If an offender has a higher midpoint, a motion for a special drug offender sentencing alternative for driving under the influence can only be made by joint agreement of the state and offender.

(3) If the sentencing court determines that the offender is eligible for an alternative sentence under this section and that the alternative sentence is appropriate, the court shall waive imposition of a sentence within the standard sentence range and:

(a) Impose a sentence equivalent to a prison-based alternative under RCW 9.94A.662, and subject to the same requirements and restrictions as are established in that section, if the low end of the standard sentence range is greater than 24 months; or

(b) Impose a sentence consisting of a residential treatment-based alternative consistent with this section if the low end of the standard sentence range is 24 months or less.

(4)(a) To assist the court in making its determination, the court may order the department to complete either a risk assessment report or a substance use disorder screening report as provided in RCW 9.94A.500, or both.

(b) If the court is considering imposing a sentence under the residential substance use disorder treatment-based alternative, the court may order an examination of the offender by the department. The examination shall, at a minimum, address the following issues:

(c) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements and recommendations regarding termination from treatment.

(8) At a progress hearing or treatment termination hearing, the court may:

(a) Authorize the department to terminate the offender's community custody status on the expiration date determined under subsection (7) of this section;

(b) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of partial confinement or community custody; or

community custody if the offender violates the conditions or requirements of the sentence or if the offender is failing to make satisfactory progress in treatment.

(c) An offender ordered to serve a term of total confinement under (b) of this subsection shall receive credit for any time previously served in total confinement or residential treatment under this section and shall receive 50 percent credit for any time previously served in partial confinement or community custody under this section.

(10) In serving a term of community custody imposed upon failure to complete, or administrative termination from, the special drug offender sentencing alternative program for driving under the influence under this section, the offender shall receive no credit for time served in community custody prior to termination of the offender's participation in the program.

Sec. 2. RCW 9.94A.030 and 2022 c 231 s 11 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within 880 feet of the facilities and grounds of a public or private school.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon. However, when a defendant is charged with a recidivist offense, "criminal history" includes a vacated prior conviction for the sole purpose of establishing that such vacated prior conviction constitutes an element of the present recidivist offense as provided in RCW 9.94A.640(4)(b) and 9.96.060(7)(c).

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(1) When a person is convicted of a felony, the court shall impose punishment as provided in this chapter.

(2)(a) The court shall impose a sentence as provided in the following sections and as applicable in the case:

(i) Unless another term of confinement applies, a sentence within the standard sentence range established in RCW 9.94A.510 or 9.94A.517;

(ii) RCW 9.94A.701 and 9.94A.702, relating to community custody;

(iii) RCW 9.94A.570, relating to persistent offenders;

(iv) RCW 9.94A.540, relating to mandatory minimum terms;

(v) RCW 9.94A.650, relating to the first-time offender waiver;

(vi) RCW 9.94A.660, relating to the drug offender sentencing alternative;

(vii) Section 1 of this act, relating to the drug offender sentencing alternative for driving under the influence;

(viii) RCW 9.94A.670, relating to the special sex offender sentencing alternative;

~~((viii))~~ (ix) RCW 9.94A.655, relating to the parenting sentencing alternative;

~~((ix))~~ (x) RCW 9.94A.695, relating to the mental health sentencing alternative;

~~((x))~~ (xi) RCW 9.94A.507, relating to certain sex offenses;

~~((xiv))~~ (xv) RCW 9.94A.711, relating to the theft or taking of a motor vehicle.

(b) If a standard sentence range has not been established for the offender's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community restitution work; a term of community custody under RCW 9.94A.702 not to exceed one year; and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of 30 days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than 30 days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(4) If a sentence imposed includes payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, and 9.94A.760.

(5) Except as provided under RCW 9.94A.750(4) and 9.94A.753(4), a court may not impose a sentence providing for a term of confinement or community custody that exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(7) The sentencing court shall not give the offender credit for any time the offender was required to comply with an electronic monitoring program prior to sentencing if the offender was convicted of one of the following offenses:

- (a) A violent offense;
- (b) Any sex offense;
- (c) Any drug offense;

(8) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.

(9) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter. "Crime-related prohibitions" may include a prohibition on the use or possession of alcohol or controlled substances if the court finds that any chemical dependency or substance abuse contributed to the offense.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

Sec. 6. RCW 9.94A.525 and 2021 c 215 s 100 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ~~((ten))~~ 10 consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all

predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ~~((ten))~~ 10 consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

ONE HUNDRED SECOND DAY, APRIL 20, 2023

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior

convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW ~~((9A.44.130 or))~~ 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW ~~((9A.44.130 or))~~ 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however, count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order (RCW 7.105.450 or former RCW 26.50.110), felony Harassment (RCW 9A.46.020(2)(b)), felony Stalking (RCW 9A.46.110(5)(b)), Burglary 1 (RCW 9A.52.020), Kidnapping 1 (RCW 9A.40.020), Kidnapping 2 (RCW 9A.40.030), Unlawful imprisonment (RCW 9A.40.040), Robbery 1 (RCW 9A.56.200), Robbery 2 (RCW 9A.56.210), Assault 1 (RCW 9A.36.011), Assault 2 (RCW 9A.36.021), Assault 3 (RCW 9A.36.031), Arson 1 (RCW 9A.48.020), or Arson 2 (RCW 9A.48.030);

(7)(a) The court may bring any offender sentenced under this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the conditions of the community custody or impose sanctions under (c) of this subsection.

An additional report is due November 1, 2028, and every five years thereafter. Sec. 27. RCW 46.20.385 and 2020 c 330 s 9 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or has had his or her license suspended, revoked, or denied under RCW 46.61.5055(11)(c), or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

ONE HUNDRED SECOND DAY, APRIL 20, 2023

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain ~~((twenty-five))~~ 25 cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

Sec. 28. RCW 46.20.720 and 2020 c 330 s 10 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges, or upon fulfillment of day-for-day credit under RCW 46.61.5055(9)(b)(ii) for a suspension, revocation, or denial of driving privileges:

(i) Due to a conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(ii) Due to a conviction of a violation of RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person; or

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific alcohol set point at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Alcohol set point.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall have an alcohol set point that prevents the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ~~((ten))~~ 10 years.

The restriction of a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and who committed the offense while one or more passengers under the age of ~~((sixteen))~~ 16 were in the vehicle shall be extended for an additional period as required by RCW 46.61.5055(6)(a).

For purposes of determining a period of restriction for a person restricted pursuant to a conviction under (d) of this subsection, a restriction based on a deferred prosecution under subsection (1)(c) of this section arising out of the same incident is not considered a prior restriction for purposes of this subsection.

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by ~~((one hundred eighty))~~ 180 days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750. If the period of

restriction under (c) or (d) of this subsection has been fulfilled and cannot be extended, the department must add a new ~~((one hundred eighty-day))~~ 180-day restriction that is imposed from the date of conviction and is subject to the requirements for removal under subsection (4) of this section.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. For all drivers restricted under this section with incidents and restriction start dates prior to June 9, 2016, a driver may apply to waive the restriction by applying for a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) Requirements for removal. A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying the following:

(a) That there have been none of the following incidents in the ~~((one hundred eighty))~~ 180 consecutive days prior to the date of release:

(i) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ~~((ten))~~ 10 minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(ii) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(iii) Failure to pass any random retest with a breath alcohol concentration of lower than 0.020 unless a subsequent test performed within ~~((ten))~~ 10 minutes registers a breath alcohol concentration lower than 0.020, and the digital image confirms the same person provided both samples;

(iv) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device; or

(v) Removal of the ignition interlock device by a person other than an ignition interlock technician certified by the Washington state patrol; and

(b) That the ignition interlock device was inspected at the conclusion of the ~~((one hundred eighty-day))~~ 180-day period by an ignition interlock technician certified by the Washington state patrol and no evidence was found that the device was tampered with in the manner described in RCW 46.20.750.

(5) Day-for-day credit. (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the

incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) Employer exemption. (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to chapter 5.50 RCW from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. When the department receives a declaration under this subsection, it shall attach or imprint a notation on the person's driving record stating that the employer exemption applies.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(c) The employer exemption does not apply to a person who is self-employed unless the person's vehicle is used exclusively for the person's employment.

(7) Ignition interlock device revolving account. In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of ~~((twenty-one dollars))~~ \$21 per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain ~~((twenty-five))~~ 25 cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) Foreign jurisdiction. For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive one or more requirements for removal under subsection (4) of this section if compliance with the requirement or requirements would be impractical in the case of a person residing in another jurisdiction, provided the person is in compliance with any equivalent requirement of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

Sec. 29. RCW 46.20.740 and 2020 c 330 s 11 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock

ONE HUNDRED SECOND DAY, APRIL 20, 2023

device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e). It is an affirmative defense, which the defendant must prove by a preponderance of the evidence, that the employer exemption in RCW 46.20.720(6) applies. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

Sec. 30. RCW 46.52.130 and 2022 c 182 s 206 are each amended to read as follows:

Upon a proper request, the department may only furnish information contained in an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

(a) An enumeration of motor vehicle accidents in which the person was driving, including:

(i) The total number of vehicles involved;

(ii) Whether the vehicles were legally parked or moving;

(iii) Whether the vehicles were occupied at the time of the accident; and

(iv) Whether the accident resulted in a fatality;

(b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;

(c) The status of the person's driving privilege in this state; and

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** Unless otherwise required in this section, the release of an abstract does not require a signed statement by the subject of the abstract. An abstract of a person's driving record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal

case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. A probation clerk or probation officer employed by the court may also provide a copy of the driver's abstract to a treatment agency in accordance with (f) of this subsection. Courts may charge a reasonable fee for the production and copying of the abstract for the individual unless the person is indigent as defined in RCW 10.101.010.

(b) **Employers or prospective employers.** (i) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or agents acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(ii) The department may provide employers or their agents a three-year insurance carrier driving record of existing employees only for the purposes of sharing the driving record with its insurance carrier for underwriting. Employers may not provide the employees' full driving records to its insurance carrier.

(iii) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or the agent(s) acting on behalf of an employer or prospective employer of the named individual for purposes unrelated to driving by the individual when a driving record is required by federal or state law, or the employee or prospective employee will be handling heavy equipment or machinery.

(iv) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (A) The employee or prospective employee that authorizes the release of the record; and (B) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes agents to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(v) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(vi) No employer or prospective employer, nor any agents of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agents of the employer or prospective employer, as may be required to ensure the application of this subsection.

(c) **Volunteer organizations.** (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) **Transit authorities.** An abstract of the full driving record maintained by the department may be furnished to an employee or agents of a transit authority checking prospective or existing volunteer vanpool drivers for insurance and risk management needs.

(e) **Insurance carriers.** (i) An abstract of the driving record maintained by the department covering the period of not more than the last three years may be furnished to an insurance company or its agents:

(A) That has motor vehicle or life insurance in effect covering the named individual;

(B) To which the named individual has applied; or

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty, or by registered tow truck operators as defined in RCW 46.55.010 in the performance of their occupational duties while at the scene of a roadside impound or recovery so long as they are not issued a citation. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(C) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agents, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agents, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles. For the purposes of this subsection, "commercial motor vehicle" has the same meaning as in RCW 46.25.010(6).

(f) **Alcohol/drug assessment or treatment agencies.** An abstract of the full driving record maintained by the department

~~((covering the period of not more than the last five years))~~ may be furnished to an alcohol/drug assessment or treatment agency approved by the department of health to which the named individual has applied or been assigned for evaluation or treatment, for purposes of assisting employees in making a determination as to what level of treatment, if any, is appropriate, ~~((except that))~~ and the abstract must:

(i) Also include records of alcohol-related offenses, as defined in RCW 46.01.260(2) ~~((covering a period of not more than the last ten years))~~; and

(ii) Indicate whether an alcohol-related offense was originally charged as a violation of either RCW 46.61.502 or 46.61.504.

(g) **Attorneys—City attorneys, county prosecuting attorneys, and named individual's attorney of record.** An abstract of the full driving record maintained by the department, including whether a recorded violation is an alcohol-related offense, as defined in RCW 46.01.260(2), that was originally charged as a violation of either RCW 46.61.502 or 46.61.504, may be furnished to city attorneys, county prosecuting attorneys, or the named individual's attorney of record. City attorneys, county prosecuting attorneys, or the named individual's attorney of record may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment.

(h) **State colleges, universities, or agencies, or units of local government.** An abstract of the full driving record maintained by the department may be furnished to (i) state colleges, universities, or agencies for employment and risk management purposes or (ii) units of local government authorized to self-insure under RCW 48.62.031, or their agents, for employment and risk management purposes. "Unit of local government" includes an insurance pool established under RCW 48.62.031.

(i) **Superintendent of public instruction.** (i) An abstract of the full driving record maintained by the department may be furnished to the superintendent of public instruction for review of public school bus driver records. The superintendent or superintendent's designee may discuss information on the driving record with an authorized representative of the employing school district for employment and risk management purposes.

(ii) The superintendent of public instruction is exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section.

(j) **State and federal agencies.** An abstract of the driving record maintained by the department may be furnished to state and federal agencies, or their agents, in carrying out its functions.

(k) **Transportation network companies.** An abstract of the full driving record maintained by the department may be furnished to a transportation network company or its agents acting on its behalf of the named individual for purposes related to driving by the individual as a condition of being a contracted driver.

(l) **Research.** (i) The department may furnish driving record data to state agencies and bona fide scientific research organizations. The department may require review and approval by an institutional review board. For the purposes of this subsection, "research" means a planned and systematic sociological, psychological, epidemiological, biomedical, or other scientific investigation carried out by a state agency, or by a scientific research professional associated with a bona fide scientific research organization with an objective to contribute to scientific knowledge, the solution of social and health problems, or the evaluation of public benefit and service programs. This definition excludes methods of record analysis and data

collection that are subjective, do not permit replication, and are not designed to yield reliable and valid results.

(ii) The state agency, or a scientific research professional associated with a bona fide scientific research organization, are exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section. However, the department may charge a cost-recovery fee for the actual cost of providing the data.

(3) **Reviewing of driving records.** (a) In addition to the methods described herein, the director may enter into a contractual agreement for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that does not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(b) The department may provide reviewing services to the following entities:

- (i) Employers for existing employees, or their agents;

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 1559, by House Committee on Appropriations (originally sponsored by

Entenman, Fitzgibbon, Stonier, Paul, Riccelli, Bergquist, Pollet and Leavitt)

Establishing the student basic needs at public postsecondary institutions act.

The measure was read the second time.

MOTION

Senator Randall moved that the following striking amendment no. 0456 by Senator Randall be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In 2022, students at 39 colleges and universities across Washington state participated in a survey about basic needs insecurities, including access to food, housing, child care, and more. The survey found that nearly half of all students in all regions of the state experienced some type of basic needs insecurity. One in every three students experienced either food insecurity or housing insecurity. One in every 10 students had also experienced homelessness in the previous 12 months. Some students experienced these insecurities at higher rates than others, and former foster youth had the highest rates of basic needs insecurities with 75 percent experiencing either food or housing insecurity. Addressing basic needs challenges for students contributes to their ability to remain enrolled and pursue their educational goals as evidenced by data from the two student support programs the legislature previously enacted, the student emergency assistance grant program and the supporting students experiencing homelessness pilot program. When students received this assistance, an average of 88 percent of them were able to persist in their programs.

Therefore, the legislature intends to continue to support students and help students meet their basic needs by increasing access to resources and support services.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, each institution of higher education, the university campuses created under chapter 28B.45 RCW, and the tribal college must have a minimum of one benefits navigator employed at a minimum .75 full-time equivalent rate, not to be divided between two or more staff, to assist students in accessing public benefits, existing emergency assistance programs such as those funded by RCW 28B.50.295, and other community resources. Each benefits navigator must be stationed at a single location on campus where students are directed to receive assistance. The institutions of higher education and the tribal college, in coordination with the respective benefits navigators, must each develop a hunger-free and basic needs campus strategic plan by April 1, 2024. Each strategic plan must:

(a) Identify campus food pantry policies that, in practice, create barriers to access and reduce or remove those barriers in the implementation of this subsection;

(b) Review and update methods to identify likely low-income and food-insecure students and conduct communications and outreach methods by the institution to promote opportunities for benefits assistance (such as basic food enrollment, working connections child care enrollment, referrals to the special supplemental nutrition program for women, infants, and children, affordable housing assistance) and emergency financial resources;

(c) Assess the needs and advantages of the benefits navigators;

(d) Identify opportunities for the institution and partnerships with community-based organizations to holistically support students' basic needs, access to benefits and community resources;

(e) Facilitate discussions and generate recommendations amongst community stakeholders on the basic needs of the institution's geographic postsecondary student population; and

(f) Assess the distribution of state funds for basic needs support provided to institutions of higher education and the tribal college.

(2) By the beginning of the 2024-25 academic year, the Washington student achievement council must collect and disseminate results of a student survey developed by the student achievement council, in collaboration with the state board for community and technical colleges and an organization representing the presidents of the public four-year institutions of higher education, to assess food security, housing security, and access to basic economic supports. Results from the survey may be used by the institutions of higher education and the tribal college. Existing survey tools may be used for this purpose.

(3) Public four-year institutions of higher education and their respective university campuses shall coordinate with an organization representing the presidents of the public four-year institutions to submit a report that must include outcomes from implementation of benefits navigators and findings and activities from their respective hunger-free and basic needs campus strategic plans. The community and technical colleges shall coordinate with the state board for community and technical colleges to submit a report that must include outcomes from implementation of benefits navigators and findings and activities from their respective hunger-free and basic needs campus strategic plans. The organizations representing the presidents of the public four-year institutions and the state board for community and technical colleges must submit the reports by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(4) The tribal college shall submit a report that must include the findings and activities from implementation of the benefits navigator and findings and activities from the hunger-free and basic needs campus strategic plan. The tribal college must submit the report by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Benefits navigator" means an individual who is employed by an institution of higher education for the purpose of helping students seek, apply for, and receive assistance from benefits programs, emergency resources, and community resources.

(b) "Institutions of higher education" has the same meaning as in RCW 28B.10.016.

(c) "Student basic needs" means food, water, shelter, clothing, physical health, mental health, child care, or similar needs that students enrolled at an institution of higher education or tribal college may face difficulty with and that hinders their ability to begin or continue their enrollment.

NEW SECTION. Sec. 3. (1) Subject to the availability of amounts appropriated for this specific purpose, a pilot program to provide free and low-cost meal plans or food vouchers to eligible low-income students is established at:

ONE HUNDRED SECOND DAY, APRIL 20, 2023

(a) Four college districts, two on each side of the crest of the Cascade mountains, selected by the state board for community and technical colleges; and

(b) Two public four-year institutions of higher education, one on each side of the crest of the Cascade mountains, selected by an organization representing the presidents of public four-year institutions.

(2) The pilot program expires July 1, 2026.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "adding a new section to chapter 28B.10 RCW; creating new sections; and providing an expiration date."

(6) This section applies to all requests for penalties made after September 1, 2020.

NEW SECTION. **Sec. 3.** A new section is added to chapter 51.14 RCW to read as follows:

(1) All self-insured municipal employers and self-insured private sector firefighter employers and their third-party administrators have a duty of good faith and fair dealing to workers relating to all aspects of this title. The duty of good faith requires fair dealing and equal consideration for the worker's interests.

(2) A self-insured municipal employer or self-insured private sector firefighter employer or their third-party administrator violates its duty to the worker if it coerces a worker to accept less than the compensation due under this title, or otherwise fails to act in good faith and fair dealing regarding its obligations under this title.

(3) The department shall adopt by rule additional applications of the duty of good faith and fair dealing as well as criteria for determining appropriate penalties for violations. In adopting a rule under this subsection, the department shall consider, among other factors, recognized and approved claim processing practices within the insurance industry, the department's own experience, and the industrial insurance and insurance laws and rules of this state.

(4) The department shall investigate each alleged violation of this section upon the filing of a written complaint or upon its own motion. After receiving notice and a request for a response from the department, the municipal employer or private sector firefighter employer or their third-party administrator may file a written response within 10 working days. If the municipal employer or private sector firefighter employer or their third-party administrator fails to file a timely response, the department shall issue an order based on available information.

(5) The department shall issue an order determining whether a violation of this section has occurred, in conformance with RCW 51.52.050, within 30 calendar days of receipt of a complete complaint or its own motion. An order finding that a violation has occurred must also order the municipal employer or private sector firefighter employer to pay a penalty of one to 52 times the average weekly wage at the time of the order, depending upon the severity of the violation, which accrues for the benefit of the worker.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Municipal" means any counties, cities, towns, port districts, water-sewer districts, school districts, metropolitan park districts, fire districts, public hospital districts, regional fire protection service authorities, education service districts, or such other units of local government.

(b) "Private sector firefighter employer" means any private sector employer who employs over 50 firefighters, including supervisors, on a full-time, fully compensated basis as a firefighter of the employer's fire department, only with respect to their firefighters.

Sec. 4. RCW 51.14.080 and 1986 c 57 s 7 are each amended to read as follows:

((4)) (d) The self-insurer habitually fails to comply with rules and regulations of the director regarding reports or other requirements necessary to carry out the purposes of this title; or

((5)) (e) The self-insurer habitually engages in a practice of arbitrarily or unreasonably refusing employment to applicants for employment or discharging employees because of nondisabling bodily conditions; or

((6)) (f) The self-insurer fails to pay an insolvency assessment under the procedures established pursuant to RCW 51.14.077; or

(g)(i) For a self-insured municipal employer, the self-insurer has been found to have violated the self-insurer's duty of good faith and fair dealing three times within a three-year period.

(ii) For purposes of determining whether there have been three violations within a three-year period, the director must use the date of the department's order. Any subsequent order of the department, board of industrial insurance appeals, or courts affirming a violation occurred relates back to the date of the department's order.

(iii) Errors or delays that are inadvertent or minor are not considered violations of good faith and fair dealing for purposes of this subsection (1)(g).

(2) The director may delay withdrawing the certification of the self-insured municipal employer while the employer has an enforceable contract with a licensed third-party administrator that may not be legally terminated. However, the self-insured municipal employer may not renew or extend the contract.

(3) For the purposes of this section, "municipal" has the same meaning as defined in section 3 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 51.14 RCW to read as follows:

Nothing in this act shall be interpreted as allowing a private cause of action outside of the original jurisdiction of the department to assess penalties and rights to appeal as provided in this title.

NEW SECTION. Sec. 6. This act applies to all claims regardless of the date of injury.

NEW SECTION. Sec. 7. This act takes effect July 1, 2024."

On page 1, line 2 of the title, after "duties;" strike the remainder of the title and insert "amending RCW 51.48.080, 51.48.017, and 51.14.080; adding new sections to chapter 51.14 RCW; creating a new section; prescribing penalties; and providing an effective date."

MOTION

Senator Shewmake moved that the following striking amendment no. 0459 by Senator Liias be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. During the regular legislative session of 2022, the legislature passed Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), a significant transportation resources bill intended to provide needed transportation funding throughout the state. However, since the enactment of that act, certain drafting errors and omissions were identified within the act resulting in some provisions being enacted contrary to legislative intent. Additionally, some corrective changes were identified that would better conform certain provisions with original legislative intent. Therefore, it is the intent of the legislature to simply correct manifest drafting errors and omissions and adopt corrective changes in order to conform certain provisions with the original legislative intent of Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022). It is not the intent of the legislature to alter the intended substantive policy enacted in Engrossed Substitute Senate Bill No. 5974 (chapter 182, Laws of 2022), but rather to make certain corrective changes.

Sec. 2. RCW 46.17.015 and 2022 c 182 s 207 are each amended to read as follows:

The license plate technology fee must be distributed under RCW 46.68.370.

(2) A vehicle registered under RCW 46.16A.455 or 46.17.330 is not subject to the license plate technology fee, except for a vehicle ~~((registered under RCW 46.16A.455(3)))~~ subject to the fee under RCW 46.17.355.

Sec. 6. RCW 47.04.380 and 2022 c 182 s 417 are each amended to read as follows:

(1) The legislature finds that many communities across Washington state have not equitably benefited from investments in the active transportation network. The legislature also finds that legacy state transportation facilities designed primarily for vehicle use caused disconnections in safe routes for people who walk, bike, and roll to work and to carry out other daily activities.

(2) To address these investment gaps, and to honor the legacy of community advocacy of Sandy Williams, the Sandy Williams connecting communities program is established within the department. The purpose of the program is to improve active transportation connectivity in communities by:

(a) Providing safe, continuous routes for pedestrians, bicyclists, and other nonvehicle users carrying out their daily activities;

(b) Mitigating for the health, safety, and access impacts of transportation infrastructure that bisects communities and creates obstacles in the local active transportation network;

(c) Investing in greenways providing protected routes for a wide variety of nonvehicular users; and

(d) Facilitating the planning, development, and implementation of projects and activities that will improve the connectivity and safety of the active transportation network.

(3) The department must select projects to propose to the legislature for funding. In selecting projects, the department must consider, at a minimum, the following criteria:

(a) Access to a transit facility, community facility, commercial center, or community-identified assets;

(b) The use of minority and women-owned businesses and community-based organizations in planning, community engagement, design, and construction of the project;

(c) Whether the project will serve:

(i) Overburdened communities as defined in RCW 70A.02.010 to mean a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020;

(ii) Vulnerable populations as defined in RCW 70A.02.010 to mean population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to adverse socioeconomic factors, such as unemployment, high housing, and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and sensitivity factors, such as low birth weight and higher rates

of hospitalization. Vulnerable populations include, but are not limited to: Racial or ethnic minorities, low-income populations, populations disproportionately impacted by environmental harms, and populations of workers experiencing environmental harms;

(iii) Household incomes at or below 200 percent of the federal poverty level; and

(iv) People with disabilities;

(d) Environmental health disparities, such as those indicated by the diesel pollution burden portion of the Washington environmental health disparities map developed by the department of health, or other similar indicators;

(e) Location on or adjacent to tribal lands or locations providing essential services to tribal members;

(f) Crash experience involving pedestrians and bicyclists; and

(g) Identified need by the community, for example in the state active transportation plan or a regional, county, or community plan.

(4) It is the intent of the legislature that the Sandy Williams connecting communities program comply with the requirements of chapter 314, Laws of 2021.

(5) The department shall submit a report to the transportation committees of the legislature by December 1, 2022, and each December 1st thereafter identifying the selected connecting communities projects for funding by the legislature. The report must also include the status of previously funded projects.

(6) This section expires July 1, 2027.

The grant will support two programs: One for elementary and middle school; and one for junior high and high school aged youth to develop the skills and street safety knowledge to be more confident bicyclists for transportation and/or recreation. In development of the grant program, the department is encouraged to consult with the environmental justice council and the office of equity.

(2)(a) For the elementary and middle school program, the department shall contract with a nonprofit organization with relevant reach and experience, including a statewide footprint and demonstrable experience deploying bicycling and road safety education curriculum via a train the trainer model in schools. The selected nonprofit shall identify partner schools that serve target populations, based on the criteria in subsection (3) of this section. - (b) People of color;

SENATE RESOLUTION 8646

By Senators Saldaña, Hasegawa, Kauffman, Kuderer, and Valdez

WHEREAS, Elijah Lee Lewis was a beloved member of the Seattle community, born and raised in the Central District, and a proud alumnus of Rainier Beach High School; and

WHEREAS, Elijah dedicated his life to serving his community and empowering those around him, creating spaces for peace, growth, and justice, and was a fierce advocate for social justice, leading movements that challenged systemic racism, gun violence, and inequality; and

WHEREAS, Elijah further exemplified his skills in entrepreneurship by owning a local cleaning business and financial group and engaging with events designed to attract further Black business owners and diversify the Seattle economy; and

WHEREAS, Through community outreach, Elijah consistently planned events throughout the Central District and Rainier Valley, working with Black vendors, artists, poets, and entertainers; and

WHEREAS, Elijah's love of community drove him to stand up tall where adults failed and in 2018, as a senior in high school, he spoke in front of thousands of people at the Seattle March for Our Lives protest to call for change in light of government inaction towards gun violence and the unregulated proliferation of firearms and assault weapons in the United States; and

MESSAGE FROM THE HOUSE

April 11, 2023

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5536 with the following amendment(s): 5536-S2.E AMH ENGR H1919.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that substance use disorder is a treatable brain disease from which people can and do recover. When individuals in active addiction are provided with access to quality outreach, treatment, and recovery support services, recovery is not only possible, but probable. Solutions to the addiction crisis must not only address criminal legal responses, but must be data-driven and evidence-based, and must represent public health best practices, working directly with people who use drugs to prevent overdose and infectious disease transmission, and improve the physical, mental, and social well-being of those served. The state must follow principles of harm reduction, comprising practical strategies aimed at reducing negative consequences associated with drug use, including safer use of supplies as well as care settings, staffing, and interactions that are person-centered, supportive, and welcoming.

The legislature recognizes that substance use disorder is commonly treated in a variety of settings, including primary care, addiction medicine, mental health agencies, and substance use disorder treatment providers. Because medications such as buprenorphine and methadone are the clinical best practice for the treatment of opioid use disorder, individuals seeking treatment for addiction to heroin, fentanyl, and other opioids frequently seek recovery via primary care, addiction medicine, and opioid treatment programs.

The legislature finds that the process of recovery, as described by the national substance abuse and mental health administration, is highly personal and occurs via many pathways. It may include clinical treatment, medications, faith-based approaches, peer support, family support, self-care, and other approaches. Recovery is characterized by continual growth and improvement in one's health and wellness and managing setbacks. Because setbacks are a natural part of life, resilience becomes a key component of recovery.

The legislature finds that the recommendations of the substance use recovery services advisory committee reflect diligent work by individuals with a range of professional and personal experience, who brought that experience to the committee, and whose expertise is reflected in the recommendations.

(b) In any case where the defendant does not meet the criteria described in (a) of this subsection, the court may grant the motion, continue the hearing, and refer the defendant to an applicable program.

(c) In all cases, the court may not grant the motion unless the prosecuting attorney consents to the defendant's participation in pretrial diversion. The prosecuting attorney is strongly encouraged to agree to diversion in any case where the defendant is only charged with a violation of RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c), and in any case where the only additional charge or charges against the defendant are for other nonfelony offenses that are not crimes against persons.

(3) Prior to granting the defendant's motion to participate in pretrial diversion under this section, the court shall provide the defendant and the defendant's counsel with the following information:

(a) A full description of the procedures for pretrial diversion;

(b) A general explanation of the roles and authorities of the probation department, the prosecuting attorney, the applicable program, and the court in the process;

(c) A clear statement that the court may grant pretrial diversion with respect to any offense under RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) that is charged, provided that the defendant pleads not guilty to the charge or charges and waives his or her right to a speedy trial, and that upon the defendant's successful completion of pretrial diversion, as specified in subsection (14) of this section, and motion of the defendant, prosecuting attorney, court, or probation department, the court must dismiss the charge or charges against the defendant;

(d) A clear statement that if the defendant has not made substantial progress with treatment or services provided that are appropriate to the defendant's circumstances or, if applicable, community service, the prosecuting attorney may make a motion to terminate pretrial diversion and schedule further proceedings as otherwise provided in this section;

(e) An explanation of criminal record retention and disposition resulting from participation in pretrial diversion and the defendant's rights relative to answering questions about his or her arrest and pretrial diversion following successful completion;

(f) A clear statement that under federal law it is unlawful for any person who is an unlawful user of or addicted to any controlled substance to ship or transport in interstate or foreign commerce, or possess in or affecting commerce, any firearm or ammunition, or to receive any firearm or ammunition which has been shipped or transported in interstate or foreign commerce; and

(g) A clear statement that if the defendant's biopsychosocial assessment results in a written report recommending no treatment or services, completion of pretrial diversion will instead be based on the defendant's completion of an amount of community service to be determined by the court, but not to exceed 120 hours of community service.

(4) If the court grants the defendant's motion to participate in pretrial diversion, the defendant may waive his or her right to counsel during the diversion period. A defendant who waives his or her right to counsel may request to have counsel reappointed if

the prosecuting attorney makes a motion for termination from pretrial diversion as described in subsection (13) of this section.

(5) The applicable program must make a written report to the court stating its findings and recommendations after the biopsychosocial assessment if the defendant decides to continue pursuing pretrial diversion. The report shall be filed under seal with the court, and a copy of the report shall be given to the prosecuting attorney, defendant, and defendant's counsel. The report and its copies are confidential and exempt from disclosure under chapter 42.56 RCW. The court shall endeavor to avoid public discussion of the circumstances, history, or diagnoses that could stigmatize the defendant.

(6) Subject to the availability of funds appropriated for this specific purpose, the biopsychosocial assessment and recommended services or treatment must be provided at no cost for defendants who have been found to be indigent by the court.

(7) Once the biopsychosocial assessment has been filed with the court, if the report indicates the defendant has a substance use disorder, the court shall inform the defendant that under federal law the defendant may not possess any firearm or ammunition. The court shall thereafter sign an order of ineligibility to possess firearms as required by RCW 9.41.800 and shall require the defendant to surrender all firearms in accordance with RCW 9.41.804.

(8) If the report recommends any treatment or services, the applicable program shall provide the court with regular written status updates on the defendant's progress on a schedule acceptable to the court. The updates must be provided at least monthly and filed under seal with the court, with copies given to the prosecuting attorney, defendant, and defendant's counsel. The updates and their copies are confidential and exempt from disclosure under chapter 42.56 RCW. The court shall endeavor to avoid public discussion of the circumstances, history, or diagnoses that could stigmatize the defendant.

(9) If the report does not recommend any treatment or services, the defendant must instead complete an amount of community service as determined by the court, but not to exceed 120 hours of community service, in order to complete pretrial diversion.

(10) No statement, or any information procured therefrom relating to the charge for which the defendant is receiving services, made by the defendant to any treatment or service provider, that is made during the course of any biopsychosocial assessment or services provided by the applicable program, and before the reporting of the findings and recommendations to the court, may be admissible in any action or proceeding brought subsequent to the investigation.

(11) A defendant's participation in pretrial diversion under this section does not constitute a conviction, a stipulation to facts, or an admission of guilt for any purpose.

(12) At the time that pretrial diversion is granted, any bail bond on file by or on behalf of the defendant must be exonerated, and the court must enter an order so directing.

(13)(a) If it appears to the prosecuting attorney that the defendant is not substantially complying with the recommended treatment or services as reflected by a written status update from the applicable program, or, if applicable, the defendant is not completing the community service, the prosecuting attorney may make a motion for termination from pretrial diversion.

(b) After notice to the defendant, the court must hold a hearing to determine whether pretrial diversion shall be terminated.

(c) At the hearing, the court must consider the following factors:

(i) The nature of the alleged noncompliance;

(ii) Whether the defendant received written notice of the noncompliance;

(iii) Whether the noncompliance was willful in nature; and
 (iv) Any other mitigating circumstances, including, but not limited to, the defendant's efforts and due diligence, the availability of services in the geographic area, and the treatment and services offered to the defendant.

(d) The defendant shall have the right to present evidence at the hearing, including the right to present a defense, present witnesses, and cross-examine any witnesses.

(e) The prosecutor has the burden of establishing by clear and convincing evidence that the noncompliance was willful, and that the defendant should be terminated from pretrial diversion.

(f) If the court finds that the defendant is not substantially complying with the recommended treatment or services or, if applicable, the defendant is not completing the community service, the court must schedule the matter for further proceedings.

(14) If the defendant successfully completes pretrial diversion, including in one of the following ways, the charge or charges under RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) must be dismissed:

(a) If the written report prepared by the applicable program included recommended treatment or services, the defendant successfully completes pretrial diversion by having six months of substantial compliance with assessment and recommended treatment or services and progress toward recovery goals as reflected by a written status update from the applicable program; or

(b) If the written report prepared by the applicable program did not include recommended treatment or services, the defendant successfully completes pretrial diversion by completing the community service described under subsection (9) of this section and submitting proof of completion to the court.

(15) Beginning January 1, 2024, the prosecuting attorney shall input data and information in the statewide pretrial diversion tracking and reporting system under section 14 of this act for each case where the defendant participates in pretrial diversion under this section, including but not limited to the following:

(a) Whether the pretrial diversion was terminated, was successfully completed and resulted in a dismissal, or is still ongoing;

(b) The race, ethnicity, gender, gender expression or identity, disability status, and age of the defendant; and

(c) Any other appropriate data and information as determined by the administrative office of the courts.

(16) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Applicable program" means the recovery navigator program established under RCW 71.24.115, arrest and jail alternative programs established under RCW 36.28A.450, or law enforcement assisted diversion programs established under RCW 71.24.589.

(b) "Substantial compliance" means a defendant actively engaging with or making himself or herself available to treatment and services. The defendant is not in substantial compliance if he or she willfully abandons treatment and services.

NEW SECTION. Sec. 11. A new section is added to chapter 69.50 RCW to read as follows:

(1) Prior to sentencing any person convicted of violating RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c), the court shall inform the person that under federal law it is unlawful for any person who is an unlawful user of or addicted to any controlled substance to ship or transport in interstate or foreign commerce, or possess in or affecting commerce, any firearm or ammunition, or to receive any firearm

or ammunition which has been shipped or transported in interstate or foreign commerce.

(2) In courts of limited jurisdiction, if an individual who is convicted of a violation of RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) agrees as a condition of probation to obtain a biopsychosocial assessment by an applicable program and participate in any recommended treatment or services, or, if the applicable program recommends no treatment or services, to complete court-ordered community service, the court shall sentence the individual to a term of confinement of up to 90 days, all of which shall be suspended for a period not to exceed two years.

(3) A biopsychosocial assessment shall be prepared by an applicable program. A copy of the assessment shall be forwarded to the court and filed under seal. Based on the assessment, the court shall determine whether the person shall be required to complete a course in an alcohol and drug information school licensed or certified by the department of health or more sustained services provided by a licensed behavioral health care provider, peer counseling program, or other case management program.

(a) Once the assessment has been filed with the court, if the report indicates the individual has a substance use disorder, the court shall inform the individual that under federal law the individual may not possess any firearm or ammunition. The court shall thereafter sign an order of ineligibility to possess firearms as required by RCW 9.41.800.

(b) Once the assessment has been filed with the court, if the report does not recommend any treatment or services, the court shall order the defendant to complete an amount of community service not to exceed 120 hours as a term of probation.

(c) The assessment shall include the following:

(i) Available background on the defendant's circumstances, barriers, and past service history, if any;

(ii) Nature of barriers and challenges;

(iii) Recommendations for services available in the individual's community that are likely to work with the individual and provide relevant support;

(iv) A statement of unavailability if there are no known suitable services presently available in the individual's community that would meaningfully assist the individual; and

(v) Approximate cost of the services if not publicly provided.

(4) A person subject to biopsychosocial assessment and treatment or services shall be required by the court to substantially comply with more sustained services provided by a licensed behavioral health care provider, peer counseling program, or other case management program, as determined by the court.

(5) If the court directs a service plan after receiving an individual's assessment, the applicable program must provide the court with regular written status updates on the individual's progress on a schedule acceptable to the court. The updates must be provided at least monthly and filed under seal with the court, with copies given to the prosecuting attorney, the individual, and the individual's counsel. The updates and their copies are confidential and exempt from disclosure under chapter 42.56 RCW. The court shall endeavor to avoid public discussion of the circumstances, history, or diagnoses that could stigmatize the individual.

(6) Subject to the availability of funds appropriated for this purpose, the recommended treatment or services as ordered by the court shall be provided at no cost for sentenced individuals who have been found to be indigent by the court.

ONE HUNDRED THIRD DAY, APRIL 21, 2023

(7) As a condition of probation, the sentenced individual must substantially comply with the treatment or services recommendations of the biopsychosocial assessment.

(8)(a) If it appears to the prosecuting attorney that the sentenced individual is not substantially complying with the recommended treatment or services as reflected by a written status update from the applicable program, or, if applicable, the individual is not completing the court-ordered community service, the prosecuting attorney shall make a motion for a hearing to consider sanctions. After notice to the sentenced individual, the court shall hold a hearing to determine if a sanction or revocation of the individual's suspended sentence, or any part thereof, is warranted under RCW 3.50.340 or 3.66.069.

(b) At the hearing, the court must consider the following factors:

- (i) The nature of the alleged noncompliance;
- (ii) Whether the individual received written notice of the noncompliance;
- (iii) Whether the noncompliance was willful in nature; and
- (iv) Any other mitigating circumstances, including, but not limited to, the individual's efforts and due diligence, the availability of services in the geographic area, and the treatment and services offered to the individual.

(c) The individual shall have the right to present evidence at the hearing, including the right to present a defense, present witnesses, and cross-examine any witnesses.

(d) The prosecutor has the burden of establishing by clear and convincing evidence that the noncompliance was willful, and that the individual should be sanctioned.

(e) The court may not sanction an individual for failing to comply with the recommended treatment or services if the court finds the sentenced individual has made reasonable efforts to comply with the recommended treatment but cannot comply either due to a lack of available treatment or services or, for sentenced individuals found to be indigent by the court, due to a lack of funding for treatment or services.

(f) At the hearing, if the court finds by clear and convincing evidence that the sentenced individual has willfully abandoned or demonstrated a consistent failure to substantially comply with the recommended treatment or services, or, if applicable, is failing to complete the court-ordered community service, the court shall use its discretion in determining an appropriate sanction.

(9) An individual sentenced under subsection (2) of this section may vacate their conviction for a violation of RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) as follows:

(a) If the individual has six months of substantial compliance with assessment and recommended treatment or services and progress toward recovery goals as reflected by a written status update from the applicable program, or, if applicable, the individual completes the court-ordered community service and files proof of completion with the court, the prosecutor shall make a motion to vacate the person's conviction or convictions and, upon verification of the written status update or the proof of completion of community service, the court shall terminate probation and enter an order vacating the individual's conviction; or

(b) If the individual has had no additional arrests, charges, or criminal convictions in the two years after the individual's conviction for a violation of RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c), the prosecutor shall make a motion to the court to vacate the individual's conviction, and the court shall terminate probation and enter an order vacating the individual's conviction.

(10) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Applicable program" means the recovery navigator program established under RCW 71.24.115, arrest and jail alternative programs established under RCW 36.28A.450, or law enforcement assisted diversion programs established under RCW 71.24.589.

(b) "Substantial compliance" means an individual actively engaging with or making himself or herself available to treatment and services. The individual is not in substantial compliance if he or she willfully abandons treatment and services.

Sec. 12. RCW 9.96.060 and 2022 c 16 s 7 are each amended to read as follows:

(1) When vacating a conviction under this section, the court effectuates the vacation by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

(2) Every person convicted of a misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the requirements of this subsection, the court may in its discretion vacate the record of conviction. Except as provided in subsections (3), (4), ~~((and))~~ (5), and (6) of this section and section 11 of this act, an applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense vacated if any one of the following is present:

(a) The applicant has not completed all of the terms of the sentence for the offense;

(b) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal or tribal court, at the time of application;

(c) The offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense;

(d) The offense was a violation of RCW 46.61.502 (driving while under the influence), 46.61.504 (actual physical control while under the influence), 9.91.020 (operating a railroad, etc. while intoxicated), or the offense is considered a "prior offense" under RCW 46.61.5055 and the applicant has had a subsequent alcohol or drug violation within ten years of the date of arrest for the prior offense or less than ten years has elapsed since the date of the arrest for the prior offense;

(e) The offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 RCW (obscenity and pornography), chapter 9.68A RCW (sexual exploitation of children), or chapter 9A.44 RCW (sex offenses), except for failure to register as a sex offender under RCW 9A.44.132;

(f) The applicant was convicted of a misdemeanor or gross misdemeanor offense as defined in RCW 10.99.020, or the court determines after a review of the court file that the offense was committed by one family or household member against another or by one intimate partner against another, or the court, after considering the damage to person or property that resulted in the conviction, any prior convictions for crimes defined in RCW 10.99.020, or for comparable offenses in another state or in federal court, and the totality of the records under review by the court regarding the conviction being considered for vacation, determines that the offense involved domestic violence, and any one of the following factors exist:

(i) The applicant has not provided written notification of the vacation petition to the prosecuting attorney's office that

prosecuted the offense for which vacation is sought, or has not provided that notification to the court;

(ii) The applicant has two or more domestic violence convictions stemming from different incidents. For purposes of this subsection, however, if the current application is for more than one conviction that arose out of a single incident, none of those convictions counts as a previous conviction;

(iii) The applicant has signed an affidavit under penalty of perjury affirming that the applicant has not previously had a conviction for a domestic violence offense, and a criminal history check reveals that the applicant has had such a conviction; or

(iv) Less than five years have elapsed since the person completed the terms of the original conditions of the sentence, including any financial obligations and successful completion of any treatment ordered as a condition of sentencing;

(g) For any offense other than those described in (f) of this subsection, less than three years have passed since the person completed the terms of the sentence, including any financial obligations;

(h) The offender has been convicted of a new crime in this state, another state, or federal or tribal court in the three years prior to the vacation application; or

(i) The applicant is currently restrained by a domestic violence protection order, a no-contact order, an antiharassment order, or a civil restraining order which restrains one party from contacting the other party or was previously restrained by such an order and was found to have committed one or more violations of the order in the five years prior to the vacation application.

(3) If the applicant is a victim of sex trafficking, prostitution, or commercial sexual abuse of a minor; sexual assault; or domestic violence as defined in RCW 9.94A.030, or the prosecutor applies on behalf of the state, the sentencing court may vacate the record of conviction if the application satisfies the requirements of RCW 9.96.080. When preparing or filing the petition, the prosecutor is not deemed to be providing legal advice or legal assistance on behalf of the victim, but is fulfilling an administrative function on behalf of the state in order to further their responsibility to seek to reform and improve the administration of criminal justice. A record of conviction vacated using the process in RCW 9.96.080 is subject to subsections ~~((6) and))~~ (7) and (8) of this section.

(4) Every person convicted prior to January 1, 1975, of violating any statute or rule regarding the regulation of fishing activities, including, but not limited to, RCW 75.08.260, 75.12.060, 75.12.070, 75.12.160, 77.16.020, 77.16.030, 77.16.040, 77.16.060, and 77.16.240 who claimed to be exercising a treaty Indian fishing right, may apply to the sentencing court for vacation of the applicant's record of the misdemeanor, gross misdemeanor, or felony conviction for the offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

(b) The state has been enjoined from taking enforcement action of the statute or rule to the extent that it interferes with a treaty Indian fishing right as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Every person convicted of a misdemeanor cannabis offense, who was ~~((twenty-one))~~ 21 years of age or older at the

time of the offense, may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. A misdemeanor cannabis offense includes, but is not limited to: Any offense under RCW 69.50.4014, from July 1, 2004, onward, and its predecessor statutes, including RCW 69.50.401(e), from March 21, 1979, to July 1, 2004, and RCW 69.50.401(d), from May 21, 1971, to March 21, 1979, and any offense under an equivalent municipal ordinance. If an applicant qualifies under this subsection, the court shall vacate the record of conviction.

(6) If a person convicted of violating RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c) has had no additional criminal arrests, charges, or convictions in the two years after the person's conviction or convictions for violating RCW 69.50.4011(1) (b) or (c), 69.50.4013, 69.50.4014, or 69.41.030(2) (b) or (c), the prosecutor shall make a motion to vacate the individual's conviction or convictions, and the court shall grant the motion and enter an order vacating the individual's conviction or convictions.

(7) A person who is a family member of a homicide victim may apply to the sentencing court on the behalf of the victim for vacation of the victim's record of conviction for prostitution under RCW 9A.88.030. If an applicant qualifies under this subsection, the court shall vacate the victim's record of conviction.

~~((7))~~ (8)(a) Except as provided in (c) of this subsection, once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. However, nothing in this section affects the requirements for restoring a right to possess a firearm under RCW 9.41.040. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, a protected party's person, or a protected party's vehicle (RCW 10.99.040, 10.99.050, 26.09.300, 26.26B.050, 26.44.063, 26.44.150, or 26.52.070, or any of the former RCW 26.50.060, 26.50.070, 26.50.130, and 74.34.145); (ii) stalking (RCW 9A.46.110); or (iii) a domestic violence protection order or vulnerable adult protection order entered under chapter 7.105 RCW. A vacated conviction under this section is not considered a conviction of such an offense for the purposes of 27 C.F.R. 478.11.

(c) A conviction vacated on or after July 28, 2019, qualifies as a prior conviction for the purpose of charging a present recidivist offense as defined in RCW 9.94A.030 occurring on or after July 28, 2019.

~~((8))~~ (9) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal

ONE HUNDRED THIRD DAY, APRIL 21, 2023

history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

~~((9))~~ (10) For the purposes of this section, "cannabis" has the meaning provided in RCW 69.50.101.

NEW SECTION. Sec. 13. A new section is added to chapter 2.56 RCW to read as follows:

(1) The administrative office of the courts shall collect data and information related to the utilization and outcomes of pretrial diversions pursuant to section 10 of this act, convictions pursuant to section 11 of this act, and motions for vacating convictions pursuant to RCW 9.96.060(6), including but not limited to the following:

If possible, the health care authority must leverage and interact with existing platforms already in use in efforts funded by the authority. The health care authority must establish a quality assurance process for behavioral health administrative services organizations, and employ data validation for fields in the data collection workbook. The uniform program standards must incorporate the law enforcement assisted diversion framework for diversion at multiple points of engagement with the criminal legal system, including prearrest, prebooking, prefiling, and for ongoing case conferencing with law enforcement, prosecutors, community stakeholders, and program case managers. The authority must adopt the uniform program standards from the components of the law enforcement assisted diversion program to accommodate an expanded population of persons with substance use disorders, including persons with co-occurring substance use disorders and mental health conditions, ~~((and allow))~~ provide for referrals from a broad range of sources, and require prioritization of those who are or likely will be exposed to the criminal legal system related to their behavioral health challenges. The authority shall establish a schedule for the regular review of recovery navigator programs funded by behavioral health administrative services ~~((organizations' programs))~~ organizations. The authority shall arrange for technical assistance to be provided by the LEAD national support bureau to all behavioral health administrative services organizations, the authority, contracted providers, and independent stakeholders and partners, such as prosecuting attorneys and law enforcement.

~~((4))~~ (5) Each behavioral health administrative services organization must have a substance use disorder regional administrator for its recovery navigator program. The regional administrator shall be responsible for assuring compliance with program standards, including staffing standards. Each recovery navigator program must maintain a sufficient number of appropriately trained personnel for providing intake and referral services, conducting comprehensive biopsychosocial assessments, providing intensive case management services, and making warm handoffs to treatment and recovery support services along the continuum of care. Program staff must include people with lived experience with substance use disorder to the extent possible. The substance use disorder regional administrator must assure that staff who are conducting intake and referral services and field assessments are paid a livable and competitive wage and have appropriate initial training and receive continuing education.

~~((5))~~ (6) Each recovery navigator program must submit quarterly reports to the authority with information identified by the authority and the substance use recovery services advisory committee. The reports must be provided to the substance use recovery services advisory committee for discussion at meetings following the submission of the reports.

(7)(a) The criminal justice training commission, in consultation with the authority and other key stakeholders, shall conduct an assessment of the current status toward achieving the statewide implementation of recovery navigator programs in fidelity with core principles. The assessment shall consider:

(i) The results of the law enforcement assisted diversion standards fidelity index analysis, conducted by an independent research scientist with expertise in law enforcement assisted diversion evaluation, including findings with respect to each standard assessed, for each recovery navigator program, in each behavioral health administrative services organization region;

(ii) Reports on utilization of technical support from the law enforcement assisted diversion national support bureau by recovery navigator program contractors, the authority, and behavioral health administrative services organizations; and

(iii) Barriers to achieving fidelity to core principles.

(b) By December 1, 2023, the criminal justice training commission shall submit to the governor and both chambers of the legislature a report of its findings and recommendations on administrative and legislative steps that will facilitate the achievement of the statewide adoption of recovery navigator programs operating in fidelity with core principles.

(8) No civil liability may be imposed by any court on the state or its officers or employees, an appointed or elected official, public employee, public agency as defined in RCW 4.24.470, combination of units of government and its employees as provided in RCW 36.28A.010, nonprofit community-based organization, tribal government entity, tribal organization, or urban Indian organization, based on the administration of a recovery navigator program except upon proof of bad faith or gross negligence.

PERSONAL PRIVILEGE

Senator Trudeau: "Thank you Mr. President. I just want, on behalf of the three million American Muslims, Mr. President, and almost two billion Muslims across the world to say a heartfelt 'Eid Mubarak' [Blessed Feast/Festival] to you and all of the staff and colleagues here in the Legislature. This day, Mr. President, marks the end of Ramadan and many of you were here for the resolution that I introduced which Ramadan is the time of fasting, reflection and charitable giving. We wear our finest clothes, which is why I am so shiny today, Mr. President, in case anyone was wondering. We exchange gifts. Sometimes gifts between each other but mostly for kids. And we eat. So, if you have a Muslim friend or family member Mr. President, it is a good time to hang out. I suggest you text them because their food is also wonderful. But I also wanted to point out that today 'Eid al-Fitr' [Festival of Breaking Fast] marks the tenth month in the Islamic calendar, marking the end of Ramadan for us here in the U.S. and many countries, but actually there are several other countries, like Bangladesh, my place of birth, that are celebrating Eid tomorrow on Saturday which means, for me, I get two days of celebration Mr. President. Much like having two Christmases, so you can understand the significance and my joy. And tomorrow morning thankfully we'll be starting a little bit later, so I'll also get to attend an Eid prayer with my family which is significant. So, Mr. President, no matter what country you live in, what faith you practice, today is a day of love and joy and I offer that to everyone here especially in the last few days of session where I think we really need it. And I again just wish this body a deep and meaningful Eid Mubarak! Thank you very much."

In addition to describing the claim in reasonable detail sufficient to determine the general nature of the defect the written report shall state the construction defect professional's qualifications, the manner and type of inspection upon which the report was based, and the general location of the defect.

(2) Within ~~((twenty one))~~ 14 days after service of the notice of claim, the construction professional may serve a written response demanding a meeting with the claimant and its expert, including the construction defect professional who authored the report required in subsection (1)(b) of this section to confer regarding the report and its contents. The meeting shall take place within 14 days of service of the construction professional's demand or at such later date as mutually agreed to by the parties.

(3) Within 14 days after the meeting referenced in subsection (2) of this section or, in the absence of a demand for such meeting, within 21 days after service of the notice of claim, whichever is later, the construction professional shall serve a written response on the claimant by registered mail or personal service. A construction professional's offer under this subsection ~~((2))~~ (3) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the claimant's residence that is the subject of the claim, and to pay the claimant's reasonable relocation costs; or

(c) State that the construction professional disputes the claim and will neither remedy the construction defect nor compromise and settle the claim.

~~((3))~~ (4)(a) If the construction professional disputes the claim or does not respond to the claimant's notice of claim within the time stated in subsection ~~((2))~~ (3) of this section, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(b) If the claimant rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection ~~((2))~~ (3) of this section, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within ~~((thirty))~~ 30 days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the inspection proposal or settlement offer, then at anytime thereafter the construction professional may terminate the proposal or offer by serving written notice to the claimant, and the claimant may thereafter bring an action against the construction professional for the construction defect claim described in the notice of claim.

(ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection ~~((2))~~ (3)(b) of this section; or

(iii) A written statement that the construction professional will not proceed further to remedy the defect.

(c) If the construction professional does not proceed further to remedy the construction defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(d) If the claimant rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection to either remedy the construction defect or to compromise and settle the claim by monetary payment, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection notice, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within ~~((thirty))~~ 30 days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection, then at anytime thereafter the construction professional may terminate the offer by serving written notice to the claimant.

~~((5))~~ (6)(a) Any claimant accepting the offer of a construction professional to remedy the construction defect pursuant to subsection ~~((4))~~ (5)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than ~~((thirty))~~ 30 days after receipt of the offer. The claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant's residence during normal working hours to perform and complete the construction by the timetable stated in the offer.

(b) The claimant and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects.

~~((6))~~ (7) Any action commenced by a claimant prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the claimant has complied with the requirements of this section.

~~((7))~~ (8) Nothing in this section may be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform by the timetable agreed upon pursuant to subsection ~~((2))~~ (3)(a) or ~~((5))~~ (6) of this section.

~~((8))~~ (9) Prior to commencing any action alleging a construction defect, or after the dismissal of any action without prejudice pursuant to subsection ~~((6))~~ (7) of this section, the

claimant may amend the notice of claim to include construction defects discovered after the service of the original notice of claim, and must otherwise comply with the requirements of this section for the additional claims. The service of an amended notice of claim shall relate back to the original notice of claim for purposes of tolling statutes of limitations and repose. Claims for defects discovered after the commencement or recommencement of an action may be added to such action only after providing notice to the construction professional of the defect and allowing for response under subsection ~~((2))~~ (3) of this section.

(10) If the claimant is an association, and notwithstanding any contrary provisions in the association's governing documents, the association's board of director's ability to incur expenses to prepare and serve a notice of claim and any related reports and otherwise comply with the requirements of this chapter shall not be restricted.

The amendment must describe any common elements and any limited common

elements created and, in the case of limited common elements, designate the unit to which each is allocated to the extent required under RCW 64.90.240. The amendments are effective upon recording.

(2) Development rights may be reserved within any real estate added to the common interest community if the amendment to the declaration adding that real estate includes all matters required under RCW 64.90.225 and 64.90.230 and the amendment to the map includes all matters required under RCW 64.90.245. This subsection does not extend the time limit on the exercise of development rights imposed by the declaration pursuant to RCW 64.90.225(1)(h).

(3) When a declarant exercises a development right to subdivide, combine, or convert a unit previously created into additional units or common elements, or both:

(a) If the declarant converts the unit entirely into common elements, the amendment to the declaration must reallocate all the allocated interests of that unit among the other units as if that unit had been taken by condemnation under RCW 64.90.030; or

(b) If the declarant subdivides the unit into two or more units, whether or not any part of the unit is converted into common elements, the amendment to the declaration must reallocate all the allocated interests of the unit among the units created by the subdivision in any reasonable manner prescribed by the declarant.

(4) If the declaration provides, pursuant to RCW 64.90.225(1)(h), that all or a portion of the real estate is subject to a right of withdrawal:

(a) If all the real estate is subject to withdrawal, and the declaration or map or amendment to the declaration or map does not describe separate portions of real estate subject to that right, none of the real estate may be withdrawn if a unit in that real estate has been conveyed to a purchaser; or

(b) If any portion of the real estate is subject to withdrawal as described in the declaration or map or amendment to the declaration or map, none of that portion of the real estate may be withdrawn if a unit in that portion has been conveyed to a purchaser.

(5) If the declarant combines two or more units into a lesser number of units, whether or not any part of a unit is converted into common elements or common elements are converted units, the amendment to the declaration must reallocate all of the allocated interests of the units being combined into the unit or units created by the combination in any reasonable manner prescribed by the declarant.

(6) A unit conveyed to a purchaser may not be withdrawn pursuant to subsection (4)(a) or (b) of this section without the consent of the unit owner of that unit and the holder of a security interest in the unit.

Sec. 7. RCW 64.90.605 and 2018 c 277 s 402 are each amended to read as follows:

(2) A declarant may transfer responsibility for preparation of all or a part of the public offering statement to a successor declarant or to a dealer who intends to offer units in the ~~((condominium))~~ common interest community.

(3)(a) Any declarant or dealer who offers to convey a unit for the person's own account to a purchaser must provide the purchaser of the unit with a copy of a public offering statement and all material amendments to the public offering statement before conveyance of that unit.

(b) Any agent, attorney, or other person assisting the declarant or dealer in preparing the public offering statement may rely upon information provided by the declarant or dealer without independent investigation. The agent, attorney, or other person is not liable for any material misrepresentation in or omissions of material facts from the public offering statement unless the person had actual knowledge of the misrepresentation or omission at the time the public offering statement was prepared.

(c) The declarant or dealer is liable for any misrepresentation contained in the public offering statement or for any omission of material fact from the public offering statement if the declarant or dealer had actual knowledge of the misrepresentation or omission or, in the exercise of reasonable care, should have known of the misrepresentation or omission.

(4) If a unit is part of a common interest community and is part of any other real estate regime in connection with the sale of which the delivery of a public offering statement is required under the laws of this state, a single public offering statement conforming to the requirements of RCW 64.90.610, 64.90.615, and 64.90.620 as those requirements relate to each regime in which the unit is located, and to any other requirements imposed under the laws of this state, may be prepared and delivered in lieu of providing two or more public offering statements.

(5) A declarant is not required to prepare and deliver a public offering statement in connection with the sale of any unit owned by the declarant, or to obtain for or provide to the purchaser a report or statement required under RCW 64.90.610(1)(oo), 64.90.620(1), or 64.90.655, upon the later of:

(a) The termination or expiration of all special declarant rights;

(b) The expiration of all periods within which claims or actions for a breach of warranty arising from defects involving the common elements under RCW 64.90.680 must be filed or commenced, respectively, by the association against the declarant; or

(c) The time when the declarant ceases to meet the definition of a dealer under RCW 64.90.010.

(6) After the last to occur of any of the events described in subsection (5) of this section, a declarant must deliver to the purchaser of a unit owned by the declarant a resale certificate under RCW 64.90.640(2) together with:

(a) The identification of any real property not in the common interest community that unit owners have a right to use and a description of the terms of such use;

(b) A brief description or a copy of any express construction warranties to be provided to the purchaser;

(c) A statement of any litigation brought by an owners' association, unit owner, or governmental entity in which the declarant or any affiliate of the declarant has been a defendant arising out of the construction, sale, or administration of any common interest community within the state of Washington within the previous five years, together with the results of the litigation, if known;

(d) Whether timesharing is permitted or prohibited, and, if permitted, a statement that the purchaser of a time share unit is entitled to receive the disclosure document required under chapter 64.36 RCW; and

(e) Any other information and cross-references that the declarant believes will be helpful in describing the common interest community to the purchaser, all of which may be included or not included at the option of the declarant.

(7) A declarant is not liable to a purchaser for the failure or delay of the association to provide the resale certificate in a timely manner, but the purchase contract is voidable by the purchaser of a unit sold by the declarant until the resale certificate required under RCW 64.90.640(2) and the information required

(2)(a) If a purchase agreement for the sale of a unit provides that deposit funds may be used for construction costs and the declarant obtains and maintains a surety bond as required by this section, the declarant may withdraw escrow funds when construction of improvements has begun. The funds may be used only for actual building and construction costs of the project in which the unit is located.

(b) The bond must be issued by a surety insurer licensed in this state in favor of the purchaser in an amount adequate to cover the amount of the deposit to be withdrawn. The declarant may not withdraw more than the face amount of the bond. The bond must be payable to the purchaser if the purchaser obtains a final judgment against the declarant requiring the declarant to return the deposit pursuant to the purchase agreement. The bond may be either in the form of an individual bond for each deposit accepted by the declarant or in the form of a blanket bond assuring the return of all deposits received by the declarant.

(c) The party holding escrow funds who releases all or any portion of the funds to the declarant has no obligation to monitor the progress of construction or the expenditure of the funds by the declarant and is not liable to any purchaser for the release of funds pursuant to this section.

(3) ~~((A))~~ The amount of deposit ((under)) funds that may be used pursuant to subsection (2) of this section may not exceed five percent of the purchase price.

NEW SECTION. Sec. 9. A new section is added to chapter 82.45 RCW to read as follows:

Expenditures from the account may be used only for payment toward a person's down payment assistance loan that was used to purchase a condominium or townhouse for which the tax was collected. Only the Washington state housing finance commission or the commission's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2)(a) Beginning June 15, 2024, and each June 15th thereafter, the department must notify the economic and revenue forecast council of the total amount received under RCW 82.45.060 from sales of condominiums or townhouses to persons using a down payment assistance program offered by the Washington state housing finance commission during the prior calendar year.

(3) This section expires January 1, 2034.

Sec. 10. RCW 82.02.060 and 2021 c 72 s 1 are each amended to read as follows:

The local ordinance by which impact fees are imposed:

(1) Shall include a schedule of impact fees which shall be adopted for each type of development activity that is subject to impact fees, specifying the amount of the impact fee to be imposed for each type of system improvement. The schedule shall be based upon a formula or other method of calculating such impact fees. The schedule shall reflect the proportionate impact of new housing units, including multifamily and condominium units, based on the square footage, number of bedrooms, or trips generated, in the housing unit in order to produce a proportionally lower impact fee for smaller housing units. In determining proportionate share, the formula or other method of calculating impact fees shall incorporate, among other things, the following:

(a) The cost of public facilities necessitated by new development;

(b) An adjustment to the cost of the public facilities for past or future payments made or reasonably anticipated to be made by new development to pay for particular system improvements in the form of user fees, debt service payments, taxes, or other payments earmarked for or proratable to the particular system improvement;

(c) The availability of other means of funding public facility improvements;

(d) The cost of existing public facilities improvements; and

(e) The methods by which public facilities improvements were financed;

(2) May provide an exemption for low-income housing, and other development activities with broad public purposes, including development of an early learning facility, from these impact fees, provided that the impact fees for such development

activity shall be paid from public funds other than impact fee accounts;

(3)(a) May not impose an impact fee on development activities of an early learning facility greater than that imposed on commercial retail or commercial office development activities that generate a similar number, volume, type, and duration of vehicle trips;

(b) When a facility or development has more than one use, the limitations in this subsection (3) or the exemption applicable to an early learning facility in subsections (2) and (4) of this section only apply to that portion that is developed as an early learning facility. The impact fee assessed on an early learning facility in such a development or facility may not exceed the least of the impact fees assessed on comparable businesses in the facility or development;

(4) May provide an exemption from impact fees for low-income housing or for early learning facilities. Local governments that grant exemptions for low-income housing or for early learning facilities under this subsection (4) may either: Grant a partial exemption of not more than eighty percent of impact fees, in which case there is no explicit requirement to pay the exempted portion of the fee from public funds other than impact fee accounts; or provide a full waiver, in which case the remaining percentage of the exempted fee must be paid from public funds other than impact fee accounts, except as provided in (b) of this subsection. These exemptions are subject to the following requirements:

(a) An exemption for low-income housing granted under subsection (2) of this section or this subsection (4) must be conditioned upon requiring the developer to record a covenant that, except as provided otherwise by this subsection, prohibits using the property for any purpose other than for low-income housing. At a minimum, the covenant must address price restrictions and household income limits for the low-income housing, and that if the property is converted to a use other than for low-income housing, the property owner must pay the applicable impact fees in effect at the time of conversion;

(b) An exemption for early learning facilities granted under subsection (2) of this section or this subsection (4) may be a full waiver without an explicit requirement to pay the exempted portion of the fee from public funds other than impact fee accounts if the local government requires the developer to record a covenant that requires that at least 25 percent of the children and families using the early learning facility qualify for state subsidized child care, including early childhood education and assistance under chapter 43.216 RCW, and that provides that if the property is converted to a use other than for an early learning facility, the property owner must pay the applicable impact fees in effect at the time of conversion, and that also provides that if at no point during a calendar year does the early learning facility achieve the required percentage of children and families qualified for state subsidized child care using the early learning facility, the property owner must pay 20 percent of the impact fee that would have been imposed on the development had there not been an exemption within 90 days of the local government notifying the property owner of the breach, and any balance remaining thereafter shall be a lien on the property; and

(c) Covenants required by (a) and (b) of this subsection must be recorded with the applicable county auditor or recording officer. A local government granting an exemption under subsection (2) of this section or this subsection (4) for low-income housing or an early learning facility may not collect revenue lost through granting an exemption by increasing impact fees unrelated to the exemption. A school district who receives school impact fees

must approve any exemption under subsection (2) of this section or this subsection (4);

(5) Shall provide a credit for the value of any dedication of land for, improvement to, or new construction of any system improvements provided by the developer, to facilities that are identified in the capital facilities plan and that are required by the county, city, or town as a condition of approving the development activity;

(6) Shall allow the county, city, or town imposing the impact fees to adjust the standard impact fee at the time the fee is imposed to consider unusual circumstances in specific cases to ensure that impact fees are imposed fairly;

(7) Shall include a provision for calculating the amount of the fee to be imposed on a particular development that permits consideration of studies and data submitted by the developer to adjust the amount of the fee;

(8) Shall establish one or more reasonable service areas within which it shall calculate and impose impact fees for various land use categories per unit of development; ~~((and))~~

(9) May provide for the imposition of an impact fee for system improvement costs previously incurred by a county, city, or town to the extent that new growth and development will be served by the previously constructed improvements provided such fee shall not be imposed to make up for any system improvement deficiencies; and

(10) Must adopt or amend by ordinance, and incorporate into their development regulations, zoning regulations, and other official controls the requirements of this section to take effect six months after the jurisdiction's next periodic comprehensive plan update required under RCW 36.70A.130.

For purposes of this section, "low-income housing" means housing with a monthly housing expense, that is no greater than thirty percent of eighty percent of the median family income adjusted for family size, for the county where the project is located, as reported by the United States department of housing and urban development.

For the purposes of this section, "early learning facility" has the same meaning as in RCW 43.31.565.

Sec. 11. RCW 58.17.060 and 1990 1st ex.s. c 17 s 51 are each amended to read as follows:

(1) The legislative body of a city, town, or county shall adopt regulations and procedures, and appoint administrative personnel for the summary approval of short plats and short subdivisions or alteration or vacation thereof. When an alteration or vacation involves a public dedication, the alteration or vacation shall be processed as provided in RCW 58.17.212 or 58.17.215. Such regulations shall be adopted by ordinance and shall provide that a short plat and short subdivision may be approved only if written findings that are appropriate, as provided in RCW 58.17.110, are made by the administrative personnel, and may contain wholly different requirements than those governing the approval of preliminary and final plats of subdivisions and may require surveys and monumentations and shall require filing of a short plat, or alteration or vacation thereof, for record in the office of the county auditor: PROVIDED, That such regulations must contain a requirement that land in short subdivisions may not be further divided in any manner within a period of five years without the filing of a final plat, except that when the short plat contains fewer than four parcels, nothing in this section shall prevent the owner who filed the short plat from filing an alteration within the five-year period to create up to a total of four lots within the original short plat boundaries: PROVIDED FURTHER, That such regulations are not required to contain a penalty clause as provided in RCW 36.32.120 and may provide for wholly injunctive relief.

ONE HUNDRED THIRD DAY, APRIL 21, 2023

An ordinance requiring a survey shall require that the survey be completed and filed with the application for approval of the short subdivision.

(2) Cities, towns, and counties shall include in their short plat regulations and procedures pursuant to subsection (1) of this section provisions for considering sidewalks and other planning features that assure safe walking conditions for students who walk to and from school.

(3) All cities, towns, and counties shall include in their short plat regulations procedures for unit lot subdivisions allowing division of a parent lot into separately owned unit lots. Portions of the parent lot not subdivided for individual unit lots shall be owned in common by the owners of the individual unit lots, or by a homeowners' association comprised of the owners of the individual unit lots.

Sec. 12. RCW 64.55.160 and 2005 c 456 s 17 are each amended to read as follows:

(1) On or before the ~~((sixtieth))~~ 60th day following completion of the mediation pursuant to RCW 64.55.120(4) and following filing and service of the complaint, the declarant, association, or party unit owner may serve on an adverse party an offer to allow judgment to be entered. The offer of judgment shall specify the amount of damages, not including costs or fees, that the declarant, association, or party unit owner is offering to pay or receive. A declarant's offer shall also include its commitment to pay costs and fees that may be awarded as provided in this section. The declarant, association, or party unit owner may make more than one offer of judgment so long as each offer is timely made. Each subsequent offer supersedes and replaces the previous offer. Any offer not accepted within ~~((twenty-one))~~ 21 days of the service of that offer is deemed rejected and withdrawn and evidence thereof is not admissible and may not be provided to the court or arbitrator except in a proceeding to determine costs and fees or as part of the motion identified in subsection (2) of this section.

(2) A declarant's offer must include a demonstration of ability to pay damages, costs, and fees, including reasonable attorneys' fees, within thirty days of acceptance of the offer of judgment. The demonstration of ability to pay shall include a sworn statement signed by the declarant, the attorney representing the declarant, and, if any insurance proceeds will be used to fund any portion of the offer, an authorized representative of the insurance company. If the association or party unit owner disputes the adequacy of the declarant's demonstration of ability to pay, the association or party unit owner may file a motion with the court requesting a ruling on the adequacy of the declarant's demonstration of ability to pay. Upon filing of such motion, the deadline for a response to the offer shall be tolled from the date the motion is filed until the court has ruled.

(3) An association or party unit owner that accepts the declarant's offer of judgment shall be deemed the prevailing party and, in addition to recovery of the amount of the offer, shall be entitled to a costs and fees award, including reasonable attorneys' fees, in an amount to be determined by the court in accordance with applicable law.

(4) If the amount of the final nonappealable or nonappealed judgment, exclusive of costs or fees, is not more favorable to the offeree than the offer of judgment, then the offeror is deemed the prevailing party for purposes of this section only and is entitled to an award of costs and fees, including reasonable attorneys' fees, incurred after the date the last offer of judgment was rejected and through the date of entry of a final nonappealable or nonappealed judgment, in an amount to be determined by the court in accordance with applicable law. The nonprevailing party shall not be entitled to receive any award of costs and fees.

(5) If the final nonappealable or nonappealed judgment on damages, not including costs or fees, is more favorable to the offeree than the last offer of judgment, then the court shall determine which party is the prevailing party and shall determine the amount of the costs and fees award, including reasonable attorneys' fees, in accordance with applicable law.

(6) Notwithstanding any other provision in this section, with respect to claims brought by an association or unit owner, the liability for declarant's costs and fees, including reasonable attorneys' fees, shall:

(a) With respect to claims brought by an association, not exceed five percent of the assessed value of the condominium as a whole, which is determined by the aggregate tax-assessed value of all units at the time of the award; and

(b) With respect to claims brought by a party unit owner, not exceed five percent of the assessed value of the unit at the time of the award.

NEW SECTION. **Sec. 13.** Sections 3 through 5 of this act apply only to construction defect claims commenced after the effective date of this section.

NEW SECTION. **Sec. 14.** Section 9 of this act takes effect January 1, 2024."

MESSAGE FROM THE HOUSE

April 20, 2023

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5315. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5315-S2.E AMH SANT H2001.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a)(i) The legislature finds that the federal individuals with disabilities education act, Title 20 U.S.C. Sec. 1400 et seq., establishes duties for the state education agency, which is the office of the superintendent of public instruction in Washington, with respect to students with disabilities who are placed in a private school or facility by a school district or other public agency as a means of providing special education and related services.

(ii) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required that the office of the superintendent of public instruction ensure that a student with a disability who is placed in a private school or facility by a school district or other public agency:

(A) Is provided special education and related services in conformance with an individualized education program that meets the requirements of federal law and at no cost to the student's parents;

(B) Is provided an education that meets the standards that apply to education provided by a school district or other public agency; and

(C) Has all of the rights of a student with a disability who is served by a school district or other public agency.

(iii) Since 2006, the federal implementing regulations of the federal individuals with disabilities education act have required

that the office of the superintendent of public instruction, in implementing the requirements described in (a)(ii) of this subsection:

(A) Monitor compliance through procedures such as written reports, on-site visits, and parent questionnaires;

(B) Disseminate copies of applicable standards to each private school and facility to which a school district or other public agency has placed a student with a disability; and

(C) Provide an opportunity for those private schools and facilities to participate in the development and revision of state standards that apply to them.

(iv) The federal implementing regulations of the federal individuals with disabilities education act require the state to monitor implementation of the individuals with disabilities education act to improve educational results and functional outcomes for all students with disabilities. The state must use indicators to measure school district performance, identify areas of noncompliance, and use appropriate enforcement mechanisms, such as technical assistance, corrective action, or withholding funds.

(b) The legislature acknowledges that it has not codified the federal requirements. Therefore, the legislature intends to codify the duty and authority of the superintendent of public instruction to establish standards for authorizing, monitoring, and investigating private schools approved by the state board of education under RCW 28A.305.130, other private in-state entities, and any out-of-state entities, that contract with school districts to provide special education and related services to students with disabilities. The legislature also intends to codify the requirement that these standards must ensure that any students with disabilities placed in the authorized entities by school districts have the same rights, protections, and access to special education and related services that they would have if served by school districts.

(2)(a)(i) The federal implementing regulations of the federal individuals with disabilities education act specify that, when a school district or other public agency has placed a student with disabilities in a private school or facility, responsibility for compliance with the federal individuals with disabilities education act remains with the school district or other public agency and with the office of the superintendent of public instruction.

(ii) State statute permits school districts to contract with entities authorized by the office of the superintendent of public instruction to operate special education programs for students with disabilities and specifies that the approval standards must conform substantially to those of special education programs in the school districts.

(iii) Rules of the office of the superintendent of public instruction specify the minimum elements of the written contract that must be made between a school district and an authorized entity. In addition, these rules specify that the school district remains responsible for ensuring that any student placed in an authorized entity is provided a free appropriate public education in conformance with the individualized education program developed by the school district.

(b) The legislature intends to codify the responsibilities of school districts placing students with disabilities in authorized entities, including specifying minimum contract and parent notification requirements.

(3) In addition, the legislature intends to ensure accountability is properly exercised and shared by directing the state auditor to conduct a performance audit of the system for overseeing the authorized entities that provide special education services to students with disabilities, as well as requiring school districts

contracting with these authorized entities to report concerns about education overbilling to the office of the superintendent of public instruction and the office of the state auditor.

Sec. 2. RCW 28A.155.090 and 2007 c 115 s 11 are each amended to read as follows:

The superintendent of public instruction shall have the duty and authority, through the administrative section or unit for the education of children with ~~((disabling conditions))~~ disabilities, to:

(1) Assist school districts in the formation of programs to meet the needs of children with disabilities;

(2) Develop interdistrict cooperation programs for children with disabilities as authorized in RCW 28A.225.250;

(4) Assist, upon request, the parent or guardian of any child with disabilities in the placement of any child with disabilities who is eligible for but not receiving special educational services for children with disabilities;

(5) Approve school district and agency programs as being eligible for special excess cost financial aid to students with disabilities;

(6) Establish standards for authorizing, monitoring, and investigating private schools approved by the state board of education under RCW 28A.305.130, other private in-state entities, and any out-of-state entities, that contract with school districts under RCW 28A.155.060 to provide special education and related services to children with disabilities. The standards must ensure that any children with disabilities placed in authorized entities by school districts have the same rights, protections, and access to special education and related services that they would have if served by a school district;

(7) Consistent with the provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160, and part B of the federal individuals with disabilities education improvement act, administer administrative hearings and other procedures to ensure procedural safeguards of children with disabilities; and

~~((7))~~ (8) Promulgate such rules as are necessary to implement part B of the federal individuals with disabilities education improvement act or other federal law providing for special education services for children with disabilities and the several provisions of RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.160 and to ensure appropriate access to and participation in the general education curriculum and participation in statewide assessments for all students with disabilities.

MOTION

Senator Wellman moved that the following striking amendment no. 0466 by Senator Wellman be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28A.155 RCW to read as follows:

(1) The superintendent of public instruction shall annually review data from local education agencies, including the percentage of students receiving special education services, to ensure there is not a disproportionate identification of students, as defined by the superintendent of public instruction in accordance with federal requirements of the individuals with disabilities education act, 20 U.S.C. Sec. 1400.

(2) The office of the superintendent of public instruction shall provide technical assistance to school districts experiencing issues related to disproportionality and will make available professional development opportunities statewide to support

local education agencies, schools, and community partners in promoting inclusionary teaching practices within a multitiered system of supports framework to help safeguard against over-identification and other issues related to disproportionality.

NEW SECTION. **Sec. 2.** (1)(a) It is the intent of the legislature to ensure that the state's special education funding formula does not result in a limitation on services or excess cost allocations to which students are entitled. To this end, the legislature acknowledges that a comprehensive review of the special education funding formula to examine the impacts of recent modifications and the potential need for future modifications is overdue, including the need to look at enrollment percent caps and minimum threshold values for access to the safety net.

(b) The legislature also intends to examine the current accounting and reporting methodologies to ensure that they continue to accurately serve their purpose of providing transparency and accountability and enable the legislature to oversee the state's funding of the program of special education.

(2) The joint legislative audit and review committee and the state auditor, in consultation with the office of the superintendent of public instruction, must collaborate to conduct a performance audit of the state's system of providing special education services to students with disabilities, including a review of each funding formula component used to allocate resources to school districts for the program of special education and the interplay between those different components. The joint legislative audit and review committee and the state auditor may divide responsibility for the work and reporting required in this section as appropriate, and contract with qualified third-party researchers or higher education institutions to perform any aspect of the report and audit. The report and audit must address:

(a) The prevalence of disabilities and whether the provisions and funding for evaluating students and providing services reflects the prevalence of disabilities, including whether any populations are disparately underevaluated or underserved;

(b) The degree to which changes in funding formulas intended to encourage increased inclusion are successful and whether the state and school districts are utilizing best practices to improve inclusion;

(c) Whether the changes in evaluation timelines or increases in the funded enrollment limit have resulted in funding for students who do not have disabilities or in excess of districts' costs to serve students with disabilities;

(d) Whether districts are appropriately accounting for and reporting use of basic education allocations for students with disabilities, including if statutory expectations for use of funds are being met. As part of this review, the joint legislative audit and review committee shall revisit their special education excess cost accounting and reporting requirements report from February 2006 and determine if the special education excess cost accounting methodology and requirements are still functioning as intended with other changes in funding and service delivery focused on inclusion in a general education setting and if additional modifications are recommended;

(e) The amount of funding from levies or other local sources that school districts continue to utilize under current accounting methodologies in order to meet obligations to provide free and appropriate public education to students with disabilities, the degree to which funding shortfalls will continue following planned increases in multipliers, proposed changes to accounting methodologies, and the elimination of a cap on the percent of students for whom the state provides funding; and, options for additional changes to funding formulas to eliminate shortfalls in state funding for special education;

ONE HUNDRED THIRD DAY, APRIL 21, 2023

(f) How the state may improve recruitment and retention of certificated educators, instructional aides, or paraeducators and professionals serving students with disabilities;

(g) How the existing special education funding formula components used to allocate resources to school districts in Washington address the actual funding needs of school districts to fully serve all students with disabilities. This review must include an examination of each individual funding formula component including, but not limited to, the use of multiple student weights, the funded percentage cap, and safety net eligibility requirements. This review must also address how the funding formula components interplay within the overall funding model to address the diverse and variable needs of school district special education programs; and

(h) How Washington's special education funding model compares to different special education funding models used in other states. This review and comparison must identify the strengths and weaknesses of Washington's funding model as compared to other funding models and, at a minimum, review past studies and findings related to Washington's special education funding model. This review must identify which state formulas place a cap or threshold value on the number or percentage of special education students for purposes of generating funding and if those states differ in other ways from the states that do not have a limit, such as using tiered funding formulas or an average dollar allocation per special education student.

(3) To develop the appropriate scope, define study questions, and select one or more contractors to complete the performance audit and report, the joint legislative audit and review committee and state auditor shall consult with the office of the superintendent of public instruction, the office of the education ombuds, organizations representing and serving students with disabilities, the Washington state special education advisory council, and labor organizations representing educators providing educational services to students with disabilities in developing study questions and choosing appropriate contractors. To address the study questions, the joint legislative audit and review committee and the state auditor may conduct the audit at a sample of school districts as needed.

(4) The performance audit required by this section must include charter schools to the same extent as school districts.

(5) Upon request, the office of financial management and any state or local agency must provide the joint legislative audit and review committee and the state auditor with education records necessary to conduct the performance audit required under this section. The joint legislative audit and review committee and the state auditor shall be considered authorized representatives of relevant state education authorities, including the superintendent of public instruction and the department of children, youth, and families, for the purpose of accessing records for this evaluation. The office of financial management and any state or local agency must provide records within four months from the date of an initial request. The office of financial management or agencies contributing data to the education research and data center must notify the joint legislative audit and review committee and the state auditor's office in writing if they determine a request does not comply with the federal educational rights and privacy act, no later than 21 days after the initial request.

(6) Prior to the 2024 legislative session, the joint legislative audit and review committee and the state auditor must identify a lead agency for each element of the report and audit defined in subsection (2)(a) through (h) of this section and any aspects of the study that are being conducted by contractors. These designations must be provided to the governor and the committees of the

legislature with jurisdiction over fiscal matters and special education by December 31, 2023.

(7) The joint legislative audit and review committee and the state auditor must, in accordance with RCW 43.01.036, report the study's findings and recommendations to the governor and the committees of the legislature with jurisdiction over fiscal matters and special education by November 30, 2024.

(8)(a) As the joint legislative audit and review committee examines the current special education excess cost accounting and reporting methodologies, the following methodology shall be used by the superintendent of public instruction through the 2026-27 school year: If a school district's percentage used to calculate the state general apportionment revenue allocated to special education is lower than the percentage used for the 2022-23 school year, the superintendent of public instruction must allocate state general apportionment revenue to special education based on the percentage used in the 2022-23 school year, except as provided in (b) of this subsection.

(b)(i) Subsection (8)(a) of this section does not apply to school districts with a percentage used to calculate the state general apportionment revenue allocated to special education greater than 30 percent.

(ii) School districts with a percentage used to calculate the state general apportionment revenue allocated to special education less than 20 percent must be allocated at 20 percent.

(iii) If a school district's percentage of time students eligible for and receiving special education are served in a general education setting is at least five percentage points greater than its 2022-23 percentage in a school year, the school district's percentage used to calculate the state general apportionment revenue allocated to special education may be reduced by one percentage point for that school year from the 2022-23 percentage.

(iv) School districts with enrollments of less than 300 full-time equivalent students are exempt from all provisions of this subsection (8).

(9) This section expires December 31, 2026.

Sec. 3. RCW 28A.150.390 and 2020 c 90 s 3 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages three and four and those five year olds not yet enrolled in kindergarten who are eligible for and receiving special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by ~~((1+15))~~ 1.2;

(b)(i) Subject to the limitation in (b)(ii) of this subsection (2), a district's annual average enrollment of resident students who are eligible for and receiving special education, excluding students ages three and four and those five year olds not yet enrolled in kindergarten, multiplied by the district's base allocation per full-time equivalent student, multiplied by the special education cost multiplier rate of:

(A) ~~((In the 2019-20 school year, 0.995 for students eligible for and receiving special education.~~

~~(B)))~~ Beginning in the 2020-21 school year, either:

(I) 1.0075 for students eligible for and receiving special education and reported to be in the general education setting for ~~((eighty))~~ 80 percent or more of the school day; or

(II) 0.995 for students eligible for and receiving special education and reported to be in the general education setting for less than ~~((eighty))~~ 80 percent of the school day;

(B) Beginning in the 2023-24 school year, either:

(I) 1.12 for students eligible for and receiving special education and reported to be in the general education setting for 80 percent or more of the school day; or

(II) 1.06 for students eligible for and receiving special education and reported to be in the general education setting for less than 80 percent of the school day.

(ii) If the enrollment percent exceeds ~~((thirteen and five tenths))~~ 15 percent, the excess cost allocation calculated under (b)(i) of this subsection must be adjusted by multiplying the allocation by ~~((thirteen and five tenths))~~ 15 percent divided by the enrollment percent.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation under RCW 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident annual average enrollment of students who are eligible for and receiving special education, excluding students ages three and four and those five year olds not yet enrolled in kindergarten and students enrolled in institutional education programs, as a percent of the district's annual average full-time equivalent basic education enrollment.

Sec. 4. RCW 28A.150.392 and 2019 c 387 s 2 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for students eligible for special education and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards

associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education served in residential schools ~~((as defined in RCW 28A.190.020))~~, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a secondary program of education.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

ONE HUNDRED THIRD DAY, APRIL 21, 2023

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(6)(a) Beginning in the 2019-20 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed two and three-tenths times the average per-pupil expenditure as defined in Title 20 U.S.C. Sec. 7801, the every student succeeds act of 2015.

(b) Beginning in the 2023-24 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed:

(i) 2 times the average per-pupil expenditure, for school districts with fewer than 1,000 full-time equivalent students;

(ii) 2.2 times the average per-pupil expenditure, for school districts with 1,000 or more full-time equivalent students.

(c) For purposes of (b) of this subsection, "average per-pupil expenditure" has the same meaning as in 20 U.S.C. Sec. 7801, the every student succeeds act of 2015, and excludes safety net funding provided in this section.

Sec. 5. RCW 43.06B.010 and 2013 c 23 s 82 are each amended to read as follows:

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2025-2027 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2023, from the 2021-2023 biennial appropriations for each project.

The department shall monitor the activities of recipients of grants under this program to determine compliance with the terms and conditions set forth in its contract.

(11) The department must provide a progress report to the appropriate committees of the legislature by September 1, 2024. The report must include:

- (b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date;
- (c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;
- (d) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services; and

- (ii) Monitoring and compliance requirements;
- (iii) Preconstruction and technical assistance services; and

NEW SECTION. Sec. 1024. FOR THE DEPARTMENT OF COMMERCE

2023-25 Early Learning Facilities Fund Grant Program (40000300)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$5,000,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for minor renovation grants.

(2) \$42,050,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to four percent of the funding in this subsection may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(3) The department of children, youth, and families must develop methodology to identify, at the school district boundary level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(4) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(5) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(6) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(7) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state

funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

(8) It is the intent of the legislature to reappropriate funding in the 2023-2025 omnibus capital appropriations act for early learning facilities appropriated in this section.

The department, in partnership with the department of children, youth, and families, shall administer the program as part of the early learning facilities program. The early learning facilities capital readiness pilot program must support no more than 10 licensed early learning providers that will serve children through working connections child care or through the early childhood education and assistance program to study the feasibility of expanding, remodeling, purchasing, or constructing early learning facilities and classrooms. Participants must receive small grants and project support to conduct capital feasibility studies that cover financing, architectural design, construction, business operations, and other relevant topics. NEW SECTION. Sec. 1025. FOR THE DEPARTMENT OF COMMERCE

2024 Local and Community Projects (40000301)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction

activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Riparian Restoration with Landowners (91000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the state conservation commission to provide grants for riparian restoration projects with landowners.

(2)(a) Within funds appropriated in this section, the commission shall develop and implement the voluntary riparian grant program to fund protection and restoration of critical riparian management zones. The commission is responsible for developing the voluntary grant program criteria to achieve optimal restoration of functioning riparian ecosystems in priority critical riparian management zones.

(b) In adopting the program criteria under this section, the commission must:

(i) Invite federally recognized tribes to be full participants;
 (ii) Coordinate with private landowners and other interested stakeholders;

(iii) Coordinate with the department of ecology, the department of fish and wildlife, conservation districts, and the department of agriculture; and

(iv) Consider the best available, locally applicable science that is specific to each region of the state where the program criteria will be applied.

(3)(a) The commission shall prioritize critical riparian management zones at the watershed or subbasin scale where grant funding under the program created in this section would be

primarily targeted. The prioritization must be informed by, consistent with, and aligned with one or more of the following: Watershed plans developed pursuant to chapter 90.82 RCW; the action agenda developed under RCW 90.71.260; regional recovery plans created under RCW 77.85.090; the habitat project lists developed pursuant to RCW 77.85.050; the prioritization process developed under RCW 77.95.160; and priority projects identified for salmon recovery through agency grant programs.

(b) The prioritization of critical riparian management projects must be developed in coordination with:

- (i) Local federally recognized tribes;
- (ii) Local private landowners who are voluntarily participating in the program;
- (iii) Local conservation districts; and
- (iv) The local county, the department of fish and wildlife, the department of ecology, and water resource inventory area planning units organized pursuant to chapter 90.82 RCW.

(4)(a) Conditions for awarding funding for projects under this program include, but are not limited to:

- (i) Consistency with the program criteria established under subsection (2) of this section;
- (ii) Tiered incentive rates tied to improving functionality for riparian areas; and
- (iii) Other requirements as determined by the commission.

(b) The commission must give preference and compensation for permanent protection of riparian areas or removal of riparian land from agricultural production or other development by purchase at fair market value.

(5) The commission must distribute riparian grant program funding equitably throughout the state, consistent with received grant applications and benefit to salmon habitat. Funding is intended primarily for projects located in salmon recovery regions, as defined in RCW 77.85.010, but funding may also be distributed to a project not located in a salmon recovery region upon a determination by the commission that the project will provide a unique benefit to salmon habitat.

(6) Allowable expenses to a grantee receiving funds under this section include, but are not limited to, labor, equipment, fencing, mulch, seed, seedling trees, manual weed control, and yearly maintenance costs for up to 10 years.

(7) Any native woody trees and shrubs planted with funding provided under this section must be maintained for a minimum of five years or as otherwise set by the commission for each grantee. Vegetation must be chosen to prevent invasive weed populations and ensure survival and successful establishment of plantings.

(8) The commission shall determine appropriate recordkeeping and data collections procedures required for program implementation and shall establish a data management system that allows for coordination between the commission and other state agencies. Any data collected or shared under this section may be used only to assess the successes of the riparian grant program in improving the functions of critical riparian habitat.

(9) The commission shall develop and implement a framework that includes monitoring, adaptive management, and metrics in order to ensure consistency with the requirements of the riparian grant program. The monitoring and adaptive management framework may include, but is not limited to, consideration of:

- (a) Acres identified as eligible for restoration within a watershed;
- (b) Acres planned to be restored;
- (c) Acres actually planted and maintained;
- (d) Success in targeting and achieving aggregated project implementation resulting in increase in linear miles restored;
- (e) Plan review criteria; and
- (f) Other similar factors as identified by the commission.

(10) The commission may use up to two percent of any amounts appropriated in this section for targeted outreach activities that focus on critically identified geographic locations for listed salmon species.

(11) The commission may use up to four percent of amounts appropriated in this section for administrative expenses.

(12) For the purposes of this section, "critical riparian management zone" means the area adjacent to freshwaters, wetlands, and marine waters that has been locally or regionally identified as an area where salmon recovery efforts would significantly benefit from enhanced protection or restoration.

Carbon Sequestration Forests (40000405)

The appropriation in this section is subject to the following conditions and limitations: \$83,000,000 of the appropriation is provided solely for the purchase of property to be managed for increased carbon sequestration and carbon storage through sustainable harvests and as replacement trust lands for existing encumbered forested state trust lands; and for structurally complex, carbon dense, forested state trust lands that may be transferred from trust status. The amount provided in this section

is also to be used to carry out additional silvicultural activities on state trust lands, to convene a stakeholder group and conduct additional analysis related to the management of forested state trust lands, and to cover department costs to implement this section. Of the amount provided in this section:

(1)(a) \$70,000,000 of the appropriation is provided solely to purchase forestland in counties west of the crest of the Cascade mountains, all of Skamania county, and the western portion of Klickitat county. When feasible and appropriate, the department should prioritize the purchase of lands at risk of conversion to a nonforested use. Once purchased, the land must be considered as part of the land bank created in RCW 79.19.020. The property must be purchased before the transfer of any existing trust land is fully executed. The department must transfer the appropriated amount into the natural resources real property replacement account in accordance with RCW 79.17.210.

(b) Up to 2,000 acres of structurally complex, carbon dense forestland currently existing on state trust lands may be transferred out of trust status with, prior to the transfer, a letter of support issued to the department by the legislative authority of the county in which the forestland is located. Forestland transferred out of trust status according to this subsection (1)(b) must be replaced with lands purchased in (a) of this subsection (1). Replacement lands must be of equal value to the lands transferred. The department must prepare a preliminary identification of the acres intended to be transferred out of trust status under this subsection (1)(b) and submit it to the board of natural resources no later than December 31, 2023.

(c) The remainder of the new purchased land may be used as exchange land for any encumbered state forest lands in Clallam, Jefferson, Pacific, Skamania, and Wahkiakum counties. Any exchanged land under this purpose must be designated as state forest transfer land and be managed under the department's habitat conservation plan and policy for sustainable forests.

(d) Forested state trust lands exchanged with lands purchased under this subsection (1) may be designated by the department as natural area preserves or natural resource conservation areas without being subject to the requirements of chapter 79.70 and 79.71 RCW. The legislative authority of the county from which the real property was transferred may not request that the department distribute a percentage of the proceeds associated with the valuable materials to the legislative authority of the county from which the real property was transferred.

(e) By December 1, 2023, the department must submit an initial progress report to the legislature on the implementation of this subsection (1).

(2) \$10,000,000 of the appropriation is provided solely for the department to enhance forest stand growth on managed trust lands in western Washington, employing silviculture to increase growth and vigor of the trees for healthy, resilient forests.

(3) \$2,500,000 of the appropriation is provided solely for the department to:

(a) Contract with an independent facilitator to convene a stakeholder group comprised of a balanced representation of relevant stakeholders and tribal interests to:

(i) Collaborate on approaches related to the conservation and management of older, carbon dense, structurally complex forest stands located on lands managed by the department; increasing carbon sequestration and storage in forests and harvested wood products from department managed forestlands; generating predictable beneficiary revenue; maintaining timber supplies that support local industry; and addressing economic needs in rural counties;

(ii) Develop an understanding of current timber supply by region and the effect of potential changes to forest management

practices on regional wood supply for the timber market, including an analysis of what is currently known about the needs of existing forest industry infrastructure and what information gaps exist; and

(iii) Explore concepts and strategies relevant to the sequestration and storage of carbon in forests and wood products from forested state trust lands managed by the department, including the effect of potential changes to forest management practices, that satisfy the department's trust management responsibilities; and

(b) Contract with universities or other researchers or consultants for additional analysis or existing research that is beneficial in the execution of this section, which must include an analysis of:

(i) The existing and future demand for wood supply by region, including levels required to maintain existing industry related infrastructure, and modeled impacts on wood supply increases or decreases based on potential changes to forest management practices;

(ii) Carbon accounting and quantification methodologies outlined by the intergovernmental panel on climate change as well as emerging scientific research. The methodologies considered must be used to verify and assess the potential increases or decreases in carbon sequestration and storage, in both forests and harvested wood products based on potential changes to management practices on forested state trust lands that also account for increases or decreases in the availability of wood products harvested from forests managed by the department.

(c) A report of the stakeholder group's findings, including any information received in work performed in (b) of this subsection (3), must be submitted to the appropriate committees of the legislature by December 1, 2023.

(4) \$500,000 of the appropriation is provided solely for the department to analyze the appropriateness of using consulting businesses for buying large forest parcels in a competitive marketplace as a way to execute the provisions of this section, and, if appropriate, enter into contracts for that purpose. If the department does not enter into a contract or contracts with consultants for the purposes of purchasing large forest parcels, the funding appropriated for this subsection (4) may be solely used for the purposes of subsection (3) of this section.

FOR THE DEPARTMENT OF COMMERCE

2021-23 Rapid Capital Housing Acquisition (40000222)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided in subsections (7) through (8) of this section, the appropriations in this section are provided solely for

the department to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 to acquire or rent real property for a rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, drop-in center, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. Amounts provided in this section may be also used for renovation and building update costs associated with establishment of the acquired or rented facilities. For youth housing, drop-in centers, and shelter projects, renovation of existing properties is an allowable activity. The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with providing housing, supportive services, or debt service.

(2) Funds may also be used for permanent financing for real estate acquired using other short term acquisition sources. To expand availability of permanent housing, financing of acquisition of unoccupied multifamily housing is a priority. Funds must also be provided specifically for the city of Seattle to move people experiencing unsheltered homelessness into safe spaces, including, but not limited to, tiny homes, hotels, enhanced emergency shelters, or other rapid housing alternatives.

(3) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall establish criteria for the issuance of the grants, during which time the property must be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant. The criteria must include:

(a) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(b) A detailed estimate of the costs associated with the acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(c) A detailed estimate of the costs associated with opening the beds or units; and

(d) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants throughout the end of the grant contract.

(4) The department must provide a progress report on its website by December 1, 2022. The report must include:

(a) The total number of applications and amount of funding requested; and

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, housing units, and anticipated completion date.

(5) The funding provided under this section is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050. The department of commerce shall dispense funds to the city of Seattle and other qualifying applicants within 45 days of receipt of documentation from the applicant for qualifying uses and execution of any necessary contracts with the department in order to effect the purpose of rapid deployment of funds under this section.

(6) If the department receives simultaneous applications for funding under this program, proposals that reach the greatest public benefit, as defined by the department, must be prioritized.

For purposes of this subsection (6), "greatest public benefit" must include, but is not limited to:

(a) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness.

(b) Whether the project has federally funded rental assistance tied to it;

(c) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(d) The program's established funding priorities under RCW 43.185.070(5).

(7) ~~(((\$17,500,000))~~ \$18,400,000 of the state building construction account—state appropriation is provided solely for the following list of projects:

2021-23 Clean Energy V - Investing in Washington's Clean Energy (40000148)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes and communities with high environmental or energy burdens.

(2) The 2021 state energy strategy must guide the department in the design of programs under this section, using an equity and environmental justice lens for program structure and participation. To the extent practicable, the department must prioritize projects that build upon Washington's existing strengths in communities, aerospace, maritime, information and communications technology (particularly data center infrastructure, artificial intelligence and machine learning), grid modernization, advanced materials, and decarbonizing the built environment.

(3) Subject to the availability of funds, the department must reconvene an advisory committee to support involvement of a broad range of stakeholders in the design and implementation of programs implemented under this section to encourage collaboration, leverage partners, and engage communities and organizations in improving the equitable distribution of benefits from the program.

(4) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and

(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(5) During project solicitation periods for grants funded with this appropriation, the department must maintain a list of applicants by grant program that scored competitively but did not receive a grant award due to lack of available funding. These applicants must be considered for funding during future grant award cycles. If the department submits a 2022 supplemental budget request for this program, the request must include a list of prioritized projects by grant type.

(6)(a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past 24 months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The requirements in subsections (4) and (6) of this section must be specified in funding agreements issued by the department.

(8) \$17,594,000 of the state building construction account—state appropriation is provided solely for grid modernization grants.

(a)(i) \$11,000,000 is provided solely for projects that: Advance community resilience, clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources and sustainable microgrids; and support state decarbonization goals pursuant to the clean energy transformation act, including requirements placed upon retail electric utilities.

(ii) Projects must be implemented by community organizations, local governments, federally recognized tribal governments, or by public and private electrical utilities that serve retail customers in the state (retail electric utilities). Projects submitted by applicants other than retail electric utilities must demonstrate partnership with their load serving entity to apply. Priority must be given to:

(A) Projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden; and

(B) Projects that demonstrate partnerships between eligible applicants in applying for funding, including utilities, public and private sector research organizations, businesses, tribes, and nonprofit organizations.

(iii) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, develop program guidelines that encourage smaller utilities or consortia of small utilities to apply for funding. Where suitable, this may include funding for projects consisting solely of planning, predesign and/or predevelopment activities.

(iv) Applications for grants must disclose all sources of public funds invested in a project.

(b) \$3,550,000 of the appropriation in this section is provided solely for a grant to the Public Utility District No. 1 of Lewis county for land acquisition and construction of the Winlock Industrial Park and South County Substation and Transmission facility, located on North Military Road in Winlock.

(a) By June 30, 2023, the department must report on its website the following for every previous funding cycle: The number of homeownership and multifamily rental projects funded by housing trust fund moneys; the percentage of housing trust fund investments made to homeownership and multifamily rental projects; and the total number of households being served at up to 80 percent of the area median income, up to 50 percent of the area median income, and up to 30 percent of the area median income, for both homeownership and multifamily rental projects.

(b) Beginning December 1, 2021, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies. (7) \$100,000 of the state building construction account—state appropriation is provided solely for the department of social and health services to complete a study of the community-based housing needs of adults with intellectual and developmental disabilities. The department of social and health services shall collaborate with appropriate stakeholders and the department in completing this study and the study shall:

(a) Estimate the number of adults with intellectual and developmental disabilities who are facing housing insecurity;

(b) Make recommendations for how to improve housing stability for adults with intellectual and developmental disabilities who are facing housing insecurity;

(c) Make recommendations for how to increase the capacity of developers to support increasing the supply of housing that meets the needs of the intellectual and developmental disabilities population; and

(d) Be submitted to the appropriate committees of the legislature no later than December 1, 2022. (8) The legislature finds that there are insufficient data sources to identify adults with intellectual and developmental disabilities facing housing insecurity in Washington state and that the absence of reliable data limits the ability for the legislature to make informed decisions that will improve the outcomes of these individuals. The legislature further finds that reliable, current information about the unmet housing needs of this population will position Washington state to leverage community-based partnerships and funding to establish greater housing choice and increased community integration of individuals with intellectual and developmental disabilities.

FOR THE DEPARTMENT OF COMMERCE

2023 Local and Community Projects (40000266)

The appropriations in this section ((is)) are subject to the following conditions and limitations:

(1) The department may not expend the appropriations provided in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

FOR THE DEPARTMENT OF COMMERCE

2022 Rapid Capital Housing Acquisition (40000260)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) ~~(((\$207,628,000))~~ \$169,628,000 of the capital community assistance account—state appropriation, \$22,935,000 of the state building construction account—state appropriation, and \$15,065,000 of the coronavirus state fiscal recovery fund—federal appropriation in this section ~~((is))~~ are provided solely for the department to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 to acquire real property for a rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. The department shall prioritize housing projects that will rapidly move people experiencing unsheltered homelessness into housing, including, but not limited to, individuals living in unsanctioned encampments, the public rights-of-way, or other public spaces. Amounts provided in this section may also be used for renovation and building update costs associated with establishment of the acquired facilities. The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with providing housing, supportive services, or debt service.

(b) \$20,000,000 of the capital community assistance account—state appropriation in this section is provided solely for housing projects in rural areas as defined by the department under RCW 43.185.050 and underserved communities with the goal of maximizing the investment and increasing the number of supportive housing units in rural, underserved communities.

(c) \$2,000,000 of the capital community assistance account—state appropriation in this section is provided solely for the Woodley Place by Bayside Housing and Services project in Port Hadlock.

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

(d) \$172,000 of the capital community assistance account—state appropriation in this section is provided solely for Building Transitional Tiny Homes for the Homeless project in Seattle.

(e) \$200,000 of the capital community assistance account—state appropriation in this section is provided solely for the department to contract and work with a professional real estate broker to identify opportunities for rapid acquisition or conversion of properties.

(f) \$10,000,000 of the capital community assistance account—state appropriation in this section is provided solely for unexpected cost increases experienced by projects funded by prior rapid capital appropriations. The department must create a process by which providers that received prior rapid capital awards may request additional funding for unexpected costs of affordable housing projects that are under or ready for construction

(g) When selecting projects, the department shall balance the state's interest in quickly approving and financing projects, the degree to which the project will leverage other funds, the extent to which the project promotes racial equity, and the extent to which the project will promote priorities on a statewide basis, including in rural areas and in geographically diverse parts of the state.

(h) Amounts appropriated under this section may also be used for permanent financing for real estate acquired using other short-term acquisition sources. To expand availability of permanent housing, financing of acquisition of multifamily housing is a priority.

(i) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall use criteria for the issuance of funds that were developed to administer prior rapid capital appropriations, and which must include:

(i) The date upon which the units can be placed in service and occupied by the intended population, or the date any necessary structural modifications would begin and the anticipated date of completion of the project;

(ii) A detailed estimate of the costs associated with the acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(iii) A detailed estimate of the costs associated with placing the beds or units in service; and

(iv) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants.

(j) If the recipient is found to be out of compliance with provisions of the contract, the recipient shall repay to the state general fund the principal amount of the award plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the award.

(k) The department must provide a progress report on its website by December 30, 2023. The report must include:

(i) The total number of applications and amount of funding requested; and

(ii) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, housing units, and anticipated completion date.

(l) The funding provided under this section is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

(m) The department shall prioritize proposals that reach the greatest public benefit, as defined by the department. For purposes of this subsection (1)(m), "greatest public benefit" must include, but is not limited to:

(i) The rapid transition of people living unsheltered or chronically homeless, into housing;

(ii) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness;

(iii) Whether the project has local funding commitments and rental assistance;

(iv) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(v) The program's established funding priorities under RCW 43.185.070(5).

(n) The department must strive to allocate all of the amounts appropriated in this section within the 2021-2023 fiscal biennium in the manner prescribed in this section. However, if upon review of applications the department determines there are not adequate suitable projects in (a) of this subsection, the department may allocate funds to (f) of this subsection or to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(2) \$60,000,000 of the apple health and homes account—state appropriation in this section is provided solely for the rapid permanent supportive housing program created under chapter . . . , Laws of 2022 (Engrossed Substitute House Bill No. 1866) and the creation of a housing dashboard providing permanent supportive housing need and current capacity data. Of the amounts in this subsection, \$1,500,000 is provided solely for the St. Agnes Haven project in Spokane. If Engrossed Substitute House Bill No. 1866 is not enacted by June 30, 2022, the amount provided in this subsection shall lapse.

FOR THE DEPARTMENT OF COMMERCE

2021-23 Behavioral Health Community Capacity Grants (40000219)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities. The department may approve funding for the acquisition of a facility if the project will result in increased

behavioral health capacity. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) The department must establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more regional behavioral health entities that administer the purchasing of services;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a 15-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5) \$71,400,000 of the state building construction account—state appropriation in this section is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1), (2), (3), and (4) of this section:

FOR THE DEPARTMENT OF COMMERCE

2022 Local & Community Projects (40000230)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only or to the Chelan municipal airport extension project in subsection (8)(a) of this section.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) The appropriations in this section are provided solely for the department to administer a pilot grant program for water banking strategies to meet local water needs.

(b) \$2,000,000 is provided solely for qualified applicants located within the Methow River Basin.

(2)(a) Grant awards may only be used for:

(i) Development of water banks in rural counties as defined in RCW 82.14.370(5);

(ii) Acquisition of water rights appropriate for use in a water bank including all costs necessary to evaluate the water right for eligibility for its intended use; and

(iii) Activities necessary to facilitate the creation of a water bank.

(b) For applicants located outside of the Methow River Basin, grant awards may only be used for the development of water banks in rural counties that have the headwaters of a major watershed within their borders and only for water banking strategies within the county of origin. For purposes of this section, "major watershed" has the same meaning as shoreline of statewide significance in RCW 90.58.030(2)(f)(v) (A) and (B).

(3) Grant awards may not exceed \$2,000,000 per applicant.

(4) For the purposes of a grant pursuant to this section, a water bank must meet water needs, which include, but are not limited to, agricultural use and instream flow for fish and wildlife. The water bank must preserve water rights for use in the county of

origin and for permanent instream flows for fish and wildlife through the primary and secondary reaches of the water right.

(5) To be eligible to receive a grant under this section, an applicant must:

(a) Be a public entity or a participant in a public-private partnership with a public entity;

(b) Exhibit sufficient expertise and capacity to develop and maintain a water bank consistent with the purposes of this appropriation;

(c) Secure a valid interest to purchase a water right;

(d) Show that the water rights appear to be adequate for the intended use; and

(e) Agree to have one-third of any water right purchased with the funds appropriated under this section to have its purpose of use changed permanently to instream flow benefiting fish and wildlife.

(6) ~~((If the amounts provided in subsection (1)(b) of this section are not obligated by June 30, 2023, the water banking pilot program established in this section is null and void, and funding is not reappropriated.))~~ In determining whether a grant request is eligible for funding under this section, the department may not disqualify proposals that purchase water rights from an existing water bank.

ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.

(1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$119,000,000 plus financing expenses (~~((and))~~), required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a new library-archives building.

Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

PART 8

MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 8001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are \$59,934,000 for the 2023-2025 biennium, \$371,683,000 for the 2025-2027 biennium, and \$519,454,000 for the 2027-2029 biennium.

NEW SECTION. Sec. 8002. **ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.** (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements,

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$119,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a new library-archives building.

(4) Department of social and health services: Enter into a financing contract for up to \$175,888,000 plus costs and financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a nursing facility on the Fircrest residential habilitation center campus. The department may contract to lease develop or lease purchase the facility. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

NEW SECTION. Sec. 8003. (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$10,000,000. For purposes of this section, "total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) For projects exceeding the \$10,000,000 predesign threshold established in this section, the office of financial management may make an exception to some or all of the predesign requirements in this section. The office of financial

management shall report any exception to the fiscal committees of the legislature:

(a) A description of the major capital project for which the predesign waiver is made;

(b) An explanation of the reason for the waiver; and

(c) A rough order of magnitude cost estimate for the project's design and construction.

(5) In deliberations related to submitting an exception under this section, the office of financial management shall consider the following factors:

(a) Whether there is any determination to be made regarding the site of the project;

(b) Whether there is any determination to be made regarding whether the project will involve renovation, new construction, or both;

(c) Whether, within six years of submitting the request for funding, the agency has completed, or initiated the construction of, a substantially similar project;

(d) Whether there is any anticipated change to the project's program or the services to be delivered at the facility;

(e) Whether the requesting agency indicates that the project may not require some or all of the predesign requirements in this section due to a lack of complexity; and

(f) Whether any other factors related to project complexity or risk, as determined by the office of financial management, could reduce the need for, or scope of, a predesign.

(6) If under this section, some or all predesign requirements are waived, the office of financial management may instead propose a professional project cost estimate instead of a request for predesign funding.

NEW SECTION. Sec. 8004. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost-efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies must develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. Agencies must choose the most reasonable and cost-effective solution, as supported by the life-cycle cost analysis. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 8005. Agencies administering construction projects with a total anticipated cost in excess of

\$10,000,000 must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 8006. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 8007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the fiscal committees of the legislature by the office of financial management at least 30 days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within 30 days from the date of transfer.

NEW SECTION. Sec. 8008. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 8009. Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity, and minimizes greenhouse gas emissions. The following design and construction attributes must be integrated into the building project:

(1) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(2) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(3) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by 50 percent below prerenovations baseline.

(4) **On-site renewable energy:** Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(5) **High-efficiency electric equipment:** Use only high-efficiency electric equipment for water and space heating needs not met through on-site renewable energy, when life-cycle cost effective.

(6) **Measurement and verification:** For buildings over 50,000 square feet, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(7) **Benchmarking:** Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 8010. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 8011. Executive Order No. 21-02, archaeological and cultural resources, was issued effective April 7, 2021. Agencies shall comply with the requirements set forth in this executive order and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of projects on cultural resources and historic properties proposed in state-funded construction or acquisition projects, including grant or pass-through funding that culminates in construction or land acquisitions. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated early in the project planning process, prior to construction or taking title.

NEW SECTION. Sec. 8012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

Sec. 8031. RCW 43.31.577 and 2021 c 130 s 1 are each amended to read as follows:

(1) Activities eligible for funding through the early learning facilities grant and loan program for eligible organizations include:

(a) Facility predesign grants or loans of no more than \$20,000 to allow eligible organizations to secure professional services or consult with organizations certified by the community development financial institutions fund to plan for and assess the feasibility of early learning facilities projects or receive other technical assistance to design and develop projects for construction funding;

(b) Grants or loans of no more than \$200,000 for minor renovations or repairs of existing early learning facilities or for predevelopment activities to advance a proposal from planning to major construction or renovation;

(c) Major construction and renovation grants or loans and grants or loans for facility purchases of no more than \$1,000,000 to create or expand early learning facilities, except that during the 2023-2025 fiscal biennium these grants or loans may not exceed \$2,500,000; and

(d) Administration costs associated with conducting application processes, managing contracts, and providing technical assistance.

(2) Activities eligible for funding through the early learning facilities grant and loan program for school districts include major construction, purchase, and renovation grants or loans of no more than \$1,000,000 to create or expand early learning facilities that received priority and ranking as described in RCW 43.31.581.

(3) Amounts in this section must be increased annually by the United States implicit price deflator for state and local government construction provided by the office of financial management.

Sec. 8032. RCW 43.82.010 and 2018 c 217 s 7 are each amended to read as follows:

(1) The director of enterprise services, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. Any such transfer, exchange, or sale must comply with RCW 43.17.400, and may be made in accordance with RCW 39.33.015. This section does not transfer financial liability for the acquired property to the department of enterprise services.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to

subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of enterprise services. The director of enterprise services shall report to the office of financial management and the appropriate committees of the legislature annually on any exemptions granted pursuant to this subsection.

(3) Except for leases permitted under subsection (4) of this section, the director of enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4)(a) The director of enterprise services may fix the terms of leases for property under the department of enterprise services' control at the former Northern State Hospital site for up to sixty years.

(b) During the 2023-2025 fiscal biennium, the state board for community and technical colleges on behalf of north Seattle community college may enter into a long-term lease, not to exceed 99 years, of a portion of the north Seattle community college for purposes of affordable housing under RCW 39.33.015.

(5) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of enterprise services shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(6) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

(7) The director of enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of enterprise services shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(8) The director of enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of enterprise services shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(9) If the director of enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (8) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(10) In order to obtain maximum utilization of space, the director of enterprise services shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(11) The director of enterprise services may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of enterprise services shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(12) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of enterprise services or the director's designee, and recorded with the county auditor of the county in which the property is located.

(13) The director of enterprise services may delegate any or all of the functions specified in this section to any agency upon such

terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.

(14) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor and cannabis board for liquor stores and warehouses;

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes; and

(d) The department of commerce for community college health career training programs, offices for the department of commerce or other appropriate state agencies, and other nonprofit community uses, including community meeting and training facilities, where the real estate is acquired during the 2013-2015 fiscal biennium.

(15) Notwithstanding any provision in this chapter to the contrary, the department of enterprise services may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(16) The department of enterprise services shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (13) of this section.

Sec. 8033. RCW 43.83B.430 and 2022 c 297 s 957 and 2022 c 296 s 7008 are each reenacted and amended to read as follows:

The state drought preparedness and response account is created in the state treasury. All receipts from appropriated funds designated for the account and all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought preparedness and response activities under this chapter, including grants issued under RCW 43.83B.415. ~~((During the 2021-2023 fiscal biennium, moneys in the account may be used for water banking pilot projects.))~~ Moneys in the account may be spent only after appropriation. Sec. 8034. RCW 43.88D.010 and 2021 c 332 s 7034 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For ~~((the 2019-2021 fiscal biennium and))~~ the 2021-2023 fiscal biennium, pursuant to subsection (1) of this section, by November 1, 2022, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For ~~((the 2019-2021 fiscal biennium and))~~ the 2021-2023 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, 2022, the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(b) Individual project proposals scored in prior biennia pursuant to subsection (1) of this section; and

(c) A prioritized list of up to five project proposals submitted pursuant to (a) and (b) of this subsection.

(10) The requirements of this section are suspended during the 2023-2025 fiscal biennium. However, instead of these requirements, the public four-year institutions of higher education must submit additional supporting information for major project funding requests for the 2025-2027 fiscal biennium that is equivalent to the information produced for the 2022 higher education scoring process under subsection (9) of this section. Examples of the information required under this subsection include, but are not limited to, measures of: (a) Space efficiency, (b) reasonableness of project cost, (c) facility condition, and (d) anticipated impacts of the requested major projects on projected degree totals. The public four-year institutions of higher education shall consult with the office of financial management and legislative fiscal staff regarding the implementation of this requirement and the content of the additional information.

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

The appropriate documents shall be executed by the president of the board and acknowledged by the secretary.

The resolution authorizing the sale or lease shall be entered in the minutes of the board and shall fix the price at which the lease, option, or sale may be made. POINT OF INQUIRY

Senator Schoesler: "Will the senator from the 24th District yield to a question?"

Senator Van De Wege: "Yes, I do."

Senator Schoesler: "Senator Van De Wege, in order to make a clear record of legislative intent and for clarification, will you explain in section 30872(B)(3) what the intention of the phrase 'directing the commission to coordinate with agencies' means?"

Senator Van De Wege: "Thank you Senator Schoesler for the question. 'Coordinate' means that the commission is to utilize the technical assistance of the agencies but not that the agencies have regulatory beyond that."

The President declared the question before the Senate to be the motion by Senator Mullet that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5200.

The motion by Senator Mullet carried and the Senate concurred in the House amendment(s) to Engrossed Substitute Senate Bill No. 5200 by voice vote.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5200, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Mullet: "I would like to take this chance to thank the staff who helped us craft this Capital budget. I will, so we have Michael Bezanson, and then we have Shani Bauer and we have Wendy Brown, and we have an honorary member, Sarian Scott was not officially full part, full member of the team, one hundred percent of the time. She only got called in for the discussions around the Newhouse building and the Pritchard/O'Brien remodel so think of her as like a relief pitcher that only comes in when the bases are loaded and your kind of in trouble and everyone's yelling at each other cause that was, she was there for all the tense discussions we had. That is one of the hardest parts of finding agreement with the opposite chamber. And we also had our caucus staff in James Crandall on the Republican side and David Bremer on our side. And for David Bremer it was his first time in this role, and I will say you would not realize that it was his first time in this role. I mean he came in out of the gate, and I was amazed at how quickly he picked everything up and he was amazing and I just want to give him a big round of applause."

President Heck: "Somebody must have trained him well."

EDITOR'S NOTE: Mr. Bremer had previously served in the Office of the Lt. Governor.

The Senate rose in appreciation of the work of the Senate staff assigned to assist with the legislation related to the state capital budget.

MESSAGE FROM THE HOUSE

April 21, 2023

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5440. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5440-S2.E AMH FARI H2005.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that defendants referred for services related to competency to stand trial requiring admission into a psychiatric facility are currently facing unprecedented wait times in jail for admission. The situation has been exacerbated by closure of forensic beds and workforce shortages related to COVID-19, and treatment capacity limits related to social distancing requirements. Moreover, a backlog of criminal prosecutions that were held back during the first two years of the pandemic due to capacity limitations in courts, prosecuting attorneys offices, and jails, are

now being filed, causing a surge in demand for competency services which exceeds the state's capacity to make a timely response. In partial consequence, as of January 2023, wait times for admission to western state hospital for competency services, directed to be completed within seven days by order of the United States district court for western Washington, have risen to over ten months, while wait times for admission to eastern state hospital for the same services have risen to over five months. The state's forensic bed capacity forecast model indicates that if the state continues to receive competency referrals from local superior, district, and municipal courts at the same volume, the state will rapidly fall farther behind.

The legislature further finds that historical investments and policy changes have been made in behavioral health services over the past five years, designed to both increase capacity to provide competency to stand trial services and to reduce the need for them by creating opportunities for diversion, prevention, and improved community health. New construction at western state hospital is expected to result in the opening of 58 forensic psychiatric beds in the first quarter of 2023, while emergency community hospital contracts are expected to allow for the discharge or transfer of over 50 civil conversion patients occupying forensic state hospital beds over the same period. Sixteen beds for civil conversion patients will open at Maple Lane school in the first quarter of 2023, with 30 additional beds for patients acquitted by reason of insanity expected to open by late 2023 or early 2024. Over a longer time period, 350 forensic beds are planned to open within a new forensic hospital on western state hospital campus between 2027 and 2029. Policy and budget changes have increased capacity for assisted outpatient treatment, 988 crisis response, use of medication for opioid use disorders in jails and community settings, reentry services, and mental health advance directives, and created new behavioral health facility types, supportive housing, and supportive employment services. Forensic navigator services, outpatient competency restoration programs, and other specialty forensic services are now available and continuing to be deployed in phase two *Trueblood* settlement regions.

The legislature further finds that despite these investments there is a need for everyone to come together to find solutions to both reduce demand for forensic services and to increase their supply. The state needs collaboration from local governments and other entities to identify any and all facilities that can be used to provide services to patients connected to the forensic system, to reduce the flow of competency referrals coming from municipal, district, and superior courts, and to improve availability and effectiveness of behavioral health services provided outside the criminal justice system.

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, ~~((or there is reason to doubt his or her competency,))~~ the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b)(i) Whenever there is a doubt as to competency, the court on its own motion or on the motion of any party shall first review the allegations of incompetency. The court shall make a determination of whether sufficient facts have been provided to form a genuine doubt as to competency based on information provided by counsel, judicial colloquy, or direct observation of the defendant. If a genuine doubt as to competency exists, the court shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(ii) Nothing in this subsection (1)(b) is intended to require a waiver of attorney-client privilege. Defense counsel may meet the requirements under this subsection (1)(b) by filing a declaration stating that they have reason to believe that a competency evaluation is necessary, and stating the basis on which the defendant is believed to be incompetent.

(c) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, long-term services or supports, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional and the evaluator shall have access to records of the developmental disabilities administration of the department. Otherwise, the evaluator shall complete the evaluation.

~~((e))~~ (e) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. ~~((f))~~ (g) When a defendant is ordered to be evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

(5) In the event that a person remains in jail more than 21 days after service on the department of a court order to transport the person to a facility designated by the department for inpatient competency restoration treatment, upon the request of any party and with notice to all parties, the department shall perform a competency to stand trial status check to determine if the circumstances of the person have changed such that the court should authorize an updated competency evaluation. The status update shall be provided to the parties and the court. Status updates may be provided at reasonable intervals.

(6) If a finding of the competency evaluation under this section or under RCW 10.77.084 is that the individual is not competent due to an intellectual or developmental disability, dementia, or traumatic brain injury, the evaluator shall notify the department, which shall refer the individual to the developmental disabilities administration or the aging and long-term support administration of the department for review of eligibility for services. The department shall inform the forensic navigator about availability of services.

(7) If the expert or professional person appointed to perform a competency evaluation in the community is not able to complete the evaluation after two attempts at scheduling with the defendant, the department shall submit a report to the court and parties and include a date and time for another evaluation which must be at least four weeks later. The court shall provide notice to the defendant of the date and time of the evaluation. If the defendant fails to appear at that appointment, the court shall recall the order for competency evaluation and may issue a warrant for the failure to appear.

(i) To complete a competency evaluation in jail and distribute the evaluation report; and

(ii) To extend an offer of admission to a defendant ordered to be committed to ~~((a state hospital))~~ the department for placement in a facility operated by or contracted by the department following dismissal of charges based on incompetency to stand trial under RCW 10.77.086.

(c) The legislature establishes a performance target of 21 days or fewer to complete a competency evaluation in the community and distribute the evaluation report.

(2)(a) A maximum time limit of seven days as measured from the department's receipt of the court order, or a maximum time limit of 14 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(a) of this section, subject to the limitations under subsection (9) of this section.

(b) A maximum time limit of 14 days as measured from the department's receipt of the court order, or a maximum time limit of 21 days as measured from signature of the court order, whichever is shorter, is established to complete the services

specified in subsection (1)(b) of this section, subject to the limitations under subsection (9) of this section.

(3) The legislature recognizes that these targets may not be achievable in all cases, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy and quality of competency services.

(4) It shall be a defense to an allegation that the department has exceeded the maximum time limits for completion of competency services described in subsection (2) of this section if the department can demonstrate by a preponderance of the evidence that the reason for exceeding the maximum time limits was outside of the department's control including, but not limited to, the following circumstances:

(a) Despite a timely request, the department has not received necessary medical information regarding the current medical status of a defendant;

(b) The individual circumstances of the defendant make accurate completion of an evaluation of competency to stand trial dependent upon review of mental health, substance use disorder, or medical history information which is in the custody of a third party and cannot be immediately obtained by the department, provided that completion shall not be postponed for procurement of information which is merely supplementary;

(c) Additional time is needed for the defendant to no longer show active signs and symptoms of impairment related to substance use so that an accurate evaluation may be completed;

(d) The defendant is medically unavailable for competency evaluation or admission to a facility for competency restoration;

(e) Completion of the referral requires additional time to accommodate the availability or participation of counsel, court personnel, interpreters, or the defendant;

(f) The defendant asserts legal rights that result in a delay in the provision of competency services; or

(g) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(5) The department shall provide written notice to the court when it will not be able to meet the maximum time limits under subsection (2) of this section and identify the reasons for the delay and provide a reasonable estimate of the time necessary to complete the competency service. Good cause for an extension for the additional time estimated by the department shall be presumed absent a written response from the court or a party received by the department within seven days.

(6) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(7) Following any quarter in which a state hospital has failed to meet one or more of the performance targets or maximum time limits under subsection (1) or (2) of this section, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

improve performance. This report shall be made publicly available. An average may be used to determine timeliness under this subsection.

(8) The department shall report annually to the legislature and the executive on the timeliness of services related to competency to stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(9) This section does not create any new entitlement or cause of action related to the timeliness of competency to stand trial services, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges.

Sec. 5. RCW 10.77.074 and 2019 c 326 s 2 are each amended to read as follows:

(1) Subject to the limitations described in subsection (2) of this section, a court may appoint an impartial forensic navigator employed by or contracted by the department to assist individuals who have been referred for competency evaluation and shall appoint a forensic navigator in circumstances described under section 10 of this act.

(2) A forensic navigator must assist the individual to access services related to diversion and community outpatient competency restoration. The forensic navigator must assist the individual, prosecuting attorney, defense attorney, and the court to understand the options available to the individual and be accountable as an officer of the court for faithful execution of the responsibilities outlined in this section.

(3) The duties of the forensic navigator include, but are not limited to, the following:

(a) To collect relevant information about the individual, including behavioral health services and supports available to the individual that might support placement in outpatient restoration, diversion, or some combination of these;

(b) To meet with, interview, and observe the individual;

(c) To assess the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW;

(d) To present information to the court in order to assist the court in understanding the treatment options available to the individual to support the entry of orders for diversion from the forensic mental health system or for community outpatient competency restoration, ((and)) to facilitate that transition; ((and

((d))) (e) To provide regular updates to the court and parties of the status of the individual's participation in diversion or outpatient services and be responsive to inquiries by the parties about treatment status;

(f) When the individual is ordered to receive community outpatient restoration, to provide services to the individual including:

(i) Assisting the individual with attending appointments and classes relating to outpatient competency restoration;

(ii) Coordinating access to housing for the individual;

(iii) Meeting with the individual on a regular basis;

(iv) Providing information to the court concerning the individual's progress and compliance with court-ordered conditions of release, which may include appearing at court hearings to provide information to the court;

(v) Coordinating the individual's access to community case management services and mental health services;

(vi) Assisting the individual with obtaining prescribed medication and encouraging adherence with prescribed medication;

(vii) Assessing the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW and coordinating the initiation of an assisted outpatient treatment order if appropriate;

(viii) Planning for a coordinated transition of the individual to a case manager in the community behavioral health system;

~~((viii))~~ (ix) Attempting to follow-up with the individual to check whether the meeting with a community-based case manager took place;

~~((ix))~~ (x) When the individual is a high utilizer, attempting to connect the individual with high utilizer services; and

~~((x))~~ (xi) Attempting to check up on the individual at least once per month for up to sixty days after coordinated transition to community behavioral health services, without duplicating the services of the community-based case manager;

(g) If the individual is an American Indian or Alaska Native who receives medical, behavioral health, housing, or other supportive services from a tribe within this state, to notify and coordinate with the tribe and Indian health care provider. Notification shall be made in person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible.

(4) Forensic navigators may submit ~~((nonclinical))~~ recommendations to the court regarding treatment and restoration options for the individual, which the court may consider and weigh in conjunction with the recommendations of all of the parties.

(5) Forensic navigators shall be deemed officers of the court for the purpose of immunity from civil liability.

(6) The signed order for competency evaluation from the court shall serve as authority for the forensic navigator to be given access to all records held by a behavioral health, educational, or law enforcement agency or a correctional facility that relates to an individual. Information that is protected by state or federal law, including health information, shall not be entered into the court record without the consent of the individual or their defense attorney.

(7) Admissions made by the individual in the course of receiving services from the forensic navigator may not be used against the individual in the prosecution's case in chief.

(8) A court may not issue an order appointing a forensic navigator unless the department certifies that there is adequate forensic navigator capacity to provide these services at the time the order is issued.

Sec. 6. RCW 10.77.084 and 2016 sp.s. c 29 s 410 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious traffic offense, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year.

(b) The court may order a defendant who has been found to be incompetent to undergo competency restoration treatment at a facility designated by the department if the defendant is eligible under RCW 10.77.086 or 10.77.088. At the end of each competency restoration period or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing, except that if the opinion of the professional person is that the defendant remains incompetent and the hearing is held before the

expiration of the current competency restoration period, the parties may agree to waive the defendant's presence, to remote participation by the defendant at a hearing, or to presentation of an agreed order in lieu of a hearing. The facility shall promptly notify the court and all parties of the date on which the competency restoration period commences and expires so that a timely hearing date may be scheduled.

(c) If, following notice and hearing or entry of an agreed order under (b) of this subsection, the court finds that competency has been restored, the court shall lift the stay entered under (a) of this subsection. If the court finds that competency has not been restored, the court shall dismiss the proceedings without prejudice, except that the court may order a further period of competency restoration treatment if it finds that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

(d) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings without prejudice and refer the defendant for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(e) Beginning October 1, 2023, if the court issues an order directing revocation of the defendant's driver's license under (a) of this subsection, and the court subsequently finds that the defendant's competency has been restored, the court shall order the clerk to transmit an order to the department of licensing for reinstatement of the defendant's driver's license. The court may direct the clerk to transmit an order reinstating the defendant's driver's license before the end of one year for good cause upon the petition of the defendant.

(2) If the defendant is referred for evaluation by a designated crisis responder under this chapter, the designated crisis responder shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

Sec. 7. RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

(1) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and

assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(2) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

(3) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(4) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

(5) ~~((A+))~~ (a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection (4) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ((a state hospital)) the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays,

Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. ~~((However, the))~~ If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

~~(b)~~ The court shall not dismiss the charges if the court or jury finds that: ((+)) (i) The defendant ((+)) (A) is a substantial danger to other persons; or ((+)) (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and ((+)) (ii) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

(6) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

Sec. 8. RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

~~(1) ((H))~~ (a) Except as otherwise provided in this section, if the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(b) For a defendant who is determined to be incompetent and whose highest charge is a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4)(b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. The court shall dismiss the proceedings without prejudice upon agreement of the parties if the forensic navigator has found an appropriate and available diversion program willing to accept the defendant.

(2)(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency

restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

~~((2))~~ (3) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first

competency restoration period under this subsection shall not exceed 45 days.

~~((3))~~ (4) When any defendant whose highest charge is a class C felony other than assault in the third degree under RCW 9A.36.031(1)(d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4)(b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation is admitted for inpatient competency restoration with an accompanying court order for involuntary medication under RCW 10.77.092, and the defendant is found not competent to stand trial following that period of competency restoration, the court shall dismiss the charges pursuant to subsection (7) of this section.

(5) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection ~~((5))~~ (7) of this section.

~~((4))~~ (6) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant is ineligible for a subsequent competency restoration period under subsection (4) of this section or the defendant's incompetence has been determined by the secretary to be solely the result of ~~((a))~~ an intellectual or developmental disability, dementia, or traumatic brain injury which is such that competence is not reasonably likely to be regained during an extension.

~~((5-A))~~ (7)(a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection ~~((4))~~ (3) or (6) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ~~((a state hospital))~~ the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services, and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. ~~((However, the))~~ If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

(b) The court shall not dismiss the charges if the defendant is eligible for a second or third competency restoration period under subsection (6) of this section and the court or jury finds that:
~~((a)) (i)~~ The defendant ((a)) (A) is a substantial danger to other persons; or ((b)) (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and ((c)) (ii) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

~~((c)) (8)~~ Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

Sec. 9. RCW 10.77.088 and 2022 c 288 s 5 are each amended to read as follows:

(1) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. If the parties agree that there is an appropriate diversion program available to accept the defendant, the court shall dismiss the proceedings without prejudice and refer the defendant to the recommended diversion program. If the parties do not agree that there is an appropriate diversion program available to accept the defendant, then the court:

(a) ~~Shall dismiss the proceedings without prejudice and detain the defendant ((for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW)) pursuant to subsection (6) of this section, unless the prosecutor objects to the dismissal and provides notice of a motion for an order for competency restoration treatment, in which case the court shall schedule a hearing within seven days.~~

(b) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under RCW 10.77.092. If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that there is no compelling state interest in ordering competency restoration treatment. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with subsection (2) of this section.

(2)(a) If a court finds pursuant to subsection (1)(b) of this section that there is a compelling state interest in pursuing competency restoration treatment, the court shall ~~((commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively))~~ order the defendant to receive outpatient competency restoration ~~((based on a recommendation from a forensic navigator and input from the parties))~~ consistent with the recommendation of the forensic navigator, unless the court finds that an order for outpatient competency restoration is inappropriate considering the health and safety of the defendant and risks to public safety.

~~((a)) (b)~~ To be eligible for an order for outpatient competency restoration, a defendant must be ((clinically appropriate and be)) willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

~~((b)) (c)~~ If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration under subsection (3) of this section.

~~((c)) (d)~~ If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

~~((d)) (e)~~ If a defendant fails to comply with the restrictions of the outpatient competency restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under ~~((d)) (e)(i)~~ of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule

a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

~~((e))~~ (f) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(g) If the court does not order the defendant to receive outpatient competency restoration under (a) of this subsection, the court shall commit the defendant to the department for placement in a facility operated or contracted by the department for inpatient competency restoration.

(3) The placement under subsection (2) of this section shall not exceed 29 days if the defendant is ordered to receive inpatient competency restoration, and shall not exceed 90 days if the defendant is ordered to receive outpatient competency restoration. The court may order any combination of this subsection, but the total period of inpatient competency restoration may not exceed 29 days.

(4) Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year. The court shall direct the clerk to transmit an order to the department of licensing reinstating the defendant's driver's license if the defendant is subsequently restored to competency, and may do so at any time before the end of one year for good cause upon the petition of the defendant.

(5) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection ~~((5))~~ (6) of this section.

~~((5))~~ (6)(a) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated crisis responder within that county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(b) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The 120-hour or 72-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the 120-hour or 72-hour period.

~~((6))~~ (7) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092 and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least 24 hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

~~((7))~~ (8) If at any time the court dismisses charges under subsections (1) through ~~((6))~~ (7) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the defendant is barred from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall state to the defendant and provide written notice that the defendant is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

~~((8))~~ (9) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

NEW SECTION. Sec. 10. A new section is added to chapter 10.77 RCW to read as follows:

(1) In counties with a forensic navigator program, a forensic navigator shall:

(a) Meet, interview, and observe all defendants charged with a nonfelony, or a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4)(b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, who have had two or more cases dismissed due to a finding of incompetency to stand trial in the preceding 24 months and who are at risk for a finding of incompetency under their current charge. The forensic navigator shall determine the defendants' willingness to engage with services under this section; and

(b) Provide a diversion program plan to the parties in each case that includes a recommendation for a diversion program to defense counsel and the prosecuting attorney. Services under a diversion program may include a referral for assisted outpatient treatment under chapter 71.05 RCW.

(2) The court shall dismiss the criminal charges upon agreement of the parties that the defendant has been accepted into the diversion program recommended by the forensic navigator.

(3)(a) For defendants charged with a nonfelony, the court may order the defendant to a diversion program if recommended by the forensic navigator. Upon engagement with the diversion program, the defense may move to dismiss the charges without prejudice. The court shall hold a hearing on this motion within 10 days. The court shall grant the defense motion if it finds by a preponderance of the evidence that the defendant is amenable to the services described in the diversion program and can safely receive services in the community.

(b) For defendants charged with a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4)(b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, the defense may move for dismissal of the charges without prejudice if the defendant is currently subject to a civil commitment order under chapter 71.05 RCW. The court shall grant the defense motion upon confirmation of an available treatment plan under chapter 71.05 RCW.

(4) Individuals who are referred to a diversion program described in this section shall have a forensic navigator assigned

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

to assist them for up to six months while engaging in the services described in the diversion program.

(5) Forensic navigators shall collaborate with available *Trueblood* settlement diversion programs if they are accessible in the geographic location where criminal charges are currently filed.

Sec. 11. RCW 10.77.092 and 2014 c 10 s 2 are each amended to read as follows:

(1) For purposes of determining whether a court may authorize involuntary medication for the purpose of competency restoration pursuant to RCW 10.77.084 and for maintaining the level of restoration in the jail following the restoration period, a pending charge involving any one or more of the following crimes is a serious offense per se in the context of competency restoration:

(a) Any violent offense, sex offense, serious traffic offense, and most serious offense, as those terms are defined in RCW 9.94A.030;

(b) Any offense, except nonfelony counterfeiting offenses, included in crimes against persons in RCW 9.94A.411;

(c) Any offense contained in chapter 9.41 RCW (firearms and dangerous weapons);

(d) Any offense listed as domestic violence in RCW 10.99.020;

(e) Any offense listed as a harassment offense in chapter 9A.46 RCW, except for criminal trespass in the first or second degree;

(f) Any violation of chapter 69.50 RCW that is a class B felony; or

(g) Any city or county ordinance or statute that is equivalent to an offense referenced in this subsection.

(2) Any time a petition is filed seeking a court order authorizing the involuntary medication for purposes of competency restoration pursuant to RCW 10.77.084, the petition must also seek authorization to continue involuntary medication for purposes of maintaining the level of restoration in the jail or juvenile detention facility following the restoration period.

(3)(a) In a particular case, a court may determine that a pending charge not otherwise defined as serious by state or federal law or by a city or county ordinance is, nevertheless, a serious offense within the context of competency restoration treatment when the conduct in the charged offense falls within the standards established in (b) of this subsection.

(b) To determine that the particular case is a serious offense within the context of competency restoration, the court must consider the following factors and determine that one or more of the following factors creates a situation in which the offense is serious:

(i) The charge includes an allegation that the defendant actually inflicted bodily or emotional harm on another person or that the defendant created a reasonable apprehension of bodily or emotional harm to another;

(ii) The extent of the impact of the alleged offense on the basic human need for security of the citizens within the jurisdiction;

(iii) The number and nature of related charges pending against the defendant;

(iv) The length of potential confinement if the defendant is convicted; and

(v) The number of potential and actual victims or persons impacted by the defendant's alleged acts.

NEW SECTION. Sec. 12. A new section is added to chapter 10.77 RCW to read as follows:

(1) When an individual has a prescription for an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the individual to treat a serious mental illness by a state hospital or other state facility or a behavioral health agency or other certified medical provider, and the individual is medically stable on the drug, a jail or juvenile detention facility shall continue

prescribing the prescribed drug and may not require the substitution of a different drug in a given therapeutic class, except under the following circumstances:

(a) The substitution is for a generic version of a name brand drug and the generic version is chemically identical to the name brand drug; or

(b) The drug cannot be prescribed for reasons of drug recall or removal from the market, or medical evidence indicating no therapeutic effect of the drug.

(2) This section includes but is not limited to situations in which the individual returns to a jail or juvenile detention facility directly after undergoing treatment at a state hospital, behavioral health agency, outpatient competency restoration program, or prison.

(3) The department shall establish a program to reimburse jails and juvenile detention facilities for the costs of any drugs the jail or juvenile detention facility does not otherwise have available and must continue prescribing under this section.

NEW SECTION. Sec. 13. A new section is added to chapter 10.77 RCW to read as follows:

(1) Following a competency evaluation under RCW 10.77.060, individuals who are found not competent to stand trial and not restorable due to an intellectual or developmental disability, dementia, or traumatic brain injury, shall not be referred for competency restoration services.

(2) The department shall develop a process for connecting individuals who have been found not competent to stand trial due to an intellectual or developmental disability, dementia, or traumatic brain injury to available wraparound services and supports in community-based settings, which may include residential supports. The process shall include provisions for individuals who are current clients of the department's developmental disabilities administration or aging and long-term support administration and for individuals who are not current clients of the department.

(a) For current clients of the developmental disabilities administration and aging and long-term support administration, the department's assigned case manager shall:

(i) Coordinate with the individual's services providers to determine if the individual can return to the same or like services, or determine appropriate new community-based services. This shall include updating the individual's service plan and identifying and coordinating potential funding for any additional supports to stabilize the individual in community-based settings funded by the developmental disabilities administration or aging and long-term support administration so that the individual does not lose existing services, including submitting any exceptions to rule for additional services;

(ii) Conduct a current service eligibility assessment and send referral packets to all community-based service providers for services for which the individual is eligible; and

(iii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a *Trueblood* class member, and assist the individual to access these services.

(b) For individuals who have not established eligibility for the department's support services, the department shall:

(i) Conduct an eligibility determination for services and send referral packets to service providers for all relevant community-based services for which the individual is eligible. This process must include identifying and coordinating funding for any additional supports that are needed to stabilize the individual in any community-based setting funded by the developmental disabilities administration or aging and long-term

support administration, including submitting any necessary exceptions to rule for additional services; and

(ii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a *Trueblood* class member, if additional specialized services are available to supplement diversion program services, and assist the individual to access these services.

(3) The department shall offer to transition the individual in services either directly from the jail or as soon thereafter as may be practicable, without maintaining the individual at an inpatient facility for longer than is clinically necessary. Nothing in this subsection prohibits the department from returning the individual to their home or to another less restrictive setting if such setting is appropriate, which may include provision of supportive services to help the person maintain stability. The individual is not required to accept developmental disabilities administration, aging and long-term support administration, or other diversionary services as a condition of having the individual's criminal case dismissed without prejudice, provided the individual meets the criteria of subsection (1) of this section.

(4) Subject to the availability of funds appropriated for this specific purpose, the department shall develop a program for individuals who have been involved with the criminal justice system and who have been found under RCW 10.77.084 as incompetent to stand trial due to an intellectual or developmental disability, traumatic brain injury, or dementia and who do not meet criteria under other programs in this section. The program must involve wraparound services and housing supports appropriate to the needs of the individual. It is sufficient to meet the criteria for participation in this program if the individual has recently been the subject of criminal charges and was found incompetent to stand trial due to an intellectual or developmental disability, traumatic brain injury, or dementia.

NEW SECTION. Sec. 14. The University of Washington shall implement a pilot project to provide short-term stabilization and transition support for individuals found incompetent to stand trial due to an intellectual or developmental disability who are or have been *Trueblood* class members. The project will be implemented in three phases, beginning December 1, 2023, using an interdisciplinary approach across various settings and overlapping with existing resources, including those available to *Trueblood* class members and services and supports they are eligible to receive from the department of social and health services. The department of social and health services shall collaborate with the University of Washington on this project, including assistance in identifying resources available to class members and determination of eligibility. By November 30, 2026, the University of Washington shall submit a report to the appropriate fiscal and policy committees of the legislature on the pilot project, including the pilot project's outcomes, data analysis, evaluation, and recommendations for improvement. In addition, the University of Washington shall report on the background of current and former *Trueblood* class members with intellectual and developmental disabilities. The department of social and health services shall share data as needed to assist in report development.

NEW SECTION. Sec. 15. Subject to the availability of funds appropriated for this specific purpose, the health care authority shall require the programs it contracts with to increase compensation for staff in outpatient competency restoration programs to provide compensation at competitive levels to improve recruitment and allow for the full implementation of outpatient competency restoration programs.

NEW SECTION. Sec. 16. A new section is added to chapter 10.77 RCW to read as follows:

An outpatient competency restoration program must include access to a prescriber.

NEW SECTION. Sec. 17. A new section is added to chapter 10.77 RCW to read as follows:

(1) Subject to the security and background investigation requirements of the jail, jails shall allow clinical intervention specialists to have access to individuals who are referred to receive services under this chapter and to all records relating to the health or conduct of the individual while incarcerated. Clinical intervention specialists shall support jail health services in providing direct services, enhanced oversight and monitoring of the behavioral health status of participating individuals. Clinical intervention specialists shall work collaboratively with jail health services to ensure appropriate prescriptions, medication compliance monitoring, and access to supportive behavioral health services to the individuals. Clinical intervention specialists shall coordinate with forensic navigators and the department to assist forensic navigators in making recommendations for appropriate placements, which may include recommendations for participation in an outpatient competency restoration program or a diversion program designed for the needs of the individual. The clinical intervention specialist shall notify the department if a participating individual appears to have stabilized in their behavioral health such that a new competency evaluation is appropriate to reassess the individual's need for competency restoration treatment.

(2) The department shall establish a memorandum of understanding and any contracts needed with the jail to address the terms and conditions of allowing access to defendants and their records subject to the requirements of this section.

NEW SECTION. Sec. 18. A new section is added to chapter 10.77 RCW to read as follows:

The department shall collect data so that information can be retrieved based on unique individuals, their complete Washington criminal history and referrals for forensic services.

NEW SECTION. Sec. 19. A new section is added to chapter 10.77 RCW to read as follows:

(1) The department shall coordinate with cities, counties, hospitals, and other public and private entities to identify locations that may be commissioned or renovated for use in treating clients committed to the department for competency evaluation, competency restoration, civil conversion, or treatment following acquittal by reason of insanity.

(2) The department may provide capital grants to entities to accomplish the purposes described in subsection (1) of this section subject to provision of funding provided for this specific purpose.

Sec. 20. RCW 10.77.065 and 2019 c 325 s 5006 are each amended to read as follows:

(1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated crisis responder, the prosecuting attorney, the defense attorney, and the professional person at the local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(iv) of this subsection. Upon request, the evaluator shall also provide

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

copies of any source documents relevant to the evaluation to the designated crisis responder.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the behavioral health administrative services organization, a professional person at the behavioral health administrative services organization to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated crisis responder under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated crisis responder shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated crisis responder under subsection (2) of this section to the secretary.

(4) A facility conducting a civil commitment evaluation under RCW 10.77.086(~~((4))~~) (7) or 10.77.088(~~((1)(e)(ii))~~) (6)(b) that makes a determination to release the person instead of filing a civil commitment petition must provide written notice to the prosecutor and defense attorney at least twenty-four hours prior to release. The notice may be given by email, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 21. RCW 71.05.235 and 2020 c 302 s 36 are each amended to read as follows:

(1) If an individual is referred to a designated crisis responder under RCW 10.77.088(~~((2)(d)(i))~~) (6)(a), the designated crisis responder shall examine the individual within forty-eight hours. If the designated crisis responder determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court

shall hold a hearing to consider the decision of the designated crisis responder not later than the next judicial day. At the hearing the superior court shall review the determination of the designated crisis responder and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than one hundred twenty hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.088(~~((2)(d)(ii))~~) (6)(b), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under this chapter. Before expiration of the one hundred twenty hour evaluation period authorized under RCW 10.77.088(~~((2)(d)(ii))~~) (6)(b), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a one hundred twenty hour evaluation and treatment period. If the evaluation and treatment facility files a ninety-day petition within the one hundred twenty hour period, the clerk shall set a hearing after the day of filing consistent with RCW 71.05.300. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

(3) If a designated crisis responder or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

Sec. 22. RCW 71.05.280 and 2022 c 210 s 15 are each amended to read as follows:

At the expiration of the fourteen-day period of intensive treatment, a person may be committed for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and (b) as a result of a behavioral health disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of a behavioral health disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(~~((4))~~) (7), and has committed acts constituting a felony, and as a result of a behavioral health disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;

(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or

(4) Such person is gravely disabled.

Sec. 23. RCW 71.05.290 and 2022 c 210 s 16 are each amended to read as follows:

(1) At any time during a person's 14-day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated crisis responder may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2)(a)(i) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

(A) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(B) One physician, physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional.

(ii) If the petition is for substance use disorder treatment, the petition may be signed by a substance use disorder professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner.

(b) The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086(~~((4))~~) (7), then the professional person in charge of the treatment facility or his or her professional designee or the designated crisis responder may directly file a petition for 180-day treatment under RCW 71.05.280(3), or for 90-day treatment under RCW 71.05.280 (1), (2), or (4). No petition for initial detention or 14-day detention is required before such a petition may be filed.

Sec. 24. RCW 71.05.300 and 2020 c 302 s 43 are each amended to read as follows:

(1) The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. The clerk shall set a trial setting date as provided in RCW 71.05.310 on the next judicial day after the date of filing the petition and notify the designated crisis responder. The designated crisis responder shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, the prosecuting attorney, and the behavioral health administrative services organization administrator, and provide a copy of the petition to such persons as soon as possible. The behavioral health administrative services organization administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

(2) The attorney for the detained person shall advise him or her of his or her right to be represented by an attorney, his or her right

to a jury trial, and, if the petition is for commitment for mental health treatment, his or her loss of firearm rights if involuntarily committed. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, physician assistant, psychiatric advanced registered nurse practitioner, psychologist, psychiatrist, or other professional person, designated by the detained person to examine and testify on behalf of the detained person.

(3) The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a person with a developmental disability who has been determined to be incompetent pursuant to RCW 10.77.086(~~((4))~~) (7), the appointed professional person under this section shall be a developmental disabilities professional.

Sec. 25. RCW 71.05.425 and 2021 c 264 s 19 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, at the earliest possible date, and in no event later than thirty days before conditional release, final release, authorized leave under RCW 71.05.325(2), or transfer to a facility other than a state mental hospital, the superintendent shall send written notice of conditional release, release, authorized leave, or transfer of a person committed under RCW 71.05.280(3) or 71.05.320(4)(c) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086(~~((4))~~) (7) to the following:

(i) The chief of police of the city, if any, in which the person will reside;

(ii) The sheriff of the county in which the person will reside; and

(iii) The prosecuting attorney of the county in which the criminal charges against the committed person were dismissed.

(d) The existence of the notice requirements in this subsection will not require any extension of the release date in the event the release plan changes after notification.

(2) If a person committed under RCW 71.05.280(3) or 71.05.320(4)(c) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086(~~((4))~~) (7)

(c) "Next of kin" means a person's spouse, state registered domestic partner, parents, siblings, and children;

(d) "Felony harassment offense" means a crime of harassment as defined in RCW 9A.46.060 that is a felony.

Sec. 26. RCW 71.09.025 and 2009 c 409 s 2 are each amended to read as follows:

(1)(a) When it appears that a person may meet the criteria of a sexually violent predator as defined in RCW 71.09.020(~~((4))~~), the agency with jurisdiction shall refer the person in writing to the prosecuting attorney of the county in which an action under this chapter may be filed pursuant to RCW 71.09.030 and the attorney general, three months prior to:

(ii) The anticipated release from total confinement of a person found to have committed a sexually violent offense as a juvenile;

(iii) Release of a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial pursuant to RCW 10.77.086(~~((4))~~) (7); or

(iv) Release of a person who has been found not guilty by reason of insanity of a sexually violent offense pursuant to RCW 10.77.020(3).

(b) The agency shall provide the prosecuting agency with all relevant information including but not limited to the following information:

(i) A complete copy of the institutional records compiled by the department of corrections relating to the person, and any such out-of-state department of corrections' records, if available;

(iii) All records relating to the psychological or psychiatric evaluation and/or treatment of the person;

(iv) A current record of all prior arrests and convictions, and full police case reports relating to those arrests and convictions; and

(v) A current mental health evaluation or mental health records review.

(c) The prosecuting agency has the authority, consistent with RCW 72.09.345(~~((3))~~) (4), to obtain all records relating to the person if the prosecuting agency deems such records are necessary to fulfill its duties under this chapter. The prosecuting agency may only disclose such records in the course of performing its duties pursuant to this chapter, unless otherwise authorized by law.

(d) The prosecuting agency has the authority to utilize the inquiry judge procedures of chapter 10.27 RCW prior to the filing of any action under this chapter to seek the issuance of compulsory process for the production of any records necessary for a determination of whether to seek the civil commitment of a person under this chapter. Any records obtained pursuant to this process may only be disclosed by the prosecuting agency in the course of performing its duties pursuant to this chapter, or unless otherwise authorized by law.

(2) The agency, its employees, and officials shall be immune from liability for any good-faith conduct under this section.

(3) As used in this section, "agency with jurisdiction" means that agency with the authority to direct the release of a person serving a sentence or term of confinement and includes the department of corrections, the indeterminate sentence review board, and the department of social and health services.

Sec. 27. RCW 71.09.030 and 2009 c 409 s 3 are each amended to read as follows:

(1) A petition may be filed alleging that a person is a sexually violent predator and stating sufficient facts to support such allegation when it appears that: (a) A person who at any time previously has been convicted of a sexually violent offense is about to be released from total confinement; (b) a person found to have committed a sexually violent offense as a juvenile is about to be released from total confinement; (c) a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial is about to be released, or has been released, pursuant to RCW 10.77.086(~~((4))~~) (7); (d) a person who has been found not guilty by reason of insanity of a sexually violent offense is about to be released, or has been released, pursuant to RCW 10.77.020(3), 10.77.110 (1) or (3), or 10.77.150; or (e) a person who at any time previously has been convicted of a sexually violent offense and has since been released from total confinement and has committed a recent overt act.

(2) The petition may be filed by:

(a) The prosecuting attorney of a county in which:

(i) The person has been charged or convicted with a sexually violent offense;

(ii) A recent overt act occurred involving a person covered under subsection (1)(e) of this section; or

(iii) The person committed a recent overt act, or was charged or convicted of a criminal offense that would qualify as a recent overt act, if the only sexually violent offense charge or conviction occurred in a jurisdiction other than Washington; or

(b) The attorney general, if requested by the county prosecuting attorney identified in (a) of this subsection. If the county prosecuting attorney requests that the attorney general file and prosecute a case under this chapter, then the county shall charge the attorney general only the fees, including filing and jury fees, that would be charged and paid by the county prosecuting attorney, if the county prosecuting attorney retained the case.

Sec. 28. RCW 71.09.060 and 2009 c 409 s 6 are each amended to read as follows:

(1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. In

determining whether or not the person would be likely to engage in predatory acts of sexual violence if not confined in a secure facility, the fact finder may consider only placement conditions and voluntary treatment options that would exist for the person if unconditionally released from detention on the sexually violent predator petition. The community protection program under RCW 71A.12.230 may not be considered as a placement condition or treatment option available to the person if unconditionally released from detention on a sexually violent predator petition. When the determination is made by a jury, the verdict must be unanimous.

If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020~~((45)(e)))~~ (18)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030.

If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as: (a) The person's condition has so changed that the person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative as set forth in RCW 71.09.092 is in the best interest of the person and conditions can be imposed that would adequately protect the community.

If the court or unanimous jury decides that the state has not met its burden of proving that the person is a sexually violent predator, the court shall direct the person's release.

If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial and set a retrial within forty-five days of the date of the mistrial unless the prosecuting agency earlier moves to dismiss the petition. The retrial may be continued upon the request of either party accompanied by a showing of good cause, or by the court on its own motion in the due administration of justice provided that the respondent will not be substantially prejudiced. In no event may the person be released from confinement prior to retrial or dismissal of the case.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to be or has been released pursuant to RCW 10.77.086~~((4))~~ (7), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.086~~((4))~~ (7) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person

did commit the act or acts charged, it shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) Except as otherwise provided in this chapter, the state shall comply with RCW 10.77.220 while confining the person. During all court proceedings where the person is present, the person shall be detained in a secure facility. If the proceedings last more than one day, the person may be held in the county jail for the duration of the proceedings, except the person may be returned to the department's custody on weekends and court holidays if the court deems such a transfer feasible. The county shall be entitled to reimbursement for the cost of housing and transporting the person pursuant to rules adopted by the secretary. The department shall not place the person, even temporarily, in a facility on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population.

(4) A court has jurisdiction to order a less restrictive alternative placement only after a hearing ordered pursuant to RCW 71.09.090 following initial commitment under this section and in accord with the provisions of this chapter.

NEW SECTION. Sec. 29. Sections 7 and 9 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

NEW SECTION. Sec. 30. Section 7 of this act expires when section 8 of this act takes effect.

NEW SECTION. Sec. 31. Section 13 of this act takes effect December 1, 2023.

NEW SECTION. Sec. 32. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE HOUSE

April 17, 2023

MR. PRESIDENT:

The House receded from its amendment(s) to SECOND SUBSTITUTE SENATE BILL NO. 5412. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5412-S2 AMH DUER H1949.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.21C.229 and 2020 c 87 s 1 are each amended to read as follows:

(1) ~~((In order))~~ The purpose of this section is to accommodate infill and housing development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW~~((-a))~~.

(2) A city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter.~~((An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a).))~~ An exemption may be adopted by a city or county under this subsection if it meets the following criteria:

(a) It categorically exempts government action related to development proposed to fill in an urban growth area, designated according to RCW 36.70A.110, where current density and intensity of use in the area is roughly equal to or lower than called for in the goals and policies of the applicable comprehensive plan and the development is either:

- (i) Residential development;
- (ii) Mixed-use development; or
- (iii) Commercial development up to ~~((sixty-five thousand))~~ 65,000 square feet, excluding retail development;

(b) It does not exempt government action related to development that is inconsistent with the applicable comprehensive plan or would clearly exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan;

(c) The local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, planned action ordinance, or other local, state, or federal rules or laws; and

(d)(i) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption; or

(ii) The city or county has prepared an environmental impact statement that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section.

~~((2) Any))~~ (3) All project actions that propose to develop one or more residential housing units within the incorporated areas in an urban growth area designated pursuant to RCW 36.70A.110 or middle housing within the unincorporated areas in an urban growth area designated pursuant to RCW 36.70A.110, and that meet the criteria identified in (a) and (b) of this subsection, are categorically exempt from the requirements of this chapter. For purposes of this section, "middle housing" has the same meaning as in RCW 36.70A.030 as amended by chapter . . . (Engrossed Second Substitute House Bill No. 1110), Laws of 2023. Jurisdictions shall satisfy the following criteria prior to the adoption of the categorical exemption under this subsection (3):

(a) The city or county shall find that the proposed development is consistent with all development regulations implementing an applicable comprehensive plan adopted according to chapter 36.70A RCW by the jurisdiction in which the development is proposed, with the exception of any development regulation that is inconsistent with applicable provisions of chapter 36.70A RCW; and

(b) The city or county has prepared environmental analysis that considers the proposed use or density and intensity of use in the area proposed for an exemption under this section and analyzes multimodal transportation impacts, including impacts to neighboring jurisdictions, transit facilities, and the state transportation system.

(i) Such environmental analysis shall include documentation that the requirements for environmental analysis, protection, and mitigation for impacts to elements of the environment have been adequately addressed for the development exempted. The requirements may be addressed in locally adopted comprehensive plans, subarea plans, adopted development regulations, other applicable local ordinances and regulations, or applicable state and federal regulations. The city or county must document its consultation with the department of transportation on impacts to state-owned transportation facilities including consideration of whether mitigation is necessary for impacts to transportation facilities.

(ii) Before finalizing the environmental analysis pursuant to (b)(i) of this subsection (3), the city or county shall provide a minimum of 60 days' notice to affected tribes, relevant state agencies, other jurisdictions that may be impacted, and the public. If a city or county identifies that mitigation measures are necessary to address specific probable adverse impacts, the city or county must address those impacts by requiring mitigation identified in the environmental analysis pursuant to this subsection (3)(b) through locally adopted comprehensive plans, subarea plans, development regulations, or other applicable local ordinances and regulations. Mitigation measures shall be detailed in an associated environmental determination.

(iii) The categorical exemption is effective 30 days following action by a city or county pursuant to (b)(ii) of this subsection (3).

(4) Until September 30, 2025, all project actions that propose to develop one or more residential housing or middle housing units within a city west of the crest of the Cascade mountains with a population of 700,000 or more are categorically exempt from the requirements of this chapter. After September 30, 2025, project actions that propose to develop one or more residential

housing or middle housing units within the city may utilize the categorical exemption in subsection (3) of this section.

(5) Any categorical exemption adopted by a city or county under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). Nothing in this section shall invalidate categorical exemptions or environmental review procedures adopted by a city or county under a planned action pursuant to RCW 43.21C.440. However, any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department."

(a) Does not provide sufficient time as required under section 3(1) (d) and (e) of this act;

(b) Prevents the performance of any activity related to occupational safety and health required by the employer for the employee to do the work subject to any quota; or

(c) Exposes an employee to occupational safety and health hazards in violation of the requirements of chapter 49.17 RCW and the applicable rules or regulations.

(2) An employee is not required to meet a quota that violates this section.

(3) An employer may not take adverse action against an employee for failing to meet a quota that violates this section.

(4) All provisions of section 8 of this act apply to any person who complains to the employer, the director, or any local, state, or federal governmental agency or official, related to a quota alleging any violations of this section.

(5)(a) This section must be implemented and enforced, including penalties, violations, citations, and other administrative procedures, pursuant to chapter 49.17 RCW.

(b) An employer who fails to allow adequate inspection of records in an inspection by the department within a reasonable time period may not use such records in any appeal to challenge the correctness of any citation and notice issued by the department.

NEW SECTION. Sec. 6. (1) An employer must establish, maintain, and preserve contemporaneous, true, and accurate records of the following:

(a) Each employee's own personal work speed data;

(b) The aggregated work speed data for similar employees at the same warehouse distribution center; and

(c) The written descriptions of each quota the employee was provided pursuant to section 2 of this act.

(2)(a) The required records must be maintained and preserved throughout the duration of each employee's period of employment and for the period required by this subsection.

(b) Except as required under (c) of this subsection, subsequent to an employee's separation from the employer, records relating to the six-month period prior to the date of the employee's separation from the employer must be preserved for at least three years from the date of the employee's separation.

(c) Where an employer has taken adverse action against an employee in whole or in part for failure to meet a quota, the employer must preserve the records relating to the basis for the adverse action for at least three years from the date of the adverse action.

(d) The employer must make records available to the director upon request.

(3) Nothing in this section requires an employer to collect or keep such records if the employer does not use quotas or monitor work speed data.

(4) An employer who fails to allow adequate inspection of records in an inspection by the department within a reasonable time period may not use such records in any appeal to challenge the correctness of any citation and notice issued by the department.

NEW SECTION. Sec. 7. (1) An employee has the right to request, at any time, a written description of each quota to which the employee is subject, a copy of the employee's own personal work speed data for the prior six months, and a copy of the prior six months of aggregated work speed data for similar employees at the same warehouse distribution center.

(2) A former employee has the right to request, within three years subsequent to the date of their separation from the employer, a written description of the quota to which they were subject as of the date of their separation, a copy of the employee's own personal work speed data for the six months prior to their date of separation, and a copy of aggregated work speed data for similar employees at the same warehouse distribution center for the six months prior to their date of separation.

(3) An employer must provide records requested under this section at no cost to the employee or former employee.

(4) An employer must provide records requested under this section as soon as practicable and subject to the following:

(a) Requested records of written descriptions of a quota must be provided no later than two business days following the date of the receipt of the request; and

(b) Requested personal work speed data and aggregated work speed data must be provided no later than seven business days following the date of the receipt of the request.

(5) Nothing in this section requires an employer to use quotas or monitor work speed data. An employer that does not use quotas or monitor work speed data has no obligation to provide records under this section.

NEW SECTION. Sec. 8. (1) A person, including but not limited to an employer, his or her agent, or person acting as or on behalf of a hiring entity, or the officer or agent of any entity, business, corporation, partnership, or limited liability company, may not discharge or in any way retaliate, discriminate, or take adverse action against an employee or former employee for exercising any rights established in this chapter, or for being perceived as exercising rights established in this chapter including, but not limited to:

(a) Initiating a request for information about a quota or personal work speed data pursuant to section 7 of this act; and

(b) Making a complaint to the employer, the director, or any local, state, or federal governmental agency or official, related to a quota that is allegedly in violation of this chapter or chapter 49.17 RCW.

(2) An employee or former employee need not explicitly refer to this section or the rights established in this chapter to be protected from an adverse action. The protection provided in this section applies to former employees and to employees who mistakenly but in good faith allege violations of this chapter.

(3)(a) If a person takes adverse action against an employee or former employee within 90 days of the employee engaging or attempting to engage in activities protected by this chapter, there is a rebuttable presumption that the adverse action is a retaliatory action in violation of this section.

(b) The presumption may be rebutted by a preponderance of the evidence that: (i) The action was taken for other permissible reasons; and (ii) the engaging or attempting to engage in activities protected by this chapter was not a motivating factor in the adverse action.

(4) Except as provided for in section 5 of this act, the department must carry out and enforce the provisions of this section and section 4(3) of this act pursuant to procedures established under chapter 49.46 RCW and any applicable rules. The department may adopt new rules to implement or enforce this subsection.

NEW SECTION. Sec. 9. (1)(a) An employee may file a complaint with the department alleging a violation under this chapter or applicable rules, except for violations and enforcement of sections 5 and 8 of this act. The department must investigate the complaint.

(b) The department may not investigate any such alleged violation of rights that occurred more than three years before the date that the employee filed the complaint.

(c) If an employee files a timely complaint with the department, the department must investigate the complaint and issue either a citation and notice of assessment or a determination of compliance within 90 days after the date on which the department received the complaint, unless the complaint is otherwise resolved. The department may extend the period by providing advance written notice to the employee and the

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

employer setting forth good cause for an extension of the period and specifying the duration of the extension.

(d) The department must send the citation and notice of assessment or the determination of compliance to both the employer and the employee by service of process or using a method by which the mailing can be tracked or the delivery can be confirmed to their last known addresses.

(2) If the department's investigation finds that the employee's allegation cannot be substantiated, the department must issue a determination of compliance to the employee and the employer detailing such finding.

(3) The director may initiate an investigation without an employee's complaint to ensure compliance with this chapter.

(4) The department may request an employer perform a self-audit of any records relating to this act, which must be provided within a reasonable time. Reasonable timelines will be specified in the self-audit request. The department must determine reasonable time based on the number of affected employees and the period of time covered by the self-audit. The records examined by the employer in order to perform the self-audit must be made available to the department upon request.

(5) Upon the department's request, an employer must notify affected employees in writing that the department is conducting an investigation. The department may require the employer to include a general description of each investigation as part of the notification, including the allegations and whether the notified employee may be affected. The employer may consult with the department to provide the information for the description of the notification or investigation.

(6) If the department determines that the employer has violated a requirement of this chapter or any rule adopted under this chapter, the department also may order the employer to pay the department a civil penalty of not less than \$1,000. The first violation may not exceed \$1,000. The department may, at any time, waive or reduce any civil penalty assessed against an employer under this section if the department determines that the employer has taken corrective action to remedy a violation. The department must adopt rules creating a schedule to enhance penalties, not to exceed \$10,000 per violation, based on repeat violations by the employer. Civil penalties must be collected by the department and deposited into the supplemental pension fund established under RCW 51.44.033.

(7) Except as provided under subsection (1) of this section, an employer who is found to have violated a requirement of this chapter and the rules adopted under this chapter resulting in a rest or meal period violation, must pay the employee one additional hour of pay at the employee's regular rate of pay for each day there is a violation.

(8) Upon receiving a complaint, the department may request or subpoena the records of the warehouse distribution center.

(9) For enforcement actions under this section, if any person fails to pay an assessment under this chapter, or under any rule under this chapter, after it has become a final and unappealable order, or after the court has entered final judgment in favor of the agency, the director may initiate collection procedures in accordance with the collection procedures under RCW 49.48.086.

(10) If the department finds that a quota violates this act, the department may order the employer to review and provide a corrected written quota to the affected employee or employees within 15 calendar days and place a letter in the employee's personnel file to acknowledge the correction. If the employer fails to do so, the employer may be subject to the penalties under subsection (6) of this section and associated rules.

(11) In addition to any enforcement authority provided in this chapter or applicable rules, the department may enforce any violation under this chapter or applicable rules, except for violations and enforcement of section 5 of this act, by filing an action in the superior court for the county in which the violation is alleged to have occurred. If the department prevails, it is entitled to reasonable attorneys' fees and costs, in the amount to be determined by the court.

NEW SECTION. Sec. 10. (1) For enforcement actions under section 9 of this act, a person, firm, or corporation aggrieved by a citation and notice of assessment or determination of compliance by the department or any rules adopted under this chapter may appeal the citation and notice of assessment or determination of compliance to the director by filing a notice of appeal with the director within 15 calendar days of the department's issuance of the citation and notice of assessment or determination of compliance. A citation and notice of assessment or determination of compliance not appealed within 15 calendar days is final and binding, and not subject to further appeal.

(2) A notice of appeal filed with the director under this section stays the effectiveness of the citation and notice of assessment or determination of compliance pending final review of the appeal by the director as provided in chapter 34.05 RCW.

(3) Upon receipt of a notice of appeal, the director must assign the hearing to an administrative law judge of the office of administrative hearings to conduct the hearing and issue an initial order. The hearing and review procedures must be conducted in accordance with chapter 34.05 RCW, and the standard of review by the administrative law judge of an appealed citation and notice of assessment must be de novo. Any party who seeks to challenge an initial order must file a petition for administrative review with the director within 30 days after service of the initial order. The director must conduct an administrative review in accordance with chapter 34.05 RCW.

(4) The director must issue all final orders after appeal of the initial order. The final order of the director is subject to judicial review in accordance with chapter 34.05 RCW.

(5) Orders that are not appealed within the time period specified in this section and chapter 34.05 RCW are final and binding, and not subject to further appeal.

(6) An employer who fails to allow adequate inspection of records in an investigation by the department under this chapter within a reasonable time period may not use such records in any appeal under this section to challenge the correctness of any determination by the department of the penalty assessed.

NEW SECTION. Sec. 11. The department may adopt and implement rules to carry out and enforce the provisions of this chapter.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. Sections 1 through 12 of this act constitute a new chapter in Title 49 RCW.

NEW SECTION. Sec. 14. This act takes effect July 1, 2024."

NEW SECTION. Sec. 101. A new section is added to chapter 2.56 RCW to read as follows:

(1) Subject to funds appropriated for this specific purpose, by June 1, 2024, the Washington courts' board for judicial administration must develop model standards:

(a) Establishing best practices for the operation of electronic monitoring with victim notification technology by monitoring agencies, with the goal of improving victim safety;

(b) Establishing protocols for implementing court orders that include electronic monitoring with victim notification, including protocols for the installation and removal of monitoring devices to ensure uninterrupted monitoring services following release from detainment or incarceration; and

(c) Establishing any additional requirements necessary to promote compliance with RCW 2.56.260 and 9.94A.736, which may include, but not be limited to, training requirements for court officials, peace officers, 911 dispatchers, local corrections officers and staff, and other appropriate practitioners.

(2) In developing the standards required under this section, the Washington courts' board for judicial administration must solicit input from courts of general and limited jurisdiction, local governments, monitoring agencies, and statewide associations representing law enforcement leaders, prosecutors, the department of corrections, domestic violence victims, and domestic violence agencies.

(3) Subject to funds appropriated for this specific purpose, the Washington courts' board for judicial administration must develop a model policy on electronic monitoring with victim notification technology based on best practices where the technology is being currently used in Washington. Each law enforcement agency in the state must adopt its own policy based on the model policy.

(4) For the purposes of this section:

(a) "Electronic monitoring" has the meaning provided in RCW 9.94A.030; and

(b) "Monitoring agency" has the meaning provided in RCW 9.94A.736.

Part II. Civil Proceedings

Sec. 201. RCW 7.105.155 and 2022 c 268 s 10 are each amended to read as follows:

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

When service is to be completed under this chapter by a law enforcement officer:

(1) The clerk of the court shall have a copy of any order issued under this chapter, the confidential information form, as well as the petition for a protection order and any supporting materials, electronically forwarded on or before the next judicial day to the law enforcement agency in the county or municipality where the respondent resides, as specified in the order, for service upon the respondent. If the respondent has moved from that county or municipality and personal service is not required, the law enforcement agency specified in the order may serve the order;

(2) Service of an order issued under this chapter must take precedence over the service of other documents by law enforcement unless they are of a similar emergency nature;

(3) Where personal service is required, the first attempt at service must occur within 24 hours of receiving the order from the court (~~whenever practicable, but not more than five days after receiving the order~~) unless an emergency situation renders the service infeasible. If an emergency situation prevents a first attempt at service within 24 hours, law enforcement must attempt service as soon as possible. If the first attempt is not successful, no fewer than two additional attempts should be made to serve the order, particularly for respondents who present heightened risk of lethality or other risk of physical harm to the petitioner or petitioner's family or household members. All attempts at service must be documented on a proof of service form and submitted to the court in a timely manner;

(4) If service cannot be completed within 10 calendar days, the law enforcement officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification. Law enforcement shall continue to attempt to complete service unless otherwise directed by the court. In the event that the petitioner does not provide a service address for the respondent or there is evidence that the respondent is evading service, the law enforcement officer shall use law enforcement databases to assist in locating the respondent;

(5) If the respondent is in a protected person's presence at the time of contact for service, the law enforcement officer should take reasonable steps to separate the parties when possible prior to completing the service or inquiring about or collecting firearms. When the order requires the respondent to vacate the parties' shared residence, law enforcement shall take reasonable steps to ensure that the respondent has left the premises and is on notice that ~~((his or her))~~ the respondent's return is a violation of the terms of the order. The law enforcement officer shall provide the respondent with copies of all forms with the exception of the confidential information form completed by the protected party and the proof of service form;

(6) Any law enforcement officer who serves a protection order on a respondent with the knowledge that the respondent requires special assistance due to a disability, brain injury, or impairment shall make a reasonable effort to accommodate the needs of the respondent to the extent practicable without compromise to the safety of the petitioner;

(7) Proof of service must be submitted to the court on the proof of service form. The form must include the date and time of service and each document that was served in order for the service to be complete, along with any details such as conduct at the time of service, threats, or avoidance of service, as well as statements regarding possession of firearms, including any denials of ownership despite positive purchase history, active concealed pistol license, or sworn statements in the petition that allege the respondent's access to, or possession of, firearms; or

(8) If attempts at service were not successful, the proof of service form or the form letter showing that the order was not

served, and stating the reason it was not served, must be returned to the court by the next judicial day following the last unsuccessful attempt at service. Each attempt at service must be noted and reflected in computer aided dispatch records, with the date, time, address, and reason service was not completed.

Sec. 202. RCW 7.105.255 and 2022 c 268 s 15 are each amended to read as follows:

(1) To help ensure familiarity with the unique nature of protection order proceedings, and an understanding of trauma-informed practices and best practices in the use of new technologies for remote hearings, judicial officers, including persons who serve as judicial officers pro tempore, should receive evidence-based training on procedural justice, trauma-informed practices, gender-based violence dynamics, coercive control, elder abuse, juvenile sex offending, teen dating violence, domestic violence homicide prevention, and requirements and best practices for the surrender of weapons before presiding over protection order hearings. Trainings should be provided on an ongoing basis as best practices, research on trauma, and legislation continue to evolve. As a method of continuous training, court commissioners, including pro tempore commissioners, shall be notified by the presiding judge or court administrator upon revision of any decision made under this chapter.

(2) Subject to funds appropriated for this specific purpose, the administrative office of the courts shall develop training for judicial officers on the topics listed in subsection (1) of this section, which must be provided free of charge to judicial officers.

NEW SECTION. Sec. 203. A new section is added to chapter 7.105 RCW to read as follows:

(1) The legislature recognizes the inherent volatility and danger associated with domestic violence, particularly when the court has made a finding that an ex parte order to surrender and prohibit weapons is necessary. The risk of domestic violence homicide is most acute when a victim is ending the relationship and throughout legal proceedings. The presence of a firearm in a domestic violence situation increases the risk of homicide by 11 times. The legislature acknowledges the potential for judicial or administrative error in hearings on full protection orders and the significant consequences that can result from such errors. In recognition of the potential for error, the legislature has previously established in RCW 2.24.050 that decisions of court commissioners are subject to revision and the courts have created processes for reconsideration of rulings. Therefore, in any proceeding in which the court enters a temporary protection order that includes a temporary order to surrender and prohibit weapons, and after the hearing the court denies the petition for a full protection order, the order to surrender and prohibit weapons must remain in effect until the period for a petitioner to file a motion for reconsideration or revision has passed. If a motion for reconsideration or revision is filed, the order to surrender and prohibit weapons must remain in effect until the motion for reconsideration or revision is resolved.

(2) At the hearing in which the court denies the petition for a full protection order, if the petitioner is present, the court must notify the petitioner verbally of the procedures and timelines for filing a motion for reconsideration or a motion for revision. The court must provide the petitioner with written information explaining the procedures and timelines for filing a motion for reconsideration or a motion for revision. The information must also include contact information for civil legal aid organizations that may assist the petitioner with a motion for reconsideration or a motion for revision.

(3) Subsections (1) and (2) of this section do not apply if allowing the order to surrender and prohibit weapons to remain in effect would be manifestly unjust including, but not limited to, situations where the court finds the temporary protection order was entirely without merit, the petitioner was engaged in abusive use of litigation, or the petitioner was exerting coercive control, as defined in RCW 7.105.010, over the respondent.

Part III. Domestic Violence Protections

Sec. 301. RCW 10.99.033 and 2019 c 367 s 2 are each amended to read as follows:

(1) All training relating to the handling of domestic violence complaints by law enforcement officers must stress enforcement of criminal laws in domestic situations, availability of community resources, and protection of the victim. Law enforcement agencies and community organizations with expertise in the issue of domestic violence shall cooperate in all aspects of such training.

(2) The criminal justice training commission shall implement by July 28, 2019, a course of instruction for the training of law enforcement officers in Washington in the handling of domestic violence complaints. The basic law enforcement curriculum of the criminal justice training commission must include at least twenty hours of basic training instruction on the law enforcement response to domestic violence. The course of instruction, the learning and performance objectives, and the standards for the training must be developed by the commission and focus on enforcing the criminal laws, safety of the victim, and holding the perpetrator accountable for the violence. The curriculum must include training on the extent and prevalence of domestic violence, the importance of criminal justice intervention, techniques for responding to incidents that minimize the likelihood of officer injury and that promote victim safety, investigation and interviewing skills, evidence gathering and report writing, assistance to and services for victims and children, verification and enforcement of court orders, liability, and any additional provisions that are necessary to carry out the intention of this subsection.

(3) The criminal justice training commission shall develop and update annually an in-service training program to familiarize law enforcement officers with domestic violence laws. The program must include techniques for handling incidents of domestic violence that minimize the likelihood of injury to the officer and that promote the safety of all parties. The commission shall make the training program available to all law enforcement agencies in the state.

(4) Development of the training in subsections (2) and (3) of this section must be conducted in conjunction with agencies having a primary responsibility for serving victims of domestic violence with emergency shelter and other services, and representatives to the statewide organization providing training and education to these organizations and to the general public.

(5) Subject to funds appropriated for this specific purpose:

(a) The curriculum required in subsection (2) of this section must include trauma-informed investigation and interviewing skills, domestic violence homicide prevention, the intersection of firearms and domestic violence, best practices for serving and enforcing protection orders, and assistance to and services for victims and children; and

(b) The in-service training program required in subsection (3) of this section must include training on domestic violence homicide prevention, the intersection of firearms and domestic violence, best practices for serving and enforcing protection orders, and assistance to and services for victims and children.

Sec. 302. RCW 10.99.040 and 2021 c 215 s 122 are each amended to read as follows:

(1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;

(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to ~~((his or her))~~ the attorney's client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence; and

(e) Shall not deny issuance of a no-contact order based on the existence of an applicable civil protection order preventing the defendant from contacting the victim.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or ~~((protective))~~ protection order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800, and shall order the defendant to surrender, and prohibit the person from possessing, all firearms, dangerous weapons, and any concealed pistol license as required in RCW 9.41.800.

(c) The no-contact order shall also be issued in writing as soon as possible, and shall state that it may be extended as provided in subsection (3) of this section. By January 1, 2011, the administrative office of the courts shall develop a pattern form for all no-contact orders issued under this chapter. A no-contact order issued under this chapter must substantially comply with the pattern form developed by the administrative office of the courts.

(3)(a) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order even if the defendant fails to appear at arraignment. The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed.

(b) In issuing the order, the court shall consider all information documented in the incident report concerning the person's possession of and access to firearms and whether law enforcement took temporary custody of firearms at the time of the arrest. The court may as a condition of release prohibit the defendant from possessing or accessing firearms and order the defendant to immediately surrender all firearms and any concealed pistol license to a law enforcement agency upon release.

(c) If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring as defined in RCW 9.94A.030. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant ~~((reimburse the providing agency for))~~ pay the costs of the electronic monitoring. If a defendant enters into a deferred prosecution or stipulated order of continuance, the applicable order or agreement may require the defendant pay the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2), (3), or (7) of this section is punishable under RCW 7.105.450.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 7.105 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.

(6) Whenever a no-contact order is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

(7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.

Part IV. Firearms and Dangerous Weapons

Sec. 401. RCW 9.41.340 and 2020 c 29 s 5 are each amended to read as follows:

(1)(a) Each law enforcement agency shall develop a notification protocol that ~~((allows))~~ :

(i) Allows a family or household member or intimate partner to use an incident or case number to request to be notified when a law enforcement agency returns a privately owned firearm to the individual from whom it was obtained or to an authorized representative of that person; and

(ii) Requires notification to any person identified in a no-contact order, restraining order, or protection order and any identified victim of the crime that resulted in the firearm surrender.

~~((a))~~ (b)(i) Notification may be made via telephone, email, text message, or another method that allows notification to be provided without unnecessary delay.

~~((b))~~ (ii) If a law enforcement agency is in possession of more than one privately owned firearm from ~~((a single person))~~ an individual, notification relating to the return of one firearm shall

be considered notification for all privately owned firearms for that person.

(2) A law enforcement agency shall not provide notification to any party other than ~~((a family or household member or intimate partner who has an incident or case number and who has requested to be notified pursuant to this section or))~~ another criminal justice agency or as authorized or required under subsection (1) of this section.

(3) The information provided by a family or household member or intimate partner pursuant to chapter 130, Laws of 2015, including the existence of the request for notification, is not subject to public disclosure pursuant to chapter 42.56 RCW.

(4) An appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or combination of units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to this section, so long as the release or failure was without gross negligence.

(5) An individual who knowingly makes a request for notification under this section based on false information may be held liable under RCW 9A.76.175.

Sec. 402. RCW 9.41.345 and 2020 c 29 s 6 are each amended to read as follows:

(1) Before a law enforcement agency returns a privately owned firearm, the law enforcement agency must:

(a) Confirm that the individual to whom the firearm will be returned is the individual from whom the firearm was obtained or an authorized representative of that person;

(b) Confirm that the individual to whom the firearm will be returned is eligible to possess a firearm pursuant to RCW 9.41.040;

(c) Ensure that the firearm is not otherwise required to be held in custody or otherwise prohibited from being released; ~~((and))~~

(d) Ensure that ~~((twenty-four hours))~~ five business days have elapsed from the time the firearm was obtained by law enforcement ~~((, unless the firearm was seized in connection with a domestic violence call pursuant to RCW 10.99.030, in which case the law enforcement agency must ensure that five business days have elapsed from the time the firearm was obtained))~~; and

(e) If a family or household member or intimate partner has requested notification under RCW 9.41.340(1)(a)(i), or notification to an identified victim or protected person is required per RCW 9.41.340(1)(a)(ii), provide notice to the appropriate person within one business day of verifying that the requirements in (a) through (c) of this subsection have been met.

(2)(a) Once the requirements in subsections (1) and (3) of this section have been met, a law enforcement agency must release a firearm to the individual from whom it was obtained or an authorized representative of that person upon request without unnecessary delay.

(b)(i) If a firearm cannot be returned because it is required to be held in custody or is otherwise prohibited from being released, a law enforcement agency must provide written notice to the individual from whom it was obtained within five business days of the individual requesting return of ~~((his or her))~~ the firearm and specify the reason the firearm must be held in custody.

(ii) Notification may be made via email, text message, mail service, or personal service. For methods other than personal service, service shall be considered complete once the notification is sent.

(3) If ~~((a family or household member or intimate partner has requested to be notified pursuant to RCW 9.41.340))~~ notification is required under RCW 9.41.340(1)(a) (i) or (ii), a law enforcement agency must~~((~~

~~(a) Provide notice to the family or household member or intimate partner within one business day of verifying that the requirements in subsection (1) of this section have been met; and~~

~~(b) Hold)) hold the firearm in custody for ((seventy-two hours)) five business days from the time notification has been provided or information has been entered.~~

(4)(a) A law enforcement agency may not return a concealed pistol license that has been surrendered to, or impounded by, the law enforcement agency for any reason to the licensee until the law enforcement agency determines the licensee is eligible to possess a firearm under state and federal law and meets the other eligibility requirements for a concealed pistol license under RCW 9.41.070.

(b) A law enforcement agency must release a concealed pistol license to the licensee without unnecessary delay, and in no case longer than five business days, after the law enforcement agency determines the requirements of (a) of this subsection have been met.

(5) The provisions of chapter 130, Laws of 2015 and subsection (4) of this section shall not apply to circumstances where a law enforcement officer has momentarily obtained a firearm or concealed pistol license from an individual and would otherwise immediately return the firearm or concealed pistol license to the individual during the same interaction.

Sec. 403. RCW 9.41.801 and 2022 c 268 s 30 are each amended to read as follows:

(1) Because of the heightened risk of lethality to petitioners when respondents to protection orders become aware of court involvement and continue to have access to firearms, and the frequency of noncompliance with court orders prohibiting possession of firearms, law enforcement and judicial processes must emphasize swift and certain compliance with court orders prohibiting access, possession, and ownership of all firearms.

(2) A law enforcement officer serving a protection order, no-contact order, or restraining order that includes an order to surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall inform the respondent that the order is effective upon service and the respondent must immediately surrender all firearms and dangerous weapons in the respondent's custody, control, or possession and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms, dangerous weapons, and concealed pistol license. The law enforcement officer shall take possession of all firearms, dangerous weapons, and any concealed pistol license belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. If the order is entered in open court and the respondent appears in person, the respondent shall be provided a copy and further service is not required. If the respondent refuses to receive a copy, an agent of the court may indicate on the record that the respondent refused to receive a copy of the order. If the respondent appears remotely for the hearing, or leaves the hearing before a final ruling is issued or order signed, and the court believes the respondent has sufficient notice such that additional service is not necessary, the order must recite that the respondent appeared before the court, has actual notice of the order, the necessity for further service is waived, and proof of service of the order is not necessary. The court shall enter the service and receipt into the record. A copy of the order and service shall be transmitted immediately to law enforcement. The respondent must immediately surrender all firearms, dangerous weapons, and any concealed pistol license in a safe manner to the control of the local law enforcement agency on the day of the hearing at which the respondent was present in person or remotely. Alternatively, if personal service by a law enforcement officer is

not possible, and the respondent did not appear in person or remotely at the hearing, the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within 24 hours of being served with the order by alternate service.

(3) At the time of surrender, a law enforcement officer taking possession of firearms, dangerous weapons, and any concealed pistol license shall issue a receipt identifying all firearms, dangerous weapons, and any concealed pistol license that have been surrendered and provide a copy of the receipt to the respondent. The law enforcement agency shall file the original receipt with the court within 24 hours after service of the order and retain a copy of the receipt, electronically whenever electronic filing is available.

(4) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms or dangerous weapons as required by an order issued under RCW 9.41.800 or 10.99.100, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms and dangerous weapons in their possession, custody, or control. If probable cause exists that a crime occurred, the court shall issue a warrant describing the firearms or dangerous weapons and authorizing a search of the locations where the firearms and dangerous weapons are reasonably believed to be and the seizure of all firearms and dangerous weapons discovered pursuant to such search.

(5) If a person other than the respondent claims title to any firearms or dangerous weapons surrendered pursuant to this section, and the person is determined by the law enforcement agency to be the lawful owner of the firearm or dangerous weapon, the firearm or dangerous weapon shall be returned to the lawful owner, provided that:

(a) The firearm or dangerous weapon is removed from the respondent's access, custody, control, or possession and the lawful owner agrees by written document signed under penalty of perjury to store the firearm or dangerous weapon in a manner such that the respondent does not have access to or control of the firearm or dangerous weapon;

(b) The firearm or dangerous weapon is not otherwise unlawfully possessed by the owner; and

(c) The requirements of RCW 9.41.345 are met.

~~(6)(a) Courts shall develop procedures to verify timely and complete compliance with orders to surrender and prohibit weapons under RCW 9.41.800 or 10.99.100, including compliance review hearings to be held as soon as possible upon receipt from law enforcement of proof of service. ((A compliance review hearing is not required if the court can otherwise enter findings on the record or enter written findings that the proof of surrender or declaration of nonsurrender)) For any case where the court has indication that the respondent has in the respondent's possession, custody, or control firearms, dangerous weapons, or a concealed pistol license, a compliance review hearing shall be held. A compliance review hearing may be waived by the court or held at a later date if the information attested to by the person subject to the order, along with verification from law enforcement and any other relevant evidence, makes a sufficient showing that the person has timely and completely surrendered all firearms and dangerous weapons in the person's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070, to a law enforcement agency, and the court is able to make a finding of compliance. If the court does not have a sufficient record before it on which to make such a finding, the court must set a review hearing to occur as soon as possible ((at which the)) and service by law enforcement shall be prioritized to~~

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

minimize the time during which the respondent could access their firearms, dangerous weapons, or concealed pistol license. The respondent must be present and provide proof of compliance with the court's order. Courts shall make available forms that petitioners may complete and submit to the court in response to a respondent's declaration of whether the respondent has surrendered weapons.

(b) In making its findings regarding compliance, the court should also consider any available department of licensing and Washington state patrol firearm records; for criminal cases, the police report and any documentation of firearms, or their recovery pursuant to RCW 10.99.030(3)(a); and for civil protection order cases, the protection order narrative, any sections of the protection order petition that specifically reference or inquire about firearms and other dangerous weapons, any attachments to the protection order petition, any affidavits from law enforcement or the petitioner in response to a respondent's declaration regarding firearm surrender, or other relevant evidence regarding firearms, dangerous weapons, or a concealed pistol license in the person's custody, control, or possession.

(c) If the court is considering waiving or delaying the compliance review hearing, the petitioner, law enforcement, or the state or city attorney may request that the compliance hearing be held, if there is reasonable suspicion to believe that the respondent has not surrendered all firearms, dangerous weapons, and any concealed pistol license, or is otherwise out of compliance with the court's order.

(7)(a) If a court finds at the compliance review hearing, or any other hearing where compliance with the order to surrender and prohibit weapons is addressed, that there is probable cause to believe the respondent was aware of and failed to fully comply with the order, failed to appear at the compliance review hearing, or violated the order after the court entered findings of compliance, pursuant to its authority under chapter 7.21 RCW, the court may issue an arrest warrant and initiate a contempt proceeding to impose remedial sanctions on its own motion, or upon the motion of the prosecutor, city attorney, or the petitioner's counsel, and issue an order requiring the respondent to appear, with additional sanctions for failure to appear, provide proof of compliance with the order, and show cause why the respondent should not be held in contempt of court.

(b) If the respondent is not present in court at the compliance review hearing or if the court issues an order to appear and show cause after a compliance review hearing, the clerk of the court shall electronically transmit a copy of the order to show cause to the law enforcement agency where the respondent resides for personal service or service in the manner provided in the civil rules of superior court or applicable statute. Law enforcement shall also serve a copy of the order to show cause on the petitioner, either electronically or in person, at no cost.

(c) The order to show cause served upon the respondent shall state the date, time, and location of the hearing and shall include a warning that the respondent may be held in contempt of court if the respondent fails to promptly comply with the terms of the order to surrender and prohibit weapons and a warning that an arrest warrant could be issued if the respondent fails to appear on the date and time provided in the order.

(d)(i) At the show cause hearing, the respondent must be present and provide proof of compliance with the underlying court order to surrender and prohibit weapons and demonstrate why the relief requested should not be granted.

(ii) The court shall take judicial notice of the receipt filed with the court by the law enforcement agency pursuant to subsection (3) of this section. The court shall also provide sufficient notice to

the law enforcement agency of the hearing. Upon receiving notice pursuant to this subsection, a law enforcement agency must:

(A) Provide the court with a complete list of firearms and other dangerous weapons surrendered by the respondent or otherwise belonging to the respondent that are in the possession of the law enforcement agency; and

(B) Provide the court with verification that any concealed pistol license issued to the respondent has been surrendered and ~~((the))~~ an agency with authority to revoke the license has been notified.

(iii) If the law enforcement agency has a reasonable suspicion that the respondent is not in full compliance with the terms of the order, the law enforcement agency must submit the basis for its belief to the court, and may do so through the filing of a declaration.

(e) If the court finds the respondent in contempt, the court may impose remedial sanctions designed to ensure swift compliance with the order to surrender and prohibit weapons.

(f) The court may order a respondent found in contempt of the order to surrender and prohibit weapons to pay for any losses incurred by a party in connection with the contempt proceeding, including reasonable attorneys' fees, service fees, and other costs. The costs of the proceeding shall not be borne by the petitioner.

(8)(a) To help ensure that accurate and comprehensive information about firearms compliance is provided to judicial officers, a representative from either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may appear and be heard or submit written information at any hearing that concerns compliance with an order to surrender and prohibit weapons ~~((issued in connection with another type of protection order))~~.

(b) Either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may designate an advocate or a staff person from their office who is not an attorney to appear on behalf of their office. Such appearance does not constitute the unauthorized practice of law.

(9)(a) ~~((An order to surrender and prohibit weapons issued pursuant to RCW 9.41.800 must state that the))~~ The act of voluntarily surrendering firearms or weapons, ~~((or))~~ providing testimony relating to the surrender of firearms or weapons, ~~((pursuant to such an order,))~~ or complying with an order to surrender and prohibit weapons issued pursuant to RCW 9.41.800 or 10.99.100, and any information directly or indirectly derived from such act or testimony, may not be used against the ~~((respondent))~~ person subject to the order in any criminal prosecution under this chapter, chapter 7.105 RCW, or RCW 9A.56.310, or in any criminal prosecution pursuant to which such order to surrender and prohibit weapons was issued, except a prosecution for perjury, giving a false statement, or otherwise failing to comply with the order. Every such order issued subsequent to the effective date of this section shall contain language consistent with the statutory immunity set forth in this subsection.

(b) If a person subject to such an order invokes the privilege against self-incrimination at the time of issuance of the order or at a subsequent hearing, the court may afford the person subject to the order an opportunity to demonstrate that compliance with the surrender provision of the order would expose that person to a realistic threat of self-incrimination in a subsequent or pending criminal proceeding. The court may conduct this portion of the proceeding ex parte or receive evidence in camera, without the presence of the prosecuting attorney, after the court conducts an analysis under *State v. Bone-Club*, 128 wn.2d 254, and concludes that the courtroom may be closed.

(c) If the person subject to the order establishes such a realistic threat of self-incrimination regarding possible criminal prosecution that is not addressed by the immunity from prosecution set forth in (a) of this subsection, the court shall afford the relevant prosecuting attorney an opportunity to offer an immunity agreement tailored specifically to the firearms or weapons implicated by the potential self-incrimination. To achieve the purposes of this section, any immunity offered should be narrowly tailored to address any realistic threat of self-incrimination while ensuring that any other firearms not implicated are surrendered.

(d) Any immunity from prosecution beyond the immunity set forth in (a) of this subsection, may only be extended by the prosecuting attorney. If the prosecuting attorney declines to extend immunity such that the person subject to the order cannot fully comply with its surrender provision without facing a realistic threat of self-incrimination, the court's order must provide for the surrender of every firearm, dangerous weapon, and concealed pistol license that does not implicate a realistic threat of self-incrimination. The order's prohibitions regarding accessing, purchasing, receiving, or attempting to purchase or receive, any firearms or other dangerous weapons, or concealed pistol license, remain in effect.

(e) Nothing in this section shall be interpreted as diminishing the requirement that the person subject to the order fully comply with the order issued by the court. The burden remains on the person subject to the order to prove compliance.

((10)) (10) To provide relevant information to the court to determine compliance with the order, the court may allow the prosecuting attorney or city attorney to question the respondent regarding compliance.

((11)) (11) All law enforcement agencies must have policies and procedures to provide for the acceptance, storage, and return of firearms, dangerous weapons, and concealed pistol licenses that a court requires must be surrendered under RCW 9.41.800. A law enforcement agency holding any firearm or concealed pistol license that has been surrendered under RCW 9.41.800 shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of the firearm or concealed pistol license to the owner or individual from whom it was obtained.

((12)) (12) The administrative office of the courts shall create a statewide pattern form to assist the courts in ensuring timely and complete compliance in a consistent manner with orders issued under this chapter. The administrative office of the courts shall report annually on the number of ex parte and full orders issued under this chapter by each court, (the degree of compliance, and the number of firearms obtained, and may make recommendations regarding additional procedures) and, if available, the type of protection order, no-contact order, restraining order, or criminal charge with which the order was issued, the duration of the order, the period of time from issuance of the order until the court's finding of compliance, any violations, the nature of the violations, any sanctions imposed, the number of firearms obtained pursuant to each order, whether subsequent orders were issued involving the same respondent, and may make recommendations regarding additional procedures, training, or data collection and reporting to enhance compliance and victim safety.

Sec. 404. RCW 9.41.804 and 2014 c 111 s 5 are each amended to read as follows:

((A party ordered)) (1) To prove full compliance with the court's order to surrender firearms, dangerous weapons, and ~~(his or her)~~ any concealed pistol license under RCW 9.41.800 the person subject to the order must file with the clerk of the court ~~((a))~~: (a) A completed proof of surrender and receipt form ~~((or a~~

declaration of nonsurrender form within five judicial days of the entry of the order)); (b) a declaration that the person has no firearms, dangerous weapons, or concealed pistol license; or (c) other evidence sufficient to establish full and timely compliance with the order.

(2) The verification of compliance required in subsection (1) of this section must be provided to the court within 24 hours of service of the order, unless the order is pursuant to a criminal proceeding. In a criminal proceeding, if the person subject to the order is in custody, proof of compliance must be provided to the court before the person subject to the order is released from custody; otherwise, proof of compliance must be provided before the conclusion of the sentencing hearing. If the court finds that surrender of all firearms, dangerous weapons, and any concealed pistol license is not possible prior to release or prior to the conclusion of the hearing, then arrangements for surrender shall be made and approved by the court before the person's release from custody or before the conclusion of the sentencing hearing, and the court shall order a law enforcement officer to accompany the person to the location where the firearms, dangerous weapons, and concealed pistol license are located so that they are surrendered directly to the law enforcement officer. Surrender to local law enforcement shall occur in a safe manner and proof of compliance provided by law enforcement to the court within 24 hours of either the person's release from custody or the conclusion of the sentencing hearing.

(3) By December 30, 2023, the administrative office of the courts shall develop and distribute any new or updated forms necessary to implement subsections (1) and (2) of this section, and other sections of this act where a form needs to be created or updated.

Sec. 405. RCW 7.105.340 and 2022 c 268 s 19 are each amended to read as follows:

(1) Upon the issuance of any extreme risk protection order under this chapter, including a temporary extreme risk protection order, the court shall:

(a) Order the respondent to surrender to the local law enforcement agency all firearms in the respondent's custody, control, or possession, or subject to the respondent's immediate possession or control, and any concealed pistol license issued under RCW 9.41.070; and

(b) Other than for ex parte temporary protection orders, direct law enforcement to revoke any concealed pistol license issued to the respondent.

(2) Law enforcement, the prosecutor, or the petitioner may, at the same time the court issues an order under this chapter requiring the surrender of firearms, also request issuance of an anticipatory search warrant authorizing the search for and seizure of any firearms and concealed pistol license in the respondent's possession, custody, or control. The court may issue such a warrant if there is probable cause to find that the respondent would be in violation of the court's order if the respondent refuses to surrender all firearms and concealed pistol license in the respondent's possession, custody, or control after being served with the order. The court's order authorizing such a warrant must describe the firearms, the locations where the firearms and concealed pistol license are reasonably believed to be, and the scope of the search and seizure authorized.

(3) The law enforcement officer serving any extreme risk protection order under this chapter, including a temporary extreme risk protection order, shall request that the respondent immediately surrender all firearms in ~~(his or her)~~ the respondent's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070, and conduct any search permitted by law for such firearms. The law enforcement

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

officer shall take possession of all firearms belonging to the respondent that are surrendered, in plain sight, or discovered pursuant to a lawful search. If the order is entered in open court and the respondent appears in person, the respondent must be provided a copy and further service is not required. If the respondent refuses to accept a copy, an agent of the court may indicate on the record that the respondent refused to accept a copy of the order. If the respondent appears remotely for the hearing, or leaves the hearing before a final ruling is issued or order signed, and the court believes the respondent has sufficient notice such that additional service is not necessary, the order must recite that the respondent appeared before the court, has actual notice of the order, the necessity for further service is waived, and proof of service of the order is not necessary. The court shall enter the service and receipt into the record. A copy of the order and service must be transmitted immediately to law enforcement. The respondent must immediately surrender all firearms and any concealed pistol license, not previously surrendered, in a safe manner to the control of the local law enforcement agency on the day of the hearing at which the respondent was present in person or remotely. If the respondent is in custody, arrangements to recover the firearms must be made prior to release. Alternatively, if personal service by a law enforcement officer is not possible, and the respondent did not appear in person or remotely at the hearing, the respondent shall surrender the firearms in a safe manner to the control of the local law enforcement agency within 24 hours of being served with the order by alternate service.

((3)) (4) At the time of surrender, a law enforcement officer taking possession of a firearm or concealed pistol license shall issue a receipt identifying all firearms that have been surrendered and provide a copy of the receipt to the respondent. Within 72 hours after service of the order, the officer serving the order shall file the original receipt with the court and shall ensure that ~~((his or her))~~ the officer's law enforcement agency retains a copy of the receipt.

((4)) (5) Upon the sworn statement or testimony of the petitioner or of any law enforcement officer alleging that the respondent has failed to comply with the surrender of firearms as required by an order issued under this chapter, the court shall determine whether probable cause exists to believe that the respondent has failed to surrender all firearms in ~~((his or her))~~ the respondent's possession, custody, or control. If probable cause for a violation of the order exists, the court shall issue a warrant describing the firearms and authorizing a search of the locations where the firearms are reasonably believed to be and the seizure of any firearms discovered pursuant to such search.

((5)) (6) If a person other than the respondent claims title to any firearms surrendered pursuant to this section, and that person is determined by the law enforcement agency to be the lawful owner of the firearm, the firearm must be returned to that person, provided that:

(a) The firearm is removed from the respondent's custody, control, or possession, and the lawful owner provides written verification to the court regarding how the lawful owner will safely store the firearm in a manner such that the respondent does not have access to, or control of, the firearm for the duration of the order;

(b) The court advises the lawful owner of the penalty for failure to do so; and

(c) The firearm is not otherwise unlawfully possessed by the owner.

((6)) (7) Upon the issuance of a one-year extreme risk protection order, the court shall order a new compliance review hearing date and require the respondent to appear not later than three judicial days from the issuance of the order. The court shall

require a showing that the respondent has surrendered any firearms in the respondent's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070 to a law enforcement agency. The compliance review hearing is not required upon a satisfactory showing on which the court can otherwise enter findings on the record that the respondent has timely and completely surrendered all firearms in the respondent's custody, control, or possession, and any concealed pistol license issued under RCW 9.41.070 to a law enforcement agency, and is in compliance with the order. If the court does not have a sufficient record before it on which to make such a finding, the court must set a review hearing to occur as soon as possible, at which the respondent must be present and provide proof of compliance with the court's order.

((7)) (8)(a) If a court finds at the compliance review hearing, or any other hearing where compliance with the order is addressed, that there is probable cause to believe the respondent was aware of, and failed to fully comply with, the order, failed to appear at the compliance review hearing, or violated the order after the court entered findings of compliance, pursuant to its authority under chapter 7.21 RCW, the court may initiate a contempt proceeding on its own motion, or upon the motion of the prosecutor, city attorney, or the petitioner's counsel, to impose remedial sanctions, and issue an order requiring the respondent to appear, provide proof of compliance with the order, and show cause why the respondent should not be held in contempt of court.

(b) If the respondent is not present in court at the compliance review hearing or if the court issues an order to appear and show cause after a compliance review hearing, the clerk of the court shall electronically transmit a copy of the order to show cause to the law enforcement agency where the respondent resides for personal service or service in the manner provided in the civil rules of superior court or applicable statute.

(c) The order to show cause served upon the respondent shall state the date, time, and location of the hearing, and shall include a warning that the respondent may be held in contempt of court if the respondent fails to promptly comply with the terms of the extreme risk protection order and a warning that an arrest warrant could be issued if the respondent fails to appear on the date and time provided in the order to show cause.

(d)(i) At the show cause hearing, the respondent must be present and provide proof of compliance with the extreme risk protection order and demonstrate why the relief requested should not be granted.

(ii) The court shall take judicial notice of the receipt filed with the court by the law enforcement agency pursuant to subsection ((3)) (4) of this section. The court shall also provide sufficient notice to the law enforcement agency of the hearing. Upon receiving notice pursuant to this subsection, a law enforcement agency must:

(A) Provide the court with a complete list of firearms surrendered by the respondent or otherwise belonging to the respondent that are in the possession of the law enforcement agency; and

(B) Provide the court with verification that any concealed pistol license issued to the respondent has been surrendered and that a law enforcement agency with authority to revoke the license has been notified.

(iii) If the law enforcement agency has a reasonable suspicion that the respondent is not in full compliance with the terms of the order, the law enforcement agency must submit the basis for its belief to the court, and may do so through the filing of an affidavit.

(e) If the court finds the respondent in contempt, the court may impose remedial sanctions designed to ensure swift compliance with the order to surrender and prohibit weapons.

(f) The court may order a respondent found in contempt of the order to pay for any losses incurred by a party in connection with the contempt proceeding, including reasonable attorneys' fees, service fees, and other costs. The costs of the proceeding must not be borne by the petitioner.

~~((8))~~ (9)(a) To help ensure that accurate and comprehensive information about firearms compliance is provided to judicial officers, a representative from either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may appear and be heard or submit written information at any hearing that concerns compliance with an extreme risk protection order.

(b) Either the prosecuting attorney's office or city attorney's office, or both, from the relevant jurisdiction may designate an advocate or a staff person from their office who is not an attorney to appear on behalf of their office. Such appearance does not constitute the unauthorized practice of law.

~~((9))~~ (10)(a) An extreme risk protection order must state that the act of voluntarily surrendering firearms, or providing testimony relating to the surrender of firearms, pursuant to such an order, may not be used against the respondent in any criminal prosecution under this chapter, chapter 9.41 RCW, or RCW 9A.56.310.

(b) To provide relevant information to the court to determine compliance with the order, the court may allow the prosecuting attorney or city attorney to question the respondent regarding compliance.

~~((10))~~ (11) All law enforcement agencies must develop and implement policies and procedures regarding the acceptance, storage, and return of firearms required to be surrendered under this chapter. Any surrendered firearms must be handled and stored properly to prevent damage or degradation in appearance or function, and the condition of the surrendered firearms documented, including by digital photograph. A law enforcement agency holding any surrendered firearm or concealed pistol license shall comply with the provisions of RCW 9.41.340 and 9.41.345 before the return of the firearm or concealed pistol license to the owner or individual from whom it was obtained.

Sec. 406. RCW 10.21.050 and 2018 c 276 s 5 are each amended to read as follows:

The judicial officer in any felony, misdemeanor, or gross misdemeanor case must, in determining whether there are conditions of release that will reasonably assure the safety of any other person and the community, take into account the available information concerning:

(1) The nature and circumstances of the offense charged, including whether the offense is a crime of violence;

(2) The weight of the evidence against the defendant; and

(3) The history and characteristics of the defendant, including:

(a) The ~~((person's))~~ defendant's character, physical and mental condition, family ties, employment, financial resources, length of residence in the community, community ties, past conduct, history relating to drug or alcohol abuse, criminal history, and record concerning appearance at court proceedings;

(b) Whether, at the time of the current offense or arrest, the defendant was on community supervision, probation, parole, or on other release pending trial, sentencing, appeal, or completion of sentence for an offense under federal, state, or local law; ~~((and))~~

(c) The nature and seriousness of the danger to any person or the community that would be posed by the defendant's release; and

Consistent with the geographical diversity element described in RCW 47.04.355(4), the legislature strongly encourages the department to consider implementing the pilot in both urban and rural communities if possible, to obtain valuable information on the needs of underserved communities located in different geographical locations in Washington.

(7) \$120,000,000 of the carbon emissions reduction account—state appropriation is provided solely for implementation of zero-emission commercial vehicle infrastructure and incentive programs and for the replacement of school buses powered by fossil fuels with zero-emission school buses, including the purchase and installation of zero-emission school bus refueling infrastructure.

(a) Of this amount, \$20,000,000 is for the department to administer an early action grant program to provide expedited funding to zero-emission commercial vehicle infrastructure demonstration projects. The department must contract with a third-party administrator to implement the early action grant program.

(b) The office of financial management shall place the remaining \$100,000,000 in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle infrastructure and incentive strategy required under section 204 of this act. chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(8) \$3,000,000 of the carbon emissions reduction account—state appropriation is provided solely for hydrogen refueling infrastructure investments. The office of financial management shall place the amounts provided in this subsection in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle infrastructure and incentive strategy required under section 204 of this act. The office of financial management shall place the amounts provided in this subsection in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle and cargo handling and off-road equipment infrastructure and incentive strategy required under section 204 of this act. The director of the office of financial management or the director's designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(11) \$5,000,000 of the carbon emissions reduction account—state appropriation is provided solely for clean off-road equipment incentives. The office of financial management shall place the amounts provided in this subsection in unallotted status until the joint transportation committee completes the medium and heavy duty vehicle and cargo handling and off-road equipment infrastructure and incentive strategy required under section 204 of this act. The director of the office of financial management or the director's designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(12) \$2,500,000 of the multimodal transportation account—state appropriation is provided solely for the department to coordinate with cities, counties, ports, and private entities to develop actionable recommendations for state assistance in the development of specific candidate truck parking sites to be developed with amenities, identified by location. The public benefit of each potential truck parking site must be included in this assessment. The department shall consider opportunities for the state to provide assistance in the development of truck parking sites, including possible opportunities to provide assistance in land acquisition and evaluating land use requirements. The department must update the transportation committees of the legislature on agency activities and their status by December 1, 2023, and to provide a final report to the transportation committees of the legislature by December 1, 2024.

The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2023-2025 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle:

Funds may only be spent after approval from the office of financial management. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all emergent issues addressed in the prior fiscal biennium.

(6) The appropriations in this section provide sufficient funding for the department assuming vacancy savings that may change over time. Funding for staffing will be monitored and adjusted in the 2024 supplemental transportation appropriations act to restore funding as authorized staffing levels are achieved.

(7) \$3,529,000 of the highway safety account—state appropriation is provided solely for implementation of chapter . . . (Engrossed Substitute Senate Bill No. 5272), Laws of 2023 (speed safety cameras). If chapter . . . (Engrossed Substitute Senate Bill No. 5272), Laws of 2023 is not enacted by June 30, 2023, the amount provided in this subsection lapses.

(iv) If required for preclearance services, real-time data from weigh-in-motion systems or any other systems shall be made available to preclearance system providers.

(c) The department, in consultation with the Washington state patrol, shall establish standards for the program in order to meet the needs of this state and conform with weigh station preclearance programs in other states, including standards regarding safety history credential status.

(11)(a) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for the department, in coordination with the independent review team of the joint transportation committee, to conduct an analysis of highway, road, and freight rail transportation needs, options, and impacts from shifting the movement of freight and goods that currently move by barge through the lower Snake river dams to highways, other roads, and rail. The study should generate volume estimates and evaluate scenarios for changes in infrastructure and operations that would be necessary to address those additional volumes. The assessment must include quantitative analysis based on available data in terms of both financial and carbon emission costs; and qualitative input gathered from tribal governments, local governments, freight interests, and other key stakeholders, including impacts on disadvantaged/underserved communities. The analysis must include a robust public engagement process to solicit feedback from interested stakeholders including but not limited to: Residents and officials in affected cities and counties; stakeholders involved in railroad, agriculture, fishing, trucking, shipping and other related industries; appropriate Native American tribes; representatives of advocacy and community organizations; and transportation, public works, and economic development organizations in the affected areas, federal highway administration and army corps of engineers. The analysis must be informed by the work of the joint

transportation committee's independent review team, and must include the following:

(i) Existing volumes and traffic patterns;

(ii) Potential changes in volumes and traffic patterns immediately following the loss of freight movement by barge and over the following 20 years, including the carbon emissions impact of this mode shift;

(iii) Identification of whether regional geography, land availability, and state and federal regulatory processes would allow for rail and road expansions and increased capacity;

(iv) Identification of potential infrastructure and operational improvements to existing highways, other roads, and rail, including additional access to facilities, needed to accommodate the higher freight volumes and impacts and potential opportunities to mitigate impacts on shipping rates;

(v) Identification of rail line development options, including impacts and potential opportunities to mitigate impacts on grain storage and handling facilities at regional unit train yards and port export facilities;

(vi) An assessment of costs associated with mitigating potential slope failure and stabilization necessitated by the drawdown of the river. An assessment of impacts and potential opportunities to mitigate impacts on adjacent roads, bridges, railroads, and utility corridors shall be included;

(vii) Both financial and carbon cost estimates for development and implementation of identified needs and options, including planning, design, and construction;

(viii) Analysis of the impacts and potential opportunities to mitigate impacts of these infrastructure changes on environmental justice and disadvantaged/underserved communities during construction, as well as from future operations;

(ix) Analysis of safety impacts and potential opportunities to mitigate impacts for a shift from barge transportation to rail or truck, including increases in rural community traffic and consistency with the Washington State Strategic Highway Safety Plan: Target Zero;

(x) Impacts and potential opportunities to mitigate impacts on highly affected commodities, including agriculture, petroleum, project cargo, and wind energy components;

(xi) Analysis of the impacts and potential opportunities to mitigate impacts that reduced competition resulting from removing barging of agricultural products on the Snake river would have on Washington's agricultural industry along with impacts modal shifts would have on the entire supply chain, including export facilities and ports on the Lower Columbia River; and

(xii) Determination of the feasibility that additional east-west freight rail capacity can be achieved, particularly through Columbia River Gorge, and the alternative routes that exist in the event that adding more infrastructure on these routes is not feasible.

(b) The department shall provide status updates on a quarterly basis in coordination with the joint transportation committee. The legislature intends to require a final report to the governor and the transportation committees of the legislature by December 31, 2026.

Subsequent allotment modifications may not include transfers of appropriation authority between sections of this act except as expressly provided in this act. Allotment modifications may not permit moneys that are provided solely for a specified purpose to be used for another purpose. However, between October 1, 2023, and March 1, 2024, subject to subsection (2)(a) of this section, the department of transportation may transfer state appropriation authority for the 2023-2025 fiscal biennium among operating programs after approval by the director of the office of financial management.

(2)(a) To ensure that staffing vacancy savings assumed in this act do not impair the ability of each individual program to fill authorized staffing positions, maintain operational capacity, and provide anticipated service delivery levels, the department of transportation may, after approval by the director of the office of financial management: (i) Transfer state motor vehicle account

and multimodal transportation account appropriation authority among operating programs, up to the amount of the assumed vacancy savings in each program receiving the transfer; and (ii) make associated staffing-related allotment modifications associated with expenditures for fiscal year 2024. However, transfers authorized in this section may not include the toll operations and maintenance program (program B) or the marine operations program (program X) appropriation authority or allotments, and transfers may only be made within each specific fund source. The department may not transfer appropriation authority, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds.

(b) The director of the office of financial management shall notify in writing the transportation committees of the legislature seven days before approving any allotment modifications or transfers under this section. The written notification must include a narrative explanation and justification of the changes, along with expenditures and allotments by programs and appropriation, both before and after any allotment modifications or transfers.

Multimodal Transportation Account—State Appropriation	\$1,200,000
TOTAL APPROPRIATION	\$42,384,000

(1) \$4,025,000 of the motor vehicle account—state appropriation is provided solely for payments of a financing contract issued pursuant to chapter 39.94 RCW for the department facility located at 15700 Dayton Ave N in Shoreline. All payments from the department of ecology pursuant to the agreement with the department to pay a share of the financing contract for this facility must be deposited into the motor vehicle account.

(2)(a) \$10,011,000 of the move ahead WA account—state appropriation is provided solely for the department to improve its ability to keep facility assets in a state of good repair. In using the funds appropriated in this subsection, the department, with periodic reporting to the joint transportation committee, must

develop and implement a prioritization of facility capital preservation needs and repair projects. The legislature intends these to be reasonable, forward-thinking investments that consider potential future space efficiency measures and consolidations, including those assessed as having high commercial value and potential returns to state transportation funds associated with the sale of the property. Prioritization must be based on, but not limited to, the following criteria: (i) Employee safety and facility security; (ii) state and federal regulatory and statutory requirements and compliance issues, including clean buildings requirements; (iii) quality of work issues; (iv) facility condition assessment evaluations and scoring; (v) asset preservation; and (vi) amount of operational support provided by the facility to the achievement of the department's performance measures and outcomes, including facility utilization based on field operations work supported at the location. (3)(a) \$1,200,000 of the multimodal transportation account—state appropriation is provided solely for the department to evaluate safety rest areas along Interstate 5 and Interstate 90 for potential truck parking expansion opportunities. The department shall also evaluate commercial vehicle inspection locations, in coordination with the Washington state patrol, for potential truck parking expansion opportunities.

(b) These evaluations must include assessments of opportunities to provide additional truck parking through rest stop and inspection location reconfiguration, expansion, and conversion, as well as evaluation of potential improvements to restroom facilities at weigh stations with truck parking. The department shall consider opportunities to expand rest stop footprints onto additional department-owned property, as well as opportunities to acquire property for rest stop expansion. Opportunities to convert a rest stop to a commercial vehicle-only rest stop must be considered if property is available to develop a new light-duty vehicle rest stop within a reasonable distance. The department shall include an evaluation of a potential truck parking site at John Hill Rest Area along the Interstate 90 corridor identified in the joint transportation committee's "Truck Parking Action Plan." Evaluations must include cost estimates for reconfiguration, expansion, and conversion, as well as other recommendations for the development of these sites.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation, the entire move ahead WA account—federal appropriation, the entire move ahead WA account—state appropriation, and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2023-1 as developed April 21, 2023, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document 2023-2 ALL PROJECTS as developed April 21, 2023, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, or the federal funds redistribution process must then be applied to highway and bridge preservation activities.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer appropriation authority between programs I and P,

except for appropriation authority that is otherwise restricted in this act, as follows:

(a) Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised.

(b) The director of the office of financial management must first provide written authorization for such transfer to the department and the transportation committees of the legislature.

(c) The department shall submit a report on appropriation authority transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to \$1,737,009,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to \$118,773,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account—state appropriation includes up to \$32,643,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(7) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this fiscal biennium;

(b) Allotment modifications authorized under this subsection may not result in increased funding for any project beyond the amount provided for that project in the 2023-2025 fiscal biennium in LEAP Transportation Document 2023-2 ALL PROJECTS as developed April 21, 2023;

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Connecting Washington account—state, and move ahead WA account—state; and

(d) The office of financial management must provide notice of allotment modifications authorized under this subsection within 10 working days to the transportation committees of the legislature. By December 1, 2023, and December 1, 2024, the department must submit a report to the transportation committees of the legislature regarding the actions taken to date under this subsection.

(8) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(9) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70A.205.700, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource

ONE HUNDRED FOURTH DAY, APRIL 22, 2023

construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

(10) By June 30, 2025, to the extent practicable, the department shall decommission the facilities for the Lacey project engineering office and the Tumwater project engineering office at the end of their lease terms and consolidate the Lacey project engineering office and the Tumwater project engineering office into the department's Olympic regional headquarters.

(11) The legislature intends that any savings realized on the following projects will not be attributable to the application of practical design, retired risk, or unused contingency funding for the purposes of RCW 47.01.480:

- (a) I-5/Marvin Road/SR 510 Interchange (L1100110); and
- (b) I-82/EB WB On and Off Ramps (L2000123).

(12)(a) \$300,000,000 of the coronavirus state fiscal recovery fund—federal appropriation, \$312,653,000 of the motor vehicle account—federal appropriation, \$427,459,000 of the move ahead WA account—state appropriation, and \$1,293,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) The fish passage barrier removal program, in consultation with the office of innovative partnerships, shall explore opportunities to employ innovative delivery methods to ensure compliance with the court injunction including, but not limited to, public-private partnerships and batched contracts. It is the intent of the legislature that appropriations for this purpose may be used to jointly leverage state and local funds for match requirements in applying for competitive federal aid grants provided in the infrastructure investment and jobs act for removals of fish passage barriers under the national culvert removal, replacement, and restoration program. State funds used for the purpose described in this subsection must not compromise full compliance with the court injunction by 2030.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach by replacing both state and local culverts guided by the principle of providing the greatest fish habitat gain at the earliest time. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert conditions, other transportation projects in the area, and transportation impacts. The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2023, and June 1, 2024.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) During the 2023-2025 fiscal biennium, the department shall provide reports of the amounts of federal funding received for this project to the governor and transportation committees of the legislature by November 1, 2023, and semiannually thereafter.

(13)(a) \$6,000,000 of the move ahead WA account—state appropriation is provided solely for the Stormwater Retrofits and Improvements project (L4000040). It is the intent of the legislature, over the 16-year move ahead WA investment program, to provide \$500,000,000 for this program.

(b) The appropriation in this subsection is provided solely for the Urban Stormwater Partnership - I-5 Ship-Canal Bridge Pilot (Seattle) project.

(c) The funding provided for stormwater retrofits and improvements must enhance stormwater runoff treatment from

existing roads and infrastructure with an emphasis on green infrastructure retrofits. Projects must be prioritized based on benefits to salmon recovery and ecosystem health, reducing toxic pollution, addressing health disparities, and cost-effectiveness. The department of transportation must submit progress reports on its efforts to reduce the toxicity of stormwater runoff from existing infrastructure, recommendations for addressing barriers to innovative solutions, and anticipated demand for funding each fiscal biennium.

(14)(a) \$35,465,000 of the connecting Washington account—state appropriation is provided solely for the SR 3 Freight Corridor (T30400R) project. The legislature intends to provide a total of \$78,910,000 for this project, including an increase of \$12,000,000 in future biennia to safeguard against inflation and supply/labor interruptions and ensure that:

(i) The northern terminus remains at Lake Flora Road and the southern terminus at the intersection of SR 3/SR 302;

(ii) Multimodal safety improvements at the southern terminus remain in the project to provide connections to North Mason school district and provide safe routes to schools; and

(iii) Intersections on the freight corridor are constructed at Romance Hill and Log Yard road.

(b) With respect to right-of-way acquisition and the construction of the SR 3 Freight Corridor project (T30400R), tribal consultation with the Suquamish tribe shall begin at the earliest stage of planning, including without limitation on all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe shall continue throughout the duration of any funding or program decisions and proposed project approval.

(15) \$6,000,000 of the move ahead WA account—state appropriation and \$10,000,000 of the move ahead WA account—federal appropriation are provided solely for the SR 3/Gorst Area - Widening project (L4000017). Tribal consultation with the Suquamish tribe must begin at the earliest stage of planning, including, without limitation, all funding decisions and funding programs, to provide a government-to-government mechanism for the tribe to evaluate, identify, and expressly notify governmental entities of any potential impacts to tribal cultural resources, archaeological sites, sacred sites, fisheries, or other rights and interests in tribal lands and lands within which the tribe possesses rights reserved or protected by federal treaty, statute, or executive order. The consultation is independent of, and in addition to, any public participation process required under state law, or by a state agency, including the requirements of Executive Order 21-02 related to archaeological and cultural resources, and regardless of whether the agency receives a request for consultation from the Suquamish tribe. Regularly scheduled tribal consultation meetings with the Suquamish tribe must continue throughout the duration of any funding program and proposed project approval.

(16)(a) \$84,500,000 of the move ahead WA account—federal appropriation, \$137,500,000 of the move ahead WA

account—private/local appropriation, and \$53,000,000 of the move ahead WA account—state appropriation are provided solely for the I-5 Columbia river bridge project (L4000054). The legislature finds that the replacement of the I-5 Columbia river bridge is a project of national significance and is critical for the movement of freight. One span is now 105 years old, at risk for collapse in the event of a major earthquake, and no longer satisfies the needs of commerce and travel. Replacing the aging interstate bridge with a modern, seismically resilient, multimodal structure that provides improved mobility for people, goods, and services is a high priority. Therefore, the legislature intends to support the replacement of the I-5 Columbia river bridge with an investment of \$1,000,000,000 over the 16-year move ahead WA investment program.

(b) The legislature recognizes the importance of the I-5/Mill Plain Boulevard project (L2000099) and intends to provide funding for reconstruction of the existing interchange in coordination with construction of the Interstate 5 bridge over the Columbia river.

(c) The department shall provide regular updates on the status of ongoing coordination with the state of Oregon on any bistate agreements regarding sharing of revenues, use of revenues, and fiscal responsibilities of each state. Prior to finalizing any such agreement, the department shall provide a draft of the agreement to the transportation committees of the legislature for review and input. Additionally, the department shall advise on the status of any bistate agreements to the joint transportation committee beginning in September 2023 and quarterly thereafter until any agreements are finalized.

(17) The legislature recognizes the importance of the US-12/Walla Walla Corridor Improvements project (T20900R) and intends to advance funding to provide matching funds if competitive federal funding is awarded for the final remaining four-lane section between Wallula and Nine Mile Hill. The department, in consultation with local governments in the vicinity, must pursue any federal funding available.

(18) \$2,642,000 of the move ahead WA account—state appropriation is provided solely for the US 101/Simlars Bypass project (L4000013).

(19) \$570,842,000 of the connecting Washington account—state appropriation, \$155,000 of the multimodal transportation account—state appropriation, \$26,537,000 of the motor vehicle account—private/local appropriation, \$200,800,000 of the move ahead WA account—federal appropriation, \$68,191,000 of the move ahead WA account—state appropriation, and \$6,980,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall continue to collaborate with the affected stakeholders as it implements the corridor construction and implementation plan for state route number 167 and state route number 509. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) The entire multimodal transportation account—state appropriation in this subsection is for:

(i) The design phase of the Puyallup to Tacoma multiuse trail along the state route number 167 right-of-way acquired for the

project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park; and

(ii) Segment 2 of the state route number 167 completion project shared-use path to provide connections to the interchange of state route number 167 at 54th to the intersection of state route number 509 and Taylor Way in Tacoma.

(20)(a) \$394,963,000 of the connecting Washington account—state appropriation, \$400,000 of the state route number 520 corridor account—state appropriation, and \$4,496,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), the department shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) Of the amounts provided in this subsection, \$400,000 of the state route number 520 corridor account—state appropriation is provided solely for noise mitigation activities. It is the intent of the legislature to provide an additional \$600,000 for noise mitigation activities.

(21) \$450,000 of the motor vehicle account—state appropriation is provided solely for the SR 900 Safety Improvements project (L2021118). The department must: (a) Work in collaboration with King county and the Skyway coalition to align community assets, transportation infrastructure needs, and initial design for safety improvements along state route number 900; and (b) work with the Skyway coalition to lead community planning engagement and active transportation activities.

(22) \$25,000,000 of the motor vehicle account—federal appropriation is provided solely for a federal fund exchange pilot program. The pilot program must allow exchanges of federal surface transportation block grant population funding and state funds at an exchange rate of 95 cents in state funds per \$1.00 in federal funds. The projects receiving the exchanged federal funds must adhere to all federal requirements, including the applicable disadvantaged business enterprise goals. The entirety of the appropriation in this subsection must be held in unallotted status until surface transportation block grant population funding has been offered to the state, and the department determines that a federalized project or projects funded in this section is eligible to spend the surface transportation block grant population funding. \$22,500,000 from existing state appropriations identified elsewhere within this section are available to be used as part of the exchange. Upon determination that a project or projects funded in this section is eligible to spend the offered surface transportation block grant population funding, state funds appropriated in this section for the eligible state project or projects in an amount equal to 100 percent of the offered surface transportation block grant population funding must be placed in unallotted status.
