full-time equivalent jobs projected to be created in the business due to this financing;

(viii) Whether the loan or investment utilized a guarantee program;

(ix) The North American industry classification system code;

(x) The entity structure;

(xi) Whether the investee or borrower is more than 50 percent owned or controlled by:

(A) One or more minorities;

(B) One or more women; or

(C) One or more low-income persons;

(xii) The race of the primary investee(s) or borrower(s);

(xiii) Whether the primary investee or borrower is Hispanic or Latino; and

(xiv) The location, by city and county, in which funds from the program will be invested;

(b) Certification that each loan or investment made using funds from the program was to a historically underserved community; and

(c) Other information as required by the department of commerce.

(10) No later than September 15th of each year, beginning in 2022, the department of commerce must submit a report to the appropriate committees of the legislature that contains the following information:

(a) The list of grant applicants, total value of grants requested, and the location of each applicant;

(b) The list of grant recipients, total amount of awards, and required match amounts; and

(c) On an aggregate basis, information on loans and investments as reported under subsection (9) of this section.

(11) The department may contract for all or part of the administration of this section.

(12) The department may adopt rules as necessary to implement this section.

NEW SECTION. Sec. 4. The equitable access to credit program account is created in the custody of the state treasurer. All receipts from contributions to the equitable access to credit program created by this chapter must be deposited in the account. Expenditures from the account may be used only for the award of grants to qualified lending institutions from the equitable access to credit program and administrative costs pursuant to section 3 of this act. Only the director of the department of commerce or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Any funds remaining in the account upon the expiration of this chapter must be transferred to the state general fund.

NEW SECTION. Sec. 5. (1) This section is the tax preference performance statement for the tax preference contained in section 2, chapter . . . , Laws of 2022 (section 2 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or to be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to create or retain jobs pursuant to RCW 82.32.808(2)(c), as well as encourage community and economic development within communities that have historically lacked access to capital.

(3) It is the legislature's specific public policy objective to create a program that encourages investment in small, underserved businesses to encourage community and economic development in Washington.

(4) The legislature intends to extend the expiration date of this tax preference if a review finds that the equitable access to credit program has had a net positive impact on investment in communities historically underserved by credit and on state and local tax revenues. In conducting its review under this section, the joint legislative audit and review committee should consider, among other data:

(a) The number and aggregate amount of loans and investments originated under the program, including with revolved dollars;

(b) Overall match, including project leverage, invested by grant recipients;

(c) The balance sheet growth of community development financial institutions that received grants from the program;

(d) Whether participants in the program achieved balance sheet growth during the time of their participation in the program;

(e) The percentage of community development financial institutions in Washington that received funding from the program; and

(f) The level of ongoing demand for funding from the program.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to any data collected by the state.

(6) This section expires July 1, 2027.

NEW SECTION. **Sec. 6.** Sections 1, 3, and 4 of this act constitute a new chapter in Title 43 RCW."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "adding a new section to chapter 82.04 RCW; adding a new chapter to Title 43 RCW; creating a new section; and providing expiration dates."

and the same is herewith transmitted.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1015, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1643 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that Washington state has one of the strongest economies in the country. However, despite the strong economy, our state has entered an affordable housing crisis where low-income and middle-income households have the fewest number of housing options. Furthermore, it is estimated that Washington state's housing gap is among the most severe in the nation, with only 29 affordable and available rental homes for every 100 extremely low-income households.

(2) The legislature concludes that in the spirit of one Washington, the health of all Washingtonians will benefit from a larger stock in affordable housing. Therefore, it is the intent of the legislature to incentivize real property transfers to nonprofit housing providers, public housing authorities, or local governments to increase the availability of affordable housing for low-income Washingtonians.

NEW SECTION. **Sec. 2.** (1) This section is the tax preference performance statement for the tax preferences in sections 3 and 4, chapter . . . , Laws of 2022 (sections 3 and 4 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to encourage sales or transfers of real property to nonprofit entities, housing authorities, or public corporations that intend to use the transferred property for housing for low-income persons.

(4) If a review finds that the number of sales or transfers of real property to qualified entities has not increased, then the legislature intends to repeal the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to any available data source, including the transfer or sale of properties reported by county records.

Sec. 3. RCW 82.45.010 and 2019 c 424 s 3, 2019 c 390 s 10, and 2019 c 385 s 2 are each reenacted and amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any thirty-six month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a thirty-six month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the

controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer by transfer on death deed, to the extent that it is not in satisfaction of a contractual obligation of the decedent owed to the recipient of the property.

(c) A transfer of any leasehold interest other than of the type mentioned above.

(d) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(e) The partition of property by tenants in common by agreement or as the result of a court decree.

(f) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance

with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(g) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(h) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(i) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(j) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(k) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(l) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(m) The sale of any grave or lot in an established cemetery.

(n) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(o) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(p) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of

the transferor or the transferor's spouse or domestic partner. However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes become due and payable on the original transfer as otherwise provided by law.

(q)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (q)(i) of this subsection cannot be preceded or followed within a thirty-six month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (q)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(q)(ii) does not apply to that part of the transfer involving property received that is the real

property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(q)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(r) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030.

(s)(i) A transfer of a qualified low-income housing development or controlling interest in a qualified low-income housing development, unless, due to noncompliance with federal statutory requirements, the seller is subject to recapture, in whole or in part, of its allocated federal low-income housing tax credits within the four years prior to the date of transfer.

(ii) For purposes of this subsection (3)(s), "qualified low-income housing development" means real property and improvements in respect to which the seller or, in the case of a transfer of a controlling interest, the owner or beneficial owner, was allocated federal low-income housing tax credits authorized under 26 U.S.C. Sec. 42 or successor statute, by the Washington state housing finance commission or successor state-authorized tax credit allocating agency.

(iii) This subsection (3)(s) does not apply to transfers of a qualified low-income housing development or controlling interest in a qualified low-income housing development occurring on or after July 1, 2035.

(iv) The Washington state housing finance commission, in consultation with the department, must gather data on: (A) The fiscal savings, if any, accruing to transferees as a result of the exemption provided in this subsection (3)(s); (B) the extent to which transferors of qualified low-income housing developments receive consideration, including any assumption of debt, as part of a transfer subject to the exemption provided in this subsection (3)(s); and (C) the continued use of the property for low-income housing. The Washington state housing finance commission must provide

this information to the joint legislative audit and review committee. The committee must conduct a review of the tax preference created under this subsection (3)(s) in calendar year 2033, as required under chapter 43.136 RCW.

(t)(i) A qualified transfer of residential property by a legal representative of a person with developmental disabilities to a qualified entity subject to the following conditions:

(A) The adult child with developmental disabilities of the transferor of the residential property must be allowed to reside in the residence or successor property so long as the placement is safe and appropriate as determined by the department of social and health services;

(B) The title to the residential property is conveyed without the receipt of consideration by the legal representative of a person with developmental disabilities to a qualified entity;

(C) The residential property must have no more than four living units located on it; and

(D) The residential property transferred must remain in continued use for fifty years by the qualified entity as supported living for persons with developmental disabilities by the qualified entity or successor entity. If the qualified entity sells or otherwise conveys ownership of the residential property the proceeds of the sale or conveyance must be used to acquire similar residential property and such similar residential property must be considered the successor for continued use. The property will not be considered in continued use if the department of social and health services finds that the property has failed, after a reasonable time to remedy, to meet any health and safety statutory or regulatory requirements. If the department of social and health services determines that the property fails to meet the requirements for continued use, the department of social and health services must notify the department and the real estate excise tax based on the value of the property at the time of the transfer into use as residential property for persons with developmental disabilities becomes immediately due and payable by the qualified entity. The tax due is not

subject to penalties, fees, or interest under this title.

(ii) For the purposes of this subsection (3)(t) the definitions in RCW 71A.10.020 apply.

(iii) A "qualified entity" is:

(A) A nonprofit organization under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended, as of June 7, 2018, or a subsidiary under the same taxpayer identification number that provides residential supported living for persons with developmental disabilities; or

(B) A nonprofit adult family home, as defined in RCW 70.128.010, that exclusively serves persons with developmental disabilities.

(iv) In order to receive an exemption under this subsection (3)(t) an affidavit must be submitted by the transferor of the residential property and must include a copy of the transfer agreement and any other documentation as required by the department.

(u)(i) The sale by an affordable homeownership facilitator of self-help housing to a low-income household. (~~The definitions in section 2 of this act apply to this subsection.~~)

(ii) The definitions in this subsection (3)(u) apply to this subsection (3)(u) unless the context clearly requires otherwise.

(A) "Affordable homeownership facilitator" means a nonprofit community or neighborhood-based organization that is exempt from income tax under Title 26 U.S.C. Sec. 501(c) of the internal revenue code of 1986, as amended, as of October 1, 2019, and that is the developer of self-help housing.

(B) "Low-income" means household income as defined by the department, provided that the definition may not exceed eighty percent of median household income, adjusted for household size, for the county in which the dwelling is located.

(C) "Self-help housing" means dwelling residences provided for ownership by low-income individuals and families whose ownership requirement includes labor participation. "Self-help housing" does not include residential rental housing provided on a commercial basis to the general public.

(v)(i) A sale or transfer of real property to a qualifying grantee that uses the property for housing for low-income persons and receives or otherwise qualifies the property for an exemption from real and personal property taxes under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010. For purposes of this subsection (3)(v), "qualifying grantee" means a nonprofit entity as defined in RCW 84.36.560, a nonprofit entity or qualified cooperative association as defined in RCW 84.36.049, a housing authority created under RCW 35.82.030 or 35.82.300, a public corporation established under RCW 35.21.660 or 35.21.730, or a county or municipal corporation. A qualifying grantee that is a county or municipal corporation must record a covenant at the time of transfer that prohibits using the property for any purpose other than for low-income housing for a period of at least 10 years. At a minimum, the covenant must address price restrictions and household income limits for the low-income housing. A qualifying grantee must comply with the requirements described in (v)(i)(A), (B), or (C) of this subsection and must also certify, by affidavit at the time of sale or transfer, that it intends to comply with those requirements.

(A) If the qualifying grantee intends to operate existing housing on the property, within one year of the sale or transfer:

(I) The qualifying grantee must receive or qualify the property for a tax exemption under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010; and

(II) The property must be used as housing for low-income persons.

(B) If the qualifying grantee intends to develop new housing on the site, within five years of the sale or transfer:

(I) The qualifying grantee must receive or qualify the property for a tax exemption under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010; and

(II) The property must be used as housing for low-income persons.

(C) If the qualifying grantee intends to substantially rehabilitate the premises as defined in RCW 59.18.200, within three years:

(I) The qualifying grantee must receive or qualify the property for a tax exemption under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010; and

(II) The property must be used as housing for low-income persons.

(ii) If the qualifying grantee fails to satisfy the requirements described in (v)(i)(A), (B), or (C) of this subsection, within the timelines described in (v)(i)(A), (B), or (C) of this subsection, the qualifying grantee must pay the tax that would have otherwise been due at the time of initial transfer, plus interest calculated from the date of initial transfer pursuant to RCW 82.32.050.

(iii) If a qualifying grantee transfers the property to a different qualifying grantee within the original timelines described in (v)(i)(A), (B), or (C) of this subsection, neither the original qualifying grantee nor the new qualifying grantee is required to pay the tax, so long as the new qualifying grantee satisfies the requirements as described in (v)(i)(A), (B), or (C) of this subsection within the exemption period of the initial transfer. If the new qualifying grantee fails to satisfy the requirements described in (v)(i)(A), (B), or (C) of this subsection, only the new qualifying grantee is liable for the payment of taxes required by (v)(ii) of this subsection. There is no limit on the number of transfers between qualifying grantees within the original timelines.

(iv) Each affidavit must be filed with the department upon completion of the sale or transfer of property, including transfers from a qualifying grantee to a different qualifying grantee. The qualifying grantee must provide proof to the department as required by the department once the requirements as described in (v)(i)(A), (B), or (C) of this subsection have been satisfied.

(v) For the purposes of this subsection (3)(v), "low-income" has the same meaning as in (u) of this subsection.

Sec. 4. RCW 82.45.010 and 2019 c 424 s 3 are each amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property,

including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any thirty-six month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a thirty-six month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely

independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer by transfer on death deed, to the extent that it is not in satisfaction of a contractual obligation of the decedent owed to the recipient of the property.

(c) A transfer of any leasehold interest other than of the type mentioned above.

(d) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(e) The partition of property by tenants in common by agreement or as the result of a court decree.

(f) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(g) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(h) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(i) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(j) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(k) A conveyance to the federal housing administration or veterans administration by an authorized

mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(l) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(m) The sale of any grave or lot in an established cemetery.

(n) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(o) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(p) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner. However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise

taxes become due and payable on the original transfer as otherwise provided by law.

(q)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (q)(i) of this subsection cannot be preceded or followed within a thirty-six month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (q)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(q)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(q)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(r) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030, that takes place on or after June 12, 2008, but before December 31, 2018.

(s)(i) A transfer of a qualified low-income housing development or controlling interest in a qualified low-income housing development, unless, due to noncompliance with federal statutory requirements, the seller is subject to recapture, in whole or in part, of its allocated federal low-income housing tax credits within the four years prior to the date of transfer.

(ii) For purposes of this subsection (3)(s), "qualified low-income housing development" means real property and improvements in respect to which the seller or, in the case of a transfer of a controlling interest, the owner or beneficial owner, was allocated federal low-income housing tax credits authorized under 26 U.S.C. Sec. 42 or successor statute, by the Washington state housing finance commission or successor state-authorized tax credit allocating agency.

(iii) This subsection (3)(s) does not apply to transfers of a qualified low-income housing development or controlling interest in a qualified low-income housing development occurring on or after July 1, 2035.

(iv) The Washington state housing finance commission, in consultation with the department, must gather data on: (A) The fiscal savings, if any, accruing to transferees as a result of the exemption provided in this subsection (3)(s); (B) the extent to which transferors of qualified low-income housing developments receive consideration, including any assumption of debt, as part of a transfer subject to the exemption provided in this subsection (3)(s); and (C) the continued use of the property for low-income housing. The Washington state housing finance commission must provide this information to the joint legislative audit and review committee. The committee must conduct a review of the tax preference created under this subsection (3)(s) in calendar year 2033, as required under chapter 43.136 RCW.

(t)(i) A qualified transfer of residential property by a legal representative of a person with developmental disabilities to a qualified entity subject to the following conditions:

(A) The adult child with developmental disabilities of the transferor of the residential property must be allowed to reside in the residence or successor property so long as the placement is safe and appropriate as determined by the department of social and health services;

(B) The title to the residential property is conveyed without the receipt of consideration by the legal representative of a person with developmental disabilities to a qualified entity;

(C) The residential property must have no more than four living units located on it; and

(D) The residential property transferred must remain in continued use for fifty years by the qualified entity as supported living for persons with developmental disabilities by the qualified entity or successor entity. If the qualified entity sells or otherwise conveys ownership of the residential property the proceeds of the sale or conveyance must be used to acquire similar residential property and such similar residential property must be considered the successor for continued use. The property will not be considered in continued use if the department of social and health services finds that the property has failed, after a reasonable time to remedy, to meet any health and safety statutory or regulatory requirements. If the department of social and health services determines that the property fails to meet the requirements for continued use, the department of social and health services must notify the department and the real estate excise tax based on the value of the property at the time of the transfer into use as residential property for persons with developmental disabilities becomes immediately due and payable by the qualified entity. The tax due is not subject to penalties, fees, or interest under this title.

(ii) For the purposes of this subsection (3)(t) the definitions in RCW 71A.10.020 apply.

(iii) A "qualified entity" is:

(A) A nonprofit organization under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended, as of June 7, 2018, or a subsidiary under the same taxpayer identification number that provides residential supported living for persons with developmental disabilities; or

(B) A nonprofit adult family home, as defined in RCW 70.128.010, that exclusively serves persons with developmental disabilities.

(iv) In order to receive an exemption under this subsection (3)(t) an affidavit must be submitted by the transferor of the residential property and must include a copy of the transfer agreement and any other documentation as required by the department.

(u)(i) A sale or transfer of real property to a qualifying grantee that uses the property for housing for low-income persons and receives or otherwise qualifies the property for an exemption from real and personal property taxes under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010. For purposes of this subsection (3)(u), "qualifying grantee" means a nonprofit entity as defined in RCW 84.36.560, a nonprofit entity or qualified cooperative association as defined in RCW 84.36.049, a housing authority created under RCW 35.82.030 or 35.82.300, a public corporation established under RCW 35.21.660 or 35.21.730, or a county or municipal corporation. A qualifying grantee that is a county or municipal corporation must record a covenant at the time of transfer that prohibits using the property for any purpose other than for low-income housing for a period of at least 10 years. At a minimum, the covenant must address price restrictions and household income limits for the low-income housing. A qualifying grantee must comply with the requirements described in (u)(i)(A), (B), or (C) of this subsection and must also certify, by affidavit at the time of sale or transfer, that it intends to comply with those requirements.

(A) If the qualifying grantee intends to operate existing housing on the property, within one year of the sale or transfer:

(I) The qualifying grantee must receive or qualify the property for a tax exemption under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010; and

(II) The property must be used as housing for low-income persons.

(B) If the qualifying grantee intends to develop new housing on the site, within five years of the sale or transfer:

(I) The qualifying grantee must receive or qualify the property for a tax exemption under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010; and

(II) The property must be used as housing for low-income persons.

(C) If the qualifying grantee intends to substantially rehabilitate the premises as defined in RCW 59.18.200, within three years:

(I) The qualifying grantee must receive or qualify the property for a tax exemption under RCW 84.36.560, 84.36.049, 35.82.210, 35.21.755, or 84.36.010; and

(II) The property must be used as housing for low-income persons.

(ii) If the qualifying grantee fails to satisfy the requirements described in (u)(i)(A), (B), or (C) of this subsection, within the timelines described in (u)(i)(A), (B), or (C) of this subsection, the qualifying grantee must pay the tax that would have otherwise been due at the time of initial transfer, plus interest calculated from the date of initial transfer pursuant to RCW 82.32.050.

(iii) If a qualifying grantee transfers the property to a different qualifying grantee within the original timelines described in (u)(i)(A), (B), or (C) of this subsection, neither the original qualifying grantee nor the new qualifying grantee is required to pay the tax, so long as the new qualifying grantee satisfies the requirements as described in (u)(i)(A), (B), or (C) of this subsection within the exemption period of the initial transfer. If the new qualifying grantee fails to satisfy the requirements described in (u)(i)(A), (B), or (C) of this subsection, only the new qualifying grantee is liable for the payment of taxes required by (u)(ii) of this subsection. There is no limit on the number of transfers between qualifying grantees within the original timelines.

(iv) Each affidavit must be filed with the department upon completion of the sale or transfer of property, including transfers from a qualifying grantee to a different qualifying grantee. The qualifying grantee must provide proof to the department as required by the department once the requirements as described in (u)(i)(A), (B), or (C) of this subsection have been satisfied.

(v) For the purposes of this subsection (3)(u), "low-income" means household income as defined by the department, provided that the definition may not exceed 80 percent of median household income, adjusted for household size, for the county in which the dwelling is located.

NEW SECTION. Sec. 5. The expiration date provisions of RCW 82.32.805(1)(a) do not apply to the tax preferences in

sections 3 and 4, chapter . . ., Laws of 2022 (sections 3 and 4 of this act).

NEW SECTION. Sec. 6. Section 3 of this act takes effect January 1, 2023.

NEW SECTION. Sec. 7. Section 3 of this act expires January 1, 2030.

NEW SECTION. Sec. 8. Section 4 of this act takes effect January 1, 2030."

On page 1, line 4 of the title, after "tax;" strike the remainder of the title and insert "amending RCW 82.45.010; reenacting and amending RCW 82.45.010; creating new sections; providing effective dates; and providing an expiration date."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1643, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1859 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The purpose of this act is to create an interagency coordination team responsible for the program that establishes and maintains quality standards for laboratories conducting analysis of recreational and medicinal cannabis with THC levels greater than 0.3 percent. The interagency team includes the department of agriculture, the liquor and cannabis board, and the department of health. The standards must be adopted by rule by the department of agriculture, and changes to standards may require reference in liquor and cannabis board and department of health rules. This authority to establish these rules transfers from the liquor and cannabis board to the department of agriculture. This act implements the recommendations of the cannabis science task force established in RCW 43.21A.735.

According to the task force's recommendations: "Laboratory quality standards are the elements used in the evaluation of a product's compliance with established product standards. They consist of approved methods, method validation protocols, and performance measures and criteria applied to the testing of the product. Establishing appropriate and well-defined laboratory quality standards is essential to communicate to the testing laboratories what standardized practices and procedures are appropriate.

Laboratory quality standards help ensure the data that laboratories generate are credible and can be used to provide consumer protections. They should represent sound scientific protocols, and detail practical and specific guidance for the testing subject

matter. Together, well-established product standards, laboratory quality standards, and accreditation standards should function to garner confidence for consumers and the industry they support."

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cannabis lab" means a laboratory that tests cannabis for compliance with product standards established by rule by the state liquor and cannabis board.

(2) "Team" means the interagency coordination team for cannabis laboratory quality standards created in this chapter.

NEW SECTION. Sec. 3. (1) The interagency coordination team for cannabis laboratory quality standards is created. The team consists of the department, the liquor and cannabis board, and the department of health. The department is designated lead agency for the team and must provide the team with all necessary administrative support.

(2) The agencies that make up the team must each dedicate administrative, policy, scientific, or other staff necessary to successfully accomplish the duties assigned to the team.

(3) The team must:

(a) Coordinate among all participating agencies on agency policies, actions, and regulatory activities that relate to cannabis testing laboratory quality standards; and

(b) Advise the department on implementation and maintenance of cannabis testing laboratory quality standards topics including, but not limited to, analytical methods, validation protocols, quality assurance and quality control practices, project planning and sampling guides, and other topics as necessary to fulfill the purposes of the team and this act. In making its recommendations, the team must take into account the cannabis science task force recommendations.

NEW SECTION. Sec. 4. (1) The department must establish and maintain cannabis testing laboratory quality standards by rule in accordance with chapter 34.05 RCW.

(2) Cannabis testing laboratory quality standards must include, but are

not limited to, approved methods for testing cannabis for compliance with product standards established by rule by the state liquor and cannabis board or the department of health, method validation protocol, and performance measures and criteria applied to testing of cannabis products.

(3) The department must take into account the recommendations of the team created in section 3 of this act.

(4) Standards created under this chapter must be provided to the state department of ecology for use in the lab accreditation process described in RCW 69.50.348.

Sec. 5. RCW 69.50.348 and 2019 c 277 s 1 are each amended to read as follows:

(1) On a schedule determined by the state liquor and cannabis board, every licensed marijuana producer and processor must submit representative samples of marijuana, useable marijuana, or marijuana-infused products produced or processed by the licensee to an independent, third-party testing laboratory ~~((meeting the accreditation requirements established by the state liquor and cannabis board, for inspection and testing))~~. The purpose of testing representative samples is to certify compliance with quality assurance and product standards adopted by the state liquor and cannabis board under RCW 69.50.342 or the department of health under RCW 69.50.375. In conducting tests of cannabis product samples, testing laboratories must adhere to laboratory quality standards adopted by the state department of agriculture under chapter 15.--- RCW (the new chapter created in section 9 of this act). Any sample remaining after testing shall be destroyed by the laboratory or returned to the licensee submitting the sample.

(2) Independent, third-party testing laboratories performing cannabis product testing under subsection (1) of this section must obtain and maintain accreditation.

(3) Licensees must submit the results of inspection and testing for quality assurance and product standards required under subsection (1) of this section to the state liquor and cannabis board on a form developed by the state liquor and cannabis board.

~~((+3+))~~ (4) If a representative sample inspected and tested under this section

does not meet the applicable quality assurance and product standards established by the state liquor and cannabis board, the entire lot from which the sample was taken must be destroyed.

~~((+4+))~~ (5) The state liquor and cannabis board may adopt rules necessary to implement this section. The state liquor and cannabis board may adopt rules necessary to implement subsection (2) of this section until a successor state agency or agencies assume responsibility for establishing and administering laboratory standards and accreditation.

Sec. 6. RCW 69.50.348 and 2019 c 277 s 2 are each amended to read as follows:

(1) On a schedule determined by the state liquor and cannabis board, every licensed marijuana producer and processor must submit representative samples of marijuana, useable marijuana, or marijuana-infused products produced or processed by the licensee to an independent, third-party testing laboratory meeting the accreditation requirements established by the state department of ecology ~~((, for inspection and testing))~~. The purpose of testing representative samples is to certify compliance with quality assurance and product standards adopted by the state liquor and cannabis board under RCW 69.50.342 or the department of health under RCW 69.50.375. In conducting tests of cannabis product samples, testing laboratories must adhere to laboratory quality standards adopted by the state department of agriculture under chapter 15.--- RCW (the new chapter created in section 9 of this act). Any sample remaining after testing shall be destroyed by the laboratory or returned to the licensee submitting the sample.

(2) Independent, third-party testing laboratories performing cannabis product testing under subsection (1) of this section must obtain and maintain accreditation.

(3) Licensees must submit the results of inspection and testing for quality assurance and product standards required under RCW 69.50.342 to the state liquor and cannabis board on a form developed by the state liquor and cannabis board.

~~((+3+))~~ (4) If a representative sample inspected and tested under this section does not meet the applicable quality assurance and product standards established by the state liquor and

cannabis board, the entire lot from which the sample was taken must be destroyed.

((+4)) (5)(a) The department of ecology may determine, assess, and collect annual fees sufficient to cover the direct and indirect costs of implementing a state marijuana product testing laboratory accreditation program, except for the initial program development costs. The department of ecology must develop a fee schedule allocating the costs of the accreditation program among its accredited marijuana product testing laboratories. The department of ecology may establish a payment schedule requiring periodic installments of the annual fee. The fee schedule must be established in amounts to fully cover, but not exceed, the administrative and oversight costs. The department of ecology must review and update its fee schedule biennially. The costs of marijuana product testing laboratory accreditation are those incurred by the department of ecology in administering and enforcing the accreditation program. The costs may include, but are not limited to, the costs incurred in undertaking the following accreditation functions:

(i) Evaluating the protocols and procedures used by a laboratory;

(ii) Performing on-site audits;

(iii) Evaluating participation and successful completion of proficiency testing;

(iv) Determining the capability of a laboratory to produce accurate and reliable test results; and

(v) Such other accreditation activities as the department of ecology deems appropriate.

(b) The state marijuana product testing laboratory accreditation program initial development costs must be fully paid from the dedicated marijuana account created in RCW 69.50.530.

((+5)) (6) The department of ecology and the ~~((liquor and cannabis board))~~ interagency coordination team created in section 3 of this act must act cooperatively to ensure effective implementation and administration of this section.

((+6)) (7) All fees collected under this section must be deposited in the dedicated marijuana account created in RCW 69.50.530.

NEW SECTION. **Sec. 7.** Section 5 of this act expires July 1, 2024.

NEW SECTION. **Sec. 8.** Section 6 of this act takes effect July 1, 2024.

NEW SECTION. **Sec. 9.** Sections 2 through 4 of this act constitute a new chapter in Title 15 RCW."

On page 1, line 2 of the title, after "analysis;" strike the remainder of the title and insert "amending RCW 69.50.348 and 69.50.348; adding a new chapter to Title 15 RCW; creating a new section; providing an effective date; and providing an expiration date."

and the same is herewith transmitted.

HOUSE BILL NO. 1859, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1590 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** The legislature recognizes that the COVID-19 pandemic has impacted the delivery of education across the state, as school districts resume in-person instructional models with heightened efforts to protect the health and well-being of students and staff and address the pandemic's impact on student learning. The legislature also recognizes that state funding formulas are largely driven by enrollment, and the pandemic has resulted in unforeseen, temporary enrollment declines in many districts. Funding declines due to temporary, unforeseen changes in enrollment can affect a district's ability to maintain the staffing and resources needed to deliver education services. Stabilization funding in the 2020-21 school year provided important support for schools to maintain services amid enrollment declines. With this act and in the omnibus operating appropriations act, the legislature intends to extend stabilizing funding to districts that have seen temporary enrollment declines due to the COVID-19 pandemic for the final time.

NEW SECTION. **Sec. 2.** (1) If a local education agency's combined state revenue generated in the 2021-22 school year is less than what its combined state revenue would be using 2019-20 annual average enrollment values and formulas in place for the 2021-22 school year, then the superintendent of public instruction must provide an enrollment stabilization amount to the local education agency in the 2021-22 school year. The enrollment stabilization amount shall be equal to 50 percent of the local education agency low enrollment impact.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Combined state revenue" means the combined amount from the following allocations to local education agencies:

(i) General apportionment allocations as described in RCW 28A.150.260;

(ii) Special education allocations as described in RCW 28A.150.390. Allocations for special education enrollment above 2021-22 levels in kindergarten through 12th grades must be based on an excess cost multiplier of 0.995;

(iii) Learning assistance program allocations as described in RCW 28A.150.260(10)(a). Learning assistance program allocations based on 2019-20 enrollments must include the prior years' free or reduced-price meal percentages used for allocations in the 2020-21 school year;

(iv) Transitional bilingual program allocations as described in RCW 28A.150.260(10)(b);

(v) Highly capable program allocations as described in RCW 28A.150.260(10)(c);

(vi) Career and technical education and skill centers allocations as described in RCW 28A.150.260 (4)(c), (7), and (9);

(vii) Allocations to support institutional education for residential schools as defined by RCW 28A.190.005 and of juveniles in detention facilities as identified by RCW 28A.190.010;

(viii) Dropout reengagement program allocations for eligible students under RCW 28A.175.100;

(ix) Alternative learning experience allocations as described in RCW 28A.232.020; and

(x) Running start allocations as described in RCW 28A.600.310.

(b) "Local education agency" means a school district, charter school, or state-tribal education compact school established under chapter 28A.715 RCW.

(c) "Local education agency low enrollment impact" is equal to a local education agency's combined state revenue that would be generated using 2019-20 annual average enrollment values and formulas in place for the 2021-22 school year minus its combined state revenue generated in the 2021-22 school year, if the difference is greater than zero.

(3) Enrollment stabilization amounts allocated under this section are not part of the state's program of basic education but may be used for any allowable cost within any of the programs.

Sec. 3. RCW 84.52.0531 and 2021 c 221 s 2 and 2021 c 145 s 22 are each reenacted and amended to read as follows:

(1) Beginning with taxes levied for collection in 2020, the maximum dollar amount which may be levied by or for any school district for enrichment levies under RCW 84.52.053 is equal to the lesser of two dollars and fifty cents per thousand dollars of the assessed value of property in the school district or the maximum per-pupil limit. This maximum dollar amount shall be reduced accordingly as provided under RCW 43.09.2856(2).

(2) The definitions in this subsection apply to this section unless the context clearly requires otherwise.

(a) For the purpose of this section, "inflation" means the percentage change in the seasonally adjusted consumer price index for all urban consumers, Seattle area, for the most recent 12-month period as of September 25th of the year before the taxes are payable, using the official current base compiled by the United States bureau of labor statistics.

(b) "Maximum per-pupil limit" means:

(i) Two thousand five hundred dollars, as increased by inflation beginning with property taxes levied for collection in 2020, multiplied by the number of average annual full-time equivalent students enrolled in the school district in the prior school year, for school districts with fewer than forty thousand annual full-time equivalent students enrolled in the school district in the prior school year; or

(ii) Three thousand dollars, as increased by inflation beginning with property taxes levied for collection in 2020, multiplied by the number of average annual full-time equivalent students enrolled in the school district in the prior school year, for school districts with forty thousand or more annual full-time equivalent students enrolled in the school district in the prior school year.

(c) "Open for in-person instruction to all students" means that all students in all grades have the option to participate in at least 40 hours of planned in-person

instruction per month and the school follows state department of health guidance and recommendations for resuming in-person instruction to the greatest extent practicable.

(d) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected, except ~~((that in))~~ as follows:

(i) In the 2022 calendar year, if 2019-20 school year average annual full-time equivalent enrollment is greater than the school district's 2020-21 school year average annual full-time equivalent enrollment and the school district is open for in-person instruction to all students by the beginning of the 2021-22 school year, "prior school year" means the 2019-20 school year.

(ii) In the 2023 calendar year, if 2019-20 school year average annual full-time equivalent enrollment is greater than the school district's 2021-22 school year average annual full-time equivalent enrollment and the school district was open for in-person instruction to all students by the beginning of the 2021-22 school year, "prior school year" means the 2019-20 school year.

(3) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(4) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

(5) Beginning with propositions for enrichment levies for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan under RCW 28A.505.240 before submission of the proposition to the voters.

(6) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(7) Beginning with taxes levied for collection in 2018, enrichment levy

revenues must be deposited in a separate subfund of the school district's general fund pursuant to RCW 28A.320.330, and for the 2018-19 school year are subject to the restrictions of RCW 28A.150.276 and the audit requirements of RCW 43.09.2856.

(8) Funds collected from levies for transportation vehicles, construction, modernization, or remodeling of school facilities as established in RCW 84.52.053 are not subject to the levy limitations in subsections (1) through (5) of this section.

Sec. 4. RCW 28A.500.015 and 2019 c 410 s 1 are each amended to read as follows:

(1) Beginning in calendar year 2020 and each calendar year thereafter, the state must provide state local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2)(a) For an eligible school district with an actual enrichment levy rate that is less than one dollar and fifty cents per thousand dollars of assessed value in the school district, the annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy rate divided by one dollar and fifty cents per thousand dollars of assessed value in the school district.

(b) For an eligible school district with an actual enrichment levy rate that is equal to or greater than one dollar and fifty cents per thousand dollars of assessed value in the school district, the annual local effort assistance funding is equal to the school district's maximum local effort assistance.

(c) Beginning in calendar year 2022, for state-tribal education compact schools established under chapter 28A.715 RCW, the annual local effort assistance funding is equal to the actual enrichment levy per student as calculated by the superintendent of public instruction for the previous year for the school district in which the state-tribal education compact school is located, up to a maximum per student amount of one thousand five hundred fifty dollars as increased by inflation from the 2019 calendar year, multiplied by the student enrollment of the state-tribal education compact school in the prior school year.

~~((d) For a school district that meets the criteria in this subsection and is located west of the Cascades in a county that borders another state, the annual local effort assistance funding is equal to the local effort assistance funding authorized under (b) of this subsection and additional local effort assistance funding equal to the following amounts:~~

~~(i) Two hundred forty six dollars per pupil in the 2019-20 school year for a school district with more than twenty five thousand annual full time equivalent students; and~~

~~(ii) Two hundred eighty six dollars per pupil in the 2019-20 school year for a school district with more than twenty thousand annual full time equivalent enrolled students but fewer than twenty five thousand annual full time equivalent enrolled students.)~~

(3) The state local effort assistance funding provided under this section is not part of the state's program of basic education deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible school district" means a school district where the amount generated by a levy of one dollar and fifty cents per thousand dollars of assessed value in the school district, divided by the school district's total student enrollment in the prior school year, is less than the state local effort assistance threshold.

(b) For the purpose of this section, "inflation" means, for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(c) "Maximum local effort assistance" means the difference between the following:

(i) The school district's actual prior school year enrollment multiplied by the state local effort assistance threshold; and

(ii) The amount generated by a levy of one dollar and fifty cents per thousand

dollars of assessed value in the school district.

(d) "Prior school year" means the most recent school year completed prior to the year in which the state local effort assistance funding is to be distributed, except as follows:

(i) In the 2022 calendar year, if 2019-20 school year average annual full-time equivalent enrollment is greater than the school district's 2020-21 school year average annual full-time equivalent enrollment, "prior school year" means the 2019-20 school year.

(ii) In the 2023 calendar year, if 2019-20 school year average annual full-time equivalent enrollment is greater than the school district's 2021-22 school year average annual full-time equivalent enrollment, "prior school year" means the 2019-20 school year.

(e) "State local effort assistance threshold" means one thousand five hundred fifty dollars per student, increased for inflation beginning in calendar year 2020.

(f) "Student enrollment" means the average annual full-time equivalent student enrollment.

(5) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(6) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "pandemic;" strike the remainder of the title and insert "amending RCW 28A.500.015; reenacting and amending RCW 84.52.0531; creating new sections; and declaring an emergency."

and the same is herewith transmitted.

CERB Administered Broadband
 Infrastructure (91000943)

The appropriations in this section are
 subject to the following conditions and
 limitations:

(1) ~~((The appropriation and
 reappropriations are subject to the
 provisions of section 1008, chapter 298,
 Laws of 2018.~~

(2)) The board may make rural
 broadband loans and grants to local
 governments and to federally recognized
 Indian tribes for the purposes of
 financing the cost to build
 infrastructure to provide high-speed,
 open-access broadband service, to rural
 and underserved communities, for the
 purposes of economic development or
 community development. However, no more
 than 50 percent of all financial
 assistance approved by the board in any
 biennium may consist of grants to local
 governments or federally recognized
 Indian tribes.

(2) Application for funding must be
 made in the form and manner as the board
 may prescribe. In making grants or loans
 the board must conform to the following
 requirements:

(a) The board may not provide financial assistance:

(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion;

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state;

(iii) For a project the primary purpose of which is to facilitate or promote gambling;

(iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe; or

(v) For the deployment of publicly-owned telecommunication network infrastructure ("backbone") solely for the sake of creating competitive, publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only for projects located in a rural community as defined by the board, or located in a rural county, that encourage, foster, develop, and improve broadband within the state in order to:

(i) Drive job creation, promote innovation, and expand markets for local businesses;

(ii) Serve the ongoing and growing needs of local education systems, health care systems, public safety systems, industries and businesses, governmental operations, and citizens; and

(iii) Improve accessibility for underserved communities and populations.

(c) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

(d) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

(e) When evaluating and prioritizing projects, the board must give consideration, at a minimum, to the following factors:

(i) The project's value to the community, including evidence of support

from affected local businesses and government;

(ii) The project's feasibility, using standard economic principles;

(iii) Commitment of local matching resources and local participation;

(iv) The project's inclusion in a capital facilities plan, comprehensive plan, or local economic development plan consistent with applicable state planning requirements; and

(v) The project's readiness to proceed.

(3) A responsible official of the local government or the federally recognized Indian tribe must be present during community economic revitalization board deliberations and provide information that the board requests.

(4) Before any financial assistance application is approved, the local government or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the board.

(5) The appropriations must be used for projects that use a technology-neutral approach in order to expand access at the lowest cost to the most unserved or underserved residents.

(6) For purposes of this section:

(a) "Broadband" means networks of deployed telecommunications equipment and technologies necessary to provide high-speed internet access and other advanced telecommunications services.

(b) "Local governments" means cities, towns, counties, municipal corporations, public port districts, quasi-municipal corporations, and special purpose districts.

(2) The department must establish a
competitive process to solicit proposals
for and prioritize projects whose primary
objective is to assist libraries operated
by governmental units, as defined in RCW
27.12.010, in acquiring, constructing,
repairing, or rehabilitating facilities.

(3) The department must establish a
committee to develop the grant program
criteria and review proposals. The
committee must be composed of five
members as provided in this subsection.
The committee must include: (a) A
representative from the department of
commerce; (b) a representative from the
department of archaeology and historic
preservation; (c) the state librarian;
(d) a representative from a library
district; and (e) a representative from
a municipal library.

(4) The department must conduct a statewide solicitation of project applications. The department must evaluate and rank applications in consultation with the committee established in subsection (3) of this section, using objective criteria. The ranking of projects must prioritize library district facilities listed on a local, state, or federal register of historic places and those located in distressed or rural counties. The evaluation and ranking process must also include an examination of existing assets that applicants propose to apply to projects. Grant assistance under this section may not exceed 50 percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(5) The department must submit a prioritized list of recommended projects to the governor and the legislature by October 1, 2022, for inclusion in the department of commerce's 2023-2025 biennial capital budget request. The list must include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. Individual grants may not exceed \$2,000,000. The total amount of recommended state funding for the projects on a biennial project list may not exceed \$10,000,000.

(6) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee must repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant.

(7) The department must assist grant recipients under this section to apply for applicable competitive federal grant funding and, upon receipt of any such funding, an equal amount of the state building construction account—state

appropriation must be placed in unallotted status.

Sec. 1018. 2021 c 332 s 1064 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2021-23 Clean Energy V - Investing in Washington's Clean Energy (40000148)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes and communities with high environmental or energy burdens.

(2) The 2021 state energy strategy must guide the department in the design of programs under this section, using an equity and environmental justice lens for program structure and participation. To the extent practicable, the department must prioritize projects that build upon Washington's existing strengths in communities, aerospace, maritime, information and communications technology (particularly data center infrastructure, artificial intelligence and machine learning), grid modernization, advanced materials, and decarbonizing the built environment.

(3) Subject to the availability of funds, the department must reconvene an advisory committee to support involvement of a broad range of stakeholders in the design and implementation of programs implemented under this section to encourage

collaboration, leverage partners, and engage communities and organizations in improving the equitable distribution of benefits from the program.

(4) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and

(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(5) During project solicitation periods for grants funded with this appropriation, the department must maintain a list of applicants by grant program that scored competitively but did not receive a grant award due to lack of available funding. These applicants must be considered for funding during future grant award cycles. If the department submits a 2022 supplemental budget request for this program, the request must include a list of prioritized projects by grant type.

(6)(a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past 24 months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole

discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The requirements in subsections (4) and (6) of this section must be specified in funding agreements issued by the department.

(8) \$17,594,000 of the state building construction account—state appropriation is provided solely for grid modernization grants.

(a)(i) \$11,000,000 is provided solely for projects that: Advance community resilience, clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources and sustainable microgrids; and support state decarbonization goals pursuant to the clean energy transformation act, including requirements placed upon retail electric utilities.

(ii) Projects must be implemented by community organizations, local governments, federally recognized tribal governments, or by public and private electrical utilities that serve retail customers in the state (retail electric utilities). Projects submitted by applicants other than retail electric utilities must demonstrate partnership with their load serving entity to apply. Priority must be given to:

(A) Projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden; and

(B) Projects that demonstrate partnerships between eligible applicants in applying for funding, including utilities, public and private sector research organizations, businesses, tribes, and nonprofit organizations.

(iii) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, develop program guidelines that encourage smaller utilities or consortia of small

utilities to apply for funding. Where suitable, this may include funding for projects consisting solely of planning, predesign and/or predevelopment activities.

(iv) Applications for grants must disclose all sources of public funds invested in a project.

(b) \$3,550,000 of the appropriation in this section is provided solely for a grant to the Public Utility District No. 1 of Lewis county for land acquisition and construction of the Winlock Industrial Park and South County Substation and Transmission facility, located on North Military Road in Winlock.

(c) \$3,044,000 of the appropriation in this section is provided solely for a grant to the Klickitat County Public Hospital District #1 for the Electrical Upgrade and Smart Grid project at the Klickitat Valley Health Hospital in Goldendale.

(9) \$10,830,000 of the state building construction account—state appropriation is provided solely for grants for strategic research and development for new and emerging clean energy technologies. These grants must be used to match federal or other nonstate funds to research, develop, and demonstrate clean energy technologies, focusing on areas that help develop technologies to meet the state's climate goals, offer opportunities for economic and job growth, and strengthen technology supply chains. The program may include, but is not limited to: Solar technologies, advanced bioenergy and biofuels, development of new earth abundant materials or lightweight materials, advanced energy storage, recycling energy system components, and new renewable energy and energy efficiency technologies.

(a) \$5,000,000 of the appropriation in this section is provided solely for competitive grants.

(b) \$4,800,000 of the appropriation in this section is provided solely for a grant to the Pacific Northwest National Laboratory for a renewable energy platform to support ocean energy research and development testbeds for the Marine and Coastal Research Laboratory in Sequim.

(c) \$1,030,000 of the appropriation in this section is provided solely for a

grant to the Chelan County Public Utility District for the hydroelectric turbine hub project at Rocky Reach dam near Wenatchee.

(10)(a) \$2,500,000 of the state taxable building construction account—state appropriation is provided solely as grants to nonprofit lenders to create a revolving loan fund to support the widespread use of proven energy efficiency and renewable energy technologies by households, or for the benefit of households, with high energy burden or environmental health risk now inhibited by lack of access to capital.

(b) The department shall provide grant funds to one or more competitively selected nonprofit lenders that must provide matching private capital and administer the loan fund. The department shall select the loan fund administrator or administrators through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines that specify applicant eligibility, the screening process, and evaluation and selection criteria. The guidelines must be used by the nonprofit lenders.

(11) \$5,550,000 of the state building construction account—state appropriation is provided solely for grants to demonstrate innovative approaches to electrification of transportation systems.

(a)(i) \$3,000,000 of the appropriation is provided solely for competitive grants, prioritizing projects that:

(A) Demonstrate meaningful and enduring benefits to communities and populations disproportionately burdened by air pollution, climate change, or lack of transportation investments;

(B) Beneficially integrate load using behavioral, software, hardware, or other demand-side management technologies, such as demand response, time-of-use rates, or behavioral programming;

(C) Accelerate the transportation electrification market in Washington using market transformation principles; or

(D) Develop electric vehicle charging and hydrogen fueling infrastructure along highways, freeways, and other

heavily trafficked corridors across the state to support long-distance travel.

(ii) Projects must be implemented by local governments, federally recognized tribal governments, by public and private electrical utilities that serve retail customers in the state, or state agencies. Eligible parties may partner with other public and private sector research organizations and businesses in applying for funding. The department shall consult and coordinate with the Washington state department of transportation on project selection and implementation. The department shall also coordinate with other state agencies that have other electrification programs, in order to determine to optimally accomplish each agency's respective policy and program goals.

(iii) Projects must be related to on-road end-uses and nonmaritime off-road uses.

(iv) Eligible technologies for these projects include, but are not limited to:

(A) Battery electric vehicle supply equipment;

(B) On-site generation or storage, where the technology directly supplies electricity to the electric vehicle supply equipment;

(C) Electric grid distribution system infrastructure upgrades, where the upgrade is needed as a result of the installed electric vehicle supply equipment;

(D) Hydrogen refueling station infrastructure that:

(I) Dispenses renewable hydrogen or hydrogen produced in Washington with electrolysis; and

(II) Aligns with the 2021 state energy strategy's recommended uses of hydrogen in the transportation sector.

(v) \$2,000,000 of the state building construction account–state appropriation is provided solely for federally recognized tribal governments and for local governments in rural communities, for projects aligning with the above objectives and addressing electric vehicle supply infrastructure gaps in rural communities.

(b) \$2,550,000 of the appropriation in this section is provided solely for a grant to the Lewis Public Transportation Benefit Area to construct a hydrogen

fueling station that dispenses renewable hydrogen or hydrogen produced in Washington with electrolysis for electric vehicles at Exit 74 on Interstate 5, near Chehalis.

(12)(a) \$10,000,000 of the state building construction account–state appropriation is provided solely for the purpose of building electrification projects that advance the goals of the 2021 state energy strategy to demonstrate grid-enabled, high-efficiency, all electric buildings.

(b) The program may include, but is not limited to: Shifting from fossil fuels to high-efficiency electric heat pumps and other electric equipment, control systems that enable grid integration or demand control, and on-site renewable generation and efficiency measures that significantly reduce building energy loads.

(c) Preference must be given to projects based on total greenhouse gas emissions reductions, accelerating the path to zero-energy, or that demonstrate early adoption of grid integration technology.

(d) Program funding may be administered to entities also receiving incentives provided according to RCW 19.27A.220 for buildings covered by the state energy performance standard, RCW 19.27A.210.

(e) \$5,000,000 of the appropriation in this section is provided solely for the purpose of supporting the transition of residential and commercial buildings away from fossil fuels through the installation of high-efficiency electric heat pumps and other electric equipment.

(13) \$4,924,000 of the state building construction account–state appropriation is provided solely for maritime electrification grants.

(a) \$4,450,000 of the appropriation in this section is provided solely for a grant to the Northwest Seaport Alliance to upgrade the reefer plug capacity at the Port of Seattle's Terminal 5, located in west Seattle.

(b) \$474,000 of the appropriation in this section is provided solely for a grant to the Skagit County Public Works Department for electric ferry charging infrastructure in Anacortes.

(14) \$4,900,000 of the state building construction account–state appropriation

is provided solely for the department to develop targeted rural clean energy innovation projects as provided in this subsection (14).

(a) \$150,000 of the appropriation is provided solely for the department to develop targeted rural clean energy strategies informed by rural community and business engagement, outreach, and research. The department must convene a rural energy work group to identify investments, programs, and policy changes that align with the 2021 state energy strategy and increase access to clean energy opportunities in rural communities and agricultural and forestry management practices. The group must identify existing federal funding opportunities and strategies to leverage these funds with state capital investment. By June 30, 2022, the department shall report recommendations and findings from the rural energy work group to the office of financial management, the governor, and the appropriate legislative committees and present a strategic plan for state rural clean energy investment.

(b) \$4,750,000 of the appropriation is provided solely for rural clean energy innovation grants.

(i) The department must award at least 40 percent of the funding to projects that enhance the viability of dairy digester bioenergy projects through advanced resource recovery systems that produce renewable natural gas and value-added biofertilizers, reduce greenhouse gas emissions, and improve soil health and air and water quality.

(ii) Grants may also be awarded to other clean energy innovation projects in rural communities, including, but not limited to, projects that enhance energy efficiency, demand response, energy storage, renewable energy, beneficial electrification, resilience, organic waste management, and biological carbon sequestration.

(iii) Grants may fund project predevelopment, research, and development, pilot projects, strategic implementation, field trials, and data dashboards and tools to inform rural project development.

(c) The department is encouraged to make 20 percent of the funds under (b) of this subsection (14) to tribal governments, designated subdivisions, and agencies.

(d) If a grant is awarded to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(15) \$10,072,000 of the state building construction account—state appropriation is provided solely for the first phase of an aluminum smelter restart project which, when fully deployed, will reduce emissions of greenhouse gases by a minimum of 750,000 tons per year, increase energy efficiency, and protect or create aluminum manufacturing jobs located in Whatcom county. It is the intent of the legislature that if the appropriation in this subsection is not spent by June 30, 2025, the funding provided in this subsection shall not be reappropriated.

(16) \$10,000,000 of the state building construction account—state appropriation is provided solely for the Grant county public utility district for expenses related to public infrastructure development benefiting a large-scale solar manufacturing facility in central Washington. If the department has not received a signed agreement between the Grant county public utility district and the large-scale solar manufacturer indicating the manufacturer's intent to develop the site in central Washington by December 31, 2025, the funding provided in this subsection shall not be reappropriated.

FOR THE DEPARTMENT OF COMMERCE

2021-23 Weatherization Plus Health
(40000150)

The appropriations in this section ~~((is))~~ are subject to the following conditions and limitations:

(1) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants for the Washington State University energy extension community energy efficiency program (CEEP) to support homeowners, tenants, and small business owners in making sound energy efficiency investments by providing consumer education and marketing, workforce support through training and lead generation, and direct consumer incentives for upgrades to existing homes and small commercial buildings. This is the maximum amount the department may expend for this purpose.

(2) The department, in collaboration with the Washington State University, shall make recommendations to the appropriate committees of the legislature on strategies to expand and align the weatherization program and the rural rehabilitation loan program. The department shall report the recommendations to the appropriate committees of the legislature and the governor by November 1, 2022. The recommendations must include strategies to:

(a) Recruit community energy efficiency program sponsors that are community-based organizations located in geographic areas of the state that have not received funding for low-income weatherization programs, targeting hard to reach market segments;

(b) Leverage funding from community energy efficiency program sponsors in an amount greater than or equal to the amount provided by the state through the weatherization program;

(c) Ensure that community energy efficiency program utility sponsors work with non-profit community-based organizations to deliver community energy efficiency program services; and

(d) Identify community energy efficiency program sponsors that support the conversion of space and water heating from fossil fuels to electricity, as part of a set of energy efficiency investments.

(3) If funding from this appropriation is used to purchase heating devices or systems, the agency shall, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(4) \$69,766,000 of the general fund—federal appropriation in this section is provided solely as expenditure authority for grant funding received by the department for the weatherization assistance program in section 40551 of P.L. 117-58 (infrastructure investment and jobs act), not to exceed the actual amount of grant funding awarded. Expenditure of the amount in this subsection is contingent on the receipt of this grant funding. If the department does not receive the grant funding by June 30, 2023, the expenditure authority in this section shall lapse.

FOR THE DEPARTMENT OF COMMERCE

2021-23 Housing Trust Fund Investment in Affordable Housing (40000153)

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(((\$129,903,000))~~ \$58,347,000 of the state taxable building construction account—state appropriation ~~((and))~~, \$73,606,000 of the coronavirus state fiscal recovery fund—federal appropriation, \$20,000,000 of the state building construction account—state appropriation, and \$96,028,000 of the capital community assistance account—state appropriation are provided solely for production and preservation of affordable housing projects that serve

and benefit low-income and special needs populations including, but not limited to, people with chronic mental illness, people with developmental disabilities, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to allocate at least 30 percent of these funds to projects located in rural areas of the state, as defined by the department.

(a) In addition to the definition of "first-time home buyer" in RCW 43.185A.010, for the purposes of awarding homeownership projects during the 2021-2023 fiscal biennium "first-time home buyer" also includes:

(i) A single parent who has only owned a home with a former spouse while married;

(ii) An individual who is a displaced homemaker as defined in 24 C.F.R. Sec. 93.2 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and who has only owned a home with a spouse;

(iii) An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations; or

(iv) An individual who has only owned a property that is discerned by a licensed building inspector as being uninhabitable.

(b) \$5,000,000 of the appropriation provided in this subsection (1) is provided solely for housing that serves people with developmental disabilities;

(c)(i) \$20,000,000 of the appropriation in this subsection (1) is provided solely for housing preservation grants or loans to be awarded competitively.

(ii) The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment be provided prior to contract execution. Funds may not be used to add or expand the capacity of the property.

(iii) To allocate preservation funds, the department must review applications

and evaluate projects based on the following criteria:

(A) The age of the property, with priority given to buildings that are more than 15 years old;

(B) The population served, with priority given to projects with at least 50 percent of the housing units being occupied by families and individuals at or below 50 percent area median income;

(C) The degree to which the applicant demonstrates that the improvements will result in a reduction of operating or utilities costs, or both;

(D) The potential for additional years added to the affordability period of the property; and

(E) Other criteria that the department considers necessary to achieve the purpose of this program.

(d) \$25,000,000 of the capital community assistance account—state appropriation in subsection (1) of this section is provided to nonprofit agencies for the development of homeownership projects affordable to low-income households throughout the state.

(2) \$10,000,000 of the state building construction account—state appropriation is provided solely for grant awards for the development of community housing and cottage communities to shelter individuals or households experiencing homelessness.

(a) \$8,775,000 of the state building construction account—state appropriation is provided solely for competitive grant awards. This funding must be awarded to projects that develop a minimum of four individual structures in the same location. Individual structures must contain insulation, electricity, overhead lights, and heating. Kitchens and bathrooms may be contained within the individual structures or offered as a separate facility that is shared with the community. When evaluating applications for this grant program, the department must prioritize projects that demonstrate:

(i) The availability of land to locate the community;

(ii) A strong readiness to proceed to construction;

(iii) A longer term of commitment to maintain the community;

(5) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

((+5)) (6) The appropriations in this section are subject to the following reporting requirements:

(a) By June 30, 2023, the department must report on its website the following for every previous funding cycle: The number of homeownership and multifamily rental projects funded by housing trust fund moneys; the percentage of housing trust fund investments made to homeownership and multifamily rental projects; and the total number of households being served at up to 80 percent of the area median income, up to 50 percent of the area median income, and up to 30 percent of the area median income, for both homeownership and multifamily rental projects.

(b) Beginning December 1, 2021, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development

costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies.

~~((6))~~ (7) \$100,000 of the state building construction account—state appropriation is provided solely for the department of social and health services to complete a study of the community-based housing needs of adults with intellectual and developmental disabilities. The department of social and health services shall collaborate with appropriate stakeholders and the department in completing this study and the study shall:

(a) Estimate the number of adults with intellectual and developmental disabilities who are facing housing insecurity;

(b) Make recommendations for how to improve housing stability for adults with intellectual and developmental disabilities who are facing housing insecurity;

(c) Make recommendations for how to increase the capacity of developers to support increasing the supply of housing that meets the needs of the intellectual and developmental disabilities population; and

(d) Be submitted to the appropriate committees of the legislature no later than December 1, 2022.

~~((7))~~ (8) The legislature finds that there are insufficient data sources to identify adults with intellectual and developmental disabilities facing housing insecurity in Washington state and that the absence of reliable data limits the ability for the legislature to make informed decisions that will improve the outcomes of these individuals. The legislature further finds that reliable, current information about the unmet housing needs of this population will position Washington state to leverage community-based partnerships and funding to establish greater housing choice and increased community integration of individuals with intellectual and developmental disabilities.

Sec. 1021. 2021 c 332 s 1071 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2021-23 Rapid Capital Housing Acquisition (40000222)

The appropriations in this section (~~is~~) are subject to the following conditions and limitations:

(1) Except as provided in subsections (7) through ~~((9))~~ (8) of this section, the appropriations in this section (~~is~~) are provided solely for the department to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 to acquire or rent real property for a rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, drop-in center, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. Amounts provided in this section may be also used for renovation and building update costs associated with establishment of the acquired or rented facilities. For youth housing, drop-in centers, and shelter projects, renovation of existing properties is an allowable activity. The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with

providing housing, supportive services, or debt service.

(2) Funds may also be used for permanent financing for real estate acquired using other short term acquisition sources. To expand availability of permanent housing, financing of acquisition of unoccupied multifamily housing is a priority. Funds must also be provided specifically for the city of Seattle to move people experiencing unsheltered homelessness into safe spaces, including, but not limited to, tiny homes, hotels, enhanced emergency shelters, or other rapid housing alternatives.

(3) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall establish criteria for the issuance of the grants, (~~which may include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant,~~) during which time the property must be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant. The criteria must include:

(a) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(b) A detailed estimate of the costs associated with the acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(c) A detailed estimate of the costs associated with opening the beds or units; and

(d) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants throughout the end of the grant contract.

(4) The department must provide a progress report on its website by December 1, 2022. The report must include:

(a) The total number of applications and amount of funding requested; and

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, housing units, and anticipated completion date.

(5) The funding provided under this section is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050. The department of commerce shall dispense funds to the city of Seattle and other qualifying applicants within 45 days of receipt of documentation from the applicant for qualifying uses and execution of any necessary contracts with the department in order to effect the purpose of rapid deployment of funds under this section.

(6) If the department receives simultaneous applications for funding under this program, proposals that reach the greatest public benefit, as defined by the department, must be prioritized. For purposes of this subsection (6), "greatest public benefit" must include, but is not limited to:

(a) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness.

(b) Whether the project has federally funded rental assistance tied to it;

(c) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(d) The program's established funding priorities under RCW 43.185.070(5).

~~(7) ((\$900,000 of the state building construction account state appropriation in this section is provided solely for the public building conversion pilot program. The pilot program must be implemented in Grays Harbor county in collaboration with Community House on Broadway, in partnership with CORE Health.~~

~~(a) The appropriation may be used only for costs related to rehabilitation, retrofitting, and conversion of the publicly owned building for use as housing for homeless persons.~~

~~(b) The appropriation may not be used for staffing or maintaining buildings converted to housing for homeless persons. Costs for staffing and maintenance must be borne by the county or the contractor.~~

~~(c) In the contract for the pilot program, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.~~

~~(d) The pilot program should help inform the development of a public building conversion grant program to encourage counties to convert unused, publicly owned buildings into housing for homeless persons. The department must report to the office of financial management and fiscal committees of the legislature by November 1, 2022, regarding the establishment of the pilot program and any recommendations related to implementation of a public building conversion grant program.~~

~~(8) \$17,800,000)) \$17,500,000 of the state building construction account—state appropriation is provided solely for the following list of projects:~~

\$5,000,000 for the Tacoma Housing Authority affordable housing acquisition;

\$4,000,000 for the Keiro nursing home acquisition in Seattle;

\$1,500,000 for the Parkland/Spanaway homeless shelter;

~~((\$300,000 for the Concord apartments acquisition in Seattle;))~~

\$2,000,000 for the ~~((Eastgate supportive housing))~~ Illahee Affordable Housing project in Bellevue; and

\$5,000,000 for the City of Seattle for the acquisition of the Clay Apartments in partnership with a low-income housing provider.

Shelton Young Adult Transitional Housing (Shelton) \$773,000

Volunteers of America Crosswalk 2.0 (Spokane) \$2,200,000

(b) If funding provided in (a) of this subsection needs to be reallocated, the department shall consult with the office of homeless youth prevention and protection programs to identify other eligible youth housing projects.

(9) The department must ensure compliance with conditions of the federal coronavirus state fiscal recovery fund. All expenditures from the coronavirus state fiscal recovery account—federal appropriation in this section must be obligated by December 31, 2024.

Sec. 1022. 2021 c 332 s 1075 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2022 Local & Community Projects (40000230)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(b) The funding for the Magnuson Park
Historic Hanger 2 (Seattle) project is
contingent on the contribution of at
least \$6,000,000 for the Magnuson Park
Center For Excellence. If the Magnuson
Park Center For Excellence has not
certified to the department of commerce
that the project has secured at least
\$6,000,000 in total funding for the
capital phase of the project by July 31,
2022, the funds in this subsection (8)(b)
shall lapse. The lapse date of July 31,
2022, must be extended to the same extent
that the city of Seattle grants an
extension, if any, beyond that date for
the same project, provided that no
further extension may be granted past
July 31, 2023. The Magnuson Park Center
For Excellence must ensure that the long-
term lease with Seattle Parks and
Recreation stipulates meaningful public
benefits that prioritize low-income,
black, indigenous, and people of color
youth and families of the Magnuson park
and neighborhood and Northeast Seattle.
The lease must include provisions to
proactively recruit and provide no-cost
access to the residents as well as the
creation of a scholarship fund dedicated
to the residents for the center's events

and programming. Additional public benefits to improve accessibility for Magnuson Park residents must be considered in the lease negotiations.

2022 Rapid Capital Housing Acquisition
(40000260)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$207,628,000 of the capital community assistance account—state appropriation in this section is provided solely for the department to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 to acquire real property for a rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. The department shall prioritize housing projects that will rapidly move people

experiencing unsheltered homelessness into housing, including, but not limited to, individuals living in unsanctioned encampments, the public rights-of-way, or other public spaces. Amounts provided in this section may also be used for renovation and building update costs associated with establishment of the acquired facilities. The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with providing housing, supportive services, or debt service.

(b) \$20,000,000 of the capital community assistance account—state appropriation in this section is provided solely for housing projects in rural areas as defined by the department under RCW 43.185.050 and underserved communities with the goal of maximizing the investment and increasing the number of supportive housing units in rural, underserved communities.

(c) \$2,000,000 of the capital community assistance account—state appropriation in this section is provided solely for the Woodley Place by Bayside Housing and Services project in Port Hadlock.

(d) \$172,000 of the capital community assistance account—state appropriation in this section is provided solely for Building Transitional Tiny Homes for the Homeless project in Seattle.

(e) \$200,000 of the capital community assistance account—state appropriation in this section is provided solely for the department to contract and work with a professional real estate broker to identify opportunities for rapid acquisition or conversion of properties.

(f) \$10,000,000 of the capital community assistance account—state appropriation in this section is provided solely for unexpected cost increases experienced by projects funded by prior rapid capital appropriations. The department must create a process by which providers that received prior rapid capital awards may request additional funding for unexpected costs of affordable housing projects that are under or ready for construction

(g) When selecting projects, the department shall balance the state's interest in quickly approving and

financing projects, the degree to which the project will leverage other funds, the extent to which the project promotes racial equity, and the extent to which the project will promote priorities on a statewide basis, including in rural areas and in geographically diverse parts of the state.

(h) Amounts appropriated under this section may also be used for permanent financing for real estate acquired using other short-term acquisition sources. To expand availability of permanent housing, financing of acquisition of multifamily housing is a priority.

(i) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall use criteria for the issuance of funds that were developed to administer prior rapid capital appropriations, and which must include:

(i) The date upon which the units can be placed in service and occupied by the intended population, or the date any necessary structural modifications would begin and the anticipated date of completion of the project;

(ii) A detailed estimate of the costs associated with the acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(iii) A detailed estimate of the costs associated with placing the beds or units in service; and

(iv) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants.

(j) If the recipient is found to be out of compliance with provisions of the contract, the recipient shall repay to the state general fund the principal amount of the award plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the award.

(k) The department must provide a progress report on its website by December 30, 2023. The report must include:

(i) The total number of applications and amount of funding requested; and

(ii) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, housing units, and anticipated completion date.

(l) The funding provided under this section is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

(m) The department shall prioritize proposals that reach the greatest public benefit, as defined by the department. For purposes of this subsection (1)(m), "greatest public benefit" must include, but is not limited to:

(i) The rapid transition of people living unsheltered or chronically homeless, into housing;

(ii) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness;

(iii) Whether the project has local funding commitments and rental assistance;

(iv) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(v) The program's established funding priorities under RCW 43.185.070(5).

(n) The department must strive to allocate all of the amounts appropriated in this section within the 2021-2023 fiscal biennium in the manner prescribed in this section. However, if upon review of applications the department determines there are not adequate suitable projects in (a) of this subsection, the department may allocate funds to (f) of this subsection or to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(2) \$60,000,000 of the apple health and homes account—state appropriation in this section is provided solely for the rapid permanent supportive housing program created under chapter . . . , Laws of 2022 (Engrossed Substitute House Bill No. 1866) and the creation of a housing

dashboard providing permanent supportive housing need and current capacity data. Of the amounts in this subsection, \$1,500,000 is provided solely for the St. Agnes Haven project in Spokane. If Engrossed Substitute House Bill No. 1866 is not enacted by June 30, 2022, the amount provided in this subsection shall lapse.

NEW SECTION. Sec. 1025. A new section is added to 2021 c 332 (uncodified) to read as follows: **FOR THE DEPARTMENT OF COMMERCE**

2022 Crisis Stabilization Facilities
(92001286)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation in this section is provided solely for the department to issue grants to expand and establish new capacity for 23-hour crisis triage facilities, crisis stabilization facilities with capacity up to 16 beds, and youth residential crisis triage and stabilization facilities, that are not subject to federal funding restrictions that apply to institutions of mental disease. Eligible grantees are limited to nonprofit or for-profit businesses, public entities, and tribes, that are also community hospitals or other community-based behavioral health providers. Facilities of less than 16 beds are permitted, but the department shall consider, as a factor in awards, the economies of scale created by facilities with higher numbers of beds and the operational costs and funding sources available to the applicant.

(b) The department shall work with the department of health, health care authority, and other relevant agencies to ensure that there is equitable distribution of these projects across the state, relative to need, and shall work

affirmatively with all behavioral health administrative services organizations regions, with the goal that all areas of the state are adequately served.

(c) The department shall ascertain the areas of Washington state with the most acute behavioral health crisis needs using emergency department data and other data available including existing and forthcoming committed capacity and shall ensure that these areas receive grants to help facilitate placement and construction of facilities in an expeditious manner.

(2) Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities. The department may approve funding for the acquisition of a facility if the project will result in increased crisis triage and stabilization capacity. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(3) \$12,000,000 of the appropriation in this section is provided solely for the department to issue grants for at least two residential crisis triage and stabilization facilities for youth. These facilities must increase behavioral health services and capacity for children and minor youth including, but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, depression, suicidality, and interventions for children exhibiting aggressive or depressive behaviors.

(4)(a) \$10,000,000 of the appropriation in this section is provided solely for the King County Crisis Walk-In/Stabilization; and

(b) \$12,000,000 of the appropriation in this section is provided solely for the Lynnwood Community Recovery Center.

(5) The department must provide a progress report to the fiscal committees of the legislature by March 1, 2023. The report must include:

(a) The total number of applications and amount of funding requested; and

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed

capacity, and anticipated completion date.

NEW SECTION. Sec. 1026. A new section is added to 2021 c 332 (uncodified) to read as follows: **FOR THE DEPARTMENT OF COMMERCE**

2023 Local and Community Projects
(40000266)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation provided in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant

and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) The appropriation is provided solely for the following list of projects:

Local & Community Projects 2016 (92000369)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The reappropriation is subject to the provisions of section 6009, chapter 413, Laws of 2019, except that subsection (2) of this section supersedes the requirements of subsection (7) in section 6009, chapter 413, Laws of 2019.

(2) \$2,209,000 of the appropriation in this section is provided solely for the Fairchild air force base protection and community empowerment project, including the purchase of 20 acres of land by Spokane county or the city of Airway Heights for development of affordable housing, the purchase of mobile home parks or mobile homes by Spokane county or the city of Airway Heights in order to reduce the use of the accident potential zone for residential purposes, and \$70,000 for a pilot project. The pilot project shall include payment of moving costs and down payment or closing costs of up to \$7,000 for 10 individuals or families living in mobile homes located in the accidental potential zone whose mobile homes are purchased and who relocate to affordable housing constructed on the 20 acres of land purchased by Spokane county or the city of Airway Heights through the appropriation in this subsection. There shall be no limitations on the sequence of the purchase of mobile home parks or mobile homes. If Spokane county or the city of Airway Heights subsequently rezones, develops, and leases the mobile home park property for commercial or industrial uses contrary to the allowed uses in the accident potential zone, Spokane county or the city of Airway Heights must repay to the state the amount spent on the purchase of mobile home parks in its entirety within 10 years. Mobile home parks purchased under the provisions of this subsection may be sold by Spokane county or the city of Airway Heights, provided that the uses of the mobile home park property are not contrary to the allowed uses in the accident potential zone. Any moneys from this sale must be used to purchase other mobile home parks or mobile homes in the Fairchild air force base protection and community empowerment project. The 20 acres of land purchased under this subsection for development as affordable housing may be sold, in whole or in part, by the recipient, provided the property sold is used for affordable housing as required in the Fairchild air force base

protection and community empowerment project. Recipients of funds provided under this subsection are not required to demonstrate that the project site is under their control for a minimum of 10 years but they must demonstrate that the project site is under their control through ownership or long-term lease. Projects funded under this subsection are not required to meet the provisions of RCW 43.63A.125(6) and section 6009(5), chapter 298, Laws of 2019.

Substance Use Disorder Recovery Housing (91001675)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for an agreement with Catholic Community Services/Catholic Housing Services to fund a master planning process for the development of a family-centered drug treatment and housing program in western Washington that supports families staying together while they recover from addiction and rebuild their lives. Housing developers, service providers, and other stakeholders must be included in this master planning process.

(2) The master planning process under this section must model the project to be developed after Rising Strong in Spokane and must include units for families that are experiencing substance use disorder and that are involved in the child welfare system. The site must include living quarters for families, space for services, play areas for children, and space for child care. The program services located at the site must include, but are not limited to, case management, counseling, substance use disorder treatment, and parenting skills

classes. The site must be located in King County, or located near King county, to provide services to families in the western area of the state.

(3) Phase two of the planning process must: Further define the community needs; work with the department, the health care authority, and the department of children, youth, and families in identifying a sponsoring agency or organization and service partners; make preferred site recommendations; determine the project budget and establish the model and sources for funding the program located in the facility, including the conditions for sustainable funding; and include additional components identified by Catholic Community Services/Catholic Housing Services or its consultants needed to prepare for a 2023-2025 biennium capital budget request.

(4) The master plan developed under this section must be submitted to the appropriate committees of the legislature by December 31, ((2021)) 2022.

Grants for Affordable Housing Development Connections (91001685)

The appropriations in this section ~~((is))~~ are subject to the following conditions and limitations:

(1) The appropriations in this section ~~((is))~~ are provided solely for grants to local governments and public utility districts for system development charges and utility improvements for new affordable housing projects that serve and benefit low-income households. Where applicable, the extension must be consistent with the approved comprehensive plans under the growth management act and must be within the

established boundaries of the urban growth area.

(2) \$7,600,000 of the state building construction account—state appropriation, \$4,500,000 of the capital community assistance account—state appropriation, and \$16,300,000 of the coronavirus state fiscal recovery fund—federal appropriation in this section are provided solely for grants to local governments or public utilities located within a jurisdiction that imposed a sales and use tax under RCW 82.14.530(1)(a)(ii), 82.14.530(1)(b)(i)(B), 82.14.540, or 84.52.105.

(3) \$10,700,000 of the coronavirus state fiscal recovery fund—federal appropriation and \$4,500,000 of the capital community assistance account—state appropriation in this section ~~((is))~~ are provided solely for grants to local governments or public utilities located within:

(a) A city or county with a population of 150,000 or less; and

(b) A jurisdiction that imposed a sales and use tax under RCW 82.14.530(1)(a)(ii) or 82.14.530(1)(b)(i)(B).

(4) The department shall coordinate with the office of financial management and the governor's office to develop a process for project submittal, project selection criteria, review, and monitoring, and tracking the housing development projects that receive affordable housing development connections grants under this section. To be eligible for funding under this section, an applicant must demonstrate, at minimum:

(a) That affordable housing development will begin construction within 24 months of the grant award; and

(b) A strong probability of serving the original target group or income level for a period of at least 25 years.

(5) \$1,700,000 of the state building construction account—state appropriation in this section is provided solely for the Port Townsend Utility Connection Project.

FOR THE DEPARTMENT OF COMMERCE

Infrastructure Projects (91001687)

The appropriations in this section ~~((is))~~ are subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the

department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(2) \$23,911,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation and \$23,137,000 of the capital community assistance account—state appropriation in this section ~~((is))~~ are provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to four percent of the funding in this subsection may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(3)(a) \$7,500,000 of the Ruth Lecocq Kagi early learning facilities revolving account—state appropriation in this section is provided solely for the Washington early learning loan fund. Up to four percent of the funding in this appropriation may be used by the contractor to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(b) In addition to the reporting requirements in RCW 43.31.573(5), the department must require the contractor to include the following information in the annual reports due to the department:

(i) Audited financial statements or reports independently verified by an accountant showing operating costs, including a clear delineation of the operating costs incurred due to administering grants and loans under this subsection (3);

(ii) Independently verified information regarding the interest rates and terms of all loans provided to early learning facilities under this subsection (3);

(iii) Independently verified or audited information showing all private matching dollars, public matching dollars, and revenues received by the contractor from the repayment of loans, clearly delineating revenues received from the repayment of loans provided under this subsection (3); and

(iv) A forward-looking financial plan that projects the timing and public funding level at which the Washington early learning loan fund will become self-sustaining and will no longer need state matching dollars to provide loans to early learning facilities. The plan must include scenarios based upon a range of state investment in the fund.

(4) The department of children, youth, and families must develop methodology to identify, at the school district boundary level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(5) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those

areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(6) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(7) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(8) The department shall, in consultation with the department of children, youth, and families, prepare a report to the office of financial management and the fiscal committees of the legislature regarding the geographical diversity of early learning facilities grants. The report must be submitted by December 1, 2022, and must provide the following information:

(a) Geographical disbursement of school district early learning grants, early learning facilities grants to eligible organizations, and early learning loans or grants provided by a nongovernmental private-public partnership contracted by the department, including type of grant, size of award, number of early childhood education and assistance program or working connections child care program slots added, and any other information that the department deems relevant;

(b) Disbursement of early learning grants or loans to providers in rural and nonrural counties, including type of grant, size of award, number of early childhood education and assistance program or working connections child care program slots added, and any other information that the department deems relevant; and

(c) Disbursement of early learning grants or loans to providers by type of provider, including school district, child care center, licensed family home, or other, including type of grant, size of award, number of early childhood education and assistance program or working connections child care program slots added, and any other information that the department deems relevant.

(9) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 7017, chapter 332, Laws of 2021 or RCW 43.88.150.

(10) It is the intent of the legislature to reappropriate funding in the 2023-2025 omnibus capital appropriations act for early learning facilities appropriated in this section.

(uncodified) is amended to read as
follows:

FOR THE DEPARTMENT OF COMMERCE

2021-23 Behavioral Health Community
Capacity Grants (40000219)

The appropriations in this section
(~~is~~) are subject to the following
conditions and limitations:

(1) The appropriations in this section
(~~is~~) are provided solely for the
department to issue grants to community
hospitals or other community providers to
expand and establish new capacity for
behavioral health services in
communities. The department must consult
an advisory group consisting of
representatives from the department of
social and health services, the health
care authority, one representative from
a managed care organization, one
representative from an accountable care
organization, and one representative
from the association of county human
services. Amounts provided in this
section may be used for construction and
equipment costs associated with
establishment of the facilities. The
department may approve funding for the
acquisition of a facility if the project
will result in increased behavioral
health capacity. Amounts provided in this
section may not be used for operating
costs associated with the treatment of
patients using these services.

(2) The department must establish
criteria for the issuance of the grants,
which must include:

(a) Evidence that the application was
developed in collaboration with one or
more regional behavioral health entities
that administer the purchasing of
services;

(b) Evidence that the applicant has
assessed and would meet gaps in

geographical behavioral health services
needs in their region;

(c) Evidence that the applicant is
able to meet applicable licensing and
certification requirements in the
facility that will be used to provide
services;

(d) A commitment by applicants to
serve persons who are publicly funded and
persons detained under the involuntary
treatment act under chapter 71.05 RCW;

(e) A commitment by the applicant to
maintain and operate the beds or facility
for a time period commensurate to the
state investment, but for at least a 15-
year period;

(f) The date upon which structural
modifications or construction would
begin and the anticipated date of
completion of the project;

(g) A detailed estimate of the costs
associated with opening the beds;

(h) A financial plan demonstrating the
ability to maintain and operate the
facility; and

(i) The applicant's commitment to work
with local courts and prosecutors to
ensure that prosecutors and courts in the
area served by the hospital or facility
will be available to conduct involuntary
commitment hearings and proceedings
under chapter 71.05 RCW.

(3) In awarding funding for projects
in subsection (5) of this section, the
department, in consultation with the
advisory group established in subsection
(1) of this section, must strive for
geographic distribution and allocate
funding based on population and service
needs of an area. The department must
consider current services available,
anticipated services available based on
projects underway, and the service
delivery needs of an area.

(4) The department must prioritize
projects that increase capacity in
unserved and underserved areas of the
state.

(5) \$71,400,000 of the state building
construction account—state
appropriation in this section is provided
solely for a competitive process for each
category listed and is subject to the
criteria in subsections (1), (2), (3),
and (4) of this section:

(a) \$11,600,000 of the state building construction account—state appropriation in this section is provided solely for at least six enhanced service facilities for long-term placement of patients discharged or diverted from the state psychiatric hospitals and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) \$10,000,000 of the state building construction account—state appropriation in this section is provided solely for enhanced adult residential care facilities for long-term placements of dementia discharged or diverted from the state psychiatric hospitals and are not subject to federal funding restrictions that apply to institutions of mental diseases;

(c) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for at least one facility with secure withdrawal management and stabilization treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(d) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for at least one crisis triage and stabilization facility that is not subject to federal funding restrictions that apply to institutions of mental diseases;

(e) \$12,000,000 of the state building construction account—state appropriation in this section is provided solely for two 16-bed crisis triage and stabilization facilities in the King county region(~~(, one within the city of Seattle and one in south King county,)~~) consistent with the settlement agreement in *A.B. by and through Trueblood, et al., v. DSHS, et al.*, No. 15-35462, and that are not subject to federal funding restrictions that apply to institutions of mental disease;

(f) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for at least two mental health peer respite centers that are not subject to federal funding restrictions that apply to institutions of mental diseases. No more than one mental health peer respite center should be funded in each of the nine regions;

(g) \$18,000,000 of the state building construction account—state appropriation in this section is provided solely for the department to provide grants to community hospitals, freestanding evaluation and treatment providers, or freestanding psychiatric hospitals to develop capacity for beds to serve individuals on 90-day or 180-day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the health care authority;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes;

(h) \$2,400,000 of the state building construction account—state appropriation in this section is provided solely for competitive community behavioral health grants to address regional needs;

(i) \$9,400,000 of the state building construction account—state appropriation in this section is provided solely for at least three intensive behavioral health treatment facilities for long-term placement of behavioral health patients with complex needs and that are not subject to federal funding restrictions that apply to institutions of mental diseases; and

(j) \$2,000,000 of the state building construction account—state appropriation in this section is provided

solely for grants to community providers to increase behavioral health services and capacity for children and minor youth including, but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, and interventions for children exhibiting aggressive or depressive behaviors in facilities that are not subject to federal funding restrictions. Consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues.

(6)(a) \$15,648,000 of the state building construction account—state appropriation and \$8,748,000 of the capital community assistance account—state appropriation in this section ((is)) are provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section:

Astria Toppenish Hospital (Toppenish)

\$4,295,000

(7) The department must notify all applicants that they may be required to have a construction review performed by the department of health.

(8) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

(9) The department must strive to allocate all of the amounts appropriated within subsection (5) of this section in the manner prescribed. However, if upon review of applications, the department determines, in consultation with the advisory group established in subsection (1) of this section, that there are not adequate suitable projects in a category of projects under subsection (5) of this section, the department may allocate funds to other behavioral health capacity project categories within subsection (5) of this section, prioritizing projects under subsections (5)(a), (g), and (i) of

this section. Underserved areas of the state may also be considered.

(10) The department must provide a progress report by November 1, 2022. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date; and

(c) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services.

2021-23 Broadband Office (92000953)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) The appropriations in this section are provided solely to the statewide broadband office for qualifying broadband infrastructure projects.

(b) Unless otherwise stated, eligible applicants for grants awarded under subsections (2) and (3) of this section are:

(i) Local governments, including ports and public utility districts;

(ii) Federally recognized tribes;

(iii) Nonprofit organizations;

(iv) Nonprofit cooperative organizations; and

(v) Multiparty entities comprised of a combination of public entity members or private entity members. A multiparty entity cannot be solely comprised of private entities.

(c) The department must prioritize eligible applications where the lead applicant is a public entity.

(d) Projects receiving grants under this section must:

(i) Demonstrate that the project site is under the applicant's control for a minimum of 25 years, either through ownership or a long-term lease; and

(ii) Commit to using the infrastructure funded by the grant for the purposes of providing broadband connectivity for a minimum of 25 years.

~~((d))~~ (e) Unless otherwise stated, priority must be given to projects:

(i) Located in unserved areas of the state, which for the purposes of this section means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload;

(ii) Located in geographic areas of greatest priority for the deployment of

broadband infrastructure to achieve the state's broadband goals, as provided in RCW 43.330.536, identified with department and board mapping tools; or

(iii) That construct last mile infrastructure, as defined in RCW 43.330.530.

~~((e))~~ (f) Unless otherwise stated, appropriations may not be used for projects where a broadband provider currently provides, or has begun construction to provide, broadband service, as defined in RCW 43.330.530, to end users in the proposed project area ~~((at speeds equal to or greater than the state speed goals provided in RCW 43.330.536))~~.

~~((f))~~ (g) The appropriations must be used for projects that use a technology-neutral approach in order to expand access at the lowest cost to the most unserved or underserved residents.

~~((g))~~ (h)(i) The statewide broadband office must act as fiscal agent for the grants authorized in subsections (2) and (3) of this section.

(ii) No more than 1.5 percent of the funds appropriated for the program may be expended by the statewide broadband office for administration purposes.

(i) The statewide broadband office must impose grant or contract conditions to help ensure that any project funded under this section will result in an enduring public benefit, where feasible, for at least 25 years.

(2)(a) \$50,000,000 of the state building construction account—state appropriation is provided solely to the statewide broadband office to award as grants to eligible applicants as match funds to leverage federal broadband infrastructure program funding.

(b)(i) For the purposes of this subsection (2), "state broadband infrastructure funders" are the state broadband office, the public works board, and the community economic revitalization board.

(ii) The statewide broadband office must develop a project evaluation process to assist in coordination among state broadband infrastructure funders to maximize opportunities to leverage federal funding and ensure efficient state investment. The project evaluation process must help determine whether a project is a strong candidate for a known

federal funding opportunity and if a project can be packaged as part of a regional or other coordinated federal grant proposal. The state broadband infrastructure funders are encouraged to enter into a memorandum of understanding outlining how coordination will take place so that the process can help with a coordinated funding strategy across these entities.

(3)(a) ~~((\$260,003,000))~~ \$150,996,000 of the coronavirus state fiscal recovery fund—federal appropriation ~~((and \$16,000,000))~~, \$124,749,000 of the coronavirus capital projects account—federal appropriation, and \$258,000 of the state building construction account—state appropriation are provided solely for grants to eligible applicants for qualifying broadband infrastructure projects.

(b)(i) Projects that receive grant funding under this subsection (3) must be eligible for funds under section 9901 of the American rescue plan act.

(ii) To ensure compliance with conditions of the federal coronavirus state fiscal recovery fund and coronavirus capital projects account, all expenditures of amounts appropriated in this subsection (3) must be ~~((incurred))~~ obligated by December 31, 2024.

(c)(i) \$5,000,000 of the appropriation in this subsection is provided for broadband equity and affordability grants.

(ii) Grants must be provided to eligible applicants located in areas:

(A) With existing broadband service with speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload; and

(B) Where the state broadband office, in consultation with the department of equity, determine that access to existing broadband service is not affordable or equitable.

(iii) Eligible applicants for grants awarded under this subsection (3)(c) are:

(A) Local governments, including ports and public utility districts;

(B) Federally recognized tribes;

(C) Public school districts;

(D) Nonprofit organizations; and

(E) Multiparty entities comprised of public entity members to fund broadband deployment.

(d) \$258,000 of the ((~~coronavirus capital projects account—federal~~)) state building construction account—state appropriation in this subsection is provided solely for the Precision Agriculture and Broadband pilot project.

(e) \$225,000 of the coronavirus capital projects account—federal appropriation in this subsection is provided solely for the Point Roberts rural broadband project.

(4) By January 30, 2022, and January 30, 2023, the statewide broadband office must develop and submit a report regarding the grants established in subsections (2) and (3) of this section to the office of financial management and appropriate fiscal committees of the legislature. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of projects approved for grant funding in the preceding fiscal year;

(c) The total amount of grant funding that was disbursed during the preceding fiscal year;

(d) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year; and

(e) For projects funded in the prior biennium, the outcomes achieved by the approved projects.

(5) For eligible applicants providing service outside of their jurisdictional boundary, no more than three percent of the award amount may be expended for administration purposes.

Work, Education, Health Monitoring Projects (91001686)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(1) The appropriation in this section is provided solely for inflationary cost increases of materials for state agency projects funded in an omnibus capital appropriations act that are currently active in the construction phase. Projects in the design phase are not eligible and must submit a budget decision package for the 2023 legislative session. The office of financial management shall allocate funds based on project necessity.

(2) To be eligible for funds from this inflation and contingency fund, a request letter signed by the affected agency director must be submitted to the office of financial management and the appropriate legislative fiscal committees. The request must include:

(a) A statement describing the unexpected costs;

(b) The ways the agency has already mitigated project costs; and

(c) The identification of other funding that may be applied to the project.

(3) For requests during a legislative session, an agency must notify the legislative fiscal committees before requesting these funds from the office of financial management.

(4) The office of financial management must notify the legislative evaluation and accountability program committee and the fiscal committees of the legislature as inflation and contingency funds are approved, including the approved funding level by fund type, and a copy of all the materials submitted in subsection (2) of this section.

Legislative Campus Modernization (92000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The reappropriations are subject to the provisions of section 6024 of this act.

(2) The department must consult with the senate facilities and operations committee or its designee(s) and the house of representatives executive rules committee or its designee(s) at least every other month.

(3) \$11,585,000 of the Thurston county capital facilities account—state appropriation is provided solely for the global legislative campus modernization subproject, which includes, but is not limited to, modular building leases or purchases and associated costs, site development work on campus to include Columbia street, stakeholder outreach, and historic mitigation for the project.

(4) \$69,037,000 of the amount provided in this section is provided solely for Irv Newhouse building replacement design and construction subproject on opportunity site six.

(a) The department must:

(i) Have a design contractor selected by September 1, 2021;

(ii) Start design validation by October 1, 2021; and

(iii) Start design by December 1, 2021.

(b) The design and construction must result in:

(i) A high performance building that meets net-zero-ready energy standards, with an energy use intensity of no greater than 35;

(ii) Sufficient program space required to support senate offices and support functions;

(iii) A building façade similar to the American neoclassical style with a base, shaft, and capitol expression focus with some relief expressed in modern construction methods to include adding more detailing and depth to the exterior so that it will fit with existing legislative buildings on west capitol campus, like the John Cherberg building;

(iv) Member offices of similar size as member offices in the John A. Cherberg building;

(v) Demolition of the buildings located on opportunity site six;

(vi) Consultation with the leadership of the senate, or their designee(s), at least every month, effective July 1, 2021; and

(vii) Ensure the subproject meets legislative intent to complete design by April 30, 2023, and start construction by September 1, 2023.

(5) \$8,538,000 of the amount provided in this section is provided solely for the Pritchard building and the John L. O'Brien renovation design subproject. The design contractor must be selected by ~~((January 1, 2023))~~ September 1, 2022, and the design must result in:

(a) A high performance building that meets net-zero-ready energy standards, with an energy use intensity of no greater than 35;

(b) Sufficient program space required to support house of representatives offices and support functions; and

(c) Additional office space in the Pritchard building necessary to offset house of representatives members and staff office space that ~~((may))~~ will be eliminated in the renovation of the third and fourth floors of the John L. O'Brien building.

(6) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(7) The state capitol committee, in consultation with capitol campus design advisory committee, may review architectural design proposals for continuity with the 2006 master plan for the capitol of the state of Washington and 2009 west capitol campus historic

landscape preservation and vegetation management plan. As part of planning efforts, the state capitol committee may conduct a review of current design criteria and standards.

(8) The Irv Newhouse building replacement and Pritchard building designs should include an analysis of comprehensive impacts to the campus and the surrounding neighborhood, an evaluation of future workforce projections and an analysis of traffic impacts, parking needs, visual buffers, and campus aesthetics. The designs should include a public engagement process including the capitol campus design advisory committee and state capitol committee.

(9) \$180,000 of the appropriation in this section is provided solely for the department to conduct a preservation study of the Pritchard building as a continuation of the predesign in section 6024 of this act. The study must include an analysis of seismic, geotechnical, building codes, constructability, and costs associated with renovation and expansion of the Pritchard building to accommodate tenant space needs. The department shall contract with a third-party historic preservation specialist to ensure the study is in compliance with the secretary of the interior's standards and any other applicable standards for historic rehabilitation. The study must include a public engagement process including the capitol campus design advisory committee and state capitol committee. The study is subject to review and approval by the state capitol committee by March 31, 2022, to inform the design of a renovation, expansion, or replacement of the Pritchard building.

(10) The department may sell by auction the Ayers and Carlyon houses, known as the press houses, separate and apart from the underlying land, subject to the following conditions:

(a) The purchaser, at its sole cost and expense, must remove the houses by December 31, 2021;

(b) The state is not responsible for any costs or expenses associated with the sale, removal, or relocation of the buildings from opportunity site six; and

(c) Any sale proceeds must be deposited into the Thurston county capital facilities account.

(11) Implementation of subsections (7) through (10) of this section is not intended to delay the design and construction of any of the subprojects included in the legislative campus modernization project.

(12) If the department receives information that projected costs for any of the subprojects in subsections (3), (4), or (5) of this section will exceed the amount provided in the respective subsections and the future biennia projected costs, the department must provide that information to the project executive team committee. The department must provide at least two options to reduce subproject costs to stay within the amount provided for that subproject and to stay on schedule. Before proceeding with a reduced cost option, the department must consult with the project executive team committee. The project executive team must reach majority consensus to either move forward with a lower cost option or to request additional capital budget funding.

FOR THE DEPARTMENT OF ECOLOGY

2021-23 Water Banking (91000373)

The appropriations in this section (~~is~~) are subject to the following conditions and limitations:

(1)(a) The appropriations in this section are provided solely for the department to administer a pilot grant program for water banking strategies to meet local water needs.

(b) \$2,000,000 is provided solely for qualified applicants located within the Methow River Basin.

(2)(a) Grant awards may only be used for:

(i) Development of water banks in rural counties as defined in RCW 82.14.370(5);

(ii) Acquisition of water rights appropriate for use in a water bank including all costs necessary to evaluate the water right for eligibility for its intended use; and

(iii) Activities necessary to facilitate the creation of a water bank.

(b) For applicants located outside of the Methow River Basin, grant awards may only be used for the development of water banks in rural counties that have the headwaters of a major watershed within their borders and only for water banking strategies within the county of origin. For purposes of this section, "major watershed" has the same meaning as shoreline of statewide significance in RCW 90.58.030(2)(f)(v) (A) and (B).

(3) Grant awards may not exceed \$2,000,000 per applicant.

(4) For the purposes of a grant pursuant to this section, a water bank must meet water needs, which include, but are not limited to, agricultural use and instream flow for fish and wildlife. The water bank must preserve water rights for use in the county of origin and for permanent instream flows for fish and wildlife through the primary and secondary reaches of the water right.

(5) To be eligible to receive a grant under this section, an applicant must:

(a) Be a public entity or a participant in a public-private partnership with a public entity;

(b) Exhibit sufficient expertise and capacity to develop and maintain a water

bank consistent with the purposes of this appropriation;

(c) Secure a valid interest to purchase a water right;

(d) Show that the water rights appear to be adequate for the intended use; and

(e) Agree to have one-third of any water right purchased with the funds appropriated under this section to have its purpose of use changed permanently to instream flow benefiting fish and wildlife.

(6) If the amounts provided in subsection (1)(b) of this section are not obligated by June 30, 2023, the water banking pilot program established in this section is null and void, and funding is not reappropriated.

The appropriation in this section is subject to the following conditions and limitations:

(1) (~~(\$100,000)~~) \$20,000 is provided solely for the department to contract with a third party facilitator for the purpose of collaborating with the YMCA of

greater Seattle, Camp Colman, on finding solutions for maintaining a high-quality camp experience while establishing a barrier free passage for migrating fish species at Whiteman cove.

(2) \$500,000 is provided solely for the department to grant to the YMCA of greater Seattle to retain expertise to scope, plan, and advance the future of the Camp Colman experience given the restoration of the Whiteman cove estuary. The planning process should be inclusive of tribal input, with an open invitation for their participation, and must include department technical experts, participation from the departments of ecology and fish and wildlife, and any other resources needed. The plan should include a vision for how the cove can be returned to a fully functioning estuary, benefiting native flora and fauna, as well as serve as an environmental outdoor educational opportunity that will serve youth and families, especially those from historically marginalized and underrepresented communities, and include educational opportunities for youth and families to learn of native cultural heritage unique and specific to the natural and human history of the site. The plan must identify specific projects and estimated costs, given estuary restoration, for physical improvements for the camp, such as water access structures or swimming facilities, with recommendations for funding. The department, on behalf of the YMCA, must submit the plan in a report to the fiscal committees of the legislature by December 31, 2021.

(3) (~~(\$300,000)~~) \$450,000 is provided solely for the department to design the fish blockage removal and predesign enhancements for a new bridge and roadway across Whiteman cove that are part of the fish blockage removal project and necessary as part of maintaining the route as access to the camp. The predesign must take into consideration the means to maintain continuous road access to Camp Colman for campers and camp staff without disruption, ensure the continuation, mitigation and innovation of Camp Colman's recreational, water safety, and environmental education programs in the salt water estuary, and maintain the critical outdoor experiences for historically marginalized and underrepresented communities.

MISCELLANEOUS PROVISIONS

Sec. 7001. 2021 c 332 s 7001 (uncodified) is amended to read as follows:

RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are ~~((\$46,768,901))~~ \$46,810,631 for the 2021-2023 biennium, ~~((\$314,662,796))~~ \$324,599,260 for the 2023-2025 biennium, and ~~((\$447,088,148))~~ 466,702,535 for the 2025-2027 biennium.

Sec. 7002. 2021 c 332 s 7002 (uncodified) is amended to read as follows:

ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.

(1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes

before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$119,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a new library-archives building.

(4) Washington state patrol: Enter into a financing contract for up to \$7,706,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a burn building for live fire training.

(5) Department of social and health services: Enter into a financing contract for up to \$115,700,000 plus costs and financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a nursing facility on the fircrest residential habilitation center campus. The department may contract to lease develop or lease purchase the facility. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of

this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

(6) Community and technical colleges:

(a) Enter into a financing contract on behalf of Grays Harbor College for up to \$3,200,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a student services and instructional building.

(b) Enter into a financing contract on behalf of Shoreline Community College for up to \$3,128,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct an allied health, science, and manufacturing replacement building.

(c) Enter into a financing contract on behalf of South Puget Sound Community College for up to \$5,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate a health education building.

(d) Enter into a financing contract on behalf of Bates Technical College for up to \$1,350,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase land and facilities.

(7) The department of ecology: ~~((Submit a financing contract proposal to fully fund the Lacey headquarters parking garage preservation project, including financing expenses and required reserves pursuant to chapter 39.94 RCW, in the department's 2022 supplemental capital budget request))~~ Enter into a financing contract for up to \$3,797,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Lacey headquarters parking garage preservation project.

Sec. 7003. 2021 c 332 s 7012 (uncodified) is amended to read as follows:

Executive Order No. 21-02, archaeological and cultural resources, was issued effective ~~((November 10, 2005))~~ April 7, 2021. Agencies shall comply with the requirements set forth in this executive order and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of projects on cultural resources and historic properties proposed in state-

funded construction or acquisition projects, including grant or pass-through funding that culminates in construction or land acquisitions. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated early in the project planning process, prior to construction or taking title.

NEW SECTION. Sec. 7004. A new section is added to 2021 c 332 (uncodified) to read as follows:

The public works board created in RCW 43.155.030 shall develop recommendations for a program design and administration, including but not limited to, prioritization and selection criteria, operation, and funding structure and levels for the types of innovative infrastructure projects that conserve water and energy, reduce greenhouse gas emissions, or reduce pollution and waste with a focus on those projects that achieve multiple benefits. In developing recommendations, the public works board shall, at a minimum, collaborate with the interagency, multijurisdictional system improvement team established by RCW 43.155.150, the department of commerce's state energy office, the industrial waste coordination program established by RCW 43.31.625, and local governments to evaluate barriers and gaps in incentives and funding for advancing innovative systems and technologies in public infrastructure that promote community and ecosystem resilience. Examples of innovative project types that should be addressed by the program include water reuse or reclaimed water systems, projects that integrate energy generation or water collection from waste products, and projects that reduce pollution discharges, treat or store water through green, or nature-based, infrastructure. The public works board shall provide recommendations to the governor's office, office of financial management, the senate ways and means committee and the house capital budget committee by October 1, 2022.

Sec. 7005. RCW 43.63A.125 and 2019 c 413 s 7030 are each amended to read as follows:

(1) The department shall establish the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of

nonresidential community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to solicit, evaluate, and rank applications for the building communities fund program as follows:

(a) The department shall conduct a statewide solicitation of project applications from nonprofit organizations.

(b) The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. To be considered qualified, applicants must demonstrate that the proposed project:

(i) Will increase the range, efficiency, or quality of the services provided to citizens;

(ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;

(iii) Will offer three or more distinct activities that meet a single community service objective or offer a diverse set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;

(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;

(v) Requires state funding to accomplish a discrete, usable phase of the project;

(vi) Is ready to proceed and will make timely use of the funds;

(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms

of the grant agreement and to maintain the project into the future;

(viii) Fills an unmet need for community services;

(ix) Will achieve its stated objectives; and

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c)(i) The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed (~~twenty-five~~) 25 percent of the total cost of the project, except (~~under~~) as provided in (c)(ii) and (iii) of this subsection (2).

(ii) For project lists submitted during the 2021-2023 fiscal biennium, grant assistance under this section may not exceed:

(A) One hundred percent of the total cost for projects up to \$100,000;

(B) Seventy-five percent of the total cost for projects that exceed \$100,000, up to \$250,000;

(C) Fifty percent of the total cost for projects that exceed \$250,000, up to \$500,000.

(iii) Under exceptional circumstances, the department may reduce the amount of nonstate match required. However, during the 2019-2021 biennium, the legislature may waive the match required for the projects specified in section 1009, chapter 413, Laws of 2019. No more than (~~ten~~) 10 percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For project lists submitted during the 2021-2023 fiscal biennium, there is no limit to the total granted amount awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant's control, such as a fire or an unanticipated loss of a lease where services are currently provided; or a delay that could result in a threat to

public health or safety. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(d) The department may not set a monetary limit to funding requests.

(3) The department shall submit biennially to the governor and the legislature in the department's capital budget request a ranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state capital funding available for all projects on the biennial list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to ~~((three million dollars))~~ \$3,000,000 may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(4) In addition to the list of ranked qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantee performance; report project and contract information; and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant

and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(1) The department of enterprise services shall convene a construction industry work group to recommend how to apply successful carbon reduction strategies, incorporate necessary parameters of design and construction considerations, and allow for efficient and cost effective state construction projects. The work group must be comprised of construction industry professionals as recommended by a leading association on Washington business in design, specification, construction, and material supply and construction professionals that have successfully realized real and measurable results. The work group must also include a representative from the department of enterprise services, representatives from environmental groups, and someone of applicable expertise from the Washington academy of sciences.

(2) The work group shall identify and recommend carbon reduction strategies and environmental product declaration principles to successfully apply in state construction projects and:

(a) Clarify the definition of environmental product declaration to ensure that environmental product declarations (EPD) are applied properly, consistently, and as intended and provide a baseline of understanding based on accepted metrics to obtain measurable results for state construction projects;

(b) Suggest a pilot project or project review to apply construction industry recommendations and create an education and standards brief that accompanies the report required under subsection (3) of this section;

(c) Outline the environmental project review data collection process in functional detail and use existing data gathering resources such as EC3; and

(d) Identify measurable outcome criteria to establish a project baseline summary for use during design from estimated project material quantities using industry average environmental product declarations.

(3) The work group shall provide their recommendations in a report to the fiscal committees of the legislature by (~~January 1, 2022~~) June 30, 2022.

(d) Identify measurable outcome criteria to establish a project baseline summary for use during design from estimated project material quantities

using industry average environmental product declarations; and

(e) Identify sustainable and low-carbon emitting building materials, including but not limited to, aggregate and recycled concrete materials, as described in subsection (4) of this section.

(3) The work group shall provide their recommendations in a report to the fiscal committees of the legislature by January 1, 2022.

(4)(a) The legislature continues to prioritize Washington state's sustainability goals and reaffirms its determination that recyclable construction aggregate and recycled concrete materials are too valuable to be wasted and landfilled. The legislature further finds that the reuse of construction aggregate and recycled concrete materials into construction projects is known to:

(i) Reduce the need for consumption of new construction aggregate materials and conserves existing aggregate resources;

(ii) Encourages reuse and recycling, reduces waste, and discourages landfilling of readily available natural resources;

(iii) Reduces truck trips and related transportation emissions; and

(iv) Reduces greenhouse gases related to the construction of state funded construction projects, reduce embodied energy, and improve and advance the sustainable principles and practices of Washington state.

(b) These recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, as a commodity substantially meets widely recognized international, national, and local standards and specifications, and are managed as an item of commercial value.

Sec. 7008. RCW 43.83B.430 and 2020 c 168 s 6 are each amended to read as follows:

The state drought preparedness and response account is created in the state treasury. All receipts from appropriated funds designated for the account and all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the

account may be used for drought preparedness and response activities under this chapter, including grants issued under RCW 43.83B.415. Moneys in the account may be spent only after appropriation. During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the account for activities related to water banking.

Sec. 7009. RCW 43.155.050 and 2021 c 334 s 979 and 2021 c 332 s 7031 are each reenacted and amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water pollution control revolving fund and the drinking water assistance account to provide for state match requirements under federal law. Not more than twenty percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than ten percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management act, the aviation revitalization loan program, the community economic revitalization board broadband program, and the voluntary stewardship program. During the 2021-2023 biennium, the legislature may appropriate moneys from the account for activities related to the aviation revitalization board. During the 2019-2021 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of

moneys in the public works assistance account to the statewide broadband account. During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the public works assistance account for activities related to the voluntary stewardship program, rural economic development, and the growth management act. During the 2021-2023 biennium, the legislature may appropriate moneys from the account for projects identified in section 1033 of this act.

NEW SECTION. Sec. 7010. The energy efficiency revolving loan capitalization account is created in the state treasury. All moneys received by the state from the energy efficiency revolving loan fund capitalization grant program created in section 40502 of P.L. 117-58 (infrastructure investment and jobs act) must be deposited into the account. The account may also receive legislative transfers and appropriations and all other revenues directed for deposit into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to make grants or loans, and to provide technical assistance, to conduct energy audits and to implement audit strategies to increase the energy efficiency of residential and commercial buildings and facilities.

Sec. 7011. RCW 43.19.501 and 2021 c 332 s 7013 are each amended to read as follows:

The Thurston county capital facilities account is created in the state treasury. The account is subject to the appropriation and allotment procedures under chapter 43.88 RCW. Moneys in the account may be expended for capital projects in facilities owned and managed by the department in Thurston county.

During the 2019-2021 and 2021-2023 fiscal biennia, the Thurston county capital facilities account may be appropriated for costs associated with staffing to support capital budget and project activities and lease and facility oversight activities. During the 2021-2023 fiscal biennium, the Thurston county capital facilities account may be appropriated for activities related to Capitol Lake long-term management planning, as provided in section 1057 of this act.

NEW SECTION. Sec. 7012. The state board for community and technical

colleges was tasked by the legislature in section 7038, chapter 332, Laws of 2021 to report on alternative methods of prioritizing and presenting the list of requested capital projects for community and technical colleges in the 2023-2025 fiscal biennium. The state board for community and technical colleges shall implement for the 2023-2025 fiscal biennium the report's option of a single prioritized request with minor projects above major projects and with all of the funding needed for design and construction included in a single biennium. However, in recognition of the transition to this new prioritized request method, projects that received funding for design only in the 2019-2021 or 2021-2023 fiscal biennia must receive priority over new major project requests in the 2023-2025 fiscal biennium request.

NEW SECTION. **Sec. 7013.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 7014.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Representatives Tharinger and Steele spoke in favor of the adoption of the striking amendment.

Striking amendment (1374) was adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

Representatives Tharinger, Abbarno, Callan, McEntire, Steele and Hackney spoke in favor of the passage of the bill.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 5651, as amended by the House.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 5651, as amended by the House, and the bill passed the House by the following vote: Yeas, 98; Nays, 0; Absent, 0; Excused, 0.

Voting yea: Representatives Abbarno, Barkis, Bateman, Berg, Bergquist, Berry, Boehnke, Bronoske, Caldier, Callan, Chambers, Chandler, Chapman, Chase, Chopp, Cody,

Corry, Davis, Dent, Dolan, Donaghy, Duerr, Dufault, Dye, Entenman, Eslick, Fey, Fitzgibbon, Frame, Gilday, Goehner, Goodman, Graham, Gregerson, Griffey, Hackney, Hansen, Harris, Harris-Talley, Hoff, Jacobsen, J. Johnson, Kirby, Klicker, Klippert, Kloba, Kraft, Kretz, Leavitt, Lekanoff, MacEwen, Macri, Maycumber, McCaslin, McEntire, Morgan, Mosbrucker, Orcutt, Ormsby, Ortiz-Self, Orwall, Paul, Peterson, Pollet, Ramel, Ramos, Riccelli, Robertson, Rude, Rule, Ryu, Santos, Schmick, Sells, Senn, Shewmake, Simmons, Slatter, Springer, Steele, Stokesbary, Stonier, Sullivan, Sutherland, Taylor, Thai, Tharinger, Valdez, Vick, Volz, Walen, Walsh, Wicks, Wilcox, Wylie, Ybarra, Young and Mme. Speaker.

SUBSTITUTE SENATE BILL NO. 5651, as amended by the House, having received the necessary constitutional majority, was declared passed.

SUBSTITUTE SENATE BILL NO. 5488, by Senate Committee on Transportation (originally sponsored by Randall, Rolfes, Billig, Dhingra, Nobles, Van De Wege and Wilson, C.)

Completing outstanding financial obligations regarding the Tacoma Narrows toll bridge project. Revised for 1st Substitute: Concerning state contributions in support of the Tacoma Narrows toll bridge.

The bill was read the second time.

There being no objection, the committee striking amendment by the Committee on Transportation was before the House for purpose of amendment. (For Committee amendment, see Journal, Day 57, March 7, 2022).

Representative Young moved the adoption of amendment (1375) to the committee striking amendment:

On page 1, line 20 of the striking amendment, after "bridge;" strike "and"

On page 1, line 25 of the striking amendment, after "subsection" strike "is \$130,000,000" and insert "(f) is \$130,000,000; and"

(g) By the last day of July 2027, the state treasurer shall transfer \$57,593,000 from the general fund as an additional contribution to the account"

On page 4, after line 6 of the striking amendment, insert the following:

"NEW SECTION. Sec. 3. In the 2027-2029 biennium, the legislature shall appropriate \$57,593,000, or as much thereof as may be necessary, from the Tacoma Narrows toll bridge account to the department of transportation for the purpose of making full payment of deferred sales taxes under RCW 47.46.060 regarding construction of the Tacoma

Narrows public-private initiative project under chapter 47.46 RCW.

NEW SECTION. **Sec. 4.** (1) The legislature recognizes the following facts with respect to making additional contributions for the payment of deferred sales taxes pursuant to section 2 of this act regarding the Tacoma Narrows toll bridge project under RCW 47.56.165:

(a) Washington state sales tax may not be forgiven due to federal rules and must therefore be paid;

(b) Though the Tacoma Narrows toll bridge project may not be paid off early due to its unique financing structure, including noncallable bonds, the state portion of the deferred sales taxes may be paid off early without penalty;

(c) While the state is, in effect, both taxing itself in transportation budget appropriations and paying itself in the omnibus operating appropriations act, should the omnibus operating appropriations act transfer money back to the Tacoma Narrows toll bridge account following payment of the deferred sales tax through transportation budget appropriations, the following would be achieved:

- (i) Satisfaction of federal rules;
- (ii) Forgiveness of the deferred sales tax; and
- (iii) Imposition of a net zero fiscal impact to the state.

(2) The legislature finds that by planning the transaction beyond the budgetary cumulative forecast required under RCW 43.88A.020, the transaction is secured with a more technically accurate fiscal impact of zero cost, that:

(a) Directs taxes generated by transportation projects toward funding transportation projects; and

(b) Directs Tacoma Narrows toll bridge revenue toward Tacoma Narrows toll bridge payments for debt service.

(3) The legislature also finds that paying the state portion of the deferred sales taxes earlier than required under RCW 47.46.060 brings another level of equity to a toll payer project that received no upfront state investments, unlike other state tolling projects that received substantial state support of approximately 30 percent of project costs, and therefore:

(a) Makes an additional contribution to correct a wrong; and

(b) Prudently pays off the deferred sales tax toll debt earlier than scheduled."

Renumber the remaining section consecutively and correct any internal references accordingly.

Representative Young spoke in favor of the adoption of the amendment to the committee striking amendment.

Representative Fey spoke against the adoption of the amendment to the committee striking amendment.

Amendment (1375) to the committee striking amendment was not adopted.

Representative Young moved the adoption of amendment (1372) to the committee striking amendment:

On page 3, line 30 of the striking amendment, after "47.46.100" insert "with the intended goal of maintaining two-axle toll rates at no more than 75 cents lower than the toll rates in effect as of January 1, 2020"

On page 3, line 33 of the striking amendment, after "repaid." insert "The legislature acknowledges that the fiscal year 2022 increase in rates by 25 cents would diminish the relief otherwise intended, and so a true 75 cent reduction recognizes the toll rate prior to the fiscal year 2022 increase. In addition, the intent in this subsection shall not be construed to mean that toll rates for vehicles with three or more axles should be reduced."

On page 4, beginning on line 13 of the striking amendment, after "maintain" strike all material through "~~maintaining~~)" on line 15 and insert "~~((tolls))~~ toll rates at no more than ~~((twenty five cents higher than the toll rates effective at the fiscal year 2018 level))~~ the amount in effect as of October 1, 2022, while also maintaining"

Representative Young and Young (again) spoke in favor of the adoption of the amendment to the committee striking amendment.

Representative Fey spoke against the adoption of the amendment to the committee striking amendment.

Amendment (1372) to the committee striking amendment was not adopted.

Representative Young moved the adoption of amendment (1373) to the committee striking amendment:

On page 3, line 30 of the striking amendment, after "47.46.100" insert "with the requirement that two-axle toll rates be no more than 75 cents lower than the toll rates in effect as of October 1, 2021"

On page 3, line 33 of the striking amendment, after "repaid." insert "The intent in this subsection shall not be construed to mean that toll rates for vehicles with three or more axles should be reduced."

On page 4, beginning on line 13 of the striking amendment, after "maintain" strike all material through "~~maintaining~~)" on line 15 and insert "~~((tolls))~~ toll rates at no more than ~~((twenty five cents higher than the toll rates effective at the fiscal year 2018 level))~~ the amount in effect as of October 1, 2022, while also maintaining"

MESSAGE FROM THE SENATE

February 25, 2022

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1430 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 79.13.060 and 2016 c 109 s 3 are each amended to read as follows:

(1) State lands may be leased not to exceed ten years with the following exceptions:

(a) The lands may be leased for agricultural purposes not to exceed twenty-five years, except:

(i) Leases that authorize tree fruit or grape production may be for up to fifty-five years;

(ii) Share crop leases may not exceed ten years;

(b) The lands may be leased for commercial, industrial, business, or recreational purposes not to exceed fifty-five years, except:

(i) Leases for commercial, industrial, or business purposes may extend to 99 years;

(ii) All leases for commercial, industrial, or business purposes that extend beyond 55 years must provide for periodic rental reevaluation and adjustment, except leases with rentals based on a percentage of income;

(iii) All leases for commercial, industrial, or business purposes that extend terms beyond 55 years must be reported to the office of financial management and the appropriate committees of the legislature within 30

days of the date of execution of the lease. The report must include a financial analysis that justifies the financial benefit for the added term and the schedule for periodic rental adjustments;

(c) The lands may be leased for public school, college, or university purposes not to exceed seventy-five years;

(d) The lands may be leased for residential purposes not to exceed ninety-nine years; and

(e) The lands and development rights on state lands held for the benefit of the common schools may be leased to public agencies, as defined in RCW 79.17.200, not to exceed ninety-nine years. The leases may include provisions for renewal of lease terms.

(2) No lessee of state lands may remain in possession of the land after the termination or expiration of the lease without the written consent of the department.

(a) The department may authorize a lease extension for a specific period beyond the term of the lease for cropping improvements for the purpose of crop rotation. These improvements shall be deemed authorized improvements under RCW 79.13.030.

(b) Upon expiration of the lease term, the department may allow the lessee to continue to hold the land for a period not exceeding one year upon such rent, terms, and conditions as the department may prescribe, if the leased land is not otherwise utilized.

(c) Upon expiration of the one-year lease extension, the department may issue a temporary permit to the lessee upon terms and conditions it prescribes if the department has not yet determined the disposition of the land for other purposes.

(d) The temporary permit shall not extend beyond a five-year period.

(3) If during the term of the lease of any state lands for agricultural, grazing, commercial, residential, business, or recreational purposes, in the opinion of the department it is in the best interest of the state so to do, the department may, on the application of the lessee and in agreement with the lessee, alter and amend the terms and conditions of the lease. The sum total of the original lease term and any extension

thereof shall not exceed the limits provided in this section.

(4) The department must include in the text of any grazing leases language that explains the right of access, and associated assumption of liability, created in RCW 76.04.021."

On page 1, line 2 of the title, after "resources;" strike the remainder of the title and insert "and amending RCW 79.13.060."

HOUSE BILL NO. 1430, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 2, 2022

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1655 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** Commercial motor vehicle parking shortages are a national safety concern. Washington state has exacerbated the problem in the fall of 2021 by the closure of many state-owned and operated safety rest areas. All vehicle drivers need safe places to stop when they are tired to prevent serious and fatal injuries. Washington's target zero plan reports that drowsy driving was a factor in 44 deaths and 236 serious injuries from 2015-2017. One of the ways Washington's target zero plan addresses this issue is having available rest areas. The closure of state-owned safety rest areas is contrary to state policy to have zero deaths on the roadways.

In addition, commercial truck drivers are required to take federally mandated rest breaks that leads to the need for there to be parking available in many locations throughout the highway system. Safety rest areas are important for supply line integrity and the use by the traveling public. The legislature believes it is essential for this public service to be restored and maintained in the future as quickly as possible.

NEW SECTION. **Sec. 2.** A new section is added to chapter 47.38 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department is directed to reconfigure its maintenance operations to assure that its owned and operated safety rest areas are open for use except for seasonal closures or cleaning, maintenance, and repairs.

(2) The department may initiate a strategic planning process that addresses the maintenance, operation, and safety of its owned and operated safety rest areas. At a minimum, this plan shall evaluate operations, maintenance, safety, and commercial motor vehicle parking at safety rest areas. The department must engage members

from the freight community and other stakeholders for recommendations and solutions. The department must also coordinate with the office of intergovernmental coordination on public right-of-way homeless encampments established in Engrossed Second Substitute Senate Bill No. 5662 (right-of-way camping/housing). The plan must identify strategies that the department can employ to ensure commercial motor vehicle parking is available at state-owned and operated safety rest areas. The department shall prioritize the planning effort to conclude by the end of the 2021-2023 biennium.

(3) The department must report to the transportation committees of the legislature the changes that have been made to or are planned to be made to operation of the safety rest areas by January 15, 2023, including recommendations related to commercial vehicle parking."

On page 1, line 2 of the title, after "possible;" strike the remainder of the title and insert "adding a new section to chapter 47.38 RCW; and creating a new section."

and the same is herewith transmitted.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1691, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

February 25, 2022

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1748 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.04.805 and 2020 c 322 s 1 are each amended to read as follows:

(1) The department is responsible for determining eligibility for referral for essential needs and housing support under RCW 43.185C.220. Persons eligible are persons who:

(a) Have been determined to be eligible for the pregnant women assistance program under RCW 74.62.030 or are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days. The standard for incapacity in this subsection, as

evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(b) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law, or are victims of human trafficking as defined in RCW 74.04.005;

(c)(i) Have furnished the department with their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number must be made prior to authorization of benefits, and the social security number must be provided to the department upon receipt;

(ii) This requirement does not apply to victims of human trafficking as defined in RCW 74.04.005 if they have not been issued a social security number;

(d)(i) Have countable income as described in RCW 74.04.005 at or below four hundred twenty-eight dollars for a married couple or at or below three hundred thirty-nine dollars for a single individual; or

(ii) Have income that meets the standard established by the department, who are eligible for the pregnant women assistance program;

(e) Do not have countable resources in excess of those described in RCW 74.04.005; and

(f) Are not eligible for federal aid assistance, other than basic food benefits transferred electronically and medical assistance.

(2) Recipients of aged, blind, or disabled assistance program benefits who meet other eligibility requirements in this section are eligible for a referral for essential needs and housing support services within funds appropriated for the department of commerce.

(3) Recipients of pregnant women assistance program benefits who meet other eligibility requirements in this section are eligible for referral for essential needs and housing support services, within funds appropriated for the department of commerce, for twenty-four consecutive months from the date the department determines pregnant women assistance program eligibility.

(4) The following persons are not eligible for a referral for essential needs and housing support:

(a) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(b) Persons who refuse or fail without good cause to participate in ~~((drug or alcohol))~~ substance use treatment if an assessment by a certified ~~((chemical dependency counselor))~~ substance use disorder professional indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in ~~((drug or alcohol dependency))~~ substance use treatment, when needed outpatient ~~((drug or alcohol))~~ treatment is not available to the person in the county of ~~((his or her))~~ their residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(c) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(5) For purposes of determining whether a person is incapacitated from gainful employment under subsection (1) of this section:

(a) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(b) The process implementing the medical criteria must involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(6) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program,

persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(7) The department must review the cases of all persons who have received benefits under the essential needs and housing support program for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

Sec. 2. RCW 74.62.030 and 2018 c 48 s 2 are each amended to read as follows:

(1)(a) The aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

In determining whether a person is disabled, the department may rely on, but is not limited to, the following:

(I) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(II) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to ((~~alcohol or drug addiction~~)) a substance use disorder. These persons shall be referred to appropriate assessment, treatment, or shelter ((~~, or supplemental security income referral services as authorized under chapter 74.50 RCW~~)) services. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to ((~~alcoholics and drug addicts~~)) persons with a substance use disorder who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

(ii) Persons for whom there has been a final determination of ineligibility based on age, blindness, or disability for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits and essential needs and housing program support under RCW 43.185C.220 concurrently while pending application for federal supplemental security income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) The pregnant women assistance program shall provide financial grants to persons who:

(a) Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; and

(b) Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program,

but are ineligible for federal temporary assistance for needy families benefits for a reason other than failure to cooperate in program requirements; and

(c) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(a) Be a citizen or alien lawfully admitted for permanent residence or otherwise residing in the United States under color of law, or be a victim of human trafficking as defined in RCW 74.04.005;

(b) Meet the income and resource standards described in RCW 74.04.805(1) (d) and (e);

(c) (i) Have furnished the department ((his or her)) with their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(ii) This requirement does not apply to victims of human trafficking as defined in RCW 74.04.005 if they have not been issued a social security number;

(d) Not have refused or failed without good cause to participate in ((~~drug or alcohol~~)) substance use treatment if an assessment by a certified ((~~chemical dependency counselor~~)) substance use disorder professional indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in ((~~drug or alcohol dependency~~)) substance use treatment, when needed outpatient ((~~drug or alcohol~~)) treatment is not available to the person in the county of ((his or her)) their residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(e) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Referrals for essential needs and housing support under RCW 43.185C.220

shall be provided to persons found eligible under RCW 74.04.805.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) The department must share client data for individuals eligible for essential needs and housing support with the department of commerce and designated essential needs and housing support entities as required under RCW 43.185C.230.

NEW SECTION. Sec. 3. This act takes effect July 1, 2022."

On page 1, line 2 of the title, after "trafficking;" strike the remainder of the title and insert "amending RCW 74.04.805 and 74.62.030; and providing an effective date."

and the same is herewith transmitted.

HOUSE BILL NO. 1748, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1751 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.10.900 and 1993 c 514 s 1 are each amended to read as follows:

As used in RCW 28B.10.901 and 28B.10.902, "hazing" includes any ~~((method of))~~ act committed as part of a person's recruitment, initiation ((into)), pledging, admission into, or affiliation with a student organization, athletic team, or living group, or any pastime or amusement engaged in with respect to such an organization, athletic team, or living group that causes, or is likely to cause, bodily danger or physical harm, or serious ((mental)) psychological or emotional harm, to any student or other person attending a public or private institution of higher education or other postsecondary educational institution in this state, including causing, directing, coercing, or forcing a person to consume any food, liquid, alcohol, drug, or other substance which subjects the person to risk of such harm, regardless of the person's willingness to participate. "Hazing" does not include customary athletic

events or other similar contests or competitions.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Each public and private institution of higher education shall prohibit in its code of conduct hazing off campus as well as on campus.

(2) Beginning with the 2022 fall term, each public and private institution of higher education shall provide students with an educational program on hazing and the dangers of and prohibition on hazing, which shall include information regarding hazing awareness, prevention, intervention, and the institution's policy on hazing. The educational program may be offered in person or electronically. The institution must incorporate the educational program as part of new student orientation sessions. The educational program must be posted on each institution's public website for parents, legal guardians, and volunteers to view.

(3) Institutional materials on student rights and responsibilities given to student organizations, athletic teams, or living groups, either electronically or in hard copy form, shall include a statement on the institution's antihazing policy and on the dangers of hazing.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28B.10 RCW to read as follows:

Each public institution of higher education shall establish a hazing prevention committee to promote and address hazing prevention. The committee shall have a minimum of six members including a designated chair appointed by the president of the institution. Fifty percent of the committee positions shall include students currently attending the higher education institution with at least one position filled by a student from a student organization, athletic team, or living group. The other fifty percent of the committee positions shall include at least one faculty or staff member and one parent or legal guardian of a student currently enrolled at the institution. Student input shall be considered for committee membership. A student who is a member of a student organization, athletic team, or living group that was affiliated with a finding of a hazing violation within the last

twelve months may not participate in or be a member of the hazing prevention committee.

NEW SECTION. **Sec. 4.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Beginning with the 2022-23 academic year, each public and private institution of higher education shall maintain and publicly report actual findings of violations by any student organization, athletic team, or living group of the public or private institution of higher education's code of conduct, antihazing policies, or state or federal laws relating to hazing or offenses related to alcohol, drugs, sexual assault, or physical assault.

(2) The report shall include the following:

(a) The name of the student organization, athletic team, or living group;

(b) The date the investigation was initiated;

(c) The date on which the investigation ended with a finding that a violation occurred;

(d) A description of the incident or incidents, including the date of the initial violation, and the violations, findings, and sanctions placed on the student organization, athletic team, or living group;

(e) The details of the sanction or sanctions imposed, including the beginning and end dates of the sanction or sanctions; and

(f) The date the student organization, athletic team, or living group was charged with a violation.

(3) Investigations that do not result in a finding of formal violations of the student code of conduct or state or federal law shall not be included in the report. The report shall not include any personal or identifying information of individual student members and shall be subject to the requirements of the federal family education rights and privacy act of 1974, 20 U.S.C. Sec. 1232g.

(4) Public and private institutions of higher education shall make reports under this section available on their websites in a prominent location clearly labeled

and easily accessible from the institution's website.

(5) Each public and private institution of higher education shall maintain reports as they are updated for five years and shall post them on their respective websites at least 45 calendar days before the start of each fall academic term and at least 10 days before the start of all other academic terms.

NEW SECTION. **Sec. 5.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Beginning in the 2022 fall academic term, each public and private institution of higher education shall provide hazing prevention education on the signs and dangers of hazing as well as the institution's prohibition on hazing to employees, including student employees, either in person or electronically. The prevention education shall be provided to employees at the beginning of each academic year and for new employees at the beginning of each academic term.

(2) If, as a result of observations or information received in the course of employment or volunteer service, any employee, including a student employee, or volunteer at a public or private institution of higher education has reasonable cause to believe that hazing has occurred, the employee or volunteer shall report the incident, or cause a report to be made, to a designated authority at the institution. The employee or volunteer shall make the report at the first opportunity to do so.

(3) "Reasonable cause" means a person who witnesses hazing or receives a credible written or oral report alleging hazing or potential or planned hazing activity.

(4) A person who witnesses hazing or has reasonable cause to believe hazing has occurred or will occur and makes a report in good faith may not be sanctioned or punished for the violation of hazing unless the person is directly engaged in the planning, directing, or act of hazing reported.

(5) Nothing in this section shall preclude a person from independently reporting hazing or suspected hazing activity to law enforcement.

(6) As used in this section, "employee" means a person who is

receiving wages from the institution of higher education and is in a position with direct ongoing contact with students in a supervisory role or position of authority. "Employee" does not include a person employed as medical staff or with an affiliated organization, entity, or extension of a postsecondary educational institution, unless the employee has a supervisory role or position of authority over students. "Employee" does not include confidential employees.

NEW SECTION. **Sec. 6.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Social fraternity and sorority organizations shall notify the public or private institution of higher education before chartering, rechartering, opening, or reopening a local chapter or operating at the public or private institution of higher education.

(2) Social fraternity and sorority organizations shall notify the public or private institution of higher education when the organization instigates an investigation of a local chapter at the public or private institution of higher education for hazing or other activity that includes an element of hazing, such as furnishing alcohol to minors. The organization shall provide the results of such investigation and a copy of the full findings report to the public or private institution of higher education's student conduct office.

(3) Beginning in the 2022 fall academic term, any local social fraternity or sorority chapter seeking to obtain or maintain registration with any public or private institution of higher education in the state must certify in writing and provide weblinks to that institution showing that the landing pages of all websites owned or maintained by the local chapter contain a full list for the previous five years of all findings of violations of antihazing policies, state or federal laws relating to hazing, alcohol, drugs, sexual assault, or physical assault, or the institution's code of conduct against the local chapter.

(4) Failure of a social fraternity or sorority organization to comply with subsections (1) through (3) of this section shall result in automatic loss of recognition until such time that the organization comes into compliance with those subsections.

NEW SECTION. **Sec. 7.** This act may be known and cited as the Sam's law act.

NEW SECTION. **Sec. 8.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2022, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28B.10.900; adding new sections to chapter 28B.10 RCW; and creating new sections."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1751, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1799 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that landfills are a significant source of emissions of methane, a potent greenhouse gas. Among other economic and environmental benefits, the diversion of organic materials to productive uses will reduce methane emissions.

(2) In order to reduce methane emissions associated with organic materials, the legislature finds that it will be beneficial to improve a variety of aspects of how organic materials and organic material wastes are reduced, managed, incentivized, and regulated under state law. Therefore, it is the intent of the legislature to support the diversion of organic materials from landfills through a variety of interventions to support productive uses of organic material wastes, including by:

(a) Requiring some local governments to begin providing separated organic material collection services within their jurisdictions in order to increase volumes of organic materials collected and delivered to composting and other organic material management facilities and reduce the volumes of organic materials collected in conjunction with other solid waste and delivered to landfills;

(b) Requiring local governments to consider state organic material management goals and requirements in the development of their local solid waste plans;

(c) Requiring some businesses to manage their organic material wastes in a manner that does not involve landfilling them, in order to address one significant source of organic materials that currently frequently end up in landfills;

(d) Reducing legal liability risk barriers to the donation of edible food in order to encourage the recovery of foods that might otherwise be landfilled;

(e) Establishing the Washington center for sustainable food management within the department of ecology in order to coordinate and improve statewide food waste reduction and diversion efforts;

(f) Establishing various new funding and financial incentives intended to increase composting and other forms of productive organic materials management, helping to make the responsible management of organic materials more cost-competitive with landfilling of organic material wastes;

(g) Facilitating the siting of organic material management facilities in order to ensure that adequate capacity exists to process organic materials at the volumes necessary to achieve state organic material diversion goals;

(h) Encouraging cities and counties to procure more of the compost and finished products created from their organic material wastes in order to support the economic viability of processes to turn organic materials into finished products, and increasing the likelihood that composting and other responsible organic material management options are economically viable; and

(i) Amending standards related to the labeling of plastic and compostable products in order to reduce contamination of the waste streams handled by compost and organic material management facilities and improve the economic viability of those responsible organic material management options.

PART 1

State Targets and Organic Material Waste Collection Requirements

NEW SECTION. Sec. 101. A new section is added to chapter 70A.205 RCW to read as follows:

(1)(a) The state establishes a goal for the landfill disposal of organic materials at a level representing a 75 percent reduction by 2030 in the statewide disposal of organic material waste, relative to 2015 levels.

(b) The state establishes a goal that no less than 20 percent of the volume of edible food that was disposed of as of

2015 be recovered for human consumption by 2025.

(2) The provisions of subsection (1) of this section are in addition to the food waste reduction goals of RCW 70A.205.715(1).

NEW SECTION. Sec. 102. A new section is added to chapter 70A.205 RCW to read as follows:

(1) Beginning January 1, 2027, in each jurisdiction that implements a local solid waste plan under RCW 70A.205.040:

(a) Source-separated organic solid waste collection services must be provided at least every other week or at least 26 weeks annually to:

(i) All residents; and

(ii) Nonresidential customers that generate more than .25 cubic yard per week of organic materials for management; and

(b) All organic solid waste collected from residents and businesses under (a) of this subsection must be managed through organic materials management.

(2) A jurisdiction may charge and collect fees or rates for the services provided under subsection (1) of this section, consistent with the jurisdiction's authority to impose fees and rates under chapters 35.21, 35A.21, 36.58, and 36.58A RCW.

(3)(a) Except as provided in (d) of this subsection, the requirements of this section do not apply in a jurisdiction if the department determines that the following apply:

(i) The jurisdiction disposed of less than 5,000 tons of solid waste in the most recent year for which data is available;

(ii) The jurisdiction has a total population of less than 25,000 people; or

(iii) The jurisdiction has a total population between 25,000 and 50,000 people and curbside organic solid waste collection services are not offered in any area within the jurisdiction, as of July 1, 2022.

(b) The requirements of this section do not apply:

(i) In census tracts that have a population density of less than 75 people per square mile that are serviced by the jurisdiction and located in

unincorporated portions of a county, as determined by the department, in counties not planning under chapter 36.70A RCW; and

(ii) Outside of urban growth areas designated pursuant to RCW 36.70A.110 in unincorporated portions of a county planning under chapter 36.70A RCW.

(c) In addition to the exemptions in (a) and (b) of this subsection, the department may issue a renewable waiver to jurisdictions or portions of a jurisdiction under this subsection for up to five years, based on consideration of factors including the distance to organic materials management facilities, the sufficiency of the capacity to manage organic materials at facilities to which organic materials could feasibly and economically be delivered from the jurisdiction, and restrictions in the transport of organic materials under chapter 17.24 RCW. The department may adopt rules to specify the type of information that a waiver applicant must submit to the department and to specify the department's process for reviewing and approving waiver applications.

(d) Beginning January 1, 2030, the department may adopt a rule to require that the provisions of this section apply in the jurisdictions identified in (b) and (c) of this subsection, but only if the department determines that the goals established in section 101(1) of this act have not or will not be achieved.

(4) Any city that newly begins implementing an independent solid waste plan under RCW 70A.205.040 after July 1, 2022, must meet the requirements of subsection (1) of this section.

Sec. 103. RCW 70A.205.040 and 2010 c 154 s 2 are each amended to read as follows:

(1) Each county within the state, in cooperation with the various cities located within such county, shall prepare a coordinated, comprehensive solid waste management plan. Such plan may cover two or more counties. The purpose is to plan for solid waste and materials reduction, collection, and handling and management services and programs throughout the state, as designed to meet the unique needs of each county and city in the state. When updating a solid waste management plan developed under this chapter, after June 10, 2010, local comprehensive plans must consider and

plan for the following handling methods or services:

(a) Source separation of recyclable materials and products, organic materials, and wastes by generators;

(b) Collection of source separated materials;

(c) Handling and proper preparation of materials for reuse or recycling;

(d) Handling and proper preparation of organic materials for ((~~composting or anaerobic digestion~~)) organic materials management; and

(e) Handling and proper disposal of nonrecyclable wastes.

(2) When updating a solid waste management plan developed under this chapter, after June 10, 2010, each local comprehensive plan must, at a minimum, consider methods that will be used to address the following:

(a) Construction and demolition waste for recycling or reuse;

(b) Organic material including yard debris, food waste, and food contaminated paper products for ((~~composting or anaerobic digestion~~)) organic materials management;

(c) Recoverable paper products for recycling;

(d) Metals, glass, and plastics for recycling; and

(e) Waste reduction strategies.

(3)(a) When newly developing, updating, or amending a comprehensive solid waste management plan developed under this chapter, after July 1, 2024, each local comprehensive solid waste management plan must consider the transition to the requirements of section 102 of this act, and each comprehensive solid waste management plan implemented by a county must identify:

(i) The priority areas within the county for the establishment of organic materials management facilities. Priority areas must be in industrial zones, agricultural zones, or rural zones, and may not be located in overburdened communities identified by the department of ecology under chapter 70A.02 RCW. Priority areas should be designated with an attempt to minimize incompatible uses and potential impacts on residential areas; and

(ii) Organic materials management facility volumetric capacity required to manage the county's organic materials in a manner consistent with the goals of section 101 of this act.

(b) When newly developing, updating, or amending a comprehensive solid waste management plan developed under this chapter, after January 1, 2027, each local comprehensive solid waste management plan must be consistent with the requirements of section 102 of this act.

(c)(i) Notwithstanding (a) and (b) of this subsection, and except as provided in (c)(ii) of this subsection, a jurisdiction implementing a local comprehensive solid waste management plan under this chapter may not site the increase or expansion of any existing organic materials management facility that processed more than 200,000 tons of material, relative to 2019 levels.

(ii) The limitation in (c)(i) of this subsection does not apply to the siting of any anaerobic digester or anaerobic digestion facility.

(4) Each city shall:

(a) Prepare and deliver to the county auditor of the county in which it is located its plan for its own solid waste management for integration into the comprehensive county plan;

(b) Enter into an agreement with the county pursuant to which the city shall participate in preparing a joint city-county plan for solid waste management; or

(c) Authorize the county to prepare a plan for the city's solid waste management for inclusion in the comprehensive county plan.

~~((4))~~ (5) Two or more cities may prepare a plan for inclusion in the county plan. With prior notification of its home county of its intent, a city in one county may enter into an agreement with a city in an adjoining county, or with an adjoining county, or both, to prepare a joint plan for solid waste management to become part of the comprehensive plan of both counties.

~~((5))~~ (6) After consultation with representatives of the cities and counties, the department shall establish a schedule for the development of the comprehensive plans for solid waste management. In preparing such a schedule,

the department shall take into account the probable cost of such plans to the cities and counties.

~~((6))~~ (7) Local governments shall not be required to include a hazardous waste element in their solid waste management plans.

NEW SECTION. Sec. 104. (1) The department of ecology must contract with a third-party consultant to conduct a study of the adequacy of local government solid waste management funding, including options and recommendations to provide funding for solid waste programs in the future if significant statewide policy changes are enacted. The department must include the Washington association of county solid waste managers, the association of Washington cities, an association that represents the private sector solid waste industry, and other stakeholders in scoping the study and reviewing the consultant's findings and recommendations prior to submittal to the legislature.

(2) The study must include:

(a) Consideration for jurisdictional type, location, size, service level, and other relevant differences between cities and counties;

(b) A review and update of current funding types and levels available, and their rate of adoption;

(c) The funding needs to implement the solid waste core services model developed by the Washington association of county solid waste managers;

(d) Alternative funding models utilized by other publicly managed solid waste programs in other states or countries that may be relevant to Washington; and

(e) An evaluation of the impacts on solid waste funding resources available to cities and counties from statewide solid waste management policy proposals considered by the legislature or enacted in the last four years, including proposals to:

(i) Reduce the quantity of organic waste to landfills;

(ii) Manage products through product stewardship or extended producer responsibility programs;

(iii) Improve or install new or updated methane capture systems;

(iv) Increase postconsumer content requirements for materials collected in solid waste programs; and

(v) Other related proposals that may impact solid waste funding resources.

(3) The study must evaluate a range of forecasted fiscal impacts for each type of policy change on local government solid waste management programs, including:

(a) The level of service provided by local government;

(b) Costs to the local government;

(c) Existing revenue levels; and

(d) The need for additional revenue.

(4) The department must submit the report, including findings and any recommendations, to the appropriate committees of the legislature by July 1, 2023.

Sec. 105. RCW 70A.205.015 and 2020 c 20 s 1161 are each amended to read as follows:

~~(As used in this chapter, unless the context indicates otherwise+))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "City" means every incorporated city and town.

(2) "Commission" means the utilities and transportation commission.

(3) "Composted material" means organic solid waste that has been subjected to controlled aerobic degradation at a solid waste facility in compliance with the requirements of this chapter. Natural decay of organic solid waste under uncontrolled conditions does not result in composted material.

(4) "Department" means the department of ecology.

(5) "Director" means the director of the department of ecology.

(6) "Disposal site" means the location where any final treatment, utilization, processing, or deposit of solid waste occurs.

(7) "Energy recovery" means a process operating under federal and state environmental laws and regulations for converting solid waste into usable energy and for reducing the volume of solid waste.

(8) "Functional standards" means criteria for solid waste handling expressed in terms of expected performance or solid waste handling functions.

(9) "Incineration" means a process of reducing the volume of solid waste operating under federal and state environmental laws and regulations by use of an enclosed device using controlled flame combustion.

(10) "Inert waste landfill" means a landfill that receives only inert waste, as determined under RCW 70A.205.030, and includes facilities that use inert wastes as a component of fill.

(11) "Jurisdictional health department" means city, county, city-county, or district public health department.

(12) "Landfill" means a disposal facility or part of a facility at which solid waste is placed in or on land and which is not a land treatment facility.

(13) "Local government" means a city, town, or county.

(14) "Modify" means to substantially change the design or operational plans including, but not limited to, removal of a design element previously set forth in a permit application or the addition of a disposal or processing activity that is not approved in the permit.

(15) "Multiple-family residence" means any structure housing two or more dwelling units.

(16) "Person" means individual, firm, association, copartnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

(17) "Recyclable materials" means those solid wastes that are separated for recycling or reuse, such as papers, metals, and glass, that are identified as recyclable material pursuant to a local comprehensive solid waste plan. Prior to the adoption of the local comprehensive solid waste plan, adopted pursuant to RCW 70A.205.075(2), local governments may identify recyclable materials by ordinance from July 23, 1989.

(18) "Recycling" means transforming or remanufacturing waste materials into usable or marketable materials for use

other than landfill disposal or incineration.

(19) "Residence" means the regular dwelling place of an individual or individuals.

(20) "Sewage sludge" means a semisolid substance consisting of settled sewage solids combined with varying amounts of water and dissolved materials, generated from a wastewater treatment system, that does not meet the requirements of chapter 70A.226 RCW.

(21) "Soil amendment" means any substance that is intended to improve the physical characteristics of the soil, except composted material, commercial fertilizers, agricultural liming agents, unmanipulated animal manures, unmanipulated vegetable manures, food wastes, food processing wastes, and materials exempted by rule of the department, such as biosolids as defined in chapter 70A.226 RCW and wastewater as regulated in chapter 90.48 RCW.

(22) "Solid waste" or "wastes" means all putrescible and nonputrescible solid and semisolid wastes including, but not limited to, garbage, rubbish, ashes, industrial wastes, swill, sewage sludge, demolition and construction wastes, abandoned vehicles or parts thereof, and recyclable materials.

(23) "Solid waste handling" means the management, storage, collection, transportation, treatment, utilization, processing, and final disposal of solid wastes, including the recovery and recycling of materials from solid wastes, the recovery of energy resources from solid wastes or the conversion of the energy in solid wastes to more useful forms or combinations thereof.

(24) "Source separation" means the separation of different kinds of solid waste at the place where the waste originates.

(25) "Vehicle" includes every device physically capable of being moved upon a public or private highway, road, street, or watercourse and in, upon, or by which any person or property is or may be transported or drawn upon a public or private highway, road, street, or watercourse, except devices moved by human or animal power or used exclusively upon stationary rails or tracks.

(26) "Waste-derived soil amendment" means any soil amendment as defined in

this chapter that is derived from solid waste as defined in this section, but does not include biosolids or biosolids products regulated under chapter 70A.226 RCW or wastewaters regulated under chapter 90.48 RCW.

(27) "Waste reduction" means reducing the amount or toxicity of waste generated or reusing materials.

(28) "Yard debris" means plant material commonly created in the course of maintaining yards and gardens, and through horticulture, gardening, landscaping, or similar activities. Yard debris includes but is not limited to grass clippings, leaves, branches, brush, weeds, flowers, roots, windfall fruit, vegetable garden debris, holiday trees, and tree prunings four inches or less in diameter.

(29)(a)(i) "Organic materials" means any solid waste that is a biological substance of plant or animal origin capable of microbial degradation.

(ii) Organic materials include, but are not limited to, manure, yard debris, food waste, food processing waste, wood waste, and garden waste.

(b) "Organic materials" does not include any materials contaminated by herbicides, pesticides, pests, or other sources of chemical or biological contamination that would render a finished product of an organic material management process unsuitable for general public or agricultural use.

(30) "Organic materials management" means management of organic materials through composting, anaerobic digestion, vermiculture, black soldier fly, or similar technologies.

PART 2

Requirements for Organics Management by Businesses

NEW SECTION. Sec. 201. A new section is added to chapter 70A.205 RCW to read as follows:

(1)(a) Beginning July 1, 2023, and each July 1st thereafter, the department must determine which counties and any cities preparing independent solid waste management plans:

(i) Provide for businesses to be serviced by providers that collect food waste and organic material waste for delivery to solid waste facilities that provide for the organic materials

management of organic material waste and food waste; and

(ii) Are serviced by solid waste facilities that provide for the organic materials management of organic material waste and food waste and have capacity to accept increased volumes of organic materials deliveries.

(b)(i) The department must determine and designate that the restrictions of this section apply to businesses in a jurisdiction unless the department determines that the businesses in some or all portions of the city or county have:

(A) No available businesses that collect and deliver organic materials to solid waste facilities that provide for the organic materials management of organic material waste and food waste; or

(B) No available capacity at the solid waste facilities to which businesses that collect and deliver organic materials could feasibly and economically deliver organic materials from the jurisdiction.

(ii)(A) In the event that a county or city provides written notification to the department indicating that the criteria of (b)(i)(A) of this subsection are met, then the restrictions of this section apply only in those portions of the jurisdiction that have available service-providing businesses.

(B) In the event that a county or city provides written notification to the department indicating that the criteria of (b)(i)(B) of this subsection are met, then the restrictions of this section do not apply to the jurisdiction.

(c) The department must make the result of the annual determinations required under this section available on its website.

(d) The requirements of this section may be enforced by jurisdictional health departments consistent with this chapter, except that:

(i) A jurisdictional health department may not charge a fee to permit holders to cover the costs of the jurisdictional health department's administration or enforcement of the requirements of this section; and

(ii) Prior to issuing a penalty under this section, a jurisdictional health department must provide at least two written notices of noncompliance with the requirements of this section to the owner

or operator of a business subject to the requirements of this section.

(2)(a)(i) Beginning January 1, 2024, a business that generates at least eight cubic yards of organic material waste per week must arrange for organic materials management services specifically for organic material waste;

(ii) Beginning January 1, 2025, a business that generates at least four cubic yards of organic material waste per week must arrange for organic materials management services specifically for organic material waste; and

(iii) Beginning January 1, 2026, a business that generates at least four cubic yards of solid waste per week shall arrange for organic materials management services specifically for organic material waste, unless the department determines, by rule, that additional reductions in the landfilling of organic materials would be more appropriately and effectively achieved, at reasonable cost to regulated businesses, through the establishment of a different volumetric threshold of solid waste or organic material waste than the threshold of four cubic yards of solid waste per week.

(b) The following wastes do not count for purposes of determining waste volumes in (a) of this subsection:

(i) Wastes that are managed on-site by the generating business;

(ii) Wastes generated from the growth and harvest of food or fiber that are managed off-site by another business engaged in the growth and harvest of food or fiber;

(iii) Wastes that are managed by a business that enters into a voluntary agreement to sell or donate organic materials to another business for off-site use; and

(iv) Wastes generated in exceptional volumes as a result of a natural disaster or other infrequent and unpreventable event.

(3) A business may fulfill the requirements of this section by:

(a) Source separating organic material waste from other waste, subscribing to a service that includes organic material waste collection and organic materials management, and using such a service for organic material waste generated by the business;

(b) Managing its organic material waste on-site or self-hauling its own organic material waste for organic materials management;

(c) Qualifying for exclusion from the requirements of this section consistent with subsection (1)(b) of this section; or

(d) For a business engaged in the growth, harvest, or processing of food or fiber, entering into a voluntary agreement to sell or donate organic materials to another business for off-site use.

(4)(a) A business generating organic material waste shall arrange for any services required by this section in a manner that is consistent with state and local laws and requirements applicable to the collection, handling, or recycling of solid and organic material waste.

(b) Nothing in this section requires a business to dispose of materials in a manner that conflicts with federal or state public health or safety requirements. Nothing in this section requires businesses to dispose of wastes generated in exceptional volumes as a result of a natural disaster or other infrequent and unpreventable event through the options established in subsection (3) of this section.

(5) When arranging for gardening or landscaping services, the contract or work agreement between a business subject to this section and a gardening or landscaping service must require that the organic material waste generated by those services be managed in compliance with this chapter.

(6)(a) This section does not limit the authority of a local governmental agency to adopt, implement, or enforce a local organic material waste recycling requirement, or a condition imposed upon a self-hauler, that is more stringent or comprehensive than the requirements of this chapter.

(b) This section does not modify, limit, or abrogate in any manner any of the following:

(i) A franchise granted or extended by a city, county, city and county, or other local governmental agency;

(ii) A contract, license, certificate, or permit to collect solid waste previously granted or extended by a city,

county, city and county, or other local governmental agency;

(iii) The right of a business to sell or donate its organic materials; and

(iv) A certificate of convenience and necessity issued to a solid waste collection company under chapter 81.77 RCW.

(c) Nothing in this section modifies, limits, or abrogates the authority of a local jurisdiction with respect to land use, zoning, or facility siting decisions by or within that local jurisdiction.

(d) Nothing in this section changes or limits the authority of the Washington utilities and transportation commission to regulate collection of solid waste, including curbside collection of residential recyclable materials, nor does this section change or limit the authority of a city or town to provide the service itself or by contract under RCW 81.77.020.

(7) The definitions in this subsection apply throughout this section unless the context clearly indicates otherwise.

(a)(i) "Business" means a commercial or public entity including, but not limited to, a firm, partnership, proprietorship, joint stock company, corporation, or association that is organized as a for-profit or nonprofit entity.

(ii) "Business" does not include a multifamily residential entity.

(b) "Food waste" has the same meaning as defined in RCW 70A.205.715.

PART 3

Updates to the Washington Good Samaritan Act

Sec. 301. RCW 69.80.031 and 1994 c 299 s 36 are each amended to read as follows:

(1) This section may be cited as the "good samaritan food donation act."

(2) ~~((As used in this section))~~ The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Apparently fit grocery product" means a grocery product that meets ~~((all quality and))~~ safety and safety-related labeling standards imposed by federal, state, and local laws and regulations even though the product may not be

readily marketable due to appearance, age, freshness, grade, size, surplus, passage of a date on a date label other than a safety or safety-related labeling of a date, or other conditions.

(b) "Apparently wholesome food" means food that meets ~~((all quality and))~~ safety and safety-related labeling standards imposed by federal, state, and local laws and regulations even though the food may not be readily marketable due to appearance, age, freshness, grade, size, surplus, passage of a date on a date label other than a safety or safety-related labeling of a date, or other conditions.

(c) "Donate" means to give without requiring anything of monetary value from the recipient, except that the term shall include giving by a nonprofit organization to another nonprofit organization, notwithstanding that the donor organization has charged a nominal fee to the donee organization, if the ultimate recipient or user is not required to give anything of monetary value.

(d) "Food" means a raw, cooked, processed, or prepared edible substance, ice, beverage, or ingredient used or intended for use in whole or in part for human consumption.

(e) "Gleaner" means a person who harvests for free distribution to the needy, or for donation to a nonprofit organization for ultimate distribution to the needy, an agricultural crop that has been donated by the owner.

(f) "Grocery product" means a nonfood grocery product, including a disposable paper or plastic product, household cleaning product, laundry detergent, cleaning product, or miscellaneous household item.

(g) "Gross negligence" means voluntary and conscious conduct by a person with knowledge, at the time of the conduct, that the conduct is likely to be harmful to the health or well-being of another person.

(h) "Intentional misconduct" means conduct by a person with knowledge, at the time of the conduct, that the conduct is harmful to the health or well-being of another person.

(i) "Nonprofit organization" means an incorporated or unincorporated entity that:

(i) Is operating for religious, charitable, or educational purposes; and

(ii) Does not provide net earnings to, or operate in any other manner that inures to the benefit of, any officer, employee, or shareholder of the entity.

(j) "Person" means an individual, corporation, partnership, organization, association, or governmental entity, including a retail grocer, wholesaler, hotel, motel, manufacturer, restaurant, caterer, farmer, and nonprofit food distributor or hospital. In the case of a corporation, partnership, organization, association, or governmental entity, the term includes an officer, director, partner, deacon, trustee, councilmember, or other elected or appointed individual responsible for the governance of the entity.

(k) "Qualified direct donor" means any person required to obtain a food establishment permit under chapter 246-215 WAC, as it existed as of January 1, 2022, including a retail grocer, wholesaler, agricultural producer, restaurant, caterer, school food authority, or institution of higher education as defined in RCW 28B.10.016.

(l)(i) "Safety and safety-related labeling" means a marking intended to communicate information to a consumer related to a food product's safety. "Safety and safety-related labeling" includes any marking that federal or state law requires to be affixed to a food product including, but not limited to, markings placed on infant formula consistent with 21 C.F.R. Sec. 107.20, as that regulation existed as of January 1, 2021.

(ii) "Safety and safety-related labeling" does not include a pull date required to be placed on perishable packaged food under RCW 15.130.300 or a "best by," "best if used by," "use by," or "sell by" date or similarly phrased date intended to communicate information to a consumer regarding the freshness or quality of a food product.

(3)(a) A person or gleaner is not subject to civil or criminal liability arising from the nature, age, packaging, or condition of apparently wholesome food or an apparently fit grocery product that the person or gleaner donates in good faith to a nonprofit organization for ultimate distribution to needy individuals, except that this subsection does not apply to an injury to or death

of an ultimate user or recipient of the food or grocery product that results from an act or omission of the donor constituting gross negligence or intentional misconduct.

(b) A qualified direct donor may donate food directly to end recipients for consumption. A qualified direct donor is not subject to civil or criminal liability arising from the nature, age, packaging, or condition of apparently wholesome food or an apparently fit grocery product that the qualified direct donor donates in good faith to a needy individual. The donation of nonperishable food that is fit for human consumption, but that has exceeded the labeled shelf-life date recommended by the manufacturer, is an activity covered by the exclusion from civil or criminal liability under this section.

(c) The donation of perishable food that is fit for human consumption, but that has exceeded the labeled shelf-life date recommended by the manufacturer, is an activity covered by the exclusion from civil or criminal liability under this section if the person that distributes the food to the end recipient makes a good faith evaluation that the food to be donated is wholesome.

(4) A person who allows the collection or gleaning of donations on property owned or occupied by the person by gleaners, or paid or unpaid representatives of a nonprofit organization, for ultimate distribution to needy individuals is not subject to civil or criminal liability that arises due to the injury or death of the gleaner or representative, except that this subsection does not apply to an injury or death that results from an act or omission of the person constituting gross negligence or intentional misconduct.

(5) If some or all of the donated food and grocery products do not meet ~~((all quality and))~~ safety and safety-related labeling standards imposed by federal, state, and local laws and regulations, the person or gleaner who donates the food and grocery products is not subject to civil or criminal liability in accordance with this section if the nonprofit organization or other end recipient that receives the donated food or grocery products:

(a) Is informed by the donor of the distressed or defective condition of the donated food or grocery products;

(b) Agrees to recondition the donated food or grocery products to comply with all the ~~((quality and))~~ safety and safety-related labeling standards prior to distribution; and

(c) Is knowledgeable of the standards to properly recondition the donated food or grocery product.

(6) This section may not be construed to create liability.

PART 4

Washington Center for Sustainable Food Management

NEW SECTION. Sec. 401. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Center" means the Washington center for sustainable food management.

(2) "Department" means the department of ecology.

(3) "Organic material" has the same definition as provided in RCW 70A.205.015.

(4) "Plan" means the use food well Washington plan developed under RCW 70A.205.715.

NEW SECTION. Sec. 402. (1) The Washington center for sustainable food management is established within the department, to begin operations by January 1, 2024.

(2) The purpose of the center is to help coordinate statewide food waste reduction.

(3) The center may perform the following activities:

(a) Coordinate the implementation of the plan;

(b) Draft plan updates and measure progress towards actions, strategies, and the statewide goals established in section 101 of this act and RCW 70A.205.715(1);

(c) Maintain a website with current food waste reduction information and guidance for food service establishments, consumers, food processors, hunger relief organizations, and other sources of food waste;

(d) Provide staff support to multistate food waste reduction initiatives in which the state is participating;

(e) Maintain the consistency of the plan and other food waste reduction activities with the work of the Washington state conservation commission's food policy forum;

(f) Facilitate and coordinate public-private and nonprofit partnerships focused on food waste reduction, including through voluntary working groups;

(g) Collaborate with federal, state, and local government partners on food waste reduction initiatives;

(h) Develop and maintain maps or lists of locations of the food systems of Washington that identify food flows, where waste occurs, and opportunities to prevent food waste;

(i)(i) Collect and maintain data on food waste and wasted food in a manner that is generally consistent with the methods of collecting and maintaining such data used by federal agencies or in other jurisdictions, or both, to the greatest extent practicable;

(ii) Develop measurement methodologies and tools to uniformly track food donation data, food waste prevention data, and associated climate impacts resultant from food waste reduction efforts;

(j) Research and develop emerging organic materials and food waste reduction markets;

(k)(i) Develop and maintain statewide food waste reduction and food waste contamination reduction campaigns, in consultation with other state agencies and other stakeholders, including the development of waste prevention and food waste recovery promotional materials for distribution. These promotional materials may include online information, newsletters, bulletins, or handouts that inform food service establishment operators about the protections from civil and criminal liability under federal law and under RCW 69.80.031 when donating food; and

(ii) Develop guidance to support the distribution of promotional materials, including distribution by:

(A) Local health officers, at no cost to regulated food service establishments, including as part of normal, routine inspections of food service establishments; and

(B) State agencies, including the department of health and the department of agriculture, in conjunction with their statutory roles and responsibilities in regulating, monitoring, and supporting safe food supply chains and systems;

(1) Distribute and monitor grants dedicated to food waste prevention, rescue, and recovery; and

(m) Research and provide education, outreach, and technical assistance to local governments in support of the adoption of solid waste ordinances or policies that establish a financial disincentive for the generation of organic waste and for the ultimate disposal of organic materials in landfills.

(4) The department may enter into an interagency agreement with the department of health, the department of agriculture, or other state agencies as necessary to fulfill the responsibilities of the center.

(5) The department may adopt any rules necessary to implement this chapter including, but not limited to, measures for the center's performance.

NEW SECTION. **Sec. 403.** A new section is added to chapter 70A.205 RCW to read as follows:

(1) In order to obtain data as necessary to support the goals of the Washington center for sustainable food management created in section 402 of this act and to achieve the goals of RCW 70A.205.715(1), the department may establish a voluntary reporting protocol for the receipt of reports by businesses that donate food under RCW 69.80.031 and recipients of the donated food, and may encourage the use of this voluntary reporting protocol by the businesses and recipients. The department may also request that a donating business or recipient of donated food provide information to the department regarding the volumes, types, and timing of food managed by the donating facility or business, and food waste and wasted food generated by the donating facility or business. To the extent practicable, the department must seek to obtain information under this section in a manner compatible with any information reported to the department of agriculture under RCW 43.23.290, and in a manner that minimizes the reporting and information-provision burdens of donating businesses and recipients.

(2) For the purposes of this subsection, "food waste" and "wasted food" have the same meaning as defined in RCW 70A.205.715.

Sec. 404. RCW 69.80.040 and 1983 c 241 s 4 are each amended to read as follows:

The department of agriculture shall maintain an information and referral service for persons and organizations that have notified the department of their desire to participate in the food donation program under this chapter. The department must coordinate with the department of ecology to ensure that the information and referral service required under this section is implemented in a manner consistent with the activities of sections 402 and 403 of this act.

NEW SECTION. Sec. 405. (1) By January 1, 2025, and in consultation with the office of the attorney general, the department must research and adopt several model ordinances for optional use by counties and cities that provide for model mechanisms for commercial solid waste collection and disposal that are designed, in part, to establish a financial disincentive or other disincentives for the generation of organic waste and for the ultimate disposal of organic materials in landfills. The model ordinances must be designed to provide options that might be preferred by jurisdictions of different sizes and consider other key criteria applicable to local solid waste management circumstances.

(2)(a) The department must review the model ordinances created in this section under the provisions of chapter 43.21C RCW.

(b) A county or city that adopts a model ordinance created by the department under this section and that has been reviewed by the department under the provisions of chapter 43.21C RCW is not required to review the ordinance under the provisions of chapter 43.21C RCW.

(3) No city, town, or county is required to adopt the model ordinances created in this section.

NEW SECTION. Sec. 406. A new section is added to chapter 43.21C RCW to read as follows:

Amendments to regulations and other nonproject actions taken by a city or

county to adopt or implement the model ordinance created by the department under section 405 of this act is not subject to the requirements of this chapter.

PART 5

Funding and Incentives for Methane Emissions Reduction Activities Associated with Organic Materials Management

Sec. 501. RCW 89.08.615 and 2020 c 351 s 3 are each amended to read as follows:

(1) The commission shall develop a sustainable farms and fields grant program in consultation with the department of agriculture, Washington State University, and the United States department of agriculture natural resources conservation service.

(2) As funding allows, the commission shall distribute funds, as appropriate, to conservation districts and other public entities to help implement the projects approved by the commission.

(3) No more than (~~fifteen~~) 15 percent of the funds may be used by the commission to develop, or to consult or contract with private or public entities, such as universities or conservation districts, to develop:

(a) An educational public awareness campaign and outreach about the sustainable farm and field program; or

(b) The grant program, including the production of analytical tools, measurement estimation and verification methods, cost-benefit measurements, and public reporting methods.

(4) No more than five percent of the funds may be used by the commission to cover the administrative costs of the program.

(5) No more than (~~twenty~~) 20 percent of the funds may be awarded to any single grant applicant.

(6) Allowable uses of grant funds include:

(a) Annual payments to enrolled participants for successfully delivered carbon storage or reduction;

(b) Up-front payments for contracted carbon storage;

(c) Down payments on equipment;

(d) Purchases of equipment;

(e) Purchase of seed, seedlings, spores, animal feed, and amendments;

(f) Services to landowners, such as the development of site-specific conservation plans to increase soil organic levels or to increase usage of precision agricultural practices, or design and implementation of best management practices to reduce livestock emissions; ~~((and))~~

(g) The purchase of compost spreading equipment, or financial assistance to farmers to purchase compost spreading equipment, for the annual use for at least three years of volumes of compost determined by the commission to be significant from materials composted at a site that is not owned or operated by the farmer;

(h) Scientific studies to evaluate and quantify the greenhouse gas emissions avoided as a result of using crop residues as a biofuel feedstock or to identify management practices that increase the greenhouse gas emissions avoided as a result of using crop residues as a biofuel feedstock;

(i) Efforts to support the farm use of anaerobic digester digestate, including scientific studies, education and outreach to farmers, and the purchase or lease of digestate spreading equipment; and

(j) Other equipment purchases or financial assistance deemed appropriate by the commission to fulfill the intent of RCW 89.08.610 through 89.08.635.

(7) Grant applications are eligible for costs associated with technical assistance.

(8) Conservation districts and other public entities may apply for a single grant from the commission that serves multiple farmers.

(9) Grant applicants may apply to share equipment purchased with grant funds. Applicants for equipment purchase grants issued under this grant program may be farm, ranch, or aquaculture operations coordinating as individual businesses or as formal cooperative ventures serving farm, ranch, or aquaculture operations. Conservation districts, separately or jointly, may also apply for grant funds to operate an equipment sharing program.

(10) No contract for carbon storage or changes to management practices may

exceed ~~((twenty-five))~~ 25 years. Grant contracts that include up-front payments for future benefits must be conditioned to include penalties for default due to negligence on the part of the recipient.

(11) The commission shall attempt to achieve a geographically fair distribution of funds across a broad group of crop types, soil management practices, and farm sizes.

(12) Any applications involving state lands leased from the department of natural resources must include the department's approval.

NEW SECTION. Sec. 502. A new section is added to chapter 15.04 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the department must establish and implement a compost reimbursement program to reimburse farming operations in the state for purchasing and using compost products that were not generated by the farming operation, including transportation, spreading equipment, labor, fuel, and maintenance costs associated with spreading equipment. The grant reimbursements under the program begin July 1, 2023.

(b) For the purposes of this program, "farming operation" means: A commercial agricultural, silvicultural, or aquacultural facility or pursuit, including the care and production of livestock and livestock products, poultry and poultry products, apiary products, and plant and animal production for nonfood uses; the planting, cultivating, harvesting, and processing of crops; and the farming or ranching of any plant or animal species in a controlled salt, brackish, or freshwater environment.

(2) To be eligible to participate in the reimbursement program, a farming operation must complete an eligibility review with the department prior to transporting or applying any compost products for which reimbursement is sought under this section. The purpose of the review is for the department to ensure that the proposed transport and application of compost products is consistent with the department's agricultural pest control rules established under chapter 17.24 RCW. A farming operation must also verify that it will allow soil sampling to be conducted by the department upon request

before compost application and until at least 10 years after the last grant funding is used by the farming operation, as necessary to establish a baseline of soil quality and carbon storage and for subsequent department evaluations to assist the department's reporting requirements under subsection (8) of this section.

(3) The department must create a form for eligible farming operations to apply for cost reimbursement for costs from purchasing and using compost from facilities with solid waste handling permits, including transportation, equipment, spreading, and labor costs. All applications for cost reimbursement must be submitted on the form along with invoices, receipts, or other documentation acceptable to the department of the costs of purchasing and using compost products for which the applicant is requesting reimbursement, as well as a brief description of what each purchased item will be used for. The department may request that an applicant provide information to verify the source, size, sale weight, or amount of compost products purchased and the cost of transportation, equipment, spreading, and labor. The applicant must also declare that it is not seeking reimbursement for purchase or labor costs for:

(a) Its own compost products; or

(b) Compost products that it has transferred, or intends to transfer, to another individual or entity, whether or not for compensation.

(4) A farming operation may submit only one application per fiscal year in which the program is in effect for purchases made and usage costs incurred during the fiscal year that begins on July 1st and ends on June 30th. Applications for reimbursement must be filed before the end of the fiscal year in which purchases were made and usage costs incurred.

(5) The department must distribute reimbursement funds, subject to the following limitations:

(a) A farming operation is not eligible to receive reimbursement if the farming operation's application was not found eligible for reimbursement by the department under subsection (2) of this section prior to the transport or use of compost;

(b) A farming operation is not eligible to receive reimbursement for more than 50 percent of the costs it incurs each fiscal year for the purchase and use of compost products, including transportation, equipment, spreading, and labor costs;

(c) A farming operation is not eligible to receive more than \$10,000 per fiscal year;

(d) A farming operation is not eligible to receive reimbursement for its own compost products or compost products that it has transferred, or intends to transfer, to another individual or entity, whether or not for compensation; and

(e) A farming operation is not eligible to receive reimbursement for compost products that were not purchased from a facility with a solid waste handling permit.

(6) The applicant shall indemnify and hold harmless the state and its officers, agents, and employees from all claims arising out of or resulting from the compost products purchased that are subject to the compost reimbursement program under this section.

(7) There is established within the department a compost reimbursement program manager position. The compost reimbursement program manager must possess knowledge and expertise in the area of program management necessary to carry out the duties of the position, which are to:

(a) Facilitate the division and distribution of available costs for reimbursement; and

(b) Manage the day-to-day coordination of the compost reimbursement program.

(8) In compliance with RCW 43.01.036, the department must submit an annual report to the appropriate committees of the legislature by January 15th of each year of the program in which grants have been issued or completed. The report must include:

(a) The amount of compost for which reimbursement was sought under the program;

(b) The qualitative or quantitative effects of the program on soil quality and carbon storage; and

(c) A periodically updated evaluation of the benefits and costs to the state of

expanding or furthering the strategies promoted in the program.

Sec. 503. RCW 43.155.020 and 2017 3rd sp.s. c 10 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the public works board created in RCW 43.155.030.

(2) "Capital facility plan" means a capital facility plan required by the growth management act under chapter 36.70A RCW or, for local governments not fully planning under the growth management act, a plan required by the public works board.

(3) "Department" means the department of commerce.

(4) "Financing guarantees" means the pledge of money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects.

(5) "Local governments" means cities, towns, counties, special purpose districts, and any other municipal corporations or quasi-municipal corporations in the state excluding school districts and port districts.

(6) "Public works project" means a project of a local government for the planning, acquisition, construction, repair, reconstruction, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, or storm and sanitary sewage systems, lead remediation of drinking water systems, and solid waste facilities, including recycling facilities and composting and other organic materials management facilities. A planning project may include the compilation of biological, hydrological, or other data on a county, drainage basin, or region necessary to develop a base of information for a capital facility plan.

(7) "Solid waste or recycling project" means remedial actions necessary to bring abandoned or closed landfills into compliance with regulatory requirements and the repair, restoration, and replacement of existing solid waste

transfer, recycling facilities, and landfill projects limited to the opening of landfill cells that are in existing and permitted landfills.

(8) "Technical assistance" means training and other services provided to local governments to: (a) Help such local governments plan, apply, and qualify for loans, grants, and financing guarantees from the board, and (b) help local governments improve their ability to plan for, finance, acquire, construct, repair, replace, rehabilitate, and maintain public facilities.

(9) "Value planning" means a uniform approach to assist in decision making through systematic evaluation of potential alternatives to solving an identified problem.

PART 6

Organic Materials Management Facility Siting

Sec. 601. RCW 36.70.330 and 1985 c 126 s 3 are each amended to read as follows:

The comprehensive plan shall consist of a map or maps, and descriptive text covering objectives, principles and standards used to develop it, and shall include each of the following elements:

(1) A land use element which designates the proposed general distribution and general location and extent of the uses of land for agriculture, housing, commerce, industry, recreation, education, public buildings and lands, and other categories of public and private use of land, including a statement of the standards of population density and building intensity recommended for the various areas in the jurisdiction and estimates of future population growth in the area covered by the comprehensive plan, all correlated with the land use element of the comprehensive plan. The land use element shall also provide for protection of the quality and quantity of groundwater used for public water supplies and shall review drainage, flooding, and stormwater runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute Puget Sound or waters entering Puget Sound. Development regulations to implement comprehensive plans under this chapter that are newly developed, updated, or amended after January 1,

2025, must allow for the siting of organic materials management facilities in the areas identified in RCW 70A.205.040(3)(a)(i) to the extent necessary to provide for the establishment of the organic materials management volumetric capacity identified under RCW 70A.205.040(3)(a)(ii);

(2) A circulation element consisting of the general location, alignment and extent of major thoroughfares, major transportation routes, trunk utility lines, and major terminal facilities, all of which shall be correlated with the land use element of the comprehensive plan;

(3) Any supporting maps, diagrams, charts, descriptive material and reports necessary to explain and supplement the above elements.

NEW SECTION. Sec. 602. A new section is added to chapter 36.70A RCW to read as follows:

Development regulations to implement comprehensive plans under this chapter that are newly developed, updated, or amended after January 1, 2025, must allow for the siting of organic materials management facilities in the areas identified in RCW 70A.205.040(3)(a)(i) to the extent necessary to provide for the establishment of the organic materials management volumetric capacity identified under RCW 70A.205.040(3)(a)(ii).

NEW SECTION. Sec. 603. A new section is added to chapter 35.63 RCW to read as follows:

For cities not planning under RCW 36.70A.040, development regulations to implement comprehensive plans under RCW 35.63.100 that are newly developed, updated, or amended after January 1, 2025, must allow for the siting of organic materials management facilities in the areas identified by the county in which the city is located under RCW 70A.205.040(3)(a)(i) to the extent necessary to provide for the establishment of the organic materials management volumetric capacity identified under RCW 70A.205.040(3)(a)(ii).

NEW SECTION. Sec. 604. A new section is added to chapter 35A.63 RCW to read as follows:

For cities not planning under RCW 36.70A.040, development regulations to implement comprehensive plans required under RCW 35A.63.060 that are newly developed, updated, or amended after January 1, 2025, must allow for the siting of organic materials management facilities in the areas identified by the county in which the city is located under RCW 70A.205.040(3)(a)(i) to the extent necessary to provide for the establishment of the organic materials management volumetric capacity identified under RCW 70A.205.040(3)(a)(ii).

PART 7

Organic Materials Procurement

NEW SECTION. Sec. 701. A new section is added to chapter 43.19A RCW to read as follows:

(1) By January 1, 2023, the following cities or counties shall adopt a compost procurement ordinance to implement RCW 43.19A.120:

(a) Each city or county with a population greater than 25,000 residents as measured by the office of financial management using the most recent population data available; and

(b) Each city or county in which organic material collection services are provided under chapter 70A.205 RCW.

(2) A city or county that newly exceeds a population of 25,000 residents after January 1, 2023, as measured by the office of financial management, must adopt an ordinance under this subsection no later than 12 months after the office of financial management's determination that the local government's population has exceeded 25,000.

(3) In developing a compost procurement ordinance, each city and county shall plan for the use of compost in the following categories:

(a) Landscaping projects;

(b) Construction and postconstruction soil amendments;

(c) Applications to prevent erosion, filter stormwater runoff, promote vegetation growth, or improve the stability and longevity of roadways; and

(d) Low-impact development and green infrastructure to filter pollutants or keep water on-site, or both.

(4) Each city or county that adopts an ordinance under subsection (1) or (2) of this section must develop strategies to inform residents about the value of compost and how the jurisdiction uses compost in its operations in the jurisdiction's comprehensive solid waste management plan pursuant to RCW 70A.205.045.

(5) By December 31, 2024, and each December 31st of even-numbered years thereafter, each city or county that adopts an ordinance under subsection (1) or (2) of this section must submit a report covering the previous year's compost procurement activities to the department of ecology that contains the following information:

(a) The total tons of organic material diverted throughout the year;

(b) The volume and cost of compost purchased throughout the year; and

(c) The source or sources of the compost.

(6) Cities and counties that are required to adopt an ordinance under subsection (1) or (2) of this section shall give priority to purchasing compost products from companies that produce compost products locally, are certified by a nationally recognized organization, and produce compost products that are derived from municipal solid waste compost programs and meet quality standards comparable to standards adopted by the department of transportation or adopted by rule by the department of ecology.

(7) Cities and counties may enter into collective purchasing agreements if doing so is more cost-effective or efficient.

(8) Nothing in this section requires a compost processor to:

(a) Enter into a purchasing agreement with a city or county;

(b) Sell finished compost to meet this requirement; or

(c) Accept or process food waste or compostable products.

Sec. 702. RCW 39.30.040 and 2013 c 24 s 1 are each amended to read as follows:

(1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest price for

the items desired to be purchased, the unit of local government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within its boundaries. The unit of local government must award the purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. Any local government may allow for preferential purchase of compost to meet the requirements of RCW 43.19A.120. Any unit of local government which considers tax revenue it would receive from the imposition of taxes upon a supplier located within its boundaries must also consider tax revenue it would receive from taxes it imposes upon a supplier located outside its boundaries.

(2) A unit of local government may award a contract to a bidder submitting the lowest bid before taxes are applied. The unit of local government must provide notice of its intent to award a contract based on this method prior to bids being submitted. For the purposes of this subsection (2), "taxes" means only those taxes that are included in "tax revenue" as defined in this section.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Tax revenue" means sales taxes that units of local government impose upon the sale of supplies, materials, or equipment from the supplier to units of local government, and business and occupation taxes that units of local government impose upon the supplier that are measured by the gross receipts of the supplier from the sale.

(b) "Unit of local government" means any county, city, town, metropolitan municipal corporation, public transit benefit area, county transportation authority, or other municipal or quasi-municipal corporation authorized to impose sales and use taxes or business and occupation taxes.

NEW SECTION. **Sec. 703.** A new section is added to chapter 43.19A RCW to read as follows:

A contract by a local government or state agency must require the use of compost products to the maximum extent

economically feasible to meet the requirements established in RCW 43.19A.120.

PART 8

Product Degradability Labeling

Sec. 801. RCW 70A.455.010 and 2019 c 265 s 1 are each amended to read as follows:

(1) The legislature finds and declares that it is the public policy of the state that:

(a) Environmental marketing claims for plastic products, whether implicit or implied, should adhere to uniform and recognized standards for "compostability" and "biodegradability," since misleading, confusing, and deceptive labeling can negatively impact local composting programs and compost processors. Plastic products marketed as being "compostable" should be readily and easily identifiable as meeting these standards;

(b) Legitimate and responsible packaging and plastic product manufacturers are already properly labeling their compostable products, but many manufacturers are not. Not all compost facilities and their associated processing technologies accept or are required to accept compostable packaging as feedstocks. However, implementing a standardized system and test methods may create the ability for them to take these products in the future.

(2) Therefore, it is the intent of the legislature to authorize the ~~((state's attorney general and local governments))~~ department of ecology, cities, and counties to pursue false or misleading environmental claims and "greenwashing" for plastic products claiming to be "compostable" or "biodegradable" when in fact they are not.

Sec. 802. RCW 70A.455.020 and 2019 c 265 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "ASTM" means the American society for testing and materials.

(2) "Biodegradable mulch film" means film plastic used as a technical tool in commercial farming applications that biodegrades in soil after being used, and:

(a) The film product fulfills plant growth and regulated metals requirements of ASTM D6400; and

(b)(i) Meets the requirements of Vincotte's "OK Biodegradable Soil" certification scheme, as that certification existed as of January 1, 2019;

(ii) At ambient temperatures and in soil, shows at least ~~((ninety))~~ 90 percent biodegradation absolute or relative to microcrystalline cellulose in less than two years' time, tested according to ISO 17556 or ASTM 5988 standard test methods, as those test methods existed as of January 1, 2019; or

(iii) Meets the requirements of EN 17033 "plastics-biodegradable mulch films for use in agriculture and horticulture" as it existed on January 1, 2019.

(3) "Federal trade commission guides" means the United States federal trade commission's guides for the use of environmental marketing claims (Part 260, commencing at section 260.1), compostability claims, including section 260.8, and degradation claims (subchapter B of chapter I of Title 16 of the Code of Federal Regulations), as those guides existed as of January 1, 2019.

(4) "Film product" means a bag, sack, wrap, or other sheet film product.

(5) "Food service product" ~~((means a product including, but not limited to, containers, plates, bowls, cups, lids, meat trays, straws, deli rounds, cocktail picks, splash sticks, condiment packaging, clam shells and other hinged or lidded containers, sandwich wrap, utensils, sachets, portion cups, and other food service products that are intended for one time use and used for food or drink offered for sale or use))~~ has the same meaning as defined in RCW 70A.245.010.

(6) ~~((("Manufacturer" means a person, firm, association, partnership, or corporation that produces a product.~~

~~(7))~~ "Person" means individual, firm, association, copartnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

~~((9))~~ (7) "Plastic food packaging and food service products" means food

packaging and food service products that is composed of:

(a) Plastic; or

(b) Fiber or paper with a plastic coating, window, component, or additive.

~~((9))~~ (8) "Plastic product" means a product made of plastic, whether alone or in combination with another material including, but not limited to, paperboard. A plastic product includes, but is not limited to, any of the following:

(a) A product or part of a product that is used, bought, or leased for use by a person for any purpose;

(b) A package or a packaging component including, but not limited to, packaging peanuts;

(c) A film product; or

(d) Plastic food packaging and food service products.

~~((10))~~ (9) "Standard specification" means either:

(a) ASTM D6400 - standard specification labeling of plastics designed to be aerobically composted in municipal or industrial facilities, as it existed as of January 1, 2019; or

(b) ASTM D6868 - standard specification for labeling of end items that incorporate plastics and polymers as coatings or additives with paper and other substrates designed to be aerobically composted in municipal or industrial facilities, as it existed as of January 1, 2019.

~~((11)(a))~~ ~~"Supplier" means a person, firm, association, partnership, company, or corporation that sells, offers for sale, offers for promotional purposes, or takes title to a product.~~

~~(b) "Supplier" does not include a person, firm, association, partnership, company, or corporation that sells products to end users as a retailer.~~

~~((12))~~ (10) "Utensil" means a product designed to be used by a consumer to facilitate the consumption of food or beverages, including knives, forks, spoons, cocktail picks, chopsticks, splash sticks, and stirrers.

(11) "Department" means the department of ecology.

(12) "Producer" means the following person responsible for compliance under this chapter for a product sold, offered for sale, or distributed in or into this state:

(a) If the product is sold under the manufacturer's own brand or lacks identification of a brand, the producer is the person who manufactures the product;

(b) If the product is manufactured by a person other than the brand owner, the producer is the person that is the licensee of a brand or trademark under which a product is used in a commercial enterprise, sold, offered for sale, or distributed in or into this state, whether or not the trademark is registered in this state, unless the manufacturer or brand owner of the product has agreed to accept responsibility under this chapter; or

(c) If there is no person described in (a) and (b) of this subsection over whom the state can constitutionally exercise jurisdiction, the producer is the person who imports or distributes the product in or into the state.

Sec. 803. RCW 70A.455.040 and 2019 c 265 s 4 are each amended to read as follows:

(1)~~((a))~~ A product labeled as "compostable" that is sold, offered for sale, or distributed for use in Washington by a ~~((supplier or manufacturer))~~ producer must:

~~((i))~~ (a) Meet ASTM standard specification D6400;

~~((ii))~~ (b) Meet ASTM standard specification D6868; or

~~((iii))~~ (c) Be comprised of wood, which includes renewable wood, or fiber-based substrate only;

~~((b))~~ (2) A product described in ~~((a)(i) or (ii) of this))~~ subsection (1)(a) or (b) of this section must:

~~((i))~~ (a) Meet labeling requirements established under the United States federal trade commission's guides; and

~~((ii))~~ (b) Feature labeling that:

~~((A))~~ (i) Meets industry standards for being distinguishable upon quick inspection in both public sorting areas and in processing facilities;

~~((B))~~ (ii) Uses a logo indicating the product has been certified by a recognized third-party independent verification body as meeting the ASTM standard specification; ~~(and~~

~~(C))~~ (iii) Displays the word "compostable," where possible, indicating the product has been tested by a recognized third-party independent body and meets the ASTM standard specification; and

(iv) Uses green, beige, or brown labeling, color striping, or other green, beige, or brown symbols, colors, tinting, marks, or design patterns that help differentiate compostable items from noncompostable items.

~~((2) A compostable product described in subsection (1)(a)(i) or (ii) of this section must be considered compliant with the requirements of this section if it:~~

~~(a) Has green or brown labeling;~~

~~(b) Is labeled as compostable; and~~

~~(c) Uses distinctive color schemes, green or brown color striping, or other adopted symbols, colors, marks, or design patterns that help differentiate compostable items from noncompostable materials.)~~

Sec. 804. RCW 70A.455.050 and 2019 c 265 s 5 are each amended to read as follows:

(1) A ~~((manufacturer or supplier))~~ producer of a film bag that meets ASTM standard specification D6400 and is distributed or sold by retailers must ensure that the film bag is readily and easily identifiable from other film bags in a manner that is consistent with the federal trade commission guides.

(2) For purposes of this section, "readily and easily identifiable" products must meet the following requirements:

(a) Be labeled with a certification logo indicating the bag meets the ASTM D6400 standard specification if the bag has been certified as meeting that standard by a recognized third-party independent verification body;

(b) Be labeled in accordance with one of the following:

(i) The bag is tinted or made of a uniform color of green, beige, or brown and labeled with the word "compostable"

on one side of the bag and the label must be at least one inch in height; or

(ii) Be labeled with the word "compostable" on both sides of the bag and the label must be one of the following:

(A) Green, beige, or brown color lettering at least one inch in height; or

(B) Within a contrasting green, beige, or brown color band of at least one inch in height on both sides of the bag with color contrasting lettering of at least one-half inch in height; and

(c) Meet industry standards for being distinguishable upon quick inspection in both public sorting areas and in processing facilities.

(3) If a bag is smaller than ~~((fourteen))~~ 14 inches by ~~((fourteen))~~ 14 inches, the lettering and stripe required under subsection (2)(b)(ii) of this section must be in proportion to the size of the bag.

(4) A film bag that meets ASTM standard specification D6400 that is sold or distributed in this state may not display a chasing arrow resin identification code or recycling type of symbol in any form.

(5) A ~~((manufacturer or supplier))~~ producer is required to comply with this section only to the extent that the labeling requirements do not conflict with the federal trade commission guides.

Sec. 805. RCW 70A.455.060 and 2020 c 20 s 1446 are each amended to read as follows:

(1)(a) A ~~((manufacturer or supplier))~~ producer of plastic food service products or film products that meet ASTM standard specification D6400 or ASTM standard specification D6868 must ensure that the items are readily and easily identifiable from other plastic food service products or plastic film products in a manner that is consistent with the federal trade commission guides.

(b) Film bags are exempt from the requirements of this section, and are instead subject to the requirements of RCW 70A.455.050.

(2) For the purposes of this section, "readily and easily identifiable" products must:

(a) Be labeled with a logo indicating the product has been certified by a recognized third-party independent

verification body as meeting the ASTM standard specification;

(b) Be labeled with the word "compostable," where possible, indicating the food packaging or film product has been tested by a recognized third-party independent body and meets the ASTM standard specification; ~~((and))~~

(c) Meet industry standards for being distinguishable upon quick inspection in both public sorting areas and in processing facilities;

(d) If the product is a plastic food service product or food contact film product, be at least partially colored or partially tinted green, beige, or brown, or have a green, beige, or brown stripe or band at least .25 inches wide; and

(e) If the product is a nonfood contact film product, be at least partially colored or partially tinted green or have a green stripe or band at least .25 inches wide and display the word "compostable".

~~(3) ((A compostable product described in subsection (1) of this section must be considered compliant with the requirements of this section if it:~~

~~(a) Has green or brown labeling;~~

~~(b) Is labeled as compostable; and~~

~~(c) Uses distinctive color schemes, green or brown color striping, or other adopted symbols, colors, marks, or design patterns that help differentiate compostable items from noncompostable materials.~~

~~(4)) It is encouraged that each product described in subsection (1) of this section(+~~

~~(a) Display)) display labeling language via printing, embossing, or compostable adhesive stickers using, when possible, either the colors green, beige, or brown that contrast with background product color for easy identification(~~(+or~~~~

~~(b) Be tinted green or brown)).~~

~~((5)) (4) Graphic elements are encouraged to increase legibility of the word "compostable" and overall product distinction that may include text boxes, stripes, bands, or a green, beige, or brown tint of the product.~~

~~((6)) (5) A ((manufacturer or supplier)) producer is required to comply~~

with this section only to the extent that the labeling requirements do not conflict with the federal trade commission guides.

Sec. 806. RCW 70A.455.070 and 2020 c 20 s 1447 are each amended to read as follows:

(1) A ((~~manufacturer or supplier of film products or food service products~~)) producer of plastic film bags sold, offered for sale, or distributed for use in Washington that does not meet the applicable ASTM standard specifications provided in RCW 70A.455.050 ((~~and 70A.455.060~~)) is:

~~((1)) (a) Prohibited from using tinting, color schemes, labeling, ((and)) or terms that are required of products that meet the applicable ASTM standard specifications under RCW 70A.455.050 ((~~and 70A.455.060~~));~~

~~((2)) (b) Discouraged from using ((coloration,)) labeling, images, and terms that may reasonably be anticipated to confuse consumers into believing that noncompostable ((~~bags and food service packaging~~)) products are compostable; and~~

~~((3)) (c) Encouraged to use ((coloration,)) labeling, images, and terms to help consumers identify noncompostable bags ((~~and food service packaging~~)) as either: ((+a)) (i) Suitable for recycling; or ((+b)) (ii) necessary to dispose as waste.~~

(2) A producer of food service products, or plastic film products other than plastic film bags subject to subsection (1) of this section, sold, offered for sale, or distributed for use in Washington that does not meet the applicable ASTM standard specifications provided in RCW 70A.455.060 is:

(a) Prohibited from using labeling, or terms that are required of products that meet the applicable ASTM standard specifications under RCW 70A.455.060;

(b) Discouraged from using labeling, images, and terms that may reasonably be anticipated to confuse consumers into believing that noncompostable products are compostable; and

(c) Encouraged to use tinting, coloration, labeling, images, and terms to help consumers identify film products and food service packaging as either: (i) Suitable for recycling; or (ii) necessary to dispose as waste.

Sec. 807. RCW 70A.455.080 and 2019 c 265 s 8 are each amended to read as follows:

(1) Upon the request by a person, including the department, a ~~((manufacturer or supplier))~~ producer shall submit to that person or the department, within ~~((ninety))~~ 90 days of the request, nonconfidential business information and documentation demonstrating compliance with this chapter, in a format that is easy to understand and scientifically accurate.

(2) Upon request by a commercial compost processing facility, ~~((manufacturers))~~ producers of compostable products are encouraged to provide the facility with information regarding the technical aspects of a commercial composting environment, such as heat or moisture, in which the ~~((manufacturer's))~~ producer's product has been field tested and found to degrade.

Sec. 808. RCW 70A.455.090 and 2020 c 20 s 1448 are each amended to read as follows:

(1)(a) ~~The ((state, acting through the attorney general,))~~ department and cities and counties have concurrent authority to enforce this chapter and to issue and collect civil penalties for a violation of this chapter, subject to the conditions in this section and RCW 70A.455.100. An enforcing government entity may impose a civil penalty in the amount of up to ~~((two thousand dollars))~~ \$2,000 for the first violation of this chapter, up to ~~((five thousand dollars))~~ \$5,000 for the second violation of this chapter, and up to ~~((ten thousand dollars))~~ \$10,000 for the third and any subsequent violation of this chapter. If a ~~((manufacturer or supplier))~~ producer has paid a prior penalty for the same violation to a different government entity with enforcement authority under this subsection, the penalty imposed by a government entity is reduced by the amount of the payment.

(b) The enforcement of this chapter must be based primarily on complaints filed with the department and cities and counties. The department must establish a forum for the filing of complaints. Cities, counties, or any person may file complaints with the department using the forum, and cities and counties may review complaints filed with the department via the forum. The forum established by the

department may include a complaint form on the department's website, a telephone hotline, or a public outreach strategy relying upon electronic social media to receive complaints that allege violations. The department, in collaboration with the cities and counties, must provide education and outreach activities to inform retail establishments, consumers, and producers about the requirements of this chapter.

(2) ~~((Any civil penalties collected pursuant to this section must be paid to the office of the city attorney, city prosecutor, district attorney, or attorney general, whichever office brought the action. Penalties collected by the attorney general on behalf of the state must be deposited in the compostable products revolving account created in RCW 70A.455.110))~~ Penalties issued by the department are appealable to the pollution control hearings board established in chapter 43.21B RCW.

(3) The remedies provided by this section are not exclusive and are in addition to the remedies that may be available pursuant to chapter 19.86 RCW or other consumer protection laws, if applicable.

(4) In addition to penalties recovered under this section, the enforcing ~~((government entity))~~ city or county may recover reasonable enforcement costs and attorneys' fees from the liable ~~((manufacturer or supplier))~~ producer.

Sec. 809. RCW 70A.455.100 and 2020 c 20 s 1449 are each amended to read as follows:

~~((Manufacturers and suppliers))~~ (1) Producers who violate the requirements of this chapter are subject to civil penalties described in RCW 70A.455.090. A specific violation is deemed to have occurred upon the sale of noncompliant product by stock-keeping unit number or unique item number. The repeated sale of the same noncompliant product by stock-keeping unit number or unique item number is considered a single violation. ~~((A city, county, or the state))~~

(2)(a) A city or county enforcing a requirement of this chapter must send a written notice and a copy of the requirements to a noncompliant ~~((manufacturer or supplier))~~ producer of an alleged violation, who will have ~~((ninety))~~ 90 days to become compliant. ~~((A city, county, or the state may assess a first penalty if the manufacturer or~~

~~supplier has not met the requirements ninety days following the date the notification was sent. A city, county, or the state)~~

(b) A city or county enforcing a requirement of this chapter may assess a first penalty if the producer has not met the requirements 90 days following the date the notification was sent. A city or county may impose second, third, and subsequent penalties on a ((manufacturer or supplier)) producer that remains noncompliant with the requirements of this chapter for every month of noncompliance.

(3) The department may only impose penalties under this chapter consistent with the standards established in RCW 43.21B.300.

NEW SECTION. Sec. 810. A new section is added to chapter 70A.455 RCW to read as follows:

(1) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

(2) Producers of a product subject to RCW 70A.455.040, 70A.455.050, or 70A.455.060 must submit, under penalty of perjury, a declaration that the product meets the standards established under those sections of this chapter for the product. This declaration must be submitted to the department:

(a) By January 1, 2024, for a product that is or will be sold or distributed into Washington beginning January 1, 2024;

(b) Prior to the sale or distribution of a product newly sold or distributed into Washington after January 1, 2024; and

(c) Prior to the sale or distribution of a product whose method of compliance with the standards established in RCW 70A.455.040, 70A.455.050, or 70A.455.060 is materially changed from the method of compliance used at the last declaration submission under this section.

(3) The department must begin enforcing the requirements of this chapter by July 1, 2024.

Sec. 811. RCW 70A.455.030 and 2019 c 265 s 3 are each amended to read as follows:

(1) Except as provided in this chapter, no ((manufacturer or supplier))

producer may sell, offer for sale, or distribute for use in this state a plastic product that is labeled with the term "biodegradable," "degradable," "decomposable," "oxo-degradable," or any similar form of those terms, or in any way imply that the plastic product will break down, fragment, biodegrade, or decompose in a landfill or other environment.

(2) This section does not apply to biodegradable mulch film that meets the required testing and has the appropriate third-party certifications.

Sec. 812. RCW 43.21B.110 and 2021 c 316 s 41 and 2021 c 313 s 16 are each reenacted and amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, the air pollution control boards or authorities as established pursuant to chapter 70A.15 RCW, local health departments, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and authorized public entities described in chapter 79.100 RCW:

(a) Civil penalties imposed pursuant to RCW 18.104.155, 70A.15.3160, 70A.300.090, 70A.20.050, 70A.530.040, 70A.350.070, 70A.515.060, 70A.245.040, 70A.245.050, 70A.245.070, 70A.245.080, 70A.65.200, 70A.455.090, 76.09.170, 77.55.440, 78.44.250, 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102.

(b) Orders issued pursuant to RCW 18.104.043, 18.104.060, 43.27A.190, 70A.15.2520, 70A.15.3010, 70A.300.120, 70A.350.070, 70A.245.020, 70A.65.200, 86.16.020, 88.46.070, 90.14.130, 90.46.250, 90.48.120, and 90.56.330.

(c) Except as provided in RCW 90.03.210(2), the issuance, modification, or termination of any permit, certificate, or license by the department or any air authority in the exercise of its jurisdiction, including the issuance or termination of a waste disposal permit, the denial of an application for a waste disposal permit, the modification of the conditions or the terms of a waste disposal permit, or a decision to approve or deny an application for a solid waste permit exemption under RCW 70A.205.260.

(d) Decisions of local health departments regarding the grant or denial of solid waste permits pursuant to chapter 70A.205 RCW.

(e) Decisions of local health departments regarding the issuance and enforcement of permits to use or dispose of biosolids under RCW 70A.226.090.

(f) Decisions of the department regarding waste-derived fertilizer or micronutrient fertilizer under RCW 15.54.820, and decisions of the department regarding waste-derived soil amendments under RCW 70A.205.145.

(g) Decisions of local conservation districts related to the denial of approval or denial of certification of a dairy nutrient management plan; conditions contained in a plan; application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and failure to adhere to the plan review and approval timelines in RCW 90.64.026.

(h) Any other decision by the department or an air authority which pursuant to law must be decided as an adjudicative proceeding under chapter 34.05 RCW.

(i) Decisions of the department of natural resources, the department of fish and wildlife, and the department that are reviewable under chapter 76.09 RCW, and the department of natural resources' appeals of county, city, or town objections under RCW 76.09.050(7).

(j) Forest health hazard orders issued by the commissioner of public lands under RCW 76.06.180.

(k) Decisions of the department of fish and wildlife to issue, deny, condition, or modify a hydraulic project approval permit under chapter 77.55 RCW, to issue a stop work order, to issue a notice to comply, to issue a civil penalty, or to issue a notice of intent to disapprove applications.

(l) Decisions of the department of natural resources that are reviewable under RCW 78.44.270.

(m) Decisions of an authorized public entity under RCW 79.100.010 to take temporary possession or custody of a vessel or to contest the amount of reimbursement owed that are reviewable by the hearings board under RCW 79.100.120.

(n) Decisions of the department of ecology that are appealable under RCW 70A.245.020 to set recycled minimum postconsumer content for covered products or to temporarily exclude types of covered products in plastic containers from minimum postconsumer recycled content requirements.

(o) Orders by the department of ecology under RCW 70A.455.080.

(2) The following hearings shall not be conducted by the hearings board:

(a) Hearings required by law to be conducted by the shorelines hearings board pursuant to chapter 90.58 RCW.

(b) Hearings conducted by the department pursuant to RCW 70A.15.3010, 70A.15.3070, 70A.15.3080, 70A.15.3090, 70A.15.3100, 70A.15.3110, and 90.44.180.

(c) Appeals of decisions by the department under RCW 90.03.110 and 90.44.220.

(d) Hearings conducted by the department to adopt, modify, or repeal rules.

(3) Review of rules and regulations adopted by the hearings board shall be subject to review in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

Sec. 813. RCW 43.21B.300 and 2021 c 316 s 42 and 2021 c 313 s 17 are each reenacted and amended to read as follows:

(1) Any civil penalty provided in RCW 18.104.155, 70A.15.3160, 70A.205.280, 70A.300.090, 70A.20.050, 70A.245.040, 70A.245.050, 70A.245.070, 70A.245.080, 70A.65.200, 70A.455.090, 88.46.090, 90.03.600, 90.46.270, 90.48.144, 90.56.310, 90.56.330, and 90.64.102 and chapter 70A.355 RCW shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the department or the local air authority, describing the violation with reasonable particularity. For penalties issued by local air authorities, within ~~((thirty))~~ 30 days after the notice is received, the person incurring the penalty may apply in writing to the authority for the remission or mitigation of the penalty. Upon receipt of the application, the authority may remit or mitigate the penalty upon whatever terms the authority in its discretion deems proper. The authority may ascertain the facts

regarding all such applications in such reasonable manner and under such rules as it may deem proper and shall remit or mitigate the penalty only upon a demonstration of extraordinary circumstances such as the presence of information or factors not considered in setting the original penalty.

(2) Any penalty imposed under this section may be appealed to the pollution control hearings board in accordance with this chapter if the appeal is filed with the hearings board and served on the department or authority ~~((thirty))~~ 30 days after the date of receipt by the person penalized of the notice imposing the penalty or ~~((thirty))~~ 30 days after the date of receipt of the notice of disposition by a local air authority of the application for relief from penalty.

(3) A penalty shall become due and payable on the later of:

(a) Thirty days after receipt of the notice imposing the penalty;

(b) Thirty days after receipt of the notice of disposition by a local air authority on application for relief from penalty, if such an application is made; or

(c) Thirty days after receipt of the notice of decision of the hearings board if the penalty is appealed.

(4) If the amount of any penalty is not paid to the department within ~~((thirty))~~ 30 days after it becomes due and payable, the attorney general, upon request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or of any county in which the violator does business, to recover the penalty. If the amount of the penalty is not paid to the authority within ~~((thirty))~~ 30 days after it becomes due and payable, the authority may bring an action to recover the penalty in the superior court of the county of the authority's main office or of any county in which the violator does business. In these actions, the procedures and rules of evidence shall be the same as in an ordinary civil action.

(5) All penalties recovered shall be paid into the state treasury and credited to the general fund except those penalties imposed pursuant to RCW 18.104.155, which shall be credited to the reclamation account as provided in RCW 18.104.155(7), RCW 70A.15.3160, the

disposition of which shall be governed by that provision, RCW 70A.245.040 and 70A.245.050, which shall be credited to the recycling enhancement account created in RCW 70A.245.100, RCW 70A.300.090, which shall be credited to the model toxics control operating account created in RCW 70A.305.180, RCW 70A.65.200, which shall be credited to the climate investment account created in RCW 70A.65.250, RCW 90.56.330, which shall be credited to the coastal protection fund created by RCW 90.48.390, and RCW 70A.355.070, which shall be credited to the underground storage tank account created by RCW 70A.355.090.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1800 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 71.34 RCW to read as follows:

The authority shall dedicate at least one full-time employee to:

(1) Connecting families, behavioral health providers, educators, and other stakeholders with current information about law and policy related to behavioral health services for minors;

(2) Creating shareable content appropriate for communicating policy and resources related to behavioral health services for minors;

(3) Designing and maintaining a communications plan related to behavioral health services for minors involving social media and other forms of direct outreach to providers, families, and youth; and

(4) Monitoring the health care authority website to make sure that the information included on the website is accurate and designed in a manner that is accessible to families.

NEW SECTION. **Sec. 2.** A new section is added to chapter 71.34 RCW to read as follows:

(1) The authority shall convene stakeholders to design, further define, and implement a parent portal. The authority shall work with stakeholders including Washington state community connectors and consider the website prototype already under development by that organization. The stakeholders convened must additionally include other

parents and young adults with relevant lived experience.

(2) As used in this section, "parent portal" means a method for connecting families to their community's service and education infrastructure related to behavioral health services for minors, including services supported or provided by:

(a) A behavioral health provider as defined in RCW 71.24.025 that provides services to minors;

(b) A licensed or certified behavioral health agency as defined in RCW 71.24.025 that provides behavioral health services to minors;

(c) A long-term care facility as defined in RCW 43.190.020 in which minors with behavioral health conditions reside;

(d) The child study and treatment center as identified in RCW 71.34.380;

(e) A facility or agency that receives state funding to provide behavioral health treatment services to minors with a behavioral health condition;

(f) The department of children, youth, and families;

(g) The office of the superintendent of public instruction; and

(h) The department.

(3) By November 1, 2022, the authority shall provide a report to the governor and the appropriate committees of the legislature detailing:

(a) The stakeholder engagement conducted under this section;

(b) The design and further definition of the parent portal; and

(c) Other relevant information about successfully implementing the parent portal, including needed legislative changes or support.

Sec. 3. RCW 71.34.3871 and 2019 c 381 s 24 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the authority must conduct ~~((an annual survey of a sample group of))~~ stakeholder engagement efforts with parents, youth, and behavioral health providers to measure the impacts of implementing policies resulting from chapter 381, Laws of 2019 during the

first three years of implementation and sections 1 and 2 of this act. The stakeholder engagement efforts required under this subsection must include live events soliciting feedback from stakeholders and alternative methods for stakeholders to submit feedback. The first ~~((survey))~~ stakeholder engagement efforts must be complete by ~~((July 1, 2020))~~ October 1, 2022, followed by subsequent annual ~~((surveys))~~ stakeholder engagement efforts completed by July 1, ~~((2021))~~ 2023, and by July 1, ~~((2022))~~ 2024. The authority must report on the results of the ~~((surveys))~~ stakeholder engagement efforts annually to the governor and the legislature beginning November 1, ~~((2020))~~ 2022. The final report is due November 1, ~~((2022))~~ 2024, and must include any recommendations for statutory changes identified as needed based on ~~((survey))~~ stakeholder engagement efforts results.

(2) This section expires December 31, ~~((2022))~~ 2024.

Sec. 4. RCW 71.40.040 and 2021 c 202 s 4 are each amended to read as follows:

The state office of behavioral health consumer advocacy shall assure performance of the following activities, as authorized in contract:

(1) Selection of a name for the contracting advocacy organization to use for the advocacy program that it operates pursuant to contract with the office. The name must be selected by the statewide advisory council established in this section and must be separate and distinguishable from that of the office;

(2) Certification of behavioral health consumer advocates by October 1, 2022, and coordination of the activities of the behavioral health consumer advocates throughout the state according to standards adopted by the office;

(3) Provision of training regarding appropriate access by behavioral health consumer advocates to behavioral health providers or facilities according to standards adopted by the office;

(4) Establishment of a toll-free telephone number, website, and other appropriate technology to facilitate access to contracting advocacy organization services for patients, residents, and clients of behavioral health providers or facilities;

(5) Establishment of a statewide uniform reporting system to collect and analyze data relating to complaints and conditions provided by behavioral health providers or facilities for the purpose of identifying and resolving significant problems, with permission to submit the data to all appropriate state agencies on a regular basis;

(6) Establishment of procedures consistent with the standards adopted by the office to protect the confidentiality of the office's records, including the records of patients, residents, clients, providers, and complainants;

(7) Establishment of a statewide advisory council, a majority of which must be composed of people with lived experience, that shall include:

(a) Individuals with a history of mental illness including one or more members from the black community, the indigenous community, or a community of color;

(b) Individuals with a history of substance use disorder including one or more members from the black community, the indigenous community, or a community of color;

(c) Family members of individuals with behavioral health needs including one or more members from the black community, the indigenous community, or a community of color;

(d) One or more representatives of an organization representing consumers of behavioral health services;

(e) Representatives of behavioral health providers and facilities, including representatives of facilities offering inpatient and residential behavioral health services;

(f) One or more certified peer specialists;

(g) One or more medical clinicians serving individuals with behavioral health needs;

(h) One or more nonmedical providers serving individuals with behavioral health needs;

(i) One representative from a behavioral health administrative services organization;

(j) Two parents or caregivers of a child who received behavioral health services, including one parent or

caregiver of a child who received complex, multisystem behavioral health services, one parent or caregiver of a child ages one through 12, or one parent or caregiver of a child ages 13 through 17;

(k) Two representatives of medicaid managed care organizations, one of which must provide managed care to children and youth receiving child welfare services;

(l) Other community representatives, as determined by the office; and

~~((k))~~ (m) One representative from a labor union representing workers who work in settings serving individuals with behavioral health conditions;

(8) Monitoring the development of and recommend improvements in the implementation of federal, state, and local laws, rules, regulations, and policies with respect to the provision of behavioral health services in the state and advocate for consumers;

(9) Development and delivery of educational programs and information statewide to patients, residents, and clients of behavioral health providers or facilities, and their families on topics including, but not limited to, the execution of mental health advance directives, wellness recovery action plans, crisis services and contacts, peer services and supports, family advocacy and rights, family-initiated treatment and other behavioral health service options for minors, and involuntary treatment; and

(10) Reporting to the office, the legislature, and all appropriate public agencies regarding the quality of services, complaints, problems for individuals receiving services from behavioral health providers or facilities, and any recommendations for improved services for behavioral health consumers.

Sec. 5. RCW 71.40.090 and 2021 c 202 s 9 are each amended to read as follows:

The contracting advocacy organization shall develop and submit, for approval by the office, a process to train and certify all behavioral health consumer advocates, whether paid or volunteer, authorized by this chapter as follows:

(1) Certified behavioral health consumer advocates must have training or experience in the following areas:

(a) Behavioral health and other related social services programs, including behavioral health services for minors;

(b) The legal system, including differences in state or federal law between voluntary and involuntary patients, residents, or clients;

(c) Advocacy and supporting self-advocacy;

(d) Dispute or problem resolution techniques, including investigation, mediation, and negotiation; and

(e) All applicable patient, resident, and client rights established by either state or federal law.

(2) A certified behavioral health consumer advocate may not have been employed by any behavioral health provider or facility within the previous twelve months, except as a certified peer specialist or where prior to July 25, 2021, the person has been employed by a regional behavioral health consumer advocate.

(3) No certified behavioral health consumer advocate or any member of a certified behavioral health consumer advocate's family may have, or have had, within the previous twelve months, any significant ownership or financial interest in the provision of behavioral health services."

On page 1, line 2 of the title, after "miners;" strike the remainder of the title and insert "amending RCW 71.34.3871, 71.40.040, and 71.40.090; adding new sections to chapter 71.34 RCW; and providing an expiration date."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed HOUSE BILL NO. 1805 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.145.010 and 2021 c 133 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the opportunity scholarship board.

(2) "Council" means the student achievement council.

(3) "Eligible advanced degree program" means a health professional degree program beyond the baccalaureate level and includes graduate and professional degree programs.

(4) "Eligible county" has the same meaning as "rural county" as defined in RCW 82.14.370 and also includes any county that shares a common border with Canada and has a population of over (~~one hundred twenty five thousand~~) 125,000.

(5) "Eligible education programs" means high employer demand and other programs of study as determined by the board.

(6) "Eligible expenses" means reasonable expenses associated with the costs of acquiring an education such as tuition, books, equipment, fees, room and board, and other expenses as determined by the program administrator in consultation with the council and the state board for community and technical colleges.

(7) "Eligible school district" means a school district of the second class as identified in RCW 28A.300.065(2).

(8)(a) "Eligible student" means a resident student who:

((~~a~~))(i)(A) Received his or her high school diploma or high school equivalency certificate as provided in RCW 28B.50.536 in Washington and has been accepted at a four-year institution of higher education into an eligible education program leading to a baccalaureate degree;

((~~ii~~))(B) Received his or her high school diploma or high school equivalency certificate as provided in RCW 28B.50.536 in Washington and will attend a two-year institution of higher education and intends to transfer to an eligible education program at a four-year institution of higher education;

((~~iii~~))(C) Received his or her high school diploma or equivalent and has been accepted at an institution of higher education into a professional-technical certificate or degree program in an eligible education program; or

((~~iv~~))(D) Has been accepted at an institution of higher education into an eligible advanced degree program that leads to credentials in health professions;

((~~b~~))(ii) Declares an intention to obtain a professional-technical certificate, professional-technical degree, baccalaureate degree, or an advanced degree; and

((~~e~~))(iii) Has a family income at or below (~~one hundred twenty five~~) 125 percent of the state median family income at the time the student applies for an opportunity scholarship. For the advanced degree program, family income may be greater than 125 percent if the eligible student can demonstrate financial need through other factors such as a history of prior household income, income loss caused by entering the advanced degree program, level of student debt at application and annually thereafter, or other factors determined by the program.

(b) To remain eligible for scholarship funds under the opportunity scholarship program the student must meet satisfactory academic progress toward completion of an eligible program as determined by the office of student financial assistance in the Washington college grant program under chapter 28B.92 RCW.

(9) "Gift aid" means financial aid received from the federal Pell grant, the Washington college grant program in chapter 28B.92 RCW, the college bound scholarship program in chapter 28B.118 RCW, the opportunity grant program in chapter 28B.50 RCW, or any other state grant, scholarship, or worker retraining program that provides funds for educational purposes with no obligation of repayment. "Gift aid" does not include student loans, work-study programs, the basic food employment and training program administered by the department of social and health services, or other employment assistance programs that provide job readiness opportunities and support beyond the costs of tuition, books, and fees.

(10) "High employer demand program of study" has the same meaning as provided in RCW 28B.50.030.

(11) "Participant" means an eligible student who has received a scholarship under the opportunity scholarship program.

(12) "Private sources," "private funds," "private contributions," or "private sector contributions" means donations from private organizations, corporations, federally recognized Indian tribes, municipalities, counties, and other sources, but excludes state dollars.

(13) "Professional-technical certificate" means a program as approved

by the state board for community and technical colleges under RCW 28B.50.090(7)(c), that is offered by an institution of higher education or an eligible registered apprenticeship program under chapter 28B.92 RCW.

(14) "Professional-technical degree" means a program as approved by the state board for community and technical colleges under RCW 28B.50.090(7)(c), that is offered by an institution of higher education or an eligible registered apprenticeship program under chapter 28B.92 RCW.

(15) "Program administrator" means a private nonprofit corporation registered under Title 24 RCW and qualified as a tax-exempt entity under section 501(c)(3) of the federal internal revenue code.

(16) "Resident student" (~~(has the same meaning as provided in RCW 28B.15.012)~~) means a student meeting the requirements under RCW 28B.92.200(5)(c) as defined in the Washington college grant program.

(17) "Rural jobs program" means the rural county high employer demand jobs program created in this chapter.

Sec. 2. RCW 28B.145.030 and 2021 c 170 s 5 are each amended to read as follows:

(1) The program administrator shall provide administrative support to execute the duties and responsibilities provided in this chapter, including but not limited to publicizing the program, selecting participants for the opportunity scholarship award, distributing opportunity scholarship awards, and achieving the maximum possible rate of return on investment of the accounts in subsection (2) of this section, while ensuring transparency in the investment decisions and processes. Duties, exercised jointly with the board, include soliciting funds and setting annual fund-raising goals. The program administrator shall be paid an administrative fee as determined by the board.

(2) With respect to the opportunity scholarship program, the program administrator shall:

(a) Establish and manage the specified accounts created in (b) of this subsection, into which to receive grants and contributions from private sources as well as state matching funds, and from

which to disburse scholarship funds to participants;

(b) Solicit and accept grants and contributions from private sources, via direct payment, pledge agreement, or escrow account, of private sources for deposit into any of the specified accounts created in this subsection (2)(b) upon the direction of the donor and in accordance with this subsection (2)(b):

(i) The "scholarship account," whose principal may be invaded, and from which scholarships must be disbursed for baccalaureate programs beginning no later than December 1, 2011, if, by that date, state matching funds in the amount of five million dollars or more have been received. Thereafter, scholarships shall be disbursed on an annual basis beginning no later than May 1, 2012, and every October 1st thereafter;

(ii) The "student support pathways account," whose principal may be invaded, and from which scholarships may be disbursed for professional-technical certificate or degree programs in the fiscal year following appropriations of state matching funds. Thereafter, scholarships shall be disbursed on an annual basis;

(iii) The "advanced degrees pathways account," whose principal may be invaded, and from which scholarships may be disbursed for eligible advanced degree programs in the fiscal year following appropriations of state matching funds. Thereafter, scholarships shall be disbursed on an annual basis;

(iv) The "endowment account," from which scholarship moneys may be disbursed for baccalaureate programs from earnings only in years when:

(A) The state match has been made into both the scholarship and the endowment account; and

(B) The state appropriations for the Washington college grant program under chapter 28B.92 RCW meet or exceed state appropriations for the state need grant made in the 2011-2013 biennium, adjusted for inflation, and eligibility for Washington college grant recipients is at least seventy percent of state median family income;

(v) An amount equal to at least fifty percent of all grants and contributions must be deposited into the scholarship

account until such time as twenty million dollars have been deposited into the scholarship account, after which time the private donors may designate whether their contributions must be deposited to the scholarship account, the student support pathways account, the advanced degrees pathways account, or the endowment account. The board and the program administrator must work to maximize private sector contributions to these accounts to maintain a robust scholarship program while simultaneously building the endowment, and to determine the division between the accounts in the case of undesignated grants and contributions, taking into account the need for a long-term funding mechanism and the short-term needs of families and students in Washington. The first five million dollars in state match, as provided in RCW 28B.145.040, shall be deposited into the scholarship account and thereafter the state match shall be deposited into the specified accounts created in this subsection (2)(b) in equal proportion to the private funds deposited in each account, except that no more than \$5,000,000 in state match shall be deposited into the advanced degrees pathways account in a single fiscal biennium; and

(vi) Once moneys in the opportunity scholarship match transfer account are subject to an agreement under RCW 28B.145.050(5) and are deposited in the scholarship account, the student support pathways account, the advanced degrees pathways account, or the endowment account under this section, the state acts in a fiduciary rather than ownership capacity with regard to those assets. Assets in the scholarship account, the student support pathways account, the advanced degrees pathways account, and the endowment account are not considered state money, common cash, or revenue to the state;

(c) Provide proof of receipt of grants and contributions from private sources to the council, identifying the amounts received by name of private source and date, and whether the amounts received were deposited into the scholarship account, the student support pathways account, the advanced degrees pathways account, or the endowment account;

(d) In consultation with the council and the state board for community and technical colleges, make an assessment of the reasonable annual eligible expenses

associated with eligible education programs and eligible advanced degree programs identified by the board;

(e) Determine the dollar difference between tuition fees charged by institutions of higher education in the 2008-09 academic year and the academic year for which an opportunity scholarship is being distributed;

(f) Develop and implement an application, selection, and notification process for awarding opportunity scholarships;

(g) Ensure that if the private source is from a federally recognized Indian tribe, municipality, or county, an amount at least equal to the value of the private source plus the state match is awarded to participants within that federally recognized Indian tribe, municipality, or county according to the federally recognized Indian tribe's, municipality's, or county's program rules;

(h) Determine the annual amount of the opportunity scholarship for each selected participant. The annual amount shall be at least one thousand dollars or the amount determined under (e) of this subsection, but may be increased on an income-based, sliding scale basis up to the amount necessary to cover all reasonable annual eligible expenses as assessed pursuant to (d) of this subsection, or to encourage participation in professional-technical certificate programs, professional-technical degree programs, baccalaureate degree programs, or eligible advanced degree programs identified by the board;

(i) Distribute scholarship funds to selected participants. Once awarded, and to the extent funds are available for distribution, an opportunity scholarship shall be automatically renewed as long as the participant annually submits documentation of filing both a free application for federal student aid (FAFSA) and for available federal education tax credits including, but not limited to, the American opportunity tax credit, or if ineligible to apply for federal student aid, the participant annually submits documentation of filing a state financial aid application as approved by the office of student financial assistance; and until the participant withdraws from or is no longer attending the program, completes the program, or has ~~((taken the credit or~~

~~clock hour equivalent of one hundred twenty five percent of the published length of time of the participant's program, whichever occurs first))~~ extended beyond five years or 125 percent of the published program length of the program in which the student is enrolled or the credit or clock-hour equivalent as defined in the Washington college grant program;

(j) Notify institutions of scholarship recipients who will attend their institutions and inform them of the terms of the students' eligibility; and

(k) For participants enrolled in an eligible advanced degree program, document each participant's employment following graduation.

(3) With respect to the opportunity expansion program, the program administrator shall:

(a) Assist the board in developing and implementing an application, selection, and notification process for making opportunity expansion awards; and

(b) Solicit and accept grants and contributions from private sources for opportunity expansion awards.

Sec. 3. RCW 28B.145.100 and 2021 c 133 s 3 are each amended to read as follows:

(1)(a) The rural county high employer demand jobs program is created to meet the workforce needs of business and industry in rural counties by assisting students in earning certificates, associate degrees, or other industry-recognized credentials necessary for employment in high employer demand fields.

(b) Subject to the requirements of this section, the rural jobs program provides selected students scholarship funds and support services, as determined by the board, to help students meet their eligible expenses when they enroll in a community or technical college program that prepares them for high employer demand fields.

(c) The source of funds for the rural jobs program shall be a combination of private donations, grants, and contributions and state matching funds.

(d) The state match must be based on donations and pledges received as of the date each official state caseload forecast is submitted by the caseload

forecast council to the legislative fiscal committees as provided under RCW 43.88C.020. The purpose of this subsection (1)(d) is to ensure the predictable treatment of the program in the budget process by clarifying the calculation process of the state match required by this section and to ensure the program is budgeted at maintenance level.

(2) The program administrator has the duties and responsibilities provided under this section, including but not limited to:

(a) Publicize the rural jobs program and conducting outreach to eligible counties;

(b) In consultation with the state board for community and technical colleges, any interested community or technical college located in an eligible county, and the county's workforce development council, identify high employer demand fields within the eligible counties. When identifying high employer demand fields, the board must consider:

(i) County-specific employer demand reports issued by the employment security department or the list of statewide high-demand programs for secondary career and technical education established under RCW 28A.700.020; and

(ii) The ability and capacity of the community and technical college to meet the needs of qualifying students and industry in the eligible county;

(c) Develop and implement an application, selection, and notification process for awarding rural jobs program scholarship funds. In making determinations on scholarship recipients, the board shall use county-specific employer high-demand data;

(d) Determine the annual scholarship fund amounts to be awarded to selected students;

(e) Distribute funds to selected students;

(f) Notify institutions of higher education of the rural jobs program recipients who will attend their institutions of higher education and inform them of the scholarship fund amounts and terms of the awards; and

(g) Establish and manage an account as provided under RCW 28B.145.110 to receive

donations, grants, contributions from private sources, and state matching funds, and from which to disburse scholarship funds to selected students.

(3) To be eligible for scholarship funds under the rural jobs program, a student must:

(a) Either:

(i) Be a resident of an eligible county ~~((and be enrolled in a community or technical college established under chapter 28B.50 RCW; or))~~;

(ii) Have attended and graduated from a school in an eligible school district ~~((and be))~~; or

(iii) Be enrolled in either a community or technical college established under chapter 28B.50 RCW ~~((that is))~~ located in an eligible county or participating in an eligible registered apprenticeship program under chapter 28B.92 RCW in an eligible county;

(b) Be a resident student as defined ~~((in RCW 28B.15.012;~~

~~(e))~~ in the Washington college grant program in RCW 28B.92.200(5)(c);

(c) Be in a certificate, degree, or other industry-recognized credential or training program that has been identified by the board as a program that prepares students for a high employer demand field;

(d) Have a family income that does not exceed seventy percent of the state median family income adjusted for family size; and

(e) Demonstrate financial need according to the free application for federal student aid or the Washington application for state financial aid.

(4) To remain eligible for scholarship funds under the rural jobs program, the student must ~~((maintain a cumulative grade point average of 2.0))~~ meet satisfactory academic progress toward completion of an eligible program as established by the program. Rural jobs program eligibility may not extend beyond five years or 125 percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(5) A scholarship award under the rural jobs program may not result in a reduction of any gift aid. Nothing in

this section creates any right or entitlement."

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "and amending RCW 28B.145.010, 28B.145.030, and 28B.145.100."

and the same is herewith transmitted.

HOUSE BILL NO. 1805, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1815 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that rates of catalytic converter theft have rapidly increased statewide and nationwide, due in part to existing challenges with accurately identifying stolen catalytic converters. The legislature further finds that victims of catalytic converter theft often incur costs that far exceed the monetary value of the catalytic converters themselves. The legislature further finds that catalytic converter theft is a multifaceted issue that requires collaborative effort between law enforcement agencies, insurance companies, scrap metal dealers, and other involved parties to identify comprehensive solutions.

Therefore, the legislature intends to carefully examine the catalytic converter theft issues in Washington state and conduct a study to make a variety of recommendations to the legislature, including recommendations for a potential pilot program, to reduce the occurrence of catalytic converter theft. The legislature further intends to provide funding for a grant program focused on metal theft and unlawfully obtained metal.

NEW SECTION. **Sec. 2.** (1) The Washington State University shall convene a catalytic converter theft work group to study and provide options and recommendations related to reducing catalytic converter theft in Washington state.

(2) The work group shall consist of, but is not limited to, members representing the following:

(a) One member representing the Washington state patrol;

(b) One member representing the Washington association of sheriffs and police chiefs;

(c) One member representing the Washington association of prosecuting attorneys;

(d) One member representing the office of public defense;

(e) One member representing the superior court judges' association;

(f) One member representing the district and municipal court judges' association;

(g) One member representing the association of Washington cities;

(h) One member representing the office of the attorney general;

(i) One member representing the property and casualty insurance industry;

(j) One member representing the scrap metal recycling industry;

(k) One member representing the auto dealer industry;

(l) One member representing the auto manufacturer industry;

(m) One member representing the catalytic converter manufacturer industry;

(n) One member representing the towing and recovery association of Washington;

(o) One member representing the Washington state independent auto dealers association;

(p) One member representing the Washington independent business association;

(q) One member representing the Washington organized retail crime association; and

(r) Two members representing individuals with lived experience being charged with, or convicted of, organized theft.

(3) The work group's study shall include, but is not limited to, the following:

(a) A review of state laws related to catalytic converter theft;

(b) A review of national efforts to address catalytic converter theft to determine whether there are best practices from other jurisdictions on how to effectively deter and end catalytic converter theft;

(c) Data collection and analysis of catalytic converter theft incidents across the state;

(d) Options to deter and end catalytic converter theft, including marking of catalytic converters;

(e) Options and opportunities to reduce costs to victims of catalytic converter theft; and

(f) A review of the effectiveness of the grant and training program created under RCW 36.28A.240.

(4) The work group's recommendations shall include, but are not limited to, the following:

(a) Changes to state law to reduce catalytic converter theft;

(b) A potential pilot program that could be implemented to decrease catalytic converter theft, including by prioritizing communities with the highest incidence of catalytic converter theft or communities experiencing the most financial impact due to catalytic converter theft; and

(c) Cost estimates for the pilot program and recommendations on evaluation criteria and metrics to determine the efficacy and benefits of the pilot program.

(5) The work group shall provide a preliminary report and recommendations to the transportation and public safety committees of the legislature by November 1, 2022. The work group shall provide a final report and recommendations, including recommendations on a potential pilot program, to the transportation and public safety committees of the legislature by January 1, 2023.

Sec. 3. RCW 19.290.020 and 2013 c 322 s 5 are each amended to read as follows:

(1) At the time of a transaction, every scrap metal business doing business in this state shall produce wherever that business is conducted an accurate and legible record of each transaction involving private metal property or nonferrous metal property. This record must be written in the English language, documented on a standardized form or in electronic form, and contain the following information:

(a) The signature of the person with whom the transaction is made;

(b) The time, date, location, and value of the transaction;

(c) The name of the employee representing the scrap metal business in the transaction;

(d) The name, street address, and telephone number of the person with whom the transaction is made;

(e) The license plate number and state of issuance of the license plate on the motor vehicle used to deliver the private metal property or nonferrous metal property subject to the transaction;

(f) A description of the motor vehicle used to deliver the private metal property or nonferrous metal property subject to the transaction;

(g) The current driver's license number or other government-issued picture identification card number of the seller or a copy of the seller's government-issued picture identification card; ~~((and))~~

(h) A description of the predominant types of private metal property or nonferrous metal property subject to the transaction, utilizing the institute of scrap recycling industries' generally accepted terminology, and including weight, quantity, or volume; and

(i) For every transaction specifically involving a catalytic converter that has been removed from a vehicle, documentation indicating that the private metal property in the seller's possession is the result of the seller replacing private metal property from a vehicle registered in the seller's name.

(2) For every transaction that involves private metal property or nonferrous metal property, every scrap metal business doing business in the state shall require the person with whom a transaction is being made to sign a declaration. The declaration may be included as part of the transactional record required under subsection (1) of this section, or on a receipt for the transaction. The declaration must state substantially the following:

"I, the undersigned, affirm under penalty of law that the property that is subject to this transaction is not to the best of my knowledge stolen property."

The declaration must be signed and dated by the person with whom the transaction is being made. An employee of the scrap metal business must witness the signing and dating of the declaration and

sign the declaration accordingly before any transaction may be consummated.

(3) The record and declaration required under this section must be open to the inspection of any commissioned law enforcement officer of the state or any of its political subdivisions at all times during the ordinary hours of business, or at reasonable times if ordinary hours of business are not kept, and must be maintained wherever that business is conducted for five years following the date of the transaction.

Sec. 4. RCW 19.290.030 and 2013 c 322 s 6 are each amended to read as follows:

(1) No scrap metal business may enter into a transaction to purchase or receive private metal property or nonferrous metal property from any person who cannot produce at least one piece of current government-issued picture identification, including a valid driver's license or identification card issued by any state.

(2) No scrap metal business may purchase or receive private metal property or commercial metal property unless the seller: (a) Has a commercial account with the scrap metal business; (b) can prove ownership of the property by producing written documentation that the seller is the owner of the property; or (c) can produce written documentation that the seller is an employee or agent authorized to sell the property on behalf of a commercial enterprise.

(3) No scrap metal business may enter into a transaction to purchase or receive metallic wire that was burned in whole or in part to remove insulation unless the seller can produce written proof to the scrap metal business that the wire was lawfully burned.

(4)(a) No transaction involving private metal property or nonferrous metal property may be made in cash or with any person who does not provide a street address and photographic identification under the requirements of RCW 19.290.020(1) (d) and (g) except as described in (b) and (c) of this subsection. The person with whom the transaction is being made may only be paid by a nontransferable check, mailed by the scrap metal business to a street address provided under RCW 19.290.020, no earlier than three days after the transaction was made. A transaction occurs on the date provided in the record required under RCW 19.290.020.

(b) A scrap metal business that is in compliance with this chapter (~~((that))~~) may pay up to a maximum of \$30 in cash, stored value device, or electronic funds transfer for nonferrous metal property. The balance of the value of the transaction may be made by nontransferable check, stored value device, or electronic funds transfer at the time the transaction is made if the scrap metal business digitally captures:

(i) A copy of one piece of current government-issued picture identification, including a current driver's license or identification card issued by any state; and

(ii) (~~((either))~~) Either a picture or video of either the material subject to the transaction in the form received or the material subject to the transaction within the vehicle which the material was transported to the scrap metal business(~~(, may pay up to a maximum of thirty dollars in cash, stored value device, or electronic funds transfer. The balance of the value of the transaction may be made by nontransferable check, stored value device, or electronic funds transfer at the time the transaction is made. A scrap metal business's usage of video surveillance shall be sufficient to comply with this subsection (4)(b)(ii) as long as the video captures the material subject to the transaction. A digital image or picture taken under this subsection must be available for two years from the date of transaction, while a video recording must be available for thirty days)~~).

(c) Payment to individual sellers of private metal property as defined in this chapter may not be made at the time of the transaction and shall not be paid earlier than three business days after the transaction was made. Records of payment for private metal property as defined in this chapter must be kept in the same file or record as all records collected under this subsection and retained and be available for review for two years from the date of the transaction.

(5)(a) A scrap metal business's usage of video surveillance shall be sufficient to comply with subsection (4)(b)(ii) of this section so long as the video captures the material subject to the transaction.

(b) A digital image or picture taken under this section must be available for

two years from the date of transaction, while a video recording must be available for 30 days.

(6) No scrap metal business may purchase or receive beer kegs from anyone except a manufacturer of beer kegs or licensed brewery.

Sec. 5. RCW 19.290.070 and 2013 c 322 s 10 are each amended to read as follows:

(1) It is a gross misdemeanor under chapter 9A.20 RCW for:

((1)) (a) Any person to deliberately remove, alter, or obliterate any manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon an item of private metal property, nonferrous metal property, or commercial metal property in order to deceive a scrap metal business;

((2)) (b) Any scrap metal business to enter into a transaction to purchase or receive any private metal property, nonferrous metal property, or commercial metal property where the manufacturer's make, model, or serial number, personal identification number, or identifying marks engraved or etched upon the property have been deliberately and conspicuously removed, altered, or obliterated;

((3)) (c) Any person to knowingly make, cause, or allow to be made any false entry or misstatement of any material matter in any book, record, or writing required to be kept under this chapter;

((4)) (d) Any scrap metal business to enter into a transaction to purchase or receive private metal property, nonferrous metal property, or commercial metal property from any person under the age of ((eighteen)) 18 years or any person who is discernibly under the influence of intoxicating liquor or drugs;

((5)) (e) Any scrap metal business to enter into a transaction to purchase or receive private metal property, nonferrous metal property, or commercial metal property with anyone whom the scrap metal business has been informed by a law enforcement agency to have been convicted of a crime involving drugs, burglary, robbery, theft, or possession of or receiving stolen property, manufacturing, delivering, or possessing with intent to deliver methamphetamine,

or possession of ephedrine or any of its salts or isomers or salts of isomers, pseudoephedrine or any of its salts or isomers or salts of isomers, or anhydrous ammonia with intent to manufacture methamphetamine within the past four years whether the person is acting in his or her own behalf or as the agent of another;

((6)) (f) Any person to sign the declaration required under RCW 19.290.020 knowing that the private metal property or nonferrous metal property subject to the transaction is stolen. The signature of a person on the declaration required under RCW 19.290.020 constitutes evidence of intent to defraud a scrap metal business if that person is found to have known that the private metal property or nonferrous metal property subject to the transaction was stolen;

((7)) (g) Any scrap metal business to possess private metal property or commercial metal property that was not lawfully purchased or received under the requirements of this chapter;

((8)) (h) Any scrap metal business to engage in a series of transactions valued at less than ((thirty dollars)) \$30 with the same seller for the purposes of avoiding the requirements of RCW 19.290.030(4); or

((9)) (i) Any person to knowingly make a false or fictitious oral or written statement or to furnish or exhibit any false, fictitious, or misrepresented identification, with the intent to deceive a scrap metal business as to the actual seller of the scrap metal.

(2) Notwithstanding any fines imposed as part of the sentence under this section, each offense is punishable by a \$1,000 fine per catalytic converter, 10 percent of which shall be directed to the no-buy list database program in RCW 43.43.885, and the remainder shall be directed to the Washington association of sheriffs and police chiefs solely for grants issued under RCW 36.28A.240.

(3)(a) Facilitating the offer of used catalytic converters for sale without first verifying proof of ownership of the catalytic converter, or failing to retain verified records of ownership of used catalytic converters offered for sale for at least two years, is an unfair or deceptive act or practice or unfair method of competition in the conduct of

trade or commerce for purposes of the consumer protection act, chapter 19.86 RCW.

(b) All damages awarded to the state of Washington under chapter 19.86 RCW shall be distributed as follows:

(i) Ninety percent to the grant and training program in RCW 36.28A.240; and

(ii) Ten percent to the no-buy list database program in RCW 43.43.885.

NEW SECTION. Sec. 6. A new section is added to chapter 46.80 RCW to read as follows:

Payment to individual sellers of private metal property as defined in RCW 19.290.010 may not be made at the time of the transaction and shall not be paid earlier than three business days after the transaction was made.

No transaction involving catalytic converters may be made in cash or with any person who does not provide a street address and photographic identification. The person with whom the transaction is being made may only be paid by a nontransferable check, mailed by the licensed auto wrecker to a street address recorded according to RCW 46.80.080, no earlier than three days after the transaction was made. A transaction occurs on the date provided in the record required under RCW 46.80.080.

Sec. 7. RCW 46.80.080 and 1999 c 278 s 2 are each amended to read as follows:

(1) Every vehicle wrecker shall maintain books or files in which the wrecker shall keep a record and a description of:

(a) Every vehicle wrecked, dismantled, disassembled, or substantially altered by the wrecker; and

(b) Every major component part, including catalytic converters, acquired by the wrecker; together with a bill of sale signed by a seller whose identity has been verified and the name and address of the person, firm, or corporation from whom the wrecker purchased the vehicle or part. Major component parts other than cores shall be further identified by the vehicle identification number of the vehicle from which the part came.

(2) The record shall also contain the following data regarding the wrecked or acquired vehicle or vehicle that is the source of a major component part,

including catalytic converters, other than a core:

(a) The certificate of title number (if previously titled in this or any other state);

(b) Name of state where last registered;

(c) Number of the last license number plate issued;

(d) Name of vehicle;

(e) Motor or identification number and serial number of the vehicle;

(f) Date purchased;

(g) Disposition of the motor and chassis;

(h) Yard number assigned by the licensee to the vehicle or major component part, which shall also appear on the identified vehicle or part; and

(i) Such other information as the department may require.

(3) The records shall also contain a bill of sale signed by the seller for other minor component parts, including catalytic converters, acquired by the licensee, identifying the seller by name, address, and date of sale.

(4) The records shall be maintained by the licensee at his or her established place of business for a period of three years from the date of acquisition.

(5) The record is subject to inspection at all times during regular business hours by members of the police department, sheriff's office, members of the Washington state patrol, or officers or employees of the department.

(6) A vehicle wrecker shall also maintain a similar record of all disabled vehicles that have been towed or transported to the vehicle wrecker's place of business or to other places designated by the owner of the vehicle or his or her representative. This record shall specify the name and description of the vehicle, name of owner, number of license plate, condition of the vehicle and place to which it was towed or transported.

(7) Failure to comply with this section is a gross misdemeanor.

Sec. 8. RCW 36.28A.240 and 2013 c 322 s 24 are each amended to read as follows:

~~(1) ((When funded))~~ To the extent funds are appropriated, the Washington association of sheriffs and police chiefs shall ~~((establish))~~ develop a comprehensive state law enforcement strategy targeting metal theft in consultation with the criminal justice training commission, including:

(a) Development of best practices for targeting illegal purchasers and sellers involved in metal theft, with specific enforcement focus on catalytic converter theft;

(b) Strategies for development and maintenance of relationships between local law enforcement agencies and licensed scrap metal recyclers, including recommendations for scheduled or regular interactions, with a focus on deterring unlawful purchases and identifying individuals suspected of involvement in unlawful metal theft and individuals who attempt to conduct a transaction while under the influence of controlled substances; and

(c) Establishment of a grant and training program to assist local law enforcement agencies in the support of special enforcement ~~((emphasis))~~ targeting metal theft. Grant applications shall be reviewed ~~((and awarded through peer review panels))~~ by the Washington association of sheriffs and police chiefs in consultation with other appropriate entities, such as those involved in enforcement against metal theft. Grant applicants with a demonstrated increase in metal theft over the previous 24 months are encouraged to ~~((utilize multijurisdictional efforts))~~ focus solely on metal theft and unlawful purchasing and selling of unlawfully obtained metal in their jurisdiction, but may coordinate with other jurisdictions.

(2) Each grant applicant shall:

(a) Show a significant metal theft problem in the jurisdiction or jurisdictions receiving the grant;

~~(b) ((Verify that grant awards are sufficient to cover increased investigation, prosecution, and jail costs;~~

~~(c) Design))~~ Propose an enforcement program that best suits the specific metal theft problem in the jurisdiction ~~((or jurisdictions receiving the grant)), including the number of enforcement stings to be conducted under the program;~~

~~((d))~~ (c) Demonstrate community coordination focusing on prevention, intervention, and suppression; and

~~((e))~~ (d) Collect data on performance, including the number of enforcement stings to be conducted.

~~(3) ((The cost of administering the grants shall not exceed sixty thousand dollars, or three percent of appropriated funding, whichever is greater.~~

~~(4))~~ Grant awards may not be used to supplant preexisting funding sources for special enforcement targeting metal theft.

Sec. 9. RCW 43.43.885 and 2013 c 322 s 31 are each amended to read as follows:

(1) Beginning on July 1, 2014, ~~((when funded))~~ to the extent funds are appropriated, the Washington association of sheriffs and police chiefs shall implement and operate an ongoing electronic statewide no-buy list database program.

(2) The database must be made available on a secured network or website.

(3) The no-buy list database program shall allow for any scrap metal business to enter a customer's name and date of birth into the database. The database must determine if the customer pursuing the transaction with the scrap metal business has been convicted in Washington of any crime involving burglary, robbery, theft, or possession of or receiving stolen property within the past four years.

(4) If the customer has been convicted of any crime involving burglary, robbery, theft, or possession of or receiving stolen property within the past four years despite whether the person was acting in his or her own behalf or as the agent of another then, at a minimum, the no-buy list database program must immediately send an alert to the scrap metal business stating: (a) That the customer is listed on a current no-buy list, (b) the four-year expiration period for the customer's most recent crime listed, and (c) a notification that entering into a transaction with the customer is prohibited under RCW 19.290.070 (as recodified by this act).

(5) The database shall also include individuals who have attempted to purchase or sell unlawfully obtained metals at licensed scrap metal recyclers

and individuals who attempt to conduct a transaction while under the influence of controlled substances.

(6) Local jurisdictions applying for grants under RCW 36.28A.240 must provide updates to the no-buy list database annually and 120 days after a grant is distributed.

NEW SECTION. Sec. 10. RCW 19.290.070 is recodified as a section in chapter 9A.56 RCW.

NEW SECTION. Sec. 11. Section 4 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 1, 2022.

NEW SECTION. Sec. 12. Except for sections 4 through 7 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 13. Sections 5 through 7 of this act take effect July 1, 2022."

On page 1, line 1 of the title, after "theft;" strike the remainder of the title and insert "amending RCW 19.290.020, 19.290.030, 19.290.070, 46.80.080, 36.28A.240, and 43.43.885; adding a new section to chapter 46.80 RCW; adding a new section to chapter 9A.56 RCW; creating new sections; recodifying RCW 19.290.070; prescribing penalties; providing effective dates; and declaring an emergency."

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1835 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that, in 2020, Washington ranked 49th nationally for completion of the free application for federal student aid among high school seniors. The free application for federal student aid is the form that prospective and current postsecondary education students use to receive federal and state financial aid, such as the federal Pell grant, the Washington college grant, the college bound scholarship, the opportunity scholarship, federal student loans, and many other financial resources for college. For students who cannot file a free application for federal student aid, the state has an alternative financial

aid application called the Washington application for state financial aid. The free application for federal student aid is a strong indicator for college enrollment. Ninety-two percent of high school seniors who completed the free application for federal student aid enrolled in a postsecondary institution by the November following graduation versus 51 percent of students who did not complete a free application for federal student aid. In addition, the legislature recognizes that the pandemic has exacerbated equity gaps in college access as colleges and universities are experiencing decreases in enrollments among low-income students, despite having one of the largest and most generous need-based financial aid programs in the country. The legislature recognizes that the Washington college grant program established in chapter 28B.92 RCW, which education trust called "the most equity-focused free college program in the country" is a critical tool to address these equity gaps and help students enter college and apprenticeships. Therefore, it is the legislature's intent to establish an outreach initiative for the Washington college grant and an outreach and completion initiative for the free application for federal student aid and Washington application for state financial aid to help students succeed.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28B.77 RCW to read as follows:

Subject to availability of amounts appropriated for this specific purpose, the student achievement council shall conduct a statewide marketing campaign to increase awareness of the Washington college grant program established in chapter 28B.92 RCW. The student achievement council shall issue a request for proposal for hiring a marketing firm that will produce high quality advertisements to promote the state's largest financial aid program. Advertisements should be marketed towards potential postsecondary students and their parents with the goal of increasing awareness of the Washington college grant program to further the state's educational attainment goals. The advertisements may include television commercials, billboards, advertisements on public transit, paid internet search advertisements, and social media marketing.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28B.50 RCW to read as follows:

Subject to availability of amounts appropriated for this specific purpose, the college board shall administer a free application for federal student aid and Washington application for state financial aid outreach and completion initiative pilot program.

(1) The college board shall select community or technical colleges to participate in the pilot program. The colleges selected to participate must each be located within educational service districts that are in the bottom two for free application for federal student aid completion rates when combining their respective school districts' free application for federal student aid completion rates over the past three completed academic years prior to the effective date of this section. Colleges selected to participate shall employ outreach specialists to work directly with the high schools located in the corresponding educational service district. It is the legislature's intent that the outreach specialists be employed at a ratio of one to 600 high school seniors within the corresponding educational service district. The outreach specialists shall make significant contact with high school students and their families for the purpose of increasing free application for federal student aid and Washington application for state financial aid completion rates. The outreach specialists shall use the free application for federal student aid and Washington application for state financial aid data maintained by the student achievement council to conduct targeted outreach and free application for federal student aid and Washington application for state financial aid completion assistance to high school seniors. The outreach specialists shall also provide information on how to access private scholarships. The outreach specialists shall conduct other outreach as appropriate, including virtual or in-person presentations with students and families, announcements on school intercoms and social media channels, outreach to recent high school graduates as peer messengers, and events at school college or career fairs.

(2) The college board shall report annually to the appropriate committees of

the legislature in accordance with RCW 43.01.036 beginning December 1, 2023, on the free application for federal student aid and Washington application for state financial aid outreach and completion initiative pilot program. The report must include details on how the colleges selected used the funding and how the initiatives worked to increase free application for federal student aid and Washington application for state financial aid completion rates. The report must also include before and after free application for federal student aid and Washington application for state financial aid completion data and specific details about the number of high school students assisted in completing the free application for federal student aid and Washington application for state financial aid.

NEW SECTION. Sec. 4. (1) Subject to availability of amounts appropriated for this specific purpose, the state library shall administer a grant pilot program with the purpose of increasing free application for federal student aid and Washington application for state financial aid completion rates.

(2) The state library shall administer grants to local public libraries located within educational service districts that are in the bottom two for free application for federal student aid completion rates when combining their respective school districts' free application for federal student aid completion rates over the past three completed academic years prior to the effective date of this section. The state library shall, as a condition of the grant pilot program, require local public libraries to partner with community-based organizations including, where appropriate, organizations with proven track records of working with historically underrepresented populations, to increase free application for federal student aid and Washington application for state financial aid completion. The organization or organizations selected shall:

(a) Be embedded in their respective community and have a strong foundation of trust among members of the community; and

(b) Be committed to working directly with individual members of their community to assist with one-on-one free application for federal student aid and Washington application for state

financial aid completion and to provide information on how to access private scholarships.

(3) The state library shall report annually to the appropriate committees of the legislature in accordance with RCW 43.01.036 beginning December 1, 2023, on the progress of the library outreach pilot project to boost free application for federal student aid and Washington application for state financial aid completion rates. The report must include the specific number of students that were assisted through the grant pilot program.

Sec. 5. RCW 28B.92.200 and 2019 c 406 s 19 are each amended to read as follows:

(1) The Washington college grant program is created to provide a statewide free college program for eligible participants and greater access to postsecondary education for Washington residents. The Washington college grant program is intended to increase the number of high school graduates and adults that can attain a postsecondary credential and provide them with the qualifications needed to compete for job opportunities in Washington.

(2) The office shall implement and administer the Washington college grant program and is authorized to establish rules necessary for implementation of the program.

(3) The legislature shall appropriate funding for the Washington college grant program. Allocations must be made on the basis of estimated eligible participants enrolled in eligible institutions of higher education or apprenticeship programs. All eligible students are entitled to a Washington college grant beginning in academic year 2020-21.

(4) The office shall award Washington college grants to all eligible students beginning in academic year 2020-21.

(5) To be eligible for the Washington college grant, students must meet the following requirements:

(a) (i) Demonstrate financial need under RCW 28B.92.205;

(ii) Receive one of the following types of public assistance:

(A) Aged, blind, or disabled assistance benefits under chapter 74.62 RCW;

(B) Essential needs and housing support program benefits under RCW 43.185C.220; or

(C) Pregnant women assistance program financial grants under RCW 74.62.030; or

(iii) Be a Washington high school student in the 10th, 11th, or 12th grade whose parent or legal guardian is receiving one of the types of public assistance listed in (a)(ii) of this subsection and have received a certificate confirming eligibility from the office in accordance with section 6 of this act;

(b)(i) Be enrolled or accepted for enrollment for at least three quarter credits or the equivalent semester credits at an institution of higher education in Washington as defined in RCW 28B.92.030; or

(ii) Be enrolled in a registered apprenticeship program approved under chapter 49.04 RCW;

(c) Be a resident student as defined in RCW 28B.15.012(2) (a) through (e);

(d) File an annual application for financial aid as approved by the office; and

(e) Must not have earned a baccalaureate degree or higher from a postsecondary institution.

(6) Washington college grant eligibility may not extend beyond five years or one hundred twenty-five percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent.

(7) Institutional aid administrators shall determine whether a student eligible for the Washington college grant in a given academic year may remain eligible for the ensuing year if the student's family income increases by no more than three percent.

(8) Qualifications for receipt and renewal include maintaining satisfactory academic progress toward completion of an eligible program as determined by the office and established in rule.

(9) Should a recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution of higher education according to the institution of higher education's policy

for issuing refunds, except as provided in RCW 28B.92.070.

(10) An eligible student enrolled on a part-time basis shall receive a prorated portion of the Washington college grant for any academic period in which he or she is enrolled on a part-time basis.

(11) The Washington college grant is intended to be used to meet the costs of postsecondary education for students with financial need. The student shall be awarded all need-based financial aid for which the student qualifies as determined by the institution.

(12) Students and participating institutions of higher education shall comply with all the rules adopted by the council for the administration of this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.92 RCW to read as follows:

(1) The office shall enter into a data-sharing agreement with the department of social and health services to facilitate the sharing of individual-level data. The department of social and health services shall send the office a list of all individuals receiving benefits under the public assistance programs listed under RCW 28B.92.200(5) on at least an annual basis. The office shall use the list to confirm students' eligibility for the Washington college grant program, without requiring the student to fill out a separate financial aid form. The office may also use the information to conduct outreach promoting the Washington college grant.

(2) For high school students in 10th, 11th, and 12th grades whose families are receiving benefits under one of the public assistance programs listed under RCW 28B.92.200(5), the office shall issue a certificate to the student that validates the student's financial need eligibility for the Washington college grant program. The certificate is good for one year after high school graduation and may be used upon enrollment in an eligible institution of higher education, provided the student meets the other Washington college grant eligibility requirements. The office shall track and maintain records of students who were issued certificates under this section in order to confirm a student's financial need eligibility with an institution of higher education. A student does not need to produce the

certificate to receive the Washington college grant.

NEW SECTION. Sec. 7. A new section is added to chapter 28B.92 RCW to read as follows:

The office shall collaborate with the department of social and health services to facilitate individual-level outreach to individuals receiving benefits under the public assistance programs listed under RCW 28B.92.200(5), temporary assistance for needy families under chapter 74.08 RCW, the state family assistance program provided for in rule, and the basic food program to inform these individuals of their eligibility for the Washington college grant program.

Sec. 8. RCW 74.04.060 and 2017 3rd sp.s. c 6 s 817 are each amended to read as follows:

(1)(a) For the protection of applicants and recipients, the department, the authority, and the county offices and their respective officers and employees are prohibited, except as hereinafter provided, from disclosing the contents of any records, files, papers and communications, except for purposes directly connected with the administration of the programs of this title. In any judicial proceeding, except such proceeding as is directly concerned with the administration of these programs, such records, files, papers and communications, and their contents, shall be deemed privileged communications and except for the right of any individual to inquire of the office whether a named individual is a recipient of welfare assistance and such person shall be entitled to an affirmative or negative answer.

(b) Unless prohibited by federal law, for the purpose of investigating and preventing child abuse and neglect and providing for the health care coordination and well-being of children in foster care, the department and the authority shall disclose to the department of children, youth, and families the following information: developmental disabilities administration client records; home and community services client records; long-term care facility or certified community residential supports records; health care information; child support information; food assistance information; and public assistance information. Disclosure under this

subsection (1)(b) is mandatory for the purposes of the federal health insurance portability and accountability act.

(c) Upon written request of a parent who has been awarded visitation rights in an action for divorce or separation or any parent with legal custody of the child, the department shall disclose to him or her the last known address and location of his or her natural or adopted children. The secretary shall adopt rules which establish procedures for disclosing the address of the children and providing, when appropriate, for prior notice to the custodian of the children. The notice shall state that a request for disclosure has been received and will be complied with by the department unless the department receives a copy of a court order which enjoins the disclosure of the information or restricts or limits the requesting party's right to contact or visit the other party or the child. Information supplied to a parent by the department shall be used only for purposes directly related to the enforcement of the visitation and custody provisions of the court order of separation or decree of divorce. No parent shall disclose such information to any other person except for the purpose of enforcing visitation provisions of the said order or decree.

(d) Unless prohibited by federal law, the department is permitted to release individual-level data of state-funded public assistance programs listed under RCW 28B.92.200 to the student achievement council under chapter 28B.77 RCW for the purposes of section 6 of this act.

(e) The department shall review methods to improve the protection and confidentiality of information for recipients of welfare assistance who have disclosed to the department that they are past or current victims of domestic violence or stalking.

(2) The county offices shall maintain monthly at their offices a report showing the names and addresses of all recipients in the county receiving public assistance under this title, together with the amount paid to each during the preceding month.

(3) The provisions of this section shall not apply to duly designated representatives of approved private welfare agencies, public officials, members of legislative interim committees and advisory committees when

performing duties directly connected with the administration of this title, such as regulation and investigation directly connected therewith: PROVIDED, HOWEVER, That any information so obtained by such persons or groups shall be treated with such degree of confidentiality as is required by the federal social security law.

(4) It shall be unlawful, except as provided in this section, for any person, body, association, firm, corporation or other agency to solicit, publish, disclose, receive, make use of, or to authorize, knowingly permit, participate in or acquiesce in the use of any lists or names for commercial or political purposes of any nature. The violation of this section shall be a gross misdemeanor.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2022, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "enrollment;" strike the remainder of the title and insert "amending RCW 28B.92.200 and 74.04.060; adding a new section to chapter 28B.77 RCW; adding a new section to chapter 28B.50 RCW; adding new sections to chapter 28B.92 RCW; and creating new sections."

SECOND SUBSTITUTE HOUSE BILL NO. 1835, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1860 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that social determinants of health, particularly housing, are highly correlated with long-term recovery from behavioral health conditions. Seeking inpatient treatment for a mental health or substance use challenge is an act of valor. Upon discharge from care, these individuals deserve a safe, stable place from which to launch their recovery. It is far easier and more cost-effective to help maintain a person's recovery after treatment than to discharge them into homelessness and begin the process anew amid another crisis. Sometimes, there may not be another chance.

(2) Therefore, it is the intent of the legislature to seize the incredible opportunity presented by a person seeking inpatient behavioral health care by ensuring that these courageous

individuals are discharged to appropriate housing.

Sec. 2. RCW 70.320.020 and 2021 c 267 s 2 are each amended to read as follows:

(1) The authority and the department shall base contract performance measures developed under RCW 70.320.030 on the following outcomes when contracting with service contracting entities: Improvements in client health status and wellness; increases in client participation in meaningful activities; reductions in client involvement with criminal justice systems; reductions in avoidable costs in hospitals, emergency rooms, crisis services, and jails and prisons; increases in stable housing in the community; improvements in client satisfaction with quality of life; and reductions in population-level health disparities.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under RCW 70.320.030, the authority and the department shall consider expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5)(a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data has been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

(6)(a) The performance measures coordinating committee must establish: (i) A performance measure to be integrated into the statewide common measure set which tracks effective integration practices of behavioral health services in primary care settings; ~~((and))~~ (ii) performance measures which track rates of criminal justice system involvement among ~~((public health system))~~ medical assistance clients with an identified behavioral health need including, but not limited to, rates of arrest and incarceration; and (iii) performance measures which track rates of homelessness and housing instability among medical assistance clients. The authority must set improvement targets related to these measures.

(b) The performance measures coordinating committee must report to the governor and appropriate committees of the legislature regarding the implementation of this subsection by July 1, 2022.

(c) For purposes of establishing performance measures as specified in (a)(ii) of this subsection, the performance measures coordinating committee shall convene a work group of

stakeholders including the authority, medicaid managed care organizations, the department of corrections, and others with expertise in criminal justice and behavioral health. The work group shall review current performance measures that have been adopted in other states or nationally to inform this effort.

(d) For purposes of establishing performance measures as specified in (a)(iii) of this subsection, the performance measures coordinating committee shall convene a work group of stakeholders including the authority, medicaid managed care organizations, and others with expertise in housing for low-income populations and with experience understanding the impacts of homelessness and housing instability on health. The work group shall review current performance measures that have been adopted in other states or nationally from organizations with experience in similar measures to inform this effort.

(7) The authority must report to the governor and appropriate committees of the legislature ~~((by))~~:

(a) By October 1, 2022, regarding options and recommendations for integrating value-based purchasing terms and a performance improvement project into managed health care contracts relating to the criminal justice outcomes specified under subsection (1) of this section;

(b) By July 1, 2024, regarding options and recommendations for integrating value-based purchasing terms and to integrate a collective performance improvement project into managed health care contracts related to increasing stable housing in the community outcomes specified under subsection (1) of this section. The authority shall review the performance measures and information from the work group established in subsection (6)(d) of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 71.24 RCW to read as follows:

By January 1, 2023, the authority shall require that any contract with a managed care organization include a requirement to provide housing-related care coordination services for enrollees who need such services upon being discharged from inpatient behavioral health settings as allowed by the centers for medicare and medicaid services.

NEW SECTION. Sec. 4. A new section is added to chapter 71.12 RCW to read as follows:

With respect to a person enrolled in medical assistance under chapter 74.09 RCW, a psychiatric hospital shall make every effort to:

(1) Inform the medicaid managed care organization in which the person is enrolled of the person's discharge or change in care plan on the following timelines:

(a) For an anticipated discharge, no later than 24 hours prior to the known discharge date; or

(b) For all other discharges, including if the person leaves against medical advice, no later than the date of discharge or departure from the facility; and

(2) Engage with medicaid managed care organizations in discharge planning, which includes informing and connecting patients to care management resources at the appropriate managed care organization.

NEW SECTION. Sec. 5. A new section is added to chapter 74.09 RCW to read as follows:

To improve health outcomes and address health inequities, the authority shall evaluate incentive approaches and recommend funding options to increase the collection of Z codes on individual medicaid claims, in accordance with standard billing guidance and regulations."

On page 1, line 2 of the title, after "settings;" strike the remainder of the title and insert "amending RCW 70.320.020; adding a new section to chapter 71.24 RCW; adding a new section to chapter 71.12 RCW; adding a new section to chapter 74.09 RCW; and creating a new section."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1860, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1901 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 7.105.010 and 2021 c 215 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abandonment" means action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the vulnerable adult without the

means or ability to obtain necessary food, clothing, shelter, or health care.

(2) "Abuse," for the purposes of a vulnerable adult protection order, means intentional, willful, or reckless action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. "Abuse" includes sexual abuse, mental abuse, physical abuse, personal exploitation, and improper use of restraint against a vulnerable adult, which have the following meanings:

(a) "Improper use of restraint" means the inappropriate use of chemical, physical, or mechanical restraints for convenience or discipline, or in a manner that: (i) Is inconsistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW; (ii) is not medically authorized; or (iii) otherwise constitutes abuse under this section.

(b) "Mental abuse" means an intentional, willful, or reckless verbal or nonverbal action that threatens, humiliates, harasses, coerces, intimidates, isolates, unreasonably confines, or punishes a vulnerable adult. "Mental abuse" may include ridiculing, yelling, swearing, or withholding or tampering with prescribed medications or their dosage.

(c) "Personal exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(d) "Physical abuse" means the intentional, willful, or reckless action of inflicting bodily injury or physical mistreatment. "Physical abuse" includes, but is not limited to, striking with or without an object, slapping, pinching, strangulation, suffocation, kicking, shoving, or prodding.

(e) "Sexual abuse" means any form of nonconsensual sexual conduct including, but not limited to, unwanted or inappropriate touching, rape, molestation, indecent liberties, sexual

coercion, sexually explicit photographing or recording, voyeurism, indecent exposure, and sexual harassment. "Sexual abuse" also includes any sexual conduct between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not the sexual conduct is consensual.

(3) "Chemical restraint" means the administration of any drug to manage a vulnerable adult's behavior in a way that reduces the safety risk to the vulnerable adult or others, has the temporary effect of restricting the vulnerable adult's freedom of movement, and is not standard treatment for the vulnerable adult's medical or psychiatric condition.

(4) "Consent" in the context of sexual acts means that at the time of sexual contact, there are actual words or conduct indicating freely given agreement to that sexual contact. Consent must be ongoing and may be revoked at any time. Conduct short of voluntary agreement does not constitute consent as a matter of law. Consent cannot be freely given when a person does not have capacity due to disability, intoxication, or age. Consent cannot be freely given when the other party has authority or control over the care or custody of a person incarcerated or detained.

(5)(a) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes any form of communication, contact, or conduct, including the sending of an electronic communication, but does not include constitutionally protected free speech. Constitutionally protected activity is not included within the meaning of "course of conduct."

(b) In determining whether the course of conduct serves any legitimate or lawful purpose, a court should consider whether:

(i) Any current contact between the parties was initiated by the respondent only or was initiated by both parties;

(ii) The respondent has been given clear notice that all further contact with the petitioner is unwanted;

(iii) The respondent's course of conduct appears designed to alarm, annoy, or harass the petitioner;

(iv) The respondent is acting pursuant to any statutory authority including, but not limited to, acts which are reasonably necessary to:

(A) Protect property or liberty interests;

(B) Enforce the law; or

(C) Meet specific statutory duties or requirements;

(v) The respondent's course of conduct has the purpose or effect of unreasonably interfering with the petitioner's privacy or the purpose or effect of creating an intimidating, hostile, or offensive living environment for the petitioner; or

(vi) Contact by the respondent with the petitioner or the petitioner's family has been limited in any manner by any previous court order.

(6) "Court clerk" means court administrators in courts of limited jurisdiction and elected court clerks.

(7) "Dating relationship" means a social relationship of a romantic nature. Factors that the court may consider in making this determination include: (a) The length of time the relationship has existed; (b) the nature of the relationship; and (c) the frequency of interaction between the parties.

(8) "Domestic violence" means:

(a) Physical harm, bodily injury, assault, or the infliction of fear of physical harm, bodily injury, or assault; nonconsensual sexual conduct or nonconsensual sexual penetration; coercive control; unlawful harassment; or stalking of one intimate partner by another intimate partner; or

(b) Physical harm, bodily injury, assault, or the infliction of fear of physical harm, bodily injury, or assault; nonconsensual sexual conduct or nonconsensual sexual penetration; coercive control; unlawful harassment; or stalking of one family or household member by another family or household member.

(9) "Electronic monitoring" has the same meaning as in RCW 9.94A.030.

(10) "Essential personal effects" means those items necessary for a person's immediate health, welfare, and livelihood. "Essential personal effects" includes, but is not limited to, clothing, cribs, bedding, medications, personal hygiene items, cellular phones and other electronic devices, and documents, including immigration, health care, financial, travel, and identity documents.

(11) "Facility" means a residence licensed or required to be licensed under chapter 18.20 RCW, assisted living facilities; chapter 18.51 RCW, nursing homes; chapter 70.128 RCW, adult family homes; chapter 72.36 RCW, soldiers' homes; chapter 71A.20 RCW, residential habilitation centers; or any other facility licensed or certified by the department of social and health services.

(12) "Family or household members" means: (a) Persons related by blood, marriage, domestic partnership, or adoption; (b) persons who currently or formerly resided together; (c) persons who have a biological or legal parent-child relationship, including stepparents and stepchildren and grandparents and grandchildren, or a parent's intimate partner and children; and (d) a person who is acting or has acted as a legal guardian.

(13) "Financial exploitation" means the illegal or improper use of, control over, or withholding of, the property, income, resources, or trust funds of the vulnerable adult by any person or entity for any person's or entity's profit or advantage other than for the vulnerable adult's profit or advantage. "Financial exploitation" includes, but is not limited to:

(a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, government benefits, health insurance benefits, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;

(b) The breach of a fiduciary duty, including, but not limited to, the misuse of a power of attorney, trust, or a guardianship or conservatorship appointment, that results in the unauthorized appropriation, sale, or transfer of the property, income,

resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult; or

(c) Obtaining or using a vulnerable adult's property, income, resources, or trust funds without lawful authority, by a person or entity who knows or clearly should know that the vulnerable adult lacks the capacity to consent to the release or use of the vulnerable adult's property, income, resources, or trust funds.

(14) "Firearm" means a weapon or device from which a projectile or projectiles may be fired by an explosive such as gunpowder. "Firearm" does not include a flare gun or other pyrotechnic visual distress signaling device, or a powder-actuated tool or other device designed solely to be used for construction purposes. "Firearm" also includes parts that can be assembled to make a firearm.

(15) "Full hearing" means a hearing where the court determines whether to issue a full protection order.

(16) "Full protection order" means a protection order that is issued by the court after notice to the respondent and where the parties had the opportunity for a full hearing by the court. "Full protection order" includes a protection order entered by the court by agreement of the parties to resolve the petition for a protection order without a full hearing.

(17) "Hospital" means a facility licensed under chapter 70.41 or 71.12 RCW or a state hospital defined in chapter 72.23 RCW and any employee, agent, officer, director, or independent contractor thereof.

(18) "Interested person" means a person who demonstrates to the court's satisfaction that the person is interested in the welfare of a vulnerable adult, that the person has a good faith belief that the court's intervention is necessary, and that the vulnerable adult is unable, due to incapacity, undue influence, or duress at the time the petition is filed, to protect his or her own interests.

(19) "Intimate partner" means: (a) Spouses or domestic partners; (b) former spouses or former domestic partners; (c) persons who have a child in common regardless of whether they have been

married or have lived together at any time, unless the child is conceived through sexual assault; or (d) persons who have or have had a dating relationship where both persons are at least 13 years of age or older.

(20)(a) "Isolate" or "isolation" means to restrict a person's ability to communicate, visit, interact, or otherwise associate with persons of his or her choosing. Isolation may be evidenced by acts including, but not limited to:

(i) Acts that prevent a person from sending, making, or receiving his or her personal mail, electronic communications, or telephone calls; or

(ii) Acts that prevent or obstruct a person from meeting with others, such as telling a prospective visitor or caller that the person is not present or does not wish contact, where the statement is contrary to the express wishes of the person.

(b) The term "isolate" or "isolation" may not be construed in a manner that prevents a guardian or limited guardian from performing his or her fiduciary obligations under chapter 11.92 RCW or prevents a hospital or facility from providing treatment consistent with the standard of care for delivery of health services.

(21) "Judicial day" means days of the week other than Saturdays, Sundays, or legal holidays.

(22) "Mechanical restraint" means any device attached or adjacent to a vulnerable adult's body that the vulnerable adult cannot easily remove that restricts freedom of movement or normal access to the vulnerable adult's body. "Mechanical restraint" does not include the use of devices, materials, or equipment that are (a) medically authorized, as required, and (b) used in a manner that is consistent with federal or state licensing or certification requirements for facilities, hospitals, or programs authorized under chapter 71A.12 RCW.

(23) "Minor" means a person who is under 18 years of age.

(24) "Neglect" means: (a) A pattern of conduct or inaction by a person or entity with a duty of care that fails to provide the goods and services that maintain the physical or mental health of a vulnerable

adult, or that fails to avoid or prevent physical or mental harm or pain to a vulnerable adult; or (b) an act or omission by a person or entity with a duty of care that demonstrates a serious disregard of consequences of such a magnitude as to constitute a clear and present danger to the vulnerable adult's health, welfare, or safety including, but not limited to, conduct prohibited under RCW 9A.42.100.

(25) "Nonconsensual" means a lack of freely given consent.

(26) "Nonphysical contact" includes, but is not limited to, written notes, mail, telephone calls, email, text messages, contact through social media applications, contact through other technologies, ~~((and))~~ or contact through third parties.

(27) "Petitioner" means any named petitioner or any other person identified in the petition on whose behalf the petition is brought.

(28) "Physical restraint" means the application of physical force without the use of any device, for the purpose of restraining the free movement of a vulnerable adult's body. "Physical restraint" does not include (a) briefly holding, without undue force, a vulnerable adult in order to calm or comfort him or her, or (b) holding a vulnerable adult's hand to safely escort him or her from one area to another.

(29) "Possession" means having an item in one's custody or control. Possession may be either actual or constructive. Actual possession occurs when the item is in the actual physical custody of the person charged with possession. Constructive possession occurs when there is no actual physical possession, but there is dominion and control over the item.

(30) "Respondent" means the person who is identified as the respondent in a petition filed under this chapter.

(31) "Sexual conduct" means any of the following:

(a) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing;

(b) Any intentional or knowing display of the genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent;

(c) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing, that the petitioner is forced to perform by another person or the respondent;

(d) Any forced display of the petitioner's genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent or others;

(e) Any intentional or knowing touching of the clothed or unclothed body of a child under the age of 16, if done for the purpose of sexual gratification or arousal of the respondent or others; or

(f) Any coerced or forced touching or fondling by a child under the age of 16, directly or indirectly, including through clothing, of the genitals, anus, or breasts of the respondent or others.

(32) "Sexual penetration" means any contact, however slight, between the sex organ or anus of one person by an object, the sex organ, mouth, or anus of another person, or any intrusion, however slight, of any part of the body of one person or of any animal or object into the sex organ or anus of another person including, but not limited to, cunnilingus, fellatio, or anal penetration. Evidence of emission of semen is not required to prove sexual penetration.

(33) "Stalking" means any of the following:

(a) Any act of stalking as defined under RCW 9A.46.110;

(b) Any act of cyberstalking as defined under RCW 9.61.260; or

(c) Any course of conduct involving repeated or continuing contacts, attempts to contact, monitoring, tracking, surveillance, keeping under observation, disrupting activities in a harassing manner, or following of another person that:

(i) Would cause a reasonable person to feel intimidated, frightened, under duress, significantly disrupted, or threatened and that actually causes such a feeling;

(ii) Serves no lawful purpose; and

(iii) The respondent knows, or reasonably should know, threatens, frightens, or intimidates the person,

even if the respondent did not intend to intimidate, frighten, or threaten the person.

(34) "Temporary protection order" means a protection order that is issued before the court has decided whether to issue a full protection order. "Temporary protection order" includes ex parte temporary protection orders, as well as temporary protection orders that are reissued by the court pending the completion of a full hearing to decide whether to issue a full protection order. An "ex parte temporary protection order" means a temporary protection order that is issued without prior notice to the respondent.

(35) "Unlawful harassment" means:

(a) A knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, harasses, or is detrimental to such person, and that serves no legitimate or lawful purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the petitioner; or

(b) A single act of violence or threat of violence directed at a specific person that seriously alarms, annoys, harasses, or is detrimental to such person, and that serves no legitimate or lawful purpose, which would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the petitioner. A single threat of violence must include: (i) A malicious and intentional threat as described in RCW 9A.36.080(1)(c); or (ii) the presence of a firearm or other weapon.

(36) "Vulnerable adult" includes a person:

(a) Sixty years of age or older who has the functional, mental, or physical inability to care for himself or herself; or

(b) Subject to a guardianship under RCW 11.130.265 or adult subject to conservatorship under RCW 11.130.360; or

(c) Who has a developmental disability as defined under RCW 71A.10.020; or

(d) Admitted to any facility; or

(e) Receiving services from home health, hospice, or home care agencies

licensed or required to be licensed under chapter 70.127 RCW; or

(f) Receiving services from a person under contract with the department of social and health services to provide services in the home under chapter 74.09 or 74.39A RCW; or

(g) Who self-directs his or her own care and receives services from a personal aide under chapter 74.39 RCW.

(37)(a) "Coercive control" means a pattern of behavior that is used to cause another to suffer physical, emotional, or psychological harm, and in purpose or effect unreasonably interferes with a person's free will and personal liberty. In determining whether the interference is unreasonable, the court shall consider the context and impact of the pattern of behavior from the perspective of a similarly situated person. Examples of coercive control include, but are not limited to, engaging in any of the following:

(i) Intimidation or controlling or compelling conduct by:

(A) Damaging, destroying, or threatening to damage or destroy, or forcing the other party to relinquish, goods, property, or items of special value;

(B) Using technology to threaten, humiliate, harass, stalk, intimidate, exert undue influence over, or abuse the other party, including by engaging in cyberstalking, monitoring, surveillance, impersonation, manipulation of electronic media, or distribution of or threats to distribute actual or fabricated intimate images;

(C) Carrying, exhibiting, displaying, drawing, or threatening to use, any firearm or any other weapon apparently capable of producing bodily harm, in a manner, under circumstances, and at a time and place that either manifests an intent to intimidate the other party or that warrants alarm by the other party for their safety or the safety of other persons;

(D) Driving recklessly with the other party or minor children in the vehicle;

(E) Communicating, directly or indirectly, the intent to:

(I) Harm the other party's children, family members, friends, or pets,

including by use of physical forms of violence;

(II) Harm the other party's career;

(III) Attempt suicide or other acts of self-harm; or

(IV) Contact local or federal agencies based on actual or suspected immigration status;

(F) Exerting control over the other party's identity documents;

(G) Making, or threatening to make, private information public, including the other party's sexual orientation or gender identity, medical or behavioral health information, or other confidential information that jeopardizes safety; or

(H) Engaging in sexual or reproductive coercion;

(ii) Causing dependence, confinement, or isolation of the other party from friends, relatives, or other sources of support, including schooling and employment, or subjecting the other party to physical confinement or restraint;

(iii) Depriving the other party of basic necessities or committing other forms of financial exploitation;

(iv) Controlling, exerting undue influence over, interfering with, regulating, or monitoring the other party's movements, communications, daily behavior, finances, economic resources, or employment, including but not limited to interference with or attempting to limit access to services for children of the other party, such as health care, medication, child care, or school-based extracurricular activities;

(v) Engaging in vexatious litigation or abusive litigation as defined in RCW 26.51.020 against the other party to harass, coerce, or control the other party, to diminish or exhaust the other party's financial resources, or to compromise the other party's employment or housing; or

(vi) Engaging in psychological aggression, including inflicting fear, humiliating, degrading, or punishing the other party.

(b) "Coercive control" does not include protective actions taken by a party in good faith for the legitimate and lawful purpose of protecting

themselves or children from the risk of harm posed by the other party.

Sec. 2. RCW 7.105.050 and 2021 c 215 s 4 are each amended to read as follows:

(1) The superior(~~(7)~~) and district(~~(7 and municipal)~~) courts have jurisdiction over domestic violence protection order proceedings (~~(and)~~), sexual assault protection order proceedings, stalking protection order proceedings, and antiharassment protection order proceedings under this chapter(~~(The jurisdiction of district and municipal courts is limited to enforcement of RCW 7.105.450(1), or the equivalent municipal ordinance, and the issuance and enforcement of temporary orders for protection provided for in RCW 7.105.305 if)~~), except that such proceedings must be transferred from district court to superior court when:

(a) A superior court has exercised or is exercising jurisdiction over a proceeding involving the parties;

(b) (~~The petition for relief under this chapter presents issues of the residential schedule of, and contact with, children of the parties; or~~

(c) The petition for relief under this chapter requests the court to exclude a party from the dwelling which the parties share)) The action would have the effect of interfering with a respondent's care, control, or custody of the respondent's minor child;

(c) The action would affect the use or enjoyment of real property for which the respondent has a cognizable claim or would exclude a party from a shared dwelling;

(d) The petitioner, victim, or respondent to the petition is under 18 years of age; or

(e) The district court is unable to verify whether there are potentially conflicting or related orders involving the parties as required by RCW 7.105.105 or 7.105.555.

(2)(a) When the jurisdiction of a district (~~(or municipal)~~) court is limited to the issuance and enforcement of a temporary protection order, the district (~~(or municipal)~~) court shall set the full hearing in superior court and transfer the case, indicating in the transfer order the circumstances and findings supporting transfer to the superior court.

(b) If the notice and order are not served on the respondent in time for the full hearing, the issuing court shall have concurrent jurisdiction with the superior court to extend the temporary protection order. The superior court to which the case is being transferred shall determine whether to grant any request for a continuance.

(3) Transfer procedures, court calendars, and judicial officer assignment must further the goals of this chapter to: Minimize delay; make the system less complex; provide sufficient victim support, consistency, safety, timeliness, and procedural fairness; enable comprehensive use of electronic filing, case tracking, and records management systems; provide for judicial officers with expertise and training in protection orders and trauma-informed practices and continuity of judicial officers at each hearing so the judicial officer will have greater familiarity with the parties, history, and allegations; and help ensure that there is compliance with timely and comprehensive firearms relinquishment to reduce risk of harm. Courts shall make publicly available in print and online information about their transfer procedures, court calendars, and judicial officer assignment.

Sec. 3. RCW 7.105.070 and 2021 c 215 s 8 are each amended to read as follows:

The superior courts have jurisdiction over extreme risk protection order proceedings under this chapter. The juvenile court may hear an extreme risk protection order proceeding under this chapter if the respondent is under the age of 18 years. Additionally, district (~~(and municipal)~~) courts have limited jurisdiction over the issuance and enforcement of temporary extreme risk protection orders issued under RCW 7.105.330. The district (~~(or municipal)~~) court shall set the full hearing in superior court and transfer the case. If the notice and order are not served on the respondent in time for the full hearing, the issuing court has concurrent jurisdiction with the superior court to extend the temporary extreme risk protection order. The superior court to which the case is being transferred shall determine whether to grant any request for a continuance.

Sec. 4. RCW 7.105.075 and 2021 c 215 s 9 are each amended to read as follows:

An action for a protection order should be filed in the county (~~or municipality~~) where the petitioner resides. The petitioner may also file in:

(1) The county (~~or municipality~~) where an act giving rise to the petition for a protection order occurred;

(2) The county (~~or municipality~~) where a child to be protected by the order primarily resides;

(3) The county (~~or municipality~~) where the petitioner resided prior to relocating if relocation was due to the respondent's conduct; or

(4) The court nearest to the petitioner's residence or former residence under subsection (3) of this section.

Sec. 5. RCW 7.105.100 and 2021 c 215 s 13 are each amended to read as follows:

(1) There exists an action known as a petition for a protection order. The following types of petitions for a protection order may be filed:

(a) A petition for a domestic violence protection order, which must allege the existence of domestic violence committed against the petitioner or petitioners by an intimate partner or a family or household member. The petitioner may petition for relief on behalf of himself or herself and on behalf of family or household members who are minors or vulnerable adults. A petition for a domestic violence protection order must specify whether the petitioner and the respondent are intimate partners or family or household members. A petitioner who has been sexually assaulted or stalked by an intimate partner or a family or household member should, but is not required to, seek a domestic violence protection order, rather than a sexual assault protection order or a stalking protection order.

(b) A petition for a sexual assault protection order, which must allege the existence of nonconsensual sexual conduct or nonconsensual sexual penetration that was committed against the petitioner by the respondent. A petitioner who has been sexually assaulted by an intimate partner or a family or household member should, but is not required to, seek a domestic violence protection order, rather than a sexual assault protection order. A single incident of nonconsensual sexual conduct

or nonconsensual sexual penetration is sufficient grounds for a petition for a sexual assault protection order. The petitioner may petition for a sexual assault protection order on behalf of:

(i) Himself or herself;

(ii) A minor child, where the petitioner is the parent, legal guardian, or custodian;

(iii) A vulnerable adult, where the petitioner is an interested person; or

(iv) Any other adult for whom the petitioner demonstrates to the court's satisfaction that the petitioner is interested in the adult's well-being, the court's intervention is necessary, and the adult cannot file the petition because of age, disability, health, or inaccessibility.

(c) A petition for a stalking protection order, which must allege the existence of stalking committed against the petitioner or petitioners by the respondent. A petitioner who has been stalked by an intimate partner or a family or household member should, but is not required to, seek a domestic violence protection order, rather than a stalking protection order. The petitioner may petition for a stalking protection order on behalf of:

(i) Himself or herself;

(ii) A minor child, where the petitioner is the parent, legal guardian, or custodian;

(iii) A vulnerable adult, where the petitioner is an interested person; or

(iv) Any other adult for whom the petitioner demonstrates to the court's satisfaction that the petitioner is interested in the adult's well-being, the court's intervention is necessary, and the adult cannot file the petition because of age, disability, health, or inaccessibility.

(d) A petition for a vulnerable adult protection order, which must allege that the petitioner, or person on whose behalf the petition is brought, is a vulnerable adult and that the petitioner, or person on whose behalf the petition is brought, has been abandoned, abused, financially exploited, or neglected, or is threatened with abandonment, abuse, financial exploitation, or neglect, by the respondent. (~~If the petition is filed by an interested person, the affidavit or~~

~~declaration must also include a statement of why the petitioner qualifies as an interested person.))~~

(e) A petition for an extreme risk protection order, which must allege that the respondent poses a significant danger of causing personal injury to self or others by having in the respondent's custody or control, purchasing, possessing, accessing, receiving, or attempting to purchase or receive, a firearm. The petition must also identify information the petitioner is able to provide about the firearms, such as the number, types, and locations of any firearms the petitioner believes to be in the respondent's current ownership, possession, custody, access, or control. A petition for an extreme risk protection order may be filed by (i) an intimate partner or a family or household member of the respondent; or (ii) a law enforcement agency.

(f) A petition for an antiharassment protection order, which must allege the existence of unlawful harassment committed against the petitioner or petitioners by the respondent. If a petitioner is seeking relief based on domestic violence, nonconsensual sexual conduct, nonconsensual sexual penetration, or stalking, the petitioner may, but is not required to, seek a domestic violence, sexual assault, or stalking protection order, rather than an antiharassment order. The petitioner may petition for an antiharassment protection order on behalf of:

(i) Himself or herself;

(ii) A minor child, where the petitioner is the parent, legal guardian, or custodian;

(iii) A vulnerable adult, where the petitioner is an interested person; or

(iv) Any other adult for whom the petitioner demonstrates to the court's satisfaction that the petitioner is interested in the adult's well-being, the court's intervention is necessary, and the adult cannot file the petition because of age, disability, health, or inaccessibility.

(2) With the exception of vulnerable adult protection orders, a person under 18 years of age who is 15 years of age or older may seek relief under this chapter as a petitioner and is not required to seek relief through a petition filed on his or her behalf. He or she may also

petition on behalf of a family or household member who is a minor if chosen by the minor and capable of pursuing the minor's stated interest in the action.

(3) A person under 15 years of age who is seeking relief under this chapter is required to seek relief by a person authorized as a petitioner under this section.

(4) If a petition for a protection order is filed by an interested person, the affidavit or declaration must also include a statement of why the petitioner qualifies as an interested person.

(5) A petition for any type of protection order must not be dismissed or denied on the basis that the conduct alleged by the petitioner would meet the criteria for the issuance of another type of protection order. If a petition meets the criteria for a different type of protection order other than the one sought by the petitioner, the court shall consider the petitioner's preference, and enter a temporary protection order or set the matter for a hearing as appropriate under the law. The court's decision on the appropriate type of order shall not be premised on alleviating any potential stigma on the respondent.

~~((4))~~ (6) The protection order petition must contain a section where the petitioner, regardless of petition type, may request specific relief provided for in RCW 7.105.310 that the petitioner seeks for himself or herself or for family or household members who are minors. The totality of selected relief, and any other relief the court deems appropriate for the petitioner, or family or household members who are minors, must be considered at the time of entry of temporary protection orders and at the time of entry of full protection orders.

~~((6))~~ (7) If a court reviewing the petition for a protection order or a request for a temporary protection order determines that the petition was not filed in the correct court, the court shall enter findings establishing the correct court, and direct the clerk to transfer the petition to the correct court and to provide notice of the transfer to all parties who have appeared.

~~((7))~~ (8) Upon filing a petition for a protection order, the petitioner may request that the court enter an ex parte temporary protection order and an order to surrender and prohibit weapons without

notice until a hearing on a full protection order may be held. When requested, there shall be a rebuttable presumption to include the petitioner's minor children as protected parties in the ex parte temporary domestic violence protection order until the full hearing to reduce the risk of harm to children during periods of heightened risk, unless there is good cause not to include the minor children. If the court denies the petitioner's request to include the minor children, the court shall make written findings why the children should not be included, pending the full hearing. An ex parte temporary protection order shall be effective for a fixed period of time and shall be issued initially for a period not to exceed 14 days, which may be extended for good cause.

~~((8) The court may, at its discretion, issue a temporary order on the petition with or without a hearing. If an order is not signed upon presentation, the court shall set a hearing for a full protection order not later than 14 days from the date of the filing of the petition for a protection order, if the petition for a protection order is filed before close of business on a judicial day. If a petition for a protection order is filed after close of business on a judicial day or is filed on a nonjudicial day, the court shall set a hearing for a full protection order not later than 14 days from the first judicial day after the petition is filed.))~~

Sec. 6. RCW 7.105.105 and 2021 c 215 s 14 are each amended to read as follows:

The following apply to all petitions for protection orders under this chapter.

(1)(a) By January 1, 2023, county clerks on behalf of all superior courts and, by January 1, 2026, all courts of limited jurisdiction, must permit petitions for protection orders and all other filings in connection with the petition to be submitted as preferred by the petitioner either: (i) In person; (ii) remotely through an electronic submission process; or (iii) by mail for persons who are incarcerated or who are otherwise unable to file in person or remotely through an electronic system. The court or clerk must make ((all electronically filed court documents available for electronic access by)) available electronically to judicial officers ((statewide)) any protection orders filed within the state. Judicial

officers may not be charged for access to such documents. The electronic ((filing)) submission system must allow for petitions for protection orders and supportive documents to be ((filed)) submitted at any time of the day. When a petition and supporting documents for a protection order are submitted to the clerk after business hours, they must be processed as soon as possible on the next judicial day. Petitioners and respondents should not ((be charged)) incur additional charges for electronic ((filing)) submission for petitions and documents filed pursuant to this section.

(b) By January 1, 2023, all superior courts' systems and, by January 1, 2026, all limited jurisdiction courts' systems, should allow for the petitioner to electronically track the progress of the petition for a protection order. Notification may be provided by text messaging or email, and should provide reminders of court appearances and alert the petitioner when the following occur: (i) The petition has been processed and is under review by a judicial officer; (ii) the order has been signed; (iii) the order has been transmitted to law enforcement for entry into the Washington crime information center system; (iv) ((return)) proof of service upon the respondent has been filed with the court or clerk; ((and)) (v) a receipt for the surrender of firearms has been filed with the court or clerk; and (vi) the respondent has filed a motion for the release of surrendered firearms. Respondents, once served, should be able to sign up for similar electronic notification. Petitioners and respondents should not be charged for electronic notification.

(2) The petition must be accompanied by a confidential document to be used by the courts and law enforcement to fully identify the parties and serve the respondent. This record will be exempt from public disclosure at all times, and restricted access to this form is governed by general rule 22 provisions governing access to the confidential information form. The petitioner is required to fill out the confidential party information form to the petitioner's fullest ability. The respondent ((must)) should be ((served with)) provided a blank confidential party information form at the time of service, and when the respondent first appears, the respondent must confirm with the court the respondent's identifying

and current contact information, including electronic means of contact, and file this with the court.

(3) A petition must be accompanied by a declaration signed under penalty of perjury stating the specific facts and circumstances for which relief is sought. Parties, attorneys, and witnesses may electronically sign sworn statements in all filings.

(4) The petitioner and the respondent must disclose the existence of any other litigation or of any other restraining, protection, or no-contact orders between the parties, to the extent that such information is known by the petitioner and the respondent. To the extent possible, the court shall take judicial notice of any existing restraining, protection, or no-contact orders between the parties before entering a protection order. The court shall not include provisions in a protection order that would allow the respondent to engage in conduct that is prohibited by another restraining, protection, or no-contact order between the parties that was entered in a different proceeding. The obligation to disclose the existence of any other litigation includes, but is not limited to, the existence of any other litigation concerning the custody or residential placement of a child of the parties as set forth in RCW 26.27.281. The court administrator shall verify for the court the terms of any existing protection order governing the parties.

(5) The petition may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties, except in cases where the court has realigned the parties in accordance with RCW 7.105.210.

(6) Relief under this chapter must not be denied or delayed on the grounds that the relief is available in another action. The court shall not defer acting on a petition for a protection order nor grant a petitioner less than the full relief that the petitioner is otherwise entitled to under this chapter because there is, or could be, another proceeding involving the parties including, but not limited to, any potential or pending family law matter or criminal matter.

(7) A person's right to petition for relief under this chapter is not affected by the person leaving his or her residence or household.

(8) A petitioner is not required to post a bond to obtain relief in any proceeding for a protection order.

(9)(a) No fees for service of process may be charged by a court or any public agency to petitioners seeking relief under this chapter. Except as provided in (b) of this subsection, courts may not charge petitioners any fees or surcharges the payment of which is a condition precedent to the petitioner's ability to secure access to relief under this chapter. Petitioners shall be provided the necessary number of certified copies, forms, and instructional brochures free of charge, including a copy of the service packet that consists of all documents that are being served on the respondent. A respondent who is served electronically with a protection order shall be provided a certified copy of the order free of charge upon request.

(b) A filing fee may be charged for a petition for an antiharassment protection order except as follows:

(i) No filing fee may be charged to a petitioner seeking an antiharassment protection order against a person who has engaged in acts of stalking as defined in RCW 9A.46.110, a hate crime under RCW 9A.36.080(1)(c), or a single act of violence or threat of violence under RCW 7.105.010(35)(b), or from a person who has engaged in nonconsensual sexual conduct or penetration or conduct that would constitute a sex offense as defined in RCW 9A.44.128, or from a person who is a family or household member or intimate partner who has engaged in conduct that would constitute domestic violence; and

(ii) The court shall waive the filing fee if the court determines the petitioner is not able to pay the costs of filing.

(10) If the petition states that disclosure of the petitioner's address or other identifying location information would risk harm to the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address or email address at which the respondent may serve the petitioner.

(11) Subject to the availability of amounts appropriated for this specific purpose, or as provided through

alternative sources including, but not limited to, grants, local funding, or pro bono means, if the court deems it necessary, the court may appoint a guardian ad litem for a petitioner or a respondent who is under 18 years of age and who is not represented by counsel. If a guardian ad litem is appointed by the court for either or both parties, neither the petitioner nor the respondent shall be required by the court to pay any costs associated with the appointment.

~~(12) ((Minor children must only be referred to in the petition and in all other publicly available filed documents by their initials and date of birth. Any orders issued by the court for entry into a law enforcement database must show the minor's full name for purposes of identification, but be redacted to only display initials and date of birth for purposes of public access.~~

~~(13))~~ If a petitioner has requested an ex parte temporary protection order, because these are often emergent situations, the court shall prioritize review, either entering an order without a hearing or scheduling and holding an ex parte hearing in person, by telephone, by video, or by other electronic means on the day the petition is filed if possible. Otherwise, it must be heard no later than the following judicial day. The clerk shall ensure that the request for an ex parte temporary protection order is presented timely to a judicial officer, and signed orders will be returned promptly to the clerk for entry and to the petitioner as specified in this section.

~~((14))~~ (13) Courts shall not require a petitioner to file duplicative forms.

~~((15))~~ (14) The Indian child welfare act applies in the following manner.

(a) In a proceeding under this chapter where the petitioner seeks to protect a minor and the petitioner is not the minor's parent as defined by RCW 13.38.040, the petition must contain a statement alleging whether the minor is or may be an Indian child as defined in RCW 13.38.040. If the minor is an Indian child, chapter 13.38 RCW and the federal Indian child welfare act, 25 U.S.C. Sec. 1901 et seq., shall apply. A party should allege in the petition if these laws have been satisfied in a prior proceeding and identify the proceeding.

(b) Every order entered in any proceeding under this chapter where the

petitioner is not a parent of the minor or minors protected by the order must contain a finding that the federal Indian child welfare act or chapter 13.38 RCW does or does not apply, or if there is insufficient information to make a determination, the court must make a finding that a determination must be made before a full protection order may be entered. If there is reason to know the child is an Indian child, but the court does not have sufficient evidence to determine that the child is or is not an Indian child, 25 C.F.R. Sec. 23.107(b) applies. Where there is a finding that the federal Indian child welfare act or chapter 13.38 RCW does apply, the order must also contain a finding that all notice, evidentiary requirements, and placement preferences under the federal Indian child welfare act and chapter 13.38 RCW have been satisfied, or a finding that removal or placement of the child is necessary to prevent imminent physical damage or harm to the child pursuant to 25 U.S.C. Sec. 1922 and RCW 13.38.140. Where there is a finding that the federal Indian child welfare act or chapter 13.38 RCW does not apply, the order must also contain a finding as to why there is no reason to know the child may be an Indian child.

Sec. 7. RCW 7.105.115 and 2021 c 215 s 16 are each amended to read as follows:

(1) By ~~((June))~~ December 30, 2022, the administrative office of the courts shall:

(a) Develop and distribute standard forms for petitions and orders issued under this chapter, and facilitate the use of online forms for electronic filings.

(i) For all protection orders except extreme risk protection orders, the protection order must include, in a conspicuous location, a notice of criminal penalties resulting from a violation of the order, and the following statement: "You can be arrested even if the protected person or persons invite or allow you to violate the order. You alone are responsible for following the order. Only the court may change the order. Requests for changes must be made in writing."

(ii) For extreme risk protection orders, the protection order must include, in a conspicuous location, a notice of criminal penalties resulting from a violation of the order, and the

following statement: "You have the sole responsibility to avoid or refrain from violating this order's provisions. Only the court may change the order. Requests for changes must be made in writing.";

(b) Develop and distribute instructions and informational brochures regarding protection orders and a court staff handbook on the protection order process, which shall be made available online to view and download at no cost. Developing additional methods to inform the public about protection orders in understandable terms and in languages other than English through videos and social media should also be considered. The instructions, brochures, forms, and handbook must be prepared in consultation with civil legal aid, culturally specific advocacy programs, and domestic violence and sexual assault advocacy programs. The instructions must be designed to assist petitioners in completing the petition, and must include a sample of standard petition and protection order forms. The instructions and standard petition must include a means for the petitioner to identify, with only lay knowledge, the firearms the respondent may own, possess, receive, have access to, or have in the respondent's custody or control. The instructions must provide pictures of types of firearms that the petitioner may choose from to identify the relevant firearms, or an equivalent means to allow petitioners to identify firearms without requiring specific or technical knowledge regarding the firearms. The court staff handbook must allow for the addition of a community resource list by the court clerk. The informational brochure must describe the use of, and the process for, obtaining, renewing, modifying, terminating, and enforcing protection orders as provided under this chapter, as well as the process for obtaining, modifying, terminating, and enforcing an antiharassment no-contact order as provided under chapter 9A.46 RCW, a domestic violence no-contact order as provided under chapter 10.99 RCW, a restraining order as provided under chapters 26.09, 26.26A, 26.26B, and 26.44 RCW, a foreign protection order as defined in chapter 26.52 RCW, and a Canadian domestic violence protection order as defined in RCW 26.55.010;

(c) Determine the significant non-English-speaking or limited English-speaking populations in the state. The administrative office of the courts shall then arrange for translation of the

instructions and informational brochures required by this section, which must contain a sample of the standard petition and protection order forms, into the languages spoken by at least the top five significant non-English-speaking populations, and shall distribute a master copy of the translated instructions and informational brochures to all court clerks and to the Washington supreme court's interpreter commission, minority and justice commission, and gender and justice commission (~~by July 25, 2021~~). Such materials must be updated and distributed if needed due to relevant changes in the law;

(d)(i) Distribute a master copy of the petition and order forms, instructions, and informational brochures to all court clerks, and distribute a master copy of the petition and order forms to all superior, district, and municipal courts;

(ii) In collaboration with civil legal aid attorneys, domestic violence advocates, sexual assault advocates, elder abuse advocates, clerks, and judicial officers, develop and distribute a single petition form that a petitioner may use to file for any type of protection order authorized by this chapter, with the exception of extreme risk protection orders;

(iii) For extreme risk protection orders, develop and prepare:

(A) A standard petition and order form for an extreme risk protection order, as well as a standard petition and order form for an extreme risk protection order sought against a respondent under 18 years of age, titled "Extreme Risk Protection Order - Respondent Under 18 Years";

(B) Pattern forms to assist in streamlining the process for those persons who are eligible to seal records relating to an order under (d)(i) of this subsection, including:

(I) A petition and declaration the respondent can complete to ensure that requirements for public sealing have been met; and

(II) An order sealing the court records relating to that order; and

(C) An informational brochure to be served on any respondent who is subject to a temporary or full protection order under (d)(iii)(A) of this subsection;

(e) Create a new confidential party information form to satisfy the purposes of the confidential information form and the law enforcement information sheet that will serve both the court's and law enforcement's data entry needs without requiring a redundant effort for the petitioner, and ensure the petitioner's confidential information is protected for the purpose of safety. The form should be created with the presumption that it will also be used by the respondent to provide all current contact information needed by the court and law enforcement, and full identifying information for improved data entry. The form should also prompt the petitioner to disclose on the form whether the person who the petitioner is seeking to restrain has a disability, brain injury, or impairment requiring special assistance; and

(f) Update the instructions, brochures, standard petition and order for protection forms, and court staff handbook when changes in the law make an update necessary.

(2) ~~((The))~~ By July 1, 2022, the administrative office of the courts, through the gender and justice commission of the Washington state supreme court, and with the support of the Washington state women's commission, shall work with representatives of superior, district, and municipal court judicial officers, court clerks, and administrators, including those with experience in protection order proceedings, as well as advocates and practitioners with expertise in each type of protection order, and others with relevant expertise, to develop for the courts:

(a) Standards for filing evidence in protection order proceedings in a manner that protects victim safety and privacy, including evidence in the form of text messages, social media messages, voice mails, and other recordings, and the development of a sealed cover sheet for explicit or intimate images and recordings; and

(b) Requirements for private vendors who provide services related to filing systems for protection orders, as well as what data should be collected.

Sec. 8. RCW 7.105.120 and 2021 c 215 s 17 are each amended to read as follows:

(1) All court clerks' offices shall make available the standardized forms, instructions, and informational

brochures required by this chapter, and shall ~~((fill in and))~~ keep current specific program names and telephone numbers for community resources, including civil legal aid and volunteer lawyer programs. Any assistance or information provided by clerks under this chapter, or any assistance or information provided by any person, including court clerks, employees of the department of social and health services, and other court facilitators, to complete the forms provided by the court, does not constitute the practice of law, and clerks are not responsible for incorrect information contained in a petition.

(2) All court clerks shall ~~((obtain))~~ accept and provide community resource lists as described in (a) and (b) of this subsection, which the court shall make available as part of, or in addition to, the informational brochures described in RCW 7.105.115.

(a) The court clerk shall ~~((obtain a))~~ accept an appropriate community resource list from a domestic violence program and from a sexual assault program serving the county in which the court is located. The community resource list must include the names, telephone numbers, and, as available, website links of domestic violence programs, sexual assault programs, and elder abuse programs serving the community in which the court is located, including law enforcement agencies, domestic violence agencies, sexual assault agencies, civil legal aid programs, elder abuse programs, interpreters, multicultural programs, and batterers' treatment programs. The list must be made available in print and online.

(b) The court clerk may create a community resource list of crisis intervention, behavioral health, interpreter, counseling, and other relevant resources serving the county in which the court is located. The clerk may also create a community resource list for respondents to include suicide prevention, treatment options, and resources for when children are involved in protection order cases. Any list ~~((shall))~~ must be made available in print and online.

(c) Courts may make the community resource lists specified in (a) and (b) of this subsection available as part of, or in addition to, the informational brochures described in subsection (1) of this section, and should ~~((translate))~~

accept from the programs that provided the resource lists translations of them into the languages spoken by the county's top five significant non-English-speaking populations.

(3) Court clerks should not make an assessment of the merits of a petitioner's petition for a protection order or refuse to accept for filing any petition that meets the basic procedural requirements.

Sec. 9. RCW 7.105.150 and 2021 c 215 s 18 are each amended to read as follows:

(1) To minimize delays and the need for more hearings, which can hinder access to justice and undermine judicial economy, to lessen costs, to guarantee actual notice to the respondent, and to simplify and modernize processes for petitioners, respondents, law enforcement, and the courts, the following methods of service are authorized for protection order proceedings, including petitions, temporary protection orders, reissuances of temporary protection orders, full protection orders, motions to renew protection orders, and motions to modify or terminate protection orders.

(a) ~~((Personal))~~ (i) Except as provided in (a)(iii) and (b)(i) of this subsection, personal service, consistent with court rules for civil proceedings, ~~((must be made by law enforcement to mitigate risks, increase safety, and ensure swift recovery of firearms in cases))~~ is required in: (A) Cases requiring the surrender of firearms, such as extreme risk protection orders and protection orders with orders to surrender and prohibit weapons; (B) cases that involve transferring the custody of a child or children from the respondent to the petitioner; ~~((or))~~ (C) cases involving vacating the respondent from the parties' shared residence~~((Personal service should also be used in))~~; (D) cases involving a respondent who is incarcerated; and (E) cases where a petition for a vulnerable adult protection order is filed by someone other than the vulnerable adult.

(ii) Personal service in cases specified in (a)(i)(A) through (D) of this subsection must be made by law enforcement including, at a minimum, two timely attempts at personal service. To reduce risk of harm for cases requiring personal service, law enforcement should continue to attempt personal service up

to the hearing date. Personal service for cases specified in (a)(i)(E) of this subsection and when used for other protection order cases must ~~((otherwise))~~ be made by law enforcement unless the petitioner elects to have the respondent served by a third party who is not a party to the action ~~((and))~~, is ~~((over))~~ 18 years of age or older and competent to be a witness, and can provide sworn proof of service to the court as required.

(iii) In cases where personal service is required under this subsection, after two unsuccessful attempts at personal service, service shall be permitted by electronic means in accordance with (b) of this subsection.

(b)(i) Service by electronic means, including service by email, text message, social media applications, or other technologies, must be prioritized for all orders at the time of the issuance of temporary protection orders, ~~((with the exception of the following cases, for which personal service must be prioritized: (A) Cases requiring the surrender of firearms, such as extreme risk protection orders and protection orders with orders to surrender weapons; (B) cases that involve transferring the custody of a child or children from the respondent to the petitioner; (C) cases involving vacating the respondent from the parties' shared residence; or (D) cases involving a respondent who is incarcerated))~~ except in cases where personal service is required under (a) of this subsection. ~~((Once))~~ For cases specified in (a)(i)(A) through (D) of this subsection, once firearms and concealed pistol licenses have been surrendered and verified by the court, or there is evidence the respondent does not possess firearms, the restrained party has been vacated from the shared residence, or the custody of the child or children has been transferred, per court order, or the respondent is no longer incarcerated, then subsequent motions and orders may be served electronically.

(ii) Service by electronic means must be ~~((effected))~~ made by a law enforcement agency, unless the petitioner elects to have the respondent served by any person who is not a party to the action, is ~~((over))~~ 18 years of age or older and competent to be a witness, and can provide sworn proof of service to the court as required. Court authorization permitting electronic service is not

required except in cases specified in (a)(i)(A) through (D) of this subsection. In those cases, either request of the petitioner, or good cause for granting an order for electronic service, such as two failed attempts at personal service, are required to authorize service by electronic means. No formal motion is necessary.

(iii) The respondent's email address, number for text messaging, and username or other identification on social media applications and other technologies, if known or available, must be provided by the petitioner to law enforcement in the confidential information form, and attested to by the petitioner as being the legitimate, current, or last known contact information for the respondent.

(iv) Electronic service must be effected by transmitting copies of the petition and any supporting materials filed with the petition, notice of hearing, and any orders, or relevant materials for motions, to the respondent at the respondent's electronic address or the respondent's electronic account associated with email, text messaging, social media applications, or other technologies. Verification of ~~((receipt))~~ notice is required and may be accomplished through read-receipt mechanisms, a response, a sworn statement from the person who effected service verifying transmission and any follow-up communications such as email or telephone contact used to further verify, or an appearance by the respondent at a hearing. Sworn proof of service must be filed with the court by the person who effected service. ~~((Service by electronic means is complete upon transmission when made prior to 5:00 p.m. on a judicial day. Service made on a Saturday, Sunday, legal holiday, or after 5:00 p.m. on any other day shall be deemed complete at 9:00 a.m. on the first judicial day thereafter.))~~

(c) Service by mail is permitted when: (i) Personal service was required, there have been two unsuccessful attempts at personal service, and electronic service is not possible ~~((, and there have been two unsuccessful attempts at personal service or when the petitioner requests it in lieu of electronic service or personal service where personal service is not otherwise required))~~; or (ii) personal service is not required and there have been two unsuccessful attempts at personal or electronic service. If

electronic service and personal service are not successful, the court shall affirmatively order service by mail without requiring additional motions to be filed by the petitioner. Service by mail must be made by any person who is not a party to the action and is ~~((over))~~ 18 years of age or older and competent to be a witness, by mailing copies of the materials to be served to the party to be served at the party's last known address or any other address determined by the court to be appropriate. Two copies must be mailed, postage prepaid, one by ordinary first-class mail and the other by a form of mail requiring a tracking or certified information showing when and where it was delivered. The envelopes must bear the return address ~~((of the sender))~~ where the petitioner may receive legal mail. Service is complete ~~((upon))~~ 10 calendar days after the mailing of two copies as prescribed in this section. Where service by mail is provided by a third party, the clerk shall forward proof of service by mail to the law enforcement agency in the county or municipality where the respondent resides.

(d) Service by publication is permitted only in those cases where all other means of service have been unsuccessful or are not possible due to lack of any known physical or electronic address of the respondent. Publication must be made in a newspaper of general circulation in the county where the petition was brought and in the county of the last known address of the respondent once a week for three consecutive weeks. The newspaper selected must be one of the three most widely circulated papers in the county. The publication of summons must not be made until the court orders service by publication under this section. Service of the summons is considered complete on the date of the third publication when ~~((the))~~ publication has been made for three consecutive weeks. The summons must be signed by the petitioner. The summons must contain the date of the first publication, and shall require the respondent upon whom service by publication is desired to appear and answer the petition on the date set for the hearing. The summons must also contain a brief statement of the reason for the petition and a summary of the provisions under the temporary protection order. The summons must be essentially in the following form:

In the court of the state of Washington for the county of

, Petitioner
vs. No.
, Respondent

The state of Washington to (respondent):

You are hereby summoned to appear on the day of, (year), at a.m./p.m., and respond to the petition. If you fail to respond, a protection order will be issued against you pursuant to the provisions of chapter 7.105 RCW, for a minimum of one year from the date you are required to appear. A temporary protection order has been issued against you, restraining you from the following: (Insert a brief statement of the provisions of the temporary protection order). A copy of the petition, notice of hearing, and temporary protection order has been filed with the clerk of this court.

Petitioner

(2) The court may authorize multiple methods of service permitted by this section and may consider use of any address determined by the court to be appropriate in order to authorize service that is reasonably probable to provide actual notice. The court shall favor speedy and cost-effective methods of service to promote prompt and accessible resolution of the merits of the petition.

(3) To promote judicial economy and reduce delays, for respondents who are able to be served electronically, the respondent, or the parent or guardian of the respondent for respondents under the age of 18 or the guardian or conservator of an adult respondent, shall be required to provide his or her electronic address or electronic account associated with an email, text messaging, social media application, or other technology by filing the confidential party information form referred to in RCW 7.105.115(1). This must occur at the earliest point at which the respondent, parent, guardian, or conservator is in contact with the court so that electronic service can be effected for all subsequent motions, orders, and hearings.

(4) If an order entered by the court recites that the respondent appeared before the court, either in person or remotely, the necessity for further service is waived and proof of service of that order is not necessary, including in cases where the respondent leaves the hearing before a final ruling is issued or signed. The court's order, entered after a hearing, need not be served on a respondent who fails to appear before the court for the hearing, if material terms of the order have not changed from those contained in the temporary order, and it is shown to the court's satisfaction that the respondent has previously been served with the temporary order.

(5) When the respondent for a protection order is under the age of 18 or is an individual subject to a guardianship or conservatorship under Title 11 RCW:

(a) When the respondent is a minor, service of a petition for a protection order, modification, or renewal, shall be completed, as defined in this chapter, upon both the respondent and the respondent's parent or legal guardian.

(b) A copy of the protection order must be served on a parent, guardian, or conservator of the respondent at any address where the respondent resides, or the department of children, youth, and families in the case where the respondent is the subject of a dependency or court approved out-of-home placement. A minor respondent shall not be served at the minor respondent's school unless no other address for service is known.

(c) For extreme risk protection orders, the court shall also provide a parent, guardian, or conservator of the respondent with written notice of the legal obligation to safely secure any firearm on the premises and the potential for criminal prosecution if a prohibited person were to obtain access to any firearm. This notice may be provided at the time the parent, guardian, or conservator of the respondent appears in court or may be served along with a copy of the order, whichever occurs first.

(6) When a petition for a vulnerable adult protection order is filed by someone other than the vulnerable adult, notice of the petition and hearing must be personally served upon the vulnerable adult. In addition to copies of all pleadings filed by the petitioner, the petitioner shall provide a written notice

to the vulnerable adult using a standard notice form developed by the administrative office of the courts. The standard notice form must be designed to explain to the vulnerable adult in clear, plain language the purpose and nature of the petition and that the vulnerable adult has the right to participate in the hearing and to either support or object to the petition.

(7) The court shall not dismiss, over the objection of a petitioner, a petition for a protection order or a motion to renew a protection order based on the inability of law enforcement or the petitioner to serve the respondent, unless the court determines that all available methods of service have been attempted unsuccessfully or are not possible.

Sec. 10. RCW 7.105.155 and 2021 c 215 s 19 are each amended to read as follows:

When service is to be completed under this chapter by a law enforcement officer:

(1) The clerk of the court shall have a copy of any order issued under this chapter, the confidential information form, as well as the petition for a protection order and any supporting materials, electronically forwarded on or before the next judicial day to the law enforcement agency in the county or municipality where the respondent resides, as specified in the order, for service upon the respondent. If the respondent has moved from that county or municipality and personal service is not required, the law enforcement agency specified in the order may serve the order;

(2) Service of an order issued under this chapter must take precedence over the service of other documents by law enforcement unless they are of a similar emergency nature;

(3) Where personal service is required, the first attempt at service must occur within 24 hours of receiving the order from the court whenever practicable, but not more than five days after receiving the order. If the first attempt is not successful, no fewer than two additional attempts should be made to serve the order, particularly for respondents who present heightened risk of lethality or other risk of physical harm to the petitioner or petitioner's family or household members. ~~((Law enforcement shall document all))~~ All

attempts at service must be documented on a ~~((return))~~ proof of service form and ~~((submit it))~~ submitted to the court in a timely manner;

(4) If service cannot be completed within 10 calendar days, the law enforcement officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification. Law enforcement shall continue to attempt to complete service unless otherwise directed by the court. In the event that the petitioner does not provide a service address for the respondent or there is evidence that the respondent is evading service, the law enforcement officer shall use law enforcement databases to assist in locating the respondent;

(5) If the respondent is in a protected person's presence at the time of contact for service, the law enforcement officer should take reasonable steps to separate the parties when possible prior to completing the service or inquiring about or collecting firearms. When the order requires the respondent to vacate the parties' shared residence, law enforcement shall take reasonable steps to ensure that the respondent has left the premises and is on notice that his or her return is a violation of the terms of the order. The law enforcement officer shall provide the respondent with copies of all forms with the exception of the ~~((law enforcement information sheet))~~ confidential information form completed by the protected party and the ~~((return))~~ proof of service form;

(6) Any law enforcement officer who serves a protection order on a respondent with the knowledge that the respondent requires special assistance due to a disability, brain injury, or impairment shall make a reasonable effort to accommodate the needs of the respondent to the extent practicable without compromise to the safety of the petitioner;

(7) Proof of service must be submitted to the court on the ~~((return))~~ proof of service form. The form must include the date and time of service and each document that was served in order for the service to be complete, along with any details such as conduct at the time of service, threats, or avoidance of service, as well as statements regarding possession of firearms, including any denials of ownership despite positive purchase history, active concealed

pistol license, or sworn statements in the petition that allege the respondent's access to, or possession of, firearms; or

(8) If attempts at service were not successful, the ~~((return))~~ proof of service form or the form letter showing that the order was not served, and stating the reason it was not served, must be returned to the court by the next judicial day following the last unsuccessful attempt at service. Each attempt at service must be noted and reflected in computer aided dispatch records, with the date, time, address, and reason service was not completed.

Sec. 11. RCW 7.105.165 and 2021 c 215 s 21 are each amended to read as follows:

~~((Service))~~ (1) Unless waived by the nonmoving party, service must be completed on the nonmoving party not less than five judicial days before the hearing date(, unless waived by the nonmoving party)). If service cannot be made, the court shall set a new hearing date and shall either require an additional attempt at obtaining service or permit service by other means authorized in this chapter. The court shall not require more than two attempts at obtaining service before permitting service by other means authorized in this chapter unless the moving party requests additional time to attempt service.

(2) Service is completed on the day the respondent is served personally, on the date of transmission for electronic service, on the 10th calendar day after mailing for service by mail, or on the date of the third publication when publication has been made for three consecutive weeks for service by publication.

(3) If the nonmoving party was served before the hearing, but less than five judicial days before the hearing, it is not necessary to re-serve materials that the nonmoving party already received, but any new notice of hearing and reissued order must be served on the nonmoving party. ~~((The court shall not require more than two attempts at obtaining service before permitting service by other means authorized in this chapter unless the moving party requests additional time to attempt service. If the court permits service by mail or by publication, the court shall set the hearing date not later than 24 days from the date of the order authorizing such service.))~~ This additional service may be made by mail as

an alternative to other authorized methods of service under this chapter. If done by mail, this additional service is considered completed on the third calendar day after mailing.

(4) Where electronic service was not complete because there was no verification of notice, and service by mail or publication has been authorized, copies must also be sent by electronic means to any known electronic addresses.

Sec. 12. RCW 7.105.200 and 2021 c 215 s 24 are each amended to read as follows:

In hearings under this chapter, the following apply:

(1) Hearings under this chapter are special proceedings. The procedures established under this chapter for protection order hearings supersede inconsistent civil court rules. Courts should evaluate the needs and procedures best suited to individual hearings based on consideration of the totality of the circumstances, including disparities that may be apparent in the parties' resources and representation by counsel.

(2)(a) Courts shall prioritize hearings on petitions for ex parte temporary protection orders over less emergent proceedings.

(b) For extreme risk protection order hearings where a law enforcement agency is the petitioner, the court shall prioritize scheduling because of the importance of immediate temporary removal of firearms in situations of extreme risk and the goal of minimizing the time law enforcement must otherwise wait for a particular case to be called, which can hinder their other patrol and supervisory duties. Courts also may allow a law enforcement petitioner to participate ~~((telephonically))~~ remotely, or allow another representative from that law enforcement agency or the prosecutor's office to present the information to the court if personal presence of the petitioning officer is not required for testimonial purposes.

(3) ~~((A hearing on a petition for a protection order must be set by the court even if the court has denied a request for a temporary protection order in the proceeding where the petition is not dismissed or continued pursuant to subsection (11) of this section.~~

~~((4))~~ If the respondent does not appear ~~((, or the petitioner informs the~~

~~court that the respondent has not been served at least five judicial days before the hearing date and the petitioner desires to pursue service, or the parties have informed the court of an agreed date of continuance for the hearing,)) for the full hearing and there is no proof of timely and proper service on the respondent, the court shall reissue any temporary protection order previously issued(~~(, cancel the scheduled hearing,))~~ and reset the hearing date. If a temporary protection order is reissued, the court shall reset the hearing date not later than 14 days from the reissue date. If a temporary protection order is reissued and the court permits service by mail or by publication, the court shall reset the hearing date not later than 30 days from the date of the order authorizing such service. These time frames may be extended for good cause.~~

~~((+5))~~ (4) When considering any request to stay, continue, or delay a hearing under this chapter because of the pendency of a parallel criminal investigation or prosecution of the respondent, courts shall apply a rebuttable presumption against such delay and give due recognition to the purpose of this chapter to provide victims quick and effective relief. Courts must consider on the record the following factors:

(a) The extent to which a defendant's Fifth Amendment rights are or are not implicated, given the special nature of protection order proceedings, which burden a defendant's Fifth Amendment privilege substantially less than do other civil proceedings;

(b) Similarities between the civil and criminal cases;

(c) Status of the criminal case;

(d) The interests of the petitioners in proceeding expeditiously with litigation and the potential prejudice and risk to petitioners of a delay;

(e) The burden that any particular aspect of the proceeding may impose on respondents;

(f) The convenience of the court in the management of its cases and the efficient use of judicial resources;

(g) The interests of persons not parties to the civil litigation; and

(h) The interest of the public in the pending civil and criminal litigation.

~~((+6))~~ (5) Hearings (~~must~~) may be conducted upon ~~((live testimony of the parties and sworn declarations))~~ the information provided in the sworn petition, live testimony of the parties should they choose to testify, and any additional sworn declarations. Live testimony of witnesses other than the parties may be requested by a party, but shall not be permitted unless the court finds that live testimony of witnesses other than the parties is necessary and material. If either party requests a continuance to allow for proper notice of witnesses or to afford a party time to seek counsel, the court (~~should~~) may continue the hearing. In considering the request, the court should consider the rebuttable presumption against delay and the purpose of this chapter to provide victims quick and effective relief.

(6) If the court continues (~~the~~) a hearing for any reason, the court shall reissue any temporary orders, including orders to surrender and prohibit weapons, issued with or without notice.

(7) Prehearing discovery under the civil court rules, including, but not limited to, depositions, requests for production, or requests for admission, is disfavored and only permitted if specifically authorized by the court for good cause shown upon written motion of a party filed six judicial days prior to the hearing and served prior to the hearing.

(8) The rules of evidence need not be applied, other than with respect to privileges, the requirements of the rape shield statute under RCW 9A.44.020, and evidence rules 412 and 413.

(9)(a) The prior sexual activity or the reputation of the petitioner is inadmissible except:

(i) As evidence concerning the past sexual conduct of the petitioner with the respondent when this evidence is offered by the respondent upon the issue of whether the petitioner consented to the sexual conduct alleged for the purpose of a protection order; or

(ii) When constitutionally required to be admitted.

(b) To determine admissibility, a written motion must be made six judicial days prior to the protection order hearing. The motion must include an offer of proof of the relevancy of the proposed evidence and reasonably specific

information as to the date, time, and place of the past sexual conduct between the petitioner and the respondent. If the court finds that the offer of proof is relevant to the issue of the victim's consent, the court shall conduct a hearing in camera. The court may not admit evidence under this subsection unless it determines at the hearing that the evidence is relevant and the probative value of the evidence outweighs the danger of unfair prejudice. The evidence shall be admissible at the hearing to the extent an order made by the court specifies the evidence that may be admitted. If the court finds that the motion and related documents should be sealed pursuant to court rule and governing law, it may enter an order sealing the documents.

(10) When a petitioner has alleged incapacity to consent to sexual conduct or sexual penetration due to intoxicants, alcohol, or other condition, the court must determine on the record whether the petitioner had the capacity to consent.

~~(11) ((If, prior to a full hearing, the court finds that the petition for a protection order does not contain sufficient allegations as a matter of law to support the issuance of a protection order, the court shall permit the petitioner 14 days to prepare and file an amended petition, provided the petitioner states an intent to do so and the court does not find that amendment would be futile. If the amended petition is not filed within 14 days, the case must be administratively dismissed by the clerk's office.~~

~~(12))~~ Courts shall not require parties to submit duplicate or working copies of pleadings or other materials filed with the court, unless the document or documents cannot be scanned or are illegible.

~~((13))~~ (12) Courts shall, if possible, have petitioners and respondents in protection order proceedings gather in separate locations and enter and depart the court room at staggered times. Where the option is available, for safety purposes, the court should arrange for petitioners to leave the court premises first and to have court security escort petitioners to their vehicles or transportation.

Sec. 13. RCW 7.105.205 and 2021 c 215 s 25 are each amended to read as follows:

(1) Hearings on protection orders, including hearings concerning temporary protection orders, full protection orders, compliance, reissuance, renewal, modification, or termination, may be conducted in person or remotely in order to enhance access for all parties.

(2) In the court's discretion, parties ~~((and)),~~ witnesses, and others authorized by this chapter to participate in protection order proceedings may attend a hearing on a petition for a protection order, or any hearings conducted pursuant to this chapter, in person or remotely, including by telephone, video, or other electronic means where possible. No later than three judicial days before the hearing, the parties may request to appear at the hearing, with witnesses, remotely by telephone, video, or other electronic means. The court shall grant any request for a remote appearance unless the court finds good cause to require in-person attendance or attendance through a specific means.

(3) Courts shall require assurances of the identity of persons who appear by telephone, video, or other electronic means. Courts may not charge fees for remote appearances.

(4) Courts shall not post or stream proceedings or recordings of protection order hearings online unless (a) a waiver has been received from all parties, or (b) the hearing is being conducted online and members of the public do not have in-person access to observe or listen to the hearing. Unless the court orders a hearing to be closed to the public consistent with the requirements of Washington law, courts should provide access to members of the public who wish to observe or listen to a hearing conducted by telephone, video, or other electronic means.

(5) If a hearing is held with any parties or witnesses appearing remotely, the following apply:

(a) Courts should include directions to access a hearing remotely in the order setting the hearing and in any order granting a party's request for a remote appearance. Such orders shall also include directions to request an interpreter and accommodations for disabilities;

(b) Courts should endeavor to give a party or witness appearing by telephone no more than a one-hour waiting time by

the court for the hearing to begin. For remote hearings, if the court anticipates the parties or witnesses will need to wait longer than one hour to be called or connected, the court should endeavor to inform them of the estimated start time of the hearing;

(c) Courts should inform the parties before the hearing begins that the hearing is being recorded by the court, in what manner the public is able to view the hearing, how a party may obtain a copy of the recording of the hearing, and that recording or broadcasting any portion of the hearing by any means other than the court record is strictly prohibited without prior court approval;

(d) To minimize trauma, while allowing remote hearings to be observed by the public, courts should take appropriate measures to prevent members of the public or the parties from harassing or intimidating any party or witness to a case. Such practices may include, but are not limited to, disallowing members of the public from communicating with the parties or with the court during the hearing, ensuring court controls over microphone and viewing settings, and announcing limitations on allowing others to record the hearing;

(e) Courts shall use technology that accommodates American sign language and other languages;

(f) To help ensure that remote access does not undermine personal safety or privacy, or introduce other risks, courts should protect the privacy of telephone numbers, emails, and other contact information for parties ~~((and)),~~ witnesses, and others authorized by this chapter to participate in protection order proceedings, and inform ~~((parties and witnesses))~~ them of these safety considerations. Materials available to ~~((parties and witnesses))~~ persons appearing remotely should include warnings not to state their addresses or telephone numbers at the hearing, and that they ~~((may use virtual backgrounds to help ensure that their backgrounds do not reveal their location))~~ should ensure that background surroundings do not reveal their location;

(g) Courts should provide the parties, in orders setting the hearing, with a telephone number and an email address for the court, which the parties may use to inform the court if they have been unable to appear remotely for a hearing. Before

dismissing or granting a petition due to the petitioner or respondent not appearing for a remote hearing, or the court not being able to reach the party via telephone or video, the court shall check for any notifications to the court regarding issues with remote access or other technological difficulties. If any party has provided such notification to the court, the court shall not dismiss or grant the petition, but shall reset the hearing by continuing it and reissuing any temporary order in place. If a party was unable to provide the notification regarding issues with remote access or other technological difficulties on the day of the hearing prior to the court's ruling, that party may seek relief via a motion for reconsideration; and

(h) A party attending a hearing remotely who is unable to participate in the hearing outside the presence of others who reside with the party, but who are not part of the proceeding including, but not limited to, children, and who asserts that the presence of those individuals may hinder the party's testimony or the party's ability to fully and meaningfully participate in the hearing, may request ~~((, and shall be granted, one))~~ a continuance on that basis. ~~((Subsequent))~~ Such requests may be granted in the court's discretion. In considering the request, the court may consider the rebuttable presumption against delay and the purpose of this chapter to provide victims quick and effective relief.

Sec. 14. RCW 7.105.250 and 2021 c 215 s 34 are each amended to read as follows:

(1) Whether or not the petitioner has retained an attorney, a sexual assault or domestic violence advocate, as defined in RCW 5.60.060, shall be allowed to accompany the petitioner, or appear remotely with the petitioner, and confer with the petitioner during court proceedings. The sexual assault or domestic violence advocate shall not provide legal representation nor interpretation services. Court administrators shall allow sexual assault and domestic violence advocates to assist petitioners with their protection orders. Sexual assault and domestic violence advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this section. Unless the sexual assault or domestic violence advocate seeks to speak directly to the

court, advocates shall not be required to be identified on the record beyond stating their role as a sexual assault or domestic violence advocate and identifying the program for which they work or volunteer for. Communications between the petitioner and a sexual assault and domestic violence advocate are protected as provided by RCW 5.60.060.

(2) Whether or not the petitioner has retained an attorney, a protection order advocate must be allowed to accompany the petitioner to any legal proceeding including, but not limited to, sitting or standing next to the petitioner, appearing remotely with the petitioner, and conferring with the petitioner during court proceedings, or addressing the court when invited to do so.

(a) For purposes of this section, "protection order advocate" means any employee or volunteer from a program that provides, as some part of its services, information, advocacy, counseling, or support to persons seeking protection orders.

(b) The protection order advocate shall not provide legal representation nor interpretation services.

(c) Unless a protection order advocate seeks to speak directly to the court, protection order advocates shall not be required to be identified on the record beyond stating his or her role as a protection order advocate and identifying the program for which he or she works or volunteers.

(d) A protection order advocate who is not employed by, or under the direct supervision of, a law enforcement agency, a prosecutor's office, the child protective services section of the department of children, youth, and families as defined in RCW 26.44.020, or other governmental entity, has the same privileges, rights, and responsibilities as a sexual assault advocate and domestic violence advocate under RCW 5.60.060.

(3) Whether or not the petitioner has retained an attorney (~~(, if a petitioner does not have)~~) or has an advocate, the petitioner shall be allowed a support person to accompany the petitioner to any legal proceeding including, but not limited to, sitting or standing next to the petitioner, appearing remotely with the petitioner, and conferring with the petitioner during court proceedings. The support person may be any third party of

the petitioner's choosing, provided that:

(a) The support person shall not provide legal representation nor interpretation services; and

(b) A support person who is not employed by, or under the direct supervision of, a law enforcement agency, a prosecutor's office, the child protective services section of the department of children, youth, and families as defined in RCW 26.44.020, or other government entity, may not, without the consent of the petitioner, be examined as to any communication between the petitioner and the support person regarding the petition.

Sec. 15. RCW 7.105.255 and 2021 c 215 s 35 are each amended to read as follows:

To help ensure familiarity with the unique nature of protection order proceedings, and an understanding of trauma-informed practices and best practices in the use of new technologies for remote hearings, judicial officers, including persons who serve as judicial officers pro tempore, should receive evidence-based training on procedural justice, trauma-informed practices, gender-based violence dynamics, coercive control, elder abuse, juvenile sex offending, teen dating violence, and requirements for the surrender of weapons before presiding over protection order hearings. Trainings should be provided on an ongoing basis as best practices, research on trauma, and legislation continue to evolve. As a method of continuous training, court commissioners, including pro tempore commissioners, shall be notified by the presiding judge or court administrator upon revision of any decision made under this chapter.

Sec. 16. RCW 7.105.305 and 2021 c 215 s 38 are each amended to read as follows:

(1) Where it appears from the petition and any additional evidence that the respondent has engaged in conduct against the petitioner that serves as a basis for a protection order under this chapter, and the petitioner alleges that serious immediate harm or irreparable injury could result if an order is not issued immediately without prior notice to the respondent, the court may grant an ex parte temporary protection order, pending a full hearing. The court has broad discretion to grant such relief as the court deems proper, including the

forms of relief listed in RCW 7.105.310, provided that the court shall not order a form of relief listed in RCW 7.105.310 if it would not be feasible or appropriate for the respondent to comply with such a requirement before a full hearing may be held on the petition for a protection order. If the court does not order all the relief requested by the petitioner in an ex parte temporary protection order, the court shall still consider ordering such relief at the full hearing on the petition for a protection order. In issuing the order, the court shall consider the provisions of RCW 9.41.800, and order the respondent to surrender, and prohibit the respondent from accessing, having in his or her custody or control, possessing, purchasing, attempting to purchase or receive, or receiving, all firearms, dangerous weapons, and any concealed pistol license, as required in RCW 9.41.800.

(2) Any order issued under this section must contain the date, time of issuance, and expiration date.

(3) The court may issue an ex parte temporary protection order on the petition with or without a hearing. If an ex parte temporary protection order is denied, the court shall still set a full hearing unless the court determines the petition does not contain prima facie allegations to support the issuance of any type of protection order. If the court declines to issue an ex parte temporary protection order as requested or declines to set a hearing, the court shall state the ((particular)) reasons ((for the court's denial)) in writing. The court's denial of a motion for an ex parte temporary protection order shall be filed with the court. ((If an ex parte temporary protection order is denied, the court shall still set a full hearing on the petition for a protection order.))

(4) If a full hearing is set on a petition that is filed before close of business on a judicial day, the hearing must be set not later than 14 days from the date of the filing of the petition. If a full hearing is set on a petition that is submitted after close of business on a judicial day or is submitted on a nonjudicial day, the hearing must be set not later than 14 days from the first judicial day after the petition is filed, which may be extended for good cause.

(5) If the court does not set a full hearing, the petitioner may file an

amended petition within 14 days of the court's denial. If the court determines the amended petition does not contain prima facie allegations to support the issuance of any type of protection order or if the petitioner fails to file an amended petition within the required time, the court may enter an order dismissing the petition.

(6) A petitioner may not obtain an ex parte temporary antiharassment protection order against a respondent if the petitioner has previously obtained two such ex parte orders against the same respondent, but has failed to obtain the issuance of a civil antiharassment protection order, unless good cause for such failure can be shown.

Sec. 17. RCW 7.105.310 and 2021 c 215 s 39 are each amended to read as follows:

(1) In issuing any type of protection order, other than an ex parte temporary antiharassment protection order as limited by subsection (2) of this section, and other than an extreme risk protection order, the court shall have broad discretion to grant such relief as the court deems proper, including an order that provides relief as follows:

(a) Restrain the respondent from committing any of the following acts against the petitioner and other persons protected by the order: Domestic violence; nonconsensual sexual conduct or nonconsensual sexual penetration; sexual abuse; stalking; acts of abandonment, abuse, neglect, or financial exploitation against a vulnerable adult; and unlawful harassment;

(b) Restrain the respondent from making any attempts to have contact, including nonphysical contact, with the petitioner or the petitioner's family or household members who are minors or other members of the petitioner's household, either directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(c) Exclude the respondent from the ((dwelling)) residence that the parties share;

(d) Exclude the respondent from the residence, workplace, or school of the petitioner; or from the day care or school of a minor child;

((d)) (e) Restrain the respondent from knowingly coming within, or

knowingly remaining within, a specified distance from a specified location including, but not limited to, a residence, school, day care, workplace, the protected party's person, and the protected party's vehicle. The specified distance shall presumptively be at least 1,000 feet, unless the court for good cause finds that a shorter specified distance is appropriate;

((~~e~~)) (f) If the parties have children in common, make residential provisions with regard to their minor children on the same basis as is provided in chapter 26.09 RCW. However, parenting plans as specified in chapter 26.09 RCW must not be required under this chapter. The court may not delay or defer relief under this chapter on the grounds that the parties could seek a parenting plan or modification to a parenting plan in a different action. A protection order must not be denied on the grounds that the parties have an existing parenting plan in effect. A protection order may suspend the respondent's contact with the parties' children under an existing parenting plan, subject to further orders in a family law proceeding;

((~~f~~)) (g) Order the respondent to participate in a state-certified domestic violence perpetrator treatment program approved under RCW 43.20A.735 or a state-certified sex offender treatment program approved under RCW 18.155.070;

((~~g~~)) (h) Order the respondent to obtain a mental health or chemical dependency evaluation. If the court determines that a mental health evaluation is necessary, the court shall clearly document the reason for this determination and provide a specific question or questions to be answered by the mental health professional. The court shall consider the ability of the respondent to pay for an evaluation. Minors are presumed to be unable to pay. The parent or legal guardian is responsible for costs unless the parent or legal guardian demonstrates inability to pay;

((~~h~~)) (i) In cases where the petitioner and the respondent are students who attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger, emotional distress, or educational disruption to

the petitioner, and the financial difficulty and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the respondent not attend the public or private elementary, middle, or high school attended by the petitioner. If a minor respondent is prohibited attendance at the minor's assigned public school, the school district must provide the student comparable educational services in another setting. In such a case, the district shall provide transportation at no cost to the respondent if the respondent's parent or legal guardian is unable to pay for transportation. The district shall put in place any needed supports to ensure successful transition to the new school environment. The court shall send notice of the restriction on attending the same school as the petitioner to the public or private school the respondent will attend and to the school the petitioner attends;

((~~i~~)) (j) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense, and to reimburse the petitioner for costs incurred in bringing the action, including reasonable attorneys' fees or limited license legal technician fees when such fees are incurred by a person licensed and practicing in accordance with state supreme court admission and practice rule 28, the limited practice rule for limited license legal technicians. Minors are presumed to be unable to pay. The parent or legal guardian is responsible for costs unless the parent or legal guardian demonstrates inability to pay;

((~~j~~)) (k) Restrain the respondent from harassing, following, monitoring, keeping under physical or electronic surveillance, cyberstalking as defined in RCW 9.61.260, and using telephonic, audiovisual, or other electronic means to monitor the actions, location, or communication of the petitioner or the petitioner's family or household members who are minors or other members of the petitioner's household. For the purposes of this subsection, "communication" includes both "wire communication" and "electronic communication" as defined in RCW 9.73.260;

((~~k~~)) (l) Other than for respondents who are minors, require the respondent to submit to electronic monitoring. The

order must specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the respondent to pay for electronic monitoring;

~~((l))~~ (m) Consider the provisions of RCW 9.41.800, and order the respondent to surrender, and prohibit the respondent from accessing, having in his or her custody or control, possessing, purchasing, attempting to purchase or receive, or receiving, all firearms, dangerous weapons, and any concealed pistol license, as required in RCW 9.41.800;

~~((m))~~ (n) Order possession and use of essential personal effects. The court shall list the essential personal effects with sufficient specificity to make it clear which property is included. Personal effects may include pets. The court may order that a petitioner be granted the exclusive custody or control of any pet owned, possessed, leased, kept, or held by the petitioner, respondent, or minor child residing with either the petitioner or respondent, and may prohibit the respondent from interfering with the petitioner's efforts to obtain the pet. The court may also prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance of specified locations where the pet is regularly found;

~~((n))~~ (o) Order use of a vehicle;

~~((o))~~ (p) Enter an order restricting the respondent from engaging in abusive litigation as set forth in chapter 26.51 RCW or in frivolous filings against the petitioner, making harassing or libelous communications about the petitioner to third parties, or making false reports to investigative agencies. A petitioner may request this relief in the petition or by separate motion. A petitioner may request this relief by separate motion at any time within five years of the date the protection order is entered even if the order has since expired. A stand-alone motion for an order restricting abusive litigation may be brought by a party who meets the requirements of chapter 26.51 RCW regardless of whether the party has previously sought a protection order under this chapter, provided the motion is made within five years of the date the order that made a finding of domestic

violence was entered. In cases where a finding of domestic violence was entered pursuant to an order under chapter 26.09, 26.26, or 26.26A RCW, a motion for an order restricting abusive litigation may be brought under the family law case or as a stand-alone action filed under this chapter, when it is not reasonable or practical to file under the family law case;

~~((p))~~ (q) Restrain the respondent from committing acts of abandonment, abuse, neglect, or financial exploitation against a vulnerable adult;

~~((q))~~ (r) Require an accounting by the respondent of the disposition of the vulnerable adult's income or other resources;

~~((r))~~ (s) Restrain the transfer of either the respondent's or vulnerable adult's property, or both, for a specified period not exceeding 90 days;

~~((s))~~ (t) Order financial relief and restrain the transfer of jointly owned assets;

~~((t))~~ (u) Restrain the respondent from possessing or distributing intimate images, as defined in RCW 9A.86.010, depicting the petitioner including, but not limited to, requiring the respondent to: Take down and delete all intimate images and recordings of the petitioner in the respondent's possession or control; and cease any and all disclosure of those intimate images. The court may also inform the respondent that it would be appropriate to ask third parties in possession or control of the intimate images of this protection order to take down and delete the intimate images so that the order may not inadvertently be violated; or

~~((u))~~ (v) Order other relief as it deems necessary for the protection of the petitioner and other family or household members who are minors or vulnerable adults for whom the petitioner has sought protection, including orders or directives to a law enforcement officer, as allowed under this chapter.

(2) In an antiharassment protection order proceeding, the court may grant the relief specified in subsection (1)(c), (f), and (t) of this section only as part of a full antiharassment protection order.

(3) The court in granting a temporary antiharassment protection order or a

civil antiharassment protection order shall not prohibit the respondent from exercising constitutionally protected free speech. Nothing in this section prohibits the petitioner from utilizing other civil or criminal remedies to restrain conduct or communications not otherwise constitutionally protected.

~~((3))~~ (4) The court shall not take any of the following actions in issuing a protection order.

(a) The court may not order the petitioner to obtain services including, but not limited to, drug testing, victim support services, a mental health assessment, or a psychological evaluation.

~~(b) ((The court may not order the petitioner to pay the respondent's attorneys' fees or other costs.~~

~~(c))~~ The court shall not issue a full protection order to any party except upon notice to the respondent and the opportunity for a hearing pursuant to a petition or counter-petition filed and served by the party seeking relief in accordance with this chapter. Except as provided in RCW 7.105.210, the court shall not issue a temporary protection order to any party unless the party has filed a petition or counter-petition for a protection order seeking relief in accordance with this chapter.

~~((d))~~ (c) Under no circumstances shall the court deny the petitioner the type of protection order sought in the petition on the grounds that the court finds that a different type of protection order would have a less severe impact on the respondent.

~~((4))~~ (5) The order shall specify the date the order expires, if any. For permanent orders, the court shall set the date to expire 99 years from the issuance date. The order shall also state whether the court issued the protection order following personal service, service by electronic means, service by mail, or service by publication, and whether the court has approved service by mail or publication of an order issued under this section.

Sec. 18. RCW 7.105.320 and 2021 c 215 s 41 are each amended to read as follows:

(1) When an order is issued under this chapter upon request of the petitioner, the court may order a law enforcement officer to accompany the petitioner and

assist in placing the petitioner in possession of those items indicated in the order or to otherwise assist in the execution of the order of protection. The order must list all items that are to be included with sufficient specificity to make it clear which property is included. Orders issued under this chapter must include a designation of the appropriate law enforcement agency to execute, serve, or enforce the order. Any appropriate law enforcement agency should act where assistance is needed, even if the agency is not specifically named in the order, including assisting with the recovery of firearms as ordered.

(2) Upon order of a court, a law enforcement officer shall accompany the petitioner and assist in placing the petitioner in possession of all items listed in the order and to otherwise assist in the execution of the order.

(3) When the respondent is ordered to vacate the residence or other shared property, the respondent may be permitted by the court to remove personal clothing, personal items needed during the duration of the order, and any other items specified by the court, while a law enforcement officer is present.

(4) Where orders involve surrender of firearms, dangerous weapons, and concealed pistol licenses, those items must be secured and accounted for in a manner that prioritizes safety and compliance with court orders.

Sec. 19. RCW 7.105.340 and 2021 c 215 s 45 are each amended to read as follows:

(1) Upon the issuance of any extreme risk protection order under this chapter, including a temporary extreme risk protection order, the court shall:

(a) Order the respondent to surrender to the local law enforcement agency all firearms in the respondent's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070; and

(b) Other than for ex parte temporary protection orders, direct law enforcement to revoke any concealed pistol license issued to the respondent.

(2) The law enforcement officer serving any extreme risk protection order under this chapter, including a temporary extreme risk protection order, shall request that the respondent immediately surrender all firearms in his or her

custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms. The law enforcement officer shall take possession of all firearms belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. ~~((The order must be personally served upon the respondent or defendant if))~~ If the order is entered in open court ((in the presence of)) and the respondent ((or defendant. The respondent or defendant shall acknowledge receipt and service)) appears in person, the respondent must be provided a copy and further service is not required. If the respondent ((or defendant)) refuses ((service)) to accept a copy, an agent of the court may indicate on the record that the respondent ((or defendant)) refused ((service)) to accept a copy of the order. If the respondent appears remotely for the hearing, or leaves the hearing before a final ruling is issued or order signed, and the court believes the respondent has sufficient notice such that additional service is not necessary, the order must recite that the respondent appeared before the court, has actual notice of the order, the necessity for further service is waived, and proof of service of the order is not necessary. The court shall enter the service and receipt into the record. A copy of the order and service must be transmitted immediately to law enforcement. The respondent must immediately surrender all firearms and any concealed pistol license, not previously surrendered, in a safe manner to the control of the local law enforcement agency on the day of the hearing at which the respondent was present in person or remotely. If the respondent is in custody, arrangements to recover the firearms must be made prior to release. Alternatively, if personal service by a law enforcement officer is not possible, and the respondent did not appear in person or remotely at the hearing, the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within 24 hours of being served with the order by alternate service.

(3) At the time of surrender, a law enforcement officer taking possession of a firearm or concealed pistol license shall issue a receipt identifying all firearms that have been surrendered and provide a copy of the receipt to the

respondent. Within 72 hours after service of the order, the officer serving the order shall file the original receipt with the court and shall ensure that his or her law enforcement agency retains a copy of the receipt.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms as required by an order issued under this chapter, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms in his or her possession, custody, or control. If probable cause for a violation of the order exists, the court shall issue a warrant describing the firearms and authorizing a search of the locations where the firearms are reasonably believed to be and the seizure of any firearms discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms surrendered pursuant to this section, and that person is determined by the law enforcement agency to be the lawful owner of the firearm, the firearm must be returned to that person, provided that:

(a) The firearm is removed from the respondent's custody, control, or possession, and the lawful owner provides written verification to the court regarding how the lawful owner will safely store the firearm in a manner such that the respondent does not have access to, or control of, the firearm for the duration of the order;

(b) The court advises the lawful owner of the penalty for failure to do so; and

(c) The firearm is not otherwise unlawfully possessed by the owner.

(6) Upon the issuance of a one-year extreme risk protection order, the court shall order a new compliance review hearing date and require the respondent to appear not later than three judicial days from the issuance of the order. The court shall require a showing that the respondent has surrendered any firearms in the respondent's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070 to a law enforcement agency. The compliance review hearing is not required upon a satisfactory showing on which the court can otherwise enter findings on the record that the respondent has timely and

completely surrendered all firearms in the respondent's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070 to a law enforcement agency, and is in compliance with the order. If the court does not have a sufficient record before it on which to make such a finding, the court must set a review hearing to occur as soon as possible, at which the respondent must be present and provide proof of compliance with the court's order.

(7)(a) If a court finds at the compliance review hearing, or any other hearing where compliance with the order is addressed, that there is probable cause to believe the respondent was aware of, and failed to fully comply with, the order, failed to appear at the compliance review hearing, or violated the order after the court entered findings of compliance, pursuant to its authority under chapter 7.21 RCW, the court may initiate a contempt proceeding on its own motion, or upon the motion of the prosecutor, city attorney, or the petitioner's counsel, to impose remedial sanctions, and issue an order requiring the respondent to appear, provide proof of compliance with the order, and show cause why the respondent should not be held in contempt of court.

(b) If the respondent is not present in court at the compliance review hearing or if the court issues an order to appear and show cause after a compliance review hearing, the clerk of the court shall electronically transmit a copy of the order to show cause to the law enforcement agency where the respondent resides for personal service or service in the manner provided in the civil rules of superior court or applicable statute.

(c) The order to show cause served upon the respondent shall state the date, time, and location of the hearing, and shall include a warning that the respondent may be held in contempt of court if the respondent fails to promptly comply with the terms of the extreme risk protection order and a warning that an arrest warrant could be issued if the respondent fails to appear on the date and time provided in the order to show cause.

(d)(i) At the show cause hearing, the respondent must be present and provide proof of compliance with the extreme risk protection order and demonstrate why the relief requested should not be granted.

(ii) The court shall take judicial notice of the receipt filed with the court by the law enforcement agency pursuant to subsection (3) of this section. The court shall also provide sufficient notice to the law enforcement agency of the hearing. Upon receiving notice pursuant to this subsection, a law enforcement agency must:

(A) Provide the court with a complete list of firearms surrendered by the respondent or otherwise belonging to the respondent that are in the possession of the law enforcement agency; and

(B) Provide the court with verification that any concealed pistol license issued to the respondent has been surrendered and that a law enforcement agency with authority to revoke the license has been notified.

(iii) If the law enforcement agency has a reasonable suspicion that the respondent is not in full compliance with the terms of the order, the law enforcement agency must submit the basis for its belief to the court, and may do so through the filing of an affidavit.

(e) If the court finds the respondent in contempt, the court may impose remedial sanctions designed to ensure swift compliance with the order to surrender and prohibit weapons.

(f) The court may order a respondent found in contempt of the order to pay for any losses incurred by a party in connection with the contempt proceeding, including reasonable attorneys' fees, service fees, and other costs. The costs of the proceeding must not be borne by the petitioner.

(8)(a) To help ensure that accurate and comprehensive information about firearms compliance is provided to judicial officers, a representative from either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may appear and be heard at any hearing that concerns compliance with an extreme risk protection order.

(b) Either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may designate an advocate or a staff person from their office who is not an attorney to appear on behalf of their office. Such appearance does not constitute the unauthorized practice of law.

(9)(a) An extreme risk protection order must state that the act of voluntarily surrendering firearms, or providing testimony relating to the surrender of firearms, pursuant to such an order, may not be used against the respondent ((~~or defendant~~)) in any criminal prosecution under this chapter, chapter 9.41 RCW, or RCW 9A.56.310.

(b) To provide relevant information to the court to determine compliance with the order, the court may allow the prosecuting attorney or city attorney to question the respondent regarding compliance.

(10) All law enforcement agencies must develop and implement policies and procedures regarding the acceptance, storage, and return of firearms required to be surrendered under this chapter. Any surrendered firearms must be handled and stored properly to prevent damage or degradation in appearance or function, and the condition of the surrendered firearms documented, including by digital photograph. A law enforcement agency holding any surrendered firearm or concealed pistol license shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of the firearm or concealed pistol license to the owner or individual from whom it was obtained.

Sec. 20. RCW 7.105.400 and 2021 c 215 s 53 are each amended to read as follows:

(1) A temporary protection order issued under this chapter may be reissued for the following reasons:

(a) Agreement of the parties;

(b) To provide additional time to effect service of the temporary protection order on the respondent; or

(c) If the court, in writing, finds good cause to reissue the order.

(2) Any temporary orders to surrender and prohibit weapons must also be automatically reissued with the temporary protection order.

(3) To ensure that a petitioner is not delayed in receiving a hearing on a petition for a protection order, there is a rebuttable presumption that a temporary protection order should not be reissued more than once or for more than 30 days at the request of the respondent, absent agreement of the parties, good cause, or the need to provide additional time to effect service.

(4) When considering any request to stay, continue, or delay a hearing under this chapter because of the pendency of a parallel criminal investigation or prosecution of the respondent, courts shall apply a rebuttable presumption against such delay and give due recognition to the purpose of this chapter to provide victims quick and effective relief. Courts must consider on the record the following factors:

(a) The extent to which a defendant's Fifth Amendment rights are or are not implicated, given the special nature of protection order proceedings which burden a defendant's Fifth Amendment privilege substantially less than do other civil proceedings;

(b) Similarities between the civil and criminal cases;

(c) Status of the criminal case;

(d) The interests of the petitioners in proceeding expeditiously with litigation and the potential prejudice and risk to petitioners of a delay;

(e) The burden that any particular aspect of the proceeding may impose on respondents;

(f) The convenience of the court in the management of its cases and the efficient use of judicial resources;

(g) The interests of persons not parties to the civil litigation; and

(h) The interest of the public in the pending civil and criminal litigation.

(5) Courts shall not require a petitioner to complete a new (~~law enforcement information sheet~~) confidential information form when a temporary protection order is reissued or when a full order for a fixed time period is entered, unless the petitioner indicates that the information needs to be updated or amended. The clerk shall transmit the order to the law enforcement agency identified in the order for service, along with a copy of the confidential party information form received from the respondent, if available, or the petitioner's confidential party information form to assist law enforcement in serving the order.

Sec. 21. RCW 7.105.450 and 2021 c 215 s 56 are each amended to read as follows:

(1)(a) Whenever a domestic violence protection order, a sexual assault

protection order, a stalking protection order, or a vulnerable adult protection order is granted under this chapter, or an order is granted under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or there is a valid foreign protection order as defined in RCW 26.52.020, or there is a Canadian domestic violence protection order as defined in RCW 26.55.010, and the respondent or person to be restrained knows of the order, a violation of any of the following provisions of the order is a gross misdemeanor, except as provided in subsections (4) and (5) of this section:

(i) The restraint provisions prohibiting acts or threats of violence against, or stalking of, a protected party, or the restraint provisions prohibiting contact with a protected party;

(ii) A provision excluding the person from a residence, workplace, school, or day care;

(iii) A provision prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, a protected party's person, or a protected party's vehicle;

(iv) A provision prohibiting interfering with the protected party's efforts to remove a pet owned, possessed, leased, kept, or held by the petitioner, the respondent, or a minor child residing with either the petitioner or the respondent; or

(v) A provision of a foreign protection order or a Canadian domestic violence protection order specifically indicating that a violation will be a crime.

(b) Upon conviction, and in addition to any other penalties provided by law, the court:

(i) May require that the respondent submit to electronic monitoring. The court shall specify who must provide the electronic monitoring services and the terms under which the monitoring must be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring; and

(ii) Shall impose a fine of \$15, in addition to any penalty or fine imposed, for a violation of a domestic violence protection order issued under this chapter. Revenue from the \$15 fine must be remitted monthly to the state treasury for deposit in the domestic violence prevention account.

(2) A law enforcement officer shall arrest without a warrant and take into custody a person whom the law enforcement officer has probable cause to believe has violated a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order issued under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, a protected party's person, or a protected party's vehicle, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

(3) A violation of a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order issued under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, shall also constitute contempt of court, and is subject to the penalties prescribed by law.

(4) Any assault that is a violation of a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order issued under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, and that does not amount

to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of such an order that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony.

(5) A violation of a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or a court order issued under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, is a class C felony if the offender has at least two previous convictions for violating the provisions of a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order issued under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010. The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

(6)(a) A defendant arrested for violating a domestic violence protection order, sexual assault protection order, stalking protection order, or vulnerable adult protection order, or an order granted under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, is required to appear in person before a magistrate within one judicial day after the arrest. At the time of the appearance, the court shall determine the necessity of imposing a no-contact order or other conditions of pretrial release.

(b) A defendant who is charged by citation, complaint, or information with violating any protection order identified in (a) of this subsection and not arrested shall appear in court for arraignment in person as soon as practicable, but in no event later than 14 days after the next day on which court

is in session following the issuance of the citation or the filing of the complaint or information.

(7) Upon the filing of an affidavit by the petitioner or any law enforcement officer alleging that the respondent has violated a domestic violence protection order, a sexual assault protection order, a stalking protection order, or a vulnerable adult protection order, or an order granted under chapter 9A.40, 9A.44, 9A.46, 9A.88, 9.94A, 10.99, 26.09, 26.26A, or 26.26B RCW, or a valid foreign protection order as defined in RCW 26.52.020, or a Canadian domestic violence protection order as defined in RCW 26.55.010, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days as to why the respondent should not be found in contempt of court and punished accordingly. The hearing may be held in the court of any county or municipality in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation.

(8) Appearances required under this section are mandatory and cannot be waived.

Sec. 22. RCW 7.105.460 and 2021 c 215 s 58 are each amended to read as follows:

(1) Any person who files a petition for an extreme risk protection order knowing the information in such petition to be materially false, or with the intent to harass the respondent, is guilty of a gross misdemeanor.

(2) ~~((Any))~~ (a) Except as provided in (b) of this subsection, any person who has in his or her custody or control, accesses, purchases, possesses, or receives, or attempts to purchase or receive, a firearm with knowledge that he or she is prohibited from doing so by an extreme risk protection order is guilty of a gross misdemeanor, and further is prohibited from having in his or her custody or control, accessing, purchasing, possessing, or receiving, or attempting to purchase or receive, a firearm for a period of five years from the date the existing order expires. ~~((However, such))~~

(b) A person is guilty of a class C felony for a violation under (a) of this subsection if the person has two or more previous convictions for violating an order issued under this chapter.

Sec. 23. RCW 7.105.500 and 2021 c 215 s 61 are each amended to read as follows:

This section applies to modification or termination of domestic violence protection orders, sexual assault protection orders, stalking protection orders, and antiharassment protection orders.

(1) Upon a motion with notice to all parties and after a hearing, the court may modify the terms of an existing protection order or terminate an existing order.

(2) A respondent's motion to modify or terminate an existing protection order must include a declaration setting forth facts supporting the requested order for modification or termination. The nonmoving parties to the proceeding may file opposing declarations. All motions to modify or terminate shall be based on the written materials and evidence submitted to the court. The court shall set a hearing only if the court finds that adequate cause is established. If the court finds that the respondent established adequate cause, the court shall set a date for hearing the respondent's motion, which must be at least 14 days from the date the court finds adequate cause.

(3) Upon the motion of a respondent, the court may not modify or terminate an existing protection order unless the respondent proves by a preponderance of the evidence that there has been a substantial change in circumstances such that the respondent will not resume, engage in, or attempt to engage in, the following acts against the petitioner or those persons protected by the protection order if the order is terminated or modified:

(a) Acts of domestic violence, in cases involving domestic violence protection orders;

(b) Physical or nonphysical contact, in cases involving sexual assault protection orders;

(c) Acts of stalking, in cases involving stalking protection orders; or

(d) Acts of unlawful harassment, in cases involving antiharassment protection orders.

The petitioner bears no burden of proving that he or she has a current reasonable fear of harm by the respondent.

(4) In determining whether there has been a substantial change in circumstances, the court may consider the following unweighted factors, and no inference is to be drawn from the order in which the factors are listed:

(a) Whether the respondent has committed or threatened sexual assault, domestic violence, stalking, or other harmful acts against the petitioner or any other person since the protection order was entered;

(b) Whether the respondent has violated the terms of the protection order and the time that has passed since the entry of the order;

(c) Whether the respondent has exhibited suicidal ideation or attempts since the protection order was entered;

(d) Whether the respondent has been convicted of criminal activity since the protection order was entered;

(e) Whether the respondent has either acknowledged responsibility for acts of sexual assault, domestic violence, stalking, or behavior that resulted in the entry of the protection order, or successfully completed state-certified perpetrator treatment or counseling since the protection order was entered;

(f) Whether the respondent has a continuing involvement with drug or alcohol abuse, if such abuse was a factor in the protection order;

(g) Whether the petitioner consents to terminating the protection order, provided that consent is given voluntarily and knowingly; or

(h) Other factors relating to a substantial change in circumstances.

(5) In determining whether there has been a substantial change in circumstances, the court may not base its determination on the fact that time has passed without a violation of the order.

(6) Regardless of whether there is a substantial change in circumstances, the court may decline to terminate a protection order if it finds that the acts of domestic violence, sexual assault, stalking, unlawful harassment, and other harmful acts that resulted in the issuance of the protection order were of such severity that the order should not be terminated.

(7) A respondent may file a motion to modify or terminate an order no more than

once in every 12-month period that the order is in effect, starting from the date of the order and continuing through any renewal period.

(8) If a person who is protected by a protection order has a child or adopts a child after a protection order has been issued, but before the protection order has expired, the petitioner may seek to include the new child in the order of protection on an ex parte basis if the child is already in the physical custody of the petitioner. If the restrained person is the legal or biological parent of the child, a hearing must be set and notice given to the restrained person prior to final modification of the full protection order.

(9) A court may require the respondent to pay the petitioner for costs incurred in responding to a motion to modify or terminate a protection order, including reasonable attorneys' fees.

Sec. 24. RCW 7.105.510 and 2021 c 215 s 63 are each amended to read as follows:

This section applies to the modification or termination of vulnerable adult protection orders.

(1) Any vulnerable adult who is not subject to ((a limited guardianship, limited conservatorship, or other protective arrangement)) an order under chapter 11.130 RCW may, at any time subsequent to the entry of a permanent protection order under this chapter, file a motion to modify or terminate the protection order. Where a vulnerable adult is subject to an order under chapter 11.130 RCW, the vulnerable adult, or the vulnerable adult's guardian, conservator, or person acting on behalf of the vulnerable adult under a protective arrangement under chapter 11.130 RCW, may, ((at any time subsequent to the entry of a permanent protection order under this chapter,)) if within the person's authority under the guardianship, conservatorship, or protective arrangement, file a motion to modify or terminate the protection order at any time subsequent to the entry of a permanent protection order under this chapter.

(2) In a hearing on a motion to modify or terminate the protection order, the court shall grant such relief consistent with RCW 7.105.310 as it deems necessary for the protection of the vulnerable adult, including modification or termination of the protection order.

Sec. 25. RCW 7.105.555 and 2021 c 215 s 66 are each amended to read as follows:

(1) To prevent the issuance of competing protection orders in different courts and to give courts needed information for the issuance of orders, the judicial information system or alternative databases must be available in each district, municipal, and superior court, and must include a database containing the following information:

~~((1))~~ (a) The names of the parties and the cause number for every order of protection issued under this chapter, protection orders provided by military and tribal courts, every criminal no-contact order issued under chapters 9A.46 and 10.99 RCW, every dissolution action under chapter 26.09 RCW, every parentage action under chapter 26.26A or 26.26B RCW, every restraining order issued on behalf of an abused child or adult dependent person under chapter 26.44 RCW, every foreign protection order filed under chapter 26.52 RCW, and every Canadian domestic violence protection order filed under chapter 26.55 RCW. When a guardian or the department of social and health services or department of children, youth, and families has petitioned for relief on behalf of an abused child, adult dependent person, or vulnerable adult, the name of the person on whose behalf relief was sought must be included in the database as a party rather than the guardian or appropriate department;

~~((2))~~ (b) A complete criminal history of the parties; and

~~((3))~~ (c) Other relevant information necessary to assist courts in issuing orders under this chapter as determined by the judicial information system committee.

(2) Information within the database must be easily accessible and accurately updated as soon as possible but no later than within one judicial day.

(3) A document viewing system must be available as part of the judicial information system or other databases used by the court, so that in addition to having access to the summary information in subsection (1) of this section, the court is able to view any protection order filed within the state.

Sec. 26. RCW 7.105.902 and 2021 c 215 s 36 are each amended to read as follows:

(1) The administrative office of the courts, through the gender and justice commission of the Washington state supreme court, and with the support of the Washington state women's commission, shall work with representatives of superior, district, and municipal court judicial officers, court clerks, and administrators, including those with experience in protection order proceedings, as well as advocates and practitioners with expertise in each type of protection order, and others with relevant expertise, to consider and develop recommendations regarding:

(a) Uses of technology to reduce administrative burdens in protection order proceedings;

(b) Improving access to unrepresented parties in protection order proceedings, including promoting access for pro bono attorneys for remote protection order proceedings, in consultation with the Washington state bar association;

(c) Developing best practices for courts when there are civil protection order and criminal proceedings that concern the same alleged conduct;

(d) Developing best practices in data collection and sharing, including demographic information, in order to promote research and study on protection orders and transparency of protection order data for the public, in partnership with the Washington state center for court research, the Washington state institute for public policy, the University of Washington, and the urban Indian health institute;

(e) Developing best practices, including proposed training and necessary forms, in partnership with the Washington tribal state court consortium, to address how:

(i) Washington state court judges of all levels can see the existence of, and parties to, tribal court, military, and other jurisdiction protection orders, in comity with similar state court orders;

(ii) Tribal courts can enter their protection orders into the judicial information system used by courts to check for conflicting orders and history; and

(iii) State courts can query the national crime information center to check for tribal, military, and other

jurisdictions' protection orders prior to issuing protection orders;

(f) Developing best practices for minor respondents and petitioners in civil protection order proceedings, including what sanctions should be provided for in law, with input from legal advocates for children and youth, juvenile public defense, juvenile prosecutors, adolescent behavioral health experts, youth development experts, educators, judicial officers, victim advocates, restorative-informed or trauma-informed professionals, child advocacy centers, and professionals experienced in evidenced-based modalities for the treatment of trauma; and

(g) Assessing how the civil protection order law can more effectively address the type of abuse known as "coercive control" so that survivors can seek earlier protective intervention before abuse further escalates.

(2) The gender and justice commission may hire a consultant to assist with the requirements of this section with funds as appropriated.

(3) The gender and justice commission shall provide a brief report of its recommendations to the legislature for subsection (1)(e) through (g) of this section by December 1, 2021, and, for subsection (1)(a) through (d) of this section, provide recommendations to the courts by July 1, 2022.

(4) This section expires October 1, 2022.

NEW SECTION. Sec. 27. (1) The gender and justice commission, through its E2SHB 1320 stakeholder work groups, and in consultation with the Washington state center for court research, shall include in their 2022 work consideration of a study regarding how the inclusion of coercive control under this act helps to further realize the legislative intent of the law to increase safety for victims by obtaining effective legal protection apart from, or in addition to, the criminal legal system. The possible parameters for such a study would be as follows:

(a) The center for court research may engage or partner with other researchers with expertise in intimate partner violence, coercive control, civil protection order processes, and related research to conduct the study or help

with study design, duration, methods, measurements, data collection, and analysis.

(b) The administrative office of the courts and superior and district courts shall provide the center for court research with necessary data to conduct the study, as requested by the center for court research.

(c) The study may include, if determined by the gender and justice commission's E2SHB 1320 stakeholder work groups and the center for court research to be empirically useful and readily measurable through available data, measurements such as:

(i) The ability of survivors to obtain protection orders that fully address the nature of the harm or threat of harm they are experiencing;

(ii) The frequency of inclusion of coercive control in protection order petitions and the nature of the harm or threatened harm articulated;

(iii) Whether the orders were granted and if so, the relief ordered by the court;

(iv) Whether the orders were denied, and if so, the reason for the denial; and

(v) In proceedings involving domestic violence where coercive control is part of the harm alleged:

(A) The frequency of conflicting protection orders, cross-petitions (where each party files a petition against the other), or re-aligned orders (where the court finds that the original petitioner is the abuser and the original respondent is the victim);

(B) Enforcement of protection order violations;

(C) Other legal proceedings involving either party, such as family, dependency, or criminal matters; and

(D) Whether the parties had legal representation or legal advocates in the protection order proceedings.

(d) The study shall also assess judicial officer training regarding protection orders, and coercive control in particular, and whether additional judicial officers are required to hear protection order proceedings.

(e) To the extent feasible, and considered best practice by the center

for court research, the evaluation should also: Gather qualitative information from survivors of domestic violence, legal counsel, protection order advocates and court navigators, court clerks, and judicial officers; and include analysis of any disproportionate impact on survivors by race, immigration status, language, gender, sexual orientation, or disability.

(f) At the conclusion of any study conducted under this section, the center for court research shall report its findings to the legislature in compliance with RCW 43.01.036.

(2) By July 1, 2022, the gender and justice commission through its E2SHB 1320 work groups and the center for court research shall advise the chairs of the relevant policy committees of the legislature of their recommendations regarding need, timing, and design for such a study.

(3) This section expires January 1, 2028.

Sec. 28. RCW 9.41.040 and 2021 c 215 s 72 are each amended to read as follows:

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes when committed by

one family or household member against another or by one intimate partner against another, as those terms are defined by the statutes in effect at the time of the commission of the crime, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a (~~domestic violence~~) protection order or no-contact order restraining the person or excluding the person from a residence (~~(chapter 7.105 RCW,~~) RCW 10.99.040(~~(7)~~) or any of the former RCW 26.50.060, 26.50.070, and 26.50.130);

(ii) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of harassment when committed by one family or household member against another or by one intimate partner against another, committed on or after June 7, 2018;

(iii) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of a violation of the provisions of a protection order under chapter 7.105 RCW restraining the person or excluding the person from a residence, when committed by one family or household member against another or by one intimate partner against another, committed on or after July 1, 2022;

(iv) During any period of time that the person is subject to a court order issued under chapter 7.105, 9A.46, 10.99, 26.09, 26.26A, or 26.26B RCW or any of the former chapters 7.90, 7.92, 10.14, and 26.50 RCW that:

(A) Was issued after a hearing for which the person received actual notice, and at which the person had an opportunity to participate, whether the court then issues a full order or reissues a temporary order. If the court enters an agreed order by the parties without a hearing, such an order meets the requirements of this subsection;

(B) Restrains the person from harassing, stalking, or threatening the person protected under the order or child of the person or protected person, or engaging in other conduct that would place the protected person in reasonable fear of bodily injury to the protected person or child; and

(C)(I) Includes a finding that the person represents a credible threat to the physical safety of the protected

person or child (~~(and)~~) or by its terms explicitly prohibits the use, attempted use, or threatened use of physical force against the protected person or child that would reasonably be expected to cause bodily injury; or

(II) Includes an order under RCW 9.41.800 requiring the person to surrender all firearms and prohibiting the person from accessing, having in his or her custody or control, possessing, purchasing, receiving, or attempting to purchase or receive, firearms;

(~~(iv)~~) (v) After having previously been involuntarily committed based on a mental disorder under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(~~(v)~~) (vi) After dismissal of criminal charges based on incompetency to stand trial under RCW 10.77.088 when the court has made a finding indicating that the defendant has a history of one or more violent acts, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(~~(vi)~~) (vii) If the person is under 18 years of age, except as provided in RCW 9.41.042; and/or

(~~(vii)~~) (viii) If the person is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense as defined in RCW 9.41.010.

(b) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted," whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including, but not limited to, sentencing or disposition, post-trial or post-fact-finding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension, or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of

a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4)(a) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least 20 years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(i) Under RCW 9.41.047; and/or

(ii)(A) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(B) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more

consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(b) An individual may petition a court of record to have his or her right to possess a firearm restored under (a) of this subsection only at:

(i) The court of record that ordered the petitioner's prohibition on possession of a firearm; or

(ii) The superior court in the county in which the petitioner resides.

(5) In addition to any other penalty provided for by law, if a person under the age of 18 years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within 24 hours and the person's privilege to drive shall be revoked under RCW 46.20.265, unless the offense is the juvenile's first offense in violation of this section and has not committed an offense while armed with a firearm, an unlawful possession of a firearm offense, or an offense in violation of chapter 66.44, 69.52, 69.41, or 69.50 RCW.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

Sec. 29. RCW 9.41.800 and 2021 c 215 s 74 are each amended to read as follows:

(1) Any court when entering an order authorized under chapter 7.105 RCW, RCW 9A.46.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.26B.020, or 26.26A.470 shall, upon a showing by a preponderance of the evidence, that a party has: Used, displayed, or threatened to use a firearm or other dangerous weapon in a felony, or is ineligible to possess a firearm under the provisions of RCW 9.41.040:

(a) Require that the party immediately surrender all firearms and other dangerous weapons;

(b) Require that the party immediately surrender any concealed pistol license issued under RCW 9.41.070;

(c) Prohibit the party from accessing, having in his or her custody or control, possessing, purchasing, receiving, or attempting to purchase or receive, any firearms or other dangerous weapons;

(d) Prohibit the party from obtaining or possessing a concealed pistol license;

(e) Other than for ex parte temporary protection orders, unless the ex parte temporary protection order was reissued after the party received notice and had an opportunity to be heard, direct law enforcement to revoke any concealed pistol license issued to the party.

(2) During any period of time that the party is subject to a court order issued under chapter 7.105, 9A.46, 10.99, 26.09, 26.26A, or 26.26B RCW that:

(a) Was issued after a hearing of which the party received actual notice, and at which the party had an opportunity to participate, whether the court then issues a full order or reissues a temporary order. If the court enters an agreed order by the parties without a hearing, such an order meets the requirements of this subsection;

(b) Restrains the party from harassing, stalking, or threatening an intimate partner of the party, the protected person, or child of the intimate partner, party, or protected person, or engaging in other conduct that would place an intimate partner or protected person in reasonable fear of

bodily injury to the intimate partner, protected person, or child; and

(c)(i) Includes a finding that the party represents a credible threat to the physical safety of the intimate partner, protected person, or child; (~~and~~) or

(ii) By its terms, explicitly prohibits the use, attempted use, or threatened use of physical force against the intimate partner, protected person, or child that would reasonably be expected to cause bodily injury, the court shall:

(A) Require that the party immediately surrender all firearms and other dangerous weapons;

(B) Require that the party immediately surrender a concealed pistol license issued under RCW 9.41.070;

(C) Prohibit the party from accessing, having in his or her custody or control, possessing, purchasing, receiving, or attempting to purchase or receive, any firearms or other dangerous weapons; and

(D) Prohibit the party from obtaining or possessing a concealed pistol license.

(3) The court may order temporary surrender and prohibit the purchase of all firearms and other dangerous weapons, and any concealed pistol license, without notice to the other party if it finds, on the basis of the moving affidavit or other evidence, that irreparable injury could result if an order is not issued until the time for response has elapsed.

(4) In addition to the provisions of subsections (1) and (3) of this section, the court may enter an order requiring a party to comply with the provisions in subsection (1) of this section if it finds that the possession of a firearm or other dangerous weapon by any party presents a serious and imminent threat to public health or safety, or to the health or safety of any individual.

(5) The requirements of subsections (1) and (4) of this section may be for a period of time less than the duration of the order.

(6) The court shall require the party to surrender all firearms and other dangerous weapons in his or her immediate possession or control or subject to his or her immediate possession or control, and any concealed pistol license issued under RCW 9.41.070, to the local law enforcement agency. Law enforcement

officers shall use law enforcement databases to assist in locating the party in situations where the protected person does not know where the party lives or where there is evidence that the party is trying to evade service.

(7) If the court enters a protection order, restraining order, or no-contact order that includes an order to surrender firearms, dangerous weapons, and any concealed pistol license under this section:

(a) The order must be served by a law enforcement officer; and

(b) Law enforcement must immediately ensure entry of the order to surrender and prohibit weapons and the revocation of any concealed pistol license is made into the appropriate databases making the party ineligible to possess firearms and a concealed pistol license.

Sec. 30. RCW 9.41.801 and 2021 c 215 s 75 are each amended to read as follows:

(1) Because of the heightened risk of lethality to petitioners when respondents to protection orders become aware of court involvement and continue to have access to firearms, and the frequency of noncompliance with court orders prohibiting possession of firearms, law enforcement and judicial processes must emphasize swift and certain compliance with court orders prohibiting access, possession, and ownership of all firearms.

(2) A law enforcement officer serving a protection order, no-contact order, or restraining order that includes an order to surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall inform the respondent that the order is effective upon service and the respondent must immediately surrender all firearms and dangerous weapons in the respondent's custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms, dangerous weapons, and concealed pistol license. The law enforcement officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. ~~((The order must be personally served upon the respondent or defendant if))~~ If the order is entered in open court ~~((in the presence of))~~ and the

respondent ~~((or defendant))~~ appears in person, the respondent shall be provided a copy and further service is not required. ~~((The respondent or defendant shall acknowledge receipt and service.))~~ If the respondent ~~((or defendant))~~ refuses ~~((service))~~ to receive a copy, an agent of the court may indicate on the record that the respondent ~~((or defendant))~~ refused ~~((service))~~ to receive a copy of the order. If the respondent appears remotely for the hearing, or leaves the hearing before a final ruling is issued or order signed, and the court believes the respondent has sufficient notice such that additional service is not necessary, the order must recite that the respondent appeared before the court, has actual notice of the order, the necessity for further service is waived, and proof of service of the order is not necessary. The court shall enter the service and receipt into the record. A copy of the order and service shall be transmitted immediately to law enforcement. The respondent must immediately surrender all firearms, dangerous weapons, and any concealed pistol license in a safe manner to the control of the local law enforcement agency on the day of the hearing at which the respondent was present in person or remotely. Alternatively, if personal service by a law enforcement officer is not possible, and the respondent did not appear in person or remotely at the hearing, the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within 24 hours of being served with the order by alternate service.

(3) At the time of surrender, a law enforcement officer taking possession of firearms, dangerous weapons, and any concealed pistol license shall issue a receipt identifying all firearms, dangerous weapons, and any concealed pistol license that have been surrendered and provide a copy of the receipt to the respondent. The law enforcement agency shall file the original receipt with the court within 24 hours after service of the order and retain a copy of the receipt, electronically whenever electronic filing is available.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms or dangerous weapons as required by an order issued under RCW 9.41.800, the court shall

determine whether probable cause exists to believe that the respondent has failed to surrender all firearms and dangerous weapons in their possession, custody, or control. If probable cause exists that a crime occurred, the court shall issue a warrant describing the firearms or dangerous weapons and authorizing a search of the locations where the firearms and dangerous weapons are reasonably believed to be and the seizure of all firearms and dangerous weapons discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms or dangerous weapons surrendered pursuant to this section, and the person is determined by the law enforcement agency to be the lawful owner of the firearm or dangerous weapon, the firearm or dangerous weapon shall be returned to the lawful owner, provided that:

(a) The firearm or dangerous weapon is removed from the respondent's access, custody, control, or possession and the lawful owner agrees by written document signed under penalty of perjury to store the firearm or dangerous weapon in a manner such that the respondent does not have access to or control of the firearm or dangerous weapon;

(b) The firearm or dangerous weapon is not otherwise unlawfully possessed by the owner; and

(c) The requirements of RCW 9.41.345 are met.

(6) Courts shall develop procedures to verify timely and complete compliance with orders to surrender and prohibit weapons under RCW 9.41.800, including compliance review hearings to be held as soon as possible upon receipt from law enforcement of proof of service. A compliance review hearing is not required if the court can otherwise enter findings on the record or enter written findings that the proof of surrender or declaration of nonsurrender attested to by the person subject to the order, along with verification from law enforcement and any other relevant evidence, makes a sufficient showing that the person has timely and completely surrendered all firearms and dangerous weapons in the person's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070, to a law enforcement agency. If the court does not have a sufficient record before it on which to make such a finding, the court

must set a review hearing to occur as soon as possible at which the respondent must be present and provide proof of compliance with the court's order. Courts shall make available forms that petitioners may complete and submit to the court in response to a respondent's declaration of whether the respondent has surrendered weapons.

(7)(a) If a court finds at the compliance review hearing, or any other hearing where compliance with the order to surrender and prohibit weapons is addressed, that there is probable cause to believe the respondent was aware of and failed to fully comply with the order, failed to appear at the compliance review hearing, or violated the order after the court entered findings of compliance, pursuant to its authority under chapter 7.21 RCW, the court may initiate a contempt proceeding to impose remedial sanctions on its own motion, or upon the motion of the prosecutor, city attorney, or the petitioner's counsel, and issue an order requiring the respondent to appear, provide proof of compliance with the order, and show cause why the respondent should not be held in contempt of court.

(b) If the respondent is not present in court at the compliance review hearing or if the court issues an order to appear and show cause after a compliance review hearing, the clerk of the court shall electronically transmit a copy of the order to show cause to the law enforcement agency where the respondent resides for personal service or service in the manner provided in the civil rules of superior court or applicable statute. Law enforcement shall also serve a copy of the order to show cause on the petitioner, either electronically or in person, at no cost.

(c) The order to show cause served upon the respondent shall state the date, time, and location of the hearing and shall include a warning that the respondent may be held in contempt of court if the respondent fails to promptly comply with the terms of the order to surrender and prohibit weapons and a warning that an arrest warrant could be issued if the respondent fails to appear on the date and time provided in the order.

(d)(i) At the show cause hearing, the respondent must be present and provide proof of compliance with the underlying court order to surrender and prohibit

weapons and demonstrate why the relief requested should not be granted.

(ii) The court shall take judicial notice of the receipt filed with the court by the law enforcement agency pursuant to subsection (3) of this section. The court shall also provide sufficient notice to the law enforcement agency of the hearing. Upon receiving notice pursuant to this subsection, a law enforcement agency must:

(A) Provide the court with a complete list of firearms and other dangerous weapons surrendered by the respondent or otherwise belonging to the respondent that are in the possession of the law enforcement agency; and

(B) Provide the court with verification that any concealed pistol license issued to the respondent has been surrendered and the agency with authority to revoke the license has been notified.

(iii) If the law enforcement agency has a reasonable suspicion that the respondent is not in full compliance with the terms of the order, the law enforcement agency must submit the basis for its belief to the court, and may do so through the filing of a declaration.

(e) If the court finds the respondent in contempt, the court may impose remedial sanctions designed to ensure swift compliance with the order to surrender and prohibit weapons.

(f) The court may order a respondent found in contempt of the order to surrender and prohibit weapons to pay for any losses incurred by a party in connection with the contempt proceeding, including reasonable attorneys' fees, service fees, and other costs. The costs of the proceeding shall not be borne by the petitioner.

(8)(a) To help ensure that accurate and comprehensive information about firearms compliance is provided to judicial officers, a representative from either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may appear and be heard at any hearing that concerns compliance with an order to surrender and prohibit weapons issued in connection with another type of protection order.

(b) Either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may designate an advocate or a staff person

from their office who is not an attorney to appear on behalf of their office. Such appearance does not constitute the unauthorized practice of law.

(9)(a) An order to surrender and prohibit weapons issued pursuant to RCW 9.41.800 must state that the act of voluntarily surrendering firearms or weapons, or providing testimony relating to the surrender of firearms or weapons, pursuant to such an order, may not be used against the respondent (~~or defendant~~) in any criminal prosecution under this chapter, chapter (~~9.41~~ ~~[7.105]~~) 7.105 RCW, or RCW 9A.56.310.

(b) To provide relevant information to the court to determine compliance with the order, the court may allow the prosecuting attorney or city attorney to question the respondent regarding compliance.

(10) All law enforcement agencies must have policies and procedures to provide for the acceptance, storage, and return of firearms, dangerous weapons, and concealed pistol licenses that a court requires must be surrendered under RCW 9.41.800. A law enforcement agency holding any firearm or concealed pistol license that has been surrendered under RCW 9.41.800 shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of the firearm or concealed pistol license to the owner or individual from whom it was obtained.

(11) The administrative office of the courts shall create a statewide pattern form to assist the courts in ensuring timely and complete compliance in a consistent manner with orders issued under this chapter. The administrative office of the courts shall report annually on the number of orders issued under this chapter by each court, the degree of compliance, and the number of firearms obtained, and may make recommendations regarding additional procedures to enhance compliance and victim safety.

Sec. 31. RCW 42.56.240 and 2019 c 300 s 1 are each amended to read as follows:

The following investigative, law enforcement, and crime victim information is exempt from public inspection and copying under this chapter:

(1) Specific intelligence information and specific investigative records compiled by investigative, law

enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person's right to privacy;

(2) Information revealing the identity of persons who are witnesses to or victims of crime or who file complaints with investigative, law enforcement, or penology agencies, other than the commission, if disclosure would endanger any person's life, physical safety, or property. If at the time a complaint is filed the complainant, victim, or witness indicates a desire for disclosure or nondisclosure, such desire shall govern. However, all complaints filed with the commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath;

(3) Any records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenses contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020, which have been transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval pursuant to RCW 40.14.070(2)(b);

(4) License applications under RCW 9.41.070(+), except that copies of license applications or information on the applications may be released to law enforcement or corrections agencies or to persons and entities as authorized under RCW 9.41.815;

(5) Information revealing the specific details that describe an alleged or proven child victim of sexual assault under age eighteen, or the identity or contact information of an alleged or proven child victim of sexual assault who is under age eighteen. Identifying information includes the child victim's name, addresses, location, photograph, and in cases in which the child victim is a relative, stepchild, or stepsibling of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Contact information includes phone numbers, email addresses, social media profiles, and user names and passwords;

(6) Information contained in a local or regionally maintained gang database as well as the statewide gang database referenced in RCW 43.43.762;

(7) Data from the electronic sales tracking system established in RCW 69.43.165;

(8) Information submitted to the statewide unified sex offender notification and registration program under RCW 36.28A.040(6) by a person for the purpose of receiving notification regarding a registered sex offender, including the person's name, residential address, and email address;

(9) Personally identifying information collected by law enforcement agencies pursuant to local security alarm system programs and vacation crime watch programs. Nothing in this subsection shall be interpreted so as to prohibit the legal owner of a residence or business from accessing information regarding his or her residence or business;

(10) The felony firearm offense conviction database of felony firearm offenders established in RCW 43.43.822;

(11) The identity of a state employee or officer who has in good faith filed a complaint with an ethics board, as provided in RCW 42.52.410, or who has in good faith reported improper governmental action, as defined in RCW 42.40.020, to the auditor or other public official, as defined in RCW 42.40.020;

(12) The following security threat group information collected and maintained by the department of corrections pursuant to RCW 72.09.745: (a) Information that could lead to the identification of a person's security threat group status, affiliation, or activities; (b) information that reveals specific security threats associated with the operation and activities of security threat groups; and (c) information that identifies the number of security threat group members, affiliates, or associates;

(13) The global positioning system data that would indicate the location of the residence of an employee or worker of a criminal justice agency as defined in RCW 10.97.030;

(14) Body worn camera recordings to the extent nondisclosure is essential for the protection of any person's right to

privacy as described in RCW 42.56.050, including, but not limited to, the circumstances enumerated in (a) of this subsection. A law enforcement or corrections agency shall not disclose a body worn camera recording to the extent the recording is exempt under this subsection.

(a) Disclosure of a body worn camera recording is presumed to be highly offensive to a reasonable person under RCW 42.56.050 to the extent it depicts:

(i)(A) Any areas of a medical facility, counseling, or therapeutic program office where:

(I) A patient is registered to receive treatment, receiving treatment, waiting for treatment, or being transported in the course of treatment; or

(II) Health care information is shared with patients, their families, or among the care team; or

(B) Information that meets the definition of protected health information for purposes of the health insurance portability and accountability act of 1996 or health care information for purposes of chapter 70.02 RCW;

(ii) The interior of a place of residence where a person has a reasonable expectation of privacy;

(iii) An intimate image;

(iv) A minor;

(v) The body of a deceased person;

(vi) The identity of or communications from a victim or witness of an incident involving domestic violence as defined in RCW 10.99.020 or sexual assault as defined in RCW 70.125.030, or disclosure of intimate images as defined in RCW 9A.86.010. If at the time of recording the victim or witness indicates a desire for disclosure or nondisclosure of the recorded identity or communications, such desire shall govern; or

(vii) The identifiable location information of a community-based domestic violence program as defined in RCW 70.123.020, or emergency shelter as defined in RCW 70.123.020.

(b) The presumptions set out in (a) of this subsection may be rebutted by specific evidence in individual cases.

(c) In a court action seeking the right to inspect or copy a body worn camera

recording, a person who prevails against a law enforcement or corrections agency that withholds or discloses all or part of a body worn camera recording pursuant to (a) of this subsection is not entitled to fees, costs, or awards pursuant to RCW 42.56.550 unless it is shown that the law enforcement or corrections agency acted in bad faith or with gross negligence.

(d) A request for body worn camera recordings must:

(i) Specifically identify a name of a person or persons involved in the incident;

(ii) Provide the incident or case number;

(iii) Provide the date, time, and location of the incident or incidents; or

(iv) Identify a law enforcement or corrections officer involved in the incident or incidents.

(e)(i) A person directly involved in an incident recorded by the requested body worn camera recording, an attorney representing a person directly involved in an incident recorded by the requested body worn camera recording, a person or his or her attorney who requests a body worn camera recording relevant to a criminal case involving that person, or the executive director from either the Washington state commission on African American affairs, Asian Pacific American affairs, or Hispanic affairs, has the right to obtain the body worn camera recording, subject to any exemption under this chapter or any applicable law. In addition, an attorney who represents a person regarding a potential or existing civil cause of action involving the denial of civil rights under the federal or state Constitution, or a violation of a United States department of justice settlement agreement, has the right to obtain the body worn camera recording if relevant to the cause of action, subject to any exemption under this chapter or any applicable law. The attorney must explain the relevancy of the requested body worn camera recording to the cause of action and specify that he or she is seeking relief from redaction costs under this subsection (14)(e).

(ii) A law enforcement or corrections agency responding to requests under this subsection (14)(e) may not require the requesting individual to pay costs of any redacting, altering, distorting, pixelating, suppressing, or otherwise

obscuring any portion of a body worn camera recording.

(iii) A law enforcement or corrections agency may require any person requesting a body worn camera recording pursuant to this subsection (14)(e) to identify himself or herself to ensure he or she is a person entitled to obtain the body worn camera recording under this subsection (14)(e).

(f)(i) A law enforcement or corrections agency responding to a request to disclose body worn camera recordings may require any requester not listed in (e) of this subsection to pay the reasonable costs of redacting, altering, distorting, pixelating, suppressing, or otherwise obscuring any portion of the body worn camera recording prior to disclosure only to the extent necessary to comply with the exemptions in this chapter or any applicable law.

(ii) An agency that charges redaction costs under this subsection (14)(f) must use redaction technology that provides the least costly commercially available method of redacting body worn camera recordings, to the extent possible and reasonable.

(iii) In any case where an agency charges a requestor for the costs of redacting a body worn camera recording under this subsection (14)(f), the time spent on redaction of the recording shall not count towards the agency's allocation of, or limitation on, time or costs spent responding to public records requests under this chapter, as established pursuant to local ordinance, policy, procedure, or state law.

(g) For purposes of this subsection (14):

(i) "Body worn camera recording" means a video and/or sound recording that is made by a body worn camera attached to the uniform or eyewear of a law enforcement or corrections officer while in the course of his or her official duties; and

(ii) "Intimate image" means an individual or individuals engaged in sexual activity, including sexual intercourse as defined in RCW 9A.44.010 and masturbation, or an individual's intimate body parts, whether nude or visible through less than opaque clothing, including the genitals, pubic area, anus, or postpubescent female nipple.

(h) Nothing in this subsection shall be construed to restrict access to body worn camera recordings as otherwise permitted by law for official or recognized civilian and accountability bodies or pursuant to any court order.

(i) Nothing in this section is intended to modify the obligations of prosecuting attorneys and law enforcement under *Brady v. Maryland*, 373 U.S. 83, 83 S. Ct. 1194, 10 L. Ed. 2d 215 (1963), *Kyles v. Whitley*, 541 U.S. 419, 115 S. Ct. 1555, 131 L. Ed.2d 490 (1995), and the relevant Washington court criminal rules and statutes.

(j) A law enforcement or corrections agency must retain body worn camera recordings for at least sixty days and thereafter may destroy the records in accordance with the applicable records retention schedule;

(15) Any records and information contained within the statewide sexual assault kit tracking system established in RCW 43.43.545;

(16)(a) Survivor communications with, and survivor records maintained by, campus-affiliated advocates.

(b) Nothing in this subsection shall be construed to restrict access to records maintained by a campus-affiliated advocate in the event that:

(i) The survivor consents to inspection or copying;

(ii) There is a clear, imminent risk of serious physical injury or death of the survivor or another person;

(iii) Inspection or copying is required by federal law; or

(iv) A court of competent jurisdiction mandates that the record be available for inspection or copying.

(c) "Campus-affiliated advocate" and "survivor" have the definitions in RCW 28B.112.030;

(17) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs and information and records prepared, owned, used, or retained by the Washington state patrol pursuant to chapter 261, Laws of 2017; and

(18) Any and all audio or video recordings of child forensic interviews as defined in chapter 26.44 RCW. Such recordings are confidential and may only

be disclosed pursuant to a court order entered upon a showing of good cause and with advance notice to the child's parent, guardian, or legal custodian. However, if the child is an emancipated minor or has attained the age of majority as defined in RCW 26.28.010, advance notice must be to the child. Failure to disclose an audio or video recording of a child forensic interview as defined in chapter 26.44 RCW is not grounds for penalties or other sanctions available under this chapter.

TECHNICAL AMENDMENTS

Sec. 32. RCW 4.08.050 and 2021 c 215 s 89 are each amended to read as follows:

Except as provided under RCW 28A.225.035 and (~~7.105.105~~) 7.105.100, when an infant is a party he or she shall appear by guardian, or if he or she has no guardian, or in the opinion of the court the guardian is an improper person, the court shall appoint one to act. Said guardian shall be appointed as follows:

(1) When the infant is plaintiff, upon the application of the infant, if he or she be of the age of fourteen years, or if under that age, upon the application of a relative or friend of the infant.

(2) When the infant is defendant, upon the application of the infant, if he or she be of the age of fourteen years, and applies within thirty days after the service of the summons; if he or she be under the age of fourteen, or neglects to apply, then upon the application of any other party to the action, or of a relative or friend of the infant.

Sec. 33. RCW 9.41.042 and 2020 c 18 s 6 are each amended to read as follows:

RCW 9.41.040(2)(a)(~~(vi)~~) (vii) shall not apply to any person under the age of eighteen years who is:

(1) In attendance at a hunter's safety course or a firearms safety course;

(2) Engaging in practice in the use of a firearm or target shooting at an established range authorized by the governing body of the jurisdiction in which such range is located or any other area where the discharge of a firearm is not prohibited;

(3) Engaging in an organized competition involving the use of a firearm, or participating in or practicing for a performance by an

organized group that uses firearms as a part of the performance;

(4) Hunting or trapping under a valid license issued to the person under Title 77 RCW;

(5) In an area where the discharge of a firearm is permitted, is not trespassing, and the person either: (a) Is at least fourteen years of age, has been issued a hunter safety certificate, and is using a lawful firearm other than a pistol; or (b) is under the supervision of a parent, guardian, or other adult approved for the purpose by the parent or guardian;

(6) Traveling with any unloaded firearm in the person's possession to or from any activity described in subsection (1), (2), (3), (4), or (5) of this section;

(7) On real property under the control of his or her parent, other relative, or legal guardian and who has the permission of the parent or legal guardian to possess a firearm;

(8) At his or her residence and who, with the permission of his or her parent or legal guardian, possesses a firearm for the purpose of exercising the rights specified in RCW 9A.16.020(3); or

(9) Is a member of the armed forces of the United States, national guard, or organized reserves, when on duty.

Sec. 34. RCW 12.04.140 and 2021 c 215 s 127 are each amended to read as follows:

Except as provided under RCW (~~7.105.105~~) 7.105.100, no action shall be commenced by any person under the age of eighteen years, except by his guardian, or until a next friend for such a person shall have been appointed. Whenever requested, the justice shall appoint some suitable person, who shall consent thereto in writing, to be named by such plaintiff, to act as his or her next friend in such action, who shall be responsible for the costs therein.

Sec. 35. RCW 12.04.150 and 2021 c 215 s 128 are each amended to read as follows:

After service and return of process against a defendant under the age of eighteen years, the action shall not be further prosecuted, until a guardian for such defendant shall have been appointed, except as provided under RCW

~~((7.105.105))~~ 7.105.100. Upon the request of such defendant, the justice shall appoint some person who shall consent thereto in writing, to be guardian of the defendant in defense of the action; and if the defendant shall not appear on the return day of the process, or if he or she neglect or refuse to nominate such guardian, the justice may, at the request of the plaintiff, appoint any discreet person as such guardian. The consent of the guardian or next friend shall be filed with the justice; and such guardian for the defendant shall not be liable for any costs in the action.

Sec. 36. RCW 13.40.0357 and 2021 c 311 s 16 are each amended to read as follows:

included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B

SUSPENDED DISPOSITION ALTERNATIVE

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications

disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender:

(a) Is adjudicated of an A+ or A++ offense;

(b) Is fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060);

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), or manslaughter 2 (RCW 9A.32.070); or

(iv) Violation of the uniform controlled substances act (RCW 69.50.401(2) (a) and (b)), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Is ordered to serve a disposition for a firearm violation under RCW 13.40.193;

(d) Is adjudicated of a sex offense as defined in RCW 9.94A.030; or

(e) Has a prior option B disposition.

OR

OPTION C

CHEMICAL DEPENDENCY/MENTAL HEALTH DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed a B++ or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION D

MANIFEST INJUSTICE

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 37. RCW 13.40.0357 and 2020 c 18 s 8 are each amended to read as follows:

ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the

prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

SUSPENDED DISPOSITION ALTERNATIVE

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender:

(a) Is adjudicated of an A+ or A++ offense;

(b) Is fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060);

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), or manslaughter 2 (RCW 9A.32.070); or

(iv) Violation of the uniform controlled substances act (RCW 69.50.401(2) (a) and (b)), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Is ordered to serve a disposition for a firearm violation under RCW 13.40.193;

(d) Is adjudicated of a sex offense as defined in RCW 9.94A.030; or

(e) Has a prior option B disposition.

OR

OPTION C

CHEMICAL DEPENDENCY/MENTAL HEALTH DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed a B++ or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION D

MANIFEST INJUSTICE

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 38. RCW 13.40.160 and 2020 c 18 s 9 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsection (2), (3), (4), (5), or (6) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection (2), (3), (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) If a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court may impose the special sex offender disposition alternative under RCW 13.40.162.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of

confinement, the court may impose the disposition alternative under RCW 13.40.167.

(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under RCW 13.40.169 may impose the disposition alternative under RCW 13.40.169.

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(2)(a)(~~(vi)~~) (vii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(8) RCW 13.40.308 shall govern the disposition of any juvenile adjudicated of theft of a motor vehicle as defined under RCW 9A.56.065, possession of a stolen motor vehicle as defined under RCW 9A.56.068, taking a motor vehicle without permission in the first degree under RCW 9A.56.070, and taking a motor vehicle without permission in the second degree under RCW 9A.56.075.

(9) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(10) Except as provided under subsection (3), (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(11) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 39. RCW 13.40.193 and 2020 c 18 s 10 are each amended to read as follows:

(1) If a respondent is found to have been in possession of a firearm in violation of RCW 9.41.040(2)(a)(~~(vi)~~) (vii), the court shall impose a minimum disposition of ten days of confinement. If the offender's standard range of disposition for the offense as indicated

in RCW 13.40.0357 is more than thirty days of confinement, the court shall commit the offender to the department for the standard range disposition. The offender shall not be released until the offender has served a minimum of ten days in confinement.

(2)(a) If a respondent is found to have been in possession of a firearm in violation of RCW 9.41.040, the disposition must include a requirement that the respondent participate in a qualifying program as described in (b) of this subsection, when available, unless the court makes a written finding based on the outcome of the juvenile court risk assessment that participation in a qualifying program would not be appropriate.

(b) For purposes of this section, "qualifying program" means an aggression replacement training program, a functional family therapy program, or another program applicable to the juvenile firearm offender population that has been identified as evidence-based or research-based and cost-beneficial in the current list prepared at the direction of the legislature by the Washington state institute for public policy.

(3) If the court finds that the respondent or an accomplice was armed with a firearm, the court shall determine the standard range disposition for the offense pursuant to RCW 13.40.160. If the offender or an accomplice was armed with a firearm when the offender committed any felony other than possession of a machine gun or bump-fire stock, possession of a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, or use of a machine gun or bump-fire stock in a felony, the following periods of total confinement must be added to the sentence: (a) Except for (b) of this subsection, for a class A felony, six months; for a class B felony, four months; and for a class C felony, two months; (b) for any violent offense as defined in RCW 9.94A.030, committed by a respondent who is sixteen or seventeen years old at the time of the offense, a period of twelve months. The additional time shall be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357.

(4)(a) If the court finds that the respondent who is sixteen or seventeen years old and committed the offense of

robbery in the first degree, drive-by shooting, rape of a child in the first degree, burglary in the first degree, or any violent offense as defined in RCW 9.94A.030 and was armed with a firearm, and the court finds that the respondent's participation was related to membership in a criminal street gang or advancing the benefit, aggrandizement, gain, profit, or other advantage for a criminal street gang, a period of three months total confinement must be added to the sentence. The additional time must be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357 and must be served consecutively with any other sentencing enhancement.

(b) For the purposes of this section, "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(5) When a disposition under this section would effectuate a manifest injustice, the court may impose another disposition. When a judge finds a manifest injustice and imposes a disposition of confinement exceeding thirty days, the court shall commit the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. When a judge finds a manifest injustice and imposes a disposition of confinement less than thirty days, the disposition shall be comprised of confinement or community supervision or both.

(6) Any term of confinement ordered pursuant to this section shall run consecutively to any term of confinement imposed in the same disposition for other offenses.

Sec. 40. RCW 13.40.265 and 2020 c 18 s 11 are each amended to read as follows:

(1) If a juvenile thirteen years of age or older is found by juvenile court to have committed an offense while armed

with a firearm or an offense that is a violation of RCW 9.41.040(2)(a)(~~(vi)~~) (vii) or chapter 66.44, 69.41, 69.50, or 69.52 RCW, the court shall notify the department of licensing within twenty-four hours after entry of the judgment, unless the offense is the juvenile's first offense while armed with a firearm, first unlawful possession of a firearm offense, or first offense in violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW.

(2) Except as otherwise provided in subsection (3) of this section, upon petition of a juvenile who has been found by the court to have committed an offense that is a violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the court may at any time the court deems appropriate notify the department of licensing that the juvenile's driving privileges should be reinstated.

(3) If the offense is the juvenile's second or subsequent violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the juvenile may not petition the court for reinstatement of the juvenile's privilege to drive revoked pursuant to RCW 46.20.265 until the date the juvenile turns seventeen or one year after the date judgment was entered, whichever is later.

Sec. 41. RCW 26.28.015 and 2021 c 215 s 141 are each amended to read as follows:

Notwithstanding any other provision of law, and except as provided under RCW (~~(7.105.105)~~) 7.105.100, all persons shall be deemed and taken to be of full age for the specific purposes hereafter enumerated at the age of eighteen years:

(1) To enter into any marriage contract without parental consent if otherwise qualified by law;

(2) To execute a will for the disposition of both real and personal property if otherwise qualified by law;

(3) To vote in any election if authorized by the Constitution and otherwise qualified by law;

(4) To enter into any legal contractual obligation and to be legally bound thereby to the full extent as any other adult person;

(5) To make decisions in regard to their own body and the body of their lawful issue whether natural born to or adopted by such person to the full extent

allowed to any other adult person including but not limited to consent to surgical operations;

(6) To sue and be sued on any action to the full extent as any other adult person in any of the courts of this state, without the necessity for a guardian ad litem.

Sec. 42. RCW 50.20.050 and 2021 c 251 s 3 and 2021 c 215 s 153 are each reenacted to read as follows:

(1) With respect to separations that occur on or after September 6, 2009, and for separations that occur before April 4, 2021:

(a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant obtains bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the claimant's training and experience.

(b) A claimant has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:

(i) The claimant has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant pursued all reasonable alternatives to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 7.105.010, or stalking, as defined in RCW 9A.46.110;

(v) The claimant's usual compensation was reduced by twenty-five percent or more;

(vi) The claimant's usual hours were reduced by twenty-five percent or more;

(vii) The claimant's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the claimant's job classification and labor market;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs; or

(xi) The claimant left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the claimant begins active participation in the apprenticeship program.

(2) With respect to separations that occur on or after April 4, 2021:

(a) A claimant shall be disqualified from benefits beginning with the first day of the calendar week in which the claimant has left work voluntarily without good cause and thereafter for seven calendar weeks and until the claimant has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times the claimant's weekly benefit amount. Good cause reasons to leave work are limited to reasons listed in (b) of this subsection.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the claimant's training and experience.

(b) A claimant has good cause and is not disqualified from benefits under (a) of this subsection only under the following circumstances:

(i) The claimant has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant made reasonable efforts to preserve the claimant's employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume

employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated the claimant's employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) The claimant: (A) Left work to relocate for the employment of a spouse or domestic partner that is outside the existing labor market area; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 7.105.010, or stalking, as defined in RCW 9A.46.110;

(v) The claimant's usual compensation was reduced by twenty-five percent or more;

(vi) The claimant's usual hours were reduced by twenty-five percent or more;

(vii) The claimant's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The claimant's worksite safety deteriorated, the claimant reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The claimant left work because of illegal activities in the claimant's worksite, the claimant reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time;

(x) The claimant's usual work was changed to work that violates the claimant's religious convictions or sincere moral beliefs;

(xi) The claimant left work to enter an apprenticeship program approved by the Washington state apprenticeship training council. Benefits are payable beginning Sunday of the week prior to the week in which the claimant begins active

participation in the apprenticeship program; or

(xii) During a public health emergency:

(A) The claimant was unable to perform the claimant's work for the employer from the claimant's home;

(B) The claimant is able to perform, available to perform, and can actively seek suitable work which can be performed for an employer from the claimant's home; and

(C) The claimant or another individual residing with the claimant is at higher risk of severe illness or death from the disease that is the subject of the public health emergency because the higher risk individual:

(I) Was in an age category that is defined as high risk for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides; or

(II) Has an underlying health condition, verified as required by the department by rule, that is identified as a risk factor for the disease that is the subject of the public health emergency by the federal centers for disease control and prevention, the department of health, or the equivalent agency in the state where the individual resides.

(3) With respect to claims that occur on or after July 4, 2021, a claimant has good cause and is not disqualified from benefits under subsection (2)(a) of this section under the following circumstances, in addition to those listed under subsection (2)(b) of this section, if, during a public health emergency, the claimant worked at a health care facility as defined in RCW 9A.50.010, was directly involved in the delivery of health services, and left work for the period of quarantine consistent with the recommended guidance from the United States centers for disease control and prevention or subject to the direction of the state or local health jurisdiction because of exposure to or contracting the disease that is the subject of the declaration of the public health emergency.

(4) Notwithstanding subsection (1) of this section, a claimant who was

simultaneously employed in full-time employment and part-time employment and is otherwise eligible for benefits from the loss of the full-time employment shall not be disqualified from benefits because the claimant:

(a) Voluntarily quit the part-time employment before the loss of the full-time employment; and

(b) Did not have prior knowledge that the claimant would be separated from full-time employment.

Sec. 43. RCW 70.02.230 and 2021 c 264 s 17 and 2021 c 263 s 6 are each reenacted to read as follows:

(1) The fact of admission to a provider for mental health services and all information and records compiled, obtained, or maintained in the course of providing mental health services to either voluntary or involuntary recipients of services at public or private agencies may not be disclosed except as provided in this section, RCW 70.02.050, 71.05.445, 74.09.295, 70.02.210, 70.02.240, 70.02.250, 70.02.260, and 70.02.265, or pursuant to a valid authorization under RCW 70.02.030.

(2) Information and records related to mental health services, other than those obtained through treatment under chapter 71.34 RCW, may be disclosed:

(a) In communications between qualified professional persons to meet the requirements of chapter 71.05 RCW, including Indian health care providers, in the provision of services or appropriate referrals, or in the course of guardianship proceedings if provided to a professional person:

(i) Employed by the facility;

(ii) Who has medical responsibility for the patient's care;

(iii) Who is a designated crisis responder;

(iv) Who is providing services under chapter 71.24 RCW;

(v) Who is employed by a state or local correctional facility where the person is confined or supervised; or

(vi) Who is providing evaluation, treatment, or follow-up services under chapter 10.77 RCW;

(b) When the communications regard the special needs of a patient and the necessary circumstances giving rise to such needs and the disclosure is made by a facility providing services to the operator of a facility in which the patient resides or will reside;

(c)(i) When the person receiving services, or his or her guardian, designates persons to whom information or records may be released, or if the person is a minor, when his or her parents make such a designation;

(ii) A public or private agency shall release to a person's next of kin, attorney, personal representative, guardian, or conservator, if any:

(A) The information that the person is presently a patient in the facility or that the person is seriously physically ill;

(B) A statement evaluating the mental and physical condition of the patient, and a statement of the probable duration of the patient's confinement, if such information is requested by the next of kin, attorney, personal representative, guardian, or conservator; and

(iii) Other information requested by the next of kin or attorney as may be necessary to decide whether or not proceedings should be instituted to appoint a guardian or conservator;

(d)(i) To the courts, including tribal courts, as necessary to the administration of chapter 71.05 RCW or to a court ordering an evaluation or treatment under chapter 10.77 RCW solely for the purpose of preventing the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

(ii) To a court or its designee in which a motion under chapter 10.77 RCW has been made for involuntary medication of a defendant for the purpose of competency restoration.

(iii) Disclosure under this subsection is mandatory for the purpose of the federal health insurance portability and accountability act;

(e)(i) When a mental health professional or designated crisis responder is requested by a representative of a law enforcement or corrections agency, including a police officer, sheriff, community corrections officer, a municipal attorney, or

prosecuting attorney to undertake an investigation or provide treatment under RCW 71.05.150, 10.31.110, or 71.05.153, the mental health professional or designated crisis responder shall, if requested to do so, advise the representative in writing of the results of the investigation including a statement of reasons for the decision to detain or release the person investigated. The written report must be submitted within seventy-two hours of the completion of the investigation or the request from the law enforcement or corrections representative, whichever occurs later.

(ii) Disclosure under this subsection is mandatory for the purposes of the federal health insurance portability and accountability act;

(f) To the attorney of the detained person;

(g) To the prosecuting attorney as necessary to carry out the responsibilities of the office under RCW 71.05.330(2), 71.05.340(1)(b), and 71.05.335. The prosecutor must be provided access to records regarding the committed person's treatment and prognosis, medication, behavior problems, and other records relevant to the issue of whether treatment less restrictive than inpatient treatment is in the best interest of the committed person or others. Information must be disclosed only after giving notice to the committed person and the person's counsel;

(h)(i) To appropriate law enforcement agencies and to a person, when the identity of the person is known to the public or private agency, whose health and safety has been threatened, or who is known to have been repeatedly harassed, by the patient. The person may designate a representative to receive the disclosure. The disclosure must be made by the professional person in charge of the public or private agency or his or her designee and must include the dates of commitment, admission, discharge, or release, authorized or unauthorized absence from the agency's facility, and only any other information that is pertinent to the threat or harassment. The agency or its employees are not civilly liable for the decision to disclose or not, so long as the decision was reached in good faith and without gross negligence.

(ii) Disclosure under this subsection is mandatory for the purposes of the federal health insurance portability and accountability act;

(i)(i) To appropriate corrections and law enforcement agencies all necessary and relevant information in the event of a crisis or emergent situation that poses a significant and imminent risk to the public. The mental health service agency or its employees are not civilly liable for the decision to disclose or not so long as the decision was reached in good faith and without gross negligence.

(ii) Disclosure under this subsection is mandatory for the purposes of the health insurance portability and accountability act;

(j) To the persons designated in RCW 71.05.425 for the purposes described in those sections;

(k) By a care coordinator under RCW 71.05.585 or 10.77.175 assigned to a person ordered to receive less restrictive alternative treatment for the purpose of sharing information to parties necessary for the implementation of proceedings under chapter 71.05 or 10.77 RCW;

(l) Upon the death of a person. The person's next of kin, personal representative, guardian, or conservator, if any, must be notified. Next of kin who are of legal age and competent must be notified under this section in the following order: Spouse, parents, children, brothers and sisters, and other relatives according to the degree of relation. Access to all records and information compiled, obtained, or maintained in the course of providing services to a deceased patient are governed by RCW 70.02.140;

(m) To mark headstones or otherwise memorialize patients interred at state hospital cemeteries. The department of social and health services shall make available the name, date of birth, and date of death of patients buried in state hospital cemeteries fifty years after the death of a patient;

(n) To law enforcement officers and to prosecuting attorneys as are necessary to enforce RCW 9.41.040(2)(a)(~~(iv)~~) (v). The extent of information that may be released is limited as follows:

(i) Only the fact, place, and date of involuntary commitment, an official copy

of any order or orders of commitment, and an official copy of any written or oral notice of ineligibility to possess a firearm that was provided to the person pursuant to RCW 9.41.047(1), must be disclosed upon request;

(ii) The law enforcement and prosecuting attorneys may only release the information obtained to the person's attorney as required by court rule and to a jury or judge, if a jury is waived, that presides over any trial at which the person is charged with violating RCW 9.41.040(2)(a)(~~(iv)~~) (v);

(iii) Disclosure under this subsection is mandatory for the purposes of the federal health insurance portability and accountability act;

(o) When a patient would otherwise be subject to the provisions of this section and disclosure is necessary for the protection of the patient or others due to his or her unauthorized disappearance from the facility, and his or her whereabouts is unknown, notice of the disappearance, along with relevant information, may be made to relatives, the department of corrections when the person is under the supervision of the department, and governmental law enforcement agencies designated by the physician or psychiatric advanced registered nurse practitioner in charge of the patient or the professional person in charge of the facility, or his or her professional designee;

(p) Pursuant to lawful order of a court, including a tribal court;

(q) To qualified staff members of the department, to the authority, to behavioral health administrative services organizations, to managed care organizations, to resource management services responsible for serving a patient, or to service providers designated by resource management services as necessary to determine the progress and adequacy of treatment and to determine whether the person should be transferred to a less restrictive or more appropriate treatment modality or facility;

(r) Within the mental health service agency or Indian health care provider facility where the patient is receiving treatment, confidential information may be disclosed to persons employed, serving in bona fide training programs, or participating in supervised volunteer

programs, at the facility when it is necessary to perform their duties;

(s) Within the department and the authority as necessary to coordinate treatment for mental illness, developmental disabilities, or substance use disorder of persons who are under the supervision of the department;

(t) Between the department of social and health services, the department of children, youth, and families, and the health care authority as necessary to coordinate treatment for mental illness, developmental disabilities, or substance use disorder of persons who are under the supervision of the department of social and health services or the department of children, youth, and families;

(u) To a licensed physician or psychiatric advanced registered nurse practitioner who has determined that the life or health of the person is in danger and that treatment without the information and records related to mental health services could be injurious to the patient's health. Disclosure must be limited to the portions of the records necessary to meet the medical emergency;

(v)(i) Consistent with the requirements of the federal health insurance portability and accountability act, to:

(A) A health care provider, including an Indian health care provider, who is providing care to a patient, or to whom a patient has been referred for evaluation or treatment; or

(B) Any other person who is working in a care coordinator role for a health care facility, health care provider, or Indian health care provider, or is under an agreement pursuant to the federal health insurance portability and accountability act with a health care facility or a health care provider and requires the information and records to assure coordinated care and treatment of that patient.

(ii) A person authorized to use or disclose information and records related to mental health services under this subsection (2)(v) must take appropriate steps to protect the information and records relating to mental health services.

(iii) Psychotherapy notes may not be released without authorization of the

patient who is the subject of the request for release of information;

(w) To administrative and office support staff designated to obtain medical records for those licensed professionals listed in (v) of this subsection;

(x) To a facility that is to receive a person who is involuntarily committed under chapter 71.05 RCW, or upon transfer of the person from one evaluation and treatment facility to another. The release of records under this subsection is limited to the information and records related to mental health services required by law, a record or summary of all somatic treatments, and a discharge summary. The discharge summary may include a statement of the patient's problem, the treatment goals, the type of treatment which has been provided, and recommendation for future treatment, but may not include the patient's complete treatment record;

(y) To the person's counsel or guardian ad litem, without modification, at any time in order to prepare for involuntary commitment or recommitment proceedings, reexaminations, appeals, or other actions relating to detention, admission, commitment, or patient's rights under chapter 71.05 RCW;

(z) To staff members of the protection and advocacy agency or to staff members of a private, nonprofit corporation for the purpose of protecting and advocating the rights of persons with mental disorders or developmental disabilities. Resource management services may limit the release of information to the name, birthdate, and county of residence of the patient, information regarding whether the patient was voluntarily admitted, or involuntarily committed, the date and place of admission, placement, or commitment, the name and address of a guardian of the patient, and the date and place of the guardian's appointment. Any staff member who wishes to obtain additional information must notify the patient's resource management services in writing of the request and of the resource management services' right to object. The staff member shall send the notice by mail to the guardian's address. If the guardian does not object in writing within fifteen days after the notice is mailed, the staff member may obtain the additional information. If the guardian objects in writing within fifteen days after the notice is mailed,

the staff member may not obtain the additional information;

(aa) To all current treating providers, including Indian health care providers, of the patient with prescriptive authority who have written a prescription for the patient within the last twelve months. For purposes of coordinating health care, the department or the authority may release without written authorization of the patient, information acquired for billing and collection purposes as described in RCW 70.02.050(1)(d). The department, or the authority, if applicable, shall notify the patient that billing and collection information has been released to named providers, and provide the substance of the information released and the dates of such release. Neither the department nor the authority may release counseling, inpatient psychiatric hospitalization, or drug and alcohol treatment information without a signed written release from the client;

(bb)(i) To the secretary of social and health services and the director of the health care authority for either program evaluation or research, or both so long as the secretary or director, where applicable, adopts rules for the conduct of the evaluation or research, or both. Such rules must include, but need not be limited to, the requirement that all evaluators and researchers sign an oath of confidentiality substantially as follows:

"As a condition of conducting evaluation or research concerning persons who have received services from (fill in the facility, agency, or person) I,, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such evaluation or research regarding persons who have received services such that the person who received such services is identifiable.

I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law.

/s/"

(ii) Nothing in this chapter may be construed to prohibit the compilation and publication of statistical data for use by government or researchers under standards, including standards to assure maintenance of confidentiality, set

forth by the secretary, or director, where applicable;

(cc) To any person if the conditions in RCW 70.02.205 are met;

(dd) To the secretary of health for the purposes of the maternal mortality review panel established in RCW 70.54.450; or

(ee) To a tribe or Indian health care provider to carry out the requirements of RCW 71.05.150(6).

(3) Whenever federal law or federal regulations restrict the release of information contained in the information and records related to mental health services of any patient who receives treatment for a substance use disorder, the department or the authority may restrict the release of the information as necessary to comply with federal law and regulations.

(4) Civil liability and immunity for the release of information about a particular person who is committed to the department of social and health services or the authority under RCW 71.05.280(3) and 71.05.320(4)(c) after dismissal of a sex offense as defined in RCW 9.94A.030, is governed by RCW 4.24.550.

(5) The fact of admission to a provider of mental health services, as well as all records, files, evidence, findings, or orders made, prepared, collected, or maintained pursuant to chapter 71.05 RCW are not admissible as evidence in any legal proceeding outside that chapter without the written authorization of the person who was the subject of the proceeding except as provided in RCW 70.02.260, in a subsequent criminal prosecution of a person committed pursuant to RCW 71.05.280(3) or 71.05.320(4)(c) on charges that were dismissed pursuant to chapter 10.77 RCW due to incompetency to stand trial, in a civil commitment proceeding pursuant to chapter 71.09 RCW, or, in the case of a minor, a guardianship or dependency proceeding. The records and files maintained in any court proceeding pursuant to chapter 71.05 RCW must be confidential and available subsequent to such proceedings only to the person who was the subject of the proceeding or his or her attorney. In addition, the court may order the subsequent release or use of such records or files only upon good cause shown if the court finds that appropriate safeguards for strict

confidentiality are and will be maintained.

(6)(a) Except as provided in RCW 4.24.550, any person may bring an action against an individual who has willfully released confidential information or records concerning him or her in violation of the provisions of this section, for the greater of the following amounts:

(i) One thousand dollars; or

(ii) Three times the amount of actual damages sustained, if any.

(b) It is not a prerequisite to recovery under this subsection that the plaintiff suffered or was threatened with special, as contrasted with general, damages.

(c) Any person may bring an action to enjoin the release of confidential information or records concerning him or her or his or her ward, in violation of the provisions of this section, and may in the same action seek damages as provided in this subsection.

(d) The court may award to the plaintiff, should he or she prevail in any action authorized by this subsection, reasonable attorney fees in addition to those otherwise provided by law.

(e) If an action is brought under this subsection, no action may be brought under RCW 70.02.170.

Sec. 44. RCW 70.02.240 and 2021 c 264 s 18 and 2021 c 263 s 7 are each reenacted and amended to read as follows:

The fact of admission and all information and records related to mental health services obtained through inpatient or outpatient treatment of a minor under chapter 71.34 RCW must be kept confidential, except as authorized by this section or under RCW 70.02.050, 70.02.210, 70.02.230, 70.02.250, 70.02.260, and 70.02.265. Confidential information under this section may be disclosed only:

(1) In communications between mental health professionals to meet the requirements of chapter 71.34 RCW, in the provision of services to the minor, or in making appropriate referrals;

(2) In the course of guardianship or dependency proceedings;

(3) To the minor, the minor's parent, including those acting as a parent as

defined in RCW 71.34.020 for purposes of family-initiated treatment, and the minor's attorney, subject to RCW 13.50.100;

(4) To the courts as necessary to administer chapter 71.34 RCW;

(5) By a care coordinator under RCW 71.34.755 or 10.77.175 assigned to a person ordered to receive less restrictive alternative treatment for the purpose of sharing information to parties necessary for the implementation of proceedings under chapter 71.34 or 10.77 RCW;

(6) By a care coordinator under RCW 71.34.755 assigned to a person ordered to receive less restrictive alternative treatment for the purpose of sharing information to parties necessary for the implementation of proceedings under chapter 71.34 RCW;

(7) To law enforcement officers or public health officers as necessary to carry out the responsibilities of their office. However, only the fact and date of admission, and the date of discharge, the name and address of the treatment provider, if any, and the last known address must be disclosed upon request;

(8) To law enforcement officers, public health officers, relatives, and other governmental law enforcement agencies, if a minor has escaped from custody, disappeared from an evaluation and treatment facility, violated conditions of a less restrictive treatment order, or failed to return from an authorized leave, and then only such information as may be necessary to provide for public safety or to assist in the apprehension of the minor. The officers are obligated to keep the information confidential in accordance with this chapter;

(9) To the secretary of social and health services and the director of the health care authority for assistance in data collection and program evaluation or research so long as the secretary or director, where applicable, adopts rules for the conduct of such evaluation and research. The rules must include, but need not be limited to, the requirement that all evaluators and researchers sign an oath of confidentiality substantially as follows:

"As a condition of conducting evaluation or research concerning persons who have received services from

(fill in the facility, agency, or person) I,, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such evaluation or research regarding minors who have received services in a manner such that the minor is identifiable.

I recognize that unauthorized release of confidential information may subject me to civil liability under state law.

/s/";

(10) To appropriate law enforcement agencies, upon request, all necessary and relevant information in the event of a crisis or emergent situation that poses a significant and imminent risk to the public. The mental health service agency or its employees are not civilly liable for the decision to disclose or not, so long as the decision was reached in good faith and without gross negligence;

(11) To appropriate law enforcement agencies and to a person, when the identity of the person is known to the public or private agency, whose health and safety has been threatened, or who is known to have been repeatedly harassed, by the patient. The person may designate a representative to receive the disclosure. The disclosure must be made by the professional person in charge of the public or private agency or his or her designee and must include the dates of admission, discharge, authorized or unauthorized absence from the agency's facility, and only any other information that is pertinent to the threat or harassment. The agency or its employees are not civilly liable for the decision to disclose or not, so long as the decision was reached in good faith and without gross negligence;

(12) To a minor's next of kin, attorney, guardian, or conservator, if any, the information that the minor is presently in the facility or that the minor is seriously physically ill and a statement evaluating the mental and physical condition of the minor as well as a statement of the probable duration of the minor's confinement;

(13) Upon the death of a minor, to the minor's next of kin;

(14) To a facility in which the minor resides or will reside;

(15) To law enforcement officers and to prosecuting attorneys as are necessary to enforce RCW 9.41.040(2)(a)(~~(iv)~~) (v). The extent of information that may be released is limited as follows:

(a) Only the fact, place, and date of involuntary commitment, an official copy of any order or orders of commitment, and an official copy of any written or oral notice of ineligibility to possess a firearm that was provided to the person pursuant to RCW 9.41.047(1), must be disclosed upon request;

(b) The law enforcement and prosecuting attorneys may only release the information obtained to the person's attorney as required by court rule and to a jury or judge, if a jury is waived, that presides over any trial at which the person is charged with violating RCW 9.41.040(2)(a)(~~(iv)~~) (v);

(c) Disclosure under this subsection is mandatory for the purposes of the federal health insurance portability and accountability act;

(16) This section may not be construed to prohibit the compilation and publication of statistical data for use by government or researchers under standards, including standards to assure maintenance of confidentiality, set forth by the director of the health care authority or the secretary of the department of social and health services, where applicable. The fact of admission and all information obtained pursuant to chapter 71.34 RCW are not admissible as evidence in any legal proceeding outside chapter 71.34 RCW, except guardianship or dependency, without the written consent of the minor or the minor's parent;

(17) For the purpose of a correctional facility participating in the postinstitutional medical assistance system supporting the expedited medical determinations and medical suspensions as provided in RCW 74.09.555 and 74.09.295;

(18) Pursuant to a lawful order of a court.

NEW SECTION. Sec. 45. The following acts or parts of acts are each repealed:

(1)RCW 7.105.055 (Jurisdiction—Stalking protection orders) and 2021 c 215 s 5;

(2)RCW 7.105.060 (Jurisdiction—Antiharassment protection orders) and 2021 c 215 s 6;

SUBSTITUTE HOUSE BILL NO. 1901, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2075 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that establishing minimum service requirements for the department of social and health services economic services administration's community services division is necessary due to the increase in call center wait times due to the closure of community services offices during the COVID-19 public health emergency, resulting in individuals being unable to access safety net programs administered by the department.

(2) The legislature intends to establish minimum service expectations and requirements to ensure that eligible individuals receive needed services through the department's community services offices. The legislature further intends to prohibit the department's community services division from imposing punitive measures against individuals when they have attempted to contact or access the community services office, per requirements to apply for and maintain their benefits, and are unable to connect due to long wait times over the phone or due to closure of the community services offices, to the extent allowable under federal and state law.

NEW SECTION. **Sec. 2.** A new section is added to chapter 74.04 RCW to read as follows:

(1) Minimum service expectations and requirements for the department's community services division are established.

(a) The community services division must ensure that clients may apply for and receive services in a reasonable and accessible manner that is suited to the clients' needs. This includes, but is not limited to, meeting client needs related to technology, language, and ability.

(b) Community services offices must be open for walk-in and in-person services during normal business hours.

(i) The community services division may not limit which clients are able to use walk-in and in-person services or limit which services may be accessed in community services offices.

(ii) The department retains the right to close an office for emergency, health, safety, and welfare issues.

(c) The community services division must maintain telephonic access to services.

(i) The community services division must strive to ensure that clients do not experience total call wait times that exceed 30 minutes.

(ii) The community services division must monitor the average wait time for client telephone calls per week, and include a measurement of all incoming calls, including dropped calls.

(iii) Beginning November 1, 2022, and annually thereafter, the department must report to the appropriate committees of the legislature and the governor in compliance with RCW 43.01.036 on the average wait time for client telephone calls per week, the measurement of all incoming calls, and the number of dropped calls, and the methodology the department uses to monitor the total wait times, the incoming calls, and the dropped calls.

(iv) By November 1, 2022, the department must provide to the legislature recommendations on achieving the goal of 30-minute call wait times, including recommendations on staffing, technology, and any other infrastructure needed to efficiently serve clients.

(2) Where a cash and food assistance applicant or recipient is negatively affected by excessive call wait times, dropped calls, or community services division office closures during normal business hours:

(a) The department must prioritize the processing of the applicant's application to the extent allowed under state and federal law; and

(b) To the extent allowed under state and federal law, an applicant or recipient may not be terminated or sanctioned by the department or have their application for assistance denied based on an applicant's or recipient's inability to contact the community services division."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "adding a new section to chapter 74.04 RCW; and creating a new section."

and the same is herewith transmitted.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2075, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2078 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** (1) The legislature finds that time outdoors helps children thrive physically, emotionally, and academically, yet over the past few generations, childhood has moved indoors. On average, today's kids spend up to 44 hours per week in front of a screen, and less than 10 minutes a day doing activities outdoors. For too many kids, access to the outdoors is determined by race, income, ability, and zip code. All children deserve equitable access to outdoor spaces where they can learn, play, and grow, but current access to outdoor educational opportunities is inequitable.

(2) From stress reduction to improved focus and engagement, and better academic performance, outdoor-based learning helps kids thrive. Research shows participants in outdoor educational activities have higher graduation rates, improved behavior in school and relationships with peers, higher academic achievement, critical thinking skills, direct experience of scientific concepts in the field, leadership and collaboration skills, and a deeper engagement with learning, place, and community. Outdoor educational programs also offer new opportunities for work-integrated learning in science, natural resources, education, land management, agriculture, outdoor recreation, and other employment sectors. Outdoor-based learning activities can also be a key element in the larger system of regular outdoor instructional time and outdoor experiences that includes STEM fields, after-school programs, summer camps, 4-H, scouting, and related programs which can spark a lifelong appreciation for the natural world.

(3) The legislature further finds that accessibility is a major obstacle to universal outdoor education. Most sites lack accommodation for children with disabilities and support staff for children who need social and emotional support. In addition, some youth may experience cultural barriers to outdoor learning experiences.

(4) Therefore, the legislature intends to establish a statewide grant program and corresponding outdoor education experiences program to address these needs and to ensure that all students have a chance to benefit from outdoor education.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, or within funding made available, the outdoor learning grant program is established. The purpose of the grant program is to develop and support educational experiences for students in Washington public schools.

(2) The office of the superintendent of public instruction shall administer the grant program in accordance with this section.

(3) Within existing resources, the Washington state parks and recreation commission, the department of natural resources, the Washington department of fish and wildlife, the Washington department of agriculture, and the Washington conservation commission may partner with the office of the superintendent of public instruction to provide relevant expertise on land management and work-integrated learning experiences and opportunities.

(4) Beginning in the 2022-23 school year, the office of the superintendent of public instruction shall award grants to eligible school districts, federally recognized tribes, and outdoor education program providers. The office may consult with the Washington recreation and conservation office in awarding grants under this section.

(5)(a) The grant program must consist of two types of grants, including:

(i) Allocation-based grants for school districts to develop or support educational experiences; and

(ii) Competitive grants for federally recognized tribes and outdoor education providers to support existing capacity and to increase future capacity for outdoor learning experiences.

(b) In implementing student educational experiences under this section, school districts and outdoor education providers should ensure equitable access for students in all geographic regions, and high levels of accessibility for students with disabilities.

(6) Beginning in 2024, the office of the superintendent of public instruction, in accordance with RCW 43.01.036, must submit an annual report

to the appropriate committees of the legislature with an evaluation of the program established by this section. The report may include information on other outdoor education and instructional time efforts and how they compare with programs funded through the outdoor learning grant program.

(7) For the purposes of this section, "school districts" includes state-tribal education compact schools established under chapter 28A.715 RCW.

NEW SECTION. **Sec. 3.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the outdoor education experiences program is established as a program within the outdoor learning grant program established in section 2 of this act. The purpose of the outdoor education experiences program is to develop and support outdoor learning opportunities for 5th and 6th grade students in Washington public schools, with related opportunities for high school students to volunteer as counselors. The program will consist of hands-on learning experiences that: Are three to five days in duration and up to four nights; are overnight or day programs when overnight programs are impractical due to health, cultural, or capacity considerations; and have a focus on environmental education aligned with the Washington state learning standards and the development of social and emotional learning skills.

(2) The office of the superintendent of public instruction may work with a statewide nonprofit organization representing school principals to create guidelines for the program established by this section.

(3) In implementing the program established by this section, the priority focus of the office of the superintendent of public instruction must be given to schools that have been identified for improvement through the Washington school improvement framework and communities historically underserved by science education. These communities can include, but are not limited to, federally recognized tribes, including state-tribal education compact schools, migrant students, schools with high free and reduced-price lunch populations, rural and remote schools, students in alternative learning environments,

students of color, English language learner students, and students receiving special education services.

Sec. 4. RCW 28A.300.790 and 2018 c 266 s 410 are each amended to read as follows:

(1) The superintendent of public instruction, subject to conformity with application or other requirements adopted by rule, shall approve requests by public schools as provided in RCW 28A.320.173 to consider student participation in seasonal or nonseasonal outdoor-based activities, including programs established in accordance with section 2 of this act, and the outdoor education experiences program established in section 3 of this act, as instructional days for the purposes of basic education requirements established in RCW 28A.150.220(5).

(2) The superintendent of public instruction shall adopt rules to implement this section."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 28A.300.790; adding new sections to chapter 28A.300 RCW; and creating a new section."

and the same is herewith transmitted.

"PART I

CREATING A SALES AND USE TAX DEFERRAL PROGRAM TO INCENTIVIZE MANUFACTURING AND RESEARCH AND DEVELOPMENT ACTIVITIES IN CERTAIN DESIGNATED COUNTIES

NEW SECTION. Sec. 101. (1) The legislature finds that there are counties in the state that face additional economic development challenges beyond the challenges faced by counties located in the central Puget Sound region. The legislature further finds that these regions do not experience the same degree of job growth and investment. The legislature further finds that, in some areas, increased economic development incentives are needed to help support economic growth and that a one-size-fits-all approach to economic development does not work for the diversity of the statewide economy. For these reasons, the legislature intends to establish a tax deferral program to be effective solely in certain targeted counties. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and generally spurring economic development in these counties of the state.

(2) The legislature also finds that this act is consistent with the Substitute House Bill No. 1170, the Washington BEST manufacturing act, enacted in 2021. The 2021 Washington BEST manufacturing act recognized that the state must retain and build on its leadership in the manufacturing and research and development sectors and also recognized that a thriving manufacturing and research sector are complimentary and should be promoted in every region of the state. Therefore, the legislature further finds the sales and use tax deferral program for manufacturing and research and development in this act is a critical tool and strategy to help achieve the goals expressed in the Washington BEST manufacturing act of doubling the state's manufacturing employment base, the number of small businesses, and the number of women and minority-owned manufacturing businesses in the next 10 years.

NEW SECTION. Sec. 102. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.

(2) "Department" means the department of revenue.

(3) "Eligible area" means a qualifying county.

(4)(a) "Eligible investment project" means an investment project that is located, as of the date the application required by section 103 of this act is received by the department, in an eligible area as defined in subsection (3) of this section.

(b) "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(4), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects that have already received deferrals under this chapter.

(5)(a) "Initiation of construction" means the date that a building permit is issued under the building code adopted under RCW 19.27.031 for:

(i) Construction of the qualified building, if the underlying ownership of the building vests exclusively with the person receiving the economic benefit of the deferral;

(ii) Construction of the qualified building, if the economic benefits of the deferral are passed to a lessee as provided in RCW 82.60.025; or

(iii) Tenant improvements for a qualified building, if the economic benefits of the deferral are passed to a lessee as provided in RCW 82.60.025.

(b) "Initiation of construction" does not include soil testing, site clearing and grading, site preparation, or any other related activities that are initiated before the issuance of a building permit for the construction of the foundation of the building.

(c) If the eligible investment project is a phased project, "initiation of construction" applies separately to each phase.

(6) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project.

(7) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" also includes:

(a) The activities performed by research and development laboratories and commercial testing laboratories; and

(b) The conditioning of vegetable seeds.

(8) "Meaningful construction" means an active construction site, where excavation of a building site, laying of a building foundation, or other tangible signs of construction are taking place and that clearly show a progression in the construction process at the location designated by the taxpayer in the application for deferral. Planning, permitting, or land clearing before excavation of the building site, without more, does not constitute "meaningful construction."

(9) "Person" has the meaning given in RCW 82.04.030.

(10) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing

floor space or production capacity used for manufacturing or research and development activities, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral must be determined by apportionment of the costs of construction under rules adopted by the department.

(11) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.

(12) "Qualifying county" means a county that has a population less than 650,000 at the time an application is submitted under section 103 of this act.

(13) "Recipient" means a person receiving a tax deferral under this chapter.

(14) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun, but only when such activities are intended to ultimately result in the production of a new, different, or useful substance or article of tangible personal property for sale. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed \$1,000,000.

NEW SECTION. Sec. 103. (1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application must be made to the department in a form

and manner prescribed by the department. The application must contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department. The department must rule on the application within 60 days.

(2) The department may not accept applications for the deferral under this chapter after June 30, 2032.

(3) This section expires July 1, 2032.

NEW SECTION. Sec. 104. (1) The department must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project.

(2) The department must keep a running total of all deferrals granted under this chapter during each fiscal biennium. The amount of state and local sales and use taxes eligible for deferral under this chapter is limited to \$400,000 per person.

(3) This section expires July 1, 2032.

NEW SECTION. Sec. 105. (1) The recipient of a deferral certificate under section 104 of this act must begin meaningful construction on an eligible investment project within two years of receiving a deferral certificate, unless construction was delayed due to circumstances beyond the recipient's control. Lack of funding is not considered a circumstance beyond the recipient's control.

(2) If the recipient does not begin meaningful construction on an eligible investment project within two years of receiving a deferral certificate, the deferral certificate issued under section 104 of this act is invalid and taxes deferred under this chapter are due immediately.

NEW SECTION. Sec. 106. (1)(a) Each recipient of a deferral of taxes granted under this chapter must file a complete annual tax performance report with the department under RCW 82.32.534 during the period covered by the schedule under subsection (2) of this section. If the economic benefits of the deferral are

passed to a lessee as provided in section 108 of this act, the lessee must file a complete annual tax performance report, and the applicant is not required to file a complete annual tax performance report.

(b) The joint legislative audit and review committee, as part of its tax preference review process under chapter 43.136 RCW, must use the information reported on the annual tax performance report required by this section to study the tax deferral program authorized under this chapter. The committee must report to the legislature by December 1, 2030. The report must measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, and such other factors as the committee selects.

(2)(a) Except as otherwise provided in this chapter, taxes deferred under this chapter need not be repaid.

(b) If the investment project is not operationally complete within five calendar years from the issuance of the tax deferral certificate, or if, on the basis of the tax performance report under RCW 82.32.534 or other information, the department finds that an investment project is used for purposes other than a qualified manufacturing or research and development operation at any time during the calendar year in which the investment project is certified by the department as having been operationally completed, or at any time during any of the seven succeeding calendar years, a portion of deferred taxes is immediately due according to the following schedule:

Year in which use occurs	% of deferred taxes due
1	100%
2	87.5%
3	75%
4	62.5%
5	50%
6	37.5%
7	25%
8	12.5%

(c) If the economic benefits of the deferral are passed to a lessee as provided in section 108 of this act, the lessee is responsible for payment to the extent the lessee has received the economic benefit.

(3) A recipient who must repay deferred taxes under this section because the department has found that an investment project is not eligible for tax deferral under this chapter is no longer required to file annual tax performance reports under RCW 82.32.534 beginning on the date an investment project is used for nonqualifying purposes.

(4) The department must assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral for a recipient who must repay deferred taxes under this section because the department has found that an investment project is not eligible for tax deferral. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(5) Notwithstanding any other provision of this section or RCW 82.32.534, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

NEW SECTION. Sec. 107. The department must establish a list of qualifying counties, effective July 1, 2022. The list of qualifying counties is effective for a 24-month period and must be updated by July 1st of the year that is two calendar years after the list was established or last updated, as the case may be.

NEW SECTION. Sec. 108. The lessor or owner of a qualified building is not eligible for a deferral unless:

(1) The underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or

(2)(a) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;

(b) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual tax performance report required under section 106 of this act; and

(c) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the qualified building and the lessee.

NEW SECTION. Sec. 109. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 110. Applications, reports, and any other information received by the department under this chapter, except applications not approved by the department, are not confidential and are subject to disclosure.

PART II

MODIFYING THE SALES AND USE TAX EXEMPTION FOR WAREHOUSES, DISTRIBUTION CENTERS, AND GRAIN ELEVATORS

Sec. 201. RCW 82.08.820 and 2014 c 140 s 23 are each amended to read as follows:

(1) Wholesalers or third-party warehouse owners who own or operate warehouses or grain elevators and retailers who own or operate distribution centers, and who have paid the tax levied by RCW 82.08.020 on:

(a) Material-handling and racking equipment, and labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the equipment; or

(b) Construction of a warehouse or grain elevator, including materials, and including service and labor costs,

are eligible for an exemption in the form of a remittance. The amount of the remittance is computed under subsection (3) of this section and is based on the state share of sales tax.

(2) For purposes of this section and RCW 82.12.820:

(a) "Agricultural products" has the meaning given in RCW 82.04.213;

(b)(i) "Construction" means the actual construction of a warehouse or grain elevator that did not exist before the construction began. (~~"Construction"~~) Except as provided in (b)(ii) of this subsection, "construction" includes expansion if the expansion adds at least two hundred thousand square feet of additional space to an existing warehouse or additional storage capacity of at least one million bushels to an existing grain elevator. "Construction" does not include renovation, remodeling, or repair;

(ii) For an existing warehouse located in a qualifying county, "construction" includes expansion if the expansion adds at least 100,000 square feet of additional space to an existing warehouse;

(c) "Department" means the department of revenue;

(d) "Distribution center" means a warehouse that is used exclusively by a retailer solely for the storage and distribution of finished goods to retail outlets of the retailer. "Distribution center" does not include a warehouse at which retail sales occur;

(e) "Finished goods" means tangible personal property intended for sale by a retailer or wholesaler. "Finished goods" does not include:

(i) Agricultural products stored by wholesalers, third-party warehouses, or retailers if the storage takes place on the land of the person who produced the agricultural product;

(ii) Logs, minerals, petroleum, gas, or other extracted products stored as raw materials or in bulk; or

(iii) Marijuana, useable marijuana, or marijuana-infused products;

(f) "Grain elevator" means a structure used for storage and handling of grain in bulk;

(g) "Material-handling equipment and racking equipment" means equipment in a warehouse or grain elevator that is primarily used to handle, store, organize, convey, package, or repackage finished goods. The term includes tangible personal property with a useful

life of one year or more that becomes an ingredient or component of the equipment, including repair and replacement parts. The term does not include equipment in offices, lunchrooms, restrooms, and other like space, within a warehouse or grain elevator, or equipment used for nonwarehousing purposes. "Material-handling equipment" includes but is not limited to: Conveyers, carousels, lifts, positioners, pick-up-and-place units, cranes, hoists, mechanical arms, and robots; mechanized systems, including containers that are an integral part of the system, whose purpose is to lift or move tangible personal property; and automated handling, storage, and retrieval systems, including computers that control them, whose purpose is to lift or move tangible personal property; and forklifts and other off-the-road vehicles that are used to lift or move tangible personal property and that cannot be operated legally on roads and streets. "Racking equipment" includes, but is not limited to, conveying systems, chutes, shelves, racks, bins, drawers, pallets, and other containers and storage devices that form a necessary part of the storage system;

(h) "Person" has the meaning given in RCW 82.04.030;

(i) "Retailer" means a person who makes "sales at retail" as defined in chapter 82.04 RCW of tangible personal property;

(j) "Square footage" means the product of the two horizontal dimensions of each floor of a specific warehouse. The entire footprint of the warehouse must be measured in calculating the square footage, including space that juts out from the building profile such as loading docks. "Square footage" does not mean the aggregate of the square footage of more than one warehouse at a location or the aggregate of the square footage of warehouses at more than one location;

(k) "Third-party warehouse" means a person taxable under RCW 82.04.280(1)(d);

(l) "Qualifying county" means a county that has a population less than 650,000 at the time an application is submitted under this section and RCW 82.12.820;

(m) "Warehouse" means an enclosed building or structure in which finished goods are stored. A warehouse building or structure may have more than one storage room and more than one floor. Office

space, lunchrooms, restrooms, and other space within the warehouse and necessary for the operation of the warehouse are considered part of the warehouse as are loading docks and other such space attached to the building and used for handling of finished goods. Landscaping and parking lots are not considered part of the warehouse. A storage yard is not a warehouse, nor is a building in which manufacturing takes place; and

~~((m))~~ (n) "Wholesaler" means a person who makes "sales at wholesale" as defined in chapter 82.04 RCW of tangible personal property, but "wholesaler" does not include a person who makes sales exempt under RCW 82.04.330.

(3)(a) A person claiming an exemption from state tax in the form of a remittance under this section must pay the tax imposed by RCW 82.08.020. The buyer may then apply to the department for remittance of all or part of the tax paid under RCW 82.08.020. For grain elevators with bushel capacity of one million but less than two million, the remittance is equal to fifty percent of the amount of tax paid. ~~((For))~~ Except as provided under (d) of this subsection, for warehouses with square footage of two hundred thousand or more and for grain elevators with bushel capacity of two million or more, the remittance is equal to one hundred percent of the amount of tax paid for qualifying construction, materials, service, and labor, and fifty percent of the amount of tax paid for qualifying material-handling equipment and racking equipment, and labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the equipment. The maximum amount of tax that may be remitted under this section and RCW 82.12.820 for the construction or expansion of a warehouse or grain elevator is \$400,000.

(b) The department must determine eligibility under this section based on information provided by the buyer and through audit and other administrative records. The buyer must on a quarterly basis submit an information sheet, in a form and manner as required by the department by rule, specifying the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The buyer must retain, in adequate detail to enable the department to determine whether the equipment or construction meets the

criteria under this section: Invoices; proof of tax paid; documents describing the material-handling equipment and racking equipment; location and size of warehouses and grain elevators; and construction invoices and documents.

(c) The department must on a quarterly basis remit exempted amounts to qualifying persons who submitted applications during the previous quarter.

(d) For warehouses located in a qualifying county, the square footage requirement is 100,000 square feet or more.

(4) Warehouses, grain elevators, and material-handling equipment and racking equipment for which an exemption, credit, or deferral has been or is being received under chapter 82.60, 82.62, or 82.63 RCW or RCW 82.08.02565 or 82.12.02565 are not eligible for any remittance under this section. Warehouses and grain elevators upon which construction was initiated before May 20, 1997, are not eligible for a remittance under this section.

(5) The lessor or owner of a warehouse or grain elevator is not eligible for a remittance under this section unless the underlying ownership of the warehouse or grain elevator and the material-handling equipment and racking equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the remittance to the lessee in the form of reduced rent payments.

(6) This section expires July 1, 2032.

Sec. 202. RCW 82.12.820 and 2006 c 354 s 13 are each amended to read as follows:

(1) Wholesalers or third-party warehouse owners who own or operate warehouses or grain elevators, and retailers who own or operate distribution centers, and who have paid the tax levied under RCW 82.12.020 on:

(a) Material-handling equipment and racking equipment and labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the equipment; or

(b) Materials incorporated in the construction of a warehouse or grain elevator, are eligible for an exemption on tax paid in the form of a remittance or credit against tax owed. The amount of the remittance or credit is computed

under subsection (2) of this section and is based on the state share of use tax.

(2)(a) A person claiming an exemption from state tax in the form of a remittance under this section must pay the tax imposed by RCW 82.12.020 to the department. The person may then apply to the department for remittance of all or part of the tax paid under RCW 82.12.020. For grain elevators with bushel capacity of one million but less than two million, the remittance is equal to fifty percent of the amount of tax paid. ~~((For))~~ Except as provided under (d) of this subsection, for warehouses with square footage of two hundred thousand or more and for grain elevators with bushel capacity of two million or more, the remittance is equal to one hundred percent of the amount of tax paid for qualifying construction materials, and fifty percent of the amount of tax paid for qualifying material-handling equipment and racking equipment. The maximum amount of tax that may be remitted under this section and RCW 82.08.820 for the construction or expansion of a warehouse or grain elevator is \$400,000.

(b) The department shall determine eligibility under this section based on information provided by the buyer and through audit and other administrative records. The buyer shall on a quarterly basis submit an information sheet, in a form and manner as required by the department by rule, specifying the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The buyer shall retain, in adequate detail to enable the department to determine whether the equipment or construction meets the criteria under this section: Invoices; proof of tax paid; documents describing the material-handling equipment and racking equipment; location and size of warehouses, if applicable; and construction invoices and documents.

(c) The department shall on a quarterly basis remit or credit exempted amounts to qualifying persons who submitted applications during the previous quarter.

(d) For warehouses located in a qualifying county, the square footage requirement is 100,000 square feet or more.

(3) Warehouse, grain elevators, and material-handling equipment and racking

equipment for which an exemption, credit, or deferral has been or is being received under chapter 82.60, 82.62, or 82.63 RCW or RCW 82.08.02565 or 82.12.02565 are not eligible for any remittance under this section. Materials incorporated in warehouses and grain elevators upon which construction was initiated prior to May 20, 1997, are not eligible for a remittance under this section.

(4) The lessor or owner of the warehouse or grain elevator is not eligible for a remittance or credit under this section unless the underlying ownership of the warehouse or grain elevator and material-handling equipment and racking equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the exemption to the lessee in the form of reduced rent payments.

(5) The definitions in RCW 82.08.820 apply to this section.

(6) This section expires July 1, 2032.

NEW SECTION. Sec. 203. A person claiming an exemption from state tax in the form of a remittance under RCW 82.08.820 or 82.12.820 for a warehouse or distribution center must file the annual tax preference performance report under RCW 82.32.534 beginning in the first calendar year following the year the warehouse, distribution center, or grain elevator is operationally complete and for the next two subsequent years.

NEW SECTION. Sec. 204. (1) This section is the tax preference performance statement for the warehousing, distribution, and grain elevator sales and use tax exemptions in sections 201 and 202, chapter . . . , Laws of 2022 (sections 201 and 202 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to accomplish the general purposes indicated in RCW 82.32.808(2) (a) and (c) to induce certain designated behavior by businesses and to create jobs.

(3) It is the legislature's specific public policy objective to induce the construction of new or expanded warehouses and distribution centers in

certain targeted counties by reducing the square footage requirement in order to diversify the tax base and increase employment within the targeted counties.

(4) To measure the effectiveness of these exemptions in achieving the specific public policy objectives described in subsection (3) of this section, the joint legislative audit and review committee must evaluate the changes in the number of employment positions in the warehousing and distribution industry sector in the targeted counties and changes to the tax base as a result of increased warehousing and distribution activity.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to the remittance data prepared by the department of revenue and the annual tax preference performance report submitted by the beneficiary of the tax preference under RCW 82.32.534.

ESSB 5980 Prime Sponsor, Committee on Ways & Means: Providing substantial and permanent tax relief for small businesses to mitigate structural deficiencies in Washington's business and occupation tax and lessen long-term negative economic consequences of the pandemic that have disproportionately impacted small businesses. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 82.04.4451 and 2010 1st sp.s. c 23 s 1102 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed against the amount of tax otherwise due under this chapter, as provided in this section. Except for taxpayers that report at least (~~(fifty)~~) 50 percent of their taxable amount under RCW 82.04.255, 82.04.290(2)(a), and 82.04.285, the maximum credit for a taxpayer for a reporting period is (~~(thirty-five dollars)~~) \$55 multiplied by the number of months in the reporting period, as determined under RCW 82.32.045. For a taxpayer that reports at least (~~(fifty)~~) 50 percent of its taxable amount under RCW 82.04.255, 82.04.290(2)(a), and 82.04.285, the maximum credit for a reporting period is (~~(seventy dollars)~~) \$160 multiplied by the number of months in the reporting period, as determined under RCW 82.32.045.

(2) When the amount of tax otherwise due under this chapter is equal to or less than the maximum credit, a credit is allowed equal to the amount of tax otherwise due under this chapter.

(3) When the amount of tax otherwise due under this chapter exceeds the maximum credit, a reduced credit is allowed equal to twice the maximum credit, minus the tax otherwise due under this chapter, but not less than zero.

(4) The department may prepare a tax credit table consisting of tax ranges using increments of no more than five dollars and a corresponding tax credit to be applied to those tax ranges. The table shall be prepared in such a manner that no taxpayer will owe a greater amount of tax by using the table than would be owed by performing the calculation under subsections (1) through (3) of this section. A table prepared by the department under this subsection must be used by all taxpayers in taking the credit provided in this section.

Sec. 2. RCW 82.32.045 and 2019 c 63 s 2 and 2019 c 8 s 302 are each reenacted and amended to read as follows:

(1) Except as otherwise provided in this chapter and subsection (6) of this

section, payments of the taxes imposed under chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW, along with reports and returns on forms prescribed by the department, are due monthly within twenty-five days after the end of the month in which the taxable activities occur.

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. Except as provided in subsection (3) of this section, for these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) For annual filers, tax payments, along with reports and returns on forms prescribed by the department, are due on or before April 15th of the year immediately following the end of the period covered by the return.

(4) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

(5) Notwithstanding subsections (1) and (2) of this section, the department may relieve any person of the requirement to file returns if the following conditions are met:

(a) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than(+-

~~(i) Twenty eight thousand dollars per year; or~~

~~(ii) Forty six thousand six hundred sixty seven dollars per year for persons generating at least fifty percent of their taxable amount from activities taxable under RCW 82.04.255, 82.04.290(2)(a), and 82.04.285)) \$125,000;~~

(b) The person's gross income of the business from all activities taxable under chapter 82.16 RCW is less than twenty-four thousand dollars per year; and

(c) The person is not required to collect or pay to the department of

revenue any other tax or fee which the department is authorized to collect.

(6)(a) Taxes imposed under chapter 82.08 or 82.12 RCW on taxable events that occur beginning January 1, 2019, through June 30, 2019, and payable by a consumer directly to the department are due, on returns prescribed by the department, by July 25, 2019.

(b) This subsection (6) does not apply to the reporting and payment of taxes imposed under chapters 82.08 and 82.12 RCW:

(i) On the retail sale or use of motor vehicles, vessels, or aircraft; or

(ii) By consumers who are engaged in business, unless the department has relieved the consumer of the requirement to file returns pursuant to subsection (5) of this section.

NEW SECTION. **Sec. 3.** This act applies to reporting periods beginning on or after January 1, 2023.

NEW SECTION. **Sec. 4.** Section 1 of this act is exempt from RCW 82.32.805 and 82.32.808."

WHEREAS, In his ninth term diligently serving the best interests of families in the 38th legislative district in Snohomish County, State Representative Mike Sells has established himself as a consistent progressive force in the Washington State Legislature; and

WHEREAS, Representative Sells, a teacher at heart, made it his mission to impart knowledge to students in elementary as well as secondary levels with the Everett School District for over three decades; and

WHEREAS, He also made a difference in the lives of thousands of students with his service to educators as president of Local 772 for the American Federation of Teachers from 1969 to 1980, and then as the Everett Education Association president for the next 18 years; and

WHEREAS, In his quest to ensure Washingtonians have opportunities that will help them pursue meaningful work in the fields of their choice, Representative Sells sponsored bills to create the Washington Aerospace Training & Research Center at Paine Field, develop internship and apprenticeship opportunities, establish WSU Everett, and bring a Bachelor of Science nursing program to Everett Community College through UW-Bothell; and

WHEREAS, An unyielding advocate for labor and working families, Representative Sells served as the elected secretary-treasurer of the Snohomish & Island County Labor Council from 1976 to 2014, coordinating 65 different AFL/CIO unions in Snohomish County, representing more than 42,000 working people; and

WHEREAS, He has exemplified leadership, dedication, and commitment at the helm of the Labor & Workplace Standards Committee since 2011, and in that role succeeded in reforming the Unemployment Insurance system, modernizing Workers' Compensation, strengthening safety standards in the workplace, and helping to establish Paid Family and Medical Leave for Washington workers; and

WHEREAS, Representative Mike Sells pointed out he owes his accomplishments in legislating to the work and support of community and tribal leaders in Everett, Marysville, and Tulalip, adding: "They helped set agendas for our communities, listened to the people, and helped build the support structures for moving legislation forward. We don't do these things alone if we wish to be successful. It is the same with the great advocates for working people we have in this state. I was lucky to have a great group of partners and a family that supported my work.";

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the State of Washington salute and celebrate Representative Mike Sells for his dedication to the people of the 38th legislative district and, indeed, to the people of the entire state of Washington; and

BE IT FURTHER RESOLVED, That copies of this Resolution be immediately transmitted by the Chief Clerk of the House of Representatives to the family of Washington State Representative Mike Sells.

E2SSB 5755 Prime Sponsor, Committee on Ways & Means: Authorizing certain cities to establish a limited sales and use tax incentive program to encourage redevelopment of underdeveloped lands in urban areas. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) Many cities in Washington are actively planning for growth under the growth management act, chapter 36.70A RCW;

(2) The construction industry provides living wage jobs for families across Washington;

(3) In the current economic climate, the creation of additional affordable housing units is essential to the economic health of our cities and our state;

(4) It is critical that Washington state promote its cities and its property owners that will provide affordable housing;

(5) A meaningful, fair, and predictable economic incentive should be created to stimulate the redevelopment of underdeveloped property in targeted urban areas through a limited sales and use tax deferral program as provided by this chapter;

(6) This limited tax deferral will help the owners of underdeveloped property achieve the highest and best use of land and enable cities to more fully realize their planning goals; and

(7) Data regarding the number of additional affordable units created due to the limited tax deferral will be evaluated to determine if this tool could be used to increase affordable housing in other areas of the state.

NEW SECTION. Sec. 2. It is the purpose of this chapter to encourage the redevelopment of underdeveloped land in targeted urban areas, thereby increasing affordable housing, employment opportunities, and helping accomplish the other planning goals of Washington cities. The legislative authorities of cities to which this chapter applies may authorize a sales and use tax deferral for an investment project within the city if the legislative authority of the city finds that there are significant areas of underdeveloped land and a lack of affordable housing in areas proximate to the land. If a conditional recipient maintains the property for qualifying purposes for at least 10 years, deferred sales and use taxes need not be repaid.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable homeownership housing" means housing intended for owner occupancy to low or moderate-income households whose monthly housing costs, including utilities other than telephone, do not exceed 30 percent of the household's monthly income.

(2) "Affordable rental housing" means housing for very low or low-income households whose monthly housing costs, including utilities other than telephone, do not exceed 30 percent of the household's monthly income.

(3) "Applicant" means an owner of underdeveloped property.

(4) "City" means a city with a population of at least 135,000 and not

more than 250,000 at the time the city initially establishes the program under this section.

(5) "Conditional recipient" means an owner of underdeveloped land granted a conditional certificate of program approval under this chapter, which includes any successor owner of the property.

(6) "County median price" means the most recently published quarterly data of median home prices by the Washington center for real estate research.

(7) "Eligible investment project" means an investment project that is located in a city and receiving a conditional certificate of program approval.

(8) "Fair market rent" means the estimates of 40th percentile gross rents for standard quality units within counties as published by the federal department of housing and urban development.

(9) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which a deferral may be granted under this chapter.

(10) "Household" means a single person, family, or unrelated persons living together.

(11)(a) "Initiation of construction" means the date that a building permit is issued under the building code adopted under RCW 19.27.031 for construction of the qualified building, if the underlying ownership of the building vests exclusively with the person receiving the economic benefit of the deferral.

(b) "Initiation of construction" does not include soil testing, site clearing and grading, site preparation, or any other related activities that are initiated before the issuance of a building permit for the construction of the foundation of the building.

(c) If the investment project is a phased project, "initiation of construction" applies separately to each phase.

(12) "Investment project" means an investment in multifamily housing, including labor, services, and materials incorporated in the planning, installation, and construction of the project. "Investment project" includes

investment in related facilities such as playgrounds and sidewalks as well as facilities used for business use for mixed-use development.

(13) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than 50 percent but is at or below 80 percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development.

(14) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than 80 percent but is at or below 115 percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development.

(15) "Multifamily housing" means a building or a group of buildings having two or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitation or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(16) "Owner" means the property owner of record.

(17) "Underdeveloped property" means land used as a surface parking lot for parking of motor vehicles off the street or highway, that is open to public use with or without charge, as of the effective date of this section.

(18) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 50 percent of the median family income adjusted for family size, for the county, city, or metropolitan statistical area, where the project is located, as reported by the United States department of housing and urban development.

NEW SECTION. Sec. 4. (1) For the purpose of creating a sales and use tax deferral program under this chapter, the governing authority must adopt a resolution of intention to create a sales

and use tax deferral program as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the creation of the tax deferral program and may include such other information pertaining to the creation of the deferral program as the governing authority determines to be appropriate to apprise the public of the action intended. However, the resolution must provide information pertaining to:

- (a) The application process;
- (b) The approval process;
- (c) The appeals process for applications denied approval; and
- (d) Additional requirements, conditions, and obligations that must be followed postapproval of an application.

(2) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than 30 days before the date of the hearing in a paper having a general circulation in the city. The notice must state the time, date, place, and purpose of the hearing.

(3) Following the hearing or a continuance of the hearing, the governing authority may authorize the creation of the program.

NEW SECTION. Sec. 5. An owner of underdeveloped property seeking a sales and use tax deferral under this chapter on an investment project must complete the following procedures:

(1) The owner must apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested deferral including information indicated on the application form or in the guidelines;

(b) A description of the investment project and site plan, and other information requested;

(c) A statement of the expected number of affordable housing units to be created;

(d) A statement that the applicant is aware of the potential tax liability involved if the investment project ceases

to be used for eligible uses under this chapter;

(e) A statement that the applicant is aware that the investment project must be completed within three years from the date of approval of the application;

(f) A statement that the applicant is aware that the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed 24 consecutive months; and

(g) A statement that the applicant would not have built in this location but for the availability of the tax deferral under this chapter;

(2) The applicant must verify the application by oath or affirmation; and

(3) The application must be accompanied by the application fee, if any, required under this chapter. The duly authorized administrative official or committee of the city may permit the applicant to revise an application before final action by the duly authorized administrative official or committee of the city.

NEW SECTION. Sec. 6. The duly authorized administrative official or committee of the city may approve the application and grant a conditional certificate of program approval if it finds that:

(1)(a) The investment project is set aside primarily for multifamily housing units and the applicant commits to renting or selling at least 50 percent of the units as affordable rental housing or affordable homeownership housing to very low, low, and moderate-income households. In a mixed use project, only the ground floor of a building may be used for commercial purposes with the remainder dedicated to multifamily housing units;

(b) At least 50 percent of the investment project set aside for multifamily housing units will be rented at a price at or below fair market rent for the county or sold at a price at or below county median price; and

(c) The applicant commits to any additional affordability and income eligibility conditions adopted by the local government under this chapter not otherwise inconsistent with this chapter;

(2) The investment project is, or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(3) The investment project will occur on land that constitutes underdeveloped property;

(4) The area where the investment project will occur is located within an area zoned for residential or mixed uses;

(5) The terms and conditions of the implementation of the development meets the requirements of this chapter and any requirements of the city that are not otherwise inconsistent with this chapter;

(6) The land where the investment project will occur was not acquired through a condemnation proceeding under Title 8 RCW; and

(7) All other requirements of this chapter have been satisfied as well as any other requirements of the city that are not otherwise inconsistent with this chapter.

NEW SECTION. Sec. 7. (1) The duly authorized administrative official or committee of the city must approve or deny an application filed under this chapter within 90 days after receipt of the application.

(2) If the application is approved, the city must issue the applicant a conditional certificate of program approval. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the investment project as described in the application will comply with the required criteria of this chapter.

(3) If the application is denied by the city, the city must state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within 10 days of the denial.

(4) Upon denial by the city, an applicant may appeal the denial to the city's governing authority or a city official designated by the city to hear such appeals within 30 days after receipt of the denial. The appeal before the city's governing authority or designated city official must be based upon the record made before the city with the burden of proof on the applicant to show

that there was no substantial evidence to support the city's decision. The decision of the city on the appeal is final.

NEW SECTION. Sec. 8. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority in administering the program under this chapter. The application fee must be paid at the time the application for program approval is filed.

NEW SECTION. Sec. 9. (1) Within 30 days of the issuance of a certificate of occupancy for an eligible investment project, the conditional recipient must file with the city the following:

(a) A description of the work that has been completed and a statement that the eligible investment project qualifies the property for a sales and use tax deferral under this chapter;

(b) A statement of the new affordable housing to be offered as a result of the new construction; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of program approval.

(2) Within 30 days after receipt of the statements required under subsection (1) of this section, the city must determine and notify the conditional recipient as to whether the work completed and the affordable housing to be offered are consistent with the application and the contract approved by the city, and the investment project continues to qualify for a tax deferral under this chapter. The conditional recipient must notify the department within 30 days from receiving the city's determination to schedule an audit of the deferred taxes. The department must determine the amount of sales and use taxes qualifying for the deferral. If the department determines that purchases were not eligible for deferral it must assess interest, but not penalties, on the nonqualifying amounts.

(3) The city must notify the conditional recipient within 30 days that a tax deferral under this chapter is denied if the city determines that:

(a) The work was not completed within three years of the application date;

(b) The work was not constructed consistent with the application or other applicable requirements;

(c) The affordable housing units to be offered are not consistent with the application and criteria of this chapter; or

(d) The owner's property is otherwise not qualified for a sales and use tax deferral under this chapter.

(4) If the city finds that the work was not completed within the required time period due to circumstances beyond the control of the conditional recipient and that the conditional recipient has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority may extend the deadline for completion of the work for a period not to exceed 24 consecutive months.

(5) The city's governing authority may enact an ordinance to provide a process for a conditional recipient to appeal a decision by the city that the conditional recipient is not entitled to a deferral of sales and use taxes. The conditional recipient may appeal a decision by the city to deny a deferral of sales and use taxes in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within 30 days of notification by the city to the conditional recipient.

(6) A city denying a conditional recipient of a sales and use tax deferral under subsection (3) of this section must notify the department and taxes deferred under this chapter are immediately due and payable, subject to any appeal by the conditional recipient. The department must assess interest at the rate provided for delinquent taxes and penalties retroactively to the date of deferral. A debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient.

NEW SECTION. Sec. 10. (1) Thirty days after the anniversary of the date of issuance of the certificate of occupancy and each year thereafter for 10 years, the conditional recipient must file with a designated authorized representative of the city an annual report indicating the following:

(a) A statement of the affordable housing units constructed on the property as of the anniversary date;

(b) A certification by the conditional recipient that the property has not changed use;

(c) A description of changes or improvements constructed after issuance of the certificate of occupancy; and

(d) Any additional information requested by the city.

(2) The conditional recipient of a deferral of taxes under this chapter must file a complete annual tax performance report with the department pursuant to RCW 82.32.534 beginning the year the certificate of occupancy is issued and each year thereafter for 10 years.

(3) A city that issues a certificate of program approval under this chapter must report annually by December 31st of each year, beginning in 2022, to the department of commerce. The report must include the following information:

(a) The number of program approval certificates granted;

(b) The total number and type of new buildings constructed;

(c) The number of affordable housing units resulting from the new construction; and

(d) The estimated value of the sales and use tax deferral for each investment project receiving a program approval and the total estimated value of sales and use tax deferrals granted.

NEW SECTION. Sec. 11. (1) A conditional recipient must submit an application to the department before initiation of the construction of the investment project. In the case of an investment project involving multiple qualified buildings, applications must be made for, and before the initiation of construction of, each qualified building. The application must be made to the department in a form and manner prescribed by the department. The application must include a copy of the conditional certificate of program approval issued by the city, estimated construction costs, time schedules for completion and operation, and any other information required by the department. The department must rule on the application within 60 days.

(2) The department must provide information to the conditional recipient regarding documentation that must be retained by the conditional recipient in

order to substantiate the amount of sales and use tax actually deferred under this chapter.

(3) The department may not accept applications for the deferral under this chapter after June 30, 2032.

(4) The application must include a waiver by the conditional recipient of the four-year limitation under RCW 82.32.100.

(5) This section expires July 1, 2032.

NEW SECTION. Sec. 12. (1) After receiving the conditional certificate of program approval issued by the city and provided to the department by the applicant, the department must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project.

(2) The department must keep a running total of all estimated sales and use tax deferrals provided under this chapter during each fiscal biennium.

(3) The deferral certificate is valid during active construction of a qualified investment project and expires on the day the city issues a certificate of occupancy for the investment project for which a deferral certificate was issued.

(4) This section expires July 1, 2032.

NEW SECTION. Sec. 13. (1) If a conditional recipient voluntarily opts to discontinue compliance with the requirements of this chapter, the recipient must notify the city and department within 60 days of the change in use or intended discontinuance.

(2) If, after the department has issued a sales and use tax deferral certificate and the conditional recipient has received a certificate of occupancy, the city finds that a portion of an investment project is changed or will be changed to disqualify the recipient for sales and use tax deferral eligibility under this chapter, the city must notify the department and all deferred sales and use taxes are immediately due and payable. The department must assess interest at the rate provided for delinquent taxes and penalties retroactively to the date of deferral. A debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient.

(3) This section does not apply after 10 years from the date of the certificate of occupancy.

NEW SECTION. Sec. 14. (1) Transfer of investment project ownership does not terminate the deferral. The deferral is transferred subject to the successor meeting the eligibility requirements of this chapter.

(2) The transferor of an eligible project must notify the city and the department of such transfer. The city must certify to the department that the successor meets the requirements of the deferral. The transferor must provide the information necessary for the department to transfer the deferral. If the transferor fails to notify the city and the department, all deferred sales and use taxes are immediately due and payable. The department must assess interest at the rate provided for delinquent taxes and penalties retroactively to the date of deferral.

NEW SECTION. Sec. 15. (1) This section is the tax preference performance statement for the tax preference contained in chapter . . . , Laws of 2022 (this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or to be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to expand affordable housing options for very low to moderate-income households, specifically in underdeveloped urban areas.

(4)(a) To measure the effectiveness of the tax preference in this act, the joint legislative audit and review committee must evaluate the number of increased housing units on underdeveloped property. If a review finds that the number of affordable housing units has not increased, then the legislature intends to repeal this tax preference.

(b) The review must be provided to the fiscal committees of the legislature by December 31, 2030.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to any available data source, including data collected by the department under section 10 of this act.

NEW SECTION. Sec. 16. Sections 1 through 14 of this act constitute a new chapter in Title 82 RCW.

NEW SECTION. Sec. 17. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

THIRD READING

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed ENGROSSED FOURTH SUBSTITUTE HOUSE BILL NO. 1412 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 3.66.120 and 2001 c 115 s 1 are each amended to read as follows:

(1) All court-ordered restitution obligations that are ordered as a result of a conviction for a criminal offense in a court of limited jurisdiction may be enforced in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. The judgment and sentence must identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment.

(2) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(3) All court-ordered restitution obligations may be enforced at any time during the (~~ten-year~~) 10-year period following the offender's release from total confinement or within (~~ten~~) 10 years of entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the initial (~~ten-year~~) 10-year period, the court

may extend the criminal judgment an additional (~~ten~~) 10 years for payment of court-ordered restitution only if the court finds that the offender has not made a good faith attempt to pay.

(4) The party or entity to whom the court-ordered restitution obligation is owed may utilize any other remedies available to the party or entity to collect the court-ordered financial obligation.

(5) Nothing in this section may be construed to deprive the court of the authority to determine whether the offender's failure to pay the legal financial obligation constitutes a violation of a condition of probation or to impose a sanction upon the offender if such a violation is found.

Sec. 2. RCW 9.94A.750 and 2018 c 123 s 1 are each amended to read as follows:

This section applies to offenses committed on or before July 1, 1985.

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within (~~one hundred eighty~~) 180 days. The court may continue the hearing beyond the (~~one hundred eighty~~) 180 days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court shall not issue any order that postpones the commencement of restitution payments until after the offender is released from total confinement. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have. An offender's inability to make restitution payments while in total confinement may not be the basis for a violation of his or her sentence unless his or her inability to make payments resulted from a refusal to accept an employment offer to a class I or class II job or a termination for cause from such a job.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change.

The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3)(a) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the offense.

(b) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection:

(i) "Insurer" means any insurer as defined and authorized under Title 48 RCW. "Insurer" does not include an individual self-insurance program or joint self-insurance program.

(ii) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(iii) "State agency" has the same meaning as provided in RCW 42.56.010(1).

(4) For the purposes of this section, the offender shall remain under the court's jurisdiction for a term of (~~ten~~) 10 years following the offender's release from total confinement or (~~ten~~) 10 years subsequent to the entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the

initial (~~(ten-year)~~) 10-year period, the superior court may extend jurisdiction under the criminal judgment an additional (~~(ten)~~) 10 years for payment of restitution. The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during either the initial (~~(ten-year)~~) 10-year period or subsequent (~~(ten-year)~~) 10-year period if the criminal judgment is extended, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if

child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under the court's jurisdiction until the offender has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of (~~(twenty-five)~~) 25 years following the offender's release from total confinement or (~~(twenty-five)~~) 25 years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(8) This section does not limit civil remedies or defenses available to the victim or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately

according to each victim's loss when there is more than one victim.

Sec. 3. RCW 9.94A.753 and 2018 c 123 s 2 are each amended to read as follows:

This section applies to offenses committed after July 1, 1985.

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within (~~(one hundred eighty)~~) 180 days except as provided in subsection (7) of this section. The court may continue the hearing beyond the (~~(one hundred eighty)~~) 180 days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court shall not issue any order that postpones the commencement of restitution payments until after the offender is released from total confinement. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have. An offender's inability to make restitution payments while in total confinement may not be the basis for a violation of his or her sentence unless his or her inability to make payments resulted from a refusal to accept an employment offer to a class I or class II job or a termination for cause from such a job.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3)(a) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or

other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the crime.

(b) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(4) For the purposes of this section, for an offense committed prior to July 1, 2000, the offender shall remain under the court's jurisdiction for a term of (~~(ten)~~) 10 years following the offender's release from total confinement or (~~(ten)~~) 10 years subsequent to the entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial (~~(ten-year)~~) 10-year period, the superior court may extend jurisdiction under the criminal judgment an additional (~~(ten)~~) 10 years for payment of restitution. For an offense committed on or after July 1, 2000, the offender shall remain under the court's jurisdiction until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The portion of the sentence concerning restitution may be modified as to amount, terms, and conditions during any period of time the offender remains under the court's jurisdiction, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department only during any period which the department is authorized to supervise the offender in the community

under RCW 9.94A.728, 9.94A.501, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim's medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim's child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim's child. For the purposes of this subsection, the offender shall remain under the court's jurisdiction until the offender has satisfied support obligations under the

superior court or administrative order for the period provided in RCW 4.16.020 or a maximum term of (~~twenty-five~~) 25 years following the offender's release from total confinement or (~~twenty-five~~) 25 years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) Regardless of the provisions of subsections (1) through (6) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the judgment and sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(8) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(9) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered

restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

(10) If a person has caused a victim to lose money or property through the filing of a vehicle report of sale in which the designated buyer had no knowledge of the vehicle transfer or the fraudulent filing of the report of sale, upon conviction or when the offender pleads guilty and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim, the court may order the defendant to pay an amount, fixed by the court, not to exceed double the amount of the defendant's gain or victim's loss from the filing of the vehicle report of sale in which the designated buyer had no knowledge of the vehicle transfer or the fraudulent filing of the report of sale. Such an amount may be used to provide restitution to the victim at the order of the court. It is the duty of the prosecuting attorney to investigate the alternative of restitution, and to recommend it to the court, when the prosecuting attorney believes that restitution is appropriate and feasible. If the court orders restitution, the court must make a finding as to the amount of the victim's loss due to the filing of the report of sale in which the designated buyer had no knowledge of the vehicle transfer or the fraudulent filing of the report of sale, and if the record does not contain sufficient evidence to support such finding, the court may conduct a hearing upon the issue. For purposes of this section, "loss" refers to the amount of money or the value of property or services lost.

Sec. 4. RCW 9.94A.760 and 2018 c 269 s 14 are each amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court may not order an offender to pay costs as described in RCW 10.01.160 if the court finds that the offender at the time of sentencing is indigent as defined in RCW ~~((10.101.010(3) (a) through (e)))~~ 10.01.160(3). An offender being indigent as defined in RCW ~~((10.101.010(3) (a) through (e)))~~ 10.01.160(3) is not grounds for failing to impose restitution or the

crime victim penalty assessment under RCW 7.68.035. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount.

(2) Upon receipt of each payment made by or on behalf of an offender, the county clerk shall distribute the payment in the following order of priority until satisfied:

(a) First, proportionally to restitution to victims that have not been fully compensated from other sources;

(b) Second, proportionally to restitution to insurance or other sources with respect to a loss that has provided compensation to victims;

(c) Third, proportionally to crime victims' assessments; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

(3) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration. The court shall not order the offender to pay the cost of incarceration if the court finds that the offender at the time of sentencing is indigent as defined in RCW ~~((10.101.010(3) (a) through (e)))~~ 10.01.160(3). Costs of incarceration ordered by the court shall not exceed a rate of ~~((fifty dollars))~~ \$50 per day of incarceration, if incarcerated in a prison, or the actual cost of incarceration per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than ~~((one hundred dollars))~~ \$100 per day for the cost of incarceration. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration

in a prison shall be remitted to the department.

(4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(5)(a) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment.

(b) If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may

be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6).

(c) All other ~~((legal financial))~~ restitution obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ~~((ten-year))~~ 10-year period following the offender's release from total confinement or within ~~((ten))~~ 10 years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ~~((ten-year))~~ 10-year period, the superior court may extend the criminal judgment an additional ~~((ten))~~ 10 years for payment of ~~((legal financial))~~ restitution obligations ~~((including crime victims' assessments))~~. All other ~~((legal financial))~~ restitution obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the ~~((legal financial))~~ restitution obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime.

(d) All other legal financial obligations other than restitution may be enforced at any time during the 10-year period following the offender's release from total confinement or within 10 years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial 10-year period, the superior court may extend the criminal judgment an additional 10 years for payment of nonrestitution legal financial obligations only if the court finds that the offender has the current or likely future ability to pay the obligations. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3).

(e) The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is

not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(7) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county

clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(9) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or

9.94A.740. If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties.

(12)(a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (5) of this section. The costs for collection services shall be paid by the offender.

(14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who

remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 5. RCW 6.17.020 and 2002 c 261 s 1 are each amended to read as follows:

(1) Except as provided in subsections (2), (3), and (4) of this section, the party in whose favor a judgment of a court has been or may be filed or rendered, or the assignee or the current holder thereof, may have an execution, garnishment, or other legal process issued for the collection or enforcement of the judgment at any time within (~~ten~~) 10 years from entry of the judgment or the filing of the judgment in this state.

(2) After July 23, 1989, a party who obtains a judgment or order of a court or an administrative order entered as defined in RCW 74.20A.020(6) for accrued child support, or the assignee or the current holder thereof, may have an execution, garnishment, or other legal process issued upon that judgment or order at any time within (~~ten~~) 10 years of the (~~eighteenth~~) 18th birthday of the youngest child named in the order for whom support is ordered.

(3) After June 9, 1994, a party in whose favor a judgment has been filed as a foreign judgment or rendered pursuant to subsection (1) or (4) of this section, or the assignee or the current holder thereof, may, within (~~ninety~~) 90 days before the expiration of the original (~~ten-year~~) 10-year period, apply to the court that rendered the judgment or to the court where the judgment was filed as a foreign judgment for an order granting an additional (~~ten~~) 10 years during which an execution, garnishment, or other legal process may be issued. If a district court judgment of this state is transcribed to a superior court of this state, the original district court judgment shall not be extended and any petition under this section to extend the judgment that has been transcribed to superior court shall be filed in the superior court within (~~ninety~~) 90 days before the expiration of the (~~ten-year~~) 10-year period of the date the transcript of the district court judgment was filed in the superior court of this state. The petitioner shall pay to the court a filing fee equal to the filing fee for filing the first or initial paper in a civil action in the court, except in the case of district court judgments transcribed to superior court, where the

filing fee shall be the fee for filing the first or initial paper in a civil action in the superior court where the judgment was transcribed. The order granting the application shall contain an updated judgment summary as provided in RCW 4.64.030. The filing fee required under this subsection shall be included in the judgment summary and shall be a recoverable cost. The application shall be granted as a matter of right, subject to review only for timeliness, factual issues of full or partial satisfaction, or errors in calculating the judgment summary amounts.

(4)(a) A party who obtains a judgment or order for restitution(~~(, crime victims' assessment, or other court-ordered legal financial obligations)~~) pursuant to a criminal judgment and sentence, or the assignee or the current holder thereof, may execute, garnish, and/or have legal process issued upon the judgment or order any time within ~~((ten))~~ 10 years subsequent to the entry of the judgment and sentence or ~~((ten))~~ 10 years following the offender's release from total confinement as provided in chapter 9.94A RCW. The clerk of superior court, or a party designated by the clerk, may seek extension under subsection (3) of this section for purposes of collection as allowed under RCW 36.18.190, provided that no filing fee shall be required.

(b) A party who obtains a judgment or order for court-ordered legal financial obligations other than restitution, pursuant to a criminal judgment and sentence, or the assignee or the current holder thereof, may execute, garnish, and have legal process issued upon the judgment or order any time within 10 years subsequent to the entry of the judgment and sentence or 10 years following the offender's release from total confinement as provided in chapter 9.94A RCW. The clerk of superior court, or a party designated by the clerk, may seek extension under subsection (3) of this section for purposes of collection as allowed under RCW 36.18.190, only if the court finds that the offender has the current or likely future ability to pay the nonrestitution legal financial obligations. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). No filing fee shall be required for filing a petition for an extension pursuant to this subsection (4)(b).

(5) "Court" as used in this section includes but is not limited to the United States supreme court, the United States courts of appeals, the United States district courts, the United States bankruptcy courts, the Washington state supreme court, the court of appeals of the state of Washington, superior courts and district courts of the counties of the state of Washington, and courts of other states and jurisdictions from which judgment has been filed in this state under chapter 6.36 or 6.40 RCW.

(6) The perfection of any judgment lien and the priority of that judgment lien on property as established by RCW 6.13.090 and chapter 4.56 RCW is not altered by the extension of the judgment pursuant to the provisions of this section and the lien remains in full force and effect and does not have to be rerecorded after it is extended. Continued perfection of a judgment that has been transcribed to other counties and perfected in those counties may be accomplished after extension of the judgment by filing with the clerk of the other counties where the judgment has been filed either a certified copy of the order extending the judgment or a certified copy of the docket of the matter where the judgment was extended.

(7) Except as ordered in RCW 4.16.020 (2) or (3), chapter 9.94A RCW, or chapter 13.40 RCW, no judgment is enforceable for a period exceeding ~~((twenty))~~ 20 years from the date of entry in the originating court. Nothing in this section may be interpreted to extend the expiration date of a foreign judgment beyond the expiration date under the laws of the jurisdiction where the judgment originated.

(8) The chapter 261, Laws of 2002 amendments to this section apply to all judgments currently in effect on June 13, 2002, to all judgments extended after June 9, 1994, unless the judgment has been satisfied, vacated, and/or quashed, and to all judgments filed or rendered, or both, after June 13, 2002.

Sec. 6. RCW 9.92.060 and 2011 1st sp.s. c 40 s 5 are each amended to read as follows:

(1) Whenever any person is convicted of any crime except murder, burglary in the first degree, arson in the first degree, robbery, rape of a child, or rape, the superior court may, in its discretion, at the time of imposing

sentence upon such person, direct that such sentence be stayed and suspended until otherwise ordered by the superior court, and, upon such terms as the superior court may determine, that the sentenced person be placed under the charge of:

(a) A community corrections officer employed by the department of corrections, if the person is subject to supervision under RCW 9.94A.501 or 9.94A.5011; or

(b) A probation officer employed or contracted for by the county, if the county has elected to assume responsibility for the supervision of superior court misdemeanor probationers.

(2) As a condition to suspension of sentence, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. In addition, the superior court may require the convicted person to make such monetary payments, on such terms as the superior court deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay any fine imposed and not suspended and the court or other costs incurred in the prosecution of the case, including reimbursement of the state for costs of extradition if return to this state by extradition was required; and (d) to contribute to a county or interlocal drug fund.

(3) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or a state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current

ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(4) As a condition of the suspended sentence, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

~~((4))~~ (5) If restitution to the victim has been ordered under subsection (2)(b) of this section and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made as ordered. If the superior court has ordered supervision and restitution has not been made, the officer shall inform the prosecutor of that violation of the terms of the suspended sentence not less than three months prior to the termination of the suspended sentence.

Sec. 7. RCW 9.95.210 and 2019 c 263 s 302 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection in granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(b) For a defendant sentenced for a domestic violence offense, or under RCW 46.61.5055, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension continue upon such conditions

and for such time as the court shall designate, not to exceed five years. The court shall have continuing jurisdiction and authority to suspend the execution of all or any part of the sentence upon stated terms, including installment payment of fines. A defendant who has been sentenced, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. Any time before entering an order terminating probation, the court may modify or revoke its order suspending the imposition or execution of the sentence if the defendant violates or fails to carry out any of the conditions of the suspended sentence.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f)

to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or a state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(5) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary for up to twelve months. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county,

but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

~~((5))~~ (6) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

~~((6))~~ (7) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

~~((7))~~ (8) For purposes of this section, "domestic violence" means the same as in RCW 10.99.020.

NEW SECTION. Sec. 8. A new section is added to chapter 10.01 RCW to read as follows:

A defendant who has been ordered to pay fines and who has not willfully failed to pay the obligation, as described in RCW 9.94A.6333, 9.94B.040, and 10.01.180, may at any time petition the sentencing court for remission of the payment of fines or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may remit all or part of the amount due in fines, modify the method of payment under RCW 10.01.170, or convert the unpaid amounts to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. Manifest hardship exists where the

defendant is indigent as defined in RCW 10.01.160(3).

Sec. 9. RCW 10.01.160 and 2018 c 269 s 6 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, the court may require a defendant to pay costs. Costs may be imposed only upon a convicted defendant, except for costs imposed upon a defendant's entry into a deferred prosecution program, costs imposed upon a defendant for pretrial supervision, or costs imposed upon a defendant for preparing and serving a warrant for failure to appear.

(2) Costs shall be limited to expenses specially incurred by the state in prosecuting the defendant or in administering the deferred prosecution program under chapter 10.05 RCW or pretrial supervision. They cannot include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law. Expenses incurred for serving of warrants for failure to appear and jury fees under RCW 10.46.190 may be included in costs the court may require a defendant to pay. Costs for administering a deferred prosecution may not exceed ~~((two hundred fifty dollars))~~ \$250. Costs for administering a pretrial supervision other than a pretrial electronic alcohol monitoring program, drug monitoring program, or 24/7 sobriety program may not exceed ~~((one hundred fifty dollars))~~ \$150. Costs for preparing and serving a warrant for failure to appear may not exceed ~~((one hundred dollars))~~ \$100. Costs of incarceration imposed on a defendant convicted of a misdemeanor or a gross misdemeanor may not exceed the actual cost of incarceration. In no case may the court require the offender to pay more than ~~((one hundred dollars))~~ \$100 per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision take precedence over the payment of the cost of incarceration ordered by the court. All funds received from defendants for the cost of incarceration in the county or city jail must be remitted for criminal justice purposes to the county or city that is responsible for the defendant's jail costs. Costs imposed constitute a

judgment against a defendant and survive a dismissal of the underlying action against the defendant. However, if the defendant is acquitted on the underlying action, the costs for preparing and serving a warrant for failure to appear do not survive the acquittal, and the judgment that such costs would otherwise constitute shall be vacated.

(3) The court shall not order a defendant to pay costs if the defendant at the time of sentencing is indigent (~~(as defined in RCW 10.101.010(3) (a) through (e))~~). In determining the amount and method of payment of costs for defendants who are not indigent (~~(as defined in RCW 10.101.010(3) (a) through (e))~~), the court shall take account of the financial resources of the defendant and the nature of the burden that payment of costs will impose. For the purposes of this section, a defendant is "indigent" if the defendant: (a) Meets the criteria defined in RCW 10.101.010(3) (a) through (c); (b) is homeless or mentally ill as defined in RCW 71.24.025; (c) has household income above 125 percent of the federal poverty guidelines and has recurring basic living costs, as defined in RCW 10.101.010, that render the defendant without the financial ability to pay; or (d) has other compelling circumstances that exist that demonstrate an inability to pay.

(4) A defendant who has been ordered to pay costs and who (~~(is not in contumacious default in the payment thereof)~~) has not willfully failed to pay the obligation, as described in RCW 9.94A.6333, 9.94B.040, and 10.01.180, may at any time ((after release from total confinement)) petition the sentencing court for remission of the payment of costs or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may remit all or part of the amount due in costs, modify the method of payment under RCW 10.01.170, or convert the unpaid costs to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. Manifest hardship exists where the defendant is indigent as defined in ((RCW 10.101.010(3) (a) through (e))) subsection (3) of this section.

(5) Except for direct costs relating to evaluating and reporting to the court, prosecutor, or defense counsel regarding a defendant's competency to stand trial as provided in RCW 10.77.060, this section shall not apply to costs related to medical or mental health treatment or services a defendant receives while in custody of the secretary of the department of social and health services or other governmental units. This section shall not prevent the secretary of the department of social and health services or other governmental units from imposing liability and seeking reimbursement from a defendant committed to an appropriate facility as provided in RCW 10.77.084 while criminal proceedings are stayed. This section shall also not prevent governmental units from imposing liability on defendants for costs related to providing medical or mental health treatment while the defendant is in the governmental unit's custody. Medical or mental health treatment and services a defendant receives at a state hospital or other facility are not a cost of prosecution and shall be recoverable under RCW 10.77.250 and 70.48.130, chapter 43.20B RCW, and any other applicable statute.

Sec. 10. RCW 10.73.160 and 2018 c 269 s 12 are each amended to read as follows:

(1) The court of appeals, supreme court, and superior courts may require an adult offender convicted of an offense to pay appellate costs.

(2) Appellate costs are limited to expenses specifically incurred by the state in prosecuting or defending an appeal or collateral attack from a criminal conviction. Appellate costs shall not include expenditures to maintain and operate government agencies that must be made irrespective of specific violations of the law. Expenses incurred for producing a verbatim report of proceedings and clerk's papers may be included in costs the court may require a convicted defendant to pay.

(3) Costs, including recoupment of fees for court-appointed counsel, shall be requested in accordance with the procedures contained in Title 14 of the rules of appellate procedure and in Title 9 of the rules for appeal of decisions of courts of limited jurisdiction. An award of costs shall become part of the trial court judgment and sentence.

(4) A defendant who has been sentenced to pay costs and who ~~((is not in contumacious default in the payment))~~ has not willfully failed to pay the obligation, as described in RCW 9.94A.6333, 9.94B.040, and 10.01.180, may at any time ((after release from total confinement)) petition the court that sentenced the defendant or juvenile offender for remission of the payment of costs or of any unpaid portion. If it appears to the satisfaction of the sentencing court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the sentencing court may remit all or part of the amount due in costs, modify the method of payment under RCW 10.01.170, or convert the unpaid costs to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. Manifest hardship exists where the defendant or juvenile offender is indigent as defined in RCW ~~((10.101.010(3) (a) through (e)))~~ 10.01.160(3).

(5) The parents or another person legally obligated to support a juvenile offender who has been ordered to pay appellate costs and who is not in contumacious default in the payment may at any time petition the court that sentenced the juvenile offender for remission of the payment of costs or of any unpaid portion. If it appears to the satisfaction of the sentencing court that payment of the amount due will impose manifest hardship on the parents or another person legally obligated to support a juvenile offender or on their immediate families, the sentencing court may remit all or part of the amount due in costs, or may modify the method of payment.

Sec. 11. RCW 10.64.015 and 2018 c 269 s 10 are each amended to read as follows:

When the defendant is found guilty, the court shall render judgment accordingly, and the defendant may be liable for all costs, unless the court or jury trying the cause expressly find otherwise. The court shall not order a defendant to pay costs, as described in RCW 10.01.160, if the court finds that the person at the time of sentencing is indigent as defined in RCW

~~((10.101.010(3) (a) through (e)))~~
10.01.160(3).

Sec. 12. RCW 10.82.090 and 2018 c 269 s 1 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section and RCW 3.50.100, 3.62.020, and 35.20.220, restitution imposed in a judgment shall bear interest from the date of the judgment until payment, at the rate applicable to civil judgments. As of June 7, 2018, no interest shall accrue on nonrestitution legal financial obligations. All nonrestitution interest retained by the court shall be split ~~((twenty five))~~ 25 percent to the state treasurer for deposit in the state general fund, ~~((twenty five))~~ 25 percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, ~~((twenty five))~~ 25 percent to the county current expense fund, and ~~((twenty five))~~ 25 percent to the county current expense fund to fund local courts.

(2) The court may elect not to impose interest on any restitution the court orders. Before determining not to impose interest on restitution, the court shall inquire into and consider the following factors: (a) Whether the offender is indigent as defined in RCW 10.101.010(3) or general rule 34; (b) the offender's available funds, as defined in RCW 10.101.010(2), and other liabilities including child support and other legal financial obligations; (c) whether the offender is homeless; and (d) whether the offender is mentally ill, as defined in RCW 71.24.025. The court shall also consider the victim's input, if any, as it relates to any financial hardship caused to the victim if interest is not imposed. The court may also consider any other information that the court believes, in the interest of justice, relates to not imposing interest on restitution. After consideration of these factors, the court may waive the imposition of restitution interest.

(3) The court may, on motion by the offender, ~~((following the offender's release from total confinement,))~~ reduce or waive the interest on legal financial obligations levied as a result of a criminal conviction as follows:

(a) The court shall waive all interest on the portions of the legal financial obligations that are not restitution that accrued prior to June 7, 2018;

(b) The court may waive or reduce interest on the restitution portion of the legal financial obligations only if the principal has been paid in full (~~and as an incentive for the offender to meet his or her other legal financial obligations~~), except as provided in (c) of this subsection. The court may grant the motion, establish a payment schedule, and retain jurisdiction over the offender for purposes of reviewing and revising the reduction or waiver of interest;

(c) The court may, following the offender's release from total confinement, waive or reduce interest on restitution that accrued during the offender's period of incarceration if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). The prosecuting attorney shall make reasonable efforts to notify the victim entitled to restitution of the date and place of the hearing. The court shall also consider the victim's input, if any, as it relates to any financial hardship caused to the victim if interest is reduced or waived.

~~((3))~~ (4) This section only applies to adult offenders.

Sec. 13. RCW 9.94A.6333 and 2018 c 269 s 13 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, and the offender is not being supervised by the department, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the nonfinancial conditions or requirements of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) If the court finds that a violation has been proved, it may impose the

sanctions specified in RCW 9.94A.633(1). Alternatively, the court may:

(i) Convert a term of partial confinement to total confinement; or

(ii) Convert community restitution obligation to total or partial confinement;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with a mental health status evaluation and/or outpatient mental health treatment, the court shall seek a recommendation from the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(3) If an offender fails to pay legal financial obligations as a requirement of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and

other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined by RCW ~~((10.101.010(3)---(a) through (e)))~~ 10.01.160(3) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that a failure to pay is willful noncompliance, it may impose the sanctions specified in RCW 9.94A.633(1); and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW ~~((10.101.010(3)---(a) through (e)))~~ 10.01.160(3), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or convert nonrestitution legal financial obligations to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.

(4) Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement ordered by the court.

(5) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 14. RCW 9.94B.040 and 2018 c 269 s 15 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court

shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the nonfinancial requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within ~~((seventy two))~~ 72 hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within ~~((fifteen))~~ 15 days of receipt of the report, if the court is not satisfied with the sanctions, the court may schedule a hearing and may modify the department's sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed ~~((sixty))~~ 60 days for each violation, and may (i) convert a term of

partial confinement to total confinement, (ii) convert community restitution obligation to total or partial confinement, or (iii) order one or more of the penalties authorized in (a)(i) of this subsection. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(4) If the violation involves failure to pay legal financial obligations, the following provisions apply:

(a) The department and the offender may enter into a stipulated agreement that the failure to pay was willful noncompliance, according to the provisions and requirements of subsection (3)(a) of this section;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in a stipulated agreement under (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. The court may not sanction the offender for failure to pay legal financial obligations unless the court

finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined by RCW ~~((10.101.010(3) (a) through (e)))~~ 10.01.160(3) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that the failure to pay is willful noncompliance, the court may order the offender to be confined for a period not to exceed ~~((sixty))~~ 60 days for each violation or order one or more of the penalties authorized in subsection (3)(a)(i) of this section; and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW ~~((10.101.010(3) (a) through (e)))~~ 10.01.160(3), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or convert nonrestitution legal financial obligations to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.

(5) The community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan,

without the offender's consent, as described under RCW 71.05.630.

(6) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision. During any period of inpatient mental health treatment that falls within the period of community placement or community supervision, the inpatient treatment provider and the supervising community corrections officer shall notify each other about the offender's discharge, release, and legal status, and shall share other relevant information.

(7) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 15. RCW 10.01.180 and 2018 c 269 s 8 are each amended to read as follows:

(1) A defendant sentenced to pay any fine, penalty, assessment, fee, or costs who willfully defaults in the payment thereof or of any installment is in contempt of court as provided in chapter 7.21 RCW. The court may issue a warrant of arrest for his or her appearance.

(2) When any fine, penalty, assessment, fee, or assessment of costs is imposed on a corporation or unincorporated association, it is the duty of the person authorized to make disbursement from the assets of the corporation or association to pay the obligation from those assets, and his or her failure to do so may be held to be contempt.

(3)(a) The court shall not sanction a defendant for contempt based on failure to pay fines, penalties, assessments, fees, or costs unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the defendant has the current ability to pay but refuses to do so.

(b) In determining whether the defendant has the current ability to pay, the court shall inquire into and consider: (i) The defendant's income and assets; (ii) the defendant's basic living costs as defined by RCW 10.101.010 and other liabilities including child

support and other legal financial obligations; and (iii) the defendant's bona fide efforts to acquire additional resources. A defendant who is indigent as defined by RCW (~~10.101.010(3) (a) through (e)~~) 10.01.160(3) is presumed to lack the current ability to pay.

(c) If the court determines that the defendant is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful contempt and shall not subject the defendant to penalties.

(4) If a term of imprisonment for contempt for nonpayment of any fine, penalty, assessment, fee, or costs is ordered, the term of imprisonment shall be set forth in the commitment order, and shall not exceed one day for each (~~twenty five dollars~~) \$25 of the amount ordered, (~~thirty~~) 30 days if the amount ordered of costs was imposed upon conviction of a violation or misdemeanor, or one year in any other case, whichever is the shorter period. A person committed for nonpayment of any fine, penalty, assessment, fee, or costs shall be given credit toward payment for each day of imprisonment at the rate specified in the commitment order.

(5) If it appears to the satisfaction of the court that the default in the payment of any fine, penalty, assessment, fee, or costs is not willful contempt, the court may, and if the defendant is indigent as defined in RCW (~~10.101.010(3) (a) through (e)~~) 10.01.160(3), the court shall enter an order: (a) Allowing the defendant additional time for payment; (b) reducing the amount thereof or of each installment; (c) revoking the fine, penalty, assessment, fee, or costs or the unpaid portion thereof in whole or in part; or (d) converting the unpaid fine, penalty, assessment, fee, or costs to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. The crime victim penalty assessment under RCW 7.68.035 may not be reduced, revoked, or converted to community restitution hours.

(6) A default in the payment of any fine, penalty, assessment, fee, or costs or any installment thereof may be collected by any means authorized by law

for the enforcement of a judgment. The levy of execution for the collection of any fine, penalty, assessment, fee, or costs shall not discharge a defendant committed to imprisonment for contempt until the amount has actually been collected.

Sec. 16. RCW 3.62.085 and 2018 c 269 s 16 are each amended to read as follows:

Upon conviction or a plea of guilty in any court organized under this title or Title 35 RCW, a defendant in a criminal case is liable for a fee of (~~forty three dollars~~) \$43, except this fee shall not be imposed on a defendant who is indigent as defined in RCW (~~10.101.010(3) (a) through (e)~~) 10.01.160(3). This fee shall be subject to division with the state under RCW 3.46.120(2), 3.50.100(2), 3.62.020(2), 3.62.040(2), and 35.20.220(2).

Sec. 17. RCW 36.18.020 and 2021 c 303 s 3 and 2021 c 215 s 146 are each reenacted and amended to read as follows:

(1) Revenue collected under this section is subject to division with the state under RCW 36.18.025 and with the county or regional law library fund under RCW 27.24.070, except as provided in subsection (5) of this section.

(2) Clerks of superior courts shall collect the following fees for their official services:

(a) In addition to any other fee required by law, the party filing the first or initial document in any civil action, including, but not limited to an action for restitution, adoption, or change of name, and any party filing a counterclaim, cross-claim, or third-party claim in any such civil action, shall pay, at the time the document is filed, a fee of (~~two hundred dollars~~) \$200 except, in an unlawful detainer action under chapter 59.18 or 59.20 RCW for which the plaintiff shall pay a case initiating filing fee of (~~forty five dollars~~) \$45, or in proceedings filed under RCW 28A.225.030 alleging a violation of the compulsory attendance laws where the petitioner shall not pay a filing fee. The (~~forty five dollar~~) \$45 filing fee under this subsection for an unlawful detainer action shall not include an order to show cause or any other order or judgment except a default order or default judgment in an unlawful detainer action.

(b) Any party, except a defendant in a criminal case, filing the first or initial document on an appeal from a court of limited jurisdiction or any party on any civil appeal, shall pay, when the document is filed, a fee of (~~two hundred dollars~~) \$200.

(c) For filing of a petition for judicial review as required under RCW 34.05.514 a filing fee of (~~two hundred dollars~~) \$200.

(d) For filing of a petition for an antiharassment protection order under RCW 7.105.100 a filing fee of (~~fifty three dollars~~) \$53.

(e) For filing the notice of debt due for the compensation of a crime victim under RCW 7.68.120(2)(a) a fee of (~~two hundred dollars~~) \$200.

(f) In probate proceedings, the party instituting such proceedings, shall pay at the time of filing the first document therein, a fee of (~~two hundred dollars~~) \$200.

(g) For filing any petition to contest a will admitted to probate or a petition to admit a will which has been rejected, or a petition objecting to a written agreement or memorandum as provided in RCW 11.96A.220, there shall be paid a fee of (~~two hundred dollars~~) \$200.

(h) Upon conviction or plea of guilty, upon failure to prosecute an appeal from a court of limited jurisdiction as provided by law, or upon affirmance of a conviction by a court of limited jurisdiction, an adult defendant in a criminal case shall be liable for a fee of two hundred dollars, except this fee shall not be imposed on a defendant who is indigent as defined in RCW (~~10.101.010(3) (a) through (e)~~) 10.01.160(3). Upon motion by the defendant, the court may waive or reduce any fee previously imposed under this subsection if the court finds that the defendant is indigent as defined in RCW 10.01.160(3).

(i) With the exception of demands for jury hereafter made and garnishments hereafter issued, civil actions and probate proceedings filed prior to midnight, July 1, 1972, shall be completed and governed by the fee schedule in effect as of January 1, 1972. However, no fee shall be assessed if an order of dismissal on the clerk's record be filed as provided by rule of the supreme court.

(3) No fee shall be collected when a petition for relinquishment of parental rights is filed pursuant to RCW 26.33.080 or for forms and instructional brochures provided under RCW 7.105.115.

(4) No fee shall be collected when an abstract of judgment is filed by the county clerk of another county for the purposes of collection of legal financial obligations.

(5)(a) In addition to the fees required to be collected under this section, clerks of the superior courts must collect surcharges as provided in this subsection (5) of which (~~seventy-five~~) 75 percent must be remitted to the state treasurer for deposit in the judicial stabilization trust account and (~~twenty-five~~) 25 percent must be retained by the county.

(b) On filing fees required to be collected under subsection (2)(b) of this section, a surcharge of (~~thirty dollars~~) \$30 must be collected.

(c) On all filing fees required to be collected under this section, except for fees required under subsection (2)(b), (d), and (h) of this section, a surcharge of (~~forty dollars~~) \$40 must be collected.

NEW SECTION. Sec. 18. A new section is added to chapter 3.66 RCW to read as follows:

"Legal financial obligation" means a sum of money that is ordered by a district or municipal court of the state of Washington for legal financial obligations which may include restitution to the victim, court costs, county or interlocal drug funds, court-appointed attorneys' fees, and costs of defense, fines, and any other financial obligation that is assessed to the offender as a result of a conviction. Legal financial obligations may also include payment to a public agency of the expense of an emergency response to the incident resulting in the conviction, subject to RCW 38.52.430.

Sec. 19. RCW 10.01.170 and 2018 c 269 s 7 are each amended to read as follows:

(1) When a defendant is sentenced to pay fines, penalties, assessments, fees, restitution, or costs, the court may grant permission for payment to be made within a specified period of time or in specified installments. If the court finds that the defendant is indigent as

defined in RCW (~~10.101.010(3) through (e)~~) 10.01.160(3), the court shall grant permission for payment to be made within a specified period of time or in specified installments. If no such permission is included in the sentence the fine or costs shall be payable forthwith.

(2) An offender's monthly payment shall be applied in the following order of priority until satisfied:

(a) First, proportionally to restitution to victims that have not been fully compensated from other sources;

(b) Second, proportionally to restitution to insurance or other sources with respect to a loss that has provided compensation to victims;

(c) Third, proportionally to crime victims' assessments; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

Sec. 20. RCW 10.46.190 and 2018 c 269 s 9 are each amended to read as follows:

Every person convicted of a crime or held to bail to keep the peace may be liable to all the costs of the proceedings against him or her, including, when tried by a jury in the superior court or before a committing magistrate, a jury fee as provided for in civil actions for which judgment shall be rendered and collected. The court shall not order a defendant to pay costs, as described in RCW 10.01.160, if the court finds that the person at the time of sentencing is indigent as defined in RCW (~~10.101.010(3) through (e)~~) 10.01.160(3). The jury fee, when collected for a case tried by the superior court, shall be paid to the clerk and applied as the jury fee in civil cases is applied.

Sec. 21. RCW 9.92.070 and 2018 c 269 s 11 are each amended to read as follows:

Hereafter whenever any judge of any superior court or a district or municipal judge shall sentence any person to pay any fines, penalties, assessments, fees, and costs, the judge may, in the judge's discretion, provide that such fines, penalties, assessments, fees, and costs may be paid in certain designated installments, or within certain designated period or periods. If the court finds that the defendant is indigent as defined in RCW

((~~10.101.010(3)~~ ~~(a) through (c)~~) 10.01.160(3)), the court shall allow for payment in certain designated installments or within certain designated periods. If such fines, penalties, assessments, fees, and costs shall be paid by the defendant in accordance with such order no commitment or imprisonment of the defendant shall be made for failure to pay such fine or costs. PROVIDED, that the provisions of this section shall not apply to any sentence given for the violation of any of the liquor laws of this state.

Sec. 22. RCW 7.68.240 and 2011 c 336 s 249 are each amended to read as follows:

Upon a showing by any convicted person or the state that five years have elapsed from the establishment of such escrow account and further that no actions are pending against such convicted person pursuant to RCW 7.68.200 through 7.68.280, the department shall immediately pay over ((~~fifty~~) 50 percent of any moneys in the escrow account to such person or his or her legal representatives and ((~~fifty~~) 50 percent of any moneys in the escrow account to the fund under RCW 7.68.035(4).

Sec. 23. RCW 9.94A.505 and 2021 c 242 s 3 are each amended to read as follows:

(1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.

(2)(a) The court shall impose a sentence as provided in the following sections and as applicable in the case:

(i) Unless another term of confinement applies, a sentence within the standard sentence range established in RCW 9.94A.510 or 9.94A.517;

(ii) RCW 9.94A.701 and 9.94A.702, relating to community custody;

(iii) RCW 9.94A.570, relating to persistent offenders;

(iv) RCW 9.94A.540, relating to mandatory minimum terms;

(v) RCW 9.94A.650, relating to the first-time offender waiver;

(vi) RCW 9.94A.660, relating to the drug offender sentencing alternative;

(vii) RCW 9.94A.670, relating to the special sex offender sentencing alternative;

(viii) RCW 9.94A.655, relating to the parenting sentencing alternative;

(ix) RCW 9.94A.695, relating to the mental health sentencing alternative;

(x) RCW 9.94A.507, relating to certain sex offenses;

(xi) RCW 9.94A.535, relating to exceptional sentences;

(xii) RCW 9.94A.589, relating to consecutive and concurrent sentences;

(xiii) RCW 9.94A.603, relating to felony driving while under the influence of intoxicating liquor or any drug and felony physical control of a vehicle while under the influence of intoxicating liquor or any drug;

(xiv) RCW 9.94A.711, relating to the theft or taking of a motor vehicle.

(b) If a standard sentence range has not been established for the offender's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community restitution work; a term of community custody under RCW 9.94A.702 not to exceed one year; and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of ((~~thirty~~) 30 days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than ((~~thirty~~) 30 days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(4) If a sentence imposed includes payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, and 9.94A.760(~~(7 and 43.43.7541)~~)).

(5) Except as provided under RCW 9.94A.750(4) and 9.94A.753(4), a court may not impose a sentence providing for a term of confinement or community custody that exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(7) The sentencing court shall not give the offender credit for any time the offender was required to comply with an electronic monitoring program prior to sentencing if the offender was convicted of one of the following offenses:

- (a) A violent offense;
- (b) Any sex offense;
- (c) Any drug offense;
- (d) Reckless burning in the first or second degree as defined in RCW 9A.48.040 or 9A.48.050;
- (e) Assault in the third degree as defined in RCW 9A.36.031;
- (f) Assault of a child in the third degree;
- (g) Unlawful imprisonment as defined in RCW 9A.40.040; or
- (h) Harassment as defined in RCW 9A.46.020.

(8) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.

(9) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter. "Crime-related prohibitions" may include a prohibition on the use or possession of alcohol or controlled substances if the court finds that any chemical dependency or substance abuse contributed to the offense.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

Sec. 24. RCW 9.94A.777 and 2010 c 280 s 6 are each amended to read as follows:

(1) Before imposing any legal financial obligations upon a defendant who suffers from a mental health condition, other than restitution (~~or the victim penalty assessment under RCW 7.68.035~~), a judge must first determine that the defendant, under the terms of

this section, has the means to pay such additional sums.

(2) For the purposes of this section, a defendant suffers from a mental health condition when the defendant has been diagnosed with a mental disorder that prevents the defendant from participating in gainful employment, as evidenced by a determination of mental disability as the basis for the defendant's enrollment in a public assistance program, a record of involuntary hospitalization, or by competent expert evaluation.

NEW SECTION. Sec. 25. Nothing in this act requires the courts to refund or reimburse amounts previously paid towards legal financial obligations or interest on legal financial obligations.

NEW SECTION. Sec. 26. This act takes effect January 1, 2023."

On page 1, line 1 of the title, after "obligations;" strike the remainder of the title and insert "amending RCW 3.66.120, 9.94A.750, 9.94A.753, 9.94A.760, 6.17.020, 9.92.060, 9.95.210, 10.01.160, 10.73.160, 10.64.015, 10.82.090, 9.94A.6333, 9.94B.040, 10.01.180, 3.62.085, 10.01.170, 10.46.190, 9.92.070, 7.68.240, 9.94A.505, and 9.94A.777; reenacting and amending RCW 36.18.020; adding a new section to chapter 10.01 RCW; adding a new section to chapter 3.66 RCW; creating a new section; and providing an effective date."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House concurred in the Senate amendment to ENGROSSED FOURTH SUBSTITUTE HOUSE BILL NO. 1412 and advanced the bill, as amended by the Senate, to final passage.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

Representative Simmons spoke in favor of the passage of the bill.

Representative Walsh spoke against the passage of the bill.

MOTIONS

On motion of Representative Ramel, Representative Ormsby was excused.

On motion of Representative Griffey, Representative Klippert was excused.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Engrossed Fourth Substitute House Bill No. 1412, as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Fourth Substitute House Bill No. 1412, as amended by the Senate, and the bill passed the House by the following vote: Yeas, 64; Nays, 32; Absent, 0; Excused, 2.

Voting yea: Representatives Bateman, Berg, Bergquist, Berry, Bronoske, Callan, Chapman, Chopp, Cody, Davis, Dolan, Donaghy, Duerr, Entenman, Fey, Fitzgibbon, Frame, Gilday, Goodman, Gregerson, Griffey, Hackney, Hansen, Harris, Harris-Talley, J. Johnson, Kirby, Kloba, Leavitt, Lekanoff, MacEwen, Macri, Morgan, Ortiz-Self, Orwall, Paul, Peterson, Pollet, Ramel, Ramos, Riccelli, Rude, Ryu, Santos, Sells, Senn, Shewmake, Simmons, Slatter, Springer, Steele, Stokesbary, Stonier, Sullivan, Taylor, Thai, Tharinger, Valdez, Vick, Volz, Walen, Wicks, Wylie and Mme. Speaker.

Voting nay: Representatives Abbarno, Barkis, Boehnke, Caldier, Chambers, Chandler, Chase, Corry, Dent, Dufault, Dye, Eslick, Goehner, Graham, Hoff, Jacobsen, Klicker, Kraft, Kretz, Maycumber, McCaslin, McEntire, Mosbrucker, Orcutt, Robertson, Rule, Schmick, Sutherland, Walsh, Wilcox, Ybarra and Young.

Excused: Representatives Klippert and Ormsby.

ENGROSSED FOURTH SUBSTITUTE HOUSE BILL NO. 1412, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 4, 2022

Madame Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1663 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Active municipal solid waste landfill" means a municipal solid waste landfill that has accepted or is accepting solid waste for disposal and has not been closed in accordance with

the requirements set forth in WAC 173-351-500 as it existed on January 10, 2022.

(2) "Air pollution" is presence in the outdoor atmosphere of one or more air contaminants in sufficient quantities and of such characteristics and duration as is, or is likely to be, injurious to human health, plant or animal life, or property, or which unreasonably interferes with enjoyment of life and property. For the purpose of this chapter, air pollution does not include air contaminants emitted in compliance with chapter 17.21 RCW.

(3) "Ambient air" means the surrounding outside air.

(4) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.

(5) "Closed municipal solid waste landfill" means a municipal solid waste landfill that is no longer accepting solid waste for disposal and has been closed in accordance with the requirements set forth in WAC 173-351-500 as it existed on January 10, 2022.

(6) "Department" means the department of ecology.

(7) "Emission" means a release of air contaminants into the ambient air.

(8) "Gas collection system" means any system that employs various gas collection wells and connected piping, and mechanical blowers, fans, pumps, or compressors to create a pressure gradient and actively extract landfill gas.

(9) "Gas control device" means any device used to dispose of or treat collected landfill gas including, but not limited to, enclosed flares, internal combustion engines, boilers and boiler-to-steam turbine systems, fuel cells, and gas turbines.

(10) "Gas control system" means any system that disposes of or treats collected landfill gas by one or more of the following means: Combustion; gas treatment for subsequent sale, or sale for processing offsite, including for transportation fuel and injection into a natural gas pipeline.

(11) "Municipal solid waste landfill" means a discrete area of land or an excavation that receives household waste

and that is not a land application site, surface impoundment, injection well, or pile.

(12) "Person" means an individual, firm, public or private corporation, association, partnership, political subdivision of the state, municipality, or governmental agency.

NEW SECTION. Sec. 2. (1) This chapter applies to all municipal solid waste landfills that received solid waste after January 1, 1992, except as provided in subsection (2) of this section.

(2) This chapter does not apply to the following landfills:

(a) Landfills that receive only hazardous waste, or are currently regulated under the comprehensive environmental response, compensation, and liability act, 42 U.S.C. chapter 103; and

(b) Landfills that receive only inert waste or nondecomposable wastes.

(3) The department must adopt rules to implement this chapter. The rules adopted by the department must be informed by landfill methane regulations adopted by the California air resources board, the Oregon environmental quality commission, and the United States environmental protection agency.

NEW SECTION. Sec. 3. (1) Each owner or operator of an active municipal solid waste landfill having fewer than 450,000 tons of waste in place must submit an annual waste in place report to the department or local authority pursuant to section 7 of this act.

(a) The waste in place report must be prepared for the period of January 1st through December 31st of each year. The report must be submitted to the department or local authority during the subsequent calendar year, with the date of submission to be established by rule as adopted by the department.

(b) The waste in place report must be submitted annually until either:

(i) The active municipal solid waste landfill reaches a size greater than or equal to 450,000 tons of waste in place; or

(ii) The owner or operator submits a closure notification pursuant to section 7 of this act.

(2) Each owner or operator of either an active municipal solid waste landfill having greater than or equal to 450,000 tons of waste in place or a closed municipal solid waste landfill having greater than or equal to 750,000 tons of waste in place must calculate the landfill gas heat input capacity pursuant to section 8 of this act and the department's implementing rules and must submit a landfill gas heat input capacity report to the department or local authority.

(a) If the calculated landfill gas heat input capacity is less

than 3,000,000 British thermal units per hour recovered, the owner or operator must:

(i) Recalculate the landfill gas heat input capacity annually using the procedures specified in section 8 of this act and the department's implementing rules; and

(ii) Submit an annual landfill gas heat input capacity report to the department or local authority until either of the following conditions are met:

(A) The calculated landfill gas heat input capacity is greater than or equal to 3,000,000 British thermal units per hour recovered; or

(B) If the municipal solid waste landfill is active, the owner or operator submits a closure notification pursuant to section 7 of this act.

(b) If the landfill gas heat input capacity is greater than or equal to 3,000,000 British thermal units per hour recovered, the owner or operator must either:

(i) Comply with the requirements of this chapter and the department's implementing rules; or

(ii) Demonstrate to the satisfaction of the department or local authority that after four consecutive quarterly monitoring periods there is no measured concentration of methane of 200 parts per million by volume or greater using the instantaneous surface monitoring procedures specified in section 8 of this act and the department's implementing rules. Based on the monitoring results, the owner or operator must do one of the following:

(A) If there is any measured concentration of methane of 200 parts per million by volume or greater from the surface of an active, inactive, or closed municipal solid waste landfill, comply with this chapter and the department's implementing rules adopted pursuant to section 2 of this act;

(B) If there is no measured concentration of methane of 200 parts per million by volume or greater from the surface of an active municipal solid waste landfill, recalculate the landfill gas heat input capacity annually as required in (a) of this subsection until such time that the owner or operator submits a closure notification pursuant to section 7 of this act and the department's implementing rules adopted pursuant to section 2 of this act; or

(C) If there is no measured concentration of methane of 200 parts per million by volume or greater from the surface of a closed or inactive municipal solid waste landfill, the requirements of this chapter and the department's implementing rules adopted pursuant to section 2 of this act no longer apply, provided that the following information is submitted to and approved by the department or local authority:

(I) A waste in place report pursuant to section 7 of this act and the department's implementing rules adopted pursuant to section 2 of this act; and

(II) All instantaneous surface monitoring records.

NEW SECTION. Sec. 4. (1) The owner or operator of any municipal solid waste landfill that has a calculated landfill gas heat input capacity greater than or equal to 3,000,000 British thermal units per hour recovered must install a gas collection and control system that meets the requirements of this section and the department's implementing rules adopted pursuant to section 2 of this act, unless the owner or operator demonstrates to the satisfaction of the department or local authority that after four consecutive quarterly monitoring periods there is no measured concentration of methane of 200 parts per million by volume or greater using the instantaneous surface monitoring procedures specified in section 8 of this act and the department's implementing rules adopted pursuant to section 2 of this act. If a municipal solid waste landfill partners with a third party to operate all or a

portion of the gas collection and control system or energy recovery device, the obligation to comply with the requirements of this chapter are the responsibility of the owner or operator of the relevant portion of the gas collection and control system or energy recovery device.

(2) The gas collection and control system must handle the expected gas generation flow rate from the entire area of the municipal solid waste landfill and must collect gas at an extraction rate to comply with the surface methane emission limits set forth in section 5 of this act and the department's implementing rules.

(3) The gas collection and control system must be designed and operated so that there is no landfill gas leak that exceeds 500 parts per million by volume, measured as methane, at any component under positive pressure.

(4) The gas collection and control system, if it uses a flare, must achieve a methane destruction efficiency of at least 99 percent by weight and must use either an enclosed flare or, if the system uses an open flare, the open flare must comply with the following requirements:

(a) The open flare must meet the requirements of 40 C.F.R. Sec. 60.18 (as last amended by 73 Fed. Reg. 78209, December 22, 2008);

(b) An open flare installed and operating prior to December 31, 2022, may operate until January 1, 2032, unless the owner or operator demonstrates to the satisfaction of the department or local authority that the landfill gas heat input capacity is less than 3,000,000 British thermal units per hour pursuant to section 8 of this act and the department's implementing rules adopted pursuant to section 2 of this act and is insufficient to support the continuous operation of an enclosed flare or other gas control device; and

(c) The owner or operator may temporarily operate an open flare during the repair or maintenance of the gas control system, or while awaiting the installation of an enclosed flare, or to address offsite gas migration issues. Any owner or operator seeking to temporarily operate an open flare must submit a written request to the department or local authority pursuant to section 10 of this act and the department's

implementing rules adopted pursuant to section 2 of this act.

(5) If the gas collection and control system does not use a flare, it must either route the collected gas to an energy recovery device or devices, or must route the collected gas to a treatment system that processes the collected gas for subsequent sale or use.

(6) If a gas collection and control system routes the collected gas to an energy recovery device or devices, the owner or operator of the energy recovery device or devices must comply with the following requirements:

(a) The device or devices must achieve a methane destruction efficiency of at least 97 percent by weight, except for lean-burn internal combustion engines that were installed and operating prior to January 1, 2022, which must reduce the outlet methane concentration to less than 3,000 parts per million by volume, dry basis corrected to 15 percent oxygen; and

(b) If a boiler or a process heater is used as the gas control device, the landfill gas stream must be introduced into the flame zone, except that where the landfill gas is not the primary fuel for the boiler or process heater, introduction of the landfill gas stream into the flame zone is not required.

(7) If a gas collection and control system routes the collected gas to a treatment system that processes the collected gas for subsequent sale or use, the owner or operator of the treatment system must ensure the system achieves a methane leak rate of three percent or less by weight. Venting of processed landfill gas to the ambient air is not allowed. If the processed landfill gas cannot be routed for subsequent sale or use, then the treated landfill gas must be controlled according to subsection (4) of this section.

(8) The owner or operator of a municipal solid waste landfill must conduct a source test for any gas control device or devices subject to this section using the test methods identified in section 8 of this act and the department's implementing rules adopted pursuant to section 2 of this act. If a gas control device is currently in compliance with source testing requirements as of the effective date of this section, the owner or operator must conduct the source test no less frequently than once every five years. If

a gas control device is currently not in compliance with source testing requirements as of the effective date of this section, or if a subsequent source test shows the gas control device is out of compliance, the owner or operator must conduct the source test no less frequently than once per year until two subsequent consecutive tests both show compliance. Upon two subsequent consecutive compliant tests, the owner or operator may return to conducting the source test no less frequently than once every five years.

NEW SECTION. Sec. 5. (1) Except as provided in section 4 of this act, beginning January 1st of the year following the year in which the department adopts rules to implement this chapter, or upon commencing operation of a newly installed gas collection and control system or modification of an existing gas collection and control system pursuant to section 4 of this act, whichever is later, and except as provided by the department to accommodate significant technological improvements, which may include the installation of an energy recovery device or devices, not to exceed 24 months after the department adopts rules to implement this chapter, no location on a municipal solid waste landfill surface may exceed the following methane concentration limits, dependent upon whether the owner or operator of the municipal solid waste landfills conducts, pursuant to section 6 of this act, instantaneous surface emissions monitoring or integrated surface emissions monitoring:

(a) Five hundred parts per million by volume, other than nonrepeatable, momentary readings, as determined by instantaneous surface emissions monitoring; or

(b) An average methane concentration limit of 25 parts per million by volume as determined by integrated surface emissions monitoring.

(2) Any reading exceeding the limits set forth in subsection (1) of this section must be recorded as an exceedance and the following actions must be taken:

(a) The owner or operator must record the date, location, and value of each exceedance, along with retest dates and results. The location of each exceedance must be clearly marked and identified on a topographic map of the municipal solid waste landfill, drawn to scale, with the

location of both the monitoring grids and the gas collection system clearly identified; and

(b) The owner or operator must take corrective action, which may include, but not be limited to, maintenance or repair of the cover, or well vacuum adjustments. The location or locations of any exceedance must be remonitored within 10 calendar days of a measured exceedance.

(3) The requirements of this section do not apply to:

(a) The working face of the landfill;

(b) Areas of the landfill surface where the landfill cover material has been removed for the purpose of installing, expanding, replacing, or repairing components of the landfill cover system, the landfill gas collection and control system, the leachate collection and removal system, or a landfill gas condensate collection and removal system;

(c) Areas of the landfill surface where the landfill cover material has been removed for law enforcement activities requiring excavation; or

(d) Areas of the landfill in which the landfill owner or operator, or a designee of the owner or operator, is engaged in active mining for minerals or metals.

NEW SECTION. **Sec. 6.** (1) The owner or operator of a municipal solid waste landfill with a gas collection and control system must conduct instantaneous or integrated surface monitoring of the landfill surface according to the requirements specified in implementing rules adopted by the department pursuant to section 2 of this act.

(2) The owner or operator of a municipal solid waste landfill with a gas collection and control system must monitor the gas control system according to the requirements specified in implementing rules adopted by the department pursuant to section 2 of this act.

(3) The owner or operator of a municipal solid waste landfill with a gas collection and control system must monitor each individual wellhead to determine the gauge pressure according to the requirements specified in implementing rules adopted by the department pursuant to section 2 of this act.

NEW SECTION. **Sec. 7.** (1) The owner or operator of a municipal solid waste landfill must maintain records and prepare reports as prescribed in this section and in the department's implementing rules adopted pursuant to section 2 of this act.

(2) The owner or operator of a municipal solid waste landfill must maintain records related to monitoring, testing, landfill operations, and the operation of the gas control device, gas collection system, and gas control system. The records must be provided by the owner or operator to the department or local authority within five business days of a request from the department or local authority.

(3) The owner or operator of a municipal solid waste landfill that ceases to accept waste must submit a closure notification to the department or local authority within 30 days of ceasing to accept waste.

(4) The owner or operator of a municipal solid waste landfill must submit a gas collection and control system equipment removal report to the department or local authority within 30 days of well capping or the removal or cessation of operation of the gas collection, treatment, or control system equipment.

(5) The owner or operator of either an active municipal solid waste landfill with 450,000 or more tons of waste in place or a closed municipal solid waste landfill with 750,000 or more tons of waste in place must prepare an annual report for the period of January 1st through December 31st of each year. The annual report must include a calculation of landfill gas heat input capacity. Each annual report must be submitted to the department and local authority during the subsequent calendar year, with the date of submission to be established through rules adopted by the department.

(6) The owner or operator of an active municipal solid waste landfill with fewer than 450,000 tons of waste in place must submit a waste in place report to the department or local authority.

NEW SECTION. **Sec. 8.** (1) Any instrument used for the measurement of methane must be a hydrocarbon detector or other equivalent instrument approved by the department or local authority based on standards adopted by the department that address calibration,

specifications, and performance criteria.

(2) The determination of landfill gas heat input capacity must be calculated consistent with the department's implementing rules adopted pursuant to section 2 of this act.

(3) The owner or operator of a municipal solid waste landfill must measure the landfill surface concentration of methane using a hydrocarbon detector meeting the requirements of this section and the department's implementing rules adopted pursuant to section 2 of this act.

(4) The owner or operator of a municipal solid waste landfill must measure leaks using a hydrocarbon detector meeting the requirements of this section and the department's implementing rules adopted pursuant to section 2 of this act.

(5) The expected gas generation flow rate must be determined according to the department's implementing rules adopted pursuant to section 2 of this act.

(6) The control device destruction efficiency must be determined according to the department's implementing rules adopted pursuant to section 2 of this act.

(7) Gauge pressure must be determined using a hand-held manometer, magnehelic gauge, or other pressure measuring device approved by the department or local authority.

(8) Alternative test methods may be used if they are approved in writing by the department or local authority.

NEW SECTION. Sec. 9. (1) The department or local authority must allow the capping or removal of the gas collection and control system at a closed municipal solid waste landfill, provided the following three requirements are met:

(a) The gas collection and control system was in operation for at least 15 years, unless the owner or operator demonstrates to the satisfaction of the department or local authority that due to declining methane rates, the municipal solid waste landfill will be unable to operate the gas collection and control system for a 15 year period;

(b) Surface methane concentration measurements do not exceed the limits specified in section 5 of this act; and

(c) The owner or operator submits an equipment removal report to the department or local authority pursuant to section 7 of this act and the department's implementing rules adopted pursuant to section 2 of this act.

(2) Nothing in this section may be interpreted to modify or supersede requirements related to the capping or removal of gas collection and control systems that may exist under the state clean air act, the federal clean air act, or rules adopted pursuant to either the state clean air act or the federal clean air act.

NEW SECTION. Sec. 10. (1) The owner or operator of a municipal solid waste landfill may request alternatives to the compliance measures, monitoring requirements, and test methods and procedures set forth in sections 4, 6, and 8 of this act, and the department's implementing rules adopted pursuant to section 2 of this act. Any alternatives requested by the owner or operator must be submitted in writing to the department.

(2) The criteria that the department may use to evaluate alternative compliance option requests include, but are not limited to: Compliance history; documentation containing the landfill gas flow rate and measured methane concentrations for individual gas collection wells or components; permits; component testing and surface monitoring results; gas collection and control system operation, maintenance, and inspection records; and historical meteorological data.

(3) The department must review the requested alternatives and either approve or disapprove the alternatives within 120 days. The department may request that additional information be submitted as part of the review of the requested alternatives.

(4) If a request for an alternative compliance option is denied, the department must provide written reasons for the denial.

(5) The department must deny a request for alternative compliance measures if the request does not provide levels of enforceability or methane emissions control that are equivalent to those set forth in this chapter or in the department's implementing rules adopted pursuant to section 2 of this act.

NEW SECTION. Sec. 11. The department or local authority may request that any owner or operator of a municipal solid waste landfill demonstrate that a landfill does not meet the applicability criteria specified in section 2 of this act. Such a demonstration must be submitted to the department or local authority within 90 days of a written request received from the department or local authority.

NEW SECTION. Sec. 12. Any person who violates this chapter or any rules that implement this chapter may incur a civil penalty pursuant to RCW 70A.15.3160. The department shall waive penalties in the event the owner or operator of the landfill is actively taking corrective actions to control any methane exceedances. Penalties collected under this section must be deposited into the air pollution control account created in RCW 70A.15.1010 and may only be used to implement chapter 70A.--- RCW (the new chapter created in section 18 of this act).

NEW SECTION. Sec. 13. The department and local authorities may assess and collect such fees as may be necessary to recover the direct and indirect costs associated with the implementation of this chapter.

Sec. 14. RCW 70A.65.080 and 2021 c 316 s 10 are each amended to read as follows:

(1) A person is a covered entity as of the beginning of the first compliance period and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 for any calendar year from 2015 through 2019, or if additional data provided as required by this chapter indicates that emissions for any calendar year from 2015 through 2019 equaled or exceeded any of the following thresholds, or if the person is a first jurisdictional deliverer and imports electricity into the state during the compliance period:

(a) Where the person owns or operates a facility and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent;

(b) Where the person is a first jurisdictional deliverer and generates electricity in the state and emissions associated with this generation equals or exceeds 25,000 metric tons of carbon dioxide equivalent;

(c) Where the person is a first jurisdictional deliverer importing electricity into the state and the cumulative annual total of emissions associated with the imported electricity, whether from specified or unspecified sources, exceeds 25,000 metric tons of carbon dioxide equivalent. In consultation with any linked jurisdiction to the program created by this chapter, by October 1, 2026, the department, in consultation with the department of commerce and the utilities and transportation commission, shall adopt by rule a methodology for addressing imported electricity associated with a centralized electricity market;

(d) Where the person is a supplier of fossil fuel other than natural gas and from that fuel 25,000 metric tons or more of carbon dioxide equivalent emissions would result from the full combustion or oxidation, excluding the amounts for fuel products that are produced or imported with a documented final point of delivery outside of Washington and combusted outside of Washington; and

(e)(i) Where the person supplies natural gas in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts for fuel products that are produced or imported with a documented final point of delivery outside of Washington and combusted outside of Washington, and excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) delivered to opt-in entities;

(ii) Where the person who is not a natural gas company and has a tariff with a natural gas company to deliver to an end-use customer in the state in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent emissions if fully combusted or oxidized, excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) the amounts delivered to opt-in entities;

(iii) Where the person is an end-use customer in the state who directly purchases natural gas from a person that is not a natural gas company and has the natural gas delivered through an interstate pipeline to a distribution system owned by the purchaser in amounts that would result in exceeding 25,000 metric tons of carbon dioxide equivalent

emissions if fully combusted or oxidized, excluding the amounts: (A) Supplied to covered entities under (a) through (d) of this subsection; and (B) delivered to opt-in entities.

(2) A person is a covered entity as of the beginning of the second compliance period and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 or provided emissions data as required by this chapter for any calendar year from 2023 through 2025, where the person owns or operates a waste to energy facility utilized by a county and city solid waste management program and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent.

(3)~~((a))~~ A person is a covered entity beginning January 1, 2031, and all subsequent compliance periods if the person reported emissions under RCW 70A.15.2200 or provided emissions data as required by this chapter for any calendar year from 2027 through 2029, where the person owns or operates a~~((+~~

~~(i) Landfill utilized by a county and city solid waste management program and the facility's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent; or~~

~~(ii) Railroad)) railroad company, as that term is defined in RCW 81.04.010, and the railroad company's emissions equal or exceed 25,000 metric tons of carbon dioxide equivalent.~~

~~((b) Subsection (a) of this subsection does not apply to owners or operators of landfills that:~~

~~(i) Capture at least 75 percent of the landfill gas generated by the decomposition of waste using methods under 40 C.F.R. Part 98, Subpart III Municipal Solid Waste landfills, and subsequent updates; and~~

~~(ii) Operate a program, individually or through partnership with another entity, that results in the production of renewable natural gas or electricity from landfill gas generated by the facility.~~

~~(c) It is the intent of the legislature to adopt a greenhouse gas reduction policy specific to landfills. If such a policy is not enacted by January 1, 2030, the requirements of this subsection (3) take full effect.)~~

(4) When a covered entity reports, during a compliance period, emissions

from a facility under RCW 70A.15.2200 that are below the thresholds specified in subsection (1) or (2) of this section, the covered entity continues to have a compliance obligation through the current compliance period. When a covered entity reports emissions below the threshold for each year during an entire compliance period, or has ceased all processes at the facility requiring reporting under RCW 70A.15.2200, the entity is no longer a covered entity as of the beginning of the subsequent compliance period unless the department provides notice at least 12 months before the end of the compliance period that the facility's emissions were within 10 percent of the threshold and that the person will continue to be designated as a covered entity in order to ensure equity among all covered entities. Whenever a covered entity ceases to be a covered entity, the department shall notify the appropriate policy and fiscal committees of the legislature of the name of the entity and the reason the entity is no longer a covered entity.

(5) For types of emission sources described in subsection (1) of this section that begin or modify operation after January 1, 2023, and types of emission sources described in subsection (2) of this section that begin or modify operation after 2027, coverage under the program starts in the calendar year in which emissions from the source exceed the applicable thresholds in subsection (1) or (2) of this section, or upon formal notice from the department that the source is expected to exceed the applicable emissions threshold, whichever happens first. Sources meeting these conditions are required to transfer their first allowances on the first transfer deadline of the year following the year in which their emissions were equal to or exceeded the emissions threshold.

(6) For emission sources described in subsection (1) of this section that are in operation or otherwise active between 2015 and 2019 but were not required to report emissions for those years under RCW 70A.15.2200 for the reporting periods between 2015 and 2019, coverage under the program starts in the calendar year following the year in which emissions from the source exceed the applicable thresholds in subsection (1) of this section as reported pursuant to RCW 70A.15.2200 or provided as required by this chapter, or upon formal notice from

the department that the source is expected to exceed the applicable emissions threshold for the first year that source is required to report emissions, whichever happens first. Sources meeting these criteria are required to transfer their first allowances on the first transfer deadline of the year following the year in which their emissions, as reported under RCW 70A.15.2200 or provided as required by this chapter, were equal to or exceeded the emissions threshold.

(7) The following emissions are exempt from coverage in the program, regardless of the emissions reported under RCW 70A.15.2200 or provided as required by this chapter:

(a) Emissions from the combustion of aviation fuels;

(b) Emissions from watercraft fuels supplied in Washington that are combusted outside of Washington;

(c) Emissions from a coal-fired electric generation facility exempted from additional greenhouse gas limitations, requirements, or performance standards under RCW 80.80.110;

(d) Carbon dioxide emissions from the combustion of biomass or biofuels;

(e)(i) Motor vehicle fuel or special fuel that is used exclusively for agricultural purposes by a farm fuel user. This exemption is available only if a buyer of motor vehicle fuel or special fuel provides the seller with an exemption certificate in a form and manner prescribed by the department. For the purposes of this subsection, "agricultural purposes" and "farm fuel user" have the same meanings as provided in RCW 82.08.865.

(ii) The department must determine a method for expanding the exemption provided under (e)(i) of this subsection to include fuels used for the purpose of transporting agricultural products on public highways. The department must maintain this expanded exemption for a period of five years, in order to provide the agricultural sector with a feasible transition period; ~~(and)~~

(f) Emissions from facilities with North American industry classification system code 92811 (national security); and

(g) Emissions from municipal solid waste landfills that are subject to, and in compliance with, chapter 70A.--- RCW (the new chapter created in section 18 of this act).

(8) The department shall not require multiple covered entities to have a compliance obligation for the same emissions. The department may by rule authorize refineries, fuel suppliers, facilities using natural gas, and natural gas utilities to provide by agreement for the assumption of the compliance obligation for fuel or natural gas supplied and combusted in the state. The department must be notified of such an agreement at least 12 months prior to the compliance obligation period for which the agreement is applicable.

(9)(a) The legislature intends to promote a growing and sustainable economy and to avoid leakage of emissions from manufacturing to other locations. The legislature further intends to see innovative new businesses locate and grow in Washington that contribute to Washington's prosperity and environmental objectives.

(b) Consistent with the intent of the legislature to avoid the leakage of emissions to other jurisdictions, in achieving the state's greenhouse gas limits in RCW 70A.45.020, the state, including lead agencies under chapter 43.21C RCW, shall pursue the limits in a manner that recognizes that the siting and placement of new or expanded best-in-class facilities with lower carbon emitting processes is in the economic and environmental interests of the state of Washington.

(c) In conducting a life-cycle analysis, if required, for new or expanded facilities that require review under chapter 43.21C RCW, a lead agency must evaluate and attribute any potential net cumulative greenhouse gas emissions resulting from the project as compared to other existing facilities or best available technology including best-in-class facilities and emerging lower carbon processes that supply the same product or end use. The department may adopt rules to determine the appropriate threshold for applying this analysis.

(d) Covered emissions from an entity that is or will be a covered entity under this chapter may not be the basis for denial of a permit for a new or expanded facility. Covered emissions must be

included in the analysis undertaken pursuant to (c) of this subsection. Nothing in this subsection requires a lead agency or a permitting agency to approve or issue a permit to a permit applicant, including to a new or expanded fossil fuel project.

(e) A lead agency under chapter 43.21C RCW or a permitting agency shall allow a new or expanded facility that is a covered entity or opt-in entity to satisfy a mitigation requirement for its covered emissions under chapter 316, Laws of 2021 and under any greenhouse gas emission mitigation requirements for covered emissions under chapter 43.21C RCW by submitting to the department the number of compliance instruments equivalent to its covered emissions during a compliance period.

Sec. 15. RCW 70A.15.3160 and 2021 c 317 s 25, 2021 c 315 s 16, and 2021 c 132 s 1 are each reenacted and amended to read as follows:

(1)(a) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, and in addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of this chapter, chapter 70A.25, 70A.60, 70A.450, (~~or 70A.60~~) 70A.535 ((RCW)), or 70A.--- RCW (the new chapter created in section 18 of this act), RCW 76.04.205, or any of the rules in force under such chapters or section may incur a civil penalty in an amount not to exceed ten thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation. Enforcement actions related to violations of RCW 76.04.205 must be consistent with the provisions of RCW 76.04.205.

(b) Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2)(a) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to

accrue until the thirty-first day following final resolution of the appeal.

(b) The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4)(a) Except as provided in (b) of this subsection, all penalties recovered under this section by the department or the department of natural resources shall be paid into the state treasury and credited to the air pollution control account established in RCW 70A.15.1010 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(b) All penalties recovered for violations of chapter 70A.60 RCW must be paid into the state treasury and credited to the refrigerant emission management account created in RCW 70A.60.050.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly underreporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) The department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

Sec. 16. RCW 70A.15.1010 and 2021 c 315 s 13 are each amended to read as follows:

(1) The air pollution control account is established in the state treasury. All receipts collected by or on behalf of the department from RCW 70A.15.2200(2), and receipts from nonpermit program sources under RCW 70A.15.2210(1) and 70A.15.2230(7), and all receipts from RCW 70A.15.5090 (~~and~~), 70A.15.5120, and section 12 of this act shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to develop and implement the provisions of this chapter, chapters 70A.25 and 70A.--- (the new chapter created in section 18 of this act) RCW, and RCW 70A.60.060. Moneys collected under section 12 of this act may only be used to implement chapter 70A.--- RCW (the new chapter created in section 18 of this act).

(2) The amounts collected and allocated in accordance with this section shall be expended upon appropriation except as otherwise provided in this section and in accordance with the following limitations:

Portions of moneys received by the department of ecology from the air pollution control account shall be distributed by the department to local authorities based on:

(a) The level and extent of air quality problems within such authority's jurisdiction;

(b) The costs associated with implementing air pollution regulatory programs by such authority; and

(c) The amount of funding available to such authority from other sources, whether state, federal, or local, that could be used to implement such programs.

(3) The air operating permit account is created in the custody of the state treasurer. All receipts collected by or

on behalf of the department from permit program sources under RCW 70A.15.2210(1), 70A.15.2260, 70A.15.2270, and 70A.15.2230(7) shall be deposited into the account. Expenditures from the account may be used only for the activities described in RCW 70A.15.2210(1), 70A.15.2260, 70A.15.2270, and 70A.15.2230(7). Moneys in the account may be spent only after appropriation.

Sec. 17. RCW 70A.65.260 and 2021 c 316 s 29 are each amended to read as follows:

(1) The climate commitment account is created in the state treasury. The account must receive moneys distributed to the account from the climate investment account created in RCW 70A.65.250. Moneys in the account may be spent only after appropriation. Projects, activities, and programs eligible for funding from the account must be physically located in Washington state and include, but are not limited to, the following:

(a) Implementing the working families tax rebate in RCW 82.08.0206;

(b) Supplementing the growth management planning and environmental review fund established in RCW 36.70A.490 for the purpose of making grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, 36.70A.500, and 36.70A.600, for costs associated with RCW 36.70A.610, and to cover costs associated with the adoption of optional elements of comprehensive plans consistent with RCW 43.21C.420;

(c) Programs, activities, or projects that reduce and mitigate impacts from greenhouse gases and copollutants in overburdened communities, including strengthening the air quality monitoring network to measure, track, and better understand air pollution levels and trends and to inform the analysis, monitoring, and pollution reduction measures required in RCW 70A.65.020;

(d) Programs, activities, or projects that deploy renewable energy resources, such as solar and wind power, and projects to deploy distributed generation, energy storage, demand-side technologies and strategies, and other grid modernization projects;

(e) Programs, activities, or projects that increase the energy efficiency or reduce greenhouse gas emissions of

industrial facilities including, but not limited to, proposals to implement combined heat and power, district energy, or on-site renewables, such as solar and wind power, to upgrade the energy efficiency of existing equipment, to reduce process emissions, and to switch to less emissions intensive fuel sources;

(f) Programs, activities, or projects that achieve energy efficiency or emissions reductions in the agricultural sector including:

(i) Fertilizer management;

(ii) Soil management;

(iii) Bioenergy;

(iv) Biofuels;

(v) Grants, rebates, and other financial incentives for agricultural harvesting equipment, heavy-duty trucks, agricultural pump engines, tractors, and other equipment used in agricultural operations;

(vi) Grants, loans, or any financial incentives to food processors to implement projects that reduce greenhouse gas emissions;

(vii) Renewable energy projects;

(viii) Farmworker housing weatherization programs;

(ix) Dairy digester research and development;

(x) Alternative manure management; and

(xi) Eligible fund uses under RCW 89.08.615;

(g) Programs, activities, or projects that increase energy efficiency in new and existing buildings, or that promote low carbon architecture, including use of newly emerging alternative building materials that result in a lower carbon footprint in the built environment over the life cycle of the building and component building materials;

(h) Programs, activities, or projects that promote the electrification and decarbonization of new and existing buildings, including residential, commercial, and industrial buildings;

(i) Programs, activities, or projects that improve energy efficiency, including district energy, and investments in market transformation of high efficiency electric appliances and equipment for space and water heating;

(j) Clean energy transition and assistance programs, activities, or projects that assist affected workers or people with lower incomes during the transition to a clean energy economy, or grow and expand clean manufacturing capacity in communities across Washington state including, but not limited to:

(i) Programs, activities, or projects that directly improve energy affordability and reduce the energy burden of people with lower incomes, as well as the higher transportation fuel burden of rural residents, such as bill assistance, energy efficiency, and weatherization programs;

(ii) Community renewable energy projects that allow qualifying participants to own or receive the benefits of those projects at reduced or no cost;

(iii) Programs, activities, or other worker-support projects for bargaining unit and nonsupervisory fossil fuel workers who are affected by the transition away from fossil fuels to a clean energy economy. Worker support may include, but is not limited to: (A) Full wage replacement, health benefits, and pension contributions for every worker within five years of retirement; (B) full wage replacement, health benefits, and pension contributions for every worker with at least one year of service for each year of service up to five years of service; (C) wage insurance for up to five years for workers reemployed who have more than five years of service; (D) up to two years of retraining costs, including tuition and related costs, based on in-state community and technical college costs; (E) peer counseling services during transition; (F) employment placement services, prioritizing employment in the clean energy sector; and (G) relocation expenses;

(iv) Direct investment in workforce development, via technical education, community college, institutions of higher education, apprenticeships, and other programs including, but not limited to:

(A) Initiatives to develop a forest health workforce established under RCW 76.04.521; and

(B) Initiatives to develop new education programs, emerging fields, or

jobs pertaining to the clean energy economy;

(v) Transportation, municipal service delivery, and technology investments that increase a community's capacity for clean manufacturing, with an emphasis on communities in greatest need of job creation and economic development and potential for commute reduction;

(k) Programs, activities, or projects that reduce emissions from landfills and waste-to-energy facilities through diversion of organic materials, methane capture or conversion strategies, ~~((or other means))~~ installation of gas collection devices and gas control systems, monitoring and reporting of methane emissions, or other means, prioritizing funding needed for any activities by local governments to comply with chapter 70A.--- RCW (the new chapter created in section 18 of this act);

(l) Carbon dioxide removal projects, programs, and activities; and

(m) Activities to support efforts to mitigate and adapt to the effects of climate change affecting Indian tribes, including capital investments in support of the relocation of Indian tribes located in areas at heightened risk due to anticipated sea level rise, flooding, or other disturbances caused by climate change. The legislature intends to dedicate at least \$50,000,000 per biennium from the account for purposes of this subsection.

(2) Moneys in the account may not be used for projects or activities that would violate tribal treaty rights or result in significant long-term damage to critical habitat or ecological functions. Investments from this account must result in long-term environmental benefits and increased resilience to the impacts of climate change.

NEW SECTION. Sec. 18. Sections 1 through 13 of this act constitute a new chapter in Title 70A RCW.

NEW SECTION. Sec. 19. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "landfills;" strike the remainder of the title and insert "amending RCW

70A.65.080, 70A.15.1010, and 70A.65.260; reenacting and amending RCW 70A.15.3160; adding a new chapter to Title 70A RCW; and prescribing penalties."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House concurred in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1663 and advanced the bill, as amended by the Senate, to final passage.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

Representatives Duerr and Dye spoke in favor of the passage of the bill.

The Speaker (Representative Orwall presiding) stated the question before the House to be the final passage of Engrossed Second Substitute House Bill No. 1663, as amended by the Senate.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Second Substitute House Bill No. 1663, as amended by the Senate, and the bill passed the House by the following vote: Yeas, 58; Nays, 38; Absent, 0; Excused, 2.

Voting yea: Representatives Bateman, Berg, Bergquist, Berry, Bronoske, Callan, Chapman, Chopp, Cody, Davis, Dolan, Donaghy, Duerr, Dye, Entenman, Fey, Fitzgibbon, Frame, Goodman, Gregerson, Hackney, Hansen, Harris-Talley, J. Johnson, Kirby, Kloba, Leavitt, Lekanoff, Macri, Morgan, Ortiz-Self, Orwall, Paul, Peterson, Pollet, Ramel, Ramos, Riccelli, Rule, Ryu, Santos, Sells, Senn, Shewmake, Simmons, Slatter, Springer, Steele, Stokesbary, Stonier, Sullivan, Taylor, Thai, Tharinger, Valdez, Wicks, Wylie and Mme. Speaker.

Voting nay: Representatives Abbarno, Barkis, Boehnke, Caldier, Chambers, Chandler, Chase, Corry, Dent, Dufault, Eslick, Gilday, Goehner, Graham, Griffey, Harris, Hoff, Jacobsen, Klicker, Kraft, Kretz, MacEwen, Maycumber, McCaslin, McEntire, Mosbrucker, Orcutt, Robertson, Rude, Schmick, Sutherland, Vick, Volz, Walen, Walsh, Wilcox, Ybarra and Young.

Excused: Representatives Klippert and Ormsby.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1663, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 8, 2022

Madame Speaker:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1821, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 1821 to second reading for purpose of amendment(s). The Senate further adopted amendment 1821-S.E AMS MUZZ S5421.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 41.05.700 and 2021 c 157 s 1 are each amended to read as follows:

(1)(a) A health plan offered to employees, school employees, and their covered dependents under this chapter issued or renewed on or after January 1, 2017, shall reimburse a provider for a health care service provided to a covered person through telemedicine or store and forward technology if:

(i) The plan provides coverage of the health care service when provided in person by the provider;

(ii) The health care service is medically necessary;

(iii) The health care service is a service recognized as an essential health benefit under section 1302(b) of the federal patient protection and affordable care act in effect on January 1, 2015;

(iv) The health care service is determined to be safely and effectively provided through telemedicine or store and forward technology according to generally accepted health care practices and standards, and the technology used to provide the health care service meets the standards required by state and federal laws governing the privacy and security of protected health information; and

(v) Beginning January 1, 2023, for audio-only telemedicine, the covered person has an established relationship with the provider.

(b)(i) Except as provided in (b)(ii) of this subsection, a health plan offered to employees, school employees, and their covered dependents under this chapter issued or renewed on or after January 1, 2021, shall reimburse a provider for a health care service provided to a covered person through telemedicine the same amount of compensation the carrier would pay the provider if the health care service was provided in person by the provider.

(ii) Hospitals, hospital systems, telemedicine companies, and provider groups consisting of eleven or more providers may elect to negotiate an amount of compensation for telemedicine services that differs from the amount of compensation for in-person services.

(iii) For purposes of this subsection (1)(b), the number of providers in a provider group refers to all providers within the group, regardless of a provider's location.

(2) For purposes of this section, reimbursement of store and forward technology is available only for those covered services specified in the negotiated agreement between the health plan and health care provider.

(3) An originating site for a telemedicine health care service subject to subsection (1) of this section includes a:

(a) Hospital;

(b) Rural health clinic;

(c) Federally qualified health center;

(d) Physician's or other health care provider's office;

(e) Licensed or certified behavioral health agency;

(f) Skilled nursing facility;

(g) Home or any location determined by the individual receiving the service; or

(h) Renal dialysis center, except an independent renal dialysis center.

(4) Except for subsection (3)(g) of this section, any originating site under subsection (3) of this section may charge a facility fee for infrastructure and preparation of the patient. Reimbursement for a facility fee must be subject to a negotiated agreement between the originating site and the health plan. A distant site, a hospital that is an originating site for audio-only telemedicine, or any other site not identified in subsection (3) of this section may not charge a facility fee.

(5) The plan may not distinguish between originating sites that are rural and urban in providing the coverage required in subsection (1) of this section.

(6) The plan may subject coverage of a telemedicine or store and forward technology health service under

subsection (1) of this section to all terms and conditions of the plan including, but not limited to, utilization review, prior authorization, deductible, copayment, or coinsurance requirements that are applicable to coverage of a comparable health care service provided in person.

(7) This section does not require the plan to reimburse:

(a) An originating site for professional fees;

(b) A provider for a health care service that is not a covered benefit under the plan; or

(c) An originating site or health care provider when the site or provider is not a contracted provider under the plan.

(8)(a) If a provider intends to bill a patient or the patient's health plan for an audio-only telemedicine service, the provider must obtain patient consent for the billing in advance of the service being delivered.

(b) If the health care authority has cause to believe that a provider has engaged in a pattern of unresolved violations of this subsection (8), the health care authority may submit information to the appropriate disciplining authority, as defined in RCW 18.130.020, for action. Prior to submitting information to the appropriate disciplining authority, the health care authority may provide the provider with an opportunity to cure the alleged violations or explain why the actions in question did not violate this subsection (8).

(c) If the provider has engaged in a pattern of unresolved violations of this subsection (8), the appropriate disciplining authority may levy a fine or cost recovery upon the provider in an amount not to exceed the applicable statutory amount per violation and take other action as permitted under the authority of the disciplining authority. Upon completion of its review of any potential violation submitted by the health care authority or initiated directly by an enrollee, the disciplining authority shall notify the health care authority of the results of the review, including whether the violation was substantiated and any enforcement action taken as a result of a finding of a substantiated violation.

(9) For purposes of this section:

(a)(i) "Audio-only telemedicine" means the delivery of health care services through the use of audio-only technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment.

(ii) For purposes of this section only, "audio-only telemedicine" does not include:

(A) The use of facsimile or email; or

(B) The delivery of health care services that are customarily delivered by audio-only technology and customarily not billed as separate services by the provider, such as the sharing of laboratory results;

(b) "Disciplining authority" has the same meaning as in RCW 18.130.020;

(c) "Distant site" means the site at which a physician or other licensed provider, delivering a professional service, is physically located at the time the service is provided through telemedicine;

(d) "Established relationship" means the provider providing audio-only telemedicine has access to sufficient health records to ensure safe, effective, and appropriate care services and:

(i) For health care services included in the essential health benefits category of mental health and substance use disorder services, including behavioral health treatment:

(A) The covered person has had, within the past three years, at least one in-person appointment ((within the past year)), or at least one real-time interactive appointment using both audio and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or ((the))

(B) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past three years, at least one in-person appointment, or at least one real-time interactive appointment using both audio and video

technology, with the covered person (~~within the past year~~) and has provided relevant medical information to the provider providing audio-only telemedicine;

(ii) For any other health care service:

(A) The covered person has had, within the past two years, at least one in-person appointment, or, until January 1, 2024, at least one real-time interactive appointment using both audio and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or

(B) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past two years, at least one in-person appointment, or, until January 1, 2024, at least one real-time interactive appointment using both audio and video technology, with the covered person and has provided relevant medical information to the provider providing audio-only telemedicine;

(e) "Health care service" has the same meaning as in RCW 48.43.005;

(f) "Hospital" means a facility licensed under chapter 70.41, 71.12, or 72.23 RCW;

(g) "Originating site" means the physical location of a patient receiving health care services through telemedicine;

(h) "Provider" has the same meaning as in RCW 48.43.005;

(i) "Store and forward technology" means use of an asynchronous transmission of a covered person's medical information from an originating site to the health care provider at a distant site which results in medical diagnosis and management of the covered person, and does not include the use of audio-only telephone, facsimile, or email; and

(j) "Telemedicine" means the delivery of health care services through the use of interactive audio and video technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation,

or treatment. For purposes of this section only, "telemedicine" includes audio-only telemedicine, but does not include facsimile or email.

Sec. 2. RCW 48.43.735 and 2021 c 157 s 2 are each amended to read as follows:

(1)(a) For health plans issued or renewed on or after January 1, 2017, a health carrier shall reimburse a provider for a health care service provided to a covered person through telemedicine or store and forward technology if:

(i) The plan provides coverage of the health care service when provided in person by the provider;

(ii) The health care service is medically necessary;

(iii) The health care service is a service recognized as an essential health benefit under section 1302(b) of the federal patient protection and affordable care act in effect on January 1, 2015;

(iv) The health care service is determined to be safely and effectively provided through telemedicine or store and forward technology according to generally accepted health care practices and standards, and the technology used to provide the health care service meets the standards required by state and federal laws governing the privacy and security of protected health information; and

(v) Beginning January 1, 2023, for audio-only telemedicine, the covered person has an established relationship with the provider.

(b)(i) Except as provided in (b)(ii) of this subsection, for health plans issued or renewed on or after January 1, 2021, a health carrier shall reimburse a provider for a health care service provided to a covered person through telemedicine the same amount of compensation the carrier would pay the provider if the health care service was provided in person by the provider.

(ii) Hospitals, hospital systems, telemedicine companies, and provider groups consisting of eleven or more providers may elect to negotiate an amount of compensation for telemedicine services that differs from the amount of compensation for in-person services.

(iii) For purposes of this subsection (1)(b), the number of providers in a provider group refers to all providers

within the group, regardless of a provider's location.

(2) For purposes of this section, reimbursement of store and forward technology is available only for those covered services specified in the negotiated agreement between the health carrier and the health care provider.

(3) An originating site for a telemedicine health care service subject to subsection (1) of this section includes a:

- (a) Hospital;
- (b) Rural health clinic;
- (c) Federally qualified health center;
- (d) Physician's or other health care provider's office;
- (e) Licensed or certified behavioral health agency;
- (f) Skilled nursing facility;
- (g) Home or any location determined by the individual receiving the service; or
- (h) Renal dialysis center, except an independent renal dialysis center.

(4) Except for subsection (3)(g) of this section, any originating site under subsection (3) of this section may charge a facility fee for infrastructure and preparation of the patient. Reimbursement for a facility fee must be subject to a negotiated agreement between the originating site and the health carrier. A distant site, a hospital that is an originating site for audio-only telemedicine, or any other site not identified in subsection (3) of this section may not charge a facility fee.

(5) A health carrier may not distinguish between originating sites that are rural and urban in providing the coverage required in subsection (1) of this section.

(6) A health carrier may subject coverage of a telemedicine or store and forward technology health service under subsection (1) of this section to all terms and conditions of the plan in which the covered person is enrolled including, but not limited to, utilization review, prior authorization, deductible, copayment, or coinsurance requirements that are applicable to coverage of a comparable health care service provided in person.

(7) This section does not require a health carrier to reimburse:

- (a) An originating site for professional fees;
- (b) A provider for a health care service that is not a covered benefit under the plan; or
- (c) An originating site or health care provider when the site or provider is not a contracted provider under the plan.

(8)(a) If a provider intends to bill a patient or the patient's health plan for an audio-only telemedicine service, the provider must obtain patient consent for the billing in advance of the service being delivered.

(b) If the commissioner has cause to believe that a provider has engaged in a pattern of unresolved violations of this subsection (8), the commissioner may submit information to the appropriate disciplining authority, as defined in RCW 18.130.020, for action. Prior to submitting information to the appropriate disciplining authority, the commissioner may provide the provider with an opportunity to cure the alleged violations or explain why the actions in question did not violate this subsection (8).

(c) If the provider has engaged in a pattern of unresolved violations of this subsection (8), the appropriate disciplining authority may levy a fine or cost recovery upon the provider in an amount not to exceed the applicable statutory amount per violation and take other action as permitted under the authority of the disciplining authority. Upon completion of its review of any potential violation submitted by the commissioner or initiated directly by an enrollee, the disciplining authority shall notify the commissioner of the results of the review, including whether the violation was substantiated and any enforcement action taken as a result of a finding of a substantiated violation.

(9) For purposes of this section:

(a)(i) "Audio-only telemedicine" means the delivery of health care services through the use of audio-only technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment.

(ii) For purposes of this section only, "audio-only telemedicine" does not include:

(A) The use of facsimile or email; or

(B) The delivery of health care services that are customarily delivered by audio-only technology and customarily not billed as separate services by the provider, such as the sharing of laboratory results;

(b) "Disciplining authority" has the same meaning as in RCW 18.130.020;

(c) "Distant site" means the site at which a physician or other licensed provider, delivering a professional service, is physically located at the time the service is provided through telemedicine;

(d) "Established relationship" means the provider providing audio-only telemedicine has access to sufficient health records to ensure safe, effective, and appropriate care services and:

(i) For health care services included in the essential health benefits category of mental health and substance use disorder services, including behavioral health treatment:

(A) The covered person has had, within the past three years, at least one in-person appointment ((within the past year)), or at least one real-time interactive appointment using both audio and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or ((the))

(B) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past three years, at least one in-person appointment, or at least one real-time interactive appointment using both audio and video technology, with the covered person ((within the past year)) and has provided relevant medical information to the provider providing audio-only telemedicine;

(ii) For any other health care service:

(A) The covered person has had, within the past two years, at least one in-person appointment, or, until January 1, 2024, at least one real-time interactive appointment using both audio and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or

(B) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past two years, at least one in-person appointment, or, until January 1, 2024, at least one real-time interactive appointment using both audio and video technology, with the covered person and has provided relevant medical information to the provider providing audio-only telemedicine;

(e) "Health care service" has the same meaning as in RCW 48.43.005;

(f) "Hospital" means a facility licensed under chapter 70.41, 71.12, or 72.23 RCW;

(g) "Originating site" means the physical location of a patient receiving health care services through telemedicine;

(h) "Provider" has the same meaning as in RCW 48.43.005;

(i) "Store and forward technology" means use of an asynchronous transmission of a covered person's medical information from an originating site to the health care provider at a distant site which results in medical diagnosis and management of the covered person, and does not include the use of audio-only telephone, facsimile, or email; and

(j) "Telemedicine" means the delivery of health care services through the use of interactive audio and video technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment. For purposes of this section only, "telemedicine" includes audio-only telemedicine, but does not include facsimile or email.

~~((9) [(10)]))~~ (10) The commissioner may adopt any rules necessary to implement this section.

Sec. 3. RCW 71.24.335 and 2021 c 157 s 4 and 2021 c 100 s 1 are each reenacted and amended to read as follows:

(1) Upon initiation or renewal of a contract with the authority, behavioral health administrative services organizations and managed care organizations shall reimburse a provider for a behavioral health service provided to a covered person through telemedicine or store and forward technology if:

(a) The behavioral health administrative services organization or managed care organization in which the covered person is enrolled provides coverage of the behavioral health service when provided in person by the provider;

(b) The behavioral health service is medically necessary; and

(c) Beginning January 1, 2023, for audio-only telemedicine, the covered person has an established relationship with the provider.

(2)(a) If the service is provided through store and forward technology there must be an associated visit between the covered person and the referring provider. Nothing in this section prohibits the use of telemedicine for the associated office visit.

(b) For purposes of this section, reimbursement of store and forward technology is available only for those services specified in the negotiated agreement between the behavioral health administrative services organization, or managed care organization, and the provider.

(3) An originating site for a telemedicine behavioral health service subject to subsection (1) of this section means an originating site as defined in rule by the department or the health care authority.

(4) Any originating site, other than a home, under subsection (3) of this section may charge a facility fee for infrastructure and preparation of the patient. Reimbursement must be subject to a negotiated agreement between the originating site and the behavioral health administrative services organization, or managed care organization, as applicable. A distant site, a hospital that is an originating site for audio-only telemedicine, or any other site not identified in subsection

(3) of this section may not charge a facility fee.

(5) Behavioral health administrative services organizations and managed care organizations may not distinguish between originating sites that are rural and urban in providing the coverage required in subsection (1) of this section.

(6) Behavioral health administrative services organizations and managed care organizations may subject coverage of a telemedicine or store and forward technology behavioral health service under subsection (1) of this section to all terms and conditions of the behavioral health administrative services organization or managed care organization in which the covered person is enrolled, including, but not limited to, utilization review, prior authorization, deductible, copayment, or coinsurance requirements that are applicable to coverage of a comparable behavioral health care service provided in person.

(7) This section does not require a behavioral health administrative services organization or a managed care organization to reimburse:

(a) An originating site for professional fees;

(b) A provider for a behavioral health service that is not a covered benefit; or

(c) An originating site or provider when the site or provider is not a contracted provider.

(8)(a) If a provider intends to bill a patient, a behavioral health administrative services organization, or a managed care organization for an audio-only telemedicine service, the provider must obtain patient consent for the billing in advance of the service being delivered.

(b) If the health care authority has cause to believe that a provider has engaged in a pattern of unresolved violations of this subsection (8), the health care authority may submit information to the appropriate disciplining authority, as defined in RCW 18.130.020, for action. Prior to submitting information to the appropriate disciplining authority, the health care authority may provide the provider with an opportunity to cure the alleged violations or explain why the

actions in question did not violate this subsection (8).

(c) If the provider has engaged in a pattern of unresolved violations of this subsection (8), the appropriate disciplining authority may levy a fine or cost recovery upon the provider in an amount not to exceed the applicable statutory amount per violation and take other action as permitted under the authority of the disciplining authority. Upon completion of its review of any potential violation submitted by the health care authority or initiated directly by an enrollee, the disciplining authority shall notify the health care authority of the results of the review, including whether the violation was substantiated and any enforcement action taken as a result of a finding of a substantiated violation.

(9) For purposes of this section:

(a)(i) "Audio-only telemedicine" means the delivery of health care services through the use of audio-only technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment.

(ii) For purposes of this section only, "audio-only telemedicine" does not include:

(A) The use of facsimile or email; or

(B) The delivery of health care services that are customarily delivered by audio-only technology and customarily not billed as separate services by the provider, such as the sharing of laboratory results;

(b) "Disciplining authority" has the same meaning as in RCW 18.130.020;

(c) "Distant site" means the site at which a physician or other licensed provider, delivering a professional service, is physically located at the time the service is provided through telemedicine;

(d) "Established relationship" means the provider providing audio-only telemedicine has access to sufficient health records to ensure safe, effective, and appropriate care services and:

(i) The covered person has had, within the past three years, at least one in-person appointment ((within the past year)), or at least one real-time interactive appointment using both audio

and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or ((the))

(ii) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past three years, at least one in-person appointment, or at least one real-time interactive appointment using both audio and video technology, with the covered person ((within the past year)) and has provided relevant medical information to the provider providing audio-only telemedicine;

(e) "Hospital" means a facility licensed under chapter 70.41, 71.12, or 72.23 RCW;

(f) "Originating site" means the physical location of a patient receiving behavioral health services through telemedicine;

(g) "Provider" has the same meaning as in RCW 48.43.005;

(h) "Store and forward technology" means use of an asynchronous transmission of a covered person's medical or behavioral health information from an originating site to the provider at a distant site which results in medical or behavioral health diagnosis and management of the covered person, and does not include the use of audio-only telephone, facsimile, or email; and

(i) "Telemedicine" means the delivery of health care or behavioral health services through the use of interactive audio and video technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment. For purposes of this section only, "telemedicine" includes audio-only telemedicine, but does not include facsimile or email.

~~((9) [(10)])~~ (10) The authority must adopt rules as necessary to implement the provisions of this section.

Sec. 4. RCW 74.09.325 and 2021 c 157 s 5 are each amended to read as follows:

(1)(a) Upon initiation or renewal of a contract with the Washington state health

care authority to administer a medicaid managed care plan, a managed health care system shall reimburse a provider for a health care service provided to a covered person through telemedicine or store and forward technology if:

(i) The medicaid managed care plan in which the covered person is enrolled provides coverage of the health care service when provided in person by the provider;

(ii) The health care service is medically necessary;

(iii) The health care service is a service recognized as an essential health benefit under section 1302(b) of the federal patient protection and affordable care act in effect on January 1, 2015;

(iv) The health care service is determined to be safely and effectively provided through telemedicine or store and forward technology according to generally accepted health care practices and standards, and the technology used to provide the health care service meets the standards required by state and federal laws governing the privacy and security of protected health information; and

(v) Beginning January 1, 2023, for audio-only telemedicine, the covered person has an established relationship with the provider.

(b)(i) Except as provided in (b)(ii) of this subsection, upon initiation or renewal of a contract with the Washington state health care authority to administer a medicaid managed care plan, a managed health care system shall reimburse a provider for a health care service provided to a covered person through telemedicine the same amount of compensation the managed health care system would pay the provider if the health care service was provided in person by the provider.

(ii) Hospitals, hospital systems, telemedicine companies, and provider groups consisting of eleven or more providers may elect to negotiate an amount of compensation for telemedicine services that differs from the amount of compensation for in-person services.

(iii) For purposes of this subsection (1)(b), the number of providers in a provider group refers to all providers within the group, regardless of a provider's location.

(iv) A rural health clinic shall be reimbursed for audio-only telemedicine at the rural health clinic encounter rate.

(2) For purposes of this section, reimbursement of store and forward technology is available only for those services specified in the negotiated agreement between the managed health care system and health care provider.

(3) An originating site for a telemedicine health care service subject to subsection (1) of this section includes a:

(a) Hospital;

(b) Rural health clinic;

(c) Federally qualified health center;

(d) Physician's or other health care provider's office;

(e) Licensed or certified behavioral health agency;

(f) Skilled nursing facility;

(g) Home or any location determined by the individual receiving the service; or

(h) Renal dialysis center, except an independent renal dialysis center.

(4) Except for subsection (3)(g) of this section, any originating site under subsection (3) of this section may charge a facility fee for infrastructure and preparation of the patient. Reimbursement for a facility fee must be subject to a negotiated agreement between the originating site and the managed health care system. A distant site, a hospital that is an originating site for audio-only telemedicine, or any other site not identified in subsection (3) of this section may not charge a facility fee.

(5) A managed health care system may not distinguish between originating sites that are rural and urban in providing the coverage required in subsection (1) of this section.

(6) A managed health care system may subject coverage of a telemedicine or store and forward technology health service under subsection (1) of this section to all terms and conditions of the plan in which the covered person is enrolled including, but not limited to, utilization review, prior authorization, deductible, copayment, or coinsurance requirements that are applicable to

coverage of a comparable health care service provided in person.

(7) This section does not require a managed health care system to reimburse:

(a) An originating site for professional fees;

(b) A provider for a health care service that is not a covered benefit under the plan; or

(c) An originating site or health care provider when the site or provider is not a contracted provider under the plan.

(8)(a) If a provider intends to bill a patient or a managed health care system for an audio-only telemedicine service, the provider must obtain patient consent for the billing in advance of the service being delivered and comply with all rules created by the authority related to restrictions on billing medicaid recipients. The authority may submit information on any potential violations of this subsection to the appropriate disciplining authority, as defined in RCW 18.130.020(~~(f)~~), or take contractual actions against the provider's agreement for participation in the medicaid program, or both.

(b) If the health care authority has cause to believe that a provider has engaged in a pattern of unresolved violations of this subsection (8), the health care authority may submit information to the appropriate disciplining authority for action. Prior to submitting information to the appropriate disciplining authority, the health care authority may provide the provider with an opportunity to cure the alleged violations or explain why the actions in question did not violate this subsection (8).

(c) If the provider has engaged in a pattern of unresolved violations of this subsection (8), the appropriate disciplining authority may levy a fine or cost recovery upon the provider in an amount not to exceed the applicable statutory amount per violation and take other action as permitted under the authority of the disciplining authority. Upon completion of its review of any potential violation submitted by the health care authority or initiated directly by an enrollee, the disciplining authority shall notify the health care authority of the results of the review, including whether the violation was substantiated and any enforcement action

taken as a result of a finding of a substantiated violation.

(9) For purposes of this section:

(a)(i) "Audio-only telemedicine" means the delivery of health care services through the use of audio-only technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment.

(ii) For purposes of this section only, "audio-only telemedicine" does not include:

(A) The use of facsimile or email; or

(B) The delivery of health care services that are customarily delivered by audio-only technology and customarily not billed as separate services by the provider, such as the sharing of laboratory results;

(b) "Disciplining authority" has the same meaning as in RCW 18.130.020;

(d) "Established relationship" means the provider providing audio-only telemedicine has access to sufficient health records to ensure safe, effective, and appropriate care services and:

(i) For health care services included in the essential health benefits category of mental health and substance use disorder services, including behavioral health treatment:

(A) The covered person has had, within the past three years, at least one in-person appointment (~~within the past year~~), or at least one real-time interactive appointment using both audio and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or (~~the~~)

(B) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past three years, at least one in-person appointment, or at

least one real-time interactive appointment using both audio and video technology, with the covered person ((within the past year)) and has provided relevant medical information to the provider providing audio-only telemedicine;

(ii) For any other health care service:

(A) The covered person has had, within the past two years, at least one in-person appointment, or, until January 1, 2024, at least one real-time interactive appointment using both audio and video technology, with the provider providing audio-only telemedicine or with a provider employed at the same medical group, at the same clinic, or by the same integrated delivery system operated by a carrier licensed under chapter 48.44 or 48.46 RCW as the provider providing audio-only telemedicine; or

(B) The covered person was referred to the provider providing audio-only telemedicine by another provider who has had, within the past two years, at least one in-person appointment, or, until January 1, 2024, at least one real-time interactive appointment using both audio and video technology, with the covered person and has provided relevant medical information to the provider providing audio-only telemedicine;

(e) "Health care service" has the same meaning as in RCW 48.43.005;

(f) "Hospital" means a facility licensed under chapter 70.41, 71.12, or 72.23 RCW;

(g) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(h) "Originating site" means the physical location of a patient receiving health care services through telemedicine;

(i) "Provider" has the same meaning as in RCW 48.43.005;

(k) "Telemedicine" means the delivery of health care services through the use of interactive audio and video technology, permitting real-time communication between the patient at the originating site and the provider, for the purpose of diagnosis, consultation, or treatment. For purposes of this section only, "telemedicine" includes audio-only telemedicine, but does not include facsimile or email.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 6. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

On page 1, line 2 of the title, after "telemedicine;" strike the remainder of the title and insert "amending RCW 41.05.700, 48.43.735, and 74.09.325; reenacting and amending RCW 71.24.335; and creating a new section."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1821, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2022

Madame Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1866 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) The epidemic of homelessness apparent in communities throughout Washington is creating immense suffering. It is threatening the health of homeless families and individuals, sapping their human potential, eroding public confidence, and undermining the

shared values that have driven our state's prosperity, including public safety and access to public streets, parks, and facilities;

(b) In seeking to identify the causes of this epidemic, a large proportion of those unsheltered also suffer from serious behavioral health or physical health conditions that will inevitably grow worse without timely and effective health care;

(c) Housing is an indispensable element of effective health care. Stable housing is a prerequisite to addressing behavioral health needs and lack of housing is a precursor to poor health outcomes;

(d) A home, health care, and wellness are fundamental for Washington residents;

(e) Reducing homelessness is a priority of the people of Washington state and that reducing homelessness through policy alignment and reform lessens fiscal impact to the state and improves the economic vitality of our businesses;

(f) The impact of this epidemic is falling most heavily on those communities that already suffer the most serious health disparities: Black, indigenous, people of color, and historically marginalized and underserved communities. It is a moral imperative to shelter chronically homeless populations; and

(g) Washington state has many of the tools needed to address this challenge, including a network of safety net health and behavioral health care providers in both urban and rural areas, an effective system of health care coverage through apple health, and excellent public and nonprofit affordable housing providers. Yet far too many homeless families and individuals are going without the housing and health care resources they need because these tools have yet to be combined in an effective way across the state.

(2) It is the intent of the legislature to treat chronic homelessness as a medical condition and that the apple health and homes act address the needs of chronically homeless populations by pairing a health care problem with a health care solution.

NEW SECTION. **Sec. 2.** A new section is added to chapter 74.09 RCW to read as follows:

The definitions in this section apply throughout sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Community support services" means active search and promotion of access to, and choice of, appropriate, safe, and affordable housing and ongoing supports to assure ongoing successful tenancy. The term includes, but is not limited to, services to medical assistance clients who are homeless or at risk of becoming homeless through outreach, engagement, and coordination of services with shelter and housing. The term includes benefits offered through the foundational community supports program established pursuant to the authority's federal waiver, entitled "medicaid transformation project," as amended and reauthorized.

(2) "Community support services provider" means a local entity that contracts with a coordinating entity to provide community support services. A community support services provider may also separately perform the functions of a housing provider.

(3) "Coordinating entity" means one or more organizations, including medicaid managed care organizations, under contract with the authority to coordinate community support services as required under sections 3 and 4 of this act. There may only be one coordinating entity per regional service area.

(4) "Department" means the department of commerce.

(5) "Homeless person" has the same meaning as in RCW 43.185C.010.

(6) "Housing provider" means a public or private organization that supplies permanent supportive housing units consistent with RCW 36.70A.030 to meet the housing needs of homeless persons. A housing provider may supply permanent supportive housing in a site-based or scattered site arrangement using a variety of public, private, philanthropic, or tenant-based sources of funds to cover operating costs or rent. A housing provider may also perform the functions of a community support services provider.

(7) "Office" means the office of apple health and homes created in section 5 of this act.

(8) "Program" means the apple health and homes program established in section 3 of this act.

(9) "Permanent supportive housing" has the same meaning as in RCW 36.70A.030.

NEW SECTION. **Sec. 3.** A new section is added to chapter 74.09 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the apple health and homes program is established to provide a permanent supportive housing benefit and a community support services benefit through a network of community support services providers for persons assessed with specific health needs and risk factors.

(a) The program shall operate through the collaboration of the department, the authority, the department of social and health services, local governments, the coordinating entity or entities, community support services providers, local housing providers, local health care entities, and community-based organizations in contact with potentially eligible individuals, to assure seamless integration of community support services, stable housing, and health care services.

(b) The entities operating the program shall coordinate resources, technical assistance, and capacity building efforts to help match eligible individuals with community support services, health care, including behavioral health care and long-term care services, and stable housing.

(2) To be eligible for community support services and permanent supportive housing under subsection (3) of this section, a person must:

(a) Be 18 years of age or older;

(b)(i) Be enrolled in a medical assistance program under this chapter and eligible for community support services;

(ii)(A) Have a countable income that is at or below 133 percent of the federal poverty level, adjusted for family size, and determined annually by the federal department of health and human services; and

(B) Not be eligible for categorically needy medical assistance, as defined in the social security Title XIX state plan; or

(iii) Be assessed as likely eligible for, but not yet enrolled in, a medical assistance program under this chapter due to the severity of behavioral health symptom acuity level which creates barriers to accessing and receiving conventional services;

(c) Have been assessed:

(i) By a licensed behavioral health agency to have a behavioral health need which is defined as meeting one or both of the following criteria:

(A) Having mental health needs, including a need for improvement, stabilization, or prevention of deterioration of functioning resulting from the presence of a mental illness; or

(B) Having substance use disorder needs indicating the need for outpatient substance use disorder treatment which may be determined by an assessment using the American society of addiction medicine criteria or a similar assessment tool approved by the authority;

(ii) By the department of social and health services as needing either assistance with at least three activities of daily living or hands-on assistance with at least one activity of daily living and have the preliminary determination confirmed by the department of social and health services through an in-person assessment conducted by the department of social and health services; or

(iii) To be a homeless person with a long-continuing or indefinite physical condition requiring improvement, stabilization, or prevention of deterioration of functioning, including the ability to live independently without support; and

(d) Have at least one of the following risk factors:

(i)(A) Be a homeless person at the time of the eligibility determination for the program and have been homeless for 12 months prior to the eligibility determination; or

(B) Have been a homeless person on at least four separate occasions in the three years prior to the eligibility determination for the program, as long as

the combined occasions equal at least 12 months;

(ii) Have a history of frequent or lengthy institutional contact, including contact at institutional care facilities such as jails, substance use disorder or mental health treatment facilities, hospitals, or skilled nursing facilities; or

(iii) Have a history of frequent stays at adult residential care facilities or residential treatment facilities.

(3) Once a coordinating entity verifies that a person has met the eligibility criteria established in subsection (2) of this section, it must connect the eligible person with a community support services provider. The community support services provider must:

(a) Deliver pretenancy support services to determine the person's specific housing needs and assist the person in identifying permanent supportive housing options that are appropriate and safe for the person;

(b) Fully incorporate the eligible person's available community support services into the case management services provided by the community support services provider; and

(c) Deliver ongoing tenancy-sustaining services to support the person in maintaining successful tenancy.

(4) Housing options offered to eligible participants may vary, subject to the availability of housing and funding.

(5) The community support services benefit must be sustained or renewed in accordance with the eligibility standards in subsection (2) of this section, except that the standards related to homelessness shall be replaced with an assessment of the person's likelihood to become homeless in the event that the community support services benefit is terminated. The coordinating entity must adopt procedures to conduct community support services benefit renewals, according to authority standards.

NEW SECTION. Sec. 4. A new section is added to chapter 74.09 RCW to read as follows:

(1) To establish and administer section 3 of this act, the authority shall:

(a)(i) Establish or amend a contract with a coordinating entity to:

(A) Assure the availability of access to eligibility determinations services for community support services benefits and permanent supportive housing benefits;

(B) Verify that persons meet the eligibility standards of section 3(2) of this act;

(C) Coordinate enrollment in medical assistance programs for persons who meet the eligibility standards of section 3(2) of this act, except for actual enrollment in a medical assistance program under this chapter; and

(D) Coordinate with a network of community support services providers to arrange with local housing providers for the placement of an eligible person in permanent supportive housing appropriate to the person's needs and assure that community support services are provided to the person by a community support services provider.

(ii) The primary role of the coordinating entity or entities is administrative and operational, while the authority shall establish the general policy parameters for the work of the coordinating entity or entities.

(iii) In selecting the coordinating entity or entities, the authority shall: Choose one or more organizations that are capable of coordinating access to both community support services and permanent supportive housing services to eligible persons under section 3 of this act; and select no more than one coordinating entity per region which is served by medicaid managed care organizations;

(b) Report to the office for the ongoing monitoring of the program; and

(c) Adopt any rules necessary to implement the program.

(2) The authority shall establish a work group to provide feedback to the agency on its foundational community supports program as it aligns with the work of the housing benefit. The work group may include representatives of state agencies, behavioral health administrative services organizations, the coordinating entity or entities, and

contracted agencies providing foundational community supports services. Topics may include, but are not limited to, best practices in eligibility screening processes and case rate billing for foundational community supports housing, regional cost differentials, costs consistent with specialized needs, improved data access and data sharing with foundational community supports providers, and requirements related to the use of a common practice tool among community support services providers to integrate social determinants of health into service delivery. The authority, in consultation with foundational community supports providers and their stakeholders, shall engage each region on case management tools and programs, evaluate effectiveness, and inform the appropriate committees of the legislature on the use of case management tools. Case management shall also be a regular item of engagement in the work group. The authority shall convene the work group at least once each quarter and may expand upon, but not duplicate, existing work groups or advisory councils at the authority or other state agencies.

(3) To support the goals of the program and the goals of other statewide initiatives to identify and address social needs, including efforts within the 1115 waiver renewal to advance health equity and health-related supports, the authority shall work with the office and the department of social and health services to research, identify, and implement statewide universal measures to identify and consider social determinants of health domains, including housing, food security, transportation, financial strain, and interpersonal safety. The authority shall select an accredited or nationally vetted tool, including criteria for prioritization, for the community support services provider to use when making determinations about housing options and other support services to offer individuals eligible for the program. This screening and prioritization process may not exclude clients transitioning from inpatient or other behavioral health residential treatment settings. The authority shall inform the governor and the appropriate committees of the legislature on progress to this end.

(4)(a) The authority and the department may seek and accept funds from

private and federal sources to support the purposes of the program.

(b) The authority shall seek approval from the federal department of health and human services to:

(i) Receive federal matching funds for administrative costs and services provided under the program to persons enrolled in medicaid;

(ii) Align the eligibility and benefit standards of the foundational community supports program established pursuant to the waiver, entitled "medicaid transformation project" and initially approved November 2017, between the authority and the federal centers for medicare and medicaid services, as amended and reauthorized, with the standards of the program, including extending the duration of the benefits under the foundational community supports program to not less than 12 months; and

(iii) Implement a medical and psychiatric respite care benefit for certain persons enrolled in medicaid.

(5)(a) By December 1, 2022, the authority and the office shall report to the governor and the legislature on preparedness for the first year of program implementation, including the estimated enrollment, estimated program costs, estimated supportive housing unit availability, funding availability for the program from all sources, efforts to improve billing and administrative burdens for foundational community supports providers, efforts to streamline continuity of care and system connection for persons who are potentially eligible for foundational community supports, and any statutory or budgetary needs to successfully implement the first year of the program.

(b) By December 1, 2023, the authority and the office shall report to the governor and the legislature on the progress of the first year of program implementation and preparedness for the second year of program implementation.

(c) By December 1, 2024, the authority and the office shall report to the governor and the legislature on the progress of the first two years of program implementation and preparedness for ongoing housing acquisition and development.

(d) By December 1, 2026, the authority and the office shall report to the governor and the legislature on the full implementation of the program, including the number of persons served by the program, available permanent supportive housing units, estimated unmet demand for the program, ongoing funding requirements for the program, and funding availability for the program from all sources. Beginning December 1, 2027, the authority and the office shall provide annual updates to the governor and the legislature on the status of the program.

NEW SECTION. **Sec. 5.** A new section is added to chapter 43.330 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, there is created the office of apple health and homes within the department.

(2) Activities of the office of apple health and homes must be carried out by a director of the office of apple health and homes, supervised by the director of the department or their designee.

(3) The office of apple health and homes is responsible for leading efforts under this section and coordinating a spectrum of practice efforts related to providing permanent supportive housing, including leading efforts related to every aspect of creating housing, operating housing, obtaining services, and delivering those services to connect people with housing and maintain them in that housing.

(4) The office of apple health and homes shall:

(a) Subject to available funding, allocate funding for permanent supportive housing units sufficient in number to fulfill permanent supportive housing needs of persons determined to be eligible for the program by the coordinating entity or entities under section 3 of this act;

(b) Collaborate with department divisions responsible for making awards or loans to appropriate housing providers to acquire, build, and operate the housing units, including but not limited to nonprofit community organizations, local counties and cities, public housing authorities, and public development authorities;

(c) Collaborate with the authority on administrative functions, oversight, and reporting requirements, as necessary to implement the apple health and homes program established under section 3 of this act;

(d) Establish metrics and collect racially disaggregated data from the authority and the department related to the program's effect on providing persons with permanent supportive housing, moving people into independent housing, long-term housing stability, improving health outcomes for people in the program, estimated reduced health care spending to the state on persons enrolled in the program, and outcomes related to social determinants of health;

(e) Develop a publicly accessible dashboard to make key program outcomes available to the public. Key program outcomes include, but are not limited to, the number of people served by the program and the number of housing units created by the office;

(f) Create work plans and establish milestones to achieve the goal of providing permanent supportive housing for all eligible individuals; and

(g) Oversee the allocation of community support services provider and housing provider capacity-building grants to further the state's interests of enhancing the ability of community support services providers and housing providers to deliver community support services and permanent supportive housing and assure that an initial infrastructure is established to create strong networks of community support services providers and housing providers.

(5) The office of apple health and homes must be operational no later than January 1, 2023. The department shall assure the coordination of the work of the office of apple health and homes with other offices within the department with similar or adjacent authorities and functions.

(6) For the purposes of this section:

(a) "Community support services provider" has the same meaning as in section 2 of this act.

(b) "Coordinating entity" has the same meaning as in section 2 of this act.

(c) "Housing provider" has the same meaning as in section 2 of this act.

(d) "Permanent supportive housing" has the same meaning as in section 2 of this act.

NEW SECTION. Sec. 6. A new section is added to chapter 43.330 RCW to read as follows:

The apple health and homes account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for permanent supportive housing programs administered by the office created in section 5 of this act, including acquisition and development of permanent supportive housing units, operations, maintenance, and services costs of permanent supportive housing units, project-based vouchers, provider grants, and other purposes authorized by appropriations made in the operating budget. The department must prioritize allocating at least 10 percent of the expenditures from the account to organizations that serve and are substantially governed by individuals disproportionately impacted by homelessness and behavioral health conditions, including black, indigenous, and other people of color, lesbian, gay, bisexual, queer, transgender, and other gender diverse individuals. When selecting projects supported by funds from the account, the office shall balance the state's interest in quickly approving and financing projects, the degree to which the project will leverage other funds, the extent to which the project promotes racial equity, and the extent to which the project will promote priorities of this act on a statewide basis, including in rural areas and in geographically diverse parts of the state.

Sec. 7. RCW 36.22.176 and 2021 c 214 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a surcharge of \$100 must be charged by the county auditor for each document recorded, which is in addition to any other charge or surcharge allowed by law. The auditor must remit the funds to the state treasurer to be deposited and used as follows:

(a) Twenty percent of funds must be deposited in the affordable housing for all account for operations, maintenance, and service costs for permanent supportive housing as defined in RCW 36.70A.030;

(b) From July 1, 2021, through June 30, 2023, four percent of the funds must be deposited into the landlord mitigation program account created in RCW 43.31.615 for the purposes of RCW 43.31.605(1). Thereafter, two percent of funds must be deposited into the landlord mitigation program account created in RCW 43.31.615 for purposes of RCW 43.31.605(1); ~~((and))~~

(c)(i) The remainder of funds must be distributed to the home security fund account, with no less than 60 percent of funds to be used for project-based vouchers for nonprofit housing providers or public housing authorities, housing services, rapid rehousing, emergency housing, ~~((or))~~ acquisition, or operations, maintenance, and service costs for permanent supportive housing as defined in RCW 36.70A.030 for persons with disabilities. Permanent supportive housing programs administered by the office of apple health and homes created in section 5 of this act are also eligible to use these funds. Priority for use must be given to ~~((project based vouchers and related services, housing acquisition, or emergency housing, for))~~ purposes intended to house persons who are chronically homeless or maintain housing for individuals with disabilities and prior experiences of homelessness, including families with children. ~~((At least 50 percent of persons receiving a project based voucher, rapid rehousing, emergency housing, or benefiting from housing acquisition must be living unsheltered at the time of initial engagement.))~~ In addition, funds may be used for eviction prevention rental assistance pursuant to RCW 43.185C.185, foreclosure prevention services, dispute resolution center eviction prevention services, rental assistance for people experiencing homelessness, and tenant education and legal assistance.

(ii) The department shall provide counties with the right of first refusal to receive grant funds distributed under this subsection (c). If a county refuses the funds or does not respond within a time frame established by the department, the department shall identify an alternative grantee. The alternative grantee shall distribute the funds in a manner that is in compliance with this chapter.

(2) The surcharge imposed in this section does not apply to: (a) Assignments or substitutions of

previously recorded deeds of trust; (b) documents recording a birth, marriage, divorce, or death; (c) any recorded documents otherwise exempted from a recording fee or additional surcharges under state law; (d) marriage licenses issued by the county auditor; or (e) documents recording a federal, state, county, city, or water-sewer district, or wage lien or satisfaction of lien.

NEW SECTION. Sec. 8. Subject to amounts appropriated from the apple health and homes account created in section 6 of this act the department of commerce shall establish a rapid permanent supportive housing acquisition and development program to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 and to public development authorities established under RCW 35.21.730 through 35.21.755, for the acquisition or the construction of permanent supportive housing units, subject to the following conditions and limitations:

(1) Awards or loans provided under this section may be used to construct permanent supportive housing units or to acquire real property for quick conversion into permanent supportive housing units which may include predevelopment or development activities, renovation, and building update costs. Awards or loans provided under this section may not be used for operating or maintenance costs associated with providing permanent supportive housing, supportive services, or debt service.

(2) Projects acquired or constructed under this section must serve individuals eligible for a community support services benefit through the apple health and homes program, as established in section 3 of this act.

(3) The department of commerce shall establish criteria for the issuance of the awards or loans, including but not limited to:

(a) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(b) A detailed estimate of the costs associated with the construction or acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(c) A detailed estimate of the costs associated with opening the units; and

(d) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants through the end of the award or loan contract.

(4) The department of commerce shall provide a progress report on its website by June 1, 2023. The report must include:

(a) The total number of applications and amount of funding requested; and

(b) A list and description of the projects approved for funding including state funding, total project cost, number of units, and anticipated completion date.

(5)(a) The funding in this section shall be allocated on an ongoing basis until all funds are expended. The department of commerce shall dispense funds to qualifying applicants within 45 days of receipt of documentation from the applicant for qualifying uses and execution of any necessary contracts with the department in order to effect the purpose of rapid deployment of funds under this section.

(b) The department of commerce shall ensure that proposals that reach the greatest public benefit, as defined by the department, are prioritized. For the purposes of this subsection, "greatest public benefit" must include, but is not limited to:

(i) The greatest number of qualifying permanent supportive housing units created by the state investment, determined by comparing simultaneous applications for funding from the same geographic region; and

(ii) Equitable geographic distribution, to the extent possible, relative to need, as determined by the establishment of regional targets.

NEW SECTION. **Sec. 9.** A new section is added to chapter 44.28 RCW to read as follows:

The joint committee must review the efficacy of the apple health and homes program established by this act and report its findings to the appropriate committees of the legislature by December 1, 2027. The review must include a recommendation on whether this program should be continued without change or should be amended or repealed.

NEW SECTION. **Sec. 10.** This act may be known and cited as the apple health and homes act."

On page 1, line 3 of the title, after "housing;" strike the remainder of the title and insert "amending RCW 36.22.176; adding new sections to chapter 74.09 RCW; adding new sections to chapter 43.330 RCW; adding a new section to chapter 44.28 RCW; and creating new sections."

and the same is herewith transmitted.

WHEREAS, Representative Laurie Dolan was elected to the House of Representatives in 2016 to represent the 22nd Legislative District and has served the people of Washington with grace and fortitude; and

WHEREAS, Prior to being elected to office, she served as a long-time educator and leader in Spokane Public Schools and as the Policy Director for former Washington State Governor, Chris Gregoire; and

WHEREAS, Her years of service as an educator and dedication to public education led her to sponsor enrollment stabilization during the COVID-19 pandemic to ensure our schools remained funded at prepandemic enrollment levels; and

WHEREAS, Representative Dolan worked closely with the Office of the Superintendent of Public Instruction and the League of Women Voters to add civics education as a mandatory high school graduation requirement; and

WHEREAS, She established "Regional School Safety Centers" across the state in all nine educational service districts, staffed by experts to train school staff with the tools needed to recognize when a student may be a danger to him or herself or to others and ensure they receive the help needed; and

WHEREAS, She led efforts to train our School Resource Officers to improve their skill set and understanding of working with diverse student populations; and

WHEREAS, As a two-time cancer survivor and while currently fighting multiple myeloma, Representative Dolan pushed for changes in our health care system and voted for the expansion of affordable, accessible health care for all Washingtonians; and

WHEREAS, Representative Dolan is known and valued by her legislative colleagues for her hard work, commitment, and service-minded leadership for the people of the 22nd district and Washington state; and

WHEREAS, She worked tirelessly for our students, our hard-working state employees, and for improvements to K-12 education in Washington;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives acknowledge Representative Laurie Dolan's service to this institution and to our democracy.

Representatives Bateman, Harris, Riccelli, Rude and Stonier spoke in favor of the adoption of the resolution.

SPEAKER'S PRIVILEGE

The Speaker recognized Representative Dolan's legislative career and wished her well on her retirement.

With the consent of the House, HOUSE RESOLUTION NO. 4669 was adopted.

\$554,000

Sec. 102. 2021 c 333 s 105 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF AGRICULTURE

Motor Vehicle Account—State
Appropriation (~~(\$1,346,000)~~)

\$1,394,000

Sec. 103. 2021 c 333 s 106 (uncodified) is amended to read as follows:

FOR THE LEGISLATIVE EVALUATION AND ACCOUNTABILITY PROGRAM COMMITTEE

Motor Vehicle Account—State
Appropriation (~~(\$668,000)~~)

\$674,000

Sec. 104. 2021 c 333 s 107 (uncodified) is amended to read as follows:

FOR THE EVERGREEN STATE COLLEGE

Motor Vehicle Account—State
Appropriation \$150,000

The appropriation in this section is subject to the following conditions and limitations: The total appropriation in this section is provided solely for the Washington state institute for public policy to conduct a cost-benefit analysis for an exclusive or partial American steel requirement for future transportation contracts and subcontracts authorized in the transportation budget. This cost-benefit analysis must, to the extent feasible: (1) Compare existing types and uses of steel to made in America steel alternatives including evaluation of quality; (2) examine benefits to Washington workers and the Washington economy; (3) examine lifecycle and embodied carbon greenhouse gas emissions; (4) identify requirements for purchasing American steel that minimize costs and maximize benefits; and (5) evaluate American steel requirements or preferences in other states. The Washington state institute for public policy may solicit input for the analysis from representatives of interested parties to include, but not be limited to, the construction and manufacturing sectors, organized labor in the construction and manufacturing sectors, cities, counties, American steel manufacturing companies, environmental advocacy organizations, and appropriate state agencies. A final report is due to

the legislature by December 1, (~~2021~~) 2022.

Sec. 105. 2021 c 333 s 109 (uncodified) is amended to read as follows:

FOR THE BOARD OF PILOTAGE COMMISSIONERS

Pilotage Account—State Appropriation
(~~(\$5,777,000)~~)

\$6,334,000

The appropriation in this section is subject to the following conditions and limitations:

(1) \$2,926,000 of the pilotage account—state appropriation is provided solely for self-insurance liability premium expenditures; however, this appropriation is contingent upon the board:

(a) Annually depositing the first \$150,000 collected through Puget Sound pilotage district pilotage tariffs into the pilotage account; and

(b) Assessing a self-insurance premium surcharge of \$16 per pilotage assignment on vessels requiring pilotage in the Puget Sound pilotage district.

(2) The board of pilotage commissioners shall file the annual report to the governor and chairs of the transportation committees required under RCW 88.16.035(1)(f) by September 1, 2021, and annually thereafter. The report must include the continuation of policies and procedures necessary to increase the diversity of pilots, trainees, and applicants, including a diversity action plan. The diversity action plan must articulate a comprehensive vision of the board's diversity goals and the steps it will take to reach those goals.

Sec. 106. 2021 c 333 s 113 (uncodified) is amended to read as follows:

FOR THE JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE

Puget Sound (~~Ferry~~) Capital
Construction Account

(~~(Puget Sound Capital Construction
Account)~~)—State Appropriation
(~~(\$300,000)~~)

\$450,000

Multimodal Transportation Account—
State

Appropriation \$200,000
TOTAL APPROPRIATION (~~(\$500,000)~~)
\$650,000

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$300,000)~~) \$450,000 of the Puget Sound (~~ferry~~) capital construction account—state is provided solely for an independent review of the Washington state ferry system's design-build contracting process for (~~the~~) hybrid-electric (~~Olympic class~~) vessels. (~~The review must evaluate, at minimum, the department's cost estimation and cost management practices relating to the design and construction of the first hybrid electric vessel.~~) The review must (~~include recommendations to benefit the full program for the design and construction of five hybrid electric vessels~~) compare Washington state ferry's policies and practices for design-build contracting to best practices, both domestically and internationally, and recommend best practices that would benefit the Washington state ferry system as well as any updates to existing RCW needed to implement recommendations. The review must evaluate opportunities in the contracting process to decrease vessel construction costs and ensure operational efficiencies. The joint legislative audit and review committee must report to the legislature with the findings by (~~October 1, 2022~~) June 30, 2023.

(2) \$200,000 of the multimodal transportation account—state appropriation is provided solely for the joint legislative audit and review committee to conduct a review of the method used to determine the rates for leasing state-owned lands and air space to a regional transit authority. As part of this review, the committee must examine and evaluate the accounting and valuation methodology for debits and credits used in the land bank accounting program utilized by the department of transportation and a regional transit authority. The review must also provide an evaluation of the specific type of lease agreements used for air space leasing by the department of transportation with a regional transit authority and the valuation methodology used to determine the lease rate for the property and the cost and benefits of

long-term leases based on the periodic land value appraisals under the terms of the land bank agreement. The committee must identify the full cost to the state transportation system if the entire plan for land and air rights leases by a regional transit authority is undertaken at full economic rent, and the difference in costs to the regional transit authority if the leases were to be issued at less than economic rent, including a scenario in which the value of the land and air rights are discounted by the federal share of the funds that were used to acquire or improve the property originally. The committee shall complete the review and provide a report to the transportation committees of the legislature by December 1, 2022.

NEW SECTION. Sec. 107. A new section is added to 2021 c 333 (uncodified) to read as follows:**FOR THE DEPARTMENT OF ECOLOGY**

Waste Tire Removal Account—State
Appropriation \$200,000

The appropriation in this section is subject to the following conditions and limitations: The entire waste tire removal account—state appropriation is provided solely for a comprehensive evaluation of the waste tire clean-up program. The evaluation must include, but is not limited to, the following: An inventory of all major tire piles that exist by county and an identification of whether those tire piles are on public or private lands; an assessment of the ability to recover tire clean-up and disposal costs from the responsible parties for each of those sites; and an inventory of major tire piles that were previously placed in marine waters in an attempt to establish artificial reefs, including a review of the environmental and safety issues associated with those marine tire piles. Based on the information gathered, the final report must include recommendations for the highest and best use of approximately \$2,000,000 in time-limited resources for tire pile clean-up activities and recommendations to improve the department of ecology's current waste tire clean-up program in the future.

NEW SECTION. Sec. 108. A new section is added to 2021 c 333 (uncodified) to read as follows:**FOR THE OFFICE OF THE GOVERNOR**

State Patrol Highway Account—State
Appropriation \$650,000

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$350,000 of the state patrol highway account–state appropriation is provided solely to the state office of equity solely for a contract with an independent consultant to conduct the studies, evaluations, and reporting functions required in chapter . . . (Substitute House Bill No. 2057), Laws of 2022. The state office of equity shall work with the department of enterprise services to conduct broad outreach for the consultant to ensure that the pool of potential consultants demonstrates familiarity with diversity, equity, and inclusion recruitment and retention efforts in law enforcement.

(b) \$100,000 of the state patrol highway account–state appropriation is provided solely to the state office of equity solely for a study to analyze existing state barriers to hiring commissioned officers. The study shall make recommendations to amend current state patrol hiring practices and underlying statutes that may need revision. Recommendations are due to the governor and appropriate committees of the legislature by December 1, 2022.

(c) \$200,000 of the state patrol highway account–state appropriation is provided solely to the state office of equity solely for facilitating long-term policy and system change to achieve equity in Washington state patrol hiring practices, including assisting Washington state patrol in applying an equity lens in all aspects of agency decision making, including program development, policy development, budgeting, and hiring. Activities to support this purpose may include an engagement plan with the communities served by the Washington state patrol and technical assistance to the Washington state patrol to build its internal capacity to sustain meaningful engagement with communities in all aspects of agency decision making.

(2) If chapter . . . (Substitute House Bill No. 2057), Laws of 2022 (strengthening diversity, equity, and inclusion in the state patrol workforce) is not enacted by June 30, 2022, the amount provided in the section lapses.

NEW SECTION. Sec. 109. A new section is added to 2021 c 333 (uncodified) to

read as follows:**FOR WASHINGTON STATE UNIVERSITY**

Motor Vehicle	Account–State
Appropriation \$200,000	
Multimodal Transportation	Account–State
Appropriation	\$225,000
TOTAL APPROPRIATION	\$425,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$200,000 of the motor vehicle account–state appropriation is provided solely for costs related to chapter . . . (Engrossed Second Substitute House Bill No. 1815), Laws of 2022 (catalytic converter theft). If chapter . . . (Engrossed Second Substitute House Bill No. 1815), Laws of 2022 is not enacted by June 30, 2022, then the amounts provided in this subsection lapse.

(2) \$225,000 of multimodal transportation account–state is provided solely to convene a work group to review the legal findings and holdings by the Washington supreme court in *City of Seattle v. Long* and to make recommendations in amending provisions concerning the towing and impound of vehicles under chapter 46.55 RCW. The work group must include relevant stakeholders including, but not limited to, vehicle resident advocates, nonprofit legal services organizations, tow truck operators or associations, municipal court representatives, fire chiefs and marshals, and representatives from cities and counties. The work group must meet at least three times and evaluate the following: The need to identify additional parties authorized to receive notice of and redeem impounded vehicles used as residences; the most effective and appropriate methods to identify vehicles used as residences before and after impound; the need to modify impound notice periods and forms; the need to modify impound hearing and public auction procedures and timelines for vehicles used as residences; the need to modify retention policies and timelines concerning impounded vehicles used as residences; which factors and considerations are appropriate for courts to evaluate when determining if towing and storage fees are excessive; the appropriate persons or entities and process to reimburse tow truck operators when excessive towing and storage fees

are reduced; any other necessary procedural modifications or protections required, including homestead act protections, concerning impounded vehicles used as residences; and any other technical amendments or policy considerations discussed by the work group. The final report, including any work group findings and recommended legislative changes, must be submitted to the appropriate committees of the legislature and the governor by December 1, 2022.

TRANSPORTATION AGENCIES—OPERATING

Sec. 201. 2021 c 333 s 201 (uncodified) is amended to read as follows:

FOR THE WASHINGTON TRAFFIC SAFETY COMMISSION

Highway Safety Account—State Appropriation (~~(\$4,625,000)~~)

\$5,125,000

Highway Safety Account—Federal Appropriation (~~(\$27,202,000)~~)

\$27,324,000

Highway Safety Account—Private/Local Appropriation \$60,000

Cooper Jones Active Transportation Safety Account—

State Appropriation \$400,000

School Zone Safety Account—State Appropriation \$850,000

TOTAL APPROPRIATION (~~(\$32,737,000)~~)

\$33,759,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The Washington traffic safety commission may oversee a demonstration project in one county, coordinating with a public transportation benefit area (PTBA) and the department of transportation, to test the feasibility and accuracy of the use of automated enforcement technology for high occupancy vehicle (HOV) lane passenger compliance. All costs associated with the demonstration project must be borne by the participating public transportation benefit area. Any photograph, microphotograph, or electronic images of a driver or passengers are for the exclusive use of the PTBA in the

determination of whether an HOV passenger violation has occurred to test the feasibility and accuracy of automated enforcement under this subsection and are not open to the public and may not be used in a court in a pending action or proceeding. All photographs, microphotographs, and electronic images must be destroyed after determining a passenger count and no later than the completion of the demonstration project. No warnings or notices of infraction may be issued under the demonstration project.

For purposes of the demonstration project, an automated enforcement technology device may record an image of a driver and passenger of a motor vehicle. The county and PTBA must erect signs marking the locations where the automated enforcement for HOV passenger requirements is occurring.

The PTBA, in consultation with the Washington traffic safety commission, must provide a report to the transportation committees of the legislature with the number of violations detected during the demonstration project, whether the technology used was accurate and any recommendations for future use of automated enforcement technology for HOV lane enforcement by June 30, (~~2022~~) 2023.

(2) The Washington traffic safety commission may oversee a pilot program in up to three cities implementing the use of automated vehicle noise enforcement cameras in zones that have been designated by ordinance as "Stay Out of Areas of Racing."

(a) Any programs authorized by the commission must be authorized by December 31, 2022.

(b) If a city has established an authorized automated vehicle noise enforcement camera pilot program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based upon the value of the equipment and services provided or rendered in support of the system.

(c) Any city administering a pilot program overseen by the traffic safety commission shall use the following guidelines to administer the program:

(i) Automated vehicle noise enforcement camera may record photographs or audio of the vehicle and

vehicle license plate only while a violation is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(ii) The law enforcement agency of the city or county government shall install two signs facing opposite directions within 200 feet, or otherwise consistent with the uniform manual on traffic control devices, where the automated vehicle noise enforcement camera is used that state "Street Racing Noise Pilot Program in Progress";

(iii) Cities testing the use of automated vehicle noise enforcement cameras must post information on the city website and notify local media outlets indicating the zones in which the automated vehicle noise enforcement cameras will be used;

(iv) A city may only issue a warning notice with no penalty for a violation detected by automated vehicle noise enforcement cameras in a Stay Out of Areas of Racing zone. Warning notices must be mailed to the registered owner of a vehicle within fourteen days of the detected violation;

(v) A violation detected through the use of automated vehicle noise enforcement cameras is not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120;

(vi) Notwithstanding any other provision of law, all photographs, videos, microphotographs, audio recordings, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding. No photograph, microphotograph, audio recording, or electronic image may be used for any purpose other than the issuance of warnings for violations under this section or retained longer than necessary to issue a warning notice as required under this subsection (2); and

(vii) By June 30, 2023, the participating cities shall provide a report to the commission and appropriate committees of the legislature regarding the use, public acceptance, outcomes, warnings issued, data retention and use, and other relevant issues regarding automated vehicle noise enforcement cameras demonstrated by the pilot projects.

(3) The Washington traffic safety commission shall coordinate with each city that implements a pilot program as authorized in RCW 46.63.170, chapter 224, Laws of 2020 to provide the transportation committees of the legislature with the following information by June 30, 2023:

(a) The number of warnings and infractions issued to first-time violators under the pilot program;

(b) The number of warnings and infractions issued to the registered owners of vehicles that are not registered with an address located in the city conducting the pilot program; and

(c) The frequency with which warnings and infractions are issued on weekdays versus weekend days.

(4) \$400,000 of the Cooper Jones active transportation safety account—state appropriation is provided solely for grant projects or programs for bicycle, pedestrian, and nonmotorist safety improvement administered by the commission in consultation with the Cooper Jones active transportation safety council. However, the funds must be held in unallotted status until the commission submits a spending plan to the transportation committees of the legislature and the governor.

(5) \$485,000 of the highway safety account—state appropriation and \$50,000 of the highway safety account—federal appropriation are provided solely to develop a statewide public awareness campaign to inform and educate Washington citizens about the slow down and move over law, RCW 46.61.212. The educational campaign must include the use of public service announcements and written and digital informative and educational materials distributed by reasonable means. The Washington traffic safety commission and the department of licensing, working independently or in collaboration or both, shall develop the public awareness campaign using any available resources, as well as federal and other grant funds that may, from time to time, become available for this purpose.

Sec. 202. 2021 c 333 s 202 (uncodified) is amended to read as follows:

FOR THE COUNTY ROAD ADMINISTRATION BOARD

Rural Arterial Trust Account—State
Appropriation (~~(\$1,134,000)~~)

\$1,155,000

Motor Vehicle Account—State
Appropriation (~~(\$4,760,000)~~)

\$4,821,000

County Arterial Preservation Account—
State

Appropriation (~~(\$1,669,000)~~)

\$1,693,000

TOTAL APPROPRIATION
(~~(\$7,563,000)~~)

\$7,669,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the motor vehicle account—state appropriation is provided solely for deposit into the county road administration board emergency loan account—state account.

(2) Within appropriated funds, the county road administration board may opt in as provided under RCW 70A.02.030 to assume all of the substantive and procedural requirements of covered agencies under chapter 70A.02 RCW. The board shall include in its 2022 annual report to the legislature a progress report on opting into the healthy environment for all act and a status report on diversity, equity, and inclusion within the board's jurisdiction.

Sec. 203. 2021 c 333 s 203 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION IMPROVEMENT BOARD

Transportation Improvement Account—
State

Appropriation (~~(\$4,510,000)~~)

\$4,577,000

The appropriations in this section are subject to the following conditions and limitations: Within appropriated funds, the transportation improvement board may opt in as provided under RCW 70A.02.030 to assume all of the substantive and procedural requirements of covered agencies under chapter 70A.02 RCW. The board shall include in its 2022 annual report to the legislature a progress

report on opting into the healthy environment for all act and a status report on diversity, equity, and inclusion within the board's jurisdiction.

Sec. 204. 2021 c 333 s 204 (uncodified) is amended to read as follows:

FOR THE JOINT TRANSPORTATION COMMITTEE

Motor Vehicle Account—State
Appropriation (~~(\$2,679,000)~~)

\$3,197,000

Multimodal Transportation Account—
State

Appropriation (~~(\$420,000)~~)

\$1,620,000

TOTAL APPROPRIATION
(~~(\$3,099,000)~~)

\$4,817,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$250,000 of the motor vehicle account—state appropriation is for the joint transportation committee to convene a vehicle registration payment work group to study and recommend new options for payment of vehicle fees or taxes due at the time of application for vehicle registration.

(b) The work group must consist of, but is not limited to, the following members: A representative of the department of licensing, a representative of county auditors, a representative of subagents, a representative of local taxing authorities imposing a fee or tax due at the time of application for vehicle registration, a representative of a city offering or considering a rebate program for vehicle fees or taxes due at the time of application for vehicle registration, a representative of vehicle owners subject to a motor vehicle excise tax, a representative of vehicle owners subject to an electric car or transportation electrification fee, and an advocate for multimodal transportation options. Work group members are eligible for reimbursement or allowance for expenses pursuant to RCW 43.03.220.

(c) The work group must engage with members of the public who are interested in new options for payment of fees or

taxes due at the time of application for vehicle registration, including persons from communities of color, low-income households, vulnerable populations, and displaced communities. Input from members of the public must inform the work group's recommendations. The work group must notify members of the public of opportunities to engage through a variety of communication channels including, but not limited to, the following: Outreach through community organizations, print and broadcast media, and social media.

(d) The work group's recommendations must include, but are not limited to, the following:

(i) Options to provide or encourage rebates to vehicle owners who pay taxes and fees due at the time of application for vehicle registration;

(ii) An agreed upon service fee structure for vehicle registration payment plans;

(iii) An agreed upon service fee revenue allocation method;

(iv) A process to allow agents and subagents to determine if a vehicle owner has paid all taxes and fees due prior to renewal of a vehicle registration;

(v) Options for reducing revenue loss due to missed payments, transfer of the certificate of title, or registration of a vehicle out of state; and

(vi) Options to reduce impacts to communities of color, low-income households, vulnerable populations, and displaced communities.

(e) A report of the work group's findings and recommendations is due to the transportation committees of the legislature by September 30, 2022.

(2) \$50,000 of the motor vehicle account-state appropriation is for the joint transportation committee to contract for a legal consultant to analyze and recommend options for the formation of a bistate bridge authority for the purpose of constructing, financing, operating and maintaining a new replacement bridge over the Columbia River near Hood River connecting Klickitat county in Washington to Hood River county in Oregon. The consultant may confer with the Hood River Bistate Working Group to understand the work and analysis that has been completed.

The Washington interlocal cooperation act, chapter 39.34 RCW, authorizes public agencies to contract with other public agencies via interlocal agreements that enable cooperation among the agencies to perform governmental activities and deliver public services, including agreements with public entities in other states. Such interstate agreements are deemed interstate compacts. The legal analysis must identify and recommend alternative and/or additional statutory authority that would be necessary to allow for the formation of a local government bistate bridge authority or governance structure for the Hood River Bridge replacement that at a minimum may:

(a) Issue bonds for bridge construction;

(b) Collect tolls; and

(c) Secure and administer state or federal grants and loans.

The legal analysis must be presented to the transportation committees of the legislature by September 30, 2021.

(3) \$220,000 of the multimodal transportation account-state appropriation is for overseeing a consultant study to provide recommendations related to the Washington state department of transportation's role in broadband service expansion efforts as directed in chapter 258, Laws of 2021 (broadband along state highways). If chapter 258, Laws of 2021 (broadband along state highways) is not enacted by June 30, 2021, the amount provided in this subsection lapses.

(4) \$215,000 of the motor vehicle account-state appropriation is provided solely for the joint transportation committee, from amounts set aside out of statewide fuel taxes distributed to cities according to RCW 46.68.110(2), to convene a study on the impacts of current and historical city transportation investments on designated populations, including communities of color, low-income households, vulnerable populations, and displaced communities. The study must identify and measure the true costs of underinvestment of accessible transportation for designated populations, including the secondary impacts to public health, economic opportunity, educational access, and environmental risk factors. The assessment must include specific approaches to addressing existing

inequities within cities, as well as recommendations to develop best practices to improve, diversify, and expand city transportation investments. A report must be provided to the office of financial management and the transportation committees of the legislature by December 20, 2022.

(5) \$400,000 of the motor vehicle account—state appropriation is for the development of a workforce plan for the Washington state ferries which addresses recruitment, retention, diversity, training needs, leadership development, succession planning and other elements needed to ensure sufficient and cost-effective crewing and staffing of the ferry system. In developing the scope of work for the plan and throughout plan development, the joint transportation committee must solicit input from representatives of the Washington state ferries division and the human resources division of the Washington state department of transportation. Represented employee groups must also be consulted as part of plan development. The plan must include a roadmap for Washington state ferries to comprehensively address persistent staffing challenges and strategically position itself for its future workforce needs. The joint transportation committee must issue an interim report identifying short-term strategies to reduce reliance on overtime for staffing day-to-day ferry service. The interim report is due to the transportation committees of the legislature by January 1, 2022. The final report is due to the transportation committees of the legislature by December 20, 2022.

(6) \$200,000 of the multimodal transportation account—state appropriation is for the joint transportation committee to update the Washington State Short Line Rail Inventory and Needs Assessment, prepared in 2015, and to facilitate a stakeholder process to assess the effectiveness of state support for short line rail infrastructure based on current and future short line rail infrastructure needs. This assessment must include consideration of current state grant and loan programs, including state investment in nonstate owned short lines, the state's role and investments in the Palouse River and Coulee City (PCC) rail system, and any other ongoing state activities related to short line rail infrastructure. The joint transportation

committee must solicit input from all regions of the state from representatives of: Short line rail infrastructure owners, short line rail operators, short line rail customers from representative industries, ports served by short line rail infrastructure, the Washington state department of transportation, the utilities and transportation commission, and other relevant stakeholders as identified by the joint transportation committee. A report with recommendations to enhance the state's support for short line rail infrastructure is due to the transportation committees of the legislature by January 1, 2022.

(7)(a) \$200,000 of the motor vehicle account—state appropriation is for the joint transportation committee to develop a truck parking action plan with recommendations for immediate next steps for near-term and lasting change in the availability of truck parking for short-haul and long-distance commercial vehicle drivers who require reasonable accommodations for parking commercial motor vehicles, obtaining adequate services, and complying with federal rest requirements. For each opportunity identified, the action plan must:

(i) Assess the magnitude of potential impact;

(ii) Assess the potential difficulty level of implementation; and

(iii) Explain barriers to success and specific steps required to overcome them.

(b) The action plan must focus on approaches that would be most impactful and feasible and may include, but not be limited to:

(i) Specific cooperative private sector and government actions;

(ii) Legal and regulatory frameworks at the state level to drive private and/or public-sector action;

(iii) Incentive-based government programs to spur private sector innovation and investment; and

(iv) Direct government action at the state, regional, and/or local level.

(c) The action plan must identify specific, promising projects and approaches, and provide a clear roadmap to what is needed to drive real, substantial improvements in truck parking.

(d) Outreach for action plan input, including on the feasibility of each opportunity evaluated, must include outreach to representatives of: The trucking industry; truck labor organizations; the shipping industry; truck stop owners; commercial freight delivery recipients, including warehouse and retail recipients; the association of Washington cities; the Washington state association of counties; the Washington state department of transportation; the Washington state patrol; and an academic or research institution that can provide input on technical components of the plan.

(e) A concise action plan with specific recommended next steps is due to the transportation committees of the legislature by January 1, 2022.

(8) \$400,000 of the multimodal transportation account-state appropriation is for the joint transportation committee to conduct a study to determine how many nondrivers are in Washington state and the demographics of this population. The joint transportation committee is directed to conduct a survey, conduct research, develop a dataset, and conduct analysis on the nondriving population of Washington state. The analysis must include, but is not limited to: (a) Reasons for not driving; (b) demographics of who is not driving to include age, disability status, rural or urban residence, and other available demographic information; and (c) availability of transportation options for nondrivers and the impact those options have on their access to services, economic opportunity, recreation, education, and other aspects of community life. A report must be provided to the transportation committees of the legislature by February 1, 2023.

(9) \$250,000 of multimodal transportation account-state appropriation is for a comprehensive evaluation of the Washington state patrol's fleet of Cessna aircraft. The evaluation must include, but is not limited to, the following: (a) An assessment of the current use and performance, including outcomes measures, associated with the aircraft; (b) the timing of any needed replacement of the aircraft; (c) the feasibility, cost, and benefits associated with replacing the aircraft with ones powered by alternative fuel; and (d) a review of

innovative technologies, including unmanned aerial aircraft, to achieve the desired outcomes. The final report must be submitted by December 1, 2022.

(10) \$400,000 of the multimodal transportation account-state appropriation is for the joint transportation committee to conduct an independent review of an ultra high-speed ground transportation corridor between Portland, Oregon and Vancouver, British Columbia. The review should include an assessment of the assumptions included in the studies overseen by the Washington state department of transportation: A 2017 to 2018 feasibility study; a 2019 business case analysis; and a 2020 report with recommendations for a governance framework, strategic engagement plan, and financial strategy. The joint transportation committee shall provide a report with its findings to the transportation committees of the legislature by June 30, 2023.

(11) \$150,000 of the multimodal transportation account-state appropriation is for the joint transportation committee to examine options and provide recommendations for a state program to assist with the establishment of powered micromobility device lending libraries. The purpose of the powered micromobility device lending libraries is to provide low-cost or no-cost, reliable, and healthier modes of transportation to vulnerable communities. It is anticipated that the powered micromobility device lending libraries would be managed by community nonprofit organizations, local governments, higher education institutions, school districts, or federally recognized tribal governments. The options that should be examined include, but are not limited to: A state-funded grant program for the purchase of powered micromobility devices to be used in powered micromobility device lending libraries, direct technical assistance for establishing community-based powered micromobility device lending libraries, and direct-to-consumer incentives to applicants to purchase powered micromobility. Recommendations must specify how to prioritize program benefits for vulnerable populations and overburdened communities, including tribes, seniors, low-income populations, and communities with high environmental burdens. Powered micromobility devices to be examined by this study are devices that do not exceed product speed of 30

miles per hour or product weight of 100 pounds and include electric bicycles, electric cargo bikes, electric standing scooters, and other mobility devices under 50 pounds in weight that do not use fossil fuels. The joint transportation committee shall provide a report with its findings to the transportation committees of the legislature by June 30, 2023.

(12)(a) Within existing resources the joint transportation committee must convene a work group to discuss, collaborate, and develop recommendations to the committee on the distribution of federal-aid highway formula program funding from the infrastructure investment and jobs act to state and local government in future biennia. In addition to the executive committee of the joint transportation committee the work group shall include the governor's office, governor's staff from the office of financial management as well as one representative of each of the following:

(i) The Washington state association of counties;

(ii) Metropolitan planning organizations;

(iii) Regional transportation planning organizations;

(iv) The association of Washington cities;

(v) Tribes;

(vi) The Washington state department of transportation;

(vii) The Washington public ports association; and

(viii) The Washington state transit association.

(b) The Washington state department of transportation shall provide technical overviews, information, and updates on federal requirements, regulations and guidance from the United States department of transportation on spending federal-aid highway formula program funding.

(c) As the work group develops recommendations, Washington state department of transportation staff shall provide technical review of the recommendations to ensure federal requirements, including federal performance measures, can be met.

(d) Work group meetings shall be open to interested stakeholders and include opportunities for public comment.

(e) Following the meetings of the work group, the joint transportation committee shall consult with the governor's office prior to the committee recommending a distribution of federal aid highway formula program funding.

(f) The joint transportation committee, with recognition of the state's history of collaboration and open discussion, shall provide recommendations to the legislature on the allocation of the infrastructure investment and jobs act funding by September 30, 2022.

(13) \$450,000 of the motor vehicle account—state appropriation is for the joint transportation committee to conduct a study to assess opportunities to encourage high-consumption fuel users, including users of diesel fuel and gasoline, as well as in consideration of fleet usage, to switch to electric vehicles, where any zero-emissions vehicle is considered an electric vehicle. The purpose of the study is to significantly advance policymakers' understanding of the dynamics impacting consumer decisions to transition from a fossil-fueled vehicle to an electric vehicle, and to evaluate potential policies to help encourage this transition, including related to the availability of electric vehicle recharging infrastructure. A report on the study must be submitted to the transportation committees of the legislature and the governor by July 1, 2023. The legislature intends for the study to result in the collection of data to determine, at a minimum, the following:

(a) Which high-consumption users of fuel can switch to electric vehicles for a high percentage of their driving needs;

(b) How much money can high-consumption fuel users save by switching to electric vehicles;

(c) How many gallons of fuel are displaced by high-consumption fuel users switching to electric vehicles;

(d) What policies, including related to electric vehicle charging infrastructure, would encourage high-consumption fuel users to make the switch to electric vehicles;

(e) What high-consumption fuel users' attitudes and perceptions about electric vehicles are;

(f) What barriers, concerns, and viewpoints are held by high-consumption fuel users in relation to electric vehicles; and

(g) What messages are most effective for transitioning high-consumption fuel users to electric vehicles.

Sec. 205. 2021 c 333 s 205 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account-State Appropriation (~~(\$2,438,000)~~)

\$3,804,000

Interstate 405 and State Route Number 167 Express

Toll Lanes Account-State Appropriation \$127,000

State Route Number 520 Corridor Account-State

Appropriation \$276,000

Tacoma Narrows Toll Bridge Account-State

Appropriation \$180,000

Alaskan Way Viaduct Replacement Project Account-

State Appropriation \$172,000

TOTAL APPROPRIATION (~~(\$3,193,000)~~)

\$4,559,000

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) The commission shall reconvene the road usage charge steering committee, with the same membership described in chapter 297, Laws of 2018, and shall periodically report to the steering committee with updates on activities undertaken in accordance with the federal grant awarded July 2020 ("Forward Drive"). A year-end update on the status of any federally-funded project for which federal funding is secured must be provided to the governor's office and the transportation committees of the legislature by January 1, 2022, and by January 1, 2023. Any legislative vacancies on the steering committee must

be appointed by the speaker of the house of representatives for a house of representatives member vacancy, and by the president of the senate for a senate member vacancy.

(b) The commission shall coordinate with the department of transportation to jointly seek federal funds available through the federal strategic innovations in revenue collection grant program, applying toll credits for meeting match requirements. One or more grant applications may be developed that, at a minimum, propose to:

(i) Assess the impact of a road usage charge, incentives, and other factors on consumer purchase of electric vehicles and conduct a test with drivers to fully assess impacts;

(ii) Assess delivery vehicle fleets and how a road usage charge may be applied, identifying potential impacts to fleet operations and costs, and state transportation revenues, and conducting a pilot test to further inform the identification of potential impacts from a road usage charge;

(iii) Review the process for changing vehicle ownership and determine the considerations and possible implications with a road usage charge system, identifying the processes and structure needed for reconciling a road usage charge owed between sellers and purchasers of used vehicles; and

(iv) Identify opportunities for achieving large-scale data integration to support road usage charge service provisions that could be offered by private-sector service providers, conducting a pilot test to determine the ability of such service providers to support automated mileage reporting and periodic payment services.

~~((3))~~ (2) \$127,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation, \$276,000 of the state route number 520 corridor account-state appropriation, \$180,000 of the Tacoma Narrows toll bridge account-state appropriation, and \$172,000 of the Alaskan Way viaduct replacement project account-state appropriation are provided solely for the transportation commission's proportional share of time spent supporting tolling operations for the respective tolling facilities.

(3) \$1,500,000 of the motor vehicle account-state appropriation is provided solely for the commission to conduct a full planning-level traffic and revenue study of the Hood River Bridge to determine the viability of toll revenues to support future financing of improvements and possible replacement of the bridge, considering prior work and studies conducted. The commission shall coordinate this work with the department of transportation, the Port of Hood River, the Oregon department of transportation, and other entities as needed. The results of the assessment must be submitted to the house and senate transportation committees by June 30, 2023.

Sec. 206. 2021 c 333 s 206 (uncodified) is amended to read as follows:

FOR THE FREIGHT MOBILITY STRATEGIC INVESTMENT BOARD

Freight Mobility Investment Account-State

Appropriation (~~(\$831,000)~~)

Appropriation \$1,348,000

TOTAL APPROPRIATION
 (~~(\$545,909,000)~~)

\$550,781,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies may use state patrol vehicles for the purpose of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol must be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol.

(2) \$580,000 of the state patrol highway account-state appropriation is provided solely for the operation of and administrative support to the license investigation unit to enforce vehicle registration laws in southwestern Washington. The Washington state patrol, in consultation with the department of revenue, shall maintain a running estimate of the additional vehicle registration fees, sales and use taxes,

and local vehicle fees remitted to the state pursuant to activity conducted by the license investigation unit. Beginning October 1, 2021, and quarterly thereafter, the Washington state patrol shall submit a report detailing the additional revenue amounts generated since January 1, 2021, to the director of the office of financial management and the transportation committees of the legislature. At the end of the calendar quarter in which it is estimated that more than \$625,000 in state sales and use taxes have been remitted to the state since January 1, 2021, the Washington state patrol shall notify the state treasurer and the state treasurer shall transfer funds pursuant to section 406 (~~of this act~~), chapter 333, Laws of 2021.

(3) \$4,000,000 of the state patrol highway account-state appropriation is provided solely for a third arming and a third trooper basic training class. The cadet class is expected to graduate in June 2023.

(4) By December 1st of each year during the 2021-2023 biennium, the Washington state patrol must report to the house and senate transportation committees on the status of recruitment and retention activities as follows:

(a) A summary of recruitment and retention strategies;

(b) The number of transportation funded staff vacancies by major category;

(c) The number of applicants for each of the positions by these categories;

(d) The composition of workforce;

(e) Other relevant outcome measures with comparative information with recent comparable months in prior years; and

(f) Activities related to the implementation of the agency's workforce diversity plan, including short-term and long-term, specific comprehensive outreach and recruitment strategies to increase populations underrepresented within both commissioned and noncommissioned employee groups.

(5) \$493,000 of the state patrol highway account-state appropriation is provided solely for aerial criminal investigation tools, including software licensing and maintenance, and annual certification, and is subject to the conditions, limitations, and review

requirements of section 701 (~~of this act~~), chapter 333, Laws of 2021.

(6) (~~(\$7,962,000)~~) \$6,422,000 of the state patrol highway account-state appropriation is provided solely for the land mobile radio system replacement, upgrade, and other related activities. Beginning January 1, 2022, the Washington state patrol must report semiannually to the office of the state chief information officer on the progress related to the projects and activities associated with the land mobile radio system, including the governance structure, outcomes achieved in the prior six month time period, and how the activities are being managed holistically as recommended by the office of the chief information officer. At the time of submittal to the office of the state chief information officer, this report shall be transmitted to the office of financial management and the house and senate transportation committees.

(7) \$510,000 of the ignition interlock device revolving account-state appropriation is provided solely for the ignition interlock program at the Washington state patrol to provide funding for two staff to work and provide support for the program in working with manufacturers, service centers, technicians, and participants in the program.

(8) \$1,348,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation, \$433,000 of the state route number 520 corridor account-state appropriation, and \$77,000 of the Tacoma Narrows toll bridge account-state appropriation are provided solely for the Washington state patrol's proportional share of time spent supporting tolling operations and enforcement for the respective tolling facilities.

(9) \$289,000 of the state patrol highway account-state appropriation is provided solely for the replacement of 911 workstations.

(10) \$35,000 of the state patrol highway account-state appropriation is provided solely for the replacement of bomb response equipment.

(11) \$713,000 of the state patrol highway account-state appropriation is provided solely for information technology infrastructure maintenance.

(12) The Washington state patrol must provide a report to the office of financial management and the house and senate transportation committees on its plan for implementing a transition to cloud computing and storage with its 2023-2025 budget submittal.

(13) \$945,000 of the state patrol highway account-state appropriation is provided solely for implementation of chapter 329, Laws of 2021 (custodial interrogations). ~~((If chapter 329, Laws of 2021 (custodial interrogations) is not enacted by June 30, 2021, the amount provided in this subsection lapses.))~~

(14) \$46,000 of the state patrol highway account-state appropriation is provided solely for implementation of chapter 320, Laws of 2021 (peace officer tactics). ~~((If chapter 320, Laws of 2021 (peace officer tactics) is not enacted by June 30, 2021, the amount provided in this subsection lapses.))~~

(15) \$46,000 of the state patrol highway account-state appropriation is provided solely for implementation of chapter 324, Laws of 2021 (use of force by officers). ~~((If chapter 324, Laws of 2021 (use of force by officers) is not enacted by June 30, 2021, the amount provided in this subsection lapses.))~~

(16)(a) The legislature finds that the water connection extension constructed by the Washington state patrol from the city of Shelton's water facilities to the Washington state patrol academy was necessary to meet the water supply needs of the academy. The legislature also finds that the water connection provides an ongoing water supply that is necessary to the operation of the training facility, that the state is making use of the water connection for these public activities, and that any future incidental use of the municipal infrastructure put in place to support these activities will not impede the Washington state patrol's ongoing use of the water connection extension.

(b) \$2,220,000 of the transfer from the waste tire removal account to the motor vehicle fund, as required under RCW 70A.205.425, reimburses the motor vehicle fund for the portion of the water project costs assigned by the agreement to properties, other than the Washington state patrol academy, that make use of the water connection while the agreement remains in effect. This reimbursement to the motor vehicle fund is intended to

address any possibility that the termination of this agreement could be determined to result in the unconstitutional use of 18th amendment designated funds for nonhighway purposes under the constitution of the state of Washington; however, this transfer is not intended to indicate that the incidental use of this infrastructure by these properties necessarily requires such reimbursement under the state Constitution. Immediately following the transfer of funds, Washington state patrol and the city of Shelton shall meet to formally update the terms of their "Agreement for Utility Connection and Reimbursement of Water Extension Expenses" executed on June 12, 2017, to reflect the intent of the proviso.

(17) The appropriations in this section provide sufficient funding for state patrol staffing assuming vacancy savings which may change over time. Funding for staffing will be monitored and adjusted in the ~~((2022))~~ 2023 supplemental budget to restore funding as authorized staffing levels are achieved.

(18) \$331,000 of the state patrol highway account-state appropriation is provided solely for the state patrol's diversity, equity, and inclusion program and a contract with an external psychologist to perform exams. If chapter . . . (Substitute House Bill No. 2057), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(19) \$793,000 of the state patrol highway account-state appropriation is provided solely for the tenant improvements and higher than expected equipment costs for the toxicology lab in Federal Way, and preparing a report on the current cost recovery mechanisms and opportunities for expanding these cost recovery mechanisms in the future. The report must be submitted to the governor and the transportation committees of the legislature by November 1, 2022.

(20) \$14,788,000 of the state patrol highway account-state appropriation is provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of commissioned and noncommissioned staff vacancies. Potential uses of the funding include, but are not limited to, the following: Operating a miniacademy and training opportunities for lateral transfers from other agencies; increased overtime,

travel, and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the state patrol must submit a report to the governor and the transportation committees of the legislature detailing the specific expenditures made from the contingency funding provided in this subsection. The report must also include a description of the miniacademy training, including the number of lateral transfers that entered the training, the number which completed training, the cost of the miniacademy, and a comparison of how the training was different from a conventional academy class.

(21) \$122,000 of the state patrol highway account-state appropriation, \$1,000 of the highway safety account-state appropriation, and \$4,000 of the ignition interlock account-state appropriation are provided solely for implementation of chapter . . . (House Bill No. 1804), Laws of 2022 (interruptive military service credit for members of the state retirement systems). If chapter . . . (House Bill No. 1804), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(22) \$250,000 of the state patrol highway account-state appropriation is provided solely for implementation of chapter (Engrossed Substitute House Bill No. 2037), Laws of 2022 (peace officers/use of force). If chapter . . . (Engrossed Substitute House Bill No. 2037), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(23) \$949,000 of the state patrol highway account-state is provided solely for vehicle identification number inspection staff to reduce the backlog of inspections and a study of how to incorporate best practices into the program, including the timeliness of inspections.

(24) The Washington state patrol shall oversee a pilot program whereby registered tow truck operators may respond to a regional transit authority's request for impoundment of unauthorized vehicles. Under the pilot program, in order for an unauthorized vehicle to be subject to impoundment at the regional transit authority's request, the vehicle must be left unattended within the right-of-way used by a regional transit

authority for high capacity transportation where the vehicle constitutes an obstruction to the operation of high capacity transportation vehicles or jeopardizes public safety. By July 1, 2023, the state patrol shall submit a report to the governor and the transportation committees of the legislature regarding the outcomes of the pilot program, and recommendations on whether the pilot program should continue or be enacted on a permanent basis.

TOTAL APPROPRIATION
~~((\$374,521,000))~~

\$377,086,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,100,000 of the highway safety account—state appropriation is provided solely for the department to provide an interagency transfer to the department of social and health services, children's administration division for the purpose of providing driver's license support to a larger population of foster youth than is already served within existing resources. Support services include reimbursement of driver's license issuance costs, fees for driver training education, and motor vehicle liability insurance costs.

(2) The appropriations in this section assume implementation by the department of cost recovery mechanisms to recoup at least \$21,257,000 during the 2021-2023 biennium in credit card and other financial transaction costs as part of

charges imposed for driver and vehicle fee transactions. During the 2021-2023 fiscal biennium, the department must report any amounts recovered to the office of financial management and appropriate committees of the legislature on a quarterly basis.

(3)(a) For the 2021-2023 biennium, the department shall charge ~~((\$6,600,000))~~ \$1,336,000 for the administration and collection of a motor vehicle excise tax on behalf of a regional transit authority, as authorized under RCW 82.44.135. The amount in this subsection must be deducted before distributing any revenues to a regional transit authority.

(b) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to work with the regional transit authority imposing a motor vehicle excise tax pursuant to RCW 81.104.160 and transportation benefit districts imposing vehicle fees pursuant to RCW 82.80.140, and other relevant parties, to determine cost recovery options for the administration and collection of the taxes and fees. The options must include:

(i) Full cost recovery for the direct and indirect expenses by the department of licensing, subagents, and counties;

(ii) Marginal cost recovery for the direct and indirect expenses by the department of licensing, subagents, and counties;

(iii) The estimated costs if the regional transit authority or transportation benefit districts had to contract out the entire collection and administrative activity with a nongovernmental entity.

(4) \$12,000 of the motorcycle safety education account—state appropriation, \$2,000 of the limited fish and wildlife account—state appropriation, \$728,000 of the highway safety account—state appropriation, \$238,000 of the motor vehicle account—state appropriation, \$10,000 of the ignition interlock device revolving account—state appropriation, and \$10,000 of the department of licensing services account—state appropriation are provided solely for the department to redesign and improve its online services and website, and are subject to the conditions, limitations, and review requirements of section 701 ~~((of this act))~~, chapter 333, Laws of 2021.

(5) \$28,636,000 of the highway safety account-state appropriation is provided solely for costs necessary to accommodate increased demand for enhanced drivers' licenses and enhanced identicards. The department shall report on a quarterly basis on the use of these funds, associated workload, and information with comparative information with recent comparable months in prior years. The report must include detailed statewide and by licensing service office information on staffing levels, average monthly wait times, the number of enhanced drivers' licenses and enhanced identicards issued/renewed, and the number of primary drivers' licenses and identicards issued/renewed. Within the amounts provided in this subsection, the department shall implement efficiency measures to reduce the time for licensing transactions and wait times including, but not limited to, the installation of additional cameras at licensing service offices that reduce bottlenecks and align with the "keep your customer" initiative.

(6) \$500,000 of the highway safety account-state appropriation is provided solely for communication and outreach activities necessary to inform the public of federally acceptable identification options including, but not limited to, enhanced drivers' licenses and enhanced identicards. The department shall continue the outreach plan that includes informational material that can be effectively communicated to all communities and populations in Washington. To accomplish this work, the department shall contract with an external vendor with demonstrated experience and expertise in outreach and marketing to underrepresented communities in a culturally responsive fashion.

(7) \$523,000 of the highway safety account-state appropriation is provided solely for the implementation of chapter 158, Laws of 2021 (DOL issued documents). ~~((If chapter 158, Laws of 2021 is not enacted by June 30, 2021, the amount provided in this subsection lapses.))~~

(8) ~~(((\$1,373,000))~~ \$929,000 of the ~~((driver licensing technology support))~~ highway safety account-state appropriation is provided solely for the implementation of chapter 240, Laws of 2021 (suspension of licenses for traffic infractions). ~~((If chapter 240, Laws of 2021 is not enacted by June 30, 2021, the~~

~~amount provided in this subsection lapses.))~~

(9) \$23,000 of the highway safety account-state appropriation is provided solely for the implementation of chapter 10 ~~((Engrossed Substitute House Bill No. 1078))~~, Laws of 2021 (restoring voter eligibility after felony conviction).

(10) \$3,074,000 of the abandoned recreational vehicle disposal account-state appropriation is provided solely for providing reimbursements in accordance with the department's abandoned recreational vehicle disposal reimbursement program. It is the intent of the legislature that the department prioritize this funding for allowable and approved reimbursements and not to build a reserve of funds within the account. During the 2021-2023 fiscal biennium, the department must report any amounts recovered to the office of financial management and appropriate committees of the legislature on a quarterly basis.

(11)(a) \$54,000 of the motor vehicle account-state appropriation is provided solely for the issuance of nonemergency medical transportation vehicle decals to implement the high occupancy vehicle lane access pilot program established in section 216 ~~((of this act))~~, chapter 333, Laws of 2021. A for hire nonemergency medical transportation vehicle is a vehicle that is a "for hire vehicle" under RCW 46.04.190 that provides nonemergency medical transportation, including for life-sustaining transportation purposes, to meet the medical transportation needs of individuals traveling to medical practices and clinics, cancer centers, dialysis facilities, hospitals, and other care providers.

(b) As part of this pilot program, the owner of a for hire nonemergency medical transportation vehicle may apply to the department, county auditor or other agent, or subagent appointed by the director, for a high occupancy vehicle exempt decal for a for hire nonemergency medical transportation vehicle. The high occupancy vehicle exempt decal allows the for hire nonemergency medical transportation vehicle to use a high occupancy vehicle lane as specified in RCW 46.61.165 and 47.52.025 during the 2021-2023 fiscal biennium.

(c) For the exemption in this subsection to apply to a for hire

nonemergency medical transportation vehicle, the decal:

(i) Must be displayed on the vehicle so that it is clearly visible from outside the vehicle;

(ii) Must identify that the vehicle is exempt from the high occupancy vehicle requirements; and

(iii) Must be visible from the rear of the vehicle.

(d) The owner of a for hire nonemergency medical transportation vehicle or the owner's representative must apply for a high occupancy vehicle exempt decal on a form provided or approved by the department. The application must include:

(i) The name and address of the person who is the owner of the vehicle;

(ii) A full description of the vehicle, including its make, model, year, and the vehicle identification number;

(iii) The purpose for which the vehicle is principally used;

(iv) An attestation signed by the vehicle's owner or the owner's representative that the vehicle's owner has a minimum of one contract or service agreement to provide for hire transportation services for medical purposes with one or more of the following entities: A health insurance company; a hospital, clinic, dialysis center, or other medical institution; a day care center, retirement home, or group home; a federal, state, or local agency or jurisdiction; or a broker who negotiates these services on behalf of one or more of these entities; and

(v) Other information as required by the department upon application.

(e) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee required under (f) of this subsection when issuing a high occupancy vehicle exempt decal.

(f) The department, county auditor or other agent, or subagent, is required to collect a \$5 fee when issuing a decal under this subsection, in addition to any other fees and taxes required by law.

(g) A high occupancy vehicle exempt decal expires June 30, 2023, and must be marked to indicate its expiration date. The decal may be renewed if the pilot program is continued past the date of a

decal's expiration. The status as an exempt vehicle continues until the high occupancy vehicle exempt decal is suspended or revoked for misuse, the vehicle is no longer used as a for hire nonemergency medical transportation vehicle, or the pilot program established in section 216 (~~of this act~~), chapter 333, Laws of 2021 is terminated.

(h) The department may adopt rules to implement this subsection.

(12) \$434,000 of the highway safety account-state appropriation is provided solely for the implementation of the Thurston county superior court order in *Pierce et al. v. Department of Licensing*.

(13) The department shall consult with the department of corrections and state board for community and technical colleges to develop a pilot program that allows incarcerated individuals who are not prohibited by state or federal law from receiving a commercial driver's license upon release to participate in a prerelease commercial driver training program. The department must submit a report to the legislature by June 30, 2023, detailing the status of the program.

(14) \$100,000 of the highway safety account-state appropriation is provided solely for the department to lead a study on the potential impacts that current licensing requirements, including required training hours, and testing requirements may have on the shortage of commercial drivers, and whether adjustments to these requirements may be warranted to help alleviate the shortage. In completing the study, the department must consult with the workforce training board, state board for community and technical colleges, federal motor carrier safety officials, organizations representing veterans, organizations representing commercial drivers, and organizations representing businesses or government entities that rely on commercial drivers. The report must be submitted to the governor and the transportation committees of the legislature by December 1, 2022.

(15) \$965,000 of the motor vehicle account-state appropriation is provided solely for the increased costs associated with delays in the production of license plates, and to provide a report detailing license plate inventory practices and whether those practices should be changed to guard against potential future plate

production delays. The report must be submitted to the governor and the transportation committees of the legislature by December 1, 2022.

(16) \$28,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter . . . (Senate Bill No. 5750), Laws of 2022 (state leadership board) and making improvements to the annual information submitted by special license plate sponsoring organizations pursuant to RCW 46.18.120(2). The improvements must include, but are not limited to, the following: An annual budget for the sponsoring organization's activities in the preceding year; information regarding private and other governmental support for the activities of the sponsoring organization; and a description of the number of people served or services delivered, as appropriate, by the sponsoring organization in the preceding year. If chapter . . . (Substitute Senate Bill No. 5750), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(17) \$268,000 of the highway safety account-state appropriation is provided solely for the implementation of chapter . . . (Engrossed Senate Bill No. 5054), Laws of 2022 (impaired driving). If chapter . . . (Engrossed Senate Bill No. 5054), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(18) \$113,000 of the highway safety account-state appropriation is provided solely for the implementation of chapter . . . (Substitute Senate Bill No. 5631), Laws of 2022 (human trafficking disqualification for a commercial driver's license). If chapter . . . (Substitute Senate Bill No. 5631), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(19) \$18,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter . . . (Substitute Senate Bill No. 5741), Laws of 2022 (Patches pal special license plates). If chapter . . . (Substitute Senate Bill No. 5741), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(20) \$350,000 of the highway safety account-state appropriation is provided solely to expand driver's license

assistance and support services in King county with an existing provider that is already providing these services to low-income immigrant and refugee women. By March 1, 2023, the contracted provider must submit information on the annual budget in the preceding year; information regarding private and other governmental support for the activities of the provider; and a description of the number of people served, services delivered, and outcome measures.

(21) \$6,139,000 of the highway safety account-state appropriation, \$1,849,000 of the motor vehicle account-state appropriation, \$203,000 of the department of licensing services account-state appropriation, and \$105,000 of the department of licensing technology improvement and data management account-state appropriation are provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of staff vacancies and agency operations and customer service levels. Potential uses of the funding include, but are not limited to, the following: Increased overtime, travel, and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the department shall submit a report to the governor and the legislative transportation committees detailing the specific expenditures made from the contingency funding provided in this subsection.

(22) \$28,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter . . . (Engrossed Second Substitute House Bill No. 1181), Laws of 2022 (veterans and military suicide). If chapter . . . (Engrossed Second Substitute House Bill No. 1181), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(23) \$83,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1984), Laws of 2022 (vehicle registration certificate addresses). If chapter . . . (Substitute House Bill No. 1984), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(24) \$57,000 of the motor vehicle account-state appropriation is provided

solely for the implementation of chapter . . . (House Bill No. 2074), Laws of 2022 (off-road vehicles fees). If chapter . . . (House Bill No. 2074), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(25) \$18,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter . . . (Engrossed Substitute House Bill No. 1530), Laws of 2022 (wine special license plate). If chapter . . . (Engrossed Substitute House Bill No. 1530), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(26) \$316,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter . . . (Substitute House Bill No. 1790), Laws of 2022 (temporary license plates). If chapter . . . (Substitute House Bill No. 1790), Laws of 2022 is not enacted by June 30, 2022, the amount provided in this subsection lapses.

(27) \$251,000 of the highway safety account-state appropriation is provided solely for the department to: (a) Provide each driver's license, identicaid, instruction permit, intermediate license, and commercial driver's license applicant with written materials regarding the contents and requirements of RCW 46.61.212, the slow down and move over law, at the completion of the applicant's licensing transaction; (b) place signage in each of the licensing service offices that provide background on the written materials that the applicant will receive regarding the slow down and move over law; and (c) initiate the development of an appropriate training module relating to the requirements of RCW 46.61.212, for inclusion in all new driver training curricula.

Sec. 209. 2021 c 333 s 209 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION-TOLL OPERATIONS AND MAINTENANCE-PROGRAM B

\$24,647,000
TOTAL APPROPRIATION ((~~\$132,370,000~~))
\$140,074,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,300,000 of the Tacoma Narrows toll bridge account-state appropriation and \$12,484,000 of the state route number 520 corridor account-state appropriation are provided solely for the purposes of addressing unforeseen operations and maintenance costs on the Tacoma Narrows bridge and the state route number 520 bridge, respectively. The office of financial management shall place the amounts provided in this subsection, which represent a portion of the required minimum fund balance under the policy of the state treasurer, in unallotted status. The office may release the funds only when it determines that all other funds designated for operations and maintenance purposes have been exhausted.

(2) As long as the facility is tolled, the department must provide annual reports to the transportation committees of the legislature on the Interstate 405 express toll lane project performance measures listed in RCW 47.56.880(4). These reports must include:

(a) Information on the travel times and travel time reliability (at a minimum, average and 90th percentile travel times) maintained during peak and nonpeak periods in the express toll lanes and general purpose lanes for both the

entire corridor and commonly made trips in the corridor including, but not limited to, northbound from Bellevue to Rose Hill, state route number 520 at NE 148th to Interstate 405 at state route number 522, Bellevue to Bothell (both NE 8th to state route number 522 and NE 8th to state route number 527), and a trip internal to the corridor (such as NE 85th to NE 160th) and similar southbound trips;

(b) A month-to-month comparison of travel times and travel time reliability for the entire corridor and commonly made trips in the corridor as specified in (a) of this subsection since implementation of the express toll lanes and, to the extent available, a comparison to the travel times and travel time reliability prior to implementation of the express toll lanes;

(c) Total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane (i) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, on this segment of Interstate 405 prior to implementation of the express toll lanes and (ii) compared to total express toll lane and total general purpose lane traffic volumes, as well as per lane traffic volumes for each type of lane, from month to month since implementation of the express toll lanes; and

(d) Underlying congestion measurements, that is, speeds, that are being used to generate the summary graphs provided, to be made available in a digital file format.

(3)(a) (~~(\$708,000)~~) \$1,189,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation, (~~(\$1,651,000)~~) \$2,783,000 of the state route number 520 corridor account-state appropriation, (~~(\$709,000)~~) \$1,218,000 of the Tacoma Narrows toll bridge account-state appropriation, and (~~(\$932,000)~~) \$1,568,000 of the Alaskan Way viaduct replacement project account-state appropriation are provided solely for the reappropriation of unspent funds on the new tolling back office system from the 2019-2021 biennium (~~, and are subject to the conditions, limitations, and review provided in section 701 of this act.~~

~~(b) The department shall continue to work with the office of financial management, office of the chief information officer, and the transportation committees of the legislature on the project management plan that includes a provision for independent verification and validation of contract deliverables from the successful bidder and a provision for quality assurance that includes reporting independently to the office of the chief information officer on an ongoing basis during system implementation).~~

((~~e~~)) (b) The office of financial management shall place the amounts provided in this subsection in unallotted status until the department submits a detailed progress report on the progress of the new tolling back office system. The director of the office of financial management or their designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(4) (~~Out of funding appropriated in this section,~~) \$121,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation, \$288,000 of the state route number 520 corridor account-state appropriation, \$128,000 of the Tacoma Narrows toll bridge account-state appropriation, and \$163,000 of the Alaskan Way viaduct replacement project account-state appropriation are provided solely for the department (~~shall~~) to contract with the state auditor's office for a performance audit of the department's project to replace its electronic toll collection system. The audit should include an evaluation of the department's project planning, vendor procurement, contract management and project oversight. The final report is to be issued by December 31, 2022. The state auditor will transmit copies of the report to the jurisdictional committees of the legislature and the department.

(5) The department shall make detailed annual reports to the transportation committees of the legislature and the public on the department's web site on the following:

(a) The use of consultants in the tolling program, including the name of the contractor, the scope of work, the type of contract, timelines, deliverables, any new task orders, and

any extensions to existing consultant contracts;

(b) The nonvendor costs of administering toll operations, including the costs of staffing the division, consultants, and other personal service contracts required for technical oversight and management assistance, insurance, payments related to credit card processing, transponder purchases and inventory management, facility operations and maintenance, and other miscellaneous nonvendor costs;

(c) The vendor-related costs of operating tolled facilities, including the costs of the customer service center, cash collections on the Tacoma Narrows bridge, electronic payment processing, and toll collection equipment maintenance, renewal, and replacement;

(d) The toll adjudication process, including a summary table for each toll facility that includes:

(i) The number of notices of civil penalty issued;

(ii) The number of recipients who pay before the notice becomes a penalty;

(iii) The number of recipients who request a hearing and the number who do not respond;

(iv) Workload costs related to hearings;

(v) The cost and effectiveness of debt collection activities; and

(vi) Revenues generated from notices of civil penalty; and

(e) A summary of toll revenue by facility on all operating toll facilities and express toll lane systems, and an itemized depiction of the use of that revenue.

(6) During the 2021-2023 fiscal biennium, the department plans to issue a request for proposals as the first stage of a competitive procurement process that will replace the toll equipment and select a new tolling operator for the Tacoma Narrows Bridge. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and

incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(7) \$19,908,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. The legislature expects to see appropriate reductions to the other toll facility accounts once tolling on the new state route number 99 tunnel toll facility stabilizes and any previously incurred costs for start-up of the new facility are charged back to the Alaskan Way viaduct replacement project account. The office of financial management shall closely monitor the application of the cost allocation model and ensure that the new state route number 99 tunnel toll facility is adequately sharing costs and the other toll facility accounts are not being overspent or subsidizing the new state route number 99 tunnel toll facility.

(8) The department shall submit a plan to the legislature for the Interstate 405 and state route number 167 express toll lanes account detailing how bond proceeds can cover the proposed construction plan on the Interstate 405 and state route number 167 express toll lane corridor outlined on LEAP Transportation Document 2021-1 as developed April 23, 2021, by January 1, 2022.

(9) (~~(\$1,516,000)~~) \$4,554,000 of the state route number 520 corridor account—state appropriation (~~(is)~~) and \$580,000 of the Tacoma Narrows toll bridge account—state appropriation are provided solely for the increased costs of insurance for the state route number 520 floating bridge and the Tacoma Narrows bridge, respectively. The department shall conduct an evaluation of the short and long-term costs and benefits including risk mitigation of self-insurance as compared to the commercial insurance option for the state route number 520 floating bridge, as allowed under the terms of the state route number 520 master bond resolution. By December 15, 2021, the department shall report to the legislature on the results of this evaluation.

(10) As part of the department's 2023-2025 biennial budget request, the

department shall update the cost allocation recommendations that assign appropriate costs to each of the toll funds for services provided by relevant Washington state department of transportation programs, the Washington state patrol, and the transportation commission. The recommendations shall be based on updated traffic and toll transaction patterns and other relevant factors.

(11) All amounts provided for operations and maintenance expenses on the SR 520 facility from the state route number 520 corridor account during the 2021-2023 fiscal biennium in this act, up to a maximum of \$59,567,000, are derived from the receipt of federal American rescue plan act of 2021 funds and not toll revenues.

(12) \$14,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation, \$32,000 of the state route number 520 corridor account-state appropriation, \$22,000 of the Tacoma Narrows toll bridge account-state appropriation, and \$27,000 of the Alaskan Way viaduct replacement project account-state appropriation are provided solely to implement chapter . . . (Substitute House Bill No. 1790), Laws of 2022 (temporary license plates). If chapter . . . (Substitute House Bill No. 1790), Laws of 2022 is not enacted by June 30, 2022, the amounts provided in this subsection lapse.

Multimodal Transportation	Account-State
Appropriation	\$758,000

TOTAL	APPROPRIATION
((\$60,396,000))	

\$59,512,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical

development of the property, is one of the significant uses of the property.

~~(3) ((\$1,600,000 of the motor vehicle account state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2021-2023 fiscal biennium, when initiating, extending, or renewing any rent or lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.~~

~~(4))~~ The department shall report to the transportation committees of the legislature by December 1, 2021, on the status of its efforts to consolidate franchises for broadband facilities across the state, including plans for increasing the number of consolidated franchises in the future.

~~((5))~~ (4) During the 2021-2023 biennium, if the department takes possession of the property situated in the city of Edmonds for which a purchase agreement was executed between Unocal and the department in 2005 (Tax Parcel Number 262703-2-003-0009), and if the department confirms that the property is still no longer needed for transportation purposes, the department shall provide the city of Edmonds with the right of first purchase at fair market value in accordance with RCW 47.12.063(3) for the city's intended use of the property to rehabilitate near-shore habitat for salmon and related species.

~~((6) \$300,000))~~ (5) \$535,000 of the motor vehicle account-state appropriation is provided solely for the implementation of chapter 217, Laws of 2021 (noxious weeds). ~~((If chapter 217, Laws of 2021 (noxious weeds) is not enacted by June 30, 2021, the amount provided in this subsection lapses.~~

(7) \$2,399,000 of the motor vehicle account-state appropriation is provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of staff vacancies. Potential uses of the

funding include, but are not limited to, the following: Increased overtime, travel, and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the department must submit a report to the governor and the transportation committees of the legislature detailing the specific expenditures made from the contingency funding provided in this subsection.

(8) The department shall offer to sell the northern parcel of site 14 on the Puget Sound Gateway Program SR 509 Completion Project Surplus Property list, located immediately south of S. 216th Street and adjacent to the Barnes Creek Nature Trail in Des Moines, to Seattle Goodwill Industries, a nonprofit organization with tax ID 91-05688708, located at 700 Dearborn Place S., Seattle, WA 98144, in accordance with RCW 47.12.063 at fair market value because the legislature finds it in the public interest to do so for the public benefit that will result from Goodwill's redevelopment of the property it owns at Rainier Ave. South and South Dearborn Street to increase the supply of affordable housing.

Sec. 215. 2021 c 333 s 214 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION-PUBLIC-PRIVATE PARTNERSHIPS-PROGRAM K

Motor Vehicle Account-State	
Appropriation	(\$675,000)
	\$685,000
Electric Vehicle Account-State	
Appropriation	(\$9,900,000)
	\$11,900,000
Multimodal Transportation Account-State	
Appropriation	\$3,290,000
TOTAL APPROPRIATION	(\$13,865,000)
	\$15,875,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The public-private partnerships program must continue to explore retail partnerships at state-owned park and ride

facilities, as authorized in RCW 47.04.295.

(2) (~~(\$8,900,000)~~) \$10,900,000 of the electric vehicle account-state appropriation is provided solely for the clean alternative fuel vehicle charging and refueling infrastructure program in chapter 287, Laws of 2019 (advancing green transportation adoption).

(3) \$2,400,000 of the multimodal transportation account-state appropriation is provided solely for the pilot program established under chapter 287, Laws of 2019 (advancing green transportation adoption) to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards. Consistent with the geographical diversity element described in RCW 47.04.355(4), the legislature strongly encourages the department to consider implementing the pilot in both urban and rural communities if possible, to obtain valuable information on the needs of underserved communities located in different geographical locations in Washington.

(4) \$1,000,000 of the electric vehicle account-state appropriation and \$500,000 of the multimodal transportation account-state appropriation are provided solely for a colocated DC fast charging and hydrogen fueling station near the Wenatchee or East Wenatchee area near a state route or near or on a publicly owned facility to service passenger, light-duty and heavy-duty vehicles. The hydrogen fueling station must include a DC fast charging station colocated at the hydrogen fueling station site. Funds may be used for one or more fuel cell electric vehicles that would utilize the fueling stations. The department must contract with a public utility district that produces hydrogen in the area to own and/or manage and provide technical assistance for the design, planning, permitting, construction, maintenance and operation of the hydrogen fueling station. The department and public utility district are encouraged to collaborate with and seek contributions from additional public and private partners for the fueling station.

(5) \$140,000 of the multimodal transportation account-state appropriation is provided solely for the

purpose of conducting an assessment of options for the development, including potential features and costs, for a publicly available mapping and forecasting tool that provides locations and essential information of charging and refueling infrastructure to support forecasted levels of electric vehicle adoption, travel, and usage across Washington state as described in chapter 300, Laws of 2021 (preparedness for a zero emissions transportation future).

(6) \$250,000 of the multimodal transportation account-state appropriation is provided solely to fund the design of an electric charging mega-site project at Mount Vernon library commons.

<u>\$534,454,000</u>	

The appropriations in this section are subject to the following conditions and limitations:

(1) \$7,529,000 of the motor vehicle account—state appropriation is provided solely for utility fees assessed by local governments as authorized under RCW 90.03.525 for the mitigation of stormwater runoff from state highways. Plan and reporting requirements as required in chapter 435, Laws of 2019 (Local Stormwater Charges) shall be consistent with the January 2012 findings of the Joint Transportation Committee Report for Effective Cost Recovery Structure for WSDOT, Jurisdictions, and Efficiencies in Stormwater Management.

(2) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for snow and ice removal. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for snow and ice removal and will begin using the contingency pool funding.

(3) \$1,025,000 of the motor vehicle account—state appropriation is provided solely for the department to implement safety improvements and debris clean up on department-owned rights-of-way in the city of Seattle at levels above that being implemented as of January 1, 2019, to be administered in conjunction with subsection (9) of this section. The department must maintain a crew dedicated solely to collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public, department employees, or people encamped upon department-owned rights-of-way. The department may request assistance from the Washington state patrol as necessary in order for both agencies to provide enhanced safety-related activities regarding the emergency hazards along state highway rights-of-way in the Seattle area.

(4) \$1,015,000 of the motor vehicle account—state appropriation is provided solely for a partnership program between the department and the city of Tacoma, to be administered in conjunction with subsection (9) of this section. The program shall address the safety and public health problems created by

homeless encampments on the department's property along state highways within the city limits. \$570,000 is for dedicated department maintenance staff and associated clean-up costs. The department and the city of Tacoma shall enter into a reimbursable agreement to cover up to \$445,000 of the city's expenses for clean-up crews and landfill costs.

(5) The department must continue a pilot program for the 2021-2023 fiscal biennium at the four highest demand safety rest areas to create and maintain an online calendar for volunteer groups to check availability of weekends for the free coffee program. The calendar must be updated at least weekly and show dates and times that are, or are not, available to participate in the free coffee program. The department must submit a report to the legislature on the ongoing pilot by December 1, 2022, outlining the costs and benefits of the online calendar pilot, and including surveys from the volunteer groups and agency staff to determine its effectiveness.

(6) \$686,000 of the motor vehicle account—state appropriation is provided solely for reimbursing the Oregon department of transportation (ODOT) for the department's share of increased maintenance costs of six highway bridges over the Columbia River that are maintained by ODOT.

(7) \$8,290,000 of the motor vehicle account—state appropriation is provided solely for increased costs of highway maintenance materials.

(8) \$5,816,000 of the motor vehicle account—state appropriation is provided solely for a contingency pool for repairing damages to highways caused by known and unknown third parties. The department must notify the office of financial management and the transportation committees of the legislature when they have spent the base budget for third-party damage repair and will begin using the contingency pool funding.

(9)(a) \$3,000,000 of the motor vehicle account—state appropriation (~~is~~) and \$5,000,000 of the waste tire removal account—state appropriation are provided solely for the department to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way. The department must coordinate and work with

local government officials and social service organizations who provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights-of-way, and may reimburse the organizations doing this outreach assistance who transition people into treatment or housing (~~((that is not on the rights of way))~~) or for debris clean up on highway rights-of-way. (~~((The department may))~~) A minimum of \$2,000,000 of this appropriation must be used to provide more frequent removal of litter on the highway rights-of-way that is generated by unsheltered people and may be used to hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public and department employees. The department may use these funds to either reimburse local law enforcement costs or the Washington state patrol if they are (~~((participating as part of a state or local government agreement to provide))~~) providing enhanced safety (~~((related activities along state))~~) to department staff during debris cleanup or during efforts to prevent future encampments from forming on highway rights-of-way.

(b) Beginning (~~((October 1, 2021))~~) November 1, 2022, and semiannually thereafter, the Washington state patrol and the department of transportation must jointly submit a report to the governor and the house and senate transportation committees of the legislature on the status of these efforts, including:

(i) A detailed breakout of the size, location, risk level categorization, and number of encampments on or near department-owned rights-of-way, compared to the levels during the quarter being reported;

(ii) A summary of the activities in that quarter related to addressing these encampments, including information on arrangements with local governments or other entities related to these activities;

(iii) A description of the planned activities in the ensuing quarter to further address the emergency hazards and risks along state highway rights-of-way; and

(iv) Recommendations for executive branch or legislative action to achieve

the desired outcome of reduced emergency hazards and risks along state highway rights-of-way.

(10)(a) \$2,000,000 of the motor vehicle account-state appropriation is provided solely for the department to contract with the city of Fife to address the risks to safety and public health associated with homeless encampments on department-owned rights-of-way along the SR 167/SR 509 Puget Sound Gateway project corridor in and adjacent to the city limits.

(b) The city must coordinate and work with the department and local governments and social service organizations who provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights-of-way. State funds may be used to reimburse the organizations doing this outreach assistance who transition people into treatment or housing that is not on the rights-of-way or for debris clean up on highway rights-of-way.

(c) The department may hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist to the traveling public and department employees.

(d) Funds may also be used to reimburse local law enforcement costs or the Washington state patrol if they are participating as part of a state or local government agreement to provide enhanced safety related activities along state highway rights-of-way.

(e) It is the intent of the legislature that the city and collaborating partners should place particular emphasis on utilizing available funds for addressing large scale and multiple homeless encampments that impact public safety and health. Funding for initiatives associated with such encampments may include targeted assistance to local governments and social service organizations, directing moneys toward not only initial efforts to clear encampments, clean up debris and restore sightlines, but to ongoing work, monitoring, and maintenance of efforts to place individuals in housing, treatment and services, and to better ensure individuals experiencing homelessness receive needed assistance while sites

remain safe and secure for the traveling public.

(11) \$12,096,000 of the motor vehicle account–state appropriation is provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of staff vacancies. Potential uses of the funding include, but are not limited to, the following: Increased overtime, travel and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the department must submit a report to the governor and the transportation committees of the legislature detailing the specific expenditures made from the contingency funding provided in this subsection.

(12) \$5,400,000 of the motor vehicle account–state appropriation is provided solely for replacement of traffic signs and to increase the visibility of road pavement markings. Investments must replace traffic signs that do not meet the department's standards or that are faded, lacking in reflectivity, cracked, illegible, or damaged. Investments must also increase the visibility of road pavement markings during periods of low light conditions and during precipitation with pavement marking products that contain all-weather optical reflectivity capability. The request for proposals and subsequent competitive procurement for the signs shall be performed following state specifications and standards.

(13) \$17,000 of the motor vehicle account–local appropriation is provided solely to update existing signs along Interstate 5 in the vicinity of Seattle center. The department must install new Seattle center logos with a redesigned logo that recognizes climate pledge arena, but is not responsible for design or fabrication of the logo or new sign.

(14) \$100,000 of the motor vehicle account–state appropriation is provided solely for the department to install fencing to delineate between the privately leased property owned by the department and the public right-of-way property maintained by the city of Seattle. The parameters of the adjacent properties located under the Interstate 5 corridor, south of milepost 165, are south Jackson street and south King street going north and south, and 8th avenue south and 9th avenue south going

west to east in the international district.

(15)(a) \$2,500,000 of the motor vehicle account–state appropriation is provided solely for:

(i) Additional resources for operations, maintenance, facility replacements, security, and upgrades to safety rest areas to ensure that safety rest areas owned and operated by the department are open for use except for seasonal closures or cleaning, maintenance, and repair; and

(ii) Reconfiguration of maintenance operations pursuant to chapter . . . (Substitute House Bill No. 1655), Laws of 2022 (safety rest areas).

(b) The department may use the funds for additional labor, services, materials, or equipment needed to allow commercial vehicle parking stalls to remain open when rest areas might otherwise be closed.

(c) It is the intent of the legislature that these funds are additional resources for the department and not meant to supplant underlying resources for the maintenance and operations of safety rest areas.

(d) The department must make a report to the transportation committees of the legislature regarding the additional operations and maintenance activities made at safety rest areas to ensure that rest areas stayed open by January 15, 2023. The report must include the status per safety rest area of openings and closures that were impacted by the additional activities; the additional activities, including security efforts, that were performed at the rest areas; and an update on the status and a review of the safety rest area strategic plan.

(16)(a) \$50,000 of the motor vehicle account–state appropriation is provided solely for the department to install and inspect monthly human trafficking informational posters in every rest room in every safety rest area owned and operated by the department.

(b) In developing the informational posters, the department shall consult with human trafficking victim advocates to determine content.

(c) The posters must:

(i) Be printed in a variety of languages;

(ii) Include contact information for seeking help, which may include toll-free telephone numbers a person may call for assistance, including the number for the national human trafficking resource center and the number for the Washington state office of crime victims advocacy; and

(iii) Be made of durable material and permanently affixed.

(d) The department shall install the informational posters in every restroom at every safety rest area owned and operated by the department by December 31, 2022.

(e) Beginning January 1, 2023, or one month after installation of informational posters, whichever is sooner, the department shall inspect the informational posters as part of its monthly maintenance activities to ensure that the posters are in fair condition and remain legible.

(f) The department must make a report to the transportation committees of the legislature regarding the installation of informational posters at safety rest areas by January 15, 2023. The report must include the number of informational posters installed, the location of the poster installations, and the completion date of the poster installations.

(17) During the 2021-2023 fiscal biennium, the department shall conduct a pilot program authorizing commercial motor vehicles, as defined in RCW 46.25.010, that are used in commerce solely to transport property to park in areas designated by the department as chain up and chain off areas along United States route number 2 and Interstate 90 between May 1st and November 1st of each calendar year of the biennium. Under the pilot program, parking is permitted for up to an hour beyond federally mandated rest periods when signage posted by the department authorizes the parking of these commercial motor vehicles. Beginning January 1, 2023, the department shall post and maintain signage authorizing the parking of these commercial motor vehicles in chain up and chain off areas that it determines: (a) Have sufficient space to accommodate commercial motor vehicles parking for an extended period of time; and (b) where other safety concerns have been addressed. The department shall notify the Washington state patrol and the transportation committees of the

legislature when it posts signage authorizing commercial motor vehicle parking in a chain up or chain off area.

\$77,602,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account-state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2021-2023 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(b) The department shall expand the high occupancy vehicle lane access pilot program to vehicles that deliver or collect blood, tissue, or blood components for a blood-collecting or distributing establishment regulated under chapter 70.335 RCW. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, blood-collecting or distributing establishment vehicles that are clearly and identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(c) The department shall expand the high occupancy vehicle lane access pilot program to organ transport vehicles transporting a time urgent organ for an organ procurement organization as defined in RCW 68.64.010. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, organ transport vehicles that are clearly and

identifiably marked as such on all sides of the vehicle are considered emergency vehicles and must be authorized to use the reserved portion of the highway.

(d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(e) The department shall expand the high occupancy vehicle lane access pilot program to for hire nonemergency medical transportation vehicles, when in use for medical purposes, as described in section 208 (~~(of this act)~~), chapter 333, Laws of 2021. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, nonemergency medical transportation vehicles that meet the requirements identified in section 208 (~~(of this act)~~), chapter 333, Laws of 2021 must be authorized to use the reserved portion of the highway.

(f) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) \$2,574,000 of the motor vehicle account-state appropriation is provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of staff vacancies. Potential uses of the funding include, but are not limited to, the following: Increased overtime, travel, and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the department must submit a report to the governor and the transportation committees of the legislature detailing the specific expenditures made from the contingency funding provided in this subsection.

(4) The appropriations in this section assume implementation of additional cost recovery mechanisms to recoup at least \$100,000 in credit card and other financial transaction costs related to the collection of fees imposed under RCW 46.44.0941 for driver and vehicle fee transactions beginning January 1, 2023. The department may recover transaction fees incurred through credit card transactions. At the direction of the office of financial management, the department shall develop a method of tracking the additional amount of credit card and other financial cost-recovery revenues. In consultation with the office of financial management, the department shall notify the office of the state treasurer of these amounts and the state treasurer must deposit these revenues in the agency financial transaction account created in RCW 46.01.385 on a quarterly basis. The department shall also submit, as part of its 2023-2025 budget submittal, an overview of the credit card cost recovery approach, including fee rates and the amount of revenue expected to be generated in the 2021-2023 and 2023-2025 biennia.

(5) The department shall promote safety messages encouraging drivers to slow down and move over and pay attention when emergency lights are flashing on the side of the road and other suitable safety messages on electronic message boards the department operates across the state. The messages must be promoted multiple times each month through June 30, 2023. The department may coordinate such messaging with any statewide public awareness campaigns being developed by the department of licensing or the Washington state traffic safety commission or both.

\$44,574,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,000,000 of the multimodal transportation account-state appropriation is provided solely for efforts to increase diversity in the transportation construction workforce through: ~~((+1))~~ (a) The preapprenticeship support services (PASS) program, which aims to increase diversity in the highway construction workforce and prepare individuals interested in entering the highway construction workforce. In addition to the services allowed by RCW 47.01.435, the PASS program may provide housing assistance for youth aging out of the foster care and juvenile rehabilitation systems in order to support the participation of these youth in a transportation-related preapprenticeship program; ~~((+2))~~ (b) assisting minority and women-owned businesses to perform work in the highway construction industry. This assistance shall include technical assistance, business training, counseling, guidance, prime to subcontractor relationship building, and a capacity building mentorship program. At a minimum, \$1,000,000 of the total appropriation in this subsection shall be

directed toward the efforts outlined in (b) of this subsection (~~((2) of this section~~)). The provider(s) chosen to complete the work in this subsection shall be selected through a competitive bidding process. The program shall be administered by the Washington state department of transportation's office of equal opportunity.

(2) \$1,446,000 of the motor vehicle account-state appropriation is provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of staff vacancies. Potential uses of the funding include, but are not limited to, the following: Increased overtime, travel, and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the department must submit a report to the governor and the transportation committees of the legislature detailing the specific expenditures made from the contingency funding provided in this subsection.

(3) \$774,000 of the motor vehicle account-state appropriation and \$266,000 of the Puget Sound ferry operations account-state appropriation are provided solely for the department to hire a workforce development consultant to develop, track, and monitor the progress of community workforce agreements, and to hire staff to assist with the development and implementation of internal diversity, equity, and inclusion efforts and serve as subject matter experts on federal and state civil rights provisions. The department shall engage with relevant stakeholders, and provide a progress report on the implementation of efforts under this subsection to the transportation committees of the legislature and the governor by December 1, 2022.

(4) For Washington state department of transportation small works roster projects under RCW 39.04.155, the department may only allow firms certified as small business enterprises, under 49 C.F.R. 26.39, to bid on the contract, unless the department determines there would be insufficient bidders for a particular project. The department shall report on the effectiveness of this policy to the transportation committees of the legislature by January 31, 2023.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,080,000 of the motor vehicle account-federal appropriation is provided solely for the Forward Drive road usage charge research project overseen by the transportation commission using a portion of the amount of the federal grant award. The purpose of the Forward Drive road usage charge research project is to advance research in key policy areas related to road usage charge including assessing impacts of future mobility shifts on road usage charge revenues, conducting an equity analysis, updating and assessing

emerging mileage reporting methods, determining opportunities to reduce cost of collection, conducting small-scale pilot tests, and identifying a long-term, detailed phase-in plan.

(2) \$2,879,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation is provided solely for completion of updating the state route number 167 master plan.

(3) (~~(\$250,000)~~) \$500,000 of the multimodal transportation account-state appropriation is provided solely for the department to partner with the department of commerce in developing vehicle miles traveled targets for the counties in Washington state with (a) a population density of at least 100 people per square mile and a population of at least 200,000; or (b) a population density of at least 75 people per square mile and an annual growth rate of at least 1.75 percent as determined by the office of financial management. Given land use patterns are key factors in travel demand and should be taken into consideration when developing the targets, the department and the department of commerce shall partner with local jurisdictions, regional transportation planning organizations and other stakeholders to inventory existing laws and rules that promote transportation and land use, identify gaps and make recommendations for changes in laws, rules and agency guidance, and establish a framework for considering underserved and rural communities in the evaluation. The department and the department of commerce shall provide an initial technical report by December 31, 2021, an interim report by June 22, 2022, and a final report to the governor and appropriate committees of the legislature by June 30, 2023, that includes a process for establishing vehicle miles traveled reduction targets, a recommended suite of options for local jurisdictions to achieve the targets, and funding requirements for state and local jurisdictions.

(4) (~~(\$406,000)~~) \$451,000 of the state route number 520 corridor account-state appropriation is provided solely for the department to contract with the University of Washington department of mechanical engineering, to study measures to reduce noise impacts from the state route number 520 bridge expansion joints. The field testing shall be scheduled during existing construction,

maintenance, or other scheduled closures to minimize impacts. The testing must also ensure safety of the traveling public. The study shall examine testing methodologies and project timelines and costs. A (~~final~~) draft report must be submitted to the transportation committees of the legislature and the governor by March 1, 2022. A final report must be submitted to the transportation committees of the legislature and the governor by December 31, 2022.

(5) \$5,900,000 of the motor vehicle account-federal appropriation and \$400,000 of the motor vehicle account-private/local appropriation are provided solely for delivery of the department's state planning and research work program and pooled fund research projects(~~(7 provided that the department may not expend any amounts provided in this section on a long range plan or corridor scenario analysis for I-5 from Tumwater to Marysville. This is not intended to reference or impact: The existing I-5 corridor from Mounts road to Tumwater design and operations alternatives analysis; design studies related to HOV lanes or operations; or where it is necessary to continue design and operations analysis related to projects already under development)~~).

(6) \$800,000 of the motor vehicle account-state appropriation is provided solely for WSDOT to do a corridor study of SR 302 (Victor Area) to recommend safety and infrastructure improvements to address current damage and prevent future roadway collapse and landslides that have caused road closures.

(7) \$1,000,000 of the motor vehicle account-state appropriation is provided solely for a study on the need for additional connectivity in the area between SR 161, SR 7, SR 507, and I-5 in South Pierce County.

(8) \$1,654,000 of the motor vehicle account-state appropriation and \$108,000 of the multimodal transportation account-state appropriation are provided solely for contingency funding to address emergent issues related to mitigating negative impacts of the high level of staff vacancies. Potential uses of the funding include, but are not limited to, the following: Increased overtime, travel, and other related costs; increased contracting to maintain adequate service levels; and unanticipated facility and equipment needs. By January 1, 2023, the department

must submit a report to the governor and the transportation committees of the legislature detailing the specific expenditures made from the contingency funding provided in this subsection.

(9) \$450,000 of the motor vehicle account-state appropriation is provided solely for the department to complete a performance-based project evaluation model based on the initial work done for section 218(7), chapter 219, Laws of 2020, in a way that operationalizes the six transportation policy goals in RCW 47.04.280. This work should first include clarification of the transportation policy goals through development of objectives and criteria that reflect system priorities based on outcomes of community engagement. After a framework is established by which goals can be more directly related to outcomes, the project evaluation model should leverage the department's existing experts and best practices used for prioritizing programmatic funds to develop procedures by which evaluators could consistently score and rank all types of projects. The department must issue a report by June 30, 2023, summarizing the new project evaluation model, and provide recommendations for how this process could be implemented in coordination with the legislative work cycle.

(10)(a) \$250,000 of the multimodal transportation account-state appropriation is provided solely for Thurston regional planning council (TRPC) to conduct a study examining options for multimodal high capacity transportation (HCT) to serve travelers on the I-5 corridor between central Thurston county (Olympia area) and Pierce county.

(b) The study will include an assessment of travelsheds and ridership potential and identify and provide an evaluation of options to enhance connectivity and accessibility for the greater south Puget Sound region with an emphasis on linking to planned or existing commuter or regional light rail. The study must account for previous and ongoing efforts by transit agencies and the department. The study will emphasize collaboration with a diverse community of interests, including but not limited to transit, business, public agencies, tribes, and providers and users of transportation who because of age, income, or ability may face barriers and challenges. TRPC will provide to the

transportation committees of the legislature a study outline and recommendations of deliverables by December 1, 2022.

(11) \$600,000 of the multimodal transportation account-state appropriation is provided solely for the city of Seattle's office of planning and community development to support an equitable development initiative to reconnect the South Park neighborhood, currently divided by State Route 99.

(a) The support work must include:

(i) A public engagement and visioning process led by a neighborhood-based, community organization; and

(ii) A feasibility study of decommissioning SR 99 in the South Park neighborhood to include, but not be limited to, traffic studies, environmental impact analysis, and development of alternatives, including the transfer of the land to a neighborhood-led community land trust.

(b) The support work must be conducted in coordination and partnership with neighborhood residents, neighborhood industrial and commercial representatives, the state department of transportation, and other entities and neighborhoods potentially impacted by changes to the operation of SR 99.

(c) The city must provide a report on the plan that includes recommendations to the Seattle city council, state department of transportation, and the transportation committees of the legislature by January 1, 2025.

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with existing protocol and practices, for any negotiated settlement of a claim against the state for the department that exceeds five million dollars, the department, in conjunction with the attorney general and the department of enterprise services, shall notify the director of the office of financial management and the transportation committees of the legislature.

(2) Beginning October 1, 2021, and semiannually thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the Washington state ferry system to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by

type; (c) defense costs associated with those claims and settlements; and (d) information on the impacts of moving legal costs associated with the Washington state ferry system into the statewide self-insurance pool.

(3) Beginning October 1, 2021, and semiannually thereafter, the department, in conjunction with the attorney general and the department of enterprise services, shall provide a report with judgments and settlements dealing with the nonferry operations of the department to the director of the office of financial management and the transportation committees of the legislature. The report must include information on: (a) The number of claims and settlements by type; (b) the average claim and settlement by type; and (c) defense costs associated with those claims and settlements.

(4) When the department identifies significant legal issues that have potential transportation budget implications, the department must initiate a briefing for appropriate legislative members or staff through the office of the attorney general and its legislative briefing protocol.

\$287,983,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$67,821,000 of the multimodal transportation account-state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) \$15,568,000 of the multimodal transportation account-state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Fuel type may not be a factor in the grant selection process.

(b) \$52,253,000 of the multimodal transportation account-state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2019 as reported in the "Summary of Public Transportation - 2019" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. Fuel type may not be a factor in the grant selection process.

(2) ~~((33,168,000))~~ \$33,283,000 of the rural mobility grant program account-state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3) \$2,000,000 of the multimodal transportation account-state appropriation is provided solely for a ~~((vanpool))~~ public transit rideshare grant program for: (a) Public transit agencies to add ~~((vanpools))~~ or replace ~~((vans))~~ rideshare vehicles; and (b) incentives ~~((for employers))~~ and outreach to increase ~~((employee vanpool))~~ rideshare use. The grant program for public transit agencies may cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. Fuel type may not be a factor in the grant selection process.

(4) ~~((26,800,000))~~ \$37,809,000 of the regional mobility grant program account-state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document ~~((2021-2))~~ 2022-2 ALL PROJECTS as developed ~~((April 23, 2021))~~ March 9, 2022, Program - Public Transportation Program (V).

(5)(a) \$77,679,000 of the regional mobility grant program account-state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document ~~((2021-2))~~ 2022-2 ALL PROJECTS as developed ~~((April 23, 2021))~~ March 9, 2022, Program - Public Transportation Program (V). The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2021, and December 15, 2022, to the office of financial management and the transportation committees of the legislature regarding the projects

receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2023-2025 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee unless all other funding is awarded. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2021-2023 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(6) Funds provided for the commute trip reduction (CTR) program may also be used for the growth and transportation efficiency center program.

(7) \$6,500,000 of the multimodal transportation account-state appropriation and \$784,000 of the state vehicle parking account-state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. Of this amount:

(a) \$30,000 of the state vehicle parking account-state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason

County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County. The STAR pass commute trip reduction program is open to any state employee who expresses intent to commute to his or her assigned state worksite using a public transit system currently participating in the STAR pass program.

(b) \$800,000 of the multimodal transportation account-state appropriation is provided solely for continuation of the first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies with first mile/last mile solution proposals. Transit agencies are not eligible. The commute trip reduction board shall develop grant parameters, evaluation criteria, and evaluate grant proposals. The commute trip reduction board shall provide the transportation committees of the legislature a report on the effectiveness of this grant program and best practices for continuing the program.

(8) (a) Except as provided otherwise in this subsection, (~~(\$28,263,000)~~) \$29,030,000 of the multimodal transportation account-state appropriation is provided solely for connecting Washington transit projects identified in LEAP Transportation Document (~~(2021-2)~~) 2022-2 ALL PROJECTS as developed (~~(April 23, 2021)~~) March 9, 2022. It is the intent of the legislature that entities identified to receive funding in the LEAP document referenced in this subsection receive the amounts specified in the time frame specified in that LEAP document. If an entity has already completed a project in the LEAP document referenced in this subsection before the time frame identified, the entity may substitute another transit project or projects that cost a similar or lesser amount.

(b) Within the amount provided in this subsection, \$900,000 of the multimodal transportation account-state appropriation is provided solely to complete work on Martin Luther King Way, Rainier Ave improvements (G2000040).

(9) The department shall not require more than a ten percent match from nonprofit transportation providers for state grants.

(10) (~~(\$21,858,000)~~) \$23,349,000 of the multimodal transportation account-state appropriation is provided solely for the green transportation capital grant program established in chapter 287, Laws of 2019 (advancing green transportation adoption).

(11) \$555,000 of the multimodal transportation account-state appropriation is provided solely for an interagency transfer to the Washington State University extension energy program to establish and administer a technical assistance and education program for public agencies on the use of alternative fuel vehicles. The Washington State University extension energy program shall prepare a report regarding the utilization of the program and provide this report to the transportation committees of the legislature by November 15, 2021.

(12) The department must provide telework assistance to employers as part of its CTR activities. The objectives of telework assistance include improving transportation system performance, supporting economic vitality, and increasing equity and access to opportunity.

(13) \$150,000 of the multimodal transportation account-state appropriation is provided solely for Intercity Transit for the Dash shuttle program.

(14)(a) \$500,000 of the multimodal transportation account-state appropriation is provided solely for King county metro to develop a pilot program to place teams including human services personnel along routes that are enduring significant public safety issues and various disruptive behavior in south King county. The team would be available to deescalate disruptions, provide immediate access to transit resources, and refer customers to community resources to break cycles of inappropriate behavior. The teams must be individuals trained in deescalation and outreach. The function and duties should be cocreated with community stakeholders.

(b) King county metro must provide a report to the transportation committees of the legislature by June 30, 2023, regarding the effectiveness of the program, any suggestions for improving its efficacy, and any modifications that

might be necessary for other transit providers to institute similar programs.

(c) If King county metro does not provide at least \$500,000 to develop the pilot program funded by this subsection, the amount provided in this subsection lapses.

(15)(a) \$250,000 of the multimodal transportation account-state appropriation is provided solely for the department, in consultation with the joint transportation committee, to conduct a study of statewide transit service benchmarks. Elements of the study include:

(i) Development of definitions of frequent fixed route transit and accessible frequent fixed route transit; and

(ii) Identification of, to the extent possible using existing data, current gaps in frequent fixed route transit and accessible walking routes to frequent fixed route transit stops.

(b) An initial report is due by December 15, 2022, that proposes a definition of frequent transit and documents how many people in Washington live within one half mile walk of frequent transit. A final report is due by June 30, 2023, that identifies gaps in accessible frequent transit, analyzed for disparities in race, age, and disability, and develops funding scenarios to address the identified gaps.

(16) Within existing resources, the department shall prepare a report regarding the funding, implementation, and operation of the grant management system or systems utilized by the public transportation division. In preparing this report, the department must survey and report on all grant recipients experience with the operation of this system or systems. The department shall provide this report to the transportation committees of the legislature by November 15, 2022.

Sec. 222. 2021 c 333 s 221 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION-MARINE-PROGRAM X

Puget Sound Ferry Operations Account-State

Appropriation (~~(\$416,614,000)~~)

\$430,388,000

Puget Sound Ferry Operations Account—

Appropriation \$121,000

TOTAL APPROPRIATION
 (~~(\$540,735,000)~~)
 \$587,298,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2021-2023 supplemental and 2023-2025 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs. The data in the tables in the report must be supplied in a digital file format.

(2) For the 2021-2023 fiscal biennium, the department may enter into a distributor controlled fuel hedging program and other methods of hedging approved by the fuel hedging committee, which must include a representative of the department of enterprise services.

(3) (~~(\$17,000,000)~~) \$32,905,000 of the Puget Sound ferry operations account—federal appropriation and \$53,794,000 of the Puget Sound ferry operations account—state appropriation are provided solely for auto ferry vessel operating fuel in the 2021-2023 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, is contingent upon the enactment of section 703 of this act. The amount provided in this subsection represents the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall review future use of alternative fuels and dual fuel configurations, including hydrogen.

(4) \$500,000 of the Puget Sound ferry operations account—state appropriation

is provided solely for operating costs related to moving vessels for emergency capital repairs. Funds may only be spent after approval by the office of financial management.

(5) \$2,400,000 of the Puget Sound ferry operations account—state appropriation (~~(is)~~) and \$2,000,000 of the Puget Sound ferry operations account—federal appropriation are provided solely for staffing and overtime expenses incurred by engine and deck crewmembers. The department must provide updated staffing cost estimates for fiscal years 2022 and 2023 with its annual budget submittal and updated estimates by January 1, 2022.

(6) \$688,000 of the Puget Sound ferry operations account—state appropriation (is) and \$697,000 of the Puget Sound ferry operations account—federal appropriation are provided solely for new employee training. The department must work to increase its outreach and recruitment of populations underrepresented in maritime careers and continue working to expand apprenticeship and internship programs, with an emphasis on programs that are shown to improve recruitment for positions with the state ferry system.

(7) The department must request reimbursement from the federal transit administration for the maximum amount of ferry operating expenses eligible for reimbursement under federal law.

(8) (~~(\$1,978,000 of the Puget Sound ferry operations account state appropriation is provided solely for restoration of service to reflect increased ridership, availability of crewing and available revenues. Expenditures may be made to resume service to Sidney, British Columbia, including any service to the San Juans, to provide Saturday service on the Fauntleroy Vashon Southworth route, and to resume late night service on other routes in the system.~~)

(9) ~~Within amounts provided in this section,~~) \$484,000 of the Puget Sound ferry operations account—federal is provided solely for the department (shall) to contract (with uniformed officers) for additional traffic control assistance at the Kingston ferry terminal during peak ferry travel times, with a particular focus on Sundays and holiday weekends. Traffic control methods should include, but not be

limited to, holding traffic on the shoulder at Lindvog Road until space opens for cars at the tollbooths and dock, and management of traffic on Highway 104 in order to ensure Kingston residents and business owners have access to businesses, roads, and driveways.

~~((10))~~ (9) \$336,000 of the Puget Sound ferry operations account—state appropriation is provided solely for evacuation slide training.

~~((11))~~ (10) \$336,000 of the Puget Sound ferry operations account—state appropriation is provided solely for fall restraint labor and industries inspections.

~~((12))~~ (11) \$735,000 of the Puget Sound ferry operations account—state appropriation ~~((is))~~ and \$410,000 of the Puget Sound ferry operations account—federal appropriation are provided solely for familiarization for new assignments of engine crew and terminal staff.

~~((13))~~ (12) \$160,000 of the Puget Sound ferry operations account—state appropriation is provided solely for electronic navigation training.

(13) \$250,000 of the Puget Sound ferry operations account—state appropriation is provided solely for Washington State Ferries to conduct a study of passenger demographics. The study must include:

(a) Information on age, race, gender, income level of passengers by route in summer and winter seasons;

(b) Composition of passengers by travel purpose, such as commute, tourism, or commerce; and

(c) Frequency of passenger trips by mode and fare products utilized.

The study may be included as part of a larger origin and destination study. The department shall report study results to the transportation committees of the legislature by December 1, 2023.

(14)(a) \$8,419,000 of the Puget Sound ferry operations account—federal appropriation is provided solely for Washington state ferries to:

(i) Continuously recruit and hire deck, engine, and terminal staff;

(ii) Contract with an external recruitment firm to increase recruitment efforts both locally and nationally with an emphasis on attracting maritime

workers from communities underrepresented in the ferry system;

(iii) Enhance employee retention by standardizing on-call worker schedules;

(iv) Increase training and development opportunities for employees; and

(v) Make improvements to hiring processes by establishing additional positions to support timely hiring of employees.

(b) It is the intent of the legislature to continue funding for the activities outlined in this section as part of the move ahead WA package.

(15) \$248,000 of the Puget Sound ferry operations account—federal appropriation is provided solely for labor at the Vashon terminal.

(16) \$194,000 of the Puget Sound ferry operations account—federal appropriation is provided solely for operating costs at the Mukilteo terminal.

(17) \$294,000 of the Puget Sound ferry operations account—federal appropriation is provided solely for deck and engine internships.

(18) By December 1, 2022, the department must report on the status of efforts to increase training and development opportunities for employees. The report must include a description of the new training and career advancement programs for able-bodied sailors, mates, and engineers; the numbers of employees participating in each program; the number of employees completing each program; the number of open positions that the program is designed to fill; and the anticipated number of employee promotions as a result of program completion. The department must provide the report to the office of financial management and the transportation committees of the legislature.

(19) For the Mukilteo multimodal terminal, the department must submit a report showing for a 12-month period, on a monthly basis, how much electricity is generated by solar power generated on-site, electricity usage, and actual electricity cost savings. The report is due to the transportation committees of the legislature by June 30, 2023.

(20) \$93,000 of the Puget Sound ferry operations account—state appropriation is provided solely for Washington state ferries to partner with local community

colleges and universities to secure housing for workforce training sessions and to pay in advance for the costs of transportation worker identification credentials for incoming ferry system employees and trainees.

(21)(a) \$300,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the department, in consultation with the joint transportation committee, to oversee a consultant study to identify and recommend cost-effective strategies to maximize walk-on passenger ridership of the Anacortes - San Juan ferry routes. The study must also identify available public funding sources to support these strategies. Reducing the need for passengers to bring their cars on the ferries will increase the capacity of each ferry run to transport more people.

(b) The evaluated options may include, but not be limited to:

(i) Increased public funding or other support for transit or shuttle service between ferry landings on Orcas, Lopez, San Juan, and Anacortes and nearby major town centers or connecting transit hubs;

(ii) Options to increase availability of taxi and rideshare services at each of the landings;

(iii) Short-term electric vehicle rentals at ferry landings, including electric bicycles and scooters;

(iv) Public funding or other support to increase the available locations for additional parking and reduce the cost for short-term parking near each landing;

(v) Marketing of the availability of options through the Washington state ferries reservation system website, on ferries and at ferry landings and ticketing facilities.

(c) Outreach for the study, including on the feasibility and effectiveness of each strategy evaluated, must include outreach to representatives of:

(i) Washington state ferries;

(ii) San Juan county council;

(iii) Anacortes and San Juan Islands ferry advisory committee members;

(iv) San Juan economic development council;

(v) City of Anacortes;

(vi) City of Friday Harbor;

(vii) Skagit transit;

(viii) Skagit RTPO;

(ix) Eastsound;

(x) Lopez Village;

(xi) Transit dependent populations; and

(xii) Others as deemed appropriate by the committee.

(d) A report with recommendations on the most feasible and cost-effective strategies to maximize walk-on passenger ridership of the Anacortes - San Juan and Anacortes - Sidney ferry routes is due to the transportation committees of the legislature by January 6, 2023.

(22)(a) During negotiations of the 2023-2025 collective bargaining agreements, the department must conduct a review and analysis of the collective bargaining agreements governing state ferry employees, to identify provisions that create barriers for, or contribute to creating a disparate impact on, newly hired ferry employees, including those who are women, people of color, veterans, and other employees belonging to communities that have historically been underrepresented in the workforce. The review and analysis must include, but not be limited to, provisions regarding seniority, work assignments, and work shifts. The review and analysis must also include consultation with the governor's office of labor relations, the governor's office of equity, and the attorney general's office.

(b) For future negotiations or modifications of the collective bargaining agreements, it is the intent of the legislature that the collective bargaining representatives for the state and ferry employee organizations may consider the findings of the review and analysis required in (a) of this subsection and negotiate in a manner to remove identified barriers and address identified impacts so as not to perpetuate negative impacts.

(23) To the extent that an activity funded by federal funds in this section is not eligible for federal reimbursement, the department may transfer expenditure authority between state and federal appropriations provided in this section.

Sec. 223. 2021 c 333 s 222 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION—RAIL—PROGRAM Y—OPERATING

Multimodal Transportation Account—State

Appropriation ((~~\$80,704,000~~))
\$68,430,000

Multimodal Transportation Account—Private/Local

Appropriation \$46,000

Multimodal Transportation Account—Federal

Appropriation \$500,000

TOTAL APPROPRIATION
 ((~~\$81,250,000~~))
\$68,976,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department is directed to continue to pursue efforts to reduce costs, increase ridership, and review Amtrak Cascades fares and fare schedules. Within thirty days of each annual cost/revenue reconciliation under the Amtrak service contract, the department shall report annual credits to the office of financial management and the legislative transportation committees. Annual credits from Amtrak to the department including, but not limited to, credits due to higher ridership, reduced level of service, and fare or fare schedule adjustments, must be used to offset corresponding amounts of the multimodal transportation account—state appropriation, which must be placed in reserve.

(2) Consistent with the ongoing planning and service improvement for the intercity passenger rail program, \$500,000 of the multimodal transportation account—state is provided solely for the Cascades service development plan. This funding is to be used to analyze current and future market conditions and to develop a structured assessment of service options and goals based on anticipated demand and the results of the state and federally required 2019 state rail plan, including identifying implementation alternatives to meet the future service goals for the

Amtrak Cascades route. The work must be consistent with federal railroad administration guidance and direction on developing service development plans. It must also leverage the \$500,000 in federal funding appropriated for development of a service development plan and comply with the planning and grant award obligations of the consolidated rail infrastructure and safety improvements (CRISI) program. A status report must be provided to the transportation committees of the legislature by June 30, 2022.

(3) \$4,000,000 of the multimodal transportation account—state appropriation is provided solely for the continued coordination, engagement, and planning for a new ultra high-speed ground transportation corridor with participation from Washington, Oregon, and British Columbia. This funding is contingent on meaningful financial contributions for this effort by Oregon or British Columbia. "Ultra high-speed" means a maximum testing speed of at least 250 miles per hour. These efforts are to support and advance activities and must abide by the memorandum of understanding signed by the governors of Washington and Oregon, and the premier of the province of British Columbia in November 2021. The department shall establish a policy committee with participation from Washington, Oregon, and British Columbia, including representation from the two largest caucuses of each chamber of the Washington state legislature, and coordinate the activities of the policy committee to include:

(a) Developing an organizational framework that facilitates input in decision-making from all parties;

(b) Developing a public engagement approach with a focus on equity, inclusion, and meaningful engagement with communities, businesses, federal, state, provincial, and local governments including indigenous communities;

(c) Developing and leading a collaborative approach to prepare and apply for potential future federal, state, and provincial funding opportunities, including development of strategies for incorporating private sector participation and private sector contributions to funding, including through the possible use of public-private partnerships;

(d) Beginning work on scenario analysis addressing advanced transportation technologies, land use and growth assumptions, and an agreed to and defined corridor vision statement; and

(e) Developing a recommendation on the structure and membership of a formal coordinating entity that will be responsible for advancing the project through the project initiation stage to project development and recommended next steps for establishment of the coordinating entity. Project development processes must include consideration of negative and positive impacts on communities of color, low-income households, indigenous peoples, and other disadvantaged communities.

By June 30, 2023, the department shall provide to the governor and the transportation committees of the legislature a report detailing the work conducted by the policy committee and recommendations for establishing a coordinating entity. The report must also include an assessment of current activities and results relating to stakeholder engagement, planning, and any federal funding application. As applicable, the assessment should also be sent to the executive and legislative branches of government in Oregon and appropriate government bodies in the province of British Columbia.

(4) The department shall consider applying for federal grant opportunities that support the development of the Amtrak Cascades service. Grant submittals must align with the department's federally required service development plan and state rail plans and partnership agreements with Amtrak as the service provider and BNSF Railway as the host railroad.

Sec. 224. 2021 c 333 s 223 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION-LOCAL PROGRAMS-PROGRAM Z-OPERATING

Motor Vehicle Account-State
Appropriation (~~(\$11,954,000)~~)

\$12,451,000

Motor Vehicle Account-Federal
Appropriation \$2,567,000

Multiuse Roadway Safety Account-State
Appropriation \$900,000

Multimodal Transportation Account-State

Appropriation \$250,000

TOTAL APPROPRIATION
(~~(\$15,421,000)~~)

\$16,168,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The entire multiuse roadway safety account-state appropriation is provided solely for grants under RCW 46.09.540, subject to the following limitations:

(a) Twenty-five percent of the amounts provided are reserved for counties that each have a population of fifteen thousand persons or less; and

(b)(i) Seventy-five percent of the amounts provided are reserved for counties that each have a population exceeding fifteen thousand persons; and

(ii) No county that receives a grant or grants under (a) of this subsection may receive more than sixty thousand dollars in total grants.

(2) \$1,023,000 of the motor vehicle account-state appropriation is provided solely for the department, from amounts set aside out of statewide fuel taxes distributed to counties according to RCW 46.68.120(3), to contract with the Washington state association of counties to:

(a) In coordination with stakeholders, identify county-owned fish passage barriers, and assess which barriers share the same stream system as state-owned fish passage barriers;

(b) Streamline and update the county road administration board's data dashboard, county reporting systems, and program management software to provide a more detailed, more transparent, and user-friendly platform for data management, reporting, and research by the public and other interested parties; and

(c) Conduct a study of the use of county road right-of-way as a potential source of revenue for county road operating and maintenance needs with recommendations on their feasibility statewide.

~~((3)(a) By October 1, 2021, the department must report to the office of~~

~~financial management and the transportation committees with recommendations regarding:~~

~~(i) Modifications to the agreement with Wahkiakum county regarding future state reimbursement for the Wahkiakum ferry operating and maintenance deficit; and~~

~~(ii) Cost sharing models for operating and maintenance costs, which recognize the benefit of the ferry route to both Washington and Oregon.~~

~~(b) The reimbursement recommendations must reflect a mutual agreement with Wahkiakum county, which considers future county ferry operating loss projections. The report may address the importance of the ferry route to the state highway system and whether there is a need for an increased role for the state department of transportation in the finance or operation of the ferry route.)~~

TRANSPORTATION AGENCIES—CAPITAL

Sec. 301. 2021 c 333 s 301 (uncodified) is amended to read as follows:

FOR THE FREIGHT MOBILITY STRATEGIC INVESTMENT BOARD

Freight Mobility Investment Account—State

Appropriation ((~~\$16,577,000~~))
\$17,769,000

Freight Mobility Multimodal Account—State

Appropriation ((~~\$15,195,000~~))
\$14,004,000

TOTAL APPROPRIATION
 ((~~\$31,772,000~~))
\$31,773,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as otherwise provided in this section, the entire appropriations in this section are provided solely for the projects by amount, as listed in the LEAP Transportation Document ((~~2021-2~~)) 2022-2 ALL PROJECTS as developed ((~~April 23, 2021~~)) March 9, 2022, Freight Mobility Strategic Investment Board (FMSIB).

(2) Until directed by the legislature, the board may not initiate a new call for projects.

(3) It is the intent of the legislature to continue to make strategic investments in a statewide freight mobility transportation system with the help of the freight mobility strategic investment board, including projects that mitigate the impact of freight movement on local communities. To that end, and in coordination with WSDOT as it updates its federally-compliant freight plan, the board is directed to identify the highest priority freight investments for the state, across freight modes, state and local jurisdictions, and regions of the state. By December 1, 2021, the board must submit a preliminary report providing a status update on the process and methodology for identifying and prioritizing investments. By December 1, 2022, the board must submit a prioritized list of freight investments that are geographically balanced across the state and can proceed to construction in a timely manner. The prioritized freight project list for the state portion of national highway freight program funds must first address shortfalls in funding for connecting Washington act projects.

(4)(a) For the 2021-2023 project appropriations, unless otherwise provided in this act, the director of the office of financial management may authorize a transfer of appropriation authority between projects managed by the freight mobility strategic investment board in order for the board to manage project spending and support the efficient and timely delivery of all projects in the program. The office of financial management may authorize a transfer of appropriation authority between projects under the following conditions and limitations:

(i) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(ii) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects on ((~~the~~)) LEAP Transportation Document ((2021-2)) 2022-2 ALL ((PROJECT list)) PROJECTS as developed March 9, 2022;

(iii) Transfers between projects may be made by the board without the formal written approval provided under this subsection (3)(a), provided that the transfer amount does not exceed \$250,000 or 10 percent of the total project, whichever is less. These transfers must be reported to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees; and

(iv) Except for transfers made under (a)(iii) of this subsection, transfers may only be made in fiscal year 2023.

(b) At the time the board submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(c) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and consider any concerns raised by the chairs and ranking members of the transportation committees.

(d) No fewer than 10 days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the board of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

Sec. 302. 2021 c 333 s 302 (uncodified) is amended to read as follows:

FOR THE WASHINGTON STATE PATROL

State Patrol Highway Account—State Appropriation (~~(\$4,196,000)~~)
\$4,803,000

The appropriation in this section is subject to the following conditions and limitations:

(1) \$695,000 of the state patrol highway account—state appropriation is provided solely for roof replacement.

(2) \$3,501,000 of the state patrol highway account—state appropriation is provided solely for the following projects:

(a) \$250,000 for emergency repairs;

(b) \$350,000 for fuel tank decommissioning;

(c) \$750,000 for generator and electrical replacement;

(d) \$195,000 for the exterior envelope of the Yakima office;

(e) \$466,000 for equipment shelters;

(f) \$650,000 for the weatherization projects;

(g) \$200,000 for roof replacements reappropriation; and

(h) \$640,000 for water and fire suppression systems reappropriation and \$607,000 for additional water and fire suppression systems.

(3) The Washington state patrol may transfer funds between projects specified in this subsection to address cash flow requirements. If a project specified in this subsection is completed for less than the amount provided, the remainder may be transferred to another project specified in this subsection not to exceed the total appropriation provided in this subsection.

Sec. 303. 2021 c 333 s 303 (uncodified) is amended to read as follows:

Appropriation \$7,200,000

TOTAL APPROPRIATION
(~~(\$4,089,878,000)~~)

\$3,663,335,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document (~~(2021-1)~~) 2022-1 as developed (~~(April 23, 2021)~~) March 9, 2022, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and

limitations in section 601 (~~of this act~~), chapter 333, Laws of 2021.

(2) Except as provided otherwise in this section, the entire motor vehicle account-state appropriation and motor vehicle account-federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document (~~(2021-2)~~) 2022-2 ALL PROJECTS as developed (~~(April 23, 2021)~~) March 9, 2022, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (OBI4001), as long as the application of the funds is not inconsistent with subsection (26) of this section.

(3) Within the motor vehicle account-state appropriation and motor vehicle account-federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account-state appropriation includes up to (~~(\$2,230,636,000)~~) \$326,594,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account-state appropriation includes up to (~~(\$82,475,000)~~) \$51,460,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account-state appropriation includes up to (~~(\$28,411,000)~~) \$124,629,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(7) (~~(\$60,450,000)~~) \$161,792,000 of the transportation partnership account-state appropriation, (~~(\$2,258,000)~~) \$3,882,000 of the motor vehicle account-private/local appropriation, \$9,000,000 of the motor vehicle account-state appropriation, \$1,000 of the transportation 2003 account (nickel

account)-state appropriation, and (~~(\$984,000)~~) \$985,000 of the multimodal transportation account-state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (809936Z). It is the intent of the legislature that any legal damages paid to the state as a result of a lawsuit related to contractual provisions for construction and delivery of the Alaskan Way viaduct replacement project be used to repay project cost increases paid from the transportation partnership account-state funds and motor vehicle account-state funds.

(8) (~~(\$193,699,000)~~) \$186,820,000 of the connecting Washington account-state appropriation (~~(is)~~) and \$488,000 of the motor vehicle account-local appropriation are provided solely for the US 395 North Spokane Corridor project (M00800R). If the department expects the original scope of this project to be completed under budget when a final design is approved for the interchange with I-90 and nearby on ramp access, then the scope of work for this project must also include constructing a land bridge in the vicinity of Liberty Park in Spokane, if appropriations are sufficient. It is the intent of the legislature, consistent with the move ahead WA proposal, to advance future funding for this project in order to accelerate delivery by up to two years.

(9)(a) (~~(\$14,827,000)~~) \$177,982,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation is provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project.

(b) The department may advance the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) and construct the project earlier than is scheduled in the LEAP transportation document referenced in subsection (2) of this section if additional funding is identified and submitted through the existing unanticipated receipts process by September 1, 2021. The department and the state treasurer shall pursue alternatives to toll revenue funding including but not limited to federal loan

and grant programs. The department shall explore phasing and modifying the project to attempt to align project completion with the anticipated deployment of bus rapid transit on the corridor in the 2023-2025 biennium. The department shall report back to the transportation committees of the legislature on this work by September 15, 2021.

(10)(a) (~~(\$492,349,000)~~) \$329,681,000 of the connecting Washington account-state appropriation, \$70,886,000 of the state route number 520 corridor account-state appropriation, and (~~(\$355,000)~~) \$1,021,000 of the motor vehicle account-private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), the department shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) Of the amounts provided in this subsection (10), \$100,000 of the state route number 520 corridor account-state appropriation is provided solely for noise mitigation activities. It is the intent of the legislature to provide an additional \$1,000,000 for noise mitigation activities over the course of the 16-year move ahead WA funding package.

(11) (~~(\$382,880,000)~~) \$361,296,000 of the connecting Washington account-state appropriation, \$4,800,000 of the multimodal transportation account-state appropriation, (~~(\$17,869,000)~~) \$13,725,000 of the motor vehicle account-private/local appropriation, \$7,200,000 of the move ahead WA account-federal appropriation, \$8,400,000 of the Puget Sound Gateway facility account-state appropriation, and (~~(\$82,165,000)~~) \$85,015,000 of the motor vehicle account-federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall

continue to collaborate with the affected stakeholders as it implements the corridor construction and implementation plan for state route number 167 and state route number 509. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) It is the legislature's intent that the department shall (~~(construct a full single point urban)~~) consult with the joint executive committee and joint steering committee to determine the most appropriate interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 (~~(and a full directional interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two interchanges)~~).

(d) Of the amounts provided in this subsection, \$2,300,000 of the multimodal transportation account-state appropriation is provided solely for the design phase of the Puyallup to Tacoma multiuse trail along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(e) Of the amounts provided in this subsection, \$2,500,000 of the multimodal transportation account-state appropriation is provided solely for segment 2 of the state route number 167 completion project shared-use path to provide connections to the interchange of state route number 167 at 54th to the intersection of state route number 509 and Taylor Way in Tacoma.

(12)(a) (~~(\$26,928,000)~~) \$25,378,000 of the motor vehicle account-state appropriation and (~~(\$1,671,000)~~) \$413,000 of the motor vehicle account-private/local appropriation are provided solely to support a project office and the continued work toward the I-5 Interstate Bridge Replacement project (L2000370).

(b) The project office must also study the possible different governance structures for a bridge authority that

would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(c) During the 2021-2023 biennium, the department shall have as a goal to:

(i) Conduct all work necessary to prepare and publish a draft SEIS;

(ii) Coordinate with regulatory agencies to begin the process of obtaining environmental approvals and permits;

(iii) Identify a locally preferred alternative; and

(iv) Begin preparing a final SEIS.

The department shall aim to provide progress reports on these activities to the governor and the transportation committees of the legislature by December 1, 2021, June 1, 2022, and December 1, 2022.

(13)(a) ~~\$400,000,000~~ of the coronavirus state fiscal recovery fund-federal appropriation, ~~((\$529,577,000))~~ \$25,327,000 of the connecting Washington account-state appropriation, ~~((\$194,959,000))~~ \$35,263,000 of the motor vehicle account-federal appropriation, \$5,618,000 of the motor vehicle account-local appropriation, \$9,016,000 of the transportation partnership account-state appropriation, and ~~((\$1,849,000))~~ \$149,776,000 of the motor vehicle account-state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030. ~~((Of the amounts provided in this subsection, \$400,000,000 of the connecting Washington account state appropriation must be initially placed in unallotted status during the 2021-2023 fiscal biennium, and may only be released by the office of financial management for allotment by the department if it is determined that the Fish Passage Barrier Removal project (OBI4001) is not an eligible use of amounts received by the state pursuant to the federal American rescue plan act of 2021.))~~

(b) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach by replacing both state and local culverts guided by the principle of providing the greatest fish habitat gain at the earliest time. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert conditions, other transportation projects in the area, and transportation impacts. The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2021, and June 1, 2022.

(c) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(d) Of the amount provided in this subsection, \$142,923,000 of the motor vehicle account-federal appropriation reflects the department's portion of the unrestricted funds from the coronavirus response and relief supplemental appropriations act of 2021. If the final amount from this act changes while the legislature is not in session, the department shall follow the existing unanticipated receipt process and adjust the list referenced in subsection (1) of this section accordingly, supplanting state funds with federal funds if possible as directed in section 601 ~~((of this act))~~, chapter 333, Laws of 2021.

(14) ~~((\$14,669,000))~~ \$14,367,000 of the connecting Washington account-state appropriation, \$311,000 of the motor vehicle account-state appropriation, and ~~((\$3,037,000))~~ \$3,149,000 of the motor vehicle account-private/local appropriation are provided solely for the I-90/Barker to Harvard - Improve Interchanges & Local Roads project (L2000122). The connecting Washington account appropriation for the improvements that fall within the city of Liberty Lake may only be expended if the city of Liberty Lake agrees to cover any project costs within the city of Liberty Lake above the \$20,900,000 of state appropriation provided for the total

project on the list referenced in subsection (1) of this section.

(15) (~~(\$15,189,000)~~) \$16,984,000 of the motor vehicle account-federal appropriation, (~~(\$259,000)~~) \$269,000 of the motor vehicle account-state appropriation, and (~~(\$15,481,000)~~) \$17,900,000 of the Interstate 405 and state route number 167 express toll lanes account-state appropriation are provided solely for the SR 167/SR 410 to SR 18 - Congestion Management project (316706C).

(16) (~~(\$18,914,000)~~) \$18,915,000 of the Special Category C account-state appropriation is provided solely for the SR 18 Widening - Issaquah/Hobart Rd to Raging River project (L1000199) for improving and widening state route number 18 to four lanes from Issaquah-Hobart Road to Raging River.

(17) (~~(\$1,000,000)~~) \$2,500,000 of the connecting Washington account-state appropriation is provided solely for the North Lewis County transportation study. The study shall examine new, alternate routes for vehicular and truck traffic at the Harrison interchange (Exit 82) in North Centralia and shall allow for a site and configuration to be selected and feasibility to be conducted for final design, permitting, and construction of the I-5/North Lewis county Interchange project (L2000204). It is the intent of the legislature to advance future funding for this project to accelerate delivery by up to two years.

(18) (~~(\$1,090,000)~~) \$1,237,000 of the motor vehicle account-state appropriation is provided solely for the US 101/East Sequim Corridor Improvements project (L2000343).

(19) (~~(\$12,139,000)~~) \$2,197,000 of the motor vehicle account-state appropriation and (~~(\$9,104,000)~~) \$749,000 of the connecting Washington account-state appropriation are provided solely for the SR 522/Paradise Lk Rd Interchange & Widening on SR 522 (Design/Engineering) project (NPARADI).

(20) (~~(\$1,378,000)~~) \$1,455,000 of the motor vehicle account-federal appropriation is provided solely for the US 101/Morse Creek Safety Barrier project (L1000247).

(21) (~~(\$915,000)~~) \$1,000,000 of the motor vehicle account-state appropriation is provided solely for the SR 162/410 Interchange Design and Right of Way project (L1000276).

(22) (~~(\$6,581,000)~~) \$7,185,000 of the connecting Washington account-state appropriation is provided solely for the US Hwy 2 Safety project (N00200R).

(23) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(24) Any advisory group that the department convenes during the 2021-2023 fiscal biennium must consider the interests of the entire state of Washington.

(25) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled

concrete materials are exempt from chapter 173-350 WAC.

(26) \$2,738,000 of the motor vehicle account-state appropriation is provided solely for the US 97 Wildlife Crossing Improvements project (L2021117). It is the intent of the legislature that, to the extent possible, the department use this funding as match for competitive federal funding to make additional wildlife crossing improvements on the corridor. The department must report to the transportation committees of the legislature with additional corridors that could benefit from wildlife crossing improvements and that are likely to successfully compete for federal funding.

(27) \$12,635,000 of the connecting Washington account-state appropriation is provided solely for the SR 3 Freight Corridor (T30400R) project. The legislature intends to provide a total of \$78,910,000 for this project, including an increase of \$12,000,000 in future biennia to safeguard against inflation and supply/labor interruptions and ensure that:

(a) The northern terminus remains at Lake Flora Road and the southern terminus at the intersection of SR 3/SR 302;

(b) Multimodal safety improvements at the southern terminus remain in the project to provide connections to North Mason school district and provide safe routes to schools; and

(c) Intersections on the freight corridor are constructed at Romance Hill and Log Yard road.

(28) \$450,000 of the motor vehicle account-state appropriation is provided solely for the SR 900 Safety Improvements project (L2021118). The department must:

(a) Work in collaboration with King county and Skyway coalition to align community assets, transportation infrastructure needs, and initial design for safety improvements along SR 900; and

(b) work with the Skyway coalition to lead community planning engagement and active transportation activities.

(29) \$5,694,000 of the connecting Washington account-state appropriation is provided solely for the I-5/Chamber Way Interchange Vicinity Improvements project.

(30) \$500,000 of the motor vehicle account-state appropriation is provided

solely for SR 162/SR 161 Additional Connectivity in South Pierce County project (L1000312) to conduct a study on the need for additional connectivity in the area between SR 162, south of Military Road East and north of Orting, and SR 161 in South Pierce county.

\$992,723,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document (~~(2021-1)~~) 2022-1 as developed (~~(April 23, 2021)~~) March 9, 2022, Program - Highway Preservation Program (P). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 (~~(of this act)~~), chapter 333, Laws of 2021.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document (~~(2021-2)~~) 2022-2 ALL PROJECTS as developed (~~(April 23, 2021)~~) March 9, 2022, Program - Highway Preservation Program (P). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (0BI4001), as long as the application of the funds is not inconsistent with subsection (10) of this section.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns

raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) (~~(\$5,166,000)~~) \$8,531,000 of the connecting Washington account—state appropriation is provided solely for the land mobile radio upgrade (G2000055) and is subject to the conditions, limitations, and review provided in section 701 (~~(of this act)~~), chapter 333, Laws of 2021. The land mobile radio project is subject to technical oversight by the office of the chief information officer. The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide quarterly reports to the technology services board on project progress.

(5) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund (L2000290). The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project (809936Z).

(6) \$11,679,000 of the motor vehicle account—federal appropriation is provided solely for preservation projects within project L1100071 that ensure the reliable movement of freight on the national highway freight system. The department shall give priority to those projects that can be advertised by September 30, 2021.

(7) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(8) Within the connecting Washington account-state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

(9) \$1,700,000 of the motor vehicle account-state appropriation is provided solely for the SR 109/88 Corner Roadway project (G2000106).

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document ((2021-2)) 2022-2 ALL PROJECTS as developed ((April 23, 2021)) March 9, 2022, Program - Washington State Ferries Capital Program (W).

(2) For the 2021-2023 biennium, the marine division shall provide to the office of financial management and the legislative transportation committees the following reports on ferry capital projects:

(a) On a semiannual basis the report must include a status update on projects with funding provided in subsections (4), (5), (6), and (8) of this section including, but not limited to, the following:

(i) Anticipated cost increases and cost savings;

(ii) Anticipated cash flow and schedule changes; and

(iii) Explanations for the changes.

(b) On an annual basis the report must include a status update on vessel and terminal preservation and improvement plans including, but not limited to, the following:

(i) What work has been done;

(ii) How have schedules shifted; and

(iii) Associated changes in funding among projects, accompanied by explanations for the changes.

(c) On an annual basis the report must include an update on the implementation of the maintenance management system with recommendations for using the system to improve the efficiency of project reporting under this subsection.

(3) (~~(\$5,000,000)~~) \$12,232,000 of the Puget Sound capital construction account-state appropriation is provided solely for emergency capital repair costs (999910K). Funds may only be spent after approval by the office of financial management.

(4) (~~(\$1,277,000)~~) \$2,385,000 of the Puget Sound capital construction account-state appropriation is provided solely for the ORCA card next generation project (L2000300). The ferry system shall work with Washington technology solutions and the tolling division on the

development of a new, interoperable ticketing system.

(5) (~~(\$24,750,000)~~) \$28,134,000 of the Puget Sound capital construction account-state appropriation is provided solely for the conversion of up to two Jumbo Mark II vessels to electric hybrid propulsion (G2000084). The department shall seek additional funds for the purposes of this subsection. The department may spend from the Puget Sound capital construction account-state appropriation in this section only as much as the department receives in Volkswagen settlement funds for the purposes of this subsection.

(6) (~~(\$152,453,000)~~) \$45,668,000 of the capital vessel replacement account-state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel (L2000329). In 2019 the legislature amended RCW 47.60.810 to direct the department to modify an existing vessel construction contract to provide for an additional five ferries. As such, it is the intent of the legislature that the department award the contract for the hybrid electric Olympic class vessel #5(L2000329) in a timely manner. In addition, the legislature intends to minimize costs and maximize construction efficiency by providing sufficient funding for construction of all five vessels, including funding for long lead time materials procured at the lowest possible prices. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690. If the department elects not to execute a new modification to an existing option contract for one or more additional 144-

auto ferries under RCW 47.60.810(4), the department shall proceed with development of a new design-build request for proposals in accordance with RCW 47.60.810, 47.60.812, 47.60.814, 47.60.815, 47.60.816, 47.60.818, 47.60.820, 47.60.822, 47.60.824, and 47.60.8241. Of the amounts provided in this section, \$200,000 is provided solely for hiring an independent owner's representative to perform quality oversight, manage the change order process, and ensure contract compliance.

(7) The capital vessel replacement account-state appropriation includes up to ~~(((\$152,453,000))~~ \$45,468,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(8) \$4,200,000 of the connecting Washington account-state appropriation ~~((and \$2,200,000 of the Puget Sound operating account [Puget Sound capital construction account] federal appropriation are))~~ is provided solely for ferry vessel and terminal preservation (L2000110). The funds provided in this subsection must be used for unplanned preservation needs before shifting funding from other preservation projects.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document ~~((2021-2))~~ 2022-2 ALL PROJECTS as developed ~~((April 23, 2021))~~ March 9, 2022, Program - Rail Program (Y).

(2) \$5,089,000 of the transportation infrastructure account-state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. The department shall report annually to the transportation committees of the legislature and the office of financial management on all FRIB loans issued. FRIB program loans may be recommended by the department for 2022 supplemental transportation appropriations up to the amount provided in this appropriation that has not been provided for the projects listed in 2021-2 ALL PROJECTS, as referenced in subsection (1) of this section. The department shall submit a prioritized list for any loans recommended to the office of financial management and the transportation committees of the legislature by November 15, 2021.

(3) ~~(((\$6,817,000))~~ \$7,041,000 of the multimodal transportation account-state appropriation is provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(4) \$367,000 of the transportation infrastructure account-state appropriation and \$1,100,000 of the multimodal transportation account-state appropriation are provided solely to reimburse Highline Grain, LLC for

approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects. The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(5)(a) (~~(\$550,000)~~) \$1,008,000 of the essential rail assistance account-state appropriation is provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).

(b) Expenditures from the essential rail assistance account-state in this subsection may not exceed the combined total of:

(i) Revenues and transfers deposited into the essential rail assistance account from leases and sale of property relating to the Palouse river and Coulee City railroad;

(ii) Revenues from trackage rights agreement fees paid by shippers; and

(iii) Revenues and transfers transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2022, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(7) (~~(\$33,964,000)~~) \$32,996,000 of the multimodal transportation account-state appropriation (~~and \$37,500,000 of the multimodal transportation account-federal appropriation are~~) is provided solely for Passenger Rail Equipment Replacement (project ~~((700010C.))~~) 700010C). The ~~((appropriations))~~ appropriation in this subsection include insurance proceeds received by the state. The department must use these funds only to purchase replacement equipment that has been competitively procured and for service recovery needs and corrective actions related to the December 2017 derailment.

(8) (~~(\$223,000 of the multimodal transportation account state appropriation is provided solely for contingency funding for emergent freight rail assistance projects funded in subsection (3) of this section. Project sponsors may apply to the department for contingency funds needed due to unforeseeable cost increases. The department shall submit a report of any contingency funds provided under this subsection as part of the department's annual budget submittal.~~

~~(9))~~ It is the intent of the legislature to encourage the department to pursue federal grant opportunities leveraging up to \$6,696,000 in connecting Washington programmed funds to be used as a state match to improve the state-owned Palouse river and Coulee City system. The amount listed in this subsection is not a commitment for future legislatures, but is the legislature's intent that future legislatures will work to approve biennial appropriations up to a state match share not to exceed \$6,696,000 of a grant award.

(9) \$500,000 of the multimodal transportation account-state appropriation is provided solely for the Chelatchie Prairie railroad for track improvement activities on the northern part of the railroad (L1000311).

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2021, and December 1, 2022, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program. The report must include, but is not limited to, a list of projects selected and a brief description of each project's status. In its December 1, 2021, report the department must also include recommended changes to the pedestrian safety/safe routes to school grant program application and selection processes to increase utilization by a greater diversity of jurisdictions.

(4) ~~((\$6,561,000))~~ \$11,987,000 of the multimodal transportation account—state appropriation is provided solely for bicycle and pedestrian projects listed in the LEAP transportation document referenced in subsection (1) of this section.

(5) It is the expectation of the legislature that the department will be administering a local railroad crossing safety grant program for \$7,000,000 in federal funds during the 2021-2023 fiscal biennium.

(6) ~~((\$12,500,000))~~ \$17,438,000 of the motor vehicle account—federal appropriation is provided solely for national highway freight network

projects identified on the project list submitted in accordance with section 218(4)(b), chapter 14, Laws of 2016 on October 31, 2016 (L1000169).

(7) When the department updates its federally-compliant freight plan, it shall consult the freight mobility strategic investment board on the freight plan update and on the investment plan component that describes how the estimated funding allocation for the national highway freight program for federal fiscal years 2022-2025 will be invested and matched. The investment plan component for the state portion of national highway freight program funds must first address shortfalls in funding for connecting Washington act projects. The department shall complete the freight plan update in compliance with federal requirements and deadlines and shall provide an update on the development of the freight plan, including the investment plan component, when submitting its 2022 supplemental appropriations request.

(8) (~~(\$11,679,000)~~) \$35,411,000 of the motor vehicle account-federal appropriation is provided solely for acceleration of local preservation projects that ensure the reliable movement of freight on the national highway freight system (G2000100). The department will identify projects through its current national highway system asset management call for projects with applications due in February 2021. The department shall give priority to those projects that can be obligated by September 30, 2021.

(9) \$400,000 of the multimodal transportation account-state appropriation is provided solely for a grant to the Northwest Seaport Alliance (NWSA) to lead the creation and coordination of a multistakeholder zero emissions truck collaborative that will: (a) Facilitate the development and implementation of one or more zero-emissions drayage truck demonstration projects in Washington state; and (b) develop a roadmap for transitioning the entire fleet of approximately 4,500 drayage trucks that serve the NWSA cargo gateway to zero-emissions vehicles by 2050 or sooner.

(10) \$8,524,000 of the connecting Washington account-state appropriation is provided solely for the I-5/Mellen Street Connector project.

(11) \$500,000 of the motor vehicle account-state appropriation is provided solely for the 166th/SR 410 Interchange.

(12) \$1,063,000 of the motor vehicle account-state appropriation is provided solely for repairs and rehabilitation of the Pierce county ferry landings at Anderson Island and Steilacoom.

(13) \$300,000 of the motor vehicle account-state appropriation is provided solely for the city of Spokane for preliminary engineering of the US 195/Inland Empire Way project. Funds may be used for predesign environmental assessment work, community engagement, design, and project cost estimation.

Sec. 311. 2021 c 333 s 313 (uncodified) is amended to read as follows:

QUARTERLY REPORTING REQUIREMENTS FOR CAPITAL PROGRAM

On a quarterly basis, the department of transportation shall provide to the office of financial management and the legislative transportation committees a report for all capital projects, except for ferry projects subject to the reporting requirements established in section 309 (~~of this act~~), chapter 333, Laws of 2021, that must include:

(1) A TEIS version containing actual capital expenditures for all projects consistent with the structure of the most recently enacted budget;

(2) Anticipated cost savings, cost increases, reappropriations, and schedule adjustments for all projects consistent with the structure of the most recently enacted budget;

(3) The award amount, the engineer's estimate, and the number of bidders for all active projects consistent with the structure of the most recently enacted budget; and

(4) Risk reserves and contingency amounts for all projects consistent with the structure of the most recently enacted budget.

NEW SECTION. Sec. 312. A new section is added to 2021 c 333 (uncodified) to read as follows: **FOR THE WASHINGTON STATE DEPARTMENT OF TRANSPORTATION-FUNDS MANAGEMENT**

(1) As part of the department of transportation's 2023-2025 biennial budget request, the department shall provide an overview of capital funds

management challenges and recommendations for funds management strategies that would improve the likelihood of increasing performance associated with the following outcomes:

(a) Streamlined delivery of the department's capital program and local government capital projects;

(b) Increased likelihood that federal funds are committed and used prior to debt backed capital resources;

(c) Reduced overall time and cost of administrative efforts of the department and local governments;

(d) Ensured federal government contributions regarding its share toward overhead costs;

(e) Increased disadvantaged business enterprise program participation and/or funding;

(f) Maximized amount of federal redistributed and grant funding received by the state, including how to position the state for providing state matching funds for federal grant opportunities;

(g) Increased clarity on how federal funds are administered;

(h) Identification of opportunities to leverage current and future toll credits secured by the state; and

(i) Minimized risk of audit findings related to federal funds.

(2) The department may provide recommendations on the transportation appropriations act structure and project list amendments to most efficiently utilize state and federal capital funds.

(3) As part of the department's 2023-2025 biennial budget request, the department shall also report on:

(a) The federal grant programs it has applied for;

(b) The federal competitive grant programs it could have applied for but did not and the reason or reasons it did not apply; and

(c) The potential to use a federal fund exchange program to most efficiently use state and local federal funds.

(1) An agreement has been reached between the governor and the Washington public employees association under the provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include wage increases, but does

include 24 furlough days for employees in positions that do not require the position to be backfilled.

(2) An agreement has been reached between the governor and the Washington public employees association general government under the provisions of chapter 41.80 RCW for fiscal year 2023. The agreement includes and funding is provided for a general wage increase of 3.25 percent for fiscal year 2023 and a lump sum payment for employees hired before July 1, 2022.

Sec. 517. 2021 c 333 s 518 (uncodified) is amended to read as follows:

COLLECTIVE BARGAINING AGREEMENT—COALITION OF UNIONS

(1) An agreement has been reached for the 2019-2021 biennium between the governor and the coalition of unions under the provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which includes 24 furlough days for employees in position that do not require the position to be backfilled. The agreement includes and funding is provided for a 2.5 percent wage increase for fiscal year 2022 and a 2.5 percent wage increase for fiscal year 2023 for the department of corrections marine vessel operators.

(2) An agreement has been reached between the governor and the coalition of unions under the provisions of chapter 41.80 RCW for fiscal year 2023. The agreement includes and funding is provided for a general wage increase of 3.25 percent for fiscal year 2023 and a lump sum payment for employees hired before July 1, 2022.

Sec. 518. 2021 c 333 s 519 (uncodified) is amended to read as follows:

COLLECTIVE BARGAINING AGREEMENT—WSP TROOPERS ASSOCIATION

(1) An agreement has been reached between the governor and the Washington state patrol troopers association under the provisions of chapter 41.56 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include general wages increases but does provide the ability to request to reopen the compensation article for the purpose of bargaining base rate of pay for fiscal year 2023.

(2) An agreement has been reached between the governor and the Washington state patrol troopers association under the provisions of chapter 41.56 RCW for fiscal year 2023. The agreement includes and funding is provided for a general wage increase of 10 percent for fiscal year 2023.

Sec. 519. 2021 c 333 s 520 (uncodified) is amended to read as follows:

**COLLECTIVE BARGAINING AGREEMENT—WSP
LIEUTENANTS AND CAPTAINS ASSOCIATION**

(1) An agreement has been reached between the governor and the Washington state patrol lieutenants and captains association under the provisions of chapter 41.56 RCW for the 2021-2023 fiscal biennium. Funding is provided to fund the agreement, which does not include general wages increases but does provide the ability to request to reopen the compensation article for the purpose of bargaining base rate of pay for fiscal year 2023.

(2) An agreement has been reached between the governor and the Washington state patrol lieutenants and captains association under the provisions of chapter 41.56 RCW for fiscal year 2023. The agreement includes and funding is provided for a general wage increase of 10 percent for fiscal year 2023.

Sec. 520. 2021 c 333 s 521 (uncodified) is amended to read as follows:

**COMPENSATION—REPRESENTED EMPLOYEES—
HEALTH CARE—COALITION—INSURANCE BENEFITS**

An agreement was reached for the 2021-2023 biennium between the governor and the health care coalition under the provisions of chapter 41.80 RCW. Appropriations in this act for state agencies, including institutions of higher education, are sufficient to implement the provisions of the 2021-2023 collective bargaining agreement, which maintains the provisions of the 2019-2021 agreement, and are subject to the following conditions and limitations:

The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$936 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding

rate shall not exceed (~~(\$1091)~~) \$1,130 per eligible employee.

The board shall collect a \$25 per month surcharge payment from members who use tobacco products and a surcharge payment of not less than \$50 per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment if directed by the legislature.

Sec. 521. 2021 c 333 s 522 (uncodified) is amended to read as follows:

**COMPENSATION—REPRESENTED EMPLOYEES
OUTSIDE HEALTH CARE COALITION—INSURANCE
BENEFITS**

Appropriations for state agencies in this act are sufficient for represented employees outside the coalition for health benefits, and are subject to the following conditions and limitations: The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, may not exceed \$936 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding rate may not exceed (~~(\$1091)~~) \$1,130 per eligible employee.

Sec. 522. 2021 c 333 s 523 (uncodified) is amended to read as follows:

**COMPENSATION—NONREPRESENTED
EMPLOYEES—INSURANCE BENEFITS**

Appropriations for state agencies in this act are sufficient for nonrepresented state employee health benefits for state agencies, including institutions of higher education, and are subject to the following conditions and limitations: The employer monthly funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$936 per eligible employee for fiscal year 2022. For fiscal year 2023, the monthly employer funding rate shall not exceed (~~(\$1091)~~) \$1,130 per eligible employee.

NEW SECTION. Sec. 523. A new section is added to 2021 c 333 (uncodified) to read as follows: **GENERAL WAGE INCREASES**

(1) Appropriations for state agency employee compensation in this act are sufficient to provide general wage increases to state agency employees who are not represented or who bargain under statutory authority other than chapter 41.80 or 47.64 RCW or RCW 41.56.473 or RCW 41.56.475.

(2) Funding is provided for a 3.25 percent salary increase effective July 1, 2022, for all classified employees as specified in subsection (1) of this section, employees in the Washington management service, and exempt employees under the jurisdiction of the office of financial management. The appropriations are also sufficient to fund a 3.25 percent salary increase effective July 1, 2022 for executive, legislative, and judicial branch employees exempt from merit system rules whose maximum salaries are not set by the commission on salaries of elected officials.

NEW SECTION. Sec. 524. A new section is added to 2021 c 333 (uncodified) to read as follows: **COMPENSATION-PENSION CONTRIBUTIONS**

Appropriations to state agencies include funding for an increase in pension contribution rates for several state pension systems as provided in this section.

(1) An increase of 0.14 percent is funded for state employer contributions to the public employees' retirement system, the public safety employees' retirement systems, and the school employees' retirement system. An increase of 0.27 percent for employer contributions to the teachers' retirement system is funded. These increases are provided for the purpose of a one-time, ongoing pension increase for retirees in the public employees' retirement system plan 1 and teachers' retirement system plan 1, as provided in Senate Bill No. 5676 (providing a benefit increase to certain retirees of the public employees' retirement system plan 1 and the teachers' retirement system plan 1). If Senate Bill No. 5676 is not enacted by June 30, 2022, this subsection lapses.

(2) An increase of 0.10 percent is funded for state employer contributions to the public safety employees' retirement system. These increases are

provided for the cost to provide an enhanced disability benefit to members of this system who experience a qualifying catastrophic disability on the job, as provided in House Bill No. 1669 (PSERS disability benefits). If House Bill No. 1669 is not enacted by June 30, 2022, this subsection lapses.

NEW SECTION. Sec. 525. The following acts or parts of acts are each repealed:

- (1) 2021 c 333 s 526 (uncodified);
- (2) 2021 c 333 s 527 (uncodified);
- (3) 2021 c 333 s 528 (uncodified);
- (4) 2021 c 333 s 529 (uncodified);
- (5) 2021 c 333 s 530 (uncodified);
- (6) 2021 c 333 s 531 (uncodified);
- (7) 2021 c 333 s 532 (uncodified);
- (8) 2021 c 333 s 533 (uncodified);
- (9) 2021 c 333 s 534 (uncodified);
- (10) 2021 c 333 s 535 (uncodified);
- (11) 2021 c 333 s 536 (uncodified); and
- (12) 2021 c 333 s 537 (uncodified).

IMPLEMENTING PROVISIONS

Sec. 601. 2021 c 333 s 601 (uncodified) is amended to read as follows:

MANAGEMENT OF TRANSPORTATION FUNDS WHEN THE LEGISLATURE IS NOT IN SESSION

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document ((~~2021-1~~) 2022-1 as developed ((~~April 23, 2021~~) March 9, 2022, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2021-2023 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a

transfer of appropriation authority between projects funded with transportation partnership account appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers to a project may not occur if that project is a programmatic funding item described in broad general terms on the applicable project list without referencing a specific state route number;

(f) Transfers may not be made while the legislature is in session;

(g) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(h) Except for transfers made under (1) of this subsection, transfers may only be made in fiscal year 2023;

(i) The total amount of transfers under this section may not exceed \$50,000,000;

(j) Except as otherwise provided in (1) of this subsection, transfers made to a single project may not cumulatively total more than \$20,000,000 per biennium;

(k) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature; and

(1) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1),

provided that the transfer amount to a single project does not exceed two hundred fifty thousand dollars or ten percent of the total project per biennium, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section, including any effects to the total project budgets and schedules beyond the current biennium.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the chairs and ranking members of the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner and address any concerns raised by the chairs and ranking members of the transportation committees.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section, including any effects to the total project budgets and schedules beyond the current biennium.

(7)(a) If the department of transportation receives federal funding not appropriated in this act, the department shall apply such funds to any of the following activities in lieu of state funds, if compliant with federal funding restrictions, and in the order

that most reduces administrative burden and minimizes the use of bond proceeds:

(i) Projects on LEAP Transportation Document ((~~2021-2~~) 2022-2 ALL PROJECTS as developed ((~~April 23, 2021~~) March 9, 2022; or

(ii) Other department of transportation operating or capital expenditures funded by appropriations from state accounts in this act.

(b) However, if the funds received may not be used for any of the purposes enumerated in this section and must be obligated before the next regular legislative session, then the department may program the funds for other transportation-related activities, provided that these actions do not initiate any new programs, policies, or expenditure levels requiring additional one-time or ongoing state funds that have not been expressly authorized by the legislature. The department shall follow the existing unanticipated receipt process to notify the legislative standing committees on transportation and the office of financial management of the amount of federal funds received in addition to those appropriated in this act and the projects or activities receiving funding through this process.

Sec. 602. 2021 c 333 s 606 (uncodified) is amended to read as follows:

TRANSIT, BICYCLE, AND PEDESTRIAN ELEMENTS REPORTING

(1) By November 15th of each year, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified in LEAP Transportation Document ((~~2021-2~~) 2022-2 ALL PROJECTS as developed ((~~April 23, 2021~~) March 9, 2022). The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

MISCELLANEOUS 2021-2023 FISCAL BIENNIUM

Sec. 701. 2021 c 333 s 701 (uncodified) is amended to read as follows:

INFORMATION TECHNOLOGY OVERSIGHT

(1) Agencies must apply to the office of financial management and the office of the state chief information officer for approval before beginning a project or proceeding with each discrete stage of a project subject to this section. At each stage, the office of the state chief information officer must certify that the project has an approved technology budget and investment plan, complies with state information technology and security requirements, and other policies defined by the office of the state chief information officer. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(2)(a) Each project must have a technology budget. The technology budget must have the detail by fiscal month for the 2021-2023 fiscal biennium. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out, as well as at least five years of maintenance and operations costs.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit an updated technology budget, if changes occurred, to include detailed financial information to the office of financial management and the office of the chief information officer. The technology budget must describe the total cost of the project, as well as maintenance and operations costs, to include and identify at least:

(i) Fund sources;

(ii) Full time equivalent staffing level to include job classification assumptions;

(iii) Discrete financial budget codes to include at least the appropriation index and program index;

(iv) Object and subobject codes of expenditures;

(v) Anticipated deliverables;

(vi) Historical budget and expenditure detail by fiscal year; and

(vii) Maintenance and operations costs by fiscal year for at least five years as a separate worksheet.

(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(3)(a) Each project must have an investment plan that includes:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;

(ii) The office of the chief information officer staff assigned to the project;

(iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;

(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;

(v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and

(vi) Financial budget coding to include at least discrete financial coding for the project.

(4) Projects with estimated costs greater than \$100,000,000 from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information officer. Each subproject must have a technology budget and investment plan as provided in this section.

(5)(a) The office of the chief information officer shall maintain an

information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes, at least:

(i) Project changes each fiscal month;

(ii) Noting if the project has a completed market requirements document, and when it was completed;

(iii) Financial status of information technology projects under oversight;

(iv) Coordination with agencies;

(v) Monthly quality assurance reports, if applicable;

(vi) Monthly office of the chief information officer status reports;

(vii) Historical project budget and expenditures through fiscal year 2021;

(viii) Budget and expenditures each fiscal month;

(ix) Estimated annual maintenance and operations costs by fiscal year; and

(x) Posting monthly project status assessments on scope, schedule, budget, and overall by the:

(A) Office of the chief information officer;

(B) Agency project team; and

(C) Quality assurance vendor, if applicable to the project.

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can display subproject detail. This includes coalition projects that are active.

(6) If the project affects more than one agency:

(a) A separate technology budget and investment plan must be prepared for each agency; and

(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(7) For any project that exceeds \$2,000,000 in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(a) Quality assurance for the project must report independently to the office of the chief information officer;

(b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(c) The technology budget must specifically identify the uses of any financing proceeds. No more than 30 percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(d) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and

(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(8) The office of the chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(9) The office of the chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the chief information officer must report on July 1st and December 1st each calendar year any suspension or termination of a project in the previous six-month period to the legislative fiscal committees.

(10) The office of the chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the chief information officer must report on July 1st and December 1st each calendar year any additional

projects to be subjected to this section that were identified in the previous six-month period to the legislative fiscal committees.

(11) The following transportation projects are subject to the conditions, limitations, and review provided in this section:

(a) For the Washington state patrol: Aerial criminal investigation tools;

(b) For the department of licensing: Website accessibility and usability; and

(c) For the department of transportation: Maintenance management system, land mobile radio system replacement(~~(, new csc system and operator)~~), PROPEL - WSDOT support of one Washington, and capital systems replacement.

Sec. 702. RCW 47.01.071 and 2016 c 35 s 1 are each amended to read as follows:

The transportation commission shall have the following functions, powers, and duties:

(1) To propose policies to be adopted by the governor and the legislature designed to assure the development and maintenance of a comprehensive and balanced statewide transportation system which will meet the needs of the people of this state for safe and efficient transportation services. Wherever appropriate, the policies shall provide for the use of integrated, intermodal transportation systems. The policies must be aligned with the goals established in RCW 47.04.280. To this end the commission shall:

(a) Develop transportation policies which are based on the policies, goals, and objectives expressed and inherent in existing state laws;

(b) Inventory the adopted policies, goals, and objectives of the local and area-wide governmental bodies of the state and define the role of the state, regional, and local governments in determining transportation policies, in transportation planning, and in implementing the state transportation plan;

(c) Establish a procedure for review and revision of the state transportation policy and for submission of proposed changes to the governor and the legislature; and

(d) Integrate the statewide transportation plan with the needs of the elderly and persons with disabilities, and coordinate federal and state programs directed at assisting local governments to answer such needs;

(2) To provide for the effective coordination of state transportation planning with national transportation policy, state and local land use policies, and local and regional transportation plans and programs;

(3) In conjunction with the provisions under RCW 47.01.075, to provide for public involvement in transportation designed to elicit the public's views both with respect to adequate transportation services and appropriate means of minimizing adverse social, economic, environmental, and energy impact of transportation programs;

(4) By December 2010, to prepare a comprehensive and balanced statewide transportation plan consistent with the state's growth management goals and based on the transportation policy goals provided under RCW 47.04.280 and applicable state and federal laws. The plan must reflect the priorities of government developed by the office of financial management and address regional needs, including multimodal transportation planning. The plan must, at a minimum: (a) Establish a vision for the development of the statewide transportation system; (b) identify significant statewide transportation policy issues; and (c) recommend statewide transportation policies and strategies to the legislature to fulfill the requirements of subsection (1) of this section. The plan must be the product of an ongoing process that involves representatives of significant transportation interests and the general public from across the state. Every four years, except during the 2021-2023 fiscal biennium, the plan shall be reviewed and revised, and submitted to the governor and the house of representatives and senate standing committees on transportation.

The plan shall take into account federal law and regulations relating to the planning, construction, and operation of transportation facilities;

(5) To propose to the governor and the legislature prior to the convening of each regular session held in an odd-numbered year a recommended budget for

the operations of the commission as required by RCW 47.01.061;

(6) To adopt such rules as may be necessary to carry out reasonably and properly those functions expressly vested in the commission by statute;

(7) To contract with the office of financial management or other appropriate state agencies for administrative support, accounting services, computer services, and other support services necessary to carry out its other statutory duties;

(8) To conduct transportation-related studies and policy analysis to the extent directed by the legislature or governor in the biennial transportation budget act, or as otherwise provided in law, and subject to the availability of amounts appropriated for this specific purpose; and

(9) To exercise such other specific powers and duties as may be vested in the transportation commission by this or any other provision of law.

Sec. 703. RCW 46.01.385 and 2021 c 32 s 2 are each amended to read as follows:

The agency financial transaction account is created in the state treasury. Receipts directed by law to the account from cost recovery charges for credit card and other financial transaction fees must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for paying credit card and financial transaction fees, and other related costs incurred by state agencies. During the 2021-2023 fiscal biennium, expenditures from the account may also be used for additional information technology costs related to supporting the department of licensing operations and addressing its staffing shortages.

Sec. 704. RCW 47.01.505 and 2017 c 288 s 4 are each amended to read as follows:

(1) On behalf of the state, the legislature of the state of Washington invites the legislature of the state of Oregon to participate in a joint legislative action committee regarding the construction of a new Interstate 5 bridge spanning the Columbia river that achieves the following purposes:

(a) Works with both states' departments of transportation and

transportation commissions and stakeholders to begin a process toward project development. It is assumed that the appropriate local and bistate entities already tasked with related work will also be included when the legislative and interagency agreements are ready to move forward. The legislative action committee must convene its first meeting by December 15, 2017;

(b) Reviews and confirms lead roles related to permitting, construction, operation, and maintenance of a future Interstate 5 bridge project;

(c) Establishes a process to seek public comment on the Interstate 5 bridge project development plan selected and presents final recommendations for the process and financing to both states;

(d) Works to ensure that there are sufficient resources available to both states' departments of transportation to inventory and utilize existing data and any prior relevant work to allow for nonduplicative and efficient decision making regarding a new project;

(e) Examines all of the potential mass transit options available for a future Interstate 5 bridge project;

(f) Utilizes design-build procurement, or an equivalent or better innovation delivery method, and determines the least costly, most efficient project management and best practices tools consistent with work already completed including, but not limited to, height, navigation needs, transparency, economic development, and other critical elements, while minimizing the impacts of congestion during construction;

(g) Considers the creation of a Columbia river bridge authority to review bridge needs for possible repair, maintenance, or new construction, prioritizing those needs and making recommendations to both states with regard to financing specific projects, timing, authorities, and operations; and

(h) Provides a report to the legislatures of each state that details the findings and recommendations of the legislative action committee by December 15, 2018. The report must also contain a recommendation as to whether the Interstate 5 project should be designated by the legislature of the state of Washington as a project of statewide

significance and by the state of Oregon with an equivalent designation.

(2)(a) The joint Oregon-Washington legislative action committee is established, with sixteen members as provided in this subsection:

(i) The speaker and minority leader of the house of representatives of each state shall jointly appoint four members, two from each of the two largest caucuses of their state's house of representatives.

(ii) The majority leader and minority leader of the senate of each state shall jointly appoint four members, two from each of the two largest caucuses of their state's senate.

(b) The legislative action committee shall choose its cochairs from among its membership, one each from the senate and the house of representatives of both states.

(c) Executive agencies, including the departments of transportation and the transportation commissions, shall cooperate with the committee and provide information and other assistance as the cochairs may reasonably request.

(d) Staff support for the legislative action committee must be provided by the Washington house of representatives office of program research, Washington senate committee services, and, contingent upon the acceptance by the legislature of the state of Oregon of the invitation in subsection (1) of this section to participate in the legislative action committee, the Oregon legislative policy and research office.

(e) Legislative members of the legislative action committee are reimbursed for travel expenses. For Washington legislative members, this reimbursement must be in accordance with RCW 44.04.120.

(f) The expenses of the legislative action committee must be paid jointly by both states' senate and house of representatives. In Washington, committee expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(g) Each meeting of the legislative action committee must allow an opportunity for public comment.

Legislative action committee meetings must be scheduled and conducted in accordance with the requirements of both the senate and the house of representatives of both states.

(h) The Washington members of the joint Oregon-Washington legislative action committee shall report back to the Washington state legislature, by August 1, 2022, regarding the progress of the committee and its work to advance the project to build a new Interstate 5 bridge spanning the Columbia river. The report must include a description of the locally preferred alternative ultimately identified as part of the interstate bridge replacement project.

Sec. 705. RCW 70A.205.415 and 2009 c 261 s 3 are each amended to read as follows:

The waste tire removal account is created in the state treasury. Expenditures from the account may be used for the cleanup of unauthorized waste tire piles, measures that prevent future accumulation of unauthorized waste tire piles, and road wear related maintenance on state and local public highways. During the 2007-2009 fiscal biennium, the legislature may transfer from the waste tire removal account to the motor vehicle fund such amounts as reflect the excess fund balance of the waste tire removal account. During the 2021-2023 fiscal biennium, appropriations from the waste tire removal account may be made for the department of transportation to address the risks to safety and public health associated with homeless encampments on department owned rights-of-way.

Sec. 706. RCW 46.68.410 and 2010 c 161 s 812 are each amended to read as follows:

(1) The vehicle identification number inspection fee collected under RCW 46.17.130 must be distributed as follows:

~~((1) Fifteen dollars))~~ (a) \$15 to the state patrol highway account created in RCW 46.68.030; and

~~((2) Fifty dollars))~~ (b) \$50 to the motor vehicle fund created in RCW 46.68.070.

(2) During the 2021-2023 fiscal biennium, the entire vehicle identification number inspection fee collected under RCW 46.17.130 must be distributed to the state patrol highway account created in RCW 46.68.030.

Sec. 707. 2021 c 333 s 719 (uncodified) is amended to read as follows:

(1) The state commercial aviation coordinating commission will review existing data and conduct research to determine Washington's long-range commercial aviation facility needs and the site of a new primary commercial aviation facility. Research for each potential site must include the feasibility of constructing a commercial aviation facility in that location and its potential environmental, community, and economic impacts. Options for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility but may not include siting a facility on or in the vicinity of a military installation that would be incompatible with the installation's ability to carry out its mission requirements. The work of the commission shall include the following:

(a) Recommendations to the legislature on future Washington state long-range commercial aviation facility needs including possible additional aviation facilities or expansion of current aviation facilities, excluding those located in a county with a population of two million or more, to meet anticipated commercial aviation, general aviation, and air cargo demands;

(b) Identifying a preferred location for a new primary commercial aviation facility. The commission shall make recommendations and shall select a single preferred location by a sixty percent majority vote using the following process:

(i) Initiating a broad review of potential sites;

(ii) Recommending a final short list of no more than six locations by February 15, 2022;

(iii) Identifying the top two locations from the final six locations by October 15, 2022; and

(iv) Identifying a single preferred location for a new primary commercial aviation facility by ~~((February))~~ June 15, 2023; and

(c) A projected timeline for the development of an additional commercial aviation facility that is completed and functional by 2040.

(2) The commission shall submit a report of its findings and recommendations to the transportation committees of the legislature by ~~((February))~~ June 15, 2023. The commission must allow a minority report to be included with the commission report if requested by a voting member of the commission.

(3) Nothing in this section shall be construed to endorse, limit, or otherwise alter existing or future plans for capital development and capacity enhancement at existing commercial airports in Washington.

(4) This section expires June 30, 2023.

Sec. 708. RCW 46.55.010 and 2005 c 88 s 2 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter:

(1) "Abandoned vehicle" means a vehicle that a registered tow truck operator has impounded and held in the operator's possession for ~~((one hundred twenty))~~ 120 consecutive hours.

(2) "Immobilize" means the use of a locking wheel boot that, when attached to the wheel of a vehicle, prevents the vehicle from moving without damage to the tire to which the locking wheel boot is attached.

(3) "Abandoned vehicle report" means the document prescribed by the state that the towing operator forwards to the department after a vehicle has become abandoned.

(4) "Impound" means to take and hold a vehicle in legal custody. There are two types of impounds—public and private.

(a) "Public impound" means that the vehicle has been impounded at the direction of a law enforcement officer or by a public official having jurisdiction over the public property upon which the vehicle was located.

(b) "Private impound" means that the vehicle has been impounded at the direction of a person having control or possession of the private property upon which the vehicle was located.

(5) "Junk vehicle" means a vehicle certified under RCW 46.55.230 as meeting at least three of the following requirements:

(a) Is three years old or older;

(b) Is extensively damaged, such damage including but not limited to any of the following: A broken window or windshield, or missing wheels, tires, motor, or transmission;

(c) Is apparently inoperable;

(d) Has an approximate fair market value equal only to the approximate value of the scrap in it.

(6) "Master log" means the document or an electronic facsimile prescribed by the department and the Washington state patrol in which an operator records transactions involving impounded vehicles.

(7) "Registered tow truck operator" or "operator" means any person who engages in the impounding, transporting, or storage of unauthorized vehicles or the disposal of abandoned vehicles.

(8) "Residential property" means property that has no more than four living units located on it.

(9) "Suspended license impound" means an impound ordered under RCW 46.55.113 because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345.

(10) "Tow truck" means a motor vehicle that is equipped for and used in the business of towing vehicles with equipment as approved by the state patrol.

(11) "Tow truck number" means the number issued by the department to tow trucks used by a registered tow truck operator in the state of Washington.

(12) "Tow truck permit" means the permit issued annually by the department that has the classification of service the tow truck may provide stamped upon it.

(13) "Tow truck service" means the transporting upon the public streets and highways of this state of vehicles, together with personal effects and cargo, by a tow truck of a registered operator.

(14) "Unauthorized vehicle" means a vehicle that is subject to impoundment after being left unattended in one of the following public or private locations for the indicated period of time:

Subject to removal after:

(a) Public locations:

- (i) Constituting an accident or a traffic hazard as defined in RCW 46.55.113 Immediately
- (ii) On a highway and tagged as described in RCW 46.55.085 24 hours
- (iii) In a publicly owned or controlled parking facility, properly posted under RCW 46.55.070 Immediately
- (iv) During the 2021-2023 fiscal biennium, within the right-of-way used by a regional transit authority for high capacity transportation where the vehicle constitutes an obstruction to the operation of high capacity transportation vehicles or jeopardizes public safety Immediately
- (b) Private locations:
- (i) On residential property Immediately
- (ii) On private, nonresidential property, properly posted under RCW 46.55.070 Immediately
- (iii) On private, nonresidential property, not posted 24 hours

Sec. 709. RCW 46.55.080 and 2018 c 22 s 12 are each amended to read as follows:

(1) If a vehicle is in violation of the time restrictions of RCW 46.55.010(14), it may be impounded by a registered tow truck operator at the

direction of a law enforcement officer, authorized regional transit authority representative under the conditions described in RCW 46.55.010(14)(a)(iv), or other public official with jurisdiction if the vehicle is on public property, or at the direction of the property owner or an agent if it is on private property. A law enforcement officer may also direct the impoundment of a vehicle pursuant to a writ or court order.

(2) The person requesting a private impound or a law enforcement officer, authorized regional transit authority representative, or public official requesting a public impound shall provide a signed authorization for the impound at the time and place of the impound to the registered tow truck operator before the operator may proceed with the impound. A registered tow truck operator, employee, or his or her agent may not serve as an agent of a property owner for the purposes of signing an impound authorization or, independent of the property owner, identify a vehicle for impound.

(3) In the case of a private impound, the impound authorization shall include the following statement: "A person authorizing this impound, if the impound is found in violation of chapter 46.55 RCW, may be held liable for the costs incurred by the vehicle owner."

(4) A registered tow truck operator shall record and keep in the operator's files the date and time that a vehicle is put in the operator's custody and released. The operator shall make an entry into a master log regarding transactions relating to impounded vehicles. The operator shall make this master log available, upon request, to representatives of the department or the state patrol.

(5) A person who engages in or offers to engage in the activities of a registered tow truck operator may not be associated in any way with a person or business whose main activity is authorizing the impounding of vehicles.

Sec. 710. RCW 47.12.063 and 2015 3rd sp.s. c 13 s 2 are each amended to read as follows:

(1) It is the intent of the legislature to continue the department's policy giving priority consideration to abutting property owners in agricultural areas when disposing of property through

its surplus property program under this section.

(2) Whenever the department determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for transportation purposes and that it is in the public interest to do so, the department may sell the property or exchange it in full or part consideration for land or building improvements or for construction of highway improvements at fair market value to any person through the solicitation of written bids through public advertising in the manner prescribed under RCW 47.28.050 or in the manner prescribed under RCW 47.12.283.

(3) The department may forego the processes prescribed by RCW 47.28.050 and 47.12.283 and sell the real property to any of the following entities or persons at fair market value:

- (a) Any other state agency;
- (b) The city or county in which the property is situated;
- (c) Any other municipal corporation;
- (d) Regional transit authorities created under chapter 81.112 RCW;
- (e) The former owner of the property from whom the state acquired title;
- (f) In the case of residentially improved property, a tenant of the department who has resided thereon for not less than six months and who is not delinquent in paying rent to the state;
- (g) Any abutting private owner but only after each other abutting private owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the property within ~~((fifteen))~~ 15 days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;
- (h) To any other owner of real property required for transportation purposes;

(i) In the case of property suitable for residential use, any nonprofit organization dedicated to providing affordable housing to very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510 and is eligible to receive assistance

through the Washington housing trust fund created in chapter 43.185 RCW; ~~((or))~~

(j) During the 2021-2023 fiscal biennium, any nonprofit organization that identifies real property to be sold or conveyed as a substitute for real property owned by the nonprofit within the city of Seattle to be redeveloped for the purpose of affordable housing; or

(k) A federally recognized Indian tribe within whose reservation boundary the property is located.

(4) When selling real property pursuant to RCW 47.12.283, the department may withhold or withdraw the property from an auction when requested by one of the entities or persons listed in subsection (3) of this section and only after the receipt of a nonrefundable deposit equal to ~~((ten))~~ 10 percent of the fair market value of the real property or ~~((five thousand dollars))~~ \$5,000, whichever is less. This subsection does not prohibit the department from exercising its discretion to withhold or withdraw the real property from an auction if the department determines that the property is no longer surplus or chooses to sell the property through one of the other means listed in subsection (2) of this section. If a transaction under this subsection is not completed within ~~((sixty))~~ 60 days, the real property must be put back up for sale.

(5) Sales to purchasers may, at the department's option, be for cash, by real estate contract, or exchange of land or highway improvements. Transactions involving the construction of improvements must be conducted pursuant to chapter 47.28 RCW and Title 39 RCW, as applicable, and must comply with all other applicable laws and rules.

(6) Conveyances made pursuant to this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(7) Unless otherwise provided, all moneys received pursuant to the provisions of this section less any real estate broker commissions paid pursuant to RCW 47.12.320 shall be deposited in the motor vehicle fund.

(8) The department may not enter into equal value exchanges or property acquisitions for building improvements without first consulting with the office

of financial management and the joint transportation committee.

NEW SECTION. Sec. 711. Section 706 of this act takes effect only if chapter . . . (Substitute Senate Bill No. 5778), Laws of 2022 (addressing the current backlog of vehicle inspections) is not enacted by June 30, 2022.

MISCELLANEOUS

NEW SECTION. Sec. 801. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 802. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

CONFERENCE COMMITTEE REPORT

March 9, 2022

Engrossed Substitute Senate Bill No. 5974

Includes "New Item": YES

Madame Speaker:

We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO. 5974, addressing transportation resources, have had the same under consideration and we recommend that:

All previous amendments not be adopted and that the attached striking amendment H-2991.3 be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature intends that \$500,000,000 of the amounts in the 16-year move ahead WA investment program must enhance stormwater runoff treatment from existing roads and infrastructure with an emphasis on green infrastructure retrofits. Projects must be prioritized based on benefits to salmon recovery and ecosystem health, reducing toxic pollution, addressing health disparities, and cost effectiveness. The department of transportation must submit progress reports on its efforts to reduce the toxicity of stormwater runoff from existing infrastructure, recommendations for addressing barriers to innovative solutions, and anticipated demand for funding each biennium.

Part I

Climate Commitment Act Allocations

Sec. 101. RCW 70A.65.240 and 2021 c 316 s 27 are each amended to read as follows:

(1) The carbon emissions reduction account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account are intended to affect reductions in transportation sector carbon emissions through a variety of carbon reducing investments. These can include, but are not limited to: Transportation alternatives to single occupancy passenger vehicles; reductions in single occupancy passenger vehicle miles traveled; reductions in per mile emissions in vehicles, including through the funding of alternative fuel infrastructure and incentive programs; and emission reduction programs for freight transportation, including motor vehicles and rail, as well as for ferries and other maritime and port activities. Expenditures from the account may only be made for transportation carbon emission reducing purposes and may not be made for highway purposes authorized under the 18th Amendment of the Washington state Constitution, other than specified in this section, and shall be made in accordance with subsection (2) of this section. It is the legislature's intent that expenditures from the account used to reduce carbon emissions be made with the goal of achieving equity for communities that historically have been omitted or adversely impacted by past transportation policies and practices.

(2) Appropriations in an omnibus transportation appropriations act from the carbon emissions reduction account shall be made exclusively to fund the following activities:

- (a) Active transportation;
- (b) Transit programs and projects;
- (c) Alternative fuel and electrification;
- (d) Ferries; and
- (e) Rail.

NEW SECTION. Sec. 102. A new section is added to chapter 46.68 RCW to read as follows:

(1) The climate active transportation account is hereby created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the following active

transportation grant programs: Safe routes to schools, school-based bike program, bicycle and pedestrian grant program, complete streets grants program, and connecting communities grant program, as well as pedestrian and bicycle or other active transportation projects identified in an omnibus transportation appropriations act as move ahead WA projects.

(2) Beginning July 1, 2023, the state treasurer shall annually transfer 24 percent of the revenues accruing annually to the carbon emissions reduction account created in RCW 70A.65.240 to the climate active transportation account.

NEW SECTION. Sec. 103. A new section is added to chapter 46.68 RCW to read as follows:

(1) The climate transit programs account is hereby created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the following transit grant programs: Transit support grant program, tribal transit mobility grants, transit coordination grants, special needs transit grants, bus and bus facility grant program, green transit grants, and transportation demand management grants, as well as transit projects identified in an omnibus transportation appropriations act as move ahead WA projects.

(2) Beginning July 1, 2023, the state treasurer shall annually transfer 56 percent of the revenues accruing annually to the carbon emissions reduction account created in RCW 70A.65.240 to the climate transit programs account.

Sec. 104. RCW 70A.65.030 and 2021 c 316 s 4 are each amended to read as follows:

(1) Each year or biennium, as appropriate, when allocating funds from the carbon emissions reduction account created in RCW 70A.65.240, the climate investment account created in RCW 70A.65.250, ~~((or))~~ the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in section 103 of this act, or the climate active transportation account created in section 102 of this act, or administering grants or programs funded by the accounts, agencies shall conduct an environmental justice assessment consistent with the requirements of RCW 70A.02.060 and establish a minimum of not

less than 35 percent and a goal of 40 percent of total investments that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities through: (a) The direct reduction of environmental burdens in overburdened communities; (b) the reduction of disproportionate, cumulative risk from environmental burdens, including those associated with climate change; (c) the support of community led project development, planning, and participation costs; or (d) meeting a community need identified by the community that is consistent with the intent of this chapter or RCW 70A.02.010.

(2) The allocation of funding under subsection (1) of this section must adhere to the following principles, additional to the requirements of RCW 70A.02.080: (a) Benefits and programs should be directed to areas and targeted to vulnerable populations and overburdened communities to reduce statewide disparities; (b) investments and benefits should be made roughly proportional to the health disparities that a specific community experiences, with a goal of eliminating the disparities; (c) investments and programs should focus on creating environmental benefits, including eliminating health burdens, creating community and population resilience, and raising the quality of life of those in the community; and (d) efforts should be made to balance investments and benefits across the state and within counties, local jurisdictions, and unincorporated areas as appropriate to reduce disparities by location and to ensure efforts contribute to a reduction in disparities that exist based on race or ethnicity, socioeconomic status, or other factors.

(3) State agencies allocating funds or administering grants or programs from the carbon emissions reduction account created in RCW 70A.65.240, the climate investment account created in RCW 70A.65.250, ~~((or))~~ the air quality and health disparities improvement account created in RCW 70A.65.280, the climate transit programs account created in section 103 of this act, or the climate active transportation account created in section 102 of this act, must:

(a) Report annually to the environmental justice council created in RCW 70A.02.110 regarding progress toward

meeting environmental justice and environmental health goals;

(b) Consider recommendations by the environmental justice council; and

(c)(i) If the agency is not a covered agency subject to the requirements of chapter 314, Laws of 2021, create and adopt a community engagement plan to describe how it will engage with overburdened communities and vulnerable populations in allocating funds or administering grants or programs from the climate investment account.

(ii) The plan must include methods for outreach and communication with those who face barriers, language or otherwise, to participation.

Sec. 105. RCW 70A.65.040 and 2021 c 316 s 5 are each amended to read as follows:

(1) The environmental justice council created in RCW 70A.02.110 must provide recommendations to the legislature, agencies, and the governor in the development and implementation of the program established in RCW 70A.65.060 through 70A.65.210, and the programs funded from the carbon emissions reduction account created in RCW 70A.65.240 ~~((and from))~~, the climate investment account created in RCW 70A.65.250, the climate transit programs account created in section 103 of this act, and the climate active transportation account created in section 102 of this act.

(2) In addition to the duties and authorities granted in chapter 70A.02 RCW to the environmental justice council, the environmental justice council must:

(a) Provide recommendations to the legislature, agencies, and the governor in the development of:

(i) The program established in RCW 70A.65.060 through 70A.65.210 including, but not limited to, linkage with other jurisdictions, protocols for establishing offset projects and securing offset credits, designation of emissions-intensive and trade-exposed industries under RCW 70A.65.110, and administration of allowances under the program; and

(ii) Investment plans and funding proposals for the programs funded from the climate investment account created in RCW 70A.65.250 for the purpose of providing environmental benefits and

reducing environmental health disparities within overburdened communities;

(b) Provide a forum to analyze policies adopted under this chapter to determine if the policies lead to improvements within overburdened communities;

(c) Recommend procedures and criteria for evaluating programs, activities, or projects;

(d) Recommend copollutant emissions reduction goals in overburdened communities;

(e) Evaluate the level of funding provided to assist vulnerable populations, low-income individuals, and impacted workers and the funding of projects and activities located within or benefiting overburdened communities;

(f) Recommend environmental justice and environmental health goals for programs, activities, and projects funded from the climate investment account, and review agency annual reports on outcomes and progress toward meeting these goals;

(g) Provide recommendations to implementing agencies for meaningful consultation with vulnerable populations, including community engagement plans under RCW 70A.65.020 and 70A.65.030; and

(h) Recommend how to support public participation through capacity grants for participation.

(3) For the purpose of performing the duties under subsection (2) of this section, two additional tribal members are added to the council.

Part II

Aircraft Fuel Tax, Stolen Vehicle Check, Dealer

Temporary Permit, Enhanced Driver's License and Identocard, Driver's

Abstract, License Plate, Documentary Service, and Other

Driver and Vehicle Fees

Sec. 201. RCW 82.42.020 and 2013 c 225 s 302 are each amended to read as follows:

There is levied upon every distributor of aircraft fuel, an excise tax at the rate of ((eleven)) 18 cents on each

gallon of aircraft fuel sold, delivered, or used in this state. There must be collected from every user of aircraft fuel either the use tax imposed by RCW 82.12.020 or the retail sales tax imposed by RCW 82.08.020. The taxes imposed by this chapter must be collected and paid to the state but once in respect to any aircraft fuel.

Sec. 202. RCW 46.17.200 and 2014 c 80 s 4 are each amended to read as follows:

(1) In addition to all other fees and taxes required by law, the department, county auditor or other agent, or subagent appointed by the director shall charge:

(a) The following license plate fees for each license plate, unless the owner or type of vehicle is exempt from payment:

FEE TYPE	FEE	DISTRIBUTION
Original issue	(10. \$ 00) <u>\$50.00</u>	RCW 46.68.070
Reflexivity	\$ 2.00	RCW 46.68.070
Replacement	(10. \$ 00) <u>\$30.00</u>	RCW 46.68.070
Original issue, motorcycle	(4. \$ 0) <u>\$20.00</u>	RCW 46.68.070
Replacement, motorcycle	(4. \$ 0) <u>\$12.00</u>	RCW 46.68.070
Original issue, moped	\$ 1.50	RCW 46.68.070

(b) A license plate retention fee, as required under RCW 46.16A.200(9)(a), of ((twenty dollars)) \$20 if the owner wishes to retain the current license plate number upon license plate

replacement, unless the owner or type of vehicle is exempt from payment. The ~~((twenty dollar))~~ \$20 fee must be deposited in the multimodal transportation account created in RCW 47.66.070.

(c) A ~~((ten dollar))~~ \$10 license plate transfer fee, as required under RCW 46.16A.200(8)(a), when transferring standard issue license plates from one vehicle to another, unless the owner or type of vehicle is exempt from payment. The ~~((ten dollar))~~ \$10 license plate transfer fee must be deposited in the motor vehicle fund created in RCW 46.68.070.

(d) Former prisoner of war license plates, as described in RCW 46.18.235, may be transferred to a replacement vehicle upon payment of a ~~((five dollar))~~ \$5 license plate fee, in addition to any other fee required by law.

(2) The department may, upon request, provide license plates that have been used and returned to the department to individuals for nonvehicular use. The department may charge a fee of up to ~~((five dollars))~~ \$5 per license plate to cover costs or recovery for postage and handling. The department may waive the fee for license plates used in educational projects and may, by rule, provide standards for the fee waiver and restrictions on the number of license plates provided to any one person. The fee must be deposited in the motor vehicle fund created in RCW 46.68.070.

(3) \$40 of the original issue license plate fee imposed under subsection (1)(a) of this section and \$16 of the original issue motorcycle license plate fee imposed under subsection (1)(a) of this section must be deposited in the move ahead WA account created in section 401 of this act.

(4) \$20 of the replacement license plate fee imposed under subsection (1)(a) of this section and \$8 of the replacement motorcycle license plate fee imposed under subsection (1)(a) of this section must be deposited in the move ahead WA account created in section 401 of this act.

Sec. 203. RCW 46.17.120 and 2020 c 239 s 1 are each amended to read as follows:

(1) Before accepting an application for a certificate of title for a vehicle previously registered in any other state

or country, the department, county auditor or other agent, or subagent appointed by the director shall require the applicant to pay a fee of ~~((fifteen dollars))~~ \$50. ~~((The fifteen dollar fee))~~

(a) \$15 of the fee required by this section must be distributed under RCW 46.68.020.

(b) \$35 of the fee required by this section must be deposited in the move ahead WA account created in section 401 of this act.

(2) Beginning July 1, 2026, before accepting an application for a certificate of title for a vehicle previously registered in any other state or country, the department, county auditor or other agent, or subagent appointed by the director shall require the applicant to pay, in addition to the fee specified in subsection (1) of this section, a fee of \$25 which must be deposited in the move ahead WA account created in section 401 of this act.

(3) An applicant is exempt from the ~~((fifteen dollar fee))~~ fees specified in this section if the applicant previously registered the vehicle in Washington state and maintained ownership of the vehicle while registered in another state or country.

Sec. 204. RCW 46.17.400 and 2011 c 171 s 62 are each amended to read as follows:

(1) Before accepting an application for one of the following permits, the department, county auditor or other agent, or subagent appointed by the director shall require the applicant to pay the following permit fee by permit type in addition to any other fee or tax required by law:

PERMIT TYPE	FEE	AUTHORITY	DISTRIBUTION
(a) Dealer temporary	(15.00) \$40.00	RCW 46.16A.30	RCW 46.68.030
(b) Department temporary	\$.50	RCW 46.16A.305	RCW 46.68.450
(c) Farm vehicle trip	\$ 6.25	RCW 46.16A.33	RCW 46.68.035

PERMIT TYPE	FEE	AUTHORITY	DISTRIBUTION
(d) Nonresident military	\$ 10.00	RCW 46.16A.340	RCW 46.68.070
(e) Nonresident temporary snowmobile	\$ 5.00	RCW 46.10.450	RCW 46.68.350
(f) Special fuel trip	\$ 30.00	RCW 82.38.100	RCW 46.68.460
(g) Temporary ORV use	\$ 7.00	RCW 46.09.430	RCW 46.68.045
(h) Vehicle trip	\$ 25.00	RCW 46.16A.320	RCW 46.68.455

(2) Permit fees as provided in subsection (1) of this section are in addition to the filing fee required under RCW 46.17.005, except an additional filing fee may not be charged for:

- (a) Dealer temporary permits;
- (b) Special fuel trip permits; and
- (c) Vehicle trip permits.

(3) (~~Five dollars~~) \$5 of the (~~fifteen dollar~~) \$40 dealer temporary permit fee provided in subsection (1)(a) of this section must be credited to the payment of vehicle license fees at the time application for registration is made. \$25 of the \$40 dealer temporary permit fee provided in subsection (1)(a) of this section must be deposited in the move ahead WA account created in section 401 of this act. The remainder must be deposited to the state patrol highway account created in RCW 46.68.030.

Sec. 205. RCW 46.20.202 and 2021 c 317 s 21 and 2021 c 158 s 9 are each reenacted and amended to read as follows:

(1) The department may enter into a memorandum of understanding with any federal agency for the purposes of facilitating the crossing of the border between the state of Washington and the Canadian province of British Columbia.

(2) The department may enter into an agreement with the Canadian province of British Columbia for the purposes of

implementing a border-crossing initiative.

(3)(a) The department may issue an enhanced driver's license or identicard for the purposes of crossing the border between the state of Washington and the Canadian province of British Columbia to an applicant who provides the department with proof of: United States citizenship, identity, and state residency. The department shall continue to offer a standard driver's license and identicard. If the department chooses to issue an enhanced driver's license, the department must allow each applicant to choose between a standard driver's license or identicard, or an enhanced driver's license or identicard.

(b) The department shall implement a one-to-many biometric matching system for the enhanced driver's license or identicard. An applicant for an enhanced driver's license or identicard shall submit a biometric identifier as designated by the department. The biometric identifier must be used solely for the purpose of verifying the identity of the holders and for any purpose set out in RCW 46.20.037. Applicants are required to sign a declaration acknowledging their understanding of the one-to-many biometric match.

(c) The enhanced driver's license or identicard must include reasonable security measures to protect the privacy of Washington state residents, including reasonable safeguards to protect against unauthorized disclosure of data about Washington state residents. If the enhanced driver's license or identicard includes a radio frequency identification chip, or similar technology, the department shall ensure that the technology is encrypted or otherwise secure from unauthorized data access.

(d) The requirements of this subsection are in addition to the requirements otherwise imposed on applicants for a driver's license or identicard. The department shall adopt such rules as necessary to meet the requirements of this subsection. From time to time the department shall review technological innovations related to the security of identity cards and amend the rules related to enhanced driver's licenses and identicards as the director deems consistent with this section and appropriate to protect the privacy of Washington state residents.

(e) Notwithstanding RCW 46.20.118, the department may make images associated with enhanced drivers' licenses or identicards from the negative file available to United States customs and border agents for the purposes of verifying identity.

(4) Beginning ~~((on July 23, 2017))~~ October 1, 2022, the fee for an enhanced driver's license or enhanced identicard is ~~((thirty two dollars))~~ \$56, which is in addition to the fees for any regular driver's license or identicard. If the enhanced driver's license or enhanced identicard is issued, renewed, or extended for a period other than eight years, the fee for each class is ~~((four dollars))~~ \$7 for each year that the enhanced driver's license or enhanced identicard is issued, renewed, or extended.

(5)(a) The first \$4 per year of issuance, to a maximum of \$32 of the enhanced driver's license and enhanced identicard fee under this section must be deposited into the highway safety fund unless prior to July 1, 2023, the actions described in (a)(i) or ~~((b))~~ (ii) of this subsection occur, in which case the portion of the revenue that is the result of the fee increased in section 209, chapter 44, Laws of 2015 3rd sp. sess. must be distributed to the connecting Washington account created under RCW 46.68.395.

~~((a))~~ (i) Any state agency files a notice of rule making under chapter 34.05 RCW, absent explicit legislative authorization enacted subsequent to July 1, 2015, for a rule regarding a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard.

~~((b))~~ (ii) Any state agency otherwise enacts, adopts, orders, or in any way implements a fuel standard based upon or defined by the carbon intensity of fuel, including a low carbon fuel standard or clean fuel standard, without explicit legislative authorization enacted subsequent to July 1, 2015.

~~((c))~~ (iii) Nothing in this subsection acknowledges, establishes, or creates legal authority for the department of ecology or any other state agency to enact, adopt, order, or in any way implement a fuel standard based upon or defined by the carbon intensity of

fuel, including a low carbon fuel standard or clean fuel standard.

(b) \$24 of the enhanced driver's license and enhanced identicard fee under this section must be deposited into the move ahead WA flexible account created in section 402 of this act. If the enhanced driver's license or enhanced identicard is issued, renewed, or extended for a period other than eight years, the amount deposited into the move ahead WA flexible account created in section 402 of this act is \$3 for each year that the enhanced driver's license or enhanced identicard is issued, renewed, or extended.

Sec. 206. RCW 46.52.130 and 2021 c 93 s 8 are each amended to read as follows:

Upon a proper request, the department may only furnish information contained in an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

(a) An enumeration of motor vehicle accidents in which the person was driving, including:

(i) The total number of vehicles involved;

(ii) Whether the vehicles were legally parked or moving;

(iii) Whether the vehicles were occupied at the time of the accident; and

(iv) Whether the accident resulted in a fatality;

(b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;

(c) The status of the person's driving privilege in this state; and

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** Unless otherwise required in this section, the release of an abstract does not require a signed statement by the subject of the abstract. An abstract of a person's driving record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

(b) **Employers or prospective employers.** (i) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or agents acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(ii) The department may provide employers or their agents a three-year insurance carrier driving record of existing employees only for the purposes of sharing the driving record with its insurance carrier for underwriting. Employers may not provide the employees' full driving records to its insurance carrier.

(iii) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or the agent(s) acting on behalf of an employer or prospective employer of the named individual for purposes unrelated to driving by the individual when a driving record is required by federal or state law, or the employee or prospective employee will be handling heavy equipment or machinery.

(iv) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (A) The employee or prospective employee that authorizes the release of the record; and (B) the employer attesting that the information

is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes agents to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(v) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(vi) No employer or prospective employer, nor any agents of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agents of the employer or prospective employer, as may be required to ensure the application of this subsection.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The

prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) **Transit authorities.** An abstract of the full driving record maintained by the department may be furnished to an employee or agents of a transit authority checking prospective or existing volunteer vanpool drivers for insurance and risk management needs.

(e) **Insurance carriers.** (i) An abstract of the driving record maintained by the department covering the period of not more than the last three years may be furnished to an insurance company or its agents:

(A) That has motor vehicle or life insurance in effect covering the named individual;

(B) To which the named individual has applied; or

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty, or by registered tow truck operators as defined in RCW 46.55.010 in the performance of their occupational duties while at the scene of a roadside impound or recovery so long as they are not issued a citation. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(C) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred

prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agents, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agents, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles. For the purposes of this subsection, "commercial motor vehicle" has the same meaning as in RCW 46.25.010(6).

(f) **Alcohol/drug assessment or treatment agencies.** An abstract of the driving record maintained by the department covering the period of not more than the last five years may be furnished to an alcohol/drug assessment or treatment agency approved by the department of health to which the named individual has applied or been assigned for evaluation or treatment, for purposes of assisting employees in making a determination as to what level of treatment, if any, is appropriate, except that the abstract must:

(i) Also include records of alcohol-related offenses, as defined in RCW 46.01.260(2), covering a period of not more than the last ten years; and

(ii) Indicate whether an alcohol-related offense was originally charged as a violation of either RCW 46.61.502 or 46.61.504.

(g) **Attorneys—City attorneys, county prosecuting attorneys, and named individual's attorney of record.** An abstract of the full driving record maintained by the department, including whether a recorded violation is an alcohol-related offense, as defined in RCW 46.01.260(2), that was originally charged as a violation of either RCW 46.61.502 or 46.61.504, may be furnished to city attorneys, county prosecuting

attorneys, or the named individual's attorney of record. City attorneys, county prosecuting attorneys, or the named individual's attorney of record may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment.

(h) State colleges, universities, or agencies, or units of local government.

An abstract of the full driving record maintained by the department may be furnished to (i) state colleges, universities, or agencies for employment and risk management purposes or (ii) units of local government authorized to self-insure under RCW 48.62.031, or their agents, for employment and risk management purposes. "Unit of local government" includes an insurance pool established under RCW 48.62.031.

(i) Superintendent of public instruction.

(i) An abstract of the full driving record maintained by the department may be furnished to the superintendent of public instruction for review of public school bus driver records. The superintendent or superintendent's designee may discuss information on the driving record with an authorized representative of the employing school district for employment and risk management purposes.

(ii) The superintendent of public instruction is exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section.

(j) State and federal agencies. An abstract of the driving record maintained by the department may be furnished to state and federal agencies, or their agents, in carrying out its functions.

(k) Transportation network companies.

An abstract of the full driving record maintained by the department may be furnished to a transportation network company or its agents acting on its behalf of the named individual for purposes related to driving by the individual as a condition of being a contracted driver.

(l) Research. (i) The department may furnish driving record data to state agencies and bona fide scientific research organizations. The department may require review and approval by an institutional review board. For the

purposes of this subsection, "research" means a planned and systematic sociological, psychological, epidemiological, biomedical, or other scientific investigation carried out by a state agency, or by a scientific research professional associated with a bona fide scientific research organization with an objective to contribute to scientific knowledge, the solution of social and health problems, or the evaluation of public benefit and service programs. This definition excludes methods of record analysis and data collection that are subjective, do not permit replication, and are not designed to yield reliable and valid results.

(ii) The state agency, or a scientific research professional associated with a bona fide scientific research organization, are exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section. However, the department may charge a cost-recovery fee for the actual cost of providing the data.

(3) Reviewing of driving records.

(a) In addition to the methods described herein, the director may enter into a contractual agreement for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that does not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(b) The department may provide reviewing services to the following entities:

(i) Employers for existing employees, or their agents;

(ii) Transit authorities for current vanpool drivers, or their agents;

(iii) Insurance carriers for current policyholders, or their agents;

(iv) State colleges, universities, or agencies, or units of local government, or their agents;

(v) The office of the superintendent of public instruction for school bus drivers statewide; and

(vi) Transportation network companies, or their agents.

(4) Release to third parties prohibited. (a) Any person or entity receiving an abstract of a person's driving record under subsection (2)(b) through (1) of this section shall use the abstract exclusively for his, her, or its own purposes or as otherwise expressly permitted under this section, and shall not divulge any information contained in the abstract to a third party.

(b) The following release of records to third parties are hereby authorized:

(i) Employers may divulge driving records to regulatory bodies, as defined by the department by rule, such as the United States department of transportation and the federal motor carrier safety administration.

(ii) Employers may divulge a three-year driving record to their insurance carrier for underwriting purposes.

(iii) Employers may divulge driving records to contracted motor carrier consultants for the purposes of ensuring driver compliance and risk management.

(5) (~~Fee~~) Fees. (a) The director shall collect a (~~(thirteen dollar)~~) \$15 fee for each abstract of a person's driving record furnished by the department. After depositing \$2 of the driver's abstract fee in the move ahead WA flexible account created in section 402 of this act, the remainder shall be distributed as follows:

(i) Fifty percent (~~(of the fee)~~) must be deposited in the highway safety fund(~~(7)~~); and (~~(fifty)~~)

(ii) Fifty percent (~~(of the fee)~~) must be deposited according to RCW 46.68.038.

(b) Beginning July 1, 2029, the director shall collect an additional \$2 fee for each abstract of a person's driving record furnished by the department. The \$2 additional driver's abstract fee must be deposited in the move ahead WA flexible account created in section 402 of this act.

(c) City attorneys and county prosecuting attorneys are exempt from paying the fees specified in (a) and (b) of this subsection for an abstract of a person's driving record furnished by the

department for use in criminal proceedings.

(6) **Violation.** (a) Any negligent violation of this section is a gross misdemeanor.

(b) Any intentional violation of this section is a class C felony.

(7) Effective July 1, 2019, the contents of a driving abstract pursuant to this section shall not include any information related to sealed juvenile records unless that information is required by federal law or regulation.

Sec. 207. RCW 46.17.015 and 2010 c 161 s 502 are each amended to read as follows:

(1) A person who applies for a vehicle registration or for any other right to operate a vehicle on the highways of this state shall pay a (~~(twenty five)~~) 25 cent license plate technology fee in addition to any other fees and taxes required by law. The license plate technology fee must be distributed under RCW 46.68.370.

(2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license plate technology fee, except for a vehicle registered under RCW 46.16A.455(3).

(3) The revenue from the license plate technology fee imposed on vehicles registered under RCW 46.16A.455(3) must be deposited in the move ahead WA account created in section 401 of this act.

Sec. 208. RCW 46.17.025 and 2010 c 161 s 503 are each amended to read as follows:

(1) A person who applies for a vehicle registration or for any other right to operate a vehicle on the highways of this state shall pay a (~~(fifty)~~) 50 cent license service fee in addition to any other fees and taxes required by law. The license service fee must be distributed under RCW 46.68.220.

(2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license service fee, except for a vehicle registered under RCW 46.16A.455(3).

(3) The revenue from the license service fee imposed on vehicles registered under RCW 46.16A.455(3) must be deposited in the move ahead WA account created in section 401 of this act.

Sec. 209. RCW 46.20.200 and 2012 c 80 s 10 are each amended to read as follows:

(1) If an instruction permit, identicard, or a driver's license is lost or destroyed, the person to whom it was issued may obtain a duplicate of it upon furnishing proof of such fact satisfactory to the department and payment of a fee of ~~((twenty dollars))~~ \$20 to the department.

(2) A replacement permit, identicard, or driver's license may be obtained to change or correct material information upon payment of a fee of ~~((ten dollars))~~ \$20 and surrender of the permit, identicard, or driver's license being replaced.

Sec. 210. RCW 46.68.041 and 2020 c 330 s 18 are each amended to read as follows:

(1) Except as provided in ~~((subsection))~~ subsections (2) and (3) of this section, the department ~~((shall))~~ must forward all funds accruing under the provisions of chapter 46.20 RCW together with a proper identifying, detailed report to the state treasurer who ~~((shall))~~ must deposit such moneys to the credit of the highway safety fund.

(2) Fifty-six percent of each fee collected by the department under RCW 46.20.311 (1)(e)(ii), (2)(b)(ii), and (3)(b) ~~((shall))~~ must be deposited in the impaired driving safety account.

(3) Fifty percent of the revenue from the fees imposed under RCW 46.20.200(2) must be deposited in the move ahead WA flexible account created in section 402 of this act.

Sec. 211. RCW 46.70.180 and 2017 c 41 s 1 are each amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a

smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed ~~((one hundred fifty dollars))~~ \$200 per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to (~~one hundred fifty dollars~~) \$200 may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within the "bushing" period, which is four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated,

directly or indirectly, in the misrepresentation.

A dealer may inform a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by sending an email message to the buyer's or lessee's supplied email address, by phone call, by leaving a voice message or sending a text message to a phone number provided by the buyer or lessee, by in-person oral communication, by mailing a letter by first-class mail if the buyer or lessee expresses a preference for a letter or declines to provide an email address and a phone number capable of receiving a free text message, or by another means agreed to by the buyer or lessee or approved by the department, effective upon the execution, mailing, or sending of the communication and before expiration of the "bushing" period;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.540 and 46.12.560; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of (~~five hundred~~) 500 miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit"

instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or

lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or (~~one thousand dollars~~) \$1,000, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle.

Part III

General Fund and Other Related Support

Sec. 301. RCW 82.32.385 and 2020 c 219 s 703 are each amended to read as follows:

(1) Beginning September 2019 and ending December 2019, by the last day of September and December, the state treasurer must transfer from the general fund to the connecting Washington account created in RCW 46.68.395 (~~((thirteen million six hundred eighty thousand dollars))~~) \$13,680,000.

(2) Beginning March 2020 and ending June 2021, by the last day of September, December, March, and June of each year, the state treasurer must transfer from the general fund to the multimodal transportation account created in RCW 47.66.070 (~~((thirteen million six hundred eighty thousand dollars))~~) \$13,680,000.

(3) Beginning September 2021 and ending June 2023, by the last day of September, December, March, and June of each year, the state treasurer must transfer from the general fund to the

connecting Washington account created in RCW 46.68.395 (~~((thirteen million eight hundred five thousand dollars))~~) \$13,805,000.

(4) Beginning September 2023 and ending June 2025, by the last day of September, December, March, and June of each year, the state treasurer must transfer from the general fund to the connecting Washington account created in RCW 46.68.395 (~~((thirteen million nine hundred eighty seven thousand dollars))~~) \$13,987,000.

(5) Beginning September 2025 and ending June 2027, by the last day of September, December, March, and June of each year, the state treasurer must transfer from the general fund to the connecting Washington account created in RCW 46.68.395 (~~((eleven million six hundred fifty eight thousand dollars))~~) \$11,658,000.

(6) Beginning September 2027 and ending June 2029, by the last day of September, December, March, and June of each year, the state treasurer must transfer from the general fund to the connecting Washington account created in RCW 46.68.395 (~~((seven million five hundred sixty four thousand dollars))~~) \$7,564,000.

(7) Beginning September 2029 and ending June 2031, by the last day of September, December, March, and June of each year, the state treasurer must transfer from the general fund to the connecting Washington account created in RCW 46.68.395 (~~((four million fifty six thousand dollars))~~) \$4,056,000.

(8) For fiscal year 2026 through fiscal year 2038, the state treasurer must transfer from the general fund to the move ahead WA flexible account created in section 402 of this act \$31,000,000 each fiscal year in four equal quarterly transfers. This amount represents the estimated state sales and use tax generated from new transportation projects and activities funded as a result of this act.

(9) For fiscal year 2024 through fiscal year 2038, the state treasurer must transfer from the general fund to the move ahead WA flexible account created in section 402 of this act \$57,000,000 each fiscal year in four equal quarterly transfers.

Sec. 302. RCW 43.155.050 and 2021 c 334 s 979 and 2021 c 332 s 7031 are each reenacted and amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water pollution control revolving fund and the drinking water assistance account to provide for state match requirements under federal law. Moneys in the account may be transferred to the move ahead WA account to provide support of public works projects funded in the move ahead WA program. Not more than ~~((twenty))~~ 20 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than ~~((ten))~~ 10 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management act, the aviation revitalization loan program, the community economic revitalization board broadband program, and the voluntary stewardship program. During the 2021-2023 biennium, the legislature may appropriate moneys from the account for activities related to the aviation revitalization board. During the 2019-2021 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the statewide broadband account. During the 2021-2023 fiscal biennium, the legislature may

appropriate moneys from the public works assistance account for activities related to the voluntary stewardship program, rural economic development, and the growth management act.

(2) For fiscal year 2024 through fiscal year 2038, the state treasurer must transfer from the public works assistance account to the move ahead WA account created in section 401 of this act \$57,000,000 each fiscal year in four equal quarterly transfers.

Sec. 303. RCW 82.08.993 and 2021 c 171 s 2 are each amended to read as follows:

(1)(a) Subject to the limitations in this subsection, beginning July 1, 2022, with sales made or lease agreements signed on or after this date until the expiration of this section, ~~((fifty))~~ 50 percent of the tax levied by RCW 82.08.020 does not apply to sales or leases of new electric passenger cars, light duty trucks, and medium duty passenger vehicles, that are powered by a fuel cell.

(b)(i) By the end of the fifth working day of each month, until the expiration of the exemption as described in (c) of this subsection, the department must determine the cumulative number of vehicles that have claimed the exemption as described in (a) of this subsection.

(ii) The department of licensing must collect and provide, upon request, information in a form or manner as required by the department to determine the number of exemptions that have been claimed.

(c) The exemption under this section expires after the last day of the calendar month immediately following the month the department determines that the total number of vehicles exempt under (a) of this subsection reaches 650. All leased vehicles that qualified for the exemption before the expiration of the exemption must continue to receive the exemption as described under (a) of this subsection on lease payments due through the remainder of the lease.

(d) The department must provide notification on its website monthly on the amount of exemptions that have been applied for, the amount issued, and the amount remaining before the limit described in (c) of this subsection has been reached, and, once that limit has been reached, the date the exemption

expires pursuant to (c) of this subsection.

(e) A person may not claim the exemption under this subsection if the person claims the exemption under RCW 82.08.9999 or 82.12.9999.

(f) The per vehicle exemption must be based on the sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles.

(2)(a) Subject to the limitations in this subsection (2), beginning July 1, 2022, with sales made or lease agreements signed on or after this date until the expiration of this section, the entire tax levied by RCW 82.08.020 does not apply to the sale or lease of used electric passenger cars, light duty trucks, and medium duty passenger vehicles, that are powered by a fuel cell.

(b) The per vehicle exemption must be based on the sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles. However, the maximum value amount eligible for the exemption under (a) of this subsection is the lesser of either ~~((sixteen thousand dollars))~~ \$16,000 or the fair market value of the vehicle.

(c) A person may not claim the exemption under this subsection (2) if the person claims the exemption under RCW 82.08.9999 or 82.12.9999.

(3)(a) For qualifying vehicles sold by a person licensed to do business in the state of Washington, the seller must keep records necessary for the department to verify eligibility under this section. The seller reporting the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information must be provided in a form and manner prescribed by the department.

(b) For vehicles purchased from (i) a seller that is not licensed to do business in the state of Washington, or (ii) a private party, the buyer must keep records necessary for the department to verify eligibility under this section. The buyer claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; date of sale; sales price; and the total amount qualifying for the incentive claimed for each vehicle. This information must be provided in a form and manner prescribed by the department.

(4)(a) The department of licensing must maintain and publish a list of all vehicle models qualifying for the tax exemptions under this section and RCW 82.12.817 until the expiration of this section, and is authorized to issue final rulings on vehicle model qualification for these criteria.

(b) The department of revenue retains responsibility for determining whether a vehicle meets the applicable qualifying criterion under subsections (1) and (2) of this section.

~~(5) ((On the last day of July, October, January, and April of each year, the state treasurer, based upon information provided by the department, must transfer from the electric vehicle account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior fiscal quarter but for the exemptions provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.~~

~~(6))~~ By the last day of August 2023, and annually thereafter until this section expires, based on the best available data, the department must report the following information to the transportation committees of the legislature: The cumulative number of fuel cell electric vehicles that qualified for the exemptions under this section and RCW 82.12.817 by month of purchase or lease start and vehicle make and model; the dollar amount of all state retail sales and use taxes exempted on or after the qualification period start

date, under this section and RCW 82.12.817; and estimates of the future costs of leased vehicles that qualified for the exemptions under this section and RCW 82.12.817.

~~((7))~~ (6)(a) Sales of vehicles delivered to the buyer after the expiration of this section, or leased vehicles for which the lease agreement was signed after the expiration of this section, do not qualify for the exemptions under this section.

(b) All leased vehicles that qualified for the exemption under this section before the expiration of this section must continue to receive the exemption on any lease payments due through the remainder of the lease.

~~((8))~~ (7) For the purposes of this section:

(a) "Fair market value" has the same meaning as "value of the article used" in RCW 82.12.010.

(b) "Fuel cell" means a technology that uses an electrochemical reaction to generate electric energy by combining atoms of hydrogen and oxygen in the presence of a catalyst.

(c) "New vehicle" has the same meaning as "new motor vehicle" in RCW 46.04.358.

(d) "Selling price" and "sales price" have the same meaning as in RCW 82.08.010.

(e) "Used vehicle" has the same meaning as in RCW 46.04.660.

~~((9))~~ (8) This section expires June 30, 2029.

Sec. 304. RCW 82.12.817 and 2021 c 171 s 3 are each amended to read as follows:

(1) Subject to the limitations in this subsection and RCW 82.08.993(1)(c), beginning July 1, 2022, with sales made or lease agreements signed on or after this date until the expiration of this section, ~~((fifty))~~ 50 percent of the tax levied by RCW 82.12.020 does not apply to sales or leases of new electric passenger cars, light duty trucks, and medium duty passenger vehicles, that are powered by a fuel cell.

(2)(a) Subject to the limitations in this subsection (2), beginning July 1, 2022, with sales made or lease agreements signed on or after this date until the expiration of this section, the entire

tax levied by RCW 82.12.020 does not apply to the sale or lease of used electric passenger cars, light duty trucks, and medium duty passenger vehicles, that are powered by a fuel cell.

(b) The per vehicle exemption must be based on the sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles. However, the maximum value amount eligible for the exemption under (a) of this subsection is the lesser of either ~~((sixteen thousand dollars))~~ \$16,000 or the fair market value of the vehicle.

(c) A person may not claim the exemption under this subsection (2) if the person claims the exemption under RCW 82.08.9999 or 82.12.9999.

(3) The buyer must keep records necessary for the department to verify eligibility under this section. The buyer claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information must be provided in a form and manner prescribed by the department.

~~(4) ((On the last day of July, October, January, and April of each year, the state treasurer, based upon information provided by the department, must transfer from the electric vehicle account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior fiscal quarter but for the exemptions provided in this section. Information provided by the department to the state treasurer must be based on the best available data.~~

~~(5))~~(a) Sales of vehicles delivered to the buyer after the expiration of this section, or leased vehicles for which the lease agreement was signed after the expiration of this section, do not qualify for the exemptions under this section.

(b) All leased vehicles that qualified for the exemption under this section before the expiration of this section must continue to receive the exemption on any lease payments due through the remainder of the lease.

~~((+6))~~ (5) The definitions in RCW 82.08.993 apply to this section.

~~((+7))~~ (6) This section expires June 30, 2029.

Sec. 305. RCW 82.08.9999 and 2021 c 145 s 13 are each amended to read as follows:

(1) Beginning August 1, 2019, with sales made or lease agreements signed on or after the qualification period start date:

(a) The tax levied by RCW 82.08.020 does not apply as provided in (b) of this subsection to sales or leases of new or used passenger cars, light duty trucks, and medium duty passenger vehicles that:

(i) Are exclusively powered by a clean alternative fuel; or

(ii) Use at least one method of propulsion that is capable of being reenergized by an external source of electricity and are capable of traveling at least ~~((thirty))~~ 30 miles using only battery power; and

(iii)(A) Have a vehicle selling price plus trade-in property of like kind for purchased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed ~~((forty five thousand dollars))~~ \$45,000; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed ~~((thirty thousand dollars))~~ \$30,000; or

(B) Have a fair market value at the inception of the lease for leased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed ~~((forty five thousand dollars))~~ \$45,000; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was

signed, does not exceed ~~((thirty thousand dollars))~~ \$30,000;

(b)(i) The exemption in this section is applicable for up to the amounts specified in (b)(ii) or (iii) of this subsection of:

(A) The total amount of the vehicle's selling price, for sales made; or

(B) The total lease payments made plus any additional selling price of the leased vehicle if the original lessee purchases the leased vehicle before the qualification period end date, for lease agreements signed.

(ii) Based on the purchase date or the date the lease agreement was signed of the vehicle if the vehicle is a new vehicle at the time of the purchase date or the date the lease agreement was signed:

(A) From the qualification period start date until July 31, 2021, the maximum amount eligible under (b)(i) of this subsection is ~~((twenty five thousand dollars))~~ \$25,000;

(B) From August 1, 2021, until July 31, 2023, the maximum amount eligible under (b)(i) of this subsection is ~~((twenty thousand dollars))~~ \$20,000;

(C) From August 1, 2023, until July 31, 2025, the maximum amount eligible under (b)(i) of this subsection is ~~((fifteen thousand dollars))~~ \$15,000.

(iii) If the vehicle is a used vehicle at the time of the purchase date or the date the lease agreement was signed, the maximum amount eligible under (b)(i) of this subsection is ~~((sixteen thousand dollars))~~ \$16,000.

(2) The seller must keep records necessary for the department to verify eligibility under this section. A person claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information

must be provided in a form and manner prescribed by the department.

(3)(a) The department of licensing must maintain and publish a list of all vehicle models qualifying for the tax exemptions under this section or RCW 82.12.9999 until the expiration date of this section, and is authorized to issue final rulings on vehicle model qualification for these criteria. A seller is not responsible for repayment of the tax exemption under this section and RCW 82.12.9999 for a vehicle if the department of licensing's published list of qualifying vehicle models on the purchase date or the date the lease agreement was signed includes the vehicle model and the department of licensing subsequently removes the vehicle model from the published list, and, if applicable, the vehicle meets the qualifying criterion under subsection (1)(a)(iii)(B) of this section and RCW 82.12.9999(1)(a)(iii)(B).

(b) The department of revenue retains responsibility for determining whether a vehicle meets the applicable qualifying criterion under subsection (1)(a)(iii)(B) of this section and RCW 82.12.9999(1)(a)(iii)(B).

~~(4) ((On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the electric vehicle account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.~~

~~(5))~~ By the last day of October 2019, and every six months thereafter until this section expires, based on the best available data, the department must report the following information to the transportation committees of the legislature: The cumulative number of vehicles that qualified for the exemption under this section and RCW 82.12.9999 by month of purchase or lease start and vehicle make and model; the dollar amount of all state retail sales and use taxes exempted on or after the qualification period start date, under this section and

RCW 82.12.9999; and estimates of the future costs of leased vehicles that qualified for the exemption under this section and RCW 82.12.9999.

~~((6))~~ (5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Clean alternative fuel" means natural gas, propane, hydrogen, or electricity, when used as a fuel in a motor vehicle that meets the California motor vehicle emission standards in Title 13 of the California Code of Regulations, effective January 1, 2019, and the rules of the Washington state department of ecology.

(b) "Fair market value" has the same meaning as "value of the article used" in RCW 82.12.010.

(c) "New vehicle" has the same meaning as "new motor vehicle" in RCW 46.04.358.

(d) "Qualification period end date" means August 1, 2025.

(e) "Qualification period start date" means August 1, 2019.

(f) "Used vehicle" has the same meaning as in RCW 46.04.660.

~~((7))~~ (6)(a) Sales of vehicles delivered to the buyer or leased vehicles for which the lease agreement was signed after the qualification period end date do not qualify for the exemption under this section.

(b) All leased vehicles that qualified for the exemption under this section before the qualification period end date must continue to receive the exemption as described under subsection (1)(b) of this section on any lease payments due through the remainder of the lease before August 1, 2028.

~~((8))~~ (7) This section expires August 1, 2028.

~~((9))~~ (8) This section is supported by the revenues generated in RCW 46.17.324, and therefore takes effect only if RCW 46.17.324 is enacted by June 30, 2019.

Sec. 306. RCW 82.12.9999 and 2019 c 287 s 10 are each amended to read as follows:

(1) Beginning August 1, 2019, beginning with sales made or lease

agreements signed on or after the qualification period start date:

(a) The provisions of this chapter do not apply as provided in (b) of this subsection in respect to the use of new or used passenger cars, light duty trucks, and medium duty passenger vehicles that:

(i) Are exclusively powered by a clean alternative fuel; or

(ii) Use at least one method of propulsion that is capable of being reenergized by an external source of electricity and are capable of traveling at least (~~thirty~~) 30 miles using only battery power; and

(iii)(A) Have a fair market value at the time use tax is imposed for purchased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed (~~forty five thousand dollars~~) \$45,000; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed (~~thirty thousand dollars~~) \$30,000; or

(B) Have a fair market value at the inception of the lease for leased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed (~~forty five thousand dollars~~) \$45,000; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed (~~thirty thousand dollars~~) \$30,000;

(b)(i) The exemption in this section is only applicable for up to the amounts specified in (b)(ii) or (iii) of this subsection of:

(A) The total amount of the vehicle's purchase price, for sales made; or

(B) The total lease payments made plus any additional purchase price of the leased vehicle if the original lessee purchases the leased vehicle before the qualification period end date, for lease agreements signed.

(ii) Based on the purchase date or the date the lease agreement was signed of the vehicle if the vehicle is a new vehicle at the time of the purchase date or the date the lease agreement was signed:

(A) From the qualification period start date until July 31, 2021, the maximum amount eligible under (b)(i) of this subsection is (~~twenty five thousand dollars~~) \$25,000;

(B) From August 1, 2021, until July 31, 2023, the maximum amount eligible under (b)(i) of this subsection is (~~twenty thousand dollars~~) \$20,000;

(C) From August 1, 2023, until July 31, 2025, the maximum amount eligible under (b)(i) of this subsection is (~~fifteen thousand dollars~~) \$15,000.

(iii) If the vehicle is a used vehicle at the time of the purchase date or the date the lease agreement was signed, the maximum amount eligible under (b)(i) of this subsection is (~~sixteen thousand dollars~~) \$16,000.

(2)(a) The seller must keep records necessary for the department to verify eligibility under this section, except as provided in (b) of this subsection. A person claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; fair market value of the vehicle; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information must be provided in a form and manner prescribed by the department.

(b) (a) of this subsection applies only if the seller or person claiming the exemption is a vehicle dealer, as defined under RCW 46.70.011. When the seller is not a vehicle dealer, the department of licensing must establish a process for granting the tax exemption under this section for use tax otherwise collected at the time the ownership of a vehicle is transferred when the vehicle qualifies for the use tax exemption under subsection (1)(a) of this section, and must provide any information required under (a) of this subsection that it obtains as part of the vehicle titling and registration process for these

vehicles to the department on at least a quarterly basis.

~~(3) ((On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the electric vehicle account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data.~~

~~(4))~~(a) Vehicles purchased or leased vehicles for which the lease agreement was signed after the qualification period end date do not qualify for the exemption under this section.

(b) All leased vehicles that qualified for the exemption under this section before the qualification period end date must continue to receive the exemption as described under subsection (1)(b) of this section on any lease payments due through the remainder of the lease before August 1, 2028.

~~((5))~~ (4) The definitions in RCW 82.08.9999 apply to this section.

~~((6))~~ (5) This section is supported by the revenues generated in RCW 46.17.324, and therefore takes effect only if RCW 46.17.324 is enacted by June 30, 2019.

~~((7))~~ (6) This section expires August 1, 2028.

Sec. 307. RCW 82.04.4496 and 2019 c 287 s 8 are each amended to read as follows:

(1)(a)(i) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter according to the gross vehicle weight rating of the vehicle and the incremental cost of the vehicle purchased above the purchase price of a comparable conventionally fueled vehicle. The credit is limited, as set forth in the table below, to the lesser of the incremental cost amount or the maximum credit amount per vehicle purchased, and subject to a maximum annual credit amount per vehicle class.

Gr oss Vehic	Increm ental	Maxi mum	Maxim um
--------------------	-----------------	-------------	-------------

le Weigh t	Cost Amount	Credit Amount Per Vehicl e	Annual Credit Per Vehicle Class
Up to 14,00 0 pound s	75% of incremen tal cost	\$25, 000	\$2,00 0,000
14 ,001 to 26,50 0 pound s	75% of incremen tal cost	\$50, 000	\$2,00 0,000
Ab ove 26,50 0 pound s	75% of incremen tal cost	\$100 ,000	\$2,00 0,000

(ii) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter for up to ~~((fifty))~~ 50 percent of the cost to purchase alternative fuel vehicle infrastructure, tangible personal property that will become a component of alternative fuel vehicle infrastructure, and installation and construction of alternative fuel vehicle infrastructure, but excluding the cost of property acquisition and site improvement related to the installation of alternative fuel vehicle infrastructure. The credit is subject to a maximum annual credit amount of ~~((two million dollars))~~ \$2,000,000.

(b) On September 1st of each year, any unused credits from any category identified in (a) of this subsection must be made available to applicants applying for credits under any other category identified in (a) of this subsection, subject to the maximum annual and total credit amounts identified in this subsection. The credit established in this section and RCW 82.16.0496 is subject to a maximum annual credit amount of ~~((six million dollars))~~ \$6,000,000, and a maximum total credit amount of ~~((thirty two and one half million~~

~~dollars~~) \$32,500,000 since the credit became available on July 15, 2015.

(c) The credit provided in (a)(i) of this subsection is available for the lease of a vehicle. The credit amount for a leased vehicle is equal to the credit in (a)(i) of this subsection multiplied by the lease reduction factor. The person claiming the credit for a leased vehicle must be the lessee as identified in the lease contract.

(2) A person who is taxable under this chapter is allowed, subject to the maximum annual credit per category in subsection (1)(a) of this section, a credit against the tax imposed in this chapter for the lesser of (~~twenty five thousand dollars~~) \$25,000 or (~~five~~) 50 percent of the costs of converting a commercial vehicle to be principally powered by a clean alternative fuel with a United States environmental protection agency certified conversion.

(3) The total credits under subsection (1)(a)(i) of this section may not exceed the lesser of (~~two hundred fifty thousand dollars~~) \$250,000 or (~~twenty five~~) 25 vehicles per person per calendar year.

(4) A person may not receive credit under this section for amounts claimed as credits under chapter 82.16 RCW.

(5) Credits are available on a first-in-time basis.

(a) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section, and RCW 82.16.0496, during any calendar year to exceed (~~six million dollars~~) \$6,000,000. The department must provide notification on its website monthly on the amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide annual limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(b) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed beginning July 15, 2015, under this section and RCW 82.16.0496 to exceed (~~thirty two and one half million dollars~~) \$32,500,000. The department must provide notification on its website monthly on the total amount of credits

that have been applied for, the amount issued, and the amount remaining before the statewide limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(6) For the purposes of the limits provided in this section, a credit must be counted against such limits for the calendar year in which the credit is earned.

(7) To claim a credit under this section a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. No refunds may be granted for credits under this section.

(8) To claim a credit under this section, the person applying must:

(a) Complete an application for the credit which must include:

(i) The name, business address, and tax identification number of the applicant;

(ii) A quote or unexecuted copy of the purchase requisition or order for the vehicle, infrastructure, infrastructure components, infrastructure construction, or infrastructure installation;

(iii) The type of alternative fuel to be used by the vehicle or supported by the infrastructure;

(iv) The incremental cost of the alternative fuel system for vehicle credits;

(v) The anticipated delivery date of the vehicle, the anticipated delivery date of the infrastructure or infrastructure components, the anticipated construction completion date of the infrastructure, or the anticipated installation completion date of the infrastructure;

(vi) The estimated annual fuel use of the vehicle in the anticipated duties or the estimated annual fuel to be supplied by the infrastructure;

(vii) The gross weight of each vehicle for vehicle credits;

(viii) For leased vehicles, a copy of the lease contract that includes the gross capitalized cost, residual value, and name of the lessee; and

(ix) Any other information deemed necessary by the department to support administration or reporting of the program.

(b) Within (~~(fifteen)~~) 15 days of notice of credit availability from the department, provide notice of intent to claim the credit including:

(i) A copy of the order for the vehicle or infrastructure-related item, including the total cost for the vehicle or infrastructure-related item;

(ii) The anticipated delivery date of the vehicle or infrastructure or infrastructure component, which must be within one year of acceptance of the credit;

(iii) The anticipated construction or installation completion date of the infrastructure, which must be within two years of acceptance of the credit; and

(iv) Any other information deemed necessary by the department to support administration or reporting of the program.

(c) Provide final documentation within (~~(thirty)~~) 30 days of receipt of the vehicle or infrastructure or infrastructure components or of completion of construction or installation of the infrastructure, including:

(i) A copy of the final invoice for the vehicle or infrastructure-related items;

(ii) A copy of the factory build sheet or equivalent documentation;

(iii) The vehicle identification number of each vehicle;

(iv) The incremental cost of the alternative fuel system for vehicle credits;

(v) Attestations signed by both the seller and purchaser of each vehicle attesting that the incremental cost of the alternative fuel system includes only the costs necessary for the vehicle to run on alternative fuel and no other vehicle options, equipment, or costs; and

(vi) Any other information deemed necessary by the department to support administration or reporting of the program.

(9) A person applying for credit under subsection (8) of this section may apply

for multiple vehicles on the same application, but the application must include the required information for each vehicle included in the application. A separate application is required for infrastructure-related items, but all infrastructure-related items at a single location may be included in a single application provided the required information for each infrastructure-related item is included in the application.

(10) To administer the credits, the department must, at a minimum:

(a) Provide notification on its website monthly of the amount of credits that have been applied for, claimed, and the amount remaining before the statewide annual limit and total limit are reached;

(b) Within (~~(fifteen)~~) 15 days of receipt of the application, notify persons applying of the availability of tax credits in the year in which the vehicles or infrastructure applied for are anticipated to be delivered, constructed, or installed;

(c) Within (~~(fifteen)~~) 15 days of receipt of the notice of intent to claim the tax credit, notify the applicant of the approval, denial, or missing information in their notice; and

(d) Within (~~(fifteen)~~) 15 days of receipt of final documentation, review the documentation and notify the person applying of the acceptance of their final documentation.

(11) If a person fails to supply the information as required in subsection (8) of this section, the department must deny the application.

(12)(a) Taxpayers are only eligible for a credit under this section based on:

(i) Sales or leases of new commercial vehicles and qualifying used commercial vehicles with propulsion units that are principally powered by a clean alternative fuel;

(ii) Costs to modify a commercial vehicle, including sales of tangible personal property incorporated into the vehicle and labor or service expenses incurred in modifying the vehicle, to be principally powered by a clean alternative fuel; or

(iii) Sales of alternative fuel vehicle infrastructure or infrastructure components, or the cost of construction

or installation of alternative fuel vehicle infrastructure.

(b) A credit is earned when the purchaser or the lessee takes receipt of the qualifying commercial vehicle or infrastructure-related item, the vehicle conversion is complete, or the construction or installation of the infrastructure is complete.

(13) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year.

~~(14) ((a) Beginning November 25, 2015, and on the 25th of February, May, August, and November of each year thereafter, the department must notify the state treasurer of the amount of credits taken under this section as reported on returns filed with the department during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.~~

~~(b) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must transfer a sum equal to the dollar amount of the credit provided under this section from the multimodal transportation account to the general fund.~~

~~(15))~~ The department must conduct outreach to interested parties to obtain input on how best to streamline the application process required for the credit made available in this section and RCW 82.16.0496 to further adoption of alternative fuel technologies in commercial vehicle fleets, and must incorporate the findings resulting from this outreach effort into the rules and practices it adopts to implement and administer this section and RCW 82.16.0496 to the extent permitted under law.

~~((16))~~ (15) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Alternative fuel vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support a clean alternative fuel vehicle.

(b) "Auto transportation company" means any corporation or person owning, controlling, operating, or managing any

motor propelled vehicle, used in the business of transporting persons for compensation over public highways within the state of Washington, between fixed points or over a regular route. For the purposes of this section, "auto transportation company" also includes the following categories of providers irrespective of whether they provide service between fixed points or over a regular route: "Private, nonprofit transportation provider" as defined in RCW 81.66.010, "charter party carrier" as defined in RCW 81.70.020, and paratransit service providers who primarily provide special needs transportation to individuals with disabilities and the elderly.

(c) "Clean alternative fuel" means electricity, dimethyl ether, hydrogen, methane, natural gas, liquefied natural gas, compressed natural gas, or propane.

(d) "Commercial vehicle" means any commercial vehicle that is purchased by a private business and that is used exclusively in the provision of commercial services or the transportation of commodities, merchandise, produce, refuse, freight, animals, or passengers, and that is displaying a Washington state license plate. All commercial vehicles that provide transportation to passengers must be operated by an auto transportation company.

(e) "Gross capitalized cost" means the agreed upon value of the commercial vehicle and including any other items a person pays over the lease term that are included in such cost.

(f) "Lease reduction factor" means the vehicle gross capitalized cost less the residual value, divided by the gross capitalized cost.

(g) "Qualifying used commercial vehicle" means vehicles that:

(i) Have an odometer reading of less than ~~((four hundred fifty thousand))~~ 450,000 miles;

(ii) Are less than ~~((ten))~~ 10 years past their original date of manufacture;

(iii) Were modified after the initial purchase with a United States environmental protection agency certified conversion that would allow the propulsion units to be principally powered by a clean alternative fuel; and

(iv) Are being sold for the first time after modification.

(h) "Residual value" means the lease-end value of the vehicle as determined by the lessor, at the end of the lease term included in the lease contract.

~~((17))~~ (16) Credits may be earned under this section from January 1, 2016, until the maximum total credit amount in subsection (1)(b) of this section is reached, except for credits for leased vehicles, which may be earned from July 1, 2016, until the maximum total credit amount in subsection (1)(b) of this section is reached.

Sec. 308. RCW 82.16.0496 and 2019 c 287 s 13 are each amended to read as follows:

(1)(a)(i) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter according to the gross vehicle weight rating of the vehicle and the incremental cost of the vehicle purchased above the purchase price of a comparable conventionally fueled vehicle. The credit is limited, as set forth in the table below, to the lesser of the incremental cost amount or the maximum credit amount per vehicle purchased, and subject to a maximum annual credit amount per vehicle class.

Gross Vehicle Weight	Incremental Cost Amount	Maximum Credit Amount Per Vehicle	Maximum Annual Credit Per Vehicle Class
Up to 14,000 pounds	75% of incremental cost	\$25,000	\$2,000,000
14,001 to 26,500 pounds	75% of incremental cost	\$50,000	\$2,000,000

Above 26,500 pounds	75% of incremental cost	\$100,000	\$2,000,000
---------------------	-------------------------	-----------	-------------

(ii) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter for up to ~~((fifty))~~ 50 percent of the cost to purchase alternative fuel vehicle infrastructure, tangible personal property that will become a component of alternative fuel vehicle infrastructure, and installation and construction of alternative fuel vehicle infrastructure, but excluding the cost of property acquisition and site improvement related to the installation of alternative fuel vehicle infrastructure. The credit is subject to a maximum annual credit amount of ~~((two million dollars))~~ \$2,000,000.

(b) On September 1st of each year, any unused credits from any category identified in (a) of this subsection must be made available to applicants applying for credits under any other category identified in (a) of this subsection, subject to the maximum annual and total credit amounts identified in this subsection. The credit established in this section and RCW 82.04.4496 is subject to a maximum annual credit amount of ~~((six million dollars))~~ \$6,000,000, and a maximum total credit amount of ~~((thirty-two and one-half million dollars))~~ \$32,500,000 beginning July 15, 2015.

(c) The credit provided in (a)(i) of this subsection is available for the lease of a vehicle. The credit amount for a leased vehicle is equal to the credit in (a)(i) of this subsection multiplied by the lease reduction factor. The person claiming the credit for a leased vehicle must be the lessee as identified in the lease contract.

(2) A person who is taxable under this chapter is allowed, subject to the maximum annual credit per category in subsection (1)(a) of this section, a credit against the tax imposed in this chapter for the lesser of ~~((twenty-five thousand dollars))~~ \$25,000 or ~~((fifty))~~ 50 percent of the costs of converting a commercial vehicle to be principally powered by a clean alternative fuel with a United States environmental protection agency certified conversion.

(3) The total credits under subsection (1)(a)(i) of this section may not exceed the lesser of (~~two hundred fifty thousand dollars~~) \$250,000 or (~~twenty five~~) 25 vehicles per person per calendar year.

(4) A person may not receive credit under this section for amounts claimed as credits under chapter 82.04 RCW.

(5) Credits are available on a first-in-time basis.

(a) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section, and RCW 82.04.4496, during any calendar year to exceed (~~six million dollars~~) \$6,000,000. The department must provide notification on its website monthly on the amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide annual limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(b) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed beginning July 15, 2015, under this section and RCW 82.04.4496 to exceed (~~thirty two and one half million dollars~~) \$32,500,000. The department must provide notification on its website monthly on the total amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(6) For the purposes of the limits provided in this section, a credit must be counted against such limits for the calendar year in which the credit is earned.

(7) To claim a credit under this section a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. No refunds may be granted for credits under this section.

(8) To claim a credit under this section, the person applying must:

(a) Complete an application for the credit which must include:

(i) The name, business address, and tax identification number of the applicant;

(ii) A quote or unexecuted copy of the purchase requisition or order for the vehicle, infrastructure, infrastructure components, infrastructure construction, or infrastructure installation;

(iii) The type of alternative fuel to be used by the vehicle or supported by the infrastructure;

(iv) The incremental cost of the alternative fuel system for vehicle credits;

(v) The anticipated delivery date of the vehicle, the anticipated delivery date of the infrastructure or infrastructure components, the anticipated construction completion date of the infrastructure, or the anticipated installation completion date of the infrastructure;

(vi) The estimated annual fuel use of the vehicle in the anticipated duties or the estimated annual fuel to be supplied by the infrastructure;

(vii) The gross weight of each vehicle for vehicle credits;

(viii) For leased vehicles, a copy of the lease contract that includes the gross capitalized cost, residual value, and name of the lessee; and

(ix) Any other information deemed necessary by the department to support administration or reporting of the program.

(b) Within (~~fifteen~~) 15 days of notice of credit availability from the department, provide notice of intent to claim the credit including:

(i) A copy of the order for the vehicle or infrastructure-related item, including the total cost for the vehicle or infrastructure-related item;

(ii) The anticipated delivery date of the vehicle or infrastructure or infrastructure component, which must be within one year of acceptance of the credit;

(iii) The anticipated construction or installation completion date of the infrastructure, which must be within two years of acceptance of the credit; and

(iv) Any other information deemed necessary by the department to support administration or reporting of the program.

(c) Provide final documentation within ~~((thirty))~~ 30 days of receipt of the vehicle or infrastructure or infrastructure components or of completion of construction or installation of the infrastructure, including:

(i) A copy of the final invoice for the vehicle or infrastructure-related items;

(ii) A copy of the factory build sheet or equivalent documentation;

(iii) The vehicle identification number of each vehicle;

(iv) The incremental cost of the alternative fuel system for vehicle credits;

(v) Attestations signed by both the seller and purchaser of the vehicle attesting that the incremental cost of the alternative fuel system includes only the costs necessary for the vehicle to run on alternative fuel and no other vehicle options, equipment, or costs; and

(vi) Any other information deemed necessary by the department to support administration or reporting of the program.

(9) A person applying for credit under subsection (8) of this section may apply for multiple vehicles on the same application, but the application must include the required information for each vehicle included in the application. A separate application is required for infrastructure-related items, but all infrastructure-related items at a single location may be included in a single application provided the required information for each infrastructure-related item is included in the application.

(10) To administer the credits, the department must, at a minimum:

(a) Provide notification on its website monthly of the amount of credits that have been applied for, claimed, and the amount remaining before the statewide annual limit and total limit are reached;

(b) Within ~~((fifteen))~~ 15 days of receipt of the application, notify persons applying of the availability of tax credits in the year in which the

vehicles or infrastructure applied for are anticipated to be delivered, constructed, or installed;

(c) Within ~~((fifteen))~~ 15 days of receipt of the notice of intent to claim the tax credit, notify the applicant of the approval, denial, or missing information in their notice; and

(d) Within ~~((fifteen))~~ 15 days of receipt of final documentation, review the documentation and notify the person applying of the acceptance of their final documentation.

(11) If a person fails to supply the information as required in subsection (8) of this section, the department must deny the application.

(12)(a) Taxpayers are only eligible for a credit under this section based on:

(i) Sales or leases of new commercial vehicles and qualifying used commercial vehicles with propulsion units that are principally powered by a clean alternative fuel;

(ii) Costs to modify a commercial vehicle, including sales of tangible personal property incorporated into the vehicle and labor or service expenses incurred in modifying the vehicle, to be principally powered by a clean alternative fuel; or

(iii) Sales of alternative fuel vehicle infrastructure or infrastructure components, or the cost of construction or installation of alternative fuel vehicle infrastructure.

(b) A credit is earned when the purchaser or the lessee takes receipt of the qualifying commercial vehicle or infrastructure-related item, the vehicle conversion is complete, or the construction or installation of the infrastructure is complete.

(13) The definitions in RCW 82.04.4496 apply to this section.

(14) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year.

~~(15) ((a) Beginning November 25, 2015, and on the 25th of February, May, August, and November of each year thereafter, the department must notify the state treasurer of the amount of credits taken under this section as reported on returns filed with the department during the~~

~~preceding calendar quarter ending on the last day of December, March, June, and September, respectively.~~

~~(b) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must transfer a sum equal to the dollar amount of the credit provided under this section from the multimodal transportation account to the general fund.~~

~~(16))~~ Credits may be earned under this section from January 1, 2016, until the maximum total credit amount in subsection (1)(b) of this section is reached, except for credits for leased vehicles, which may be earned from July 1, 2016, until the maximum total credit amount in subsection (1)(b) of this section is reached.

Sec. 309. RCW 82.08.816 and 2019 c 287 s 11 are each amended to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to:

(a) The sale of batteries or fuel cells for electric vehicles, including batteries or fuel cells sold as a component of an electric bus at the time of the vehicle's sale;

(b) The sale of or charge made for labor and services rendered in respect to installing, repairing, altering, or improving electric vehicle batteries or fuel cells;

(c) The sale of or charge made for labor and services rendered in respect to installing, constructing, repairing, or improving battery or fuel cell electric vehicle infrastructure, including hydrogen fueling stations;

(d) The sale of tangible personal property that will become a component of battery or fuel cell electric vehicle infrastructure during the course of installing, constructing, repairing, or improving battery or fuel cell electric vehicle infrastructure; and

(e) The sale of zero emissions buses.

(2) Sellers may make tax exempt sales under this section only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

~~(3) ((On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.~~

~~(4))~~ The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support a battery or fuel cell electric vehicle, including battery charging stations, rapid charging stations, battery exchange stations, fueling stations that provide hydrogen for fuel cell electric vehicles, and renewable hydrogen production facilities.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(e) "Renewable hydrogen" means hydrogen produced using renewable

resources both as the source for hydrogen and the source for the energy input into the production process.

(f) "Renewable resource" means (i) water; (ii) wind; (iii) solar energy; (iv) geothermal energy; (v) renewable natural gas; (vi) renewable hydrogen; (vii) wave, ocean, or tidal power; (viii) biodiesel fuel that is not derived from crops raised on land cleared from old growth or first growth forests; or (ix) biomass energy.

(g) "Zero emissions bus" means a bus that emits no exhaust gas from the onboard source of power, other than water vapor.

~~((5))~~ (4) This section expires July 1, 2025.

Sec. 310. RCW 82.12.816 and 2019 c 287 s 12 are each amended to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of:

(a) Electric vehicle batteries or fuel cells, including batteries or fuel cells sold as a component of an electric bus at the time of the vehicle's sale;

(b) Labor and services rendered in respect to installing, repairing, altering, or improving electric vehicle batteries or fuel cells;

(c) Tangible personal property that will become a component of battery or fuel cell electric vehicle infrastructure during the course of installing, constructing, repairing, or improving battery or fuel cell electric vehicle infrastructure; and

(d) Zero emissions buses.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully

automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support a battery or fuel cell electric vehicle, including battery charging stations, rapid charging stations, battery exchange stations, fueling stations that provide hydrogen for fuel cell electric vehicles, and renewable hydrogen production facilities.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(g) "Zero emissions bus" means a bus that emits no exhaust gas from the onboard source of power, other than water vapor.

~~(3) ((On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.~~

~~(4))~~ This section expires July 1, 2025.

Sec. 311. RCW 82.70.040 and 2016 c 32 s 3 are each amended to read as follows:

(1)(a) The department must keep a running total of all credits allowed under RCW 82.70.020 during each fiscal year. The department may not allow any credits that would cause the total amount allowed to exceed ~~((two million seven hundred fifty thousand dollars))~~ \$2,750,000 in any fiscal year.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department must ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded. If a credit is reduced under this subsection, the amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2)(a) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

(b) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. For credits approved by the department through June 30, 2015, the approved credit may be carried forward and used for tax reporting periods through December 31, 2016. Credits approved after June 30, 2015, must be used for tax reporting periods within the calendar year for which they are approved by the department and may not be carried forward to subsequent tax reporting periods. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person may be approved for tax credits under RCW 82.70.020 in excess of ~~((one hundred thousand dollars))~~ \$100,000 in any fiscal year. This limitation does not apply to credits carried forward from prior years under subsection (2)(b) of this section.

(4) No person may claim tax credits after June 30, 2024.

~~((5) No person is eligible for tax credits under RCW 82.70.020 if the additional revenues for the multimodal transportation account created by chapter 361, Laws of 2003 are terminated.))~~

Sec. 312. RCW 82.70.050 and 2015 3rd sp.s. c 44 s 415 are each amended to read as follows:

~~((1))~~ The director must on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken under RCW 82.70.020 during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

~~((2) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must deposit to the general fund a sum equal to the dollar amount of the credit provided under RCW 82.70.020 from the multimodal transportation account.~~

~~(3) This section expires January 1, 2025.))~~

Sec. 313. RCW 82.21.030 and 2021 c 333 s 705 are each amended to read as follows:

(1)(a) A tax is imposed on the privilege of possession of hazardous substances in this state. Except as provided in (b) of this subsection, the rate of the tax is seven-tenths of one percent multiplied by the wholesale value of the substance. Moneys collected under this subsection (1)(a) must be deposited in the model toxics control capital account.

(b) Beginning July 1, 2019, the rate of the tax on petroleum products is one dollar and nine cents per barrel. The tax collected under this subsection (1)(b) on petroleum products must be deposited as follows, after first depositing the tax as provided in (c) of this subsection, except that during the 2021-2023 biennium the deposit as provided in (c) of this subsection may be prorated equally across each month of the biennium:

(i) Sixty percent to the model toxics control operating account created under RCW 70A.305.180;

(ii) Twenty-five percent to the model toxics control capital account created under RCW 70A.305.190; and

(iii) Fifteen percent to the model toxics control stormwater account created under RCW 70A.305.200.

(c) Until the beginning of the ensuing biennium after the enactment of an additive transportation funding act, (~~(fifty million dollars)~~) \$50,000,000 per biennium to the motor vehicle fund to be used exclusively for transportation stormwater activities and projects. For purposes of this subsection, "additive transportation funding act" means an act enacted after June 30, 2023, in which the combined total of new revenues deposited into the motor vehicle fund and the multimodal transportation account exceed (~~two billion dollars~~) \$2,000,000,000 per biennium attributable solely to an increase in revenue from the enactment of the act.

(d) The department must compile a list of petroleum products that are not easily measured on a per barrel basis. Petroleum products identified on the list are subject to the rate under (a) of this subsection in lieu of the volumetric rate under (b) of this subsection. The list will be made in a form and manner prescribed by the department and must be made available on the department's internet website. In compiling the list, the department may accept technical assistance from persons that sell, market, or distribute petroleum products and consider any other resource the department finds useful in compiling the list.

(2) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter.

(3) Beginning July 1, 2020, and every July 1st thereafter, the rate specified in subsection (1)(b) of this section must be adjusted to reflect the percentage change in the implicit price deflator for nonresidential structures as published by the United States department of commerce, bureau of economic analysis for the most recent (~~(twelve month)~~) 12-month period ending December 31st of the prior year.

Part IV

Account Creation, Local Options, and Other Provisions

NEW SECTION. Sec. 401. A new section is added to chapter 46.68 RCW to read as follows:

The move ahead WA account is created in the motor vehicle fund. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements identified as move ahead WA projects or improvements in an omnibus transportation appropriations act, including any principal and interest on bonds authorized for the projects or improvements.

NEW SECTION. Sec. 402. A new section is added to chapter 46.68 RCW to read as follows:

The move ahead WA flexible account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for transportation projects, programs, or activities identified as move ahead WA projects, programs, or activities in an omnibus transportation appropriations act.

Sec. 403. RCW 43.84.092 and 2021 c 199 s 504 are each amended to read as follows:

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income account, which account is hereby established in the state treasury.

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Refunds of interest to the federal treasury required under the cash management improvement act fall under RCW 43.88.180 and shall not require appropriation. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. Refunds or allocations shall occur prior to the distributions of

earnings set forth in subsection (4) of this section.

(3) Except for the provisions of RCW 43.84.160, the treasury income account may be utilized for the payment of purchased banking services on behalf of treasury funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasury and affected state agencies. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

(a) The following accounts and funds shall receive their proportionate share of earnings based upon each account's and fund's average daily balance for the period: The abandoned recreational vehicle disposal account, the aeronautics account, the Alaskan Way viaduct replacement project account, the ambulance transport fund, the brownfield redevelopment trust fund account, the budget stabilization account, the capital vessel replacement account, the capitol building construction account, the Central Washington University capital projects account, the charitable, educational, penal and reformatory institutions account, the Chehalis basin account, the Chehalis basin taxable account, the cleanup settlement account, the climate active transportation account, the climate transit programs account, the Columbia river basin water supply development account, the Columbia river basin taxable bond water supply development account, the Columbia river basin water supply revenue recovery account, the common school construction fund, the community forest trust account, the connecting Washington account, the county arterial preservation account, the county criminal justice assistance account, the deferred compensation administrative account, the deferred compensation principal account, the department of licensing services account, the department of retirement systems expense account, the developmental disabilities

(5) In conformance with Article II, section 37 of the state Constitution, no treasury accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

Sec. 405. RCW 82.47.020 and 1991 c 173 s 1 are each amended to read as follows:

(1) The legislative authority of a border area jurisdiction may, by resolution for the purposes authorized in this chapter and by approval of a

majority of the registered voters of the jurisdiction voting on the proposition at a general or special election, fix and impose an excise tax on the retail sale of motor vehicle fuel and special fuel within the jurisdiction. An election held under this section must be held not more than ~~((twelve))~~ 12 months before the date on which the proposed tax is to be levied. The ballot setting forth the proposition ~~((shall))~~ must state the tax rate that is proposed. The rate of such tax ~~((shall be in increments of one tenth of a cent per gallon and shall))~~ may not exceed ~~((one cent))~~ two cents per gallon for ballot propositions submitted in calendar year 2022. For ballot propositions submitted after calendar year 2022, this two cents per gallon maximum tax rate may be adjusted to reflect the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published by the bureau of economic analysis of the federal department of commerce, for the period of time between calendar year 2022 and when the tax is placed on the ballot for voter approval.

(2) The tax imposed in this section shall be collected and paid to the jurisdiction but once in respect to any motor vehicle fuel or special fuel. This tax shall be in addition to any other tax authorized or imposed by law.

(3) For purposes of this chapter, the term "border area jurisdictions" means all cities and towns within ~~((ten))~~ 10 miles of an international border crossing and any transportation benefit district established under RCW 36.73.020 which has within its boundaries an international border crossing.

Sec. 406. RCW 36.73.065 and 2015 3rd sp.s. c 44 s 309 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section, taxes, fees, charges, and tolls may not be imposed by a district without approval of a majority of the voters in the district voting on a proposition at a general or special election. The proposition must include a specific description of: (a) The transportation improvement or improvements proposed by the district; (b) any rebate program proposed to be established under RCW 36.73.067; and (c) the proposed taxes, fees, charges, and the range of tolls imposed by the district to raise revenue to fund the

improvement or improvements or rebate program, as applicable.

(2) Voter approval under this section must be accorded substantial weight regarding the validity of a transportation improvement as defined in RCW 36.73.015.

(3) A district may not increase any taxes, fees, charges, or range of tolls imposed or change a rebate program under this chapter once the taxes, fees, charges, tolls, or rebate program takes effect, except:

(a) If authorized by the district voters pursuant to RCW 36.73.160;

(b) With respect to a change in a rebate program, a material change policy adopted pursuant to RCW 36.73.160 is followed and the change does not reduce the percentage level or rebate amount;

(c) For up to ~~((forty dollars))~~ \$40 of the vehicle fee authorized in RCW 82.80.140 by the governing board of the district if a vehicle fee of ~~((twenty dollars))~~ \$20 has been imposed for at least ~~((twenty four))~~ 24 months; ~~((or))~~

(d) For up to ~~((fifty dollars))~~ \$50 of the vehicle fee authorized in RCW 82.80.140 by the governing board of the district if a vehicle fee of ~~((forty dollars))~~ \$40 has been imposed for at least ~~((twenty four))~~ 24 months and a district has met the requirements of subsection (6) of this section; or

(e) For up to three-tenths of one percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, pursuant to the sales and use tax authorized in RCW 82.14.0455.

(4)(a) A district that includes all the territory within the boundaries of the jurisdiction, or jurisdictions, establishing the district may impose by a majority vote of the governing board of the district the following fees, taxes, and charges:

(i) Up to ~~((twenty dollars))~~ \$20 of the vehicle fee authorized in RCW 82.80.140;

(ii) Up to ~~((forty dollars))~~ \$40 of the vehicle fee authorized in RCW 82.80.140 if a vehicle fee of ~~((twenty dollars))~~ \$20 has been imposed for at least ~~((twenty four))~~ 24 months;

(iii) Up to ~~((fifty dollars))~~ \$50 of the vehicle fee authorized in RCW

82.80.140 if a vehicle fee of forty dollars has been imposed for at least ~~((twenty four))~~ 24 months and a district has met the requirements of subsection (6) of this section; ~~((or))~~

(iv) A fee or charge in accordance with RCW 36.73.120; or

(v) Up to one-tenth of one percent of the sales and use tax in accordance with RCW 82.14.0455.

(b) The vehicle fee authorized in (a) of this subsection may only be imposed for a passenger-only ferry transportation improvement if the vehicle fee is first approved by a majority of the voters within the jurisdiction of the district.

(c)(i) A district solely comprised of a city or cities may not impose the fees or charges identified in (a) of this subsection within ~~((one hundred eighty))~~ 180 days after July 22, 2007, unless the county in which the city or cities reside, by resolution, declares that it will not impose the fees or charges identified in (a) of this subsection within the ~~((one hundred eighty day))~~ 180-day period; or

(ii) A district solely comprised of a city or cities identified in RCW 36.73.020(6)(b) may not impose the fees or charges until after May 22, 2008, unless the county in which the city or cities reside, by resolution, declares that it will not impose the fees or charges identified in (a) of this subsection through May 22, 2008.

(5) If the interlocal agreement in RCW 82.80.140(2)(a) cannot be reached, a district that includes only the unincorporated territory of a county may impose by a majority vote of the governing body of the district up to: (a) ~~((Twenty dollars))~~ \$20 of the vehicle fee authorized in RCW 82.80.140, (b) ~~((forty dollars))~~ \$40 of the vehicle fee authorized in RCW 82.80.140 if a fee of ~~((twenty dollars))~~ \$20 has been imposed for at least ~~((twenty four))~~ 24 months, or (c) ~~((fifty dollars))~~ \$50 of the vehicle fee authorized in RCW 82.80.140 if a vehicle fee of ~~((forty dollars))~~ \$40 has been imposed for at least ~~((twenty four))~~ 24 months and a district has met the requirements of subsection (6) of this section.

(6) If a district intends to impose a vehicle fee of more than ~~((forty dollars))~~ \$40 by a majority vote of the

governing body of the district, the governing body must publish notice of this intention, in one or more newspapers of general circulation within the district, by April 1st of the year in which the vehicle fee is to be imposed. If within ~~((ninety))~~ 90 days of the date of publication a petition is filed with the county auditor containing the signatures of eight percent of the number of voters registered and voting in the district for the office of the governor at the last preceding gubernatorial election, the county auditor must canvass the signatures in the same manner as prescribed in RCW 29A.72.230 and certify their sufficiency to the governing body within two weeks. The proposition to impose the vehicle fee must then be submitted to the voters of the district at a special election, called for this purpose, no later than the date on which a primary election would be held under RCW 29A.04.311. The vehicle fee may then be imposed only if approved by a majority of the voters of the district voting on the proposition.

Sec. 407. RCW 82.14.0455 and 2010 c 105 s 3 are each amended to read as follows:

(1) Subject to the provisions in RCW 36.73.065, a transportation benefit district under chapter 36.73 RCW may fix and impose a sales and use tax in accordance with the terms of this chapter. The tax authorized in this section is in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the boundaries of the district. The rate of tax shall not exceed ~~((two tenths))~~ three-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax. Except as provided in subsection (2) of this section, the tax may not be imposed for a period exceeding ~~((ten))~~ 10 years ~~((This tax, if not imposed under the conditions of subsection (2) of this section, may be extended for a period not exceeding ten years))~~ unless renewed with an affirmative vote of the voters voting at ~~((the))~~ an election or a majority vote of the governing board of the district. Each renewal by the voters may extend the tax for additional periods not exceeding 10 years. The governing board of the district may only fix, impose, or extend a sales and use tax of up to one-tenth of

one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(2) The voter-approved sales tax initially imposed under this section after July 1, 2010, may be imposed for a period exceeding ((ten)) 10 years if the moneys received under this section are dedicated for the repayment of indebtedness incurred in accordance with the requirements of chapter 36.73 RCW.

(3) Money received from the tax imposed under this section must be spent in accordance with the requirements of chapter 36.73 RCW.

NEW SECTION. Sec. 408. A new section is added to chapter 70A.535 RCW to read as follows:

(1) The department shall adopt rules that establish standards that reduce carbon intensity in transportation fuels used in Washington. The standards established by the rules must be based on the carbon intensity of gasoline and gasoline substitutes and the carbon intensity of diesel and diesel substitutes. The standards:

(a) Must reduce the overall, aggregate carbon intensity of transportation fuels used in Washington;

(b) May only require carbon intensity reductions at the aggregate level of all transportation fuels and may not require a reduction in carbon intensity to be achieved by any individual type of transportation fuel;

(c) Must assign a compliance obligation to fuels whose carbon intensity exceeds the standards adopted by the department, consistent with the requirements of RCW 70A.535.030; and

(d) Must assign credits that can be used to satisfy or offset compliance obligations to fuels whose carbon intensity is below the standards adopted by the department and that elect to participate in the program, consistent with the requirements of RCW 70A.535.030.

(2) The clean fuels program adopted by the department must be designed such that:

(a) Regulated parties generate deficits and may reconcile the deficits, and thus comply with the clean fuels program standards for a compliance period, by obtaining and retiring credits;

(b) Regulated parties and credit generators may generate credits for fuels used as substitutes or alternatives for gasoline or diesel;

(c) Regulated parties, credit generators, and credit aggregators shall have opportunities to trade credits; and

(d) Regulated parties shall be allowed to carry over to the next compliance period a small deficit without penalty.

(3) The department shall, throughout a compliance period, regularly monitor the availability of fuels needed for compliance with the clean fuels program.

(4)(a) Under the clean fuels program, the department shall monthly calculate the volume-weighted average price of credits and, no later than the last day of the month immediately following the month for which the calculation is completed, post the formula and the nonaggregated data the department used for the calculation and the results of the calculation on the department's website.

(b) In completing the calculation required by this subsection, the department may exclude from the data set credit transfers without a price or other credit transfers made for a price that falls two standard deviations outside of the mean credit price for the month. Data posted on the department's website under this section may not include any individually identifiable information or information that would constitute a trade secret.

(5)(a) Except as provided in this section, the rules adopted under this section must reduce the greenhouse gas emissions attributable to each unit of the fuels to 20 percent below 2017 levels by 2038 based on the following schedule:

(i) No more than 0.5 percent each year in 2023 and 2024;

(ii) No more than an additional one percent each year beginning in 2025 through 2027;

(iii) No more than an additional 1.5 percent each year beginning in 2028 through 2031; and

(iv) No change in 2032 and 2033.

(b) The rules must establish a start date for the clean fuels program of no later than January 1, 2023.

(6) Beginning with the program year beginning in calendar year 2028, the department may not increase the carbon intensity reductions required by the applicable clean fuels program standard adopted by the department under subsection (5) of this section beyond a 10 percent reduction in carbon intensity until the department demonstrates that the following have occurred:

(a) At least a 15 percent net increase in the volume of in-state liquid biofuel production and the use of feedstocks grown or produced within the state relative to the start of the program; and

(b) At least one new or expanded biofuel production facility representing an increase in production capacity or producing, in total, in excess of 60,000,000 gallons of biofuels per year has or have received after July 1, 2021, all necessary siting, operating, and environmental permits post all timely and applicable appeals. As part of the threshold of 60,000,000 gallons of biofuel under this subsection, at least one new facility producing at least 10,000,000 gallons per year must have received all necessary siting, operating, and environmental permits. Timely and applicable appeals must be determined by the attorney general's office.

(7) Beginning with the program year beginning in calendar year 2031, the department may not increase the carbon intensity reductions required by the applicable clean fuels program standard adopted by the department under subsection (5) of this section beyond a 10 percent reduction in carbon intensity until the:

(a) Joint legislative audit and review committee report required in RCW 70A.535.140 has been completed; and

(b) 2033 regular legislative session has adjourned, in order to allow an opportunity for the legislature to amend the requirements of this chapter in light of the report required in (a) of this subsection.

(8) Transportation fuels exported from Washington are not subject to the greenhouse gas emissions reduction requirements in this section.

(9) To the extent the requirements of this chapter conflict with the requirements of chapter 19.112 RCW, the requirements of this chapter prevail.

Sec. 409. RCW 70A.535.010 and 2021 c 317 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly indicates otherwise.

(1) "Carbon dioxide equivalents" has the same meaning as defined in RCW 70A.45.010.

(2) "Carbon intensity" means the quantity of life-cycle greenhouse gas emissions, per unit of fuel energy, expressed in grams of carbon dioxide equivalent per megajoule (gCO₂e/MJ).

(3) "Clean fuels program" means the requirements established under this chapter.

(4) "Cost" means an expense connected to the manufacture, distribution, or other aspects of the provision of a transportation fuel product.

(5) "Credit" means a unit of measure generated when a transportation fuel with a carbon intensity that is less than the applicable standard adopted by the department under (~~RCW 70A.535.020~~) section 408 of this act is produced, imported, or dispensed for use in Washington, such that one credit is equal to one metric ton of carbon dioxide equivalents. A credit may also be generated through other activities consistent with this chapter.

(6) "Deficit" means a unit of measure generated when a transportation fuel with a carbon intensity that is greater than the applicable standard adopted by the department under (~~RCW 70A.535.020~~) section 408 of this act is produced, imported, or dispensed for use in Washington, such that one deficit is equal to one metric ton of carbon dioxide equivalents.

(7) "Department" means the department of ecology.

(8) "Electric utility" means a consumer-owned utility or investor-owned utility, as those terms are defined in RCW 19.29A.010.

(9) "Greenhouse gas" has the same meaning as defined in RCW 70A.45.010.

(10) "Military tactical vehicle" means a motor vehicle owned by the United States department of defense or the United States military services and that is used in combat, combat support, combat service support, tactical or relief

operations, or training for such operations.

(11) "Motor vehicle" has the same meaning as defined in RCW 46.04.320.

(12) "Price" means the amount of payment or compensation provided as consideration for a specified quantity of transportation fuel by a consumer or end user of the transportation fuel.

(13) "Regulated party" means a producer or importer of any amount of a transportation fuel that is ineligible to generate credits under this chapter.

(14)(a) "Tactical support equipment" means equipment using a portable engine, including turbines, that meets military specifications, owned by the United States military services or its allies, and that is used in combat, combat support, combat service support, tactical or relief operations, or training for such operations.

(b) "Tactical support equipment" includes, but is not limited to, engines associated with portable generators, aircraft start carts, heaters, and lighting carts.

(15) "Transportation fuel" means electricity and any liquid or gaseous fuel sold, supplied, offered for sale, or used for the propulsion of a motor vehicle or that is intended for use for transportation purposes.

Sec. 410. RCW 70A.535.030 and 2021 c 317 s 4 are each amended to read as follows:

The rules adopted by the department to achieve the greenhouse gas emissions reductions per unit of fuel energy specified in (~~RCW 70A.535.020~~) section 408 of this act must include, but are not limited to, the following:

(1) Standards for greenhouse gas emissions attributable to the transportation fuels throughout their life cycles, including but not limited to emissions from the production, storage, transportation, and combustion of transportation fuels and from changes in land use associated with transportation fuels and any permanent greenhouse gas sequestration activities.

(a) The rules adopted by the department under this subsection (1) may:

(i) Include provisions to address the efficiency of a fuel as used in a

powertrain as compared to a reference fuel;

(ii) Consider carbon intensity calculations for transportation fuels developed by national laboratories or used by similar programs in other states; and

(iii) Consider changes in land use and any permanent greenhouse gas sequestration activities associated with the production of any type of transportation fuel.

(b) The rules adopted by the department under this subsection (1) must:

(i) Neutrally consider the life-cycle emissions associated with transportation fuels with respect to the political jurisdiction in which the fuels originated and may not discriminate against fuels on the basis of having originated in another state or jurisdiction. Nothing in this subsection may be construed to prohibit inclusion or assessment of emissions related to fuel production, storage, transportation, or combustion or associated changes in land use in determining the carbon intensity of a fuel;

(ii) Measure greenhouse gas emissions associated with electricity and hydrogen based on a mix of generation resources specific to each electric utility participating in the clean fuels program. The department may apply an asset-controlling supplier emission factor certified or approved by a similar program to reduce the greenhouse gas emissions associated with transportation fuels in another state;

(iii) Include mechanisms for certifying electricity that has a carbon intensity of zero. This electricity must include, at minimum, electricity:

(A) For which a renewable energy credit or other environmental attribute has been retired or used; and

(B) Produced using a zero emission resource including, but not limited to, solar, wind, geothermal, or the industrial combustion of biomass consistent with RCW 70A.45.020(3), that is directly supplied as a transportation fuel by the generator of the electricity to a metered customer for electric vehicle charging or refueling;

(iv) Allow the generation of credits associated with electricity with a carbon

intensity lower than that of standard adopted by the department. The department may not require electricity to have a carbon intensity of zero in order to be eligible to generate credits from use as a transportation fuel; and

(v) Include procedures for setting and adjusting the amounts of greenhouse gas emissions per unit of fuel energy that is assigned to transportation fuels under this subsection.

(c) If the department determines that it is necessary for purposes of accurately measuring greenhouse gas emissions associated with transportation fuels, the department may require transportation fuel suppliers to submit data or information to be used for purposes of calculating greenhouse gas emissions that is different from or additional to the greenhouse gas emissions data reported under RCW 70A.15.2200(5)(a)(iii).

(d) If the department determines that it is necessary for purposes of accurately measuring greenhouse gas emissions associated with electricity supplied to retail customers or hydrogen production facilities by an electric utility, the department may require electric utilities participating in the clean fuels program to submit data or information to be used for purposes of calculating greenhouse gas emissions that is different from or additional to the fuel mix disclosure information submitted under chapter 19.29A RCW. To the extent practicable, rules adopted by the department may allow data requested of utilities to be submitted in a form and manner consistent with other required state or federal data submissions;

(2) Provisions allowing for the achievement of limits on the greenhouse gas emissions intensity of transportation fuels in ~~((RCW 70A.535.020))~~ section 408 of this act to be achieved by any combination of credit generating activities capable of meeting such standards. Where such provisions would not produce results counter to the emission reduction goals of the program or prove administratively burdensome for the department, the rules should provide each participant in the clean fuels program with the opportunity to demonstrate appropriate carbon intensity values taking into account both emissions from production facilities and elsewhere in the production cycle, including

changes in land use and permanent greenhouse gas sequestration activities;

(3)(a) Methods for assigning compliance obligations and methods for tracking tradable credits. The department may assign the generation of a credit when a fuel with associated life-cycle greenhouse gas emissions that are lower than the applicable per-unit standard adopted by the department under ~~((RCW 70A.535.020))~~ section 408 of this act is produced, imported, or dispensed for use in Washington, or when specified activities are undertaken that support the reduction of greenhouse gas emissions associated with transportation in Washington;

(b) Mechanisms that allow credits to be traded and to be banked for future compliance periods; and

(c) Procedures for verifying the validity of credits and deficits generated under the clean fuels program;

(4) Mechanisms to elect to participate in the clean fuels program for persons associated with the supply chains of transportation fuels that are eligible to generate credits consistent with subsection (3) of this section, including producers, importers, distributors, users, or retailers of such fuels, and electric vehicle manufacturers;

(5) Mechanisms for persons associated with the supply chains of transportation fuels that are used for purposes that are exempt from the clean fuels program compliance obligations including, but not limited to, fuels used by aircraft, vessels, railroad locomotives, and other exempt fuels specified in RCW 70A.535.040, to elect to participate in the clean fuels program by earning credits for the production, import, distribution, use, or retail of exempt fuels with associated life-cycle greenhouse gas emissions lower than the per-unit standard established in ~~((RCW 70A.535.020))~~ section 408 of this act;

(6) Mechanisms that allow for the assignment of credits to an electric utility for electricity used within its utility service area, at minimum, for residential electric vehicle charging or fueling;

(7) Cost containment mechanisms.

(a) Cost containment mechanisms must include the credit clearance market specified in subsection (8) of this

section and may also include, but are not limited to:

(i) Procedures similar to the credit clearance market required in subsection (8) of this section that provide a means of compliance with the clean fuels program requirements in the event that a regulated person has not been able to acquire sufficient volumes of credits at the end of a compliance period; or

(ii) Similar procedures that ensure that credit prices do not significantly exceed credit prices in other jurisdictions that have adopted similar programs to reduce the carbon intensity of transportation fuels.

(b) Any cost containment mechanisms must be designed to provide financial disincentive for regulated persons to rely on the cost containment mechanism for purposes of program compliance instead of seeking to generate or acquire sufficient credits under the program.

(c) The department shall harmonize the program's cost containment mechanisms with the cost containment rules in the states specified in RCW 70A.535.060(1).

(d) The department shall consider mechanisms such as the establishment of a credit price cap or other alternative cost containment measures if deemed necessary to harmonize market credit costs with those in the states specified in RCW 70A.535.060(1);

(8)(a)(i) A credit clearance market for any compliance period in which at least one regulated party reports that the regulated party has a net deficit balance at the end of the compliance period, after retirement of all credits held by the regulated party, that is greater than a small deficit. A regulated party described by this subsection is required to participate in the credit clearance market.

(ii) If a regulated party has a small deficit at the end of a compliance period, the regulated party shall notify the department that it will achieve compliance with the clean fuels program during the compliance period by either: (A) Participating in a credit clearance market; or (B) carrying forward the small deficit.

(b) For the purposes of administering a credit clearance market required by this section, the department shall:

(i) Allow any regulated party, credit generator, or credit aggregator that holds excess credits at the end of the compliance period to voluntarily participate in the credit clearance market as a seller by pledging a specified number of credits for sale in the market;

(ii) Require each regulated party participating in the credit clearance market as purchaser of credits to:

(A) Have retired all credits in the regulated party's possession prior to participating in the credit clearance market; and

(B) Purchase the specified number of the total pledged credits that the department has determined are that regulated party's pro rata share of the pledged credits;

(iii) Require all sellers to:

(A) Agree to sell pledged credits at a price no higher than a maximum price for credits;

(B) Accept all offers to purchase pledged credits at the maximum price for credits; and

(C) Agree to withhold any pledged credits from sale in any transaction outside of the credit clearance market until the end of the credit clearance market, or if no credit clearance market is held in a given year, then until the date on which the department announces it will not be held.

(c)(i) The department shall set a maximum price for credits in a credit clearance market, consistent with states that have adopted similar clean fuels programs, not to exceed \$200 in 2018 dollars for 2023.

(ii) For 2024 and subsequent years, the maximum price may exceed \$200 in 2018 dollars, but only to the extent that a greater maximum price for credits is necessary to annually adjust for inflation, beginning on January 1, 2024, pursuant to the increase, if any, from the preceding calendar year in the consumer price index for all urban consumers, west region (all items), as published by the bureau of labor statistics of the United States department of labor.

(d) A regulated party that has a net deficit balance after the close of a credit clearance market:

(i) Must carry over the remaining deficits into the next compliance period; and

(ii) May not be subject to interest greater than five percent, penalties, or assertions of noncompliance that accrue based on the carryover of deficits under this subsection.

(e) If a regulated party has been required under (a) of this subsection to participate as a purchaser in two consecutive credit clearance markets and continues to have a net deficit balance after the close of the second consecutive credit clearance market, the department shall complete, no later than two months after the close of the second credit clearance market, an analysis of the root cause of an inability of the regulated party to retire the remaining deficits. The department may recommend and implement any remedy that the department determines is necessary to address the root cause identified in the analysis including, but not limited to, issuing a deferral, provided that the remedy implemented does not:

(i) Require a regulated party to purchase credits for an amount that exceeds the maximum price for credits in the most recent credit clearance market; or

(ii) Compel a person to sell credits.

(f) If credits sold in a credit clearance market are subsequently invalidated as a result of fraud or any other form of noncompliance on the part of the generator of the credit, the department may not pursue civil penalties against, or require credit replacement by, the regulated party that purchased the credits unless the regulated party was a party to the fraud or other form of noncompliance.

(g) The department may not disclose the deficit balances or pro rata share purchase requirements of a regulated party that participates in the credit clearance market;

(9) Authority for the department to designate an entity to aggregate and use unclaimed credits associated with persons that elect not to participate in the clean fuels program under subsection (4) of this section.

Sec. 411. RCW 70A.535.040 and 2021 c 317 s 5 are each amended to read as follows:

(1) The rules adopted under RCW ((~~70A.535.020~~ and)) 70A.535.030 and section 408 of this act must include exemptions for, at minimum, the following transportation fuels:

(a) Fuels used in volumes below thresholds adopted by the department;

(b) Fuels used for the propulsion of all aircraft, vessels, and railroad locomotives; and

(c) Fuels used for the operation of military tactical vehicles and tactical support equipment.

(2)(a) The rules adopted under RCW ((~~70A.535.020~~ and)) 70A.535.030 and section 408 of this act must exempt the following transportation fuels from greenhouse gas emissions intensity reduction requirements until January 1, 2028:

(i) Special fuel used off-road in vehicles used primarily to transport logs;

(ii) Dyed special fuel used in vehicles that are not designed primarily to transport persons or property, that are not designed to be primarily operated on highways, and that are used primarily for construction work including, but not limited to, mining and timber harvest operations; and

(iii) Dyed special fuel used for agricultural purposes exempt from chapter 82.38 RCW.

(b) Prior to January 1, 2028, fuels identified in this subsection (2) are eligible to generate credits, consistent with subsection (5) of this section. Beginning January 1, 2028, the fuels identified in this subsection (2) are subject to the greenhouse gas emissions intensity reduction requirements applicable to transportation fuels specified in ((~~RCW 70A.535.020~~)) section 408 of this act.

(3) The department may adopt rules to specify the standards for persons to qualify for the exemptions provided in this section. The department may implement the exemptions under subsection (2) of this section to align with the implementation of exemptions for similar fuels exempt from chapter 82.38 RCW.

(4) The rules adopted under RCW ((~~70A.535.020~~ and)) 70A.535.030 and section 408 of this act may include

exemptions in addition to those described in subsections (1) and (2) of this section, but only if such exemptions are necessary, with respect to the relationship between the program and similar greenhouse gas emissions requirements or low carbon fuel standards, in order to avoid:

(a) Mismatched incentives across programs;

(b) Fuel shifting between markets; or

(c) Other results that are counter to the intent of this chapter.

(5) Nothing in this chapter precludes the department from adopting rules under RCW (~~70A.535.020 and~~) 70A.535.030 and section 408 of this act that allow the generation of credits associated with electric or alternative transportation infrastructure that existed prior to July 25, 2021, or to the start date of program requirements. The department must apply the same baseline years to credits associated with electric or alternative transportation infrastructure that apply to gasoline and diesel liquid fuels in any market-based program enacted by the legislature that establishes a cap on greenhouse gas emissions.

Sec. 412. RCW 70A.535.050 and 2021 c 317 s 6 are each amended to read as follows:

(1) The rules adopted under RCW (~~70A.535.020 and~~) 70A.535.030 and section 408 of this act may allow the generation of credits from activities that support the reduction of greenhouse gas emissions associated with transportation in Washington, including but not limited to:

(a) Carbon capture and sequestration projects, including but not limited to:

(i) Innovative crude oil production projects that include carbon capture and sequestration;

(ii) Project-based refinery greenhouse gas mitigation including, but not limited to, process improvements, renewable hydrogen use, and carbon capture and sequestration; or

(iii) Direct air capture projects;

(b) Investments and activities that support deployment of machinery and equipment used to produce gaseous and liquid fuels from nonfossil feedstocks, and derivatives thereof;

(c) The fueling of battery or fuel cell electric vehicles by a commercial, nonprofit, or public entity that is not an electric utility, which may include, but is not limited to, the fueling of vehicles using electricity certified by the department to have a carbon intensity of zero; and

(d) The use of smart vehicle charging technology that results in the fueling of an electric vehicle during times when the carbon intensity of grid electricity is comparatively low.

(2)(a) The rules adopted under RCW (~~70A.535.020 and~~) 70A.535.030 and section 408 of this act must allow the generation of credits based on capacity for zero emission vehicle refueling infrastructure, including DC fast charging infrastructure and hydrogen refueling infrastructure.

(b) The rules adopted under RCW (~~70A.535.020 and~~) 70A.535.030 and section 408 of this act may allow the generation of credits from the provision of low carbon fuel infrastructure not specified in (a) of this subsection.

(3) The rules adopted under RCW (~~70A.535.020 and~~) 70A.535.030 and section 408 of this act must allow the generation of credits from state transportation investments funded in an omnibus transportation appropriations act for activities and projects that reduce greenhouse gas emissions and decarbonize the transportation sector. These include, but are not limited to: (a) Electrical grid and hydrogen fueling infrastructure investments; (b) ferry operating and capital investments; (c) electrification of the state ferry fleet; (d) alternative fuel vehicle rebate programs; (e) transit grants; (f) infrastructure and other costs associated with the adoption of alternative fuel use by transit agencies; (g) bike and pedestrian grant programs and other activities; (h) complete streets and safe walking grants and allocations; (i) rail funding; and (j) multimodal investments.

(4) The rules adopted by the department may establish limits for the number of credits that may be earned each year by persons participating in the program for some or all of the activities specified in subsections (1) and (2) of this section. The department must limit the number of credits that may be earned each year under subsection (3) of this

section to 10 percent of the total program credits. Any limits established under this subsection must take into consideration the return on investment required in order for an activity specified in subsection (2) of this section to be financially viable.

(5)(a) In coordination with the department, the Washington state department of transportation must immediately begin work on identifying the amount of credit revenues likely to be generated under subsection (3) of this section from the state transportation investments funded in an omnibus transportation appropriations act, including the move ahead WA transportation package. It is the intent of the legislature that these credits will be maximized to allow further investment in efforts to reduce greenhouse gas emissions and decarbonize the transportation sector including, but not limited to, additional funding in future years, for ferry electrification beyond four new hybrid electric vessels, active transportation, and transit programs and projects.

(b) Beginning November 1, 2022, and annually thereafter, the Washington state department of transportation must present a detailed projection of the credit revenues generated under subsection (3) of this section and a preferred reinvestment strategy for the revenues for the following 10-year time period to the joint transportation committee.

Sec. 413. RCW 70A.535.120 and 2021 c 317 s 13 are each amended to read as follows:

(1) The director of the department may issue an order declaring an emergency deferral of compliance with the carbon intensity standard established under ((RCW 70A.535.020)) section 408 of this act no later than 15 calendar days after the date the department determines, in consultation with the governor's office and the department of commerce, that:

(a) Extreme and unusual circumstances exist that prevent the distribution of an adequate supply of renewable fuels needed for regulated parties to comply with the clean fuels program taking into consideration all available methods of obtaining sufficient credits to comply with the standard;

(b) The extreme and unusual circumstances are the result of a natural

disaster, an act of God, a significant supply chain disruption or production facility equipment failure, or another event that could not reasonably have been foreseen or prevented and not the lack of prudent planning on the part of the suppliers of the fuels to the state; and

(c) It is in the public interest to grant the deferral such as when a deferral is necessary to meet projected temporary shortfalls in the supply of the renewable fuel in the state and that other methods of obtaining compliance credits are unavailable to compensate for the shortage of renewable fuel supply.

(2) If the director of the department makes the determination required under subsection (1) of this section, such a temporary extreme and unusual deferral is permitted only if:

(a) The deferral applies only for the shortest time necessary to address the extreme and unusual circumstances;

(b) The deferral is effective for the shortest practicable time period the director of the department determines necessary to permit the correction of the extreme and unusual circumstances; and

(c) The director has given public notice of a proposed deferral.

(3) An order declaring an emergency deferral under this section must set forth:

(a) The duration of the emergency deferral;

(b) The types of fuel to which the emergency deferral applies;

(c) Which of the following methods the department has selected for deferring compliance with the clean fuels program during the emergency deferral:

(i) Temporarily adjusting the scheduled applicable carbon intensity standard to a standard identified in the order that better reflects the availability of credits during the emergency deferral and requiring regulated parties to comply with the temporary standard;

(ii) Allowing for the carryover of deficits accrued during the emergency deferral into the next compliance period without penalty; or

(iii) Suspending deficit accrual during the emergency deferral period.

(4) An emergency deferral may be terminated prior to the expiration date of the emergency deferral if new information becomes available indicating that the shortage that provided the basis for the emergency deferral has ended. The director of the department shall consult with the department of commerce and the governor's office in making an early termination decision. Termination of an emergency deferral is effective 15 calendar days after the date that the order declaring the termination is adopted.

(5)(a) In addition to the emergency deferral specified in subsection (1) of this section, the department may issue a full or partial deferral for one calendar quarter of a person's obligation to furnish credits for compliance under RCW 70A.535.030 if it finds that the person is unable to comply with the requirements of this chapter due to reasons beyond the person's reasonable control. The department may initiate a deferral under this subsection at its own discretion or at the request of a person regulated under this chapter. The department may renew issued deferrals. In evaluating whether to issue a deferral under this subsection, the department may consider the results of the fuel supply forecast in RCW 70A.535.100, but is not bound in its decision-making discretion by the results of the forecast.

(b) If the department issues a deferral pursuant to this subsection, the department may:

(i) Direct the person subject to the deferral to file a progress report on achieving full compliance with the requirements of this chapter within an amount of time determined to be reasonable by the department; and

(ii) Direct the person to take specific actions to achieve full compliance with the requirements of this chapter.

(c) The issuance of a deferral under this subsection does not permanently relieve the deferral recipient of the obligation to comply with the requirements of this chapter.

NEW SECTION. Sec. 414. RCW 70A.535.020 (Carbon intensity of transportation fuels—Standards to reduce carbon intensity—Adoption of rules) and 2021 c 317 s 3 are each repealed.

NEW SECTION. Sec. 415. (1) A target is established for the state that all publicly owned and privately owned passenger and light duty vehicles of model year 2030 or later that are sold, purchased, or registered in Washington state be electric vehicles.

(2) On or before December 31, 2023, the interagency electric vehicle coordinating council created in section 428 of this act shall complete a scoping plan for achieving the 2030 target.

NEW SECTION. Sec. 416. A new section is added to chapter 47.66 RCW to read as follows:

(1) The department shall establish a bus and bus facilities grant program. The purpose of this competitive grant program is to provide grants to any transit authority for the replacement, expansion, rehabilitation, and purchase of transit rolling stock; construction, modification, or rehabilitation of transit facilities; and funding to adapt to technological change or innovation through the retrofitting of transit rolling stock and facilities.

(2)(a) The department must incorporate environmental justice principles into the grant selection process, with the goal of increasing the distribution of funding to communities based on addressing environmental harms and provide environmental benefits for overburdened communities, as defined in RCW 70A.02.010, and vulnerable populations.

(b) The department must incorporate geographic diversity into the grant selection process.

(c) No grantee may receive more than 35 percent of the amount appropriated for the grant program in a particular biennium.

(d) Fuel type may not be a factor in the grant selection process.

(3) The department must establish an advisory committee to carry out the mandates of this section, including assisting with the establishment of grant criteria.

(4) The department must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

(5) For the purposes of this section:

(a) "Transit authority" means a city transit system under RCW 35.58.2721 or chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, or any special purpose district formed to operate a public transportation system.

(b) "Transit rolling stock" means transit vehicles including, but not limited to, buses, ferries, and vans.

NEW SECTION. **Sec. 417.** A new section is added to chapter 47.04 RCW to read as follows:

(1) The legislature finds that many communities across Washington state have not equitably benefited from investments in the active transportation network. The legislature also finds that legacy state transportation facilities designed primarily for vehicle use caused disconnections in safe routes for people who walk, bike, and roll to work and to carry out other daily activities.

(2) To address these investment gaps, the connecting communities program is established within the department. The purpose of the program is to improve active transportation connectivity in communities by:

(a) Providing safe, continuous routes for pedestrians, bicyclists, and other nonvehicle users carrying out their daily activities;

(b) Mitigating for the health, safety, and access impacts of transportation infrastructure that bisects communities and creates obstacles in the local active transportation network;

(c) Investing in greenways providing protected routes for a wide variety of nonvehicular users; and

(d) Facilitating the planning, development, and implementation of projects and activities that will improve the connectivity and safety of the active transportation network.

(3) The department must select projects to propose to the legislature for funding. In selecting projects, the department must consider, at a minimum, the following criteria:

(a) Access to a transit facility, community facility, commercial center, or community-identified assets;

(b) The use of minority and women-owned businesses and community-based organizations in planning, community engagement, design, and construction of the project;

(c) Whether the project will serve:

(i) Overburdened communities as defined in RCW 70A.02.010 to mean a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020;

(ii) Vulnerable populations as defined in RCW 70A.02.010 to mean population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to adverse socioeconomic factors, such as unemployment, high housing, and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and sensitivity factors, such as low birth weight and higher rates of hospitalization. Vulnerable populations include, but are not limited to: Racial or ethnic minorities, low-income populations, populations disproportionately impacted by environmental harms, and populations of workers experiencing environmental harms;

(iii) Household incomes at or below 200 percent of the federal poverty level; and

(iv) People with disabilities;

(d) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map developed by the department of health, or other similar indicators;

(e) Location on or adjacent to tribal lands or locations providing essential services to tribal members;

(f) Crash experience involving pedestrians and bicyclists; and

(g) Identified need by the community, for example in the state active transportation plan or a regional, county, or community plan.

(4) It is the intent of the legislature that the connecting communities program comply with the requirements of chapter 314, Laws of 2021.

(5) The department shall submit a report to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected connecting communities projects for funding by the legislature. The report must also include the status of previously funded projects.

(6) This section expires July 1, 2027.

NEW SECTION. Sec. 418. A new section is added to chapter 47.24 RCW to read as follows:

(1) In order to improve the safety, mobility, and accessibility of state highways, it is the intent of the legislature that the department must incorporate the principles of complete streets with facilities that provide street access with all users in mind, including pedestrians, bicyclists, and public transportation users, notwithstanding the provisions of RCW 47.24.020 concerning responsibility beyond the curb of state rights-of-way. As such, state transportation projects starting design on or after July 1, 2022, and that are \$500,000 or more, must:

(a) Identify those locations on state rights-of-way that do not have a complete and Americans with disabilities act accessible sidewalk or shared-use path, that do not have bicycle facilities in the form of a bike lane or adjacent parallel trail or shared-use path, that have such facilities on a state route within a population center that has a posted speed in excess of 30 miles per hour and no buffer or physical separation from vehicular traffic for pedestrians and bicyclists, and/or that have a design that hampers the ability of motorists to see a crossing pedestrian with sufficient time to stop given posted speed limits and roadway configuration;

(b) Consult with local jurisdictions to confirm existing and planned active transportation connections along or across the location; identification of connections to existing and planned public transportation services, ferry landings, commuter and passenger rail,

and airports; the existing and planned facility type(s) within the local jurisdiction that connect to the location; and the potential use of speed management techniques to minimize crash exposure and severity;

(c) Adjust the speed limit to a lower speed with appropriate modifications to roadway design and operations to achieve the desired operating speed in those locations where this speed management approach aligns with local plans or ordinances, particularly in those contexts that present a higher possibility of serious injury or fatal crashes occurring based on land use context, observed crash data, crash potential, roadway characteristics that are likely to increase exposure, or a combination thereof, in keeping with a safe system approach and with the intention of ultimately eliminating serious and fatal crashes; and

(d) Plan, design, and construct facilities providing context-sensitive solutions that contribute to network connectivity and safety for pedestrians, bicyclists, and people accessing public transportation and other modal connections, such facilities to include Americans with disabilities act accessible sidewalks or shared-use paths, bicyclist facilities, and crossings as needed to integrate the state route into the local network.

(2) Projects undertaken for emergent work required to reopen a state highway in the event of a natural disaster or other emergency repair are not required to comply with the provisions of this section.

(3) Maintenance of facilities constructed under this provision shall be as provided under existing law.

(4) This section does not create a private right of action.

NEW SECTION. Sec. 419. A new section is added to chapter 47.04 RCW to read as follows:

(1) The department shall establish a statewide school-based bicycle education grant program. The grant will support two programs: One for elementary and middle school; and one for junior high and high school aged youth to develop the skills and street safety knowledge to be more confident bicyclists for transportation and/or recreation. In development of the grant program, the department is

encouraged to consult with the environmental justice council and the office of equity.

(2)(a) For the elementary and middle school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint and demonstrable experience deploying bicycling and road safety education curriculum via a train the trainer model in schools. The selected nonprofit shall identify partner schools that serve target populations, based on the criteria in subsection (3) of this section. Partner schools shall receive from the nonprofit: In-school bike and pedestrian safety education curriculum, materials, equipment guidance and consultation, and physical education teacher trainings. Youth grades three through eight are eligible for the program.

(b) Selected school districts shall receive and maintain a fleet of bicycles for the youth in the program. Youth and families participating in the school-base bicycle education grant program shall have an opportunity to receive a bike, lock, helmet, and lights free of cost.

(3) For the junior high and high school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint; demonstrable experience developing and managing youth-based programming serving youth of color in an after-school and/or community setting; and deploying bicycling and road safety education curriculum via a train the trainer model. The selected nonprofit shall use the equity-based criteria in subsection (4) of this section to identify target populations and partner organizations including, but not limited to, schools, community-based organizations, housing authorities, and parks and recreation departments, that work with the eligible populations of youth ages 14 to 18. Partner organizations shall receive from the nonprofit: Education curriculum, materials, equipment guidance and consultation, and initial instructor/volunteer training, as well as ongoing support.

(4) In selecting schools and partner organizations for the school-based bicycle education grant program, the department and nonprofit must consider, at a minimum, the following criteria:

(a) Population impacted by poverty, as measured by free and reduced lunch population or 200 percent federal poverty level;

(b) People of color;

(c) People of Hispanic heritage;

(d) People with disabilities;

(e) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map developed by the department of health, or other similar indicators;

(f) Location on or adjacent to an Indian reservation;

(g) Geographic location throughout the state;

(h) Crash experience involving pedestrians and bicyclists;

(i) Access to a community facility or commercial center; and

(j) Identified need in the state active transportation plan or a regional, county, or community plan.

(5) The department shall submit a report for both programs to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected programs and school districts for funding by the legislature. The report must also include the status of previously funded programs.

NEW SECTION. **Sec. 420.** A new section is added to chapter 47.04 RCW to read as follows:

For the purposes of submitting a request by October 1, 2022, to Amtrak to adopt a fare policy change, the department shall negotiate with the Oregon department of transportation to determine ridership, revenue, and policy impacts relating to elimination of fares for Amtrak Cascades passengers 18 years of age and younger. It is the intent of the legislature that fares for passengers 18 years of age and younger for service on the Amtrak Cascades corridor be eliminated. The department shall report back to the transportation committees of the legislature with results of negotiations with the Oregon department of transportation and the status of fare policy requests submitted to Amtrak by December 1, 2022.

NEW SECTION. Sec. 421. A new section is added to chapter 47.60 RCW to read as follows:

Consistent with RCW 47.60.315(1)(b), the commission shall adopt an annual fare policy for Washington state ferries to allow all riders 18 years of age and younger to ride free of charge on all system routes. This fare change must apply to both walk-on passengers and passengers in vehicles. The commission is directed to make the initial fare policy change effective no later than October 1, 2022.

NEW SECTION. Sec. 422. A new section is added to chapter 47.66 RCW to read as follows:

(1) The department shall establish a transit support grant program for the purpose of providing financial support to transit agencies for operating and capital expenses only. Public transit agencies must maintain or increase their local sales tax authority on or after January 1, 2022, in order to qualify for the grants.

(a) Grants for transit agencies must be prorated based on the amount expended for operations in the most recently published report of "Summary of Public Transportation" published by the department.

(b) No transit agency may receive more than 35 percent of these distributions.

(c) Fuel type may not be a factor in the grant selection process.

(2) To be eligible to receive a grant, the transit agency must have adopted, at a minimum, a zero-fare policy that allows passengers 18 years of age and younger to ride free of charge on all modes provided by the agency. Transit agencies must submit documentation of a zero-fare policy for 18 years of age and under by October 1, 2022, to be eligible for the 2023-2025 biennium. Transit agencies that submit such fare policy documentation following the October 1, 2022, deadline shall become eligible for the next biennial distribution.

(3) The department shall, for the purposes of the "Summary of Public Transportation" report, require grantees to report the number of trips that were taken under this program.

(4) For the purposes of this section, "transit agency" or "agency" means a city transit system under RCW 35.58.2721 or

chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, or any special purpose district formed to operate a public transportation system.

Sec. 423. RCW 46.63.170 and 2020 c 224 s 1 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) Except for proposed locations used solely for the pilot program purposes permitted under subsection (6) of this section, the appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, ~~((+))~~ school speed zone violations~~((+))~~, speed violations on any roadway identified in a school walk area as defined in RCW 28A.160.160, speed violations in public park speed zones, hospital speed zones, speed violations subject to (c) or (d) of this subsection((+)), or violations included in subsection (6) of this section for the duration of the pilot program authorized under subsection (6) of this section. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other

relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's website.

(b)(i) Except as provided in (c) and (d) of this subsection and subsection (6) of this section, use of automated traffic safety cameras is restricted to the following locations only: ~~((+ii))~~ (A) Intersections of two or more arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; ~~((+iii))~~ (B) railroad crossings; ~~((and -iii))~~ (C) school speed zones; (D) roadways identified in a school walk area as defined in RCW 28A.160.160; (E) public park speed zones, as defined in (b)(ii) of this subsection; and (F) hospital speed zones, as defined in (b)(ii) of this subsection.

(ii) For the purposes of this section:

(A) "Public park speed zone" means the marked area within public park property and extending 300 feet from the border of public park property (I) consistent with active park use; and (II) where signs are posted to indicate the location is within a public park speed zone.

(B) "Hospital speed zone" means the marked area within hospital property and extending 300 feet from the border of hospital property (I) consistent with hospital use; and (II) where signs are posted to indicate the location is within a hospital speed zone, where "hospital" has the same meaning as in RCW 70.41.020.

(c) ~~((Any))~~ In addition to the automated traffic safety cameras authorized under (d) of this subsection, any city west of the Cascade mountains with a population of more than ~~((one hundred ninety five thousand))~~ 195,000 located in a county with a population of fewer than ~~((one million five hundred thousand))~~ 1,500,000 may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and

(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington state legislature as a pilot project for at least one full year.

(d)(i) Cities may operate at least one automated traffic safety camera under this subsection to detect speed violations, subject to the requirements of (d)(ii) of this subsection. Cities may operate one additional automated traffic safety camera to detect speed violations for every 10,000 residents included in the city's population. Cameras must be placed in locations that comply with one of the following:

(A) The location has been identified as a priority location in a local road safety plan that a city has submitted to the Washington state department of transportation and where other speed reduction measures are not feasible or have not been sufficiently effective at reducing travel speed;

(B) The location has a significantly higher rate of collisions than the city average in a period of at least three years prior to installation and other speed reduction measures are not feasible or have not been sufficiently effective at reducing travel speed; or

(C) The location is in an area within the city limits designated by local ordinance as a zone subject to specified restrictions and penalties on racing and race attendance.

(ii) A city locating an automated traffic safety camera under this subsection (1)(d) must complete an equity analysis that evaluates livability, accessibility, economics, education, and environmental health, and shall consider the outcome of that analysis when identifying where to locate an automated traffic safety camera.

(e) All locations where an automated traffic safety camera is used to detect speed violations on roadways identified in a school walk area, speed violations in public park speed zones, speed violations in hospital speed zones, or speed violations under (d) of this subsection must be clearly marked by placing signs in locations that clearly indicate to a driver either: (i) That the driver is within a school walk area, public park speed zone, or hospital speed zone; or (ii) that the driver is entering an area where speed violations are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and

highways as adopted by the department of transportation under chapter 47.36 RCW.

(f) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

~~((e))~~ (g) A notice of infraction must be mailed to the registered owner of the vehicle within ~~((fourteen))~~ 14 days of the violation, or to the renter of a vehicle within ~~((fourteen))~~ 14 days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

~~((f))~~ (h) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

~~((g))~~ (i) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images, or any other personally identifying data prepared under this section are for the exclusive use of law enforcement in the

discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image, or any other personally identifying data may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

~~((h))~~ (j) All locations where an automated traffic safety camera is used must be clearly marked at least ~~((thirty))~~ 30 days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

~~((i))~~ (k) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(l) If a city is operating an automated traffic safety camera to detect speed violations on roadways identified in a school walk area, speed violations in public park speed zones, speed violations in hospital speed zones, or speed violations under (d) of this subsection, the city shall remit monthly to the state 50 percent of the noninterest money received for infractions issued by those cameras excess of the cost to administer, install, operate, and maintain the automated traffic safety cameras, including the cost of processing infractions. Money remitted under this subsection to the state treasurer shall be deposited in the Cooper Jones active transportation safety account created in RCW 46.68.480. This subsection (1)(l) does not apply to automated traffic safety cameras authorized for stoplight,

railroad crossing, or school speed zone violations.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). Except as provided otherwise in subsection (6) of this section, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within (~~(eighteen)~~) 18 days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5)(a) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

(b) For the purposes of the pilot program authorized under subsection (6) of this section, "automated traffic safety camera" also includes a device used to detect stopping at intersection or crosswalk violations; stopping when traffic obstructed violations; public transportation only lane violations; and stopping or traveling in restricted lane violations. The device, including all technology defined under "automated traffic safety camera," must not reveal the face of the driver or the passengers in vehicles, and must not use any facial recognition technology in real time or after capturing any information. If the face of any individual in a crosswalk or otherwise within the frame is incidentally captured, it may not be made available to the public nor used for any purpose including, but not limited to, any law enforcement action, except in a pending action or proceeding related to a violation under this section.

(6)(a)(i) A city with a population greater than (~~(five hundred thousand)~~) 500,000 may adopt an ordinance creating a pilot program authorizing automated traffic safety cameras to be used to detect one or more of the following violations: Stopping when traffic obstructed violations; stopping at intersection or crosswalk violations; public transportation only lane violations; and stopping or traveling in restricted lane violations. Under the pilot program, stopping at intersection or crosswalk violations may only be

enforced at the ~~((twenty))~~ 20 intersections where the city would most like to address safety concerns related to stopping at intersection or crosswalk violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage.

(ii) Except where specifically exempted, all of the rules and restrictions applicable to the use of automated traffic safety cameras in this section apply to the use of automated traffic safety cameras in the pilot program established in this subsection (6).

(iii) As used in this subsection (6), "public transportation vehicle" means any motor vehicle, streetcar, train, trolley vehicle, ferry boat, or any other device, vessel, or vehicle that is owned or operated by a transit authority or an entity providing service on behalf of a transit authority that is used for the purpose of carrying passengers and that operates on established routes. "Transit authority" has the meaning provided in RCW 9.91.025.

(b) Use of automated traffic safety cameras as authorized in this subsection (6) is restricted to the following locations only: Locations authorized in subsection (1)(b) of this section; and midblock on arterials. Additionally, the use of automated traffic safety cameras as authorized in this subsection (6) is further limited to the following:

(i) The portion of state and local roadways in downtown areas of the city used for office and commercial activities, as well as retail shopping and support services, and that may include mixed residential uses;

(ii) The portion of state and local roadways in areas in the city within one-half mile north of the boundary of the area described in (b)(i) of this subsection;

(iii) Portions of roadway systems in the city that travel into and out of (b)(ii) of this subsection that are designated by the Washington state department of transportation as noninterstate freeways for up to four miles; and

(iv) Portions of roadway systems in the city connected to the portions of the noninterstate freeways identified in (b)(iii) of this subsection that are

designated by the Washington state department of transportation as arterial roadways for up to one mile from the intersection of the arterial roadway and the noninterstate freeway.

(c) However, automated traffic safety cameras may not be used on an on-ramp to an interstate.

(d) From June 11, 2020, through December 31, 2020, a warning notice with no penalty must be issued to the registered owner of the vehicle for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). Beginning January 1, 2021, a notice of infraction must be issued, in a manner consistent with subsections (1)~~((e))~~ (g) and (3) of this section, for a violation generated through the use of an automated traffic safety camera authorized in this subsection (6). However, the penalty for the violation may not exceed ~~((seventy five dollars))~~ \$75.

(e) For infractions issued as authorized in this subsection (6), a city with a pilot program shall remit monthly to the state ~~((fifty))~~ 50 percent of the noninterest money received under this subsection (6) in excess of the cost to install, operate, and maintain the automated traffic safety cameras for use in the pilot program. Money remitted under this subsection to the state treasurer shall be deposited in the Cooper Jones active transportation safety account created in RCW 46.68.480. The remaining ~~((fifty))~~ 50 percent retained by the city must be used only for improvements to transportation that support equitable access and mobility for persons with disabilities.

(f) A transit authority may not take disciplinary action, regarding a warning or infraction issued pursuant to this subsection (6), against an employee who was operating a public transportation vehicle at the time the violation that was the basis of the warning or infraction was detected.

(g) A city that implements a pilot program under this subsection (6) must provide a preliminary report to the transportation committees of the legislature by June 30, ~~((2022))~~ 2024, and a final report by January 1, ~~((2023))~~ 2025, on the pilot program that includes the locations chosen for the automated traffic safety cameras used in the pilot

program, the number of warnings and traffic infractions issued under the pilot program, the number of traffic infractions issued with respect to vehicles registered outside of the county in which the city is located, the infrastructure improvements made using the penalty moneys as required under (e) of this subsection, an equity analysis that includes any disproportionate impacts, safety, and on-time performance statistics related to the impact on driver behavior of the use of automated traffic safety cameras in the pilot program, and any recommendations on the use of automated traffic safety cameras to enforce the violations that these cameras were authorized to detect under the pilot program.

Sec. 424. RCW 46.63.170 and 2015 3rd sp.s. c 44 s 406 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, ~~((or))~~ school speed zone violations~~((+))~~, speed violations on any roadway identified in a school walk area as defined in RCW 28A.160.160, speed violations in public park speed zones, hospital speed zones, or speed violations subject to (c) or (d) of this subsection. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well

as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's website.

(b)(i) Except as provided in (c) and (d) of this subsection, use of automated traffic safety cameras is restricted to the following locations only: ~~((+))~~ (A) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; ~~((+))~~ (B) railroad crossings; ~~(and ~~((+))~~)~~ (C) school speed zones; (D) roadways identified in a school walk area as defined in RCW 28A.160.160; (E) public park speed zones, as defined in (b)(ii) of this subsection; and (F) hospital speed zones, as defined in (b)(ii) of this subsection.

(ii) For the purposes of this section:

(A) "Public park speed zone" means the marked area within public park property and extending 300 feet from the border of public park property (I) consistent with active park use; and (II) where signs are posted to indicate the location is within a public park speed zone.

(B) "Hospital speed zone" means the marked area within hospital property and extending 300 feet from the border of hospital property (I) consistent with hospital use; and (II) where signs are posted to indicate the location is within a hospital speed zone, where "hospital" has the same meaning as in RCW 70.41.020.

(c) ~~((Any))~~ In addition to the automated traffic safety cameras authorized under (d) of this subsection, any city west of the Cascade mountains with a population of more than ~~((one hundred ninety five thousand))~~ 195,000 located in a county with a population of fewer than ~~((one million five hundred thousand))~~ 1,500,000 may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and

(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington

state legislature as a pilot project for at least one full year.

(d)(i) Cities may operate at least one automated traffic safety camera under this subsection to detect speed violations, subject to the requirements of (d)(ii) of this subsection. Cities may operate one additional automated traffic safety camera to detect speed violations for every 10,000 residents included in the city's population. Cameras must be placed in locations that comply with one of the following:

(A) The location has been identified as a priority location in a local road safety plan that a city has submitted to the Washington state department of transportation and where other speed reduction measures are not feasible or have not been sufficiently effective at reducing travel speed;

(B) The location has a significantly higher rate of collisions than the city average in a period of at least three years prior to installation and other speed reduction measures are not feasible or have not been sufficiently effective at reducing travel speed; or

(C) The location is in an area within the city limits designated by local ordinance as a zone subject to specified restrictions and penalties on racing and race attendance.

(ii) A city locating an automated traffic safety camera under this subsection (1)(d) must complete an equity analysis that evaluates livability, accessibility, economics, education, and environmental health, and shall consider the outcome of that analysis when identifying where to locate an automated traffic safety camera.

(e) All locations where an automated traffic safety camera is used to detect speed violations on roadways identified in a school walk area, speed violations in public park speed zones, speed violations in hospital speed zones, or speed violations under (d) of this subsection must be clearly marked by placing signs in locations that clearly indicate to a driver either: (i) That the driver is within a school walk area, public park speed zone, or hospital speed zone; or (ii) that the driver is entering an area where speed violations are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and

guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(f) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

~~((e))~~ (g) A notice of infraction must be mailed to the registered owner of the vehicle within ~~((fourteen))~~ 14 days of the violation, or to the renter of a vehicle within ~~((fourteen))~~ 14 days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

~~((f))~~ (h) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

~~((g))~~ (i) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the

exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

~~((h))~~ (j) All locations where an automated traffic safety camera is used must be clearly marked at least ~~((thirty))~~ 30 days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

~~((i))~~ (k) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(l) If a city is operating an automated traffic safety camera to detect speed violations on roadways identified in a school walk area, speed violations in public park speed zones, speed violations in hospital speed zones, or speed violations under (d) of this subsection, the city shall remit monthly to the state 50 percent of the noninterest money received for infractions issued by those cameras excess of the cost to administer, install, operate, and maintain the automated traffic safety cameras, including the cost of processing infractions. Money remitted under this subsection to the state treasurer shall be deposited in the Cooper Jones active transportation safety account created in RCW 46.68.480. This subsection (1)(l) does not apply to automated traffic safety cameras authorized for stoplight,

railroad crossing, or school speed zone violations.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within ~~((eighteen))~~ 18 days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

(6) During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6), chapter 306, Laws of 2013.

NEW SECTION. Sec. 425. A new section is added to chapter 47.56 RCW to read as follows:

The legislature recognizes the need to reduce congestion and improve mobility on the Interstate 405 and state route number 167 corridors, and finds that performance on the corridors has not met the goal that average vehicle speeds in the express toll lanes remain above 45 miles per hour at least 90 percent of the time during peak hours. Therefore, the legislature intends that the commission reevaluate options at least every two years to improve performance on the Interstate 405 and state route number 167 corridors, pursuant to RCW 47.56.880 and 47.56.850.

Sec. 426. RCW 70A.65.230 and 2021 c 316 s 26 are each amended to read as follows:

(1) It is the intent of the legislature that each year the total investments made through the carbon emissions reduction account created in RCW 70A.65.240, the climate commitment account created in RCW 70A.65.260, the natural climate solutions account created in RCW 70A.65.270, ~~((and))~~ the air quality and health disparities improvement account created in RCW 70A.65.280, the climate

transit programs account created in section 103 of this act, and the climate active transportation account created in section 102 of this act, achieve the following:

(a) A minimum of not less than 35 percent and a goal of 40 percent of total investments that provide direct and meaningful benefits to vulnerable populations within the boundaries of overburdened communities identified under chapter 314, Laws of 2021; and

(b) In addition to the requirements of (a) of this subsection, a minimum of not less than 10 percent of total investments that are used for programs, activities, or projects formally supported by a resolution of an Indian tribe, with priority given to otherwise qualifying projects directly administered or proposed by an Indian tribe. An investment that meets the requirements of both this subsection (1)(b) and (a) of this subsection may count toward the minimum percentage targets for both subsections.

(2) The expenditure of moneys under this chapter must be consistent with applicable federal, state, and local laws, and treaty rights including, but not limited to, prohibitions on uses of funds imposed by the state Constitution.

(3) For the purposes of this section, "benefits" means investments or activities that:

(a) Reduce vulnerable population characteristics, environmental burdens, or associated risks that contribute significantly to the cumulative impact designation of highly impacted communities;

(b) Meaningfully protect an overburdened community from, or support community response to, the impacts of air pollution or climate change; or

(c) Meet a community need identified by vulnerable members of the community that is consistent with the intent of this chapter.

(4) The state must develop a process by which to evaluate the impacts of the investments made under this chapter, work across state agencies to develop and track priorities across the different eligible funding categories, and work with the environmental justice council pursuant to RCW 70A.65.040.

~~((5) No expenditures may be made from the carbon emissions reduction account created in RCW 70A.65.240, the climate investment account created in RCW 70A.65.250, or the air quality and health disparities improvement account created in RCW 70A.65.280 if, by April 1, 2023, the legislature has not considered and enacted request legislation brought forth by the department under RCW 70A.65.060 that outlines a compliance pathway specific to emissions intensive, trade exposed businesses for achieving their proportionate share of the state's emissions reduction limits through 2050.))~~

NEW SECTION. Sec. 427. The legislature finds that in order to meet the statewide greenhouse gas emissions limits in RCW 70A.45.020 and 70A.45.050, the state must drastically reduce vehicle greenhouse gas emissions. A critical strategy to meet those goals is transitioning to zero emissions vehicles and this transition requires ongoing purposeful interagency coordination and cooperation. As such, it is the intent of the legislature to create a formal interagency council responsible for coordinating the state's transportation electrification efforts to ensure the state is leveraging state and federal resources to the best extent possible and to ensure zero emissions incentives, infrastructure, and opportunities are available and accessible to all Washingtonians.

The legislature further finds that in order to meet the statewide greenhouse gas emissions limits in the transportation sector of the economy, more resources must be directed toward achieving zero emissions transportation and transit, while continuing to relieve energy burdens that exist in overburdened communities.

NEW SECTION. Sec. 428. (1) There is hereby created an interagency electric vehicle coordinating council jointly led by the Washington state department of commerce and the Washington state department of transportation with participation from the following agencies:

- (a) The office of financial management;
- (b) The department of ecology;
- (c) The department of enterprise services;

(d) The state efficiency and environmental performance office;

(e) The department of agriculture;

(f) The department of health;

(g) The utilities and transportation commission;

(h) A representative from the office of the superintendent of public instruction knowledgeable on issues pertaining to student transportation; and

(i) Other agencies with key roles in electrifying the transportation sector.

(2) The Washington state department of commerce and Washington state department of transportation shall assign staff in each agency to lead the council's coordination work and provide ongoing reports to the governor and legislature including, but not limited to, the transportation, energy, economic development, and other appropriate legislative committees.

NEW SECTION. Sec. 429. (1) Interagency electric vehicle coordinating council responsibilities include, but are not limited to:

(a) Development of a statewide transportation electrification strategy to ensure market and infrastructure readiness for all new vehicle sales;

(b) Identification of all electric vehicle infrastructure grant-related funding to include existing and future opportunities, including state, federal, and other funds;

(c) Coordination of grant funding criteria across agency grant programs to most efficiently distribute state and federal electric vehicle-related funding in a manner that is most beneficial to the state, advances best practices, and recommends additional criteria that could be useful in advancing transportation electrification;

(d) Development of a robust public and private outreach plan that includes engaging with:

(i) Community organizers and the environmental justice council to develop community-driven programs to address zero emissions transportation needs and priorities in overburdened communities; and

(ii) Local governments to explore procurement opportunities and work with local government and community programs to support electrification;

(e) Creation of an industry electric vehicle advisory committee; and

(f) Ensuring the statewide transportation electrification strategy, grant distribution, programs, and activities associated with advancing transportation electrification benefit vulnerable and overburdened communities.

(2) The council shall provide an annual report to the appropriate committees of the legislature summarizing electric vehicle implementation progress, gaps, and resource needs.

Sec. 430. RCW 46.68.480 and 2020 c 224 s 2 are each amended to read as follows:

The Cooper Jones active transportation safety account is created in the state treasury. All receipts from penalties collected under RCW 46.63.170(~~(+6)(e)~~) shall be deposited into the account. Expenditures from the account may be used only to fund grant projects or programs for bicycle, pedestrian, and nonmotorist safety improvement administered by the Washington traffic safety commission. The account is subject to allotment procedures under chapter 43.88 RCW. Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 431. A new section is added to chapter 47.60 RCW to read as follows:

It is the intent of the legislature to fully fund the vessel and terminal electrification program in accordance with the Washington state ferries 2040 long range plan. The legislature finds that to attain the 2040 target fleet size of 26 vessels, a biennial replacement schedule is necessary to ensure the level of ferry service and reliability expected by the public. Therefore, by June 30, 2025, the legislature will secure funding options, including but not limited to a vessel surcharge, to devote the resources necessary to fulfill the vessel and terminal needs outlined in the 2040 long range plan.

NEW SECTION. Sec. 432. Washington state's target zero program envisions Washington having policies that will lead to zero deaths of people using the

transportation system. For almost two decades more than 200 people have lost their lives annually in circumstances where a vehicle unintentionally left its lane of travel. Such fatalities made up 48 percent of all traffic-related fatalities in 2019. There are multiple ways to make improvements on the highway system that have been proven in other locations to help reduce lane departures and fatalities. Sections 433 and 434 of this act are intended to direct resources towards deploying such improvements by requiring the Washington state department of transportation to create a program that is focused on addressing this specific safety concern.

NEW SECTION. Sec. 433. A new section is added to chapter 47.04 RCW to read as follows:

(1)(a) When an appropriation is made for this purpose, the department shall establish a reducing rural roadway departures program to provide funding for safety improvements specific to preventing lane departures in areas where the departure is likely to cause serious injuries or death. The program must use data driven methods to determine potential projects, and associated ranking methods for prioritization of funding consistent with chapter 47.05 RCW. Funding under this program may be used to:

(i) Widen roadway shoulders or modify roadway design to improve visibility or reduce lane departure risks;

(ii) Improve markings and paint on roadways, including making markings on roads more visible for vehicles with lane departure technology;

(iii) Apply high friction surface treatments;

(iv) Install rumble strips, signage, lighting, raised barriers, medians, guardrails, cable barriers, or other safety equipment, including deployment of innovative technology and connected infrastructure devices;

(v) Remove or relocate fixed objects from rights-of-way that pose a significant risk of serious injury or death if a vehicle were to collide with the object due to a lane departure;

(vi) Repair or replace existing barriers that are damaged or nonfunctional; or

(vii) Take other reasonable actions that are deemed likely to address or prevent vehicle lane departures in specific areas of concern.

(b) The department must create a program whereby it can distribute funding or install safety improvements based on the prioritization process established under (a) of this subsection. Any installation of safety measures that are not under the jurisdiction of the department must be done with permission from the entity that is responsible for operation and maintenance of the roadway.

(c) The department's program must create a form and application process whereby towns, small cities, counties, and transportation benefit districts may apply for program funding for high risk areas in their jurisdictions in need of safety improvements.

(d) Subject to the availability of amounts appropriated for this specific purpose, the department must issue program funding for purposes defined in (a) and (b) of this subsection in a geographically diverse manner throughout the state. Criteria used to assess a location can include the communities inability or lack of resources to make the corrections themselves and to make corrections where there has been historic disparate impacts.

(e) By December 31st of each year when there is funding distributed in accordance with this program, the department must provide the transportation committees of the legislature and the traffic safety commission with a list of locations that received funding and a description of the safety improvements installed there.

(2) During the first five years of the program, the department must track incidence of lane departures at the locations where the new infrastructure is installed and evaluate the effectiveness of the safety improvements.

Sec. 434. RCW 46.68.060 and 2021 c 333 s 706 are each amended to read as follows:

There is hereby created in the state treasury a fund to be known as the highway safety fund to the credit of which must be deposited all moneys directed by law to be deposited therein. This fund must be used for carrying out the provisions of law relating to driver licensing, driver improvement, financial

responsibility, cost of furnishing abstracts of driving records and maintaining such case records, and to carry out the purposes set forth in RCW 43.59.010, ~~((and))~~ chapters 46.72 and 46.72A RCW, and section 433 of this act. During the 2013-2015 and 2015-2017 fiscal biennia, the legislature may transfer from the highway safety fund to the Puget Sound ferry operations account, the motor vehicle fund, and the multimodal transportation account such amounts as reflect the excess fund balance of the highway safety fund. During the 2017-2019, 2019-2021, and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the highway safety fund to the multimodal transportation account and the state patrol highway account.

Sec. 435. RCW 46.68.396 and 2015 3rd sp.s. c 12 s 2 are each amended to read as follows:

The JUDY transportation future funding program account is created in the connecting Washington account established in chapter 44, Laws of 2015 3rd sp. sess. Moneys in the account may be spent only after appropriation. Expenditures from the account must be used only for preservation projects, to accelerate the schedule of connecting Washington projects identified in chapter 43, Laws of 2015 3rd sp. sess., for new connecting Washington projects, and for principal and interest on bonds authorized for the projects. It is the legislature's intent that moneys not be appropriated from the account until 2024 and that moneys in the account be expended in equal amounts between preservation and improvement projects. Moneys in the account may not be expended on the state route number 99 Alaskan Way viaduct replacement project.

Sec. 436. RCW 47.01.480 and 2015 3rd sp.s. c 12 s 1 are each amended to read as follows:

(1)(a) For projects identified as connecting Washington projects and supported by revenues under chapter 44, Laws of 2015 3rd sp. sess., it is the priority of the legislature that the department deliver the named projects. The legislature encourages the department to continue to institutionalize innovation and collaboration in design and project delivery with an eye toward the most efficient use of resources. In doing so, the legislature expects that, for some

projects, costs will be reduced during the project design phase due to the application of practical design. However, significant changes to a project title or scope arising from the application of practical design requires legislative approval. The legislature will utilize existing mechanisms and processes to ensure timely and efficient approval. Practical design-related changes to the scope may be proposed by the department, for the legislature's approval, only if the project's intended performance is substantially unchanged and the local governments and interested stakeholders impacted by the project have been consulted and have reviewed the proposed changes.

(b) To the greatest extent practicable, a contract for the construction of a project with any change to the title or scope, whether significant or not, arising from the application of practical design must not be let until the department has provided a detailed notice describing the change to the chairs and ranking members of the house of representatives and senate transportation committees or, if during the interim, to the joint transportation committee.

(c) To determine the savings attributable to practical design, each connecting Washington project must be evaluated. For design-bid-build projects, the evaluation must occur at the end of the project design phase. For design-build projects, the evaluation must occur at the completion of ~~((thirty))~~ 30 percent design. Each year as a part of its annual budget submittal, the department must include a detailed summary of how practical design has been applied and the associated savings gained. The annual summary must also include for each project: Details regarding any savings gained specifically through changes in the cost of materials, changes in the scope of a project and associated impacts on risk, the retirement of any risk reserves, and unused contingency funds.

(2)(a) The transportation future funding program is intended to provide for future emergent transportation projects, accelerating the schedule for existing connecting Washington projects, and highway preservation investments, beginning in fiscal year 2024, based on savings accrued from the application of practical design and any retired risk or

unused contingency funding on connecting Washington projects.

(b) Beginning July 1, 2016, the department must submit a report to the state treasurer and the transportation committees of the legislature once every six months identifying the amount of savings attributable to the application of practical design, retired risk, and unused contingency funding, and report when the savings become available. The state treasurer must transfer the available amounts identified in the report to the JUDY transportation future funding program account created in RCW 46.68.396.

(c) Beginning in fiscal year 2024, as a part of its budget submittal, the department may provide a list of highway improvement projects or preservation investments for potential legislative approval as part of the transportation future funding program. Highway improvement projects considered for inclusion under the transportation future funding program may include new connecting Washington projects, or accelerate the schedule for existing connecting Washington projects, and must: Address significant safety concerns; alleviate congestion and advance mobility; provide compelling economic development gains; leverage partnership funds from local, federal, or other sources; or require a next phase of funding to build upon initial investments provided by the legislature.

(d) It is the intent of the legislature that if savings attributable to the application of practical design are used to accelerate existing connecting Washington projects, savings must also be used for new connecting Washington projects of equal cost.

NEW SECTION. Sec. 437. A new section is added to chapter 47.06A RCW to read as follows:

A railroad crossing grant program is hereby created in the department, local programs division. The department shall develop a prioritization process to make awards for cities and counties with projects that eliminate at grade highway-rail crossings, improving safety and expediting the movement of vehicles. Awards must be made for matching funds to federal grants.

Sec. 438. RCW 81.104.160 and 2015 3rd sp.s. c 44 s 319 are each amended to read as follows:

(1) Regional transit authorities that include a county with a population of more than ~~((one million five hundred thousand))~~ 1,500,000 may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eight-tenths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. The maximum tax rate under this subsection does not include a motor vehicle excise tax approved before July 15, 2015, if the tax will terminate on the date bond debt to which the tax is pledged is repaid. This tax does not apply to vehicles licensed under RCW 46.16A.455 except vehicles with an unladen weight of ~~((six thousand))~~ 6,000 pounds or less, RCW 46.16A.425 or 46.17.335(2). Notwithstanding any other provision of this subsection or chapter 82.44 RCW, a motor vehicle excise tax imposed by a regional transit authority before or after July 15, 2015, must comply with chapter 82.44 RCW as it existed on January 1, 1996, until December 31st of the year in which the regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015. Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before July 15, 2015, must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of ~~((RCW 81.104.160(1)))~~ subsection (1) of this section shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by *Pierce County et al. v. State*, 159 Wn.2d 16, 148 P.3d 1002 (2006). In the case of bonds that were previously issued, the motor vehicle excise tax must comply with chapter 82.44 RCW as it existed on January 1, 1996.

(4) If a regional transit authority imposes the tax authorized under subsection (1) of this section, the authority may not receive any state grant funds provided in an omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess. and regional mobility grant program funds. To be eligible to receive regional mobility grant program funds, a regional transit authority must have adopted, at a minimum, a zero-fare policy that allows passengers 18 years of age and younger to ride free of charge on all modes provided by the authority by October 1, 2022.

Sec. 439. RCW 47.66.120 and 2021 c 333 s 721 are each amended to read as follows:

(1)(a) ~~((Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the))~~ The department's public transportation division shall establish a green transportation capital grant program. The purpose of the grant program is to aid any transit authority in funding cost-effective capital projects to reduce the carbon intensity of the Washington transportation system, examples of which include: Electrification of vehicle fleets, including battery and fuel cell electric vehicles; modification or replacement of capital facilities in order to facilitate fleet electrification and/or hydrogen refueling; necessary upgrades to electrical transmission and distribution systems; and construction of charging and fueling stations. The department's public transportation division shall identify projects and shall submit a prioritized list of all projects requesting funding to the legislature by December 1st of each even-numbered year.

(b) The department's public transportation division shall select projects based on a competitive process that considers the following criteria:

(i) The cost-effectiveness of the reductions in carbon emissions provided by the project; and

(ii) The benefit provided to transitioning the entire state to a transportation system with lower carbon intensity.

(2) The department's public transportation division must establish an advisory committee to assist in identifying projects under subsection (1) of this section. The advisory committee must include representatives from the department of ecology, the department of commerce, the utilities and transportation commission, and at least one transit authority.

(3) In order to receive green transportation capital grant program funding for a project, a transit authority must provide matching funding for that project that is at least equal to twenty percent of the total cost of the project.

(4) The department's public transportation division must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

(5) For purposes of this section, "transit authority" means a city transit system under RCW 35.58.2721 or chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, a regional transit authority under chapter 81.112 RCW, or any special purpose district formed to operate a public transportation system.

(6) During the 2021-2023 fiscal biennium, the department may provide up to 20 percent of the total green transportation capital grant program funding for zero emissions capital transition planning projects.
