"NEW SECTION. Sec. 1. During the regular legislative session of 2022, the legislature passed Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), a significant transportation resources bill intended to provide needed transportation funding throughout the state. However, since the enactment of that act, certain drafting errors and omissions were identified within the act resulting in some provisions being enacted contrary to legislative intent. Additionally, some corrective changes were identified that would better conform certain provisions with original legislative intent. Therefore, it is the intent of the legislature to simply correct manifest drafting errors and omissions and adopt corrective changes in order to conform certain provisions with the original legislative intent of Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022). It is not the intent of the legislature to alter the intended substantive policy enacted in Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), but rather to make certain corrective changes.

(1) The legislature finds that many communities across Washington state have not equitably benefited from investments in the active transportation network. The legislature also finds that legacy state transportation facilities designed primarily for vehicle use caused disconnections in safe routes for people who walk, bike, and roll to work and to carry out other daily activities.

(2) To address these investment gaps, and to honor the legacy of community advocacy of Sandy Williams, the Sandy Williams connecting communities program is established within the department. The purpose of the program is to improve active transportation connectivity in communities by:

(a) Providing safe, continuous routes for pedestrians, bicyclists, and other nonvehicle users carrying out their daily activities;

(b) Mitigating for the health, safety, and access impacts of transportation infrastructure that bisects communities and creates obstacles in the local active transportation network;

(c) Investing in greenways providing protected routes for a wide variety of nonvehicular users; and

(d) Facilitating the planning, development, and implementation of projects and activities that will improve the connectivity and safety of the active transportation network.

(3) The department must select projects to propose to the legislature for funding. In selecting projects, the department must consider, at a minimum, the following criteria:

(ii) Vulnerable populations as defined in RCW 70A.02.010 to mean population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to adverse socioeconomic factors, such as unemployment, high housing, and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and sensitivity factors, such as low birth weight and higher rates of hospitalization. Vulnerable populations include, but are not limited to: Racial or ethnic minorities, low-income populations, populations disproportionately impacted by environmental harms, and populations of workers experiencing environmental harms;

(iii) Household incomes at or below 200 percent of the federal poverty level; and

(iv) People with disabilities;

(f) Crash experience involving pedestrians and bicyclists; and

(g) Identified need by the community, for example in the state active transportation plan or a regional, county, or community plan.

(4) It is the intent of the legislature that the Sandy Williams connecting communities program comply with the requirements of chapter 314, Laws of 2021.

(5) The department shall submit a report to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected connecting communities projects for funding by the legislature. transportation and/or recreation. In development of the grant program, the department is encouraged to consult with the environmental justice council and the office of equity.

(2)(a) For the elementary and middle school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint and demonstrable experience deploying bicycling and road safety education curriculum via a train the trainer model in schools. The selected nonprofit shall identify partner schools that serve target populations, based on the criteria in subsection (3) of this section. MESSAGE FROM THE HOUSE

April 12, 2023

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5412 with the following amendment(s): 5412-S2 AMH ENGR H1755.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.21C.229 and 2020 c 87 s 1 are each amended to read as follows:

(1) ~~((In order))~~ The purpose of this section is to accommodate infill and housing development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW~~((-a))~~.

(2) A city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter.~~((An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a).))~~ An exemption may be adopted by a city or county under this subsection if it meets the following criteria:

(a) It categorically exempts government action related to development proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is roughly equal to or lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

(i) Residential development;

(ii) Mixed-use development; or

(iii) Commercial development up to ~~((sixty-five thousand))~~ 65,000 square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan;

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

~~((2-Any))~~ (3) All project actions that propose to develop one or more residential housing units within the incorporated areas in an urban growth area designated pursuant to RCW 36.70A.110 or middle housing within the unincorporated areas in an urban growth area designated pursuant to RCW 36.70A.110, and that meet the criteria identified in (a) and (b) of this subsection, are categorically exempt from the requirements of this chapter. For purposes of this section, "middle housing" has the same meaning as in RCW 36.70A.030 as amended by chapter . . . (Engrossed Second Substitute House Bill No. 1110), Laws of 2023. Jurisdictions shall satisfy the following criteria prior to the adoption of the categorical exemption under this subsection (3):

(a) The city or county shall find the proposed development is consistent with all development regulations implementing an applicable comprehensive plan adopted according to chapter 36.70A RCW by the jurisdiction in which the development is proposed, with the exception of any development regulation that is inconsistent with applicable provisions of chapter 36.70A RCW; and

(b) The city or county has prepared environmental analysis that considers the proposed use or density and intensity of use in the

NINETY SIXTH DAY, APRIL 14, 2023

area proposed for an exemption under this section and analyzes multimodal transportation impacts, including impacts to neighboring jurisdictions, transit facilities, and the state transportation system.

(i) Such environmental analysis shall include documentation that the requirements for environmental analysis, protection, and mitigation for impacts to elements of the environment have been adequately addressed for the development exempted. The requirements may be addressed in locally adopted comprehensive plans, subarea plans, adopted development regulations, other applicable local ordinances and regulations, or applicable state and federal regulations. The city, town, or county must document its consultation with the department of transportation on impacts to state-owned transportation facilities including consideration of whether mitigation is necessary for impacts to transportation facilities.

(ii) Before finalizing the environmental analysis pursuant to (b)(i) of this subsection (3), the local government shall provide a minimum of 60 days' notice to affected tribes, relevant state agencies, other jurisdictions that may be impacted, and the public. If a local government identifies that mitigation measures are necessary to address specific probable adverse impacts, the local government must address those impacts by requiring mitigation identified in the environmental analysis pursuant to this subsection (3)(b) through locally adopted comprehensive plans, subarea plans, development regulations, or other applicable local ordinances and regulations. Mitigation measures shall be detailed in an associated environmental determination.

(iii) The categorical exemption is effective 30 days following action by a local government pursuant to (b)(ii) of this subsection (3).

(4) All project actions that propose to develop one or more residential housing or middle housing units within a city west of the crest of the Cascade mountains with a population of 700,000 or more are categorically exempt from the requirements of this chapter.

(5) Any categorical exemption adopted by a city or county under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). Nothing in this section shall invalidate categorical exemptions or environmental review procedures adopted by a local government under a planned action pursuant to RCW 43.21C.440. However, any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 11, 2023

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5440 with the following amendment(s): 5440-S2.E AMH FARI H1930.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that defendants referred for services related to competency to stand trial requiring admission into a psychiatric facility are currently facing unprecedented wait times in jail for admission. The situation has been exacerbated by closure of forensic beds and workforce shortages related to COVID-19, and treatment capacity limits related to social distancing requirements. Moreover, a backlog of criminal prosecutions that were held back during the first two years of the pandemic due to capacity limitations in courts, prosecuting attorneys offices, and jails, are now being filed, causing a surge in demand for competency services which exceeds the state's capacity to make a timely response. In partial consequence, as of January 2023, wait times for admission to western state hospital for competency services, directed to be completed within seven days by order of the United States district court for western Washington, have risen to over ten months, while wait times for admission to eastern state hospital for the same services have risen to over five months. The state's forensic bed capacity forecast model indicates that if the state continues to receive competency referrals from local superior, district, and municipal courts at the same volume, the state will rapidly fall farther behind.

The legislature further finds that historical investments and policy changes have been made in behavioral health services over the past five years, designed to both increase capacity to provide competency to stand trial services and to reduce the need for them by creating opportunities for diversion, prevention, and improved community health. New construction at western state hospital is expected to result in the opening of 58 forensic psychiatric beds in the first quarter of 2023, while emergency community hospital contracts are expected to allow for the discharge or transfer of over 50 civil conversion patients occupying forensic state hospital beds over the same period. Sixteen beds for civil conversion patients will open at Maple Lane school in the first quarter of 2023, with 30 additional beds for patients acquitted by reason of insanity expected to open by late 2023 or early 2024. Over a longer time period, 350 forensic beds are planned to open within a new forensic hospital on western state hospital campus between 2027 and 2029. Policy and budget changes have increased capacity for assisted outpatient treatment, 988 crisis response, use of medication for opioid use disorders in jails and community settings, reentry services, and mental health advance directives, and created new behavioral health facility types, supportive housing, and supportive employment services. Forensic navigator services, outpatient competency restoration programs, and other specialty forensic services are now available and continuing to be deployed in phase two *Trueblood* settlement regions.

The legislature further finds that despite these investments there is a need for everyone to come together to find solutions to both reduce demand for forensic services and to increase their supply. The state needs collaboration from local governments and other entities to identify any and all facilities that can be used to provide services to patients connected to the forensic system, to reduce the flow of competency referrals coming from municipal,

district, and superior courts, and to improve availability and effectiveness of behavioral health services provided outside the criminal justice system.

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, ~~((or there is reason to doubt his or her competency,))~~ the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b)(i) Whenever there is a doubt as to competency, the court on its own motion or on the motion of any party shall first review the allegations of incompetency. The court shall make a determination of whether sufficient facts have been provided to form a genuine doubt as to competency based on information provided by counsel, judicial colloquy, or direct observation of the defendant. If a genuine doubt as to competency exists, the court shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(ii) Nothing in this subsection (1)(b) is intended to require a waiver of attorney-client privilege. Defense counsel may meet the requirements under this subsection (1)(b) by filing a declaration stating that they have reason to believe that a competency evaluation is necessary, and stating the basis on which the defendant is believed to be incompetent, without further detail required.

(c) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, long-term services or supports, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have dementia or another relevant neurocognitive disorder, the evaluator shall have access to records of the aging and long-term support administration of the department.

~~((e))~~ (d) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is

needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

~~((d))~~ (e) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

~~((e))~~ (f) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

~~((f))~~ (g) When a defendant is ordered to be evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(h) If the defendant ordered to be evaluated under this subsection (1) is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious traffic offense, the prosecutor may make a motion to modify the defendant's conditions of release to include a condition prohibiting the defendant from driving during the pendency of the competency evaluation period.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant ~~((suffers from))~~ has a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

(5) In the event that a person remains in jail more than 21 days after service on the department of a court order to transport the person to a facility designated by the department for inpatient competency restoration treatment, upon the request of any party and with notice to all parties, the department shall perform a competency to stand trial status check to determine if the circumstances of the person have changed such that the court should authorize an updated competency evaluation. The status update shall be provided to the parties and the court. Status updates may be provided at reasonable intervals.

(6) If a finding of the competency evaluation under this section or under RCW 10.77.084 is that the individual is not competent due to an intellectual or developmental disability, dementia, or traumatic brain injury, the evaluator shall notify the department, which shall refer the individual to the developmental disabilities administration or the aging and long-term support administration of the department for review of eligibility for services. Information about availability of services must be provided to the forensic navigator.

(7) If the expert or professional person appointed to perform a competency evaluation in the community is not able to complete the evaluation after two attempts at scheduling with the defendant, the department shall submit a report to the court and parties and include a date and time for another evaluation which must be at least four weeks later. The court shall provide notice to the defendant of the date and time of the evaluation. If the defendant fails to appear at that appointment, the court shall issue a warrant for the failure to appear and recall the order for competency evaluation.

Sec. 4. RCW 10.77.068 and 2022 c 288 s 3 are each amended to read as follows:

(1)(a) The legislature establishes a performance target of seven days or fewer to extend an offer of admission to a defendant in pretrial custody for inpatient competency evaluation or inpatient competency restoration services, when access to the services is legally authorized.

(b) The legislature establishes a performance target of 14 days or fewer for the following services related to competency to stand trial, when access to the services is legally authorized:

(i) To complete a competency evaluation in jail and distribute the evaluation report; and

(ii) To extend an offer of admission to a defendant ordered to be committed to ~~((a state hospital))~~ the department for placement in a facility operated by or contracted by the department following dismissal of charges based on incompetency to stand trial under RCW 10.77.086.

(c) The legislature establishes a performance target of 21 days or fewer to complete a competency evaluation in the community and distribute the evaluation report.

(2)(a) A maximum time limit of seven days as measured from the department's receipt of the court order, or a maximum time limit of 14 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(a) of this section, subject to the limitations under subsection (9) of this section.

(b) A maximum time limit of 14 days as measured from the department's receipt of the court order, or a maximum time limit of 21 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(b) of this section, subject to the limitations under subsection (9) of this section.

(3) The legislature recognizes that these targets may not be achievable in all cases, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy and quality of competency services.

(4) It shall be a defense to an allegation that the department has exceeded the maximum time limits for completion of competency services described in subsection (2) of this section if the department can demonstrate by a preponderance of the evidence that the reason for exceeding the maximum time limits was outside of the department's control including, but not limited to, the following circumstances:

(a) Despite a timely request, the department has not received necessary medical information regarding the current medical status of a defendant;

(b) The individual circumstances of the defendant make accurate completion of an evaluation of competency to stand trial dependent upon review of mental health, substance use disorder, or medical history information which is in the custody of a third party and cannot be immediately obtained by the department, provided that completion shall not be postponed for procurement of information which is merely supplementary;

(c) Additional time is needed for the defendant to no longer show active signs and symptoms of impairment related to substance use so that an accurate evaluation may be completed;

(d) The defendant is medically unavailable for competency evaluation or admission to a facility for competency restoration;

(e) Completion of the referral requires additional time to accommodate the availability or participation of counsel, court personnel, interpreters, or the defendant;

(f) The defendant asserts legal rights that result in a delay in the provision of competency services; or

(g) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(5) The department shall provide written notice to the court when it will not be able to meet the maximum time limits under subsection (2) of this section and identify the reasons for the delay and provide a reasonable estimate of the time necessary to complete the competency service. Good cause for an extension for the additional time estimated by the department shall be presumed absent a written response from the court or a party received by the department within seven days.

(6) The department shall:

NINETY SIXTH DAY, APRIL 14, 2023

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(7) Following any quarter in which a state hospital has failed to meet one or more of the performance targets or maximum time limits under subsection (1) or (2) of this section, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report shall be made publicly available. An average may be used to determine timeliness under this subsection.

(8) The department shall report annually to the legislature and the executive on the timeliness of services related to competency to stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(9) This section does not create any new entitlement or cause of action related to the timeliness of competency to stand trial services, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges.

Sec. 5. RCW 10.77.074 and 2019 c 326 s 2 are each amended to read as follows:

(1) Subject to the limitations described in subsection (2) of this section, a court may appoint an impartial forensic navigator employed by or contracted by the department to assist individuals who have been referred for competency evaluation and shall appoint a forensic navigator in circumstances described under section 10 of this act.

(2) A forensic navigator must assist the individual to access services related to diversion and community outpatient competency restoration. The forensic navigator must assist the individual, prosecuting attorney, defense attorney, and the court to understand the options available to the individual and be accountable as an officer of the court for faithful execution of the responsibilities outlined in this section.

(3) The duties of the forensic navigator include, but are not limited to, the following:

(a) To collect relevant information about the individual, including behavioral health services and supports available to the individual that might support placement in outpatient restoration, diversion, or some combination of these;

(b) To meet with, interview, and observe the individual;

(c) To assess the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW;

(d) To present information to the court in order to assist the court in understanding the treatment options available to the individual to support the entry of orders for diversion from the forensic mental health system or for community outpatient competency restoration, ~~((and))~~ to facilitate that transition; ~~((and~~

~~((d)))~~ (e) To provide regular updates to the court and parties of the status of the individual's participation in diversion services

and be responsive to inquiries by the parties about treatment status;

(f) When the individual is ordered to receive community outpatient restoration, to provide services to the individual including:

(ii) Coordinating access to housing for the individual;

~~((viii)))~~ (ix) Attempting to follow-up with the individual to check whether the meeting with a community-based case manager took place;

~~((x)))~~ (xi) Attempting to check up on the individual at least once per month for up to sixty days after coordinated transition to community behavioral health services, without duplicating the services of the community-based case manager;

(g) If the individual is an American Indian or Alaska Native who receives medical, behavioral health, housing, or other supportive services from a tribe within this state, to notify and coordinate with the tribe and Indian health care provider. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible.

(4) Forensic navigators may submit ~~((nonclinical))~~ recommendations to the court regarding treatment and restoration options for the individual, which the court may consider and weigh in conjunction with the recommendations of all of the parties.

(5) Forensic navigators shall be deemed officers of the court for the purpose of immunity from civil liability.

(6) The signed order for competency evaluation from the court shall serve as authority for the forensic navigator to be given access to all records held by a behavioral health, educational, or law enforcement agency or a correctional facility that relates to an individual. Information that is protected by state or federal law, including health information, shall not be entered into the court record without the consent of the individual or their defense attorney.

(7) Admissions made by the individual in the course of receiving services from the forensic navigator may not be used against the individual in the prosecution's case in chief.

(8) A court may not issue an order appointing a forensic navigator unless the department certifies that there is adequate forensic navigator capacity to provide these services at the time the order is issued.

Sec. 6. RCW 10.77.084 and 2016 sp.s. c 29 s 410 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious traffic offense, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year.

(b) The court may order a defendant who has been found to be incompetent to undergo competency restoration treatment at a facility designated by the department if the defendant is eligible under RCW 10.77.086 or 10.77.088. At the end of each competency restoration period or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing, except that if the opinion of the professional person is that the defendant remains incompetent and the hearing is held before the expiration of the current competency restoration period, the parties may agree to waive the defendant's presence, to remote participation by the defendant at a hearing, or to presentation of an agreed order in lieu of a hearing. The facility shall promptly notify the court and all parties of the date on which the competency restoration period commences and expires so that a timely hearing date may be scheduled.

(c) If, following notice and hearing or entry of an agreed order under (b) of this subsection, the court finds that competency has been restored, the court shall lift the stay entered under (a) of this subsection. If the court finds that competency has not been restored, the court shall dismiss the proceedings without prejudice, except that the court may order a further period of competency restoration treatment if it finds that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

(d) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings without prejudice and refer the defendant for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(e) Beginning October 1, 2023, if the court issues an order directing revocation of the defendant's driver's license under (a) of this subsection, and the court subsequently finds that the defendant's competency has been restored, the court shall order the clerk to transmit an order to the department of licensing for reinstatement of the defendant's driver's license. The court may direct the clerk to transmit an order reinstating the defendant's driver's license before the end of one year for good cause upon the petition of the defendant.

(2) If the defendant is referred for evaluation by a designated crisis responder under this chapter, the designated crisis responder shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the

proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

Sec. 7. RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

(1) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

- (i) Adhere to medications or receive prescribed intramuscular medication;
- (ii) Abstain from alcohol and unprescribed drugs; and
- (iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active

NINETY SIXTH DAY, APRIL 14, 2023

treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(2) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

(3) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(4) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension

shall be ordered for a second or third competency restoration period if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

(5) ~~((A))~~ (a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection (4) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ~~((a state hospital))~~ the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. ~~((However, the))~~ If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

(b) The court shall not dismiss the charges if the court or jury finds that: ~~((A))~~ (i) The defendant ~~((A))~~ (A) is a substantial danger to other persons; or ~~((B))~~ (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and ~~((B))~~ (ii) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

(6) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

Sec. 8. RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

(1) If the defendant is charged with a felony that is not a qualifying class C felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(2)(a) For a defendant who is determined to be incompetent and whose highest charge is a qualifying class C felony, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. If such placement does not exist, is not appropriate, or is not available in a timely manner, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration. Available and appropriate alternatives includes diversion to a community-based program and dismissal of charges, commitment under chapter 71.05 RCW, or outpatient competency restoration.

(b) If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that there is no

compelling state interest in ordering competency restoration treatment.

(3)(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

~~((2))~~ (4)(a) For a defendant whose highest charge is a class C felony that is not a qualifying class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

~~((3))~~ (b) For a defendant whose highest charge is a qualifying class C felony, the maximum time allowed for competency restoration is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration. The court may order any combination of inpatient and outpatient competency restoration under this subsection, but the total period of inpatient competency restoration may not exceed 45 days.

(c) For any defendant with a felony charge that is admitted for competency restoration with an accompanying court order for involuntary medication under RCW 10.77.092, and the defendant is found not competent to stand trial following that period of restoration, charges shall be dismissed pursuant to subsection (7) of this section.

(5) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection ~~((5))~~ (7) of this section.

~~((4-On))~~ (6) For a defendant charged with a felony that is not a qualifying class C felony, on or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant's incompetence has been determined by the secretary to be solely the result of ((a)) an intellectual or developmental disability, dementia, or traumatic brain injury which is such that competence is not reasonably likely to be regained during an extension.

NINETY SIXTH DAY, APRIL 14, 2023

~~((5-A))~~ (7)(a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection (4) or (6) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ((a state hospital)) the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services, and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. ((However,)) If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

(b) For a defendant charged with a felony that is not a qualifying class C felony, the court shall not dismiss the charges if the court or jury finds that: ((a)) (i) The defendant ((ii)) (A) is a substantial danger to other persons; or ((ii)) (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and ((b)) (ii) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

((6)) (8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

(9) "Qualifying class C felony" means any class C felony offense except: (a) Assault in the third degree under RCW 9A.36.031(1) (d) or (f); (b) felony physical control of a vehicle under RCW 46.61.504(6); (c) felony hit and run resulting in injury under RCW 46.52.020(4)(b); (d) hate crime offense under RCW 9A.36.080; (e) any class C felony offense with a domestic violence designation; (f) any class C felony sex offense as defined in RCW 9.94A.030; and (g) any class C felony offense with a sexual motivation allegation.

Sec. 9. RCW 10.77.088 and 2022 c 288 s 5 are each amended to read as follows:

(1) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, then the court:

(a) Shall dismiss the proceedings without prejudice and detain the defendant ~~((for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW))~~ pursuant to subsection (5) of this section, unless the prosecutor objects to the dismissal and provides notice of a motion for an order for competency restoration treatment, in which case the court shall schedule a hearing within seven days.

(b)(i) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under

RCW 10.77.092. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with subsection (2) of this section.

(ii) If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that there is no compelling state interest in ordering competency restoration treatment. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year. The court shall direct the clerk to transmit an order to the department of licensing reinstating the defendant's driver's license if the defendant is subsequently restored to competency, and may do so at any time before the end of one year for good cause upon the petition of the defendant.

(2)(a) If a court finds pursuant to subsection (1)(b) of this section that there is a compelling state interest in pursuing competency restoration treatment, the court shall ((commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively)) order the defendant to receive outpatient competency restoration ((based on a recommendation from a forensic navigator and input from the parties)) consistent with the recommendation of the forensic navigator, unless the court finds that an order for outpatient competency restoration is inappropriate considering the health and safety of the defendant and risks to public safety.

((a)) (b) To be eligible for an order for outpatient competency restoration, a defendant must be ((clinically appropriate and be)) willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

((b)) (c) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration under subsection (3) of this section.

((c)) (d) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

((d)) (e) If a defendant fails to comply with the restrictions of the outpatient competency restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration.

The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under ~~((d))~~ (e)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

~~((e))~~ (f) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(g) If the court does not order the defendant to receive outpatient competency restoration under (a) of this subsection, the court shall commit the defendant to the department for placement in a facility operated or contracted by the department for inpatient competency restoration.

(3) The placement under subsection (2) of this section shall not exceed 29 days if the defendant is ordered to receive inpatient competency restoration, and shall not exceed 90 days if the defendant is ordered to receive outpatient competency restoration. The court may order any combination of this subsection, but the total period of inpatient competency restoration may not exceed 29 days.

(4) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(5)(a) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated crisis responder within that county to evaluate the defendant pursuant to chapter

71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(b) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The 120-hour or 72-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the 120-hour or 72-hour period.

(6) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092 and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least 24 hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

(7) If at any time the court dismisses charges under subsections (1) through (6) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the defendant is barred from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall state to the defendant and provide written notice that the defendant is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

(8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

NEW SECTION. Sec. 10. A new section is added to chapter 10.77 RCW to read as follows:

(1) In counties with a forensic navigator program, a forensic navigator shall:

(a) Meet, interview, and observe all defendants charged with a qualifying class C felony as defined in RCW 10.77.086(9) or a nonfelony who have had two or more competency evaluations in the preceding 24 months on separate charges or cause numbers and determine the defendants' willingness to engage with services under this section; and

(b) Provide a diversion program plan to the parties in each case that includes a recommendation for a diversion program to defense counsel and the prosecuting attorney. Services under a diversion program may include a referral for assisted outpatient treatment under chapter 71.05 RCW.

(2) If the parties agree on the diversion program recommended by the forensic navigator, the prosecutor shall request dismissal of the criminal charges.

(3)(a) For defendants charged with a nonfelony, if the parties do not agree on the diversion program, the defense may move the court for an order dismissing the criminal charges without prejudice and referring the defendant to the services described in the diversion program. The court shall hold a hearing on this motion within 10 days. The court shall grant the defense motion if it finds by a preponderance of the evidence that the defendant is

NINETY SIXTH DAY, APRIL 14, 2023

amenable to the services described in the diversion program and can safely receive services in the community.

(b)(i) For defendants charged with a qualifying class C felony as defined in RCW 10.77.086, if the parties do not agree on the diversion program, the defense may move the court for an order referring the defendant for a 30-day trial period in the diversion program with periodic monitoring reports provided to the court and parties. The court shall hold a hearing on this motion within 10 days. The court shall grant the motion if it finds by a preponderance of the evidence that the defendant is amenable to the services described in the diversion program and likely to engage in the program.

(ii) Following the 30-day trial period, if the court finds by a preponderance of the evidence that the defendant meaningfully engaged in the diversion program, the court shall dismiss the criminal charges without prejudice and refer the defendant to the services described in the diversion program.

(4) Individuals who receive a dismissal of charges and referral to services described in a diversion program shall have a forensic navigator assigned to assist them for up to six months while engaging in the services described in the diversion program. The forensic navigator shall provide monthly status updates to the parties regarding the individual's status in the diversion program.

(5) Forensic navigators shall collaborate with available *Trueblood* settlement diversion programs if they are accessible in the geographic location where criminal charges are currently filed.

Sec. 11. RCW 10.77.092 and 2014 c 10 s 2 are each amended to read as follows:

(1) For purposes of determining whether a court may authorize involuntary medication for the purpose of competency restoration pursuant to RCW 10.77.084 and for maintaining the level of restoration in the jail following the restoration period, a pending charge involving any one or more of the following crimes is a serious offense per se in the context of competency restoration:

(a) Any violent offense, sex offense, serious traffic offense, and most serious offense, as those terms are defined in RCW 9.94A.030;

(b) Any offense, except nonfelony counterfeiting offenses, included in crimes against persons in RCW 9.94A.411;

(c) Any offense contained in chapter 9.41 RCW (firearms and dangerous weapons);

(d) Any offense listed as domestic violence in RCW 10.99.020;

(e) Any offense listed as a harassment offense in chapter 9A.46 RCW, except for criminal trespass in the first or second degree;

(f) Any violation of chapter 69.50 RCW that is a class B felony; or

(g) Any city or county ordinance or statute that is equivalent to an offense referenced in this subsection.

(2) Anytime the secretary seeks a court order authorizing the involuntary medication for purposes of competency restoration pursuant to RCW 10.77.084, the secretary's petition must also seek authorization to continue involuntary medication for purposes of maintaining the level of restoration in the jail or juvenile detention facility following the restoration period.

(3)(a) In a particular case, a court may determine that a pending charge not otherwise defined as serious by state or federal law or by a city or county ordinance is, nevertheless, a serious offense within the context of competency restoration treatment when the conduct in the charged offense falls within the standards established in (b) of this subsection.

(b) To determine that the particular case is a serious offense within the context of competency restoration, the court must consider the following factors and determine that one or more of

the following factors creates a situation in which the offense is serious:

(i) The charge includes an allegation that the defendant actually inflicted bodily or emotional harm on another person or that the defendant created a reasonable apprehension of bodily or emotional harm to another;

(ii) The extent of the impact of the alleged offense on the basic human need for security of the citizens within the jurisdiction;

(iii) The number and nature of related charges pending against the defendant;

(iv) The length of potential confinement if the defendant is convicted; and

(v) The number of potential and actual victims or persons impacted by the defendant's alleged acts.

NEW SECTION. Sec. 12. A new section is added to chapter 10.77 RCW to read as follows:

(1) When an individual has a prescription for an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the individual to treat a serious mental illness by a state hospital or other state facility or a behavioral health agency or other certified medical provider, and the individual is medically stable on the drug, a jail or juvenile detention facility shall continue prescribing the prescribed drug and may not require the substitution of a different drug in a given therapeutic class, except under the following circumstances:

(a) The substitution is for a generic version of a name brand drug and the generic version is chemically identical to the name brand drug; or

(b) The drug cannot be prescribed for reasons of drug recall or removal from the market, or medical evidence indicating no therapeutic effect of the drug.

(2) This section includes but is not limited to situations in which the individual returns to a jail or juvenile detention facility directly after undergoing treatment at a state hospital, behavioral health agency, outpatient competency restoration program, or prison.

(3) The department shall establish a program to reimburse jails and juvenile detention facilities for the costs of any drugs the jail or juvenile detention facility does not otherwise have available and must continue prescribing under this section.

NEW SECTION. Sec. 13. A new section is added to chapter 10.77 RCW to read as follows:

(1) Following a competency evaluation under RCW 10.77.060, individuals who are found not competent to stand trial and not restorable due to an intellectual or developmental disability, dementia, or traumatic brain injury, shall not be referred for competency restoration services unless the highest current criminal charge is a violent offense or sex offense as defined in RCW 9.94A.030. A defendant with a prior finding under this subsection may only be referred for competency restoration services if the highest charge under the new proceedings is a violent offense or sex offense as defined in RCW 9.94A.030.

(2) The department shall develop a process for connecting individuals who have been found not competent to stand trial due to an intellectual or developmental disability, dementia, or traumatic brain injury to available wraparound services and supports in community-based settings, which may include residential supports. The process shall include provisions for individuals who are current clients of the department's developmental disabilities administration or aging and long-term support administration and for individuals who are not current clients of the department.

(a) For current clients of the developmental disabilities administration and aging and long-term support administration, the department's assigned case manager shall:

(i) Coordinate with the individual's services providers to determine if the individual can return to the same or like services, or determine appropriate new community-based services. This shall include updating the individual's service plan and identifying and coordinating potential funding for any additional supports to stabilize the individual in community-based settings funded by the developmental disabilities administration or aging and long-term support administration so that the individual does not lose existing services, including submitting any exceptions to rule for additional services;

(ii) Conduct a current service eligibility assessment and send referral packets to all community-based service providers for services for which the individual is eligible; and

(iii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a *Trueblood* class member, and assist the individual to access these services.

(b) For individuals who have not established eligibility for the department's support services, the department shall:

(i) Conduct an eligibility determination for services and send referral packets to service providers for all relevant community-based services for which the individual is eligible. This process must include identifying and coordinating funding for any additional supports that are needed to stabilize the individual in any community-based setting funded by the developmental disabilities administration or aging and long-term support administration, including submitting any necessary exceptions to rule for additional services; and

(ii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a *Trueblood* class member, if additional specialized services are available to supplement diversion program services, and assist the individual to access these services.

(3) The department shall offer to transition the individual in services either directly from the jail or as soon thereafter as may be practicable, without maintaining the individual at an inpatient facility for longer than is clinically necessary. Nothing in this subsection prohibits the department from returning the individual to their home or to another less restrictive setting if such setting is appropriate, which may include provision of supportive services to help the person maintain stability. The individual is not required to accept developmental disabilities administration, aging and long-term support administration, or other diversionary services as a condition of having the individual's criminal case dismissed without prejudice, provided the individual meets the criteria of subsection (1) of this section.

(4) Subject to the availability of funds appropriated for this specific purpose, the department shall develop a program for individuals who have been involved with the criminal justice system and who have been found under RCW 10.77.084 as incompetent to stand trial and not restorable due to an intellectual or developmental disability, traumatic brain injury, or dementia and who do not meet criteria under other programs in this section. The program must involve wraparound services and housing supports appropriate to the needs of the individual. It is sufficient to meet the criteria for participation in this program if the individual has recently been the subject of criminal charges that were dismissed without prejudice and was found incompetent to stand trial due to an intellectual or developmental disability, traumatic brain injury, or dementia.

NEW SECTION. Sec. 14. The University of Washington shall implement a pilot project to provide short-term stabilization and transition support for individuals found incompetent to stand

trial due to an intellectual or developmental disability who are or have been *Trueblood* class members. The project will be implemented in three phases, beginning December 1, 2023, using an interdisciplinary approach across various settings and overlapping with existing resources, including those available to *Trueblood* class members and services and supports they are eligible to receive from the department of social and health services. The department of social and health services shall collaborate with the University of Washington on this project, including assistance in identifying resources available to class members and determination of eligibility. By November 30, 2026, the University of Washington shall submit a report to the appropriate fiscal and policy committees of the legislature on the pilot project, including the pilot project's outcomes, data analysis, evaluation, and recommendations for improvement. In addition, the University of Washington shall report on the background of current and former *Trueblood* class members with intellectual and developmental disabilities. The department of social and health services shall share data as needed to assist in report development.

NEW SECTION. Sec. 15. Subject to the availability of funds appropriated for this specific purpose, the health care authority shall require the programs it contracts with to increase compensation for staff in outpatient competency restoration programs to provide compensation at competitive levels to improve recruitment and allow for the full implementation of outpatient competency restoration programs.

NEW SECTION. Sec. 16. A new section is added to chapter 10.77 RCW to read as follows:

An outpatient competency restoration program must include access to a prescriber.

NEW SECTION. Sec. 17. A new section is added to chapter 10.77 RCW to read as follows:

(1) Subject to the security and background investigation requirements of the jail, jails shall allow clinical intervention specialists to have access to individuals who are referred to receive services under this chapter and to all records relating to the health or conduct of the individual while incarcerated. Clinical intervention specialists shall support jail health services in providing direct services, enhanced oversight and monitoring of the behavioral health status of participating individuals. Clinical intervention specialists shall work collaboratively with jail health services to ensure appropriate prescriptions, medication compliance monitoring, and access to supportive behavioral health services to the individuals. Clinical intervention specialists shall coordinate with forensic navigators and the department to assist forensic navigators in making recommendations for appropriate placements, which may include recommendations for participation in an outpatient competency restoration program or a diversion program designed for the needs of the individual. The clinical intervention specialist shall notify the department if a participating individual appears to have stabilized in their behavioral health such that a new competency evaluation is appropriate to reassess the individual's need for competency restoration treatment.

(2) The department shall establish a memorandum of understanding and any contracts needed with the jail to address the terms and conditions of allowing access to defendants and their records subject to the requirements of this section.

NEW SECTION. Sec. 18. A new section is added to chapter 10.77 RCW to read as follows:

The department shall collect data so that information can be retrieved based on unique individuals, their complete Washington criminal history and referrals for forensic services.

NINETY SIXTH DAY, APRIL 14, 2023

NEW SECTION. Sec. 19. A new section is added to chapter 10.77 RCW to read as follows:

(2) The department may provide capital grants to entities to accomplish the purposes described in subsection (1) of this section subject to provision of funding provided for this specific purpose.

NEW SECTION. Sec. 20. The purpose of the pilot project is to support and assist key participants across the various local voluntary, involuntary, and forensic behavioral health systems to better understand the intersection of these systems, their essential role in and across the system, and how to effectively navigate impacted individuals to the best options based on their circumstances and needs, including by increasing the utilization of assisted outpatient treatment, outpatient competency restoration services, and diversion programs for people living with behavioral health conditions who are involved or likely to have involvement with the criminal legal system.

The behavioral health crisis systems regional coordinators shall also:

(a) Identify challenges within these systems and develop strategies for improved coordination and access to services across systems;

(1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated crisis responder, the prosecuting attorney, the defense attorney, and the professional person at the local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(iv) of this subsection. Upon request, the evaluator shall also provide copies of any source documents relevant to the evaluation to the designated crisis responder.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be

accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the behavioral health administrative services organization, a professional person at the behavioral health administrative services organization to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated crisis responder under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated crisis responder shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated crisis responder under subsection (2) of this section to the secretary.

(4) A facility conducting a civil commitment evaluation under RCW 10.77.086(~~((4))~~) (7) or 10.77.088(~~((1)(c)(ii))~~) (5)(b) that makes a determination to release the person instead of filing a civil commitment petition must provide written notice to the prosecutor and defense attorney at least twenty-four hours prior to release. The notice may be given by email, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 22. RCW 71.05.280 and 2022 c 210 s 15 are each amended to read as follows:

At the expiration of the fourteen-day period of intensive treatment, a person may be committed for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted:

- (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and
- (b) as a result of a behavioral health disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of a behavioral health disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(~~((4))~~) (7), and has committed acts constituting a felony, and as a result of a behavioral health disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;

(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or

(4) Such person is gravely disabled.

Sec. 23. RCW 71.05.290 and 2022 c 210 s 16 are each amended to read as follows:

(2) The attorney for the detained person shall advise him or her of his or her right to be represented by an attorney, his or her right to a jury trial, and, if the petition is for commitment for mental health treatment, his or her loss of firearm rights if involuntarily committed. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, physician assistant, psychiatric advanced registered nurse practitioner, psychologist, psychiatrist, or other professional person, designated by the detained person to examine and testify on behalf of the detained person.

(ii) A complete copy, if applicable, of any file compiled by the indeterminate sentence review board relating to the person;

(iii) All records relating to the psychological or psychiatric evaluation and/or treatment of the person;

(iv) A current record of all prior arrests and convictions, and full police case reports relating to those arrests and convictions; and

(v) A current mental health evaluation or mental health records review.

(c) The prosecuting agency has the authority, consistent with RCW 72.09.345(~~((3))~~) (4), to obtain all records relating to the person if the prosecuting agency deems such records are necessary to fulfill its duties under this chapter. The prosecuting agency may only disclose such records in the course of performing its duties pursuant to this chapter, unless otherwise authorized by law.

(d) The prosecuting agency has the authority to utilize the inquiry judge procedures of chapter 10.27 RCW prior to the filing of any action under this chapter to seek the issuance of compulsory process for the production of any records necessary for a determination of whether to seek the civil commitment of a person under this chapter. Any records obtained pursuant to this process may only be disclosed by the prosecuting agency in the course of performing its duties pursuant to this chapter, or unless otherwise authorized by law.

(2) The agency, its employees, and officials shall be immune from liability for any good-faith conduct under this section.

(3) As used in this section, "agency with jurisdiction" means that agency with the authority to direct the release of a person serving a sentence or term of confinement and includes the department of corrections, the indeterminate sentence review board, and the department of social and health services.

Sec. 27. RCW 71.09.030 and 2009 c 409 s 3 are each amended to read as follows:

(1) A petition may be filed alleging that a person is a sexually violent predator and stating sufficient facts to support such allegation when it appears that: (a) A person who at any time previously has been convicted of a sexually violent offense is about to be released from total confinement; (b) a person found to have committed a sexually violent offense as a juvenile is about to be released from total confinement; (c) a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial is about to be released, or has been released, pursuant to RCW 10.77.086(~~((4))~~) (7); (d) a person who has been found not guilty by reason of insanity of a sexually violent offense is about to be released, or has been released, pursuant to RCW 10.77.020(3), 10.77.110 (1) or (3), or 10.77.150; or (e) a person who at any time previously has been convicted of a sexually violent offense and has since been released from total confinement and has committed a recent overt act.

(2) The petition may be filed by:

(a) The prosecuting attorney of a county in which:

(i) The person has been charged or convicted with a sexually violent offense;

(ii) A recent overt act occurred involving a person covered under subsection (1)(e) of this section; or

(iii) The person committed a recent overt act, or was charged or convicted of a criminal offense that would qualify as a recent overt act, if the only sexually violent offense charge or conviction occurred in a jurisdiction other than Washington; or

(b) The attorney general, if requested by the county prosecuting attorney identified in (a) of this subsection. If the county prosecuting attorney requests that the attorney general file and prosecute a case under this chapter, then the county shall

charge the attorney general only the fees, including filing and jury fees, that would be charged and paid by the county prosecuting attorney, if the county prosecuting attorney retained the case.

Sec. 28. RCW 71.09.060 and 2009 c 409 s 6 are each amended to read as follows:

(1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. In determining whether or not the person would be likely to engage in predatory acts of sexual violence if not confined in a secure facility, the fact finder may consider only placement conditions and voluntary treatment options that would exist for the person if unconditionally released from detention on the sexually violent predator petition. The community protection program under RCW 71A.12.230 may not be considered as a placement condition or treatment option available to the person if unconditionally released from detention on a sexually violent predator petition. When the determination is made by a jury, the verdict must be unanimous.

If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020(~~((15)(e))~~) (18)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030.

If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as: (a) The person's condition has so changed that the person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative as set forth in RCW 71.09.092 is in the best interest of the person and conditions can be imposed that would adequately protect the community.

If the court or unanimous jury decides that the state has not met its burden of proving that the person is a sexually violent predator, the court shall direct the person's release.

If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial and set a retrial within forty-five days of the date of the mistrial unless the prosecuting agency earlier moves to dismiss the petition. The retrial may be continued upon the request of either party accompanied by a showing of good cause, or by the court on its own motion in the due administration of justice provided that the respondent will not be substantially prejudiced. In no event may the person be released from confinement prior to retrial or dismissal of the case.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to be or has been released pursuant to RCW 10.77.086(~~((4))~~) (7), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.086(~~((4))~~) (7) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the

NINETY SIXTH DAY, APRIL 14, 2023

person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, it shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) Except as otherwise provided in this chapter, the state shall comply with RCW 10.77.220 while confining the person. During all court proceedings where the person is present, the person shall be detained in a secure facility. If the proceedings last more than one day, the person may be held in the county jail for the duration of the proceedings, except the person may be returned to the department's custody on weekends and court holidays if the court deems such a transfer feasible. The county shall be entitled to reimbursement for the cost of housing and transporting the person pursuant to rules adopted by the secretary. The department shall not place the person, even temporarily, in a facility on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population.

(4) A court has jurisdiction to order a less restrictive alternative placement only after a hearing ordered pursuant to RCW 71.09.090 following initial commitment under this section and in accord with the provisions of this chapter.

NEW SECTION. Sec. 29. Sections 7 and 9 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

NEW SECTION. Sec. 30. (1) Section 7 of this act expires when section 8 of this act takes effect.

(2) The department of social and health services shall provide written notice of the expiration date of section 7 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the department.

NEW SECTION. Sec. 31. Section 13 of this act takes effect December 1, 2023.

NEW SECTION. Sec. 32. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE HOUSE

April 10, 2023

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5078 with the following amendment(s): 5078-S AMH CRJ H1752.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the irresponsible, dangerous, and unlawful business practices by firearms industry members contributes to the illegal use of firearms and not only constitutes a public nuisance as declared in chapter 7.48 RCW, but that the effects of that nuisance exacerbate the public health crisis of gun violence in this state. The Washington state medical association, the Washington health alliance, and the voters of Washington, most recently through approval of Initiative 1639 in 2016, have all noted that crisis.

(2) The legislature further finds that public nuisance was established in state law by Washington's territorial legislature in 1875 and has been interpreted by the state supreme court for more than 100 years to enjoin the operation of illegal businesses as nuisance by individuals suffering special injury. Since at least 1895, public nuisance has included manufacturing and storing gunpowder and other highly explosive substances.

(3) Firearm industry members profit from the sale, manufacture, distribution, importing, and marketing of lethal products that are frequently used to threaten, injure, and kill people in Washington, and which cause enormous harms to individuals' and communities' health, safety, and well-being, as well as economic opportunity and vitality. While manufacturers

have incorporated features and technology resulting in more deadly and destructive firearms, and products designed to be used with and for firearms, some actors in the firearm industry have implemented irresponsible and dangerous sales, distribution, importing, and marketing practices, including contributing to the development of an illegal secondary market for these increasingly dangerous products. Such practices lead to grave public harms and also provide an unfair business advantage to irresponsible firearm industry members over more responsible competitors who take reasonable precautions to protect others' lives and well-being.

(4) The federal protection of lawful commerce in arms act (PLCAA) recognizes the ability of states to enact and enforce statutes regulating the sale and marketing of firearms and related products, and expressly provides that causes of action may proceed where there are violations of such statutes.

(5) The legislature intends to ensure a level playing field for responsible firearm industry members, to incentivize firearm industry members to establish and implement safe and responsible business practices, and to ensure that the attorney general and members of the public in Washington who are harmed by a firearm industry member's violation of law may bring legal action to seek appropriate justice and fair remedies for those harms in court.

NEW SECTION. Sec. 2. A new section is added to chapter 7.48 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Firearm industry member" means a person engaged in the wholesale or retail sale, manufacturing, distribution, importing, or marketing of a firearm industry product, or any officer or agent to act on behalf of such a person or who acts in active concert or participation with such a person.

(b) "Firearm industry product" means a product that meets any of the following conditions:

(i) The firearm industry product was sold, made, distributed, or marketed in this state;

(ii) The firearm industry product was intended to be sold, made, distributed, or marketed in this state; or

(iii) The firearm industry product was used or possessed in this state, and it was reasonably foreseeable that the product would be used or possessed in this state.

(c) "Firearm trafficker" means a person who acquires, transfers, or attempts to acquire or transfer a firearm for purposes of unlawful commerce including, but not limited to, a subsequent transfer to another individual who is prohibited from possessing the firearm industry product under state or federal law.

(d) "Person" means any natural person, firm, corporation, company, partnership, society, joint stock company, municipality or other political subdivision of the state, or any other entity or association.

(e) "Product" means:

(i) A firearm;

(ii) Ammunition;

(iii) A component part of a firearm or ammunition, including a completed frame or receiver or unfinished frame or receiver, as defined in RCW 9.41.010;

(iv) An accessory or device that is designed or adapted to be inserted into, affixed onto, or used in conjunction with a firearm, if the device is marketed or sold to the public and that is designed, intended, or able to be used to increase a firearm's rate of fire, concealability, magazine capacity, or destructive capacity, or to increase the firearm's stability and handling when the firearm is repeatedly fired;

NINETY SIXTH DAY, APRIL 14, 2023

(v) A machine or device that is marketed or sold to the public that is designed, intended, or able to be used to manufacture or produce a firearm or any other product listed in this subsection (1)(e).

(f) "Reasonable controls" means reasonable procedures, safeguards, and business practices, including but not limited to screening, security, and inventory practices, that are designed and implemented to do all of the following:

(i) Prevent the sale or distribution of a firearm industry product to a straw purchaser, a firearm trafficker, a person prohibited from possessing a firearm under state or federal law, or a person who the firearm industry member has reasonable cause to believe is at substantial risk of using a firearm industry product to harm themselves or unlawfully harm another, or of unlawfully possessing or using a firearm industry product;

(ii) Prevent the loss of a firearm industry product or theft of a firearm industry product from a firearm industry member; and

(iii) Ensure that the firearm industry member complies with all provisions of state and federal law and does not otherwise promote the unlawful sale, manufacture, distribution, importing, possession, marketing, or use of a firearm industry product.

(g) "Straw purchaser" means a person who wrongfully purchases or obtains a firearm industry product on behalf of a third party. "Straw purchaser" does not include one who makes a bona fide gift to a person who is not prohibited by law from possessing a firearm industry product. For the purposes of this subsection (1)(g), a gift is not a "bona fide gift" if the third party has offered or given the purchaser or transferee a service or thing of value in connection with the transaction.

(2) This section applies to a firearm industry member engaged in the manufacture, distribution, importation, marketing, or wholesale or retail sale of a firearm industry product.

(3) A firearm industry member shall not knowingly create, maintain, or contribute to a public nuisance in this state through the sale, manufacturing, distribution, importing, or marketing of a firearm industry product.

(4) A firearm industry member shall establish, implement, and enforce reasonable controls regarding its manufacture, sale, distribution, importing, use, and marketing of firearm industry products.

(5) A firearm industry member shall take reasonable precautions to ensure the firearm industry member does not sell or distribute a firearm industry product to a downstream distributor or retailer of firearm industry products that fails to establish and implement reasonable controls.

(6) A firearm industry member shall not manufacture, distribute, import, market, offer for wholesale, or offer for retail sale a firearm industry product that is:

(a) Designed, sold, or marketed in a manner that foreseeably promotes conversion of legal firearm industry products into illegal firearm industry products; or

(b) Designed, sold, or marketed in a manner that is targeted at minors or individuals who are legally prohibited from purchasing or possessing firearms.

(7) A violation of this section is a public nuisance.

(8) The legislature finds that the acts or practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(9) A firearm industry member's conduct in violation of any provision of this section constitutes a proximate cause of the

public nuisance if the harm is a reasonably foreseeable effect of the conduct, notwithstanding any intervening actions, including but not limited to criminal actions by third parties. This subsection is not intended to establish a causation requirement for a claim brought by the attorney general pursuant to the consumer protection act, chapter 19.86 RCW.

(10) Whenever it appears to the attorney general that a firearm industry member has engaged in or is engaging in conduct in violation of this section, the attorney general may commence an action to seek and obtain any remedies available for violations of this chapter, and may also seek and obtain punitive damages up to an amount not to exceed three times the actual damages sustained by the state, reasonable attorneys' fees, and costs of the action.

(11) Whenever the attorney general believes that any person (a) may be in possession, custody, or control of any information which he or she believes to be relevant to the subject matter of an investigation of a possible violation of this section, or (b) may have knowledge of any information which the attorney general believes relevant to the subject matter of such an investigation, the attorney general may, prior to the institution of a civil proceeding thereon, execute in writing and cause to be served upon such a person, a civil investigative demand requiring such person to produce such documentary material and permit inspection and copying, to answer in writing written interrogatories, to give oral testimony, or any combination of such demands pertaining to such documentary material or information, subject to the provisions of RCW 19.86.110 (2) through (9). Any person or entity that receives a civil investigative demand issued pursuant to RCW 19.86.110 and that has an objection to answering in whole or in part may avail themselves of the procedural protections afforded in RCW 19.86.110(8). Further, the attorney general shall not share with a law enforcement agency conducting a criminal investigation any materials or information obtained via a response to a civil investigative demand issued pursuant to RCW 19.86.110 unless such information or materials are required to be disclosed pursuant to issuance of a search warrant.

(12) The attorney general's authority to investigate a possible violation of this section and commence a legal action in response to a violation of this section shall not be construed or implied to deny, abrogate, limit, or impair any person's right to bring a private right of action in response to a violation of this section pursuant to (a) RCW 7.48.200 and 7.48.210, to seek damages, abatement, or any other remedy available for a public nuisance, or (b) chapter 19.86 RCW, to seek damages, equitable relief, or any other remedy available under the consumer protection act.

(13) To prevail in an action under this section, the party seeking relief is not required to demonstrate that the firearm industry member acted with the purpose to engage in a public nuisance or otherwise cause harm to the public.

(14) Nothing in this section shall be construed or implied to deny, abrogate, limit, or impair in any way any of the following:

(a) The right of the attorney general to pursue a legal action under any other law, including chapter 19.86 RCW; or

(b) An obligation or requirement placed on a firearm industry member by any other law.

(15) Nothing in this section shall be construed or implied to deny, abrogate, limit, or impair any statutory or common law right, remedy, or prohibition otherwise available to any party, including the attorney general.

NEW SECTION. Sec. 3. This act is known as the firearm industry responsibility and gun violence victims' access to justice act.

The House passed SENATE BILL NO. 5104 with the following amendment(s): 5104 AMH ENGR H1851.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that marine nearshore habitat in Puget Sound is important for the recovery of threatened and endangered species of salmon, orcas, and marine birds. Critical nearshore components include forage fish spawning habitat, submerged aquatic vegetation, benthic substrate, adjacent upland vegetation, and the geomorphic processes that support a healthy ecosystem and food web. Establishing and regularly updating a publicly available baseline survey and map of general shoreline conditions, including the presence, location, and condition of nearshore development, is a critical tool for regulatory planning and restoration and mitigation opportunity identification by state agencies, local jurisdictions, tribal governments, and nongovernmental organizations.

NEW SECTION. Sec. 2. A new section is added to chapter 43.21A RCW to read as follows:

(1) The department must conduct and maintain a baseline survey of Puget Sound marine shorelines that utilizes new technology to capture georeferenced oblique aerial and 360 degree on-the-water imagery. Nothing in this section creates a requirement for the department to perform change analysis. However, the software used must have the capacity for change analysis review. These identified technologies are intended to be a minimum requirement and the department may utilize and incorporate additional tools and technologies as they become available. The survey must document and map existing general shoreline conditions, structures, and structure conditions. This information must be available to the public and incorporated into state geographic information system mapping with visual personally identifiable information removed from on-the-water imagery prior to posting.

(2) The initial marine oblique aerial and on-the-water imagery must be completed and publicly available by December 31, 2024, and updated on a regular two-year cycle thereafter. The survey to document and map existing shoreline conditions, structures, and structure conditions must be completed and publicly available by June 30, 2025, and updated on a regular two-year cycle thereafter.

(3) For the purposes of this section, "Puget Sound" means Puget Sound and related inland salt waters of the state of Washington inside the boundary line between Washington and British Columbia, the Strait of Juan de Fuca, Hood Canal, and the San Juan Islands.

NEW SECTION. Sec. 3. A new section is added to chapter 43.21A RCW to read as follows:

The department shall maintain a record of all civil or criminal investigations or enforcement actions in which the department is a participant that utilize georeferenced imagery or surveys produced pursuant to section 2 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 43.300 RCW to read as follows:

The department shall maintain a record of all civil or criminal investigations or enforcement actions in which the department is a participant that utilize georeferenced imagery or surveys produced pursuant to section 2 of this act.

MESSAGE FROM THE HOUSE

April 7, 2023

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5128 with the following amendment(s): 5128-S2 AMH CRJ H1745.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 2.36 RCW to read as follows:

The administrative office of the courts shall provide all courts with a method to collect data on a juror's race, ethnicity, age, sex,

employment status, educational attainment, and income, as well as any other data approved by order of the chief justice of the Washington state supreme court. Data collection must be conducted and reported in a manner that preserves juror anonymity. The administrative office of the courts shall publish this demographic data in an annual report to the governor.

NEW SECTION. Sec. 2. (1)(a) The administrative office of the courts shall establish a work group to make recommendations for the creation of a child care assistance program for individuals reporting for jury service.

(b) The purpose of the child care assistance program shall be to eliminate the absence of child care as a barrier to performing jury service.

(2)(a) By December 1, 2024, the administrative office of the courts shall report the work group findings and recommendations for establishing a child care assistance program to the appropriate committees of the legislature.

(b) The report must outline the planning and implementation of the program and an estimation of the cost.

(3) This section expires December 1, 2024.

Sec. 3. RCW 2.36.095 and 2013 c 246 s 1 are each amended to read as follows:

(1) Persons selected to serve on a petit jury, grand jury, or jury of inquest shall be summoned by mail or personal service, or electronically. The county clerk shall issue summons and thereby notify persons selected for jury duty. The clerk may issue summons for any jury term, in any consecutive twelve-month period, at any time thirty days or more before the beginning of the jury term for which the summons are issued. However, when applicable, the provisions of RCW 2.36.130 apply.

(2) In courts of limited jurisdiction summons shall be issued by the court. Upon the agreement of the courts, the county clerk may summon jurors for any and all courts in the county or judicial district.

Sec. 4. RCW 2.36.054 and 2015 c 225 s 1 are each amended to read as follows:

Unless otherwise specified by rule of the supreme court, the jury source list and master jury list for each county shall be created as provided by this section.

(1) The superior court of each county, after consultation with the county clerk and county auditor of that jurisdiction, shall annually notify the consolidated technology services agency not later than March 1st of each year of its election to use either a jury source list that is merged by the county or a jury source list that is merged by the consolidated technology services agency. The consolidated technology services agency shall annually furnish at no charge to the superior court of each county a separate list of the registered voters residing in that county as supplied annually by the secretary of state and a separate list of driver's license and identicard holders residing in that county as supplied annually by the department of licensing, or a merged list of all such persons residing in that county, in accordance with the annual notification required by this subsection. The lists provided by the consolidated technology services agency shall be in an electronic format mutually agreed upon by the superior court requesting it and the consolidated technology services agency. The annual merger of the list of registered voters residing in each county with the list of licensed drivers and identicard holders residing in each county to form a jury source list for each county shall be in accordance with the standards and methodology established in this chapter or by superseding court rule whether the merger is accomplished by the consolidated technology services agency or by a county.

(2)(a) Persons on the lists of registered voters and driver's license and identicard holders shall be identified by a minimum of

NINETY SIXTH DAY, APRIL 14, 2023

last name, first name, middle initial where available, date of birth, gender, and county of residence. Identifying information shall be used when merging the lists to ensure to the extent reasonably possible that persons are only listed once on the merged list. Conflicts in addresses are to be resolved by using the most recent record by date of last vote in a general election, date of driver's license or identicard address change or date of voter registration.

(b) After July 1, 2024, persons who:

(i) Apply for a driver's license or identicard in this state shall have the ability to opt in to allow the department of licensing to share the person's email address with the consolidated technology services agency for the purpose of electronically receiving jury summons and other communications related to jury service; and

(ii) Apply online to the register to vote shall, immediately after completing the voter registration transaction, be directed by the secretary of state to a website where the person shall have the ability to opt in to share the person's email address with the consolidated technology services agency for the purpose of electronically receiving jury summons and other communications related to jury service. The provisions of the subsection (2)(b)(ii) are subject to appropriation.

(3) The consolidated technology services agency shall provide counties that elect to receive a jury source list merged by the consolidated technology services agency with a list of names which are possible duplicates that cannot be resolved based on the identifying information required under subsection (2) of this section. If a possible duplication cannot subsequently be resolved satisfactorily through reasonable efforts by the county receiving the merged list, the possible duplicate name shall be stricken from the jury source list until the next annual jury source list is prepared."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 6, 2023

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5144 with the following amendment(s): 5144-S2.E AMH ENGR H1852.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** INTENT. The legislature finds that:

(1) It is in the public interest of the citizens of Washington to encourage the recovery and reuse of materials, such as metals, that replace the output of mining and other extractive industries.

(2) Without a dedicated battery stewardship program, battery user confusion regarding proper disposal options will continue to persist.

(3) Ensuring the proper handling, recycling, and end-of-life management of used batteries prevents the release of toxic materials into the environment and removes materials from the waste stream that, if mishandled, may present safety concerns to workers, such as by igniting fires at solid waste handling facilities. For this reason, batteries should not be placed into commingled recycling containers or disposed of via traditional garbage collection containers.

(4) Jurisdictions around the world have successfully implemented battery stewardship laws that have helped address the challenges posed by the end-of-life management of batteries. Because it is difficult for customers to differentiate between types and chemistries of batteries, it is the best practice for battery stewardship programs to collect all battery types and chemistries. Furthermore, it is appropriate for larger batteries used in emerging market sectors such as electric vehicles, solar power arrays, and data centers, to be managed to ensure environmentally positive outcomes similar to those achieved by a battery stewardship program, both because of the potential economic value of large batteries used for these purposes and the anticipated profusion of these larger batteries as these market sectors mature.

NEW SECTION. **Sec. 2.** DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Battery-containing product" means a product that contains or is packaged with rechargeable or primary batteries that are covered batteries.

(b) A "battery-containing product" does not include a covered electronic product under an approved plan implemented under chapter 70A.500 RCW.

(2) "Battery management hierarchy" means a management system of covered batteries prioritized in descending order as follows:

(a) Waste prevention and reduction;

(b) Reuse, when reuse is appropriate;

(c) Recycling, as defined in this chapter; and
 (d) Other means of end-of-life management, which may only be utilized after demonstrating to the department that it is not feasible to manage the batteries under the higher priority options in (a) through (c) of this subsection.

(3) "Battery stewardship organization" means a producer that directly implements a battery stewardship plan required under this chapter or a nonprofit organization designated by a producer or group of producers to implement a battery stewardship plan required under this chapter.

(4) "Collection rate" means a percentage, by weight, that a battery stewardship organization collects that is calculated by dividing the total weight of primary and rechargeable batteries collected during the previous calendar year by the average annual weight of primary and rechargeable batteries that were estimated to have been sold in the state by all producers participating in an approved battery stewardship plan during the previous three calendar years.

(5)(a) "Covered battery" means a portable battery or, beginning January 1, 2029, a medium format battery.

(b) "Covered battery" does not include:

(9) "Final disposition" means the final processing of a collected battery to produce usable end products, at the point where the battery has been reduced to its constituent parts, reusable portions made available for use, and any residues handled as wastes in accordance with applicable law.

(10) "Large format battery" means:

(a) A rechargeable battery that weighs more than 25 pounds or has a rating of more than 2,000 watt-hours; or

(b) A primary battery that weighs more than 25 pounds.

(11) "Medium format battery" means the following primary or rechargeable covered batteries:

(a) For rechargeable batteries, a battery weighing more than 11 pounds or has a rating of more than 300 watt-hours, or both, and no more than 25 pounds and has a rating of no more than 2,000 watt-hours;

(b) For primary batteries, a battery weighing more than 4.4 pounds but not more than 25 pounds.

(F) A producer does not include any person who only manufactures, sells, offers for sale, distributes, or imports into the state a battery-containing product if the only batteries used by the battery-containing product are supplied by a producer that has joined a registered battery stewardship organization as the producer for that covered battery under this chapter. Such a producer of covered batteries that are included in a battery-containing product must provide written certification of that membership to both the producer of the covered battery-containing product and the battery stewardship organization of which the battery producer is a member.

(b) A person is the "producer" of a covered battery or covered battery-containing product sold, offered for sale, or distributed in

NINETY SIXTH DAY, APRIL 14, 2023

NEW SECTION. Sec. 3. REQUIREMENT THAT PRODUCERS IMPLEMENT A STEWARDSHIP PLAN. Beginning January 1, 2027:

(1) Each producer selling, making available for sale, or distributing covered batteries or battery-containing products in or into the state of Washington shall participate in an approved Washington state battery stewardship plan through participation in and appropriate funding of a battery stewardship organization; and

(2) A producer that does not participate in a battery stewardship organization and battery stewardship plan may not sell covered batteries or battery-containing products covered by this chapter in or into Washington.

NEW SECTION. Sec. 4. ROLE OF RETAILERS. (1) Beginning July 1, 2027, for portable batteries, and July 1, 2029, for medium format batteries, a retailer may not sell, offer for sale, distribute, or otherwise make available for sale a covered battery or battery-containing product unless the producer of the covered battery or battery-containing product certifies to the retailer that the producer participates in a battery stewardship organization whose plan has been approved by the department.

(2) A retailer is in compliance with the requirements of subsection (1) of this section and is not subject to penalties under section 12 of this act as long as the website made available by the department under section 11 of this act lists, as of the date a product is made available for retail sale, a producer or brand of covered battery or battery-containing product sold by the retailer as being a participant in an approved plan or the implementer of an approved plan.

(3) Retailers of covered batteries or battery-containing products are not required to make retail locations available to serve as collection sites for a stewardship program operated by a battery stewardship organization. Retailers that serve as a

collection site must comply with the requirements for collection sites, consistent with section 8 of this act.

(4) A retailer may not sell, offer for sale, distribute, or otherwise make available for sale covered batteries, unless those batteries are marked consistent with the requirements of section 14 of this act. A producer of a battery-containing product containing a covered battery must certify to the retailers of their product that the battery contained in the battery-containing product is marked consistent with the requirements of section 14 of this act. A retailer may rely on this certification for purposes of compliance under this subsection.

(5) A retailer selling or offering covered batteries or battery-containing products for sale in Washington may provide information, provided to the retailer by the battery stewardship organization, regarding available end-of-life management options for covered batteries collected by the battery stewardship organization. The information that a battery stewardship organization must make available to retailers for voluntary use by retailers must include, but is not limited to, in-store signage, written materials, and other promotional materials that retailers may use to inform customers of the available end-of-life management options for covered batteries collected by the battery stewardship organization.

(6) Retailers, producers, or battery stewardship organizations may not charge a specific point-of-sale fee to consumers to cover the administrative or operational costs of the battery stewardship organization or the battery stewardship program.

NEW SECTION. Sec. 5. STEWARDSHIP PLAN COMPONENTS. (1) By July 1, 2026, or within six months of the adoption of rules under section 11 of this act, whichever comes later, each battery stewardship organization must submit a plan for covered portable batteries to the department for approval. Within 24 months of the date of the initial adoption of rules under this chapter by the department, each battery stewardship organization must submit a plan for covered medium format batteries to the department for approval. A battery stewardship organization may submit a plan at any time to the department for review and approval. The department must review and may approve a plan based on whether it contains and adequately addresses the following components:

(a) Lists and provides contact information for each producer, battery brand, and battery-containing product brand covered in the plan;

(b) Proposes performance goals, consistent with section 6 of this act, including establishing performance goals for each of the next three upcoming calendar years of program implementation;

(c) Describes how the battery stewardship organization will make retailers aware of their obligation to sell only covered batteries and battery-containing products of producers participating in an approved plan;

(d) Describes the education and communications strategy being implemented to effectively promote participation in the approved covered battery stewardship program and provide the information necessary for effective participation of consumers, retailers, and others;

(e) Describes how the battery stewardship organization will make available to retailers, for voluntary use, in-store signage, written materials, and other promotional materials that retailers may use to inform customers of the available end-of-life management options for covered batteries collected by the battery stewardship organization;

(f) Lists promotional activities to be undertaken, and the identification of consumer awareness goals and strategies that the program will employ to achieve these goals after the program begins to be implemented;

(g) Includes collection site safety training procedures related to covered battery collection activities at collection sites, including appropriate protocols to reduce risks of spills or fires and response protocols in the event of a spill or fire, and a protocol for safe management of damaged batteries that are returned to collection sites;

(h) Describes the method to establish and administer a means for fully funding the program in a manner that equitably distributes the program's costs among the producers that are part of the battery stewardship organization. For producers that elect to meet the requirements of this chapter individually, without joining a battery stewardship organization, the plan must describe the proposed method to establish and administer a means for fully funding the program;

(i) Describes the financing methods used to implement the plan, consistent with section 7 of this act, including how producer fees and fee modulation will incorporate design for recycling and resource conservation as objectives, and a template reimbursement agreement, developed in consultation with local governments and other program stakeholders;

(j) Describes how the program will collect all covered battery chemistries and brands on a free, continuous, convenient, visible, and accessible basis, and consistent with the requirements of section 8 of this act, including a description of how the statewide convenience standard will be met and a list of collection sites, including the address and latitude and longitude of collection sites;

(k) Describes the criteria to be used in the program to determine whether an entity may serve as a collection site for discarded batteries under the program;

(l) Establishes collection goals for each of the first three years of implementation of the battery stewardship plan that are based on the estimated total weight of primary and rechargeable covered batteries that have been sold in the state in the previous three calendar years by the producers participating in the battery stewardship plan;

(m) Identifies proposed brokers, transporters, processors, and facilities to be used by the program for the final disposition of batteries and how collected batteries will be managed in:

(i) An environmentally sound and socially just manner at facilities operating with human health and environmental protection standards that are broadly equivalent to or better than those required in the United States and other countries that are members of the battery stewardship organization for economic cooperation and development; and

(ii) A manner consistent with the battery management hierarchy, including how each proposed facility used for the final disposition of batteries will recycle or otherwise manage batteries;

(n) Details how the program will achieve a recycling efficiency rate, calculated consistent with section 10 of this act, of at least 60 percent for rechargeable batteries and at least 70 percent for primary batteries;

(o) Proposes goals for increasing public awareness of the program, including subgoals applicable to public awareness of the program in vulnerable populations and overburdened communities identified by the department under chapter 70A.02 RCW, and describes how the public education and outreach components of the program under section 9 of this act will be implemented; and

(p) Specifies procedures to be employed by a local government seeking to coordinate with a battery stewardship organization pursuant to section 8(4)(c) of this act.

(2) If required by the department, a battery stewardship organization must submit a new plan to the department for approval:

(a) If there are significant changes to the methods of collection, transport, or end-of-life management of covered batteries under section 8 of this act that are not provided for in the plan. The department may, by rule, identify the types of significant changes that require a new plan to be submitted to the department for approval. For purposes of this subsection, adding or removing a processor or transporter under the plan is not considered a significant change that requires a plan resubmittal;

(b) To address the novel inclusion of medium format batteries or large format batteries as covered batteries under the plan; and

(c) No less than every five years.

(3) If required by the department, a battery stewardship organization must provide plan amendments to the department for approval:

(a) When proposing changes to the performance goals under section 6 of this act based on the up-to-date experience of the program;

(b) When there is a change to the method of financing plan implementation under section 7 of this act. This does not include changes to the fees or fee structure established in the plan; or

(c) When adding or removing a processor or transporter, as part of a quarterly update submitted to the department.

(4) As part of a quarterly update, a battery stewardship organization must notify the department after a producer begins or ceases to participate in a battery stewardship organization. The quarterly update submitted to the department must also include a current list of the producers and brands participating in the plan.

(5) No earlier than five years after the initial approval of a plan, the department may require a battery stewardship organization to submit a revised plan, which may include improvements to the collection site network or increased expenditures dedicated to education and outreach if the approved plan has not met the performance goals under section 6 of this act.

NEW SECTION. Sec. 6. STEWARDSHIP PROGRAM COMPONENTS—PERFORMANCE GOALS. (1) Each battery stewardship plan must include performance goals that measure, on an annual basis, the achievements of the program. Performance goals must take into consideration technical feasibility and economic practicality in achieving continuous, meaningful progress in improving:

(a) The rate of battery collection for recycling in Washington;

(b) The recycling efficiency of the program; and

(c) Public awareness of the program.

(2) The performance goals established in each battery stewardship plan must include, but are not limited to:

(a) Target collection rates;

(b) Target recycling efficiency rates of at least 60 percent for rechargeable batteries and at least 70 percent for primary batteries; and

(c) Goals for public awareness, convenience, and accessibility that meet or exceed the minimum requirements established in section 8 of this act.

NEW SECTION. Sec. 7. STEWARDSHIP PROGRAM COMPONENTS—FUNDING. (1) Each battery stewardship organization must ensure adequate funding is available to fully implement approved battery stewardship plans, including the implementation of aspects of the plan addressing:

(a) Battery collection, transporting, and processing;

(b) Education and outreach;

(c) Program evaluation; and

(d) Payment of the administrative fees to the department under section 11 of this act.

NINETY SIXTH DAY, APRIL 14, 2023

(2) A battery stewardship organization implementing a battery stewardship plan on behalf of producers must develop, and continually improve over the years of program implementation, a system to collect charges from participating producers to cover the costs of plan implementation in an environmentally sound and socially just manner that encourages the use of design attributes that reduce the environmental impacts of covered batteries, such as through the use of eco-modulated fees. Examples of fee structures that meet the requirements of this subsection include using eco-modulated fees to:

(a) Encourage designs intended to facilitate reuse and recycling;

(b) Encourage the use of recycled content;

(c) Discourage the use of problematic materials that increase system costs of managing covered batteries; and

(d) Encourage other design attributes that reduce the environmental impacts of covered batteries.

(3)(a) Except for costs incurred by a local government or local government facility exercising the authority specified in section 8(4)(c) of this act, each battery stewardship organization is responsible for all costs of participating covered battery collection, transportation, processing, education, administration, agency reimbursement, recycling, and end-of-life management in accordance with the battery management hierarchy and environmentally sound management practices.

(b) Each battery stewardship organization must meet the collection goals as specified in section 5 of this act.

(c) A battery stewardship organization is not authorized to reduce or cease collection, education and outreach, or other activities implemented under an approved plan based on achievement of program performance goals.

(4)(a) Except for costs incurred by a local government or local government facility exercising the authority granted by section 8(4)(c) of this act, a battery stewardship organization must reimburse local governments for demonstrable costs, as defined by rules adopted by the department, incurred as a result of a local government facility or solid waste handling facility serving as a collection site for a program including, but not limited to, associated labor costs and other costs associated with accessibility and collection site standards such as storage.

(b) Except as to the costs of containers and other materials and services requirements addressed by a local government or local government facility exercising the authority granted by section 8(4)(c) of this act, a battery stewardship organization shall at a minimum provide collection sites with appropriate containers for covered batteries subject to its program, training, signage, safety guidance, and educational materials, at no cost to the collection sites.

(c) A battery stewardship organization must include in its battery stewardship plan a template of the service agreement and any other forms, contracts, or other documents for use in distribution of reimbursements. The service agreement template must be developed with local government input. The entities seeking or receiving reimbursement from the battery stewardship organization are not required to use the template agreement included in the program plan and are not limited to the terms of the template agreement included in the program plan.

NEW SECTION. Sec. 8. STEWARDSHIP PROGRAM COMPONENTS—COLLECTION AND MANAGEMENT REQUIREMENTS. (1) Battery stewardship organizations implementing a battery stewardship plan must provide for the collection of all covered batteries, including all chemistries and brands of covered batteries, on a free, continuous, convenient, visible, and accessible basis to any person, business, government agency, or nonprofit organization. Except as provided in

subsection (2)(b) of this section, each battery stewardship plan must allow any person, business, government agency, or nonprofit organization to discard each chemistry and brand of covered battery at each collection site that counts towards the satisfaction of the collection site criteria in subsection (3) of this section.

(2)(a) Except for local government collection described in subsection (4)(c) of this section, for each collection site utilized by the program, each battery stewardship organization must provide suitable collection containers for covered batteries that are segregated from other solid waste or make mutually agreeable alternative arrangements for the collection of batteries at the site. The location of collection containers at each collection site used by the program must be within view of a responsible person and must be accompanied by signage made available to the collection site by the battery stewardship organization that informs customers regarding the end-of-life management options for batteries provided by the collection site under this chapter. Each collection site must adhere to the operations manual and other safety information provided to the collection site by the battery stewardship organization.

(b) Medium format batteries may only be collected at household hazardous waste collection sites or other sites that are staffed by persons who are certified to handle and ship hazardous materials under federal regulations adopted by the United States department of transportation pipeline and hazardous materials safety administration.

(c)(i) Damaged and defective batteries are intended to be collected at collection sites staffed by persons trained to handle and ship those batteries.

(ii) Each battery stewardship organization must provide for collection of damaged and defective batteries in each county of the state, either through collection sites or collection events with qualified staff as specified in (c)(i) of this subsection. Collection events should be provided periodically throughout the year where practicable, but must be provided at least once per year at a minimum, in each county in which there are not permanent collection sites providing for the collection of damaged and defective batteries.

(iii) As used in this subsection, "damaged and defective batteries" means batteries that have been damaged or identified by the manufacturer as being defective for safety reasons, that have the potential of producing a dangerous evolution of heat, fire, or short circuit, as referred to in 49 C.F.R. Sec. 173.185(f) as of January 1, 2023, or as updated by the department by rule to maintain consistency with federal standards.

(3)(a) Each battery stewardship organization implementing a battery stewardship plan shall ensure statewide collection opportunities for all covered batteries. Battery stewardship organizations shall coordinate activities with other program operators, including covered battery collection and recycle programs and electronic waste recyclers, with regard to the proper management or recycling of collected covered batteries, for purposes of providing the efficient delivery of services and avoiding unnecessary duplication of effort and expense. Statewide collection opportunities must be determined by geographic information modeling that considers permanent collection sites. A program may rely, in part, on collection events to supplement the permanent collection services required in (a) and (b) of this subsection. However, only permanent collection services specified in (a) and (b) of this subsection qualify towards the satisfaction of the requirements of this subsection.

(b) For portable batteries, each battery stewardship organization must provide statewide collection opportunities that include, but are not limited to, the provision of:

(i) At least one permanent collection site for portable batteries within a 15 mile radius for at least 95 percent of Washington residents;

(ii) The establishment of collection sites that are accessible and convenient to overburdened communities identified by the department under chapter 70A.02 RCW, in an amount that is roughly proportional to the number and population of overburdened communities identified by the department under chapter 70A.02 RCW relative to the population or size of the state as a whole;

(iii) At least one permanent collection site for portable batteries in addition to those required in (b)(i) of this subsection for every 30,000 residents of each urban area in this state. For the purposes of compliance with this subsection (3)(b)(iii), a battery stewardship organization and the department may rely upon new or updated designations of urban locations by the United States census bureau that are determined by the department to be similar to the definition of urban areas in section 2 of this act;

(iv) Collection opportunities for portable batteries at special locations where batteries are often spent and replaced, such as supervised locations at parks with stores and campgrounds; and

(v) Service to areas without a permanent collection site, including service to island and geographically isolated communities without a permanent collection site.

(c) For medium format batteries, a battery stewardship organization must provide statewide collection opportunities that include, but are not limited to, the provision of:

(i) At least 25 permanent collection sites in Washington;

(ii) Reasonable geographic dispersion of collection sites throughout the state;

(iii) A collection site in each county of at least 200,000 persons, as determined by the most recent population estimate of the office of financial management;

(iv) The establishment of collection sites that are accessible to public transit and that are convenient to overburdened communities identified by the department under chapter 70A.02 RCW; and

(v) Service to areas without a permanent collection site, including service to island and geographically isolated communities. A battery stewardship organization must ensure that there is a collection site or annual collection event in each county of the state. Collection events should be provided periodically throughout the year where practicable, but must be provided at least once per year at a minimum in each county in which there are not permanent collection sites providing for the collection of damaged and defective batteries.

(4)(a) Battery stewardship programs must use existing public and private waste collection services and facilities, including battery collection sites that are established through other battery collection services, transporters, consolidators, processors, and retailers, where cost-effective, mutually agreeable, and otherwise practicable.

(b)(i) Battery stewardship programs must use as a collection site for covered batteries any retailer, wholesaler, municipality, solid waste management facility, or other entity that meets the criteria for collection sites in the approved plan, upon the submission of a request by the entity to the battery stewardship organization to serve as a collection site.

(ii) Battery stewardship programs must use as a site for a collection event for covered batteries any retailer, wholesaler, municipality, solid waste management facility, or other entity that meets the criteria for collection events in the approved plan, upon the submission of a request by the entity to the battery stewardship organization to serve as a site for a collection event. A signed agreement between a battery stewardship organization

and the entity requesting to hold a collection event must be established at least 60 days prior to any collection of covered batteries under a stewardship program. All costs associated with collection events initiated by an entity other than a battery stewardship organization are the sole responsibility of the entity unless otherwise agreed upon by a battery stewardship organization. A collection event under this subsection (4)(b)(ii) must allow any person to discard each chemistry and brand of covered battery at the collection event.

(c)(i) A local government facility may collect batteries at its own expense through a collection site or temporary collection event that is not a collection site or event under the program implemented by a battery stewardship organization. A local government facility that collects covered batteries under this subsection must, in accordance with procedures set forth in battery stewardship organization plans approved by the department:

(A) Notify battery stewardship organizations of the local government facility's decision to operate a collection site that is not a collection site under a program established under this chapter;

(B) Collect each chemistry and brand of covered battery at its collection site or sites;

(C) Collect, sort, and package collected materials in a manner that meets the standards established in a battery stewardship organization plan approved by the department;

(D) Either provide the collected batteries to the battery stewardship organization in lawful transportation containers for it to transfer the collected batteries at a processing facility the battery stewardship organization has approved, or transport to, or arrange for the transportation of collected batteries for processing at a facility that a battery stewardship organization has approved under a plan approved by the department.

(ii) A local government facility that collects materials at a collection site or temporary collection event operating outside of a battery stewardship program must also report, to a battery stewardship organization, information necessary for the battery stewardship organization to fulfill its reporting obligations under section 10 of this act. A battery stewardship organization may count materials collected by a local government facility under this subsection (4)(c) towards the achievement of performance requirements established in section 6 of this act.

(d) A battery stewardship organization may suspend or terminate a collection site or service that does not adhere to the collection site criteria in the approved plan or that poses an immediate health and safety concern.

(5)(a) Stewardship programs are not required to provide for the collection of battery-containing products.

(b) Stewardship programs are not required to provide for the collection of batteries that:

(i) Are not easily removable from the product other than by the manufacturer; and

(ii) Remain contained in a battery-containing product at the time of delivery to a collection site.

(c) Stewardship programs are required to provide for the collection of loose batteries.

(d) Stewardship programs are not required to provide for the collection of batteries still contained in covered electronic products under chapter 70A.500 RCW.

(6) Batteries collected by the program must be managed consistent with the battery management hierarchy. Lower priority end-of-life battery management options on the battery management hierarchy may be used by a program only when a battery stewardship organization documents to the department that all higher priority battery management options on the battery

NINETY SIXTH DAY, APRIL 14, 2023

management hierarchy are not technologically feasible or economically practical.

NEW SECTION. Sec. 9. STEWARDSHIP PROGRAM COMPONENTS—EDUCATION AND OUTREACH REQUIREMENTS. (1) Each battery stewardship organization must carry out promotional activities in support of plan implementation including, but not limited to, the development:

- (a) And maintenance of a website;
- (b) And distribution of periodic press releases and articles;
- (c) And placement of advertisements for use on social media or other relevant media platforms;
- (d) Of promotional materials about the program and the restriction on the disposal of covered batteries in section 15 of this act to be used by retailers, government agencies, and nonprofit organizations;
- (e) And distribution of collection site safety training procedures that are in compliance with state law to collection sites to help ensure proper management of covered batteries at collection sites; and
- (f) And implementation of outreach and educational resources targeted to overburdened communities and vulnerable populations identified by the department under chapter 70A.02 RCW that are conceptually, linguistically, and culturally accurate for the communities served and reach the state's diverse ethnic populations, including through meaningful consultation with communities that bear disproportionately higher levels of adverse environmental and social justice impacts.

(2) Each battery stewardship organization must provide:

(a) Consumer-focused educational promotional materials to each collection site used by the program and accessible by customers of retailers that sell covered batteries or battery-containing products; and

(b) Safety information related to covered battery collection activities to the operator of each collection site, including appropriate protocols to reduce risks of spills or fires and response protocols in the event of a spill or fire.

(3)(a) Each battery stewardship organization must provide educational materials to the operator of each collection site for the management of recalled batteries, which are not intended to be part of collection as provided under section 8 of this act, to help facilitate transportation and processing of recalled batteries.

(b) A battery stewardship organization may seek reimbursement from the producer of the recalled battery for expenses incurred in the collection, transportation, or processing of those batteries.

(4) Upon request by a retailer, the battery stewardship organization must provide the retailer educational materials describing collection opportunities for batteries.

(5) If multiple battery stewardship organizations are implementing plans approved by the department, the battery stewardship organizations must coordinate in carrying out their education and outreach responsibilities under this section and must include in their annual reports to the department under section 10 of this act a summary of their coordinated education and outreach efforts.

(6) During the first year of program implementation and every five years thereafter, each battery stewardship organization must carry out a survey of public awareness regarding the requirements of the program established under this chapter, including the provisions of section 15 of this act. Each battery stewardship organization must share the results of the public awareness surveys with the department.

NEW SECTION. Sec. 10. REPORTING REQUIREMENTS. (1) By June 1, 2028, and each June 1st thereafter, each battery stewardship organization must submit an

annual report to the department covering the preceding calendar year of battery stewardship plan implementation. The report must include:

(b) A summary financial statement documenting the financing of a battery stewardship organization's program and an analysis of program costs and expenditures, including an analysis of the program's expenses, such as collection, transportation, recycling, education, and administrative overhead. The summary financial statement must be sufficiently detailed to provide transparency that funds collected from producers as a result of their activities in Washington are spent on program implementation in Washington. Battery stewardship organizations implementing similar battery stewardship programs in multiple states may submit a financial statement including all covered states, as long as the statement breaks out financial information pertinent to Washington;

(c) The weight, by chemistry, of covered batteries collected under the program;

(d) The weight of materials recycled from covered batteries collected under the program, in total, and by method of battery recycling;

(e) A calculation of the recycling efficiency rates, as measured consistent with subsection (2) of this section;

(f) For each facility used for the final disposition of batteries, a description of how the facility recycled or otherwise disposed of batteries and battery components;

The information in this subsection (1)(g) may be approximated for program operations in Washington based on extrapolations of national or regional data for programs in operation in multiple states;

(h) The collection rate achieved under the program, including a description of how this collection rate was calculated;

(i) The estimated aggregate sales, by weight and chemistry, of batteries and batteries contained in or with battery-containing products sold in Washington by participating producers for each of the previous three calendar years;

(k) A description of education and outreach efforts supporting plan implementation including, but not limited to, a summary of education and outreach provided to consumers, collection sites, manufacturers, distributors, and retailers by the program operator for the purpose of promoting the collection and recycling of covered batteries, a description of how that education and outreach met the requirements of section 9 of this act, samples of education and outreach materials, a summary of coordinated education and outreach efforts with any other battery stewardship organizations implementing a plan approved by the department, and a summary of any changes made during the previous calendar year to education and outreach activities;

(l) A list of all collection sites and accompanying latitude and longitude data and an address for each listed site, and an up-to-date map indicating the location of all collection sites used to implement the program, with links to appropriate websites where there are existing websites associated with a site;

(m) A description of methods used to collect, transport, and recycle covered batteries by the battery stewardship organization;

(n) A summary on progress made towards the program performance goals established under section 6 of this act, and an explanation of why performance goals were not met, if applicable; and

(o) An evaluation of the effectiveness of education and outreach activities.

(2) The weight of batteries or recovered resources from those batteries must only be counted once and may not be counted by more than one battery stewardship organization.

(3) In addition to the requirements of subsection (1) of this section, with respect to each facility used in the processing or disposition of batteries collected under the program, the battery stewardship organization must report:

(a) Whether the facility is located domestically, in an organization for economic cooperation and development country, or in a country that meets organization for economic cooperation and development operating standards; and

(b) What facilities processed the batteries, including a summary of any violations of environmental or labor laws and regulations over the previous three years at each facility.

(4) If a battery stewardship organization has disposed of covered batteries through energy recovery, incineration, or landfilling during the preceding calendar year of program implementation, the annual report must specify the steps that the battery stewardship organization will take to make the recycling of covered batteries cost-effective, where possible, or to otherwise increase battery recycling rates achieved by the battery stewardship organization.

(5) A producer or battery stewardship organization that submits information or records to the department under this chapter may request that the information or records be made available only for the confidential use of the department, the director of the department, or the appropriate division of the department. The director of the department must consider the request and if this action is not detrimental to the public interest and is otherwise in accordance with the policies and purposes of chapter 43.21A RCW, the director must grant the request for the information to remain confidential as authorized in RCW 43.21A.160.

NEW SECTION. Sec. 11. FEE AND DEPARTMENT OF ECOLOGY ROLE. (1) The department must adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter. The department must by rule establish fees, to be paid annually by a battery stewardship organization, that are adequate to cover the department's full costs of implementing, administering, and enforcing this chapter and allocates costs between battery stewardship organizations, if applicable. All fees must be based on costs related to implementing, administering, and enforcing this chapter, not to exceed expenses incurred by the department for these activities.

(2) The responsibilities of the department in implementing, administering, and enforcing this chapter include, but are not limited to:

(a) Reviewing submitted stewardship plans and plan amendments and making determinations as to whether to approve the plan or plan amendment;

(i) The department must provide a letter of approval for the plan or plan amendment if it provides for the establishment of a stewardship program that meets the requirements of sections 3 through 9 of this act;

(ii) If a plan or plan amendment is rejected, the department must provide the reasons for rejecting the plan to the battery stewardship organization. The battery stewardship organization must submit a new plan within 60 days after receipt of the letter of disapproval; and

(iii) When a plan or an amendment to an approved plan is submitted under this section, the department shall make the proposed plan or amendment available for public review and comment for at least 30 days;

(b) Reviewing annual reports submitted under section 10 of this act within 90 days of submission to ensure compliance with that section;

(c)(i) Maintaining a website that lists producers and their brands that are participating in an approved plan, and that makes available to the public each plan, plan amendment, and annual report received by the department under this chapter;

(ii) Upon the date the first plan is approved, the department must post on its website a list of producers and their brands for which the department has approved a plan. The department must update the list of producers and brands participating under an approved program plan based on information provided to the department from battery stewardship organizations; and

(d) Providing technical assistance to producers and retailers related to the requirements of this chapter and issuing orders or imposing civil penalties authorized under section 12 of this act where the technical assistance efforts do not lead to compliance by a producer or retailer.

(3) Beginning January 1, 2032, and every five years thereafter, after consultation with battery stewardship organizations, the department may by rule increase the minimum recycling efficiency rates established in section 6 of this act based on the most economically and technically feasible processes and methodology available.

NEW SECTION. Sec. 12. PENALTIES AND CIVIL ACTION PROVISIONS. (1)(a) A battery stewardship organization implementing an approved plan may bring a civil action or actions to recover costs, damages, and fees, as specified in this section, from a producer who sells or otherwise makes available in Washington covered batteries or battery-containing products not included in an approved plan in violation of the requirements of this chapter. An action under this section may be brought against one or more defendants. An action may only be brought against a defendant producer when the stewardship program incurs costs in Washington, including reasonable incremental administrative and program promotional costs, in excess of \$1,000 to collect, transport, and recycle or otherwise dispose of the covered batteries or battery-containing products of a nonparticipating producer.

(b) A battery stewardship organization may bring a civil action against a producer of a recalled battery to recover costs associated with handling a recalled battery.

(c) A battery stewardship organization implementing an approved stewardship plan may bring a civil action against another battery stewardship organization that under performs on its battery collection obligations under this chapter by failing to collect and provide for the end-of-life management of batteries in an amount roughly equivalent to costs imposed on the plaintiff battery stewardship organization by virtue of the failures of the defendants, plus legal fees and expenses.

(d) The remedies provided in this subsection are in addition to the enforcement authority of the department and do not limit and are not limited by a decision by the department to impose a civil penalty or issue an order under subsection (2) of this section. The department is not required to audit, participate in, or provide assistance to a battery stewardship organization pursuing a civil action authorized under this subsection.

(2)(a) The department may administratively impose a civil penalty on a person who violates this chapter in an amount of up to \$1,000 per violation per day.

NINETY SIXTH DAY, APRIL 14, 2023

(b) The department may administratively impose a civil penalty of up to \$10,000 per violation per day on a person for repeated violations of this chapter or failure to comply with an order issued under (c) of this subsection.

(c) Whenever on the basis of any information the department determines that a person has violated or is in violation of this chapter, the department may issue an order requiring compliance. A person who fails to take corrective action as specified in a compliance order is liable for a civil penalty as provided in (b) of this subsection, without receiving a written warning prescribed in (e) of this subsection.

(d) A person who is issued an order or incurs a penalty under this section may appeal the order or penalty to the pollution control hearings board established by chapter 43.21B RCW.

(e) Prior to imposing penalties under this section, the department must provide a producer, retailer, or battery stewardship organization with a written warning for the first violation by the producer, retailer, or battery stewardship organization of the requirements of this chapter. The written warning must inform a producer, retailer, or battery stewardship organization that it must participate in an approved plan or otherwise come into compliance with the requirements of this chapter within 30 days of the notice. A producer, retailer, or battery stewardship organization that violates a provision of this chapter after the initial written warning may be assessed a penalty as provided in this subsection.

(3) Penalties levied under subsection (2) of this section must be deposited in the model toxics control operating account created in RCW 70A.305.180.

(4) No penalty may be assessed on an individual or resident for the improper disposal of covered batteries as described in section 15 of this act in a noncommercial or residential setting.

NEW SECTION. Sec. 13. RESPONSIBLE BATTERY MANAGEMENT ACCOUNT. The responsible battery management account is created in the custody of the state treasurer. All receipts from fees paid under this chapter must be deposited in the account. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Moneys in the account may be used solely by the department for administering, implementing, and enforcing the requirements of this chapter. Funds in the account may not be diverted for any purpose or activity other than those specified in this section.

NEW SECTION. Sec. 14. MARKING REQUIREMENTS FOR BATTERIES. (1) Beginning January 1, 2028, a producer or retailer may only sell, distribute, or offer for sale in or into Washington a large format battery, covered battery, or battery-containing product that contains a battery that is designed or intended to be easily removable from the product, if the battery is:

(a) Marked with an identification of the producer of the battery, unless the battery is less than one-half inch in diameter or does not contain a surface whose length exceeds one-half inch; and

(b) Beginning January 1, 2030, marked with proper labeling to ensure proper collection and recycling, by identifying the chemistry of the battery and including an indication that the battery should not be disposed of as household waste.

(2) A producer shall certify to its customers, or to the retailer if the retailer is not the customer, that the requirements of this section have been met, as provided in section 4 of this act.

(3) The department may amend, by rule, the requirements of subsection (1) of this section to maintain consistency with the

labeling requirements or voluntary standards for batteries established in federal law.

NEW SECTION. Sec. 15. GENERAL BATTERY DISPOSAL AND COLLECTION REQUIREMENTS. Effective July 1, 2027, for portable batteries and July 1, 2029, for medium format batteries, or the first date on which an approved plan begins to be implemented under this chapter by a battery stewardship organization, whichever comes first:

(1) All persons must dispose of unwanted covered batteries through one of the following disposal options:

(a) Disposal using the collection sites established by or included in the programs created by this chapter;

(b) For covered batteries generated by persons that are regulated generators of covered batteries under federal or state hazardous or solid waste laws, disposal in a manner consistent with the requirements of those laws; or

(c) Disposal using local government collection facilities that collect batteries consistent with section 8(4)(c) of this act.

(2)(a) A fee may not be charged at the time unwanted covered batteries are delivered or collected for management.

(b) All covered batteries may only be collected, transported, and processed in a manner that meets the standards established for a battery stewardship organization in a plan approved by the department, unless the batteries are being managed as described in subsection (1)(b) of this section.

(3) A person may not place covered batteries in waste containers for disposal at incinerators, waste to energy facilities, or landfills.

(4) A person may not place covered batteries in or on a container for mixed recyclables unless there is a separate location or compartment for the covered battery that complies with local government collection standards or guidelines.

(5) An owner or operator of a solid waste facility may not be found in violation of this section if the facility has posted in a conspicuous location a sign stating that covered batteries must be managed through collection sites established by a battery stewardship organization and are not accepted for disposal.

(6) A solid waste collector may not be found in violation of this section for a covered battery placed in a disposal container by the generator of the covered battery.

NEW SECTION. Sec. 16. DEPARTMENT ASSESSMENT OF LARGE FORMAT BATTERIES, MEDICAL DEVICES, LEAD ACID BATTERIES, AND BATTERY-CONTAINING PRODUCTS AND THEIR BATTERIES. (1) By July 1, 2027, the department must complete an assessment of the opportunities and challenges associated with the end-of-life management of batteries that are not covered batteries, including:

(a) Large format batteries;

(b) Lead acid batteries that are greater than 11 pounds or are subject to the provisions of RCW 70A.205.505 through 70A.205.530;

(c) Batteries contained in medical devices, as specified in Title 21 U.S.C. Sec. 360c as it existed as of the effective date of this section that are not designed and marketed for sale or resale principally to consumers for personal use; and

(d) Batteries not intended or designed to be easily removed by a customer that are contained in battery-containing products, including medical devices, and in electronic products that are not covered electronic products managed under an approved plan implemented under chapter 70A.500 RCW.

(2) The department must consult with the department of commerce and interested stakeholders in completing the assessment, including consultation with overburdened communities and vulnerable populations identified by the

department under chapter 70A.02 RCW. The assessment must identify any needed adjustments to the stewardship program requirements established in this chapter that are necessary to maximize public health, safety, and environmental benefits, such as battery reuse.

(3) The assessment must consider:

(a) The different categories and uses of batteries and battery-containing products listed in subsection (1) of this section;

(b) The current economic value and reuse or recycling potential of large format batteries or large format battery components and a summary of studies examining the environmental and equity implications of displacing demand for new rare earth materials, critical materials, and other conflict materials through the reuse and recycling of batteries;

(c) The current methods by which unwanted batteries and battery-containing products listed in subsection (1) of this section are managed in Washington and nearby states and provinces;

(d) Challenges posed by the potential collection, management, and transport of batteries and battery-containing products listed in subsection (1) of this section, including challenges associated with removing batteries that were not intended or designed to be easily removable from products, other than by the manufacturer; and

(e) Which criteria of this chapter should apply to batteries and battery-containing products listed in subsection (1) of this section in a manner that is identical or analogous to the requirements applicable to covered batteries.

(4) By October 1, 2027, the department must submit a report to the appropriate committees of the legislature containing the findings of the assessment required in this section.

(1) By November 30, 2023, the department of ecology must submit a report to the appropriate committees of the legislature on preliminary policy recommendations for the collection and management of electric vehicle batteries. By April 30, 2024, the department of ecology must report to the appropriate committees of the legislature on final policy recommendations for the collection and management of electric vehicle batteries.

(2) In developing the recommendations under subsection (1) of this section, the department of ecology must:

(a) Solicit input from representatives of automotive wrecking and salvage yards, solid waste collection and processing companies, local governments, environmental organizations, electric vehicle manufacturers, and any other interested parties; and

(b) Examine best practices in other states and jurisdictions.

NEW SECTION. Sec. 18. ANTITRUST. Producers or battery stewardship organizations acting on behalf of producers that prepare, submit, and implement a battery stewardship program plan pursuant to this chapter and who are thereby subject to regulation by the department are granted immunity from state laws relating to antitrust, restraint of trade, unfair trade practices, and other regulation of trade and commerce, for the limited purpose of planning, reporting, and operating a battery stewardship program, including:

(1) The creation, implementation, or management of a battery stewardship organization and any battery stewardship plan regardless of whether it is submitted, denied, or approved;

(2) The determination of the cost and structure of a battery stewardship plan; and

(3) The types or quantities of batteries being recycled or otherwise managed pursuant to this chapter.

NEW SECTION. Sec. 19. AUTHORITY OF THE UTILITIES AND TRANSPORTATION COMMISSION. Nothing in this chapter changes or limits the authority of the Washington utilities and transportation commission to regulate collection of solid waste, including curbside collection of residential recyclable materials, nor does this chapter change or limit the authority of a city or town to provide the service itself or by contract under RCW 81.77.020.

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5152 with the following amendment(s): 5152-S.E AMH ENGR H1820.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions used in chapter 42.17A RCW apply throughout this chapter unless the context clearly requires otherwise.

NEW SECTION. Sec. 2. (1) For purposes of this section "synthetic media" means an image, an audio recording, or a video recording of an individual's appearance, speech, or conduct that has been intentionally manipulated with the use of generative adversarial network techniques or other digital technology in a manner to create a realistic but false image, audio, or video that produces:

(a) A depiction that to a reasonable individual is of a real individual in appearance, action, or speech that did not actually occur in reality; and

(b) A fundamentally different understanding or impression of the appearance, action, or speech than a reasonable person would have from the unaltered, original version of the image, audio recording, or video recording.

(2) A candidate whose appearance, action, or speech is altered through the use of a synthetic media in an electioneering communication may seek injunctive or other equitable relief prohibiting the publication of such synthetic media.

(3) A candidate whose appearance, action, or speech is altered through the use of a synthetic media in an electioneering

communication may bring an action for general or special damages against the sponsor. The court may also award a prevailing party reasonable attorneys' fees and costs. This subsection does not limit or preclude a plaintiff from securing or recovering any other available remedy.

(4) It is an affirmative defense for any action brought under this section that the electioneering communication containing a synthetic media includes a disclosure stating, "This (image/video/audio) has been manipulated," in the following manner:

(a) For visual media, the text of the disclosure must appear in size easily readable by the average viewer and no smaller than the largest font size of other text appearing in the visual media. If the visual media does not include any other text, the disclosure must appear in a size that is easily readable by the average viewer. For visual media that is a video, the disclosure must appear for the duration of the video; or

(b) If the media consists of audio only, the disclosure must be read in a clearly spoken manner and in a pitch that can be easily heard by the average listener, at the beginning of the audio, at the end of the audio, and, if the audio is greater than two minutes in length, interspersed within the audio at intervals of not more than two minutes each.

(5) In any action commenced under this section, the plaintiff bears the burden of establishing the use of synthetic media by clear and convincing evidence.

(6) Courts are encouraged to determine matters under this section expediently.

NEW SECTION. Sec. 3. (1) For an action brought under section 2 of this act, the sponsor of the electioneering communication may be held liable, and not the medium disseminating the electioneering communication except as provided in subsection (2) of this section.

(2) Except when a licensee, programmer, or operator of a federally licensed broadcasting station transmits an electioneering communication that is subject to 47 U.S.C. Sec. 315, a medium may be held liable in a cause of action brought under section 2 of this act if:

(a) The medium removes any disclosure described in section 2(4) of this act from the electioneering communication it disseminates; or

(b) Subject to affirmative defenses described in section 2 of this act, the medium changes the content of an electioneering communication such that it qualifies as synthetic media, as defined in section 2 of this act.

(3)(a) No provider or user of an interactive computer service shall be treated as the publisher or speaker of any information provided by another information content provider. However, an interactive computer service may be held liable in accordance with subsection (2) of this section.

(b) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(c) "Information content provider" means any person or entity that is responsible, in whole or in part, for the creation or development of information provided through the internet or any other interactive computer service.

NEW SECTION. Sec. 4. The public disclosure commission must adopt rules in furtherance of the purpose of this chapter. Nothing in this chapter constitutes a violation under chapter 42.17A RCW, or otherwise authorizes the public disclosure commission to take action under RCW 42.17A.755.

NINETY SIXTH DAY, APRIL 14, 2023

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 42 RCW.

MESSAGE FROM THE HOUSE

April 12, 2023

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5156 with the following amendment(s): 5156-S AMH ENGR H1812.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that encouraging participation in agriculture is valuable. The farm internship program allows students to experience farming practices and get hands-on experience with farming activities. The internship program has existed since 2014 and was piloted in a few select counties. The legislature finds that this program is valuable, should be extended to all counties, and should continue without an expiration date.

Sec. 2. RCW 49.12.471 and 2020 c 212 s 1 are each amended to read as follows:

(1) The director shall establish a farm internship ((~~pilot~~)) project for the employment of farm interns on small farms under special certificates at wages, if any, as authorized by the department and subject to such limitations as to time, number, proportion, and length of service as provided in this section and as prescribed by the department. ((~~The pilot project consists of the following counties: San Juan, Skagit, King, Whatcom, Kitsap, Pierce, Jefferson, Spokane, Yakima, Chelan, Grant, Island, Snohomish, Kittitas, Lincoln, Thurston, Walla Walla, Clark, Cowlitz, and Lewis.~~))

(2)(a) A small farm may employ no more than three interns at one time under this section.

(b) For any small farm located in a county that became eligible to participate in the farm intern project on the effective date of this act, at least one of the interns employed by the farm must be an individual who, in addition to meeting the farm's qualifications applicable to all intern applicants, also has direct experience working as a migrant farmworker or whose parent or grandparent has direct experience working as a migrant farmworker. If a farm is employing only one intern and the farm does not receive any applications from individuals who meet the criteria set forth in this subsection, the requirement of this subsection does not apply. If a farm is employing more than one intern, the farm must employ at least one intern who meets the criteria set forth in this subsection.

(3) A small farm must apply for a special certificate on a form made available by the director. The application must set forth: The name of the farm and a description of the farm seeking the certificate; the type of work to be performed by a farm intern; a description of the internship program; the period of time for which the certificate is sought and the duration of an internship; the number of farm interns for which a special certificate is sought; the wages, if any, that will be paid to the farm intern; any room and board, stipends, and other remuneration the farm will provide to a farm intern; and the total number of workers employed by the farm.

(4) Upon receipt of an application, the department shall review the application and issue a special certificate to the requesting farm within fifteen days if the department finds that:

- (a) The farm qualifies as a small farm;
- (b) There have been no serious violations of chapter 49.46 RCW or Title 51 RCW that provide reasonable grounds to believe that the terms of an internship agreement may not be complied with;
- (c) The issuance of a certificate will not create unfair competitive labor cost advantages nor have the effect of impairing or depressing wage or working standards established for experienced workers for work of a like or comparable

character in the industry or occupation at which the intern is to be employed;

(d) A farm intern will not displace an experienced worker; ~~((and))~~

(e) If subsection (2)(b) of this section applies, the farm has included in the application either: (i) An attestation from at least one farm intern stating that the farm intern is an individual who has direct experience working as a migrant farmworker or whose parent or grandparent has direct experience working as a migrant farmworker; or (ii) an attestation that the farm is employing only one intern and the farm did not receive any applications from individuals who meet the criteria set forth in subsection (2)(b) of this section; and

(f) The farm demonstrates that the interns will perform work for the farm under an internship program that: (i) Provides a curriculum of learning modules and supervised participation in farm work activities designed to teach farm interns about farming practices and farm enterprises; (ii) is based on the bona fide curriculum of an educational or vocational institution; (iii) encourages the interns to participate in career and technical education or other educational content with courses in agriculture or related programs of study at a community or technical college; and ~~((iii))~~ (iv) is reasonably designed to provide the intern with vocational knowledge and skills about farming practices and enterprises. In assessing an internship program, the department may consult with relevant college and university departments and extension programs and state and local government agencies involved in the regulation or development of agriculture.

(5) A special certificate issued under this section must specify the terms and conditions under which it is issued, including: The name of the farm; the duration of the special certificate allowing the employment of farm interns and the duration of an internship; the total number of interns authorized under the special certificate; the authorized wage rate, if any; and any room and board, stipends, and other remuneration the farm will provide to the farm intern. A farm intern may be paid at wages specified in the certificate only during the effective period of the certificate and for the duration of the internship.

(6) If the department denies an application for a special certificate, notice of denial must be mailed to the farm. The farm listed on the application may, within fifteen days after notice of such action has been mailed, file with the director a petition for review of the denial, setting forth grounds for seeking such a review. If reasonable grounds exist, the director or the director's authorized representative may grant such a review and, to the extent deemed appropriate, afford all interested persons an opportunity to be heard on such review.

(7) Before employing a farm intern, a farm must submit a statement on a form made available by the director stating that the farm understands: The requirements of the industrial welfare act, this chapter, that apply to farm interns; that the farm must pay workers' compensation premiums in the assigned intern risk class and must pay workers' compensation premiums for nonintern work hours in the applicable risk class; and that if the farm does not comply with subsection (8) of this section, the director may revoke the special certificate.

(8) The director may revoke a special certificate issued under this section if a farm fails to: Comply with the requirements of the industrial welfare act, this chapter, that apply to farm interns; pay workers' compensation premiums in the assigned intern risk class; or pay workers' compensation premiums in the applicable risk class for nonintern work hours.

(9) Before the start of a farm internship, the farm and the intern must sign a written agreement and send a copy of the agreement to the department. The written agreement must, at a minimum:

(a) Describe the internship program offered by the farm, including the skills and objectives the program is designed to teach and the manner in which those skills and objectives will be taught;

(b) Explicitly state that the intern is not entitled to unemployment benefits or minimum wages for work and activities conducted pursuant to the internship program for the duration of the internship;

(c) Describe the responsibilities, expectations, and obligations of the intern and the farm, including the anticipated number of hours of farm activities to be performed by and the anticipated number of hours of curriculum instruction provided to the intern per week;

(d) Describe the activities of the farm and the type of work to be performed by the farm intern; and

(e) ~~((Describes [Describe]))~~ Describe any wages, room and board, stipends, and other remuneration the farm will provide to the farm intern.

(10) The department must limit the administrative costs of implementing the internship ~~((pilot))~~ program by relying on farm organizations and other stakeholders to perform outreach and inform the farm community of the program and by limiting employee travel to the investigation of allegations of noncompliance with program requirements.

(11) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Farm intern" means an individual who provides services to a small farm under a written agreement and primarily as a means of learning about farming practices and farm enterprises.

(b) "Farm internship program" means an internship program described under subsection (4)(e) of this section.

(iii) Where all the owners or partners of the farm provide regular labor to and participate in the management of the farm, and own or lease the productive assets of the farm.

(12) The department shall monitor and evaluate the farm internships authorized by this section and report to the appropriate committees of the legislature by December 31, 2024. The report must include, but not be limited to: The number of small farms that applied for and received special certificates; the number of interns employed as farm interns; the nature of the educational activities provided to the farm interns; the wages and other remuneration paid to farm interns; the number of and type of workers' compensation claims for farm interns; the employment of farm interns following farm internships; and other matters relevant to assessing farm internships authorized in this section.

MESSAGE FROM THE HOUSE

April 5, 2023

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5165 with the following amendment(s): 5165-S AMH ENVI H1630.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the electric power system serving Washington will require additional high voltage transmission capacity to achieve the state's objectives and legal requirements. Washington must reduce its greenhouse gas emissions under state law, and the 2021 state energy strategy finds that this will require a significant increase in the use of renewable or nonemitting electricity in place of fossil

fuels now used in the transportation, industry, and building sectors.

(2) The legislature anticipated the crucial role of additional transmission capacity in 2019 in the enactment of the clean energy transformation act and directed the energy facilities site evaluation council to convene a transmission corridors work group. The transmission corridors work group issued its final report on October 31, 2022, in which it confirmed the central role of transmission and recommended actions to achieve the expansion of transmission capacity to address this need.

(3) Expanded transmission capacity and the more effective use of existing transmission capacity will provide benefits to electricity consumers in the state by enhancing the reliability of the electric power system and increasing access to more affordable sources of electricity within the state and across the western United States and Canada.

(4) Existing constraints on transmission capacity within the state already present challenges in ensuring adequate and affordable supplies of clean electricity. Of particular concern is the capability of the transmission system to deliver clean electricity into and within the central Puget Sound area.

(5) There are multiple issues that contribute to the challenge of making timely and cost-effective expansions of the high voltage transmission system. Among those challenges is the need for a more proactive transmission planning process using a longer planning period than current law requires. Transmission planning must reflect not just the requirements to connect individual generating resources to the grid but also the need to transfer electricity across the state and the west. Transmission planning must incorporate state policies and laws in planning objectives.

(6) Certain transmission projects are of significant state interest due to their impact on the access of multiple utilities and communities to gain access to clean, affordable electricity supplies and obtain electricity that is necessary to comply with state laws.

(7) The legislature intends and affirms that the option to use local government permitting processes remains available for transmission projects not subject to mandatory jurisdiction under RCW 80.50.060(2).

(8) Transmission projects typically take at least a decade to develop and permit. This timing presents particular challenges for achieving the state's greenhouse gas emissions reduction mandates, which include ambitious benchmarks as early as 2030. There is a need to accelerate the timeline for transmission development while still protecting other Washington values.

(9) Some electric utilities rely entirely or primarily on a contracted network transmission provider for required transmission services. These electric utilities may contribute to the objectives of this act by requesting that each provider of network transmission service to the utilities include the provisions of chapter 288, Laws of 2019 and chapter 70A.45 RCW as public policy mandates in the transmission service provider's transmission planning process.

Sec. 2. RCW 19.280.030 and 2021 c 300 s 3 are each amended to read as follows:

Each electric utility must develop a plan consistent with this section.

NEW SECTION. Sec. 3. A new section is added to chapter 19.280 RCW to read as follows:

(1) Electric utilities must in their planning and selection of renewable resources give reasonable consideration, consistent with prudent utility practice, to renewable resources that would use transmission services considered to be conditional firm under the tariff of the relevant transmission provider. For the purposes of this section, conditional firm service means any form of long-term firm point-to-point transmission service in which transmission customers are able to reserve service subject to specific and limited conditions under which the transmission provider may curtail the transmission customer's reservation of service prior to curtailment of other firm service.

(2) Electric utilities are encouraged to participate and contribute to statewide or multiutility planning activities and through interstate transmission planning processes.

(3) Electric utilities must consult with federal, interstate, and voluntary industry organizations with a role in the bulk power transmission system, including but not limited to the Bonneville power administration, the Pacific Northwest electric power and conservation planning council, NorthernGrid, the Western Power Pool, and public interest organizations in improving the planning and development of transmission capacity consistent with this act.

(1)(a) The provisions of this chapter apply to the construction of energy facilities which includes the new construction of energy facilities and the reconstruction or enlargement of existing energy facilities where the net increase in physical capacity or dimensions resulting from such reconstruction or enlargement meets or exceeds those capacities or dimensions set forth in RCW 80.50.020 (14) and (29). No construction or reconstruction of such energy facilities may be undertaken, except as otherwise provided in this chapter, without first obtaining certification in the manner provided in this chapter.

(b) If applicants proposing the following types of facilities choose to receive certification under this chapter, the provisions of this chapter apply to the construction, reconstruction, or enlargement of these new or existing facilities:

- (i) Facilities that produce refined biofuel, but which are not capable of producing 25,000 barrels or more per day;

jurisdiction that has promulgated land use plans or zoning ordinances;

- (iv) Clean energy product manufacturing facilities; and
- (v) Storage facilities.

(c) All of the council's powers with regard to energy facilities apply to all of the facilities in (b) of this subsection and these facilities are subject to all provisions of this chapter that apply to an energy facility.

(2)(a) The provisions of this chapter must apply to ~~((the))~~:

(i) The construction, reconstruction, or enlargement of new or existing electrical transmission facilities: (A) Of a nominal voltage of at least 500,000 volts alternating current or at least 300,000 volts direct current; (B) located in more than one county; and (C) located in the Washington service area of more than one retail electric utility; and

(ii) The construction, reconstruction, or modification of electrical transmission facilities when the facilities are located in a national interest electric transmission corridor as specified in RCW 80.50.045.

(8) The council must consult with all federally recognized tribes that possess resources, rights, or interests reserved or protected by federal treaty, statute, or executive order in the area where an energy facility is proposed to be located to provide early and meaningful participation and input during siting review and compliance monitoring. The chair and designated staff must offer to conduct government-to-government consultation to address issues of concern raised by such a tribe. The goal of the consultation process is to identify tribal resources or rights

potentially affected by the proposed energy facility and to seek ways to avoid, minimize, or mitigate any adverse effects on tribal resources or rights. The chair must provide regular updates on the consultation to the council throughout the application review process. The report from the council to the governor required in RCW 80.50.100 must include a summary of the government-to-government consultation process that complies with RCW 42.56.300, including the issues and proposed resolutions.

Sec. 5. RCW 80.50.045 and 2006 c 196 s 3 are each amended to read as follows:

(1) The council shall consult with other state agencies, utilities, local municipal governments, public interest groups, tribes, and other interested persons to convey their views to the secretary and the federal energy regulatory commission regarding appropriate limits on federal regulatory authority in the siting of electrical transmission corridors in the state of Washington.

(2) The council is designated as the state authority for purposes of siting transmission facilities under ~~((the national energy policy act of 2005))~~ Title 16 U.S.C. Sec. 824p and for purposes of other such rules or regulations adopted by the secretary. The council's authority regarding transmission facilities under this subsection is limited to those transmission facilities that are the subject of ~~((section 1221 of the national energy policy act))~~ Title 16 U.S.C. Sec. 824p and this chapter.

(3) For the construction and modification of transmission facilities that are the subject of ~~((section 1221 of the national energy policy act))~~ Title 16 U.S.C. Sec. 824p, the council may: (a) Approve the siting of the facilities; and (b) consider the interstate benefits expected to be achieved by the proposed construction or modification of the facilities in the state.

(4) When developing recommendations as to the disposition of an application for the construction or modification of transmission facilities under this chapter, the fuel source of the electricity carried by the transmission facilities shall not be considered.

(5) For electrical transmission projects proposed or sited by a federal agency, the director must coordinate state agency participation in environmental review under the national environmental policy act.

NEW SECTION. Sec. 6. A new section is added to chapter 43.21C RCW to read as follows:

NONPROJECT ENVIRONMENTAL REVIEWS.

(1) The energy facility site evaluation council shall prepare nonproject environmental impact statements, pursuant to RCW 43.21C.030, that assess and disclose the probable significant adverse environmental impacts, and that identify related mitigation measures for electrical transmission facilities with a nominal voltage of 230kV or greater.

(2) The scope of a nonproject environmental review is limited to the probable, significant adverse environmental impacts in geographic areas that are suitable for the electrical transmission facilities with a nominal voltage of 230kV or greater. The energy facility site evaluation council may consider standard attributes for likely development, proximity to existing transmission or complementary facilities, and planned corridors for transmission capacity construction, reconstruction, or enlargement. The nonproject review is not required to evaluate geographic areas that lack the characteristics necessary for electrical transmission facilities with a nominal voltage of 230kV or greater.

(3)(a) The scope of nonproject environmental impact statements must consider, as appropriate, analysis of the following probable significant adverse environmental impacts, including direct, indirect, and cumulative impacts to:

- (i) Historic and cultural resources;
- (ii) Species designated for protection under RCW 77.12.020 or the federal endangered species act;
- (iii) Landscape scale habitat connectivity and wildlife migration corridors;
- (iv) Environmental justice and overburdened communities as defined in RCW 70A.02.010;
- (v) Cultural resources and elements of the environment relevant to tribal rights, interests, and resources including tribal cultural resources, and fish, wildlife, and their habitat;
- (vi) Land uses, including agricultural and ranching uses; and
- (vii) Military installations and operations.

(b) The nonproject environmental impact statements must identify measures to avoid, minimize, and mitigate probable significant adverse environmental impacts identified during the review. These include measures to mitigate probable significant adverse environmental impacts to elements of the environment as defined in WAC 197-11-444 as it existed as of January 1, 2023, tribal rights, interests, and resources, including tribal cultural resources, as identified in RCW 70A.65.305, and overburdened communities as defined in RCW 70A.02.010. The energy facility site evaluation council shall consult with other agencies with expertise in identification and mitigation of probable, significant adverse environmental impacts including, but not limited to, the department of fish and wildlife. The energy facility site evaluation council shall further specify when probable, significant adverse environmental impacts cannot be mitigated.

(4) In defining the scope of nonproject review of electrical transmission facilities with a nominal voltage of 230kV or greater, the energy facility site evaluation council shall request input from agencies, federally recognized Indian tribes, industry, stakeholders, local governments, and the public to identify the geographic areas suitable for electrical transmission facilities with a nominal voltage of 230kV or greater, based on the climatic and geophysical attributes conducive to or required for project development. The energy facility site evaluation council will provide opportunities for the engagement of tribes, overburdened communities, and stakeholders that self-identify an interest in participating in the process.

(5) The energy facility site evaluation council must offer early and meaningful consultation with any affected federally recognized Indian tribe on the nonproject review under this section for the purpose of understanding potential impacts to tribal rights and resources, including tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which an Indian tribe or tribes possess rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required by state law, or by a state agency. The goal of the consultation process is to support the nonproject review by early identification of tribal rights, interests, or resources, including tribal cultural resources, potentially affected by the project type and identifying solutions, when possible, to avoid, minimize, or mitigate any adverse effects on tribal rights, interests, or resources, including tribal cultural resources, based on environmental or permit review.

(6) Final nonproject environmental review documents for the electrical transmission facilities with a nominal voltage of 230kV or greater, where applicable, must include maps identifying probable, significant adverse environmental impacts for the

resources evaluated. Maps must be prepared with the intention to illustrate probable, significant impacts and areas where impacts are avoided or capable of being minimized or mitigated, creating a tool that may be used by project proponents, tribes, and government to inform decision making. Maps may not include confidential information, such as locations of sacred cultural sites or locations of populations of certain protected species.

(7) For transmission line projects utilizing an existing transmission right-of-way or that are located along a transportation corridor or transmission projects utilizing an existing transmission right-of-way, the reasonable alternatives analysis required under this section is limited to the proposed action and a no action alternative.

NEW SECTION. **Sec. 7.** A new section is added to chapter 43.21C RCW to read as follows:

LEAD AGENCY USE OF NONPROJECT ENVIRONMENTAL IMPACT STATEMENT.

(1) A lead agency conducting a project-level environmental review under this chapter of an electrical transmission facility with a nominal voltage of 230kV or greater must consider a nonproject environmental impact statement completed pursuant to section 6 of this act in order to identify and mitigate project-level probable significant adverse environmental impacts.

(2)(a) Project-level environmental review conducted pursuant to this chapter of an electrical transmission facility with a nominal voltage of 230kV or greater must begin with the review of the applicable nonproject environmental impact statement completed pursuant to section 6 of this act. The review must address any probable significant adverse environmental impacts associated with the proposal that were not analyzed in the nonproject environmental impact statements pursuant to section 6 of this act. The review must identify any mitigation measures specific to the project for probable significant adverse environmental impacts.

(b) Lead agencies reviewing site-specific project proposals for electrical transmission facilities with a nominal voltage of 230kV or greater shall use the nonproject review described in section 6 of this act through one of the following methods and in accordance with WAC 197-11-600, as it existed as of January 1, 2023:

- (i) Use of the nonproject review unchanged, in accordance with RCW 43.21C.034, if the project does not cause probable significant adverse environmental impact not identified in the nonproject review;
- (ii) Preparation of an addendum;
- (iii) Incorporation by reference; or
- (iv) Preparation of a supplemental environmental impact statement.

(3) Proposals for electrical transmission facilities with a nominal voltage of 230kV or greater following the recommendations developed in the nonproject environmental review completed pursuant to section 6 of this act are considered to have mitigated the probable significant adverse project-specific environmental impacts under this chapter for which recommendations were specifically developed unless the project-specific environmental review identifies project-level probable significant adverse environmental impacts not addressed in the nonproject environmental review."

Sec. 5. RCW 6.27.140 and 2021 c 35 s 2 are each amended to read as follows:

(1) The notice required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

NOTICE OF GARNISHMENT
AND OF YOUR RIGHTS

A Writ of Garnishment issued in a Washington court has been or will be served on the garnishee named in the attached copy of the writ. After receipt of the writ, the garnishee is required to withhold payment of any money that was due to you and to withhold any other property of yours that the garnishee held or controlled. This notice of your rights is required by law.

YOU HAVE THE FOLLOWING EXEMPTION RIGHTS:

WAGES. If the garnishee is your employer who owes wages or other personal earnings to you, your employer is required to pay amounts to you that are exempt under state and federal laws, as explained in the writ of garnishment. You should receive a copy of your employer's answer, which will show how the exempt amount was calculated. A garnishment against wages or other earnings for child support may not be issued under chapter 6.27 RCW. If the garnishment is for private student loan debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty-five percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or fifty times the minimum hourly wage of the highest minimum wage law in the state at the time the earnings are payable. If the garnishment is for consumer debt, the exempt amount paid to you will be the greater of the following: A percent of your disposable earnings, which is eighty percent of the part of your earnings remaining after your employer deducts those amounts which are required by law to be withheld, or thirty-five times the state minimum hourly wage.

BANK ACCOUNTS. If the garnishee is a bank or other institution with which you have an account in which you have deposited benefits such as Temporary Assistance for Needy Families, Supplemental Security Income (SSI), Social Security, veterans' benefits, unemployment compensation, or any federally qualified pension, such as a state or federal pension, individual retirement account (IRA), or 401K plan, you may claim the account as fully exempt if you have deposited only such benefit funds in the account. It may be partially exempt even though you have deposited money from other sources in the same account. An exemption is also available under RCW 26.16.200, providing that funds in a community bank account that can be identified as the earnings of a stepparent are exempt from a garnishment on the child support obligation of the parent.

OTHER EXEMPTIONS. If the garnishee holds other property of yours, some or all of it may be exempt under

RCW 6.15.010, a Washington statute that exempts certain property of your choice (including, if the judgment is for private student loan debt, up to \$2,500.00 in a bank account ((if you owe on private student loan debts;)), or for a marital community or domestic partnership up to \$5,000.00 in a bank account; if the judgment is for other consumer debt, up to \$2,000.00 in a bank account ((if you owe on consumer debts; or)), or for a marital community or domestic partnership up to \$4,000.00 in a bank account; or, if the judgment is for any other debts, up to \$500.00 in a bank account ((for all other debts)), or for a marital community or domestic partnership up to \$1,000.00 in a bank account) and certain other property such as household furnishings, tools of trade, and a motor vehicle (all limited by differing dollar values).

HOW TO CLAIM EXEMPTIONS. Fill out the enclosed claim form and mail or deliver it as described in instructions on the claim form. If the plaintiff does not object to your claim, the funds or other property that you have claimed as exempt must be released not later than 10 days after the plaintiff receives your claim form. If the plaintiff objects, the law requires a hearing not later than 14 days after the plaintiff receives your claim form, and notice of the objection and hearing date will be mailed to you at the address that you put on the claim form.

THE LAW ALSO PROVIDES OTHER EXEMPTION RIGHTS. IF NECESSARY, AN ATTORNEY CAN ASSIST YOU TO ASSERT THESE AND OTHER RIGHTS, BUT YOU MUST ACT IMMEDIATELY TO AVOID LOSS OF RIGHTS BY DELAY.

(2)(a) If the writ is to garnish funds or property held by a financial institution, the claim form required by RCW 6.27.130(1) to be mailed to or served on an individual judgment debtor shall be in the following form, printed or typed in no smaller than size twelve point font:

MESSAGE FROM THE HOUSE

April 6, 2023

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5189 with the following amendment(s): 5189-S AMH APP H1838.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a behavioral health support specialist is a new member of the workforce in Washington state trained in the competencies developed by the University of Washington behavioral health support specialist clinical training program. The behavioral health support specialist clinical training program is characterized by brief, evidence-based interventions delivered to the intensity and expected duration of the behavioral health problem. The approach features routine outcome monitoring and regular, outcome-focused supervision. Use of behavioral health support specialists in Washington is expected to improve access to behavioral health services and ease workforce shortages while helping behavioral health professionals work at the top of their scope of practice.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adult" means a person 18 years of age or older.

(2) "Applicant" means a person who completes the required application, pays the required fee, is at least 18 years of age, and meets any background check requirements and uniform disciplinary act requirements.

(3) "Behavioral health" is a term that encompasses mental health, substance use, and co-occurring disorders.

(4) "Behavioral health support specialist" means a person certified to deliver brief, evidence-based interventions with a scope of practice that includes behavioral health under the supervision of a Washington state credentialed provider who has the ability to assess, diagnose, and treat identifiable mental and behavioral health conditions as part of their scope of practice. A behavioral health support specialist does not have within their scope of practice the ability to make diagnoses but does track and monitor treatment response and outcomes using measurement-based care.

(5) "Department" means the department of health.

(6) "Registered apprenticeship" means an apprenticeship program approved by the Washington state apprenticeship and training council according to chapter 49.04 RCW.

(7) "Secretary" means the secretary of health or the secretary's designee.

NEW SECTION. Sec. 3. The department shall collaborate with the University of Washington department of psychiatry and behavioral sciences and consult with other stakeholders to develop rules to implement this chapter by January 1, 2025, which shall be consistent with the University of Washington behavioral health support specialist clinical training program guidelines, and shall include appropriate standards for approval of educational programs for behavioral health support specialists, which shall include a practicum component and may be integrated into a bachelor's degree program or structured as a postbaccalaureate continuing education program or registered

apprenticeship in combination with an approved bachelor's degree or postbaccalaureate certificate.

NEW SECTION. Sec. 4. A person may not represent themselves as a behavioral health support specialist without being certified by the department.

NEW SECTION. Sec. 5. Nothing in this chapter shall be construed to prohibit or restrict delivery of behavioral health interventions by an individual otherwise regulated under this title and performing services within their authorized scope of practice.

NEW SECTION. Sec. 6. In addition to any other authority provided by law, the secretary has the authority to:

(1) Adopt rules under chapter 34.05 RCW necessary to implement this chapter. Any rules adopted shall be in consultation with the University of Washington;

(2) Establish all certification, examination, and renewal fees in accordance with RCW 43.70.250;

(3) Establish forms and procedures necessary to administer this chapter;

(4) Issue certifications to applicants who have met the education, which may include registered apprenticeships, practicum, and examination requirements for certification and to deny a certification to applicants who do not meet the requirements;

(5) Develop, administer, and supervise the grading and taking of an examination for applicants for certification;

(6) Adopt rules requiring completion of 20 hours of continuing education every two years after initial certification for certification renewal;

(7) Maintain the official record of all applicants and certification holders; and

(8) Establish by rule the procedures for an appeal of an examination failure.

NEW SECTION. Sec. 7. The uniform disciplinary act, chapter 18.130 RCW, governs uncertified practice, the issuance and denial of certification, and the discipline of persons certified under this chapter. The secretary shall be the disciplinary authority under this chapter.

NEW SECTION. Sec. 8. The secretary shall issue a certification to any applicant who demonstrates to the satisfaction of the secretary that the applicant meets the following requirements:

(1) Graduation from a bachelor's degree program;

(2) Successful completion of a behavioral health support specialist program that is approved to meet standards consistent with the University of Washington behavioral health support specialist clinical training program guidelines, including a supervised clinical practicum with demonstrated clinical skills in core competencies; and

(3) Successful completion of an approved jurisprudential examination.

NEW SECTION. Sec. 9. (1) The date and location of examinations shall be established by the secretary. Applicants who have been found by the secretary to meet the other requirements for certification shall be scheduled for the next examination following the filing of the application. The secretary shall establish by rule the examination application deadline.

(2) The secretary or the secretary's designee shall examine each applicant, by means determined to be most effective, on subjects appropriate to the scope of practice, as applicable. Such examinations shall be limited to the purpose of determining whether the applicant possesses the minimum skill and knowledge necessary to practice competently.

(3) The examination papers, all grading of the papers, and the grading of any practical work shall be preserved for a period of not less than one year after the secretary has made and published

the decisions. All examinations shall be conducted using fair and wholly impartial methods.

(4) The secretary may approve an examination prepared or administered by a private testing agency or association of licensing agencies for use by an applicant in meeting the certification requirements.

NEW SECTION. Sec. 10. Applications for certification shall be submitted on forms provided by the secretary. The secretary may require any information and documentation which reasonably relates to the need to determine whether the applicant meets the criteria for certification provided for in this chapter and chapter 18.130 RCW. Each applicant shall pay a fee determined by the secretary under RCW 43.70.250. The fee shall accompany the application.

NEW SECTION. Sec. 11. The health care authority shall take any steps which are necessary and proper to ensure that the services of behavioral health support specialists are covered under the state medicaid program by January 1, 2025.

NEW SECTION. Sec. 12. A new section is added to chapter 48.43 RCW to read as follows:

By July 1, 2025, every carrier shall provide access to services provided by behavioral health support specialists in a manner sufficient to meet the network access standards set forth in rules established by the office of the insurance commissioner.

The Law of Real Estate Agency

This pamphlet describes your legal rights in dealing with a real estate firm or broker. Please read it carefully before signing any documents.

The following is only a brief summary of the attached law:

Sec. 1. Definitions. Defines the specific terms used in the law.

Sec. 2. Relationships between Brokers and the Public. Prescribes that a broker who works with a buyer or tenant represents that buyer or tenant unless the broker is the listing agent, a seller's subagent, a dual agent, the seller personally or the parties agree otherwise. Also prescribes that in a transaction involving two different brokers licensed to the same real estate firm, the firm's designated broker and any managing broker responsible for the supervision of both brokers, are dual agents and each broker solely represents his or her client unless the parties agree in writing that both brokers are dual agents.

Sec. 3. Duties of a Broker Generally. Prescribes the duties that are owed by all brokers, regardless of who the broker represents. Requires disclosure of the broker's agency relationship in a specific transaction.

Sec. 4. Duties of a Seller's Agent. Prescribes the additional duties of a broker representing the seller or landlord only.

Sec. 5. Duties of a Buyer's Agent. Prescribes the additional duties of a broker representing the buyer or tenant only.

Sec. 6. Duties of a Dual Agent. Prescribes the additional duties of a broker representing both parties in the same

transaction, and requires the written consent of both parties to the broker acting as a dual agent.

Sec. 7. Duration of Agency Relationship. Describes when an agency relationship begins and ends. Provides that the duties of accounting and confidentiality continue after the termination of an agency relationship.

Sec. 8. Compensation. Allows real estate firms to share compensation with cooperating real estate firms. States that payment of compensation does not necessarily establish an agency relationship. Allows brokers to receive compensation from more than one party in a transaction with the parties' consent.

Sec. 9. Vicarious Liability. Eliminates the liability of a party for the conduct of the party's agent or subagent, unless the principal participated in or benefited from the conduct or the agent or subagent is insolvent. Also limits the liability of a broker for the conduct of a subagent.

Sec. 10. Imputed Knowledge and Notice. Eliminates the common law rule that notice to or knowledge of an agent constitutes notice to or knowledge of the principal.

Sec. 11. Interpretation. This law establishes statutory duties which replace common law fiduciary duties owed by an agent to a principal.

Sec. 12. Short Sale. Prescribes an additional duty of a firm representing the seller of owner-occupied real property in a short sale.

(2)(a) The pamphlet required under RCW 18.86.030(1)(f) must also include the following disclosure: When the seller of owner-occupied residential real property enters into a listing agreement with a real estate firm where the proceeds from the sale may be insufficient to cover the costs at closing, it is the responsibility of the real estate firm to disclose to the seller in writing that the decision by any beneficiary or mortgagee, or its assignees, to release its interest in the real property, for less than the amount the borrower owes, does not automatically relieve the seller of the obligation to pay any debt or costs remaining at closing, including fees such as the real estate firm's commission.

(b) For the purposes of this subsection, "owner-occupied real property" means real property consisting solely of a single family residence, a residential condominium unit, or a residential cooperative unit that is the principal residence of the borrower)) be formatted so it can be easily reviewed by a buyer or seller, including a legible font and font size. The pamphlet shall be in the following form:

Real Estate Brokerage in Washington Introduction

This pamphlet provides general information about real estate brokerage and summarizes the laws related to real estate brokerage relationships. It describes a real estate broker's duties to the seller/landlord and buyer/tenant. Detailed and complete information about real estate brokerage relationships is available in chapter 18.86 RCW.

If you have any questions about the information in this pamphlet, contact your broker or the designated broker of your broker's firm.

Licensing and Supervision of Brokers

To provide real estate brokerage services in Washington, a broker must be licensed under chapter 18.85 RCW and licensed with a real estate firm, which also must be licensed. Each real estate firm has a designated broker who is responsible for supervising the brokers licensed with the firm. Some firms may have branch offices that are supervised by a branch manager and some firms may delegate certain supervisory duties to one or more managing brokers.

The Washington State Department of Licensing is responsible for enforcing all laws and rules relating to the conduct of real estate firms and brokers.

Agency Relationship

In an agency relationship simplicity, a broker is referred to as an "agent" and the seller/landlord and buyer/tenant is referred to as the "principal." For, in this pamphlet, seller includes landlord, and buyer includes tenant.

For Sellers

A real estate firm and broker must enter into a written services agreement with a seller to establish an agency relationship. The firm will then appoint one or more brokers to be agents of the seller. The firm's designated broker and any managing broker responsible for the supervision of those brokers are also agents of the seller.

For Buyers

A real estate firm and broker(s) who perform real estate brokerage services for a buyer establish an agency relationship by performing those services. The firm's designated broker and any managing broker responsible for the supervision of that broker are also agents of the buyer. A written services agreement between the buyer and the firm must be entered into before, or as soon as reasonably practical after, a broker begins rendering real estate brokerage services to the buyer.

For both Buyer and Seller - as a Limited Dual Agent

A limited dual agent provides limited representation to both the buyer and the seller in a transaction. Limited dual agency requires the consent of each principal in a written services agreement and may occur in two situations: (1) When the buyer and the seller are represented by the same broker, in which case the broker's designated broker and any managing broker responsible for the supervision of that broker are also limited dual agents; and (2) when the buyer and the seller are represented by different brokers in the same firm, in which case each broker solely represents the principal the broker was appointed to represent, but the broker's designated broker and any managing broker responsible for the supervision of those brokers are limited dual agents.

Duration of Agency Relationship

Once established, an agency relationship continues until the earliest of the following:

- (1) Completion of performance by the broker;
- (2) Expiration of the term agreed upon by the parties;
- (3) Termination of the relationship by mutual agreement of the parties; or
- (4) Termination of the relationship by notice from either party to the other. However, such a termination does not affect the contractual rights of either party.

Written Services Agreement

A written services agreement between the firm and principal must contain the following:

- (1) The term (duration) of the agreement;
- (2) Name of the broker(s) appointed to act as an agent for the principal;
- (3) Whether the agency relationship is exclusive (which does not allow the principal to enter into an agency relationship with another firm during the term) or nonexclusive (which allows the principal to enter into an agency relationship with multiple firms at the same time);
- (4) Whether the principal consents to limited dual agency;
- (5) The terms of compensation;
- (6) In an agreement with a buyer, whether the broker agrees to show a property when there is no agreement or offer by any party or firm to pay compensation to the broker's firm; and
- (7) Any other agreements between the parties.

A Broker's Duties to All Parties

NINETY SIXTH DAY, APRIL 14, 2023

A broker owes the following duties to all parties in a transaction:

- (1) To exercise reasonable skill and care;
- (2) To deal honestly and in good faith;
- (3) To timely present all written offers, written notices, and other written communications to and from either party;
- (4) To disclose all existing material facts known by the broker and not apparent or readily ascertainable to a party. A material fact includes information that substantially adversely affects the value of the property or a party's ability to perform its obligations in a transaction, or operates to materially impair or defeat the purpose of the transaction. However, a broker does not have any duty to investigate matters that the broker has not agreed to investigate;
- (5) To account in a timely manner for all money and property received from or on behalf of either party;
- (6) To provide this pamphlet to all parties to whom the broker renders real estate brokerage services and to any unrepresented party;
- (7) To disclose in writing who the broker represents; and
- (8) To disclose in writing any terms of compensation offered by a party or a real estate firm to a real estate firm representing another party.

A Broker's Duties to the Buyer or Seller

A broker owes the following duties to their principal (either the buyer or seller):

- (1) To be loyal to their principal by taking no action that is adverse or detrimental to their principal's interest in a transaction;
- (2) To timely disclose to their principal any conflicts of interest;
- (3) To advise their principal to seek expert advice on matters relating to the transaction that are beyond the broker's expertise;
- (4) To not disclose any confidential information from or about their principal; and
- (5) To make a good faith and continuous effort to find a property for the buyer or to find a buyer for the seller's property, until the principal has entered a contract for the purchase or sale of property or as agreed otherwise in writing.

Limited Dual Agent Duties

A limited dual agent may not advocate terms favorable to one principal to the detriment of the other principal. A broker, acting as a limited dual agent, owes the following duties to both the buyer and seller:

- (1) To take no action that is adverse or detrimental to either principal's interest in a transaction;
- (2) To timely disclose to both principals any conflicts of interest;
- (3) To advise both principals to seek expert advice on matters relating to the transaction that are beyond the limited dual agent's expertise;
- (4) To not disclose any confidential information from or about either principal; and
- (5) To make a good faith and continuous effort to find a property for the buyer and to find a buyer for the seller's property, until the principals have entered a contract for the purchase or sale of property or as agreed otherwise in writing.

Compensation

In any real estate transaction, a firm's compensation may be paid by the seller, the buyer, a third party, or by sharing the compensation between firms. To receive compensation from any party, a firm must have a written services agreement with the party the firm represents (or provide a "Compensation Disclosure" to the buyer in a transaction for commercial real estate).

A services agreement must contain the following regarding compensation:

(1) The amount the principal agrees to compensate the firm for broker's services as an agent or limited dual agent;

(2) The principal's consent, if any, and any terms of such consent, to compensation sharing between firms and parties; and

(3) The principal's consent, if any, and any terms of such consent, to compensation of the firm by more than one party.

Short Sales

A "short sale" is a transaction where the seller's proceeds from the sale are insufficient to cover seller's obligations at closing (e.g., the seller's outstanding mortgage is greater than the sale price). If a sale is a short sale, the seller's real estate firm must disclose to the seller that the decision by any beneficiary or mortgagee, to release its interest in the property for less than the amount the seller owes to allow the sale to proceed, does not automatically relieve the seller of the obligation to pay any debt or costs remaining at closing, including real estate firms' compensation.

MESSAGE FROM THE HOUSE

MR. PRESIDENT: April 7, 2023

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5197 with the following amendment(s): 5197-S.E AMH HOUS H1702.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 59.18 RCW to read as follows:

In any forcible or unlawful detainer proceeding before the court:

(1) Hearings may be conducted in person or remotely in order to enhance access for all parties. At the court's discretion, parties, witnesses, and others authorized by this chapter to participate in forcible or unlawful detainer proceedings may attend a hearing pursuant to this chapter, in person or remotely, including by telephone, video, or other electronic means where possible. The court shall grant any request for a remote appearance unless the court finds good cause to require in-person attendance or attendance through a specific means. Courts shall require assurances of the identity of persons who appear by telephone, video, or other electronic means. Courts may not charge fees for remote appearances. Courts shall provide instructions for remote access either on the official court website or in writing directly to the party requesting to appear remotely, or both.

(2) Any party must be permitted to make an emergency application by phone or video conference and file such documents by email, fax, or other means that can be performed remotely.

Sec. 2. RCW 59.18.410 and 2021 c 115 s 17 are each amended to read as follows:

(1) If at trial the verdict of the jury or, if the case is tried without a jury, the finding of the court is in favor of the landlord and against the tenant, judgment shall be entered for the restitution of the premises; and if the proceeding is for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement, or tenancy. The jury, or the court, if the proceedings are tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the landlord by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved at trial, and, if the alleged unlawful detainer is based on default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the tenant liable for the forcible entry, forcible detainer, or unlawful detainer for the amount of damages thus assessed, for the rent, if any, found due, and late fees if such fees are due under the lease and do not exceed ~~((seventy-five dollars))~~ \$75 in total. The court may award statutory costs. The court may also award reasonable attorneys' fees as provided in RCW 59.18.290.

(2) When the tenant is liable for unlawful detainer after a default in the payment of rent, execution upon the judgment shall not occur until the expiration of five court days after the entry of the judgment. Before entry of a judgment or until five court days have expired after entry of the judgment, unless the tenant provides a pledge of financial assistance letter from a government or nonprofit entity, in which case the tenant has until the date of eviction, the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court or to the landlord the amount of the rent due, any court costs incurred at the time of payment, late fees if such fees are due under the lease and do not exceed ~~((seventy-five dollars))~~ \$75 in total, and attorneys' fees if awarded, in which event any judgment entered shall be satisfied and the tenant

restored to his or her tenancy. If the tenant seeks to restore his or her tenancy after entry of a judgment, the tenant may tender the amount stated within the judgment as long as that amount does not exceed the amount authorized under subsection (1) of this section. If a tenant seeks to restore his or her tenancy and pay the amount set forth in this subsection with funds acquired through an emergency rental assistance program provided by a governmental or nonprofit entity, the tenant shall provide a copy of the pledge of emergency rental assistance provided from the appropriate governmental or nonprofit entity and have an opportunity to exercise such rights under this subsection, which may include a stay of judgment and provision by the landlord of documentation necessary for processing the assistance. The landlord shall accept any pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity before the expiration of any pay or vacate notice for nonpayment of rent for the full amount of the rent owing under the rental agreement. The landlord shall accept any written pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity after the expiration of the pay or vacate notice if the pledge will contribute to the total payment of both the amount of rent due, including any current rent, and other amounts if required under this subsection. The landlord shall suspend any court action for ~~((seven))~~ 14 court days after providing necessary payment information to the nonprofit or governmental entity to allow for payment of the emergency rental assistance funds. By accepting such pledge of emergency rental assistance, the landlord is not required to enter into any additional conditions not related to the provision of necessary payment information and documentation. If a judgment has been satisfied, the landlord shall file a satisfaction of judgment with the court. A tenant seeking to exercise rights under this subsection shall pay an additional ~~((fifty dollars))~~ \$50 for each time the tenant was reinstated after judgment pursuant to this subsection within the previous ~~((twelve))~~ 12 months prior to payment. If payment of the amount specified in this subsection is not made within five court days after the entry of the judgment, the judgment may be enforced for its full amount and for the possession of the premises.

(3)(a) Following the entry of a judgment in favor of the landlord and against the tenant for the restitution of the premises and forfeiture of the tenancy due to nonpayment of rent, the court, at the time of the show cause hearing or trial, or upon subsequent motion of the tenant but before the execution of the writ of restitution, may stay the writ of restitution upon good cause and on such terms that the court deems fair and just for both parties. In making this decision, the court shall consider evidence of the following factors:

(i) The tenant's willful or intentional default or intentional failure to pay rent;

(ii) Whether nonpayment of the rent was caused by exigent circumstances that were beyond the tenant's control and that are not likely to recur;

(iii) The tenant's ability to timely pay the judgment;

(iv) The tenant's payment history;

(v) Whether the tenant is otherwise in substantial compliance with the rental agreement;

(vi) Hardship on the tenant if evicted; and

(vii) Conduct related to other notices served within the last six months.

(b) The burden of proof for such relief under this subsection (3) shall be on the tenant. If the tenant seeks relief pursuant to this subsection (3) at the time of the show cause hearing, the court shall hear the matter at the time of the show cause hearing or as

expeditiously as possible so as to avoid unnecessary delay or hardship on the parties.

(c) In any order issued pursuant to this subsection (3):

(i) The court shall not stay the writ of restitution more than ~~((ninety))~~ 90 days from the date of order, but may order repayment of the judgment balance within such time. If the payment plan is to exceed ~~((thirty))~~ 30 days, the total cumulative payments for each ~~((thirty-day))~~ 30-day period following the order shall be no less than one month of the tenant's share of the rent, and the total amount of the judgment and all additional rent that is due shall be paid within ~~((ninety))~~ 90 days.

(ii) Within any payment plan ordered by the court, the court shall require the tenant to pay to the landlord or to the court one month's rent within five court days of issuance of the order. If the date of the order is on or before the ~~((fifteenth))~~ 15th of the month, the tenant shall remain current with ongoing rental payments as they become due for the duration of the payment plan; if the date of the order is after the ~~((fifteenth))~~ 15th of the month, the tenant shall have the option to apportion the following month's rental payment within the payment plan, but monthly rental payments thereafter shall be paid according to the rental agreement.

(iii) The sheriff may serve the writ of restitution upon the tenant before the expiration of the five court days of issuance of the order; however, the sheriff shall not execute the writ of restitution until after expiration of the five court days in order for payment to be made of one month's rent as required by (c)(ii) of this subsection. In the event payment is made as provided in (c)(ii) of this subsection for one month's rent, the court shall stay the writ of restitution ex parte without prior notice to the landlord upon the tenant filing and presenting a motion to stay with a declaration of proof of payment demonstrating full compliance with the required payment of one month's rent. Any order staying the writ of restitution under this subsection (3)(c)(iii) shall require the tenant to serve a copy of the order on the landlord by personal delivery, first-class mail, facsimile, or email if agreed to by the parties.

(A) If the tenant has satisfied (c)(ii) of this subsection by paying one month's rent within five court days, but defaults on a subsequent payment required by the court pursuant to this subsection (3)(c), the landlord may enforce the writ of restitution after serving a notice of default in accordance with RCW 59.12.040 informing the tenant that he or she has defaulted on rent due under the lease agreement or payment plan entered by the court. Upon service of the notice of default, the tenant shall have three calendar days from the date of service to vacate the premises before the sheriff may execute the writ of restitution.

(B) If the landlord serves the notice of default described under this subsection (3)(c)(iii), an additional day is not included in calculating the time before the sheriff may execute the writ of restitution. The notice of default must be in substantially the following form:

(iv) If a tenant seeks to satisfy a condition of this subsection (3)(c) by relying on an emergency rental assistance program provided by a government or nonprofit entity and provides an offer of proof, the court shall stay the writ of restitution as necessary to afford the tenant an equal opportunity to comply.

(v) The court shall extend the writ of restitution as necessary to enforce the order issued pursuant to this subsection (3)(c) in the event of default.

(d) A tenant who has been served with three or more notices to pay or vacate for failure to pay rent as set forth in RCW 59.12.040 within twelve months prior to the notice to pay or vacate upon which the proceeding is based may not seek relief under this subsection (3), unless the court determines any of the notices served were invalid or did not otherwise comply with the requirements of this chapter.

(e)(i) In any application seeking relief pursuant to this subsection (3) by either the tenant or landlord, the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the parties would be eligible for disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(~~((e)))~~ (b). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(ii) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order: (A) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (B) directing the clerk to remit, without further order of the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(~~((e)))~~ (b)(iii). In accordance with RCW 43.31.605(1)(~~((e)))~~ (b), such an order must be accompanied by a copy of the order staying the writ of restitution. Nothing in this subsection (3)(e) shall be deemed to obligate the department of commerce to provide assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(iii) If the department of commerce fails to disburse payment to the landlord for the judgment pursuant to this subsection (3)(e) within ~~((thirty))~~ 30 days from submission of the application, the landlord may renew an application for a writ of restitution pursuant to RCW 59.18.370 and for other rent owed by the tenant

since the time of entry of the prior judgment. In such event, the tenant may exercise rights afforded under this section.

(iv) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

(v) Nothing in this subsection (3)(e) prohibits the landlord from otherwise applying for reimbursement for an unpaid judgment pursuant to RCW 43.31.605(1)((e)) (b) after the tenant defaults on a payment plan ordered pursuant to (c) of this subsection.

(vi) ~~((For the period extending one year beyond the expiration of the eviction moratorium, if))~~ If a tenant demonstrates an ability to pay in order to reinstate the tenancy by means of disbursement through the landlord mitigation program account established within RCW 43.31.605(1)((e)) (b):

(A) Any restrictions imposed under (d) of this subsection do not apply in determining if a tenant is eligible for reinstatement under this subsection (3); and

(B) Reimbursement on behalf of the tenant to the landlord under RCW 43.31.605(1)((e)) (b) may include up to three months of prospective rent to stabilize the tenancy as determined by the court.

(4) If a tenant seeks to stay a writ of restitution issued pursuant to this chapter, the court may issue an ex parte stay of the writ of restitution provided the tenant or tenant's attorney submits a declaration indicating good faith efforts were made to notify the other party or, if no efforts were made, why notice could not be provided prior to the application for an ex parte stay, and describing the immediate or irreparable harm that may result if an immediate stay is not granted. The court shall require service of the order and motion to stay the writ of restitution by personal delivery, mail, facsimile, or other means most likely to afford all parties notice of the court date.

(5) In all other cases the judgment may be enforced immediately. If a writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required.

(6) This section also applies if the writ of restitution is issued pursuant to a final judgment entered after a show cause hearing conducted in accordance with RCW 59.18.380.

Sec. 3. RCW 59.18.057 and 2021 c 115 s 10 are each amended to read as follows:

(1) Every 14-day notice served pursuant to RCW 59.12.030(3) must be in substantially the following form:

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5231 with the following amendment(s): 5231-S.E AMH CRJ ADAM 068

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 10.99.040 and 2021 c 215 s 122 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; ((and))

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence;

(e) Shall not deny issuance of a no-contact order based on the existence of an applicable civil protection order preventing the defendant from contacting the victim; and

(f) When issuing a no-contact order, shall attempt to determine whether there are any other active no-contact orders, protection orders, or restraining orders involving the defendant to assist the court in ensuring that any no-contact order it may impose does not lessen protections imposed by other courts under other such orders.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim and others. concealed pistol license. If the sworn statement of a peace officer or other information provided to the court indicates there may be a risk of harm if the defendant has access to firearms, dangerous weapons, or an active concealed pistol license, the court shall verify that peace officers have temporarily removed and secured all the firearms, dangerous weapons, and any concealed pistol license. The court shall then determine whether an order to surrender and prohibit weapons or an extreme risk protection order should be issued pursuant to RCW 9.41.800 or chapter 7.105 RCW, ((and shall order the defendant to surrender, and prohibit)) prohibiting the ((person)) defendant from possessing, ((all)) purchasing, receiving, having in the defendant's control or custody, accessing, or attempting to purchase or receive, any firearms, dangerous weapons, and any concealed pistol license and shall order the defendant to surrender, and prohibit the defendant from possessing, any firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800, or shall issue an extreme risk protection order as required by chapter 7.105 RCW. The court may make these determinations on the record or off the record with a written explanation when declining to impose the restrictions authorized in this subsection.

((c) The no-contact order shall also be issued in writing as soon as possible, and shall state that it may be extended as provided in subsection (3) of this section. (b) So long as the court finds probable cause, the court may issue or extend a no-contact order, an order to surrender and prohibit weapons, or an extreme risk protection order, even if the defendant fails to appear at arraignment. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed. To the extent the court is aware, the court shall advise the defendant of the ongoing requirements of any other no-contact, restraining, or protection order that remains in effect.

((b) In issuing the order, the court shall consider all information documented in the incident report concerning the person's possession of and access to firearms and whether law enforcement took temporary custody of firearms at the time of the arrest. The court may as a condition of release prohibit the defendant from possessing or accessing firearms and order the defendant to immediately surrender all firearms and any concealed pistol license to a law enforcement agency upon release.))

provided under RCW 7.105.450 or 7.105.460, or chapter 9.41 RCW.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 7.105 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5)(a) A peace officer may request, on an ex parte basis and before criminal charges or a petition for a protection order or an extreme risk protection order have been filed, an emergency no-contact order, order to surrender and prohibit weapons, or extreme risk protection order from a judicial officer on behalf of and with the consent of the victim of an alleged act involving domestic violence if the victim is able to provide such consent. If the victim is incapacitated as a result of the alleged act of domestic violence, a peace officer may request an emergency no-contact order, order to surrender and prohibit weapons, or extreme risk protection order on his or her behalf. The request shall be made based upon the sworn statement of a peace officer and may be made in person, by telephone, or by electronic means. If the court finds probable cause to believe that the victim is in imminent danger of domestic violence based on an allegation of the recent commission of an act involving domestic violence, the court shall issue an emergency no-contact order and an order to surrender and prohibit weapons or an extreme risk protection order as required by RCW 9.41.800 or chapter 7.105 RCW. An emergency no-contact order issued by a court will remain in effect until either the court terminates the emergency no-contact order, the court finds probable cause for a referred crime, or an ex parte hearing is held on a petition for a protection order or extreme risk protection order.

(b) If the court issues an order to surrender and prohibit weapons or an extreme risk protection order, and has not verified that peace officers have temporarily removed and secured all firearms and dangerous weapons, and any concealed pistol license, all orders issued by the court must be personally served by a peace officer and the peace officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search, as required by RCW 9.41.801.

(c) If the court does not issue an order to surrender and prohibit weapons or an extreme risk protection order, or has verified that all firearms, dangerous weapons, and any concealed pistol license have been temporarily removed by law enforcement, service of the court's orders may be effected electronically. Electronic service must be effected by a law enforcement agency transmitting copies of the petition and any supporting materials filed with the petition, any notice of hearing, and any orders, or relevant materials for motions, to the defendant at the defendant's electronic address or the defendant's electronic account associated with email, text messaging, social media applications, or other technologies. Verification of notice is required and may be accomplished through read-receipt mechanisms, a response, a sworn statement from the person who effected service verifying transmission and any follow-up communications such as email or telephone contact used to further verify, or an appearance by the defendant at a hearing. Sworn proof of service must be filed with the court by the person who effected service.

(d) A no-contact order, order to surrender and prohibit weapons, or extreme risk protection order authorized by telephonic or electronic means shall also be issued in writing as soon as possible and shall state that it may be extended as provided in subsection (3) of this section.

(6) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.

((6)) (7) Whenever ((a no-contact)) an order is issued, modified, or terminated under ((subsection (2) or (3) of)) this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

((7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.))

(8) For the purposes of this section, and unless context clearly requires otherwise, "emergency no-contact order" means a no-contact order issued by a court of competent jurisdiction before criminal charges have been filed or before a petition for a protection order or extreme risk protection order has been filed.

NEW SECTION. Sec. 2. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

MESSAGE FROM THE HOUSE

April 7, 2023

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5243 with the following amendment(s): 5243-S2.E AMH ENGR H1770.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that the high school and beyond plan is both a graduation requirement and a critical component in our education system. However, the practices and technologies that school districts employ for facilitating high school and beyond plans vary significantly. These variances can create inequities for students and families, and do not reflect the legislature's vision for the role of the high school and beyond plan in promoting student success in secondary and postsecondary endeavors.

(2) A universal online high school and beyond plan platform that can be readily accessed by students, parents, teachers, and others who support academic progress will alleviate equity issues and create new opportunities for students to develop and curate plans that align with their needs and interests. With the assistance of a flexible, portable, and expandable platform, all students with high school and beyond plans will be able to easily personalize and revise their plans, explore education options of relevance and interest, and receive supports that will help them make informed choices about their education and career objectives.

(3) The legislature, therefore, intends to revise and strengthen high school and beyond plan requirements and to direct the office of the superintendent of public instruction to facilitate the transition to a universal online high school and beyond plan platform to guide students' secondary education experiences and ensure preparation for their postsecondary goals.

Sec. 2. RCW 28A.230.090 and 2021 c 307 s 2 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in

postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)((+)) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school((-

~~(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.~~

~~(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.~~

~~(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW 28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.~~

~~(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postsecondary transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.~~

~~(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.~~

~~(v) All high school and beyond plans must, at a minimum, include the following elements:~~

~~(A) Identification of career goals, aided by a skills and interest assessment;~~

~~(B) Identification of educational goals;~~

~~(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP~~

courses, international baccalaureate programs, and college in the high school programs;

~~(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;~~

~~(E) A four year plan for course taking that:~~

~~(I) Includes information about options for satisfying state and local graduation requirements;~~

~~(II) Satisfies state and local graduation requirements;~~

~~(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;~~

~~(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and~~

~~(V) Includes information about the college bound scholarship program, the Washington college grant, and other scholarship opportunities;~~

~~(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:~~

~~(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and~~

~~(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and~~

~~(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.~~

~~(d)) as provided for under section 3 of this act and RCW 28A.230.215. Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.~~

~~((e)) (d)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)((e)) (d). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal, or as provided in RCW 28A.230.300(4).~~

~~(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation~~

requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)((e)) (d) to an applying school district at the next subsequent meeting of the board after receiving an application.

~~((iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades. This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.)~~

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to ~~((earn a certificate of academic achievement,))~~ complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.230 RCW to read as follows:

(1) This section establishes the school district, content, and other substantive requirements for the high school and beyond plan required by RCW 28A.230.090.

(2)(a) Beginning by the seventh grade, each student must be administered a career interest and skills inventory which is intended to be used to inform eighth grade course taking and development of an initial high school and beyond plan. No later than eighth grade, each student must have begun development of a high school and beyond plan that includes a proposed plan for first-year high school courses aligned with graduation requirements and secondary and postsecondary goals.

(b) For each student who has not earned a score of level 3 or 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, the high school and beyond plan must be updated to ensure that the student takes a mathematics course in both ninth and 10th grades. These courses may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(3) With staff support, students must update their high school and beyond plan annually, at a minimum, to review academic progress and inform future course taking.

(a) The high school and beyond plan must be updated in 10th grade to reflect high school assessment results in RCW 28A.655.061, ensure student access to advanced course options per the district's academic acceleration policy in RCW 28A.320.195, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs.

(b) Each school district shall provide students who have not met the standard on state assessments or who are behind in completion of credits or graduation pathway options with the opportunity to access interventions and academic supports, courses, or both, designed to enable students to meet all high school graduation requirements. The parents or legal guardians shall be notified about these opportunities as included in the student's high school and beyond plan, preferably through a student-led conference, including the parents or legal guardians, and at least annually until the student is on track to graduate.

(c) For students with an individualized education program, the high school and beyond plan must be developed and updated in alignment with their school to postschool transition plan. The high school and beyond plan must be developed and updated in a similar manner and with similar school personnel as for all other students.

(4) School districts shall involve parents and legal guardians to the greatest extent feasible in the process of developing and updating the high school and beyond plan.

(a) The plan must be provided to the student and the students' parents or legal guardians in a language the student and parents or legal guardians understand and in accordance with the school district's language access policy and procedures as required under chapter 28A.183 RCW, which may require language assistance for students and parents or legal guardians with limited English proficiency.

(b) School districts must annually provide students in grades eight through 12 and their parents or legal guardians with comprehensive information about the graduation pathway

options offered by the district and are strongly encouraged to begin providing this information beginning in sixth grade. School districts must provide this information in a manner that conforms with the school district's language access policy and procedures as required under chapter 28A.183 RCW.

(5) School districts are strongly encouraged to partner with student serving, community-based organizations that support career and college exploration and preparation for postsecondary and career pathways. Partnerships may include high school and beyond plan coordination and planning, data sharing agreements, and safe and secure access to individual student's high school and beyond plans.

(6) All high school and beyond plans must, at a minimum, include the following elements:

(a) Identification of career goals and interests, aided by a skills and interest assessment;

(b) Identification of secondary and postsecondary education and training goals;

(c) An academic plan for course taking that:

(i) Informs students about course options for satisfying state and local graduation requirements;

(viii) If applicable, identifies opportunities for credit recovery and acceleration, including partial and mastery-based credit accrual to eliminate barriers for on-time grade level progression and graduation per RCW 28A.320.192;

(d) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(i) The college bound scholarship program established in chapter 28B.118 RCW, the Washington college grant created in RCW 28B.92.200, and other scholarship opportunities;

(ii) The documentation necessary for completing state and federal financial aid applications; application timeliness and submission deadlines; and the importance of submitting applications early;

(iii) Information specific to students who are or have been the subject of a dependency proceeding pursuant to chapter 13.34 RCW, who are or are at risk of being homeless, and whose family member or legal guardian will be required to provide financial and tax information necessary to complete applications;

(iv) Opportunities to participate in advising days and seminars that assist students and, when necessary, their parents or legal guardians, with filling out financial aid applications in accordance with RCW 28A.300.815; and

(v) A sample financial aid letter and a link to the financial aid calculator created in RCW 28B.77.280; and

(7) In accordance with RCW 28A.230.090(1)(c) any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level, and a school district may establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(8) The state board of education shall adopt rules to implement this section.

Sec. 4. RCW 28A.230.215 and 2020 c 307 s 7 are each amended to read as follows:

(1) The legislature finds that fully realizing the potential of high school and beyond plans as meaningful tools for articulating and revising pathways for graduation will require additional school counselors and family coordinators. The legislature further finds that the development and implementation of an online electronic platform for high school and beyond plans will be an appropriate and supportive action that will assist students, parents and guardians, educators, ~~((and))~~ school counselors, and other staff who support students' career and college preparation as the legislature explores options for funding additional school counselors.

~~(2) ((Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction shall facilitate the creation of a list of available electronic platforms for the high school and beyond plan. Platforms eligible to be included on the list must meet the following requirements:~~

~~(a) Enable students to create, personalize, and revise their high school and beyond plan as required by RCW 28A.230.090;~~

~~(b) Grant parents or guardians, educators, and counselors appropriate access to students' high school and beyond plans;~~

~~(c) Employ a sufficiently flexible technology that allows for subsequent modifications necessitated by statutory changes, administrative changes, or both, as well as enhancements to improve the features and functionality of the platform;~~

~~(d) Include a sample financial aid letter and a link to the financial aid calculator created in RCW 28B.77.280, at such a time as those materials are finalized;~~

~~(e) Comply with state and federal requirements for student privacy;~~

~~(f) Allow for the portability between platforms so that students moving between school districts are able to easily transfer their high school and beyond plans; and~~

~~(g) To the extent possible, include platforms in use by school districts during the 2018-19 school year.~~

~~(3))~~ Beginning in the 2020-21 school year, each school district must ensure that an electronic high school and beyond plan platform is available to all students who are required to have a high school and beyond plan.

~~((4))~~ (3) The office of the superintendent of public instruction shall facilitate the transition to a universal online high school and beyond plan platform that will ensure consistent and equitable access to the needed information and support to guide students' educational experience and ensure preparation for their postsecondary plans.

(a) By January 1, 2024, the office of the superintendent of public instruction must develop a preliminary list of existing vendors who can provide or build a platform that meets the criteria outlined in subsection (4) of this section and that supports the high school and beyond plan elements identified in section 3 of this act and has the capabilities to support the new elements

identified in section 5 of this act. The office of the superintendent of public instruction must submit the list of existing vendors and estimated costs associated with statewide implementation of the universal platform to the governor and the education policy and fiscal committees of the legislature.

(b) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction must select the vendor that will be responsible for developing the universal platform by June 1, 2024.

(c) By October 1, 2024, the office of the superintendent of public instruction must develop an implementation plan including both an estimated timeline and updated cost estimates, including the technical assistance, technology updates, ongoing maintenance requirements, and adjustments to the technology funding formula, and statewide professional development that may be needed, for completing full statewide implementation of the universal platform in all school districts. In the implementation plan, the office of the superintendent of public instruction may include a cost alternative for educational service districts to host the universal platform for school districts of the second class when such a district does not have sufficient technology resources to implement and maintain the universal platform.

(4)(a) In addition to the requirements outlined in section 3 of this act, the universal platform must have the capability to be routinely updated and modified in order to include the following elements and capabilities to ensure equity in high school and beyond plans implementation and engagement across the state that:

(i) Enable students to create, personalize, and revise their high school and beyond plan;

(ii) Comply with all necessary state and federal requirements for student privacy and allow for students to opt in or opt out of portions of the universal platform related to third-party information sharing;

(iii) Use technology that can quickly be adapted to include future statutory changes, administrative changes, or both, as well as integrate enhancements to improve the features and functionality;

(iv) Facilitate the automatic import of academic course, credit, and grade data at a regular interval from the most commonly used district student information system platforms and manual import from less commonly used systems so that students' progress towards graduation in the high school beyond plan is accurately reflected at any given time;

(v) Allow for translation into the most common non-English languages across the state in accordance with the model language access policy and procedures as required under chapter 28A.183 RCW;

(vi) Include multiple and varied in-platform assessments with viewable results that can inform career and postsecondary goals including, but not limited to, personality, learning styles, interests, aptitudes, and skills assessments;

(vii) Include a catalog containing meaningful, high quality career exploration opportunities and resources beyond the traditional college, career, and aptitude assessments that are submitted by approved entities (community organizations, institutions of higher education that are authorized to participate in state financial aid programs under chapter 28B.92 RCW, and employers) and vetted by state-selected approvers that allow students to register for or apply to participate in the opportunities (programs, classes, internships, preapprenticeships, online courses, etc.) or access the resources. The universal platform should use completion data from these opportunities to make

recommendations to students to include in their high school beyond plans;

(viii) A dedicated space in which to build a direct connection to potential employers, including industry associations, trade associations, labor unions, service branches of the military, nonprofit organizations, and other state and local community organizations so students can learn from experts in different occupational fields about career opportunities and any necessary education and training requirements;

(ix) A secure space for staff, parents or guardians, and approved community partners who support students' academic progress and career and college preparation, to make notes that can inform staff efforts to connect students to academic and career connected learning opportunities and develop support and credit recovery plans for students, as needed;

(x) Accessibility options for students needing accommodations including, but not limited to, visual aids and voice dictation for students with limited literacy skills;

(xi) Indefinite access for students to their high school beyond plan, regardless of current school affiliation or lack thereof, in both mobile and desktop applications, that includes the capability to download and print their plan in one document, without requiring students to access multiple screens;

(xii) Inclusion of in-state labor market, apprenticeship, and postsecondary education performance data, including employment and earning outcomes, certificate and degree completion outcomes, and demographics of enrolled students or employees, to inform students' exploration and consideration of postsecondary options;

(xiii) A dedicated space where students can store additional evidence of their learning and postsecondary preparation, such as videos, essays, art, awards and recognitions, screencasts, letters of recommendation, industry certifications, microcredentials or other mastery-based learning recognitions, and work-integrated learning experiences. The universal platform should include the ability for students and staff to provide access to this portfolio in its entirety or in selected parts to relevant third parties, including institutions of higher education that are authorized to participate in state financial aid programs under chapter 28B.92 RCW, branches of the military, potential employers, or preapprenticeship opportunities;

(xiv) Access to data reporting features that allow schools, districts, and state agencies to review data stored within the universal platform, and allow data to be broken down by demographic, socioeconomic, and other identified characteristics, for the purposes of analyzing student use of the universal platform, improving student access to the information, guidance, and opportunities that can help them maximize their secondary education experience and postsecondary preparation, and informing state-level support for high school and beyond plan implementation;

(xv) A space for the student to indicate the graduation pathway option or options the student has selected to complete and how the selected option or options align with the student's career and postsecondary education goals; and

(xvi) The ability for school districts to customize or add features unique to local needs and local graduation requirements, including the capability to auto-align data with the local school districts' graduation requirements or the ability to enter those requirements manually.

(b) The office of the superintendent of public instruction must also ensure that the universal platform will permit transition plans required by RCW 28A.155.220 to be incorporated into the universal platform in a manner that eliminates the need to create

duplicate or substantially similar transition plans in other electronic or nonelectronic formats.

(5)(a) Within two years of completing the universal platform development and alignment with the requirements in this section and section 3 of this act, school districts must provide students with access to the adopted universal platform.

(b) The office of the superintendent of public instruction must develop guidance and provide technical assistance and support for the facilitation of statewide professional development for school districts and partner organizations in using the universal platform.

(6) In carrying out subsections (3)(b) and (4) of this section, the office of the superintendent of public instruction shall seek input from the state board of education, educators, school and district administrators, school counselors, career counseling specialists, families, students, the Washington student achievement council, institutions of higher education that are authorized to participate in state financial aid programs under chapter 28B.92 RCW, and community partners who support students' career and college preparation. The office of the superintendent of public instruction may partner with existing community and regional networks and organizations who support students' career and college preparation in the analysis, selection, and implementation of the universal platform.

(7) As used in this section "universal platform" means the universal online high school and beyond plan platform.

(8) The office of the superintendent of public instruction may adopt and revise rules as necessary to implement this section.

NEW SECTION. Sec. 5. (1) After selection of the vendor for the universal online high school and beyond plan platform as required in RCW 28A.230.215, the office of the superintendent of public instruction, in consultation with the state board of education, shall report to the governor and education committees of the legislature recommendations for additional policy changes related to transitioning the current high school and beyond plan and universal platform into a more robust online learning platform that can be used starting as early as fifth grade and that will provide greater student agency over student learning and provide opportunities for students to more meaningfully explore their strengths, interests, and future aspirations. In addition to the existing high school and beyond plan elements identified in RCW 28A.230.215, the recommendations should examine and incorporate the following elements:

(a) A way to begin student use of a learning plan that utilizes the universal online high school and beyond plan platform no later than the fifth grade and includes ways to introduce career awareness and exploration opportunities in elementary grades as foundational support to students;

(b) Strategies for students to share their interests and engage with peers and mentors in order to obtain ongoing feedback and access to activities and learning opportunities that connect to their goals;

(c) Recommended calendar, schedule, and delivery options to ensure dedicated classroom time so that students are supported in engaging with and updating their plans multiple times per year;

(d) Strategies that increase student and family engagement with the learning plan process and encourages students to meaningfully explore their strengths, skills, and interests on an ongoing basis;

(e) Ways the universal online high school and beyond plan platform can support implementation of recommendations developed by the state board of education under subsection (2) of this section.

(2) The state board of education shall develop recommendations on how the high school and beyond plan could

be modified to further support student choice and flexibility in meeting graduation requirements and preparing for postsecondary education and training, including increasing access to mastery-based learning and mastery-based crediting opportunities. The state board of education shall report the recommendations developed under this subsection to the governor and education committees of the legislature.

(3) The reports required under this section shall be submitted to the governor and the education committees of the legislature, in accordance with RCW 43.01.036, by August 1, 2025.

(4) This section expires July 1, 2026.

Sec. 7. RCW 28A.230.310 and 2020 c 307 s 4 are each amended to read as follows:

(1) Beginning with the class of 2020, the state board of education may authorize school districts to grant individual student emergency waivers from credit and subject area graduation requirements established in RCW 28A.230.090, the graduation pathway requirement established in RCW 28A.655.250, or both if:

(a) The student's ability to complete the requirement was impeded due to a significant disruption resulting from a local, state, or national emergency;

(e) Determine if there is disproportionality among student subgroups receiving emergency waivers and, if so, take appropriate corrective actions to ensure equitable administration. At a minimum, the subgroups to be examined must include those referenced in RCW 28A.300.042(3). If further disaggregation of subgroups is available, the school district shall also examine those subgroups; and

(f) Adopt by resolution a written plan that describes the school district's process for students to request or decline an emergency waiver, and a process for students to appeal within the school district a decision to not grant an emergency waiver.

(3)(a) By November 1, 2021, and annually thereafter, the office of the superintendent of public instruction shall provide the data reported under subsection (2) of this section to the state board of education.

(b) The state board of education, by December 15, 2021, and within existing resources, shall provide the education committees of the legislature with a summary of the emergency waiver data provided by the office of the superintendent of public instruction under this subsection (3) for students in the graduating classes of 2020 and 2021. The summary must include the following information:

(i) The total number of emergency waivers requested and issued, by school district, including an indication of what requirement or requirements were waived. Information provided in accordance with this subsection ~~((1)(3))~~ (3)(b)(i) must also indicate the number of students in the school district grade cohort of each student receiving a waiver; and

(4) The state board of education shall adopt and may periodically revise rules for eligibility and administration of emergency waivers under this section. The rules may include:

(a) An application and approval process that allows school districts to apply to the state board of education to receive authority to grant emergency waivers in response to an emergency;

(b) Eligibility criteria for meeting the requirements established in subsection (1) of this section;

(c) Limitations on the number and type of credits that can be waived; and

(d) Expectations of the school district regarding communication with students and their parents or guardians.

(5) For purposes of this section:

(a) "Emergency" has the same meaning as "emergency or disaster" in RCW 38.52.010. "Emergency" may also include a national declaration of emergency by an authorized federal official.

(b) "School district" means any school district, charter school established under chapter 28A.710 RCW, tribal compact school operated according to the terms of state-tribal education compacts authorized under chapter 28A.715 RCW, private school, state school established under chapter 72.40 RCW, and community and technical college granting high school diplomas.

Sec. 9. RCW 28A.300.900 and 2018 c 228 s 1 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges and the Washington state apprenticeship and training council, shall examine opportunities for promoting recognized preapprenticeship and registered youth apprenticeship opportunities for high school students.

(2) In accordance with this section, by November 1, 2018, the office of the superintendent of public instruction shall solicit input from persons and organizations with an interest or relevant expertise in registered preapprenticeship programs, registered youth apprenticeship programs, or both, and employer-based preapprenticeship and youth apprenticeship programs, and provide a report to the governor and the education committees of the house of representatives and the senate that includes recommendations for:

(a) Improving alignment between college-level vocational courses at institutions of higher education and high school curriculum and graduation requirements, including high school and beyond plans required by RCW 28A.230.090 and in accordance with section 3 of this act and RCW 28A.230.215. Recommendations provided under this subsection may include recommendations for the development or revision of career and technical education course equivalencies established in accordance with RCW 28A.700.080(1)(b) for college-level vocational courses successfully completed by a student while in high school and taken for dual credit;

(c) Increasing awareness among teachers, counselors, students, parents, principals, school administrators, and the public about

the opportunities offered by registered preapprenticeship and registered youth apprenticeship programs.

(3) As used in this section, "institution of higher education" has the same meaning as defined in RCW 28A.600.300.

Sec. 10. RCW 28A.655.250 and 2021 c 7 s 3 are each amended to read as follows:

(1)(a) Beginning with the class of 2020, except as provided in RCW 28A.230.320, graduation from a public high school and the earning of a high school diploma must include the following:

(i) Satisfying the graduation requirements established by the state board of education under RCW 28A.230.090 and any graduation requirements established by the applicable public high school or school district;

(ii) Satisfying credit requirements for graduation;

(iii) Demonstrating career and college readiness through completion of the high school and beyond plan as required by RCW 28A.230.090 and in accordance with section 3 of this act and RCW 28A.230.215; and

(iv) Meeting the requirements of at least one graduation pathway option established in this section. The pathway options established in this section are intended to provide a student with multiple pathways to graduating with a meaningful high school diploma that are tailored to the goals of the student. A student may choose to pursue one or more of the pathway options under (b) of this subsection, but any pathway option used by a student to demonstrate career and college readiness must be in alignment with the student's high school and beyond plan.

(b) The following graduation pathway options may be used to demonstrate career and college readiness in accordance with (a)(iv) of this subsection:

(i) Meet or exceed the graduation standard established by the state board of education under RCW 28A.305.130 on the statewide high school assessments in English language arts and mathematics as provided for under RCW 28A.655.070;

(ii) Complete and qualify for college credit in dual credit courses in English language arts and mathematics. For the purposes of this subsection, "dual credit course" means a course in which a student qualifies for college and high school credit in English language arts or mathematics upon successfully completing the course;

(iii) Earn high school credit in a high school transition course in English language arts and mathematics, an example of which includes a bridge to college course. For the purposes of this subsection (1)(b)(iii), "high school transition course" means an English language arts or mathematics course offered in high school where successful completion by a high school student ensures the student college-level placement at participating institutions of higher education as defined in RCW 28B.10.016. High school transition courses must satisfy core or elective credit graduation requirements established by the state board of education. A student's successful completion of a high school transition course does not entitle the student to be admitted to an institution of higher education as defined in RCW 28B.10.016;

(iv) Earn high school credit, with a C+ grade, or receiving a three or higher on the AP exam, or equivalent, in AP, international baccalaureate, or Cambridge international courses in English language arts and mathematics; or receiving a four or higher on international baccalaureate exams. For English language arts, successfully completing any of the following courses meets the standard: AP English language and composition literature, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics; or any of the international baccalaureate individuals and societies courses. For mathematics, successfully completing any

NINETY SIXTH DAY, APRIL 14, 2023

of the following courses meets the standard: AP statistics, computer science, computer science principles, or calculus; or any of the international baccalaureate mathematics courses;

(v) Meet or exceed the scores established by the state board of education for the mathematics portion and the reading, English, or writing portion of the SAT or ACT;

(vi) Meet any combination of at least one English language arts option and at least one mathematics option established in (b)(i) through (v) of this subsection (1);

(vii) Meet standard in the armed services vocational aptitude battery; and

(viii) Complete a sequence of career and technical education courses that are relevant to a student's postsecondary pathway, including those leading to workforce entry, state or nationally approved apprenticeships, or postsecondary education, and that meet either: The curriculum requirements of core plus programs for aerospace, maritime, health care, information technology, or construction and manufacturing; or the minimum criteria identified in RCW 28A.700.030. Nothing in this subsection (1)(b)(viii) requires a student to enroll in a preparatory course that is approved under RCW 28A.700.030 for the purposes of demonstrating career and college readiness under this section.

(2) While the legislature encourages school districts to make all pathway options established in this section available to their high school students, and to expand their pathway options until that goal is met, school districts have discretion in determining which pathway options under this section they will offer to students.

(3) The state board of education shall adopt rules to implement the graduation pathway options established in this section.

MESSAGE FROM THE HOUSE

March 20, 2023

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5257 with the following amendment(s): 5257-S.E AMH ED H1640.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that recess is an essential part of the day for elementary school students. Young students learn through play, and recess supports the mental, physical, and emotional health of students and positively impacts their learning and behavior. Given the state's youth mental health and physical inactivity crisis, as well as learning loss due to the COVID-19 pandemic, recess is vital to support student well-being and academic success.

(2) The legislature also acknowledges that the amount of time spent on recess varies throughout the state; therefore, youth do not have equitable access to opportunities for physical activity, self-directed play, and time outdoors. The legislature intends to set a minimum requirement for daily recess to ensure that all students have equal access to recess, but school districts are encouraged to exceed this requirement.

(3) Further, the legislature intends to clarify that recess should not be withheld as a disciplinary or punitive action during the school day, and that recess should not be withheld to compel students to complete academic work. The legislature believes that these clarifications and other policies will help make elementary school recess safe, inclusive, and high quality for all students.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.230 RCW to read as follows:

(1)(a) Beginning with the 2024-25 school year, public schools, for each school day that exceeds five hours in duration, must provide a minimum of 30 minutes of daily recess within the school day for all students in grades kindergarten through five and students in grade six that attend an elementary school.

(b) The office of the superintendent of public instruction may waive the requirement in (a) of this subsection during the 2024-25 school year for public schools demonstrating that they are unable to comply with the requirement.

(c) Public schools may provide additional recess before or after the school day, but that time may not be used to meet the requirements of this subsection (1).

(d) Time spent changing to and from clothes for outdoor play should not be used to meet the requirements of this subsection (1).

(2)(a) Recess must be supervised and student directed and must aim to be safe, inclusive, and high quality as described in the model policy and procedure referenced in section 3 of this act. It may include organized games, but public schools should avoid including, or permitting the student use of, computers, tablets, or phones during recess.

(b) Recess should be held outside whenever possible. If recess is held indoors, public schools should use an appropriate space that promotes physical activity.

(3) The daily recess required under this section may not be used to meet the physical education requirements under RCW 28A.230.040.

(4) For the purposes of this section, "public schools" has the same meaning as in RCW 28A.150.010.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.210 RCW to read as follows:

(1)(a) By April 1, 2024, the Washington state school directors' association, with the assistance of the office of the superintendent of public instruction, must review and update a model policy and procedure regarding nutrition, health, and physical education.

(b) The model policy and procedure must:

(i) Aim to make elementary school recess safe, inclusive, and high quality for all students;

(ii) Encourage physical activity breaks for middle and high school students;

(iii) Align with the requirements in section 2 of this act;

(iv) Encourage elementary school recess to be scheduled before lunch, whenever possible, to reduce food waste, maximize nutrition, and allow students to be active before eating;

(v) Discourage withholding recess as a disciplinary or punitive action except when a student's participation in recess poses an immediate threat to the safety of the student or others, and create a process to find and deploy alternatives to the withholding of recess;

(vi) Discourage the withholding of recess to have a student complete academic work;

(vii) Prohibit the use of physical activity during the school day as punishment, such as having students run laps or do push-ups as a punitive action; and

(viii) Align with corporal punishment requirements established in WAC 392-400-825.

(2) By the beginning of the 2024-25 school year, school districts must adopt or amend if necessary policies and procedures that, at a minimum, incorporate all the elements described in subsection (1) of this section."

MESSAGE FROM THE HOUSE

April 6, 2023

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5269 with the following amendment(s): 5269-S2 AMH APP H1878.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds and declares that:

(1) In 2021, Washington state set an aspirational goal in statute to double manufacturing jobs, firms, and the participation of women and minorities in the ownership of manufacturing firms. To create and maintain unity around the state manufacturing growth target, chapter 64, Laws of 2021 sought to foster a partnership between business and labor. It established a manufacturing council with membership that was intentionally balanced equally between business and labor and represented the geographic and demographic diversity of the state. The manufacturing council was tasked with advising the department of commerce on policy recommendations to strengthen the manufacturing sector by 2030 and submitting reports to the legislature every two years containing those recommendations.

(2) The legislature intends for an independent assessment of growth opportunities in clean manufacturing to be considered by the manufacturing council. Furthermore, the legislature intends that a state industrial strategy that incorporates any input from the independent assessment not be published in any form or considered the state strategy until there is consensus of the manufacturing council on the recommendations and policies to be included in that strategy.

(3) Washington state, with its strong climate commitments, highly skilled workforce, and existing world-class manufacturing base is well positioned to be a global leader in clean manufacturing.

(4) A strong state and domestic manufacturing sector can provide stable, high-wage jobs and is a prerequisite to achieving

NINETY SIXTH DAY, APRIL 14, 2023

Washington state's statutory commitment to net zero greenhouse gas emissions by 2050.

(5) All Washingtonians deserve the opportunity of a high-road manufacturing career. In building the Washington manufacturing workforce pipeline, the state should fully leverage the transferable skills of our existing manufacturing workforce and develop a comprehensive, in-state pipeline with wraparound services and equitable opportunities to ensure that every Washingtonian has a fair shake at a manufacturing career and intergenerational well-being and career growth opportunities.

(6) A holistic and coordinated state industrial strategy that seeks simultaneously to transform and revitalize Washington state's manufacturing base is vital to prevent the leakage of jobs and carbon pollution.

(7) Washington has demonstrated a deep commitment to growing manufacturing. In 2021, the legislature set a goal of doubling the state's manufacturing base over 10 years. In 2022, the legislature created tax incentives and updated siting and permitting practices to accelerate the in-state production of clean energy product manufacturing. Developing a statewide industrial strategy is an important complement to accelerate progress and maximize the benefit of new tax incentives and siting and permitting practices.

(8) The bipartisan infrastructure act and inflation reduction act present a once in a generation opportunity to rapidly transform and grow Washington's manufacturing base in a way that advances the state's climate goals. The state has an important role to play in ensuring that Washington fully leverages federal funding opportunities and that the benefits are shared equitably.

(9) Washington must take steps to ensure that the transformation and growth of the state's manufacturing base simultaneously addresses and does not contribute to the disproportionate burden of pollution on overburdened communities.

NEW SECTION. Sec. 2. (1) The department of commerce must perform an independent assessment of opportunities for Washington to capture new and emerging industries that align with statewide greenhouse gas reduction limits and strengthen its existing manufacturing base. By October 1, 2024, and in compliance with RCW 43.01.036, the department of commerce shall submit the independent assessment to the appropriate committees of the legislature, and shall submit the assessment to the state manufacturing council established in RCW 43.330.762.

(2) By June 1, 2025, the department of commerce must develop a proactive state industrial strategy that seeks to strengthen and transform Washington's existing manufacturing base and capture new and emerging industries. The strategy should be informed by the independent assessment required by subsection (1) of this section. The manufacturing council convened pursuant to RCW 43.330.762 shall advise and consult on the development of the strategy.

(3) The independent assessment must include, but is not limited to:

(a) Assessing how the transition to net-zero emissions by 2050 will impact the potential futures of manufacturing in Washington, including identifying specific opportunities for Washington to actively seek investment in new and emerging industries and to transform and strengthen the state's existing manufacturing base to meet the needs of a net-zero economy, taking into account the Washington's existing key sectors, job quality, and regional diversity;

(b) Assessing the needs of Washington's existing manufacturers, including supply chain challenges and resources required to meet the statutory greenhouse gas emissions reductions in RCW 70A.45.020;

(c) Identifying opportunities to build and maximize the environmental and economic benefits of a circular economy for both new and existing industries in building out and strengthening Washington's manufacturing base;

(d) Identifying what is required to attract new private investment and transform and strengthen Washington's existing manufacturing base, including needs related to:

(i) Transportation and port infrastructure;

(ii) Supply chains;

(iii) Workforce; and

(iv) Energy;

(e) Identifying opportunities to support minority and women-owned firms and small and medium-sized firms in capturing new and emerging industries;

(f) Identifying existing and potential future gaps in the state's manufacturing sector that inhibit in-state manufacturers from producing the necessary goods, services, and infrastructure to transition to the net-zero economy and attract new investment in the state to accelerate the in-state production of clean energy product manufacturing; and

(g) Evaluating opportunities for the state's use of public ownership investment in developed and emerging manufacturing industries to address the existing and potential future gaps identified in (f) of this subsection. This evaluation shall provide recommendations on the highest and best uses of public resources as part of the state industrial strategy as provided in subsection (2) of this section.

(4) The workforce assessment referenced in subsection (3)(d)(iii) of this section should: (a) Catalogue and examine how to maximize the use of the existing manufacturing workforce's transferable skills; (b) address any remaining skills gaps and identify opportunities to build a manufacturing workforce pipeline that ensures all current and future Washingtonians have fair access to a manufacturing career by sector; and (c) ensure equitable and accessible pathways and advancement opportunities in manufacturing by sector.

(5) The energy assessment referenced in subsection (3)(d)(iv) of this section should include the quantity, price, and location of electricity necessary to decarbonize and grow Washington's existing manufacturing base and capture new and emerging industries.

(6) The independent assessment will not replace but may inform the work of the manufacturing council created in RCW 43.330.762 to advise and consult on the department of commerce's recommendations to achieve the goals established in RCW 43.330.760.

NEW SECTION. Sec. 3. (1) The department of commerce must appoint an industrial policy advisor to ensure that Washington state fully leverages available federal funding for manufacturing to meet the state's economic development goals in RCW 43.330.760 and the statutory greenhouse gas emissions reductions in RCW 70A.45.020 and guide the implementation of the state industrial strategy created pursuant to section 2 of this act.

(2) The industrial policy advisor must:

(a) Track federal and other funding opportunities to transform and strengthen existing Washington manufacturers and promote the growth of new and emerging industries;

(b) Alert Washington manufacturers to relevant federal and other funding opportunities;

(c) Support Washington manufacturers in applying for federal and other funding opportunities and in completing required reporting;

ROLL CALL

(d) Work to ensure that Washington's pursuit of its goals in RCW 43.330.760 and 70A.45.020 are aligned and mutually reinforcing;

(e) Foster interagency and coordination and collaboration, including with the department of commerce sector leads, on manufacturing-related policymaking and activities, including both climate and economic development manufacturing-related policymaking;

(f) Coordinate with the workforce innovation sector lead, particularly with respect to building the manufacturing workforce pipeline; and

(g) Provide quarterly reports to the manufacturing council created in RCW 43.330.762.

(3) The industry policy advisor may also:

(a) Form expert committees with industry representatives to develop sector-specific strategies for attracting new investment and transforming and strengthening existing manufacturing consistent with the industrial strategy created pursuant to section 2 of this act;

(b) Assist local governments with economic plans to attract new investment and transform and strengthen existing manufacturing consistent with the industrial strategy created pursuant to section 2 of this act; and

(c) Support communities negatively impacted by the closure or relocation of manufacturing facilities by supporting efforts to attract new investment consistent with the industrial strategy created pursuant to section 2 of this act and facilitate the movement of existing skilled manufacturing workers into new industrial sectors.

NEW SECTION. **Sec. 4.** This act may be known and cited as the Washington clean manufacturing leadership act.

NEW SECTION. **Sec. 5.** Section 2 of this act is added to chapter 43.330 RCW and codified with the subchapter heading of "MANUFACTURING AND RESEARCH AND DEVELOPMENT SECTOR PROMOTION.""

Correct the title.

and the same are herewith transmitted.

BERNARD DEAN, Chief Clerk

MOTION

On motion of Senator Pedersen, the Senate advanced to the eighth order of business.

MOTION

Senator Nguyen moved adoption of the following resolution:

SENATE RESOLUTION 8643

By Senators Nguyen, Billig, Cleveland, Conway, Dhingra, Hasegawa, Hawkins, Hunt, Keiser, Kuderer, Liias, Lovelett, Lovick, Mullet, Nobles, Pedersen, Randall, Robinson, Rolfes, Saldaña, Salomon, Shewmake, Stanford, Torres, Trudeau, Valdez, Van De Wege, Warnick, Wellman, C. Wilson, and L. Wilson

WHEREAS, Gary Wilburn has served the Legislature with distinction for more than 35 years, providing invaluable counsel to hundreds of elected officials; and

WHEREAS, Before landing in Olympia, Gary earned his law degree from Stanford and spent time as a trial lawyer in the Natural Resources Division of the United States Justice Department; and

WHEREAS, Gary was hired by Senate Committee Services in December of 1986, just in time for the 1987 legislative session. It was Booth Gardner's first term as governor and legislators were beginning work on what would later become the Growth Management Act; and

WHEREAS, Gary spent a decade with Senate Committee Services, staffing various environmental committees tackling issues like solid waste, the transport of toxic materials, and new waste-to-energy incinerators; and

WHEREAS, Gary joined the Senate Democratic Caucus in 1996, using his skillset and knowledge of natural resource issues to help minority Democrats battle over salmon recovery, growth issues, and water resources; and

WHEREAS, Gary's brain arguably contains more obscure legislative acronyms than any other individual on the Capitol Campus, and he can rattle off water rights rulings quicker than you can spell Hirst or Foster; and

WHEREAS, Gary has seen the majority in the Senate change eight times, served under five different governors, and shared his unique institutional knowledge to the benefit of hundreds of members, staffers, and interns over the years; and

WHEREAS, Gary has been instrumental in our state's efforts to address climate change, culminating with his work on the Climate Commitment Act of 2021; and

WHEREAS, Gary has reduced his own carbon footprint over the years with thousands of bicycle commutes to and from the Capitol Campus; and

WHEREAS, Gary and his wife Jane raised their two children, Eric and Kate, while juggling busy legislative sessions and now watch with pride as they pursue careers in environmental engineering and public health; and

WHEREAS, Gary has been known to get caught looking longingly at topographical maps of the Pacific Northwest hanging

in his office, dreaming of his next adventure into our region's beautiful landscapes; and

WHEREAS, Gary has earned a permanent interim to enjoy his retirement with his family and friends, but his legislative family will miss his talent and passion for our democracy and our state's environmental health;

NOW, THEREFORE, BE IT RESOLVED, That the Senate, in recognition of his unwavering dedication to public service, honor and thank Gary Wilburn and wish him well as he retires from the Senate; and

BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted by the Secretary of the Senate to Gary Wilburn.

The House passed ENGROSSED SENATE BILL NO. 5130 with the following amendment(s): 5130.E AMH ENGR H1874.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 71.05.148 and 2022 c 210 s 3 are each amended to read as follows:

(1) A person is in need of assisted outpatient treatment if the court finds by clear, cogent, and convincing evidence pursuant to a petition filed under this section that:

(a) The person has a behavioral health disorder;

(b) Based on a clinical determination and in view of the person's treatment history and current behavior, at least one of the following is true:

(i) The person is unlikely to survive safely in the community without supervision and the person's condition is substantially deteriorating; or

(ii) The person is in need of assisted outpatient treatment in order to prevent a relapse or deterioration that would be likely to result in grave disability or a likelihood of serious harm to the person or to others;

(c) The person has a history of lack of compliance with treatment for his or her behavioral health disorder that has:

(i) At least twice within the 36 months prior to the filing of the petition been a significant factor in necessitating hospitalization of the person, or the person's receipt of services in a forensic or other mental health unit of a state correctional facility or local correctional facility, provided that the 36-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred within the 36-month period;

(ii) At least twice within the 36 months prior to the filing of the petition been a significant factor in necessitating emergency medical care or hospitalization for behavioral health-related medical conditions including overdose, infected abscesses, sepsis, endocarditis, or other maladies, or a significant factor in behavior which resulted in the person's incarceration in a state or local correctional facility; or

(iii) Resulted in one or more violent acts, threats, or attempts to cause serious physical harm to the person or another within the 48 months prior to the filing of the petition, provided that the 48-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred during the 48-month period;

(d) Participation in an assisted outpatient treatment program would be the least restrictive alternative necessary to ensure the person's recovery and stability; and

(e) The person will benefit from assisted outpatient treatment.

(2) The following individuals may directly file a petition for less restrictive alternative treatment on the basis that a person is in need of assisted outpatient treatment:

(a) The director of a hospital where the person is hospitalized or the director's designee;

(b) The director of a behavioral health service provider providing behavioral health care or residential services to the person or the director's designee;

The petitioner must personally interview the person, unless the person refuses an interview, to

determine whether the person will voluntarily receive appropriate treatment.

(4) The petitioner must allege specific facts based on personal observation, evaluation, or investigation, and must consider the reliability or credibility of any person providing information material to the petition.

(5) The petition must include:

(a) A statement of the circumstances under which the person's condition was made known and the basis for the opinion, from personal observation or investigation, that the person is in need of assisted outpatient treatment. The petitioner must state which specific facts come from personal observation and specify what other sources of information the petitioner has relied upon to form this belief;

(b) A declaration from a physician, physician assistant, advanced registered nurse practitioner, ~~((or))~~ the person's treating mental health professional or substance use disorder professional, or in the case of a person enrolled in treatment in a behavioral health agency, the person's behavioral health case manager, who has examined the person no more than 10 days prior to the submission of the petition and who is willing to testify in support of the petition, or who alternatively has made appropriate attempts to examine the person within the same period but has not been successful in obtaining the person's cooperation, and who is willing to testify to the reasons they believe that the person meets the criteria for assisted outpatient treatment ~~((If the declaration is provided by the person's treating mental health professional or substance use disorder professional, it must be co-signed by a supervising physician, physician assistant, or advanced registered nurse practitioner who certifies that they have reviewed the declaration))~~);

(c) The declarations of additional witnesses, if any, supporting the petition for assisted outpatient treatment;

(d) The name of an agency, provider, or facility that agrees to provide less restrictive alternative treatment if the petition is granted by the court; and

(i) No sooner than three days or later than seven days after the date of service or as stipulated by the parties or, upon a showing of good cause, no later than 30 days after the date of service; or

(c) If the respondent has a surrogate decision maker or agent under chapter 71.32 RCW who wishes to provide testimony at the hearing, the court shall afford the surrogate decision maker or agent an opportunity to testify.

(e) If the respondent fails to appear at the hearing after notice, the court may conduct the hearing in the respondent's absence; provided that the respondent's counsel is present.

(f) If the respondent has refused to be examined by the qualified professional whose affidavit accompanied the petition, the court may order a mental examination of the respondent. The examination of the respondent may be performed by the qualified professional whose affidavit accompanied the petition. If the examination is performed by another qualified professional, the examining qualified professional shall be authorized to consult with the qualified professional whose affidavit accompanied the petition.

(g) If the respondent has refused to be examined by a qualified professional and the court finds reasonable grounds to believe that the allegations of the petition are true, the court may issue a written order directing a peace officer who has completed crisis intervention training to detain and transport the respondent to a provider for examination by a qualified professional. A respondent detained pursuant to this subsection shall be detained no longer than necessary to complete the examination and in no event longer than 24 hours.

(7) If the petition involves a person whom the petitioner or behavioral health administrative services organization knows, or has reason to know, is an American Indian or Alaska Native who receives medical or behavioral health services from a tribe within this state, the behavioral health administrative services organization shall notify the tribe and Indian health care provider. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible.

(8) A petition for assisted outpatient treatment filed under this section shall be adjudicated under RCW 71.05.240.

(2) If the petition is for mental health treatment, the court or the prosecutor at the time of the probable cause hearing and before an order of commitment is entered shall inform the person both orally and in writing that the failure to make a good faith effort to seek voluntary treatment as provided in RCW 71.05.230 will result in the loss of his or her firearm rights if the person is subsequently detained for involuntary treatment under this section.

(3) If the person or his or her attorney alleges, prior to the commencement of the hearing, that the person has in good faith volunteered for treatment, the petitioner must show, by preponderance of the evidence, that the person has not in good faith volunteered for appropriate treatment. In order to qualify as a good faith volunteer, the person must abide by procedures and a treatment plan as prescribed by a treatment facility and professional staff.

days in a facility licensed or certified to provide treatment by the department or under RCW 71.05.745.

(d) If the court finds by ~~((a preponderance of the))~~ clear, cogent, and convincing evidence that a person subject to a petition under RCW 71.05.148, as the result of a behavioral health disorder, is in need of assisted outpatient treatment, the court shall order an appropriate less restrictive alternative course of treatment for up to 18 months.

(5) An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the treatment recommendations of the behavioral health service provider.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that a person detained for behavioral health treatment, as the result of a behavioral health disorder, presents a likelihood of serious harm or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive alternative course of treatment for up to ninety days.

(c) If the court finds by ~~((a preponderance of the))~~ clear, cogent, and convincing evidence that a person subject to a petition under RCW 71.05.148, as the result of a behavioral health disorder, is in need of assisted outpatient treatment, the court shall order an appropriate less restrictive alternative course of treatment for up to 18 months.

(5) An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the treatment recommendations of the behavioral health service provider.

(7) If the court does not issue an order to detain or commit a person under this section, the court shall issue an order to dismiss the petition.

(8) Nothing in this section precludes the court from subsequently modifying the terms of an order for less restrictive alternative treatment under RCW 71.05.590(3).

Sec. 4. RCW 71.05.365 and 2022 c 210 s 19 are each amended to read as follows:

When a person has been involuntarily committed for treatment to a hospital for a period of 90 or 180 days, and the superintendent or professional person in charge of the hospital determines that the person no longer requires active psychiatric treatment at an inpatient level of care, the behavioral health administrative services organization, managed care organization, or agency providing oversight of long-term care or developmental disability services that is responsible for resource management services for the person must work with the hospital to develop an individualized discharge plan ~~((including whether a petition should be filed for less restrictive alternative treatment on the basis that the person is in need of assisted outpatient treatment,))~~ and arrange for a transition to the community in accordance with the person's individualized discharge plan within 14 days of the determination.

Sec. 5. RCW 71.05.590 and 2022 c 210 s 23 are each amended to read as follows:

(1) ~~((Either an))~~ An agency or facility designated to monitor or provide less restrictive alternative treatment services under a ~~((less restrictive alternative))~~ court order or conditional release, or a designated crisis responder, may take action to enforce, modify, or revoke ~~((a))~~ the less restrictive alternative treatment order or conditional release ~~((order. (c) To request a court hearing for review and modification of the court order. The request must be directed to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist the entity requesting the hearing and issue an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To detain the person for up to 12 hours for evaluation at an agency, facility providing services under the court order, triage facility, crisis stabilization unit, emergency department, evaluation and treatment facility, secure withdrawal management and stabilization facility with available space, or an approved substance use disorder treatment program with available space. The purpose of the evaluation is to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when, based on clinical judgment, temporary detention is appropriate. The agency, facility, or designated crisis responder may request assistance from a peace officer for the purposes of temporary detention under this subsection (2)(d). This subsection does not limit the ability or obligation of the agency, facility, or designated crisis responder to pursue revocation procedures under subsection (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (5) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(5)(a) A designated crisis responder or the secretary of the department of social and health services may, upon their own motion or upon request of the facility or agency designated to provide outpatient care, cause a person to be detained in an evaluation and treatment facility, available secure withdrawal management and stabilization facility with adequate space, or available approved substance use disorder treatment program with adequate space in or near the county in which he or she is receiving outpatient treatment for the purpose of a hearing for revocation of a less restrictive alternative treatment order or conditional release order under this chapter. The designated crisis responder or secretary of the department of social and health services shall file a petition for revocation within 24 hours and serve the person, their guardian, if any, and their attorney. A hearing for revocation of a less restrictive alternative treatment order or conditional release order may be scheduled without detention of the person.

(b) A person detained under this subsection (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the order for less restrictive alternative treatment or conditional release should be revoked, modified, or retained. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may withdraw its petition for revocation at any time before the court hearing.

(c) A person detained under this subsection (5) has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the order or conditional release; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether it is appropriate for the court to reinstate or modify the person's less restrictive alternative treatment order or conditional release ~~((order))~~ or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment

order or conditional release (~~((order))~~) was based on a petition under RCW 71.05.148, 71.05.160, or 71.05.230. The person must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.05.320 or the person accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release (~~((order))~~) was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the order must be converted to days of inpatient treatment. A court may not detain a person for inpatient treatment to a secure withdrawal management and stabilization facility or approved substance use disorder treatment program under this subsection unless there is a facility or program available with adequate space for the person.

(6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Sec. 6. RCW 71.05.590 and 2022 c 210 s 24 are each amended to read as follows:

(1) (~~((Either an))~~) An agency or facility designated to monitor or provide less restrictive alternative treatment services under a (~~((less restrictive alternative))~~) court order or conditional release, or a designated crisis responder, may take action to enforce, modify, or revoke (~~((a))~~) the less restrictive alternative treatment order or conditional release (~~((order. The))~~) if the agency, facility, or designated crisis responder (~~((must determine))~~) determines that:

(a) The person is failing to adhere to the terms and conditions of the order;

(b) Substantial deterioration in the person's functioning has occurred;

(c) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further evaluation, intervention, or treatment; or

(d) The person poses a likelihood of serious harm.

(2) Actions taken under this section must include a flexible range of responses of varying levels of intensity appropriate to the circumstances and consistent with the interests of the individual and the public in personal autonomy, safety, recovery, and compliance. Available actions may include, but are not limited to, any of the following:

(a) To counsel or advise the person as to their rights and responsibilities under the court order, and to offer incentives to motivate compliance;

(b) To increase the intensity of outpatient services provided to the person by increasing the frequency of contacts with the provider, referring the person for an assessment for assertive community services, or by other means;

(c) To request a court hearing for review and modification of the court order. The request must be directed to the court with jurisdiction over the order and specify the circumstances that give rise to the request and what modification is being sought. The county prosecutor shall assist (~~((the))~~) the entity requesting the hearing and issue an appropriate summons to the person. This subsection does not limit the inherent authority of a treatment provider to alter conditions of treatment for clinical reasons, and is intended to be used only when court intervention is necessary or advisable to secure the person's compliance and prevent decompensation or deterioration;

(d) To detain the person for up to 12 hours for evaluation at an agency, facility providing services under the court order, triage facility, crisis stabilization unit, emergency department,

evaluation and treatment facility, secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program. The purpose of the evaluation is to determine whether modification, revocation, or commitment proceedings are necessary and appropriate to stabilize the person and prevent decompensation, deterioration, or physical harm. Temporary detention for evaluation under this subsection is intended to occur only following a pattern of noncompliance or the failure of reasonable attempts at outreach and engagement, and may occur only when, based on clinical judgment, temporary detention is appropriate. The agency, facility, or designated crisis responder may request assistance from a peace officer for the purposes of temporary detention under this subsection (2)(d). This subsection does not limit the ability or obligation of the agency, facility, or designated crisis responder to pursue revocation procedures under subsection (5) of this section in appropriate circumstances; and

(e) To initiate revocation procedures under subsection (5) of this section.

(3) A court may supervise a person on an order for less restrictive alternative treatment or a conditional release. While the person is under the order, the court may:

(a) Require appearance in court for periodic reviews; and

(b) Modify the order after considering input from the agency or facility designated to provide or facilitate services. The court may not remand the person into inpatient treatment except as provided under subsection (5) of this section, but may take actions under subsection (2)(a) through (d) of this section.

(4) The facility or agency designated to provide outpatient treatment shall notify the secretary of the department of social and health services or designated crisis responder when a person fails to adhere to terms and conditions of court ordered treatment or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm.

(5)(a) A designated crisis responder or the secretary of the department of social and health services may, upon their own motion or upon request of the facility or agency designated to provide outpatient care, cause a person to be detained in an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program in or near the county in which he or she is receiving outpatient treatment for the purpose of a hearing for revocation of a less restrictive alternative treatment order or conditional release (~~((order))~~) under this chapter. The designated crisis responder or secretary of the department of social and health services shall file a petition for revocation within 24 hours and serve the person, their guardian, if any, and their attorney. A hearing for revocation of a less restrictive alternative treatment order or conditional release (~~((order))~~) may be scheduled without detention of the person.

(b) A person detained under this subsection (5) must be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the order for less restrictive alternative treatment or conditional release should be revoked, modified, or retained. If the person is not detained, the hearing must be scheduled within five days of service on the person. The designated crisis responder or the secretary of the department of social and health services may withdraw its petition for revocation at any time before the court hearing.

(c) A person detained under this subsection (5) has the same rights with respect to notice, hearing, and counsel as in any involuntary treatment proceeding, except as specifically set forth in this section. There is no right to jury trial. The venue for proceedings is the county where the petition is filed. Notice of the filing must be provided to the court that originally ordered

commitment, if different from the court where the petition for revocation is filed, within two judicial days of the person's detention.

(d) The issues for the court to determine are whether: (i) The person adhered to the terms and conditions of the order or conditional release; (ii) substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the above conditions apply, whether it is appropriate for the court to reinstate or modify the person's less restrictive alternative treatment order or conditional release (~~(order)~~) or order the person's detention for inpatient treatment. The person may waive the court hearing and allow the court to enter a stipulated order upon the agreement of all parties. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment order or conditional release (~~(order)~~) was based on a petition under RCW 71.05.148, 71.05.160, or 71.05.230. The person must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.05.320 or the person accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release (~~(order)~~) was based on a petition under RCW 71.05.290 or 71.05.320, the number of days remaining on the order must be converted to days of inpatient treatment.

(6) In determining whether or not to take action under this section the designated crisis responder, agency, or facility must consider the factors specified under RCW 71.05.212 and the court must consider the factors specified under RCW 71.05.245 as they apply to the question of whether to enforce, modify, or revoke a court order for involuntary treatment.

Such actions may include:

(a) Counseling the minor and offering incentives for compliance;

(d) To request assistance from a peace officer for temporarily detaining the minor for up to 12 hours for evaluation at a crisis stabilization unit, evaluation and treatment facility, secure withdrawal management and stabilization facility, facility providing services under a court order, or emergency department to determine if revocation or enforcement proceedings under this section are necessary and appropriate to stabilize the minor, if there has been a pattern of noncompliance or failure of reasonable attempts at outreach and engagement; or

(e) Initiation of revocation proceedings under subsection (2) of this section.

(2) If the professional person in charge of an outpatient treatment program, a designated crisis responder, or the director or secretary, as appropriate, determines that a minor is failing to adhere to the conditions of ~~((the))~~ a court order for less restrictive alternative treatment or the conditions ~~((for the))~~ of a conditional

release, or that substantial deterioration in the minor's functioning has occurred, the designated crisis responder, or the director or secretary, as appropriate, may order that the minor be taken into custody and transported to an inpatient evaluation and treatment facility, a secure withdrawal management and stabilization facility, or an approved substance use disorder treatment program. A secure withdrawal management and stabilization facility or approved substance use disorder treatment program that has adequate space for the minor must be available.

~~((2))~~ (3)(a) The designated crisis responder, director, or secretary, as appropriate, shall file the order of apprehension and detention and serve it upon the minor and notify the minor's parent and the minor's attorney, if any, of the detention within two days of return. At the time of service the minor shall be informed of the right to a hearing and to representation by an attorney. The designated crisis responder or the director or secretary, as appropriate, may modify or rescind the order of apprehension and detention at any time prior to the hearing.

(b) If the minor is involuntarily detained for revocation at an evaluation and treatment facility, secure withdrawal management and stabilization facility, or approved substance use disorder treatment program in a different county from where the minor was initially detained, the facility or program may file the order of apprehension, serve it on the minor and notify the minor's parents and the minor's attorney at the request of the designated crisis responder.

~~((3))~~ (4) A petition for revocation of less restrictive alternative treatment shall be filed by the designated crisis responder or the director, secretary, or facility, as appropriate, with the court in the county where the minor is detained. The court shall conduct the hearing in that county. A petition for revocation of conditional release must be filed in the county where the minor is detained. A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or, subject to subsection ~~((4))~~ (5) of this section, whether the ~~((minor))~~ court should ~~((be returned to))~~ order the minor's detention for inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be ~~((returned to))~~ detained for inpatient treatment. If the minor is ~~((returned to))~~ detained for inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The minor must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.34.750 or the minor accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release was based on a petition under RCW 71.34.750, the number of days remaining on the less

restrictive alternative treatment order or conditional release must be converted to days of inpatient treatment.

~~((4))~~ (5) A court may not order the ~~((return))~~ placement of a minor to inpatient treatment in a secure withdrawal management and stabilization facility or approved substance use disorder treatment program unless there is a secure withdrawal management and stabilization facility or approved substance use disorder treatment program available with adequate space for the minor.

Such actions may include:

A petition shall describe the behavior of the minor indicating violation of the conditions or deterioration of routine functioning and a dispositional recommendation. The hearing shall be held within seven days of the minor's return. The issues to be determined are whether the minor did or did not adhere to the conditions of the less restrictive alternative treatment or conditional release, or whether the minor's routine functioning has substantially deteriorated, and, if so, whether the conditions of less restrictive alternative treatment or conditional release should be modified or whether the ~~((minor))~~ court should ~~((be returned to))~~ order the minor's detention for inpatient treatment. Pursuant to the determination of the court, the minor shall be returned to less restrictive alternative treatment or conditional release on the same or modified conditions or shall be ~~((returned to))~~ detained for inpatient treatment. If the minor is ~~((returned to))~~ detained for inpatient treatment, RCW 71.34.760 regarding the director's placement responsibility shall apply. The hearing may be waived by the minor and the minor ~~((returned to))~~ detained for inpatient treatment or returned to less restrictive alternative treatment or conditional release on the same or modified conditions. If the court orders detention for inpatient treatment, the treatment period must be for 14 days from the revocation hearing if the less restrictive alternative treatment order was based on a petition under RCW 71.34.740 or 71.34.815. The minor must return to less restrictive alternative treatment under the order at the end of the 14-day period unless a petition for further treatment is filed under RCW 71.34.750 or the minor accepts voluntary treatment. If the court orders detention for inpatient treatment and the less restrictive alternative treatment order or conditional release was based on a petition under RCW 71.34.750, the number of days remaining on the less restrictive alternative treatment order or conditional release must be converted to days of inpatient treatment.

Sec. 13. RCW 71.34.815 and 2022 c 210 s 4 are each amended to read as follows:

(1) An adolescent is in need of assisted outpatient treatment if the court finds by clear, cogent, and convincing evidence in response to a petition filed under this section that:

(a) The adolescent has a behavioral health disorder;

(b) Based on a clinical determination and in view of the adolescent's treatment history and current behavior, at least one of the following is true:

(i) The adolescent is unlikely to survive safely in the community without supervision and the adolescent's condition is substantially deteriorating; or

(ii) The adolescent is in need of assisted outpatient treatment in order to prevent a relapse or deterioration that would be likely to result in grave disability or a likelihood of serious harm to the adolescent or to others;

(c) The adolescent has a history of lack of compliance with treatment for his or her behavioral health disorder that has:

(i) At least twice within the 36 months prior to the filing of the petition been a significant factor in necessitating hospitalization of the adolescent, or the adolescent's receipt of services in a forensic or other mental health unit of a state ~~((correctional))~~ juvenile rehabilitation facility or local ~~((correctional))~~ juvenile detention facility, provided that the 36-month period shall be

NINETY NINTH DAY, APRIL 17, 2023

extended by the length of any hospitalization or incarceration of the adolescent that occurred within the 36-month period;

(ii) At least twice within the 36 months prior to the filing of the petition been a significant factor in necessitating emergency medical care or hospitalization for behavioral health-related medical conditions including overdose, infected abscesses, sepsis, endocarditis, or other maladies, or a significant factor in behavior which resulted in the adolescent's incarceration in a state or local correctional facility; or

(iii) Resulted in one or more violent acts, threats, or attempts to cause serious physical harm to the adolescent or another within the 48 months prior to the filing of the petition, provided that the 48-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred during the 48-month period;

(d) Participation in an assisted outpatient treatment program would be the least restrictive alternative necessary to ensure the adolescent's recovery and stability; and

(e) The adolescent will benefit from assisted outpatient treatment.

(2) The following individuals may directly file a petition for less restrictive alternative treatment on the basis that an adolescent is in need of assisted outpatient treatment:

(a) The director of a hospital where the adolescent is hospitalized or the director's designee;

(b) The director of a behavioral health service provider providing behavioral health care or residential services to the adolescent or the director's designee;

(c) The adolescent's treating mental health professional or substance use disorder professional or one who has evaluated the person;

(d) A designated crisis responder;

(e) A release planner from a juvenile detention or rehabilitation facility; or

(f) An emergency room physician.

(3) A court order for less restrictive alternative treatment on the basis that the adolescent is in need of assisted outpatient treatment may be effective for up to 18 months, unless the adolescent is currently detained for inpatient treatment for 14 days or more under RCW 71.34.740 or 71.34.750, in which case the order may be effective for 180 days. The petitioner must personally interview the adolescent, unless the adolescent refuses an interview, to determine whether the adolescent will voluntarily receive appropriate treatment.

(4) The petitioner must allege specific facts based on personal observation, evaluation, or investigation, and must consider the reliability or credibility of any person providing information material to the petition.

(5) The petition must include:

(a) A statement of the circumstances under which the adolescent's condition was made known and the basis for the opinion, from personal observation or investigation, that the adolescent is in need of assisted outpatient treatment. The petitioner must state which specific facts come from personal observation and specify what other sources of information the petitioner has relied upon to form this belief;

(b) A declaration from a physician, physician assistant, or advanced registered nurse practitioner, ~~((or))~~ the adolescent's treating mental health professional or substance use disorder professional, or in the case of a person enrolled in treatment in a behavioral health agency, the person's behavioral health case manager, who has examined the adolescent no more than 10 days prior to the submission of the petition and who is willing to testify in support of the petition, or who alternatively has made appropriate attempts to examine the adolescent within the same

period but has not been successful in obtaining the adolescent's cooperation, and who is willing to testify to the reasons they believe that the adolescent meets the criteria for assisted outpatient treatment~~((If the declaration is provided by the adolescent's treating mental health professional or substance use disorder professional, it must be co-signed by a supervising physician, physician assistant, or advanced registered nurse practitioner who certifies that they have reviewed the declaration))~~);

(c) The declarations of additional witnesses, if any, supporting the petition for assisted outpatient treatment;

(d) The name of an agency, provider, or facility that agrees to provide less restrictive alternative treatment if the petition is granted by the court; and

(e) If the adolescent is detained in a state hospital, inpatient treatment facility, or juvenile detention or rehabilitation facility at the time the petition is filed, the anticipated release date of the adolescent and any other details needed to facilitate successful reentry and transition into the community.

(6)(a) Upon receipt of a petition meeting all requirements of this section, the court shall fix a date for a hearing:

(i) No sooner than three days or later than seven days after the date of service or as stipulated by the parties or, upon a showing of good cause, no later than 30 days after the date of service; or

(ii) If the adolescent is hospitalized at the time of filing of the petition, before discharge of the adolescent and in sufficient time to arrange for a continuous transition from inpatient treatment to assisted outpatient treatment.

(b) A copy of the petition and notice of hearing shall be served, in the same manner as a summons, on the petitioner, the adolescent, the qualified professional whose affidavit accompanied the petition, a current provider, if any, and a surrogate decision maker or agent under chapter 71.32 RCW, if any.

(c) If the adolescent has a surrogate decision maker or agent under chapter 71.32 RCW who wishes to provide testimony at the hearing, the court shall afford the surrogate decision maker or agent an opportunity to testify.

(d) The adolescent shall be represented by counsel at all stages of the proceedings.

(e) If the adolescent fails to appear at the hearing after notice, the court may conduct the hearing in the adolescent's absence; provided that the adolescent's counsel is present.

(f) If the adolescent has refused to be examined by the qualified professional whose affidavit accompanied the petition, the court may order a mental examination of the adolescent. The examination of the adolescent may be performed by the qualified professional whose affidavit accompanied the petition. If the examination is performed by another qualified professional, the examining qualified professional shall be authorized to consult with the qualified professional whose affidavit accompanied the petition.

(g) If the adolescent has refused to be examined by a qualified professional and the court finds reasonable grounds to believe that the allegations of the petition are true, the court may issue a written order directing a peace officer who has completed crisis intervention training to detain and transport the adolescent to a provider for examination by a qualified professional. An adolescent detained pursuant to this subsection shall be detained no longer than necessary to complete the examination and in no event longer than 24 hours. All papers in the court file must be provided to the adolescent's designated attorney.

(7) If the petition involves an adolescent whom the petitioner or behavioral health administrative services organization knows, or has reason to know, is an American Indian or Alaska Native

who receives medical or behavioral health services from a tribe within this state, the behavioral health administrative services organization shall notify the tribe and Indian health care provider. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible.

(8) A petition for assisted outpatient treatment filed under this section shall be adjudicated under RCW 71.34.740.

(9) ~~((After January 1, 2023, a))~~ A petition for assisted outpatient treatment must be filed on forms developed by the administrative office of the courts.

MESSAGE FROM THE HOUSE

April 7, 2023

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5278 with the following amendment(s): 5278-S2.E AMH PEW H1724.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Long-term care supports people who need help meeting their health or personal care needs due to age or disabling conditions. Maintaining an adequate workforce of long-term care workers is critical to the system.

(2) Current law requires that home care aides complete required training and pass a test to become certified. A 2022 performance audit found that many home care aide applicants faced barriers in scheduling the test, challenges getting to the test site, and often delays of months between completing training and taking the test. Barriers and inefficiencies in this process were

NINETY NINTH DAY, APRIL 17, 2023

cited as a primary reason for many applicants dropping out prior to becoming certified.

(3) The legislature finds that improvements in this process and the reduction of barriers are necessary to ensure an adequate home care workforce.

Sec. 2. RCW 18.88B.031 and 2012 c 164 s 304 are each amended to read as follows:

(1) Except as provided in RCW 18.88B.041 and subject to the other requirements of this chapter, to be certified as a home care aide, a long-term care worker must successfully complete the training required under RCW 74.39A.074(1) and a certification examination. Any long-term care worker failing to make the required grade for the examination may not be certified as a home care aide.

(2) The department, in consultation with consumer and worker representatives, shall develop a home care aide certification examination to evaluate whether an applicant possesses the skills and knowledge necessary to practice competently. ~~((Except as provided by RCW 18.88B.041(1)(a)(ii), only those who have completed the training requirements in RCW 74.39A.074(1) shall be eligible to sit for this examination.))~~

(3) The examination or series of examinations shall include both a skills demonstration and a written or oral knowledge test. ~~((The examination papers, all grading of the papers, and records related to the grading of skills demonstration shall be preserved for a period of not less than one year.))~~ The department shall establish rules governing the number of times and under what circumstances individuals who have failed the examination may sit for the examination, including whether any intermediate remedial steps should be required. The skills demonstration, the knowledge test, or both, may be administered throughout training, on the last day of training, or after a student's formal training. An applicant may apply to take the examination during or after training. An applicant may not sit for any part of the examination prior to completing the part of the training associated with that part of the examination. The examination or series of examinations may be conducted at local testing sites around the state. For the purpose of reducing the travel time for applicants, the department shall explore alternative testing options such as remote testing.

(4)(a) All examinations shall be conducted by fair and wholly impartial methods. All examinations shall be available to be administered in the preferred language for the applicant taking the examination. The certification examination shall be administered and evaluated by ~~((the))~~:

(i) The department ((or by a));

(ii) A contractor to the department that is ((neither)) not an employer of long-term care workers ((or a private contractor providing training services under this chapter.)) unless the employer is a department of social and health services approved instructor and has met the department standards for administering the examination; or

(iii) A high school or community college that has met department standards for administering the examination.

(b) The department shall conduct an annual evaluation of the examination results of applicants who complete the examination in a language other than English. If the department finds that applicants taking the examination in a particular language fail at a disproportionately higher rate than other examination takers, the department shall conduct a review of the translation to ensure that it is accurate and understandable.

(5) The department shall adopt rules to implement this section.

NEW SECTION. Sec. 3. (1) The department of health, in consultation with the department of social and health services and other relevant participants, shall:

(a) Devise a system that reduces delays between training and testing for home care aides that includes the following:

(i) Developing and implementing a plan to integrate testing into training that allows applicants to test at the same location where they train;

(ii) Allowing remote testing within home care aide training programs immediately or shortly after completion of the program; and

(iii) Determining the benefits and costs of having home care aide training programs authorize applicants to test instead of the department of health;

(b) Examine existing challenges related to a lack of testing sites and develop a plan, including an estimation of costs, to expand testing sites, which shall include the following considerations:

(i) Applicant travel time and availability of testing for comparable professions;

(ii) How many test sites are needed, where these sites should be located, and the best way to establish appropriate partnerships that can lead to new test sites;

(iii) How often test sites should be available to applicants; and

(iv) Whether there are areas of the state where a stipend for travel expenses would be beneficial and appropriate protocols for travel stipends;

(c) Establish performance measures and data collection criteria to monitor the overall length of time between training and testing and the number of available test sites;

(d) Establish accountability mechanisms for the overall training to testing process; and

(e) Establish performance-based contracts for vendors who administer the tests that include the following:

(i) All key performance measures expected, including a definition of what sufficient access to test sites entails; and

(ii) Detailed vendor costs.

(2)(a) When completing the requirements of subsection (1) of this section, the department of health shall ensure that its decisions are informed by existing data on test completion, including passage and failure rates for both parts of the examination.

(b) When conducting the examination under subsection (1)(b) of this section, the department of health shall:

(i) Use various geographic measures, including by county and by zip code; and

(ii) Conduct a survey of all approved testing locations in Washington to determine their current capacity for offering tests and their potential capacity to offer tests if not for the lack of available proctors.

(3) The department of health, in consultation with the department of social and health services and other relevant participants, shall submit to the governor and the appropriate committees of the legislature a preliminary report no later than June 30, 2024, and a final report no later than December 31, 2024, that includes a summary of the work conducted in accordance with the requirements specified in subsection (1) of this section and any recommendations for improvement.

(4) This section expires July 30, 2026."

MESSAGE FROM THE HOUSE

April 11, 2023

MR. PRESIDENT:

The House passed SENATE BILL NO. 5280 with the following amendment(s): 5280 AMH HSEL H1741.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 26.44.020 and 2021 c 215 s 142 and 2021 c 67 s 3 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Abuse or neglect" means sexual abuse, sexual exploitation, or injury of a child by any person under circumstances which cause harm to the child's health, welfare, or safety, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(2) "Child" or "children" means any person under the age of eighteen years of age.

(3) "Child forensic interview" means a developmentally sensitive and legally sound method of gathering factual information regarding allegations of child abuse, child neglect, or exposure to violence. This interview is conducted by a

competently trained, neutral professional utilizing techniques informed by research and best practice as part of a larger investigative process.

(4) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(5) "Child protective services section" means the child protective services section of the department.

(6) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

(a) The child has been abandoned by the parent as defined in RCW 13.34.030 and the child's health, safety, and welfare is seriously endangered as a result;

(b) The child has been abused or neglected as defined in this chapter and the child's health, safety, and welfare is seriously endangered as a result;

(c) There is no parent capable of meeting the child's needs such that the child is in circumstances that constitute a serious danger to the child's development;

(d) The child is otherwise at imminent risk of harm.

(7) "Children's advocacy center" means a child-focused facility in good standing with the state chapter for children's advocacy centers and that coordinates a multidisciplinary process for the investigation, prosecution, and treatment of sexual and other types of child abuse. Children's advocacy centers provide a location for forensic interviews and coordinate access to services such as, but not limited to, medical evaluations, advocacy, therapy, and case review by multidisciplinary teams within the context of county protocols as defined in RCW 26.44.180 and 26.44.185.

(8) "~~((Clergy))~~ Member of the clergy" means any regularly licensed, accredited, or ordained minister, priest, ~~((or))~~ rabbi, imam, elder, or similarly situated religious or spiritual leader of any church, ~~((or))~~ religious denomination, religious body, spiritual community, or sect, or person performing official duties that are recognized as the duties of a member of the clergy under the discipline, tenets, doctrine, or custom of the person's church, religious denomination, religious body, spiritual community, or sect, whether acting in an individual capacity or as an employee ~~((or))~~ agent, or official of any public or private organization or institution.

(9) "Court" means the superior court of the state of Washington, juvenile department.

(10) "Department" means the department of children, youth, and families.

NINETY NINTH DAY, APRIL 17, 2023

(11) "Experiencing homelessness" means lacking a fixed, regular, and adequate nighttime residence, including circumstances such as sharing the housing of other persons due to loss of housing, economic hardship, fleeing domestic violence, or a similar reason as described in the federal McKinney-Vento homeless assistance act (Title 42 U.S.C., chapter 119, subchapter I) as it existed on January 1, 2021.

(12) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(13) "Family assessment response" means a way of responding to certain reports of child abuse or neglect made under this chapter using a differential response approach to child protective services. The family assessment response shall focus on the safety of the child, the integrity and preservation of the family, and shall assess the status of the child and the family in terms of risk of abuse and neglect including the parent's or guardian's or other caretaker's capacity and willingness to protect the child and, if necessary, plan and arrange the provision of services to reduce the risk and otherwise support the family. No one is named as a perpetrator, and no investigative finding is entered in the record as a result of a family assessment.

(14) "Founded" means the determination following an investigation by the department that, based on available information, it is more likely than not that child abuse or neglect did occur.

(15) "Inconclusive" means the determination following an investigation by the department of social and health services, prior to October 1, 2008, that based on available information a decision cannot be made that more likely than not, child abuse or neglect did or did not occur.

(16) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment, or care.

(17) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(18) "Malice" or "maliciously" means an intent, wish, or design to intimidate, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(19) "Negligent treatment or maltreatment" means an act or a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to a child's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, experiencing homelessness, or exposure to domestic violence as defined in RCW 7.105.010 that is perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself.

(20) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(21) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner. A person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(22) "Prevention and family services and programs" means specific mental health prevention and treatment services, substance abuse prevention and treatment services, and in-home parent skill-based programs that qualify for federal funding under the federal family first prevention services act, P.L. 115-123. For purposes of this chapter, prevention and family services and programs are not remedial services or family reunification services as described in RCW 13.34.025(2).

(23) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(24) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(25) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report of abuse or neglect and is not referred for investigation.

(26) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

(27) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(28) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(29) "Unfounded" means the determination following an investigation by the department that available information indicates that, more likely than not, child abuse or neglect did not occur, or that there is insufficient evidence for the department to determine whether the alleged child abuse did or did not occur.

Sec. 2. RCW 26.44.030 and 2019 c 172 s 6 are each amended to read as follows:

(1)(a) When any practitioner, member of the clergy, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, employee of the department of children, youth, and families, licensed or certified child care providers or their employees, employee of the department of social and health services, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, state family and children's ombuds or any volunteer in the ombuds's office, or host home program has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Organization" includes a sole proprietor, partnership, corporation, limited liability company, trust, association, financial institution, governmental entity, other than the federal government, and any other individual or group engaged in a trade, occupation, enterprise, governmental function, charitable function, or similar activity in this state whether or not the entity is operated as a nonprofit or for-profit entity.

(iii) "Reasonable cause" means a person witnesses or receives a credible written or oral report alleging abuse, including sexual contact, or neglect of a child.

(iv) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(v) "Sexual contact" has the same meaning as in RCW 9A.44.010.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11 and 13 RCW and this title, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered

NINETY NINTH DAY, APRIL 17, 2023

privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report that a child is a candidate for foster care as defined in RCW 26.44.020, the department may provide prevention and family services and programs to the child's parents, guardian, or caregiver. The department may not be held civilly liable for the decision regarding whether to provide prevention and family services and programs, or for the provision of those services and programs, for a child determined to be a candidate for foster care.

(11) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;

(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.

(12)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:

(i) Investigation; or

(ii) Family assessment.

(b) In making the response in (a) of this subsection the department shall:

(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;

(ii) Allow for a change in response assignment based on new information that alters risk or safety level;

(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;

(iv) Provide a full investigation if a family refuses the initial family assessment;

(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;

(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:

(A) Indicates a child's health, safety, and welfare will be seriously endangered if not taken into custody for reasons including, but not limited to, sexual abuse and sexual exploitation of the child as defined in this chapter;

(B) Poses a serious threat of substantial harm to a child;

(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;

(D) The child is an abandoned child as defined in RCW 13.34.030;

(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW.

(c) In addition, the department may use a family assessment response to assess for and provide prevention and family services and programs, as defined in RCW 26.44.020, for the following children and their families, consistent with requirements under the federal family first prevention services act and this section:

(i) A child who is a candidate for foster care, as defined in RCW 26.44.020; and

(ii) A child who is in foster care and who is pregnant, parenting, or both.

(d) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(13)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(14) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the

goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report except as follows:

(i) Upon parental agreement, the family assessment response period may be extended up to one hundred twenty days. The department's extension of the family assessment response period must be operated within the department's appropriations;

(ii) For cases in which the department elects to use a family assessment response as authorized under subsection (12)(c) of this section, and upon agreement of the child's parent, legal guardian, legal custodian, or relative placement, the family assessment response period may be extended up to one year. The department's extension of the family assessment response must be operated within the department's appropriations.

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian agree to participate in services before services are initiated. The department shall inform the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not agree to participate in services.

(15)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(16) If a report of alleged abuse or neglect is founded and constitutes the third founded report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(17) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(18)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(19) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(20) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(21) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(22) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian.

(23) The department shall make available on its public website a downloadable and printable poster that includes the reporting requirements included in this section. The poster must be no smaller than eight and one-half by eleven inches with all information on one side. The poster must be made available in both the English and Spanish languages. Organizations that include employees or volunteers subject to the reporting requirements of this section must clearly display this poster in a common area. At a minimum, this poster must include the following:

- (a) Who is required to report child abuse and neglect;
- (b) The standard of knowledge to justify a report;
- (c) The definition of reportable crimes;
- (d) Where to report suspected child abuse and neglect; and
- (e) What should be included in a report and the appropriate timing."

~~((6))~~ (7) **Certificate of title delivered to secured party.** The certificate of title must be kept by or delivered to the person who becomes the secured party when a security interest is reserved or created at the time of the transfer of ownership. The parties must comply with RCW 46.12.675.

(c) The owner is prevented from applying due to an illness or extended hospitalization;

April 10, 2023

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5290 with the following amendment(s): 5290-S2 AMH ENGR H1869.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70B.140 and 1995 c 347 s 418 are each amended to read as follows:

(1) A local government by ordinance or resolution may exclude the following project permits from the provisions of RCW 36.70B.060 through 36.70B.090 and 36.70B.110 through 36.70B.130: Landmark designations, street vacations, or other approvals relating to the use of public areas or facilities, or other project permits, whether administrative or quasi-judicial, that the local government by ordinance or resolution has determined present special circumstances that warrant a review process or time periods for approval which are different from that provided in RCW 36.70B.060 through 36.70B.090 and 36.70B.110 through 36.70B.130.

(2) A local government by ordinance or resolution also may exclude the following project permits from the provisions of RCW 36.70B.060 and 36.70B.110 through 36.70B.130: Lot line or boundary adjustments and building and other construction permits, or similar administrative approvals, categorically exempt from environmental review under chapter 43.21C RCW, or for which environmental review has been completed in connection with other project permits.

(3) A local government must exclude project permits for interior alterations from site plan review, provided that the interior alterations do not result in the following:

(a) Additional sleeping quarters or bedrooms;

(b) Nonconformity with federal emergency management agency substantial improvement thresholds; or

(c) Increase the total square footage or valuation of the structure thereby requiring upgraded fire access or fire suppression systems.

(4) Nothing in this section exempts interior alterations from otherwise applicable building, plumbing, mechanical, or electrical codes.

(5) For purposes of this section, "interior alterations" include construction activities that do not modify the existing site layout or its current use and involve no exterior work adding to the building footprint.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70B RCW to read as follows:

(1) Subject to the availability of funds appropriated for this specific purpose, the department of commerce must establish a consolidated permit review grant program. The department may award grants to any local government that provides, by ordinance, resolution, or other action, a commitment to the following building permit review consolidation requirements:

(a) Issuing final decisions on residential permit applications within 45 business days or 90 calendar days.

(i) To achieve permit review within the stated time periods, a local government must provide consolidated review for building permit applications. This may include an initial technical peer review of the application for conformity with the requirements of RCW 36.70B.070 by all departments, divisions, and sections of the local government with jurisdiction over the project.

(ii) A local government may contract with a third-party business to conduct the consolidated permit review or as additional inspection staff. Any funds expended for such a contract may be eligible for reimbursement under this act.

(iii) Local governments are authorized to use grant funds to contract outside assistance to audit their development regulations to identify and correct barriers to housing development.

(b) Establishing an application fee structure that would allow the jurisdiction to continue providing consolidated permit review within 45 business days or 90 calendar days.

(i) A local government may consult with local building associations to develop a reasonable fee system.

(ii) A local government must determine, no later than July 1, 2024, the specific fee structure needed to provide permit review within the time periods specified in this subsection (1)(b).

(2) A jurisdiction that is awarded a grant under this section must provide a quarterly report to the department of commerce. The report must include the average and maximum time for permit review during the jurisdiction's participation in the grant program.

(3) If a jurisdiction is unable to successfully meet the terms and conditions of the grant, the jurisdiction must enter a 90-day probationary period. If the jurisdiction is not able to meet the requirements of this section by the end of the probationary period, the jurisdiction is no longer eligible to receive grants under this section.

(4) For the purposes of this section, "residential permit" means a permit issued by a city or county that satisfies the conditions of RCW 19.27.015(5) and is within the scope of the international residential code, as adopted in accordance with chapter 19.27 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70B RCW to read as follows:

(1) Subject to the availability of funds appropriated for this specific purpose, the department of commerce must establish a grant program for local governments to update their permit review process from paper filing systems to software systems capable of processing digital permit applications, virtual inspections, electronic review, and with capacity for video storage.

(2) The department of commerce may only provide a grant under this section to a city if the city allows for the development of at least two units per lot on all lots zoned predominantly for residential use within its jurisdiction.

NEW SECTION. Sec. 4. A new section is added to chapter 36.70B RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department of commerce must convene a digital permitting process work group to examine potential license and permitting software for local governments to encourage streamlined and efficient permit review.

(2) The department of commerce, in consultation with the association of Washington cities and Washington state association of counties, shall appoint members to the work group representing groups including but not limited to:

- (a) Cities and counties;
- (b) Building industries; and
- (c) Building officials.

(3) The department of commerce must convene the first meeting of the work group by August 1, 2023. The department must submit a final report to the governor and the appropriate committees of the legislature by August 1, 2024. The final report must:

- (a) Evaluate the existing need for digital permitting systems, including impacts on existing digital permitting systems that are already in place;
- (b) Review barriers preventing local jurisdictions from accessing or adopting digital permitting systems;
- (c) Evaluate the benefits and costs associated with a statewide permitting software system; and
- (d) Provide budgetary, administrative policy, and legislative recommendations to increase the adoption of or establish a statewide system of digital permit review.

Sec. 5. RCW 36.70B.020 and 1995 c 347 s 402 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Closed record appeal" means an administrative appeal on the record to a local government body or officer, including the legislative body, following an open record hearing on a project permit application when the appeal is on the record with no or limited new evidence or information allowed to be submitted and only appeal argument allowed.

(2) "Local government" means a county, city, or town.

(3) "Open record hearing" means a hearing, conducted by a single hearing body or officer authorized by the local government to conduct such hearings, that creates the local government's record through testimony and submission of evidence and information, under procedures prescribed by the local government by ordinance or resolution. An open record hearing may be held prior to a local government's decision on a project permit to be known as an "open record predecision hearing." An open record hearing may be held on an appeal, to be known as an "open record appeal hearing," if no open record predecision hearing has been held on the project permit.

(4) "Project permit" or "project permit application" means any land use or environmental permit or license required from a local government for a project action, including but not limited to ~~((building permits,))~~ subdivisions, binding site plans, planned unit developments, conditional uses, shoreline substantial development permits, site plan review, permits or approvals required by critical area ordinances, site-specific rezones ~~((authorized by a comprehensive plan or subarea plan))~~ which do not require a comprehensive plan amendment, but excluding the adoption or amendment of a comprehensive plan, subarea plan, or development regulations except as otherwise specifically included in this subsection.

(5) "Public meeting" means an informal meeting, hearing, workshop, or other public gathering of people to obtain comments from the public or other agencies on a proposed project permit prior to the local government's decision. A public meeting may include, but is not limited to, a design review or architectural control board meeting, a special review district or community council meeting, or a scoping meeting on a draft environmental impact statement. A public meeting does not include an open record hearing. The proceedings at a public meeting may be recorded and a report or recommendation may be included in the local government's project permit application file.

Sec. 6. RCW 36.70B.070 and 1995 c 347 s 408 are each amended to read as follows:

(1)(a) Within ~~((twenty eight))~~ 28 days after receiving a project permit application, a local government planning pursuant to RCW 36.70A.040 shall ~~((mail or))~~ provide ~~((in person))~~ a written determination to the applicant~~((, stating))~~.

(b) The written determination must state either:

~~((a))~~ (i) That the application is complete; or

~~((b))~~ (ii) That the application is incomplete and that the procedural submission requirements of the local government have not been met. The determination shall outline what is necessary to make the application procedurally complete.

(c) The number of days shall be calculated by counting every calendar day.

(d) To the extent known by the local government, the local government shall identify other agencies of local, state, or federal governments that may have jurisdiction over some aspect of the application.

(2) A project permit application is complete for purposes of this section when it meets the procedural submission requirements of the local government ~~((and is sufficient for continued processing even though additional information may be required or project modifications may be undertaken subsequently))~~, as outlined on the project permit application.

NINETY NINTH DAY, APRIL 17, 2023

Additional information or studies may be required or project modifications may be undertaken subsequent to the procedural review of the application by the local government. The determination of completeness shall not preclude the local government from requesting additional information or studies either at the time of the notice of completeness or subsequently if new information is required or substantial changes in the proposed action occur. However, if the procedural submission requirements, as outlined on the project permit application have been provided, the need for additional information or studies may not preclude a completeness determination.

(3) The determination of completeness may include or be combined with the following ((as optional information)):

(a) A preliminary determination of those development regulations that will be used for project mitigation;

(b) A preliminary determination of consistency, as provided under RCW 36.70B.040; ~~((or))~~

(c) Other information the local government chooses to include; or

(d) The notice of application pursuant to the requirements in RCW 36.70B.110.

(4)(a) An application shall be deemed procedurally complete on the 29th day after receiving a project permit application under this section if the local government does not provide a written determination to the applicant that the application is procedurally incomplete as provided in subsection (1)(b)(ii) of this section. When the local government does not provide a written determination, they may still seek additional information or studies as provided for in subsection (2) of this section.

(b) Within ~~((fourteen))~~ 14 days after an applicant has submitted to a local government additional information identified by the local government as being necessary for a complete application, the local government shall notify the applicant whether the application is complete or what additional information is necessary.

(c) The notice of application shall be provided within 14 days after the determination of completeness pursuant to RCW 36.70B.110.

Sec. 7. RCW 36.70B.080 and 2004 c 191 s 2 are each amended to read as follows:

(1)(a) Development regulations adopted pursuant to RCW 36.70A.040 must establish and implement time periods for local government actions for each type of project permit application and provide timely and predictable procedures to determine whether a completed project permit application meets the requirements of those development regulations. The time periods for local government actions for each type of complete project permit application or project type should not exceed ~~((one hundred twenty days, unless the local government makes written findings that a specified amount of additional time is needed to process specific complete project permit applications or project types))~~ those specified in this section.

~~((The))~~ (b) For project permits submitted after January 1, 2025, the development regulations must, for each type of permit application, specify the contents of a completed project permit application necessary for the complete compliance with the time periods and procedures.

~~((2))~~ (c) A jurisdiction may exclude certain permit types and timelines for processing project permit applications as provided for in RCW 36.70B.140.

(d) The time periods for local government action to issue a final decision for each type of complete project permit application or project type subject to this chapter should not exceed the following time periods unless modified by the local government pursuant to this section or RCW 36.70B.140:

(i) For project permits which do not require public notice under RCW 36.70B.110, a local government must issue a final decision within 65 days of the determination of completeness under RCW 36.70B.070;

(ii) For project permits which require public notice under RCW 36.70B.110, a local government must issue a final decision within 100 days of the determination of completeness under RCW 36.70B.070; and

(iii) For project permits which require public notice under RCW 36.70B.110 and a public hearing, a local government must issue a final decision within 170 days of the determination of completeness under RCW 36.70B.070.

(e) A jurisdiction may modify the provisions in (d) of this subsection to add permit types not identified, change the permit names or types in each category, address how consolidated review time periods may be different than permits submitted individually, and provide for how projects of a certain size or type may be differentiated, including by differentiating between residential and nonresidential permits. Unless otherwise provided for the consolidated review of more than one permit, the time period for a final decision shall be the longest of the permit time periods identified in (d) of this subsection or as amended by a local government.

(f) If a local government does not adopt an ordinance or resolution modifying the provisions in (d) of this subsection, the time periods in (d) of this subsection apply.

(g) The number of days an application is in review with the county or city shall be calculated from the day completeness is determined under RCW 36.70B.070 to the date a final decision is issued on the project permit application. The number of days shall be calculated by counting every calendar day and excluding the following time periods:

(i) Any period between the day that the county or city has notified the applicant, in writing, that additional information is required to further process the application and the day when responsive information is resubmitted by the applicant;

(ii) Any period after an applicant informs the local government, in writing, that they would like to temporarily suspend review of the project permit application until the time that the applicant notifies the local government, in writing, that they would like to resume the application. A local government may set conditions for the temporary suspension of a permit application; and

(iii) Any period after an administrative appeal is filed until the administrative appeal is resolved and any additional time period provided by the administrative appeal has expired.

(h) The time periods for a local government to process a permit shall start over if an applicant proposes a change in use that adds or removes commercial or residential elements from the original application that would make the application fail to meet the determination of procedural completeness for the new use, as required by the local government under RCW 36.70B.070.

(i) If, at any time, an applicant informs the local government, in writing, that the applicant would like to temporarily suspend the review of the project for more than 60 days, or if an applicant is not responsive for more than 60 consecutive days after the county or city has notified the applicant, in writing, that additional information is required to further process the application, an additional 30 days may be added to the time periods for local government action to issue a final decision for each type of project permit that is subject to this chapter. Any written notice from the local government to the applicant that additional information is required to further process the application must include a notice that nonresponsiveness for 60 consecutive days may result in 30 days being added to the time for review. For the

purposes of this subsection, "nonresponsiveness" means that an applicant is not making demonstrable progress on providing additional requested information to the local government, or that there is no ongoing communication from the applicant to the local government on the applicant's ability or willingness to provide the additional information.

(j) Annual amendments to the comprehensive plan are not subject to the requirements of this section.

(k) A county's or city's adoption of a resolution or ordinance to implement this subsection shall not be subject to appeal under chapter 36.70A RCW unless the resolution or ordinance modifies the time periods provided in (d) of this subsection by providing for a review period of more than 170 days for any project permit.

(l)(i) When permit time periods provided for in (d) of this subsection, as may be amended by a local government, and as may be extended as provided for in (i) of this subsection, are not met, a portion of the permit fee must be refunded to the applicant as provided in this subsection. A local government may provide for the collection of only 80 percent of a permit fee initially, and for the collection of the remaining balance if the permitting time periods are met. The portion of the fee refunded for missing time periods shall be:

(A) 10 percent if the final decision of the project permit application was made after the applicable deadline but the period from the passage of the deadline to the time of issuance of the final decision did not exceed 20 percent of the original time period; or

(B) 20 percent if the period from the passage of the deadline to the time of the issuance of the final decision exceeded 20 percent of the original time period.

(ii) Except as provided in RCW 36.70B.160, the provisions in subsection (l)(i) of this section are not applicable to cities and counties which have implemented at least three of the options in RCW 36.70B.160(1) (a) through (j) at the time an application is deemed procedurally complete.

(2)(a) Counties subject to the requirements of RCW 36.70A.215 and the cities within those counties that have populations of at least ~~((twenty thousand))~~ 20,000 must, for each type of permit application, identify the total number of project permit applications for which decisions are issued according to the provisions of this chapter. For each type of project permit application identified, these counties and cities must establish and implement a deadline for issuing a notice of final decision as required by subsection (1) of this section and minimum requirements for applications to be deemed complete under RCW 36.70B.070 as required by subsection (1) of this section.

(b) Counties and cities subject to the requirements of this subsection also must prepare an annual performance report(s) that ~~((include, at a minimum, the following information for each type of project permit application identified in accordance with the requirements of (a) of this subsection:~~

(i) Total number of complete applications received during the year;

(ii) Number of complete applications received during the year for which a notice of final decision was issued before the deadline established under this subsection;

(iii) Number of applications received during the year for which a notice of final decision was issued after the deadline established under this subsection;

(iv) Number of applications received during the year for which an extension of time was mutually agreed upon by the applicant and the county or city;

(v) Variance of actual performance, excluding applications for which mutually agreed time extensions have occurred, to the deadline established under this subsection during the year; and

~~(vi) The mean processing time and the number standard deviation from the mean.~~

~~(c) Counties and cities subject to the requirements of this subsection must:~~

~~(i) Provide notice of and access to the annual performance reports through the county's or city's website; and~~

~~(ii) Post electronic facsimiles of the annual performance reports through the county's or city's website. Postings on a county's or city's website indicating that the reports are available by contacting the appropriate county or city department or official do not comply with the requirements of this subsection.~~

~~If a county or city subject to the requirements of this subsection does not maintain a website, notice of the reports must be given by reasonable methods, including but not limited to those methods specified in RCW 36.70B.110(4).~~

~~(3)) includes information outlining time periods for certain permit types associated with housing. The report must provide:~~

~~(i) Permit time periods for certain permit processes in the county or city in relation to those established under this section, including whether the county or city has established shorter time periods than those provided in this section;~~

~~(ii) The total number of decisions issued during the year for the following permit types: Preliminary subdivisions, final subdivisions, binding site plans, permit processes associated with the approval of multifamily housing, and construction plan review for each of these permit types when submitted separately;~~

~~(iii) The total number of decisions for each permit type which included consolidated project permit review, such as concurrent review of a rezone or construction plans;~~

~~(iv) The average number of days from a submittal to a decision being issued for the project permit types listed in subsection (2)(a)(ii) of this section. This shall be calculated from the day completeness is determined under RCW 36.70B.070 to the date a decision is issued on the application. The number of days shall be calculated by counting every calendar day;~~

~~(v) The total number of days each project permit application of a type listed in subsection (2)(a)(ii) of this section was in review with the county or city. This shall be calculated from the day completeness is determined under RCW 36.70B.070 to the date a final decision is issued on the application. The number of days shall be calculated by counting every calendar day. The days the application is in review with the county or city does not include the time periods in subsection (1)(g)(i)-(iii) of this section;~~

~~(vi) The total number of days that were excluded from the time period calculation under subsection (1)(g)(i)-(iii) of this section for each project permit application of a type listed in subsection (2)(a)(ii) of this section.~~

~~(c) Counties and cities subject to the requirements of this subsection must:~~

~~(i) Post the annual performance report through the county's or city's website; and~~

~~(ii) Submit the annual performance report to the department of commerce by March 1st each year.~~

~~(d) No later than July 1st each year, the department of commerce shall publish a report which includes the annual performance report data for each county and city subject to the requirements of this subsection and a list of those counties and cities whose time periods are shorter than those provided for in this section.~~

~~The annual report must also include key metrics and findings from the information collected.~~

~~(e) The initial annual report required under this subsection must be submitted to the department of commerce by March 1, 2025, and must include information from permitting in 2024.~~

NINETY NINTH DAY, APRIL 17, 2023

(3) Nothing in this section prohibits a county or city from extending a deadline for issuing a decision for a specific project permit application for any reasonable period of time mutually agreed upon by the applicant and the local government.

~~((4) The department of community, trade, and economic development shall work with the counties and cities to review the potential implementation costs of the requirements of subsection (2) of this section. The department, in cooperation with the local governments, shall prepare a report summarizing the projected costs, together with recommendations for state funding assistance for implementation costs, and provide the report to the governor and appropriate committees of the senate and house of representatives by January 1, 2005.))~~

Sec. 8. RCW 36.70B.160 and 1995 c 347 s 420 are each amended to read as follows:

(1) Each local government is encouraged to adopt further project review and code provisions to provide prompt, coordinated review and ensure accountability to applicants and the public ~~((including expedited review for project permit applications for projects that are consistent with adopted development regulations and within the capacity of systemwide infrastructure improvements))~~ by:

(a) Expediting review for project permit applications for projects that are consistent with adopted development regulations;

(b) Imposing reasonable fees, consistent with RCW 82.02.020, on applicants for permits or other governmental approvals to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW. The fees imposed may not include a fee for the cost of processing administrative appeals. Nothing in this subsection limits the ability of a county or city to impose a fee for the processing of administrative appeals as otherwise authorized by law;

(c) Entering into an interlocal agreement with another jurisdiction to share permitting staff and resources;

(d) Maintaining and budgeting for on-call permitting assistance for when permit volumes or staffing levels change rapidly;

(e) Having new positions budgeted that are contingent on increased permit revenue;

(f) Adopting development regulations which only require public hearings for permit applications that are required to have a public hearing by statute;

(g) Adopting development regulations which make preapplication meetings optional rather than a requirement of permit application submittal;

(h) Adopting development regulations which make housing types an outright permitted use in all zones where the housing type is permitted;

(i) Adopting a program to allow for outside professionals with appropriate professional licenses to certify components of applications consistent with their license; or

(j) Meeting with the applicant to attempt to resolve outstanding issues during the review process. The meeting must be scheduled within 14 days of a second request for corrections during permit review. If the meeting cannot resolve the issues and a local government proceeds with a third request for additional information or corrections, the local government must approve or deny the application upon receiving the additional information or corrections.

(2)(a) After January 1, 2026, a county or city must adopt additional measures under subsection (1) of this section at the

time of its next comprehensive plan update under RCW 36.70A.130 if it meets the following conditions:

(i) The county or city has adopted at least three project review and code provisions under subsection (1) of this section more than five years prior; and

(ii) The county or city is not meeting the permitting deadlines established in RCW 36.70B.080 at least half of the time over the period since its most recent comprehensive plan update under RCW 36.70A.130.

(b) A city or county that is required to adopt new measures under (a) of this subsection but fails to do so becomes subject to the provisions of RCW 36.70B.080(1)(i), notwithstanding RCW 36.70B.080(1)(i)(ii).

~~((2))~~ (3) Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution.

~~((3))~~ (4) Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

~~((4))~~ (5) Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a project permit issued by a local government.

NEW SECTION. Sec. 9. A new section is added to chapter 36.70B RCW to read as follows:

(1) The department of commerce shall develop and provide technical assistance and guidance to counties and cities in setting fee structures under RCW 36.70B.160(1) to ensure that the fees are reasonable and sufficient to recover true costs. The guidance must include information on how to utilize growth factors or other measures to reflect cost increases over time.

(2) When providing technical assistance under subsection (1) of this section, the department of commerce must prioritize local governments that have implemented at least three of the options in RCW 36.70B.160(1).

Sec. 10. RCW 36.70B.110 and 1997 c 429 s 48 and 1997 c 396 s 1 are each reenacted and amended to read as follows:

(1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a threshold determination under chapter 43.21C RCW concurrently with the notice of application, the notice of application may be combined with the threshold determination and the scoping notice for a determination of significance. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application. Nothing in this section or this chapter prevents a lead agency, when it is a project proponent or is funding a project, from conducting its review under chapter 43.21C RCW or from allowing appeals of procedural determinations prior to submitting a project permit ~~((application))~~.

(2) The notice of application shall be provided within ~~((fourteen))~~ 14 days after the determination of completeness as provided in RCW 36.70B.070 and, except as limited by the provisions of subsection (4)(b) of this section, ~~((shall))~~ must include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 ~~((or 36.70B.090))~~;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW 36.70B.030(2) and 36.70B.040; and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the notice of application required by subsection (2) of this section and the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(1) Except as provided in subsection (2) of this section, for health plans that include prescription drug coverage issued or

renewed on or after January 1, 2025, a health carrier or its health care benefit manager may not require the substitution of a nonpreferred drug with a preferred drug in a given therapeutic class, or increase an enrollee's cost-sharing obligation mid-plan year for the drug, if the prescription is for a refill of an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the enrollee to treat a serious mental illness, the enrollee is medically stable on the drug, and a participating provider continues to prescribe the drug.

(2) Nothing in this section prohibits:

(a) The carrier from requiring generic substitution during the current plan year;

(b) The carrier from adding new drugs to its formulary during the current plan year;

(c) The carrier from removing a drug from its formulary for reasons of patient safety concerns, drug recall or removal from the market, or medical evidence indicating no therapeutic effect of the drug; or

(d) A participating provider from prescribing a different drug that is covered by the plan and medically appropriate for the enrollee.

(3) For the purposes of this section:

(a) "Refill" means a second or subsequent filling of a previously issued prescription.

(b) "Serious mental illness" means a mental disorder, as defined in the most recent edition of the diagnostic and statistical manual of mental disorders published by the American psychiatric association, that results in serious functional impairment that substantially interferes with or limits one or more major life activities.

Sec. 2. RCW 69.41.190 and 2011 1st sp.s. c 15 s 80 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, any pharmacist filling a prescription under a state purchased health care program as defined in RCW 41.05.011(~~((2))~~) shall substitute, where identified, a preferred drug for any nonpreferred drug in a given therapeutic class, unless the endorsing practitioner has indicated on the prescription that the nonpreferred drug must be dispensed as written, or the prescription is for a refill of an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the patient to treat a serious mental illness, chemotherapy, antiretroviral, or immunosuppressive drug, or for the refill of an immunomodulator/antiviral treatment for hepatitis C for which an established, fixed duration of therapy is prescribed for at least (~~((twenty-four))~~) 24 weeks but no more than (~~((forty-eight))~~) 48 weeks, in which case the pharmacist shall dispense the prescribed nonpreferred drug.

(b) When a substitution is made under (a) of this subsection, the dispensing pharmacist shall notify the prescribing practitioner of the specific drug and dose dispensed.

(2)(a) A state purchased health care program may impose limited restrictions on an endorsing practitioner's authority to write a prescription to dispense as written only under the following circumstances:

(i) There is statistical or clear data demonstrating the endorsing practitioner's frequency of prescribing dispensed as written for nonpreferred drugs varies significantly from the prescribing patterns of his or her peers;

(ii) The medical director of a state purchased health program has: (A) Presented the endorsing practitioner with data that indicates the endorsing practitioner's prescribing patterns vary significantly from his or her peers, (B) provided the endorsing practitioner an opportunity to explain the variation in his or her prescribing patterns to those of his or her peers, and (C) if the variation in prescribing patterns cannot be explained, provided

the endorsing practitioner sufficient time to change his or her prescribing patterns to align with those of his or her peers; and

(iii) The restrictions imposed under (a) of this subsection (2) must be limited to the extent possible to reduce variation in prescribing patterns and shall remain in effect only until such time as the endorsing practitioner can demonstrate a reduction in variation in line with his or her peers.

(b) A state purchased health care program may immediately designate an available, less expensive, equally effective generic product in a previously reviewed drug class as a preferred drug, without first submitting the product to review by the pharmacy and therapeutics committee established pursuant to RCW 70.14.050.

(c) For a patient's first course of treatment within a therapeutic class of drugs, a state purchased health care program may impose limited restrictions on endorsing practitioners' authority to write a prescription to dispense as written, only under the following circumstances:

(i) There is a less expensive, equally effective therapeutic alternative generic product available to treat the condition;

(ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation;

(iii) Notwithstanding the limitation set forth in (c)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the brand name drug be prescribed as the first course of treatment;

(iv) The state purchased health care program may provide, where available, prescription, emergency room, diagnosis, and hospitalization history with the endorsing practitioner; and

(v) Specifically for antipsychotic restrictions, the state purchased health care program shall effectively guide good practice without interfering with the timeliness of clinical decision making. Health care authority prior authorization programs must provide for responses within ~~((twenty-four))~~ 24 hours and at least a ~~((seventy-two))~~ 72 hour emergency supply of the requested drug.

(d) If, within a therapeutic class, there is an equally effective therapeutic alternative over-the-counter drug available, a state purchased health care program may designate the over-the-counter drug as the preferred drug.

(e) A state purchased health care program may impose limited restrictions on endorsing practitioners' authority to prescribe pharmaceuticals to be dispensed as written for a purpose outside the scope of their approved labels only under the following circumstances:

(i) There is a less expensive, equally effective on-label product available to treat the condition;

(ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation; and

(iii) Notwithstanding the limitation set forth in (e)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the drug be prescribed for a covered off-label purpose.

(f) The provisions of this subsection related to the definition of medically necessary, prior authorization procedures and patient appeal rights shall be implemented in a manner consistent with applicable federal and state law.

(3) Notwithstanding the limitations in subsection (2) of this section, for refills for an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the patient to treat a serious mental illness, chemotherapy, antiretroviral, or immunosuppressive drug, or for the refill of an immunomodulator antiviral treatment for hepatitis C for which an

established, fixed duration of therapy is prescribed for at least ~~((twenty-four))~~ 24 weeks by no more than ~~((forty-eight))~~ 48 weeks, the pharmacist shall dispense the prescribed nonpreferred drug.

(4) For the purposes of this section, "serious mental illness" means a mental disorder, as defined in the most recent edition of the diagnostic and statistical manual of mental disorders published by the American psychiatric association, that results in serious functional impairment that substantially interferes with or limits one or more major life activities.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5301 with the following amendment(s): 5301-S.E AMH CB H1656.2

Strike everything after the enacting clause and insert the following:

NINETY NINTH DAY, APRIL 17, 2023

"Sec. 1. RCW 43.185.010 and 1991 c 356 s 1 are each amended to read as follows:

The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over ~~((one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income))~~ 150,000 households pay more than 50 percent of their income for rent and housing costs.

The legislature further finds that minorities, rural households, and migrant farmworkers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as ~~((the mentally ill))~~ individuals with mental illness, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that ~~((housing assistance programs in the past have often failed to help those in greatest need))~~ state investments in affordable housing, as enabled by the legislature in 1986, have exceeded \$1,800,000,000 to provide over 55,000 units of safe and affordable housing to low-income individuals.

~~((The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low income citizens in meeting their basic housing needs, and that the needs of very low income citizens should be given priority and that whenever feasible, assistance should be in the form of loans.))~~

Sec. 2. RCW 43.185.030 and 2016 sp.s. c 36 s 936 are each amended to read as follows:

There is hereby created in the state treasury an account to be known as the Washington housing trust fund. The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, repayment of loans, and all other sources. ~~((During the 2015-2017 fiscal biennium, the legislature may transfer from the Washington housing trust fund to the home security fund account and to the state general fund such amounts as reflect the excess balance in the fund.))~~

Sec. 3. RCW 43.185.050 and 2021 c 332 s 7032 and 2021 c 130 s 5 are each reenacted and amended to read as follows:

(1) The department must use moneys from the housing trust fund and other legislative appropriations to finance in whole or in part any loan~~((s))~~ or grant projects that will provide affordable housing for persons and families with special housing needs and ~~((with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located))~~ who are low-income households.

(2) At least thirty percent of these moneys used in any given funding cycle must be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

~~((2))~~ (3) The department must prioritize allocating at least, but not limited to, 10 percent of these moneys used in any given

funding cycle to organizations that serve and are substantially governed by individuals disproportionately impacted by homelessness, including black, indigenous, and other people of color and, lesbian, gay, bisexual, queer, transgender, and other gender-diverse individuals.

(4) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;

~~((b))~~ ~~((Rent subsidies;~~

~~((c))~~ ~~Matching funds for social services directly related to providing housing for special need tenants in assisted projects;~~

~~((d))~~ ~~Technical))~~ Preconstruction technical assistance, design and finance services and consultation, and administrative costs for eligible nonprofit community or neighborhood-based organizations;

~~((e))~~ ~~((c))~~ Administrative costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's access to housing funds other than those available under this chapter;

~~((f))~~ ~~((d))~~ ~~Shelters ((and related services))~~ for the homeless, including emergency shelters and overnight youth shelters;

~~((g))~~ ~~Mortgage subsidies, including temporary rental and mortgage payment subsidies to prevent homelessness;~~

~~((h))~~ ~~Mortgage insurance guarantee or payments for eligible projects;~~

~~((i))~~ ~~Down payment or closing cost assistance for eligible first time home buyers;~~

~~((j))~~ ~~((c))~~ Down payment or closing costs assistance for low-income first-time home buyers;

~~((f))~~ Acquisition of housing units for the purpose of preservation as low-income ~~((or very low income))~~ housing;

~~((k))~~ ~~((g))~~ Projects making affordable housing projects more accessible to ~~((families))~~ low-income households with members who have disabilities; and

~~((h))~~ ~~((h))~~ Remodeling and improvements as required to meet building code, licensing requirements, or legal operations to residential properties owned and operated by an entity eligible under RCW 43.185A.040, which were transferred as described in RCW 82.45.010(3)(t) by the parent of a child with developmental disabilities.

~~((3))~~ ~~Preference must be given for projects that include an early learning facility, as defined in RCW 43.31.565.~~

~~((4))~~ ~~((5))~~ (a) Legislative appropriations from capital bond proceeds may be used ~~((only))~~ for the costs of projects authorized under subsection ~~((2))~~ ~~((a)), ((i)), and ((j)))~~ (4) of this section, ~~((and not for the administrative costs of the department,))~~ except ~~((that during the 2021-2023 fiscal biennium, the))~~ for costs of subsection (4)(c) of this section.

~~((b))~~ The department may use up to three percent of the appropriations from capital bond proceeds or other new appropriations for affordable housing investments for administrative costs associated with application, distribution, and project development activities of the affordable housing ~~((assistance))~~ program.

~~((c))~~ Reappropriations must not be included in the calculation of the annual funds available for determining the administrative costs.

~~((5))~~ ~~((6))~~ (a) Moneys received from repayment of housing trust fund loans ~~((from appropriations from capital bond proceeds))~~ or other affordable housing appropriations may be used for all activities necessary for the proper functioning of the affordable housing ~~((assistance))~~ program ~~((except for activities authorized under subsection (2)(b) and (c) of this section)),~~ including, but not

limited to, providing preservation funding, as provided in section 12 of this act, and preconstruction technical assistance as provided in RCW 43.185.080 (as recodified by this act).

~~((6) Administrative costs associated with application, distribution, and project development activities of the department may not exceed three percent of the annual funds available for the housing assistance program. Reappropriations must not be included in the calculation of the annual funds available for determining the administrative costs.~~

~~((7)) (b) Administrative costs associated with compliance and monitoring activities of the department may not exceed ((one quarter)) four-tenths of one percent annually of the contracted amount of state investment in ((the housing assistance program)) affordable housing programs.~~

~~((3) ((The department, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, or a subcommittee of the affordable housing advisory board, must report recommendations for awarding funds in a cost effective manner. The report must include an implementation plan, timeline, and any other items the department identifies as important to consider to the legislature by December 1, 2012.~~

~~((4) The department must give first priority to applications for projects and activities which utilize existing privately owned housing stock including privately owned housing stock purchased by nonprofit public development authorities and public housing authorities as created in chapter 35.82 RCW. As used in this subsection, privately owned housing stock includes housing that is acquired by a federal agency through a default on the mortgage by the private owner. Such projects and activities must be evaluated under subsection ((5)) of this section. Second priority must be given to activities and projects which utilize existing publicly owned housing stock.)) All projects and activities must be evaluated by some or all of the criteria under subsection ~~((5))~~ (6) of this section, and similar projects and activities shall be evaluated under the same criteria.~~

(o) The degree of funding that has already been committed to the project by nonstate entities;

(p) Projects that demonstrate a strong readiness to proceed to construction; and

may not be used to replace or supplant existing per capita funding.

(7) Funds must be distributed annually by the county treasurer to the county, and cities and towns located within the county, in the manner set out in subsection (6)(b) of this section.

(8) Prior to expenditure of any funds received by the county under subsection (6)(b) of this section, the county must establish a process which considers needs throughout the unincorporated areas of the county in consultation with community advisory councils established by ordinance.

(b) The amount in (a) of this subsection must come equally from the allocations to the county and to the city in which the properties are located, unless otherwise agreed to by the county and the city.

(c) The amount in (a) of this subsection may not be construed to displace or be offered in lieu of any lease payment from a county or city to the state for the properties in question.

(b) Interest imposed after December 31, 1998, is computed on a monthly basis at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year. The department must provide written notification to the county treasurers of the variable rate on or before December 1st of the year preceding the calendar year in which the rate applies.

(2) In addition to the interest described in subsection (1) of this section, if the payment of any tax is not received by the county treasurer or the department of revenue, as the case may be, within one month of the date due, there is assessed a penalty of five percent of the amount of the tax; if the tax is not received within two months of the date due, there will be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within three months of the date due, there will be assessed a total penalty of twenty percent of the amount of the tax. The payment of the penalty described in this subsection is collectible from the seller only, and RCW 82.45.070 does not apply to the penalties described in this subsection.

(3) If the tax imposed under this chapter is not received by the due date, the transferee is personally liable for the tax, along with any interest as provided in subsection (1) of this section, unless an

instrument evidencing the sale is recorded in the official real property records of the county in which the property conveyed is located.

(4) If upon examination of any affidavits or from other information obtained by the department or its agents it appears that all or a portion of the tax is unpaid, the department must assess against the taxpayer the additional amount found to be due plus interest and penalties as provided in subsections (1) and (2) of this section. The department must notify the taxpayer by mail, or electronically as provided in RCW 82.32.135, of the additional amount and the same becomes due and must be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of:

(a) Fraud or misrepresentation of a material fact by the taxpayer;

(b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or

(c) A failure of the transferor or transferee to report the sale under RCW 82.45.090(2).

(vi) Projects that aid communities to replace jobs lost in the event of a reduction of the military presence; and

(vii) Projects that improve or enhance aspects of the local economy, environment, or quality of life impacted by the presence of military activities.

(c) The department may consult with the commanders of United States military installations in Washington to understand impacts and identify the viability of community identified projects to reduce incompatibility.

(2) The department must submit the report to appropriate committees of the house of representatives and the senate, including the joint committee on veterans' and military affairs and the house of representatives capital budget committee, by ~~((January 1, 2020))~~ November 1, 2024, and every two years thereafter.

MESSAGE FROM THE HOUSE

April 10, 2023

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 5355 with the following amendment(s): 5355.E AMH ENGR H1809.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that:

(1) The United States has the second largest concentration of past and current trafficking victims, and Washington state is currently the sixth largest epicenter of sex trafficking in the United States.

(2) More than 45 percent of all sex trafficking victims are minors and attending our nation's schools every day.

(3) Currently, most trafficking avoids detection, with one study from the national institute of justice finding that "fewer than half of all suspected traffickers in the United States had been arrested." Recent national institute of justice supported research reveals that labor and sex trafficking data appearing in the federal bureau of investigation's national uniform crime reporting program may significantly understate the extent of trafficking crimes in the United States.

(4) The undefined nature of human trafficking contributes to widespread ignorance for public agencies in a position to address the crime. Sixty percent of state and local prosecutors nationwide

"do not consider trafficking a problem in their jurisdictions," and over 70 percent of local, state, and county law enforcement agencies wrongly "view human trafficking as rare or nonexistent" in their local communities.

(5) Nearly half of prosecutors and law enforcement agencies across the country are unaware of specific existing antitrafficking laws or definitions that constitute acts of human trafficking, which manifests in current ineffective mitigation strategies.

(6) Child sex trafficking survivors are disproportionately girls of color. In King county, 52 percent of all child sex trafficking victims are black and 84 percent of youth victims are female, while black girls comprise 1.1 percent of the population.

(7) Sex traffickers are not overgeneralized to any demographic but are disproportionately white men. In King county, 80 percent of sex traffickers are white men.

(8) Females of color bear the brunt of prostitution imprisonment as a result of sexual violence in sex trafficking due to mandatory arrests. For example, Latinx women account for nearly 61 percent of juvenile prostitution arrests. By contrast, sex traffickers face little to no consequences for their role in exploitation.

(9) Twenty-five service agencies participated in a 2007 survey. Nineteen of these agencies provided information that aligned with what are understood to be "red-flag" indicators of trafficking situations. Victimization and human trafficking are considerable concerns for eastern Washington, particularly Spokane, and there is a wide spectrum of trafficking activities that include sex slavery, forced prostitution, forced panhandling, farm labor, janitorial work, and domestic servitude.

(10) On any given day, between 300 and 500 people, some as young as 11 years old, are trafficked in the Puget Sound area for labor or sex.

(11) Intersectional, accurate, and actionable sex trafficking education is necessary to enable all students to break down stereotypes of affected parties in sex trafficking and provide them with tools for identifying and combatting this crime.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Beginning no later than the 2025-26 school year, school districts must offer instruction in sex trafficking awareness and prevention. The instruction may be offered beginning in grade seven, but each student must be offered the instruction at least once before completing grade 12. The instruction, at the discretion of the school or school district, may be integrated into a relevant course or a course may be repurposed to include the instruction.

(2) Subject to the availability of amounts appropriated for this specific purpose, on or before June 30, 2024, the office of the superintendent of public instruction must review curricula related to the awareness and prevention of sex trafficking.

(3) To the extent practicable, the office of the superintendent of public instruction must make available in the library of openly licensed courseware under RCW 28A.300.803, curricular resources related to the awareness and prevention of sex trafficking that include:

(a) Information about the race, gender, and socioeconomic status of sex trafficking victims and perpetrators;

(b) Medically and legally accurate definitions of sex trafficking, and information about term stigmatization and how it may reduce reporting and increase the difficulty of detecting and prosecuting sex trafficking crimes;

(c) Information about reporting systems and community engagement opportunities with local, state, or national organizations against sex trafficking, and basic identification

training to determine if an individual is at risk of or has been sex trafficked; and

(d) Information to help students recognize the signs and behavior changes in others that may indicate grooming for sex trafficking or other unlawful, coercive relationships.

(4) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020, and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools established under chapter 28A.715 RCW to the same extent as it applies to school districts.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.300 RCW to read as follows:

The child sexual abuse and sex trafficking prevention and identification public-private partnership account is created in the custody of the state treasurer. All receipts from gifts, grants, or endowments from public or private sources, federal funds, and any appropriations made by the legislature or other sources must be deposited into the account. Expenditures from the account may be used only for curriculum and professional development to support instruction on child sexual abuse and sex trafficking prevention and identification. Only the superintendent of public instruction or the superintendent's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 7, 2023

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5365 with the following amendment(s): 5365-S.E AMH ENGR H1728.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds:

(a) Prevention is the most effective tool to reduce vapor and tobacco usage by persons under the age of 21. Protection of adolescents' health and well-being requires enforcement and intervention efforts to focus upon effective vapor and tobacco control and access strategies.

(b) Retailers play a key role in ensuring that state law regarding access to vapor or tobacco is followed. However, the 2021 healthy youth survey found that 15 percent (one out of every six) retail stores illegally sold tobacco or vapor products to a minor in 2021.

(c) Vapor and tobacco product purchase, use, and possession by persons under the age of 21 is a critical public health issue. The 2021 healthy youth survey found that 16 percent of 12th graders in Washington state reported using tobacco or vapor products in the past 30 days, youth under age 18 are far more likely to start using tobacco than adults, and nearly nine out of 10 adults who smoke started by age 18. The healthy youth survey also found that 104,000 Washington youth alive today will ultimately die prematurely from smoking.

(d) With the passage of chapter 15, Laws of 2019, individuals between the ages of 18 and 21 do not face liability for purchase or possession of vapor or tobacco products but individuals under the age of 18 continue to face civil liability for purchase or possession of vapor or tobacco products, creating a disparity in the law.

(2) The legislature therefore finds that all persons under the age of 21 who purchase, use, or possess vapor or tobacco products should be offered community-based interventions that are more effective in helping them quit. The legislature further resolves to increase enforcement strategies to ensure retailer compliance with tobacco and vapor product possession laws.

Sec. 2. RCW 70.155.080 and 2002 c 175 s 47 are each amended to read as follows:

(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to ((a fine as set out in chapter 7.80 RCW or)) participation in up to four hours of community ((restitution, or both. The court may also require participation in)) service and referral to a smoking cessation program at no cost. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor ((control)) and cannabis board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section.

Sec. 3. RCW 70.345.140 and 2016 sp.s. c 38 s 14 are each amended to read as follows:

(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain

vapor products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to ((a fine as set out in chapter 7.80 RCW or)) participation in up to four hours of community ((restitution, or both. The court may also require participation in)) service and referral to a smoking cessation program at no cost. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a board, law enforcement, or local health department activity.

(2) Any retailer's licenses issued under RCW 70.345.020 to a person whose license or licenses under chapter 82.24 or 82.26 RCW have been suspended or revoked for violating RCW 26.28.080 must also be suspended or revoked during the period of suspension or revocation under this section.

(5) The monetary penalty that the liquor and cannabis board may impose based upon one or more findings under subsection (4) of this section may not exceed the following:

The issuance of a cease and desist order does not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(8) The liquor and cannabis board may seek injunctive relief to enforce the provisions of RCW 26.28.080, 82.24.500, 82.26.190 or this chapter. Such agreements shall set forth standards of enforcement, consistent with the funding available, so as to reduce the extent to which tobacco products and vapor products are available to individuals under the age of ((twenty-one)) 21. The agreements shall also set forth requirements for data reporting by the ((liquor and cannabis)) board regarding its enforcement activities. MESSAGE FROM THE HOUSE

April 11, 2023

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5371 with the following amendment(s): 5371-S.E AMH ENGR H1859.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the intent of the legislature to support the recovery of endangered southern resident orcas by reducing underwater noise and disturbance from vessels, which is one of the three main threats to the population's recovery, along with availability of their preferred prey, Chinook salmon, and contaminants in their food and environment. In particular, the legislature intends to protect southern resident orcas from those boaters who intentionally harass, chase, and torment the whales.

(2) The legislature further finds that the state has a compelling interest in protecting the iconic southern resident orca from extinction by acting to implement recovery activities and adaptively managing the southern resident orca recovery effort using best available science. Studies conducted by the national oceanic and atmospheric administration have indicated that southern resident orcas significantly reduced their foraging behavior when moving vessels were observed within 1,000 yards of the whale, with females being more likely than males to reduce their foraging activities when vessels were within an average of 400 yards.

(3) In 2019, the governor's southern resident orca task force produced 49 recommendations to address the three major threats to the population's recovery. While many investments have been made and implementation is ongoing, increased and sustained efforts are needed to advance salmon recovery, address water quality and contaminants in the environment, and reduce underwater noise and physical disturbance of orcas as they attempt to forage, communicate, and rest.

(4) The legislature finds that the threats to orcas are interrelated and they are inexorably linked with salmon recovery. Salmon face a diverse array of threats throughout their life cycle including the threat posed by pinnipeds, such as seals and sea lions, which are protected under federal law, but nevertheless pose a significant threat to salmon and orca recovery through ongoing and excessive predation. Salmon also face fish passage barriers, stormwater runoff, and spills from wastewater treatment plants, among other threats. It is in the best interest of all the people of Washington, including federally recognized tribes and private landowners, to increase the population of salmon and to ensure the survivability of salmon against all threats.

(5) The legislature directed the department of fish and wildlife to produce a report on the effectiveness of regulations designed to address underwater noise and disturbance from commercial whale watching and recreational vessels. The legislature received the first of three mandated reports in November of 2022, and it contained an assessment of the most recent science demonstrating the negative impact of vessels on southern resident orca foraging behavior and foraging success.

(6) While it takes time to see results from efforts to increase prey availability and reduce contaminants, reducing noise and disturbance from vessels can provide immediate support for the southern resident orcas by increasing their likelihood of successful foraging.

Sec. 2. RCW 77.15.740 and 2019 c 291 s 1 are each amended to read as follows:

(1) ~~((Except))~~ Beginning January 1, 2025, except as provided in subsection (2) of this section, it is unlawful for a person to:

mandatory 1,000-yard setbacks for all vessels has been enforced and identifies gaps and solutions to support any improvements, the use of data science with respect to southern resident orca pod health, and evidence-based plans to address southern resident orca pod health.

(2) The report required in subsection (1) of this section must be posted to the department's website and may include links to updated or revised information contained in the report.

(3) Any local government receiving state funds for homelessness assistance or state or local homelessness document recording fees under ~~((RCW 36.22.178, 36.22.179, or 36.22.1791))~~ section 1 of this act must provide an annual report on the current condition of homelessness in its jurisdiction, its performance in meeting the goals in its local homeless housing plan, and any significant changes made to the plan. The annual report must be posted on the department's website. Along with each local government annual report, the department must produce and post information on the local government's homelessness spending from all sources by project during the prior state fiscal year in a format similar to the department's report under subsection (1)(c) of this section. If a local government fails

to report or provides an inadequate or incomplete report, the department must take corrective action, which may include withholding state funding for homelessness assistance to the local government to enable the department to use such funds to contract with other public or nonprofit entities to provide homelessness assistance within the jurisdiction.

Sec. 4. RCW 43.185C.060 and 2021 c 334 s 980 and 2021 c 214 s 4 are each reenacted and amended to read as follows:

(1) The home security fund account is created in the state treasury, subject to appropriation. ~~((The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 and 36.22.176 must be deposited in the account.))~~ Expenditures from the account may be used only for ~~((homeless housing))~~ programs as described in this chapter ~~((including the eviction prevention rental assistance program established in RCW 43.185C.185)).~~

(2)(a) By December 15, 2021, the department, in consultation with stakeholder groups specified in RCW 43.185C.185(2)(c), must create a set of performance metrics for each county receiving funding under ~~((RCW 36.22.176))~~ section 1(4)(b) of this act. The metrics must target actions within a county's control that will prevent and reduce homelessness, such as increasing the number of permanent supportive housing units and increasing or maintaining an adequate number of noncongregate shelter beds.

(b)(i) Beginning July 1, 2023, and by July 1st every two years thereafter, the department must award funds ~~((for project-based vouchers for nonprofit housing providers and related services, rapid rehousing, and housing acquisition under RCW 36.22.176))~~ under section 1(4)(b) of this act to eligible grantees in a manner that ~~((45))~~ 7 percent of funding is distributed as a performance-based allocation based on performance metrics created under (a) of this subsection, in addition to any base allocation of funding for the county.

(ii) Any county that demonstrates that it has met or exceeded the majority of the target actions to prevent and reduce homelessness over the previous two years must receive the remaining 15 percent performance-based allocation. Any county that fails to meet or exceed the majority of target actions to prevent and reduce homelessness must enter into a corrective action plan with the department. To receive its performance-based allocation, a county must agree to undertake the corrective actions outlined in the corrective action plan and any reporting and monitoring deemed necessary by the department. Any county that fails to meet or exceed the majority of targets for two consecutive years after entering into a corrective action plan may be subject to a reduction in the performance-based portion of the funds received in (b)(i) of this subsection, at the discretion of the department in consultation with stakeholder groups specified in RCW 43.185C.185(2)(c). Performance-based allocations unspent due to lack of compliance with a corrective action plan created under this subsection (2)(b) may be distributed to other counties that have met or exceeded their target actions.

(3) The department must distinguish allotments from the account made to carry out the activities in RCW 43.330.167, 43.330.700 through 43.330.715, 43.330.911, 43.185C.010, and 43.185C.250 through 43.185C.320 ~~((and 36.22.179(1)(b)))~~.

~~((The office of financial management must secure an independent expenditure review of state funds received under RCW 36.22.179(1)(b) on a biennial basis. The purpose of the review is to assess the consistency in achieving policy priorities within the private market rental housing segment for housing persons experiencing homelessness. The independent reviewer must notify the department and the office of financial management of its findings. The first biennial expenditure review, for the 2017-2019 fiscal biennium, is due February 1,~~

~~2020. Independent reviews conducted thereafter are due February 1st of each even-numbered year.~~

~~((5)))~~ During the 2019-2021 and 2021-2023 fiscal biennia, expenditures from the account may also be used for shelter capacity grants.

Sec. 5. RCW 43.185C.070 and 2005 c 484 s 11 are each amended to read as follows:

(1) During each calendar year in which moneys from the ~~((homeless housing))~~ home security fund account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in ~~((RCW 36.22.179))~~ section 1(4)(a) of this act.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in RCW 43.185C.005;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse workforce;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and ~~((RCW 36.22.178 and 36.22.179))~~ section 1 of this act; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan.

Sec. 6. RCW 43.185C.080 and 2005 c 484 s 12 are each amended to read as follows:

(1) Only a local government is eligible to receive a homeless housing grant from the ~~((homeless housing))~~ home security fund account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under ~~((RCW 36.22.179))~~ section 1(2)(b) of this act equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under RCW 43.185C.060 shall be remitted monthly to the state treasurer for deposit in the ~~((homeless housing))~~ home security fund account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of chapter 484, Laws of 2005 in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter.

Sec. 7. RCW 43.185C.185 and 2021 c 214 s 2 are each amended to read as follows:

(1) The eviction prevention rental assistance program is created in the department to prevent evictions by providing resources to households most likely to become homeless or suffer severe health consequences, or both, after an eviction, while promoting equity by prioritizing households, including communities of color, disproportionately impacted by public health emergencies and by homelessness and housing instability. The department must provide grants to eligible organizations, as described in RCW 43.185.060, to provide assistance to program

participants. The eligible organizations must use grant moneys for:

(a) Rental assistance, including rental arrears and future rent if needed to stabilize the applicant's housing and prevent their eviction;

(b) Utility assistance for households if needed to prevent an eviction; and

(c) Administrative costs of the eligible organization, which must not exceed limits prescribed by the department.

(2) Households eligible to receive assistance through the eviction prevention rental assistance program are those:

(a) With incomes at or below 80 percent of the county area median income;

(b) Who are families with children, living in doubled up situations, young adults, senior citizens, and others at risk of homelessness or significant physical or behavioral health complications from homelessness; and

(c) That meet any other eligibility requirements as established by the department after consultation with stakeholder groups, including persons at risk of homelessness due to unpaid rent, representatives of communities of color, homeless service providers, landlord representatives, local governments that administer homelessness assistance, a statewide association representing cities, a statewide association representing counties, a representative of homeless youth and young adults, and affordable housing advocates.

(3) A landlord may assist an eligible household in applying for assistance through the eviction prevention rental assistance program or may apply for assistance on an eligible household's behalf.

(4)(a) Eligible grantees must actively work with organizations rooted in communities of color to assist and serve marginalized populations within their communities.

(b) At least 10 percent of the grant total must be subgranted to organizations that serve and are substantially governed by marginalized populations to pay the costs associated with program outreach, assistance completing applications for assistance, rent assistance payments, activities that directly support the goal of improving access to rent assistance for people of color, and related costs. Upon request by an eligible grantee or the county or city in which it exists, the department must provide a list of organizations that serve and are substantially governed by marginalized populations, if known.

(c) An eligible grantee may request an exemption from the department from the requirements under (b) of this subsection. The department must consult with the stakeholder group established under subsection (2)(c) of this section before granting an exemption. An eligible grantee may request an exemption only if the eligible grantee:

(i) Is unable to subgrant with an organization that serves and is substantially governed by marginalized populations; or

(ii) Provides the department with a plan to spend 10 percent of the grant total in a manner that the department determines will improve racial equity for historically underserved communities more effectively than a subgrant.

(5) The department must ensure equity by developing performance measures and benchmarks that promote both equitable program access and equitable program outcomes. Performance measures and benchmarks must be developed by the department in consultation with stakeholder groups, including persons at risk of homelessness due to unpaid rent, representatives of communities of color, homeless service providers, landlord representatives, local governments that administer homelessness assistance, a statewide association representing cities, a statewide association representing counties,

NINETY NINTH DAY, APRIL 17, 2023

a representative of homeless youth and young adults, and affordable housing advocates. Performance measures and benchmarks must also ensure that the race and ethnicity of households served under the program are proportional to the numbers of people at risk of homelessness in each county for each of the following groups:

- (a) Black or African American;
- (b) American Indian and Alaska Native;
- (c) Native Hawaiian or other Pacific Islander;
- (d) Hispanic or Latinx;
- (e) Asian;
- (f) Other multiracial.

(6) The department may develop additional rules, requirements, procedures, and guidelines as necessary to implement and operate the eviction prevention rental assistance program.

(7)(a) The department must award funds under this section to eligible grantees in a manner that is proportional to the amount of revenue collected under ~~((RCW 36.22.176))~~ section 1 of this act from the county being served by the grantee.

(b) The department must provide counties with the right of first refusal to receive grant funds distributed under this subsection. If a county refuses the funds or does not respond within a time frame established by the department, the department must identify an alternative grantee. The alternative grantee must distribute the funds in a manner that is in compliance with this chapter.

(1) The real and personal property owned or used by a nonprofit entity in providing rental housing for qualifying households or used to provide space for the placement of a mobile home for a qualifying household within a mobile home park is exempt from taxation if:

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by qualifying households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing's or park's personal property as follows:

(a) A partial exemption is allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a qualifying household.

(b) The amount of exemption must be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by qualifying households as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year the rental housing

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for qualifying households has been obtained, in whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section;

(b) The nonprofit entity has manifested its intent in writing to construct, remodel, or otherwise convert the property to housing for qualifying households; and

(c) Only the portion of property that will be used to provide housing or lots for qualifying households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. MESSAGE FROM THE HOUSE

April 7, 2023

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5396 with the following amendment(s): 5396-S AMH APP H1839.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) In 1989 the legislature enacted Substitute House Bill No. 1074 requiring disability insurers, group disability insurers, health care service contractors, health maintenance organizations, and plans offered to public employees that provide benefits for hospital or medical care to provide benefits for screening and diagnostic mammography services.

(2) In 2010 the United States congress enacted the patient protection and affordable care act, which required coverage of certain preventative care services including screening mammograms with no cost sharing.

(3) In 2013 the Washington state office of the insurance commissioner adopted rules establishing the essential health benefits benchmark plan, which listed diagnostic and screening mammogram services as state benefit requirements under preventative and wellness services.

(4) In 2018 the legislature enacted Senate Bill No. 5912 which directed the office of the insurance commissioner to clarify that the existing mandates for mammography included coverage for tomosynthesis, also known as three-dimensional mammography, under the same terms and conditions allowed for mammography.

(5) The legislature intends to establish that the requirements for coverage of mammography services predated the affordable care act and are already included in the state's essential health benefits benchmark plan. Furthermore, the legislature intends to prohibit cost sharing for certain types of breast examinations.

NEW SECTION. Sec. 2. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, for nongrandfathered health plans issued or renewed on or after January 1, 2024, that include coverage of supplemental breast examinations and diagnostic breast examinations, health carriers may not impose cost sharing for such examinations.

(2) For a health plan that provides coverage of supplemental breast examinations and diagnostic breast examinations and is offered as a qualifying health plan for a health savings account, the health carrier shall establish the plan's cost sharing for the coverage of the services described in this section at the minimum level necessary to preserve the enrollee's ability to claim tax exempt contributions from their health savings account under internal revenue service laws and regulations.

ONE HUNDREDTH DAY, APRIL 18, 2023

(3) For purposes of this section:

(a) "Diagnostic breast examination" means a medically necessary and appropriate examination of the breast, including an examination using diagnostic mammography, digital breast tomosynthesis, also called three dimensional mammography, breast magnetic resonance imaging, or breast ultrasound, that is used to evaluate an abnormality:

(i) Seen or suspected from a screening examination for breast cancer; or

(ii) Detected by another means of examination.

(b) "Supplemental breast examination" means a medically necessary and appropriate examination of the breast, including an examination using breast magnetic resonance imaging or breast ultrasound, that is: (i) Used to screen for breast cancer when there is no abnormality seen or suspected; and

(ii) Based on personal or family medical history, or additional factors that may increase the individual's risk of breast cancer.

Sec. 3. RCW 48.20.393 and 1994 sp.s. c 9 s 728 are each amended to read as follows:

This section shall not be construed to prevent the application of standard policy provisions, other than the cost-sharing prohibition provided in section 2 of this act, that are applicable to other benefits ((such as deductible or copayment provisions)). This section does not limit the authority of an insurer to negotiate rates and contract with specific providers for the delivery of mammography services. This section shall not apply to medicare supplement policies or supplemental contracts covering a specified disease or other limited benefits.

Sec. 4. RCW 48.21.225 and 1994 sp.s. c 9 s 731 are each amended to read as follows:

(1) This chapter shall be administered by the state director of fire protection.

(2) The state director of fire protection shall have the authority, and it shall be his or her duty to:

(a) Issue such administrative regulations as necessary for the administration of this chapter;

(b)(i) Set reasonable fees for licenses, certificates, testing, and other aspects of the administration of this chapter. However, the license fee for fire protection sprinkler system contractors engaged solely in the installation, inspection, maintenance, or servicing of NFPA 13-D fire protection sprinkler systems shall not exceed ((one hundred dollars)) \$125, and the license fee for

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

April 7, 2023

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5454 with the following amendment(s): 5454-S2 AMH APP H1896.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.08.142 and 2020 c 234 s 1 are each amended to read as follows:

(1) Except as provided in ~~((subsection))~~ subsections (2) and (3) of this section, the department shall adopt a rule pursuant to chapter 34.05 RCW that claims based on mental conditions or mental disabilities caused by stress do not fall within the definition of occupational disease in RCW 51.08.140.

(2)(a) Except as provided in (b) and (c) of this subsection, the rule adopted under subsection (1) of this section shall not apply to occupational disease claims resulting from posttraumatic stress disorders of firefighters as defined in RCW 41.26.030(17) (a), (b), (c), and (h) and firefighters, including supervisors, employed on a full-time, fully compensated basis as a firefighter of a private sector employer's fire department that includes over fifty such firefighters, and law enforcement officers as defined in RCW 41.26.030(19) (b), (c), and (e), and public safety telecommunications who receive calls for assistance and dispatch emergency services.

(b) For firefighters as defined in RCW 41.26.030(17) (a), (b), (c), and (h) and firefighters, including supervisors, employed on a full-time, fully compensated basis as a firefighter of a private sector employer's fire department that includes over fifty such firefighters, and law enforcement officers as defined in RCW 41.26.030(19) (b), (c), and (e) hired after June 7, 2018, and public safety telecommunications hired after June 11, 2020, (a) of this subsection only applies if the firefighter or law enforcement officer or public safety telecommunications, as a condition of employment, has submitted to a psychological examination administered by a psychiatrist licensed in the state of Washington under chapter 18.71 RCW or a psychologist licensed in the state of Washington under chapter 18.83 RCW that ruled out the presence of posttraumatic stress disorder from preemployment exposures. If the employer does not provide the psychological examination, (a) of this subsection applies.

(c) Posttraumatic stress disorder for purposes of ~~((this subsection))~~ subsections (2) and (3) of this section is not considered an occupational disease if the disorder is directly attributed to disciplinary action, work evaluation, job transfer, layoff, demotion, termination, or similar action taken in good faith by an employer.

(d) "Public safety telecommunications" means individuals who receive and respond to telephone or other electronic requests for emergency assistance, such as law enforcement, fire, and medical services, and dispatch appropriate emergency responders.

(3)(a) Except as provided in this subsection, the rule adopted under subsection (1) of this section shall not apply to occupational disease claims resulting from posttraumatic stress disorders of direct care registered nurses as defined in section 2 of this act.

(b) The limitation in subsection (2)(c) of this section also applies to this subsection (3).

(c) This subsection (3) applies only to a direct care registered nurse who has posttraumatic stress disorder that develops or manifests itself after the individual has been employed on a fully compensated basis as a direct care registered nurse in Washington state for at least 90 consecutive days.

NEW SECTION. Sec. 2. A new section is added to chapter 51.32 RCW to read as follows:

(1) In the case of direct care registered nurses covered under this title who are employed on a fully compensated basis, there exists a prima facie presumption that posttraumatic stress disorder is an occupational disease under RCW 51.08.140. This section applies only to a direct care registered nurse who has posttraumatic stress disorder that develops or manifests itself after the individual has been employed on a fully compensated basis as a direct care registered nurse in Washington state for at least 90 consecutive days.

(2) The presumption may be rebutted by a preponderance of the evidence.

(3) The presumption extends to a claimant following termination of employment for a period of three calendar months for each year the claimant was a direct care registered nurse employed on a fully compensated basis, but may not extend more than 60 months following the last date of employment.

(4)(a) When a determination involving the presumption established under this section is appealed to the board of industrial insurance appeals and the final decision allows the claim for benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the claimant or his or her beneficiary by the opposing party.

(b) When determination involving the presumption established under this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the claimant or his or her beneficiary by the opposing party.

(c) When reasonable costs of the appeal must be paid by the department under this section in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

(5) For purposes of this section, "direct care registered nurse" means an individual licensed as a nurse under chapter 18.79 RCW who provides direct care to patients.

NEW SECTION. Sec. 3. This act takes effect January 1, 2024."

MOTION

MOTION

Senator Pedersen moved that the following striking amendment no. 0445 by Senator Pedersen be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that gun violence is a threat to the public health and safety of Washingtonians. Assault weapons are civilian versions of weapons created for the military and are designed to kill humans quickly and efficiently. For this reason the legislature finds that assault weapons are "like" "M-16 rifles" and thus are "weapons most useful in military service." Assault weapons have been used in the deadliest mass shootings in the last decade. An assailant with an assault weapon can hurt and kill twice the number of people than an assailant with a handgun or nonassault rifle. This is because the additional features of an assault weapon are not "merely cosmetic"; rather, these are features that allow shooters to fire large numbers of rounds quickly. An analysis of mass shootings that result in four or more deaths found that 85 percent of those fatalities were caused by an assault weapon. The legislature also finds that this regulation is likely to have an impact on the number of mass shootings committed in Washington. Studies have shown that during the period the federal assault weapon ban was in effect, mass shooting fatalities were 70 percent less likely to occur. Moreover, the legislature finds that assault weapons are not suitable for self-defense and that studies show that assault weapons are statistically not used in self-defense. The legislature finds that assault weapons are not commonly used in self-defense and that any proliferation is not the result of the assault weapon being well-suited for self-defense, hunting, or sporting purposes. Rather, increased sales are the result of the gun industry's concerted efforts to sell more guns to a civilian market. The legislature finds that the gun industry has specifically marketed these weapons as "tactical,"

ONE HUNDREDTH DAY, APRIL 18, 2023

"hyper masculine," and "military style" in manner that overtly appeals to troubled young men intent on becoming the next mass shooter. The legislature intends to limit the prospective sale of assault weapons, while allowing existing legal owners to retain the assault weapons they currently own.

Sec. 2. RCW 9.41.010 and 2022 c 105 s 2 and 2022 c 104 s 2 are each reenacted and amended to read as follows:

MESSAGE FROM THE HOUSE

April 7, 2023

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5528 with the following amendment(s): 5528-S.E AMH LAWS H1810.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) An owner, contractor, or subcontractor may withhold as retainage an amount equal to not more than five percent of the contract price of the work completed for private construction projects. Partial payment allowed under this subsection is not acceptance or approval of some of the work or a waiver of defects in the work.

(2) The owner, contractor, or subcontractor shall pay interest at the rate of one percent per month on the final payment due the contractor or subcontractor. The interest shall commence 30 days after the contractor or subcontractor has completed and the owner

has accepted the work under the contract for construction for which the final payment is due. The interest shall run until the date when final payment is tendered to the contractor or subcontractor.

(3) When the contractor or subcontractor considers the work that the contractor or subcontractor is contracted to perform to be complete, the contractor or subcontractor shall notify the party to whom the contractor or subcontractor is responsible for performing the construction work under the contract.

(4) The party shall, within 15 days after receiving the notice, either accept the work or notify the contractor or subcontractor of work yet to be performed under the contract or subcontract. If the party does not accept the work or does not notify the contractor or subcontractor of work yet to be performed within the time allowed, the interest required under this subsection shall commence 30 days after the end of the 15-day period. A contractor may provide notice under this subsection to an owner or upper-tier contractor for release of retainage due to a subcontractor whose work is complete. If an owner or upper-tier contractor does not accept the subcontractor's work or does not notify the contractor of work yet to be performed by the subcontractor within 15 days after receiving the notice, the interest required under this section shall commence 30 days after the end of the 15-day period. A contractor's obligation to pay interest to a subcontractor under this section does not begin until the contractor has received payment for the subcontractor's retainage provided that the contractor has submitted the subcontractor's retainage request to the owner or upper-tier contractor within 30 days after receipt from the subcontractor.

(5) This section does not apply to single-family residential construction less than 12 units.

NEW SECTION. Sec. 2. (1) In lieu of retainage, a subcontractor or contractor may tender, and a contractor or owner must accept, a retainage bond in an amount not to exceed five percent of the moneys earned by the subcontractor or contractor.

(2) A subcontractor or contractor must provide a good and sufficient bond from an authorized surety company, conditioned that such person or persons must:

- (a) Faithfully perform all the provisions of such contract;
- (b) Pay all laborers, mechanics, and subcontractors and material suppliers, and all persons who supply such person or persons, or subcontractors, with provisions and supplies for the carrying on of such work; and
- (c) Pay the taxes, increases, and penalties incurred on the project.

(3) The contractor or owner may require that the authorized surety have a minimum A.M. Best financial strength rating so long as that minimum rating does not exceed A-. The contractor may withhold the subcontractor's portion of the bond premium, to the extent the contractor provides a retainage bond to obtain a release of the subcontractor's retainage.

(4) The contractor or owner must accept a bond meeting the requirements of this section. The subcontractor or contractor's bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in the contract and other applicable provisions.

(5) Whenever an owner accepts a bond in lieu of retained funds from a contractor, the contractor must accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor must then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within 30 days of accepting the bond from the subcontractor or supplier.

(6) This section does not apply to single-family residential construction less than 12 units.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act only apply to private construction projects and do not apply to public improvement contracts, as defined in RCW 60.28.011.

MESSAGE FROM THE HOUSE

April 10, 2023

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5532 with the following amendment(s): 5532-S2 AMH APP H1884.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that promoting a financially viable health care system in all parts of the state is a critical interest. The federal centers for medicare and medicaid services has recognized the crucial role hospitals play in providing care in rural areas by creating the sole community hospital program, which allows certain small rural hospitals to receive enhanced payments for medicare services. The state of Washington has created a similar program based on the federal

ONE HUNDREDTH DAY, APRIL 18, 2023

criteria. The legislature further finds that some small, rural, low volume hospitals provide vital services to the communities they serve, but are not eligible for the federal or state programs. The legislature therefore finds that creating a similar reimbursement system for the state's medicaid program for small, rural, low volume hospitals will promote the long-term financial viability of the rural health care system in those communities.

Sec. 2. RCW 74.09.5225 and 2017 c 198 s 1 are each amended to read as follows:

(1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary's managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the centers for medicare and medicaid services as a critical access hospital, unless the critical access hospital is participating in the Washington rural health access preservation pilot described in subsection (2)(b) of this section. Any additional payments made by the authority for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2)(a) Beginning on July 24, 2005, except as provided in (b) of this subsection, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section.

(b)(i) The purpose of the Washington rural health access preservation pilot is to develop an alternative service and payment system to the critical access hospital authorized under section 1820 of the social security act to sustain essential services in rural communities.

(ii) For the purposes of state law, any rural hospital approved by the department of health for participation in critical access hospital payments under this section that participates in the Washington rural health access preservation pilot identified by the state office of rural health and ceases to participate in critical access hospital payments may renew participation in critical access hospital associated payment methodologies under this section at any time.

(iii) The Washington rural health access preservation pilot is subject to the following requirements:

(A) In the pilot formation or development, the department of health, health care authority, and Washington state hospital association will identify goals for the pilot project before any hospital joins the pilot project;

(B) Participation in the pilot is optional and no hospital may be required to join the pilot;

(C) Before a hospital enters the pilot program, the health care authority must provide information to the hospital regarding how the hospital could end its participation in the pilot if the pilot is not working in its community;

(D) Payments for services delivered by public health care service districts participating in the Washington rural health access preservation pilot to recipients eligible for medical assistance programs under this chapter must be based on an alternative, value-based payment methodology established by the authority. Subject to the availability of amounts appropriated for this specific purpose, the payment methodology must provide sufficient funding to sustain essential services in the areas served, including but not limited to emergency and primary care services. The methodology must adjust payment amounts based on measures of quality and value, rather than volume. As part of the

pilot, the health care authority shall encourage additional payers to use the adopted payment methodology for services delivered by the pilot participants to individuals insured by those payers;

(E) The department of health, health care authority, and Washington state hospital association will report interim progress to the legislature no later than December 1, 2018, and will report on the results of the pilot no later than six months following the conclusion of the pilot. The reports will describe any policy changes identified during the course of the pilot that would support small critical access hospitals; and

(F) Funds appropriated for the Washington rural health access preservation pilot will be used to help participating hospitals transition to a new payment methodology and will not extend beyond the anticipated three-year pilot period.

(3)(a) Beginning January 1, 2015, payments for recipients eligible for medical assistance programs under this chapter for services provided by a hospital, regardless of the beneficiary's managed care enrollment status, shall be increased to one hundred twenty-five percent of the hospital's fee-for-service rates, when services are provided by a rural hospital that:

(i) Was certified by the centers for medicare and medicaid services as a sole community hospital as of January 1, 2013;

(ii) Had a level III adult trauma service designation from the department of health as of January 1, 2014;

(iii) Had less than one hundred fifty acute care licensed beds in fiscal year 2011; and

(iv) Is owned and operated by the state or a political subdivision.

(b) The enhanced payment rates under this subsection shall be considered the hospital's medicaid payment rate for purposes of any other state or private programs that pay hospitals according to medicaid payment rates.

(c) Hospitals participating in the certified public expenditures program may not receive the increased reimbursement rates provided in this subsection (3) for inpatient services.

(4) Beginning July 1, 2024, through December 31, 2028, payments for recipients eligible for medical assistance programs under this chapter for acute care services provided by a hospital, regardless of the beneficiary's managed care enrollment status, shall be increased to 120 percent of the hospital's fee-for-service rate for inpatient services and 200 percent of the hospital's fee-for-service rate for outpatient services, when services are provided by a hospital that:

(a) Is not currently designated as a critical access hospital, and does not meet current federal eligibility requirements for designation as a critical access hospital;

(b) Has medicaid inpatient days greater than 50 percent of all hospital inpatient days as reported on the hospital's most recently filed medicaid cost report with the state; and

(c) Is located on the land of a federally recognized Indian tribe.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2023.

NEW SECTION. Sec. 4. (1) This act expires on the date that the federal centers for medicare and medicaid services approves the hospital safety net program as required by RCW 74.60.150(1)(a), including section 4(3)(e), chapter . . . (Substitute House Bill No. 1850 (hospital safety net assessment)), Laws of 2023.

(2) The health care authority must provide written notice of the expiration date of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the authority.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

Correct the title.

SECOND SUBSTITUTE SENATE BILL NO. 5532, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

April 12, 2023

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5555 with the following amendment(s): 5555-S2 AMH APP H1886.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that peers play a critical role along the behavioral health continuum of care, from outreach to treatment to recovery support. Peers deal in the currency of hope and motivation and are incredibly adept at supporting people with behavioral health challenges on their recovery journeys. Peers represent the only segment of the behavioral health workforce where there is not a shortage, but a surplus of willing workers. Peers, however, are presently limited to serving only medicaid recipients and working only in

community behavioral health agencies. As a result, youth and adults with commercial insurance have no access to peer services. Furthermore, peers who work in other settings, such as emergency departments and behavioral health urgent care, cannot bill insurance for their services.

(2) Therefore, it is the intent of the legislature to address the behavioral health workforce crisis, expand access to peer services, eliminate financial barriers to professional licensing, and honor the contributions of the peer profession by creating the profession of certified peer specialists.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advisory committee" means the Washington state certified peer specialist advisory committee established under section 4 of this act.

(2) "Approved supervisor" means:

(a) Until July 1, 2028, a behavioral health provider, as defined in RCW 71.24.025 with at least two years of experience working in a behavioral health practice that employs peer specialists as part of treatment teams; or

(b) A certified peer specialist who has completed:

(i) At least 1,500 hours of work as a fully certified peer specialist engaged in the practice of peer support services, with at least 500 hours attained through the joint supervision of peers in conjunction with another approved supervisor; and

(ii) The training developed by the health care authority under section 13 of this act.

(3) "Certified peer specialist" means a person certified under this chapter to engage in the practice of peer support services.

(4) "Certified peer specialist trainee" means an individual working toward the supervised experience and written examination requirements to become a certified peer specialist under this chapter.

(5) "Department" means the department of health.

(6) "Practice of peer support services" means the provision of interventions by either a person in recovery from a mental health condition or substance use disorder, or both, or the parent or legal guardian of a youth who is receiving or has received behavioral health services. The client receiving the interventions receives them from a person with a similar lived experience as either a person in recovery from a mental health condition or substance use disorder, or both, or the parent or legal guardian of a youth who is receiving or has received behavioral health services. The person provides the interventions through the use of shared experiences to assist a client in the acquisition and exercise of skills needed to support the client's recovery. Interventions may include activities that assist clients in accessing or engaging in treatment and in symptom management; promote social connection, recovery, and self-advocacy; provide guidance in the development of natural community supports and basic daily living skills; and support clients in engagement, motivation, and maintenance related to achieving and maintaining health and wellness goals.

(7) "Secretary" means the secretary of health.

NEW SECTION. Sec. 3. In addition to any other authority, the secretary has the authority to:

(1) Adopt rules under chapter 34.05 RCW necessary to implement this chapter;

(2) Establish all certification, examination, and renewal fees for certified peer specialists in accordance with RCW 43.70.110 and 43.70.250;

(3) Establish forms and procedures necessary to administer this chapter;

ONE HUNDREDTH DAY, APRIL 18, 2023

(4) Issue certificates to applicants who have met the education, training, and examination requirements for obtaining a certificate and to deny a certificate to applicants who do not meet the requirements;

(5) Coordinate with the health care authority to confirm an applicants' successful completion of the certified peer specialist education course offered by the health care authority under section 13 of this act and successful passage of the associated oral examination as proof of eligibility to take a qualifying written examination for applicants for obtaining a certificate;

(6) Establish practice parameters consistent with the definition of the practice of peer support services;

(7) Provide staffing and administrative support to the advisory committee;

(8) Determine which states have credentialing requirements equivalent to those of this state, and issue certificates to applicants credentialed in those states without examination;

(9) Define and approve any supervised experience requirements for certification;

(10) Assist the advisory committee with the review of peer counselor apprenticeship program applications in the process of being approved and registered under chapter 49.04 RCW;

(11) Adopt rules implementing a continuing competency program; and

(12) Establish by rule the procedures for an appeal of an examination failure.

NEW SECTION. Sec. 4. (1) The Washington state certified peer specialist advisory committee is established.

(2)(a) The advisory committee shall consist of 11 members. Nine members must be certified peer specialists. Those nine members shall be inclusive of mental health peers, substance use disorder peers, community-based peers, peers who work in clinical settings, youth peers, adult peers, parent or family peers, and peer supervisors. The advisory committee shall be reflective of the community who receives peer services, including people who are Black, indigenous, people of color, and individuals who identify as LGBTQ. All members of the advisory committee must be residents of Washington state. Members may not hold an office in a professional association for peer specialists or be employed by the state. A majority of the members currently serving shall constitute a quorum.

(b) The members shall be appointed by the secretary to serve three-year terms which may be renewed. Initial members shall be appointed to staggered terms which may be less than three years. Initial membership may vary from the requirements in (a) of this subsection to account for the lack of an available credential for certified peer specialists at the time the advisory committee is established. The advisory committee shall select a chair and vice chair.

(3) The department and the health care authority, as appropriate, are encouraged to adopt recommendations as submitted by the advisory committee on topics related to the administration of this chapter and provide their rationale for any formal recommendations of the advisory committee that either agency does not adopt, including:

(a) Advice and recommendations regarding the establishment or implementation of rules related to this chapter;

(b) Advice, recommendations, and consultation regarding professional boundaries, customary practices, and other aspects of peer support as it relates to complaints, investigations, and other disciplinary actions;

(c) Assistance and recommendations to enhance patient and client education;

(d) Assistance and recommendations regarding the written and oral examination to become a certified peer specialist and the examiners conducting the examinations, including recommendations to assure that the examinations, and the manner in which the examinations are administered, are culturally appropriate;

(e) Assistance and recommendations regarding any continuing education and continuing competency programs administered under the provisions of this chapter;

(f) Advice and guidance regarding criteria for certification based on prior experience as a peer specialist attained before July 1, 2025, as described in section 7(2) of this act;

(g) Recommendations for additional supports that may help those practicing as peer counselors as of the effective date of this section to become certified peer specialists;

(l) Advice on long-term planning and growth for the future advancement of the peer specialist profession;

(m) Recommendations on recruitment and retention in the peer specialist profession, including among black, indigenous, people of color, and individuals who identify as LGBTQ; and

(n) Recommendations on strategies to eliminate financial barriers to licensing as a certified peer specialist.

(4) Committee members are immune from suit in an action, civil or criminal, based on the department's disciplinary proceedings or other official acts performed in good faith.

(5) Committee members shall be compensated in accordance with RCW 43.03.240, including travel expenses in carrying out his or her authorized duties in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 5. Beginning July 1, 2025, except as provided in section 13 of this act, the decision of a person practicing peer support services to become certified under this chapter is voluntary. A person may not use the title certified peer specialist unless the person holds a credential under this chapter.

NEW SECTION. Sec. 6. Nothing in this chapter may be construed to prohibit or restrict:

(1) An individual who holds a credential issued by this state, other than as a certified peer specialist or certified peer specialist trainee, to engage in the practice of an occupation or profession without obtaining an additional credential from the state. The individual may not use the title certified peer specialist unless the individual holds a credential under this chapter; or

The education course must be taught by certified peer specialists. The education course must be offered by the authority with sufficient frequency to accommodate the demand for training and the needs of the workforce. The authority must establish multiple configurations for offering the education course, including offering the course as an uninterrupted course with longer class hours held on consecutive days for students seeking accelerated completion of the course and as an extended course with reduced daily class hours, possibly with multiple days between classes, to accommodate students with other commitments. Upon completion of the education course, the student must pass an oral examination administered by the course trainer.

The authority must contract for this program with an organization that provides peer workforce development, peer coaching, and other peer supportive services. The contract must require the organization to create and maintain a statewide database which is easily accessible to eligible persons in recovery who are seeking employment as peers and potential employers seeking to hire peers, including certified peer specialists. The program must be fully implemented by July 1, 2024.

Sec. 19. RCW 18.130.175 and 2022 c 43 s 10 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of an applicable impairing or potentially impairing health condition, the disciplining authority may refer the license holder to a physician health program or a voluntary substance use disorder monitoring program approved by the disciplining authority.

The cost of evaluation and treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Evaluation and treatment shall be provided by providers approved by the entity or the commission. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the physician health program or voluntary substance use disorder monitoring program shall be done only with the consent of the license holder. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the applicable program, determines the license holder is able to practice safely. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving the physician health program or the voluntary substance use disorder monitoring program that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their impairing or potentially impairing health condition, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The physician health program or voluntary substance use disorder program shall report

to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) Program records including, but not limited to, case notes, progress notes, laboratory reports, evaluation and treatment records, electronic and written correspondence within the program, and between the program and the participant or other involved entities including, but not limited to, employers, credentialing bodies, referents, or other collateral sources, relating to license holders referred to or voluntarily participating in approved programs are confidential and exempt from disclosure under chapter 42.56 RCW and shall not be subject to discovery by subpoena or admissible as evidence except:

(a) To defend any civil action by a license holder regarding the restriction or revocation of that individual's clinical or staff privileges, or termination of a license holder's employment. In such an action, the program will, upon subpoena issued by either party to the action, and upon the requesting party seeking a protective order for the requested disclosure, provide to both parties of the action written disclosure that includes the following information:

(i) Verification of a health care professional's participation in the physician health program or voluntary substance use disorder monitoring program as it relates to aspects of program involvement at issue in the civil action;

(ii) The dates of participation;

(iii) Whether or not the program identified an impairing or potentially impairing health condition;

(iv) Whether the health care professional was compliant with the requirements of the physician health program or voluntary substance use disorder monitoring program; and

(v) Whether the health care professional successfully completed the physician health program or voluntary substance use disorder monitoring program; and

(b) Records provided to the disciplining authority for cause as described in subsection (3) of this section. Program records relating to license holders mandated to the program, through order or by stipulation, by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, must be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section are exempt from chapter 42.56 RCW and are not subject to discovery by subpoena except by the license holder.

(5) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(6) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section, and applies to both license holders and students and trainees when students and trainees of the applicable professions are served by the program. Sec. 20. RCW 43.43.842 and 2021 c 215 s 150 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active vulnerable adult protection order under chapter 7.105 RCW, nor have been: (i) Convicted of a crime against children or other persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) The rules adopted pursuant to subsection (2) of this section may not allow a licensee to automatically deny an applicant with a conviction for an offense set forth in subsection (2) of this section for a position as a substance use disorder professional or substance use disorder professional trainee certified under chapter 18.205 RCW, as an agency affiliated counselor registered under chapter 18.19 RCW practicing as a peer counselor in an agency or facility, or as a peer specialist or peer specialist trainee certified under chapter 18.--- RCW (the new chapter created in section 22 of this act), if:

The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

Sec. 21. RCW 43.70.250 and 2019 c 415 s 966 are each amended to read as follows:

In no case may the secretary ~~((increase a licensing fee for an ambulatory surgical facility licensed under chapter 70.230 RCW during the 2019-2021 fiscal biennium, nor may he or she commence the adoption of rules to increase a licensing fee during the 2019-2021 fiscal biennium))~~ impose any certification, examination, or renewal fee upon a person seeking certification as a certified peer specialist trainee under chapter 18.--- RCW (the new chapter created in section 22 of this act) or, between July 1, 2025, and July 1, 2030, impose a certification, examination, or renewal fee of more than \$100 upon any person seeking certification as a certified peer specialist under chapter 18.--- RCW (the new chapter created in section 22 of this act).

MR. PRESIDENT:

ONE HUNDREDTH DAY, APRIL 18, 2023

The House passed SUBSTITUTE SENATE BILL NO. 5565 with the following amendment(s): 5565-S AMH FIN H1675.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 19.150.060 and 2016 sp.s. c 6 s 1 are each amended to read as follows:

(1) If a notice has been sent, as required by RCW 19.150.040, and the total sum due has not been paid as of the date specified in the preliminary lien notice, the lien proposed by this notice attaches as of that date and the owner may deny an occupant access to the space, enter the space, inventory the goods therein, and remove any property found therein to a place of safe keeping. The owner must provide the occupant a notice of final lien sale or final notice of disposition by personal service, verified mail, or email to the occupant's last known address and alternative address or email address. If the owner sends notice required under this section to the occupant's last known email address and does not receive a reply or receipt of delivery, the owner must send a second notice to the occupant's last known postal address by verified mail. The notice required under this section must state all of the following:

(a) That the occupant's right to use the storage space has terminated and that the occupant no longer has access to the stored property.

(b) That the stored property is subject to a lien, and the amount of the lien accrued and to accrue prior to the date required to be specified in (c) of this subsection.

(c) That all the property, other than personal papers and personal photographs, may be sold to satisfy the lien after a specified date which is not less than ~~((fourteen))~~ 14 days from the last date of sending of the final lien sale notice, or a minimum of ~~((forty-two))~~ 42 days after the date when any part of the rent or other charges due from the occupants remain unpaid, whichever is later, unless the amount of the lien is paid. The owner is not required to sell the personal property within a maximum number of days of when the rent or other charges first became due. If the total value of property in the storage space is less than three hundred dollars, the owner may, instead of sale, dispose of the property in any reasonable manner, subject to the restrictions of RCW 19.150.080(4). After the sale or other disposition pursuant to this section has been completed, the owner shall provide an accounting of the disposition of the proceeds of the sale or other disposition to the occupant at the occupant's last known address and at the alternative address.

(d) That any stored vehicles, watercraft, trailers, recreational vehicles, or campers may be towed or removed from the self-service storage facility in lieu of sale pursuant to RCW 19.150.160.

(e) That any excess proceeds of the sale or other disposition under RCW 19.150.080(2) over the lien amount and reasonable costs of sale will be retained by the owner and may be reclaimed by the occupant, or claimed by another person, at any time for a period of six months from the sale and that thereafter the proceeds will be turned over to the state as abandoned property as provided in chapter 63.30 RCW ~~((63.29.165))~~.

(f) That any personal papers and personal photographs will be retained by the owner and may be reclaimed by the occupant at any time for a period of six months from the sale or other disposition of property and that thereafter the owner may dispose of the personal papers and photographs in a reasonable manner, subject to the restrictions of RCW 19.150.080(3).

(g) That the occupant has no right to repurchase any property sold at the lien sale.

(2) The owner may not send by email the notice required under this section to the occupant's last known address or alternative address unless:

(a) The occupant expressly agrees to notice by email;

(b) The rental agreement executed by the occupant specifies in bold type that notices will be given to the occupant by email;

(c) The owner provides the occupant with the email address from which notices will be sent and directs the occupant to modify his or her email settings to allow email from that address to avoid any filtration systems; and

(d) The owner notifies the occupant of any change in the email address from which notices will be sent prior to the address change.

Sec. 2. RCW 19.150.080 and 2007 c 113 s 5 are each amended to read as follows:

(1) After the expiration of the time given in the final notice of lien sale pursuant to RCW 19.150.060, the property, other than personal papers and personal photographs, may be sold or disposed of in a reasonable manner as provided in this section.

(2)(a) If the property has a value of ~~((three hundred dollars))~~ \$300 or more, the sale shall be conducted in a commercially reasonable manner, and, after applying the proceeds to costs of the sale and then to the amount of the lien, the owner shall retain any excess proceeds of the sale on the occupant's behalf. The occupant, or any other person having a court order or other judicial process against the property, may claim the excess proceeds, or a portion thereof sufficient to satisfy the particular claim, at any time within six months of the date of sale.

(b) If the property has a value of less than ~~((three hundred dollars))~~ \$300, the property may be disposed of in a reasonable manner.

(3) Personal papers and personal photographs that are not reclaimed by the occupant within six months of a sale under subsection (2)(a) of this section or other disposition under subsection (2)(b) of this section may be disposed of in a reasonable manner.

(4) No employee or owner, or family member of an employee or owner, may acquire, directly or indirectly, the property sold pursuant to subsection (2)(a) of this section or disposed of pursuant to subsection (2)(b) of this section, or personal papers and personal photographs disposed of under subsection (3) of this section.

(5) The owner is entitled to retain any interest earned on the excess proceeds until the excess proceeds are claimed by another person or are turned over to the state as abandoned property pursuant to chapter 63.30 RCW ~~((63.29.165))~~.

Sec. 3. RCW 19.240.080 and 2004 c 168 s 9 are each amended to read as follows:

An issuer is not required to honor a gift certificate presumed abandoned under chapter 63.30 RCW ~~((63.29.110,))~~ if it is reported~~((;))~~ and delivered to the department of revenue in the dissolution of a business association.

Sec. 4. RCW 19.240.900 and 2004 c 168 s 18 are each amended to read as follows:

Sec. 5. RCW 35.90.020 and 2020 c 139 s 59 are each amended to read as follows:

(1) Except as otherwise provided in subsection (7) of this section, a city that requires a general business license of any person that engages in business activities within that city must partner with the department to have such license issued, and

renewed if the city requires renewal, through the business licensing service in accordance with chapter 19.02 RCW.

(a) Except as otherwise provided in subsection (3) of this section, the department must phase in the issuance and renewal of general business licenses of cities that required a general business license as of July 1, 2017, and are not already partnering with the department, as follows:

(i) Between January 1, 2018, and December 31, 2021, the department must partner with at least six cities per year;

(ii) Between January 1, 2022, and December 31, 2027, the department must partner with the remaining cities; or

(b) A city that imposes a general business license requirement and does not partner with the department as of January 1, 2018, may continue to issue and renew its general business licenses until the city partners with the department as provided in subsection (4) of this section.

(2)(a) A city that did not require a general business license as of July 1, 2017, but imposes a new general business license requirement after that date must advise the department in writing of its intent to do so at least ~~((ninety))~~ 90 days before the requirement takes effect.

(b) If a city subject to (a) of this subsection (2) imposes a new general business license requirement after July 1, 2017, the department, in its sole discretion, may adjust resources to partner with the imposing city as of the date that the new general business licensing requirement takes effect. If the department cannot reallocate resources, the city may issue and renew its general business license until the department is able to partner with the city.

(3) The department may delay assuming the duties of issuing and renewing general business licenses beyond the dates provided in subsection (1)(a) of this section if:

(a) Insufficient funds are appropriated for this specific purpose;

(b) The department cannot ensure the business licensing system is adequately prepared to handle all general business licenses due to unforeseen circumstances;

(c) The department determines that a delay is necessary to ensure that the transition to mandatory department issuance and renewal of general business licenses is as seamless as possible; or

(d) The department receives a written notice from a city within ~~((sixty))~~ 60 days of the date that the city appears on the department's biennial partnership plan, which includes an explanation of the fiscal or technical challenges causing the city to delay joining the system. A delay under this subsection (3)(d) may be for no more than three years.

(4)(a) In consultation with affected cities and in accordance with the priorities established in subsection (5) of this section, the department must establish a biennial plan for partnering with cities to assume the issuance and renewal of general business licenses as required by this section. The plan must identify the cities that the department will partner with and the dates targeted for the department to assume the duties of issuing and renewing general business licenses.

(b) By January 1, 2018, and January 1st of each even-numbered year thereafter until the department has partnered with all cities that currently impose a general business license requirement and that have not declined to partner with the department under subsection (7) of this section, the department must submit the partnering plan required in (a) of this subsection (4) to the governor; legislative fiscal committees; house local

government committee; senate financial institutions, economic development and trade committee; senate local government committee; affected cities; association of Washington cities; association of Washington business; national federation of independent business; and Washington retail association.

(c) The department may, in its sole discretion, alter the plan required in (a) of this subsection (4) with a minimum notice of ~~((thirty))~~ 30 days to affected cities.

(5) When determining the plan to partner with cities for the issuance and renewal of general business licenses as required in subsection (4) of this section, cities that notified the department of their wish to partner with the department before January 1, 2017, must be allowed to partner before other cities.

(6) A city that partners with the department for the issuance and renewal of general business licenses through the business licensing service in accordance with chapter 19.02 RCW may not issue and renew those licenses.

(7)(a) Except as provided in (b) of this subsection, a city may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in the online local business license and tax filing portal known as "FileLocal" as of July 1, 2020.

(b) A city that receives at least ~~((one million nine hundred fifty thousand dollars))~~ \$1,950,000 in fiscal year 2020 for temporary streamlined sales tax mitigation under the 2019 omnibus appropriations act, section 722, chapter 415, Laws of 2019, may decline to partner with the department for the issuance and renewal of a general business license as provided in subsection (1) of this section if the city participates in FileLocal as of July 1, 2021.

(c) For the purposes of this subsection (7), a city is considered to be a FileLocal participant as of the date that a business may access FileLocal for purposes of applying for or renewing that city's general business license and reporting and paying that city's local business and occupation taxes. A city that ceases participation in FileLocal after July 1, 2020, or July 1, 2021, in the case of a city eligible for the extension under (b) of this subsection, must partner with the department for the issuance and renewal of its general business license as provided in subsection (1) of this section.

~~((8) By January 1, 2019, and each January 1st thereafter through January 1, 2028, the department must submit a progress report to the legislature. The report required by this subsection must provide information about the progress of the department's efforts to partner with all cities that impose a general business license requirement and include:~~

Sec. 6. RCW 59.18.312 and 2011 c 132 s 17 are each amended to read as follows:

(1) A landlord shall, upon the execution of a writ of restitution by the sheriff, enter and take possession of any property of the tenant found on the premises. The landlord may store the property in any reasonably secure place, including the premises, and sell or

ONE HUNDREDTH DAY, APRIL 18, 2023

dispose of the property as provided under subsection (3) of this section. The landlord must store the property if the tenant serves a written request to do so on the landlord or the landlord's representative by any of the methods described in RCW 59.18.365 no later than three days after service of the writ. A landlord may elect to store the property without such a request unless the tenant or the tenant's representative objects to the storage of the property. If the tenant or the tenant's representative objects to the storage of the property or the landlord elects not to store the property because the tenant has not served a written request on the landlord to do so, the property shall be deposited upon the nearest public property and may not be stored by the landlord. If the landlord knows that the tenant is a person with a disability as defined in RCW 49.60.040 (as amended by chapter 317, Laws of 2007) and the disability impairs or prevents the tenant or the tenant's representative from making a written request for storage, it must be presumed that the tenant has requested the storage of the property as provided in this section unless the tenant objects in writing.

(2) Property stored under this section shall be returned to the tenant after the tenant has paid the actual or reasonable drayage and storage costs, whichever is less, or until it is sold or disposed of by the landlord in accordance with subsection (3) of this section.

(3) Prior to the sale of property stored pursuant to this section with a cumulative value of over ~~((two hundred fifty dollars))~~ \$250, the landlord shall notify the tenant of the pending sale. After ~~((thirty))~~ 30 days from the date the notice of the sale is mailed or personally delivered to the tenant's last known address, the landlord may sell the property, including personal papers, family pictures, and keepsakes, and dispose of any property not sold.

If the property that is being stored has a cumulative value of ~~((two hundred fifty dollars))~~ \$250 or less, then the landlord may sell or dispose of the property in the manner provided in this section, except for personal papers, family pictures, and keepsakes. Prior to the sale or disposal of property stored pursuant to this section with a cumulative value of ~~((two hundred fifty dollars))~~ \$250 or less, the landlord shall notify the tenant of the pending sale or disposal. The notice shall either be mailed to the tenant's last known address or personally delivered to the tenant. After seven days from the date the notice is mailed or delivered to the tenant, the landlord may sell or dispose of the property.

The landlord may apply any income derived from the sale of the tenant's property against moneys due the landlord for drayage and storage of the property. The amount of sale proceeds that the landlord may apply towards such costs may not exceed the actual or reasonable costs for drayage and storage of the property, whichever is less. Any excess income derived from the sale of such property shall be held by the landlord for the benefit of the tenant for a period of one year from the date of the sale. If no claim is made or action commenced by the tenant for the recovery of the excess income prior to the expiration of that period of time, then the balance shall be treated as abandoned property and deposited by the landlord with the department of revenue pursuant to chapter ~~((63.29))~~ 63.30 RCW.

(4) Nothing in this section shall be construed as creating a right of distress for rent.

(5) When serving a tenant with a writ of restitution pursuant to RCW 59.12.100 and 59.18.410, the sheriff shall provide written notice to the tenant that: (a) Upon execution of the writ, the landlord must store the tenant's property only if the tenant serves a written request on the landlord to do so no later than three days after service of the writ; (b) the notice to the landlord requesting

storage may be served by personally delivering or mailing a copy of the request to the landlord at the address identified in, or by facsimile to the facsimile number listed on, the form described under subsection (6) of this section; (c) if the tenant has not made such a written request to the landlord, the landlord may elect to either store the tenant's property or place the tenant's property on the nearest public property unless the tenant objects; (d) if the property is stored, it may not be returned to the tenant unless the tenant pays the actual or reasonable costs of drayage and storage, whichever is less, within ~~((thirty))~~ 30 days; (e) if the tenant or the tenant's representative objects to storage of the property, it will not be stored but will be placed on the nearest public property; and (f) the landlord may sell or otherwise dispose of the property as provided in subsection (3) of this section if the landlord provides written notice to the tenant first.

(6) When serving a tenant with a writ of restitution under subsection (5) of this section, the sheriff shall also serve the tenant with a form provided by the landlord that can be used to request the landlord to store the tenant's property, which must be substantially in the following form:

(1) In the event of the death of a tenant who is the sole occupant of the dwelling unit:

(a) The landlord, upon learning of the death of the tenant, shall promptly mail or personally deliver written notice to any known personal representative, known designated person, emergency contact identified by the tenant on the rental application, known person reasonably believed to be a successor of the tenant as defined in RCW 11.62.005, and to the deceased tenant at the address of the dwelling unit. At the end of the period for which the rent has been paid pursuant to this subsection, the tenancy ends;

(v) A statement that failure to remove the tenant's property before the tenancy is terminated or ends as provided in (a)(iv) of this subsection will allow the landlord to enter the dwelling unit and take possession of any property found on the premises, store it in a reasonably secure place, and charge the actual or reasonable costs, whichever is less, of drayage and storage of the property, and after service of a second notice sell or dispose of the property as provided in subsection (3) of this section; and

(2) A landlord shall send a second written notice before selling or disposing of a deceased tenant's property.

(a) If the tenant representative makes arrangements with the landlord to pay rent in advance as provided in subsection (1)(a)(iv) of this section, the landlord shall mail a second written notice to any known personal representative, known designated person, emergency contact identified by the tenant on the rental application, known person reasonably believed to be a successor of the tenant as defined in RCW 11.62.005, and to the deceased tenant at the dwelling unit. (d) Within (~~(fourteen)~~) 14 days after the removal of the property by the tenant representative, the landlord shall refund any unearned rent and shall give a full and specific statement of the basis for retaining any deposit together with the payment of any refund due the deceased tenant under the terms and conditions of the rental agreement to the tenant representative.

(3)(a) If a tenant representative has not contacted the landlord or removed the deceased tenant's property within the applicable time periods under this section, the landlord may sell or dispose of the deceased tenant's property, except for personal papers and personal photographs, as provided in this subsection.

(i) If the landlord reasonably estimates the fair market value of the stored property to be more than (~~(one thousand dollars)~~) \$1,000, the landlord shall arrange to sell the property in a commercially reasonable manner and may dispose of any property that remains unsold in a reasonable manner.

(1) Subject to the limitations in this section, a credit is allowed against the tax imposed under this chapter for contributions made by a person to a Washington motion picture competitiveness program.

(2) The person must make the contribution before claiming a credit authorized under this section. Credits earned under this section may be claimed against taxes due for the calendar year in which the contribution is made. The amount of credit claimed for a reporting period may not exceed the tax otherwise due under this chapter for that reporting period. No person may claim more than \$1,000,000 of credit in any calendar year, including credit carried over from a previous calendar year. No refunds may be granted for any unused credits.

(3) The maximum credit that may be earned for each calendar year under this section for a person is limited to the lesser of \$1,000,000 or an amount equal to ~~((one hundred))~~ 100 percent of the contributions made by the person to a program during the calendar year.

(4) Except as provided under subsection (5) of this section, a tax credit claimed under this section may not be carried over to another year.

(5) Any amount of tax credit otherwise allowable under this section not claimed by the person in any calendar year may be carried over and claimed against the person's tax liability for the next succeeding calendar year. Any credit remaining unused in the next succeeding calendar year may be carried forward and claimed against the person's tax liability for the second succeeding calendar year; and any credit not used in that second succeeding calendar year may be carried over and claimed against the person's tax liability for the third succeeding calendar year, but may not be carried over for any calendar year thereafter.

(6) Credits are available on a first-in-time basis. The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section during any calendar year to exceed \$15,000,000. If this limitation is reached, the department must notify all Washington motion picture competitiveness programs that the annual statewide limit has been met. In addition, the department must provide written notice to any person who has claimed tax credits in excess of the limitation in this subsection. The notice must indicate the amount of tax due and provide that the tax be paid within ~~((thirty))~~ 30

days from the date of the notice. The department may not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(7) To claim a credit under this section, a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. Any return, form, or information required to be filed in an electronic format under this section is not filed until received by the department in an electronic format. As used in this subsection, "returns" has the same meaning as "return" in RCW 82.32.050.

(8) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section.

(9) A Washington motion picture competitiveness program must provide to the department, upon request, such information needed to verify eligibility for credit under this section, including information regarding contributions received by the program.

(10) The department may not allow any credit under this section before July 1, 2006.

(11) For the purposes of this section, "Washington motion picture competitiveness program" or "program" means an organization established pursuant to chapter 43.365 RCW.

(12) Persons claiming a credit against the tax imposed under this chapter for contributions made to a Washington motion picture competitiveness program ~~((and not otherwise receiving funding assistance under RCW 43.365.020))~~ are exempt from the annual reporting requirements in RCW 82.32.534 and 43.365.040.

(13) No credit may be earned for contributions made on or after July 1, 2030.

(c) If the refund for an eligible person as calculated in this section is greater than ~~((or equal to one))~~ zero cents, but less than \$50, the refund amount is \$50.

(d) The refund amounts in this section shall be adjusted for inflation every year beginning January 1, 2024, based upon changes in the consumer price index that are published by November 15th of the previous year for the most recent 12-month period. The adjusted refund amounts must be rounded to the nearest \$5.

(e) For purposes of this section, "consumer price index" means, for any 12-month period, the average consumer price index for that 12-month period for the Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

(f) The percentage rate of remittance reductions in (b) of this subsection must be adjusted every year beginning January 1, 2023, based on calculations by the department that result in the minimum credit being received at the maximum qualifying income level.

ONE HUNDREDTH DAY, APRIL 18, 2023

(4) The working families' tax credit shall be administered as provided in this subsection.

(a) The refund paid under this section will be paid to eligible filers who apply pursuant to this subsection.

(i) Application must be made to the department in a form and manner determined by the department. If the application process is initially done electronically, the department must provide a paper application upon request. The application must include any information and documentation as required by the department.

(ii) Application for the refund under this section must be made in the year following the year for which the federal tax return was filed, but in no case may any refund be provided for any period before January 1, 2022. The department must use the eligible person's most recent federal tax filing for the tax year for which the refund is being claimed to calculate the refund.

(iii) A person may not claim a credit on behalf of a deceased individual. No individual may claim a credit under this section for any year in a disallowance period under Title 26 U.S.C. Sec. 32(k)(1) of the internal revenue code or for any year for which the individual is ineligible to claim the credit in Title 26 U.S.C. Sec. 32 of the internal revenue code by reason of Title 26 U.S.C. Sec. 32(k)(2) of the internal revenue code.

(b) The department shall protect the privacy and confidentiality of personal data of refund recipients in accordance with chapter 82.32 RCW.

(c) The department shall, in conjunction with other agencies or organizations, design and implement a public information campaign to inform potentially eligible persons of the existence of, and requirements for, the credit provided in this section.

(7) The department must review the application and determine eligibility for the working families' tax credit based on information provided by the applicant and through audit and other administrative records, including, when it deems it necessary, verification through internal revenue service data.

(8) If, upon review of internal revenue service data or other information obtained by the department, it appears that an individual received a refund that the individual was not entitled to, or received a larger refund than the individual was entitled to, the department may assess against the individual the overpaid amount. The department may also assess such overpaid amount against the individual's spouse if the refund in question was based on both spouses filing a joint federal income tax return for the year for which the refund was claimed.

(a) Interest as provided under RCW 82.32.050 applies to assessments authorized under this subsection (8) starting six months after the date the department issued the assessment until the amount due under this subsection (8) is paid in full to the department. Except as otherwise provided in this subsection, penalties may not be assessed on amounts due under this subsection.

(b) If an amount due under this subsection is not paid in full by the date due, or the department issues a warrant for the collection of amounts due under this subsection, the department may assess the applicable penalties under RCW 82.32.090. Penalties under

this subsection (8)(b) may not be made due until six months after the department's issuance of the assessment.

(c) If the department finds by clear, cogent, and convincing evidence that an individual knowingly submitted, caused to be submitted, or consented to the submission of, a fraudulent claim for refund under this section, the department must assess a penalty of 50 percent of the overpaid amount. This penalty is in addition to any other applicable penalties assessed in accordance with (b) of this subsection (8).

(9) If, within the period allowed for refunds under RCW 82.32.060, the department finds that an individual received a lesser refund than the individual was entitled to, the department must remit the additional amount due under this section to the individual.

(2) It is further the intent of this chapter that the local sales and use tax shall be imposed upon an individual taxable event simultaneously with the imposition of the state sales or use tax upon the same taxable event. The rule making powers of the state department of revenue contained in RCW 82.08.060 and 82.32.300 shall be applicable to this chapter. The department shall, as soon as practicable, and with the assistance of the appropriate associations of county prosecutors and city attorneys, draft a model resolution and ordinance.

Except as provided in subsection (3) of this section, for these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) For annual filers, tax payments, along with reports and returns on forms prescribed by the department, are due on or before April 15th of the year immediately following the end of the period covered by the return.

(2) The department must waive or cancel the penalty imposed under RCW 82.32.090(1) when the circumstances under which the delinquency occurred do not qualify for waiver or cancellation under subsection (1) of this section if:

(a) The taxpayer requests the waiver for a tax return required to be filed under RCW 54.28.040, 82.32.045, 82.14B.061, 82.23B.020, ~~((82.27.060,))~~ 82.29A.050, or 84.33.086; and

(b) The extension of a due date for payment of an assessment of deficiency was not at the request of the taxpayer and was for the sole convenience of the department.

(4) The department must adopt rules for the waiver or cancellation of penalties and interest imposed by this chapter.

(7) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" also includes:

(a) Before July 1, 2010: (i) Computer programming, the production of computer software, and other computer-related services, but only when the computer programming, production of computer software, or other computer-related services are performed by a manufacturer as defined in RCW 82.04.110 and contribute to the production of a new, different, or useful substance or article of tangible personal property for sale; (ii) the activities performed by research and development laboratories and commercial testing laboratories; and (iii) the conditioning of vegetable seeds; and

(b) Beginning July 1, 2010: (i) The activities performed by research and development laboratories and commercial testing laboratories; and (ii) the conditioning of vegetable seeds.

(8) "Person" has the meaning given in RCW 82.04.030.

(9) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for manufacturing or research and development activities, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral must be determined by apportionment of the costs of construction under rules adopted by the department.

(10) "Qualified employment position" means a permanent full-time employee employed in the eligible investment project during the entire tax year. The term "entire tax year" means a full-time position that is filled for a period of ~~((twelve))~~ 12 consecutive months. The term "full-time" means at least ~~((thirty-five))~~ 35 hours a week, ~~((four hundred fifty-five))~~ 455 hours a quarter, or ~~((one thousand eight hundred twenty))~~ 1,820 hours a year.

(11) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities

that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.

(12) "Qualifying county" means a county that has an unemployment rate, as determined by the employment security department, which is at least ~~((twenty))~~ 20 percent above the state average for the three calendar years immediately preceding the year in which the list of qualifying counties is established or updated, as the case may be, as provided in RCW 82.60.120.

(13) "Recipient" means a person receiving a tax deferral under this chapter.

(14) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun, but only when such activities are intended to ultimately result in the production of a new, different, or useful substance or article of tangible personal property for sale. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed ~~((one million dollars))~~ \$1,000,000.

Sec. 15. RCW 82.60.049 and 2010 1st sp.s. c 16 s 7 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Eligible area" also means a designated community empowerment zone approved under RCW 43.31C.020.

(b) "Eligible investment project" also means an investment project in an eligible area as defined in this section.

(2) ~~((In addition to the provisions of RCW 82.60.040, the))~~ Until July 1, 2020, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each ~~((seven hundred fifty thousand dollars))~~ \$750,000 of investment for which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone or the county in which the zone is located. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

Sec. 16. RCW 82.60.060 and 2010 1st sp.s. c 16 s 8 are each amended to read as follows:

(1) ~~((The))~~ In the event the eligible investment project ceases to meet the requirements of this chapter, the recipient must begin paying the deferred taxes in the third year after the date certified by the department as the date on which the investment project has

been operationally completed. The first payment ~~((will be))~~ is due on December 31st of the third calendar year after such certified date, with subsequent annual payments due on December 31st of the following four years with amounts of payment scheduled as follows:

Repayment Year	% of Deferred Tax Repaid
1	10%
2	15%
3	20%
4	25%
5	30%

(2) The department may authorize an accelerated repayment schedule upon request of the recipient.

(3) Interest may not be charged on any taxes deferred under this chapter for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes ~~((will))~~ may not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

Sec. 17. RCW 82.60.070 and 2017 c 135 s 36 are each amended to read as follows:

(1)(a) Each recipient of a deferral of taxes granted under this chapter must file a complete annual tax performance report with the department under RCW 82.32.534. If the economic benefits of the deferral are passed to a lessee as provided in RCW 82.60.025, the lessee must file a complete annual tax performance report, and the applicant is not required to file a complete annual tax performance report.

(b) The department must use the information reported on the annual tax performance report required by this section to study the tax deferral program authorized under this chapter. The department must report to the legislature by December 1, 2018. The report must measure the effect of the program on job creation, the number of jobs created for residents of eligible areas, company growth, and such other factors as the department selects.

(2) Except as provided in RCW 82.60.063, if, on the basis of a tax performance report under RCW 82.32.534 or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project, according to the repayment schedule in RCW 82.60.060, is immediately due. For purposes of this subsection (2), the repayment schedule in RCW 82.60.060 is ~~((to be))~~ suspended during the period of time that a taxpayer is receiving relief from repayment of deferred taxes under RCW 82.60.063.

(3) A recipient who must repay deferred taxes under subsection (2) of this section because the department has found that an investment project is not eligible for tax deferral under this chapter is no longer required to file annual tax performance reports under RCW 82.32.534 beginning on the date an investment project is used for nonqualifying purposes.

(4) Notwithstanding any other provision of this section or RCW 82.32.534, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

Sec. 18. RCW 82.70.900 and 2015 3rd sp.s. c 44 s 416 are each amended to read as follows:

~~((Except for RCW 82.70.050, this))~~ This chapter expires July 1, 2024.

Sec. 19. RCW 82.73.030 and 2021 c 112 s 2 are each amended to read as follows:

(1) Subject to the limitations in this chapter, a credit is allowed against the tax imposed by chapters 82.04 and 82.16 RCW for approved contributions that are made by a person to a program or the main street trust fund.

(2)(a) Except as provided in (b) of this subsection, the credit allowed under this section is limited to an amount equal to:

(i) Seventy-five percent of the approved contribution made by a person to a program; or

(ii) Fifty percent of the approved contribution made by a person to the main street trust fund.

(b) Beginning with contributions made in calendar year 2021, an additional credit is allowed equal to 25 percent of the approved contribution made by a person to the main street trust fund.

(3) The department may not approve credit with respect to a program in a city or town with a population of ~~((one hundred ninety thousand))~~ 190,000 persons or more at the time of designation under RCW 43.360.030.

(4) The department must keep a running total of all credits approved under this chapter for each calendar year. The department may not approve any credits under this section that would cause the total amount of approved credits statewide to exceed \$5,000,000 in any calendar year.

(5)(a)(i) The total credits allowed under this chapter for contributions made to each program may not exceed \$160,000 in a calendar year.

(ii) Between 8:00 a.m., Pacific standard time, on the second Monday in January and 8:00 a.m., Pacific daylight time, on April 1st of the same calendar year, the department must evenly allocate the amount of statewide credits allowed under subsection (4) of this section based on the total number of programs and the main street trust fund as of January 1st in the same calendar year. The department may not approve contributions for a program or the main street trust fund that would cause the total amount of approved credits for a program or the main street trust fund to exceed the allocated amount.

(b) The total credits allowed under this chapter for a person may not exceed ~~((two hundred fifty thousand dollars))~~ \$250,000 in a calendar year.

(6) Except as provided in subsection (8) of this section, the credit may be claimed against any tax due under chapters 82.04 and 82.16 RCW only in the calendar year immediately following the calendar year in which the credit was approved by the department and the contribution was made to the program or the main street trust fund. Credits may not be carried over to subsequent years. No refunds may be granted for credits under this chapter.

(7) The total amount of the credit claimed in any calendar year by a person may not exceed the lesser amount of:

(a) The approved credit; or

(b) Seventy-five percent of the amount of the contribution that is made by the person to a program and 75 percent of the amount of the contribution that is made by the person to the main street trust fund, in the prior calendar year.

(8) Any credits provided in accordance with this chapter for approved contributions made in calendar year 2020 may be carried over for an additional two years and must be used by December 31, 2023.

(9) No credit is allowed or may be claimed under this section on or after January 1, 2032.

Sec. 20. RCW 82.90.080 and 2022 c 161 s 8 are each amended to read as follows:

A lessor or owner of an eligible investment project is not eligible for a deferral under this chapter unless:

(1) The underlying ownership of the qualified solar canopy vests exclusively in the same person; or

(2)(a) The lessor by written contract agrees to pass the economic benefit of the deferral to the lessee;

(b) The lessee that receives the economic benefit of the deferral agrees in writing with the department to complete the annual tax performance report required under RCW ~~((82.63.020(2)))~~ 82.32.534; and

(c) The economic benefit of the deferral passed to the lessee is no less than the amount of tax deferred by the lessor and is evidenced by written documentation of any type of payment, credit, or other financial arrangement between the lessor or owner of the eligible investment project and the lessee.

Sec. 21. RCW 84.52.120 and 1995 c 99 s 1 are each amended to read as follows:

A metropolitan park district with a population of ~~((one hundred fifty thousand))~~ 150,000 or more may submit a ballot proposition to voters of the district authorizing the protection of the district's tax levy from prorationing under RCW 84.52.010~~((2))~~ (3)(b) by imposing all or any portion of the district's ~~((twenty-five))~~ 25 cent per ~~((thousand dollars))~~ \$1,000 of assessed valuation tax levy outside of the ~~((five dollar and ninety cent))~~ \$5.90 per ~~((thousand dollar))~~ \$1,000 of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010~~((2)(e))~~ (3)(b)(iv), for taxes imposed in any year on or before the first day of January six years after the ballot proposition is approved. A simple majority vote of voters voting on the proposition is required for approval.

Sec. 22. RCW 84.52.816 and 2015 c 170 s 3 are each amended to read as follows:

A flood control zone district in a county with a population of ~~((seven hundred seventy five thousand))~~ 775,000 or more, or a county within the Chehalis river basin, that is coextensive with a county may protect the levy under RCW 86.15.160 from prorationing under RCW 84.52.010(3)(b)~~((iii))~~ (iii) by imposing up to a total of ~~((twenty-five))~~ 25 cents per ~~((thousand dollars))~~ \$1,000 of assessed value of the tax levy authorized under RCW 86.15.160 outside of the ~~((five dollars and ninety cents))~~ \$5.90 per ~~((thousand dollars))~~ \$1,000 of assessed value limitation under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(3)(b)~~((iii))~~ (iii).

Sec. 23. RCW 88.02.620 and 2021 c 150 s 1 are each amended to read as follows:

(1) A vessel owner who is a nonresident person must obtain a nonresident vessel permit on or before the ~~((sixty-first))~~ 61st day of use in Washington state if the vessel:

(a) Is currently registered or numbered under the laws of the state or ~~((county [country]))~~ country of principal operation, has been issued a valid number under federal law, or has a valid United States customs service cruising license issued under 19 C.F.R. Sec. 4.94; and

(b) Has been brought into Washington state for not more than six months in any continuous ~~((twelve))~~ 12-month period, and is used:

(i) For personal use; or

(ii) For the purposes of chartering a vessel with a captain or crew, as long as individual charters are for at least three or more consecutive days in duration. The permit also applies for the purposes of necessary transit to or from the start or end point of such a charter, but that transit time is not counted toward the duration of the charter.

(2) In addition to the requirements in subsection (1) of this section, a nonresident vessel owner that is not a natural person, or

ONE HUNDREDTH DAY, APRIL 18, 2023

a nonresident vessel owner who is a natural person who intends to charter the vessel with a captain or crew as provided in subsection (1)(b)(ii) of this section, may only obtain a nonresident vessel permit if:

(a) The vessel is at least ~~((thirty))~~ 30 feet in length, but no more than ~~((two hundred))~~ 200 feet in length;

(b) No Washington state resident owns the vessel or is a principal, as defined in RCW 82.32.865, of the nonresident person which owns the vessel; and

(c) The department of revenue has provided the nonresident vessel owner written approval authorizing the permit as provided in RCW 82.32.865.

(3) A nonresident vessel permit:

(a) May be obtained from the department, county auditor or other agent, or subagent appointed by the director;

(b) Must show the date the vessel first came into Washington state; and

(c) Is valid for two months.

(4) The department, county auditor or other agent, or subagent appointed by the director must collect the fee required in RCW 88.02.640(1)(i) when issuing nonresident vessel permits.

(5) A nonresident vessel permit is not required under this section if the vessel is used in conducting temporary business activity within Washington state.

(6) For any permits issued under this section to a nonresident vessel owner that is not a natural person, or for any permits issued to a natural person who intends to charter the vessel with a captain or crew as provided in subsection (1)(b)(ii) of this section, the department must maintain a record of the following information and provide it to the department of revenue quarterly or as otherwise mutually agreed to by the department and department of revenue:

(a) The name of the record owner of the vessel;

(b) The vessel's hull identification number;

(c) The amount of the fee paid under RCW 88.02.640(5);

(d) The date the vessel first entered the waters of this state;

(e) The expiration date for the permit; and

(f) Any other information mutually agreed to by the department and department of revenue.

(7) The department must adopt rules to implement this section, including rules on issuing and displaying the nonresident vessel permit.

Sec. 24. RCW 88.26.020 and 2013 c 291 s 41 are each amended to read as follows:

(1) Any private moorage facility operator may take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the private moorage facility so that the vessels are in the possession and control of the operator and cannot be removed from the facility. These procedures may be used if an owner mooring or storing a vessel at the facility fails, after being notified that charges are owing and of the owner's right to commence legal proceedings to contest that such charges are owing, to pay charges owed or to commence legal proceedings. Notification shall be by two separate letters, one sent by first-class mail and one sent by registered mail to the owner and any lienholder of record at the last known address. In the case of a transient vessel, or where no address was furnished by the owner, the operator need not give notice prior to securing the vessel. At the time of securing the vessel, an operator shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

(a) The date and time the notice was attached;

(b) A statement that if the account is not paid in full within ~~((ninety))~~ 90 days from the time the notice is attached the vessel may be sold at public auction to satisfy the charges; and

(c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner and any lienholder of record by registered mail in order to give the owner the information contained in the notice.

(2) A private moorage facility operator, at his or her discretion, may move moored vessels ashore for storage within properties under the operator's control or for storage with a private person under their control as bailees of the private moorage facility, if the vessel is, in the opinion of the operator, a nuisance, in danger of sinking or creating other damage, or is owing charges. The costs of any such procedure shall be paid by the vessel's owner.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the private operator for charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the operator for the immediate removal of the vessel from the facility or for authorized moorage; and

(b) Making payment to the operator of all charges, or by posting with the operator a sufficient cash bond or other acceptable security, to be held in trust by the operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the operator shall receive so much of the bond or other security as agreed, or as is necessary, to satisfy any judgment, costs, and interest as may be awarded to the operator. The balance shall be refunded immediately to the owner at the last known address.

(4) If a vessel has been secured by the operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ~~((ninety))~~ 90 days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel is conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a private moorage facility is abandoned, the operator may authorize the public sale of the vessel by authorized personnel, consistent with this section, to the highest and best bidder for cash as follows:

(a) Before the vessel is sold, the vessel owner and any lienholder of record shall be given at least ~~((twenty))~~ 20 days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ~~((ten))~~ 10 but not more than ~~((twenty))~~ 20 days before the sale, in a newspaper of general circulation in the county in which the facility is located. This notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The operator may bid all or part of its charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of charges owing. This lawsuit must be commenced

within ~~((sixty))~~ 60 days of the date the notification was provided under subsection (1) of this section, or the right to a hearing is deemed waived and the owner is liable for any charges owing the operator. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall be applied first to the payment of any liens superior to the claim for charges, then to payment of the charges, then to satisfy any other liens on the vessel in the order of their priority. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the operator within one year of the date of the sale, the excess funds from the sale shall revert to the department of revenue under chapter ~~((63.29))~~ 63.30 RCW. If the sale is for a sum less than the applicable charges, the operator is entitled to assert a claim for deficiency, however, the deficiency judgment shall not exceed the moorage fees owed for the previous six-month period.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ~~((ten))~~ 10 days of sale, title to the vessel will revert to the operator.

(e) Either a minimum bid may be established or a letter of credit may be required from the buyer, or both, to discourage the future abandonment of the vessel.

(6) The rights granted to a private moorage facility operator under this section are in addition to any other legal rights an operator may have to hold and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel.

NEW SECTION. Sec. 25. The following acts or parts of acts are each repealed:

(1) RCW 82.12.02088 (Exemptions—Digital products—Business buyers—Concurrently available for use within and outside state—Apportionment) and 2017 c 323 s 522 & 2009 c 535 s 702;

MESSAGE FROM THE HOUSE

April 12, 2023

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5583 with the following amendment(s): 5583-S.E AMH DONA H1916.4

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The department of licensing shall develop a comprehensive implementation plan for the expansion of the current driver training education requirement to obtain a driver's license to persons between the ages of 18 and 24. The target date for implementation of the new driver training education expansion is July 1, 2026. The driver training education expansion plan must be provided to the transportation committees of the legislature by October 1, 2024, and must include, but need not be limited to, the following:

(1) Consideration of courses that could satisfy the new driver training education requirement, including a condensed course option and a self-paced, online course option, with attention to the educational value, monetary and time costs required, and possible accessibility constraints for each course option considered;

(2) An assessment of public and private resources necessary to support the new driver training education requirement to ensure sufficient course availability and accessibility. The assessment must include, but need not be limited to, an inventory of the current number, and an estimate of the increased number required to meet the anticipated need, of the following:

(a) Licensed driver training schools and traffic safety education programs in the state, by geographical region;

(b) Licensed driver training school and traffic safety education instructors;

(c) Licensed driver trainer instructors; and

(d) Driver training education course spaces available per year, by course option and for both classroom and behind-the-wheel instruction;

(3) In consultation with the office of equity, evaluation of access to driver training education courses and consideration of opportunities to improve access to driver training education for young drivers. The assessment must address, but should not be limited to, potential obstacles for young drivers for whom the cost of driver training education may pose a hardship, obstacles related to accessibility for young drivers who reside in rural areas, and obstacles for young drivers whose primary language is not English. The assessment must also include strategies that can be used to mitigate these potential obstacles, including possible exceptions to, or substitutions for, a driver training education requirement in cases where access-related obstacles cannot be overcome, such as when a behind-the-wheel driver training program may not be available within a reasonable distance of a person's residence;

(4) A plan for broad and accessible public outreach and education to communicate to Washington state residents new driver training education requirements, including a plan for the development of tools to assist residents in accessing driver training education courses that meet the new requirements;

(5) Collaboration with educational service districts to determine the extent to which educational service districts can facilitate the coordination between school districts or secondary

ONE HUNDRED FIRST DAY, APRIL 19, 2023

schools of a school district and driver training schools to increase access to driver training education courses by students who reside within the boundaries of an applicable school district;

(6) An examination of opportunities to address the financial need of persons for whom the cost of driver training education courses licensed by the department of licensing may pose a hardship, through a voucher or other financial assistance program. The examination must include quantified estimates of the extent to which the cost of driver training education could pose a significant obstacle, as well as possible approaches to help reduce or eliminate this obstacle;

(7) An examination, in consultation with the office of the superintendent of public instruction, of opportunities to address the financial need of students for whom the cost of driver training education offered as part of a traffic safety education program may pose a hardship, through a grant or other financial assistance program. The examination must include quantified estimates of the extent to which the cost of driver training education could pose a significant obstacle, as well as possible approaches to help reduce or eliminate this obstacle; and

(8) An assessment of approaches used by other states that require driver training by persons age 18 and older, including examination of how this has impacted traffic safety in the state and the extent to which the requirement may have decreased access to driver's licenses, including through examination of the rate of driver's license holders by age and other demographic characteristics compared to that of neighboring, or otherwise similarly situated, states.

(2) ~~((Until September 1, 2021, a school))~~ School district boards of directors must, at a minimum, grant academic course equivalency for at least one statewide equivalency high school career and technical course from the list of courses approved by the superintendent of public instruction under RCW 28A.700.070.

(3)(a) If the list of courses is revised after the 2015-16 school year, the school district board of directors must grant academic course equivalency based on the revised list beginning with the school year immediately following the revision.

(b) Each high school or school district board of directors may additionally adopt local course equivalencies for career and technical education courses that are not on the list of courses approved by the superintendent of public instruction under RCW 28A.700.070 as local equivalency courses in support of RCW 28A.700.070.

(c) Approved local or state equivalency courses at any core, branch, or satellite skill center must be offered for academic credit to all students participating in courses at those sites.

(5) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate. The high school or school district shall also issue and keep record of course completion certificates that demonstrate that the career and technical courses were successfully completed as needed for industry certification, college credit, or preapprenticeship, as applicable. The certificate shall be part of the student's high school and beyond plan. The office of the superintendent of public instruction shall develop and make available electronic samples of certificates of course completion.

(6) Prior to course scheduling or course registration for the next school term, each public school that serves students in any of grades nine through 12 must provide all students and their parents or legal guardians with information about the opportunities for meeting credit-based graduation requirements through equivalency courses, including those available within the school district or at a skill center.

Sec. 3. RCW 28A.300.236 and 2018 c 177 s 303 are each amended to read as follows:

This may include development of additional equivalency course frameworks in core subject areas, course performance assessments, and development and delivery of professional development for districts and skill centers implementing the career and technical education frameworks; ~~((and))~~

(b) Providing competitive grant funds to school districts to increase the integration and rigor of academic instruction in career and technical education equivalency courses. The grant funds must be used to support teams of general education and career and technical education teachers to convene and design course performance assessments, deepen the understanding of integrating academic and career and technical education in student instruction, and develop professional learning modules for school districts to plan implementation of equivalency crediting; and

(c) Conducting a review of implementation requirements of RCW 28A.230.097 and providing technical assistance to districts to ensure state course equivalencies are being consistently offered for academic credit for students at high schools and skill centers.

(2) Beginning in the 2017-18 school year, school districts shall annually report to the office of the superintendent of public instruction the following information:

(a) The annual number of students participating in state-approved equivalency courses; and

(b) The annual number of state approved equivalency credit courses offered in school districts and skill centers.

(b) Publicizing best practices for high schools and school districts in developing and adopting course equivalencies; and

(c) In consultation with the Washington association for career and technical education, providing professional development, technical assistance, and guidance for school districts seeking to expand their lists of equivalent courses.

(2) The office of the superintendent of public instruction shall provide professional development, technical assistance, and guidance for school districts to develop career and technical course equivalencies that also qualify as advanced placement courses.

(3) The superintendent of public instruction, in consultation with one or more technical working groups convened for this purpose, shall develop and, after an opportunity for public comment, approve curriculum frameworks for a selected list of career and technical courses that may be offered by high schools or skill centers whose academic standards content is considered equivalent in full or in part to the academic courses that meet high school graduation requirements. These courses may include equivalency to English language arts, mathematics, science, social studies, arts, world languages, or health and physical education. The content of the courses must be aligned with the most current Washington K-12 learning standards in English language arts, mathematics, science, arts, world languages, health and physical education, social studies, and required industry standards. The first list of courses under this subsection must be developed and approved before the 2015-16 school year. Thereafter, the superintendent of public instruction may periodically update or revise the list of courses using the process in this subsection.

(4) Subject to funds appropriated for this purpose, the superintendent of public instruction shall allocate grant funds to school districts to increase the integration and rigor of academic instruction in career and technical courses. Grant recipients are encouraged to use grant funds to support teams of academic and technical teachers. The superintendent of public instruction may require that grant recipients provide matching resources using federal Carl Perkins funds or other fund sources.

(5) Subject to funds appropriated for this purpose, the superintendent of public instruction shall convene a technical working group to develop a course equivalency crosswalk for technology-based competitive student activities that complies with the equivalency and content requirements established in subsection (3) of this section. This technical working group shall include educators from school districts or educational service

districts that have experience with technology-based competitive student activities. The superintendent of public instruction shall develop and approve course equivalencies to include in the updated list established in subsection (3) of this section based on the work of the technical working group."

MESSAGE FROM THE HOUSE

April 14, 2023

MR. PRESIDENT:

The House receded from its amendment(s) to SENATE BILL NO. 5369. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5369 AMH DOGL H1920.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that polychlorinated biphenyls, or PCBs, are a hazardous chemical class that have been identified as carcinogenic, a developmental toxicant, toxic to aquatic organisms, and persistent and bioaccumulative. According to the United States environmental protection agency, PCBs are probable human carcinogens and may have serious and potential effects on the immune system, reproductive system, nervous system, and endocrine system.

(2) Humans and other organisms can be exposed to PCBs in a number of ways. PCBs can be released into the environment from hazardous waste sites, illegal dumping, or disposal of PCB wastes or PCB-containing products in areas or landfills not designed to handle hazardous waste, leaks, or releases from electrical transformers containing PCBs, and wastewater discharges. Once PCBs are released, the chemicals do not readily break down in the environment and can cycle for long periods between air, water, and soil. PCBs can accumulate in leaves and above-ground parts of plants and food crops, and they are also taken up into the bodies of small organisms and fish, resulting in potential exposure for people and organisms that ingest the fish.

(3) In 1979, the United States banned the production of PCBs under the toxic substances control act. However, the United States environmental protection agency's regulations implementing the toxic substances control act for PCBs allow some inadvertent generation of PCBs to occur in excluded manufacturing processes. These manufacturing by-product PCBs have been identified in wastewater, sediments, and air in numerous locations and have been positively identified in the testing of new products.

(4) The legislature finds that the state has done much to address PCB contamination, including cleanup, permitting, stormwater management, and fish advisories. In addition, the United States environmental protection agency, Washington state, and the

Spokane tribe of Indians have established PCB water quality standards to protect human health and the environment. These standards are critical for addressing release and exposure from legacy and nonlegacy PCBs. However, the standards cannot be achieved with currently available water treatment technology if the waste stream continues to include new sources of PCBs allowable under the toxic substances control act at levels measured in products such as paints, inks, and pigments that are billions of times higher than applicable water quality standards. While the United States environmental protection agency has restored a human health criteria standard of seven parts per quadrillion in Washington waters, the toxic substances control act limit for PCBs in products is an annual average of 25 parts per million, with a maximum 50 parts per million adjusted total PCBs. Therefore, the legislature finds that nonlegacy PCB contamination may most effectively be managed upstream at the product and process source as opposed to downstream facilities at the end of the product life cycle. The toxic substances control act standard for inadvertent PCBs does not reflect current science on limits needed to protect human health and the environment and is overdue for revision.

(5) While previous industry analysis of toxic substances control act rule making has asserted negative impacts and infeasibility in disallowing by-product PCBs, the legislature finds that safer, feasible, and available alternatives to PCB-containing paints and printing inks now exist, as determined by the department in its June 2022 *Safer Products for Washington* report. Moreover, since safer and available products and processes to produce paints and printing inks do exist, the legislature finds that use of manufacturing processes resulting in products with PCB by-products is not inadvertent, but intentional, and constitutes a use of the chemical within the product.

(6) Therefore, the legislature intends to direct the department to petition the United States environmental protection agency to reassess its PCB regulations under the toxic substances control act and to prohibit the use of chlorine-based pigment manufacturing processes, which result in the generation of PCBs.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Manufacturer" means any person, firm, association, partnership, corporation, governmental entity, organization, or joint venture that produces a product or is an importer or domestic distributor of a product sold or offered for sale in or into the state.

(3) "Paint and printing ink" includes, but is not limited to, building paint for indoor and outdoor use, spray paint, children's paint, road paint, and printing inks used in paper and packaging.

(4) "PCBs" or "polychlorinated biphenyls" means chemical forms that consist of two benzene rings joined together and containing one to 10 chlorine atoms attached to the benzene rings.

(5) "Retail establishment" includes any person, corporation, partnership, business, facility, vendor, organization, or individual that sells or provides merchandise, goods, or materials directly to a customer.

NEW SECTION. Sec. 3. (1) The department must petition the United States environmental protection agency to reassess its regulations on excluded manufacturing processes from prohibitions on manufacturing, processing, distribution in commerce, and use of PCBs and PCB items under 40 C.F.R. Sec. 761.3 for the purpose of eliminating or reducing the presence of PCBs in consumer products.

(2) In petitioning the United States environmental protection agency, the department must include legislative findings under this chapter and information on:

- (a) Health effects of PCBs;
- (b) Release and exposure of PCBs including, but not limited to, concentrations of PCBs measured in consumer products and in state waters, soils, and fish tissue;
- (c) Safer alternatives for consumer products that contain PCBs, including the availability and feasibility of alternatives; and
- (d) Other relevant data or findings as determined by the department.

(3) The department is not required to generate new data and may use previously compiled data and findings developed in the performance of duties under this chapter.

(4) The department may consult with the department of health and other relevant state agencies in developing the petition under this section.

(5) To the extent practicable, the department must seek completion of the petition review by January 1, 2025.

NEW SECTION. Sec. 4. (1)(a)(i) Beginning January 1, 2025, a manufacturer or wholesaler may not manufacture, sell, offer for sale, distribute for sale, or distribute for use in this state any paint or printing ink that contains chlorine-based pigments.

(ii) Beginning January 1, 2026, a retail establishment may not knowingly sell or knowingly offer for sale in this state any paint or printing ink that contains chlorine-based pigments.

(b)(i) Beginning no later than 12 months after the adoption of rules under subsection (3) of this section, a manufacturer or wholesaler may not manufacture, sell, offer for sale, distribute for sale, or distribute for use in this state a product identified under subsection (3) of this section that contains chlorine-based pigments.

(ii) Beginning no later than 24 months after the adoption of rules under subsection (3) of this section, a retail establishment may not knowingly sell or knowingly offer for sale any product identified under subsection (3) of this section that contains chlorine-based pigments.

(2) Upon a demand by the department, a person must demonstrate to the department that a product is in compliance with the requirements of subsection (1) of this section through the submission to the department of:

(a) Testing data indicating that a chlorine-based manufacturing process was not used in the manufacture of the pigments contained in the paint, printing ink, or other product; or

(b) Information pertaining to pigment manufacturing processes demonstrating that chlorine was not used in the manufacturing of pigments contained in the paint, printing ink, or other product.

(3) The department may, by rule, identify products that, as a result of the inclusion of pigments in the product, contain PCBs that were inadvertently generated in the making of the pigment. The department may require a demonstration for products identified under this subsection of the absence of chlorine-based pigments in a product in a manner consistent with subsection (2) of this section. The department must initiate a rule-making process under this subsection by October 1, 2023.

(4) The prohibitions in subsection (1) of this section do not apply to:

(a) Paint manufactured, reused, or recycled from paint collected under chapter 70A.515 RCW; or

(b) The sale of any previously owned products containing inadvertently generated PCBs made in casual or isolated sales as defined in RCW 82.04.040, or by a nonprofit organization.

(5)(a) The department may exempt a product or category of product from the prohibitions in subsection (1) of this section upon determining that a product or category of product is not capable of being manufactured in a manner that does not rely on the inclusion of chlorine-based pigments, and upon determining that allowing for the continued manufacture of the product or

category of product containing a chlorine-based pigment would not result in meaningful impacts to human health, the environment, or the ability of entities regulated under chapter 90.48 RCW to comply with water quality standards.

(b) The department may, in its discretion, extend the compliance deadline in subsection (1) of this section for a product or category of product for which a person annually demonstrates to the department by October 1st of a given year that the prohibition is not technically feasible for the person to comply with.

(6) The department may not administer or enforce the requirements of this section if:

(a) A court of competent jurisdiction determines that federal regulations preempt the requirements; or

(b) The requirement does not align with any regulation established by the United States environmental protection agency adopted after the effective date of this section.

(7) If the requirements of this section are determined by a court of competent jurisdiction to be preempted by federal regulations, the department is directed to adopt a rule, within 18 months of the determination of preemption, to establish a reporting requirement for the use of chlorine-based pigment manufacturing processes or the PCB content of any combination of paints, printing inks, or products identified by the department under subsection (3) of this section.

NEW SECTION. Sec. 5. (1) The department may adopt rules to implement, administer, and enforce the requirements of this chapter.

(2) The department may impose a civil penalty for a violation of any requirement of this chapter in an amount not to exceed \$5,000 for each violation in the case of a first offense. Persons who are repeat violators are subject to a civil penalty not to exceed \$10,000 for each repeat offense. The department must issue at least one notice of violation by certified mail prior to assessing a penalty and the department may only impose a penalty on a manufacturer or retail establishment that has not met the requirements of this chapter 60 days following the date the written notification of the violation was sent. The department may not collect a penalty from a retail establishment for a product that the retail establishment demonstrates to the department was in the possession of the retail establishment as of the effective date of the restrictions on manufacture, sale, and distribution under section 4(1) (a)(i) or (b)(i) of this act.

(3) Any penalty provided for in this section, and any order issued by the department under this chapter, may be appealed to the pollution control hearings board.

(4) All penalties collected under this chapter must be deposited in the model toxics control operating account created in RCW 70A.305.180.

Sec. 6. RCW 43.21B.110 and 2022 c 180 s 812 are each amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, the air pollution control boards or authorities as established pursuant to chapter 70A.15 RCW, local health departments, the department of natural resources, the department of fish and wildlife, the parks and recreation commission, and authorized public entities described in chapter 79.100 RCW:

MESSAGE FROM THE HOUSE

April 17, 2023

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5096 with the following amendment(s): 5096-S AMH ICEV H1657.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

Employee ownership in companies provides numerous benefits to both businesses and workers across all industries. Research from the national center for employee ownership found that one such structure, employee stock ownership plans, had better workforce retention, benefits and retirement security, and firm performance than nonemployee stock ownership plans companies in the same industry. In addition, the Rutgers school of management and labor relations found that employee-owned companies outperformed nonemployee-owned companies in job retention, pay, and workplace health safety throughout the COVID-19 pandemic. At their core, employee ownership structures allow employees to gain ownership stake in a business, increasing their personal wealth without the risks related to starting or purchasing their own company.

States throughout the nation have moved to provide support for employee ownership structures. The Colorado employee ownership office has operated since 2019 to create a network of technical support and service providers considering employee ownership structures. Recently, both California and

Massachusetts passed legislation to establish their own dedicated employee ownership support programs. Other states, such as Iowa, provide tax benefits and upfront costs to businesses interested in employee ownership.

Further, the federal government has recognized the benefit broad-based employee ownership structures provide to communities. The American rescue plan act included \$10,000,000,000 for the state small business credit initiative. Through that act congress also directed the treasury department to allow state small business credit initiative funding to be used for transitions to employee ownership, when state small business credit initiative funding has not been historically available for business transactions.

The legislature desires to provide a dedicated program to educate businesses on employee ownership, assist both owners and workers in navigating available resources, reduce barriers to transitioning to employee-owned structures, and provide tax support for businesses that transition to an employee ownership structure.

Therefore, it is the intent of the legislature to encourage the growth of employee ownership structures through this expanding employee ownership act.

NEW SECTION. Sec. 2. A new section is added to chapter 43.330 RCW to read as follows:

(1) The Washington employee ownership program is created to support the efforts of businesses considering a sale to an employee ownership structure. The Washington employee ownership program must be administered by the department and overseen by the Washington employee ownership commission established in section 3 of this act.

(2)(a) In implementing the Washington employee ownership program, the director must:

(i) Create a network of technical support and service providers for businesses considering employee ownership structures;

(ii) Work with state agencies whose regulations and programs affect employee-owned businesses, and businesses with the potential to become employee owned, to enhance opportunities and reduce barriers;

(iii) Partner with relevant private, nonprofit, and public organizations including, but not limited to, professional and trade associations, financial institutions, unions, small business development centers, economic and workforce development organizations, and nonprofit entities to promote employee ownership benefits and succession models;

(iv) Develop and make available materials regarding employee ownership benefits and succession models;

(v) Provide a referral service to help qualified business owners find appropriate legal, financial, and technical employee ownership resources and services;

(vi) Work with the department of financial institutions and appropriate state, private, and nonprofit entities to shape and implement guidance on lending to broad-based employee ownership vehicles;

(vii) Create an inventory of employee-owned businesses in the state including employee stock ownership plans, worker cooperatives, and employee ownership trusts; and

(viii) Subject to the successful award of federal funding for this purpose, establish a revolving loan program to assist existing small businesses to finance a transition to employee ownership.

(b) Loans offered by the revolving loan program must be used to help facilitate the purchase of an interest in an employee stock ownership plan or worker-owned cooperative from the owner or owners of a qualified business, provided that:

(i) The transaction results in the employee stock ownership plan or worker cooperative holding a majority interest in the business, on a fully diluted basis; and

(ii) If used to assist in the purchase of an interest in an employee stock ownership plan, the employee stock ownership plan: (A) Has appointed an independent trustee; or (B) has, as a trustee, person, or entity, completed education on best practices for employee stock ownership plans.

(c) Loans financing the sale of an interest to a worker cooperative shall be extended based on repayment ability and shall not require a personal or entity guarantee. In meeting the requirement in (b) of this subsection, lending guidelines must be established for worker cooperatives not based on any personal or entity guarantees provided by the member owners or the selling business owner. These guidelines may include but are not limited to cash flow-based underwriting, character-based lending, and reliance on business assets.

(d) In order to support the revolving loan program, the director or the director's designee must apply for federal funding opportunities that:

(i) Support capitalization of state revolving loan programs; and

(ii) Support businesses that seek to transition to employee ownership.

(e) Amounts from the repayment of loans offered by the revolving loan program must be deposited in the employee ownership revolving loan program account established in section 6 of this act.

(3) The director or the director's designee may contract with consultants, agents, or advisors necessary to further the purposes of this section.

(4) By December 1st each year, the department must submit a report to the appropriate committees of the legislature on program activities and the number of employee-owned businesses and employee-owned trusts in the state, including recommendations for improvement and barriers for businesses considering employee ownership structures in Washington state. The first report must include rules and guidelines for the administration of the program, as established by the Washington employee ownership commission.

(5) For the purposes of this section:

(a) "Employee-owned business" means:

(i) An employee cooperative established under chapter 23.78, 23.86, 23.100, or 24.06 RCW that has at least 50 percent of its board of directors consisting of, and elected by, its employees; or

(ii) An entity owned in whole or in part by employee stock ownership plans as defined in 26 U.S.C. Sec. 4975(e)(7).

(b) "Qualified business" means a person subject to tax under Title 82 RCW, including but not limited to a C corporation, S corporation, limited liability company, partnership, limited liability partnership, sole proprietorship, or other similar pass-through entity, that is not owned in whole or in part by an employee ownership trust, that does not have an employee stock ownership plan, or that is not, in whole or in part, a worker-owned cooperative.

(6) Program support shall only be made available to businesses headquartered in Washington state. For the purposes of this section, "headquartered in Washington state" means that Washington state is its principal place of business or the state where it is incorporated.

(7) The director shall adopt rules as necessary to implement this section.

NEW SECTION. Sec. 3. A new section is added to chapter 43.330 RCW to read as follows:

ONE HUNDRED FIRST DAY, APRIL 19, 2023

(1) The Washington employee ownership commission is hereby created to exercise the powers in developing and supervising the program created in section 2 of this act.

(2) The commission shall consist of:

(a) One member from each of the two major caucuses of the house of representatives to be appointed by the speaker of the house and one member from each of the two major caucuses of the senate to be appointed by the president of the senate. The initial term shall be two years; and

(b) The following members appointed by the governor:

(i) Five members who represent the private sector or professional organizations as follows:

(A) One representative of a worker cooperative business. The initial term shall be four years;

(B) One representative of an employee stock ownership plan business. The initial term shall be four years;

(C) One representative from a statewide business association. The initial term shall be two years;

(D) One economic development expert, from the private sector, with employee ownership knowledge and experience. The initial term shall be four years; and

(E) One representative from a financial institution with expertise in assisting businesses transitioning into an employee ownership structure. The initial term shall be two years; and

(ii) Two members who represent the public sector as follows:

(A) One economic development expert, from the public sector. The initial term shall be four years; and

(B) One representative from the department of commerce, who will chair the first meeting prior to the election of the chair. The initial term shall be four years.

(3) After the initial term of appointment, all members shall serve terms of four years and shall hold office until successors are appointed.

(4) The commission shall be led by a chair selected and voted on by members of the commission. The chair shall serve a one-year term but may serve more than one term if selected to do so by members of the commission.

(5) The commission shall develop, in consultation with the director, rules and guidelines to administer the program. Rules and guidelines for the administration of the program must be included in the first report to the legislature required in section 2 of this act.

(6) Before making any appointments to the commission, the governor must seek nominations from recognized organizations that represent the entities or interests identified in this section. The governor must select appointees to represent private sector industries from a list of three nominations provided by the trade associations representing the industry, unless no names are put forth by the trade associations.

(7) The commission shall conduct market research for the purposes of, or to support, a future application to the federal government for a program to assist in the purchase of an interest in an employee stock ownership plan qualifying under section 401 of the internal revenue code, worker cooperative, or related broad-based employee ownership vehicle.

(8) For purposes of this section, a "professional organization" includes an entity whose members are engaged in a particular lawful vocation, occupation, or field of activity of a specialized nature including, but not limited to, associations, boards, educational institutions, and nonprofit organizations.

NEW SECTION. Sec. 4. (1) This section is the tax preference performance statement for the tax preference contained in section 5, chapter . . . , Laws of 2023 (section 5 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to

create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to encourage business owners to create an employee stock ownership plan or employee ownership trust, or to convert to a worker-owned cooperative, that allows the company to share ownership with their employees without requiring employees to invest their own money.

(4) If a review finds that the number of businesses in this state offering employee stock ownership plans, employee ownership trusts, or ones that have converted to a worker-owned cooperative, has increased because of the tax credit under this act, then the legislature intends for the legislative auditor to recommend extending the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may access and use any relevant data collected by the state.

NEW SECTION. Sec. 5. A new section is added to chapter 82.04 RCW to read as follows:

(1) Beginning July 1, 2024, in computing the tax imposed under this chapter, a credit is allowed for costs related to converting a qualifying business to a worker-owned cooperative, employee ownership trust, or an employee stock ownership plan, as provided in this section.

(2) The credit is equal to:

(a) Up to 50 percent of the conversion costs, not to exceed \$25,000, incurred by a qualified business for converting the qualified business to a worker-owned cooperative or an employee ownership trust; or

(b) Up to 50 percent of the conversion costs, not to exceed \$100,000, incurred by a qualified business for converting the qualified business to an employee stock ownership plan.

(3)(a) Credit under this section is earned, and claimed against taxes due under this chapter, for the tax reporting period in which the conversion to a worker-owned cooperative, employee ownership trust, or an employee stock ownership plan is complete, or subsequent tax reporting periods as provided in (c) of this subsection.

(b) The credit must not exceed the tax otherwise due under this chapter for the tax reporting period.

(c) Unused credit may be carried over and used in subsequent tax reporting periods, except that no credit may be claimed more than 12 months from the end of the tax reporting period in which the credit was earned.

(d) No refunds may be granted for credits under this section.

(4)(a) The total amount of credits authorized under this section may not exceed an annual statewide limit of \$2,000,000.

(b) Credits must be authorized on a first-in-time basis.

(c) No credit may be earned, during any calendar year, on or after the last day of the calendar month immediately following the month the department has determined that \$2,000,000 in credit has been earned.

(5)(a) The department may require persons claiming a credit under this section to provide appropriate documentation, in a manner as determined by the department, for the purposes of determining eligibility under this section.

(b) Every person claiming a credit under this section must preserve, for a period of five years, any documentation to substantiate the amount of credit claimed.

(6) For the purposes of this section:

(a) "Conversion costs" means professional services, including accounting, legal, and business advisory services, as detailed in the guidelines issued by the department, for: (i) A feasibility study or other preliminary assessments regarding a transition of a business to an employee stock ownership plan, a worker-owned cooperative, or an employee ownership trust; or (ii) the transition of a business to an employee stock ownership plan, a worker-owned cooperative, or an employee ownership trust.

(b) "Employee ownership trust" means an indirect form of employee ownership in which a trust holds a controlling stake in a qualified business and benefits all employees on an equal basis.

(c) "Employee stock ownership plan" has the same meaning as set forth in 26 U.S.C. Sec. 4975(e)(7), as of the effective date of this section.

(d) "Qualified business" means a person subject to tax under this chapter, including but not limited to a C corporation, S corporation, limited liability company, partnership, limited liability partnership, sole proprietorship, or other similar pass-through entity, that is not owned in whole or in part by an employee ownership trust, that does not have an employee stock ownership plan, or that is not, in whole or in part, a worker-owned cooperative, and that is approved by the department for the tax credit in this section.

(e) "Worker-owned cooperative" has the same meaning as set forth in 26 U.S.C. Sec. 1042(c)(2), as of the effective date of this section, or such subsequent dates as may be provided by rule by the department, consistent with the purposes of this section.

(7) Credits allowed under this section can be earned for tax reporting periods starting on or before June 30, 2029. No credits can be claimed on returns filed for tax periods starting on or after July 1, 2030.

(8) This section expires July 1, 2030.

NEW SECTION. Sec. 6. A new section is added to chapter 43.330 RCW to read as follows:

The employee ownership revolving loan program account is created in the custody of the state treasury. All transfers and appropriations by the legislature, repayments of loans, private contributions, and all other sources must be deposited into the account. Expenditures from the account may be used only for the purposes of the Washington employee ownership program created in section 2 of this act. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 7. Sections 4 and 5 of this act take effect July 1, 2024.

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5447 with the following amendment(s): 5447-S.E AMH ENGR H1845.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature intends to use funds from the climate commitment act to promote the production and use of sustainable aviation fuels, thereby growing the clean energy sector, addressing greenhouse gas emissions, and creating family wage manufacturing jobs in Washington. Sustainable aviation fuels represent the most significant near and midterm opportunity for aviation to reduce its greenhouse gas emissions. The use of sustainable aviation fuels will also improve air quality for airport workers and communities surrounding airports. While many efforts are underway to advance the use of sustainable aviation fuels, this act is intended to assist and accelerate those efforts.

PART I

TREATMENT OF ALTERNATIVE JET FUELS

Sec. 2. RCW 70A.535.010 and 2022 c 182 s 409 are each amended to read as follows:

Alternative jet fuel includes jet fuels derived from coprocessed feedstocks at a conventional petroleum refinery.

NEW SECTION. Sec. 3. A new section is added to chapter 70A.535 RCW to read as follows:

PART II

ALTERNATIVE JET FUEL TAX INCENTIVES

NEW SECTION. Sec. 8. (1) This section is the tax preference performance statement for the tax preferences contained in sections 9 through 12, chapter . . . , Laws of 2023 (sections 9 through 12 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or to be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to improve industry competitiveness as indicated in RCW 82.32.808(2)(b).

(3) It is the legislature's specific public policy objective to encourage the production and use of alternative jet fuels. It is also the legislature's intent to support the development of the alternative jet fuels industry in Washington by providing targeted tax relief for such businesses.

(4) The legislature intends to extend the expiration date of the tax preferences contained in this act if a review finds:

(a) An increase in the production and use of alternative jet fuels in Washington by persons claiming the tax preferences in this act;

(b) That the production and use of alternative jet fuels in this state does not result in additional pollution including, but not

limited to, pollution from per-and polyfluoroalkyl substances, noxious gases, ultrafine particles, lead, or other metals; and

(c) That the alternative jet fuel industry has created measurable economic growth in Washington.

(5) The review conducted by the joint legislative audit and review committee must include a racial equity analysis on air travel-related pollution in communities near an international airport owned by a port district in a county with a population greater than 1,500,000.

(6) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may access and use data from an international airport owned by a port district in a county with a population greater than 1,500,000, the University of Washington, reports compiled by the Washington State University pursuant to section 7 of this act, and any other data collected by the state as it deems necessary.

(7) The joint legislative audit and review committee must complete a preliminary report by December 1, 2032.

NEW SECTION. Sec. 9. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within the state in the business of manufacturing alternative jet fuel; as to such persons, the amount of the tax with respect to such business is, in the case of manufacturers, equal to the value of the product manufactured, or in the case of processors for hire, equal to the gross income of the business, multiplied by the rate of 0.275 percent.

(2) Upon every person engaging in making sales, at retail or wholesale, of manufactured alternative jet fuel; as to such persons, the amount of the tax with respect to such business is equal to the gross proceeds of sales of the alternative jet fuel, multiplied by the rate of 0.275 percent.

(3) For the purposes of this section, "alternative jet fuel" means a fuel that can be blended and used with conventional petroleum jet fuels without the need to modify aircraft engines and existing fuel distribution infrastructure and that has lower greenhouse gas emissions based on a full life-cycle analysis when compared to conventional petroleum jet fuel for which it is capable as serving as a substitute, as certified by the department of ecology using the methods for determining the carbon intensity of fuels under chapter 70A.535 RCW. "Alternative jet fuel" includes jet fuels derived from coprocessed feedstocks at a conventional petroleum refinery as certified by the department of ecology using the methods for determining the carbon intensity of fuels under chapter 70A.535 RCW.

(4) A person reporting under the tax rate provided in this section must file a complete annual tax performance report with the department under RCW 82.32.534.

(5)(a) The tax rate under subsections (1) and (2) of this section takes effect on the first day of the first calendar quarter following the month in which the department receives notice from the department of ecology that there are one or more facilities operating in this state with a cumulative production capacity of at least 20,000,000 gallons of alternative jet fuel each year, as required in section 3 of this act.

(2) Of the amounts appropriated to the program, 23 percent shall be provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost-effectiveness of trips provided.

(3) The remaining 77 percent of amounts appropriated to the program shall be provided solely for grants to transit agencies to support persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation, in the latest calendar year for which the department publishes data in the most recent "Summary of Public Transportation" report, that is no less than the previous year's maintenance of effort for special needs transportation as shown in the report. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service for the

latest calendar year as published in the most recent "Summary of Public Transportation" report. No transit agency shall receive more than 30 percent of the distribution.

NEW SECTION. Sec. 2. A new section is added to chapter 47.66 RCW to read as follows:

(3) The department shall report annually to the transportation committees of the legislature and the office of financial management on all freight rail investment bank loans issued.

(4) Projects shall be evaluated using a cost-benefit methodology. The methodology must use the following legislative priorities:

(a) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

(b) Self-sustaining economic development that creates family-wage jobs;

(c) Preservation of transportation corridors that would otherwise be lost;

(d) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;

(e) Better integration and cooperation within the regional, national, and international systems of freight distribution; and

MESSAGE FROM THE HOUSE

April 18, 2023

MR. PRESIDENT:

The House passed SENATE BILL NO. 5765 with the following amendment(s): 5765 AMH MCCL MUNN 838; 5765 AMH MCCL MUNN 837

On page 3, line 19, after "section." insert "The toll rates established pursuant to the bistate agreement may not be set at a rate that exceeds the highest toll rate allowed on any of the other toll facilities in Washington, unless the legislature provides direction to do so in duly enacted legislation."

MOTION

On page 3, line 19, after "section." insert "The toll rates established pursuant to the bistate agreement may not be set to pay for all of the operational and administrative costs of Oregon's tolling system. The Washington tolling authority must require toll rates that specifically cover the Interstate 5 Columbia river bridge without subsidizing other Oregon toll facilities. Washington residents are already paying for toll system operations of the Washington department of transportation, and therefore the agreement must recognize that it would be unfair for the toll rates on the Interstate 5 Columbia river bridge to pay for administrative and program costs of the Oregon department of transportation that are created with the expectation to benefit multiple tolled facilities in Oregon."

and the same are herewith transmitted.

MELISSA PALMER, Deputy Chief Clerk
