Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that family or household members or intimate partners have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary (~~physical~~) aggressor. In making this determination, the officer shall make every reasonable effort to consider: (A) The intent to protect victims of domestic violence under RCW 10.99.010; (B) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (C) the history of domestic violence of each person involved, including whether the conduct was part of an ongoing pattern of abuse.

(7) An officer may act upon the request of a law enforcement officer, in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(10) Any police officer having probable cause to believe that a person has, within twenty-four hours of the alleged violation, committed a violation of RCW 9A.50.020 may arrest such person.

(11) A police officer having probable cause to believe that a person illegally possesses or illegally has possessed a firearm or other dangerous weapon on private or public elementary or secondary school premises shall have the authority to arrest the person.

For purposes of this subsection, the term "firearm" has the meaning defined in RCW 9.41.010 and the term "dangerous weapon" has the meaning defined in RCW 9.41.250 and 9.41.280(1) (c) through (e).

(15) No police officer may be held criminally or civilly liable for making an arrest pursuant to subsection (2) or (9) of this section if the police officer acts in good faith and without malice.

(16) (a) Except as provided in (b) of this subsection, a police officer shall arrest and keep in custody, until release by a judicial officer on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that the person has violated RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and the police officer: (i) Has knowledge that the person has a prior offense as defined in RCW 46.61.5055 within ten years; or (ii) has knowledge, based on a review of the information available to the officer at the time of arrest, that the person is charged with or is awaiting arraignment for an offense that would qualify as a prior offense as defined in RCW 46.61.5055 if it were a conviction.

(b) A police officer is not required to keep in custody a person under (a) of this subsection if the person requires immediate medical attention and is admitted to a hospital.

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the Washington association of sheriffs and police chiefs shall create and operate a statewide automated protected person notification system to automatically notify a registered person via the registered person's choice of telephone or email when a respondent subject to a court order specified in (b) of this subsection has attempted to purchase or acquire a firearm and been denied based on a background check or completed and submitted firearm purchase or transfer application that indicates the respondent is ineligible

The notification requirements of this section apply even if the respondent has notified the Washington state patrol that ~~((he or she))~~ the respondent has appealed a background check denial under RCW 43.43.823.

(c) The statewide automated protected person notification system must interface with the Washington state patrol, the administrative office of the courts, and any court not contributing data to the administrative office of the courts in real time.

The immunity provided under this subsection applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(3) Information and records prepared, owned, used, or retained by the Washington association of sheriffs and police chiefs pursuant to chapter 261, Laws of 2017, including information a person submits to register and participate in the statewide automated protected person notification system, are exempt from public inspection and copying under chapter 42.56 RCW.

#### MESSAGE FROM THE SENATE

Tuesday, April 11, 2023

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1493, with the following amendment(s): 1493-S AMS LAW S2680.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 9.94A RCW to read as follows:

(1) An offender is eligible for the special drug offender sentencing alternative for driving under the influence if the offender:

(a) Does not have a prior conviction under RCW 46.61.520, 46.61.522, 46.61.502(6), or 46.61.504(6); and either

(b) Is convicted of felony driving while under the influence of intoxicating liquor, cannabis, or any drug under RCW 46.61.502(6) (a); or

(c) Is convicted of felony physical control of a vehicle while under the

influence of intoxicating liquor or any drug under RCW 46.61.504(6) (a).

(2) A motion for a special drug offender sentencing alternative for driving under the influence may be made by the court, the offender, or the state if the midpoint of the standard sentence range is 26 months or less. If an offender has a higher midpoint, a motion for a special drug offender sentencing alternative for driving under the influence can only be made by joint agreement of the state and offender.

(3) If the sentencing court determines that the offender is eligible for an alternative sentence under this section and that the alternative sentence is appropriate, the court shall waive imposition of a sentence within the standard sentence range and:

(a) Impose a sentence equivalent to a prison-based alternative under RCW 9.94A.662, and subject to the same requirements and restrictions as are established in that section, if the low end of the standard sentence range is greater than 24 months; or

(b) Impose a sentence consisting of a residential treatment-based alternative consistent with this section if the low end of the standard sentence range is 24 months or less.

(4)(a) To assist the court in making its determination, the court may order the department to complete either a risk assessment report or a substance use disorder screening report as provided in RCW 9.94A.500, or both.

(b) If the court is considering imposing a sentence under the residential substance use disorder treatment-based alternative, the court may order an examination of the offender by the department. The examination shall, at a minimum, address the following issues:

(i) Whether the offender suffers from a substance use disorder;

(ii) Whether effective treatment for the offender's substance use disorder is available from a provider that has been licensed or certified by the department of health; and

(iii) Whether the offender and the community will benefit from the use of the alternative.

(5) An offender who is eligible for a residential treatment-based alternative under this section shall be sentenced as follows:

(a) If necessary, an indeterminate term of confinement of no more than 30 days in a facility operated, licensed, or utilized under contract, by the county in order to facilitate direct transfer to a residential substance use disorder treatment facility;

(b) Treatment in a residential substance use disorder treatment program licensed or certified by the department of health for a period set by the court up to six months with treatment completion and continued care delivered in accordance with rules established by the department of health. In establishing rules pursuant to this subsection, the department of health must consider criteria established by the American society of addiction medicine;

(c) Twenty-four months of partial confinement to consist of 12 months work release followed by 12 months of home detention with electronic monitoring; and

(d) Twelve months of community custody.

(6)(a) During any period of partial confinement or community custody, the court shall impose treatment and other conditions as provided in RCW 9.94A.703 or as the court considers appropriate.

(b) The department may impose conditions and sanctions as authorized in RCW 9.94A.704 and 9.94A.737.

(c) The department shall, within available resources, make substance use disorder assessment and treatment services available to the offender.

(d) An offender sentenced to community custody under subsection (3)(a) of this section as part of the prison-based alternative or under subsection (3)(b) of this section as part of the residential treatment-based alternative may be required to pay \$30 per month while on community custody to offset the cost of monitoring for alcohol or controlled substances.

(7)(a) If the court imposes a sentence under subsection (3)(b) of this section, the treatment provider must send the treatment plan to the court within 30 days of the offender's arrival to the residential substance use disorder treatment program.

(b) Upon receipt of the plan, the court shall schedule a progress hearing during the period of treatment and schedule a treatment termination hearing for three months before the expiration of the term of community custody.

(c) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements and recommendations regarding termination from treatment.

(8) At a progress hearing or treatment termination hearing, the court may:

(a) Authorize the department to terminate the offender's community custody status on the expiration date determined under subsection (7) of this section;

(b) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of partial confinement or community custody; or

(c) Impose a term of total confinement equal to one-half the midpoint of the standard sentence range, followed by a term of community custody under RCW 9.94A.701.

(9)(a) The court may bring any offender sentenced under subsection (3)(a) or (b) of this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the conditions of partial confinement or community custody or order the offender to serve a term of total confinement within the standard sentence range of the offender's current offense at any time during the period of partial confinement or community custody if the offender violates the conditions or

requirements of the sentence or if the offender is failing to make satisfactory progress in treatment.

(c) An offender ordered to serve a term of total confinement under (b) of this subsection shall receive credit for any time previously served in total confinement or residential treatment under this section and shall receive 50 percent credit for any time previously served in partial confinement or community custody under this section.

(10) In serving a term of community custody imposed upon failure to complete, or administrative termination from, the special drug offender sentencing alternative program for driving under the influence under this section, the offender shall receive no credit for time served in community custody prior to termination of the offender's participation in the program.

(11) An offender sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total or partial confinement.

(12) Costs of examinations and preparing the recommended service delivery plans under a special drug offender sentencing alternative for driving under the influence may be paid, at the option of the county, from funds provided to the county from the criminal justice treatment account under RCW 71.24.580.

**Sec. 2.** RCW 9.94A.030 and 2022 c 231 s 11 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within 880 feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation,

performed for the benefit of the community by the offender.

(8) "Confinement" means total or partial confinement.

(9) "Conviction" means an adjudication of guilt pursuant to Title 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere, and any issued certificates of restoration of opportunity pursuant to RCW 9.97.020.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in RCW 9.94A.640(4)(b) and 9.96.060(7)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(13) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

(14) "Criminal street gang-related offense" means any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with any criminal street gang, or is committed with the intent to promote, further, or assist in any criminal conduct by the gang, or is committed for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;

(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW); arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); promoting commercial sexual abuse of a minor (RCW 9.68A.101); or promoting pornography (chapter 9.68 RCW).

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a

court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(20) (a) "Domestic violence" has the same meaning as defined in RCW 10.99.020.

(b) Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or

(9) The period of time the department is authorized to supervise an offender under

this section may be reduced by the earned award of supervision compliance credit pursuant to RCW 9.94A.717.

**Sec. 5.** RCW 9.94A.505 and 2022 c 260 s 23 are each amended to read as follows:

(1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.

(2)(a) The court shall impose a sentence as provided in the following sections and as applicable in the case:

(i) Unless another term of confinement applies, a sentence within the standard sentence range established in RCW 9.94A.510 or 9.94A.517;

(ii) RCW 9.94A.701 and 9.94A.702, relating to community custody;

(iii) RCW 9.94A.570, relating to persistent offenders;

(iv) RCW 9.94A.540, relating to mandatory minimum terms;

(v) RCW 9.94A.650, relating to the first-time offender waiver;

(vi) RCW 9.94A.660, relating to the drug offender sentencing alternative;

(vii) Section 1 of this act, relating to the drug offender sentencing alternative for driving under the influence;

(viii) RCW 9.94A.670, relating to the special sex offender sentencing alternative;

~~((viii))~~ (ix) RCW 9.94A.655, relating to the parenting sentencing alternative;

~~((ix))~~ (x) RCW 9.94A.695, relating to the mental health sentencing alternative;

~~((x))~~ (xi) RCW 9.94A.507, relating to certain sex offenses;

~~((xi))~~ (xii) RCW 9.94A.535, relating to exceptional sentences;

~~((xii))~~ (xiii) RCW 9.94A.589, relating to consecutive and concurrent sentences;

~~((xiii))~~ (xiv) RCW 9.94A.603, relating to felony driving while under the influence of intoxicating liquor or any drug and felony physical control of a vehicle while under the influence of intoxicating liquor or any drug;

~~((xiv))~~ (xv) RCW 9.94A.711, relating to the theft or taking of a motor vehicle.

(b) If a standard sentence range has not been established for the offender's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community restitution work; a term of community custody under RCW 9.94A.702 not to exceed one year; and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of 30 days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than 30 days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(4) If a sentence imposed includes payment of a legal financial obligation, it

shall be imposed as provided in RCW 9.94A.750, 9.94A.753, and 9.94A.760.

(5) Except as provided under RCW 9.94A.750(4) and 9.94A.753(4), a court may not impose a sentence providing for a term of confinement or community custody that exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(7) The sentencing court shall not give the offender credit for any time the offender was required to comply with an electronic monitoring program prior to sentencing if the offender was convicted of one of the following offenses:

(a) A violent offense;

(b) Any sex offense;

(c) Any drug offense;

(d) Reckless burning in the first or second degree as defined in RCW 9A.48.040 or 9A.48.050;

(g) Unlawful imprisonment as defined in RCW 9A.40.040; or

(h) Harassment as defined in RCW 9A.46.020.

(8) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.

(9) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter. "Crime-related prohibitions" may include a prohibition on the use or possession of alcohol or controlled substances if the court finds that any chemical dependency or substance abuse contributed to the offense.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

**Sec. 6.** RCW 9.94A.525 and 2021 c 215 s 100 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the

last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ~~((ten))~~ 10 consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ~~((ten))~~ 10 consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each

prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however, count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug; count one point for a deferred prosecution granted under chapter 10.05 RCW for a second or subsequent violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW (~~9A.44.130 or~~) 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW (~~9A.44.130 or~~) 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however, count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order (RCW 7.105.450 or former RCW 26.50.110), felony Harassment (RCW 9A.46.020(2)(b)), felony Stalking (RCW 9A.46.110(5)(b)), Burglary 1 (RCW 9A.52.020), Kidnapping 1 (RCW 9A.40.020), Kidnapping 2 (RCW 9A.40.030), Unlawful imprisonment (RCW 9A.40.040), Robbery 1 (RCW 9A.56.200), Robbery 2 (RCW 9A.56.210), Assault 1 (RCW 9A.36.011), Assault 2 (RCW 9A.36.021), Assault 3 (RCW 9A.36.031), Arson 1 (RCW 9A.48.020), or Arson 2 (RCW 9A.48.030);

(b) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and

proven after July 23, 2017, for any of the following offenses: Assault of a child in the first degree, RCW 9A.36.120; Assault of a child in the second degree, RCW 9A.36.130; Assault of a child in the third degree, RCW 9A.36.140; Criminal Mistreatment in the first degree, RCW 9A.42.020; or Criminal Mistreatment in the second degree, RCW 9A.42.030;

(c) Count one point for each second and subsequent juvenile conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for the offenses listed in (a) of this subsection; and

(d) Count one point for each adult prior conviction for a repetitive domestic violence offense as defined in RCW 9.94A.030, where domestic violence as defined in RCW 9.94A.030, was pleaded and proven after August 1, 2011.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

**Sec. 7.** RCW 9.94A.633 and 2021 c 242 s 4 are each amended to read as follows:

(b) In lieu of confinement, an offender may be sanctioned with work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other community-based sanctions.

(2) If an offender was under community custody pursuant to one of the following statutes, the offender may be sanctioned as follows:

(a) If the offender was transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.728, the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

~~((+g))~~ (h) If a sex offender was sentenced pursuant to RCW 9.94A.507, the offender may be transferred to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation.

(3) If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, the probationer may be sanctioned pursuant to subsection (1) of this section. Any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

~~((9))~~ (10) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.6333.

**Sec. 9.** RCW 9.94A.660 and 2021 c 215 s 102 are each amended to read as follows:

(2) A motion for a special drug offender sentencing alternative may be made by the court, the offender, or the state.

(3) If the sentencing court determines that the offender is eligible for an alternative sentence under this section and that the alternative sentence is appropriate, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of either a prison-based alternative under RCW 9.94A.662 or a residential substance use disorder treatment-based alternative under RCW 9.94A.664. The residential substance use disorder treatment-based alternative is only available if the midpoint of the standard sentence range is ~~((twenty-six))~~ 26 months or less.

(6) When a court imposes a sentence of community custody under this section:

(a) The court may impose conditions as provided in RCW 9.94A.703 and may impose other affirmative conditions as the court considers appropriate. In addition, an offender may be required to pay ~~((thirty dollars))~~\$30 per month while on community custody to offset the cost of monitoring for alcohol or controlled substances, or in cases of domestic violence for monitoring with global positioning system technology for compliance with a no-contact order.

(b) The department may impose conditions and sanctions as authorized in RCW 9.94A.704 and 9.94A.737.

(7)(a) The court may bring any offender sentenced under this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the conditions of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard sentence range of the offender's current offense at any time during the period of community custody if the offender violates the conditions or requirements of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for time previously served in total or partial confinement and inpatient treatment under this section, and shall receive ~~((fifty))~~50 percent credit for time previously served in community custody under this section.

(8) In serving a term of community custody imposed upon failure to complete, or administrative termination from, the special drug offender sentencing alternative program, the offender shall receive no credit for time served in community custody prior to termination of the offender's participation in the program.

(9) An offender sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total confinement.

(10) The Washington state institute for public policy shall submit a report to the governor and the appropriate committees of the legislature by November 1, 2022, analyzing the effectiveness of the drug offender sentencing alternative in reducing recidivism among various offender populations. An additional report is due November 1, 2028, and every five years thereafter. The Washington state institute for public policy may coordinate with the department and the caseload forecast council in tracking data and preparing the report.

The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies.

**Sec. 27.** RCW 46.20.385 and 2020 c 330 s 9 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1)(b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1)(a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or has had his or her license suspended, revoked, or denied under RCW 46.61.5055(11)(c), or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible

to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a

regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain ~~((twenty-five))~~ 25 cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

**Sec. 28.** RCW 46.20.720 and 2020 c 330 s 10 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition

interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges, or upon fulfillment of day-for-day credit under RCW 46.61.5055(9)(b)(ii) for a suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific alcohol set point at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Alcohol set point.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall have an alcohol set point that prevents the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ~~((ten))~~10 years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while one or more passengers under the age of ~~((sixteen))~~16 were in the vehicle shall be extended for an additional period as required by RCW 46.61.5055(6)(a).

For purposes of determining a period of restriction for a person restricted pursuant to a conviction under (d) of this subsection, a restriction based on a deferred prosecution under subsection (1)(c) of this section arising out of the same incident is not considered a prior restriction for purposes of this subsection.

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by ~~((one hundred eighty))~~180 days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750. If the period of restriction under (c) or (d) of this subsection has been fulfilled and cannot be extended, the department must add a new ~~((one hundred eighty-day))~~180-day restriction that is imposed from the date of conviction and is subject to the requirements for removal under subsection (4) of this section.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. For all drivers restricted under this section with incidents and restriction start dates prior to June 9, 2016, a driver may apply to waive the restriction by applying for a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying the following:

(a) That there have been none of the following incidents in the ~~((one hundred~~

~~eighty))~~180 consecutive days prior to the date of release:

(i) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ~~((ten))~~10 minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(ii) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(iii) Failure to pass any random retest with a breath alcohol concentration of lower than 0.020 unless a subsequent test performed within ~~((ten))~~10 minutes registers a breath alcohol concentration lower than 0.020, and the digital image confirms the same person provided both samples;

(iv) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device; or

(v) Removal of the ignition interlock device by a person other than an ignition interlock technician certified by the Washington state patrol; and

(b) That the ignition interlock device was inspected at the conclusion of the ~~((one hundred eighty-day))~~180-day period by an ignition interlock technician certified by the Washington state patrol and no evidence was found that the device was tampered with in the manner described in RCW 46.20.750.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of

employment during working hours. The person must provide the department with a declaration pursuant to chapter 5.50 RCW from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. When the department receives a declaration under this subsection, it shall attach or imprint a notation on the person's driving record stating that the employer exemption applies.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(c) The employer exemption does not apply to a person who is self-employed unless the person's vehicle is used exclusively for the person's employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of (~~(twenty-one dollars)~~)\$21 per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain (~~(twenty-five)~~)25 cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive one or more requirements for removal under subsection (4) of this section if compliance with the requirement or requirements would be impractical in the case of a person residing in another jurisdiction, provided the person is in compliance with any equivalent requirement of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

**Sec. 29.** RCW 46.20.740 and 2020 c 330 s 11 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon

notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e). It is an affirmative defense, which the defendant must prove by a preponderance of the evidence, that the employer exemption in RCW 46.20.720(6) applies. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

**Sec. 30.** RCW 46.52.130 and 2022 c 182 s 206 are each amended to read as follows:

Upon a proper request, the department may only furnish information contained in an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

(a) An enumeration of motor vehicle accidents in which the person was driving, including:

(i) The total number of vehicles involved;

(ii) Whether the vehicles were legally parked or moving;

(iii) Whether the vehicles were occupied at the time of the accident; and

(iv) Whether the accident resulted in a fatality;

(b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;

(c) The status of the person's driving privilege in this state; and

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** Unless otherwise required in this

section, the release of an abstract does not require a signed statement by the subject of the abstract. An abstract of a person's driving record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. A probation clerk or probation officer employed by the court may also provide a copy of the driver's abstract to a treatment agency in accordance with (f) of this subsection. Courts may charge a reasonable fee for the production and copying of the abstract for the individual, unless the person is indigent as defined in RCW 10.101.010.

(b) **Employers or prospective employers.**

(i) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or agents acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(ii) The department may provide employers or their agents a three-year insurance carrier driving record of existing employees only for the purposes of sharing the driving record with its insurance carrier for underwriting. Employers may not provide the employees' full driving records to its insurance carrier.

(iii) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or the agent(s) acting on behalf of an employer or prospective employer of the named individual for purposes unrelated to driving by the individual when a driving record is required by federal or state law, or the employee or prospective employee will be handling heavy equipment or machinery.

(iv) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (A) The employee or prospective employee that authorizes the release of the record; and (B) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes agents to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may

not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(v) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(vi) No employer or prospective employer, nor any agents of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agents of the employer or prospective employer, as may be required to ensure the application of this subsection.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) **Transit authorities.** An abstract of the full driving record maintained by the department may be furnished to an employee or agents of a transit authority checking prospective or existing volunteer vanpool drivers for insurance and risk management needs.

(e) **Insurance carriers.** (i) An abstract of the driving record maintained by the department covering the period of not more than the last three years may be furnished to an insurance company or its agents:

(A) That has motor vehicle or life insurance in effect covering the named individual;

(B) To which the named individual has applied; or

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty, or by registered tow truck operators as defined in RCW 46.55.010 in the performance of their occupational duties while at the scene of a roadside impound or recovery so long as they are not issued a citation. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(C) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agents, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agents, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles. For the purposes of this subsection, "commercial motor vehicle" has the same meaning as in RCW 46.25.010(6).

(f) **Alcohol/drug assessment or treatment agencies.** An abstract of the full driving record maintained by the department (~~(covering the period of not more than the last five years)~~) may be furnished to an alcohol/drug assessment or treatment agency approved by the department of health to which the named individual has applied or been assigned for evaluation or treatment, for purposes of assisting employees in making a determination as to what level of treatment, if any, is appropriate, (~~(except that)~~) and the abstract must:

(i) Also include records of alcohol-related offenses, as defined in RCW 46.01.260(2) (~~(, covering a period of not more than the last ten years)~~); and

(ii) Indicate whether an alcohol-related offense was originally charged as a violation of either RCW 46.61.502 or 46.61.504.

(g) **Attorneys—City attorneys, county prosecuting attorneys, and named individual's attorney of record.** An abstract of the full driving record maintained by the department, including whether a recorded

violation is an alcohol-related offense, as defined in RCW 46.01.260(2), that was originally charged as a violation of either RCW 46.61.502 or 46.61.504, may be furnished to city attorneys, county prosecuting attorneys, or the named individual's attorney of record. City attorneys, county prosecuting attorneys, or the named individual's attorney of record may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment.

(h) **State colleges, universities, or agencies, or units of local government.** An abstract of the full driving record maintained by the department may be furnished to (i) state colleges, universities, or agencies for employment and risk management purposes or (ii) units of local government authorized to self-insure under RCW 48.62.031, or their agents, for employment and risk management purposes. "Unit of local government" includes an insurance pool established under RCW 48.62.031.

(i) **Superintendent of public instruction.** (i) An abstract of the full driving record maintained by the department may be furnished to the superintendent of public instruction for review of public school bus driver records. The superintendent or superintendent's designee may discuss information on the driving record with an authorized representative of the employing school district for employment and risk management purposes.

(ii) The superintendent of public instruction is exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section.

(j) **State and federal agencies.** An abstract of the driving record maintained by the department may be furnished to state and federal agencies, or their agents, in carrying out its functions.

(k) **Transportation network companies.** An abstract of the full driving record maintained by the department may be furnished to a transportation network company or its agents acting on its behalf of the named individual for purposes related to driving by the individual as a condition of being a contracted driver.

(l) **Research.** (i) The department may furnish driving record data to state agencies and bona fide scientific research organizations. The department may require review and approval by an institutional review board. For the purposes of this subsection, "research" means a planned and systematic sociological, psychological, epidemiological, biomedical, or other scientific investigation carried out by a state agency, or by a scientific research professional associated with a bona fide scientific research organization with an objective to contribute to scientific knowledge, the solution of social and health problems, or the evaluation of public benefit and service programs. This definition excludes methods of record analysis and data collection that are subjective, do not permit replication, and

are not designed to yield reliable and valid results.

(ii) The state agency, or a scientific research professional associated with a bona fide scientific research organization, are exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section. However, the department may charge a cost-recovery fee for the actual cost of providing the data.

(3) **Reviewing of driving records.** (a) In addition to the methods described herein, the director may enter into a contractual agreement for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that does not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(b) The department may provide reviewing services to the following entities:

(i) Employers for existing employees, or their agents;

(ii) Transit authorities for current vanpool drivers, or their agents;

(iii) Insurance carriers for current policyholders, or their agents;

(v) The office of the superintendent of public instruction for school bus drivers statewide; and

(vi) Transportation network companies, or their agents.

(4) **Release to third parties prohibited.**

(a) Any person or entity receiving an abstract of a person's driving record under subsection (2)(b) through (1) of this section shall use the abstract exclusively for his, her, or its own purposes or as otherwise expressly permitted under this section, and shall not divulge any information contained in the abstract to a third party.

(b) The following release of records to third parties are hereby authorized:

(i) Employers may divulge driving records to regulatory bodies, as defined by the department by rule, such as the United States department of transportation and the federal motor carrier safety administration.

The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, substance use disorder treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a) (i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for ~~((thirty))~~ 30 days, which shall not be suspended or deferred.

(c) ~~((For))~~ (i) Except as provided in (c) (ii) of this subsection, for each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for ~~((thirty))~~ 30 days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by ~~((thirty))~~ 30 days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection. The person may apply for an ignition interlock driver's license under RCW 46.20.385 during the suspension period.

(ii) For each incident involving a violation of RCW 46.20.342(1)(c), the court has discretion not to impose a suspension when the person provides the court with proof that the violation has been cured within 30 days. The court is not required to notify the department of the violation unless it is not cured within 30 days.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is

reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed (~~three hundred sixty-four~~) 364 days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed (~~three hundred sixty-four~~) 364 days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1) (c).

**MESSAGE FROM THE SENATE**

Monday, April 17, 2023

Mme. Speaker:

The Senate concurred in the House amendment(s) to the following bills and passed the bills as amended by the House:

- SUBSTITUTE SENATE BILL NO. 5256
- ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5278
- SENATE BILL NO. 5282

Mme. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1238, with the following amendment(s): 1238-S2.E AMS ENGR S3007.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature recognizes that adequate childhood nutrition is indispensable for proper intellectual, academic, and social development. However, many Washington families continue to face economic and other challenges that impact students' ability to consistently access nutritional meals that support their growth and well-being.

(2) The legislature has acknowledged the widespread but often concealed harms of childhood hunger by enacting legislation in recent years to address this issue. For example, in 2018, the legislature established a breakfast after the bell program in high-needs schools, in 2021, the legislature eliminated lunch copays for qualifying students, and in 2022, the legislature expanded school participation in the federal community eligibility provision, a program that provides no-charge meals for all students at participating schools.

(3) These efforts and others have significantly increased student access to meals provided without charge, but the problems of food insecurity, with its lasting physiological and psychological harms, remain a reality for too many families, too many schools, and too many children.

(4) The legislature recognizes also that the myriad difficulties of the COVID-19 pandemic uniquely impacted school districts and food delivery systems. While the challenges of responding to the unprecedented disruptions of a global pandemic continue to reverberate in public schools, school districts, through hard work, federal approvals, and appropriate financial supports, successfully demonstrated their ability to provide meals without charge to all requesting students. However, federal provisions permitting meals to be served at no charge to all students during the school year have expired, so the task of broadly responding to student meal needs has returned to the states.

(5) Although childhood hunger persists, the legislature recognizes that the state and school districts have the needed infrastructure and ability to respond to the issue, including the potential to access or leverage federal funds that may become available for school meal programs. The legislature, therefore, intends to continue its multiyear effort to eliminate hunger and food insecurity within public schools by expanding the provision of meals without charge to the state's youngest K-12 students.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.235 RCW to read as follows:

(1)(a) In accordance with (b) and (c) of this subsection, beginning with the 2023-24 school year, each school district shall provide breakfast and lunch each school day to any student who requests a breakfast, lunch, or both. The school district must provide the meals at no charge to the student and without consideration of the student's eligibility for a federally reimbursed free or reduced-price meal. Meals provided under this section must be nutritiously adequate and qualify for federal reimbursement under the school lunch program or

(f) "Summer food service program" means a meal or snack program meeting the requirements defined by the superintendent of public instruction under subsection (4) of this section.

(2) School districts shall implement a school lunch program in each public school in the district in which educational services are provided to children in any of the grades of kindergarten through four and in which ~~((twenty-five))~~ 25 percent or more of the enrolled students qualify for a free or reduced-price lunch. In accordance with section 2 of this act, school districts shall provide meals at no charge to all requesting students at public schools that meet the criteria established in section 2(1)(b) and (c) of this act. In developing and implementing its school lunch program and school breakfast program, each school district may consult with an advisory committee including school staff, community members, and others appointed by the board of directors of the district.

~~((a) Applications to determine free or reduced-price lunch eligibility shall be distributed and collected for all households of children in schools containing any of the~~

~~grades kindergarten through four and in which there are no United States department of agriculture child nutrition programs. The applications that are collected must be reviewed to determine eligibility for free or reduced-price lunches. Nothing in this section shall be construed to require completion or submission of the application by a parent or guardian.~~

~~(b) Using the most current available school data on free and reduced-price lunch eligibility, the superintendent of public instruction shall adopt a schedule for implementation of school lunch programs at each school required to offer such a program under subsection (2) of this section as follows:~~

~~(i) Schools not offering a school lunch program and in which twenty-five percent or more of the enrolled students are eligible for free or reduced-price lunch shall implement a school lunch program not later than the second day of school in the 2005-06 school year and in each school year thereafter.~~

~~(ii) The superintendent shall establish minimum standards defining the lunch meals to be served, and such standards must be sufficient to qualify the meals for any available federal reimbursement.~~

~~(iii) Nothing in this section shall be interpreted to prevent a school from implementing a school lunch program earlier than the school is required to do so.)~~

~~(3) To the extent funds are appropriated for this purpose, each school district shall implement a school breakfast program in each school where more than ((forty))40 percent of students eligible to participate in the school lunch program qualify for free or reduced-price meal reimbursement ((by the school year 2005-06)). Beginning in the 2023-24 school year and in accordance with section 2 of this act, school districts shall implement a breakfast program in each school providing meals at no charge to students. For the second year before the implementation of the district's school breakfast program, and for each subsequent school year, each school district shall submit data enabling the superintendent of public instruction to determine which schools within the district will qualify for this requirement. Schools where lunch programs start after the 2003-04 school year, where ((forty))30 percent of students qualify for free or reduced-price meals, must begin school breakfast programs the second year following the start of a lunch program.~~

~~(4) Each school district shall implement a summer food service program in each public school in the district in which a summer program of academic, enrichment, or remedial services is provided and in which 50 percent or more of the children enrolled in the school ((qualify))meet federal eligibility requirements for free or reduced-price lunch. However, the superintendent of public instruction shall develop rules establishing criteria to permit an exemption for a school that can demonstrate availability of an adequate alternative summer feeding program. Sites providing meals should be open to all children in the area, unless a compelling case can be made to limit access to the program. The superintendent of public instruction shall adopt a definition of compelling case and a schedule for implementation as follows:~~

~~(a) Beginning the summer of 2005 if the school currently offers a school breakfast or lunch program; or~~

~~(b) Beginning the summer following the school year during which a school implements a school lunch program under ((subsection (2)(b) of)) this section.~~

~~(5) Schools not offering a breakfast or lunch program may meet the meal service requirements of subsections (2)((-b-)) and (4) of this section through any of the following:~~

~~(a) Preparing the meals on-site;~~

~~(b) Receiving the meals from another school that participates in a United States department of agriculture child nutrition program; or~~

~~(c) Contracting with a nonschool entity that is a licensed food service establishment under RCW 69.07.010.~~

~~(6) Requirements that school districts have a school lunch, breakfast, or summer nutrition program under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the state Constitution.~~

~~(7) Beginning in the 2021-22 school year, school districts with school lunch programs must eliminate lunch copays for students in prekindergarten through 12th grade who qualify for reduced-price lunches, and the superintendent of public instruction must allocate funding for this purpose.~~

~~(8) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts, lunches, or summer food service programs is eliminated.~~

~~(9) School districts may be exempted from the requirements of this section and section 2 of this act by showing good cause why they cannot comply with the office of the superintendent of public instruction to the extent that such exemption is not in conflict with federal or state law. The process and criteria by which school districts ((are))may be exempted shall be developed by rule and revised if necessary by the office of the superintendent of public instruction in consultation with representatives of school directors, school food service, community-based organizations, and ((the Washington state PTA))a state organization of parents and teachers.~~

**Sec. 5.** RCW 28A.150.260 and 2022 c 109 s 3 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c), (5)(b), and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must report this information in a user-friendly format on the main page of the office's website. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's website. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has (~~six hundred~~) 600 average annual full-time equivalent students in grades nine through (~~twelve~~) 12;

(ii) A prototypical middle school has (~~four hundred thirty-two~~) 432 average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has (~~four hundred~~) 400 average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

	General education average class size
Grades K-3. . . . .	17.00
Grade 4. . . . .	27.00
Grades 5-6. . . . .	27.00
Grades 7-8. . . . .	28.53
Grades 9-12. . . . .	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through (~~twelve~~) 12 per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

	Laboratory science average class size
Grades 9-12. . . . .	19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

	Career and technical education average class size
Approved career and technical education offered at the middle school and high school level. . . . .	23.00
Skill center programs meeting the standards established by the office of the superintendent of public instruction. . . . .	19.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than (~~fifty~~)50 percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementa ry School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators. . . . .	1.253	1.353	1.880
Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs. . . . .	0.663	0.519	0.523
Teaching assistance, including any aspect of educational instructional services provided by classified employees. . . . .	0.936	0.700	0.652
Office support and other noninstructional aides. . . . .	2.012	2.325	3.269
Custodians. . . . .	1.657	1.942	2.965
Nurses. . . . .	0.246	0.336	0.339
Social workers. . . . .	0.132	0.033	0.052
Psychologists. . . . .	0.046	0.009	0.021
Counselors. . . . .	0.660	1.383	2.706
Classified staff providing student and staff safety	0.079	0.092	0.141
Parent involvement coordinators. . . . .	0.0825	0.00	0.00

(b)(i) The superintendent may only allocate funding, up to the combined minimum allocations, for nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, and parent involvement coordinators under (a) and (c) of this subsection to the extent of and proportionate to a school district's demonstrated actual ratios of: Full-time equivalent physical, social, and emotional support staff to full-time equivalent students.

(ii) The superintendent must adopt rules to implement this subsection (5)(b) and the rules must require school districts to prioritize funding allocated as required by (b)(i) of this subsection for physical, social, and emotional support staff who hold a valid educational staff associate certificate appropriate for the staff's role.

(iii) For the purposes of this subsection (5)(b), "physical, social, and emotional support staff" include nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, parent involvement coordinators, and other school district employees and contractors who provide physical, social, and emotional support to students as defined by the superintendent.

(c) For the 2023-24 school year, in addition to the minimum allocation under (a) of this subsection, the following additional staffing units for each level of prototypical school will be provided:

	Elementa ry School	Middle School	High School
Nurses. . . . .	0.170	0.276	0.243

(6) (a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand annual average full-time equivalent students in grades K-12 as follows:

	Staff per 1,000 K-12 students
Technology. . . . .	0.628
Facilities, maintenance, and grounds. . . . .	1.813
Warehouse, laborers, and mechanics. . . . .	0.332

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8) (a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

	Per annual average full-time equivalent student in grades K-12
Technology. . . . .	\$130.76
Utilities and insurance. . . . .	\$355.30
Curriculum and textbooks. . . . .	\$140.39

	Per annual average full-time equivalent student in grades 9-12
Technology. . . . .	\$36.35

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through ~~((twelve))~~12;

(b) Preparatory career and technical education courses for students in grades nine through ~~((twelve))~~12 offered in a high school; and

(c) Preparatory career and technical education courses for students in grades ~~((eleven))~~11 and ~~((twelve))~~12 offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a) (i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the greater of either: The district percentage of students in kindergarten through grade ~~((twelve))~~12 who were eligible for free or reduced-price meals for the school year immediately preceding the district's participation, in whole or part, in the United States department of agriculture's community eligibility provision, or the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall, except as provided in (a)(iii) of this subsection, provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of ~~((fifteen))~~15 learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in

qualifying schools. A qualifying school, except as provided in (a)(iv) of this subsection, means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds ((fifty))50 percent or more of its total annual average enrollment. A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of ((fifteen))15 learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(iii) For the 2024-25 and 2025-26 school years, allocations under (a)(i) of this subsection for school districts providing meals at no charge to students under section 2 of this act that are not participating, in whole or in part, in the United States department of agriculture's community eligibility provision shall be based on the school district percentage of students in grades K-12 who were eligible for free or reduced-price meals in school years 2019-20 through 2022-23 or the prior school year, whichever is greatest.

(iv) For the 2024-25 and 2025-26 school years, a school providing meals at no charge to students under section 2 of this act that is not participating in the department of agriculture's community eligibility provision continues to meet the definition of a qualifying school under (a)(ii) of this subsection if the school met the definition during one year of the 2019-20 through 2022-23 school years, or in the prior school year.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through ((twelve))12, with ((fifteen))15 transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with ((fifteen))15 exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

**Sec. 6.** RCW 28A.150.260 and 2022 c 109 s 4 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c), (5)(b), and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must report this information in a user-friendly format on the main page of the office's website. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's website. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has (~~six hundred~~) 600 average annual full-time equivalent students in grades nine through (~~twelve~~) 12;

(ii) A prototypical middle school has (~~four hundred thirty-two~~) 432 average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has (~~four hundred~~) 400 average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

	General education average class size
Grades K-3. . . . .	17.00
Grade 4. . . . .	27.00
Grades 5-6. . . . .	27.00
Grades 7-8. . . . .	28.53
Grades 9-12. . . . .	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through (~~twelve~~) 12 per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science  
average class size

Grades 9-12. . . . . 19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical  
education average  
class size

Approved career and technical education offered at  
the middle school and high school level. . . . . 23.00

Skill center programs meeting the standards established  
by the office of the superintendent of public  
instruction. . . . . 19.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than (~~fifty~~) 50 percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementa ry School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators. . . . .	1.253	1.353	1.880
Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs. . . . .	0.663	0.519	0.523
Teaching assistance, including any aspect of educational instructional services provided by classified employees. . . . .	0.936	0.700	0.652
Office support and other noninstructional aides. . . . .	2.012	2.325	3.269
Custodians. . . . .	1.657	1.942	2.965
Nurses. . . . .	0.585	0.888	0.824
Social workers. . . . .	0.311	0.088	0.127
Psychologists. . . . .	0.104	0.024	0.049
Counselors. . . . .	0.993	1.716	3.039
Classified staff providing student and staff safety	0.079	0.092	0.141

(c) Preparatory career and technical education courses for students in grades ~~((eleven))~~11 and ~~((twelve))~~12 offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the greater of either: The district percentage of students in kindergarten through grade ~~((twelve))~~12 who were eligible for free or reduced-price meals for the school year immediately preceding the district's participation, in whole or part, in the United States department of agriculture's community eligibility provision, or the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall, except as provided in (a)(iii) of this subsection, provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of ~~((fifteen))~~15 learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school, except as provided in (a)(iv) of this subsection, means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds ~~((fifty))~~50 percent or more of its total annual average enrollment. A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying

school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of ~~((fifteen))~~15 learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(iii) For the 2024-25 and 2025-26 school years, allocations under (a)(i) of this subsection for school districts providing meals at no charge to students under section 2 of this act that are not participating, in whole or in part, in the United States department of agriculture's community eligibility provision shall be based on the school district percentage of students in grades K-12 who were eligible for free or reduced-price meals in school years 2019-20 through 2022-23 or the prior school year, whichever is greatest.

(iv) For the 2024-25 and 2025-26 school years, a school providing meals at no charge to students under section 2 of this act that is not participating in the department of agriculture's community eligibility provision continues to meet the definition of a qualifying school under (a)(ii) of this subsection if the school met the definition during one year of the 2019-20 through 2022-23 school years, or in the prior school year.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through ~~((twelve))~~12, with ~~((fifteen))~~15 transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with ~~((fifteen))~~15 exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

The bonus shall be calculated as follows: The annual bonus shall be ~~((five thousand dollars))~~ \$5,000 in the 2007-08 school year. Thereafter, the annual bonus shall increase by inflation, except that the bonus shall not be increased during the 2013-14 and 2014-15 school years.

(2) (a) Certificated instructional staff who have attained certification from the national board for professional teaching standards shall be eligible for bonuses in addition to that provided by subsection (1) of this section if the individual is in an instructional assignment in a school in which at least ~~((seventy))~~ 70 percent of the students qualify for the free and reduced-price lunch program.

(b) An individual is eligible for bonuses authorized under this subsection (2) if he or she is in an instructional assignment in a school that meets the definition of high poverty school as defined in rule by the office of the superintendent of public instruction in the school year immediately preceding the school's participation in the United States department of agriculture's community eligibility provision.

(c) For the 2024-25 and 2025-26 school years, individuals are eligible for bonuses under this subsection if they are in an instructional assignment in a school providing meals at no charge to students under section 2 of this act that met the definition of high poverty school as defined in rule by the office of the superintendent of public instruction during the 2022-23 school year.

(3) The amount of the additional bonus under subsection (2) of this section for those meeting the qualifications of subsection (2) of this section is ~~((five thousand dollars))~~ \$5,000.

(4) The bonuses provided under this section are in addition to compensation received under a district's salary schedule adopted in accordance with RCW 28A.405.200 and shall not be included in calculations of a district's average salary and associated salary limitations under RCW 28A.400.200.

(b) School districts, to the extent practicable, shall group public schools for purposes of maximizing the number of public schools eligible to participate in the community eligibility provision. Individual schools participating in a group may have less than 40 percent identified students, provided the average identified student percentage for the group is at least 40 percent.

(2) Public schools that, through an arrangement with a local entity, provide meals to all students and at no costs to the students are exempt from the requirements of this section.

HOUSE BILL NO. 1257, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

**MESSAGE FROM THE SENATE**

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1791, with the following amendment(s): 1791-S.E AMS TRAN S2985.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds:

(a) The state's transportation needs are growing and it is imperative that the state plan comprehensively to meet the needs of its citizens, particularly in the fastest growing regions of the state;

(b) That planning for the future of aviation must take a comprehensive coordinated look at the transportation system as a whole;

(c) The pandemic interfered with the ability of the commercial aviation coordinating commission to perform a thorough and complete study of the possibility of a new commercial airport;

(d) The creation of a new primary commercial aviation facility has the potential for environmental, health, social, and economic impacts on the surrounding

communities, and the legislature recognizes any preferred location will require substantial environmental, land use, governance, and funding decisions from federal, state, and local governments;

(e) There is expected growth in commercial aviation, general aviation, and air cargo operations; the Puget Sound regional council May 2021 regional aviation baseline study final report estimates that by 2050 capacity restrictions in the central Puget Sound will create a gap between the demand for aviation activities and the capacity for those activities; and

(f) The exploration of alternatives to Seattle-Tacoma international airport is critical to address this anticipated demand through a variety of transportation strategies that may include the creation or expansion of other airports.

(2) The legislature, therefore, intends to replace the commercial aviation coordinating commission with the commercial aviation work group and direct the work group to provide a comprehensive investigation of airport capacity in the state and the best way to address aviation needs in the context of overall state transportation needs in the next 20 years using independent verifiable data.

**NEW SECTION. Sec. 2.** (1) The state commercial aviation work group is created to carry out the functions of section 3 of this act. The work group shall consist of 19 voting members.

(2) The governor shall appoint 19 voting members to represent the following interests:

(a) Four as representatives of commercial service airports and ports, one of whom shall represent a port located in a county with a population of 2,000,000 or more, one of whom shall represent a port in eastern Washington with an airport runway of at least 13,500 feet in length, one of whom shall represent a commercial service airport in eastern Washington located in a county with a population of 400,000 or more, and one representing an association of ports;

(b) Two as representatives from the airline industry or businesses dependent upon air service;

(c) One representative from a statewide business association;

(d) Seven citizen representatives with at least two appointed from eastern Washington and at least two appointed from western Washington. The citizen appointees must:

(i) Represent the public interests in the communities that are included in the work group's site research; and

(ii) Understand the impacts of a large commercial aviation facility on a community;

(e) A representative from the freight forwarding industry;

(f) A representative from the trucking industry;

(g) A representative from a community organization that understands the impacts of a large commercial aviation facility on a community; and

(h) Two representatives from statewide environmental organizations.

(3) The work group shall invite the following nonvoting members:

(a) A representative from the Washington state aviation alliance;

(b) Two members from the senate, with one member from each of the two largest caucuses in the senate, appointed by legislative leadership;

(c) Two members from the house of representatives, with one member from each of the two largest caucuses in the house of representatives, appointed by legislative leadership;

(d) A representative from the department of commerce;

(e) A representative from the division of aeronautics of the department of transportation;

(f) A representative from an eastern Washington metropolitan planning organization;

(g) A representative from a western Washington metropolitan planning organization;

(h) A representative from an eastern Washington regional airport; and

(i) A representative from a western Washington regional airport.

(4) The work group shall select a chair from among its voting membership and shall adopt rules related to its powers and duties under section 3 of this act.

(5) Legislative members of the work group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW. The work group has all powers necessary to carry out its duties as prescribed by section 3 of this act.

(6) The department of transportation shall provide staff support for coordinating and administering the work group and technical assistance as requested by work group members.

(7) At the direction of the work group, and as resources allow, the department of transportation is authorized to hire consultants to assist with the review and research efforts of the work group.

**NEW SECTION. Sec. 3.** (1) The state commercial aviation work group shall comprehensively evaluate the long-range commercial aviation needs of Washington within the broader context of state transportation needs and the specific needs of western Washington. The work group shall review existing data and conduct research to determine Washington's long-range commercial aviation facility needs while considering alternatives to additional airport capacity.

(2)(a) Except as provided in subsection (3) of this section, the work group shall investigate the expansion of existing aviation facilities and possible siting locations for a new greenfield aviation facilities, with the expected outcome to be a report that compares the strengths and weaknesses of each site considered. In this

investigation, the work group shall consider both new sites and those previously identified in previous aviation planning documents. The work group must consider all impacts that, whether by the expansion of a current facility or the location of a new greenfield site, the creation of a new primary commercial aviation facility may have, including impacts on:

(i) Community members and quality of life;

(ii) The environment, including the impacts of a facility on water quality and the ability of the state to meet the greenhouse gas emissions limits established in RCW 70A.45.020;

(iii) County master plans and other local planning and zoning, including development regulations and comprehensive plans adopted under chapter 36.70A RCW; and

(iv) Current airspace operations.

(b) The work group shall:

(i) Perform outreach to and make efforts to collaborate with:

(A) Applicable federal agencies including the federal aviation administration, the United States environmental protection agency, the United States department of defense, and the United States department of energy;

(B) Indian tribes, as defined in RCW 43.376.010, though outreach and collaboration by the work group under this subsection does not constitute or substitute for formal government-to-government consultation under the 1989 State-Tribal Relations/Centennial Accord and chapter 43.376 RCW;

(C) The environmental community;

(D) Local communities;

(E) Economic development agencies;

(ii) Identify potential site infrastructure shortfalls and make recommendations as to how they could be most suitably addressed, including the feasibility of the specific transportation infrastructure required to move people to the potential site. This process includes the delivery of an adequate supply of aircraft fuel and supporting infrastructure along with facilities needed to transition to the use of sustainable aviation fuels;

(iii) Consider the cost of construction of a facility and supporting infrastructure;

(iv) In cooperation with the federal aviation administration, analyze:

(A) Airspace requirements and airspace restrictions of potential sites;

(B) Any possible terrain and man-made obstacles that could possibly create a hazard to aircraft;

(C) Local weather patterns and microclimates to determine if they will create issues for the operation of large aircraft; and

(v) Carry out other duties as assigned by the legislature.

(3) The work group shall not consider:

(a) Expansion opportunities for a port or county run airport located in a county with a population of 2,000,000 or more; or

(b) The expansion of an existing airport or the siting of a new airport that would be incompatible with the operations of a military installation.

(4) In addition, the work group shall provide information to the transportation committees of the legislature on the future of aviation growth in the state, including potential commercial aviation, general aviation, and air cargo demands, with consideration of new technologies, alternative transportation modes, and the airport of the future.

(5) Nothing in this section shall be construed to endorse, limit, or otherwise alter existing or future plans for capital development and capacity enhancement at existing commercial airports in Washington.

NEW SECTION. **Sec. 4.** The state commercial aviation work group shall submit a progress report to the governor and the transportation committees of the legislature by July 1, 2024, and annually thereafter. The first report of the work group shall include a list of areas that will not have further review as the areas are in conflict with the operations of a military installation.

**MESSAGE FROM THE SENATE**

Tuesday, April 11, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1260, with the following amendment(s): 1260-S.E AMS HS S2275.2

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 74.04.805 and 2022 c 208 s 1 are each amended to read as follows:

(1) The department is responsible for determining eligibility for referral for essential needs and housing support under RCW 43.185C.220. Persons eligible for a referral are persons who:

(a) Have been determined to be eligible for the aged, blind, or disabled assistance program under RCW 74.62.030 or the pregnant women assistance program under RCW 74.62.030, or are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ~~((ninety))~~ 90 days. The standard for incapacity in this subsection, as evidenced by the ~~((ninety-day))~~ 90-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(b) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law, or are victims of human trafficking as defined in RCW 74.04.005;

(c) (i) Have furnished the department with their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number must be made prior

to authorization of benefits, and the social security number must be provided to the department upon receipt;

(ii) This requirement does not apply to victims of human trafficking as defined in RCW 74.04.005 if they have not been issued a social security number;

(d) (i) Have countable income as described in RCW 74.04.005 ~~((at or below four hundred twenty-eight dollars for a married couple or at or below three hundred thirty-nine dollars for a single individual))~~ that meets the standard established by the department, which shall not exceed 100 percent of the federal poverty level; or

(ii) Have income that meets the standard established by the department, who are eligible for the pregnant women assistance program;

(e) Do not have countable resources in excess of those described in RCW 74.04.005; and

(f) Are not eligible for federal aid assistance, other than basic food benefits transferred electronically and medical assistance.

~~(2) ((Recipients of aged, blind, or disabled assistance program benefits who meet other eligibility requirements in this section are eligible for a referral for essential needs and housing support services within funds appropriated for the department of commerce.~~

~~(3))~~ Recipients of pregnant women assistance program benefits who meet other eligibility requirements in this section are eligible for referral for essential needs and housing support services, within funds appropriated for the department of commerce, for ~~((twenty-four))~~ 24 consecutive months from the date the department determines pregnant women assistance program eligibility.

~~((4))~~ (3) The following persons are not eligible for a referral for essential needs and housing support:

(a) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(b) Persons who refuse or fail without good cause to participate in substance use treatment if an assessment by a certified substance use disorder professional indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in substance use treatment, when needed outpatient treatment is not available to the person in the county of their residence ~~((or))~~ when needed inpatient treatment is not available in a location that is reasonably accessible for the person, or when the person is a parent or other relative personally providing care for a minor child or an incapacitated individual living in the same home as the person, and child care or day care would be necessary for the person to participate in substance use disorder treatment, and such care is not available; and

(c) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place

from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

~~((5))~~ (4) For purposes of determining whether a person is incapacitated from gainful employment under subsection (1) of this section:

(a) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(b) The process implementing the medical criteria must involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

~~((6))~~ (5) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

~~((7))~~ (6) The department must review the cases of all persons who have received benefits under the essential needs and housing support program for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

(7) The department shall share client data for individuals eligible for essential needs and housing support with the department of commerce and designated essential needs and housing support entities as required under RCW 43.185C.230.

**Sec. 2.** RCW 74.62.005 and 2011 1st sp.s. c 36 s 1 are each amended to read as follows:

(1) The legislature finds that:

(a) Persons who have a long-term disability and apply for federal supplemental security income benefits should receive assistance while their application for federal benefits is pending ~~((with repayment from the federal government of state-funded income assistance paid through the aged, blind, or disabled assistance program))~~;

(b) Persons who are incapacitated from gainful employment for an extended period, but who may not meet the level of severity of a long-term disability, are at increased risk of homelessness; and

(c) Persons who are homeless and suffering from significant medical impairments, mental illness, or ~~((chemical dependency))~~ substance use disorder face substantial barriers to successful participation in, and completion of, needed medical or behavioral health treatment services. Stable housing increases the

likelihood of compliance with and completion of treatment.

(2) Through chapter 36, Laws of 2011 1st sp. sess., the legislature intends to:

(a) Terminate all components of the disability lifeline program created in 2010 and codified in RCW 74.04.005 and create new programs: (i) To provide financial grants through the aged, blind, ~~((and [or]))~~ or disabled assistance program and the pregnant women assistance program; and (ii) to provide services through the essential needs and housing support program; and

(b) Increase opportunities to utilize limited public funding, combined with private charitable and volunteer efforts to serve persons who are recipients of the benefits provided by the new programs created under chapter 36, Laws of 2011 1st sp. sess.

**Sec. 3.** RCW 74.62.030 and 2022 c 208 s 2 are each amended to read as follows:

(1)(a) The aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive ~~((federal aid assistance, other than basic food benefits transferred electronically and medical assistance))~~ supplemental security income, refugee cash assistance, temporary assistance for needy families, or state family assistance benefits;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age ~~((sixty-five))~~ 65 or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

In determining whether a person is disabled, the department may rely on, but is not limited to, the following:

(I) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(II) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to a substance use disorder. These persons shall be referred to appropriate assessment, treatment, or shelter services. Referrals shall be made at the time of application or

at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to persons with a substance use disorder who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

(ii) Persons for whom there has been a final determination of ineligibility based on age, blindness, or disability for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits and essential needs and housing program support under RCW 43.185C.220 concurrently while pending application for federal supplemental security income benefits. ~~((The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.))~~ Effective October 1, 2025, a person's receipt of supplemental security income received for the same period as aged, blind, or disabled program assistance as described in this section shall not be considered a debt due to the state and is not subject to recovery. However, the monetary value of aged, blind, or disabled cash assistance paid prior to October 1, 2025, that is duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due to the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) The pregnant women assistance program shall provide financial grants to persons who:

(a) ~~((Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance, and~~

~~(b))~~ Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families or state family assistance benefits for a reason other than failure to cooperate in program requirements; and

~~((e))~~ (b) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(a) Be a citizen or alien lawfully admitted for permanent residence or otherwise residing in the United States under color of law, or be a victim of human trafficking as defined in RCW 74.04.005;

(b) Meet the income and resource standards described in RCW 74.04.805(1) (d) and (e);

(c) (i) Have furnished the department with their social security number. If the social security number cannot be furnished because

it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(ii) This requirement does not apply to victims of human trafficking as defined in RCW 74.04.005 if they have not been issued a social security number;

(d) Not have refused or failed without good cause to participate in substance use treatment if an assessment by a certified substance use disorder professional indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in substance use treatment, when needed outpatient treatment is not available to the person in the county of their residence ~~((or))~~ when needed inpatient treatment is not available in a location that is reasonably accessible for the person, or when the person is a parent or other relative personally providing care for a minor child or an incapacitated individual living in the same home as the person, and child care or day care would be necessary for the person to participate in substance use disorder treatment, and such care is not available; and

(e) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Referrals for essential needs and housing support under RCW 43.185C.220 shall be provided to persons found eligible under RCW 74.04.805.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) The department must share client data for individuals eligible for essential needs and housing support with the department of commerce and designated essential needs and housing support entities as required under RCW 43.185C.230."

#### MESSAGE FROM THE SENATE

Tuesday, April 11, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1357, with the following amendment(s): 1357-S2.E AMS WM S2941.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Each carrier offering a health plan issued or renewed on or after January 1, 2024, shall comply with the following standards related to prior authorization for health care services and prescription drugs:

(a) The carrier shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through an electronic prior authorization process, as designated by each carrier:

(i) For electronic standard prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within three calendar days, excluding holidays, of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If

insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(ii) For electronic expedited prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within one calendar day of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(b) The carrier shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through a process other than an electronic prior authorization process:

(i) For nonelectronic standard prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within five calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within five calendar days of submission of the nonelectronic prior authorization request.

(ii) For nonelectronic expedited prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within two calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within one calendar day of submission of the nonelectronic prior authorization request.

(c) In any instance in which a carrier has determined that a provider or facility has not provided sufficient information for making a determination under (a) and (b) of this subsection, a carrier may establish a specific reasonable time frame for submission of the additional information. This time frame must be communicated to the provider and enrollee with a carrier's request for additional information.

(d) The carrier's prior authorization requirements must be described in detail and written in easily understandable language. The carrier shall make its most current prior authorization requirements and restrictions, including the written clinical review criteria, available to providers and facilities in an electronic format upon

request. The prior authorization requirements must be based on peer-reviewed clinical review criteria. The clinical review criteria must be evidence-based criteria and must accommodate new and emerging information related to the appropriateness of clinical criteria with respect to black and indigenous people, other people of color, gender, and underserved populations. The clinical review criteria must be evaluated and updated, if necessary, at least annually.

(2)(a) Each carrier shall build and maintain a prior authorization application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for health care services, identify prior authorization information and documentation requirements, and facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system. The application programming interface must support the exchange of prior authorization requests and determinations for health care services beginning January 1, 2025, and must:

(i) Use health level 7 fast health care interoperability resources in accordance with standards and provisions defined in 45 C.F.R. Sec. 170.215 and 45 C.F.R. Sec. 156.22(3)(b);

(ii) Automate the process to determine whether a prior authorization is required for durable medical equipment or a health care service;

(iii) Allow providers to query the carrier's prior authorization documentation requirements;

(iv) Support an automated approach using nonproprietary open workflows to compile and exchange the necessary data elements to populate the prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal centers for medicare and medicaid services; and

(v) Indicate that a prior authorization denial or authorization of a service less intensive than that included in the original request is an adverse benefit determination and is subject to the carrier's grievance and appeal process under RCW 48.43.535.

(b) Each carrier shall establish and maintain an interoperable electronic process or application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for a covered prescription drug. The application programming interface must support the exchange of prior authorization requests and determinations for prescription drugs, including information on covered alternative prescription drugs, beginning January 1, 2027, and must:

(i) Allow providers to identify prior authorization information and documentation requirements;

(ii) Facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system, and may include the necessary data elements to populate the

prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal centers for medicare and medicaid services; and

(iii) Indicate that a prior authorization denial or authorization of a drug other than the one included in the original prior authorization request is an adverse benefit determination and is subject to the carrier's grievance and appeal process under RCW 48.43.535.

(c) If federal rules related to standards for using an application programming interface to communicate prior authorization status to providers are not finalized by the federal centers for medicare and medicaid services by September 13, 2023, the requirements of (a) of this subsection may not be enforced until January 1, 2026.

(d)(i) If a carrier determines that it will not be able to satisfy the requirements of (a) of this subsection by January 1, 2025, the carrier shall submit a narrative justification to the commissioner on or before September 1, 2024, describing:

(A) The reasons that the carrier cannot reasonably satisfy the requirements;

(B) The impact of noncompliance upon providers and enrollees;

(C) The current or proposed means of providing health information to the providers; and

(D) A timeline and implementation plan to achieve compliance with the requirements.

(ii) The commissioner may grant a one-year delay in enforcement of the requirements of (a) of this subsection (2) if the commissioner determines that the carrier has made a good faith effort to comply with the requirements.

(iii) This subsection (2)(d) shall not apply if the delay in enforcement in (c) of this subsection takes effect because the federal centers for medicare and medicaid services did not finalize the applicable regulations by September 13, 2023.

(e) By September 13, 2023, and at least every six months thereafter until September 13, 2026, the commissioner shall provide an update to the health care policy committees of the legislature on the development of rules and implementation guidance from the federal centers for medicare and medicaid services regarding the standards for development of application programming interfaces and interoperable electronic processes related to prior authorization functions. The updates should include recommendations, as appropriate, on whether the status of the federal rule development aligns with the provisions of this act. The commissioner also shall report on any actions by the federal centers for medicare and medicaid services to exercise enforcement discretion related to the implementation and maintenance of an application programming interface for prior authorization functions. The commissioner shall consult with the health care authority, carriers, providers, and consumers on the development of these updates and any recommendations.

(3) Nothing in this section applies to prior authorization determinations made pursuant to RCW 48.43.761.

(4) For the purposes of this section:

(a) "Expedited prior authorization request" means a request by a provider or facility for approval of a health care service or prescription drug where:

(i) The passage of time:

(A) Could seriously jeopardize the life or health of the enrollee;

(B) Could seriously jeopardize the enrollee's ability to regain maximum function; or

(C) In the opinion of a provider or facility with knowledge of the enrollee's medical condition, would subject the enrollee to severe pain that cannot be adequately managed without the health care service or prescription drug that is the subject of the request; or

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) A health plan offered to public employees, retirees, and their covered dependents under this chapter issued or renewed on or after January 1, 2024, shall comply with the following standards related to prior authorization for health care services and prescription drugs:

(a) The health plan shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through an electronic prior authorization process:

(i) For electronic standard prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within three calendar days, excluding holidays, of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(ii) For electronic expedited prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within one calendar day of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If

insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(b) The health plan shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through a process other than an electronic prior authorization process described in subsection (2) of this section:

(i) For nonelectronic standard prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within five calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within five calendar days of submission of the nonelectronic prior authorization request.

(ii) For nonelectronic expedited prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within two calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within one calendar day of submission of the nonelectronic prior authorization request.

(c) In any instance in which the health plan has determined that a provider or facility has not provided sufficient information for making a determination under (a) and (b) of this subsection, the health plan may establish a specific reasonable time frame for submission of the additional information. This time frame must be communicated to the provider and enrollee with the health plan's request for additional information.

(d) The prior authorization requirements of the health plan must be described in detail and written in easily understandable language. The health plan shall make its most current prior authorization requirements and restrictions, including the written clinical review criteria, available to providers and facilities in an electronic format upon request. The prior authorization requirements must be based on peer-reviewed clinical review criteria. The clinical review criteria must be evidence-based criteria and must accommodate new and emerging information related to the appropriateness of clinical criteria with respect to black and indigenous people, other people of color, gender, and underserved populations. The clinical review

criteria must be evaluated and updated, if necessary, at least annually.

(2) (a) Each health plan offered to public employees, retirees, and their covered dependents under this chapter shall build and maintain a prior authorization application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for health care services, identify prior authorization information and documentation requirements, and facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system. The application programming interface must support the exchange of prior authorization requests and determinations for health care services beginning January 1, 2025, and must:

(i) Use health level 7 fast health care interoperability resources in accordance with standards and provisions defined in 45 C.F.R. Sec. 170.215 and 45 C.F.R. Sec. 156.22(3)(b);

(ii) Automate the process to determine whether a prior authorization is required for durable medical equipment or a health care service;

(iii) Allow providers to query the health plan's prior authorization documentation requirements;

(iv) Support an automated approach using nonproprietary open workflows to compile and exchange the necessary data elements to populate the prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal centers for medicare and medicaid services; and

(v) Indicate that a prior authorization denial or authorization of a service less intensive than that included in the original request is an adverse benefit determination and is subject to the health plan's grievance and appeal process under RCW 48.43.535.

(b) Each health plan offered to public employees, retirees, and their covered dependents under this chapter shall establish and maintain an interoperable electronic process or application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for a covered prescription drug. The application programming interface must support the exchange of prior authorization requests and determinations for prescription drugs, including information on covered alternative prescription drugs, beginning January 1, 2027, and must:

(i) Allow providers to identify prior authorization information and documentation requirements;

(ii) Facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system, and may include the necessary data elements to populate the prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal

centers for medicare and medicaid services; and

(iii) Indicate that a prior authorization denial or authorization of a drug other than the one included in the original prior authorization request is an adverse benefit determination and is subject to the health plan's grievance and appeal process under RCW 48.43.535.

(c) If federal rules related to standards for using an application programming interface to communicate prior authorization status to providers are not finalized by the federal centers for medicare and medicaid services by September 13, 2023, the requirements of (a) of this subsection may not be enforced until January 1, 2026.

(d) (i) If the health plan determines that it will not be able to satisfy the requirements of (a) of this subsection by January 1, 2025, the health plan shall submit a narrative justification to the authority on or before September 1, 2024, describing:

(A) The reasons that the health plan cannot reasonably satisfy the requirements;

(B) The impact of noncompliance upon providers and enrollees;

(C) The current or proposed means of providing health information to the providers; and

(D) A timeline and implementation plan to achieve compliance with the requirements.

(ii) The authority may grant a one-year delay in enforcement of the requirements of (a) of this subsection (2) if the authority determines that the health plan has made a good faith effort to comply with the requirements.

(iii) This subsection (2)(d) shall not apply if the delay in enforcement in (c) of this subsection takes effect because the federal centers for medicare and medicaid services did not finalize the applicable regulations by September 13, 2023.

(3) Nothing in this section applies to prior authorization determinations made pursuant to RCW 41.05.526.

(4) For the purposes of this section:

(a) "Expedited prior authorization request" means a request by a provider or facility for approval of a health care service or prescription drug where:

(i) The passage of time:

(A) Could seriously jeopardize the life or health of the enrollee;

(C) In the opinion of a provider or facility with knowledge of the enrollee's medical condition, would subject the enrollee to severe pain that cannot be adequately managed without the health care service or prescription drug that is the subject of the request; or

(ii) The enrollee is undergoing a current course of treatment using a nonformulary drug.

(b) "Standard prior authorization request" means a request by a provider or facility for approval of a health care service or prescription drug where the request is made in advance of the enrollee obtaining a health care service that is not required to be expedited.

(1) "Aged, blind, or disabled assistance program" means the program established under RCW 74.62.030.

(2) "Applicant" means any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(3) "Authority" means the health care authority.

(4) "County or local office" means the administrative office for one or more counties or designated service areas.

(5) "Department" means the department of social and health services.

(6) "Director" means the director of the health care authority.

(7) "Essential needs and housing support program" means the program established in RCW 43.185C.220.

(8) "Federal aid assistance" means the specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(9) "Income" means:

(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(10) "Need" means the difference between the applicant's or recipient's standards of assistance for himself or herself and the dependent members of his or her family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

(11) "Public assistance" or "assistance" means public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, benefits under RCW 74.62.030 and 43.185C.220, and federal aid assistance.

(12) "Recipient" means any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(13) "Resource" means any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be

ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;

(b) Household furnishings and personal effects;

(c) One motor vehicle, other than a motor home, that is used and useful (~~having an equity value not to exceed ten thousand dollars~~);

(f) All other resources, including any excess of values exempted, not to exceed (~~six thousand dollars~~) \$8,000 or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance;

(~~(f)~~) (g) Applicants for or recipients of benefits under RCW 74.62.030 and 43.185C.220 shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(~~(g)~~) (h) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property if:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(14) "Secretary" means the secretary of social and health services.

(15) "Standards of assistance" means the level of income required by an applicant or recipient to maintain a level of living specified by the department.

MESSAGE FROM THE SENATE

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1056, with the following amendment(s): 1056-S AMS WM S2696.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.32.765 and 2012 1st sp.s. c 7 s 1 are each amended to read as follows:

(1) NORMAL RETIREMENT. Any member with at least five service credit years of service who has attained at least age sixty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760.

(2) EARLY RETIREMENT. Any member who has completed at least twenty service credit years of service who has attained at least age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(3) ALTERNATE EARLY RETIREMENT.

(a) Any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by three percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(b) On or after September 1, 2008, any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced as follows:

Retirement Age	Percent Reduction
55	20%
56	17%
57	14%
58	11%
59	8%
60	5%

~~((Any))~~(i) Until December 31, 2023, any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.32.802(2) until the retired member has reached sixty-five years of age.

(ii) Beginning January 1, 2024, any current or future retiree under the provisions of this subsection may utilize the postretirement employment provisions of RCW 41.32.802(2) for up to 867 hours per year.

(iii) For purposes of this subsection, employment with an employer prior to the retired member reaching sixty-five years of age also includes any personal service contract, service ((by))for an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.32.800(1). After reaching sixty-five years of age, employment with an employer only includes employers as defined in RCW 41.32.010.

The subsidized reductions for alternate early retirement in this subsection as set forth in section 2, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection.

(c) Members who first become employed by an employer in an eligible position on or after May 1, 2013, are not eligible for the alternate early retirement provisions of (a) or (b) of this subsection. Any member who first becomes employed by an employer in an eligible position on or after May 1, 2013, and has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a

retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by five percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

**Sec. 2.** RCW 41.32.802 and 2022 c 110 s 2 are each amended to read as follows:

(1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree's monthly retirement allowance will be reduced by five and one-half percent for every seven hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) A retiree who has satisfied the break in employment requirement of subsection (1) of this section, may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a firefighter or law enforcement officer, as defined in RCW 41.26.030, or in a position covered by annuity and retirement income plans offered by institutions of higher education pursuant to RCW 28B.10.400, without suspension of his or her benefit.

~~(e))~~ (i) Between March 23, 2022, and July 1, 2025, a retiree who reenters employment more than one month after his or her accrual date, and who enters service in a school district in a nonadministrative position shall continue to receive pension payments while engaged in such service, until the retiree has rendered service for more than 1,040 hours in a calendar year.

(ii) Between March 23, 2022, and July 1, 2025, a retiree that retired before January 1, 2022, and who enters service in a second-class school district, as defined in RCW 28A.300.065, as either a district superintendent or an in-school administrator shall continue to receive pension payments while engaged in such service, until the retiree has rendered service for more than 1,040 hours in a calendar year.

(iii) The legislature reserves the right to amend or repeal this subsection (2) ~~((e))~~ (b) in the future and no member or beneficiary has a contractual right to be employed for more than 867 hours in a

calendar year without a reduction of his or her pension.

(3) If the retiree opts to reestablish membership under RCW 41.32.044, he or she terminates his or her retirement status and immediately becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible.

This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) A retiree who has satisfied the break in employment requirement of subsection (1) of this section, may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a firefighter or law enforcement officer, as defined in RCW 41.26.030, or in a position covered by annuity and retirement income plans offered by institutions of higher education pursuant to RCW 28B.10.400, without suspension of his or her benefit.

~~(b) ((A retiree who has retired under the alternate early retirement provisions of RCW 41.32.875(3)(b) may be employed with an employer for up to 867 hours per calendar year without suspension of his or her benefit, provided that: (i) The retired teacher reenters employment more than one calendar month after his or her accrual date and after June 9, 2016; and (ii) the retired teacher is employed in a nonadministrative capacity.~~

~~(e))~~ (i) Between March 23, 2022, and July 1, 2025, a retired teacher or retired administrator who reenters employment more than one month after his or her accrual date, and who enters service in a school district in a nonadministrative position shall continue to receive pension payments while engaged in such service, until the retiree has rendered service for more than 1,040 hours in a calendar year.

(iii) The legislature reserves the right to amend or repeal this subsection (2) ~~((+e))~~(b) in the future and no member or beneficiary has a contractual right to be employed for more than 867 hours in a calendar year without a reduction of his or her pension.

(3) If the retiree opts to reestablish membership under RCW 41.32.044, he or she terminates his or her retirement status and immediately becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible.

**Sec. 4.** RCW 41.32.875 and 2012 1st sp.s. c 7 s 2 are each amended to read as follows:

~~((Any))~~(i) Until December 31, 2023, any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.32.862(2) until the retired member has reached sixty-five years of age.

(ii) Beginning January 1, 2024, any current or future retiree under the provisions of this subsection may utilize the postretirement employment provisions of RCW 41.32.862(2) for up to 867 hours per year.

The subsidized reductions for alternate early retirement in this subsection as set forth in section 4, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection.

eligible position on or after May 1, 2013, and has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.840, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by five percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

## SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1056 and asked the Senate to recede therefrom.

## MESSAGE FROM THE SENATE

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1559, with the following amendment(s): 1559-S2 AMS WM S2921.2

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In 2022, students at 39 colleges and universities across Washington state participated in a survey about basic needs insecurities, including access to food, housing, child care, and more. The survey found that nearly half of all students in all regions of the state experienced some type of basic needs insecurity. One in every three students experienced either food insecurity or housing insecurity. One in every 10 students had also experienced homelessness in the previous 12 months. Some students experienced these insecurities at higher rates than others, and former foster youth had the highest rates of basic needs insecurities with 75 percent experiencing either food or housing insecurity. Addressing basic needs challenges for students contributes to their ability to remain enrolled and pursue their educational goals as evidenced by data from the two student support programs the legislature previously enacted, the student emergency assistance grant program and the supporting students experiencing homelessness pilot program. When students received this assistance, an average of 88 percent of them were able to persist in their programs.

Therefore, the legislature intends to continue to support students and help students meet their basic needs by increasing access to resources and support services.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, each institution of higher education, the university campuses created under chapter 28B.45 RCW, and the tribal college must have a minimum of one part-time benefits navigator to assist students in accessing public benefits and existing emergency assistance programs such as those funded by RCW 28B.50.295. The institutions of higher education and the tribal college, in coordination with the respective benefits navigators, may:

(a) Identify campus food pantry policies that, in practice, create barriers to access and reduce or remove those barriers in the implementation of this subsection;

(b) Review and update methods to identify likely low-income and food-insecure students and conduct communications and outreach methods by the institution to promote opportunities for benefits assistance (such as basic food enrollment, working connections child care enrollment, referrals to the special supplemental nutrition program for women, infants, and children, affordable housing assistance) and emergency financial resources;

(c) Identify opportunities for the institution and partnerships with community-based organizations to holistically support students' basic needs, access to benefits and community resources; and

(d) Facilitate discussions and generate recommendations amongst community stakeholders on the basic needs of the institution's geographic postsecondary student population.

(2) Public four-year institutions of higher education and their respective university campuses shall coordinate with an organization representing the presidents of the public four-year institutions to submit a report that must include outcomes from implementation of benefits navigators, and provide recommendations regarding strategies to address student basic needs. The community and technical colleges shall coordinate with the state board for community and technical colleges to submit a report that must include outcomes from implementation of benefits navigators, and provide recommendations regarding strategies to address student basic needs. The organizations representing the presidents of the public four-year institutions and the state board for community and technical colleges must submit the reports by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(3) The tribal college shall submit a report that must include the findings and activities from implementation of the benefits navigator and provide recommendations regarding strategies to address student basic needs. The tribal college must submit the report by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Benefits navigator" means an individual who is employed by an institution of higher education for the purpose of helping students seek, apply for, and receive assistance from benefits programs, emergency resources, and community resources.

(b) "Institutions of higher education" has the same meaning as in RCW 28B.10.016.

(c) "Student basic needs" means food, water, shelter, clothing, physical health, mental health, child care, or similar needs that students enrolled at an institution of higher education or tribal college may face difficulty with and that hinders their ability to begin or continue their enrollment.

(d) "Tribal colleges" means institutions of higher education operated by an Indian tribe as defined in RCW 43.376.010.

NEW SECTION. **Sec. 3.** (1) Subject to the availability of amounts appropriated for this specific purpose, a pilot program to provide free and low-cost meal plans or food vouchers to eligible low-income students is established at:

(a) Four college districts, two on each side of the crest of the Cascade mountains, selected by the state board for community and technical colleges; and

(b) Two public four-year institutions of higher education, one on each side of the crest of the Cascade mountains, selected by an organization representing the presidents of public four-year institutions.

(2) The pilot program expires July 1, 2026.

(3) This section expires January 1, 2027.

NEW SECTION. **Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

### SECOND READING

**SENATE BILL NO. 5765, by Senators Liias, King, Cleveland and Holy**

**Addressing tolling authorization for the Interstate 5 bridge replacement project.**

The bill was read the second time.

With the consent of the House, amendments (745), (746), (749), (754) and (756) were withdrawn.

Representative Orcutt moved the adoption of amendment (748):

On 2, line 23, after "bridges." insert "Tolls may not be collected unless any agreement between the tri-county metropolitan transportation district of Oregon and the Clark county public transit benefit area authority that allows for the use of the Clark county public transit benefit area authority's eminent domain authority by the tri-county metropolitan transportation district of Oregon is amended to remove that allowance."

Representatives Orcutt and Walsh spoke in favor of the adoption of the amendment.

Representative Wylie spoke against the adoption of the amendment.

Amendment (748) was not adopted.

Representative Cheney moved the adoption of amendment (752):

On page 2, line 23, after "bridges." insert "Tolls may not be collected unless each Washington resident who can provide proof of payment of Oregon income tax is provided an annual exemption from such tolls for the year in which the tax was paid."

Representatives Cheney, Walsh and Orcutt spoke in favor of the adoption of the amendment.

Representatives Stonier and Wylie spoke against the adoption of the amendment.

Amendment (752) was not adopted.

Representative Waters moved the adoption of amendment (753):

On page 2, after line 26, insert the following:

"(3) The treasurer of any state that issues bonds to pay for the Interstate 5 bridge replacement project must notify the governors, transportation commissions, and transportation committees of the legislatures of the states of Oregon and Washington when the last of the bonds issued to pay for this project have been retired. Upon the receipt of this notification, the transportation commissions must adjust the toll rates to recover no more toll revenue than necessary to fund the cost of maintenance, preservation, and operation of the Interstate 5 Columbia river bridges and the associated tolling system. This adjustment must occur no more than 30 days after the receipt of the notification."

Representative Waters spoke in favor of the adoption of the amendment.

Representative Wylie spoke against the adoption of the amendment.

Amendment (753) was not adopted.

Representative Cheney moved the adoption of amendment (755):

On page 3, line 10, after "RCW 47.56.820" insert "(2) (a) and (b) "

Representatives Cheney and Orcutt spoke in favor of the adoption of the amendment.

Representative Stonier spoke against the adoption of the amendment.

Amendment (755) was not adopted.

Representative McClintock moved the adoption of amendment (750):

On page 3, line 19, after "section." insert "The toll rates established pursuant to the bistrate agreement may not be set to pay for all of the operational and administrative costs of Oregon's tolling system. The Washington tolling authority must require toll rates that specifically cover the Interstate 5 Columbia river bridge without subsidizing other Oregon toll facilities. Washington residents are already paying for toll system operations of the Washington department of transportation, and therefore the agreement must recognize that it would be unfair for the toll rates on the Interstate 5 Columbia river bridge to pay for administrative and program costs of the Oregon department of transportation that are created with the expectation to benefit multiple tolled facilities in Oregon."

Representatives McClintock and Fey spoke in favor of the adoption of the amendment.

Amendment (750) was adopted.

Representative McClintock moved the adoption of amendment (751):

On page 3, line 19, after "section." insert "The toll rates established pursuant to the bistate agreement may not be set at a rate that exceeds the highest toll rate allowed on any of the other toll facilities in Washington, unless the legislature provides direction to do so in duly enacted legislation."

Representatives McClintock and Fey spoke in favor of the adoption of the amendment.

Amendment (751) was adopted.

Representative Harris moved the adoption of amendment (747):

On page 2, line 22, after "the" strike "existing and"

Representatives Harris and Orcutt spoke in favor of the adoption of the amendment.

Representative Fey spoke against the adoption of the amendment.

Amendment (747) was not adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

Representatives Fey, Barkis, Wylie and Stonier spoke in favor of the passage of the bill.

### THIRD READING

#### MESSAGE FROM THE SENATE

Tuesday, April 11, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1110, with the following amendment(s): 1110-S2.E AMS ENGR S2959.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that Washington is facing an unprecedented housing crisis for its current population and a lack of housing choices, and is not likely to meet the affordability goals for future populations. In order to meet the goal of 1,000,000 new homes by 2044, and enhanced quality of life and environmental protection, innovative housing policies will need to be adopted.

Increasing housing options that are more affordable to various income levels is critical to achieving the state's housing goals, including those codified by the legislature under chapter 254, Laws of 2021.

There is continued need for the development of housing at all income levels, including middle housing that will provide a wider variety of housing options and configurations to allow Washingtonians to live near where they work.

Homes developed at higher densities are more affordable by design for Washington residents both in their construction and reduced household energy and transportation costs.

While creating more housing options, it is essential for cities to identify areas at higher risk of displacement and establish antidisplacement policies as required in Engrossed Second Substitute House Bill No. 1220 (chapter 254, Laws of 2021).

The state has made historic investments in subsidized affordable housing through the housing trust fund, yet even with these historic investments, the magnitude of the housing shortage requires both public and private investment.

In addition to addressing the housing shortage, allowing more housing options in areas already served by urban infrastructure will reduce the pressure to develop natural and working lands, support key strategies for climate change, food security, and Puget Sound recovery, and save taxpayers and ratepayers money.

**Sec. 2.** RCW 36.70A.030 and 2021 c 254 s 6 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrative design review" means a development permit process whereby an application is reviewed, approved, or denied by the planning director or the planning director's designee based solely on objective design and development standards without a public predecision hearing, unless

such review is otherwise required by state or federal law, or the structure is a designated landmark or historic district established under a local preservation ordinance. A city may utilize public meetings, hearings, or voluntary review boards to consider, recommend, or approve requests for variances from locally established design review standards.

(2) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

~~((2+))~~(3) "Affordable housing" means, unless the context clearly indicates otherwise, residential housing whose monthly costs, including utilities other than telephone, do not exceed thirty percent of the monthly income of a household whose income is:

(a) For rental housing, sixty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development; or

(b) For owner-occupied housing, eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((3+))~~(4) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

~~((4+))~~(5) "City" means any city or town, including a code city.

~~((5+))~~(6) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

~~((6+))~~(7) "Cottage housing" means residential units on a lot with a common open space that either: (a) Is owned in common; or (b) has units owned as condominium units with property owned in common and a minimum of 20 percent of the lot size as open space.

(8) "Courtyard apartments" means up to four attached dwelling units arranged on two or three sides of a yard or court.

(9) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

~~((7+))~~(10) "Department" means the department of commerce.

~~((8+))~~(11) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

~~((9+))~~(12) "Emergency housing" means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or an occupancy agreement.

~~((10+))~~(13) "Emergency shelter" means a facility that provides a temporary shelter for individuals or families who are currently homeless. Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.

~~((11+))~~(14) "Extremely low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below thirty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((12+))~~(15) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

~~((13+))~~(16) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent

short line railroad. Such facilities are both urban and rural development for purposes of this chapter. "Freight rail dependent uses" does not include buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of coal, liquefied natural gas, or "crude oil" as defined in RCW 90.56.010.

~~((14))~~ (17) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

~~((15))~~ (18) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

~~((16))~~ (19) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((17))~~ (20) "Major transit stop" means:

(a) A stop on a high capacity transportation system funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems; or

(d) Stops on bus rapid transit routes.

(21) "Middle housing" means buildings that are compatible in scale, form, and character with single-family houses and contain two or more attached, stacked, or clustered homes including duplexes, triplexes, fourplexes, fiveplexes, sixplexes, townhouses, stacked flats, courtyard apartments, and cottage housing.

(22) "Minerals" include gravel, sand, and valuable metallic substances.

~~((18))~~ (23) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 120 percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((19))~~ (24) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into

housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

~~((20))~~ (25) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

~~((21))~~ (26) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

~~((22))~~ (27) "Recreational land" means land so designated under RCW 36.70A.1701 and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

~~((23))~~ (28) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

~~((24))~~ (29) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

~~((25))~~ (30) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems ~~((7))~~ and fire and police protection services ~~((7~~

~~transportation and public transit services, and other public utilities))~~ associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

~~((26))~~ (31) "Short line railroad" means those railroad lines designated class II or class III by the United States surface transportation board.

~~((27))~~ (32) "Single-family zones" means those zones where single-family detached housing is the predominant land use.

(33) "Stacked flat" means dwelling units in a residential building of no more than three stories on a residential zoned lot in which each floor may be separately rented or owned.

(34) "Townhouses" means buildings that contain three or more attached single-family dwelling units that extend from foundation to roof and that have a yard or public way on not less than two sides.

(35) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

~~((28))~~ (36) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((29))~~ (37) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

~~((30))~~ (38) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((31))~~ (39) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas.

Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

(1) Except as provided in subsection (4) of this section, any city that is required or chooses to plan under RCW 36.70A.040 must provide by ordinance and incorporate into its development regulations, zoning regulations, and other official controls, authorization for the following:

(a) For cities with a population of at least 25,000 but less than 75,000 based on office of financial management population estimates:

(i) The development of at least two units per lot on all lots zoned predominantly for residential use, unless zoning permitting higher densities or intensities applies;

(ii) The development of at least four units per lot on all lots zoned predominantly for residential use, unless zoning permitting higher densities or intensities applies, within one-quarter mile walking distance of a major transit stop; and

(iii) The development of at least four units per lot on all lots zoned predominantly for residential use, unless zoning permitting higher densities or intensities applies, if at least one unit is affordable housing.

(b) For cities with a population of at least 75,000 based on office of financial management population estimates:

(i) The development of at least four units per lot on all lots zoned predominantly for residential use, unless zoning permitting higher densities or intensities applies;

(ii) The development of at least six units per lot on all lots zoned predominantly for residential use, unless zoning permitting higher densities or intensities applies, within one-quarter mile walking distance of a major transit stop; and

(iii) The development of at least six units per lot on all lots zoned predominantly for residential use, unless zoning permitting higher densities or intensities applies, if at least two units are affordable housing.

(c) For cities with a population of less than 25,000, that are within a contiguous urban growth area with the largest city in a county with a population of more than 275,000, based on office of financial management population estimates the development of at least two units per lot on all lots zoned predominantly for residential

use, unless zoning permitting higher densities or intensities applies.

(2)(a) To qualify for the additional units allowed under subsection (1) of this section, the applicant must commit to renting or selling the required number of units as affordable housing. The units must be maintained as affordable for a term of at least 50 years, and the property must satisfy that commitment and all required affordability and income eligibility conditions adopted by the local government under this chapter. A city must require the applicant to record a covenant or deed restriction that ensures the continuing rental of units subject to these affordability requirements consistent with the conditions in chapter 84.14 RCW for a period of no less than 50 years. The covenant or deed restriction must also address criteria and policies to maintain public benefit if the property is converted to a use other than which continues to provide for permanently affordable housing.

(b) The units dedicated as affordable must be provided in a range of sizes comparable to other units in the development. To the extent practicable, the number of bedrooms in affordable units must be in the same proportion as the number of bedrooms in units within the entire development. The affordable units must generally be distributed throughout the development and have substantially the same functionality as the other units in the development.

(c) If a city has enacted a program under RCW 36.70A.540, the terms of that program govern to the extent they vary from the requirements of this subsection.

(3) If a city has enacted a program under RCW 36.70A.540, subsection (1) of this section does not preclude the city from requiring any development, including development described in subsection (1) of this section, to provide affordable housing, either on-site or through an in-lieu payment, nor limit the city's ability to expand such a program or modify its requirements.

(4)(a) As an alternative to the density requirements in subsection (1) of this section, a city may implement the density requirements in subsection (1) of this section for at least 75 percent of lots in the city that are primarily dedicated to single-family detached housing units.

(b) The 25 percent of lots for which the requirements of subsection (1) of this section are not implemented must include but are not limited to:

(i) Any areas within the city for which the department has certified an extension of the implementation timelines under section 5 of this act due to the risk of displacement;

(ii) Any areas within the city for which the department has certified an extension of the implementation timelines under section 7 of this act due to a lack of infrastructure capacity;

(iii) Any lots designated with critical areas or their buffers that are exempt from the density requirements as provided in subsection (8) of this section;

(iv) Any portion of a city within a one-mile radius of a commercial airport with at

least 9,000,000 annual enplanements that is exempt from the parking requirements under subsection (7)(b) of this section; and

(v) Any areas subject to sea level rise, increased flooding, susceptible to wildfires, or geological hazards over the next 100 years.

(c) Unless identified as at higher risk of displacement under RCW 36.70A.070(2)(g), the 25 percent of lots for which the requirements of subsection (1) of this section are not implemented may not include:

(i) Any areas for which the exclusion would further racially disparate impacts or result in zoning with a discriminatory effect;

(ii) Any areas within one-half mile walking distance of a major transit stop; or

(iii) Any areas historically covered by a covenant or deed restriction excluding racial minorities from owning property or living in the area, as known to the city at the time of each comprehensive plan update.

(5) A city must allow at least six of the nine types of middle housing to achieve the unit density required in subsection (1) of this section. A city may allow accessory dwelling units to achieve the unit density required in subsection (1) of this section. Cities are not required to allow accessory dwelling units or middle housing types beyond the density requirements in subsection (1) of this section. A city must also allow zero lot line short subdivision where the number of lots created is equal to the unit density required in subsection (1) of this section.

(6) Any city subject to the requirements of this section:

(a) If applying design review for middle housing, only administrative design review shall be required;

(b) Except as provided in (a) of this subsection, shall not require through development regulations any standards for middle housing that are more restrictive than those required for detached single-family residences, but may apply any objective development regulations that are required for detached single-family residences, including, but not limited to, set-back, lot coverage, stormwater, clearing, and tree canopy and retention requirements to ensure compliance with existing ordinances intended to protect critical areas and public health and safety;

(c) Shall apply to middle housing the same development permit and environmental review processes that apply to detached single-family residences, unless otherwise required by state law including, but not limited to, shoreline regulations under chapter 90.58 RCW, building codes under chapter 19.27 RCW, energy codes under chapter 19.27A RCW, or electrical codes under chapter 19.28 RCW;

(d) Shall not require off-street parking as a condition of permitting development of middle housing within one-half mile walking distance of a major transit stop;

(e) Shall not require more than one off-street parking space per unit as a condition of permitting development of middle housing on lots smaller than 6,000 square feet before any zero lot line subdivisions or lot splits;

(f) Shall not require more than two off-street parking spaces per unit as a condition of permitting development of middle housing on lots greater than 6,000 square feet before any zero lot line subdivisions or lot splits; and

(g) Are not required to achieve the per unit density under this act on lots after subdivision below 1,000 square feet unless the city chooses to enact smaller allowable lot sizes.

(7) The provisions of subsection (6) (d) through (f) of this section do not apply:

(a) If a local government submits to the department an empirical study prepared by a credentialed transportation or land use planning expert that clearly demonstrates, and the department finds and certifies, that the application of the parking limitations of subsection (6) (d) through (f) of this section for middle housing will be significantly less safe for vehicle drivers or passengers, pedestrians, or bicyclists than if the jurisdiction's parking requirements were applied to the same location for the same number of detached houses. The department must develop guidance to assist cities on items to include in the study; or

(b) To portions of cities within a one-mile radius of a commercial airport in Washington with at least 9,000,000 annual enplanements.

(8) The provisions of this section do not apply to:

(a) Lots designated with critical areas designated under RCW 36.70A.170 or their buffers as required by RCW 36.70A.170;

(b) A watershed serving a reservoir for potable water if that watershed is or was listed, as of the effective date of this section, as impaired or threatened under section 303(d) of the federal clean water act (33 U.S.C. Sec. 1313(d)); or

(c) Lots that have been designated urban separators by countywide planning policies as of the effective date of this section.

(9) Nothing in this section prohibits a city from permitting detached single-family residences.

(10) Nothing in this section requires a city to issue a building permit if other federal, state, and local requirements for a building permit are not met.

(11) A city must comply with the requirements of this section on the latter of:

(a) Six months after its next periodic comprehensive plan update required under RCW 36.70A.130 if the city meets the population threshold based on the 2020 office of financial management population data; or

(b) 12 months after their next implementation progress report required under RCW 36.70A.130 after a determination by the office of financial management that the city has reached a population threshold established under this section.

(12) A city complying with this section and not granted a timeline extension under section 7 of this act does not have to update its capital facilities plan element required by RCW 36.70A.070(3) to accommodate the increased housing required by this act until the first periodic comprehensive plan update required for the city under RCW

36.70A.130(5) that occurs on or after June 30, 2034.

**NEW SECTION. Sec. 4.** A new section is added to chapter 36.70A RCW to read as follows:

(1)(a) The department is directed to provide technical assistance to cities as they implement the requirements under section 3 of this act.

(b) The department shall prioritize such technical assistance to cities demonstrating the greatest need.

(2)(a) The department shall publish model middle housing ordinances no later than six months following the effective date of this section.

(b) In any city subject to section 3 of this act that has not passed ordinances, regulations, or other official controls within the time frames provided under section 3(11) of this act, the model ordinance supersedes, preempts, and invalidates local development regulations until the city takes all actions necessary to implement section 3 of this act.

(3)(a) The department is directed to establish a process by which cities implementing the requirements of section 3 of this act may seek approval of alternative local action necessary to meet the requirements of this act.

(b) The department may approve actions under this section for cities that have, by January 1, 2023, adopted a comprehensive plan that is substantially similar to the requirements of this act and have adopted, or within one year of the effective date of this section adopts, permanent development regulations that are substantially similar to the requirements of this act. In determining whether a city's adopted comprehensive plan and permanent development regulations are substantially similar, the department must find as substantially similar plans and regulations that:

(i) Result in an overall increase in housing units allowed in single-family zones that is at least 75 percent of the increase in housing units allowed in single-family zones if the specific provisions of this act were adopted;

(ii) Allow for middle housing throughout the city, rather than just in targeted locations; and

(iii) Allow for additional density near major transit stops, and for projects that incorporate dedicated affordable housing.

(c) The department may also approve actions under this section for cities that have, by January 1, 2023, adopted a comprehensive plan or development regulations that have significantly reduced or eliminated residentially zoned areas that are predominantly single family. The department must find that a city's actions are substantially similar to the requirements of this act if they have adopted, or within one year of the effective date of this section adopts, permanent development regulations that:

(i) Result in an overall increase in housing units allowed in single-family zones that is at least 75 percent of the increase in housing units allowed in single-family

zones if the specific provisions of this act were adopted;

(ii) Allow for middle housing throughout the city, rather than just in targeted locations; and

(iii) Allow for additional density near major transit stops, and for projects that incorporate dedicated affordable housing.

(d) The department may determine that a comprehensive plan and development regulations that do not meet these criteria are otherwise substantially similar to the requirements of this act if the city can clearly demonstrate that the regulations adopted will allow for a greater increase in middle housing production within single family zones than would be allowed through implementation of section 3 of this act.

(e) Any local actions approved by the department pursuant to (a) of this subsection to implement the requirements under section 3 of this act are exempt from appeals under this chapter and chapter 43.21C RCW.

(f) The department's final decision to approve or reject actions by cities implementing section 3 of this act may be appealed to the growth management hearings board by filing a petition as provided in RCW 36.70A.290.

(4) The department may issue guidance for local jurisdictions to ensure that the levels of middle housing zoning under this act can be integrated with the methods used by cities to calculate zoning densities and intensities in local zoning and development regulations.

**NEW SECTION. Sec. 5.** A new section is added to chapter 36.70A RCW to read as follows:

Any city choosing the alternative density requirements in section 3(4) of this act may apply to the department for, and the department may certify, an extension for areas at risk of displacement as determined by the antidisplacement analysis that a jurisdiction is required to complete under RCW 36.70A.070(2). The city must create a plan for implementing antidisplacement policies by their next implementation progress report required by RCW 36.70A.130(9). The department may certify one further extension based on evidence of significant ongoing displacement risk in the impacted area.

**Sec. 6.** RCW 36.70A.280 and 2011 c 360 s 17 are each amended to read as follows:

(1) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(c) That the approval of a work plan adopted under RCW 36.70A.735(1)(a) is not in compliance with the requirements of the program established under RCW 36.70A.710;

(d) That regulations adopted under RCW 36.70A.735(1)(b) are not regionally applicable and cannot be adopted, wholly or partially, by another jurisdiction; (~~(e)~~)

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; or

(f) That the department's final decision to approve or reject actions by a city implementing section 3 of this act is clearly erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

**NEW SECTION. Sec. 7.** A new section is added to chapter 36.70A RCW to read as follows:

(1) Any city choosing the alternative density requirements in section 3(4) of this act may apply to the department for, and the department may certify, an extension of the implementation timelines established under section 3(11) of this act.

(2) An extension certified under this section may be applied only to specific areas where a city can demonstrate that water, sewer, stormwater, transportation infrastructure, including facilities and transit services, or fire protection services lack capacity to accommodate the density required in section 3 of this act, and the city has:

(a) Included one or more improvements, as needed, within its capital facilities plan to adequately increase capacity; or

(b) Identified which special district is responsible for providing the necessary infrastructure if the infrastructure is provided by a special purpose district.

(3) If an extension of the implementation timelines is requested due to lack of water supply from the city or the purveyors who serve water within the city, the department's evaluation of the extension must be based on the applicable water system plans in effect and approved by the department of health. Water system plan updates initiated after the effective date of this section must include consideration of water supply requirements for middle housing types.

(4) An extension granted under this section remains in effect until the earliest of:

(a) The infrastructure is improved to accommodate the capacity;

(b) The city's deadline to complete its next periodic comprehensive plan update under RCW 36.70A.130; or

(c) The city's deadline to complete its implementation progress report to the department as required under RCW 36.70A.130(9).

(5) A city that has received an extension under this section may reapply for any needed extension with its next periodic comprehensive plan update under RCW 36.70A.130 or its implementation progress report to the department under RCW 36.70A.130(9). The application for an additional extension must include a list of infrastructure improvements necessary to meet the capacity required in section 3 of this act. Such additional extension must only be to address infrastructure deficiency that a city is not reasonably able to address within the first extension.

(6) The department may establish by rule any standards or procedures necessary to implement this section.

(7) The department must provide the legislature with a list of projects identified in a city's capital facilities plan that were the basis for the extension under this section, including planning level estimates. Additionally, the city must contact special purpose districts to identify additional projects associated with extensions under this section.

(8) A city granted an extension for a specific area must allow development as provided under section 3 of this act if the developer commits to providing the necessary water, sewer, or stormwater infrastructure.

(9) If an area zoned predominantly for residential use is currently served only by private wells, group B water systems or group A water systems with less than 50 connections, or a city or water providers

within the city do not have an adequate water supply or available connections to serve the zoning increase required under section 3 of this act, the city may limit the areas subject to the requirements under section 3 of this act to match current water availability. Nothing in this act affects or modifies the responsibilities of cities to plan for or provide urban governmental services as defined in RCW 36.70A.030 or affordable housing as required by RCW 36.70A.070.

(10) No city shall approve a building permit for housing under section 3 of this act without compliance with the adequate water supply requirements of RCW 19.27.097.

(11) If an area zoned predominantly for residential use is currently served only by on-site sewage systems, development may be limited to two units per lot, until either the landowner or local government provides sewer service or demonstrates a sewer system will serve the development at the time of construction. Nothing in this act affects or modifies the responsibilities of cities to plan for or provide urban governmental services as defined in RCW 36.70A.030.

**Sec. 8.** RCW 43.21C.495 and 2022 c 246 s 3 are each amended to read as follows:

(1) Adoption of ordinances, development regulations and amendments to such regulations, and other nonproject actions taken by a city to implement: The actions specified in section 2, chapter 246, Laws of 2022 unless the adoption of such ordinances, development regulations and amendments to such regulations, or other nonproject actions has a probable significant adverse impact on fish habitat; and the increased residential building capacity actions identified in RCW 36.70A.600(1), with the exception of the action specified in RCW 36.70A.600(1)(f), are not subject to administrative or judicial appeals under this chapter.

(2) Amendments to development regulations and other nonproject actions taken by a city to implement the requirements under section 3 of this act pursuant to section 4(3)(b) of this act are not subject to administrative or judicial appeals under this chapter.

**Sec. 9.** RCW 43.21C.450 and 2012 1st sp.s. c 1 s 307 are each amended to read as follows:

The following nonproject actions are categorically exempt from the requirements of this chapter:

(1) Amendments to development regulations that are required to ensure consistency with an adopted comprehensive plan pursuant to RCW 36.70A.040, where the comprehensive plan was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(2) Amendments to development regulations that are required to ensure consistency with a shoreline master program approved pursuant to RCW 90.58.090, where the shoreline master program was previously subjected to environmental review pursuant to this chapter and the impacts associated with the

proposed regulation were specifically addressed in the prior environmental review;

(3) Amendments to development regulations that, upon implementation of a project action, will provide increased environmental protection, limited to the following:

(a) Increased protections for critical areas, such as enhanced buffers or setbacks;

(b) Increased vegetation retention or decreased impervious surface areas in shoreline jurisdiction; and

(c) Increased vegetation retention or decreased impervious surface areas in critical areas;

(4) Amendments to technical codes adopted by a county, city, or town to ensure consistency with minimum standards contained in state law, including the following:

(a) Building codes required by chapter 19.27 RCW;

(b) Energy codes required by chapter 19.27A RCW; and

(c) Electrical codes required by chapter 19.28 RCW.

(5) Amendments to development regulations to remove requirements for parking from development proposed to fill in an urban growth area designated according to RCW 36.70A.110.

**NEW SECTION. Sec. 10.** A new section is added to chapter 64.34 RCW to read as follows:

A declaration created after the effective date of this section and applicable to an area within a city subject to the middle housing requirements in section 3 of this act may not actively or effectively prohibit the construction, development, or use of additional housing units as required in section 3 of this act.

**NEW SECTION. Sec. 11.** A new section is added to chapter 64.32 RCW to read as follows:

A declaration created after the effective date of this section and applicable to an association of apartment owners located within an area of a city subject to the middle housing requirements in section 3 of this act may not actively or effectively prohibit the construction, development, or use of additional housing units as required in section 3 of this act.

(1) Establishing the state (~~(crisis call center)~~) designated 988 contact hubs and enhancing the crisis response system will require collaborative work between the department and the authority within their respective roles. The department shall have primary responsibility for establishing and designating the (~~(crisis call center)~~) designated 988 contact hubs. The authority shall have primary responsibility for developing and implementing the crisis response system and services to support the work of the (~~(crisis call center)~~) designated 988 contact hubs. In any instance in which one agency is identified as the lead, the expectation is that agency will be communicating and collaborating with the other to ensure seamless, continuous, and effective service delivery within the statewide crisis response system.

(2) The department shall provide adequate funding for the state's crisis call centers to meet an expected increase in the use of the call centers based on the implementation of the 988 crisis hotline. The funding level shall be established at a level anticipated to achieve an in-state call response rate of at least 90 percent by July 22, 2022. The funding level shall be determined by considering standards and cost per call predictions provided by the administrator of the national suicide prevention lifeline, call volume predictions, guidance on crisis call center performance metrics, and necessary technology upgrades. In contracting with the crisis call centers, the department:

(a) May provide funding to support crisis call centers and designated 988 contact hubs to enter into limited on-site partnerships with the public safety answering point to increase the coordination and transfer of behavioral health calls received by certified public safety telecommunicators that are better addressed by clinic interventions provided by the 988 system. Tax revenue may be used to support on-site partnerships;

(b) Shall require that crisis call centers enter into data-sharing agreements, when appropriate, with the department, the authority, and applicable regional behavioral health administrative services organizations to provide reports and client level data regarding 988 crisis hotline calls, as allowed by and in compliance with existing federal and state law governing the sharing and use of protected health information, including dispatch time, arrival time, and disposition of the outreach for each call referred for outreach by each region. The department and the authority shall establish requirements that the crisis call centers report the data identified in this subsection (2)(b) to regional behavioral health administrative services organizations for the purposes of maximizing medicaid reimbursement, as

(2) This section expires June 30, ~~((2024))~~ 2028.

**NEW SECTION. Sec. 9.** A new section is added to chapter 71.24 RCW to read as follows:

(1) By April 1, 2024, the authority shall establish standards for issuing an endorsement to any mobile rapid response crisis team or community-based crisis team that meets the criteria under either subsection (2) or (3) of this section, as applicable. The endorsement is a voluntary credential that a mobile rapid response crisis team or community-based crisis team may obtain to signify that it maintains the capacity to respond to persons who are experiencing a significant behavioral health emergency requiring an urgent, in-person response. The attainment of an endorsement allows the mobile rapid response crisis team or community-based crisis team to become eligible for performance payments as provided in subsection (10) of this section.

(2) The authority's standards for issuing an endorsement to a mobile rapid response crisis team or a community-based crisis team must consider:

(a) Minimum staffing requirements to effectively respond in-person to individuals experiencing a significant behavioral health emergency. Except as provided in subsection (3) of this section, the team must include appropriately credentialed and supervised staff employed by a licensed or certified behavioral health agency and may include other personnel from participating entities listed in subsection (3) of this section. The team shall include certified peer counselors as a best practice to the extent practicable based on workforce availability. The team may include fire departments, emergency medical services, public health, medical facilities, nonprofit organizations, and city or county governments. The team may not include law enforcement personnel;

(b) Capabilities for transporting an individual experiencing a significant behavioral health emergency to a location providing appropriate level crisis stabilization services, as determined by regional transportation procedures, such as crisis receiving centers, crisis

stabilization units, and triage facilities. The standards must include vehicle and equipment requirements, including minimum requirements for vehicles and equipment to be able to safely transport the individual, as well as communication equipment standards. The vehicle standards must allow for an ambulance or aid vehicle licensed under chapter 18.73 RCW to be deemed to meet the standards; and

(c) Standards for the initial and ongoing training of personnel and for providing clinical supervision to personnel.

(3) The authority must adjust the standards for issuing an endorsement to a community-based crisis team under subsection (2) of this section if the team is comprised solely of an emergency medical services agency, whether it is part of a fire service agency or a private entity, that is located in a rural county in eastern Washington with a population of less than 60,000 residents. Under the adjusted standards, until January 1, 2030, the authority shall exempt a team from the personnel standards under subsection (2)(a) of this section and issue an endorsement to a team if:

(a) The personnel assigned to the team have met training requirements established by the authority under subsection (2)(c) of this section, as those requirements apply to emergency medical service and fire service personnel, including completion of the three-hour training in suicide assessment, treatment, and management under RCW 43.70.442;

(b) The team operates under a memorandum of understanding with a licensed or certified behavioral health agency to provide direct, real-time consultation through a behavioral health provider employed by a licensed or certified behavioral health agency while the team is responding to a call. The consultation may be provided by telephone, through remote technologies, or, if circumstances allow, in person; and

(c) The team does not include law enforcement personnel.

(4) Prior to issuing an initial endorsement or renewing an endorsement, the authority shall conduct an on-site survey of the applicant's operation.

(5) An endorsement must be renewed every three years.

(6) The authority shall establish forms and procedures for issuing and renewing an endorsement.

(7) The authority shall establish procedures for the denial, suspension, or revocation of an endorsement.

(8)(a) The decision of a mobile rapid response crisis team or community-based crisis team to seek endorsement is voluntary and does not prohibit a nonendorsed team from participating in the crisis response system when (i) responding to individuals who are not experiencing a significant behavioral health emergency that requires an urgent in-person response or (ii) responding to individuals who are experiencing a significant behavioral health emergency that requires an urgent in-person response when there is not an endorsed team available.

(b) The decision of a mobile rapid response crisis team not to pursue an

endorsement under this section does not affect its obligation to comply with any standards adopted by the authority with respect to mobile rapid response crisis teams.

(c) The decision of a mobile rapid response crisis team not to pursue an endorsement under this section does not affect its responsibilities and reimbursement for services as they may be defined in contracts with managed care organizations or behavioral health administrative services organizations.

(9) The costs associated with endorsement activities shall be supported with funding from the statewide 988 behavioral health crisis response and suicide prevention line account established in RCW 82.86.050.

(10) The authority shall establish an endorsed mobile rapid response crisis team and community-based crisis team performance program with receipts from the statewide 988 behavioral health crisis response and suicide prevention line account.

(a) Subject to funding provided for this specific purpose, the performance program shall:

(i) Issue establishment grants to support mobile rapid response crisis teams and community-based crisis teams seeking to meet the elements necessary to become endorsed under either subsection (2) or (3) of this section;

(ii) Issue performance payments in the form of an enhanced case rate to mobile rapid response crisis teams and community-based crisis teams that have received an endorsement from the authority under either subsection (2) or (3) of this section; and

(iii) Issue supplemental performance payments in the form of an enhanced case rate higher than that available in (a)(ii) of this subsection (10) to mobile rapid response crisis teams and community-based crisis teams that have received an endorsement from the authority under either subsection (2) or (3) of this section and demonstrate to the authority that for the previous three months they met the following response time and in route time standards:

(A) Between January 1, 2025, through December 31, 2026:

(I) Arrive to the individual's location within 30 minutes of being dispatched by the designated 988 contact hub, at least 80 percent of the time in urban areas;

(II) Arrive to the individual's location within 40 minutes of being dispatched by the designated 988 contact hub, at least 80 percent of the time in suburban areas; and

(III) Be in route within 15 minutes of being dispatched by the designated 988 contact hub, at least 80 percent of the time in rural areas; and

(B) On and after January 1, 2027:

(I) Arrive to the individual's location within 20 minutes of being dispatched by the designated 988 contact hub, at least 80 percent of the time in urban areas;

(II) Arrive to the individual's location within 30 minutes of being dispatched by the designated 988 contact hub, at least 80 percent of the time in suburban areas; and

(III) Be in route within 10 minutes of being dispatched by the designated 988

contact hub, at least 80 percent of the time in rural areas.

(b) The authority shall design the program in a manner that maximizes the state's ability to receive federal matching funds.

(11) The authority shall contract with the actuaries responsible for development of medicaid managed care rates to conduct an analysis and develop options for payment mechanisms and levels for rate enhancements under subsection (10) of this section. The authority shall consult with staff from the office of financial management and the fiscal committees of the legislature in conducting this analysis. The payment mechanisms must be developed to maximize leverage of allowable federal medicaid match. The analysis must clearly identify assumptions, include cost projections for the rate level options broken out by fund source, and summarize data used for the cost analysis. The cost projections must be based on Washington state specific utilization and cost data. The analysis must identify low, medium, and high ranges of projected costs associated for each option accounting for varying scenarios regarding the numbers of teams estimated to qualify for the enhanced case rates and supplemental performance payments. The analysis must identify costs for both medicaid clients, and for state-funded nonmedicaid clients paid through contracts with behavioral health administrative services organizations. The analysis must account for phasing in of the number of teams that meet endorsement criteria over time and project annual costs for a four-year period associated with each of the scenarios. The authority shall submit a report summarizing the analysis, payment mechanism options, enhanced performance payment and supplemental performance payment rate level options, and related cost estimates to the office of financial management and the appropriate committees of the legislature by December 1, 2023.

(12) The authority shall conduct a review of the endorsed community-based crisis teams established under subsection (3) of this section and report to the governor and the health policy committees of the legislature by December 1, 2028. The report shall provide information about the engagement of the community-based crisis teams receiving an endorsement under subsection (3) of this section and their ability to provide a timely and appropriate response to persons experiencing a behavioral health crisis and any recommended changes to the teams to better meet the needs of the community including personnel requirements, training standards, and behavioral health provider consultation.

**Sec. 10.** RCW 82.86.050 and 2021 c 302 s 205 are each amended to read as follows:

(1) The statewide 988 behavioral health crisis response and suicide prevention line account is created in the state treasury. All receipts from the statewide 988 behavioral health crisis response and suicide prevention line tax imposed pursuant to this chapter must be deposited into the

account. Moneys may only be spent after appropriation.

(2) Expenditures from the account may only be used for:

#### MESSAGE FROM THE SENATE

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1682, with the following amendment(s): 1682-S AMS WILS S3305.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The Washington auto theft prevention authority account was created in 2007 to provide dedicated funding from traffic infraction collections to support programs designed to prevent and prosecute motor vehicle theft. The legislature finds that over the years, funding from the account has been diverted to other nonauto theft uses such as department of corrections' operations and youth gang prevention programs. The legislature further finds that revenues from traffic infractions have decreased as more drivers access diversion and deferral programs designed to assist people with retaining their licenses. Fund diversions and decreasing traffic infraction revenue threaten the viability of motor vehicle theft prevention programs at a time when the number of motor vehicle thefts have increased 88 percent between the year 2021 and 2022. In order to provide more secure funding to combat and prevent motor vehicle theft, the legislature intends each fiscal year to deposit into the Washington auto theft prevention authority account \$7,000,000 of insurance premium tax collections that would otherwise be deposited to the general fund and to have this deposit grow by inflation. The legislature further intends for moneys collected from the traffic infraction surcharge in RCW 46.63.110(7)(b) to be deposited into the state general fund.

**Sec. 2.** RCW 46.63.110 and 2021 c 240 s 3 are each amended to read as follows:

(1)(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed ~~((two hundred and fifty dollars))~~ \$250 for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is ~~((two hundred fifty dollars))~~ \$250 for each offense; (b) RCW 46.61.210(1) is ~~((five hundred dollars))~~ \$500 for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of ~~((twenty-five dollars))~~ \$25 for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed ~~((twenty-five dollars))~~ \$25 for failure to respond to a

notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines that a person is not able to pay a monetary obligation in full, the court shall enter into a payment plan with the person in accordance with RCW 46.63.190 and standards that may be set out in court rule.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of ~~((five dollars))~~ \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ~~((ten dollars))~~ \$10 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the ~~((Washington auto theft prevention authority account))~~ general fund; and

(c) A fee of ~~((five dollars))~~ \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of \$24. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) \$12.50 of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as follows: \$8.50 in the state general fund and \$4 in the driver licensing technology

support account created under RCW 46.68.067. The moneys deposited into the driver licensing technology support account must be used to support information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the person may request a payment plan pursuant to RCW 46.63.190.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) ~~((Two hundred fifty dollars))~~ \$250 for the first violation; (b) ~~((five hundred dollars))~~ \$500 for the second violation; and (c) ~~((seven hundred fifty dollars))~~ \$750 for each violation thereafter.

(11) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(13) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

**Sec. 3.** RCW 46.66.080 and 2015 3rd sp.s. c 4 s 964 are each amended to read as follows:

(1) The Washington auto theft prevention authority account is created in the state treasury, subject to appropriation. ~~((All revenues from the traffic infraction surcharge in RCW 46.63.110(7)(b)))~~ Revenues consist of deposits to the account under RCW 48.14.020(1)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement. ((During the 2011-2013, 2013-2015, and 2015-2017 fiscal biennia, the legislature may appropriate moneys from the Washington auto theft prevention authority account for criminal justice purposes and community building and may transfer funds to the state general fund such amounts as reflect the excess fund balance of the account.))

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:

(a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;

(b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;

(3) The costs of administration shall not exceed ~~((ten))~~ 10 percent of the moneys in the account in any one year so that the greatest possible portion of the moneys available to the authority is expended on combating motor vehicle theft.

(4) Prior to awarding any moneys from the Washington auto theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities ~~((, which include, but are not limited to: (a) State, municipal, and county offender and juvenile confinement costs; (b) administration costs; (c) law enforcement costs; (d) prosecutor costs; and (e) court costs, with a priority being given to ensuring that sufficient funding is available to cover state, municipal, and county offender and juvenile confinement costs))~~.

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

(6) Grants provided under subsection (2) of this section constitute reimbursement for purposes of RCW 43.135.060(1).

**Sec. 4.** RCW 48.14.020 and 2021 c 281 s 7 are each amended to read as follows:

(1) ~~(a)~~ Subject to other provisions of this chapter, each authorized insurer except title insurers and registered eligible captive insurers as defined in RCW 48.201.020 shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For

the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(b) Beginning July 1, 2023, and July 1st of each year thereafter, the state treasurer shall deposit \$7,000,000 in moneys collected for premium taxes pursuant to this section into the Washington auto theft prevention authority account created in RCW 46.66.080. Beginning July 1, 2023, the amount deposited under this subsection must be adjusted by the most current seasonally adjusted index of the consumer price index for all urban consumers as published by the bureau of labor statistics of the United States department of labor.

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended, and for stand-alone family dental plans as defined in RCW 43.71.080(4)(a), only when offered in the individual market, as defined in RCW 48.43.005, or to a small group, as defined in RCW 48.43.005.

(b) Beginning January 1, 2014, moneys collected for premiums written on qualified health benefit plans and qualified dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing

participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

**NEW SECTION. Sec. 5.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2023."

**MESSAGE FROM THE SENATE**

Wednesday, April 12, 2023

Mmc. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1823, with the following amendment(s): 1823.E AMS ENGR S3003.E

Strike everything after the enacting clause and insert the following:

**"Sec. 1.** RCW 28B.93.005 and 2022 c 206 s 1 are each amended to read as follows:

(1) The legislature finds that college students continue to borrow in order to fund their higher education, despite an increase in access to state financial aid. In Washington state, estimates for the number of borrowers carrying student loan debt are around 800,000 with an average balance around \$33,500, resulting in a total outstanding balance of \$29.4 billion. Student loan debt outpaces other sources of consumer debt, such as credit card and vehicle debt. While research shows that earning a postsecondary credential positively impacts a person's earning potential, high student loan debt erodes much of this benefit.

(2) The legislature recognizes that people with student loan debt are less likely to get married and start a family, establish small businesses, and buy homes. High student loan debt negatively impacts a person's credit score and their debt-to-income ratio, which impacts their ability to qualify for a mortgage. However, student loan debt does not impact all borrowers the same.

(3) Student loan borrowers who struggle the most are typically lower income, first generation, and students of color. Data from the national center for education statistics of a 12-year longitudinal study based on students who began their education in the 2003-04 academic year found the following for students who defaulted: Almost 90 percent had received a Pell grant at one point; 70 percent were first generation college students; 40 percent were in the bottom quarter of income distribution; and 30 percent were African American.

(4) The legislature recognizes though that student loans are beneficial for students who have no other way to pay for college or have expenses beyond tuition and fees. Student loans can open up postsecondary education opportunities for many and help boost the state's economy by increasing the number of qualified graduates to fulfill workforce shortages. However, the legislature finds that high interest rates that accumulate while the student is in college negatively impact the student's ability to prosper financially and contribute to the state's economy after

graduation. The legislature also recognizes that there is very little financial aid available to assist students pursuing graduate studies, despite the state's high demand for qualified professionals in fields with workforce shortages such as behavioral health, nursing, software development, teaching, and more. Therefore, the legislature intends to support students pursuing higher education by establishing a state student loan program that is more affordable than direct federal student loans and private loans. The legislature intends to offer student loans to state residents with financial need who are pursuing ~~((undergraduate and))~~ high-demand graduate studies at a subsidized ~~((, one percent))~~ interest rate not to exceed 2.5 percent. The legislature intends for the Washington state student loan program to align with the Washington college grant program, recognizing that student loans are secondary forms of financial aid that often cover expenses beyond tuition. ~~((Based on the feasibility of the state student loan program recommendations developed by the Washington student achievement council, in consultation with the Washington state investment board, and the office of the state treasurer, the legislature intends to finance the Washington state student loan program with a one-time \$150,000,000 appropriation to cover annual student loan originations and expenses until repayments are substantial enough to support the program on an ongoing basis.))~~

**Sec. 2.** RCW 28B.93.010 and 2022 c 206 s 2 are each amended to read as follows:

(c) The department must maintain and publish a list of credentials in other states and territories that the department has determined to have a scope of practice that is substantially equivalent to or greater than the scope of practice for licensed advanced social workers,

The department shall prioritize identifying and publishing the department's determination for the five states or territories that have historically had the most applicants for reciprocity under subsection (1) of this section with a scope of practice that is substantially equivalent to or greater than the scope of practice for licensed advanced social workers, independent clinical social workers, mental health counselors, and marriage and family therapists under this chapter.

**NEW SECTION. Sec. 5.** A new section is added to chapter 43.70 RCW to read as follows:

(1) The department, in consultation with the workforce training and education coordinating board and the examining board of psychology, shall examine licensure requirements for the following professions to identify changes to statutes and rules that would remove barriers to entering and remaining in the health care workforce and to streamline and shorten the credentialing process:

(a) Advanced social workers and independent clinical social workers licensed under chapter 18.225 RCW;

(b) Marriage and family therapists licensed under chapter 18.225 RCW;

(c) Mental health counselors licensed under chapter 18.225 RCW;

(d) Substance use disorder professionals certified under chapter 18.205 RCW; and

(e) Psychologists licensed under chapter 18.83 RCW.

(2) The licensure requirements to be examined by the department shall include examinations, continuing education requirements, administrative requirements for license application and renewal, English language proficiency requirements, and supervised experience requirements, including supervisor requirements and costs associated with completing supervised experience requirements.

(3) When conducting the review required in subsection (1) of this section, the department shall at a minimum consider the following:

(a) The availability of peer-reviewed research and other evidence, including requirements in other states, indicating the necessity of specific licensure requirements for ensuring that behavioral health professionals are prepared to practice with reasonable skill and safety;

(b) Changes that would facilitate licensure of qualified, out-of-state and international applicants to promote reciprocity, including the adoption of applicable interstate compacts;

(c) Changes that would promote greater consistency across licensure requirements for professions licensed under chapter 18.225 RCW and allow for applicants' prior professional experience within relevant fields to be counted towards supervised experience requirements established under chapter 18.225 RCW, including the extent to which an applicant may use prior

professional experience gained before graduation from a master's or doctoral level educational program to satisfy the applicant's supervised experience requirement;

(d) Technical assistance programs, such as navigators or dedicated customer service lines, to facilitate the completion of licensing applications;

(5) By November 1, 2024, the department shall provide a final report to the appropriate committees of the legislature on actions and recommendations to remove licensing barriers and improve credentialing time frames.

**NEW SECTION. Sec. 6.** A new section is added to chapter 18.130 RCW to read as follows:

(1) By July 1, 2024, the department and the examining board of psychology shall adopt emergency rules to implement changes to licensing requirements to remove barriers to entering and remaining in the health care workforce and to streamline and shorten the credentialing process. Pursuant to RCW 34.05.350, the legislature finds that the rules adopted under this section are necessary for the preservation of the public health, safety, or general welfare and observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest. The disciplining authorities shall, therefore, adopt the rules required under this section as emergency rules.

(2) By July 1, 2025, the department and the examining board of psychology shall adopt permanent rules to implement changes to licensing requirements to remove barriers to entering and remaining in the health care workforce and to streamline and shorten the credentialing process.

**NEW SECTION. Sec. 7.** A new section is added to chapter 18.225 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, by October 1, 2023, the department shall develop a program to facilitate placement of associates with clinical supervision services. The program must include a database of license holders with the required qualifications who are willing

to serve as approved supervisors and agencies or facilities that offer supervision services through their facilities to associates seeking to satisfy supervised experience requirements under RCW 18.225.090.

(b) The department shall adopt, by rule, minimum qualifications for supervisors or facilities to be included in the database and minimum standards for adequate supervision of associates. The department may not include in the database any person who, or facility that, does not meet the minimum qualifications. The department shall periodically audit the list to remove persons who, or facilities that, no longer meet the minimum qualifications or fail to meet the minimum standards.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a stipend program to defray the out-of-pocket expenses incurred by associates completing supervised experience requirements under RCW 18.225.090.

(a) Out-of-pocket expenses eligible for defrayment under this section include costs incurred in order to obtain supervised experience, such as fees or charges imposed by the individual or entity providing supervision, and any other expenses deemed appropriate by the department.

(b) Associates participating in the stipend program established in this section shall document their out-of-pocket expenses in a manner specified by the department.

(c) When adopting the stipend program, the department shall consider defraying out-of-pocket expenses associated with unpaid internships that are part of an applicant's educational program.

(d) The department shall establish the stipend program no later than July 1, 2024.

(e) The department may adopt any rules necessary to implement this section.

**NEW SECTION. Sec. 8.** A new section is added to chapter 18.130 RCW to read as follows:

(1) Disciplining authorities shall waive education, training, experience, and exam requirements for applicants who have been credentialed in another state or states with substantially equivalent standards for at least two years immediately preceding their application with no interruption in licensure last longer than 90 days.

### THIRD READING

### MESSAGE FROM THE SENATE

Wednesday, April 5, 2023

Mme. Speaker:

The Senate has passed HOUSE BILL NO. 1308, with the following amendment(s): 1308 AMS ENGR S2452.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) In 2019 the legislature created a system of multiple graduation pathway options, which took effect beginning with the class of 2020. The legislature intended for the graduation pathways to be student-focused, adaptable, rigorous, and meaningful ways for students to demonstrate appropriate readiness in support of their individualized career and college goals.

(2) The legislature anticipated that school districts might face barriers to implementing the pathways and students might face barriers to accessing the pathway options. The legislature charged the state board of education with research on the first three years of implementation to identify barriers and provide recommendations for changes to the existing pathways and additional pathway options.

(3) While implementation of the graduation pathway options was significantly disrupted by the COVID-19 pandemic, the research on early implementation identified access and equity barriers that would exist even without the pandemic. The research shows that the initial set of graduation pathway options do not meet the needs of all students. The research found some students completing pathways that do not align with their individual goals for after high school, in which case the pathway is not

-serving its intended purpose. Overall, students, families, and educators report a need for additional relevant and authentic options.

(4) The legislature recognizes that students can demonstrate readiness in multiple ways and recognizes the need to expand graduation pathways in order to provide options that are student-focused, individualized, relevant, and that support all student needs. Research shows that performance-based assessments are valid ways of measuring students' readiness for success in college and careers. Further, research shows that performance-based assessments are associated with increased student engagement, skill development, critical thinking, and postsecondary success. The legislature recognizes that a performance-based graduation pathway option supports the state's transition to mastery-based learning.

(5) Therefore, the legislature intends to create graduation pathway options that allow students to demonstrate their readiness in performance-based ways, in addition to the existing test-based and course-based options. Further, the legislature intends to create ongoing requirements to monitor the graduation pathway options implementation at both the state and local levels to ensure accountability and equitable offerings. In providing a wider variety of graduation pathway options, the state maintains its commitment to high standards for earning a meaningful high school diploma that prepares students for success in postsecondary education, gainful employment, civic engagement, and lifelong learning.

**Sec. 2.** RCW 28A.655.250 and 2021 c 7 s 3 are each amended to read as follows:

(1)(a) Beginning with the class of 2020, except as provided in RCW 28A.230.320, graduation from a public high school and the earning of a high school diploma must include the following:

(i) Satisfying the graduation requirements established by the state board of education under RCW 28A.230.090 and any graduation requirements established by the applicable public high school or school district;

(ii) Satisfying credit requirements for graduation;

(iii) Demonstrating career and college readiness through completion of the high school and beyond plan as required by RCW 28A.230.090; and

(iv) Meeting the requirements of at least one graduation pathway option established in this section.

(b) Successful completion of the components in (a) of this subsection together signals a student's readiness to graduate with a meaningful high school diploma that fulfills the diploma purpose established in RCW 28A.230.090.

(2) The pathway options established in this section are intended to provide a student with multiple ((pathways to graduating with a meaningful high school diploma that are tailored to the goals of the student))ways, including test-based, course-based, and performance-based options,

to demonstrate readiness in furtherance of the student's individual goals for high school and beyond. For the purposes of this section, "demonstrate readiness" means the student meets or exceeds state learning standards addressed in the pathway option. A student may choose to pursue one or more of the pathway options under ((b))subsection (3) of this ((subsection))section, but any pathway option used by a student to demonstrate career and college readiness must be in alignment with the student's high school and beyond plan.

((b)) (3) The following graduation pathway options may be used to demonstrate career and college readiness in accordance with ((a)(iv))subsection (1)(a)(iv) of this ((subsection))section:

((i)) (a) Meet or exceed the graduation standard established by the state board of education under RCW 28A.305.130 on the statewide high school assessments in English language arts and mathematics as provided for under RCW 28A.655.070;

((ii)) (b) Complete and qualify for college credit in dual credit courses in English language arts and mathematics. For the purposes of this subsection, "dual credit course" means a course in which a student qualifies for college and high school credit in English language arts or mathematics upon successfully completing the course;

((iii)) (c) Earn high school credit in a high school transition course in English language arts and mathematics, an example of which includes a bridge to college course. For the purposes of this subsection ((1)(b)-(iii)) (3) (c), "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to an institution of higher education as defined in RCW 28B.10.016;

((iv)) (d) Earn high school credit, with a C+ grade (~~or receiving a three or higher on the AP exam, or equivalent,~~) or higher in AP, international baccalaureate, or Cambridge international courses in English language arts and mathematics; or (~~receiving a four or higher on international baccalaureate exams. For English language arts, successfully completing any of the following courses meets the standard: AP English language and composition literature, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics; or any of the international baccalaureate individuals and societies courses. For mathematics, successfully completing any of the following courses meets the standard: AP statistics, computer science, computer science principles, or calculus; or any of the~~

~~international baccalaureate mathematics courses))~~ earn at least the minimum scores outlined in RCW 28B.10.054(1) on the corresponding exams. The state board of education shall establish by rule the list of AP, international baccalaureate, and Cambridge international courses of which successful completion meets the standard in this subsection for English language arts and for mathematics;

~~((v))~~(e) Meet or exceed the scores established by the state board of education for the mathematics portion and the reading, English, or writing portion of the SAT or ACT;

~~((vi))~~(f)(i) Complete a performance-based learning experience through which the student demonstrates knowledge and skills in a real-world context, providing evidence that the student meets or exceeds state learning standards in English language arts and mathematics. The performance-based learning experience may take a variety of forms, such as a project, practicum, work-related experience, community service, or cultural activity, and may result in a variety of products that can be evaluated, such as a performance, presentation, portfolio, report, film, or exhibit.

(ii) The performance-based learning experience must conform to state requirements established in rule by the state board of education addressing the safety and quality of the performance-based learning experience and the authentic performance-based assessment criteria for determining the student has demonstrated the applicable learning standards. The rules adopted by the state board of education may allow external parties, including community leaders and professionals, to participate in the evaluation of the student's performance and must include at least one certificated teacher with an endorsement in each relevant subject area or with other applicable qualifications as permitted by the professional educator standards board.

(iii) To support implementation of the performance-based learning experience graduation pathway option, the state board of education, in collaboration with the office of the superintendent of public instruction, shall establish graduation proficiency targets and associated rubrics aligned with state learning standards in English language arts and mathematics.

(iv) Prior to offering the performance-based learning experience graduation pathway option in this subsection (3)(f) to students, the school district board of directors shall adopt a written policy in conformity with applicable state requirements;

(g) Meet any combination of at least one English language arts option and at least one mathematics option established in ~~((b)-(i) through (v))~~(a) through (f) of this subsection ~~((1))~~;

~~((vii))~~(h) Meet standard in the armed services vocational aptitude battery; and

~~((viii))~~(i) Complete a sequence of career and technical education courses that are relevant to a student's postsecondary pathway, including those leading to workforce entry, state or nationally approved apprenticeships, or postsecondary

education, and that meet either: The curriculum requirements of core plus programs for aerospace, maritime, health care, information technology, or construction and manufacturing; or the minimum criteria identified in RCW 28A.700.030. Nothing in this subsection ~~((1)(b)(viii))~~(3)(i) requires a student to enroll in a preparatory course that is approved under RCW 28A.700.030 for the purposes of demonstrating career and college readiness under this section.

~~((2))~~(4) While the legislature encourages school districts to make all pathway options established in this section available to their high school students, and to expand their pathway options until that goal is met, school districts have discretion in determining which pathway options under this section they will offer to students.

~~((3))~~School districts, however, must annually provide students in grades eight through 12 and their parents or legal guardians with comprehensive information about the graduation pathway options offered by the school district and are strongly encouraged to begin providing this information beginning in sixth grade. School districts must provide this information in a manner that conforms with the school district's language access policy and procedures as required under RCW 28A.183.040.

(5) The state board of education shall adopt rules to implement the graduation pathway options established in this section.

**Sec. 3.** RCW 28A.655.260 and 2021 c 144 s 3 are each amended to read as follows:

(1) The superintendent of public instruction shall collect the following information from school districts: Which of the graduation pathways under RCW 28A.655.250 are available to students at each of the school districts; and the number of students using each graduation pathway for graduation purposes. This information shall be reported annually to the education committees of the legislature beginning January 10, 2021. To the extent feasible, data on student participation in each of the graduation pathways shall be disaggregated by race, ethnicity, gender, and receipt of free or reduced-price lunch.

(2) ~~((Beginning August 1, 2019, the state board of education shall survey interested parties regarding what additional graduation pathways should be added to the existing graduation pathways identified in RCW 28A.655.250 and whether modifications should be made to any of the existing pathways. Interested parties shall include at a minimum: High school students; recent high school graduates; representatives from the state board for community and technical colleges and four-year higher education institutions; representatives from the apprenticeship and training council; associations representing business; members of the educational opportunity gap oversight and accountability committee; and associations representing educators, school board members, school administrators, superintendents, and parents. The state~~

~~board of education shall provide reports to the education committees of the legislature by August 1, 2020, and December 10, 2022, summarizing the information collected in the surveys.~~

~~(3) Using the data reported by the superintendent of public instruction under subsection (1) of this section, the state board of education shall survey a sampling of the school districts unable to provide all of the graduation pathways under RCW 28A.655.250 in order to identify the types of barriers to implementation school districts have. Using the survey results from this subsection and the survey results collected under subsection (2) of this section, the state board of education shall review the existing graduation pathways, suggested changes to those graduation pathways, and the options for additional graduation pathways, and shall provide a report to the education committees of the legislature by December 10, 2022, on the following:~~

~~(a) Recommendations on whether changes to the existing pathways should be made and what those changes should be;~~

~~(b) The barriers school districts have to offering all of the graduation pathways and recommendations for ways to eliminate or reduce those barriers for school districts;~~

~~(c) Whether all students have equitable access to all of the graduation pathways and, if not, recommendations for reducing the barriers students may have to accessing all of the graduation pathways; and~~

~~(d) Whether additional graduation pathways should be included and recommendations for what those pathways should be.) The state board of education shall review and monitor the implementation of the graduation pathway options to ensure school district compliance with requirements established under RCW 28A.655.250 and subsection (3) of this section. The reviews and monitoring required by this subsection may be conducted concurrently with other oversight and monitoring conducted by the state board of education. The information shall be collected annually and reported to the education committees of the legislature by January 10, 2025, and biennially thereafter.~~

~~(3)(a) At least annually, school districts shall examine data on student groups participating in and completing each graduation pathway option offered by the school district. At a minimum, the data on graduation pathway participation and completion must be disaggregated by the student groups described in RCW 28A.300.042 (1) and (3), and by:~~

~~(i) Gender;~~

~~(ii) Students who are the subject of a dependency proceeding pursuant to chapter 13.34 RCW;~~

~~(iii) Students who are experiencing homelessness as defined in RCW 28A.300.542(4); and~~

~~(iv) Multilingual/English learners.~~

~~(b) If the results of the analysis required under (a) of this subsection show disproportionate participation and completion rates by student groups, then the school district shall identify reasons for the observed disproportionality and~~

implement strategies as appropriate to ensure the graduation pathway options are equitably available to all students in the school district."

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1638, with the following amendment(s): 1638-S AMS TRAN S2689.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that the Washington state patrol is experiencing historic levels of trooper vacancies, with almost 30 percent of trooper positions unfilled. At the same time, Washington is experiencing alarming increases in serious and fatal crashes on

our roadways. The legislature recognizes that the Washington state patrol is working on strengthening its recruiting efforts, with a focus on broadening outreach to candidates from marginalized communities. This historic confluence of factors justifies extraordinary measures to assist the Washington state patrol in its efforts to attract and retain sufficient numbers of troopers for the protection of the citizens of the state of Washington.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.43 RCW to read as follows:

(1) The Washington state patrol shall develop and implement a state trooper expedited recruitment incentive program for the purpose of recruiting and filling vacant trooper positions. Recruitment must redouble the effort to create a more diverse workforce and must also provide an accelerated pathway for joining the state patrol for individuals who have previously been employed as a general authority peace officer.

(2) The state trooper expedited recruitment incentive program established by the Washington state patrol may include:

(a) Hiring procedures and an accelerated training program for lateral hires from other agencies that recognizes the knowledge and experience of candidates previously employed in law enforcement; and

(b) A sign-on bonus or other bonus for each trooper hired through the expedited recruitment incentive program.

(3) The establishment of the state trooper expedited recruitment incentive program is subject to a change to the applicable collective bargaining agreements negotiated with the exclusive bargaining representatives.

(4) This section does not interfere with, impede, or in any way diminish the right of the officers of the Washington state patrol to bargain collectively with the state through the exclusive bargaining representatives as provided for in RCW 41.56.473.

(5) Expenditures and eligibility for the state trooper expedited recruitment incentive program established in this section are subject to the availability of amounts appropriated for this specific purpose. The specific amounts, requirements, and other provisions related to the bonus policy for cadet hires or lateral hires are subject to applicable provisions as set forth in an omnibus transportation appropriations act.

(6) For the purposes of this section:

(a) "Cadet" means a person employed for the express purpose of receiving the on-the-job training required for attendance at the Washington state patrol academy and for becoming a commissioned trooper.

(b) "Lateral hire" means an eligible employee previously employed as a general authority peace officer.

**NEW SECTION. Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its

existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "adding a new section to chapter 43.43 RCW; creating a new section; and declaring an emergency."

and the same is herewith transmitted.

Speaker

SUBSTITUTE HOUSE BILL NO. 1700, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1744, with the following amendment(s): 1744-S.E AMS EDU S2697.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that requirements governing the establishment and operations of public charter schools have proven insufficient. These schools have experienced a steady growth in student enrollment and often provide valuable educational opportunities for families in communities across Washington state.

(2) However, several of these schools have closed in the decade since Washington voters authorized the establishment of charter schools. As a result, students, parents, and staff in several Puget Sound locations and in Walla Walla were left to make alternative arrangements for school and work, unexpectedly and without adequate notice, when their school closed. Furthermore, in one western Washington school, the disappointment proved especially difficult as the charter school opened and permanently ceased operations within the span of a few months. Under no circumstances is a disruption of this nature acceptable to the many students, families, and staff that were profoundly impacted by the closure.

(3) The legislature also finds that the establishment and operational challenges of some public charter schools are not limited to school closures: Some public charter schools have failed to properly and timely

comply with teacher certification requirements, but an additional reporting requirement for charter schools can reinforce existing requirements and help to avoid any future problems; some public charter school boards have demonstrated ineffective leadership and oversight, leading to charter school closures; and the charter school commission has authorized charter schools that were not able to deliver sustained education services in the manner set forth in their charter school application or charter contract, as evidenced by multiple closures and the disruptions they created for students, families, and staff.

(4) The legislature authorized the establishment of charter schools in 2016 after the supreme court invalidated charter school laws adopted through a voter initiative. As a result, the legislature has an obligation to ensure that the responsibilities for the oversight of charter public schools are clearly delineated and adequate to ensure the highest standards of practices and public accountability. The legislature is committed to ensuring all authorized public charter schools in Washington are successful in their mission to serve Washington students. The legislature, therefore, intends to clarify responsibilities and increase the accountability measures governing the effective delivery and oversight of public education services to public charter school students.

**Sec. 2.** RCW 28A.710.030 and 2016 c 241 s 103 are each amended to read as follows:

(1) To fulfill its duty to manage and operate the charter school, and to execute the terms of its charter contract, a charter school board may:

(a) Hire, manage, and discharge charter school employees in accordance with the terms of this chapter and the school's charter contract;

(b) Receive and disburse funds for the purposes of the charter school;

(c) Enter into contracts with any school district, educational service district, or other public or private entity for the provision of real property, equipment, goods, supplies, and services, including educational instructional services, pupil transportation services, and for the management and operation of the charter school, provided the charter school board maintains oversight authority over the charter school. Contracts for management operation of the charter school may only be with nonprofit organizations;

(d) Rent, lease, purchase, or own real property. All charter contracts and contracts with other entities must include provisions regarding the disposition of the property if the charter school fails to open as planned or closes, or if the charter contract is revoked or not renewed;

(e) Issue secured and unsecured debt, including pledging, assigning, or encumbering its assets to be used as collateral for loans or extensions of credit to manage cash flow, improve operations, or finance the acquisition of real property or

equipment. However, the charter public school may not pledge, assign, or encumber any public funds received or to be received pursuant to RCW 28A.710.220. Debt issued under this subsection (1)(e) is not a general, special, or moral obligation of the state, the charter school authorizer, the school district in which the charter school is located, or any other political subdivision or agency of the state. Neither the full faith and credit nor the taxing power of the state, or any political subdivision or agency of the state, may be pledged for the payment of the debt;

(f) Solicit, accept, and administer for the benefit of the charter school and its students, gifts, grants, and donations from individuals, or public or private entities, excluding sectarian or religious organizations. A charter school board may not accept any gifts or donations that violate this chapter or other state laws; and

(g) Issue diplomas to students who meet state high school graduation requirements established under RCW 28A.230.090. A charter school board may establish additional graduation requirements.

(2) A charter school board must ~~((contract for an independent performance))~~ obtain an accountability audit of the school to be conducted: (a) The second year immediately following the school's first full school year of operation; and (b) at least every three years thereafter. ~~((The performance audit must be conducted in accordance with United States general accounting office government auditing standards. A performance))~~ An audit in compliance with this section does not inhibit the state auditor's office from conducting a performance audit of the school.

(3) A charter school board may not levy taxes or issue tax-backed bonds.

(4) A charter school board may not acquire property by eminent domain.

(5) A charter school board, through website postings and written notice with receipt acknowledged by signature of the recipient, must advise families of new, ongoing, and prospective students of any ongoing litigation challenging the constitutionality of charter schools or that may require charter schools to cease operations.

(6) Each charter school board shall ensure that its members and administrative staff receive annual training to support the effective operation and oversight of the charter school, including compliance with requirements governing the employment of properly credentialed instructional staff, compliance with the requirements of chapters 42.30 and 42.56 RCW, and the permitted uses of public funds.

**Sec. 3.** RCW 28A.710.040 and 2018 c 75 s 9 are each amended to read as follows:

(1) A charter school must operate according to the terms of its charter contract and the provisions of this chapter.

(2) A charter school must:

(a) Comply with local, state, and federal health, safety, parents' rights, civil

rights, and nondiscrimination laws applicable to school districts and to the same extent as school districts, including but not limited to chapter 28A.642 RCW (discrimination prohibition) ~~((and))~~, chapter 28A.640 RCW (sexual equality), chapter 28A.180 RCW (transitional bilingual instruction program), and chapter 28A.155 RCW (special education);

(b) Provide a program of basic education, that meets the goals in RCW 28A.150.210, including instruction in the ~~((essential academic learning requirements))~~ state learning standards, and participate in the statewide student assessment system as developed under RCW 28A.655.070;

(c) Comply with the screening and intervention requirements under RCW 28A.320.260;

(d) Employ certificated instructional staff as required in RCW 28A.410.025. Charter schools, however, may hire noncertificated instructional staff of unusual competence and in exceptional cases as specified in RCW 28A.150.203(7) according to the same limited exceptions that apply to other public schools. Beginning November 1, 2023, and annually thereafter, charter schools shall report the employment of all noncertificated instructional staff hired in accordance with this subsection (2)(d) during the current and preceding school year to the executive director of the commission and the state board of education for inclusion in the annual report required by RCW 28A.710.250;

(e) Comply with the employee record check requirements in RCW 28A.400.303;

(f) Adhere to generally accepted accounting principles and be subject to financial examinations and audits as determined by the state auditor, including annual audits for legal and fiscal compliance;

(g) Comply with the annual performance report under RCW 28A.655.110;

(h) Be subject to the performance improvement goals adopted by the state board of education under RCW 28A.305.130;

(i) Comply with the open public meetings act in chapter 42.30 RCW and public records requirements in chapter 42.56 RCW; and

(j) Be subject to and comply with legislation enacted after December 6, 2012, that governs the operation and management of charter schools.

(3) Charter public schools must comply with all state statutes and rules made applicable to the charter school in the school's charter contract, and are subject to the specific state statutes and rules identified in subsection (2) of this section. For the purpose of allowing flexibility to innovate in areas such as scheduling, personnel, funding, and educational programs to improve student outcomes and academic achievement, charter schools are not subject to, and are exempt from, all other state statutes and rules applicable to school districts and school district boards of directors. Except as provided otherwise by this chapter or a charter contract, charter schools are exempt from all school district policies.

(4) A charter school may not engage in any sectarian practices in its educational

program, admissions or employment policies, or operations.

(5) Charter schools are subject to the supervision of the superintendent of public instruction and the state board of education, including accountability measures such as the Washington achievement index developed by the state board of education under RCW 28A.657.110, to the same extent as other public schools, except as otherwise provided in this chapter.

**Sec. 4.** RCW 28A.710.070 and 2020 c 49 s 2 are each amended to read as follows:

(1) The Washington state charter school commission is established as an independent state agency whose mission is to ~~((authorize))~~:

(a) Authorize high quality charter public schools throughout the state, especially schools that are designed to expand opportunities for at-risk students ~~((and to ensure))~~;

(b) Ensure the highest standards of accountability and oversight for these schools; and

(c) Hold charter school boards accountable for: Ensuring that students of charter public schools have opportunities for academic success; and exercising effective educational, operational, and financial oversight of charter public schools.

(2) The commission shall, through its management, supervision, and enforcement of the charter contracts and pursuant to applicable law, administer the charter schools it authorizes in the same manner as a school district board of directors administers other schools.

(3)(a) The commission shall consist of:

(i) Nine appointed members;

(ii) The superintendent of public instruction or the superintendent's designee; and

(iii) The chair of the state board of education or the chair's designee.

(b) Appointments to the commission shall be as follows: Three members shall be appointed by the governor; three members shall be appointed by the senate, with two members appointed by the leader of the largest caucus of the senate and one member appointed by the leader of the minority caucus of the senate; and three members shall be appointed by the house of representatives, with two members appointed by the speaker of the house of representatives and one member appointed by the leader of the minority caucus of the house of representatives. The appointing authorities shall assure diversity among commission members, including representation from various geographic areas of the state and shall assure that at least one member is the parent of a Washington public school student.

(4) Members appointed to the commission shall collectively possess strong experience and expertise in public and nonprofit governance; management and finance; public school leadership, assessment, curriculum, and instruction; and public education law. All appointed members shall have demonstrated an understanding of and

commitment to charter schooling as a strategy for strengthening public education.

(5) Appointed members shall serve four-year, staggered terms. The initial appointments from each of the appointing authorities must consist of one member appointed to a one-year term, one member appointed to a two-year term, and one member appointed to a three-year term, all of whom thereafter may be reappointed for a four-year term. No appointed member may serve more than two consecutive terms. Initial appointments must be made by July 1, 2016.

(6) Whenever a vacancy on the commission exists among its appointed membership, the original appointing authority must appoint a member for the remaining portion of the term within no more than thirty days.

(7) Commission members shall serve without compensation but may be reimbursed for travel expenses as authorized in RCW 43.03.050 and 43.03.060.

(8) The commission may hire an executive director and may employ staff as necessary to carry out its duties under this chapter. The commission may delegate to the executive director the duties as necessary to effectively and efficiently execute the business of the commission, including the authority to employ necessary staff. In accordance with RCW 41.06.070, the executive director and the executive director's confidential secretary are exempt from the provisions of chapter 41.06 RCW.

(9) The commission shall reside within the office of the superintendent of public instruction for administrative purposes only.

(10) RCW 28A.710.090 and 28A.710.120 do not apply to the commission.

**Sec. 5.** RCW 28A.710.100 and 2016 c 241 s 110 are each amended to read as follows:

(1) Authorizers are responsible for:

(a) Holding the charter school board of each authorized charter school accountable for: Ensuring that students in the charter school have opportunities for academic success; and exercising effective educational, operational, and financial oversight of the charter school;

(b) Soliciting and evaluating charter applications;

~~((b))~~ (c) Approving charter applications that meet identified educational needs and promote a diversity of educational choices;

~~((e))~~ (d) Denying charter applications that fail to meet statutory requirements, requirements of the authorizer, or both;

~~((d))~~ (e) Negotiating and executing charter contracts with each authorized charter school;

~~((e))~~ (f) Monitoring, in accordance with charter contract terms, the performance and legal compliance of charter schools including, without limitation, education and academic performance goals and student achievement; ~~(and~~

~~((f))~~ (g) Determining whether each charter contract merits renewal, nonrenewal, or revocation; and

(h) Ensuring that charter school boards comply with the annual training requirements in RCW 28A.710.030(6).

(2) An authorizer may delegate its responsibilities under this section to employees or contractors.

(3) All authorizers must develop and follow chartering policies and practices that are consistent with the principles and standards for quality charter authorizing developed by the national association of charter school authorizers in at least the following areas:

(a) Organizational capacity and infrastructure;

(b) Soliciting and evaluating charter applications;

(c) Performance contracting;

(d) Ongoing charter school oversight and evaluation; and

(e) Charter renewal decision making.

(4) Each authorizer must submit an annual report to the state board of education, according to a timeline, content, and format specified by the board that includes:

(a) The authorizer's strategic vision for chartering and progress toward achieving that vision;

(b) The academic and financial performance of all operating charter schools under its jurisdiction, including the progress of the charter schools based on the authorizer's performance framework;

(c) The status of the authorizer's charter school portfolio, identifying all charter schools in each of the following categories: (i) Approved but not yet open; (ii) operating; (iii) renewed; (iv) transferred; (v) revoked; (vi) not renewed; (vii) voluntarily closed; or (viii) never opened;

(d) The authorizer's operating costs and expenses detailed in annual audited financial statements that conform with generally accepted accounting principles; and

(e) The services purchased from the authorizer by the charter schools under its jurisdiction under RCW 28A.710.110, including an itemized accounting of the actual costs of these services.

(5) Neither an authorizer, individuals who comprise the membership of an authorizer in their official capacity, nor the employees of an authorizer are liable for acts or omissions of a charter school they authorize.

(6) No employee, trustee, agent, or representative of an authorizer may simultaneously serve as an employee, trustee, agent, representative, vendor, or contractor of a charter school under the jurisdiction of that authorizer.

**Sec. 6.** RCW 28A.710.120 and 2016 c 241 s 112 are each amended to read as follows:

(1) The state board of education is responsible for overseeing the performance and effectiveness of all authorizers ~~((approved under RCW 28A.710.090)).~~

(2) Persistently unsatisfactory performance of an authorizer's portfolio of charter schools, a pattern of well-founded complaints about the authorizer or its charter schools, a high percentage of charter school closures during the preceding 10-year period, or other objective

circumstances may trigger a special review by the state board of education.

(3) In reviewing or evaluating the performance of authorizers, the state board of education must apply nationally recognized principles and standards for quality charter authorizing. Evidence of material or persistent failure by an authorizer to carry out its duties in accordance with these principles and standards constitutes grounds for revocation of the authorizing contract by the state board of education, as provided under this section.

(4) If at any time the state board of education finds that an authorizer is not in compliance with a charter contract, its authorizing contract, or the authorizer duties under RCW 28A.710.100, the board must notify the authorizer in writing of the identified problems, and the authorizer must have reasonable opportunity to respond and remedy the problems.

(5) ~~((If))~~ Except as provided otherwise in subsection (7) of this section if, after due notice from the state board of education, an authorizer persists in violating a material provision of a charter contract or its authorizing contract, or fails to remedy other identified authorizing problems, the state board of education shall notify the authorizer, within a reasonable amount of time under the circumstances, that it intends to revoke the authorizer's chartering authority unless the authorizer demonstrates a timely and satisfactory remedy for the violation or deficiencies.

(6) In the event of revocation of any authorizer's chartering authority, the state board of education shall manage the timely and orderly transfer of each charter contract held by that authorizer to another authorizer in the state, with the mutual agreement of each affected charter school and proposed new authorizer. The new authorizer shall assume the existing charter contract for the remainder of the charter term.

(7) If the commission is the subject of the special review under this section, the state board of education shall have one year from the initiation of its review to complete the review and provide a report with findings and recommendations, including any recommendations for statutory revisions it deems necessary, to the governor, the superintendent of public instruction, and the appropriate committees of the house of representatives and the senate.

(8) The state board of education must establish timelines and a process for taking actions under this section in response to performance deficiencies by an authorizer.

**Sec. 7.** RCW 28A.710.140 and 2016 c 241 s 114 are each amended to read as follows:

(1) The state board of education must establish an annual statewide timeline for charter application submission and approval or denial that must be followed by all authorizers.

(2) In reviewing and evaluating charter applications, authorizers shall employ procedures, practices, and criteria consistent with nationally recognized

principles and standards for quality charter authorizing. Authorizers shall give preference to applications for charter schools that are designed to enroll and serve at-risk student populations. However, nothing in this chapter may be construed as intended to limit the establishment of charter schools to those that serve a substantial portion of at-risk students, or to in any manner restrict, limit, or discourage the establishment of charter schools that enroll and serve other pupil populations under a nonexclusive, nondiscriminatory admissions policy. The application review process must include thorough evaluation of each application, an in-person interview with the applicant group, and an opportunity to learn about and provide input on each application in a public forum including, without limitation, parents, community members, local residents, and school district board members and staff.

(3) In deciding whether to approve an application, authorizers must:

(a) Grant charters only to applicants that have demonstrated competence in each element of the authorizer's published approval criteria and are likely to open ~~((and))~~, operate, and ensure the financial viability of a successful charter public school;

(b) Base decisions on documented evidence collected through the application review process;

(c) Follow charter-granting policies and practices that are transparent and based on merit; and

(d) Avoid any conflicts of interest, whether real or apparent.

(4) An approval decision may include, if appropriate, reasonable conditions that the charter applicant must meet before a charter contract may be executed.

(5) For any denial of an application, the authorizer shall clearly state in writing its reasons for denial. A denied applicant may subsequently reapply to that authorizer or apply to another authorizer in the state.

**Sec. 8.** RCW 28A.710.180 and 2016 c 241 s 118 are each amended to read as follows:

(1) Each authorizer must continually monitor the performance and legal compliance of the charter schools under its jurisdiction, including collecting and analyzing data to support ongoing evaluation according to the performance framework in the charter contract.

(2) An authorizer may conduct or require oversight activities that enable the authorizer to fulfill its responsibilities under this chapter, including conducting appropriate inquiries and investigations ~~((if those activities are consistent with the intent of this chapter, adhere to the terms of the charter contract, and do not unduly inhibit the autonomy granted to charter schools))~~. Examples of permitted reasons for conducting or requiring oversight activities under this section include, but are not limited to: The persistent unsatisfactory performance of a charter school; a pattern of well-founded complaints about a charter school; the authority to conduct such oversight activities as provided by statute,

rule, or charter contract; or other objective circumstances.

(3) In the event that a charter school's performance, financial status, or legal compliance appears unsatisfactory, the authorizer must promptly notify the school of the perceived problem and provide reasonable opportunity for the school to remedy the problem. However, if the problem warrants revocation of the charter contract, the revocation procedures under RCW 28A.710.200 apply.

(4) An authorizer may take appropriate corrective actions or exercise sanctions short of revocation in response to apparent deficiencies in charter school performance or legal compliance. These actions or sanctions may include, if warranted, requiring a school to develop and execute a corrective action plan within a specified time frame.

**Sec. 9.** RCW 28A.710.190 and 2016 c 241 s 119 are each amended to read as follows:

(1) A charter contract may be renewed by the authorizer, at the request of the charter school, for successive five-year terms. The authorizer, however, may vary the term based on the performance, demonstrated capacities, and particular circumstances of a charter school, and may grant renewal with specific conditions for necessary improvements to a charter school.

(2) No later than six months before the expiration of a charter contract, the authorizer must issue a performance report and charter contract renewal application guidance to the charter school. The performance report must summarize the charter school's performance record to date based on the data required by the charter contract, and must provide notice of any weaknesses or concerns perceived by the authorizer concerning the charter school that may, if not timely rectified, jeopardize its position in seeking renewal. The charter school has thirty days to respond to the performance report and submit any corrections or clarifications for the report.

(3) The renewal application guidance must, at a minimum, provide an opportunity for the charter school to:

(a) Present additional evidence, beyond the data contained in the performance report, supporting its case for charter contract renewal;

(b) Describe improvements undertaken or planned for the school; and

(c) Detail the school's plans for the next charter contract term.

(4) The renewal application guidance must include or refer explicitly to the criteria that will guide the authorizer's renewal decisions, and this criteria must be based on the performance framework set forth in the charter contract.

(5) In making charter renewal decisions, an authorizer must:

(a) Hold the charter school board accountable for: Ensuring that students of the charter school have opportunities for academic success; and exercising effective educational, operational, and financial oversight of the charter school;

(b) Base its decisions in evidence of the school's performance over the term of the charter contract in accordance with the performance framework set forth in the charter contract;

~~((b))~~ (c) Ensure that data used in making renewal decisions are available to the school and the public; and

~~((e))~~ (d) Provide a public report summarizing the evidence basis for its decision.

**NEW SECTION. Sec. 10.** A new section is added to chapter 28A.710 RCW to read as follows:

(1) Beginning with the 2023-24 school year, the commission shall promote the effective administration and operation of charter schools through the provision of technical assistance to requesting charter schools, charter school boards, or both.

(2) The principal objective of technical assistance provided in accordance with this section, which may be provided by commission staff or through a contractor, must be to support charter schools and charter school boards in achieving and maintaining compliance with the requirements of this chapter and other provisions of Title 28A RCW governing the operation of charter schools. In responding to requests for technical assistance, the commission shall prioritize the provision of assistance to charter schools that have been in operation for three or fewer school years.

(3) Technical assistance provided in accordance with this section: May only be provided at the request of the applicable charter school or charter school board; and is unrelated to, and does not affect or otherwise modify, duties of the commission in its role as an authorizer.

(4) For the purposes of this section, "technical assistance" means the provision of training, which may be provided by commission staff or through a contractor, to support charter schools and charter school boards in their responsibility to achieve and maintain compliance with applicable state and federal laws and with their charter school contract.

**NEW SECTION. Sec. 11.** A new section is added to chapter 28A.710 RCW to read as follows:

(1)(a) By November 1, 2023, the commission shall establish and maintain on its website an online system for students who attend charter schools, and the parents of those students, to submit complaints about the operation and administration of one or more charter schools, including complaints about the provision of education services and complaints alleging noncompliance with the requirements of this chapter or other provisions governing charter schools.

(b) The commission shall acknowledge the receipt of each received complaint within 10 business days and shall, in a timely manner, perform any inquiries or other actions it deems necessary and appropriate to respond to each received complaint.

(2) The commission shall adopt and revise as necessary rules to implement this section.

Upon a showing by any convicted person or the state that five years have elapsed from the establishment of such escrow account and further that no actions are pending against such convicted person pursuant to RCW 7.68.200 through 7.68.280, the department shall immediately pay over 50 percent of any moneys in the escrow account to such person or his or her legal representatives and 50 percent of any moneys in the escrow account to the fund under RCW 7.68.035 ~~((4))~~ (6).

**Sec. 7.** RCW 9.92.060 and 2022 c 260 s 6 are each amended to read as follows:

(1) Whenever any person is convicted of any crime except murder, burglary in the first degree, arson in the first degree, robbery, rape of a child, or rape, the superior court may, in its discretion, at the time of imposing sentence upon such person, direct that such sentence be stayed and suspended until otherwise ordered by the superior court, and, upon such terms as the superior court may determine, that the sentenced person be placed under the charge of:

(a) A community corrections officer employed by the department of corrections, if the person is subject to supervision under RCW 9.94A.501 or 9.94A.5011; or

(b) A probation officer employed or contracted for by the county, if the county has elected to assume responsibility for the supervision of superior court misdemeanant probationers.

(2) As a condition to suspension of sentence, the superior court ~~((shall require the payment of the penalty assessment required by RCW 7.68.035. In addition, the superior court))~~ may require the convicted person to make such monetary payments, on such terms as the superior court deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay any fine imposed and not suspended and the court or other costs incurred in the prosecution of the case, including reimbursement of the state for costs of extradition if return to this state by extradition was required; and (d) to contribute to a county or interlocal drug fund.

If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(5) If restitution to the victim has been ordered under subsection (2)(b) of this section and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made as ordered. If the superior court has ordered supervision and restitution has not been made, the officer shall inform the prosecutor of that violation of the terms of the suspended sentence not less than three months prior to the termination of the suspended sentence.

**Sec. 8.** RCW 9.94A.6333 and 2022 c 260 s 13 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, and the offender is not being supervised by the department, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the nonfinancial conditions or requirements of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) If the court finds that a violation has been proved, it may impose the sanctions specified in RCW 9.94A.633(1). Alternatively, the court may:

(i) Convert a term of partial confinement to total confinement; or

(ii) Convert community restitution obligation to total or partial confinement;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with a mental health

status evaluation and/or outpatient mental health treatment, the court shall seek a recommendation from the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(3) If an offender fails to pay legal financial obligations as a requirement of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined ~~((by [in]))~~ in RCW 10.01.160(3) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that a failure to pay is willful noncompliance, it may impose the sanctions specified in RCW 9.94A.633(1); and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW 10.01.160(3), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or convert nonrestitution legal financial obligations to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. ~~((The crime victim penalty assessment under RCW 7.68.035 may not be~~

~~reduced, waived, or converted to community restitution hours.)~~

(4) Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement ordered by the court.

(5) Nothing in this section prohibits the filing of escape charges if appropriate.

**Sec. 9.** RCW 9.94A.760 and 2022 c 260 s 4 and 2022 c 29 s 4 are each reenacted and amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court may not order an offender to pay costs as described in RCW 10.01.160 if the court finds that the offender at the time of sentencing is indigent as defined in RCW 10.01.160(3). An offender being indigent as defined in RCW 10.01.160(3) is not grounds for failing to impose restitution ~~((or the crime victim penalty assessment under RCW 7.68.035)), subject to RCW 9.94A.750(3) and 9.94A.753(3).~~ The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount.

(2) Upon receipt of each payment made by or on behalf of an offender, the county clerk shall distribute the payment in the following order of priority until satisfied:

(a) First, proportionally to restitution to victims that have not been fully compensated from other sources;

(b) Second, proportionally to restitution to insurance or other sources with respect to a loss that has provided compensation to victims;

(c) Third, proportionally to crime victims' assessments that have not been waived under RCW 7.68.035; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

(3) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration. The court shall not order the offender to pay the cost of incarceration if the court finds that the offender at the time of sentencing is indigent as defined in RCW 10.01.160(3). Costs of incarceration ordered by the court shall not exceed a rate of \$50 per day of incarceration, if incarcerated in a prison, or the actual cost of incarceration per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than \$100 per day for the cost of incarceration. All

funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(5)(a) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment.

(b) If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6).

(c) All other restitution obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the 10-year period following the offender's release from total confinement or within 10 years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial 10-year period, the superior court may extend the criminal judgment an additional 10 years for payment of restitution obligations. All other restitution obligations for an offense committed on or after July 1, 2000, may be

enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the restitution obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime.

(d) All other legal financial obligations other than restitution may be enforced at any time during the 10-year period following the offender's release from total confinement or within 10 years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial 10-year period, the superior court may extend the criminal judgment an additional 10 years for payment of nonrestitution legal financial obligations only if the court finds that the offender has the current or likely future ability to pay the obligations. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3).

(e) The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(7) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may

require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(9) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or 9.94A.740. If the court

determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties.

(12)(a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments to the county clerk.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (5) of this section. The costs for collection services shall be paid by the offender.

(14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who remains under the jurisdiction of the court for payment of legal financial obligations.

**Sec. 10.** RCW 9.94B.040 and 2022 c 260 s 14 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the nonfinancial requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home

detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within 72 hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within 15 days of receipt of the report, if the court is not satisfied with the sanctions, the court may schedule a hearing and may modify the department's sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed 60 days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community restitution obligation to total or partial confinement, or (iii) order one or more of the penalties authorized in (a)(i) of this subsection. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(4) If the violation involves failure to pay legal financial obligations, the following provisions apply:

(a) The department and the offender may enter into a stipulated agreement that the failure to pay was willful noncompliance, according to the provisions and requirements of subsection (3) (a) of this section;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in a stipulated agreement under (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined ~~((by [in]))~~ in RCW 10.01.160(3) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that the failure to pay is willful noncompliance, the court may order the offender to be confined for a period not to exceed 60 days for each violation or order one or more of the penalties authorized in subsection (3) (a) (i) of this section; and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW 10.01.160(3), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or convert nonrestitution legal financial obligations to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. ~~((The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.))~~

(5) The community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the

offender's consent, as described under RCW 71.05.630.

(6) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision. During any period of inpatient mental health treatment that falls within the period of community placement or community supervision, the inpatient treatment provider and the supervising community corrections officer shall notify each other about the offender's discharge, release, and legal status, and shall share other relevant information.

(7) Nothing in this section prohibits the filing of escape charges if appropriate.

**Sec. 11.** RCW 9.95.210 and 2022 c 260 s 7 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection in granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(b) For a defendant sentenced for a domestic violence offense, or under RCW 46.61.5055, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension continue upon such conditions and for such time as the court shall designate, not to exceed five years. The court shall have continuing jurisdiction and authority to suspend the execution of all or any part of the sentence upon stated terms, including installment payment of fines. A defendant who has been sentenced, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. Any time before entering an order terminating probation, the court may modify or revoke its order suspending the imposition or execution of the sentence if the defendant violates or fails to carry out any of the conditions of the suspended sentence.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court ~~((shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court))~~ may ~~((also))~~ require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make

restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or a state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(5) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary for up to twelve months. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced

in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(6) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

(7) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

(8) For purposes of this section, "domestic violence" means the same as in RCW 10.99.020.

**Sec. 12.** RCW 10.01.180 and 2022 c 260 s 15 are each amended to read as follows:

(1) A defendant sentenced to pay any fine, penalty, assessment, fee, or costs who willfully defaults in the payment thereof or of any installment is in contempt of court as provided in chapter 7.21 RCW. The court may issue a warrant of arrest for his or her appearance.

(2) When any fine, penalty, assessment, fee, or assessment of costs is imposed on a corporation or unincorporated association, it is the duty of the person authorized to make disbursement from the assets of the corporation or association to pay the obligation from those assets, and his or her failure to do so may be held to be contempt.

(3)(a) The court shall not sanction a defendant for contempt based on failure to pay fines, penalties, assessments, fees, or costs unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the defendant has the current ability to pay but refuses to do so.

(b) In determining whether the defendant has the current ability to pay, the court shall inquire into and consider: (i) The defendant's income and assets; (ii) the defendant's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the defendant's bona fide efforts to acquire additional resources. A defendant who is indigent as defined (~~by [in]~~) in RCW 10.01.160(3) is presumed to lack the current ability to pay.

(c) If the court determines that the defendant is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation

is not willful contempt and shall not subject the defendant to penalties.

(4) If a term of imprisonment for contempt for nonpayment of any fine, penalty, assessment, fee, or costs is ordered, the term of imprisonment shall be set forth in the commitment order, and shall not exceed one day for each \$25 of the amount ordered, 30 days if the amount ordered of costs was imposed upon conviction of a violation or misdemeanor, or one year in any other case, whichever is the shorter period. A person committed for nonpayment of any fine, penalty, assessment, fee, or costs shall be given credit toward payment for each day of imprisonment at the rate specified in the commitment order.

(5) If it appears to the satisfaction of the court that the default in the payment of any fine, penalty, assessment, fee, or costs is not willful contempt, the court may, and if the defendant is indigent as defined in RCW 10.01.160(3), the court shall enter an order: (a) Allowing the defendant additional time for payment; (b) reducing the amount thereof or of each installment; (c) revoking the fine, penalty, assessment, fee, or costs or the unpaid portion thereof in whole or in part; or (d) converting the unpaid fine, penalty, assessment, fee, or costs to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. ~~((The crime victim penalty assessment under RCW 7.68.035 may not be reduced, revoked, or converted to community restitution hours.))~~

(6) A default in the payment of any fine, penalty, assessment, fee, or costs or any installment thereof may be collected by any means authorized by law for the enforcement of a judgment. The levy of execution for the collection of any fine, penalty, assessment, fee, or costs shall not discharge a defendant committed to imprisonment for contempt until the amount has actually been collected.

**Sec. 13.** RCW 10.82.090 and 2022 c 260 s 12 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section and RCW 3.50.100, 3.62.020, and 35.20.220, restitution imposed in a judgment shall bear interest from the date of the judgment until payment, at the rate applicable to civil judgments. As of June 7, 2018, no interest shall accrue on nonrestitution legal financial obligations. (2) The court may elect not to impose interest on any restitution the court orders. Before determining not to impose interest on restitution, the court shall inquire into and consider the following factors: (a) Whether the offender is

indigent as defined in RCW ~~((10.101.010(3)))~~ 10.01.160(3) or general rule 34; (b) the offender's available funds, as defined in RCW 10.101.010(2), and other liabilities including child support and other legal financial obligations; (c) whether the offender is homeless; and (d) whether the offender is mentally ill, as defined in RCW 71.24.025. After consideration of these factors, the court may waive the imposition of restitution interest.

(3) The court may, on motion by the offender, reduce or waive the interest on legal financial obligations levied as a result of a criminal conviction as follows:

(a) The court shall waive all interest on the portions of the legal financial obligations that are not restitution that accrued prior to June 7, 2018;

(b) The court may waive or reduce interest on the restitution portion of the legal financial obligations only if the principal has been paid in full, except as provided in (c) of this subsection. The court may grant the motion, establish a payment schedule, and retain jurisdiction over the offender for purposes of reviewing and revising the reduction or waiver of interest;

(c) The court may, following the offender's release from total confinement, waive or reduce interest on restitution that accrued during the offender's period of incarceration if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). The prosecuting attorney shall make reasonable efforts to notify the victim entitled to restitution of the date and place of the hearing. (4) This section only applies to adult offenders.

(3) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years.

(4) As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to ~~((thirty))~~ 30 days of confinement and requirements that the offender do any one or more of the following:

(a) Devote time to a specific education, employment, or occupation;

(b) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. (c) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;

(d) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(e) Report as directed to the court and a probation counselor;

(f) Pay ~~((all court ordered legal financial obligations, perform))~~ restitution and perform community restitution, or any combination thereof;

(g) Make restitution to the victim for the cost of any counseling reasonably related to the offense; or

(h) Comply with the conditions of any court-ordered probation bond.

(5) If the court orders ~~((twenty-four))~~ 24 hour, continuous monitoring of the offender while on probation, the court shall include the basis for this condition in its findings.

(6)(a) The court must order the offender not to attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings.

(b) The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district.

(c) The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ~~((ten))~~ 10 calendar days after entry of the disposition.

(7) For offenders required to register under RCW 9A.44.130, at the end of the supervision ordered under this disposition alternative, there is a presumption that the offender is sufficiently rehabilitated to warrant removal from the central registry of sex offenders. The court shall relieve the offender's duty to register unless the court finds that the offender is not sufficiently rehabilitated to warrant removal and may consider the following factors:

(a) The nature of the offense committed, including the number of victims and the length of the offense history;

(b) Any subsequent criminal history of the juvenile;

(c) The juvenile's compliance with supervision requirements;

(d) The length of time since the charged incident occurred;

(e) Any input from community corrections officers, juvenile parole or probation officers, law enforcement, or treatment providers;

(f) The juvenile's participation in sex offender treatment;

(g) The juvenile's participation in other treatment and rehabilitative programs;

(h) The juvenile's stability in employment and housing;

(i) The juvenile's community and personal support system;

(j) Any risk assessments or evaluations prepared by a qualified professional related to the juvenile;

(k) Any updated polygraph examination completed by the juvenile;

(l) Any input of the victim; and

(m) Any other factors the court may consider relevant.

(8)(a) The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

(b) At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

(c) Except as provided in this subsection, examinations and treatment ordered pursuant to this subsection shall be conducted by qualified professionals as described under (d) of this subsection, certified sex offender treatment providers, or certified affiliate sex offender treatment providers under chapter 18.155 RCW.

(d) A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the therapist is a professional licensed under chapter 18.225 or 18.83 RCW and the treatment employed is evidence-based for sex offender treatment, or if the court finds that: (i) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (ii) no certified sex offender treatment providers or certified affiliate sex offender treatment providers are available for treatment within a reasonable geographical distance of the offender's home; and (iii) the evaluation and treatment plan comply with this subsection and the rules adopted by the department of health.

(9)(a) If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to ~~((thirty))~~ 30 days confinement for violating conditions of the disposition.

(b) The court may order both execution of the disposition and up to ~~((thirty))~~ 30 days confinement for the violation of the conditions of the disposition.

(c) The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(10) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim"

may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(11) The respondent or the parent, guardian, or other person having custody of the respondent shall not be required to pay the cost of any evaluation or treatment of the respondent ordered under this section.

(12) A disposition entered under this section is not appealable under RCW 13.40.230.

**Sec. 18.** RCW 13.40.165 and 2019 c 325 s 5007 are each amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 71.24.615. It is also the purpose of the disposition alternative to assure that minors in need of substance use disorder, mental health, and/or co-occurring disorder treatment receive an appropriate continuum of culturally relevant care and treatment, including prevention and early intervention, self-directed care, parent-directed care, and residential treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the department that provide these services to minors shall jointly plan and deliver these services. It is also the purpose of the disposition alternative to protect the rights of minors against needless hospitalization and deprivations of liberty and to enable treatment decisions to be made in response to clinical needs and in accordance with sound professional judgment. The mental health, substance abuse, and co-occurring disorder treatment providers shall, to the extent possible, offer services that involve minors' parents, guardians, and family.

(2) The court must consider eligibility for the substance use disorder or mental health disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent, substance abusing, or has significant mental health or co-occurring disorders may order an examination by a substance use disorder counselor from a substance use disorder treatment facility approved under chapter 70.96A RCW or a mental health professional as defined in chapter 71.34 RCW to determine if the youth is chemically dependent, substance abusing, or suffers from significant mental health or co-occurring disorders. ~~((The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.))~~ The state shall pay the cost of any examination ordered under this subsection unless third-party insurance coverage is available.

(3) The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of drug-alcohol problems, mental health diagnoses, previous treatment attempts, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner's information.

(4) The examiner shall assess and report regarding the respondent's relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;

(b) Availability of appropriate treatment;

(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(d) Anticipated length of treatment; and

(e) Recommended crime-related prohibitions.

(5) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender ~~((and the court finds that the offender is indigent and no third party insurance coverage is available)),~~ in which case the state shall pay the cost if no third-party insurance coverage is available.

(6) (a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of ~~((fifty-two))~~ 52 weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol, mental health, or co-occurring disorder treatment and/or inpatient mental health or drug/alcohol treatment. The court shall only order inpatient treatment under this section if a funded bed is available. If the inpatient treatment is longer than ~~((ninety))~~ 90 days, the court shall hold a review hearing every ~~((thirty))~~ 30 days beyond the initial ~~((ninety))~~ 90 days. The respondent may appear telephonically at these review hearings if in compliance with

treatment. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to ~~((thirty))30~~ days of confinement, ~~((one hundred fifty))150~~ hours of community restitution, and payment of ~~((legal financial obligations and))~~ restitution.

(7) The mental health/co-occurring disorder/drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(8) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(9) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(11) A disposition under this section is not appealable under RCW 13.40.230.

(12) Subject to funds appropriated for this specific purpose, the costs incurred by the juvenile courts for the mental health, substance use disorder, and/or co-occurring disorder evaluations, treatment, and costs of supervision required under this section shall be paid by the health care authority.

(13) A juvenile, or the parent, guardian, or other person having custody of the juvenile shall not be required to pay the cost of any evaluation or treatment ordered under this section.

**Sec. 19.** RCW 13.40.180 and 2012 c 177 s 3 are each amended to read as follows:

(1) Where a disposition in a single disposition order is imposed on a youth for two or more offenses, the terms shall run consecutively, subject to the following limitations:

(a) Where the offenses were committed through a single act or omission, omission, or through an act or omission which in itself constituted one of the offenses and also was an element of the other, the aggregate of all the terms shall not exceed ~~((one hundred fifty))150~~ percent of the term imposed for the most serious offense;

(b) The aggregate of all consecutive terms shall not exceed three hundred percent of the term imposed for the most serious offense; and

(c) The aggregate of all consecutive terms of community supervision shall not exceed two years in length, or require any payment of ~~((more than two hundred dollars in))~~ fines or the performance of more than ~~((two hundred))200~~ hours of community restitution.

(2) Where disposition in separate disposition orders is imposed on a youth, the periods of community supervision contained in separate orders, if any, shall run concurrently. All other terms contained in separate disposition orders shall run consecutively.

**Sec. 20.** RCW 13.40.192 and 2015 c 265 s 7 are each amended to read as follows:

(1) If a juvenile is ordered to pay ~~((legal financial obligations, including fines, penalty assessments, attorneys' fees, court costs, and))~~ restitution, the money judgment remains enforceable for a period of ~~((ten))10~~ years. When the juvenile reaches the age of ~~((eighteen))18~~ years or at the conclusion of juvenile court jurisdiction, whichever occurs later, the superior court clerk must docket the remaining balance of the juvenile's ~~((legal financial obligations))~~ restitution in the same manner as other judgments for the payment of money. The judgment remains valid and enforceable until ~~((ten))10~~ years from the date of its imposition. The clerk of the superior court may seek extension of the judgment for ~~((legal financial obligations, including crime victims' assessments,))~~ restitution in the same manner as RCW 6.17.020 for purposes of collection as allowed under RCW 36.18.190.

(2) A ~~((respondent under obligation to pay))~~ judgment against a juvenile for any legal financial obligation((s)) other than restitution((, the victim penalty assessment set forth in RCW 7.68.035, or the crime laboratory analysis fee set forth in RCW 43.43.690 may petition the court for modification or relief from those legal financial obligations and interest accrued on those obligations for good cause shown, including inability to pay. The court shall consider factors such as, but not limited to incarceration and a respondent's other debts, including restitution, when determining a respondent's ability to pay)) including, but not limited to, fines, penalty assessments, attorneys' fees, court costs, and other administrative fees, is not enforceable after the effective date of this section. The superior court clerk shall not accept payments from a respondent who was ordered to pay legal financial obligations, including fines, penalty assessments,

attorneys' fees, and court costs after the effective date of this section.

**Sec. 21.** RCW 13.40.200 and 2004 c 120 s 7 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, ~~((penalty—assessments,))~~ or confinement of less than ~~((thirty))~~30 days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent's appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay ~~((a fine, penalty assessments, or))~~ restitution or to perform community restitution hours, as required by the court, it shall be the respondent's burden to show that he or she did not have the means and could not reasonably have acquired the means to pay the ~~((fine, penalty assessments, or))~~ restitution or to perform community restitution.

(3) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to ~~((thirty))~~30 days' confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed ~~((thirty))~~30 days' confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

~~(4) ((If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community restitution unless the monetary penalty is the crime victim penalty assessment, which cannot be converted, waived, or otherwise modified, except for schedule of payment. The number of hours of community restitution in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.~~

~~(5))~~ When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in RCW 13.40.054.

**MESSAGE FROM THE SENATE**

Tuesday, April 18, 2023

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1240, with the following amendment(s): 1240-S AMS PEDE S3342.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds and declares that gun violence is a threat to the public health and safety of Washingtonians. Assault weapons are civilian versions of weapons created for the military and are designed to kill humans quickly and efficiently. For this reason the legislature finds that assault weapons are "like" "M-16 rifles" and thus are "weapons most useful in military service." Assault weapons have been

used in the deadliest mass shootings in the last decade. An assailant with an assault weapon can hurt and kill twice the number of people than an assailant with a handgun or nonassault rifle. This is because the additional features of an assault weapon are not "merely cosmetic"; rather, these are features that allow shooters to fire large numbers of rounds quickly. An analysis of mass shootings that result in four or more deaths found that 85 percent of those fatalities were caused by an assault weapon. The legislature also finds that this regulation is likely to have an impact on the number of mass shootings committed in Washington. Studies have shown that during the period the federal assault weapon ban was in effect, mass shooting fatalities were 70 percent less likely to occur. Moreover, the legislature finds that assault weapons are not suitable for self-defense and that studies show that assault weapons are statistically not used in self-defense. The legislature finds that assault weapons are not commonly used in self-defense and that any proliferation is not the result of the assault weapon being well-suited for self-defense, hunting, or sporting purposes. Rather, increased sales are the result of the gun industry's concerted efforts to sell more guns to a civilian market. The legislature finds that the gun industry has specifically marketed these weapons as "tactical," "hyper masculine," and "military style" in manner that overtly appeals to troubled young men intent on becoming the next mass shooter. The legislature intends to limit the prospective sale of assault weapons, while allowing existing legal owners to retain the assault weapons they currently own.

**Sec. 2.** RCW 9.41.010 and 2022 c 105 s 2 and 2022 c 104 s 2 are each reenacted and amended to read as follows:

Friday, April 14, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1853, with the following amendment(s): 1853-S.E AMS ENGR S3307.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** During the regular legislative session of 2022, the legislature passed Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), a significant transportation resources bill intended to provide needed transportation funding throughout the state. However, since the enactment of that act, certain drafting errors and omissions were identified within the act resulting in some provisions being enacted contrary to legislative intent. Additionally, some corrective changes were identified that would better conform certain provisions with original legislative intent. Therefore, it is the intent of the legislature to simply correct manifest drafting errors and omissions and adopt corrective changes in order to conform certain provisions with the original legislative intent of Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022). It is not the intent of the legislature to alter the intended substantive policy enacted in Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), but rather to make certain corrective changes.

**Sec. 2.** RCW 46.17.015 and 2022 c 182 s 207 are each amended to read as follows:

(1) A person who applies for a vehicle registration or for any other right to operate a vehicle on the highways of this state shall pay a 25 cent license plate technology fee in addition to any other fees and taxes required by law. The license plate technology fee must be distributed under RCW 46.68.370.

(2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license plate technology fee, except for a vehicle ~~((registered under RCW 46.16A.455(3)))~~ subject to the fee under RCW 46.17.355.

**Sec. 6.** RCW 47.04.380 and 2022 c 182 s 417 are each amended to read as follows:

(1) The legislature finds that many communities across Washington state have not equitably benefited from investments in the active transportation network. The legislature also finds that legacy state transportation facilities designed primarily for vehicle use caused disconnections in safe routes for people who walk, bike, and roll to work and to carry out other daily activities.

(2) To address these investment gaps, and to honor the legacy of community advocacy of Sandy Williams, the Sandy Williams connecting communities program is established within the department. The purpose of the program is to improve active transportation connectivity in communities by:

(a) Providing safe, continuous routes for pedestrians, bicyclists, and other

nonvehicle users carrying out their daily activities;

(b) Mitigating for the health, safety, and access impacts of transportation infrastructure that bisects communities and creates obstacles in the local active transportation network;

(c) Investing in greenways providing protected routes for a wide variety of nonvehicular users; and

(d) Facilitating the planning, development, and implementation of projects and activities that will improve the connectivity and safety of the active transportation network.

(3) The department must select projects to propose to the legislature for funding. In selecting projects, the department must consider, at a minimum, the following criteria:

(a) Access to a transit facility, community facility, commercial center, or community-identified assets;

(b) The use of minority and women-owned businesses and community-based organizations in planning, community engagement, design, and construction of the project;

(c) Whether the project will serve:

(i) Overburdened communities as defined in RCW 70A.02.010 to mean a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020;

(ii) Vulnerable populations as defined in RCW 70A.02.010 to mean population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to adverse socioeconomic factors, such as unemployment, high housing, and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and sensitivity factors, such as low birth weight and higher rates of hospitalization. Vulnerable populations include, but are not limited to: Racial or ethnic minorities, low-income populations, populations disproportionately impacted by environmental harms, and populations of workers experiencing environmental harms;

(iii) Household incomes at or below 200 percent of the federal poverty level; and

(iv) People with disabilities;

(d) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map developed by the department of health, or other similar indicators;

(e) Location on or adjacent to tribal lands or locations providing essential services to tribal members;

(f) Crash experience involving pedestrians and bicyclists; and

(g) Identified need by the community, for example in the state active transportation plan or a regional, county, or community plan.

(4) It is the intent of the legislature that the Sandy Williams connecting

communities program comply with the requirements of chapter 314, Laws of 2021.

(5) The department shall submit a report to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected connecting communities projects for funding by the legislature. The report must also include the status of previously funded projects.

(6) This section expires July 1, 2027.

In development of the grant program, the department is encouraged to consult with the environmental justice council and the office of equity.

(2)(a) For the elementary and middle school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint and demonstrable experience deploying bicycling and road safety education curriculum via a train the trainer model in schools. The selected nonprofit shall identify partner schools that serve target populations, based on the criteria in subsection (3) of this section. #### THIRD READING

#### MESSAGE FROM THE SENATE

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1436, with the following amendment(s): 1436-S.E AMS WELL S3219.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28A.155 RCW to read as follows:

(1) The superintendent of public instruction shall annually review data from local education agencies, including the percentage of students receiving special education services, to ensure there is not a disproportionate identification of students, as defined by the superintendent of public instruction in accordance with federal requirements of the individuals with disabilities education act, 20 U.S.C. Sec. 1400.

(2) The office of the superintendent of public instruction shall provide technical assistance to school districts experiencing issues related to disproportionality and will make available professional development opportunities statewide to support local education agencies, schools, and community partners in promoting inclusionary teaching practices within a multitiered system of supports framework to help safeguard against over-identification and other issues related to disproportionality.

**NEW SECTION. Sec. 2.** (1) The joint legislative audit and review committee and the state auditor must collaborate to conduct a performance audit of the state's system of providing special education services to students with disabilities. The joint legislative audit and review committee and the state auditor may divide responsibility for the work and reporting required in this section as appropriate, and contract with qualified third-party researchers or higher education institutions to perform any aspect of the report and audit. The report and audit must address:

(a) The prevalence of disabilities and whether the provisions and funding for evaluating students and providing services reflects the prevalence of disabilities, including whether any populations are disparately underevaluated or underserved;

(b) The degree to which changes in funding formulas intended to encourage increased inclusion are successful and whether the state and school districts are utilizing best practices to improve inclusion;

(c) Whether the changes in evaluation timelines or increases in the funded enrollment limit have resulted in funding for students who do not have disabilities or in excess of districts' costs to serve students with disabilities;

(d) Whether districts are appropriately accounting for and reporting use of basic education allocations for students with disabilities, including if statutory expectations for use of funds are being met;

(e) The amount of funding from levies or other local sources that school districts continue to utilize under current accounting methodologies in order to meet obligations to provide free and appropriate public education to students with disabilities, the degree to which funding shortfalls will continue following planned increases in

multipliers, proposed changes to accounting methodologies, and the elimination of a cap on the percent of students for whom the state provides funding; and, options for additional changes to funding formulas to eliminate shortfalls in state funding for special education; and

(f) How the state may improve recruitment and retention of certificated educators, instructional aides, or paraeducators and professionals serving students with disabilities.

(2) To develop the appropriate scope, define study questions, and select one or more contractors to complete the performance audit and report, the joint legislative audit and review committee and state auditor shall consult with the office of the superintendent of public instruction, the office of the education ombuds, organizations representing and serving students with disabilities, the Washington state special education advisory council, and labor organizations representing educators providing educational services to students with disabilities in developing study questions and choosing appropriate contractors. To address the study questions, the joint legislative audit and review committee and the state auditor may conduct the audit at a sample of school districts as needed.

(3) The performance audit required by this section must include charter schools to the same extent as school districts.

(4) Upon request, the office of financial management and any state or local agency must provide the joint legislative audit and review committee and the state auditor with education records necessary to conduct the performance audit required under this section. The joint legislative audit and review committee and the state auditor shall be considered authorized representatives of relevant state education authorities, including the superintendent of public instruction and the department of children, youth, and families, for the purpose of accessing records for this evaluation. The office of financial management and any state or local agency must provide records within four months from the date of an initial request. The office of financial management or agencies contributing data to the education research and data center must notify the joint legislative audit and review committee and the state auditor's office in writing if they determine a request does not comply with the federal educational rights and privacy act, no later than 21 days after the initial request.

(5) Prior to the 2024 legislative session, the joint legislative audit and review committee and the state auditor must identify a lead agency for each element of the report and audit defined in subsection (1)(a) through (f) of this section and any aspects of the study that are being conducted by contractors. These designations must be provided to the governor and the committees of the legislature with jurisdiction over fiscal matters and special education by December 31, 2023.

(6) The joint legislative audit and review committee and the state auditor must, in accordance with RCW 43.01.036, report the

study's findings and recommendations to the governor and the committees of the legislature with jurisdiction over fiscal matters and special education by November 30, 2024.

(7) This section expires August 1, 2025.

**Sec. 3.** RCW 28A.150.390 and 2020 c 90 s 3 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4) (a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages three and four and those five year olds not yet enrolled in kindergarten who are eligible for and receiving special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by ~~((1-15))~~ 1.2;

(b)(i) Subject to the limitation in (b)(ii) of this subsection (2), a district's annual average enrollment of resident students who are eligible for and receiving special education, excluding students ages three and four and those five year olds not yet enrolled in kindergarten, multiplied by the district's base allocation per full-time equivalent student, multiplied by the special education cost multiplier rate of:

(A) ~~((In the 2019-20 school year, 0.995 for students eligible for and receiving special education.~~

~~(B))~~ Beginning in the 2020-21 school year, either:

(I) 1.0075 for students eligible for and receiving special education and reported to be in the general education setting for ~~((eighty))~~ 80 percent or more of the school day; or

(II) 0.995 for students eligible for and receiving special education and reported to be in the general education setting for less than ~~((eighty))~~ 80 percent of the school day;

(B) Beginning in the 2023-24 school year, either:

(I) 1.12 for students eligible for and receiving special education and reported to be in the general education setting for 80 percent or more of the school day; or

(II) 1.06 for students eligible for and receiving special education and reported to be in the general education setting for less than 80 percent of the school day.

(ii) If the enrollment percent exceeds ~~((thirteen and five-tenths))~~ 15 percent, the excess cost allocation calculated under (b)(i) of this subsection must be adjusted by multiplying the allocation by ~~((thirteen and five-tenths))~~ 15 percent divided by the enrollment percent.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation under RCW 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident annual average enrollment of students who are eligible for and receiving special education, excluding students ages three and four and those five year olds not yet enrolled in kindergarten and students enrolled in institutional education programs, as a percent of the district's annual average full-time equivalent basic education enrollment.

**Sec. 4.** RCW 28A.150.392 and 2019 c 387 s 2 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy ~~((service delivery choice))~~ or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for students eligible for special education and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education. Differences in

costs attributable to district philosophy(~~service delivery choice,~~) or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2) (f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education served in residential schools (~~as defined in RCW 28A-190-020~~), programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a secondary program of education.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management

and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(6) (a) Beginning in the 2019-20 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed two and three-tenths times the average per-pupil expenditure as defined in Title 20 U.S.C. Sec. 7801, the every student succeeds act of 2015.

(b) Beginning in the 2023-24 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed:

(i) 2 times the average per-pupil expenditure, for school districts with fewer than 1,000 full-time equivalent students;

(ii) 2.2 times the average per-pupil expenditure, for school districts with 1,000 or more full-time equivalent students.

(c) For purposes of (b) of this subsection, "average per-pupil expenditure" has the same meaning as in 20 U.S.C. Sec. 7801, the every student succeeds act of 2015, and excludes safety net funding provided in this section.

**Sec. 5.** RCW 43.06B.010 and 2013 c 23 s 82 are each amended to read as follows:

(1) There is hereby created the office of the education ombuds within the office of the governor for the purposes of providing information to parents, students, and others regarding their rights and responsibilities with respect to the state's public elementary and secondary education system, and advocating on behalf of elementary and secondary students.

The education ombuds shall ensure that the regional ombuds selected are appropriate to the community in which they serve and hold the same qualifications as in subsection (2)(a) of this section. The education ombuds may not contract with the superintendent of public instruction, or any school, school district, or current employee of a school, school district, or the office of the superintendent of public instruction for the provision of regional ombuds services.

(5)(a) Subject to amounts appropriated for this specific purpose, the education ombuds shall delegate and certify at least one special education ombuds to serve each educational service district region. NEW SECTION. Sec. 6. A new section is added to chapter 28A.150 RCW to read as follows:

(1) It is the policy of the state that for purposes of state funding allocations, students eligible for and receiving special education generate the full basic education allocation under RCW 28A.150.260 and, as a class, are to receive the benefits of this allocation for the entire school day, as defined in RCW 28A.150.203, whether the student is placed in the general education setting or another setting.

(2) The superintendent of public instruction shall develop an allocation and cost accounting methodology that ensures state general apportionment funding for students who receive their basic education services primarily in an alternative classroom or setting are prorated and allocated to the special education program and accounted for before calculating special education excess costs. Nothing in this section requires districts to provide services in a manner inconsistent with the students individualized education program or other than in the least restrictive environment as determined by the individualized education program team.

(3) The superintendent of public instruction shall provide the legislature with an accounting of prorated general apportionment allocations provided to special education programs broken down by school district by January 1, 2024, and then every January 1st of odd-numbered years thereafter."

(6) "Contribution rate" means, in a reserve study as described in RCW 64.38.065, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(7) "Effective age" means the difference between the estimated useful life and remaining useful life.

(8) "Electronic transmission" or "electronically transmitted" means any electronic communication not directly involving the physical transfer of a writing in a tangible medium, but that may be retained, retrieved, and reviewed by the sender and the recipient of the communication, and that may be directly reproduced in a tangible medium by a sender and recipient.

(9) "Full funding plan" means setting a reserve funding goal of achieving one hundred percent fully funded reserves by the end of the ~~((thirty-year))~~ 30-year study period described under RCW 64.38.065, in which the reserve account balance equals the sum of the deteriorated portion of all reserve components.

(10) "Fully funded balance" means the current value of the deteriorated portion, not the total replacement value, of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of the reserve component by its effective age, then dividing the result by the reserve component's useful life. The sum total of all reserve components' fully funded balances is the association's fully funded balance.

(11) "Governing documents" means the articles of incorporation, bylaws, plat, declaration of covenants, conditions, and restrictions, rules and regulations of the association, or other written instrument by which the association has the authority to exercise any of the powers provided for in this chapter or to manage, maintain, or otherwise affect the property under its jurisdiction.

(12) "Homeowners' association" or "association" means a corporation, unincorporated association, or other legal entity, each member of which is an owner of residential real property located within the association's jurisdiction, as described in the governing documents, and by virtue of membership or ownership of property is obligated to pay real property taxes, insurance premiums, maintenance costs, or for improvement of real property other than that which is owned by the member. "Homeowners' association" does not mean an association created under chapter 64.32 ~~((or))~~, 64.34, or 64.90 RCW.

(13) "Lot" means a physical portion of the real property located within an association's jurisdiction designated for separate ownership.

(14) "Owner" means the owner of a lot, but does not include a person who has an interest in a lot solely as security for an obligation. "Owner" also means the vendee, not the vendor, of a lot under a real estate contract.

(15) "Remaining useful life" means the estimated time, in years, before a reserve component will require major maintenance, repair, or replacement to perform its intended function.

(16) "Replacement cost" means the current cost of replacing, repairing, or restoring a

reserve component to its original functional condition.

(17) "Reserve component" means a common element whose cost of maintenance, repair, or replacement is infrequent, significant, and impractical to include in an annual budget.

(18) "Reserve study professional" means an independent person who is suitably qualified by knowledge, skill, experience, training, or education to prepare a reserve study in accordance with RCW 64.38.065 and 64.38.070.

(19) "Residential real property" means any real property, the use of which is limited by law, covenant or otherwise to primarily residential or recreational purposes.

(20) "Significant assets" means that the current replacement value of the major reserve components is ~~((seventy-five))~~ 75 percent or more of the gross budget of the association, excluding the association's reserve account funds.

(21) "Tangible medium" means a writing, copy of a writing, facsimile, or a physical reproduction, each on paper or on other tangible material.

(22) "Useful life" means the estimated time, between years, that major maintenance, repair, or replacement is estimated to occur.

**Sec. 3.** RCW 64.50.010 and 2020 c 18 s 23 are each amended to read as follows:

~~((5))~~ (6) "Homeowner" means: (a) Any person, company, firm, partnership, corporation, or association who contracts with a construction professional for the construction, sale, or construction and sale of a residence; and (b) an "association" as defined in this section. ~~((8))~~ (9) "Substantial remodel" means a remodel of a residence, for which the total cost exceeds one-half of the assessed value of the residence for property tax purposes at the time the contract for the remodel work was made.

**Sec. 4.** RCW 64.50.020 and 2002 c 323 s 3 are each amended to read as follows:

(1) In every construction defect action brought against a construction professional, the claimant shall, no later than ~~((forty-five))~~ 45 days before filing an action, serve written notice of claim on the construction professional.

(a) The notice of claim shall state that the claimant asserts a construction defect claim against the construction professional and shall describe the claim in reasonable detail sufficient to determine the general nature of the defect.

(b) If the claimant is a condominium association created after the effective date of this section, the written notice of claim shall include a written report from a construction defect professional. In addition to describing the claim in reasonable detail sufficient to determine the general nature of the defect the written report shall state the construction defect professional's qualifications, the manner and type of inspection upon which the report was based, and the general location of the defect.

(2) Within ~~((twenty-one))~~ 14 days after service of the notice of claim, the construction professional may serve a written response demanding a meeting with the claimant and its expert, including the construction defect professional who authored the report required in subsection (1)(b) of this section to confer regarding the report and its contents. The meeting shall take place within 14 days of service of the construction professional's demand or

at such later date as mutually agreed to by the parties.

(3) Within 14 days after the meeting referenced in subsection (2) of this section or, in the absence of a demand for such meeting, within 21 days after service of the notice of claim, whichever is later, the construction professional shall serve a written response on the claimant by registered mail or personal service. The written response shall:

(a) Propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified time frame. The proposal shall include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;

(b) Offer to compromise and settle the claim by monetary payment without inspection. A construction professional's offer under this subsection ~~((2))~~ (3)(b) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the claimant's residence that is the subject of the claim, and to pay the claimant's reasonable relocation costs; or

(c) State that the construction professional disputes the claim and will neither remedy the construction defect nor compromise and settle the claim.

~~((3))~~ (4) (a) If the construction professional disputes the claim or does not respond to the claimant's notice of claim within the time stated in subsection ~~((2))~~ (3) of this section, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(b) If the claimant rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection ~~((2))~~ (3) of this section, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within ~~((thirty))~~ 30 days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the inspection proposal or settlement offer, then at anytime thereafter the construction professional may terminate the proposal or offer by serving written notice to the claimant, and the claimant may thereafter bring an action against the construction professional for the construction defect claim described in the notice of claim.

~~((4))~~ (5) (a) If the claimant elects to allow the construction professional to inspect in accordance with the construction professional's proposal pursuant to subsection ~~((2))~~ (3)(a) of this section, the claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant's residence during normal working hours to inspect the premises and the claimed defect.

(b) Within ~~((fourteen))~~ 14 days following completion of the inspection, the construction professional shall serve on the claimant:

(i) A written offer to remedy the construction defect at no cost to the claimant, including a report of the scope of the inspection, the findings and results of the inspection, a description of the additional construction necessary to remedy the defect described in the claim, and a timetable for the completion of such construction;

(ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection ~~((+2))~~ (3)(b) of this section; or

(iii) A written statement that the construction professional will not proceed further to remedy the defect.

(c) If the construction professional does not proceed further to remedy the construction defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(d) If the claimant rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection to either remedy the construction defect or to compromise and settle the claim by monetary payment, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection notice, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within ~~((thirty))~~ 30 days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection, then at anytime thereafter the construction professional may terminate the offer by serving written notice to the claimant.

~~((+5))~~ (6)(a) Any claimant accepting the offer of a construction professional to remedy the construction defect pursuant to subsection ~~((+4))~~ (5)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than ~~((thirty))~~ 30 days after receipt of the offer. The claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant's residence during normal working hours to perform and complete the construction by the timetable stated in the offer.

(b) The claimant and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects.

~~((+6))~~ (7) Any action commenced by a claimant prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the claimant has complied with the requirements of this section.

~~((+7))~~ (8) Nothing in this section may be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform by the timetable agreed upon pursuant to subsection ~~((+2))~~ (3)(a) or ~~((+5))~~ (6) of this section.

~~((+8))~~ (9) Prior to commencing any action alleging a construction defect, or after the dismissal of any action without prejudice pursuant to subsection ~~((+6))~~ (7) of this section, the claimant may amend the notice of claim to include construction defects discovered after the service of the original notice of claim, and must otherwise comply with the requirements of this section for the additional claims. The service of an amended notice of claim shall relate back to the original notice of claim for purposes of tolling statutes of limitations and repose. Claims for defects discovered after the commencement or recommencement of an action may be added to such action only after providing notice to the construction professional of the defect and allowing for response under subsection ~~((+2))~~ (3) of this section.

(10) If the claimant is an association, and notwithstanding any contrary provisions in the association's governing documents, the association's board of director's ability to incur expenses to prepare and serve a notice of claim and any related reports and otherwise comply with the requirements of this chapter shall not be restricted.

**Sec. 5.** RCW 64.50.040 and 2002 c 323 s 5 are each amended to read as follows:

(1)(a) In the event the board of directors, pursuant to RCW 64.34.304(1)(d) or 64.38.020(4), institutes an action asserting defects in the construction of two or more residences, common elements, or common areas, this section shall apply. For purposes of this section, "action" has the same meaning as set forth in RCW 64.50.010.

(b) The board of directors shall substantially comply with the provisions of this section.

(2)(a) Prior to the service of the summons and complaint on any defendant with respect to an action governed by this section, the board of directors shall mail or deliver written notice of the commencement or anticipated commencement of such action to each homeowner at the last known address described in the association's records.

(b) The notice required by (a) of this subsection shall state a general description of the following:

(i) The nature of the action and the relief sought; ~~((and))~~

(ii) To the extent applicable, the existence of the report required in RCW 64.50.020(1)(a), which shall be made available to each homeowner upon request;

(iii) A summary of the construction professional's response pursuant to RCW 64.50.020(3), if any; and

(iv) The expenses and fees that the board of directors anticipates will be incurred in prosecuting the action.

(3) Nothing in this section may be construed to:

(a) Require the disclosure in the notice or the disclosure to a unit owner of attorney-client communications or other privileged communications;

(b) Permit the notice to serve as a basis for any person to assert the waiver of any applicable privilege or right of confidentiality resulting from, or to claim immunity in connection with, the disclosure of information in the notice; or

(c) Limit or impair the authority of the board of directors to contract for legal services, or limit or impair the ability to enforce such a contract for legal services.

**Sec. 6.** RCW 64.90.250 and 2018 c 277 s 211 are each amended to read as follows:

(1) To exercise any development right reserved under RCW 64.90.225(1)(~~(h)~~) (g), the declarant must prepare, execute, and record any amendments to the declaration and map in accordance with the requirements of RCW 64.90.245 and 64.90.285(3). The declarant is the unit owner of any units created. The amendment to the declaration must assign an identifying number to each new unit created and, except in the case of subdivision, combination, or conversion of units described in subsection (3) of this section, reallocate the allocated interests among all units. The amendment must describe any common elements and any limited common elements created and, in the case of limited common elements, designate the unit to which each is allocated to the extent required under RCW 64.90.240. The amendments are effective upon recording.

(2) Development rights may be reserved within any real estate added to the common interest community if the amendment to the declaration adding that real estate includes all matters required under RCW 64.90.225 and 64.90.230 and the amendment to the map includes all matters required under RCW 64.90.245. This subsection does not extend the time limit on the exercise of development rights imposed by the declaration pursuant to RCW 64.90.225(1)(h).

(3) When a declarant exercises a development right to subdivide, combine, or convert a unit previously created into additional units or common elements, or both:

(a) If the declarant converts the unit entirely into common elements, the amendment to the declaration must reallocate all the allocated interests of that unit among the other units as if that unit had been taken by condemnation under RCW 64.90.030; or

(b) If the declarant subdivides the unit into two or more units, whether or not any part of the unit is converted into common elements, the amendment to the declaration

must reallocate all the allocated interests of the unit among the units created by the subdivision in any reasonable manner prescribed by the declarant.

(4) If the declaration provides, pursuant to RCW 64.90.225(1)(h), that all or a portion of the real estate is subject to a right of withdrawal:

(a) If all the real estate is subject to withdrawal, and the declaration or map or amendment to the declaration or map does not describe separate portions of real estate subject to that right, none of the real estate may be withdrawn if a unit in that real estate has been conveyed to a purchaser; or

(b) If any portion of the real estate is subject to withdrawal as described in the declaration or map or amendment to the declaration or map, none of that portion of the real estate may be withdrawn if a unit in that portion has been conveyed to a purchaser.

(5) If the declarant combines two or more units into a lesser number of units, whether or not any part of a unit is converted into common elements or common elements are converted units, the amendment to the declaration must reallocate all of the allocated interests of the units being combined into the unit or units created by the combination in any reasonable manner prescribed by the declarant.

(6) A unit conveyed to a purchaser may not be withdrawn pursuant to subsection (4) (a) or (b) of this section without the consent of the unit owner of that unit and the holder of a security interest in the unit.

**Sec. 7.** RCW 64.90.605 and 2018 c 277 s 402 are each amended to read as follows:

(1) Except as provided otherwise in subsection (2) of this section, a declarant required to deliver a public offering statement pursuant to subsection (3) of this section must prepare a public offering statement conforming to the requirements of RCW 64.90.610, 64.90.615, and 64.90.620.

(2) A declarant may transfer responsibility for preparation of all or a part of the public offering statement to a successor declarant or to a dealer who intends to offer units in the ~~((condominium))~~ common interest community.

(3) (a) Any declarant or dealer who offers to convey a unit for the person's own account to a purchaser must provide the purchaser of the unit with a copy of a public offering statement and all material amendments to the public offering statement before conveyance of that unit.

(b) Any agent, attorney, or other person assisting the declarant or dealer in preparing the public offering statement may rely upon information provided by the declarant or dealer without independent investigation. The agent, attorney, or other person is not liable for any material misrepresentation in or omissions of material facts from the public offering statement unless the person had actual knowledge of the misrepresentation or omission at the time the public offering statement was prepared.

(c) The declarant or dealer is liable for any misrepresentation contained in the public offering statement or for any omission of material fact from the public offering statement if the declarant or dealer had actual knowledge of the misrepresentation or omission or, in the exercise of reasonable care, should have known of the misrepresentation or omission.

(4) If a unit is part of a common interest community and is part of any other real estate regime in connection with the sale of which the delivery of a public offering statement is required under the laws of this state, a single public offering statement conforming to the requirements of RCW 64.90.610, 64.90.615, and 64.90.620 as those requirements relate to each regime in which the unit is located, and to any other requirements imposed under the laws of this state, may be prepared and delivered in lieu of providing two or more public offering statements.

(5) A declarant is not required to prepare and deliver a public offering statement in connection with the sale of any unit owned by the declarant, or to obtain for or provide to the purchaser a report or statement required under RCW 64.90.610(1)(oo), 64.90.620(1), or 64.90.655, upon the later of:

(a) The termination or expiration of all special declarant rights;

(b) The expiration of all periods within which claims or actions for a breach of warranty arising from defects involving the common elements under RCW 64.90.680 must be filed or commenced, respectively, by the association against the declarant; or

(c) The time when the declarant ceases to meet the definition of a dealer under RCW 64.90.010.

(6) After the last to occur of any of the events described in subsection (5) of this section, a declarant must deliver to the purchaser of a unit owned by the declarant a resale certificate under RCW 64.90.640(2) together with:

(a) The identification of any real property not in the common interest community that unit owners have a right to use and a description of the terms of such use;

(b) A brief description or a copy of any express construction warranties to be provided to the purchaser;

(c) A statement of any litigation brought by an owners' association, unit owner, or governmental entity in which the declarant or any affiliate of the declarant has been a defendant arising out of the construction, sale, or administration of any common interest community within the state of Washington within the previous five years, together with the results of the litigation, if known;

(d) Whether timesharing is permitted or prohibited, and, if permitted, a statement that the purchaser of a time share unit is entitled to receive the disclosure document required under chapter 64.36 RCW; and

(e) Any other information and cross-references that the declarant believes will be helpful in describing the common interest community to the purchaser, all of which may

be included or not included at the option of the declarant.

(7) A declarant is not liable to a purchaser for the failure or delay of the association to provide the resale certificate in a timely manner, but the purchase contract is voidable by the purchaser of a unit sold by the declarant until the resale certificate required under RCW 64.90.640(2) and the information required under subsection (6) of this section have been provided and for five days thereafter or until conveyance, whichever occurs first.

**Sec. 8.** RCW 64.90.645 and 2021 c 260 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, any earnest money deposit, as defined in RCW 64.04.005, made in connection with the right to purchase a unit from a person required to deliver a public offering statement pursuant to RCW 64.90.605(3) must be placed in escrow and held in this state in an escrow or trust account designated solely for that purpose by a licensed title insurance company or agent, a licensed attorney, a real estate broker or independent bonded escrow company, or an institution whose accounts are insured by a governmental agency or instrumentality until: (a) Delivered to the declarant at closing, (b) delivered to the declarant because of the purchaser's default under a contract to purchase the unit, (c) refunded to the purchaser, or (d) delivered to a court in connection with the filing of an interpleader action.

(2)(a) If a purchase agreement for the sale of a unit provides that deposit funds may be used for construction costs and the declarant obtains and maintains a surety bond as required by this section, the declarant may withdraw escrow funds when construction of improvements has begun. The funds may be used only for actual building and construction costs of the project in which the unit is located.

(b) The bond must be issued by a surety insurer licensed in this state in favor of the purchaser in an amount adequate to cover the amount of the deposit to be withdrawn. The declarant may not withdraw more than the face amount of the bond. The bond must be payable to the purchaser if the purchaser obtains a final judgment against the declarant requiring the declarant to return the deposit pursuant to the purchase agreement. The bond may be either in the form of an individual bond for each deposit accepted by the declarant or in the form of a blanket bond assuring the return of all deposits received by the declarant.

(c) The party holding escrow funds who releases all or any portion of the funds to the declarant has no obligation to monitor the progress of construction or the expenditure of the funds by the declarant and is not liable to any purchaser for the release of funds pursuant to this section.

(3) ~~((A))~~ The amount of deposit ((under)) funds that may be used pursuant to subsection (2) of this section may not exceed five percent of the purchase price.

**NEW SECTION. Sec. 9.** A new section is added to chapter 82.45 RCW to read as follows:

(1) The down payment assistance account is created in the custody of the state treasurer. Receipts from the real estate excise tax on sales of condominiums or townhouses to persons using a down payment assistance program offered by the Washington state housing finance commission must be deposited in the account, as provided in subsection (2) of this section. Expenditures from the account may be used only for payment toward a person's down payment assistance loan that was used to purchase a condominium or townhouse for which the tax was collected. Only the Washington state housing finance commission or the commission's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2)(a) Beginning June 15, 2024, and each June 15th thereafter, the department must notify the economic and revenue forecast council of the total amount received under RCW 82.45.060 from sales of condominiums or townhouses to persons using a down payment assistance program offered by the Washington state housing finance commission during the prior calendar year.

(b) Beginning in fiscal year 2025, and each fiscal year thereafter, the legislature must appropriate from the general fund to this account the lesser of (i) the amount received under RCW 82.45.060 on sales of condominiums or townhouses to persons using a down payment assistance program offered by the Washington state housing finance commission during the prior calendar year, as determined under (a) of this subsection, or (ii) \$250,000 per fiscal year.

(c) On or before March 1, 2024, and each March 1st thereafter, the Washington state housing finance commission must provide the department with the following information for each sale of a condominium or townhouse to a person using a down payment assistance program offered by the Washington state housing finance commission that occurred during the prior calendar year:

(i) The real estate excise tax affidavit number associated with the sale;

(ii) The date of sale;

(iii) The parcel number of the property sold;

(iv) The street address of the property sold;

(v) The county in which the property sold is located;

(vi) The full legal name of the seller, or sellers, as shown on the real estate excise tax affidavit;

(vii) The full legal name of the buyer, or buyers, as shown on the real estate excise tax affidavit; and

(viii) Any additional information the department may require to verify the property sold is a condominium or townhouse sold to persons using a down payment assistance program offered by the Washington state housing finance commission.

(d) For the purposes of this subsection, "townhouse" means dwelling units constructed in a row of two or more attached units where

each dwelling unit shares at least one common wall with an adjacent unit and is accessed by a separate outdoor entrance.

(3) This section expires January 1, 2034.

**Sec. 10.** RCW 82.02.060 and 2021 c 72 s 1 are each amended to read as follows:

The local ordinance by which impact fees are imposed:

(1) Shall include a schedule of impact fees which shall be adopted for each type of development activity that is subject to impact fees, specifying the amount of the impact fee to be imposed for each type of system improvement. The schedule shall be based upon a formula or other method of calculating such impact fees. The schedule shall reflect the proportionate impact of new housing units, including multifamily and condominium units, based on the square footage, number of bedrooms, or trips generated, in the housing unit in order to produce a proportionally lower impact fee for smaller housing units. In determining proportionate share, the formula or other method of calculating impact fees shall incorporate, among other things, the following:

(a) The cost of public facilities necessitated by new development;

(b) An adjustment to the cost of the public facilities for past or future payments made or reasonably anticipated to be made by new development to pay for particular system improvements in the form of user fees, debt service payments, taxes, or other payments earmarked for or prorable to the particular system improvement;

(c) The availability of other means of funding public facility improvements;

(d) The cost of existing public facilities improvements; and

(e) The methods by which public facilities improvements were financed;

(2) May provide an exemption for low-income housing, and other development activities with broad public purposes, including development of an early learning facility, from these impact fees, provided that the impact fees for such development activity shall be paid from public funds other than impact fee accounts;

(3)(a) May not impose an impact fee on development activities of an early learning facility greater than that imposed on commercial retail or commercial office development activities that generate a similar number, volume, type, and duration of vehicle trips;

(b) When a facility or development has more than one use, the limitations in this subsection (3) or the exemption applicable to an early learning facility in subsections (2) and (4) of this section only apply to that portion that is developed as an early learning facility. The impact fee assessed on an early learning facility in such a development or facility may not exceed the least of the impact fees assessed on comparable businesses in the facility or development;

(4) May provide an exemption from impact fees for low-income housing or for early learning facilities. Local governments that

grant exemptions for low-income housing or for early learning facilities under this subsection (4) may either: Grant a partial exemption of not more than eighty percent of impact fees, in which case there is no explicit requirement to pay the exempted portion of the fee from public funds other than impact fee accounts; or provide a full waiver, in which case the remaining percentage of the exempted fee must be paid from public funds other than impact fee accounts, except as provided in (b) of this subsection. These exemptions are subject to the following requirements:

(a) An exemption for low-income housing granted under subsection (2) of this section or this subsection (4) must be conditioned upon requiring the developer to record a covenant that, except as provided otherwise by this subsection, prohibits using the property for any purpose other than for low-income housing. At a minimum, the covenant must address price restrictions and household income limits for the low-income housing, and that if the property is converted to a use other than for low-income housing, the property owner must pay the applicable impact fees in effect at the time of conversion;

(b) An exemption for early learning facilities granted under subsection (2) of this section or this subsection (4) may be a full waiver without an explicit requirement to pay the exempted portion of the fee from public funds other than impact fee accounts if the local government requires the developer to record a covenant that requires that at least 25 percent of the children and families using the early learning facility qualify for state subsidized child care, including early childhood education and assistance under chapter 43.216 RCW, and that provides that if the property is converted to a use other than for an early learning facility, the property owner must pay the applicable impact fees in effect at the time of conversion, and that also provides that if at no point during a calendar year does the early learning facility achieve the required percentage of children and families qualified for state subsidized child care using the early learning facility, the property owner must pay 20 percent of the impact fee that would have been imposed on the development had there not been an exemption within 90 days of the local government notifying the property owner of the breach, and any balance remaining thereafter shall be a lien on the property; and

(c) Covenants required by (a) and (b) of this subsection must be recorded with the applicable county auditor or recording officer. A local government granting an exemption under subsection (2) of this section or this subsection (4) for low-income housing or an early learning facility may not collect revenue lost through granting an exemption by increasing impact fees unrelated to the exemption. A school district who receives school impact fees must approve any exemption under subsection (2) of this section or this subsection (4);

(5) Shall provide a credit for the value of any dedication of land for, improvement to, or new construction of any system

improvements provided by the developer, to facilities that are identified in the capital facilities plan and that are required by the county, city, or town as a condition of approving the development activity;

(6) Shall allow the county, city, or town imposing the impact fees to adjust the standard impact fee at the time the fee is imposed to consider unusual circumstances in specific cases to ensure that impact fees are imposed fairly;

(7) Shall include a provision for calculating the amount of the fee to be imposed on a particular development that permits consideration of studies and data submitted by the developer to adjust the amount of the fee;

(8) Shall establish one or more reasonable service areas within which it shall calculate and impose impact fees for various land use categories per unit of development; (~~and~~)

(9) May provide for the imposition of an impact fee for system improvement costs previously incurred by a county, city, or town to the extent that new growth and development will be served by the previously constructed improvements provided such fee shall not be imposed to make up for any system improvement deficiencies; and

(10) Must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of this section to take effect six months after the jurisdiction's next periodic comprehensive plan update required under RCW 36.70A.130.

For purposes of this section, "low-income housing" means housing with a monthly housing expense, that is no greater than thirty percent of eighty percent of the median family income adjusted for family size, for the county where the project is located, as reported by the United States department of housing and urban development.

For the purposes of this section, "early learning facility" has the same meaning as in RCW 43.31.565.

(1) The legislative body of a city, town, or county shall adopt regulations and procedures, and appoint administrative personnel for the summary approval of short plats and short subdivisions or alteration or vacation thereof. When an alteration or vacation involves a public dedication, the alteration or vacation shall be processed as provided in RCW 58.17.212 or 58.17.215. Such regulations shall be adopted by ordinance and shall provide that a short plat and short subdivision may be approved only if written findings that are appropriate, as provided in RCW 58.17.110, are made by the administrative personnel, and may contain wholly different requirements than those governing the approval of preliminary and final plats of subdivisions and may require surveys and monumentations and shall require filing of a short plat, or alteration or vacation thereof, for record in the office of the county auditor: PROVIDED, That such

regulations must contain a requirement that land in short subdivisions may not be further divided in any manner within a period of five years without the filing of a final plat, except that when the short plat contains fewer than four parcels, nothing in this section shall prevent the owner who filed the short plat from filing an alteration within the five-year period to create up to a total of four lots within the original short plat boundaries: PROVIDED FURTHER, That such regulations are not required to contain a penalty clause as provided in RCW 36.32.120 and may provide for wholly injunctive relief.

An ordinance requiring a survey shall require that the survey be completed and filed with the application for approval of the short subdivision.

(2) Cities, towns, and counties shall include in their short plat regulations and procedures pursuant to subsection (1) of this section provisions for considering sidewalks and other planning features that assure safe walking conditions for students who walk to and from school.

(3) All cities, towns, and counties shall include in their short plat regulations procedures for unit lot subdivisions allowing division of a parent lot into separately owned unit lots. Portions of the parent lot not subdivided for individual unit lots shall be owned in common by the owners of the individual unit lots, or by a homeowners' association comprised of the owners of the individual unit lots.

**Sec. 12.** RCW 64.55.160 and 2005 c 456 s 17 are each amended to read as follows:

(1) On or before the (~~sixtieth~~) 60th day following completion of the mediation pursuant to RCW 64.55.120(4) and following filing and service of the complaint, the declarant, association, or party unit owner may serve on an adverse party an offer to allow judgment to be entered. The offer of judgment shall specify the amount of damages, not including costs or fees, that the declarant, association, or party unit owner is offering to pay or receive. A declarant's offer shall also include its commitment to pay costs and fees that may be awarded as provided in this section. The declarant, association, or party unit owner may make more than one offer of judgment so long as each offer is timely made. Each subsequent offer supersedes and replaces the previous offer. Any offer not accepted within (~~twenty-one~~) 21 days of the service of that offer is deemed rejected and withdrawn and evidence thereof is not admissible and may not be provided to the court or arbitrator except in a proceeding to determine costs and fees or as part of the motion identified in subsection (2) of this section.

(2) A declarant's offer must include a demonstration of ability to pay damages, costs, and fees, including reasonable attorneys' fees, within thirty days of acceptance of the offer of judgment. The demonstration of ability to pay shall include a sworn statement signed by the declarant, the attorney representing the declarant, and, if any insurance proceeds

will be used to fund any portion of the offer, an authorized representative of the insurance company. If the association or party unit owner disputes the adequacy of the declarant's demonstration of ability to pay, the association or party unit owner may file a motion with the court requesting a ruling on the adequacy of the declarant's demonstration of ability to pay. Upon filing of such motion, the deadline for a response to the offer shall be tolled from the date the motion is filed until the court has ruled.

(3) An association or party unit owner that accepts the declarant's offer of judgment shall be deemed the prevailing party and, in addition to recovery of the amount of the offer, shall be entitled to a costs and fees award, including reasonable attorneys' fees, in an amount to be determined by the court in accordance with applicable law.

(4) If the amount of the final nonappealable or nonappealed judgment, exclusive of costs or fees, is not more favorable to the offeree than the offer of judgment, then the offeror is deemed the prevailing party for purposes of this section only and is entitled to an award of costs and fees, including reasonable attorneys' fees, incurred after the date the last offer of judgment was rejected and through the date of entry of a final nonappealable or nonappealed judgment, in an amount to be determined by the court in accordance with applicable law. The nonprevailing party shall not be entitled to receive any award of costs and fees.

(5) If the final nonappealable or nonappealed judgment on damages, not including costs or fees, is more favorable to the offeree than the last offer of judgment, then the court shall determine which party is the prevailing party and shall determine the amount of the costs and fees award, including reasonable attorneys' fees, in accordance with applicable law.

(6) Notwithstanding any other provision in this section, with respect to claims brought by an association or unit owner, the liability for declarant's costs and fees, including reasonable attorneys' fees, shall:

(a) With respect to claims brought by an association, not exceed five percent of the assessed value of the condominium as a whole, which is determined by the aggregate tax-assessed value of all units at the time of the award; and

(b) With respect to claims brought by a party unit owner, not exceed five percent of the assessed value of the unit at the time of the award.

**MESSAGE FROM THE SENATE**

Wednesday, April 12, 2023

Mme. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1745, with the following amendment(s): 1745-S2 AMS RIVE S3301.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that controlled clinical trials provide a critical base of evidence for evaluating whether a medical product is safe and effective before the product is approved for marketing. The United States food and drug administration has evaluated demographic profiles of people participating in clinical trials for approved drugs and found that some groups, especially ethnic and racial groups, are not always well represented in clinical trials. Diversity in clinical trials is necessary to effectively determine how race, gender, and age impact how a person metabolizes a drug. Communities of color have been working diligently to establish a foundation of trust with government and clinical research with the goal of engaging more trial participants who are members of underrepresented demographic groups. Joining clinical trials is a difficult and complex process and the lack of trust and awareness of clinical trials and research, in addition to burdens related to transportation, geography, and access, limit trial participants. The lack of diversity in clinical trials compounds access to treatment disparities and limits our understanding of the impacts of studied interventions and conditions across the population.

(2) Therefore, it is the policy of the state to:

(a) Improve the completeness and quality of data concerning diverse demographic groups that is collected, reported, and analyzed for the purposes of clinical trials of drugs and medical devices;

(b) Identify barriers to participation in clinical trials by persons who are members of demographic groups that are underrepresented in such trials and employ strategies recognized by the United States

food and drug administration to encourage greater participation in clinical trials by such persons;

(c) Make data concerning demographic groups that is collected, reported, and analyzed for the purposes of clinical trials more available and transparent; and

(d) Require certain entities conducting clinical trials to offer trial participants information in a language other than English and provide culturally specific recruitment materials alongside general enrollment materials.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Washington state review board" or "review board" means the Washington state institutional review board, established pursuant to 45 C.F.R. Part 46, which is the designated institutional review board for the department of social and health services, the department of health, the department of labor and industries, and other state agencies.

(2) "Underrepresented community" or "underrepresented demographic group" means a community or demographic group that is more likely to be historically marginalized and less likely to be included in research and clinical trials represented by race, sex, sexual orientation, socioeconomic status, age, and geographic location.

**NEW SECTION. Sec. 3.** The Washington state review board shall establish a diversity in clinical trials program to encourage participation in clinical trials of drugs and medical devices by persons who are members of demographic groups that are underrepresented in clinical trials. In developing this program, the review board shall compile and share information and resources in an accessible fashion to assist entities in Washington state that conduct clinical trials of drugs and medical devices to increase participation by persons who are members of demographic groups that are underrepresented in clinical trials including, but not limited to:

(1) Information concerning methods for identifying and recruiting persons who are members of underrepresented demographic groups to participate in clinical trials;

(2) Links or copies of outside resources related to increasing participation by members of underrepresented demographic groups in clinical trials provided by community organizations or other interested agencies or parties;

(3) Contact information for community organizations or other appropriate entities which may be able to provide assistance with efforts to increase participation by underrepresented demographic groups in clinical trials; and

(4) Links to websites maintained by medical facilities, health authorities, and other local governmental entities, nonprofit organizations, and scientific investigators and institutions that are performing research relating to drugs or medical devices in this state.

**NEW SECTION. Sec. 4.** Any state entity or hospital that receives funding from the national institutes of health to conduct clinical trials of drugs or medical devices shall:

(1) Adopt a policy concerning the identification and recruitment of persons who are members of underrepresented demographic groups to participate in clinical trials. This policy must include requirements that investigators who are conducting clinical trials collaborate with community-based organizations and use methods recognized by the United States food and drug administration to identify and recruit such persons to participate in those clinical trials;

(2) Provide information to trial participants in languages other than English;

(3) Provide translation services or bilingual staff for trial screening;

(4) Provide culturally specific recruitment materials alongside general enrollment materials; and

(5) Provide electronic consent when not prohibited by the granting entity or federal regulations.

**Sec. 5.** RCW 43.348.040 and 2018 c 4 s 4 are each amended to read as follows:

(1) The Andy Hill cancer research endowment program is created. The purpose of the program is to make grants to public and private entities, including commercial entities, to fund or reimburse the entities pursuant to agreement for the promotion of cancer research to be conducted in the state. The endowment is to oversee and guide the program, including the solicitation, selection, and award of grants.

(2) The board must develop a plan for the allocation of projected amounts in the fund, which it must update annually, following at least one annual public hearing. The plan must provide for appropriate funding continuity and take into account the projected speed at which revenues will be available and amounts that can be spent during the plan period.

(3) The endowment must solicit requests for grant funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research or program; (b) its potential to improve health outcomes of persons with cancer, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular cancer or cancer-related condition or disease; (c) its potential for leveraging additional funding; (d) its potential to provide additional health care benefits or benefit other human diseases or conditions; (e) its potential to stimulate life science, health care, and biomedical employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty, sales, or licensing revenue, or other commercialization-related revenue and contractual means to recapture such income for purposes of this chapter; ((and)) (h) evidence of public and private

collaboration; (i) the ability to offer trial participants information in a language other than English; (j) the ability to provide culturally specific recruitment materials alongside general enrollment materials; (k) the ability to provide electronic consent when not prohibited by other granting entities or federal regulations; and (l) other evidence of outreach and engagement to increase participation of underrepresented communities in clinical trials of drugs and medical devices.

(4) The endowment may not award a grant for a proposal that was not recommended by an independent expert scientific review and advisory committee under RCW 43.348.050.

(5) The endowment must issue an annual report to the public that sets forth its activities with respect to the fund, including grants awarded, grant-funded work in progress, research accomplishments, prevention, and care activities, and future program directions with respect to cancer research, prevention, and care. Each annual report regarding activities of the program and fund must include, but not be limited to, the following: The number and dollar amounts of grants; the grantees for the prior year; the endowment's administrative expenses; an assessment of the availability of funding for cancer research, prevention, and care from sources other than the endowment; a summary of research, prevention, and care-related findings, including promising new areas for investment; and a report on the benefits to Washington of its programs to date.

(6) The endowment's first annual report must include a proposed operating plan for the design, implementation, and administration of an endowment program supporting the purposes of the endowment and program.

(7) The endowment must adopt policies to ensure that all potential conflicts have been disclosed and that all conflicts have been eliminated or mitigated.

(8) The endowment must establish standards to ensure that recipients of grants for cancer research, prevention, or care purchase goods and services from Washington suppliers to the extent reasonably possible.

**NEW SECTION. Sec. 6.** (1) The department of health, in consultation with the University of Washington, Washington State University, the Andy Hill cancer research endowment, Washington community health boards and initiatives, community-based organizations, and other relevant research organizations, shall analyze and provide recommendations on the following:

(a) What demographic groups and populations are currently represented and underrepresented in clinical trials in Washington, including geographic representation;

(b) Barriers for persons who are members of underrepresented demographic groups to participate in clinical trials in Washington, including barriers related to transportation; and

(c) Approaches for how clinical trials can successfully partner with community-based organizations and others to provide outreach to underrepresented communities.

(2) By December 1, 2023, the department of health shall report to the legislature the results of the analysis and any recommendations to increase diversity and reduce barriers for participants in clinical trials.

(3) For purposes of this section, "underrepresented community" or "underrepresented demographic group" means a community or demographic group that is more likely to be historically marginalized and less likely to be included in research and clinical trials represented by race, sex, sexual orientation, socioeconomic status, age, and geographic location.

(4) This section expires December 31, 2023.

**NEW SECTION. Sec. 7.** A new section is added to chapter 43.348 RCW to read as follows:

(1) Beginning January 1, 2024, the University of Washington and Washington State University may partner with the Andy Hill cancer research endowment, the department of health, community-based organizations, and other entities to increase the participation of persons who are members of underrepresented demographic groups in clinical trials for drugs or medical devices. If an investigator at the University of Washington or Washington State University is conducting or planning to conduct a clinical trial on a drug or medical device and the University determines that the trial would benefit from specific community outreach and engagement to increase participation of an underrepresented community in the clinical trial, the University of Washington or Washington State University may:

(a) Request the assistance of the department of health and the Andy Hill cancer research endowment to create an outreach plan and coordinate with community-based organizations to provide outreach and engagement; and

(b) Provide the Andy Hill cancer research endowment and the department of health with the following information:

(i) A summary of the clinical trial, including a description of the drug or medical device and any condition or disease that the clinical trial is addressing or targeting;

(ii) Any information on health disparities related to the condition, disease, or related drugs or medical devices, including any demographic groups that may be disproportionately impacted; and

(iii) Any other information that may assist the Andy Hill cancer research endowment, department of health, and community-based organizations in providing outreach and engagement to specific demographic groups or communities.

(2) The requesting university, the Andy Hill cancer research endowment, and the department of health, in collaboration with community-based organizations and other appropriate entities, shall develop a

specific community outreach and engagement plan to increase participation of an underrepresented demographic group or community in the clinical trial.

(3) Subject to the availability of amounts appropriated for this specific purpose, the Andy Hill cancer research endowment may administer grants to Washington state community-based organizations to implement the outreach plan and to provide meaningful and real-time community engagement with any demographic groups or communities identified in subsection (1) of this section with the goal of increasing the demographic group's or community's participation in the clinical trial. The community engagement should utilize any recommendations provided by the department of health's report required under section 6 of this act.

**NEW SECTION. Sec. 8.** A new section is added to chapter 28B.20 RCW to read as follows:

If at any time the University of Washington receives funding from the national institutes of health to conduct clinical trials of drugs or medical devices, the University of Washington shall adopt a policy concerning the identification and recruitment of persons who are members of underrepresented demographic groups to participate in clinical trials of drugs and medical devices. This policy must include requirements to:

(3) Provide translation services or bilingual staff for trial screening;

(4) Provide culturally specific recruitment materials alongside general enrollment materials; and

(5) Provide electronic consent when not prohibited by the granting entity or federal regulations.

(4) Provide culturally specific recruitment materials alongside general enrollment materials; and

(5) Provide electronic consent when not prohibited by the granting entity or federal regulations.

**NEW SECTION. Sec. 10.** Sections 1 through 4 of this act constitute a new chapter in Title 69 RCW."

On page 1, line 1 of the title, after "trials;" strike the remainder of the title and insert "amending RCW 43.348.040; adding a new section to chapter 43.348 RCW; adding a new section to chapter 28B.20 RCW; adding a new section to chapter 28B.30 RCW; adding a new chapter to Title 69 RCW; creating a new section; and providing an expiration date."

Mme. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1550, with the following amendment(s): 1550-S2 AMS EDU S2590.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The intent of the legislature is to continue and rename transitional kindergarten as the transition to kindergarten program and that the program be established in statute with the goal of assisting eligible children in need of additional preparation to be successful kindergarten students in the following school year. The transition to kindergarten program is not part of the state's statutory program of basic education under RCW 28A.150.200.

(2) The office of the superintendent of public instruction shall administer the transition to kindergarten program and shall adopt rules under chapter 34.05 RCW for the administration of, and the allocation of state funding for, the transition to kindergarten program. Initial rules, which include expectations for school districts and public schools transitioning existing programs to the new requirements established in this section must be adopted in time for the 2023-24 school year, and permanent rules must be adopted by the beginning of the 2024-25 school year. The rules must include, at a minimum, the following requirements for a transition to kindergarten program:

(a) (i) A limitation on program enrollment to eligible children. Eligible children include only those who:

(A) Have been determined to benefit from additional preparation for kindergarten; and

(B) Are at least four years old by August 31st of the school year they enroll in the transition to kindergarten program.

(ii) School districts and public schools may prioritize families with the lowest incomes and children most in need for additional preparation to be successful in

kindergarten when enrolling eligible children in a transition to kindergarten program;

(iii) Access to the transition to kindergarten program does not constitute an individual entitlement for any particular child.

(b) Except for children who have been excused from participation by their parents or legal guardians, a requirement that the Washington kindergarten inventory of developing skills as established by RCW 28A.655.080 be administered to all eligible children enrolled in a transition to kindergarten program at the beginning of the child's enrollment in the program and at least one more time during the school year.

(c) A requirement that all eligible children enrolled in a transition to kindergarten program be assigned a statewide student identifier and that the transition to kindergarten program be considered a separate class or course for the purposes of data reporting requirements in RCW 28A.320.175.

(d)(i) A requirement that a local child care and early learning needs assessment is conducted before beginning or expanding a transition to kindergarten program that considers the existing availability and affordability of early learning providers, such as the early childhood education and assistance programs, head start programs, and licensed child care centers and family home providers in the region. Data available through the regionalized data dashboard maintained by the department of children, youth, and families or any other appropriate sources may be used to conduct the needs assessment required by this section.

(ii) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, shall develop statewide coordinated eligibility, recruitment, enrollment, and selection best practices and provide technical assistance to those implementing a transition to kindergarten program to support connections with local early learning providers.

(iii) Nothing in this section prohibits school districts and public schools from blending or colocating a transition to kindergarten program with other early learning programs.

(e)(i) A requirement that school districts and public schools adhere to guidelines, as developed by the office of the superintendent of public instruction, related to:

(A) Best practices for site readiness of facilities that are used for the program;

(B) Developmentally appropriate curricula that might assist in maintaining high quality programs; and

(C) Professional development opportunities.

(ii) The office of the superintendent of public instruction must develop a process for conducting site visits of a school district or public school offering a transition to kindergarten program and provide feedback on elements listed in this subsection (2)(e).

(f) A prohibition on charging tuition or other fees to state-funded eligible children

for enrollment in a transition to kindergarten program.

(g) A prohibition on establishing a policy of excluding an eligible child due only to the presence of a disability.

(3)(a) Funding for the transition to kindergarten program must be based on the following:

(i) The distribution formula established under RCW 28A.150.260 (4)(a), (5), (6), (8), and (10)(a) and (b), calculated using the actual number of annual average full-time equivalent eligible children enrolled in the program. A transition to kindergarten child must be counted as a kindergarten student for purposes of the funding calculations referenced in this subsection, but must be reported separately.

(ii) The distribution formula developed in RCW 28A.160.150 through 28A.160.192, calculated using reported ridership for eligible children enrolled in the program.

(b) Funding provided for the transition to kindergarten program is not part of the state's statutory program of basic education under RCW 28A.150.200 and must be expended only for the support of operating a transition to kindergarten program.

**Sec. 2.** RCW 28A.225.160 and 2009 c 380 s 3 are each amended to read as follows:

(1) Except as provided in subsection ~~((2))~~(3) of this section and otherwise provided by law, it is the general policy of the state that the common schools shall be open to the admission of all persons who are five years of age and less than ~~((twenty-one))~~21 years residing in that school district. Except as otherwise provided by law or rules adopted by the superintendent of public instruction, districts may establish uniform entry qualifications, including but not limited to birthdate requirements, for admission to kindergarten and first grade programs of the common schools. Such rules may provide for individualized exceptions based upon the ability, or the need, or both, of an individual student. Nothing in this section authorizes school districts, public schools, or the superintendent of public instruction to create state-funded programs based on entry qualification exceptions except as otherwise expressly provided by law.

(2) For the purpose of complying with any rule adopted by the superintendent of public instruction that authorizes a preadmission screening process as a prerequisite to granting individualized exceptions to the uniform entry qualifications, a school district may collect fees to cover expenses incurred in the administration of any preadmission screening process: PROVIDED, That in so establishing such fee or fees, the district shall adopt rules for waiving and reducing such fees in the cases of those persons whose families, by reason of their low income, would have difficulty in paying the entire amount of such fees.

~~((2))~~(3) A student who meets the definition of a child of a military family in transition under Article II of RCW 28A.705.010 shall be permitted to continue enrollment at the grade level in the common schools commensurate with the grade level of

the student when attending school in the sending state as defined in Article II of RCW 28A.705.010, regardless of age or birthdate requirements.

**NEW SECTION. Sec. 3.** (1) The department of children, youth, and families must make administrative changes to better align early childhood education and assistance program implementation with state-funded early learning programs serving three through five-year old children offered by school districts and public schools. The department must submit a report, in compliance with RCW 43.01.036, of the administrative changes to the appropriate committees of the legislature by July 1, 2024.

Mme. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1163, with the following amendment(s): 1163-S AMS BFGT S2346.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) This section is the tax preference performance statement for the tax preference contained in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(a) The legislature categorizes the tax preference contained in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act) as one intended to induce certain designated behavior by taxpayers and provide tax parity, as indicated in RCW 82.32.808(2) (a) and (f).

(b) For the tax preference evaluation under subsection (2) of this section, the legislature's specific public policy objective is to provide tax parity resulting in leasehold excise tax relief for large arena facilities used for professional sports with the expectation that the operational entities overseeing operations at these facilities will provide substantial economic benefits to their specific region with a focus on: Providing employment opportunities for women and minority-owned businesses; fostering equity and social justice with an emphasis on arena-impacted communities; providing general community resource support; and ensuring quality access to the facilities for people across a range of income levels.

(c) For the tax preference evaluation under subsection (3) of this section, the legislature's specific public policy objectives are to provide tax parity resulting in leasehold excise tax relief with the expectation that employees employed at the facilities receive competitive wages and benefits and the facilities advance and promote diverse and inclusive voices, experiences, perspectives, and employment opportunities.

(2) To measure the effectiveness of the tax preference identified in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act), except as provided in subsection (3) of this section, the joint legislative audit and review committee must evaluate the following:

(a) State and local fiscal impacts;

(b) To the extent data is available from the operating entity, the number of employment positions and wages at the facility for all employers, the degree to which employment positions at the facility have been filled by people residing in economically distressed regions of the county in which the facility is located, and the race and ethnicity of the employees. The evaluation must include a comparison of annual average wages at the facility and annual county average wages as published by the employment security department as part of its covered employment data;

(c) The extent to which the operational entity provides opportunities for patrons of

all income levels to enjoy programming by offering seating at a range of price points that are equitably distributed throughout the facility; and

(d) The extent to which the operational entity generally contributes resources to: Organizations that serve the region; the communities surrounding the facility; and programs and services for youth, arts, music, and culture.

(3) To measure the effectiveness of the tax preference in section 2(23), chapter . . . , Laws of 2023 (section 2(23) of this act) for arenas with a seating capacity of 17,000 or less, the joint legislative audit and review committee must evaluate the following to the extent that data is available from the operating entity or public owner of the arena:

(a) State and local fiscal impacts;

(b) The number of employment positions and wages at the facility for all employers operating at the facility. The evaluation must include a comparison of annual average wages at the facility and annual county average wages as published by the employment security department as part of its covered employment data;

(c) The financial stability of the facility through an examination of revenues and expenditures specific to the facility;

(d) The types of programming and events scheduled at the facility; and

(e) The economic impact of the facility in the county in which the facility is located.

(4) In order to obtain the data necessary to perform the reviews in subsections (2) and (3) of this section, the department of revenue must provide tax-related data needed for the joint legislative audit and review committee analysis, including the annual tax performance reports provided pursuant to RCW 82.32.534. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary and the legislative auditor, or his or her designee, may contact operational entities after the effective date of this section to establish appropriate documentation to be provided by the operational entities to the joint legislative audit and review committee to facilitate its review of the tax preferences identified in this act.

(5) For the purpose of this section, "operational entity" means a limited liability company or any other public or private legal entity that is primarily responsible for the management and operation of a stadium or arena facility.

#### HOUSE AMENDMENT TO SENATE BILL

There being no objection, the House receded from its amendment to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5315.

There being no objection, the rules were suspended, and ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5315 was returned to second reading for the purpose of amendment.

Representative Santos moved the adoption of the striking amendment (766):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) (a) (i) The legislature finds that the federal individuals with disabilities education act, Title 20 U.S.C. Sec. 1400 et seq., establishes duties for the state education agency, which is the office of the superintendent of public instruction in Washington, with respect to students with disabilities who are placed in a private school or facility by a school district or other public agency as a means of providing special education and related services.

(ii) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction ensure that a student with a disability who is placed in a private school or facility by a school district or other public agency:

(A) Is provided special education and related services in conformance with an individualized education program that meets the requirements of federal law and at no cost to the student's parents;

(B) Is provided an education that meets the standards that apply to education provided by a school district or other public agency; and

(C) Has all of the rights of a student with a disability who is served by a school district or other public agency.

(iii) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction, in implementing the requirements described in (a) (ii) of this subsection:

(A) Monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires;

(B) Disseminate copies of applicable standards to each private school and facility to which a school district or other public agency has placed a student with a disability; and

(C) Provide an opportunity for those private schools and facilities to

participate in the development and revision of state standards that apply to them.

(iv) The federal implementing regulations of the federal individuals with disabilities education act require the state to monitor implementation of the individuals with disabilities education act to improve educational results and functional outcomes for all students with disabilities. The state must use indicators to measure school district performance, identify areas of noncompliance, and use appropriate enforcement mechanisms, such as technical assistance, corrective action, or withholding funds.

(b) The legislature acknowledges that it has not codified the federal requirements. Therefore, the legislature intends to codify the duty and authority of the superintendent of public instruction to establish standards for authorizing, monitoring, and investigating private schools approved by the state board of education under RCW 28A.305.130, other private in-state entities, and any out-of-state entities, that contract with school districts to provide special education and related services to students with disabilities. The legislature also intends to codify the requirement that these standards must ensure that any students with disabilities placed in the authorized entities by school districts have the same rights, protections, and access to special education and related services that they would have if served by school districts.

(2) (a) (i) The federal implementing regulations of the federal individuals with disabilities education act specify that, when a school district or other public agency has placed a student with disabilities in a private school or facility, responsibility for compliance with the federal individuals with disabilities education act remains with the school district or other public agency and with the office of the superintendent of public instruction.

(ii) State statute permits school districts to contract with entities authorized by the office of the superintendent of public instruction to operate special education programs for students with disabilities and specifies that the approval standards must conform substantially to those of special education programs in the school districts.

(iii) Rules of the office of the superintendent of public instruction specify the minimum elements of the written contract that must be made between a school district and an authorized entity. In addition, these rules specify that the school district remains responsible for ensuring that any student placed in an authorized entity is provided a free appropriate public education in conformance with the individualized education program developed by the school district.

(b) The legislature intends to codify the responsibilities of school districts placing students with disabilities in authorized entities, including specifying minimum contract and parent notification requirements.

(3) In addition, the legislature intends to ensure accountability is properly exercised and shared by directing the state auditor to conduct a performance audit of the system for overseeing the authorized entities that provide special education services to students with disabilities, as well as requiring school districts contracting with these authorized entities to report concerns about education overbilling to the office of the superintendent of public instruction and the office of the state auditor.

**Sec. 2.** RCW 28A.155.090 and 2007 c 115 s 11 are each amended to read as follows:

The superintendent of public instruction shall have the duty and authority, through the administrative section or unit for the education of children with ~~((disabling conditions))~~ disabilities, to:

(1) Assist school districts in the formation of programs to meet the needs of children with disabilities;

(2) Develop interdistrict cooperation programs for children with disabilities as authorized in RCW 28A.225.250;

(3) Provide, upon request, to parents or guardians of children with disabilities, information as to the special education programs for students with disabilities offered within the state;

(4) Assist, upon request, the parent or guardian of any child with disabilities in the placement of any child with disabilities who is eligible for but not receiving special educational services for children with disabilities;

(5) Approve school district and agency programs as being eligible for special excess cost financial aid to students with disabilities;

(6) Establish standards for authorizing, monitoring, and investigating private schools approved by the state board of education under RCW 28A.305.130, other private in-state entities, and any out-of-state entities, that contract with school districts under RCW 28A.155.060 to provide special education and related services to children with disabilities. The standards must ensure that any children with disabilities placed in authorized entities by school districts have the same rights, protections, and access to special education and related services that they would have if served by a school district;

(7) Consistent with the provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160, and part B of the federal individuals with disabilities education improvement act, administer administrative hearings and other procedures to ensure procedural safeguards of children with disabilities; and

~~((7))~~ (8) Promulgate such rules as are necessary to implement part B of the federal individuals with disabilities education improvement act or other federal law providing for special education services for children with disabilities and the several provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160 and to ensure appropriate access to and participation in the general education

curriculum and participation in statewide assessments for all students with disabilities.

**"NEW SECTION. Sec. 6.** The sum of one million dollars, or so much thereof as may be necessary, is appropriated from the state general fund for the fiscal year ending June 30, 2023, and is provided solely for expenditure into the state self-insurance liability account under RCW 4.92.130 to address increased state liability for torts and injuries resulting from health care and for increased state costs of defending these claims."

Renumber the remaining section consecutively and correct internal references accordingly.

Correct the title.

## POINT OF ORDER

Representative Stonier requested a scope and object ruling on amendment (768) to SENATE BILL NO. 5768.

## SPEAKER'S RULING

"The title of the bill is an act relating to protecting access to abortion medications by authorizing the department of corrections to acquire, sell, deliver, distribute, and dispense abortion medications.

The bill authorizes the Department of Corrections to engage in any activity constituting the practice of pharmacy or wholesale distribution of abortion medications; exempts the Department from wholesaler license requirements; and requires the Department to establish and operate a program to deliver, dispense, and distribute abortion medications.

Amendment (768) adds a one-million-dollar appropriation to the bill to pay for any state legal liabilities for torts and injuries resulting from health care and any state defense costs for such claims. The funds would be deposited into the state self-insurance liability account.

The amendment does not in any manner provide funding for the purposes of implementing Senate Bill 5768 or the program created under the bill. In fact, the amendment applies to state liability for health care torts and injuries in general rather the more limited subject of the bill. Finally, the amendment would

specifically dedicate its revenues to a fund that is not part of the bill.

The Speaker therefore finds and rules that the amendment is beyond the scope and object of the bill.

The point of order is well taken."

Representative Chambers moved the adoption of amendment (770):

On page 5, after line 9, insert the following:

"NEW SECTION. **Sec. 7.** This act expires June 30, 2027."

Correct the title.

Representative Chambers spoke in favor of the adoption of the amendment.

Representative Stonier spoke against the adoption of the amendment.

Amendment (770) was not adopted.

Representative Stokesbary moved the adoption of amendment (773):

On page 5, beginning on line 6, after "**Sec. 6.**" strike all material through "immediately." on line 9 and insert "(1) Sections 1 through 5 of this act take effect only if mifepristone is the subject of an order or regulatory determination that substantially restricts access to mifepristone in Washington state as determined by the attorney general in subsection (2) of this section.

#### MESSAGE FROM THE SENATE

Thursday, April 20, 2023

Mme. Speaker:

The Senate receded from its amendment(s) to SECOND SUBSTITUTE HOUSE BILL NO. 1559, and under suspension of the rules returned SECOND SUBSTITUTE HOUSE BILL NO. 1559 to second reading for purpose of amendment(s). The Senate further adopted amendment 1559-S2 AMS RAND S3358.2 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** In 2022, students at 39 colleges and universities across Washington state participated in a survey about basic needs insecurities, including access to food, housing, child care, and more. The survey found that nearly half of all students in all regions of the state experienced some type of basic needs insecurity. One in every three students experienced either food insecurity or housing insecurity. One in every 10 students had also experienced homelessness in the previous 12 months. Some students experienced these insecurities at higher rates than others, and former foster youth had the highest rates of basic needs insecurities with 75 percent experiencing either food or housing insecurity. Addressing basic needs challenges for students contributes to their ability to remain enrolled and pursue their educational goals as evidenced by data from the two student support programs the legislature previously enacted, the student emergency assistance grant program and the supporting students experiencing homelessness pilot program. When students received this

assistance, an average of 88 percent of them were able to persist in their programs.

Therefore, the legislature intends to continue to support students and help students meet their basic needs by increasing access to resources and support services.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28B.10 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, each institution of higher education, the university campuses created under chapter 28B.45 RCW, and the tribal college must have a minimum of one benefits navigator employed at a minimum .75 full-time equivalent rate, not to be divided between two or more staff, to assist students in accessing public benefits, existing emergency assistance programs such as those funded by RCW 28B.50.295, and other community resources. Each benefits navigator must be stationed at a single location on campus where students are directed to receive assistance. The institutions of higher education and the tribal college, in coordination with the respective benefits navigators, must each develop a hunger-free and basic needs campus strategic plan by April 1, 2024. Each strategic plan must:

(a) Identify campus food pantry policies that, in practice, create barriers to access and reduce or remove those barriers in the implementation of this subsection;

(b) Review and update methods to identify likely low-income and food-insecure students and conduct communications and outreach methods by the institution to promote opportunities for benefits assistance (such as basic food enrollment, working connections child care enrollment, referrals to the special supplemental nutrition program for women, infants, and children, affordable housing assistance) and emergency financial resources;

(c) Assess the needs and advantages of the benefits navigators;

(d) Identify opportunities for the institution and partnerships with community-based organizations to holistically support students' basic needs, access to benefits and community resources;

(e) Facilitate discussions and generate recommendations amongst community stakeholders on the basic needs of the institution's geographic postsecondary student population; and

(f) Assess the distribution of state funds for basic needs support provided to institutions of higher education and the tribal college.

(2) By the beginning of the 2024-25 academic year, the Washington student achievement council must collect and disseminate results of a student survey developed by the student achievement council, in collaboration with the state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education, to assess food security, housing security, and access to basic economic supports. Results from the

survey may be used by the institutions of higher education and the tribal college. Existing survey tools may be used for this purpose.

(3) Public four-year institutions of higher education and their respective university campuses shall coordinate with an organization representing the presidents of the public four-year institutions to submit a report that must include outcomes from implementation of benefits navigators and findings and activities from their respective hunger-free and basic needs campus strategic plans. The community and technical colleges shall coordinate with the state board for community and technical colleges to submit a report that must include outcomes from implementation of benefits navigators and findings and activities from their respective hunger-free and basic needs campus strategic plans. The organizations representing the presidents of the public four-year institutions and the state board for community and technical colleges must submit the reports by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(4) The tribal college shall submit a report that must include the findings and activities from implementation of the benefits navigator and findings and activities from the hunger-free and basic needs campus strategic plan. The tribal college must submit the report by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Benefits navigator" means an individual who is employed by an institution of higher education for the purpose of helping students seek, apply for, and receive assistance from benefits programs, emergency resources, and community resources.

(b) "Institutions of higher education" has the same meaning as in RCW 28B.10.016.

(c) "Student basic needs" means food, water, shelter, clothing, physical health, mental health, child care, or similar needs that students enrolled at an institution of higher education or tribal college may face difficulty with and that hinders their ability to begin or continue their enrollment.

(d) "Tribal colleges" means institutions of higher education operated by an Indian tribe as defined in RCW 43.376.010.

**NEW SECTION. Sec. 3.** (1) Subject to the availability of amounts appropriated for this specific purpose, a pilot program to provide free and low-cost meal plans or food vouchers to eligible low-income students is established at:

(a) Four college districts, two on each side of the crest of the Cascade mountains, selected by the state board for community and technical colleges; and

(b) Two public four-year institutions of higher education, one on each side of the crest of the Cascade mountains, selected by an organization representing the presidents of public four-year institutions.

(2) The pilot program expires July 1, 2026.

(3) This section expires January 1, 2027.

**NEW SECTION. Sec. 4.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "adding a new section to chapter 28B.10 RCW; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1559, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

#### MESSAGE FROM THE SENATE

Thursday, April 20, 2023

Mme. Speaker:

The Senate receded from its amendment(s) to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1853, and under suspension of the rules returned ENGROSSED SUBSTITUTE HOUSE BILL NO. 1853 to second reading for purpose of amendment(s). The Senate further adopted amendment 1853-S.E AMS LIIA S3367.1 and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** During the regular legislative session of 2022, the legislature passed Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), a significant transportation resources bill intended to provide needed transportation funding throughout the state. However, since the enactment of that act, certain drafting errors and omissions were identified within the act resulting in some provisions being enacted contrary to legislative intent. Additionally, some corrective changes were identified that would better conform certain provisions with original legislative intent. Therefore, it is the intent of the legislature to simply correct manifest drafting errors and omissions and adopt corrective changes in order to conform certain provisions with the original legislative intent of Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022). It is not the intent of the legislature to alter the intended substantive policy enacted in Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), but rather to make certain corrective changes.

**Sec. 2.** RCW 46.17.015 and 2022 c 182 s 207 are each amended to read as follows:

(1) A person who applies for a vehicle registration or for any other right to operate a vehicle on the highways of this state shall pay a 25 cent license plate technology fee in addition to any other fees and taxes required by law. (2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license plate technology fee, except for a vehicle ~~((registered under RCW 46.16A.455(3)))~~ subject to the fee under RCW 46.17.355.

**Sec. 4.** RCW 81.104.170 and 2019 c 273 s 12 are each amended to read as follows:

(1) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, high capacity transportation corridor areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service.

(2) The tax authorized pursuant to this section is in addition to the tax authorized by RCW 82.14.030 and must be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district.

(a) Except for the tax imposed under (b) of this subsection by regional transit authorities that include a county with a population of more than ~~((one million five hundred thousand))~~ 1,500,000, the maximum rate of such tax must be approved by the voters and may not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed may not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340.

**Sec. 6.** RCW 47.04.380 and 2022 c 182 s 417 are each amended to read as follows:

(1) The legislature finds that many communities across Washington state have not equitably benefited from investments in the active transportation network. The legislature also finds that legacy state transportation facilities designed primarily for vehicle use caused disconnections in safe routes for people who walk, bike, and

roll to work and to carry out other daily activities.

(2) To address these investment gaps, and to honor the legacy of community advocacy of Sandy Williams, the Sandy Williams connecting communities program is established within the department. The purpose of the program is to improve active transportation connectivity in communities by:

(a) Providing safe, continuous routes for pedestrians, bicyclists, and other nonvehicle users carrying out their daily activities;

(b) Mitigating for the health, safety, and access impacts of transportation infrastructure that bisects communities and creates obstacles in the local active transportation network;

(c) Investing in greenways providing protected routes for a wide variety of nonvehicular users; and

(d) Facilitating the planning, development, and implementation of projects and activities that will improve the connectivity and safety of the active transportation network.

(3) The department must select projects to propose to the legislature for funding. In selecting projects, the department must consider, at a minimum, the following criteria:

(a) Access to a transit facility, community facility, commercial center, or community-identified assets;

(b) The use of minority and women-owned businesses and community-based organizations in planning, community engagement, design, and construction of the project;

(c) Whether the project will serve:

(i) Overburdened communities as defined in RCW 70A.02.010 to mean a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020;

(ii) Vulnerable populations as defined in RCW 70A.02.010 to mean population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to adverse socioeconomic factors, such as unemployment, high housing, and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and sensitivity factors, such as low birth weight and higher rates of hospitalization. Vulnerable populations include, but are not limited to: Racial or ethnic minorities, low-income populations, populations disproportionately impacted by environmental harms, and populations of workers experiencing environmental harms;

(iii) Household incomes at or below 200 percent of the federal poverty level; and

(iv) People with disabilities;

(d) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map

developed by the department of health, or other similar indicators;

(e) Location on or adjacent to tribal lands or locations providing essential services to tribal members;

(f) Crash experience involving pedestrians and bicyclists; and

(g) Identified need by the community, for example in the state active transportation plan or a regional, county, or community plan.

(4) It is the intent of the legislature that the Sandy Williams connecting communities program comply with the requirements of chapter 314, Laws of 2021.

Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. **Sec. 102.** (1) The proceeds from the sale of bonds authorized in section 101 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:

If the state treasurer, on behalf of the state finance committee, determines that a portion of the amount specified in this subsection (1)(b) as taxable bonds may be issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(b). (b) The state treasurer shall transfer bond proceeds deposited in the state taxable building construction account into the Ruth Lecocq Kagi early learning facilities revolving account created by RCW 43.31.569 at various times and in various amounts necessary to support authorized expenditures from that account.

(3) These proceeds shall be used exclusively for the purposes specified in section 101 of this act and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of section 101 of this act, and shall be administered by the office of financial management subject to legislative appropriation.

NEW SECTION. **Sec. 103.** (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 101 of this act.

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of section 102 (1) and (2) of this act the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

NEW SECTION. **Sec. 104.** (1) Bonds issued under section 101 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary.

(2) If any bonds authorized in this chapter have not been issued by June 30, 2025, the authority of the state finance committee to issue such remaining unissued bonds expires June 30, 2025.

This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after one biennia ~~((, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued))~~.

**Sec. 204.** RCW 43.99V.010 and 2009 c 6 s 1 are each amended to read as follows:

(1) For the purpose of providing funds to finance the school construction assistance grant program described and authorized by the legislature in the capital appropriations acts for the 2007-2009 and 2009-2011 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ~~((one hundred thirty-three million dollars))~~ \$133,000,000, or as much thereof as may be required, to finance these projects and all costs incidental thereto. (2) If any bonds authorized in this chapter have not been issued by June 30, 2025, the authority of the state finance committee to issue such remaining unissued bonds expires June 30, 2025.

**PART III  
ADJUSTING CAPACITY FOR BONDS PREVIOUSLY  
AUTHORIZED BUT NOT YET ISSUED**

**Sec. 301.** RCW 43.100A.316 and 2021 c 331 s 1 are each amended to read as follows:

For the purpose of providing funds to finance the projects described and authorized by the legislature in the omnibus capital and operating appropriations acts for the 2019-2021 and 2021-2023 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of \$3,971,290,793, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

**Sec. 302.** RCW 43.100A.311 and 2019 c 414 s 1 are each amended to read as follows:

For the purpose of providing funds to finance the projects described and authorized by the legislature in the omnibus capital and operating appropriations acts for the 2017-2019 and 2019-2021 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three billion two hundred million nine hundred twenty-six thousand dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. **Sec. 303.** A new section is added to chapter 43.100A RCW to read as follows:

The legislature acknowledges that legislation authorizing the issuance of general obligation bonds of the state requires the legislature to appropriate the proceeds of sale of the bonds before the bonds may be issued. The legislature finds that the state has not fully expended all appropriations for capital projects that could have been supported by the issuance of state general obligation bonds, and that over time this under utilization of appropriation authority and the related bond

issuance authority has resulted in a cumulative difference between the amount of general obligation bonds authorized and the amount of bonds actually issued. This difference is reflected in LEAP Document No. BOND-1-HB-2023, which documents a cumulative amount of unused appropriation authority and related bond issuance authority.

The difference between the amount of bonds authorized and the amount of appropriations actually expended has not been reflected in the calculation of available debt capacity under the state debt limit, and has resulted in an understatement of available debt capacity of the state. The legislature intends to address this understatement by making a one-time adjustment of \$400,000,000 to the legislative balance sheet to reflect previously unused bond issuance authority enacted for the 2019-2021 and 2021-2023 fiscal biennia, and to utilize that bond issuance authority by authorizing appropriations for the 2023-2025 fiscal biennium that will be supported by that bond issuance authority.

#### **PART IV MISCELLANEOUS**

NEW SECTION. **Sec. 401.** RCW 43.100A.306 (Bond issuance—Intent) and 2018 c 3 s 202 are each repealed.

NEW SECTION. **Sec. 402.** Sections 101 through 105 of this act are each added to chapter 43.100A RCW.

NEW SECTION. **Sec. 403.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 404.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

#### **Concerning the capital budget.**

The bill was read the second time.

Representative Tharinger moved the adoption of the striking amendment (776):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2025, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2024" or "FY 2024" means the period beginning July 1, 2023, and ending June 30, 2024.

(b) "Fiscal year 2025" or "FY 2025" means the period beginning July 1, 2024, and ending June 30, 2025.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the

specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2025-2027 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2023, from the 2021-2023 biennial appropriations for each project.

2023-25 Energy Retrofits and Solar Power for Public Buildings (40000283)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$22,500,000 of the appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, tribal governments, and state agencies for improvements to facilities and related projects that result in energy and operational cost savings.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(2) \$22,500,000 of the appropriation in this section is provided solely for grants to be awarded in competitive rounds to local governments, public higher education institutions, school districts, tribal governments, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(3) \$5,000,000 of the appropriation in this section is provided solely for the energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by agencies that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and

other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request.

(4) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(5) If a grant is provided in subsection (1) or (3) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(6) Grants provided in subsections (1), (2), and (3) of this section to state agencies are exempt from the match requirements in this section.

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$500,000 of the appropriation in this section is provided solely for the department to convene a work group to:

(i) Analyze the financial investments required for owners of tier 1 covered buildings to comply with the state energy performance standard under RCW 19.27A.210; and

(ii) Make recommendations to the legislature to assist building owners in attaining compliance, which must include, but are not limited to:

(A) Identifying energy efficiency investments or other strategies and related timelines for increasing energy efficiency in the buildings sector;

(B) Providing a cost-benefit analysis of options, including energy efficiency, to meet the goal of reducing greenhouse gas emissions from the buildings sector; and

(C) Recommendations to balance financial investments while maximizing clean energy benefits for the state, including statutory changes that may be necessary for this purpose.

(b) The work group membership convened under this section must include, but is not limited to: One representative of the office of the superintendent of public instruction; one representative of a K-12 maintenance and operation administrators association; one representative of each of the state's public four-year institutions of higher education; one representative of the state board for community and technical colleges; one representative of the department of social and health services; one representative of

the department of corrections; one representative of the department of enterprise services; one representative of a health care organization; one representative from a local government; one representative from an organization representing privately owned tier 1 covered buildings; one representative from a business specializing in performance contracting for energy services; one representative from a nonprofit specializing in clean energy; and two representatives of a national association for industrial and office parks.

(c) The department must submit to the appropriate committees of the legislature:

(i) Analysis of financial investments as required by this section by December 15, 2023; and

(ii) A final report with recommendations as required by this section by September 1, 2024.

(2) Except as provided in subsections (1) and (13) of this section, the appropriation in this section is provided solely for competitive grants to eligible entities for predevelopment, design, and construction of projects that provide a public benefit through research, development, demonstration, or deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes.

(3) Entities eligible for grant funding under this section include local governments, federally recognized tribal governments and tribes' contracted service providers, public and private utilities that serve retail customers in the state, for-profit entities, research institutions, nonprofit organizations, and state agencies.

(4) To be eligible, a project must be consistent with the state energy strategy adopted under chapter 43.21F RCW and policies under chapter 19.405 RCW. To the extent practicable, the department must prioritize projects that build upon Washington's strengths in aerospace, maritime, information and communications technology, grid modernization, advanced materials, and decarbonizing the built environment.

(5) The department must invite stakeholders to participate in the design and implementation of grant programs funded under this section. The department must consider equity and environmental justice when developing the program structure and opportunities for applicant participation.

(6) When soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section;

(b) Ensure that a public benefit results from the use of public funds through due diligence and monitoring of contracted projects, including ensuring compliance with all applicable laws related to the project selection process, project monitoring, and contracting; and

(c) Prioritize projects for funding that leverage the greatest amount of matching funds, such as local levy funding.

(7) (a) The department must require project applicants to:

(i) Disclose all sources of public funding invested in a project; and

(ii) Identify by name any former or current state of Washington employees employed by the applicant or its governing body in the 24 months preceding the application submittal. The identification must include the person's separation date and job title or position held. If the department determines that a conflict of interest or other violation of chapter 42.52 RCW exists, the application must be disqualified from further consideration.

(b) If, after a grant has been awarded, the department finds that a grantee has violated chapter 42.52 RCW, either in procuring or performing under the grant, the department in its sole discretion may terminate the grant funding by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(8) The department must specify the requirements in subsections (6) and (7) of this section in funding contracts entered into by the department under this section.

(9) \$10,000,000 of the appropriation in this section is provided solely for grants to tribes for clean energy development projects. Eligible uses of grant funding include planning, predesign, design, construction, project predevelopment, and deployment of clean energy projects that contribute to achieving the state's greenhouse gas emissions reduction goals and related policies. The department must collaborate with tribes in the design and development of this grant program.

(10) \$10,000,000 of the appropriation in this section is provided solely for state match for federal funding that aligns with subsection (2) of this section and accelerates meeting state clean energy and climate goals. Funding may be used to match federal grants to the state or nonstate entities for clean energy research, development, and demonstration projects.

(11) \$12,000,000 of the appropriation in the section is provided solely for grants for strategic research, development, and demonstration of new and emerging clean energy generation and storage technologies and climate change mitigation technologies, including greenhouse gas removal. Grants awarded under this subsection must reduce reliance on fossil fuels, reduce risk of irregularities in power supply, offer opportunities for economic and job growth, and strengthen technology supply chains. Grant funds are intended to catalyze diverse new technologies that change production, use, storage, and transportation of energy. The department may provide funding to projects at various stages of readiness, including early-stage research, pilot and demonstration projects, and dual use projects that produce clean energy and additional benefits.

(12) \$20,000,000 of the appropriation in this section is provided solely for grants

for electrical grid integration and innovation projects. To be eligible, a project must develop and demonstrate distributed energy resources, as defined in RCW 19.405.020, and nonwire alternatives that advance community resilience, support implementation of demand response and sustainable microgrids, improve integration of renewable energy and energy storage, and accelerate beneficial load integration and demand management for building electrification, equipment electrification, and electric vehicle charging.

(13) \$7,500,000 of the appropriation in this section is provided solely to support regional energy analytics capability at Pacific Northwest national laboratory.

(14) The department must strive to allocate all of the amounts appropriated in this section within the 2023-2025 fiscal biennium in the manner prescribed in each subsection. However, no sooner than January 1, 2024, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may reallocate funding among the purposes of subsections (9) through (12) of this section. Beginning January 1, 2024, the department must provide quarterly notice of any funding reallocations to the appropriate fiscal committees of the legislature.

Projects serving homebuyers whose income is up to 80 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply, except that projects located in rural areas of the state, as defined by the department, serving homebuyers whose income is up to 100 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply. Eligible activities include, but are not limited to, down payment assistance, closing costs, acquisition, rehabilitation costs, and new construction. Eligible organizations may include those that plan to provide housing to socially disadvantaged communities as defined in 13 C.F.R. Sec. 124.103. When allocating funds, the department must prioritize buildings that are older than 15 years and that serve very low-income and extremely low-income populations.

(b) Projects preserving affordable multifamily housing at risk of losing its affordability due to expiration of use restrictions that otherwise require affordability including, but not limited to, United States department of agriculture funded multifamily housing. The department must prioritize projects that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state. Funds may be used for acquisition or for acquisition and rehabilitation of properties to preserve the affordable housing units beyond their existing use restrictions and keep them in Washington's housing portfolio for a minimum of 40 years. If a capital needs assessment is required, the department must work with the applicant to ensure that this does not create an unnecessary impediment to rapidly accessing these funds.

(c) The funding provided under this subsection (5) is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

(d) The amount awarded under this subsection (5) may not be calculated in award limitations for other housing trust fund awards.

(6) \$4,000,000 of the state taxable building construction account—state appropriation is provided solely for a grant to the northwest cooperative development center to provide subgrants for the acquisition and preservation of mobile or manufactured home communities. The appropriations in this section are subject to the following conditions and limitations: The appropriations in this section are provided solely as match to private investment for grants to for-profit and nonprofit housing developers and public entities to carry out projects designed to increase the supply and affordability of transit-oriented housing development. Grants from this appropriation may only be used for the construction of units affordable at 80 percent of area median income or lower, if a project includes a range of affordability levels. The department shall work with the department of transportation to develop and administer a competitive grant program to assist in the financing of housing projects within rapid transit corridors. The department shall implement the program pursuant to the following eligibility criteria and definitions:

(1) Entities eligible to receive grant awards are state agencies, local governments, and nonprofit or for-profit housing developers. Eligible uses of grant awards include project capital costs and infrastructure costs and addressing gaps in project financing that would prevent ongoing or complete project construction.

(2) Eligible housing projects must meet the following requirements:

(a) Be within a rapid transit corridor. For purposes of this subsection (2), "rapid transit corridor" includes either one-half mile from light rail or commuter rail, or one-quarter mile from bus rapid transit.

(b) Produce at least 100 units of housing; and

(c) Include a covenant on the property requiring at least 10 percent of total housing units in the project remain affordable for households with incomes at or below 60 percent of area median income and at least 10 percent of total housing units in the project remain affordable for households with incomes at or below 80 percent of area median income for at least 99 years.

(3) The department must prioritize eligible projects by occupancy date, with a target occupancy date of December 31, 2025, or sooner.

(4) To source project requests, the department may first review the list of housing trust fund applications from the prior two years to determine if any projects not fully funded would meet the criteria listed in subsection (2) of this section and would be able to proceed to construction. If so, the department must conduct outreach to those project owners to discuss the grant program before soliciting new projects.

(5) The department must also consider the following criteria when prioritizing all projects:

(a) Are comprised of the largest number of affordable units;

(b) Have the largest total number of units affordable to households with incomes at or below 60 percent area median income;

(c) Include land acquired at a reduced price or without cost;

(d) Abide by any applicable antidisplacement measures;

(e) Include units with additional bedrooms or intended for occupancy by families with multiple dependents; or

(6) The department may adopt any necessary guidance or rules to implement the competitive grant program under this section, including any additional project eligibility criteria and prioritization criteria.

(7) The department must report a program update and any projects awarded on their website by June 30, 2024. The report must include project award data at the time of award, such as, but not limited to, the awardee, total project cost, amount of the award, number of households being served by household income, project location, and any other relevant information.

(8) The department must strive to allocate the amounts appropriated in this section by September 30, 2024, in the manner prescribed in this section.  2023-25 Behavioral Health Community Capacity Grants (40000299)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs associated with establishment or preservation of the facilities. (i) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and to allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5)(a) \$28,443,000 of the state building construction account—state appropriation in this section is provided solely for competitive community behavioral health grants to address regional needs. Applicants must provide confirmation that the health care authority, department of social and health services, or a managed care organization plans to contract with the facility sufficient to cover the facility's operating costs. The department must give priority to facilities that:

(i) Serve individuals on 90-day or 180-day civil commitments as an alternative to treatment in the state hospitals;

(ii) Serve individuals who will be transitioned from or diverted from the state hospitals;

(iii) Provide secure withdrawal management and stabilization treatment beds; or

(iv) Provide substance use disorder treatment.

(b) In awarding this funding to projects under (a)(i) of this subsection (5), the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the health care authority;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes.

(c) \$24,000,000 of the state building construction account—state appropriation in

this section is provided solely for grants to intensive behavioral health treatment facilities for long-term placement of behavioral health patients with complex needs and that are not subject to federal funding restrictions that apply to institutions of mental diseases.

(d) \$18,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to increase behavioral health services and capacity for children and minor youth including, but not limited to, services for youth crisis walk-in intervention, substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, children with behavioral health and intellectual or developmental disability needs, and interventions for children exhibiting aggressive or depressive behaviors in facilities that are not subject to federal funding restrictions. Consideration must be given to programs that incorporate outreach and treatment for youth dealing with behavioral health or social isolation issues.

(6) The amounts provided in this subsection are subject to the criteria in subsection (1) of this section, except the projects are not required to establish new capacity:

(a) \$7,500,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to prevent the closure of existing behavioral health facilities. For purposes of this subsection (6) (a), the department must implement necessary procedures to enable rapid commitment of funds on a first-come, first-served basis to qualifying project proposals that satisfy the goal of long-term preservation of behavioral health facilities.

caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(4) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(5) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(6) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(7) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

(8) It is the intent of the legislature to reappropriate funding in the 2023-2025 omnibus capital appropriations act for early learning facilities appropriated in this section.

NEW SECTION. Sec. 3087. FOR THE STATE CONSERVATION COMMISSION

Riparian Restoration with Landowners (91000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the state conservation commission to provide grants for riparian restoration projects with landowners.

(2)(a) Within funds appropriated in this section, the commission shall develop and implement the voluntary riparian grant program to fund protection and restoration of critical riparian management zones. The commission is responsible for developing the voluntary grant program criteria to achieve optimal restoration of functioning riparian ecosystems in priority critical riparian management zones.

(b) In adopting the program criteria under this section, the commission must:

(i) Invite federally recognized tribes to be full participants;

(ii) Coordinate with private landowners and other interested stakeholders;

(iii) Coordinate with the department of ecology, the department of fish and wildlife, conservation districts, and the department of agriculture; and

(iv) Consider the best available, locally applicable science that is specific to each region of the state where the program criteria will be applied.

(3)(a) The commission shall prioritize critical riparian management zones at the watershed or subbasin scale where grant funding under the program created in this section would be primarily targeted. The prioritization must be informed by, consistent with, and aligned with one or more of the following: Watershed plans developed pursuant to chapter 90.82 RCW; the action agenda developed under RCW 90.71.260; regional recovery plans created under RCW 77.85.090; the habitat project lists developed pursuant to RCW 77.85.050; the prioritization process developed under RCW 77.95.160; and priority projects identified for salmon recovery through agency grant programs.

(b) The prioritization of critical riparian management projects must be developed in coordination with:

(i) Local federally recognized tribes;

(ii) Local private landowners who are voluntarily participating in the program;

(iii) Local conservation districts; and

(iv) The local county, the department of fish and wildlife, the department of ecology, and water resource inventory area planning units organized pursuant to chapter 90.82 RCW.

(4)(a) Conditions for awarding funding for projects under this program include, but are not limited to:

(i) Consistency with the program criteria established under subsection (2) of this section;

(ii) Tiered incentive rates tied to improving functionality for riparian areas; and

(iii) Other requirements as determined by the commission.

(b) The commission must give preference and compensation for permanent protection of riparian areas or removal of riparian land from agricultural production or other development by purchase at fair market value.

(5) The commission must distribute riparian grant program funding equitably throughout the state, consistent with received grant applications and benefit to salmon habitat. Funding is intended primarily for projects located in salmon recovery regions, as defined in RCW 77.85.010, but funding may also be distributed to a project not located in a salmon recovery region upon a determination by the commission that the project will provide a unique benefit to salmon habitat.

(6) Allowable expenses to a grantee receiving funds under this section include, but are not limited to, labor, equipment, fencing, mulch, seed, seedling trees, manual weed control, and yearly maintenance costs for up to 10 years.

(7) Any native woody trees and shrubs planted with funding provided under this section must be maintained for a minimum of five years or as otherwise set by the commission for each grantee. Vegetation must be chosen to prevent invasive weed populations and ensure survival and successful establishment of plantings.

(8) The commission shall determine appropriate recordkeeping and data collections procedures required for program implementation and shall establish a data management system that allows for coordination between the commission and other state agencies. Any data collected or shared under this section may be used only to assess the successes of the riparian grant program in improving the functions of critical riparian habitat.

(9) The commission shall develop and implement a framework that includes monitoring, adaptive management, and metrics in order to ensure consistency with the requirements of the riparian grant program. The monitoring and adaptive management framework may include, but is not limited to, consideration of:

(a) Acres identified as eligible for restoration within a watershed;

(b) Acres planned to be restored;

(c) Acres actually planted and maintained;

(d) Success in targeting and achieving aggregated project implementation resulting in increase in linear miles restored;

(e) Plan review criteria; and

(f) Other similar factors as identified by the commission.

(10) The commission may use up to two percent of any amounts appropriated in this section for targeted outreach activities that focus on critically identified geographic locations for listed salmon species.

(11) The commission may use up to four percent of amounts appropriated in this section for administrative expenses.

(12) For the purposes of this section, "critical riparian management zone" means the area adjacent to freshwaters, wetlands, and marine waters that has been locally or regionally identified as an area where salmon recovery efforts would significantly benefit from enhanced protection or restoration.

Carbon Sequestration Forests (40000405)

The appropriation in this section is subject to the following conditions and limitations: \$83,000,000 of the appropriation is provided solely for the purchase of property to be managed for increased carbon sequestration and carbon storage through sustainable harvests and as replacement trust lands for existing encumbered forested state trust lands; and for structurally complex, carbon dense, forested state trust lands that may be transferred from trust status. The amount provided in this section is also to be used to carry out additional silvicultural activities on state trust lands, to convene a stakeholder group and conduct additional analysis related to the management of forested state trust lands, and to cover department costs to implement this section. Of the amount provided in this section:

(1) (a) \$70,000,000 of the appropriation is provided solely to purchase forestland in counties west of the crest of the Cascade mountains, all of Skamania county, and the western portion of Klickitat county. When feasible and appropriate, the department should prioritize the purchase of lands at risk of conversion to a nonforested use. Once purchased, the land must be considered as part of the land bank created in RCW 79.19.020. The property must be purchased before the transfer of any existing trust land is fully executed. The department must transfer the appropriated amount into the natural resources real property replacement account in accordance with RCW 79.17.210.

(b) Up to 2,000 acres of structurally complex, carbon dense forestland currently existing on state trust lands may be transferred out of trust status with, prior to the transfer, a letter of support issued to the department by the legislative authority of the county in which the forestland is located. Forestland transferred out of trust status according to this subsection (1) (b) must be replaced with lands purchased in (a) of this subsection (1). Replacement lands must be of equal value to the lands transferred. The department must prepare a preliminary identification of the acres intended to be

transferred out of trust status under this subsection (1) (b) and submit it to the board of natural resources no later than December 31, 2023.

(c) The remainder of the new purchased land may be used as exchange land for any encumbered state forest lands in Clallam, Jefferson, Pacific, Skamania, and Wahkiakum counties. Any exchanged land under this purpose must be designated as state forest transfer land and be managed under the department's habitat conservation plan and policy for sustainable forests.

(d) Forested state trust lands exchanged with lands purchased under this subsection (1) may be designated by the department as natural area preserves or natural resource conservation areas without being subject to the requirements of chapter 79.70 and 79.71 RCW. The legislative authority of the county from which the real property was transferred may not request that the department distribute a percentage of the proceeds associated with the valuable materials to the legislative authority of the county from which the real property was transferred.

(e) By December 1, 2023, the department must submit an initial progress report to the legislature on the implementation of this subsection (1).

(2) \$10,000,000 of the appropriation is provided solely for the department to enhance forest stand growth on managed trust lands in western Washington, employing silviculture to increase growth and vigor of the trees for healthy, resilient forests.

(3) \$2,500,000 of the appropriation is provided solely for the department to:

(a) Contract with an independent facilitator to convene a stakeholder group comprised of a balanced representation of relevant stakeholders and tribal interests to:

(i) Collaborate on approaches related to the conservation and management of older, carbon dense, structurally complex forest stands located on lands managed by the department; increasing carbon sequestration and storage in forests and harvested wood products from department managed forestlands; generating predictable beneficiary revenue; maintaining timber supplies that support local industry; and addressing economic needs in rural counties;

(ii) Develop an understanding of current timber supply by region and the effect of potential changes to forest management practices on regional wood supply for the timber market, including an analysis of what is currently known about the needs of existing forest industry infrastructure and what information gaps exist; and

(iii) Explore concepts and strategies relevant to the sequestration and storage of carbon in forests and wood products from forested state trust lands managed by the department, including the effect of potential changes to forest management practices, that satisfy the department's trust management responsibilities; and

(b) Contract with universities or other researchers or consultants for additional analysis or existing research that is beneficial in the execution of this section, which must include an analysis of:

(i) The existing and future demand for wood supply by region, including levels required to maintain existing industry related infrastructure, and modeled impacts on wood supply increases or decreases based on potential changes to forest management practices;

(ii) Carbon accounting and quantification methodologies outlined by the intergovernmental panel on climate change as well as emerging scientific research. The methodologies considered must be used to verify and assess the potential increases or decreases in carbon sequestration and storage, in both forests and harvested wood products based on potential changes to management practices on forested state trust lands that also account for increases or decreases in the availability of wood products harvested from forests managed by the department.

(c) A report of the stakeholder group's findings, including any information received in work performed in (b) of this subsection (3), must be submitted to the appropriate committees of the legislature by December 1, 2023.

(4) \$500,000 of the appropriation is provided solely for the department to analyze the appropriateness of using consulting businesses for buying large forest parcels in a competitive marketplace as a way to execute the provisions of this section, and, if appropriate, enter into contracts for that purpose. If the department does not enter into a contract or contracts with consultants for the purposes of purchasing large forest parcels, the funding appropriated for this subsection (4) may be solely used for the purposes of subsection (3) of this section.
